

HK Electric Investments, constituted in January 2014, is the first fixed single investment trust in Hong Kong focusing purely on the energy sector. Our Share Stapled Units, issued by the trust and HK Electric Investments Limited (collectively known as “HKEI”), are listed on the Main Board of the Hong Kong Stock Exchange. Our trust is structured to enable us to maintain a single-minded focus on delivering stable distributions to holders of our Share Stapled Units, while ensuring we have the potential for sustainable long-term growth.

Our main operating company, HK Electric, is a vertically integrated power utility responsible for the generation, transmission, distribution and supply of electricity to 570,000 customers in Hong Kong. Through HK Electric, we have a heritage of powering Hong Kong’s economic growth for 125 years, investing in the most appropriate technologies and fuels to support the provision of affordable, reliable and clean electricity to both businesses and residential communities.

We are committed to continuing HK Electric’s long tradition of community engagement and support for the underprivileged, and to remaining a positive and responsible member of the Hong Kong community.

This is the first full year annual report of HKEI, which holds 100% of HK Electric. The cover design pays homage to our contribution in powering the city’s economic development and enabling a modern lifestyle for its people. The lines represent our strong links with Hong Kong, as well as our pledge to deliver affordable, reliable and cleaner energy.
