How much will a holder of Warrants receive on expiry?

A holder of Warrants will receive a Cash Settlement Amount per Board Lot in Hong Kong dollars calculated as follows:

For a series of call warrants:

$$\text{Cash Settlement Amount per Board Lot (if any) payable at expiry} = \frac{\text{Entitlement} \times (\text{Average Price} - \text{Exercise Price}) \times \text{one Board Lot}}{\text{Number of Warrant(s) per Entitlement}}$$

For a series of put warrants:

$$\text{Cash Settlement Amount per Board Lot (if any) payable at expiry} = \frac{\text{Entitlement} \times (\text{Exercise Price} - \text{Average Price}) \times \text{one Board Lot}}{\text{Number of Warrant(s) per Entitlement}}$$

“**Average Price**” means the arithmetic mean of the closing prices of one share (as derived from the daily quotation sheet of the Stock Exchange, subject to any adjustments to such closing prices as may be necessary to reflect any capitalisation, rights issue, distribution or the like) in respect of each of the five business days immediately preceding the Expiry Date.

Where the above formula results in a negative amount, the Cash Settlement Amount per Board Lot shall be zero.

What happens at expiry?

On the Expiry Date, if the Cash Settlement Amount is greater than zero, the Warrants will be automatically exercised and a holder of Warrants will not be required to deliver any exercise notice. We will pay a holder of Warrants the Cash Settlement Amount in accordance with the terms and conditions of the Warrants.

Listing of the Warrants

We will make an application to the Stock Exchange for the listing of, and permission to deal in, the Warrants on the Stock Exchange and the issue of the Warrants is conditional upon listing being granted.

We expect that dealings in the Warrants will commence on or about 10 April 2015.
