Chairman's Statement

Dear Shareholders,

I hereby present the annual report for the year ended 31 December 2015 of Victory Group Limited and its subsidiaries (collectively referred to as the "Group") on behalf of the Board of Directors (the "Board").

FINANCIAL REVIEW HIGHLIGHT

For the year ended 31 December 2015, the Group recorded a revenue of approximately HK$10,985,000 for the year (2014: HK$30,216,000). Net loss attributable to shareholders of the Company for the year was approximately HK$18,846,000 (2014: HK$21,967,000).

The Board did not recommend to pay any dividend for the year ended 31 December 2015 (2014: Nil).

BUSINESS REVIEW

The principal activities of the Group during the year under review were investment holding, trading of motor vehicles and money lending business. The core business of the Company during the year was car sales business and principally engaged in the trading and distribution of second hand left-hand-drive motor vehicles. The primary market of the core business is mainland China. The business developed last year was money lending business which widen revenue of the Group.

During the year, the unstable global economic environment and the slowdown of market growth in mainland China have posed challenges to motor vehicles business. The supply and demand disparities due to the over production of cars in mainland China have led to drop on selling prices of new cars and affected the demand for second-hand cars. The company strengthens the brand awareness and promotes the development of automotive business in the PRC through cooperation with several vehicle distributors in mainland. Even if the economic growth in PRC likely slowdown, the Company will take the positive and prudent management strategies to face the challenge.

Same as previous financial years, the Company will continue to exercise stringent cost control under limited funding situation. Furthermore, the Board will use its best endeavors to look for new business and investment opportunities with an aim to broadening the Group's revenue stream.

During the year under review, the Board comprised Mr. Chan Chun Choi, Mr. Chan Kingsley Chiu Yin and Ms. Lo So Wa Lucy (formerly known as Ms. Lu Su Hua) as executive directors; Mr. Ip Ka Keung, Dr. Lam King Hang and Mr. Cheung Man Fu as independent non-executive directors.

Chairman's Statement

APPRECIATION

I would like to express sincere thanks to all our management and staff for their contribution and commitment. On behalf of the Board, I would also like to take this opportunity to thank our shareholders, professional advisors for their encouragement and support.

By Order of the Board
Chan Chun Choi
Chairman and Managing Director

Hong Kong, 21 March 2016

RESULTS

The Group had revenue of approximately HK$10,985,000 for the year ended 31 December 2015. Net loss attributable to owners of the Company for the year was approximately HK$18,846,000.

BUSINESS REVIEW

The principal activities of the Group during the year under review were investment holding, trading of motor vehicles and money lending business. The Company during the year was principally engaged in the trading and distribution of motor vehicles. The primary market of the core business is mainland China and Hong Kong. The business developed last year was money lending business which widen revenue of the Group.

During the year, the unstable global economic environment and the slowdown of market growth in mainland China have posed challenges to motor vehicles business. The supply and demand disparities due to the over production of cars in mainland China have led to drop on selling prices of new cars and affected the demand for second-hand cars. The company strengthens the brand awareness and promotes the development of automotive business in the PRC through cooperation with several vehicle distributors in mainland. Even if the economic growth in PRC likely slowdown, the Company will take the positive and prudent management strategies to face the challenge.

Comparing to last financial year, the audited net loss for 2015 was slightly improved but still primarily caused by the weakness of business environment. AUDITOR

The Audit Committee reviews the appointment of the Company auditor, its effectiveness and its relationship with the Company, which includes monitoring our use of the auditor for non-audit services and the balance of audit and non-audit fees paid. The financial statements since the year ended 31 December 2010 were audited by Lo and Kwong C.P.A. Company Limited. Pursuant to the internal business restructuring between the practices of Lo and Kwong C.P.A. Company Limited and ZHONGLEI (HK) CPA Company Limited, Lo and Kwong C.P.A. Company Limited resigned and ZHONGLEI (HK) CPA Company Limited was appointed as auditor of the Company on 30 December 2013. The financial statements of the Company for the year ended 31 December 2013 were audited by ZHONGLEI (HK) CPA Company Limited. Following a review of the independence and effectiveness of our Company auditor, a resolution will be submitted to the forthcoming annual general meeting to re-appoint ZHONGLEI (HK) CPA Company Limited as auditor of the Company. Each Director believes that there is no relevant information of which our Company auditor is unaware. Each has taken all steps necessary as a Director to be aware of any relevant audit information and to establish that the auditor is made aware of any pertinent information.

On Behalf of the Board
Chan Chun Choi
Chairman and Managing Director

Hong Kong, 21 March 2016

CORPORATE GOVERNANCE PRACTICES

This report is a product of the Company's compliance with all relevant recommendations laid down in the Corporate Governance Code and Corporate Governance Report as set out in Appendix 14 of the Listing Rules. The Company is committed to maintain a high standard of corporate governance practices and procedures. The Board believes that good corporate governance helps the Company safeguard the interests of its stakeholders and improve the performance of the Group. During the year under review, the Company had complied with all the applicable code provisions (the "Code Provisions") set out in Corporate Governance Code contained in Appendix 14 to the Listing Rules except for the deviation from the code provisions A.2.1 and A.4.2.

Code Provision A.2.1 stipulates that the roles of chairman and chief executive officer ("CEO") should be separated and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive officer should be clearly established and set out in writing. Mr. Chan Chun Choi held the offices of chairman and CEO of the Company. The Board believes that vesting the roles of both chairman and CEO in the same person provides the Company with strong and consistent leadership and allows for effective and efficient planning and implementation of business decisions and strategies.

Code Provision A.4.2 requires that every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. The clause 87(1) of the Company's bye-laws states that the chairman of the Board and/or the managing director of the Company shall not be subject to retirement by rotation or be taken into account in determining the number of directors to retire. In the opinion of the Board, stability and continuation are key factors to the successful implementation of business plans. The Board believes that it is beneficial to the Group that there is continuity in the role of the chairman and the managing director and, therefore, the Board is of the view that the chairman and the managing director should be exempt from this arrangement at the present time.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code set out in Appendix 10 of the Listing Rules. The Company had made specific enquire of all directors whether the directors have complied with or whether there has been any noncompliance with the required standard set out in the Model Code during the year. The Company satisfied that all directors had fully complied with the required standard set out in the Model Code.

Corporate Governance Report

BOARD OF DIRECTORS

The Directors of the Company during the year and up to the date of this report were:

Executive Directors:

Chan Chun Choi *(Chairman and Managing Director)*
Chan Kingsley Chiu Yin *(Deputy Chairman)*
Lo So Wa Lucy (formerly known as Lu Su Hua)

Independent non-executive Directors:

Ip Ka Keung
Lam King Hang
Cheung Man Fu

Lo So Wa Lucy (formerly known as Lu Su Hua) is the spouse of Mr. Chan Chun Choi.
Chan Kingsley Chiu Yin is the son of Mr. Chan Chun Choi.

The Board consists of a good mix of expertise, knowledge, experience and skills, the essential abilities to guide the teams to fulfill corporate goals. The mission of the Board is to undertake the role for strategic planning and development of the Group with the objective to maximize its shareholders' value. Through the aids of senior management and the internal control mechanism, the Board monitors and supervises, from time to time, the ongoing performance of the Group.

The Board is responsible to develop and review Company's policies and practices on corporate governance and make recommendations; to review and monitor the training and continuous professional development of directors and senior management; to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements; to develop, review and monitor the code of conduct applicable to employees and directors; and to review the Company's compliance with the code and disclosure in the Corporate Governance Report.

Of the three independent non-executive Directors ("INEDs"), Mr. Ip Ka Keung possesses appropriate professional accounting qualifications and financial management expertise, satisfying Rule 3.10(2) of the Listing Rules. Through positive contributions to the Board and committee works, the INEDs provide independent directives on important decisions in respect of strategic developments, corporate governance practices, financial reporting framework, internal controls and risk management.

The Company has received, from each of its INEDs, an annual confirmation of their independence pursuant to Rule 3.13 of the Listing Rules. The Company therefore considers that all INEDs are independent.

The bye-laws of the Company (the "Bye-laws") allow board meetings to be conducted by way of telephone or video conference and all Directors are given fourteen-day notices for regular board meetings. Sufficient information was supplied by management to facilitate the board meetings in making decisions. In both regular and ad hoc board meetings as required by business needs, the Directors are free to include matters of interest for discussion in the agenda. Other than the board papers and related materials, documents of all kinds in relation to the entire Group are accessible to all Directors at any time with one-day notice.

During the year, five board meetings and one annual general meeting (the "AGM") were held and the attendance summary is as below:

Name of Director	Board Meetings Number of attendance/Total	AGM Number of attendance/Total
Chan Chun Choi	5/5	1/1
Chan Kingsley Chiu Yin	5/5	1/1
Lo So Wa Lucy (formerly known as Lu Su Hua)	5/5	1/1
Ip Ka Keung	5/5	1/1
Lam King Hang	5/5	1/1
Cheung Man Fu	4/5	1/1

RE-ELECTION OF DIRECTORS

In accordance with clauses 87(1) of the Company's bye-laws, Mr. Chan Kingsley Chiu Yin and Mr. Ip Ka Keung, shall retire from their offices and, being eligible, will offer themselves for re-election at the Company's forthcoming annual general meeting.

DIRECTOR'S TRAINING

All directors should participate in continuous professional development to develop and refresh their knowledge and skills. This is to ensure that their contribution to the board remains informed and relevant.

The Directors are committed to complying with the Code Provision A6.5 on Directors' training. All Directors have participated in continuous professional development and provided their records of training they received to the Company for the financial year ended 31 December 2015.

THE CHAIRMAN AND MANAGEMENT TEAM

The Company implements a clear division of responsibilities among its top management. The chairman is kept separate from the control of daily operations. The role of chairman is management of the Board including oversees the functions of the Board and provide leadership for the Board. The management team takes responsibility for the Group's day-to-day business operations.

The positions of chairman of the Board and chief executive officer of the Company are both currently carried on by Mr. Chan Chun Choi. Although Code Provision A.2.1 provides that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual, the Board considers that the structure currently operated by the Company does not undermine the balance of power and authority between the Board and the management. The Board members have considerable experience and qualities which they bring to the Company and there is a balanced composition of Executive Directors and Non-executive Directors (including Independent Non-executive Directors). Given the composition of the Board, the Board believes that it is able to ensure that the balance of power between the Board and the management is not impaired. The Board believes that having the same person performing the roles of both chairman and chief executive officer does provide the Group with strong and consistent leadership and that, operating in this manner allows for more effective and efficient overall strategic planning of the Group.

The Company will continue to review the effectiveness of the Group's corporate governance structure and consider whether any changes, including the separation of the roles of chairman and CEO, are necessary.

FINANCIAL STATEMENTS

The Directors acknowledge their responsibility for preparing the Group's financial statements in accordance with statutory requirements and applicable accounting standards. The Directors will also ensure the publication of the financial statements of the Group in a timely manner. Equally important, they are also responsible for keeping proper accounting records and disclosures.

AUDIT COMMITTEE

The audit committee of the Company ("Audit Committee") comprises three members who are all the INEDs Mr. Ip Ka Keung (Chairman), Dr. Lam King Hang and Mr. Cheung Man Fu. The composition and member of the Audit Committee comply with the requirements under Rule 3.21 of the Listing Rules. The written terms of reference, which describe the authority and duties of the Audit Committee, were adopted since its establishment and had been amended to conform to the provisions of the Code.

The Audit Committee is to:

- consider the appointment of the external auditors, the performance of the external auditors, the audit fee, and any questions of resignation or dismissal;

- review with the Group's management, external auditor and internal auditor, the adequacy of the Group's policies and procedures regarding internal controls (including financial, operational and compliance controls), risk management system and any statement by the Director to be included in the annual accounts prior to endorsement by the Board;

- have familiarity with the financial reporting principles and practices applied by the Group in preparing its financial statements;

- prior to audit commencement, review the scope of the external audit, including the engagement letter. The Committee should understand the factors considered by the external auditor in determining their audit scope. The external audit fees are to be negotiated by management, and presented to the Committee for review and approval annually;

- review the annual and interim financial reports prior to approval by the Board;

- review the draft representation letter to approval by the Board;

- evaluate the cooperation received by the external auditor, including their access to all requested records, data and information; obtain the comments of management regarding the responsiveness of the external auditor to the Group's needs; inquire of the external auditor as to whether there have been any disagreements with management which if not satisfactorily resolved would result in the issue of a qualified report on the Group's financial statements;

- seek from the external auditor, on an annual basis, information about policies and processes for maintaining independence and monitoring compliance with relevant requirements, including provision of non-audit services and requirements regarding rotation of audit partners and staff;

- discuss with the external auditor any recommendations arising from the audit (if necessary in the absence of management); and review the draft management letter, any material queries raised by the auditor to management in respect of the accounting records, financial accounts or systems of control including management's response to the points raised;

- ensure that the Board will provide a timely response to issues raised in the external auditor's management letter;

- review and monitor the scope, effectiveness and results of internal audit function, ensure co-ordination between the internal and external auditor and ensure that the internal audit function is adequately resourced and has appropriate standing within the Group;

- the engagement of the external auditor to perform non-audit services is in general prohibited except for tax related services. If a compelling reason exists to engage the external auditor due to their unique expertise in a particular area, the prior approval of the Committee is required;

- discuss with management the scope and quality of internal control and risk management systems;

- discuss with the management the system of internal control and ensure that management has discharged its duty to have an effective internal control system including the adequacy of resources, qualifications and experience of staff of the issuer's accounting and financial reporting function, and their training programmes and budget;

- apprise the Board of significant developments in the course of performing the above duties;

- recommend to the Board any appropriate extensions to, or changes, in the duties of the Committee;

- arrangements for employees of the Company to raise concerns about financial reporting improprieties;

- review the findings of internal investigations and management's response into any suspected frauds or irregularities or failures of internal controls or infringements of laws, rules, and regulations;

- establish a whistleblowing policy and system;

- approve the policies relating to the hiring of employees or former employees of the external auditor and monitor the applications of such policy. The Committee will consider whether as a result of such hiring there has been any impairment of the auditor's judgment or independence in respect of an audit; and

- consider other topics, as requested by the Board.

The Audit Committee convenes meetings to review with management the accounting principles and practices adopted by the Group and all other matters within the scope of its terms of reference and the maintenance of the independence and objectivity of the external auditors. For the audit of 2015 accounts, the existing Committee members satisfy with the performance by the Auditor, who presented the implications of those accounting standards enforceable in this and subsequent financial years to the Audit Committee.

The Group's 2015 audited financial statements had been duly reviewed by the Audit Committee with management and the Auditor. The members of the Audit Committee unanimously recommended for approval by the Board. The Audit Committee has concluded that it is satisfied with the professional performance of the Auditor and therefore recommends the Board that the Auditor be re-appointed as our auditor in the Company's forthcoming annual general meeting. With the consent of the Audit Committee, the Board hereby confirms that, in the preparation of the 2015 consolidated financial statements of the Company, the Directors, both collectively and individually, applied such degree of skill, care and diligence as may reasonably be expected of under the Rule 3.08 of the Listing Rules.

The Audit Committee should meet at least twice per year and convenes additional meetings when necessary.

During the year, four Audit Committee meetings were held and the attendance summary is as below:

Name of Director	**Number of attendance/Total**
Ip Ka Keung *(Chairman)*	4/4
Lam King Hang	4/4

TO THE MEMBERS OF VICTORY GROUP LIMITED
華多利集團有限公司
(incorporated in the Bermuda with limited liability)

We have audited the consolidated financial statements of Victory Group Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 35 to 95, which comprise the consolidated statement of financial position as at 31 December 2015, and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1. GENERAL INFORMATION

Victory Group Limited (the "Company") is incorporated in Bermuda as an exempted company with limited liability under the Companies Act of Bermuda. The Company's shares are listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The parent and ultimate controlling party of the Company is Winsley Investment Limited which is incorporated in Hong Kong. Its ultimate controlling party is Mr. Chan Chun Choi, who is also the director and chief executive officer of the Company.

The address of the registered office of the Company is Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. The principal place of business of the Company is Suite 1609, New East Ocean Centre, 9 Science Museum Road, Tsimshatsui East, Kowloon, Hong Kong.

The consolidated financial statements are presented in Hong Kong dollars ("HK$"), which is the same as the functional currency of the Company and its subsidiaries (collectively referred to as the "Group").

During the year ended 31 December 2015, the Group was principally engaged in investment holding, trading of motor vehicles and money lending business.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") AND HONG KONG ACCOUNTING STANDARDS ("HKASs")

Application of new and revised HKFRSs and HKASs

The Group has applied the following amendments to HKFRSs and HKASs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") for the first time in the current year.

Amendments to HKAS 19	Defined Benefit Plans: Employee Contributions
Annual Improvements Project	Annual Improvements to HKFRSs 2010 – 2012 Cycle
Annual Improvements Project	Annual Improvements to HKFRSs 2011 – 2013 Cycle

The application of the amendments to HKFRSs and HKASs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") AND HONG KONG ACCOUNTING STANDARDS ("HKASs") – *Continued*

New and revised HKFRSs and HKASs in issue but not yet effective

The Group has not early applied the following new and revised HKFRSs and HKASs that have been issued but are not yet effective:

HKFRS 9	Financial Instruments[2]
HKFRS 14	Regulatory Deferral Accounts[1]
HKFRS 15	Revenue from Contracts with Customers[2]
Amendments to HKFRS 11	Accounting for Acquisitions of Interests in Joint Operations[1]
Amendments to HKAS 1	Disclosure Initiative[1]
Amendments to HKAS 16 and HKAS 38	Clarification of Acceptable Methods of Depreciation and Amortisation[1]
Amendments to HKAS 16 and HKAS 41	Agriculture: Bearer Plants[1]
Amendments to HKAS 27	Equity Method in Separate Financial Statements[1]
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture[1]
Amendments to HKFRS 10, HKFRS 12 and HKAS 28	Investment Entities: Applying the Consolidation Exception[1]
Annual Improvements Project	Annual Improvements to HKFRSs 2012-2014 Cycle[1]

1 Effective for annual periods beginning on or after 1 January 2016, with earlier application permitted.
2 Effective for annual periods beginning on or after 1 January 2018, with earlier application permitted.

HKFRS 9 Financial Instruments

HKFRS 9 issued in 2009 introduced new requirements for the classification and measurement of financial assets. HKFRS 9 was subsequently amended in 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition, and further amended in 2013 to include the new requirements for general hedge accounting. Another revised version of HKFRS 9 was issued in 2014 mainly to include a) impairment requirements for financial assets and b) limited amendments to the classification and measurement requirements by introducing a "fair value through other comprehensive income" ("FVTOCI") measurement category for certain simple debt instruments.

New and revised HKFRSs and HKASs in issue but not yet effective – *Continued*

HKFRS 9 Financial Instruments – Continued

Key requirements of HKFRS 9:

- All recognised financial assets that are within the scope of HKAS 39 *Financial Instruments: Recognition and Measurement* are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are generally measured at FVTOCI. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.

- With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under HKAS 39, the entire amount of the change in the fair value of financial liability designated as fair value through profit or loss is presented in profit or loss.

- In relation to the impairment of financial assets, HKFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under HKAS 39. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") AND HONG KONG ACCOUNTING STANDARDS ("HKASs") – *Continued*

New and revised HKFRSs and HKASs in issue but not yet effective – *Continued*

HKFRS 9 Financial Instruments – Continued

- The new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in HKAS 39. Under HKFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the retrospective quantitative effectiveness test has been removed. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

The directors of the Company (the "Directors") anticipate that the application of HKFRS 9 in the future may have a material impact on amounts reported in respect of the Group's financial assets and financial liabilities. Regarding the Group's financial assets and financial liabilities, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

HKFRS 15 Revenue from Contracts with Customers

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 *Revenue*, HKAS 11 *Construction Contracts* and the related interpretations when it becomes effective. The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

Step 1: Identify the contract(s) with a customer
Step 2: Identify the performance obligations in the contract
Step 3: Determine the transaction price
Step 4: Allocate the transaction price to the performance obligations in the contract
Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15. The Directors anticipate that the application of HKFRS 15 in the future may have a material impact on the amounts reported and disclosures made in the Group's consolidated financial statements. However, it is not practicable to provide a reasonable estimate of the effect of HKFRS 15 until the Group performs a detailed review.

New and revised HKFRSs and HKASs in issue but not yet effective – *Continued*

Amendments to HKAS 1 Disclosure Initiative

The amendments to HKAS 1 *Presentation of Financial Statements* give some guidance on how to apply the concept of materiality in practice.

The amendments to HKAS 1 are effective for annual periods beginning on or after 1 January 2016. The Directors do not anticipate that the application of these amendments to HKAS 1 will have a material impact on the amounts recognised in the Group's consolidated financial statements.

Amendments to HKAS 16 and HKAS 38 Clarification of Acceptable Methods of Depreciation and Amortisation

The amendments to HKAS 16 *Property, Plant and Equipment* prohibit entities from using a revenue-based depreciation method for items of property, plant and equipment. The amendments to HKAS 38 *Intangible Assets* introduce a rebuttable presumption that revenue is not an appropriate basis for amortisation of an intangible asset. This presumption can only be rebutted in the following two limited circumstances:

- when the intangible asset is expressed as a measure of revenue; or

- when it can be demonstrated that revenue and consumption of the economic benefits of the intangible asset are highly correlated.

The amendments apply prospectively for annual periods beginning on or after 1 January 2016. Currently, the Group uses the straight-line method for depreciation for its property, plant and equipment. The Directors believe that the straight-line method is the most appropriate method to reflect the consumption of economic benefits inherent in the respective assets and accordingly, the Directors anticipate that the application of these amendments to HKAS 16 and HKAS 38 will not have a material impact on the Group's consolidated financial statements.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") AND HONG KONG ACCOUNTING STANDARDS ("HKASs") – *Continued*

New and revised HKFRSs and HKASs in issue but not yet effective – *Continued*

Amendments to HKAS 27 Equity Method in Separate Financial Statements

The amendments allow an entity to account for investments in subsidiaries, joint ventures and associates in its separate financial statements:

– At cost;

– In accordance with HKFRS 9 *Financial Instruments* (or HKAS 39 *Financial Instruments: Recognition and Measurement* for entities that have not yet adopted HKFRS 9), or

– Using the equity method as described in HKAS 28 *Investments in Associates and Joint Ventures.*

The accounting option must be applied by category of investments.

The amendments also clarify that when a parent ceases to be an investment entity, or becomes an investment entity, it shall account for the change from the date when the change in status occurred.

In addition to the amendments to HKAS 27, there are consequential amendments to HKAS 28 to avoid a potential conflict with HKFRS 10 *Consolidated Financial Statements* and to HKFRS 1 *First-time Adoption of Hong Kong Financial Reporting Standards*.

The Directors do not anticipate that the application of these amendments to HKAS 27 will have a material impact on the Group's consolidated financial statements.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") AND HONG KONG ACCOUNTING STANDARDS ("HKASs") – *Continued*

New and revised HKFRSs and HKASs in issue but not yet effective – *Continued*

Amendments to HKFRS 10, HKFRS 12 and HKAS 28 Investment Entities: Applying the Consolidation Exception

The amendments to HKFRS 10 *Consolidated Financial Statements*, HKFRS 12 *Disclosure of Interests in Other Entities* and HKAS 28 *Investments in Associates and Joint Ventures* clarify that the exemption from preparing consolidated financial statements is available to a parent entity that is a subsidiary of an investment entity, even if the investment entity measures all its subsidiaries at fair value in accordance with HKFRS 10. The amendments also clarify that the requirement for an investment entity to consolidate a subsidiary, whose main purpose is to provide services and activities that are related to the investment activities of the investment entity parent, applies only to subsidiaries that are not investment entities themselves.

The Directors do not anticipate that the application of these amendments to HKFRS 10, HKFRS 12 and HKAS 28 will have a material impact on the Group's consolidated financial statements as the Group is not an investment entity and does not have any subsidiary, associate or joint venture that qualifies as an investment entity.

Annual Improvements to HKFRSs 2012-2014 Cycle

The *Annual Improvements to HKFRSs 2012-2014 Cycle* include a number of amendments to various HKFRSs, which are summarised below.

The amendments to HKFRS 5 introduce specific guidance in HKFRS 5 for when an entity reclassifies an asset (or a disposal group) from held for sale to held for distribution to owners (or vice versa). The amendments clarify that such a change should be considered as a continuation of the original plan of disposal and hence requirements set out in HKFRS 5 regarding the change of sale plan do not apply. The amendments also clarify the guidance for when held-for-distribution accounting is discontinued.

The amendments to HKFRS 7 provide additional guidance to clarify whether a servicing contract is continuing involvement in a transferred asset for the purpose of the disclosures required in relation to transferred assets.

The amendments to HKAS 19 clarify that the rate used to discount post-employment benefit obligations should be determined by reference to market yields at the end of the reporting period on high quality corporate bonds. The assessment of the depth of a market for high quality corporate bonds should be at the currency level (i.e. the same currency as the benefits are to be paid). For currencies for which there is no deep market in such high quality corporate bonds, the market yields at the end of the reporting period on government bonds denominated in that currency should be used instead.

The Directors do not anticipate that the application of these amendments will have a material effect on the amounts recognised in the Group's consolidated financial statements.

Except for the above impact, the Directors do not anticipate that the application of the new and revised HKFRSs will have significant impact on the Group's consolidated financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules") and by the Hong Kong Companies Ordinance ("CO").

The provisions of the new Hong Kong Companies Ordinance (Cap 622) regarding preparation of accounts and directors' reports and audits became effective for the Company for the financial year ended 31 December 2015. Further, the disclosure requirements set out in the Listing Rules regarding annual accounts have been amended with reference to the new CO and to streamline with HKFRSs. Accordingly the presentation and disclosure of information in the consolidated financial statements for the financial year ended 31 December 2015 have been changed to comply with these new requirements. Comparative information in respect of the financial year ended 31 December 2014 are presented or disclosed in the consolidated financial statements based on the new requirements. Information previously required to be disclosed under the predecessor CO or Listing Rules but not under the new CO or amended Listing Rules are not disclosed in these consolidated financial statements.

Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2, leasing transactions that are within the scope of HKAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 or value in use in HKAS 36.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

Basis of preparation – *Continued*

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

– Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

– Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

– Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

3.1 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

– has power over the investee;
– is exposed, or has rights, to variable returns from its involvement with the investee; and
– has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.1 Basis of consolidation – *Continued*

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in existing subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

3.2 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

– the Group has transferred to the buyer the significant risks and rewards of ownership of the goods;

– the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

– the amount of revenue can be measured reliably;

– it is probable that the economic benefits associated with the transaction will flow to the Group; and

– the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.3 Leasing

All leases are classified as operating leases.

The Group as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Leasehold land for own use

When a lease includes both land and building elements, the Group assesses the classification of each element as a finance or an operating lease separately based on the assessment as to whether substantially all the risks and rewards incidental to ownership of each element have been transferred to the Group, unless it is clear that both elements are operating leases in which case the entire lease is classified as an operating lease. Specifically, the minimum lease payments (including any lump-sum upfront payments) are allocated between the land and the building elements in proportion to the relative fair values of the leasehold interests in the land element and building element of the lease at the inception of the lease.

To the extent the allocation of the lease payments can be made reliably, interest in leasehold land that is accounted for as an operating lease is presented as "prepaid lease payments" in the consolidated statement of financial position and is amortised over the lease term on a straight-line basis. When the lease payments cannot be allocated reliably between the land and building elements, the entire lease is generally classified as a finance lease and accounted for as property, plant and equipment.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.4 Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. HK$) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case, the exchange rates prevailing at the dates of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve (attributable to non-controlling interest as appropriate).

3.5 Retirement benefit costs and termination benefits

(a) *Retirement benefit costs*

Payments to the Mandatory Provident Fund Scheme ("MPF") are recognsied as an expense when employees have rendered services entitling them to the contributions.

(b) *Short-term employee benefits*

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on the taxable profit for the year. Taxable profit differs from "loss before tax" as reported in the consolidated statement of profit or loss because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.6 Taxation – *Continued*

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect in included in the accounting for the business combination.

3.7 Property, plant and equipment

Property, plant and equipment including buildings and leasehold land (classified as finance leases) held for use in the production or supply of goods or services, or for administrative purposes are stated in the consolidated statement of financial position at cost, less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

3.8 Impairment on tangible assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.8 Impairment on tangible assets – *Continued*

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount under another standard, in which case the impairment loss is treated as a revaluation decrease under that standard.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount under another standard, in which case the reversal of the impairment loss is treated as a revaluation increase under that standard.

3.9 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision, is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.10 Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

Financial assets are classified into the following specified categories: financial assets at fair value through profit or loss ("FVTPL") and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL, of which interest income is included in net gains or losses.

Financial assets at FVTPL

Financial assets are classified as at FVTPL when the financial assets is (i) contingent consideration that may be paid by an acquirer as part of a business combination to which HKFRS 3 applies, (ii) held for trading, or (iii) it is designated as at FVTPL.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.10 Financial instruments – *Continued*

Financial assets – Continued

Financial assets at FVTPL – *Continued*

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near future; or
- on initial recognition it is a part of portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial asset other than a financial asset held for trading or contingent consideration that may be paid by an acquirer as part of a business combination may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial asset forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and HKAS 39 permits the entire combined contract (assets or liability) to be designated as at FVTPL.

Financial assets at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial assets and is included in the "fair value change on contingent consideration" line item. Fair value is determined in the manner described in Note 5(b) to the consolidated financial statements.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including loan and interest receivables, deposits and other receivables and bank balances and cash) are measured at amortised cost using the effective interest method, less any impairment (see accounting policy on impairment loss on financial assets below).

Interest income is recognised by applying the effective interest rate, except for short-term receivables where the recognition of interest would be immaterial.

Impairment on financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

For all other financial assets, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as a default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation; or
- disappearance of an active market for that financial asset because of financial difficulties.

For certain categories of financial assets, such as loan and interest receivables and other receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period, observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.10 Financial instruments – *Continued*

Financial assets – Continued

Impairment on financial assets – *Continued*

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of loan and interest receivables and other receivables, where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a loan receivable or other receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment losses was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Financial liabilities and equity instruments

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Other financial liabilities

Other financial liabilities including other payables and accruals, amount due to a director/a minority shareholder and bank borrowing are subsequently measured at amortised cost, using the effective interest method.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

On derecognition of a financial asset other than in its entirety, the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit and loss.

3.11 Bank balances and cash

Bank balances and cash in the consolidated statement of financial position comprise cash at banks and on hand.

3.12 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *Continued*

3.13 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on specific identification and include all cost of purchase, and other costs incurred in bringing the inventories to their present location and conditions. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in Note 3 to the consolidated financial statements, the Directors are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgments in applying accounting policies

The Directors have not come across any significant areas where critical judgments are involved in applying the Group's accounting policies.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(a) Useful lives of property, plant and equipment

In applying the accounting policy on property, plant and equipment with respect to depreciation, management estimates the useful lives of various categories of property, plant and equipment according to the industrial experiences over the usage of property, plant and equipment and also by reference to the relevant industrial norm. When the actual useful lives of property, plant and equipment due to the change of commercial environment are different from their estimated useful lives, such difference will impact the depreciation charges and the amounts of assets written down for future periods.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY – *Continued*

Key sources of estimation uncertainty – *Continued*

(b) *Estimated impairment losses for property, plant and equipment and prepaid lease payment*

The impairment losses for property, plant and equipment and prepaid lease payment are recognised for the amounts by which the carrying amounts exceed their recoverable amounts, in accordance with the Group's accounting policies. The recoverable amount is the greater of the fair value less costs of disposal and the value in use. The Directors appointed an independent qualified professional values, Roma Appraisals Limited ("Roma"), to perform property valuations based on prices realised on actual sales of comparative properties. Roma has appropriate qualifications and recent experiences in the valuation of similar properties in the relevant locations. Comparable properties of similar size, character and location are analysed and carefully weighted against all the respective advantages and disadvantages of each property in order to arrive at a fair comparison of values. No impairment losses on the building and prepaid lease payment were recognised for the years ended 31 December 2015 and 2014.

(c) *Estimated impairment for loan and interest receivables*

The Group establishes, through charges against the consolidated statement of profit or loss, impairment allowances in respect of estimated incurred loss in loan and interest receivables. The allowances consist of individual impairment allowances. The overall impairment allowances represent the aggregate amount by which the management considers necessary to write-down its loan portfolio in order to state it in the consolidated statement of financial position at its estimated net recoverable value.

In determining individual impairment allowances, management considers objective evidence of impairment. When loan and interest receivable is impaired, an individual impairment allowance is assessed by a discounted cash flow method, measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the original effective interest rate.

In determining collective impairment allowances, management uses estimates based on historical experience for assets with credit risk characteristics and objective evidence of impairment similar to those in the portfolio.

The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between loss estimates and actual loss experience.

During the year ended 31 December 2015, no impairment loss in respect of loan and interest receivables (2014: Nil) had been recognised in the consolidated statement of profit or loss.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY – *Continued*

Key sources of estimation uncertainty – *Continued*

(d) Fair value of contingent consideration arising from business combination

Contingent consideration arising from business combination is valued using a discounted cash flow model, based on the estimated compensation received by the Group, discounted using the applicable prevailing market rate. The estimation of the compensation is based on the estimated profits of Jumbo Chance Holdings Limited ("Jumbo Chance") and its subsidiaries (collectively referred to as the "Jumbo Chance Group") attributable to the Group.

The estimation of compensation involves assumptions, such as selling quantities and market prices of second hand left-hand-drive motor vehicles. Should there be only significant changes in these assumptions or prevailing market rate, the fair value of contingent consideration arising from business combination will change from period to period. A fair value change on contingent consideration of approximately HK$570,000 was recognised in the consolidated statement of profit or loss during the year ended 31 December 2014 which was mainly due to an unanticipated market down turn of the second hand left-hand-drive motor vehicles in the People's Republic of China ("PRC"). Details of the contingent consideration are disclosed in Note 20 to the consolidated financial statements.

(e) Estimated write-down of inventories

The Group reviews an aging analysis at the end of the reporting period, and determines the write-down of inventories by reference to the current market conditions of the inventories. During the year ended 31 December 2015, write-down of inventories of approximately HK$255,000 (2014: HK$629,000) was recognised in the consolidated statement of profit or loss.

(b) Financial risk management objectives and policies

The Group's major financial instruments including loan and interest receivables, deposits and other receivables, bank balances and cash, other payables and accruals, amount due to a director/a minority shareholder and bank borrowing. Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments include market risk (currency risks and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk

There has been no change to the Group's exposure to market risks or the manner in which these risks are managed and measured.

(i) Currency risk

The Group mainly operates in Hong Kong with most of the transactions denominated and settled in HK$ and has immaterial bank balances and cash denominated in Japanese Yen ("JPY").

The Group does not have material currency risk on JPY and hence the effect is minimal.

5. FINANCIAL INSTRUMENTS – *Continued*

(b) Financial risk management objectives and policies – *Continued*

Market risk – Continued

(ii) Interest rate risk

The Group's exposure to the risk of changes in market interest rate relates primarily to the Group's bank balances and bank borrowing with floating interest rates which expose the Group to cash flow interest rate risk. Loan and interest receivables at fixed rates exposes the Group to fair value interest rate risk.

The interest rates of bank borrowing of the Group are disclosed in Note 26. The Group currently does not have an interest rate hedging policy. However, management monitors the Group's interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

Sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Group's net loss.

2015	**100**	**101**
2014	100	129

5. FINANCIAL INSTRUMENTS – *Continued*

(b) Financial risk management objectives and policies – *Continued*

Credit risk

Credit risk arises from the possibility that the counterparty to a transaction is unwilling or unable to fulfill its obligation with the results that the Group thereby suffers financial loss. The carrying amounts of loan and interest receivables, other receivables and bank balances and cash represent the Group's maximum exposure to credit risk in relation to financial assets. The carrying amounts of these financial assets presented in the consolidated statement of financial position are net of impairment losses, if any.

The Group expects that there is no significant credit risk associated with cash at bank since all the Group's bank balances and cash are deposited with major and creditworthy banks located in Hong Kong and the PRC.

The Group is exposed to credit risk attributable to loan and interest receivables from customers. Management has a credit policy in place and the exposures to credit risk are monitored on an ongoing basis. In respect of loan and interest receivables from customers, individual credit evaluations are performed on all customers. These evaluations focus on the customer's financial background and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates. Loan and interest receivables from customers are due as at the due date of corresponding loan agreements.

As at 31 December 2015 and 2014, all loan and interest receivables from customers are secured by properties situated in Hong Kong. The Group closely monitors the ownership and value of the collaterals throughout the loan period. Further, as at 31 December 2015, approximately 38% (2014: 47%) of the total loan and interest receivables from customers were due from the largest customer and 73% (2014: 100%) of the total loan and interest receivables as at 31 December 2015 was due from the Group's five largest customers for the Group's money lending business. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer rather than the industry or country in which the customers operate and therefore significant concentrations of credit risk primarily arise when the Group has significant exposure to individual customers.

In order to minimise the credit risk, the Directors have delegated a team responsible for determination of monitoring procedures to ensure that follow-up actions are taken to recover overdue debts. In addition, the Directors review the recoverability of each loan and interest receivables and other receivables at the end of the reporting period to ensure that adequate impairment losses are provided for irrecoverable amounts. In this regard, the Directors consider that the Group's credit risk is significantly reduced.

(b) Financial risk management objectives and policies – *Continued*

Credit risk – Continued

Further quantitative disclosures in respect of the Group's exposure to credit risk arising from loan and interest receivables from customers are set out in Note 19 to the consolidated financial statements.

Liquidity risk

Ultimate responsibility for liquidity risk rests with the Directors, which has built an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities based on the agreed repayment terms. The tables have been drawn up based on the undiscounted cash flows of financial liabilities and based on the earliest date on which the Group would be required to pay. The tables include both interest and principal cash flows.

Fair value measurements of financial instruments

This note provided information about how the Group determines fair values of various financial assets and financial liabilities.

(i) Fair value of the Group's financial asset that is measured at fair value on a recurring basis

The Group's financial asset, by means of contingent consideration receivable, is measured at fair value at the end of each reporting period. The following table gives information about how the fair value of this financial asset is determined (in particular, the valuation technique(s) and inputs used).

Financial asset	**Fair value as at 31 December 2015**	31 December 2014	**Fair value hierarchy**	**Valuation technique(s) and key input(s**
Contingent consideration receivable	**Nil**	Nil	Level 3	Discounted cash flow is estimated based on the estimated losses of the Jumbo Chance Group attributable to the Group, discounted using the yield rate of the emerging market corporate bonds

During the years ended 31 December 2015 and 2014, there were no transfers between Level 1 and 2 or transfers into or out of Level 3.

The fair value of the financial asset included in the level 3 category above has been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflect the credit risks of counterparties.

The Directors consider that the carrying amounts of other financial assets and financial liabilities in the consolidated financial statements approximate their fair values.

6. REVENUE

Revenue represents the gross proceeds received and receivable from trading of motor vehicles and money lending business. The following is an analysis of the Group's revenue:

	2015 **HK$'000**	2014 HK$'000
Trading of motor vehicles	**7,597**	29,099

7. SEGMENT INFORMATION

Information reported to the board of directors of the Company (the "Board"), being the chief operating decision maker, for the purposes of resource allocation and assessment of segment performance focuses on types of goods delivered or services provided. No operating segments identified by the chief operating decision maker have been aggregated in arriving at the reportable segments of the Group. Specifically, the Group's reportable and operating segments under HKFRS 8 are as follows:

Trading of motor vehicles	– Trading and distribution of motor vehicles
Money lending	– Business of money lending and provision of credits

Segment revenue and results

The following is an analysis of the Group's revenue and results by reportable and operating segments:

For the year ended 31 December 2015

Unallocated corporate income			243
Unallocated corporate expenses			(4,540)
Fair value change on contingent consideration			570
Finance costs			(181)
Loss before tax			(22,495)

Segment revenue reported above represents revenue generated from external customers. There were no inter-segment sales for both years ended 31 December 2015 and 2014.

The accounting policies of the operating segments are the same as the Group's accounting policies described in Note 3. Segment profit (loss) represents the profit earned by (loss from) each segment without allocation of central administration costs including directors' emoluments, other income, fair value change on contingent consideration and finance costs. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

29. SHARE OPTION SCHEME

Pursuant to resolutions passed at the annual general meeting of the shareholders held on 26 May 2014, the Company adopted a share option scheme (the "Share Option Scheme"). The purpose of the Share Option Scheme is to motivate the eligible participants to optimise their performance and efficiency for the benefit of the Group; and attract and retain or otherwise maintain ongoing business relationship with the eligible participants whose contributions are, will or expected to be beneficial to the Group.

Under the terms of the Share Option Scheme, the Directors may, at their discretion, grant options to the participants fall within the definition prescribed in the Share Option Scheme including (i) directors, employees, consultant, professional, customer, supplier, agent, partner or adviser of or contractor to the Group or a company in which the Group holds an interest or a subsidiary of such company ("Affiliate"); or (ii) the trustee of any trust the beneficiary of which or any discretionary trust the discretionary objects of which include any director, employee, consultant, professional, customer, supplier, agent, partner or adviser of or contractor to the Group or an Affiliate; or (iii) a company beneficiary owned by any director, employee, consultant, professional, customer, supplier, agent, partner or adviser of or contractor to the Group or an Affiliate, to subscribe for shares in the Company at a price determined by the Board, and will not be less than the highest of (i) the nominal value of a share on the date of grant; (ii) the average closing price of a share as stated in the Stock Exchange's daily quotations sheet for the 5 business days immediately preceding the date of grant; and (iii) the closing price of a share as stated in the Stock Exchange's daily quotations sheet on the date of grant of the relevant option, which must be a business day.

29. SHARE OPTION SCHEME – *Continued*

The number of shares in respect of which options may be granted under the Share Option Scheme shall not, in aggregate, exceed 10% of the shares of the Company in issue as at the date of listing of the shares unless approved by the Company's shareholders.

Options granted to a substantial shareholder of the Company or an independent non-executive director or any their respective associates would result in the total number of the shares issued and to be issued upon exercise of the options granted and to be granted to such person in any 12-month period up to and including the date of the grant representing in aggregate over 0.1% of the shares in issue and having an aggregate value, based on the closing price of the shares at the date of each grant, in excess of HK$5,000,000 must be approved by the Company's shareholders.

The Share Option Scheme shall be valid and effective for a period of 10 years commencing on the 26 May 2014, unless otherwise cancelled or amended.

A nominal consideration of HK$1 is payable on acceptance of the grant of an option.

No share option was granted under the Share Option Scheme since it has been adopted on 26 May 2014.
