MANAGEMENT DISCUSSION AND ANALYSIS

REVIEW OF PRINCIPAL BUSINESS

I Principal Business

During the Year, to pursue the principles of “innovation, integration and capital management”, the Company strived for strengthening the guidance of business strategies, market synergy and sharing of resources. Operation of major projects was refined to boost business development.

1. *Centralizing resources and pushing forward development of each business based on the established strategic objectives.*

The Company set up its optical telecommunication business department for the restructuring of optical telecommunication business to maximize the investment return.

High-end electrical equipment cable and aluminium products became the Company’s core products to facilitate the business transformation of copper cable business to energy transmission cable business. The Company reinforced the product development of electrical equipment cables and special cables and made use of the resources of China PUTIAN Corporation (“China Putian”) to diligently develop the market of cables for railway transportation while consolidating the market share in the urban rail cable market. The Company also conducted sales of its featured products which are safe and environmentally friendly and developed its brand in the market segments.

The Company established a smart electrical equipment department in August 2016 due to the western development and urbanization projects such as the constructions in the Chengdu-Chongqing city cluster and the new demand for smart products relating to new energy smart grid and new energy vehicle promotion. The smart electrical equipment department was going to provide smart electrical equipment products and related system services in traditional industries and the smart electrical equipment new energy sector for the “Internet+” smart era and deliver results in the areas such as charging network, energy-saving lighting and intelligent control.

2. *Gradually establishing a more scientific and comprehensive remuneration and performance appraisal system*

In order to reflect job values, the Company established and optimized the remuneration system and incentive system which were performance-oriented and rationalized the remuneration system which defined the range of remuneration by job evaluation. The Company also formulated and issued hierarchical performance management measures. By introducing a balanced scorecard appraisal method, the Company designated the responsibilities, performance targets and appraisal standards for all positions which refined and enhanced the performance appraisal. The Company completed the payment of quarterly and annual incentives through performance appraisals which closely connected staff income with the

Company, the current departments and individual performance appraisals in order to improve the initiatives, self-motivation and planning of the staff at all levels. The Company also strengthened the daily management practices integrating process and results in order to ensure the effective realization of the annual strategic goals. The Company put more efforts in the management of the remuneration of senior management of controlled and invested companies using Regulations of Remunerations and Incentives (薪酬激勵管理辦法) and determined remuneration standards and paid incentives based on the respective industry performance contribution and the completion status of quarterly targets in a stringent manner. By requiring the staff at all levels (other than those in the production line) to prepare work plans, the Company evaluated and assessed the staff and incorporated such assessment into individual appraisals. Such measures improved the self-motivation and planning of staff and strengthened the daily management practices integrating process and results.

3. *Implementing informatization management for more efficient management*

During the Year, the Company fully implemented informatization management to establish management standards and refine working procedures. The Company adopted real-time information management in respect of human resources, capital and assets through the information system to improve quality and efficiency of operation. The management system of the Enterprise Application Integration (EAI) had been basically established and its modules and subsystems had been launched one after another. After launching the budget management module, the annual budget of the departments was broken down into months according to the relevant rules in order to improve the effectiveness of budget implementation and realize a more precise cost management and control. The sales centers and business departments commenced to use ERP to regulate the management of current assets and the process management on procurement, sales and inventories. With the use of human resources management module, the Group carried out a human resources reform covering the employees of all subsidiaries. The work planning system further subdivided the overall strategic goals of the Company into the weekly and monthly plans of managers of grade III and above in order to better align their major duties with the strategic requirement and implement monitoring in a timelier manner, thereby being conducive to appraisals and improving working efficiency. Besides, the Company also launched the Weaver OA System and Yonyou U8+ Group Financial System and basically completed the integrated docking of the above subsystem and the cable information system.

4. *Strengthening overall risk management for better risk management and control*

The Company conducted evaluation and review on specific risks and strengthened dynamic surveillance of major risks. The Company conducted special audits on Chongqing Putaifeng Aluminium Co., Ltd. (“Chongqing Putaifeng”), the newly-established subsidiary, by earnestly inspecting and studying its production and operation, financial condition and assets condition and issued a special audit report with analysis of its financial condition and highlights of financial risks. The Company also provided written management advice to the management of Chongqing Putaifeng for the strengthening of risk management. The Company also conducted

special audits on Chengdu Zhongling Radio Communications Co., Ltd. and the energy transmission cable business department and provided judgements and management advices on the areas such as their production management, market conditions, economic benefits and energy conservation. The Company strengthened the supervision and regulation on its connected transactions and continuing connected transactions; improve the level of supervision. The Company implemented annual budget management such that the connected transactions which are not in the budget cannot be executed. In addition, the responsible staff received training on connected transactions and regulatory compliance. The Company also strengthened the review on contracts. The Company also promptly advised the management of compliance requirements and completed compliance matters so as to avoid the risk of non-compliance.

5. *Promoting economic development with solid budget management*

In respect of financial management, information systems were implemented for budget management and reimbursement. With the use of information platforms, the budget review system was strictly implemented. The departments had to make monthly budget reports in the budget management system every month. The reimbursements without budget or over budget could not be further processed, which effectively improved the budget management level. Moreover, the reimbursement system could effectively control all types of expenses and expenditures to be made within the budget, which in turn optimized the procedures of reimbursement. It could also immediately report to the persons-in-charge at all levels when reimbursements were made, which improved the internal management. Therefore, the current financial system on the management of expenses was improved substantially.

6. *Promoting reform to effectively control sources of loss*

During the Year, the Company conducted several rounds of negotiations with the shareholders of Chengdu Telecom Cable Shuangliu Heat Shrinkable Product Plant (“Shuangliu Heat Shrinkable”) and also conducted asset valuation and laid off redundant staff of Shuangliu Heat Shrinkable. The Company was planning to introduce new businesses and revitalize the existing assets to develop a processing business with respect to Shuangliu Heat Shrinkable.

The competitiveness of Putian Fasten Cable Telecommunications Company Limited (“Putian Fasten JV”) in the optical cable market did not reach the level as estimated in the feasibility study report. In order to optimize investment management, the Company transferred 50% of its shareholding (i.e. 22.5% of the total equity interest) in Putian Fasten JV and recovered its corresponding equity contribution. The equity transfer was listed on China Beijing Equity Exchange (北京產權交易所) in October 2016 for bidding, the result of which was announced on 2 December 2016. The completion of the aforesaid transfer of equity interest shall take place upon the granting of the new business licence to Putian Fasten JV by the relevant PRC authority, which is expected to be on or before 31 December 2017.

7. *Strengthening internal control to improve management effectiveness*

In respect of technological management, the Company obtained four patents of new utility models and completed application for special funds of a patent and was applying for one invention model. For project applications, the Company conducted a project application for wires and cables for passenger cars on railways as a major new product in Sichuan Province and also conducted a research and development subsidies application for environmental-friendly, low smoke zero halogen and inflaming retarding cables for rail vehicles as a major new product in Chengdu. The Company also received insurance subsidies from the Science and Technology Board of Hi-Tech Zone (高新區科技局).

In respect of quality management, the Company enhanced the management of equipment, especially the primary and secondary maintenance and inspection of special equipment. It also strengthened inspection of instruments and completed testing on materials. The Company also completed internal review and passed the supervision evaluation by TLC (泰爾認證中心) in respect of quality management system and the re-evaluation by China Quality Certification Centre in respect of corporate environment and occupational health and safety management system for monitoring the quality of label products.

In respect of safety production management, the Company made effective operational control with zero incident in respect of environmental safety, occupational health and safety, fire safety and security.

BUSINESS OUTLOOK

In 2017, the Company will focus on strengthening the optical telecommunication business, refining the energy transmission cable business and developing the smart electrical equipment cable business for the expansion of the Company. Revitalizing idle assets and leveraging the resources of being a state-owned and listed enterprise, the Company aims to expand its development and profitability. At the same time, the Company will continue to intensify reforms, to better information building, to reform appraisal mechanism, to improve efficiency of internal management, to strengthen budget implementation monitoring, to ensure Chengdu PUTIAN operates healthily and achieve the targets and missions for 2017.

1. Leading strategic industrial planning and accelerating business transformation for higher profitability.

According to its strategic development planning, the Company will solidify its three business segments and develop new businesses relating to the principal business of China Putian through capital operations. The optical telecommunication business will maintain its growth as a business having long competitive advantages. The energy transmission cable business will accelerate its business transformation to upgrade as one of the pillars of the Company. The smart electrical equipment cable business and other businesses will be developed by making use of the resources of China Putian.

1. Strengthening optical telecommunication business to maintain growth.

The Company will strengthen the optical telecommunication business. Making use of the products characterized as having high gross profit and the relevant resources accumulated upon long-term operation in the industry, Chengdu SEI Optical Fiber Co., Ltd., the Company's best performing subsidiary, will act as a leader in the development of a self-owned optical fiber, cable and device manufacturing business to have positive competition with Putian Fasten JV and to develop the potential of the optical telecommunication business.

2. Taking high-end electrical equipment cable and aluminium products as the Company's core products to facilitate the business transformation of copper cable business to energy transmission cable business as a pivotal business of the Company.

The Company will reinforce the product development of electrical equipment cables and special cables and make use of the resources of China Putian to develop cables for railway transportation and strive to achieve breakthrough in the market size of high-end electrical equipment cables in order to make profit. For the development of the market of cables for railway transportation, the Company will intensify its efforts in developing new customers and continue to consolidate the market share in the urban rail cable market so as to acquire more orders and expand its market share. Moreover, by capitalizing on the development opportunities arising from municipal constructions, road networks, power distribution

networks and new urban constructions, the Company will explore the power and cables market of the government construction projects, and conduct sales of its featured products which are safe and environmentally friendly and develop its brand in the market segments.

3. *Seeking to upgrade business towards the provision of comprehensive solutions by consolidating resources and developing smart electrical equipment cable business in the southwest region.*

By leveraging the needs of target investments in China such as the development of smart cities, new urban constructions, upgraded power distribution through smart grids, smart production and equipment upgrades and taking advantage of the existing land resources and regional competitiveness, the Company will develop a production base of smart electrical equipment cables in the southwest region and implement the strategic cooperation agreement between China Putian and the Chengdu local government to develop the markets of smart cities featuring energy-saving street lamps and charging piles, modification of smart traffic, smart municipal works, smart community, smart residence, new energy and electrical equipment. In addition, by developing new businesses in connection with the relevant core business areas of China Putian to stimulate the Company's further development, the Company will gradually upgrade its businesses towards the provision of comprehensive solutions.

II. Further improving management to raise management and control standard

The Company will apply new concepts to improve its management. Continuous efforts will be made to enhance its professional and standardized management ability to ensure the sustainable and healthy development of its production and operation.

1. *Promoting full coverage of informatization as an important means to enhance management.*

The Company will further enhance the comprehensive coverage of informatization and develop a decision-making system. The informatization data of the Company will be under centralized management and the decision-making system will be able to completely extract accurate data from the database immediately. The Company will improve the informatization safety management by acquiring the related safety and backup equipment to safeguard the system as well as the data.

2. *Strengthening cost control and management to reduce costs and improve efficiency.*

Comprehensive budget management will be enhanced. Restriction and monitoring of budget will be strengthened with a view to meeting the annual budget target. Through implementation and assessment of budget at each level, the Company will exercise more stringent control over the budget to ensure the balance between income and costs and enhance the effectiveness of cost reduction. The Company will further strengthen the monthly budget control by carrying out timely analysis on budget implementation in terms of monthly and cumulative profits,

income, expenses and other indicators in order to promptly identify reasons for deviation and issuing analysis report, which will improve the guiding function of budgeting in production and operation.

An accountability system for cost and expense management will be established to define the responsibilities of each level in reducing costs, improving effectiveness and increasing the profit margin. Working procedures for procurement management will be improved to regulate procurement and tender. The Company will also carry out strategic procurement and centralized procurement of bulk stock and services in order to facilitate cost reduction and efficiency enhancement.

For quality management, the Company will make consistent improvement in product quality to enhance its core competitiveness. According to the excellent performance management standards, the Company will require the responsible departments to rectify the issues discovered during internal audits and external audits after being sorted out by the Company and include such issues in the appraisal indicators of the departments. With regard to the quality problems, the Company will strive to maintain product quality by formulating product standards, managing procurement, monitoring production process and conducting review and supervision. Moreover, the accountability system of quality will be optimized. The product quality and customer satisfaction will be enhanced.

More stringent management over asset quality will be made. The management of project approval, customer credit and contracts will be strengthened. Inventory management will be strengthened at source. The procurement will be strictly based on sales orders. The ratio of receivables and inventories to income will be closely monitored to minimize occupation of funds. The Company will strengthen the assessment and tracking analysis of customers' solvency and control on receivables at source. Payment will be called and collected in a timely manner so as to facilitate capital recovery and strictly control risks and losses. Besides, the evaluation and management of the "Two Funds" will be brought to business frontline. The responsibility of reducing the "Two Funds" will be specified and linked to assessment of business performance. New non-performing assets and potential losses will be under stringent surveillance.

3. *Accelerating the development of sales platform for market expansion*

By developing the channel department and the Group's business department, the Company will further expand its market and attain larger market share in Chengdu and the southwest region. The Company will also strengthen team-building in the sales center and improve business training for adapting to requirements of the new business and market. Duties of the commerce department will be refined to enhance storage and delivery capacity.

4. *Improving organizational capacity*

Organizational capacity is a major source of core competitiveness which ensures the effective implementation of plans and strategies. After determining the new strategic direction, the Company will need to start from three aspects, namely staff thinking, staff management and staff ability, and make use of human resources approaches including assessment, rewards, organizational structure, information flow, allocation and training+development to cultivate and develop organizational capacity. A profit-oriented performance assessment system is gradually developed to form an enhanced and scientific appraisal mechanism. Assessments of the staff at all levels will also be strengthened to guarantee completion of quarterly and annual assessments in a timely manner.

5. *Continual improvement of internal control*

The Company will uphold and improve the overall risk management and internal control system establishment and strive to rectify the issues suggested by the accountants after conducting special audits for internal control. The Company will also leverage such opportunity to enhance the management of the internal control system of the Company. The Company will further rationalize the internal control systems and enhance the practicality and timeliness of such systems in order to facilitate the systematic establishment of the Company and regulate the establishment and revision of internal control system.

6. *Other matters related to management*

Technological innovation and breakthroughs are encouraged to boost core competitiveness and incentives will be offered for technological inventions, upgrades in existing technologies and application of research results which receive significant economic benefits. Technological advancement scheme will be refined to seek incentives from the government and continuously improve the QEHS management system. Meanwhile, the Company will organize QC groups to encourage frontline staff to participate in the reform and fine-tuning of management to improve product quality.

Adhering to the strong emphasis on production safety, the Company will implement the production safety in accordance with the requirements of the party and the government as well as the responsibilities of the Company to the society. Safety production inspection will be strengthened. The Company will strive to formulate a safety mechanism which shall be supervised by all employees under unified leadership at each level. The regulations, systems and measures for production safety will be further implemented in order to establish a consistently improving long-term mechanism for production safety. The Company will strengthen the 6S management on the production site and the management measures in daily operation control and management as well as adopting effective measures to mitigate potential safety hazards and eradicate serious accidents.

BASIC MEDICAL INSURANCE SCHEME FOR EMPLOYEES

The Company has participated in the basic medical insurance scheme for employees in Chengdu since October 2002. The Company made a total contribution amounting to approximately RMB2.41 million during the Year (2015: RMB2.39 million). The Board considered that the implementation of the basic medical insurance scheme for employees had no material impact on the financial status of the Company.

INCOME TAX

Pursuant to the document of High-tech Enterprises Recognition Committee of Sichuan Province (Chuan Gao Qi Ren [2015] No. 7), the Company was recognized as a high-tech enterprise and enjoyed the high-tech enterprises preferential tax rate of 15% for a period of three years from 2015 to 2017.

Pursuant to the document of High-tech Enterprises Recognition Committee of Sichuan Province numbered Chuan Gao Qi Ren [2014] No. 6, the Company's subsidiaries, Chengdu Telecom Cable Shuangliu Heat Shrinkable Product Plant, Chengdu SEI Optical Fiber Co., Ltd. and Chengdu Zhongling Radio Communications Co., Ltd. were recognized as high-tech enterprises and enjoyed the high-tech enterprises preferential tax rate of 15% for a period of three years from 2014 to 2016.

PLEDGE OF ASSETS

During the Year, owing to sufficient working capital for production and operation, the Group did not obtain any new loan from banks which was secured by the Group's assets (2015: the Group did not obtain any loan from banks which was secured by the Group's assets).

RISK MANAGEMENT

The Group adheres to the principle that risk management must be in line with its strategies and serve its strategic concept while strengthening the risk classification and identification management and taking risk management as daily routine. The Group's risk management targets to seek the appropriate balance between the risks and benefits and to mitigate the effects of the risks caused on the Group's financial performance to the lowest level and maximize the interests of the shareholders and other equity investors. Based on such objectives, the Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits.

Industry competition risk

The Group faces intense competition from both state-owned enterprises and private companies in the market where the Group operates. Large-sized enterprises with high technology and complete industry chain gradually possess competitive advantages, showing a trend of the strong getting stronger and the weak getting weaker. The Group enhances its strategic development planning. The Company also makes full use of its capacity and resources as a state-owned enterprise to seize opportunities from development projects such as the establishment of private networks of governments, municipal

constructions and smart road networks, in order to expand sales in projects of government networks and smart cities and conduct sales of its featured products which are safe and environmentally friendly and develop its brand in the market segments.

Credit risk

The Group's credit risk is primarily attributable to receivables. The Group performs credit assessment on customers who use credit settlement on a continuous basis. The Company selects credible and reputable customers based on credit assessment result, and conducts ongoing monitoring on their net receivables, in order to avoid significant risks in bad debts.

Safety risk

The Group is a manufacturing enterprise. Safety risk is the probability of occurring accidents where accidents mean the events which causes casualties or major property damages. With respect to the risk control on production safety, the Company mainly increases expenditure in safety spending to improve safety facilities and labor protection measures. It also formulates a list of major hazard sources and critical environmental factors for key monitoring and strengthens safety training as well as inspection and rectification on safety hazards. It has zero tolerance to safety hazards and ensures production safety during operation according to the laws.

Interest risk

Interest risk is the risk that an enterprise may encounter fluctuation in fair value of financial instruments or future cash flows due to changes in market interest. The Group's interest risk relates mainly to borrowings with floating interest rate.

Human resources risk

The human resources risk of the Group mainly comprises risk of redundant employees, risk of low salaries and risk of team stability. The Company reduces the number of redundant employees on full compliance with the relevant national policies. It establishes a scientific and reasonable remuneration system in respect of efficiency, size and positions of the Company and promotes a performance-oriented concept for income distribution among its employees. It establishes a training scheme for its reserve talents and sets up a reserve talent pool by using the information system so as to provide a basis for the promotion of staff and selection of talents.

STAFF AND REMUNERATION POLICY OF THE GROUP

As at 31 December 2016, the Group had 996 staff members.

The Group remunerates its staff based on their performance, experience and prevailing industry practices. Other benefits offered to the staff include retirement benefits plans, medical benefits plans and housing fund plans. The Group also provides technical trainings to its staff.

SHAREHOLDING AND CHANGE IN SHARE CAPITAL STRUCTURE

1. Share capital structure

During the year ended 31 December 2016, the Company had not made any arrangements for bonus issue, share placing and issuance of new shares. There was no change in the Company's share capital structure. The total number of shares issued by the Company was 400,000,000 shares, of which China Potevio Company Limited held 240,000,000 issued state-owned legal person shares, representing 60% of the issued share capital of the Company and the overseas shareholders of H shares held 160,000,000 shares, representing 40% of the issued share capital of the Company.

2. Shareholdings of the directors and supervisors

As at 31 December 2016, none of the directors, supervisors and chief executives of the Company nor their associates had any interests or short positions in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities & Futures Ordinance ("SFO") (Chapter 571 of the Laws of Hong Kong)) as recorded in the register required to be kept by the Company under Section 352 of the SFO or which were otherwise required to be notified to the Company and The Stock Exchange of Hong Kong Limited (the "Stock Exchange") pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers set out in Appendix 10 to the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules").

3. Purchase, sale or redemption of listed securities of the Company

For the year ended 31 December 2016, neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company's listed securities.

4. Convertible securities, share options, warrants or relevant entitlements

During the year ended 31 December 2016, the Group did not issue any convertible securities, share options, warrants or relevant entitlements.

5. Sufficient public float

According to public information available to the Company and to the best knowledge of each director, the Company confirmed that the public held sufficient shares during the year ended 31 December 2016 and as at the date of this announcement.

FINAL DIVIDEND

The Board did not recommend the payment of final dividend for the year ended 31 December 2016 (2015: Nil).

IMPORTANT EVENT SINCE THE END OF THE YEAR

Disposal of equity interest in a subsidiary

On 2 December 2016, the Board announced that the open bid relating to the proposed disposal at China Beijing Equity Exchange (北京產權交易所) was announced on 2 December 2016. Fasten Group Company Limited (the “Purchaser”), the current shareholder of Putian Fasten JV holding 24.8% equity interest in it, successfully bid to acquire 22.5% equity interest in Putian Fasten JV from the Company at the consideration of RMB116,176,500 (the “Consideration”). On 2 December 2016, the Company and the Purchaser entered into the Definite Agreement pursuant to which the Company agreed to sell and the Purchaser agreed to purchase 22.5% equity interest in Putian Fasten JV (the “Disposal”). The transaction certificate has been issued by the China Beijing Equity Exchange on 7 December 2016 and the Consideration was transferred to the Company and settled on 13 December 2016.

Prior to the Disposal, the Company was a controlling shareholder of Putian Fasten JV holding 45% equity interest in Putian Fasten JV and the Purchaser was also a substantial shareholder of Putian Fasten JV holding approximately 24.8% equity interest in Putian Fasten JV. Therefore, the Purchaser was considered a connected person of the Group at subsidiary level and the Disposal constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules.

As no shareholder has any material interest in the Disposal, no shareholder would be required to abstain from voting at a general meeting of the Company to approve the Disposal. Pursuant to Rule 14.44 of the Listing Rules, the Company has obtained a written approval from China Potevio Company Limited (“**China Potevio**”) regarding the Disposal. As at the date of this announcement, China Putian is the controlling shareholder of the Company and holds 240,000,000 domestic shares, representing 60% of the total share capital of the Company. No extraordinary general meeting of the Company will be convened for the purposes of considering and approving the Disposal. A circular dated 20 March 2017 containing, among other things, (i) further details of the Disposal and the Definite Agreement and (ii) financial information relating to Putian Fasten JV has been despatched to the shareholders.

Following the completion of the Disposal, Putian Fasten JV had ceased to be a subsidiary of the Company, as the equity interest held by the Company in Putian Fasten JV had decreased from 45% to 22.5% and the financial results of Putian Fasten JV had ceased to be consolidated into the consolidated financial statements of the Group.

CODE ON CORPORATE GOVERNANCE

Although the Company attached great importance to corporate governance and strives to comply with the Listing Rules and other relevant regulations, the Company failed to act according to the Listing Rules to make announcements and seek shareholders’ approval for some continuing connected transactions in the financial years of 2013 and 2014 and the financial year of the first half of 2015. Most of such continuing connected transactions were related to purchase or sales of optic fiber and relevant commodities from or to connected persons. Hence, during the Year, the Company adopted

remedial measures including publishing announcement, and seeking shareholders' approval and ensuring that information was announced in a timely manner. During the Year, the Board tried hard to improve disclosure about information and compliance matters of the Company.

Upon the change of session of the Board becoming effective on 12 November 2015, the number of independent non-executive directors and members of the Audit Committee of the Company were not in compliance with the minimum number requirements under Rules 3.10(1) and 3.21 of the Listing Rules. The proportion of independent non-executive directors in the Board also fell below the minimum requirement under Rule 3.10A of the Listing Rules, and the compositions of the Remuneration and Appraisal Committee and the Nomination Committee were not in compliance with Rule 3.25 of the Listing Rules and Code Provision A.5.1 of the Corporate Governance Code set out in Appendix 14 to the Listing Rules. During the period, the Board has been seeking suitable candidates. Effective from 4 February 2016, Mr. Lin Zulun has been appointed as an independent non-executive director and a member of various Board committees to fill the relevant vacancies.

The Company will continue putting effort in complying with high standards of corporate governance so as to ensure better transparency of the Company and protection of interests of the shareholders and the Company as a whole. Save as disclosed above, the Company had complied with the code provisions set out in the Corporate Governance Code contained in Appendix 14 to the Listing Rules throughout the Year.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS AND SUPERVISORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix 10 to the Listing Rules as the code of conduct regarding securities transactions by the directors and supervisors of the Company.

After specific enquiries to the directors and supervisors of the Company, the Board confirmed that all directors and supervisors had fully complied with the codes as set out in the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix 10 to the Listing Rules during the Year.

AUDIT COMMITTEE OF THE BOARD (“AUDIT COMMITTEE”) AND REVIEW OF THE ANNUAL RESULTS

The Company established the Audit Committee in accordance with the Listing Rules. The members of the Audit Committee are Mr. Choy Sze Chung, Jojo (Chairman of the Audit Committee), Mr. Xiao Xiaozhou and Mr. Lin Zulun, all being the independent non-executive directors of the Company. The Audit Committee is responsible for matters such as conducting reviews of risk management, internal control and financial reports and has reviewed the Company's audited financial statements and annual results for the Year.

The Audit Committee considered that the audited financial statements and the annual results of the Company for the Year were in full compliance with the requirements of the applicable accounting standards, laws and regulations and appropriate disclosure was made.

ANNUAL REPORT AND ANNUAL GENERAL MEETING

The annual general meeting (“AGM”) for the Year will be held on Friday, 23 June 2017 at No. 18, Xinhang Road, the West Park of Hi-tech Development Zone, Chengdu, Sichuan Province, the PRC. Notice of the AGM will be announced separately. The Group’s annual report for the financial year ended 31 December 2016 and the notice of the AGM will be dispatched to its shareholders as soon as possible and will also be published on the Stock Exchange’s website (<http://www.hkexnews.hk>) and the Company’s website (<http://www.cdc.com.cn>).

CLOSURE OF REGISTER OF MEMBERS

The register of members of the Company will be closed from 24 May 2017 to 23 June 2017 (both dates inclusive), during which period no transfer of shares will be registered.

In order to be qualified for attending and voting at the 2016 AGM, all transfer documents accompanied by the relevant share certificates must be lodged with the Company’s H share registrar, Hong Kong Registrars Limited at Rooms 1712-16, 17/F, Hopewell Centre, 183 Queen’s Road East, Wan Chai, Hong Kong for the holders of H shares; or the registered office of the Company at No. 18, Xinhang Road, the West Park of Hi-tech Development Zone, Chengdu, Sichuan Province, the PRC (postal code: 611731) for the holders of domestic shares for registration by 4:30 p.m. on 23 May 2017.

ACKNOWLEDGEMENT

I would like to thank the Board, the Supervisory Committee, the management and all of our staff for their hard work and dedication, as well as our shareholders and customers for their continuous support to the Group.

Notes:

1. This results announcement is prepared in both Chinese and English. Should there be any discrepancies between the two versions, the Chinese version shall prevail.
2. This results announcement will be published on the Stock Exchange’s website (<http://www.hkexnews.hk>) and the Company’s website (<http://www.cdc.com.cn>) in due course.
