INTERIM REPORT 2013

Interim Report and Condensed Accounts

The Board of Directors (the “Board”) of Incutech Investments Limited (the “Company”) hereby presents the interim report and condensed accounts of the Company and its subsidiaries (the “Group”) for the six months ended 30 June 2013. The interim report had been reviewed by the audit committee of the Company and approved by the Board.

The Board of Directors has resolved not to pay any interim dividend for the period ended 30 June 2013 (2012: Nil).

Review of Report

For the six months ended 30 June 2013, the Group recorded a net loss attributable to shareholders of approximately HK\$2,468,916 (2012: HK\$3,486,178) and loss per share of HK3.43 cents (2012: HK4.84 cents).

Management Discussion and Analysis

The period under review was full of challenge. US Federal Reserve expanded the US quantitative easing purchases (the “QE”) at the end of 2012. The US economic growth was improved because of picking up with unemployment rate and corporate earnings improving at the first half of 2013. In June, statements from the US Fed Chairman Ben Bernanke indicated that the Fed might start to reduce US QE from the autumn of the year. The global financial markets were negatively impacted and became more volatile by the fear of QE tapering in the coming few months in this year.

In June 2013, the Chinese government indicated that they would tolerate short-term economic pain in order to achieve structural reform. The People’s Bank of China also temporarily suspended capital injection into the banking system, resulting in a surge in interbank lending rate. China gross domestic product growth slowed to 7.5% year-on-year in the second quarter of 2013 from 7.9% in the fourth quarter of 2012 and it would be the slowest pace in 23 years for China. The HSBC Markit Purchasing Managers’ Index was below 50 for the first time during the period under review. Hang Seng China Enterprise Index dropped 11.38% on total return basis in the second quarter of 2013, closing at 9,311.44.

Due to speculation of US QE tapering by the US Fed and the signs of downward pressure on China’s economy, equity markets in Hong Kong were under pressure and increased volatility and uncertainty. Hang Seng Index fell 1,854 points in the first six months of 2013, a loss of 8.2% from the end of 2012.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 June 2013

1. Basis of Preparation

The unaudited condensed consolidated financial statements for the six months ended 30 June 2013 have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”).

In preparing the condensed consolidated financial statements, the directors of the Company (“Directors”) have given careful consideration to the future liquidity of the Group in light of a loss of HK\$2,468,916 for the six months ended 30 June 2013 and the Group’s net current liabilities and net liabilities as at 30 June 2013 amounted to HK\$24,292,417 and HK\$24,256,124 respectively. On 6 May 2013, the Company announced that, among others, the Company and certain subscribers entered into a subscription agreement pursuant to which the subscribers conditionally agreed to subscribe in cash an aggregate of 1,000,000,000 ordinary shares of the Company at the subscription price of HK\$0.1 per ordinary share. Moreover, a resumption proposal has been submitted to The Stock Exchange of Hong Kong Limited (“Stock Exchange”) on 10 July 2013, which includes, among others, the proposed injection of HK\$100 million cash by way of share subscription and the proposed open offer to improve the financial position of the Group. Furthermore, the Directors have been taking measures to improve the liquidity of the Group. These measures include (i) extending the Group’s short term loans upon maturity; (ii) implementing cost controls over operating expenses; (iii) negotiating with the suppliers to reschedule the payments of the Group’s expenditures; and (iv) exploring options to conduct fund raising activities. In addition, Biggish Management Limited, the substantial shareholder of the Company, and Mr. Tung Tat Wah, the chairman and executive director of the Company, have agreed to provide continuing financial support to the Group so as to enable the Group to continue its day-to-day operations as a going concern and to meet its obligation for at least twelve months from the date of the condensed consolidated financial statements.

Provided that the aforesaid proposed fund raising exercises and measures are successful and the continuing financial support is given by the substantial shareholder and one of the directors of the Company that can effectively improve the liquidity position of the Group, the Directors are satisfied that the Group will have sufficient financial resources to meet its financial obligations as they fall due for the foreseeable future. Accordingly, the condensed consolidated financial statements have been prepared on a going concern basis.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the six months ended 30 June 2013

The condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's financial statements for the year ended 31 December 2012. The accounting policies and methods of computation applied in preparation of the condensed consolidated financial statements are consistent with those applied in preparing the Group's financial statements for the year ended 31 December 2012. The adoption of the new and revised Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual HKFRS, HKAS and Interpretations issued by the HKICPA that are relevant to the Group and effective from the current period, did not have any significant effect on the financial position or performance of the Group.

The Group has not early adopted any new and revised HKFRS that have been issued but are not yet effective for the current period. The Group has already commenced an assessment of the impact of these new and revised HKFRS but is not yet in a position to reasonably estimate whether these new and revised HKFRS would have a significant impact on the Group's results of operations and financial position.
