## **Management Discussion and Analysis**

#### **OVERVIEW**

New Media Group Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") is one of the leading magazine groups in Hong Kong. The Group mainly owns and publishes five weekly magazines, namely *Oriental Sunday* (東方新地), Weekend Weekly (新假期), New Monday (新Monday), Fashion and Beauty (流行新姿) and Economic Digest (經濟一週). Each magazine owns a distinguished and well-established position in its respective market, with loyal readership from distinctive sectors and age groups. Apart from magazine publishing, the Group also engages in digital business and currently runs several thematic websites, including "imore.hk", "gotrip.hk", "beeweb.hk" and "meetu.hk".

During the six months ended 31 December 2012 (the "Period"), the global business environment was still tense and full of uncertainties. Facing fierce competition, the Group had to work hard and put in extra efforts to make the best use of its resources to prove its competitive edges, and it did manage to achieve slight growth in advertising revenue when compared with the same period of the prior year.

The Period also saw the Group settling well into its new territory, both physically in its new self-owned office premises, and virtually in the new digital horizon. It has literally "moved on", no longer in a transition period, and is working in full force to diverge from traditional media to a multi-dimensional content distribution and content marketing total solution multimedia platform, delivering content whenever and wherever the target viewers want them.

Having seen early what lies in the future of the media business, the Group has instinctively been paving its own road towards the new cross-platform operating business model over the past few years. "Media convergence" is now a widely used term these days, and the Group is already receiving awards and recognition for its efforts in keeping up with the market's changing needs. It is certainly on the right track and, with a broader view and unconstrained mindset, the Group and its team will increase its pace and cautiously explore further into the potentials and opportunities that are growing everyday, and create even more possibilities that will drive business and revenue growths.

#### **FINANCIAL REVIEW**

Amid keen competition among diverse industry players, the Group was still able to maintain a stable turnover of HK\$272.8 million (2011: HK\$274.3 million) during the Period. Attributable to the enhanced sales efforts on exploring new advertisers, advertising income increased by 4.2% to HK\$216.7 million (2011: HK\$208.0 million), accounting for 79.5% (2011: 75.9%) of the Group's total revenue. The Group reported a gross profit of HK\$92.1 million (2011: HK\$95.4 million (restated)). Profit for the Period attributable to the owners of the Company decreased to HK\$20.6 million (2011: HK\$26.0 million). The decrease was primarily attributable to (i) an increase in depreciation expense resulting from the relocation to its new office premises; and (ii) an uprise of staff costs. Basic earnings per share was HK2.38 cents (2011: HK3.06 cents). The board of directors (the "Board" or the "Directors") of the Company has resolved to declare an interim dividend of HK0.35 cent per share (2011: HK0.6 cent).

#### **REVIEW OF OPERATIONS**

The Group's well-established flagship magazine brands continue to provide a rich collection of themes and content to various targeted reader groups. With new and diverged multi-layered platforms, the editorial teams are able to reach out more efficiently and communicate effectively in many more ways than ever before. Content distribution also requires unconventional approaches to keep up with the changing needs and is also wellsupported by different delivery mechanisms.

New digital platforms also break regional boundaries and bring in new opportunities. In the finance sector, increasing interests in the Hong Kong stock market especially by mainland investors and developers led to increase in demands for the latest related news and content. The iPad version of *Economic Digest* allows mainland and overseas readers to subscribe and stay connected through the expanded links and informative data search and archive functions. It is currently the only local Chinese weekly financial magazine recommended by Apple and displayed on the banner of its App Store. While the print version continues to serve its existing loyal readers, the iPad version's subscription is increasing steadily and can be expected to grow even further as this trend becomes more significant.

New consumer behaviours mean new challenges for advertising clients. Tailoring to the needs of the advertisers' new measuring standards, the Group's total solution multimedia marketing packages provide all round media plans and promotional strategies to help advertisers use the most sophisticated and impressive means to reach consumers.

#### **REVIEW OF OPERATIONS** (Continued)

The Group's NM+ platform has already successfully proved its strength and established its status among advertisers, particularly among sports and fashion brands due to its well-developed positioning in trendy sports like cycling, basketball, and running. During the Period, the team has successfully completed a few sports events and campaigns, lining and setting up strong links and collaboration networks among local universities and sports associations, all of which gave high exposure and promotion opportunities for advertisers aiming at young and active sports loving trend followers. The increasingly popular "NM+Live" mobile app also pushes daily update fashion and product news, and even offers attractive e-coupons for instant download, which appeal highly both to advertisers and consumers on both ends.

Enhancements on existing platforms are also being carried out constantly to create new initiatives among existing user groups. One of the latest developments during the Period was a new dedicated extension of the existing "iMore" website called "iTrial". Riding on the professional image of "iMore", which targets female beauty product consumers, the dedicated "iTrial" is a more focused section that provides opportunities to try out and share experiences on using the latest cosmetics products, allowing advertisers to interact closely with their target consumers, and on the other hand, let this elite group of users take advantage of the special chances to proactively explore new products.

During the Period, the Group's efforts in producing quality content and transforming into a multimedia platform have also been recognised through the granting of awards by various organisations in both local and international competitions. Awards attained during the Period are listed below,

#### 1. BASIS OF PRESENTATION

The condensed consolidated financial statements have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities ("Listing Rules") on The Stock Exchange of Hong Kong Limited ("Stock Exchange") and with the Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA").

#### 2. PRINCIPAL ACCOUNTING POLICIES

The condensed consolidated financial statements have been prepared on the historical cost basis.

The accounting policies and methods of computation used in the condensed consolidated financial statements for the Period are the same as those followed in the preparation of the Group's annual financial statements for the year ended 30 June 2012.

In current interim Period, the Group has applied, for the first time, the following amendments to Hong Kong Financial Reporting Standards ("HKFRSs") issued by the HKICPA.

Amendments to HKAS I	Presentation of items of other comprehensive income;
Amendments to HKAS 12	Deferred tax: Recovery of underlying assets;
Amendments to HKFRS 7	Financial instruments: Disclosures – Transfers of financial assets; and
Amendments to HKAS I	As part of the annual improvements to HKFRSs 2009 – 2011 cycle
	issued in 2012.

#### 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

#### Amendments to HKAS 1 Presentation of items of other comprehensive income

The amendments to HKAS I Presentation of Items of Other Comprehensive Income introduce new terminology for the statement of comprehensive income and income statement. Under the amendments to HKAS I, a "statement of comprehensive income" is renamed as a "statement of profit or loss and other comprehensive income" and an "income statement" is renamed as a "statement of profit or loss". The amendments to HKAS I retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to HKAS I require items of other comprehensive income to be grouped into two categories: (a) items that will not be reclassified subsequently to profit or loss; and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis - the amendments do not change the option to present items of other comprehensive income either before tax or net of tax. The Directors considered the amendments have no effect on the condensed consolidated financial statements as the Directors decided that the terminology currently used remains unchanged and there is no item of other comprehensive income noted in the condensed consolidated statement of comprehensive income.

#### 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

#### Amendments to HKAS 1 Presentation of Financial Statements (as part of the Annual Improvements to HKFRSs 2009 – 2011 cycle issued in June 2012)

In current Period, the Group has applied for the first time the amendments to HKAS I in advance of the effective date (annual periods beginning on or after I January 2013).

HKAS I requires an entity that changes accounting policies retrospectively, or makes a retrospective restatement or reclassification to present a statement of financial position as at the beginning of the preceding period (third statement of financial position). The amendments to HKAS I clarify that an entity is required to present a third statement of financial position only when the retrospective application, restatement or reclassification has a material effect on the information in the third statement of financial position and that related notes are not required to accompany the third statement of financial position. The reclassification as mentioned in note 16 has no material effect on the information in the condensed consolidated statement of financial position as at 1 July 2011 and so no third statement of financial position will be presented in the consolidated financial statements for the year ending 30 June 2013.

The application of the other amendments to HKFRSs in the current period has had no material effect on the amounts reported in these condensed consolidated financial statements and/or disclosures set out in these condensed consolidated financial statements.

#### **3. SEGMENT INFORMATION**

#### Segment revenue and results

The chief operating decision maker (the "CODM"), who are the executive directors of the Group, regularly review revenue and operating results derived from services on publication of advertisements, sales of magazines and books, digital business services and provision of magazine content on an aggregated basis and consider them as one single operating segment. The turnover and profit before taxation in the condensed consolidated statement of comprehensive income represent the segment turnover and segment result respectively.

No analysis of segment assets or segment liabilities is regularly provided to the CODM for review.
