CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the board of directors (the "Board") of Junefield Department Store Group Limited (the "Company"), I am pleased to announce the annual results of the Company together with its subsidiaries (collectively the "Group") for the year ended 31 December 2013.

RESULTS

In 2013, the Group's revenue decreased to approximately HK\$156,545,000 (2012: HK\$208,508,000), representing a decrease of 25% compared with last year. The Group's audited profit attributable to owners of the Company amounted to approximately HK\$40,298,000 (2012: HK\$165,324,000), representing a significant decrease of 76% compared over 2012. Basic earnings per share were HK3.96 cents (2012: HK16.27 cents), representing a decrease of 76%.

DIVIDENDS

The Board recommended the payment of a final dividend of HK0.8 cent per share, together with the interim dividend of HK1 cent per share paid on 30 September 2013, makes a total dividend of HK1.8 cents per share for the year. Such proposal is subject to approval by shareholders of the Company at the forthcoming annual general meeting.

BUSINESS REVIEW

Undoubtedly, the Group's result for the year 2013 was quite disappointed. Having carried out prolonged negotiations on the resumption of the supply of the granulated steel slag from the supplier to the Group's 60%-owned subsidiary and the extension of the term of the joint venture agreement of the Group's 49%-owned joint venture, Wuhan Plaza Management Co., Ltd. ("WPM"), notwithstanding the Group endeavored its best efforts but ultimately failed to reach any agreement in favour of all parties. Consequently, the Group was reluctant to commence arbitrations against these business associates to protect the best interests of the Group and its shareholders. In respect of the parcel of land in Ecuador acquired in 2013, the local government authority for reasons of public utility, national social interest and other reasons initiated land expropriation procedures in September 2013. The government authority proposed to offer an initial compensation but the Group rejected and has already appealed to the court in Ecuador for evaluating the basis for compensation. On the other hand, the Group also made significant marked-to-market losses in respect of the Group's listed equity portfolio of investments due to the volatile market conditions particularly the global resources industry for the year under review.

While the businesses in the People's Republic of China (the "PRC") were disrupted by legal disputes during 2013, the Group's diversified businesses in South America have been gradually commenced. The Group started the trading of mineral concentrates business in Ecuador and a residential property development project in Peru during the year under review.

CHAIRMAN'S STATEMENT

PROSPECTS

Looking ahead, challenges and uncertainties will continue in the year 2014. The Group's result and cash flow will be inevitably affected by unsettled legal disputes, particularly the outcome of the arbitration on the operation term of WPM which engaged in the retail and department store business in the PRC. Regarding to the pending rulings of the arbitration and the litigations in respect of WPM, the Group realised that the prolonged unsettlement would affect the results of the Group for the year commencing from 1 January 2014. However it is difficult to make any prediction on the outcome of final rulings at this stage. In respect of the compensation for expropriation of the parcel of land in Ecuador, based on the opinions of legal advisor in Ecuador, the Ecuadorian government authority should make compensation for expropriation of assets with reference to the market value of the land under the current applicable laws in Ecuador. In all respect, the Group will endeavor its best efforts to seek all practicable measures and actions to settle the current legal disputes with the assistance of its legal advisors so as to strive for its best interests of the Company and the shareholders. For the security investments for trading and long term purposes, the Group is of the view that the value of quality stocks will be reflected in the long run and particularly the investments in its associate. The Group expects both trading of mineral concentrates and the residential project in Peru would contribute profits to the Group in the coming year. In addition, the preliminary operation on part of the Group's concession mines in Peru is expected to be commenced in the second half of 2014.

Nevertheless, the Group will be cautious about looking for other investment opportunities. In addition, to further strengthen the financial position, the Group will also consider raising funds by suitable means when investment opportunities arise.

APPRECIATION

I would like to take this opportunity to express my gratitude to all our shareholders, fellow directors, customers, suppliers, business associates and staff for their continuing support.

Zhou Chu Jian He

Chairman

Hong Kong, 31 March 2014

FINANCIAL REVIEW

The consolidated revenue and consolidated profit attributable to owners of the Company for the year ended 31 December 2013 amounted to approximately HK\$156,545,000 and HK\$40,298,000, representing corresponding a significant decrease of 25% and 76% over HK\$208,508,000 and HK\$165,324,000 respectively compared to last year under review. The significant decrease in the profit attributable to owners of the Company was mainly resulted from (a) the unrealised valuation losses of approximately HK\$12,181,000 recognised in respect of the Group's trading securities and HK\$36,961,000 upon the reclassification of the Group's available-for-sale investments to investment in an associate as a result of the previous volatile market conditions; (b) an impairment loss of approximately HK\$32,958,000 on investment in an associate; and (c) the Group equity accounted for the interests in its 49%-owned joint venture for the ten months ended 31 October 2013 as the latest available financial information.

OPERATIONS REVIEW

CONSTRUCTION MATERIAL BUSINESS

During the year under review, the Group's indirect 60%-owned subsidiary, Hunan Taiji Construction Material Co., Ltd. ("Hunan Taiji"), recorded a turnover and profit of approximately HK\$106,258,000 (2012: HK\$176,042,000) and HK\$27,229,000 (2012: HK\$47,523,000), representing a significant decrease of 40% and 43% respectively compared to last year under review mainly due to the reduction of granulated steel slag supply by its sole supplier.

Hunan Taiji's management carried out prolonged negotiations with the supplier as well as the minority shareholder of Hunan Taiji in order to urge the supplier to increase the granulated steel slag supply back to a normal level, however the supplier refused to do so. On 16 October 2013, the Group filed an application for arbitration proceedings at China International Economics and Trade Arbitration Commission against the minority shareholder of Hunan Taiji for failing to procure the supply of the requested amount of granulated steel slag from the supplier to Hunan Taiji under the terms stipulated in the joint venture agreement. The Group also claims for the minority shareholder of Hunan Taiji to continue to honour its obligations by supplying granulated steel slag in accordance with the joint venture agreement until the end of its term and the potential damages arising from breach of the joint venture agreement.

The outcome of the arbitration is still pending as at the date of this annual report. Currently, Hunan Taiji continues to carry out stringent cost control to minimize the impact on its profit under the current unfavorable conditions.

OPERATIONS REVIEW (continued)

RETAIL BUSINESS IN WUHAN

In February and March 2014, the Group repeatedly requested the management of the 49%-owned joint venture, Wuhan Plaza Management Co., Ltd. ("WPM"), to provide the financial statements and necessary assistance to the audit matters for the year ended 31 December 2013 but the management of WPM failed to do so. As a result, the Group equity accounted the results of WPM merely by using the financial statements for the ten months ended 31 October 2013 as the latest available financial information. Share of profit for the ten months ended 31 October 2013 was approximately HK\$145,954,000 while the share of profit accounted for the full year of 2012 was HK\$146,464,000. In this respect, the independent auditors of the Company issued a qualified opinion for the year ended 31 December 2013. The qualified opinion is set out in the Independent Auditors' Report on pages 33 to 35 of this annual report. Pursuant to the joint venture agreement entered into in 1993, WPM engaged in operation of department store business was formed by International Management Company Limited ("IMC", an indirectly wholly-owned subsidiary of the Company) and Wuhan Department Store Group Co., Ltd (the "PRC Partner") for a term of 20 years in Wuhan, the PRC. In addition, the PRC Partner as lessor and WPM as lessee entered into the lease agreement in 1995 to operate the department store on the premises for a term of 20 years to achieve and implement the purposes and objectives of the joint venture agreement.

Given that IMC believes that the leasing of the premises from the PRC Partner to operate the department store business is one of the pre-conditions ensuring the subsistence of WPM, the PRC Partner should extend the operation of WPM in line with the expiry date of the lease. IMC has been carried out negotiations about the term extension of the joint venture agreement with the PRC Partner and served it a written request for extension of the term of the joint venture agreement until 28 September 2016 in early 2013. However, the PRC Partner failed to respond to such request. Consequently, the Group was reluctant to commence arbitrations against it to protect the best interests of the Group and its shareholders in November 2013.

As the rulings of the arbitration and the litigations are uncertain, the Group is of the view that the outcome of the rulings are uncertain and might have a consequential effect on the amount as recorded in the Group's financial statements.

OPERATIONS REVIEW (continued)

PROPERTY INVESTMENT AND DEVELOPMENT

Investment properties in Beijing

During the year under review, the income from property leasing in Beijing, the PRC was approximately HK\$2,300,000 (2012: HK\$1,748,000), representing an increase of 32% over last year under review. It also recorded fair value gains of approximately HK\$8,221,000 (2012: HK\$7,280,000) in respect of the revaluation of investment properties situated in the PRC and resulted in a profit of approximately HK\$4,820,000 (2012: HK\$4,385,000), representing an increase of 10% over 2012. The Group expects the investment properties in Beijing currently held on hand will keep generating a stable rental income stream and capture their potential appreciation.

Investment properties in Ecuador

The Group's wholly-owned subsidiary completed the acquisition of a parcel of land in Ecuador with approximately 20,186 square meters at a consideration of United States dollar ("USD") 12,500,000 in March 2013 initially for property development purpose. In September 2013, an Ecuadorian government authority initiated land expropriation procedures for the reasons of public utility and national interest under the Ecuadorian laws. The government authority proposed to offer an initial compensation with reference to a municipal fair value. However, the Group rejected its initial offer because the management of the Group considered the offer was below the market value of the land. According to a recognised valuer in Hong Kong, the fair value as at 31 December 2013 was approximately HK\$130,704,000 and therefore an unrealised fair value gain of approximately HK\$9,025,000 was recognised in the results for the year ended 31 December 2013. According to the legal opinion sought in Ecuador, the government authority should offer fair compensation to the owner of the land for such expropriation under current laws and regulations in Ecuador. In late 2013, a submission for requesting for revaluation of the land was lodged by the Group to the court in Ecuador. As at the date of this annual report, the negotiation with the government authority is still in progress and the ruling from the court has yet to be given.

Property development in Peru

Lima Junefield Plaza S.A.C., an indirect wholly-owned subsidiary of the Company in Peru, commenced a residential project in Lima City of Peru. This project will provide 21 residential apartments with a gross saleable floor area of approximately 3,500 square meters. Construction of this residential project is currently in progress. The Group expects the whole project will be completed in 2014 and presale will be commenced by the mid-year of 2014.

OPERATIONS REVIEW (continued)

PROPERTY MANAGEMENT AND AGENCY SERVICES BUSINESS

During the year under review, the Group's property management and agency services business recorded a turnover of approximately HK\$18,475,000 (2012: HK\$17,566,000), representing an increase of 5% over 2012. It achieved a net profit of approximately HK\$1,378,000 (2012: HK\$1,084,000), representing an increase of 27% over 2012.

SECURITIES INVESTMENTS

The Group has invested in listed securities in Hong Kong and overseas for trading and long term purposes. The securities investments held for trading recorded unrealised loss on change in fair value amounted to approximately HK\$12,181,000 (2012: gain of approximately HK\$13,152,000) as a result of the volatile market conditions during the year under review.

During the year under review, the Group further acquired 9,045,060 fully paid ordinary shares of Latin Resources Limited ("Latin Resources", a listed company in Australia). The Group is to invest for a long term purpose. The Group currently holds 46,745,060 fully paid ordinary shares of Latin Resources, representing approximately 20.35% of its existing issued share capital as at 31 December 2013. The Group nominated its Chief Executive Officer Mr. Liu Zhongsheng, as non-executive director of Latin Resources in June 2013. The Group therefore reclassified the available-for-sale investments to investment in an associate. As a result, the Group recognised an unrealised loss of approximately HK\$36,961,000 upon the reclassification and share of loss of approximately HK\$6,406,000 in the consolidated statement of profit or loss during the year ended 31 December 2013. Due to the volatile market conditions, the Group also made an impairment loss of approximately HK\$32,958,000 on the investment in the associate.

In addition, the Group entered into the converting loan agreement with Latin Resources on 21 August 2013, pursuant to which the Group agreed to advance a loan of Australian dollars 2,500,000 (equivalent to approximately HK\$17,750,000) to Latin Resources. Subsequently Latin Resources issued the convertible note to the Group in October 2013.

The Group expects that Latin Resources will make profit contribution to the Group when the exploration of the projects in Peru get started.

TRADING OF MINERAL CONCENTRATES BUSINESS

During the year under review, the Group commenced trading of mineral concentrates by sourcing from suppliers in South America for customers in the PRC. It recorded a turnover of approximately HK\$41,693,000 and a profit of approximately HK\$3,135,000. The Group expects positive growth of revenue and profit from this business segment in 2014.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATED COMPANIES AND JOINT VENTURE

On 30 January 2013, Genuine Crystal Limited, an indirect wholly-owned subsidiary of the Company, entered into the sale and purchase agreement with an independent third party for the acquisition of the entire issued share capital of Mighty Comforts Limited at a total cash consideration of USD2,841,000. On the same day, a subsidiary of Mighty Comforts Limited purchased a parcel of land in Ecuador from another independent third party at a consideration of USD12,500,000. Mighty Comforts Limited indirectly owned 100% benefits and interests of a parcel of land in Ecuador. The acquisition constituted a discloseable transaction under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. The acquisition was duly completed on 25 March 2013.

Save as disclosed above, the Group had no material acquisition and disposal of subsidiaries, associated companies and joint venture during the year under review.

LIQUIDITY AND FINANCIAL RESOURCES

As at 31 December 2013, the Group had net assets of approximately HK\$830,089,000 (2012: HK\$753,099,000) with total assets of approximately HK\$1,098,267,000 (2012: HK\$1,049,973,000) and total liabilities of approximately HK\$268,178,000 (2012: HK\$296,874,000). The Group's current ratio, which equals to current assets divided by current liabilities, was 1.51 (2012: 1.55).

As at 31 December 2013, the Group had an outstanding bank borrowing of HK\$80,912,000 (2012: HK\$154,822,000). The bank loan was unsecured, denominated in USD, interest-bearing at floating rate and repayable for a term of 3 years. An unsecured other loan of approximately HK\$6,405,000 (2012: HK\$6,224,000) is denominated in Renminbi ("RMB") and interest-bearing at 9.5% per annum with no fixed term of repayment. The Group's bank balances and short term deposits which were mainly denominated in Hong Kong dollars, USD and RMB, amounted to approximately HK\$85,494,000 as at 31 December 2013 (2012: HK\$282,942,000). The Group's gearing ratio, as a ratio of total interest-bearing borrowing and bank borrowing to total assets as at 31 December 2013, was 0.08 (2012: 0.15).

The directors believe that the Group currently has sufficient financial resources for its operations. However, the Group will remain cautious in its liquidity management.

CAPITAL STRUCTURE AND TREASURY POLICIES

The Group adopts a prudent approach with respect to treasury and funding policies, with a focus on risk management and transactions that are directly related to the underlying business of the Group.

CAPITAL COMMITMENTS

As at 31 December 2013 and 2012, the Group had no significant capital commitments.

CHARGE OF ASSETS

The Group did not have any pledge or charge on assets as at 31 December 2013.

OUTSTANDING LITIGATIONS

Details of outstanding litigations are shown in note 44 to the financial statements.

EXCHANGE RATE EXPOSURE

During the year under review, the business activities of the Group were mainly denominated in Hong Kong dollars, RMB and USD. The Board does not consider that the Group is significantly exposed to foreign currency exchange risk. For the year ended 31 December 2013, the Group did not commit to any financial instruments to hedge its potential exchange rate exposure.

EMPLOYEE AND REMUNERATION POLICY

As at 31 December 2013, the Group had about 317 employees (2012: 278 employees) of whom 10 (2012: 11) are based in Hong Kong and 307 (2012: 267) based in the PRC and overseas. The number of workers employed by the Group varies from time to time depending on the industry need and they are remunerated under the employment term which is based on industry practice. The remuneration policy and package of the Group's employees are periodically reviewed by the Company's Remuneration Committee and approved by the executive directors. Apart from the pension funds, discretionary bonuses and share options are awarded to certain employees according to the assessment of individual performance.

In accordance with the Company's bye-law 87, Mr. Zhou Chu Jian He, Mr. Xiang Xianhong and Mr. Lei Shuguang will retire by rotation at the forthcoming annual general meeting and, being eligible, shall offer themselves for re-election.

BRIEF BIOGRAPHICAL DETAILS OF DIRECTORS

Brief biographical details of directors of the Company are set out on pages 11 to 13 of this annual report.

DIRECTORS' SERVICE CONTRACTS

None of the directors of the Company has a service contract with the Company or any of its subsidiaries which is not determinable by the employing company within one year without payment of compensation (other than statutory compensations). Details of directors' remuneration are set out in note 11 to the financial statements.

SHARE OPTION SCHEME

A share option scheme was adopted pursuant to the written resolutions passed by the shareholders of the Company on 29 June 2009 (the "Share Option Scheme"). The purpose of the Share Option Scheme is to provide incentives to eligible participants who contribute to the success of the Group's operations. Further details of the Share Option Scheme are set out in note 39 to the financial statements.

During the year under review, details of the movements of the outstanding share options granted under the Share Option Scheme are as follows:

			Number of share options					
	Date of grant	Exercisable period	Balance as at 1 January 2013	Granted during the year (Note 2)	Exercised during the year	Reclassification during the year (Note 3)	Balance as at 31 December 2013	Exercise price per share

			43,980,000	-	(3,450,000)	-	40,530,000	

Notes:

- 1. Movements of the share options granted to the directors of the Company are shown under the section headed "Directors' and Chief Executives' Interests in Securities" on page 20 of this annual report.
- 2. No share options have been granted, forfeited or cancelled during the year ended 31 December 2013.
- 3. 5,050,000 share options held by two former independent non-executive directors of the Company who retired in May 2013 have been reclassified under the category "other participants".

MAJOR CUSTOMERS AND SUPPLIERS

In the year under review, sales to the Group's five largest customers in aggregate accounted for 54% of the total turnover for the year and sales to the largest customer included therein accounted for 27%. Purchases from the Group's five largest suppliers accounted for 38% of the total purchases for the year and purchases from the largest supplier included therein accounted for 14%.

None of the directors of the Company or any of their associates or any shareholders (which, to the best knowledge of the directors, own more than 5% of the Company's issued share capital) had any beneficial interest in the Group's five customers and suppliers during the year ended 31 December 2013.

CONTINUING CONNECTED TRANSACTIONS

The continuing connected transactions of the Group during the year ended 31 December 2013 (collectively the "2013 Continuing Connected Transactions") subject to annual review requirements pursuant to the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") are set out below:

- 1. Lianyuan Logistics Co., Ltd. ("Lianyuan Logistics") agreed to provide logistics services to Hunan Taiji on a continuous basis for the transportation of granulated steel slag at RMB7.98 per ton (VAT inclusive) (subject to adjustments upon change of government policy on fuel price and other related costs in the PRC). During the year under review, the terms for the services of transportation of granulated steel slag (the "Logistics Transaction") were the same under the former logistics service agreement entered into on 25 November 2012. Lianyuan Logistics is a connected person of the Company under the Listing Rules and therefore the Logistics Transaction constituted a continuing connected transaction of the Group, details of which are set out in the Company's announcement dated 24 July 2013.
 - During the year ended 31 December 2013, the logistics services fee charged by Lianyuan Logistics amounted to approximately HK\$6,148,000 (VAT inclusive) or HK\$5,628,000 (VAT exclusive).
- 2. Hunan Taiji purchased granulated steel slag from Hualing Steel Co., Ltd. ("Hualing Steel") for its production. During the year under review, the terms for the supply of granulated steel slag were same under the supply agreement made between Hunan Taiji and Hualing Steel on 26 December 2008. Hualing Steel is a connected person of the Company under the Listing Rules and therefore the transaction of supply of the granulated steel slag constituted a continuing connected transaction of the Group, details of which are set out in the Company's announcement dated 18 November 2013.
 - During the year ended 31 December 2013, the purchases amounted to approximately HK\$3,103,000 (VAT inclusive) or HK\$2,652,000 (VAT exclusive).

CONTINUING CONNECTED TRANSACTIONS (continued)

The Company's auditors were engaged to report on the 2013 Continuing Connected Transactions entered into by the Group in accordance with Hong Kong Standard on Assurance Engagements 3000 "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The Company's auditors have issued their unqualified letter containing their findings and conclusions in respect of the 2013 Continuing Connected Transactions in accordance with Rule 14A.38 of the Listing Rules.

The independent non-executive directors of the Company have reviewed the 2013 Continuing Connected Transactions and confirmed that the 2013 Continuing Connected Transactions have been entered into (i) in the ordinary and usual course of business of the Group; (ii) either on normal commercial terms or on terms no less favourable to the Group than terms available to or from (as appropriate) to independent third parties; and (iii) in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interest of the shareholders of the Company as a whole.

Significant related party transactions entered by the Group with parties regarded as "Related Parties" under applicable accounting principles for the year ended 31 December 2013 (but did not fall under Chapter 14A of the Listing Rules) are set out in note 45 to the financial statements.

DIRECTORS' INTERESTS IN CONTRACTS

Save as disclosed in this annual report and except for those set out below, no director of the Company had a material interest, either directly or indirectly, in any contract of significance to the business of the Group to which the Company or any of its holding companies and subsidiaries was a party during the year:

Nature of the contract	Name of the parties to the contract	Duration of the contract	Nature of director's interest

			26,780,000	-	(3,450,000)	(5,050,000)	18,280,000	

Note:

- 1. The cash consideration paid by each of the directors for the grant of share option is HK\$1.
- 2. 5,050,000 share options held by two former independent non-executive directors of the Company who retired in May 2013 have been reclassified under the category "other participants" on page 17 of this annual report.

Save as disclosed above, as at 31 December 2013, so far as is known to the directors and the chief executives of the Company, no other person had interests or short positions in the shares, underlying shares and debentures of the Company and any of its associated corporations (within the meaning of Part XV of the SFO), which were recorded in the register as required to be kept by the Company under section 352 of the SFO or as otherwise pursuant to the Model Code, notified to the Company and the Stock Exchange.

SUBSTANTIAL SHAREHOLDERS' INTERESTS IN SECURITIES

As at 31 December 2013, so far as is known to the directors and the chief executives of the Company, the interests or short positions of the persons (other than directors or chief executives of the Company) in the shares and underlying shares of the Company as recorded in the register required to be kept by the Company under section 336 of the SFO were as follows:

			Percentage of
		the Compan	
		Number of	issued share
Name	Capacity and nature of interest	shares held	capital
PCI (Note)	Directly beneficially owned	697,837,417	68.67
JHL (Note)	Through a controlled corporation	697,837,417	68.67

Note: These 697,837,417 shares are held by PCI, a company wholly-owned by JHL. Mr. Zhou Chu Jian He is the beneficial owner of the entire issued share capital of JHL.

Save as disclosed above, as at 31 December 2013, the Company had not been notified of any person (other than the directors or chief executives of the Company) having any interests or short positions in the shares and underlying shares of the Company as recorded in the register required to be kept by the Company under section 336 of the SFO.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as the interests disclosed in the section headed "Directors' and Chief Executives' Interests in Securities" above, at no time during the year were rights to acquire benefits by means of the acquisition of shares in or debentures of the Company granted to any director or their respective spouse or minor children, or were any such rights exercised by them; or was the Company, or any of its holding companies and subsidiaries a party to any arrangement to enable the directors to acquire such rights in any other body corporate.

DIRECTORS' INTERESTS IN COMPETING BUSINESSES

Pursuant to Rule 8.10 of the Listing Rules, during the year ended 31 December 2013, the following director of the Company was considered to have interests in the following businesses which competed or were likely to compete, either directly or indirectly, with the businesses of the Group.

DIRECTORS' INTERESTS IN COMPETING BUSINESSES (continued)

Mr. Zhou Chu Jian He, the chairman and the substantial shareholder of the Company, currently engages in businesses including property management and agency services, properties investment, retail business, mineral exploitation and related investment through a number of private companies (collectively the "Private Group").

In the event that there are transactions between the Private Group and the Company, Mr. Zhou Chu Jian He, as and when required under the Company's bye-laws, will abstain from voting on any board resolution in respect of any contract, arrangement, or proposal in which he or any of his associates has a material interest.

As the Board is independent from the board of directors of the Private Group and maintains no less than three independent non-executive directors, the Group is capable of carrying on its businesses independently of, and at an arm's length from, the businesses of the Private Group.

SUFFICIENCY OF PUBLIC FLOAT

Based on information that is publicly available to the Company and within the knowledge of the directors of the Company, as at the date of this annual report, at least 25% of the total issued share capital of the Company was held by the public as required under the Listing Rules.

CORPORATE GOVERNANCE

The Corporate Governance Report of the Company is set out on pages 24 to 32 of this annual report.

AUDITORS

The financial statements have been audited by HLB Hodgson Impey Cheng Limited whose term of office will expire and, being eligible, offer themselves for re-appointment at the forthcoming annual general meeting. The financial statements for the year ended 31 December 2012 were audited by HLB Hodgson Impey Cheng Limited and the financial statements for the year ended 31 December 2011 were audited by HLB Hodgson Impey Cheng. In March 2012, the practice of HLB Hodgson Impey Cheng was reorganised as HLB Hodgson Impey Cheng Limited. Save for the above, there has been no other change in the auditors of the Company in any of the preceding three years.

ON BEHALF OF THE BOARD

Ng Man Chung, Siman

Director

Hong Kong, 31 March 2014

The Company is committed to maintaining high standard of corporate governance practices. The Company has adopted all the code provisions (the "Code Provisions") as stated in the Corporate Governance Code (the "CG Code") contained in Appendix 14 to the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

For the year under review, the Company has complied with all the Code Provisions as set out in Appendix 14 to the Listing Rules except for the following deviation:

Under code provision E.1.2 of the CG Code, the chairman of the board should attend the annual general meeting. The chairman of the board of the Company did not attend the annual general meeting of the Company held on 29 May 2013 ("AGM") due to other business engagement. The Chief Executive Officer, the Deputy Chairman, the chairman of the Audit Committee and the chairman of the Remuneration Committee were present at the AGM to answer the shareholders' questions.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 of the Listing Rules as its own code of conduct regarding the Directors' securities transactions. The Company has made specific enquiry of all Directors whether they have complied with the Model Code and all Directors confirmed that they have complied with the Model Code throughout the year ended 31 December 2013.

BOARD COMPOSITION

The Board currently comprises nine Directors and is of the opinion that it has a balance of skill and experience based on the following composition:

EXECUTIVE DIRECTORS

Mr. Zhou Chu Jian He (Chairman)

Mr. Ng Man Chung, Siman (Deputy Chairman)

Mr. Liu Zhongsheng (Chief Executive Officer)

Mr. Xiang Xianhong

Mr. Lei Shuguang

NON-EXECUTIVE DIRECTOR

Mr. Jorge Edgar Jose Muñiz Ziches

INDEPENDENT NON-EXECUTIVE DIRECTORS

Mr. Lam Man Sum, Albert

Mr. Cao Kuangyu

Mr. Cheung Ka Wai

At least one of the Independent Non-Executive Directors possess appropriate professional qualification and/or experience in accounting and/or related financial management expertise. Throughout the year ended 31 December 2013, the Company has complied with Rules 3.10(1) and 3.10(2) of the Listing Rules. Each Non-Executive Director or Independent Non-Executive Director has entered into a service contract with the Company for a period of two years until terminated in accordance with the terms and conditions specified therein.

The brief biographical details of each Director are set out on pages 11 to 13 of this annual report. Save as disclosed above, there are no other relationship (including financial, business, family or other material or relevant relationships) among members of the Board and also between the Chairman and the Chief Executive Officer.

BOARD MEETINGS

The regular Board meetings are scheduled to be held at least four times a year at approximately quarterly intervals and additional meetings are held as and when the Board thinks appropriate. Board meetings involve active participation, either in person or through other electronic means of communication, of a majority of Directors. During the year, the Board has held four regular Board meetings and one other meeting. Details of Directors' attendance at the Board meetings, committee meetings, the AGM and the special general meeting held on 31 January 2013 ("SGM") are set out below:

Notice of at least 14 days is given to all Directors in advance for regular Board meetings. For other Board meetings, reasonable notice period is given. Meeting agendas and other relevant information are normally provided to the Directors at least 3 days in advance of the Board meetings. All Directors are consulted to include additional matters in the agenda for Board meetings.

The company secretary is responsible for keeping minutes of all Board and Board committee meetings which are recorded in sufficient detail about the matters considered. Both draft and final versions of the minutes are sent to all Directors for their comments and records. Directors have access to the advice and services of the company secretary who is responsible to the Board for ensuring that Board meeting procedures are followed. The company secretary will arrange induction package covering regulatory obligations for each newly appointed Director.

DIRECTORS' COMMITMENTS

Each Director has reported his time commitment on the affairs of the Company and other major appointment for 2013 to the Company. Apart from the appointment of Mr. Liu Zhongsheng as a non-executive director of Latin Resources Limited during 2013, no other Executive Directors hold any directorship in any other public companies. In respect of those Directors who stand for re-election at the coming annual general meeting, all their directorships held in listed public companies in the past three years are set out in the circular thereof.

The Company encourages the participation of ongoing professional trainings by individual Director at the Company's expenses and has circulated training materials including legal and regulatory update and seminar handouts relating to amendments of the Listing Rules, inside information and directors' duties and responsibilities to all Directors during 2013. The training participation by individual Directors during 2013 is summarized as below:

BOARD RESPONSIBILITY

On top of the regulatory and statutory responsibilities, the main duties of the Board include formulating strategy as well as monitoring and controlling operating and financial performance of the Group. The Board is also responsible for promoting the success of the Company by directing and supervising its affairs in a responsible and effective manner. All Directors (including Independent Non-Executive Directors) have been consulted on major and material matters of the Company and have made active contribution to the affairs of the Board. All Directors are aware of their collective and individual responsibilities to the shareholders of the Company and are committed to act in good faith and make decisions in the best interests of both the Group and the shareholders of the Company. The Board delegates day-to-day management of the businesses of the Group to the chief executive officer and the management of the relevant principal divisions. Audit Committee, Remuneration Committee and Nomination Committee have been set up to assist the Board in discharge of its duties and to oversee particular aspects of the Group's affairs. All Committees have specific functions and authority to examine issues and report to the Board with their recommendations. The final decisions are rested with the Board, unless otherwise provided in terms of reference of the relevant Committees.

The Board is responsible for performing the corporate governance functions as set out in the code provision D.3.1 of the CG Code and has adopted the latest corporate governance code manual (including continuous professional development of directors, the compliance of the Model Code, etc) and employee whistleblowing guidelines since March 2012. The records under the manual have been maintained by the company secretary. Liability insurance for the Company's directors and senior management was maintained by the Company with coverage for any legal liabilities which may arise in the course of performing their duties.

DIRECTORS' RESPONSIBILITY IN PREPARING FINANCIAL STATEMENTS

The Directors acknowledge their responsibilities, with the support from the finance department of the Company, to prepare the consolidated financial statements of the Group for the year ended 31 December 2013 that give a true and fair view of the state of affairs of the Group and ensure that the preparation of the accounts is in accordance with statutory requirements and applicable accounting standards. The Board was not aware of any material uncertainties relating to events or conditions that might cast significant doubt upon the Group's ability to continue as a going concern. The Board has prepared the consolidated financial statements on a going concern basis. The statement of the auditors of the Company regarding their reporting responsibilities for the financial statements is set out in the Independent Auditors' Report on pages 33 to 35 of this annual report.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The role of the chairman of the board and the chief executive officer are segregated and are not exercised by the same individual. Mr. Zhou Chu Jian He is the Chairman and is responsible for the leadership and the effective operation of the Board. Mr. Liu Zhongsheng is the Chief Executive Officer and is responsible for the management of the Group's businesses in all aspects effectively, the implementation of the strategies approved by the Board and assuming full accountability to the Board for the operations of the Group.

INDEPENDENT NON-EXECUTIVE DIRECTORS

Independent Non-Executive Directors serve the relevant function of bringing independent judgment on the development, performance and risk management of the Group. Their presence and participation also enable the Board to maintain high standards of compliance in financial and other mandatory reporting requirements, and provide adequate checks and balances to safeguard the interests of shareholders of the Company and the Company. Each of the Independent Non-Executive Directors has been appointed for a term of two years and subject to retirement by rotation at annual general meeting and, being eligible, offer themselves for re-election. Each of the Independent Non-Executive Directors has made an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Company is of the view that all Independent Non-Executive Directors met the independent guideline as set out in Rule 3.13 of the Listing Rules and are independent. The Independent Non-Executive Directors are explicitly identified in all of the Company's corporate communications.

NOMINATION COMMITTEE

The Company's Nomination Committee was set up on 29 March 2012 to review and make recommendations for new candidates to the Board. The Nomination Committee comprises two Executive Directors (Mr. Zhou Chu Jian He (Chairman of the Nomination Committee) and Mr. Liu Zhongsheng) and three Independent Non-Executive Directors (Mr. Lam Man Sum, Albert, Mr. Cao Kuangyu and Mr. Cheung Ka Wai). The Nomination Committee will assess new candidates based on their skills, experience and who, in its opinion, were able to make positive contribution to the performance of the Board. The terms of reference of the Nomination Committee are available on the Company's website.

The Board has adopted a board diversity policy in 2013 which sets out the approach to achieve diversity on the Board. The Nomination Committee is also responsible to review the policy and any measurable objectives as may be adopted from time to time and to review the progress on achieving the objectives. The Company seeks to achieve board diversity through the consideration of a number of factors, including but not limited to skills, regional and industry experience, background, race, gender and other qualities. The Company will also take into account of its own business model and specific needs from time to time in determining the optimum composition of the Board. Although the Board supports the principle of diversity, it currently does not intend to fix a diversity quota for Board members appointment or set a short term objective on gender diversity, for such policies may compromise on the calibre of Directors.

NOMINATION COMMITTEE (continued)

During 2013, the Nomination Committee held one meeting, with 80% attendance of its members, to review the Board's structure, size and composition to ensure that it has a balance of knowledge and experience appropriate to complement the Company's corporate strategy. In accordance with the bye-laws of the Company, at each annual general meeting one-third of the Directors for the time (or, if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation provided that every Director, including those appointed for a specific term, shall be subject to retirement by rotation at least once every three years. The Directors shall have the power to appoint any person as a director either to fill a casual vacancy on the Board or, subject to authorization by the members in general meeting, as an addition to the existing Board but so that the number of Directors so appointed shall not exceed any maximum number determined by the members in that general meeting. Any Director so appointed by the Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election at that meeting. All the two new Directors appointed in early 2013 retired and re-elected at the annual general meeting held on 29 May 2013.

REMUNERATION COMMITTEE

The Company established the Remuneration Committee on 15 July 2005. The Remuneration Committee comprises three Independent Non-Executive Directors, namely, Mr. Lam Man Sum, Albert, Mr. Cao Kuangyu and Mr. Cheung Ka Wai. Mr. Cheung Ka Wai is the chairman of the Remuneration Committee. The principal responsibility of the Remuneration Committee includes making recommendation to the Board on the Company's policy and structure for all remuneration of directors and senior management and reviewing the specific remuneration packages of all Executive Directors and senior management by reference to corporate goals and objectives resolved by the Board. The remuneration of Directors are based on the skill and contribution in the Company's affairs and are determined by reference to duties and responsibilities of the Executive Directors after considering the Group's performance and the prevailing market situations including salaries paid by comparable companies. No Director is involved in determining his own remuneration. The terms of reference of the Remuneration Committee are available at the Company's website. During 2013, the Remuneration Committee held one meeting with 67% attendance of its members and performed its duties in accordance with its terms of reference and reviewed the remuneration packages of the Directors and remuneration policies to the Board. The remuneration paid to each Director for 2013 are shown in note 11 to the financial statements.

AUDITORS' REMUNERATION

The external auditors of the Company are HLB Hodgson Impey Cheng Limited and provided services to the Company in respect of the audit of Company's financial statements which were prepared in accordance with Hong Kong Financial Reporting Standards and applicable disclosure requirements of the Hong Kong Companies Ordinance for the year ended 31 December 2013. The fee in respect of audit service provided by the external auditors to the Company for the year ended 31 December 2013 was approximately HK\$750,000 (2012: HK\$670,000). The fees paid to the external auditors for non-audit services relating to interim financial report were HK\$165,000 (2012: HK\$135,000).

AUDIT COMMITTEE

The Audit Committee was established in 1999 with written terms of reference. The Audit Committee comprises three Independent Non-Executive Directors, namely Mr. Lam Man Sum, Albert, Mr. Cao Kuangyu and Mr. Cheung Ka Wai, and is chaired by Mr. Lam Man Sum, Albert. The chairman of the Audit Committee possesses appropriate professional qualifications and/or experience in accounting and/or related financial management expertise as required under Rule 3.10(2) of the Listing Rules. The Company has complied with Rule 3.21 of the Listing Rules. The terms of reference of the Audit Committee are available on the Company's website.

The Audit Committee held two meetings in 2013 with 100% attendance of its members. During the year, the Audit Committee provided accounting and financial advices and recommendations to the Board as well as reviewed the independence of external auditors and relevant auditing matters. Also, the Audit Committee reviewed the internal control system of the Group and transactions with connected persons and the caps for continuing connected transactions. The Group's unaudited interim results for the six months ended 30 June 2013 and audited annual results for the year ended 31 December 2013 have been reviewed by the Audit Committee which was of the opinion that the preparation of the relevant financial statements complied with the applicable accounting standards and requirements and that adequate disclosure has been made.

COMPANY SECRETARY

During the year ended 31 December 2013, the company secretary attended relevant professional training for not less than 15 hours.

INTERNAL CONTROL

The Board has overall responsibilities for the establishment and maintenance of an adequate and effective internal control system to safeguard the Group's assets against unauthorized use or disposition, and to protect the interest of shareholders of the Company. Furthermore, the internal control system is designed to manage rather than eliminate the risk of failure and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Group has in place an effective internal control system which encompasses sound control environment, appropriate segregation of duties, well-defined policies and monitoring procedures and is reviewed and enhanced by the management at regular intervals.

The Group is committed to maintaining and upholding good corporate governance practices and internal control system. In respect of the year ended 31 December 2013, the Group (excluding the 49%-owned joint venture, Wuhan Plaza Management Co., Ltd.) engaged external consultants to perform annual review on the effectiveness of the internal control system of manufacture and sale of construction materials business segment in Hunan, the PRC and make recommendations for improvement and strengthening of its internal control system. Based on the reports on the findings from the external consultants, the Board was satisfied that the Group has operated an effective internal control system.

INDEPENDENT AUDITORS' REPORT

31/F, Gloucester Tower The Landmark 11 Pedder Street Central Hong Kong

TO THE SHAREHOLDERS OF JUNEFIELD DEPARTMENT STORE GROUP LIMITED

(Incorporated in Bermuda with limited liability)

We have audited the consolidated financial statements of Junefield Department Store Group Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 36 to 157, which comprise the consolidated and company statements of financial position as at 31 December 2013, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

INDEPENDENT AUDITORS' REPORT

AUDITORS' RESPONSIBILITY (continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

BASIS FOR QUALIFIED OPINION

Included in the consolidated statement of financial position is an investment in a joint venture, Wuhan Plaza Management Co., Ltd. ("WPM") with a carrying amount of approximately HK\$182,428,000 as at 31 December 2013. As further explained in note 22 to the financial statements, the Group is in dispute with the joint venturer about the term of the joint arrangement and financial information of WPM was made available to the Group only up to 31 October 2013. Accordingly, management financial statements of WPM as at and for the ten months ended 31 October 2013 have been used as the practicably most recent available financial information in applying the equity method of accounting, and the results of WPM from 1 November 2013 to 31 December 2013 have not been equity accounted for in the consolidated financial statements of the Group. In addition, the directors of the Company are unable to determine whether any impairment loss on the investment in joint venture was required. We were unable to obtain sufficient appropriate audit evidence about the financial information of WPM because we did not have sufficient access to the financial information, books and records and the management of WPM.

INDEPENDENT AUDITORS' REPORT

BASIS FOR QUALIFIED OPINION (continued)

In view of the above and in the absence of any alternative procedures to be carried out in respect of the financial information of WPM, we were unable to satisfy ourselves as to whether (i) the carrying amount of the Group's investment in WPM, and (ii) the Group's share of the results and other comprehensive income or expense of WPM, as included in the Group's consolidated financial statements as at and for the year ended 31 December 2013 were fairly stated. In addition, the required summarised financial information of WPM is not disclosed in accordance with Hong Kong Financial Reporting Standard 12 "Disclosure of Interests in Other Entities" issued by the Hong Kong Institute of Certified Public Accountants. Consequently, we were unable to determine whether any adjustments to these amounts were necessary. Any adjustments that might have been found to be necessary in respect of the abovementioned financial information would have a consequential effect on the Group's net assets as at 31 December 2013, and the Group's profit for the year then ended and related disclosures in these consolidated financial statements.

QUALIFIED OPINION

In our opinion, except for the possible effects of the matter described in the basis for qualified opinion paragraph, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2013, and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

1. CORPORATE INFORMATION

Junefield Department Store Group Limited (the "Company") is incorporated in Bermuda with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The addresses of the registered office and principal place of business in Hong Kong of the Company are disclosed in the corporate information section on page 2 of this annual report.

During the year, the Company and its subsidiaries (collectively referred to as the "Group") were involved in the following principal activities:

- property investment and development;
- provision of property management and agency services;
- manufacture and sale of construction materials;
- securities investments; and
- trading of mineral concentrates.

In the opinion of the directors, the immediate holding company of the Company is Prime Century Investments Limited ("PCI"), a company incorporated in the British Virgin Islands, and the ultimate holding company of the Company is Junefield (Holdings) Limited ("JHL"), a company incorporated in Hong Kong.

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for investment properties, certain financial instruments and equity investments, which have been measured at fair value. These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand except when otherwise indicated.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.1 BASIS OF PREPARATION (continued)

BASIS OF CONSOLIDATION

The consolidated financial statements include the financial statements of the Company and its subsidiaries for the year ended 31 December 2013. The financial statements of the subsidiaries are prepared for the same reporting period as the Company. Adjustments are made to bring into line any dissimilar accounting policies that may exist. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests, even if these results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described in the accounting policy for subsidiaries below. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.2 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements.

HKFRS 1 Amendments Amendments to HKFRS 1 First-time Adoption of Hong Kong

Financial Reporting Standards – Government Loans

HKFRS 7 Amendments Amendments to HKFRS 7 Financial Instruments: Disclosures -

Offsetting Financial Assets and Financial Liabilities

HKFRS 10 Consolidated Financial Statements

HKFRS 11 Joint Arrangements

HKFRS 12 Disclosure of Interests in Other Entities

HKFRS 10, HKFRS 11 and Amendments to HKFRS 10, HKFRS 11 and HKFRS 12

HKFRS 12 Amendments – Transition Guidance
HKFRS 13 Fair Value Measurement

HKAS 1 Amendments Amendments to HKAS 1 Presentation of Financial Statements -

Presentation of Items of Other Comprehensive Income

HKAS 19 (2011) Employee Benefits

HKAS 27 (2011) Separate Financial Statements

HKAS 28 (2011) Investments in Associates and Joint Ventures

HK(IFRIC)-Int 20 Stripping Costs in the Production Phase of a Surface Mine
Annual Improvements Amendments to a number of HKFRSs issued in June 2012

2009-2011 Cycle

Other than as further explained below regarding the impact of HKFRS 10, HKFRS 11, HKFRS 12, HKFRS 13, HKAS 19 (2011), amendments to HKFRS 10, HKFRS 11, HKFRS 12 and HKAS 1, and certain amendments included in *Annual Improvements 2009-2011 Cycle*, the adoption of the new and revised HKFRSs has had no significant financial effect on these financial statements.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.2 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES (continued)

The principal effect of adopting these new and revised HKFRSs are as follows:

(a) HKFRS 10 replaces the portion of HKAS 27 Consolidated and Separate Financial Statements that addresses the accounting for consolidated financial statements and addresses the issues in HK(SIC)-Int 12 Consolidation – Special Purpose Entities. It establishes a single control model used for determining which entities are consolidated. To meet the definition of control in HKFRS 10, an investor must have (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor's returns. The changes introduced by HKFRS 10 require management of the Group to exercise significant judgement to determine which entities are controlled.

As a result of the application of HKFRS 10, the Group has changed the accounting policy with respect to determining which investees are controlled by the Group. The application of HKFRS 10 does not change any of the consolidation conclusions of the Group in respect of its involvement with investees as at 1 January 2013.

(b) HKFRS 11 replaces HKAS 31 Interests in Joint Ventures and HK(SIC)-Int 13 Jointly Controlled Entities – Non-Monetary Contributions by Venturers. It describes the accounting for joint arrangements with joint control. It addresses only two forms of joint arrangements, i.e., joint operations and joint ventures, and removes the option to account for joint ventures using proportionate consolidation. The classification of joint arrangements under HKFRS 11 depends on the parties' rights and obligations arising from the arrangements. A joint operation is a joint arrangement whereby the joint operators have rights to the assets and obligations for the liabilities of the arrangement and is accounted for on a line-by-line basis to the extent of the joint operators' rights and obligations in the joint operation. A joint venture is a joint arrangement whereby the joint venturers have rights to the net assets of the arrangement and is required to be accounted for using the equity method in accordance with HKAS 28 (2011).

The adoption of HKFRS 11 has had no significant financial effect on these financial statements.

(c) HKFRS 12 sets out the disclosure requirements for subsidiaries, joint arrangements, associates and structured entities previously included in HKAS 27 Consolidated and Separate Financial Statements, HKAS 31 Interests in Joint Ventures and HKAS 28 Investments in Associates. It also introduces a number of new disclosure requirements for these entities. Details of the disclosures for subsidiaries, joint venture and associate are included in notes 21, 22 and 23 to the financial statements.

2.2 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES (continued)

- (d) The HKFRS 10, HKFRS 11 and HKFRS 12 Amendments clarify the transition guidance in HKFRS 10 and provide further relief from full retrospective application of these standards, limiting the requirement to provide adjusted comparative information to only the preceding comparative period. The amendments clarify that retrospective adjustments are only required if the consolidation conclusion as to which entities are controlled by the Group is different between HKFRS 10 and HKAS 27 or HK(SIC)-Int 12 at the beginning of the annual period in which HKFRS 10 is applied for the first time.
- (e) HKFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across HKFRSs. The standard does not change the circumstances in which the Group is required to use fair value, but rather provides guidance on how fair value should be applied where its use is already required or permitted under other HKFRSs. HKFRS 13 is applied prospectively and the adoption has had no material impact on the Group's fair value measurements. As a result of the guidance in HKFRS 13, the policies for measuring fair value have been amended.
- (f) The HKAS 1 Amendments change the grouping of items presented in other comprehensive income ("OCI"). Items that could be reclassified (or recycled) to profit or loss at a future point in time (for example, exchange differences on translation of foreign operations, net movement on cash flow hedges and net loss or gain on available-for-sale financial assets) are presented separately from items which will never be reclassified (for example, the revaluation of land and buildings). The amendments have affected the presentation only and have had no impact on the financial position or performance of the Group. The consolidated statement of comprehensive income has been restated to reflect the changes. In addition, the Group has chosen to use the new title "statement of profit or loss" as introduced by the amendments in these financial statements.
- (g) HKAS 19 (2011) includes a number of amendments that range from fundamental changes to simple clarifications and re-wording. The revised standard introduces significant changes in the accounting for defined benefit pension plans including removing the choice to defer the recognition of actuarial gains and losses. Other changes include modifications to the timing of recognition for termination benefits, the classification of short-term employee benefits and disclosures of defined benefit plans. As the Group does not have any defined benefit plan or employee termination plan and the Group does not have any significant employee benefits that are expected to be settled for more than twelve months after the reporting period, the adoption of the revised standard has had no effect on the financial position or performance of the Group.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.2 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES (continued)

- (h) Annual Improvements 2009-2011 Cycle issued in June 2012 sets out amendments to a number of standards. There are separate transitional provisions for each standard. While the adoption of some of the amendments may result in changes in accounting policies, none of these amendments have had a significant financial impact on the Group. Details of the key amendments most applicable to the Group are as follows:
 - HKAS 1 Presentation of Financial Statements: Clarifies the difference between voluntary additional comparative information and the minimum required comparative information. Generally, the minimum required comparative period is the previous period. An entity must include comparative information in the related notes to the financial statements when it voluntarily provides comparative information beyond the previous period. The additional comparative information does not need to contain a complete set of financial statements.

In addition, the amendment clarifies that the opening statement of financial position as at the beginning of the preceding period must be presented when an entity changes its accounting policies; makes retrospective restatements or makes reclassifications, and that change has a material effect on the statement of financial position. However, the related notes to the opening statement of financial position as at the beginning of the preceding period are not required to be presented.

HKAS 32 Financial Instruments: Presentation: Clarifies that income taxes arising from
distributions to equity holders are accounted for in accordance with HKAS 12 Income
Taxes. The amendment removes existing income tax requirements from HKAS 32 and
requires entities to apply the requirements in HKAS 12 to any income tax arising from
distributions to equity holders.

Certain comparative amounts have been reclassified and restated to conform with current year's presentation as the Group changed the structure of its internal organisation in a manner that causes the composition of its reportable segments to change by introducing an additional reportable operating segment regarding trading of mineral concentrates and removing the others segment during the year. Accordingly, segment information of trading of mineral concentrates segment for the year ended 31 December 2012 for comparative purposes has been restated to reflect the newly reportable segment and the segment information of others segment for the year ended 31 December 2012 for comparative purposes has not been presented.

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

Further information about those HKFRSs that are expected to be applicable to the Group is as follows:

HKFRS 9 issued in November 2009 is the first part of phase 1 of a comprehensive project to entirely replace HKAS 39 *Financial Instruments: Recognition and Measurement*. This phase focuses on the classification and measurement of financial assets. Instead of classifying financial assets into four categories, an entity shall classify financial assets as subsequently measured at either amortised cost or fair value, on the basis of both the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. This aims to improve and simplify the approach for the classification and measurement of financial assets compared with the requirements of HKAS 39.

In November 2010, the HKICPA issued additions to HKFRS 9 to address financial liabilities (the "Additions") and incorporated in HKFRS 9 the current derecognition principles of financial instruments of HKAS 39. Most of the Additions were carried forward unchanged from HKAS 39, while changes were made to the measurement of financial liabilities designated as at fair value through profit or loss using the fair value option ("FVO"). For these FVO liabilities, the amount of change in the fair value of a liability that is attributable to changes in credit risk must be presented in OCI. The remainder of the change in fair value is presented in profit or loss, unless presentation of the fair value change in respect of the liability's credit risk in OCI would create or enlarge an accounting mismatch in profit or loss. However, loan commitments and financial guarantee contracts which have been designated under the FVO are scoped out of the Additions.

In December 2013, the HKICPA added to HKFRS 9 the requirements related to hedge accounting and made some related changes to HKAS 39 and HKFRS 7 which include the corresponding disclosures about risk management activity for applying hedge accounting. The amendments to HKFRS 9 relax the requirements for assessing hedge effectiveness which result in more risk management strategies being eligible for hedge accounting. The amendments also allow greater flexibility on the hedged items and relax the rules on using purchased options and non-derivative financial instruments as hedging instruments. In addition, the amendments to HKFRS 9 allow an entity to apply only the improved accounting for own credit risk-related fair value gains and losses arising on FVO liabilities as introduced in 2010 without applying the other HKFRS 9 requirements at the same time.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKAS 39 is aimed to be replaced by HKFRS 9 in its entirety. Before this entire replacement, the guidance in HKAS 39 on impairment of financial assets continues to apply. The previous mandatory effective date of HKFRS 9 was removed by the HKICPA in December 2013 and a mandatory effective date will be determined after the entire replacement of HKAS 39 is completed. However, the standard is available for application now. The Group will quantify the effect in conjunction with other phases, when the final standard including all phases is issued.

Amendments to HKFRS 10 include a definition of an investment entity and provide an exception to the consolidation requirement for entities that meet the definition of an investment entity. Investment entities are required to account for subsidiaries at fair value through profit or loss in accordance with HKFRS 9 rather than consolidate them. Consequential amendments were made to HKFRS 12 and HKAS 27 (2011). The amendments to HKFRS 12 also set out the disclosure requirements for investment entities. The Group expects that these amendments will not have any impact on the Group as the Company is not an investment entity as defined in HKFRS 10.

The HKAS 32 Amendments clarify the meaning of "currently has a legally enforceable right to set off" for offsetting financial assets and financial liabilities. The amendments also clarify the application of the offsetting criteria in HKAS 32 to settlement systems (such as central clearing house systems) which apply gross settlement mechanisms that are not simultaneous. The amendments are not expected to have any impact on the financial position or performance of the Group upon adoption on 1 January 2014.

The HKAS 36 Amendments remove the unintended disclosure requirement made by HKFRS 13 on the recoverable amount of a cash-generating unit which is not impaired. In addition, the amendments require the disclosure of the recoverable amounts for the assets or cash-generating units for which an impairment loss has been recognised or reversed during the reporting period, and expand the disclosure requirements regarding the fair value measurement for these assets or units if their recoverable amounts are based on fair value less costs of disposal. The amendments are effective retrospectively for annual periods beginning on or after 1 January 2014 with earlier application permitted, provided HKFRS 13 is also applied.

The Group has not early applied the new standards, amendments and interpretations that have been issued by the HKICPA but are not yet effective. The Group has already commenced an assessment of the impact of the other new standards, amendments and interpretations but is not yet in a position to determine whether these new standards, amendments and interpretations would have a material impact on its results of operations and financial position.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

SUBSIDIARIES

A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The results of subsidiaries are included in the Company's statement of profit or loss to the extent of dividends received and receivable. The Company's investments in subsidiaries that are not classified as held for sale in accordance with HKFRS 5 are stated at cost less any impairment losses.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENTS IN ASSOCIATES AND JOINT VENTURES

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in associates and joint ventures are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. Adjustments are made to bring into line any dissimilar accounting policies that may exist. The Group's share of the post-acquisition results and other comprehensive income of associates and joint ventures is included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's investments in the associates or joint ventures, except where unrealised losses provide evidence of an impairment of the asset transferred. Goodwill arising from the acquisition of associates or joint ventures is included as part of the Group's investments in associates or joint ventures.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENTS IN ASSOCIATES AND JOINT VENTURES (continued)

The results of associates and joint ventures are included in the Company's statement of profit or loss to the extent of dividends received and receivable. The Company's investments in associates and joint ventures are treated as non-current assets and are stated at cost less any impairment losses.

When an investment in an associate or a joint venture is classified as held for sale, it is accounted for in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.

BUSINESS COMBINATIONS AND GOODWILL

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of HKAS 39 is measured at fair value with changes in fair value either recognised in profit or loss or as a change to other comprehensive income. If the contingent consideration is not within the scope of HKAS 39, it is measured in accordance with the appropriate HKFRS. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BUSINESS COMBINATIONS AND GOODWILL (continued)

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 December. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the disposed operation and the portion of the cash-generating unit retained.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

FAIR VALUE MEASUREMENT

The Group measures its investment properties, derivative financial instruments and equity investments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

IMPAIRMENT OF NON-FINANCIAL ASSETS

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, financial assets and investment properties), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

RELATED PARTIES

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a); and
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

PROPERTY, PLANT AND EQUIPMENT AND DEPRECIATION

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. When an item of property, plant and equipment is classified as held for sale or when it is part of a disposal group classified as held for sale, it is not depreciated and is accounted for in accordance with HKFRS 5 *Non-current assets and disposal groups held for sale*. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Freehold land Not depreciated Buildings 20 to 30 years

Leasehold improvements Over the shorter of the lease terms and 6 years

Plant and machinery 4 to 12 years
Office equipment 5 years
Motor vehicles 3 to 6 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the statement of profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENT PROPERTIES

Investment properties are interests in land and buildings (including the leasehold interest under an operating lease for a property which would otherwise meet the definition of an investment property) held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of the reporting period.

Gains or losses arising from changes in the fair values of investment properties are included in the statement of profit or loss in the year in which they arise.

Any gains or losses on the retirement or disposal of an investment property are recognised in the statement of profit or loss in the year of the retirement or disposal.

INTANGIBLE ASSETS (OTHER THAN GOODWILL)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether the indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INTANGIBLE ASSETS (OTHER THAN GOODWILL) (continued)

Exploration and evaluation assets

Exploration and evaluation assets are recognised at cost on initial recognition. Subsequent to initial recognition, exploration and evaluation assets are stated at cost less any accumulated impairment losses. Exploration and evaluation assets include the cost of exploration rights and the expenditures incurred in the search for mineral resources as well as the determination of the technical feasibility and commercial viability of extracting those resources. When the technical feasibility and commercial viability of extracting mineral resources become demonstrate, previously recognised exploration and evaluation assets are reclassified as either intangible assets or property, plant and equipment. These assets are assessed for impairment before reclassification, and any impairment loss is recognised in profit or loss.

LEASES

Leases that transfer substantially all the rewards and risks of ownership of assets to the Group, other than legal title, are accounted for as finance leases. At the inception of a finance lease, the cost of the leased asset is capitalised at the present value of the minimum lease payments and recorded together with the obligation, excluding the interest element, to reflect the purchase and financing. Assets held under capitalised finance leases, including prepaid land lease payments under finance leases, are included in property, plant and equipment, and depreciated over the shorter of the lease terms and the estimated useful lives of the assets. The finance costs of such leases are charged to the statement of profit or loss so as to provide a constant periodic rate of charge over the lease terms.

Assets acquired through hire purchase contracts of a financing nature are accounted for as finance leases, but are depreciated over their estimated useful lives.

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to the statement of profit or loss on the straight-line basis over the lease terms. Where the Group is the lessee, rentals payable under operating leases net of any incentives received from the lessor are charged to the statement of profit or loss on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms.

INVESTMENTS AND OTHER FINANCIAL ASSETS

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, loans and receivables and available-for-sale financial investments, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. When financial assets are recognised initially, they are measured at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

The Group's financial assets include time deposits, cash and bank balances, accounts receivable, other receivables, amount due from a joint venture, amounts due from related companies, financial instruments at fair value through profit or loss and convertible note.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments as defined by HKAS 39.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with positive and negative net changes in fair value presented in the statement of profit or loss. These net fair value changes do not include any dividends or interest earned on these financial assets, which are recognised in accordance with the policies set out for "Revenue recognition" below.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENTS AND OTHER FINANCIAL ASSETS (continued)

Financial assets at fair value through profit or loss (continued)

Financial assets designated upon initial recognition as at fair value through profit or loss are designated at the date of initial recognition and only if the criteria in HKAS 39 are satisfied.

Derivatives embedded in host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated as at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in the statement of profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and includes fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in other income and gains in the statement of profit or loss. The loss arising from impairment is recognised in the statement of profit or loss in finance costs for loans and in other expenses for receivables.

Available-for-sale financial investments

Available-for-sale financial investments are non-derivative financial assets in listed and unlisted equity investments and debt securities. Equity investments classified as available for sale are those which are neither classified as held for trading nor designated as at fair value through profit or loss. Debt securities in this category are those which are intended to be held for an indefinite period of time and which may be sold in response to needs for liquidity or in response to changes in market conditions.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENTS AND OTHER FINANCIAL ASSETS (continued)

Available-for-sale financial investments (continued)

After initial recognition, available-for-sale financial investments are subsequently measured at fair value, with unrealised gains or losses recognised as other comprehensive income in the available-for-sale investment revaluation reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in the statement of profit or loss in other income, or until the investment is determined to be impaired, when the cumulative gain or loss is reclassified from the available-for-sale investment revaluation reserve to the statement of profit or loss in other gains or losses. Interest and dividends earned whilst holding the available-for-sale financial investments are reported as interest income and dividend income, respectively and are recognised in the statement of profit or loss as other income in accordance with the policies set out for "Revenue recognition" below.

When the fair value of unlisted equity investments cannot be reliably measured because (a) the variability in the range of reasonable fair value estimates is significant for that investment or (b) the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value, such investments are stated at cost less any impairment losses.

The Group evaluates whether the ability and intention to sell its available-for-sale financial assets in the near term are still appropriate. When, in rare circumstances, the Group is unable to trade these financial assets due to inactive markets, the Group may elect to reclassify these financial assets if management has the ability and intention to hold the assets for the foreseeable future or until maturity.

For a financial asset reclassified from the available-for-sale category, the fair value carrying amount at the date of reclassification becomes its new amortised cost and any previous gain or loss on that asset that has been recognised in equity is amortised to profit or loss over the remaining life of the investment using the effective interest rate. Any difference between the new amortised cost and the maturity amount is also amortised over the remaining life of the asset using the effective interest rate. If the asset is subsequently determined to be impaired, then the amount recorded in equity is reclassified to the statement of profit or loss.

INVESTMENTS AND OTHER FINANCIAL ASSETS (continued)

Convertible note subscribed by the Group

Compound financial instruments subscribed by the Group comprise convertible note that can be converted to shares of the issuing party at the option of the Group.

The conversion option component is recognised at fair value as an investment at fair value through profit or loss. The loan receivable component of a compound financial instrument is recognised initially at the difference between the fair value of the compound financial instrument as a whole and the fair value of the option component. Any directly attributable transaction costs are allocated to the option component and loan receivables component in proportion to their initial carrying amounts.

In subsequent periods, the loan receivable component of the convertible note is carried at amortised cost using the effective interest method. The option component of the convertible note is re-measured at fair value at each reporting with any change of fair value being recognised in profit or loss.

DERECOGNITION OF FINANCIAL ASSETS

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

IMPAIRMENT OF FINANCIAL ASSETS

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. An impairment exists if one or more events that occurred after the initial recognition of the asset have an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition).

The carrying amount of the asset is reduced through the use of an allowance account and the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group.

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to other expenses in the statement of profit or loss.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

IMPAIRMENT OF FINANCIAL ASSETS (continued)

Available-for-sale financial investments

For available-for-sale financial investments, the Group assesses at the end of each reporting period whether there is objective evidence that an investment or a group of investments is impaired.

If an available-for-sale asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the statement of profit or loss, is removed from other comprehensive income and recognised in the statement of profit or loss.

In the case of equity investments classified as available for sale, objective evidence would include a significant or prolonged decline in the fair value of an investment below its cost. "Significant" is evaluated against the original cost of the investment and "prolonged" against the period in which the fair value has been below its original cost. Where there is evidence of impairment, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognised in the statement of profit or loss – is removed from other comprehensive income and recognised in the statement of profit or loss. Impairment losses on equity instruments classified as available for sale are not reversed through the statement of profit or loss. Increases in their fair value after impairment are recognised directly in other comprehensive income.

FINANCIAL LIABILITIES

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

The Group's financial liabilities include accounts payable, other payables, interest-bearing bank and other borrowings and amounts due to the ultimate holding company, related companies and a joint venturer.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the statement of profit or loss.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

DERECOGNITION OF FINANCIAL LIABILITIES

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the statement of profit or loss.

OFFSETTING OF FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

PROPERTIES UNDER DEVELOPMENT FOR SALE

Properties under development for sale are stated at cost, which includes all development expenditures, including land costs, interest charges and other costs directly attributable to such properties.

Properties under development for sale are classified as current assets unless the construction period of the relevant property development project is expected to complete beyond normal operating cycle.

Properties under development for sale are valued at the lower of cost and net realisable value at the end of the reporting period and any excess of cost over net realisable value of an individual item of properties under development is accounted for as a provision. Net realisable value is based on estimated selling price in the ordinary course of business as determined by management with reference to the prevailing market conditions, less further costs expected to be incurred to completion and selling and marketing costs.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

CASH AND CASH EQUIVALENTS

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

PROVISIONS

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of profit or loss.

INCOME TAX

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INCOME TAX (continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

REVENUE RECOGNITION

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (a) from the sale of goods, when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold;
- (b) from the rendering of property management and agency services, when such services are rendered:
- (c) rental income, on a time proportion basis over the lease terms;
- (d) interest income, on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset; and
- (e) dividend income, when the shareholders' right to receive payment has been established.

SHARE-BASED PAYMENTS

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer using a trinomial model, further details of which are given in note 39 to the financial statements.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefit expense. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the statement of profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

SHARE-BASED PAYMENTS (continued)

No expense is recognised for awards that do not ultimately vest, except for equity-settled transactions where vesting is conditional upon a market or non-vesting condition, which are treated as vesting irrespective of whether or not the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

OTHER EMPLOYEE BENEFITS

Pension scheme

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' basic salaries and are charged to the statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries which operates in the People's Republic of China (the "PRC"), Peru and Ecuador are required to participate in a central pension scheme operated by the local municipal government. The contributions are charged to the statement of profit or loss as they become payable in accordance with the rules of the central pension scheme.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

DIVIDENDS

Final dividends proposed by the directors are classified as a separate allocation of retained profits within the equity section of the statement of financial position, until they have been approved by the shareholders in a general meeting. When these dividends have been approved by the shareholders and declared, they are recognised as a liability.

Interim dividends are simultaneously proposed and declared. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

FOREIGN CURRENCIES

These financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss with the exception of monetary items that are designated as part of the hedge of the Group's net investment of a foreign operation. These are recognised in other comprehensive income until the net investment is disposed of, at which time the cumulative amount is reclassified to the statement of profit or loss. Tax charges and credits attributable to exchange differences on those monetary items are also recorded in other comprehensive income.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

FOREIGN CURRENCIES (continued)

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss, respectively).

The functional currencies of certain overseas subsidiaries, joint ventures and associates are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into the presentation currency of the Company at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into Hong Kong dollars at the weighted average exchange rates for the year. The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the statement of profit or loss.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on acquisition are treated as assets and liabilities of the foreign operation and translated at the closing rate.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

4. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Management assessed that the fair values of time deposits, cash and cash equivalents, accounts receivable, financial assets included in prepayments, deposits and other receivables, amount due from a joint venture, amounts due from related companies, accounts payable, financial liabilities included in other payables and accruals, amount due to the ultimate holding company, amounts due to related companies, amount due to a joint venturer and amounts due from subsidiaries approximate to their carrying amounts largely due to the short term maturities of these instruments.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

Company

The fair values of listed equity investments are based on quoted market prices.

Group

The fair values of listed equity investments are based on quoted market prices. The fair values of unlisted financial instruments designated at fair value through profit or loss have been estimated using a discounted cash flow valuation model based on assumptions that are not supported by observable market prices or rates. The valuation requires the directors to make estimates about the expected future cash flows including expected future proceeds on subsequent disposal. The directors believe that the estimated fair values resulting from the valuation technique, which are recorded in the consolidated statement of financial position, and the related changes in fair values, which are recorded in the consolidated statement of profit or loss, are reasonable, and that they were the most appropriate values at the end of the reporting period.

The Group entered into a convertible note agreement with an associate listed on Australian Securities Exchange Limited ("ASX Limited"), the conversion option component of the convertible note is measured using valuation techniques based on assumptions that are supported by observable market prices or rates. The inputs to the valuation are included in note 25 to the financial statements. The directors believe that the estimated fair values resulting from the valuation technique, which are recorded in the consolidated statement of financial position, and the related changes in fair value, which are recorded in the consolidated statement of profit or loss, are reasonable, and that they are the most appropriate values at the end of the reporting period.

As at 31 December 2013, the loan receivable component of the convertible note of the Group with a carrying amount of approximately HK\$14,900,000 has a fair value of approximately HK\$12,714,000. The fair value of the loan receivable component of convertible note has been valued by discounted cash flow with the major input being the discount rate.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

4. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (continued)

Group (continued)

Below is a summary of significant unobservable inputs to the valuation of financial instruments:

	Fair value as at 31 December 2013	Valuation technique	Significant unobservable inputs	Fair value hierarchy	Sensitivity of the input to fair value
Unlisted financial instruments designated at fair value through profit or loss – structured deposits	HK\$48,798,000	Discounted cash flows	Discount rate ranging from 1.48% to 1.75%	Level 3	The higher the discount rate, the lower the fair value

During the year ended 31 December 2013, the Group entered into several contracts of structured deposits with banks in the PRC. The structured deposits contain embedded derivatives which were not closely related to the host contract. The entire combined contracts have been designated as at financial assets at fair value through profit or loss on initial recognition. The principal of such financial assets are guaranteed by the relevant banks. The expected return rate stated in the contracts ranges from 3.80% to 5.65% per annum.

The fair values of the structured deposits included in the Level 3 categories above have been determined in accordance with generally accepted pricing models based on discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Reconciliation of Level 3 fair value measurements:

Of the total gains for the year included in profit or loss, approximately HK\$34,000 relates to financial instruments designated at fair value through profit or loss held at the end of the reporting period. Such gains are included in "Other income and gains" in the consolidated statement of profit or loss.

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's activities expose it to a variety of financial risks: market risk (including interest rate risk, foreign currency risk and price risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(a) INTEREST RATE RISK

At 31 December 2013, the Group's cash flow interest rate risk relates primarily to bank borrowings with a floating interest rate, further details of these borrowings are set out in note 36 to the financial statements. The Group currently does not hedge its exposure to interest rate risks. However, the management monitors the interest rate risk exposure closely and will consider hedging significant interest rate risk exposure should the need arise.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Group's profits after tax (through the impact on floating rate borrowings) and the Group's equity.

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

(continued)

(b) FOREIGN CURRENCY RISK

The Group has transactional currency exposures. Such exposures arise from sales or purchases by operating units in currencies other than the units' functional currencies. The Group's major operations and businesses are located in the PRC and Ecuador and substantially all transactions are conducted in Renminbi ("RMB") and USD. All the assets and liabilities of these businesses are denominated in RMB and USD. At the end of the reporting period, certain asset of the Group is denominated in Australian dollar ("AUD").

The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure closely and will consider hedging significant foreign currency exposure should the need arise.

Since HK\$ is pegged to USD, relevant foreign currency risk is minimal. Accordingly, their fluctuation is excluded from the sensitivity analysis. The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in the RMB and AUD exchange rates, with all other variables held constant, of the Group's profit after tax (due to changes in the fair value of monetary assets and liabilities) and the Group's equity.

(c) EQUITY PRICE RISK

Equity price risk is the risk that the fair values of equity securities decrease as a result of changes in the levels of equity indices and the value of individual securities. The Group is exposed to equity price risk arising from individual equity investments classified as trading equity investments as at 31 December 2013. The Group's listed investments are listed on the Stock Exchange and the TSX Venture Exchange of Canada and are valued at quoted market prices at the end of the reporting period. At the end of the reporting period, the Group was exposed to equity price risk through the conversion rights attached to the convertible note issued by an associate listed on ASX Limited.

The market equity indices for the Stock Exchange, the TSX Venture Exchange of Canada and the ASX Limited, at the close of business of the nearest trading day in the year to the end of the reporting period, and their respective highest and lowest points during the year were as follows:

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

(continued)

(d) CREDIT RISK

The Group reviews the recoverability of its financial assets periodically to ensure that potential credit risk of the counterparty is managed at an early stage and sufficient provision is made for possible defaults. In addition, the Group reviews regularly the recoverable amount of each individual accounts receivable to ensure that adequate impairment losses are made for irrecoverable amounts.

The credit risk of the Group's other financial assets, which comprise cash and cash equivalents, other receivables, loan receivables, amount due from a joint venture, amounts due from related companies and loan receivable component of convertible note, arises from default of the counterparty, with a maximum exposure equal to the carrying amounts of these instruments.

Since the Group trades only with recognised and creditworthy third parties, there is no requirement for collateral. At the end of the reporting period, the Group had certain concentrations of credit risk as 19% (2012: 14%) and 48% (2012: 59%) of the Group's accounts receivable were due from the Group's largest customer and the five largest customers, respectively.

Further quantitative data in respect of the Group's exposure to credit risk arising from accounts receivable and loan receivables are disclosed in note 28 and 29 respectively to the financial statements.

(e) LIQUIDITY RISK

The Group's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short, medium and longer term. Banking facilities have been put in place for contingency purposes. Certain individual operating entities within the Group are responsible for their own cash management.

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

Specifically, bank loan with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights within one year after the reporting date.

(e) LIQUIDITY RISK (continued)

As at 31 December 2013, the Group has available unutilised overdrafts of approximately HK\$5,000,000 (2012: HK\$5,000,000).

The maturity profile of the Group's and Company's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

(f) CAPITAL MANAGEMENT

The primary objectives of the Group's capital management are to enhance the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders or issue new shares. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2013 and 2012.

The Group monitors capital using the debt-to-total equity ratio, which is net debt divided by total equity. Net debt is calculated as total borrowings (including amount due to the ultimate holding company, amounts due to related companies, amount due to a joint venturer and interest-bearing bank and other borrowings) less cash and bank balances.

The debt-to-total equity ratios at 31 December 2013 and 2012 were as follows:

Debt-to-total equity ratio	2%	6%
Total equity	830,089	753,099
Net debt	15,114	46,759

6. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

USEFUL LIVES OF PROPERTY, PLANT AND EQUIPMENT

The Group's management determines the estimated useful lives and consequently related depreciation charges. This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. It could change significantly as a result of technical innovations and competitor actions in response to severe industry cycles. Management will increase the deprecation charge where useful lives are less than previously estimated lives, or it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned or sold. The carrying amount of property, plant and equipment at 31 December 2013 was approximately HK\$221,755,000 (2012: HK\$235,592,000). Further details are included in note 17 to the financial statements.

IMPAIRMENT OF EXPLORATION AND EVALUATION ASSETS

The carrying value of exploration and evaluation assets is reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The Group considers all facts and circumstances occurred to judge whether these facts and circumstances would suggest that the carrying amount of the exploration and evaluation assets may exceed its recoverable amount (i.e. impaired). Based on the judgement of the directors, there was no impairment on the exploration and evaluation assets and no impairment loss is recognised for the year ended 31 December 2013. Management reassesses the impairment of exploration and evaluation assets at the end of the reporting period. The carrying amount of exploration and evaluation assets at 31 December 2013 was approximately HK\$16,401,000 (2012: 15,717,000). Further details are included in note 20 to the financial statements.

JOINT VENTURE AND ASSOCIATE

The Group regularly reviews investments in joint venture and associate for impairment based on both quantitative and qualitative criteria. Such analysis typically includes various estimates and assumptions, the financial health and future prospects of the companies. The investments are reviewed for impairment when there is an indication. If indications exist, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. Such impairment loss is recognised in the consolidated statement of profit or loss. Further details of the joint venture and the associate are included in note 22 and 23 to the financial statements, respectively.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

6. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

(continued)

ESTIMATED IMPAIRMENT OF RECEIVABLES

The Group records impairment of receivables based on an assessment of the recoverability of accounts receivable, other receivables and loan receivables. Provisions are applied to accounts receivable, other receivables and loan receivables where events or changes in circumstances indicate that the balances may not be collectible. The identification of doubtful debts requires the use of judgements and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of accounts receivable, other receivables and loan receivables and impairment charges in the period in which such estimate has been changed. The amount of accounts receivable at 31 December 2013 was approximately HK\$17,877,000 (2012: HK\$11,920,000). Further details are included in note 28 to the financial statements. Loan receivables were fully impaired during the year ended 31 December 2013, further details of which are included in note 29 to the financial statements.

ESTIMATION OF FAIR VALUE OF INVESTMENT PROPERTIES

Investment properties of the Group are stated at fair value in accordance with the accounting policy stated in note 2.4 to the financial statements. The fair value of investment properties at 31 December 2013 was approximately HK\$187,321,000 (2012: HK\$47,765,000). The fair value of investment properties, set out in note 18 to the financial statements are determined by an independent professional qualified valuer. Such valuations are made based on certain assumptions, which are subject to uncertainties and might materially differ from the actual results. In making the judgement, reasonable consideration has been given to the underlying assumptions that are mainly based on market condition existing at the end of the reporting period. These estimates are regularly compared to actual market data and actual transactions in the market.

IMPAIRMENT OF INTANGIBLE ASSET - SUPPLIER CONTRACTS

At the end of the reporting period, management reconsidered the recoverability of the intangible asset – supplier contracts arising from the acquisition of a subsidiary, in which the carrying amount at 31 December 2013 is approximately HK\$127,127,000 (2012: HK\$136,331,000). The business of the related subsidiary continues to progress in a satisfactory manner. Sensitivity analysis has been carried out by management and no impairment is considered necessary at 31 December 2013. Adjustment will be made in future periods if future market activities indicate that adjustments for impairment are appropriate. Further details are included in note 20 to the financial statements.

INCOME TAXES

Determining income tax provisions involves judgement on the future tax treatment of certain transactions. The Group carefully evaluates tax implications of transactions and tax provisions are set up accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislations.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

7. SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on their products and services and has five reportable operating segments as follows:

- (a) the property investment and development segment engages in leasing and sale of properties;
- (b) the property management and agency services segment provides property management and agency services;
- (c) the manufacture and sale of construction materials segment engages in the manufacture and sale of slag powder;
- (d) the securities investments segment engages in listed and unlisted investments; and
- (e) the trading of mineral concentrates segment engages in the trading of mineral concentrates.

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/(loss), which is a measure of adjusted profit/(loss) before tax. The adjusted profit/(loss) before tax is measured consistently with the Group's profit before tax except that interest income, finance costs and dividend income as well as other unallocated head office and corporate expenses are excluded from such measurement.

Segment assets exclude deferred tax assets, cash and cash equivalents, amounts due from related companies and other unallocated head office and corporate assets as these assets are managed on a group basis.

Segment liabilities exclude interest-bearing bank and other borrowings, amount due to the ultimate holding company, amounts due to related companies and other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the prevailing market prices.

FAIR VALUE HIERARCHY

The following table illustrates the fair value measurement hierarchy of the Group's investment properties:

Fair value measurement as at 31 December 2013 using

	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	Total HK\$'000
Recurring fair value measurement for:				
Commercial properties	-	187,321	-	187,321

During the year, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3.

	Fair value hierarchy	Valuation techniques
Commercial properties in Beijing, PRC	Level 2	Direct comparison method based on the principle substitution. Comparison is made on prices realised and actual sales and/or asking prices of comparable properties.
Commercial properties in Ecuador	Level 2	Direct comparison method based on the principle substitution. Comparison is made on prices realised and actual sales and/or asking prices of comparable properties.

The Group has determined that the highest and best use of the investment properties at the measurement date would be to convert those properties for commercial purpose either for capital appreciation or for earning rentals.

The Group through its indirect wholly-owned subsidiary, Profit Land Property Development PROLANDPRO S.A., initiated legal actions against a government authority regarding on the land in Ecuador. Details of the litigation are included in note 44(e) to the financial statements.

20. OTHER INTANGIBLE ASSETS (continued)

Notes:

(i) The amount of supplier contract represents the fair value of the materials supply agreement embedded in the joint venture agreement dated 30 June 2006 regarding the establishment of Hunan Taiji entered into between the joint venturers, namely Junefield (Building Material) Limited and 漣源鋼鐵集團有限公司 (Lianyuan Steel Group Limited) ("Lianyuan Steel"), upon the acquisition of Junefield (Building Material) Limited and its subsidiary, Hunan Taiji, by the Group on 22 May 2009. 華菱漣源鋼鐵有限公司 (Hualing Steel Company Limited) ("Hualing Steel"), a company established in the PRC, is a steel products manufacturer and is effectively owned as to more than 30% by the holding company of Lianyuan Steel. Pursuant to the joint venture agreement mentioned above, Lianyuan Steel is responsible to guarantee the supply of raw materials required by Hunan Taiji and to procure Hualing Steel to supply granulated steel slag to Hunan Taiji at prescribed unit price for a period of 15 years from the date of commencement of operation of Hunan Taiji.

The above intangible asset has definite useful live and is amortised on a straight-line basis over the estimated useful life of 14 years. At the end of the reporting period, the directors have assessed whether there is any indication that these supplier contracts may be impaired. The directors have concluded that there is no impairment indication.

(ii) The exploration and evaluation assets mainly represent the cost of acquisition of the exploration licences related to coal mines in Peru, which are under the exploration and evaluation stage as at 31 December 2013, with a carrying value of approximately HK\$16,401,000 (2012: HK\$15,717,000). These assets are not subject to amortisation until they are placed in use.

At the end of the reporting period, the directors have assessed whether there is any indication that these exploration and evaluation assets may be impaired. The directors have concluded that there is no impairment indication.

Wuhan Plaza Management Co., Ltd. ("WPM")	USD10,290,000	PRC	49	Operation and management of a department store

The amount due from a joint venture at 31 December 2013 of approximately HK\$162,000 (2012: HK\$45,000) is unsecured, interest-free and has no fixed terms of repayment.

WPM, which is considered a material joint venture of the Group, has operation and management of a department store in the PRC and is accounted for using the equity method.

WPM is an equity joint venture company established by IMC, an indirectly held subsidiary of the Company, and Wuhan Department Store Group Co., Ltd. (the "PRC Partner") for a period of 20 years commencing from 29 December 1993. The registered capital of WPM amounted to USD21,000,000.

The Group through its indirect wholly-owned subsidiary, IMC, initiated legal actions against the PRC Partner regarding on the joint venture. Details of the litigation are included in note 44(d) to the financial statements.

^{*} Latin Resources Limited ("LRS") was not audited by HLB Hodgson Impey Cheng Limited or another member firm of the HLB global network.

LRS is a company listed on the ASX Limited. The Group's shareholding in LRS is held through a wholly-owned subsidiary of the Company.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

23. INVESTMENT IN AN ASSOCIATE (continued)

During the year ended 31 December 2013, the Group further acquired 9,045,060 fully paid ordinary shares of LRS at a total cash consideration of approximately HK\$10,871,000. The Group then held 46,745,060 fully paid ordinary shares of LRS, representing over 20% of its issued share capital upon the acquisition of additional shares. Mr. Liu Zhongsheng (Chief Executive Officer of the Group) was also appointed as non-executive director of LRS in June 2013. The Group therefore reclassified the investments in LRS from available-for-sale investments to investment in an associate.

The closing price of LRS as at 31 December 2013 was AUD0.07 per share. Since there was a significant decline of the market value of the listed associate at the end of the reporting period, the management carried out impairment review on the carrying amount of its interest in the listed associate as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to disposal), and impairment loss of approximately HK\$32,958,000 is recognised in the consolidated statement of profit or loss for the year ended 31 December 2013.

On 21 August 2013, JHVM, an indirect wholly-owned subsidiary of the Company, entered into a converting loan agreement (the "Converting Loan Agreement") with its associate, LRS, pursuant to which JHVM has agreed to advance a loan of AUD2,500,000 to LRS, and in return, LRS agreed to issue to JHVM a convertible note in the principal of AUD2,500,000 (the "Convertible Note") upon completion of the Converting Loan Agreement. The completion of the Converting Loan Agreement was conditional upon the approval by LRS's shareholders for the issue of Convertible Note and the conditions precedent under the Converting Loan Agreement have been fulfilled and completion of the subscription of the Convertible Note has taken place on 30 October 2013. Further details of the Convertible Note are disclosed in note 25.

LRS, which is considered a material associate of the Group, is a strategic partner of the Group engaged in the exploration and evaluation of mining projects in Peru and is accounted for using the equity method.

Notes:

- (i) The investment in equity securities, which is classified as an available-for-sale financial asset, has no fixed maturity date or coupon rate. The PRC business licence of Wuhan Huaxin Real-Estate Co., Ltd. has expired on 4 September 2007. The unlisted equity investment was stated at cost less impairment because the range of reasonable fair value estimates is so significant that the directors are of the opinion that its fair value cannot be measured reliably.
- (ii) As at 31 December 2012, the listed equity investments represented investments in LRS and the Group held approximately 19.87% of its equity interest. During the year ended 31 December 2013, the Group reclassified the investments in LRS from available-for-sale investments to investment in an associate, further details of which are included in note 23 to the financial statements.

25. CONVERTIBLE NOTE

In October 2013, an indirect wholly-owned subsidiary of the Company, JHVM subscribed for the Convertible Note issued by LRS under the Converting Loan Agreement with a principal of AUD2,500,000 at a coupon rate of 12% per annum. The Convertible Note will mature on 31 July 2015 at its principal amount or can be converted into shares of LRS at the Group's option at rate of AUD0.07 per share. The Convertible Note are issued to JHVM on 30 October 2013 subject to the terms and conditions as set out in the Converting Loan Agreement.

CONVERSION OPTION COMPONENT (continued)

The fair value of the Convertible Note of approximately AUD2,500,000 (equivalent to approximately HK\$18,432,000) was valued by an independent valuer as at 30 October 2013. The Convertible Note comprises a loan receivable component and an option component recognised at fair value through profit or loss. The fair value of the conversion option component was valued by using Binomial Option Pricing Model. The residual amount, representing the value of the loan receivable component, is carried at amortised cost.

The major inputs used in the Binomial Option Pricing Model are stock price, risk-free rates, expected volatility and expected dividend yield. The stock price is the share price of LRS as of the valuation dates. The risk-free rates were based on Australia Sovereign Bonds yields as at the valuation dates. The expected volatility were based on historical volatilities of comparable companies' share prices as at the valuation dates. The expected dividend yield were based on historical dividend trend and expected future dividend policy.

Any changes in the major inputs into the model will result in changes in the fair value of the conversion option component of the Convertible Note.

Accounts receivable	18,018	12,189
Impairment	(141)	(269)
	17,877	11,920

Accounts receivable are usually due immediately from the date of billing. Payment in advance is normally required. The Group seeks to maintain strict control over its outstanding receivables and overdue balances which are reviewed regularly by senior management to minimize credit risk. Accounts receivable are non-interest-bearing and mainly denominated in RMB and USD.

The credit period is generally 1 month, extending up to 2 months for certain customers from property management and agency services of the Group.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

28. ACCOUNTS RECEIVABLE (continued)

An aged analysis of the Group's accounts receivable as at the end of the reporting period, based on invoice date, is as follows:

	Gro	Group	
	2013	2012	
	HK\$'000	HK\$'000	
Within 1 month	6,162	2,030	
1 to 3 months	8,782	6,331

At 1 January	269	247
Impairment losses (reversed)/recognised	(133)	19
Exchange realignment	5	3
	141	269

The above provision for impairment of accounts receivable represents provision for individually impaired accounts receivable of approximately HK\$141,000 (2012: HK\$269,000). The individually impaired accounts receivable mainly relate to customers that were in financial difficulties. It was assessed that only a portion of the receivables is expected to be recovered. The Group does not hold any collateral or other credit enhancements over these balances.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

28. ACCOUNTS RECEIVABLE (continued)

The aged analysis of the accounts receivable that are not considered to be impaired is as follows:

	Group	
	2013 20	
	HK\$'000	HK\$'000
Neither past due nor impaired	_	_
Less than 1 month past due	6,245	2,030
1 to 3 months past due	8,734	6,331
Over 3 months past due	2,898	3,559
	17,877	11,920

Receivables that were past due but not impaired relate to certain independent customers that have a good track record with the Group. Based on past experience, the directors of the Company are of the opinion that no provision for impairment is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable. The Group does not hold any collateral or other credit enhancements over these balances.

Notes:

- (i) The above listed equity investments at 31 December 2013 and 2012 were classified as held for trading and recognised as financial instruments at fair value through profit or loss.
- (ii) Unlisted financial instruments are measured at fair value. During the year ended 31 December 2013, the Group entered into several contracts of structured deposits with banks in the PRC. The structured deposits contain embedded derivatives which were not closely related to the host contract. The entire combined contracts have been designated as at financial assets at fair value through profit or loss on initial recognition. The principals of such financial instruments are guaranteed by the relevant banks. The expected return rate stated in the contracts ranges from 3.80% to 5.65% per annum.

All of the structured deposits have been matured subsequent to the end of the reporting period in January 2014 at their principal amounts together with returns which approximated the expected return as stated in the contracts.

At the end of the reporting period, the time deposits and cash and bank balances of the Group denominated in RMB amounted to approximately HK\$70,808,000 (2012: HK\$66,542,000). The remittance of these funds out of the PRC is subject to the exchange control restrictions imposed by the PRC government.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short term time deposits are made for varying periods of average term of three months depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. The bank balances and time deposits are deposited with creditworthy banks with no recent history of default.

37. DEFERRED TAX (continued)

The Group has tax losses arising in Hong Kong of approximately HK\$764,000 (2012: HK\$764,000) and that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. The Group has tax losses arising in the PRC of approximately HK\$1,351,000 (2012: HK\$986,000) that will expire in one to five years for offsetting against future taxable profits. The Group also has tax losses arising in Peru of approximately HK\$437,000 (2012: HK\$4,939,000) which the Group has the option to carry forward all net operating losses for 4 years or carry the losses forward indefinitely, but only up to 50% of the taxpayer's taxable income of each subsequent year. Loss carryback is not permitted. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time and it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in the PRC. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between the PRC and the jurisdiction of the foreign investors. For the Group, the applicable rate is 5% or 10%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries and a joint venture established in the PRC in respect of earnings generated from 1 January 2008.

At 31 December 2013, no deferred tax has been recognised for withholding taxes that would be payable on the unremitted earnings that are subject to withholding taxes of the Group's certain subsidiaries established in the PRC. In the opinion of the directors, it is not probable that these subsidiaries will distribute the remaining unremitted earnings in the foreseeable future. The aggregate amount of temporary differences associated with investments in subsidiaries in the PRC for which deferred tax liabilities have not been recognised totalled approximately HK\$1,964,000 at 31 December 2013 (2012: HK\$1,685,000).

At 31 December 2012 and 2013, deferred tax has been recognised for the withholding taxes that would be payable on the unremitted earnings that are subject to withholding taxes of the Group's joint venture.

Details of the Company's share option scheme and the share options issued under the scheme are included in note 39 to the financial statements.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

39. SHARE OPTION SCHEME

A share option scheme was adopted pursuant to the written resolutions passed by the shareholders of the Company on 29 June 2009 (the "Share Option Scheme"). The Share Option Scheme became effective on 29 June 2009 and, unless otherwise cancelled or amended, will remain in force for 10 years from that date.

The purpose of the Share Option Scheme is for the Group to attract, retain and motivate talented participants to strive for future development and expansion of the Group. The Share Option Scheme shall be an incentive to encourage the participants to perform their best in achieving the goals of the Group and allow the participants to enjoy the results of the Company attained through their efforts and contributions.

Eligible participants of the Share Option Scheme include (i) any full-time employees and directors (including executive directors, non-executive directors and independent non-executive directors) of the Group; (ii) any advisor or consultant to the Group, providers of goods and/or services to the Group, and any other person who, at the sole determination of the board of directors of the Company, has contributed to the Group; and (iii) the trustee of any trust whose beneficiaries or objects include any aforesaid employee or business associate.

The maximum number of share options permitted to be granted under the Share Option Scheme is an amount equivalent, upon their exercise, to 10% of the shares of the Company in issue at the date of approval of the Share Option Scheme. The maximum number of shares issuable under share options to each eligible participant in the Share Option Scheme within any 12-month period is limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting.

Share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their associates, are subject to approval by the independent non-executive directors. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time and with an aggregate value (based on the closing price of the Company's shares at the date of grant) in excess of HK\$5 million, within any 12-month period, are subject to shareholders' approval in a general meeting.

The offer of a grant of share options may be accepted within 28 days from the date of offer, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determinable by the directors, and commences after a vesting period and ends on a date which is not later than ten years from the date of offer of the share options.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

39. SHARE OPTION SCHEME (continued)

The exercise price of share options is determinable by the directors, but shall not be less than the higher of (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheets on the date of grant of the share options; (ii) the average closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the date of grant; and (iii) the nominal value of the Company's share.

Share options do not confer rights on the holders to dividends or to vote at shareholders' meetings.

The following share options were outstanding under the Share Option Scheme during the years ended 31 December 2012 and 2013:

	2013		2012	
	Weighted		Weighted	
	average		average

Exercised during the year	0.229	(3,450)	_	
At 31 December	0.229	40,530	0.229	43,980

The weighted average share price at the date of exercise for share options exercised during the year ended 31 December 2013 was HK\$0.44 per share. No share option under the Share Option Scheme was granted, forfeited or expired during the years ended 31 December 2012 and 2013.

The exercise price and exercise periods of the share options outstanding as at the end of the reporting period are as follows:

Year	Date of grant	Number of options	Exercise price* per share HK\$	Exercise period
2013	6 July 2009	40,530,000	0.229	6 July 2009 to 5 July 2019
2012	6 July 2009	43,980,000	0.229	6 July 2009 to 5 July 2019

^{*} The exercise price of the share options is subject to adjustment in case of rights or bonus issues, or other similar changes in the Company's share capital.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

39. SHARE OPTION SCHEME (continued)

The 3,450,000 share options exercised during the year ended 31 December 2013 resulted in the issue of 3,450,000 ordinary shares of the Company and new share capital of HK\$345,000 and share premium of approximately HK\$880,000, as further detail in note 40 to the financial statements.

At the end of the reporting period, the Company had 40,530,000 share options outstanding under the Share Option Scheme. The exercise in full of the outstanding share options would, under the present capital structure of the Company, result in the issue of 40,530,000 additional ordinary shares of the Company and additional share capital of HK\$4,053,000 and share premium of approximately HK\$10,335,000 (before share issue expenses).

All share options have been accounted for under HKFRS 2. The share options outstanding at the end of the reporting period had a weighted average remaining contractual life of 5.5 years (2012: 6.5 years).

At the date of approval of these financial statements, the Company had 35,480,000 share options outstanding under the Share Option Scheme, which represented approximately 3.47% of the Company's shares in issue as at that date.

40. RESERVES

(a) GROUP

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity on page 41 of this annual report.

The Group's capital reserve represents negative goodwill arisen on acquisitions prior to 1 January 2001.

According to the relevant PRC rules and regulations and the Articles of Association of the PRC subsidiary of the Company which require the appropriation of 10% of its profit after tax to the statutory surplus reserve until the balance of the reserve reaches 50% of its registered capital. The transfer of the reserve must be made before distributions of dividends to owners of the Group. Statutory surplus reserve can be used for making up losses and may be converted into capital in proportion to existing owners' equity percentage, provided that the balance after such issuance is not less than 25% of its registered capital.

(a) YEAR ENDED 31 DECEMBER 2013 (continued)

(ii) Acquisition of Logic Run Limited (continued)

Had the combination taken place at the beginning of the year, the revenue from continuing operations of the Group and the profit of the Group for the year would have been approximately HK\$156,545,000 and approximately HK\$56,108,000, respectively. This pro forma information is for illustrative purposes only and is not necessarily an indication of the revenue and results of the Group that actually would have been achieved had the acquisition occurred on 1 January 2013, nor is it intended to be a projection of future results.

(b) YEAR ENDED 31 DECEMBER 2012

On 29 March 2012, Take Rich Investment Limited, an indirect wholly-owned subsidiary of the Company, entered into the sale and purchase agreement with Junefield Mineral Resources Holdings Limited for the acquisition of the entire issued share capital of Talent Note Limited at a total cash consideration of HK\$68,260,000. Junefield Mineral Resources Holdings Limited was a company incorporated in Hong Kong and indirectly wholly-owned by Mr. Zhou Chu Jian He, the Chairman, executive director and controlling shareholder of the Company. The acquisition constituted a discloseable and connected transaction under the Listing Rules. It was approved by the shareholders of the Company at a special general meeting held on 18 June 2012. The acquisition was duly completed on 21 June 2012. Talent Note Limited owns 100% equity interests in JHVM and both companies were investment holding company.

43. CAPITAL COMMITMENTS

As at 31 December 2013 and 2012, the Group and the Company had no significant capital commitments.

44. OUTSTANDING LITIGATIONS

(a) In May 2011, IMC received the civil case judgement dated 5 May 2011 issued by the Intermediate People's Court of Wuhan City, Hubei Province, the PRC (中華人民共和國湖北省武漢市中級人民法院) (the "PRC Intermediate Court"), pursuant to which the PRC Intermediate Court accepted the plaintiff's application to withdraw its claim against IMC and a former subsidiary of the Group for an outstanding investment fund of RMB20 million together with the interests of RMB21.63 million due to seeking for new evidence by the plaintiff. In September 2012, IMC further exchanged evidence in court. Up to the date of this annual report, there is no further update from the PRC Intermediate Court.

Based on the legal opinion of the Group's PRC legal advisors, the directors of the Company are of the opinion that the action can be successfully defended and therefore no provision has been made in the financial statements.

(b) In 2011, WHM, an indirectly 51%-owned subsidiary of the Company, received a civil case judgement issued by the People's Court of Jianhan District, Wuhan City, Hubei Province, the PRC (中華人民共和國湖北省武漢市江漢區人民法院) (the "PRC Court"), pursuant to which the PRC Court mandatorily enforced WHM to repay certain claimants against Wuhan Huaxin Real Estate Co., Ltd. ("WHRED", the Group's available-for-sale investment) amounted to RMB11,660,173 (approximately HK\$14,020,000) and executed to debit the sums directly from WHM's bank account. WHM has already filed a written objection with the PRC Court to challenge against both the judgement and the mandatory execution for the reason that WHM was not a directly related company to WHRED.

Based on the legal opinion from the Group's PRC legal advisors, the directors of the Company are of the opinion that WHM should not be liable for any repayment liabilities incurred by WHRED since both WHM and WHRED are separate entities under the PRC law and should not have any joint and several liabilities. Therefore, WHM should have the right to claim against the PRC Court for refund of the full amount. The compensation was paid and charged to the consolidated statement of profit or loss during the year ended 31 December 2011. Up to the date of this annual report, there is no further update from the PRC Court.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

44. OUTSTANDING LITIGATIONS (continued)

(c) On 16 October 2013, Junefield (Building Material) Limited (an indirectly wholly-owned subsidiary of the Company) filed an application for arbitration proceedings at the PRC Arbitration Commission against the minority shareholder of Hunan Taiji for, inter alia, failing to procure the supply of the requested amount of granulated steel slag under the joint venture agreement and claims for the minority shareholder of Hunan Taiji to continue to honour its obligations by supplying granulated steel slag until the end of its term and damages arising from breach of the joint venture agreement. On 24 October 2013, the PRC Arbitration Commission commenced processing of the application. Up to the date of this annual report, there is no further update from the PRC Arbitration Commission.

Based on the legal opinion of the Group's PRC legal advisors, the directors of the Company are of the opinion that the outcomes of the rulings and the claims for damages arising from breach of joint venture agreement were uncertain and therefore no provision or compensation for the damages claimed have been recognised in the financial statements.

(d) On 4 November 2013, IMC submitted an application for arbitration at the PRC Arbitration Commission, inter alia, requesting for rulings against the PRC Partner of its joint venture to extend the term of the joint venture to a date no earlier than 28 September 2016 and to procure and assist the joint venture in making any ancillary applications and obtaining such approvals. On 7 November 2013, the PRC Arbitration Commission accepted to proceed.

On 30 December 2013, IMC received a notice of dissolution from the PRC Partner requesting for discussion of the formation of a dissolution committee of the joint venture. IMC is of the view that the term of the joint venture should be determined after the rulings to be provided by the PRC Arbitration Committee and therefore, it is currently not appropriate to discuss the matter of dissolution.

On 31 December 2013, the PRC Partner unilaterally terminated the 20-year lease agreement which was signed in 1995 and would expire on 28 September 2016, and took possession of the property and arranged its related company to take over WPM's employees and consignment operators and continued operation in the property since 1 January 2014. IMC considered that the acts of the PRC Partner have jeopardized the legitimate interests of the joint venture and IMC before the PRC Arbitration Committee has a final ruling. On 27 December 2013, IMC submitted an application for relief to the Higher Court in the PRC which has been accepted. Up to the date of this annual report, there is no further update from the PRC Arbitration Committee and the Higher Court.

For the year ended 31 December 2013 (Expressed in Hong Kong dollars)

44. OUTSTANDING LITIGATIONS (continued)

(d) (continued)

In view of the above and the situation of disputes, no financial information of WPM for the year ended 31 December 2013 has been made available to us. The Group repeatedly requested the management of the 49%-owned joint venture to provide the financial statements and necessary assistance to the audit matters for the year ended 31 December 2013 but the management of the joint venture failed to do so. As a result, the Group equity accounted the results of WPM merely by using the financial statements for the ten months ended 31 October 2013 as the latest available financial information.

Based on the legal opinion of the Group's PRC legal advisors, the directors of the Company are of the opinion that the outcomes of the rulings of the arbitration and litigations are uncertain and might have a consequential effect on the amount recorded in the Group's consolidated financial statements.

Profit Land Property Development PROLANDPRO S.A., the Group's wholly-owned subsidiary (e) completed the acquisition of a parcel of land in Ecuador with approximately 20,186 square meters at a consideration of USD12,500,000 in March 2013. In September 2013, an Ecuadorian government authority initiated land expropriation procedures for the reasons of public utility and national interest under the Ecuadorian laws and offered a compensation with reference to municipal fair value. The Group rejected its offer because the management of the Group considered that the offer is below market value of the land. With reference to an independent professional qualified valuer in Hong Kong, RHL Appraisal Limited, the fair value of the land as at 31 December 2013 was USD16,800,000 or equivalent to approximately HK\$130,704,000. Based on the legal opinion sought in Ecuador, the government authority should offer a fair compensation to the owner of the land for such expropriation under current laws and regulations in Ecuador, Profit Land Property Development PROLANDPRO S.A. has the right to appeal on the offer and is also entitled to initiate legal actions against the government seeking relief for damages suffered from the effects of the expropriation according to applicable laws and regulations in Ecuador. In late 2013, submissions for requesting for revaluation of the land were lodged by the Group to the court in Ecuador. Therefore, no provision has been made in the financial statements. As at the date of this annual report, the negotiation with the government authority is still in progress and the ruling from the court has yet to be given.

Notes:

- (i) The Group provided WPM, a joint venture of the Group, with property management services, for which a property management fee of approximately HK\$3,328,000 (2012: HK\$3,582,000) was charged.
- (ii) Pursuant to the joint venture agreement dated 30 June 2006, the minority shareholder of Hunan Taiji procured Hualing Steel to enter into the materials supply agreement with Hunan Taiji to supply granulated steel slag to Hunan Taiji at a unit price of RMB4 per ton (Value Added Tax (VAT) inclusive). The unit material price was determined at the time of entering into the joint venture agreement to establish Hunan Taiji.
- (iii) Lianyuan Steel, being the holding company of the minority shareholder of Hunan Taiji, has beneficial interests in Lianyuan Logistics. Pursuant to the logistics services agreement in relation to the transportation of granulated steel slag, the logistics services fee was determined on an annual basis between Hunan Taiji and Lianyuan Logistics with reference to the prevailing market price of similar transportation services. The outstanding balance with Lianyuan Logistics is included in accounts payable and disclosed in note 34 to the financial statements.

45. RELATED PARTY TRANSACTIONS (continued)

(a) SIGNIFICANT TRANSACTIONS WITH RELATED PARTIES (continued)

Notes: (continued)

- (iv) Rental expenses paid to the ultimate holding company, the monthly rentals were mutually agreed between the contracting parties.
- (v) Pursuant to the loan agreement dated 21 January 2009 entered into between Hunan Taiji and a bank in the PRC, a bank loan of RMB100 million was advanced by the bank to Hunan Taiji and is repayable on or before 27 December 2013 (the "Loan"). Beijing Junefield Sogo (a company of which Mr. Zhou Chu Jian He, the director of the Company, has control over its operations and financial activities) and Lianyuan Steel had been providing guarantees in favour of the bank for the provision of the Loan to Hunan Taiji previously. On 15 October 2010, Hunan Taiji has subsequently entered into the guarantee fee agreements with Beijing Junefield Sogo and Lianyuan Steel respectively, pursuant to which Hunan Taiji has agreed to pay a guarantee fee equivalent to 1% on the outstanding Loan amount to each of Beijing Junefield Sogo and Lianyuan Steel in return for the guarantees provided by them in favour of the bank for the provision of the Loan during the guarantee period under the Loan agreement which is from 21 January 2009 to 27 December 2013. The guarantee fees were calculated on a half-yearly basis in arrears and payable in cash until the Loan was fully repaid. Hunan Taiji was not required to provide any security over its assets in return for the above financial assistance provided by Beijing Junefield Sogo and Lianyuan Steel.
- (vi) Rental expenses received or receivable from Beijing Junefield Sogo, the monthly rentals were mutually agreed between the contracting parties.

46. EVENTS AFTER THE REPORTING PERIOD

- (a) On 20 January 2014, Like Top Corporation Limited ("Like Top"), an indirect wholly-owned subsidiary of the Company, has entered into an exclusive sourcing agent agreement (the "Exclusive Sourcing Agent Agreement") with Ecuamining Mineral S.A. ("Ecuamining Mineral"), pursuant to which Like Top has agreed to appoint and Ecuamining Mineral has agreed to act as exclusive sourcing agent of Like Top for a term of two years commencing from 20 January 2014 to procure the supply of mineral concentrates or its related products in Ecuador. Ecuamining Mineral is a company incorporated in Ecuador and is ultimately owned as to 100% by Mr. Zhou Chu Jian He, the chairman, an executive director and a controlling shareholder of the Company. As a result, Ecuamining Mineral is a connected person of the Company and the transactions contemplated under the Exclusive Sourcing Agent Agreement constitute continuing connected transactions for the Company under Chapter 14A of the Listing Rules. Pursuant to the Exclusive Sourcing Agent Agreement, Ecuamining Mineral would receive a commission of 2% of the purchase invoice price in respect of each order placed by Like Top through Ecuamining Mineral.
- (b) On 7 March 2014, Junefield Agency (an indirect wholly-owned subsidiary of the Company) submitted an application at the People's Court of Xicheng District, Beijing, the PRC, against a third party for failure to repay a loan of RMB3 million. The loan was interest bearing at 1% per month, secured by personal guarantee and was repayable in December 2013. Following a hearing in March 2014 and up to the date of this annual report, the ruling of the court has yet to be given.
