3. The estimated consideration payable is calculated on the basis of labour cost which ranges from USD3.38 to USD3.99 per hour (excluding VAT).

The consideration under the Repair Services Contracts is to be paid in cash via wire transfer or set-off.

THE ANNUAL AGGREGATE TRANSACTION AMOUNT

The contract price payable under the Repair Services Contracts has been determined with reference to the market price and on terms no less favourable than those prevailing in the Russian market for repair services of the same type and quality and those offered by the associates of En+ to independent third parties. The basis of

calculation of payments under the Repair Services Contracts is the price of contract offered by the associates of En+ which is based on the estimated costs (including labour costs and the necessary materials) for the relevant repair works. The Company invited several organizations to take part in the tender in relation to the required repair services and chose the contractor offering the best terms and conditions (taking into account the price, quality offered by the contractor and availability of professionals with the required skill and experience) and then entered into the contract/additional agreement with the chosen contractor.

Based on the terms of the Repair Services Contracts and the Previously Disclosed Repair Services Contracts, the annual aggregate transaction amount that is payable by the Group to the associates of En+ for the financial year ending 31 December 2017 is estimated to be approximately USD9.088 million.

The annual aggregate transaction amount is estimated by the Directors based on the amount of repair services to be received and the contract price.

THE AGGREGATION APPROACH

Pursuant to Rule 14A.81 of the Listing Rules, the continuing connected transactions contemplated under the Repair Services Contracts and the Previously Disclosed Repair Services Contracts should be aggregated, as they were entered into by the Group with the associates of the same group of connected persons who are parties connected or otherwise associated with one another, and the subject matter of each of the contracts relates to the receipt of repair and maintenance services by members of the Group.

REASONS FOR AND BENEFITS OF THE TRANSACTIONS

The Directors consider that the Repair Services Contracts are for the benefit of the Company, as the contractor offered a competitive price.

The Directors (including the independent non-executive Directors) consider that the Repair Services Contracts have been negotiated on an arm's length basis and on normal commercial terms which are fair and reasonable and the transactions contemplated under the Repair Services Contracts are in the ordinary and usual course of business of the Group and in the interests of the Company and its shareholders as a whole.

None of the Directors has a material interest in the transactions contemplated under the Repair Services Contracts, save for Mr. Deripaska, Mr. Maxim Sokov, Ms. Olga Mashkovskaya and Ms. Gulzhan Moldazhanova, who are directors of En+, being the holding company of each of Bratskenergoremont and Joint-Stock Company

“Irkutskenergoremont”. Mr. Deripaska is also indirectly interested in more than 50% of the issued share capital of En+. Accordingly, Mr. Deripaska, Mr. Maxim Sokov, Ms. Olga Mashkovskaya and Ms. Gulzhan Moldazhanova did not vote on the Board resolution approving the Repair Services Contracts.

LISTING RULES IMPLICATIONS

Each of Bratskenergoremont and Joint-Stock Company “Irkutskenergoremont” is directly or indirectly held by En+ as to more than 30% of the issued share capital and is therefore an associate of En+ which is a substantial shareholder of the Company and thus is a connected person of the Company under the Listing Rules.

The estimated annual aggregate transaction amount of the continuing connected transactions under the Repair Services Contracts and the Previously Disclosed Repair Services Contracts for the financial year ending 31 December 2017 is more than 0.1% but less than 5% under the applicable percentage ratios. Accordingly, pursuant to Rule 14A.76 of the Listing Rules, the transactions contemplated under these contracts are only subject to the announcement requirements set out in Rules 14A.35 and 14A.68, the annual review requirements set out in Rules 14A.49, 14A.55 to 14A.59, 14A.71 and 14A.72 and the requirements set out in Rules 14A.34 and 14A.50 to 14A.54 of the Listing Rules. These transactions are exempt from the circular and the independent shareholders’ approval requirements under Chapter 14A of the Listing Rules.

Details of the Repair Services Contracts and the Previously Disclosed Repair Services Contracts will be included in the next annual report and accounts of the Company in accordance with Rule 14A.71 of the Listing Rules where appropriate.

PRINCIPAL BUSINESS ACTIVITIES

The Company is principally engaged in the production and sale of aluminium, including alloys and value-added products, and alumina.

Bratskenergoremont is principally engaged in activities for supporting of operability of the equipment, production of electric installation, all-construction works and others.

Joint-Stock Company “Irkutskenergoremont” is principally engaged in activities for supporting of operability of thermal power plants.
