### How do we calculate the cash settlement amount?

The warrants are in registered form and exercisable only in the relevant board lots.

If on any expiry date the cash settlement amount is greater than zero, the warrants will be automatically exercised.

Every board lot will entitle you to receive from us the cash settlement amount (less any exercise expenses) in Hong Kong dollars calculated by us as equal to:

For a series of call Warrants:

$$\frac{(\text{closing level}^{(3)} - \text{strike level}) \times \text{one board lot} \times \text{index currency amount}}{\text{divisor}}$$

For a series of put Warrants:

$$\frac{(\text{strike level} - \text{closing level}^{(3)}) \times \text{one board lot} \times \text{index currency amount}}{\text{divisor}}$$

If the cash settlement amount is a negative amount it shall be deemed to be zero.

<sup>(3)</sup> The **closing level** means the final settlement price for settling the Hang Seng Index Futures Contracts that are scheduled to expire during the month in which the Expiry Date of the relevant series of the Warrants is scheduled to fall (the "Index Futures Contracts"), determined pursuant to Regulation 012 of the Regulations for Trading Stock Index Futures Contracts and the Contract Specifications for Hang Seng Index Futures (as amended from time to time) of the Hong Kong Futures Exchange Limited (or its successor or assign), subject to our right to determine the Closing Level in good faith on the Valuation Date upon the occurrence of a Market Disruption Event as described further in the terms and conditions of the Warrants.
