How do we calculate the Cash Settlement Amount?

The Warrants are in registered form and exercisable only in the relevant trading Board Lots.

If on any Expiry Date the Cash Settlement Amount is greater than zero, the Warrants will be automatically exercised.

Each Board Lot will entitle you to receive from us the Cash Settlement Amount in Hong Kong dollars calculated by us as equal to:

In respect of a series of call Warrants:

$$\frac{\text{Entitlement} \times (\text{Average Price} - \text{Exercise Price}) \times \text{one Board Lot}}{\text{Number of Warrant(s) per Entitlement}}$$

In respect of a series of put Warrants:

$$\frac{\text{Entitlement} \times (\text{Exercise Price} - \text{Average Price}) \times \text{one Board Lot}}{\text{Number of Warrant(s) per Entitlement}}$$

“**Average Price**” means the arithmetic mean of the closing prices of one Share, as derived from the daily quotation sheet of the Stock Exchange, subject to any adjustment to such closing prices as may be necessary to reflect any event as contemplated in Product Condition 4 such as capitalisation, right issue, distribution or the like in respect of each Valuation Date.

¹ If such day is a Saturday, Sunday or public holiday in Hong Kong, the immediately succeeding day which is not a Saturday, Sunday or public holiday in Hong Kong.
