# MANAGEMENT DISCUSSION AND ANALYSIS

## **Business Review**

During the period under review, the operation of the Company had been further scaled down as only limited working capital was available for inventory replenishment and hence the revenue base was limited.

## **Financial Review**

### **Revenue**

The Group generated revenue for the six months ended 30 June 2016 of approximately RMB4 million, which represented an approximately 73% decrease compared to the last corresponding period of approximately RMB15 million. The operation of the Company had been further scaled down as only limited working capital was available for inventory replenishment.

### **Cost of sales, gross profit and gross profit margin**

Gross profit for the six months ended 30 June 2016 was approximately RMB0.08 million, which represents an approximately 98% decrease compared to the last corresponding period of approximately RMB5 million. The decrease was mainly due to a continuous drop in revenue.

### **Administrative and other expenses**

During the six months ended 30 June 2016, the administrative and other expenses were approximately RMB6 million (2015: approximately RMB34 million), which represented a decrease by approximately RMB28 million compared to the last corresponding period was mainly due to the one-off provision for obsolete inventory of approximately RMB26 million made during the last corresponding period.

### **Impairment losses on various assets**

Impairment losses on trade receivables and impairment losses on other receivables and prepayments for the six months ended 30 June 2016 amounted to approximately RMB4 million (2015: approximately RMB31 million) and RMB: nil (2015: approximately RMB148 million) respectively.

## **Loss attributable to owners of the Company**

Based on the above, loss attributable to owners of the Company for the six months ended 30 June 2016 amounted to approximately RMB11 million (2015: approximately RMB216 million).

## **Liquidity, financial resources and capital structure**

As at 30 June 2016, bank and cash balances of the Group were approximately RMB2 million (31 December 2015: approximately RMB1 million).

The Group's gearing ratio (measured as total borrowings over total assets) as at 30 June 2016 was approximately 43% (31 December 2015: 43%).

As at 30 June 2016, certain of the Group's bank borrowings were secured by its property, plant and equipment with a carrying value of RMB62 million (31 December 2015: RMB64 million) and were secured by the Group's land with a carrying value of approximately RMB10 million (31 December 2015: RMB11 million).

## **Foreign currency risks**

Most of the Group's transactions, assets and liabilities are principally denominated in Renminbi, the functional currency of the Group. Therefore, the Group had minimal exposure to foreign currency risk and hence the Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure of the Group from time to time and will consider hedging significant foreign currency exposure should the need arises.

## **Contingent liabilities and capital commitments**

No sufficient information was available to ascertain the existence and completeness of the disclosures of capital commitments and contingent liabilities as at 30 June 2016 and as at 31 December 2015. Such disclosure was expected to be available upon the improvement of the internal control system of the Group.

## **Future Prospect**

We plan to source and increase the variety of products available on top of existing products and we also plan to start our footprint in the women's apparel market. At the same time, in addition to the traditional sales channel from self-operating stores and from share of profit with franchisee and department store, we had also launched an online sales platform which is in line with the current consumption behaviour of the general public in the PRC.

Other than sales expansion, we would seek to resume the trading of the H shares of the Company on the Stock Exchange at the earliest possible in order to re-build the brand image and in order to establish a fund raising platform to be available for future expansion. We will use our best endeavour to satisfy the resumption conditions as stipulated by the Stock Exchange.

## **Important Events Happening after the Period**

As disclosed in the announcement of the Company dated 5 September 2016, Hao Tian China and Hao Tian Corporation Limited are required to make mandatory unconditional cash offers for all the issued domestic shares and H Shares of the Company not already owned or agreed to be acquired by any of them and parties acting in concert with any of them.

The Group is currently in the course of reviewing and optimising the strategies of the retail network of the Group. The Group has recently launched 諾奇商城 (Nuoqi E-Market\*) ([www.nq-shop.com](http://www.nq-shop.com)), an online self-operated official shopping website of the Group. The Group is also in the process of setting up new distribution channels in TMall.com and JD.com, which are expected to commence operation in early 2017.

## **Interim Dividend**

## 2. BASIS OF PREPARATION *(Continued)*

### ***Suspension of trading in shares of the Company (Continued)***

Since Mr. Ding Hui had not been contactable, the Company had been conducting investigation on the impact on assets and financial position of the Group. The Board discovered that RMB50 million and HKD19.55 million had been transferred from a bank account of Nuoqi Fashion International Limited (the “Nuoqi Fashion”), a wholly owned Hong Kong subsidiary of the Company, to an account of a British Virgin Islands incorporated company which is not a company of the Group, on 27 January 2014 and 3 April 2014, respectively, under the instruction of Mr. Ding Hui. Reference to the Company’s announcement dated 19 August 2014, the Board was informed by various financial institutions that the Company and/or its subsidiaries have allegedly guaranteed and/or pledged securities for the aggregate principal amount of approximately RMB454.5 million of loans provided to various parties not within the Group, under the instruction of Mr. Ding Hui. The Board was also informed by and has received demand letters (the “Demands”) from these financial institutions and understood from them that they had accelerated repayment of certain loans and had applied the deposits that the Group maintained with these financial institutions as security for the repayment of such loans. Certain of the Company’s cash deposits maintained with various other banks have been frozen.

### ***Going concern***

The Group incurred a loss of approximately RMB11,254,000 for the six months ended 30 June 2016; and net current liabilities and net liabilities of approximately RMB457,048,000 and RMB380,849,000 respectively in the condensed consolidated statement of financial position of the Group as at 30 June 2016. These conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern. Therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. The Directors are confident that the Group would have sufficient working capital for the Group to meet its liabilities as they fall due and for its operation, and in the opinion that it is appropriate to prepare the condensed consolidated financial statements on a going concern basis. Should the Group be unable to continue as a going concern, adjustments would have to be made to the condensed consolidated financial statements to adjust the value of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effect of these adjustments has not been reflected in the condensed consolidated financial statements.

The adoption of these new and revised IFRSs did not result in significant changes to the Group's accounting policies, presentation of the Group financial statements and amounts reported for the current period and prior years.

The Group has not applied the new and revised IFRSs that have been issued but are not yet effective.
