The turnover of the Group in the first half of 2013 increased by 39.0%, representing an increase of HK\$156,754,000, comparing to the same period of 2012. The increase in turnover was mainly due to the result of recognising a full six-month of income generated from some new utilisation contracts for APSTAR 7 which commenced to operate from 1 June 2012. The profit attributable to shareholders increased by 166.4% to HK\$278,960,000 due to the following factors:

Other net income

Other net income for the period ended 30 June 2013 increased to HK\$14,039,000, as compared to other net income of HK\$8,253,000 for the same period in last year. Included in other net income were interest income of HK\$7,971,000 which earned from the increase of average bank deposit amount and interest rates on the Renminbi deposits during the period.

Finance costs

Finance costs for the period ended 30 June 2013 increased to HK\$14,266,000, as compared to finance costs of HK\$4,517,000 for the same period in 2012. The increase was primarily due to related interest expenses were no longer capitalised upon commencement of APSTAR 7's operation.

Fair value changes on financial instrument designated at fair value through profit or loss

Based on a review performed by an independent professional valuer as at 30 June 2013, the fair value of the convertible bonds was remeasured at HK\$71,736,000, with a fair value gain of HK\$4,523,000 recognised in profit or loss. The movements of investment in convertible bonds of the Group are set out in note 12 to this interim financial report.

Income tax

Income tax expenses for the period ended 30 June 2013 increased to HK\$53,298,000, as compared to HK\$37,948,000 for the same period in 2012. The increase was mainly due to the increase in operating profit for the period and reversal of provision for withholding taxes on overseas income. The details of income tax of the Group are set out in note 6 to this interim financial report.

CAPITAL EXPENDITURE, LIQUIDITY, FINANCIAL RESOURCES AND GEARING RATIO

During the period, the Group's capital expenditure incurred for fixed assets was HK\$17,551,000 (six months ended 30 June 2012: HK\$690,332,000). The capital expenditure was mainly for the payments of the additions of equipment, including the equipment for data centre services. The above capital expenditures were financed by internally-generated funds.

The Group entered into a term loan facility (the "2010 Facility") with a syndicate of banks led by Bank of China (Hong Kong) Limited in 2010. The 2010 Facility, up to a maximum loan amount of US\$200,000,000, was applied to finance APSTAR 7 including its construction, launch costs and their related constructions and insurance premium. The 2010 Facility is secured by the assignment of the construction and the termination payments under construction and launching contracts relating to APSTAR 7, the insurance claim proceeds relating to APSTAR 5 and APSTAR 7, assignment of the proceeds of all present and future transponder utilisation agreements of APSTAR 5 and APSTAR 7 and first fixed charge over certain bank accounts which hold receipts of the transponder income. During the period, the Group has repaid US\$12,000,000 (approximately HK\$93,600,000) against the 2010 Facility. The outstanding principal balance of the 2010 Facility was US\$160,000,000 (approximately HK\$1,248,000,000) at 30 June 2013.

As at 30 June 2013, the total borrowings amounted to approximately HK\$1,241,233,000 (as at 31 December 2012: approximately HK\$1,333,568,000). The Group recorded a decrease of approximately HK\$92,335,000 in the total borrowings during the period ended 30 June 2013, which were due to the early loan repayment against out of the 2010 Facility.

The debt maturity profile (net of unamortised finance cost) of the Group was as follows:

Term of repayment	HK\$
Repayable within one year or on demand	–
Repayable after one year but within five years	1,241,233,000
Repayable after five years	–
	<hr/>
	1,241,233,000
	<hr/>

As at 30 June 2013, the Group's total liabilities were HK\$1,877,271,000, a decrease of HK\$64,102,000 as compared to 31 December 2012, which was mainly due to the loan repayments as described above. As a result, the gearing ratio (total liabilities/total assets) has decreased to 36.0%, representing a 2.6 percentage points decrease as compared to 31 December 2012.

For the period ended 30 June 2013, the Group recorded a net cash inflow of HK\$86,603,000 (six months ended 30 June 2012: HK\$64,849,000). As at 30 June 2013, the Group has approximately HK\$1,122,915,000 of cash and bank deposits, 28% of which were denominated in United States Dollar, 71% in Renminbi and 1% in Hong Kong Dollar and other currencies comprising HK\$243,138,000 cash and cash equivalents, HK\$864,705,000 bank deposits with original maturity beyond 3 months and HK\$15,072,000 pledged bank deposits. Together with cash flow to be generated from operations, the Group could meet with ease all the debt repayments scheduled in the future years.

CAPITAL STRUCTURE

The Group consistently adheres to conservative fund management. The solid capital structure and financial strength continue to provide a solid foundation for the Group's future development.

FOREIGN EXCHANGE EXPOSURE

The Group's revenue and operating expenses are mainly denominated in United States Dollar and Renminbi. Capital expenditures are denominated in United States Dollar. The effect of exchange rate fluctuation in the United States Dollar is insignificant as the Hong Kong Dollar is pegged to the United States Dollar. The foreign exchange rate of the Renminbi has appreciated by 1.3% against the Hong Kong Dollar during the period ended 30 June 2013. The management does not foresee a material adverse foreign exchange risk to the Group.

INTEREST RATE EXPOSURE

In respect of the Group's cash flow exposure to interest rate risk arising primarily from long-term borrowings at floating LIBOR rate, the management's strategy is to use financial instruments to manage its exposure to the floating LIBOR rate. The Group continues to adopt a conservative approach on monitoring foreign exchange exposure.

CHARGES ON GROUP ASSETS

At 30 June 2013, the pledged bank deposits of HK\$15,072,000 (31 December 2012: HK\$56,887,000) are related to certain commercial arrangements and 2010 Facility which existed at the balance sheet date.

NOTES TO THE UNAUDITED INTERIM FINANCIAL REPORT

(Expressed in Hong Kong dollars unless otherwise indicated)

1. BASIS OF PREPARATION

This interim financial report of APT Satellite Holdings Limited (the “Company”) and its subsidiaries (the “Group”) has been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, including compliance with International Accounting Standard (“IAS”) 34, “*Interim financial reporting*”, issued by the International Accounting Standards Board (“IASB”) and Hong Kong Accounting Standard (“HKAS”) 34, “*Interim financial reporting*”, issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). It was authorised for issue on 26 August 2013.

The interim financial report has been prepared in accordance with the same accounting policies adopted in the 2012 annual financial statements, except for the accounting policy changes that are expected to be reflected in the 2013 annual financial statements. Details of these changes in accounting policies are set out in note 2.

The preparation of an interim financial report in conformity with IAS 34 and HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

This interim financial report contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the 2012 annual financial statements. The condensed consolidated interim financial statements and notes thereon do not include all of the information required for a full set of financial statements prepared in accordance with International Financial Reporting Standards (“IFRSs”) or Hong Kong Financial Reporting Standards (“HKFRSs”).

The interim financial report is unaudited, but has been reviewed by the Company’s auditors, KPMG, in accordance with Hong Kong Standard on Review Engagements 2410, “*Review of interim financial information performed by the independent auditor of the entity*”, issued by the HKICPA. KPMG’s independent review report to the Board of Directors is included on pages 35 to 36.

The financial information relating to the financial year ended 31 December 2012 that is included in the interim financial report as being previously reported information does not constitute the Company’s statutory financial statements for that financial year but is derived from those financial statements. Statutory financial statements for the year ended 31 December 2012 are available from the Company’s registered office. The auditors have expressed an unqualified opinion on those financial statements in their report dated 22 March 2013.

2. CHANGES IN ACCOUNTING POLICIES

The IASB has issued a number of new IFRSs and amendments to IFRSs that are first effective for the current accounting period of the Group and the Company. The equivalent amendments to HKFRSs, consequently issued by the HKICPA, have the same effective date as those issued by the IASB and are in all material respects identical to the pronouncements issued by the IASB. Of these, the following developments are relevant to the Group's financial statements:

- Amendments to IAS/HKAS 1, *Presentation of financial statements – Presentation of items of other comprehensive income*
- IFRS/HKFRS 10, *Consolidated financial statements*
- IFRS/HKFRS 13, *Fair value measurement*

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

The impacts of the developments are discussed below:

- The amendments to IAS/HKAS 1 require entities to present the items of other comprehensive income that would be reclassified to profit or loss in the future if certain conditions are met separately from those that would never be reclassified to profit or loss. The Group's presentation of other comprehensive income in these financial statements has been modified accordingly.
- IFRS/HKFRS 10 replaces the requirements in IAS/HKAS 27, *Consolidated and separate financial statements* relating to the preparation of consolidated financial statements and SIC/HK-SIC 12 *Consolidation – Special purpose entities*. It introduces a single control model to determine whether an investee should be consolidated, by focusing on whether the entity has power over the investee, exposure or rights to variable returns from its involvement with the investee and the ability to use its power to affect the amount of those returns.

As a result of the adoption of IFRS/HKFRS 10, the Group has changed its accounting policy with respect to determining whether it has control over an investee. The adoption does not change any of the control conclusions reached by the Group in respect of its involvement with other entities as at 1 January 2013.

- IFRS/HKFRS 13 replaces existing guidance in individual IFRSs/HKFRSs with a single source of fair value measurement guidance. IFRS/HKFRS 13 also contains extensive disclosure requirements about fair value measurements for both financial instruments and non-financial instruments. Some of the disclosures are specifically required for financial instruments in the interim financial reports. The Group has provided those disclosures in note 12. The adoption of IFRS/HKFRS 13 does not have any material impact on the fair value measurements of the Group's assets and liabilities.

3. SEGMENTAL REPORTING

Operating segment

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation with respect to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined based on the Group's major operations. Since over 90% of the Group's revenue, operating results and assets during the six months ended 30 June 2013 and 2012 were derived from the provision of satellite transponder capacity and related services, no operating segment analysis is presented.

Geographical information

The Group's operating assets consist primarily of its satellites which are put into services for transmission to multiple countries, and are not based within a specific geographical location. Accordingly, no segment analysis of the carrying amount of segment assets by location of assets is presented.

The Group is domiciled in Hong Kong. The revenue derived from customers in (a) Hong Kong, (b) Greater China (which includes Mainland China, Taiwan and Macau but excludes Hong Kong), (c) Southeast Asia and (d) other regions for the six months ended 30 June 2013 are \$50,486,000, \$139,128,000, \$203,174,000 and \$166,303,000 respectively (six months ended 30 June 2012: \$56,349,000, \$101,375,000, \$153,669,000 and \$90,944,000 respectively).

In prior periods, the place of incorporation of customers were deemed the geographical location from where the Group derived its revenues for segment reporting purpose. Management has reconsidered this basis during the current period in light of the Group's expanding customer portfolio and is of the view that the geographical regions where the Group's satellites are providing coverage would be a more appropriate basis to categorise the geographical locations from which the Group derives revenues. However, given the wide-area broadcasting nature of the Group's satellite operation, the satellite coverage information at individual country level may not always be readily available and the cost of obtaining such information could be excessive. The basis of presentation for the above geographical revenue information, including the comparatives, have been changed.

4. SEASONALITY OF OPERATIONS

The Group's operations are not subject to significant seasonality fluctuations.

5. PROFIT BEFORE TAXATION

Profit before taxation is arrived at after charging/(crediting):

No provision has been made for Hong Kong Profits Tax as the Company and its subsidiaries either has tax losses available to offset current period assessable profits or has no estimated assessable profits for the period.

Outside Hong Kong tax includes profits tax and withholding taxes as paid or payable in respect of the Group's income from provision of satellite transponder capacity to customers who are located outside Hong Kong. Over-provision in respect of prior years represents reversal of provision for withholding taxes. Management considers the likelihood of the Group being required to pay such withholding taxes has become remote and therefore made the reversal during the period.

Deferred taxation in respect of Hong Kong Profits Tax was calculated at 16.5% (six months ended 30 June 2012: 16.5%) of the estimated temporary differences for the period.

During the six months ended 30 June 2013, the Group acquired property, plant and equipment at a total cost of \$17,551,000 (six months ended 30 June 2012: \$690,332,000). Property, plant and equipment with a net book value of nil was disposed of during the six months ended 30 June 2013 (six months ended 30 June 2012: \$334), resulting in a gain on disposal of \$49,000 (six months ended 30 June 2012: gain of \$26,000).

A valuation gain of \$1,146,000 (six months ended 30 June 2012: \$499,000) has been recognised in the profit or loss during the six months ended 30 June 2013.

There was no addition, disposal or transfer of investment property during the six months ended 30 June 2013 and 2012.

11. INTANGIBLE ASSET

During 2009, the Group obtained the right to operate a satellite at an orbital slot. Such intangible asset is considered to have an indefinite life.

During the six months ended 30 June 2013 and 2012, the Group conducted a review for indicators of impairment of the intangible asset and concluded no impairment would be required.

12. INVESTMENT IN CONVERTIBLE BONDS AND FAIR VALUE MEASUREMENT

The Group holds convertible bonds issued by CNC Holdings Limited, a company listed in the Growth Enterprise Market of the Stock Exchange of Hong Kong Limited. The maturity of the convertible bonds is three years from the date of inception on 9 December 2011, and with an annual interest rate of 5% and conversion price of \$0.196. At 30 June 2013, the fair value of the convertible bonds is remeasured at \$71,736,000 (31 December 2012: \$67,213,000), with a fair value gain of \$4,523,000 (six months ended 30 June 2012: loss of \$22,008,000) recognised in profit or loss for the period.

The movements of the fair value of the convertible bonds are set out below:

	Debt component \$'000	Derivative component \$'000	Total \$'000
As at 1 January 2012	26,537	74,887	101,424
Change in fair value recognised in profit or loss	3,175	(37,386)	(34,211)
As at 31 December 2012	29,712	37,501	67,213
Change in fair value recognised in profit or loss	1,338	3,185	4,523
As at 30 June 2013	31,050	40,686	71,736

Both the fair value of the debt and derivative components are measured with significant inputs directly or indirectly based on observable market data (at Level 2).

The fair value of debt component was calculated based on the present value of the contractually determined stream of future cash flows discounted at the required yield, which was determined with reference to the credit rating of the issuer and remaining time to maturity. The effective interest rate of the debt component of the convertible bonds is 16.67% (six months ended 30 June 2012: 14.68%).

12. INVESTMENT IN CONVERTIBLE BONDS AND FAIR VALUE MEASUREMENT (Continued)

The Black-Scholes model with trinomial tree method is used for the valuation of the derivative component of the convertible bonds. The inputs into the model for the derivative component of the convertible bonds as at 30 June 2013 and 31 December 2012 are as follows:

	At 30 June 2013	At 31 December 2012
Share price	HK\$0.78	HK\$0.71
Conversion price	HK\$0.196	HK\$0.196
Risk-free rate	0.3335%	0.1433%
Expected life	1.44 years	1.94 years
Implied volatility	54.0209%	52.1500%
Expected dividend yield	–	–

The fair value of each of the debt and derivative components of the convertible bonds at the balance sheet date are based on the valuation performed by Greater China Appraisal Limited, a firm of independent valuers not connected with the Group.

During the six months ended 30 June 2013, there were no transfers between Level 1 (quoted prices in active market for identical assets) and Level 2 (significant other observable inputs), or transfers into or out of Level 3 (significant unobservable inputs) (2012: nil transfer). The Group's policy is to recognise transfers between levels of fair value hierarchy at the end of reporting period in which they occur.

13. PREPAID EXPENSES

Prepaid expenses represent the advance payment of launch services contract and licence fee for the right to use certain designated transmission frequencies. Part of the prepaid expenses which fall due within one year are included as part of deposits, prepayments and other receivables.

Balance at 31 December	461,854	19,170

On 9 July 2010, APT HK, as borrower and the Company as guarantor entered into a Facilities Agreement with a syndicate of banks in respect of term loan facilities not exceeding an aggregate maximum amount of US\$200 million (“the 2010 Facility”). The 2010 Facility is applied to finance APSTAR 7 including its construction, launch costs and their related construction costs and insurance premium. The 2010 Facility is secured by the assignment of the construction, launch and related equipment contracts relating to APSTAR 7 and the termination payments under construction, the insurance claim proceeds relating to APSTAR 5 and APSTAR 7, assignment of the proceeds of all present and future transponder utilisation agreements of APSTAR 5 and APSTAR 7 and first fixed charge over certain bank accounts which will hold receipts of the transponder income. The 2010 Facility is subject to the fulfillment of covenants relating to certain of the Group’s ratios, as are commonly found in lending arrangements with financial institutions. INDEPENDENT REVIEW REPORT

To the Board of Directors of APT Satellite Holdings Limited

(Incorporated in Bermuda with limited liability)

INTRODUCTION

We have reviewed the interim financial report set out on pages 11 to 30 which comprises the consolidated balance sheet of APT Satellite Holdings Limited (the “Company”) as of 30 June 2013 and the related consolidated income statement, statement of comprehensive income and statement of changes in equity and condensed consolidated statement of cash flows for the six month period then ended and explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of an interim financial report to be in compliance with the relevant provisions thereof, and to be in compliance with either International Accounting Standard 34 “Interim financial reporting” issued by the International Accounting Standard Board (“IAS 34”) or Hong Kong Accounting Standard 34 “Interim financial reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKAS 34”), depending on whether the issuer’s annual financial statements were prepared in accordance with International Financial Reporting Standards (“IFRSs”) or Hong Kong Financial Reporting Standards (“HKFRSs”) respectively. As the annual financial statements of the Company are prepared in accordance with both IFRSs and HKFRSs, the directors are responsible for the preparation and presentation of the interim financial report in accordance with both IAS 34 and HKAS 34.

Our responsibility is to form a conclusion, based on our review, on the interim financial report and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, “Review of interim financial information performed by the independent auditor of the entity”, issued by the Hong Kong Institute of Certified Public Accountants. A review of the interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim financial report as at 30 June 2013 is not prepared, in all material respects, in accordance with International Accounting Standard 34, "Interim financial reporting" or Hong Kong Accounting Standard 34, "Interim financial reporting".
