THIS DOCUMENT IS AVAILABLE ONLY TO INVESTORS WHO ARE NON-U.S. PERSONS OUTSIDE OF THE UNITED STATES PURCHASING IN AN "OFFSHORE TRANSACTION" AS DEFINED IN REGULATION S.

IMPORTANT: You must read the following disclaimer before continuing. If you are not the intended recipient of this message, please do not distribute or copy the information contained in this e-mail, but instead, delete and destroy all copies of this e-mail including all attachments. The following applies to the offering memorandum (as defined therein) attached to this e-mail. You are therefore advised to read this disclaimer carefully before reading, accessing or making any other use of the attached offering memorandum. In accessing the attached offering memorandum, you agree to be bound by the following terms and conditions, including any modifications to them from time to time, each time you receive any information from us as a result of such access.

Confirmation of Your Representation: You have accessed the attached document on the basis that you have confirmed your representation to Goldman Sachs (Asia) L.L.C., J.P. Morgan Securities plc, BNP Paribas, BOCI Asia Limited and The Hongkong and Shanghai Banking Corporation Limited (the "Joint Lead Managers" and the "Joint Bookrunners") that (1) you are a non-U.S. person outside the United States, as defined in Regulation S under the U.S. Securities Act of 1933, as amended (the "Securities Act"), and, to the extent you purchase the securities described in the attached offering memorandum, you will be doing so pursuant to Regulation S under the Securities Act AND (2) that you consent to delivery of the attached offering memorandum and any amendments or supplements thereto by electronic transmission.

The attached offering memorandum is not a prospectus for the purposes of the European Union's Directive 2003/71/EC (and any amendments thereto) as implemented in member states of the European Economic Area (the "EU Prospectus Directive"). The attached offering memorandum has been prepared on the basis that all offers of the securities made to persons in the European Economic Area will be made pursuant to an exemption under the EU Prospectus Directive from the requirement to produce a prospectus in connection with offers of the securities.

The communication of the attached offering memorandum and any other document or materials relating to the issue of the securities described therein is not being made, and such documents and/or materials have not been approved, by an authorized person for the purposes of section 21 of the United Kingdom's Financial Services and Markets Act 2000, as amended ("FSMA"). Accordingly, such documents and/or materials are not being distributed to, and must not be passed on to, the general public in the United Kingdom. The communication of such documents and/or materials as a financial promotion is only being made to those persons in the United Kingdom falling within the definition of investment professionals (as defined in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the "Financial Promotion Order")), or within Article 49(2)(a) to (d) of the Financial Promotion Order, or to any other persons to whom it may otherwise lawfully be made under the Financial Promotion Order (all such persons together being referred to as "relevant persons"). In the United Kingdom, the securities described in the attached offering memorandum are only available to, and any investment or investment activity to which the attached offering memorandum relates will be engaged in only with, relevant persons. Any person in the United Kingdom that is not a relevant person should not act or rely on the attached offering memorandum or any of its contents.

The attached document has been made available to you in electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of transmission and consequently none of the issuer of the securities, the Joint Lead Managers and Joint Bookrunners or any person who controls any of them or any of their respective directors, employees, representatives or affiliates accepts any liability or responsibility whatsoever in respect of any discrepancies between the document distributed to you in electronic format and the hard copy version. We will provide a hard copy version to you upon request.

THE SECURITIES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT NOR UNDER THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER JURISDICTION, AND THEY MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS, EXCEPT PURSUANT TO AN EXCEPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE OR LOCAL SECURITIES LAWS.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN ANY JURISDICTION WHERE SUCH OFFER WOULD BE UNLAWFUL.

Except with respect to eligible investors in jurisdictions where such offer is permitted by law, nothing in this electronic transmission constitutes an offer or an invitation by or on behalf of either the issuer of the securities or the initial purchasers to subscribe for or purchase any of the securities described therein, and access has been limited so that it shall not constitute a general advertisement or solicitation in the United States or elsewhere. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the initial purchasers or any affiliate of the initial purchasers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the initial purchasers or their respective affiliates on behalf of the issuer in such jurisdiction.

You are reminded that you have accessed the attached offering memorandum on the basis that you are a person into whose possession the offering memorandum may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not nor are you authorized to deliver this document, electronically or otherwise, to any other person. If you have gained access to this transmission contrary to the foregoing restrictions, you will be unable to purchase any of the securities described therein.

Actions that You May Not Take: You should not reply by e-mail to this communication, and you may not purchase any securities by doing so. Any reply e-mail communications, including those you generate by using the "Reply" function on your e-mail software, may not be received, and even if received will be ignored or rejected.

YOU ARE NOT AUTHORIZED AND YOU MAY NOT FORWARD OR DELIVER THE ATTACHED OFFERING MEMORANDUM, ELECTRONICALLY OR OTHERWISE, TO ANY OTHER PERSON OR REPRODUCE SUCH OFFERING MEMORANDUM IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THE ATTACHED OFFERING MEMORANDUM, IN WHOLE OR IN PART, IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

OFFERING MEMORANDUM CONFIDENTIAL

# Country Garden Holdings Company Limited 碧 桂 園 控 股 有 限 公 司

(incorporated with limited liability under the laws of the Cayman Islands)

### US\$650,000,000 4.75% Senior Notes due 2023

We will pay interest on the Notes on March 28 and September 28 of each year, commencing March 28, 2017. The Notes will mature on September 28, 2023. At any time and from time to time on or after September 28, 2020, we may redeem the Notes, in whole or in part, at the redemption prices set forth in "Description of the Notes—Optional Redemption," plus accrued and unpaid interest to (but not including) the redemption date. At any time prior to September 28, 2020, we may at our option redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes plus a premium as set forth in this offering memorandum, and accrued and unpaid interest. At any time and from time to time prior to September 28, 2020, we may redeem up to 35% in aggregate principal amount of the Notes, at a redemption price equal to 104.75%, plus accrued and unpaid interest, if any, with the proceeds from sales of certain kinds of our capital stock. For a more detailed description of the redemption of the Notes, see "Description of the Notes—Optional redemption."

Upon the occurrence of a Change of Control Triggering Event, we must make an offer to repurchase all Notes outstanding at a purchase price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of repurchase.

The Notes are senior obligations of Country Garden Holdings Company Limited (the "Issuer"), guaranteed by our existing subsidiaries (the "Subsidiary Guarantees") other than certain subsidiaries specified in "Description of the Notes" and those organized under the laws of the People's Republic of China (the "PRC") (the "Non-Guarantor Subsidiaries").

organized under the laws of the People's Republic of China (the "PRC") (the "Non-Guarantor Subsidiaries").

The Notes will (1) rank at least pari passu with all our other unsecured, unsubordinated indebtedness (subject to any priority rights pursuant to applicable law), (2) be effectively subordinated to all existing and future obligations of the Non-Guarantor Subsidiaries, including our subsidiaries in the PRC, and (3) be effectively subordinated to our secured obligations and those of the Subsidiary Guarantors, to the extent of the assets serving as security therefor. The Notes and the Subsidiary Guarantees will be secured by liens over the capital stock of the Subsidiary Guarantors, and pursuant to an intercreditor agreement (as amended and supplemented, the "Intercreditor Agreement"), rank pari passu with respect to such collateral with the Issuer's obligations under the indenture governing the U\$\$750 million 7.50% Senior Notes due 2023 ("the "2021 Notes"), the indenture governing the U\$\$750 million 7.50% Senior Notes due 2019 (the "2019 Notes"), the indenture governing the U\$\$550 million 7.875% Senior Notes due 2019 (the "2019 Notes"), the indenture governing the U\$\$203 million 7.50% Senior Notes due 2019 (the "2019 Notes"), the indenture governing the U\$\$203 million 7.50% Senior Notes due 2019 (the "2020 Notes"), the credit agreement in relation to the HK\$2,925 million and U\$\$203 million equivalent dual tranche transferable term loan facility (the "2014 Club Loan"), the facility agreement in relation to the U\$\$575 million equivalent dual tranche transferable term loan facility (the "2015 Club Loan") and the ISDA Agreement (as defined herein) and the Guarantee (as defined herein). See "Risk factors—Risks relating to the Subsidiary Guarantees and the Collateral."

For a more detailed description of the Notes, see "Description of the Notes" beginning on page 287.

Investing in the Notes involves risks. See "Risk factors" beginning on page 21.

The Notes will not be designated for trading in the Financial Industry Regulatory Authority, Inc.'s PORTAL market. Approval in-principle has been received for the listing and quotation of the Notes on the Singapore Exchange Securities Trading Limited (the "SGX-ST"). The SGX-ST assumes no responsibility for the correctness of any of the statements made, opinions expressed or reports contained in this offering memorandum. Approval in-principle for the listing and quotation of the Notes on the SGX-ST is not to be taken as an indication of the merits of the Issuer, the Subsidiary Guarantors, their associated companies or the Notes.

Offering Price: 98.539%

The Offering Price set forth above does not include accrued interest, if any. Interest on the Notes will accrue from September 28, 2016.

The Notes and the Subsidiary Guarantees have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act"), and may not be offered or sold within the United States or to, or for the account or benefit of, any U.S. persons (as defined in Regulation S under the Securities Act (the "Regulation S") except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Notes are being offered and sold only to a non-U.S. person outside the United States in compliance with Regulation S. For a description of certain restrictions on resale or transfer, see the section entitled "Transfer restrictions."

With reference to the Notice on Promoting the Reform of the Filing and Registration System for Issuance of Foreign Debt by Enterprises (國家發展改革委關於推進企業發行外債備案登記制管理改革的通知 (發改外資[2015]2044號)) (the "NDRC Notice") promulgated by National Development and Reform Commission (the "NDRC") of the PRC on September 14, 2015 which came into effect on the same day, we have registered the issuance of the Notes with the NDRC and obtained a certificate from the NDRC dated September 12, 2016 evidencing such registration. Pursuant to the registration certificate, we will cause relevant information relating to the issue of the Notes to be reported to the NDRC within 10 PRC working days after the issue date of the Notes.

It is expected that delivery of the Notes will be made on or about September 28, 2016 through the book-facilities of Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, S.A., Luxembourg ("Clearstream") against payment therefor in immediately available funds.

This offering memorandum does not constitute an offer to sell or a solicitation of an offer to buy in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. Neither the delivery of this offering memorandum nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in our affairs since the date of this offering memorandum or that the information contained in this offering memorandum is correct as of any time after that date.

This offering memorandum is not a prospectus for the purposes of the European Union's Directive 2003/71/EC (and any amendments thereto) as implemented in member states of the European Economic Area (the "EU Prospectus Directive"). This offering memorandum has been prepared on the basis that all offers of the Notes made to persons in the European Economic Area will be made pursuant to an exemption under the EU Prospectus Directive from the requirement to produce a prospectus in connection with offers of the Notes.

The communication of this offering memorandum and any other document or materials relating to the issue of the Notes offered hereby is not being made, and such documents and/or materials have not been approved, by an authorized person for the purposes of section 21 of the United Kingdom's Financial Services and Markets Act 2000, as amended ("FSMA"). Accordingly, such documents and/or materials are not being distributed to, and must not be passed on to, the general public in the United Kingdom. The communication of such documents and/or materials as a financial promotion is only being made to those persons in the United Kingdom falling within the definition of investment professionals (as defined in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the "Financial Promotion Order")), or within Article 49(2)(a) to (d) of the Financial Promotion Order, or to any other persons to whom it may otherwise lawfully be made under the Financial Promotion Order (all such persons together being referred to as "relevant persons"). In the United Kingdom, the Notes offered hereby are only available to, and any investment or investment activity to which this offering memorandum relates will be engaged in only with, relevant persons. Any person in the

United Kingdom that is not a relevant person should not act or rely on this offering memorandum or any of its contents.

IN CONNECTION WITH THIS OFFERING, THE INITIAL PURCHASERS, AS STABILIZING MANAGERS, OR ANY PERSON OR ENTITY ACTING ON THEIR BEHALF, MAY OVER-ALLOT NOTES OR EFFECT PURCHASES AND SALES OF THE NOTES IN THE OPEN MARKET. THESE TRANSACTIONS MAY, TO THE EXTENT PERMITTED BY APPLICABLE LAWS AND REGULATIONS, INCLUDE SHORT SALES, STABILIZING TRANSACTIONS AND PURCHASES TO COVER POSITIONS CREATED BY SHORT SALES. THESE ACTIVITIES MAY STABILIZE, MAINTAIN OR OTHERWISE AFFECT THE MARKET PRICE OF THE NOTES. AS A RESULT, THE PRICE OF THE NOTES MAY BE HIGHER THAN THE PRICE THAT OTHERWISE MIGHT EXIST IN THE OPEN MARKET. IF THESE ACTIVITIES ARE COMMENCED, THEY WILL BE CONDUCTED IN ACCORDANCE WITH APPLICABLE LAWS AND REGULATIONS AND MAY BE ENDED AT ANY TIME, BUT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE NOTES AND 60 DAYS AFTER THE ALLOTMENT OF THE NOTES. THESE ACTIVITIES WILL BE UNDERTAKEN SOLELY FOR THE ACCOUNT OF THE INITIAL PURCHASERS, AS STABILIZING MANAGERS (OR ANY PERSON OR ENTITY ACTING ON THEIR BEHALF) AND NOT FOR THE ISSUER OR ON ITS BEHALF.

We, having made all reasonable inquiries, confirm that: (i) this offering memorandum contains all information with respect to us, our subsidiaries and affiliates referred herein and the Notes and the Subsidiary Guarantees that is material in the context of the issue and offering of the Notes; (ii) the statements contained in this offering memorandum relating to us and our subsidiaries and our affiliates are in every material respect true and accurate and not misleading; (iii) the opinions and intentions expressed in this offering memorandum with regard to us and our subsidiaries and affiliates are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions; (iv) there are no other facts in relation to us, our subsidiaries and affiliates, the Notes and the Subsidiary Guarantees, the omission of which would, in the context of the issue and offering of the Notes, make this offering memorandum, as a whole, misleading in any material respect; and (v) we have made all reasonable enquiries to ascertain such facts and to verify the accuracy of all such information and statements. We accept responsibility accordingly.

This offering memorandum is highly confidential. We are providing it solely for the purpose of enabling you to consider a purchase of the Notes. You should read this offering memorandum before making a decision whether to purchase the Notes. You must not use this offering memorandum for any other purpose, or disclose any information in this offering memorandum to any other person.

We have prepared this offering memorandum, and we are solely responsible for its contents. You are responsible for making your own examination of us and your own assessment of the merits and risks of investing in the Notes. By purchasing the Notes, you will be deemed to have acknowledged that you have made certain acknowledgements, representations and agreements as set forth under the section headed "Transfer restrictions" below.

No representation or warranty, express or implied, is made by the Initial Purchasers (as defined in the section headed "Plan of distribution"), Citicorp International Limited (the "Trustee"), Citibank, N.A., London Branch (the "Paying and Transfer Agent" and the "Registrar," collectively, the "Agents") or any of their affiliates or advisors as to the accuracy or completeness of the

information set forth herein, and nothing contained in this offering memorandum is, or shall be relied upon as, a promise or representation, whether as to the past or the future. Neither the Trustee nor the Agents have independently verified all of such information and they assume no responsibility for its accuracy or completeness.

Prospective investors in the Notes should rely only on the information contained in this offering memorandum. Neither we nor the Initial Purchasers, the Trustee or the Agents have authorized the provision of information different from that contained in this offering memorandum. The information contained in this offering memorandum is accurate in all material respects only as of the date of this offering memorandum, regardless of the time of delivery of this offering memorandum or of any sale of the Notes. Neither the delivery of this offering memorandum nor any sale made hereunder shall under any circumstances imply that there has been no change in our affairs or those of each of our respective subsidiaries or that the information set forth herein is correct in all material respects as of any date subsequent to the date hereof.

Each person receiving this offering memorandum acknowledges that: (i) such person has been afforded an opportunity to request from us and to review, and has received, all additional information considered by it to be necessary to verify the accuracy of, or to supplement, the information contained herein; (ii) such person has not relied on the Initial Purchasers, the Trustee, the Agents or any person affiliated with the Initial Purchasers, the Trustee or the Agents in connection with any investigation of the accuracy of such information or its investment decision; and (iii) no person has been authorized to give any information or to make any representation concerning us, our subsidiaries and affiliates, the Notes or the Subsidiary Guarantees (other than as contained herein and information given by our duly authorized officers and employees in connection with investors' examination of us and the terms of the offering of the Notes) and, if given or made, any such other information or representation should not be relied upon as having been authorized by us, the Initial Purchasers, the Trustee or the Agents.

The Notes and the Subsidiary Guarantees have not been approved or disapproved by the United States Securities and Exchange Commission, any state securities commission in the United States or any other United States regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering or the accuracy or adequacy of this offering memorandum. Any representation to the contrary is a criminal offense in the United States.

We are not, and the Initial Purchasers are not, making an offer to sell the Notes in any jurisdiction except where an offer or sale is permitted. The distribution of this offering memorandum and the offering of the Notes may in certain jurisdictions be restricted by law. Persons into whose possession this offering memorandum comes are required by us and the Initial Purchasers to inform themselves about and to observe any such restrictions. For a description of the restrictions on offers, sales and resales of the Notes and distribution of this offering memorandum, see the sections headed "Transfer restrictions" and "Plan of distribution" below.

This offering memorandum summarizes certain material documents and other information, and we refer you to them for a more complete understanding of what we discuss in this offering memorandum. In making an investment decision, you must rely on your own examination of us and the terms of the offering, including the merits and risks involved. None of us, the Initial Purchasers, the Trustee, the Agents, or any of our or their respective affiliates or representatives is or are making any representation to you regarding the legality of an investment in the Notes

by you under any legal, investment or similar laws or regulations. You should not consider any information in this offering memorandum to be legal, business or tax advice. You should consult your own attorney, business adviser and tax adviser for legal, business and tax advice regarding an investment in the Notes.

We reserve the right to withdraw the offering of Notes at any time, and the Initial Purchasers reserves the right to reject any commitment to subscribe for the Notes in whole or in part and to allot to any prospective purchaser less than the full amount of the Notes sought by such purchaser. The Initial Purchasers and certain related entities may acquire for their own account a portion of the Notes.

### Certain definitions, conventions and currency presentation

We have prepared this offering memorandum using a number of conventions, which you should consider when reading the information contained herein. When we use the terms "we," "us," "our," the "Company," the "Group" and words of similar import, we are referring to Country Garden Holdings Company Limited itself, or to Country Garden Holdings Company Limited and its consolidated subsidiaries, as the context requires.

Market data and certain industry forecast and statistics in this offering memorandum have been obtained from both public and private sources, including market research, publicly available information and industry publications. Although we believe this information to be reliable, it has not been independently verified by us or the Initial Purchasers or our or their respective directors and advisors, and neither us, the Initial Purchasers nor our or their respective directors and advisors make any representation as to the accuracy or completeness of that information. Such information may not be consistent with other information compiled within or outside the PRC. Due to possibly inconsistent collection methods and other problems, the statistics herein may be inaccurate and should not be unduly relied upon. In addition, third-party information providers may have obtained information from market participants and such information may not have been independently verified. This offering memorandum summarizes certain documents and other information, and investors should refer to them for a more complete understanding of what is discussed in those documents. In making an investment decision, each investor must rely on its own examination of us and the terms of the offering and the Notes, including the merits and risks involved.

Unless otherwise stated, the site area and GFA data at our property developments presented in this offering memorandum do not include the site area and GFA attributable to our hotel properties or planned hotel developments.

In this offering memorandum, where information has been presented in thousands or millions of units, amounts may have been rounded up or down. Accordingly, totals of columns or rows of numbers in tables may not be equal to the apparent total of the individual items and actual numbers may differ from those contained herein due to rounding.

The English names of the PRC nationals, entities, departments, facilities, laws, regulations, certificates, titles and the like are translations of their Chinese names and are included for identification purpose only. In the event of any inconsistency, the Chinese name prevails.

### **Forward-looking statements**

This offering memorandum includes "forward-looking statements." All statements other than statements of historical fact contained in this offering memorandum, including, without limitation, those regarding our future financial position and results of operations, strategies, plans, objectives, goals and targets, future developments in the markets where we participate or are seeking to participate, and any statements preceded by, followed by or that include, the words "believe," "expect," "aim," "intend," 'will," "may," "anticipate," 'seek," "should," "estimate" or similar expressions or the negative thereof, are forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other factors, some of which are beyond our control, which may cause our actual results, performance or achievements, or industry results to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These forward-looking statements are based on numerous assumptions regarding our present and future business strategies and the environment in which we will operate in the future. Important factors that could cause our actual results, performance or achievements to differ materially from those in the forward-looking statements include, among others, the following:

- the performance of the property market in places in which we engage in property development;
- future developments in the property market in places in which we engage or may engage in property development;
- the global economic environment and industry outlook generally;
- the availability of and changes to bank loans and other forms of financing;
- changes in political, economic, legal and social conditions in the places in which we engage or may engage in property development, including government policies concerning land supply, the availability and cost of project financing and mortgage financing, pre-sales, and the pricing and volume of our property developments;
- changes in competitive conditions and our ability to compete under these conditions;
- our ability to manage our growth and our geographically diversified business;
- our ability to acquire and develop land;
- cost and supply of construction materials and labor;
- the performance of the obligations and undertakings of the independent contractors under various construction, building, interior decoration and installation contracts;
- the timely repayments by purchasers of our properties of mortgage loans guaranteed by us;
- the performance of the obligations and commitments of our joint venture partners under the existing and future joint venture agreements;
- changes in currency exchange rates;
- delay in obtaining proper legal titles for our properties or necessary government approvals for our operations; and
- other factors beyond our control.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under "Risk factors" and elsewhere in this offering memorandum. We caution you not to place undue reliance on these forward-looking statements, which speak only as of the date of this offering memorandum. Subject to the requirements of applicable laws, rules and regulations, we do not have any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. As a result of these and other risks, uncertainties and assumptions, the forward-looking events and circumstances discussed in this offering memorandum might not occur in the way we expect, or at all.

### **Enforcement of civil liabilities**

We are an exempted company incorporated in the Cayman Islands with limited liability, and each Subsidiary Guarantor is also incorporated outside the United States in jurisdictions such as the British Virgin Islands ("BVI") and Hong Kong. The Cayman Islands, BVI, Hong Kong and other jurisdictions have different bodies of securities laws from the United States and protections for investors may differ.

All of our assets and the assets of the Subsidiary Guarantors are located outside the United States. In addition, all of our directors and officers and the Subsidiary Guarantors' directors and officers are nationals or residents of countries other than the United States (principally, the PRC), and all or a substantial portion of such persons' assets are located outside the United States. As a result, it may be difficult for investors to effect service of process within the United States upon us, any of the Subsidiary Guarantors or such persons or to enforce against us or any of the Subsidiary Guarantors or such persons judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state thereof.

We and each of the Subsidiary Guarantors expect to appoint Law Debenture Corporate Service Inc. as our and their respective agent to receive service of process with respect to any action brought against us or the Subsidiary Guarantors in the United States federal courts located in the Borough of Manhattan, The City of New York under the federal securities laws of the United States or of any state of the United States or any action brought against us or the Subsidiary Guarantors in the courts of the State of New York in the Borough of Manhattan, The City of New York under the securities laws of the State of New York.

Conyers Dill & Pearman, our counsel as to Cayman Islands laws, has advised us that the courts of the Cayman Islands would recognize as a valid judgment, a final and conclusive judgment *in personam* obtained in the federal or state courts in the United States against the Company under which a sum of money is payable (other than a sum of money payable in respect of multiple damages, taxes or other charges of a like nature or in respect of a fine or other penalty) or, in certain circumstances, an *in personam* judgment for non-monetary relief, and would give a judgment based thereon provided that: (a) such courts had proper jurisdiction over the parties subject to such judgment; (b) such courts did not contravene the rules of natural justice of the Cayman Islands; (c) such judgment was not obtained by fraud; (d) the enforcement of the judgment would not be contrary to the public policy of the Cayman Islands; (e) no new admissible evidence relevant to the action is submitted prior to the rendering of the judgment by the courts of the Cayman Islands; and (f) there is due compliance with the correct procedures under the laws of the Cayman Islands.

Conyers Dill & Pearman, our counsel as to British Virgin Islands laws, has advised us that the courts of the British Virgin Islands would recognize as a valid judgment, a final and conclusive judgment in personam obtained in the federal or state courts in the United States against us under which a sum of money is payable (other than a sum of money payable in respect of multiple damages, taxes or other charges of a like nature or in respect of a fine or other penalty) and would give a judgment based thereon provided that (a) such courts had proper jurisdiction over the parties subject to such judgment, (b) such courts did not contravene the rules of natural justice of the British Virgin Islands, (c) such judgment was not obtained by fraud, (d) the enforcement of the judgment would not be contrary to the public policy of the British Virgin Islands, (e) no new admissible evidence relevant to the action is submitted prior to the rendering of the judgment by the courts of the British Virgin Islands and (f) there is due compliance with the correct procedures under the laws of the British Virgin Islands.

We have been advised by our Hong Kong legal advisor, Sidley Austin, that Hong Kong has no arrangement for the reciprocal enforcement of judgments with the United States. However, under Hong Kong common law, a foreign judgment (including one from a court in the United States predicated upon U.S. federal or state securities laws) may be enforced in Hong Kong by bringing an action in a Hong Kong court, and then seeking summary or default judgment on the strength of the foreign judgment, provided that the foreign judgment is for a debt or definite sum of money and is final and conclusive on the merits. In addition, the Hong Kong courts may refuse to recognize or enforce a foreign judgment if such judgment:

- (a) was obtained by actual or constructive fraud or duress;
- (b) was rendered by a foreign court that lacked the appropriate jurisdiction at the time according to Hong Kong rules;
- (c) is contrary to Hong Kong rules of public policy or notion of natural justice; or
- (d) is directly or indirectly for the payment of foreign taxes, penalties, fines or charges of a like nature.

Further, we have been advised by our PRC legal counsel, Commerce & Finance Law Offices, and our Cayman Islands legal counsel, Conyers Dill & Pearman, that there is uncertainty as to whether the courts of the PRC and the Cayman Islands, respectively, would (i) enforce judgments of the U.S. courts obtained against us or our directors and officers predicated upon the civil liability provisions of the federal securities laws of the United States or the securities laws of any state or territory within the United States or (ii) entertain original actions brought in the courts of the PRC and the Cayman Islands, respectively, against us or our directors and officers predicated upon the federal securities laws of the United States or the securities laws of any state or territory within the United States.

### **Exchange rates**

#### **PRC**

The People's Bank of China ("PBOC") sets and publishes daily a central parity exchange rate with reference primarily to the supply and demand of the Renminbi against a basket of currencies in the market during the prior day. PBOC also takes into account other factors, such as the general conditions existing in the international foreign exchange markets. Since 1994, the conversion of

the Renminbi into foreign currencies, including H.K. dollars and U.S. dollars, has been based on rates set by PBOC, which are set daily based on the previous day's interbank foreign exchange market rates and current exchange rates in the world financial markets. From 1994 to July 20, 2005, the official exchange rate for the conversion of the Renminbi to U.S. dollars was generally stable. Although Chinese governmental policies were introduced in 1996 to reduce restrictions on the convertibility of the Renminbi into foreign currency for current account items, conversion of the Renminbi into foreign exchange for capital items, such as foreign direct investment, loans or securities, requires the approval of the State Administration of Foreign Exchange ("SAFE") and other relevant authorities. On July 21, 2005, the PRC government introduced a managed floating exchange rate system to allow the value of the Renminbi to fluctuate within a regulated band based on market supply and demand and by reference to a basket of currencies. On the same day, the value of the Renminbi appreciated by 2% against the U.S. dollar. The PRC government has since made and in the future may make further adjustments to the exchange rate system. PBOC announces the closing price of a foreign currency traded against the Renminbi in the interbank foreign exchange market after the closing of the market on each working day and makes it the central parity for the trading against the Renminbi on the following working day. On May 18, 2007, PBOC enlarged the floating band for the trading prices in the inter-bank foreign exchange market of the Renminbi against the U.S. dollar from 0.3% to 0.5% around the central parity rate, effective on May 21, 2007. This allows the Renminbi to fluctuate against the U.S. dollar by up to 0.5% above or below the central parity rate published by PBOC. The floating band was further widened to 1.0% on April 16, 2012 and 2.0% on March 17, 2014. The PRC government has since made and in the future may make further adjustments to the exchange rate system. PBOC authorized the China Foreign Exchange Trading Centre, effective since January 4, 2006, to announce the central parity exchange rate of certain foreign currencies against the Renminbi on each business day. This rate is set as the central parity for the trading against the Renminbi in the inter-bank foreign exchange spot market and the over-the-counter exchange rate for the following business day.

Note:

### **Hong Kong**

The H.K. dollar is freely convertible into the U.S. dollar. Since 1983, the H.K. dollar has been linked to the U.S. dollar at the rate of HK\$7.80 to US\$1.00. The Basic Law of the Hong Kong Special Administrative Region of the People's Republic of China (the "Basic Law"), which came into effect on July 1, 1997, provides that no foreign exchange control policies shall be applied in Hong Kong.

The market exchange rate of the H.K. dollar against the U.S. dollar continues to be determined by the forces of supply and demand in the foreign exchange market. However, against the background of the fixed rate system which applies to the issuance and withdrawal of Hong Kong currency in circulation, the market exchange rate has not deviated significantly from the level of HK\$7.80 to US\$1.00. The Hong Kong government has indicated its intention to maintain the link at that rate. Under the Basic Law, the H.K. dollar will continue to circulate and remain freely convertible. The Hong Kong government has also stated that it has no intention of imposing exchange controls in Hong Kong and that the H.K. dollar will remain freely convertible into other currencies, including the U.S. dollar. However, we cannot assure you that the Hong Kong government will maintain the link at HK\$7.80 to US\$1.00, or at all.

### Summary

This summary does not contain all the information that may be important to you in deciding to invest in the Notes. You should read the entire offering memorandum, including the section entitled "Risk factors" and the financial statements and related notes thereto, before making an investment decision.

#### Overview

We are one of the leading integrated property developers in the PRC, with substantially all of our assets and operations based in the PRC. Since the commencement of our property development activities in 1997, we have benefited from, and we expect to continue to benefit from, the growth in the property sector associated with the economic development in the PRC, particularly in Guangdong Province, which is one of the most affluent provinces and fastest growing economies in the PRC. Our primary business has been the development of large-scale residential community projects and the sale of various types of properties, including townhouses, apartment buildings, parking spaces and retail shops. The majority of our products are targeted towards end-user customers. As an integrated property developer, our lines of business also include construction, installation, fitting and decoration as well as property management. Our residential home projects are generally located in the suburban areas of first-tier cities and in the newly urbanized town centers of second- and third-tier cities. In December 2011 and October 2013, we expanded our operations into Malaysia and Australia, respectively.

As of June 30, 2016, we had 536 projects at various stages of development. Of these projects, 190 were located in Guangdong Province: 31 in Guangzhou City, 31 in Dongguan City, 26 in Foshan City, 18 in Jiangmen City, 18 in Huizhou City, 12 in Zhaoqing City, 12 in Meizhou City and the remaining in various other cities. We also had 346 projects located outside Guangdong Province, spanning 21 provinces, two autonomous regions, three municipalities in the PRC as well as two projects in the State of Selangor, Malaysia, two projects in the State of Johor, Malaysia and one project in Sydney, Australia.

As of June 30, 2016, our projects had an aggregate completed GFA of approximately 90,456,910 sq.m. We had an aggregate GFA under development of approximately 50,940,205 sq.m. and an aggregate GFA of approximately 64,045,683 sq.m. relating to properties held for future development as of the same date. We have obtained land use rights certificates, development and operation rights or land title in respect of the completed GFA, GFA under development and GFA held for future development. In addition, as of June 30, 2016, we had entered into land grant contracts or sale and purchase agreements in respect of land located in 104 cities in the PRC with an aggregate site area of approximately 12,257,125 sq.m. and an aggregate expected GFA of approximately 23,460,338 sq.m. for future development.

We also develop hotels to complement our residential properties. Most of these hotels are located in our large-scale residential community projects, which we believe have added value to such residential projects and enhanced our brand recognition. As of June 30, 2016, we had developed and were operating eight five-star hotels and two four-star hotels, as well as 37 hotels which were developed in accordance with the five-star rating standard set forth in the "Star-Rating Standard for Tourist Hotels" (旅遊飯店星級的劃分與評定) issued by the PRC National Tourism

Administration and four hotels which were developed in accordance with the four-star standard of the "Star-Rating Standard for Tourist Hotels." In addition, we had seven hotels under construction in accordance with the five-star rating standard and one hotel under construction in accordance with the four-star rating standard set forth in the "Star-Rating Standard for Tourist Hotels."

For the years ended December 31, 2013, 2014 and 2015 and six months ended June 30, 2016, our total revenue was RMB62,724.7 million, RMB84,548.8 million, RMB113,222.6 million (US\$17,036.5 million) and RMB57,362.5 million (US\$8,631.3 million), respectively, and our EBITDA was RMB14,089.8 million, RMB17,174.9 million, RMB15,860.6 million (US\$2,386.5 million) and RMB9,252.2 million (US\$1,392.2 million), respectively.

Our shares have been listed on the Hong Kong Stock Exchange since April 20, 2007 under stock code 2007. Our market capitalization as of August 31, 2016 was HK\$85.5 billion.

### **Competitive strengths**

# We are one of the largest property developers in the PRC with one of the largest, geographically diversified, and low-cost land bank

As of June 30, 2016, we had an aggregate GFA under development and for future development in China of approximately 112,205,263 sq.m. for which we have obtained all the relevant land use rights certificates or development and operation rights or land title, spanning 22 provinces, two autonomous regions and three provincial level municipalities. In addition, as of June 30, 2016, we had entered into land grant contracts in respect of land in China with an aggregate site area of approximately 12,257,125 sq.m. for which we have applied for or were in the process of applying for land use rights certificates in 104 cities in China, with an aggregate expected GFA of approximately 23,460,338 sq.m. for future development. We expect that these new acquisitions will further increase the value and size of our land bank when we obtain the land use rights certificates.

We adopt a disciplined approach to land acquisition and development. We undertake market research and analysis as well as budget and financing planning prior to a land acquisition, which we believe enables us to exercise effective cost control. In addition, we continue to seek opportunities to acquire and develop land in close proximity to our existing mature projects. We believe such in-fill developments will lower potential execution risks given our experience with the local markets, service providers and target customers. For the three years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016, we estimate that our average unit land cost based on GFA was approximately 10% to 20% of our average unit selling price. We believe our low-cost land bank not only supports our future profitability but also gives us greater flexibility to diversify our product portfolio, to cater to a broader customer base, and to respond more effectively to changing market conditions.

# We have an established business model which we believe has been successfully replicated in the markets where we operate

We focus on developing large-scale residential communities in the suburban areas of first-tier cities as well as the newly urbanized town centers of second- and third-tier cities in the PRC where we believe have high-growth potential. We proactively seek to enhance the value of our

properties by creating a better living environment through the provision of comprehensive community facilities and premium services in our master-planned communities. Our business model leverages on China's economic growth, increasing urbanization and rising standards of living. We believe that we have aligned our business development objectives with those of local governments, as our large-scale township developments raise the living standards of the local population and help improve the business environment of the local economies.

Over the last decade, we have successfully replicated our business model in 20 cities in Guangdong Province, with a total of 190 projects having an aggregate expected GFA of 88,063,419 sq.m. as of June 30, 2016. Since 2006, we have also implemented our business model outside Guangdong Province, with a total of 341 projects having an aggregate expected GFA of 114,598,754 sq.m. outside Guangdong Province in the PRC, and with four projects in Malaysia and one project in Australia having a total expected GFA of 2,780,625 sq.m. as of June 30, 2016. We believe the success of Country Garden—Galaxy Palace, Country Garden—Phoenix City (Jurong), Country Garden—Ten Miles Golden Beach and Country Garden—Golden Beach, in particular, demonstrates our ability to replicate our business model and capitalize on our strong brand name in other provinces in China.

# Our standardized operations enable us to provide high-quality and competitively priced products to our customers and to achieve quick asset turnover and attractive margins

We are one of the largest PRC property developers focusing on developing large-scale, multi-phase suburban residential communities in the PRC. We generally standardize principal features of our operations, such as land acquisition, project planning and design, procurement of raw materials, selection of contractors, sales and marketing and property management, which we believe enables us to:

- achieve economies of scale and increase operating efficiency through pooling internal resources, thereby helping to further improve our profit margins;
- ensure consistent product quality;
- strengthen our bargaining power with suppliers and contractors to obtain good quality supplies and services at relatively low costs, which help increase our pricing flexibility;
- smoothen project execution to achieve quick asset turnover; and
- respond rapidly to changes in market environment.

We believe that a combination of our strong brand recognition, high quality product mix and competitive pricing model has enabled us to pre-sell a substantial portion of the properties in our projects.

#### We maintain a robust liquidity position and have a strong credit profile

We actively manage our liquidity position by taking into account our development plans, capital needs and available cash and financing options. As of December 31, 2013, 2014 and 2015 and June 30, 2016, our cash and cash equivalents amounted to RMB18.9 billion, RMB18.8 billion, RMB36.2 billion (US\$5.5 billion) and RMB30.8 billion (US\$4.6 billion), respectively. We believe our quick asset turnover model has enabled our projects to generate positive cash flow in a relatively short period after commencement of development to support further developments.

We believe we have developed a strong credit profile over the years relative to our peers and have become a preferred customer of a number of major commercial banks in the PRC. We also have access to the international capital markets through debt, equity and equity-linked offerings. While we have a strong credit profile, we closely monitor our leverage ratio with a view to maintaining a healthy capital structure.

### We have a strong brand in Guangdong Province with increasing recognition nationwide

We believe our brand name "Country Garden" (碧桂園), as well as our guiding motto, "Country Garden—Giving you a five-star home" (碧桂園—給您一個五星級的家), have strong market recognition in Guangdong Province. We believe this market recognition is a result of our high quality products and services as we aim to provide our customers with not only pleasant and comfortable homes in a clean and safe environment, but also higher living standards supported by comprehensive community facilities and services such as restaurants and catering, shopping, sports and leisure, transportation, education and domestic assistance. This market recognition has helped us to achieve our leading position in the property market in Guangdong Province and to expand our operations into other PRC provinces. Since 2006, we have gradually expanded our operations into 21 provinces, two autonomous regions and three provincial level municipalities outside Guangdong in the PRC, and we believe we will receive increasing brand recognition in those markets. In 2006, we were one of the first two brands that were recognized by SAIC as "China's Well-Known Trademarks" in the property sector.

We aim to strengthen the confidence and trust of our customers in our products and services, and to secure repeat customers and referrals for us, through an emphasis on quality property management and post-sales services. We believe that our strong financial performance demonstrates the trust that we have built with our customers and the recognition of our brand name and the quality of our products.

# We have a highly effective management structure, experienced management team and professional workforce

We believe we have a highly effective management structure. Our headquarters in Guangdong Province vertically manages the principal functions of our operations, including land acquisitions, project design, human resources, financing planning and raw material procurement. As we expand into markets outside Guangdong, we have delegated certain functions such as project management and marketing to our project companies to facilitate smooth project execution, thereby enabling them to cater to local characteristics, shorten development cycle and quickly respond to changes in local market conditions.

Our senior management team has extensive industry knowledge, management skills and operating experience. Most of our management have been with us since our inception. In particular, Yeung Kwok Keung, Su Rubo and Ou Xueming, our co-founders, have remained as a cohesive team and have focused on our property development business since 1997. We believe management's interest is aligned with our interest given their substantial shareholdings in our Company. As of the date of this offering memorandum, our senior management (principally composed of our directors) in aggregate held an approximate 62.06% interest in our Company (excluding underlying shares).

### **Business strategies**

Continue to focus on core property development business with a well balanced mix of property developments within and outside Guangdong Province

We intend to continue to grow our core property development business. We will actively look for suitable opportunities to develop large-scale residential communities in suburban areas of first-tier cities in the PRC as well as attractive opportunities in the newly urbanized town centers of second- and third-tier cities in the PRC where we believe have promising economic growth potential. We believe this strategy is not only in line with China's urbanization trend of expanding existing urban boundaries of major cities and creating new urban clusters around second- and third-tier cities, but also complements our successful formula of controlling costs through our low-cost land bank, large-scale production and quick asset turnover. We will also selectively look into opportunities outside of China as opportunities arise.

Since 2006, we have gradually expanded our operations outside Guangdong Province into 21 other provinces, two autonomous regions and three provincial level municipalities in China, as well as into Malaysia and Australia. We believe our geographical diversification efforts have provided us with a well balanced mix of property developments within and outside Guangdong Province in the PRC. Guangdong Province, which is one of the most affluent provinces and fastest growing economies in China, will remain our principal market. Guangdong Province recorded a GDP per capita of approximately RMB67,503.0 in 2015, which is significantly higher than the national average in 2015. We intend to continue to leverage our local knowledge and market reputation in Guangdong Province to further grow our business there. At the same time, we will continue to develop our existing projects in markets outside Guangdong Province, which have seen increased average selling prices over the years. Where suitable opportunities arise, we will also acquire more land and enter into new markets with high growth potential, within or outside the PRC. For example, we have expanded into and have four projects in Malaysia and one project in Australia as of June 30, 2016.

We also intend to continue to develop high quality hotels in our large residential communities, as we believe they enhance the value and attractiveness of our residential community projects. We believe this strategy also improves our competitiveness during the land tender process, as high quality hotels are seen by local governments of second- and third-tier cities in the PRC as an important feature to attract visitors and improve the commercial appeal of the environment. We may consider engaging, and are currently in discussions with, certain international management firms to manage some of our hotels to further enhance the value of our hotel properties.

### Continue to focus on developing properties having an attractive value-to-price ratio

We intend to continue to focus on our strategy of providing our customers with high-value properties at competitive prices. We will continue to leverage on our expertise and industry experience to develop large-scale integrated residential communities featuring value-added facilities and services that cater to a broad end user driven customer base. Our facilities include clubhouses, hotels, supermarkets, schools, clinics, sports and recreational facilities as well as food and beverage outlets, and our services include childcare, domestic assistance, property management, security and shuttle bus services for residents both within the projects as well as from projects to city centers. We endeavor to develop and refine our product design to

accommodate changing market conditions and consumer preference. We will also encourage creativity and innovation in our product design through collaboration between our in-house experts and third-party professionals.

### Maintain prudent financial management policies

We will continue to closely monitor our capital and cash positions, gauge our development scale and time our land acquisition and development schedule accordingly. We have budget and financing planning and cash management at the project level as well as the group level. We will continue to carefully manage our development cost for each project during the course of its development, with an emphasis on cost reduction and cost efficiency. We will actively manage our sales and pre-sales to ensure adequate cash flow for our ongoing capital requirements. We will also remain disciplined in our capital commitments and seek to maintain a balanced capital structure.

#### Further strengthen our leading position and brand name recognition nationwide

We plan to further strengthen our leading position and our "Country Garden" brand name recognition in Guangdong Province and across China. To distinguish ourselves from our competitors, we plan to continue to promote the "five-star home" motto and apply this to the services offered to our existing and prospective customers to improve the living environment of our customers. We will continue to encourage our existing customers to refer potential purchasers to us through incentive schemes such as waiving property management fees.

#### **Enhance effective internal management and controls**

We intend to continue to adopt the best practices and standards in the industry for corporate governance and internal controls, drawing on senior management's expertise and experience to facilitate our operations and expansion. We intend to further streamline our internal management functions by clearly defining the responsibilities of each operating unit to ensure orderly and efficient operations and rapid responses to changes in market conditions.

We will continue to incentivize our management and employees and seek to attract and retain talent through a competitive remuneration package. We will continue to provide our employees with a variety of training and development programs to assist in their career development. We will also actively recruit new talent to optimize our human resources and enhance the productivity and competitiveness of our workforce.

### **Recent Developments**

#### **Company Domestic Corporate Bonds**

We issued a series of domestic corporate bonds in 2015 and 2016 (the "Company Domestic Corporate Bonds"). See "Description of other material indebtedness—Company Domestic Corporate Bonds." In August 2016, we issued the third tranche of the Company Domestic Corporate Bonds issued in 2016 in the principal amount of RMB1,000,000,000 with a coupon rate of 4.60% per annum and a term of five years. At the end of the third year, we can adjust the

coupon rate and investors can exercise a retractable option. In September 2016, we issued the fourth tranche of the Company Domestic Corporate Bonds issued in 2016 in the principal amount of RMB10,000,000,000, of which (i) RMB4,170,000,000 in principal amount has a coupon rate of 4.15% per annum and a term of four years, and at the end of the second year, we can adjust the coupon rate and investors can exercise a retractable option and (ii) RMB5,830,000,000 in principal amount has a coupon rate of 5.65% per annum and a term of seven years, and at the end of the fifth year, we can adjust the coupon rate and investors can exercise a retractable option. The proceeds from the issuance of the Company Domestic Corporate Bonds will be used for refinancing certain of our existing indebtedness and for general working capital purposes.

#### **Contracted Sales**

For the eight months ended August 31, 2016, our Group, together with our joint ventures and associates, achieved contracted sales of approximately RMB179.4 billion (US\$27.0 billion) with contracted sales GFA of approximately 22.3 million sq.m.. (among which, the contracted sales and contracted sales GFA attributable to our Group amounted to RMB139.4 billion (US\$21.0 billion) and 18.1 million sq.m., respectively).<sup>(1)</sup>

# Proposed Spin-Off and Listing of our Property Management Business on The Shanghai Stock Exchange ("SSE")

On August 31, 2016, our subsidiary, Guangdong Country Garden Property Services Co., Ltd. (廣東碧桂園物業服務股份有限公司) ("CG Property Services"), a company established under the laws of the PRC, submitted an application to China Securities Regulatory Commission ("CSRC") for the initial public offering and listing of its ordinary shares denominated in RMB on the SSE. CG Property Services received a notice of acceptance of such application on September 7, 2016. It is expected that CG Property Services will effect an offering of up to 40,100,000 shares for subscription on the SSE, representing approximately 10% of its enlarged issued share capital. After the proposed spin-off, it is expected that CG Property Services will remain our subsidiary.

CG Property Services is our subsidiary responsible for all of our property management business, including residential properties, commercial properties, tourism properties and combined purposes properties. Its property management services cover the full spectrum of property management and related services.

While our board of directors believe that a separate listing of CG Property Services will provide diversified funding sources for it to finance existing operations and future expansions, the proposed spin-off is subject to, among other things, certain market conditions and approval of CSRC and the SSE. As such, the proposed spin-off may not materialize.

Note

<sup>(1) &</sup>quot;Contracted sales" refer to purchase price of formal purchase contracts we entered into with purchasers of our properties. We compile contracted sales information (including contracted sales amounts, ASP and GFA) through our internal records, and such information has not been audited or reviewed by PricewaterhouseCoopers, Certified Public Accountants, Hong Kong. As these sales and purchases contracts are subject to termination or variation under certain circumstances pursuant to their contractual terms, or subject to default by the relevant purchasers, they are not a guarantee of current or future contracted sales. Contracted sales information should in no event be treated as an indication of our revenue or profitability. Our subsequent revenue recognized from such contracted sales may be materially different from such contracted sales. Accordingly, contracted sales information contained in this offering memorandum should not be unduly relied upon as a measure or indication of our current or future operating performance.

the rate of 4.75% per annum, payable semi-annually in arrears.

**Interest Payment** 

Dates ...... March 28 and September 28 of each year, commencing March 28,

2017.

Ranking of the Notes . . . The Notes are:

general obligations of the Company;

- senior in right of payment to any existing and future obligations of the Company expressly subordinated in right of payment to the Notes;
- at least *pari passu* in right of payment with all other unsecured, unsubordinated Indebtedness of the Company (subject to any priority rights of such unsubordinated Indebtedness pursuant to applicable law);
- guaranteed by the Subsidiary Guarantors on a senior basis, subject to the limitations described below under the caption "Description of the Notes—The Subsidiary Guarantees" and in "Risk factors—Risks relating to the Subsidiary Guarantees and the Collateral;"
- effectively subordinated to the other secured obligations of the Company and the Subsidiary Guarantors, to the extent of the value of the assets (other than the Collateral) serving as security therefor; and
- effectively subordinated to all existing and future obligations of the Non-Guarantor Subsidiaries.

In addition, on the Original Issue Date, subject to the limitations described in "Risk factors—Risks relating to the Subsidiary Guarantees and the Collateral," the Notes will be secured by a pledge of the Collateral as described below under the caption "Description of the Notes—Security" and will:

• be entitled to a first priority lien on the Collateral (subject to any Permitted Liens and the Intercreditor Agreement); and

• rank effectively senior in right of payment to unsecured obligations of the Company with respect to the value of the Collateral pledged by the Company securing the Notes (subject to any priority rights of such unsecured obligations pursuant to applicable law).

# Subsidiary Guarantees ..........

Each of the Subsidiary Guarantors will, jointly and severally, guarantee the due and punctual payment of the principal of, premium, if any, interest on, and all other amounts payable under, the Notes.

A Subsidiary Guarantee may be released in certain circumstances. See "Description of the Notes—The Subsidiary Guarantees—Release of the Subsidiary Guarantees."

The initial Subsidiary Guarantors that will execute the Indenture on the Original Issue Date will be Smart World Development Holdings Ltd, Angel View International Limited, Boavista Investments Limited, Estonia Development Ltd, Falcon Investments Development Ltd, Impreza Group Limited, Infiniti Holdings Development Limited, United Gain Group Ltd, Wise Fame Group Ltd, Country Garden (Hong Kong) Development Company Limited. These Subsidiary Guarantors consist of all of the Company's Restricted Subsidiaries other than the Non-Guarantor Subsidiaries (defined below). All of the Subsidiary Guarantors are holding companies that do not have significant operations. None of Power Great Enterprises Limited, the Unrestricted Subsidiaries (as defined in "Description of the Notes") and the Restricted Subsidiaries organized under the laws of the PRC (collectively, the "PRC Non-Guarantor Subsidiaries") will be a Subsidiary Guarantor on the Original Issue Date. See "Risk factors—Risks relating to the Subsidiary Guarantees and the Collateral—Our Initial Subsidiary Guarantors do not currently have significant operations."

The Company will cause each of its future Restricted Subsidiaries (other than Persons organized under the laws of the PRC and Exempted Subsidiaries) to guarantee the payment of the Notes as a Subsidiary Guarantor. Notwithstanding the foregoing, the Company may elect to have any future Restricted Subsidiary organized outside the PRC not provide a Subsidiary Guarantee at the time such entity becomes a Restricted Subsidiary or ceases to be an Exempted Subsidiary, provided that, after giving effect to the Consolidated Assets of such Restricted Subsidiary, the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC (other than Exempted Subsidiaries) that are not Subsidiary Guarantors do not account for more than 20% of the Total Assets of the Company.

Any future Restricted Subsidiary, as defined under "Description of the Notes—Definitions" (other than subsidiaries organized under the laws of the PRC), will provide a guarantee of the Notes promptly after it

becomes a Restricted Subsidiary. In the case of a Subsidiary Guarantor with respect to which the Company or any of its Restricted Subsidiaries is proposing to sell, whether through the sale of existing shares or the issuance of new shares, no less than 20% of the Capital Stock of such Subsidiary Guarantor, the Company may (i) release the Subsidiary Guarantees provided by such Subsidiary Guarantor and each of its Restricted Subsidiaries organized outside the PRC, (ii) discharge the pledge of the Capital Stock granted by such Subsidiary Guarantor, and (iii) discharge the pledge of Capital Stock made by the Company or any Subsidiary Guarantor over the shares it owns in such Subsidiary Guarantor, provided that after the release of such Subsidiary Guarantees, the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC (other than Exempted Subsidiaries) that are not Subsidiary Guarantors (including the Subsidiary Guarantors whose Subsidiary Guarantees were released) do not account for more than 20% of the Total Assets of the Company.

# Ranking of Subsidiary Guarantees ......

The Subsidiary Guarantee of each Subsidiary Guarantor:

- is a general obligation of such Subsidiary Guarantor;
- is effectively subordinated to secured obligations of such Subsidiary Guarantor, to the extent of the value of the assets serving as security therefor;
- is senior in right of payment to all future obligations of such Subsidiary Guarantor expressly subordinated in right of payment to such Subsidiary Guarantee; and
- ranks at least *pari passu* with all other unsecured, unsubordinated Indebtedness of such Subsidiary Guarantor (subject to any priority rights of such unsubordinated Indebtedness pursuant to applicable law).

In addition, subject to the limitations described in "Risk factors—Risks relating to the Subsidiary Guarantees and the Collateral," the Subsidiary Guarantees of each Subsidiary Guarantor Pledgor:

- will be entitled to a first ranking security interest in the Collateral (subject to any Permitted Liens and the Intercreditor Agreement) pledged by such Subsidiary Guarantor Pledgor, as described below under the caption "Description of the Notes—Security;" and
- will rank effectively senior in right of payment to the unsecured obligations of such Subsidiary Guarantor Pledgor with respect to the value of the Collateral securing such Subsidiary Guarantee (subject to any priority rights of such unsecured obligations pursuant to applicable law). See "Risk factors—Risks relating to the Subsidiary Guarantees and the Collateral."

Collateral .....

The Company has pledged, or caused the initial Subsidiary Guarantor Pledgors to pledge, as the case may be, the Capital Stock of all of the initial Subsidiary Guarantors (the "Collateral") on a first priority basis to The Bank of New York Mellon as collateral agent (for the benefit of the trustee for the benefit of the holders of the 2023 Notes (the "2023 Trustee"), the trustee for the benefit of the holders of the 2021 Notes (the "2021 Trustee"), the trustee for the benefit of the holders of the 2019 Notes (the "2019 Trustee"), the trustee for the holder of the Private Notes (the "Private Notes Trustee"), the trustee for the benefit of the holders of the 2020 Notes (the "2020 Trustee"), the facility agent for the benefit of the lenders of the 2014 Club Loan (the "2014 Facility Agent"), the facility agent for the benefit of the lenders of the 2015 Club Loan (the "2015 Facility Agent"), Goldman Sachs International as beneficiary under the Guarantee and as Party A under the related hedging documents ("Goldman Sachs International") and each holder of pari passu secured indebtedness permitted under the 2023 Indenture, the 2021 Indenture, the 2019 Indenture, the Private Notes Indenture, the 2020 Indenture, the 2014 Credit Agreement, the 2015 Facility Agreement and the Hedging Documents) in order to secure the obligations of the Company and the Subsidiary Guarantor Pledgors under the 2023 Indenture, the 2021 Indenture, the 2019 Indenture, the Private Notes Indenture, the 2020 Indenture, the 2014 Credit Agreement, the 2015 Facility Agreement and the Hedging Documents.

On the Original Issue Date, the Collateral will secure on a pari passu basis the obligations of the Company under (i) the 2023 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2023 Indenture, (ii) the 2021 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2021 Indenture, (iii) the 2019 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2019 Indenture, (iv) the Private Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the Private Notes Indenture, (v) the 2020 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2020 Indenture, (vi) the 2014 Club Loan and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2014 Credit Agreement, (vii) the 2015 Club Loan and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2015 Facility Agreement and (viii) the Notes and the Subsidiary Guarantees provided by the Subsidiary Guarantor Pledgors under the Indenture. The Collateral securing the Notes and the Subsidiary Guarantees may be released or reduced in the event of certain asset sales and certain other circumstances. In addition, the Company and each Subsidiary Guarantor Pledgor may incur additional Permitted Pari Passu Secured Indebtedness which would be secured by the Collateral on a pari passu basis with the Notes and the Subsidiary Guarantees, subject to the

Intercreditor Agreement. See "Description of the Notes—Security—Intercreditor Agreement" and "Description of the Notes—Security."

# Intercreditor Agreement ......

The Company, the 2023 Trustee on behalf of the holders of the 2023 Notes, the 2021 Trustee on behalf of the holders of the 2021 Notes, the 2019 Trustee on behalf of the holders of the 2019 Notes, the Private Notes Trustee on behalf of the holders of the Private Notes, the 2020 Trustee on behalf of the holders of the 2020 Notes, the 2014 Facility Agent on behalf of the lenders of the 2014 Club Loan, the 2015 Facility Agent on behalf of the lenders of the 2015 Club Loan, Goldman Sachs International and The Bank of New York Mellon solely in its capacity as collateral agent and intercreditor agent (in each case referred to herein as the "Intercreditor/Collateral Agent") are each parties to an intercreditor agreement dated September 10, 2009 (as supplemented on each of September 23, 2009, April 22, 2010, August 11, 2010, February 23, 2011, January 10, 2013, October 4, 2013, May 27, 2014, June 5, 2014, December 17, 2014, December 18, 2014, March 9, 2015, July 31, 2015 and June 30, 2016) (the "Existing Intercreditor Agreement"). On or prior to the Original Issue Date, the Trustee on behalf of the holders of the Notes will have entered into a supplement to the Intercreditor Agreement with the parties to the Existing Intercreditor Agreement to supplement and amend the Existing Intercreditor Agreement (the Existing Intercreditor Agreement as supplemented and amended from time to time pursuant to the terms thereof, the "Intercreditor Agreement").

The Intercreditor Agreement will provide that enforcement actions in respect of the Collateral may be taken by the Intercreditor/Collateral Agent following an event of default under the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the 2014 Club Loan, the 2015 Club Loan, the Hedging Obligations or the Notes.

Use of Proceeds ......

We intend to use the net proceeds from this offering solely for refinancing certain of our existing indebtedness and for general working capital purposes.

Optional Redemption ...

At any time and from time to time on or after September 28, 2020 the Company may redeem the Notes, in whole or in part, at the redemption prices set forth in "Description of the Notes—Optional Redemption," plus accrued and unpaid interest to (but not including) the redemption date.

At any time prior to September 28, 2020 the Company may at its option redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes plus the Applicable Premium as of, and accrued and unpaid interest, if any, to (but not including) the redemption date, as set forth in "Description of the Notes—Optional Redemption."

At any time and from time to time prior to September 28, 2020 the Company may redeem up to 35% of the aggregate principal amount of the Notes with the Net Cash Proceeds of one or more sales of Common Stock of the Company in an Equity Offering at a redemption price of 104.75% of the principal amount of the Notes, plus accrued and unpaid interest, if any, to (but not including) the redemption date; provided that at least 65% of the aggregate principal amount of the Notes originally issued on the Original Issue Date remains outstanding after each such redemption and any such redemption takes place within 60 days after the closing of the related Equity Offering.

### Repurchase of Notes Upon a Change of Control Triggering

Event .....

Upon the occurrence of a Change of Control Triggering Event, the Company will make an offer to repurchase all outstanding Notes at a purchase price equal to 101% of their principal amount plus accrued and unpaid interest, if any, to the repurchase date.

# Redemption for Taxation Reasons .....

Subject to certain exceptions and as more fully described herein, the Company may redeem the Notes, as a whole but not in part, at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest, if any, to the date fixed by the Company for redemption, if the Company or a Subsidiary Guarantor would become obligated to pay certain additional amounts as a result of certain changes in specified tax laws or certain other circumstances. See "Description of the Notes—Redemption for taxation reasons."

#### Covenants

The Notes, the Indenture governing the Notes and the Subsidiary Guarantees will limit the Company's ability and the ability of its Restricted Subsidiaries to, among other things:

- incur or guarantee additional indebtedness and issue disqualified or preferred stock;
- declare dividends on its capital stock or purchase or redeem capital stock;
- make investments or other specified restricted payments;
- issue or sell capital stock of Restricted Subsidiaries;
- guarantee indebtedness of Restricted Subsidiaries;
- sell assets;
- create liens:
- enter into sale and leaseback transactions;

- enter into agreements that restrict the Restricted Subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- enter into transactions with shareholders or affiliates; and
- effect a consolidation or merger.

These covenants are subject to a number of important qualifications and exceptions described in "Description of the Notes—Certain covenants."

Transfer Restrictions . . .

The Notes will not be registered under the Securities Act or under any state securities laws of the United States and will be subject to customary restrictions on transfer and resale. See "Transfer restrictions."

Form, Denomination and Registration . . . . .

The Notes will be issued only in fully registered form, without coupons, in minimum denominations of US\$200,000 of principal amount and integral multiples of US\$1,000 in excess thereof and will be initially represented by one or more global notes deposited with the common depositary and registered in the name of the common depositary of its nominee for the accounts of Euroclear and Clearstream.

Book-entry Only .....

The Notes will be issued in book-entry form through the facilities of Euroclear and Clearstream for the accounts of their participants. For a description of certain factors relating to clearance and settlement, see "Description of the Notes—Book-entry; delivery and form."

Delivery of the Notes . . .

The Company expects to make delivery of the Notes, against payment in same-day funds on or about September 28, 2016 which the Company expects will be the sixth business day following the date of this offering memorandum referred to as "T+6." You should note that initial trading of the Notes may be affected by the T+6 settlement. See "Plan of distribution."

### Summary consolidated financial and other data

The following tables present our summary financial and other data. The summary financial data as of and for each of the fiscal years ended December 31, 2013, 2014 and 2015 (except for EBITDA data) is derived from our audited consolidated financial statements as of and for the years ended December 31, 2014 and 2015 and included elsewhere in this offering memorandum. The summary financial data as of and for each of the six months ended June 30, 2015 and 2016 (except for EBITDA data) is derived from our unaudited but reviewed interim condensed consolidated financial information as of and for the six months ended June 30, 2016 and included elsewhere in this offering memorandum. Results for interim period are not indicative of the results for the full year. Our financial information has been prepared and presented in accordance with HKFRS, which differ in certain material respects from generally accepted accounting principles in other jurisdictions. The summary financial data below should be read in conjunction with "Management's discussion and analysis of financial condition and results of operations" and the consolidated financial information and the related notes included elsewhere in this offering memorandum.

#### Notes

(1) In 2014, our management approved a business plan and reclassified certain properties from properties under development, properties held for sale or self-use to investment properties. To reflect this reclassification, we have designated a separate business segment for property investment since 2014. In addition, rental income included in other income and gains for 2013 was reclassified to revenue to conform to the new presentation format in 2014.

In 2014, we changed our accounting policy on investment properties. Prior to June 30, 2014, our investment properties were stated at historical cost less accumulated depreciation and impairment loss. Subsequent to the change in accounting policy, investment properties are carried at fair value. If an item of property, plant and equipment or land use rights becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognized in equity as a revaluation gain or loss.

(2) EBITDA for any period consists of operating profit plus interest income, depreciation expenses of property, plant and equipment and investment property and amortization of land use rights and intangible assets, net of exchange gains or losses. EBITDA is not a standard measure under HKFRS. EBITDA is a widely used financial indicator of a company's ability to service and incur debt. EBITDA should not be considered in isolation or construed as an alternative to cash flows, net income or any other measure of performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities. EBITDA does not account for taxes, interest expense or other non-operating cash expenses. In evaluating EBITDA, we believe that investors should consider, among other things, the components of EBITDA such as sales and operating expenses and the amount by which EBITDA exceeds capital expenditures and other charges. We have included EBITDA because we believe it is a useful supplement to cash flow data as a measure of our performance and our ability to generate cash flow from operations to service debt and pay taxes. EBITDA presented herein may not be comparable to similarly titled measures presented by other companies. Investors should not compane our EBITDA to EBITDA presented by other companies because not all companies use the same definition. See "Management's discussion and analysis of financial condition and results of operations—Non-GAAP financial measures" for a reconciliation of our profit for the year under HKFRS to our definition of EBITDA. Investors should also note that EBITDA as presented herein may be calculated differently from Consolidated EBITDA as defined and used in the Indenture governing the Notes. See "Description of the Notes—Definitions" for a description of the manner in which Consolidated EBITDA is defined for purposes of the Indenture governing the Notes.

(3) EBITDA margin is calculated by dividing EBITDA by revenue.

#### Note

<sup>(1)</sup> In 2014, our management approved a business plan and reclassified certain properties from properties under development, properties held for sale or self-use to investment properties. To reflect this reclassification, we have designated a separate business segment for property investment since 2014. In addition, rental income included in other income and gains for 2013 was reclassified to revenue to conform to the new presentation format in 2014.

In 2014, we changed our accounting policy on investment properties. Prior to June 30, 2014, our investment properties were stated at historical cost less accumulated depreciation and impairment loss. Subsequent to the change in accounting policy, investment properties are carried at fair value. If an item of property, plant and equipment or land use rights becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognized in equity as a revaluation gain or loss.

### Risk factors

In addition to other information in this offering memorandum, you should carefully consider the following risk factors, together with all other information contained in this offering memorandum, before purchasing the Notes. The risks and uncertainties described below may not be the only ones that we face. Additional risks and uncertainties of which we are not aware or that we currently believe are immaterial may also adversely affect our business, financial condition or results of operations. If any of the possible events described below occurs, our business, financial condition or results of operations could be materially and adversely affected. In such case, we may not be able to satisfy our obligations under the Notes, and you could lose all or part of your investment.

### Risks relating to our business

We are heavily dependent on the performance of the property market in the PRC, particularly in Guangdong Province, and may be affected by the performance of the property market in other places where we conduct our operations

Our business and prospects depend on the performance of the PRC property market. Any housing market downturn in China generally or in the regions where we have property developments could adversely affect our business, financial condition and results of operations. Our property developments currently are largely located in Guangdong Province. We established our business by developing private residential properties in Shunde District in 1997 and began expanding our project development activities to other locations in Guangdong Province in 1998. As of June 30, 2016, we had developed or were developing 190 projects in Guangdong Province and 341 projects outside Guangdong Province in the PRC. The projects in Guangdong Province and outside Guangdong Province in the PRC have an aggregate GFA (including completed properties, properties under development and properties for future development) of approximately 88,063,419 sq.m. and 114,598,754 sq.m., respectively. As of June 30, 2016, we also had two projects in the State of Selangor, Malaysia, two projects in the State of Johor, Malaysia and one project in Sydney, Australia, with an aggregate GFA of approximately 2,780,625 sq.m. Although we are pursuing further business opportunities in other locations, we intend to maintain and increase our market share in Guangdong Province.

As consumer spending changes due to changing economic conditions, we cannot assure you that property development and investment activities will continue to grow or that we will be able to benefit from future growth in the property market in Guangdong Province or the PRC. In addition, we cannot assure you that there will not be any over-supply of properties in the cities or regions where we have property projects. Any such over-supply or adverse developments in national and local economic conditions as measured by such factors as GDP growth (which has slowed down in recent years, with real GDP growth in the PRC slowing to 6.9% in 2015 from 10.6% in 2010), employment levels, job growth, consumer confidence, interest rates and population growth in the PRC, particularly in the regions where our projects are located, may reduce demand and depress prices for our products and services and have a material adverse effect on our business, financial condition and results of operations. In addition, recent industry reports on China's property market have projected decreasing sales volume and sales price in the near term, and such reports estimate that those decreases will negatively impact property

developers and put downward pressure on their credit ratings. Demand for and prices of properties in the PRC are also directly affected by the macroeconomic control measures adopted by the PRC government from time to time. Since 2011, the PRC government has taken measures to control inflation and slow the price increases in the property market. See "—Risks relating to the property sector in the PRC—The property industry in the PRC is subject to government regulations and policies, which could have the effect of slowing down the industry's growth." Government policies aimed at reducing local government and corporate debt levels could also reduce liquidity in the economy, which in turn may affect the property market. Any adverse development in the condition of the property market in the PRC, or in other places where we conduct our operations, could have a material adverse effect on our business, financial condition and results of operations.

### Increasing competition in the PRC may adversely affect our business, financial condition and results of operations

In recent years, a large number of property developers have undertaken property development and investment projects in Guangdong Province and elsewhere in the PRC. Our major competitors include large regional, national and overseas property developers (including a number of leading Hong Kong property developers), some of which may have better track records and greater financial and other resources than us. In addition, we also compete with small local homebuilders.

The intensity of the competition among property developers in Guangdong Province and other parts of the PRC for land, financing, raw materials and skilled management and labor resources may result in increased cost of land acquisition and construction, a decrease in property prices and delays in the government approval process. An oversupply of properties available for sale could also depress the prices of the commodity properties we sell. Any of the above may adversely affect our business, financial condition and results of operations.

In addition, the property markets in Guangdong Province and elsewhere in the PRC are rapidly changing. If we cannot respond to changes in market conditions in Guangdong Province or elsewhere or changes in customer preferences more swiftly or more effectively than our competitors, our business, results of operations and financial condition could be adversely affected.

## We may not have adequate funding resources to finance land acquisitions or property developments, or to service our financing obligations

The property development business is capital intensive. We finance our business primarily through a combination of internal funding, bank borrowings, capital markets financing (such as the offerings of the 2014 Notes, the 2017 Notes, the 2015 Notes, the 2018 Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, our share placement in February 2012 and in April 2015 and our rights issue in October 2014) and pre-sales and sales proceeds. We have also entered into trust financing arrangements and a perpetual loan for funding requirements. See "Description of other material indebtedness." Further, purchasers who choose to pay the purchase price in full without taking out a mortgage may not pay the full purchase price on time and this may affect our cash flow position. We also offer payment installment plans for our customers and may not collect the full purchase price upfront. We cannot assure you that we will have sufficient cash flow available for land acquisitions or property developments or that we will be able to achieve sufficient pre-sales and sales to fund

land acquisitions or property developments. In addition, we cannot assure you that we will be able to secure external financing on terms acceptable to us or at all.

As of June 30, 2016, we had RMB103,112.0 million (US\$15,515.1 million) of outstanding borrowings (including bank and other borrowings, receipts under securitization arrangements, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and corporate bonds), of which RMB23,968.5 million (US\$3,606.5 million) were short-term borrowings (including the current portion of long-term bank and other borrowings and receipts under securitization arrangements). Our total interest expense on bank and other borrowings, receipts under securitization arrangements, the Convertible Bonds, the 2014 Notes, the 2017 Notes, the 2015 Notes, the 2018 Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and corporate bonds for the years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016 was RMB4,119.5 million, RMB4,879.4 million, RMB5,061.7 million (US\$761.6 million) and RMB3,146.8 million (US\$473.5 million), respectively.

Our ability to arrange adequate financing for land acquisitions or property developments on terms that will allow us to earn reasonable returns depends on a number of factors that are beyond our control including, among other things, economic environment, financial market conditions and monetary policies of the governments. For example, the PRC government has in the past taken a variety of policy initiatives in the financial sector to tighten lending procedures for property developers including, among other things:

- forbidding PRC commercial banks from extending loans to property developers to finance land premiums;
- restricting PRC commercial banks from extending loans for the development of luxury residential properties;
- restricting the granting or extension of revolving credit facilities to property developers that hold a large amount of idle land and vacant commodity properties;
- restricting the granting or extension of revolving credit facilities to property developers that have a history of being included in land-related abuses, including misconduct related to changing the use of land, postponing construction or completion of projects or hoarding property;
- prohibiting commercial banks from taking commodity properties that have been vacant for more than three years as security for mortgage loans; and
- forbidding property developers from using borrowings obtained from any local banks to fund property developments outside that local region.

In addition, PBOC regulates the lending rates and reserve requirement ratios for commercial banks in the PRC. PBOC raised the benchmark one-year lending rate several times between 2004 and 2008. PBOC increased the reserve requirement ratio for commercial banks several times between 2006 and 2008 to curtail the overheating of the property sector. The reserve requirement refers to the amount of funds that banks must hold in reserve with PBOC against deposits made by their customers. After the commencement of the global economic slowdown in the second half of 2008, the PRC government adopted measures intended to stimulate economic development, including lowering benchmark lending rates and the reserve requirement ratios for commercial banks. However, PBOC increased the benchmark one-year lending rate and the reserve requirement ratios several times since 2010. In 2012, PBOC decreased both the one-year lending rate and the reserve requirement ratios twice. In April 2014, PBOC reduced the reserve

requirement ratios of rural commercial and rural co-operative banks. Increases in the bank reserve requirement ratios may negatively affect the amount of funds available to commercial banks in China to lend to businesses, including us. The benchmark one-year lending rate as of June 30, 2016 was 4.35%. The current reserve requirement ratio ranges from 13.0% to 16.5%. We cannot assure you that PBOC will not further raise lending rates or reserve requirement ratios in the future, or that our business, financial condition and results of operations would not be adversely affected as a result of these adjustments.

The fiscal and other measures adopted by the PRC government from time to time may limit our flexibility and ability to use bank loans to finance our property developments and therefore may require us to maintain a relatively high level of internally-sourced cash. In November 2009, the PRC government raised the minimum down payment to 50% of the total land premium and required the land premium to be fully paid within one year after the signing of a land contract, subject to limited exceptions. In March 2010, the PRC government further tightened this requirement by setting a minimum price for land transfers of at least 70% of the benchmark price for land in the surrounding locality and requiring a bidding deposit of at least 20% of the applicable minimum land transfer price. Additionally, a land grant contract must be entered into within 10 working days of closing and the 50% down payment (taking into account any deposits previously paid) paid within one month of signing the land grant contract, with the balance to be paid in full within one year of the contract date in accordance with provisions of such contract, subject to limited exceptions. These new requirements may constrain our cash otherwise available for additional land acquisition and construction. We cannot assure you that we will have adequate resources to fund land acquisitions (including any unpaid land premiums for past acquisitions), or property developments, or to service our financing obligations, and our business and financial condition may be materially adversely affected. In addition, the increase in benchmark lending rates has led to higher interest rates for mortgage loans, which may depress demand in the property market in general.

If we are unable to make scheduled payments in connection with our debt and other fixed payment obligations as they become due, we may need to renegotiate the terms and conditions of such obligations or to obtain additional equity or debt financing. We cannot assure you that our renegotiation efforts would be successful or timely or that we would be able to refinance our obligations on acceptable terms or at all. If financial institutions decline to lend additional funds to us or to refinance our existing loans when they mature as a result of our credit risk and we fail to raise financing through other means, our financial condition, cash flow position and business prospects may be materially and adversely affected. You may find additional information in respect of the key terms of our outstanding obligations under the section entitled "Description of other material indebtedness." We cannot assure you that we will be able to maintain the relevant financial ratios from time to time nor that we will not default. If we are unable to obtain forbearance or waiver arrangements with the relevant lenders and upon occurrence of any default, event of default or cross-default in the future, it could lead to, among other things, an acceleration in our debt financing obligations, which could in turn have a material and adverse effect on our financial condition.

We may not be successful in expanding into each new markets that we target in the PRC or overseas or in developing each new business segment that we explore

Since 2006, we have gradually expanded our operations into 21 provinces, two autonomous regions and three provincial level municipalities beyond Guangdong Province in the PRC. In

addition, in December 2011 and October 2013, we expanded our operations into Malaysia and Australia, respectively. When opportunities arise, we expect to continue to expand our operations both within and outside the PRC. These new markets, including Malaysia and Australia where we have recently expanded into, may differ from our existing markets in terms of economic development level, topography, religion and culture, legal and regulatory practices and requirements, level of familiarity with contractors and business practices and customs, and customer tastes, behavior and preferences. These differences that exist in new markets, such as in Malaysia and Australia where we have recently expanded into, may also make it harder for us to secure local financings for our projects. In addition, when we enter into new markets, we will likely compete with developers who have an established local presence, are more familiar with local regulatory and business practices and have stronger relationships with local contractors, all of which may give them a competitive advantage over us. We cannot assure you that we will be able to enter into or operate in new markets successfully. Moreover, we normally are required to make significant capital investments for land acquisition, development planning, construction and other aspects of operations when we enter into a new market, such as Malaysia and Australia. It may take several years before revenue or positive cash flows can be generated from a new market.

Further, our plans include projects that differ significantly from our past and current projects in terms of targeted customers and business segments. Our primary experience to date has been in developing high quality residential properties for sale, construction, fitting and decoration of those properties, management of residential developments, and hotel operation. We have plans to expand into the business of developing office buildings in other areas in the PRC for our own use or for leasing to other companies. This is a relatively new business for us, and we cannot assure you that we will be successful in expanding into this area. We may not realize any revenue from this business, and even if revenue is realized, we cannot assure you that market demand for office space will be sufficient to provide us with an adequate return on our investment.

Our expansion and the need to integrate operations arising from our expansion, particularly into other fast growing cities in the PRC and outside the PRC, may place a significant strain on our managerial, operational and financial resources and further contribute to an increase in our financing requirements.

# We may not be able to obtain a sufficient number of sites or retain sites suitable for property developments

We derive the majority of our revenue from the sale of properties that we have developed. This revenue stream is dependent on our ability to complete and sell our property developments. To maintain or grow our business in the future, we will be required to replenish our land reserve with suitable sites for developments. Our ability to identify and acquire a sufficient number of suitable sites is subject to a number of factors that are beyond our control.

The PRC government controls substantially all of the country's land supply and regulates the means by which property developers, including us, obtain land sites for property developments. As a result, the PRC government's land supply policies affect our ability to acquire land use rights for sites we identify and the costs of any acquisition. In May 2002, the PRC government introduced regulations requiring government departments and agencies to grant state-owned land use rights for residential or commercial property developments through public tender, auction or listing-for-sale. We are required to follow these procedures to acquire land use rights to desirable sites from the government, which may result in higher land premiums than those we

previously paid. Although these regulations do not prevent privately held land use rights from being traded in the secondary market, the PRC government's policy to grant state-owned land use rights at competitive market prices is likely to increase the acquisition cost of land reserves generally in the PRC. If we fail to acquire sufficient land reserves in a timely manner and at acceptable prices, or at all, our business prospects, results of operations and financial condition may be materially and adversely affected.

In recent years, the PRC government has adopted a number of initiatives to control the growth of China's residential property sector and to promote the development of more affordable housing. For example:

- one initiative requires local governments, when approving new residential projects after June 1, 2006, to ensure at least 70% of their annual land supply (in terms of estimated GFA) consists of units that are less than 90 sq.m. in size;
- in an announcement made on May 30, 2006, the Ministry of Land and Resources of the PRC (the "Ministry of Land and Resources") has stated that land supply priority shall be given to ordinary commodity houses at middle to low prices and in medium to small sizes (including affordable housing);
- pursuant to the "Catalog of Restricted Use of Land (2012 Version Supplement)" (限制用地項目目錄(2012年本增補本)) and the "Catalog of Prohibited Use of Land (2012 Version Supplement)" (禁止用地項目目錄(2012年本增補本)) issued by the Ministry of Land and Resources in May 2012, the area of a parcel of land granted for commodity housing development shall not exceed seven hectares in small cities (towns), 14 hectares in medium cities or 20 hectares in large cities, and the plot ratio must exceed 1.0;
- the Notice on Resolutely Curbing the Rapid Rising of the House Price in Certain Cities (堅決遏制部分城市房價過快上漲的通知) issued by the State Council of the PRC (the "State Council") on April 17, 2010 also reiterated that the government will give high priority to supplying more affordable housing;
- according to the "Circular Concerning Issues on Strengthening Real Estate Land Supply and Supervision" (《關於加強房地產用地供應和監管有關問題的通知》) promulgated by the Ministry of Land and Resources on March 8, 2010, the supply of the land to be developed for indemnificatory housing, renovation of rundown residential areas and small or medium size self-use commercial housing shall be no less than 70% of the total land supply. Moreover, land supply for large-sized residential housing construction shall be strictly restricted, villa project shall be suspended and the area of a single parcel of land granted for commercial housing shall be strictly restricted; and
- the Notice on Continuing to Improve the Regulation and Control of Real Estate Market (國務院辦公廳關於繼續做好房地產市場調控工作的通知) issued by the General Office of the State Council on February 26, 2013, which requires, among other things, expanding the development of ordinary commodity housing units and increasing the supply of land.

Additionally, the PRC central and local governments have implemented various measures to regulate the means by which property developers obtain land for property development (see "—The PRC government has implemented restrictions on the payment terms for land use rights"). The PRC government also controls land supply through zoning, land use regulations and other means. All these measures further intensify the competition for land in China among property developers.

As of June 30, 2016, we had two projects in the State of Selangor in Malaysia, two projects in the State of Johor in Malaysia and one project in Sydney in Australia. We may have further operations outside of China in the future, which will also be subject to the relevant local government's policies and control over land supply and the property sector in general.

These policy initiatives and other measures adopted by the government from time to time may limit our ability to acquire suitable land for development or significantly increase land acquisition cost, which may have a material adverse effect on our business, financial condition and results of operations.

### Our land may be forfeited to the PRC government if we fail to comply with the terms of the land grant contracts

Under PRC laws and regulations, if a property developer fails to develop land according to the terms of the land grant contract (including those relating to payment of fees, designated use of land, time for commencement and completion of development of the land), the relevant government authorities may issue a warning to, or impose a penalty on, the developer, or require the developer to forfeit the land. Under current PRC laws and regulations, if we fail to commence development within one year from the commencement date stipulated in the land grant contract, the relevant PRC land bureau may serve a warning notice on us and impose an idle land fee on the land of up to 20.0% of the land premium. If we fail to commence development within two years from the commencement date stipulated in the land grant contract, the land is subject to forfeiture to the PRC government unless the delay in development is caused by government actions, force majeure or necessary preparatory work. According to the "Notice on Enhancing the Economical and Intensive Use of Land" (國務院關於促進節約集約用地的通知) promulgated by the State Council on January 3, 2008, this policy was reinforced. This notice states, among other things, that (i) policies in relation to the forfeiture of land use rights without compensation for land which has remained idle for more than two years shall be strictly implemented; (ii) if any land remains idle for one year, an idle land fee of 20% of the relevant land premium shall be levied; (iii) before June 2008, all provincial, regional and municipal governments are required to submit to the State Council reports on the status of the clearance and handling of idle land; (iv) the prohibition of land supply for villa projects shall continue; (v) the Ministry of Land and Resources and other authorities are required to research and commence drafting implementation rules concerning the levy of land appreciation fees on idle land; (vi) in relation to the supply of residential land, planning conditions such as plot ratio limits and the number and type of units that can be constructed shall be taken into account in land grant contracts and allocation decisions to ensure that at least 70% of the total land grant for residential development will consist of low-rent housing, economy housing, limited price housing and units of less than 90 sq.m. in size; and (vii) financial institutions are required to exercise caution when approving financing for any property developer who, after one year from the commencement date stipulated in the land grant contract, fails to complete at least one-third of the development of their project or provide at least 25% of the total investment in the project.

Moreover, according to the "Notice on Implementation of the State Council's Certain Opinions on Resolving Residence Difficulties of Urban Low-income Families and Further Strengthening Macrocontrol of Land Supply" (關於認真貫徹《國務院關於解決城市低收入家庭住房困難的若干意見》進一步加強土地供應調控的通知) issued by the Ministry of Land and Resources on September 30, 2007, even if the commencement of the land development is in compliance with the land grant contract, the land will be treated as idle land and the property developer may be restricted or prevented from participating in future bidding for land if (i) the developed GFA on the land is less than one-

third of the total GFA of the project under the land grant contract or the total capital invested is less than one-fourth of the total estimated investment of the project under the land grant contract and (ii) there has been a suspension of the development of the land for over one year in time without government approval. This notice also calls for control over supply of large land parcels and states that the development period for an individual parcel of land in principle should not exceed three years. On June 1, 2012, the Ministry of Land and Resources revised and promulgated the Measure for the Disposal of Idle Land (閑置土地處置辦法), that became effective on July 1, 2012 which further clarified the scope and definition of idle land, as well as the corresponding punishment measures compared to the old version. For more information on regulation, please refer to the section headed "Regulation—Legal supervision relating to property sector in the PRC— D. Development of a property project—(a) Land for property development." Although the delays in the commencement of construction or the completion of certain of our property development did not lead to forfeiture of land or payment of idle land fees, we cannot assure you that circumstances leading to forfeiture of land or payment of idle land fees will not arise in the future. If we are required to forfeit land, to pay idle land fees or even to pay appreciation land premium, we will not be able to continue our property development on the forfeited land or recover the costs incurred for the initial acquisition of the forfeited land or recover development and other costs incurred up to the date of forfeiture, and our business, financial condition and results of operations may be adversely affected.

### We recorded negative cash flows from operating activities in the past and are exposed to risks relating to pre-sales of properties

In 2013, 2014 and 2015 and the first half of 2016, we recorded negative operating cash flows of RMB5,809.4 million, RMB4,331.9 million, RMB17,590.0 million (US\$2,646.7 million) and RMB11,683.4 million (US\$1,758.0 million), respectively. We cannot assure you that we will not experience negative operating cash flows in the future. If we continue to record negative operating cash flows in the future, our working capital may be constrained, which may materially and adversely affect our business, financial condition and results of operations.

We depend on cash flows from pre-sales of properties as an important source of funding for our property projects. Under current PRC laws and regulations, property developers must fulfill certain conditions before they can commence pre-sales of properties and may use pre-sales proceeds to finance only the developments wherein such properties are located. In the past several years, a number of government authorities and officials have proposed to limit or abolish the pre-sales of properties. These recommendations have not been adopted by the PRC government and have no enforceability. However, we cannot assure you that the PRC government will not ban or implement further restrictions on the pre-sales of properties, such as imposing additional conditions for pre-sale permits or further restrictions on the use of pre-sales proceeds. Any such measure will adversely affect our cash flows and force us to seek alternative sources of funding for our property development business.

### Our sales and pre-sales will be affected if mortgage financing becomes more costly or otherwise unavailable

Many purchasers of our residential properties rely on mortgages to fund their purchases. An increase in interest rates may significantly increase the cost of mortgage financing. An increase in minimum down payment requirements for mortgage financing may reduce the attractiveness of mortgages as a source of financing for property purchases. Either of those measures or the

suspension of mortgage financing may adversely affect the affordability of residential properties, which in turn could have a material adverse effect on our business, financial condition and results of operations.

Since 2003, the PRC government has promulgated a range of laws, regulations and government policies regarding mortgage financing as a means to regulate the PRC property market. While the intent of these has generally been to reduce perceived speculation in the property market, during the global financial crisis the PRC government implemented a number of measures designed to stimulate the economy, including lowering the down payment requirements for purchasing residential properties and PBOC benchmark bank lending rates. However, since the fourth quarter of 2009, the PRC government has again enacted policies intended to restrain property purchases for investment or speculation purposes and to keep property prices from rising too quickly. Measures currently in place include:

- requiring a minimum down payment of at least 20% of the purchase price for the acquisition of the purchaser's first residential property (including his or her spouse and minor children) using housing reserves (住房公積金) to buy an ordinary home for self-use;
- requiring a minimum down payment of at least 20% of the purchase price for the acquisition of another new residential property using housing reserves to improve living conditions where the purchaser owns a residential property and has paid off its existing mortgage loan;
- requiring a minimum down payment of at least 30% of the purchase price for the acquisition of the purchaser's first ordinary residential property, and in cities that have lifted restrictions on the purchase of residential property by residents or those that have not imposed such restrictions, such minimum down payment is reduced to 25% in principle which can be further adjusted downward by 5% by local authorities. Since September 2014, the minimum mortgage loan interest rate for first-time purchasers of residential property was set at 70% of the benchmark lending interest rate. Where a family that owns a residential property and has paid off its existing mortgage loan applies for a new mortgage loan to purchase another residential property to improve living conditions, the bank may apply the aforesaid mortgage loan policy for first-time purchasers of residential property;
- requiring commercial banks to suspend mortgage loans to customers for purchase of a third or further residential property, or to non-residents who cannot provide proof of local tax or social security insurance payments for more than a one-year period. Since September 2014, in cities that have lifted restrictions on the purchase of residential property by residents or those that have not imposed such restrictions, when a family that owns two residential properties or more and has paid off its existing mortgage loans applies for a new mortgage loan to purchase another residential property, the bank is required to assess the credit profile of the borrower, taking into consideration the solvency and credit standing of the borrower and other factors, to decide the down payment ratio and loan interest rate. In view of the local urbanization plan, banks may provide mortgage loans to non-local residents that meet the conditions required by the related policies; and
- suspending the availability of housing reserve loans where the purchase is for a third (or further) residential property.

For commercial property buyers, PRC banks are not allowed to finance the purchase of any presold properties. The minimum down-payment for commercial property buyers has been increased to 50% of the purchase price, with minimum mortgage loan interest rates at 110% of the relevant PBOC benchmark one-year bank lending interest rate and maximum maturities of no more than 10 years. In addition, mortgagee banks may not lend to any individual borrower if the monthly repayment of the anticipated mortgage loan would exceed 50% of the individual borrower's monthly income or if the total debt service of the individual borrower would exceed 55% of such individual's monthly income. Since 2013, as a result of foregoing factors, PRC banks have generally tightened mortgage lending, which had affected the demand in the property market in general. Our business, financial condition and results of operations may therefore be adversely affected.

For more information on the regulations adopted by the PRC government related to property financing, including dates of promulgation and authorizing governmental entities, see "Regulation—Legal supervision relating to property sector in the PRC—F. Property financing." Property purchasers in the PRC have been and will continue to be affected by these regulations and their amendments as may be made thereto from time to time.

We cannot assure you that the PRC government will not further increase down payment requirements, impose other conditions or otherwise change the regulatory framework in a manner that would make mortgage financing unavailable or unattractive to potential property purchasers. Nor can we assure you that such regulatory changes would not adversely affect our business, financial condition and results of operations.

#### We may not be able to successfully manage our growth

We have been rapidly expanding our operations in recent years, including our expansion to Malaysia in December 2011 and Australia in October 2013. As we continue to grow, we must continue to improve our managerial, technical and operational knowledge and allocation of resources, and to implement an effective management information system. To effectively manage our expanded operations, especially projects outside Guangdong Province and operations outside China, we need to recruit and strengthen internal training for managerial, accounting, internal audit, engineering, technical, sales and other staff to satisfy our development needs. As of December 31, 2013, 2014 and 2015 and June 30, 2016, we had approximately 64,772, 64,869, 68,150 and 79,967 full-time employees, respectively. In order to fund our ongoing operations and future growth, we need to have sufficient internal sources of liquidity or access to additional financing from external sources. Further, we will be required to manage relationships with a greater number of customers, suppliers, contractors, service providers, lenders and other third parties, which may have a different background and local practices than those in our traditional markets. We will need to further strengthen our internal control and compliance functions to ensure that we are able to comply with our legal and contractual obligations and reduce our operational and compliance risks including the risk of fraud or other misconduct by employees or third parties. We cannot assure you that we will not experience issues such as capital constraints, construction delays, operational difficulties at new operational locations or difficulties in adapting to local regulatory environment market conditions or culture, expanding existing business and operations and training an increasing number of personnel to manage and operate the expanded business or that our properties will be well received by the residents of the new markets. We also cannot assure you that our expansion plans will not adversely affect our existing operations and thereby have a material adverse effect on our business, financial condition, results of operations and future prospects.

#### We may be adversely affected by fluctuations in the global economy and financial markets

The global economic slowdown and turmoil in the global financial markets that started in the second half of 2008 have had a negative impact on the world economy, which in turn affected the PRC real estate industry and many other industries. Subsequently, global markets and economic conditions were adversely affected by the credit crisis in Europe, the credit rating downgrade of the United States and heightened market volatility in major stock markets. In addition, on June 23, 2016, the United Kingdom held a remain-or-leave referendum on its membership within the European Union, the result of which favored the exit of the United Kingdom from the European Union ("Brexit"). A process of negotiation will determine the future terms of the United Kingdom's relationship with the European Union, as well as whether the United Kingdom will be able to continue to benefit from the European Union's free trade and similar agreements. Given the lack of precedent, it is unclear how Brexit would affect the fiscal, monetary and regulatory landscape within the UK, the EU and globally. This event has resulted in a downgrade of the credit ratings of the United Kingdom and the uncertainty before, during and after the period of negotiation may also create a negative economic impact and increase volatility in global markets.

The outlook for the world economy and financial markets remains uncertain. In Europe, several countries are facing difficulties in refinancing sovereign debt. In the United States, the unemployment rate remains high. In Asia and other emerging markets, some countries are expecting increasing inflationary pressure as a consequence of liberal monetary policy or excessive foreign fund inflow, or both. In the Middle East, Eastern Europe and Africa, political unrest in various countries has resulted in economic instability and uncertainty. China's economic growth may slow due to weakened exports. Moreover, as the PRC is transitioning to a consumption-based economy, the forecast growth rate of the PRC is expected to be significantly lower than its average growth rate over the past thirty years.

These and other issues resulting from the global economic slowdown and financial market turmoil have adversely affected, and may continue adversely affecting, homeowners and potential property purchasers, which may lead to a decline in the general demand for our products and erosion of their sale prices. In addition, any further tightening of liquidity in the global financial markets may negatively affect our access to the capital market and thereby liquidity. Therefore, if the global economic slowdown and turmoil in the financial markets crisis continue, our business, financial condition and results of operations may be adversely affected.

#### The PRC government has implemented restrictions on the payment terms for land use rights

On September 28, 2007, the Ministry of Land and Resources issued revised Rules on the Grant of State-owned Land Use Rights through Public Tender, Auction and Listing-for-sale (招標拍賣掛牌出讓國有建設用地使用權規定), which provide that property developers must fully pay the land premium for the entire parcel under the land grant contract before they can receive a land use rights certificate and commence development on the land. This regulation became effective on November 1, 2007. As a result, property developers are no longer allowed to bid for a large piece of land, make partial payment, and then apply for a land use rights certificate for the corresponding portion of land in order to commence development, as had previously been the

practice in many Chinese cities. On November 18, 2009, the Ministry of Finance, the Ministry of Land and Resources, PBOC, the PRC Ministry of Supervision and the PRC National Audit Office issued the "Notice on Further Enhancing the Revenue and Expenditure Control over Land Grant" (關於進一步加強土地出讓收支管理的通知), which raised the minimum down payment to 50% of the total land premium and required the land premium to be fully paid within one year of signing a land grant contract, subject to limited exceptions. On March 8, 2010, the Ministry of Land and Resources issued the Circular on Strengthening Real Estate Land Supply and Supervision (關於加強房地產用地供應和監管有關問題的通知), under which the minimum price for a given land transfer is required to be at least 70% of the benchmark price for land in the surrounding locality and the bidding deposit for such land transfer is required to be at least 20% of the applicable minimum transfer price. Property developers are also required to pay 50% of the land premium (taking into account any deposits previously paid) as a down payment within one month of signing a land grant contract and to pay the balance within one year of the contract date. On January 26, 2011, the State Council circulated Notice on Further Regulating the Real Estate (國務院辦公廳關於進一步做好房地產市場調控工作有關問題的通知), which management of housing land supply, among other things, that participants or individual biding on any land unit shall show proof of funding sources. On May 13, 2011, the Ministry of Land and Resources issued the "Opinions on Maintaining and Improving the System for the Grant of Land by way of Tender, Auction and Listing" (《關於堅持和完善土地招標拍賣掛牌出讓制度的意見》). According to the opinions, the base price for the land grant will take into consideration factors such as applicable laws, the proposed development and utilization of the land, land price, time of payment, development and construction duration, construction methods, the usage of land and previous dealings with the enterprise. The implementation of these regulations may increase land transfer prices and require property developers to maintain a higher level of working capital. We cannot assure you that we will be able to acquire land suitable for development at reasonable cost or that our cash flow position, financial condition or business plans will not be materially and adversely affected by the implementation of these regulations.

## We may not be able to obtain land use rights certificates or land title with respect to certain parcels of land in which we currently have interests

We have entered into land grant contracts or land grant confirmation letters or sale and purchase agreements to acquire certain parcels of land for which we have not yet obtained land use rights certificates or land title and we have not paid up all the land grant premium for some of these land parcels. As of June 30, 2016, these parcels of land occupied an aggregate site area of approximately 12,257,125 sq.m. with an aggregate expected GFA of approximately 23,460,338 sq.m. for future development. If we fail to complete the acquisition of these parcels of land in a timely manner, or at all, we will not be able to develop and sell properties on such land. We may not be able to acquire new land in replacement on terms acceptable to us, or at all. This would have a material adverse effect on our business, financial condition, results of operations and business prospects going forward. See "Business—Description of our property projects."

## Our business and results of operations may be adversely affected if we fail to obtain, or there are material delays in obtaining, the requisite governmental approvals

The property industry is subject to extensive regulations whether in the PRC or in the overseas markets such as Malaysia and Australia. For example, to establish a property development subsidiary in China, we must go through various PRC governmental approval and filing procedures and obtain the requisite approvals and licenses for our investment in such subsidiary

and its property development and related business operations. Our property development subsidiaries must comply with a variety of legal and regulatory requirements, as well as the policies and procedures established by local authorities to implement such laws and regulations. To undertake and complete a property development, a property developer must obtain permits, licenses, certificates and other approvals from the relevant administrative authorities at various stages of the property development, including land use rights documents, planning permits, construction permits, pre-sale permits and certificates or confirmations of completion and acceptance. Each approval is dependent on the satisfaction of a set of conditions. Failure to obtain, or material delays in obtaining the requisite governmental approvals for any of our projects could give rise to potential liabilities and substantially disrupt the development and sale of our developments, which would result in a material adverse effect on our business, results of operations and financial condition.

We are currently applying for approval of the property development for certain projects. We cannot assure you that we will not encounter significant problems in satisfying the conditions to the approvals necessary for our business operations or property development, or that we will be able to adapt ourselves to new laws, regulations or policies that may come into effect from time to time and to which we are subject or the particular processes related to the granting of the approvals. There may also be delays on the part of the administrative bodies in reviewing our applications and granting approvals. There have been instances where we did not obtain approvals on time. If we fail to obtain, or experience material delays in obtaining, the requisite governmental approvals, licenses and filings, our investment in our subsidiaries and the schedule of development and sale of our developments could be substantially disrupted, resulting in a material adverse effect on our business, financial condition and results of operations.

#### Our profit margin is sensitive to fluctuations in the cost of construction materials

Construction costs are one of the predominant components of our cost of sales. Construction costs encompass all costs for the design and construction of a project, including payments to third-party contractors, costs of construction materials, foundation and substructure, fittings, facilities for utilities and related infrastructure such as roads and pipelines. Historically, material costs have been the principal driver of the construction costs of our property development projects, with the cost of third-party contractors remaining relatively stable. However, as most of the material costs are often included in the construction costs paid to our contractors, it has been difficult for us to estimate such costs.

Construction costs may fluctuate as a result of the volatile price movement of construction materials such as steel and cement. We seek to reduce our exposure to short-term price fluctuations of construction materials and limit project cost overruns by centralizing our procurement to lower our purchase costs. We also manage the cost of outsourced construction work through a process of tenders which, among other things, takes into account procurement of principal construction materials such as steel and cement at fixed prices. In line with industry practice, if there is a significant price fluctuation (depending on the specific terms of each contract), we will be required to re-negotiate, top up or refund, depending on the price movement, existing construction contracts. Additionally, should our existing contractors fail to perform under their contracts, we might be required to pay more to contractors under replacement contracts. Our profit margin is sensitive to changes in market prices for construction materials and our project margins will be adversely affected if we are not able to pass all of the increased costs onto our customers.

### We are subject to legal and business risks if we fail to obtain or maintain qualification certificates

Property developers in the PRC must obtain a formal qualification certificate (資質證書) in order to develop property in the PRC. According to the Provisions on Administration of Qualification of Real Estate Developers (房地產開發企業資質管理規定), newly established developers must first apply for a temporary qualification certificate (暫定資質證書), which can be renewed for a maximum of two additional one-year periods, by which time a formal qualification certificate must have been issued. Before commencing their business operations, entities engaged in property management, construction, or fitting and decoration are required to obtain qualification certifications in accordance with the Measures on Administration of Qualification of Property Service Enterprises (物業服務企業資質管理辦法) and the Provisions on Administration of Qualification of Construction Enterprises (建築業企業資質管理規定). Property developers in the PRC are required to produce a valid qualification certificate when they apply for a pre-sale permit. If the newly established property developer fails to commence a property development project within the one-year period when the provisional qualification certificate is in effect, it will not be allowed to extend its provisional qualification certificate. Experienced property developers must also apply for renewal of their qualification certificates every two to three years in most cities, subject to an annual verification by relevant governmental authorities. It is mandatory under government regulations that developers fulfill all statutory requirements before obtaining or renewing their qualification certificates.

Qualification certificates for property developers are subject to renewal on an annual basis. In reviewing an application to renew a qualification certificate, the local authority takes into account the property developer's registered capital, property development investments, history of property development and quality of property construction, as well as the expertise of the developer's management and whether the developer has any illegal or improper operations.

Each of our project companies, with the assistance of our group office, is responsible for the annual submission of its renewal application. If any one of our project companies is unable to meet the relevant qualification requirements, the local authorities will normally grant that project company, subject to a penalty of between RMB50,000 and RMB100,000, a grace period to rectify any insufficiency or non-compliance. Failure to satisfy the requirements within the specified time frame could result in rejection of the renewal application and revocation of the business license of the project company. As of the date of this offering memorandum, most of our project companies which are developing properties has obtained a valid qualification certificate except for certain project companies, which are in the process of applying for extension or alteration or issuance of the qualification certificates.

In addition, we have other non-property development related subsidiaries which also require qualification certificates to engage in their relevant operations. As of the date of this offering memorandum, these subsidiaries have obtained or are in the process of applying for the issuance or extension of such qualification certificates.

We cannot assure you that the qualification certificates of all of our existing project companies will continue to be renewed or extended or that formal qualification certificates for new project companies and our other non-property development related subsidiaries will be obtained in a timely manner, or at all. If our project companies or our other non-property development related subsidiaries are unable to obtain or renew their qualification certificates, as applicable, they will

not be permitted to engage in or continue their businesses, which could have a material adverse effect on our business and financial condition.

## We face significant property development risks before we realize any benefits from a development

Property developments typically require substantial capital outlays during the construction periods, and it may take months or years before positive cash flows, if any, can be generated by pre-sales or sales. The time and costs required to complete a property development may increase substantially due to many factors beyond our control, including the shortage or increased cost of material, equipment, technical skills and labor, adverse weather conditions, natural disasters, labor disputes, disputes with contractors, accidents, changes in government priorities and policies, changes in market conditions, delays in obtaining the requisite licenses, permits and approvals from the relevant authorities and other unforeseeable problems and circumstances. Any of these factors, individually or in the aggregate, may lead to a delay in completing, or failure to complete a property development and result in costs substantially exceeding those originally budgeted. Failure to complete a property development according to its original plan, if at all, may have an adverse effect on our reputation and could give rise to potential liabilities. As a result, our returns on investments, if any, might not be timely recognized or might be lower than originally expected.

#### We face risks relating to fluctuations of results of operations from period to period

Our results of operations tend to fluctuate from period to period. The number of properties that we can develop or complete during any particular period is limited due to the substantial capital required for land acquisition, demolition and resettlement and construction, as well as limited land supplies and lengthy development periods before positive cash flows may be generated. In addition, in recent years, we have begun to develop larger-scale property developments and, as a result, we develop properties in multiple phases over the course of several years. Typically, as the overall development moves closer to completion, the sales prices of the properties in such larger-scale property developments tend to increase because a more established residential community is offered to purchasers. In addition, seasonal variations have caused fluctuations in our revenues and profits from quarter to quarter. For example, our revenue and profits, recognized upon the delivery of properties, are often lower in the first half of a year than in the second half, and we will continue to experience fluctuations in revenue and profits on an interim basis. As a result, our results of operations fluctuate and our interim results do not proportionally reflect our annual results.

#### We rely on independent contractors

We expect that as our business grows in terms of the number of projects and geographical coverage, we will engage independent contractors to provide various services, including design, construction and installation, engineering, construction supervision, fitting and decoration, most of which have been provided primarily by our own subsidiaries to date. Historically, a majority of our construction work in Guangdong Province was undertaken by Guangdong Giant Leap Construction Co. Ltd ("Giant Leap Construction Co."), our wholly owned subsidiary. As we have expanded to regions outside Guangdong Province, we have outsourced more construction work which in turn has increased our reliance on independent contractors. While we may consider

acquiring or setting up local construction companies in our major markets outside Guangdong Province, we expect that a substantial portion of our construction work outside Guangdong Province will continue to be undertaken by independent contractors. We cannot assure you of the availability of qualified independent contractors in the market at the time of our intended outsourcing, nor can we assure you that the services rendered by our independent contractors will always be satisfactory or meet our quality requirements. There have been instances where the independent contractors' performance was less than satisfactory, which in turn caused some quality issues and disputes between us and our customers. There have also been some instances where independent contractors failed to pay sub-contractors and as a result, we became parties to disputes related to such payments. While we endeavor to monitor the quality of our independent contractors' work, we cannot assure you that such issues will not arise in the future or that our business, results of operation, financial condition and reputation will not be materially and adversely affected as a result. Moreover, the completion of our property developments may be delayed, and we may incur additional costs, due to a contractor's financial or other difficulties. Any of these factors could have a material adverse effect on our business, financial condition and results of operations.

We face contractual and legal risks relating to the pre-sale of properties, including the risk that property developments may not be completed and the risk that changes in laws and regulations in relation to the pre-sales of properties may adversely affect our business, cash flow, financial condition and results of operations

We face contractual risks relating to the pre-sales of properties. For example, if we fail to meet the completion deadlines stated in pre-sale contracts, purchasers of pre-sold units have the contractual right to claim damages. If we still fail to deliver the properties to the purchasers within the grace period stipulated in the contract, the purchasers have the right of termination. If the actual GFA of a completed property delivered to purchasers deviates by more than 3% from the GFA originally stated in the pre-sale contracts, purchasers have the right of termination or the right to claim damages.

Proceeds from the pre-sales of our properties are an important source of funds for our property developments and have an impact on our liquidity position. On August 5, 2005, PBOC recommended in the "2004 Real Estate Financing Report" that the practice of pre-selling uncompleted properties be discontinued, on the grounds that it creates significant market risks and generates transactional irregularities. At the "two meetings" (the plenary session of the National People's Congress and that of the Chinese People's Political Consultative Conference) held in March 2006, a total of 33 delegates to the National People Congress, including Bai Hexiang, head of the Nanning Central Sub-Branch of PBOC put forward a motion to abolish the system for sale of forward delivery housing. In May 2006, Cheng Jiansheng, head of the Real Estate Finance Division of the Financial Market Department of PBOC, published an article pointing out that the way to perfect the system for pre-sale of commodity properties (商品房) of China is to abolish the financing function of presale. On July 24, 2007, an economy research group under the National Development and Reforming Commission ("NDRC") proposed to change the existing system for sale of forward delivery housing into one for sale of completed housing. These recommendations have not been adopted by any PRC governmental authority and have no mandatory effect. On April 13, 2010, the Ministry of Housing and Urban-Rural Development of PRC (the "MOHURD") issued the Notice on Further Strengthening the Supervision of Improving the Pre-Sale System of Commodity Market and (關於進一步加強房地產市場監管完善商品住房預售制度有關問題的通知). The notice urges local governments to enact regulations on sale of completed commodity properties in light of local conditions, and

encourages property developers to sell completed commodity properties. No local government has promulgated any such regulation for sale of completed commodity properties yet. We cannot assure you that PRC government authorities will not ban the practice of pre-selling uncompleted properties or implement further restrictions on the pre-sale of properties, such as imposing additional conditions for a pre-sale permit or further restrictions on the use of pre-sale proceeds. Proceeds from the pre-sale of our properties are an important source of financing for our property developments. Consequently, any restrictions on our ability to pre-sell our properties, including any increase in the amount of up-front expenditure we must incur prior to obtaining a pre-sale permit, would extend the time period required for recovery of our capital outlay and would result in our needing to seek alternative means to finance the various stages of our property developments. This, in turn, could have a material and adverse effect on our business, cash flow, financial condition and results of operations.

#### Resettlement negotiations may add costs or cause delays to our development projects

Under PRC laws and regulations, we are not responsible for the demolition and removal work for a site for development, unless the party responsible for the demolition and removal and the party subject to the demolition and removal fail to reach an agreement for compensation and resettlement, then either of them may apply for a ruling from the relevant governmental authorities. If a party is not satisfied with the ruling, it may initiate proceedings in a PRC court within three months from the date of service of such ruling, which may cause delays to the development of projects. Such proceedings and delays, if they occur, could adversely affect our reputation. In addition, any such delays to our development projects will lead to an increase in the cost and a delay in the expected cash inflow resulting from pre-sales of the relevant project and the recognition of sales as revenue upon completion, which may in turn adversely affect our business, financial position and results of operations.

# We may not receive full compensation for assistance we provide to local governments to clear land for government land sales

In certain cases where we are interested in acquiring land, we assist local governments in clearing the land and relocating the original residents so that the land is ready for tender, auction and listing-forsale. In such cases, we enter into land clearance agreements with the relevant land authorities, pursuant to which the relevant authorities are responsible for land planning, resident relocation and constructing municipal supporting facilities and we are responsible for providing funding for the land clearance and relocation and offering management services. After the land clearance is complete and the land is otherwise suitable for public land sale, the relevant land authority will organize a sale through a public tender, auction or listing-for-sale process. Under the land clearance agreements, we are reimbursed for expenses we incur for land clearance and relocation and we are entitled to a portion of the profit realized by the local government on the land sale. According to the land clearance agreements, we have exclusive rights to clear the land, but do not have the exclusive right to acquire the land. We do not control the timing of the sale of the land use rights in the land that we have cleared, nor do we set the price for which such land use rights are sold. Sales of the land use rights are conducted by the relevant local government land authorities, through a bidding, auction or listing-for-sale process and we are required to participate in such process if we want to acquire the land. We cannot assure you that we will win the bid in a timely manner or at all; nor can we assure you that the relevant land authority will achieve an optimal price for the sale of such land use rights. We cannot assure you that we will be reimbursed for the expenses that we incur in connection with

such land clearance, nor can we assure you that we will receive any profit from such land use rights sales. In addition, we cannot assure you that the PRC government will not issue new laws or regulations which may revoke the reimbursement, profit allocation or other arrangements in the land clearance agreements that we have entered into with the local governments and, as a result, we may not be able to receive compensation for expenses we incurred in connection with the land clearance and allocation work. Further, the PRC State Council on January 3, 2008 issued the Notice to Enhance the Economical and Intensive Use of Land (關於促進節約集約用地的通知), which requires the use of a public bidding process in selecting companies to assist the local governments with land clearance work. This requirement may limit our ability to participate in such land clearance work in the future.

## We guarantee the mortgages provided to our purchasers and, consequently, we are liable to the mortgagee banks if our purchasers default on their mortgage payments

We arrange for various banks to provide mortgage services to the purchasers of our properties in the PRC. In accordance with market practice, domestic banks require us to provide guarantees in respect of these mortgages. The majority of these guarantees are guarantees which are released upon the earlier of the issuance of the individual property ownership certificate (房產所有權證) to the owner of the property or the certificate of other rights of property (房地產他項權證) to the mortgage bank by the relevant housing administration department, which generally takes place within three months after we deliver the relevant property to the purchasers, or the full settlement of the mortgaged loans by the purchasers. Prior to 2003, we also provided guarantees for the mortgage loans of some of our customers which are discharged two years from the day the mortgage loans become due. In line with industry practice, we do not conduct independent credit checks on our customers but rely instead on the credit checks conducted by the mortgage banks. For further information on our outstanding guarantees for the mortgage loans of our customers, see note 37 to our consolidated financial statements as of and for the years ended December 31, 2014 and 2015 and note 29 to our unaudited interim condensed consolidated financial information as of and for the six months ended June 30, 2016, each of which is included elsewhere in this offering memorandum.

Although we have experienced a low rate of default on the mortgage loans we guarantee, there is no assurance that the default rate will not increase in the future. If such an increase occurs and our guarantees are called upon, our business, financial condition and results of operations could be adversely affected.

### Disputes with joint venture partners may adversely affect our business

We have, and expect to have in the future, interests in joint venture entities in connection with our property development plans, including the Asian Games City JV, the project companies of our Malaysian projects and other joint venture entities described in this offering memorandum. In certain circumstances, our existing joint venture entities have relied on our financial support, and we expect they will continue to do so. In addition, in accordance with PRC law, certain matters relating to joint ventures require the consent of all parties to the joint venture. Our joint ventures may involve risks associated with the possibility that our joint venture partners may:

- have economic or business interests or goals inconsistent with ours;
- take actions contrary to our instructions, requests or our policies or objectives;

- be unable or unwilling to fulfill their obligations under the relevant joint venture agreements;
- have financial difficulties; or
- have disputes with us as to the scope of their responsibilities and obligations.

We cannot assure you that we will not encounter problems with respect to our joint venture partners which may have an adverse effect on our business operations, profitability and prospects.

## Any unauthorized use of our brand may adversely affect our business, and our trademark licensees may conduct their business in a way that is detrimental to our brand image

Our brand receives high recognition in China. Any unauthorized use of our brand may have a negative impact on our brand image and adversely affect our business. In addition, we have granted a non-exclusive license to certain related parties to use our brand. We do not have control over the conduct of these licensees or other companies which may use our brand without our authorization. As a result, our business and reputation could be adversely affected due to any unauthorized use of our brand.

#### We do not have insurance to cover potential losses and claims in our operations

We do not maintain insurance for the destruction of, or other damage to, all of our properties under construction. We carry property management liability insurance in connection with our property management business and accident insurance (i.e. employer's liability insurance) for our construction workers; however, we do not maintain insurance against other personal injuries or property damage that may occur during the construction of our properties. We also do not carry insurance coverage for the non-performance of contracts during construction and other risks associated with construction and installation work during the construction period.

Moreover, there are certain contingent liabilities for which insurance is not available on commercially practicable terms, such as losses caused by earthquake, typhoon, flooding, war and civil disorder.

We may not have sufficient funds to offset any such losses, damages or liabilities or to replace any property development that has been destroyed in the course of our operations and property development. In addition, any payments we make to cover losses, damages or liabilities could have a material adverse effect on our business, financial condition and results of operations.

We may be involved in legal, administrative and other disputes arising out of our operations or subject to fines and sanctions in relation to our non-compliance with certain PRC laws and regulations from time to time and may face significant liabilities or damage our reputation as a result

We may be involved in disputes with various parties involved in the development and the sale of our properties, including contractors, suppliers, construction workers, partners and purchasers. We may also be involved in disputes with various parties relating to our property management business including personal injury claims. These disputes may lead to legal or other proceedings, may result in substantial costs and diversion of resources and management's attention and may

have a material adverse effect on our reputation and our ability to market and sell our properties. We have been involved in disputes with our customers with respect to quality of our properties and time of delivery and we may receive negative publicity from other potential disputes with customers in the future. We also have been involved in disputes with independent contractors with respect to project payment. In addition, most of our projects consist of multiple phases, and purchasers of our properties in earlier phases may file legal actions against us if our subsequent planning and development of the projects are perceived to be inconsistent with representations and warranties we made to them. Further, we may have disagreements with regulatory bodies in the course of our operations, which may subject us to administrative proceedings and unfavorable decrees that result in pecuniary liabilities and cause delays to our property developments. There have been instances where we were involved in disputes with local regulatory bodies relating to our business operations and we have also been fined administratively in the past for selling and marketing practices that were considered in breach of relevant regulations. We cannot assure you that any disputes with parties involved in the development and sale of our properties in the future would not have a material adverse effect on our business, financial condition and results of operations or have a negative impact on our reputation or the "Country Garden" brand. Any failure or alleged failure by us or any of our directors, officers or other agents to fully adhere to the PRC or other applicable anti-corruption laws, or any investigation in relation to such failure or alleged failure by any regulatory body, could also materially and adversely affect our reputation, business, financial condition and results of operations.

#### We are exposed to construction disputes and litigation

Giant Leap Construction Co. undertakes construction work for a substantial portion of our projects, as well as one project developed by a related party and a few third-party projects. Giant Leap Construction Co. may be subject to legal claims and proceedings instituted by our customers, subcontractors, workers and other parties involved in the projects undertaken by us from time to time. Such claims and proceedings include claims for compensation for late delivery of construction works and delivery of substandard works and claims in respect of personal injuries and labor compensation in relation to construction works.

We are not engaged in any litigation or arbitration of material importance and we are not aware of any material litigation or claim pending or threatened by or against us. However, we cannot assure you that we will not be engaged in any litigation or arbitration of material importance in the future. Although we have purchased insurance policies to cover potential litigation or arbitration claims, such claims may fall outside the scope or limit of our insurance coverage and our financial condition and results of operations may be adversely affected.

# We may be liable to our customers for damages if we do not apply for individual property ownership certificates on behalf of our customers in a timely manner

Property developers in the PRC are typically required to assist the purchasers to get the relevant individual property ownership certificates within 90 days of delivering the properties unless otherwise specified in the relevant sale and purchase agreements. Property developers, including us, generally elect to specify the deadline to apply for the individual property ownership certificates upon the provision of the necessary documents by the customers to allow sufficient time for the relevant application processes.

Under current regulations, we are required to submit the requisite governmental approvals in connection with our property developments, including land use rights documents and planning and construction permits, to the local bureau of land resources and housing administration within three months of receiving the completion and acceptance certificate for the relevant properties and apply for the general property ownership certificate for these properties. We are then required to submit, within a stipulated period after delivery of the properties, the relevant property sale and purchase agreements, identification documents for the purchasers and proof of payment of deed tax, together with the general property ownership certificate, for the bureau's review and the issuance of the individual property ownership certificates.

No material claim has been brought against us by any purchasers for late application for individual property ownership certificates on behalf of our customers in the years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016. However, we cannot assure you that we will not become liable to purchasers in the future for late application for individual property ownership certificates on behalf of our customers due to our own fault or reasons beyond our control, which may have a material adverse effect on our business.

Our branding and marketing strategy as well as our financial condition could be adversely affected if owners of the projects that we have developed elect to stop using us to provide property management services

Through our wholly owned property management subsidiary, Guangdong Country Garden Property Management Co. Ltd. ("Guangdong Management Co."), we provide property management services to the owners and users of each project that we have developed. These services include rental agency, security management, maintenance, clubhouse operations, gardening and landscaping and other customer services. We believe that property management is an integral part of our business and is very important to the successful marketing and promotion of our property developments. Under PRC law, owners may engage or dismiss a property management company with the consent of more than half of the owners who in the aggregate hold more than 50% of the total non-communal area of the building. If owners of the projects that we have developed elect to stop using us to provide property management services, our branding and marketing strategy as well as our revenue from the property management business would be adversely affected.

#### Our hotel operations involve uncertainties

Certain residential projects that we have developed or intend to develop include high-end hotel operations.

Our approach to our hotel business is not focused on the profit contribution derived directly from our hotel operations. Rather, we consider our hotel business a value enhancer to our brand recognition in the property market and an integral component of our overall residential project marketing strategy.

Most of our hotels are currently owned and operated by our own hotel companies. Although the managing staff at various levels have the relevant management experience, we could face considerable reputational and financial risks if the hotels are mismanaged. If we are unable to successfully manage our hotel business, it may have a material adverse effect on the results in

that segment as well as our overall marketing strategy, financial condition and results of operations.

We have engaged third-party hotel management partners to manage our Maritim Hotel, Wuhu, Maritim Hotel, Shenyang, Hilton Wuhan Optics Valley and Hilton Foshan. In addition, we have signed a letter of understanding and management agreement with an international management firm with respect to some of our hotels under development or planning. Our results of operations may be affected by the performance of these hotel management partners, as well as any adverse publicity or other adverse developments relating to these companies or their brands generally. We may also consider engaging other international management companies to manage our hotels. We and the hotel management companies may have disagreements as to how the hotels should be managed or other matters. In general, under the terms of the management agreements, the third-party hotel management partners control the daily operations of the hotels. Thus, even if we believe our hotels are being operated inefficiently or in a manner that does not result in optimal or satisfactory occupancy rates, gross operating profit margins or other performance indicators, we may not be able to require the management partners to change the way they manage our hotels. Such cooperation with hotel management companies may not achieve positive results as anticipated.

## There is no assurance that certain current ancillary facilities will continue to provide services to the owners or users of our property developments

The ancillary facilities within our residential communities enhance the value of our properties by improving the overall quality and value of the surrounding areas, thus offering a better living environment to the owners and users of our properties. However, we do not operate or manage some of the ancillary facilities, such as schools and hospitals. We cannot assure you that these facilities will continue to operate and provide services in our residential communities. In the event that these facilities cease to operate in our residential communities, our properties may become less attractive and competitive and this may adversely affect their value.

# Any portion of our uncompleted and future property developments that are not in compliance with relevant laws and regulations will be subject to governmental approval and additional payments

The local government authorities inspect property developments after their completion and issue Construction of Properties and Municipal Infrastructure Completed Construction Works Certified Reports (房屋建築工程和市政基礎設施工程竣工驗收備案表) if the developments are in compliance with the relevant laws and regulations. If the total constructed GFA of a property development exceeds the GFA originally authorized in the relevant land grant contracts or construction permit, or if the completed property contains built-up areas that do not conform to the plan authorized by the construction permit, the property developer may be required to pay additional amounts or take corrective actions with respect to such non-compliant GFA before a Construction of Properties and Municipal Infrastructure Completed Construction Works Certified Report can be issued to the property development.

We cannot assure you that local government authorities will not find that the total constructed GFA of our existing projects under development or any future property development exceeds the relevant authorized GFA upon completion. Moreover, we cannot assure you that we would have sufficient funding to pay any required additional land premium or to pay for any surcharges or

corrective action that may be required in a timely manner, or at all. Any of these circumstances may materially and adversely affect our reputation, our business, results of operations and financial condition.

### The relevant PRC tax authorities may challenge the basis on which we calculate our LAT or other tax obligations

Under PRC tax laws and regulations, our PRC subsidiaries are subject to LAT, which is collected by local tax authorities. All income from the sale or transfer of land use rights relating to state-owned land, buildings and their attached facilities in the PRC is subject to LAT at progressive rates ranging from 30% to 60% of the appreciation in value as defined by the relevant tax laws. Certain exemptions are available for the sale of ordinary standard residential houses (普通標準住宅) if the appreciation value does not exceed 20% of the total deductible items as defined in the relevant tax laws. Sales of commercial properties are not eligible for the exemption. We estimate and make provision for the full amount of applicable LAT in accordance with the relevant PRC tax laws and regulations, but we only pay a portion of such provision each year as is required by the local tax authorities. For the years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016, our LAT expense was RMB1,634.8 million, RMB1,644.9 million, RMB1,111.1 million (US\$167.2 million) and RMB827.4 million (US\$124.5 million), respectively. Although we believe we have made sufficient LAT provisions, we cannot assure you that the tax authorities will agree with the basis on which we calculate our LAT obligations. There have been instances where the local PRC tax authorities disagreed with our calculation of the LAT and other tax obligations. In the event that they believe a higher LAT should be paid, our net profits after tax and cash flow will be adversely affected.

Further, on December 28, 2006, the State Administration of Taxation issued the Notice on the Administration of the Settlement of Land Appreciation Tax of Property Development Enterprises (關於房地產開發企業土地增值稅清算管理有關問題的通知), which requires that:

- final settlement of LAT will be conducted on a project-by-project basis. For multi-phase projects, each phase will be required to undergo LAT clearance and settlement process;
- the appreciated value of ordinary residential properties and non-ordinary residential properties contained within a project shall be calculated separately; and
- property developers must conduct final settlement if one of the following conditions is satisfied:
  - the project is completed and has been sold entirely;
  - the project is transferred as a whole before the completion of the construction; or
  - only land-use rights are transferred.

This notice also stipulates that the PRC tax authorities may require the property developer to conduct final LAT settlement if any of the following conditions is met:

- for completed projects, the area sold exceeds 85% of the total saleable area or, though less than 85%, the rest of the saleable area has already been rented or is being self-used;
- the project has held a sale/pre-sale license for at least three years but has not been sold entirely;

- the taxpayer has applied for tax de-registration but the LAT settlement has not been conducted; or
- other situations set forth by the provincial PRC tax authorities.

On May 19, 2010, the SAT issued the Circular on Issues Concerning Settlement of Land Appreciation Tax (關於土地增值稅清算有關問題的通知) to clarify and strengthen the settlement of LAT. Furthermore, on May 25, 2010, the SAT issued the Notice on Strengthening the Collection of Land Appreciation Tax (關於加強土地增值稅徵管工作的通知), which requires that the minimum LAT prepayment rate shall be 2% for provinces in the eastern region, 1.5% for provinces in the central and northeastern regions, and 1% for provinces in the western region.

Local provincial tax authorities can formulate their own implementation rules in accordance with the notice and local situation and there are uncertainties how this notice will be enforced. In the event that the implementation rules promulgated in the cities in which our projects are located require us to settle all unpaid LAT, our cash flow may be adversely affected.

#### Potential liability for environmental problems could result in substantial costs

We are subject to a variety of laws and regulations concerning environmental protection. The particular environmental laws and regulations that apply to any given development site vary greatly according to the site's location and environmental condition, the present and former uses of the site and the nature of the adjoining properties. Requirements under environmental laws and conditions may result in delays to development schedules, may cause us to incur substantial compliance and other costs and may prohibit or severely restrict project development activity in environmentally-sensitive areas.

The PRC environmental regulations provide that each project developed by a property developer must undergo an environmental assessment, and an environmental impact assessment report be submitted to the relevant government authorities for approval before construction is commenced. If we fail to comply with such requirements, the local environmental authority may order us to suspend project construction until an environmental impact assessment report is submitted to and approved by such authority. The local environmental authority may also impose on us a fine of RMB50,000 to RMB200,000 in respect of such project. We are currently applying for the approval of environmental assessment for certain of our projects. We cannot assure you that we will be able to obtain these approvals in a timely manner.

In addition, PRC law requires environmental facilities included in property developments to pass inspection by the environmental authorities in order to obtain completion approval before commencing operations. Some of our property projects have environmental facilities that are subject to this requirement and are currently applying for inspection by the environmental authorities. We cannot assure you that we will be able to pass such inspections in a timely manner. If we fail to comply with this inspection requirement, the local environmental authorities may order us to suspend construction or use of the relevant facilities, which may disrupt our operations and adversely affect our business. Such authorities may also impose on us a fine below RMB100,000 in respect of such project. We cannot assure you that we will obtain such approvals in a timely manner. In the event that such completion approvals cannot be obtained or if a fine is imposed on us, our business and our financial condition may be adversely affected.

Although the environmental investigations conducted by local environmental authorities to date have not revealed any environmental liability that we believe would have a material adverse effect on our business, financial condition or results of operations, it is possible that these investigations did not reveal all environmental liabilities and that there are material environmental liabilities of which we are unaware. We cannot assure you that a future environmental investigation will not reveal any material environmental liability. Also, we cannot assure you that the PRC government will not change the existing laws and regulations or impose additional or stricter laws or regulations, the compliance with which may cause us to incur significant capital expenditure. In addition, there is no assurance that we would be able to comply with any such laws and regulations, in the PRC or elsewhere where we conduct or may conduct our operations. See "Business—Environmental matters" for further details of environmental matters.

## In terms of environmental liability, we have particular exposure through our Country Garden Forest City project

Country Garden Forest City ("Forest City") is a vertical and multi-tiered city project situated in Iskandar Malaysia and linked to Singapore by a bridge. It is being developed by a joint venture that we formed with the government of Johor State in Malaysia. It is an urban development project with an expected total development term of 20 years. We hold a 60% equity interest in the joint venture. It has a site area of 20 sq.km. under its development plan. Such a long-term and significant development exposes us to potential liability based on claims of damage to the environment and related claims. As a specific example, Forest City has drawn criticism from certain international and local environmental activist groups, in addition to the environmental ministry in Singapore. These activists are concerned that several development projects in Johor, which include Forest City project, will result in damage to the intertidal seagrass meadow on Merambong shoal off Johor. This, in addition to other potential environmental claims, potentially expose us to liability that is specific to the Forest City project. We are unable at this juncture to assess whether the related criticism, scrutiny or liability claims would result in negative consequences in the future, including the disruption of construction and development of the project, affect our reputation or lead to potential legal action against us. Any of the forgoing may have a material adverse effect to our business, financial condition or results of operations.

## The construction business and the property development business are subject to claims under statutorily mandated quality warranties

Under Regulations on the Administration of Quality of Construction Works (建設工程質量管理條例), all property development companies in the PRC must provide certain quality warranties for the properties they construct or sell. We are required to provide these warranties to our customers. We may sometimes receive quality warranties from third-party contractors we hire to construct our development projects. If a significant number of claims are brought against us under our warranties and if we are unable to obtain reimbursement for such claims from third-party contractors in a timely manner or at all, or if the retention money retained by us is not sufficient to cover our payment obligations under the quality warranties, we could incur significant expenses in resolving such claims or face delays in correcting the related defects, which could in turn harm our reputation and have a material and adverse effect on our business, financial condition and results of operations.

## Our success depends significantly on the continued services of our senior management team and other key personnel

Our future success depends significantly upon the continuing services of the members of our senior management team, in particular our chairman and executive director, Yeung Kwok Keung, and our executive director, Yang Erzhu, who have extensive experience in the property industry in the PRC. Yeung Kwok Keung is responsible for formulating development strategies, making decisions on investment projects and setting the direction of our operations and overall business management. Yang Erzhu oversees the outsourcing of construction and assists our chairman in investment planning. Our president and executive director, Mo Bin, also has extensive experience in property development and corporate management. If one or more of our senior executives or other personnel are unable or unwilling to continue in their present positions, we may be unable to replace them easily or at all, and our business may be disrupted and our financial condition and results of operations may be materially adversely affected.

In addition, we depend on the continued service of our executive officers and other skilled managerial and technical personnel, notably including our designers and architects. Competition for senior management and key personnel is intense, and the pool of qualified candidates is very limited. Our business could be adversely affected if we lose the services of our senior executives or key personnel without suitable replacements or if any member of our senior management team or any of our other key personnel joins a competitor or forms a competing business.

Further, as we expect our business to continue to grow, we will need to recruit and train additional qualified personnel. If we fail to attract and retain qualified personnel, our business and prospects may be adversely affected.

### The interests of our controlling shareholder may not always align with our interests

Our controlling shareholder, Yang Huiyan, beneficially owned approximately 54.86% of our Company as of the date of this offering memorandum. The interests of our controlling shareholder may differ from our interests or the interests of our creditors, including the holders of the Notes. Our controlling shareholder could have significant influence in determining the outcome of any corporate transactions or other matters submitted to the shareholders for approval, including mergers, consolidations and the sale of all or substantially all of our assets, the election of directors and other significant corporate actions. Our controlling shareholder also has the power to prevent or cause a change in control. Without the consent of our controlling shareholder, we may be prevented from entering into transactions that could be beneficial to us. As a company listed on the Hong Kong Stock Exchange, we are also required to maintain robust internal control and corporate governance procedures to ensure that our personnel will maintain confidentiality of sensitive and confidential information. Leakage of any confidential or price sensitive information, and the trading of our shares on the basis of such information, including by our controlling shareholder, may contravene relevant insider trading regulations. In addition, our controlling shareholder also holds interest in companies other than us. We cannot assure you that our controlling shareholder will act entirely in our interest or that any potential conflicts of interest will be resolved in our favor.

## Land use rights certificates and building ownership certificates of certain of the properties owned or used by us have not been obtained

We have not obtained building ownership certificates for certain of our properties, including: a bowling alley in Shunde Country Garden, a health center in Shunde Country Garden Hospital and staff quarters in Lirendong. Our PRC legal advisor has advised us that because of the lack of building ownership certificates for these properties, we may be ordered by the relevant PRC government department to (i) remedy the defect and pay a fine which represents more than 2% but less than 4% of the consideration payable under the relevant construction agreement of these properties, (ii) compensate for losses suffered by the users of these properties or (iii) vacate these properties. In the event that any of these penalties is imposed on us, our business may be affected.

In addition, we lease certain land and buildings from third parties who have not obtained the relevant land use rights certificates or the building ownership certificates, as applicable. We use these properties mainly to create additional green space for our property developments or as housing for some of our employees. In the event that the leases with these third parties are invalidated due to defects in the leased properties' title, we will have to return or restore the properties, which may affect the overall appeal of the relevant property developments. We will also have to find substitute housing for employees living in such premises.

# We may be treated as a PRC resident enterprise for PRC tax purposes, which may subject us to PRC income taxes on our worldwide income and PRC withholding taxes on interest we pay on the Notes

Under the Enterprise Income Tax Law (企業所得稅法)("EIT Law") and the implementation rules which both took effect on January 1, 2008, enterprises established outside the PRC whose "de facto management bodies" are located in China are considered "resident enterprises" for PRC tax purposes. The implementation rules define the term "de facto management body" as a management body that exercises full and substantial control and management over the business, personnel, accounts and properties of an enterprise. In April 2009, the State Administration of Taxation specified certain criteria for the determination of the "de facto management bodies" for foreign enterprises that are controlled by PRC enterprises. However, there have been no official implementation rules regarding the determination of the "de facto management bodies" for foreign enterprises that are not controlled by PRC enterprises (including companies such as ourselves).

We hold our shareholders' meetings and certain board meetings outside China and keep our shareholders' list outside China. However, most of our directors and senior management are currently based inside China and we keep our books of account inside China. The above elements may be relevant for the tax authorities to determine whether we are PRC resident enterprises for tax purposes. However, there is no clear standard published by the tax authorities for making such a determination.

Although it is unclear under PRC tax law whether we have a "de facto management body" located in China for PRC tax purposes, we take the position that we are not a PRC resident enterprise for tax purposes. We cannot assure you that the tax authorities will agree with our position. If we are deemed to be a PRC resident enterprise for EIT purposes, we would be subject to the PRC enterprise income tax at the rate of 25% on our worldwide income. Furthermore, we

would be obligated to withhold PRC income tax of up to 7% on payments of interest and certain other amounts on the Notes to investors that are non-resident enterprises located in Hong Kong or 10% on payments of interest and other amounts on the Notes to investors that are non-resident enterprises located outside Hong Kong, because the interest and other amounts would be regarded as being derived from sources within the PRC. In addition, if we fail to do so, we may be subject to fines and other penalties. Similarly, any gain realized by such non-resident enterprise investors from the transfer of the Notes would be regarded as being derived from sources within the PRC and would accordingly be subject to a 10% PRC withholding tax.

PRC regulations relating to investment in offshore special purpose companies by PRC residents may subject our PRC resident shareholders to personal liability, limit our ability to contribute capital into or provide loans to our PRC subsidiary, limit our subsidiaries' ability to increase their registered capital, pay dividends or otherwise distribute profits to us, or otherwise adversely affect us

SAFE has promulgated several regulations, including the Notice on Relevant Issues Concerning Foreign Exchange Administration for PRC Residents to Engage in Financing and Inbound Vehicles (國家外匯管理局關於境內居民通過 Investment Special via Overseas Purpose 境外特殊目的公司融資及返程投資外匯管理有關問題的通知), or Circular No. 75, issued on October 21, 2005, and its implementation rules, or the attachment of Circular No. 59, issued in November 2012, which require PRC residents and PRC corporate entities to register with local branches of SAFE in connection with their direct or indirect offshore investment activities. In July 2014, Circular No. 75 was abolished by SAFE and was superseded by the Notice Regarding Certain Issues on the Foreign Exchange Administration on the Offshore Investment and Financing Round-trip Investment by PRC Residents through Special Purpose (關於境內居民通過特殊目的公司境外投融資及返程投資外匯管理有關問題的通知), or Circular No. 37.

Circular No. 37 and other relevant SAFE rules require PRC residents, including both legal and natural persons, to register with the banks before making capital contribution to any company outside of China (an "offshore SPV") with onshore or offshore assets and equity interests legally owned by PRC residents. In addition, any PRC individual resident who is the shareholder of an offshore SPV is required to update its registration with banks with respect to that offshore SPV in connection with change of basic information of the offshore SPV such as its company name, business term, the shareholding by individual PRC resident, merger, division and with respect to the individual PRC resident in case of any increase or decrease of capital in the offshore SPV, transfer of shares or swap of shares by the individual PRC resident. Failure to comply with the required registration and updating requirements described above may result in restrictions being imposed on the foreign exchange activities of the PRC subsidiaries of such offshore SPV, including increasing the registered capital of, payment of dividends and other distributions to, and receiving capital injections from the offshore SPV. Failure to comply with Circular No. 37 may also subject the relevant PRC residents or the PRC subsidiaries of such offshore SPV to penalties under PRC foreign exchange administration regulations for evasion of applicable foreign exchange restrictions.

Due to uncertainty concerning the reconciliation of these SAFE rules with other approval or registration requirements, it remains unclear how these rules, and any future legislation concerning offshore or cross-border transactions, will be interpreted, amended and implemented by the relevant government authorities. We attempt to comply, and attempt to ensure that our shareholders who are subject to these rules comply, with the relevant requirements. However,

we cannot assure you that all of our shareholders who are PRC residents will comply with our request to make or update any applicable registrations or comply with other requirements of these or other related rules. The failure or inability of our PRC resident shareholders to make any required registrations or comply with other requirements may subject such shareholders to fines and legal sanctions and may also limit our ability to contribute additional capital or provide loans to (including using the proceeds from any equity or debt securities offerings) our PRC subsidiaries, limit our PRC subsidiaries' ability to increase their registered capital, pay dividends or otherwise distribute profits to us, or otherwise adversely affect us.

## Our investments in the PRC are subject to the PRC government's control over foreign investment in the property sector

The PRC government has in the past imposed restrictions on foreign investment in the property sector to curtail the overheating of the property sector by, among other things, increasing the capital and other requirements for establishing foreign-invested real estate enterprises, tightening foreign exchange control and imposing restrictions on purchases of properties in China by foreign persons. On May 23, 2007, the Ministry of Commerce ("MOFCOM") and SAFE jointly issued the Notice on Further Strengthening and Regulating the Approval and Supervision Foreign Investment in Real Estate Sector PRC on in the (關於進一步加強規範外商直接投資房地產業審批和監管的通知), which, among other things, provides that:

- foreign investment in the property sector in the PRC relating to high-end properties should be strictly controlled;
- prior to obtaining approval for the establishment of foreign-invested real estate enterprises, either (i) both the land use rights certificates and housing title certificates should be obtained, or (ii) contracts for obtaining land use rights or housing titles should be entered into;
- foreign-invested real estate enterprises approved by local authorities shall immediately register with MOFCOM through a filing made by the local authorities; and
- foreign exchange administration authorities and banks authorized to conduct foreign exchange business should not effect foreign exchange settlements of capital account items for those foreign-invested real estate enterprises which have not completed their filings with MOFCOM or fail to pass the annual inspection.

In June 2008, to strengthen regulation of foreign-invested real estate enterprises, MOFCOM issued the "Notice Regarding Completing the Registration of Foreign Investment in the Real Estate Sector" (關於做好外商投資房地產業備案工作的通知). According to this notice, when a foreigninvested real estate enterprise is established or increases its registered capital, the provincial level of MOFCOM is required to verify all filing materials regarding such foreign-invested real estate enterprise and to make a report to the national level of MOFCOM. This notice also requires that each foreign-invested real estate enterprise undertake only one approved property project. In November 2010, MOFCOM promulgated the Notice on Strengthening Administration of the Approval and Registration of Foreign Investment into the Real Estate Industry (關於加強外商投資房地產業審批備案管理的通知), which reiterated these limitations on foreign-invested real estate enterprises. On June 24, 2014, MOFCOM and SAFE jointly issued the Circular on Record-filing for Foreign Investment (關於改進外商投資房地產備案工作的通知), effective on August 1, 2014. According to this circular, the provincial branch of MOFCOM, instead of MOFCOM, will be in charge of the filing work of the foreign-invested real estate enterprises. On November 11, 2015, MOFCOM and SAFE jointly issued the "Circular on Further Improving the Record-filing for Foreign Investment in Real Estate" (關於進一步改進外商投資房地產備案工作的通知). According to this circular, the record-filing procedure has been cancelled.

Restrictions imposed by the PRC government on foreign investment in the property sector may affect our ability to make further investments in our PRC subsidiaries and as a result may limit our business growth and have an adverse effect on our business, financial condition and results of operations.

For more information about policies adopted by the PRC government with respect to the PRC property sector, see "Regulation—Legal supervision relating to property sector in the PRC—B. Foreign-invested real estate enterprises."

PRC regulations relating to acquisitions of PRC companies by foreign entities may limit our ability to acquire PRC companies and adversely affect the implementation of our strategy as well as our business and prospects

Provisions on the Acquisition of Domestic Enterprises by Foreign Investors (關於外國投資者併購境內企業的規定) (the "M&A Provisions") issued by six PRC ministries, including MOFCOM, effective from September 8, 2006, provide the rules with which foreign investors must comply should they seek to purchase by agreement the equities of the shareholders of a domestic non-foreign-invested enterprise or subscribe to the increased capital of a domestic non-foreign funded enterprise, and thus convert the domestic non-foreign-invested enterprise into a foreign invested enterprise to conduct asset merger and acquisition. It stipulates that the business scope upon acquisition of domestic enterprises must conform to the Foreign Investment Industrial Guidance Catalog, 2015 Version (外商投資產業指導目錄, 2015年修訂) issued by NDRC and MOFCOM, which restricts the scope of permitted foreign investment. It also provides the takeover procedures for equity interests in domestic companies. On September 3, 2016, the National People's Congress Standing Committee (NPCSC) adopted a decision on amending the law of foreign invested companies which will be effective from October 1, 2016. Upon the effectiveness of the decision, the establishment of the foreign invested enterprise and its subsequent changes will be required to be filed with the relevant authorities instead of obtaining approvals from relevant commerce authorities as required by the existing PRC laws, except for the foreign invested enterprises which are subject to the special administrative measures regarding foreign investment entry. To implement the decision, MOFCOM published a draft administrative measure on its website for public comment on September 3, 2016.

Our PRC legal advisors have advised us that there are uncertainties as to how the M&A Provisions will be interpreted or implemented after the revision of the law of foreign invested companies.

The PRC government has implemented restrictions on the ability of PRC property developers to obtain offshore financing which could affect our ability to deploy the funds raised in the offering in our business in the PRC

On May 23, 2007, MOFCOM and SAFE jointly issued the "Notice on Further Strengthening and Regulating the Approval and Supervision on Foreign Investment in Real Estate Sector in the PRC" (關於進一步加強規範外商直接投資房地產業審批和監管的通知). On April 28, 2013, SAFE issued the "Notice

Regarding Promulgation of Administrative Measures on Foreign Debt Registration" (國家外匯管理局關於發布《外債登記管理辦法》的通知), which became effective on May 13, 2013 and contains an appendix named the Operating Guidelines for Foreign Debt Registration Administration (外債登記管理操作指引). These notices indicate that SAFE will no longer process foreign debt registrations or foreign debt applications for the settlement of foreign exchange submitted by real estate enterprises with foreign investment that obtained authorization certificates from and registered with MOFCOM on or after June 1, 2007. These regulations effectively prohibit us from injecting funds into our PRC project companies by way of shareholder loans. Without the flexibility to transfer funds to PRC subsidiaries as loans, we cannot assure you that the dividend payments from our PRC subsidiaries will be available on each interest payment date to pay the interest due and payable under the Notes, or on the maturity date to pay the principal of the outstanding Notes.

Further, we cannot assure you that the PRC government will not introduce new policies that further restrict our ability to deploy in the PRC, or that prevent us from deploying in the PRC, the funds raised outside China. Therefore, we may not be able to use all or any of the capital that we may raise outside China to finance our projects in a timely manner or at all.

# The national and regional economies in China and the places where we conduct our operations and our prospects may be adversely affected by natural disasters, acts of God, and occurrence of epidemics

Our business is subject to general economic and social conditions in the places where we conduct our operations. Natural disasters, epidemics and other acts of God which are beyond our control may adversely affect the economy, infrastructure and livelihood of the people in such places. Some regions in China, Malaysia and Australia, including certain cities where we operate, are under the threat of floods, earthquakes, sandstorms, snowstorms, fires, droughts, or epidemics such as Severe Acute Respiratory Syndrome, or SARS, H5N1 avian flu or the human swine flu, also known as Influenza A (H1N1). For instance, a serious earthquake and its successive aftershocks hit Sichuan province in May 2008 and subsequently, resulting in tremendous loss of lives, injuries and destruction of assets in the region. In addition, past occurrences of epidemics, depending on their scale, have caused different degrees of damage to the national and local economies in China. A recurrence of SARS or an outbreak of any other epidemics in China or the places where we conduct our operations, such as the Ebola virus, the H5N1 avian flu or the human swine flu, may result in material disruptions to our property development and our sales, which in turn may adversely affect our business, financial condition and results of operations.

### Risks relating to the property sector in the PRC

### The property industry in the PRC is subject to government regulations and policies, which could have the effect of slowing down the industry's growth

Our business is subject to extensive governmental regulation. As with other PRC property developers, we must comply with various requirements mandated by the PRC laws and regulations, including the policies and procedures established by local authorities designed to implement such laws and regulations. In particular, the PRC government exerts considerable direct and indirect influence on the development of the PRC property sector by imposing industry policies and other economic measures, such as control over the supply of land for property development, foreign exchange, property financing, taxation and foreign investment.

Between 2004 and the first half of 2008, in response to concerns over the scale of the increase in property investment and the overheating of the property sector in the PRC, the PRC government introduced policies to restrict development in the property sector, including:

- suspending or restricting land grants and development approvals for villas and largersized units;
- charging an idle land fee for land which has not been developed for one year starting from the commencement date stipulated in the land use rights grant contract and canceling land use rights for land which has not been developed for two years or more;
- requiring that at least 70% of the land supply approved by a local government for residential property development for any given year be used for developing low to medium-cost and small to medium-size units and low-cost rental properties;
- requiring that at least 70% of residential projects approved or constructed on or after June 1, 2006, consist of units with floor area of less than 90 sq.m. per unit, and that projects which have received project approvals prior to this date but have not obtained construction permits to adjust their construction plan in order to be in compliance with this new requirement, with the exception of municipalities under direct administration of the PRC central government, provincial capitals and certain cities which may deviate from this ratio under special circumstances upon the approval by the Ministry of Construction (the "70:90 rule");
- tightening availability of bank loans to property developers and property purchasers of developed properties and increasing the reserve requirements for commercial banks;
- imposing or increasing taxes on short-term gains from second-hand property sales; and
- restricting foreign investment in the property sector by, among other things, increasing registered capital and other requirements for establishing foreign-invested real estate enterprises, tightening foreign exchange control and imposing restrictions on purchases of properties in China by foreign persons.

Regional and local governments are responsible for the implementation of the 70:90 rule. We have not seen this policy being stringently applied across all applicable regions in China. If for any reason, political, economic, social or otherwise, these regional or local governments begin to stringently implement this policy, this may lead to an oversupply of units with floor area of less than 90 sq.m., increasing competition in this market segment and affecting the prices and profit margins of such type of property. This may also affect our existing and future business development plans. As a result, our business, financial condition, results of operations and prospects may be adversely affected.

Beginning in the fourth quarter of 2009, the PRC government enacted policies intended to restrain property purchases for investment or speculation purposes and to keep property prices from rising too quickly. Measures adopted include:

• requiring a minimum down payment of at least 30% of the purchase price for the acquisition of the purchaser's first residential property (including his or her spouse and minor children) using housing reserves to buy an ordinary home with a unit floor area of more than 90 sq.m. for self-use;

- requiring a minimum down payment of at least 20% of the purchase price for the acquisition of the purchaser's first residential property (including his or her spouse and minor children) using housing reserves to buy an ordinary home with a unit floor area of not more than 90 sq.m. for self-use;
- requiring a minimum down payment of at least 60% with a minimum mortgage lending interest rate of 110% of the benchmark rate published by PBOC for the purchase of a second residential property through mortgage financing. In the third quarter of 2013, several cities, including Guangzhou, Shanghai and Hangzhou, have increased the minimum down payment for purchasers of second residential properties to 70% of the purchase price;
- requiring commercial banks to suspend mortgage loans to customers for purchase of a third or further residential property, or to non-residents who cannot provide proof of local tax or social security insurance payments for more than a one-year period;
- eliminating preferential tax treatment for transfers of residential properties by property owners with respect to certain business taxes and effective from January 28, 2011, business tax is imposed on (i) the full amount of the transfer price upon the transfer of any residential property by an individual owner within five years from such individual owner's purchase and (ii) the difference between the transfer price and the original purchase price upon the transfer of any non-ordinary residential property by an individual owner more than five years from such individual owner's purchase;
- prohibiting all property companies with records of being involved in abuse of land, changing the use of land, postponing the construction commencement or completion date, hoarding properties or other non-compliance from obtaining bank loans for new projects or extension of credit facilities;
- limiting the availability of second housing reserve loans to families whose per capita living area is below the average in their locality and requiring that such loans be used only to purchase an ordinary home for self-use in order to improve their living conditions; and
- restricting purchasers (including their spouses and minor children) in certain targeted cities that are local residents with two or more residential properties, non-local residents with one or more residential properties or non-local residents that are unable to provide documentation certifying payment of local tax or social security for longer than a specified time period, from purchasing any residential properties.

The PRC government has continued to increase regulation over the property market since 2010. Policies restricting property purchases were adopted in nearly 50 cities in 2011, as compared to fewer than 25 cities in 2010. To support the demand of purchasers of residential property and to promote the sustainable development of the real estate market, the PBOC and the CBRC jointly issued the Notice on Further Improving Financial Services for Residential Property (關於進一步做好住房金融服務工作的通知) on September 29, 2014, which provides that for any family that wishes to use a loan to purchase a residential property, the minimum down payment will be 30% of the property price and the minimum loan interest rate will be 70% of the benchmark lending interest rate, with the specific terms of such loan to be decided by the banking financial institution that provides the loan, based on the risk profile of the borrower. Where a family that owns a residential property and has paid off its existing mortgage loan applies for a new

mortgage loan to purchase another residential property to improve living conditions, the bank may apply mortgage loan policy for first-time purchasers of residential property. In cities that have lifted restrictions on the purchase of residential property by residents or those that have not imposed such restrictions, when a family that owns two residential properties or more and has paid off its existing mortgage loans applies for a new mortgage loan to purchase another residential property, the bank is required to assess the credit profile of the borrower, taking into consideration the solvency and credit standing of the borrower and other factors, to decide the down payment ratio and loan interest rate. In view of the local urbanization plan, banks may provide mortgage loans to non-local residents that meet the conditions required by the related policies. Regulations were promulgated at various levels to promote affordable housing. PRC regulatory measures in the real estate industry will continue to affect our business and results of operations. See "Regulation—Legal supervision relating to property sector in the PRC."

In addition, the State Council has recently approved on a trial basis the launch of property tax scheme in selected cities. The detailed measures will be formulated by the governments of the pilot provinces, autonomous regions or municipalities directly under the central government. On January 27, 2011, the governments of Shanghai and Chongging issued their respective measures for implementing pilot property tax schemes, which became effective on January 28, 2011. Under the measures issued by the Shanghai government, property tax will be imposed on any purchase of a second (or further) residential property by local residents or any purchase of a residential property by non-local residents on or after January 28, 2011, at rates ranging from 0.4% to 0.6% based on 70% of the purchase price of the property. Under the measures issued by the Chongqing government, property tax will be imposed within the nine major districts of Chongqing, on (i) stand-alone residential properties (such as villas) owned by individuals, (ii) high-end residential properties purchased by individuals on or after January 28, 2011, the purchase prices per square meter of which are two or more times of the average price of new residential properties developed within the nine major districts of Chongging in the last two years and (iii) the second or further ordinary residential properties purchased on or after January 28, 2011 by non-resident individuals who are not employed in and do not own an enterprise in Chongging, at rates ranging from 0.5% to 1.2% of the purchase price of the property. These two governments may issue additional measures to tighten the levy of property tax. It is also expected that more local governments will follow Shanghai and Chongging to impose property tax on commodity properties. The imposition of property tax on commodity properties will increase the purchasing cost of properties and is expected to have a negative impact on demand for properties in China, which in turn could have a material adverse effect on our business, financial condition and results of operations. Furthermore, the governments of Beijing and Guangzhou have recently adopted additional restrictive policies to curb property price increases. In September 2012, the Guangzhou government imposed restrictions on the presale of certain high-priced properties, while the Beijing government issued a new requirement that local purchasers must present the original copy of the "second generation" personal identification cards for the review of their eligibility to purchase residential properties in Beijing.

Many cities in the PRC had already promulgated measures to restrict the number of residential properties one family is allowed to purchase. In order to implement the central government's requirement, other cities in China, including those where our property projects are located, may issue similar or other restrictive measures in the near future. In the third quarter of 2013, several cities, including Guangzhou, Shanghai and Hangzhou, have increased the minimum down payment for purchasers of second residential properties to 70% of the purchase price. Any such measures could have a material adverse effect on our business, financial condition or results of

operations. Since August 2014, most of the local governments have issued their respective measures to lift the restrictions on the purchase of residential properties.

We cannot assure you that the PRC government will not adopt more stringent industry policies, regulations and measures in the future. For example, the PRC government may impose county-wide property tax reform in the near future. We are not sure whether such tax reform will be imposed and neither can we assess the adverse impact of this tax reform on our business operations and financial results. If we fail to adapt our operations to new policies, regulations and measures that may come into effect from time to time with respect to the real property industry, or such policy changes disrupt our business or cause us to incur additional costs, our business, financial condition, results of operations and prospects may be materially and adversely affected. For more information about policies adopted by the PRC government with respect to the PRC property sector, see "Regulation."

## The property industry in the PRC is still at an early stage, and the property market and related infrastructure and mechanisms have not been fully developed

Private ownership of property in the PRC is still in a relatively early stage of development. The growth in demand for private residential property in the PRC, including Guangdong Province, in recent years is often coupled with volatility in market conditions and fluctuation in property prices. It is extremely difficult to predict by how much and when demand will develop, as many social, political, economic, legal and other factors, most of which are beyond our control, may affect the development of the market. The level of uncertainty is increased by the limited availability of accurate financial and market information as well as the overall low level of transparency in the PRC.

The lack of a liquid secondary market for residential property may discourage investors from acquiring new properties. The limited amount of property mortgage financing available to PRC individuals, compounded by the lack of security of legal title and enforceability of property rights, may further inhibit demand for residential developments.

In addition, risk of property over-supply is increasing in parts of China, where property investment, trading and speculation have become overly active. In the event of actual or perceived over-supply, property prices may fall significantly and our revenue and profitability will be adversely affected.

#### Risks relating to the PRC

### PRC economic, political and social conditions, as well as government policies, could affect our business

Substantially all of our assets are located in the PRC, and all of our revenue is derived from within the PRC. Accordingly, our results of operations, financial position and prospects are significantly subject to the economic, political and legal developments of the PRC.

The economy of the PRC differs from the economies of most developed countries in many respects, including but not limited to:

- political structure;
- level of government involvement;

- level of development;
- · uncertainties in the implementation and enforcement of laws;
- growth rate;
- control of foreign exchange; and
- allocation of resources.

The PRC economy has been transitioning from a planned economy to a market-oriented economy. For the past three decades, the PRC government has implemented economic reform measures emphasizing utilization of market forces in the development of the PRC economy. The PRC government has implemented measures from time to time in order to prevent the PRC economy from overheating and will continue to do so according to its national development plans and fiscal or other policies. These measures may cause a decrease in the level of economic activity, including demand for residential and commercial properties and may have an adverse impact on economic growth in the PRC. If China's economic growth slows down further or if the Chinese economy experiences a recession, the growth or demand for our products may also slow down and our business, financial condition and results of operations will be adversely affected. See "—Risks relating to our business—We may be adversely affected by fluctuations in the global economy and financial markets."

In addition, demand for our products and our business, financial condition and results of operations may be adversely affected by:

- political instability or changes in social conditions in the PRC;
- changes in laws and regulations or the interpretation of laws and regulations;
- measures which may be introduced to control inflation or deflation;
- changes in the rate or method of taxation; and
- imposition of additional restrictions on currency conversion and remittances abroad.

# Governmental control of currency conversion may affect the value of your investment

The PRC government imposes controls on the convertibility of Renminbi into foreign currencies and, in certain cases, the remittance of currency to jurisdictions outside China. We receive substantially all of our revenue in Renminbi. Under our current structure, our income is primarily derived from dividend payments from our PRC subsidiaries. Under existing PRC foreign exchange regulations, payments of certain current account items can be made in foreign currencies without prior approval from the local branch of SAFE, by complying with certain procedural requirements. However, approval from the appropriate government authorities is required where Renminbi is to be converted into foreign currency and remitted to a jurisdiction outside China to pay capital expenses such as the repayment of bank loans denominated in foreign currencies. The PRC government may also, at its discretion, restrict access to foreign currencies for current account transactions in the future. If the PRC foreign exchange control system prevents us from obtaining sufficient foreign currency to satisfy our currency demands, our PRC subsidiaries may not be able to pay dividends in foreign currencies to us and we may not be able to service our debt obligations denominated or settled in foreign currencies, such as the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the 2014 Club Loan, the 2015 Club Loan and the Notes.

# The PRC legal system has inherent uncertainties that could affect our business and results of operations as well as the interest of investors in the Notes

As majority of our business is conducted, and substantially all of our assets are located, in the PRC, our operations are generally affected by and subject to the PRC legal system and PRC laws and regulations.

Since 1979, the PRC government has promulgated laws and regulations in relation to general economic matters, such as foreign investment, corporate organization and governance, commerce, taxation, foreign exchange and trade, with a view to developing a comprehensive system of commercial law. In particular, legislation over the past 30 years has significantly enhanced the protections afforded to various forms of foreign investment in China. The legal system in China is continuing to evolve. Even where adequate laws exist in China, the enforcement of existing laws or contracts based on existing laws may be uncertain and sporadic, and it may be difficult to obtain swift and equitable enforcement or to obtain enforcement of a judgment by a court of another jurisdiction. For example, we have registered the issuance of the Notes with the NDRC with reference to the NDRC Notice and are required to file a post-issuance report with the NDRC within 10 PRC working days after the issue date of the Notes pursuant to the registration certificate. As the NDRC Notice is a new regulation, there are still uncertainties regarding its interpretation, implementation and enforcement by the NDRC. If we fail to complete such filing in accordance with the relevant requirements, due to any change in the relevant regulation we may be subject to penalties or other enforcement actions by relevant PRC government authorities. In addition, the PRC legal system is based on written statutes and their interpretation, and prior court decisions may be cited as reference but have limited weight as precedents.

Our primary operating subsidiaries were incorporated in China as "wholly foreign-owned enterprises." Although we or our wholly owned subsidiaries are the sole shareholders of, and therefore have full control over, these PRC entities, the exercise of our shareholder rights are subject to their respective articles of association and PRC laws applicable to foreign-invested enterprises in China, which may be different from the laws of other developed jurisdictions.

China has not developed a fully integrated legal system and recently-enacted laws and regulations may not sufficiently cover all aspects of economic activities in China. The relative inexperience of China's judiciary in many cases also creates additional uncertainty as to the outcome of any litigation. In addition, interpretation of statutes and regulations may be subject to government policies reflecting domestic political changes. Furthermore, because these laws and regulations are relatively new, and because of the limited volume of published decisions and their non-binding nature, the interpretation, implementation and enforcement of these laws and regulations involve uncertainties due to the lack of established practice available for reference. We cannot predict the effect of future legal development in China, including the promulgation of new laws, changes to existing laws or the interpretation or enforcement thereof, or the inconsistencies between local rules and regulations and national law. As a result, there is substantial uncertainty as to the legal protection available to us and investors in the Notes. In addition, the PRC legal system is based in part on government policies and internal rules (some of which are not published on a timely basis or at all) that may have retroactive effect. As a result, we may not be aware of our violation of these policies and rules until some time after the violation has occurred. This may also limit the remedies available to you as an investor and to us in the event of any claims or disputes with third parties.

Any litigation in China may be protracted and result in substantial costs and diversion of resources and management attention.

# It may be difficult to enforce any judgments obtained from non-PRC courts against us in the PRC

Substantially all of our assets are located within the PRC. The PRC does not have treaties providing for the reciprocal recognition and enforcement of judgments of courts with the United States, the United Kingdom, Japan or most other western countries. Therefore, it may be difficult for you to enforce against us in the PRC any judgments obtained from non-PRC courts.

# Risks relating to the Notes

We are a holding company and payments with respect to the Notes are structurally subordinated to liabilities, contingent liabilities and obligations of our subsidiaries

We are a holding company with no material operations. We conduct our operations primarily through our PRC subsidiaries. The Notes will not be guaranteed by any current or future PRC subsidiaries. Moreover, the Notes will not be guaranteed by certain Non-Guarantor Subsidiaries and under the terms of the Indenture, Subsidiary Guarantors may be able to release their Subsidiary Guarantees subject to certain conditions and become Non-Guarantor Subsidiaries. Our primary assets are ownership interests in our PRC subsidiaries, which are held through the Subsidiary Guarantors. The Subsidiary Guarantors do not have material operations. Accordingly, our ability to pay principal and interest on the Notes and the ability of the Subsidiary Guarantors to satisfy their obligations under the Subsidiary Guarantees will depend upon our receipt of principal and interest payments and the distributions of dividends from our subsidiaries.

Creditors, including trade creditors of our Non-Guarantor Subsidiaries and any holders of preferred shares in such entities, would have a claim on the Non-Guarantor Subsidiaries' assets that would be prior to the claims of the holders of the Notes. As a result, our payment obligations under the Notes will be effectively subordinated to all existing and future obligations of our Non-Guarantor Subsidiaries (including their obligations under guarantees issued in connection with our business), and all claims of creditors of our Non-Guarantor Subsidiaries will have priority as to the assets of such entities over our claims and those of our creditors, including holders of the Notes. As of June 30, 2016, indebtedness of our PRC subsidiaries constituted more than half of our total borrowings (other than our senior notes and offshore facilities). The Notes and the Indenture do not restrict the ability of our subsidiaries to issue certain categories of guarantees in the ordinary course of business. In addition, our secured creditors or those of any Subsidiary Guarantor would have priority as to our assets or the assets of the Subsidiary Guarantor securing the related obligations over claims of the holders of the Notes.

# Our subsidiaries are subject to restrictions on the payment of dividends and the repayment of intercompany loans or advances to us and our subsidiaries

As a holding company, we depend on the receipt of dividends and the interest or principal payments on intercompany loans or advances from our subsidiaries, including our PRC subsidiaries, to satisfy our obligations, including our obligations under the Notes. The ability of our subsidiaries to pay dividends and make payments on intercompany loans or advances to their shareholders is subject to, among other things, distributable earnings, cash flow conditions, restrictions contained in the articles of association of our subsidiaries, applicable laws and

restrictions contained in the debt instruments of such subsidiaries. In addition, if any of our subsidiaries raises capital by issuing equity securities to third parties, dividends declared and paid with respect to such shares would not be available to us to make payments on the Notes. These restrictions could reduce the amounts that we receive from our subsidiaries, which would restrict our ability to meet our payment obligations under the Notes and the Subsidiary Guarantees.

PRC laws and regulations permit payment of dividends only out of net profits as determined in accordance with PRC accounting standards and regulations and such profits differ from profits determined in accordance with HKFRS in certain significant respects, including the use of different bases of recognition of revenue and expenses. Our PRC subsidiaries are required to set aside a portion of their after-tax profits according to PRC accounting standards and regulations to fund certain reserve funds that are not distributable as cash dividends. In practice, our PRC subsidiaries may pay dividends once a year at the end of each financial year. Some of our PRC subsidiaries are also subject to certain restrictions on dividend distributions under their loan agreements with certain PRC banks. As a result, some of our PRC subsidiaries may be restricted in their ability to transfer their profits to us whether in the form of dividends, loans or advances. Any limitation on the ability of our subsidiaries to pay dividends to us could materially and adversely limit our ability to grow, make investments or acquisitions that could be beneficial to our businesses, pay dividends, service our debts or otherwise fund and conduct our business. See "Description of other material indebtedness."

In addition, under the EIT Law and its implementation rules, dividends paid by our PRC subsidiaries to their non-PRC parent companies are subject to a 10% withholding tax, unless there is a tax treaty between the PRC and the jurisdiction in which the overseas parent company is incorporated, which specifically exempts or reduces such withholding tax. Currently, there is no such treaty between the PRC and the British Virgin Islands, where substantially all of our non-PRC subsidiaries are incorporated. Pursuant to an avoidance of double taxation arrangement between Hong Kong and the PRC, if the non-PRC parent company is a Hong Kong resident and directly holds a 25% or more interest in the PRC enterprise, such withholding tax rate may be lowered to 5%. As a result of such limitations, dividend payments from our PRC subsidiaries may not be sufficient to meet our payment obligations required by the Notes or to satisfy the obligations of the Subsidiary Guarantors under the Subsidiary Guarantees, and there could be restrictions on payments required to pay off the Notes at maturity or as required for any early redemption.

In addition, our ability to lend offshore shareholder loans to our property developer subsidiaries in the PRC is fairly limited. See "—The PRC government has implemented restrictions on the ability of PRC property developers to obtain offshore financing which could affect our ability to deploy the funds raised in the offering in our business in the PRC." Furthermore, in practice, the market interest rate that our PRC non-property developer subsidiaries can pay with respect to offshore loans generally may not exceed comparable interest rates in the international finance markets. The interest rates on shareholders' loans paid by these subsidiaries, therefore, are likely to be lower than the interest rate for the Notes. Our PRC subsidiaries are also required to pay a 10% withholding tax on our behalf on the interest paid under any shareholders' loans. PRC regulations require approval by SAFE prior to any of our non-PRC subsidiaries making shareholder loans in foreign currencies to our PRC subsidiaries and require such loans to be registered with SAFE. Prior to payment of interest and principal on any such shareholder loan, the PRC subsidiaries must present evidence of payment of the 10% withholding tax on the

interest payable in any such shareholder loan and evidence of registration with SAFE, as well as any other documents that SAFE or its local branch may require.

As a result of the foregoing, we cannot assure you that we will have sufficient cash flow from dividends or payments on intercompany loans or advances from our subsidiaries to satisfy our obligations under the Notes or the obligations of the Subsidiary Guarantees.

# We may be subject to risks presented by fluctuations in exchange rates between the Renminbi and other currencies, particularly U.S. dollars

The Notes are denominated in U.S. dollars, while substantially all of our revenues are generated by our PRC operating subsidiaries and are denominated in Renminbi. Pursuant to reforms of the exchange rate system announced by PBOC on July 21, 2005, Renminbi-to-foreign currency exchange rates are allowed to fluctuate within a narrow and managed band against a basket of foreign currencies, rather than being effectively linked to the U.S. dollar. Further on May 18, 2007, PBOC enlarged the floating band for the trading prices in the inter-bank foreign exchange market of the Renminbi against the U.S. dollar from 0.3% to 0.5% around the central parity rate, effective on May 21, 2007. This allows the Renminbi to fluctuate against the U.S. dollar by up to 0.5% above or below the central parity rate published by PBOC. The floating band was further widened to 1.0% on April 16, 2012 and 2.0% on March 17, 2014. The PRC government may adopt further reforms of its exchange rate system, including making the Renminbi freely convertible in the future. If such reforms were implemented and resulted in devaluation of Renminbi against the U.S. dollar, our financial condition and results of operations could be adversely affected because of our substantial U.S. dollar denominated indebtedness and other obligations. Such a devaluation could also adversely affect the value, translated or converted to U.S. dollars or otherwise, of our earnings and our ability to satisfy our obligations under the Notes.

There are limited hedging instruments available in China to reduce our exposure to exchange rate fluctuations between the Renminbi and other currencies. Following the offering of the Notes, we may enter into foreign exchange or interest rate hedging agreements in respect of our U.S. dollar–denominated liabilities under the Notes. These hedging agreements may require us to pledge or transfer cash and other collateral to secure our obligations under the agreements, and the amount of collateral required may increase as a result of mark-to-market adjustments. The Initial Purchasers and their affiliates may enter into such hedging agreements permitted under the Indenture governing the Notes, and these agreements may be secured by pledges of our cash and other assets as permitted under the Indenture. If we were unable to provide such collateral, it could constitute a default under such agreements.

In June 2016, we entered into the ISDA Agreement with Goldman Sachs International, our obligations under which are guaranteed by the Subsidiary Guarantors under the Guarantee and secured by the Collateral. Going forward, we may enter into further swap arrangements that require us to provide guarantees and security. Any default or termination under such swap arrangements could result in cross defaults under our other debt agreements or bond indentures, leading to enforcement of the Collateral.

# We may not be able to repurchase the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes or the Notes upon a change of control triggering event

We must offer to purchase the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the Notes upon the occurrence of a change of control triggering event, at a purchase price equal to 101% of the principal amount plus accrued and unpaid interest. See "Description of the Notes," "Description of other material indebtedness—2023 Notes—Change of control," "Description of other material indebtedness—2021 Notes—Change of control," "Description of other material indebtedness—Private Notes—Change of control," "Description of other material indebtedness—Private Notes—Change of control" and "Description of other material indebtedness—2020 Notes—Change of control."

The source of funds for any such purchase would be our available cash or third-party financing. However, we may not have enough available funds at the time of the occurrence of any change of control triggering event to make purchases of the outstanding 2023 Notes, 2021 Notes, 2019 Notes, Private Notes, the 2020 Notes or the Notes. Our failure to make the offer to purchase or purchase the outstanding 2023 Notes, 2021 Notes, 2019 Notes, Private Notes, the 2020 Notes or the Notes would constitute an event of default under the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the Notes, respectively. The event of default may, in turn, constitute an event of default under other indebtedness, any of which could cause the related debt to be accelerated after any applicable notice or grace periods. If our other debt were to be accelerated, we may not have sufficient funds to purchase or otherwise satisfy our obligations under the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the Notes and repay the debt.

In addition, the definition of change of control triggering event for purposes of the indenture governing the Notes does not necessarily afford protection for the holders of the Notes in the event of some highly leveraged transactions, including certain acquisitions, mergers, refinancings, restructurings or other recapitalizations, although these types of transactions could increase our indebtedness or otherwise affect our capital structure or credit ratings. The definition of change of control triggering event for purposes of the indenture governing the Notes also includes a phrase relating to the sale of "all or substantially all" of our assets. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition under applicable law. Accordingly, our obligation to make an offer to purchase the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the Notes, and the ability of a holder of the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes or the Notes to require us to purchase its notes pursuant to the offer as a result of a highly-leveraged transaction or a sale of less than all of our assets may be uncertain.

# The terms of the Notes permit us to make investments in Unrestricted Subsidiaries and minority owned joint ventures

In light of land prices, the capital intensive nature of land acquisitions, sizes of projects, the competitive landscape and other factors, we may from time to time consider developing properties jointly with other property developers. As a result, we may need to make investments in joint ventures (including joint ventures in which we may own less than a 50% equity interest) and such joint ventures may or may not be Restricted Subsidiaries under the Indenture governing the Notes. Although the Indenture governing the Notes restricts us and our Restricted

Subsidiaries from making investments in Unrestricted Subsidiaries or joint ventures, these restrictions are subject to important exceptions and qualifications. See the section entitled "Certain covenants—Limitation on Restricted Payments" and the definition of "Permitted Investment" in "Description of the Notes." As of the date of this offering memorandum, we have designated a number of Unrestricted Subsidiaries. See "Corporate structure."

We may be able to redeem the Notes in whole at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest in the event we are required to pay additional amounts because we are treated as a PRC "resident enterprise"

In the event we are treated as a PRC "resident enterprise" under the EIT Law, we may be required to withhold PRC tax on interest payable to certain of our non-resident investors. In such case, we will, subject to certain exceptions, be required to pay such additional amounts as will result in receipt by a holder of a Note of such amounts as would have been received by the holder had no such withholding been required. As described under "Description of the Notes—Redemption for taxation reasons," in the event we are required to pay additional amounts as a result of certain changes in specified tax laws or certain other circumstances, including any change or interpretation or the stating of an official position that results in our being required to withhold tax on interest payments as a result of our being treated as a PRC "resident enterprise," we may redeem the Notes in whole at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest.

The insolvency laws of the Cayman Islands and other local insolvency laws may differ from U.S. bankruptcy laws or those of another jurisdiction with which the holders of the Notes are familiar

Because we are incorporated under the laws of the Cayman Islands, an insolvency proceeding relating to us, even if brought in the United States, may involve Cayman Islands insolvency laws, the procedural and substantive provisions of which may differ from comparable provisions of United States federal bankruptcy law. In addition, the Subsidiary Guarantors are incorporated in the BVI and the insolvency laws of the BVI may also differ from the laws of the United States or other jurisdictions with which the holders of the Notes are familiar. Also, certain of our subsidiaries are incorporated in other jurisdictions such as Malaysia and Australia and the insolvency laws of these jurisdictions may also differ from the United States or a jurisdiction with which the holders of the Notes are familiar.

We conduct substantially all of our business operations through PRC-incorporated subsidiaries in China. We and our non-PRC Subsidiary Guarantors, as equity holders in our PRC subsidiaries, are necessarily subject to the bankruptcy and insolvency laws of China in a bankruptcy or insolvency proceeding involving any of such PRC subsidiaries. The PRC laws and regulations relating to bankruptcy and insolvency and the legal proceedings in that regard may significantly differ from those of the United States and other jurisdictions with which the holders of the Notes are familiar. You should analyze the risks and uncertainties in the insolvency of the Cayman Islands, BVI, Malaysia, Australia, the PRC and other jurisdictions applicable to us carefully before you invest in our Notes.

# We may be unable to obtain and remit foreign exchange

Our ability to satisfy our obligations under the Notes depends solely upon the ability of our subsidiaries in the PRC to obtain and remit sufficient foreign currency to pay dividends to us. Our PRC subsidiaries receive substantially all of their revenues in Renminbi. Our PRC subsidiaries must present certain documents to SAFE, its authorized branch, or the designated foreign exchange bank, for approval before they can obtain and remit foreign currencies out of the PRC (including, in the case of dividends, evidence that the relevant PRC taxes have been paid). Pursuant to the EIT Law, which became effective in January 1, 2008, if we are deemed a "non-resident enterprise," dividends distributed to us by our PRC subsidiaries and interest payments made to us by our PRC subsidiaries (to the extent permitted by law) are subject to a 10% withholding tax. Prior to making such interest payments, the relevant PRC subsidiary must also present evidence of payment of 10% withholding tax. If any such PRC subsidiary for any reason fails to satisfy any of the PRC legal requirements for remitting foreign currency, including the failure of SAFE to approve the registration of the relevant intercompany loans or to approve the payments under such loans, the PRC subsidiary will be unable to pay us dividends or interest and principal, when due, on the relevant intercompany loans, which may affect our ability to satisfy our obligations under the Notes.

We have substantial indebtedness and may incur substantial additional indebtedness in the future, which could adversely affect our financial health and our ability to generate sufficient cash to satisfy our outstanding and future debt obligations

We now have, and will continue to have after the offering of the Notes, a substantial amount of indebtedness. Our total borrowings, including bank and other borrowings, receipts under securitization arrangements, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the corporate bonds, as of June 30, 2016 was RMB103,112.0 million (US\$15,515.1 million), respectively.

Our substantial indebtedness could have important consequences to you. For example, it could:

- limit our ability to satisfy our obligations under the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the 2014 Club Loan, the 2015 Club Loan and other debt;
- increase our vulnerability to adverse general economic and industry conditions;
- require us to dedicate a substantial portion of our cash flow from operations to servicing and repaying our indebtedness, thereby reducing the availability of our cash flow to fund working capital, capital expenditures and other general corporate purposes;
- limit our flexibility in planning for or reacting to changes in our businesses and the industry in which we operate;
- place us at a competitive disadvantage compared to our competitors that have less debt;
- limit, along with the financial and other restrictive covenants of our indebtedness, among other things, our ability to borrow additional funds; and
- increase the cost of additional financing.

In the future, we may from time to time incur substantial additional indebtedness and contingent liabilities. Although the indentures governing the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes and the 2020 Notes restrict us and our Restricted Subsidiaries from incurring additional debt and contingent liabilities, these restrictions are subject to important exceptions and qualifications. Under the Notes, our ability to incur additional debt is subject to the limitation on indebtedness and preferred stock covenant. Under such covenant, we may incur (i) certain Permitted Indebtedness or (ii) additional indebtedness if we can, among other things, satisfy the Fixed Charge Coverage Ratio. The Fixed Charge Coverage Ratio is derived by dividing consolidated EBITDA by Consolidated Fixed Charges. Because our definition of Consolidated EBITDA includes our unrealized gains on valuation adjustments on our investment properties, our Consolidated EBITDA and therefore our ability to incur additional debt under such covenant, could be substantially larger when compared to other similarly situated PRC-based issuers of high-yield bonds whose covenant does not typically include unrealized gains in the calculation of their respective consolidated EBITDA. If we or our subsidiaries incur additional debt, the risks that we face as a result of our already substantial indebtedness and leverage could intensify.

Our ability to generate sufficient cash to satisfy our outstanding and future debt obligations will depend upon our future operating performance, which will be affected by prevailing economic conditions and financial, business and other factors, many of which are beyond our control. We anticipate that our operating cash flow will be sufficient to meet our anticipated operating expenses and to service our debt obligations as they become due. However, we may not generate sufficient cash flow for these purposes. If we are unable to service our indebtedness, we will be forced to adopt alternative strategies. These may include actions such as reducing or delaying capital expenditures, selling assets, restructuring or refinancing our indebtedness or seeking equity capital. These strategies may not be instituted on satisfactory terms, if at all.

In addition, the terms of the indentures governing the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes and the 2020 Notes prohibit us from incurring additional indebtedness unless we are able to satisfy certain financial ratios, and contain other restrictions. Our ability to meet our financial ratios may be affected by events beyond our control. We cannot assure you that we will be able to meet these ratios. Certain of our financing arrangements also impose operating and financial restrictions on our business. See "Description of other material indebtedness." Such restrictions in the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and our other financing arrangements may negatively affect our ability to react to changes in market conditions, take advantage of business opportunities we believe to be desirable, obtain future financing, fund needed capital expenditures, or withstand a continuing or future downturn in our business or the economy in general. Any of these factors could materially and adversely affect our ability to satisfy our obligations under the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and other debt.

If we are unable to comply with the restrictions and covenants in our debt agreements, the indentures governing the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the Notes, the credit agreement governing the 2014 Club Loan or the facility agreement governing the 2015 Club Loan, there could be a default under the terms of these agreements, which could cause repayment of our debt to be accelerated

If we are unable to comply with the restrictions and covenants in the Indenture governing the Notes, or our current or future debt and other agreements (including the indentures governing

the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the credit agreement governing the 2014 Club Loan or the facility agreement governing the 2015 Club Loan), there could be a default under the terms of these agreements. Under the terms of the credit agreement governing the 2014 Club Loan and the 2015 Club Loan, it is also required that Mr. Yeung Kwok Keung or Ms. Yang Huiyan remain as our chairperson. In the event of a default under these agreements, the holders of the debt could terminate their commitments to lend to us, accelerate the debt and declare all amounts borrowed due and payable or terminate the agreements, as the case may be. Furthermore, some of our debt agreements, including the indentures governing the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the Notes, the credit agreement governing the 2014 Club Loan and the facility agreement governing the 2015 Club Loan, contain cross-acceleration or cross-default provisions. As a result, our default under one debt agreement may cause the acceleration of debt, including the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the Notes, the 2014 Club Loan and the 2015 Club Loan, or result in a default under our other debt agreements. If any of these events occur, we cannot assure you that our assets and cash flow would be sufficient to repay in full all of our indebtedness, or that we would be able to find alternative financing. Even if we could obtain alternative financing, we cannot assure you that it would be on terms that are favorable or acceptable to us.

Our operations are restricted by the terms of the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the Notes, which could limit our ability to plan for or to react to market conditions or meet our capital needs, which could increase your credit risk

The indentures governing the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the Notes include a number of significant restrictive covenants. These covenants restrict, among other things, our ability, and the ability of our restricted subsidiaries, to:

- incur or guarantee additional indebtedness and issue disqualified or preferred stock;
- declare dividends on capital stock or purchase or redeem capital stock;
- · make investments or other specified restricted payments;
- issue or sell capital stock of Restricted Subsidiaries;
- guarantee indebtedness of Restricted Subsidiaries;
- sell assets;
- create liens;
- enter into sale and leaseback transactions;
- enter into agreements that restrict the Restricted Subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- enter into transactions with shareholders or affiliates; and
- effect a consolidation or merger.

These covenants could limit our ability to plan for or react to market conditions or to meet our capital needs. Our ability to comply with these covenants may be affected by events beyond our control, and we may have to curtail some of our operations and growth plans to maintain compliance.

# A trading market for the Notes may not develop, and there are restrictions on resales of the Notes

The Notes are a new issue of securities for which there is currently no trading market. The Notes will not be designated for trading on the PORTAL Market of the Financial Industry Regulatory Authority, Inc. Although approval in-principle has been received for the listing and quotation of the Notes on the SGX-ST, we cannot assure you that we will be able to obtain or maintain such listing on the SGX-ST, or that a liquid trading market will develop. We have been advised that the Initial Purchasers intend to make a market in the Notes, but the Initial Purchasers are not obligated to do so and may discontinue such market making activity at any time without notice. In addition, the Notes are being offered pursuant to exemptions from registration under the Securities Act and, as a result, you will only be able to resell your Notes in transactions that have been registered under the Securities Act or in transactions not subject to or exempt from registration under the Securities Act. See "Transfer restrictions." We cannot predict whether an active trading market for the Notes will develop or be sustained.

# The ratings assigned to the Notes may be lowered or withdrawn in the future

The Notes are expected to be rated Ba1 by Moody's Investors Service and BB+ by Fitch Ratings. The ratings address our ability to perform our obligations under the terms of the Notes and credit risks in determining the likelihood that payments will be made when due under the Notes. Additionally, we have been rated BB with a stable outlook by Standard & Poor's Ratings Services, Ba1 with a stable outlook by Moody's Investors Service and BB+ with a stable outlook by Fitch Ratings. On August 30, 2016, Moody's issued a credit opinion update, which reiterated our credit rating of Ba1 and a stable outlook. Moody's noted that we experienced weaker credit metrics in the first half of 2016 but that our credit metrics should improve over the next 12 to 18 months. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time. We cannot assure you that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by the relevant rating agency if in its judgment circumstances in the future so warrant. We have no obligation to inform holders of the Notes of any such revision, downgrade or withdrawal. A suspension, reduction or withdrawal at any time of the rating assigned to the Notes may adversely affect the market price of the Notes.

# The liquidity and price of the Notes following the offering may be volatile

The price and trading volume of the Notes may be highly volatile. Changes in our revenues, earnings and cash flows and proposals of new investments, strategic alliances or acquisitions, interest rates, prices for comparable companies, government regulations applicable to our industry and general economic conditions nationally or internationally could cause the price of the Notes to change. Any such developments may result in large and sudden changes in the volume and price at which the Notes will trade. We cannot assure you that these developments will not occur in the future.

# Certain facts and statistics are derived from publications not independently verified by us, the Initial Purchasers, the Trustee, the Agents or our or their respective advisors

Facts and statistics in this offering memorandum relating to China's economy and the property industry are derived from various official or other publications available in China. While we have taken reasonable care to ensure that the facts and statistics presented are accurately reproduced from such sources, they have not been independently verified by us, the Initial Purchasers, the Trustee, the Agents or our or their respective advisors and, therefore, we make no representation

as to the accuracy of such facts and statistics, which may not be consistent with other information compiled within or outside China. Due to possibly flawed or ineffective calculation and collection methods and other problems, the facts and statistics herein may be inaccurate or may not be comparable to facts and statistics produced for other economies and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere.

# There may be less publicly available information about us than is available in certain other jurisdictions

There may be less publicly available information about companies listed in Hong Kong than is regularly made available by public companies in certain other countries. In addition, our financial statements are prepared and presented in accordance with HKFRS, which differ in certain respects from the generally accepted accounting principles in other jurisdictions which might be material to the financial information contained in this offering memorandum. We have not prepared a reconciliation of our consolidated financial statements and related footnotes between HKFRS and other GAAP.

# Certain transactions that constitute "connected transactions" under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Listing Rules") will not be subject to the "Limitation on transactions with shareholders and affiliates" covenant

Our shares are listed on the Hong Kong Stock Exchange and we are required to comply with the Listing Rules, which provide, among other things, that any transaction between a listed company or any of its subsidiaries, on the one hand, and a "connected person" of such listed company, on the other hand, is a "connected transaction" that, if the value of such transaction exceeds the applicable de minimis thresholds, will require the prior approval of the independent shareholders of such listed company. The definition of "connected person" to a listed company includes, among others, any 10% or more shareholder of (i) such listed company or (ii) any subsidiary of such listed company. The concept of "connected person" also captures "associates," which include, among others, (a) any subsidiary of such "connected person," (b) any holding company of such "connected person" and any subsidiary of such holding company, and (c) any company in which such entity or entities mentioned in (a) and (b) above taken together has/have the power to exercise control, directly or indirectly, of 30% or more of the voting power of such company.

The "Limitation on Transactions with Shareholders and Affiliates" covenant in the Notes only applies to transactions between the Company or any Restricted Subsidiary, on the one hand, and (x) any holder (or any Affiliate of such holder) of 10% or more of any class of Capital Stock of the Company or (y) any Affiliate of the Company, on the other hand. As such, transactions between the Company or any Restricted Subsidiary, on the one hand, and an Affiliate of any Restricted Subsidiary, on the other hand, will not be captured by such covenant, even though they may be connected transactions under the Listing Rules and subject to any requirements under the Listing Rules are subject to the independent shareholders' requirement under the Listing Rules. As a result, we are not required by the terms of the Notes to ensure that any such transactions are on terms that are fair and reasonable, and we will not need to deliver officers' certificates or procure the delivery of fairness opinions of accounting, appraisal or investment banking firms to the trustee of the Notes for any such transactions.

We will follow the applicable corporate disclosure standards for debt securities listed on the SGX-ST, which may be different from those applicable to debt securities listed in certain other countries

We will be subject to reporting obligations in respect of the Notes to be listed on the SGX-ST. The disclosure standards imposed by the SGX-ST may be different than those imposed by securities exchanges in other countries or regions such as the United States or Hong Kong. As a result, the level of information that is available may not correspond to what investors in the Notes are accustomed to.

# The Notes will initially be held in book-entry form, and therefore, you must rely on the procedures of the relevant clearing systems to exercise any rights and remedies

The Notes will initially only be issued in global certificated form and held through Euroclear and Clearstream. Interests in the Notes represented by global notes will trade in book-entry form only, and the Notes in definitive registered form, or definitive registered notes, will be issued in exchange for book-entry interests only in very limited circumstances. Owners of book-entry interests will not be considered owners or holders of the Notes. The nominee of the common depositary for Euroclear and Clearstream will be the sole registered holder of the global note representing the Notes. Payments of principal, interest and other amounts owing on or in respect of the global note representing the Notes will be made to the paying agent, which will make payments to Euroclear and Clearstream. Thereafter, these payments will be credited to accounts of participants that hold book-entry interests in the global note representing the Notes and credited by such participants to indirect participants. After payment to the nominee of the common depositary for Euroclear and Clearstream, we will have no responsibility or liability for the payment of interest, principal or other amounts to the owners of book-entry interests. Accordingly, if you own a book-entry interest, you must rely on the procedures of Euroclear and Clearstream, and if you are not a participant in Euroclear and Clearstream, on the procedures of the participant through which you own your interest, to exercise any rights and obligations of a holder of Notes under the Indenture.

Unlike the holders of the Notes themselves, owners of book-entry interests will not have the direct right to act upon our solicitations for consents, requests for waivers or other actions from holders of the Notes. Instead, if you own a book-entry interest, you will be permitted to act only to the extent you have received appropriate proxies to do so from Euroclear and Clearstream. The procedures implemented for the granting of such proxies may not be sufficient to enable you to vote on a timely basis.

Similarly, upon the occurrence of an event of default under the Indenture, unless and until definitive registered notes are issued in respect of all book-entry interests, if you own a book-entry interest, you will be restricted to acting through Euroclear and Clearstream. The procedures to be implemented through Euroclear and Clearstream may not be adequate to ensure the timely exercise of rights under the Notes.

# Risks relating to the Subsidiary Guarantees and the Collateral

# Our initial Subsidiary Guarantors do not currently have significant operations

Although we conduct substantially all of our business operations through our PRC subsidiaries, none of our current PRC subsidiaries will provide a Subsidiary Guarantee either upon issuance of

the Notes or at any time thereafter. No future subsidiaries that may be organized under the laws of the PRC, or what are not permitted by applicable law or regulation to guarantee the Notes (the "Exempted Subsidiaries"), will provide a Subsidiary Guarantee at any time in the future. Moreover, the Notes will not be guaranteed by certain Non-Guarantor Subsidiaries and under the terms of the Indenture Subsidiary Guarantors may be able to release their Subsidiary Guarantees subject to certain conditions and become Non-Guarantor Subsidiaries. In addition, certain of our offshore subsidiaries are permitted to not guarantee the Notes and have their capital stock pledged to secure the notes, if the consolidated assets of all these subsidiaries (other than the Exempted Subsidiaries) do not exceed 20% of our total assets, or if the applicable law or regulation does not allow such guarantee or pledge. As a result, the Notes will be effectively subordinated to all the debt and other obligations, including contingent obligations and trade payables, of the PRC subsidiaries. In addition, the Collateral will not include the capital stock of our existing or future PRC subsidiaries.

The initial Subsidiary Guarantors that will guarantee the Notes do not have significant operations. We cannot assure you that the initial Subsidiary Guarantors or any subsidiaries that may become Subsidiary Guarantors in the future would have the funds necessary to satisfy our financial obligations under the Notes if we are unable to do so.

Under the terms of the Notes, a Subsidiary Guarantor may be able to release its Subsidiary Guarantee if it sells or issues more than 20% of the Capital Stock of such Subsidiary Guarantor to a third party, as long as the consolidated assets of all Restricted Subsidiaries organized outside the PRC (other than Exempted Subsidiaries) that are not Subsidiary Guarantors (including the New Non-Guarantor Restricted Subsidiaries) do not account for more than 20% of the our total assets.

# The Subsidiary Guarantees may be challenged under applicable insolvency or fraudulent transfer laws, which could impair the enforceability of the Subsidiary Guarantees

Under bankruptcy laws, fraudulent transfer laws, insolvency laws or unfair preference or similar laws in the BVI and other jurisdictions where future Subsidiary Guarantors may be established or where insolvency proceedings may be commenced with respect to any such Subsidiary Guarantor, a guarantee could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that guarantor if, among other things and where applicable, the guarantor, at the time it incurred the indebtedness evidenced by, or when it gives, its guarantee:

- (1) incurred the debt with the intent to hinder, delay or defraud creditors (whenever the transaction took place, and irrespective of insolvency);
- (2) put the beneficiary of the guarantee in a position which, in the event of the guarantor's insolvency, would be better than the position the beneficiary would have been in had the guarantee not been given; or
- (3) received no consideration, or received consideration in money or money's worth that is significantly less than the consideration supplied by the guarantor.

In the case of (2) and (3) above, a guarantee will only be voidable if it was entered into at a time when the guarantor was insolvent, or if it became insolvent as a consequence of doing so. Insolvency in this context under BVI law means that the guarantor is unable to pay its debts as they fall due. Additionally, a guarantee will only be voidable if it is given within the six-month

period preceding the commencement of liquidation or within the two-year period, if the guarantor and the beneficiary are connected entities.

The measure of insolvency for purposes of the foregoing will vary depending on the laws of the jurisdiction which are being applied. Generally, however, a guarantor would be considered insolvent at a particular time if it were unable to pay its debts as they fell due or if the sum of its debts was then greater than all of its property at a fair valuation or if the present fair saleable value of its assets was then less than the amount that would be required to pay its probable liabilities on its existing debt as they became absolute and matured.

In addition, a guarantee may be subject to review under applicable insolvency or fraudulent transfer laws in certain jurisdictions or subject to a lawsuit by or on behalf of creditors of the guarantors. In such case, the analysis set forth above would generally apply, except that the guarantee could also be subject to the claim that, since the guarantee was not incurred for the benefit of the guarantor, the obligations of the guarantor thereunder were incurred for less than reasonably equivalent value or fair consideration.

In an attempt to limit the applicability of insolvency and fraudulent transfer laws in certain jurisdictions, the obligations of the Subsidiary Guarantors under the Subsidiary Guarantees will be limited to the maximum amount that can be guaranteed by the applicable Subsidiary Guarantor without rendering the guarantee, as it relates to such Subsidiary Guarantor, voidable under such applicable insolvency or fraudulent transfer laws. We cannot assure you that such limitation will be effective in preserving the enforceability of any of the Subsidiary Guarantees.

If a court voided a Subsidiary Guarantee, subordinated such guarantee to other indebtedness of the Subsidiary Guarantor, or held the Subsidiary Guarantee unenforceable for any other reason, holders of the Notes would cease to have a claim against that Subsidiary Guarantor based upon such guarantee, would be subject to the prior payment of all liabilities (including trade payables) of such Subsidiary Guarantor, and would solely be creditors of us and any Subsidiary Guarantor whose guarantee was not voided or held unenforceable. We cannot assure you that, after providing for all prior claims, there would be sufficient assets to satisfy the claims of the holders of the Notes.

# The charge of certain Collateral may in certain circumstances be voidable

The charge of the Collateral may be voidable as a preference under insolvency or fraudulent transfer or similar laws of the Cayman Islands and the BVI at any time within six months of the creation of the charge or, under some circumstances, within a longer period. Charges of capital stock of future Subsidiary Guarantors may also be voidable as a preference under relevant insolvency or fraudulent transfer or similar laws. In addition, the charge of certain Collateral may be voided based on the analysis set forth under "—The Subsidiary Guarantees may be challenged under applicable insolvency or fraudulent transfer laws, which could impair the enforceability of the Subsidiary Guarantees."

If the charges of the Collateral were to be voided for any reason, holders of the Notes would have only an unsecured claim against us.

# The value of the Collateral will likely not be sufficient to satisfy our obligations under the Notes

The Collateral will consist only of the capital stock of the initial Subsidiary Guarantors. The security interest in respect of certain Collateral may be released upon the disposition of such

Collateral and any proceeds from such disposition may be applied, prior to repaying any amounts due under the Notes, to repay other debt or to make investments in properties and assets that will not be charged as additional Collateral.

The ability of the Collateral Agent, on behalf of the holders of the Notes, to foreclose on the Collateral upon the occurrence of an Event of Default or otherwise, will be subject in certain instances to perfection and priority issues. Although procedures will be undertaken to support the validity and enforceability of the security interests, we cannot assure you that the Trustee or holders of the Notes will be able to enforce the security interest.

The value of the Collateral in the event of a liquidation will depend upon market and economic conditions, the availability of buyers and similar factors. No independent appraisals of any of the Collateral have been prepared by or on behalf of us in connection with this offering of the Notes. Accordingly, we cannot assure you that the proceeds of any sale of the Collateral following an acceleration of the Notes would be sufficient to satisfy, or would not be substantially less than, amounts due and payable on the Notes. By their nature, some or all of the Collateral, in particular, the capital stock of the existing or any future Subsidiary Guarantor, may be illiquid and may have no readily ascertainable market value. Likewise, we cannot assure you that the Collateral will be saleable or, if saleable, that there will not be substantial delays in its liquidation.

Subject to the Intercreditor Agreement, the Collateral will be shared on a *pari passu* basis by the holders of the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the lenders of the 2014 Club Loan, the lenders of the 2015 Club Loan and Goldman Sachs International. Accordingly, in the event of a default on the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the 2014 Club Loan, the 2015 Club Loan, the Hedging Obligations and a foreclosure on the Collateral, any foreclosure proceeds would be shared by holders of secured indebtedness in proportion to the outstanding amounts of each class of secured indebtedness. The value of the Collateral securing the Notes and the Subsidiary Guarantees of the Subsidiary Guarantor Pledgors is unlikely to be sufficient to satisfy the Company's and each of the Subsidiary Guarantor Pledgors' obligations under the Notes, the Subsidiary Guarantees and other pari passu secured indebtedness, and the Collateral securing the Notes and such Subsidiary Guarantee may be reduced or diluted under certain circumstances, including the issuance of Additional Notes and the disposition of assets comprising the Collateral, subject to the terms of the Indenture and the Intercreditor Agreement.

### The pledge of certain Collateral may be released under certain circumstances

If we dispose of not less than 20% of the shares of a Subsidiary Guarantor, the Subsidiary Guarantees provided by such Subsidiary Guarantor and its subsidiaries, and the Collateral comprising the shares of these companies, may be released if the consolidated assets of our non-PRC subsidiaries (other than Exempted Subsidiaries) that do not guarantee the Notes do not account for more than 20% of our total assets immediately following such release. As a result, in the event we sell minority equity interests in our Subsidiary Guarantors in accordance with the terms of the Indenture, the Collateral will be reduced in value and scope, and holders of the Notes would be subject to increased risks.

The Intercreditor Agreement may affect our ability and the ability of the Subsidiary Guarantors to pay amounts due under the Notes and the Subsidiary Guarantees and may limit the rights of holders of the Notes to the Collateral

If so instructed by the holders of the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the lenders of the 2014 Club Loan, the lenders of the 2015 Club Loan, Goldman Sachs International or other permitted pari passu secured indebtedness (or their trustees or representatives) given under and in accordance with the Intercreditor Agreement, the Intercreditor/Collateral Agent is required to take action to enforce the Collateral. Any such enforcement action will adversely affect our entitlement to receive dividend or other distributions from the Collateral, which will, in turn, have an adverse impact on our ability to fulfill our payment obligations under the Notes. Similarly, the Subsidiary Guarantors' ability to pay under the Subsidiary Guarantees will be adversely affected.

The Intercreditor Agreement limits the ability of holders of the Notes to enforce the Collateral, as only the Intercreditor/Collateral Agent is permitted to take enforcement actions. The Intercreditor/Collateral Agent, pursuant to the Intercreditor Agreement, the Security Documents and underlying indentures, has duties with respect to the Collateral pledged, assigned or granted. Under certain circumstances, such duties may conflict with the interests of the holders of the Notes and other secured parties.

If an Event of Default occurs under the Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the 2014 Club Loan, the 2015 Club Loan, the Hedging Obligations or other permitted pari passu secured indebtedness, the holders of such indebtedness must decide whether to take any enforcement action with respect to the Collateral. Thereafter they may, through their respective trustee or representative, instruct the Intercreditor/Collateral Agent to take such action pursuant to the terms of the Intercreditor Agreement and the Security Documents. Such action may be adverse to holders of the Notes. In that event, the holders of the Notes would retain only the remedy to sue for payment on the Notes and the Subsidiary Guarantees.

# Use of proceeds

We estimate that the net proceeds from this offering, after deducting the underwriting discount and other estimated expenses payable by us in connection with this offering will be approximately US\$633.3 million. We intend to use the net proceeds from this offering solely for refinancing certain of our existing indebtedness and for general working capital purposes.

# **Capitalization**

The following table sets forth on an actual basis our consolidated cash and cash equivalents and capitalization as of June 30, 2016 and as adjusted to give effect to the Notes now being issued after deducting the discounts and commission and other estimated expenses of this offering. The following table should be read in conjunction with the selected consolidated financial and other data, the audited consolidated financial statements, the unaudited interim condensed consolidated financial information and related notes included elsewhere in this offering memorandum. Except as otherwise disclosed in this offering memorandum, there has been no material change in our capitalization since June 30, 2016.

#### Notes:

<sup>(1)</sup> Cash and cash equivalents exclude restricted cash of RMB18,592.3 million (US\$2,797.6 million). On August 18, 2016, our board of directors declared the payment of a 2016 interim dividend of RMB6.92 cents (US\$1.04 cents) per share, totaling approximately RMB1,538.0 million (US\$231.6 million), which has not been recognized as a liability in our unaudited interim condensed consolidated financial information as of and for the six months ended June 30, 2016. A final dividend of RMB6.47 cents (US\$0.97 cents) per share totaling RMB1,454.5 million (US\$218.9 million) was approved in our annual general meeting on May 24, 2016 and paid in cash in July 2016. The capitalization table above has not been adjusted to reflect the payment of dividend in July 2016.

<sup>(2)</sup> Short-term borrowings include the current portion of long-term bank and other borrowings and receipts under securitization arrangements of RMB6,211.0 million.

<sup>(3)</sup> As of June 30, 2016, our consolidated capital commitments were RMB82,755.9 million (US\$12,452.2 million) and our contingent liabilities, most of which were in the form of guarantees that we have provided to our customers in relation to their purchase of our properties, amounted to approximately RMB90,650.5 million (US\$13,640.1 million). See "Management's discussion and analysis of financial conditions and results of operations—Liquidity and capital resources—Contingent liabilities" and "—Capital commitments."

<sup>(4)</sup> Long-term borrowings include bank and other borrowings, senior notes and corporate bonds, and exclude the current portion of long-term borrowings.

- (5) As of June 30, 2016, we had a series of domestic corporate bonds outstanding, including Zengcheng RMB6,000,000,000,000 Domestic Corporate Bonds, Zengcheng RMB8,000,000,000 Domestic Corporate Bonds, the Company Domestic Corporate Bonds, and Islamic medium term notes. See "Description of other material indebtedness." In August 2016, we issued the third tranche of the Company Domestic Corporate Bonds issued in 2016 in the principal amount of RMB1.0 billion (US\$150.5 million) with a coupon rate of 4.60% per annum and a term of five years. In September 2016, we issued the fourth tranche of the Company Domestic Corporate Bonds issued in 2016 in the principal amount of RMB10.0 billion (US\$1.5 billion) with a coupon rate of 4.15% per annum and a term of four years for the principal amount of RMB4,170,000,000 and a coupon rate of 5.65% per annum and a term of seven years for the principal amount of RMB5,830,000,000. The capitalization table above has not been adjusted to reflect the issuance of domestic corporate bonds subsequent to June 30, 2016. See "Description of other material indebtedness—Company Domestic Corporate Bonds."
- (6) We bought back 320,580,000 of our shares during the six months ended June 30, 2016, of which 262,628,000 Shares have been cancelled as of June 30, 2016. The total consideration paid to buy back the shares was approximately RMB809.5 million (US\$121.8 million), which has been deducted from shareholders equity.
- (7) Total capitalization equals total short-term borrowings and total long-term borrowings plus equity attributable to owners of the Company.

We continue to enter into short-term and long-term borrowings in the ordinary course of business, such as construction and project loans. In addition, we may from time to time enter into other financing arrangements, such as corporate bonds, securitization arrangements, offshore facilities, trust financing arrangements and perpetual loan arrangements. See "Management's discussion and analysis of financial condition and results of operations—Liquidity and capital resources—Capital resources" and "Description of other material indebtedness."

# Selected consolidated financial and other data

The following tables present our selected financial and other data. The selected financial data as of and for each of the fiscal years ended December 31, 2013, 2014 and 2015 (except for EBITDA data) is derived from our audited consolidated financial statements as of and for the years ended December 31, 2014 and 2015 and included elsewhere in this offering memorandum. The summary financial data as of and for each of the six months ended June 30, 2015 and 2016 (except for EBITDA data) is derived from our unaudited but reviewed interim condensed consolidated financial information as of and for the six months ended June 30, 2016 and included elsewhere in this offering memorandum. Results for interim period are not indicative of the results for the full year. Our financial information has been prepared and presented in accordance with HKFRS, which differ in certain material respects from generally accepted accounting principles in other jurisdictions. The summary financial data below should be read in conjunction with "Management's discussion and analysis of financial condition and results of operations" and the consolidated financial information and the related notes included elsewhere in this offering memorandum.

Notes:
(1) In 2014, our management approved a business plan and reclassified certain properties from properties under development, properties held for sale or self-use to investment properties. To reflect this reclassification, we have designated a separate

business segment for property investment since 2014. In addition, rental income included in other income and gains for 2013 was reclassified to revenue to conform to the new presentation format in 2014.

In 2014, we changed our accounting policy on investment properties. Prior to June 30, 2014, our investment properties were stated at historical cost less accumulated depreciation and impairment loss. Subsequent to the change in accounting policy, investment properties are carried at fair value. If an item of property, plant and equipment or land use rights becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognized in equity as a revaluation gain or loss.

(2) EBITDA for any period consists of operating profit plus interest income, depreciation expenses of property, plant and equipment and investment property and amortization of land use rights and intangible assets, net of exchange gains or losses. EBITDA is not a standard measure under HKFRS. EBITDA is a widely used financial indicator of a company's ability to service and incur debt. EBITDA should not be considered in isolation or construed as an alternative to cash flows, net income or any other measure of performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities. EBITDA does not account for taxes, interest expense or other non-operating cash expenses. In evaluating EBITDA, we believe that investors should consider, among other things, the components of EBITDA such as sales and operating expenses and the amount by which EBITDA exceeds capital expenditures and other charges. We have included EBITDA because we believe it is a useful supplement to cash flow data as a measure of our performance and our ability to generate cash flow from operations to service debt and pay taxes. EBITDA presented herein may not be comparable to similarly titled measures presented by other companies. Investors should not compare our EBITDA to EBITDA presented by other companies because not all companies use the same definition. See "Management's discussion and analysis of financial condition and results of operations—Non-GAAP financial measures" for a reconciliation of our profit for the year under HKFRS to our definition of EBITDA. Investors should also note that EBITDA as presented herein may be calculated differently from Consolidated EBITDA as defined and used in the Indenture governing the Notes. See "Description of the Notes-Definitions" for a description of the manner in which Consolidated EBITDA is defined for purposes of the Indenture governing the Notes.

(3) EBITDA margin is calculated by dividing EBITDA by revenue.

#### Note

<sup>(1)</sup> In 2014, our management approved a business plan and reclassified certain properties from properties under development, properties held for sale or self-use to investment properties. To reflect this reclassification, we have designated a separate business segment for property investment since 2014. In addition, rental income included in other income and gains for 2013 was reclassified to revenue to conform to the new presentation format in 2014.

In 2014, we changed our accounting policy on investment properties. Prior to June 30, 2014, our investment properties were stated at historical cost less accumulated depreciation and impairment loss. Subsequent to the change in accounting policy, investment properties are carried at fair value. If an item of property, plant and equipment or land use rights becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognized in equity as a revaluation gain or loss.

# Management's discussion and analysis of financial condition and results of operations

The following discussion should be read in conjunction with our consolidated financial information together with the accompanying notes included elsewhere in this offering memorandum. Our consolidated financial statements were prepared in accordance with HKFRS.

This section includes forward-looking statements that involve risks and uncertainties. All statements, other than statements of historical facts, included in this section that address activities, events or developments which we expect or anticipate will or may occur in the future are forward-looking statements. These statements are based on assumptions and analyses we made in light of experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate under the circumstances.

Unless the context otherwise requires, references to "2013," "2014" and "2015" in this offering memorandum are to our financial years ended December 31, 2013, 2014 and 2015, respectively. Unless the context otherwise requires, reference to "the first half of 2015" and to "the first half of 2016" in this offering memorandum are to our interim financial period for the six months ended June 30, 2015 and June 30, 2016, respectively. References to "associate" or "associates" and "joint venture" or "joint ventures" in this section are to associates and joint ventures as respectively defined in HKFRS.

### Overview

We are one of the leading integrated property developers in the PRC, with substantially all of our assets and operations based in the PRC. Since the commencement of our property development activities in 1997, we have benefited from, and we expect to continue to benefit from, the growth in the property sector associated with the economic development in the PRC, particularly in Guangdong Province, which is one of the most affluent provinces and fastest growing economies in the PRC. Our primary business has been the development of large-scale residential community projects and the sale of various types of properties, including townhouses, apartment buildings, parking spaces and retail shops. The majority of our products are targeted towards end-user customers. As an integrated property developer, our lines of business also include construction, installation, fitting and decoration as well as property management. Our residential home projects are generally located in the suburban areas of first-tier cities and in the newly urbanized town centers of second- and third-tier cities. In December 2011 and October 2013, we expanded our operations into Malaysia and Australia, respectively.

As of June 30, 2016, we had 536 projects at various stages of development. Of these projects, 190 were located in Guangdong Province: 31 in Guangzhou City, 31 in Dongguan City, 26 in Foshan City, 18 in Jiangmen City, 18 in Huizhou City, 12 in Zhaoqing City, 12 in Meizhou City and the remaining in various other cities. We also had 346 projects located outside Guangdong Province, spanning 21 provinces, two autonomous regions, three municipalities in the PRC as well as two projects in the State of Selangor, Malaysia, two projects in the State of Johor, Malaysia and one project in Sydney, Australia.

As of June 30, 2016, our projects had an aggregate completed GFA of approximately 90,456,910 sq.m. We had an aggregate GFA under development of approximately 50,940,205 sq.m. and an aggregate GFA of approximately 64,045,683 sq.m. relating to properties

held for future development as of the same date. We have obtained land use rights certificates, development and operation rights or land title in respect of the completed GFA, GFA under development and GFA held for future development. In addition, as of June 30, 2016, we had entered into land grant contracts or sale and purchase agreements in respect of land located in 104 cities in the PRC with an aggregate site area of approximately 12,257,125 sq.m. and an aggregate expected GFA of approximately 23,460,338 sq.m. for future development.

We also develop hotels to complement our residential properties. Most of these hotels are located in our large-scale residential community projects, which we believe have added value to such residential projects and enhanced our brand recognition. As of June 30, 2016, we had developed and were operating eight five-star hotels and two four-star hotels, as well as 37 hotels which were developed in accordance with the five-star rating standard set forth in the "Star-Rating Standard for Tourist Hotels" (旅遊飯店星級的劃分與評定) issued by the PRC National Tourism Administration and four hotels which were developed in accordance with the four-star standard of the "Star-Rating Standard for Tourist Hotels." In addition, we had seven hotels under construction in accordance with the five-star rating standard and one hotel under construction in accordance with the four-star rating standard set forth in the "Star-Rating Standard for Tourist Hotels."

#### Revenue

Our revenue comprises primarily of proceeds from the sale of properties and provision of services after the elimination of intra-group transactions. Our revenue is primarily generated from our five business segments, consisting of property development, construction, fitting and decoration, property investment, property management and hotel operation.

The table below sets forth the revenue by segments and their percentage of the total revenue:

#### Note

<sup>(1)</sup> In 2014, our management approved a business plan and reclassified certain properties from properties held for sale or self-use to investment properties. To reflect this reclassification, we have designated a separate business segment for property investment since 2014. In addition, rental income included in other income and gains for 2013 was reclassified to revenue to conform to the period presentation since 2014.

Revenue from property development represents proceeds from the sale of our properties. As we derive a substantial amount of our total revenue from the property development segment, our results of operations for a given period are dependent upon the type and GFA of properties we have completed during that period, the market demand for those properties and the price we are able to obtain for such properties. Conditions in the property markets in which we operate change from period to period and are significantly affected by the general economic, political and regulatory developments in the PRC. See "—Key factors affecting our performance."

We recognize revenue from the sales of properties when the construction has been completed and the properties have been delivered to the purchasers with the collectability of related receivables reasonably is assured. For each of the years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016, we recognized revenue of RMB60,043.3 million, RMB81,897.9 million, RMB109,460.4 million (US\$16,470.4 million) and RMB55,406.4 million (US\$8,336.9 million) in connection with the delivery of an aggregate GFA of 9.2 million sq.m., 12.2 million sq.m., 17.7 million sq.m. and 8.9 million sq.m. of property, respectively.

Consistent with customary practice in the property development industry in the PRC, after satisfying the conditions for pre-sales according to PRC laws and regulations, we typically enter into purchase contracts with customers while the properties are still under development. See "Business—Property development—Pre-sales." Generally there is a time difference typically ranging from several months to one year between the time we commence pre-selling of properties under development and the delivery of properties to the purchasers. We do not recognize any revenue from the pre-sales of our properties until the development of such properties is completed and the properties are delivered to the purchasers, even though a portion of the purchase price for a property is typically paid at various stages prior to the delivery of properties. Before the delivery of a pre-sold property upon the completion of development, deposits, installments and purchase price or portions thereof received from our customers are recorded as "advanced proceeds received from customers," a current liability on our statement of financial position.

Revenue from construction services is recognized in the accounting period in which the services are rendered by reference to completion of the specific transaction and assessed on the basis of the contract costs incurred up to the end of the reporting period as a percentage of the total estimated costs for each contract. Revenue from decoration, property management and hotel operation is recognized in the accounting period in which the services are rendered. The revenue generated by certain of our subsidiaries comprising the construction, fitting and decoration, property management and hotel operation segments from services provided to our projects is eliminated in our consolidated financial statements. For each of the three years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016, our construction, fitting and decoration segment generated revenue of RMB866.9 million, RMB467.9 million, RMB746.4 million (US\$112.3 million) and RMB192.3 million (US\$28.9 million), respectively; our property management segment generated revenue of RMB777.1 million, RMB964.1 million, RMB1,469.3 million (US\$221.1 million) and RMB969.0 million (US\$145.8 million), respectively; and our hotel operation segment generated revenue of RMB994.5 million, RMB1,132.3 million, RMB1,454.9 million (US\$218.9 million) and RMB741.9 million (US\$111.6 million), respectively.

In 2014, our management approved a business plan and reclassified certain properties from properties held for sale or self-use to investment properties. To reflect this reclassification, we have designated a separate business segment for property investment format 2014. As of June 30, 2016, the total GFA of the investment properties held amounted to approximately 1.2 million sq.m., and the fair value of these investment properties amounted to RMB9,638.8 million,

including RMB8,959.6 million of completed investment properties and RMB679.2 million of investment properties under construction. For each of the years ended December 31, 2014 and 2015 and the six months ended June 30, 2016, our property investment segment generated revenue of RMB86.7 million, RMB91.7 million (US\$13.8 million) and RMB52.8 million (US\$7.9 million), respectively.

#### Note

Cost of sales represents primarily the costs we incur directly for our property development activities which include construction, decoration and design costs, land use rights cost and business taxes and levies.

The table below sets forth for the periods indicated, the components of our cost of properties sold, and the percentage of the cost of properties sold represented by each component.

<sup>(1)</sup> In 2014, our management approved a business plan and changed the holding intention of certain properties from holding for sale or self use to long-term rental. To reflect this change in intention, we have designated a separate business segment of property investment since 2014. In addition, rental income included in other income and gains in the prior period is reclassified to revenue to conform to the new presentation format in 2014.

Properties under development are stated at the lower of cost and net realizable value. Net realizable value takes into account the price ultimately expected to be realized and the anticipated costs to complete the properties. Completed properties remaining unsold at the end of each financial period are stated at the lower of cost and net realizable value.

Construction, decoration and design costs. Construction, decoration and design costs comprise self-construction costs, outsourcing costs, fitting and decoration costs and design costs. The price of raw materials, the level of complexity of the construction and design and the luxury level in the decoration are the principal factors affecting the average construction costs. Therefore, construction costs of a property project may fluctuate if the conditions of the site require more complex designs and procedures or more expensive materials in order to provide the desired foundation support.

Land use rights cost. Land use rights cost represents costs relating to the acquisition of the rights to occupy, use and develop land, including land premiums, deed taxes and government surcharges and demolition and resettlement cost. The land costs are recognized as part of cost of sales upon the completion and delivery of relevant properties to the purchasers.

Business taxes. Our PRC subsidiaries are subject to local business taxes. The effective business tax rate for each of our property development, construction, fitting and decoration, property investment, property management and hotel operation businesses as of June 30, 2016 was 5%, 3%, 5%, 5% and 5%, respectively. Business tax is levied on the revenue from the sales of properties or rendering of services. Accordingly, the total business tax recognized in our cost of sales increases or decreases along with the movement of revenue recognized.

### Other income and gains—net

Other income and gains—net represent other income and gains, including refund of land usage tax and other government grants, gains on disposal of properties under development, income from forfeiture of deposits and advances received from customers, gains on bargain purchase, gains on disposal of investment properties and property, plant and equipment and others, net of any loss on disposals of property, plant and equipment and investment properties.

# Gains arising from changes in fair value of and transfer to investment properties

Pursuant to a business plan approved by our management in June 2014, we changed the use of certain properties from holding for sale or self-use to earning long-term rental. As a result, certain properties previously categorized as properties under development, completed properties held for sale, property, plant and equipment and land use rights were transferred to investment properties in 2014. These properties were remeasured at their respective fair values upon transfer. In 2014, 2015 and the first half of 2016, for properties transferred from properties under development and completed properties held for sale to investment properties, the differences between the fair values and carrying amounts upon transfer were recognized in profit or loss as gains arising from changes in fair value of and transfer to investment properties.

### Selling and marketing costs

Selling and marketing costs include advertising and promotion expenses relating to sales of properties, selling and marketing staff costs, including selling commissions for our sales staff, and other selling expenses.

#### **Administrative expenses**

Administrative expenses include primarily staff costs, materials consumption cost, depreciation, property tax and donations.

#### **Finance costs**

Finance costs consist primarily of interest costs as a result of bank borrowings and the issue of senior notes. Finance costs fluctuate from period to period due primarily to fluctuations in our level of outstanding indebtedness, the interest rates on our borrowings and the capitalization of borrowing costs.

### Income tax expenses

Enterprise Income Tax. Income tax expense represents PRC enterprise income tax accrued by our operating subsidiaries and provision for LAT. We are an exempted company in the Cayman Islands, and are not subject to Cayman Islands income tax. Our BVI companies holding our PRC subsidiaries are also not subject to BVI income tax. Our PRC subsidiaries are subject to enterprise income tax at a rate of 25% pursuant to the EIT Law.

Pursuant to the EIT Law, dividends distributed by our PRC subsidiaries to us or our non-PRC subsidiaries are subject to a withholding tax of 5% for enterprises incorporated in Hong Kong, subject to approval by the relevant authorities and 10% for enterprises incorporated outside of Hong Kong if we or our non-PRC subsidiaries, as the case may be, are deemed as a "non-resident enterprise."

*LAT*. The LAT expense recorded in our statement of comprehensive income for any given period represents the provision and payment for LAT with respect to the recognized revenue in that period.

Under PRC laws and regulations, our PRC subsidiaries engaging in property development are subject to LAT, which is collected by the local tax authorities. All income from the sale or transfer of state-owned land use rights, buildings and their attached facilities in the PRC is subject to LAT at progressive rates ranging from 30% to 60% of the appreciation value as defined in the relevant tax laws, with certain exemptions available for the sale of ordinary standard residential houses if the appreciation value does not exceed 20% of the total deductible items as defined in the relevant tax laws. See "Regulation-Legal supervision relating to property sector in the PRC-H. Major taxes applicable to property developers—(c) Land appreciation tax." Sales of commercial properties are not eligible for this exemption. Whether a property qualifies for the ordinary standard residential houses exemption is determined by the local government taking into consideration the property's plot ratio, aggregate GFA and sales price. Sales of properties with higher appreciation values are generally subject to higher LAT rates. On December 28, 2006, the State Administration of Taxation issued the Notice on the Administration of the Settlement of Land Appreciation Tax of Property Development Enterprises (關於房地產開發企業土地增值稅清算管理有關問題的通知) which came into effect on February 1, 2007. Such notice provides further clarifications as to the settlement of LAT. Local provincial tax authorities can formulate their own implementation rules in accordance with the notice and local situation. On May 19, 2010, the SAT issued the Circular on Issues Concerning Settlement of Land Appreciation Tax (關於土地增值稅清算有關問題的通知) to clarify and strengthen the settlement of LAT. Furthermore, on May 25, 2010, the SAT issued the Notice on Strengthening the Collection of Land Appreciation Tax (關於加強土地增值税徵管工作的通知), which requires that the

minimum LAT prepayment rate shall be 2% for provinces in the eastern region, 1.5% for provinces in the central and northeastern regions, and 1% for provinces in the western region. We estimate and make provisions for the full amount of applicable LAT in accordance with the requirements set forth in the relevant PRC tax laws and regulations, but only pay a portion of such provisions each year as required by the local tax authorities under prevailing practice.

Our LAT expense for 2013, 2014 and 2015 and the first half of 2016 was RMB1,634.8 million, RMB1,644.9 million, RMB1,111.1 million (US\$167.2 million) and RMB827.4 million (US\$124.5 million), respectively.

Our effective income tax rate is affected by PRC enterprise income tax expense and LAT as described above. Our effective income tax rate is also affected by expenses incurred outside the PRC, such as the interest and other expenses incurred on the Convertible Bonds and senior notes, which are not deductible for purposes of PRC income tax. Our effective income tax rate was 34.3% in 2013, 35.2% in 2014, 34.5% in 2015 and 32.6% in the six months ended June 30, 2016.

### Non-controlling interests

Non-controlling interests represent our profits or losses after taxation that are attributable to minority shareholders of our non-wholly owned subsidiaries.

# Key factors affecting our performance

Our business, financial condition and results of operations are affected by a number of factors, many of which are beyond our control, including those set out below.

# Economic growth, speed of urbanization and demand for residential properties in China

Economic growth, urbanization and rising standards of living in China have been the main driving forces behind the increasing market demand for residential properties. The growth in demand for residential properties in the PRC, including Guangdong Province, in the last decade has often been coupled with volatility in market conditions and fluctuations in property prices. Developments in the economy and the rate of urbanization have in the past increased the demand for residential properties and affected pricing trends in the property sector in the cities and regions where we operate in China. We believe that these factors will continue to significantly affect our results of operations. China's rate of economic growth has slowed in recent years, and a portion of continuing economic growth has been driven by increased borrowing by local governments and corporations. During 2015, China's economy grew 6.9% from a year earlier, which was the lowest annual growth rate in 25 years. Further slowing in China's economic growth (including as a result of measures designed to control liquidity in the economy) could also affect our results of operations. See "Risk factors—Risks relating to our business—We are heavily dependent on the performance of the property market in the PRC, particularly in Guangdong Province, and may be affected by the performance of the property market in other places where we conduct our operations."

The slowdown of the worldwide economy from 2008 to early 2009, including that of China, resulted in the decline in real estate market sentiment, which have adversely affected property demand and average selling prices in many areas of China. In 2010, a financial crisis emerged in Europe, creating concerns about the ability of certain European nations to continue to service their sovereign debt obligations. On August 6, 2011, S&P downgraded the rating for long-term

United States debt to "AA+" from "AAA" for the first time in 70 years and on December 1, 2014, Moody's downgraded the debt rating of Japan to "A1" from "Aa3." These events, including the uncertainties surrounding Brexit, coupled with ongoing political unrest in the Middle East, Eastern Europe and Africa, particularly the crisis in Crimea, have resulted in an environment of macroeconomic uncertainty. It is difficult to determine the impact that any global economic slowdown and financial crisis may have on the property industry in China. If any global economic slowdown or financial market crisis eventuates, continues or worsens, our business prospects, revenues, cash flows and financial condition could be materially and adversely affected.

### Regulatory measures in the property industry in China

PRC government policies and measures on property development and related industries have a direct impact on our business and results of operations. From time to time, the PRC government adjusts its macroeconomic control policies to encourage or restrict development in the private property sector through measures relating to, among other things, land grants, pre-sales of properties, bank financing and taxation. The PRC government has continued to increase regulation over the property market since 2010. Policies restricting property purchases were adopted in nearly 50 cities in 2011, as compared to fewer than 25 cities in 2010. In 2012, the PRC government continued to implement selected policies aimed at further cooling the real estate property market, though at the same time, the PRC government implemented selected measures to support the growth of the Chinese economy, such as lowering banks' reserve requirement ratio and reducing benchmark lending rates. On February 20, 2013, the PRC government released five new policies to regulate the real estate market, including new initiatives to control speculative property investments, increase housing and land supply and step up construction of affordable housing. On February 26, 2013, the State Council issued six property tightening measures, which included an income tax levy on homeowners of as high as 20% on profit made from selling their homes. The State Council also stated that local branches of the central bank in certain cities could increase their down payment rate and mortgage loan interest rate for homebuyers purchasing a second unit. Furthermore, the new measures stipulated that non-local families without a certain number of years of tax payment certificates would be banned from buying homes in the cities in which they currently reside. Regulations were also promulgated at various levels to promote affordable housing. Since June 2014, many cities, including those where our property projects are located, have lifted or eased the limitation on the purchase of commodity properties. In 2015, the Ministry of Finance also expanded a business tax exemption to include sellers who have owned their home for as little as two years, rather than the previous minimum of five years. PRC regulatory measures in the real estate industry will continue to affect our business and results of operations. See "Regulation-Legal supervision relating to property sector in the PRC," "Risk factors—Risk relating to the property sector in the PRC—The property industry in the PRC is subject to government regulations and policies, which could have the effect of slowing down the industry's growth," "Industry overview—The property industry in the PRC— Property reforms" and "Regulation" for more details.

We are also highly susceptible to any regulations or measures adopted by PBOC that may restrict bank lending to enterprises, particularly to property developers. Moreover, a substantial portion of our purchasers depend on mortgage financing to purchase our properties. Regulations or measures adopted by the PRC government that are intended to restrict the ability of purchasers to obtain mortgages or that increase the costs of mortgage financing may decrease market demand for our properties and adversely affect our sales revenue.

### Ability to acquire suitable land for future property development

Our continuing growth will depend in large part on our ability to acquire quality land at prices that can yield reasonable returns. Based on our current development plans, we believe we have sufficient land reserves for property developments for the next three to five years. Assuming that the PRC economy continues to grow at a relatively high speed and demand for residential properties remains strong, we expect that competition among developers for land reserves that are suitable for property development will intensify. In addition, the public tender, auction and listing-for-sale practice in respect of the grant of state-owned land use rights is also likely to increase competition for land development and to increase land acquisition costs. Furthermore, in November 2009, the PRC government raised the minimum down-payment of land premium to 50% and required the land premium to be fully paid within one year after the signing of a land grant contract, subject to limited exceptions. In March 2010, the Ministry of Land and Resources promulgated a notice to strictly regulate the transfer of land for commercial buildings. According to the notice, the area of a parcel of land granted for commodity residential development should be strictly restricted in accordance with the catalog of restricted use of land and the minimum price of the land transfer should not be less than 70% of the benchmark price of the place where the land being transferred is located, and the real estate developer's bid deposit should not be less than 20% of the minimum transfer price. See "Regulation." These changes of policy may materially and adversely affect our cash flow and our ability to acquire suitable land for our operations. In addition, as we expand to overseas markets, our ability to obtain suitable land in those markets will also become increasingly important to our operations and liquidity.

#### **Pre-sales**

Pre-sales constitute the most important source of our operating cash inflow during our project development process. PRC law allows us to pre-sell properties before their completion upon satisfaction of certain requirements and requires us to use the pre-sales proceeds to develop the projects pre-sold. The amount and timing of cash inflows from pre-sales are affected by a number of factors, including timing and other restrictions on pre-sales imposed by the PRC government, market demand for our properties subject to pre-sales and the number of properties we have available for pre-sale. Reduced cash flow from pre-sales of our properties will increase our reliance on external financing and will affect our ability to finance our continuing property developments.

### Access to and cost of financing

Bank borrowing is another important source of funding for our property developments. As of December 31, 2013, 2014 and 2015 and June 30, 2016, our outstanding bank and other borrowings amounted to RMB33,189.2 million RMB38,794.9 million, RMB53,607.1 million (US\$8,066.2 million) and RMB51,835.1 million (US\$7,799.6 million), respectively. As commercial banks in China link the interest rates on their bank loans to benchmark lending rates published by PBOC, any increase in such benchmark lending rates will increase the interest costs related to our developments. Our access to capital and cost of financing are also affected by restrictions imposed from time to time by the PRC government on bank lending for property development.

We have also sought financing in the international capital markets through the offerings of the 2014 Notes, the 2017 Notes, the 2015 Notes, the 2018 Notes, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes and the 2020 Notes, which generally give us a longer maturity term

but bear higher interest rates than bank borrowings. Access to and cost of financing in the international capital markets is subject to a number of factors, including the global economic conditions and liquidity in the credit markets. In addition, we have also sought financing through the issuance of a series of domestic corporate bonds, Islamic medium term notes and receipts under securitization arrangements. See "Description of other material indebtedness".

# Timing of property development

The number of property developments that a developer can undertake during any particular period is limited due to the substantial amount of capital required for land acquisitions and construction costs as well as limited land supply. Property developments may take many months, or possibly years, before any pre-sale occurs. While pre-sales generate positive cash flow for us, no sales revenue is recognized in respect of such presold properties until development and the property is delivered to the purchaser. We aim to time the launch of pre-sales of our properties to coincide with strong periods of expected demand. As market demand is not stable, sales revenue in a particular period therefore depends on our ability to gauge the expected demand in the market at the launch time for completion of a particular project. As a result, our results of operations have fluctuated in the past and are likely to continue to fluctuate in the future.

### Price volatility of construction materials

Our results of operations are affected by price volatility of construction materials such as steel and cement. The cost of construction materials constitutes the most important item in our construction costs. With a view to achieving economies of scale and lowering our purchase costs, we seek to use centralized procurement for projects undertaken by our own construction companies. However, any increase the cost in construction materials will increase our construction costs. If we cannot pass the increased costs on to our customers, our profitability will suffer.

# Changes in product mix

The prices and gross profit margins of our products vary by the types of properties we develop and sell. Our gross profit margin is affected by the proportion of sales revenue attributable to our higher gross margin products compared to sales revenue attributable to lower gross margin products. Typically, our low-density units have commanded higher selling prices and gross profit margins than apartment units. Historically, a substantial portion of the projects we have developed have had low plot ratios, permitting us to increase our sales of low density units. Due to regulations in the PRC, we can no longer develop stand-alone villas on land acquired after May 2006. More recently, we have begun acquiring land with higher plot ratios, which will require us to increase the proportion of apartments that we develop and sell. We believe that we have a diversified product portfolio, and we are currently developing strategies to address changes in product mix that may result from such higher plot ratios, such as offering decorated apartment products. If we are unable to successfully develop and execute such strategies, our profit margins may decline as the proportion of our sales comprising apartments increases.

# **LAT**

Our property developments are subject to LAT with respect to the appreciated value of the related land and improvements on such land. LAT applies to both domestic and foreign investors

of property in China, irrespective of whether they are corporate entities or individual investors. Our LAT expense recognized on our statements of comprehensive income for each of the three years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016 was RMB1,634.8 million, RMB1,644.9 million, RMB1,111.1 million (US\$167.2 million) and RMB827.4 million (US\$124.5 million), respectively. We prepay LAT with reference to our pre-sales proceeds and the tax rates set out by local tax authorities. See "Risk factors—Risks relating to our business—The relevant PRC tax authorities may challenge the basis on which we calculate our LAT obligations," "—Certain profit or loss items—Cost of sales" and "—Certain profit or loss items—Income tax expenses."

Generally, LAT on apartments is lower than LAT on low-density units, as apartments generally have lower selling prices.

#### Labor costs

In addition, with the overall improvement of living standards in the PRC as well as the PRC government's recent policies aiming to increase wages of migrant workers, we expect the trend of increasing labor costs to continue in the near future, which in turn will increase our operating costs.

# Interim fluctuation of results of operations

Our results of operations tend to fluctuate from period to period. The number of properties that we can develop or complete during any particular period is limited due to the substantial amount of capital required for land acquisition, demolition, resettlement and construction, limited land supplies and lengthy development periods before positive cash flows may be generated. In addition, in recent years, we began to develop larger-scale property developments and, as a result, we develop properties in multiple phases over the course of several years. Typically, the selling prices of properties in such larger-scale property developments tend to increase as the overall development comes closer to completion, thus offering a more established residential community to the purchasers. Seasonal variations, as we disclosed in "Risk factors—Risks relating to our business—We face risks relating to fluctuations of results of operations from period to period," have also caused fluctuations in our interim revenue and profits, including quarterly and semi-annual results. As a result, our results of operations fluctuate and our interim results do not proportionally reflect our annual results.

# **Critical accounting policies**

Critical accounting policies are those accounting policies that are reflective of significant judgments and uncertainties and that potentially yield materially different results under different assumptions and conditions.

Our consolidated financial statements have been prepared in accordance with HKFRS. HKFRS requires that we adopt accounting policies and make estimates that, our directors believe, are the most appropriate under the circumstances for the purposes of giving a true and fair view of our results and financial condition. In preparing our consolidated financial statements, we made certain estimates and assumptions about future events based on our experience. The resulting accounting estimates will, by definition, seldom equal the actual results. The estimates and assumptions that may have a significant effect on the carrying amounts of assets and liabilities

mainly include those related to property development activities. For more details about our critical accounting estimates and judgments, see note 4 to our audited financial information as of and for the year ended December 31, 2015 and note 5 to our reviewed financial information as of and for the six months ended June 30, 2016 included elsewhere in this offering memorandum.

Revenue recognition. Revenue comprises primarily the proceeds from property development, construction, fitting decoration, property investment, property management and hotel operation after the elimination of intra-group transactions. Revenue from property sales is recognized when the construction has been completed and the properties have been delivered to the purchasers with the collectability of related receivables is reasonably assured. Deposits and installments received on properties sold prior to the date of revenue recognition are included in our consolidated statement of financial position as advanced proceeds received from customers under current liabilities. Revenue arising from construction services is recognized in the accounting period in which the services are rendered by reference to completion of the specific transaction and assessed on the basis of the contract costs incurred up to the end of the reporting period as a proportion of the total estimated costs for each contract. Revenues arising from decoration service, hotel operation and property management are recognized in the accounting period in which the services are rendered.

Land use rights cost. Land use rights cost typically comprises payments to government authorities for obtaining the right to occupy, use and develop land, certain fees for altering the intended use of land and resettlement costs. Land use rights which are held for development and subsequent sale are classified as inventories and included in "Properties under development" or "Completed properties held for sales" under "Current assets" or "Non-current assets" in accordance with HKAS 2 and measured at the lower of cost and net realizable value.

Properties under development and completed properties held for sale. Properties under development which have either been pre-sold or which are intended for sale and are expected to be completed within a normal operating cycle are classified as current assets. Properties under development are stated at the lower of cost and net realizable value. Net realizable value for our properties under development is determined by reference to management estimates of the selling price based on prevailing market conditions, less applicable variable selling expenses and the anticipated costs to completion.

Development cost of a property comprises land use rights, construction costs, capitalized costs and professional fees incurred during the development period of a normal operating cycle. Upon completion, the properties are transferred to completed properties held for sale.

Completed properties remaining unsold at the end of each financial period are stated at the lower of cost and net realizable value. Net realizable value for our completed properties held for sale is determined by reference to management estimates of the selling price based on prevailing market conditions, less applicable variable selling expenses.

Income taxes and deferred taxation. Significant judgment is required in determining the provision for income tax. Such determinations are often uncertain. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such difference will affect the income tax and deferred tax provision in the period in which such determination is made.

Deferred tax assets relating to certain temporary differences and tax losses are recognized when management considers to be probable that future taxable profit will be available against which

the temporary differences or tax losses can be utilized. The outcome of their actual utilization may be different.

Change in accounting policy on investment properties. In 2014, we changed our accounting policy on investment properties. Prior to 2014, our investment properties were stated at historical cost less accumulated depreciation and impairment loss. They were depreciated using the straight line method over estimated useful life of 20 years. Subsequent to the change in accounting policy, investment properties are carried at fair value. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If the information is not available, we use alternative valuation methods such as recent prices on less active markets or discounted cash flow projections. Changes in fair values are recorded in profit or loss as part of a valuation gain or loss in "other gains—net."

If an item of property, plant and equipment or land use rights becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognized in equity as a revaluation gain or loss. However, if a fair value gain reverses a previous impairment loss, the gain is recognized in profit or loss to the extent the impairment provision previous made. For a transfer from inventories to investment property that will be carried at fair value, any difference between the fair value of the property at that date and its previous carrying amount shall be recognized in profit or loss.

Change in accounting policy on the classification, measurement and derecognition of financial assets and liabilities. In January 2016, we early adopted HKFRS 9, which was issued in July 2014 and introduced new rules for hedge accounting and a new impairment model for financial assets. Our adoption of this accounting policy resulted in adjustments to the amounts recognized in our financial statements. In accordance with the transitional provisions in HKFRS 9, comparative figures have not been restated. As a result, any adjustments to carrying amounts of financial assets or liabilities are recognized at the beginning of the current reporting period, with the difference recognized in opening retained earnings. Provisions for impairment have not been restated in the comparative period as well. See notes 3 and 4 to the unaudited interim condensed consolidated financial information as of and for the six months ended June 30, 2016 included elsewhere in this offering memorandum.

Estimates for impairment of hotel assets. Management performs review for impairment of hotel assets whenever events or changes in circumstances indicate that the carrying amounts of the hotel assets may not be recoverable. In such cases, the recoverable amounts of hotel assets have been determined based on the value-in-use method. Value-in-use calculations require the use of significant estimates and assumptions on the projections of cash flows from the continuous use of the hotel assets.

Estimated fair value of investment properties. The best evidence of fair value is the current prices in an active market for the properties with similar lease and other contracts. In the absence of such information, our management determines the amount within a range of reasonable fair value estimates. In making its judgment, our management considers information from a variety of sources including:

(i) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences;

- (ii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in the economic conditions since the date of the transactions that occurred at those prices; and
- (iii) discounted cash flow projections based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows.

Our management assesses the fair value of our investment properties based on valuations determined by independent and professional qualified valuer.

#### Notes:

- (1) In 2014, we changed our accounting policy on investment properties. Prior to 2014, our investment properties were stated at historical cost less accumulated depreciation and impairment loss. Subsequent to the change in accounting policy, investment properties are carried at fair value. If an item of property, plant and equipment or land use rights becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognized in equity as a revaluation gain or loss.
- (2) EBITDA for any period consists of operating profit plus interest income, depreciation expenses of property, plant and equipment and investment property and amortization of land use rights and intangible assets, net of exchange gains or losses. EBITDA is not a standard measure under HKFRS. EBITDA is a widely used financial indicator of a company's ability to service and incur debt. EBITDA should not be considered in isolation or construed as an alternative to cash flows, net income or any other measure of performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities. EBITDA does not account for taxes, interest expense or other non-operating cash expenses. In evaluating EBITDA, we believe that investors should consider, among other things, the components of EBITDA such as sales and operating expenses and the amount by which EBITDA exceeds capital expenditures and other charges. We have included EBITDA because we believe it is a useful supplement to cash flow data as a measure of our performance and our ability to generate cash flow from operations to service debt and pay taxes. EBITDA presented herein may not be comparable to similarly titled measures presented by other companies. Investors should not compare our EBITDA to EBITDA presented by other companies because not all companies use the same definition. See "Management's discussion and analysis of financial condition and results of operations—Non-GAAP financial measures" for a reconciliation of our profit for the year under HKFRS to our definition of EBITDA. Investors should also note that EBITDA as presented herein may be calculated differently from Consolidated EBITDA as defined and used in the Indenture governing the Notes. See "Description of the Notes-Definitions" for a description of the manner in which Consolidated EBITDA is defined for purposes of the Indenture governing the Notes.
- (3) EBITDA margin is calculated by dividing EBITDA by revenue.

## First Half of 2016 Compared to the First Half of 2015

Revenue. Our revenue increased by 21.2% to RMB57,362.5 million (US\$8,631.3 million) in the first half of 2016 from RMB47,327.6 million in the corresponding period in 2015, primarily attributable to the increase in sales of properties.

• Property development. Revenue generated from property development increased by 21.8% to RMB55,406.4 million (US\$8,336.9 million) in the first half of 2016 from RMB45,502.6 million in the corresponding period in 2015, primarily attributable to a 22.8% increase in total GFA recognized to 8.9 million sq.m. in the first half of 2016 from 7.3 million sq.m. in the corresponding period in 2015. The recognized average selling price of property was approximately RMB6,228 (US\$937) per sq.m. in the first half of 2016, compared to approximately RMB6,272 per sq.m. in the corresponding period in 2015.

The following table sets forth the revenue generated from certain projects and the percentage of the total revenue it represented in the six months ended June 30, 2016 and 2015, respectively.

- Construction, fitting and decoration. Revenue generated from construction, fitting and decoration decreased by 26.6% to RMB192.3 million (US\$28.9 million) in the first half of 2016 from RMB261.9 million in the corresponding period in 2015, primarily due to a decrease in the volume of construction, fitting and decoration services rendered to our related parties and third parties.
- Property investment. Revenue generated from property investment increased by 11.6% to RMB52.8 million (US\$7.9 million) in the first half of 2016 from RMB47.3 million in the corresponding period in 2015, primarily due to an increase in our rental area.
- Property management. Revenue generated from property management increased by 7.1% to RMB969.0 million (US\$145.8 million) in the first half of 2016 from RMB904.8 million in the corresponding period in 2015, primarily due to an increase in

the cumulative GFA under management resulting from the completion of construction and delivery of our properties, which was in line with the expansion of our operations.

• Hotel operation. Revenue generated from hotel operation increased by 21.4% to RMB741.9 million (US\$111.6 million) in the first half of 2016 from RMB610.9 million in the corresponding period in 2015, primarily due to increased revenues from existing hotels.

Cost of sales. Cost of sales increased by 24.7% to RMB45,336.5 million (US\$6,821.8 million) in the first half of 2016 from RMB36,353.0 million in the corresponding period in 2015. The increase in cost of sales outpaced the increase in revenue primarily due to (i) an increase in average land cost per sq.m. and (ii) an increase in construction costs as a result of an increase in the percentage of properties sold with renovation or decoration.

Gross profit. Gross profit increased by 9.6% to RMB12,026.0 million (US\$1,809.5 million) in the first half of 2016 from RMB10,974.6 million in the corresponding period in 2015. The gross profit margin in the first half of 2016 decreased to 21.0% from 23.2% in the corresponding period in 2015, primarily attributable to (i) an increase in average land cost per sq.m. and (ii) an increase in construction costs as a result of an increase in the percentage of properties sold with renovation or decoration.

Other income and gains—net. Other income and gains—net significantly increased by 155.9% to RMB263.9 million (US\$39.7 million) in the first half of 2016 from RMB103.1 million in the corresponding period in 2015, primarily due to (i) other income of RMB111.3 million (US\$16.7 million), (ii) an increase in governments grants to RMB86.7 million (US\$13.0 million) in the first half of 2016 from RMB16.1 million in the corresponding period in 2015 and (iii) an increase in forfeiture of deposits received from customers to RMB47.5 million (US\$7.2 million) in the first half of 2016 from RMB14.2 million in the corresponding period in 2015.

Gains arising from changes in fair value of and transfer to investment properties. Gains arising from changes in fair value of and transfer to investment properties decreased by 22.8% to RMB360.6 million (US\$54.3 million) in the first half of 2016 from RMB467.0 million in the corresponding period in 2015. The decrease was primarily attributable to the slower growth of fair value of existing investment properties.

Selling and marketing costs. Selling and marketing costs increased by 20.8% to RMB1,981.8 million (US\$298.2 million) in the first half of 2016 from RMB1,641.2 million in the corresponding period in 2015. The increase was primarily attributable to an increase in salaries and bonuses we offered to our sales staff to RMB844.5 million (US\$127.1 million) in the first half of 2016 from RMB455.2 million in the corresponding period in 2015.

Administrative expenses. Administrative expenses increased by 41.1% to RMB1,844.8 million (US\$277.6 million) in the first half of 2016 from RMB1,307.3 million in the corresponding period in 2015, primarily due to a significant increase in employee benefits by 65.0% to RMB997.6 million (US\$150.1 million) in the first half of 2016 from RMB603.6 million in the corresponding period in 2015, as a result of an increase in the average number of employee to 79,967 in the first half of 2016 from 57,357 in the corresponding period in 2015, as well as an increase in salaries and bonuses for our employees in the first half of 2016.

Finance income/(costs)—net. We recorded finance income—net of RMB6.4 million (US\$1.0 million) in the first half of 2016, compared to finance costs—net of RMB312.3 million in

the corresponding period in 2015, primarily due to costs related to the early redemption of the 2018 Notes of RMB307.4 million in the first half of 2015, while we did not incur such costs in the first half of 2016.

Share of results of associates and joint ventures. We recorded a share of gain of associates and joint ventures of RMB378.9 million (US\$57.0 million) in the first half of 2016, compared to a share of loss of associates and joint ventures of RMB16.7 million in the corresponding period in 2015.

Income tax expenses. Income tax expenses increased to RMB3,004.3 million (US\$452.1 million) in the first half of 2016 from RMB2,894.7 million in the corresponding period in 2015. Our effective income tax rate decreased to 32.6% in the first half of 2016 from 35.0% in the corresponding period in 2015, as a result of a decrease in the land appreciation tax rate.

Total comprehensive income for the period. Total comprehensive income for the period increased by 21.6% to RMB6,523.0 million (US\$981.5 million) in the first half of 2016 from RMB5,363.5 million in the corresponding period in 2015. Our net profit margin decreased to 10.8% in the first half of 2016 from 11.4% in the corresponding period in 2015, as a result of the cumulative effects of the foregoing factors.

### **2015 Compared to 2014**

Revenue. Our revenue increased by 33.9% to RMB113,222.6 million (US\$17,036.5 million) in 2015 from RMB84,548.8 million in 2014, primarily attributable to the increase in sales of properties, the increase in our rendering of construction, fitting and decoration services and the increase in our rendering of property management services.

• Property development. Revenue generated from property development increased by 33.7% to RMB109,460.4 million (US\$16,470.4 million) in 2015 from RMB81,897.9 million in 2014, primarily attributable to a 45.1% increase in total GFA recognized to 17.7 million sq.m. in 2015 from 12.2 million sq.m. in 2014. However, the recognized average selling price of property decreased by 7.9% to approximately RMB6,194 (US\$932) per sq.m. in 2015, compared to approximately RMB6,724 per sq.m. in 2014 mainly because the recognized high-rise building GFA increased to 78.6% of total GFA in 2015 from 69.2% in 2014.

The following table sets forth the revenue generated from certain projects and the percentage of the total revenue it represented in the years ended December 31, 2015 and 2014, respectively.

- Construction, fitting and decoration. Revenue generated from construction, fitting and decoration increased by 59.5% to RMB746.4 million (US\$112.3 million) in 2015 from RMB467.9 million in 2014, primarily due to an increase in the volume of construction, fitting and decoration services rendered to our related parties and third parties.
- Property investment. Revenue generated from property investment increased by 5.8% to RMB91.7 million (US\$13.8 million) in 2015 from RMB86.7 million in 2014, due to an increase in our rental area.
- Property management. Revenue generated from property management increased by 52.4% to RMB1,469.3 million (US\$221.1 million) in 2015 from RMB964.1 million in 2014, primarily due to an increase in the cumulative GFA under management resulting from the

completion of construction and delivery of our properties, which was in line with the expansion of our operations. In addition, in 2015, we expanded our property management business beyond the properties developed by us. As of December 31, 2015, our contracted management area was approximately 138.0 million sq.m., among which approximately 12.0 million sq.m. was developed by external developers, and approximately 83.4 million sq.m. was already under the management of our property management team, of which approximately 1.1 million sq.m. was developed by external developers.

• Hotel operation. Revenue generated from hotel operation increased by 28.5% to RMB1,454.9 million (US\$218.9 million) in 2015 from RMB1,132.3 million in 2014, primarily due to the increased revenue from existing hotels and the opening of new hotels.

Cost of sales. Cost of sales increased by 44.6% to RMB90,359.3 million (US\$13,596.3 million) in 2015 from RMB62,493.7 million in 2014. The increase in cost of sales outpaced the increase in revenue primarily due to an increase in total GFA recognized.

Gross profit. Gross profit increased by 3.7% to RMB22,863.3 million (US\$3,440.2 million) in 2015 from RMB22,055.1 million in 2014. The gross profit margin in 2015 decreased to 20.2% from 26.1% in 2014, primarily attributable to a decrease of the recognized average selling price of property, as well as the average cost of sales per sq.m. being flat compared to 2014.

Other income and gains—net. Other income and gains—net increased by 128.0% to RMB424.0 million (US\$63.8 million) in 2015 from RMB186.0 million in 2014, primarily due to (i) gains on bargain purchase of RMB118.3 million (US\$17.8 million) in 2015, as compared to nil in 2014; and (ii) an increase in refund of land usage tax and other government grants to RMB183.7 million (US\$27.6 million) in 2015 from RMB68.5 million in 2014. The gains on bargain purchase arose mainly from our acquisition in 2015 of equity interests in various companies from various third party sellers at a discount to fair value.

Gains arising from changes in fair value of and transfer to investment properties. Gains arising from changes in fair value of and transfer to investment properties decreased by 56.9% to RMB809.8 million (US\$121.9 million) in 2015 from RMB1,880.0 million in 2014. The decrease was primarily attributable to a decrease in the amount of investment properties transferred from properties under development and completed properties held for sale.

Selling and marketing costs. Selling and marketing costs increased by 7.6% to RMB4,688.7 million (US\$705.5 million) in 2015 from RMB4,356.2 million in 2014. The increase was primarily attributable to an increase in the amount of commissions we offered to our sales staff during the year due to higher contracted sales as compared to 2014.

Administrative expenses. Administrative expenses increased by 2.2% to RMB3,230.0 million (US\$486.0 million) in 2015 from RMB3,159.9 million in 2014, primarily due to an increase in employee benefit expenses to RMB1,229.0 million (US\$184.9 million) in 2015 from RMB1,105.5 million in 2014 as we increased salaries and bonuses for our employees during the year.

Finance costs—net. Finance costs—net increased by 559.3% to RMB1,289.5 million (US\$194.0 million) in 2015 from RMB195.6 million in 2014, primarily due to (i) the cost of RMB307.4 million resulting from the early redemption of the 2018 Notes, (ii) the increase in foreign exchange loss of approximately RMB942.4 million resulting from the depreciation of the exchange rate of RMB against U.S. dollars and (iii) an increase in interest expense on bank and other borrowings and

debentures to RMB3,180.7 million (US\$478.6 million) from RMB2,634.8 million (US\$396.5 million) in 2014 primarily due to an increase in bank and other borrowings and our issuance of debentures at an aggregate par value of RMB15,174.0 million (US\$2,283.2 million) in 2015. Total interest expenses increased to approximately RMB5,061.7 million (US\$761.6 million) from approximately RMB4,879.4 million in 2014 due to an increase in the amount of bank and other borrowings and debentures. We recorded net foreign exchange losses of RMB1,640.8 million (US\$246.9 million) in 2015, compared to net foreign exchange losses of RMB260.8 million in 2014.

Share of results of associates and joint ventures. Our share of loss of associates joint ventures increased to RMB55.8 million (US\$8.4 million) in 2015 from RMB40.3 million in 2014.

Income tax expenses. Income tax expenses decreased slightly to RMB5,121.4 million (US\$770.6 million) in 2015 from RMB5,757.2 million in 2014. Our effective income tax rate decreased from 35.2% in 2014 to 34.5% in 2015, as a result of a decrease in the land appreciation tax rate.

Total comprehensive income for the year. Total comprehensive income for the year decreased by 27.0% to RMB8,817.4 million (US\$1,326.7 million) in 2015 from RMB12,084.9 million in 2014. Our net profit margin decreased to 8.5% in 2015 from 12.5% in 2014, as a result of the cumulative effects of the foregoing factors.

# **2014 Compared to 2013**

Revenue. Our revenue increased by 34.8% to RMB84,548.8 million in 2014 from RMB62,724.7 million in 2013, primarily attributable to the increase in sales of properties.

• Property Development. Revenue generated from property development increased by 36.4% to RMB81,897.9 million in 2014 from RMB60,043.3 million in 2013, primarily attributable to (i) a 31.8% increase in total GFA recognized to 12.2 million sq.m. in 2014 from 9.2 million sq.m. in 2013, and (ii) a 2.5% increase in recognized average selling price of property to RMB6,724 per sq.m. in 2014 from RMB6,498 per sq.m. in 2013.

The following table sets forth the revenue generated from certain projects and the percentage of the total revenue it represented in each of the years ended December 31, 2014 and 2013, respectively.

- Construction, fitting and decoration. Revenue generated from construction, fitting and decoration decreased by 46.0% to RMB467.9 million in 2014 from RMB866.9 million in 2013, primarily due to a decrease in the volume of construction, fitting and decoration services rendered to third parties.
- Property investment. In 2014, our management approved a business plan and reclassified certain properties from properties under development, properties held for sale or self use to investment properties. To reflect this reclassification, we have designated a separate business segment "property investment" since 2014. In addition, rental income included in other income and gains for 2013 was reclassified to revenue to conform to the new presentation format. Revenue generated from property investment increased by 102.3% to RMB86.7 million in 2014 from RMB42.9 million in 2013, due to an increase in our rental area.

- Property management. Revenue generated from property management increased by 24.1% to RMB964.1 million in 2014 from RMB777.1 million in 2013, primarily due to an increase in the cumulative GFA under management resulting from the completion of construction and delivery of our properties, which was in line with the expansion of our operations.
- Hotel operation. Revenue generated from hotel operation increased by 13.9% to RMB1,132.3 million in 2014 from RMB994.5 million in 2013, primarily due to increased revenue from existing hotels and the opening of new hotels.

Cost of sales. Cost of sales increased by 43.0% to RMB62,493.7 million in 2014 from RMB43,713.3 million in 2013. The increase in cost of sales outpaced the increase in revenue primarily due to (i) an increase in average land cost per sq.m. and (ii) an increase in construction costs as a result of an increase in the percentage of properties sold with renovation or decoration.

Gross profit. Gross profit increased by 16.0% to RMB22,055.1 million in 2014 from RMB19,011.4 million in 2013. Our gross profit margin in 2014 decreased to 26.1% from 30.3% in 2013, primarily attributable to the increase in cost of sales outpacing the increase in revenue.

Other income and gains—net. Other income and gains—net significantly increased by 765.9% to RMB186.0 million in 2014 from RMB21.5 million in 2013, primarily due to (i) an increase of refund of land usage tax to RMB68.5 million in 2014 from RMB3.9 million in 2013, (ii) a gain on disposal of properties under development of RMB43.3 million in 2014, as compared to nil in 2013 and (iii) an increase in other income to RMB52.9 million in 2014 from RMB2.8 million in 2013.

Gains arising from changes in fair value of and transfer to investment properties. In 2014, our management approved a business plan and reclassified certain properties from properties under development, properties held for sale or self use to investment properties. We recorded gains arising from changes in fair value of and transfer to investment properties in the amount of RMB1,880.0 million in 2014. We did not record gains arising from changes in fair value of and transfer to investment properties in 2013.

Selling and marketing costs. Selling and marketing costs increased by 1.2% to RMB4,356.2 million in 2014 from RMB4,303.8 million in 2013. The increase was primarily attributable to an increase in salary we offered to our sales staff to RMB1,661.0 million in 2014 from RMB1,529.5 million in 2013.

Administrative expenses. Administrative expenses increased by 55.4% to RMB3,159.9 million in 2014 from RMB2,033.3 million in 2013, primarily due to a significant increase in employee benefits by 55.9% to RMB1,105.5 million in 2014 from RMB708.9 million in 2013, as a result of an increase in the average number of employee to 64,869 in 2014 from 64,772 in 2013, as well as an increase in salaries and bonuses for our employees in 2014.

Finance income/(costs)—net. We recorded finance costs—net of RMB195.6 million in 2014, compared to finance income—net of RMB803.2 million in 2013, primarily due to (i) the fluctuation of the Renminbi to U.S. dollar exchange rate and (ii) the cost of redemption of the 2017 Notes. We recorded net exchange loss of approximately RMB260.8 million in 2014, compared to net exchange gain of approximately RMB512.5 million in 2013. In addition, in 2014, we redeemed the 2017 Notes prior to their maturity and resulted in an additional finance cost of RMB189.5 million.

Share of results of associates and a joint venture. Our share of loss of an associate, Guangzhou Li He Property Development Company Limited, and a joint venture, Zhongshan Yahong Property Development Company Limited, increased by 55.1% to RMB40.3 million in 2014 from RMB25.9 million in 2013.

*Income tax expenses.* Income tax expense increased by 24.5% to RMB5,757.2 million in 2014 from RMB4,625.2 million in 2013. Our effective income tax rate increased to 35.2% in 2014 from 34.3% in 2013.

Total comprehensive income for the year. Total comprehensive income for the year increased by 37.7% to RMB12,084.9 million in 2014 from RMB8,775.4 million in 2013. Our net profit margin increased to 12.6% in 2014 from 14.0% in 2013, as a result of the cumulative effects of the foregoing factors.

# Liquidity and capital resources

#### **Cash flows**

We operate in a capital intensive industry and have historically financed the development of our projects and other capital expenditures through a combination of internal funds, cash generated from our sales and pre-sale proceeds, borrowings from commercial banks in the PRC and Hong Kong, and proceeds from issuance of debt and equity securities, such as the issuance of the 2014 Notes in September 2009, the issuance of the 2017 Notes in April 2010, the issuance of the 2015 Notes in August 2010, the issuance of the 2018 Notes in February 2011, our share placement in February 2012 and in April 2015, the issuance of the 2023 Notes in January 2013, the issuance of the 2021 Notes in October 2013, the issuance of the 2019 Notes in May 2014, the issuance of the Private Notes in June 2014 and the issuance of the 2020 Notes in March 2015. We also generate cash from proceeds from the issuance of domestic corporate bonds, Islamic medium term notes and proceeds received under securitization arrangements. Our short-term liquidity relates to servicing our debt and funding working capital requirements. Sources of short-term liquidity include cash balances and receipts from our operations. Our long-term liquidity requirement includes partial funding of our investments in new property projects and repayment of long-term debt, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and other long-term credit facilities. Sources of funding for our long-term liquidity requirements include new loans or debt issuance. We hold our cash and cash equivalents primarily in Renminbi, with the remaining in H.K. dollars, U.S. dollars, Ringgit Malaysia and Australian dollars.

The following table presents selected cash flow data from our consolidated cash flow statement for each of the three years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2015 and 2016.

#### Cash flows from operating activities

First half of 2016. Our net cash used in operating activities of RMB11,683.4 million (US\$1,758.0 million) in the first half of 2016 was attributable to cash used in operations of RMB4,664.4 million (US\$701.8 million), income tax paid of RMB4,400.1 million (US\$662.1 million) and interest paid of RMB2,618.9 million (US\$394.1 million). Cash used in operations prior to changes in working capital was RMB9,710.6 million (US\$1,461.1 million). Changes in working capital contributed to a net cash outflow of RMB14,375.0 million (US\$2,163.0 million), comprising primarily of (i) property under development and completed properties held for sale of RMB22,189.8 million arising mainly from capitalized interest expenses attributable to properties under development and construction costs and land use rights, (ii) trade and other receivables of RMB29,025.1 million from contracted sales and (iii) prepaid taxes of RMB3,214.6 million (US\$483.7 million), partially offset by trade and other payables of RMB17,777.5 million (US\$2,675.0 million) arising mainly from properties under development and associated construction fees payables.

2015. Our net cash used in operating activities of RMB17,589.9 million in 2015 was attributable to cash used in operations of RMB6,488.6 million, income tax paid of RMB6,144.9 million and interest paid of RMB4,956.4 million. Cash generated from operations prior to changes in working capital was RMB15,913.9 million. Changes in working capital contributed to a net cash outflow of RMB22,402.5 million, comprising primarily of (i) property under development and completed properties held for sale of RMB38,279.0 million mainly due to construction costs, capitalized interest expenses and land use rights, (ii) in trade and other receivables of RMB14,797.0 million

mainly due to higher sales recognized as compared to 2014 and (iii) prepaid taxes of RMB272.8 million, partially offset by trade and other payables of RMB30,837.5 million arising from properties under development and associated construction fees payable.

2014. Our net cash used in operating activities of RMB4,331.9 million in 2014 was attributable to income tax paid of RMB5,997.8 million and interest paid of RMB4,877.5 million partially offset by cash generated from operations of RMB6,543.4 million. Cash generated from operations prior to changes in working capital was RMB15,481.4 million. Changes in working capital contributed to a net cash outflow of RMB8,938.0 million, comprising primarily of (i) property under development and completed properties held for sale of RMB47,792.4 million arising mainly due to construction costs, capitalized interest expense and land use rights, (ii) prepaid taxes of RMB1,611.4 million, (iii) inventories of RMB1,522.3 million and (iv) restricted cash of RMB683.6 million, partially offset by (i) advanced proceeds received from customers of RMB28,374.5 million representing higher contracted sales as compared to 2014, and (ii) trade and other payables of RMB13,312.1 million arising mainly from properties under development and associated construction fees payable.

2013. Our net cash used in operating activities of RMB5,809.4 million in 2013 was attributable to income tax paid of RMB4,817.4 million and interest paid of RMB3,814.4 million, partially offset by cash generated from operations of RMB2,822.4 million. Cash generated from operations prior to changes in working capital was RMB13,302.3 million. Changes in working capital contributed to a net cash outflow of RMB10,479.9 million, comprising primarily of (i) property under development and completed property held for sale of RMB40,195.4 million arising mainly from capitalized interest expenses attributable to properties under development and construction costs and land use rights, (ii) prepaid taxes of RMB1,258.3 million, (iii) trade and other receivables of RMB8,554.6 million mainly due to higher contracted sales relative to 2012, (iv) inventories of RMB225.3 million, and (v) restricted cash of RMB2,718.9 million partially offset by (a) advanced proceeds received from customers of RMB30,064.3 million, arising mainly from higher contracted sales and (b) trade and other payables of RMB12,408.3 million arising mainly from properties under development and associated construction fees payable.

#### Cash flows from investing activities

First half of 2016. Our net cash used in investing activities of RMB5,035.7 million (US\$757.7 million) in the first half of 2016 was primarily attributable to (i) payments for acquisition of subsidiaries, net of cash acquired of RMB2,147.8 million (US\$323.2 million), (ii) investments in joint ventures of RMB1,930.8 million (US\$290.5 million), and (iii) purchases of property, plant and equipment of RMB1,060.3 million (US\$159.5 million) primarily relating to payments for construction of new hotels, partially offset by (i) proceeds from repayment of loans to related parties of RMB776.0 million (US\$116.8 million), (ii) interest received of RMB269.9 million (US\$40.6 million), and (iii) proceeds from disposal of property, plant and equipment of RMB155.9 million (US\$23.5 million).

2015. #### **Capital resources**

Property developments require substantial capital investment for land acquisition and construction and may take many months or years before positive cash flows can be generated. To

date we have funded our growth principally from internal funds, borrowings from banks, proceeds from sales and pre-sales of our developed properties and proceeds from issuance of both debt and equity securities, such as the issuance of our various senior notes. We have also entered into trust financing arrangements and a perpetual loan for our funding requirements. Our financing methods vary from project to project and are subject to limitations imposed by PRC regulations and monetary policies.

Since June 2003 commercial banks in the PRC have been prohibited under PBOC guidelines from advancing loans to fund payment of land premium. As a result, property developers may not use PRC bank loans to pay for land premium.

In an attempt to control the growth of the PRC property market, the PRC government in November 2009 raised the minimum down payment to 50% of the total land premium and on March 8, 2010, the Ministry of Land and Resources issued the circular on Strengthening Real Estate Land Supply and Supervision (關於加強房地產用地供應和監管有關問題的通知), under which the minimum price for a given land transfer is to be at least 70% of the benchmark price for land in the surrounding locality and the bidding deposit for such land transfer is required to be at least 20% of the applicable minimum transfer price. Property developers are also required to pay 50% of the land premium (taking into account any deposits previously paid) as a down payment within one month of signing a land grant contract and pay the balance within one year of the contract date, subject to limited exceptions. Such policy may constrain our cash otherwise available for additional land acquisition and construction.

In addition to restrictions on land premium financing, the PRC government also encourages property developers to use internal funds to develop their property projects. Under guidelines issued by the China Banking Regulatory Commission in August 2004, commercial banks in China are not permitted to lend funds to property developers with an internal capital ratio, calculated by dividing the internal funds available by the total capital required for the project, of less than 35%, an increase of five percentage points from 30% as previously required. Such increase in internal capital ratio will increase the internally sourced capital requirement for property developers, including ourselves. In May 2009, as part of its measure to combat the impact of the global economic downturn at the time, the PRC government lowered this ratio to 20% for protected housing projects and ordinary commodity housing projects and to 30% for other property projects to stimulate property developments in China. However, the PRC government has recently announced a series of measures designed to stabilize the growth of the PRC economy and to stabilize the growth of specific sectors, including the property market, to a more sustainable level. See "Risk factors-Risks relating to the property sector in the PRC-The property industry in the PRC is subject to government regulations and policies, which could have the effect of slowing down the industry's growth."

We typically use internal funds and project loans from PRC banks to finance the initial construction costs for our property developments in the PRC. Additional cash is generated from pre-sales of properties when they meet the requirements of pre-sale under the national and local regulations. Such proceeds from pre-sales, together with the project loans, are the major sources of fund for the construction of our projects.

We intend to continue to fund our future development and debt servicing from existing financial resources and cash generated from operations. We may also raise additional funds through debt or equity offerings or sales or other dispositions of assets in the future to finance all or a portion of our future development, for debt servicing or for other purposes. In addition, we may consider

raising additional funds through perpetual loans and securities in the PRC. Such perpetual loans and securities in the PRC may be guaranteed by us or our other subsidiaries or secured by shares of such subsidiaries.

Our ability to obtain adequate financing to satisfy our debt service requirements may be limited by our financial condition and results of operations and the liquidity of international and domestic financial markets. Any failure by us to achieve timely rollover, extension or refinancing of our short-term debt may result in our inability to meet our obligations in connection with debt service, accounts payable or other liabilities when they become due and payable. See "Risk factors—Risks relating to our business—We may not have adequate funding resources to finance land acquisitions or property developments, or to service our financing obligations."

Subsequent to June 30, 2016, we have, from time to time, in the ordinary course of business, entered into additional loan agreements to finance our property developments or for general corporate purposes. A substantial portion of these loans were PRC bank loans and were secured by land use rights and other assets and properties as well as guaranteed by certain of our PRC subsidiaries. We have also entered into certain offshore facilities to finance our operations. See "Description of other material indebtedness—Offshore facility agreements."

#### Convertible Bonds and senior notes

We issued RMB denominated U.S. dollar settled 2.5% Convertible Bonds due 2013 with an aggregate principal amount of RMB3,595 million on February 22, 2008. The principal amount of the Convertible Bonds was increased to RMB4,314 million as a result of over-subscription. We repurchased a certain amount of the Convertible Bonds through a tender offer in April 2010 and through trading on the over-the-counter market. We also redeemed some of the Convertible Bonds on February 22, 2011 pursuant to bondholders that exercised their put option under the Convertible Bonds. In February 2013, we redeemed the remainder of the Convertible Bonds using part of the proceeds of the 2023 Notes. In September 2009, we issued 11.75% senior notes due 2014 with an aggregate principal amount of US\$375,000,000, which were redeemed upon maturity in September 2014. In April 2010, we issued 11.25% senior notes due 2017 with an aggregate principal amount of US\$550,000,000, which were redeemed in June 2014. In August 2010, we issued 10.50% senior notes due 2015 with an aggregate principal amount of US\$400,000,000, which were redeemed in August 2015. In February 2011, we issued 11.125% senior notes due 2018 with an aggregate principal amount of US\$900,000,000, which were redeemed in March 2015. In January 2013, we issued 7.50% senior notes due 2023 with an aggregate principal amount of US\$750,000,000, which remained outstanding as of June 30, 2016. In October 2013, we issued 7.25% senior notes due 2021 with an aggregate principal amount of US\$750,000,000, which remained outstanding as of June 30, 2016. In May 2014, we issued 7.875% senior notes due 2019 with an aggregate principal amount of US\$550,000,000, which remained outstanding as of June 30, 2016. In June 2014, we issued 7.50% senior notes due 2019 with an aggregate principal amount of US\$250,000,000, which remained outstanding as of June 30, 2016. In March 2015, we issued 7.50% senior notes due 2020 with an aggregate principal amount of US\$900,000,000, which remained outstanding as of June 30, 2016.

The 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes and the 2020 Notes are currently guaranteed by certain of our subsidiaries as subsidiary guarantors, and are secured, on a pari passu basis, by pledges over the shares of certain of such subsidiary guarantors. Such collateral is expected to be shared on a pari passu basis among the holders of the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and the Notes upon the issuance of the Notes. See "Description of other material indebtedness—2023 Notes," "Description of other material indebtedness—2021 Notes," "Description of other material indebtedness—2019 Notes", "Description of other material indebtedness—2020 Notes."

#### Corporate bonds

We also generate cash from proceeds from the issuance of domestic corporate bonds and Islamic medium term notes. See "Description of other material indebtedness."

#### Receipts under securitization arrangements

We also generate cash from receipts under securitization arrangements. See "Description of other material indebtedness." We may issue additional asset-back securities in varying structures in the future. We are exploring the feasibilities of structuring asset-backed securities that are not considered financial liabilities on our statement of financial position, by assigning our rights to receive payments from property purchasers of our projects. Depending on investor feedback, we may be required to provide liquidity support or guarantee payment shortfalls for the asset-backed securities.

#### Restricted cash

Pursuant to relevant regulations, certain of our project companies are required to deposit a portion of proceeds from the pre-sales of properties into specific bank accounts. Before the completion of the pre-sold properties, the proceeds deposited in the escrow accounts may only be used for the restricted purposes of purchasing construction materials, equipment, making interim construction payments and paying taxes, with the prior approval of the relevant local authorities. As of December 31, 2013, 2014 and 2015 and June 30, 2016, our restricted cash amounted to RMB7,769.9 million (solely comprising guarantee deposits for construction of pre-sold properties), RMB8,453.5 million (solely comprising guarantee deposits for construction of pre-sold properties), RMB11,637.1 million (US\$1,751.0 million) (comprising guarantee deposits for construction of pre-sold properties) and RMB18,592.3 million (US\$2,797.6 million) (comprising guarantee deposits for construction of pre-sold properties), respectively.

### **Contingent liabilities**

As of June 30, 2016, we provided guarantees of approximately RMB83,485.2 million (US\$12,561.9 million) to PRC banks in respect of the mortgaged loans provided by the banks to purchasers of our developed properties. The majority of the guarantees are discharged upon the earlier of the issuance of the individual property ownership certificate to the owner of the property or the certificate of other rights of property to the mortgage bank which will generally be available within three months after we deliver the relevant property to the purchasers, or upon the full settlement of the mortgaged loans by the purchaser. Pursuant to the terms of the guarantees, upon default in mortgage payments by these purchasers, we are responsible for repaying the outstanding mortgage principal together with accrued interest and penalty owed by the defaulted purchasers to the banks and we are entitled to take legal title to and possession of the relevant properties. Of the amounts as of June 30, 2016, approximately RMB24.3 million

(US\$3.7 million) was to be discharged two years from the day the mortgage loans become due; and approximately RMB83,460.9 million (US\$12,558.3 million) was to be discharged upon the earlier of (i) issuance of the property ownership certificates which will generally be available within three months after the purchasers take possession of the relevant properties and (ii) the full repayment of the mortgage loans by the purchasers.

As of June 30, 2016, we had not provided guarantees to Malaysian banks in respect of the mortgaged loans provided by the banks to purchasers of our developed properties.

In addition, we provided guarantees for certain borrowings of associates and joint ventures. As of June 30, 2016, our guarantees provided for associates and joint ventures for their borrowings amounted to RMB7,165.3 million (US\$1,078.1 million).

### **Capital commitments**

As of June 30, 2016, our capital commitments in connection with our property development activities amounted to RMB82,755.9 million (US\$12,452.2 million), primarily arising from contracted construction fees, and land premium for future property developments. We expect to fund such capital commitments principally from the pre-sale proceeds of our properties and partly from, bank borrowings. The following table shows a breakdown of our capital commitments with respect to our property developments as of June 30, 2016:

|  | Amount           | Percentage |
|--|------------------|------------|
|  | (RMB in million) | %          |
| Contracted but not provided for                            |                  |            |
| Property, plant and equipment                              | 17.7             | 0.0        |
| Property development expenditures (including land premium) | 82,738.2         | 100.0      |
|  | 82,755.9         | 100.0      |

For additional information about our capital commitments, see note 30 to our interim condensed consolidated financial information as of and for the six months ended June 30, 2016 included elsewhere in this offering memorandum.

#### Market risk

#### Interest rate risk

We are subject to market risks due to fluctuations in interest rates. Our net profit is affected by changes in interest rates due to the impact such changes may have on interest income and interest expense from short-term deposits and other interest-bearing financial assets and liabilities, including bank and other borrowings. In addition, an increase in interest rates would adversely affect our prospective purchaser's willingness and ability to purchase our properties, our ability to service loans that we have guaranteed and our ability to raise and service long-term debt and to finance our developments, any of which could adversely affect our business, financial condition and results of operations.

Currently, our borrowings primarily consist of loans from commercial banks, receipts under securitization arrangements, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes, the 2014 Club Loan, the 2015 Club Loan and the corporate bonds. As of

December 31, 2013, 2014 and 2015 and June 30, 2016, our total borrowings amounted to RMB56,248.8 million, RMB61,068.7 million, RMB89,743.8 million (US\$13,503.6 million) and RMB103,112.0 million (US\$15,515.1 million), respectively. We currently have some derivative instruments to hedge our interest rate risk. We designate some of our derivative instruments as hedges of foreign exchange and interest rate risks associated with the cash flows of our foreign currency borrowings.

Borrowings issued at variable rates expose us to cash flow interest rate risk while borrowings issued at fixed rates expose us to fair value interest rate risk. In addition, any increase of benchmark lending rates published by PBOC may result in an increase in our interest costs, as most of our bank borrowings bear floating interest rates linked to PBOC-published rates. PBOC-published benchmark one-year lending rates, which directly affect the property mortgage rates offered by commercial banks in China, as of December 31, 2013, 2014 and 2015 and June 30, 2016 was 6.00%, 5.60%, 4.35% and 4.35%, respectively. On November 21, 2014, the PBOC decreased the benchmark one-year lending rate to 5.60%. We cannot assure you that PBOC will not raise lending rates in the future or that our business, financial condition and results of operations will not be adversely affected as a result of these adjustments.

### Foreign exchange risk

We conduct most of our sales and purchases in Renminbi except for a small portion of our sales proceeds that are in other currencies. Our exposure to foreign exchange risk is principally due to our outstanding foreign currency borrowings that are mainly denominated in U.S. dollars, H.K. dollars, Malaysian ringgit, and Australia dollars. As of June 30, 2016, we had U.S. dollardenominated debt totaling approximately US\$4,356.9 million, representing among others, the 2023 Notes in the aggregate principal amount of US\$750.0 million, the 2021 Notes in the aggregate principal amount of US\$750.0 million, the 2019 Notes in the aggregate principal amount of US\$550.0 million, the Private Notes in the aggregate principal amount of US\$250.0 million and the 2020 Notes in the aggregate principal amount of US\$900.0 million, H.K. dollardenominated debt totaling approximately HK\$4,360.5 million (US\$562.0 million), representing primarily outstanding amounts under certain term loans and a relatively small amount of Malaysian-ringgit and Australian-denominated debt totaling approximately RMB2,300.2 million (US\$346.1 million). As of the same date, other than Renminbi, we had aggregate cash and bank balances denominated in H.K. dollars of RMB2,296.4 million (US\$345.5 million), in U.S. dollars of RMB338.1 million (US\$50.9 million), in Malaysian Ringgit of RMB696.2 million (US\$104.8 million) and in Australian dollars and other currencies of RMB34.7 million (US\$5.2 million). Since 2015, we have adopted foreign currency hedging instruments to better manage our foreign exchange risks, using a combination of foreign exchange forward contracts, foreign currency option contracts and foreign currency swap contracts. In June 2016, we entered into the ISDA Agreement with Goldman Sachs International, our obligations under which are guaranteed by the Subsidiary Guarantors under the Guarantee and secured by the Collateral. Going forward, we may enter into further swap arrangements that require us to provide guarantees and security.

We recognize foreign exchange gain or loss on our statement of comprehensive income due to changes in value of assets and liabilities denominated in foreign currencies during the relevant accounting period.

Appreciation of the Renminbi against the U.S. dollar generally results in a gain arising from our U.S. dollar-denominated debt and a loss arising from our bank deposits in H.K. dollars and U.S.

dollars. A depreciation of the Renminbi against the U.S. dollar would have the opposite effect. In addition, a depreciation of Renminbi would negatively affect the value of dividends paid by our PRC subsidiaries, which may in turn affect our ability to service foreign currency-denominated debts.

Fluctuations in the foreign exchange rate have had and will continue to have an impact on our business, financial condition and results of operations. See "Risk factors—Risks relating to the Notes—We may be subject to risks presented by fluctuations in exchange rates between the Renminbi and other currencies, particularly U.S. dollars."

#### Inflation

According to the China Statistical Bureau, China's overall national inflation rate, as represented by the general consumer price index, was approximately 2.6%, 2.0%, 1.4% and 2.1% in 2013, 2014, 2015 and the first half of 2016, respectively. Deflation could negatively affect our business as it would be a disincentive for prospective property buyers to make a purchase. Historically, we have not been materially affected by any inflation or deflation.

#### Non-GAAP financial measures

We use EBITDA and EBITDA margin to provide additional information about our operating performance. EBITDA refers to our operating profit plus finance income, depreciation of property, plant and equipment and investment property, amortization of land use rights and intangible assets, net of exchange gains or losses. EBITDA margin is calculated by dividing EBITDA by revenue.

EBITDA is not a standard measure under HKFRS. As the property development business is capital intensive, capital expenditure requirements and levels of debt and interest expenses may have a significant impact on the profit for the year of companies with similar operating results. Therefore, we believe the investor community commonly uses this type of financial measure to assess the operating performance of companies in our market sector.

As a measure of our operating performance, we believe that the most directly comparable HKFRS measure to EBITDA is operating profit. We operate in a capital intensive industry. We use EBITDA in addition to operating profit because operating profit includes many accounting items associated with capital expenditures, such as depreciation of property, plant and equipment and investment property, as well as non-operating items, such as amortization of land use rights. These accounting items may vary between companies depending on the method of accounting adopted by a company. By minimizing differences in capital expenditures and the associated depreciation expenses as well as land use rights amortization, EBITDA provides further information about our operating performance and an additional measure for comparing our operating performance with other companies' results. Funds depicted by this measure may not be available for debt service due to covenant restrictions, capital expenditure requirements and other commitments.

The following table reconciles our operating profit under HKFRS to our definition of EBITDA for the years indicated:

#### Note:

You should not consider our definition of EBITDA in isolation or construe it as an alternative to operating profit or as an indicator of operating performance or any other standard measure under HKFRS. Our definition of EBITDA does not account for taxes and other non-operating cash expenses. Our EBITDA measures may not be comparable to similarly titled measures used by other companies. You should also note that EBITDA as presented herein may be calculated differently from Consolidated EBITDA as defined and used in the Indenture governing the Notes. See "Description of the Notes—Definitions" for a description of the manner in which Consolidated EBITDA is defined for purposes of the Indenture governing the Notes.

<sup>(1)</sup> Represents amortization of land use rights for properties other than those held for development and subsequent sale, such as hotel properties. For further information, see "—Critical accounting policies—land use rights cost."

# The economy of the PRC

The PRC economy has grown significantly since the PRC government introduced economic reforms in the late 1970s. China's accession to the World Trade Organization in 2001 has further accelerated the reform of the PRC economy. China's nominal GDP has increased from approximately RMB41,303.0 billion in 2010 to approximately RMB68,550.6 billion in 2015 at a compound annual growth rate, or CAGR, of approximately 10.7%.

The table below sets out selected economic statistics for China for the years indicated.

Since 2004, with a view to preventing China's economy from overheating and to achieving more balanced and sustainable economic growth, the PRC government has taken various measures to control money supply, credit availability and fixed assets investment. In particular, the PRC government has taken measures to discourage speculation in the residential property market and has increased the supply of affordable housing. See the section headed "Regulation".

# The property industry in the PRC

# **Property reforms**

Property reforms in the PRC did not commence until the 1990s, prior to which the PRC property development industry was part of the nation's planned economy. In the 1990s, China's property and housing sector began its transition to a market-based system. A brief timeline of key housing reforms is set out below:

1988 . . . . . . The PRC government amended the national constitution to permit the transfer of state-owned land use rights

1992 . . . . Public housing sales in major cities commenced 1994...... The PRC government further implemented property reform and established an employer/employee-funded housing fund 1995 . . . . . The PRC government issued regulations regarding the sales and pre-sales of property, establishing a regulatory framework for property sales 1998 . . . . . The PRC government abolished state-allocated housing policy The Guangdong government issued regulations on the administration of pre-sales of commodity properties in Guangdong Province The PRC government extended maximum mortgage term to 30 years 1999 . . . . . . . . . The PRC government increased maximum mortgage financing from 70% to 80% The PRC government formalized procedures for the sale of property in the secondary market 2000 . . . . . The PRC government issued regulations to standardize the quality of construction projects, establishing a framework for administering construction quality 2001 . . . . . The PRC government issued regulations relating to the sales of commodity properties 2002 . . . . . The PRC government promulgated the Rules Regarding the Grant of State-Owned Land Use Rights by Way of Tender, Auction and Listing-for-Sale The PRC government eliminated the dual system for domestic and overseas home buyers in China 2003 . . . . . . . . . . The PRC government promulgated rules for more stringent administration of property loans with a view to reducing the credit and systemic risks associated with such loans The State Council issued a notice for sustainable and healthy development of the property market The State Council issued a notice requiring that, with respect to property 2004 . . . . . . . . . . development projects (excluding ordinary standard residential houses), the proportion of capital funds should be increased from 20% to 35%. The Ministry of Construction amended Administrative Measures on the Pre-sale of Commercial Housing in Cities. CBRC issued the Guideline for Commercial Banks on Risks of Real Estate Loans to further strengthen the risk management of commercial banks on property loans The PRC government instituted additional measures to discourage speculation 2005 . . . . . . . . . . in certain regional markets including increasing the minimum required down payment to 30% of the total purchase price, eliminating the preferential mortgage interest rate for residential housing, imposing a business tax of 5% for sales within two years of purchase, and prohibiting reselling unfinished properties before they are completed

2006 to mid-2008 . . . . . The PRC government implemented additional land supply, bank financing, foreign investment and other measures to curtail fast increases in property prices, to encourage the development of middle- to low-end housing and to promote healthy development of the PRC property industry

The PRC government issued regulations to urge the full and effective use of existing construction land and the preservation of farming land and rules to control financial institutions' property financings to further curtail speculation, over development and fast increases in property prices

Mid-2008 to third quarter of 2009 . . . . . . . . . The PRC government implemented a number of measures to combat the global economic slowdown. These measures include the lowering of the PBOC benchmark bank lending rates, the internal capital ratio for property projects and the down payment requirements for purchasing residential properties

Fourth quarter of 2009 . . . . . .

The PRC government adjusted some of its policies in order to enhance regulation in the property market, to restrain property purchases for investment or speculation purposes and to keep property prices from rising too quickly in certain cities, including abolishing certain preferential treatment relating to business tax payable upon transfers of residential properties

2010 . . . . . . . . .

The PRC government issued a number of measures and policies to curtail the overheating of the property market. Such policy adjustments include abolishment of certain preferential treatment relating to business taxes payable upon transfers of residential properties by property owners, suspending the grant of mortgage loans to non-residents who cannot provide any proof of local tax or social security payments for more than one year, and limiting the number of residential properties that one family can purchase in certain areas, such as Guangzhou, Shenzhen, Suzhou, Nanjing, Tianjin, Wuhan, Ningbo, Fuzhou, Nanchang, Hangzhou and Dalian. The PRC government also clarified certain issues with respect to the calculation, settlement and collection of LAT in order to enforce the settlement and collection of LAT, and the criteria for commercial banks to identify the second residential property when approving mortgage loans

2011 . . . . . . . . .

The PRC government implemented measures aimed at further cooling the real estate property market. These measures include increasing the minimum down payment to at least 60% of the total purchase price, setting minimum mortgage lending interest rate of 110% of the benchmark rate, levying business tax on the full amount of transfer price if an individual owner transfers a residential property within five years of purchase. There are also other measures targeting certain cities restricting purchasers from acquiring second (or further) residential properties and restricting non-residents that cannot provide any proof of local tax or social security payments for more than a specified time period from purchasing any residential properties and imposing property tax. In addition, certain cities, including Beijing, Shanghai, Qingdao, Chengdu and Jinan, have promulgated measures further limiting the number of residential properties one family is allowed to purchase. Between February and July 2011, the People's Bank of China (PBOC) raised the one-year benchmark lending rate by 75 basis points from 5.81% to 6.56%

2012 .

The PRC government continued to implement selected policies aimed at further cooling the real estate property market. The NDRC announced in February 2012 that the government intended to limit mortgage loans for home purchases by foreigners to reduce overseas investment in the local property market. However, the PRC government reiterated its support for first-time homebuyers, including the construction of affordable housing and the offer of differentiated loans by China's four biggest state-owned banks to first-time homebuyers and to fund affordable housing projects. Beginning in May 2012, the PRC government began to implement selected measures to support the growth of the Chinese economy. In May 2012, the government lowered banks' reserve requirement ratio by 50 basis points for the second time, lowering the reserve requirement ratio for the country's largest financial institutions to 20%. The PRC government also lowered the PBOC one-year benchmark lending rate for the first time since December 2008, reducing the oneyear benchmark lending rate by 56 basis points to 6.0%. In August 2012, the PRC government began preparing the implementation of a broader property tax following initial trials in Shanghai and Chongging, with tax governors from across the country undergoing a six-month training program organized by the State Administration of Taxation to prepare for the tax's implementation. In December 2012, the PRC government announced its affordable housing program for 2013, with plans to start construction on 6 million units and complete 4.6 million units in 2013.

2013 . . . . . . . . . .

On February 20, 2013, the PRC government released five new policies to regulate the real estate market, including new initiatives to control speculative property investments, increase housing and land supply and step up construction of affordable housing. On February 26, 2013, the State Council issued six property tightening measures, which included an income tax levy on homeowners of as high as 20 percent on profit made from selling their homes. The State Council also stated that local branches of the central bank in certain cities could increase their down payment rate and mortgage loan interest rate for homebuyers purchasing a second unit. Furthermore, the new measures stipulated that non-local families without a certain number of years of tax payment certificates would be banned from buying homes in the cities in which they currently reside. In the third quarter of 2013, the minimum down payment for the second purchase of residential properties has been raised to 70 percent by several cities.

2014 . . . . . . . . . .

To support the demand of purchasers of residential property and to promote the sustainable development of the real estate market, the PBOC and the CBRC jointly issued the Notice on Further Improving Financial Services for Residential Property on September 29, 2014, which provides that for any family that wishes to use a loan to purchase a residential property, the minimum down payment will be 30% of the property price and the minimum loan interest rate will be 70% of the benchmark lending interest rate, with the specific terms of such loan to be decided by the banking financial institution that provides the loan, based on the risk profile of the borrower. Where a family that owns a residential property and has paid off its existing mortgage loan applies for a new mortgage loan to purchase another residential property to improve living conditions, the bank may apply mortgage loan policy for first-time purchasers of residential property. In cities that have lifted restrictions on the purchase of

residential property by residents or those that have not imposed such restrictions, when a family that owns two residential properties or more and has paid off its existing mortgage loans applies for a new mortgage loan to purchase another residential property, the bank is required to assess the credit profile of the borrower, taking into consideration the solvency and credit standing of the borrower and other factors, to decide the down payment ratio and loan interest rate. In view of the local urbanization plan, banks may provide mortgage loans to non-local residents that meet the conditions required by the related policies.

2015 . . . . . . . . . As of March 1, 2015, the new property registration rules in China unify property registration nationwide. The new registration system shares information such as property location, area and origin of ownership in real time among government departments including the police, taxation and audit authorities. On March 30, 2015, the PBOC, CBRC and the MOHURD jointly announced an easing of the housing mortgage policy. The second-home down payment requirement for self-use ordinary housing was lowered from between 60 to 70% to 40%, and the minimum interest rate of 110% of the benchmark lending rate was eliminated. The down payment requirement eased from 30% to 20% for first home purchases under housing provident fund scheme, and from 40% to 30% for second home purchases. The MOF exempted business tax on second-hand sales of ordinary housing held for more than two years. On September 24, 2015, the PBOC and CBRC jointly announced a notice to lower the minimum down payment of the acquisition of first self-used ordinary residential property to 25% of the purchase price in the cities where restrictions on purchase of residential property are not being implemented. In September 2015, the State Council decreased the capital fund ratio for property projects (excluding affordable housing projects and ordinary commodity residential projects) to 25%.

2016 . . . . . . . . . .

On February 1, 2016, the PBOC and CBRC jointly issued a notice which provides that in cities where restrictions on purchase of residential property are not being implemented, the minimum down payment ratio for a personal housing commercial loan obtained by a household for purchasing its first ordinary residential property is, in principle, 25% of the property price, which can be adjusted downward by 5% by local authorities. For existing residential property household owners who have not fully repaid the previous loan and are obtaining further personal housing commercial loan to purchase an additional ordinary residential property for the purpose of improving living conditions, the minimum down payment ratio shall be not less than 30% which is lower than the previous requirement of not less than 40%. From May 1, 2016, the reform to replace business tax with value-added tax is implemented nationwide and expanded to cover several key sectors such as real estate, construction, financial services and lifestyle services.

Additional information on housing reforms and recent regulatory developments is set out in the section entitled "Regulation" in this offering memorandum.

The property reforms, together with the economic growth of China, an increase in disposable income, the emergence of the mortgage lending market and an increase in the urbanization rate, are key factors in sustaining the growth of China's property market. Government housing reforms continue to encourage private ownership and it is expected that the proportion of urban residents who own their private properties will continue to increase.

The table below sets out selected data relating to China's urbanization and disposable income of urban households in China for the periods indicated.

#### Real estate sales revenue

The upward trend in the China property industry is evidenced by the growth of revenue from the sale of properties in China. According to CEIC, the total GFA of residential properties sold in the PRC increased from approximately 933.8 million sq.m. in 2010 to approximately 1,124.1 million sq.m. in 2015. During the same period, total GFA sold increased from approximately 1,047.6 million sq.m. in 2010 to approximately 1,284.9 million sq.m. in 2015.

# The property market in Guangdong Province

Guangdong Province is located in the southern region of China. It has an area of approximately 179,813 sq.km. In 2015, Guangdong Province had a population of approximately 108.5 million. The real GDP growth rate of Guangdong Province exceeded the average national growth rate in each of the past 10 years and the per capita GDP of Guangdong Province was significantly higher than the national average. The table below sets out selected economic statistics of Guangdong Province for the periods indicated.

#### Overview

We are one of the leading integrated property developers in the PRC, with substantially all of our assets and operations based in the PRC. Since the commencement of our property development activities in 1997, we have benefited from, and we expect to continue to benefit from, the growth in the property sector associated with the economic development in the PRC, particularly in Guangdong Province, which is one of the most affluent provinces and fastest growing economies in the PRC. Our primary business has been the development of large-scale residential community projects and the sale of various types of properties, including townhouses, apartment buildings, parking spaces and retail shops. The majority of our products are targeted towards end-user customers. As an integrated property developer, our lines of business also include construction, installation, fitting and decoration as well as property management. Our residential home projects are generally located in the suburban areas of first-tier cities and in the newly urbanized town centers of second- and third-tier cities. In December 2011 and October 2013, we expanded our operations into Malaysia and Australia, respectively.

As of June 30, 2016, we had 536 projects at various stages of development. Of these projects, 190 were located in Guangdong Province: 31 in Guangzhou City, 31 in Dongguan City, 26 in Foshan City, 18 in Jiangmen City, 18 in Huizhou City, 12 in Zhaoqing City, 12 in Meizhou City and the remaining in various other cities. We also had 346 projects located outside Guangdong Province, spanning 21 provinces, two autonomous regions, three municipalities in the PRC as well as two projects in the State of Selangor, Malaysia, two projects in the State of Johor, Malaysia and one project in Sydney, Australia.

As of June 30, 2016, our projects had an aggregate completed GFA of approximately 90,456,910 sq.m. We had an aggregate GFA under development of approximately 50,940,205 sq.m. and an aggregate GFA of approximately 64,045,683 sq.m. relating to properties held for future development as of the same date. We have obtained land use rights certificates, development and operation rights or land title in respect of the completed GFA, GFA under development and GFA held for future development. In addition, as of June 30, 2016, we had entered into land grant contracts or sale and purchase agreements in respect of land located in 104 cities in the PRC with an aggregate site area of approximately 12,257,125 sq.m. and an aggregate expected GFA of approximately 23,460,338 sq.m. for future development.

We also develop hotels to complement our residential properties. Most of these hotels are located in our large-scale residential community projects, which we believe have added value to such residential projects and enhanced our brand recognition. As of June 30, 2016, we had developed and were operating eight five-star hotels and two four-star hotels, as well as 37 hotels which were developed in accordance with the five-star rating standard set forth in the "Star-Rating Standard for Tourist Hotels" (旅遊飯店星級的劃分與評定) issued by the PRC National Tourism Administration and four hotels which were developed in accordance with the four-star standard of the "Star-Rating Standard for Tourist Hotels." In addition, we had seven hotels under construction in accordance with the five-star rating standard and one hotel under construction in accordance with the four-star rating standard set forth in the "Star-Rating Standard for Tourist Hotels."

For the years ended December 31, 2013, 2014 and 2015 and six months ended June 30, 2016, our total revenue was RMB62,724.7 million, RMB84,548.8 million, RMB113,222.6 million (US\$17,036.5

million) and RMB57,362.5 million (US\$8,631.3 million), respectively, and our EBITDA was RMB14,089.8 million, RMB17,174.9 million, RMB15,860.6 million (US\$2,386.5 million) and RMB9,252.2 million (US\$1,392.2 million), respectively.

Our shares have been listed on the Hong Kong Stock Exchange since April 20, 2007 under stock code 2007. Our market capitalization as of August 31, 2016 was HK\$85.5 billion.

## **Competitive strengths**

# We are one of the largest property developers in the PRC with one of the largest, geographically diversified, and low-cost land bank

As of June 30, 2016, we had an aggregate GFA under development and for future development in China of approximately 112,205,263 sq.m. for which we have obtained all the relevant land use rights certificates or development and operation rights or land title, spanning 22 provinces, two autonomous regions and three provincial level municipalities. In addition, as of June 30, 2016, we had entered into land grant contracts in respect of land in China with an aggregate site area of approximately 12,257,125 sq.m. for which we have applied for or were in the process of applying for land use rights certificates in 104 cities in China, with an aggregate expected GFA of approximately 23,460,338 sq.m. for future development. We expect that these new acquisitions will further increase the value and size of our land bank when we obtain the land use rights certificates.

We adopt a disciplined approach to land acquisition and development. We undertake market research and analysis as well as budget and financing planning prior to a land acquisition, which we believe enables us to exercise effective cost control. In addition, we continue to seek opportunities to acquire and develop land in close proximity to our existing mature projects. We believe such in-fill developments will lower potential execution risks given our experience with the local markets, service providers and target customers. For the three years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016, we estimate that our average unit land cost based on GFA was approximately 10% to 20% of our average unit selling price. We believe our low-cost land bank not only supports our future profitability but also gives us greater flexibility to diversify our product portfolio, to cater to a broader customer base, and to respond more effectively to changing market conditions.

# We have an established business model which we believe has been successfully replicated in the markets where we operate

We focus on developing large-scale residential communities in the suburban areas of first-tier cities as well as the newly urbanized town centers of second- and third-tier cities in the PRC where we believe have high-growth potential. We proactively seek to enhance the value of our properties by creating a better living environment through the provision of comprehensive community facilities and premium services in our master-planned communities. Our business model leverages on China's economic growth, increasing urbanization and rising standards of living. We believe that we have aligned our business development objectives with those of local governments, as our large-scale township developments raise the living standards of the local population and help improve the business environment of the local economies.

Over the last decade, we have successfully replicated our business model in 20 cities in Guangdong Province, with a total of 190 projects having an aggregate expected GFA of

88,063,419 sq.m. as of June 30, 2016. Since 2006, we have also implemented our business model outside Guangdong Province, with a total of 341 projects having an aggregate expected GFA of 114,598,754 sq.m. outside Guangdong Province in the PRC, and with four projects in Malaysia and one project in Australia having a total expected GFA of 2,780,625 sq.m. as of June 30, 2016. We believe the success of Country Garden—Galaxy Palace, Country Garden—Phoenix City (Jurong), Country Garden—Ten Miles Golden Beach and Country Garden—Golden Beach, in particular, demonstrates our ability to replicate our business model and capitalize on our strong brand name in other provinces in China.

# Our standardized operations enable us to provide high-quality and competitively priced products to our customers and to achieve quick asset turnover and attractive margins

We are one of the largest PRC property developers focusing on developing large-scale, multi-phase suburban residential communities in the PRC. We generally standardize principal features of our operations, such as land acquisition, project planning and design, procurement of raw materials, selection of contractors, sales and marketing and property management, which we believe enables us to:

- achieve economies of scale and increase operating efficiency through pooling internal resources, thereby helping to further improve our profit margins;
- ensure consistent product quality;
- strengthen our bargaining power with suppliers and contractors to obtain good quality supplies and services at relatively low costs, which help increase our pricing flexibility;
- smoothen project execution to achieve quick asset turnover; and
- respond rapidly to changes in market environment.

We believe that a combination of our strong brand recognition, high quality product mix and competitive pricing model has enabled us to pre-sell a substantial portion of the properties in our projects.

## We maintain a robust liquidity position and have a strong credit profile

We actively manage our liquidity position by taking into account our development plans, capital needs and available cash and financing options. As of December 31, 2013, 2014 and 2015 and June 30, 2016, our cash and cash equivalents amounted to RMB18.9 billion, RMB18.8 billion, RMB36.2 billion (US\$5.5 billion) and RMB30.8 billion (US\$4.6 billion), respectively. We believe our quick asset turnover model has enabled our projects to generate positive cash flow in a relatively short period after commencement of development to support further developments.

We believe we have developed a strong credit profile over the years relative to our peers and have become a preferred customer of a number of major commercial banks in the PRC. We also have access to the international capital markets through debt, equity and equity-linked offerings. While we have a strong credit profile, we closely monitor our leverage ratio with a view to maintaining a healthy capital structure.

## We have a strong brand in Guangdong Province with increasing recognition nationwide

We believe our brand name "Country Garden" (碧桂園), as well as our guiding motto, "Country Garden—Giving you a five-star home" (碧桂園—給您一個五星級的家), have strong market recognition in Guangdong Province. We believe this market recognition is a result of our high quality products and services as we aim to provide our customers with not only pleasant and comfortable homes in a clean and safe environment, but also higher living standards supported by comprehensive community facilities and services such as restaurants and catering, shopping, sports and leisure, transportation, education and domestic assistance. This market recognition has helped us to achieve our leading position in the property market in Guangdong Province and to expand our operations into other PRC provinces. Since 2006, we have gradually expanded our operations into 21 provinces, two autonomous regions and three provincial level municipalities outside Guangdong in the PRC, and we believe we will receive increasing brand recognition in those markets. In 2006, we were one of the first two brands that were recognized by SAIC as "China's Well-Known Trademarks" in the property sector.

We aim to strengthen the confidence and trust of our customers in our products and services, and to secure repeat customers and referrals for us, through an emphasis on quality property management and post-sales services. We believe that our strong financial performance demonstrates the trust that we have built with our customers and the recognition of our brand name and the quality of our products.

# We have a highly effective management structure, experienced management team and professional workforce

We believe we have a highly effective management structure. Our headquarters in Guangdong Province vertically manages the principal functions of our operations, including land acquisitions, project design, human resources, financing planning and raw material procurement. As we expand into markets outside Guangdong, we have delegated certain functions such as project management and marketing to our project companies to facilitate smooth project execution, thereby enabling them to cater to local characteristics, shorten development cycle and quickly respond to changes in local market conditions.

Our senior management team has extensive industry knowledge, management skills and operating experience. Most of our management have been with us since our inception. In particular, Yeung Kwok Keung, Su Rubo and Ou Xueming, our co-founders, have remained as a cohesive team and have focused on our property development business since 1997. We believe management's interest is aligned with our interest given their substantial shareholdings in our Company. As of the date of this offering memorandum, our senior management (principally composed of our directors) in aggregate held an approximate 62.06% interest in our Company (excluding underlying shares).

## **Business strategies**

Continue to focus on core property development business with a well balanced mix of property developments within and outside Guangdong Province

We intend to continue to grow our core property development business. We will actively look for suitable opportunities to develop large-scale residential communities in suburban areas of

first-tier cities in the PRC as well as attractive opportunities in the newly urbanized town centers of second- and third-tier cities in the PRC where we believe have promising economic growth potential. We believe this strategy is not only in line with China's urbanization trend of expanding existing urban boundaries of major cities and creating new urban clusters around second- and third-tier cities, but also complements our successful formula of controlling costs through our low-cost land bank, large-scale production and quick asset turnover. We will also selectively look into opportunities outside of China as opportunities arise.

Since 2006, we have gradually expanded our operations outside Guangdong Province into 21 other provinces, two autonomous regions and three provincial level municipalities in China, as well as into Malaysia and Australia. We believe our geographical diversification efforts have provided us with a well balanced mix of property developments within and outside Guangdong Province in the PRC. Guangdong Province, which is one of the most affluent provinces and fastest growing economies in China, will remain our principal market. Guangdong Province recorded a GDP per capita of approximately RMB67,503.0 in 2015, which is significantly higher than the national average in 2015. We intend to continue to leverage our local knowledge and market reputation in Guangdong Province to further grow our business there. At the same time, we will continue to develop our existing projects in markets outside Guangdong Province, which have seen increased average selling prices over the years. Where suitable opportunities arise, we will also acquire more land and enter into new markets with high growth potential, within or outside the PRC. For example, we have expanded into and have four projects in Malaysia and one project in Australia as of June 30, 2016.

We also intend to continue to develop high quality hotels in our large residential communities, as we believe they enhance the value and attractiveness of our residential community projects. We believe this strategy also improves our competitiveness during the land tender process, as high quality hotels are seen by local governments of second- and third-tier cities in the PRC as an important feature to attract visitors and improve the commercial appeal of the environment. We may consider engaging, and are currently in discussions with, certain international management firms to manage some of our hotels to further enhance the value of our hotel properties.

#### Continue to focus on developing properties having an attractive value-to-price ratio

We intend to continue to focus on our strategy of providing our customers with high-value properties at competitive prices. We will continue to leverage on our expertise and industry experience to develop large-scale integrated residential communities featuring value-added facilities and services that cater to a broad end user driven customer base. Our facilities include clubhouses, hotels, supermarkets, schools, clinics, sports and recreational facilities as well as food and beverage outlets, and our services include childcare, domestic assistance, property management, security and shuttle bus services for residents both within the projects as well as from projects to city centers. We endeavor to develop and refine our product design to accommodate changing market conditions and consumer preference. We will also encourage creativity and innovation in our product design through collaboration between our in-house experts and third-party professionals.

# Maintain prudent financial management policies

We will continue to closely monitor our capital and cash positions, gauge our development scale and time our land acquisition and development schedule accordingly. We have budget and

financing planning and cash management at the project level as well as the group level. We will continue to carefully manage our development cost for each project during the course of its development, with an emphasis on cost reduction and cost efficiency. We will actively manage our sales and pre-sales to ensure adequate cash flow for our ongoing capital requirements. We will also remain disciplined in our capital commitments and seek to maintain a balanced capital structure.

## Further strengthen our leading position and brand name recognition nationwide

We plan to further strengthen our leading position and our "Country Garden" brand name recognition in Guangdong Province and across China. To distinguish ourselves from our competitors, we plan to continue to promote the "five-star home" motto and apply this to the services offered to our existing and prospective customers to improve the living environment of our customers. We will continue to encourage our existing customers to refer potential purchasers to us through incentive schemes such as waiving property management fees.

#### **Enhance effective internal management and controls**

We intend to continue to adopt the best practices and standards in the industry for corporate governance and internal controls, drawing on senior management's expertise and experience to facilitate our operations and expansion. We intend to further streamline our internal management functions by clearly defining the responsibilities of each operating unit to ensure orderly and efficient operations and rapid responses to changes in market conditions.

We will continue to incentivize our management and employees and seek to attract and retain talent through a competitive remuneration package. We will continue to provide our employees with a variety of training and development programs to assist in their career development. We will also actively recruit new talent to optimize our human resources and enhance the productivity and competitiveness of our workforce.

### **Recent Developments**

#### **Company Domestic Corporate Bonds**

We issued a series of domestic corporate bonds in 2015 and 2016 (the "Company Domestic Corporate Bonds"). See "Description of other material indebtedness—Company Domestic Corporate Bonds." In August 2016, we issued the third tranche of the Company Domestic Corporate Bonds issued in 2016 in the principal amount of RMB1,000,000,000 with a coupon rate of 4.60% per annum and a term of five years. At the end of the third year, we can adjust the coupon rate and investors can exercise a retractable option. The proceeds from the issuance of the Company Domestic Corporate Bonds will be used for refinancing certain of our existing indebtedness and for general working capital purposes. In September 2016, we issued the fourth tranche of the Company Domestic Corporate Bonds issued in 2016 in the principal amount of RMB10,000,000,000, of which (i) RMB4,170,000,000 in principal amount has a coupon rate of 4.15% per annum and a term of four years, and at the end of the second year, we can adjust the coupon rate and investors can exercise a retractable option and (ii) RMB5,830,000,000 in principal amount has a coupon rate of 5.65% per annum and a term of seven years, and at the end of the fifth year, we can adjust the coupon rate and investors can exercise a retractable option.

#### **Contracted Sales**

For the eight months ended August 31, 2016, our Group, together with our joint ventures and associates, achieved contracted sales of approximately RMB179.4 billion (US\$27.0 billion) with contracted sales GFA of approximately 22.3 million sq.m.. (among which, the contracted sales and

contracted sales GFA attributable to our Group amounted to RMB139.4 billion (US\$21.0 billion) and 18.1 million sq.m., respectively).<sup>(1)</sup> This exceeded our target for contracted sales in the eight months ended August 31, 2016.

## Proposed Spin-Off and Listing of our Property Management Business on the SSE

On August 31, 2016, our subsidiary, CG Property Services, a company established under the laws of the PRC, submitted an application to CSRC for the initial public offering and listing of its ordinary shares denominated in RMB on the SSE. CG Property Services received a notice of acceptance of such application on September 7, 2016. It is expected that CG Property Services will effect an offering of up to 40,100,000 shares for subscription on the SSE, representing approximately 10% of its enlarged issued share capital. After the proposed spin-off, it is expected that CG Property Services will remain our subsidiary.

CG Property Services is our subsidiary responsible for all of our property management business, including residential properties, commercial properties, tourism properties and combined purposes properties. Its property management services cover the full spectrum of property management and related services.

While our board of directors believe that a separate listing of CG Property Services will provide diversified funding sources for it to finance existing operations and future expansions, the proposed spin-off is subject to, among other things, certain market conditions and approval of CSRC and the SSE. As such, the proposed spin-off may not materialize.

## Overview of our property developments

Note

<sup>(1) &</sup>quot;Contracted sales" refer to purchase price of formal purchase contracts we entered into with purchasers of our properties. We compile contracted sales information (including contracted sales amounts, ASP and GFA) through our internal records, and such information has not been audited or reviewed by PricewaterhouseCoopers, Certified Public Accountants, Hong Kong. As these sales and purchases contracts are subject to termination or variation under certain circumstances pursuant to their contractual terms, or subject to default by the relevant purchasers, they are not a guarantee of current or future contracted sales. Contracted sales information should in no event be treated as an indication of our revenue or profitability. Our subsequent revenue recognized from such contracted sales may be materially different from such contracted sales. Accordingly, contracted sales information contained in this offering memorandum should not be unduly relied upon as a measure or indication of our current or future operating performance.

We have obtained all the relevant land use rights certificates for land of our completed properties and obtained all or portion of land use rights certificates for land of our properties under development. Further, we have property interests derived from land use rights transfer agreements, compensation agreements or land grant contracts to develop residential properties in various cities in Guangdong Province, Fujian Province, Jiangsu Province, Hubei Province, Anhui Province, Shandong Province, Sichuan Province, Zhejiang Province, Hunan Province, Chongqing Municipality, Jiangxi Province, Guangxi Zhuang Autonomous Region, Hainan Province, Liaoning Province, Henan Province, Heilongjiang Province, Guizhou Province, Qinghai Province, Tianjin Municipality, Shanxi Province, Hebei Province and Yunnan Province with an aggregate site area of approximately 12,257,125 sq.m. As of June 30, 2016, we had not yet obtained land use rights certificates to these parcels of land and these land parcels are vacant land for future development purposes.

In the PRC, the relevant properties in a property development project are treated as completed when the local government authorities issue a Construction of Properties and Municipal Infrastructure Completed Construction Works Certified Report (房屋建築工程和市政基礎設施工程竣工驗收備案表). The relevant properties in a property development project in the PRC are treated as having received that certification when we have provided the

relevant government authorities with, among other things, the following documents and when an official seal has been affixed to the inspection-for-completion form:

- Relevant approvals and acceptance documents from the bureau of planning, public security and fire services and environmental protection;
- Completed Construction Works Certified Report (建設工程竣工驗收報告);
- Construction Permit (建設工程施工許可證);
- Project Quality Assessment Report (工程質量評做報告);
- Quality Inspection Report on Investigation and Design Documentation (勘察、設計文件質量檢查報告); and
- Inspection Report on the Quality of Construction Projects (建設工程質量監督報告).

A property in the PRC is treated as "under development" immediately following the issuance of the Construction Permit until the time of issuance of the Certification of Completion.

Unless otherwise indicated, we have obtained the relevant land use rights certificates, development and operation rights or land title for our properties referred to in this offering memorandum. As our projects typically comprise multi-phase developments that are developed on a rolling basis, a single project may include a number of phases that are variously completed, still under development or held for future development.

The site area information for an entire project is based on the relevant land use rights certificates, development and operation rights or land title. The aggregate GFA of an entire project is calculated by multiplying its site area by:

- the plot ratio specified in other approval documents from the local governments relating to the project;
- the maximum permissible plot ratio as specified in the relevant land grant contracts; or
- such lower plot ratio as we reasonably expect to be able to develop for such project.

The aggregate GFA of a project includes both saleable and non-saleable GFA. Non-saleable GFA refers to certain communal facilities, including transformer rooms and guard houses.

A property is treated as "sold" when the purchase contract with a customer has been executed and the property has been delivered to the customer. Delivery is deemed to take place on the date stated on the property delivery document. A property is treated as "pre-sold" when the purchase contract has been executed but the property has not yet been delivered to the customer.

The project names used in this offering memorandum are the names that we have used, or intend to use, to market our properties.

The following table sets forth the information of our 536 projects as of June 30, 2016:

\*Projects whose names are to be confirmed currently do not have designated project names.
(1) "Completed GFA," "Total completed saleable GFA" and "Total saleable GFA sold" for completed property developments are based on the surveying reports issued by relevant government departments.

(2) "GFA under development" and "Total saleable GFA under development" are based on the actual measurements by the project management department of the Group.

(3) "Total saleable GFA pre-sold" for properties under development is derived from the Commodity Properties Pre-sale Permit.

(4) "GFA held for future development" for each project is the GFA expected to be built.

(5) In July 2016, the local government of Qingyuan issued a notice to reclaim certain parcels of land in Country Garden Hill Lake City in an aggregate site area of 189,809.69 sq.m. due to a change in city planning for the construction of a local park. As compensation to Qingyuan Country Garden Xinya Property Development Co., Ltd, the developer of Country Garden Hill Lake City, other parcels of land in an equivalent size will be given to the developer in another location within Qingyuan.

(6) As of the date of this offering memorandum, we have paid up the land premium for Yongchun Country Garden. However, there are pending lawsuits between the local land authority and us regarding the surcharges as a result of the past overdue land premium amount.

As of June 30, 2016, our project companies had entered into land grant contracts or land grant confirmation letters in respect of land in various cities in Guangdong Province, Fujian Province, Jiangsu Province, Hubei Province, Anhui Province, Shandong Province, Sichuan Province, Zhejiang Province, Hunan Province, Chongqing Municipality, Guizhou Province, Jiangxi Province, Qinghai Province, Hainan Province, Tianjin Municipality, Shanxi Province, Hebei Province, Guangxi Zhuang Autonomous Region, Liaoning Province, Henan Province and Yunnan Province. These parcels of land have an aggregate site area of approximately 12,257,125 sq.m., and an aggregate expected GFA of approximately 23,460,338 sq.m. We have not yet paid a portion of the land premium for certain parcels of such land. As of June 30, 2016, we had not obtained land use rights certificates or land title in respect of these parcels of land. We cannot assure you that we will obtain the land use rights certificates or land title in respect of these parcels of land in a timely manner or at all. Further, we have not commenced any construction or preparation of construction relating to these parcels of land, nor do we have any detailed plans for them.

The table below shows the location, site area and expected developable aggregate GFA, for each of these parcels of land as of June 30, 2016. The site area information for these parcels of land is based on the relevant land grant contracts, land transfer contracts, sale and purchase agreements or public auction confirmations.

As of June 30, 2016, we had two projects in the State of Selangor, two projects in the State of Johor of Malaysia, and one project in Sydney, Australia, the project companies of which are

Unrestricted Subsidiaries, as defined under "Description of the Notes—Definitions." The following sets forth a brief description of our projects located outside of China.

# Selangor State, Malaysia

Serendah Project (雙文丹項目)

Serendah Project is located in Serendah Golf Resort, Serendah Selangor. It is being developed by Vibrant Corridor SDN. BHD., a project company in which we hold a 55% equity interest. The project occupies an aggregate site area of approximately 678,119 sq.m. and has an expected aggregate GFA (including saleable and non-saleable GFA) of approximately 293,771 sq.m.

As of June 30, 2016, there was no completed property in Serendah Project.

As of June 30, 2016, there was no property under development in Serendah Project.

As of June 30, 2016, the properties held for future development occupied an aggregate site area of approximately 678,119 sq.m. and had an expected aggregate GFA of approximately 293,771 sq.m.

Serendah Project is expected to offer villas and townhouses in the future.

Country Garden Diamond City (碧桂園鑽石城)

Country Garden Diamond City is located in Taman Bukit Mewah, Jalan Tun Zamrud, off Jalan Semenyih, Kajang, Selangor Darul Ehsan. It is being developed by Mayland Venue Sdn Bhd, a project company in which we hold a 55% equity interest. The project occupies an aggregate site area of approximately 1,041,344 sq.m. and has an expected aggregate GFA (including saleable and non-saleable GFA) of approximately 596,794 sq.m.

As of June 30, 2016, there was no completed property in Country Garden Diamond City.

As of June 30, 2016, the properties under development occupied an aggregate site area of approximately 403,333 sq.m. and had an expected aggregate GFA (including saleable and non-saleable GFA) of approximately 139,606 sq.m. Construction of these properties commenced on July 4, 2013 and is expected to be completed in the fourth quarter of 2016. Upon completion, there are expected to be 415 residential flats with an aggregate saleable GFA of approximately 133,357 sq.m.

As of June 30, 2016, the properties held for future development occupied an aggregate site area of approximately 638,011 sq.m. and had an expected aggregate GFA of approximately 457,188 sq.m.

Country Garden Diamond City is expected to offer villas and townhouses in the future.

### Johor State, Malaysia

Country Garden Forest City (碧桂園森林城市)

Country Garden Forest City is a vertical and multi-tiered city project situated in Iskandar Malaysia and linked to Singapore by a bridge. It has a site area of 20 sq.km. under its development plan.

Its ground area will mostly be parks that will be off limits to vehicles. It is expected that there will be vertical greeneries on the walls of the buildings to allow its residents to live in a garden-like environment. It is being developed by a joint venture that we formed with the government of Johor State in Malaysia. It is an urban development project with an expected total development term of 20 years. We hold a 60% equity interest in the joint venture. We have completed the planning stage for this project together with our domestic and foreign partners, and expect to proceed with construction on a rolling basis based on pre-sales and market response.

# Country Garden Danga Bay (碧桂園金海灣)

Country Garden Danga Bay is located in Tingkat 3, Lot PTB 22056, Danga Bay, Jalan Skudai, 80200 Johor Bahru, Johor. It is being developed by Country Garden Danga Bay Sdn Bhd, our wholly owned project company. The project occupies an aggregate site area of approximately 231,199 sq.m. and has an expected aggregate GFA (including saleable and non-saleable GFA) of approximately 1,821,999 sq.m.

As of June 30, 2016, there was no completed property in Country Garden Danga Bay.

As of June 30, 2016, the properties under development occupied an aggregate site area of approximately 231,199 sq.m. and had an expected aggregate GFA (including saleable and non-saleable GFA) of approximately 1,821,999 sq.m. Construction of these properties commenced on July 4, 2013 and is expected to be completed in the fourth quarter of 2017. Upon completion, there are expected to be 9,539 residential flats, 71 shops and a shopping mall with an aggregate saleable GFA of approximately 1,023,001 sq.m..

As of June 30, 2016, there was no property held for future development in Country Garden Danga Bay.

Country Garden Danga Bay is expected to offer high-rise apartment buildings, 71 retail shops and a shopping mall in the future.

# Sydney, Australia

Ryde Garden (Sydney) (碧桂園悉尼萊德花園)

Ryde Garden (Sydney) is located in 27-37 Delhi Road North Ryde. It is being developed by BGY North Ryde Pty Ltd, our wholly owned project company. The project occupies an aggregate site area of approximately 17,585 sq.m. and has an expected aggregate GFA (including saleable and non-saleable GFA) of approximately 68,061 sq.m.

As of June 30, 2016, there was no completed property in Ryde Garden (Sydney).

As of June 30, 2016, the properties under development occupied an aggregate site area of approximately 17,585 sq.m. and had an expected aggregate GFA (including saleable and non-saleable GFA) of approximately 68,061 sq.m. Construction of these properties commenced on June 28, 2014 and is expected to be completed in the fourth quarter of 2018. Upon completion, there are expected to be 830 residential flats and 10 retail shops.

As of June 30, 2016, there was no property held for future development in Ryde Garden (Sydney).

Ryde Garden (Sydney) is expected to offer high-rise apartment buildings and retail shops in the future.

# Our property development and project management procedures

We integrate our resources to conduct land acquisition, planning, project design and construction, sales and post-sales support, and a series of development works. These areas are coordinated and supervised by our central management and carried out by our various functional departments, subsidiaries, and affiliates. We have also established a regional project management structure with a view to further strengthening our project management capabilities and efficiency as our operations continue to grow both inside and outside Guangdong Province. Under this regional project management structure, we currently divide our property development operations into 38 regions. Each region has a designated regional director responsible for overseeing property development.

#### Site selection

Site selection is a fundamental step in our property development process. A team of full-time staff members is designated for identifying sites in the PRC, Malaysia and Australia for prospective property development. Our pre-acquisition site visits and investigations, in conjunction with research and analysis, enable us to understand the general trends and specific conditions of target property markets when assessing the suitability for development of a particular site. When selecting sites for our development projects, we usually apply the following criteria:

- geographical location of the development sites, for example, proximity and accessibility to city centers or business districts;
- property market conditions in the vicinity of the development site;
- local urban planning and specifications; and
- estimated cost, investment and financial return.

Our marketing and sales center and our design service providers are involved in the early stages of the site identification process. The marketing and sales center carries out research and analysis relating to potential market demand. Design services, including planning and concept design, are provided by Guangdong Elite Architectural Co., Ltd., which is our affiliate and principal design service provider.

Upon completion of the preliminary feasibility studies, our executive directors become closely involved in the assessment process by conducting on-site visits before deciding whether to proceed with the acquisition of a site.

Once we have decided to acquire a site, Guangdong Elite Architectural Co., Ltd. begins its preliminary site-planning work.

#### Land acquisition

Prior to July 2002, we acquired some of our land use rights through a land grant contract or a land transfer agreement entered into with local government authorities. Since July 1, 2002, the PRC government introduced regulations requiring that the land transferred from government authorities be sold by a public tender, auction or listing-for-sale. Prior to submitting a tender, we analyze the market and estimate the budget required to develop the project. To acquire a parcel of land, we first need to be successful in the public tender, auction or the listing-for-sale process. In addition, we may also acquire corporate entities that hold land use rights or property projects.

As of June 30, 2016, we had an aggregate GFA under development and for future development of approximately 114,985,888 sq.m. for which we have obtained the relevant land use rights certificates, development and operation rights or land title. We estimate that our current land reserves will be sufficient for our development needs for the next three to five years.

In addition, as of June 30, 2016, our project companies had entered into land grant contracts or land transfer contracts in respect of land in various cities in Guangdong Province, 14 other provinces, one autonomous region and one municipality in China, for which we have applied or were in the process of applying for land use rights certificates or land title. This land bank covers an aggregate site area of approximately 12,257,125 sq.m., with an aggregate expected GFA of approximately 23,460,338 sq.m. for future development.

In certain cases where we are interested in acquiring land in the PRC, we assist local governments in clearing the land and relocate the original residents so that the land is ready for tender, auction and listing-for-sale. In such cases, we enter into land clearance agreements with the relevant land authorities, under which we are reimbursed for expenses we incur for land clearance and relocation and we are entitled to a portion of the profit realized by the local government on the land sale. We do not control the timing of the sale of the land use rights in the land that we have cleared, nor do we set the price for which such land use rights are sold. Sales of the land use rights are conducted by the relevant local government land authorities, through a bidding, auction or listing-for-sale process. If we are interested in bidding for the land, we are required to go through the tender, auction and listing-for-sale process as with other developers and there can be no assurance that we will win the bid. See "Risk factors—Risks relating to our business—We may not receive full compensation for assistance we provide to local governments to clear land for government land sales."

Our ability to acquire land for development is subject to extensive regulations issued by the PRC central and local governments. Further to the requirement of public tender, auction and listing-for-sale, on September 28, 2007, the Ministry of Land and Resources issued a new regulation, which provides that property developers must fully pay the land premium for the entire parcel under the land grant contract before they can receive a land use rights certificate or commence development on the land, effective November 1, 2007.

On November 18, 2009, the Ministry of Finance, the Ministry of Land and Resources, PBOC, the PRC Ministry of Supervision and the PRC National Audit Office issued the "Notice on Further Enhancing the Revenue and Expenditure Control over Land Grant" (關於進一步加強土地出讓收支管理的通知), which raises the minimum down payment for land premiums to 50% of the total premium and requires the land premium to be fully paid within one year of signing a land grant contract, subject to limited exceptions.

On March 8, 2010, the Ministry of Land and Resources issued the "Circular on Strengthening Real Estate Land Supply and Supervision" (關於加強房地產用地供應和監管有關問題的通知) under which the minimum price for a given land transfer is required to be equal to at least 70% of the benchmark price for land in the surrounding locality and the bidding deposit for such land transfer is required to be equal to at least 20% of the applicable minimum transfer price. Property developers are also required to pay 50% of the land premium (taking into account any deposits previously paid) as a down payment within one month of signing a land grant contract and the total amount of land premium is to be paid in full within one year of the date of the land grant contract, subject to limited exceptions.

On May 23, 2012, the Ministry of Land and Resources issued the "Catalog of Restricted Use of Land (2012 Version Supplement)" (限制用地項目目錄(2012年本增補本)) and the "Catalog of Prohibited Use of Land (2012 Version Supplement)" (禁止用地項目目錄(2012年本增補本)) which provides that the area of a parcel of land granted for commodity housing development must not exceed seven hectares in small cities (towns), 14 hectares in medium cities or 20 hectares in large cities.

As a result of these regulations, property developers in the PRC are no longer allowed to bid for a large piece of land, make partial payment, and then apply for a land use rights certificate for the corresponding portion of land and commence development, which was the practice in many Chinese cities. The implementation of these regulations may increase land transfer prices and require property developers to maintain a higher level of working capital. We cannot assure you that we are able to acquire land suitable for development at a reasonable cost or that our cash flow position, financial condition or business plans will not be materially and adversely affected as a result of the implementation of these regulations. We believe that larger property developers like ourselves generally are in a better position to compete for large pieces of land because they normally are in a stronger financial condition.

In Malaysia and Australia, we rely on local counsel and consultants to guide us through the land acquisition process and assist us in entering into various sales and purchase agreements to acquire land sites for development.

#### Financing property developments and land premium

We finance our property developments through a combination of internal funds derived from sales proceeds and shareholder contributions as well as external financings mainly through bank loans and equity and debt financing in the international capital markets. We typically use internal funds and proceeds from capital markets financings to pay for the land acquisition costs and use internal funds and project loans from PRC and Malaysian banks to finance the initial construction costs for our property developments. External financing therefore is an important source of funding for our property development projects. As of June 30, 2016, our outstanding borrowings (including bank and other borrowings, receipts under securitization arrangements, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and corporate bonds) amounted to RMB103,112.0 million (US\$15,515.1 million). Our operations generate cash through pre-sales after the properties meet the requirements of pre-sale under PRC, Malaysian and Australian regulations. Such proceeds from pre-sales, together with the project loans, are the major sources of funding for the construction of our property developments.

On June 5, 2003, PBOC published the Notice on Further Strengthening the Management of Loans for Property Business (中國人民銀行關於進一步加強房地產信貸業管理的通知), which prohibits commercial banks from advancing loans to fund the payment of land premiums. As a result, property developers may not use PRC bank loans to pay for land premiums. Following the publication of this notice, we have paid land premiums from the proceeds from the sale of properties and not from any of our outstanding bank borrowings. We plan to continue to use the proceeds from the sale of our properties, our other internal funds and proceeds from capital market financing to finance our future land premium payments. In addition, pursuant to the Guidance on Risk Management of Property Loans of Commercial Banks (商業銀行房地產貸款風險管理指引), issued on September 2, 2004, any property developer applying for property development loans must have, as its own working capital, at least 35% of the project capital required for the development. In May 2009, to combat the impact of the global economic slowdown and to encourage domestic

consumption, the State Council issued the "Notice for Adjusting the Capital Ratio for Fixed Assets Investment Projects" (國務院關於調整固定資產投資項目資本金比例的通知). Under this notice, the internal capital ratio for protected housing projects and ordinary commodity housing projects was lowered from 35% to 20%, and the internal capital ratio for other property projects was lowered from 35% to 30%, which was further decreased to 25% in September 2015. However, in an attempt to control the growth of the PRC property market, the PRC government in November 2009 raised the minimum down payment to 50% of the total land premium and on March 8, 2010, the Ministry of Land and Resources issued the circular on Strengthening Real Estate Land Supply and Supervision (關於加強房地產用地供應和監管有關問題的通知) under which property developers are required to pay 50% of the land premium as a down payment within one month of signing a land grant contract and the total amount of land premium is to be paid in full within one year of the date of the land grant contract, subject to limited exceptions. Such policy may constrain our cash otherwise available for additional land acquisition and construction in the PRC.

We obtain project loans from a number of commercial banks in the PRC and in Malaysia, including major PRC banks such as Agricultural Bank of China, Industrial and Commercial Bank of China, Bank of China, China Construction Bank and Guangdong Development Bank, as well as major Malaysian banks such as Bank of China (Malaysia) Berhad, CIMB Bank Berhad, HSBC Bank Malaysia Berhad, Industrial and Commercial Bank of China (Malaysia) Berhad, Public Bank Berhad and Malayan Banking Berhad.

We cannot assure you that we will be able to continue to obtain sufficient bank loans or facilities in the future. See "Risk factors—Risks relating to our business—We may not have adequate funding resources to finance land acquisitions or property developments, or to service our financing obligations."

#### Project design work

Our general design work is mainly undertaken by Guangdong Elite Architectural Co., Ltd., which is an affiliate of our controlling shareholder and provides services to us on a priority basis. Our landscaping and greenery design is mainly undertaken by Foshan Shunde Oasis Greenery Design Co., Ltd., an independent third party. In Malaysia, both Elite Architectural Co. and Foshan Shunde Oasis Greenery Design Co., Ltd. also work with local consultants to ensure their designs meet the standards set by relevant Malaysian government agencies. In Australia, we generally outsource our general design work to local independent third parties, and for landscaping and greenery design work, we plan to outsource them to independent third parties.

The design companies become involved in planning research and preliminary design work for a development project at the site selection and land acquisition stages. When determining the design of a particular property development, the designers and engineers generally consider the recommendations of our marketing and sales center regarding product mix, project location and market conditions, as well as the regulatory requirements regarding the design. Involving the design companies at an early stage allows for the formulation of a preliminary design when we are negotiating with the government, enabling us to commence construction shortly after the requisite approval to develop a parcel of land has been granted. The overall time needed to complete the development is therefore reduced.

#### Construction work and procurement

#### Construction work

The construction phase of a development project in the PRC begins once we obtain the Construction Permit for the project. The general project management department is responsible for the overall coordination and allocation of responsibilities in respect of the construction of each project area at different stages and supervises the progress of construction work. Prior to that, our project cost management department prepares the overall budget for a development at different stages. We set up a project company for each project to manage the whole property development project. The project company has a project manager, a project management department, a finance department and a sales department, all of which report to their corresponding functional departments at our headquarters.

Giant Leap Construction Co., our wholly owned subsidiary, currently undertakes most of the construction work for our development projects in Guangdong Province. For the years ended December 31, 2013, 2014 and 2015 and the six months ended June 30, 2016, construction costs attributable to Giant Leap Construction Co. amounted to 17.4%, 18.1%, 13.9% and 11.8%, respectively, of our total construction costs. Apart from a few related parties and other third parties, we are the principal customer of Giant Leap Construction Co.

For property projects outside Guangdong Province and overseas such as in Malaysia, we generally outsource the construction work to third party contractors to leverage on their local expertise. In addition, when Giant Leap Construction Co. does not have adequate resources to deal with a particular development or when the projected profits from a project are not economically attractive, we outsource project construction work in whole or in part to independent third parties. In such outsourcing cases, we select construction contractors through a tender process organized by our project cost management department. On a selective basis, we may also consider acquiring or setting up local construction companies in our major markets outside Guangdong Province. We have so far established local construction companies for our projects in Anhui Province, Hubei Province, Jiangsu Province, Liaoning Province, Hebei Province and Hainan Province. In Malaysia, we have also set up regional offices of Giant Leap Construction Co. to support the work of our third party contractors there. For property projects in Australia, we plan to outsource the construction work to third party contractors.

Under PRC national laws and regulations, a tender process is usually required to select the contractors for public construction projects. When a tender process is required for one of our projects, the Tender Law of the PRC (中華人民共和國招標投標法) will apply. Certain local governments in the PRC may require that all construction projects go through a tender process.

Because of the growth in the number of our projects and their geographical coverage, we expect that we will continue to engage the services of independent construction contractors, particularly for projects outside Guangdong Province and overseas such as in Malaysia and Australia. See "Risk factors—Risks relating to our business—We rely on independent contractors." Without any long-term construction outsourcing contracts in place, we intend to work with a number of qualified contractor candidates in order to create a competitive environment among them.

#### **Procurement**

Currently, some of the construction work for our projects in the PRC is undertaken by Giant Leap Construction Co., our wholly owned subsidiary. Some of the supplies, including equipment and

material, for our construction work undertaken by Giant Leap Construction Co. are centrally procured through our procurement department. Our procurement department typically solicits price quotes from at least two prospective suppliers, negotiates the price and other terms with them and finalizes the purchase arrangements with the winning supplier by signing price confirmations for regular supplies and executing procurement contracts for major equipment and constructions. Each transaction is initiated by a purchase order from our procurement department, and the suppliers are asked to deliver the supplies to locations specified by the relevant project companies or to our central warehouse, which has a computerized record-keeping system for inventory. Our centralized procurement system gives us more bargaining power and better cost control, enabling us to benefit from economies of scale.

When we outsource the construction work for a project to a third party contractor, the contractor generally undertakes the procurement of key construction materials such as steel, cement, sand and stone according to the specifications provided in the construction contract. The total contractor fee takes into account the costs of these materials and the construction contract typically allows adjustment to the total contractor fees if at the time of purchases, the prices of such construction materials have fluctuated beyond the range stipulated in the construction contract.

# Fitting and decoration work

The finishing of most of our projects includes fitting and decoration in accordance with the standards set out in our design specifications for the project. Our wholly owned subsidiary, Finest Decoration Co., provides most of the fitting and decoration services for our projects in the PRC and Malaysia. Finest Decoration Co. will continue to provide fitting and decoration services exclusively for our projects in the future. We also outsource some components of the fitting and decoration work to independent third parties through a tender process.

# **Quality control**

We have established procedures to ensure that the quality of our properties and services complies with relevant regulations and meets market standards. Quality control procedures are implemented by the relevant functional departments as well as by each project company. For each property development project in the PRC, quality inspections and regulatory compliance reviews are carried out by the construction company, construction supervisory companies and our project management department.

In accordance with the PRC regulations, we engage the services of PRC-qualified third-party construction supervisory companies to supervise the construction of our property developments. These construction supervisory companies oversee, under a construction supervision contract, the progress and quality of the construction work of a property development throughout the construction phase. We select construction supervisory companies through a tender process.

In Malaysia and Australia, to ensure construction quality, the relevant departments of our project companies work closely with local government agencies and consultants to perform site checks and supervise the construction process.

#### Pre-sales

Pre-sale of our property units commences before the completion of a project or a project phase. Under the Law of the Administration of Urban Real Estate of the PRC and the Administrative Measures governing the Pre-sale of Urban Real Estate (城市商品房預售管理辦法), as amended in 2001 and 2004, we must comply with the following conditions before pre-sales of a particular property in the PRC can commence:

- the land premiums must have been fully paid and the land use rights certificates must have been obtained;
- the construction works planning permit and construction project building permit must have been obtained:
- the funds contributed to the development of the property developments where property units are to be pre-sold must reach 25% or above of the total amount to be invested in the project, the project must comply with the relevant governmental regulations and the expected completion date and delivery date of the construction work must have been ascertained; and
- pre-sale permits must have been obtained from the county-level construction bureau or property administration authority.

According to the Notice on Further Enhancing the Supervision of the Real Estate Market and Improving the Pre-sale System of Commodity Housing (關於進一步加強房地產市場監管完善商品住房預售制度有關問題的通知) issued by the MOHURD on April 13, 2010, the property developers are not allowed to charge the property purchasers any deposit, pre-payment or payment of the similar nature prior to obtaining the pre-sale permit.

Local governments have also implemented regulations relating to pre-sales of properties. Some of these regulations contain stricter requirements than the central government regulations. We are subject to these local regulations in areas where we have property developments.

Under PRC law, the proceeds from the pre-sales of our properties must be deposited in escrow accounts. Before the completion of the pre-sold properties, the monies deposited in these escrow accounts may only be used to purchase construction materials and equipment, make interim construction payments and pay taxes, subject to prior approval from the relevant local authorities. See the section headed "Regulation" to this offering memorandum for further information on PRC regulations that relate to pre-sales.

Under Malaysian laws, we must receive the following approvals before launching the pre-sales of a particular property:

- the relevant local authorities must have approved our master planning of the development;
- we must have also received local authorities' approval of our building plans, which include information such as project's designs, planned GFAs and floor plans; and
- advertising and sale permits must have also been obtained from the Malaysian Ministry of Housing and Local Government before pre-sales can finally begin.

Under relevant property laws in New South Wales, there is no pre-sale requirement for off-plan apartment sales. However, deposits are typically held in trust accounts to protect interests of the buyers and the developers.

#### Marketing and sales

Our marketing and sales center is responsible for formulating and implementing our marketing and sales strategies. We support our marketing and sales activities through cooperation with external professional marketing and sales service providers. As of June 30, 2016, our marketing and sales team comprised approximately 15,118 employees.

Our marketing and sales center is involved in our property development starting from the early stages and provides its input at key steps. When a potential project is identified by our investment department, our marketing and sales center conducts local property market research and studies the government's land policies. Before we decide to acquire land, our marketing and sales center provides the results of the research and analysis of the relevant parcels of land. During the land acquisition process, our marketing and sales center provides suggestions on the site plan and design. During the project design and construction processes, our marketing and sales center also works closely with our project design companies to formulate, modify and execute a design plan according to consumer preferences and market feedback. Our sales team regularly provides customer feedback to Guangdong Elite Architectural Co., Ltd. and other departments for future improvements.

#### **Customers**

Local residents in Guangdong Province have historically been our core customer base. We expect to gradually broaden our customer base geographically as our projects outside Guangdong Province commence pre-sale and sale. We also sell our properties to residents in Hong Kong, Macau, neighboring provinces and overseas such as in Malaysia and Australia. We target a broad base of customers with varied income levels and backgrounds, with middle-class customers as our primary targets.

#### Payment arrangements

Our customers in the PRC, including those making pre-sales purchases, can pay with mortgage facilities arranged with banks. The mortgage payment terms for sales and pre-sales of properties are substantially the same. All purchasers are required to make a down payment of at least 20% of the purchase price when executing a purchase contract. A maximum 30-year mortgage loan for up to 80% of the purchase price may be available from the mortgage banks to the purchasers who are required to settle such amount within one or three months following the execution of the sales and purchase contract.

Mortgage financing is subject to extensive regulation in the PRC, including requirements with respect to minimum down payments and mortgage lending interest rates. See "Regulation—Legal supervision relating to property sector in the PRC—E. Property transactions—(c) Mortgages of property" and "Risk factors—Risks relating to our business—Our sales and pre-sales will be affected if mortgage financing becomes more costly or otherwise unavailable."

If purchasers choose not to finance their purchase with mortgage loan facilities, they are typically required to pay at least 30% of the purchase price at the time of the execution of the sale and purchase contract. In the case of a pre-sale, the remaining balance is payable within one or three months following the time of the execution of the sale and purchase contract. In the case of properties sold after completion, the remaining balance generally is payable within one month following the execution of the sale and purchase contract. We also offer settlement of purchase

price by installments, under which purchasers are required to pay at least 40% of the purchase price at the time of the execution of the sale and purchase contract, with the balance to be paid by installments over a period ranging from six months to five years. The purchase price for purchasers who settle by installments is generally higher than those who do not do so and is generally higher for longer installment periods, in order to compensate us for the additional credit risk that we may be exposed to.

In accordance with market practice, we provide guarantees to banks for mortgage loans offered to our customers. Generally, our guarantees are released upon the earlier of the issuance of the individual property ownership certificate (房產所有權證) to the owner of the property or the certificate of other rights of property (房地產他項權證) to the mortgage bank by the relevant housing administration department, which are generally available within three months after we deliver the relevant property to our customers, or the full settlement of the mortgaged loan by our customers. Prior to 2003, we also provided long-term guarantees for the mortgage loan of some of our customers. These long-term guarantees were provided to increase confidence of the mortgage banks in providing mortgages to our customers in the then less sophisticated PRC property market. These guarantees are discharged two years from the day the mortgaged loans become due.

In line with customary practice in the industry, we do not conduct independent credit checks on our customers but rely on the credit checks conducted by the mortgage banks. As of December 31, 2013, 2014 and 2015 and June 30, 2016, our outstanding guarantees of the mortgage loans of our customers amounted to RMB31,443.7 million, RMB49,375.9 million, RMB60,636.2 million (US\$9,123.9 million) and RMB83,485.2 million (US\$12,561.9 million), respectively. Historically, we have not experienced material losses due to default of purchases on the mortgages loans. See "Risk factors—Risks relating to our business—We guarantee the mortgages provided to our purchasers and, consequently, we are liable to the mortgagee banks if our purchasers default on their mortgage payments."

In Malaysia, customers can purchase our properties, including through pre-sales purchases, with mortgage facilities arranged with banks. Unlike in the PRC, we do not provide guarantees to banks for mortgage loans offered to our customers in Malaysia. Instead, we provide letters of undertaking for purchasers agreeing to refund the payments made using mortgage loans if we fail to complete the construction and deliver the properties to the purchasers.

In Australia, customers are required to pay 10% of the purchase price when executing a purchase contract, which can be made by cash, check or bank guarantee, and the remainder upon completion of the construction and delivery of the completed property. If the 10% of the purchase price is made by cash or check, the amount will be deposited into a trust account managed by our lawyers and will only be made available to us upon delivery of the completed property.

# **Property management**

Through our wholly owned property management subsidiary, Guangdong Management Co., we provide post-sales property management and services to the residents of each of the PRC and Malaysian projects we developed. For our project in Australia, we assist the residents in setting up a strata management company. As of June 30, 2016, we had approximately 31,258 staff members working for our 462 property service branches. We aim to continue to provide to purchasers of our properties comprehensive post-sales property management and services, including public security and assistance with the management of public order, maintenance of

public facilities, cleaning of public areas, domestic assistance, gardening and landscaping, intracommunity shuttle bus operations and other customer services. We believe we have established a market reputation for the quality of these services. For example, Guangdong Management Co. has been certified by the Ministry of Construction as a class-one property management company, the highest level a PRC property management company can achieve.

Typically, our property management contracts set out the scope and the quality requirements of the services provided by our property management companies. We prepare maintenance and renovation plans for the properties and public facilities that we manage. We are not permitted by law to assign the management duties in their entirety to a third party. However, we can outsource some of the responsibilities, such as cleaning and security services, to independent third parties. The property management contracts also set out the management fee arrangements. We may not increase management fees without the prior consent of a majority of the owners of the properties.

Under PRC law, property owners have a right to engage or dismiss a property management company with the consent of more than half of the owners who in the aggregate hold more than 50% of the total non-communal area of the building. See "Risk factors—Risks relating to our business—Our branding and marketing strategy as well as our financial condition could be adversely affected if owners of the projects that we have developed elect to stop using us to provide property management services" in this offering memorandum. Under Australian law, residents have the right to choose a new strata management company at a later stage.

# Hotel development and operation

We develop hotels to compliment our residential properties. Most of these hotels are located in our large-scale residential community projects, which we believe have added value to our residential projects and enhanced our brand recognition. As of June 30, 2016, our hotel operations consist of owning and operating eight five-star hotels, two four-star hotels, 37 hotels which we have developed in accordance with the five-star standard of the "Star-Rating Standard for Tourist Hotels" and four hotels which we have developed in accordance with the four-star standard of the "Star-Rating Standard for Tourist Hotels." In addition, as of June 30, 2016, we had seven hotels under construction in accordance with the five-star rating standard and one hotel under construction in accordance with the four-star rating standard of the "Star-Rating Standard for Tourist Hotels." Under PRC laws, hotels cannot apply for star hotel certification until after one year of operations. Generally, we apply for such star hotel certification for our hotels after their first year of operations.

While we believe that the demand for luxury hotels in China will increase as the economy of the region continues to grow and that our hotels and resorts will generate recurrent income for us in the long run, we do not focus on the revenue or profit contributions from our hotel business on a stand-alone basis. Rather, we believe that our hotel business assists in enhancing our brand name recognition in the property market and contributes to our overall marketing and sales strategies for, and the overall value of, our residential projects. Most of our hotels are currently owned and operated by our own hotel companies. We have engaged several international management firms with respect to our Maritim Hotel, Wuhu, Maritim Hotel, Shenyang, Hilton Wuhan Optics Valley and Hilton Foshan. Our Maritim Hotel, Wuhu and Maritim Hotel, Shenyang commenced full operations in December 2010 and July 2011, respectively, and our Hilton Wuhan

Optics Valley and Hilton Foshan commenced full operations in January and March 2014, respectively. In return for managing and operating these hotels, we agree to pay our hotel operating management partners a basic management fee based on a percentage of the respective hotel's net income, and an incentive fee with reference to the respective hotel's gross operating profit. In addition, we have signed a letter of understanding and management agreement with an international management firm with respect to some of our hotels under development or planning. We may also consider engaging other international management companies to manage our hotels.

The availability of our hotel facilities to the residents of our property projects is usually seen as an attractive feature by potential purchasers of our properties.

Our commitment to building and running hotels in certain localities has received support from local governments, which seek to improve the local investment environment and attract more tourist traffic and business establishments to their jurisdictions.

The table below sets out details of our hotel developments and operations as of June 30, 2016.

# **Asian Games City Project**

On December 22, 2009, we and two other major property developers in the PRC, Agile and R&F through our and their respective subsidiaries, signed a land grant contract with the PRC government to acquire the Asian Games City Project. The Asian Games City Project is located in the Panyu District of Guangzhou City. The project occupies a site area of approximately 2,639,520 sq.m. and is to be developed as part of the Asian Games City for offering residential and commercial properties with a total planned GFA of approximately 4,380,000 sq.m. The Asian Games City Project is being developed by the Asian Games City JV, in which we hold a minority equity interest. Part of the Asian Games City Project has been constructed or is under construction and the Asian Games City JV is in the process of applying for necessary government approvals for the development of the remaining properties of this project. We believe that our participation, alongside other major property developers, in this landmark project will enhance our position in the PRC property market and bolster our market share and position in Guangzhou

City and Guangdong Province. We believe that the successful completion of the Asian Games City Project will reinforce our status as one of the leading property developers in the PRC.

Prior to June 24, 2010, we, Agile and R&F each held a 33%, 33% and 34% equity interest, respectively, in the Asian Games City JV and the corresponding payment obligations under the land grant contract. On June 24, 2010, we, Agile, Shimao, R&F and Citic South entered into certain agreements relating to the transfer of equity interests in the Asian Games City JV (the "Asian Games Equity Transfer Transactions"). As a result of the Asian Games Equity Transfer Transactions, we and our four joint venture partners each now hold a 20% equity interest, respectively, in the Asian Games City JV. As of June 30, 2016, the balance amount of investment in the Asian Games City JV was approximately RMB0.9 million (US\$0.1 million). The cost for the acquisition of the land use rights and development of the Asian Games City Project is shared equally among us and our four joint venture partners. The total land premium for acquiring the land use rights for this project is RMB25.5 billion which has been paid as of the date of this offering memorandum.

To finance the Asian Games City Project, the Asian Games City JV has entered into loan facilities and trust financing arrangements under which we and our four joint venture partners provided guarantees. As of June 30, 2016, our guarantees for the Asian games City JV for its borrowings amounted to RMB1,447.9 million (US\$217.9 million).

## Competition

The property industry in the PRC is highly competitive. Competitive factors include the size of land reserves and the geographical location, the types of properties offered, brand recognition, price, and design product qualities. Our existing and potential competitors include major domestic state-owned and private property developers in the PRC, and, to a lesser extent, property developers from Hong Kong and elsewhere in Asia. A number of our competitors have greater financial, marketing, land and other resources than we have, as well as greater economies of scale, broader name recognition, a longer track record and more established relationships in certain markets. An example of our principal competitors include China Vanke Co., Ltd. (萬科企業股份有限公司), because they have a presence in the regions in which we operate. For more information on competition, please refer to the section headed "Risk factors—Risks relating to our business—Increasing competition in the PRC may adversely affect our business, financial condition and results of operations."

## **Intellectual property rights**

Foshan Shunde Country Garden Property Development Co., Ltd. has registered the trademarks and service marks of "碧桂園" in the form of Chinese characters, as well as in the form of logos, with the PRC Trademark Office (中華人民共和國商標局) under various categories including construction, realty leasing, realty management and realty agency. Foshan Shunde Country Garden Property Development Co., Ltd has also registered the trademarks and service marks of "COUNTRY GARDEN" in the form of English characters with the PRC Trademark Office under various categories including advertisement, business management and human resource management.

Zhongshan Country Garden Real Estate Development Co., Ltd. has registered the trademarks and service marks of "秀麗湖" in the form of Chinese characters with the PRC Trademark Office under various categories including realty leasing, realty agency and advertisement.

On March 27, 2007, Foshan Shunde Country Garden Property Development Co., Ltd entered into a trademark license agreement with each of Qingyuan Country Garden Co., Jun'an Golf Club Co. and our original shareholders to grant them a non-exclusive right to use the "碧桂園" and certain other trademarks and service marks in respect of their businesses which, apart from Qingyuan Country Garden Co.'s business, are services ancillary to the housing properties constructed by us. Qingyuan Country Garden Co. has also granted Holiday Islands Hotel Co., our wholly owned subsidiary, a non-exclusive right to use the trademarks and service marks of "假日半島 Holiday Islands" (with respect to which Qingyuan Country Garden Co. has applied to register as a trademark in the PRC) in its business operation pursuant to a trademark license agreement entered into between Qingyuan Country Garden and Holiday Islands Hotel Co. on March 27, 2007.

We also own the domain names "bgy.cn," "bgy.com.cn," "countrygarden.cn" and "countrygarden.com.cn." The information contained on our websites is not part of this offering memorandum.

#### Insurance

We maintain public liability and assets insurance policies for our properties, the common facilities and the hotel operating areas of our properties. In addition, we carry social insurance for our employees, and our property management subsidiaries also maintain property management liability insurance coverage in connection with their business operations. We do not, however, maintain insurance coverage for non-performance of contract during construction and other risks associated with construction and installation works during the construction period. Consistent with what we believe to be customary practice in the property development industry in China, we also do not maintain insurance against personal injuries or property damage that may occur during the construction of our properties, except that we carry accidental insurance (i.e., employer's liability insurance) against personal injuries that may occur to construction workers.

To help ensure construction quality and safety, we have a set of standards and specifications for the construction workers to follow during the construction process. We engage qualified supervision companies to oversee the construction process. Under PRC law, the owner or manager of properties under construction bears civil liability for personal injuries arising out of construction work unless the owner or manager can prove that it is not at fault. Since we have taken the above steps to prevent construction accidents and personal injuries, we believe that we will generally be able to demonstrate that we were not at fault as the property owner if a personal injury claim is brought against us.

We believe the terms of our insurance policies are in line with industry practice in the PRC. However, our insurance coverage may not be sufficient for losses and damages that may arise in our business operations. See "Risk factors—Risks relating to our business—We do not have insurance to cover potential losses and claims in our operations" and "Regulation."

## **Employees**

As of June 30, 2016, we had approximately 79,967 full-time employees, respectively. The following table provides a breakdown of our employees by responsibilities as of June 30, 2016:

| Property development (headquarters) <sup>(1)</sup> | -      |
|--|--------|
| Property development (regional) <sup>(2)</sup>     | 11,393 |
| Marketing and sales                                | 15,118 |
| Property management                                | 31,258 |
| Hotel  | 7,521  |
| Construction, fitting and decoration management    | 4,235  |
| Others   | 8,534  |
|  | 79,967 |

#### Notes:

- (1) Includes employees from cost management, procurement, strategy management, legal and compliance, finance management, engineering management, investment management, human resources management, operations, customer services, inspection and logistic personnel departments.
- (2) Includes employees from our property development subsidiaries in different regions in China, in Malaysia and in Australia where our operations are located.

The remuneration package of our employees includes salary, bonus and other cash subsidies. In general, we determine employee salaries based on each employee's qualification, position and seniority. We have designed an annual review system to assess the performance of our employees, which forms the basis of our determination on salary raise, bonus and promotion. We are subject to social insurance contribution plans organized by the PRC local governments. In accordance with the relevant national and local labor and social welfare laws and regulations, we are required to pay, on behalf of our employees, a monthly social insurance premium covering pension insurance, medical insurance, unemployment insurance, maternity insurance and housing reserve fund. We believe the salaries and benefits that our employees receive are competitive in comparison with market rates.

Our employees do not negotiate their terms of employment through any labor union or by way of collective bargaining agreements. We believe our relationship with our employees is good. We have not experienced significant labor disputes which adversely affected or are likely to have an adverse effect on the operations of our business had occurred.

## **Environmental matters**

We are subject to a variety of laws and regulations concerning environmental protection. See "Risk factors—Risks relating to our business—Potential liability for environmental problems could result in substantial costs." As of the date of this offering memorandum, we are not in material breach of any applicable environmental laws and regulations which has led to penalties imposed by the environmental authorities and there are no existing material legal proceedings, arbitrations or administrative penalties against us.

## Legal proceedings

From time to time, we have been involved in legal proceedings or other disputes in the ordinary course of our business which are primarily disputes with our customers, contractors and employees, and we have not incurred significant legal costs and expenses in connection with

these legal proceedings. We are not aware of any material legal proceedings, claims or disputes currently existing or pending against us that may have a material adverse impact on our business or our results of operations. See "Risk factors—Risks relating to our business—We may be involved in legal, administrative and other disputes arising out of our operations or subject to fines and sanctions in relation to our non-compliance with certain PRC laws and regulations from time to time and may face significant liabilities or damage our reputation as a result."

## Regulation

## Legal supervision relating to property sector in the PRC

## A. Establishment of a property development enterprise

Pursuant to the "Law of the People's Republic of China on Administration of Urban Real Estate" (the "Urban Real Estate Law") (中華人民共和國城市房地產管理法) enacted by the Standing Committee of the National People's Congress on July 5, 1994, effective in January 1995 and as amended on August 2007 and in August 2009, a property developer is defined as "an enterprise which engages in the development and sale of property for the purposes of making profits." Under the "Regulations on Administration of Development of Urban Real Estate" (the "Development Regulations") (城市房地產開發經營管理條例) which was promulgated by the State Council and became effective on July 20, 1998, a property development enterprise must satisfy the following requirements: (1) having a registered capital of not less than RMB1 million and (2) having four or more full-time professional property/construction technicians and two or more full-time accounting officers with the relevant qualifications. The Development Regulations also stipulate that people's governments of the provinces, autonomous regions or municipalities directly under the central government may impose more stringent requirements regarding the registered capital and qualifications of professional personnel of a property development enterprise according to the local circumstances.

Pursuant to the Development Regulations, applications for registration of a property development enterprise have to be submitted to the department of administration of industry and commerce. The applicant must file a record with the property development authority in the location of the registration authority within 30 days of the receipt of its business license.

In May 2009, the State Council issued a "Notice on Adjusting the Percentage of Capital Fund for Investment Projects in Fixed Assets" (關於調整固定資產投資項目資本金比例的通知). The minimum internal capital ratio is 20% for ordinary commodity housing projects and affordable housing projects and 30% for other property projects.

In September 2015, the State Council issued a "Notice to Adjust and Promote the System of Capital Fund for Investment Projects in Fixed Assets"(關於調整和完善固定資產投資項目資本金制度的通知), under which the minimum capital ratio remains 20% for affordable housing projects and ordinary commodity residential projects, and is decreased to 25% for other property projects.

## B. Foreign-invested real estate enterprises

Foreign-invested real estate enterprises can be established in the form of sino-foreign equity joint venture, sino-foreign co-operative joint venture or wholly owned foreign enterprise according to the laws and administrative regulations relating to foreign-invested enterprises. Prior to the application for registration to the department of administration of industry and commerce, the enterprise must be approved by the authorities of commerce and have obtained an approval certificate for establishing a foreign-invested enterprise.

Under the Catalog of Guidance on Industries for Foreign Investment (2015 version) (the "Guidance Catalog") (外商投資產業指導目錄) (2015年修訂) which was jointly promulgated by MOFCOM and NDRC on March 10, 2015 and became effective on April 10, 2015, the construction of golf course and villas falls within the category of industries in which foreign investment is prohibited, construction and operation of large theme parks falls within the restricted category, and other real estate development falls within the category of industries in which foreign investment is permitted.

On July 11, 2006, the Ministry of Construction, MOFCOM, NDRC, PBOC, SAIC and SAFE jointly enacted the "Circular on Standardizing the Admittance and Administration of Foreign Capital in the Real Estate Market", or "Circular No. 171" (關於規範房地產市場外資准入和管理的意見). According to this circular, foreign investment in property markets must comply with the following requirements:

- (a) Foreign institutions or individuals purchasing property in China not for their own residential use shall follow the principle of commercial existence and apply for establishment of foreign-invested enterprises under the regulations of foreign investment in property. Foreign institutions and individuals can only carry on their business, pursuant to the approved business scope, after obtaining the approvals from relevant authorities and upon completion of the relevant registrations.
- (b) If the total investment of a foreign-invested real estate development enterprise exceeds or equals US\$10 million, the registered capital must not be less than 50% of the total investment. If the total investment is less than US\$10 million, the amount of the registered capital shall follow the existing regulations.
- (c) The commerce authorities and the department of administration of industry and commerce are in charge of granting approval for establishment and effecting registration of foreign-invested real estate enterprises and issuing approval certificates for foreign-invested enterprises and business licenses which are only effective for one year. After paying for the land use rights, the enterprises should apply for the land use rights certificate by presenting the above-mentioned approval certificates and business licenses. With the land use rights certificate, the enterprises will receive an official approval certificate for a foreign-invested enterprise from the commerce authorities, and shall replace the business license with one that has the same operational term as the formal approval certificate for foreign-invested enterprise in the department of administration of industry and commerce, and then apply for tax registration with the tax authorities.
- (d) Transfers of projects of or shares in foreign-invested real estate enterprises, and the acquisitions of domestic real estate enterprises by foreign investors should strictly follow the relevant laws, regulations and policies to obtain approvals. Foreign investors should submit: (i) the guarantee letters for the performance of the State-Owned Land Use Rights Grant Contracts, Construction Land Planning Permit and Construction Work Planning Permit; (ii) Certificate of Land Use Rights; (iii) the certification on alteration of archival files issued by construction authorities; and (iv) the certification on the payment of tax issued by the relevant tax authorities.
- (e) When acquiring domestic real estate enterprises by way of share transfer or otherwise, or purchasing shares from Chinese parties in sino-foreign equity joint ventures, foreign investors should make proper arrangements for the employees, settle the bank loans and pay the consideration in one single payment with its internal fund. Foreign investors with unsound financial track records shall not be allowed to conduct any of the aforementioned activities.

On May 23, 2007, MOFCOM and SAFE jointly issued the "Notice on Further Strengthening and Regulating the Approval and Supervision on Foreign Investment in Real Estate Sector in the PRC," (關於進一步加強、規範外商直接投資房地產業審批和監管的通知) which stipulates the following requirements for the approval and supervision of foreign investment in the property sector:

- foreign investment in the PRC property sector relating to luxury properties should be strictly controlled;
- before obtaining approval for the establishment of property entities with foreign investment, (i) both the land use rights certificates and housing ownership rights certificates should have been obtained or, (ii) contracts for obtaining land use rights or housing ownership rights should be entered into;
- entities which have been set up with foreign investment, need to obtain approval before they expand their business operations into property development, and entities which have been set up for property development operations need to obtain new approval in order to expand their property business operations;
- acquisitions of property entities and foreign investment in the property sector by way of "round-trip" investment(返程投資) should be strictly regulated. Foreign-investors should not avoid approval procedures by changing actual controlling persons;
- parties to property entities with foreign investment, should not in any way guarantee a fixed investment return;
- registration shall be immediately effected according to applicable laws with MOFCOM regarding the setup of property entities with foreign-investment, approved by local PRC governmental authorities;
- foreign exchange administration authorities and banks authorized to conduct foreign exchange business should not effectuate foreign exchange settlements regarding capital account items to those who fail to file with MOFCOM or fail to pass the annual reviews; and
- for those property entities which are wrongfully approved by local authorities for their setups, (i) MOFCOM should carry out investigations and order punishment and corrections, and (ii) foreign exchange administrative authorities should not carry out foreign exchange registrations for them.

On July 10, 2007, the General Affairs Department of SAFE issued the "Notice Regarding the Publication of the List of the First Batch of Property Development Projects with Foreign Investment That Have Properly Registered with MOFCOM" (關於下發第一批通過商務部備案的外商投資房地產專案名單的通知) ("Notice No. 130"). This regulation restricts the ability of foreign-invested property companies to raise funds offshore for the purposes of injecting such funds into the companies either through a capital increase or by way of shareholder loans. Notice No. 130 was repealed in May 2013, but its restrictions have been stipulated by several other regulations as follows:

• SAFE will no longer process foreign debt registrations or applications for purchase of foreign exchange, submitted by real estate enterprises with foreign investment that obtained authorization certificates from and registered with MOFCOM on or after June 1, 2007; and

• SAFE will no longer process foreign exchange registrations (or change of such registrations) or applications for sale and purchase of foreign exchange submitted by real estate enterprises with foreign investment that obtained approval certificates from local government commerce departments on or after June 1, 2007 but that have not registered with MOFCOM.

In June 2008, to strengthen regulation of real estate enterprises with foreign investment, MOFCOM issued the "Notice Regarding Completing the Registration of Foreign Investment in the Real Estate Sector"(關於做好外商投資房地產業備案工作的通知) ("Notice No. 23"). According to Notice No. 23, when a foreign-invested real estate enterprise is established or increases its registered capital, the provincial level MOFCOM is required to verify all records regarding such foreign-invested real estate enterprise. Notice No. 23 also requires that each foreign-invested real estate enterprise undertake only one approved property project.

Under the "Measures for the Administration of the Approval and Record Filing of Foreign Investment Projects" (外商投資項目核准和備案管理辦法) promulgated by NDRC on May 17, 2014 and enforced on June 17, 2014, and revised and enforced on December 27, 2014, NDRC is responsible for the approval of encouraged projects with a total investment (including capital increase) of US\$1,000 million and above, which are projects required to be controlled by a Chinese shareholder under the Guidance Catalog, and restricted projects (excluding real estate projects) with a total investment (including capital increase) of US\$1,000 million and above. Projects with a total investment (including capital increase) of US\$2,000 million and above shall be filed with the State Council. Provincial governments are responsible for the approval of real estate projects within the restricted category under the Guidance Catalog and other restricted projects with a total investment (including capital increase) of not more than US\$100 million. Local government is responsible for the approval of encouraged projects with a total investment (including capital increase) of not more than US\$1,000 million, which is required to be controlled (including relatively controlled) by a Chinese shareholder under the Guidance Catalog.

On March 30, 2015, SAFE issued the "Notice on the Reform of the Administration of Foreign Exchange Registered Capital Settlement for Foreign-Invested Enterprises" (國家外匯管理局關於改革外商投資企業外匯資本金結匯管理方式的通知) effective from June 1, 2015, under which a reform on the administration of foreign exchange capital settlement for foreign-invested enterprises is carried out in China and foreign-invested enterprises may make equity investments within China by utilizing the RMB funds converted from their foreign exchange registered capital. Besides the remittance of equity transfer payments in the original foreign currency, foreign-invested enterprises mainly engaged in investment activities (including foreign investment companies, foreign-invested venture capital enterprises and foreign-invested equity investment enterprises) are permitted to directly convert foreign capital funds into RMB funds or transfer the RMB funds converted from the foreign capital account to the bank account of the investee enterprise based on the actual investment scale on the premise that the domestic investment projects are authentic and in compliance. Equity investments within China remitted through equity transfer payments in the original foreign currency by general foreign-invested enterprises other than the above enterprises shall be governed by the current domestic reinvestment laws and regulations. If such foreign-invested enterprises make equity investments in China by using converted RMB funds, the investee enterprise shall first register this domestic reinvestment activity with the administration of the foreign exchange (bank) of its place of incorporation and open a corresponding RMB account for depositing the converted RMB funds. The foreign-invested enterprises shall then transfer the converted RMB funds into the RMB account of the investee enterprise based on the actual investment scale. If the investee enterprise continues to make equity investments in China, the above principles shall apply. On June 9, 2016, SAFE issued the "Notice to Reform and Regulate the Administration Policies of Foreign Exchange Capital Settlement" (關於改革和規範資本項目結匯管理政策的通知) to further reform foreign exchange capital settlement nationwide.

On April 6, 2010, the State Council issued the "Opinions on Further Enhancing the Utilization of Foreign Investment" (關於進一步做好利用外資工作的若干意見), which provides that, except for the projects required to be approved by relevant departments of the State Council pursuant to the "Catalog of Investment Projects Subject to Government Approvals" (政府核准的投資項目目錄), a project within the encouraged or permitted industry categories under the Guidance Catalog may be approved by local government authorities, provided that the total investment (including additional invested capital) for such project is no more than US\$300 million.

On May 4, 2010, NDRC issued the "Circular on Doing a Good Job in Delegating the Power to Verify Foreign-invested Projects" (關於做好外商投資項目下放核准權限工作的通知), specifying that the power to verify foreign invested projects shall be delegated and project verification procedures shall be simplified. The circular provides that, except for the projects that are required to be verified by relevant departments of the State Council in accordance with the Catalog of Investment Projects Subject to Government Approvals, the foreign invested projects which are within the encouraged or permitted industry categories under the Guideline Catalog shall be verified by NDRC at the provincial level, provided that such projects have a total investment (including additional invested capital) of no more than US\$300 million. In addition, the circular specifies that, after the power to verify is delegated, project application and verification documents and verification conditions and procedures shall still be determined in accordance with the Tentative Administrative Measures for Verification of Foreign-invested Projects. According to the circular, the power to verify the projects within the restricted category under the Guideline Catalog is not delegated for the time being.

On June 10, 2010, MOFCOM released the "Circular on Issues Concerning Delegating the Examination and Approval Authority for the Foreign Investment" (商務部關於下放外商投資審批權限有關問題的通知). Under the circular, local authorities are granted the power to examine, approve and administrate the establishment and replacement of (i) foreign-invested enterprises which are within the encouraged and permitted categories under the Guidance Catalog and have a total investment of no more than US\$300 million, and (ii) foreign-invested enterprises which are within the restricted category under the Guidance Catalog and have a total investment of no more than US\$50 million.

On September 3, 2016, the National People's Congress Standing Committee (NPCSC) adopted a decision on amending the law of foreign invested companies which will be effective from October 1, 2016. Upon the effectiveness of the decision, the establishment of the foreign invested enterprise and its subsequent changes will be required to be filed with the relevant authorities instead of obtaining approvals from relevant commerce authorities as required by the existing PRC laws, except for the foreign invested enterprises which are subject to the special administrative measures regarding foreign investment entry.

In November 2010, MOFCOM promulgated the "Notice on Strengthening Administration of the Approval and Registration of Foreign Investment into Real Estate Industry" (關於加強外商投資 房地產業審批備案管理的通知), which reiterated a number of these limitations on foreign-invested real estate enterprises. On June 24, 2014, the MOFCOM and the SAFE jointly issued the Notice on

Improving the Registration of Foreign Investment in Real Estate (關於改進外商投資房地產備案工作的通知), effective from August 1, 2014, to simplify the procedures of registration of foreign investment in real estate. On November 11, 2015, MOFCOM and SAFE jointly issued the "Circular on Further Improving the Record-filing for Foreign Investment in Real Estate" (關於進一步改進外商投資房地產備案工作的通知). According to this circular, the record-filing procedure has been cancelled.

## C. Qualifications of a property developer

#### (a) Classifications and assessment of a real estate development enterprise's qualification

Under the "Provisions on Administration of Qualifications of Real Estate Developers" (the "Provisions on Administration of Qualifications") (房地產開發企業資質管理規定) promulgated by the Ministry of Construction in March 2000, a property developer is required to apply for registration of its qualifications according to the Provisions on Administration of Qualifications. An enterprise cannot engage in the development and sale of property without a qualification classification certificate for property development.

In accordance with the Provisions on Administration of Qualifications, property developers are classified into four classes. Developers with class 1 qualification are subject to preliminary examination and approval by the construction authority under the government of the relevant province, autonomous region or municipality directly under the central government and then final approval by the construction authority under the State Council. Procedures for approval of developers with class 2 or lower qualification shall be formulated by the construction authority under the government of the relevant province, autonomous region or municipality directly under the central government. A developer that passes the qualification examination will be issued a qualification certificate of the relevant class by the qualification examination authority. After a newly established property developer reports its establishment to the property development authority, the latter shall issue a provisional qualification certificate to the eligible developer within 30 days of receipt of the report. The provisional qualification certificate shall be effective for one year from the date of its issuance. The property development authority can extend the validity period for not more than two years after considering the actual business condition of the enterprise. Property developers are required to apply for a qualification classification by the property development authority within one month before the expiry of the provisional qualification certificate.

## (b) The business scope of a property developer

Under the Provisions on Administration of Qualifications, a developer of any qualification classification may only engage in the development and sale of property within its approved scope of business and may not engage in business which is limited to another classification. A class 1 property developer is not restricted as to the scale of a property project to be developed and may undertake a property development project anywhere in the country. A class 2 property developer or lower may undertake a project with a GFA of less than 250,000 sq.m. and its specific scope of business shall be as approved by the construction authority under the government of the relevant province, autonomous region or municipality.

## (c) The annual inspection of a property developer's qualification

Pursuant to the Provisions on Administration of Qualifications, the qualification of a property developer is required to inspected annually. The construction authority under the State Council or its authorized institution is responsible for the annual inspection of a class 1 property

developer's qualification. Procedures for annual inspection of developers of a class 2 or lower qualification shall be formulated by the construction authority under the people's government of the relevant province, autonomous region or municipality.

## D. Development of a property project

## (a) Land for property development

Under the "Interim Regulations of the People's Republic of China on Assignment and Transfer of the Right to Use State-Owned Land in Urban Areas" (the "Interim Regulations on Assignment and Transfer") (中華人民共和國城鎮國有土地使用權出讓和轉讓暫行條例) promulgated and enforced by the State Council on May 19, 1990, a system of grant and transfer of the right to use state-owned land is adopted. A land user is required to pay a premium to the state as consideration for the grant of the land use rights within a certain term, and the land user can transfer, lease, mortgage or otherwise commercially use the land use rights within the term of use. Under the Interim Regulations on Assignment and Transfer and the Urban Real Estate law, the land administration authority under the local government of the relevant city or county is required to enter into a land grant contract with the land user for the grant of the land use rights. The land user is required to pay the land premium as provided for by the land grant contract. After payment in full of the land premium, the land user is required to register with the land administration authority and obtain a land use rights certificate evidencing the acquisition of land use rights. The Development Regulations provide that land use rights for a site intended for property development shall be obtained through government grant except for land use rights which may be obtained through allocation pursuant to the PRC laws or the stipulations of the State Council.

Under the "Regulations on the Assignment of State-Owned Land Use Rights through Competitive Bidding, Auction and Listing-for-Sale" (Regulation No. 11) (招標拍賣掛牌出讓國有土地使用權規定, 11號令) which were promulgated by the Ministry of Land and Resources on May 9, 2002 and became effective on July 1, 2002, land for commercial use, tourism, entertainment and commodity housing development is assigned by way of competitive bidding, public auction or listing-for-sale. The regulations were amended on September 28, 2007, and were renamed "Regulations on the Assignment of the Rights to Use State-Owned Land for Construction through Competitive Bidding, Auction and Listing-for-Sale" (Regulation No. 39) (招標拍賣掛牌出讓國有建設用地使用權規定, 39號令). The general procedures for assignment of state-owned land use rights are as follows:

- (a) The land authority under the people's government of the city and county (the "assignor") shall make an announcement at least 20 days prior to the date of the proposed competitive bidding, public auction or listing-for-sale. The announcement should include basic particulars such as land parcel, the qualification requirements of the bidder and auction applicants, methods and criteria on confirming the winning tender or winning bidder, and other conditions such as the deposit for the bid.
- (b) The assignor shall conduct a qualification verification of the bidding applicants and auction applicants, inform the applicants who satisfy the requirements set out in the announcement and invite them to attend the competitive bidding, public auction or listing-for-sale.
- (c) After determining the winning tender or the winning bidder by either competitive bidding, public auction or listing-for-sale, the assignor and the winning tender or winning bidder are then required to enter into a confirmation. The assignor should return the bidding or tender deposits to other bidding or auction applicants.

- (d) The assignor and the winning tender or winning bidder are required to enter into a contract for the grant of state-owned land use rights according to the time and venue set out in the confirmation. The deposit of the bid paid by the winning tender or winning bidder will be used to set off part of the land premium for the grant of the state-owned land use rights.
- (e) The winning tender or winning bidder is required to apply for the land registration after paying off the land grant premium in accordance with the state-owned land use rights grant contract. The people's government above the city and county level should issue the "Land Use Permit for State-Owned Land."

According to the "Notice of the Ministry of Land and Resources on Strengthening the Administration of Land Supply and Promoting the Sustainable Sound Development of Real Estate Market" (關於加強土地供應管理促進房地產市場持續健康發展的通知) enacted by the Ministry of Land and Resources on September 4, 2003, land use for luxurious commodity houses shall be stringently controlled and applications for land use for building villas will not be accepted. On May 30, 2006, the Ministry of Land and Resources issued the "Urgent Notice of Further Strengthening the Administration of the Land" (the "Urgent Notice") (關於當前進一步從嚴土地管理的緊急通知) stipulating that land for property development must be assigned by way of competitive bidding, public auction or listing-for-sale, development projects for villas are not be permitted, and all supply of land for such purposes and the handling of related land use procedure will be ceased from issuance date of the notice.

Under the Urgent Notice, the land authority should rigidly execute the "Model Text of the Stateowned Land Use Rights Assignment Contract" (國有土地使用權出讓合同示範文本) and "Model Text of the State-Owned Land Use Rights Assignment Supplementary Agreement (for Trial Implementation)" (國有土地使用權出讓合同補充協議示範文本(試行)) jointly promulgated by the Ministry of Land and Resources and SAIC. The document of the land grant should ascertain the requirement of planning, construction and land use such as the restriction of the dwelling size, plot ratio and the time limit of starting and completion. All these should be agreed in the land use rights grant contract. On April 29, 2008, the Ministry of Land and Resources and SAIC promulgated the revised "Model Text of the Rights to Use State-Owned Land for Construction Assignment Contract" (國有建設用地使用權出讓合同示範文本).

Under the "Regulations on the Assignment of the Rights to Use State-Owned Land for and Construction through Competitive Bidding, Auction Listing-for-Sale" (招標拍賣掛牌出讓國有建設用地使用權規定) which were promulgated by the Ministry of Land and Resource on September 28, 2007, and became effective on November 1, 2007, land for industrial use (including land for warehouses but not land for mining), commercial use, tourism, entertainment and commodity housing development or more than two competing users on one piece of land is required to be assigned by way of competitive bidding, public auction or listingfor-sale. The assignee should obtain the land use rights certificate after paying off the total premium. The relevant land use rights certificates will not be issued prior to full payment of the appropriate land premium, and no land use rights certificates will be issued pro rata based on partial payment received.

In November 2009, the Ministry of Finance, the Ministry of Land and Resources, PBOC, the PRC Ministry of Supervision and the PRC National Audit Office jointly promulgated the Notice on Further Enhancing the Revenue and Expenditure Control over Land Grant (關於進一步加強土地出讓收支管理的通知). The notice raises the minimum down payment to 50% of

the total land premium and requires the land premium to be fully paid within one year of signing a land grant contract, subject to limited exceptions.

On March 8, 2010, the Ministry of Land and Resources promulgated the Circular on Strengthening Real Estate Land Supply and Supervision (the "Circular") (關於加強房地產用地供應和監管有關問題的通知). Under the Circular, price for a given land transfer is required to be at least 70% of the benchmark price for land in the surrounding locality and the bidding deposit for such land transfer is required to be equal to at least 20% of the applicable minimum land premium. The Circular has made further strict provisions on land grant contract administration. The land grant contract shall be entered into within 10 working days after the land grant deal is closed, the down payment of 50% of the land premium (taking into account any deposits previously paid) shall be paid within one month as of the date of land grant contract, and the remaining shall be paid in accordance with provisions of the land grant contract within one year.

In September 2010, the Ministry of Land and Resources and MOHURD jointly promulgated the Notice on Further Strengthening Control and Regulation of Land and Construction of Property Development (關於進一步加強房地產用地和建設管理調控的通知), which stipulates, among other things, that: (i) at least 70% of land designated for construction of urban housing must be used for affordable housing, housing for resettlement of shanty towns and small to medium-sized ordinary commercial housing; in areas with high housing prices, the supply of land designated for small to medium-sized, price-capped housing must be increased; (ii) developers and their controlling shareholders are prohibited from participating in land auctions before the rectification of certain misconduct, including (1) illegal transfer of land use rights; (2) failure to commence required construction within one year from the delivery of land under land grant contracts due to such developers' own reasons; (3) noncompliance with the land development requirements specified in land grant contracts; and (4) crimes such as swindling land by forging official documents and illegal land speculation; (iii) developers are required to commence construction within one year from the date of delivery of land under the relevant land grant contract and complete construction within three years of commencement; (iv) development and construction of projects of low-density and large-sized housing must be strictly limited and the plot ratio of the planned GFA to the total site area of residential projects must be more than 1:1; and (v) the grant of two or more bundled parcels of lands and undeveloped land is prohibited.

In December 2010, the Ministry of Land and Resources promulgated the Notice on Strict Implementation of Policies Regarding Regulation and Control of Real Property Land and Promotion of the Healthy Development of Land Markets (關於嚴格落實房地產用地調控政策促進土地市場健康發展有關問題的通知), which provides, among other things, that; (i) cities and counties that have less than 70% of their land supply designated for affordable housing, housing for redevelopment of shanty towns or small/medium residential units must not provide land for large-sized and high-end housing before the end of this year; (ii) land and resource authorities in local cities and counties will report to Ministry of Land and Resources and provincial land and resource authorities, respectively regarding land with a premium rate of more than 50%; (iii) land designated for affordable housing which is used for property development against relevant policies or involved illegal income will be confiscated and the relevant land use rights will be withdrawn. Moreover, changing the plot ratio without approval is strictly prohibited.

On January 26, 2011, the State Council circulated "Notice on Further Regulating the Real Estate Market" (國務院辦公廳關於進一步做好房地產市場調控工作有關問題的通知), which provides for more stringent management of housing land supply, among other things, that participants or individuals bidding on any land unit shall show proof of funding sources.

According to the "Notice on Implementation Measures on Urban Housing Land Management and Regulation in 2011" (關於切實做好2011年城市住房用地管理和調控重點工作的通知) promulgated by the Ministry of Land and Resources in February 2011, construction for 10 million units of affordable housing units shall be implemented in 2011. It also requires that the target total supply of urban housing land shall not be lower than the annual average supply for the preceding two years.

According to the "Notice on Implementation Measures on Urban Housing Land Management and Regulation in 2012" (關於做好2012年房地產用地管理和調控重點工作的通知) promulgated by the Ministry of Land and Resources in February 2012, the target total supply of urban housing land shall not be lower than the annual average supply for the preceding five years.

According to the Circular on the Distribution of the Catalog for Restricted Land Use Projects (2012 Edition) and the Catalog for Prohibited Land Use Projects (2012 Edition) (關於印發(限制用地項目目錄)(2012年本)和(禁制用地項目目錄)(2012年本)的通知) promulgated by the Ministry of Land and Resources in May 2012, the transferred area of the residential housing projects should not exceed (i) seven hectares for small cities and towns, (ii) 14 hectares for medium-sized cities, and (iii) 20 hectares for large cities, and plot ratio must be more than 1.0.

On February 26, 2013, the General Office of the State Council issued the "Notice on Continuing to improve the Regulation and Control of Real Estate Market" (國務院辦公廳關於繼續做好房地產市場調控工作的通知), which requires, among other things, expanding ordinary commodity housing units and increasing the supply of land. The overall housing land supply in 2013 shall not be lower than the average actual land supply for the preceding five years.

#### (b) Property project development

#### i. Commencement of a property project and the idle land

Under the Urban Real Estate Law, those which have obtained the land use rights through an assignment must develop the land in accordance with the terms of use and within the period of commencement prescribed in the land use rights assignment contract. On June 1, 2012, the Ministry of Land and Resources revised and promulgated the "Measure for the Disposal of Idle Land" (閑置土地處置辦法), which further clarified the scope and definition of idle land, as well as the corresponding punishment measures compared to the old version. Pursuant to the new Measure for the Disposal of Idle Land, under the following circumstances, a parcel of land shall be defined as "idle land":

- any state-owned land for construction use, of which the holder of the land use right fails to start the construction and development thereof within one year after the commencement date of the construction and development work as agreed upon and prescribed in the contract for fee-based use of state-owned land for construction use, or the decision on allocation of state-owned land for construction use; and
- any state-owned land for construction use, of which the construction and development have been started but the area of land that is under construction and development is less than one third of the total area of land that should have been under construction and development or the amount invested is less than 25% of the total investment, and the construction and development of which has been suspended for more than one year.

If a parcel of land is deemed as idle land by a competent department of land and resources, unless otherwise prescribed by the new Measure for the Disposal of Idle Land, the land shall be disposed of in the following ways:

- where the land has remained idle for more than one year, the competent department of land and resources at the municipal or county level shall, with the approval of the people's government at the same level, issue a Decision on Collecting Charges for Idle Land to the holder of the land use right and collect the charges for idle land at the rate of 20% of the land assignment or allocation fee; and the said charges for idle land shall not be included in the production cost by the holder of the land use right; and
- where the land has remained idle for more than two years, the competent department of land and resources at the municipal or county level shall, with the approval of the people's government at the same level, issue a Decision on Taking Back the Right to Use the state-owned Land for Construction Use to the holder of the land use right.

On January 3, 2008, the State Council reiterated the abovementioned policies in the "Notice on Enhancing the Economical and Intensive Use of Land." (關於促進節約集約用地的通知) This notice states, among other things, that (i) policies in relation to the forfeiture of land use rights without compensation for land which has remained idle for more than two years shall be strictly implemented; (ii) if any land remains idle for one year, an idle land fee of 20% of the relevant land premium shall be levied; (iii) the prohibition of land supply for villa projects shall continue; (iv) the Ministry of Land and Resources and other authorities are required to research and commence the drafting of implementation rules concerning the levy of LAT on idle land; (v) in relation to the supply of residential land, planning conditions such as plot ratio limits and the number and type of units that can be constructed shall be taken into account in land grant contracts and allocation decisions to ensure that at least 70% of the total land grant for residential development will consist of low rental housing, economy housing, limited pricing housing and units of less than 90 sq.m. in size; and (vi) financial institutions are required to exercise caution when approving financing for any property developer who, after one year from the commencement date stipulated in the land grant contract, fails to complete at least onethird of the development of their project or provide at least 25% of the total investment in the project. On September 12, 2014, the Ministry of Land and Resources issued the Guidelines on Improving Economical and Intensive Use of Land (關於推進土地節約集約利用的指導意見), which requires relevant governmental authorities to reinforce the implementation of the rules regarding idle land and to specify the control requirements of land use standards in relevant legal documents, including land use approvals and land grant contracts.

## ii. Planning of a property project

According to the "Urban and Rural Planning Law of the People's Republic of China (replacing the previous "City Planning Law of the People's Republic of China" (中華人民共和國城市規劃法) since January 2008) (中華人民共和國城鄉規劃法), the "Administrative Measures on Planning of Grant and Transfer of Urban State-Owned Land Use Rights" (城市國有土地使用權出讓轉讓規劃管理辦法) which were promulgated by the Ministry of Construction on December 4, 1992 and became effective on January 1, 1993 and the "Notice of the Ministry of Construction on Strengthening the Planning Administration of Grant of State-Owned Land Use Rights" (關於加強國有土地使用權出讓規劃管理工作的通知) which was promulgated by the Ministry of Construction and became effective on December 26, 2002, after signing an assignment contract, a property developer shall apply for an Opinion on Construction Project's Site Selection and a Permit for Construction Site Planning from the city and county planning authority with the assignment contract. After obtaining a Permit for Construction Site Planning, a property developer shall organize the necessary planning and the design work with regard to planning and design requirements, and apply for a Permit for Construction Work Planning from city planning authority with the relevant approval documents.

On January 21, 2011, the "Regulations on the Expropriation of Buildings on State-Owned Land and Compensation" (國有土地上房屋徵收與補償條例) was promulgated by the State Council, a summary of the important provisions is set forth below:

- Where a building of any entity or individual on state-owned land is expropriated for public interest, the owner of the expropriated building shall be fairly compensated;
- The people's government at the city or county level shall publish in a timely manner the public opinions solicited and the amendments made according to the public opinions;
- Before making a decision on building expropriation, the people's government at the city or county level shall make a social stability risk assessment according to the relevant provisions;
- The compensation granted to an owner by the people's government at the city or county level which makes the building expropriation decision shall include:
- (1) compensation for the value of the building expropriated;
- (2) compensation for the relocation or temporary settlement resulting from the building expropriation; and
- (3) compensation for the production or business interruption losses resulting from the building expropriation;
- The compensation for the value of the building expropriated shall not be less than the market price of real estate similar to the building expropriated on the date of announcement of the building expropriation decision;
- An owner may choose either monetary compensation or exchange of titles; and
- Compensation shall be made before relocation, and demolition and relocation with violence is prohibited.

#### iii. Construction of a property project

After obtaining the Permit for Construction Work Planning and prior to construction, a property developer is required to apply for a Construction Permit from the construction authority above the county level according to the "Measure for the Administration of Construction Permits for Construction Projects" (建築工程施工許可管理辦法) enacted by the Ministry of Housing and Urban-Rural Development on June 25, 2014 and effective from October 25, 2014.

## iv. Completion of a property project

According to the Development Regulation, the "Regulation on the Quality Management of Construction Projects" (建設工程質量管理條例) enacted and enforced by the State Council on January 30, 2000, the "Administrative Measures for Reporting Details Regarding Acceptance Examination Upon Completion of Buildings and Municipal Infrastructure" (房屋建築和市政基礎設施工程竣工驗收備案管理辦法) enacted by the Ministry of Construction in April 2000 and

amended on October 19, 2009 and the "Provisions on Acceptance Examination Upon Completion of Buildings and Municipal Infrastructure" (房屋建築和市政基礎設施工程竣工驗收規定) which were promulgated by the Ministry of Housing and Urban-Rural Development in December 2013, after completion of work for a project, a property developer is required to apply for the acceptance examination to the property development authority under the people's government on or above the county level and report details of the acceptance examination, upon which the "Record of acceptance examination upon project completion" is issued. For a housing estate or other building complex project, an acceptance examination is required to be conducted upon completion of the whole project and where such a project is developed in phases, separate acceptance examination is required to be carried out for each completed phase.

## (a) Transfer of property

According to the Urban Real Estate Law and the "Provisions on Administration of Transfer of Urban Real Estate" (城市房地產轉讓管理規定) enacted by the Ministry of Construction on August 7, 1995 and revised on August 15, 2001, a property owner may sell, give or otherwise legally transfer a property to another person or legal entity. When transferring a building, the ownership of the building and the land use rights attached to the site on which the building is situated are transferred simultaneously. The parties to a transfer are required to enter into a property transfer contract in writing and register the transfer with the property administration authority having jurisdiction over the location of the property within 90 days of the execution of the transfer contract.

Where the land use rights were originally obtained by assignment, the real property may only be transferred on the condition that: (a) the assignment price has been paid in full for the assignment of the land use rights as provided by the assignment contract and a land use rights certificate has been obtained; and (b) if development is to be carried out according to the assignment contract and is a project in which buildings are being developed, development representing more than 25% of the total investment has been completed.

If the land use rights were originally obtained by assignment, the term of the land use rights after transfer of the property shall be the remaining portion of the original term provided by the land use rights assignment contract after deducting the time that has been used by the former land users. In the event that the transferee intends to change the use of the land provided in the original assignment contract, consent shall first be obtained from the original assignor and the planning administration authority under the local government of the relevant city or county and an agreement to amend the land use rights assignment contract or a new land use rights assignment contract shall be signed in order to, inter alia, adjust the land use rights assignment price accordingly.

If the land use rights were originally obtained by allocation, transfer of the real property shall be subject to the approval of the government vested with the necessary approval power as required under the regulations of the State Council. If the people's government vested with the necessary approval power approves such a transfer, the transferee shall complete the formalities for transfer of the land use rights, unless the relevant statutes require no transfer formalities, and pay the transfer price according to the relevant statutes.

## (b) Sale of commodity properties

Under the "Regulatory Measures on the Sale of Commodity Properties" (商品房銷售管理辦法) which were promulgated by the Ministry of Construction on April 4, 2001 and became effective on June 1, 2001, sale of commodity properties can include both pre-completion and post-completion sales.

## i. Permit of Pre-Completion Sale of Commodity Properties

According to the Development Regulations and the "Measures for Administration of Pre-completion Sale of Commodity Properties" (the "Pre-completion Sale Measures") (城市商品房預售管理辦法) enacted by the Ministry of Construction on November 15, 1994 and revised on August 15, 2001 and July 20, 2004, the pre-completion sale of commodity properties is subject to a permit system, under which a property developer intending to sell a commodity building before its completion is required to make the necessary pre-completion sale registration with the property development authority of the relevant city or county to obtain a permit of pre-completion sale of commodity properties. A commodity building can only be sold before completion provided that: (a) the assignment price has been paid in full for the assignment of the concerned land use rights and a land use rights certificate has been issued; (b) a Permit for Construction Work Planning and a Permit for Construction of Work have been obtained; (c) the funds invested in the development of the commodity properties put to pre-completion sale represent 25% or more of the total investment in the project and the progress of work and the completion and delivery dates have been ascertained; and (d) the pre-completion sale has been registered and a Permit for Pre-completion Sale of Commodity Properties has been obtained.

In addition, according to the "Regulations on Administration of Pre-completion Sale of Commodity Properties of Guangdong Province" (廣東省商品房預售管理條例) enacted by the Standing Committee of Guangdong Provincial People's Congress on August 22, 1998 and revised on October 14, 2000, July 23, 2010 and September 25, 2014, and the "Notice on Adjusting Conditions of Image and Progress for Commodity Building Pre-sale Project in Guangdong Province" (關於調整商品房預售項目工程形象進度條件的通知) issued by the Guangdong Provincial Construction Bureau in January 2001, the following conditions are required to be fulfilled for the pre-completion sale of commodity properties in Guangdong: (a) the property developer has obtained a real property development qualification certificate and a business license; (b) the construction quality and safety monitoring procedures have been performed; (c) the structural construction and the toping-out must have been completed in respect of properties of not more than seven stories (including seven stories), and at least two-third of the structural construction must have been completed in respect of properties of more than seven stories; (d) a special property pre-completion sale account with a commercial bank in the place where the project is located has been opened; and (e) the properties, pre-completion sale project and its land use rights are free from any third party rights.

## ii. Management of pre-completion sale proceeds of commodity properties

According to the Pre-completion Sale Measures, the proceeds obtained by a property developer from the advance sale of commercial houses must be used for the construction of the relevant projects. The specific measures for the supervision on proceeds from the advance sale of commodity properties shall be formulated by the property administrative departments.

#### iii. Conditions of the sale of post-completion commodity properties

Under the "Regulatory Measures on the Sale of Commodity Properties," commodity properties can may be put to post-completion sale only when the following preconditions have been satisfied: (a) the real estate development enterprise offering to sell the post-completion properties has a enterprise legal person business license and a qualification certificate of a property developer; (b) the enterprise has obtained a land use rights certificate or other approval documents of land use; (c) the enterprise has the permit for construction project planning and the permit for construction; (d) the commodity properties have been completed and been inspected and accepted as qualified; (e) the relocation of the original residents has been well settled; (f) the supplementary essential facilities for supplying water, electricity, heating, gas, communication, etc. have been made ready for use, and other supplementary essential facilities and public facilities have been made ready for use, or the schedule for construction and delivery date thereof have been specified; and (g) the property management plan has been completed.

Before the post-completion sale of a commodity building, a property developer is required to submit the Real Estate Development Project Manual and other documents showing that the preconditions for post-completion sale have been fulfilled to the property development authority for making a record.

#### iv. Regulations on sale of commodity properties

According to the Development Regulations and the Pre-completion Sale Measures, for the pre-completion sale of a commodity property, the developer is required to sign a contract on the pre-sale of the commodity property with the purchaser. The developer shall, within 30 days upon signing the contract, apply for registration and record the contract for pre-completion sale commodity property to the relevant administrative departments governing the property and land administration department of the city or country governments. The property administrative department is required to take the initiative to apply network information technology to gradually implement the web-based registration of pre-sale contracts.

Pursuant to the "Circular of the General Office of the State Council on Forwarding the Opinion of the Ministry of Construction and Other Department on Doing a Good Job of Stabilizing House Prices" (國務院辦公廳轉發建設部等部門關於做好穩定住房價格工作意見的通知) on May 9, 2005, there are several regulations concerning commodity properties sales:

- The buyer of a commodity building is prohibited from conducting any transfer of the pre-sale of the commodity building that he has bought but is still under construction. Before completion and delivery of an advance sale commodity building to the advance buyer, and before the advance buyer obtains the individual property ownership certificate, the property administration department shall not handle any transfer of the commodity building. If there is a discrepancy in the name of the applicant for property ownership and the name of the advance buyer in the advance sales contract, the property ownership registration administration shall not record the application of real estate ownership.
- A real name system for house purchase should be applied; and an immediate archival filing network system should be carried out for the pre-sale contracts of commodity properties.

On April 13, 2010, the MOHURD issued the "Notice on Further Enhancing the Supervision of the Real Estate market and Perfecting the Pre-sale System of Commodity Houses" (關於進一步加強

房地產市場監管完善商品住房預售制度有關問題的通知). Pursuant to the notice, without the pre-sale approval, the commodity houses are not permitted to be pre-sold and the real estate developer is not allowed to charge the buyer any deposit or pre-payment or payment of the similar nature. In addition, the notice urges local governments to enact regulations on the sale of completed commodity properties in light of the local conditions, and encourages property developers to engage in the practice of selling completed commodity properties.

The "Provisions on Sales of Commodity Properties at Clearly Marked Price" (商品房銷售明碼標價規定) was promulgated by the NDRC on March 16, 2011 and became effective on May 1, 2011. According to the provisions, any real estate developer or real estate agency ("real estate operators") is required to mark the selling price explicitly and clearly for both newly-build and second-hand commodity properties. The provisions require real estate operators to clearly indicate to the public the prices and relevant fees of commodity properties, as well as other factors affecting the prices of commodity properties. With respect to the real estate development projects that have received property pre-sale license or have completed the filing procedures for the sales of constructed properties, real estate operators shall announce all the commodity properties available for sales at once within the specified time limit. Furthermore, with regard to a property that has been sold, real estate operators are obliged to disclose this information and to disclose the actual transaction price. Real estate operators cannot sell commodity properties beyond the stated price or charge any other fees not explicitly marked. Moreover, real estate operators may neither mislead property purchasers with false or irregular price marking, nor engage in price fraud by using false or misleading price marking methods.

## (c) Mortgages of property

Under the Urban Real Estate Law and the "The Security Law of the People's Republic of China" (中華人民共和國擔保法) which was promulgated by the Standing Committee of the National People's Congress on June 30, 1995 and became effective on October 1, 1995, and the "Measures on the Administration of Mortgage of Buildings in Urban Areas" (城市房地產抵押管理辦法) which was promulgated by the Ministry of Construction in May 1997 and revised on August 15, 2001, mortgage refers to the act of a debtor, or a third party, who, without transferring the occupancy of the properties, charge those properties as security for the creditor's rights. When the debtor fails to pay his debt, the creditor has a right to obtain compensation, in accordance with the stipulations of the aforesaid law and regulation, by converting the properties into money or seek preferential payments from the proceeds from the auction or sale of the concerned properties. The obligation secured by a mortgagor shall not exceed the value of the properties mortgaged. After being mortgaged, the balance of value of the properties that exceeded the creditor's rights can be mortgaged for a second time, but the sum of the mortgage shall not exceed the value of the balance. When a mortgage is created on the ownership of a building on state-owned land legally obtained, a mortgage shall be simultaneously created on the land use rights of the land on which the building is erected. When the land use rights of state-owned lands acquired through means of assignment is mortgaged, the buildings on the land shall also be mortgaged at the same time. The land use rights of town and village enterprises cannot be mortgaged individually. When the buildings of the town and village enterprises are mortgaged, the land use rights occupied by the buildings shall also be mortgaged at the same time. The mortgagor and the mortgagee are required to sign a mortgage contract in writing. Within 30 days after a property mortgage contract has been signed, the parties to the mortgage are required to register the mortgage with the property administration authority at the location where the property is situated. A real estate mortgage contract shall become effective on the date of registration of the mortgage. If a mortgage is created on the real estate in respect of which a property ownership certificate has been obtained legally, the registration authority shall make an entry under the "third party rights" item on the original real estate ownership certificate and then issue a Certificate of Third Party Rights to Real Estate to the mortgagee. If a mortgage is created on the commodity building put to pre-completion sale or under construction, the registration authority shall record the details on the mortgage contract. If construction of a real property is completed during the term of a mortgage, the parties involved shall re-register the mortgage of the real property after the issuance of the certificates evidencing the ownership of the property.

In September 2010, PBOC and the CBRC jointly issued the "Notice on Relevant Issues Regarding the improvement of Differential Mortgage Loan Policies" (關於完善差別化住房信貸政策有關問題的通知), which provides, among other things, that (i) the minimum down payment is raised to 30% for all first home purchases; (ii) commercial banks in China shall suspend mortgage loans to purchasers (including the borrower, spouse and minor children) for their third or further residential property or to non-local residents who cannot provide documentation certifying payment of local tax or social security for longer than a one-year period; and (iii) all property companies with records of being involved in abuse of land, changing the land-use purpose or nature of use of land, postponing the construction commencement or completion date, hoarding or other non-compliance will be restricted from obtaining bank loans for new projects or extension of credit facilities. In addition, certain cities have promulgated measures to restrict the number of residential properties one family is allowed to purchase, such as Guangzhou, Shenzhen, Changzhou, Shanghai, Beijing, Suzhou, Nanjing, Tianjin, Wuhan, Ningbo, Fuzhou, Nanchang, Hangzhou and Dalian.

In November 2010, MOHURD, the Ministry of Finance, CBRC and PBOC jointly promulgated the "Notice on Relevant Issues Concerning Policies of Regulation of Individual Housing Reserve Loan" (關於規範住房公積金個人住房貸款政策有關問題的通知), which provides that, among other things: (i) where a first-time house purchaser (including the borrower, his or her spouse and minor children) uses housing reserve loans to buy an ordinary house for self-use with a unit floor area: (a) equal to or less than 90 square meters, the minimum down payment shall be at least 20%, (b) more than 90 square meters, the minimum down payment shall be at least 30%; (ii) for a second-time house purchaser using housing reserve loans, the minimum down payment shall be at least 50% with the minimum lending interest rate of 110% of the benchmark rate; (iii) the second housing reserve loan will only be available to families whose per capital housing area is below the average in locality and such loan must only be used to purchase an ordinary house for self-use to improve residence conditions; and (iv) housing reserve loans to families for their third and further residential property will be suspended.

On January 26, 2011, the State Council issued the "Notice on Further Strengthening Regulation and Control of Real Property Markets" (關於進一步做好房地產市場調控工作有關問題的通知), requiring: (i) a minimum down payment of at least 60% of the total purchase price with a minimum mortgage lending interest rate of 110% of the benchmark rate published by PBOC for the purchase of a second residential property; and (ii) in municipalities directly under the central government, cities listed on state plans, provincial capitals, and cities where the housing prices are overly high or increasing at an excessively high rate, purchasers (including their spouses and minor children) that are either local residents or non-local residents that can provide documentation certifying payment of local tax or social security for longer than a specified time period, are not permitted to purchase a second (or further) residential property, and purchasers (including their spouses and minor children) that are non-local residents that are unable to provide documentation certifying payment of local tax or social security for longer than a

specified time period, are not permitted to purchase any residential properties. In order to implement the Notice on Further Strengthening Regulation and Control of Real Property Markets, certain cities, including Beijing, Shanghai, Chengdu, Qingdao and Jinan, have promulgated measures to restrict the number of residential properties one family is allowed to purchase.

The people's governments of certain cities, such as Beijing, Shanghai, Guangzhou, Tianjin, Nanjing, Chengdu, Wuxi, Qingdao, Hangzhou, Xi'an, Changzhou, Shenyang and Dalian, had respectively promulgated local measures for restriction of housing purchases to implement the Notice of the State Council on Issues Related to Further Enhancing the Regulation and Control of the Real Estate Market (國務院辦公廳關於進一步做好房地產市場調控工作 有關問題的通知).

On February 26, 2013, the PRC government further adopted more strict policies to restrict properties purchase, including increasing down payment ratios and interest rates for loans to purchasers of second homes in cities where the housing price is growing excessively, and imposing individual income tax at a rate of 20% on the gains generated from the sale of a self-owned property. In the third quarter of 2013, several cities, including Guangzhou, Shanghai and Hangzhou, have increased the minimum down payment for purchasers of second homes to 70% of the purchase price. Since August 2014, most of the local governments have issued their respective measures to lift the restrictions on the purchase of residential properties.

#### (d) Lease of buildings

On December 1, 2010, the Ministry of Housing and Urban-Rural Development issued the "Administrative Measures for Commodity Housing Tenancy" (商品房屋租賃管理辦法), according to which, the parties to a housing tenancy are required to go through the housing tenancy registration formalities with the competent construction (real estate) departments of the municipalities directly under the PRC central government, cities and counties where the housing is located within 30 days after the housing tenancy contract is signed. The relevant construction (real estate) departments are authorized to impose a fine below RMB1,000 on individuals, and a fine between RMB1,000 and RMB10,000 on other violators who are not natural persons who fail to comply with the regulations within the specified time limit. The above measures came into effect on February 1, 2011. On June 3, 2016, the General Office of the State Council issued the "Opinions on Accelerating the Cultivation and Development of Leasing Market" (國務院辦公廳關於加快培育和發展住房租賃市場的若干意見), which encourages real estate developers to carry out house leasing businesses. The said opinions support real estate developers to utilize built residential properties or newly built residential properties to carry out leasing businesses. The opinions also encourage real estate developers to put up the residential properties for rent and to cooperate with residential property leasing enterprises to develop rental properties.

## F. Property financing

PBOC issued the "Circular on Further Strengthening the Management of Loans for Property Business" (關於進一步加強房地產信貸業務管理的通知) on June 5, 2003 to specify the requirements for banks to provide loans for the purposes of property development and individual home mortgage as follows:

(a) The property loan by commercial banks to real estate enterprises shall be granted only under the title of property development loan and it is strictly forbidden to extend such loans as a current capital loan for property development project or other loan item. No lending of any type shall be granted to enterprises which have not obtained the land use

rights certificates, construction land permit, construction planning permit and construction work permit;

- (b) Commercial banks shall not grant loans to property developers to pay off land premium; and
- (c) Commercial banks may only provide mortgage loans to individual buyers when the main structural buildings have been topped out. When a borrower applies for individual home loans for his first residential unit, the down payment remains at 20%. In respect of his loan application for an additional purchase of residential unit(s), the percentage of the first installment shall be increased.

Pursuant to the "Guidance on Risk Management of Property Loans of Commercial Banks" (商業銀行房地產貸款風險管理指引) issued by China Banking Regulatory Commission on September 2, 2004, any property developer applying for property development loans is required to have at least 35% of capital funds required for the development.

According to the "Notice of the People's Bank of China on the Adjustment of Commercial Bank Housing Loan Policies and the Interest Rate of Excess Reserve Deposit," (中國人民銀行關於調整商業銀行住房信貸政策和超額儲備金存款利率的通知) enacted by PBOC on March 16, 2005, starting from March 17, 2005, the down payment for individual homes increased from 20% to 30% in cities and areas where property prices grow too quickly. The commercial banks can independently determine scope of such property price rise according to specific situations in different cities or areas.

On May 24, 2006, the State Council passed the "Opinion of the Ministry of Construction and Other Departments on Adjusting the Housing Supply Control Structure and Stabilizing the Property Prices." (關於調整住房供應結構穩定住房價格的意見) The regulations provide the following:

- (a) Tightening the control of advancing loan facilities. The commercial banks are not allowed to advance their loan facilities to property developers which do not have the required 35% or more of the total capital for the construction projects. The commercial banks should be prudent in granting loan facilities and revolving credit facilities in any form to the property developers who have a large number of idle land and unsold commodity properties. Banks should not accept mortgages of commodity properties remaining unsold for three years or longer;
- (b) From June 1, 2006 and onward, purchasers need to pay a minimum of 30% of the purchase price as down payment, except for apartments with a floor area of 90 sq.m. or less for residential purposes, for which the existing requirement of 20% of the purchase price as down payment remains unchanged.

According to the Circular on Standardizing the Admittance and Administration of Foreign Capital in Real Estate Market, foreign-invested real estate enterprises which have not paid up their registered capital fully, or failed to obtain a land use rights certificate, or with under 35% of the capital for the project, will not be allowed to obtain a loan in or outside China, and foreign exchange administration departments will not approve any settlement of foreign loans by such enterprises.

On May 23, 2007, MOFCOM and SAFE jointly issued the "Notice on Further Strengthening and Regulating the Approval and Supervision on Foreign Investment in Real Estate Sector in the PRC" (關於進一步加強規範外商直接投資房地產業審批和監管的通知). On April 28, 2013, SAFE issued the "Notice

Regarding Promulgation of Administrative Measures on Foreign Debt Registration" (國家外匯管理局關於發布《外債登記管理辦法》的通知), which became effective on May 13, 2013 and contains an appendix named the Operating Guidelines for Foreign Debt Registration Administration (外債登記管理操作指引). These notices indicate that SAFE will not process any foreign debt registrations or foreign debt applications for the settlement of foreign exchange submitted by real estate enterprises with foreign investment that obtained authorization certificates from and registered with MOFCOM on or after June 1, 2007.

On September 27, 2007, PBOC and the CBRC issued the "Circular on Strengthening the Credit Management for Commercial Real Property," (關於加強商業性房地產信貸管理的通知) with a supplement issued in December 2007. The circular aims to tighten the control over property loans from commercial banks to prevent excessive credit granting. The measures adopted include:

- for a first time home buyer, increasing the minimum amount to 30% of the purchase price as down payment where the property has a unit floor area of 90 sq.m. or above and the purchaser is buying the property as for own residence;
- for a second time home buyer, increasing (i) the minimum amount of down payment to 40% of the purchase price and (ii) the minimum mortgage loan interest rate to 110% of the relevant PBOC benchmark bank lending interest rate. If a member of a family (including the buyer, his/her spouse and their children under 18) finances the purchase of a residential unit, any member of the family that buys another residential unit with loans from banks will be regarded as a second time home buyer;
- for a commercial property buyer, (i) requiring banks not to finance any purchase of presold properties, (ii) increasing the minimum amount of down payment to 50% of the purchase price, (iii) increasing the minimum mortgage loan interest rate to 110% of the relevant PBOC benchmark bank lending interest rate, and (iv) limiting the terms of such bank loans to no more than 10 years, although commercial banks are allowed flexibility based on its risk assessment;
- for a buyer of commercial/residential dual-purpose properties, increasing the minimum amount of down payment to 45% of the purchase price, with the other terms to be decided by reference to commercial properties; and
- prohibiting commercial banks from providing loans to property developers which have been found by relevant government authorities to be holding excessive amounts of land and properties.

In addition, commercial banks are also prohibited from providing loans to projects that have less than 35% of capital funds (proprietary interests), or where there is failure to obtain land use rights certificates, construction land planning permits, construction works planning permits and construction permits. Commercial banks are also prohibited from accepting commercial premises that have been vacant for more than three years as collateral for loans. In principle, property development loans provided by commercial banks should only be used for projects in areas where the commercial bank is located. Commercial banks may not provide loans to property developers to finance the payment of land use rights grant fees.

According to the notice on "Issues on Enlarging the Floating Range of the Downward Movement of Interest Rates for Individual Mortgage Loans," (關於擴大商業性個人住房貸款利率下浮幅度等有關問題的通知) issued by PBOC on October 22, 2008 and effective on October 27, 2008, the PRC government lowered

the minimum interest rate for individual mortgage loans to 70% of the corresponding PBOC benchmark bank lending rates. Further, the minimum down payment of residential properties was lowered to 20%.

In January 2010, the General Office of the State Council issued a "Circular on Facilitating the Stable and Healthy Development of Property Market" (關於促進房地產市場平穩健康發展的通知), adopting a series of measures to strengthen and improve the regulation of the property market, stabilize market expectations and facilitate the stable and healthy development of the property market. These include, among others, measures to increase the supply of affordable housing and ordinary commodity housing, provide guidance for the purchase of property, restrain speculation of property, and strengthen risk prevention and market supervision. Additionally, it explicitly requires a family (including a borrower, his or her spouse and children under 18), that has already purchased a residence through mortgage financing and has applied to purchase a second or additional residences through mortgage financing, to pay a minimum down payment of 40% of the purchase price.

On April 17, 2010, the State Council Issued Notice on Resolutely Curbing the Rapid Rising of the House Price in Certain Cities (堅决遏制部分城市房價過快上漲的通知) (the "April 17 Notice"), which provides that where the first home purchaser (including a borrower, his or her spouse and children under 18) purchases a residence with a unit floor area of more than 90 sq.m. for self use, the minimum down payment is required not to be less than 30%; where for the second home buyers that use mortgage financing, it is required that the minimum down payment is required to be 50% of the purchase price with minimum mortgage lending interest rate at the rate of 110% of the benchmark rate published by PBOC; where a third or further buyers that use mortgage financing, the minimum down payment and interest rate thereof is required to be substantially further raised. The April 17 Notice, further requires that in cities where property prices are overly high with excessive price hike and strained housing supply, commercial banks may in light of risk exposure suspend extending bank loans for a third or further buyers; also provision of housing loans shall be suspended to non-local residents who cannot present the local tax returns or social insurances certification of more than one year.

On May 26, 2010, the MOHURD, PBOC and the CBRC jointly issued the "Circular on Regulating the Criteria for Identifying the Second Residential Properties in Connection with Personal Commercial Housing Loans" (關於規範商業性個人住房貸款中第二套住房認定標準的通知), which provides, among others, that the number of residential properties owned by an individual property purchaser who is applying for mortgage loans is required to be determined by taking into account the total number of residential properties owned by the family of such purchaser (including the purchaser and his or her spouse and children under the age of 18 years). In addition, the circular depicts a number of circumstances under which different credit policies shall be applied in connection with purchases of the second or further residential property.

In September 2010, PBOC and the CBRC jointly issued the "Notice on Relevant Issues Regarding the improvement of Differential Mortgage Loan Policies" (關於完善差別化住房信貸政策有關問題的通知), which provides, among other things, that (i) the minimum down payment is increased to 30% for all first home purchases; (ii) commercial banks in China are required to suspend mortgage loans to purchasers (including the borrower, spouse and minor children) for their third or further residential property or to non-local residents who cannot provide documentation certifying payment of local tax or social security for longer than a one-year period; and (iii) all property companies with records of being involved in abuse of land, changing the land-use purpose, postponing the construction commencement or completion date,

hoarding or other non-compliance will be restricted from obtaining bank loans for new projects or extension of credit facilities. In addition, certain cities have promulgated measures to restrict the number of residential properties one family is allowed to purchase, such as Guangzhou, Shenzhen, Suzhou, Nanjing, Tianjin, Wuhan, Ningbo, Fuzhou, Nanchang, Hangzhou and Dalian.

In November 2010, MOHURD and SAFE jointly promulgated the "Notice on Further Regulating Administration of Purchase of Houses by Overseas Institutions and Individuals" (關於進一步規範境外機構和個人購房管理的通知), pursuant to which, a foreign individual can only purchase one house for self-use within the PRC and an overseas institution which has established a branch or representative office in the PRC can only purchase non-residential houses for business use in the city where it is registered within the PRC.

On January 26, 2011, the State Council issued the "Notice on Further Strengthening Regulation and Control of Real Property Markets" (關於進一步做好房地產市場調控工作有關問題的通知), which: (i) imposes a minimum down payment of at least 60% of the total purchase price with a minimum mortgage lending interest rate of 110% of the benchmark rate published by PBOC for the purchase of a second residential property; and (ii) in municipalities directly under the central government, cities listed on state plans, provincial capitals, and cities where the housing prices are overly high or increasing at an excessively high rate, purchasers (including their spouses and minor children) that are local residents with two or more residential properties, non-local residents with one or more residential properties, or non-local residents that are unable to provide documentation are not permitted to certifying payment of local tax or social security for longer than a specified time period, purchase any residential properties. In order to implement the Notice on Further Strengthening Regulation and Control of Real Property Markets, certain cities, including Beijing, Shanghai, Chengdu, Qingdao and Jinan, have promulgated measures to restrict the number of residential properties one family is allowed to purchase.

On February 26, 2013, the General Office of the State Council issued the "Notice on Continuing Improve the Regulation Control of the Real **Estate** Market" to and (國務院辦公廳關於繼續做好房地產市場調控工作的通知), pursuant to which, in cities where the housing price are increasing at an excessively high rate, the local counterparts of the PBOC may further increase down payment ratios and interest rates for loans to purchase second properties in accordance with the price control policies and targets of the corresponding local governments. In the third quarter of 2013, several cities, including Guangzhou, Shanghai and Hangzhou, have increased the minimum down payment for purchasers of second residential properties to 70% of the purchase price.

To support the demand of purchasers of residential property and to promote the sustainable development of the real estate market, the PBOC and the CBRC jointly issued the Notice on Further Improving Financial Services for Residential Property (關於進一步做好住房金融服務工作的通知) on September 29, 2014, which provides that for any family that wishes to use a loan to purchase a residential property, the minimum down payment will be 30% of the property price and the minimum loan interest rate will be 70% of the benchmark lending interest rate, with the specific terms of such loan to be decided by the banking financial institution that provides the loan, based on the risk profile of the borrower. Where a family that owns a residential property and has paid off its existing mortgage loan applies for a new mortgage loan to purchase another residential property to improve living conditions, the bank may apply mortgage loan policy for first-time purchasers of residential property. In cities that have lifted restrictions on the purchase of residential property by residents or those that have not imposed such restrictions, when a family that owns two residential properties or more and has paid off its existing mortgage loans

applies for a new mortgage loan to purchase another residential property, the bank is required to assess the credit profile of the borrower, taking into consideration the solvency and credit standing of the borrower and other factors, to decide the down payment ratio and loan interest rate. In view of the local urbanization plan, banks may provide mortgage loans to non-local residents that meet the conditions required by the related policies. In March 2015, the PBOC, CBRC and MOHURD jointly issued a notice to lower the minimum down payment to 40% for households that own a residential property and have not paid off their existing mortgage loan applying for a new mortgage loan to purchase another ordinary residential property to improve their living conditions, and allow the bank to decide at its own discretion the down payment ratio and loan interest rate taking into consideration the solvency and credit standing of the borrower. On February 1, 2016, the PBOC and CBRC jointly issued the "Notice on the Adjustment of Individual Housing Loans Policies" (關於調整個人住房貸款政策有關問題的通知) which provides that in cities where property purchase control measures are not being implemented, the minimum down payment ratio for a personal housing commercial loan obtained by a household for purchasing its first ordinary residential property is, in principle, 25% of the property price, which can be adjusted downward by 5% by local authorities. For existing residential property household owners which have not fully repaid the previous loan and are obtaining further personal housing commercial loan to purchase an additional ordinary residential property for the purpose of improving living conditions, the minimum down payment ratio shall be not less than 30% which is lower than the previous requirement of not less than 40%.

#### G. Insurance of a property project

There are no mandatory provisions in the PRC laws, regulations and government rules which require a property developer to take out insurance policies for its property projects.

In light of the "Construction Law of the People's Republic of China" (中華人民共和國建築法) which was promulgated by the Standing Committee of the National People's Congress on November 1, 1997, and became effective on March 1, 1998), and which was subsequently amended on April 22, 2011 (with the amendments became effective on July 1, 2011), construction enterprises must maintain accident and casualty insurance for workers engaged in dangerous operations. In the "Opinions of the Ministry of Construction on Strengthening the Insurance of Accidental Injury in the Construction Work" (關於加強建築意外傷害保險工作的指導意見) promulgated by the Ministry of Construction on May 23, 2003, the Ministry of Construction further emphasized the importance of insurance to cover accidental injury in construction work and put forward detailed quidance. The "Guidance on the Insurance of Accidental Injury in the Construction Work of Guangdong Province" (廣東省建築意外傷害保險工作導則) enacted by the construction department of Guangdong Province on September 8, 2004 prescribes the scope, object, term, coverage, amount and premium of insurance for accidental injury. It further emphasizes that the persons who have already been insured for work-related injury insurances still need accidental injury insurance when he or she takes part in the on-site construction work. According to the common practice of the property industry in Guangdong, except for the accidental injury insurance, construction companies are usually required to submit insurance proposals in the course of tendering and bidding for construction projects.

Construction companies are required to pay for the insurance premium at their own costs and take out various types of insurance to cover their liabilities, such as property risks, third party's liability risk, performance guarantee in the course of construction and all-risks associated with the construction and installation work throughout the construction period. The requirements for

insurance for all the aforementioned risks shall cease immediately after the completion and acceptance upon inspection of construction.

## H. Major taxes applicable to property developers

#### (a) Income tax

According to the "PRC Enterprise Income Tax Law" (中華人民共和國企業所得稅法) which was promulgated by the National People's Congress on March 16, 2007 and became effective on January 1, 2008, a uniform income tax rate of 25% is applied towards foreign-invested enterprises and foreign enterprises which have set up production and operation facilities in the PRC as well as PRC enterprises.

Furthermore, the PRC Enterprise Income Tax Law and its implementation provide that an income tax rate of 10% is generally be applicable to dividends payable to non-PRC enterprise investors which are derived from sources within the PRC, unless there exists a tax treaty between the PRC and the relevant jurisdictions in which such non-PRC enterprise shareholders reside whereupon the relevant tax may be reduced or exempted.

#### (b) Business tax

Pursuant to the "Interim Regulations of the People's Republic of China on Business Tax" which was promulgated by the State Council on December 13, 1993 and became effective on January 1, 1994 as amended on November 10, 2008 and its "Detailed Implementation Rules on the Provisional Regulations of The People's Republic of China on Business Tax" issued by the Ministry of Finance on December 25, 1993, the tax rate on transfer of immovable properties, their superstructures and attachments is 5%.

Pursuant to the "Notice on Adjustment of Transforming Business Tax to Appreciation Tax" (關於全面推開營業稅改徵增值稅試點的通知) (Cai Shui[2016]No. 36) issued on March 23, 2016 and implemented on May 1, 2016 by the MOF and the SAT, the sale of self-developed old real estate projects (refers to real estate projects launched time before April 30, 2016 stating on the construction works commencement permit) by a common taxpayer among real estate developers shall be subject to a simple tax rate of 5%. Real estate developers selling real estate project by advance payment will be subject to an appreciation tax of 3% when receiving advance payment.

Pursuant to the "Interim Measures on the Management of Value Added Tax of Self-developed Real Estate Project by the Sale of Real Estate Developers" (房地產開發企業銷售自行開發的房地產項目增值税徵收管理暫行辦法) issued on March 31, 2016 and implemented on May 1, 2016 by SAT, "self-development" means infrastructure facilities and buildings erected on the land with land use rights which are developed by a real estate development company ("taxpayer"). These measures are also applicable to a development completed by a taxpayer after such project is taken over.

VAT is payable by taxpayers in the calendar month immediately following receipt of presale proceeds of real estate self-development in accordance with a given formula. The applicable rate is 11%. Nevertheless, for taxpayers conducting old real estate projects and who have chosen to apply the simplified tax method, the simplified rate of 5% will be applied in calculating the prepaid VAT. Once the simplified tax method is chosen, it will be applicable for 36 months.

Old real estate projects refer to (1) real estate projects with commencement dates of construction stated in the Construction Permits prior to April 30, 2016, and (2) construction projects with no commencement dates not stated in the Construction Permits, or construction projects with commencement dates of construction stated in the construction contracts prior to April 30, 2016, but have not yet received Construction Permits.

#### (c) Land appreciation tax

According to the requirements of the "Provisional Regulations of The People's Republic of China on Land Appreciation Tax" (the "Land Appreciation Provisional Regulations") (中華人民共和國土地增值税暫行條例) which was promulgated on December 13, 1993 and became effective on January 1, 1994, and the "Detailed Implementation Rules on the Provisional Regulations of The People's Republic of China on Land Appreciation Tax" (the "Land Appreciation Detailed Implementation Rules") (中華人民共和國土地增值税暫行條例實施細則) which was promulgated and became effective on January 27, 1995, any appreciation gained from taxpayer's transfer of property is subject to LAT. LAT is set at four different rates: 30% on appreciation not exceeding 50% of the sum of deductible items; 40% on appreciation exceeding 50% but not exceeding 100% of the sum of deductible items; 50% on appreciation exceeding 100% but not exceeding 200% of the sum of deductible items; and 60% on appreciation exceeding 200% of the sum of deductible items include the following:

- · amount paid for obtaining the land use rights;
- · costs and expenses for development of land;
- costs and expenses of new buildings and ancillary facilities, or estimated prices of old buildings and constructions;
- related tax payable for transfer of property; and
- other deductible items as specified by MOF.

According to the requirements of the Land Appreciation Provisional Regulations, the Land Appreciation Detailed Implementation Rules and the Notice issued by the MOF in respect of the "Levy and Exemption of Land Appreciation Tax for Development and Transfer Contracts Signed before January 1, 1994" (關於對1994年1月1日前簽訂開發及轉讓合同的房地產徵免土地增值稅的通知) which was announced by the MOF and State Administration of Taxation on January 27, 1995, LAT is exempted under any one of the following circumstances:

- For ordinary standard residential properties (i.e. residential properties built in accordance with the local standard for general civilian residential properties and not deluxe apartments, villas, resorts etc.) where the appreciation amount does not exceed 20% of the sum of deductible items;
- Where property taken over and repossessed according to laws due to the construction requirements of the State;
- Individuals who relocate as a result of redeployment of work or improvement of living standards transfer their self-used residential property where they have been living for 5 years or more, and after obtaining tax authorities' approval;
- For property transfer contracts which were signed before January 1, 1994, whenever the properties are transferred;

• If the property assignment contracts were signed before January 1, 1994 or the project proposal has been approved and that capital was injected for development in accordance with the conditions agreed, LAT shall be exempted if the properties are transferred for the first time within five years after January 1, 1994. The date of signing the contract shall be the date of signing the sale and purchase agreement. For particular property projects approved by the Government for the development of the entire piece of land and long-term development, if the properties are transferred for the first time after the five-year tax-free period, after auditing being conducted by the local financial and tax authorities, and approved by the MOF and the State Administration of Taxation, the tax-free period would be appropriately prolonged.

After the issuance of the Land Appreciation Provisional Regulations and the Land Appreciation Detailed Implementation Rules, due to the relatively long period required for property development and transfer, many districts, while they were implementing the regulations and rules, did not mandatorily require the real estate enterprises to declare and pay LAT. Therefore, in order to assist the local tax authorities in the collection of LAT, the MOF, State Administration of Taxation, the Ministry of Construction and the Ministry of Land and Resource had separately and jointly issued several notices to restate the following: After the assignment contracts are signed, taxpayers should declare the tax to the local tax authorities where the property is located, and pay LAT in accordance in the amount calculated by the tax authority and within the specified time limit. For those who fail to acquire proof of tax payment or tax exemption from the tax authorities, the property administration authority shall not process the relevant title change procedures, and shall not issue the property title certificate.

The State Administration of Taxation also issued the "Notice issued by State Administration of Taxation in respect of the Serious Handling of Administration Work in relation to the Collection of Land Appreciation Tax" (關於認真做好土地增值稅徵收管理工作的通知) on July 10, 2002 to request local tax authorities to modify the management system of LAT collection and operation procedures, to build up a proper tax return system for LAT, and to improve the methods of pre-levying for the pre-sale of property. That notice also pointed out the preferential policy of LAT exemption for the first time transfer of properties under property development contracts signed before January 1, 1994 or a project proposal that has been approved and for which capital was injected for development has expired, and that such tax shall be levied again.

The State Administration of Taxation issued the "Notice of State Administration of Taxation in respect of the Strengthening of Administration Work in relation to the Collection of Land Appreciation Tax" (關於加強土地增值稅管理工作的通知) on August 2, 2004 and the "Notice of State Administration of Taxation in respect of the Further Strengthening of Administration Work in relation to the Collection of Land Appreciation Tax and Land Use Tax in Cities and Towns" (關於進一步加強城鎮土地使用稅和土地增值稅徵收管理工作的通知) on August 5, 2004. The aforesaid notices point out that the administration work in relation to the collection of LAT should be further strengthened. The preferential policy of LAT exemption for the first time transfer of properties under property development contracts signed before January 1, 1994 has expired and such tax shall be levied again. Where such taxes were still not levied, the situation should be corrected immediately. Also, the notice required that the system of tax declaration and tax sources registration in relation to LAT should be further improved and perfected.

On March 2, 2006, the MOF and State Administration of Taxation issued the "Notice of Certain Issues Regarding Land Appreciation Tax." (關於土地增值税若干問題的通知) The notice clarifies the relevant issues regarding LAT as follows:

## (a) Tax Collection and Exemption in the Sale of Ordinary Standard Residential Properties

The notice sets out the recognized standards for ordinary standard residential properties. Where any developers build ordinary standard residential properties or commercial properties, the value of land appreciation shall be assessed individually. No retroactive adjustment will be made in respect of ordinary standard residential properties for which application for tax exemption has been filed before the notice is issued and for which LAT exemption has been granted by the tax authority on the basis of the standards of ordinary residential properties originally set down by the people's government of the province, autonomous region or municipality directly under the Central Government.

## (b) Advance Collection and Settlement of LAT

- All regions shall further improve the measures for the advance collection of LAT, and decide the advance collection rate in a scientific and reasonable manner, and adjust it at a proper time according to the level of value appreciation in the property industry and market conditions within the region and on the basis of the specific property categories, namely, ordinary standard residential properties, non-ordinary standard residential properties and commercial properties. After a project is completed, the relevant settlement shall be handled in a timely manner, with any overpayment refunded or any underpayment being made up.
- If any tax pre-payment is not paid within the advance collection period, overdue fines will apply as of the day following the expiration of the prescribed advance collection period.
- As to any property project that has been completed and gone through the acceptance, where the floor area of the property as transferred makes up 85% or more in the saleable floor area, the tax authority may require the relevant taxpayer to conduct the settlement of LAT on the transferred property according to the matching principles regarding the proportion between the income generated from the transfer of property and the deductible items. The specific method of settlement shall be prescribed by the local tax authority.

On December 28, 2006, the State Administration of Taxation issued the "Notice on the Administration of the Settlement of Land Appreciation Tax of Property Development Enterprises" (關於房地產開發企業土地增值稅清算管理有關問題的通知) which came into effect on February 1, 2007. The notice sets out further provisions concerning, among other things, the settlement of LAT by property developers by clarifying issues on responsibility for the settlement of LAT, requirements, materials to be submitted, auditing and verification, recognition of revenue of indirect sale and self-use properties, deductible items and the handling of transfer after tax is imposed and settled. Local provincial tax authorities can formulate their own implementation rules in accordance with the notice and local situation.

Pursuant to the notice, a property developer shall settle and clear the LAT payment of its development projects that meet certain criteria with the tax authorities in accordance with the applicable LAT tax rates. The LAT is required to be settled for projects approved by the

competent authorities; and for projects developed in different stages, the LAT is required to be settled in stages. LAT must be settled if (1) the property development project has been completed and fully sold; (2) the property developer transfers the whole in completed development project; or (3) the land-use rights with respect to the project is transferred. In addition, the relevant tax authorities may require the developer to settle the LAT if either of the following criteria is met: (1) for completed property development projects, the transferred GFA represents more than 85% of total salable GFA, or the proportion represented is less than 85%, but the remaining salable GFA has been leased out or used by the developer; (2) the project has not been sold out for more than three years after obtaining the sale or pre-sale permit; (3) the developer applies for cancellation of the tax registration without having settled the relevant LAT; or (4) other conditions stipulated by the tax authorities.

The notice also indicates that if a property developer satisfies any of the following circumstances, the tax authorities will levy and collect LAT as per the levying rate no lower than the prepayment rate with reference to the bearing rate of LAT of local enterprises with a similar development scale and income level: (i) failure to maintain an account book as required by law or administrative regulation; (ii) destroying the account book without authorization or refusing to provide taxation information; (iii) the accounts are disorganized or illegible, or cost materials, income vouchers and cost vouchers are damaged and incomplete, making it difficult to determine transferred income or amount of deductible items; (iv) failure to go through LAT settlement within the prescribed period without being remedied within the period required by the relevant tax authorities; (v) the basis for tax calculation as submitted is obviously low without justifiable cause. Local provincial tax authorities can formulate their own implementation rules in accordance with the notice and local situation.

To further strengthen LAT collection, in May 2009, the State Administration of Taxation released the "Rules on the Administration of the Settlement of Land Appreciation Tax" (土地增值税清算管理规程), which became effective on June 1, 2009. The rules reiterated the circumstances under which the LAT must be settled, the criteria that are to be met for relevant tax authorities to require the settlement of LAT and the circumstances under which the tax authorities shall levy and collect LAT as prescribed by the aforesaid notice issued on December 28, 2006. The rules further stipulate detailed procedures for the examination and verification of settlement of LAT to be carried out by relevant tax authorities.

On May 19, 2010, the SAT issued the "Circular on Issuers Concerning Settlement of Land Appreciation Tax" (關於土地增值稅清算有關問題的通知) to strengthen the settlement of LAT. The circular clarifies certain issues with respect to calculation and settlement of LAT, such as (i) the recognition of the revenue upon the settlement of LAT, and (ii) the deduction of fees incurred in connection with the property development.

On May 25, 2010, the SAT issued the "Notice on Strengthening the Collection Land Appreciation Tax" (關於加強土地增值稅徵管工作的通知), which requires the minimum LAT prepayment rate be 2% for provinces in the eastern region, 1.5% for provinces in the central and northeastern regions, and 1% for provinces in the western region. According to the notice, the local tax bureaus shall determine the applicable LAT prepayment rates based on the types of the properties.

#### (d) Deed tax

Pursuant to the "Interim Regulations of the People's Republic of China on Deed Tax" (中華人民共和國契税暫行條例) which were promulgated by the State Council on July 7, 1997 and

became effective on October 1, 1997, the transferee, whether an entity or individual, of the title to a land site or building in the PRC shall have to pay deed tax. The rate of deed tax is 3%–5%. Provincial, regional or municipal governments directly under the central government may, within the aforesaid range, determine and report their effective tax rates to the MOF and the State Administration of Taxation for the record.

Pursuant to the "Notice on Adjustment of Preferential Treatment Policies in respect of Deed Tax and Business Tax on Real Estate Transactions" (關於調整房地產交易環節契税、營業稅優惠政策的通知) promulgated by MOF, SAT and MOHURD on February 17, 2016 and implemented on February 22, 2016, the rate of deed tax payable for real estate transactions was adjusted downward as follows:

- (1) for an individual purchasing the only residential property for his/her household, the rate of deed tax was adjusted downward to 1% for a property of 90 sq.m. or less and to 1.5% for a property of more than 90 sq.m.; and
- (2) for an individual purchasing the second residential property for his/her household to improve the living conditions, the rate of deed tax was reduced to 1% for a property of 90 sq.m. or less and to 2% for a property of more than 90 sq.m.

If a taxpayer applies for tax preferential treatments, the competent real estate authority at the location of the property will issue written search results on the housing status of the taxpayer's household pursuant to his/her application or authorization and promptly provide the search results and the relevant housing status information to the tax authority. Detailed operation measures will be collectively formulated by the competent financial, tax and real estate departments of various provinces, autonomous region and municipalities.

Beijing, Shanghai, Guangzhou and Shenzhen are temporarily not subject to the above deed tax preferential treatment policies.

#### (e) Urban land use tax

Pursuant to the "Provisional Regulations of the People's Republic of China Governing Land Use Tax in Cities and Towns" (中華人民共和國城鎮土地使用税暫行條例) enacted by the State Council on September 27, 1988 and revised on December 31, 2006 and December 7, 2013, respectively, the land use tax in respect of urban land is levied according to the area of the relevant land. The annual tax as of January 1, 2007 shall be between RMB0.6 and RMB30.0 per square meter of urban land, calculated according to the tax rate determined by local tax authorities.

## (f) Property tax

Under the "Interim Regulations of the People's Republic of China on Property Tax" (中華人民共和國房產稅暫行條例) which were promulgated by the State Council on September 15, 1986 and became effective on October 1, 1986, property tax is 1.2% if it is calculated on the basis of the residual value of a building, and 12% if it is calculated on the basis of the rental.

On January 27, 2011, the government of Chongqing Municipality issued the "Interim Measures Concerning Pilot Property Tax Scheme on Certain Personal Residential Properties" (關於進行對部分個人住房徵收房產稅改革試點的暫行辦法) and the "Implementation Rules for Collecting Administration Regarding Property Tax on Personal Residential Properties" (重慶市個人住房房產稅徵收管理實施細則), each became effective on January 28, 2011. The Chongqing government will execute the pilot scheme

to impose property tax on personal residential properties within the nine major districts of Chongging Municipality in stages from January 28, 2011. The first batch of personal properties subject to property tax include (i) stand-alone residential properties (such as villas) owned by individuals, (ii) high-end residential properties purchased by individuals on or after January 28, 2011, the purchase prices per square meter of which are two or more times of the average price of new residential properties developed within the nine major districts of Chongging in the last two years, and (iii) the second or further ordinary residential properties purchased on or after January 28, 2011 by non-resident individuals in Chongqing who are not employed in and do not own an enterprise in Chongqing. Stand-alone residential properties (such as villas) and high-end residential properties that are priced less than three times, three to four times or more than four times of the average price per square meter of new residential properties developed within the nine major districts in the last two years will be subject to property tax at 0.5%, 1% or 1.2%, respectively, of the property's purchase price. The second or further ordinary residential properties purchased on or after January 28, 2011 by nonresident individuals who are not employed in and do not own an enterprise in Chongging will be subject to property tax at 0.5% of the property's purchase price. The following area will be deductible from the tax base: (i) 180 sq.m. for stand-alone residential properties (such as villas) purchased before January 28, 2011, and (ii) 100 sq.m. for stand-alone residential properties (such as villas) and high-end residential properties purchased on or after January 28, 2011. The deductible area will apply to only one taxable residential property for one family, but not to any non-resident individual who is not employed in and does not own an enterprise in Chongqing.

On January 27, 2011, the government of Shanghai Municipality issued the "Interim Measures on Pilot Property Tax Scheme on Certain Personal Residential Properties in Shanghai" (上海市開展對部分個人住房徵收房產稅試點的暫行辦法), which provides that, within the territory of the administrative regions of the Shanghai Municipality, property tax will be imposed on any purchase of a second (or further) residential property by local residents or any purchase of a residential property by non-local residents on or after January 28, 2011, at rates ranging from 0.4% to 0.6% based on 70% of the purchase price of the property. These measures became effective on January 28, 2011.

## (g) Stamp duty

Under the "Interim Regulations of the People's Republic of China on Stamp Duty" (中華人民共和國印花税暫行條例)enacted by the State Council on August 6, 1988 and enforced on October 1, 1988, for property rights transfer instruments, including those in respect of property ownership transfer, the rate of stamp duty is 0.05% of the amount stated therein; for permits and certificates relating to rights, including property title certificates and land use rights certificates, stamp duty is levied at RMB5 per item.

## (h) Municipal maintenance tax

Under the "Interim Regulations of the People's Republic of China on Municipal Maintenance Tax" (中華人民共和國城市維護建設税暫行條例) enacted by the State Council on February 8, 1985, any taxpayer, whether an entity or individual, of product tax, value-added tax or business tax is required to pay municipal maintenance tax. The tax rate shall be 7% for a taxpayer whose domicile is in an urban area, 5% for a taxpayer whose domicile is in a county or a town, and 1% for a taxpayer whose domicile is not in any urban area or county or town.

In October 2010, the State Council issued the "Notice on Unification of the Application of Municipal Maintenance Tax and Education Surcharge by Domestic and Foreign Enterprises and

Individuals" (關於統一內外資企業和個人城市維護建設税和教育費附加制度的通知), pursuant to which, from December 1, 2010, municipal maintenance tax is applicable to both foreign-invested enterprises, foreign enterprises and foreign individuals as well as domestic enterprises and individuals. Pursuant to the "Notice on Relevant Issues of Imposition of Municipal Maintenance and Education Surcharge on Foreign-Invested Enterprises" (關於對外資企業徵收城市維護建設稅和教育費附加有關問題的 通知) promulgated by the Ministry of Finance and the State Administration of Taxation in November 2010, foreign-invested enterprises must pay municipal maintenance tax on any value added tax, consumption tax and business tax incurred on or after December 1, 2010. However, foreign-invested enterprises are exempted from municipal maintenance tax on any value-added tax, consumption tax and business tax in current before December 1, 2010.

#### (i) Education surcharge

Under the "Interim Provisions on Imposition of Education Surcharge" (徵收教育費附加的暫行規定) enacted by the State Council on April 28, 1986 and revised on June 7, 1990 and August 20, 2005, a taxpayer, whether an entity or individual, of product tax, value-added tax or business tax is required to pay an education surcharge, unless such taxpayer is instead required to pay a rural area education surcharge as provided by the "Notice of the State Council on Raising Funds for Schools in Rural Areas." (國務院關於籌措農村學校辦學經費的通知) Under the "Supplementary Notice Concerning Imposition of Education Surcharge" (國務院關於教育費附加徵收問題的補充通知) issued by the State Council on October 12, 1994, the Circular Concerning Temporary Exemption from Municipal Maintenance Tax and Education Surcharge For Enterprises with Foreign Investment and Foreign Enterprises and the Approval on Exemption of Municipal Maintenance Tax and Education Surcharge in Foreign Invested Freightage Enterprises, whether foreign-invested enterprises are subject to the education surcharge will be determined in accordance with notices issued by the State Council; and such tax is not applicable to enterprises with foreign investment for the time being, until further explicit stipulations are issued by the State Council.

Pursuant to the aforesaid Unification of Application of Municipal Maintenance Tax and Education Surcharge by Domestic and Foreign Enterprises and individuals (關於統一內外資企業和個人城市維護建設税和教育費附加制度的通知), from December 1, 2010, an education surcharge is applicable to both foreign-invested enterprises, foreign enterprises and foreign individuals as well as domestic enterprises and individuals.

Pursuant to the aforesaid Notice on Relevant issues of Imposition of Municipal Maintenance and Education Surcharge on Foreign-invested Enterprises (關於對外資企業徵收城市維護建設税和教育費附加有關問題的通知), foreign-invested enterprises must pay an education surcharge on any value-added tax, consumption tax and business tax incurred on or after December 1, 2010. However, foreign-invested enterprises are exempted from paying an education surcharge on any value-added tax, consumption tax and business tax incurred before December 1, 2010.

#### I. Measures on adjusting the structure of housing supply and stabilizing housing price

The General Office of the State Council enacted the "Circular on Stabilizing Housing Price" (關於切實穩定住房價格的通知) on March 26, 2005, requiring measures to be taken to restrain the housing price from increasing too fast and to promote the healthy development of the property market.

On May 9, 2005, the General Office of the State Council revised the Opinion of the Ministry of Construction and other Departments on Doing a Good Job of Stabilizing House Prices, which provides the following:

## (a) Intensifying the planning and control and improving the supply structure of houses

Where the housing price is growing excessively and where the supply of ordinary commodity houses in the medium or low price range, and economical houses is insufficient, construction of residential properties should mainly involve projects of ordinary commodity houses in the medium or low price range and economical houses. The construction of low-density, upmarket houses shall be strictly controlled. With respect to construction projects of medium- or low-price ordinary commodity houses, before any grant of land, the municipal planning authority shall, according to the level of control required, set out conditions for planning and design such as height of buildings, plot ratio and green space. The property authority shall, in collaboration with other relevant authorities, set forth such controlling requirements as sale price, type and apartment sizes. Such conditions and requirements will be set out as preconditions of land assignment to ensure an effective supply of small or medium-sized houses at moderate and low prices. The local government must intensify the supervision of planning permit for property development projects. Housing projects that have not commenced within two years must be examined again, and those that turn out to be not in compliance with the planning permits will be revoked.

## (b) Intensifying the control over the supply of land and rigorously enforcing the administration of land

Where the price of land for residential use and residential properties grows too rapidly, the proportion of land for residential use to the total land supply should be appropriately raised, and the land supply for the construction of ordinary commodity houses in the medium- or low-price range and economical house should be increased. Land supply for villa construction continues to be suspended, and land supply for high-end housing property construction is strictly restricted.

# (c) Adjusting the policies of business tax on residential property house transfer and strictly regulating the collection and administration of tax

From June 1, 2005, the business tax on transfer of a residential property by an individual within two years of the purchase is levied on the basis of the full amount of the sale proceeds. Transfer of an ordinary residential property by an individual who sells two years or more after the purchase is exempted for business tax. For transfer of a house other than ordinary residential property by an individual two years or more after the purchase, the business tax is levied on the basis of the balance between the proceeds from selling the property and the purchase price.

## (d) Rectifying and regulating for an orderly market

The buyer of a pre-completion commodity property is prohibited from conducting any transfer of the pre-sale commodity property that he has bought that is still under construction. A real name system for property purchase should be applied, and an immediate archival filing network system for advance sales contracts of commodity properties should be carried out.

On May 24, 2006, the State Council forwarded the "Opinion on Adjusting the Housing Supply Structure and Stabilizing Property Prices" (關於調整住房供應結構穩定住房價格的意見) (the "Opinion") of the Ministry of Construction and other relevant government authorities. The opinion provides the following:

## (1) Adjusting the Housing Supply Structure

- Developers must focus on providing small- to medium-sized ordinary commodity properties at low- to mid-level prices to cater to the demands of local residents.
- As of June 1, 2006, newly approved and newly commenced building construction projects must have at least 70% of the total construction work area designated for small apartments with floor areas of 90 sq.m. or below (including economically affordable apartments). If municipalities directly under the central government, cities listed on state plans (計劃單列市) or provincial capital cities (省會城市) have special reasons to adjust such prescribed ratio, they must obtain special approval from the Ministry of Construction. Construction projects that have been approved but have not yet obtained a construction permit must follow the prescribed ratio.

#### (2) Further adjustments by tax, loan and land policies

- From June 1, 2006, business tax is levied on the full amount of the sale proceeds on conveyance of residential properties within a period of five years from the date of purchase. If an individual sells his ordinary standard apartment after five or more years from the date of purchase, business tax will normally be exempted. If an individual sells his non-ordinary apartment after five or more years from the date of purchase, business tax will be levied on the balance between the selling price and the purchase price.
- Commercial banks are not allowed to advance loan facilities to property developers which do not have the required 35% minimum of the total capital for the construction projects. Commercial banks should be prudent in granting loan facilities and/or revolving credit facilities in any form to the property developers who have a large number of idle lands and unsold commodity apartments. Banks shall not accept mortgages of commodity apartments remaining unsold for three years or more.
- According to regulations issued by CBRC, purchasers of homes equal to or smaller than 90 sq.m. are required to pay a minimum of 20% of the purchase price as down payment. If the purchased home is larger than 90 sq.m., a minimum of 30% of the purchase price as down payment is required, pursuant to a regulation from June 1, 2006. Furthermore, on September 27, 2007 PBOC and CBRC increased the minimum down payment for purchasers of second homes from 30% to 40% of the purchase price regardless of the size of the second home, if the purchaser obtained his or her first home through a mortgage. Moreover, the mortgage loan rates for subsequent mortgages are required to be not less than 1.1 times the corresponding PBOC benchmark lending rates. Monthly mortgage payments are limited to 50% of an individual borrower's monthly income.
- At least 70% of the total land supply for residential property development must be used for developing small-to-medium-sized low-cost public housing. Based on the restrictions of residential property size ratio and residential property price, land supply will be granted by way of auction to the property developer who offers the highest bid.

Land supply for villa construction will continue to be suspended, and land supply for low-density and large-area housing property construction will be restricted.

• The relevant authorities will levy a higher surcharge against those property developers who have not commenced the construction work for longer than one year from the commencement date stipulated in the construction contract and will order them to set a date for commencing the construction work and a date of completion. The relevant authorities will confiscate without compensation the land from those property developers who have not commenced the construction work beyond two years from the commencement date stipulated in the construction contract without proper reasons. The relevant authorities will dispose of the idle land of those property developers who have suspended construction work for one year without an approval, who have invested less than one-fourth of the total proposed investment and who have developed less than one-third of the total proposed construction area.

## (3) Reasonably Monitoring the Scope and Progress of Demolition of Urban Housing

• The management and reasonable control of the scope and progress of the demolition of urban housing should be strengthened to halt "excessive property growth triggered by passive means" (被動性住房需求的過快增長).

#### (4) Further Rectifying and Regulating the Order of the Property Market

- In order to ensure that the prescribed ratio regarding types and sizes is followed, the relevant authorities will need to re-examine the approval of those construction projects which have been granted planning permits but have not been commenced. The relevant authorities will ensure that no planning permit (規劃許可證), construction permit (施工許可證) or permit for pre-sale of commodity properties (商品房預售許可證) are issued to those construction projects which do not satisfy the regulatory requirements, in particular, the prescribed ratio requirement. If the property developers, without an approval, alter the architectural design, the construction items, and exceed the prescribed ratio, the relevant authorities have the power to dispose of the land and to confiscate the land in accordance with the law.
- The property administration authority and the administration of industry and commerce will investigate illegal dealings such as contract fraud cases in accordance with the law. The illegal conduct of pre-completion sale of commodity apartments without satisfying all the conditions is prohibited and an administrative penalty will be imposed on offenders in accordance with the law. For property developers which deliberately manipulate the supply of commodity housing, the relevant authorities will impose substantial administrative penalties, including revoking the business licenses of serious offenders and pursuing personal liability for individuals concerned.

## (5) Gradually relieving the housing demands for low-income families

• To expedite the establishment of low-cost public housing supply systems in various cities and counties; to monitor and regulate the construction of economically affordable apartments; to aggressively develop the second-hand property market and property rental market.

#### (6) Improving information disclosure system and system for collecting property statistics

On July 6, 2006, the Ministry of Construction promulgated a supplemental Opinion on Carrying Out the Residential Property Size Ratio in Newly-Built Residential Buildings (Jianzhufang 2006 No. 165) (關於落實新建住房結構比例要求的若干意見) ("the Supplemental Opinion"). The Supplemental Opinion provides the following:

- As of June 1, 2006, of the newly approved and newly commenced construction projects in different cities, including town and counties, at least 70% of the total construction area must be used for building small apartments with unit floor area of 90 sq.m. or below (including economically affordable apartments). The relevant authorities in different localities must strictly follow the prescribed ratio requirement in their respective locality.
- The relevant authorities must ensure the conditions of newly built commodity apartments including the planning and the design, and must ensure that the property size ratio is adhered to. If a property developer has not followed the ratio requirement without providing proper reasons, the town planning authorities will not issue a planning permit. If the property developer has not followed the requirements of the planning permit, the relevant authority reviewing the planning documents will not issue a certification, the construction authority will not issue a construction permit, and the property authority will not issue a permit for pre-completion sale of the commodity apartments.

In the case of construction projects that were granted approval before June 1, 2006 but that were not granted a construction work permit by that date, the relevant local governments in different localities should ascertain the details of the projects and ensure that the prescribed residential property size ratio requirement is complied with.

On September 27, 2007, PBOC and CBRC further tightened mortgage lending by PRC banks, by increasing the amount of down payment a property purchase must make before seeking mortgage financing. See "—Legal supervision relating to property sector in the PRC—F. Property financing."

## (e) Implementing restrictions on the payment terms for land use rights

On October 10, 2007, the Ministry of Land and Resources issued a regulation, which reiterated that property developers must fully pay the land premium for the entire parcel under the land grant contract before they can receive a land use rights certificate or commence development on the land, effective on November 1, 2007.

Pursuant to the notice on Enlarging the Floating Range of the Downward Movement of Interest Rates for Individual Mortgage Loans, the PRC government lowered the minimum interest rate for individual mortgage loans to 70% of the corresponding PBOC benchmark bank lending rates. Further, the minimum down payment of residential properties was lowered to 20%.

On December 20, 2008, the General Office of the State Council issued the "Several Opinions on Facilitating the Healthy Development of the Real Estate Market," (關於促進房地產市場健康 發展的若干意見) which aims to, among other things, encourage the consumption of ordinary residential units and support property developers in changing market conditions. Pursuant to the opinion, in order to encourage the consumption of ordinary residential units, from January 1, 2009 to December 31, 2009, (i) business tax is imposed on the full amount of the sale price, upon

the transfer of a non-ordinary residential unit by an individual within two years from the purchase date; (ii) for the transfer of a non-ordinary residential unit which has been held by the purchaser for more than two years from the purchase date and a ordinary residential unit which has been held by the purchaser for two years or less from the purchase date, the business tax is to be levied on the difference between the sale price and the purchase price; (iii) and in the case of an ordinary residential unit, business tax is fully exempted if that transfer occurs after two years from the purchase date. Furthermore, individuals with an existing ordinary residential unit that is smaller than the average size for their locality may buy a second ordinary residential unit under favorable loan terms similar to first time buyers. In addition, support for property developers to deal with the changing market is to be provided by increasing credit financing services to "low-to medium-level price" or "small- to medium-sized" ordinary commercial housing projects, particularly those under construction, and providing financial support and other related services to property developers with good credit standing for merger and acquisition activities.

On January 26, 2011, the State Council issued the "Notice on Further Strengthening Regulation and Control of Real Property Markets" (關於進一步做好房地產市場調控工作有關問題的通知), under which the transfer of all residential properties purchased and held by individuals for less than five years shall be subject to business tax based on total sale price from such transfer.

On January 27, 2011, the Ministry of Finance and the State Administration of Taxation jointly issued a new "Notice on Adjusting the Policy of Business Tax on Re-sale of Personal Residential Properties" (關於調整個人住房轉讓營業稅政策的通知), under which business tax is imposed on (i) the full amount of the transfer price upon the transfer of any residential property by an individual owner within five years from such individual owner's purchase and (ii) the difference between the transfer price and the original purchase price upon the transfer of any non-ordinary residential property by an individual owner more than five years from such individual owner's purchase. Business tax is exempted for ordinary residential properties if the transfer occurs after five years from the individual owner's purchase. This notice became effective on January 28, 2011.

On February 26, 2013, the General Office of the State Council issued the "Notice on Continuing Improve the Regulation and Control of the Real **Estate** (國務院辦公廳關於繼續做好房地產市場調控工作的通知), which among others, provides the following requirements: (i) limitations on the purchase of commodity properties must be strictly implemented, and the scope of such limitations must cover all newly constructed commodity properties and second-hand properties located within the entire administrative area of the city in question; (ii) for those cities with excessive growth in housing prices, the local counterparts of the PBOC may further increase down payment ratios and interest rates for loans to purchase second properties in accordance with the price control policies and targets of the corresponding local governments; (iii) the gains generated from the sale of a self-owned property shall be subject to individual income tax at a rate of 20%, if the original value of such property can be verified through historical information such as tax filings and property registration.

On November 24, 2014, the State Council promulgated the Interim Regulations on Real Estate Registration (不動產登記暫行條例), effective from March 1, 2015, which provides for the following, among others:

i) the competent department of land and resources under the State Council shall be responsible for guiding and supervising the real estate registration of the State. The local

government at or above the county level shall designate a department as the real estate registration authority within its administrative region which shall be subject to the guidance and supervision by the competent real estate registration authority at the higher level;

- ii) the real estate authority shall establish a uniform real estate registration book to record the items including, without limitation, the natural condition and ownership conditions of the real estate, and restriction of rights;
- iii) the competent department of land and resources under the State Council shall, in coordination with other related departments, establish a uniform management platform for real estate registration information. The information registered by the real estate registration authorities at all levels shall be incorporated into the uniform management platform to ensure the real-time sharing of registration information at the national, provincial, municipal and county levels; and
- iv) any right holder or interested party may inquire about or copy the real estate registration materials and the registration authority shall not refuse to provide such information. Units and individuals inquiring about the real estate registration information shall not use such registration information for any other purposes and no such information may be disclosed to the public or others without the consent of the right holder.

The "Implementing Rules of the Interim Regulations on Real Estate Registration" (不動產登記暫行條例實施細則), effective from January 1, 2016, authorizes the real estate registration authority to perform a site inspection following an acceptance of the application for real estate registration and sets out regulations regarding real estate registration information management.

On August 27, 2015, the MOHURD, the MOF and PBOC jointly issued the "Notice on the Adjustment of the Rate of the Minimum Down Payment for Personal Housing Loans from Housing Provident Fund" (關於調整住房公積金個人住房貸款購房最低首付款比例的通知) to further improve the policies on the personal housing loans from a housing provident fund and support the needs of depositing workers, under which, from September 1, 2015, with regard to families which have already owned one house and settled the housing payment, when applying for loans from the housing provident fund for a second housing so as to improve living conditions, the lowest down payment rate will be reduced from 30% to 20%.

On February 1, 2016, the PBOC and CBRC jointly issued the "Notice on the Adjustment of Individual Housing Loans Policies" (關於調整個人住房貸款政策有關問題的通知) which provides that in cities where property purchase control measures are not being implemented, the minimum down payment ratio for a personal housing commercial loan obtained by a household for purchasing its first ordinary residential property is, in principle, 25% of the property price, which can be adjusted downward by 5% by local authorities. For existing residential property household owners which have not fully repaid the previous loan and are obtaining further personal housing commercial loan to purchase an additional ordinary residential property for the purpose of improving living conditions, the minimum down payment ratio shall be not less than 30% which is lower than the previous requirement of not less than 40%.

## Legal supervision relating to hotel sector in the PRC

## A. Foreign invested hotel project

According to the Guidance Catalog, construction and operation of high-end hotels falls within the category of "Restricted Foreign Investment Industry." Construction and operation of common and economic hotels other than high-end hotels fall within the category of "permitted foreign investment industry." A foreign-invested enterprise investing in the hotel business can set up an enterprise in the form of sino-foreign equity joint venture, sino-foreign co-operative joint venture or wholly foreign-owned enterprise according to the Guidance Catalog and the requirements of the relevant laws and the administrative regulations on foreign-invested enterprises. A foreign-invested enterprise in the hotel business is required to apply for an approval with the relevant department of commerce, and obtain an approval certification for a foreign-invested enterprise before registering with the administration of industry and commerce.

#### **B.** Hotel management

The procedures involved in hotel construction in China including obtaining approval for land use, project planning and project construction shall also be subject to the aforementioned regulations relating to property project development. There is currently no special authority in China responsible for the daily management of hotel business. The supervision of daily management of hotel business belongs to different authorities in accordance with the respective business scopes of different hotels. The supervision mainly includes the following:

## (a) Legal supervision on security and fire control

Pursuant to the "Measures for the Control of Security in the Hotel Industry" (旅館業治安管理辦法) issued by the Ministry of Public Security of the People's Republic of China, enforced on November 10, 1987 and as amended on January 8, 2011, a hotel can operate only after obtaining an approval from the local public security bureau and a business license has been granted. The hotel enterprise should make a filing with the local public security bureau and its branches in the county or city, if hotel enterprise has any change including closing, transferring or merging of business, changing place of business and name, etc. Pursuant to the "Provisions on the Administration of Fire Control Safety of State Organs, Organizations, Enterprises and Institutions" (機關、團體、企業、事業單位消防安全管理規定) which were promulgated by the Ministry of Public Security on November 14, 2001 and became effective on May 1, 2002, hotels (or motels) are units which require special supervision on fire control and safety. When a hotel is under construction, renovation or re-construction, a fire control examination procedure is required and when the construction, renovation or re-construction project is completed, a hotel can only open for business after passing a fire control inspection.

#### (b) Supervision on public health

According to relevant regulations and rules in relation to public health, hotels fall in the scope of public health supervision. The operating enterprise should acquire the sanitation license. The measures for granting and managing the sanitation license are formulated by public health authority of province, autonomous region, and municipality directly under the central government. The sanitation license is signed by the relevant public health administration and the public health and epidemic prevention institutions grant the license. The sanitation license should be reviewed once every two years.

#### (c) Supervision on food hygiene

According to the relevant regulations and rules in relation to food hygiene supervision, hotels operating catering services should obtain food hygiene licenses. Food hygiene licenses are granted by food hygiene administrative bodies above county level. The purchase, reserve and processing of food, tableware, and service should meet relevant requirements and standards of food hygiene.

#### (d) Supervision on entertainment

According to the "Regulation on the Administration of Entertainment Venues" (娛樂場所管理條例) enacted by the State Council on January 29, 2006 and enforced on March 1, 2006, hotels that operate singing, dancing and game places for profits are required to apply to the relevant local competent departments for culture administration for entertainment commercial operation approval. The relevant local competent departments for entertainment administration shall issue a license for entertainment business operations, which verifies the number of consumers acceptable to the entertainment venues according to the prescriptions set down by the competent department governing entertainment administrations under the State Council if it approves the relevant local application. According to the regulations concerning broadcast, movie and TV, hotels above three-star or the second rank of the national standards may apply to local broadcast and television administration of the county or above for setting ground equipment receiving satellite signal to receive entertainment programs from abroad. After finishing setting ground equipment and gaining the approval from broadcast and television administration from the relevant provincial, regional and municipal government and the approval from state security administration, the permit of receiving foreign television program from satellite is issued.

#### (e) Supervision on disposition of sewage and pollutants

According to Decision on Setting Administrative Licensing on Items Requiring Administrative Approval that Really Need Reserved (國務院對確需保留的行政審批項目設定行政許可的決定) enacted by the State Council on June 29, 2004, effective on July 1, 2004 and as amended on January 29, 2009, hotels that have been using or planning to use the city sewage system for water drainage are required to apply to the local city construction authority for a city water-draining permit.

#### (f) Supervision on special equipment security

Equipments such as elevators (lifts or escalators), boilers and pressure containers, are special equipments. According to the "Regulations on Security Supervisal of Special Equipment" (特種設備安全監察條例) which were promulgated by the State Council on March 11, 2003 and became effective on June 1, 2003, as amended on January 24, 2009, hotels are required to register with the special equipment security supervision authority of municipal government or city which has set up districts, and are required to apply for inspection regularly with the special equipment examination institution a month before the expiration of security examination according to the requirement of regular examination by technical security standard.

#### (g) Supervision on sale of tobacco and alcohol

According to law and regulations in relation to sale of tobacco, hotels that sell tobacco should apply to the tobacco monopoly administration for a Tobacco Monopoly Retail License. According

to the "Measures for the Administration on Foreign Investment in Commercial Fields" (外商投資商業領域管理辦法) which were promulgated by Ministry of Commerce on April 16, 2004 and became effective on June 1, 2004, a foreign-invested enterprise that operates wholesale and retail is not allowed to operate in tobacco business. According to the "Measures for the Administration of Alcohol Circulation" (酒類流通管理辦法) which were promulgated by Ministry of Commerce on November 7, 2005 and became effective on January 1, 2006, an enterprise that sells alcohol is required to handle the archival filing and registration in the administrative department of commerce at the same level as the administrative department for industry and commerce where the registration is handled. The licensing system shall apply in those regions where the licensing administration of alcohol circulation has been carried out according to law.

## Legal supervision relating to property management sector in the PRC

## A. Foreign-invested real estate management enterprises

According to the Guidance Catalog, property management falls within the category of permitted foreign-invested industries. According to the Guidance Catalog and the relevant requirements under the laws and the administrative regulations on foreign-invested enterprises, a foreign-invested real estate management enterprise can be set up in the form of a sino-foreign equity joint venture, a sino-foreign cooperative joint venture or a wholly foreign owned enterprise. Before the administration of Industry and Commerce registers a foreign-invested enterprise as a foreign invested real estate management enterprise, the foreign invested real estate management enterprise should obtain an approval from the relevant department of commerce and receive a "foreign-invested enterprise approval certificate."

#### B. Qualifications of a real estate management enterprise

According to the "Regulation on Real Estate Management" (物業管理條例) enacted by the State Council on June 8, 2003 and enforced on September 1, 2003, as amended on August 26, 2007 and effective on October 1, 2007, the state implements a qualification scheme system in monitoring the real estate management enterprises. According to the "Measures for Administration of Qualifications of Real Estate Service Enterprises" (物業服務企業資質管理辦法) which were promulgated by the Ministry of Construction on March 17, 2004 and became effective on May 1, 2004, as amended on November 26, 2007, a newly established real estate service enterprise is required to, within 30 days from the date of receiving its business license, apply to the relevant local bureau in charge of the property management under the local government or to the municipalities directly under the central government for a grading assessment. The departments of qualification examination and approval will check and issue a "real estate service qualification certificate" corresponding to their grading assessment results.

According to the Measures for the Administration on Qualifications of Real Estate Service Enterprises, real estate service enterprise shall be classified as either class one, class two or class three. The competent construction department of the State Council is responsible for the issuance and administration of the qualification certificate for class one real estate service enterprises. The competent construction departments of the relevant provincial and regional government is responsible for issuing and administrating the qualification certificate for class two real estate service enterprises, and the competent realty departments of the relevant municipal government is responsible for issuing and administrating the qualification certificate for class two and three real estate service enterprises. The competent realty departments of the

people's governments of the cities divided into districts shall be responsible for the issuance and administration of the qualification certificate of the class three real estate service enterprises.

The real estate service enterprises with class one qualification may undertake various property service projects. The real estate service enterprises with class two qualification may undertake the property service business of residential management projects of less than 300,000 sq.m. and non-residential management projects of less than 80,000 sq.m. The real estate service enterprises with class three qualification may undertake the property service business of residential projects of less than 200,000 sq.m. and non-residential projects under 50,000 sq.m.

#### C. Employment of a real estate service enterprise

According to the Regulation on Real Estate Management, owners may engage or dismiss a property management company with the consent of more than half of the owners who in the aggregate hold more than 50% of the total non-communal area of the building. If, before the formal employment of a property management company by the owners or the general meeting, the property developer shall enter into a preparation stage property services contract in writing with the real estate management enterprise.

## Legal supervision relating to construction sector in the PRC

#### A. Foreign-invested construction enterprise

According to the Guidance Catalog, construction business falls within the category of permitted foreign investment industries. According to the "Regulations on the Administration of Foreign-invested Construction Enterprise" (外商投資建築業企業管理辦法) which were jointly promulgated by the Ministry of Construction and the Ministry of Foreign Economic Cooperation (now changed to MOFCOM) on September 27, 2002 and became effective on December 1, 2002, a foreign investor that establishes foreign-invested construction enterprises in China that carry on construction operations is required to (a) obtain the approval certification of foreign-invested enterprise; (b) register with SAIC or local administration of industry and commerce; and (c) obtain a qualification certificate of construction enterprise from construction administration authorities.

#### B. The qualification of a construction enterprise

According to Construction Law of the PRC and the "Provisions on the Administration of Qualifications of Enterprises in Construction Industry" (建築業企業資質管理規定), which was promulgated by the MOHURD on January 22, 2015 and became effective on March 1, 2015, and other relevant regulations, the enterprises in the construction industry shall be classified into different qualification classes pursuant to, amongst other things, the amount of its net asset value, professional personnel, technical equipments and performance records of completed construction works. A construction enterprise can engage in construction activities within its approved scope after obtaining the construction qualification certificate.

According to above-mentioned Provisions on the Administration of Qualifications of Enterprises in Construction Industry, the qualifications will be divided into three categories, namely, that for undertaking the whole of a construction project, that for undertaking a specialized contract and

that for undertaking a labor service by subcontract. The categories of qualifications for undertaking the whole of a construction project, undertaking a specialized contract and undertaking a labor service by subcontract are divided into several qualification types according to the nature of the project and technical features. Each qualification type is further divided into several classes according to the prescribed conditions.

The department in charge of construction under the State Council is responsible for the approval of the qualification of special class or first class enterprises for undertaking the whole of a construction project, the second class enterprises for undertaking the whole of a railway construction project, the qualification of the first class enterprises in highways, water carriage, water resources, railway, and airline industry and the second class enterprises in railway or airline for undertaking the specialized contract, and the qualification of first class enterprises for undertaking the specialized contract involving several specialties. The administrative department in charge of construction of the relevant provincial, autonomous regional or municipal government at the place where the concerned enterprise is registered is responsible for the approval of the qualification of the second class enterprises for undertaking the whole of a construction project, the third class enterprises for undertaking the whole of a railway or communication engineering construction project, the first and second class enterprises for undertaking a specialized contract, the third class enterprises for undertaking a specialized contract in railway as well as qualification for undertaking a specialized contract for special projects, except for those required to be approved by the department in charge of construction under the State Council. The administrative department in charge of construction of the relevant city government at the place where the concerned enterprise is registered is responsible for the approval of the qualification of the third class enterprises for undertaking the whole of a construction project, the third class enterprises for undertaking a specialized contract, qualification for undertaking a specialized contract in respect of premixed concrete and formwork scaffolds, the qualification of an enterprise of labor service by subcontract or gas appliance installation and repair, except for those required to be approved by the department in charge of construction under the State Council or at the provincial level.

According to the "Measures of the Ministry of Construction for the Implementation of the Relevant Qualification Administration Provided in the Provisions on the Administration of Foreign Funded Construction Enterprises" enacted by the Ministry of Construction and enforced on April 8, 2003, where a foreign enterprise purchases a domestic-funded construction enterprise, and the enterprise is restructured into a foreign-funded construction enterprise, the qualification of that enterprise is reviewed anew according to the standard it actually meets.

According to the Regulation on the Quality Management of Construction Projects an enterprise which undertakes a project without obtaining the qualification certificate for enterprises in the construction industry shall be banned, and be imposed a fine of 2% to 4% of the contractual price of the project. If it obtains any illegal proceeds, such proceeds shall be confiscated.

## C. The business scope of qualifications for a wholly foreign owned construction enterprise

According to the Regulations on the Administration of Foreign-invested Construction Enterprise, a wholly foreign owned construction enterprise is allowed to contract, within its scope of qualifications, the following projects: (a) a project that is to be constructed totally with the investment of a foreign country or the donation of a foreign country or the investment and

donation of a foreign country; (b) a project funded by an international financial institution or granted through international bidding according to terms of loan; (c) a joint construction project of which foreign investment holds 50% or more, and a sino-foreign joint construction enterprise in which foreign investment holds less than 50% but which cannot be independently implemented by any Chinese construction enterprise due to technical difficulties and has been approved by the administrative department of construction of the relevant provincial, regional or municipal government; and (d) a construction project using Chinese investment but that cannot be independently implemented by any Chinese construction enterprise due to technical difficulties and for which the administrative department of construction of the relevant provincial, regional or municipal government has approved being jointly contracted by Chinese and foreign construction enterprises.

# Regulation on foreign exchange registration of offshore investment by PRC residents

In July 2014, Circular No. 75 was abolished by SAFE and was superseded by the Notice Regarding Certain Issues on the Foreign Exchange Administration on the Offshore Investment and Financing and Round-trip Investment by PRC Residents through Special Purpose Vehicles (關於境內居民通過特殊目的公司境外投融資及返程投資外匯管理有關問題的通知), or Circular No. 37.

Circular No. 37 and other SAFE rules require PRC residents, including both legal and natural persons, to register with the local banks before making capital contribution to any company outside of China (an "offshore SPV") with onshore or offshore assets and equity interests legally owned by PRC residents. In addition, any PRC individual resident who is the shareholder of an offshore SPV is required to update its registration with the local banks with respect to that offshore SPV in connection with change of basic information of the offshore SPV such as its company name, business term, the shareholding by individual PRC resident, merger, division and with respect to the individual PRC resident in case of any increase or decrease of capital in the offshore SPV, transfer of shares or swap of shares by the individual PRC resident. Failure to comply with the required SAFE registration and updating requirements described above may result in restrictions being imposed on the foreign exchange activities of the PRC subsidiaries of such offshore SPV, including increasing the registered capital of, payment of dividends and other distributions to, and receiving capital injections from the offshore SPV. Failure to comply with Circular No. 37 may also subject the relevant PRC residents or the PRC subsidiaries of such offshore SPV to penalties under PRC foreign exchange administration regulations for evasion of applicable foreign exchange restrictions.

## **Employee incentive scheme**

We have set up an employee incentive scheme (the "Employee Incentive Scheme"). The trust deed in respect of the Employee Incentive Scheme for the benefit of our senior management and employees which excludes any of our connected persons together with the scheme rules were approved by our board officially. The purpose of the Employee Incentive Scheme is to provide the participants with an opportunity to hold a personal stake in us so as to motivate such participants and to enhance their performance and efficiency. During the six months ended June 30, 2016, we had not purchased any of our shares from the market and had not acquired any shares by way of scrip dividend. As of the date of this offering memorandum, the cumulative total number of our shares acquired for purposes of the Employee Incentive Scheme were 107,771,551 shares. During the six months ended June 30, 2016, our board has resolved the granting of share awards under the Employee Incentive Scheme of 3,658,545 shares and 5,365,064 shares on March 15, 2016 and May 11, 2016, respectively, subject to registration and transfer procedures, which had yet to be completed as of June 30, 2016.

Our board will continue to monitor the Employee Incentive Scheme for the benefit of our senior management and employees and if we consider appropriate and/or desirable, may modify or replace the Employee Incentive Scheme with and/or adopt other incentive scheme.

## **Share option scheme**

We adopted a share option scheme (the "Share Option Scheme") on March 20, 2007. The purpose of the Share Option Scheme is to provide incentives to our employees including our executive directors and non-executive directors (each a "participant"). Our board may, at any time within 10 years after the date of adoption of the Share Option Scheme, make an offer to any participant. The subscription price for shares granted pursuant to the Share Option Scheme is the highest of:

- the closing price of the shares of the Company on the Hong Kong Stock Exchange on the business day on which an offer is made to a participant;
- the average of the closing prices of the shares on the Hong Kong Stock Exchange for the five business days immediately preceding the date on which such offer is made; and
- the nominal value of the shares of the Company.

The total number of shares which may be issued upon exercise of all options granted under the Share Option Scheme must not, in aggregate, exceed 10% of the issued share capital of the Company at the date of approval of the Share Option Scheme. The 10% limit may be refreshed with the approval by ordinary resolution of our shareholders. The maximum number of shares which may be issued upon exercise of all outstanding options granted, and yet to be exercised, under the Share Option Scheme must not exceed 30% of our issued share capital.

The total number of shares issued and to be issued upon exercise of all options granted under the Share Option Scheme to each participant (including both exercised, cancelled and outstanding options) in any 12-month period shall not exceed 1% of the total number of issued shares of the Company. If shares issued and to be issued upon exercise of all options granted under the Share Option Scheme (including options exercised, cancelled and outstanding) to a participate who is a substantial shareholder or an independent non-executive director of the Company in any 12-month period, (i) represent in aggregate more than 0.1% of the total number of shares in issue and (ii) have an aggregate value, based on the closing price of the shares of the Company at the date of each grant, in excess of HK\$5,000,000, the proposed grant of option must be approved by our shareholders by poll in a general meeting.

The exercise period of any option granted under the Share Option Scheme shall not be longer than 10 years from the date of grant of the relevant option. Our board has the authority to determine the minimum period for which an option must be held before it can vest.

As of the date of this offering memorandum, details of the movements in the share options granted under the Share Option Scheme were as follows:

|                                      |                                      | Options to subscribe for shares of our Company |                                   |        |                                |  |                                       |            |  |

## Construction, fitting and decoration services

A substantial amount of our related party transactions consist of construction, fitting and decoration services we provided to related parties. Pursuant to various contracts, we provide construction services through our subsidiary, Giant Leap Construction Co., to Qingyuan Country

Garden Co., a company controlled by our directors, as well as to our associates and joint ventures. We offer such construction and decoration services with reference to market prices and on terms no more favorable than those offered by independent third parties for comparable services. In 2013, 2014, 2015 and the first half of 2016, the aggregate services fees we received for construction and decoration service income amounted to RMB253.1 million, RMB209.9 million, RMB85.6 million and RMB54.2 million (US\$8.2 million), respectively. In addition, we provided construction and decoration services to some associates and joint ventures. The aggregate construction and decoration services fees we received from our related parties was RMB604.4 million (US\$90.9 million) in the first half of 2016.

## **Purchase of design services**

Our design work is mainly undertaken by Guangdong Elite Architectural Co., Ltd., which was controlled by one of our original shareholders until recently. The design services are provided on terms (including but not limited to pricing) no less favorable than those offered by independent third parties for comparable services. In 2013, 2014, 2015 and the first half of 2016, the total purchase prices amounted to RMB638.9 million, RMB1,126.8 million, RMB915.8 million and RMB80.1 million (US\$12.1 million), respectively. In October 2012, the scope of Guangdong Elite Architectural Co., Ltd.'s services was broadened to cover survey work.

## **Purchase of cement products**

We purchase cement products from Guangdong Grand Pipe Pile Co., Ltd. ("Grand Pile Co."), a company controlled by our directors, for some of our property development projects. The cement products are sold to us on terms (including but not limited to pricing) no less favorable than those offered by Grand Pile Co. to independent third parties. In 2013, 2014, 2015 and the first half of 2016, purchases of cement products from Grand Pile Co. amounted to RMB8.7 million, RMB8.3 million, RMB5.2 million and nil, respectively.

## **Purchase of water**

We purchase water from Foshan Shunde Jiangkou Water Plant Co., Ltd. ("Jiangkou Water Plant Co."), and Zengcheng Crystal Water Plant Co., Ltd. ("Crystal Water Plant Co."), both of which are controlled by our original shareholders and their close family members.

Jiangkou Water Plant Co. and Crystal Water Plant Co. provide us with water for use in operations in the Panyu District, the Shunde District and the Zengcheng District. The water supplied are at rates no less favorable than rates chargeable by other water plants operated by independent third parties in the Panyu District, the Shunde District and the Zengcheng District. The amount we paid to Jiangkou Water Plant Co. and Crystal Water Plant Co. were RMB3.5 million and RMB6.3 million, respectively, in 2013, and RMB1.1 million and RMB7.1 million, respectively, in 2014, nil and RMB4.3 million, respectively, in 2015 and nil and RMB1.8 million (US\$270.8 million), respectively, in the first half of 2016.

## Purchase of lighting supply

On October 31, 2012, we entered into a framework agreement with Guangdong Shenghui Electronics Holdings Limited ("Guangdong Shenghui"), a company controlled by our original

shareholders and their close family members, pursuant to which Guangdong Shenghui supplies lighting equipments, distribution board/control cabinet and provide relevant lighting design and installation work to our subsidiaries for a term commencing from October 31, 2012 to December 31, 2014. The lighting services provided on terms (including but not limited to pricing) no less favorable than those offered by independent third parties for comparable services. In 2013, the total purchase price amounted to RMB271.4 million. On November 26, 2013, Guangdong Shenghui's shareholder transferred its entire equity interest in Guangdong Shenghui to independent third parties. Since then, Guangdong Shenghui is no longer our associate or connected person.

## Other related party transactions

Other related transactions include the purchase of construction materials (other than cement products) from our original shareholders and their close family members. Generally, the terms of such transactions (including but not limited to pricing or rates, as applicable) are no less favorable than those offered by independent third parties for comparable products and services.

For further information about our related party transactions, see note 41 to the consolidated financial information as of and for the year ended December 31, 2015 and note 34 to the unaudited interim condensed consolidated financial information as of and for the six months ended June 30, 2016 included elsewhere in this offering memorandum.

## **Description of other material indebtedness**

To fund our existing property projects and to finance our working capital requirements, we have borrowed money from various banks. As of June 30, 2016, our total borrowings (including bank and other borrowings, receipts under securitization arrangements, the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes and corporate bonds) totaled RMB103,112.0 million (US\$15,515.1 million). As of June 30, 2016, we had a total amount of RMB21,348.4 million (US\$3,212.3 million) of the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes and the 2020 Notes outstanding. We set forth below a summary of the material terms and conditions of these loans and other indebtedness.

## PRC project loan agreements

Certain of our PRC subsidiaries have entered into loan agreements with various PRC banks, primarily Bank of China, Agricultural Bank of China, China Construction Bank, Industrial and Commercial Bank of China, the Bank of East Asia, Hang Seng Bank, Bank of Communications, Industrial Bank, China Everbright Bank, China Citic Bank, Shunde Rural Commercial Bank, China Merchants Bank, SPD Bank, China Zheshang Bank, China Minsheng Bank, Postal Savings Bank of China and Guangdong Development Bank. These loans typically are project loans to finance the construction of our projects (the "project loans") and have terms ranging from one year to nine years, which generally correspond to the construction periods of the particular projects.

#### Interest

The principal amounts outstanding under the project loans generally bear interest at floating or fixed rates calculated by reference to the relevant bank's benchmark interest rate per annum which in turn is generally linked to PBOC-published rates. Floating interest rates generally are subject to review by the banks annually or quarterly. Interest payments generally are payable either monthly or quarterly and must be made on each payment date as provided in the particular loan agreement.

#### **Covenants**

Under these project loans, many of our subsidiary borrowers have agreed, among other things, not to take the following actions without first obtaining the lenders' prior consent:

- create encumbrances on any part of their properties or assets or deal with their assets in a way that may adversely affect their ability to repay their loans;
- grant guarantees to any third parties that may adversely affect their ability to repay their loans;
- make any major changes to their corporate structures or business operation model, such as entering into joint ventures, mergers and acquisitions and reorganizations or change the company's status, such as liquidation and dissolution;
- transfer part or all of the liabilities under the loans to a third party; and
- prepay the loan.

#### **Dividend restriction**

Pursuant to these project loans, certain of our PRC subsidiaries also agreed not to distribute any dividends:

• if the borrower's after-tax net profit is nil or negative;

- if the after-tax net profit is insufficient to cover losses in previous financial years;
- if the before-tax profit is not used to satisfy the relevant debt due during the same financial year;
- if the before-tax profit is insufficient to cover the principal, interest or other related expenses due in the next period; or
- before the principal amount of and accrued interest on the relevant project loan have been timely or fully paid.

## **Guarantee and security**

Most of our PRC subsidiaries and associates have entered into guarantee agreements, mortgage contracts or pledge contracts, or a combination of them, with the PRC banks in connection with most of the project loans pursuant to which these subsidiaries and associates have guaranteed all liabilities of the subsidiary borrowers or have provided security, such as land use rights and equity of the project companies, under these project loans.

#### **Customer guarantees**

In line with industry practice, we provide guarantees to mortgagee banks in respect of mortgage loans taken out by purchasers of our properties. Such guarantee obligations typically terminate upon the delivery of the relevant property ownership certificates on the underlying property to the bank. As of June 30, 2016, the aggregate outstanding amount guaranteed was RMB83,485.2 million (US\$12,561.9 million).

## **2014 Notes**

On September 10, 2009, we entered into an indenture (the "2014 Indenture") pursuant to which we issued an aggregate principal amount of US\$300,000,000 11.750% Senior Notes due 2014 (the "Initial Notes"). On September 23, 2009, we issued an additional aggregate principal amount of US\$75,000,000 11.750% Senior Notes due 2014 under the 2014 Indenture, which were fungible with, and which we consolidated with, the Initial Notes (together with the Initial Notes, the "2014 Notes"). As of the date of this offering memorandum, we had redeemed the 2014 Notes in full upon maturity.

#### **2017 Notes**

On April 22, 2010, we entered into an indenture ("the 2017 Indenture") pursuant to which we issued an aggregate principal amount of US\$550,000,000 11.250% Senior Notes due 2017 (the "2017 Notes"). As of the date of this offering memorandum, we had exercised our optional redemption rights and redeemed the 2017 Notes in full.

## **2015 Notes**

On August 11, 2010, we entered into an indenture (the "2015 Indenture") pursuant to which we issued an aggregate principal amount of US\$400,000,000 10.500% Senior Notes due 2015 (the "2015 Notes"). As of the date of this offering memorandum, we had redeemed the 2015 Notes in full upon maturity.

#### **2018 Notes**

On February 23, 2011, we entered into an indenture (the "2018 Indenture") pursuant to which we issued an aggregate principal amount of US\$900,000,000 11.125% Senior Notes due 2018 (the "2018 Notes"). As of the date of this offering memorandum, we had exercised our optional redemption rights and redeemed the 2018 Notes in full.

#### 2023 Notes

On January 10, 2013, we entered into an indenture (the "2023 Indenture") pursuant to which we issued an aggregate principal amount of US\$750,000,000 7.50% Senior Notes due 2023 (the "2023 Notes").

#### Guarantee

The obligations pursuant to the 2023 Notes are guaranteed by the same subsidiaries acting as subsidiary guarantors for the 2021 Notes, the 2019 Notes and the Private Notes (the "2023 Subsidiary Guarantors").

Each of the 2023 Subsidiary Guarantors, jointly and severally, guarantee the due and punctual payment of the principal, any premium, and interest on, and all other amounts payable under the 2023 Notes.

#### Collateral

The 2023 Notes and the subsidiary guarantees provided by the 2023 Subsidiary Guarantors are secured by the Shared Collateral. See"—2020 Notes—Collateral."

#### Interest

The 2023 Notes bear an interest rate of 7.50% per annum. Interest is payable semi-annually in arrears.

## **Covenants**

Subject to certain conditions and exceptions, the 2023 Indenture contains certain covenants, restricting us and each of the related restricted subsidiaries from, among other things:

- incurring or guaranteeing additional indebtedness and issuing disqualified or preferred stock;
- declaring dividends on its capital stock or purchasing or redeeming capital stock;
- making investments or other specified restricted payments;
- issuing or selling capital stock of the related restricted subsidiaries;
- guaranteeing indebtedness of the related restricted subsidiaries;
- selling assets;
- · creating liens;

- entering into sale and leaseback transactions;
- entering into agreements that restrict the related restricted subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- entering into transactions with shareholders or affiliates; and
- effecting a consolidation or merger.

### Events of default

The 2023 Indenture contains certain customary events of default, including default in the payment of principal or of any premium on the 2023 Notes when such payments become due, default in payment of interest which continues for 30 days, and other events of default substantially similar to the Events of Default under the Indenture. If an event of default occurs and is continuing for a period of 30 consecutive days, the trustee under the 2023 Indenture or the holders of at least 25% of the outstanding 2023 Notes may declare the principal of the 2023 Notes plus a premium and any accrued and unpaid interest to be immediately due and payable.

# Change of control

Upon the occurrence of certain events of change of control and a rating decline, we will make an offer to repurchase all outstanding 2023 Notes at a purchase price equal to 101% of their principal amount plus any accrued and unpaid interest, if any, to the repurchase date.

## Maturity and redemption

The maturity date of the 2023 Notes is January 10, 2023.

At any time and from time to time on or after January 10, 2018, we may redeem the 2023 Notes, in whole or in part, at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to (but not including) the redemption date if redeemed during the twelve month period beginning on January 10 of each of the years indicated below:

| Period              | Redemption<br>Price |
|---------------------|---------------------|
| 2018                | 103.75%             |
| 2019                | 102.50%             |
| 2020                | 101.25%             |
| 2021 and thereafter | 100.00%             |

At any time prior to January 10, 2018, we may redeem the 2023 Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the 2023 Notes, plus a premium and any accrued and unpaid interest to the redemption date.

At any time prior to January 10, 2016, we may redeem up to 35% of the aggregate principal amount of the 2023 Notes at a redemption price equal to 107.50% of the principal amount of the 2023 Notes, plus any accrued and unpaid interest with the proceeds from sales of certain kinds of our capital stock, provided that at least 65% of the aggregate principal amount of the 2023 Notes originally issued remains outstanding after each such redemption and any such redemption takes place within 60 days of the related sale of our capital stock and subject to certain conditions.

Additionally, if we or a 2023 Subsidiary Guarantor under the 2023 Indenture would become obligated to pay certain additional amounts as a result of certain changes in specified tax law, we may redeem the 2023 Notes at a redemption price equal to 100% of the principal amount of the 2023 Notes, plus any accrued and unpaid interest, subject to certain exceptions.

### **2021 Notes**

On October 4, 2013, we entered into an indenture (the "2021 Indenture") pursuant to which we issued an aggregate principal amount of US\$750,000,000 7.25% Senior Notes due 2021 (the "2021 Notes").

### Guarantee

The obligations pursuant to the 2021 Notes are guaranteed by the same subsidiaries acting as subsidiary guarantors for the 2023 Notes, the 2019 Notes and the Private Notes (the "2021 Subsidiary Guarantors"). Each of the 2021 Subsidiary Guarantors, jointly and severally, guarantee the due and punctual payment of the principal, any premium, and interest on, and all other amounts payable under the 2021 Notes.

### Collateral

The 2021 Notes and the subsidiary guarantees provided by the 2021 Subsidiary Guarantors are secured by the Shared Collateral. See"—2020 Notes—Collateral."

## Interest

The 2021 Notes bear an interest rate of 7.25% per annum. Interest is payable semi-annually in arrears.

### **Covenants**

Subject to certain conditions and exceptions, the 2021 Indenture contains certain covenants, restricting us and each of the related restricted subsidiaries from, among other things:

- incurring or guaranteeing additional indebtedness and issuing disqualified or preferred stock;
- declaring dividends on its capital stock or purchasing or redeeming capital stock;
- · making investments or other specified restricted payments;
- issuing or selling capital stock of the related restricted subsidiaries;
- guaranteeing indebtedness of the related restricted subsidiaries;
- · selling assets;
- creating liens;
- entering into sale and leaseback transactions;

- entering into agreements that restrict the related restricted subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- entering into transactions with shareholders or affiliates; and

The 2021 Indenture contains certain customary events of default, including default in the payment of principal or of any premium on the 2021 Notes when such payments become due, default in payment of interest which continues for 30 days, and other events of default substantially similar to the Events of Default under the Indenture. If an event of default occurs and is continuing for a period of 30 consecutive days, the trustee under the 2021 Indenture or the holders of at least 25% of the outstanding 2021 Notes may declare the principal of the 2021 Notes plus a premium and any accrued and unpaid interest to be immediately due and payable.

# Change of control

Upon the occurrence of certain events of change of control and a rating decline, we will make an offer to repurchase all outstanding 2021 Notes at a purchase price equal to 101% of their principal amount plus any accrued and unpaid interest, if any, to the repurchase date.

# Maturity and redemption

The maturity date of the 2021 Notes is April 4, 2021.

At any time and from time to time on or after October 4, 2017, we may redeem the 2021 Notes, in whole or in part, at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to (but not including) the redemption date if redeemed during the twelve month period beginning on October 4 of each of the years indicated below:

| Period              | Redemption<br>Price |
|---------------------|---------------------|
| 2017                | 103.625%            |
| 2018                | 101.8125%           |
| 2019 and thereafter | 100.00%             |

At any time prior to October 4, 2017, we may redeem the 2021 Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the 2021 Notes, plus a premium and any accrued and unpaid interest to the redemption date.

At any time prior to October 4, 2016, we may redeem up to 35% of the aggregate principal amount of the 2021 Notes at a redemption price equal to 107.25% of the principal amount of the 2021 Notes, plus any accrued and unpaid interest with the proceeds from sales of certain kinds of our capital stock, provided that at least 65% of the aggregate principal amount of the 2021 Notes originally issued remains outstanding after each such redemption and any such redemption takes place within 60 days of the related sale of our capital stock and subject to certain conditions.

Additionally, if we or a 2021 Subsidiary Guarantor under the 2021 Indenture would become obligated to pay certain additional amounts as a result of certain changes in specified tax law,

we may redeem the 2021 Notes at a redemption price equal to 100% of the principal amount of the 2021 Notes, plus any accrued and unpaid interest, subject to certain exceptions.

| 2018   | 101.96875%          |

At any time prior to May 27, 2017, we may redeem the 2019 Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the 2019 Notes, plus a premium and any accrued and unpaid interest to the redemption date.

At any time prior to May 27, 2017, we may redeem up to 35% of the aggregate principal amount of the 2019 Notes at a redemption price equal to 107.875% of the principal amount of the 2019 Notes redeemed, plus any accrued and unpaid interest with the proceeds from sales of certain kinds of our capital stock, provided that at least 65% of the aggregate principal amount of the 2019 Notes originally issued remains outstanding after each such redemption and any such redemption takes place within 60 days of the related sale of our capital stock and subject to certain conditions.

Additionally, if we or a 2019 Subsidiary Guarantor under the 2019 Indenture would become obligated to pay certain additional amounts as a result of certain changes in specified tax law, we may redeem the 2019 Notes at a redemption price equal to 100% of the principal amount of the 2019 Notes, plus any accrued and unpaid interest, subject to certain exceptions.

### **Private Notes**

On June 5, 2014, we entered into an indenture (the "Private Notes Indenture") pursuant to which we issued an aggregate principal amount of US\$250,000,000 7.50% Senior Notes due 2019 (the "Private Notes").

### Guarantee

The obligations pursuant to the Private Notes are guaranteed by the same subsidiaries acting as subsidiary guarantors for the 2023 Notes, the 2021 Notes and the 2019 Notes (the "Private Notes Subsidiary Guarantors"). Each of the Private Notes Subsidiary Guarantors, jointly and severally, guarantee the due and punctual payment of the principal, any premium, and interest on, and all other amounts payable under the Private Notes.

### Collateral

The Private Notes and the subsidiary guarantees provided by the Private Notes Subsidiary Guarantors are secured by the Shared Collateral. See "—2020 Notes—Collateral."

### Interest

The Private Notes bear an interest rate of 7.50% per annum. Interest is payable semi-annually in arrears.

### **Covenants**

Subject to certain conditions and exceptions, the Private Notes Indenture contains certain covenants, restricting us and each of the related restricted subsidiaries from, among other things:

- incurring or guaranteeing additional indebtedness and issuing disqualified or preferred stock;

- entering into agreements that restrict the related restricted subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- entering into transactions with shareholders or affiliates; and
- effecting a consolidation or merger.

#### Events of default

The Private Notes Indenture contains certain customary events of default, including default in the payment of principal or of any premium on the Private Notes when such payments become due, default in payment of interest which continues for 30 days, and other events of default substantially similar to the Events of Default under the Indenture. If an event of default occurs and is continuing for a period of 30 consecutive days, the trustee under the Private Notes or the holders of at least 25% of the outstanding Private Notes may declare the principal of the Private Notes plus a premium and any accrued and unpaid interest to be immediately due and payable.

## Change of control

Upon the occurrence of certain events of change of control and a rating decline, we will make an offer to repurchase all outstanding Private Notes at a purchase price equal to 101% of their principal amount plus any accrued and unpaid interest, if any, to the repurchase date.

## Maturity and redemption

The maturity date of the Private Notes is June 5, 2019.

### 2020 Notes

On March 9, 2015, we entered into an indenture (the "2020 Indenture") pursuant to which we issued an aggregate principal amount of US\$900,000,000 7.50% Senior Notes due 2020 (the "2020 Notes").

### Guarantee

The obligations pursuant to the 2020 Notes are guaranteed by the same subsidiaries acting as subsidiary guarantors for the 2023 Notes, the 2021 Notes, the 2019 Notes and the Private Notes (the "2020 Subsidiary Guarantors"). Each of the 2020 Subsidiary Guarantors, jointly and severally, guarantee the due and punctual payment of the principal, any premium, and interest on, and all other amounts payable under the 2020 Notes.

# Collateral

The capital stock of certain 2020 Subsidiary Guarantors (the "Shared Collateral") is currently pledged to secure on a *pari passu* basis our obligations under (i) the 2023 Notes and the subsidiary guarantees provided by the subsidiary guarantor pledgors under the indenture governing the 2023 Notes, (ii) the 2021 Notes and the subsidiary guarantees provided by the subsidiary guarantor pledgors under the indenture governing the 2021 Notes, (iii) the 2019 Notes and the subsidiary guarantees provided by the subsidiary guarantor pledgors under the indenture governing the 2019 Notes and (iv) the Private Notes and the subsidiary guarantees provided by the subsidiary guarantor pledgors under the indenture governing the Private Notes, subject to the Intercreditor Agreement. The Intercreditor Agreement governs the relationships among the holders of the 2023 Notes, the holders of the 2021 Notes, the holders of the 2019 Notes, the holders of the Private Notes and the holders of the 2020 Notes in respect of the security interests created by the Shared Collateral that is shared on a *pari passu* basis among

them. Additionally, the Intercreditor Agreement provides for the collateral agent to exercise remedies in respect thereof upon the occurrence of an event of default under the secured obligations and to act as specified in the Intercreditor Agreement. We expect the Trustee for the Notes to become a secured party under the Intercreditor Agreement by executing a supplement to the Intercreditor Agreement. The Shared Collateral may be released or reduced in the event of certain asset sales and certain other circumstances. In addition, we and each subsidiary guarantor pledgor may in the future incur additional permitted *pari passu* secured indebtedness which would be secured by the Shared Collateral on a *pari passu* basis with the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the Notes and the subsidiary guarantees provided by the subsidiary guarantor pledgors relating to these securities, subject to the Intercreditor Agreement.

### Interest

The 2020 Notes bear an interest rate of 7.50% per annum. Interest is payable semi-annually in arrears.

### **Covenants**

Subject to certain conditions and exceptions, the 2020 Indenture contains certain covenants, restricting us and each of the related restricted subsidiaries from, among other things:

- incurring or guaranteeing additional indebtedness and issuing disqualified or preferred stock;
- declaring dividends on its capital stock or purchasing or redeeming capital stock;
- making investments or other specified restricted payments;
- issuing or selling capital stock of the related restricted subsidiaries;
- guaranteeing indebtedness of the related restricted subsidiaries;
- selling assets;
- creating liens;
- · entering into sale and leaseback transactions;
- entering into agreements that restrict the related restricted subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- entering into transactions with shareholders or affiliates; and
- effecting a consolidation or merger.

### **Events of default**

The 2020 Indenture contains certain customary events of default, including default in the payment of principal or of any premium on the 2020 Notes when such payments become due, default in payment of interest which continues for 30 days, and other events of default substantially similar to the Events of Default under the Indenture. If an event of default occurs and is continuing for a period of 30 consecutive days, the trustee under the 2020 Indenture or the holders of at least 25% of the outstanding 2020 Notes may declare the principal of the 2020 Notes plus a premium and any accrued and unpaid interest to be immediately due and payable.

# Change of control

Upon the occurrence of certain events of change of control and a rating decline, we will make an offer to repurchase all outstanding 2020 Notes at a purchase price equal to 101% of their principal amount plus any accrued and unpaid interest, if any, to the repurchase date.

# Maturity and redemption

The maturity date of the 2020 Notes is March 9, 2020. At any time and from time to time on or after March 9, 2018, we may redeem the 2020 Notes, in whole or in part, at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to (but not including) the redemption date if redeemed during the twelve month period beginning on March 9 of each of the years indicated below:

| Period | <b>Redemption Price</b> |
|--------|-------------------------|
| 2018   | 103.750%                |

In April 2014, the Company and two of our wholly owned subsidiaries, Foshan Shunde Country Garden Property Development Co., Ltd. and Zengcheng Country Garden Property Development Co., Ltd., entered into a perpetual loan agreement with Wanjia Co-Win Asset Management Co., Ltd., pursuant to which Foshan Shunde Country Garden Property Development Co., Ltd. was granted an aggregate principal amount of RMB400.0 million perpetual facility (the "Perpetual Capital Instrument"). The Perpetual Capital Instrument is considered as "equity" for our accounting purposes.

## Guarantee

The Perpetual Capital Instrument has varying credit support structures and is guaranteed by the Company and Zengcheng Country Garden Property Development Co., Ltd. Each of the guarantors

guarantees the due and punctual payment of the principal, the distributions on, and all other amounts payable under the perpetual loan agreement.

### **Distributions**

The Perpetual Capital Instrument provides for annual distributions and bears a base distribution rate of 10.2%, 10.4%, 13.0% and 16.0% from first to fourth year, respectively, and 19% for the fifth year and beyond. We may elect to defer our distributions if we do not pay dividends on the capital stock of the Company and Foshan Shunde Country Garden Property Development Co., Ltd. for that year, subject to a premium on the deferred distribution (up to a ceiling of distribution rate of 19.0%). Such deferral will not constitute an event of default.

### **Covenants**

Subject to certain conditions and exceptions, the perpetual loan agreement contains certain covenants, restricting the Company and Foshan Shunde Country Garden Property Development Co., Ltd. from, among other things:

- filing for bankruptcy, dissolution, insolvency or business certificate deregistration;
- restructuring or reorganizing;
- · changing the Company's controlling shareholders;
- selling all or part of the shares of Foshan Shunde Country Garden Property Development Co., Ltd. to parties other than the Company and its subsidiaries;

The Perpetual Capital Instrument contains certain customary events of default, including failure to make payments for principal of, and distributions on, the Perpetual Capital Instrument when due and payable. If Foshan Shunde Country Garden Property Development Co., Ltd. fails to make distributions when due and payable, the Perpetual Capital Instrument holders may require Foshan Shunde Country Garden Property Development Co., Ltd. to start insolvency procedures within 30 days of the original distribution date.

## Maturity and redemption

The Perpetual Capital Instrument does not have a maturity date or any mandatory redemption options. If Foshan Shunde Country Garden Property Development Co., Ltd. commences an insolvency proceeding, it must redeem the instrument and repay the principal and all unpaid distributions.

## Trust Financing

From time to time, our PRC subsidiaries enter into financing arrangements with local trust institutions. These local trust institutions provide trust loans for purposes of our project

development in return for interest payments, and have terms ranging from 12 to 36 months. We have also entered into arrangements whereby our PRC subsidiaries' rights to receive dividends or the proceeds from property sales or accounts receivables were sold and repurchased after a period of time. Some of our trust loans and financing arrangements are guaranteed by our Company or secured by the relevant PRC subsidiaries' shares (through share pledge or ownership of shares) or land use rights in favor of the trust finance provider, or a combination of these. The trust loans and financing arrangements contain customary events of default, including non-payment of principal or interest and breaches of the terms of the arrangements. If an event of default has occurred, the trust finance provider may, without prior notice, exercise its rights to realize the security held under the share pledge agreement and land mortgage agreement, and demand payments from us as guarantor.

The senior tranche B ("Tranche B") was issued in the principal amount of RMB410,000,000 with a coupon rate of 6.0% per annum and a term of two years. The equity tranche was issued in the principal amount of RMB71,000,000 with a term of two years. It does not have an explicit coupon rate but receives the residual cash flows collected from the balance payment after distributions to Tranche A1, Tranche A2 and Tranche B. The Fujian Asset-backed Securities are backed by the account receivables for the balance payment of properties sold. The proceeds from the issuance of the Fujian Asset-backed Securities shall be used for our general working capital purposes.

# **Hedging Obligations**

In line with our risk management policy to hedge against interest rate and foreign exchange risks, we have entered into swap transactions with various financial institutions. On June 30, 2016, we entered into the Hedging Documents with Goldman Sachs International. Our Hedging Obligations thereunder are guaranteed by the same Subsidiary Guarantors. On June 30, 2016, Goldman Sachs International entered into a supplement to the Intercreditor agreement and became a secured party under the Intercreditor Agreement.

# **Description of the Notes**

For purposes of this "Description of the Notes," the term "Company" refers only to Country Garden Holdings Company Limited, and any successor obligor on the Notes, and not to any of its subsidiaries. Each subsidiary of the Company which guarantees the Notes is referred to as a "Subsidiary Guarantee," and each such guarantee is referred to as a "Subsidiary Guarantee."

The Notes are to be issued under an indenture (the "Indenture"), to be dated as of the Original Issue Date, among the Company, the Subsidiary Guarantors, as guarantors, and Citicorp International Limited as trustee (the "Trustee").

The following is a summary of certain material provisions of the Indenture, the Notes, the Subsidiary Guarantees and the Intercreditor Agreement. This summary does not purport to be complete and is qualified in its entirety by reference to all of the provisions of the Indenture, the Notes, the Subsidiary Guarantees and the Intercreditor Agreement. It does not restate those agreements in their entirety. Whenever particular sections or defined terms of the Indenture not otherwise defined herein are referred to, such sections or defined terms are incorporated herein by reference. Copies of the Indenture will be available on or after the Original Issue Date at the corporate trust office of the Trustee at Citicorp International Limited, 39/F Champion Tower, Three Garden Road, 3 Garden Road, Central, Hong Kong.

# **Brief description of the Notes**

The Notes are:

- general obligations of the Company;
- senior in right of payment to any existing and future obligations of the Company expressly subordinated in right of payment to the Notes;
- at least *pari passu* in right of payment with all other unsecured, unsubordinated Indebtedness of the Company (subject to any priority rights of such unsubordinated Indebtedness pursuant to applicable law);
- guaranteed by the Subsidiary Guarantors on a senior basis, subject to the limitations described below under the caption "—The Subsidiary Guarantees" and in "Risk Factors—Risks relating to the Subsidiary Guarantees and the Collateral;"
- effectively subordinated to the other secured obligations of the Company and the Subsidiary Guarantors, to the extent of the value of the assets (other than the Collateral) serving as security therefor; and
- effectively subordinated to all existing and future obligations of the Non-Guarantor Subsidiaries.

In addition, on the Original Issue Date, subject to the limitations described in "Risk Factors—Risks relating to the Subsidiary Guarantees and the Collateral," the Notes will be secured by a pledge of the Collateral as described below under the caption "—Security" and will:

• be entitled to a first priority lien on the Collateral (subject to any Permitted Liens and the Intercreditor Agreement); and

• rank effectively senior in right of payment to unsecured obligations of the Company with respect to the value of the Collateral pledged by the Company securing the Notes (subject to any priority rights of such unsecured obligations pursuant to applicable law).

The Notes will mature on September 28, 2023 unless earlier redeemed pursuant to the terms thereof and the Indenture. The Indenture allows additional Notes to be issued from time to time (the "Additional Notes"), subject to certain limitations described under "—Further issues." Unless the context requires otherwise, references to the "Notes" for all purposes of the Indenture and this "Description of the Notes" include any Additional Notes that are actually issued. The Notes will bear interest at the rate per annum set forth on the cover page of this offering memorandum from the Original Issue Date or from the most recent interest payment date to which interest has been paid or duly provided for, payable semiannually in arrears on March 28 and September 28 of each year (each an "Interest Payment Date"), commencing March 28, 2017.

Interest on the Notes, when in the form of Global Notes, will be paid to holders of Notes ("Holders") of record at the close of business on March 27 or September 27 and, when in the form of Certificated Notes, on March 13 or September 13, immediately preceding an Interest Payment Date (each, a "Record Date"), notwithstanding any transfer, exchange or cancellation thereof after a Record Date and prior to the immediately following Interest Payment Date. In any case in which the date of the payment of principal of, premium on, or interest on the Notes is not a Business Day in the relevant place of payment, then payment of principal, premium or interest need not be made on such date but may be made on the next succeeding Business Day. Any payment made on such Business Day shall have the same force and effect as if made on the date on which such payment is due, and no interest on the Notes shall accrue for the period after such date. Interest on the Notes will be calculated on the basis of a 360-day year composed of twelve 30-day months.

The Notes will be issued only in fully registered form, without coupons, in denominations of US\$200,000 and integral multiples of US\$1,000 in excess thereof. No service charge will be made for any registration of transfer or exchange of Notes, but the Company may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

All payments on the Notes will be made in U.S. dollars by the Company at the office or agency of the Company maintained for that purpose (which initially will be the specified office of the Paying Agent, currently located at 1 North Wall Quay, Dublin 1, Ireland, and the Notes may be presented for registration of transfer or exchange at such office or agency; provided that, at the option of the Company, payment of interest may be made by check mailed at the expense of the Company to the address of the Holders as such address appears in the Note register. Interest payable on the Notes held through Euroclear and Clearstream will be available to participants (as defined herein) on the Business Day following payment thereof.

# The Subsidiary Guarantees

The initial Subsidiary Guarantors that will execute the Indenture on the Original Issue Date will be Smart World Development Holdings Ltd, Angel View International Limited, Boavista Investments Limited, Estonia Development Ltd, Falcon Investments Development Ltd, Impreza Group Limited, Infiniti Holdings Development Limited, United Gain Group Ltd, Wise Fame Group Ltd and Country Garden (Hong Kong) Development Company Limited. These Subsidiary Guarantors consist of all of the Company's Restricted Subsidiaries other than the Non-Guarantor Subsidiaries (defined below). All of the Subsidiary Guarantors are holding companies that do not

have significant operations. None of Power Great Enterprises Limited and the Unrestricted Subsidiaries and the Restricted Subsidiaries organized under the laws of the PRC (collectively, the "PRC Non-Guarantor Subsidiaries") will be a Subsidiary Guarantor on the Original Issue Date.

As used herein, "Non-Guarantor Restricted Subsidiaries" refers to the Restricted Subsidiaries that are not a Subsidiary Guarantor, including as of the Original Issue Date, the PRC Non-Guarantor Subsidiaries and Power Great Enterprises Limited. The Non-Guarantor Restricted Subsidiaries together with the Unrestricted Subsidiaries are referred to herein as the "Non-Guarantor Subsidiaries."

None of the existing Non-Guarantor Subsidiaries will at any time in the future provide a Subsidiary Guarantee unless designated as a Subsidiary Guarantor in accordance with the Indenture. Moreover, no future Restricted Subsidiaries organized under the laws of the PRC or any Exempted Subsidiaries (as defined below) will provide a Subsidiary Guarantee at any time in the future. Although the Indenture contains limitations on the amount of additional Indebtedness that Restricted Subsidiaries organized under the laws of the PRC may incur, the amount of such additional Indebtedness could be substantial. In the event of a bankruptcy, liquidation or reorganization of any Non-Guarantor Subsidiary, the Non-Guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Company.

As of June 30, 2016,

- the Company and its consolidated subsidiaries had total consolidated borrowings (including bank and other borrowings, receipts under securitization arrangements, the 2023 Notes, the 2021 Notes, the Private Notes, the 2020 Notes and corporate bonds) of approximately RMB103,112.0 million (US\$15,515.1 million), including short-term borrowings (including the current portion of long-term bank and other borrowings and receipts under securitization arrangements) of RMB23,968.5 million (US\$3,606.5 million);
- the Company and the Subsidiary Guarantors had secured indebtedness of RMB10,143.0 million (US\$1,526.2 million); and
- the Non-Guarantor Subsidiaries had total liabilities of approximately RMB288,499.6 million (US\$43,410.2 million).

In addition, as of June 30, 2016, the Non-Guarantor Subsidiaries had capital commitments of approximately RMB82,755.9 million (US\$12,452.2 million) and contingent liabilities of approximately RMB89,202.6 million (US\$13,422.2 million).

The Subsidiary Guarantee of each Subsidiary Guarantor:

- is a general obligation of such Subsidiary Guarantor;
- is effectively subordinated to secured obligations of such Subsidiary Guarantor, to the extent of the value of the assets serving as security therefor;
- is senior in right of payment to all future obligations of such Subsidiary Guarantor expressly subordinated in right of payment to such Subsidiary Guarantee; and
- ranks at least *pari passu* with all other unsecured, unsubordinated Indebtedness of such Subsidiary Guarantor (subject to any priority rights of such unsubordinated Indebtedness pursuant to applicable law).

The Company will cause each of its future Restricted Subsidiaries (other than Persons organized under the laws of the PRC and Exempted Subsidiaries) as soon as practicable after it becomes a

Restricted Subsidiary or, in the case of an Exempted Subsidiary, as soon as practicable after it ceases to be an Exempted Subsidiary, to execute and deliver to the Trustee a supplemental indenture to the Indenture, pursuant to which such Restricted Subsidiary will guarantee the payment of the Notes. Each Restricted Subsidiary that guarantees the Notes after the Original Issue Date is referred to as a "Future Subsidiary Guarantor" and upon execution of the applicable supplemental indenture to the Indenture will be a "Subsidiary Guarantor." Notwithstanding the foregoing sentence, the Company may elect to have any future Restricted Subsidiary organized outside the PRC not provide a Subsidiary Guarantee at the time such entity becomes a Restricted Subsidiary or ceases to be an Exempted Subsidiary (Restricted Subsidiaries other than those organized under the laws of the PRC that become Restricted Subsidiaries after the Original Issue Date and that do not provide Subsidiary Guarantees in accordance with the Indenture, the "New Non-Guarantor Restricted Subsidiaries"), provided that, after taking into account the consolidated assets of such Restricted Subsidiary, the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC (other than Exempted Subsidiaries) that are not Subsidiary Guarantors do not account for more than 20% of Total Assets.

So long as the Notes remain outstanding, the Company will, no later than 60 days after the date any semi-annual consolidated financial statements of the Company (which the Company must use its reasonable best efforts to compile on a timely basis) become available (which may be internal consolidated financial statements), calculate and determine whether the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC that are not Subsidiary Guarantors (other than Exempted Subsidiaries) exceed 20% of Total Assets. If, at such time of determination, the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC that are not Subsidiary Guarantors (other than Exempted Subsidiaries) exceed 20% of Total Assets, the Company must promptly (i) remove the designation of one or more Non-Guarantor Restricted Subsidiaries and cause such Non-Guarantor Restricted Subsidiaries to execute and deliver to the Trustee a supplemental indenture to the Indenture pursuant to which such Restricted Subsidiaries will guarantee the payment of the Notes or (ii) designate one or more Non-Guarantor Restricted Subsidiaries as Unrestricted Subsidiaries or (iii) cause one or more Non-Guarantor Restricted Subsidiaries to pay dividends or make distributions on or with respect to their respective Capital Stock pro rata to their respective shareholders or on a basis more favorable to the Company, in the case of each of (i), (ii) and (iii) above, in accordance with the terms of the Indenture and such that the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC that are not Subsidiary Guarantors (other than Exempted Subsidiaries) no longer exceed 20% of Total Assets. Such removal of designation as a Non-Guarantor Restricted Subsidiary, designation as an Unrestricted Subsidiary or payment of dividends or distributions must be made promptly and in any event no later than 60 days after the date any semi-annual consolidated financial statements of the Company (which the Company must use its reasonable best efforts to compile on a timely basis) become available (which may be internal consolidated financial statements) which show that the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC that are not Subsidiary Guarantors (other than Exempted Subsidiaries) exceed 20% of Total Assets.

In the case of a Subsidiary Guarantor with respect to which the Company or any of its Restricted Subsidiaries is proposing to sell, whether through the sale of existing shares or the issuance of new shares, no less than 20% of the Capital Stock of such Subsidiary Guarantor, the Company may concurrently with or after the consummation of such sale or issuance of Capital Stock, (a) instruct the Trustee to release the Subsidiary Guarantees provided by such Subsidiary Guarantor and each of its Restricted Subsidiaries organized outside the PRC, and upon such release such Subsidiary Guarantor and its Restricted Subsidiaries organized outside the PRC will

become "New Non-Guarantor Restricted Subsidiaries" (such that each New Non-Guarantor Restricted Subsidiary will no longer Guarantee the Notes) and (b) instruct the Collateral Agent to (i) discharge the pledge of the Capital Stock granted by each such New Non-Guarantor Restricted Subsidiary and (ii) discharge the pledge of Capital Stock made by the Company or any Subsidiary Guarantor over the shares it owns in such New Non-Guarantor Restricted Subsidiary, (in each case, without any requirement to seek the consent or approval of the Holders of the Notes), provided that after the release of such Subsidiary Guarantees, the Consolidated Assets of all Restricted Subsidiaries organized outside the PRC (other than Exempted Subsidiaries) that are not a Subsidiary Guarantor (including the New Non-Guarantor Restricted Subsidiaries) do not account for more than 20% of Total Assets. A Subsidiary Guarantee of a Subsidiary Guarantor may only be released pursuant to this paragraph if as of the date of such proposed release, no document exists that is binding on the Company or any of the Restricted Subsidiaries that would have the effect of (a) prohibiting the Company or any of the Restricted Subsidiaries from releasing such Subsidiary Guarantee or (b) requiring the Company or such Subsidiary Guarantor to deliver or keep in place a guarantee of other Indebtedness of the Company by such Subsidiary Guarantor.

In addition, subject to the limitations described in "Risk Factors—Risks relating to the Subsidiary Guarantees and the Collateral," the Subsidiary Guarantees of each Subsidiary Guarantor Pledgor:

- will be entitled to a first ranking security interest in the Collateral (subject to any Permitted Liens and the Intercreditor Agreement) pledged by such Subsidiary Guarantor Pledgor, as described below under the caption "—Security;" and
- will rank effectively senior in right of payment to the unsecured obligations of such Subsidiary Guarantor Pledgor with respect to the value of the Collateral securing such Subsidiary Guarantee (subject to any priority rights of such unsecured obligations pursuant to applicable law).

Under the Indenture and any supplemental indenture to the Indenture, as applicable, each of the Subsidiary Guarantors will jointly and severally guarantee the due and punctual payment of the principal of, premium, if any, and interest on, and all other amounts payable under, the Notes. The Subsidiary Guarantors will (1) agree that their obligations under the Subsidiary Guarantees will be enforceable irrespective of any invalidity, irregularity or unenforceability of the Notes or the Indenture and (2) waive their right to require the Trustee to pursue or exhaust its legal or equitable remedies against the Company prior to exercising its rights under the Subsidiary Guarantees. Moreover, if at any time any amount paid under a Note or the Indenture is rescinded or must otherwise be restored, the rights of the Holders under the Subsidiary Guarantees will be reinstated with respect to such payments as though such payment had not been made. All payments under the Subsidiary Guarantees are required to be made in U.S. dollars.

Under the Indenture, and any supplemental indenture to the Indenture, as applicable, each Subsidiary Guarantee will be limited to an amount not to exceed the maximum amount that can be guaranteed by the applicable Subsidiary Guarantor without rendering the Subsidiary Guarantee, as it relates to such Subsidiary Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally. If a Subsidiary Guarantee were to be rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee could be reduced to zero.

The obligations of each Subsidiary Guarantor under its respective Subsidiary Guarantee and the enforceability of the Collateral granted in respect of the Subsidiary Guarantees of the Subsidiary Guarantor Pledgors may be limited, or possibly invalid, under applicable laws. See "Risk Factors—Risks relating to the Subsidiary Guarantees and the Collateral—The Subsidiary Guarantees may be challenged under applicable insolvency or fraudulent transfer laws, which could impair the enforceability of the Subsidiary Guarantees."

## Release of the Subsidiary Guarantees

A Subsidiary Guarantee given by a Subsidiary Guarantor may be released in certain circumstances, including:

- upon repayment in full of the Notes;
- upon a defeasance as described under "—Defeasance—Defeasance and discharge;"
- upon the designation by the Company of a Subsidiary Guarantor as an Unrestricted Subsidiary in compliance with the terms of the Indenture;
- upon the sale, disposition or merger of a Subsidiary Guarantor in compliance with the terms of the Indenture (including the covenants under the captions "—Certain covenants—Limitation on sales and issuances of Capital Stock in Restricted Subsidiaries," "—Certain covenants—Limitation on Asset Sales" and "—Consolidation, merger and sale of assets") resulting in such Subsidiary Guarantor no longer being a Restricted Subsidiary, so long as (1) such Subsidiary Guarantor is simultaneously released from its obligations in respect of any of the Company's other Indebtedness or any Indebtedness of any other Restricted Subsidiary and (2) the proceeds from such sale or disposition are used for the purposes permitted or required by the Indenture; or
- in the case of a Subsidiary Guarantor that becomes a New Non-Guarantor Restricted Subsidiary, in compliance with the terms of the Indenture.

As of the date of the Indenture, all of the Company's Subsidiaries, except Bright Start Group Limited, Top Favor Holdings Limited, Golden Favor Investments Limited, Pure Smart Enterprises Limited, Country Garden Properties (Malaysia) Sdn Bhd, Vibrant Corridor Sdn Bhd, Mayland Venue Sdn Bhd, Country Garden Real Estate Sdn Bhd, Country Garden Danga Bay Sdn Bhd, Country Garden (S) Pte. Ltd, Great Favor Holdings Limited, Country Garden Australia Pty Ltd, Country Garden Landscape Sdn. Bhd., BGY North Ryde Pty Ltd, Damai Binajaya Sdn. Bhd., Country Garden Waterfront Sdn. Bhd., Country Garden Pacificview Sdn. Bhd., Suntide Holdings Limited, Silver Dawn Holdings Limited, Sky Global International Development Limited, World Target International Development Limited, Gold Treasure International Development Limited, Yield Limited, Dongguan River Bank Garden Property Development Co., Ltd, PT. Country Garden Indonesia, Country Garden (Canada) Corporation, 675654 N.B. Inc., 675656 N.B. Inc., 675657 N.B. Inc., AG Consultant Pty Ltd, Giant Leap Construction Sdn Bhd, Country Garden Commercial Management Sdn. Bhd. (formerly known as Country Garden Seaview Sdn Bhd), CGPV Industrial Building System Sdn. Bhd. (formerly known as Country Garden Waterview Sdn Bhd, Giant Light M&E Engineering Sdn Bhd, Teng Yue Overseas Construction Sdn Bhd, Green Prospect Investments Limited, Excel Group Developments Limited, BGY Australia Holdings Pty Ltd, BGY US Real Estate, LLC, Azure Sea International Limited, Beauty Humble Limited, Great Stride Investments Limited, Harbour Ease Limited, Power Great Enterprises Limited, Scenic Reserve Limited, Tin Spring Limited, Top Speed Enterprises Limited, View Glory Enterprises Limited, Ascent Win Limited, Credit Source Limited, Grace Will Holdings Limited, New Prime Investments Limited, Winning Billion Limited, Qianhai Country Garden Huijin Investment Consulting (Shenzhen Co., Ltd, Qianhai Country Garden Fuxin Investment Consulting (Shenzhen) Co., Ltd, Country Garden St Leonards No.1 Pty Ltd, Country Garden St Leonards No.2 Pty Ltd, Country Garden St Leonards Pty Ltd, Country Garden Forest City Phoenix Hotel Sdn Bhd (formerly known as Country Garden Hotel Management Sdn Bhd), Transcend Commercial Management Sdn Bhd, Genesis Commercial Management Sdn Bhd, Forest City Branding Sdn Bhd, Country Garden Logistics Sdn Bhd, Country Garden Finance Holdings and Great Sino Development Limited will be "Restricted Subsidiaries." However, under the circumstances described below under the caption "—Certain covenants—Designation of Restricted and Unrestricted Subsidiaries," the Company will be permitted to designate certain of its Subsidiaries as "Unrestricted Subsidiaries." The Company's Unrestricted Subsidiaries will generally not be subject to the restrictive covenants in the Indenture. The Company's Unrestricted Subsidiaries will not Guarantee the Notes.

No release of a Subsidiary Guarantor from its Subsidiary Guarantee shall be effective against the Trustee or the Holders until the Company has delivered to the Trustee an Officers' Certificate stating that all requirements under the Indenture relating to such release have been complied with and that such release is authorized and permitted by the Indenture.

# Security

The Company has pledged, or caused the initial Subsidiary Guarantor Pledgors to pledge, as the case may be, the Capital Stock of all of the initial Subsidiary Guarantors (the "Collateral") on a first priority basis to The Bank of New York Mellon as collateral agent (for the benefit of the 2019 Private Notes Trustee, the 2019 Trustee, the 2020 Trustee, the 2021 Trustee, the 2023 Trustee and each holder of pari passu secured indebtedness permitted under, the 2019 Private Notes Indenture, the 2019 Indenture, the 2020 Indenture, the 2021 Indenture and the 2023 Indenture) in order to secure the obligations of the Company and the Subsidiary Guarantor Pledgors under the 2019 Private Notes Indenture, the 2019 Indenture, the 2020 Indenture, the 2021 Indenture and the 2023 Indenture.

On the Original Issue Date, the Collateral will secure on a pari passu basis the obligations of the Company under, (i) the 2019 Private Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2019 Private Notes Indenture, (ii) the 2019 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2019 Indenture (iii) the 2020 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2020 Indenture, (iv) the 2021 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2021 Indenture, (v) the 2023 Notes and the subsidiary guarantees provided by the Subsidiary Guarantor Pledgors under the 2023 Indenture and (vi) the Notes and the Subsidiary Guarantees provided by the Subsidiary Guarantor Pledgors under the Indenture. See "—Intercreditor Agreement."

The initial Subsidiary Guarantor Pledgors are Smart World Development Holdings Ltd, Infiniti Holdings Development Limited, Wise Fame Group Ltd., Falcon Investments Development Ltd., and Impreza Group Limited.

None of the Capital Stock of the Non-Guarantor Subsidiaries will be pledged on the Original Issue Date or at any time in the future. In addition, none of the Capital Stock of any future Restricted Subsidiary that may be organized under the laws of the PRC will be pledged at any time in the future.

The Company has also agreed, for the benefit of the holders of the Notes, to pledge, or cause each Subsidiary Guarantor to pledge, the Capital Stock owned directly by the Company or such

Subsidiary Guarantor of any Person that becomes a Restricted Subsidiary (other than Persons organized under the laws of the PRC and other Non-Guarantor Subsidiaries) after the Original Issue Date, within 30 days after such Person has become a Restricted Subsidiary or (in the case of an Exempted Subsidiary) has ceased to be an Exempted Subsidiary, to secure (subject to Permitted Liens and the Intercreditor Agreement) the obligations of the Company under the Notes and the Indenture, and of such Subsidiary Guarantor under its Subsidiary Guarantee, in the manner described above.

Each Subsidiary Guarantor that pledges capital stock of a Restricted Subsidiary after the Original Issue Date is referred to as a "Future Subsidiary Guarantor Pledgor" and, upon giving such pledge, will be a "Subsidiary Guarantor Pledgor."

No appraisals of the Collateral have been prepared in connection with this offering of the Notes. There can be no assurance that the proceeds of any sale of the Collateral, in whole or in part, pursuant to the Intercreditor Agreement and the Security Documents following an Event of Default, would be sufficient to satisfy amounts due on the Notes, the Subsidiary Guarantees of the Subsidiary Guarantor Pledgors or other Secured Obligations. By its nature, some or all of the Collateral will be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral would be sold in a timely manner or at all.

So long as no Payment Default has occurred and is continuing, and subject to the terms of the Security Documents and the Indenture, the Company and the Subsidiary Guarantor Pledgors, as the case may be, will be entitled to exercise any and all voting rights and to receive, retain and use any and all cash dividends, stock dividends, liquidating dividends, non-cash dividends, shares or stock resulting from stock splits or reclassifications, rights issues, warrants, options and other distributions (whether similar or dissimilar to the foregoing) in respect of Capital Stock constituting Collateral.

### Permitted Pari Passu Secured Indebtedness

On or after the Original Issue Date and subject to the Indenture, the Company and each Subsidiary Guarantor Pledgor may create Liens on the Collateral pari passu with the Lien for the benefit of the Holders to secure Indebtedness of the Company (including Additional Notes) or any Subsidiary Guarantor and any Pari Passu Subsidiary Guarantee of a Subsidiary Guarantor Pledgor with respect to such Indebtedness (such Indebtedness of the Company or any Subsidiary Guarantor and any such Pari Passu Subsidiary Guarantee, "Permitted Pari Passu Secured Indebtedness"); provided that (1) the Company or such Subsidiary Guarantor was permitted to Incur such Indebtedness under the covenant under the caption "-Limitation on Indebtedness and Preferred Stock," (2) the holders of such Indebtedness (other than Additional Notes) (or their representative, trustee or agent) become party to the Intercreditor Agreement referred to below; (3) the agreement in respect of such Indebtedness contains provisions with respect to releases of Collateral and such Pari Passu Subsidiary Guarantee that are substantially similar to and no more restrictive on the Company and such Subsidiary Guarantor Pledgor than the provisions of the Indenture and the Security Documents; and (4) the Company and such Subsidiary Guarantor Pledgor deliver to the Trustee an Opinion of Counsel and Officers' Certificate with respect to compliance with the conditions stated immediately above and other corporate and collateral matters in connection with the Security Documents, in form and substance as set forth in the Security Documents. The Trustee will be permitted and authorized, without the consent of any Holder, to enter into any amendments to the Security Documents, the Indenture or the Intercreditor Agreement and take any other action necessary to permit the creation and registration of Liens on the Collateral to secure Permitted Pari Passu Secured Indebtedness in accordance with this paragraph (including, without limitation, the appointment of any collateral agent under the Intercreditor Agreement referred to below to hold the Collateral on behalf of the Holders and the holders of Permitted Pari Passu Secured Indebtedness).

Except for certain Permitted Liens and the Permitted Pari Passu Secured Indebtedness, the Company and its Restricted Subsidiaries will not be permitted to issue or Incur any other Indebtedness secured by all or any portion of the Collateral without the consent of each Holder of the Notes then outstanding.

# Intercreditor Agreement

The Company, and The Bank of New York Mellon solely in its capacity as collateral agent and intercreditor agent (in each case referred to herein as the "Intercreditor/Collateral Agent"), among others, are party to an intercreditor agreement dated September 10, 2009. The intercreditor agreement has been amended and supplemented by supplemental intercreditor agreements on September 23, 2009, April 22, 2010, August 11, 2010, February 23, 2011, January 10, 2013, October 4, 2013, May 27, 2014, June 5, 2014, December 17, 2014, December 18, 2014 and March 9, 2015 (the intercreditor agreement as amended and supplemented, the "Existing Intercreditor Agreement") and the following parties have acceded to the intercreditor agreement: the trustee on behalf of the holders of the 11.750% Senior Notes due 2014 (which have been fully redeemed), the trustee on behalf of the holders of the 11.250% Senior Notes due 2017 (which have been fully redeemed), the trustee on behalf of the hodlers of the 10.500% Senior Notes due 2015 (which have been fully redeemed), the trustee on behalf of the holders of the 11.125% Senior Notes due 2018 Notes (which have been fully redeemed), the 2023 Trustee on behalf of the holders of the 2023 Notes, the 2021 Trustee on behalf of the holders of the 2021 Notes, the 2020 Trustee on behalf of the holders of the 2020 Notes, the 2019 Trustee on behalf of the holders of the 2019 Notes, the 2019 Private Notes Trustee on behalf of the holders of the 2019 Private Notes, the 2014 Facility Agent on behalf of the lenders of the 2014 Club Loan, the 2015 Facility Agent on behalf of the lenders of the 2015 Club Loan and Goldman Sachs International as beneficiary of the GS Hedging Obligations under the ISDA Agreement. On or prior to the Original Issue Date, the Trustee on behalf of the holders of the Notes will enter into a supplement to the Existing Intercreditor Agreement with the parties to the Existing Intercreditor Agreement to supplement and amend the Existing Intercreditor Agreement (the Existing Intercreditor Agreement as supplemented and amended from time to time pursuant to the terms thereof is herein referred to as the "Intercreditor Agreement").

Under the Intercreditor Agreement, the 2019 Private Notes Trustee on behalf of the holders of the 2019 Private Notes, the 2019 Trustee on behalf of the holders of the 2020 Trustee on behalf of the holders of the 2020 Trustee on behalf of the holders of the 2021 Notes, the 2023 Trustee on behalf of the holders of the 2021 Notes, the 2023 Trustee on behalf of the lenders of the 2014 Club Loan, the 2015 Facility Agent on behalf of the lenders of the 2014 Club Loan, the 2015 Facility Agent on behalf of the lenders of the 2015 Club Loan, Goldman Sachs International as beneficiary of the GS Hedging Obligations under the ISDA Agreement and the Trustee on behalf of the holders of the Notes (collectively with each holder (or its trustee or representative) of pari passu secured indebtedness permitted under the 2019 Private Notes Indenture, the 2019 Indenture, the 2020 Indenture, the 2021 Indenture, the 2023 Indenture, the 2014 Club Loan, the 2015 Club Loan and the GS Hedging Obligations who becomes a party to the Intercreditor Agreement pursuant to the terms thereof, the "Secured Parties") will have appointed The Bank of New York Mellon to act as the Intercreditor/Collateral Agent with respect to the Collateral securing the obligations under the 2019 Private Notes Indenture, the 2019 Indenture, the 2021 Indenture, the 2021 Indenture, the 2021 Indenture, the 2023 Indenture, the 2014 Club Loan, the 2015 Club Loan, the GS Hedging Obligations and the Indenture (collectively, the "Secured Obligations"), to

exercise remedies in respect thereof upon the occurrence of an event of default under the Secured Obligations and to act as specified in the Intercreditor Agreement.

The Intercreditor Agreement will provide, among other things, that (1) the parties thereto shall share equal priority and pro rata entitlement in and to the Collateral, (2) the conditions under which the parties thereto will consent to the release of such Collateral, and (3) the conditions under which the parties thereto will enforce their rights with respect to such Collateral and the Indebtedness secured thereby.

## **Enforcement of security**

The Intercreditor/Collateral Agent has agreed to act as secured party on behalf of the Secured Parties to follow the instructions provided to it under the Intercreditor Agreement and to carry out certain other duties.

The Intercreditor Agreement will provide, among other things, that each of the Secured Parties may direct the Intercreditor/Collateral Agent to initiate enforcement against the Collateral secured for the benefit of such Secured Party after notice to the other Secured Parties. In the event that the Secured Parties have not agreed to initiate enforcement, then, twenty business days after the non-enforcing parties shall have been notified of the intent to initiate enforcement against any of the Collateral, the enforcing party may direct the Intercreditor/ Collateral Agent to commence enforcement proceedings in accordance with the terms of the Secured Obligations; provided that all direction with respect to the further timing and manner of such exercise following such commencement shall be given by the Secured Parties.

The Intercreditor Agreement will provide that all payments received and all amounts held by the Intercreditor/Collateral Agent in respect of the Collateral will be applied as follows:

first, to the ratable payment of the expenses of such sale or other realization, including but not limited to compensation to the Intercreditor/Collateral Agent and all expenses, liabilities and advances incurred or made by the secured parties in connection therewith, and any other unreimbursed expenses for which such parties are to be reimbursed pursuant to the secured party documents, and to the ratable payment of any other unreimbursed expenses for which a Secured Party is to be reimbursed pursuant to the secured party documents;

second, to the ratable payment of accrued but unpaid interest on the Secured Obligations;

third, to the ratable payment of unpaid principal of the Secured Obligations;

fourth, to any make-whole premium or any other premium payable pursuant to the secured party documents;

fifth, to the ratable payment of all other Secured Obligations, until all Secured Obligations shall have been paid in full; and

finally, any surplus remaining after such payments to the Company or the Subsidiary Guarantor Pledgors or their successors or assigns, or to whomever may be lawfully entitled thereto.

# Release of security

At any time and from time to time, the Intercreditor/Collateral Agent shall release the Collateral with the prior written consent of the Secured Parties and in accordance with the provisions of the Intercreditor Agreement.

Subject to the provisions of the Intercreditor Agreement, the security created in respect of the Collateral granted under the Security Documents may be released in certain circumstances, including:

- upon repayment in full of the Notes;
- upon defeasance and discharge of the Notes as provided below under the caption "—Defeasance—Defeasance and discharge;"
- upon dispositions of such Collateral in compliance with the covenants under the captions "—Limitation on sales and issuances of Capital Stock in Restricted Subsidiaries" or "—Limitation on Asset Sales" or in accordance with the provision under the caption "—Consolidation, merger and sale of assets;"
- with respect to security granted by a Subsidiary Guarantor Pledgor, upon the release of the Subsidiary Guarantee of such Subsidiary Guarantor Pledgor in accordance with the terms of the Indenture;
- with respect to security granted by any Subsidiary Guarantor and security over the Capital Stock of any Subsidiary Guarantor, upon such Subsidiary Guarantor becoming a New Non-Guarantor Restricted Subsidiary;
- with respect to any security over any Capital Stock of any Subsidiary Guarantor, upon the release of the Subsidiary Guarantee of such Subsidiary Guarantor; and
- with respect to any pledge over any Capital Stock of any Subsidiary Guarantor, upon the designation by the Company of such Subsidiary Guarantor as an Unrestricted Subsidiary, and in accordance with the terms of the Indenture.

# **Further issues**

Subject to the covenants described below, the Company may, from time to time, without notice to or the consent of the Holders, create and issue Additional Notes having the same terms and conditions as the Notes (including the benefit of the Subsidiary Guarantees) in all respects (or in all respects except for the issue date, issue price and the first payment of interest on them and, to the extent necessary, certain temporary securities law transfer restrictions) (a "Further Issue") so that such Additional Notes may be consolidated and form a single class with the previously outstanding Notes and vote together as one class on all matters with respect to the Notes; provided that the issuance of any such Additional Notes shall then be permitted under "Limitation on Indebtedness and Preferred Stock" covenant described below and the other provisions of the Indenture.

# **Optional redemption**

At any time and from time to time on or after September 28, 2020 the Company may redeem the Notes, in whole or in part, at a redemption price equal to the percentage of principal amount set forth below plus accrued and unpaid interest to (but not including) the redemption date if redeemed during the twelve month period beginning on September 28 of each of the years indicated below.

| Period | <b>Redemption Price</b> |
|--------|-------------------------|
| 2020   | 102.3750%               |
| 2021   | 101.1875%               |
| 2022   | 100.0000%               |

At any time prior to September 28, 2020, the Company may at its option redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to (but not including) the redemption date. The Company will give not less than 30 days' nor more than 60 days' notice of any redemption. Neither the Trustee nor any of the Agents will be responsible for verifying or calculating the Applicable Premium.

At any time and from time to time prior to September 28, 2020 the Company may redeem up to 35% of the aggregate principal amount of the Notes with the Net Cash Proceeds of one or more sales of Common Stock of the Company in an Equity Offering at a redemption price of 104.75% of the principal amount of the Notes redeemed, plus accrued and unpaid interest, if any, to (but not including) the redemption date; provided that at least 65% of the aggregate principal amount of the Notes originally issued on the Original Issue Date remains outstanding after each such redemption and any such redemption takes place within 60 days after the closing of the related Equity Offering.

The Company will give not less than 30 days' nor more than 60 days' notice of any redemption. If less than all of the Notes are to be redeemed at any time, the Trustee will select Notes for redemption as follows:

- (1) if the Notes are listed on any recognized securities exchange or are held through a clearing system, in compliance with the requirements of the principal recognized securities exchange on which the Notes are listed (if any) or the requirements of the clearing system; or
- (2) if the Notes are not listed on any recognized securities exchange, on a pro rata basis.

A Note of US\$200,000 in principal amount or less shall not be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such Note will state the portion of the principal amount to be redeemed. A new Note in principal amount equal to the unredeemed portion will be issued upon cancellation of the original Note. On and after the redemption date, interest will cease to accrue on Notes or portions of them called for redemption.

# Repurchase of Notes upon a Change of Control Triggering Event

Not later than 30 days following a Change of Control Triggering Event, the Company will make an Offer to Purchase all outstanding Notes (a "Change of Control Offer") at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to (but not including) the Offer to Purchase Payment Date.

The Company has agreed in the Indenture that it will in a timely manner repay all Indebtedness or obtain consents as necessary under, or terminate, agreements or instruments that would otherwise prohibit a Change of Control Offer required to be made pursuant to the Indenture. Notwithstanding this agreement of the Company, it is important to note that if the Company is unable to repay (or cause to be repaid) all of the Indebtedness, if any, that would prohibit the repurchase of the Notes or is unable to obtain the requisite consents of the holders of such Indebtedness, or terminate any agreements or instruments that would otherwise prohibit a Change of Control Offer, it would continue to be prohibited from purchasing the Notes. In that case, the Company's failure to purchase tendered Notes would constitute an Event of Default under the Indenture.

Certain of the events constituting a Change of Control Triggering Event under the Notes will also constitute an event of default under certain debt instruments of the Company and its Subsidiaries. Future debt of the Company may also (1) prohibit the Company from purchasing Notes in the event of a Change of Control Triggering Event; (2) provide that a Change of Control Triggering Event is a default; or (3) require repurchase of such debt upon a Change of Control Triggering Event. Moreover, the exercise by the Holders of their right to require the Company to purchase the Notes could cause a default under other Indebtedness, even if the Change of Control Triggering Event itself does not, due to the financial effect of the purchase on the Company. The Company's ability to pay cash to the Holders following the occurrence of a Change of Control Triggering Event may be limited by the Company's and the Subsidiary Guarantors' then-existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make the required purchase of the Notes. See "Risk Factors—Risks relating to the Notes—We may not be able to repurchase the 2023 Notes, the 2021 Notes, the 2019 Notes, the Private Notes, the 2020 Notes or the Notes upon a change of control triggering event."

The definition of Change of Control includes a phrase relating to the sale of "all or substantially all" the assets of the Company. Although there is a limited body of case law interpreting the phrase "substantially all," no precise definition of the phrase has been established. Accordingly, the ability of a Holder of Notes to require the Company to repurchase such Holder's Notes as a result of a sale of less than all the assets of the Company to another person or group is uncertain and will be dependent upon particular facts and circumstances.

Notwithstanding the above, the Company will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes the Change of Control Offer in the same manner at the same time and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

Except as described above with respect to a Change of Control Triggering Event, the Indenture does not contain provisions that permit the Holders to require that the Company purchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Trustee shall not be required to take any steps to ascertain whether a Change of Control Triggering Event has occurred or may occur, and shall be entitled to assume that no such event has occurred until it has received written notice to the contrary from the Company. The Trustee shall not be required to take any steps to ascertain whether the condition for the exercise of the rights herein has occurred. The Trustee shall not be responsible for determining or verifying whether a Note is to be accepted for redemption and will not be responsible to the Holders for any loss arising from any failure by it to do so. The Trustee shall not be under any duty to determine, calculate or verify the redemption amount payable hereunder and will not be responsible to the Holders for any loss arising from any failure by it to do so.

# No mandatory redemption or sinking fund

There will be no mandatory redemption or sinking fund payments for the Notes.

## Additional amounts

All payments of principal of, and premium (if any) and interest on the Notes or under the Subsidiary Guarantees will be made without withholding or deduction for, or on account of, any

present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or within any jurisdiction in which the Company, a Surviving Person (as defined under the caption "—Consolidation, merger and sale of assets") or an applicable Subsidiary Guarantor is organized or resident for tax purposes or which is imposing such withholding or deduction because of a connection between the Company, the Surviving Person or the Subsidiary Guarantor and such jurisdiction (or any political subdivision or taxing authority thereof or therein) (each, as applicable, a "Relevant Jurisdiction"), unless such withholding or deduction is required by law or by regulation or governmental policy having the force of law. In the event that any such withholding or deduction is so required, the Company, a Surviving Person or the applicable Subsidiary Guarantor, as the case may be, will pay such additional amounts ("Additional Amounts") as will result in receipt by the Holder of each Note or the Subsidiary Guarantees, as the case may be, of such amounts as would have been received by such Holder had no such withholding or deduction been required, except that no Additional Amounts shall be payable:

## (1) for or on account of:

- (a) any tax, duty, assessment or other governmental charge that would not have been imposed but for:
  - (i) the existence of any present or former connection between the Holder or beneficial owner of such Note, and the Relevant Jurisdiction other than merely holding such Note or the receipt of payments thereunder or under a Subsidiary Guarantee, including, without limitation, such Holder or beneficial owner being or having been a national, domiciliary or resident of such Relevant Jurisdiction or treated as a resident thereof or being or having been physically present or engaged in a trade or business therein or having or having had a permanent establishment therein;
  - (ii) the presentation of such Note (in cases in which presentation is required) more than 30 days after the later of the date on which the payment of the principal of, premium, if any, and interest on, such Note became due and payable pursuant to the terms thereof or was made or duly provided for, except to the extent that the Holder thereof would have been entitled to such Additional Amounts if it had presented such Note for payment on any date within such 30-day period;
  - (iii) the failure of the Holder or beneficial owner to comply with a timely request of the Company, a Surviving Person or any Subsidiary Guarantor addressed to the Holder or beneficial owner, as the case may be, to provide information concerning such Holder's or beneficial owner's nationality, residence, identity or connection with any Relevant Jurisdiction, if and to the extent that due and timely compliance with such request would have reduced or eliminated any withholding or deduction as to which Additional Amounts would have otherwise been payable to such Holder;
  - (iv) the presentation of such Note (in cases in which presentation is required) for payment in the Relevant Jurisdiction, unless such Note could not have been presented for payment elsewhere;

- (b) any estate, inheritance, gift, sale, transfer, personal property or similar tax, assessment or other governmental charge;
- (c) any tax, assessment, withholding or deduction required by sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended ("FATCA"), any current or future Treasury Regulations or rulings promulgated thereunder, any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA, any intergovernmental agreement between the United States and any other jurisdiction to implement FATCA, or any agreement with the U.S. Internal Revenue Service under FATCA; or
- (d) any combination of taxes, duties, assessments or other governmental charges referred to in the preceding clauses (a), (b) and (c); or
- (2) to a Holder that is a fiduciary, partnership or person other than the sole beneficial owner of any payment to the extent that such payment would be required to be included in the income under the laws of a Relevant Jurisdiction, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, or a member of that partnership or a beneficial owner who would not have been entitled to such Additional Amounts had that beneficiary, settlor, partner or beneficial owner been the Holder thereof.

Whenever there is mentioned in any context the payment of principal of, and any premium or interest on, any Note or under any Subsidiary Guarantee, such mention shall be deemed to include payment of Additional Amounts provided for in the Indenture to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

# **Redemption for taxation reasons**

The Notes may be redeemed, at the option of the Company or a Surviving Person with respect to the Company, as a whole but not in part, upon giving not less than 30 days' nor more than 60 days' notice to the Holders and upon reasonable written notice in advance of such notice to Holders to the Trustee and the Paying Agent (which notice shall be irrevocable), at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest (including any Additional Amounts), if any, to the date fixed by the Company or the Surviving Person, as the case may be, for redemption (the "Tax Redemption Date") if, as a result of:

- (1) any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of a Relevant Jurisdiction affecting taxation; or
- (2) any change in the existing official position or the stating of an official position regarding the application or interpretation of such laws, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction),

which change or amendment becomes effective (i) with respect to the Company or any initial Subsidiary Guarantor, on or after the Original Issue Date, or (ii) with respect to any Future Subsidiary Guarantor or Surviving Person, on or after the date such Future Subsidiary Guarantor or Surviving Person becomes a Future Subsidiary Guarantor or Surviving Person, with respect to any payment due or to become due under the Notes or the Indenture, the Company, a Surviving Person or a Subsidiary Guarantor, as the case may be, is, or on the next Interest Payment Date would be, required to pay Additional Amounts, and such requirement cannot be avoided by the taking of reasonable measures by the Company, a Surviving Person or a Subsidiary Guarantor, as

the case may be; provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Company, a Surviving Person or a Subsidiary Guarantor, as the case may be, would be obligated to pay such Additional Amounts if a payment in respect of the Notes were then due.

Prior to the mailing of any notice of redemption of the Notes pursuant to the foregoing, the Company, a Surviving Person or a Subsidiary Guarantor, as the case may be, will deliver to the Trustee at least 30 days but not more than 60 days before a redemption date:

- (1) an Officers' Certificate stating that such change or amendment referred to in the prior paragraph has occurred, describing the facts related thereto and stating that such requirement cannot be avoided by the Company, a Surviving Person or a Subsidiary Guarantor, as the case may be, taking reasonable measures available to it; and
- (2) an Opinion of Counsel or an opinion of a tax consultant, in either case of recognized standing with respect to tax matters of the Relevant Jurisdiction, stating that the requirement to pay such Additional Amounts results from such change or amendment referred to in the prior paragraph.

The Trustee shall accept such certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above without further verification, in which event it shall be conclusive and binding on the Holders.

Any Notes that are redeemed will be cancelled.

## **Certain covenants**

Set forth below are summaries of certain covenants contained in the Indenture.

# Limitation on Indebtedness and Preferred Stock

- (1) The Company will not, and will not permit any Restricted Subsidiary to, Incur any Indebtedness (including Acquired Indebtedness), provided that the Company and any Subsidiary Guarantor may Incur Indebtedness (including Acquired Indebtedness) and any Restricted Subsidiary (other than a Subsidiary Guarantor) may Incur Permitted Subsidiary Indebtedness if, after giving effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds therefrom, (x) no Default has occurred and is continuing and (y) the Fixed Charge Coverage Ratio would be not less than 2.75 to 1.0. Notwithstanding the foregoing, the Company will not permit any Restricted Subsidiary (other than a Subsidiary Guarantor) to Incur any Disqualified Stock or Preferred Stock (other than Disqualified Stock or Preferred Stock of Restricted Subsidiaries held by the Company or a Subsidiary Guarantor, so long as it is so held).
- (2) Notwithstanding the foregoing, the Company and, to the extent provided below, any Restricted Subsidiary may Incur each and all of the following ("Permitted Indebtedness"):
  - (a) Indebtedness under the Notes (excluding any Additional Notes and any Permitted Pari Passu Secured Indebtedness of the Company) and each Subsidiary Guarantee;
  - (b) any Pari Passu Subsidiary Guarantees by any Subsidiary Guarantor;
  - (c) Indebtedness of the Company or any Restricted Subsidiary outstanding on the Original Issue Date excluding Indebtedness permitted under clause (d); provided

that such Indebtedness of Restricted Subsidiaries (other than Subsidiary Guarantors) shall be included in the calculation of Permitted Subsidiary Indebtedness (other than any such Indebtedness described in clauses (a) and (b) above and clauses (d), (f), (g) and (m) below);

- (d) Indebtedness of the Company or Indebtedness or Preferred Stock of any Restricted Subsidiary owed to or held by the Company or any Restricted Subsidiary; provided that (i) any event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any subsequent transfer of such Indebtedness or Preferred Stock (other than to the Company or any Restricted Subsidiary) shall be deemed, in each case, to constitute an Incurrence of such Indebtedness not permitted by this sub-clause (d) and (ii) if the Company or any Subsidiary Guarantor is the obligor and neither the Company nor any Subsidiary Guarantors is an obligee on such Indebtedness, such Indebtedness must be unsecured and be expressly subordinated in right of payment to the Notes, in the case of the Company, or the Subsidiary Guarantee of such Subsidiary Guarantor, in the case of a Subsidiary Guarantor;
- (e) Indebtedness ("Permitted Refinancing Indebtedness") of the Company or any Restricted Subsidiary issued in exchange for, or the net proceeds of which are used to refinance or refund, replace, exchange, renew, repay, defease, discharge or extend (collectively, "refinance" and "refinances" and "refinanced" shall have correlative meanings), then outstanding Indebtedness (or Indebtedness that is no longer outstanding but that is refinanced substantially concurrently with the Incurrence of such Permitted Refinancing Indebtedness) Incurred under the immediately preceding paragraph (1) or clauses (a), (b), (c), (h), (o), (q), (r), (s), (t), (u), (v), or (x) of this paragraph (2) and any refinancings thereof in an amount not to exceed the amount so refinanced (plus premiums, accrued interest, fees and expenses); provided that (i) Indebtedness the proceeds of which are used to refinance the Notes or Indebtedness that is pari passu with, or subordinated in right of payment to, the Notes or a Subsidiary Guarantee shall only be permitted under this clause (e) if (A) in case the Notes are refinanced in part or the Indebtedness to be refinanced is pari passu with the Notes or a Subsidiary Guarantee, such new Indebtedness, by its terms or by the terms of any agreement or instrument pursuant to which such new Indebtedness is outstanding, is expressly made pari passu with, or subordinate in right of payment to, the remaining Notes or such Subsidiary Guarantee, or (B) in case the Indebtedness to be refinanced is subordinated in right of payment to the Notes or a Subsidiary Guarantee, such new Indebtedness, by its terms or by the terms of any agreement or instrument pursuant to which such new Indebtedness is issued or remains outstanding, is expressly made subordinate in right of payment to the Notes or such Subsidiary Guarantee at least to the extent that the Indebtedness to be refinanced is subordinated to the Notes or such Subsidiary Guarantee, (ii) such new Indebtedness, determined as of the date of Incurrence of such new Indebtedness, does not mature prior to the Stated Maturity of the Indebtedness to be refinanced, and the Average Life of such new Indebtedness is at least equal to the remaining Average Life of the Indebtedness to be refinanced and (iii) in no event may Indebtedness of the Company or any Subsidiary Guarantor be refinanced pursuant to this clause by means of any Indebtedness of any Restricted Subsidiary that is not a Subsidiary Guarantor;

- (f) Indebtedness Incurred by the Company or any Restricted Subsidiary pursuant to Hedging Obligations designed to reduce or manage the exposure of the Company or any of its Restricted Subsidiaries from fluctuations in interest rates, currencies or the price of commodities;
- (g) Pre-Registration Mortgage Guarantees by the Company or any Restricted Subsidiary;
- (h) Indebtedness Incurred by the Company or any Restricted Subsidiary for the purpose of financing (x) all or any part of the purchase price of assets, real or personal property (including the lease purchase price of land use rights) or equipment to be used in the ordinary course of business by the Company or a Restricted Subsidiary, including any such purchase through the acquisition of Capital Stock of any Person that owns such real or personal property or equipment which will, upon acquisition, become a Restricted Subsidiary, or (y) all or any part of the purchase price or the cost of development, construction or improvement of real or personal property (including the lease purchase price of land use rights) or equipment to be used in the ordinary course of business by the Company or a Restricted Subsidiary; provided that in the case of clauses (x) and (y), (A) the aggregate principal amount of such Indebtedness shall not exceed such purchase price or cost, (B) such Indebtedness shall be Incurred no later than 180 days after the acquisition of such property or completion of such development, construction or improvement and (C) on the date of the Incurrence of such Indebtedness and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (h) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (h) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (p), (q), (r), (s), (t), (u), (v) or (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;
- (i) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting reimbursement obligations with respect to workers' compensation claims or self-insurance obligations or bid, performance or surety bonds (in each case other than for an obligation for borrowed money);
- (j) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting reimbursement obligations with respect to letters of credit, trade guarantees or similar instruments issued in the ordinary course of business to the extent that such letters of credit, trade guarantees or similar instruments are not drawn upon or, if drawn upon, to the extent such drawing is reimbursed no later than the 30 days following receipt by the Company or such Restricted Subsidiary of a demand for reimbursement;
- (k) Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or from Guarantees or letters

of credit, surety bonds or performance bonds securing any obligation of the Company or any Restricted Subsidiary pursuant to such agreements, in any case, Incurred in connection with the disposition of any business, assets or Restricted Subsidiary, other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Restricted Subsidiary for the purpose of financing such acquisition; provided that the maximum aggregate liability in respect of all such Indebtedness in the nature of such Guarantee shall at no time exceed the gross proceeds actually received from the sale of such business, assets or Restricted Subsidiary;

- (I) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business provided, however, that such Indebtedness is extinguished within five Business Days of Incurrence;
- (m) Guarantees by the Company or any Restricted Subsidiary of Indebtedness of the Company or any Restricted Subsidiary that was permitted to be Incurred by another provision of this covenant, subject to the covenant under the caption "—Limitation on Issuances of Guarantees by Restricted Subsidiaries";
- (n) Indebtedness of the Company or any Restricted Subsidiary with a maturity of one year or less used by the Company or any Restricted Subsidiary for working capital; provided that the aggregate principal amount of Indebtedness permitted by this clause (n) at any time outstanding does not exceed US\$50.0 million (or the Dollar Equivalent thereof);
- (o) Indebtedness of the Company or any Restricted Subsidiary in an aggregate principal amount outstanding at any time (together with refinancings thereof) not to exceed US\$15.0 million (or the Dollar Equivalent thereof);
- (p) Indebtedness of the Company or any Restricted Subsidiary arising from Guarantees of Indebtedness of the Joint Venture or any of its Subsidiaries in an aggregate outstanding amount not to exceed RMB1.70 billion, provided that on the date of Incurrence of the relevant Indebtedness by the Joint Venture or its Subsidiaries and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (p) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (p) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (h) above or clause (q), (r), (s), (t), (u), (v) or (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;
- (q) Indebtedness Incurred or Preferred Stock issued by the Company or any Restricted Subsidiary arising from any Investment made by a Financial Company Investor in a Restricted Subsidiary; provided that on the date of the Incurrence of

such Indebtedness or issuance of Preferred Stock and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (q) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (q) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (h) or (p) above or clause (r), (s), (t), (u), (v) or (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;

- (r) Bank Deposit Secured Indebtedness Incurred by the Company or any of its Restricted Subsidiaries, provided that on the date of Incurrence of such Indebtedness and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (r) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (r) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (h), (p) or (q) above or clause (s), (t), (u), (v) or (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;
- (s) Indebtedness of the Company or any Restricted Subsidiary constituting an obligation to pay the deferred purchase price of Capital Stock of a Person pursuant to a Minority Interest Staged Acquisition Agreement, to the extent that such deferred purchase price is paid within 12 months after the date the Company or such Restricted Subsidiary enters into such Minority Interest Staged Acquisition Agreement; provided that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (s) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (s) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (h), (p), (q) or (r) above or clause (t), (u), (v) or (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;
- (t) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting a Guarantee of Indebtedness of any Person (other than a Restricted

Subsidiary or an individual or natural person) by the Company or such Restricted Subsidiary; provided that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (t) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (t) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (h), (p), (q), (r) or (s) above or clause (u), (v) or (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;

- (u) Acquired Indebtedness of any Person Incurred and outstanding on the date on which such Person becomes a Restricted Subsidiary (other than Indebtedness Incurred (i) to provide all or any portion of the funds utilized to consummate the transaction or series of transactions pursuant to which a Person becomes a Restricted Subsidiary or (ii) otherwise in contemplation of a Person becoming a Restricted Subsidiary or any such acquisition); provided that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (u) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (u) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (h), (p), (q), (r), (s) or (t) above or clause (v) or (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;
- (v) Indebtedness Incurred by the Company or any Restricted Subsidiary which is secured by Investment Properties or fixed assets, and Guarantees thereof by the Company or any such Restricted Subsidiary; provided that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (v) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (v) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to clause (h), (p), (q), (r), (s), (t) or (u) above or clause (w) below (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under any of such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets;

- (w) Unrestricted Subsidiary Pre-Registration Mortgage Guarantees by the Company or any Restricted Subsidiary; provided that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the sum of (1) the aggregate outstanding principal amount of all Indebtedness Incurred under this clause (w) (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under this clause (w) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) plus (2) the aggregate principal amount outstanding of all Indebtedness Incurred pursuant to sub-clauses (h), (p), (q), (r), (s), (t), (u) and (v) above (together with refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred such clauses to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 30% of Total Assets; and
- (x) Indebtedness of the Company or any Restricted Subsidiary constituting an obligation to pay the deferred purchase price of Capital Stock of a Person pursuant to a Staged Acquisition Agreement, to the extent that such deferred purchase price is paid within 12 months after the date the Company or such Restricted Subsidiary enters into such Staged Acquisition Agreement, provided that such Person is either a Restricted Subsidiary or would become a Restricted Subsidiary upon completion of the transactions under such Staged Acquisition Agreement.
- (3) For purposes of determining compliance with this "Limitation on Indebtedness and Preferred Stock" covenant, in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including under the proviso in the first paragraph of part (1), the Company, in its sole discretion, shall classify, and from time to time may reclassify, such item of Indebtedness, provided that any Indebtedness Incurred under clause (p) of part (2) of this "Limitation on Indebtedness and Preferred Stock" covenant shall not so be reclassified.

#### **Limitation on Restricted Payments**

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly (the payments or any other actions described in clauses (1) through (4) below being collectively referred to as "Restricted Payments"):

- (1) declare or pay any dividend or make any distribution on or with respect to the Company's or any of its Restricted Subsidiaries' Capital Stock (other than dividends or distributions payable or paid in shares of the Company's or any of its Restricted Subsidiaries' Capital Stock (other than Disqualified Stock or Preferred Stock) or in options, warrants or other rights to acquire shares of such Capital Stock) held by Persons other than the Company or any Wholly Owned Restricted Subsidiary;
- (2) purchase, call for redemption or redeem, retire or otherwise acquire for value any shares of Capital Stock of the Company or any Restricted Subsidiary (including options, warrants or other rights to acquire such shares of Capital Stock) or any direct or indirect parent of the Company held by any Persons other than the Company or any Wholly Owned Restricted Subsidiary;

- (3) make any voluntary or optional principal payment, or voluntary or optional redemption, repurchase, defeasance, or other acquisition or retirement for value, of Indebtedness that is subordinated in right of payment to the Notes or any of the Subsidiary Guarantees (excluding any intercompany Indebtedness between or among the Company and any Subsidiary Guarantor); or
- (4) make any Investment, other than a Permitted Investment;
  - if, at the time of, and after giving effect to, the proposed Restricted Payment:
  - (a) a Default has occurred and is continuing or would occur as a result of such Restricted Payment;
  - (b) the Company could not Incur at least US\$1.00 of Indebtedness under the proviso in the first paragraph of part (1) of the covenant under the caption "—Limitation on Indebtedness and Preferred Stock;" or
  - (c) such Restricted Payment, together with the aggregate amount of all Restricted Payments made by the Company and its Restricted Subsidiaries after September 10, 2009, including, for the avoidance of doubt, any payment described in clauses (1) through (4) above made after September 10, 2009 and prior to the Original Issue Date that would have constituted a "Restricted Payment" under the Indenture had it been in effect at the time of such payment, shall exceed the sum of:
    - (i) 50% of the aggregate amount of the Consolidated Net Income of the Company (or, if the Consolidated Net Income is a loss, minus 100% of the amount of such loss) accrued on a cumulative basis during the period (taken as one accounting period) beginning July 1, 2009 and ending on the last day of the Company's most recently ended fiscal quarter for which consolidated financial statements of the Company (which the Company shall use its reasonable best efforts to compile in a timely manner) are available (which may include internal consolidated financial statements); plus
    - (ii) 100% of the aggregate Net Cash Proceeds received by the Company after September 10, 2009 as a capital contribution to its common equity or from the issuance and sale of its Capital Stock (other than Disqualified Stock) to a Person who is not a Subsidiary of the Company, including any such Net Cash Proceeds received upon (A) the conversion of any Indebtedness (other than Subordinated Indebtedness) of the Company into Capital Stock (other than Disqualified Stock) of the Company, or (B) the exercise by a Person who is not a Subsidiary of the Company of any options, warrants or other rights to acquire Capital Stock of the Company (other than Disqualified Stock) in each case after deducting the amount of any such Net Cash Proceeds used to redeem, repurchase, defease or otherwise acquire or retire for value any Subordinated Indebtedness or Capital Stock of the Company; plus
    - (iii) the amount by which Indebtedness of the Company or any of its Restricted Subsidiaries is reduced on the Company's consolidated balance sheet upon the

conversion or exchange (other than by a Subsidiary of the Company) subsequent to September 10, 2009 of any Indebtedness of the Company or any of its Restricted Subsidiaries convertible or exchangeable into Capital Stock (other than Disqualified Stock) of the Company (less the amount of any cash, or the Fair Market Value of any other property, distributed by the Company upon such conversion or exchange); plus

## (iv) an amount equal to the sum of:

- (A) (1) the net reduction in Investments (that were made after September 10, 2009 and that would have been treated as Restricted Payments herein had the Indenture been in effect at such time) in any Person resulting from (x) dividends, repayments of loans or advances or other transfers of Property, in each case to the Company or any Restricted Subsidiary from such Person, (y) the unconditional release of a Guarantee (to the extent such Guarantee, when given, would have constituted a Restricted Payment herein had the Indenture been in effect at such time) provided by the Company or a Restricted Subsidiary or (z) any Person becoming a Restricted Subsidiary (whereupon all Investments made by the Company or any Restricted Subsidiary in such Person since September 10, 2009 shall be deemed to have been made pursuant to clause (1) of the definition of "Permitted Investment") but only to the extent such Investments by the Company or any Restricted Subsidiary in such Person would not have been Permitted Investments herein at the time such Investments were made had the Indenture been in effect at such time; or (2) to the extent that an Investment made after September 10, 2009 (that would have been treated as a Restricted Payment herein had the Indenture been in effect at such time) is sold or otherwise liquidated or repaid for cash, the lesser of (x) the cash return of capital with respect to such Investment (less the cost of disposition, if any) and (y) the initial amount of such Investment, plus
- (B) the portion (proportionate to the Company's equity interest in such Unrestricted Subsidiary) of the Fair Market Value of the net assets of an Unrestricted Subsidiary at the time such Unrestricted Subsidiary is designated a Restricted Subsidiary under the Indenture;

provided, however, that the foregoing sum shall not exceed, in the case of any Person, the amount of Investments previously made (and that would have been treated as Restricted Payments under the Indenture had the Indenture been in effect at such time) by the Company or any Restricted Subsidiary in such Person, and provided further, that no amount will be included under this clause (iv) to the extent it is already included in Consolidated Net Income as described in clause (i) of this paragraph; plus

(v) US\$25.0 million (or the Dollar Equivalent thereof).

The foregoing provision shall not be violated by reason of:

- (1) the payment of any dividend or redemption of any Capital Stock within 60 days after the related date of declaration or call for redemption if, at said date of declaration or call for redemption, such payment or redemption would comply with the preceding paragraph;
- (2) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company or any of the Subsidiary Guarantors with the Net Cash Proceeds of, or in exchange for, a substantially concurrent Incurrence of Permitted Refinancing Indebtedness;
- (3) the redemption, repurchase or other acquisition of Capital Stock of the Company or any Restricted Subsidiary (or options, warrants or other rights to acquire such Capital Stock) in exchange for, or out of the Net Cash Proceeds of a substantially concurrent capital contribution or sale (other than to a Subsidiary of the Company) of, shares of Capital Stock (other than Disqualified Stock) of the Company or any Subsidiary Guarantor (or options, warrants or other rights to acquire such Capital Stock); provided that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (4) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company or any of the Subsidiary Guarantors in exchange for, or out of the Net Cash Proceeds of, a substantially concurrent capital contribution or sale (other than to a Subsidiary of the Company) of, shares of Capital Stock (other than Disqualified Stock) of the Company or any of the Subsidiary Guarantors (or options, warrants or other rights to acquire such Capital Stock); provided that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (5) any dividends or distributions declared, paid or made by a Restricted Subsidiary payable, on a pro rata basis or on a basis more favorable to the Company, to all holders of any class of Capital Stock of such Restricted Subsidiary, at least 50.0% of which is held, directly or indirectly through Restricted Subsidiaries, by the Company;
- (6) the repurchase of Capital Stock of the Company by the Company or Power Great Enterprises Limited in connection with the Company's employee incentive or stock option plans up to an aggregate amount of US\$37.5 million;
- (7) dividends paid to, or the purchase of Capital Stock of any Restricted Subsidiary held by any Financial Company Investor in respect of any Indebtedness or Preferred Stock outstanding on the Original Issue Date or permitted to be Incurred under paragraph (2)(q) of the "Limitation on Indebtedness and Preferred Stock" covenant; provided that any interest expenses or dividend distributions made under such Indebtedness or Preferred Stock are treated as a Consolidated Fixed Charge;
- (8) the purchase of Capital Stock of a Person, and payments made pursuant to a Staged Acquisition Agreement or a Minority Interest Staged Acquisition Agreement;
- (9) the purchase by the Company or a Restricted Subsidiary of Capital Stock of any Restricted Subsidiary that is not Wholly Owned, directly or indirectly, by the Company from an Independent Third Party pursuant to an agreement entered into between or

among the Company or any Restricted Subsidiary and such Independent Third Party solely for the purpose of acquiring real property or land use rights, provided that (x) such purchase occurs within 12 months after such Restricted Subsidiary acquires the real property or land use rights it was formed to acquire and (y) the Company delivers to the Trustee a Board Resolution set forth in an Officers' Certificate confirming that, in the opinion of the Board of Directors, the purchase price of such Capital Stock is less than or equal to the Fair Market Value of such Capital Stock; or

(10) any Guarantee by the Company or any Restricted Subsidiary permitted to be Incurred under the covenant described under paragraph (2)(t) of the "Limitation on Indebtedness and Preferred Stock" covenant;

provided that, in the case of clause (2), (3), (4) or (6) of the preceding paragraph, no Default shall have occurred and be continuing or would occur as a consequence of the actions or payments set forth therein.

Each Restricted Payment permitted pursuant to clause (1) of the preceding paragraph made after September 10, 2009 shall be included in calculating whether the conditions of clause (c) of the first paragraph of this "Limitation on Restricted Payments" covenant have been met with respect to any subsequent Restricted Payments.

The amount of any Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company or the Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The value of any assets or securities that are required to be valued by this covenant will be the Fair Market Value. The Board of Directors' determination of the Fair Market Value of a Restricted Payment or any such assets or securities must be based upon an opinion or appraisal issued by an appraisal or investment banking firm of recognized international standing if the Fair Market Value exceeds US\$10 million (or the Dollar Equivalent thereof).

Not later than the date of making any Restricted Payment in excess of US\$10 million (or the Dollar Equivalent thereof) (other than any Restricted Payments set forth in clauses (5) through (10) above), the Company will deliver to the Trustee an Officers' Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this "—Limitation on Restricted Payments" covenant were computed, together with a copy of any fairness opinion or appraisal required by the Indenture.

For purposes of determining compliance with this "—Limitation on Restricted Payments" covenant, in the event that an item of Investment meets the criteria of both the first paragraph of this "—Limitation on Restricted Payments" covenant and paragraph (19) of the definition of "Permitted Investment" at any time, the Company, in its sole discretion, shall classify, and from time to time may reclassify, such item of Investment in either or both of them.

## Limitation on dividend and other payment restrictions affecting Restricted Subsidiaries

- (1) Except as provided below, the Company will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary to:
  - (a) pay dividends or make any other distributions on any Capital Stock of such Restricted Subsidiary owned by the Company or any other Restricted Subsidiary;

- (b) pay any Indebtedness or other obligation owed to the Company or any other Restricted Subsidiary;
- (c) make loans or advances to the Company or any other Restricted Subsidiary; or
- (d) sell, lease or transfer any of its property or assets to the Company or any other Restricted Subsidiary.
- (2) The provisions of clause (1) do not apply to any encumbrances or restrictions:
  - (a) existing in agreements as in effect on the Original Issue Date, or in the Notes, the Subsidiary Guarantees, the Indenture, the Security Documents, or under any Permitted Pari Passu Secured Indebtedness of the Company or any Subsidiary Guarantor Pledgor or Pari Passu Subsidiary Guarantee of any Subsidiary Guarantor, and any extensions, refinancings, renewals or replacements of any of the foregoing agreements; provided that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
  - (b) existing under or by reason of applicable law, rule, regulation or order;
  - (c) existing with respect to any Person or the property or assets of such Person acquired by the Company or any Restricted Subsidiary, at the time of such acquisition and not incurred in contemplation thereof, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Person or the property or assets of such Person so acquired, and any extensions, refinancings, renewals or replacements thereof; provided that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
  - (d) that otherwise would be prohibited by the provision described in clause (1)(d) of this covenant if they arise, or are agreed to, in the ordinary course of business and, that (i) restrict in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease or license, (ii) exist by virtue of any Lien on, or agreement to transfer, option or similar right with respect to any property or assets of the Company or any Restricted Subsidiary not otherwise prohibited by the Indenture, or (iii) do not relate to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of the Company or any Restricted Subsidiary in any manner material to the Company or any Restricted Subsidiary;
  - (e) with respect to a Restricted Subsidiary and imposed pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock of, or property and assets of, such Restricted Subsidiary that is permitted by the "—Limitation on sales and issuances of Capital Stock in Restricted Subsidiaries," "—Limitation on Indebtedness and Preferred Stock" and "—Limitation on Asset Sales" covenants;

- (f) with respect to any Restricted Subsidiary and imposed pursuant to an agreement that has been entered into for the Incurrence of Indebtedness or issuance of Preferred Stock of the type described under clause (2)(h), (2)(n), (2)(q), (2)(r), (2)(s), (2)(t), (2)(u), (2)(v) or 2(x) or permitted under clause (2)(o) of the "Limitation on Indebtedness and Preferred Stock" covenant if, the encumbrances or restrictions are (i) customary for such types of agreements and (ii) would not, at the time agreed to, be expected to materially and adversely affect the ability of the Company to make required payment on the Notes and any extensions, refinancings, renewals or replacements of any of the foregoing agreements; provided that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced, provided further that, the Board of Directors is empowered to determine whether the conditions set forth in clauses (i) and (ii) are met, which determination shall be conclusive if evidenced by a Board Resolution;
- (g) existing in customary provisions in joint venture agreements and other similar agreements permitted under the Indenture, to the extent such encumbrance or restriction relates to the activities or assets of a Restricted Subsidiary that is a party to such joint venture and if (i) the encumbrances or restrictions are customary for a joint venture or similar agreement of that type and (ii) the encumbrances or restrictions would not, at the time agreed to, be expected to materially and adversely affect (x) the ability of the Company to make the required payments on the Notes, or (y) any Subsidiary Guarantor to make required payments under its Subsidiary Guarantee, provided further that, the Board of Directors is empowered to determine whether the conditions set forth in clauses (i) and (ii) are met, which determination shall be conclusive if evidenced by a Board Resolution; or
- (h) existing with respect to any Unrestricted Subsidiary or the property or assets of such Unrestricted Subsidiary that is designated as a Restricted Subsidiary in accordance with the terms of the Indenture at the time of such designation and not incurred in contemplation of such designation, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Subsidiary or its subsidiaries or the property or assets of such Subsidiary or its subsidiaries, and any extensions, refinancing, renewals or replacements thereof; provided that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced.

#### Limitation on sales and issuances of Capital Stock in Restricted Subsidiaries

The Company will not sell, and will not permit any Restricted Subsidiary, directly or indirectly, to issue or sell any shares of Capital Stock of a Restricted Subsidiary (including options, warrants or other rights to purchase shares of such Capital Stock) except:

- (1) to the Company or a Wholly Owned Restricted Subsidiary, or in the case of a Restricted Subsidiary that is not Wholly Owned, pro rata to its shareholders or incorporators;
- (2) to the extent such Capital Stock represents director's qualifying shares or is required by applicable law to be held by a Person other than the Company or a Wholly Owned Restricted Subsidiary;
- (3) the issuance or sale of Capital Stock of a Restricted Subsidiary if, immediately after giving effect to such issuance or sale, such Restricted Subsidiary would no longer constitute a Restricted Subsidiary and any remaining Investment in such Person would have been permitted to be made under the "Limitation on Restricted Payments" covenant if made on the date of such issuance or sale and provided that the Company complies with the "—Limitation on Asset Sales" covenant; provided further that, paragraph (19)(f) of the definition of "Permitted Investments" shall not apply if such Investment would otherwise have been permitted under paragraph (19) of such definition; and
- (4) the issuance or sale of Capital Stock of a Restricted Subsidiary (which remains a Restricted Subsidiary after any such issuance or sale); provided that the Company or such Restricted Subsidiary applies the Net Cash Proceeds of such issuance or sale in accordance with the "—Limitation on Asset Sales" covenant.

## Limitation on issuances of Guarantees by Restricted Subsidiaries

The Company will not permit any Restricted Subsidiary which is not a Subsidiary Guarantor, directly or indirectly, to Guarantee any Indebtedness ("Guaranteed Indebtedness") of the Company or any Subsidiary Guarantor, unless (1) (a) such Restricted Subsidiary, simultaneously executes and delivers a supplemental indenture to the Indenture providing for an unsubordinated Subsidiary Guarantee of payment of the Notes by such Restricted Subsidiary and (b) such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee until the Notes have been paid in full or (2) such Guarantee is permitted by clauses (2)(c), (d) or (2)(r) (in the case of clause (2)(r), with respect to the Guarantee provided by the Company or any Restricted Subsidiary through the pledge of one or more bank accounts or deposits to secure (or the use of any Guarantee or letter of credit or similar instruments to Guarantee) any Bank Deposit Secured Indebtedness), under the caption "—Limitation on Indebtedness and Preferred Stock."

If the Guaranteed Indebtedness (1) ranks pari passu in right of payment with the Notes or any Subsidiary Guarantee, then the Guarantee of such Guaranteed Indebtedness shall rank pari passu in right of payment with, or subordinated to, the Subsidiary Guarantee or (2) is subordinated in right of payment to the Notes or any Subsidiary Guarantee, then the Guarantee of such

Guaranteed Indebtedness shall be subordinated in right of payment to the Subsidiary Guarantee at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes or the Subsidiary Guarantee.

#### Limitation on transactions with shareholders and Affiliates

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into, renew or extend any transaction or arrangement (including, without limitation, the purchase, sale, lease or exchange of property or assets, or the rendering of any service) with (x) any holder (or any Affiliate of such holder) of 10% or more of any class of Capital Stock of the Company or (y) any Affiliate of the Company (each an "Affiliate Transaction"), unless:

- (1) the Affiliate Transaction is on fair and reasonable terms that are no less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or the relevant Restricted Subsidiary with a Person that is not an Affiliate of the Company or such Restricted Subsidiary; and
- (2) the Company delivers to the Trustee:
  - (a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US\$5.0 million (or the Dollar Equivalent thereof), a Board Resolution set forth in an Officers' Certificate certifying that such Affiliate Transaction complies with this covenant and such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors; and
  - (b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US\$10.0 million (or the Dollar Equivalent thereof), in addition to the Board Resolution required in clause 2(a) above, an opinion as to the fairness to the Company or such Restricted Subsidiary of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of recognized international standing.

The foregoing limitation does not limit, and shall not apply to:

- (1) the payment of reasonable and customary regular fees and other compensation for their service as board members to directors of the Company or any Restricted Subsidiary who are not employees of the Company or any Restricted Subsidiary;
- (2) transactions between or among the Company and any of its Wholly Owned Restricted Subsidiaries or between or among Wholly Owned Restricted Subsidiaries;
- (3) any Restricted Payment of the type described in clauses (1), (2) or (3) of the first paragraph of the covenant described above under the caption "—Limitation on Restricted Payments" if permitted by that covenant;
- (4) any sale of Capital Stock (other than Disqualified Stock) of the Company;
- (5) the payment of compensation to officers and directors of the Company or any Restricted Subsidiary pursuant to an employee stock or share option scheme, so long as

such scheme is in compliance with the listing rules of the Hong Kong Stock Exchange, which as of the Original Issue Date require a majority shareholder approval of any such scheme;

(6) any transaction between (A) the Company or any Restricted Subsidiary and (B) any entity in a Restructuring Group entered into in connection with a proposed Restructuring, including but not limited to transactions entered into for purposes of any reorganization in connection with such proposed Restructuring and the entry into, and the performance thereof, of any underwriting agreement or other transaction documents in connection with such proposed Restructuring; and

(7) any transaction between (A) the Company or any Restricted Subsidiary and (B) any entity in a Restructuring Group entered into in the ordinary course of business, on fair and reasonable terms and disclosed in the offering document issued in connection with a proposed Restructuring, or any amendment or modification or replacement thereof, so long as such amendment, modification or replacement is not more disadvantageous to the Company and its Restricted Subsidiaries than the original transaction described in the offering document issued in connection with such proposed Restructuring and in compliance with the rules of The Stock Exchange of Hong Kong Limited or any other recognized exchange on which the Company's ordinary shares are then listed for trading.

In addition, the requirements of clause (2) of the first paragraph of this covenant shall not apply to (i) Investments (including Permitted Investments that are permitted under paragraph (19) of the definition of "Permitted Investments" but otherwise excluding any other Permitted Investments) not prohibited by the "Limitation on Restricted Payments" covenant, (ii) transactions pursuant to agreements in effect on the Original Issue Date and described in this offering memorandum, or any amendment or modification or replacement thereof, so long as such amendment, modification or replacement is not more disadvantageous to the Company and its Restricted Subsidiaries than the original agreement in effect on the Original Issue Date and (iii) any transaction between or among any of the Company, any Wholly Owned Restricted Subsidiary and any Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary or by reason of being a Subsidiary of the Company or between or among the Company or a Restricted Subsidiary on the one hand and a Jointly Controlled Entity, an Associate or an Unrestricted Subsidiary on the other hand; provided that in the case of clause (iii), (a) such transaction is entered into in the ordinary course of business and (b) (A) in the case of a transaction with a Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary, none of the minority shareholders or minority partners of or in such Restricted Subsidiary is a Person described in clause (x) or (y) of the first paragraph of this covenant (other than by reason of such minority shareholder or minority partner being an officer or director of such Restricted Subsidiary or by reason of such minority shareholder or minority partner being a Subsidiary, Jointly Controlled Entity or Associate of the Company; or (B) in the case of a transaction with a Jointly Controlled Entity, an Associate or an Unrestricted Subsidiary, none of the shareholders or partners (other than the Company or a Restricted Subsidiary) of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary is a Person described in clause (x) or (y) of the first paragraph of this covenant (other than by reason of such shareholder or partner being a director or officer of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary or by reason of such shareholder or partner being a Subsidiary, Jointly Controlled Entity or Associate of the Company).

#### Limitation on Liens

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, incur, assume or permit to exist any Lien on the Collateral (other than Permitted Liens).

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, incur, assume or permit to exist any Lien of any nature whatsoever on any of its assets or properties of any kind (other than the Collateral), whether owned at the Original Issue Date or thereafter acquired, except Permitted Liens, unless the Notes are equally and ratably secured by such Lien.

#### Limitation on Sale and Leaseback Transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale and Leaseback Transaction; provided that the Company or any Restricted Subsidiary may enter into a Sale and Leaseback Transaction if:

- (1) the Company or any Restricted Subsidiary could have (a) incurred Indebtedness in an amount equal to the Attributable Indebtedness relating to such Sale and Leaseback Transaction under the covenant described above under "—Limitation on Indebtedness and Preferred Stock" and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption "—Limitation on Liens," in which case, the corresponding Indebtedness and Lien will be deemed incurred pursuant to those provisions;
- (2) the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the Fair Market Value of the property that is the subject of such Sale and Leaseback Transaction; and
- (3) the transfer of assets in that Sale and Leaseback Transaction is permitted by, and the Company or any Restricted Subsidiary applies the proceeds of such transaction in compliance with, the covenant described below under the caption "—Limitation on Asset Sales."

#### Limitation on Asset Sales

The Company will not, and will not permit any Restricted Subsidiary to, consummate any Asset Sale, unless:

- (1) no Default shall have occurred and be continuing or would occur as a result of such Asset Sale;
- (2) the consideration received by the Company or such Restricted Subsidiary, as the case may be, is at least equal to the Fair Market Value of the assets sold or disposed of; and
- (3) at least 75% of the consideration received consists of cash, Temporary Cash Investments or Replacement Assets; provided that in the case of an Asset Sale in which the Company or such Restricted Subsidiary receives Replacement Assets involving aggregate consideration in excess of US\$30.0 million (or the Dollar Equivalent thereof), the Company shall deliver to the Trustee an opinion as to the fairness to the Company or such Restricted Subsidiary of such Asset Sale from a financial point of view issued by an

accounting, appraisal or investment banking firm of international standing. For purposes of this provision, each of the following will be deemed to be cash:

- (a) any liabilities, as shown on the Company's most recent consolidated balance sheet, of the Company or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Subsidiary Guarantee) that are assumed by the transferee of any such assets pursuant to a customary assumption, assignment, novation or similar agreement that releases the Company or such Restricted Subsidiary from further liability; and
- (b) any securities, notes or other obligations received by the Company or any Restricted Subsidiary from such transferee that are promptly, but in any event within 30 days of closing, converted by the Company or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion;

Within 360 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Company (or any Restricted Subsidiary) may apply such Net Cash Proceeds to:

- (1) permanently repay Senior Indebtedness of the Company or a Subsidiary Guarantor or any Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor (and, if such Senior Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto) in each case owing to a Person other than the Company or a Restricted Subsidiary; or
- (2) acquire property or assets (other than current assets that are not land use rights, properties under development or completed property held for sale) of a nature or type or that are used in any business which is the same as or related, ancillary or complementary to any of the businesses of the Company and its Restricted Subsidiaries on the Original Issue Date.

Pending application of such Net Cash Proceeds as set forth in clause (1) or (2) above, the Company invest such Net Cash Proceeds in cash or Temporary Cash Investments.

Any Net Cash Proceeds from Asset Sales that are not applied or invested as provided in clauses (1) and (2) in the immediately preceding paragraph will constitute "Excess Proceeds." Excess proceeds of less than US\$25.0 million (or the Dollar Equivalent thereof) will be carried forward and accumulated. When accumulated Excess Proceeds exceeds US\$25.0 million (or the Dollar Equivalent thereof), within 10 days thereof, the Company must make an Offer to Purchase Notes having a principal amount equal to:

- (1) accumulated Excess Proceeds, multiplied by
- (2) a fraction (x) the numerator of which is equal to the outstanding principal amount of the Notes and (y) the denominator of which is equal to the outstanding principal amount of the Notes and all *pari passu* Indebtedness similarly required to be repaid, redeemed or tendered for in connection with the Asset Sale,

rounded down to the nearest US\$1,000.

The offer price in any Offer to Purchase will be equal to 100% of the principal amount plus accrued and unpaid interest to the date of purchase, and will be payable in cash.

If any Excess Proceeds remain after consummation of an Offer to Purchase, the Company may use those Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes (and any other *pari passu* Indebtedness) tendered in such Offer to Purchase exceeds the amount of Excess Proceeds, the Trustee will select the Notes (and such other *pari passu* Indebtedness) to be purchased on a pro rata basis. Upon completion of each Offer to Purchase, the amount of Excess Proceeds will be reset at zero.

#### Limitation on the business activities of Power Great Enterprises Limited

The Company will not permit Power Great Enterprises Limited to (i), directly or indirectly, engage in any business other than purchasing, selling or holding Capital Stock of the Company in connection with any employee share ownership, stock option plan or incentive plan of the Company or (ii) Incur any Indebtedness except for Indebtedness other than for which the Company or a Subsidiary Guarantor is the obligee.

#### Use of proceeds

The Company will not, and will not permit any Restricted Subsidiary to, use the net proceeds from the sale of the Notes, in any amount, for any purpose other than (1) in the approximate amounts and for the purposes specified under the caption "Use of proceeds" in this offering memorandum or, in the case of any Additional Notes, the offering document relating to the sale of such Additional Notes and (2) pending the application of all of such net proceeds in such manner, to invest the portion of such net proceeds not yet so applied in Temporary Cash Investments.

#### Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary; provided that (1) no Default shall have occurred and be continuing at the time of or after giving effect to such designation; (2) neither the Company nor any Restricted Subsidiary provides credit support (other than any Guarantee in compliance with clause (6) below) for the Indebtedness of such Restricted Subsidiary; (3) such Restricted Subsidiary has no outstanding Indebtedness that could trigger a cross-default to the Indebtedness of the Company; (4) such Restricted Subsidiary does not own any Disqualified Stock of the Company or Disqualified or Preferred Stock of another Restricted Subsidiary or hold any Indebtedness of, or any Lien on any property of, the Company or any Restricted Subsidiary, if such Disqualified or Preferred Stock or Indebtedness could not be Incurred under the covenant described under the caption "-Limitation on Indebtedness and Preferred Stock" or such Lien would violate the covenant described under the caption "-Limitation on Liens;" (5) such Restricted Subsidiary does not own any Voting Stock of another Restricted Subsidiary, and all of its Subsidiaries are Unrestricted Subsidiaries or are being concurrently designated to be Unrestricted Subsidiaries in accordance with this paragraph; and (6) the Investment deemed to have been made thereby in such newly-designated Unrestricted Subsidiary and each other newly- designated Unrestricted Subsidiary being concurrently redesignated would be permitted to be made by the covenant described under "-Limitation on Restricted Payments."

The Board of Directors may designate any Unrestricted Subsidiary to be a Restricted Subsidiary; provided that (1) no Default shall have occurred and be continuing at the time of or after giving effect to such designation; (2) any Indebtedness of such Unrestricted Subsidiary outstanding at

the time of such designation which will be deemed to have been Incurred by such newly-designated Restricted Subsidiary as a result of such designation would be permitted to be Incurred by the covenant described under the caption "—Limitation on Indebtedness and Preferred Stock;" (3) any Lien on the property of such Unrestricted Subsidiary at the time of such designation which will be deemed to have been incurred by such newly-designated Restricted Subsidiary as a result of such designation would be permitted to be incurred by the covenant described under the caption "—Limitation on Liens;" (4) such Unrestricted Subsidiary is not a Subsidiary of another Unrestricted Subsidiary (that is not concurrently being designated as a Restricted Subsidiary); (5) if such Restricted Subsidiary is not organized under the laws of the PRC, such Restricted Subsidiary shall upon such designation execute and deliver to the Trustee a supplemental indenture to the Indenture by which such Restricted Subsidiary shall become a Subsidiary Guarantor if required under "—The Subsidiary Guarantees"; and (6) if such Restricted Subsidiary is not organized under the laws of the PRC, all Capital Stock of such Restricted Subsidiary owned by the Company or any other Restricted Subsidiary shall be pledged if required under "—Security."

#### Government approvals and licenses; compliance with law

The Company will, and will cause each Restricted Subsidiary to, (1) obtain and maintain in full force and effect all governmental approvals, authorizations, consents, permits, concessions and licenses as are necessary to engage in the businesses of the Company or any of its Restricted Subsidiaries,; (2) preserve and maintain good and valid title to its properties and assets (including land-use rights) free and clear of any Liens other than Permitted Liens; and (3) comply with all laws, regulations, orders, judgments and decrees of any governmental body, except to the extent that failure so to obtain, maintain, preserve and comply would not reasonably be expected to have a material adverse effect on (a) the business, results of operations or prospects of the Company and its Restricted Subsidiaries, taken as a whole, or (b) the ability of the Company or any Subsidiary Guarantor to perform its obligations under the Notes, the relevant Subsidiary Guarantee or the Indenture.

#### Anti-Layering

The Company will not Incur, and will not permit any Subsidiary Guarantor to Incur, any Indebtedness if such Indebtedness is contractually subordinated in right of payment to any other Indebtedness of the Company or such Subsidiary Guarantor, as the case may be, unless such Indebtedness is also contractually subordinated in right of payment to the Notes or the applicable Subsidiary Guarantee, on substantially identical terms. This does not apply to distinctions between categories of Indebtedness that exist by reason of any Liens or Guarantees securing or in favor of some but not all of such Indebtedness.

## Suspension of certain covenants

If, on any date following the date of the Indenture, the Notes (A)(i) are rated by two Rating Agencies and have a rating of Investment Grade from both of the Rating Agencies, or (ii) are rated by three Rating Agencies and have a rating of Investment Grade from two out of three of the Rating Agencies, and (B) no Default has occurred and is continuing (a "Suspension Event"), then, beginning on that day and continuing until such time, if any, at which the Notes cease to have a rating of Investment Grade from either of the Rating Agencies (in the case of (A)(i) above,

or from two out of three of the Rating Agencies (in the case of (A)(ii) above), the provisions of the Indenture summarized under the following captions will be suspended:

- (1) "—Certain covenants—Limitation on Indebtedness and Preferred Stock;"
- (2) "—Certain covenants—Limitation on Restricted Payments;"
- (3) "—Certain covenants—Limitation on dividend and other payment restrictions affecting Restricted Subsidiaries;"
- (4) "—Certain covenants—Limitation on sales and issuances of Capital Stock in Restricted Subsidiaries;"
- (5) "—Certain covenants—Limitation on issuances of Guarantees by Restricted Subsidiaries;"
- (6) "—Certain covenants—Limitation on Sale and Leaseback Transactions;" and
- (7) "—Certain covenants—Limitation on Asset Sales."

During any period that the foregoing covenants have been suspended, the Board of Directors may not designate any of the Restricted Subsidiaries as Unrestricted Subsidiaries pursuant to the covenant summarized under the caption "—Certain covenants—Designation of Restricted and Unrestricted Subsidiaries" or the definition of "Unrestricted Subsidiary."

Such covenants will be reinstituted and apply according to their terms as of and from the first day on which a Suspension Event ceases to be in effect. Such covenants will not, however, be of any effect with regard to actions of the Company or any Restricted Subsidiary properly taken in compliance with the provisions of the Indenture during the continuance of the Suspension Event, and following reinstatement the calculations under the covenant summarized under "—Certain covenants—Limitation on Restricted Payments" will be made as if such covenant had been in effect since the date of the Indenture except that no Default will be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended.

There can be no assurance that the Notes will ever achieve a rating of Investment Grade or that any such rating will be maintained.

#### Provision of financial statements and reports

- (1) So long as any of the Notes remain outstanding, the Company will file with the Trustee and furnish to the Holders upon request, as soon as they are available but in any event not more than 10 calendar days after they are filed with the Hong Kong Stock Exchange or any other recognized exchange on which the Company's common shares are at any time listed for trading, true and correct copies of any financial or other report in the English language filed with such exchange; provided that if at any time the Common Stock of the Company ceases to be listed for trading on a recognized stock exchange, the Company will file with the Trustee (in the English language) and furnish to the Holders:
  - (a) as soon as they are available, but in any event within 90 calendar days after the end of the fiscal year of the Company, copies of its financial statements (on a consolidated basis) in respect of such financial year (including a statement of income, balance sheet and cash flow statement) audited by a member firm of an internationally-recognized firm of independent accountants;

(b) as soon as they are available, but in any event within 45 calendar days after the end of the second financial quarter of the Company, copies of its financial statements (on a consolidated basis) in respect of such half-year period (including a statement of income, balance sheet and cash flow statement) reviewed by a member firm of an internationally-recognized firm of independent accountants; and

(c) as soon as they are available, but in any event within 45 calendar days after the end of each of the first and third financial quarter of the Company, copies of its unaudited financial statements (on a consolidated basis), including a statement of income, balance sheet and cash flow statement, prepared on a basis consistent with the audited financial statements of the Company together with a certificate signed by the person then authorized to sign financial statements on behalf of the Company to the effect that such financial statements are true in all material respects and present fairly the financial position of the Company as at the end of, and the results of its operations for, the relevant quarterly period.

(2) In addition, so long as any of the Notes remain outstanding, the Company will provide to the Trustee (a) within 120 days after the close of each fiscal year, an Officers' Certificate stating the Fixed Charge Coverage Ratio with respect to the two most recent fiscal semi-annual periods and showing in reasonable detail the calculation of the Fixed Charge Coverage Ratio, including the arithmetic computations of each component of the Fixed Charge Coverage Ratio, with a certificate from the Company's external auditors verifying the accuracy and correctness of the calculation and arithmetic computation, provided that, the Company shall not be required to provide such auditor certification if its external auditors refuse to provide such certification as a result of a policy of such external auditors not to provide such certification; and (b) as soon as possible and in any event within 30 days after the Company becomes aware or should reasonably become aware of the occurrence of a Default, an Officers' Certificate setting forth the details of the Default, and the action which the Company proposes to take with respect thereto.

Further, the Company and each Subsidiary Guarantor have agreed that, for as long as any Notes are "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act, during any period in which the Company or such Subsidiary Guarantor is neither subject to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder, the Company or such Subsidiary Guarantor, as the case may be, shall supply to (i) any Holder or beneficial owner of a Note or (ii) a prospective purchaser of a Note or a beneficial interest therein designated by such Holder or beneficial owner, the information specified in, and meeting the requirements of Rule 144A(d)(4) under the Securities Act upon the request of any Holder or beneficial owner of a Note.

## **Events of Default**

The following events will be defined as "Events of Default" in the Indenture:

- (1) default in the payment of principal of (or premium, if any, on) the Notes when the same becomes due and payable at maturity, upon acceleration, redemption or otherwise;
- (2) default in the payment of interest on any Note when the same becomes due and payable, and such default continues for a period of 30 consecutive days;

- (3) default in the performance or breach of the provisions of the covenants described under "—Consolidation, merger and sale of assets," the failure by the Company to make or consummate an Offer to Purchase in the manner described under the captions "—Repurchase of Notes upon a Change of Control Triggering Event" or "—Certain covenants—Limitation on Asset Sales" or the failure by the Company to create, or cause its Restricted Subsidiaries to create, a first priority lien on the Collateral (subject to any Permitted Liens and the Intercreditor Agreement) in accordance with the covenant described under the caption "—Security;"
- (4) the Company or any Restricted Subsidiary defaults in the performance of or breaches any other covenant or agreement in the Indenture or under the Notes (other than a default specified in clause (1), (2) or (3) above) and such default or breach continues for a period of 30 consecutive days after written notice by the Trustee or the Holders of 25% or more in aggregate principal amount of the Notes;
- (5) there occurs with respect to any Indebtedness of the Company or any Restricted Subsidiary having an outstanding principal amount of US\$20.0 million (or the Dollar Equivalent thereof) or more in the aggregate for all such Indebtedness of all such Persons, whether such Indebtedness now exists or shall hereafter be created, (a) an event of default that has caused the holder thereof to declare such Indebtedness to be due and payable prior to its Stated Maturity and/or (b) the failure to make a principal payment when due;
- (6) one or more final judgments or orders for the payment of money are rendered against the Company or any of its Restricted Subsidiaries and are not paid or discharged, and there is a period of 60 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed US\$20.0 million (or the Dollar Equivalent thereof) (in excess of amounts which the Company's insurance carriers have agreed to pay under applicable policies) during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
- (7) an involuntary case or other proceeding is commenced against the Company or any Significant Restricted Subsidiary with respect to it or its debts under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect seeking the appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Restricted Subsidiary or for any substantial part of the property and assets of the Company or any Significant Restricted Subsidiary and such involuntary case or other proceeding remains undismissed and unstayed for a period of 60 consecutive days; or an order for relief is entered against the Company or any Significant Restricted Subsidiary under any applicable bankruptcy, insolvency or other similar law as now or hereafter in effect;
- (8) the Company or any Significant Restricted Subsidiary (a) commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consents to the entry of an order for relief in an involuntary case under any such law, (b) consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Restricted Subsidiary or for all or substantially all of the property and assets of the Company or any Significant Restricted Subsidiary or (c) effects any general

assignment for the benefit of creditors (other than, in each case under (b), any of the foregoing that arises from any solvent liquidation or restructuring of a Significant Restricted Subsidiary in the ordinary course of business that shall result in the net assets of such Significant Restricted Subsidiary being transferred to or otherwise vested in the Company or any Restricted Subsidiary on a pro rata basis or on a basis more favorable to the Company);

- (9) any Subsidiary Guarantor denies or disaffirms its obligations under its Subsidiary Guarantee or, except as permitted by the Indenture, any Subsidiary Guarantee is determined to be unenforceable or invalid or shall for any reason cease to be in full force and effect;
- (10) any default by the Company or any Subsidiary Guarantor Pledgor in the performance of any of its obligations under the Security Documents or the Indenture, which adversely affects the enforceability, validity, perfection or priority of the applicable Lien on the Collateral or which adversely affects the condition or value of the Collateral, taken as a whole, in any material respect; or
- (11) the Company or any Subsidiary Guarantor Pledgor denies or disaffirms its obligations under any Security Document or, other than in accordance with the Indenture and the Security Documents, any Security Document ceases to be or is not in full force and effect or the Intercreditor/Collateral Agent or the Trustee, as the case may be, ceases to have a first priority security interest in the Collateral (subject to any Permitted Liens and the Intercreditor Agreement).

If an Event of Default (other than an Event of Default specified in clause (7) or (8) above) occurs and is continuing under the Indenture, the Holders of at least 25% in aggregate principal amount of the Notes then outstanding, by written notice to the Company (and to the Trustee if such notice is given by the Holders), may, and the Trustee at the request of such Holders shall, subject to being indemnified and/or secured to its satisfaction, declare the principal of, premium, if any, and accrued and unpaid interest on the Notes to be immediately due and payable. Upon a declaration of acceleration, such principal of, premium, if any, and accrued and unpaid interest shall be immediately due and payable. If an Event of Default specified in clause (7) or (8) above occurs with respect to the Company or any Significant Restricted Subsidiary, the principal of, premium, if any, and accrued and unpaid interest on the Notes then outstanding shall automatically become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Holders of at least a majority in principal amount of the outstanding Notes by written notice to the Company and to the Trustee may waive all past defaults and rescind and annul a declaration of acceleration and its consequences:

- (1) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived, and
- (2) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Upon such waiver, the Default will cease to exist, and any Event of Default arising therefrom will be deemed to have been cured, but no such waiver will extend to any subsequent or other Default or impair any right consequent thereon.

If an Event of Default occurs and is continuing, the Trustee may but will not be obligated to pursue, in its own name or as trustee of an express trust, any available remedy by proceeding at law or in equity to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or the Indenture. The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. In addition, if an Event of Default occurs and is continuing, subject to the Intercreditor Agreement, the Trustee shall upon request of Holders of at least 25% in aggregate principal amount of outstanding Notes, direct the Intercreditor/Collateral Agent to, subject to being indemnified and/or secured to its satisfaction, foreclose on the Collateral in accordance with the terms of the Security Documents and take such further action on behalf of the Holders of the Notes with respect to the Collateral as the Intercreditor/Collateral Agent or the Trustee, as the case may be, deems appropriate. See "Description of the Notes—Security."

The Holders of at least a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee, subject to the Trustee being indemnified and/or secured to its satisfaction in advance of the proceedings. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from Holders.

No Holder may institute any proceeding, judicial or otherwise, with respect to the Indenture or the Notes, or for the appointment of a receiver or trustee, or for any other remedy under the Indenture or the Notes, unless:

- (1) the Holder has previously given the Trustee written notice of a continuing Event of Default;
- (2) the Holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity and/or security satisfactory to the Trustee against any costs, liability or expense to be incurred in compliance with such request;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity and/or security; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding Notes do not give the Trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of, premium, if any, or interest on, such Note, or to bring suit for the enforcement of any such payment, on or after the due date expressed in the Notes, which right shall not be impaired or affected without the consent of the Holder.

Officers of the Company must certify to the Trustee in writing, on or before a date not more than 120 days after the end of each fiscal year, that a review has been conducted of the activities

of the Company and its Restricted Subsidiaries and the Company's and the Subsidiary Guarantors' performance under the Indenture and that the Company has fulfilled all obligations thereunder, or, if there has been a default in the fulfillment of any such obligation, specifying each such default and the nature and status thereof. The Company will also be obligated to notify the Trustee of any default or defaults in the performance of any covenants or agreements under the Indenture. See "—Certain covenants—Provision of financial statements and reports."

The Trustee and the Agents need not do anything to ascertain whether any Event of Default or Default has occurred or is continuing and will not be responsible to Holders or any other person for any loss arising from any failure by it to do so, and, the Trustee or the Agents may assume that no such event has occurred and that the Company is performing all its obligations under the Indenture and the Notes unless the Trustee has received written notice of the occurrence of such event or facts establishing that the Company is not performing all of its obligations under the Indenture and the Notes. The Trustee is entitled to rely on any opinion of counsel or officer's certificate regarding whether an Event of Default or Default has occurred.

## Consolidation, merger and sale of assets

The Company will not consolidate with, merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its and its Restricted Subsidiaries' properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions), unless:

- (1) the Company shall be the continuing Person, or the Person (if other than it) formed by such consolidation or merger, or with or into which the Company consolidated or merged, or that acquired or leased such property and assets (the "Surviving Person") shall be a corporation organized and validly existing under the laws of the Cayman Islands, Hong Kong, Bermuda or the British Virgin Islands and shall expressly assume, by a supplemental indenture to the Indenture, executed and delivered to the Trustee, all the obligations of the Company under the Indenture, the Notes and the Security Documents, as the case may be, including the obligation to pay Additional Amounts with respect to any jurisdiction in which it is organized or resident for tax purposes, and the Indenture, the Notes and the Security Documents, as the case may be, shall remain in full force and effect;
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company or the Surviving Person, as the case may be, shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis the Company or the Surviving Person, as the case may be, could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant under the caption "—Certain covenants—Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an

Opinion of Counsel, in each case stating that such consolidation, merger or transfer and the relevant supplemental indenture complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with;

- (6) each Subsidiary Guarantor, unless such Subsidiary Guarantor is the Person with which the Company has entered into a transaction described under the caption "—Consolidation, merger and sale of assets," shall execute and deliver a supplemental indenture to the Indenture confirming that its Subsidiary Guarantee shall apply to the obligations of the Company or the Surviving Person in accordance with the Notes and the Indenture; and
- (7) no Rating Decline shall have occurred.

No Subsidiary Guarantor will consolidate with or merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its and its Restricted Subsidiaries' properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions) to another Person (other than the Company or another Subsidiary Guarantor), unless:

- (1) such Subsidiary Guarantor shall be the continuing Person, or the Person (if other than it) formed by such consolidation or merger, or with or into which the Subsidiary Guarantor consolidated or merged, or that acquired or leased such property and assets shall be the Company, another Subsidiary Guarantor or shall become a Subsidiary Guarantor concurrently with the transaction;
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis, the Company could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant under the caption "—Certain covenants—Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an Opinion of Counsel, in each case stating that such consolidation, merger or transfer and the relevant supplemental indenture complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with; and
- (6) no Rating Decline shall have occurred;

provided that this paragraph shall not apply to any sale or other disposition that complies with the "—Certain covenants—Limitation on Asset Sales" covenant or any Subsidiary Guarantor whose Subsidiary Guarantee is unconditionally released in accordance with the provisions described under "—The Subsidiary Guarantees—Release of the Subsidiary Guarantees."

Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve "all or substantially all" of the property or assets of a Person.

The foregoing requirements shall not apply to a consolidation or merger of any Subsidiary Guarantor with and into the Company or any other Subsidiary Guarantor, so long as the Company or such Subsidiary Guarantor survives such consolidation or merger.

The foregoing provisions would not necessarily afford Holders protection in the event of highly-leveraged or other transactions involving the Company that may adversely affect Holders.

# No payments for consents

The Company will not, and shall not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid or is paid to all Holders that consent, waive or agree to amend such term or provision within the time period set forth in the solicitation documents relating to such consent, waiver or amendment.

Notwithstanding the foregoing, subject to applicable law, in any offer or payment of consideration for, or as an inducement to, any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes in connection with an exchange offer, the Company may exclude or modify the offer or payment to: (i) holders or beneficial owners of the Notes that are believed by the Company to be U.S. persons as defined in Regulation S of the Securities Act and not institutional "accredited investors" as defined in subparagraphs (a)(1), (2), (3) or (7) of Rule 501 under the Securities Act, and (ii) holders or beneficial owners of the Notes in any other jurisdiction, in either case where the inclusion of such holders or beneficial owners would, without such modification if applicable, require the Company to comply with the registration requirements or other similar requirements under any securities laws of such jurisdiction, or the solicitation of such consent, waiver or amendment from, or the granting of such consent or waiver, or the approval of such amendment by, holders or beneficial owners in such jurisdiction would be unlawful, in each case as determined by the Company in its sole discretion and the Trustee shall not have any responsibility or liability for such determination by the Company.

#### **Defeasance**

# Defeasance and discharge

The Indenture will provide that the Company will be deemed to have paid and will be discharged from any and all obligations in respect of the Notes on the 183rd day after the deposit referred to below, and the provisions of the Indenture and the Security Documents will no longer be in effect with respect to the Notes (except for, among other matters, certain obligations to register the transfer or exchange of the Notes, to replace stolen, lost or mutilated Notes, to maintain paying agencies and to hold monies for payment in trust) if, among other things:

(1) the Company (a) has deposited with the Trustee, in trust, money and/or U.S. Government Obligations that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay

the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity of such payments in accordance with the terms of the Indenture and the Notes and (b) delivers to the Trustee an Opinion of Counsel or a certificate of an internationally-recognized firm of independent accountants to the effect that the amount deposited by the Company is sufficient to provide payment for the principal of, premium, if any, and accrued interest on, the Notes on the Stated Maturity of such payment in accordance with the terms of the Indenture;

- (2) the Company has delivered to the Trustee an Opinion of Counsel of recognized international standing to the effect that the creation of the defeasance trust does not violate the U.S. Investment Company Act of 1940, as amended, and after the passage of 123 days following the deposit, the trust fund will not be subject to the effect of Section 547 of the United States Bankruptcy Code or Section 15 of the New York Debtor and Creditor Law; and
- (3) immediately after giving effect to such deposit on a pro forma basis, no Event of Default, or event that after the giving of notice or lapse of time or both would become an Event of Default, shall have occurred and be continuing on the date of such deposit or during the period ending on the 183rd day after the date of such deposit, and such defeasance shall not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which the Company or any of its Restricted Subsidiaries is a party or by which the Company or any of its Restricted Subsidiaries is bound.

In the case of either discharge or defeasance, the Subsidiary Guarantees with respect thereto will terminate.

#### Defeasance of certain covenants

The Indenture further will provide that the provisions of the Indenture with respect to the Notes will no longer be in effect with respect to clauses (3), (4), (5)(x) and (7) under the first paragraph and clauses (3), (4), (5)(x) and (6) under the second paragraph under "—Consolidation, merger and sale of assets" and all the covenants described herein under "-Certain covenants," other than as described under "—Certain covenants—Government approvals and licenses; compliance with law" and "—Certain covenants—Anti-Layering," clause (3) under "Events of Default" with respect to such clauses (3), (4), (5)(x) and (7) under the first paragraph and such clauses (3), (4), (5)(x) and (6) under the second paragraph under "Consolidation, Merger and Sale of Assets" and with respect to the other events set forth in such clause, clause (4) under "Events of Default" with respect to such other covenants and clauses (5) and (6) under "Events of Default" shall be deemed not to be Events of Default upon, among other things, the deposit with the Trustee, in trust, of money, U.S. Government Obligations or a combination thereof that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity of such payments in accordance with the terms of the Indenture and the Notes, the satisfaction of the provisions described in clause (2) of the preceding paragraph and the delivery by the Company to the Trustee of an Opinion of Counsel of recognized standing with respect to U.S. federal income tax matters to the effect that beneficial owners will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance of certain covenants and Events of Default and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred.

#### Defeasance and certain other Events of Default

In the event the Company exercises its option to omit compliance with certain covenants and provisions of the Indenture with respect to the Notes as described in the immediately preceding paragraph and the Notes are declared due and payable because of the occurrence of an Event of Default that remains applicable, the amount of money and/or U.S. Government Obligations on deposit with the Trustee will be sufficient to pay amounts due on the Notes at the time of their Stated Maturity but may not be sufficient to pay amounts due on the Notes at the time of the acceleration resulting from such Event of Default. However, the Company will remain liable for such payments.

#### Amendments and waiver

#### Amendments without consent of holders

The Indenture, the Notes, the Subsidiary Guarantees, the Intercreditor Agreement or any Security Document may be amended, without the consent of any Holder, to:

- (1) cure any ambiguity, defect, omission or inconsistency in the Indenture, the Notes, the Intercreditor Agreement or any Security Document;
- (2) comply with the provisions described under "—Consolidation, merger and sale of assets;"
- (3) evidence and provide for the acceptance of appointment by a successor Trustee;
- (4) add any Subsidiary Guarantor or any Subsidiary Guarantee or release any Subsidiary Guarantor from any Subsidiary Guarantee as provided or permitted by the terms of the Indenture;
- (5) provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture;
- (6) add any Subsidiary Guarantor Pledgor or release any Subsidiary Guarantor Pledgor or any Collateral as provided or permitted by the terms of the Indenture;
- (7) add additional Collateral to secure the Notes or any Subsidiary Guarantee;
- (8) in any other case where a supplemental indenture to the Indenture is required or permitted to be entered into pursuant to the provisions of the Indenture without the consent of any Holder;
- (9) effect any changes to the Indenture in a manner necessary to comply with the procedures of the relevant clearing system;
- (10) permit Permitted Pari Passu Secured Indebtedness (including, without limitation, permitting the Trustee and the Intercreditor/Collateral Agent to enter into any amendments to the Security Documents, the Intercreditor Agreement or the Indenture and take any other action necessary to permit the creation and registration of Liens on the Collateral to secure Permitted Pari Passu Secured Indebtedness, in accordance with the Indenture);
- (11) to conform the text of the Indenture, the Notes or the Subsidiary Guarantees to any provision of this "Description of the Notes;" or

(12) make any other change that does not materially and adversely affect the rights of any Holder.

#### Amendments with consent of Holders

Amendments of the Indenture, the Notes, the Subsidiary Guarantees, the Intercreditor Agreement or any Security Document may be made by the Company, the Subsidiary Guarantors, the Trustee and the Intercreditor/Collateral Agent with the consent of the Holders of not less than a majority in aggregate principal amount of the outstanding Notes, and the holders of a majority in principal amount of the outstanding Notes may waive future compliance by the Company, the Subsidiary Guarantors and the Subsidiary Guarantor Pledgors with any provision of the Indenture, the Notes, the Subsidiary Guarantees, any Security Document or Intercreditor Agreement; provided, however, that no such modification, amendment or waiver may, without the consent of each Holder affected thereby:

- (1) change the Stated Maturity of the principal of, or any installment of interest on, any Note;
- (2) reduce the principal amount of, or premium, if any, or interest on, any Note;
- (3) change the currency or time of payment of principal of, or premium, if any, or interest on, any Note;
- (4) impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity (or, in the case of a redemption, on or after the redemption date) of any Note;
- (5) reduce the above-stated percentage of outstanding Notes the consent of whose Holders is necessary to modify or amend the Indenture;
- (6) waive a default in the payment of principal of, premium, if any, or interest on the Notes;
- (7) release any Subsidiary Guarantor from its Subsidiary Guarantee, except as provided in the Indenture;
- (8) release any Collateral, except as provided in the Indenture, the Intercreditor Agreement and the Security Documents;
- (9) reduce the percentage or aggregate principal amount of outstanding Notes the consent of whose Holders is necessary for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults:
- (10) amend, change or modify any Subsidiary Guarantee in a manner that adversely affects the Holders, except in accordance with the other provisions of the Indenture;
- (11) amend, change or modify any provision of any Security Document, the Intercreditor Agreement or any provision of the Indenture relating to the Collateral, in a manner that adversely affects the Holders, except in accordance with the other provisions of the Indenture;
- (12) reduce the amount payable upon a Change of Control Offer or an Offer to Purchase with the Excess Proceeds from any Asset Sale or, change the time or manner by which a

Change of Control Offer or an Offer to Purchase with the Excess Proceeds or other proceeds from any Asset Sale may be made or by which the Notes must be repurchased pursuant to a Change of Control Offer or an Offer to Purchase with the Excess Proceeds or other proceeds from any Asset Sale;

- (13) consent to the assignment or transfer by the Company or any Subsidiary Guarantor of any of their rights or obligations under the Indenture or the Subsidiary Guarantees, except as permitted pursuant to the provisions described under "Consolidations, Merger and Sale of Assets, whether through an amendment or waiver of provisions in the covenants, definitions or otherwise, unless such amendment, waiver or modification shall be in effect prior to the occurrence of a Change of Control Triggering Event or the event giving rise to the repurchase of the Notes under "—Certain covenants—Limitation on Asset Sales;"
- (14) change the redemption date or the redemption price of the Notes from that stated under the captions "—Optional redemption" or "—Redemption for taxation reasons;"
- (15) amend, change or modify the obligation of the Company or any Subsidiary Guarantor to pay Additional Amounts; or
- (16) amend, change or modify any provision of the Indenture or the related definition affecting the ranking of the Notes or any Subsidiary Guarantee in a manner which adversely affects the Holders.

## **Unclaimed money**

Claims against the Company for the payment of principal of, premium, if any, or interest, on the Notes will become void unless presentation for payment is made as required in the Indenture within a period of six years.

# No personal liability of incorporators, stockholders, officers, directors or employees

No recourse for the payment of the principal of, premium, if any, or interest on any of the Notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Company or any of the Subsidiary Guarantors in the Indenture, or in any of the Notes or the Subsidiary Guarantees or because of the creation of any Indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the Company or any of the Subsidiary Guarantors or of any successor Person thereof. Each Holder, by accepting the Notes, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes and the Subsidiary Guarantees. Such waiver may not be effective to waive liabilities under the federal securities laws.

## **Concerning the Trustee, and the Agents**

Citicorp International Limited has been appointed as Trustee under the Indenture and Citibank N.A., London Branch has been appointed as the paying agent, the registrar and the transfer agent (the "Paying Agent", "Registrar" and "Transfer Agent", respectively) with regard to the Notes. The Trustee will not be liable, except for the performance of such duties as are specifically

set forth in the Indenture. If an Event of Default has occurred and is continuing, the Trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it under the Indenture as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture contains limitations on the rights of the Trustee, should it become a creditor of the Company or any of the Subsidiary Guarantors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions with the Company and its Affiliates; provided, however, that if it acquires any conflicting interest that may have a materially prejudicial effect upon the Holders of the Notes, it must eliminate such conflict or resign.

Subject to the Intercreditor Agreement, The Bank of New York Mellon will initially act as Intercreditor/Collateral Agent or Trustee, as the case may be, under the Intercreditor Agreement and the Security Documents in respect of the Security over the Collateral. The Intercreditor/ Collateral Agent or the Trustee, as the case may be, acting in its capacity as such, shall have such duties with respect to the Collateral pledged, assigned or granted pursuant to the Intercreditor Agreement and the Security Documents as are set forth in the Indenture, the Intercreditor Agreement and the Security Documents. Under certain circumstances, the Intercreditor/Collateral Agent or the Trustee, as the case may be, may have obligations under the Intercreditor Agreement and the Security Documents that are in conflict with the interests of the Holders. The Intercreditor/Collateral Agent or the Trustee, as the case may be, will be under no obligation to exercise any rights or powers conferred under the Indenture, the Intercreditor Agreement or any of the Security Documents for the benefit of the Holders unless such Holders have offered to the Intercreditor/Collateral Agent or the Trustee, as the case may be, indemnity and/or security satisfactory to the Intercreditor/Collateral Agent or the Trustee, as the case may be, against any loss, liability or expense. Furthermore, each Holder, by accepting the Notes will agree, for the benefit of the Intercreditor/Collateral Agent or the Trustee, as the case may be, that it is solely responsible for its own independent appraisal of and investigation into all risks arising under or in connection with the Security Documents and has not relied on and will not at any time rely on the Intercreditor/Collateral Agent or the Trustee, as the case may be, in respect of such risks.

The Intercreditor/Collateral Agent or the Trustee, as the case may be, shall not be responsible for the performance by any other person appointed by the Company in relation to the Notes and, unless notified in writing to the contrary, shall assume that the same are being duly performed. The Intercreditor/Collateral Agent or the Trustee, as the case may be, shall not be responsible for the value of the Collateral nor any liability for the validity, sufficiency or enforceability thereof. The Intercreditor/Collateral Agent or the Trustee, as the case may be, shall not be liable to any Holders or any other person for any action taken by the Holders or the Intercreditor/Collateral Agent or the Trustee, as the case may be, in accordance with the instructions of the Holders.

The Trustee is entitled to rely on all instructions, notices, declarations and certifications received pursuant to the Indenture and the Security Documents without investigating or being responsible for the accuracy, authenticity and validity of these instructions, notices, declarations and certifications.

The Trustee will be under no obligation to exercise any rights or powers conferred under the Indenture for the benefit of the Holders unless such Holders have offered to the Trustee indemnity and/or security and/or prefunding satisfactory to it against any loss, liability or expense. In the exercise of its duties, the Trustee shall not be responsible for the verification of

the accuracy or completeness of any certification or legal opinion submitted to it by the Company and is entitled to rely exclusively on, and take action based on the information contained in, the certification or legal opinion. Notwithstanding anything described herein, the Trustee has no duty to monitor the performance or compliance of the Company in the fulfillment of the Company's obligations under the Indenture.

Neither the Trustee, the Registrar, the Paying Agent or the Transfer Agent will be responsible for making calculations or for verifying calculations performed by the Company or any other persons unless otherwise specified in the Indenture. Specifically, neither the Trustee, the Registrar, the Paying Agent or the Transfer Agent would be responsible for the calculation or verification of the Applicable Premium.

The Trustee shall not be deemed or implied to have any duties or obligations under any documents to which it is a party. Furthermore, the Trustee shall not be deemed to have knowledge of any event unless it has been actually notified in writing of such event.

# **Book-entry**; delivery and form

The certificates representing the Notes will be issued in fully registered form without interest coupons (the "Global Notes" and each a "Global Note"). Beginning on the Original Issue Date and ending 40 days after the Original Issue Date (the "Resale Restriction Period"), beneficial interests in a Global Note may be offered, sold or otherwise transferred only: (i) to the Company or any subsidiary thereof, (ii) outside the United States in a transaction complying with the provisions of Rule 904 under the Securities Act, (iii) pursuant to an available exemption from the registration requirements of the Securities Act or (iv) pursuant to an effective registration statement under the Securities Act, in each of cases in accordance with any applicable securities laws of any State of the United States.

On the Original Issue Date, the Global Notes will be deposited with a common depositary and registered in the name of the common depositary or its nominee for the accounts of Euroclear and Clearstream.

#### **Global Note**

Ownership of beneficial interests in the Global Notes (the "book-entry interests") will be limited to persons that have accounts with Euroclear and/or Clearstream or persons that may hold interests through such participants. Book-entry interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by Euroclear and Clearstream and their participants.

Except as set forth below under "—Individual Definitive Notes," the book-entry interests will not be held in definitive form. Instead, Euroclear and/or Clearstream will credit on their respective book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair the ability to own, transfer or pledge book-entry interests.

So long as the Notes are held in global form, the common depositary for Euroclear and/or Clearstream (or its nominee) will be considered the sole holder of the Global Notes for all purposes under the Indenture and "holders" of book-entry interests will not be considered the

owners or "Holders" of Notes for any purpose. As such, participants must rely on the procedures of Euroclear and Clearstream and indirect participants must rely on the procedures of the participants through which they own book-entry interests in order to transfer their interests in the Notes or to exercise any rights of Holders under the Indenture.

The Notes are not issuable in bearer form.

# **Payments on the Global Notes**

Payments of any amounts owing in respect of the Global Notes (including principal, premium, interest and additional amounts) will be made to the paying agent. The paying agent will, in turn, make such payments to the common depositary for Euroclear and Clearstream, which will distribute such payments to participants in accordance with their procedures. The Company will make payments of all such amounts without deduction or withholding for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, except as may be required by law and as described under "—Additional amounts."

Under the terms of the Indenture, the Company, the Trustee and the Agents will treat the registered holder of the Global Notes (i.e., the common depositary or its nominee) as the owner thereof for the purpose of receiving payments and for all other purposes. Consequently, none of the Company, the Trustee, the Agents or any of their respective agents has or will have any responsibility or liability for:

- any aspect of the records of Euroclear, Clearstream or any participant or indirect participant relating to or payments made on account of a book-entry interest, for any such payments made by Euroclear, Clearstream or any participant or indirect participants, or for maintaining, supervising or reviewing any of the records of Euroclear, Clearstream or any participant or indirect participant relating to or payments made on account of a book-entry interest; or
- Euroclear, Clearstream or any participant or indirect participant. Payments by participants to owners of book-entry interests held through participants are the responsibility of such participants.

# **Redemption of Global Notes**

In the event a Global Note, or any portion thereof, is redeemed, the common depositary will distribute the amount received by it in respect of the Global Note so redeemed to Euroclear and/ or Clearstream, as applicable, who will distribute such amount to the holders of the book-entry interests in such Global Note. The redemption price payable in connection with the redemption of such book-entry interests will be equal to the amount received by the common depositary, Euroclear or Clearstream, as applicable, in connection with the redemption of such Global Note (or any portion thereof). The Company understands that under existing practices of Euroclear and Clearstream, if fewer than all of the Notes are to be redeemed at any time, Euroclear and Clearstream will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; provided, however, that no book-entry interest of US\$200,000 principal amount, or less, as the case may be, will be redeemed in part only.

## **Action by Owners of Book-Entry Interests**

Euroclear and Clearstream have advised that they will take any action permitted to be taken by a Holder only at the direction of one or more participants to whose account the book-entry interests in the Global Certificate are credited and only in respect of such portion of the aggregate principal amount of Notes as to which such participant or participants has or have given such direction. Euroclear and Clearstream will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Note. If there is an Event of Default under the Notes, however, each of Euroclear and Clearstream reserves the right to exchange the Global Note for individual definitive notes in certificated form, and to distribute such individual definitive notes to their participants.

#### **Transfers**

Transfers between participants in Euroclear and Clearstream will be effected in accordance with Euroclear and Clearstream's rules and will be settled in immediately available funds. If a Holder requires physical delivery of individual definitive notes for any reason, including to sell the Notes to persons in jurisdictions which require physical delivery of such securities or to pledge such securities, such Holder must transfer its interest in the Global Note is in accordance with the normal procedures of Euroclear and Clearstream and in accordance with the provisions of the Indenture.

Any book-entry interest in a Global Note that is transferred to a person who takes delivery in the form of a book-entry interest in another Global Note will, upon transfer, cease to be a book-entry interest in the first-mentioned Global Note and become a book-entry interest in the other Global Note and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to book-entry interests in such other Global Note for as long as it retains such a book-entry interest.

## Global Clearance and Settlement Under the Book-Entry System

Book-entry interests owned through Euroclear or Clearstream accounts will follow the settlement procedures applicable. Book-entry interests will be credited to the securities custody accounts of Euroclear and Clearstream holders on the business day following the settlement date against payment for value on the settlement date.

The book-entry interests will trade through participants of Euroclear or Clearstream, and will settle in immediately available funds. Since the purchaser determines the place of delivery, it is important to establish at the time of trading of any book-entry interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

## **Information Concerning Euroclear and Clearstream**

We understand as follows with respect to Euroclear and Clearstream:

Euroclear and Clearstream hold securities for participating organizations and facilitate the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in accounts of such participants. Euroclear and Clearstream provide to their participants, among other things, services for safekeeping, administration,

clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream interface with domestic securities markets.

Euroclear and Clearstream participants are financial institutions, such as underwriters, securities brokers and dealers, banks and trust companies, and certain other organizations. Indirect access to Euroclear or Clearstream is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodian relationship with a Euroclear or Clearstream participant, either directly or indirectly.

Although the foregoing sets out the procedures of Euroclear and Clearstream in order to facilitate the original issue and subsequent transfers of interests in the Notes among participants of Euroclear and Clearstream, neither Euroclear nor Clearstream is under any obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time.

None of the Company, the Trustee, the Agents or any of their respective agents will have responsibility for the performance of Euroclear or Clearstream or their respective participants of their respective obligations under the rules and procedures governing their operations, including, without limitation, rules and procedures relating to book-entry interests.

#### **Individual Definitive Notes**

If (1) the common depositary or any successor to the common depositary is at any time unwilling or unable to continue as a depositary for the reasons described in the Indenture and a successor depositary is not appointed by the Company within 90 days (2) either Euroclear or Clearstream, or a successor clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention to permanently cease business or does in fact do so, or (3) any of the Notes has become immediately due and payable in accordance with "-Events of Default" and the Company has received a written request from a Holder, the Company will issue individual definitive notes in registered form in exchange for the Global Notes. Upon receipt of such notice from the common depositary or the Trustee, as the case may be, the Company will use its best efforts to make arrangements with the common depositary for the exchange of interests in the Global Notes for individual definitive notes and cause the requested individual definitive notes to be executed and delivered to the registrar in sufficient quantities and authenticated by the Trustee for delivery to Holders. Persons exchanging interests in the Global Notes for individual definitive notes will be required to provide the registrar, through the relevant clearing system, with written instruction and other information required by the Company and the registrar to complete, execute and deliver such individual definitive notes. In all cases, individual definitive notes delivered in exchange for any Global Note or beneficial interest therein will be registered in the names, and issued in any approved denominations, requested by the relevant clearing system.

Individual definitive notes will not be eligible for clearing and settlement through Euroclear or Clearstream.

## **Notices**

All notices or demands required or permitted by the terms of the Notes or the Indenture to be given to or by the Holders are required to be in writing and may be given or served by being sent by prepaid courier or by being deposited, first-class postage prepaid, in the mails of the relevant

jurisdiction (if intended for the Company or any Subsidiary Guarantor) addressed to the Company or such Subsidiary Guarantor, as the case may be, at Suite 1702, 17/F., Dina House, Ruttonjee Centre, 11 Duddell Street, Central, Hong Kong and (if intended for the Trustee) addressed to the Trustee at the corporate trust office of the Trustee; and (if intended for any Holder) addressed to such Holder at such Holder's last address as it appears in the Note register (or otherwise delivered to such Holders in accordance with the applicable procedures of Euroclear or Clearstream).

Any such notice or demand will be deemed to have been sufficiently given or served when so sent or deposited and, if to the Holders, when delivered in accordance with the applicable rules and procedures of Euroclear or Clearstream. Any such notice shall be deemed to have been delivered on the day such notice is delivered to Euroclear or Clearstream, or if by mail, when so sent or deposited.

# Consent to jurisdiction; service of process

The Company and each of the Subsidiary Guarantors will irrevocably (1) submit to the non-exclusive jurisdiction of any U.S. federal or New York state court located in the Borough of Manhattan, The City of New York in connection with any suit, action or proceeding arising out of, or relating to, the Notes, any Subsidiary Guarantee, the Indenture or any transaction contemplated thereby; and (2) designate and appoint Law Debenture Corporate Service Inc. for receipt of service of process in any such suit, action or proceeding.

## Governing law

Each of the Notes, the Subsidiary Guarantees, the Indenture and the Intercreditor Agreement provides that such instrument will be governed by, and construed in accordance with, the laws of the State of New York. The existing Security Documents are governed by the laws of Hong Kong.

# **Taxation**

The following summary of certain Cayman Islands, BVI and Hong Kong tax consequences of the purchase, ownership and disposition of Notes is based upon applicable laws, regulations, rulings and decisions in effect as of the date of this offering memorandum, all of which are subject to change (possibly with retroactive effect). This discussion does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and does not purport to deal with consequences applicable to all categories of investors, some of which may be subject to special rules. Persons considering the purchase of Notes should consult their own tax advisors concerning the tax consequences of the purchase, ownership and disposition of Notes.

# **Cayman Islands**

Pursuant to section 6 of the Tax Concessions Law (1999 Revision) of the Cayman Islands, the Company has obtained an undertaking from the Governor in Cabinet:

- (a) that no law which is hereafter enacted in the Cayman Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to the Company or its operations; and
- (b) in addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable by the Company:
  - (i) on or in respect of the shares, debentures or other obligations of the Company; or
  - (ii) by way of withholding in whole or in part of any relevant payment as defined in Section 6(3) of the Tax Concession Law (1999 Revision).

The undertaking is for a period of 20 years from December 19, 2006.

The Cayman Islands currently levies no taxes on individuals or corporations based upon profits, income, gains or appreciations and there is no taxation in the nature of inheritance tax or estate duty. There are no other taxes likely to be material to the Company levied by the Government of the Cayman Islands save certain stamp duties which may be applicable, from time to time, on certain instruments executed in or brought within the jurisdiction of the Cayman Islands. The Cayman Islands is a party to a double tax treaty entered into with the United Kingdom in 2010 but otherwise is not a party to any double tax treaties.

No stamp duty is payable in the Cayman Islands on transfers of shares of Cayman Islands companies except those which hold interests in land in the Cayman Islands. We do not hold, and do not intend to hold, any interest in land in the Cayman Islands.

# **British Virgin Islands**

There is no income or other tax of the BVI imposed by withholding or otherwise on any payment to be made to or by the Subsidiary Guarantors pursuant to the execution, delivery, performance or enforcement of the Subsidiary Guarantees.

# **Hong Kong**

### Withholding tax

No withholding tax in Hong Kong is payable on payments of principal (including any premium payable on redemption of the Notes) or interest in respect of the Notes.

### **Profits tax**

Hong Kong profits tax is charged on every person carrying on a trade, profession or business in Hong Kong in respect of assessable profits arising in or derived from Hong Kong from such trade, profession or business.

Under the Inland Revenue Ordinance (Chapter 112 of the Laws of Hong Kong) (the "Inland Revenue Ordinance") as it is currently applied, Hong Kong profits tax may be charged on revenue profits arising on the sale, disposal or redemption of the Notes where such sale, disposal or redemption is or forms part of a trade, profession or business carried on in Hong Kong.

Interest on the Notes will be subject to Hong Kong profits tax where such interest has a Hong Kong source, and is received by or accrues to:

- a financial institution (as defined in the Inland Revenue Ordinance) and arises through or from the carrying on by the financial institution of its business in Hong Kong; or
- a corporation carrying on a trade, profession or business in Hong Kong; or
- a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and such interest is in respect of the funds of the trade, profession or business.

Although no tax is imposed in Hong Kong in respect of capital gains, Hong Kong profits tax may be chargeable on trading gains arising on the sale or disposal of the Notes where such transactions are or form part of a trade, profession or business carried on in Hong Kong.

### Stamp duty

No Hong Kong stamp duty will be chargeable upon the issue or transfer of a Note.

# Plan of distribution

Under the terms and subject to the conditions contained in a purchase agreement dated September 20, 2016 (the "Purchase Agreement") between the Company and the initial purchasers named below (the "Initial Purchasers"), the Initial Purchasers have agreed to purchase from us on several basis, and we have agreed to sell to the Initial Purchasers, US\$650,000,000 aggregate principal amount of the Notes set forth opposite its name below:

| Initial Purchasers                                    | Principal Amount of Notes |
|---|---------------------------|
| Goldman Sachs (Asia) L.L.C.                           | US\$227,500,000           |
| J.P. Morgan Securities plc                            | US\$227,500,000           |
| BNP Paribas   | US\$ 65,000,000           |
| BOCI Asia Limited                                     | US\$ 65,000,000           |
| The Hongkong and Shanghai Banking Corporation Limited | US\$ 65,000,000           |
| Total   | US\$650,000,000           |

The Purchase Agreement provides that the obligation of the Initial Purchasers to take and pay for the Notes is subject to the approval of certain legal matters by their counsel and certain other conditions. The Initial Purchasers have agreed to take and pay for all of the Notes if any are taken. After the initial offering, the offering price and other selling terms may be varied from time to time by the Initial Purchasers. The Company has agreed with the Initial Purchasers that private banks will be paid a rebate in connection with the purchase of the Notes by the Initial Purchasers' private bank clients.

We and the Subsidiary Guarantors have agreed to indemnify jointly and severally the Initial Purchasers against certain liabilities, including liabilities under the Securities Act, and to contribute to payments which the Initial Purchasers may be required to make in respect thereof.

The Notes are a new issue of securities with no established trading market. Approval in-principle has been received for the listing and quotation of the Notes on the SGX-ST. We have been advised that the Initial Purchasers presently intend to make a market in the Notes, as permitted by applicable laws and regulations. The Initial Purchasers are not obligated, however, to make a market in the Notes, and any such market making may be discontinued at any time without prior notice at the sole discretion of the Initial Purchasers. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the Notes. We have been advised by the Initial Purchasers that, in connection with the offering of the Notes, the Initial Purchasers, as stabilizing managers, or any person or entity acting on their behalf, may engage in transactions that stabilize, maintain or otherwise affect the price of the Notes. Specifically, the Initial Purchasers, as stabilizing managers, or any person or entity acting on their behalf, may over-allot the offering, creating a syndicate short position. In addition, the Initial Purchasers, as stabilizing managers, or any person or entity acting on their behalf, may bid for, and purchase, the Notes in the open market to cover syndicate shorts or to stabilize the price of the Notes. Any of these activities may stabilize or maintain the market price of the Notes above independent market levels. The Initial Purchasers, as stabilizing managers, or any person or entity acting on their behalf, are not required to engage in these activities, and may end any of these activities at any time. No assurance can be given as to the liquidity of, or the trading market for, the Notes.

The Initial Purchasers and certain of their affiliates have in the past and may in the future have performed certain investment banking, commercial/corporate banking and advisory services for the Company and/or its affiliates from time to time for which they have received customary fees

and expenses and may, from time to time, engage in transactions with and perform banking and advisory services for the Company and/or its affiliates in the ordinary course of their business. Goldman Sachs (Asia) L.L.C. and an affiliate of J.P. Morgan Securities plc were the underwriters of the Rights Issue. In connection with the Rights Issue, Goldman Sachs (Asia) L.L.C. and an affiliate of J.P. Morgan Securities plc provided a bridge loan to us. As of the date of the offering memorandum, the bridge loan has been fully repaid. In addition, Goldman Sachs (Asia) L.L.C. and an affiliate of J.P. Morgan Securities plc provided a loan to our shareholder which is secured by a pledge of our shares in connection with the Rights Issue. We may enter into hedging or other derivative transactions as part of our risk management strategy with the Initial Purchasers, which may include transactions relating to our obligations under the Notes. Our obligations under these transactions may be secured by cash or other collateral.

The Initial Purchasers or certain of their affiliates may purchase the Notes and be allocated Notes for asset management and/or proprietary purposes and not with a view to distribution.

The Initial Purchasers or their respective affiliates may purchase the Notes and/or other securities of the Company for its or their own account and enter into transactions, including credit derivatives, such as asset swaps, repackaging and credit default swaps relating to the Notes and/or other securities of the Company or their respective subsidiaries or associates at the same time as the offer and sale of the Notes or in secondary market transactions. Such transactions would be carried out as bilateral trades with selected counterparties and separately from any existing sale or resale of the Notes to which this offering memorandum relates (notwithstanding that such selected counterparties may also be purchasers of the Notes).

In connection with this offering of the Notes, each Initial Purchaser and/or its affiliate(s) may act as an investor for its own account and may take up Notes in the offering and in that capacity may retain, purchase or sell for its own account such securities and any securities of the Company or related investments and may offer or sell such securities or other investments otherwise than in connection with the offering of the Notes. Accordingly, references herein to the Notes being offered should be read as including any offering of the Notes to the Initial Purchasers and/or their affiliates acting in such capacity. Such persons do not intend to disclose the extent of any such investment or transactions otherwise than in accordance with any legal or regulatory obligation to do so.

We expect that delivery of the Notes will be made against payment therefor on or about the closing date specified on the cover page of this offering memorandum, which will be on or about the sixth business day following the pricing date of the Notes (this settlement cycle is referred to as "T+6"). Under Rule 15c6-I of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+6, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade the Notes on the date of pricing or succeeding business days should consult their own legal advisor.

#### **United States**

Each Initial Purchaser has, severally and not jointly, represented, warranted, and agreed that (i) the Notes and the Subsidiary Guarantees have not been registered under the Securities Act and

may only be offered, sold or delivered outside the United States to non-U.S. persons in transactions meeting the requirements of Rule 903 or 904 of Regulation S and (ii) it has not offered, sold or delivered and will not offer, sell or deliver any Notes (1) as part of their distribution at any time or (2) otherwise until 40 days from the later of the commencement date of the offering or the original issue date of the Notes (the Resale Restriction Period), to, or for the account or benefit of, any U.S. persons, and they will have sent to each dealer to which they sell Notes during the Resale Restriction Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons; accordingly, neither such Initial Purchaser, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts (within the meaning of Regulation S) with respect to the Notes, and any such Initial Purchaser, its affiliates and any such persons have complied and will comply with the offering restrictions requirement of Regulation S.

## **United Kingdom**

Each Initial Purchaser has severally represented and agreed that it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the FSMA)) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Company and the Subsidiary Guarantors; and it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes and the Subsidiary Guarantees in, from or otherwise involving the United Kingdom.

### Singapore

Each Initial Purchaser has severally represented and agreed that this offering memorandum has not been and will not be registered as a prospectus with the Monetary Authority of Singapore. Accordingly, it has represented and agreed that it has not offered or sold any Notes or caused any Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause any Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this offering memorandum or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of any Notes, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA), (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275, of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

This offering memorandum has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this offering memorandum and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of any Notes may not be circulated or distributed, nor may any Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the SFA, (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with

the conditions specified in Section 275, of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where Notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (i) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (ii) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Notes pursuant to an offer made under Section 275 of the SFA except:

- (A) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- (B) where no consideration is or will be given for the transfer;
- (C) where the transfer is by operation of law;
- (D) as specified in Section 276(7) of the SFA; or
- (E) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore.

## Hong Kong

Each Initial Purchaser has severally represented and agreed that (i) it has not offered or sold and will not offer or sell the Notes and the Subsidiary Guarantees in Hong Kong, by means of any document other than: (A) to professional investors as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made under that Ordinance; or (B) in other circumstances which do not result in the document being a prospectus as defined in the Companies (Winding-Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance, and (ii) it has not issued or had in its possession for the purpose of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes and the Subsidiary Guarantees, which is directed at, or the contents of which are likely to be assessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes and the Subsidiary Guarantees that are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made under that Ordinance.

### Japan

Each Initial Purchaser has severally represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for reoffering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law of Japan and any other applicable laws and regulations of Japan.

### European Economic Area

Each Initial Purchaser has severally represented and agreed that it has not made and will not make, in relation to each Member State of the European Economic Area which has implemented the EU Prospectus Directive (each, a **Relevant Member State**), with effect from and including the date on which the EU Prospectus Directive is implemented in that Relevant Member State, an offer of Notes to the public in that Relevant Member State other than:

- (i) to any legal entity which is a qualified investor as defined in the EU Prospectus Directive;
- (ii) to fewer than 150 natural or legal persons (other than qualified investors as defined in the EU Prospectus Directive), subject to obtaining the prior consent of the relevant Initial Purchaser or Initial Purchasers nominated by the Company for any such offer; or
- (iii) in any other circumstances falling within Article 3(2) of the EU Prospectus Directive,

provided that no such offer of Notes shall require the Company or any Initial Purchaser to publish a prospectus pursuant to Article 3 of the EU Prospectus Directive.

For the purposes of the above paragraph, the expression an offer of Notes to the public in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in that Member State by any measure implementing the EU Prospectus Directive in that Member State, the expression EU Prospectus Directive means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in the Relevant Member State.

### Cayman Islands

Each Initial Purchaser has severally represented and agreed that it has not offered or sold, and will not offer or sell, any Notes to the public in the Cayman Islands.

## People's Republic of China

Each Initial Purchaser has severally represented and agreed that it has not circulated and will not circulate the offering memorandum and it has not offered or sold and will not offer or sell the Notes, directly or indirectly, in the People's Republic of China (for such purpose, not including the Hong Kong and Macau Special Administrative Regions or Taiwan).

# **Transfer restrictions**

Because of the following restrictions, purchasers are advised to consult their legal counsel prior to making any offer, sale, resale, charge or other transfer of the Notes.

The Notes and the Subsidiary Guarantees have not been and will not be registered under the Securities Act and may not be offered, sold or delivered within the United States (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Notes are being offered and sold only to non-U.S. persons outside the United States in offshore transactions in reliance on Regulation S under the Securities Act.

By its purchase of the Notes, each purchaser of the Notes will be deemed to:

- 1. represent that it is purchasing the Notes for its own account or an account with respect to which it exercises sole investment discretion, that it and any such account is a purchaser that is outside the United States and is not a U.S. person, that it is not an affiliate (as defined in Rule 144 under the Securities Act) of ours, that it is not acting on our behalf and that it is not a U.S. person (as defined in Regulation S under the Securities Act) or purchasing for the account or benefit of a U.S. person, other than a distributor, and it is purchasing Notes (including the Subsidiary Guarantees) in an offshore transaction in accordance with Regulation S;
- 2. acknowledge that the Notes and the Subsidiary Guarantees has not been and will not be registered under the Securities Act and may not be offered or sold within the United States except as set forth below;
- 3. agree on its own behalf and on behalf of any investor account for which it is purchasing Notes, and each subsequent holder of the Notes (including the Subsidiary Guarantees) by its acceptance of the Notes will agree, that until the end of the 40-day distribution compliance period, the Notes (including the Subsidiary Guarantees) may be offered, sold or otherwise transferred only: (i) to the Company or any subsidiary thereof, (ii) outside the United States in a transaction complying with the provisions of Rule 904 under the Securities Act, (iii) pursuant to an available exemption from the registration requirements of the Securities Act or (iv) pursuant to an effective registration statement under the Securities Act, in each of the above cases in accordance with any applicable securities laws of any State of the United States; subject in each case to any requirement of law that the disposition of the seller's property or the property of an investor account or accounts be at all times within the seller or account's control and in compliance with applicable state and other securities laws;
- 4. agree that if it is a purchaser in a sale that occurs outside the United States within the meaning of Regulation S, that until the expiration of the 40-day distribution compliance period, it shall not make any offer or sale of the Notes to a U.S. person or for the account or benefit of a U.S. person within the meaning of Rule 902 under the Securities Act;
- 5. agree that it will inform each person to whom it transfers the Notes of any restrictions on transfer of such Notes;
- 6. understand that if it is a purchaser outside the United States, the Notes will be represented by the Global Note and that transfers thereto are restricted as described under "Description of the Notes—Book-entry; delivery and form;"

6. understand that each Note sold within the United States will bear a legend to the following effect unless otherwise agreed by the Company and the holder thereof (unless such Note has been sold pursuant to a registration statement that has been declared effective under the Securities Act):

THIS NOTE AND THE SUBSIDIARY GUARANTEES IN RESPECT HEREOF (OR ITS PREDECESSOR) WAS ORIGINALLY ISSUED IN A TRANSACTION ORIGINALLY EXEMPT FROM REGISTRATION UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND MAY NOT BE TRANSFERRED IN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY U.S. PERSON EXCEPT PURSUANT TO AN AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ALL APPLICABLE STATE SECURITIES LAWS. TERMS USED ABOVE HAVE THE MEANINGS GIVEN TO THEM IN REGULATION S UNDER THE SECURITIES ACT. THE HOLDER OF THIS NOTE, BY ITS ACCEPTANCE HEREOF, AGREES ON ITS OWN BEHALF AND ON BEHALF OF ANY INVESTOR ACCOUNT FOR WHICH IT HAS PURCHASED SECURITIES, TO OFFER, SELL OR OTHERWISE TRANSFER SUCH SECURITY, PRIOR TO THE DATE (THE "RESALE RESTRICTION TERMINATION DATE") THAT IS 40 DAYS AFTER THE LATER OF THE ORIGINAL ISSUE DATE HEREOF AND THE LAST DATE ON WHICH THE COMPANY OR ANY AFFILIATE OF THE COMPANY WAS THE OWNER OF THIS SECURITY (OR ANY PREDECESSOR OF SUCH SECURITY), ONLY (A) TO THE COMPANY, (B) PURSUANT TO A REGISTRATION STATEMENT THAT HAS BEEN DECLARED EFFECTIVE UNDER THE SECURITIES ACT, (C) PURSUANT TO OFFERS AND SALES THAT OCCUR OUTSIDE THE UNITED STATES WITHIN THE MEANING OF REGULATION S UNDER THE SECURITIES ACT, OR (D) PURSUANT TO ANOTHER AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT, SUBJECT TO THE COMPANY'S AND THE TRUSTEE'S RIGHT PRIOR TO ANY SUCH OFFER, SALE OR TRANSFER PURSUANT TO CLAUSE (D) TO REQUIRE THE DELIVERY OF AN OPINION OF COUNSEL, CERTIFICATION AND/OR OTHER INFORMATION SATISFACTORY TO EACH OF THEM. THIS LEGEND WILL BE REMOVED UPON THE REQUEST OF THE HOLDER AFTER THE RESALE RESTRICTION TERMINATION DATE. BY ITS ACQUISITION HEREOF, THE HOLDER HEREOF REPRESENTS THAT IT IS NOT A U.S. PERSON NOR IS IT PURCHASING FOR THE ACCOUNT OF A U.S. PERSON AND IS ACQUIRING THIS SECURITY IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH REGULATION S UNDER THE SECURITIES ACT; and

7. acknowledge that the Company, the Subsidiary Guarantors, the Trustee, the Paying Agent, the Transfer Agent, the Initial Purchasers and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements, and agree that if any of the acknowledgements, representations or agreements deemed to have been made by its purchase of the Notes are no longer accurate, it shall promptly notify the Company, the Subsidiary Guarantors, the Trustee, the Paying Agent, the Transfer Agent and the Initial Purchasers. If it is acquiring any Notes as a fiduciary or agent for one or more investor accounts, it represents that it has sole investment discretion with respect to each such account and it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

### **Ratings**

The Notes are expected to be rated Ba1 by Moody's Investors Service and BB+ by Fitch Ratings. The ratings reflect the rating agencies' assessment of the likelihood of timely payment of the principal of and interest on the Notes. Additionally, we have been rated BB with a stable outlook by Standard & Poor's Ratings Services, Ba1 with a stable outlook by Moody's Investors Service and BB+ with a stable outlook by Fitch Ratings. The ratings do not address the payment of any Additional Amounts and do not constitute recommendations to purchase, hold or sell the Notes inasmuch as such ratings do not comment as to market price or suitability for a particular investor. We cannot assure you that the ratings will remain in effect for any given period or that the ratings will not be revised by such rating agencies in the future if in their judgment circumstances so warrant. Each such rating should be evaluated independently of any other rating on the Notes, on other of our securities, or on us.

### **Legal matters**

Certain legal matters with respect to the Notes will be passed upon for us by Conyers Dill & Pearman as to matters of Cayman Islands law, Conyers Dill & Pearman as to matters of BVI law, Sidley Austin as to matters of United States federal, New York law and Hong Kong law and Commerce & Finance Law Offices as to matters of PRC law. Certain legal matters will be passed upon for the Initial Purchasers by Allen & Overy as to matters of United States federal and New York law and Jingtian & Gongcheng as to matters of PRC law.

### Independent auditor

Our consolidated financial statements as of and for each of the fiscal years ended December 31, 2014 and 2015 reproduced in this offering memorandum have been audited by PricewaterhouseCoopers, Certified Public Accountants, Hong Kong, as stated in their reports appearing herein.

Our unaudited interim condensed consolidated financial information as of and for the six months ended June 30, 2016 reproduced in this offering memorandum has been reviewed by PricewaterhouseCoopers, Certified Public Accountants, Hong Kong, as stated in their report appearing herein.

### **General information**

#### **Consents**

We have obtained all necessary consents, approvals and authorizations in the Cayman Islands and the BVI in connection with the issue and performance of the Notes and the Subsidiary Guarantees. The entering into the Indenture governing the Notes and the issue of the Notes have been authorized by a resolution of our board of directors dated August 18, 2016. The entering into the Indenture governing the Notes and the giving of the Subsidiary Guarantees have been authorized by resolutions of board of directors of each Subsidiary Guarantor dated September 12, 2016.

### Litigation

Save as disclosed in this offering memorandum, there are no legal or arbitration proceedings against or affecting us, any of our subsidiaries or any of our assets, nor are we aware of any pending or threatened proceedings, which are or might be material in the context of this issue of the Notes or the Subsidiary Guarantees.

### No material adverse change

Except as may be otherwise disclosed in this offering memorandum, there has been no adverse change, or any development reasonably likely to involve an adverse change, in the condition (financial or otherwise) of our general affairs since June 30, 2016 that is material in the context of the issue of the Notes.

#### **Documents** available

For so long as any of the Notes are outstanding, copies of the Indenture governing the Notes may be inspected free of charge during normal business hours on any weekday (except public holidays) at the corporate trust office of the Trustee.

For so long as any of the Notes are outstanding, copies of the accountant's reports and/or our published financial statements, if any, may be obtained during normal business hours on any weekday (except public holidays) at the corporate trust office of the Trustee.

### **Clearing system and settlement**

The Notes have been accepted for clearance through the facilities of Euroclear and Clearstream with ISIN of XS1485578535 and Common Code of 148557853.

### Listing of the Notes

Approval in-principle has been received for the listing and quotation of the Notes on the SGX-ST. The SGX-ST assumes no responsibility for the correctness of any of the statements made, or opinions expressed or reports contained in this offering memorandum. Approval in-principle for the listing and quotation of the Notes on the SGX-ST is not to be taken as an indication of the merits of the Issuer, the Subsidiary Guarantors, their associated companies or the Notes. The Notes will be traded on the SGX-ST in a minimum board lot size of US\$200,000 for so long as the Notes are listed on the SGX-ST.

For so long as the Notes are listed on the SGX-ST and the rules of the SGX-ST so require, we will appoint and maintain a paying agent in Singapore, where the Notes may be presented or surrendered for payment or redemption, in the event that a Global Note is exchanged for definitive Notes. In addition, in the event that a Global Note is exchanged for definitive Notes, an announcement of such exchange shall be made by or on behalf of us through the SGX-ST and such announcement will include all material information with respect to the delivery of the definitive Notes, including details of the paying agent in Singapore.

# REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF COUNTRY GARDEN HOLDINGS COMPANY LIMITED

(incorporated in the Cayman Islands with limited liability)

#### Introduction

We have reviewed the interim condensed consolidated financial information set out on pages 78 to 142, which comprises the interim consolidated statement of financial position of Country Garden Holdings Company Limited (the "Company") and its subsidiaries as at 30 June 2016 and the related interim consolidated statement of comprehensive income and changes in equity and interim consolidated cash flow statement for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

### Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim condensed consolidated financial information is not prepared, in all material respects, in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting".

### Notes to the Interim Condensed Consolidated Financial Information

#### 1 General information

Country Garden Holdings Company Limited (the "Company") was incorporated in the Cayman Islands on 10 November 2006 as an exempted company with limited liability under the Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands.

The address of the Company's registered office is Cricket Square, Hutchins Drive, P.O. Box 2681 Grand Cayman, KY1-1111 Cayman Islands. The Company is engaged in investment holding and its subsidiaries (collectively, the "Group") are principally engaged in the property development, construction, fitting and decoration, property investment, property management and hotel operation.

The Company's shares are listed on The Stock Exchange of Hong Kong Limited.

This interim condensed consolidated financial information is presented in Renminbi ("RMB"), unless otherwise stated, and was approved by the Board of Directors of the Company for issue on 18 August 2016.

### 2 Basis of preparation

This interim condensed consolidated financial information for the six months ended 30 June 2016 has been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34, 'Interim Financial Reporting'. This interim condensed consolidated financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2015 ("2015 Financial Statements"), which have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

### Notes to the Interim Condensed Consolidated Financial Information

### 3 Significant accounting policies

Except as described below, the accounting policies applied are consistent with those of the 2015 Financial Statements, as described therein.

- (a) Amendments and interpretations to existing standards that are effective for the financial year beginning on 1 January 2016 do not have a material impact on or are not relevant to the Group.
- (b) New and revised standards and amendments to existing standards have been issued and relevant to the Group but are not effective for the financial year beginning on 1 January 2016 and have not been early adopted:

|                      |  | financial year beginning on or after |
|----------------------|--|--------------------------------------|
|                      |  |                                      |
| HKAS 12 (Amendments) | Income taxes                                     | 1 January 2017                       |
| HKAS 7 (Amendments)  | Statement of cash flows                          | 1 January 2017                       |
| HKFRS 15             | Revenue from contracts with customers            | 1 January 2018                       |
| HKFRS 16             | Leases   | 1 January 2019                       |
| HKFRS 10 and HKAS 28 | Sale or contribution of assets between           | To be determined                     |
| (Amendments)         | an investor and its associates or joint ventures |                                      |

The Group is yet to assess the impact of the above new and revised standards and amendments to existing standards on the Group's consolidated financial statements.

#### (c) New and amended standards early adopted by the Group:

HKFRS 9 Financial Instruments ("HKFRS 9") addresses the classification, measurement and derecognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets. The standard does not need to be applied until 1 January 2018 but is available for early adoption. The Group has elected to apply HKFRS 9 as issued in July 2014 from 1 January 2016, because the new accounting policies provide more reliable and relevant information for users to assess the amounts, timing and uncertainty of future cash flows. See note 4 for further details on the impact of the change in accounting policy.

#### (c) New and amended standards early adopted by the Group: (Continued)

Derivatives and hedging activities

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated.

The Group designates some of their derivatives as hedges of foreign exchange and interest rate risks associated with the cash flows of their foreign currency borrowings (cash flow hedges). The Group documents at the inception of the hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows of hedged items. The Group documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship.

The full fair value of a hedging derivative is classified as a non-current asset or liability when the remaining maturity of the hedged item is more than 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item is less than 12 months.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the cash flow hedge reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, within 'finance income/ (costs) — net'.

When option contracts are used to hedge forecast transactions, the Group designates only the intrinsic value of the option contract as the hedging instrument. Gains or losses relating to the effective portion of the change in intrinsic value of the option contracts are recognised in the cash flow hedge reserve within equity. The changes in the time value of the option contracts that relate to the hedged item ("aligned time value") are recognised within other comprehensive income in the costs of hedging reserve within equity. The aligned time value at the date of designation of the option as a hedging instrument is amortised on a systematic and rational basis to profit or loss over the period.

#### (c) New and amended standards early adopted by the Group: (Continued)

**Derivatives and hedging activities** (Continued)

When forward contracts are used to hedge forecast transactions, the Group generally designates only the change in fair value of the forward contract related to the spot component as the hedging instrument. Gains or losses relating to the effective portion of the change in the spot component of the forward contracts are recognised in the cash flow hedge reserve within equity. The change in the forward element of the contract that relates to the hedged item ("aligned forward element") is recognised within other comprehensive income in the costs of hedging reserve within equity. The aligned forward element at the date of designation of the forward contract as a hedging instrument is amortised on a systematic and rational basis to profit or loss over the period.

When a financial instrument that involves exchanges of cash flows that are denominated in different currencies is used in a hedge transaction, the foreign currency basis spread of the instrument is separated and excluded from the designated hedging instrument. The change in fair value of this excluded portion (to the extent it relates to the hedged item) is recognised in other comprehensive income and is accumulated in a separate component of equity. For time-period related hedged items, the currency basis spread at the date of designation (to the extent that it relates to the hedged item) is amortised on a systematic and rational basis to profit or loss over the period.

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative deferred gain or loss and deferred costs of hedging in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately reclassified to profit or loss.

### (c) New and amended standards early adopted by the Group: (Continued)

**Derivatives and hedging activities** (Continued)

If the hedge ratio for risk management purposes is no longer optimal but the risk management objective remains unchanged and the hedge continues to qualify for hedge accounting, the hedge relationship will be rebalanced by adjusting either the volume of the hedging instrument or the volume of the hedged item so that the hedge ratio aligns with the ratio used for risk management purposes. Any hedge ineffectiveness is calculated and accounted for in profit or loss at the time of the hedge relationship rebalancing.

(d) Taxes on income in the interim periods are accrued using the tax rate that would be applicable to expected total annual earnings.

### 4 Change in accounting policy

As explained in note 3(c) above, the Group has early adopted HKFRS 9 as issued in July 2014 from 1 January 2016, which resulted in changes in accounting policies and adjustments to the amounts recognised in the financial statements. In accordance with the transitional provisions in HKFRS 9, comparative figures have not been restated. As a consequence, any adjustments to carrying amounts of financial assets or liabilities are recognised at the beginning of the current reporting period, with the difference recognised in opening retained earnings. Provisions for impairment have not been restated in the comparative period, as well.

The accounting policies were changed to comply with HKFRS 9. HKFRS 9 replaces the provisions of HKAS 39 Financial Instruments ("HKAS 39") that relate to the recognition, classification and measurement of financial assets and financial liabilities; derecognition of financial instruments; impairment of financial assets and hedge accounting. HKFRS 9 also significantly amends other standards dealing with financial instruments such as HKFRS 7 Financial Instruments — Disclosures.

### (a) Classification and measurement of financial instruments

The total impact on the Group's retained earnings due to classification and measurement of financial instruments as at 1 January 2016 is as follows:

|  | Notes | RMB'000    |
|--|-------|------------|
|  |       |            |
| Opening retained earnings — HKAS 39                                      |       | 32,135,960 |
| Increase in provision for loans to related and third parties, net of tax | 4(c)  | (69,838)   |
| Increase in provision for trade and other receivables (excluding         |       |            |
| prepayments and loans to related and third parties), net of tax          | 4(c)  | (258,094)  |
| Adjustment to retained earnings from adoption of HKFRS 9                 |       | (327,932)  |
| Opening retained earnings — HKFRS 9                                      |       | 31,808,028 |

Management has assessed the business models and the contractual terms of the cash flows apply to the financial assets held by the Group at the date of initial application of HKFRS 9 (1 January 2016) and has classified its financial instruments into the appropriate HKFRS 9 categories, which are those to be measured subsequently at fair value (either through other comprehensive income ("FVOCI"), or through profit or loss ("FVPL")), and those to be measured at amortised cost. The main effects resulting from this reclassification are as follows:

| At 1 January 2016   | AFS<br>RMB <sup>2</sup> 000 | FVOCI<br>RMB'000 |
|---|-----------------------------|------------------|
| Opening balance – HKAS 39   | 214,998                     | _                |
| Reclassify non-trading unlisted equity securities from AFS to FVOCI | (214,998)                   | 214,998          |
| Opening balance — HKFRS 9   | _                           | 214,998          |

### Notes to the Interim Condensed Consolidated Financial Information

### 4 Change in accounting policy (Continued)

### (a) Classification and measurement of financial instruments (Continued)

The main effects resulting from this reclassification on the Group's equity is as follows:

| At 1 January 2016   | Effect on<br>AFS reserves<br>RMB'000 | Effect on<br>FVOCI reserves<br>RMB'000 |
|---|--------------------------------------|--|
| Opening balance — HKAS 39 Reclassify non-trading unlisted equity securities | 13,415                               | _                                      |
| from AFS to FVOCI   | (13,415)                             | 13,415                                 |
| Opening balance — HKFRS 9   | _                                    | 13,415                                 |

Equity interest in an unlisted investment fund company with a fair value of RMB214,998,000 was reclassified from available-for-sale financial assets ("AFS") to FVOCI and the accumulated fair value gains of RMB13,415,000 were reclassified from the AFS reserve to the FVOCI reserve on 1 January 2016

There is no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss and the Group does not have any such liabilities except for derivative financial instruments. The derecognition rules have been transferred from HKAS 39 Financial Instruments: Recognition and Measurement and have not been changed.

### (b) Derivatives and hedging activities

In prior years/periods, the change in fair value of the entire forward contracts was recognised in profit or loss.

Upon adoption of HKFRS 9, the Group now recognises changes in the fair value of foreign exchange forward contracts attributable to forward points in the costs of hedging reserve within equity. The deferred costs of hedging is amortised on a systematic and rational basis to profit or loss over the period.

### Notes to the Interim Condensed Consolidated Financial Information

### 4 Change in accounting policy (Continued)

#### (c) Impairment of financial assets

The Group has two types of financial assets at amortised cost subject to HKFRS 9's new expected credit loss model:

- loans to related and third parties
- trade and other receivables (excluding prepayments and loans to related and third parties)

The Group revised its impairment methodology under HKFRS 9 for each of these classes of assets.

(i) Loans to related and third parties

For loans to related and third parties already in place at 1 January 2016, the Group has determined that reliably assessing the probability of default at the initial recognition of each loan to related and third parties would result in undue cost and effort. As permitted by HKFRS 9, the credit provision will be determined based on whether credit risk is low only at each reporting date, until the loan is derecognised. RMB69,838,000 was recognised in retained earnings as at 1 January 2016 for those loans whose credit risk has been assessed as other than low and for which the impairment methodology described in note 6.3 has been applied. Note 6.3 reconciles the loan loss allowance as at 1 January 2016 to that at the end of the reporting period.

(ii) Trade and other receivables (excluding prepayments and loans to related and third parties)

For trade and other receivables (excluding prepayments and loans to related and third parties), the Group applies the simplified approach to providing for expected credit losses prescribed by HKFRS 9, which requires the use of the lifetime expected loss provision for all trade and other receivables (excluding prepayments and loans to related and third parties). RMB258,094,000 was recognised in retained earnings as at 1 January 2016 for those trade and other receivables (excluding prepayments and loans to related and third parties) whose credit risk has been assessed as other than low and for which the impairment methodology described in note 6.3 has been applied. Note 6.3 reconciles the loss allowance as at 1 January 2016 to that at the end of the reporting period.

### 5 Estimates

The preparation of the interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the 2015 Financial Statements.

### Notes to the Interim Condensed Consolidated Financial Information

### 6 Financial risk management

#### 6.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. The Group uses derivative financial instruments to hedge certain risk exposures.

The interim condensed consolidated financial information does not include all financial risk management information and disclosures required in the annual financial statements, and should be read in conjunction with the 2015 Financial Statements.

#### 6.2 Foreign exchange risk

The Group mainly operates in Mainland China and is exposed to foreign exchange risk arising from foreign currency denominated debts, primarily with respect to the United States dollar ("USD"), Hong Kong dollar ("HKD"), Ringgit Malaysia ("RM") and Australian dollar ("AUD"), which are not the Group's functional currency (RMB). The risk is measured through a forecast of highly probable repayments of principles and interests of foreign currency denominated debts. Part of the foreign exchange risk arising from USD exposures are managed through hedging. The objective of the hedges is to minimise the volatility of the RMB cost of highly probable forecast repayments of debts.

The Group's risk management policy is to hedge approximately up to 80% of forecasted foreign currency cash flows up to six months to five years in advance (mainly repayments of debts), subject to availability of appropriate hedging instruments and cost of hedging.

The Group uses a combination of foreign exchange forward contracts, foreign currency option contracts and foreign currency swap contracts to hedge its exposure to foreign currency risk. The Group designates the spot component of forward contracts and currency swap contracts and the intrinsic value of foreign currency option contracts and foreign currency swap contracts as the hedging instruments.

### 6 Financial risk management (Continued)

#### 6.3 Credit risk

The Group is exposed to credit risk if counterparties fail to make payments as they fall due in respect of:

- loans provided to related and third parties fall due under loan term (note 12)
- payment of trade and other receivables (excluding prepayments and loans to related and third parties) as invoices fall due under credit terms after being raised (note 12)

For financial assets originated from 1 January 2016, the following credit risk modelling applies:

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- internal credit rating
- external credit rating
- actual or expected significant adverse changes in business, financial or economic conditions that
  are expected to cause a significant change to the borrower's ability to meet its obligations
- actual or expected significant changes in the operating results of the borrower
- significant increases in credit risk on other financial instruments of the same borrower
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the group and changes in the operating results of the borrower.

### (i) Loans to related and third parties

The Group uses four categories for loans which reflect their credit risk and how the loan loss provision is determined for each of those categories. These internal credit risk ratings are aligned to external credit ratings. The banks' ratings for the related and third parties are B.

A summary of the assumptions underpinning the Group's expected credit loss model is as follows:

| Category        | Group definition of category  | Basis for recognition of expected credit loss provision  |
|-----------------|---|--|
| Performing      | Customers have a low risk of default and a strong capacity to meet contractual cash flows   | 12 month expected losses.  Where the expected lifetime of an asset is less than 12 months, expected losses are measured at its expected lifetime |
| Underperforming | Loans for which there is a significant increase in credit risk; as significant increase in credit risk is presumed if interest and/or principal repayments are 30 days past due | Lifetime expected losses   |
| Non-performing  | Interest and/or principal repayments are 60 days past due   | Lifetime expected losses   |
| Write-off       | Interest and/or principal repayments are 120 days past due and there is no reasonable expectation of recovery   | Asset is written off   |

As at 1 January 2016 and 30 June 2016, the internal credit rating of loans to related and third parties were performing.

#### (i) Loans to related and third parties (Continued)

Over the term of the loans, the Group accounts for its credit risk by appropriately providing for expected credit losses on a timely basis. In calculating the expected credit loss rates, the Group considers historical loss rates for each category of loan, and adjusts for forward looking macroeconomic data. As at 30 June 2016, the Group provides for credit losses against loans to related and third parties as follows:

| Company internal credit rating | External<br>credit<br>rating | Expected credit loss rate | Basis for<br>recognition<br>of expected<br>credit loss<br>provision | Estimated<br>gross<br>carrying<br>amount at<br>default<br>RMB'000 | Carrying<br>amount<br>(net of<br>impairment<br>provision)<br>RMB'000 | Basis for<br>calculation<br>of interest<br>revenue |
|--------------------------------|------------------------------|---------------------------|---|---|--|--|
| Performing                     | В                            | 12%                       | 12 month expected losses  | 30,500  | 26,840   | Gross carrying amount                              |

No significant change to estimation techniques or assumptions was made during the reporting period.

The loss allowance provision for loans to related and third parties as at 30 June 2016 reconciles to the opening loss allowance for that provision as follows:

|  | Performing<br>RMB'000 |

| Closing loss allowance as at 30 June 2016 (calculated under HKFRS 9)   | 3,660                 |

As at 30 June 2016, the gross carrying amount of loans to related and third parties was RMB30,500,000 and thus the maximum exposure to loss was RMB26,840,000.

(ii) Trade and other receivables (excluding prepayments and loans to related and third parties)

The Group applies the simplified approach to providing for expected credit losses prescribed by HKFRS 9, which permits the use of the lifetime expected loss provision for all trade and other receivables (excluding prepayments and loans to related and third parties).

As at 30 June 2016, the loss allowance provision is determined as follows; the expected credit losses below also incorporate forward looking information.

#### 6.4 Liquidity risk

Management aims to maintain sufficient cash to meet funding requirement for operations and monitors rolling forecasts of the Group's cash on the basis of expected cash flow. The directors of the Company have prepared cash flow projections for the year from 1 July 2016 to 30 June 2017. Key assumptions used in the preparation of the cash flow projections for the 12 months ending 30 June 2017 include: (1) proceeds from pre-sales is expected to be higher than that of the comparative period; (2) construction payments match receipt of the relevant proceeds from pre-sales; (3) available project loan facility is expected to be no less than that of the comparative period and (4) no breach of debt covenants is anticipated in the current forecast period.

The Group has a number of alternative plans to mitigate the potential impacts on anticipated cash flows should there be significant adverse changes in economic environment. These include but are not limited to adjusting and further slowing down the construction progress as appropriate to ensure available resources for the development of properties for sale, implementing cost control measures and accelerating sales with more flexible pricing. The Group, will base on its assessment of the relevant future costs and benefits, pursue such options as are appropriate. The directors consider that the Group will be able to maintain sufficient financial resources to meet its operation needs.

The table below analyses the Group's non-derivative financial liabilities and net-settled derivative financial liabilities into relevant maturity grouping based on the remaining period at the date of statement of financial position to the contractual maturity date. Derivative financial liabilities are included in the analysis if their contractual maturities are essential for an understanding of the timing of the cash flows. The amounts disclosed in the table are the contractual undiscounted cash flows.

#### 6.5 Fair value estimation

The table below analyses financial instruments carried at fair value, by level of the inputs to valuation techniques used to measure fair value. The different levels are defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The valuation techniques used in fair value measurement of derivative financial instruments are discounted cash flows and Monte-Carlo model. Details of the valuation technique used in fair value measurement of financial assets at fair value through profit or loss are disclosed in note 15.

There were no changes in valuation techniques used to derive other level 3 fair values.

### Notes to the Interim Condensed Consolidated Financial Information

### 7 Segment information

The executive directors review the Group's internal reporting in order to assess performance and allocate resources. The executive directors have determined the operating segments based on these reports.

The executive directors consider the business from product/services perspective. From a product/services perspective, executive directors assess the performance of:

- Property development;
- Construction, fitting and decoration;
- Property investment;
- Property management; and
- Hotel operation.

The executive directors assess the performance of the operating segments based on a measure of operating profit.

Segment assets consist primarily of property, plant and equipment, intangible assets, land use rights, investment properties, properties under development, completed properties held for sale, inventories, receivables and operating cash. They exclude deferred income tax assets, financial assets at fair value through other comprehensive income, financial assets at fair value through profit and loss, available-for-sale financial assets and derivative financial instruments. Segment liabilities consist primarily of operating liabilities. They exclude bank and other borrowings, senior notes, corporate bonds, deferred income tax liabilities, income taxes payable, dividend payable and derivative financial instruments.

Capital expenditure comprises additions to property, plant and equipment, land use rights, investment properties and intangible assets (note 8).

### Notes to the Interim Condensed Consolidated Financial Information

## 8 Property, plant and equipment, land use rights, investment properties and intangible assets (Continued)

The Group's investment properties were valued at transfer or acquisition dates, and at 30 June 2016 by Vigers Appraisal and Consulting Limited, an independent and professionally qualified valuer who holds a recognised relevant professional qualification and has recent experience in the locations and segments of the investment properties valued. For all investment properties, their current use equates the highest and best

Discussions of valuation processes and results are held between management and the valuer on a semiannual basis, in line with the Group's interim and annual reporting dates.

At each half year-end, management:

- Verifies all major inputs to the independent valuation report;
- Assesses property valuations movements when compared to the prior year valuation report; and
- Holds discussions with the independent valuer.

Valuations of the investment properties are based on:

- (i) Direct comparison approach assuming sale of each of these properties in its existing state with the benefit of vacant possession/subject to existing tenancies (where applicable). By making reference to sales transactions as available in the relevant market, comparable properties in close proximity have been selected and adjustments have been made to account for the difference in factors such as locations and property size; or
- (ii) Income approach taking into account the current rents of the property interests and the reversionary potentials of the tenancies, term yield and reversionary yield are then applied respectively to derive the market value of the property; or
- (iii) Residual method of valuation which is commonly used in valuing development sites by establishing the market value of the properties on an "as-if" completed basis with appropriate deduction of outstanding construction costs, professional fees, contingency, marketing and legal cost, and interest payments to be incurred, anticipated developer's profits, as well as land acquisition costs, interest payment and profit on land.

There were no changes to the valuation techniques during the current period.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. At 30 June 2016 and 31 December 2015, the Group had only level 3 investment properties.

Based on management's best estimates, there was no material impairment for the Group's property, plant and equipment, land use rights or intangible assets at 30 June 2016 and 31 December 2015.

#### 10 Investments in associates (Continued)

Other additions during the period mainly included the investments in a number of property development companies newly established. The directors of the Company consider that the associates as at 30 June 2016 and 31 December 2015 were insignificant to the Group and thus the individual financial information of the associates was not disclosed. As at 30 June 2016 and 31 December 2015, associates of the Group were mainly engaged in property development in the PRC.

As at 30 June 2016, certain associates' borrowings were guaranteed by the Group and secured by the Group's certain interests in associates with an aggregate carrying value of RMB362,803,000.

## Notes to the Interim Condensed Consolidated Financial Information

#### 12. Trade and other receivables (Continued)

- (d) Prepayments for land are related to acquisition of land use rights upon successfully bidding at the land auctions conducted by the PRC government. The relevant land use right certificates have not been obtained at 30 June 2016.
- (e) Other prepayments mainly represent prepayments for purchases of construction materials and services.

#### 13 Restricted cash

The amount represented guarantee deposits for construction of pre-sale properties denominated in RMB.

In accordance with relevant documents issued by the PRC State-Owned Land and Resource Bureau, certain property development companies of the Group are required to place in designated bank accounts certain amount of presale proceeds of properties as guarantee deposits for the constructions of the related properties. The deposits can only be used for payments for construction costs of the relevant properties when approval from PRC State-Owned Land and Resource Bureau is obtained. Such guarantee deposits will only be released after the completion certificates have been obtained or the issuance of the real estate ownership certificates, whichever is earlier.

#### Notes:

- (a) The Company issued 4.75% per annum corporate bonds at a par value of RMB4,000,000,000 on 2 March 2016. After deducting the issuance costs, the Company received net proceeds of RMB3,980,000,000 from the issuance.
- (b) The Company issued 4.55% per annum corporate bonds at a par value of RMB4,000,000,000 on 29 March 2016. After deducting the issuance costs, the Company received net proceeds of RMB3,980,000,000 from the issuance.

Certain corporate bonds issued by the Group contain a liability component and coupon rate adjustment options. Liability component represents the present value of the contractually determined stream of future cash flows discounted at the prevailing market interest rate at that time applicable to instruments of comparable credit status and providing substantially the same cash flows, on the same terms, but without the embedded derivatives.

The directors consider that the fair values of the above coupon rate adjustment options were insignificant on initial recognition and at 30 June 2016.

## Notes to the Interim Condensed Consolidated Financial Information

#### 23 Other reserves (Continued)

#### (a) Capital injection

Tibet Shunqi investment Centre (LLP) ("Tibet Shunqi LLP") was set up by several directors, supervisors and senior management of Guangdong Country Garden Property Service Co., Ltd. ("Guangdong Country Garden"), a subsidiary of the Company. In March 2016, Guangdong Country Garden increased its registered capital by RMB28,800,000 in the form of issuing 28,800,000 ordinary shares, which was subscribed by Tibet Shunqi LLP at a consideration of RMB115,200,000, the RMB86,400,000 of excess of the consideration over the registered capital is accounted for as contributed surplus and is recorded in other reserves.

Tibet Shunqi LLP was established to enable the key management personnel to hold the shares of Guangdong Country Garden indirectly through the LLP, thus the grant of the 28,800,000 shares to Tibet Shunqi falls into the scope of share-based payment and constitutes share-based compensation to employees settled by equity.

The fair value of the above granted shares is determined using income approach (discounted cash flow model), which was assessed to be RMB153,405,000 as at the grant date, the difference of RMB38,205,000 as compared to the consideration of RMB115,200,000 was accounted for as share-based compensation expense. The key assumptions used in determining the fair value mainly include:

- Discount rate of 12%; and
- Lack of control discount rate of 10.28%.

#### (b) Employee share schemes

Pursuant to a profit sharing incentive scheme, certain portion of the bonus calculated in accordance with the incentive scheme is settled in cash, while the remaining portion is settled in the Company's shares (the "Incentive Scheme").

Pursuant to the Incentive Scheme, during the period, the Group granted 2,665,373 share options with an exercise price of HKD3.020 per share, 2,431,903 share options with an exercise price of HKD3.332 per share, and 1,599,861 share options with an exercise price of HKD3.106 per share to certain directors; and awarded 3,658,545 shares and 5,365,064 shares to certain senior management and employees with an exercise price of HKD3.332 per share and HKD3.106 per share respectively. During the period, 2,665,373 share options under the Incentive Scheme lapsed and none of the share options were exercised.

The vesting period of these share options and awarded shares is 5 years from their respective grant dates. The fair values of these share options and awarded shares at the grant dates approximated the relevant portion of bonus which is to be settled in the Company's shares.

#### Notes:

- (a) Hong Kong profits tax has been provided at the rate of 16.5% (2015:16.5%) on the estimated assessable profits of the Group's subsidiaries in Hong Kong.
- (b) PRC corporate income tax has been provided at corporate income tax rate of 25%.
- (c) PRC land appreciation tax is levied at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sales of properties less deductible expenditures including cost of land use rights and all property development expenditures.
- (d) Withholding income tax is provided on the dividends to be distributed by the PRC subsidiaries of the Group. The relevant overseas holding companies have obtained endorsement from various PRC tax bureaus to enjoy the treaty benefit of 5% withholding income tax rate on dividends received from the PRC subsidiaries of the Group. Accordingly, withholding income tax has been provided at 5% of the profit expected to be distributed by the PRC subsidiaries of the Group.

#### 28 Earnings per share

#### (a) Basic

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of ordinary shares in issue during the period, excluding ordinary shares purchased by the Group and held as treasury shares (note 22).

|   | Six months ended 30 June |            |

#### (b) Diluted

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Company had two categories of dilutive potential ordinary shares: share options and awarded shares. For the share options and awarded shares, a calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the Company's shares) based on the monetary value of the subscription rights attached to outstanding share options and awarded shares. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options and awarded shares.

|  | 90,650,486                 | 62,418,056                     |

#### Note:

(a) It represents the guarantees in respect of mortgage facilities granted by certain banks relating to the mortgage loans arranged for certain purchasers of the Group's properties. Pursuant to the terms of the guarantees, upon default in mortgage payments by these purchasers, the Group is responsible for repaying the outstanding mortgage principals together with accrued interest and penalty owed by the defaulted purchasers to the banks and the Group is entitled to retain the legal title and take over the possession of the related properties. As at 30 June 2016, the amount of RMB24,347,000 (31 December 2015: RMB50,841,000) was to be discharged two years from the day the mortgaged loans become due; and RMB83,460,879,000 (31 December 2015: RMB60,585,315,000) was to be discharged upon earlier of (i) issuance of the real estate ownership certificate which are generally available within three months after the purchasers take possession of the relevant properties; and (ii) the satisfaction of mortgaged loan by the purchasers of properties.

The directors consider that in case of default in payments, the net realisable value of the related properties can cover the repayment of the outstanding mortgage principals together with the accrued interest and penalty and therefore no provision has been made in the financial statements for the guarantees.

(b) These represented the maximum exposure of the guarantees provided for the borrowings of certain joint ventures and associates (note 34(d)).

#### (a) Acquisition of Guangdong Huizhou Qunfeng Wenquan Investment Co., Ltd. ("Huizhou Qunfeng")

On 15 March 2016, the Group acquired 46.75% equity interest of Huizhou Qunfeng from certain third parties at a total cash consideration of RMB1,149,736,000.

Huizhou Qunfeng's principal activities are property development and management in the PRC.

As the Group has the rights to variable returns from its involvement in Huizhou Qunfeng and has the ability to affect those returns through its majority vote position in the board of directors of Huizhou Qunfeng and the right to determine the budget, pricing and promotion strategies of Huizhou Qunfeng, the Group has control over Huizhou Qunfeng and Huizhou Qunfeng is thus accounted for as a subsidiary of the Group.

The following table summarises the consideration paid for Huizhou Qunfeng, the fair value of assets acquired, liabilities assumed and the non-controlling interest at the acquisition date.

#### FINANCIAL STATEMENTS

## Independent Auditor's Report

羅兵咸永道

#### TO THE SHAREHOLDERS OF COUNTRY GARDEN HOLDINGS COMPANY LIMITED

(Incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of Country Garden Holdings Company Limited (the "Company") and its subsidiaries set out on pages 132 to 254, which comprise the consolidated statement of financial position as at 31 December 2015, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### **Directors' Responsibility for the Consolidated Financial Statements**

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

### 羅兵咸永道

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Company and its subsidiaries as at 31 December 2015, and of their financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

# Notes to the Consolidated Financial Statements

# 1 General information

Country Garden Holdings Company Limited (the "Company") was incorporated in the Cayman Islands on 10 November 2006 as an exempted company with limited liability under the Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands.

The address of the Company's registered office is Cricket Square, Hutchins Drive, P.O. Box 2681 Grand Cayman, KY1-1111 Cayman Islands. The Company is engaged in investment holding and its subsidiaries (collectively, the "Group") are principally engaged in the property development, construction, fitting and decoration, property investment, property management and hotel operation.

The shares of the Company are listed on The Stock Exchange of Hong Kong Limited.

These financial statements are presented in Renminbi ("RMB"), unless otherwise stated. These financial statements have been approved for issue by the Board of Directors on 15 March 2016.

# 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of the consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

# 2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRS"). The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss and investment properties, which are carried at fair value.

The preparation of financial statements in conformity with the HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 4.

#### 2.1 Basis of preparation (Continued)

#### 2.1.1 Changes in accounting policy and disclosures

- (i) The new or revised standards, amendments and interpretations to existing standards, which are mandatory for the financial year beginning on 1 January 2015, are either currently not relevant to the Group or had no material impact on the Group's consolidated financial statements.
- (ii) New Hong Kong Companies Ordinance (Cap.622) In addition, the requirements of Part 9 "Accounts and Audit" of the new Hong Kong Companies Ordinance (Cap. 622) come into operation during the financial year, as a result, there are changes to presentation and disclosures of certain information in the consolidated financial statements.
- (iii) New and revised standards and amendments to existing standards that have been issued and are relevant to the Group, but are not effective for the financial year beginning on 1 January 2015 and have not been early adopted
  - Amendment to HKFRS 11 "Accounting for acquisitions of interests in joint operations". The amendment requires an investor to apply the principles of business combination accounting when it acquires an interest in a joint operation that constitutes a business (as defined in HKFRS 3, Business combinations). Specifically, an investor will need to: measure identifiable assets and liabilities at fair value; expense acquisition-related costs; recognise deferred tax; and recognise the residual as goodwill. All other principles of business combination accounting apply unless they conflict with HKFRS 11. The amendment is applicable to both the acquisition of the initial interest and a further interest in a joint operation. The previously held interest is not remeasured when the acquisition of an additional interest in the same joint operation with joint control maintained. This amendment will be effective for annual periods beginning on or after 1 January 2016.
  - Amendments to HKFRS 10 and HKAS 28 "Sale or contribution of assets between an investor and its associate or joint venture". The amendments address an inconsistency between HKFRS 10 and HKAS 28 in the sale and contribution of assets between an investor and its associate or joint venture. A full gain or loss is recognised when a transaction involves a business. A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if those assets are in a subsidiary. These amendments were originally intended to be effective for annual periods beginning on or after 1 January 2016. The effective date has now been deferred/removed.

# 2 Summary of significant accounting policies (Continued)

#### 2.1 Basis of preparation (Continued)

#### 2.1.1 Changes in accounting policy and disclosures (Continued)

- (iii) New and revised standards and amendments to existing standards that have been issued and are relevant to the Group, but are not effective for the financial year beginning on 1 January 2015 and have not been early adopted (Continued)
  - Amendment to HKAS 27 "Equity method in separate financial statements". The
    amendment allows entities to use equity method to account for investments in
    subsidiaries, joint ventures and associates in their separate financial statements. This
    amendment will be effective for annual periods beginning on or after 1 January 2016.
  - Annual improvements 2014. The amendments include changes from the 2012-2014 cycle of the annual improvements project that affect 4 standards: HKFRS 5, 'Non-current assets held for sale and discontinued operations', HKFRS 7, 'Financial instruments: Disclosures', HKAS 19, 'Employee benefits', and HKAS 34, 'Interim financial reporting'. These amendments will be effective for annual periods beginning on or after 1 January 2016.
  - Amendments to HKAS 1 "Disclosure initiative". The amendments clarify guidance in HKAS 1 on materiality and aggregation, the presentation of subtotals, the structure of financial statements and the disclosure of accounting policies. Although the amendments do not require specific changes, they clarify a number of presentation issues and highlight that preparers are permitted to tailor the format and presentation of the financial statements to their circumstances and the needs of users. The key areas addressed by the changes are as follows: 1) Materiality: an entity should not aggregate or disaggregate information in a manner that obscures useful information. An entity need not provide disclosures if the information is not material; 2) Disaggregation and subtotals: the amendments clarify what additional subtotals are acceptable and how they should be presented; 3) Notes: an entity is not required to present the notes to the financial statements in a particular order, and management should tailor the structure of their notes to their circumstances and the needs of their users; 4) Accounting policies: how to identify a significant accounting policy that should be disclosed; 5) Other comprehensive income from equity accounted investments: other comprehensive income of associates and joint ventures should be separated into the share of items that will subsequently be reclassified to profit or loss and those that will not. These amendments will be effective for annual periods beginning on or after 1 January 2016.

#### 2.1 Basis of preparation (Continued)

#### 2.1.1 Changes in accounting policy and disclosures (Continued)

- (iii) New and revised standards and amendments to existing standards that have been issued and are relevant to the Group, but are not effective for the financial year beginning on 1 January 2015 and have not been early adopted (Continued)
  - HKFRS 9, 'Financial instruments'. HKFRS 9 (2014), "Financial instruments" replaces the whole of HKAS 39. HKFRS 9 has three financial asset classification categories for investments in debt instruments: amortised cost, fair value through other comprehensive income ("OCI") and fair value through profit or loss. Classification is driven by the entity's business model for managing the debt instruments and their contractual cash flow characteristics. Investments in equity instruments are always measured at fair value. However, management can make an irrevocable election to present changes in fair value in OCI, provided the instrument is not held for trading. If the equity instrument is held for trading, changes in fair value are presented in profit or loss. For financial liabilities there are two classification categories: amortised cost and fair value through profit or loss. Where non-derivative financial liabilities are designated at fair value through profit or loss, the changes in the fair value due to changes in the liability's own credit risk are recognised in OCI, unless such changes in fair value would create an accounting mismatch in profit or loss, in which case, all fair value movements are recognised in profit or loss. There is no subsequent recycling of the amounts in OCI to profit or loss. For financial liabilities held for trading (including derivative financial liabilities), all changes in fair value are presented in profit or loss. HKFRS 9 introduces a new model for the recognition of impairment losses - the expected credit losses (ECL) model, which constitutes a change from the incurred loss model in HKAS 39. HKFRS 9 contains a 'three stage' approach, which is based on the change in credit quality of financial assets since initial recognition. HKFRS 9 applies to all hedging relationships, with the exception of portfolio fair value hedges of interest rate risk. The new guidance better aligns hedge accounting with the risk management activities of an entity and provides relief from the more "rule-based" approach of HKAS39. This standard will be effective for annual periods beginning on or after 1 January 2018.

# 2 Summary of significant accounting policies (Continued)

#### 2.1 Basis of preparation (Continued)

#### 2.1.1 Changes in accounting policy and disclosures (Continued)

- (iii) New and revised standards and amendments to existing standards that have been issued and are relevant to the Group, but are not effective for the financial year beginning on 1 January 2015 and have not been early adopted (Continued)
  - HKFRS 15 "Revenue from Contracts with Customers". HKFRS 15 establishes a comprehensive framework for determining when to recognise revenue and how much revenue to recognise through a 5-step approach: (1) Identify the contract(s) with customer; (2) Identify separate performance obligations in a contract (3) Determine the transaction price (4) Allocate transaction price to performance obligations and (5) recognise revenue when performance obligation is satisfied. The core principle is that a company should recognise revenue to depict the transfer of promised goods or services to the customer in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. It moves away from a revenue recognition model based on an 'earnings processes to an 'assetliability' approach based on transfer of control. HKFRS 15 provides specific guidance on capitalisation of contract cost and license arrangements. It also includes a cohesive set of disclosure requirements about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. HKFRS 15 replaces the previous revenue standards: HKAS 18 Revenue and HKAS 11 Construction Contracts, and the related Interpretations on revenue recognition: HKFRIC 13 Customer Loyalty Programmes, HKFRIC 15 Agreements for the Construction of Real Estate, HKFRIC 18 Transfers of Assets from Customers and SIC-31 Revenue- Barter Transactions Involving Advertising Services. This standard will be effective for annual periods beginning on or after 1 January 2018.

The Group is in the process of assessing the impact of the above new standards and amendments to existing standards on the Group's consolidated financial statements.

#### 2.2 Subsidiaries

#### 2.2.1 Consolidation

A subsidiary is an entity (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

#### (i) Business combinations

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis. Non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership interests' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by HKFRS.

Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in profit or loss.

Any contingent consideration to be transferred by the group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in accordance with HKAS 39 either in profit or loss or as a change to other comprehensive income. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

# Notes to the Consolidated Financial Statements

# 2 Summary of significant accounting policies (Continued)

#### 2.2 Subsidiaries (Continued)

#### 2.2.1 Consolidation (Continued)

(i) Business combinations (Continued)

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in profit or loss

Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. When necessary, amounts reported by subsidiaries have been adjusted to conform with the Group's accounting policies.

(ii) Changes in ownership interests in subsidiaries without change of control

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions — that is, as transactions with the owners in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

# (iii) Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

#### 2.2.2 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost also includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

#### 2.3 Associates

An associate is an entity over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The group's investments in associates include goodwill identified on acquisition. Upon the acquisition of the ownership interest in an associate, any difference between the cost of the associate and the group's share of the net fair value of the associate's identifiable assets and liabilities is accounted for as goodwill.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to profit or loss where appropriate.

The Group's share of post-acquisition profit or loss is recognised in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income with a corresponding adjustment to the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount adjacent to 'share of results of an associate' in profit or loss.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognised in the Group's financial statements only to the extent of unrelated investor's interests in the associates. Unrealised losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

Gain or losses on dilution of equity interest in associates are recognised in profit or loss.

# Notes to the Consolidated Financial Statements

# 2 Summary of significant accounting policies (Continued)

#### 2.4 Joint arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations each investor. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures. Joint ventures are accounted for using the equity method.

Under the equity method of accounting, interests in joint ventures are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses and movements in other comprehensive income. When the Group's share of losses in a joint venture equals or exceeds its interests in the joint ventures (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint ventures), the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint ventures.

The Group determines at each reporting date whether there is any objective evidence that the investment in the joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value and recognises the amount adjacent to 'share of results of a joint venture' in profit or loss.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of the joint ventures have been changed where necessary to ensure consistency with the policies adopted by the Group.

# 2.5 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors of the Company that makes strategic decisions.

#### 2.6 Foreign currency translation

#### (i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in RMB which is the Company's functional currency and the Group's presentation currency.

#### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss, except when deferred in equity as qualifying cash flow hedges or qualifying net investment hedges

Foreign exchange gains and losses that relate to cash and cash equivalents are presented in the consolidated statement of comprehensive income within 'finance income or costs'. Foreign exchange gains and losses that relate to borrowings are presented in the consolidated statement of comprehensive income within 'finance income or costs', except when capitalised on the basis set out in note 2.25. All other foreign exchange gains and losses are presented in the consolidated statement of comprehensive income within 'other income and gains – net'.

#### (iii) Group companies

The results and financial positions of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- Income and expenses for each consolidated statement of comprehensive income are
  translated at average exchange rates (unless this average is not a reasonable approximation
  of the cumulative effect of the rates prevailing on the transaction dates, in which case
  income and expenses are translated at the rate on the dates of the transactions); and
- All resulting exchange differences are recognised in other comprehensive income.

# Notes to the Consolidated Financial Statements

# 2 Summary of significant accounting policies (Continued)

# 2.7 Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation and any impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the consolidated income statement during the financial period in which they are incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Buildings20-40 yearsTransportation equipment5-10 yearsMachinery5-10 yearsFurniture, fitting and equipment5-8 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 2.10).

Construction in progress represents the direct costs of construction incurred of property, plant and equipment less any impairment losses. No provision for depreciation is made on construction in progress until such time the relevant assets are completed and put into use. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognised within 'other income and gains-net' in the consolidated statement of comprehensive income.

#### 2.8 Investment properties

Investment property, principally comprising leasehold land and buildings, is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group. It also includes properties that are being constructed or developed for future use as investment properties. Land held under operating leases are accounted for as investment properties when the rest of the definition of an investment property is met. In such cases, the operating leases concerned are accounted for as if they were finance leases. Investment property is initially measured at cost, including related transaction costs and where applicable borrowing costs. After initial recognition, investment properties are carried at fair value, representing open market value determined at each reporting date by external valuers.

Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If the information is not available, the Group uses alternative valuation methods such as recent prices on less active markets. Changes in fair values are recorded in profit or loss as part of a valuation gain or loss.

If an item of owner-occupied property becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is treated in the same way as a revaluation under HKAS 16. Any resulting increase in the carrying amount of the property is recognised in profit or loss to the extent that it reverses a previous impairment loss, with any remaining increase recognised in other comprehensive income and increase directly to equity in revaluation surplus within equity. Any resulting decrease in the carrying amount of the property is initially charged in other comprehensive income against any previously recognised revaluation surplus, with any remaining decrease charged to profit or loss. For a transfer from completed properties held for sale or properties under development to investment properties that will be carried at fair value, any difference between the fair value of the property at that date and its previous carrying amount shall be recognised in profit or loss.

# Notes to the Consolidated Financial Statements

# 2 Summary of significant accounting policies (Continued)

# 2.9 Intangible assets

#### (i) Goodwill

Goodwill arises on the acquisition of subsidiaries represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identified net assets acquired.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units ("CGUs"), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at the operating segment level.

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of the CGU containing the goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense and is not subsequently reversed.

### (ii) Computer software

Acquired computer software programmes are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over the estimated useful lives of 5 to 10 years on a straight-line basis.

Costs associated with maintaining computer software programmes are recognised as an expense as incurred.

### 2.10 Impairment of non-financial assets

Assets that have an indefinite useful life or intangible assets not ready to use are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

#### 2.11 Financial assets

#### (i) Classification

The group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables, and available for sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are also categorised as held for trading unless they are designated as hedges. Assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for the amounts that are settled or expected to be settled more than 12 months after the end of the reporting period. These are classified as non-current assets. The Group's loans and receivables comprise 'trade and other receivables' (note 2.18), and 'cash and cash equivalents' (note 2.19) in the statement of financial position.

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the end of the reporting period.

### (ii) Recognition and measurement

Regular way purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the profit or loss. Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-forsale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method.

Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in the profit or loss within 'other income and gains — net' in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the profit or loss as part of other income when the group's right to receive payments is established.

# Notes to the Consolidated Financial Statements

# 2 Summary of significant accounting policies (Continued)

#### 2.11 Financial assets (Continued)

#### (ii) Recognition and measurement (Continued)

Changes in the fair value of monetary and non-monetary securities classified as available for sale are recognised in other comprehensive income.

When securities classified as available for sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the consolidated statement of comprehensive income as 'other income and gains – net'.

Dividends on available-for-sale equity instruments are recognised in the consolidated statement of comprehensive income as part of other income when the Group's right to receive payments is established.

#### 2.12 Impairment of financial assets

#### (i) Assets carried at amortised cost

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation, and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For loans and receivables category, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The asset's carrying amount is reduced and the amount of the loss is recognised in profit or loss. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Group may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the consolidated statement of comprehensive income.

# 2.12 Impairment of financial assets (Continued)

#### (ii) Assets classified as available for sale

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity investments classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is also evidence that the assets are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss – is removed from equity and recognised in profit or loss. Impairment losses recognised in profit or loss on equity instruments are not reversed through profit or loss.

#### 2.13 Derivative financial instruments

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value. The change of fair value is recognised immediately in profit or loss within 'other income and gains – net'.

#### 2.14 Properties under development

Properties under development are stated at the lower of cost and net realisable value. Net realisable value is determined by reference to the sale proceeds of properties sold in the ordinary course of business, less applicable variable selling expenses and the anticipated costs to completion, or by management estimates based on prevailing marketing conditions.

Development cost of property comprises cost of land use rights, construction costs, depreciation of machinery and equipment, borrowing costs capitalised for qualifying assets and professional fees incurred during the development period. On completion, the properties are transferred to completed properties held for sale.

Properties under development are classified as current assets when the construction of the relevant properties commences unless the construction period of the relevant property development project is expected to complete beyond normal operating cycle.

# 2.15 Completed properties held for sale

Completed properties remaining unsold at year ended are stated at the lower of cost and net realisable value.

Cost comprises development costs attributable to the unsold properties.

Net realisable value is determined by reference to the sale proceeds of properties sold in the ordinary course of business, less applicable variable selling expenses, or by management estimates based on prevailing marketing conditions.

# Notes to the Consolidated Financial Statements

# 2 Summary of significant accounting policies (Continued)

#### 2.16 Inventories

Inventories are stated at the lower of cost or net realisable value. Cost is determined using the weighted average method. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

# 2.17 Construction contracts

A construction contract is defined by HKAS 11 as a contract specifically negotiated for the construction of an asset.

When the outcome of a construction contract can be estimated reliably and it is probable that the contract will be profitable, contract revenue is recognised over the period of the contract by reference to the stage of completion. Contract costs are recognised as expenses by reference to the stage of completion of the contract activity at the end of the reporting period. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Variations in contract work, claims and incentive payments are included in contract revenue to the extent that may have been agreed with the customer and are capable of being reliably measured.

The Group uses the "percentage of completion method" to determine the appropriate amount to recognise in a given period. The stage of completion is measured by reference to the contract costs incurred up to the end of the reporting period as a percentage of total estimated costs for each contract. Costs incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion.

The Group presents as an asset the gross amount due from customers for contract work for all contracts in progress for which costs incurred plus recognised profits (less recognised losses) exceed progress billings. Progress billings not yet paid by customers and retention are included within "trade and other receivables".

The Group presents as a liability the gross amount due to customers for contract work for all contracts in progress for which progress billings exceed costs incurred plus recognised profits (less recognised losses).

#### 2.18 Trade and other receivables

Trade receivables are amounts due from customers for properties sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

#### 2.19 Cash and cash equivalents

Cash and cash equivalents includes cash in hand and at banks, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

#### 2.20 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Where any group company purchases the Company's equity share capital (treasury shares), the consideration paid, including any directly attributable incremental costs (net of income taxes), is deducted from equity attributable to the Company's owners until the shares are cancelled or reissued. Where such shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effect is included in equity attributable to the Company's owners.

# 2.21 Perpetual capital securities

Perpetual capital securities with no contractual obligation to repay its principal or to pay any distribution are classified as part of equity.

# 2.22 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.

Government grants relating to construction of hotel properties are included in non-current liabilities as deferred government grants and are credited to profit or loss on a straight-line basis over the expected lives of the related assets when they are completed and ready for use.

# Notes to the Consolidated Financial Statements

# 2 Summary of significant accounting policies (Continued) 2.23 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### 2.24 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

# 2.25 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Borrowing costs include interest expense, finance charges in respect of finance lease and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. The exchange gains and losses that are an adjustment to interest costs include the interest rate differences between borrowing costs that would be incurred if the entity had borrowed funds in its functional currency, and the borrowing costs actually incurred on foreign currency borrowings. Such amounts are estimated based on forward currency rates at the inception of the borrowings.

When the construction of the qualifying assets takes more than one accounting period, the amount of foreign exchange differences eligible for capitalisation is determined for each annual period and is limited to the difference between the hypothetical interest amount for the functional currency borrowings and the actual interest incurred for foreign currency borrowings. Foreign exchange differences that did not meet the criteria for capitalisation in previous years should not be capitalised in subsequent years.

#### 2.26 Senior notes

Senior notes issued by the Company that contain both liability and early redemption option (which is not closely related to the host contract) are classified separately into respective items on initial recognition. At the date of issue, both the liability and early redemption option components are recognised at fair value.

In subsequent periods, the liability component of the senior notes is carried at amortised cost using the effective interest method. The early redemption option is measured at fair value with changes in fair value recognised in profit or loss.

Transaction costs that relate to the issue of the senior notes are allocated to the liability and early redemption option components in proportion to their relative fair values. Transaction costs relating to the early redemption option are charged to profit or loss immediately. Transaction costs relating to the liability component are included in the carrying amount of the liability portion and amortised over the period of the senior notes using the effective interest method.

# 2.27 Current and deferred income tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the consolidated statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

#### (i) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the date of statement of financial position in the countries where the Company's subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

### (ii) Deferred income tax

Inside basis differences

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

#### (ii) Deferred income tax (Continued)

Outside basis differences

Deferred income tax liabilities are provided on taxable temporary differences arising from investments in subsidiaries, associates and joint arrangements, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the group and it is probable that the temporary difference will not reverse in the foreseeable future. Generally the Group is unable to control the reversal of the temporary difference for associates. Only when there is an agreement in place that gives the Group the ability to control the reversal of the temporary difference in the foreseeable future, deferred tax liability in relation to taxable temporary differences arising from the associate's undistributed profits is not recognised.

Deferred income tax assets are recognised on deductible temporary differences arising from investments in subsidiaries, associates and joint arrangements only to the extent that it is probable the temporary difference will reverse in the future and there is sufficient taxable profit available against which the temporary difference can be utilised.

# (iii) Offsetting

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

# 2.28 Employee benefits

# (i) Pension obligations

A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. The Group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

The Group contributes on a monthly basis to various defined contribution benefit plans organised by the relevant governmental authorities. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Assets of the plans are held and managed by government authorities and are separated from those of the Group.

# (ii) Profit-sharing and bonus plans

The Group recognises a liability and an expense for bonuses and profit-sharing, based on a formula that takes into consideration the profit attributable to the Company's shareholders after certain adjustments. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

# 2 Summary of significant accounting policies (Continued) 2.29 Share-based payments

The Group operates a number of equity-settled, share-based compensation plans, under which the Group receives services from employees as consideration for equity instruments (including shares options and awarded shares) of the Group. The fair value of the employee services received in exchange for the grant of the equity instruments is recognised as an expense. The total amount to be expensed is determined by reference to the fair value of the equity instruments granted:

- including any market performance conditions (for example, an entity's share price);
- excluding the impact of any service and non-market performance vesting conditions (for example, profitability, sales growth targets and remaining an employee of the entity over a specified time period); and
- including the impact of any non-vesting conditions.

Non-market performance and service conditions are included in assumptions about the number of equity instruments that are expected to vest. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

In addition, in some circumstances employees may provide services in advance of the grant date and therefore the grant date fair value is estimated for the purposes of recognising the expense during the period between service commencement period and grant date.

The grant by the Company of its equity instruments to the employees of subsidiaries in the Group is treated as a capital contribution. The fair value of employee services received, measured by reference to the grant date fair value, is recognised over the vesting period as an increase to investments in subsidiaries, with a corresponding credit to equity in the parent entity accounts.

At the end of each reporting period, the Group revises its estimates of the number of equity instruments that are expected to vest based on the non-marketing performance and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

When the share options are exercised, the Company issues new shares. The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium

#### 2.30 Provisions and contingent liabilities

Provisions are recognised when: the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

#### 2.31 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable for the sales of properties and services in the ordinary course of the Group's activities. Revenue is shown, net of discounts and after eliminating sales with the group companies. The Group recognises revenue when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the entity; and when specific criteria have been met for each of the group's activities, as described below.

# (i) Sales of properties

Revenue from sales of properties is recognised when the risks and rewards of properties are transferred to the purchasers, which is when the construction of relevant properties has been completed and the properties have been delivered to the purchasers and collectability of related receivables is reasonably assured. Deposits and instalments received on properties sold prior to the date of revenue recognition are included in the consolidated statement of financial position as advanced proceeds received from customers under current liabilities.

# 2.31 Revenue recognition (Continued)

## (ii) Construction services

Revenue arising from construction services is recognised in the accounting period in which the services is rendered, by reference to completion of the specific transaction assessed on the basis of the contract costs incurred up to the end of the reporting period as a percentage of total estimated costs for each contract (note 2.17).

## (iii) Hotel operation

Revenue from hotel operation is recognised in the accounting period in which the services are rendered.

#### (iv) Property management

Revenue arising from property management is recognised in the accounting period in which the services are rendered.

# (v) Decoration services

Revenue from decoration services is recognised in the accounting period in which the services are rendered.

# (vi) Property investment

Rental income from properties leasing under operating leases is recognised on a straight-line basis over the lease terms.

# 2.32 Interest income

Interest income is recognised on a time-proportion basis using the effective interest method.

### 2.33 Dividend income

Dividend income is recognised when the right to receive payment is established.  $\label{eq:condition}$ 

# 2.34 Leases

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

# (i) The Group is the lessee

(a) The Group is the lessee under operating lease other than land use rights

Payments made under operating leases (net of any incentives received from the lessor) are charged to the profit or loss on a straight-line basis over the period of the lease.

#### (i) The Group is the lessee (Continued)

(b) The Group is the lessee under operating lease of land use rights

The Group made upfront payments to obtain operating leases of land use rights. The upfront payments of the land use rights are recorded as assets. The amortisation of land use rights is recognised as an expense on a straight-line basis over the unexpired period of the land use rights.

#### (ii) The Group is the lessor

Assets leased out under operating leases are included in investment properties in the consolidated statement of financial position. Rental income from operating lease is recognised over the term of the lease on a straight-line basis.

#### 2.35 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the Company's shareholders or directors, where appropriate.

### 2.36 Insurance contracts

An insurance contract is a contract under which one party (the insurer) accepts significant insurance risk from another party (the policyholder) by agreeing to compensate the policyholder if a specified uncertain future event (the insured event) adversely affects the policyholder. Insurance risk is a pre-existing risk transferred from the policyholder to the insurer, and is significant only if an insured event could cause an insurer to pay significant additional benefits in any scenario, excluding scenarios that lack commercial substance (i.e. have no discernible effect on the economics of the transaction).

The Group assesses at each reporting date whether its recognised insurance liabilities are adequate, using current estimates of future cash flows under its insurance contracts. If that assessment shows that the carrying amount of its insurance liabilities is inadequate in the light of the estimated future cash flows, the entire deficiency is recognised in the consolidated statement of comprehensive income.

The Group regards its financial guarantee contracts provided in respect of mortgage facilities for certain property purchasers and financial guarantee contracts provided to its related parties as insurance contracts.

# 3 Financial risk management

The Group conducts its operations mainly in the PRC and accordingly is subject to special considerations and significant risks. These include risks associated with, among others, the political, economic and legal environment, influence of national authorities over pricing regulation and competition in the industry.

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, cash flow interest rate risk and fair value interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. The Group uses derivative financial instruments to hedge certain risk exposures. The property industry is highly sensitive to the economic environment in the PRC, which will affect the volumes of property transactions and selling prices. The Group mainly relies on sales of properties and borrowings to fund its operations. All borrowings due for repayment in 2016 are anticipated to be repaid according to the terms of the loan agreements as the Group considers no renewal is necessary given its sufficient cash to finance its obligation. The Group has alternative plans (refer to note 3(a)(iv)) to monitor liquidity risk should there be significant adverse changes on the Group's cash flow projections.

# (a) Financial risk factors

# (i) Foreign exchange risk

The Group's businesses are principally conducted in RMB. The majority of assets is denominated in RMB, The majority of non-RMB assets and liabilities are bank deposits and borrowings denominated in Hong Kong Dollar ("HKD"), United States Dollar ("USD"), Ringgit Malaysia ("RM") and Australia Dollar ("AUD"). The Group is subject to foreign exchange rate risk arising from future commercial transactions and recognised assets and liabilities which are denominated in non-RMB. The Group manages its foreign exchange risk by closely monitoring the movement of the foreign currency rates.

The Group manages its foreign exchange risk by using foreign currency forward contracts. Such foreign currency forward contracts have the economic effect of setting a forward rate for agreed amount of foreign currency amount. Under the foreign currency forward contracts, the Group agrees with other parties to exchange, at specified intervals, the difference between forward and spot exchange rate amounts calculated by reference to the agreed notional amount.

# 3 Financial risk management (Continued)

#### (a) Financial risk factors (Continued)

#### (ii) Cash flow and fair value interest rate risk

The Group's interest rate risk arises from interest-bearing bank deposits, senior notes, debentures, bank and other borrowings. Bank deposits, bank and other borrowings issued at variable rates expose the Group to cash flow interest-rate risk. Senior notes and debentures issued at fixed rates expose the Group to fair value interest rate risk.

The Group analyses its interest rate exposure on a dynamic basis. Various scenarios are simulated taking into consideration refinancing, renewal of existing positions, alternative financing. Based on these scenarios, the Group calculates the impact on profit or loss of a defined interest rate shift. For each simulation, the same interest rate shift is used for all currencies. The scenarios are run only for liabilities that represent the major interest-bearing positions.

The Group currently does not use any interest rate swaps to hedge its exposure to interest rate risk. However, the Group will consider hedging significant interest rate exposure should the need arise.

As at 31 December 2015, borrowings of the Group which were bearing at floating rates amounted to approximately RMB53,607,117,000 (2014: RMB38,794,937,000). As at 31 December 2015, should the interest rate be increased/decreased by 50 basis points with all other factors remain unchanged and without taking into account interest capitalisation, the finance costs of the Group would be increased/decreased by approximately RMB268,036,000 (2014: RMB193,975,000).

#### (iii) Credit risk

The Group is exposed to credit risk in relation to its trade and other receivables and cash deposits with banks.

The carrying amounts of trade and other receivables, restricted cash and cash and cash equivalents represent the Group's maximum exposure to credit risk in relation to financial assets.

To manage this risk, bank deposits are mainly placed with state-owned financial institutions and reputable banks which are all high-credit-quality financial institutions. The Group has policies in place to ensure that sales are made to purchasers with an appropriate financial strength and appropriate percentage of down payments. It also has other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews regularly the recoverable amount of each individual trade receivables to ensure that adequate impairment losses are made for irrecoverable amounts. The Group has no significant concentrations of credit risk, with exposure spread over a large number of counterparties and customers. For other receivables, management makes periodic collective assessments as well as individual assessment on the recoverability of other receivables based on historical settlement records and past experience. The directors of the Company believe that there is no material credit risk inherent in the Group's outstanding balance of other receivables.

### Notes to the Consolidated Financial Statements

### 3 Financial risk management (Continued)

#### (a) Financial risk factors (Continued)

### (iii) Credit risk (Continued)

For properties that are still under construction, the Group typically provides guarantees to banks in connection with the customers' borrowing of mortgage loans to finance their purchase of the properties for an amount up to 80% of the total purchase price of the property. If a purchaser defaults on the payment of its mortgage during the term of the guarantee, the bank holding the mortgage may demand the Group to repay the outstanding amount under the loan and any accrued interest thereon. Under such circumstances, the Group is able to retain the customer's deposits and sell the property to recover any amounts paid by the Group to the bank. Unless the selling price would drop by no less than 20%, which is remote, the Group would not be in a loss position in selling those properties out. In this regard, the directors of the Company consider that the Group's credit risk is largely mitigated (refer to note 4(b) for more information).

The Group has arranged bank financing for certain purchasers of property units and provided guarantees to secure obligations of such purchasers for repayments. Detailed disclosure of these guarantees is made in note 37. No credit limits were exceeded during the year, and management does not expect any significant losses from non-performance by these counterparties.

### (iv) Liquidity risk

Management aims to maintain sufficient cash to meet funding requirement for operations and monitors rolling forecasts of the Group's cash on the basis of expected cash flow. The directors of the Company have prepared cash flow projections for the year ending 31 December 2016. Key assumptions used in the preparation of the cash flow projections for the year ending 31 December 2016 include: (1) proceeds from pre-sales in 2016 is expected to be higher than that of 2015; (2) construction payments match receipt of the relevant proceeds from pre-sales; (3) available project loan facility is expected to be no less than that of 2015 and (4) no breach of debt covenants is anticipated in 2016.

The Group has a number of alternative plans to mitigate the potential impacts on anticipated cash flows should there be significant adverse changes in economic environment. These include adjusting and further slowing down the construction progress as appropriate to ensure available resources for the development of properties for sale, implementing cost control measures and accelerating sales with more flexible pricing. The Group, will base on its assessment of the relevant future costs and benefits, pursue such options as are appropriate. The directors consider that the Group will be able to maintain sufficient financial resources to meet its operation needs.

### (b) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to optimise the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets.

Consistent with other companies in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total equity excluding perpetual capital securities. Net debt is calculated as total borrowings (including senior notes and debentures as shown in the consolidated statement of financial position) less cash and cash equivalents and the guarantee deposits for construction of pre-sale properties.

The gearing ratio as at 31 December 2015 and 2014 were as follows:

|   | 2015         | 2014         |
|---|--------------|--------------|
|   | RMB'000      | RMB'000      |
| Total borrowings (notes 21, 22 and 23)                | 89,743,795   | 61,068,699   |
| Less: cash and cash equivalents (note 17)             | (36,240,752) | (18,760,590) |
| Guarantee deposits for construction of                |              |              |
| pre-sale properties (note 16)                         | (11,637,126) | (8,453,490)  |
| Net debt  | 41,865,917   | 33,854,619   |
| Total equity (excluding perpetual capital securities) | 69,812,406   | 59,352,426   |
| Gearing ratio   | 59.97%       | 57.04%       |

The directors of the Company consider the Group's gearing ratio is within the healthy range.

### (c) Fair value estimation

The table below analyses financial instruments carried at fair value, by level of the inputs to valuation techniques used to measure fair value. The different levels are defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

### (i) Financial instruments in level 2

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Level 2 derivative financial instruments comprise forward foreign exchange contracts. The fair value of these forward foreign exchange contracts was determined using forward exchange rates that are quoted in active market.

# 4 Critical accounting estimates and judgements

Estimates and judgements used in preparing the consolidated financial statements are evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant effect on the carrying amounts of assets and liabilities within the next financial year are discussed below.

### (a) Income taxes and deferred taxation

Significant judgement is required in determining the provision for income tax. There are many transactions and calculations for which the ultimate determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such difference will impact the income tax and deferred tax provision in the period in which such determination is made.

Deferred tax assets relating to certain temporary differences and tax losses are recognised when management considers to be probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. The outcome of their actual utilisation may be different.

### 4 Critical accounting estimates and judgements (Continued)

### (b) Revenue recognition

The Group has recognised revenue from the sale of properties held for sale as disclosed in note 5. The assessment of when an entity has transferred the significant risks and rewards of ownership to buyers requires the examination of the circumstances of the transaction. In most cases, the transfer of risks and rewards of ownership coincides with the date when the equitable interest in the property vests with the buyer upon release of the respective property to the buyer.

As disclosed in note 37, the Group provides guarantees in respect of mortgage facilities granted by certain banks relating to the mortgage loans arranged for certain purchasers of the Group's properties. These guarantees will normally be discharged upon issuance of the real estate ownership certificate which are generally be available within three months after the purchasers take possession of the relevant properties. In order to obtain mortgages, the purchasers would have settled no less than 20% of the total contract amount in accordance with related PRC regulations upon signing the sales contract. The directors of the Company are of the opinion that such settlements provide sufficient evidence of the purchasers' commitment to honour contractual obligation of the bank loans. In addition, based on the past experiences, defaults of mortgage facilities by the purchasers which resulted in the bank guarantees being called upon were rare and the financial impact was immaterial. Further, as disclosed in note 3(a)(iii), the credit risk of the Group under the circumstance that a purchaser defaults on the payment of its mortgage during the term of the guarantee is very low. Accordingly, the directors believe that significant risks and rewards associated to the ownership of the properties have been transferred to the purchasers upon the delivery of the properties to

# (c) Estimates for net realisable value of properties under development and completed properties held for sale

The Group assesses the carrying amounts of properties under development and completed properties held for sale according to their net realisable value based on the realisability of these properties. Net realisable value for properties under development is determined by reference to management's estimates of the selling price based on prevailing market conditions, less applicable variable selling expenses and the anticipated costs to completion (including land costs). Net realisable value for completed properties held for sale is determined by reference to management's estimates of the selling price based on prevailing market conditions, less applicable variable selling expenses. Based on management's best estimates, There was no material impairment for properties under development and completed properties held for sale as at 31 December 2015 (2014: RMB147,284,000).

### Notes to the Consolidated Financial Statements

### 4 Critical accounting estimates and judgements (Continued)

### (d) Estimates for impairment of hotel assets

Management performs review for impairment of the hotel assets whenever events or changes in circumstances indicate that the carrying amounts of the hotel assets may not be recoverable. In such case, the recoverable amounts of hotel assets have been determined based on value-in-use method. The value-in-use calculations require the use of significant estimates and assumptions on the projections of cash flows from the continuous use of the hotel assets. The key assumptions used in determining the value-in-use of hotel assets mainly include:

- Discount rate of 12% per annum;
- 4% per annum growth rate after start-up period; and
- Occupancy rates of 60% to 65% after start-up period.

Based on management's best estimates, there was no material impairment for hotel assets at 31 December 2015 and 2014.

### (e) Estimates for fair value of investment properties

The Group assesses the fair value of its investment properties based on valuations determined by independent and professional qualified valuer. Significant judgement and assumptions are required in assessing the fair value of the investment properties. Details of the judgement and assumptions are disclosed in note 7.

### 5 Segment information

The executive directors review the Group's internal reporting in order to assess performance and allocate resources. The executive directors have determined the operating segments based on these reports.

The executive directors consider the business from product perspective. From a product perspective, executive directors assess the performance of:

- Property development;
- Construction, fitting and decoration;
- Property investment;
- Property management; and
- Hotel operation.

The executive directors assess the performance of the operating segments based on a measure of operating profit.

### 5 Segment information (Continued)

Segment assets consist primarily of property, plant and equipment, intangible assets, land use rights, investment properties, properties under development, completed properties held for sale, inventories, receivables and operating cash. They exclude deferred income tax assets, available-for-sale financial assets, financial assets at fair value through profit and loss and derivative financial instruments. Segment liabilities consist primarily of operating liabilities. They exclude senior notes, debentures, bank and other borrowings, deferred income tax liabilities, income taxes payable and derivative financial instruments.

Capital expenditure comprises additions to property, plant and equipment (note 6), investment properties (note 7), intangible assets (note 8) and land use rights (note 9).

### Notes to the Consolidated Financial Statements

### 7 Investment properties (Continued)

Properties were re-measured at their respective fair values upon transfer. For the properties transferred from properties under development and completed properties held for sale to investment properties, the differences between the fair values and carrying amounts upon transfer, amounting to RMB601,023,000 (2014: RMB1,381,127,000), were recognised in profit or loss as gains arising from changes in fair value of and transfer to investment properties. In 2015, there are no properties transferred from property, plant and equipment and land use rights to investment properties. In 2014, for the properties transferred from property, plant and equipment and land use rights to investment properties, the differences between the fair values and carrying amounts upon transfer, amounting to RMB1,952,316,000, were recognised directly in equity with related deferred income tax of RMB488,079,000 (note 28).

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. At 31 December 2015 and 2014, the Group had only level 3 investment properties.

### Valuation processes of the Group

The Group's investment properties were valued at transfer dates, and at 31 December 2015 and 2014 by Vigers Appraisal and Consulting Limited, an independent and professionally qualified valuer who holds a recognised relevant professional qualification and has recent experience in the locations and segments of the investment properties valued. For all investment properties, their current use equates the highest and best use.

Discussions of valuation processes and results are held between management and the valuer on a semiannual basis, in line with the Group's interim and annual reporting dates.

At each half year-end, management:

- Verifies all major inputs to the independent valuation report;
- Assesses property valuations movements when compared to the prior year valuation report; and
- Holds discussions with the independent valuer.

# 7 Investment properties (Continued) Valuation Techniques

Valuations are based on:

- (i) Direct comparison approach assuming sale of each of these properties in its existing state with the benefit of vacant possession. By making reference to sales transactions as available in the relevant market, comparable properties in close proximity have been selected and adjustments have been made to account for the difference in factors such as locations and property size; and/or
- (ii) Income approach taking into account the current rents of the property interests and the reversionary potentials of the tenancies, term yield and reversionary yield are then applied respectively to derive the market value of the property, or
- (iii) Residual method of valuation which is commonly used in valuing development sites by establishing the market value of the properties on an "as-if" completed basis with appropriate deduction on construction costs, professional fees, contingency, marketing and legal cost, and interest payments to be incurred, anticipated developer's profits, as well as land acquisition costs, interest payment and profit on land.

There were no changes to the valuation techniques during the year.

Relationships of unobservable inputs to fair value are as follows:

- The higher rate of return/capitalisation rate, the lower fair value;
- The higher expected vacancy rate, the lower fair value;
- The higher monthly rental, the higher fair value;
- The higher market price, the higher fair value;
- The higher budgeted construction cost to be incurred, the lower fair value;
- The higher remaining percentage to completion, the lower fair value;
- The higher the anticipated developer's profit margin, the lower fair value;

As at 31 December 2015, the fair value of trade and other receivables approximated their carrying amounts.

# Notes to the Consolidated Financial Statements

### 15 Trade and other receivables (Continued)

(a) Trade receivables mainly arise from sales of properties. Property buyers are generally granted credit terms of 1 to 6 months. The ageing analysis of trade receivables based on revenue recognition date is as follows:

|                                   | 2015       | 2014      |
|-----------------------------------|------------|-----------|
|                                   | RMB'000    | RMB'000   |
| Within 90 days                    | 12,706,910 | 7,399,889 |
| Over 90 days and within 180 days  | 853,260    | 640,911   |
| Over 180 days and within 365 days | 821,220    | 436,609   |
| Over 365 days                     | 383,443    | 212,654   |
|                                   | 14,764,833 | 8,690,063 |

At 31 December 2015 and 2014, trade receivables were denominated in RMB.

Trade receivables are analysed as follows:

|                                     | 2015       | 2014      |
|-------------------------------------|------------|-----------|
|                                     | RMB'000    | RMB'000   |
| Fully performing under credit terms | 14,128,350 | 8,451,516 |
| Past due but not impaired           | 636,483    | 238,547   |
|                                     | 14,764,833 | 8,690,063 |

Past due but not impaired receivables mainly represent receivables from sales of properties. The directors consider that these receivables would be recovered and no provision was therefore made against past due receivables as at 31 December 2015 (2014: nil). The ageing analysis of these trade receivables is as follows:

|                                   | 2015    | 2014    |
|-----------------------------------|---------|---------|
|                                   | RMB'000 | RMB'000 |
| Over 90 days and within 180 days  | 369,799 | 97,515  |
| Over 180 days and within 365 days | 234,982 | 95,164  |
| Over 365 days                     | 31,702  | 45,868  |
|                                   | 636,483 | 238,547 |

The other classes within trade and other receivables did not contain impaired assets and there had been no material default history for these receivables.

There is no concentration of credit risk with respect to trade receivables as the Group has a large number of customers. Trade receivables were collateralised by the properties sold.

# 15 Trade and other receivables (Continued)

- (b) Other receivables mainly represent advances made to outsourced construction and design vendors, which are interest-free, unsecured and repayable on demand.
- (c) Amounts due from customers for contract work at the date of statement of financial position are as follows:

|   | 2015        | 2014        |
|---|-------------|-------------|
|   | RMB'000     | RMB'000     |
| Cost incurred                               | 3,919,572   | 4,252,364   |
| Recognised profits (less recognised losses) | 1,063,910   | 1,079,993   |
|   | 4,983,482   | 5,332,357   |
| Less: progress billings                     | (4,420,104) | (4,062,765) |
|   | 563,378     | 1,269,592   |
| Represented by:                             |             |             |
| Amounts due from customers                  | 563,378     | 1,269,592   |
| Including: Related parties (note 41(d)(i))  | 343,213     | 908,173     |
| Third parties                               | 220,165     | 361,419     |

- (d) Prepayments for land use rights are related to acquisition of land use rights upon successfully bidding at the land auctions conducted by the PRC government. The relevant land use right certificates have not been obtained at 31 December 2015.
- (e) Other prepayments mainly represent prepayments for purchases of construction materials and services.

### 16 Restricted cash

The amount represented guarantee deposits for construction of pre-sale properties denominated in RMB.

In accordance with relevant documents issued by the PRC State-Owned Land and Resource Bureau, certain property development companies of the Group are required to place in designated bank accounts certain amount of presale proceeds of properties as guarantee deposits for the constructions of the related properties. The deposits can only be used for payments for construction costs of the relevant properties when approval from PRC State-Owned Land and Resource Bureau is obtained. Such guarantee deposits will only be released after the completion certificates have been obtained or the issuance of the real estate ownership certificates, whichever is earlier.

### Notes to the Consolidated Financial Statements

### 21 Senior notes (Continued)

- (b) In 2015, the Group paid USD8,000,000 (equivalent to approximately RMB51,166,000) to modify certain covenants of all existing outstanding notes.
- (c) Except for the 2019 Notes II, all senior notes are listed on the Singapore Exchange Securities Trading Limited.

Except for the 2019 Notes II, all senior notes contain a liability component and the early redemption options:

Liability component represents the present value of the contractually determined stream of future cash flows discounted at the prevailing market interest rate at that time applicable to instruments of comparable credit status and providing substantially the same cash flows, on the same terms, but without the embedded derivatives.

The interest charged for the year is calculated by applying an effective interest rate of approximately 7.91%, 7.84%, 8.77%, 7.72%, 7.96%, 11.69% and 11.23% per annum to the liability component of the 2023 Notes, 2021 Notes, 2019 Notes I, 2019 Notes II, 2020 Notes, 2018 Notes and 2015 Notes respectively.

Early redemption options are regarded as embedded derivatives not closely related to the host contract. The directors consider that the fair value of the above early redemption options was insignificant on initial recognition and at 31 December 2015 and 2014.

The fair value of the senior notes at 31 December 2015 was approximately RMB21,600,831,000 (2014: RMB21,593,997,000). The fair value is calculated using the market price of the senior notes on the date of statement of financial position. The fair value measurement of the senior notes is categorised within the level 1 of fair value hierarchy.

- (e) Zengcheng Country Garden issued 5.10% per annum debentures at a par value of RMB4,000,000,000 on 7 December 2015. After deducting the issuance costs, the Group received net proceeds of RMB3,988,000,000 from the issuance.
- (f) Country Garden Real Estate Sdn. Bhd., a wholly owned subsidiary of the Group, issued 6% per annum debentures at a par value of RM115,000,000 (equivalent to RMB174,219,000) on 30 December 2015. After deducting the issuance costs, the Group received net proceeds of 173,099,000 from the issuance.
- (g) The RMB Debentures issued by Zengcheng Country Garden were guaranteed by the Company.
- (h) The RM Debentures issued by Country Garden Real Estate Sdn. Bhd. were jointly guaranteed by the Company, Bright Start Group Ltd. and Top Favour Holdings Ltd. (both are wholly owned subsidiaries of the Company), and secured by all of Country Garden Real Estate Sdn.'s present and future assets, a first ranking charge over shares by Bright Start Group Ltd. and Top Favour Holdings Ltd. over their respective shares in Country Garden Real Estate Sdn., including but not limited to bonus shares, right shares and other new shares or rights entitlements.
- (i) The RMB Debentures II tranche I and tranche II issued by Zengcheng Country Garden and RMB Debentures issued by the Company contain a liability component and coupon rate adjustment options:

Liability component represents the present value of the contractually determined stream of future cash flows discounted at the prevailing market interest rate at that time applicable to instruments of comparable credit status and providing substantially the same cash flows, on the same terms, but without the embedded derivatives.

The directors consider that the fair values of the above coupon rate adjustment options were insignificant on initial recognition and at 31 December 2015.

The fair values of the debentures at 31 December 2015 were RMB15,335,091,000. The fair values are calculated using the market price of the debentures on the date of statement of financial position. The fair value measurement of RMB Debentures I tranche I and II issued by Zengcheng Country Garden is categorised within the level 1 of fair value hierarchy as they are listed on Shanghai Stock Exchange. The fair value measurement of other debentures is categorised within the level 3 of fair value hierarchy as they are private placements.

The Group's borrowings as at 31 December 2015 of RMB29,233,374,000 (2014: RMB26,316,236,000), were jointly secured by certain properties, land use rights and equipment of the Group (notes 6, 7, 9 and 10) with total carrying values of RMB23,704,691,000 (2014: RMB20,554,710,000). The Group's borrowings as at 31 December 2015 of RMB2,667,996,000 (2014: RMB939,800,000) were guaranteed by the Company and secured by the Group's equity interest in certain subsidiaries.

Other borrowings represented RMB209,029,000 (2014: RMB257,026,000) of borrowings under a financing arrangement entered into by the Group with a third-party financing company in the form of a sale and leaseback transaction with a repurchase option. The subject sold and leased back under the financing arrangement is a transportation equipment of the Group. As the repurchase price is set at RMB1 which is minimal compared to the expected fair value and the Group is certain that it will exercise the repurchase option, the above financing arrangement has been accounted for as collateralised borrowings of the Group.

The exposure of the Group's bank and other borrowings to interest-rate changes and the contractual repricing dates or maturity date whichever is earlier are as follows:

### (a) Share option scheme

On 30 November 2012, the Group granted 3,000,000 share options (adjusted to 3,044,358 as a result of a rights issue in 2014) with an exercise price of HKD3.7 per share (adjusted to HKD3.646 per share as a result of the a rights issue in 2014) to certain independent non-executive directors. The options were vested immediately after the grant date and have a contractual option term of 10 years. The Group has no legal or contractual obligation to repurchase or settle the options in cash.

### 25 Employee share schemes (Continued)

(a) Share option scheme (Continued)

On 13 December 2013, the Group granted 6,173,457 share options (adjusted to 6,264,738 as a result of a rights issue in 2014) with an exercise price of HKD4.844 per share (adjusted to HKD4.773 per share as a result of a rights issue in 2014) to certain directors and employees in connection with a profit sharing incentive scheme (the "Incentive Scheme") adopted by the Group.

Pursuant to the Incentive Scheme, certain portion of the bonus calculated in accordance with the Incentive Scheme is settled in cash, while the remaining portion is settled in the Company's shares as the consideration for the costs to exercise the share options. The vesting period of the above share options is 5 years from their respective grant dates. The fair value of these share options at the grant date approximated the portion of bonus which is to be settled in the Company's shares.

Movements in the number of share options outstanding and their related weighted average exercise prices are as follows:

#### (b) Share award scheme

Pursuant to the Incentive Scheme, certain portion of the bonus calculated in accordance with the Incentive Scheme is settled in cash, while the remaining portion is settled in the Company's shares. On 11 February 2015, 11 March 2015 and 20 August 2015, respectively, the Group granted 14,770,863, 6,128,293 and 9,863,225 shares to certain senior management and employees (the "Awarded Shares"). The vesting period of the Awarded Shares is 5 years from their respective grant dates. As at 31 December 2015, the registration and transfer procedures were yet to be completed.

The Group planned to use treasury shares to award the grantees of the Awarded Shares. The Awarded Shares are held by Power Great Enterprises Limited, a wholly owned subsidiary of the Group, on behalf of these senior management and employees until the end of vesting periods.

The fair value of these Awarded Shares at the grant date approximated the portion of bonus which is to be settled in the Company's shares.

Movements in the number of Awarded Shares are as follows:

|                | 2015           | 2014           |

In 2015 and 2014, certain subsidiaries (the "Issuing Subsidiaries") of the Group issued subordinated unlisted perpetual capital securities (the "Perpetual Capital Securities") to certain financial institutions in the PRC.

The Perpetual Capital Securities are jointly guaranteed by the Company and Issuing Subsidiaries and secured by pledges of the shares of Issuing Subsidiaries. They do not have maturity date and the distribution payments can be deferred at the discretion of the Issuing Subsidiaries. The Perpetual Capital Securities are classified as equity instruments and recorded in non-controlling interests in the consolidated statement of financial position.

As at 31 December 2015, Issuing Subsidiaries declared distributions of totalling RMB356,104,000 (2014: RMB207,169,000) to the holders of the Perpetual Capital Securities, of which RMB55,605,000 (2014: RMB24,873,000) has not been paid and recorded in other payables as at 31 December 2015.

#### Note:

As at 31 December 2015, the retained earnings of the Group's PRC subsidiaries not yet remitted to holding companies incorporated outside PRC, for which no deferred income tax liability had been provided, were approximately RMB33,844,170,000 (2014: RMB27,465,467,000). Such earnings are expected to be retained by the PRC subsidiaries for reinvestment purposes and would not be remitted to a foreign investor in the foreseeable future based on management's estimation of overseas funding requirements.

| Income tax expenses  | 5,121,428  | 5,757,225  |

#### Notes:

- (a) Hong Kong profits tax has been provided at the rate of 16.5% (2014:16.5%) on the estimated assessable profits of the Group's subsidiaries in Hong Kong.
- (b) PRC corporate income tax has been provided at corporate income tax rate of 25%.
- (c) PRC land appreciation tax is levied at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sales of properties less deductible expenditures including cost of land use rights and all property development expenditures.
- (d) Withholding income tax is provided on the dividends to be distributed by the PRC subsidiaries of the Group. The relevant overseas holding companies have successfully obtained endorsement from various PRC tax bureaus to enjoy the treaty benefit of 5% withholding income tax rate on dividends received from the PRC subsidiaries of the Group. Accordingly, withholding income tax has been provided at 5% of the dividends to be distributed by the PRC subsidiaries of the Group.

## 36 Earnings per share

#### (a) Basic

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of ordinary shares in issue during the year, excluding ordinary shares purchased by the Group and held as treasury shares (note 24).

|  | 2015       | 2014       |
|--|------------|------------|
| Profit attributable to owners of the Company (RMB'000) | 9,276,485  | 10,229,159 |
| Weighted average number of ordinary shares in issue    |            |            |
| (thousands)  | 21,806,325 | 19,138,531 |
| Earnings per share – Basic (RMB cents per share)       | 42.54      | 53.45      |

#### (b) Diluted

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Company had two categories of dilutive potential ordinary shares: share options and the Awarded Shares. For the share options and Awarded Shares, a calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the company's shares) based on the monetary value of the subscription rights attached to outstanding share options and Awarded Shares. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options and Awarded Shares.

|  | 2015       | 2014       |
|--|------------|------------|
| Profit attributable to owners of the Company (RMB'000)     | 9,276,485  | 10,229,159 |
| Weighted average number of ordinary shares in issue        |            |            |
| (thousands)  | 21,806,325 | 19,138,531 |
| Adjustments – share options and Awarded Shares (thousands) | 7,471      | 902        |
| Weighted average number of ordinary shares for             |            |            |
| diluted earnings per share (thousands)                     | 21,813,796 | 19,139,433 |
| Earnings per share – Diluted (RMB cents per share)         | 42.53      | 53.45      |

#### Notes to the Consolidated Financial Statements

#### **37 Contingencies**

The Group had the following contingent liabilities:

|  | 2015<br>RMB'000 | 2014<br>RMB'000 |
|--|-----------------|-----------------|
| Guarantees in respect of mortgage facilities for certain purchasers (note (a)) | 60,636,156      | 49,375,895      |
| Guarantees to related parties in respect of borrowings (note (b))              | 1,781,900       | 2,298,980       |
|  | 62,418,056      | 51,674,875      |

#### Note:

(a) These represented the guarantees in respect of mortgage facilities granted by certain banks relating to the mortgage loans arranged for certain purchasers of the Group's properties. Pursuant to the terms of the guarantees, upon default in mortgage payments by these purchasers, the Group is responsible to repay the outstanding mortgage principals together with accrued interest and penalty owed by the defaulted purchasers to the banks and the Group is entitled to retain the legal title and take over the possession of the related properties. As at 31 December 2015, the amount of RMB50,841,000 (2014: RMB113,392,000) was to be discharged two years from the day the mortgaged loans become due; and RMB60,585,315,000 (2014: RMB49,262,503,000) was to be discharged upon the earlier of (i) issuance of the real estate ownership certificate which are generally available within three months after the purchasers take possession of the relevant properties; and (ii) the satisfaction of mortgaged loans by the purchasers of properties.

The directors consider that in case of default in payments, the net realisable value of the related properties can cover the repayment of the outstanding mortgage principals together with the accrued interest and penalty (note 4(b)) and therefore no provision has been made in the financial statements for the guarantees.

(b) These represented the maximum exposure of the guarantees provided for Li He (note 41(b)(iv)).

| Cash outflow on acquisition  | 675,409   |

The bargain purchase gain was mainly due to the fact that the sellers had the intention to exit from their investments in Jin Mengdu due to various operational reasons.

The acquired business contributed revenue of RMB6,875,000 and net loss of RMB11,743,000 to the Group for the period from 4 July 2015 to 31 December 2015. If the acquisition had occurred on 1 January 2015, the revenue would have been RMB20,296,000 and the net loss would have been RMB16,287,000 respectively for the year ended 31 December 2015. The directors consider these 'pro-forma' numbers to represent an approximate measure of the performance of the combined group on an annualised basis and to provide a reference point for comparison in future periods.

## (c) Acquisition of Foshan City Nanhai District Huaxing Property Development and Investment Co.,Ltd. ("Huaxing Property")

On 4 December 2015, The Group acquired 51% equity interest of Huaxing Property from certain third parties for a total cash consideration of RMB82,209,000.

Huaxing Property's principal activities are property development and management and investment in the PRC.

The following table summarises the consideration paid, the fair value of assets acquired and liabilities assumed at the acquisition date.

|  | RMB'000   |
|--|-----------|
| Purchase consideration   |           |

| <ul> <li>Cash and cash equivalents in subsidiary acquired</li> </ul>       | (73,628   |
| Cash outflow on acquisition  | 8,583     |

As a result of the acquisition, the Group is expected to increase its presence in the market. It also expects to reduce costs through economies of scale. The goodwill of RMB26,297,000 arising from the acquisition is attributable to acquired customer base and economies of scale expected from combining the operations of the Group and Huaxing Property. None of the goodwill recognised is expected to be deductible for income tax purposes.

The acquired business contributed revenue of RMB386,560,000 and net profit of RMB41,154,000 to the Group for the period from 4 December 2015 to 31 December 2015. If the acquisition had occurred on 1 January 2015, the revenue would have been RMB386,560,000 and the net loss would have been RMB5,490,000 respectively for the year ended 31 December 2015. The directors consider these 'pro-forma' numbers to represent an approximate measure of the performance of the combined group on an annualised basis and to provide a reference point for comparison in future periods.

## (e) Acquisition of Hunan Dongchen Zhidi Property Development Co., Ltd. ("Zhidi Property")

On 25 August 2015, The Group acquired 43.35% equity interest of Zhidi Property from certain third parties for a total cash consideration of RMB197,931,000.

Zhidi Property's principal activities are property development and management in the PRC.

As the Group has the rights to variable returns from its involvement in Zhidi Property and has the ability to affect those returns through its majority vote position in the board of directors of Zhidi Property and the right to determine the budget, pricing and promotion strategies of Zhidi Property, the Group has control over Zhidi Property and Zhidi Property is thus accounted for as a subsidiary of the Group.

The following table summarises the consideration paid, the fair value of assets acquired and liabilities assumed at the acquisition date.

As a result of the acquisition, the Group is expected to increase its presence in the market. It also expects to reduce costs through economies of scale. The goodwill of RMB9,557,000 arising from the acquisition is attributable to acquired customer base and economies of scale expected from combining the operations of the Group and Zhidi Property. None of the goodwill recognised is expected to be deductible for income tax purposes.

The acquired business contributed net loss of RMB5,777,000 to the Group for the period from 25 August 2015 to 31 December 2015. If the acquisition had occurred on 1 January 2015, the net loss would have been RMB38,223,000 for the year ended 31 December 2015. The directors consider these 'pro-forma' numbers to represent an approximate measure of the performance of the combined group on an annualised basis and to provide a reference point for comparison in future periods.

#### (f) Acquisition of Huizhou Junfeng Pengfeng Property Development Co., Ltd. ("Junfeng Pengfeng")

On 3 December 2015, The Group acquired 63% equity interest of Junfeng Pengfeng from certain third parties for a total cash consideration of RMB207,144,000.

Junfeng Pengfeng's principal activities are property development and management in the PRC.

The following table summarises the consideration paid, the fair value of assets acquired and liabilities assumed at the acquisition date.

|  | RMB'000   |

| Cash outflow on acquisition  | 207,133   |

As a result of the acquisition, the Group is expected to increase its presence in the market. It also expects to reduce costs through economies of scale. The goodwill of RMB54,420,000 arising from the acquisition is attributable to acquired customer base and economies of scale expected from combining the operations of the Group and Junfeng Pengfeng. None of the goodwill recognised is expected to be deductible for income tax purposes.

The acquired business contributed net loss of RMB4,047,000 to the Group for the period from 3 December 2015 to 31 December 2015. If the acquisition had occurred on 1 January 2015, the net loss would have been RMB15,736,000 for the year ended 31 December 2015. The directors consider these 'pro-forma' numbers to represent an approximate measure of the performance of the combined group on an annualised basis and to provide a reference point for comparison in future periods.

#### (g) Other business combinations

In 2015, The Group also acquired 93.5%, 47.68%, 89.68%, 45.90%, 43.35%, 100.00%, 51.00% and 54.00% equity interest of Dongguan City Junxuan Real Estate Co., Ltd., Dongguan City Tianhui Property Investment Co., Ltd., Dongguan City Yizhan Hengtai Property Development Co., Ltd., Huizhou City Huiyang Jingsheng Real Estate Co., Ltd., Hainan Baolian City (Bo'ao) Real Estate Co., Ltd., Guangdong Longyue Construction Co., Ltd., Foshan City Shunde District Dongyiwan Property Development Co., Ltd. and Huizhou Dayawan Haiyada Property Development Co., Ltd., respectively, from various third parties for a total cash consideration of RMB328,467,000.

The acquired companies' principal activities are property development and management and construction in the PRC.

As the Group has the rights to variable returns from its involvement with Dongguan City Tianhui Property Investment Co., Ltd., Huizhou City Huiyang Jingsheng Real Estate Co., Ltd., and Hainan Baolian City (Bo'ao) Real Estate Co., Ltd. and has the ability to affect those returns through its majority vote position in the board of directors of these companies and the right to determine the budget, pricing and promotion strategies of these companies, the Group has control over these companies and these companies are thus accounted for as subsidiaries of the Group.

The following table summarises the considerations paid, the fair value of assets acquired and liabilities assumed of these subsidiaries at the acquisition dates.

#### (g) Other business combinations (Continued)

The bargain purchase gain was mainly due to the fact that the sellers had the intention to exit from their investments in these acquired businesses due to various operational reasons.

The acquired businesses contributed total revenues of RMB298,203,000 and total net loss of RMB25,632,000 to the Group for the period from their respective acquisition dates to 31 December 2015. If the acquisition had occurred on 1 January 2015, the total revenues would have been RMB298,223,000 and the total net losses would have been RMB77,493,000 respectively for the year ended 31 December 2015. The directors consider these 'pro-forma' numbers to represent an approximate measure of the performance of the combined group on an annualised basis and to provide a reference point for comparison in future periods.

#### TO THE SHAREHOLDERS OF COUNTRY GARDEN HOLDINGS COMPANY LIMITED

(Incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of Country Garden Holdings Company Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 120 to 225, which comprise the consolidated and company statements of financial position as at 31 December 2014, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

## DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

### 羅兵咸永道

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **OPINION**

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2014, and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

Annual Report 2014 Country Garden Holdings Company Limited

#### **Financial Statements**

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 1 GENERAL INFORMATION

Country Garden Holdings Company Limited (the "Company") was incorporated in the Cayman Islands on 10 November 2006 as an exempted company with limited liability under the Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands.

The address of the Company's registered office is Cricket Square, Hutchins Drive, P.O. Box 2681 Grand Cayman, KY1-1111 Cayman Islands. The Company is engaged in investment holding and its subsidiaries (collectively the "Group") are principally engaged in the property development, construction, fitting and decoration, property investment, property management and hotel operation.

The shares of the Company are listed on The Stock Exchange of Hong Kong Limited.

These financial statements are presented in Renminbi ("RMB"), unless otherwise stated. These financial statements have been approved for issue by the Board of Directors on 11 March 2015.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of the consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### 2.1 Basis of Preparation

The consolidated financial statements of the Group have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS"). The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets and investment properties, which are carried at fair value.

The consolidated financial statements are prepared in accordance with the applicable requirements of the predecessor Companies Ordinance (Cap. 32) for this financial year and the comparative period.

The preparation of financial statements in conformity with the HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 4.

## Financial Statements NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 2.1 Basis of Preparation (Continued)

- 2.1.1 Changes in accounting policy and disclosures
- (i) The new or revised standards, amendments and interpretations to existing standards, which are mandatory for the financial year beginning on 1 January 2014, are either currently not relevant to the Group or had no material impact on the Group's consolidated financial statements.
- (ii) New and revised standards and amendments to existing standards that have been issued and are relevant to the Group, but are not effective for the financial year beginning on 1 January 2014 and have not been early adopted
  - Annual improvements 2012, which include changes from the 2010-2012 cycle of the annual improvements
    project, that affect the below standards: HKFRS8, 'Operating segments', Hong Kong Accounting Standards
    ("HKAS"), HKAS16, 'Property, plant and equipment' and HKAS38, 'Intangible assets' and HKAS 24,
    'Related Party Disclosures'. The above amendments will be effective for annual periods beginning on or after
    1 July 2014.
  - Annual improvements 2013, which include changes from the 2011-2013 cycle of the annual improvements
    project that affect the below standards: HKFRS3, 'Business combinations', HKFRS13, 'Fair value
    measurement', and HKAS40, 'Investment property'. The above amendments will be effective for annual
    periods beginning on or after 1 July 2014.
  - Annual improvements 2014, which include changes from the 2012-2014 cycle of the annual improvements
    project that affect 4 standards: HKFRS 5, 'Non-current assets held for sale and discontinued operations',
    HKFRS 7, 'Financial instruments: Disclosures', HKAS 19, 'Employee benefits' and HKAS 34, 'Interim
    financial reporting'. These amendments will be effective for annual periods beginning on or after 1 January
    2016.
  - Amendment to HKFRS 11 on accounting for acquisitions of interests in joint operations. The amendment requires an investor to apply the principles of business combination accounting when it acquires an interest in a joint operation that constitutes a 'business' (as defined in HKFRS 3, Business combinations). The amendment is applicable to both the acquisition of the initial interest and a further interest in a joint operation. The previously held interest is not remeasured when the acquisition of an additional interest in the same joint operation with joint control maintained. This amendment will be effective for annual periods beginning on or after 1 January 2016.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 2.1 Basis of Preparation (Continued)

- 2.1.1 Changes in accounting policy and disclosures (Continued)
- (ii) New and revised standards and amendments to existing standards that have been issued and are relevant to the Group, but are not effective for the financial year beginning on 1 January 2014 and have not been early adopted (Continued)
  - Amendments to HKFRS 10 and HKAS 28 on the sale or contribution of assets between an investor and its associate or joint venture. The amendments address an inconsistency between HKFRS 10 and HKAS 28 in the sale and contribution of assets between an investor and its associate or joint venture. A full gain or loss is recognized when a transaction involves a business. A partial gain or loss is recognized when a transaction involves assets that do not constitute a business, even if those assets are in a subsidiary. These amendments will be effective for annual periods beginning on or after 1 January 2016.
  - Amendment to HKAS 27 on the equity method in separate financial statements. The amendment allows
    entities to use equity method to account for investments in subsidiaries, joint ventures and associates in
    their separate financial statements. This amendment will be effective for annual periods beginning on or after
    1 January 2016.
  - HKFRS 15 "Revenue from Contracts with Customers". HKFRS 15 establishes a comprehensive framework for determining when to recognize revenue and how much revenue to recognize through a 5-step approach: (1) Identify the contract(s) with customer; (2) Identify separate performance obligations in a contract (3) Determine the transaction price (4) Allocate transaction price to performance obligations and (5) recognize revenue when performance obligation is satisfied. The core principle is that a company should recognize revenue to depict the transfer of promised goods or services to the customer in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. It moves away from a revenue recognition model based on an 'earnings processes to an 'asset-liability' approach based on transfer of control. HKFRS 15 provides specific guidance on capitalization of contract cost and license arrangements. It also includes a cohesive set of disclosure requirements about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. HKFRS 15 replaces the previous revenue standards: HKAS 18 Revenue and HKAS 11 Construction Contracts, and the related Interpretations on revenue recognition: HKFRIC 13 Customer Loyalty Programmes, HKFRIC 15 Agreements for the Construction of Real Estate, HKFRIC 18 Transfers of Assets from Customers and SIC-31 Revenue — Barter Transactions Involving Advertising Services. This amendment will be effective for annual periods beginning on or after 1 January 2017.

- 2.1.1 Changes in accounting policy and disclosures (Continued)
- (ii) New and revised standards and amendments to existing standards that have been issued and are relevant to the Group, but are not effective for the financial year beginning on 1 January 2014 and have not been early adopted (Continued)
  - HKFRS 9, 'Financial instruments', addresses the classification, measurement and recognition of financial assets and financial liabilities. The complete version of HKFRS 9 was issued in July 2014. It replaces the guidance in HKAS 39 that relates to the classification and measurement of financial instruments. HKFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through other comprehensive income and fair value through profit or loss. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in other comprehensive income not recycling. There is now a new expected credit losses model that replaces the incurred loss impairment model used in HKAS 39. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value through profit or loss. HKFRS 9 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and hedging instrument and for the 'hedged ratio' to be the same as the one management actually use for risk management purposes. Contemporaneous documentation is still required but is different to that currently prepared under HKAS 39. This new standard will be effective for annual periods beginning on or after 1 January 2018.

The Group is in the process of assessing the impact of the above new standards and amendments to existing standards on the Group's consolidated financial statements.

### (iii) New Hong Kong Companies Ordinance (Cap.622)

In addition, the requirements of Part 9 "Accounts and Audit" of the new Hong Kong Companies Ordinance (Cap. 622) come into operation as from the Company's first financial year commencing on or after 3 March 2014 in accordance with section 358 of that Ordinance. The Group is in the process of making an assessment of expected impact of the changes in the Companies Ordinance on the consolidated financial statements in the period of initial application of Part 9 of the new Hong Kong Companies Ordinance (Cap. 622). So far it has concluded that the impact is unlikely to be significant and only the presentation and the disclosure of information in the consolidated financial statements will be affected.

### (iv) Change in accounting policy on investment properties

On 30 June 2014, the Group changed its accounting policy on investment properties. Prior to 30 June 2014, the Group's investment properties were stated at historical cost less accumulated depreciation and impairment loss. They were depreciated using the straight line method over estimated useful life of 20 years. Subsequent to the change in accounting policy, investment properties are carried at fair value.

Management believes that the new accounting policy for investment properties results in a more relevant presentation of the Group's financial position and also results in a presentation that is more consistent with the industry practices.

The above change in accounting policy should have been accounted for retrospectively in accordance with HKAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors"; however, as the impact to the Group was immaterial, no retrospective adjustments have been made. The cumulative impact was recorded as follows:

| Increase in investment properties  | 31 December 2014<br>RMB'000<br>94,477     |

## Financial Statements NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 2.2 Subsidiaries

### 2.2.1 Consolidation

A subsidiary is an entity (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

### (i) Business combinations

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

The group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis. Non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership interests' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by HKFRS.

Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in profit or loss.

Any contingent consideration to be transferred by the group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in accordance with HKAS 39 either in profit or loss or as a change to other comprehensive income. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 2.2 Subsidiaries (Continued)

### 2.2.1 Consolidation (Continued)

#### (i) Business combinations (Continued)

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in profit or loss.

Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. When necessary, amounts reported by subsidiaries have been adjusted to conform with the Group's accounting policies.

### (ii) Changes in ownership interests in subsidiaries without change of control

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions — that is, as transactions with the owners in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

### (iii) Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

### 2.2.2 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost also includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 2.3 Associates

An associate is an entity over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to profit or loss where appropriate.

The Group's share of post-acquisition profit or loss is recognised in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income with a corresponding adjustment to the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount adjacent to 'share of results of an associate' in profit or loss.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognised in the Group's financial statements only to the extent of unrelated investor's interests in the associates. Unrealised losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

Gain or losses on dilution of equity interest in associates are recognised in profit or loss.

### 2.4 Joint Arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations each investor. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures. Joint ventures are accounted for using the equity method.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 2.4 Joint Arrangements (Continued)

Under the equity method of accounting, interests in joint ventures are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses and movements in other comprehensive income. When the Group's share of losses in a joint venture equals or exceeds its interests in the joint ventures (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint ventures), the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint ventures.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of the joint ventures have been changed where necessary to ensure consistency with the policies adopted by the Group.

### 2.5 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors of the Company (the "ED") that makes strategic decisions.

### 2.6 Foreign Currency Translation

### (i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in RMB which is the Company's functional currency and the Group's presentation currency.

## Financial Statements NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### 2.6 Foreign Currency Translation (Continued)

### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss, except when defined in equity as qualifying cash flow hedges or qualifying net investment hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the consolidated statement of comprehensive income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the consolidated statement of comprehensive income within 'other income and gains — net'.

Translation differences on non-monetary financial assets and liabilities are recognised in profit or loss as part of the fair value gain or loss.

### (iii) Group companies

The results and financial positions of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- Income and expenses for each consolidated statement of comprehensive income are translated at average
  exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates
  prevailing on the transaction dates, in which case income and expenses are translated at the rate on the
  dates of the transactions); and
- All resulting exchange differences are recognised in other comprehensive income.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.7 Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation and any impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the consolidated income statement during the financial period in which they are incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

 $\begin{array}{lll} \text{Buildings} & 20-40 \text{ years} \\ \text{Transportation equipment} & 5-10 \text{ years} \\ \text{Machinery} & 5-10 \text{ years} \\ \text{Furniture, fitting and equipment} & 5-8 \text{ years} \\ \end{array}$ 

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 2.10).

Construction in progress represents the direct costs of construction incurred of property, plant and equipment less any impairment losses. No provision for depreciation is made on construction in progress until such time the relevant assets are completed and put into use. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognised within 'other income and gains-net' in the consolidated statement of comprehensive income.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.8 Investment Properties

Investment property, principally comprising leasehold land and buildings, is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group. It also includes properties that are being constructed or developed for future use as investment properties. Land held under operating leases are accounted for as investment properties when the rest of the definition of an investment property is met. In such cases, the operating leases concerned are accounted for as if they were finance leases. Investment property is initially measured at cost, including related transaction costs and where applicable borrowing costs. After initial recognition, investment properties are carried at fair value, representing open market value determined at each reporting date by external valuers.

Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If the information is not available, the Group uses alternative valuation methods such as recent prices on less active markets. Changes in fair values are recorded in profit or loss as part of a valuation gain or *loss*.

If an item of property, plant and equipment or land use rights becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognised in equity as a revaluation gain or loss. However, if a fair value gain reverses a previous impairment loss, the gain is recognised in profit or loss to the extent the impairment provision previous made. For a transfer from completed properties held for sale or properties under development to investment properties that will be carried at fair value, any difference between the fair value of the property at that date and its previous carrying amount shall be recognised in profit or loss.

#### 2.9 Intangible Assets

Acquired computer software programmes are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over the estimated useful lives of 5 to 10 years on a straight-line basis.

Costs associated with maintaining computer software programmes are recognised as an expense as incurred.

#### 2.10 Impairment of Non-Financial Assets

Assets that have an indefinite useful life — for example, goodwill or intangible assets not ready to use — are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.11 Financial Assets

#### (i) Classification

The Group classifies its financial assets as loans and receivables and available-for-sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for the amounts that are settled or expected to be settled more than 12 months after the end of the reporting period. These are classified as non-current assets. The Group's loans and receivables comprise 'trade and other receivables' (note 2.17), 'amounts due from subsidiaries' and cash and cash equivalents (note 2.18) in the statement of financial position.

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the end of the reporting period.

#### (ii) Recognition and measurement

Regular way purchases and sales of financial assets are recognised on trade-date — the date on which the Group commits to purchase or sell the asset. Financial assets are initially recognised at fair value plus transaction costs. Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets are subsequently carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method.

Changes in the fair value of monetary and non-monetary securities classified as available for sale are recognised in other comprehensive income.

When securities classified as available for sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the consolidated statement of comprehensive income as 'gains and losses from investment securities'.

Dividends on available-for-sale equity instruments are recognised in the consolidated statement of comprehensive income as part of other income when the Group's right to receive payments is established.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## 2.12 Impairment of Financial Assets

#### (i) Assets carried at amortised cost

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation, and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For loans and receivables category, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The asset's carrying amount is reduced and the amount of the loss is recognised in profit or loss. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Group may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the consolidated statement of comprehensive income.

#### (ii) Assets classified as available for sale

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a Group of financial assets is impaired. In the case of equity investments classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is also evidence that the assets are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss — measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss — is removed from equity and recognised in profit or loss. Impairment losses recognised in profit or loss on equity instruments are not reversed through profit or loss.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.13 Properties under Development

Properties under development are stated at the lower of cost and net realisable value. Net realisable value is determined by reference to the sale proceeds of properties sold in the ordinary course of business, less applicable variable selling expenses and the anticipated costs to completion, or by management estimates based on prevailing marketing conditions.

Development cost of property comprises cost of land use rights, construction costs, depreciation of machinery and equipment, borrowing costs capitalised for qualifying assets and professional fees incurred during the development period. On completion, the properties are transferred to completed properties held for sale.

Properties under development are classified as current assets when the construction of the relevant properties commences unless the construction period of the relevant property development project is expected to complete beyond normal operating cycle.

#### 2.14 Completed Properties Held for Sale

Completed properties remaining unsold at year ended are stated at the lower of cost and net realisable value.

Cost comprises development costs attributable to the unsold properties.

Net realisable value is determined by reference to the sale proceeds of properties sold in the ordinary course of business, less applicable variable selling expenses, or by management estimates based on prevailing marketing conditions.

## 2.15 Inventories

Inventories are stated at the lower of cost or net realisable value. Cost is determined using the weighted average method. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.16 Construction Contracts

A construction contract is defined by HKAS 11 as a contract specifically negotiated for the construction of an asset.

When the outcome of a construction contract can be estimated reliably and it is probable that the contract will be profitable, contract revenue is recognised over the period of the contract by reference to the stage of completion. Contract costs are recognised as expenses by reference to the stage of completion of the contract activity at the end of the reporting period. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

When the outcome of a construction contract can be estimated reliably and it is probable that the contract will be profitable, contract revenue is recognised over the period of the contract. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Variations in contract work, claims and incentive payments are included in contract revenue to the extent that may have been agreed with the customer and are capable of being reliably measured.

The Group uses the "percentage of completion method" to determine the appropriate amount to recognise in a given period. The stage of completion is measured by reference to the contract costs incurred up to the end of the reporting period as a percentage of total estimated costs for each contract. Costs incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion.

The Group presents as an asset the gross amount due from customers for contract work for all contracts in progress for which costs incurred plus recognised profits (less recognised losses) exceed progress billings. Progress billings not yet paid by customers and retention are included within "trade and other receivables".

The Group presents as a liability the gross amount due to customers for contract work for all contracts in progress for which progress billings exceed costs incurred plus recognised profits (less recognised losses).

#### 2.17 Trade and Other Receivables

Trade receivables are amounts due from customers for properties sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

#### 2.18 Cash and Cash Equivalents

Cash and cash equivalents includes cash in hand and at banks, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

#### 2.19 Share Capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Where any group company purchases the Company's equity share capital (treasury shares), the consideration paid, including any directly attributable incremental costs (net of income taxes), is deducted from equity attributable to the Company's owners until the shares are cancelled or reissued. Where such shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effect is included in equity attributable to the Company's owners.

## 2.20 Perpetual Capital Securities

Perpetual capital securities with no contractual obligation to repay its principal or to pay any distribution are classified as part of equity.

## 2.21 Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.

Government grants relating to construction of hotel properties are included in non-current liabilities as deferred government grants and are credited to profit or loss on a straight-line basis over the expected lives of the related assets when they are completed and ready for use.

#### 2.22 Trade Payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.23 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

#### 2.24 Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### 2.25 Senior Notes

Senior notes issued by the Company that contain both liability and early redemption option (which is not closely related to the host contract) are classified separately into respective items on initial recognition. At the date of issue, both the liability and early redemption option components are recognised at fair value.

In subsequent periods, the liability component of the senior notes is carried at amortised cost using the effective interest method. The early redemption option is measured at fair value with changes in fair value recognised in profit or loss.

Transaction costs that relate to the issue of the senior notes are allocated to the liability and early redemption option components in proportion to their relative fair values. Transaction costs relating to the early redemption option are charged to profit or loss immediately. Transaction costs relating to the liability component are included in the carrying amount of the liability portion and amortised over the period of the senior notes using the effective interest method.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.26 Current and Deferred Income Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the consolidated statement of comprehensive income.

#### (i) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the date of statement of financial position in the countries where the Company's subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

#### (ii) Deferred income tax

#### Inside basis differences

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using the tax rates (and laws) that have been enacted or substantially enacted by the date of statement of financial position and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

#### **Outside basis differences**

Deferred income tax liabilities are provided on taxable temporary differences arising from investments in subsidiaries, associates and joint arrangements, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the group and it is probable that the temporary difference will not reverse in the foreseeable future. Generally the Group is unable to control the reversal of the temporary difference for associates. Only when there is an agreement in place that gives the group the ability to control the reversal of the temporary difference in the foreseeable future, deferred tax liability in relation to taxable temporary differences arising from the associate's undistributed profits is not recognised.

Deferred income tax assets are recognised on deductible temporary differences arising from investments in subsidiaries, associates and joint arrangements only to the extent that it is probable the temporary difference will reverse in the future and there is sufficient taxable profit available against which the temporary difference can be utilised.

#### 2.26 Current and Deferred Income Tax (Continued)

#### (iii) Offsetting

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

#### 2.27 Employee Benefits

## (i) Pension obligations

A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. The Group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

The Group contributes on a monthly basis to various defined contribution benefit plans organised by the relevant governmental authorities. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Assets of the plans are held and managed by government authorities and are separated from those of the Group.

#### (ii) Profit-sharing and bonus plans

The Group recognises a liability and an expense for bonuses and profit-sharing, based on a formula that takes into consideration the profit attributable to the Company's shareholders after certain adjustments. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

## 2.28 Share-Based Payments

The Group operates an equity-settled, share-based compensation plan, under which the entity receives services from employees as consideration for equity instruments (options) of the Group. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (for example, an entity's share price);
- excluding the impact of any service and non-market performance vesting conditions (for example, profitability, sales
  growth targets and remaining an employee of the entity over a specified time period); and
- including the impact of any non-vesting conditions.

Non-market performance and service conditions are included in assumptions about the number of options that are expected to vest. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.28 Share-Based Payments (Continued)

In addition, in some circumstances employees may provide services in advance of the grant date and therefore the grant date fair value is estimated for the purposes of recognising the expense during the period between service commencement period and grant date.

The grant by the Company of options over its equity instruments to the employees of subsidiaries in the Group is treated as a capital contribution. The fair value of employee services received, measured by reference to the grant date fair value, is recognised over the vesting period as an increase to investments in subsidiaries, with a corresponding credit to equity in the parent entity accounts.

At the end of each reporting period, the Group revises its estimates of the number of options that are expected to vest based on the non-marketing performance and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

When the options are exercised, the Company issues new shares. The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium.

## 2.29 Provisions and Contingent Liabilities

Provisions are recognised when: the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

## 2.30 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable for the sales of properties and services in the ordinary course of the Group's activities. Revenue is shown, net of discounts and after eliminating sales with the Group companies. Revenue is recognised as follows:

#### (i) Sales of properties

Revenue from sales of properties is recognised when the risks and rewards of properties are transferred to the purchasers, which is when the construction of relevant properties has been completed and the properties have been delivered to the purchasers and collectability of related receivables is reasonably assured. Deposits and instalments received on properties sold prior to the date of revenue recognition are included in the consolidated statement of financial position as advanced proceeds received from customers under current liabilities.

#### (ii) Construction services

Revenue arising from construction services is recognised in the accounting period in which the services is rendered, by reference to completion of the specific transaction assessed on the basis of the contract costs incurred up to the end of the reporting period as a percentage of total estimated costs for each contract (note 2.16).

#### (iii) Hotel operation

Revenue from hotel operation is recognised in the accounting period in which the services are rendered.

#### (iv) Property management

Revenue arising from property management is recognised in the accounting period in which the services are rendered.

#### (v) Decoration services

Revenue from decoration services is recognised in the accounting period in which the services are rendered.

#### (vi) Property investment

Rental income from properties leasing under operating leases is recognised on a straight line basis over the lease terms.

## 2.31 Interest Income

Interest income is recognised on a time-proportion basis using the effective interest method.

## 2.32 Dividend Income

Dividend income is recognised when the right to receive payment is established.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.33 Leases

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

#### (i) The Group is the lessee

(a) The Group is the lessee under operating lease other than land use rights

Payments made under operating leases (net of any incentives received from the lessor) are charged to the profit or loss on a straight-line basis over the period of the lease.

(b) The Group is the lessee under operating lease of land use rights

The Group made upfront payments to obtain operating leases of land use rights. The upfront payments of the land use rights are recorded as assets. The amortisation of land use rights is recognised as an expense on a straight-line basis over the unexpired period of the land use rights.

## (ii) The Group is the lessor

Assets leased out under operating leases are included in investment properties in the consolidated statement of financial position. Rental income from operating lease is recognised over the term of the lease on a straight-line basis

#### 2.34 Dividend Distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

#### 2.35 Insurance Contracts

An insurance contract is a contract under which one party (the insurer) accepts significant insurance risk from another party (the policyholder) by agreeing to compensate the policyholder if a specified uncertain future event (the insured event) adversely affects the policyholder. Insurance risk is a pre-existing risk transferred from the policyholder to the insurer, and is significant only if an insured event could cause an insurer to pay significant additional benefits in any scenario, excluding scenarios that lack commercial substance (i.e. have no discernible effect on the economics of the transaction).

The Group assesses at each reporting date whether its recognised insurance liabilities are adequate, using current estimates of future cash flows under its insurance contracts. If that assessment shows that the carrying amount of its insurance liabilities is inadequate in the light of the estimated future cash flows, the entire deficiency is recognised in the consolidated statement of comprehensive income.

The Group regards its financial guarantee contracts provided in respect of mortgage facilities for certain property purchasers and financial guarantee contracts provided to its related parties as insurance contracts.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### 3 FINANCIAL RISK MANAGEMENT

The Group conducts its operations mainly in the PRC and accordingly is subject to special considerations and significant risks. These include risks associated with, among others, the political, economic and legal environment, influence of national authorities over pricing regulation and competition in the industry.

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, cash flow interest rate risk and fair value interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. The property industry is highly sensitive to the economic environment in the PRC, which will affect the volumes of property transactions and selling prices. The Group mainly relies on sales of properties and borrowings to fund its operations. All borrowings due for repayment in 2015 are anticipated to be repaid according to the terms of the loan agreements as the Group considers no renewal is necessary given its sufficient cash to finance its obligation. The Group has alternative plans (refer to note 3(a)(iv)) to monitor liquidity risk should there be significant adverse changes on the Group's cash flow projections.

#### (a) Financial Risk Factors

### (i) Foreign exchange risk

The Group's businesses are principally conducted in RMB. The majority of assets is denominated in RMB. The majority of non-RMB assets and liabilities are bank deposits and borrowings denominated in Hong Kong Dollar ("HKD"), United States Dollar ("USD") and Ringgit Malaysia ("RM"). The Group is subject to foreign exchange rate risk arising from future commercial transactions and recognised assets and liabilities which are denominated in non-RMB. The Group manages its foreign exchange risk by closely monitoring the movement of the foreign currency rates. The Group is considering to adopt foreign currency hedging policy to better manage its foreign exchange risk.

The carrying amount of the Group's foreign currency denominated monetary assets and monetary liabilities at the respective dates of statement of financial position are as follows:

|                  | Group      |            | Company    |            |

The following table shows the sensitivity analysis of a 5% change in RMB against the relevant foreign currencies. The sensitivity analysis includes only foreign currency denominated monetary items and adjusts their translation at the year-end for a 5% change in foreign currency rates. Should RMB strengthened/weakened by 5% against the relevant currencies, the effect on the post-tax profit for the year would be as follows:

## (ii) Cash flow and fair value interest rate risk

#### The Group

The Group's interest rate risk arises from interest-bearing bank deposits, senior notes and bank and other borrowings. Bank deposits and bank and other borrowings issued at variable rates expose the Group to cash flow interest-rate risk. Senior notes issued at fixed rates expose the Group to fair value interest rate risk.

The Group analyses its interest rate exposure on a dynamic basis. Various scenarios are simulated taking into consideration refinancing, renewal of existing positions, alternative financing. Based on these scenarios, the Group calculates the impact on profit or loss of a defined interest rate shift. For each simulation, the same interest rate shift is used for all currencies. The scenarios are run only for liabilities that represent the major interest-bearing positions.

The Group currently does not use any interest rate swaps to hedge its exposure to interest rate risk. However, the Group will consider hedging significant interest rate exposure should the need arise.

#### **Financial Statements**

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (a) Financial Risk Factors (Continued)

(ii) Cash flow and fair value interest rate risk (Continued)

#### The Group (Continued)

As at 31 December 2014, borrowings of the Group which were bearing floating rates amounted to approximately RMB38,794,937,000 (2013: RMB33,189,233,000). As at 31 December 2014, should the interest rate be increased/decreased by 50 basis points with all other factors remain unchanged and without taking into account interest capitalisation, the finance costs of the Group would be increased/decreased by approximately RMB193,975,000 (2013: RMB165,946,000).

#### The Company

The Company's interest rate risk arises from senior notes and bank borrowings. Bank borrowings bearing floating rates expose the Company to cash flow interest rate risk. Senior notes issued at fixed rates expose the Company to fair value interest rate risk.

As at 31 December 2014, borrowings of the Company which were issued at floating rates amounted to approximately RMB5,916,787,000 (2013: RMB2,797,680,000). As at 31 December 2014, should the interest rate be increased/decreased by 50 basis points with all other factors remain unchanged, the finance costs of the Company would be increased/decreased by approximately RMB29,584,000 (2013: RMB13,988,000).

The Company's balances with subsidiaries are interest-free.

#### (iii) Credit risk

The Group is exposed to credit risk in relation to its trade and other receivables, and cash deposits with banks.

The carrying amounts of trade and other receivables, restricted cash, cash and cash equivalents represent the Group's maximum exposure to credit risk in relation to financial assets.

To manage this risk, bank deposits are mainly placed with state-owned financial institutions and reputable banks which are all high-credit-quality financial institutions. The Group has policies in place to ensure that sales are made to purchasers with an appropriate financial strength and appropriate percentage of down payments. It also has other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews regularly the recoverable amount of each individual trade receivables to ensure that adequate impairment losses are made for irrecoverable amounts. The Group has no significant concentrations of credit risk, with exposure spread over a large number of counterparties and customers. For other receivables, management makes periodic collective assessments as well as individual assessment on the recoverability of other receivables based on historical settlement records and past experience. The directors of the Company believe that there is no material credit risk inherent in the Group's outstanding balance of other receivables. The credit risk on available-forsale financial assets is limited because the counterparty is a state-owned financial institution.

## 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (a) Financial Risk Factors (Continued)

#### (iii) Credit risk (Continued)

For prepayments in respect of acquisition of land use rights, the Group considers the risk is minimal as these prepayments were paid to the PRC government and will transfer to land use rights upon obtaining certificates from the PRC government. The Group has policies in place to monitor the issuance status of land use rights certificates.

For properties that are still under construction, the Group typically provides guarantees to banks in connection with the customers' borrowing of mortgage loans to finance their purchase of the properties for an amount up to 70% of the total purchase price of the property. If a purchaser defaults on the payment of its mortgage during the term of the guarantee, the bank holding the mortgage may demand the Group to repay the outstanding amount under the loan and any accrued interest thereon. Under such circumstances, the Group is able to retain the customer's deposits and sell the property to recover any amounts paid by the Group to the bank. Unless the selling price would drop by no less than 30%, which is remote, the Group would not be in a loss position in selling those properties out. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced (refer to note 4(b) for more information).

The Group has arranged bank financing for certain purchasers of property units and provided guarantees to secure obligations of such purchasers for repayments. Detailed disclosure of these guarantees is made in note 37.

No credit limits were exceeded during the year, and management does not expect any losses from non-performance by these counterparties.

## (iv) Liquidity risk

Management aims to maintain sufficient cash to meet funding requirement for operations and monitors rolling forecasts of the Group's cash on the basis of expected cash flow. The directors of the Company have prepared cash flow projections for the year ending 31 December 2015. Key assumptions used in the preparation of the cash flow projections for the year ending 31 December 2015 include: (1) proceeds from pre-sales in 2015 is expected to be higher than that of 2014; (2) construction payments match receipt of the relevant proceeds from pre-sales; (3) available project loan facility is expected to be no less than that of 2014 and (4) no breach of debt covenants is anticipated in 2015.

The Group has a number of alternative plans to mitigate the potential impacts on anticipated cash flows should there be significant adverse changes in economic environment. These include adjusting and further slowing down the construction progress as appropriate to ensure available resources for the development of properties for sale, implementing cost control measures and accelerating sales with more flexible pricing. The Group, will base on its assessment of the relevant future costs and benefits, pursue such options as are appropriate. The directors consider that the Group will be able to maintain sufficient financial resources to meet its operation needs.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (b) Capital Management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to optimise the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets.

Consistent with other companies in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total equity. Net debt is calculated as total borrowings (including senior notes, as shown in the consolidated statement of financial position) less cash and cash equivalents and the guarantee deposits for construction of pre-sale properties.

The gearing ratios at 31 December 2014 and 2013 were as follows:

|  | Group        |              |  |
|--|--------------|--------------|--|
|  | 2014         | 2013         |  |
|  | RMB'000      | RMB'000      |  |
| Total borrowings (notes 21 and 22)                                   | 61,068,699   | 56,248,778   |  |
| Less: cash and cash equivalents (note 19)                            | (18,760,590) | (18,909,719) |  |
| guarantee deposits for construction of pre-sale properties (note 18) | (8,453,490)  | (7,769,870)  |  |
| Net debt   | 33,854,619   | 29,569,189   |  |
| Total equity (excluding non-controlling interests)                   | 56,686,205   | 43,953,620   |  |
| Gearing ratio  | 59.7%        | 67.3%        |  |

The directors of the Company consider the Group's gearing ratio is within the healthy range.

## (c) Fair Value Estimation

The different levels are defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

At 31 December 2014 and 2013, the Group had no level 1 or level 2 financial instruments, the only level 3 financial instrument represented the available-for-sale financial assets (note 13).

## 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (c) Fair Value Estimation (Continued)

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The following table presents the changes in level 3 instruments for the year ended 31 December 2014.

#### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements used in preparing the consolidated financial statements are evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant effect on the carrying amounts of assets and liabilities within the next financial year are discussed below.

#### (a) Income Taxes and Deferred Taxation

Significant judgement is required in determining the provision for income tax. There are many transactions and calculations for which the ultimate determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such difference will impact the income tax and deferred tax provision in the period in which such determination is made.

Deferred tax assets relating to certain temporary differences and tax losses are recognised when management considers to be probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. The outcome of their actual utilisation may be different.

#### (b) Revenue Recognition

The Group has recognised revenue from the sale of properties held for sale as disclosed in note 5. The assessment of when an entity has transferred the significant risks and rewards of ownership to buyers requires the examination of the circumstances of the transaction. In most cases, the transfer of risks and rewards of ownership coincides with the date when the equitable interest in the property vests with the buyer upon release of the respective property to the buyer.

As disclosed in note 37, the Group provides guarantees in respect of mortgage facilities granted by certain banks relating to the mortgage loans arranged for certain purchasers of the Group's properties. These guarantees will normally be discharged upon issuance of the real estate ownership certificate which are generally be available within three months after the purchasers take possession of the relevant properties. In order to obtain mortgages, the purchasers would have settled no less than 30% of the total contract amount in accordance with related PRC regulations upon signing the sales contract. The directors of the Company are of the opinion that such settlements provide sufficient evidence of the purchasers' commitment to honour contractual obligation of the bank loans. In addition, based on the past experiences, defaults of mortgage facilities by the purchasers which resulted in the bank guarantees being called upon were rare and the financial impact was immaterial. Further, as disclosed in note 3(a)(iii), the credit risk of the Group under the circumstance that a purchaser defaults on the payment of its mortgage during the term of the guarantee is very low. Accordingly, the directors believe that significant risks and rewards associated to the ownership of the properties have been transferred to the purchasers upon the delivery of the properties to them.

## 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (Continued)

# (c) Estimates for Net Realisable Value of Properties under Development and Properties Held for Sale

The Group assesses the carrying amounts of properties under development and properties held for sale according to their net realisable value based on the realisability of these properties. Net realisable value for properties under development is determined by reference to management's estimates of the selling price based on prevailing market conditions, less applicable variable selling expenses and the anticipated costs to completion (including land costs). Net realisable value for properties held for sale is determined by reference to management's estimates of the selling price based on prevailing market conditions, less applicable variable selling expenses. Based on management's best estimates, RMB147,284,000 of impairment provision was made as at 31 December 2014 (2013: nil), and there was no material unprovided impairment provision for properties under development and properties held for sale at 31 December 2014 and 2013.

#### (d) Estimates for Impairment of Hotel Assets

Management performs review for impairment of the hotel assets whenever events or changes in circumstances indicate that the carrying amounts of the hotel assets may not be recoverable. In such case, the recoverable amounts of hotel assets have been determined based on value-in-use method. The value-in-use calculations require the use of significant estimates and assumptions on the projections of cash flows from the continuous use of the hotel assets. The key assumptions used in determining the value-in-use of hotel assets mainly include:

- Discount rate of 12%;
- 4% growth rate after start-up period; and
- Occupancy rates of 60% to 65% after start-up period.

Based on management's best estimates, there was no material impairment for hotel assets at 31 December 2014 and 2013.

## (e) Estimates for Fair Value of Investment Properties

The Group assesses the fair value of its investment properties based on valuations determined by independent and professional qualified valuer. Significant judgement and assumptions are required in assessing the fair value of the investment properties. Details of the judgement and assumptions are disclosed in Note 7.

#### 5 SEGMENT INFORMATION - GROUP

The ED reviews the Group's internal reporting in order to assess performance and allocate resources. The ED has determined the operating segments based on these reports.

The ED considers the business from product perspective. From a product perspective, ED assesses the performance of:

- Property development;
- Construction, fitting and decoration;
- Property investment (new segment identified in the current year);
- Property management; and
- Hotel operation.

The ED assesses the performance of the operating segments based on a measure of operating profit.

Segment assets consist primarily of property, plant and equipment, intangible assets, land use rights, investment properties, properties under development, completed properties held for sale, inventories, receivables and operating cash. They exclude deferred income tax assets and available-for-sale financial assets. Segment liabilities consist primarily of operating liabilities. They exclude senior notes, bank and other borrowings, deferred income tax liabilities and income taxes payable.

Capital expenditure comprises additions to property, plant and equipment (note 6), investment properties (note 7), intangible assets (note 8) and land use rights (note 9).

Revenue consists of the following:

|  | 2014       | 2013       |
|--|------------|------------|
|  | RMB'000    | RMB'000    |

Annual Report 2014 Country Garden Holdings Company Limited

## **SEGMENT INFORMATION — GROUP (Continued)**

The Group's entire revenue is attributable to the market in Mainland China and over 90% of the Group's non-current assets are located in Mainland China. No geographical information is therefore presented.

The Group has a large number of customers, none of whom contributed 5% or more of the Group's revenue.

Following the change of business plan of the Group during the year (note 7), property investment is identified as a separate operating segment in the year. In addition, rental income included in 'other income and gains - net' in the year ended 31 December 2013 has been reclassified to revenue to conform to current year presentation. The segment revenue and results of the property investment segment for the prior year were included in the property development segment.

Pursuant to a business plan approved by management on 30 June 2014, the Group changed the use of certain properties from holding for sale or self-use to earning long-term rental. The costs of these properties were previously included in "Properties under development", "Completed properties held for sale", "Property, plant and equipment" and "Land use rights". As a result of the above change in use, approximately RMB1,502,850,000 of "Properties under development", RMB380,743,000 of "Completed properties held for sale", RMB1,109,822,000 of "Property, plant and equipment" and RMB101,289,000 of "Land use rights" were transferred to "Investment properties" during the year.

These properties were re-measured at their respective fair values upon transfer. For the properties transferred from "Properties under development" and "Completed properties held for sale" to "Investment properties", the differences between the fair values and carrying amounts upon transfer, amounting to RMB1,381,127,000, were recognised in profit or loss as "Gains arising from changes in fair value of and transfer to investment properties". For those properties transferred from "Property, plant and equipment" and "Land use rights" to "Investment properties", the differences between the fair values and carrying amounts upon transfer, amounting to RMB1,952,316,000, were recognised directly in equity with related deferred income tax of RMB488,079,000 (note 27).

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. At 31 December 2014, the Group had only level 3 investment properties.

#### **Valuation Processes of the Group**

The Group's investment properties were valued at 31 December 2014 by Vigers Appraisal and Consulting Limited, an independent and professionally qualified valuer who holds a recognised relevant professional qualification and has recent experience in the locations and segments of the investment properties valued. For all investment properties, their current use equates the highest and best use.

Discussions of valuation processes and results are held between management and the valuer on a semi-annual basis, in line with the Group's interim and annual reporting dates.

At each half year-end, management:

- Verifies all major inputs to the independent valuation report;
- Assesses property valuations movements when compared to the prior year valuation report; and
- Holds discussions with the independent valuer.

## **Valuation Techniques**

Valuations are based on:

- (i) Direct comparison approach assuming sale of each of these properties in its existing state with the benefit of vacant possession. By making reference to sales transactions as available in the relevant market, comparable properties in close proximity have been selected and adjustments have been made to account for the difference in factors such as locations and property size, and/or
- (ii) Income approach taking into account the current rents of the property interests and the reversionary potentials of the tenancies, term yield and reversionary yield are then applied respectively to derive the market value of the property, or
- (iii) Residual method of valuation which is commonly used in valuing development sites by establishing the market value of the properties on an "as-if" completed basis with appropriate deduction on construction costs, professional fees, contingency, marketing and legal cost, and interest payments to be incurred, anticipated developer's profits, as well as land acquisition costs, interest payment and profit on land.

There were no changes to the valuation techniques during the year.

Relationships of unobservable inputs to fair value are as follows:

- The higher rate of return/capitalization rate, the lower fair value;
- The higher expected vacancy rate, the lower fair value;
- The higher monthly rental, the higher fair value;
- The higher market price, the higher fair value;
- The higher budgeted construction cost to be incurred, the lower fair value;
- The higher remaining percentage to completion, the lower fair value;
- The higher the anticipated developer's profit margin, the lower fair value;

Past due but not impaired receivables mainly represent receivables from sales of properties. The directors consider that these receivables would be recovered and no provision was therefore made against past due receivables as at 31 December 2014 (2013: nil). The ageing analysis of these trade receivables is as follows:

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

# 17 TRADE AND OTHER RECEIVABLES — GROUP (Continued)

#### (a) (Continued)

The other classes within trade and other receivables did not contain impaired assets and there had been no material default history for these receivables.

There is no concentration of credit risk with respect to trade receivables as the Group has a large number of customers. Trade receivables were collateralised by the properties sold.

- (b) Other receivables mainly represent advances made to outsourced construction and design vendors, which are interest-free, unsecured and repayable on demand.
- (c) Amounts due from customers for contract work at the date of statement of financial position are as follows:

|   | G           | Group       |  |

- (d) Prepayments for land use rights are related to acquisition of land use rights upon successfully bidding at the land auctions conducted by the PRC government. The relevant land use right certificates have not been obtained at 31 December 2014.
- (e) Other prepayments mainly represent prepayments for purchases of construction materials and services.

#### 18 RESTRICTED CASH - GROUP

The amount represented guarantee deposits for construction of pre-sale properties denominated in RMB.

In accordance with relevant documents issued by the PRC State-Owned Land and Resource Bureau, certain property development companies of the Group are required to place in designated bank accounts certain amount of presale proceeds of properties as guarantee deposits for the constructions of the related properties. The deposits can only be used for payments for construction costs of the relevant properties when approval from PRC State-Owned Land and Resource Bureau is obtained. Such guarantee deposits will only be released after the completion certificates have been obtained or the issuance of the real estate ownership certificates, whichever is earlier.

# 21 SENIOR NOTES

The Group has issued the following senior notes:

(a) On 10 September 2009, the Company issued senior notes in an aggregate principal amount of USD300,000,000. On 23 September 2009, the Company made an additional issue of senior notes in an aggregated principal amount of USD75,000,000 (collectively the "2014 Notes"). The 2014 Notes carried interest at the rate of 11.75% per annum, payable semi-annually on 10 March and 10 September in arrears, and were repaid upon maturity on 10 September 2014.

#### 21 SENIOR NOTES (Continued)

- (b) On 22 April 2010, the Company issued senior notes in an aggregate principal amount of USD550,000,000 (the "2017 Notes"). The 2017 Notes carry interest at the rate of 11.25% per annum, payable semi-annually on 22 April and 22 October in arrears, and will mature on 22 April 2017, unless redeemed earlier. On 15 June 2014, all the outstanding 2017 Notes were early redeemed at a redemption price equal to 105.625% of the principal amount plus accrued and unpaid interest of USD9,281,000 to the redemption date. The total redemption price paid by the Company on the redemption date was USD590,219,000. The difference between the redemption price and the carrying amount of the 2017 Notes on the redemption date, amounting to USD30,938,000 (equivalent to approximately RMB189,493,000), was recognised in consolidated statement of comprehensive income under 'finance costs' (note 31)
- (c) On 11 August 2010, the Company issued senior notes in an aggregate principal amount of USD400,000,000 (the "2015 Notes"). The 2015 Notes carry interest at the rate of 10.50% per annum, payable semi-annually on 11 August and 11 February in arrears, and will mature on 11 August 2015, unless redeemed earlier.
- (d) On 23 February 2011, the Company issued senior notes in an aggregate principal amount of USD900,000,000 (the "2018 Notes"). The 2018 Notes carry interest at the rate of 11.125% per annum, payable semi-annually on 23 February and 23 August in arrears, and will mature on 23 February 2018, unless redeemed earlier.
- (e) On 10 January 2013, the Company issued senior notes in an aggregate principal amount of USD750,000,000 (the "2023 Notes"). The 2023 Notes carry interest at the rate of 7.5% per annum, payable semi-annually on 10 January and 10 July in arrears, and will mature on 10 January 2023, unless redeemed earlier.
- (f) On 4 October 2013, the Company issued senior notes in an aggregate principal amount of USD750,000,000 (the "2021 Notes"). The 2021 Notes carry interest at the rate of 7.25% per annum, payable semi-annually on 4 October and 4 April in arrears, and will mature on 4 April 2021, unless redeemed earlier.
- (g) On 27 May 2014, the Company issued senior notes in an aggregate principal amount of USD550,000,000 (the "2019 Notes I"). The 2019 Notes I carry interest at the rate of 7.875% per annum, payable semi-annually on 17 May and 27 November in arrears, and will mature on 17 May 2019, unless redeemed earlier.
- (h) On 5 June 2014, the Company issued senior notes in an aggregate principal amount of USD250,000,000 (the "2019 Notes II"). The 2019 Notes II were issued by way of private placement and carry interest at the rate of 7.5% per annum, payable semi-annually on 5 June and 5 December in arrears, and will mature on 5 June 2019, unless redeemed earlier.

Except for the 2019 Notes II, all senior notes are listed on the Singapore Exchange Securities Trading Limited.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

# 21 SENIOR NOTES (Continued)

All senior notes contain a liability component and the early redemption options:

Liability component represents the present value of the contractually determined stream of future cash flows discounted at the prevailing market interest rate at that time applicable to instruments of comparable credit status and providing substantially the same cash flows, on the same terms, but without the embedded derivatives.

The interest charged for the year is calculated by applying an effective interest rate of approximately 12.11%, 11.81%, 11.23%, 11.69%, 7.72%, 7.64%, 8.52% and 7.5% per annum to the liability component of the 2014 Notes, 2017 Notes, 2015 Notes, 2018 Notes, 2023 Notes, 2021 Notes, 2019 Notes I and 2019 Notes II respectively.

Early redemption options are regarded as embedded derivatives not closely related to the host contract. The directors consider that the fair value of the above early redemption options was insignificant on initial recognition and at 31 December 2014 and 2013.

The senior notes recognised in the statement of financial position were calculated as follows:

|  | Group and Company |             |  |
|--|-------------------|-------------|--|
|  | 2014              | 2013        |  |

| Included in non-current liabilities        | 19,735,005        | 20,711,542  |  |

The fair value of the senior notes at 31 December 2014 was RMB21,593,997,000 (2013: RMB23,943,435,000). The fair value is calculated using the market price of the senior notes on the date of statement of financial position. The fair value measurement of the senior notes is categorised within the level 1 of fair value hierarchy.

At 31 December 2014, the aggregate amount of senior notes that were wholly repayable within 5 years and after 5 years was RMB13,024,928,000 (2013: RMB13,835,922,000) and RMB9,248,834,000 (2013: RMB9,223,623,000), respectively.

|  | 12,390,679       | 10,086,227  | 1,439,277   | 1,146,157 |  |

The Group's borrowings of RMB26,316,236,000 as at 31 December 2014 (2013: RMB24,304,407,000), were jointly secured by certain properties, land use rights and equipment of the Group (notes 6, 7, 9 and 10) with total carrying values of RMB20,554,710,000 as at 31 December 2014 (2013: RMB15,234,825,000). The Group's borrowings of RMB939,800,000 as at 31 December 2014 (2013: RMB610,000,000) were guaranteed by the Company and secured by the Group's equity interest in certain subsidiaries.

Other borrowings represented RMB257,026,000 (2013: RMB301,748,000) of borrowings under a financing arrangement entered into by the Group with a third-party financing company in the form of a sale and leaseback transaction with a repurchase option. The subject sold and leased back under the financing arrangement is a transportation equipment of the Group. As the repurchase price is set at RMB1 which is minimal compared to the expected fair value and the Group is certain that it will exercise the repurchase option, the above financing arrangement has been accounted for as collateralised borrowings of the Group.

The exposure of the Group's and Company's bank and other borrowings to interest-rate changes and the contractual repricing dates or maturity date whichever is earlier are as follows:

#### Notes:

- (a) On 16 June 2014, a scrip dividend scheme was issued whereby shareholders may elect to receive cash dividend of RMB16.83 cents per share or an allotment of such number of new shares credited as fully paid and having an aggregate market value equal to, save for adjustment for fractions, the total amount of 2013 final dividend which such shareholder could receive in cash (the "Maximum Entitlement") or partly new shares not exceeding the Maximum Entitlement and the remainder in cash. On 11 July 2014, 622,296,869 new shares were issued as a result of the above scrip dividend scheme at a price of HKD3.22 per share (representing the average of the closing prices of the Company's ordinary shares for the five consecutive trading days up to and including 28 May 2014), for a total consideration of HKD2,003,796,000 (equivalent to approximately RMB1,591,601,000).
- (b) On 13 October 2014, the Group issued 1,271,988,736 rights shares at a subscription price of HKD2.50 each on the basis of one rights share for every fifteen shares held payable in full on acceptance (the "Rights Issue"). The net proceeds from the Rights Issue were approximately RMB2,501,427,000. As a result of the Rights Issue, adjustments were made to the exercise price and the number of shares falling to be issued upon the exercise of the share options in accordance with the terms of the Group's share option scheme (note 24). Additionally, the basic and diluted earnings per share figures for the year ended 31 December 2013 have also been restated (note 36).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### 24 SHARE OPTION SCHEME - GROUP

On 30 November 2012, the Group granted 3,000,000 share options (adjusted to 3,044,358 as a result of the Rights Issue) with an exercise price of HKD3.7 per share (adjusted to HKD3.646 per share as a result of the Rights Issue) to certain independent non-executive directors. The options were vested immediately after the grant date and have a contractual option term of 10 years. The Group has no legal or contractual obligation to repurchase or settle the options in cash.

On 13 December 2013, the Group granted 6,173,457 share options (adjusted to 6,264,738 as a result of the Rights Issue) with an exercise price of HKD4.844 per share (adjusted to HKD4.773 per share as a result of the Rights Issue) to certain directors and employees in connection with a profit sharing incentive scheme (the "Incentive Scheme") adopted by the Group. Pursuant to the Incentive Scheme, certain portion of the bonus calculated in accordance with the Incentive Scheme is settled in cash, while the remaining portion is settled in the Company's share options as the consideration for the costs to exercise the share options. The share options were exercisable commencing from 13 December 2018 to 12 December 2023 (both days inclusive). The vesting period of the above share options is 5 years from the grant date. The fair value of these share options at the grant date approximated the portion of bonus which is to be settled in the Company's share options.

Movements in the number of share options outstanding and their related weighted average exercise prices are as follows:

None of the above share options were exercised during the years ended 31 December 2014 and 2013.

Share options outstanding at the end of the year have the following expiry dates and exercise prices:

|                  | Exercise price in | Number of     |
|------------------|-------------------|---------------|
| Expiry date      | HKD per share     | share options |

|                  |                   |               |

The Group has to estimate the expected percentage of grantees that will stay within the Group at the end of vesting periods of the shares options (the "Expected Retention Rate") in order to determine the amount of share-based compensation expenses charged to profit or loss. As at 31 December 2014, the Expected Retention Rate was assessed to be 100% (2013: 100%).

#### Notes:

- (a) Hong Kong profits tax has been provided at the rate of 16.5% (2013:16.5%) on the estimated assessable profits of the Group's subsidiaries in Hong Kong.
- (b) PRC corporate income tax has been provided at corporate income tax rate of 25%.
- (c) PRC land appreciation tax is levied at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sales of properties less deductible expenditures including cost of land use rights and all property development expenditures.
- (d) Withholding income tax is provided on the dividends to be distributed by the PRC subsidiaries of the Group. The relevant overseas holding companies have successfully obtained endorsement from various PRC tax bureaus to enjoy the treaty benefit of 5% withholding income tax rate on dividends received from the PRC subsidiaries of the Group. Accordingly, withholding income tax has been provided at 5% of the dividends to be distributed by the PRC subsidiaries of the Group.

#### 35 PROFIT ATTRIBUTABLE TO OWNERS OF THE COMPANY

The profit attributable to owners of the Company is dealt with in the financial statements of the Company to the extent of RMB3,339,282,000 (2013: RMB2,815,341,000).

# **36 EARNINGS PER SHARE**

#### (a) Basic

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of ordinary shares in issue during the year, excluding ordinary shares purchased by the Group and held as treasury shares (note 23).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

# 36 EARNINGS PER SHARE (Continued)

#### (b) Diluted

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Company had two categories of dilutive potential ordinary shares: convertible bond and share options. The convertible bond was assumed to have been converted into ordinary shares, and the net profit was adjusted to eliminate the interest expenses charged to profit or loss. For the share options, a calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the company's shares) based on the monetary value of the subscription rights attached to outstanding share options. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options.

Basic and diluted earnings per share for the year ended 31 December 2013 was restated as a result of the Rights Issue in October 2014 (note 23(b)).

# **37 CONTINGENCIES**

The Group had the following contingent liabilities:

|   | 2014<br>RMB'000 | 2013<br>RMB'000 |
|---|-----------------|-----------------|
| Guarantees in respect of mortgage facilities  |                 | 1 11/12 000     |

|   | 51,674,875      | 32,627,860      |

#### 37 CONTINGENCIES (Continued)

Note:

(a) It represented the guarantees in respect of mortgage facilities granted by certain banks relating to the mortgage loans arranged for certain purchasers of the Group's properties. Pursuant to the terms of the guarantees, upon default in mortgage payments by these purchasers, the Group is responsible to repay the outstanding mortgage principals together with accrued interest and penalty owed by the defaulted purchasers to the banks and the Group is entitled to retain the legal title and take over the possession of the related properties. As at 31 December 2014, the amount of RMB113,392,000 (2013: RMB85,087,000) was to be discharged two years from the day the mortgaged loans become due; and RMB49,262,503,000 (2013: RMB31,358,564,000) was to be discharged upon the earlier of (i) issuance of the real estate ownership certificate which are generally available within three months after the purchasers take possession of the relevant properties; and (ii) the satisfaction of mortgaged loans by the purchasers of properties.

The directors consider that in case of default in payments, the net realisable value of the related properties can cover the repayment of the outstanding mortgage principals together with the accrued interest and penalty (see note 4(b)) and therefore no provision has been made in the financial statements for the guarantees.

(b) This represents the maximum exposure of the guarantees provided for Li He and Zhongshan Yahong Property Development Company Limited (中山市雅鴻房地產開發有限公司, "Zhongshan Yahong") for their borrowings.
