SOUND GLOBAL WON THE BID FOR A TURNKEY PROJECT TO CONSTRUCT, PROCURE AND INSTALL EQUIPMENTS FOR HEFEI SHIWULI RIVER SEWAGE PLANT

Sound Global Ltd. (“Sound Global” or the “Company”) hereby announces that it has won the bid for the turnkey project to construct, procure and install equipments for Phase III and upgrading and improvement of Phase I of the Hefei Shiwuli River Sewage Plant in October 2014.

Located in Hefei, Anhui Province, the project is planned to primarily serve an area of 131.4 km², including the Southern part of the High-Tech Zone, the New Central Office District, Wanghucheng, the South-western part of Baohe Industrial Zone, the North-eastern part of the Economic Zone, the Northern part of Binhu New District of Hefei. Phase III of Shiwuli River Sewage Plant is designed to have a daily treatment capacity of 100,000 tonnes. After the upgrading and improvement, Phase I shall have a daily treatment capacity of 50,000 tonnes. The total contract value will amount to RMB 96.09 million. The COD, N and P indicators of water discharged by this project are designed to be better than Grade 1A. In particular, the COD and TP indicators shall satisfy Class IV standard specified for surface water environmental quality as set out in the “Environmental Quality Standard for Surface Water” (《地表水環境質量標準》) (GB 3838-2002). The water discharged by the sewage plant will drain into Shiwuli River of Hefei, and finally converge with Chaohu Basin.

As the State and Anhui Provincial Government increase their efforts on governing the water environment of the Chaohu Basin, winning the bid for the project will play a positive role in controlling the ecological environment of the Chaohu Basin, promoting the sustainable use of lake resources, and achieving a harmony between man and nature.

None of the Directors or substantial shareholders of the Company has any direct or indirect interest in the above-mentioned transaction.

This transaction is not expected to have any material impact on the net earnings per share and the net tangible assets per share of the Company for the financial year ending 31 December 2014.
