Accordingly, the Fund's listing and authorised status will be maintained until the respective Delisting and Deauthorisation.

As of 28 June 2012, i.e. the Last Trading Day, the Net Asset Value of the Fund and the Net Asset Value per Unit were HK\$5,934,599.84 and HK\$15.8256 respectively.

- (c) the Units of the Fund will no longer be traded on the SEHK.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong Dollars)

1 BACKGROUND

CICC-SZSE 100 Index Tracker (“the Fund”) is a sub-fund of CICC Index Trust (“the Trust”). It is an open-ended unit trust governed by its Trust Deed dated 18 December 2009 (“the Trust Deed”), entered into between China International Capital Corporation Hong Kong Asset Management Limited (“the Manager”) and HSBC Institutional Trust Services (Asia) Limited (“the Trustee”). The Fund is authorised by the Hong Kong Securities and Futures Commission (“the SFC”) under Section 104(1) of the Hong Kong Securities and Futures Ordinance (“HKSFO”). The Fund is also listed on The Stock Exchange of Hong Kong Limited (“the SEHK”).

The Manager, by means of a resolution of the board of directors of the Manager dated 29 May 2012, decided to terminate the Fund and the Trust with the last trading day of the units of the Fund on the SEHK being 28 June 2012. No creation of units in the primary market through a participating dealer was allowed from 29 May 2012 onwards. The Fund liquidated all investments on 29 June 2012 and held cash only afterwards.

The Fund has been an index-tracking collective investment scheme which sought to track the performance of SZSE 100 Index, which is a diversified index consisting of 100 constituent index shares compiled and managed by the Shenzhen Securities Information Company Limited. The Fund aims to achieve its investment objective by investing in financial derivatives which tracked the performance of SZSE 100 Index by adopting “synthetic representative” strategy or “synthetic replication” strategy.

Under the prevailing regulations in the People’s Republic of China (“PRC”), foreign investors can invest in the PRC A-shares market through investing in A-share related participatory notes issued by financial institutions which have obtained qualified foreign institutional investor (“QFII”) status.

Under the current general provisions of the PRC Corporate Income Tax Law and published tax circulars, the Fund would be subject to PRC withholding tax at the rate of 10% in respect of its PRC sourced income earned, including capital gains realised on the sales of PRC listed company shares and dividend income derived from PRC listed companies. The Fund has provided PRC taxation rate of 10% on realised gains and dividend income from A-shares participatory notes given that such tax liability payable by QFII would be passed to the Fund.

However the PRC tax authorities have not been reported to have sought to collect such PRC withholding tax on capital gains realised by QFII on the selling of A-shares. The Fund and the Trust will be terminated when the Manager and the Trustee form an opinion that the Fund and Trust cease to have any contingent or actual assets or liabilities (which the Manager and the Trustee expect to take place as soon as practicable after the Long Stop Date when the treatment of the capital gain tax provision has been finalised and settled). Long Stop Date refers to the date on which final tax decision on the withholding tax is made by the relevant PRC tax authorities and the treatment of capital gain tax has been finalised and settled.

2 SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

The financial statements of the Fund have been prepared in accordance with all applicable International Financial Reporting Standards (“IFRSs”), issued by the International Accounting Standards Board (“IASB”), the relevant disclosure provisions of the Trust Deed, and the relevant disclosure requirements of the Hong Kong Code on Unit Trusts and Mutual Funds issued by the SFC. A summary of the significant accounting policies adopted by the Fund is set out below.

The IASB has issued certain new and revised IFRSs that are first effective or available for early adoption for the current accounting period of the Fund. There have been no significant changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Fund for the current accounting period in these financial statements.

The Fund has not applied any new standards or Interpretation that is not yet effective for the current accounting period (see note 10).

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Basis of preparation of the financial statements

The financial statements are presented in Hong Kong dollars as the subscription and redemption are conducted in Hong Kong dollars. It is rounded to the nearest dollar.

The measurement basis used in the preparation of the financial statements is the historical cost basis except that investments are stated at their fair value as explained in the accounting policies set out below.

The preparation of financial statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Accordingly to clause 24.03(a) of the trust deed dated 18 December 2009 governing the Trust and the Fund, at any time one year after the establishment of the Trust and/or any sub-fund, where the aggregate net asset value of all units outstanding under the Trust shall be less than \$500,000,000, or in relation to any sub-fund shall be less than \$500,000,000, the Manager may in its absolute discretion terminate the Trust and/or the sub-fund. The Manager, by means of a resolution of the board of directors of the Manager dated 29 May 2012, decided to terminate the Fund and the Trust with the last trading day of the units of the Fund on the SEHK being 28 June 2012 (note 1).

Accordingly, the Fund is no longer a going concern and the financial statements of the Fund have been prepared on a break-up basis.

In addition, if the provision for termination related expense is insufficient to cover any future costs or any unforeseen expenses if applicable, any shortfall will be borne by the Manager.

(c) Financial liabilities

(i) Classification

Financial liabilities that are not at fair value through profit or loss include accrued expenses and other payables.

(ii) Recognition

The Fund recognises financial liabilities on the date they become a party to the contractual provisions of the instruments.

Financial liabilities are not recognised unless one of the parties has performed its obligations under the contract or the contract is a derivative contract not exempted from the scope of International Accounting Standards 39, *Financial instrument: Recognition and measurement*.

(iii) Measurement

Financial liabilities, other than those at fair value through profit or loss, are measured at amortised cost using the effective interest rate.

2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Financial liabilities (continued)

(iv) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. On derecognition of a financial asset, the difference between the carrying value of the asset and the consideration received is recognised in profit or loss.

(e) Translation of foreign currency

Exchange gains and losses are recognised in profit or loss.

(f) Related parties

- (1) A person, or a close member of that person's family, is related to the Fund if that person:
 - (i) has control or joint control over the Fund;
 - (ii) has significant influence over the Fund; or
 - (iii) is a member of the key management personnel of the Fund or the Fund's parent.
- (2) An entity is related to the Fund if any of the following conditions applies:
 - (i) The entity and the Fund are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is controlled or jointly controlled by a person identified in (1).
 - (vi) A person identified in (1)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Units in issue

The Fund classifies financial instruments issued as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

The Fund has only one class of redeemable units in issue and they are the most subordinate class of financial instrument in the Fund. The redeemable units provide investors with the right to require redemption for cash at a value proportionate to the investor's share in the Fund's net assets at each redemption date and also in the event of the Fund's liquidation.

A puttable financial instrument that includes a contractual obligation for the Fund to repurchase or redeem that instrument for cash or another financial asset is classified as equity if it meets all of the following conditions:

- it entitles the holder to a pro rata share of the Fund's net assets in the event of Fund's liquidation;
- it is in the class of instruments that is subordinate to all other classes of instruments;
- all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- apart from the contractual obligation for the Fund to repurchase or redeem the instrument for cash or another financial asset, the instrument does not include any other features that would require classification as a liability; and
- the total expected cash flows attributable to the instrument over its life are based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Fund over the life of the instrument.

The Fund's units in issue meet these conditions and are classified as equity.

(h) Taxation

Taxation for the year comprises of current tax and movements in deferred tax assets and liabilities.

Current tax and movements in deferred tax assets and liabilities were recognised in profit or loss. Current tax was the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the date of statement of financial position. Current tax also includes non-recoverable withholding taxes on investment income and capital gains.

Deferred tax liabilities arise from taxable temporary differences, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. The amounts of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the date of statement of financial position. Deferred tax liabilities are not discounted.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong Dollars)

3 STATEMENT OF COMPREHENSIVE INCOME AND STATEMENT OF CHANGES IN EQUITY

No statement of comprehensive income and statement of changes in equity have been prepared as the Fund did not carry out any trade or business during the reporting period. The Fund ceased to track SZSE 100 Index on 28 June 2012. The Fund set aside a provision of approximately \$1,500,000 on 30 May 2012 for discharging any future costs, charges, expense claims and demands that the Trustee and the Manager may incur in connection with or arising out of, among others, the on-going maintenance of the Fund and the Trust until the termination date.

4 TAXATION

No provision for Hong Kong Profits Tax has been made in the financial statements as the Fund is exempted from taxation under section 26A (1A) of the Hong Kong Inland Revenue Ordinance.

Under the Corporate Income Tax Law of the PRC effective on 1 January 2008, a foreign company without a permanent establishment in the PRC will be subject to a withholding income tax at the rate of 20% for its PRC sourced income, including interest, royalty, rental and other income. That withholding tax rate is reduced to 10% under the Implementation Rules for Corporate Income Tax Law. The Minister of Finance and the State Administration ("SAT") has recently issued a circular clarifying that Qualified Foreign Institutional Investors ("QFIIs") are subject to 10% PRC withholding tax on dividends, bonuses and interests that are sourced in China. Effective from 17 November 2014, capital gains realised by the holders of A Shares by QFIIs, from the sale of A Shares on or after 17 November 2014 will be temporary exempted from PRC's 10% Capital Gains Tax ("CGT"). However, Circular No. 19 of PRC Laws and regulations confirm that Capital Gains realised from the disposal of A Shares before 17 November 2014 will continue to be liable to the 10% CGT.

On the basis of the available information, the Manager has determined that it is appropriate to provide for PRC taxation at the withholding tax rate of 10% on realised gains and dividend income from A-share related participatory notes.
