CORPORATE PROFILE

Galaxy Entertainment Group Limited ("GEG", "the Company" or "the Group") is one of the world's leading hospitality and gaming companies. The Group primarily develops and operates hotels, gaming and integrated resort facilities in Macau. The Group is listed on the Hong Kong Stock Exchange and is a member of the Hang Seng Index.

GEG is one of the six gaming concessionaires in Macau with a track record of delivering innovative, spectacular and industry leading properties, products and services, underpinned by a "World Class, Asian Heart" service philosophy, that has enabled it to consistently outperform the wider market.

GEG operates three flagship properties in Macau: on Cotai, Galaxy Macau[™], one of the world's largest integrated destination resorts, and the adjoining Broadway Macau[™], a new hotel, entertainment and retail landmark destination; and on the Peninsula, StarWorld Macau, an award winning high end property.

Galaxy Macau™

- Opened in May 2011; significantly expanded in May 2015 with the opening of Phase 2
- Footprint of 1.1 million square meters
- Comprises five world-class hotels with approximately 3,600 rooms, suites and villas, including:
 - The Ritz-Carlton, Macau
 - Banyan Tree Macau
 - JW Marriott Hotel Macau
 - Hotel Okura Macau
 - Galaxy Hotel
- Features an unprecedented range of retail, food & beverage, entertainment and leisure options, including:
 - Over 100,000 square meters retail space with approximately 160 luxury and lifestyle retail brands
 - Macau's largest pan-Asian and international cuisine selection under one roof with approximately 80 food and beverage outlets, including the Michelin-star restaurants
 - The Grand Resort Deck of over 75,000 square meters with the world's longest skytop river ride Skytop Adventure Rapids at 575 meters and the world's largest Skytop Wave Pool, plus additional leisure amenities and Asian themed tropical gardens
 - Macau's most luxurious 10 screen 3D Cineplex UA Galaxy Cinemas

CORPORATE PROFILE

- Opened in 2006 as the Group's first 5-star hotel
- Located in the heart of the Macau Peninsula
- Multi award winning high end property
- Offers over 500 guestrooms and suites with near capacity hotel occupancy
- 6 restaurants

Broadway Macau™

- Opened in May 2015; Broadway Macau[™] represents a new concept in Macau, providing visitors with a vibrant food street and entertainment district showcasing the best of Macanese and Asian culture
- Broadway Hotel with approximately 320 rooms and suites, well priced and complementing the luxury properties at Galaxy Macau™
- 3,000 seat Broadway Theatre featuring the best in up-close-and-personal entertainment, as well as events and Macau Occasions
- Approximately 40 food and beverage outlets, including numerous local Macanese cuisines and delicacies
- Approximately 20 retail outlets

The Group has the largest development pipeline of any casino operators in Macau. It plans to expand its Cotai footprint by a further one million square meters in the coming years with the addition of Cotai Phases 3 & 4. We continue to move forward with Phase 3 with the potential to commence site preparation works in late 2016 and Phase 4 in 2017.

GEG continues to advance its conceptual plans to develop a world class destination resort on a 2.7 square kilometer land parcel on Hengqin. The low rise, low-density resort will complement the Group's high energy properties located in Macau.

GEG is committed to building a sustainable future for Macau and contributing to the local community. In July 2014 it launched the HK\$1.3 billion Galaxy Entertainment Group Foundation, which will focus on educating and empowering the young people of Macau and Mainland China.

LETTER FROM THE CHAIRMAN

DEAR SHAREHOLDERS

It is with great pleasure that I write to update you on the performance of our Company in the first six months of 2016.

We have seen gradual signs of market stabilization in Macau. For Galaxy Entertainment Group, it has been a time of consolidation and steady progress, allowing us to achieve solid financial results for 1H 2016.

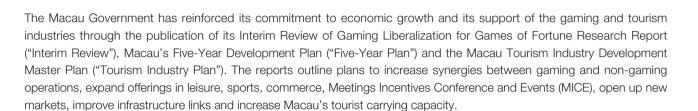

Despite the continuing global headwinds and challenging times, Group revenues were steady at HK\$25.5 billion in 1H 2016. Our strong focus on operational efficiency and prudent cost control contributed to our Adjusted EBITDA increasing by 13% year-on-year to HK\$4.7 billion in the same period. Our hotels were virtually fully occupied.

The shift to the mass segment has continued, and GEG has been expanding its footprint and non-gaming offering. Our portfolio of integrated resorts has underpinned our earnings and GEG continues to derive the vast majority of its earnings from the higher margin mass segment and non-gaming amenities.

We remain optimistic about the overall prospects for Macau in general and for GEG specifically in the medium to longerterm.

LETTER FROM THE CHAIRMAN

GEG supports these objectives and we are encouraged by the Macau Government's Interim Review, which showed the positive role of concessionaires in the development of Macau since 2002. Macau has been transformed into one of the world's leading developed cities, and a growing World Centre of Tourism and Leisure. Importantly, we have continued to support local hiring and upward mobility, and the growth of a thriving SME and supplier network.

On 29 April 2016, we paid a special dividend of HK\$0.15 per share, reflecting our continued confidence in the long-term outlook for Macau and our commitment of returning surplus capital to shareholders. We are pleased to announce another special dividend of HK\$0.18 per share to be paid on or about 28 October 2016.

MACAU MARKET REVIEW

The market in the 1H 2016 continued to show gradual signs of stabilization despite the continuing challenging conditions and seasonal factors that impacted revenues. These include the slowdowns in the Chinese and the global economies, uncertainty around the UK's Brexit decision on financial markets, the UEFA Euro 2016 football championship and the tightening regulatory environment.

Gross Gaming Revenue ("GGR") was down by 11% year-on-year to HK\$104.6 billion in 1H 2016. We believe that the market trend towards mass has continued with total mass GGR now exceeding VIP GGR. Total visitor arrivals to Macau in 1H 2016 grew marginally by 0.1% year-on-year to 14.8 million and the average length of stay of visitors grew by 0.2 day year-on-year to 1.2 days. Importantly, 1H 2016 overnight visitors grew by 8% year-on-year to 7.2 million due to the opening of additional hotel rooms. Overnight visitors typically spend significantly more on higher margin non-gaming services.

GALAXY MACAU™

Galaxy Macau[™], with its large mass segment and non-gaming entertainment amenities, is the main contributor to our results. Benefitting from its expanded footprint and the completion of Galaxy Macau[™] Phase 2 as well as a focus on operational efficiencies, revenue was up 8% year-on-year to HK\$18.5 billion and Adjusted EBITDA was up 22% year-on-year to HK\$3.9 billion in 1H 2016.

STARWORLD MACAU

StarWorld Macau reported that 1H 2016 revenue was down 22% year-on-year to HK\$5.6 billion. Adjusted EBITDA was down 12% year-on-year to HK\$977 million. Both declines occurred as Macau faced challenges in the VIP segment. However, StarWorld Macau's ongoing steady transition to a Mass focused operation, illustrates the broadening of GEG's footprint and the expansion of its non-gaming offering.

BROADWAY MACAU™

Broadway Macau[™] opened on 27 May 2015. A unique family friendly, street entertainment and food resort, it does not have a VIP gaming component. Revenue for the 1H 2016 was HK\$350 million and Adjusted EBITDA for the period was HK\$9 million.

LETTER FROM THE CHAIRMAN

CONSTRUCTION MATERIALS DIVISION

The Construction Materials Division's Adjusted EBITDA was up 42% year-on-year to HK\$205 million in 1H 2016.

DEVELOPMENT PIPELINE

Cotai Phases 3 & 4

GEG is uniquely positioned for the medium and long-term growth in tourism and leisure throughout Asia in general and Mainland China specifically. Cotai Phases 3 & 4 will provide GEG with the opportunity to expand its non-gaming footprint even further. GEG continues to move forward with Phase 3 with the potential to commence site preparation works in late 2016 and Phase 4 in 2017, with substantial floor area allocated to non-gaming and primarily targeting MICE, entertainment and family facilities. We expect to be able to provide additional information on our development plans in late 2016 or early 2017.

Henggin

GEG's concept plans for our proposed Hengqin project continued to progress. Hengqin will allow GEG to develop a low rise, low-density integrated resort that will complement our high energy resorts in Cotai. We anticipate being able to provide further details later in the year.

International

GEG is continuously exploring opportunities in the overseas markets.

BALANCE SHEET AND SPECIAL DIVIDENDS

The Group's balance sheet remains healthy. As of 30 June 2016, cash and liquid investments stood at HK\$11.3 billion, up 46% from 31 December 2015, and net cash was HK\$10.1 billion. Total debt was HK\$1.2 billion as of 30 June 2016 (31 December 2015: HK\$1.2 billion). The Group paid a special dividend of HK\$0.15 per share on 29 April 2016. Subsequently, the Group announced another special dividend of HK\$0.18 per share to be paid on or about 28 October 2016.

MACAU MARKET OUTLOOK

GEG remains optimistic about the prospects for Macau in general and GEG specifically over the medium to longer-term.

The Macau market continues to show gradual signs of stabilization. Through the publication of its Interim Review, Five-Year Plan and the Tourism Industry Plan, the Macau Government has reinforced its commitment to economic growth and its support of the gaming and tourism industries.

GEG sees the market shift towards the mass segment continuing, underpinned by the Government's push towards non-gaming development including MICE, entertainment and family facilities. It will also be supported by improved infrastructure, including the Hong Kong-Zhuhai-Macau Bridge, the Taipa Ferry Terminal and the extension of the train line connecting Zhuhai to the Lotus Bridge in Hengqin, a project that will significantly improve access to Cotai.

We expect these factors to combine in the short to medium-term to drive increased overnight visitor numbers, whom stay longer, and have a higher non-gaming spend.

LETTER FROM THE CHAIRMAN

CLOSING REMARKS

Moving forward to the second half of 2016 and beyond, we will continue our focus on the mass market, while maintaining prudent cost control.

We believe that we have created a powerful blend of Macanese, Chinese and international entertainment and cultural elements that cater for a broad range of tastes and price points. These initiatives will encourage visitors to commit to longer stays, diversify the visitor demographic, and enhance the visitor experience.

GEG will be ready to capture future increases in leisure, tourism and travel, and thanks to our healthy balance sheet, we will be able to focus on our development pipeline. In terms of development pipeline, GEG has the most clearly defined development plans in Macau, which includes the construction of Cotai Phases 3 & 4 and the proposed 2.7 sq km Hengqin project. The Cotai Phases 3 & 4 will further bolster GEG's non-gaming footprint by allocating substantial floor space to MICE, entertainment and family facilities. Hengqin will allow the Group to develop a low density integrated resort that will complement our high-energy resorts in Cotai.

GEG remains optimistic about the prospects for Macau in general and GEG specifically over the medium to longer-term. GEG believes that the opening of Galaxy MacauTM Phase 2 and Broadway MacauTM helped stabilize the market and slow the rate of decline in overall GGR. While we do acknowledge that there might be increased competition with the opening of additional properties in Cotai, we are hopeful that the new properties will also be a catalyst for increased visitation and increased length of visitor stay. GEG will continue to support the Government in its efforts to create a sustainable and long-lasting gaming industry that not only drives economic development but also ensures Macau's sustainable future.

The first half of 2016 was encouraging for Macau and we continued to see gradual signs of stabilization. As Macau diversifies, the market's structural shift to the mass segment continues.

GEG's footprint and non-gaming offering has been expanding, and the opening of Galaxy Macau™ Phase 2 and Broadway Macau™ in May last year has underpinned its earnings and revenues. In 1H 2016, GEG reported revenue and Group Adjusted EBITDA of \$25.5 billion and \$4.7 billion respectively. This translated to net profit attributable to shareholders ("NPAS") of \$2.6 billion, including \$350 million of non-recurring charges. Adjusted NPAS was \$2.9 billion after adjusting for non-recurring charges.

In the Q2 2016, earnings at GEG rebounded as expected from a year earlier where they were impacted by costs related to the opening of Galaxy Macau[™] Phase 2 and Broadway Macau[™]. GEG has also remained focused on improving operational efficiencies, driving economies of scale and controlling costs prudently to help minimize the impact of any market headwinds. Galaxy Macau[™] is the most important contributor to the Group results, delivering 1H 2016 revenue of \$18.5 billion and Adjusted EBITDA of \$3.9 billion.

To support the further evolution of the gaming industry and to address proposals for a better regulated and healthy industry environment, the Macau SAR Government has completed the Interim Review of Gaming Liberalization for Games of Fortune Research Report ("Interim Review"). Additionally, following the Central Government's 13th Five Year Plan, the Macau SAR Government has released its Macau's Five Year Development Plan ("Five-Year Plan"), as well as the Macau Tourism Industry Development Master Plan Consultation ("Tourism Industry Plan"), which provide guidelines for the growth of Macau's economy and its tourism industry over the next 15 years.

Macau Government's Interim Review

The Macau Government's Interim Review, published in May 2016, provides a positive view of the role of concessionaires in the development of Macau since 2002. Underpinned by the rapid growth of the gaming industry, Macau's Gross Domestic Product has increased from MOP56.3 billion in 2002 to MOP443.3 billion in 2014. This has transformed Macau into one of the world's leading developed cities.

Macau's Five Year Development Plan and Macau Tourism Industry Development Master Plan Consultation

The Five-Year Plan was announced in April 2016 and is an important roadmap to sustainable long-term development. Aimed at extending Macau's appeal to a broader visitor base, it focuses on four main areas: Strategy; Quality of Life; Development; and Efficient Administration. Many of the development plan's policies are echoed in the Tourism Industry Plan and the plan's consultation was completed in July 2016.

Overview of the Macau Gaming Market

The market in the 1H 2016 continued to show gradual signs of stabilization despite the continuing challenging conditions and seasonal factors that impacted revenues. These include the slowdowns in the Chinese and the global economies, uncertainty around the UK's Brexit decision on financial markets, the UEFA Euro 2016 football championship and the tightening regulatory environment.

(All amounts are expressed in Hong Kong dollars unless otherwise stated)

Gross Gaming Revenue ("GGR") was down 11% year-on-year to \$104.6 billion in 1H 2016. We believe that the market trend towards mass has continued with total mass GGR now exceeding VIP GGR. REVIEW OF OPERATIONS

Group Financial Results

The Group's 1H 2016 revenue was up 1% year-on-year to \$25.5 billion. Adjusted EBITDA was up 13% year-on-year to \$4.7 billion. As of 30 June 2016, the latest twelve months Adjusted EBITDA was \$9.3 billion. NPAS was \$2.6 billion, including \$350 million of non-recurring charges. Galaxy Macau[™]'s Adjusted EBITDA was up 22% year-on-year to \$3.9 billion. StarWorld Macau's Adjusted EBITDA was down 12% year-on-year to \$977 million. Broadway Macau[™]'s Adjusted EBITDA was \$9 million (1H 2015: (\$2) million).

During 1H 2016, GEG experienced good luck in gaming operations which increased its Adjusted EBITDA by approximately \$90 million.

The Group's total gaming revenue on a management basis¹ in 1H 2016 was down 2% year-on-year to \$24.1 billion as total mass table games revenue was up 22% year-on-year to \$10.0 billion and total VIP revenue was down 15% year-on-year to \$13.2 billion.

The primary difference between statutory revenue and management basis revenue is the treatment of City Clubs revenue where fee income is reported on a statutory basis and gaming revenue is reported on a management basis.

Driving Efficiencies, Cost Savings and Mass Business in an Evolving Market

Following the opening of the Galaxy Macau[™] Phase 2 and Broadway Macau[™] and the extra costs that were incurred, GEG has focused closely on operational efficiencies and prudent cost control. This is complemented by GEG's shift towards greater economies of scale, and its subsequent ability to optimise its mass market appeal and revenues.

Cost Control Initiatives

Previously we announced an \$800 million cost control initiative. Up to the end of Q1 2016 we had delivered \$650 million and during Q2 we delivered the remaining \$150 million. Importantly, this has been achieved without any local labor redundancies or without compromising our renowned "World Class, Asian Heart" service standard. We have identified an incremental \$300 million of additional cost savings which will be delivered in 2016.

Balance Sheet and Special Dividends

The Group's balance sheet remains healthy. As of 30 June 2016, cash and liquid investments stood at \$11.3 billion, up 46% from 31 December 2015, and net cash was \$10.1 billion. Total debt was \$1.2 billion as of 30 June 2016 (31 December 2015: \$1.2 billion).

The Group paid a special dividend of \$0.15 per share on 29 April 2016. Subsequently, the Group announced another special dividend of \$0.18 per share to be paid on or about 28 October 2016.

Set out below is the segmental analysis of the Group's operating results for the 1H 2016.

Galaxy Macau™

Financial and Operational Performance

Galaxy Macau[™] is the main contributor to Group revenue and earnings. In 1H 2016, revenue was up 8% year-on-year to \$18.5 billion and Adjusted EBITDA was up 22% year-on-year to \$3.9 billion. The Group expects to leverage economies of scale as it continues to see the growth of Macau's mass market.

Galaxy Macau[™] experienced good luck in its gaming operations which increased its Adjusted EBITDA by approximately \$155 million in 1H 2016.

Adjusted EBITDA margin for 1H 2016 calculated under HKFRS was 21% (1H 2015: 19%), or 27% under US GAAP (1H 2015: 25%). Good luck had a modest impact on margin for 1H 2016.

VIP Gaming Performance

VIP rolling chip volume for 1H 2016 was \$245.8 billion, down 16% year-on-year. This translated to revenue of \$9.9 billion, down 4% year-on-year.

StarWorld Macau

Financial and Operational Performance

StarWorld Macau reported that revenue was down 22% year-on-year to \$5.6 billion during the 1H 2016. Adjusted EBITDA was down 12% year-on-year to \$977 million. Both declines occurred as Macau faces challenges in the VIP business.

StarWorld Macau experienced bad luck in its gaming operations which reduced its Adjusted EBITDA by approximately \$65 million in 1H 2016.

Adjusted EBITDA margin for 1H 2016 calculated under HKFRS was 17% (1H 2015: 16%), or 24% under US GAAP (1H 2015: 23%). Bad luck reduced margin by approximately 140 basis points for 1H 2016.

City Clubs

City Clubs contributed \$56 million of Adjusted EBITDA to the Group's earnings for 1H 2016, flat year-on-year.

CONSTRUCTION MATERIALS DIVISION

Construction Materials Division ("CMD") delivered solid performance for the 1H 2016. Revenue was up 9% year-on-year to \$991 million and Adjusted EBITDA was up 42% year-on-year to \$205 million.

Hong Kong and Macau

Recent demand for construction materials in Hong Kong has been stronger due to ongoing infrastructure projects. However as competition increases it is anticipated that there could be downward pricing pressure in the second half of 2016. CMD has been proactively implementing strict cost controls across the business and enhancing operational efficiency to ensure continued competitiveness. In Macau, reduced construction activities in the public and private sectors have led to a decrease in demand for construction materials.

Mainland China

Mainland China continues to experience over-capacity of construction materials, particularly in the Northern and Eastern Provinces, which has impacted the price of both cement and ground granulated blast-furnace slag. Encouragingly, continued infrastructure projects and development of rural Yunnan Province underpins demand for cement in the region, while the Southeast Asia development of the "One Belt, One Road" strategy will provide further market stimulus and increase demand for construction materials.

DEVELOPMENT UPDATE

Cotai Phases 3 & 4

With the largest contiguous landbank in Cotai, GEG is uniquely positioned for the medium and long-term growth in tourism and leisure visitors throughout Asia and specifically Mainland China. Cotai Phases 3 & 4 will provide GEG with the opportunity to expand its non-gaming footprint even further. GEG continues to move forward with Phase 3 with the potential to commence site preparation works in late 2016 and Phase 4 in 2017, with substantial floor area allocated to non-gaming and primarily targeting MICE, entertainment and family facilities. We expect to be able to provide additional information on our development plans in late 2016 or early 2017.

Hengqin

GEG's concept plans for the proposed Hengqin project continues to progress. Hengqin will allow GEG to develop a low rise, low-density integrated resort that will complement our high energy resorts in Cotai. We anticipate to be able to provide further details later in the year.

International

GEG is continuously exploring opportunities in the overseas markets.

GROUP OUTLOOK

GEG delivered solid results during 1H 2016, despite some seasonal factors and challenging conditions caused by global economic factors, including: the slowdown in the Chinese and global economies, uncertainty around the UK's Brexit decision on financial markets, the UEFA Euro 2016 football championship and the tightening regulatory environment. Faced with these headwinds, GEG will continue to enhance operational efficiencies, allocate resources to the highest and best use and continue with its prudent cost control.

There were gradual signs of stabilization during 1H 2016 and these were complemented by the encouraging 1H 2016 performance of Galaxy Macau[™] Phase 2 and Broadway Macau[™]. Their opening in 2015 has provided GEG with a broader mass-market offering, significantly expanded the Group's footprint and non-gaming offering and further enriched Macau's tourism offering and enhanced its position as a World Centre of Tourism and Leisure.

GEG sees the market shift towards the mass segment continuing, underpinned by the Government's push towards non-gaming development including MICE, entertainment and family facilities. The market shift will also be supported by improved infrastructure, including the Hong Kong-Zhuhai-Macau Bridge, the Taipa Ferry Terminal and the extension of the train line connecting Zhuhai to the Lotus Bridge in Hengqin, a project that will significantly improve access to Cotai. We expect these factors to combine in the short to medium-term to drive increased overnight visitor numbers, whom stay longer, and have a higher non-gaming spend.

With our healthy balance sheet, our capital allocation strategy is a careful balance of returning capital to shareholders through dividends and focusing on our development pipeline to ensure we have the capacity to capture the future increase in leisure, tourism and travel. This will include the implementation of Cotai Phases 3 & 4, the largest contiguous landbank of any casino operator in Macau, and the proposed development of the 2.7 sq km Hengqin project.

GEG remains optimistic about the prospects for Macau in general and GEG specifically over the medium to longer-term. GEG believes that the opening of Galaxy MacauTM Phase 2 and Broadway MacauTM helped stabilize the market and slow the rate of decline in overall GGR. While we do acknowledge that there might be increased competition with the opening of additional properties in Cotai, we are hopeful that the new properties will also be a catalyst for increased visitation and increased length of visitor stay. GEG will continue to support the Government in its efforts to create a sustainable and long-lasting gaming industry that not only drives economic development but also ensures Macau's sustainable future.

LIQUIDITY AND FINANCIAL RESOURCES

The equity attributable to owners of the Company as at 30 June 2016 increased to \$43,208 million as compared to \$41,101 million as at 31 December 2015 while the Group's total assets employed increased to \$56,839 million as at 30 June 2016 as compared to \$55,354 million as at 31 December 2015.

The Group continues to maintain a strong cash position. As at 30 June 2016, total cash and bank balances were \$10,762 million as compared to \$7,718 million as at 31 December 2015. The Group's total borrowings were \$1,381 million as at 30 June 2016 as compared to \$1,390 million as at 31 December 2015. The Group was in a net cash position as at 30 June 2016 and 31 December 2015.

The total borrowings of the Group mainly comprised bank loans and other obligations which were largely denominated in Renminbi and Euro. The Group's borrowings are closely monitored to ensure a smooth repayment schedule to maturity.

The Group's liquidity position remains strong and the Group is confident that sufficient resources could be secured to meet its commitments and working capital requirements.

TREASURY POLICY

The Group continues to adopt a conservative treasury policy in liquidity and financial management. Cash is generally placed in short-term deposits mostly denominated in Hong Kong Dollar, Renminbi or in the local currencies of the operating subsidiaries. Forward foreign exchange contracts are utilized when suitable opportunities arise and when considered appropriate, to hedge against foreign exchange exposure, which are considered necessary for the Group's treasury management activities.

The Group's borrowings were largely denominated in Renminbi and Euro. Euro bank loan was utilized to fund and hedge the foreign exchange risk on the Euro-denominated Société Anonyme des Bains de Mer et du Cercle des Étrangers à Monaco investment in August 2015.

CHARGES ON GROUP ASSETS

Property, plant and equipment with net book value of \$1,055 million (31 December 2015: \$764 million) and bank deposits of \$456 million (31 December 2015: \$462 million) have been pledged to secure banking facilities.

GUARANTEES

GEG has executed guarantees in favour of banks in respect of facilities granted to subsidiaries amounting to \$22 million (31 December 2015: \$58 million). At 30 June 2016, no facility has been utilized (31 December 2015: nil).

The Group has executed guarantees in favour of banks in respect of facilities granted to joint ventures and an associated company amounting to \$246 million (31 December 2015: \$290 million). At 30 June 2016, facilities utilized amounted to \$218 million (31 December 2015: \$266 million).

MANAGEMENT DISCUSSION AND ANALYSIS

(All amounts are expressed in Hong Kong dollars unless otherwise stated)

EMPLOYEES AND REMUNERATION POLICY

As at 30 June 2016, the Group, excluding associated companies and joint ventures, employed approximately 21,000 employees in Hong Kong, Macau and Mainland China. Employee costs, excluding Directors' emoluments, amounted to \$3,471 million.

Remuneration Policy

The objective of the Group's remuneration policy is to attract, motivate and retain talented employees to achieve the Group's long-term corporate goals and objectives. To this end, the Group is committed to remunerating its employees in a manner that is market competitive, consistent with good industry practices as well as meeting the interests of shareholders.

The Group's remuneration structure for its employees comprises fixed compensation, performance-based variable incentive and long-term incentives. The overall remuneration arrangements are fair and justified, prudent and subject to regular review.

The Group operates a share option scheme and a share award scheme for its employees. It serves to attract, motivate and retain employees to work for the Group long term and to better align the interests of the employees with the shareholders' interests.

As one of Asia's leading gaming and entertainment corporations, GEG is committed to sharing its success with the community. Investing in the future development of Macau for the long-term benefit and success of all its residents and visitors, GEG supports the local government and makes valuable contributions to the wider society. In the first half of 2016, GEG supported and participated in a variety of different types of social, philanthropic and volunteering activities.

TEAM MEMBER ENGAGEMENT

GEG considers team members as its biggest assets. Believing that our corporation succeeds when every team member is supported to reach their full potential, the Group provides training, development opportunities and recreational activities in hopes of helping team members achieve quality work-life balances.

During the first half of the year, GEG organized approximately 400 training programs for more than 14,400 team members. In addition, the GEG Staff Social Club continued to enhance team bonding and promote work-life balance among team members by organizing 13 different sports and recreational activities for close to 1,100 team members and their family members' enjoyment.

To celebrate the Chinese New Year, GEG organized a "Soccer Fun Day and Carnival" that attracted over 250 GEG executives, team members, family and friends to take part

TALENT MANAGEMENT

Organization Development and Training initiatives engage and support the promotion and delivery of the Group's Mission, Vision and core values. Our team members receive our full support in their development as this is a differentiating factor that attracts, retains and prepares our team members for great personal and organizational success.

To support the Group's continued success, Organization Development and Training has built and delivered in collaboration with the business units a number of key initiatives.

Responsible Gaming

Supporting Macau in developing a sustainable and socially responsible gaming industry, GEG works closely with the Macau SAR Government, local non-profit organizations and academic institutions to cultivate a responsible gaming culture for Macau. Focusing on educating and raising the awareness of our team members and patrons, the Group launched a series of initiatives in the first half of 2016, including:

- Collaborated with the University of Macau Institute for the Study of Commercial Gaming and Sheng Kung Hui Macau Social Services Coordination Office in organizing the Responsible Gaming Committee Training Program
- Coordinated with Macao Polytechnic Institute Gaming Teaching & Research Centre on delivering a seminar on the theme of "Responsible Gaming Guidelines, Gambling Disorder and Business Conduct"
- Organized Responsible Gaming Roadshows on the theme of "Helpful Tips for a Healthy Life" in all back-of-houses of GEG properties

GEG actively engages in various activities to strengthen team members' knowledge on responsible gaming

Galaxy Entertainment Group Foundation

Established in April 2015, the Galaxy Entertainment Group Foundation (the "Foundation") advocates in giving back to the community in Macau and the Greater China Region. The Foundation engages in philanthropic activities, in particular with nurturing young people in developing their positive moral and life values, as well as enhancing their education and employment opportunities so as to enable them to contribute to the community they live in.

The Foundation's most recently approved project, the *GEG Community Nursing Project*, aims to enhance the quality of the community nursing profession in Macau. The project will provide scholarships to encourage nursing school graduates to enter the community nursing profession and support in-service community nurses working in local non-government organizations through professional development courses and research into various issues related to community nursing.

COMMUNITY ACTIVITIES

Following the philosophy of "what is taken from the community is to be used for the good of the community", GEG contributes to society by implementing different community initiatives and volunteering activities. In the first half of 2016, close to 100 GEG team members participated in our volunteering activities and offered assistance to over 780 underprivileged individuals and animals in need.

GEG invited members and parents from Macau Association of the Hearing GEG volunteers organized an "Easter Bunny Basket Workshop" for members Impaired to "Viva La Broadway" variety show at Broadway Macau™

of the Association of Parents of the People with Intellectual Disabilities of Macau

CHARITABLE ACTIVITIES

Believing in sharing its success with the local community, GEG attends to the needs of the community and donates to organizations and people in need.

EDUCATION AND CULTURE

Supporting the Macau SAR Government on talent cultivation, GEG collaborates with many educational, arts and cultural associations and institutes on developing different programs that assist young people in building a more solid foundation for their future careers. In the first half of 2016, GEG:

- Recruited 60 students, of which 15 students were from special education institutes for the Batch 1 GEG Internship Program 2016
- Title sponsored the "GEG Macau Cup Teenager National Conditions Knowledge Competition" for the 8th consecutive year
- Sponsored the film screening of "Letters from War" at UA Galaxy Cinemas in support of "The 5th Annual Script Road - Macau Literary Festival" organized by Ponto Final and supported by the Office of the Secretary for Social Affairs and Culture, the Cultural Affairs Bureau, Macau Foundation and Macau Government Tourist Office

ENVIRONMENTAL PROTECTION AND SUSTAINABILITY

Committed to protecting the environment for the benefit of our future generations, GEG continues to push for improvements to its environmental performance. In the first half of the year, GEG continued to:

- Renew its Pearl Membership to WWF-Hong Kong's 2016/17 Corporate Membership Program and took part in WWF's Earth Hour event for the 8th consecutive year
- Take part in the monthly "Lights Out" Activity on the first Tuesday of every month
- Take part in the "2016 Macao International Environmental Co-operation Forum & Exhibition" hosted by the Macau SAR Government

Furthermore, the Group also continued to reduce its energy use, water consumption and waste generation across its properties as follows:

Energy, Water and Waste

By strengthening team member communications and improving the conservation measures across all properties, GEG achieved over 6.19 million kWh of energy and over 68,979 m³ of water savings.

Furthermore, the Group also enhanced its recycling efforts and began food waste recycling at StarWorld Macau. In the first half of 2016, GEG generated approximately 3,957 kg of composites for landscape planting from food waste recycling, collected over 566 tons of cardboard and paper materials, 63.5 tons of plastic, 21 tons of metals, 46.8 tons of glass bottles, and 23,740 liters of waste oil for recycling via the recycling programs at all its properties.

Galaxy Macau™ organized an "Environmental Health & Safety Quiz Competition" to enhance team members' EHS culture and awareness

CORPORATE SOCIAL RESPONSIBILITY

CONSTRUCTION MATERIAL DIVISION

Sustainability Strategy

Considered to be of paramount importance, CMD is committed to ensuring the health, safety and welfare of employees, contractors and those affected by its operations. Its aim is to operate a zero harm culture, and the division continues to intensify its focus on training and safety systems, including new initiatives such as the implementation of a 'Better by Design' concept, that embeds The Health, Safety and Environment (HSE) requirements into the design stage of all new plant and equipment.

CMD is committed to outstanding environmental performance, reducing carbon emissions, and optimizing the use of resources. By working closely with its customers to develop the use of innovative environmental products, such as Ground Granulated Blast-furnace Slag, and providing services and solutions for more sustainable construction, the division continues to increase its contribution to a more sustainable built environment.

REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

羅兵咸永道

TO THE BOARD OF DIRECTORS OF GALAXY ENTERTAINMENT GROUP LIMITED

(incorporated in Hong Kong with limited liability)

INTRODUCTION

We have reviewed the interim financial information set out on pages 38 to 61, which comprises the condensed consolidated balance sheet of Galaxy Entertainment Group Limited (the "Company") and its subsidiaries (together, the "Group") as at 30 June 2016 and the related condensed consolidated income statement, condensed consolidated statement of comprehensive income, condensed consolidated cash flow statement and condensed consolidated statement of changes in equity for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting".

GENERAL INFORMATION

Galaxy Entertainment Group Limited ("GEG" or the "Company") is a limited liability company incorporated in Hong Kong and has its listing on the Main Board of The Stock Exchange of Hong Kong Limited ("SEHK"). The address of its registered office and principal place of business is Room 1606, 16th Floor, Hutchison House, 10 Harcourt Road, Central, Hong Kong.

The principal activities of the Company and its subsidiaries (together the "Group") are operation in casino games of chance or games of other forms, provision of hospitality and related services in Macau, and the manufacture, sale and distribution of construction materials in Hong Kong, Macau and Mainland China.

The financial information relating to the year ended 31 December 2015 that is included in these unaudited condensed consolidated financial statements for the six months ended 30 June 2016 as comparative information does not constitute the statutory annual consolidated financial statements of the Company for that year but is derived from those consolidated financial statements. Further information relating to these statutory financial statements required to be disclosed in accordance with section 436 of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) (the "Companies Ordinance") is as follows:

The Company has delivered the consolidated financial statements for the year ended 31 December 2015 to the Registrar of Companies as required by section 662(3) of, and Part 3 of Schedule 6 to, the Companies Ordinance.

The Company's auditor has reported on those consolidated financial statements. The auditor's report was unqualified; did not include a reference to any matters to which the auditor drew attention by way of emphasis without qualifying its report; and did not contain a statement under sections 406(2), 407(2) or (3) of the Companies Ordinance.

The interim financial information has been approved for issue by the Board of Directors on 25 August 2016.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The interim financial information for the six months ended 30 June 2016 has been prepared in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") under the historical cost convention, as modified by the revaluation of investment properties, non-current investments, financial assets and financial liabilities (including derivative financial instruments), which are carried at fair values. The interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2015, which have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS").

45

NOTES TO THE INTERIM FINANCIAL INFORMATION

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES (CONTINUED)

The accounting policies used in the preparation of the interim financial information are consistent with those used and as described in the annual financial statements for the year ended 31 December 2015, except as described below:

(a) The adoption of amended standards

In 2016, the Group adopted the following amended standards which are relevant to its operations.

HKAS 1 (Amendment) Disclosure Initiative

HKAS 16 and 38 (Amendment) Clarification of Acceptable Methods of Depreciation and Amortisation

Annual Improvements to HKFRSs 2012-2014 Cycle

HKFRS 5 (Amendment) Non-current Assets Held For Sale and Discontinued Operations

HKFRS 7 (Amendment) Financial Instruments: Disclosures

HKAS 19 (Amendment) Employee Benefits

HKAS 34 (Amendment) Interim Financial Reporting

The Group has assessed the impact of the adoption of these amended HKFRS and considered that there was no significant impact on the Group's results and financial position.

(b) Standards and amendments to existing standards that are not yet effective

(Amendment)	Investor and its Associate or Joint Venture	To be determined

The Group has not early adopted the above standards and amendments and is in the process of assessing the impact of these new standards and amendments on the Group's accounting policies and financial statements.

(c) Additional accounting policy applied in current period Held-to-maturity financial assets

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Group's management has the positive intention and ability to hold to maturity. If the Group were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available for sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than twelve months after the balance sheet date, which are classified as current assets.

Held-to-maturity investments are carried at amortised cost using the effective interest method.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of the interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from their estimates.

The significant judgments, estimates and assumptions applied in the preparation of the interim financial information are consistent with those used in the annual financial statements for the year ended 31 December 2015.

4. FINANCIAL RISK MANAGEMENT

The activities of the Group expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and other price risk), credit risk and liquidity risk.

The interim financial information does not include all financial risk management information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements as at 31 December 2015. There have been no changes in the financial risk management objectives and policies of the Group since 2015 year end.

4.1 Fair value estimation

The table below analyses financial instruments that are measured in the balance sheet at fair value, by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table presents the Group's assets and liabilities that are measured at fair value at 30 June 2016 and 31 December 2015.

- Equity securities	351,217	_	26,381	377,598
Total	354,642	9,103	26,381	390,126

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current price within the bid-ask spread which is the most representative of the fair value in the given circumstances. These instruments are included in level 1. Instruments included in level 1 comprise primarily equity investments classified as other investments.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments.
- The fair value of interest rate swap is calculated as the present value of the estimated future cash flows based on observable yield curves.
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. There were no significant transfers of financial assets between level 1 and level 2 fair value hierarchy classifications.

NOTES TO THE INTERIM FINANCIAL INFORMATION

5. REVENUE (CONTINUED)

Note: In respect of the operations of city club casinos (the "City Club Casinos"), the Group entered into agreements (the "Agreements") with third parties for a term equal to the life of the concession agreement with the Government of the Macau Special Administrative Region (the "Macau Government") up to June 2022.

Under the Agreements, the service providers (the "Service Providers") undertake for the provision of a steady flow of customers to the City Club Casinos and for procuring and/or introducing customers to these casinos. The Service Providers also agree to indemnify the Group against substantially all risks arising under the leases of the premises used by these casinos; and to guarantee payments to the Group of certain operating and administrative expenses. Revenue attributable to the Group is determined by reference to various rates on the net gaming wins.

After analysing the risks and rewards attributable to the Group, and the Service Providers under the Agreements, revenue from the City Club Casinos is recognised based on the established rates for the net gaming wins which reflect the gross inflow of economic benefits to the Group. In addition, all relevant operating and administrative expenses relating to the operations of the City Club Casinos are not recognised as expenses of the Group in the interim financial information.

During the period ended 30 June 2016, the Group is entitled to HK\$51,280,000 (2015: HK\$51,533,000), which is calculated by reference to various rates on the net gaming wins. Special gaming tax and other related taxes to the Macau Government, and all relevant operating and administrative expenses relating to the operations of the City Club Casinos are not recognised as expenses of the Group in the interim financial information.

6. SEGMENT INFORMATION

The Board of Directors is responsible for allocating resources, assessing performance of the operating segment and making strategic decisions, based on a measurement of adjusted earnings before interest, tax, depreciation, amortisation and certain items (the "Adjusted EBITDA"). This measurement basis of Adjusted EBITDA excludes the effects of non-recurring income and expenditure from the operating segments, such as pre-opening expenses, sponsorship, loss on disposal of other investments and impairment charge when the impairment is the result of an isolated, non-recurring event. The Adjusted EBITDA also excludes taxation of joint ventures, the effects of share option expenses, share award expenses, donation expenses, and unrealised gain on other investments.

In accordance with the internal financial reporting and operating activities of the Group, the reportable segments are the gaming and entertainment segment and the construction materials segment. Corporate and treasury management represents corporate level activities including central treasury management and administrative function.

The reportable segments derive their revenue from the operation in casino games of chance or games of other forms, provision of hospitality and related services in Macau, and the manufacture, sale and distribution of construction materials in Hong Kong, Macau and Mainland China.

There are no sales or trading transaction between the operating segments.

Hong Kong profits tax has been provided at the rate of 16.5% (2015: 16.5%) on the estimated assessable profits for the period after setting off available taxation losses brought forward. Taxation assessable on profits generated outside Hong Kong has been provided at the rates of taxation prevailing in the areas in which those profits arose, and these rates range from 12% to 25% (2015: 12% to 25%). The weighted average applicable tax rate was 12% (2015: 12%).

During the year ended 31 December 2014, Galaxy Casino, S.A. ("GCSA"), the Company's principal subsidiary, entered into a Shareholder Dividend Tax Agreement with the Macau Government. The agreement provided for an annual payment in lieu of Macau Complementary Tax otherwise due by the GCSA's shareholders on dividend distributions to them from gaming profits, effective through the end of 2013. In January 2015, GCSA entered into another Shareholder Dividend Tax Agreement with Macau Government for an extension of the agreement through 2018 to correspond to the Macau Complementary Tax exemption on its gaming activities.

10. DIVIDENDS

	2016 HK\$'000	2015 HK\$'000
First special dividend paid of HK\$0.15 (2015: HK\$0.28) per ordinary share	639,639	1,191,467

On 25 February 2016, the Board of Directors declared a special dividend of HK\$0.15 per share (2015: HK\$0.28 per share), payable to shareholders of the Company whose names appear on the register of the members of the Company on 15 April 2016. The total amount of the special dividend distributed was HK\$640 million and was paid on 29 April 2016.

The Board of Directors does not declare any interim dividend for the period ended 30 June 2016 (2015: nil).

Details of the special dividend declared subsequent to the period end are given in note 20.

11. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the period.

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Company has two (2015: two) categories of dilutive potential ordinary shares: share options and share award. For the share options, a calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the Company's shares) based on the monetary value of the subscription rights attached to outstanding share options. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options and share award, the dilutive effect of the share award scheme is assumed if the award shares are issued by new shares, which is yet to be determined.

The calculation of basic and diluted earnings per share for the period is based on the following:

	2016 HK\$'000	2015 HK\$'000
Profit attributable to equity holders of the Company	2,558,080	2,030,379

Number of shares

	2016	2015

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company's shares during the six months ended 30 June 2016.

REVIEW OF INTERIM RESULTS

The Group's interim results for the six months ended 30 June 2016 have been reviewed by the Audit Committee of the Company and by the Company's auditor, PricewaterhouseCoopers, in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. The report on review of interim financial information by the Auditor is included in this interim report.

CODE OF CONDUCT FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") set out in Appendix 10 of the Listing Rules as its code of conduct for securities transactions by Directors. The Company, having made specific enquiry of all Directors, confirms that the Directors have complied with the required standard set out in the Model Code throughout the six months ended 30 June 2016.

CORPORATE GOVERNANCE

Throughout the six months ended 30 June 2016, the Company has complied with the Corporate Governance Code as set out in Appendix 14 of the Listing Rules, except code provision A.4.2.

Given that the other Directors do retire by rotation in accordance with the Articles of Association of the Company, the Board considers that the Group is best served by not requiring the Chairman to retire by rotation as his continuity in office is of considerable benefit to and his leadership, vision and profound knowledge in the widespread geographical business of the Group is an asset of the Company.
