CHAIRMAN'S STATEMENT

On behalf of the board of directors (the “**Board**” or the “**Directors**”) of China Agri-Products Exchange Limited (the “**Company**”, together with its subsidiaries, collectively the “**Group**”), I am pleased to present this annual report for the year ended 31 December 2012 to our shareholders. Despite facing a challenging external economic environment, the Company maintained a growth momentum during the year under review. The Group recorded a turnover of approximately HK\$287.5 million, representing an increase of approximately 35.7% year on year from approximately HK\$211.8 million recorded for the previous financial year. Gross profit increased to approximately HK\$160.6 million from approximately HK\$93.4 million for the previous financial year, representing an increase of approximately 72.0% as compared to the previous financial year and the profit attributable to owners of the Company was approximately HK\$145.7 million as compared to approximately HK\$117.7 million for last year, which was mainly attributable to the outstanding business performance of Wuhan Baisazhou Agricultural and By-Product Exchange Market (“**Wuhan Baisazhou Market**”) in Wuhan City, Hubei Province, the People’s Republic of China (the “**PRC**”) and the increased recognition of sale of shops at Yulin Hong-Jin Agricultural Wholesale Market (“**Yulin Market**”) in Yulin City, Guangxi Zhuang Autonomous Region, the PRC (“**Guangxi**”).

CHINA AGRI-PRODUCTS

BUSINESS ENVIRONMENT AND AGRICULTURAL PRODUCE EXCHANGES

During the year under review, the PRC economy maintained moderate growth at a slower pace. The “Vegetable Basket Project” launched by the PRC Government continued to provide initiatives to modernise, centralise and systematise distribution of agricultural produce and the 12th National Five-Year Plan signified a focus on the development of the agriculture industry. These PRC Government policies cultivated an exciting business environment for agriculture and related businesses in the PRC. In order to capture the business opportunities from such PRC Government policies, the Group vigorously expanded its agricultural exchange network during the year under review. The Group successfully acquired certain parcels of land in the PRC through public auctions during the financial year and up to the date of this report, which include parcels of land of approximately 133,000 square meters in Luoyang City, approximately 73,000 square meters in Yulin City, approximately 408,000 square meters in Kaifeng City and approximately 53,000 square meters in Huaian City. The acquisitions will not only strengthen the leading status of the Group’s agricultural produce exchange business but also expand the geographic reach of its agricultural produce exchange business. The total increase of approximately 667,000 square meters in the reserve of the land bank of the Group also magnifies our sustainable future development potential. The Group aims to develop the newly acquired land for expanding its existing agricultural produce exchanges in Yulin City and constructing certain modernised and systemised agricultural produce exchanges in Luoyang City, Kaifeng City and Huaian City.

For the year under review, the Group delivered an encouraging performance, driven by the marked sales and rental revenue gained from our reputable agricultural produce exchanges. The turnover of Wuhan Baisazhou Market increased approximately 58.0% as compared with that of 2011 which provided tremendous contribution to the Group. Wuhan Baisazhou Market, located in the provincial capital of Hubei Province, enjoys unique location advantage and has flourished and established itself into a prime gathering point for buyers and sellers of agricultural produce in this central location in the PRC. The sale of certain shops in Yulin Market contributed to the increase of the turnover of the Group during the year under review. Yulin Market, housing various types of market stalls and multi-storey godowns, with already its phase two extension development in construction, became a new income driver to the Group. Xuzhou Agricultural and By-Product Exchange Market (“Xuzhou Market”) in Xuzhou City, Jiangsu Province, the PRC, continued to provide steady income for the Group during the year under review. Xuzhou Market comprises various types of market stalls and a godown and is an integral marketplace for the supply of fruit and seafood serving the Long River Delta and Pan Pearl River Delta regions.

Apart from the remarkable business performance, our agricultural wholesale markets also received high recognition from the industry. During the year under review, Wuhan Baisazhou Market was awarded as amongst the top 50 of national agricultural wholesale market and Xuzhou Market was awarded as one of the five in the first batch of credit rated wholesale agricultural markets by China Agricultural Wholesale Market Association.

CORPORATE STRATEGIES

Looking forward, the Group retains a positive outlook on the economy in the PRC, backed by surging internal demand. Following the launch of our successful business projects in Wuhan Baisazhou Market, Yulin Market and Xuzhou Market, we are confident to overcome the challenges ahead and will continue to maintain our business growth. We believe that the new projects in Luoyang City, Kaifeng City and Huaian City will allow the Group to strategically expand its agricultural produce exchanges business into other cities to enhance its market share and facilitate the steady and sustainable growth of the Group’s business. With the enormous

EXCHANGE

business opportunities arising from the Green Vegetable Project, the 12th National Five-Year Plan and the PRC State Council’s Number 1 Policy of 2013, on one hand, the Group will intensify its investment in agricultural produce wholesale markets through further expanding its existing agricultural produce exchanges. On the other hand, we will continue to identify business opportunities carefully to extend our footprint across the PRC by replicating our business model in a prudent yet proactive manner in order to maximise the benefit of our shareholders.

APPRECIATION

Finally, I would like to express my sincere gratitude to all shareholders, customers and business partners for their continued trust and support over the past year. I would also like to thank my fellow Board members, the management team and staff at all levels for their dedication and remarkable contribution to the growth of the Group.

MANAGEMENT DISCUSSION AND ANALYSIS

SUMMARY OF FINANCIAL RESULTS

Turnover and gross profit

For the year ended 31 December 2012, the Group recorded a turnover of approximately HK\$287.5 million, a substantial increase of approximately HK\$75.7 million or approximately 35.7% increase from approximately HK\$211.8 million for the previous financial year. The increase was mainly attributed to the increase in turnover of agricultural produce exchange projects and sale of certain properties of Yulin Market.

The gross profit of the Group was increased by approximately 72.0% to approximately HK\$160.6 million from approximately HK\$93.4 million for the previous financial year. The gross profit margin of the Group for the financial year was approximately 55.9% as compared to approximately 44.1% for the previous financial year.

China Agri-Products Exchange Limited

Net gain in fair value of investment properties

The rise of net gain in fair value of investment of approximately HK\$538.3 million (2011: approximately HK\$553.4 million) was mainly due to the increase in market value of property price in the PRC and rental income of our projects.

Administrative expenses, selling expenses and finance cost

General and administrative expenses were approximately HK\$236.2 million (2011: approximately HK\$259.3 million). The slight decrease was mainly due to tight control of operating expenses of different markets and conscious control of business development cost in various projects. Selling expenses were approximately HK\$12.7 million (2011: approximately HK\$53.6 million) which were significantly less than the year before due to the Group's promotion expenses at the agricultural produce exchange in Wuhan Baisazhou incurred in mid 2011 but did not recur in the year of 2012. Finance costs were approximately HK\$103.3 million (2011: approximately HK\$89.9 million) and the increase over those incurred in 2011 was mainly due to obtaining new interest bearing debts during the year under review.

Profit attributable to the owners of the Company

The profit attributable to owners of the Company for the year was approximately HK\$145.7 million as compared to approximately HK\$117.7 million last year. The change was mainly due to the increase of recognition of sales of shops in Yulin Market as well as the outstanding business performance of Wuhan Baisazhou Market.

DIVIDENDS

The Directors do not recommend any payment of final dividend for the year ended 31 December 2012 (2011: Nil). No interim dividend was paid to the shareholders of the Company during the year under review (2011: Nil).

REVIEW OF OPERATIONS

During the year under review, the Group was principally engaged in the business of agricultural produce exchanges in the PRC.

WUHAN

Baisazhou Agricultural and By-Product Exchange Market

Wuhan Baisazhou Market, located in the provincial capital of Hubei Province, is one of the largest agricultural produce exchange operators in the PRC. Wuhan Baisazhou Market is situated at the Hongshan District of Wuhan with a site area of approximately 270,000 square meters and a total gross floor area of approximately 160,000 square meters. In 2012, Wuhan Baisazhou Market was awarded as amongst the top 50 national agricultural wholesale markets by China Agricultural Wholesale Market Association.

During the year under review, the turnover of Wuhan Baisazhou Market increased approximately 58% as compared with that of 2011 which provided tremendous contribution to the Group. The operating performance saw a turnaround due to a series of effective marketing and promotion activities carried out in 2012.

YULIN

Agricultural and By-Product Exchange Market

Yulin Market is one of the largest agricultural produce exchanges in Guangxi. It has various types of market stalls and multi-storey godowns. The Group successfully acquired 2 parcels of land of approximately 160,000 square meters in February 2011 and 73,000 square meters in December 2012 respectively, thereby expanding the land bank of Yulin Market to more than 470,000 square meters. The Group in 2012 partially completed the construction of an extension arm of the phase two development of Yulin Market, bringing to the Group a new income driver in 2012.

During the year under review, some of the shops were sold and contributed to the increase of the turnover of the Group in 2012.

XUZHOU

Agricultural and By-Product Exchange Market

Xuzhou Market occupies approximately 200,000 square meters and is located in the northern part of Jiangsu Province in East China, comprises various market stalls and a godown. Xuzhou Market is the major marketplace for the supply of fruit and seafood to Xuzhou City and the northern part of Jiangsu Province with accelerating performance in the area of vegetable distribution. The operating performance of Xuzhou Market was steady and satisfactory as the income in 2012 increased by approximately 19% compared with the figure last year. Xuzhou Market was one of the five to be awarded in the first batch of credit rated wholesale agricultural markets by China Agricultural Wholesale Market Association in 2012.

MATERIAL ACQUISITIONS

Acquisition of Land

HENAN Luoyang City

On 31 August 2012, the Group won a bid at the tender for a parcel of land in Luoyang City of Henan Province, the PRC (“**Henan**”) of approximately **133,000** square meters for a consideration of approximately **RMB46.0 million**, which the Group intends to develop as a new agricultural produce exchange.

GUANGXI Yulin City

On 24 December 2012, the Group successfully acquired a parcel of land in Yulin City of Guangxi of approximately **73,000** square meters for a consideration of **RMB90.6 million** which is intended to be an extension of the existing Yulin Market. This new site is adjacent to the Group’s existing Yulin Market which should help expand Guangxi’s existing operations.

EVENTS AFTER THE REPORTING PERIOD

Acquisition of Land

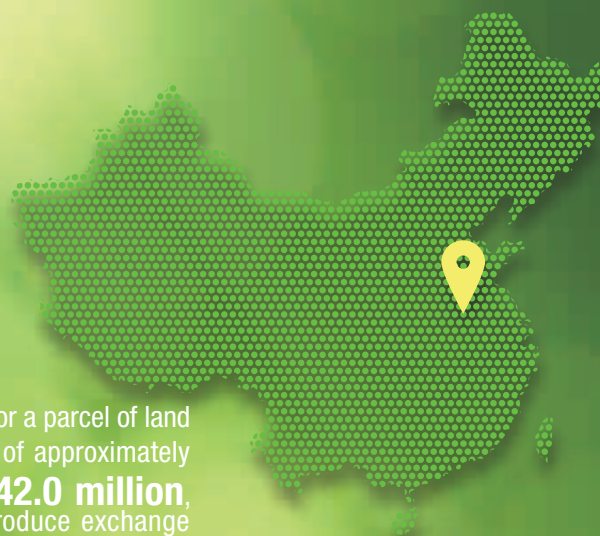

HENAN Kaifeng City

On 10 January 2013, the Group successfully acquired five parcels of land in Kaifeng City of Henan of an aggregate of approximately **408,000** square meters for a total consideration of approximately **RMB116.3 million**, planned for the development of a new agricultural exchange project in Henan.

JIANGSU Huaian City

On 15 January 2013, the Group won a bid at the tender for a parcel of land in Huaian City, Jiangsu Province, the PRC (“Jiangsu”) of approximately **53,000** square meters for a consideration of **RMB42.0 million**, planned for the development of a new agricultural produce exchange project in Jiangsu.

LIQUIDITY AND FINANCIAL RESOURCES

As at 31 December 2012, the Group had total cash and cash equivalents amounting to approximately HK\$394.0 million (2011: approximately HK\$533.2 million) whilst total assets and net assets were approximately HK\$4,331.9 million (2011: approximately HK\$2,927.9 million) and approximately HK\$1,267.5 million (2011: approximately HK\$1,035.4 million), respectively. The Group's gearing ratio as at 31 December 2012 was approximately 1.0 (2011: approximately 0.6), being a ratio of total bank and other borrowings and promissory notes of approximately HK\$1,620.8 million (2011: approximately HK\$1,122.3 million), net of cash and cash equivalents

of approximately HK\$394.0 million (2011: approximately HK\$533.2 million) to shareholders' funds of approximately HK\$1,267.5 million (2011: approximately HK\$1,035.4 million).

CAPITAL COMMITMENT AND CONTINGENT LIABILITIES

As at 31 December 2012, outstanding capital commitments, contracted but not provided for, amounted to approximately HK\$441.7 million (2011: approximately HK\$161.3 million) in relation to the purchase of property, plant and equipment and construction contracts. As at 31 December 2012, the Group had pledged investment properties and bank deposit with carrying amount of approximately HK\$1,313.4 million and approximately HK\$20.8 million respectively (2011: approximately HK\$1,039.0 million and approximately HK\$21.0 million) as security for bank financing. As at 31 December 2012, the Group had no significant contingent liabilities (2011: Nil).

China Agri-Products Exchange Limited

The Group did not have any outstanding foreign exchange contracts, interest or currency swaps or other financial derivatives as at 31 December 2012. The revenue, operating costs and bank deposits of the Group are mainly denominated in Renminbi and Hong Kong dollars. Therefore, the Group is not exposed to any material foreign currency exchange risk.

PROSPECTS

Looking forward to 2013, the Group will continue to build a nationwide agricultural produce exchange network by leveraging on its leading position in the industry, readily replicable business model, well-developed management system and quality customer services. The Luoyang project is expected to start operation in 2013 and the Group believes this new flagship project in Henan will demonstrate a good business and operation model for other new projects.

The Group will continue to focus its investment in agricultural by-products wholesale markets in the PRC to further entrench its commitment to support the PRC State Council's Number 1 Policy of 2013 in the area of agricultural issues in consecutive 10 years. Leveraging on the strategic position the Group has attained in the 1st tier of agricultural products markets, the Group will endeavor to negotiate, build and expand its network of sizable wholesale markets by establishing partnership or investment in various provinces in the PRC.

With the favourable support of agricultural logistic business from the Central Government and our professional experience as a leader in the industry coupled with the significant increment of land bank, the Group is confident that this strategy and business model will deliver long-term benefits to the shareholders of the Company.

NUMBER OF EMPLOYEES AND REMUNERATION POLICY

As at 31 December 2012, the Group had 942 (2011: 820) employees, approximately 95.8% of whom were located in the PRC. The Group's remuneration policy is reviewed periodically and remuneration is determined by reference to market terms, company performance, and individual qualifications and performance.

“The Group will continue to focus its investment in agricultural by-products wholesale markets in the PRC to further entrench its commitment to support the PRC State Council’s Number 1 Policy of 2013 in the area of agricultural issues in consecutive 10 years.”

CORPORATE GOVERNANCE REPORT

The Company is committed to achieving and maintaining the necessary standard of corporate governance. The Board recognises that such commitment is essential in upholding accountability and transparency and to achieve a balance of interests between the shareholders, customers, creditors, employees as well as other stakeholders.

CORPORATE GOVERNANCE PRACTICES

During the year ended 31 December 2012, the Company has complied with the code provisions set out in the Code on Corporate Governance Practices (effective until 31 March 2012, the “Former CG Code”) which was subsequently revised as the Corporate Governance Code (effective from 1 April 2012, the “Revised CG Code”) as set out in Appendix 14 of the Rules Governing the Listing of Securities on the Stock Exchange (“Listing Rules”), except for the following deviation:

Code provision A.2.1

Code provision A.2.1 requires the roles of chairman and chief executive officer should be separate and should not be performed by the same individual.

Mr. Chan Chun Hong, Thomas (“Mr. Chan”), the chairman of the Board, has assumed the role of chief executive officer of the Company since August 2010. The Board considered that Mr. Chan had extensive executive and financial management experience to accomplish his roles which is of great value in enhancing the efficiency to cope with the dynamic and challenging business environment and that the balance of power and authority is ensured by the operation of the Board, which comprises experienced individuals with a balance of skills and experience appropriate for the development of the Group.

However, the Company did review the necessity of the separation of the roles of chairman and chief executive officer from time to time and with effect from 20 March 2013, Mr. Chan has resigned from the role of the chief executive officer of the Company but remains as the chairman of the Board for the compliance of code

provision A.2.1 of the Revised CG Code and Mr. Wong Koon Kui, Lawrence was re-designated as the chief executive officer of the Company.

The Company periodically reviewed its corporate governance practices to ensure they continue to meet the requirements of the Former CG Code and the Revised CG Code during the year of 2012. The key corporate governance principles and practices of the Company are summarised in this report.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted its code of conduct regarding the securities transactions by the Directors on the terms no less exacting than the required standard set out in the Model Code for the Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 to the Listing Rules. Having made specific enquiries of all Directors, the Company confirmed that all Directors had complied with the required standard set out in the Model Code throughout the financial year under review.

THE BOARD

Composition

As at the date of this annual report, the Board comprises four executive Directors and three independent non-executive Directors. The Directors during the year and up to the date of this report were:

Executive Directors:

Mr. Chan Chun Hong, Thomas

Chairman

Mr. Wong Koon Kui, Lawrence *(appointed on 1 December 2012)*

Chief Executive Officer

Mr. Leung Sui Wah, Raymond

Mr. Yau Yuk Shing *(appointed on 1 December 2012)*

Mr. Leong Weng Kin *(resigned on 1 December 2012)*

Independent non-executive Directors:

Mr. Ng Yat Cheung

Mr. Lee Chun Ho

Ms. Lam Ka Jen, Katherine

The biographical details of the Directors are set out on pages 18 to 19 of this annual report.

Responsibilities

The Board's primary functions are to set corporate policy and overall strategy for the Group and to provide effective oversight of the management of the Group's business and affairs. Apart from its statutory responsibilities, the Board also approves strategic plans, key operational issues, investments and loans, reviews the financial performance of the Group and evaluates the performance and compensation of senior management. These functions are either carried out directly by the Board or indirectly through committees established by the Board with specific terms of reference which were reviewed and updated in March 2012 pursuant to the Revised CG Code.

The Board possesses a balance of skills and experience which are appropriate for the requirements of the business of the Company. The opinions raised by the independent non-executive Directors at Board meetings facilitate the maintenance of good corporate governance practices. At least one of the independent non-executive Directors has the appropriate professional qualification and/or accounting and audit experience and/or expertise as required under Rules 3.10(1) and (2) of the Listing Rules. A balanced composition of executive and non-executive Directors also ensures a strong independent element of the Board, which allows for an independent and objective decision making process for the best interests of the Company. The Company will review the composition of the Board regularly to ensure the Board possesses the appropriate and necessary expertise, skills and experience to meet the needs of the Group's business.

All independent non-executive Directors are appointed with specific terms and all Directors (including both executive and non-executive) are subject to retirement by rotation at the Company's annual general meetings in accordance with the bye-laws of the Company.

All independent non-executive Directors are free from any business or other relationship with the Company. The Company has received from each of the existing independent non-executive Directors an annual confirmation of his/her independence pursuant to Rule 3.13 of the Listing Rules and the Company continues to consider the three independent non-executive Directors to be independent.

The Board, which meets at least four times a year with additional meetings arranged, as and when necessary, has a schedule of matters reserved for its review and approval. The specific responsibility reserved for the Board includes matters in relation to, among others, determining strategies and objectives of the Group, monitoring the overall management and operation of the Group, reviewing capital, corporate and control structures, ensuring financial reporting and internal control measures, determining major capital projects and contracts, including material acquisitions, disposals and other significant potential investments, communication with the shareholders, determining

the Board composition, the appointment of company secretary and auditors, evaluating the effectiveness of internal controls, reviewing adequacy of resources, qualification and experience of staff, delegation of authority to committees and reviewing the Group's overall corporate governance arrangements. Apart from these, the Board will also be responsible for performing the corporate governance duties and has adopted specified corporate governance policies in March 2012 pursuant to the Revised CG Code. At least 14 days notice for each regular meeting is given to all Directors. Agendas accompanying Board papers are sent to all Directors 3 days before the date of a Board meeting to ensure that the Directors are given sufficient time to review the same. All minutes of Board meetings and committee meetings are kept by the company secretary of the Company and are open for inspection at any reasonable time on reasonable notice by any Director.

Board Meetings and General Meeting

During the year under review, four Board meetings and the annual general meeting for the year 2012 ("2012 AGM") were held and the attendance of each Director is set out as follows:

Directors	Date of appointment/ resignation during the year	Attendance/ Number of meetings

DIRECTORS' INTERESTS AND SHORT POSITIONS IN SECURITIES OF THE COMPANY AND ITS ASSOCIATED CORPORATIONS

As at 31 December 2012, none of the Directors, chief executive of the Company, nor any of their respective associates, had any interests or short positions in any shares, underlying shares or debenture of the Company or any of its associated corporation (within the meaning of Part XV of the Securities and Futures Ordinance ("SFO")), as recorded in the register maintained by the Company pursuant to Section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO, or pursuant to the Model Code contained in the Listing Rules.

SHARE OPTION SCHEME

On 3 May 2012, the Company terminated the old share option scheme adopted on 4 June 2002 and adopted a new share option scheme (the "Scheme") for the primary purpose of providing incentive to selected eligible persons ("Participants") to take up options for their contribution to the Group. Under the Scheme, the Board may grant share options to the Participants to subscribe for shares of the Company ("Share(s)") for a consideration of HK\$1 for each lot of share options granted. The exercise price is to be determined by the Board and shall not be less than the highest of (i) the official closing price of the Shares as stated in the daily quotations sheet of the Stock Exchange for the date of offer of grant, which must be a business day; (ii) the average of the official closing price of the Shares as stated in the daily quotations sheets of the Stock Exchange for the five business days immediately preceding the date of offer of grant; and (iii) the nominal value of a Share. The number of Shares in respect of which options may be granted to the Participants in any 12-month period up to and including the date of grant shall not exceed 1% of the Shares in issue at any point in time, without prior approval from the shareholders of the Company. Options granted to substantial shareholders or independent non-executive Directors in excess of 0.1% of the Share in issue and with an aggregate value in excess of HK\$5,000,000 must be approved in advance by the shareholders of the Company. The Scheme became effective on 3 May 2012 and will remain in force for a period of 10 years. There is no specific requirement that an option must be held for any minimum period before it can be exercised but the Board is empowered to impose at its discretion any such minimum period at the time of grant of any particular option. The period during which a share option may be exercised will be determined by the Board at its absolute discretion, save that no option may be exercised more than 10 years from the date of grant.

Subject to the approval of the shareholders of the Company at general meeting, the Board may refresh the limit at any time to 10% of the total number of shares in issue as at the date of approval by the shareholders of the Company at general meeting. Notwithstanding the foregoing, the Shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other share option schemes of the Company at any time shall not exceed 30% of the shares in issue from time to time. Other details of the Scheme are set out in note 31 to the consolidated financial statements.

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF CHINA AGRI-PRODUCTS EXCHANGE LIMITED *(incorporated in Bermuda with limited liability)*

We have audited the consolidated financial statements of China Agri-Products Exchange Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 35 to 111, which comprise the consolidated and company statements of financial position as at 31 December 2012, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditors' Report

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2012, and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

MATERIAL UNCERTAINTY CONCERNING GOING CONCERN BASIS OF ACCOUNTING

Without qualifying our opinion, we draw attention to note 2(b) to the consolidated financial statements which indicates that the Group's consolidated current liabilities exceeded its consolidated current assets by approximately HK\$858,882,000. Notwithstanding the above, the consolidated financial statements have been prepared on a going concern basis, the validity of which is dependent on the Group's ability to extend its short-term borrowings upon maturity, obtain long-term financing facilities to re-finance its short-term borrowings, and derive adequate operating cash flows from the existing operations in order for the Group to meet its financial obligations as they fall due and to finance its future working capital and financial requirements. These conditions, along with other matters as set forth in note 2(b), indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

1. GENERAL

China Agri-Products Exchange Limited (the “Company”, together with its subsidiaries the “Group”) is incorporated in Bermuda as an exempted company with limited liability and its shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The addresses of the registered office and principal place of business of the Company are disclosed in the corporate information section of the annual report.

The Company is an investment holding company. Its subsidiaries are principally engaged in the business of property rental and property sale in respect of agricultural produce exchange in the People’s Republic of China (“PRC”).

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”). In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”) and by the Hong Kong Companies Ordinance.

(b) Basis of preparation of consolidated financial statements

(i) Going concern basis

In preparing the consolidated financial statements, the Directors have given careful consideration to the future liquidity of the Group notwithstanding that:

- the Group had consolidated net current liabilities of approximately HK\$858,882,000 as at 31 December 2012;
- the Group had outstanding bank and other borrowings of approximately HK\$1,244,810,000 (note 26), out of which an aggregate of approximately HK\$275,452,000 is due for repayment within the next twelve months after 31 December 2012; and
- the Group had promissory notes of approximately HK\$376,000,000 and interest payable of approximately HK\$94,000,000 included under deposits and other payables are outstanding as at 31 December 2012.

The Directors adopted the going concern basis in the preparation of the consolidated financial statements and implemented the following measures in order to improve the working capital and liquidity and cash flow position of the Group:

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(b) Basis of preparation of consolidated financial statements *(Continued)*

(i) *Going concern basis (Continued)*

(1) *Alternative sources of external funding*

Subsequent to 31 December 2012, the Group entered a loan agreement dated 4 February 2013 with Peony Finance Limited (“**Peony Finance**”), an indirect wholly-owned subsidiary of PNG Resources Holdings Limited, pursuant to which Peony Finance granted a revolving credit facility in maximum aggregate amount of HK\$60,000,000 to the Company.

On 6 March 2013, the Group entered into a loan agreement with Peony Finance for the provision of a revolving credit facility in the maximum aggregate amount of HK\$140,000,000 granted by Peony Finance.

(2) *Attainment of profitable and positive cash flow operations*

The Group is taking measures to tighten cost controls over various costs and expenses and to seek new investment and business opportunities with an aim to attain profitable and positive cash flow operations.

(3) *Necessary facilities*

The Group is in the process of negotiating with its bankers to secure necessary facilities to meet the Group’s working capital and financial requirements in the near future.

(4) *Writ issued by the Company against Ms. Wang and Tian Jiu*

On 21 September 2012, the High Court of Hong Kong Special Administrative Region Court of First Instance (the “**Court**”) granted an injunction order (“**Injunction Order**”) until further order of the Court and/or hearing of the Company’s inter parties summons on 5 October 2012. The Injunction Order restrained Ms. Wang Xiu Qun (“**Ms. Wang**”) and Wuhan Tian Jiu Industrial and Commercial Development Co., Ltd. (“**Tian Jiu**”) from indorsing, assigning, transferring or negotiating the two instruments (purportedly described as promissory notes in the sale and purchase agreement between the Company and each of Ms. Wang and Tian Jiu respectively) (the two instruments collectively as “**Instruments**”) to any third party.

On 5 October 2012, the Company obtained a court order from the Court to the effect that undertakings were given by Ms. Wang and Tian Jiu (the “**Undertakings**”) not to indorse, assign, transfer or negotiate the Instruments, and enforce payment by presentation of the Instruments to the Company, in each case until final determination of the court action commenced by the Company against Ms. Wang and Tian Jiu in October 2011. The Court further ordered that there will be a continuation of the Injunction Order until further order.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(b) Basis of preparation of consolidated financial statements *(Continued)*

(i) *Going concern basis (Continued)*

(4) *Writ issued by the Company against Ms. Wang and Tian Jiu (Continued)*

In March 2013, the Company, Ms. Wang and Tian Jiu applied jointly to the Court to discharge the Injunction Order without prejudice to the continuing effect of the Undertakings. Such application was granted by the Court. According to the legal advisers of the Company, the Undertakings and the Injunction Order have the same legal effect.

Under the Undertakings, currently obtained by the Company, the Instruments will no longer fall due for payment by the Company on 5 December 2012.

In the opinion of the Directors, in light of the various measures or arrangements implemented after the end of reporting period together with the expected results of the other measures, the Group will have sufficient working capital for its current requirements and it is reasonable to expect the Group to remain a commercially viable concern. Accordingly, the Directors are satisfied that it is appropriate to prepare the consolidated financial statements on a going concern basis.

Should the Group be unable to continue to operate as a going concern, adjustments would have to be made to write down the value of assets to their recoverable amounts, to provide for any future liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities respectively. The effect of these adjustments has not been reflected in the consolidated financial statements.

(ii) *Basis of measurement*

The consolidated financial statements have been prepared under the historical cost basis except for the investment properties and certain financial instruments, which are measured at fair values, as explained in the accounting policies set out below. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

(iii) *Functional and presentation currency*

Items included in the consolidated financial statements of each of the Group's subsidiaries are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The functional currency of the Company is Renminbi ("RMB"). For the purposes of presenting the consolidated financial statements, the Group adopted Hong Kong dollars ("HK\$") as its presentation currency for the convenience of the readers. The Directors consider HK\$, being an internationally well-recognised currency, can provide more meaningful information to the Company's investors.

All values are rounded to the nearest thousand unless otherwise stated.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(b) Basis of preparation of consolidated financial statements *(Continued)*

(iv) Use of estimates and judgements

The preparation of consolidated financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the consolidated financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 4.

(c) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by other members of the Group.

All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein.

Allocation of total comprehensive income to non-controlling interests

Total comprehensive income and expense of a subsidiary is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. Prior to 1 January 2010, losses applicable to the non-controlling interests in excess of the non-controlling interests in the subsidiary's equity were allocated against the interests of the Group except to the extent that the non-controlling interests had a binding obligation and were able to make an additional investment to cover the losses.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(c) Basis of consolidation *(Continued)*

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, it (i) derecognises the assets (including any goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost, (ii) derecognises the carrying amount of any non-controlling interest in the former subsidiary at the date when control is lost (including any components of other comprehensive income attributable to them), and (iii) recognises the aggregate of the fair value of the consideration received and the fair value of any retained interest, with any resulting difference being recognised as a gain or loss in profit or loss attributable to the Group. When assets of the subsidiary are carried at revalued amounts or fair values and the related cumulative gain or loss has been recognised in other comprehensive income and accumulated in equity, the amounts previously recognised in other comprehensive income and accumulated in equity are accounted for as if the Group had directly disposed of the related assets (i.e. reclassified to profit or loss or transferred directly to retained earnings as specified by applicable HKFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKAS 39 Financial Instruments: Recognition and Measurement or, when applicable, the cost on initial recognition of an investment in an associate or a jointly controlled entity.

(i) *Business combinations*

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with HKAS 12 *Income Taxes* and HKAS 19 *Employee Benefits* respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 *Share-based Payment* at the acquisition date (see the accounting policy below); and
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that Standard.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(c) Basis of consolidation *(Continued)*

Changes in the Group's ownership interests in existing subsidiaries (Continued)

(i) *Business combinations (Continued)*

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction by transaction basis. Other types of non-controlling interests are measured at their fair value or, when applicable, on the basis specified in another HKFRS.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with the corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the "measurement period" (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates in accordance with HKAS 39, or HKAS 37 Provisions, Contingent Liabilities and Contingent Assets, as appropriate, with the corresponding gain or loss being recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

The policy described above is applied to all business combinations that take place on or after 1 January 2010.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(c) Basis of consolidation *(Continued)*

Changes in the Group's ownership interests in existing subsidiaries (Continued)

(ii) Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss in the consolidated statement of comprehensive income. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

(d) Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation. On initial recognition, investment properties are measured at cost including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at fair value. Gain and losses arising from changes in the fair value of investment property are included in profit or loss in the period in which they arise.

From 1 January 2009, investment properties under construction have been accounted for in the same way as completed investment properties. Specifically, construction costs incurred for investment properties under construction are capitalised as part of the carrying amount of the investment properties under construction. Investment properties under construction are measured at fair value at the end of the reporting period. Any difference between the fair value of the investment properties under construction and their carrying amounts is recognised in profit or loss in the period in which they arise. Prior to 1 January 2009, the leasehold land and building elements of investment properties under construction were accounted separately; the leasehold land element was accounted for as an operating lease and the building element was measured at cost less impairment losses, if any.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period which the property is derecognised.

If an investment property become a stock of properties because its use has changed as evidenced by the commencement of development with view to sale, any difference the carrying amount and the fair value of the property at the date of transfer is recognised in profit or loss. Subsequent to the changes, the property is stated at lower of deemed cost, equivalent to the fair value at the date of transfer, and net realisable value.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(e) Property, plant and equipment

Items of property, plant, and equipment are stated in the consolidated statement of financial position at cost less accumulated depreciation and impairment losses (see note 2(h)).

The cost of self-constructed items of property, plant and equipment includes the cost of materials, direct labour, the initial estimate, where relevant, of the costs of dismantling and removing the items and restoring the site on which they are located, and an appropriate proportion of overheads and borrowing costs (see note 2(u)).

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight-line method over their estimated useful lives as follows:

- Buildings situated on leasehold land are depreciated over the shorter of the unexpired term of lease and their estimated useful lives, being no more than 30 years after the date of completion.
- Leasehold improvements are depreciated over the shorter of the unexpired term of lease and their estimated useful lives, being no more than 5 years after the date of completion.
- Furniture, equipment and motor vehicles 5 - 10 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of the items is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

Construction in progress comprises direct costs of construction during the period of construction and installation. Capitalisation of these costs ceases and the construction in progress is transferred to the relevant class of property, plant and equipment when substantially all of the activities necessary to prepare the assets for their intended use are completed. No depreciation is provided in respect of construction in progress until it is completed and substantially ready for its intended use.

(f) Intangible assets (other than goodwill)

Intangible assets that are acquired by the Group are stated in the consolidated statement of financial position at cost less accumulated amortisation (where the estimated useful life is finite) and accumulated impairment losses (see note 2(h)). Expenditure on internally generated goodwill and brands is recognised as an expense in the period in which it is incurred.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(f) Intangible assets (other than goodwill) *(Continued)*

Amortisation of intangible assets with finite useful lives is charged to profit or loss on a straight-line basis over the assets' estimated useful lives. The flowing intangible assets with finite useful lives are amortised from the date they are available for use and their estimated useful lives are as follows:

— Operating right 30 years

Both the period and method of amortisation are reviewed annually.

Intangible assets are not amortised while their useful lives are assessed to be indefinite. Any conclusion that the useful life of an intangible asset is indefinite is reviewed annually to determine whether events and circumstances continue to support the indefinite useful life assessment for that asset. If they do not, the change in the useful life assessment from indefinite to finite is accounted for prospectively from the date of change and in accordance with the policy for amortisation of intangible assets with finite lives as set out above.

(g) Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Group determines that the arrangement conveys a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

(i) *Classification of assets leased to the Group*

Assets that are held by the Group under leases which transfer to the Group substantially all the risks and rewards of ownership are classified as being held under finance leases. Leases which do not transfer substantially all the risks and rewards of ownership to the Group are classified as operating leases.

(ii) *Operating lease charges*

Where the Group has the use of assets held under operating leases, payments made under the leases are charged to profit or loss in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased assets. Lease incentives received are recognised in profit or loss as an integral part of the aggregate, net lease payments made. Contingent rentals are charged to profit or loss in the accounting period in which they are incurred.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(h) Impairment of assets

(i) *Impairment of receivables*

Current and non-current receivables that are stated at cost or amortised cost are reviewed at the end of each reporting period to determine whether there is objective evidence of impairment. Objective evidence of impairment includes observable data that comes to the attention of the Group about one or more of the following loss events:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation; and
- significant changes in the technological market, economic or legal environment that have an adverse effect on the debtor.

If any such evidence exists, any impairment loss is determined and recognised as follows:

- for trade and other receivables and other financial assets carried at amortised cost, the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition of these assets), where the effect of discounting is material. This assessment is made collectively where financial assets carried at amortised cost share similar risk characteristics, such as similar past due status, and have not been individually assessed as impaired. Future cash flows for financial assets which are assessed for impairment collectively are based on historical loss experience for assets with credit risk characteristics similar to the collective group.

If in subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through profit or loss. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

Impairment losses are written off against the corresponding assets directly, except for impairment losses recognised in respect of trade debtors included within trader and other receivables, whose recovery is considered doubtful but not remote. In this case, the impairment losses for doubtful debts are recorded using an allowance account. When the Group is satisfied that recovery is remote, the amount considered irrecoverable is written off against trade debtors directly and any amounts held in the allowance account relating to that debt are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(h) Impairment of assets *(Continued)*

(ii) *Impairment of other assets*

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- prepaid lease payments classified as being held under an operating lease;
- intangible assets;
- investments in subsidiaries (except for those classified as held for sale (or included in a disposal group that is classified as held for sale)); and
- goodwill.

In any such indication exists, the asset's recoverable amount is estimated. In addition, for goodwill, intangible assets that are not yet available for use and intangible assets that have indefinite useful lives, the recoverable amount is estimated annually whether or not there is any indication of impairment.

— Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs to sell and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e., a cash-generating unit).

— Recognition of impairment losses

An impairment loss is recognised in profit or loss whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generated unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying amount of an asset will not be reduced below its individual fair amount less costs to sell, or value-in-use, if determinable.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(h) Impairment of assets *(Continued)*

(ii) *Impairment of other assets (Continued)*

— Reversals of impairment losses

In respect of assets other than goodwill, an impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(iii) *Interim financial reporting and impairment*

Under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, the Group is required to prepare an interim financial report in compliance with HKAS 34 *Interim Financial Reporting* in respect of the first six months of the financial year. At the end of the interim period, the Group applies the same impairment testing, recognition and reversal criteria as it would at the end of the financial year (see note 2(h)(i) and (ii)).

Impairment losses recognised in an interim period in respect of goodwill, available-for-sale equity securities and unlisted equity securities carried at cost are not reversed in a subsequent period. This is the case even if no loss, or a smaller loss, would have been recognised had the impairment been assessed only at the end of the financial year to which the interim period relates.

(i) Stock of properties

Stock of properties, which are held for trading, is stated at the lower of cost and net realisable value. Net realisable value is determined by reference to sale proceeds received after the end of reporting period less selling expense, or by management estimate based on the prevailing market conditions.

(j) Trade and other receivables

Trade and other receivables are initially recognised at fair value and thereafter stated at amortised cost less allowance for impairment of doubtful debts (see note 2(h)(i)), except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(k) Financial instruments

Financial assets and financial liabilities are recognised on the consolidated statement of financial position when a group entity becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the consolidated statement of comprehensive income.

(i) Financial assets

The Group's financial assets are classified into one of the three categories, including financial assets at fair value through profit or loss and loans and receivables. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. The accounting policies adopted in respect of each category of financial assets are set out below.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss comprise financial assets held for trading purpose and derivative financial instruments that are not designated as effective hedging instruments. At the end of each reporting period date subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value, with changes in fair value recognised directly in the consolidated statement of comprehensive income in the period in which they arise.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. At the end of each reporting period date subsequent to initial recognition, loans and receivables are carried at amortised cost using the effective interest method, less any identified impairment losses (see note 2(h)). An impairment loss is recognised in the consolidated statement of comprehensive income when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. Impairment losses are reversed in subsequent periods when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(k) Financial instruments *(Continued)*

(ii) *Financial liabilities and equities*

Financial liabilities and equity instruments issued by a group entity are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of the group after deducting all of its liabilities. The Group's financial liabilities are generally classified into financial liabilities at fair value through profit or loss and other financial liabilities. The accounting policies adopted in respect of financial liabilities and equity instruments are set out below.

Financial liabilities

Financial liabilities including deposits and other payables, bank and other borrowings and promissory notes, are subsequently measured at amortised cost, using the effective interest rate method. Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

Financial guarantee contracts

Financial guarantees are contracts that require the issuer (i.e., the guarantor) to make specified payments to reimburse the beneficiary of the guarantee (the "holder") for a loss the holder incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Where the Group issues a financial guarantee, the fair value of the guarantee (being the transaction price, unless the fair value can otherwise be reliably estimated) is initially recognised as deferred income within trade and other payables. Where consideration is received or receivable for the issuance of the guarantee, the consideration is recognised in accordance with the Group's policies applicable to that category of assets. Where no such consideration is received or receivable, an immediate expense is recognised in profit or loss on initial recognition of any deferred income.

The amount of the guarantee initially recognised as deferred income is amortised in profit or loss over the term of the guarantee as income from financial guarantees issued, in addition, provisions are recognised in accordance with note 2(r)(ii) if and when (i) it becomes probable that the holder of the guarantee will call upon the Group under the guarantee, and (ii) the amount that claim on the Group is expected to exceed the amount currently carried in trade and other payables in respect of that guarantee, that is, the amount initially recognised, less accumulated amortisation.

(iii) *Derecognition*

Financial assets are derecognised when the rights to receive cash flows from the assets expire or, the financial assets are transferred or the Group has transferred substantially all the risks and rewards of ownership of the financial assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and the cumulative gain or loss that had been recognised directly in equity is recognised in the consolidated statement of comprehensive income.

Notes to the Consolidated Financial Statements

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(k) Financial instruments *(Continued)*

(iii) Derecognition (Continued)

For financial liabilities, they are removed from the Group's consolidated statement of financial positions when the obligation specified in the relevant contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid or payable is recognised in the consolidated statement of comprehensive income.

(l) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in profit or loss over the period of the borrowings, together with any interest and fees payable, using the effective interest method.

(m) Deposits and other payables

Deposits and other payables are initially recognised and subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

(n) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents for the purpose of the consolidated statement of cash flows.

(o) Employee benefits

(i) Short-term employee benefits and contributions to defined contribution retirement plans

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(ii) Share-based payments

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in share options reserve within equity. The fair value is measured at grant date using the binomial option pricing model, taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(o) Employee benefits *(Continued)*

(ii) *Share-based payments (Continued)*

During the vesting period, the number of share options that is expected to vest is reviewed. Any adjustment to the cumulative fair value recognised in prior years is charged/credited to the profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the share options reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the share options reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the share options reserve until either the option is exercised (when it is transferred to the share premium account) or the option expires (when it is released directly to accumulated losses).

(iii) *Termination benefits*

Termination benefits are recognised when, and only when, the Group demonstrably commits itself to terminate employment or to provide benefits as a result of voluntary redundancy by having a detailed formal plan which is without realistic possibility of withdrawal.

(p) Share options granted to consultants

Share options issued in exchange for goods or services are measured at the fair values of the goods or services received, unless that fair value cannot be reliably measured, in which case the goods or services received are measured by reference to the fair value of the share options granted. The fair values of the goods or services received are recognised as expenses immediately, unless the goods or services qualify for recognition as assets. Corresponding adjustment has been made to equity (share options reserves).

(q) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised directly in equity, in which case they are recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(q) *Income tax (Continued)*

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary differences or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

Additional income taxes that arise from the distribution of dividends are recognised when the liability to pay the related dividends is recognised.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the assets and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current liabilities on a net basis or realise and settle simultaneously.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(r) Provisions and contingent liabilities

(i) *Contingent liabilities acquired in business combinations*

Contingent liabilities acquired as part of a business combination are initially recognised at fair value, provided the fair value can be reliably measured. After their initial recognition at fair value, such contingent liabilities are recognised at the higher of the amount initially recognised, less accumulated amortisation where appropriate, and the amount that would be determined in accordance with note 2(r)(ii). Contingent liabilities acquired in a business combination that cannot be reliably fair valued are disclosed in accordance with note 2(r)(ii).

(ii) *Other provisions and contingent liabilities*

Provisions are recognised for other liabilities of uncertain timing or amount when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(s) Revenue recognition

Provided it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised in consolidated statement of comprehensive income as follows:

(i) *Rental income from operating leases*

Rental income receivable under operating leases is recognised in profit or loss in equal installments over the periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the use of the leased asset. Lease incentives granted are recognised in profit or loss as an integral part of the aggregate net lease payments receivable. Contingent rentals are recognised as income in the accounting period in which they are earned.

(ii) *Revenue from property sale*

Revenue from property sale is recognised on the execution of binding sale agreement or when the relevant occupation permit or certificate of compliance is issued by the respective building authority, whichever is the later.

(iii) *Revenue from property ancillary services*

Revenue from property ancillary services are recognised when the services are rendered.

Notes to the Consolidated Financial Statements

(s) Revenue recognition *(Continued)*

(iv) Commission income from agricultural exchange market

Commission income from agricultural exchange market is recognised in accordance with the terms of the agreements signed.

(v) Sales of good and beverages

Sales of good and beverages are recognised at the point of sale of customers.

(vi) Interest income

Interest income is recognised as it accrues using the effective interest method.

(vii) Government subsidies

Government subsidies that compensate the Group for expenses incurred are recognised as revenue in profit or loss on a systematic basis in the same periods in which the expenses are incurred.

(viii) Dividend income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

(t) Translation of foreign currencies

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of reporting period. Exchange gains and losses are recognised in consolidated statement of comprehensive income.

Non-monetary assets and liabilities that are measured in terms of historical cost on a foreign currency are translated using the foreign exchange rates ruling at the transactions dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the date the fair value was determined.

For the purpose of presenting the consolidated financial statements, the results of the Group's operations not denominated in Hong Kong dollars are translated into Hong Kong dollars, i.e., the presentation currency of the Group, at the average rates for the year. The items of consolidated statement of financial position, including goodwill arising on consolidation of foreign operations acquired on or after 1 January 2005, are translated into Hong Kong dollars at the foreign exchange rates ruling at the end of the reporting period. The resulting exchange differences are recognised directly in a separate component of equity. Goodwill arising on consolidation of a foreign operation acquired before 1 January 2005 is translated at the foreign exchange rate that applied at the date of acquisition of the foreign operation.

On disposal of a foreign operation, the cumulative amount of the exchange differences recognised in equity which relate to that foreign operation is included in the calculation of the profit or loss on disposal.

2. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(u) Borrowing costs

Borrowing costs are expensed in profit or loss in the period in which they are incurred, except to the extent that they are capitalised as being directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use of sale.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or complete.

(v) Discontinued operation

A discontinued operation is a component of the Group's business, the operations and cash flows of which can be clearly distinguished from the rest of the Group and which represents a separate major line of business or geographical area of operations, or is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations, or is a subsidiary acquired exclusively with a view to resale.

Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier. It also occurs when the operation is abandoned.

Where an operation is classified as discontinued, a single amount is presented on the face of the consolidated statement of comprehensive income, which comprises:

- the post-tax profit or loss of the discontinued operation; and
- the post-tax gain or loss recognised on the measurement to fair value less costs to sell, or on the disposal, of the assets or disposal group(s) constituting the discontinued operation.

(w) Related parties

A party is considered to be related to the Group if:

- (1) A person or entity that is preparing the consolidated financial statements of the Group;
- (2) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group.

(w) Related parties (Continued)

- (3) An entity is related to the Group if any of the following conditions applies:
- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employees are also related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (2).
 - (vii) A person identified (2) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

(x) Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

In accordance with the Group's internal financial reporting system, the Group has chosen business segment information as the primary reporting format and geographical segment information as the secondary reporting format for the purposes of these consolidated financial statements.

Segment revenue, expenses, results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis to that segment. For example, segment assets may include inventories, trade receivables and property, plant and equipment. Segment revenue, expenses, assets, and liabilities are determined before intra-group balances and intra-group transactions are eliminated as part of the consolidation process, except to the extent that such intra-group balances and transactions are between group entities within a single segment. Inter-segment pricing is based on similar terms as those available to other external parties.

Segment capital expenditure is the total cost incurred during the period to acquire segment assets (both tangible and intangible) that are expected to be used for more than one period.

Unallocated items mainly comprise financial and corporate assets, interest-bearing loans, borrowings, tax balances, corporate and financing expenses.

Notes to the Consolidated Financial Statements

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(y) Government grants

Government grants are recognised in statement of comprehensive income on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Government grants related to depreciable assets are recognised as deferred revenue in the consolidated statement of financial position and transferred to consolidated statement of comprehensive income over the useful lives of the related assets. Other government grants are recognised as revenue over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in consolidated statement of comprehensive income in the period in which they become receivable.

3. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

In the current year, the Company has applied, for the first time, the following new standard, amendments and interpretations (“new HKFRSs”) issued by the HKICPA, which are effective for the Company’s financial year beginning 1 January 2012. A summary of the new HKFRSs are set out as below:

HKAS 12 (Amendments)	Deferred Tax: Recovery of Underlying Assets
HKFRS 1 (Amendments)	First time adoption of Hong Kong Financial Reporting Standards — Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters
HKFRS 7 (Amendments)	Disclosure — Transfer of Financial Assets

The adoption of these new and revised HKFRSs had no significant financial effect on these consolidated financial statements.

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective:

HKFRS 9	Financial Instruments ⁴
HKFRS 10	Consolidated Financial Statements ²
HKFRS 11	Joint Arrangements ²
HKFRS 12	Disclosure of Interests in Other Entities ²
HKFRS 13	Fair Value Measurement ²
Amendments to HKFRS 7	Disclosure — Offsetting Financial Assets and Financial Liabilities ²
Amendments to HKFRS 9 and HKFRS 7	Mandatory Effective Date of HKFRS 9 and Transition Disclosures ⁴
Amendment to HKFRS 10, HKFRS 11 and HKFRS 12	Consolidated Financial Statements, Joint Arrangements Disclosure of Interests in Other Entities: Transition Guidance ²
Amendment to HKFRS 10, HKFRS 12 and HKAS 27	Investment Entities ³
HKAS 19 (as revised in 2011)	Employee Benefit ²
HKAS 27 (as revised in 2011)	Separate Financial Statements ²
HKAS 28 (as revised in 2011)	Investments in Associates and Joint Ventures ²
Amendments to HKAS 1	Presentation of Items of Other Comprehensive Income ¹
Amendments to HKAS 32	Offsetting Financial Assets and Financial Liabilities ³
Amendments to HKFRSs	Annual Improvements to HKFRSs 2009-2011 ²
HK(IFRIC)-Int 20	Stripping Costs in Production Phase of Surface Mine ²

¹ Effective for annual periods beginning on or after 1 July 2012.

² Effective for annual periods beginning on or after 1 January 2013.

³ Effective for annual periods beginning on or after 1 January 2014.

⁴ Effective for annual periods beginning on or after 1 January 2015.

HKFRS 9 issued in 2009 introduced new requirements for the classification and measurement of financial assets. HKFRS 9 was amended in 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

3. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

Key requirements of HKFRS 9 are described below:

All recognised financial assets that are within the scope of HKAS 39 Financial Instruments: Recognition and Measurement to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent reporting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.

With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value of financial liabilities attributable to changes in the financial liabilities' credit risk are not subsequently reclassified to profit or loss. Previously, under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss was presented in profit or loss.

HKFRS 9 is effective for annual periods beginning on or after 1 January 2015, with earlier application permitted.

The Directors anticipate that HKFRS 9 that will be adopted in the Group's consolidated financial statements for the annual period beginning 1 January 2015 and that the application of new standard may have a significant impact on amounts reported in respect of Group's financial assets. However, it is not practical to provide a reasonable estimate of that effect until a detailed review has been completed.

In June 2011, a package of five standards on consolidation, joint arrangements, associates and disclosures was issued, including HKFRS 10, HKFRS 11, HKFRS 12, HKAS 27 (as revised in 2011) and HKAS 28 (as revised in 2011).

Key requirements of these five standards are described below.

HKFRS 10 replaces the parts of HKAS 27 Consolidated and Separate Financial Statements that deal with consolidated financial statements and HK (SIC)-Int 12 Consolidation — Special Purpose Entities. HKFRS 10 includes a new definition of control that contains three elements: (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor's returns. Extensive guidance has been added in HKFRS 10 to deal with complex scenarios.

HKFRS 11 replaces HKAS 31 Interests in Joint Ventures and HK (SIC)-Int 13 Jointly Controlled Entities — Non-Monetary Contributions by Venturers. HKFRS 11 deals with how a joint arrangement of which two or more parties have joint control should be classified. Under HKFRS 11, joint arrangements are classified as joint operations or joint ventures, depending on the rights and obligations of the parties to the arrangements. In contrast, under HKAS 31, there are three types of joint arrangements: jointly controlled entities, jointly controlled assets and jointly controlled operations.

In addition, joint ventures under HKFRS 11 are required to be accounted for using the equity method of accounting, whereas jointly controlled entities under HKAS 31 can be accounted for using the equity method of accounting or proportionate accounting.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

3. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) *(Continued)*

HKFRS 12 is a disclosure standard and is applicable to entities that have interests in subsidiaries, joint arrangements, associates and/or unconsolidated structured entities. In general, the disclosure requirements in HKFRS 12 are more extensive than those in the current standards.

In July 2012, the amendments to HKFRS 10, HKFRS 11 and HKFRS 12 were issued to clarify certain transitional guidance on the application of these five HKFRSs for the first time.

The Directors do not anticipate that the amendments will have any significant effect on the Group’s consolidated financial statements.

HKFRS 13 establishes a single source of guidance for fair value measurements and disclosures about fair value measurements. The Standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The scope of HKFRS 13 is broad; it applies to both financial instrument items and non-financial instrument items for which other HKFRSs require or permit fair value measurements and disclosures about fair value measurements, except in specified circumstances. In general, the disclosure requirements in HKFRS 13 are more extensive than those in the current standards. For example, quantitative and qualitative disclosures based on the three-level fair value hierarchy currently required for financial instruments only under HKFRS 7 Financial Instruments: Disclosures will be extended by HKFRS 13 to cover all assets and liabilities within its scope.

HKFRS 13 is effective for annual periods beginning on or after 1 January 2013, with earlier application permitted.

The Directors do not anticipate that the amendments will have any significant effect on the Group’s consolidated financial statement.

The amendments to HKAS 32 clarify existing application issues relating to the offset of financial assets and financial liabilities requirements. Specifically, the amendments clarify the meaning of ‘currently has a legally enforceable right of set-off’ and ‘simultaneous realisation and settlement’.

The amendments to HKFRS 7 require entities to disclose information about rights of offset and related arrangements (such as collateral posting requirements) for financial instruments under an enforceable master netting agreement or similar arrangement.

The amendments to HKFRS 7 are effective for annual periods beginning on or after 1 January 2013 and interim periods within those annual periods. The disclosures should be provided retrospectively for all comparative periods. However, the amendments to HKAS 32 are not effective until annual periods beginning on or after 1 January 2014, with retrospective application required.

The Directors anticipate that the application of these amendments to HKAS 32 and HKFRS 7 may result in more disclosures being made with regard to offsetting financial assets and financial liabilities in the future.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

3. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

The amendments to HKAS 1 introduce new terminology for the statement of comprehensive income and income statement. Under the amendments to HKAS 1, a statement of comprehensive income is renamed as a statement of profit or loss and other comprehensive income and an income statement is renamed as a statement of profit or loss. The amendments to HKAS 1 retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to HKAS 1 require items of other comprehensive income to be grouped into two categories in the other comprehensive income section: (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis. The amendments do not change the option to present items of other comprehensive income either before tax or net of tax.

The amendments to HKAS 1 are effective for annual periods beginning on or after 1 July 2012. The presentation of items of other comprehensive income will be modified accordingly when the amendments are applied in the future accounting periods.

The amendments to HKAS 19 change the accounting for defined benefit plans and termination benefits. The most significant change relates to the accounting for changes in defined benefit obligations and plan assets. The amendments require the recognition of changes in defined benefit obligations and in the fair value of plan assets when they occur, and hence eliminate the ‘corridor approach’ permitted under the previous version of HKAS 19. The amendments require all actuarial gains and losses to be recognised immediately through other comprehensive income in order for the net pension asset or liability recognised in the consolidated statement of financial position to reflect the full value of the plan deficit or surplus.

The amendments to HKAS 19 are effective for annual periods beginning on or after 1 January 2013 and require retrospective application with certain exceptions. The Directors anticipate that the amendments to HKAS 19 will be adopted in the Group’s consolidated financial statements for the annual period beginning 1 January 2013 and that the application of the amendments to HKAS 19 may have impact on amounts reported in respect of the Group’s defined benefit plans. However, the Directors have not yet performed a detailed analysis of the impact of the application of the amendments and hence have not yet quantified the extent of the impact.

The Annual Improvements to HKFRSs 2009 — 2011 Cycle include a number of amendments to various HKFRSs. The amendments are effective for annual periods beginning on or after 1 January 2013. Amendments to HKFRSs include:

The amendments to HKAS 1 require an entity that changes accounting policies retrospectively, or make a retrospective restatement or reclassification to present a statement of financial position as at the beginning of the preceding period (third statement of financial position). The amendments to HKAS 1 clarify that an entity is required to present a third statement of financial position only when the retrospective application, restatement or reclassification has a material effect on the information in the third statement of financial position and that related notes are not required to accompany the third statement of financial position.

The amendments to HKAS 16 clarify that spare parts, stand-by equipment and servicing equipment should be classified as property, plant and equipment when they meet the definition of property, plant and equipment in HKAS 16 and as inventory otherwise. The Directors do not anticipate that the amendments to HKAS 16 will have a significant effect on the Group’s consolidated financial statements.

The amendments to HKAS 32 clarify that income tax on distributions to holders of an equity instrument and transaction costs of an equity transaction should be accounted for in accordance with HKAS 12 Income Taxes. The Directors anticipate that the amendments to HKAS 32 will have no effect on the Group’s consolidated financial statements as the Group has already adopted this treatment.

4. ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the Group's accounting policies, the directors of the Company are required to make judgements, estimates and assumption about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(a) Key sources of estimation uncertainty

In the process of applying the Group's accounting policies, management has made certain key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, as discussed below:

(i) *Impairment of property, plant and equipment and intangible assets*

The recoverable amount of an asset is the greater of its fair value less costs to sell and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset, which requires significant judgement relating to level of revenue and amount of operating costs. The Group uses all readily available information in determining an amount that is a reasonable approximation of the recoverable amount, including estimates based on reasonable and supportable assumptions and projections of revenue and operating costs. Changes in these estimates could have a significant impact on the carrying amount of the assets and could result in additional impairment charge or reversal of impairment in future periods.

(ii) *Valuation of investment properties*

Investment properties are included in the consolidated statement of financial position at their fair value, which is assessed annually by independent qualified valuers, after taking into consideration all readily available information and current market environment.

The methodology and assumptions adopted in the property valuations are mentioned in note 18(a).

(iii) *Impairment for goodwill*

Internal and external sources of information are reviewed by the Group at the end of each reporting period to assess whether there is any indication that goodwill may be impaired. If any such indication exists, the recoverable amount of the goodwill is estimated. Changes in facts and circumstances may result in revisions to the conclusion of whether an indication of impairment exists and revised estimates of recoverable amounts, which would affect profit or loss in future years.

4. ACCOUNTING ESTIMATES AND JUDGEMENTS *(Continued)*

(a) Key sources of estimation uncertainty *(Continued)*

(iv) Impairment for trade and other receivables

The Group estimates impairment losses for trade and other receivables resulting from the inability of the debtors to make the required payments. The Group bases the estimates on the ageing of the trade and other receivable balance, debtor credit-worthiness, and historical write-off experience. If the financial conditions of the debtors were to deteriorate, actual write-offs would be higher than estimated.

(v) Income tax and deferred taxation

The Group is subject to income taxes. Significant judgement is required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Deferred tax assets relating to certain temporary differences and certain tax losses are recognised as management considers it is probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. Where the expectation is different from the original estimate, such differences will impact the recognition of deferred tax assets and tax in the period in which such estimate is changed.

(vi) Impairment of intangible assets

Determining whether intangible assets is impaired requires an estimation of the value in use of the cash-generating units. The value in use calculation requires management to estimate the future cash flows expected to arise from the cash-generating units and a suitable discount rate in order to calculate present value.

(b) Critical judgements in applying the Group's accounting policies

In determining the carrying amounts of some assets and liabilities, the Group makes assumptions for the effects of uncertain future events on those assets and liabilities at the end of each reporting period. These estimates involve assumptions about such items as cash flows and discount rates used. The Group's estimates and assumptions are based on historical experience and expectations of future events and are reviewed periodically. In addition to assumptions and estimations of future events, judgements are also made during the process of applying the Group's accounting policies.

Going Concern

As disclosed in note 2(b)(i), the Directors have prepared the consolidated financial statements on a going concern basis as they are of the opinion that the Group will be able to generate adequate cash flows from its operations and secure the necessary facilities from the banks in the next twelve months to enable the Group to operate as a going concern. This conclusion is arrived at with reference to the cash flow forecast projection prepared by the management and on the assumption that the facilities that will be available to the Group upon successful negotiation with its banks. Any significant deviations from the assumptions adopted by management in preparing the cash flows forecast of the Group and discontinuation of banking facilities would affect the conclusion that the Group is able to continue as going concern.

5. TURNOVER

Turnover represents revenue from (i) property rental income, (ii) property ancillary services, (iii) commission income from agricultural exchange market, and (iv) property sales. The amount of each significant category of revenue recognised during the year, net of discount and sales related tax, is analysed as follows:

	2012 HK\$'000	2011 HK\$'000
Continuing operations:		
Gross rental income	95,723	78,454
Revenue from property ancillary services	34,607	26,807

	5,328	31,518
Discontinued operation:		
Interest income	—	6
	5,328	31,524

(a) PRC government subsidies

PRC government subsidies represent various form of subsidies granted to the Group by the local governmental authorities in the PRC for compensation of expenses incurred by the Group. These grants are generally made for business support and awarded to enterprises on a discretionary basis. The Group received these government grants in respect of its investments in the agricultural products exchange market in the PRC.

Over HK\$1,500,000	—	—

During the years ended 31 December 2012 and 2011, no emoluments were paid by the Group to any of the highest paid individuals and senior management as an inducement to join or upon joining the Group or as compensation for loss of office.

11. EMPLOYEE RETIREMENTS BENEFITS

The Group participates in defined contribution retirement schemes (the “Schemes”) organised by the relevant local government authorities whereby the Group is required to make contributions to the Schemes at certain percentage of the eligible employees’ salaries, pursuant to the relevant labour rules and regulations in the PRC. The local government authorities are responsible for the entire pension obligations payable to retired employees.

The Group also operates a Mandatory Provident Fund Scheme (the “MPF Scheme”) under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF Scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF scheme, the employer and its employees are each required to make contributions to the plan at 5% of the employees’ relevant income, subject to a cap of monthly relevant income of HK\$25,000 (The cap of monthly relevant income was increased from HK\$20,000 to HK\$25,000 with effect from June 2012). Contributions to the plan vest immediately.

The Group has no other obligation for the payment of post-retirement benefits beyond the contributions described above.

12. DISCONTINUED OPERATION

On 16 December 2011, Action Rich Investments Limited, a direct wholly-owned subsidiary of the Company entered into the conditional sale and purchase agreement that restaurant operations were discontinued following the disposal of All Know Investments Limited, an indirect wholly-owned subsidiary, and its subsidiaries (collectively known as the “All Know Group”), which carried out all of the Group’s restaurant operation. The disposal of the restaurant operation is consistent with the Group’s long-term policy to focus its activities in the property rental. The disposal was completed on 28 December 2011, on which date control of the restaurant operation passed to the acquired. Details of the assets and liabilities disposed of, and the calculation of the profit on disposal, are disclosed in note 34.

18. INVESTMENT PROPERTIES *(Continued)*

(c) Investment properties leased out under operating leases

All of the Group's property interests held under operating leases to earn rentals are measured using the fair value model and accounted for investment properties.

The Group leases out its investment properties which is an agricultural exchange market to various tenants. The leases typically run for an initial period of 1 year to 5 years, at the end of which period all terms are renegotiated. None of the leases includes contingent rentals. The rental receivable from investment properties less direct outgoings of approximately HK\$4,233,000 (2011: approximately HK\$4,528,000) amounted to approximately HK\$91,490,000 (2011: approximately HK\$73,926,000).

The Group's total future minimum lease payments under non-cancellable operating leases are receivable as follows:

	2012 HK\$'000	2011 HK\$'000
Within 1 year	34,899	32,019
After 1 year but within 5 years	31,467	21,539
Over 5 years	499	469
	66,865	54,027

In addition, the Group has arrangements with tenants and their suppliers which entitled it to charge commission based on certain percentages of the transaction price of agricultural products delivered to the tenants in the agricultural exchange market.

(d) Pledge of investment properties

As at 31 December 2012, the land use rights in respect of investment properties with a total carrying amount of approximately HK\$1,313,386,000 (2011: approximately HK\$1,039,219,000) were pledged to banks for the Group's bank borrowings, details of which are set out in note 26.

(e) At 31 December 2012, the Group had been applying for the relevant certificates in respect of the buildings erected on the land included under investment properties owned by the Group.

Cost:		
At 1 January and 31 December	25,017	25,017
Accumulated impairment loss:		
At 1 January and 31 December	18,573	18,573
Carrying amount:		
At 31 December	6,444	6,444

Note:

At the end of the reporting period, the Group assessed the recoverable amount of goodwill, and determined that no impairment has been provided for goodwill associated with certain of the Group's property rental activities for the year ended 31 December 2012 (2011: Nil). The recoverable amount of the property rental activities was assessed by reference to the relevant cash-generating unit's value in use. A discount factor of 14% per annum was applied in the value in use model.

Particulars of impairment testing on goodwill are disclosed below.

Impairment testing on goodwill

Goodwill has been allocated for impairment testing purposes to the following cash-generating units:

— Property rental

The carrying amount of goodwill (net of accumulated impairment losses) was allocated to cash-generating units as follows:

	2012	2011
	HK\$'000	HK\$'000
Property rental	6,444	6,444

Property rental

The recoverable amount of this cash-generating unit is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the Directors covering a five-year period, and a discount rate of 14% per annum. Cash flows covering that five-year period have been extrapolated using a steady 3% growth rate. This growth rate does not exceed the long-term average growth rate for the market. The Directors believe that any reasonably possible further change in the key assumptions on which the recoverable amount is based would not cause the carrying amount of the unit to exceed its recoverable amount.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

19. GOODWILL (Continued)

Property rental (Continued)

The key assumptions used in the value in use calculations for property rental cash-generating units are as follows:

Budgeted market share Average market share in the period immediately before the budget period. The values assigned to the assumption reflect past experience.

Budgeted gross margin Average gross margins achieved in the period immediately before the budget period which reflects past experience.

30. CAPITAL AND RESERVES (Continued)

(c) Authorised and issued share capital (Continued)

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally regard to the Company's residual assets.

- (i) On 9 November 2010, the Company entered into a placing agreement under which the Company agreed to place up to a total of 300,000,000 shares to independent third parties on a fully underwritten basis, through a placing agent, at a price of HK\$0.25 per share under a specific mandate which the Directors then sought and obtained from shareholders at a special general meeting of the Company held on 21 December 2010. Completion of the placing of all of the 300,000,000 fully underwritten shares took place on 5 January 2011 and net proceeds of approximately HK\$73,026,000 were raised for repayment of loan, reduction of the Group's debt and gearing level and for expansion and further development of the Group's agricultural produce exchanges.
- (ii) Pursuant to a special resolution passed on 1 August 2011, a capital reorganisation ("Capital Reorganisation") became effective in which involves: (i) the consolidation of share(s) in the issued share capital of Company whereby every ten shares of nominal value of HK\$0.10 each in the issued share capital of the Company has been consolidated into one consolidated share of nominal value of HK\$1.00 (the "Consolidated Share"); (ii) the reduction of the Company's issued share capital whereby (a) the nominal value of all the issued Consolidated Shares was reduced from HK\$1.00 each to HK\$0.01 each (the "Adjusted Shares") and the issued share capital of the Company was accordingly be reduced to the extent of HK\$0.99 per Consolidated Share in issue; and (b) any aggregated number of fractional Consolidated Shares in the issued share capital of the Company arising from the share consolidation be cancelled; (iii) the share subdivision whereby every one authorised but unissued Company's share of par value HK\$0.10 was subdivided into ten Adjusted Shares of HK\$0.01 each; and (iv) applying the credit arising from the capital reduction to set off the accumulated loss of the Company.
- (iii) Upon the Capital Reorganisation becoming effective and a special resolution passed on 1 August 2011, the Company proposed to raise gross proceeds of approximately HK\$464,400,000, before expenses, by way of the Rights Issue. Pursuant to the Rights Issue, the Company shall allot and issue 2,381,597,550 Rights Shares at the subscription price (i.e. HK\$0.195 per Rights Share), on the basis of thirty (30) Rights Shares for every one (1) Adjusted Share held on the record date. Dealings in Rights Shares commenced on 7 September 2011. The net proceeds were raised for expansion of the Group's agricultural produce exchanges, repayment of interest-bearing debts and used as general working capital of the Group.

(d) Nature and purpose of reserves

(i) Share premium

The application of the share premium account is governed by section 40 of the Bermuda Companies Act 1981 of Bermuda.

(ii) Capital redemption reserve

The capital redemption reserve represents the nominal value of the Company's shares repurchased which has been paid out of the distributable reserves of the Company.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

30. CAPITAL AND RESERVES *(Continued)*

(d) Nature and purpose of reserves *(Continued)*

(iii) Contributed surplus

The contributed surplus represents (i) the difference between the underlying net asset value of the subsidiaries acquired over the nominal value of the shares of the Company issued pursuant to group reorganisation in 1995, and (ii) contribution arising from capital reorganisation in 2003 and 2009.

Under the Companies Act 1981 of Bermuda (as amended), the contributed surplus is available for distribution to shareholders. However, the Company cannot declare or pay a dividend, or make distributions out of contributed surplus if:

- it is, or would after the payment be, unable to pay its liabilities as they become due; or
- the realisable value of its assets would thereby be less than the aggregate of its liabilities and its issued share capital and share premium accounts.

(iv) Shareholders' contribution

The shareholders' contribution represents imputed interest expense on the non-current interest-free loan from ultimate holding company in 2005.

(v) Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements into presentation currency of the Group which is dealt with in accordance with the accounting policy set out in note 2(f).

(vi) Other reserve

The other reserve of the Group was the changes in the Group's ownership interests in its subsidiaries that do not result in the loss of control.

(e) Distributability of reserves

At 31 December 2012, the aggregate amount of reserves available for distribution to equity shareholders of the Company was nil (2011: Nil).

(f) Capital management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, by pricing products and services commensurately with the level of risk and by securing access to finance at a reasonable cost.

The Group actively and regularly reviews and manages its capital structure to strictly control the debt level. The Group maintains a strategy on acquiring land only if the project development can commence within a short period of time so as to minimise the time period between acquisition and development of the acquired land, thus the Group's capital can be efficiently deployed.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

30. CAPITAL AND RESERVES (Continued)

(f) Capital management (Continued)

The Group monitors its capital structure on the basis of gearing ratio. For this purpose, the Group defines net debt as total debt (which includes bank and other borrowings and promissory notes) less cash and cash equivalents. Capital comprises total equity attributable to equity shareholders of the Company. The Group's overall strategy remains unchanged from prior year.

The gearing ratio as at 31 December 2012 and 2011 was as follows:

	Notes	2012 HK\$'000	2011 HK\$'000
Current liabilities			
— Bank and other borrowings	26	275,452	583,179

Gearing ratio		96.8%	56.9%

Neither the Company nor its subsidiaries are subject to externally imposed capital requirements.

31. EQUITY SETTLED SHARE-BASED TRANSACTIONS

The Company adopted a share option scheme (the "Scheme") on 3 May 2012 whereby the directors the Company are authorised, at their discretion, to invite selected eligible persons (the "Participants") to take up options for their contribution to the Group. The Scheme will remain in force for 10 years. Under the Scheme, the board of directors (the "Board") may grant options to the Participants to subscribe for shares in the Company for a consideration of HK\$1 for each lot of share options granted. The exercise price is to be determined by the Board and shall not be less than the highest of:

- the official closing price of the shares as stated in the daily quotations sheets of the Stock Exchange on the offer date which must be a business day (and for this purpose, shall be taken to be the date of the Board meeting at which the Board proposes to grant the options);
- the average of the official closing price of the shares as stated in the daily quotations sheets of the Stock Exchange for the five business days immediately preceding the offer date; and
- the nominal value of a share.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

31. EQUITY SETTLED SHARE-BASED TRANSACTIONS *(Continued)*

Pursuant to the Scheme, the maximum number of shares in the Company in respect of which options may be granted when aggregated with any other share option scheme of the Company is not permitted to exceed 246,098,413 shares, representing 10% of the issued share capital of the Company as at the date of adoption of the Scheme. Subject to the issue of a circular and the approval of the shareholders of the Company in general meeting and/or such other requirements prescribed under the Listing Rules from time to time, the Board may refresh the limit at any time to 10% of the total number of shares in issue as at the date of approval by the shareholders of the Company in general meeting. Notwithstanding the foregoing, the shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other share option schemes of the Company at any time shall not exceed 30% of the shares in issue from time to time.

The number of shares in respect of which options may be granted to the Participants in any 12-month period up to and including the date of grant shall not exceed 1% of the total number of shares in issue as at the date of grant. Any further grant of options in excess of this 1% limit shall be subject to the approval of the shareholders in general meeting. The participant and his associates (as defined in the Listing Rules) are abstained from voting and/or other requirements prescribed under the Listing Rules from time to time. Options granted to substantial shareholders or independent non-executive directors in excess of 0.1% of the Company's share capital or with a value in excess of HK\$5,000,000 must be approved in advance by the Company's shareholders.

There is no specific requirement that an option must be held for any minimum period before it can be exercised but the Board is empowered to impose at its discretion any such minimum period at the time of grant of any particular option. The period during which an option may be exercised will be determined by the Board at its absolute discretion, save that no option may be exercised more than ten years from the date of grant.

No options have been granted, exercised, cancelled or lapsed during the year ended 31 December 2012 and 2011.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Exposure to credit, liquidity and market risks (including interest rate, currency risk and equity price risk) arises in the normal course of the Group's business.

These risks are limited by the Group's financial management policies and practices described below.

(a) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligation, and arises principally from the carrying amount of the respective financial assets as stated in the consolidated statement of financial position after deducting any impairment allowance.

In order to minimise the credit risk in relation to each class of recognised financial assets as stated in the consolidated financial statements, the management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt and non-trade debt at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The Group has a concentration of credit risk in certain individual customers. At the end of each reporting period, the five largest receivable balances accounted for approximately 38% (2011: approximately 36.2%) of the trade receivables and the largest trade receivable was approximately 15% (2011: approximately 11%) of the Group's total trade receivables. The Group seeks to minimise its risk by dealing with counterparties which have good credit history. Majority of the trade receivables that are neither past due nor impaired have no default payment history.

The Group's concentration of credit risk by geographical location is mainly in the PRC.

In relation to the Group's deposits with bank, the Group limits its exposure to credit risk by placing deposits with financial institutions with high credit rating and no recent history of default. The Directors consider that the Group's credit risk on the bank deposits is low. Management continues to monitor the position and will take appropriate action if their ratings should change. As at 31 December 2012 and 2011, the Group has no significant concentration of credit risk in relation to deposits with bank.

Further quantitative disclosures in respect of the Group's exposure to credit risk arising from trade and other receivables are set out in note 22.

(b) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. Individual operating entities within the Group are responsible for their own cash management, including the short-term investment of cash surpluses and the raising of loans to cover expected cash demands, subject to approval by the parent company's board when the borrowings exceed certain predetermined levels of authority. The Group's policy is to regularly monitor its current and expected liquidity requirements and its compliance with lending covenants to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term. As at 31 December 2012 and 2011, there were no utilised banking facilities.

(c) Interest rate risk

The Group's interest rate risk arises primarily from bank and other borrowings, promissory notes, and cash and cash equivalents.

Cash and cash equivalents comprise mainly cash at banks and in hand, with the annual interest rates ranging from approximately 0.1% to 3.1% as at 31 December 2012 (2011: approximately 0.5% to 2.1%).

The interest rates of the Group's bank and other borrowings and promissory notes are disclosed in notes 26 and 28, respectively.

The Group is exposed to fair value interest rate risk in relation to fixed-rate other borrowings and promissory notes (see notes 26 and 28 for details).

The Group is exposed to cash flow interest rate risk in respect of its variable-rate bank and other borrowings (see note 26) and bank balances (see note 24) due to changes of interest rates. It is the Group's present policy to keep its borrowings at floating rate of interests so as to minimise the fair value interest rate risk. The Group currently does not have any interest rate hedging policy. However, the management monitors interest rate exposure and will consider hedging significant fixed-rate bank and other borrowings should the need arise.

Sensitivity analysis

At 31 December 2012, it is estimated that a general increase/decrease of 100 basis points in interest rates, with all other variables held constant, would decrease/increase the Group's profit after tax and accumulated losses by approximately HK\$8,509,000 (2011: approximately HK\$2,357,000). Other components of equity would not be affected (2011: Nil) in response to the general increase/decrease in interest rates.

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the end of reporting period and had been applied to the exposure to interest rate risk for non-derivative financial instruments in existence at that date. The 100 basis point increase or decrease represents management's assessment of a reasonably possible change in the respective interest rates over the period until the next annual reporting period. The analysis is performed on the same basis for 2011.

32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

(d) Currency risk

Currency risk to the Group is minimal as most of the Group's transactions denominated and settled in the functional currency of the operations to which the transactions relate. Most of the Group's monetary assets and liabilities are also denominated in the Group's functional currencies. Therefore, the Group has no significant currency risk exposure as they are denominated in a currency same as the functional currencies of the group entities to which these transactions relate.

(e) Equity price risk

The Group is exposed to equity price risk mainly through its investment in listed equity securities. The management manages this exposure by maintaining a portfolio of investments with difference risk and return profiles. The Group exposed to equity price risk arising from changes in the Group's financial assets at fair value through profit or loss.

Sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to equity price risk at the reporting date. If equity price had been 5% higher/lower, the Group's net profit for the year would increase/decrease by approximately HK\$271,000 (2011: approximately HK\$232,000). This is mainly due to the changes in financial assets at fair value through profit or loss.

32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

(f) Fair value of financial instrument

The fair values of financial assets and financial liabilities are determined as follows:

- i) the fair values of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices; and
- ii) the fair values of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

The carrying amount of other financial assets and liabilities carried at amortised cost, approximate their respective fair values due to the relatively short-term nature of these financial instruments.

Fair value measurements recognised in the consolidated statement of financial position

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable as at 31 December 2012 and 2011.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the assets or liability that are not based on observable market data (unobservable inputs).

	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	Total HK\$'000

36. LITIGATION

(A) Writ issued by Ms. Wang Xiu Qun and Wuhan Tian Jiu Industrial and Commercial Development Co., Ltd. against the Company

- (a) On 7 January 2011, the Company received a writ (the “Writ”) issued by Ms. Wang and Tian Jiu (as plaintiffs) against the Company (as defendant) and filed with the Higher People’s Court of Hubei Province, the PRC, together with the related court summons dated 4 January 2011 (the “Summons”). The Writ also joined Wuhan Baisazhou Agricultural By-product Grand Market Company Limited (“Baisazhou Agricultural”) as third party to such civil proceeding.

Major allegations of Ms. Wang and Tian Jiu as set out in the Writ are as follows:

- (1) it is alleged that Baisazhou Agricultural forged a share transfer agreement (the “Contended Agreement”) in relation to the acquisition of Baisazhou Agricultural (the “Acquisition”) wherein the consideration for the Acquisition was understated and the manner of settlement of the consideration was inaccurately described;
- (2) it is alleged that Baisazhou Agricultural forged the related documentation for filing with the PRC Ministry of Commerce and the Hubei Province Administration of Industry and Commerce (the “Hubei AIC”), and that such documentation and the Contended Agreement involved forged signatures; and
- (3) it is alleged that the PRC Ministry of Commerce and the Hubei AIC approved the Acquisition and processed the related filings on the basis of the above forged documents.

36. LITIGATION *(Continued)*

(A) Writ issued by Ms. Wang Xiu Qun and Wuhan Tian Jiu Industrial and Commercial Development Co., Ltd. against the Company *(Continued)*

(a) *(Continued)*

According to the Writ, Ms. Wang and Tian Jiu are seeking an order from the court that the Contended Agreement is void and invalid from the beginning and should be terminated, and claimed against the Company and Baisazhou Agricultural all relevant profits of Baisazhou Agricultural which were attributable to Ms. Wang and Tian Jiu, together with costs of the legal proceedings.

The existing members of the Board were not directors of the Company nor involved in the Group's management at the time when the Contended Agreement was signed and the Acquisition was completed. However, based on the documents reviewed by the Board and the legal advice obtained by the Company from its Hong Kong and the PRC legal advisers, the Board wishes to inform the Company's shareholders as follows:

- (1) The Board had previously received letters from Ms. Wang and Tian Jiu through their legal representatives in the PRC and Hong Kong on 25 November 2010 and 14 December 2010 (the "Letters") respectively. The allegations set out in the Letters are substantially the same as those set out in the Writ.
- (2) The Board, upon receipt of the Letters and again upon receipt of the Writ, sought legal advice from its PRC and Hong Kong legal advisers. The Company's legal advisers advised that:
 - (a) The PRC legal advisers previously retained by the Company for the purposes of the Acquisition had confirmed in their legal opinion dated 30 November 2007 that the Acquisition had been approved by the relevant PRC government authorities in accordance with PRC laws and regulations.
 - (b) The shareholding changes in Baisazhou Agricultural had been duly approved and registered with the relevant PRC government authorities.
 - (c) Subsequent to the registration of the above shareholding changes, Baisazhou Agricultural had obtained the necessary new business licence from the relevant PRC government authority.
 - (d) Accordingly, the Acquisition was legal and valid.

The Company will vigorously defend against the Writ and take such other necessary court action in the PRC as advised by its PRC legal advisers. Based on the facts and circumstances known to the Board and subject to further legal advice and a detailed assessment of the business and financial implications, and taking into account the resumption by Baisazhou Agricultural's own management of the operation and management of the Baisazhou exchange, the Board was of the opinion that the Writ had no material effect on the current operation of Baisazhou Agricultural or of the Group as a whole.

Court hearings were convened on 18 July 2011 and 18 August 2011 at the Higher People's Court of Hubei Province in Wuhan. On 5 June 2012, further court hearing was convened to hear further evidence regarding the case and the Company is now awaiting further directions and decision of the Higher People's Court of Hubei Province in Wuhan.

For the year ended 31 December 2012

36. LITIGATION *(Continued)*

- (A) Writ issued by Ms. Wang Xiu Qun and Wuhan Tian Jiu Industrial and Commercial Development Co., Ltd. against the Company *(Continued)*
- (b) The Company and Baisazhou Agricultural sought legal advice from its PRC legal advisers and they commenced court proceedings at the Higher People's Court of Hubei Province, the PRC against, inter alia, Ms. Wang and Tian Jiu for the return of assets and operating profits of Baisazhou Agricultural which were unlawfully misappropriated etc.
 - (c) On or about 18 November 2011, the Higher People's Court of Hubei Province, the PRC made an interim order that the 8% equity interests held by the Company in Baisazhou Agricultural be subject to a freezing order pending determination of the Writ. Having considered the preliminary legal opinion of the Company's PRC legal advisers, the Board is of the view that the freezing order does not affect the daily operation and management of Baisazhou exchange, or the operation of Baisazhou Agricultural and thus of no material effect on the Group as a whole.
- (B) Writ issued by Wuhan Long Xiang Trading Development Limited and Wubei Zhong An Enterprise Investment Company Limited
- (1) On 1 July 2011, Baisazhou Agricultural received a writ (the "Long Xiang Writ") issued by Wuhan Long Xiang Trading Development Limited ("Long Xiang") (as plaintiff) against Baisazhou Agricultural (as defendant) and filed with the Wuhan Intermediate People's Court, the PRC, together with the related court summons dated 20 June 2011 (the "Long Xiang Summons").
 - (2) It was alleged that Baisazhou Agricultural is obliged to make payment under a settlement agreement and a supplemental settlement agreement (the "Settlement Agreements") entered into between Long Xiang, Baisazhou Agricultural and another party known as Wubei Zhong An Enterprise Investment Company Limited ("Zhong An") on 16 August 2010 and 19 August 2010 respectively.
 - (3) On 20 April 2012, the Wuhan Intermediate People's Court, which is the first instance court in the PRC, granted a judgment under which Baisazhou Agricultural was obliged to repay RMB20,659,176 together with interest at the borrowing rate offered by the People's Bank of China for the period from 19 August 2010 to 16 May 2011 to Long Xiang as damages for economic loss suffered.
 - (4) Subsequent to the judgment granted by the Wuhan Intermediate People's Court, Baisazhou Agricultural appealed to the Higher People's Court of Hubei Province.
 - (5) In December 2012, the Higher People's Court of Hubei Province ordered that this action be suspended and retrial of the case by the Wuhan Intermediate People's Court between Baisazhou Agricultural (as defendant) and Zhong An (as plaintiff) in relation to the Settlement Agreements.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2012

36. LITIGATION (Continued)

(C) Writ issued by the Company against Ms. Wang and Tian Jiu

- (1) On or about 24 October 2011, the Company issued a Writ of Summons in the Hong Kong Court of First Instance (the "Court") against Ms. Wang and Tian Jiu. The Company (as purchaser) is seeking damages from Ms. Wang and Tian Jiu (as vendors) for their breach of various provisions of the sale and purchase agreement ("Sale and Purchase Agreement") for the Acquisition.
- (2) The two instruments (purportedly described as promissory notes in the Sale and Purchase Agreement) (the "Instruments") with an aggregate principal amount of HK\$376,000,000 are recorded at book value of approximately HK\$376,000,000, together with interest payable in the amount of HK\$94,000,000 included under other payables, are set out in the consolidated statement of financial position as current liabilities in the 2012 annual report.
- (3) On 21 September 2012, the Court granted an Injunction Order until further order of the Court and/or hearing of the Company's inter parties summons on 5 October 2012. The Injunction Order restrained Ms. Wang and Tian Jiu from indorsing, assigning, transferring or negotiating the Instruments to any third party.
- (4) On 5 October 2012, the Company obtained a court order from the Court to the effect that Undertakings were given by Ms. Wang and Tian Jiu not to indorse, assign, transfer or negotiate the Instruments, and enforce payment by presentation of the Instruments to the Company, in each case until final determination of the court action commenced by the Company against Ms. Wang and Tian Jiu in October 2011. The Court further ordered that there will be a continuation of the Injunction Order until further order.
- (5) In March 2013, the Company, Ms. Wang and Tian Jiu applied jointly to the Court to discharge the Injunction Order without prejudice to the continuing effect of the Undertakings. Such application was granted by the Court. According to the legal advisers of the Company, the Undertakings and the Injunction Order have the same legal effect.
- (6) Under the Undertakings currently obtained by the Company, the Instruments will no longer fall due for payment by the Company on 5 December 2012.

37. MATERIAL RELATED PARTY TRANSACTIONS

Save as disclosed else where in the consolidated financial statements, the Group has the following material related party transactions:
