#### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

#### 1. GENERAL INFORMATION

Sun East Technology (Holdings) Limited (the "Company") is a limited liability company incorporated and domiciled in Bermuda. Its registered office is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and its principal place of business is located at Unit H, 1st Floor, Phase 4, Kwun Tong Industrial Centre, 436-446 Kwun Tong Road, Kwun Tong, Kowloon, Hong Kong. The Company's shares are listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

#### 2. BASIS OF PREPARATION

The unaudited condensed consolidated interim financial statements of the Group for the six months ended 30 September 2013 have been prepared in accordance with the applicable disclosure requirements set out in Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") and with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (HKICPA).

#### 3. PRINCIPAL ACCOUNTING POLICIES

The condensed consolidated interim financial statements have been prepared on the historical cost basis, except for leasehold land and buildings and derivative financial instruments, which are stated at revalued amounts and fair value, as appropriate.

Except as described below, the accounting policies used in the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 March 2013.

In the Period, the Group has applied, for the first time, the following new and revised standards, amendments and interpretation issued by the HKICPA which are relevant to and effective for the Group's financial statements for the annual period beginning on 1 April 2013.

Amendments to HKAS 1 Presentation of Financial Statements –

(Revised) Presentation of Items of Other Comprehensive Income

Amendments to HKFRS 7 Financial Instruments: Disclosures – Offsetting Financial

Assets and Financial Liabilities

HKFRS 10 Consolidated Financial Statements
HKFRS 12 Disclosure of Interests in Other Entities

HKFRS 13 Fair Value Statements

HKAS 27 (2011) Separate Financial Statements

HKFRSs (Amendments) Annual Improvement 2009-2011 Cycle

### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (Continued)

#### 3. PRINCIPAL ACCOUNTING POLICIES (Continued)

### Amendments to HKAS 1, Presentation of Financial Statements – Presentation of Items of Other Comprehensive Income

The amendments require the Group to present separately the items of other comprehensive income that would be reclassified to profit or loss in the future if certain conditions are met from those that would never be reclassified to profit or loss. The Group's presentation of other comprehensive income in the consolidated statement of profit or loss and other comprehensive income in these financial statements has been modified accordingly.

In addition, the Group has chosen to use the new titles "statement of profit or loss and other comprehensive income" as introduced by the amendments in these financial statements.

### Amendments to HKFRS 7 – Disclosures – Offsetting Financial Assets and Financial Liabilities

The amendments introduce new disclosures in respect of offsetting financial assets and financial liabilities. Those new disclosures are required for all recognised financial instruments that are set off in accordance with HKAS 32, Financial instruments: Presentation and those that are subject to an enforceable master netting arrangement or similar agreement that covers similar financial instruments and transactions, irrespective of whether the financial instruments are set off in accordance with HKAS 32.

The adoption of the amendments does not have an impact on the Unaudited Condensed Interim Financial Information because the Group has not offset financial instruments, nor has it entered into master netting arrangement or similar agreement which is subject to the disclosures of HKFRS 7.

#### 3. PRINCIPAL ACCOUNTING POLICIES (Continued)

#### **HKFRS 10, Consolidated Financial Statements**

HKFRS 10 replaces the requirements in HKAS 27, Consolidated and separate financial statements relating to the preparation of consolidated financial statements and HK-SIC 12 Consolidation – Special purpose entities. It introduces a single control model to determine whether an investee should be consolidated, by focusing on whether the entity has power over the investee, exposure or rights to variable returns from its involvement with the investee and the ability to use its power to affect the amount of those returns.

As a result of the adoption of HKFRS 10, the Group has changed its accounting policy with respect to determining whether it has control over an investee. The adoption does not change any of the control conclusions reached by the Group in respect of its involvement with other entities as at 1 January 2013.

#### HKFRS 12, Disclosure of Interests in Other Entities

HKFRS 12 brings together into a single standard all the disclosure requirements relevant to an entity's interests in subsidiaries, joint arrangements, associates and unconsolidated structured entities. The disclosures required by HKFRS 12 are generally more extensive than those previously required by the respective standards. Since those disclosure requirements only apply to a full set of financial statements, the Group has not made additional disclosures in this interim financial report as a result of adopting HKFRS 12.

### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (Continued)

#### 3. PRINCIPAL ACCOUNTING POLICIES (Continued)

#### **HKFRS 13, Fair Value Measurement**

HKFRS 13 replaces existing guidance in individual HKFRSs with a single source of fair value measurement guidance. HKFRS 13 also contains extensive disclosure requirements about fair value measurements for both financial instruments and non-financial instruments. Some of the disclosures are specifically required for financial instruments in the interim financial reports. The adoption of HKFRS 13 does not result in significant impact on the disclosure of the Group's financial instruments.

#### Annual Improvements to HKFRSs 2009-2011 Cycle

This cycle of annual improvements contains amendments to five standards with consequential amendments to other standards and interpretations. Among them, HKAS 34 has been amended to clarify that total assets for a particular reportable segment are required to be disclosed only if the amounts are regularly provided to the chief operating decision maker (CODM) and only if there has been a material change in the total assets for that segment from the amount disclosed in the last annual financial statements. The amendment also requires the disclosure of segment liabilities if the amounts are regularly provided to the CODM and there has been a material change in the amounts compared with the last annual financial statements. In respect of this amendment, the Group has continued to disclose segment assets and now also discloses segment liabilities.

The application of the new and revised standards, amendments and interpretation in the Period has had no material effect on the Results and financial position of the Group.

#### 3. PRINCIPAL ACCOUNTING POLICIES (Continued)

The Group has not early applied the following new and revised standards, amendments and interpretations that have been issued but are not yet effective:

Amendments to HKAS 32 Offsetting Financial Assets and Financial

Liabilities<sup>1</sup>

Amendments to HKAS 36 Recoverable Amount Disclosures for Non-

Financial Assets<sup>1</sup>

Amendments to HKAS 39 Novation of Derivatives and Continuation of

Hedge Accounting<sup>1</sup>

HK(IFRIC) – Int 21 Levies<sup>1</sup>

Amendments to HKFRS 9 Mandatory Effective Date of HKFRS 9 and

and HKFRS 7 Transition Disclosure<sup>2</sup> HKFRS 9 Financial Instruments<sup>2</sup>

The Directors of the Company anticipate that the application of these new or revised standards, amendments and interpretation will have no material impact on the Results and financial position of the Group.

<sup>&</sup>lt;sup>1</sup> Effective for annual periods beginning on or after 1 January 2014

<sup>&</sup>lt;sup>2</sup> Effective for annual periods beginning on or after 1 January 2015

#### MANAGEMENT DISCUSSION AND ANALYSIS

#### **BUSINESS REVIEW**

Due to national policy and the market trend, China's increasing labor costs and difficulty in recruiting talents are an undeniable fact. In order to reduce costs and increase competitiveness, entrepreneurs are more willing to invest more resources in automation equipment. Based on this trend, in 2013/14 there is a marked improvement in the first half year for the smart device market especially in SMT production line operations and logistics business. Group sales in the first half has reached the beginning of the development goals, amounted to approximately HK\$441.4 million compared to same period last year, and increased by approximately 54.2%.

#### **Production Line Equipment Business**

The sale amount in Production Line Equipment Business increased from HK\$197.5 million to HK\$299.5 million, representing an increase of approximately 51.6%. The increase mainly due to the China government increased the capital investment during past half year to keep it 7.5% increase of GDP.

#### **OEM Industry**

With the increase of China's production costs such as wages and raw materials, the profit of OEM business is slimmed. Compared with the corresponding period last year, the sales decreased from HK\$39.8 million to HK\$33.5 million, representing a decrease of approximately 15.8%. Due to the increasing of production cost, the Group tried to accept some orders with higher profits and avoid lower profit orders.

Due to market conditions, the increased costs are not directly passed onto the customers. To sustain Sun East Group's competitiveness in the OEM market, the group strategizes to achieve economies of scale, cost reduction, quality control, rework rate reduction and improved operational efficiency with limited wastage. Previously, efforts were centralized in the overseas market but in the future, emphasis will be placed in the domestic market in terms of product innovation. To facility this change, the Group had employed some sale staff to focus on PRC market.

#### MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

#### **Automated and Logistic Business**

The sales figure and profit of automated and logistic business showed a upward trend in the past six months due to external factors. Compared with the corresponding period last year, the sale amount increased from approximately HK\$48.9 million to approximately HK\$108.4 million, representing an increase of approximately 121.7%. The increase was mainly due to expansion of project management and production team resulting in production capacity increase.

#### **OUTLOOK**

Traditionally, the second half year of the enterprise's investment in fixed assets is more judicious. China's economic uncertainties and the end of June "money shortage" of funds will allow the market to remain tense and deter corporate sentiment of investment of fixed assets. Therefore, the management thinks that the second half year of the market will decline, and the relative sales will also decline.

In response to the market decline, the Group will make relative adjustment in the internal management and talent recruitment. On the management side, the Group will synergize actual situation with future development needs, internal management adjustments to further improve and strengthen management, encourage scientific decision-making and increase efficiency. In regards to recruitment, the Group plans to recruit high-end technological, research and development staff for new innovative products. In the long-term, it will reflect in the Group's profit and competitiveness.

With China's new leader coming into power, smart manufacturing systems and equipment will push the industry further. The Group must seize this opportunity to create value for shareholders. The Group will continue to uphold the steady growth strategy and focus on recurring earnings growth achieved and maintained a strong financial position. #### **FINANCIAL REVIEW**

#### **Turnover and Gross Profit**

During the Period, turnover of the Group reached approximately HK\$441.4 million, representing an increase of approximately HK\$155.2 million as compared with approximate HK\$286.2 million in the correspondence Period under review. The increase was primarily attributable to the recovery in both segments which increased approximately HK\$60.2 million in Production Lines and Production Equipment and increased approximately HK\$95.0 million in Brand Name Production Equipment respectively.

The gross profit ratio (GP ratio) for the Period was approximately 14.3%, representing a decrease of approximately 0.9%, as compared with the corresponding Period under review approximately 15.2%. The decrease of the GP ratio was driven predominantly by the decreasing in selling price and increasing in product cost due to the minimum wage continued increase in PRC.

During the Period under review, Mainland China allocated unused fiscal funds to expedite infrastructure investment projects and People's Bank of China injected liquidity in short term and used of fiscal deposit auction to temporary relief tightening financial conditions. All these soared demand for production equipment industry and boosted up the sale volume. However the labor cost continuously increased due to minimum wage adjustments and a shortage of workers continued to create margin pressures.

#### Other Income and Gains

During the Period under review, the Group recorded the other income at approximately HK\$8.3 million, which represented an increase of approximately HK\$1.2 million as compared with approximately HK\$7.1 million last year. The increase was largely due to the exchange gains in the Period.

#### MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

#### **Selling and Distribution Expenses**

During the Period, the Group incurred approximately HK\$32.4 million selling and distribution cost, which represents 7.3% of sale amount. In contrast 8.1% was incurred in the comparative Period. Even the percentage maintained at steady level, the absolute figure soared by HK\$9.2 million. The increase was mainly due to the rise in sale commission and outbound transportation cost.

#### **General and Administrative Expenses**

The management of the Group implemented various methods to control its general and administrative expenses including departmental cost budgeting and enhancement of the efficiency by review manpower.So, administrative expenses during the Period under review were kept at a steady level at approximately HK\$22.2 million. Compared to last period at approximately HK\$21.9 million, the slightly increase was mainly due to the rise in staff cost.

#### **Finance Costs**

Finance costs for the Period under review amounted to approximately HK\$0.7 million, representing a reducing of approximately HK\$0.2 million, as compare with approximately HK\$0.9 million in the correspondence Period. The drop was mainly attributable to the decline in bank borrowings under the hedging arrangements. This interest expense will be compensated by approximately HK\$0.8 million interest income from pledged deposits under the same hedging arrangements.

#### Profit for the Period

As a result of the foregoing, the profit attributable to owners of the Company for the Period under review was approximately HK\$4.2 million, representing an increasing of approximately HK\$1.2 million, as compared with approximately HK\$3.0 million in corresponding Period. The net profit margin was approximately 1.0% for the Period under review as compared with approximately 1.1% in corresponding Period.
