#### **REVIEW OF OPERATION**

#### 1. Discontinued operation

The Divestment Group was mainly engaged in the hotel and restaurant operations of the Guangxi Wharton International Hotel Limited\* (廣西沃頓國際大酒店有限公司) (the "Nanning Hotel") located in Guangxi Province, the PRC. During the period, although the Average Daily Rate ("ADR") of the Nanning Hotel was in general still lower than the previous levels, the turnover of the Divestment Group slightly increased by 2.3% to HK\$71.6 million (2014: HK\$70.0 million) following the completion of a majority of the renovation work. The net loss of the Divestment Group increased by 17.8% to HK\$5.3 million (2014: HK\$4.5 million) as a result of that (i) more losses of the joint ventures were picked up, reflecting the worsening performance of the Beihai Hotel since the commencement of operations due to keen competition and the fact that the Beihai Hotel has only operated for a short period of time; and (ii) more finance costs were incurred due to the imputed interest associated with several related-party loans borrowed in December 2014.

#### 2. Continuing operation

The continuing operation is investment holding and does not have any business in substance. During the period under review, the Divestment Group is still part of the Group's business. The Divestment is conditional upon the fulfillment or waiver (if applicable) of many conditions precedent and may or may not be completed as contemplated. The higher amount in the net losses of the Group in the six months ended 30 September 2014 was primarily due to a finance cost of HK\$20.4 million incurred as a result of the modification of terms of the convertible bonds.

#### **BUSINESS PROSPECT**

The Company's management believes that due to the slowdown of the overall national economic growth and the further implementation of the anti-corruption campaign, a much smaller revenue increase or even decrease in the hotel industry was observed in 2014 and is anticipated to continue. It is also stated that the management team will put in additional efforts to alleviate the negative impacts. According to the Company's management, the Divestment Group has faced and is expected to continue to face in the foreseeable future considerable headwind as regards to its hotel business, given the unstable economic outlook in the PRC and government spending policies, as well as challenges relating to increasing operational costs, leading to uncertainty as to future performance of the Divestment Group. On 22 June 2015, the Company entered into various agreements (as amended on 23 October 2015 and 20 November 2015) in respect of the Proposed Transactions, including the disposal by the Company of its entire equity interests in the Divestment Group. Upon completion of the Proposed Transactions, the Group will no longer be engaged in the hotel and restaurant business carried on through the Divestment Group, and will be principally engaged in a new business, namely the exploration, development and production of crude oil carried out by the PRC Target. Further details of the Proposed Transactions are set out in the announcement dated 28 October 2015 jointly published by the Company and Titan Gas Technology Investment Limited and in the Company's announcement dated 20 November 2015.

#### **FINANCIAL REVIEW**

#### Liquidity and financial resources

The Group's cash and bank balances are mostly in Hong Kong dollars and Renminbi. As at 30 September 2015, the Group had unpledged cash and bank deposit balances of approximately HK\$25.3 million, including the cash & bank balance classified as held for sale (31 March 2015: HK\$17.7 million). As at 30 September 2015, the Group had outstanding bank borrowings of HK\$190.3 million (31 March 2015: HK\$197.9 million). The gearing ratio of the Group which represented the total bank borrowings to the total assets was 43.3% (31 March 2015: 43.6%).

#### Treasury and funding policy

The assets and liabilities of the Group are mainly denominated in Hong Kong dollars and Renminbi. The Group's bank borrowing is on a floating rate at the prime lending rate of the People's Bank of China. Taking into account of the expected cash flows of the Group's operations and cash and investment in marketable securities currently in hand, the Group expects that it will have sufficient working capital for its financial liabilities as they fall due. As the main operation of the Group is in the PRC, the Group has minimal exposure to foreign exchange fluctuation in Renminbi.

#### Pledge of assets

As at 30 September 2015, the hotel properties held with an aggregate carrying amount of approximately HK\$256.3 million (31 March 2015: HK\$272.6 million) were mortgaged to a bank to secure banking facilities granted to the Group.

#### Employees and remuneration policies

The Group employed approximately 563 employees as at 30 September 2015 (31 March 2015:496). Remuneration is determined by reference to market terms and the qualifications and experience of the staff concerned. Salaries are reviewed annually depending on individual merits. The Group also provides other benefits including retirement benefit scheme, medical insurance and educational subsidies to all eligible staff.

By Order of the Board Shun Cheong Holdings Limited Cao Jing Executive Chairman

Hong Kong, 30 November 2015

#### **CORPORATE GOVERNANCE**

#### Directors' securities transactions

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 to the Listing Rules. On specific enquiries made, all directors of the Company have confirmed that they have complied with the required standard set out in the Model Code throughout the six months ended 30 September 2015.

#### Compliance with the Corporate Governance Code

In the opinion of the Board, the Company had complied with the applicable code provisions of the Corporate Governance Code (the "CG Code"), as set out in Appendix 14 to the Listing Rules during the interim period, except that:

- 1. CG Code provision A.4.1 stipulates that non-executive directors should be appointed for a specific term and subject to re-election. All the existing non-executive directors of the Company do not have a specific term of appointment but are subject to retirement by rotation and re-election at the Company's annual general meeting in accordance with the Bye-laws of the Company. As such, the Board considers that sufficient measures have been taken to ensure that the Company's corporate governance practices are no less exacting than those in the CG Code.
- 2. CG Code provision A.4.2 stipulates that every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. The Board will ensure the retirement of each director, other than those hold office as Executive Chairman or Managing Director, by rotation at least once every three years in order to comply with the CG Code. The Board presently considers that the continuity of office of the Executive Chairman and the Managing Director provides the Group a strong and consistent leadership and is of great importance to the smooth operations of the Group. As a result, the Board concurred that the Executive Chairman and the Managing Director need not be subject to retirement by rotation.
- 3. CG Code provision E.1.2 stipulates that the chairman of the Board should attend the annual general meeting of the Company. The chairman did not attend the annual general meeting for the financial year ended 31 March 2015 due to other business engagement. Another director of the Company had chaired the annual general meeting for the financial year ended 31 March 2015 and answered questions from the shareholders together with chairman/member/duly appointed delegate of the Audit Committee, the remuneration committee and the nomination committee of the Company. In the opinion of the directors, the Company had provided a useful, effective and convenient forum for shareholders to exchange views with the Board and with each other, and had served the same purpose as laid down by CG Code.

#### Audit Committee

The Audit Committee comprises three directors, all of which are independent non-executive directors, namely Mr. Palaschuk Derek Myles (Chairman), Professor Ye Jianping and Professor Chen Zhiwu. Regular meetings have been held by the Audit Committee since establishment and it meets at least twice each year to review and supervise the Group's financial reporting process and internal control. The Company's interim results for the six months ended 30 September 2015 have not been audited, but have been reviewed by the Audit Committee.

The Group's principal banker shall continue to provide continuing financing to the Group under the Group's existing available facilities;

In light of the above, the directors of the Company are of the opinion that it is still appropriate to prepare the condensed consolidated financial statements for the six months ended 30 September 2015 on a going concern basis.

Should the Group be not able to continue to operate as a going concern, adjustments would be necessary to reclassify all noncurrent assets and liabilities as current assets and liabilities, write down the value of assets to their recoverable amounts and to provide for further liabilities which may arise. The condense consolidated financial statements have not incorporated any of these adjustments.

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 (HKAS 34) Interim Financial Reporting issued by the Hong Kong Institute of Certified Public Accountants as well as with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

Therefore, diluted loss per share amounts are based on the loss for the period attributable to owners of the Company of approximately HK\$10,439,000 (2014: HK\$32,769,000) and the weighted average number of ordinary shares of 347,326,000 (2014: 347,326,000) in issue during the period.

On 28 March 2008, the Company issued a five-year, 1% convertible bond with nominal value of HK\$120,000,000 (the "Bond") to Tanisca Investment Limited ("Tanisca"). Interest is payable half year in arrears. The Bond are convertible at any time from the first anniversary of the issue date to the maturity date of 28 March 2013, at the holder's option, into 200,000,000 ordinary shares of the Company at an initial conversion price of HK\$0.6 per share, subject to adjustments in certain events. The Bond may be redeemed at the option of the Company in whole or in part, upon written confirmation obtained from the bondholder in accordance with the terms of the Bond, or by the bondholder under certain circumstances. Unless previously redeemed, purchased and cancelled or converted, all the outstanding Bond will be converted into ordinary shares of the Company on the maturity date.

On 12 June 2008, the Company, by a rights issue, allotted and issued 208,395,600 ordinary shares of HK\$0.01 each at the price HK\$0.5 per share. As a result, the conversion price of the Bond was adjusted from HK\$0.6 per share to HK\$0.3695 per share, and the number of shares falling to be issued upon full conversion of the Bond was adjusted from 200,000,000 to 324,763,193 shares.

On 28 March 2013, the Group has entered into a deed of amendment ("Deed of Amendment") with the holder of the Bond to extend the maturity date of the Bond of principal amount of HK\$120,000,000 from 28 March 2013 to 28 March 2015. The conversion price remained at HK\$0.3695 per share and if any of the Bond has not been converted subsequently, it shall be redeemed on the extended maturity date on 28 March 2015 ("modification"). The conversion price remained at HK\$0.3695 per share and if any of the Bond has not been converted subsequently, it shall be redeemed on the extended maturity date on 30 April 2018 ("modification"). On 29 June 2014, the shareholders have duly passed the Deed of Amendment in special general meeting.

The fair value of the liability component of the Bond was estimated at the issuance date using an equivalent market interest rate for a similar bond without a conversion option. The effective interest rate of the Bond was 5.53% (31 March 2015: 5.53%) per annum. The residual amount was assigned as the equity component of the Bond and is included in shareholders' equity.

The modification resulted in the extinguishment of the financial liability of the Bond and the recognition of its new financial liability and equity components. The fair value of the new liability immediately following the modification was approximately HK\$102,024,000. The financial liability was determined using an effective interest rate of 5.53% (31 March 2015: 5.53%).

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active market for identical assets or liabilities;
