MANAGEMENT DISCUSSION AND ANALYSIS

(All figures are approximates)

CHANGE OF COMPANY NAME

Pursuant to a special resolution passed at an Extraordinary General Meeting held on March 6, 2012, the name of the Company was changed from Rainbow Brothers Holdings Limited to Harmonic Strait Financial Holdings Limited 和協海峽金融集團有限公司. The Registrar of Companies in the Cayman Islands issued the Certificate of Incorporation on Change of Name with effect on March 6, 2012. The Registrar of Companies in Hong Kong also issued the Certificate of Registration of Change of Corporate Name of Non-Hong Kong company on March 29, 2012.

BUSINESS REVIEW

During the six months ended June 30, 2012 (the “Current Half Year”), the credit guarantee and investment business recorded revenue of HK\$80.1 million and segmental profit of HK\$64.9 million both of which have great improvement from revenue of HK\$2.1 million and segmental loss of HK\$4.4 million for the six months ended June 30, 2011 (the “Previous Half Year”). The handsome return was mainly contributed by the disposal of equity interest of the investment project in respect of a piece of land located in Beijing, the PRC.

The Group has determined to scale down the financial guarantee operations in view of the increased inherent default risk of the overall market, therefore, the Group has decided to change the second year and third year plan of Harmonic Strait Credit Guarantee Co., Ltd. (“Harmonic Strait”) as stated in the circular dated August 9, 2010 in respect of the acquisition of 90% interest in Harmonic Strait, i.e. to suspend opening the regional offices and branch offices, to suspend expanding the branch offices, and to suspend upgrading the Taiwan operation into a full office until further notice.

During the Current Half Year, Market Speed Limited which is wholly-owned by the executive director of the Company, Mr. Tong Nai Kan, further covenanted by deed with the Company that it will (1) convert all its HK\$150.0 million convertible bond, which were newly transferred to Market Speed Limited during the period, into fully-paid shares of the Company on or before the maturity date on August 26, 2015, subject to existing terms and conditions under which the convertible bond was issued by the Company and approved by the Stock Exchange, and waive its right to demand repayment from the Company in respect of any its convertible bond not so converted on the maturity date; and (2) procure all Market Speed Limited future transferees, if any, of the convertible bond transferred to observe and comply with the covenant. Therefore, the Company will no longer be required to provide for notional interest in respect of such amount of convertible bond in the future.

During the Current Half Year, the Group’s export business struggled and tried to recover from the unfavorable operating conditions aroused in last year. Some staffs with professional skills and/or management experience have been appointed in the key positions of this segment. Facing both external economic adverse conditions and limited supports from the bankers, the export business has targeted to concentrate on the more profitable customers/orders and given up the remaining. Export business recorded a decrease in revenue by 72.5%, while the segmental result was slightly improved by 1.1%, as much effort has been put on the cost control and simplifying of the structure. However, the progress of recovery of banking facilities was worse than originally expected.

MANAGEMENT DISCUSSION AND ANALYSIS

The operations of our concept hotel business in Shenzhen and financial planning services business in Hong Kong had continued improvement but the deterioration of business environments including intense market competition, rises in general cost in the PRC and recruitment difficulties still adversely affected the businesses. Both of the businesses were approximately at the breakeven level during the Current Half Year and are expected to be stable.

Except for the investment project of Harmonic Strait as mentioned above, the Group did not have any material acquisition and disposal of subsidiaries and associated companies during the Current Half Year.

FINANCIAL REVIEW

During the Current Half Year, the Group's turnover was HK\$162.6 million, representing a decrease of 38.6% from HK\$264.6 million for the Previous Half Year. The decrease in turnover was mainly due to reduce in customer orders of the exporting business, consequential to our high staff turnover, difficult industry environment and dwindling bank support.

Gross profit during the Current Half Year was HK\$92.7 million, representing an increase of 123.3% from the HK\$41.5 million for the Previous Half Year. In terms of gross profit margin, the current figure was 57.0%, representing an increase of 41.3 percentage point from the 15.7% for the Previous Half Year. The significant increase in gross profit margin was mainly due to the investment return of Harmonic Strait. Operating expenses during the Current Half Year was HK\$29.8 million, representing a decrease of 45.5% from HK\$54.6 million for the Previous Half Year. This decrease was mainly attributable to the simplification of corporate and export business structure, and a tight cost control in response to the adverse factors mentioned above.

Finance costs during the Current Half Year were HK\$10.2 million which decreased from HK\$12.8 million of the Previous Half Year. The decrease was mainly attributable to the reduction of notional interest expenses of convertible bond following further waives of the right to demand for repayment in respect of convertible bond with face value of HK\$150.0 million.

Owing to the PRC government's tightened monetary policy and expanded property-purchasing limitations, the development on credit guarantee and investment business of Harmonic Strait was hindered. Some investment projects under negotiation were abolished. In this connection, its goodwill has been impaired by HK\$1,688.0 million.

LIQUIDITY AND FINANCIAL RESOURCES

As at June 30, 2012, net current assets were HK\$117.7 million (December 31, 2011: HK\$69.1 million). The gearing ratio, which is total bank borrowings divided by total assets, was 0.2% as at June 30, 2012 (December 31, 2011: 0.3%).

The cash and bank balances were denominated in Renminbi, HK dollar and US dollar and the bank borrowings were denominated in HK dollar. The bank borrowings bore floating interest rates. The Group continued to have no structured investment products, foreign exchange contracts and investment in listed shares, bonds and debentures. The Group is not exposed to material fluctuations in exchange rates.

MANAGEMENT DISCUSSION AND ANALYSIS

As at June 30, 2012, the face value of the outstanding convertible bond of the Company was HK\$2,098,937,500 (December 31, 2011: HK\$2,498,937,500).

The Company has provided corporate guarantees to secure banking facilities granted to its subsidiaries. Harmonic Strait had provided guarantees to its customers amounted to approximately HK\$27.7 million in return of service income as its ordinary business. The Group has also charged shares of the wholly-owned subsidiaries, Market Season Limited and Green Link Holdings Limited in association of a related party loan for our part of the registered capital of Harmonic Strait.

As at June 30, 2012, the Group had prepayments, deposits and other receivables of HK\$39.6 million, which represented a HK\$7.0 million (14.9%) decrease from HK\$46.6 million at December 31, 2011. The decrease was mainly attributable to the result of reduced turnover.

As at June 30, 2012, the Group had no material capital commitments (December 31, 2011: Nil). The operating lease commitment for the Group as at June 30, 2012 was around HK\$16.0 million (December 31, 2011: HK\$11.6 million).

OUTLOOK

Although the current politic and economic environments are not favorable to the development of Harmonic Strait at this moment, the Board and the management of Harmonic Strait are confident that we will have a bright future in participating the projects do involve land development on top of a Taiwan element in its conceptualization and capturing guarantee business opportunities aroused from the development, wholesaling and retailing of such land and properties.
