ANNOUNCEMENT IN RELATION TO 2012 ANNUAL RESULTS

Foxconn International Holdings Limited (the "Company", together with its subsidiaries, the "Group") would like to refer to its profit warning announcement dated 26 April 2012, as well as its interim results announcement and interim report for the six-month period ended 30 June 2012 which stated that, for the interim period, the Group recorded a net loss attributable to owners of the Company of US\$226 million.

The board of directors of the Company (the "Board") wishes to inform the shareholders of the Company and potential investors that, based on a preliminary review of the unaudited management accounts of the Group for the year ended 31 December 2012 in line with the loss trend recorded for the interim period ended 30 June 2012, the Group is expected to record a consolidated net loss attributable to owners of the Company. This is contrasted with the US\$72.8 million consolidated net profit attributable to owners of the Company recorded for the year ended 31 December 2011.

The Company understands that the expected consolidated net loss of the Group for the full year of 2012 is primarily attributable to lower demands from some of the Group's major customers thus resulting in lower sales of the Group's products, decline in the Group's gross profit margins principally as a result of unfavourable pricing changes and increase in costs, as well as impairment on some of the Group's assets.

However, based on a preliminary review of the unaudited management accounts of the Group for the year ended 31 December 2012, the magnitude of the Group's consolidated net loss for the second half of 2012 is expected to be smaller than the magnitude of the Group's consolidated net loss for the first half of 2012, mainly due to the Group's continuous effort in enhancing its operation efficiency, cost rationalisation and resources optimisation and the Group's asset disposal (the details of which were disclosed in the Company's announcement dated 3 October 2012).

The Company is still in the process of finalising the consolidated annual results of the Group for the year ended 31 December 2012. The information contained in this announcement is only a preliminary assessment by the management of the Company based on the latest unaudited management accounts of the Group currently available and is subject to possible adjustments following further internal review, and is not based on any figure or information which has been audited or reviewed by the Company's auditors. The finalised audited results of the Group and other related details will be disclosed in the 2012 annual results announcement and annual report to be published by the Company.

This announcement is issued on a voluntary basis.
