The additional funding from the Subsequent Limited Partners will be sought within 12 months of the Initial Settlement Date.

All capital contributions should be paid within four years from the Initial Settlement Date.

Term of the Fund:

The term of the Fund will be eight years from the date of its establishment.

The term of the Fund may be extended twice, by one year each time, upon such proposal being made by the General Partner and being approved by the Partnership at the Partners’ meeting within three to six months before the expiry of the term of the Fund.

Investment focus of the Fund:

The Fund will focus on investing in the semiconductor and integrated circuit industries. The Partnership Agreement specifies that the Fund is required to invest the majority of its capital in the semiconductor and integrated circuit industries and their related sectors, such as design, IP, materials and supporting equipment. The Fund is not permitted to invest the minority of its capital in facilitating the downstream use of integrated circuits and its related sectors.

Partners' Meeting:

The Partners' meeting is the highest authority of the Fund and is composed of all the Partners. The weight of the vote of each Partner is pro rata to its capital contribution to the Fund.

Management of the Fund and management fees:

The Partnership will appoint CFT Capital as the manager of the Fund, responsible for providing entrustment investment and investment management services to the Fund. The Manager will provide specific investment services to the Partnership in accordance with the resolutions of the Investment Decision Committee.

In consideration of the provision of services by the Manager to the Fund, during the term of the Fund, the Partnership will pay to the Manager an annual management fee. The management fee will be shared between all Partners in proportion to their capital contributions.

Restrictive covenants provided by key persons:

Certain members of the senior management of CFT Capital are regarded as key persons for the purposes of the Partnership Agreement, and are therefore subject to specified restrictive covenants regarding their employment with CFT Capital or the Fund during the term of the Fund. Profit distribution:

When each investment project is successfully exited, subject to the terms of the Partnership Agreement, the distributable investment return will be distributed by the Manager. The distributable investment return will be first used to repay the capital contributions made by each of the Partners and the remaining surplus will then be distributed as profit.

Responsibility for debts and losses:

The Limited Partners will be responsible for the debts of the Fund with limited liability capped at their respective capital commitments under the Partnership Agreement, whereas the General Partner will be jointly and severally responsible with unlimited liability for the debts of the Fund.

In the event that the Fund is liquidated, the consequential losses of the Fund will be borne by all Partners using the assets of the Fund.

**Transfer of the
interest of the Fund:**

(i) Limited Partners

The Limited Partners are permitted to transfer their interest in the Fund in accordance with the Partnership Agreement provided that the transfer of interest will not breach any laws and regulations and subject to certain notification and undertaking requirements, among others.

(ii) General Partner

The General Partner is not generally permitted to transfer its interest in the Fund unless authorised to do so unanimously by the Limited Partners in specific situations as set out in the Partnership Agreement.
