Ajisen (China) Holdings Limited (stock code: 0538) ("Ajisen (China)" or the "Company"; together with its subsidiaries, the "Group") is one of the leading fast casual restaurant ("FCR") chain operators in the People's Republic of China ("PRC") and Hong Kong Special Administrative Region ("Hong Kong"). Since its establishment in 1996, the Group has been selling Japanese ramen and Japanese-style dishes under the Ajisen brand in the PRC and Hong Kong by incorporating Chinese people's culinary preferences and the essence of the Chinese cuisine, we have carefully developed over one hundred types of Japanese-style ramen and dishes that cater for the Chinese people's palate. Combining the elements of fast food shops and traditional restaurant elements, the Group has become a fast-growing FCR chain operator.

After our listing on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 30 March 2007, the strong capital support has injected new vitality into the Group's rapid expansion. As of the date of this report, the Group's nationwide retail network comprises 663 restaurants. As a renowned brand in the Food and Beverage ("F&B") industry, Ajisen's fast casual chain restaurants are very popular among consumers with its outlets widely scattered in prime locations of major cities in the PRC and Hong Kong. As at 31 December 2012 Ajisen restaurants have entered 120 cities and 29 provinces of the PRC. Among the major cities, the international metropolis Shanghai boasts the largest number of Ajisen restaurants, being 132, followed by 73 in Jiangsu and 66 in Guangdong (excluding Shenzhen), together with the remaining 355 restaurants spanning across other major cities from the southern to the northern region of the PRC. In Hong Kong, Ajisen (China) operates 35 chain restaurants with its chain network covering all major business areas of the city. Moreover, the restaurant network is supported by the Group's Shanghai and Shenzhen manufacturing centers, as well as 7 food manufacturing and processing centers in other major cities.

On 30 March 2007, Ajisen (China) was successfully listed on the Main Board of the Stock Exchange, which made it the first domestic catering chain company listed overseas. In 2007, the Group was ranked first among the top 50

fastest-growing Asian enterprises of the year awarded by the influential international financial magazine Business Week. The Company was selected as a constituent of the 200-stock Hang Seng Composite Index ("HSCI") Series and Hong Kong Freefloat Index ("HSFI") Series with effect from 10 September 2007.

Ajisen (China)'s initial public offering was also named "2007 Best Mid-Cap Equity Deal" by Finance Asia, a renowned Asian business publication.

In September 2008, the Group acquired a place in "Asia's 200 Best Under A Billion" list made by Forbes, and was selected again as one of the "Chinese Enterprises With Best Potential 2008". Besides, Ms. Poon Wai, Chairman and Chief Executive Officer of the Group, was also enlisted into "Chinese Celebrities" by Forbes.

Ajisen (China) strives to become the No. 1 FCR chain operator in the PRC.

Chairman's Statement

Dear shareholders,

I hereby sincerely apologize and present to all shareholders the annual results report of Ajisen (China) Holdings Limited and its subsidiaries (collectively referred to as the "Group") for the year ended 31 December 2012.

The Group faced severe challenges in the year 2012. Affected by the European debt crisis and the sluggish economic recovery in the US, the global economy was on a slow path to recovery with low consumer confidence and weak consumption. The international environment put a drag on China's economy, leading to growth slowdown and feeble demand for catering in China.

In 2012, the turnover of the Group began to recover. However, affected by the anemic economy and the Diaoyu Island Incident broke out in September, turnover of the Group for the whole year was about HK\$3,043 million, which represented a year-on-year decrease of about 1.0%. Gross profit decreased by approximately 3.0% year-on-year to approximately HK\$2,022 million. Profit attributable to shareholders of the Company was about HK\$154 million, representing a year-on-year decline of 55.9%. Earnings per share was HK14.37 cents. To reward shareholders' long-term trust and support, the Board proposed to declare a final dividend of HK1.40 cents per ordinary share and a special dividend of HK10.80 cents per ordinary share. Including the interim dividend of HK2.19 cents per ordinary share already paid, the total dividend for the year ended 31 December 2012 amounted to HK14.39 cents per ordinary share.

During the year, the Group enhanced the publicity of the Ajisen brand. We increased the publicity of the Ajisen brand through consumer education via multiple channels including TV, radio broadcasting and online media. We focused on the improvement of service standards in stores, constantly boosting consumer satisfaction by measures like hospitality training, strengthening public media monitoring and soliciting feedback.

Apart from emphasizing on the Ajisen brand, the Group also paid attention to build corresponding brands on various stratifications, matching different brands with different business districts, so as to meet the needs of diversified consumer groups. The Group continued to

stress the innovative research and development of new products, attempting to launch new products every month and introducing more types of cuisine favored by consumers.

The catering industry is very sensitive to inflation. To address the situation of the overall rising operating costs including rent, labor costs and raw materials, the Group adopted several reform measures that were of profound significance in 2012, so as to facilitate the scientific and sustained development of the Company. In 2012, the Group implemented "high-efficiency management" in stores, which consolidated staff quality, stabilized staff structure, boost staff motivation, raised service standards and effectively controlled labor costs.

The Group reorganized our store network by making adjustment to stores that were not in line with our strategic requirements. By the end of 2012, the total number of restaurants amounted to 661, covering 120 cities in 29 provinces and municipalities in the PRC. During the year, the Company adopted a prudent development strategy, prioritizing the increase of restaurant density in first- and second-tier cities. The decoration of new stores applied a brand new design which was brighter, more stylish and better suited the taste of consumers. Meanwhile, renovation of the old stores was underway. New restaurants feature smaller area with a view to increasing the efficiency per square meter and the operation effectiveness and controlling costs in all operational aspects to improve the profitability of the Group. The Group has adequate working capital currently, with which, aside from satisfying daily operating expenses, the Group will continue to closely monitor the market trend and pursue projects that fit in the Group's development in due course. The medium-term objective of the Group is to open 1,000 stores by 2016.

The plan for the construction of four major production bases of the Group are proceeding steadily as scheduled. The factories in Chengdu, Dongguan and Shanghai have been put into operation, while the factory in Tianjin is expected to be completed in the first half of 2013. The four factories are able to support the operation of 1,500 to 1,800 restaurants. Ajisen participated in the "Strategic

Alliance of Technology Innovation in Central Kitchen" promoted by the China Food Industry Promotion Center to accelerate food safety enhancement and bring the central kitchen of Ajisen in line with international standards.

In the coming year, the Group will pick up the product launching speed, boost consumer satisfaction and expand to takeaway business. The Company will promote internet marketing and entertainment projects to beef up the brand publicity. Moreover, the Company will increase the investment in commercial intelligent system to manage the operational system, logistics system and office system in a more precise manner and ameliorate the electronic and scientific management of the Company to raise the overall operational standards of the Group and sharpen the Group's competitive edge.

Last but not least, let me take this opportunity to show my appreciation to the great support of all shareholders and customers. I would also like to extend my gratitude to our Board members, the management and all staff members for their efforts and dedication to the development of the Group. With our concerted efforts, the Group will definitely overcome various difficulties and recover soon, thus, embracing a better tomorrow.

Management Discussion and Analysis

Industry Review

In 2012, the global economy was on a slow path to recovery, demonstrated by weak demand from major economies, tepid investment and consumption and declining growth in global trade. Affected by the European debt crisis and the recession in the US, the external demand plummeted, presenting a hindrance to export in traditional markets. China in 2012 marked the slowest economic growth rate since the 21st century.

In 2012, the catering industry in China witnessed a slump with crawling growth of corporate revenue, skyrocketing costs and sliding profits. Save for the SARS period in 2003, the growth rate of the whole industry hit rock bottom not seen since 2000. Major causes for the difficulties facing the industry were escalated costs and charges, as well as debilitated consumer confidence. The catering industry has long been burdened by the “four highs and one low” phenomenon featuring high-rising tax rate, raw material price, labor cost and rent, which result in low profit margin.

In 2012, the consumer price index (CPI) rose 2.6% year-on-year; with food prices up by 4.8%; and raw material costs continued to climb. Moreover, the annual average growth of minimum wages was 13 percent during the “12th Five-Year Plan” period as stipulated by the Ministry of Human Resources and Social Security, leading to a rapid labor cost hike. In addition, during the ten-year period from 2002 to 2012, the average rental price was up four to five times, attributable to the significant increase in property rents stimulated by the fierce competition among lessees. The turning point of CPI did not come out until the third quarter, adding to greater inflation pressure. Furthermore, there was a general labour shortage in the F&B industry, and labour costs increased rapidly, pushing the operating costs of the F&B industry on a continuous upward track.

In 2012, the Government issued policies to stimulate domestic consumption of goods and services. Measures such as expanding domestic demand, levying value-added tax instead of business tax, and cutting bank card fees showed positive signals to struggling catering enterprises. The overall bank card rate for the catering industry was cut to 1.25% from 2%, a decrease up to 37.5%. Meanwhile, catering enterprises also need proactive self adjustments by accelerating industrial transformation and upgrading and making full use of IT technologies, so as to develop their differentiated and distinctive features.

Ajisen is committed to improving its own operating and managing capabilities, lowering operating costs, boosting economic efficiency, accommodating consumers' needs, strengthening the publicity of company brands and raising service standards and food quality.

In 2012, we have carried out a series of public relations and promotion activities to restore our customer flow, which resulted in a certain increase in costs and expenditures, meanwhile we were still under the pressure of rising food prices and labor costs as mentioned above. Despite facing all these challenges, we are confident that, through fully leveraging on our competitive edge and our accumulated industry experience over all these years, we are able to tackle this incident in a flexible manner and stick to the quality and operation efficiency of our restaurant network, so as to restore the Company's various economic indicators to the level before the incident as soon as possible.

Business Review

For the year ended 31 December 2012, the Group's turnover decreased from approximately HK\$3,075 million in 2011, by approximately 1.0% to approximately HK\$3,043 million in 2012. The gross profit of the Group reached approximately HK\$2,022 million, an decrease of approximately 3.0% from last year. In particular, profit for the year of the Company decreased by approximately 54.9% and profit attributable to the owners of the Company decreased by approximately 55.9% to approximately HK\$154 million from approximately HK\$350 million last year. Net profit margin also decreased from approximately 11.4% last year to approximately 5.1%. This showed that profitability of the Group affected by the Diaoyu Island dispute during the year. Correspondingly, basic earnings per share dropped from HK32.64 cents last year to HK14.37 cents per ordinary share.

Given the decline of the current operation of the Company during the year, the Board recommended a final dividend of HK1.40 cents and a special dividend of HK10.80 cents per ordinary share for the year ended 31 December 2012 as a return to the shareholders.

The powerful support from its production bases is an integral factor for the sustainable and steady expansion of the Group's chain restaurant network. As at 31 December 2012, the Group has two major production bases in Shanghai and Shenzhen, and 7 food manufacturing and processing centres throughout China, the Group also steadily pursued the construction of three new production bases in order to accommodate the pace and demand from the planned expansion of its fast casual restaurant ("FCR") network.

During the year, the Group decelerated its pace for the expansion of FCR network as planned. The Group adopted more focused strategies in its development, and continued to expand the restaurant network and deepened the density in mature markets, such as Jiangsu, Zhejiang and Shanghai.

During the year, the Group's cost of inventories consumed as a proportion to turnover was approximately 33.6%, indicating an increase of approximately 1.4 percentage points from that of the corresponding period last year. Accordingly, gross profit margin decreased from approximately 67.8% last year to approximately 66.4% in 2012. The Company leveraged on the adjustment of manual prices and adoption of means of strategic stocking to stabilize the cost of inventories to the maximum extent. In addition, although prices of certain raw materials are currently rising, the Group is confident that this pressure can be effectively mitigated by ingredient diversification. Together with further optimization of purchasing channels, the Group will be able to maintain a relatively high and stable gross profit margin.

During the year, the Group's labour costs accounted for approximately 24.2% of the turnover, which was approximately 3.0 percentage points higher than that of the corresponding period of last year. During the year, due to the standard of minimum wage in a number of provinces and municipalities in China successively was increased; the Group adjusted the wages of staff according to relevant law and regulations. In addition to this, the Group also implemented a new incentive bonus scheme and new human resources policy to the operational level staff, leading to an increase in labour costs.

During the year, rental and related costs as a proportion to turnover of the Group was approximately 15.7%, which was approximately 1.2 percentage points higher than that of corresponding period last year. During the year, the Group maintained stringent criteria in location selection for new restaurants to ensure the rate of success of the new establishment. Also, a large number of medium-and small-size restaurants were developed so as to enhance the output per unit area. On the other hand, with our branding effect becoming stronger, the Group has secured fixed leases on a long-term basis. Such an increase was mainly attributable to the fact that the slower turnover growth for the period.

However, due to the slow recovery of stores sales, the fixed component in the rental structure will account for a larger portion. Captured with the last year, so that the ratio of the rental and related expenses against turnover of Group became higher.

By leveraging on the business opportunities arising from the gradual recovery of the F&B market, the Group has timely introduced a number of enriched and attractive marketing activities, the results of which within expectation. During the year, the Group featured the promotional sales of various attractive premiums. The feedback was excellent and the promotions facilitated an increase in transaction amount. The traditional redemption activities further improved the sales profit margin. These activities did not only encourage new and existing customers to visit the restaurants, but also helped the Group to fully benefit from the market recovery.

The highly effective operation of over 660 restaurants under the Group would not be achieved without our efficient management and intensive staff training. During the year, the Group placed emphasis on the guidance and training of restaurant managers and regional supervisors. The operation efficiency of each restaurant was enhanced through constant upgrading of its basic management level. The Group also launched inter-restaurant competitions and new incentive bonus scheme so as to fully mobilize its staff.

Retail Chain Restaurants

In 2012, the Group's major business and primary source of income continued to stem from the retail chain restaurant business. During the year, the Group's restaurant business income recorded approximately HK\$2,936,766,000 (2011: HK\$2,959,743,000), accounted for approximately 96.5% (2011: 96.3%) of the Group's total revenue.

Management Discussion and Analysis

Sales of Packaged Noodle and Related Products

The manufacturing and sales of packaged noodle products under the Ajisen brand is one of the Group's two main businesses and is a beneficial complement to the major business of FCR network operation. These packaged noodle products are manufactured solely by the Group. Besides they are supplied to the chain restaurants of the Group, they are also sold through diversified channels, including supermarkets and department stores, which further enhanced the awareness of the Ajisen brand.

Management Discussion and Analysis

For the year ended 31 December 2012, revenue from the sales of packaged noodle and related products was approximately HK\$106,396,000 (2011: HK\$115,235,000), accounted for approximately 3.5% (2011: 3.7%) of the Group's total revenue. The Group has an extensive distribution network for the packaged noodle and related products in China. As of 31 December 2012, the total number of points-of-sale in this network reached approximately 8,000, which was the same compared to the corresponding period in last year. The distribution network covers over 30 cities in China. These distributors include nationwide retailers such as Wal-Mart, Carrefour and Metro, and regional retailers such as China Resources Vanguard, Sanjiang in Ningbo and Century Lianhua, as well as reputable convenient chain stores such as Allday, Kedi and C-Store.

Financial Review

Turnover

For the year ended 31 December 2012, the Group's turnover decreased by approximately 1.0%, or approximately HK\$31,816,000, to approximately HK\$3,043,162,000 from approximately HK\$3,074,978,000 for the corresponding period in 2011. Such decrease was mainly due to the decrease in the number of FCR and in the company same store growth of the Group during the year.

Cost of inventories consumed

For the year ended 31 December 2012, the Group's cost of inventories increased by approximately 3.0%, or approximately HK\$30,160,000, to approximately HK\$1,021,432,000 from approximately HK\$991,272,000 for the corresponding period in 2011. The increase of inventories cost was slightly more than the increase in turnover. During the year, the ratio of inventories cost to turnover was approximately 33.6%, slightly higher than 32.2% for the corresponding period in 2011. Such increase was mainly attributable to the raw material prices increase and various discounts and promotion were offered.

Gross profit and gross profit margin

Driven by the above factors, gross profit for the year ended 31 December 2012 decreased by approximately 3.0%, or approximately HK\$61,976,000, to approximately HK\$2,021,730,000 from approximately HK\$2,083,706,000 for the corresponding period in 2011. Gross profit margin of the Group also slightly dropped from approximately 67.8% for the corresponding period in 2011 to approximately 66.4%.

Property rentals and related expenses

For the year ended 31 December 2012, property rentals and related expenses of the Group increased by approximately 7.6% from approximately HK\$444,515,000 for the corresponding period in 2011 to approximately HK\$478,457,000. Its proportion to turnover increased from approximately 14.5% for the corresponding period in 2011 to approximately 15.7%. Such an increase was mainly attributable to the fact that the slower sales growth and negative same store sales growth for the year.

Staff costs

For the year ended 31 December 2012, staff costs of the Group increased by approximately 12.9% from approximately HK\$652,477,000 for the corresponding period in 2011 to approximately HK\$736,462,000. Staff costs as a proportion to turnover increased from approximately 21.2% for the corresponding period in 2011 by 3.0 percentage points to approximately 24.2%, which reflected the increase in minimum wage in a number of provinces and municipalities in China and in Hong Kong growth and negative same store sales for the year.

Depreciation

For the year ended 31 December 2012, depreciation of the Group increased by approximately 20.4% or approximately HK\$29,698,000 from approximately HK\$145,522,000 for the corresponding period in 2011 to approximately HK\$175,220,000. Such an increase was mainly attributable to the commencement of operation of new factories in Shanghai and Chengdu.

Other operating expenses

Other operating expenses mainly included expenses for fuel and utility, consumables, advertising and promotion and franchise fee. For the year ended 31 December 2012, other operating expenses increased by approximately 12.2%, or approximately HK\$55,644,000, to approximately HK\$512,723,000 from approximately HK\$457,079,000 for the corresponding period in 2011. Its proportion to turnover was increased by 1.9 percentage points from 14.9% to approximately 16.8%, which mainly attributed to more shops opening in between the year which the impact is outweighed by the shops closed in the corresponding year.

Other income

For the year ended 31 December 2012, other income of the Group increased by approximately 4.0%, or approximately HK\$4,105,000, to approximately HK\$107,537,000 from approximately HK\$103,432,000 for the corresponding period in 2011. The increase mainly originated from the rise in interest income resulting from an upward trend in fixed deposit rates offered by Banks during the year and increase in royalty income from sub-franchises during the year.

Other gains and losses

For the year ended 31 December 2012, other gains and losses of the Group decreased by approximately 62.1% or HK\$20,099,000 to approximately HK\$12,264,000 from approximately of HK\$32,363,000 for the corresponding period in 2011. The decrease was primarily due to an increase in loss on disposal and write-off of property, plant and equipment during the year.

The exchange differences arising on translation amounted to approximately HK\$10,904,000 for the year ended 31 December 2012 (2011: HK\$76,352,000) is due to translation of (i) assets and liabilities and (ii) income and expenses of the Group's PRC operating entities from their functional currency, which is RMB, to the presentation currency of the Group, which is HK\$, at the rate of exchange prevailing at the end of the reporting period and the average exchange rate for the year, respectively. Such

significant amount recognised in other comprehensive income and accumulated in the translation reserve in the equity for the year ended 31 December 2012 is mainly due to appreciation of RMB as compared to HK\$ throughout the year and more RMB denominated assets, including but not limited to bank balances and cash, property, plant and equipment, etc, were resulted at the end of the reporting period as compared to that in the previous year.

Finance costs

For the year ended 31 December 2012, finance costs decreased by approximately 43.3%, or approximately HK\$1,663,000, to approximately HK\$2,181,000 from approximately HK\$3,844,000 for the corresponding period in 2011. The decrease mainly due to repayment of loans for the year.

Profit before taxation

Being affected by the factors referred to above in aggregate, the Group's profit before taxation for the year ended 31 December 2012 decreased by approximately 54.2%, or approximately HK\$279,576,000 to approximately HK\$236,488,000 from approximately HK\$516,064,000 for the corresponding period in 2011.

Profit attributable to owners of the Company

Being affected by the factors referred to above in aggregate, profit attributable to owners of the Company for the year ended 31 December 2012 decreased by approximately 55.9%, or approximately HK\$195,676,000, to approximately HK\$154,230,000 from approximately HK\$349,906,000 for the corresponding period in 2011.

Assets and liabilities

The Group's net current assets were approximately HK\$1,332,330,000 and the current ratio was 3.5 as at 31 December 2012 (31 December 2011: 2.6). As the Group is primarily engaged in the restaurant business, most of the sales are settled in cash. As a result, the Group was able to maintain a relatively high current ratio. The increase in current ratio was mainly attributable to the repayment of large portion of loans this year.

Management Discussion and Analysis

Cash flows

Cash generated from operations for the year ended 31 December 2012 was approximately HK\$367,007,000, while profit before taxation for the same period was approximately HK\$236,488,000. The difference was primarily due to the increase in share-based payment expenses.

Capital expenditure

For the year ended 31 December 2012, the Group's capital expenditure was approximately HK\$205,879,000 (2011: HK\$440,594,000), which was due to the increase in purchase of property, plant and equipment for new restaurants.

Corporate Governance Report

Introduction

The board (the "Board") of directors (the "Directors") and the senior management (the "Management") of Ajisen (China) Holdings Limited (the "Company") recognize that sound corporate practices are crucial to the efficient operation of the Company and its subsidiaries (collectively the "Group") and the safeguarding of our shareholders' interests. In this regard, the Board emphasizes on transparency, accountability and independence in order to enhance our long-term shareholders' value.

Corporate Governance Code

The Company has throughout the year ended 31 December 2012, complied with all applicable code provisions under the Code on Corporate Governance Practices (from 1 January 2012 to 31 March 2012) and Corporate Governance Code (from 1 April 2012 to 31 December 2012) (the "Code") as set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"), save and except for the deviation from the code provision A.2.1 of the Code. Under the code provision A.2.1, the roles of Chairman and Chief Executive Officer ("CEO") should be separate and should not be performed by the same individual. Currently, the Company does not comply with such code provision as the roles of the Chairman and CEO have not been separated.

Model Code for Securities Transactions

The Company has adopted a code of conduct regarding securities transactions by Directors on terms no less exacting than the required standard (the "Required Standard") of the model code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 of the Listing Rules.

The Company has made specific enquiry to all Directors, and all Directors have confirmed that, throughout the year under review, they were in compliance with the Required Standard.

In addition, the Board has adopted written guidelines (the "Employees' Guidelines for Securities Transactions") for securities transactions by employees (the "Relevant Employees") who are likely to be in possession of inside information of the Company on no less exacting terms than the Model Code.

Having made specific enquiry to all the Relevant Employees, the Company confirmed that all the Relevant Employees have complied with the Employees' Guidelines for Securities Transactions throughout the year ended 31 December 2012.

The Board of Directors

The Board is the core of the corporate governance structure of the Company. It is responsible for giving guidance to and reviewing the efficiency of the Management. The Board is fully aware of its prime responsibilities to the Company and its duties to protect and enhance long-term shareholders' value.

To provide effective supervision of and proper guidance to the Management, the Board is required to consider and approve decisions in relation to the Company's long-term strategy, annual business plan and financial budget, major acquisition and disposal, dividend policy, appointment of Directors, remuneration policy, risk management and internal control.

The Company has arranged appropriate liability insurance to indemnify the Directors for their liabilities arising out of corporate activities. The insurance coverage will be reviewed on an annual basis.

As regards the code provision requiring directors to disclose the number and nature of offices held in public companies or organisations and other significant commitments as well as their identity and the time involved to the issuer, Directors have agreed to disclose their commitments to the Company in a timely manner.

Composition

The Board currently consists of eight Directors as follows:

Executive Directors

Ms. Poon Wai
Mr. Yin Yibing
Mr. Poon Ka Man, Jason

Non-executive Directors

Mr. Katsuaki Shigemitsu
Mr. Wong Hin Sun, Eugene

Independent non-executive Directors

Mr. Lo Peter
Mr. Jen Shek Voon
Mr. Wang Jincheng

All Directors have appropriate professional qualification or substantive experience and industry knowledge. The Board as a whole has achieved an appropriate balance of skills and experience. Their Directors' biographies are set out under the section headed "Directors and Senior Management" of this Annual Report.

Ms. Poon Wai, the Chairman, Chief Executive Officer and an executive Director of the Company, is the sister of Mr. Poon Ka Man, Jason, who is an executive Director of the Company. Save as disclosed, there is no other relationship among members of the Board.

The composition of the Board of the Company is in accordance with the requirement of Rules 3.10 and 3.10A of the Listing Rules. There are three independent non-executive Directors and one of them has accounting professional qualification. More than one-third of the members of the Board are independent non-executive Directors, which brings a fairly strong independence element in its composition.

Independent Non-Executive Directors ("INEDs")

The INEDs have the same duties of care, skill and fiduciary duties as the executive Directors. They are expressly identified as such in all corporate communications that disclose the names of the Directors.

The INEDs are experienced professionals with expertise in respective areas of accounting, finance, industry knowledge and expertise. With their professional knowledge and experience, the INEDs advised the Company on its operation and management; provided independent opinion on the Company's connected transactions; participated in the Company's various committees including Audit Committee, Remuneration Committee and Nomination Committee. The INEDs have contributed to provide adequate checks and balance to protect the interests of the Company and the Company's shareholders as a whole, and to advise strategically the development of the Company.

The Company has received confirmation from each of the INEDs about his independence in accordance with Rule 3.13 of the Listing Rules and therefore considers each of them to be independent.

All of the Directors of the Company including the non-executive Directors and the INEDs are appointed for a specific term. Each of the non-executive Directors and the INEDs has entered into a letter of appointment with the Company for a period of two years subject to the rotation requirement. In accordance with the Company's articles of association and, at each Annual General Meeting ("AGM") of the Company, one-third of the Directors for the time being will retire from office by rotation but will be eligible for re-election.

Delegation by the Board

To maximise the effectiveness of the Group's operations, the Board has delegated management and administration of the Group's daily operations to the Executive Committee while reserving several important matters for its approval. To this end, the Board delegates on specific terms to the Executive Committee consisting of the Chairman of the Board, Chief Executive Officer and executive Directors of the Company to carry out the well-defined responsibilities with adequate authorities and to take charge in daily operation of the Company, advising the Board in formulating directions, policies and making significant corporate decisions reserved by the Board and ensuring the proper execution of the resolutions approved by the Board. For such purposes, the Board has laid down clear written terms of reference which specify those circumstances under which the Executive Committee shall report to the Board for its decisions in respect of the matters and commitments for which prior approval of the Board is required.

Pursuant to the terms of reference of the Executive Committee, the major functions specifically reserved to the Board are summarized as follows:

- (i) approving annual operating budget of the Group;
- (ii) approving connected transactions;
- (iii) approving mergers and acquisitions;
- (iv) approving fund raising activities (including debt or capital issues);
- (v) approving corporate guarantee;
- (vi) approving internal control policy;
- (vii) approving financial results announcements; and
- (viii) approving other disclosures specifically required by or matters as specifically mentioned under the Listing Rules.

The Executive Committee is principally, among others, responsible for:

- (i) reviewing business strategies and management of the Company;
- (ii) formulating and implementing investing and financing activities of the Company;
- (iii) implementing the Company's strategies and monitoring performance of the Management and ensuring appropriate internal risk controls and risk management are in place;
- (iv) implementing measures and procedures in compliance with the laws, regulations, Listing Rules, article of association, internal regulations applicable to the Company;
- (v) setting human resources policies of the Company; and
- (vi) granting of share options to the eligible employees (other than Directors and Management) for a total of not more than the number of share options as specified and approved by the Board of the Company from time to time.

Corporate Governance Function

The Board recognizes that corporate governance should be the collective responsibility of Directors and their corporate governance duties include:

- (a) to develop, review and implement the Company's policy and practices on corporate governance;
- (b) to review and monitor the training and continuous professional development of directors and Management;
- (c) to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- (d) to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and directors;
- (e) to review the Company's compliance with the CG Code and disclosure in the Corporate Governance Report; and
- (f) to develop, review and monitor the implementation of the shareholders' communication policy to ensure its effectiveness, and make recommendation to the Board where appropriate to enhance shareholders' relationship with the Company.

During the year, the Board resolved that the above corporate governance function be performed and executed by the Board and reviewed the compliance with the Code, etc.

Chairman and Chief Executive Officer ("CEO")

Under the code provision A.2.1, the roles of Chairman and CEO should be separate and should not be performed by the same individual. Under the current organization structure of the Company, Ms. Poon Wai is our Chairman of the Board and the CEO. With her extensive experience in the industry, the Board believes that vesting the roles of both Chairman and CEO in the same person provides the Company with strong and consistent leadership, allows for effective and efficient planning and implementation of business decisions and strategies, and is beneficial to the business prospects and management of the Group. Although Ms. Poon Wai performs both the roles of Chairman and CEO, the division of responsibilities between the Chairman and CEO is clearly established and set out in writing. In general, the Chairman is responsible for supervising the functions and performance of the Board, while the CEO is responsible for the management of the business of the Group. The two roles are performed by Ms. Poon Wai distinctly. It also considers that the current structure does not impair the balance of power and authority between the Board and the management of the Company given the appropriate delegation of the power of the Board and the effective functions of the independent non-executive Directors (number of which exceeds one-third of the members of the Board). However, it is the long-term objective of the Company to have these two roles performed by separate individuals when suitable candidates are identified.

Induction and Continuing Professional Development of Directors

Each newly appointed Director shall receive formal, comprehensive and tailored induction on the first occasion of his appointment to ensure appropriate understanding of the business and operations of the Company and full awareness of director's responsibilities and obligations under the Listing Rules and relevant statutory requirements.

Directors will be continuously updated on the statutory and regulatory regime and the business environment to facilitate the discharge of their responsibilities. Directors are also encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. The Company Secretary updates Directors on the latest development regarding the Listing Rules and other applicable regulatory requirements from time to time, to ensure compliance and enhance their awareness of good corporate governance practices.

According to the information provided by the Directors, a summary of training received by the Directors from 1 April 2012 up to 31 December 2012 is as follows:

Supply of and Access to Information

The Company provides all Directors with monthly updates on the Company's performance, position and prospects. In addition, in order to ensure that the Directors' duties can be properly discharged, the Directors are entitled to seek advice from independent professional advisers whenever deemed necessary by them at the Company's expense.

Board Meetings

The Board meets regularly, and at least four times a year, in person or by means of electronic communication. The Chairman also meets with the non-executive Directors (including the INEDs) at least once a year without the presence of the executive Directors. Notices of regular Board meetings are served to all Directors at least 14 days before the meetings. For all other Board and committee meetings, reasonable notice is generally given. All notices, agendas, schedules and the relevant information of each Board and committee meeting are generally made available to Directors or committee members in advance. The Board and each Director also have separate and independent access to the Management whenever necessary.

The company secretary of the Company or the secretary to the board committees is responsible for taking and/or keeping minutes of all Board meetings and various committees meetings in sufficient detail. Draft minutes are normally circulated to Directors for comment within a reasonable time after each meeting is held, and the final version of the minutes is opened for Directors' inspection.

During the year ended 31 December 2012, the Board convened a total of four meetings in person or by means of electronic communication. Attendance of each Director at the Board meetings and the annual general meeting (the "2012 AGM") is set out below:

Independent Board Committee

Where there are matters involving connected or continuing connected transactions, so far as required under the Listing Rules, an Independent Board Committee, comprising wholly the independent non-executive Directors, will be established.

Board Committees

The Board has established four committees, including the Executive Committee, the Remuneration Committee, the Nomination Committee and the Audit Committee with delegated powers for overseeing particular aspects of the Company's affair. Each of the committees of the Company has been established with written terms of reference.

Executive Committee

To assist the Directors to discharge some of their duties and to enable effective management and execution, the Board has established an Executive Committee on 29 June 2007. Details of the authorities and duties of the Executive Committee are set out in its terms of reference. The Executive Committee reviews specific issues and makes their suggestions to the Board on reserved matters as mentioned above.

Currently, the Executive Committee comprises three executive Directors as follows:

Ms. Poon Wai (*Chairman and CEO*)
 Mr. Yin Yibing (*Chief Operating Officer*)
 Mr. Poon Ka Man, Jason (*Chief Marketing Officer*)

There were three Executive Committee meetings held during the year ended 31 December 2012. Attendance of each Executive Committee member at the Executive Committee meeting is set out below:

Name of Members	Executive Committee Meeting Attended/Held
Directors	
Ms. Poon Wai	3/3
Mr. Yin Yibing	3/3
Mr. Poon Ka Man, Jason	3/3

Remuneration Committee

The Remuneration Committee was set up on 8 March 2007 in compliance with Appendix 14 of the Listing Rules. Details of the authorities and duties of the Remuneration Committee are set out in its terms of reference. The main purpose for establishing the Remuneration Committee is to ensure that the Company can recruit, retain and motivate suitably qualified staff in order to reinforce the success of the Company and create value for our shareholders. The terms of reference of the Remuneration Committee are summarized as follows:

- (i) to make recommendations to the Board on the policy and structure for all remuneration of Directors, and senior management of the Company, as well as on the establishment of a formal and transparent procedure for developing policy on such remuneration;
- (ii) to have delegated responsibility to determine the specific remuneration packages of all executive Directors and senior management, and make recommendations to the Board of the remuneration of non-executive Directors subject to the provision (vi) below;
- (iii) to review and approve performance-based remuneration by reference to corporate goals and objectives resolved by the Board from time to time;
- (iv) to review and approve the compensation payable to executive Directors and senior management in connection with any loss or termination of their office or appointment and ensure that such compensation is determined in accordance with relevant contractual terms and that such compensation is not otherwise unfair and in excessive for the Company;
- (v) to review and approve compensation arrangements relating to dismissal or removal of Directors for misconduct and ensure that such arrangements are determined in accordance with the relevant contractual terms and that any compensation payment is not otherwise unreasonable and inappropriate; and

- (vi) to ensure that no Director or any of his associates is involved in deciding his own remuneration.

Currently, the Remuneration Committee comprises one non-executive Director and two INEDs as follows:

Mr. Lo Peter (*chairman*),
an independent non-executive Director
Mr. Jen Shek Voon,
an independent non-executive Director
Mr. Wong Hin Sun, Eugene,
a non-executive Director

The Remuneration Committee may call any meetings at anytime when necessary or desirable pursuant to the terms of reference of the Remuneration Committee.

For the year ended 31 December 2012, the Remuneration Committee convened one committee meeting. Attendance of each Remuneration Committee member is set out below:

Remuneration Committee	
Name of Members	Meeting Attended/Held
Directors	
Mr. Lo Peter	1/1
Mr. Jen Shek Voon	1/1
Mr. Wong Hin Sun, Eugene	1/1

The Remuneration Committee discussed and reviewed the remuneration policy and packages for Directors and Senior Management.

Details of the Directors' remuneration are set out in note 10 to the consolidated financial statements. In addition, pursuant to the code provision B.1.5, the annual remuneration of members of the senior management by band for the year ended 31 December 2012 is set out below:

Remuneration band	Number of individual
HK\$nil to HK\$1,000,000	1
HK1,000,001 to HK\$1,500,000	1
HK1,500,001 to HK\$2,000,000	1

Nomination Committee

The Nomination Committee was set up on 8 March 2007. Details of the authorities and duties of the Nomination Committee are set out in its terms of reference. Its roles are highlighted as follows:

- (i) to review the structure, size and composition of the Board (including the skills, knowledge and experience) on a regular basis and make recommendations to the Board regarding any proposed changes;
- (ii) to identify individuals suitably qualified to become Board members, and select or make recommendations to the Board on the selection of individuals nominated for directorships;
- (iii) to assess the independence of independent non-executive Directors; and
- (iv) to make recommendations to the Board on the relevant matters relating to the appointment or reappointment of Directors and succession planning for Directors in particular the Chairman and the CEO.

The Nomination Committee will assess the candidate or incumbent on criteria such as integrity, experience, skill and ability to commit time and effort to carry out the duties and responsibilities. The recommendations of the Nomination Committee will then be put to the Board for decision.

Currently, the Nomination Committee comprises one non-executive Director and two INEDs as follows:

Mr. Wang Jincheng (*chairman*),
an independent non-executive Director
Mr. Lo Peter,
an independent non-executive Director
Mr. Wong Hin Sun, Eugene,
a non-executive Director

The Nomination Committee may call any meetings at anytime when necessary or desirable pursuant to the terms of reference of the Nomination Committee.

For the year ended 31 December 2012, the Nomination Committee convened one committee meeting and had assessed the independence of INEDs, considered the re-appointment of the retired Directors and discussed matters relating to procedure of nomination of director candidate by shareholders, directors' evaluation and succession plan etc. Attendance of each Nomination Committee member at the Nomination Committee meeting is set out below:

Name of Members	Nomination Committee Meeting Attended/Held
Directors	
Mr. Wang Jincheng	1/1
Mr. Lo Peter	1/1
Mr. Wong Hin Sun, Eugene	1/1

Audit Committee

The Audit Committee was set up on 8 March 2007 with written terms of reference in compliance with Rules 3.21 and 3.22 of the Listing Rules. The principal duties of the Audit Committee include:

- (i) to be primarily responsible for making recommendation to the Board on the appointment, re-appointment and removal of external auditor, and to approve the remuneration and terms of engagement of the external auditor and any questions of resignation or dismissal of that auditor;
- (ii) to review and monitor the external auditor's independence and objectivity and the effectiveness of the audit process in accordance with applicable standard;
- (iii) to discuss with the external auditor before the audit commences, the nature and scope of the audit and reporting obligations, and ensure co-ordination where more than one audit firms are involved;
- (iv) to develop and implement policy on the engagement of an external auditor to supply non-audit services;

- (v) to monitor integrity of the Company's financial statements and the Company's annual report and accounts, half-year report and, if prepared for publication, quarterly reports and to review significant financial reporting judgments contained in them before submission to the Board;
- (vi) to review the Company's financial controls, internal control and risk management systems;
- (vii) to discuss with the Management the system of internal control and ensure that the Management has discharged its duty to have an effective internal control system, including the adequacy of resources, qualifications, and experience of staff of the Company's accounting and financial reporting function, and their training programmes and budget;
- (viii) to review the Group's financial and accounting policies and practices; and
- (ix) to report to the Board on any other matters set out in the Code.

Currently, the Audit Committee comprises three INEDs and one non-executive Director as follows:

Mr. Jen Shek Voon (*chairman*),
an independent non-executive Director
Mr. Lo Peter,
an independent non-executive Director
Mr. Wang Jincheng,
an independent non-executive Director
Mr. Wong Hin Sun, Eugene,
a non-executive Director

The Audit Committee meeting shall be held not less than twice a year pursuant to the terms of reference of the Audit Committee.

For the year ended 31 December 2012, the Audit Committee convened two committee meetings. Attendance of each Audit Committee member at the Audit Committee meetings is set out below:

Name of Members	Audit Committee Meeting Attended/Held
Directors	
Mr. Jen Shek Voon	2/2
Mr. Lo Peter	2/2
Mr. Wang Jincheng	2/2
Mr. Wong Hin Sun, Eugene	2/2

The Audit Committee is satisfied with their review of the auditor's remuneration, the independence of the auditor, Deloitte Touche Tohmatsu ("DTT"), and recommended the Board to re-appoint DTT as the Company's auditor for the year 2013, which is subject to the approval of shareholders at the forthcoming AGM.

The Company's interim results for the period ended 30 June 2012 and the annual results for the year ended 31 December 2012 have been reviewed by the Audit Committee, which opined that applicable accounting standards and requirements have been complied with and that adequate disclosures have been made. The Audit Committee had also reviewed the Company's internal control and risk management systems and processes, and the re-appointment of external auditors.

Internal Control

The Board strives to cultivate and disseminate a good internal control and risk management culture of the Company and its subsidiaries by:

- (i) identifying and assessing relevant risks, considering and giving approval to necessary control activities proposed by executive Directors in accordance with risk assessments, to rationalize the control environment so as to lower operational risks but without impeding operating efficiency;
- (ii) ensuring constantly updating information and coordinated sharing of information;

- (iii) exercising appropriate levels of supervision to ensure the effectiveness and efficiency in the performance of various functions and activities of the Group;
- (iv) establishing and reviewing internal control measures for minimising and eliminating identified risks; and
- (v) seeking advice from external consultants for the enhancement and maintenance of the Group's internal control system.

The executive Directors of the Company, with the coordination of the Management of the Group, strive to develop, implement and maintain an internal control and risk management system by conducting on-going business reviews; evaluating significant risks faced by the Group; formulating appropriate policies, programmes and authorization criteria; conducting business variance analyses of actual result versus business plan; undertaking critical path analyses to identify the impediments in attaining the corporate goals and initiating corrective measures; following up on isolated cases; identifying inherent deficiencies in the internal control system; and making timely remedies and adjustments to avoid recurrence of problems.

The Whistle-Blowing Policy (the "WBP") was set up on 17 April 2009. The WBP aims to provide an avenue for employees to raise concerns and reassurance that they will be protected from reprisals or victimization for whistleblowing in good faith.

The Board believes that, in the absence of any evidence to the contrary, the system of internal controls maintained by the Group throughout the year ended 31 December 2012, provides reasonable assurance against material financial misstatements or loss, and include the safeguarding of assets, the maintenance of proper accounting records, the reliability of financial information, compliance with appropriate legislation, regulation and best practice, and the identification and containment of business risks.

The Board, through the reviews made by the Audit Committee, had reviewed the effectiveness and the adequacy of the internal control system of the Group and considered them to have been implemented effectively. Considerations also given to the adequacy of resources, qualifications, and experience of staff of the Company's accounting and financial reporting function, and their training programmes and budget.

Directors' Responsibility for the Financial Statements

The Directors understand and acknowledge their responsibility for ensuring that the financial statements for each financial year are prepared to give a true and fair view of the state of affairs, profitability and cash flow of the Group in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

In preparing the financial statements of the Group for the year ended 31 December 2012, the Directors have adopted appropriate and consistent accounting policies and made prudent and reasonable judgments and estimations. The Directors are responsible for maintaining proper accounting records which reflect with reasonable accuracy the state of affairs, operating results, cash flows and equity movement of the Group at any time. The Directors confirm that the preparation of the financial statements of the Group is in accordance with statutory requirements and applicable accounting standards.

The Directors also confirm that, to the best of their knowledge, information and belief, having made all reasonable enquiries, they are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

The auditor's statement about their reporting responsibilities on the financial statements is set out on page 45 and page 46 of this Annual Report.

Auditor's Remuneration

The Group's independent external auditor is DTT. The remuneration for the audit and non-audit services provided by DTT to the Group during the year ended 31 December 2012 was approximately as follows:

Type of Services	Amount <i>HK\$'000</i>
Audit	3,000
Non-audit services (<i>Note</i>)	
Other services	600
Total:	3,600

Note: Non-audit services include the 2012 interim review.

Company Secretary

Mr. Lau Ka Ho, Robert, our company secretary, is responsible for advising the Board on corporate governance matters and ensuring that the Board policy and procedures, and the applicable laws, rules and regulations are followed.

During the year ended 31 December 2012, Mr. Lau has undertaken more than 15 hours of relevant professional training in compliance with Rule 3.29 of the Listing Rules.

Communication with Shareholders and Investor Relations

The Board recognizes the importance of good communications with all shareholders. The Company's 2012 AGM is a valuable forum for the Board to communicate directly with the shareholders. The Chairmen of the Board, the Audit Committee, the Nomination Committee and the Remuneration Committee and the external auditor present at the 2012 AGM of the Company held on 17 May 2012 to answer shareholders' questions. The Company's 2013 annual general meeting will be held on 15 May 2013 (the "2013 AGM").

A key element of effective communication with shareholders and investors is prompt and timely dissemination of information in a transparent manner in relation to the Group. The Company has announced its inside information, announcement, interim and annual results in a timely manner according to the Listing Rules.

A shareholders' communication policy was adopted pursuant to the Code which aims at establishing a two-way relationship and communication between the Company and its shareholders. To promote effective communication, the Company maintains a website at www.ajisen.com.cn where up-to-date information on the Company's business operations and developments, financial information, corporate governance practices and other information are available for public access.

The Group values feedback from shareholders on its efforts to promote transparency and foster investor relationships. Enquiries, comments and suggestions to the Board or the Company are welcome and can be addressed to 6/F, Ajisen Group Tower, Block B, 24-26 Sze Shen Street, Yau Tong, Kowloon with attention to Mr. Lau Ka Ho.

Closure of register of members

In order to determine the Shareholders who are entitled to attend the 2013 AGM, the register of members of the Company will be closed from 10 May 2013 to 15 May 2013 (both days inclusive), during which period no share transfers will be registered. In order to qualify for attending and voting at the 2013 AGM, all transfer documents accompanied by the relevant share certificates must be lodged with the Company's Hong Kong Branch Share Registrar, Computershare Hong Kong Investor Services Limited at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong not later than 4:30 p.m. on 9 May 2013.

In addition, in order to determine the Shareholders who are entitled to receive the final dividend and the special dividend for the year ended 31 December 2012, the register of members of the Company will be closed from 22 May 2013 to 27 May 2013 (both days inclusive), during which period no share transfers will be registered. In order to qualify for the entitlement for the final dividend and the special dividend, all transfer documents accompanied by the relevant share certificates must be lodged with the Company's Hong Kong Branch Share Registrar, Computershare Hong Kong Investor Services Limited at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong not later than 4:30 p.m. on 21 May 2013.

Shareholders' Rights

To safeguard shareholders' interests and rights, a separate resolution is proposed for each issue at shareholder meetings, including the election of individual directors.

All resolutions put forward at shareholder meetings will be voted on by poll pursuant to the Listing Rules and poll results will be posted on the websites of the Company and the Stock Exchange in a timely manner after each shareholder meeting. At the 2012 AGM, all resolutions were passed by poll by the shareholders of the Company.

- (8) On 19 January 2012, the Company modified details of certain outstanding share options previously granted by the Company on 26 August 2011. The exercise price of 22,340,000 outstanding share options at the date of modification was reduced from HK\$11.16 per share to HK\$9.42 per share.

The fair value of the share options of the Company immediately before and after modification at 19 January 2012 were calculated using the Black Scholes pricing model. The inputs into the model were as follows:

	Before modification	After modification
Share price	HK\$9.42	HK\$9.42
Exercise price	HK\$11.16	HK\$9.42
Expected volatility	53.59%	53.59%
Expected life (years)	5.10 to 7.10 years	5.10 to 7.10 years
Risk free interest rates	0.716% to 1.075%	0.716% to 1.075%
Expected dividend yield	1.115%	1.115%

The risk-free interest rates were based on yield of Hong Kong Exchange Fund Note. Excepted volatility was determined by using the historical volatility of the Group's share price over the previous years. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations. Changes in variables and assumptions may result in changes in fair values of the share options.

The fair values of the share options of the Company immediately before and after modification at 19 January 2012 were approximately HK\$87,330,000 and HK\$95,828,000, respectively. The incremental fair values of approximately HK\$8,498,000 will be expensed over the remaining vesting period of the relevant options.

- (9) On 15 October 2012, the Company further modified details of certain outstanding share options previously granted by the Company on 26 August 2011 again (modified on 19 January 2012). The exercise price of 19,250,000 outstanding share options at the date of modification was reduced from HK\$9.42 per share to HK\$5.53 per share.

The fair value of the share options of the Company immediately before and after modification at 15 October 2012 were calculated using the Black Scholes pricing model. The inputs into the model were as follows:

	Before modification	After modification
Share price	HK\$5.53	HK\$5.53
Exercise price	HK\$9.42	HK\$5.53
Expected volatility	54.33%	54.33%
Expected life (years)	6.64 – 7.61 years	6.64 – 7.61 years
Risk free interest rates	0.398% – 0.458%	0.398% – 0.458%
Expected dividend yield	0.808%	0.808%

The risk-free interest rates were based on yield of Hong Kong Exchange Fund Note. Excepted volatility was determined by using the historical volatility of the Group's share price over the previous years. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations. Changes in variables and assumptions may result in changes in fair values of the share options.

The fair values of the share options of the Company immediately before and after modification at 15 October 2012 were approximately HK\$40,074,000 and HK\$52,722,000, respectively. The incremental fair values of approximately HK\$12,648,000 will be expensed over the remaining vesting period of the relevant options.

Pre-IPO share option scheme

The Company conditionally adopted its pre-IPO share option scheme (the "Pre-IPO Share Option Scheme") on 8 March 2007. The purpose and the principal terms of the Pre-IPO Share Option Scheme are similar to those of the Share Option Scheme, save as:

- (i) the exercise price per share is 85% of the final offer price per share upon listing of the Company;
- (ii) no option granted under the Pre-IPO Share Option Scheme will be exercisable within twelve months from the listing date; and
- (iii) no further option will be offered or granted under the Pre-IPO Share Option Scheme after the listing of the Company.

Set out below are details of the outstanding options granted under the Pre-IPO Share Option Scheme:

62.92% by Ms. Poon Wai, as to approximately 18.54% by Mr. Poon Ka Man, Jason and as to approximately 18.54% by Mr. Yin Yibing.

(3) All holders of options granted under the Pre-IPO Share Option Scheme may only exercise their options in the following manner:

Maximum percentage of options exercisable	Period for vesting of the relevant percentage of the option
25% of the total number of options to any grantee	From the expiry of the first anniversary of the listing date to the date immediately before the second anniversary of the listing date
25% of the total number of options to any grantee	From the second anniversary of the listing date to the date immediately before the third anniversary of the listing date
25% of the total number of options to any grantee	From the third anniversary of the listing date to the date immediately before the fourth anniversary of the listing date
25% of the total number of options to any grantee	From the fourth anniversary of the listing date to the date immediately before the fifth anniversary of the listing date

- (4) In respect of the share options exercised during the year, the weighted average share price at the dates of exercise is HK\$10.503 (2011: HK\$14.519). During the year ended 31 December 2012, no (2011: Nil) share options granted to employees of the Group lapsed due to departure of the employees.

As at 31 December 2012, the number of shares in respect of which options under the Pre-IPO Share Option Scheme had been granted and remained outstanding was 14,124,000 (2011: 14,478,700) share options, representing approximately 1.31% (2011: 1.35%) of the shares of the Company in issue as at 31 December 2012.

- (5) The total number of shares issued and which may fall to be issued upon exercise of the options granted pursuant to the Pre-IPO Share Option Scheme to an eligible participant in any 12-month period shall not exceed 1% of the number of shares in issue unless approved by shareholders in general meeting.

Directors' rights to acquire shares or debentures

Save as disclosed under the sections headed "Directors' and Chief Executive's Interests and Short Positions in Shares, Underlying Shares and Debentures of the Company and its Associated Corporation", "Share Option Scheme" and "Pre-IPO Share Option Scheme", at no time during the year was the Company or any of its subsidiaries or fellow subsidiaries a party to any arrangements to enable the Directors to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate, and none of the Directors or any of their spouses or children under the age of eighteen, was granted any right to subscribe for the equity or debt securities of the Company or any other body corporate nor had exercised any such right.

Retirement scheme

Particulars of the retirement scheme of the Company are set out in note 38 to the consolidated financial statements.

Continuing connected transactions

Details of the continuing connected transactions during the year ended 31 December 2012 are as follows:

Shigemitsu transactions

Shigemitsu Industry Co., Ltd. ("Shigemitsu") is a company incorporated in Japan and owned by the Shigemitsu family. Mr. Katsuaki Shigemitsu, a non-executive Director of the Company, personally owns approximately 44.5% interest in Shigemitsu, which is thus a connected person of the Company pursuant to the Listing Rules.

1. The franchise agreements

The Group entered into respective two franchise agreements with Shigemitsu on 19 February 2006, one in respect of the PRC and the other in respect of Hong Kong and Macau (collectively, the "Franchise Agreements"). Pursuant to the Franchise Agreements, Shigemitsu grants a sole, exclusive and perpetual franchise to the Group to operate the franchise business of manufacturing, supplying, marketing, distributing and selling ramen and the special Japanese soup base formulated and produced by Shigemitsu and the business of operating Japanese style ramen FCR chain restaurants under the trade name of "Ajisen Ramen" and related trademarks (the "Franchise Business").

Pursuant to the Franchise Agreements, the franchise fees and technical fees are payable by the Group to Shigemitsu. The franchise fee is calculated with reference to the number of restaurants and the technical fee is an annual payment for the business of manufacturing and distributing noodles under the "Ajisen" trademark.

The annual cap set for the aggregate franchise fees and technical fees payable under the Franchise Agreements for the year ending 31 December 2012 is HK\$39,568,256. The aggregate amount of the franchise fees and the technical fees for the year ended 31 December 2012 is approximately HK\$34,159,120.

2. Supply agreements between the Group and Shigemitsu

Fortune Choice Limited (“Fortune Choice”), an indirect wholly-owned subsidiary of the Company entered into a supply agreement with Shigemitsu on 23 March 2006, as supplemented by a supplemental supply agreement entered into by the same parties on 16 September 2006 and renewed for a term of three years from 14 May 2012 by a renewal supply agreement dated 14 May 2012 (the “Supply Agreement”). Pursuant to the Supply Agreement, Shigemitsu agrees to supply materials and supplies which are required by the Group for the operation of the Franchise Business.

Festive Profits Limited (“Festive Profits”), an indirect wholly-owned subsidiary of the Company entered into a supply agreement with Shigemitsu Food (Shanghai) Co., Ltd. (“Shigemitsu Food”) on 14 May 2009 and renewed for a term of three years from 14 May 2012 by a renewal supply agreement dated 14 May 2012 (the “Supply Agreement (PRC)”). Shigemitsu Food is wholly owned by Eagle Sky International Limited, which is in turn owned by Mr. Katsuaki Shigemitsu and Shigemitsu as to 60% and 30% respectively. Pursuant to the Supply Agreement (PRC), Shigemitsu Food agrees to sell materials and supplies which are required by the Group for the operation of the Franchise Business in the PRC, including the soup base and other goods.

The annual cap set for the Group’s total amount payable to Shigemitsu under the Supply Agreement and the Supply Agreement (PRC) for the year ended 31 December 2012 is HK\$67,897,522. The actual amount payable for the year is approximately HK\$49,266,080.

3. Sales agreement between Fortune Choice and Shigemitsu

Fortune Choice and Shigemitsu entered into a sales agreement on 23 March 2006 which was renewed for a term of three years from 14 May 2012 by a renewal sales agreement dated 14 May 2012 (the “Sales Agreement (Japan)”), pursuant to which Fortune Choice agrees to sell and export various goods to Shigemitsu, including fried union crispy packs, fried garlic crispy packs and other sundry items.

The annual cap set for Shigemitsu’s total amount payable to the Group under the Sales Agreement (Japan) for the year ended 31 December 2012 is HK\$551,538. The actual amount received for the year is approximately HK\$459,431.

Design Union transactions

Design Union Interior Contracting Limited (“Design Union”) provides design, decoration and renovation services to the Group’s chain restaurants in Hong Kong.

Design Union is jointly owned by Mr. Poon Ka Man, Jason and his wife. Mr. Poon Ka Man, Jason is the younger brother of Ms. Poon Wai. He is also an executive Director of the Company.

A framework agreement was entered into between Design Union and the Group on 8 March 2007 which was renewed for a term of three years from 14 May 2012 by a renewal agreement dated 14 May 2012 (the “Design Union Agreement”), pursuant to which Design Union agrees to provide services and materials for design, decoration and renovation for restaurants operated or to be operated by the Group in Hong Kong.

The annual cap set for the amount payable by the Group to Design Union under the Design Union Agreement for the year ended 31 December 2012 is HK\$7,878,275. The actual amount payable for the year is HK\$5,595,286.

Leasing agreements

The Group has a continuing connected transaction with Ms. Poon Wai, an executive Director, whereby Ms. Poon Wai leases to Weiqian Noodle Food Services (Shenzhen) Co. Ltd (“Shenzhen Weiqian”) certain premises for use by Shenzhen Weiqian as offices for a term of three years commencing from 1 July 2008 pursuant to a leasing agreement dated 20 June 2008, which was renewed for a term of three years from 30 June 2011 (the “Shenzhen Lease Agreement”).

The Group also has a continuing connected transaction with Ms. Poon Wai, an executive Director, whereby Ms. Poon Wai leases to Chongqing Weiqian Food Culture Co., Ltd (“Chongqing Weiqian”) certain premises for use by Chongqing Weiqian as offices for a term of three years commencing from 1 July 2011 pursuant to a leasing agreement dated 30 June 2011 (the “Chongqing Lease Agreement”).

An independent professional property valuer has reviewed the Shenzhen Lease Agreement and Chongqing Lease Agreement (collectively, the “Lease Agreements”) and confirmed that the rental does not exceed the reasonable range of the prevailing market rent.

As each of the applicable percentage ratios (as defined in the Listing Rules) in respect of the transaction under the Leasing Agreements is on an annual basis less than 2.5%, the transaction falls under Rule 14A.34 of the Listing Rules and is only subject to the reporting and announcement requirements as set out in Rules 14A.45 to 14A.47 of the Listing Rules but exempt from the independent shareholders approval of Chapter 14A of the Listing Rules.

The annual rent payable under the Leasing Agreements for the year ended 31 December 2012 is HK\$2,579,581. The actual amount paid for the year is HK\$2,579,581.

The independent non-executive Directors of the Company have reviewed the above continuing connected transactions during the year and confirmed that the transactions have been entered into:

- (i) in the ordinary and usual course of the business of the Group;

- (ii) either on normal commercial terms or on terms no less favourable to the Group than terms available to or from independent third parties; and
- (iii) in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The auditors of the Company have performed certain pre-determined procedures and reported their findings regarding the continuing connected transactions entered into by the Group set out above for the year ended 31 December 2012 and state that:

- (1) the transactions have received the approval of the Company’s Board of Directors;
- (2) the transactions have been entered into in accordance with the relevant terms of agreements governing the transactions;
- (3) the aggregate amounts of the transactions have not exceeded the relevant cap amounts as disclosed in the announcements of the Company dated 9 July 2008, 22 May 2009, 30 June 2011 and 15 May 2012; and
- (4) the transactions have been entered into in accordance with the pricing policies of the Group with reference to similar transactions with independent third parties.

As Ms. Poon Wai, Mr. Poon Ka Man, Jason and Mr. Katsuaki Shigemitsu have interests in the above continuing connected transactions, they have abstained from physically attending meetings or have abstained from voting on any such board resolution of the Group in relation to the relevant continuing connected transactions.

The Group confirms that it will comply or continue to comply with the relevant provisions of Chapter 14A of the Listing Rules in relation to the continuing connected transactions of the Company.

Employee's remuneration and policy

As at 31 December 2012, the Group employed 11,535 persons (31 December 2011: 15,681 persons), most of the Group's employees work in the chain restaurants of the Group in the PRC. The number of employees will be changed from time to time as may be necessary and the remuneration will be determined by reference to the practice of the industry.

The Group conducted regular reviews on its remuneration policy and overall remuneration payment. Besides retirement scheme and internal training courses, employees may be granted discretionary bonus and/or share options based on their performances.

The total remuneration payment of the Group for the year ended 31 December 2012 was approximately HK\$736,462,000 (31 December 2011: HK\$652,477,000).

Sufficiency of public float

Based on information that is publicly available to the Company and within the knowledge of the Directors, the Directors confirm that the Company has maintained the amount of public float as required by the Listing Rules up to the date of this Annual Report.

Auditor

The consolidated financial statements have been audited by Deloitte Touche Tohmatsu. A resolution for their re-appointment as auditor for the ensuing year will be proposed at the forthcoming AGM.

On behalf of the Board

Chairman and Chief Executive Officer

Hong Kong, 12 March 2013

Independent Auditor's Report

TO THE SHAREHOLDERS OF AJISEN (CHINA) HOLDINGS LIMITED

(incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of Ajisen (China) Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 47 to 120, which comprise the consolidated statement of financial position as at 31 December 2012, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Directors' responsibility for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Group as at 31 December 2012 and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

Consolidated Statement of Changes in Equity

For the Year ended 31 December 2012

The special reserve mainly represents the aggregate of:

- (a) An amount of approximately HK\$41 million, being the difference between the paid-in capital of Ajisen (China) International Limited (“Ajisen International”) and the subsidiaries involved in the group reorganisation which was effected on 8 March 2007.
- (b) A net amount of approximately HK\$45 million, being the difference between (i) the share premium which resulted from the issue of shares of the Ajisen International, of HK\$221 million to acquire additional interests in subsidiaries (which resulted in a goodwill of approximately HK\$336 million) and (ii) an amount of approximately HK\$176 million, being the difference between the fair value and the carrying amount of the additional interest in these subsidiaries prior to the acquisition, which represented a revaluation increase in the net assets attributable to the Group’s additional interest in the subsidiaries effected in 2007.
- (c) A net debit amount of approximately HK\$363 million, being the difference between (i) the consideration which comprised cash consideration of HK\$207 million and share consideration of HK\$155 million of the acquisition of Luck Right Limited (“Luck Right”) and its subsidiaries from Ms. Poon Wai in 2008 and (ii) the share capital of Luck Right.

Share options reserve represents fair values of share options recognised as expense over their vesting periods on a straight-line basis. Fair values of share options previously recognised in this reserve will be transferred to share premium when the share options are exercised. Fair values of share options previously recognised in this reserve will be transferred to retained profits when the share options are forfeited after the vesting date or are still not exercised at the expiry date.

Capital reserve represents the difference between the actual amount contributed and the registered paid-in capital of certain subsidiaries.

Properties revaluation reserve represents the difference between (i) the carrying amounts and (ii) the fair values of property interests previously classified as property, plant and equipment by the Group at the dates the Group changed their intention and transferred these property interests to investment properties.

As stipulated by the relevant laws and regulations for foreign investment enterprises in People’s Republic of China (the “PRC”), the Company’s PRC subsidiaries are required to maintain a statutory surplus reserve fund which is non-distributable. Appropriations to such reserve is made out of profit after taxation of the statutory financial statements of the PRC subsidiaries while the amounts and allocation basis are decided by their board of directors annually. The statutory surplus reserve fund can be used to make up prior year losses, if any, and can be applied in conversion into capital by means of capitalisation issue.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

1. General

The Company is incorporated and registered as an exempted company with limited liability on 6 April 2006 under the Companies Law of the Cayman Islands and acts as an investment holding company. Its shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 30 March 2007. Its immediate holding company is Favour Choice Limited, a company which is incorporated in the British Virgin Islands and wholly-owned by Anmi Holdings Limited, a company which is incorporated in the British Virgin Islands and wholly-owned by Anmi Trust, which is founded by Ms. Poon Wai ("Ms. Poon") who is a director of the Company. The addresses of the registered office and the principal place of business of the Company are disclosed in the "Corporation Information" section of the annual report.

The functional currency of the Company and the PRC operating subsidiaries of the Company is Renminbi ("RMB"). The functional currency of Hong Kong operating subsidiaries is Hong Kong dollars. Details of the subsidiaries of the Company (together with the Company hereinafter defined as the "Group") are set out in note 40.

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"). The directors of the Company consider that the presentation of the consolidated financial statements in HK\$ is more appropriate for a company listed in Hong Kong and for the convenience of the shareholders of the Company.

2. Application of new and revised Hong Kong Financial Reporting Standards ("HKFRSs")

In the current year, the Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Amendments to HKAS 12
Amendments to HKFRS 7

Deferred Tax – Recovery of Underlying Assets
Financial Instruments: Disclosures – Transfers of Financial Assets

The adoption of the amendments to HKFRSs in the current year has had no material effect on the Group's financial performance and positions for the current and prior years and/or on the disclosure set out in these consolidated financial statements.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

Amendments to HKAS 1 Presentation of Items of Other Comprehensive Income

The amendments to HKAS 1 *Presentation of Items of Other Comprehensive Income* introduce new terminology for the statement of comprehensive income and income statement. Under the amendments to HKAS 1, a 'statement of comprehensive income' is renamed as a 'statement of profit or loss and other comprehensive income' and an 'income statement' is renamed as a 'statement of profit or loss'. The amendments to HKAS 1 retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to HKAS 1 require items of other comprehensive income to be grouped into two categories: (a) items that will not be reclassified subsequently to profit or loss; and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis – the amendments do not change the option to present items of other comprehensive income either before tax or net of tax.

The amendments to HKAS 1 are effective for annual periods beginning on or after 1 July 2012. The presentation of items of other comprehensive income will be modified accordingly when the amendments are applied in future accounting periods.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

2. Application of new and revised Hong Kong Financial Reporting Standards ("HKFRSs") (continued)

Annual Improvements to HKFRSs 2009 – 2011 Cycle issued in June 2012

The Annual Improvements to HKFRSs 2009 – 2011 Cycle include a number of amendments to various HKFRSs. The amendments are effective for annual periods beginning on or after 1 January 2013. Amendments to HKFRSs include the amendments to HKAS 16 *Property, Plant and Equipment* and the amendments to HKAS 32 *Financial Instruments: Presentation*.

The amendments to HKAS 16 clarify that spare parts, stand-by equipment and servicing equipment should be classified as property, plant and equipment when they meet the definition of property, plant and equipment in HKAS 16 and as inventory otherwise. The directors do not anticipate that the application of the amendments will have a material effect on the Group's consolidated financial statements as the Group's spare parts are inventory by nature.

The amendments to HKAS 32 clarify that income tax on distributions to holders of an equity instrument and transaction costs of an equity transaction should be accounted for in accordance with HKAS 12 *Income Taxes*. The directors anticipate that the amendments to HKAS 32 will have no effect on the Group's consolidated financial statements as the Group has already adopted this treatment.

Amendments to HKAS 32 *Offsetting Financial Assets and Financial Liabilities* and amendments to HKFRS 7 *Disclosures – Offsetting Financial Assets and Financial Liabilities*

The amendments to HKAS 32 clarify existing application issues relating to the offset of financial assets and financial liabilities requirements. Specifically, the amendments clarify the meaning of "currently has a legally enforceable right of set-off" and "simultaneous realisation and settlement".

The amendments to HKFRS 7 require entities to disclose information about rights of offset and related arrangements (such as collateral posting requirements) for financial instruments under an enforceable master netting agreement or similar arrangement.

The amendments to HKFRS 7 are effective for annual periods beginning on or after 1 January 2013 and interim periods within those annual periods. The disclosures should also be provided retrospectively for all comparative periods. However, the amendments to HKAS 32 are not effective until annual periods beginning on or after 1 January 2014, with retrospective application required.

The directors anticipate that the application of these amendments to HKAS 32 and HKFRS 7 may result in more disclosures being made with regard to offsetting financial assets and financial liabilities in the future.

HKFRS 9 *Financial Instruments*

HKFRS 9 issued in 2009 introduces new requirements for the classification and measurement of financial assets. HKFRS 9 amended in 2010 includes the requirements for the classification and measurement of financial liabilities and for derecognition.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

2. Application of new and revised Hong Kong Financial Reporting Standards ("HKFRSs") (continued)

HKFRS 9 Financial Instruments (continued)

Key requirements of HKFRS 9 are described as follows:

All recognised financial assets that are within the scope of HKAS 39 *Financial Instruments: Recognition and Measurement* are subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent reporting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.

With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value of financial liabilities attributable to changes in the financial liabilities' credit risk are not subsequently reclassified to profit or loss. Under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss was presented in profit or loss.

HKFRS 9 is effective for annual periods beginning on or after 1 January 2015, with earlier application permitted.

The directors are of the opinion that it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

New and revised standards on consolidation, joint arrangements, associates and disclosures

In June 2011, a package of five standards on consolidation, joint arrangements, associates and disclosures was issued, including HKFRS 10, HKFRS 11, HKFRS 12, HKAS 27 (as revised in 2011) and HKAS 28 (as revised in 2011).

Key requirements of these five standards are described below.

HKFRS 10 replaces the parts of HKAS 27 *Consolidated and Separate Financial Statements* that deal with consolidated financial statements. SIC-Int 12 *Consolidation – Special Purpose Entities* will be withdrawn upon the effective date of HKFRS 10. Under HKFRS 10, there is only one basis for consolidation, that is, control. In addition, HKFRS 10 includes a new definition of control that contains three elements: (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor's returns. Extensive guidance has been added in HKFRS 10 to deal with complex scenarios.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

2. Application of new and revised Hong Kong Financial Reporting Standards ("HKFRSs") (continued)

New and revised standards on consolidation, joint arrangements, associates and disclosures (continued)

HKFRS 11 replaces HKAS 31 *Interests in Joint Ventures*. HKFRS 11 deals with how a joint arrangement of which two or more parties have joint control should be classified. SIC – Int 13 *Jointly Controlled Entities – Non-monetary Contributions by Venturers* will be withdrawn upon the effective date of HKFRS 11. Under HKFRS 11, joint arrangements are classified as joint operations or joint ventures, depending on the rights and obligations of the parties to the arrangements. In contrast, under HKAS 31, there are three types of joint arrangements: jointly controlled entities, jointly controlled assets and jointly controlled operations. In addition, joint ventures under HKFRS 11 are required to be accounted for using the equity method of accounting, whereas jointly controlled entities under HKAS 31 can be accounted for using the equity method of accounting or proportionate consolidation.

HKFRS 12 is a disclosure standard and is applicable to entities that have interests in subsidiaries, joint arrangements, associates and/or unconsolidated structured entities. In general, the disclosure requirements in HKFRS 12 are more extensive than those in the current standards.

In July 2012, the amendments to HKFRS 10, HKFRS 11 and HKFRS 12 were issued to clarify certain transitional guidance on the application of these five HKFRSs for the first time.

These five standards, together with the amendments relating to the transitional guidance, are effective for annual periods beginning on or after 1 January 2013 with earlier application permitted provided that all of these standards are applied at the same time.

The directors do not anticipate that the application of the standards and amendments will have a material effect on the Group's consolidated financial statements.

HKFRS 13 Fair Value Measurement

HKFRS 13 establishes a single source of guidance for fair value measurements and disclosures about fair value measurements. The standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The scope of HKFRS 13 is broad; it applies to both financial instrument items and non-financial instrument items for which other HKFRSs require or permit fair value measurements and disclosures about fair value measurements, except in specified circumstances. In general, the disclosure requirements in HKFRS 13 are more extensive than those in the current standards. For example, quantitative and qualitative disclosures based on the three-level fair value hierarchy currently required for financial instruments only under HKFRS 7 *Financial Instruments: Disclosures* will be extended by HKFRS 13 to cover all assets and liabilities within its scope.

HKFRS 13 is effective for annual periods beginning on or after 1 January 2013, with earlier application permitted. The directors anticipate that the application of the new standard may affect certain amounts reported in the consolidated financial statements and result in more extensive disclosures in the consolidated financial statements.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

3. Significant accounting policies

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange and the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments and investment properties, which are measured at fair values, as explained in accordance with the accounting policies set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

Income and expenses of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the effective date of acquisition and up to the effective date of disposal, as appropriate.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by other members of the Group.

All intra-group transactions, balances, income and expenses are eliminated on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein.

Allocation of total comprehensive income to non-controlling interests

Total comprehensive income and expense of a subsidiary is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

Notes to the Consolidated Financial Statements

*For the Year ended 31 December 2012***3. Significant accounting policies** *(continued)***Basis of consolidation** *(continued)**Changes in the Group's ownership interests in existing subsidiaries (continued)*

When the Group loses control of a subsidiary, it (i) derecognises the assets (including any goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost, (ii) derecognises the carrying amount of any non-controlling interests in the former subsidiary at the date when control is lost (including any components of other comprehensive income attributable to them), and (iii) recognises the aggregate of the fair value of the consideration received and the fair value of any retained interest, with any resulting difference being recognised as a gain or loss in profit or loss attributable to the Group. When assets of the subsidiary are carried at revalued amounts or fair values and the related cumulative gain or loss has been recognised in other comprehensive income and accumulated in equity, the amounts previously recognised in other comprehensive income and accumulated in equity are accounted for as if the Group had directly disposed of the related assets (i.e. reclassified to profit or loss or transferred directly to retained earnings as specified by applicable HKFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKAS 39 *Financial Instruments: Recognition and Measurement* or, when applicable, the cost on initial recognition of an investment in an associate or a jointly controlled entity.

Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition – related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with HKAS 12 *Income Taxes* and HKAS 19 *Employee Benefits* respectively;
- liabilities or equity instruments related to share-based payment transactions of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 *Share-based Payment* at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after re-assessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Business combinations *(continued)*

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at their fair value or, when applicable, on the basis specified in another Standard.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost less any accumulated impairment losses, if any, and is presented separately in the consolidated statement of financial position.

For the purposes of impairment testing, goodwill is allocated to each of the cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually or more frequently whenever there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata on the basis of the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods sold in the normal course of business, net of discounts and sales related taxes.

Revenue from the sale of goods is recognised when the goods are delivered and title have passed, at which time all the following conditions are satisfied:

- The Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably,
- It is probable that the economic benefits associated with the transaction will flow to the Group; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue recognition *(continued)*

Royalty income, which is earned based on a percentage of the sales of franchisee, is recognised on an accrual basis in the period in which the sales of the franchisee take place, in accordance with the terms of the relevant agreements.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income from a financial asset is accrued on a time basis, by reference to the principal outstanding and at the effective interest applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Rental income from operating leases is recognised in the profit or loss on a straight-line basis over the term of the relevant lease.

Property, plant and equipment

Property, plant and equipment including buildings held for use in the production or supply of goods or services, or for administrative purposes (other than properties under construction as described below) are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of items of property, plant and equipment other than properties under construction less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs include professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

If an item of property, plant and equipment becomes an investment property because its use has changed as evidenced by end of owner-occupation, any difference between the carrying amount and the fair value of that item at the date of transfer is recognised in other comprehensive income and accumulated in properties revaluation reserve. On the subsequent sale or retirement of the asset, the relevant revaluation reserve will be transferred directly to retained profits.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefit is expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the period in which the item is derecognised.

Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at their fair values using the fair value model. Gains or losses arising from changes in the fair value of investment property are included in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss in the period in which the item is derecognised.

If an investment property becomes an item of property, plant and equipment because its use has changed as evidenced by commencement of owner-occupation, the fair value of that item at the date of change in use shall be treated as its deemed cost for subsequent accounting in accordance with HKAS 16 *Property, Plant and Equipment*.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessor

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease.

The Group as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the term of the relevant lease. Benefits received and receivable as an incentive to enter into an operating lease are recognised as a reduction of rental expense over the lease term on a straight-line basis. Contingent rents are recognised and charged as expense in the period, in which they are incurred.

Leasehold land and building

The land and building elements of a lease of land and building are considered separately for the purpose of lease classification, unless the lease payments cannot be allocated reliably between the land and building elements, in which case, the entire lease is generally treated as a finance lease. To the extent the allocation of the lease payments can be made reliably, leasehold interests in land are accounted for as operating leases and amortised over the lease term on a straight-line basis, except for those that are classified and accounted for as investment properties under the fair value model.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded in the respective functional currency (i.e. the currency of the primary economic environment in which the entity operates) at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) at the rate of exchange prevailing at the end of the reporting period, and their income and expenses are translated at the average exchange rates for the year. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve (attributed to non-controlling interest as appropriate).

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale for which the commencement date for capitalisation, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as a deduction from the carrying amount of the relevant asset in the consolidated statement of financial position and transferred to profit or loss over the useful lives of the related assets. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Retirement benefit costs

Payments to state-managed retirement benefit schemes and the Mandatory Provident Fund Scheme are recognised as an expense when employees have rendered service entitling them to the contributions.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the consolidated statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

3. Significant accounting policies *(continued)*

Taxation *(continued)*

For the purposes of measuring deferred tax liabilities or deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale. If the presumption is rebutted, deferred tax liabilities and deferred tax assets for such investment properties are measured in accordance with the above general principles set out in HKAS 12 (i.e. based on the expected manner as to how the properties will be recovered).

Current and deferred tax is recognised in profit or loss, except when it relates to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax is also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Intangible assets

Intangible assets acquired in a business combination

Intangible assets acquired in a business combination are recognised separately from goodwill and are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets with indefinite useful lives are carried at cost less any subsequent accumulated impairment losses (see the accounting policy in respect of impairment losses on tangible and intangible assets below).

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the weighted average method.

Financial instruments

Financial assets and financial liabilities are recognised in the statement of financial position when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Notes to the Consolidated Financial Statements

3. Significant accounting policies *(continued)*

Financial instruments *(continued)*

Financial assets

The Group's financial assets are classified into one of the two categories, including loans and receivables and available-for-sale investments. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including trade and other receivables, amounts due from related parties and bank balances and cash) are carried at amortised cost using the effective interest method, less any identified impairment losses (see accounting policy on impairment loss on financial assets below).

Available-for-sale investments

Available-for-sale investments are non-derivative financial assets that are either designated or not classified as financial assets with fair value through profit or loss, loans and receivables or held-to-maturity investment. At the end of each reporting period subsequent to initial recognition, available-for-sale investments are measured at fair value. Changes in fair value are recognised in other comprehensive income and accumulated in investment revaluation reserve, until the financial asset is disposed of or is determined to be impaired, at which time, the cumulative gain or loss previously accumulated in the investment revaluation reserve is reclassified to profit or loss (see accounting policy on impairment loss on financial assets below).

For available-for-sale equity investments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured, they are measured at cost less any identified impairment losses at the end of reporting period (see accounting policy on impairment loss on financial assets below).

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of the reporting period. Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

3. Significant accounting policies *(continued)*

Financial instruments *(continued)*

Impairment of financial assets (continued)

For an available-for sale equity investment, a significant or prolonged decline in the fair value of that investment below its cost is considered to be objective evidence of impairment.

For all other financial assets, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial reorganisation.
- the disappearance of an active market for that financial asset because of financial difficulties.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate.

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimate future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

When an available-for-sale financial asset is considered to be impaired, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss in the period in which the impairment takes place.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Impairment losses on available-for-sale equity investments will not be reversed in profit or loss in subsequent periods. Any increase in fair value subsequent to impairment loss is recognised directly in other comprehensive income and accumulated in investment revaluation reserve.

3. Significant accounting policies *(continued)*

Financial instruments *(continued)*

Financial liabilities and equity

Financial liabilities and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The Group's financial liabilities are generally classified into other financial liabilities.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points or received that form an intergrate part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

Other financial liabilities

Financial liabilities (including trade and other payables, amounts due to related companies/directors/a shareholder/non-controlling shareholders, dividend payable and bank loans) are subsequently measured at amortised cost, using the effective interest method.

Equity instruments

Equity instruments issued by the Group are recorded as the proceeds received, net of direct issue costs.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group continues to recognise the asset to the extent of its continuing involvement and recognises an associated liability. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid or payable is recognised in profit or loss.

Notes to the Consolidated Financial Statements

Share options granted to employees

The fair value of services received determined by reference to the fair value of share options at the grant date is expensed on a straight-line basis over the vesting period, with a corresponding increase in equity (share options reserve).

At the end of the reporting period, the Group revises its estimates of the number of options that are expected to ultimately vest. The impact of the revision of the original estimates during the vesting period, if any, is recognised in profit or loss such that the accumulative expense reflects the revised estimate, with a corresponding adjustment to share options reserve.

At the time when the share options are exercised, the amount previously recognised in share options reserve will be transferred to share premium. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share options reserve will be transferred to retained profits.

Impairment losses on tangible and intangible assets other than goodwill (see the accounting policy in respect of goodwill above)

At the end of the reporting period, the Group reviews the carrying amounts of its assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit) in prior years. A reversal of an impairment loss is recognised as income immediately.

4. Critical accounting judgements and key source of estimation uncertainty

In the process of applying the Group's accounting policies which are described in note 3 of the consolidated financial statements, the management has made various estimates based on past experience, expectations of the future and other information. The critical judgements and key source of estimation uncertainty at the end of the report period, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Critical judgements in applying accounting policies

Deferred taxation on investment properties

For the purposes of measuring deferred tax liabilities or deferred tax assets arising from investment properties that are measured using the fair value model, the directors have reviewed the Group's investment property portfolios and concluded that the Group's investment properties are not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time, rather than through sale. Therefore, in measuring the Group's deferred taxation on investment properties, the directors have determined that the presumption that the carrying amounts of investment properties measured using the fair value model are recovered entirely through sale is not rebutted.

As a result, the Group has not recognised any deferred taxes on changes in fair value of investment properties located in Hong Kong as the Group is not subject to any income taxes on disposal of these investment properties and deferred taxes on changes in fair value of investment properties located in the PRC have been properly accounted for in the consolidated financial statements of the Group.

Key source of estimation uncertainty

Estimated impairment of Restaurant Cash Generating Units and Domon Cash Generating Units (as defined in notes 17 and 32, respectively), containing goodwill and indefinite life intangible assets acquired through business combinations

Determining whether goodwill and intangible assets acquired through business combinations are impaired requires an estimation of the value in use of the Restaurant Cash Generating Units and Domon Cash Generating Units to which the relevant goodwill and indefinite life intangible assets have been allocated. The value in use calculation requires the Group to estimate the future cash flows expected to arise from the Restaurant Cash Generating Units and Domon Cash Generating Units and suitable discount rates in order to calculate their present values. Where the actual future cash flows are less than expected, a material impairment loss may arise. As at 31 December 2012, the carrying amount of goodwill and intangible assets of the Group was approximately HK\$37,135,000 (2011: HK\$44,791,000) and HK\$6,400,000 (2011: HK\$15,800,000), respectively. Details of the recoverable amount calculations are disclosed in notes 17 and 32.

Estimated fair values of investment properties

Management reviews the carrying amounts of the Group's property interests held for purposes to earn rentals and/or for capital appreciation with aggregate carrying amount of approximately HK\$378,273,000 (2011: HK\$327,161,000) with reference to the current market environment whenever events or changes in circumstances indicate that the carrying amounts of the assets change. Changes in carrying amounts of the assets are recognised in profit and loss when there is objective evidence that the carrying amounts fluctuate.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

4. Critical accounting judgements and key source of estimation uncertainty *(continued)*

Key source of estimation uncertainty *(continued)*

Estimated fair values of investment properties (continued)

In determining the carrying amounts of the investment properties, the Group takes into consideration the current market environment, the estimated market value of the properties held and to be acquired and/or the estimated net sale proceeds it expects to receive on disposals of the properties. If the market environment/circumstances changes significantly, resulting in a change of carrying amounts of these property interests, change in carrying amounts will be recognised. For the year ended 31 December 2012, an aggregate change in carrying amounts on the Group's property interests held for rental and capital appreciation purpose amounted to approximately HK\$39,031,000 (2011: HK\$38,617,000) has been recognised in the profit or loss.

Useful lives and residual value of property, plant and equipment

The Group's management determines the residual values, useful lives and related depreciation charges for its property, plant and equipment. This estimate is based on the historical experience of the actual residual value and useful lives of property, plant and equipment of similar nature and functions and may vary significantly as a result of keen competitions from competitors, resulting in higher depreciation charge and/or write-off or write-down of obsolete assets when residual value or useful lives are less than previously estimated.

At 31 December 2012, the carrying amount of property, plant and equipment amounted to approximately HK\$1,083,272,000 (2011: HK\$1,075,167,000).

5. Segment information

Information reported to Ms. Poon, the Group's chief operating decision maker, for the purposes of resource allocation and assessment of performance, is analysed by different operating divisions and geographical locations. This is also the basis upon which the Group is organised and specifically focuses on the Group's three operating divisions, namely operation of restaurants, manufacture and sales of noodles and related products and investment holding. No operating segments identified by the chief operating decision maker have been aggregated in arriving at the reportable segments of the Group.

The Group's operating and reportable segments under HKFRS 8 are as follows:

Operation of restaurants	–	operation of restaurants in the PRC
	–	operation of restaurants in Hong Kong
Manufacture and sales of noodles and related products	–	manufacture and sales of packaged noodles and related products in the PRC
Investment holding	–	leasing of property interests

Information regarding these segments is presented below.

The accounting policies of the operating segments are the same as the Group's accounting policies described in note 3. Segment profit represents the profit earned by each segment without allocation of central administrative costs and directors' salaries, investment income and finance costs. This is the measure reported to the chief operating decision maker, Ms. Poon, for the purposes of resource allocation and assessment of segment performance.

Measures of total assets and liabilities are not reported as these financial information is not reviewed by the Group's chief operating decision maker for the assessment of performance and resources of the Group's business activities.

11. Taxation

	2012 HK\$'000	2011 HK\$'000
Hong Kong Profits Tax		
– Current year	7,725	10,926
PRC income tax		
– Current year	54,550	113,766
– Withholding taxes paid	7,515	13,541
– Underprovision in prior years	6,084	14,546
	75,874	152,779
Deferred taxation (note 18)	(4,571)	(2,664)
	71,303	150,115

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for the years ended 31 December 2012 and 31 December 2011.

Under the Law of the People's Republic of China on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% except the followings:

- (a) Pursuant to the relevant provincial policy and with written approval obtained from the State Tax Bureau in Chongqing ("Chongqing STB") in 2009, Chongqing Weiqian Food & Restaurant Management Co., Ltd. 重慶味千餐飲管理有限公司 ("Chongqing Weiqian") which is located in Chongqing, China applied a preferential tax rate of 15% ("Preferential Tax Treatment") during the years 2009 and 2010.

During the year ended 31 December 2011, the Company received notice that the PRC National Audit Office issued a letter to the Chongqing STB stating that a few restaurant companies, including Chongqing Weiqian, should not have been granted the Preferential Tax Treatment for 2009. The PRC National Audit Office's ruling is that Chongqing Weiqian should pay enterprise income tax at the standard rate of 25%. During the year ended 31 December 2011, the Group made additional enterprise income tax provision of approximately HK\$3.8 million (equivalent to approximately RMB3.2 million) for 2009 and paid such amount to the Chongqing STB on a timely manner as requested. As such, the Group applied the standard enterprise income tax rate of 25% for Chongqing Weiqian for the year ended 31 December 2011 and beyond.

In addition, the Group made provision of approximately HK\$10.7 million (equivalent to approximately RMB9.0 million) for the potential payment of additional enterprise income tax based on the standard rate of 25% for 2010. This provision is based on the Group's assessment that the above PRC National Audit Office ruling has brought uncertainties to the Preferential Tax Treatment that Chongqing Weiqian enjoyed.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

11. Taxation (continued)

As a result of the foregoing, during the year ended 31 December 2011, the Group recognised a one-time tax liability of approximately HK\$14.5 million (equivalent to approximately RMB12.2 million) related to the change in the Preferential Tax Treatment for the prior years. The directors of the Company believe that the Preferential Tax Treatment Chongqing Weiqian previously enjoyed was appropriate under relevant published government rules and regulations and the written approval it received in 2009.

- (b) The tax rates of Weiqian Noodle Food Service (Shenzhen) Co., Ltd. and Weiqian Noodle (Shenzhen) Co., Ltd. increased from 15% and 15% to 25% and 25%, respectively, progressively from 1 January 2008 onwards. The relevant tax rates for these entities were 25% and 25% for the year ended 31 December 2012 (2011:24% and 24%).

Under relevant tax law and implementation regulations in the PRC, dividends paid out of the net profits derived by the PRC operating subsidiaries after 1 January 2008 are subject to PRC withholding tax at a rate of 10% or a lower treaty rate in accordance with relevant tax laws in the PRC. Under the relevant tax treaty, withholding tax rate on distributions to Hong Kong resident companies is 5%. Withholding tax has been provided for based on the anticipated dividends to be distributed by the PRC entities.

Tax charge for the year is reconciled to profit before taxation as follows:

12. Dividends

	2012 HK\$'000	2011 HK\$'000
Dividends recognised as distribution during the year:		
Interim, paid – HK2.19 cents per share for 2012 (2011: HK5.95 cents)	23,514	63,842
Final, paid – HK2.28 cents per share for 2011 (2011: paid – HK10.5 cents per share for 2010)	24,480	112,525
Special, paid – HK9.80 cents per share for 2011 (2011: paid – HK12.50 cents per share for 2010)	105,221	133,958
	153,215	310,325

A final dividend of HK1.40 cents per ordinary share (2011: HK2.28 cents per share) and special dividend of HK10.80 cents per share (2011: HK9.80 cents per share) has been proposed by the directors and is subject to approval by the shareholders in the annual general meeting.

13. Earnings per share

Calculation of the basic and diluted earnings per share attributable to the owners of the Company is based on the following data:

	2012 HK\$'000	2011 HK\$'000
Earnings for the purposes of basic and diluted earnings per share, being profit for the year attributable to owners of the Company	154,230	349,906

	Number of shares	Number of shares
Weighted average number of ordinary shares for the purpose of calculating basic earnings per share	1,073,629,875	1,071,980,459
Effect of dilutive potential ordinary shares relating to: – outstanding share options	6,374,323	10,968,353
Weighted average number of ordinary shares for the purpose of calculating diluted earnings per share	1,080,004,198	1,082,948,812

Certain outstanding share options of the Company have not been included in the computation of diluted earnings per share as they did not have dilutive effect to the Company's earnings per share during the years ended 31 December 2012 and 31 December 2011 because the exercise prices of these options were higher than the average market prices of the Company's shares during both years.

The goodwill of approximately HK\$7.7 million is allocated to the cash generating unit of subsidiaries acquired in the year of 2011 (“Domon Cash Generating Units”).

During the year ended 31 December 2012, management of the Group determines that the impairment loss of approximately HK\$7.7 million (2011: nil) in relation to goodwill arising on acquisition of Domon Cash Generating Units. Management of the Group determined that there are no impairments of the Restaurants Cash Generating Units containing goodwill.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

17. Goodwill (continued)

The recoverable amounts of the Restaurants Cash Generating Units and Domon Cash Generating Units are determined from value in use calculations. The key assumptions for the value in use calculations are those regarding the discount rates, growth rates and expected changes to selling prices and direct costs during the period. Management estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money and the risks specific to the Restaurants Cash Generating Units and Domon Cash Generating Units. The growth rates are by reference to industry growth forecasts. Changes in selling prices and direct costs are based on past practices and expectations of future changes in the market.

During the year ended 31 December 2012, the Group performed impairment review for goodwill of the Restaurant Cash Generating Units based on cash flow forecasts derived from the most recent financial budgets for the next five years approved by management using a discount rate of 14% (2011: 14.0%) which reflects current market assessments of the time value of money and the risks specific to the Restaurants Cash Generating Units. The cash flows beyond the next five years are explored using a growth rate of 3% (2011: 3.0%) per annum. The growth rates are by reference to industry growth forecasts. No impairment loss was considered necessary.

During the year ended 31 December 2012, the Group performed impairment review on goodwill of the Domon Cash Generating Units with cash flow projections based on financial budgets approved by management covering five year period and a discount rate of 16% (2011: 10.4%). The discount rate is the return of the Group's assets that reflects current market assessments of the time value of money and the specific risk associated with the Domon Cash Generating Units, after taking into account of the weighted average cost of equity and debt. The cashflows for the years beyond the five year period are explored using a growth rate of 5% per annum (2011: 13%). Impairment loss is mainly resulted from lower growth rate than expected and increased direct costs of operations.

18. Deferred taxation

The following is the deferred tax assets (liabilities) recognised by the Group and movements thereon during the year.

	Difference in depreciation HK\$'000	Revaluation of properties HK\$'000	Accrued rentals HK\$'000	Withholding tax on undistributed dividends HK\$'000	Government subsidies HK\$'000	Total HK\$'000

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

18. Deferred taxation *(continued)*

The following is the analysis of the deferred tax balances for financial reporting purposes:

	2012 HK\$'000	2011 HK\$'000
Deferred tax assets	3,032	3,032
Deferred tax liabilities	(20,735)	(22,353)
	(17,703)	(19,321)

The Group has unutilised tax losses of approximately HK\$114,237,000 (2011: HK\$80,075,000) available for offset against future profits. No deferred tax asset has been recognised in respect of the unutilised tax losses due to the unpredictability of future profit streams. The unrecognised tax losses may be carried forward indefinitely except the losses which expire as follows:

Year of expiry	2012 HK\$'000	2011 HK\$'000
2012	–	2,460
2013	6,214	6,236
2014	1,016	1,214
2015	2,234	2,689
2016	7,012	8,473
2017	9,346	–
	25,822	21,072

Under the New Tax Law, withholding tax is imposed on dividends declared in respect of profits earned by PRC subsidiaries from 1 January 2008 onwards. Except for the deferred tax liabilities provided for the undistributed profits of certain PRC operating subsidiaries of approximately HK\$113,560,000 (2011: HK\$189,000,000), deferred tax liabilities have not yet been provided for in the consolidated financial statements in respect of temporary differences attributable to undistributed profits of the PRC subsidiaries derived in the year ended 31 December 2012 amounting to approximately HK\$767,000,000 (2011: HK\$706,000,000) as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

19. Available-for-sale investments

	2012	2011
	HK\$'000	HK\$'000
Unlisted equity investments in British Virgin Islands, at cost	20,000	5,000
Unlisted equity investments in PRC, at cost	1,154	537
	21,154	5,537

The unlisted equity investments are equity securities issued by a private entity established in PRC and British Virgin Islands at 31 December 2012 and 31 December 2011.

On 26 January 2012, an indirect wholly-owned subsidiary of the Company, namely Ajisen Project Limited ("Ajisen Project"), acquired additional 10% equity interests in the private entity established in British Virgin Islands carrying out food and beverage business (including but not limit to barbecue) in the PRC (the "Investments") for a cash consideration of HK\$15,000,000 from an independent third party (the "Vendor") in which Ajisen Project, Amni Trust and the Vendor which is not related to the Company owned 5%, 5% and 90% equity interests, respectively, immediately prior to such acquisition at 31 December 2011. Immediately upon completion of the transaction and at the year ended 31 December 2012, the Group owned 15% equity interests in the Investments and would neither gain control nor significant influence of the Investments. The Investments would remain as available-for-sale investments as reflected in the consolidated statement of financial position at 31 December 2012.

The investments are measured at cost less impairment at the end of each reporting period because the range of reasonable fair value estimates is so significant that the directors are of the opinion that fair values cannot be measured reliably.

20. Inventories

Advance to suppliers	17,867	18,709
Other receivables and prepayments	34,130	45,029
	118,346	149,669

The related company is a company in which Ms. Poon has controlling interests.

Customers including both independent third parties and related company of noodles and related products are normally granted 60 to 90 days credit period upon issuance of invoices, except for certain well established customers for which the credit terms are up to 180 days. There was no credit period for customers relating to sales from operation of restaurants. The following is an aged analysis of trade receivables net of allowance for doubtful debts presented based on invoice dates at the end of the reporting period, which approximated the respective revenue recognition dates:

	2012 HK\$'000	2011 HK\$'000
Age		
0 to 30 days	13,465	25,282
31 to 60 days	463	1,931
61 to 90 days	1,207	329
91 to 180 days	1,825	454
Over 180 days	1,849	2,482
	18,809	30,478

No interest is charged on the trade receivables. The Group has provided fully for all receivables over 365 days based on historical experience. Trade receivables between 91 and 365 days are provided for based on estimated irrecoverable amounts from the sales of goods, determined by reference to past default experience and objective evidences of impairment. Major debtors comprising the Group's trade receivables that are neither past due nor impaired at 31 December 2012 and 31 December 2011 have no default history and of good credit quality.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

21. Trade and other receivables (continued)

Included in the Group's trade receivable balances are debtors with a carrying amount of approximately HK\$1,849,000 (2011: HK\$2,482,000) which are past due as at 31 December 2012 for which the Group has not provided as the Group has recovered such amount subsequent to the end of the reporting period. The Group does not hold any collateral over the balances. The age of these balances was 270 days as at 31 December 2012 (2011: 270 days).

At 1 January 2011, 31 December 2011 and 31 December 2012, the Group had allowance for doubtful debts of approximately HK\$2,350,000 in respect of individually fully impaired trade receivables relating to entities under severe financial difficulties. The Group does not hold any collateral over these balances. No further allowance has been provided during the years ended 31 December 2012 and 31 December 2011.

In determining the recoverability of the trade receivables, the Group reassesses any change in the credit quality of the trade receivables since the credit was granted and up to the end of the reporting period. After reassessment, the directors believe that no further allowance is required.

As at December 2012 and 31 December 2011, the other receivables of the Group are neither past due nor impaired as they have no default history and there are continuous subsequent settlement.

22. Amounts due from related parties

Details of the amounts due from related parties are as follows:

Name of related party	2012 HK\$'000	2011 HK\$'000	Maximum amount outstanding during the year HK\$'000
Well Keen International Ltd., a company in which Ms. Poon Wai has controlling interests	14	14	14
Step Profit Ltd., a company in which Ms. Poon Wai has controlling interests	–	1,070	1,070
	14	1,084	

The amounts are unsecured, interest-free and repayable on demand.

As at 31 December 2012 and 31 December 2011, the related parties of the Group are neither past due nor impaired as they have no default history and there are continuous subsequent settlement. The Group does not hold collateral over these balances.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

23. Bank balance and cash/foreign currency forward contracts

During the year ended 31 December 2011, the Group entered into an arrangement with a financial institution pursuant to which the Group would purchase United States dollars ("USD") at a pre-determined rate from this counterparty for a contractual period of one year. Details were as follows:

Principal amount	Maturity	Forward exchange rate
USD33,287,000	Gross settlement in June 2012	Buy USD/Sell RMB at 6.4800

As at 31 December 2011, the fair values of the foreign currency forward contracts related to this transaction were measured using quoted forward exchange rates to match the maturities of the contracts at the end of the relevant reporting period.

In the opinion of the directors of the Company, changes in fair value of the above foreign currency forward contracts did not have material impact on the financial position of the Group.

As at 31 December 2012, the Group did not have any outstanding foreign currency forward contracts.

Bank balances and cash comprise cash held by the Group and short-term bank deposits with an original maturity of three months or less which carry interest at market rates ranging from 0.35% to 3.87% (2011: 0.36% to 3.87%) per annum.

The Group's bank balances and cash that were denominated in USD, foreign currency of the relevant group entities were re-translated in HK\$ and stated for reporting purposes as:

	2012	2011
	HK\$'000	HK\$'000
- USD	42,393	298,723

Certain bank balances and cash of approximately HK\$1,552,996,000 (2011: HK\$1,468,901,000) were denominated in RMB which is not a freely convertible currency in the international market. The exchange rate of RMB is determined by the Government of the PRC and the remittance of these funds out of the PRC is subject to exchange restrictions imposed by the Government of the PRC.

- (b) During the year ended 31 December 2012, the Company issued 1,134,450 new shares upon exercise of share options at the average exercise price of HK\$4.6970 per share.

All shares issued during the years ended 31 December 2012 and 31 December 2011 ranked pari passu in all respects with all shares then in issue.

28. Share option schemes

The Company adopted its share option scheme (the "Share Option Scheme") and pre-IPO share option scheme (the "Pre-IPO Share Option Scheme").

(a) Share Option Scheme

The purpose of the Share Option Scheme is to enable the Company to grant option to the eligible participants in recognition of their contribution made or to be made to the Group. Under the Share Option Scheme, the board of directors of the Company (the "Board") may offer to grant an option to any director or employee, or any advisor, consultant, individual or entity who in the opinion of the Board has contributed or will contribute to the growth and development of the Group.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

28. Share option schemes (continued)**(a) Share Option Scheme** (continued)

The total number of shares issued and which may fall to be issued upon exercise of the options granted pursuant to the Share Option Scheme to an eligible participant in any 12-month period shall not exceed 1% of the number of shares in issue unless approved by shareholders in general meeting. The maximum number of shares in respect of which options may be granted under the Share Option Scheme shall not in aggregate exceed 10% of the Shares in issue as the date of approval of the Share Option Scheme, i.e. a total of 100,000,000 shares.

No consideration is payable on the grant of the Company's options. The exercise price of a share in respect of option granted under the Share Option Scheme will be determined by the Board provided that it shall not be less than the higher of: (i) the closing price of the shares as stated in the daily quotations sheet of the Stock Exchange on the date of grant, and (ii) the average closing price of the shares as stated in the daily quotations sheets of the Stock Exchange for the 5 business days immediately preceding the date of grant, and (iii) the nominal value of the shares.

Note: (A) On 19 January 2012, the Company modified details of certain outstanding share options previously granted by the Company on 26 August 2011. The exercise price of 22,340,000 outstanding share options at the date of modification was reduced from HK\$11.16 per share to HK\$9.42 per share.

The fair value of the share options of the Company immediately before and after modification at 19 January 2012 were calculated using the Black Scholes pricing model. The inputs into the model were as follows:

	Before modification	After modification
Share price	HK\$9.42	HK\$9.42
Exercise price	HK\$11.16	HK\$9.42
Expected volatility	53.59%	53.59%
Expected life (years)	5.10 to 7.10 years	5.10 to 7.10 years
Risk free interest rates	0.716% to 1.075%	0.716% to 1.075%
Expected dividend yield	1.115%	1.115%

The risk-free interest rates were based on yield of Hong Kong Exchange Fund Note. Expected volatility was determined by using the historical volatility of the Group's share price over the previous years. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations. Changes in variables and assumptions may result in changes in fair values of the share options.

The fair values of the share options of the Company immediately before and after modification at 19 January 2012 were approximately HK\$87,330,000 and HK\$95,828,000, respectively. The incremental fair values of approximately HK\$8,498,000 will be expensed over the remaining vesting period of the relevant options.

28. Share option schemes (continued)**(a) Share Option Scheme** (continued)

Note: (continued)

- (B) On 15 October 2012, the Company modified details of certain outstanding share options previously granted by the Company on 26 August 2011 again. The exercise price of 19,250,000 outstanding share options at the date of modification was reduced from HK\$9.42 per share to HK\$5.53 per share.

The fair value of the share options of the Company immediately before and after modification at 15 October 2012 were calculated using the Black Scholes pricing model. The inputs into the model were as follows:

	Before modification	After modification
Share price	HK\$5.53	HK\$5.53
Exercise price	HK\$9.42	HK\$5.53
Expected volatility	54.33%	54.33%
Expected life (years)	6.64 – 7.61 years	6.64 – 7.61 years
Risk free interest rates	0.398% – 0.458%	0.398% – 0.458%
Expected dividend yield	0.808%	0.808%

The risk-free interest rates were based on yield of Hong Kong Exchange Fund Note. Expected volatility was determined by using the historical volatility of the Group's share price over the previous years. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations. Changes in variables and assumptions may result in changes in fair values of the share options.

The fair values of the share options of the Company immediately before and after modification at 15 October 2012 were approximately HK\$40,074,000 and HK\$52,722,000, respectively. The incremental fair values of approximately HK\$12,648,000 will be expensed over the remaining vesting period of the relevant options.

The details of the share options granted during 2008 and 2010 are set out below:

- (4) The fair values of the share options of the Company at the grant date were calculated using the Black-Scholes pricing model. The inputs into the model were as follows:

	Granted on 26 August 2011
Share price	HK\$11.160
Exercise price	HK\$11.160
Expected volatility	53.91%
Expected life	5.50 to 7.50
Risk-free interest rates	0.907% to 1.355%
Expected dividend yield	0.941%

The closing price of the Company's shares on the date immediately before the date of grant was HK\$10.52. The risk-free interest rates were based on yield of Hong Kong Exchange Fund Note. Expected volatility was determined by using the historical volatility of the Group's share price over the previous years. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioral considerations. Changes in variables and assumptions may result in changes in the fair values of the share options.

The details of the share options granted during the year ended 31 December 2012 are set out below:

- (1) The share options granted under the Share Option Scheme on 15 October 2012 was at an exercise price of HK\$5.53 per share.
- (2) The exercise period is from 15 October 2012 to 14 October 2022.
- (3) For the share options granted on 15 October 2012, the options will be vested in 5 tranches, i.e. the first 20% on 14 October 2012, the second 20% on 14 October 2013, the third 20% on 14 October 2014, the fourth 20% on 14 October 2015 and the balance on 14 October 2016.
- (4) The fair values of the share options of the Company at the grant date were calculated using the Black-Scholes pricing model. The inputs into the model were as follows:

- (6) The estimated fair values of the share options granted on 8 March 2007 were approximately HK\$12,500,000. The fair values of the share options of the Company were calculated using the Black-Scholes pricing model. The inputs into the model were as follows:

Share price	HK\$5.4700
Exercise price	HK\$4.6495
Expected volatility	19.73%
Expected life	4.25 years
Risk-free interest rate	4.092%
Expected dividend yield	Nil

The risk-free interest rate was based on yield of Hong Kong Exchange Fund Note. Expected volatility was determined by using the historical volatility of entities with the business in which the Group is engaged. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non transferability, exercise restrictions and behavioural considerations. Changes in variables and assumptions may result in changes in the fair values of the Pre-IPO share options.

- (7) No consideration is payable on the grant of the Company's Pre-IPO share options.

The Group did not recognise expense for the year ended 31 December 2012 (2011: HK\$787,500) in relation to share options granted by Company under the Pre-IPO Share Option Scheme since the options were fully vested during the year ended 31 December 2011.

Notes to the Consolidated Financial Statements*For the Year ended 31 December 2012***30. Financial instruments** *(continued)***(b) Financial risk management objectives and policies**

The Group's major financial instruments include available-for-sale investments, trade and other receivables, amounts due from related parties, bank balances and cash, trade and other payables, amounts due to related companies/a shareholder/directors/non-controlling shareholders, dividend payable and bank loans. Details of these financial instruments are disclosed in respective notes. The Group's activities expose it to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Currency risk

The Group's exposure to foreign currency risk is arising mainly from the bank balances of the Group which are denominated in foreign currencies of the relevant group entities. Except for the bank balances denominated in foreign currencies of the relevant group entities, the group entities did not have any other monetary assets or liabilities denominated in foreign currencies as at the end of the reporting period.

The carrying amounts of the Group's bank balances that are denominated in foreign currency of group entities, representing USD, as at 31 December 2012 and 31 December 2011 are approximately HK\$42,393,000 and HK\$298,723,000, respectively.

No bank loan is denominated in foreign currency as at 31 December 2012 (2011: equivalent to HK\$233,490,000 of bank loans in USD).

The Group currently does not have a foreign currency hedging policy but the directors of the Company monitor foreign exchange exposure by closely monitoring the foreign exchange risk profile by way of arrangement of foreign currency forward contracts and will consider hedging significant foreign currency exposure should the need arise.

Sensitivity analysis

This sensitivity analysis details the Group's sensitivity to a 5% appreciation and depreciation in each relevant foreign currency against functional currency, RMB. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currencies denominated monetary items and adjusts their translation at the end of the year end for a 5% change in foreign currency rates. A positive number below indicates an increase in post-tax profit for the year and a negative number below indicates a decrease in post-tax profit for the year where the relevant foreign currencies fluctuate 5% against RMB.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

30. Financial instruments *(continued)***(b) Financial risk management objectives and policies** *(continued)**Currency risk (continued)**Sensitivity analysis (continued)*

	2012 HK\$'000	2011 HK\$'000
USD impact <i>(note)</i>		
– USD strengthens against RMB by 5%	1,480	2,313
– USD weakens against RMB by 5%	(1,480)	(2,313)

Note: The directors of the Company consider that exposure of the Group's HK operating subsidiaries to USD is insignificant as that HK\$ is pegged to USD.

The Group has no outstanding foreign currency contracts as at 31 December 2012. For the foreign currency forward contracts outstanding as at 31 December 2011, the sensitivity analysis has been estimated based on the contracts outstanding at the end of the reporting period for a 5% change in foreign currency rates. A positive number below indicates an increase in post-tax profit for the year and a negative number below indicates a decrease in post-tax profit for the year where the relevant foreign currency forward rate of the foreign currency of the Company's principal subsidiary, i.e. USD, change 5% against RMB.

	2012 HK\$'000	2011 HK\$'000
USD impact		
– if USD strengthens against RMB	–	9,572
– if USD weakens against RMB	–	(9,572)

In the opinion of the directors of the Company, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk as the reporting period end exposures do not reflect the exposure during the year.

Notes to the Consolidated Financial Statements

*For the Year ended 31 December 2012***30. Financial instruments** *(continued)***(b) Financial risk management objectives and policies** *(continued)**Interest rate risk*

As at 31 December 2012 and 31 December 2011, the Group is exposed to cash flow interest risk in relation to variable-rate bank balances and bank loans (see notes 23 and 26 for details of these balances). Management monitors interest rate exposures and will consider hedging significant interest rate risk should the need arise.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for interest-bearing financial instruments at the end of each reporting period assuming the financial instruments existed at the end of each reporting period were outstanding for the whole year.

A 10 basis point increase or decrease in interest rate for variable-rate bank balances outstanding as at 31 December 2012 and 2011 and 50 basis point increase or decrease in interest rate for variable bank loans for the year ended 31 December 2012 represents management's assessment of the reasonably possible change in interest rates. If the interest rate on bank balances had been 10 basis points higher or lower and all other variables were held constant, the Group's post-tax profit would increase or decrease approximately HK\$12,299,000 (2011: HK\$14,918,000).

For the year ended 31 December 2012 if interest rates of bank loans had been 50 basis points higher or lower and all other variables were held constant, the Group's post-tax profit would decrease or increase approximately HK\$2,505,000 (2011: HK\$12,253,000).

Credit risk

As at 31 December 2012, the Group's principal financial assets are available-for-sale investments, trade and other receivables, amount due from related companies and bank balances and cash. The Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

The Group's credit risk is primarily attributable to its trade and other receivables. As at 31 December 2012, the five largest trade receivables, including two (2011: three) based in the PRC and three (2011: two) based in Hong Kong who are engaged in sales of consumer products accounted for approximately 34.2% (2011: 28.1%) of total trade receivables (net of allowance). The amounts presented in the consolidated statement of financial position are net of allowances for doubtful receivables, if any, estimated by the Group's management based on prior experience and their assessment of the current economic environment. The Group reviews the recoverable amount of each individual trade debtor and related party at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider the Group's credit risk is significantly reduced.

There is concentration of credit risk on bank balances and cash for the Company as at 31 December 2012 and 31 December 2011. As at 31 December 2012, balances with three (2011: three) largest banks accounted for 44% (2011: 42%) of bank balances and cash (2011: bank balances and cash) of the Group. The credit risk on liquid funds is limited because majority of counterparties are banks with high credit-ratings assigned by international credit-rating agencies and state owned banks with good reputation.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

30. Financial instruments (continued)**(b) Financial risk management objectives and policies** (continued)*Liquidity risk management*

The directors of the Company have adopted a liquidity risk management framework for the management of the Group's short-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining banking facilities and by continuously monitoring forecasted and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities based on the agreed repayment terms. The table has been drawn up based on the undiscounted cash flows on financial liabilities based on the earliest date in which the Group can be required to pay. The table include both interest and principal cash flows. The following tables also detail the Group's liquidity analysis for its derivative financial instruments, which are prepared based on the contractual maturities as the management considers that the contractual maturities are essential for an understanding of the timing of the cash flows of derivatives.

(c) Fair value

Save as mentioned elsewhere in the consolidated financial statements, the fair value of financial assets and financial liabilities in accordance with generally accepted pricing models based on discounted cash flow analysis.

The directors of the Company consider that the carrying amounts of financial assets and liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

31. Capital risk management

The Group manages its capital to ensure that the group entities will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of debt, which includes the bank loans, and equity attributable to owners of the Company comprising share capital, reserves and retained profits as disclosed in the consolidated financial statements.

Management of the Group reviews the capital structure regularly. The Group considers the cost of capital and the risks associated with each class of capital, and will balance its overall capital structure through the payment of dividends, new share issues of the Company as well as the raising of bank loans.

32. Acquisition of subsidiaries and intangible assets

On 1 January 2011, the Group acquired 90% of the issued capital of Domon (International) Limited and Domon (China) Limited (hereinafter collectively referred to as "Domon Entities") for cash consideration of HK\$27,000,000 from an independent third party neither connected to nor related to the Group. The acquisition was accounted for using the acquisition method. The amount of goodwill arising as a result of the acquisition was HK\$7,656,000. Domon Entities were engaged in retail chain restaurants in Hong Kong. The Group acquired the Domon Entities as the Group wished to penetrate market of retail chain restaurants in Hong Kong.

Acquisition-related costs amounting to approximately HK\$420,000 were excluded from the consideration transferred and had been recognised as an expense, within the other operating expenses line item in the consolidated statement of comprehensive income.

Assets acquired and liabilities recognised at the date of acquisition

	HK\$'000
Intangible assets	15,800
Plant and equipment	2,000
Cash and cash equivalents	2,590
Trade and other receivables	4,362
Inventories	197
Trade and other payables	(1,347)
Taxation payable	(1,258)
Net assets acquired	22,344

The fair value of trade and other receivables at the date of acquisition amounted to approximately HK\$4,362,000, which represented the gross contractual amounts and the expected recoverable cash flows of such receivables on the date of acquisition.

Notes to the Consolidated Financial Statements
For the Year ended 31 December 2012

32. Acquisition of subsidiaries and intangible assets *(continued)*

Goodwill arising on acquisition

	Total HK\$'000
Consideration transferred	27,000
Plus: non-controlling interests (10% in Domon Entities)	3,000
Less: net assets acquired	(22,344)
Goodwill arising on acquisition (note 17)	7,656

Non-controlling interests

The non-controlling interests (10%) in Domon Entities recognised at the acquisition date was measured by reference to the fair value of the non-controlling interests and amounted to HK\$3,000,000. This fair value was estimated by applying an income approach. The following are the key model inputs used in determining the fair value:

- assumed discount rate of 11.21%;
- assumed long-term sustainable growth rate of 4.00%; and
- assumed adjustments because of the lack of control or lack of marketability that market participants would consider when estimating the fair value of the non-controlling interests in Domon Entities.

Goodwill arose on the acquisition of Domon Entities as the consideration paid for the combination effectively included amounts in relation to the benefit of expected synergies, revenue growth, future market development and the assembled workforce of Domon Entities. These benefits are not recognised separately from goodwill because they do not meet the recognition criteria for identifiable intangible assets.

None of the goodwill arising on the acquisition was expected to be deductible for tax purposes.

Net cash outflow on acquisition of subsidiaries

	HK\$'000
Consideration paid in cash	27,000
Less: cash and cash equivalent balances acquired	(2,590)
	24,410

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

32. Acquisition of subsidiaries and intangible assets *(continued)***Impact of acquisition on the results of the Group**

Included in the profit for the year ended 31 December 2011 was operating profits of approximately HK\$3,519,000 attributable to the additional business generated by Domon Entities. Revenue for the year ended 31 December 2011 included approximately HK\$32,471,000 generated from Domon Entities.

Intangible assets acquired

The intangible assets acquired by the Group from the above acquisition mainly represented the trade names of the Domon Entities. In the opinion of the directors of the Company, the Group would not incur significant costs to renew such tradenames. Accordingly, the intangible assets were deemed to have an indefinite useful life and were carried at cost less any subsequent accumulated impairment losses.

Impairment testing on intangible assets with indefinite useful life

For the purpose of impairment testing, intangible assets of approximately HK\$15,800,000 at 31 December 2011 with indefinite use live was allocated to cash-generating units, Domon Entities (the "Domon Cash Generating Units"). During the year ended 31 December 2012, the directors of the Company recognised impairment losses of HK\$9,400,000 (2011: nil) in relation to intangible assets arising on acquisition of Domon Entities. Inputs of impairment review are discussed in note 17.

Movements of intangible assets of the Group during the years ended 31 December 2012 and 31 December 2011 were as follows:

	HK\$'000
At 1 January 2011	–
Arising from acquisition of subsidiaries	15,800
At 31 December 2011	15,800
Impairment loss recognised in profit or loss	(9,400)
At 31 December 2012	6,400

33. Major Non-cash Transaction

During the year ended 31 December 2012, the Group transferred its property interests held under operating leases with carrying values of approximately HK\$6,782,000 (2011: nil) to investment properties. Details are set out in note 14 to the consolidated financial statements.

	1,235,318	1,437,208

The leases are negotiated for terms from two to ten years.

In respect of certain leases, the Group is committed to pay a minimum fixed rental payment plus additional rent on certain percentage of sales whenever the Group's sales achieved prescribed amounts as specified in relevant rental agreements.

Notes to the Consolidated Financial Statements

For the Year ended 31 December 2012

37. Operating lease arrangements

The Group as lessor

The Group's properties with carrying amounts of approximately HK\$378,273,000 (2011: HK\$327,161,000) were held for rental purposes. These properties are expected to generate an annualised rental yield of approximately 2.3% (2011: 2.9%) on ongoing basis.

At the end of each reporting period, the Group had contracted with tenants for the following future minimum lease payments in respect of premises rented out:

	2012 HK\$'000	2011 HK\$'000
Within one year	8,775	9,757
In the second to fifth year inclusive	5,359	5,647
	14,134	15,404

38. Retirement benefits scheme

The Group's qualifying employees in Hong Kong participate the Mandatory Provident Fund (the MPF) in Hong Kong. The assets of the MPF are held separately from those of the Group in funds under the control of trustee. The Group contributes 5% of relevant payroll costs to the scheme, which contribution is matched by employees but subject to a maximum amount of HK\$1,250 per month for each employee effective from 1 June 2012 (previously is HK\$1,000).

The employees of the PRC subsidiaries are members of the state-managed retirement benefits scheme operated by the PRC government. The PRC subsidiaries are required to contribute a certain percentage of their payroll to the retirement benefits scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefits scheme is to make the required contributions under the scheme.

The total cost charged to profit or loss for the year is approximately HK\$74,455,000 (2011: HK\$59,495,000) and amounts due to the MPF and state-managed retirement plans included in trade and other payables is approximately HK\$727,000 (2011: HK\$1,228,000).

Notes to the Consolidated Financial Statements
