In October 2009, all stocks of Technostore with costs valued at approximately HK\$2.2 million transferred by the Official Receiver’s Office to the Liquidator were disposed at the consideration of around HK\$0.62 million by public tender. Preferential and ordinary dividends were distributed in November 2010. Further, a sum of less than HK\$1,000 was realized from the bank accounts of Technostore. On 25 August 2011, the Liquidator indicated that no additional assets of Technostore have been realized and it anticipates that there will be no further assets for realization. The Liquidator has further indicated that it will apply to the Court for his release as the liquidator of Technostore after the determination of a validation order. On 29 February 2012, the Liquidator further advised that there was no additional assets realization since 25 August 2011. The Liquidators also advised that they are preparing an application for validation order and will file their release application pending sanction of the validation order by the Court. On 11th August 2012, the Liquidator also advised that they are in the course of preparing the application of the validation order. As at 11th August 2012, the Liquidator advised that the amount of the said validation order should be within HK\$0.4 million. On 9th March 2013, the Liquidator advised that the said application of the validation order will not be pursued as there is no benefit to the creditors for taking further action on the same. The

Liquidator also advised that, as a consequence, there will be no further outstanding assets to be handled and the Liquidator will proceed to make an application to the court for his release. As at 16 August 2013, the Liquidator informed the Company that it is presently not in position to make an application to the High Court to release the duty of Liquidator as the necessary documents from Mr. Mao not yet to receive. On 30 January 2014, advised by the Liquidator that the High Court would approve the application of releasing Liquidator and dissolution of Technostore within the next three months. **ii. Swift Surplus Holdings Limited, an indirect wholly-owned subsidiary of the Company**

On 21 August 2012, the Company and its subsidiary of Swift Surplus Holdings Limited (“**Swift Surplus**”) (collectively as the “**Lenders**”) entered into repayment agreements (the “**Repayment Agreements**”) with the Sihui Sewage Treatment Co. Ltd.\*(四會市城市污水處理有限公司) and Top Vision Management Limited (“**Top Vision**”) (collectively as the “**Borrowers**”) together with their respective guarantors, pursuant to which, the Borrowers shall repay to the Lenders the loan receivables of approximately HK\$58.43 million together with interest accrued thereon (the “**Loan Receivables**”). HK\$5 million of the Loan Receivables will be repaid on or before 30 September 2012 and the remaining Loan Receivables shall be repaid on or before 31 December 2012. On 29 August 2012, the Company only received HK\$5 million of the Loan Receivables. However, the Remaining Loan Receivables of HK\$53.43 (the “**Remaining Loan Receivables**”) and underlying interests were not yet received on 31 December 2012. On 22 March 2013, the Lenders have entered into supplemental deeds with the Borrowers together with their respective guarantors, pursuant to which, approximately HK\$18.03 million of the Remaining Loan Receivables and underlying interests shall be repaid to the Lenders on or before 21 March 2014 (the “**Partial Payment of the Remaining Loan Receivables**”). Nevertheless, the Swift Surplus and Top Vision and its guarantors could not reach an agreement in respect of the terms and date of the repayment of the outstanding balance of HK\$35.40 million of the Remaining Loan Receivables and underlying interests (the “**Outstanding Balance**”). Despite the Company several requests and demands, Top Vision failed to effect payment of the Outstanding Balance. On 14 May 2013, the Company instructed its legal counsel to file the writ of summons (the “**Writ**”) to the High Court of Hong Kong Special Administrative Region (the “**High Court**”) to recover the Outstanding Balance from Top Vision. On 25 June 2013, the High Court adjudged a final judgment that Top Vision shall pay the Outstanding Balance to Swift Surplus (the “**Final Judgement**”). Top Vision has not performed the repayment obligation under the judgment issued by the High Court. The Company cannot locate any asset of Top Vision in Hong Kong. As advised by the legal counsel, without information on the assets of Top Vision in Hong Kong, the Company cannot enforce the Final Judgment against Top Vision. As the major assets owned by the subsidiaries of Top Vision are located in Guangdong Province, the PRC, the Company had undertaken recovery actions including but not limited to legal actions taken in PRC to collect the Remaining Loan Receivables. As advised by the PRC lawyer, the Final Judgment relating to the settlement of HK\$35.40 million by Top Vision to Swift Surplus could not be executed in Mainland China because the Repayment Agreements stated that “Parties of the Repayment Agreements irrevocably consent that the Courts of the HKSAR will have the non-exclusive jurisdiction to solve any disputes which may be caused or are caused by the Repayment Agreements”. The PRC lawyer considered that the non-exclusive jurisdiction stated in the Repayment Agreement does not comply with PRC law. Therefore, the PRC lawyer further reckoned that the Final Judgment will be neither recognized nor executed by Zhaoqing Intermediate People’s Court. In light of this, the possibility of recovering of Outstanding Balance was thin and remote, thus a further impairment loss of HK\$28 million had been provided in 2013. Subsequent to the interim period, the Company has instructed its legal counsel to undertake the arbitration in Hong Kong to chase back the Partial Payment of the Remaining Loan Receivables.

For the financial year ended 31 December 2009, 31 December 2011 and 31 December 2013, impairment loss of approximately HK\$44.32 million regarding the Loan Receivables had been provided. The Board has assessed the possibility of recovery of Partial Payment of the Remaining Loan Receivables and believes that the Company would collect back the loans through taken the legal actions against Top Vision, thus no further impairment loss has been provided.

**iii. Guangzhou Hyde Environmental Protection Technology Co., Ltd., an indirect wholly-owned subsidiary of the Company**

Guangzhou Hyde Environmental Protection Technology Co. Ltd.\* (廣州市海德環保科技有限公司) (“**Guangzhou Hyde**”) (an indirect wholly-owned subsidiary of the Company) and Yunnan Chaoyue Gas Company Limited\* (雲南超越燃氣有限公司) (“**Yunnan Chaoyue Gas**”) entered into the cooperation contract dated 13 October 2010, pursuant to which Guangzhou Hyde shall paid a refundable deposit of HK\$10 million (“**Deposit**”) to Yunnan Chaoyue Gas for the purpose of obtaining the operation and management right of the Yunnan Dian Lake project (“**Project**”). Pursuant to the cooperation contract, Yunnan Chaoyue Gas shall refund the Deposit to Guangzhou Hyde within nine months once it was unsuccessfully to obtain the Project. Yunnan Chaoyue Gas has failed to repay the aforesaid Deposit to Guangzhou Hyde when it fell due despite Guangzhou Hyde’s repeated requests and demands. The Deposit was classified as loan receivable and fully impaired in 2011. The dispute over cooperative contract between Guangzhou Hyde and Yunnan Chaoyue Gas was applied to Guangzhou Arbitration Commission (“**Commission**”) for arbitration on 24 February 2012. The Commission accepted the case and started a trail on 5 June 2012. After the trail, arbitration tribunal ruled an award on 12 June 2012, adjudging that:

- (1) Yunnan Chaoyue Gas should pay Guangzhou Hyde the principal of RMB8.56 million and overdue interests thereon; and
- (2) The arbitration fees should be borne by Yunnan Chaoyue Gas.

The above award confirmed the amount to be paid by Yunnan Chaoyue Gas to Guangzhou Hyde should be settled in one-off manner within 10 days from the date on which this award is served. Late payment will result in proceedings set out in article 229 of Civil Procedure Laws of the People’s Republic of China. As Yunnan Chaoyue Gas has not performed repayment obligation under the award on time, Guangzhou Hyde applied to Kunming Intermediate People’s Court (the “**Kunming Court**”) for civil enforcement on 21 July 2012, and Kunming Court has accepted such application. On 13 May 2013, Yunnan Chaoyue Gas provided loan repayment plan (the “**Repayment Plan**”) to Guangzhou Hyde. Owing to without information of the assets owned by Yunnan Chaoyue Gas and given the Repayment Plan, Kunming Court has stopped to execute the civil enforcement (“**Civil Enforcement**”). Notwithstanding, the Company has reserved its right to petition the Kunming Court to resume the enforcement proceeding once locating any assets owned by Yunnan Chaoyue Gas in PRC. Up to the announcement date, Yunnan Chaoyue Gas has not performed the repayment obligation according to the Repayment Plan. On 25 July 2014, Guangzhou Hyde has submitted the application to Kunming Court to resume the execution of the Civil Enforcement. For the financial year ended 31 December 2011, impairment loss of approximately HK\$10 million regarding the Deposit had been provided. The aforesaid litigation is unlikely to have any significant material adverse financial impact on the Group.

Save as disclosed above, the Company is not aware of any other significant proceedings instituted against the Company.

## PROSPECT

The new management formulated a 3-year development plan for the Company at the end of 2011:

- 2012**      **Clean-up and rectification, laying a firm foundation, strengthening management, preserving profits.**
- 2013**      **Expanding business and coverage, increasing efficiency, maintaining growth.**
- 2014**      **Innovative development, economies of scale, enhancing the brand image, sustainability.**

In 2013, while maintaining a certain percentage growth in the water industry, the Company successfully entered the garbage resources integrated treatment sector.

Since merging with Nanjing Jiaozishan waste-to-power generation (南京轎子山垃圾發電), the Company successively conducted several mergers and acquisition projects, such as Shenzhen Li Sai (a company engaging in producing compressed natural gas with garbage landfill gas in Xiaping ("Shenzhen Xiaping")), Changsha Heimifeng Garbage Landfill power generation and garbage landfill gas project ("Changsha Heimifeng") and Zhuzhou waste-to-power generation (株洲垃圾發電) project. The Company has already set its foothold in the solid waste treatment sector.

As the two main projects of Shenzhen Xiaping and Changsha Heimifeng are large-scale natural gas projects with treatment capacity of 6,000 m<sup>3</sup> garbage landfill gas per hour, the construction cycle is long. It is expected that production will commence by December and actual revenue will be generated starting from next year. Therefore, the solid waste projects of the Company will not contribute significant profit this year.

Currently, we are actively expanding large-scale waste-to-power generation and gas production projects to expand our scale in this aspect. Landfill gas can generate power with zero emission. It is a renewable and recyclable resource beneficial to both the nation and its people and, therefore, receives great support from the nation. Following the launch of the domestic carbon emission trading, the revenue from waste-to-power generation segment would further increase. Accordingly, it is likely that the waste-to-power generation segment will become the new profit growth point of the Company.

In 2014, our mission is to integrate resources, focus on economies of scale, and strive to obtain the leading position in solid waste industry.

In 2014, we expect a growth in operating results of the Company as compared to 2013 and our important mission is to maintain sustainable development.

Traditional water industry is currently still our main business. Urban water supply and sewage treatment businesses remain to be our primary profit source. We will continue to expand our scale and conduct new project construction while paying special attention to management and profit margin enhancement at the same time.

Our key indicators include environmental protection, new energy, clean energy, renewable energy, recyclable energy and sustainable and so on, which are also our striving directions. The nation pays high attention to new energy and it is our development drive for the next stage. At present, all staffs of the Group are endeavour to vigorously promote solid waste project development to realize our environmental protection dream conscientiously of “endowing with clear water, blue sky, and vivid green land”.

Finally, on behalf of the Board and management, I hereby express my gratitude to our shareholders, investors and business partners for their all along trust and support, to the local governments for their support and help to our subsidiaries, and to our staff for their valuable contributions. I sincerely wish everyone will work and progress together with the Group in the future.

Our vision is to gain government confidence, citizen satisfaction, shareholders’ recognition and staff contentment!
