INSIDE INFORMATION

RESULTS OF OUR CONTROLLING SHAREHOLDER, LAS VEGAS SANDS CORP., FOR THE FISCAL THIRD QUARTER ENDED SEPTEMBER 30, 2013

This announcement is issued pursuant to Part XIVA of the Securities and Futures Ordinance and Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

On or about October 18, 2013 (4 a.m. Hong Kong time), our controlling shareholder, Las Vegas Sands Corp. ("LVSC"), announced its financial results for its fiscal third quarter ended September 30, 2013.

This announcement is issued by Sands China Ltd. ("we" or "SCL" or our "Company") pursuant to Part XIVA of the Securities and Futures Ordinance and Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

Our Company's controlling shareholder, LVSC, is a company listed on the New York Stock Exchange (the "NYSE") in the United States. As at the date of this announcement, LVSC beneficially owns approximately 70.2% of the issued and outstanding share capital of our Company.

LVSC files quarterly and annual reports, including quarterly and annual financial information and certain operating statistics under Form 10-Q and Form 10-K, respectively, with the United States Securities and Exchange Commission (the "SEC"), in accordance with the ongoing disclosure obligations applicable to a publicly traded NYSE-listed company. Such filings include segment financial information about the Macao operations of LVSC, which Macao operations are owned by our Company, and the filings are available in the public domain.

LVSC has, on or about October 18, 2013 (4 a.m. Hong Kong time), announced its financial results for the fiscal third quarter ended September 30, 2013 (the "Quarterly Financial Results"), held its third quarter 2013 Earnings Conference Call (the "Earnings Call") and posted a third quarter results chart deck on its website (the "Chart Deck"). If you wish to review the Quarterly Financial Results prepared by LVSC, which were filed with the SEC, please visit http://www.sec.gov/Archives/edgar/data/1300514/000095014213002099/eh1301161_ex9901.htm or http://investor.lasvegassands.com/releasedetail.cfm?ReleaseID=798270. If you wish to review the Chart Deck, please visit http://investor.lasvegassands.com/common/download/download.cfm?companyid=ABEA-242MDE&fileid=698086&filekey=f8504dd5-0e33-42be-a406-d28e21efff5e&filename=LVS_3Q13_Earnings_Deck_vFinal.pdf.

The financial results of LVSC and its consolidated subsidiaries, including those contained in the Quarterly Financial Results, the Earnings Call and the Chart Deck have been prepared in accordance with the generally accepted accounting principles of the United States ("US GAAP"), which are different from the International Financial Reporting Standards ("IFRS") that we are subject to when preparing and presenting our stand-alone financial results and related financial information. As such, the financial results and related information set forth in the Quarterly Financial Results, the Earnings Call and the Chart Deck are not directly comparable to the financial results and related financial information that our Company discloses as a company listed on the Main Board of The Stock Exchange of Hong Kong Limited. In particular, Average Daily Rate ("ADR") and Revenue Per Available Room ("RevPAR") as presented in the Quarterly Financial Results, the Earnings Call and the Chart Deck are based on gross room revenues as reported under US GAAP, which include associated promotional allowances within room revenues. Under US GAAP, promotional allowances are then deducted from total gross revenues in presenting net revenues. Under IFRS, room revenues exclude such promotional allowances. Our shareholders and potential investors in our ordinary shares are advised that the consolidated financial results and related financial information set forth in the Quarterly Financial Results, the Earnings Call and the Chart Deck with respect to our Company's operating results have not been prepared or presented by our Company, and there is no indication or assurance from our Company that the financial results and related financial information of our Company will be the same as that presented in the Quarterly Financial Results, the Earnings Call and the Chart Deck.

To ensure that all shareholders of and potential investors in our Company's ordinary shares have equal and timely access to the information pertaining to our Company, set forth below are extracts and key highlights of the financial results and related financial information published by LVSC in the Quarterly Financial Results and the Earnings Call that relate to our Company and our operations in Macao:

QUARTERLY FINANCIAL RESULTS EXTRACTS

Third Quarter Overview

Mr. Sheldon G. Adelson, chairman and chief executive officer of LVSC, said, "In Macao, we delivered record financial results, with strong growth and operating momentum reflected in every segment of our business. We welcomed more than sixteen million visits during the quarter to our Macao property portfolio, which delivered a record US\$784.3 million of adjusted property EBITDA. We remain confident that our market-leading Cotai Strip properties will meaningfully enhance the appeal of Macao and Cotai to business and leisure travelers and provide an outstanding platform for growth in the years ahead."

Gross revenue figures are net of intersegment revenue eliminations.

Tenant sales per square foot reflects sales from tenants only after the tenant has been open for a period of 12 months.

At completion of all phases, The Shoppes at Sands Cotai Central will feature up to 600,000 square feet of gross leasable area.

This occupancy percentage reflects the ongoing repositioning of the mall in which approximately 39,000 square feet of gross leasable area is undergoing new fit-out but rent collection has not commenced.

⁽⁵⁾ Marina Bay Sands is not part of the SCL group.

Other Factors Affecting Earnings

Other Asia adjusted property EBITDA, which is principally comprised of our CotaiJet ferry operation, reflected a profit of US\$1.2 million during the quarter, compared to a US\$2.1 million loss in the third quarter of 2012.

The net income attributable to noncontrolling interests during the third quarter of 2013 of US\$182.6 million was principally related to Sands China Ltd.

Capital Expenditures

Capital expenditures during the third quarter totaled US\$205.5 million, including construction, development and maintenance activities of US\$152.7 million in Macao.

EARNINGS CALL EXTRACTS

Mr. Sheldon G. Adelson, Chairman and Chief Executive Officer of LVSC, announced that:

We delivered another record quarter in Macao, where we are growing faster than the market in both the mass and VIP segments.

Focusing on organic growth, adjusted property EBITDA across our Macao property portfolio grew 60.8% to reach a record US\$784.3 million.

Our Mass Table win in Macao for the quarter was up 61.2% to reach a record US\$1.06 billion in a market that grew approximately 38% in the quarter. So our growth was 61% faster than the Macao market in the most important and most profitable segment in Macao.

The VIP business is also exhibiting growth, with our Rolling Volume increasing 26% to reach a record US\$45.4 billion. That represents VIP market share of approximately 18.2% of Macao Market rolling volume, compared to 15.5% one year ago. Our growth in VIP revenue for the quarter was nearly two-thirds faster than the Macao market.

The Venetian Macao delivered another strong quarter, and due to our market-leading investments in non-gaming offerings, continues to lead the Macao market in visitation and business and leisure tourism appeal. Our fundamental multi-tiered Integrated Resort development strategy — which features convention, exhibition, hotel, retail and entertainment offerings — helped deliver 16.7 million visits in the quarter to our property portfolio, including nearly 8 million visits to The Venetian Macao. EBITDA at The Venetian Macao increased to US\$357 million. The Venetian Macao's non-rolling chip drop increased 75.7% to reach a property record US\$2.01 billion.

The Four Seasons Macao delivered a property record US\$112.9 million in EBITDA, an increase of over 107% compared to the third quarter of 2012. Rolling Volume per table per day increased 48% while mass table win increased 113%.

Sands Cotai Central, our latest and largest property on Cotai, continues its steady ramp — and delivered a property record US\$224 million in EBITDA this quarter. No property in the history of Macao has reached that level of profitability so quickly.

Sands Cotai Central is rapidly approaching becoming the third property in our portfolio to produce more than one billion US dollars of EBITDA per year, and we look forward to it soon joining The Venetian Macao and Marina Bay Sands in Singapore with that distinction.

We welcomed over 4.5 million visitors to Sands Cotai Central during the quarter as our investments in non-gaming amenities have contributed meaningfully to both the tourism appeal and financial success of the property.

Looking ahead in Macao, we look forward to generating growth in our Cotai Strip properties across all segments, as tens of billions of dollars of infrastructure investments in Macao, Guangdong Province and Southern China enable more people to more easily reach Macao. These infrastructure investments include the world's most expensive and extensive high speed rail system, a US\$10 billion bridge directly connecting Macao and Zhuhai with Hong Kong, and more than US\$20 billion of investment in the Special Economic Zone of Henquin Island, which is adjacent to Macao in Guangdong Province.

The infrastructure expansion will be capped off by the opening of the Hong Kong-Macao-Zhuhai bridge, which is currently scheduled for completion in 2016. The bridge will allow passengers arriving by plane at the Hong Kong International Airport to reach Macao in as little as 20 minutes — which is faster than the time it takes to reach Central Hong Kong.

The Hong Kong International Airport served over 56 million passengers in 2012, and was the world's 12th busiest last year. The airport provides service through more than 100 airlines to more than 180 cities around the globe, including 44 in Mainland China. If Macau was looking to attract many times the visitors that it has today, nobody could have picked a better situation than to be close to a fully mature, major international airport.

So in the future, Macao will be conveniently served by two airports, including one of the most important in the world, not just one.

Construction continues at The Parisian Macao, our fifth property on Cotai and our sixth in Macao overall. Based on our current schedule — and subject to timely government approvals that may be required — we are targeting a late 2015 opening of our latest Integrated Resort. So no change in our targeted opening date.

We have now returned more than US\$5 billion of cash to our shareholders through dividends and stock repurchases over the last 21 months, including nearly \$4.4 billion to Las Vegas Sands shareholders and over US\$700 million to the non-LVS shareholders of Sands China Ltd.

We are long-term, strategic developers and operators. When we developed the Cotai Strip properties, we were building for the future market, the market that would develop with the emergence of the Asian middle class and the completion of the major infrastructure projects that provide them greater access to the market.

Our focus on building non-gaming amenities — dining, retail, entertainment, convention and exhibition facilities — as vital components of our Integrated Resort properties, is another example of our long-term, strategic thinking. We have invested the most in Macao in non-gaming offerings, with 25% of our EBITDA generated from Hotel, Retail, Convention and Exhibition business, and those non-gaming investments benefit us in both financial returns and in differentiating us from other companies as we pursue new development opportunities.
