## Capital Expenditure

For the year ended 31 December 2013, capital expenditure for the acquisition or upgrade of property, plant and equipment was approximately RMB19.1 million.

# CHAIRMAN STATEMENT

Dear shareholders,

With the unrelenting support from our shareholders, Huili Resources has achieved the following strategic objectives in 2013: (i) successfully completed the Shaanxi Jiahe acquisition; (ii) made remarkable progress toward production; (iii) extended our scope of strategic cooperation. The Company will adhere to its global insight in decision making, further implement the designed plan of development by way of cooperation and acquisition, while placing a higher priority on production.

## Acquisition

The acquisition of Shaanxi Jiahe, with its mining concessions in Shaanxi province, had been completed in 2013. Its gold mining project — Huangjinmei, is currently progressing toward production capability.

## Emphasis on Production

Huili Resources will cautiously adapting to a strategy that aims to gradually shift the company's focus from that of reserve expansion oriented to one that promotes tangible growth in production. Bearing this strategy in mind, Huili Resources will utilize the knowledge and expertise gained from the company's strategic cooperation with CRRI and CITIC Merchant to facilitate the construction and development of production capabilities by pressing on with its various mine development programs within China.

## Strategic Cooperation with CRRI and CITIC

Huili Resources has completed the issuance of convertible bonds and warrants to CRRI fund on 19 December 2013. Given the background of CRRI, it is believed that the Company will benefit from its experience in investments in natural resources projects for developing the Company's existing mining business. We are confident that CRRI will bring in additional resources and investment opportunities to the Company that is beneficial to the Company and the shareholders as a whole.

In September 2013, Huili Resources and CITIC Merchant formed a strategic alliance, where the two companies will exchange experiences for future investment in and development of mineral resources. As such, establishing strategic alliance with CITIC Merchant will enable the Group to utilise the business network and resources of CITIC Merchant so as to further develop its domestic and overseas mineral businesses.

# CHAIRMAN STATEMENT (Continued)

Looking forward, as the Company moves steadily toward production, we believe the robust demand of mineral resource products of a recovering world economy will bring continuous cash flow to finance the Company's ambitious development plans.

On behalf of the board of directors of Huili Resources, I would like to express my most sincere gratitude to all employees, customers and business partners. I would also like to take this opportunity to extend my gratitude to the shareholders who have consistently supported the Group.

**Wang Dayong**

*Chairman*

28 March 2014

# MANAGEMENT DISCUSSION AND ANALYSIS

## Business Review

The Company participates in non-ferrous ore mining and processing. The diversified non-ferrous metal minerals covered by the Company's operation include nickel, copper, zinc and lead in Xinjiang and gold in Shaanxi China. The mining and exploration tenements and ore processing plants in Xinjiang are located close to the municipal city of Hami, which is approximately 400 km south east of Urumqi, the capital of Xinjiang Uygur Autonomous Region. Huangjinmei tenement is located 15 km by sealed road from the regional town of Jinchuan, Ningshan County. The town of Jinchuan is located approximately 140 km south of Xi'an City and is connected by the G210 state highway.

The Company's subsidiaries Hami Jinhua Mineral Resource Exploiture Limited ("Hami Jinhua"), Hami Jiatai Mineral Resource Exploiture Limited ("Hami Jiatai") and Shaanxi Jiahe Mining Exploitation Limited ("Shaanxi Jiahe"), in which the Company has 95% interest, own four mining permits and six exploration permits in Xinjiang and Shaanxi. In the fiscal year of 2013, due to a production surplus relative to demand, the prices of nickel, copper, zinc and lead further dropped from 2012 or stayed at low levels since 2010. The Company deferred the production plan while allocated more resources to exploration, mine engineering and infrastructure improvement.

## Mines under operation

Hami Jinhua and Hami Jiatai hold three mining permits, namely No. 2 Mine, No. 20 Mine and Baiganhu Mine. (i) No. 20 Mine, which produces copper and nickel ore, completed additional 1,576.14 meters drilling at 4 new holes within the tenement from September to December in 2012, in order to define the deep ore deposit previously untapped on the west of Shaft 6. With positive findings obtained, further exploration and study were proposed. To meet new requirements of safety production, No. 20 Mine is to upgrade its lifting system. (ii) Baiganhu Mine, which produces lead and zinc ore, completed 1,435.48 meters drilling at 5 holes in 2012 and ore deposit was detected in each hole. In 2013, ore deposit was revealed in Level 4 of Shaft 1 during the level-heading extracting. Geophysical prospecting and data analysis were conducted and a further 2,146 meters drilling was completed at 6 new holes. Further exploration was proposed in order to fully define the ore bodies in the tenement. Baiganhu Mine is setting up the underground production systems and facilities for safety production and a safety production permit is expected after the inspection and acceptance by the official experts. (iii) In January 2011, the production of No. 2 Mine had been suspended as a result of the implementation of the Consolidation Program in Hami. Hami Jiatai is working closely with the Hami Municipal Bureau of Land and Resources to reach a fair and reasonable compensation plan. To date related parties have not worked out a compensation plan.

The acquisition over Shaanxi Jiahe had been completed on 28 March 2013. Shaanxi Jiahe was granted the mining permit of Huangjinmei gold mine on 15 January 2013. Such permit has a valid period of three years. In 2013, Shaanxi Jiahe conducted geologic scaling, tunnel extracting (766 meters in total), ore sampling, assay and data analysis, and geologic recording at Huangjinmei tenement, in order to identify the trend and thickness of Orebody 1-1 at Level 1010 and above. Further exploration is suggested at Level 960. Approvals for mine engineering, infrastructure and construction of ore processing plant are underway and trial production is expected in the near future.

# MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

## Exploration permits

Hami Jiatai holds six exploration permits in Xinjiang namely Baiganhu Gold, H-989, Heishan, Huangshan, Xidagou and Yinaoxia, with exploration areas of more than 40 square kilometers and minerals covering gold, nickel, copper, lead and zinc. The Company has scheduled preliminary exploration and/or drilling plans for such tenements, and plan to apply for mining permits when requirements met. Hami Jiatai conducted geologic scaling, sampling, trenching, drilling (644.05 meters at 3 holes), assay and data analysis regarding Baiganhu Gold tenement from May 2012 to January 2013, and identified the preliminary mineralization band and the ore deposit.

## Ore processing plants

Hami Jiatai operates a copper-nickel ore processing plant ("Jiatai Processing Plant") and Hami Jinhua owns a lead-zinc ore processing plant ("Jinhua Processing Plant"). Both plants are used to treat ore extracted from the deposits, and adopt a non-conventional flotation circuit. The throughput capacity of both plants is 1,500 tpd. Nickel, copper, lead and zinc concentrates are separated and recovered from bulk concentrate for sell. During the year of 2013, Jiatai Processing Plant did not operate due to the production suspension of Hami Jiatai's copper-nickel mines and the difficulty with sourcing copper-nickel ores from independent suppliers. Jinhua Processing Plant is to process lead-zinc ores once Baiganhu Mine is put into operation.

## Results Review

### Revenue and gross loss

For the year ended 31 December 2013, the Group sold copper concentrates purchased from a third party and recorded revenue of RMB1.1 million (2012: RMB13.0 million). Cost of sales of RMB9.0 million (2012: RMB20.6 million) represented mainly depreciation and amortization charges, production staff expenses and an one-off provision of RMB1.5 million provided for certain obsolete inventories in the year of 2013 (2012: Nil). Gross loss for the year was RMB7.9 million (2012: RMB7.6 million).

### Administrative expenses

Administrative expenses for year of 2013 were RMB26.7 million, as compared to RMB20.2 million in 2012. During the year, employee benefit expenses and office expenses increased as a result of further expansion of the Group. Exploration expenses also increased due to larger effort devoted to exploration activities.

### Other losses — net

Other losses of RMB5.6 million for the year of 2013 represented fair value losses of RMB6.7 million on the convertible bonds offset with other gains of RMB1.1 million.

In 2012, the Group recorded an RMB17.7 million one-off gain on early settlement of pre-acquisition dividend payable to previous equity holders of Hami Jiatai. No such gain was recorded in 2013.

### Finance costs — net

Finance costs for the year of 2013 represented exchange losses of RMB5.8 million (2012: RMB1.3 million) and other interest expenses of RMB0.8 million (2012: RMB2.3 million). Increase in exchange losses was due to appreciation of RMB to HKD in connection with the company's financial assets which are denominated in HKD. In 2012, an unwinding of discount on pre-acquisition dividend payable of RMB1.8 million was incurred. No such interest expense was recorded in 2013.

During the year of 2013, the Group recorded interest income of RMB1.1 million as compared to RMB2.3 million in 2012 primarily due to reduction of bank deposits of the Group.

### **Income tax expense**

Income tax expense for the year of 2013 was RMB0.4 million (2012: tax credit of RMB1.2 million), representing deferred taxation arising from depreciation, carried-forward tax losses and provisions.

### **Loss attributable to the equity holders of the Company**

Loss attributable to equity holders of the Company for the year of 2013 was RMB45.4 million (2012: RMB8.4 million). In the absence of the one-off gain of RMB17.7 million recorded in 2012, combined with the increased administrative expenses and net finance costs, the Company's loss enlarged in 2013.

## **Issue of Unlisted Convertible Bonds and Unlisted Warrants**

On 25 January 2013, a subscription agreement was entered into between the Company and ACE AXIS Limited, a company incorporated in the British Virgin Islands whose entire issued capital is owned by CRRI State Right Investment Fund L.P., ("the Investor"), pursuant to which the Company has conditionally agreed to issue, and the Investor has conditionally agreed to subscribe for, the 2% coupon convertible bond at the initial conversion price of HK\$2.15 per share (in each case subject to adjustment) in the aggregate principal amount of HK\$215,000,000. The Company has also conditionally agreed to issue the warrants to the Investor where such warrants shall entitle the Investor to subscribe for 40,000,000 shares at the initial subscription price of HK\$2.4 per share (in each case subject to adjustment). The Company and the Investor subsequently entered into a supplement agreement on 25 September 2013 to amend the principal amount of the convertible bond to HK\$107,500,000 and the number of warrants to 20,000,000 Shares. Other principal terms remained unchanged. The subscription agreement has been completed on 19 December 2013.

The net proceeds from the issue of the convertible bond and the full exercise of the subscription rights attached to the warrants, after deducting legal fees and other expenses payable by the Company, were approximately HK\$107,000,000 and HK\$48,000,000, respectively, which are intended to be applied for the purpose of financing new project(s) of the Company (as agreed by the Investor) if and when they materialise.

## **Significant Investments, Material Acquisitions and Disposals**

The Company completed the acquisition of 100% equity interests in Shaanxi Jiahe on 28 March 2013.

The acquisition over Shaanxi Jiarun Mineral Exploiture Limited ("Shaanxi Jiarun") was lapsed on 30 September 2013, for some conditions precedent mainly related to the obtaining of the mining permit for Huaba tenement had not been satisfied and remained uncertain. Shaanxi Jiarun holds the exploration license for Huaba tenement. The mineral resources of Huaba tenement are vanadium and copper. Details of which has been set out in the announcement of the Company dated 30 September 2013.

# MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

On 20 March 2013, the Company entered into a non-binding framework agreement regarding possible acquisition of gold mines and mineral processing plant in Ghana, West Africa. Details of the framework agreement have been set out in the announcement of the Company dated 20 March 2013. The possible acquisitions have not been completed as at the date of this report.

On 12 September 2013, the Company entered into a non-binding framework agreement in relation to the Company's proposed investment in a mining related fund. On 29 January 2014, the Company entered into the subscription agreement and acceded to the limited partnership agreement for subscription of Class B Limited Partnership Interests with a capital commitment of not more than US\$18 million (equivalent to HK\$139.5 million) in CRRl State Right Investment Fund L.P.. Details of which have been disclosed in the Company's announcements dated 13 September 2013 and 29 January 2014.

Save as above, there are no other significant investments, material acquisitions and disposals during the year of 2013.

## Change in and Use of Proceeds

The Company issued 250,000,000 ordinary new shares of HK\$0.1 each at a subscription price of HK\$1.7 per share pursuant to a public offering and a listing of such shares on the main board of Hong Kong Stock Exchange Limited on 12 January 2012. Net proceeds received by the Company amounted to approximately HK\$400 million. As stated in the section headed "Future Plans and Use of Proceeds — Use of Proceeds" of the Prospectus, approximately HK\$152 million is intended to be used to finance the planned capital expenditure on Project No. 20, Project Baiganhu and Project H-989, approximately HK\$9 million to finance the technical modification on the tailings storage facilities of Hami Jinhua Concentrator, and approximately HK\$16 million to finance the planned capital expenditure on exploration activities.

In view of the market condition as explained in the section "Business Review" above, on 26 March 2013, the Company announced that it has strategically adjusted the schedules of its mining and exploration activities in Hami. As a result, the Company intends to reduce (i) the planned capital expenditure on Project No. 20, Project Baiganhu and Project H-989 by HK\$42 million; (ii) the expenditure on technical modification on the tailings storage facilities of Hami Jinhua Concentrator by HK\$9 million; and (iii) the planned capital expenditure on exploration activities by HK\$9 million. The part of proceeds subject to the aforementioned change, which amounts to HK\$60 million in aggregate or approximately 15% of the said total net proceeds, has been and will be applied, in part, to fund the earnest money in relation to the possible processing plant acquisition in the Republic of Ghana as stated above, and, as to the balance, to finance the Company's working capital and future potential acquisitions if and when suitable opportunities arise.

As a result of the lapse of the Shaanxi Jiarun Acquisition Agreement, the Company intends to apply the said part of the net proceeds initially allocated for the acquisition of Shaanxi Jiarun (i.e. HK\$119 million or approximately 30% of the said total net proceed) to fund the Company's working capital and future potential investments including but not limited to the Company's investment in the mining related fund as stated above.

All unused net proceeds were and are placed in short term deposits with licensed banks in Hong Kong.

## Liquidity and Financial Review

The Group financed its day to day operations by internally generated cash flow and issue of convertible bonds and warrants as stated above during the year of 2013. Primary uses of funds during the year included payment of operating expenses, repayment of bank loan, purchase of property, plant and equipment and payment for acquisition of Shaanxi Jiahe.

As at 31 December 2013, current assets of RMB299.8 million comprised inventories of RMB11.4 million, other receivables and prepayments of RMB64.8 million, cash and cash equivalents of RMB223.6 million. Current liabilities of RMB56.5 million mainly comprised trade payables of RMB1.8 million, other payables and accruals of RMB35.3 million, derivative financial instruments of RMB19.1 million and income tax payable of RMB0.3 million. Current ratios, being total current assets to total current liabilities, were 5.4 and 5.3 as at 31 December 2012 and 31 December 2013 respectively.

As at 31 December 2013, there was no outstanding interest-bearing bank loan (31 December 2012: RMB31.3 million).

As at 31 December 2013, the carrying amount of the liability component of the Company's convertible bonds, which have a 2-year term from 19 December 2013 and bear interest at 2% per annum payable semi-annually, was approximately RMB72.5 million (31 December 2012: nil). No conversion or redemption of the convertible bonds took place during the year.

The Group conducted its continuing operational business transactions mainly in Renminbi, Hong Kong dollars and US dollars. The Group did not arrange any forward currency contracts for hedging purposes.

## Gearing Ratio

Gearing ratio of the Group is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non-current borrowings) less cash and cash equivalents. Total capital is calculated as equity attributable to equity holders of the Company plus net debt. As at 31 December 2013, the Group's total cash and cash equivalents exceeded the Group's total borrowings, and the gearing ratio was therefore nil (31 December 2012: nil).

## Charges on Company's Assets, Commitments and Contingent Liabilities

As at 31 December 2013, the Group had capital commitments for property, plant and equipments of approximately RMB199.4 million (31 December 2012: RMB160.0 million).

As at 31 December 2013, the future aggregate minimum lease payments under non-cancellable operating leases of various offices was approximately RMB1.7 million (31 December 2012: RMB3.9 million).

As at 31 December 2013, the Group had no investment commitment (31 December 2012: RMB177 million for the acquisitions of Shaanxi Jiarun and Shaanxi Jiahe).

There were no other charges on the Company's assets as at 31 December 2013 (31 December 2012: Nil).

# MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

The Group may be subject to new environmental laws and regulations that may impose contingencies upon the Group in the future. The Group may also be subject to the effect of under-insurance on future accidents incurred by the employees. Such (i) new environmental laws and regulations; and (ii) under insurance on the employees may impose significant costs and liabilities on the Group.

## Human Resources and Share Option Scheme

As at 31 December 2013, the Group employed 61 employees. The total staff costs for year of 2013 were approximately RMB13.1 million (2012: RMB10.9 million). The salaries of employees largely depend on their job nature, performance and length of service with the Group. The directors' remuneration is determined with reference to salaries paid by comparable companies, experience, responsibilities and performance of the Group. Discretionary bonuses are also available to the Group's employees depending on the overall performance of the Group.

In addition to the basic remuneration, the Group also provides employees with employees benefits, including pension, medical scheme and other applicable social insurance as required by the applicable laws and regulations. Apart from regular on-job training, the Group provides training to new employees including an introduction to relevant regulations and general safety awareness and a workshop specific training to the work area and the role of individual within the workshop. Directors and employees, among others, are entitled to participate in the share option scheme at the discretion of the board. No share option was outstanding as at 31 December 2013.

## Future Outlook

The global economy is anticipated to recover at a moderate pace over the coming two years, according to OECD's latest *Economic Outlook*. GDP growth across the 34-member OECD is projected to accelerate from 2013's 1.2% to 2.3% in 2014 and 2.7% in 2015. This gradual recovery will invariably cause demand for metallic commodities to rise. From the perspective of the Group's long-term wellbeing, a need for speedier introduction of production capabilities is looming.

The Group is currently undergoing strategic adjustment to constantly adapt itself to embrace opportunities and overcome challenges. As the global economy recovers, demand for metallic commodities regains momentum. The present circumstances require the company to slowly shift its focus from reserve expansion, which have been on the main agenda for the past two years when the slowdown of demand posed a favorable opportunity to acquire mineral assets, to production oriented. In order to increase its production capabilities in response to the market change, the Group will endeavor to revise its existing mine construction schedules as well as maintain the production facilities up to an optimal condition. It is expected that mine production will gradually resume in the year of 2014.

Following the subscription of CRRI State Right Investment Fund in January 2014, the Company will appoint a member to the investment committee of the fund in relation to making any investment or divestment decisions. The fund will focus its portfolio investments on mining and natural resources industries and use the proceeds raised from the limited partners to invest in companies that are involved in the mining sector, which include those that are in the process of evaluating and developing new resources, as well as those with successfully developed mineral resources. The relevant assets may be located anywhere in the world, although there will be a focus toward companies operating in Africa, Australia, Central Asia, China and Northern Asia.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT

## Executive Directors

### Mr. Wang Dayong (王大勇)

Mr. Wang, aged 47, is an executive director and the Chairman of the Company. Mr. Wang joined the Group in January 2008. He graduated from the University of Nanjing (南京大學) with a Bachelor degree in Economics. He also holds a Master degree in Commerce and Economics major in Money and Banking from Graduate University of Chinese Academy of Social Sciences (中國社會科學院研究生院) and a Doctor of Economics from the Business School of Jilin University (吉林大學). With over 20 years' experience in investment, finance and management, Mr. Wang is familiar with corporate merger and acquisition and direct investment. He has comprehensive and in-depth knowledge of coal, coal chemical, metal mineral resources industries and maintains strong networks in business field and with central and local government agencies in the PRC.

Leveraging on his extensive experience in corporate merger and acquisition, direct investment and mineral resources industry, Mr. Wang oversees the operations and is generally responsible for the following matters: collectively with Mr. Lu, he decides on major decisions of the Group and monitors the implementation of strategies; explores strategic investors and sources and introduces to the Group; solicits new cooperation opportunities and business development for the Group; and designs, develops and implements overall strategic plans for the Group. As such, Mr. Wang is responsible for formulating the major corporate and business strategies of the Group at the group level.

During July 1988 to December 1998, Mr. Wang had been worked with the China State Farm Agribusiness Group Corp. (中國農墾集團總公司), the PRC. During the period from November 2003 to December 2008, Mr. Wang served as a managing director of China Coal and Coke Investment Fund L.P. (the "Partnership") and China Coal and Coke Investment Holding Company Limited. He was in charge of the foundation of the Partnership which was established on 4 February 2005. His main responsibilities included investment structuring, strategic development and investors relationship. Mr. Wang involved in the investment in Fortune Dragon Group Limited ("Fortune Dragon"), a company with major investment in coking coal mine operations in Shanxi, the PRC. The Partnership exited its investment in Fortune Dragon in July 2008 with satisfactory return on investment. He was an executive director and CEO of E-Life International Limited (Stock Code: 370) (now known as "China Best Group Holding Limited"), from 16 September 2004 to 5 June 2007. During the period from January 2005 to August 2008, Mr. Wang served as a director and chief executive officer of Fortune Dragon. During his tenure with Fortune Dragon, Mr. Wang was responsible for the strategic financing, direct investment and merger and acquisition. Mr. Wang successfully procured a fund raising exercise of USD160 million through an international bank for the investment of three coking coal mines in Shanxi in March 2006. Such three coking coal mines were subsequently sold to Shougang Fushan Resources Group Limited ("Shougang Fushan") (Stock Code: 639) at the consideration of HK\$10.53 billion in July 2008. Mr. Wang was also an executive director of King Stone Energy Group Limited ("King Stone Energy") (Stock Code: 663) from July 2009 to January 2013.

Mr. Wang was appointed as a director on 19 February 2010.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT (Continued)

## Mr. Wang Feng (王峰)

Mr. Wang Feng, aged 41, is an executive director and the Co-Chairman of the Company. He joined the Group in September 2013. He graduated from University of Science and Technology Beijing and holds a Master of Business Administration degree from University of Bath, United Kingdom. He has extensive business network in China and possesses over 15 years' experience in investment, corporate management and media industry. Currently, he is the chairman of Redwood Capital Inc. which has investments in real estate and energy sectors in China and is also involved in fund management of various renowned funds. He is also the chairman of Bond Universal Media Company Limited which engages in media industry. He worked in 3i Group plc, a leading private equity and venture capital company headquartered in United Kingdom, and Hongta venture capital fund and Hongta Xingye Capital, meanwhile, he made outstanding contributions in foundation and establishment of Hongta Securities, under Hongta Group, the largest tobacco enterprise in China. He was also the first executive director of Zhongguancun International Economic & Technical Cooperation Corporation responsible for overseas projects with various giant state-owned enterprises.

Mr. Wang was appointed as a director on 9 September 2013.

## Mr. Lu Qi (盧琦)

Mr. Lu, aged 51, is an executive director. Mr. Lu joined the Group in April 2009. He graduated from the Northeastern University of Technology (東北工學院) (now known as Northeastern University (東北大學)) with a Bachelor degree in Engineering. With over 10 years experience of management, Mr. Lu oversees the operations and is generally responsible for the following matters: collectively with Mr. Wang, he decides on the major decisions of the Group; supervises the internal controls of the Group; meets with and listens to reports from senior management of the Group; explores investment projects and to sources and introduces to the Group; solicits new business opportunities and business development for the Group; and designs, develops and implements overall project plans for the Group. As such, Mr. Lu is responsible for internal controls, new venture investment and projects development at the group level.

From July 1986 to April 1989, Mr. Lu was served as the assistant engineer in the electromechanical engineering department of Dalian Refractory Material Co., Ltd. (大連耐火材料廠). For the period from April 1989 to May 2001, Mr. Lu served in various positions of Mabuchi Motor (Dalian) Ltd. (萬寶至馬達(大連)有限公司). During the tenure, he was first in the position of the material engineer and was mainly responsible for mechanical processing, electronic testing and ultrasonic cleaning of magnet manufacturing. Mr. Lu was then promoted to the team leader of one engineering team, he was responsible for the heating process of magnet manufacturing. He was promoted to the leader of the workshop and was responsible for the technical management of the workshop. Mr. Lu migrated to Canada in 2002. From 2004 to February 2007, Mr. Lu worked as a quality control assembly operator in Cam-Slide Manufacturing New market. Since 2006, Mr. Lu has been returning to the PRC and exploring business and investment opportunities.

Mr. Lu was appointed as a director on 16 December 2011.

## Mr. Zhao Guangsheng (趙廣勝)

Mr. Zhao, aged 48, is an executive director and chief executive officer of the Company and is responsible for the Group's overall operations including technology and production. Mr. Zhao joined the Group in April 2002. He graduated from the Shenyang Institute of Gold (沈陽黃金學院) specialized in mining geology. He is qualified as an engineer specialized in geology by the Personnel Bureau of Yanbian Korean Autonomous Prefecture (延邊朝鮮族自治州人事局) in 1990. He is specialized in exploration and mining of non-ferrous metals and he has approximately 23 years of experience and extensive knowledge on geological conditions of different mining locations and mineralization conditions and solid experience in mining and ore production management. Prior to joining the Group, Mr. Zhao served as the supervisor of the geological department and production technology and geological engineer in Hunchun Zijin Mining Co., Ltd. (琿春紫金礦業有限公司) for the period from August 1988 to March 2002. During his employment with Hunchun Zijin Mining Co., Limited and served as the supervisor of the geological department, Mr. Zhao, with a team of experts, conducted analysis on the mineralization patterns and geological surveying of the veins in Beishan area (北山), the findings of which eventually led to the successful discovery of No. 0 mine and increased the gold reserves of over 1,000 kilograms and copper reserves of over 1,200 tonnes. He was also in charge of compiling the exploration and surveying report of the middle part of the Beishan area (北山中段), the findings of which had successfully extended the mining life of the mines in Beishan area. In 1993, Mr. Zhao, in the position of production technology and geological engineer, conducted a thorough mineralization patterns study and surveying of the veins area and the surrounding areas of the veins. Mr. Zhao discovered No. 24 vein of Nanshan (南山24號脈), Yangjingou mining areas (楊金溝採礦場) and Shajinping mining areas (沙金坪採礦場), the discovery increased total reserves of 1.5 million tonnes with gold reserves of 4,000 kilograms and copper reserves of 7,500 tonnes. With the new discovered metals, he also participated in the design and construction of the new mines with daily production capacity of 200 tonnes and the new ore processing plant with daily production capacity of 200 tonnes.

From April 2002 to December 2009, Mr. Zhao has held the position as the mine manager, production technology manager and chief engineer of Hami Jiatai. During the period, Mr. Zhao, with a team of experts, has been responsible for analyzing the geological conditions of the exploration and mining areas, compiling raw data to assist the design of various development systems of mines, preparing the monthly production plan and annual production plan for different mines and extracting samples for laboratory testing. Mr. Zhao has to oversee the mining progress on-site and compile reports including the production plan report, the report on mineral preservation management and the report on statistics of existing resources to the management of the Group. Mr. Zhao is also a member of the senior management team responsible for the detailed geological surveying and reserve analysis, and the design of the exploration and mine construction of Project Baiganhu, Project No. 2 and Project No. 20, and thus is experienced in, among other things, lead and zinc mining. Mr. Zhao is responsible for liaising with the relevant government bureaus for obtaining necessary exploration permits and/or mining permits for the mines.

Mr. Zhao was appointed as a director on 16 December 2011.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT (Continued)

## Mr. Wu Guangsheng (吳光升)

Mr. Wu, aged 62, is an executive director, and is responsible for the overall operations of Hami Jiatai Concentrator and Hami Jinhua Concentrator. Mr. Wu joined the Group in November 2002. He graduated from the University of Changchun (長春大學) specialized in operation and management in 1992. Prior to joining the Group, Mr. Wu served as a plant manager to a knitting company in Jilin. Since November 2002, Mr. Wu has held the position as deputy general manager and the head of the processing plants of Hami Jiatai and Hami Jinhua. He is mainly responsible for overseeing and monitoring all aspects of the daily operation of ore processing of Hami Jiatai Concentrator. Mr. Wu on-site monitors the daily operational flow, production capacity, safety measures, environmental protection and quality control of Hami Jiatai Concentrator. Mr. Wu and the heads of other departments formulate and/or decide the yearly production plan, design the operational flows and safety measures, environmental protection and budget the cost of production at the beginning of each year and monthly meetings will be held among the senior management to evaluate the operation and production efficiency. Mr. Wu oversees the daily and monthly production reports, analyses and compares with the planned production and discusses with the production team in Hami Jiatai Concentrator on how to improve the efficiency of the production flow. He suggests to have upgraded processing facilities and machineries and to select appropriate chemicals and/or advanced chemical prescription for ore processing which can effectively reduce the costs of production. He also evaluates the existing safety and environmental protection measures and implements new measures if necessary. Mr. Wu is involved in the preparation of the construction and design of production flow of Hami Jinhua Concentrator and will be responsible for overseeing the overall daily operation and production of Hami Jinhua Concentrator when it has commercial production in future. Mr. Wu has been promoted to general manager of Hami Jiatai and Hami Jinhua in April 2010.

Mr. Wu was appointed as a director on 16 December 2011.

## Mr. Zhao Bochen (趙波臣)

Mr. Zhao, aged 51, is an executive director and chief mine manager, is responsible for the daily operations and production of the mines. Mr. Zhao joined the Group in November 2002. He graduated from the Wuhan Steel College (武漢鋼鐵學院) (now known as Wuhan University of Science and Technology (武漢科技大學) specialized in mining geology in 1984. Prior to joining the Group, Mr. Zhao served as a geologist engineer and mine manager and participated in ore processing and mining work in Hunchun Zijin Mining Co., Ltd. (琿春紫金礦業有限公司) for over 20 years. During the period, Mr. Zhao participated in several geological surveying and mapping for compiling the report of mine no. 24 of Nanshan mine (南山礦) and designed on the mine construction of Beishan mine (北山礦) and the yearly production planning for each mines. He was also responsible for the mining work of Beishan mine. Mr. Zhao has about 30 years of experience in the industry.

Mr. Zhao has been the chief mine manager of Project No. 2, Project No. 20 and Project Baiganhu since joining the Group. He is mainly responsible for monitoring the day-to-day operations of the mines, including production, safety, mining technology, quality control and mining geology. Mr. Zhao with other senior management lays down the yearly production plan and closely monitors the production progress on-site. He monitors the safety measures, environmental protection and working environment in mines, for example, the sufficiency of ventilation shafts in mines, properly use of safety tools by mining workers, daily checking of the working environment in mines and arranging regular seminars and/or talks on mining safety to mining workers by the relevant regulations or by the Company. He also monitors the repair and maintenance of the mining facilities and machinery and the relevant machinery operations. Mr. Zhao participated in the design, preparation and construction of Project No. 20 and the design of Project Baiganhu.

Mr. Zhao was appointed as a director on 16 December 2011.

## Mr. Sun Zhong (孫忠)

Mr. Sun, aged 51, is an executive director. He joined the Group in February 2013. Mr. Sun holds a Doctoral Degree in Management and a Master's Degree in Engineering Management from Huazhong University of Science and Technology (華中科技大學) (formerly known as Central China University of Science and Technology (華中理工大學)). He also holds a Bachelor's Degree in Coal Mine Electrical Automation from Shandong University of Science and Technology (山東科技大學) (formerly known as Shandong Mining College (山東礦業學院)).

Mr. Sun has over 30 years of experience in the power, resources and mining industry. He is currently the managing director of State Right Holdings Limited, a 55% shareholder of CRRRI State Right Investment Holding Limited which in turn is the sole shareholder of the general partner of CRRRI Fund. Mr. Sun was the managing director of Shanxi Coal Mine Company Ltd. (山西王文煤礦有限公司) from 2006 to 2011, the vice president of Titan Petrochemicals Group Limited (stock code:1192) from 2003 to 2006, the president of Singa-Pacific Petrochemical Co., Ltd. (a Singapore trading company) and the managing director of U.S. SGH International Inc. (an United States oil storage company) from 1997 to 2003. He also worked for various listed and stated-owned power and resources corporations in China from 1983 to 1997.

Mr. Sun was appointed as a director on 25 February 2013.

## Mr. Ma Boping (麻伯平)

Mr. Ma, aged 53, is an executive director. He joined the Group in February 2012. Mr. Ma is a senior engineer and has over 30 years of experience in mining industry with more than 23 years of which in the managerial level. Mr. Ma is familiar with all the aspects of a mining company including geo-exploration, mining, mineral processing and metallurgy and specializes in mineral processing research and design, feasibility studies and the construction of gold and non-ferrous metals mine and its related finance management and merger and acquisition. Mr. Ma holds a bachelor degree of engineering in mineral processing from the Wuhan University of Science and Technology and the degree of the executive master of business administration from Cheung Kong Graduate School of Business. He has also studied in the Swedish Institute of Industrial and Commercial Management.

Mr. Ma was the executive director of Guojin Resources Holdings Ltd (stock code: 630)(now known as AMCO United Holding Limited) from December 2009 to May 2011. He was also the vice president of Jinshan Gold Mines Inc (stock code: 2099 and CGG in TSX)(now known as China Gold International Resources Corp. Ltd.), a Canadian mining company focused on gold production in China and listed on both the Toronto Stock Exchange and the Hong Kong Stock Exchange from August 2008 to October 2009, the director, vice president and the chief financial officer and director of Zhongjin Gold Corp. Ltd (stock code 600489), a mining company listed on Shanghai Stock Exchange with controlling stake held by China National Gold Group Corporation (now known as China National Gold Group Corporation) from June 2000 to August 2007, the head of planning and financing department and president's office of China National Gold Corporation from 1996 to 1999 and deputy head for the research management office at the Changchun Gold Research Institute from 1990 to 1992.

Mr. Ma was appointed as a director on 1 June 2012.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT (Continued)

## Independent Non-Executive Directors

### Mr. Cao Shiping (曹仕平)

Mr. Cao, aged 64, is an independent non-executive director. He graduated from the Kunming University of Science and Technology (昆明工學院) (now known as Kunming University of Science and Technology (昆明理工大學)) in 1975 majoring in mining. Mr. Cao has the qualification of chief senior engineer and approximately 30 years of experience in mining industry. From 1975 to 1998, Mr. Cao worked for various positions in Dayao Copper Mine (大姚銅礦). During his tenure, Mr. Cao obtained several awards of Yunnan Province Science and Technology Advancement Division Three (雲南省科學技術進步三等獎) granted by Yunnan Province government in the years of 1990, 1992, 1996 and 1997 for his contribution towards technology advancement in various projects. In 1993, Mr. Cao was also awarded as a Model Worker (勞動模範) in the PRC nonferrous metal industry by China Nonferrous Metals Industry Company (中國有色金屬工業總公司) and China National Machinery Metallurgy Union (中國機械冶金工會). The significant contributions by Mr. Cao in engineering also resulted him in receiving the prestigious governmental special allowance granted by the State Council of the People's Republic of China from 1993. Since 1998, Mr. Cao joined Yunnan Copper (Group) Company Limited (雲南銅業(集團)有限公司) for various senior technical positions and currently holds the consultant position. Mr. Cao was admitted as a certified senior Enterprise Risk Manager in 2006.

Mr. Cao was appointed as a director on 16 December 2011.

### Mr. Cao Kuangyu (曹貺予)

Mr. Cao, aged 63, is an independent non-executive director. He graduated from the Hunan College of Finance and Economics (湖南財經學院) (now known as University of Hunan (湖南大學)) with a Bachelor degree in Finance in 1982. He also holds a Master of Science degree in Financial Management from the University of London. Mr. Cao has extensive experience in the area of banking and finance. For the period from July 1981 to February 1996, Mr. Cao worked in Bank of China, Hunan Province branch and his last position was the deputy president of the branch. For the period from February 1996 to September 1999, he was the deputy general manager of Bank of China, Singapore branch. Mr. Cao was the president of China Citic Bank, Shenzhen branch for the period from September 1999 to September 2003. He was then the managing director of the investment banking division of BOCI Asia Limited from September 2003 to September 2007.

He serves as an independent non-executive director of JLF Investment Company Limited (former name as MACRO-LINK International Holdings Limited; Stock Code: 472) since February 2004, an independent non-executive director of Dongwu Cement International Limited (Stock Code: 695) since May 2012 and an independent non-executive director of Junefield Department Store Group Limited (Stock Code: 758) since January 2013. He served as an independent non-executive director of Simsen International Corporation Limited (Stock Code: 993) from April 2010 to June 2010, a non-executive director of Continental Holdings Limited (Stock Code: 513) from April 2010 to December 2011 and an independent non-executive director of King Stone Energy Group Limited (Stock Code: 663) from February 2010 to April 2012.

Mr. Cao was appointed as a director on 16 December 2011.

### Mr. Zhou Mei-Fu (周美夫)

Mr. Zhou Mei-Fu, aged 51, is an independent non-executive director. He holds a Bachelor degree of Science from Nanjing University, a Master degree of Science from University of Saskatchewan, Canada and a Doctor degree of Philosophy from Dalhousie University, Canada. Currently, he is a full professor of Department of Earth Science in the University of Hong Kong, specializing in petrology, mineralogy and economic geology. Mr. Zhou is also a panel member of Scientific Committees of the State Key Laboratory of Ore Deposit Geochemistry and the State Key Laboratory of Mineralogy and Metallogeny Chinese Academy of Sciences, an elected fellow of Society of Economic Geologists and Geological Society of America. Mr. Zhou has been involved in over 240 mineralogy, petrology and economic geology publications. He is also a vice editor in chief of *Geoscience Frontiers*, associate editor of *Geological Society of America Bulletin*, a member of advisory board of *Resource Geology* (an official journal of Society of Resource Geology) and members of editorial boards of *Lithos*, *Mineral Deposits*, *Acta Petrologica et Mineralogica Sinica*, *Geology and Exploration* and *Earth Science Frontiers*.

Mr. Zhou was appointed as a director on 8 July 2013.

### Mr. Song Shaohuan (宋少環)

Mr. Song Shaohuan, aged 45, is an independent non-executive director. He holds a Bachelor degree in Computer Science from Taiyuan University of Technology, a Master degree in Marketing from University of International Business and Economics, China, a Master degree in Computer Science from the Moore School, University of Pennsylvania and a Master of Business Administration degree from the Wharton School, University of Pennsylvania. He possesses over 20 years' experience in financial management, project investment and corporate management. Currently, he is the partner of Leading Capital responsible for fund management. He was the general partner of Qun Zhan Capital Partner and chief operating officer of Oriental Creation Management Group. Before that, he worked for Booz Allen Hamilton as senior project manager for China practice.

Mr. Song was appointed as a director on 1 October 2013.

## Senior Management

### Mr. Ip Wing Wai (葉永威)

Mr. Ip, aged 35, is qualified accountant, company secretary and the chief financial officer of the Company. Mr. Ip holds a Bachelor degree in Business Administration in Accounting from the The Hong Kong University of Science and Technology. He is a member of The Hong Kong Institute of Certified Public Accountants since 2004. He joined the Company since August 2011. Mr. Ip is responsible for the Group's overall financial reporting and company secretarial functions of the Group. Mr. Ip possesses approximate 10 years of experience in accounting, auditing and corporate field. Mr. Ip worked in an international accounting firm for auditing and Beijing Enterprises Holdings Limited (Stock Code: 392) as an accounting manager. During September 2006 to August 2008, Mr. Ip served as a finance manager and company secretary in a Chinese coal investment company. He was in charge of financial reporting, corporate finance, merger and acquisition and company secretarial matters and he also coordinated the audit work and due diligence work of a transaction in selling the company's interest in three coal mines in Shanxi to Shougang Fushan. He then worked with Shougang Fushan as a senior finance manager from September 2008 to March 2010. During the tenure, he was mainly responsible for the group's financial reporting, project evaluation, regulatory compliance and investors relationship. Prior joining the Group, Mr. Ip has worked for King Stone Energy since April 2010.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT (Continued)

## Mr. Huang Kenian (黃可年)

Mr. Huang, aged 38, has been the vice president of the Company since January 2008, and is responsible for direct investment and corporate finance. Mr. Huang holds a Bachelor degree in Economics from the Finance and Banking Institute of China (中國金融學院) (now University of International Business and Economics (對外經濟貿易大學)). Mr. Huang has over 12 years experience in corporate finance and merge and acquisition field. During the period from November 2003 to October 2009, Mr. Huang served as a vice president of China Coal and Coke Investment Fund L.P. (the "Partnership") and China Coal and Coke Investment Holding Company Limited. He was one of responsible persons in charge of the foundation of the Partnership which established on 4 February 2005. His main responsibilities included due diligence work on target companies, preparation for business development plan and liaison with different professional parties. Mr. Huang involved in the investment in Fortune Dragon in mid of 2005. The Partnership exited its investment in Fortune Dragon in July 2008 with satisfactory return on investment. From January 2005 to July 2008, Mr. Huang worked as a general manager of capital market department in Fortune Dragon. During his tenure with Fortune Dragon, he successfully procured a fund raising exercise of USD160 million through an international bank for the investment of three coal mines in Shanxi in March 2006, led a task force of the initial public offerings of the company during the period from June 2006 to May 2007 and coordinated the deal of selling the company's interest in three coal mines to Shougang Fushan. Between 1998 to 2003, he worked in various companies, including Guofu Investment Management Co., Ltd. (國富投資管理有限公司), Beijing Xintong Media & Cultural Investment Co., Ltd. (北京信通傳之媒文化投資有限公司) and Beijing Jianhao Industrial Co., Ltd. (北京建昊實業有限公司).

## Ms. Huang Yongmei (黃永梅)

Ms. Huang, aged 49, is the chief financial officer of China region. She joined the Group in 2003 and was the deputy general manager of the subsidiaries of the Group in the PRC. She was also responsible for reviewing and checking the periodic financial statements, improving the internal controls of finance system, supervising the daily operations of the finance department, monitoring and allocating the internal resources and communicating with local tax bureaus. Ms. Huang also reviewed the financial position and the feasibility of new projects. Ms. Huang passed the accounting qualification exam under The Examination Committee for High Education Self-Learning of the Xinjiang Uygur Autonomous Region (新疆維吾爾自治區高等教育自學考試委員會) in 1994 and was qualified as a certified accountant in 2002.

From September 1984 to November 2003, Ms. Huang worked in several departments of Hami Chemical Factory (哈密地區南昊化工有限責任公司) (now known as Hami Nanhao Chemical Co., Ltd. (哈密地區化工廠)) as a workshop settlement clerk, an accountant and a chief finance accountant.

## Mr. Li Jianguo (李建國)

Mr. Li, aged 49, joined the Group as deputy manager of procurement and sales in 2002 and then was promoted as procurement and sales manager. He is responsible for the Group's procurement of mining raw materials, chemicals for ore processing, processing facilities and machinery, sales and marketing and customer relationships. Mr. Li graduated from School of Xinjiang Hami Agriculture Mechanics (新疆哈密農業機械化學校) in 1985.

Mr. Li procured chemicals for mining and ore processing on a timely basis, usually once a month. Mr. Li leads the procurement and sales departments and works closely with the production heads of the mines and the ore processing plants to understand the monthly production plan of the mines and the ore processing plants. He will plan for the quantity of chemicals that need to be consumed during the mining and ore processing and then place purchase orders to selected vendors. He also helps on procurement of processing facilities and machinery for the mines and ore processing plants with the production and technical department. Mr. Li is also responsible for the sales and marketing of the nickel concentrates, copper concentrates, lead concentrates and zinc concentrates to the customers. The major customers usually place sales contracts with the Group for terms of one year to five years. Mr. Li solicits with the customers and renew such sales contracts and negotiate terms. The sales department will also arrange the delivery schedule of the concentrates to the designated delivery point as specified by the customers.

### **Mr. Li Xidong (李喜東)**

Mr. Li, aged 40, has been the engineer of the ore processing plants since 2002. He graduated from Xi'an Mining Institute (西安礦業學院) (now known as Xi'an University of Science and Technology (西安科技大學) specialized mineral processing in 1997. Mr. Li has over 14 years of experience in infrastructure design and mineral selection.

During the period from 1997 to 1999, Mr. Li worked in Longnan Chengxian Huangzhuxindu of Gansu Province (甘肅省隴南市成縣黃渚鎮都) and Chengxian Yaxing of Gansu Province (甘肅省成縣亞興) as the supervisor of various ore processing plants. The locations of ore processing plants which shall be in a geological location that would not cause material pollution to the environment and the infrastructure design of the ore processing plants to increase processing capacity. He was also responsible for overseeing and managing the ore processing operations, including the crushing and grading of lump ore and concentrations, as well as separating of various non-ferrous metal concentrates.

Mr. Li is responsible for on-going monitoring and management of the engineering design and mineral selection of Hami Jiatai Concentrator and Hami Jinhua Concentrator. He had been worked on several infrastructure design, construction and installation, reports compiling and mineral selection projects since 2002. In 2004, Mr. Li, with a team of experts, compiled a feasibility study and testing report on copper and nickel concentrates selection of Hami Jiatai Concentrator, which led to the success installation of facilities and implementation of the plan to increase the daily processing capacity to 1,500 tonnes of copper and nickel ore in Hami Jiatai Concentrator in 2005. In 2006, Mr. Li led a team to compile a feasibility study and testing report on lead and zinc concentrates selection of Hami Jinhua Concentrator, which led to the success installation of facilities and implementation of the plan to increase the daily processing capacity to 1,500 tonnes of lead and zinc ore in Hami Jinhua Concentrator in 2006. Mr. Li is also experienced in the installation, tuning and testing of automation systems and is skilled in handling technical problems of mechanical and electrical integration in the ore processing plants.

Leveraging on his expertise in system design, installation of ore processing facilities and tuning and testing of ore processing plant, he will be responsible for the selection of ore processing plants in Project Huangjinmei and the machinery and technical issues and installation of the ore processing plants.

# PROFILES OF DIRECTORS AND SENIOR MANAGEMENT (Continued)

## Mr. Zhang Li (張理)

Mr. Zhang, aged 53, has been the manager of Project No. 20 since June 2006 responsible for the daily operation of Project No. 20. Mr. Zhang has approximately 33 years of experience in mining, mine operation management and safety and environmental protection of mines. Prior joining the Group, Mr. Zhang held several positions in China National Gold Group Corporation JiaPiGou Mining Co., Ltd. (中國黃金集團夾皮溝礦業有限公司), including mining worker, production team leader and the head of safety and environmental protection for the period from 1978 to 2006. In the position of the production zone leader, Mr. Zhang had extensive experience on mining processing of gold ores and on-site supervision of mining production. He was responsible for supervising a team of mining workers on mining techniques, mining quality and the production progress which shall be in line with the scheduled production plan. In the position of the environmental safety team leader, Mr. Zhang was responsible for the compliance of relevant rules and regulations on the environmental protection in the mining areas and the safety measures were well-established and such measures were well-enforced on-site. Mr. Zhang organized regular talks to mining workers on safety issues and a compulsory seminar that was organized for newly joined mining staff.

Leveraging on Mr. Zhang's extensive experience in mining, mine operation management and safety measures of mines, he was responsible for the overall management of Project No. 20 in areas of mining, production, quality control and safety and environmental protection measures.

## Mr. Wang Jin (王勁)

Mr. Wang, aged 50, has been the geology engineer since 2005. Mr. Wang graduated from Party School of the Hami Regional Committee of Chinese Communist Party (中國共產黨哈密地區委員會黨校), specialized in Economic Management, in 2004. He has approximately 28 years of experience in the non-ferrous metal exploration, surveying and mining industry.

From October 1982 to August 1999, Mr. Wang worked in 704 nonferrous geophysical team in Xinjiang Uygur Autonomous Region (新疆有色地質704隊), as assistant geology engineer.

From September 1999 to March 2004, Mr. Wang worked as a technical supervisor of Hami Huangshan copper and nickel mine (哈密黃山銅鎳礦礦山) in Xinjiang Yakesi Mining Co. Ltd. (新疆亞克斯礦業公司).

Started from 2005, Mr. Wang has been engaged by the Group to monitor the progress of various non-ferrous metal mineral exploration projects. Mr. Wang undertook the underground geological surveying and the on-site supervisory work of Project No. 2. He also participated in the detailed geological surveying and reserve analyses, the design of the mining construction and trial production of Project Baiganhu and trial production of Hami Jinhua on concentrator. Currently, Mr. Wang is responsible for Project Huangjinmei.

# REPORT OF THE DIRECTORS

The directors present their report and the audited consolidated financial statements of the Company and its subsidiaries (collectively the “Group”) for the year ended 31 December 2013.

## Corporate Information

The Company was incorporated in the Cayman Islands on 19 February 2010 as an exempted company with limited liability under Companies Law (Cap 22, as amended and revised) of the Cayman Islands in preparation for a listing of the Company’s shares on the Main Board of the Stock Exchange of Hong Kong Limited (the “Stock Exchange”) under the name of Realty Resources (Group) Limited. On 13 May 2010, the Company changed its name to Huili Resources (Group) Limited. The Company issued 250,000,000 ordinary new shares of HK\$0.1 each at a subscription price of HK\$1.7 per share pursuant to the public offering. The Company’s shares including these new shares were listed on the main board of Hong Kong Stock Exchange Limited on 12 January 2012.

## Use of Proceeds from the Company’s Initial Public Offering and Change in Use of Proceeds

Net proceeds received by the Company from the public offering amounted to approximately HK\$400 million. As stated in the section headed “Future Plans and Use of Proceeds — Use of Proceeds” of the Prospectus, approximately HK\$152 million is intended to be used to finance the planned capital expenditure on Project No. 20, Project Baiganhu and Project H-989, approximately HK\$9 million to finance the technical modification on the tailings storage facilities of Hami Jinhua Concentrator, and approximately HK\$16 million to finance the planned capital expenditure on exploration activities.

On 26 March 2013, the Company announced that it has strategically adjusted the schedules of its mining and exploration activities in Hami. As a result, the Company intends to reduce (i) the planned capital expenditure on Project No. 20, Project Baiganhu and Project H-989 by HK\$42 million; (ii) the expenditure on technical modification on the tailings storage facilities of Hami Jinhua Concentrator by HK\$9 million; and (iii) the planned capital expenditure on exploration activities by HK\$9 million. The part of proceeds subject to the aforementioned change, which amounts to HK\$60 million in aggregate or approximately 15% of the said total net proceeds, has been and will be applied, in part, to fund the earnest money in relation to possible processing plant acquisition in the Republic of Ghana and, as to the balance, to finance the Company’s working capital and future potential acquisitions.

As a result of the lapse of the Shaanxi Jiarun Acquisition Agreement, the Company intends to apply the said part of the net proceeds initially allocated for the acquisition of Shaanxi Jiarun (i.e. HK\$119 million or approximately 30% of the said total net proceed) to fund the Company’s working capital and future potential investments.

All unused net proceeds were and are placed in short term deposits with licensed banks in Hong Kong.

# REPORT OF THE DIRECTORS (Continued)

## Principal Activities

The principal activity of the Company is investment holding. The subsidiaries are principally engaged in the mining, ore processing and sales of nickel, copper, lead, zinc and gold products in the People's Republic of China, details of which are set out in note 10 to the consolidated financial statements.

## Results and Dividends

The result of the Group's for the year ended 31 December 2013 are set out in the consolidated statement of comprehensive income on page 46.

The directors of the Company do not recommend the payment of dividend.

## Distributable Reserves

The Company's distributable reserves consist of share premium and retained earnings, if any.

Under the Companies Law of the Cayman Islands, the share premium account is distributable to shareholders if immediately following the date on which the Company proposes to distribute the dividend. The Company will be able to pay its debts as they fall due in the ordinary course of business. As at 31 December 2013, the Company had a reserve balance of RMB346,081,000, representing share premium of RMB416,979,000 net of accumulated losses of RMB70,898,000, available for distribution to the shareholders.

## Summary Financial Information

A summary of the published results and assets, liabilities and non-controlling interests of the Group for the last five financial years is set out on page 108.

## Property, Plant and Equipment

Details of movements in the property, plant and equipment of the Group are set out in note 7 to the consolidated financial statements.

## Share Capital

Details of movements in the Company's share capital are set out in note 18 to the consolidated financial statements.

## Pre-Emptive Rights

There are no provisions for pre-emptive rights under the Company's Articles of Association or the laws of the Cayman Islands which would oblige the Company to offer new Shares on a prorata basis to existing shareholders.

## Purchase, Redemption or Sale of Securities of the Company

Neither the Company, nor any of its subsidiaries purchased, redeemed or sold any of the Company's share during the year ended 31 December 2013.

## Reserves

Details of movements in the reserves of the Company and the Group during the year are set out in notes 18, 19 and 20 to the consolidated financial statements.

## Major Customer and Supplier

In the year under review, there were only one customer and one supplier of the Group. None of the directors of the Company or any of their associates or any shareholders (which, to the best knowledge of the directors, own more than 5% of the Company's issued share capital) had any beneficial interest in the Group's above-mentioned customer and supplier.

## Directors

The directors of the Company during the year and up to the date of this report were:

### Executive directors:

Mr. Wang Dayong (*Chairman*)  
Mr. Wang Feng (*Co-Chairman*) (appointed on 9 September 2013)  
Mr. Lu Qi  
Mr. Zhao Guangsheng  
Mr. Wu Guangsheng  
Mr. Zhao Bochen  
Mr. Ma Boping  
Mr. Sun Zhong (appointed on 25 February 2013)

### Independent non-executive directors:

Mr. Cao Shiping  
Mr. Cao Kuangyu  
Mr. Zhou Mei-Fu (appointed on 8 July 2013)  
Mr. Song Shaohuan (appointed on 1 October 2013)  
Mr. Sin Lik Man (resigned on 1 October 2013)

# REPORT OF THE DIRECTORS (Continued)

In accordance with the Company's articles of association, (i) directors appointed shall hold office until the forthcoming annual general meeting and eligible for re-election and (ii) at each annual general meeting one-third of directors shall retire from office by rotation. Mr. Wang Dayong, Mr. Wang Feng, Mr. Wu Guangsheng, Mr. Zhao Bochen, Mr. Cao Shiping, Mr. Zhou Mei-Fu and Mr. Song Shaohuan will retire and, being eligible, will offer themselves for re-election at the forthcoming annual general meeting.

## Directors' and Senior Management's Biographies

Biographical details of the directors of the Company and the senior management of the Group are set out on pages 15 to 24.

## Directors' Service Contracts

Each of Mr. Lu Qi, Mr. Zhao Guangsheng, Mr. Wu Guangsheng and Mr. Zhao Bochen has entered into a service contract with the Company for a term of three years with effect from their respective dates of appointment unless terminated by not less than three months' notice in writing served by either the executive directors or the Company. Mr. Ma Boping has entered into a service contract with the Company for a term of two years with effect from 1 June 2012 unless terminated by not less than three months' notice in writing served by Mr. Ma or the Company.

Each of Mr. Cao Shiping and Mr. Cao Kuangyu has signed an appointment letter with the Company for a term of three years with effect from their respective dates of appointment.

Apart from the foregoing, no directors proposed for re-election at the forthcoming annual general meeting has a service contract with the Company which is not determinable by the Company within one year without payment of compensation, other than statutory compensation.

## Directors' Interests in Contracts

No director had a material interest, either directly or indirectly, in any contract of significance to the business of the Group to which the Company or any of its subsidiaries was a party during the year.

## Directors' and Chief Executive's Interests and Short Positions in Shares and Underlying Shares

As at 31 December 2013, the following directors or the chief executives of the Company had or were deemed to have interests or short positions in the shares, underlying shares or debentures of the Company and its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance, Chapter 571 of the Laws of Hong Kong ("SFO")) (i) which were required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they were taken or deemed to have under such provision of the SFO); or (ii) which were required, pursuant to section 352 of the SFO, to be entered in the register referred to therein; or (iii) which were required to be notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Companies contained in the Listing Rules.

Name of director	Nature of interest	Total interest in shares	Approximate percentage of the Company's issued share capital
Mr. Wang Dayong (note 1)	Interest in a controlled corporation	280,643,135 (L)	28.06%
Mr. Lu Qi (note 2)	Interest in a controlled corporation	343,008,276 (L)	34.30%

Remarks: (L): Long position

Notes:

1. 280,643,135 shares were held by Sky Circle International Limited which is wholly owned by Mr. Wang Dayong.
2. 343,008,276 shares were held by King Award Limited which is wholly owned by Mr. Lu Qi.

# REPORT OF THE DIRECTORS (Continued)

## Interests in the shares of associated corporations of the Company

Name	Name of associated corporation	Nature of interest	Approximately percentage of interest in the share capital of the associated corporation
Mr. Wang Dayong	Sky Circle International Limited	Beneficial owner	100%
Mr. Lu Qi	King Award Limited	Beneficial owner	100%

Save as disclosed above, as at 31 December 2013, none of the directors and chief executives of the company had or was deemed to have any interests or short positions in the shares, underlying shares or debentures of the Company or its associated corporations (within the meaning of Part XV of the SFO) (i) which were required to be notified to the Company and the Stock Exchange pursuant to Division 7 and 8 of Part XV of the SFO (including interests or short positions which they were taken or deemed to have under such provisions of the SFO); or (ii) which were required, pursuant to section 352 of the SFO, to be entered in the register referred to therein; or (iii) which were required to be notified to the Company and the Stock Exchange pursuant to the Model Code.

## Directors' Interests in a Competing Business

No directors of the Company are considered to have interests in any business which is likely to compete directly or indirectly with that of the Group.

## Share Option Scheme

The Company operates a share option scheme (the "Share Option Scheme") for the purpose of encouraging the eligible participants to work towards enhancing the value of the Company and shareholders as a whole. Eligible participants of the Share Option Scheme include directors, officers, employees and consultants of any member of the Group. The Share Option Scheme became effective on 16 December 2011 and, unless otherwise cancelled or amended, will remain in force for 10 years from that date.

Initially the maximum number of shares which may be issued upon exercise of all share options to be granted under the Share Option Scheme or any other share option schemes adopted by the Company shall not exceed 100,000,000 shares, being 10% of the aggregate of the shares in issue as at the listing date. However the Company may refresh this 10% limit with shareholders' approval provided that each such limit (as refreshed) may not exceed the 10% of the shares in issue as at the date of the shareholders' approval. The total number of shares which may be issued upon exercise of all share options granted and yet to be exercised under the Share Option Scheme or any other share option schemes must not exceed 30% of the shares in issue from time to time.

The maximum number of shares issued and to be issued upon exercise of the share options granted to each participant under the Share Option Scheme in any 12 month period must not exceed 1% of the shares in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders' approval. Each grant of share options to any director, chief executives or substantial shareholder of the Company (or any of their respective associates) shall be subject to the prior approval of the independent non-executive directors (excluding any independent non-executive director who is a proposed grantee of the share options). Where any grant of share options to a substantial shareholder or an independent non-executive director, or any of their respective associates, in excess of 0.1% of the shares in issue or with an aggregate value (based on the closing price of the Company's shares at the date of grant) in excess of HK\$5 million, within any 12 month period, are subject to shareholders' approval in advance in a general meeting.

The amount payable on acceptance of an option is HK\$1.00, which must be paid within 14 days from the date on which the letter containing the offer of option is delivered to that participant. The period within which the share options must be exercised will be specified by the Company at the time of grant. This period must expire no later than 10 years from the relevant date of grant. The Share Option Scheme does not contain the minimum period for which an option must be held before it can be exercised.

The exercise price of the share options is determined by the directors of the Company, but will no less than the higher of (a) the closing price of the shares on the date of grant; (b) the average closing price of the shares for the five business days immediately preceding the date of grant; and (c) the nominal value of a share on the date of grant.

As at the date of this report, the Company has not granted any share option under the Share Option Scheme.

Saved as disclosed above, at no time during the year, the directors and chief executives (including their spouse and children under 18 years of age) had any interest in, or had been granted, or exercised, any rights to subscribe for shares (or warrants or debentures, if applicable) of the Company and its associated corporations required to be disclosed pursuant to the SFO.

## **Contract of Significance**

No contracts of significance in relation to the Group's business in which the Company or any of its subsidiaries was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted during or at the end of the year.

## **Management Contracts**

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

# REPORT OF THE DIRECTORS (Continued)

## Substantial Shareholders' Interests and Short Positions in Shares and Underlying Shares

As at 31 December 2013, the following interests and short positions of 5% or more of the issued share capital and share option of the Company were recorded in the register of interests required to be kept by the Company pursuant to Section 336 of the SFO:

Name	Nature of interest	Total interests in shares	Approximate percentage of the Company's issued share capital
King Award Limited	Beneficial owner (Note 1)	343,008,276 (L)	34.30%
Zhang Jie	Interest of spouse (Note 1)	343,008,276 (L)	34.30%
Sky Circle International Limited	Beneficial owner (Note 2)	280,643,135 (L)	28.06%
Yuan Hong	Interest of spouse (Note 2)	280,643,135 (L)	28.06%
Liu Shao Lin	Beneficial owner	126,348,589 (L)	12.63%
High Inspiring Limited	Beneficial owner (Note 3)	116,348,589 (L) 116,348,589 (S)	11.63% 11.63%
China Construction Bank Corporation	Interest in a controlled corporation (Note 3)	116,348,589 (L) 116,348,589 (S)	11.63% 11.63%
China Railway Group Limited	Interest in a controlled corporation (Note 4)	115,000,000 (L)	11.50%
CRRC Investment Limited	Beneficial owner/Interest in a controlled corporation (Note 4)	115,000,000 (L)	11.50%
Ace Axis Limited	Beneficial owner (Note 4)	70,000,000 (L)	7.00%

Remarks: (L): Long position (S): Short position

Notes:

1. Zhang Jie is the wife of Mr. Lu Qi. Mr. Lu is the legal and beneficial owner of the entire issued share capital of King Award Limited.
2. Yuan Hong is the wife of Mr. Wang Dayong. Mr. Wang is the legal and beneficial owner of the entire issued share capital of Sky Circle International Limited.
3. High Inspiring Limited is indirectly and owned by China Construction Bank Corporation.
4. China Railway Group Limited indirectly owns CRRC Investment Limited, which held 45,000,000 shares and indirectly owns Ace Axis Limited which has a long position of convertible bonds and warrants convertible into 70,000,000 shares.

Save as disclosed above, as at 31 December 2013, the directors were not aware of any other person (other than the directors and the chief executive of the Company) who had, or was deemed to have, interests or short positions in the shares, underlying shares or debentures of the Company or any associated corporations (within the meaning of Part XV of the SFO) which would fall to be disclosed to the Company and the Stock Exchange under the provisions of Division 2 and 3 of Part XV of the SFO.

## Sufficiency of Public Float

Based on information that is publicly available to the Company and within the knowledge of the directors, at least 25% of the Company's total issued share capital was held by the public.

## Events after the Reporting Period

Details of the significant events after the reporting period of the Group are set out in note 38 to the consolidated financial statements.

## Auditors

The financial statements have been audited by PricewaterhouseCoopers who retire and, being eligible, offer themselves for re-appointment.

ON BEHALF OF THE BOARD

**Mr. Wang Dayong**

*Chairman*

Hong Kong, 28 March 2014

# REPORT ON CORPORATE GOVERNANCE

## Introduction

The Company is committed to maintain a high standard of corporate governance and has taken appropriate steps to adopt and comply with the provisions of the Code on Corporate Governance Practices (the “Code”) as set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) during the year.

## Directors’ Securities Transactions

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the “Model code”) as set out in Appendix 10 to the Listing Rules as its own code for dealing in securities of the Company by the directors. Having made specific enquiry of all directors, the directors confirm that they have complied with the required standard as set out in the Model Code during the year.

## Board of Directors

The Board of directors (the “Board”) is principally accountable to the shareholders and is responsible for the leadership and control of the Group including overseeing the Group’s businesses, strategic directions, financial performance, setting objectives and business development plans, and monitoring the performance of the senior management.

The Board, with balance of skills and experience, meets regularly to formulate overall strategy, monitor business development as well as the financial performance of the Group and has formal procedures on matters for consideration and decision. The Board has delegated certain authorities to the senior management for the day-to-day management of the Group’s operation.

The directors have no financial, business, family or other material/relevant relationship among themselves.

The Company has received the annual confirmation of independence from each of the independent non-executive directors as required under Rule 3.13 of the Listing Rules. The Company considers all independent non-executive directors to be independent.

Following the appointment of Mr. Sun Zhong with effective from 25 February 2013, the number of independent non-executive directors of the Company fell below the minimum number required under Rule 3.10A of the Listing Rules. The Company has complied with the relevant rule upon appointment of an additional independent non-executive director, Mr. Zhou Mei-Fu, on 8 July 2013.

## Directors' Attendance Record at Meetings

The attendance of each director at the Board meetings, certain committee meetings and general meetings during the year is as follows:

	Attended/Eligible to attend				
	Board meeting	Audit Committee meeting	Remuneration Committee meeting	Nomination Committee meeting	General meeting
<b>Executive Directors:</b>					
Mr. Wang Dayong (Chairman)	4/4	N/A	N/A	1/1	1/1
Mr. Wang Feng (Co-chairman) (appointed on 9 September 2013)	1/2	N/A	N/A	N/A	0/0
Mr. Lu Qi	4/4	N/A	1/1	N/A	1/1
Mr. Zhao Guangsheng	4/4	N/A	N/A	N/A	1/1
Mr. Wu Guangsheng	4/4	N/A	N/A	N/A	1/1
Mr. Zhao Bochen	2/4	N/A	N/A	N/A	1/1
Mr. Ma Boping	3/4	N/A	N/A	N/A	1/1
Mr. Sun Zhong (appointed on 25 February 2013)	3/3	N/A	N/A	N/A	1/1
<b>Independent Non-Executive Directors:</b>					
Mr. Cao Shiping	4/4	2/2	N/A	N/A	1/1
Mr. Cao Kuangyu	4/4	2/2	1/1	1/1	0/1
Mr. Zhou Mei-Fu (appointed on 8 July 2013)	2/2	N/A	N/A	N/A	0/0
Mr. Song Shaohuan (appointed on 1 October 2013)	0/1	0/0	0/1	0/1	0/0
Mr. Sin Lik Man (resigned on 1 October 2013)	2/3	2/2	0/0	0/0	1/1

## Chairman and Chief Executive Officer

Under provision A2.1 of the Code, the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr. Wang Dayong and Mr. Wang Feng are the Chairman and Co-chairman respectively while Mr. Zhao Guangsheng is the Chief executive officer. The Company has complied with this provision in this regard.

## Terms of Non-Executive Directors

All independent non-executive directors of the Company except for Mr. Zhou Mei-Fu and Mr. Song Shaohuan, both were not appointed for a specific term, were appointed for a term of three years with effect from their respective appointment dates and all of them are subject to retirement by rotation in accordance with the Articles of Association of the Company. The Board considers that sufficient measures were taken to ensure the corporate governance practices of the Company are not less than those in the Code.

# REPORT ON CORPORATE GOVERNANCE (Continued)

## Audit Committee

The Company has established an audit committee (“Audit Committee”) on 16 December 2011 with written terms of reference which are in line with the code provisions set out in the Code. The Audit Committee meets at least twice a year for reviewing the reporting of annual and interim results and other information to the shareholders, and the effectiveness and objectivity of the audit process. Additional meetings may be held by the Audit Committee from time to time to discuss special projects or other issues which the Audit Committee considers necessary. The external auditors of the Company may request a meeting if they consider that one is necessary. The Audit Committee also provides an important link between the Board and the Company’s auditors in matters coming within the scope of its terms of reference and keeps under review the independence and objectivity of the auditors. The Audit Committee currently consists of Mr. Song Shaohuan as chairman and Mr. Cao Shiping and Mr. Cao Kuangyu as members. All of them are independent non-executive directors.

During the year, the Audit Committee reviewed with the management and the Company’s auditors the accounting principles and practices adopted by the Group and discussed auditing, internal control and financial reporting matters including the annual results for the year ended 31 December 2012 and interim results for the six months ended 30 June 2013.

## Remuneration Committee

A remuneration committee (“Remuneration Committee”) of the Group was established on 16 December 2011 with written terms of reference in line with the Code. The responsibilities of the Remuneration Committee include considering and recommending to the Board the Group’s remuneration policy and structure and reviewing and determining the remuneration packages of the directors and senior management. The directors were remunerated with reference to their respective duties and responsibility with the Company, the Company’s performance and current market situation. Details of remunerations of the directors for the year are disclosed in note 32 to the financial statements.

The Remuneration Committee currently comprises two independent non-executive directors, Mr. Cao Kuangyu as chairman and Mr. Song Shaohuan, and one executive director, Mr. Lu Qi. The Remuneration Committee held one meeting during the year to review the existing remuneration policy and structure of the Company.

## Nomination Committee

A nomination committee (“Nomination Committee”) of the Group was established on 16 March 2011 with written terms of reference in line with the Code. The responsibilities of the Nomination Committee include: (i) review and recommend the structure, size, composition and skills mix of the Board at least annually; (ii) identify and nominate candidates to fill casual vacancies of directors for the Board’s approval; (iii) assess the independence of independent non-executive directors; (iv) make recommendations to the Board on relevant matters relating to the appointment or re-appointment of directors and succession planning for directors in particular the chairman of the Board and the chief executives.

The Nomination Committee currently comprises one executive director, Mr. Wang Dayong as chairman, and two independent non-executive directors, Mr. Cao Kuangyu and Mr. Song Shaohuan. The Nomination Committee held one meeting during the year to review the Board composition.

## Accountability and Audit

### Directors' Responsibilities for the Financial Statements

The directors are responsible for the preparation of the financial statements for each financial period which give a true and fair view of the state of affairs of the Group and of the results and cash flows for that period. In preparing the financial statements for the year ended 31 December 2013, the directors have selected suitable accounting policies and applied them consistently, made judgments and estimates that are prudent, fair and reasonable and prepared the financial statements on a going concern basis. The directors are also responsible for keeping proper accounting records with reasonable accuracy for safeguarding the assets of the Group and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

There are no material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

The Board has not taken any different view from that of the Audit Committee regarding the selection, appointment, resignation or dismissal of external auditors.

### Auditors' Responsibilities and Remuneration

An analysis of remuneration in respect of services provided by the auditor, PricewaterhouseCoopers, of the Group is as follows.

	RMB'000
Annual audit services	1,080
Agreed-upon procedures on preliminary result announcement	20
	1,100

The statement of the auditor of the Company regarding their reporting responsibilities is set out in the Independent Auditor's Report on pages 41 to 42.

# REPORT ON CORPORATE GOVERNANCE (Continued)

## Internal Control

During the year, the Company has adopted and reviewed the effectiveness of the Group's internal control procedures which include the policies, procedures, monitoring and communication activities and standard of behavior established for safeguarding the interests of the shareholders of the Company. The system of internal control aims to help achieving the Group's business objectives, safeguarding assets and maintaining proper accounting records for provision of reliable financial information. However, the design of the system is to provide reasonable, but not absolute, assurance against material misstatement in the financial statements or loss of assets and to manage, rather than eliminate, the risks of failure when business objectives are being sought.

In order to further strengthen the internal control system of the Group, the following measures are adopted:

- established three internal compliance officers, (i) Mr. Lu Qi, executive director; (ii) Mr. Zhao Guangsheng, executive director and Chief Executive Officer; and (iii) Mr. Ip Wing Wai, company secretary and chief financial officer, who will report to the Board directly on a monthly basis to ensure that operations of the Group are in compliance with applicable laws, rules and regulations, to strengthen the existing internal control framework and to recommend remedial plans to the Board should there be any internal control deficiencies;
- engaged a PRC legal advisor to provide advice to the Board and the designated compliance officers on an ongoing basis in respect of all relevant PRC laws and regulations, including changes to such laws and regulations, which may affect business operations of the Group in the PRC; and
- appointed China Everbright Capital Limited as the compliance advisor to advise on ongoing compliance with Listing Rules issues and other applicable securities laws and regulations in Hong Kong, details of which are set out in the section "Compliance Adviser" below.

Based on its assessment which covers all material controls including financial, operational and compliance controls and risk management functions, the Board believes that for the year ended 31 December 2013, the Company's internal control is effective. The Board is satisfied that there are adequate resources of staff with appropriate qualifications and experience in its accounting and financial reporting team and that sufficient training and budget have been provided.

## Compliance Advisor

The Company has appointed China Everbright Capital Limited on 12 January 2012 as the compliance adviser pursuant to Rule 3A.19 of the Listing Rules to provide advisory services to the Company pursuant to the requirements thereunder. It is expected that China Everbright Capital Limited will, amongst other things, provide advice to the Company with due care and skill on a timely basis in the following circumstances:

- before the publication by the Company of any regulatory announcement (whether required by the Listing Rules or requested by the Stock Exchange or otherwise), circular or financial report;
- where a transaction, which might be a notifiable or connected transaction under Chapter 14 or 14A of the Listing Rules, is contemplated by the Company including share issues and share repurchases;
- where the Company proposes to use the proceeds of the initial public offering in a manner different from that detailed in the prospectus or where the Group's business activities, developments or results of operation deviate from any forecast, estimate or other information in the prospectus;
- where the Stock Exchange makes an inquiry of the Company under Rule 13.10 of the Listing Rules;
- if required by the Stock Exchange, deal with the Stock Exchange in respect of any or all matters listed in the foregoing paragraph above;
- in relation to an application by the Company for a waiver from any of the requirements in Chapter 14A of the Listing Rules, advise the Company on its obligations and in particular the requirement to appoint an independent financial advisor; and
- assess the understanding of all new appointees to the Board regarding the nature of their responsibilities and fiduciary duties as a director of a listed issuer, and, to the extent to compliance advisor forms an opinion that the new appointees' understanding is inadequate, discuss the inadequacies with the Board and make recommendations to the Board regarding appropriate remedial steps such as training.

## Directors' training

Each newly appointed director has received comprehensive, formal and tailored induction on the first occasion of his appointment, so as to ensure that he has appropriate understanding of the business and operations of the Group and that he is fully aware of his responsibilities and obligations under the Listing Rules and relevant regulatory requirements. There are also arrangements in place for providing continuing briefing and professional development to directors at the Company's expenses whenever necessary. In-house briefings on the Listing Rules updates were organized for all directors during the year.

# REPORT ON CORPORATE GOVERNANCE (Continued)

## Shareholders' Rights

The Board is endeavour to maintain an on-going dialogue with shareholders. The Company encourages the shareholders to attend the general meetings and the Chairmen of the Board and the board committees should attend the annual general meeting to answer questions.

Shareholders should direct their enquiries about their shareholdings to the Company's share registrar, Tricor Investor Services Limited. For any enquiries to the Board, shareholders may send written enquiries to the Company, for the attention of company secretary, by email to [enquiry@huili.hk](mailto:enquiry@huili.hk), fax to (852) 2840 0470 or mail to 3rd Floor of No. 8 Queen's Road Central, Hong Kong.

In accordance with the requirements and procedures set out in the Articles of Association of the Company, any one or more shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the company secretary of the Company, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition. If within twenty one days of such deposit the Board fails to proceed to convene such meeting the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to the requisitionist(s) by the Company. A shareholder who wishes to propose a resolution to be considered at a general meeting must requisition the convening of a general meeting in accordance with the Company's Articles of Association. The objects of the meeting must be stated in the written requisition, which must be signed by the requisitionists and deposited for the attention of the company secretary at the address stated above.

## Investor Relations

The Company believes in regular and timely communication with shareholders as part of its efforts to help shareholders understand its business better and the way the Company operates. To promote effective communication with the public, the Company maintains a website ([www.huili.hk](http://www.huili.hk)) on which comprehensive information about the Company's major businesses, press releases, notices, financial information, announcements, annual and interim reports and shareholders circulars are being made available.

There was no significant change in the Company's constitutional documents during the year ended 31 December 2013.

# INDEPENDENT AUDITOR'S REPORT

羅兵咸永道

## To the shareholders of Huili Resources (Group) Limited

(incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of Huili Resources (Group) Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 43 to 107 which comprise the consolidated and company balance sheets as at 31 December 2013, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

## Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk

# INDEPENDENT AUDITOR'S REPORT (Continued)

assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2013, and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 1 General Information and Reorganization

### 1.1 General information

Huili Resources (Group) Limited (“the Company”) was incorporated in the Cayman Islands on 19 February 2010 as an exempted company with limited liability under Companies Law (Cap 22, as amended and revised) of the Cayman Islands in preparation for a listing of the Company’s shares on the Main Board of the Stock Exchange of Hong Kong Limited (the “Listing”) under the name of Realty Resources (Group) Limited. On 13 May 2010, the Company changed its name to Huili Resources (Group) Limited. The Company’s shares were listed on the Main Board of the Stock Exchange of Hong Kong Limited on 12 January 2012.

The Company is an investment holding company and its subsidiaries (collectively the “Group”) are principally engaged in the mining, ore processing and sales of nickel, copper, lead, zinc and gold products in the People’s Republic of China (the “PRC”). The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands.

The financial statements are presented in Renminbi (“RMB”), unless otherwise stated.

These financial statements have been approved for issue by the Board of directors on 28 March 2014.

### 1.2 The Reorganization

Prior to the incorporation of the Company and the completion of the Reorganization (as defined below), the operating companies, incorporated in the PRC, namely 哈密市錦華礦產資源開發有限責任公司 (Hami Jinhua Mineral Resource Exploiture Limited) (“Hami Jinhua”) and 哈密市佳泰礦業資源開發有限責任公司 (Hami Jiatai Mineral Resource Exploiture Limited) (“Hami Jiatai”) were held by Realty Investment (Group) Limited (“Realty Investment”). Realty Investment was held by Right Source International Limited (“Right Source”) and Fortune In Investments Limited (“Fortune In”), both incorporated in the British Virgin Islands (“BVI”), with effective equity interests of 55% and 45% respectively. Right Source was 100% owned by Mr. Lu Qi, and Fortune In was held by Sky Circle and First Arrival Investments Limited (“First Arrival”), a company incorporated in the BVI, with effective equity interests of 65% and 35% respectively. Sky Circle and First Arrival were 100% owned by Mr. Wang Dayong.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 1 General Information and Reorganization (Continued)

### 1.2 The Reorganization (Continued)

In preparation for the Listing, the Company underwent a group reorganization (the "Reorganization"), pursuant to which the companies comprising the Group were transferred to the Company. The Reorganization mainly involved the following:

- (i) On 4 January 2010, King Award was established in the BVI and one share of US\$1.00 in the share capital of King Award was allotted and issued to Mr. Lu Qi on 3 February 2010;
- (ii) On 19 February 2010, the Company was incorporated in the Cayman Islands with one subscriber share of HK\$0.10 in the share capital of the Company, which was transferred to Sky Circle on the same date;
- (iii) On 23 March 2010, First Arrival transferred its 35% shareholding in Fortune In to Sky Circle at nil consideration;
- (iv) On 24 March 2010, Mr. Lu Qi transferred the entire issued share capital of Right Source to the Company and released Sky Circle from its obligation to repay a RMB45 million loan, and against Sky Circle assigning the benefit of the loan (due to it from Fortune In) in the amount of RMB45 million (as outlined in paragraph (v) below), the Company issued 5,500 shares of HK\$0.10 to King Award for the amount of HK\$50,329,753 (being the amount of HK\$50.35 million (representing the HK\$ equivalent of RMB45 million) plus the unaudited shareholder's deficit of Right Source of HK\$(20,247)) and King Award issued one new share at an amount equal to HK\$50,329,753 to Mr. Lu Qi;
- (v) On 24 March 2010, Sky Circle transferred the entire issued share capital of Fortune In and assigned a RMB90 million loan (a part of it is the RMB45 million loan referred to in paragraph (iv) above and the remaining of it was lent by Mr. Wang Dayong through Sky Circle to Fortune In) to the Company and, in consideration therefore (i) the Company issued 4,499 shares of HK\$0.10 for the amount of HK\$50,333,118 (being the amount of HK\$50.35 million (representing the HK\$ equivalent of RMB45 million) plus the unaudited shareholder's deficit of Fortune In of HK\$(16,882)) to Sky Circle (and such 4,499 shares, together with the one share that Sky Circle already held (as referred to in paragraph (ii) above), represented 45% of the then enlarged share capital); and (ii) the Company (at the direction of Sky Circle) issued 5,500 shares to King Award as referred to in paragraph (iv) above.

Upon completion of the Reorganization, the Company became the holding company of the Group.

- (vi) On 18 May 2010, the Company increased its authorized share capital to HK\$500,000,000 divided into 5,000,000,000 ordinary shares of HK\$0.10 each. The Company capitalized an amount of HK\$71,249,000 (equivalent to RMB62,692,000) of its share premium and issued, on a pro rata basis, 391,869,500 shares to King Award and 320,620,500 Shares to Sky Circle on the same day.

## 2 Basis of Presentation

In light of the fact that the Company obtained control of the companies comprising the Group by issuing its own shares in exchange for shares of Right Source and Fortune In; the assets and liabilities of the companies comprising the Group are the same immediately before and after the Reorganization; and the ultimate shareholders before the Reorganization have the same absolute and relative interests in the net assets of the companies comprising the Group immediately before and after the Reorganization, the financial statements are presented using predecessor value accounting in a manner similar to the uniting of interests method. Under predecessor value accounting, the financial statements consolidate the results and the carrying amounts of assets and liabilities of the companies comprising the Group as if the Group had always been existed. A single uniform set of accounting policies is adopted by all group companies.

In the Company's balance sheet, the deemed cost of investment in subsidiaries recognized upon the Reorganization is the existing book values of net assets of the group companies comprising the Group as at the date of Reorganization.

Inter-company transactions, balances and unrealised gains or losses on transactions between group companies have been eliminated upon consolidation.

## 3 Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied for each of the years ended 31 December 2012 and 2013, unless otherwise stated.

### 3.1 Basis of preparation

The consolidated financial statements of the Company have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS") and under the historical cost convention, as modified by the revaluation of derivative financial instruments at fair value through profit or loss.

The preparation of financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies.

#### 3.1.1 Changes in accounting policy and disclosures

- (a) New and amended standards, and interpretations mandatory for the first time for the financial year beginning 1 January 2013 but are not currently relevant to the Group (although they may affect the accounting for future transactions and events).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.1 Basis of preparation (Continued)

#### 3.1.1 Changes in accounting policy and disclosures (Continued)

(a) (Continued)

Amendment to HKAS 1, "Financial statement presentation" regarding other comprehensive income. The main change resulting from these amendments is a requirement for entities to group items presented in 'other comprehensive income' (OCI) on the basis of whether they are potentially reclassifiable to profit or loss subsequently (reclassification adjustments).

Amendment to HKFRS 1, "First time adoption" on government loans addresses how a first-time adopter would account for a government loan with a below-market rate of interest when transitioning to HKFRS. It also adds an exception to the retrospective application of HKFRS, which provides the same relief to first-time adopters granted to existing preparers of HKFRS financial statements when the requirement was incorporated into HKAS 20 in 2008.

Amendment to HKFRSs 10, 11 and 12 on transition guidance provide additional transition relief to HKFRSs 10, 11 and 12, limiting the requirement to provide adjusted comparative information to only the preceding comparative period. For disclosures related to unconsolidated structured entities, the amendments will remove the requirement to present comparative information for periods before HKFRS 12 is first applied.

Annual improvements 2011, these annual improvements address six issues in the 2009-2011 reporting cycle. It includes changes to:

- HKFRS 1, 'First time adoption'
- HKAS 1, 'Financial statement presentation'
- HKAS 16, 'Property plant and equipment'
- HKAS 32, 'Financial instruments; Presentation'
- HKAS 34, 'Interim financial reporting'

HKFRS 10, "Consolidated financial statements" builds on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess.

HKAS 27 (revised 2011), "Separate financial statements" includes the provisions on separate financial statements that are left after the control provisions of HKAS 27 have been included in the new HKFRS 10.

### 3 Summary of Significant Accounting Policies (Continued)

#### 3.1 Basis of preparation (Continued)

##### 3.1.1 Changes in accounting policy and disclosures (Continued)

(a) (Continued)

HKFRS 11, “Joint arrangements” focuses on the rights and obligations of the parties to the arrangement rather than its legal form. There are two types of joint arrangements: joint operations and joint ventures. Joint operations arise where the investors have rights to the assets and obligations for the liabilities of an arrangement. A joint operator accounts for its share of the assets, liabilities, revenue and expenses. Joint ventures arise where the investors have rights to the net assets of the arrangement; joint ventures are accounted for under the equity method. Proportional consolidation of joint arrangements is no longer permitted.

HKAS 28 (revised 2011), “Associates and Joint ventures” includes the requirements for joint ventures, as well as associates, to be equity accounted following the issue of HKFRS 11.

HKFRS 12, “Disclosures of interests in other entities” includes the disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, structured entities and other off balance sheet vehicles.

HKFRS 13, “Fair value measurement” aims to improve consistency and reduce complexity by providing a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. The requirements, which are largely aligned between HKFRSs and US GAAP, do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within HKFRSs.

Amendment to HKAS 19, “Employee benefits” was revised in June 2011. The changes on the group’s accounting policies has been as follows: to immediately recognise all past service costs; and to replace interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability (asset).

Amendment to HKFRS 7, “Financial instruments: Disclosures”, on asset and liability offsetting. The amendments require new disclosure requirements which focus on quantitative information about recognised financial instruments that are offset in the statement of financial position, as well as those recognised financial instruments that are subject to master netting or similar arrangements irrespective of whether they are offset.

HK(IFRIC)-Int 20, “Stripping costs in the production phase of a surface mine” sets out the accounting for overburden waste removal (stripping) costs that are incurred in surface mining activity during the production phase of a mine. The interpretation may require mining entities reporting under HKFRS to write off existing stripping assets to opening retained earnings if the assets cannot be attributed to an identifiable components of an ore body.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.1 Basis of preparation (Continued)

#### 3.1.1 Changes in accounting policy and disclosures (Continued)

- (b) New standards, amendments and interpretations have been issued but are not effective for the financial year beginning 1 January 2014 and have not been early adopted.

	<b>Applicable for accounting periods beginning on/after</b>
Amendment to HKAS 32 “Financial instruments: Presentation” on asset and liability offsetting	1 January 2014
Amendments to HKFRS 10, 12 and HKAS 27 “Consolidation for investment entities”	1 January 2014
Amendment to HKAS 36, “Impairment of assets” on recoverable amount disclosures	1 January 2014
Amendment to HKAS 39 “Financial Instruments: Recognition and Measurement” — “Novation of derivatives”	1 January 2014
HK(IFRIC) 21 “Levies”	1 January 2014
Amendment to HKAS 19 regarding defined benefit plans	1 July 2014
Annual improvements 2012	
— HKFRS 2, “Share-based payment”	1 July 2014
— HKFRS 3, “Business combinations” and consequential amendments to HKFRS 9, “Financial instruments”, HKAS 37, “Provisions, contingent liabilities and contingent assets”, and HKAS 39, “Financial instruments — Recognition and measurement”	1 July 2014
— HKFRS 8, “Operating segments”	1 July 2014
— HKAS 16, “Property, plant and equipment” and HKAS 38, “Intangible assets”	1 July 2014
— HKAS 24, “Related Party Disclosures”	1 July 2014
Annual improvements 2013	
— HKFRS 3, “Business combinations”	1 July 2014
— HKFRS 13, “Fair value measurement”	1 July 2014
— HKAS 40, “Investment property”	1 July 2014
— HKFRS 9 “Financial Instruments”	1 January 2015

The Group will adopt the above new or revised standards, amendments and interpretations to existing standards as and when they become effective. The Group has already commenced the assessment of the impact to the Group and is not yet in a position to state whether these would have a significant impact on its results of operations and financial position.

### 3 Summary of Significant Accounting Policies (Continued)

#### 3.2 Subsidiaries

##### 3.2.1 Consolidation

A subsidiary is an entity (including a structured entity) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

##### (a) *Business combinations*

The Group applies the acquisition method to account for business combinations except for the Reorganization. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets.

Acquisition-related costs are expensed as incurred.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the consolidated statement of comprehensive income.

Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. When necessary, amounts reported by subsidiaries have been adjusted to conform with the group's accounting policies.

##### (b) *Changes in ownership interests in subsidiaries without change of control*

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions — that is, as transactions with the owners in their capacity as owners. The carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in subsidiaries. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.2 Subsidiaries (Continued)

#### 3.2.2 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

### 3.3 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker ("CODM"). CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Company's Board of directors that makes strategic decisions.

### 3.4 Foreign currency translation

#### (a) Functional and presentation currency

Items included in the financial statements of each of the group entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Renminbi, which is the Company's functional and Group's presentation currency.

#### (b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in consolidated statement of comprehensive income, except when deferred in equity as qualifying cash flow hedges or qualifying net investment hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in consolidated statement of comprehensive income within "finance cost — net". All other foreign exchange gains and losses are presented in consolidated statement of comprehensive income within "other (losses)/gains — net".

Translation differences on non-monetary financial assets and liabilities such as equities held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss. Translation differences on non-monetary financial assets, such as equities classified as available for sale, are included in consolidated statement of comprehensive income.

### 3 Summary of Significant Accounting Policies (Continued)

#### 3.4 Foreign currency translation (Continued)

##### (c) Group companies

The results and financial position of all group entities (none of which has the currency of a hyper-inflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- (ii) income and expenses for each consolidated statement of comprehensive income are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised as other comprehensive income.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Currency translation differences arising are recognised in other comprehensive income.

#### 3.5 Property, plant and equipment

Property, plant and equipment, other than construction in progress, are stated at historical cost less accumulated depreciation and accumulated impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to consolidated statement of comprehensive income during the financial period in which they are incurred.

Depreciation of buildings, machinery and equipment, office equipment and others, and motor vehicles is calculated using the straight-line method to allocate their costs to their residual values over their estimated useful lives, as follows:

Buildings	20 years
Machinery and equipment	10 years
Office equipment and others	3 to 7 years
Motor vehicles	4 to 6 years

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.5 Property, plant and equipment (Continued)

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

Mining structures comprise the main and auxiliary mine shafts and underground tunnels. Depreciation of mining structures is provided to write off the cost of the mining structure using the unit-of-production method. Unit-of-production rate is based on reserves estimated to be recovered from existing facilities using current operating methods.

Construction in progress represents mining structure on which construction work has not been completed. It is carried at cost which includes construction expenditures and other direct costs less any impairment losses. On completion, construction in progress is transferred to the appropriate categories of property, plant and equipment at cost. No depreciation is provided for construction in progress until they are completed and available for use.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 3.9).

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within "Other (losses)/gains — net" in the consolidated statement of comprehensive income.

### 3.6 Goodwill

Goodwill arises on the acquisition of subsidiaries and represents the excess of the consideration transferred over the Group's interest in net fair value of the net identifiable assets, liabilities of the acquiree and the fair value of the non-controlling interest in the acquiree.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units ("CGUs"), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at the operating segment level.

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense and is not subsequently reversed.

### 3 Summary of Significant Accounting Policies (Continued)

#### 3.7 Land use rights

Land use rights are stated at cost less accumulated amortisation and impairment losses. Cost represents consideration paid for the rights to use the land and expenditure that is directly attributable to the acquisition. Amortisation of land use rights is calculated on a straight-line basis over its useful lives.

#### 3.8 Mining rights and exploration rights

Mining rights are stated at cost less accumulated amortisation and any impairment losses. Amortisation of mining rights is calculated to write off the cost less accumulated impairment losses over useful lives of the mines in accordance with the production plans and proved reserves of the mines on the unit-of-production method.

Exploration rights are stated at cost less impairment losses if any. When it can be reasonably ascertained that exploration rights are capable of commercial production, exploration rights are transferred to mining rights which are subject to amortisation using unit-of-production method.

#### 3.9 Impairment of non-financial assets

Assets that have an indefinite useful life, for example goodwill, are not subject to amortisation and are tested annually for impairment. Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

#### 3.10 Financial assets

##### 3.10.1 Classification

The Group's financial assets are loans and receivables. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. Loans and receivables comprise "trade receivables" and "other receivables", and "cash and cash equivalents" in the balance sheets (note 3.13 and note 3.14).

##### 3.10.2 Recognition and measurement

Regular way purchases and sales of financial assets are recognised on the trade-date — the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.10 Financial assets (Continued)

#### 3.10.3 Impairment of financial assets

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a “loss event”) and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or a group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation, and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For loans and receivables category, the amount of the loss is measured as the difference between the asset’s carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset’s original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the consolidated statement of comprehensive income. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Group may measure impairment on the basis of an instrument’s fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor’s credit rating), the reversal of the previously recognised impairment loss is recognised in the consolidated statement of comprehensive income.

### 3.11 Derivative financial instruments

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Fair values are obtained from quoted market prices in active markets, including recent market transactions, and valuation techniques, including discounted cash flow models and options pricing models, as appropriate.

For derivative financial instruments which do not qualify for hedge accounting, changes in fair value are recognised immediately in profit or loss.

### 3 Summary of Significant Accounting Policies (Continued)

#### 3.12 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of finished goods and semi-finished goods comprises raw materials, direct labour, other direct costs and related production overheads. It excludes borrowing costs. The amount of fixed overhead allocated to each unit of production is based on normal operating capacity. Unallocated overheads resulted from low production or idle plant are recognised as cost of sales in the period in which they are incurred. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

#### 3.13 Trade and other receivables

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

#### 3.14 Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

#### 3.15 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### 3.16 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.17 Borrowings and borrowing costs

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in consolidated statements of comprehensive income over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

The loans from shareholders, which are interest-free and repayable under the control of the Group, are accounted for as quasi-equity loans and classified as equity.

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### 3.18 Convertible bonds

Convertible bonds denominated in the functional currency of the issuing entity are accounted for as compound instruments. The equity components and the liability components are separated out on the date of the issue. The equity component is recognised in a separate reserve and is not subsequently remeasured. The liability component is held at amortised cost. The interest expense on the liability component is calculated by applying the effective interest rate, being the prevailing market interest rate for similar non-convertible debt. The difference between this amount and interest paid is added to the carrying amount of the liability component.

Convertible bonds not denominated in the functional currency of the issuing entity are split into two components: a debt component and a component representing the embedded derivative in the convertible bonds. The debt component represents a liability for future coupon payments and the redemption on the principal amount. The embedded derivatives, financial liability, represent the value of the option that bondholders have to convert into ordinary shares. At inception the embedded derivative is recorded at fair value and the remaining balance, after deducting a share of issue costs is recorded as the debt component. Subsequently, the debt component is measured at amortised cost and the embedded derivative is measured at fair value at each balance sheet dates with the change in the fair value recognised in the consolidated statement of comprehensive income.

### 3 Summary of Significant Accounting Policies (Continued)

#### 3.19 Current and deferred income tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the consolidated statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

##### (a) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company's subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

##### (b) Deferred income tax

###### *Inside basis differences*

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

###### *Outside basis differences*

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

##### (c) Offsetting

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.20 Employee benefits

#### (a) Pension obligations

The full-time employees of the Group are covered by various government-sponsored defined-contribution pension plans under which the employees are entitled to a monthly pension based on certain formulas. The relevant government agencies are responsible for the pension liability to these retired employees. The Group contributes on a monthly basis to these pension plans. Under these plans, the Group has no obligation for post-retirement benefits beyond the contributions made. Contributions to these plans are expensed as incurred.

#### (b) Housing benefits

The full-time employees of the Group are entitled to participate in various government-sponsored housing funds. The Group contributes on a monthly basis to these funds based on certain percentages of salaries of the employees. The Group's liability in respect of these funds is limited to the contributions payable in each period.

### 3.21 Provisions

Provisions for environmental restoration, restructuring costs and legal claims are recognised when: the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax interest rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

### 3.22 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable, and represents amounts receivable for goods supplied, stated net of discounts returns and value added taxes.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below. The amount of revenue is not considered to be reliably measurable until all contingencies relating to the sale have been resolved. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

### 3 Summary of Significant Accounting Policies (Continued)

#### 3.22 Revenue recognition (Continued)

##### (a) Sales of goods

Sales of goods are recognised when a Group entity has delivered products and transferred the significant risks and rewards of ownership of the product to the customer; the customer has accepted the products and collectability of the related receivables is reasonably assured.

#### 3.23 Interest income

Interest income is recognised using the effective interest method. When a loan and receivable is impaired, the Group reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at the original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loan and receivables are recognised using the original effective interest rate.

#### 3.24 Operating leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to consolidated statement of comprehensive income on a straight-line basis over the period of the lease.

#### 3.25 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's and Company's financial statements in the period in which the dividends are approved by the Company's shareholders or directors, where appropriate.

#### 3.26 Exploration and evaluation expenditure

Exploration and evaluation expenditure comprises costs which are directly attributable to: researching and analysing existing exploration data; conducting geological studies, exploratory drilling and sampling; examining and testing extraction and treatment methods; and compiling pre-feasibility and feasibility studies. Exploration and evaluation expenditure also includes the costs incurred in the entry premiums paid to gain access to areas of interest and amounts payable to third parties to acquire interests in existing projects.

During the initial stage of a project, exploration and evaluation costs are expensed as incurred. Expenditure on a project after it has reached a stage at which there is a high degree of confidence in its viability is capitalised as property, plant and equipment if the project proceeds. If a project does not prove viable, all irrecoverable costs associated with the project are expensed in consolidated statement of comprehensive income.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 3 Summary of Significant Accounting Policies (Continued)

### 3.27 Contingent liability

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, they will then be recognised as a provision.

## 4 Financial Risk Management

### 4.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, commodity price risk, interest rate risk), credit risk and liquidity risk. The Group historically has not used derivative instruments for hedging or trading purposes.

#### (a) Market risk

##### (i) Foreign exchange risk

The Group mainly operates in the PRC and Hong Kong and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to Hong Kong dollars. Foreign exchange risk arises from recognised assets and liabilities in foreign operations. The Group does not hedge against any fluctuation in foreign currency.

At 31 December 2013, if RMB had weakened/strengthened by 1% against Hong Kong dollar with all other variables held constant, loss for the year would have been approximately RMB1,328,000 (2012: RMB2,246,000) higher/lower, mainly as a result of foreign exchange gains/losses on translation of Hong Kong dollars denominated cash and borrowings.

##### (ii) Commodity price risk

The Group is principally engaged in the mining, ore processing and sales of nickel, copper, lead, zinc, gold and other non-ferrous metal products. Non-ferrous metal markets are influenced by global as well as regional supply and demand conditions. A decline in prices of non-ferrous metal could adversely affect the Group's financial performance.

##### (iii) Interest rate risk

The Group's interest rate risk arises from bank deposits and bank borrowings which are bearing floating interest rates. Floating interest rates cause the Group cash flow interest rate risk. For the year ended 31 December 2013, management of the Group is of the opinion that relevant risk was not material to the Group as all the borrowings are bearing fixed interest rate.

## 4 Financial Risk Management (Continued)

### 4.1 Financial risk factors (Continued)

#### (b) Credit risk

The carrying amounts of deposits and receivables included in the consolidated balance sheet represent the Group's maximum exposure to credit risk in relation to its financial assets. Management of the Group is of the opinion that adequate provision for uncollectible accounts receivable and other receivables has been made as at 31 December 2012 and 2013 after considering the Group's historical experience in collection of accounts receivable and other receivables.

#### (c) Liquidity risk

The Group obtained funds through initial public offering of the Company's shares, borrowings from financial institutions and issuing of convertible bonds.

The table below analyses the Group's financial liabilities that will be settled into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

#### *The Group*

	<b>Less than 1 year</b> RMB'000	<b>Between 1 and 2 years</b> RMB'000	<b>Between 2 and 5 years</b> RMB'000	<b>Over 5 years</b> RMB'000

<b>At 31 December 2012</b>				
Other payables	3,908	—	—	—
Borrowings	31,476	—	—	—

#### (d) Concentration risk

Revenue of the Group is principally derived from three non-ferrous metal mines. Any disruption to the operations of these mines may have a material adverse impact on the results of operations and the financial position of the Group.

The sales of the Group in general are concentrated on a few major customers. In the event that these major customers terminate the business relationship with the Group and the Group fails to find new customers, it may have a material adverse impact on the Group's financial position and results of operations.

For the year ended 31 December 2013, all the revenues of the Group were derived from one single customer (2012: one). These revenues were mainly attributable to copper metal products.

### 4.2 Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non-current borrowings as shown in the consolidated balance sheet) less cash and cash equivalents. Total capital is calculated as "equity", as shown in the consolidated balance sheet plus net debt. The borrowings as at 31 December 2012 and 2013 were less than cash and cash equivalents. Accordingly management of the Group considers the relevant risk is not significant.

## 4 Financial Risk Management (Continued)

### 4.3 Fair value estimate

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

There were no financial assets and liabilities carried at fair value at 31 December 2012 and the following table presents the Group's financial assets and liabilities that are measured at fair value at 31 December 2013.

	<b>Level 1</b> RMB'000	<b>Level 2</b> RMB'000	<b>Level 3</b> RMB'000	<b>Total</b> RMB'000
Financial liabilities at fair value through profit or loss				
— derivative financial instruments	—	—	19,098	19,098

The following table presents the changes in level 3 instruments for the year ended 31 December 2013.

	<b>Derivative financial instruments</b> RMB'000
Opening balance	—
Additions (note 23)	12,407
Losses recognised in profit or loss (note 28)	6,691
Closing balance (note 24)	19,098
Total losses for the period included in profit or loss for derivative financial instruments at the end of the year	6,691

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 5 Critical Accounting Estimates and Judgements

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

### (a) Carrying value of non-current assets

The Group tests whether property, plant and equipment, land use rights and mining rights have been impaired due to events or changes in circumstances indicate that the carrying amount of the asset exceeds its recoverable amount, in accordance with accounting policies stated in note 3.9.

As at 31 December 2013, there was no impairment for property, plant and equipment, land use rights and mining rights. The recoverable amounts of different cash generating units to which the property, plant and equipment, land use rights and mining rights belong, have been determined based on value-in-use calculations using cash flow projections, based on financial budgets approved by management covering a five-year period and management's assumptions and estimates including forecast of selling price of nickel, copper, lead, zinc and gold, discount rates and inflation rate. Cash flows beyond the five-year period are assumed to be equal to the cash flow of year 2018 for cash generating units. The discount rates used in cash flow projections varied with different cash generating units.

### (b) Useful lives of property, plant and equipment

The Group's management determines the estimated useful lives and related depreciation charges for its property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. It could change significantly as a result of technical innovations and competitor actions in response to severe industry cycles. Management will increase the depreciation charges where useful lives are less than previously estimated lives, or it will write off or write down technically obsolete or non-strategic assets that have been abandoned or sold.

### (c) Mineral reserves

Engineering estimates of the Group's mineral reserves are inherently imprecise and represent only approximate amounts because of the subjective judgements involved in developing such information.

There are authoritative guidelines regarding the engineering criteria that have to be met before estimated mineral reserves can be designated as "proved" and "probable". Proved and probable mineral reserve estimates are updated at regular basis and have taken into account recent production and technical information about each mine. In addition, as prices and cost levels change from year to year, the estimate of proved and probable mineral reserves also changes. This change is considered a change in estimate for accounting purposes and is reflected on a prospective basis in related depreciation rates.

Despite the inherent imprecision in these engineering estimates, these estimates are used in determining depreciation expenses and impairment losses. Depreciation rates are determined based on estimated proved mineral reserve quantity (the denominator) and capitalised costs of mining structures (the numerator). The capitalised cost of mining structures is amortised based on the units of products produced.

## 5 Critical Accounting Estimates and Judgements (Continued)

### (d) Income tax

The Group is subject to income taxes in numerous jurisdictions. Significant judgement is required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain. The Group recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

### (e) Mining licenses

The Group's mining licenses expire at various dates from October 2015 to September 2021. Management believes that the Group will be able to renew these licenses at their option and at minimal cost, provided the Group complies with the terms of the licenses. The useful life of some of the Group's tangible and intangible assets would be reduced and the Group's operation results would be affected accordingly if any licenses could not be renewed.

### (f) Fair value of derivatives and other financial instruments

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates.

## 6 Segment Information

Management has determined the operating segments based on the reports reviewed by the Group's chief operating decision maker ("CODM") that are used to make strategic decisions. The CODM has been identified as the Company's Board of directors.

The CODM reviews the operating performance from a mine perspective (ie nickel/copper mine, lead/zinc mine and gold mine). The reportable operating segments derive their revenue primarily from mining, ore processing and sales of nickel, copper, lead, zinc and gold products.

For each of the years ended 31 December 2012 and 2013, the Group had two (note a and b) and three (note a, b and c) reportable segments respectively:

- (a) Hami Jiatai which held two nickel/copper mines and was mainly engaged in the mining, ore processing and sales of nickel and copper products;
- (b) Hami Jinhua which held a lead/zinc mine and was mainly engaged in the mining, ore processing and sales of lead and zinc products; and

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 6 Segment Information (Continued)

- (c) Shaanxi Jiahe Mineral Resources Development Co. Ltd. (“Shaanxi Jiahe”) which held a gold mine and was mainly engaged in the mining, ore processing and sales of gold products.

Apart from the three reportable segments, other activities of the Group were mainly investment holdings which are not considered as a reportable segment and therefore grouped as “Unallocated” for the purpose of financial statements disclosures.

The CODM assesses the performance of the operating segments based on operating profit. This measurement basis excludes the operating results of other insignificant activities of the Group.

## 6 Segment Information (Continued)

The segment information provided to the CODM for the reportable segments for each of the years ended 31 December 2012 and 2013 as follows:

	Year ended 31 December				2012		Total RMB'000
	2013	2013	2013	2013	Hami Jiatai RMB'000	Hami Jinhua RMB'000	
	Shaanxi Jiahe RMB'000	Hami Jiatai RMB'000	Hami Jinhua RMB'000	Total RMB'000	Hami Jiatai RMB'000	Hami Jinhua RMB'000	Total RMB'000
Segment revenue							
– Nickel concentrate	–	–	–	–	–	–	–

Segment operating loss	(907)	(4,537)	(8,615)	(14,059)	(16,836)	(9,364)	(26,200)
Unallocated operating (loss)/gains (note (a))	–	–	–	(26,163)	–	–	16,271
Operating loss	(907)	(4,537)	(8,615)	(40,222)	(16,836)	(9,364)	(9,929)
Segment finance costs/(income) – net	69	129	(11)	187	1,928	(21)	1,907
Unallocated	–	–	–	5,340	–	–	(587)
Finance costs/(income) – net	69	129	(11)	5,527	1,928	(21)	1,320
Income tax (expense)/credit	–	(1,450)	1,093	(357)	(248)	1,437	1,189
Amortisation	–	80	163	243	80	163	243
Segment depreciation	1	2,787	2,541	5,329	3,224	2,060	5,284
Unallocated	–	–	–	1	–	–	–
Depreciation	1	2,787	2,541	5,330	3,224	2,060	5,284
Segment assets	85,961	116,306	180,299	382,566	126,895	174,099	300,994
Unallocated assets (note (b))	–	–	–	232,100	–	–	270,318
Total	85,961	116,306	180,299	614,666	126,895	174,099	571,312
Segment liabilities	32,936	29,034	23,086	85,056	22,517	31,762	54,279
Unallocated liabilities	–	–	–	97,120	–	–	38,437
Total	32,936	29,034	23,086	182,176	22,517	31,762	92,716

Notes:

- (a) Unallocated operating loss mainly represented administrative and consulting expenses incurred by investment holding companies and fair value losses on derivative financial instruments for the year ended 31 December 2013 and unallocated operating gains mainly arose from the early settlement of dividend payable to previous equity holders of Hami Jiatai for the year ended 31 December 2012.
- (b) Unallocated assets as at 31 December 2013 and 31 December 2012 mainly represented by the bank deposits held by the Company.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 8 Mining Rights and Exploration Rights (Continued)

### The Group (Continued)

Notes:

(a) The title of the exploration rights is under the name of Shaanxi Jiatai. The conversion from exploration rights to mining rights and the transfer of title from Shaanxi Jiatai to Shaanxi Jiahe were still in progress as at 31 December 2013. The Company obtained control over the exploration rights pursuant to a supplementary agreement of the original equity purchase agreement.

(b) There was no amortization for the year ended 31 December 2012 and 2013 as no ore was mined.

## 9 Land Use Rights

### The Group

In Mainland China with remaining land use right periods ranging from 40 to 43 years as at 31 December 2013:

	<b>2013</b>	2012
	<b>RMB'000</b>	RMB'000
<b>Year ended 31 December</b>		
Opening net book amount	<b>10,071</b>	10,314

Net book amount	<b>9,828</b>	10,071

## 10 Investments in Subsidiaries

### The Company

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
Unlisted investments, at cost (note (a))	<b>17,328</b>	17,328
Loan receivable from Right Source (note (b))	<b>62,923</b>	62,923
Loan receivable from Fortune In (note (b))	<b>90,000</b>	90,000
Loan receivable from Realty Investment (note (b))	<b>50,000</b>	50,000
Loan receivable from Surplus Plan Limited (note (b))	<b>8,150</b>	8,150
Total	<b>228,401</b>	228,401

#### Notes:

- (a) The balance represented the difference between the existing book values of net assets of the group companies comprising the Group as at the date of Reorganization amounting to RMB17,328,000 (note 19) which was recognized as the deemed cost of investment in subsidiaries upon the Reorganization and the share capital of Right Source and Fortune In.
- (b) The balances are receivable from Right Source, Fortune In, Realty Investment and Surplus Plan Limited ("Surplus Plan"), interest free and unsecured, and have no fixed terms of repayment.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 10 Investments in Subsidiaries (Continued)

### The Company (Continued)

Notes: (Continued)

(c) As at 31 December 2012 and 2013, the Company had direct or indirect interests in the following subsidiaries:

Company name	Country/place of incorporation	Issued and paid-up capital/ registered capital	Interest held	Principal activities and place of operation
Right Source	The BVI	US\$100	100% directly held	Investment holdings, the BVI
Fortune In	The BVI	HK\$100	100% directly held	Investment holdings, the BVI
Surplus Plan	Hong Kong	HK\$1	100% directly held	Investment holdings, Hong Kong
Realty Investment	Hong Kong	HK\$100	100% indirectly held	Investment holdings, Hong Kong
滙力潤策投資諮詢(北京)有限公司 (Huili Runce Investment Consultation (Beijing) Limited)* ("Huili Runce")	Beijing, the PRC	HK\$10,000,000	100% indirectly held	Management and investment consultation, the PRC
哈密市錦華礦產資源開發有限責任公司 (Hami Jinhua Mineral Resource Exploiture Limited)*	Hami, the PRC	RMB100,000,000	95% indirectly held	Mining, ore processing and sales of lead and zinc metal products, the PRC
哈密市佳泰礦產資源開發有限責任公司 (Hami Jiatai Mineral Resource Exploiture Limited)*	Hami, the PRC	RMB10,000,000	95% indirectly held	Mining, ore processing and sales of nickel and copper metal products, the PRC
陝西佳合礦業開發有限公司 (Shaanxi Jiahe Mineral Exploiture Limited)* ("Shaanxi Jiahe")	Ankang, the PRC	RMB10,000,000	95% indirectly held	Mining, ore processing and sales of gold products, the PRC

\* The English names of certain companies referred herein represent management's best effort at translating the Chinese names of these companies as no English names have been registered.

## 11 Deferred Income Tax

### The Group

The analysis of deferred tax assets and deferred tax liabilities is as follows:

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
Deferred tax assets	(7,197)	(7,608)
Deferred tax liabilities	49,008	34,740
Deferred tax liabilities — net	41,811	27,132

The gross movements on the deferred income tax account are as follows:

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
At beginning of year	27,132	28,321
Acquisition of a subsidiary (note 36)	14,322	—
Charged/(credited) to consolidated statement of comprehensive income (note 30)	357	(1,189)
At end of year	41,811	27,132

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 11 Deferred Income Tax (Continued)

### The Group (Continued)

The movements in deferred tax assets and liabilities for each of the years ended 31 December 2012 and 2013, without taking into consideration of the offsetting of balances within the same tax jurisdiction, are as follows:

#### Deferred tax assets

	Depreciation and others RMB'000	Tax losses RMB'000	Provisions and accruals RMB'000	Total RMB'000
At 1 January 2012	(2,779)	(846)	(2,848)	(6,473)
Charged/(credited) to the consolidated statement of comprehensive income	236	(1,290)	(81)	(1,135)
At 31 December 2012	(2,543)	(2,136)	(2,929)	(7,608)
At 1 January 2013	<b>(2,543)</b>	<b>(2,136)</b>	<b>(2,929)</b>	<b>(7,608)</b>
Charged/(credited) to the consolidated statement of comprehensive income	<b>360</b>	<b>(2,039)</b>	<b>2,090</b>	<b>411</b>
At 31 December 2013	<b>(2,183)</b>	<b>(4,175)</b>	<b>(839)</b>	<b>(7,197)</b>

Deferred income tax assets are recognised for tax losses carried forward to the extent that the realization of the related tax benefit through future taxable profits is probable.

#### Deferred tax liabilities

	Valuation surplus of mining rights, exploration rights and land use rights upon business combination RMB'000
At 1 January 2012	34,794
Credited to consolidated statement of comprehensive income	(54)
At 31 December 2012	34,740
At 1 January 2013	<b>34,740</b>
Acquisition of a subsidiary (note 36)	<b>14,322</b>
Credited to consolidated statement of comprehensive income	<b>(54)</b>
At 31 December 2013	<b>49,008</b>

## 12 Prepayment for Investments

### The Group

	As at 31 December	
	2013 RMB'000	2012 RMB'000
Prepayment for potential acquisition of equity in mining companies (note)		
— Shaanxi Jiarun	23,500	23,500
— Shaanxi Jiahe	—	9,500
	23,500	33,000
Less: amount due for immediate payment from Shaanxi Jiatai (note 16(a))	(23,500)	—
	—	33,000

#### Note:

On 28 May 2010, the Group entered into equity transfer agreements with Shaanxi Jiatai Hengrun Resources Development Co. Ltd. ("Shaanxi Jiatai") to acquire 100% equity interests of Shaanxi Jiarun Mineral Resources Development Co., Ltd. ("Shaanxi Jiarun") and Shaanxi Jiahe Mineral Resources Development Co., Ltd. ("Shaanxi Jiahe") with a cash consideration of RMB160,000,000 and RMB50,000,000 respectively. According to the equity transfer agreements, the Group paid cash of RMB13,500,000 and RMB4,500,000 to Shaanxi Jiatai as down payment for acquisition of Shaanxi Jiarun and Shaanxi Jiahe respectively in July, 2010, and the remaining consideration would be paid within a period of five years subsequent to the closing of the deals.

Shaanxi Jiarun is the holder of an exploration right of vanadium-copper mine in Shaanxi province. Shaanxi Jiahe is the holder of an exploration right of gold mine in Shaanxi province. The closing of the deals is subject to the conditions that the acquiree will complete all necessary legal procedures to convert the exploration rights into mining rights.

In 2011, the Group, Shaanxi Jiatai and Shaanxi Jiarun entered into a supplementary agreement pursuant to which the Group further prepaid down payments of RMB10,000,000 to Shaanxi Jiatai for the acquisition of Shaanxi Jiarun and of RMB2,000,000 to Shaanxi Jiatai for the acquisition of Shaanxi Jiahe. Other conditions of the agreements remain unchanged.

On 30 April 2012, the Group, Shaanxi Jiatai and Shaanxi Jiahe entered into another supplemental agreement. Pursuant to the supplementary agreement, the Group further paid a down payment of RMB3,000,000 to Shaanxi Jiatai for the acquisition of Shaanxi Jiahe.

The acquisition of Shaanxi Jiahe was completed on 28 March 2013 (note 36). Due to the significant delay and uncertainty in obtaining the mining permit, the Group shall not proceed with the acquisition of Shaanxi Jiarun and the equity transfer agreements lapsed on 30 September 2013. The down payment of RMB23,500,000 for the acquisition of Shaanxi Jiarun is now due for payment from Shaanxi Jiatai (note 16(a)).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 13 Other Non-Current Assets

### The Group

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
Restricted cash at banks	1,951	1,950

Restricted cash at banks represented the guarantee deposits for environmental recovery.

## 14 Trade Receivables

### The Group

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
Trade receivables	—	15,253
Less: Provision for impairment of trade receivables	—	—
Trade receivables — net	—	15,253

As at 31 December 2012, the ageing of trade receivables were within 1 month, and all the trade receivables were subsequently collected in January 2013.

## 15 Inventories

### The Group

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
Raw materials	4,559	2,744
Semi-finished goods	2,168	2,168
Finished goods	6,180	6,625
Provision for impairment of finished goods (note 26)	(1,538)	—
	<b>11,369</b>	11,537

Raw materials mainly included consumables, semi-finished goods included raw ores, and finished goods included concentrates.

The cost of inventories recognised as expense and included in “cost of sales” is as follows:

	Year ended 31 December	
	2013	2012
	RMB'000	RMB'000
Cost of sales (note)	<b>9,024</b>	20,648

Note: Included in the cost of inventories recognised as expense was idle capacity variance and provision for inventories of RMB7,999,000 for the year ended 31 December 2013 (2012: RMB7,776,000), which was directly charged to cost of sales.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 16 Other Receivables and Prepayments

### The Group

Others (note (d))	3,075	4,383
	119,560	19,627

## 16 Other Receivables and Prepayments (Continued)

Notes:

- (a) The balance mainly represented prepayment of RMB23,500,000 for acquisition of Shaanxi Jiarun which was lapsed on 30 September 2013 (note 12), proceeds of RMB8,350,000 receivable from Shaanxi Jiatai arising from disposal of plant, property and equipment and advances of RMB7,500,000 to Shaanxi Jiatai, a company owned by Mr. Wei Xing.
- (b) On 20 March 2013, the Company, Geo-Tech and Mr. Wei Xing have entered into a framework agreement in relation to the possible acquisitions of gold mines and mining processing plants in the Republic of Ghana. Pursuant to the agreement, the Company paid an earnest money of RMB10,000,000 (equivalent to HK\$12,500,000) to Mr. Wei Xing in consideration of the grant of the exclusive negotiation right for 12 months with 90 days extended subsequently. The earnest money was subject to receiving a share charge over the entire equity interest in the mining processing company owned by Mr. Wei Xing in favour of the Company to secure the refund obligations of Mr. Wei Xing. The possible acquisitions are still in the progress of preliminary negotiation.
- (c) In October 2013, the Company and Top Elevate, a third party company incorporated in the BVI, entered into an agreement pursuant to which the Company lent a loan of HK\$10,000,000 to Top Elevate on 22 October 2013, bearing interest rate at 6% per annum, repayable on 25 December 2013, and guaranteed by Mr. Niu Ruixing, the owner of Top Elevate. The loan was overdue as at 31 December 2013 but subsequently collected on 28 February 2014.  
  
On 9 March 2012, the Company and Top Elevate, entered into an agreement pursuant to which the Company lent a loan of US\$1,300,000 to Top Elevate Limited, bearing interest rate at 3% per annum, repayable on 13 December 2012, and guaranteed by Mr. Niu Ruixing. The loan was overdue as at 31 December 2012 but subsequently collected on 25 March 2013.
- (d) The balances as at 31 December 2012 and 2013 mainly represented receivables from third parties, which were unsecured, interest free and had no fixed terms of repayment.
- (e) The amounts due from subsidiaries were unsecured, interest-free and repayable on demand.
- (f) The carrying amounts of other receivables and prepayments approximated their fair values. The balances were mainly denominated in RMB.

## 20 Accumulated Losses

### The Group

	Year ended 31 December	
	2013 RMB'000	2012 RMB'000
Accumulated losses at beginning of year	(19,831)	(11,393)
Loss for the year	(45,376)	(8,438)
Accumulated losses at end of year	(65,207)	(19,831)

#### Notes:

- (a) In accordance with the PRC Company Law and the PRC subsidiaries' Articles of Association, the PRC subsidiaries are required to transfer 10% of the profit after taxation determined in accordance with PRC GAAP to the statutory reserve until the balance reaches 50% of the paid-up capital. Such reserve can be used to reduce any losses incurred or to increase share capital. Except for the reduction of losses incurred, any other usage should not result in this reserve balance falling below 25% of the registered capital. There were no appropriation to the statutory reserve for the years ended 31 December 2012 and 2013 as there were losses for the years ended 31 December 2012 and 2013 in the PRC subsidiaries.
- (b) Pursuant to certain regulations issued by the State of Administration of Work Safety, the Group is required to set aside an amount to a safety fund at RMB8 per tonne of raw ore mined. The fund can be used for improvements of safety at the mines, and are not available for distribution to shareholders. Upon incurring qualifying safety expenditure, an equivalent amount is transferred from safety fund to retained earnings. There were no appropriation to the safety funds for the years ended 31 December 2012 and 2013 as no ore was mined.
- (c) Pursuant to certain regulations issued by the State of Administration of Work Safety and Ministry of Finance, the Group is required to set aside an amount to a maintenance fund calculated based on a rate of RMB18 per tonne of raw ore mined. The fund can be used for improvement of mining structures, and are not available for distributions to shareholders. Upon incurring qualifying capital expenditure, an equivalent amount is transferred from maintenance fund to retained earnings. There were no appropriation to the maintenance fund for the years ended 31 December 2012 and 2013 as no ore was mined.
- (d) The directors of the Company did not propose any payment of dividends to the Company's shareholders for the years ended 31 December 2012 and 2013.

### The Company

	Year ended 31 December	
	2013 RMB'000	2012 RMB'000
At beginning of year	(41,016)	(29,941)
Loss for the year	(29,882)	(11,075)
At end of year	(70,898)	(41,016)

For each of the year ended 31 December 2012 and 31 December 2013, the loss attributable to the equity holders of the Company was dealt with in the financial statements of the Company to the extent of RMB11,075,000 and RMB29,882,000 respectively.

## 21 Provision for Close Down, Restoration and Environmental Costs

### The Group

	Year ended 31 December	
	2013	2012
	RMB'000	RMB'000
At beginning of year	2,495	2,260
Acquisition of a subsidiary (note 36)	1,423	—
Unwinding of discount (note 29)	233	235
At end of the year	4,151	2,495

A provision is recognised for the present value of costs to be incurred for the restoration of the tailings dam and mining structures which has been determined by management based on their past experience and best estimate of future expenditure by discounting the expected expenditures to their net present value. However, in so far as the effect of the land and the environment from current mining activities becomes apparent in future periods, the estimate of the associated costs may be subject to revision in the future. The amounts provided in relation to close down, restoration and environmental clean up costs are reviewed at least annually based upon the facts and circumstances available at the time and the provisions are remeasured accordingly.

## 22 Trade Payables

### The Group

Trade payables are analysed as follows:

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
— Third parties	1,821	1,963

## 22 Trade Payables (Continued)

### The Group (Continued)

The ageing analysis of trade payables are as follows:

	As at 31 December	
	2013 RMB'000	2012 RMB'000
0-90 days	413	755
91-180 day	—	114
181-365 days	54	62
Over 365 days	1,354	1,032
	<b>1,821</b>	1,963

The carrying amounts of trade payables approximated their fair values.

## 23 Borrowings

### The Group and the Company

	As at 31 December	
	2013 RMB'000	2012 RMB'000
Secured bank loan (note (a))	—	31,305
Convertible bonds (note (b))	72,503	—

#### (a) Secured bank loan

The loan was secured by a restricted bank deposits of US\$4,950,000 (note 17), bearing interest rate at the fixed deposit rate of the lending bank plus 1% per annum, and was repaid in May 2013. The effective interest rate was 1.35% per annum.

The carrying amount of the loan approximated its fair value.

## 23 Borrowings (Continued)

### The Group and the Company (Continued)

#### (b) Convertible bonds

The Company issued HK\$107,500,000 convertible bonds of 50,000,000 conversion shares at HK\$2.15 per share on 19 December 2013 ("closing date") to a third party, ACE AXIS Limited. The convertible bonds bear interest at 2% per annum which is payable semi-annually. The bonds mature in two years from the closing date and shall be redeemed at 116% of their nominal value or can be converted into ordinary shares of the Company on or after 20 December 2013 up to 19 December 2015 at a price of HK\$2.15 per share.

In conjunction with the convertible bonds, the Company also issued 20,000,000 warrant shares at HK\$2.4 per share on 19 December 2013 to ACE AXIS Limited for no additional consideration. The warrants have a subscription period from 20 December 2013 to 19 December 2015 with an exercise price of HK\$2.4 per share and maximum value of issued shares amounting to HK\$48,000,000. The warrants also have transferability that the subscription rights are freely transferable either in whole or in part provided that, if necessary, the prior approval of the Stock Exchange of Hong Kong Limited shall be required for any transfer to any transferee which is a connected person of the Company.

The values of the liability component of the convertible bonds and the conversion option as well as the warrants were determined at issuance of the bond.

The convertible bonds recognised in the consolidated balance sheet is calculated as follows:

	<b>2013</b>	2012
	<b>RMB'000</b>	RMB'000
Face value of convertible bonds issued on 19 December 2013	<b>84,624</b>	—
Derivative financial instruments (Note 24)	<b>(12,407)</b>	—
Liability component on initial recognition on 19 December 2013	<b>72,217</b>	—
Interest expense (Note 29)	<b>432</b>	—
Interest payable	<b>(54)</b>	—
Exchange gains	<b>(92)</b>	—
Liability component as at 31 December 2013	<b>72,503</b>	—

The Company is an exempted company incorporated in the Cayman Islands and, as such, is not liable for taxation in the Cayman Islands on its non-Cayman Islands income.

Right Source and Fortune In are exempted companies incorporated in the BVI and, as such, are not liable for taxation in the BVI on their non-BVI income.

### 30 Income Tax Expense/(Credit) (Continued)

Surplus plan and Realty Investment were subject to Hong Kong profits tax at tax rate of 16.5% for each of the years ended 31 December 2012 and 2013.

Effective from 1 January 2008, the group companies in Mainland China determine and pay the corporate income tax in accordance with the Corporate Income Tax Law of the PRC (the “new CIT Law”) as approved by the National Congress on 16 March 2007. Under the new CIT Law the corporate income tax rate applicable to such group companies is 25% since 2008.

The applicable tax rate of Huili Runce, Hami Jinhua, Hami Jinhua and Shaanxi Jiahe for each of the years ended 31 December 2012 and 2013 were 25%.

All the entities in Hong Kong and Mainland China did not have any assessable profit for each of the years ended 31 December 2012 and 2013.

The tax on the Group’s loss before income tax differs from the theoretical amount that would arise using the domestic tax rates applicable to results of the group entities as follows:

	<b>Year ended 31 December</b>	
	<b>2013</b>	2012
	<b>RMB'000</b>	RMB'000
Loss before income tax	<b>(45,749)</b>	(11,249)
Tax calculated at domestic tax rates applicable to results in the respective countries	<b>(3,268)</b>	(7,181)
Tax effects of:		
— Expenses not deductible for tax purposes	<b>2,653</b>	5,823
— Tax losses for which no deferred income tax asset recognized	<b>972</b>	169
Income tax expense/(credit)	<b>357</b>	(1,189)

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 31 Loss Per Share

The basic loss per share is calculated by dividing the loss attributable to the equity holders of the Company by weighted average number of ordinary shares in issue during the year.

	Year ended 31 December	
	2013 RMB'000	2012 RMB'000
Loss attributable to equity holders of the Company	<b>(45,376)</b>	(8,438)
Adjusted weighted average number of shares in issue (in thousands)	<b>1,000,000</b>	991,781
Basic and diluted loss per share (RMB)	<b>(0.045)</b>	(0.009)

Diluted loss per share was equal to basic loss per share as there was no dilutive potential share outstanding for the each of the years ended 31 December 2012 and 2013.

## 32 Emoluments for Directors and Five Highest Paid Individuals

Increase in restricted cash at banks for environmental recovery	(1)	(1)
<b>Cash used in operations</b>	<b>(27,759)</b>	<b>(53,667)</b>

### 34 Contingencies

#### (a) Environmental contingencies

Historically, the Group has not incurred any significant expenditure for environmental remediation. Save as disclosed in note 21, the Group is presently not involved in any environmental remediation and has not accrued any amounts for environmental remediation relating to its operations. Under existing legislations, management believes that there are no probable liabilities that will have a material adverse effect on the financial position or operating results of the Group. The PRC government, however, may move further towards the adoption of more stringent environmental standards.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 34 Contingencies (Continued)

### (a) Environmental contingencies (Continued)

Environmental liabilities are subject to considerable uncertainties which affect the Group's ability to estimate the ultimate cost of remediation efforts. These uncertainties include (i) the exact nature and extent of the contamination at various sites including but not limited to mines and land development areas, whether operating, closed or sold, (ii) the extent of required cleanup efforts, (iii) varying costs of alternative remediation strategies, (iv) changes in environmental remediation requirements, and (v) the identification of new remediation sites. The amount of such future cost is indeterminable due to such factors as the unknown magnitude of possible contamination and the unknown timing and extent of the corrective actions that may be required. Accordingly, the outcome of environmental liabilities under future environmental legislations cannot reasonably be estimated at present, and could be material.

### (b) Insurance

The Group carries commercial insurance for its employees who work underground for personal injury. However, such insurance may not be sufficient to cover the potential future losses. While the effect of under-insurance on future incidents cannot be reasonably assessed at present, management believes this can have a material adverse impact on the results of operations or the financial position of the Group.

## 35 Commitments

### (a) Capital commitments

Capital expenditure for property, plant and equipment at the respective balance sheet date but not yet incurred is as follows:

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
Authorised but not contracted for:		
— Buildings	115,063	99,653
— Machineries and equipments	84,382	60,323
	199,445	159,976

## 35 Commitments (Continued)

### (b) Operating lease commitments

The Company leases various offices under non-cancelable operating lease agreements.

The future aggregate minimum lease payments under non-cancelable operating leases are as follows:

	As at 31 December	
	2013	2012
	RMB'000	RMB'000
No later than 1 year	1,593	2,240
Later than 1 year and no later than 5 years	96	1,526
Later than 5 years	58	120
	1,747	3,886

## 36 Business Combination

### Business Combination

On 28 March 2013, Hami Jiatai acquired 100% equity interests in Shaanxi Jiahe. As a result of the acquisition, the Group has entered into mining business of gold.

The following table summarises the consideration paid for Shaanxi Jiahe, and the amounts of the assets acquired and liabilities assumed recognized at the acquisition date.

	RMB'000
Purchase consideration	
— Cash paid up to 31 December 2013	50,000

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## 36 Business Combination (Continued)

### Recognised amounts of identifiable assets acquired and liabilities assumed

	<b>Provisional Fair value</b> RMB'000
Cash and cash equivalents	793
Constructions in progress	12,685
Mining rights and exploration rights	58,534
Inventories	96
Trade and other receivables	2,402
Other payables and accruals	(8,382)
Provision for close down, restoration and environmental costs	(1,423)
Deferred tax liabilities	(14,322)
<b>Total identifiable net assets</b>	<b>50,383</b>
Gains on bargain purchase	(383)
<b>Total purchase consideration</b>	<b>50,000</b>
Cash consideration paid in total	50,000
Less:	
Cash consideration prepaid before 2013	(9,500)
Cash and cash equivalents in subsidiary	(793)
<b>Cash outflow on acquisition in 2013</b>	<b>39,707</b>

Management of the Group is of the opinion that the acquiree's identifiable net assets were properly measured at fair value as at the acquisition date and the gains on bargain purchase mainly arose from that the former equity holders of the acquiree accepted a bargain consideration. This is because the former equity holders of the acquiree did not want to invest further capital expenditure in mining the mineral reserves but to cash in the investment through sale of business.

## 37 Related Party Transactions

- (a) For each of the years ended 31 December 2012 and 2013, the Group's management is of the view that the following entities/persons are related parties of the Group:

Name of related parties	Relationship with the Group

- (b) During each of the years ended 31 December 2012 and 2013, the Company had not any material transactions with related parties.

### (c) Key management compensation

	Year ended 31 December	
	2013 RMB'000	2012 RMB'000
Basic salaries, allowances and other benefits	2,136	2,513
Contributions to pension plan	59	54
	<b>2,195</b>	2,567

## 38 Events After Balance Sheet Date

### (a) Investment in a mining related fund

On 29 January 2014, the Company entered into the subscription agreement and acceded to the Limited Partnership Agreement, pursuant to which the Company agreed to subscribe for Class B Limited Partnership Interests with a total capital commitment of not more than US\$18 million (equivalent to HK\$139.5 million) in CRR1 State Right Investment Fund L.P. which is a limited partnership focusing on mining and natural resources industries. The Company paid HK\$93 million (equivalent to US\$12 million) to the fund as at the date of annual report.

### (b) Possible acquisitions in the Republic of Ghana

On 27 January 2014, the Company, Geo-Tech and Mr. Wei Xing have entered into a supplementary agreement to the framework agreement signed on 20 March 2013 in relation to the possible acquisitions of gold mines and mining processing plants in the Republic of Ghana. Pursuant to the supplementary agreement, the Company paid a further earnest money of HK\$20 million to Mr. Wei Xing which should be repaid if no binding agreement signed by 30 June 2014. As such, no binding agreement has been entered into as at the date of annual report.

# FIVE YEARS FINANCIAL SUMMARY
