- Shareholders who hold the Shares in their own names and outside CCASS residing in Hong Kong may apply for reduced withholding tax rates under the Hong Kong-Japan Tax Convention. Further, Shareholders who hold the Shares in their own names and outside CCASS residing outside Japan and Hong Kong may also apply for reduced withholding tax rates under a tax convention between Japan and their respective tax residencies, if applicable. The NTA may also request additional information in order to process the applications.

- CCASS Beneficial Owners holding the Shares in the account with any securities companies, etc. within Japan will be subject to withholding by them in addition to withholding by the Company, since such securities companies, etc. within Japan are required to do so by the Japanese tax law. For details, please contact the securities companies, etc. within Japan with which you hold the relevant account.
- This announcement is published for information purposes only and is not intended to be, nor should it be construed as, legal or tax advice. Therefore, it will be necessary for Shareholders or potential investors to seek professional advice on the tax implications of investing in the Shares.

On 27 November 2014, the Board declared the Interim Dividend of JPY7.00 or HKD0.46 per Share. The Interim Dividend will be payable to the Shareholders on the Record Date on 14 January 2015. The table below shows the comparison of this amount of Interim Dividend per Share with the interim dividend for the six months ended 30 September 2013. Not being recognized as Shareholders under the Companies Act, the CCASS Beneficial Owners are ultimate payees of the Interim Dividend.

Subject Period for Interim Dividend	Interim Dividend per Share	Exchange Rate Adopted
Interim dividend for the six months ended 30 September 2013	JPY7.00 or HKD0.53	JPY1 to HKD0.0762
Interim Dividend for the six months ended 30 September 2014	JPY7.00 or HKD0.46	JPY1 to HKD0.0658

The interim results of the Company and its subsidiaries for the six months ended 30 September 2014 were published on the websites of the Stock Exchange (<http://www.hkexnews.hk>) and the Company (<http://www.dyjh.co.jp>) on 27 November 2014.

Record Date for Distributing Interim Dividend

The Interim Dividend will be payable to the Shareholders whose names appear on the Company's share register at the close of business on Friday, 12 December 2014.

In order for those Shareholders whose names have not been registered on the Company's share register to qualify for the Interim Dividend, all properly completed and duly stamped and executed transfer forms accompanied by the relevant share certificates should be lodged with the Company's share registrar, Computershare Hong Kong Investor Services Limited at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wan Chai, Hong Kong before 4:30 p.m. (Hong Kong time) on Friday, 12 December 2014.

Currency of Dividend Payments

Shareholders entitled to receive Interim Dividend from the Company (other than CCASS Beneficial Owners) will have the option of electing to receive Interim Dividend in either Japanese yen or Hong Kong dollars (to be converted by the Company based on the exchange rate as stated in the paragraph "Exchange Rate" below). The Company will announce the detailed procedure for electing the currency for the Interim Dividend payable to the Shareholders on or around Friday, 12 December 2014.

The CCASS Beneficial Owners are ultimate payees of the Interim Dividend, although CCASS Beneficial Owners are not recognized under the Companies Act as Shareholders unless they withdraw their Shares from CCASS and re-register themselves as Shareholders in the Company's share register. All CCASS Beneficial Owners will receive dividend payments in Hong Kong dollars from the Company.

Exchange Rate

Based on the average of the exchange rates (telegraphic transfer middle rates) published by Mizuho Bank Co., Ltd. for the five business days immediately preceding 27 November 2014, the exchange rate for conversion of Japanese yen to Hong Kong dollars for the Interim Dividend to be distributed to the Shareholders in Hong Kong dollars is JPY1 to HKD0.0658.

Interim Dividend Amount in Hong Kong Dollars

(1) Gross Interim Dividend Amount

The gross Interim Dividend amount in Hong Kong dollars per Share is approximately HKD0.46 based on the exchange rate as stated above.

(2) Net Interim Dividend Amount

As detailed later in this announcement, the net Interim Dividend amount in Hong Kong dollars per Share will vary according to the type of the Shareholder, since the applicable withholding tax rates are decided based upon residence of each Shareholder, whether each is an individual or corporation and other factors. Any foreign exchange commission will not be applied to the Interim Dividend. Conversion of Japanese yen to Hong Kong dollars will be applied after the deduction of the applicable withholding tax amount.

(3) *Rounding Effect*

The final amount of the total net Interim Dividend amount actually received by each Shareholder might slightly differ from the amount based on the calculation method stated in (2) above due to the rounding effect in calculation of the amount thereof.

C. WITHHOLDING TAX APPLIED TO SHAREHOLDERS

Set out below are the Japanese withholding tax rates applicable to the Interim Dividend payments to the Shareholders (other than CCASS Beneficial Owners) under the Japanese tax law.

Shareholder holding the Shares in his own name and outside CCASS

	Individual Shareholder that is interested in less than 3% of the entire issued Shares of the Company	Individual Shareholder that is interested in 3% or more of the entire issued Shares of the Company	Corporate Shareholder

In case any valid tax convention between Japan and the Shareholders' respective tax residence applies, the Shareholders may enjoy a reduced withholding tax rate. Set forth below is a table showing the maximum withholding tax rate applied pursuant to the Hong Kong-Japan Tax Convention for purposes of illustration.

Maximum withholding tax rate under the Hong Kong-Japan Tax Convention

A company that has owned directly or indirectly, for the period of six months ending on the Record Date, at least 10 percent of the voting Shares paying the dividend	5%
Other Hong Kong residents	10%

The Hong Kong residents who are the Shareholders wishing to enjoy a reduced withholding tax rate under the Hong Kong-Japan Tax Convention, please refer to section E below for the required procedures to enjoy a reduced withholding tax rate. In case such Hong Kong resident Shareholders have not established their eligibility to the satisfaction of the NTA pursuant to the procedures as set out in section E below, they cannot enjoy a reduced withholding tax rate under the Hong Kong-Japan Tax Convention, and the Company will apply the withholding tax rate as described in the table “Shareholder holding the Shares in his own name and outside CCASS” above.

Shareholders residing outside Japan who wish to enjoy a reduced withholding tax rate under any valid tax convention with Japan are strongly advised to consult their professional advisers as to the application of any valid tax convention between Japan and their respective tax residences. The Company does not assume any responsibility to ensure withholding is made at the reduced convention rate or to ensure no withholding is made for Shareholders who would be so eligible under any applicable income tax convention.

D. WITHHOLDING TAX APPLIED TO CCASS BENEFICIAL OWNERS

General

Notwithstanding that CCASS Beneficial Owners are not recognized under the Companies Act as Shareholders, our tax adviser has confirmed that Japanese tax laws would recognize CCASS Beneficial Owners who hold their investments through CCASS, being the ultimate payees of any dividend, as tax payers. As such, the withholding tax rate applicable to the dividend paid to CCASS Beneficial Owners should, in principle, be the tax rate applicable to each CCASS Beneficial Owner on an individual basis in accordance with their identity, shareholding percentage and tax residence.

However, the Company is unable to apply a rate of withholding tax on an individual basis to CCASS Beneficial Owners in accordance with their identities, shareholding percentage and tax residences due to the inherent characteristics of CCASS. As a consequence, the Company will withhold the highest possible withholding tax under Japanese law on the dividends payable to CCASS Beneficial Owners.

Hong Kong resident CCASS Beneficial Owners

CCASS Beneficial Owners who are either residents in Hong Kong or corporations incorporated in Hong Kong will be subject to a withholding tax rate of 20.420%, which is the highest possible withholding tax rate under Japanese law. However, such Shareholders may claim a refund of taxes withheld in excess of the applicable rate as set out in the table below from the NTA after following the applicable filing procedures set out in section F below.

	Highest possible withholding tax rate initially applied by the Company	Applicable tax rate on individual basis	Highest possible rate of refund of taxes withheld in excess of the applicable rate
Individual Shareholder that is interested in less than 3% of the entire issued Shares of the Company	20.420%	15.315%	5.105%
Individual Shareholder that is interested in 3% or more of the entire issued Shares of the Company	20.420%	20.420%	0.000%
Other Corporate Shareholder	20.420%	15.315%	5.105%

Japanese resident CCASS Beneficial Owners

- 1) *CCASS Beneficial Owners who do not manage the Shares in the account with a securities company, etc. within Japan*

CCASS Beneficial Owners who are either residents in Japan or corporations incorporated in Japan who do not manage the Shares in the account with a securities company, etc. within Japan will be subject to withholding by the Company at the tax rate of 20.420%, which is the highest possible withholding tax rate under Japanese law. However, they may claim a refund of taxes withheld in excess of the applicable tax rate set out in the table below from the NTA after following the applicable filing procedures set out in section F below.

	Highest possible withholding tax rate initially applied by the Company	Applicable tax rate on individual basis	Highest possible rate of refund of taxes withheld in excess of the applicable rate
Individual Shareholder that is interested in less than 3% of the entire issued Shares of the Company	20.420%	20.315%	0.105%
Individual Shareholder that is interested in 3% or more of the entire issued Shares of the Company	20.420%	20.420%	0.000%
Corporate Shareholder	20.420%	15.315%	5.105%

2) *CCASS Beneficial Owners who manage the Shares in the account with a securities company, etc. within Japan*

A Japanese resident CCASS Beneficial Owner who beneficially holds the Shares in the account with any securities company, etc. within Japan may be subject to withholding by such securities company, etc. in addition to withholding by the Company. In such event, they may claim a refund of taxes withheld in excess of the applicable tax rate set out in the table below from the NTA by following the applicable filing procedures as set out in section F below.

	Highest possible withholding tax rate initially applied by the Company	Rate of withholding tax applied by securities companies, etc. within Japan	Applicable tax rate on individual basis	Highest possible rate of refund of taxes withheld in excess of the applicable rate
Individual Shareholder that is interested in less than 3% of the entire issued Shares of the Company	20.420%	20.315%	20.315%	20.420%

Corporate Shareholder	20.420%	15.315%	15.315%	20.420%

CCASS Beneficial Owners other than Japanese or Hong Kong residents

CCASS Beneficial Owners who are neither residents in Japan or Hong Kong nor corporations incorporated in Japan or Hong Kong will be subject to a withholding tax rate of 20.420%, which is the highest possible withholding tax rate under Japanese law. However, they may claim a refund of taxes withheld in excess of the applicable rate set out in the table from the NTA after following the applicable filing procedures set out in section F below.

Please note however that the NTA has confirmed that at this moment, CCASS Beneficial Owners cannot make a claim under a tax convention, because a CCASS Beneficial Owner cannot be identified since their name, address and other information to identify them are not available. Please also note that the Company has been in discussion with the NTA regarding the applicability of any tax convention between Japan and any other country to CCASS Beneficial Owners residing in such other country.
