# **CORPORATE PROFILE**

**Lingbao Gold Company Ltd.** ("Lingbao Gold" or the "Company" and together with its subsidiaries, the "Group") is listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") since 12 January 2006.

The Group is an integrated gold mining enterprise in the People's Republic of China ("PRC"), and is mainly engaged in gold mining, smelting, refining and copper processing. The products of the Group are gold, silver, copper products, copper foils and sulphuric acid. The Shanghai Gold Exchange certified the Group as a standard gold bullion production enterprise. The Group's mineral resources are scattered in the PRC regions of Henan, Xinjiang, Jiangxi, Inner Mongolia, Gansu and Kyrgyz Republic ("KR") with 51 mining and exploration rights with a total area of 1,893.26 sq. km. The total gold reserve and resources as at 31 December 2016 were approximately 83.73 tonnes (approximately 2,691,920 ounce) and 102.41 tonnes (approximately 3,292,482 ounce) respectively. The gold reserve and resources report is prepared in accordance with PRC GB/T17766-1999, "Solid Mineral Resources/Reserves Classification", GB/T13908-2002 "General Requirements for Solid Mineral Geological Exploration" and DZ/T0205-2002 "Geological Exploration Requirements for Hard-Rock Gold". In 2016, approximately 17,032 kg (approximately 547,591 ounce) of gold was produced, and the loss for the year of the Group attributable to the equity shareholders amounted to RMB77,456,000.

The objective of the Group's strategy in the future is continuous expansion, to become the leading integrated gold mining enterprise in the PRC and gradually promote our brand in the international market. The Group will focus on the exploration and expansion of production scale and continue to acquire gold resources with potential.

No.	Mine (Project) Name	Minerals	Unit	Proven+ Indicated	Inferred	Total
1	Henan Lingjin No. 1 Mine	Gold	Ore (t)	639,059	158,140	797,199

The total gold resources and reserves of the Group were made in according to the Geological Exploration Requirements for Hard-Rock Gold (DZ/T 0205-2002) issued by the Ministry of Land and Resources of the PRC by adopting the following assumptions:

# Henan Lingjin no. 1 Mine

- 1. Gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves depletion for Henan Lingjin No. 1 Mine was approximately 500kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- Parameters for short hole shrinkage mining method: Length of block: 50m
   Minimum width of block: 1.2m
   Pillar between blocks: 6m
   Crown pillar: 5m
   Distance between levels: 50m

#### Deep exploration area of Henan Lingjin no. 1 Mine

No geological exploration and mining activities have been conducted since the record in the Ministry of Land and Resources of the PRC in 2011. The former resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.

#### Henan Hongtuling Gold Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves depletion for Henan Hongtuling Gold Mine was approximately 376kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of Og/t.
- 4. Parameters for short hole shrinkage mining method:

Length of block: 50m Minimum width of block: 1.2m Pillar between blocks: 6m Crown pillar: 6m Distance between levels: 50m

#### Henan Hongxin no. 1 Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.
- 2. The ore resources and reserves depletion for Henan Hongxin No. 1 Mine was 27kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of Og/t.
- Parameters for short hole shrinkage mining method: Length of block: 50m

Minimum width of block: 1.2m Pillar between blocks: 6m Crown pillar: 5m Distance between levels: 50m

#### Henan Lingjin no. 2 Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.
- 2. The ore resources and reserves depletion for Henan Lingjin No. 2 Mine was 71kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- 4. Parameters for short hole shrinkage mining method:

Length of block: 50m Minimum width of block: 1.2m Pillar between blocks: 6m Crown pillar: 5m Distance between levels: 50m

#### Henan Pengjialaozhuang Gold Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.
- 2. The ore resources and reserves increment for Henan Pengjialaozhuang Gold Mine was 36kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.

#### Henan Shangshanghe Gold Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.
- 2. The ore resources and reserves increment for Henan Shangshanghe Gold Mine was 199kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of Og/t.
- Parameters for short hole shrinkage mining method: Length of block: 50m Minimum width of block: 1.3m Pillar between blocks: 6m Crown pillar: 5m Distance between levels: 50m

#### Deep exploration of periphery of Henan Shangshanghe Gold Mine

No geological exploration and mining activities have been conducted since the record in the Ministry of Land and Resources of the PRC in 2011. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.

#### Henan Laowan Gold Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves depletion for Henan Laowan Gold Mine was 160kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- Parameters for short hole shrinkage mining method: Length of block: 50m Minimum width of block: 1.3m Pillar between blocks: 6m Crown pillar: 5m Distance between levels: 50m

#### Henan Eastern Laowan Gold Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves increment for Henan Eastern Laowan Gold Mine was 84kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of Og/t.

#### Xinjiang Duolanasayi Gold Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves depletion for Xinjiang Duolanasayi Gold Mine was 51kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- 4. Parameters for flat base short hole shrinkage mining method:

Length of block: 50m Minimum width of block: 2m Pillar between blocks: 5m Crown pillar: 8m Distance between levels: 50m

#### Deep Part of Xinjiang Duolanasayi Gold Mine

The mine is conducting geological exploration activities. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.

#### Periphery of Xinjiang Duolanasayi Gold Mine

The mine is conducting geological exploration activities. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.

#### Xinjiang Tuokuzibayi Gold Mine

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves increment for Xinjiang Tuokuzibayi Gold Mine was 67kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- 4. Parameters for flat base short hole shrinkage mining method:

Length of block: 50m Minimum width of block: 2m Pillar between blocks: 5m Crown pillar: 6m Distance between levels: 50m

#### Deep Part of Xinjiang Tuokuzibayi Gold Mine

The mine is conducting geological exploration activities. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.

#### Jinchanshan Gold Mine of Inner Mongolia

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves increment for Jinchanshan Gold Mine was 18kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- 4. Parameters for short hole shrinkage mining method:

Length of block: 50m Minimum width of block: 1.2m Pillar between blocks: 5m Crown pillar: 6m Distance between levels: 40m

#### Jinchanshan Changgao Gold Mine of Inner Mongolia

The mine is in the stage of applying mining permit procedure and no exploration and exploitation activities are carried out. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.

#### Upper Part of Istanbul Gold Mine of Kyrgyzstan

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.
- 2. The ore resources and reserves depletion for Upper Part of Istanbul Gold Mine was 331kg.
- 3. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- 4. Parameters for sublevel caving mining method:
  - Length of block: 50m Minimum width of block: 1.2m Pillar between blocks: 5m Crown pillar: 6m Distance between levels: 40m

#### Eastern Istanbul Gold Mine of Kyrgyzstan

- 1. The gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.
- 2. The resources and reserves included diluting materials with an assuming dilution grade of 0g/t.
- 3. Parameters for sublevel caving mining method:

Length of block: 50m Minimum width of block: 1.2m Pillar between blocks: 5m Crown pillar: 6m Distance between levels: 40m

#### Istanbul Gold Mine of Kyrgyzstan

The mine is conducting geological exploration activities. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 3g/t.

#### Akesu Gold Mine of Kyrgyzstan

The mine is conducting geological exploration activities. And no mining activities were conducted The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.

#### Tieliekelin Gold Mine of Kyrgyzstan

The mine was in construction stage and is conducting geological exploration activities. No mining activities were conducted. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.

#### Exploration area of Tieliekelin Gold Mine of Kyrgyzatan

The mine is conducting geological exploration activities and no mining activities conducted. The former gold resources and reserves reporting cutoff grade was 1g/t, and the minimum industrial grade was 2.5g/t.

The gold resources and reserves estimates were based on the estimates of resources and reserves as approved for record by the Department of Land and Resources of the PRC in 2011. The changes in gold resources and reserves during the period were due to mining consumption and exploration and was confirmed by qualified mineral resources evaluator.

# **CHAIRMAN'S STATEMENT**

# **DEAR SHAREHOLDERS,**

I hereby present you the results of the Company for the year ended 31 December 2016. The loss before tax of the Group amounted to approximately RMB77,754,000, representing a year-on-year decrease of 78.1%. Loss for the year of the Group attributable to the equity shareholders amounted to RMB77,456,000, representing a year-on-year decrease of 83.2%. Losses per share of the Group was RMB0.10 for the year ended 31 December 2016. After a discussion of the board (the "Board") of directors (the "Directors") of the Company, the Directors do not recommend the payment of any final dividend.

# **REVIEW FOR THE YEAR 2016**

In 2016, the volume of gold, silver, electrolytic copper, copper foil and sulphuric acid produced by the Group amounted to 17,032 kg, 40,824 kg, 12,666 tonnes, 18,874 tonnes and 172,204 tonnes, respectively. As at 31 December 2016, the total gold reserves and resources were 186.14 tonnes. The Group held 51 mining and exploration rights in aggregate covering 1,893.26 square kilometres, of which 16 were mining rights.

While the gold industry was experiencing a severely challenging situation, the Group still strived to fight against the extremely hard circumstances and achieved certain progress. Under the backdrop of drastic decline and continuously low level of gold price, we endeavored to maintain the production and operations of the Company at fundamentally stable level. Our workforce was generally kept stable, we completed the copper clad laminate project for Hongyu Electronics, and the laboratory transformation for Wason Copper-Foil, and even incubated and strengthened the copper foil manufacturing industry. For project construction, the works such as vertical shaft construction of Nanshan Branch, the third graded slanted shaft construction of Yinxin No.18 Pits, vertical shaft construction in Shenglao Village of Xingyuan, technology upgrade for processing plant of Full Gold, and the laboratory transformation renovation for Wason Copper-Foil in Henan Province, have laid a solid foundation to enhance the Company's capabilities in terms of the geological exploration, mining, transportation and gold-mining, as well as the scale of our newly-added highend copper foil for the negative electrode of lithium-ion battery. The Group adheres to the operational policy of "Safety First, Emphasis on Prevention and Integrated Management", to strengthen its safety training education to ensure its production safety and environment protection. There was no significant liability incident in the Group in 2016. The Group has developed good relationship in cooperation with a number of suppliers. The Group carefully selects its suppliers and requires them to satisfy certain assessment criteria including track record, experience, financial strength, reputation, capability to produce high-quality products and quality control effectiveness. However, facing the weak economy, commodity prices remained at low level, and certain suppliers and customers suffered from financial difficulties, thus, the recovery period for certain payments may be longer than expected. Accordingly, the Group made impairment losses for the purchase deposits and trade receivables for the year. The Group initiated negotiation on the repayment terms, and monitored their repayment schedules.

# **BUSINESS OUTLOOK OF 2017**

In 2017, the general idea of the Group is fully deploying all the effective resources within the Company to highly improve the economic efficiency, by making a profit instead of suffering a loss as our core, maintaining stability as our foundation, putting innovation and pioneering as our breakthrough using the transformation mechanism, and making strengthen management as our mean. In 2017, the Group will focus on resolving the issue on "mining output, grading, indicator, and operating rate", to ensure the operations at full scale, highly effective safety production for all major mines and smelter and processing enterprises, so as to fully complete all the production and operation targets for the year, and accelerate the organization and implementation of 40,000 tonnes copper foils for the negative electrode of power lithium-ion battery project, Huatai's 5# vertical shaft, Xingyuan's 3# vertical shaft in Shenglao Village, Jinchan's new construction work of dry tailing and selectively resolving the technical problem on mine exploration and processing by Full Gold. The Group will strictly follow comprehensive verification and inspection according to all the requirements under the "Environmental Protection Law (《環保法》)" and the "Production Safety Law 《安全生產法》)" for the legal production and operation, focus on dealing with the environmental issue of smelting of heavy metal and achieving the environmental standards and targets to resume the production of smelting plant. The management of the Group will jointly make every endeavor to continuously control the costs and improve the efficiency, and create returns for our shareholders.

# **APPRECIATION**

On behalf of the Board, I wish to express our sincere gratitude to all the shareholders for their support and trust, and to the management and all the staff for their dedication and hard work over the past year.

By order of the Board

Chen Jianzheng Chairman

Lingbao, Henan, the PRC 31 March 2017

13

# **MANAGEMENT DISCUSSION AND ANALYSIS**

# **REVIEW OF BUSINESS**

In 2016, the Group produced approximately 17,032 kg (equivalent to approximately 547,591 ounce) gold, representing a decrease of approximately 2,072 kg (equivalent to approximately 66,617 ounce) or 10.8% as compared with the previous year. The Group's revenue increased by 5.2% to approximately RMB6,054,620,000. The loss attributable to the equity shareholders of the Company for the year was approximately RMB77,456,000, while the loss attributable to the equity shareholders of the Company for the previous year was RMB462,162,000. The Company's basic loss per share was RMB0.10. The decrease in loss as compared to the previous year was mainly due to (i) the increase in prices of gold, copper and other products as compared to 2015; and (ii) the significant decrease in the impairment of property, plant and equipment as compared to 2015;

Given that raw materials accounted for over 79% of total production cost, the Group intends to increase its selfproduced output of gold mine through expansion of mining operation scale, and uplift the overall production and operation targets, so as to minimise the risks associated with raw materials purchased from outsiders.

# 1. Mining Segment

# **Revenue and production**

Our mining business mainly comprises the sales of gold concentrates and compound gold. Most of the gold concentrates and compound gold were sold to the Group's smelting plant as inter-segment sales within the Group.

The following table sets forth the analysis of the production and sales volume of the mining segment by product category:

		20	)16	201	15
	Unit	Approximate production volume	Approximate sales volume	Approximate production volume	Approximate sales volume
Gold concentrates (contained gold)	kg	1,684	1,609	1,851	1,900
Compound gold	kg	1,273	1,156	1,216	1,190
Total Total	kg ounce	2,957 95,070	2,765 88,897	3,067 98,606	3,090 99,346

The total revenue of the mining segment of the Group for 2016 was approximately RMB734,733,000, representing an increase of approximately 8.7% from approximately RMB676,157,000 in 2015. During the year, revenue of gold mines in Henan, Xinjiang, Inner Mongolia and Kyrgyzstan represented approximately 52.5%, 32.6%, 10.8% and 4.1% of the total revenue of the mining segment, respectively. The production volume of compound gold of the Group increased by approximately 57 kg to approximately 1,273 kg while the production volume of its gold concentrates decreased by approximately 167 kg to approximately 1,684 kg.

#### Segment results

The Group's results of the mining segment for 2016 was loss of approximately RMB3,668,000, as compared to the profit of approximately RMB5,714,000 in 2015. The segment result to segment revenue ratio of the Group's mining segment for 2016 was approximately (0.5)%, as compared to approximately 0.8% in 2015. The increase in the average selling price of gold in 2016 was less than the increase in the average cost in year 2016, which resulted in the decrease in gross profit margin with the increased revenue of the mining segment.

The technology upgrading of the processing plant of Full Gold Mining Limited Liability Company ("Full Gold") had been completed. The processing plant had been put into production in the second half of 2016, and had produced contained gold of approximately 85 kg (approximately 2,733 ounce) and compound gold of approximately 121 kg (approximately 3,890 ounce). In 2017, Full Gold will continuously optimize its production procedure in the new upgraded processing plant.

#### 2. Smelting Segment

Our smelting plant is situated in Henan Province, and is capable of processing gold, silver, copper and sulphur. Its products include gold bullion, silver, copper products and sulphuric acid. The following table sets forth the analysis of the production and sales volume of the smelting segment by product category:

		20	)16	201	15
Product	Unit	Approximate production volume	Approximate sales volume	Approximate production volume	Approximate sales volume
Gold bullion	kg ounce	17,032 547,591	17,105 549,938	19,104 614,208	19,213 617,712
Silver	kg ounce	40,824 1,312,522	41,695 1,340,525	36,050 1,159,034	35,117 1,129,038
Copper products	tonne	12,666	13,410	16,308	15,450
Sulphuric acid	tonne	172,204	175,080	193,955	191,314

#### Sales and production

The Group's total revenue from the smelting segment for 2016 was approximately RMB5,093,715,000, representing a decrease of approximately 2.0% from approximately RMB5,199,665,000 in 2015.

The daily processing capacity of gold concentrates of the Group was approximately 953 tonnes, at a production utilisation rate of approximately 100%. The Group's production volume of gold, silver, copper and sulphuric acid increased/(decreased) by approximately (10.8)%, 13.2%, (22.3)% and (11.2)%, respectively as compared with the previous year. During the year, the gold recovery rate was approximately 96.3%, the silver recovery rate was approximately 71.3% and the copper recovery rate was approximately 91.6%. The recovery rates of the Group remained at a relatively high level.

#### Segment results

The Group's result of the smelting segment for 2016 was a total profit of approximately RMB189,612,000, as compared to the total profit of approximately RMB19,548,000 in 2015. The segment results to segment revenue ratio of our smelting business in 2016 was approximately 3.7%, as compared to approximately 0.4% in 2015. The profits of segment results in 2016 increased significantly as compared with the previous year was mainly due to the increase in our average selling price of gold bullion.

# Outlook

In 2017, the Group is aiming to facilitate production with reformation, and increase efficiency through management. We will follow the reformation as the guide, and utilize technology and management as our binary measure. We will set the goal to broaden sources of income, reduce expenditures and enhance the efficiency. We will monitor our business with planning and inspections, and ensure the safety and environment protection of our business. We will actively and stably develop the Company in a high-quality, high-efficiency, environmental friendly, civilized and sustainable way. The Group will make full use of its advantages, and resolve the problems occur during development through a series of reformation and the enhancement of management. Instead of an impulse action or a blind action, the Group will seize the opportunity and proactively follow the trend. The Group will spare no efforts in anything, while knowing its limits. The Group will focus on risks, and pay more attention to chances, since chances can only be discovered but not sought. We will keep the spirit of persistent to develop our national layout based on Lingbao. We will stride forward step by step to bring forth the name of Lingbao Gold as a new corporate of gold with international view.

# **FINANCIAL INFORMATION**

### 1. Operating Results

#### Revenue

The Group's sales analysis by products is shown as follows:

		2016			2015	
		Sales			Sales	
	Amount	volume	Unit price (RMB per	Amount	volume	Unit price (RMB per
		(kg/tonne/	kg/tonne/		(kg/tonne/	kg/tonne/
	(RMB'000)	(ng) tormo, m²)	m²)	(RMB'000)	(rtg) torinto, m <sup>2</sup> )	m <sup>2</sup> )
Gold bullion	4,534,592	17,105 kg	265,103	4,523,816	19,213 kg	235,456
Silver	133,459	41,695 kg	3,201	101,583	35,019 kg	2,901
Copper cathode	56,985	1,820	31,310	73,215	2,050	35,715
<b>o</b>		tonnes			tonnes	
Copper foils	1,168,659	19,493	59,953	982,090	16,716	58,752
		tonnes			tonnes	
Flexible copper clad laminate	10,968	100,725m <sup>2</sup>	85	8,773	85,025m <sup>2</sup>	103
Sulphuric acid	5,969	175,080	34	33,699	191,314	176
		tonnes			tonnes	
Gold concentrates	154,661	659 kg	234,690	42,622	222 kg	191,991
Revenue before tax	6,065,293			5,765,798		
Less: Sales tax	(10,673)	_		(9,204)		
	6,054,620			5,756,594		

The Group's revenue for 2016 was approximately RMB6,054,620,000, representing an increase of approximately 5.2% as compared with the previous year, of which the revenue of gold bullion accounted for 74.9% of its total revenue. Such increase was mainly attributable to (i) the increase in our average selling price of gold bullion during the year of approximately 12.6%; and (ii) the increase in our average selling price of copper foils of approximately 2.2%.

The Group commenced its copper processing business during the year 2008, mainly involving the production of copper foil. In 2016, the Group continued to accelerate the transformation of lithium battery copper foil products and expanded into high-end market to improve its service quality and expand its product sales. With the dedicated work by all of our staff, the production and sales volume of copper foil were 18,874 tonnes and 19,493 tonnes, respectively, representing an increase of approximately 15.9% and 16.6%, respectively as compared with those of previous year.

#### Gross profit and gross profit margin

The Group's gross profit and gross profit margin for 2016 were approximately RMB660,595,000 and 10.9%, respectively, as compared to the gross profit and gross profit margin for 2015 of RMB448,532,000 and 7.8%, respectively. In 2016, the increase in our average selling price of products of the Group resulted in the increase in the profit margin of the Group of 3.1% as compared with that of the previous year.

#### Other revenue

The Group's other revenue for 2016 was approximately RMB27,676,000, representing a decrease of approximately 35.1% as compared with approximately RMB42,633,000 for 2015. Such decrease was mainly attributable to the decrease in government grants of RMB18,175,000.

#### Other loss

The Group's other net loss for 2016 was approximately RMB127,216,000 as compared with other net loss of approximately RMB140,877,000 for 2015. Such decrease was mainly attributable to (i) a decrease in the impairment losses of property, plant and equipment construction in progress and intangible assets of approximately RMB140,292,000; and (ii) an increase in the realised and unrealised losses on financial instruments at fair value of approximately RMB86,386,000.

#### Selling and distribution expenses

The Group's selling and distribution expenses for 2016 were approximately RMB37,746,000, representing an increase of approximately 28.1% as compared with the previous year. Such increase was mainly attributable to the increase of the copper foils business, and corresponding increase in selling and distribution expenses.

#### Administrative expenses and other operating expenses

The Group's administrative expenses and other operating expenses for 2016 were approximately RMB370,831,000, representing a decrease of approximately 13.8% as compared with approximately RMB430,387,000 for 2015. The decrease was mainly due to (i) the decrease in the impairment losses of purchase deposits and trade receivables of approximately RMB33,999,000 in 2016; and (ii) the decrease of suspension loss of Full Gold of approximately RMB10,390,000.

#### **Finance costs**

The Group's finance costs for 2016 were approximately RMB230,232,000, representing a decrease of approximately 6.2% as compared with approximately RMB245,358,000 for 2015. Such decrease was mainly attributable to the decrease in average bank loans interest rate during the reporting period.

#### Loss attributable to the Company's equity shareholders

The loss attributable to our equity shareholders of the Company in 2016 was approximately RMB77,456,000, as compared to the loss attributable to our equity shareholders of the Company in 2015 of approximately RMB462,162,000. The basic loss per share was RMB0.10. The Group does not recommend the payment of final dividend for the year ended 31 December 2016.

#### 2. Liquidity and Financial Resources

The Group generally finances its acquisition and operations with internally generated funds and bank loans. The cash and bank balances as at 31 December 2016 amounted to RMB1,322,843,000 (31 December 2015: RMB1,240,352,000).

The total equity of the Group as at 31 December 2016 amounted to RMB1,051,604,000 (31 December 2015: RMB1,172,480,000). As at 31 December 2016, the Group had current assets of RMB3,573,497,000 (31 December 2015: RMB3,818,730,000) and current liabilities of RMB4,462,533,000 (31 December 2015: RMB5,558,914,000). The current ratio was 0.80 (31 December 2015: 0.69).

As at 31 December 2016, the Group had total outstanding bank and other borrowings of approximately RMB5,073,509,000 with interest rates ranging from 2.20% to 5.75% per annum, of which approximately RMB3,255,771,000 was repayable within one year, approximately RMB498,395,000 was repayable after one year but within two years, and approximately RMB1,319,343,000 was repayable after two years. The gearing ratio as at 31 December 2016 was 67.7% (31 December 2015: 68.3%) which was calculated by total borrowings including Medium Term Notes divided by total assets.

As at 31 December 2016, the Group had unutilised bank facilities of RMB2,155,866,000 which could be drawn down by the Group to finance its operation when necessary.

#### 3. Security

As at 31 December 2016, bank loans of the Group amounting to RMB175,506,000 were secured by the mining right of Istanbul Gold Mine with a carrying amount amounting to RMB81,637,000 and equity interests in Full Gold, a subsidiary located in KR.

As at 31 December 2016, Lingbao State-owned Assets Management Co, Ltd. acted as a guarantor of bank loans of RMB603,519,000.

As at 31 December 2016, the machinery and equipment with carrying value amounting to RMB389,238,000 and equity interests in Lingbao Wason Copper-Foil Company Ltd. were pledged for a loan of RMB385,000,000 from a leasing company.

#### 4. Substantial Acquisition

During the reporting period, the Group had no substantial acquisition.

# 5. Market Risks

The Group is exposed to various types of market risks, including fluctuations in gold price and other commodity prices, as well as changes in interest rates and exchange rates.

#### Gold price and other commodities price risk

The Group's turnover and profit for the year were affected by fluctuations in the gold prices and other commodities price as all our products were sold at the market prices, where such fluctuation was beyond our control. The Group do not use and strictly prohibit the use of commodity derivative instruments or futures for speculation purpose. All commodity derivative instruments are used to minimise the potential price fluctuation of gold and other commodities.

#### Interest rate

The Group is exposed to risks associated with the fluctuation in interest rates on our debt obligations. The Group undertakes debt obligations for supporting capital expenditure and general working capital. The Group's bank loans bear interest rates that are subject to adjustment made by our lenders in accordance with changes of the relevant regulations of the People's Bank of China. If the People's Bank of China increases the interest rates, our finance cost increases accordingly. In addition, to the extent that we may need to raise our debt financing in the future, upward fluctuations in interest rates will increase the cost of new debt.

#### Exchange rate risk

The Group's transactions are mainly denominated in Renminbi. As such, fluctuations in exchange rates may affect the international and domestic gold price, and our operation results may be affected. Renminbi is not freely convertible and the currency would fluctuate against a basket of currencies. The PRC government may take further actions and implement new measures on free trade of Renminbi.

In addition to the foregoing, the exchange rate risks to which the Group exposes are mainly from certain bank deposits, trade and other receivables, trade and other payables and bank loans, which are denominated in foreign currencies. The currency giving rise to risk is primarily United States dollars.

Fluctuations in exchange rates may adversely affect the value of our net assets, earnings and any dividends we declare when they are being converted or translated into Hong Kong dollars.

#### 6. Contractual Obligations

As at 31 December 2016, the Group's total capital commitments in respect of the construction costs which were not provided for in the financial statements were approximately RMB43,283,000, representing a decrease of approximately RMB121,890,000 from approximately RMB165,173,000 as at 31 December 2015.

As at 31 December 2016, the Group's total future minimum lease payments under non-cancellable operating leases amounted to approximately RMB14,148,000, of which approximately RMB2,700,000 was payable within one year, approximately RMB9,137,000 was payable after one year but within five years, and approximately RMB2,311,000 was payable after five years.

# 7. Contingent Liabilities

As at 31 December 2016, the Group had no material contingent liabilities.

### 8. Capital Expenditure

In 2016, the Group's capital expenditure was approximately RMB411,229,000, representing an increase of approximately 50.2% from approximately RMB273,858,000 in 2015.

The Group's capital expenditure mainly relates to the construction of mining shafts, expansion of project equipment and upgrading of production equipment.

### 9. Employees

In 2016, the average number of employees of the Group was 6,566. The Company highly treasures its human resources and provides its employees with competitive remuneration and training programs.

# **PROFILE OF DIRECTORS, SUPERVISORS AND SENIOR MANAGEMENT**

# DIRECTORS

# **Executive Directors**

**Mr. Chen Jianzheng** (陳建正先生), aged 48, is the chairman of the Board and an executive Director of the Company. He graduated from Hunan Agricultural University (land management) in July 1990 and later obtained the bachelor degree in law from Hunan Administration Institute in December 2003. He has many years of experience related to the management and the operation of the mining industry. He also has worked in the underground mine and smelter for more than one year and is very familiar with the mining, mineral separation and smelting process. Prior to joining the Group, he was a member of the party leadership and deputy chief of Land and Resources Bureau of Yuanling County in Hunan Province. He was in charge of mine management and reserve management and possesses very good management experience in mining industry. Mr. Chen was appointed as the chairman of the Board and an executive Director of the Company on 23 January 2017.

**Mr. Wang Leo** (王清貴先生), aged 51, graduated from Zhejiang Metallurgical Economics College (now renamed Jiaxing University) majoring in accounting in 1984. In 1991, he graduated from Tianjin Nankai University majoring in accounting and the self-taught examinations. He graduated from New Zealand University of Canterbury majoring in accounting and finance and obtained a bachelor's degree in commerce in 2001. He graduated from New Zealand University of Vago majoring in accounting and obtained a postgraduate diploma in 2002. In 2003, he graduated from New Zealand University of Waikato majoring in accounting and obtained a master degree in business administration and later in 2005 he was a doctoral candidate of commerce in Australian National University majoring in corporation governance. Mr. Wang holds the Chinese lawyer qualification certificate, Chinese certified public accountant certificate (non-practising member), Chinese accountant qualification certificate and Shenzhen Stock Exchange qualification certificate of secretary to the board. Mr. Wang has over 30 years of experience in corporate finance management, corporate governance and accounting. Mr. Wang was appointed as an executive Director on 23 December 2016.

**Ms. Zhou Xing** (周星女士), aged 46, studied in Hunan College of Finance and Economics majoring in international trade from 1988 to 1992 and obtained a bachelor degree. Later she obtained a master degree in finance from the same college in 1998. She continued her study in National University of Singapore School of Business from 2004 to 2006 and obtained a master degree in business administration. Ms. Zhou has over 20 years of experience in business management and corporate governance. Prior to joining the Group, she worked in Singapore Exchange as a vice president of the corporate and listing department from January 2008 to July 2011 and has been working in James & Hina Capital Management Company Limited as a chief executive officer since July 2011. Ms. Zhou was appointed as an executive Director on 23 December 2016.

**Mr. Zhao Kun** (趙昆先生), aged 54, obtained bachelor degree from Central South University of Mining and Metallurgy (Central South University) (中南礦冶學院 (中南大學)) in relation to the geology of mineral prospecting and exploration in 1983. He is also a geological engineer, senior economist and senior gold investment analyst. He is also the managing director of China Gold Association (中國黃金協會) and the vice chairman of the National Precious Metals Industry Committee (國家貴金屬產業委員會). He has many years of work experience in geological prospecting, mine construction, production management and technical transformation. Prior to joining the Group, Mr. Zhao was the general manager of the Tianjin International Mining Rights Exchange (天津國際礦業權交易所) and was responsible for the day-to-day management. Mr. Zhao was appointed as an executive Director on 23 January 2017.

**Mr. Xing Jiangze (**邢江澤先生), aged 50, holds a bachelor's degree and is a registered certified public accountant, certified tax agent, senior accountant, senior consultant and economist in the PRC, having over 25 years of work experience in finance, accounting and auditing. He has been working in the Lingbao Gold Company Ltd. since April 2007 and had served as assistant financial controller, financial controller and chief investment officer. Mr. Xing has served as secretary of the Board since August 2013 and was appointed as an executive Director in June 2015.

### **Non-executive Directors**

**Mr. Shi Yuchen** (石玉臣先生), aged 55, holds a doctoral degree in geology and is a senior engineer and a national mineral reserves appraiser. He is also a part-time professor and supervisor of postgraduate of Shandong University of Science and Technology. He studied in Changchun College of Geology majoring in regional geological survey and mineral resources prospecting from October 1978 to July 1982 and obtained a bachelor's degree. He continued his study in Jilin University majoring in mineral resources prospecting and exploration from February 1999 to May 2005 and obtained a master and doctoral degree. He had worked in Zhongrun Resources Investment Corporation as an executive director from May 2012 to October 2012 and is currently working in Huibang Investment and Development Corporation as a director since November 2012. Mr. Shi was appointed as a non-executive Director in June 2014.

#### Independent Non-executive Directors

**Mr. Yang Dongsheng (楊東升先生)**, aged 52, is a senior accountant, a member of the Chinese Institute of Certified Public Accountant, a member of China Certified Public Valuer and a member of China Certified Tax Agent. Mr. Yang graduated from Henan University of Traditional Chinese Medicine with a bachelor degree in medicine, graduated from Henan Finance and Economics School with a college degree in accounting and graduated from Hong Kong Chinese University with a master degree in accounting. He has over 32 years extensive experience in accounting and auditing. He worked in accounting firms for 17 years and has been in charge of listed companies audit work and initial public offering projects. He is currently a partner of BDO China Shu Lun Pan Certified Public Accountants and a chief of Henan branch. Mr. Yang was appointed as an independent non-executive Director in January 2014.

**Mr. Han Qinchun (**韓秦春先生), aged 58, is currently the Executive President of China International Capital Management and Research Company Limited (Hong Kong) and the director of Real Estate Research Centre of Peking University HSBC Business School. Mr. Han obtained a Doctorate Degree of Philosophy in Urban Economics and Management from The University of Hong Kong in 1998. He is a Registered Appraiser, Planner and Engineer in the PRC. He has a corporate finance advisory license, an asset management license, a securities dealing advisory license and a securities floor trading license issued by the Hong Kong Investment Manager and Senior Management Member of an investment bank in Hong Kong and the vice chairman and co-president of Hong Long Holdings Limited, a listed company in Hong Kong, from early 2006 to January 2010. He has rich experience in financial investment field, equity capital market and listed companies' management. Mr. Han was appointed as an independent non-executive Director in March 2012.

**Mr. Wang Jiheng (**王繼恒), aged 49, holds a master's degree in law of NorthWest University of Politics and Law and a doctoral degree in law of Wuhan University, and is an associate professor and an advisor of master degree students. He currently engages in the teaching and research of environment and resources law in the Economic Law College of NorthWest University of Politics and Law, and serves as a vice president of the Resources and Energy Law Research Institute of that College, and also the director of the Resources and Energy Law Teaching and Research Department. His part-time jobs include secretary-general of the environment and resources law research association of Xi'an Society of Law, member of the policy advisory committee of Lianhu District of Xi'an, senior trainer of EU – China Environmental Governance Program and trainer of the environmental law institute of the International Union for Conservation of Nature (IUCN). Mr. Wang was appointed as an independent non-executive Director in June 2015.

**Mr. Wang Guanghua** (汪光華先生), aged 65, graduated from Beijing Institute of Chemical Technology (renamed Beijing University of Chemical Technology in 1994) majoring in chemical engineering in July 1974. Mr. Wang has more than 30 years of experience in investment, government affairs and business operation and management. He worked in New Era New Materials Development Company of China New Era Group Corporation as general manager from January 2006 to February 2012. He served as partner of Elevation China Capital from March 2012 to August 2014 and served as chairman of Ningxia Jiecheng Investment and Management Company Limited and executive partner of Ningxia Jiecheng Venture Capital Fund, which was approved to establish and funded by National Development and Reform Commission and Ministry of Finance from March 2014 to November 2015. He has been serving as chairman of Nanjing Jingtaiheng Investment Company Limited since July 2015 and in charge of Nanjing Jingyong Healthcare Venture Capital Fund, which was funded by Zijin Group, a financial platform of Nanjing Municipal People's Government. Mr. Wang has more than 30 years of working experience in investment, government affairs and business operation and management. Mr. Wang was appointed as an independent non-executive Director in March 2016.

# SUPERVISORY COMMITTEE AND SUPERVISORS

**Mr Wang Guodong (王國棟先生)**, aged 46, holds a diploma, is a senior production and operation division manager and a mine engineer. He has been serving as the chairman of Lingbao Wason Copper-Foil Company Limited since December 2013. Mr. Wang was appointed as a supervisor of the Company in April 2014 and the Chairman of the supervisory committee in June 2014.

**Mr. Yao shun (**姚舜先生), aged 44, is a bachelor degree holder. He has been serving as the Office Director of Lingbao City State-owned Assets Management Co, Ltd. since August 2007. Mr. Yao was appointed as an supervisor of the Company in March 2012.

**Mr. Guo Xurang (郭許讓先生)**, aged 45, obtained a master's degree in business administration from Hangzhou Dianzi University, Zhejiang Province, in July 2003. Since April 2007 Mr. Guo Xurang has been the chairman of Shannan Wanlaixin Investment Company Limited, which was named Beijing Wanlaixin Investment Company Limited from April 2007 to July 2013. Mr. Guo Xurang was a supervisor of the Company during the period from July 2010 to March 2012. Mr. Guo was appointed as a supervisor of the Company in June 2014.

**Mr. Meng shouji** (孟首吉先生), aged 29, obtained a bachelor's degree in economics and statistics from the University of London, England, in August 2010, and obtained a master's degree in business administration from Imperial College Business School, England, in August 2011. Mr. Meng Shouji has been the general manager of Henan Xuanrui Assets Company Limited and the chairman of Henan Mengcheng Bio-Pharmaceutical Company Limited since September 2011. Mr. Meng is also a member of Sanmenxia Municipal Committee since January 2013. Mr. Meng was appointed as a supervisor of the Company in June 2014.

**Mr. Jiao Xiaoxiao (**焦瀟雪先生), aged 34, is currently the deputy officer of integrated office of the Company. Mr. Jiao graduated with a degree in Chinese language from Henan University. Mr. Jiao was appointed as a supervisor of the Company in January 2009.

# SENIOR MANAGEMENT

**Mr. Wang Junqiang (王軍強先生)**, aged 44, graduated from China University of Mining and Technology. He also obtained master of engineering, professor of senior engineer and registered consulting engineer. Mr. Wang served as chief of mining and technology department in Qiangma gold mine of Lingbao city from September 1994 to July 2002. From July 2002 to March 2011, he worked in the Lingbao Gold Company Ltd. as the technical development manager, chief operating officer and assistant to general manager. From March 2011 to March 2013, he served as deputy general manager of the Lingbao Gold Company Ltd.. From July 2013 to July 2014, Mr. Wang served as an independent non executive director of Newtree Group Holdings Limited, a company listed in Hong Kong. From March 2013 to January 2017, he served as deputy general manager and chief engineer of the Company. Mr. Wang was appointed as the chief executive officer of the Company on 23 January 2017.

**Mr. He Haifang (**賀海防先生), aged 40, holds a diploma and is a senior accountant. He studied in Zhengzhou College of Animal Husbandry Engineering and obtained a diploma in computerized accounting in July 2008. Mr. He had worked in Qiangma Gold Mine of Lingbao City from October 1995 to September 2002. Mr. He held the posts of chief accountant, budget section chief, deputy manager and manager of the finance department of the Lingbao Gold Company Ltd. from September 2002 to August 2013. Mr. He has served as financial controller of the Lingbao Gold Company Ltd. since August 2013.

**Mr. Poon, Lawrence Chi Leung (潘之亮先生)**, aged 42, is the company secretary and chief financial officer of the Company and is responsible for company secretarial, financial and accounting management, and investor relations affairs of the Company. Mr. Poon graduated from Monash University, Australia, with a bachelor degree of Commerce. He is a certified practising accountant of CPA Australia and a member of the Hong Kong Institute of Certified Public Accountants. Mr. Poon has approximately 17 years of experience in auditing, accounting and finance. Mr. Poon was appointed as the company secretary of the Company in March 2007.

# **CORPORATE GOVERNANCE REPORT**

Being one of the integrated gold mining companies based in PRC, the Company is committed to continually achieving high standards of corporate governance practices and has put in place a set of well-defined corporate governance procedures to ensure the transparency of the Company and protect the overall interest and rights of shareholders as well as employees.

After our listing of H Shares on the Stock Exchange on 12 January 2006, the Company has complied with all Code Provisions under the Code on Corporate Governance Practices set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Listing Rules") save for the deviation from Code Provision A.2.7 (The chairman should at least annually hold one meeting with the non-executive directors (including independent non-executive director) without the executive director present).

### **THE BOARD**

The Board is the executive organization of the Company and shall be responsible for formulating and executing the operation plans and management decisions of the Company as well as establishing the overall strategic direction. Its duties include evaluating the performance of senior management and supervising the system of the Company. The Board has to act in the best interest of the Company and its shareholders.

The composition of the Board are set out in the following table:

Director	Position
Mr. Chen Jianzheng (appointed on 23 January 2017)	Executive Director and Chairman
Mr. Jin Guangcai (resigned on 23 January 2017)	Executive Director and Chairman
Mr. Wang Leo (appointed on 23 December 2016)	Executive Director
Ms. Zhou Xing (appointed on 23 December 2016)	Executive Director
Mr. Zhao Kun (appointed on 23 January 2017)	Executive Director
Mr. Xing Jiangze	Executive Director
Mr. Qiang Shanfeng (resigned on 23 January 2017)	Executive Director
Mr. Ji Wanxin (resigned on 23 January 2017)	Executive Director
Mr. Zhang Guo (resigned on 23 December 2016)	Executive Director
Mr. Zhou Yudao (resigned on 23 December 2016)	Executive Director
Mr. Shi Yuchen	Non-executive Director
Mr. Yang Dongsheng	Independent Non-executive Director
Mr. Han Qinchun	Independent Non-executive Director
Mr. Wang Jiheng	Independent Non-executive Director
Mr. Wang Guanghua (appointed on 30 March 2016)	Independent Non-executive Director
Mr. Xu Qiangsheng (resigned on 7 January 2016)	Independent Non-executive Director

Pursuant to the articles of association of the Company, the term of appointment of the Directors (including the nonexecutive Directors and independent non-executive Directors) shall be three years and the Directors are eligible for reelection. The chairman of the Company, Mr. Chen Jianzheng, and the other four executive Directors are responsible for the business management of the Company, formulation and implementation of important strategies, making daily business decision, and coordination of overall business operation. All of the Directors can give sufficient time and attention to the Company's affairs.

Non-executive Directors and independent non-executive Directors possess wide expertise and experience and are able to give professional advice in various aspects such as law, accounting, finance, tax, equity capital and industrial and commercial industries. The non-executive Directors would participate in Board meetings of the Company to bring an independent judgment to bear on issues of strategy, policy, performance, accountability, resources, key appointments and standards of conduct. In addition, they would take the lead in Board meetings where potential conflicts of interests arise. They also have to scrutinise the Company's performance in achieving agreed corporate goals and objectives.

Independent non-executive Directors are expressly identified in the corporate communications that disclose the names of the Directors by the Company.

The Company has received annual written confirmation from each of the independent non-executive Directors to ensure they are in compliance with Rule 3.13 of the Listing Rules in respect of their independence. Apart from employment relationships with the Company, there is no any financial, business, family or other material relationships amongst members of the Board. The Company considers that they are independent.

The Company has established various internal control systems which allow the Board to maintain high standard of corporate governance in the management of the Company. To ensure that the Board performs its duties effectively, the management is required to submit business and financial reports of the Company to the Board regularly. The Board is responsible for performing the corporate governance duties according to the code provision D.3.1 set out on the CG Code, which includes: (1) developing and reviewing the policies and practices on corporate governance of the Group; (2) reviewing and monitoring the training and continuous professional development of Directors and senior management; (3) reviewing and monitoring the Group's policies and practices on compliance with legal and regulatory requirements; (4) developing, reviewing and monitoring the code of conduct applicable to Directors and employees; and (5) reviewing the Company's compliance with the CG Code and disclosure in the corporate governance report of the Company.

Directors would make further enquiries if they require further enquiries than is information volunteered by management. The Board has separate and independent access to the company secretary and other senior management at all times to conduct informal discussions. It is at the Company's expense for the Board to contact the auditors, lawyers or other professionals to obtain independent professional opinions when appropriate. Management are regularly reminded by the company secretary that they have an obligation to provide the Board and its committees with adequate, complete and reliable information in a timely manner. All Directors have access to Board papers and related materials which will enable the Board to make an informed decision on matters placed before it. Steps are taken to respond to enquiries raised by Directors as fully as possible.

For the year ended 31 December 2016, the Board of the Company held eleven meetings to discuss and approve various important matters. All such meetings were convened in accordance with the Articles of Association. The table below lists out the attendance of each Director at the Board meetings held during the year up to the date of the report. The attendance illustrates the attention of the Board to the management of the Company's affairs. The matters processed by the Board in the meetings are all recorded, and the relevant records are kept pursuant to relevant laws and regulations.

	Number of			Number of general
	Board meetings that the Director was entitled to	Number of Board meetings that the Director	Attendance	meetings and class general meeting attended/
Director	attend	attended	(%)	held
Mr. Jin Guangcai	11	10	90.9	1/2
Mr. Wang Leo	0	0	0	0
Ms. Zhou Xing	0	0	0	0
Mr. Qiang Shanfeng	11	11	100	2/2
Mr. Ji Wanxin	11	11	100	1/2
Mr. Xing Jiangze	11	11	100	2/2
Mr. Zhang Guo	10	10	100	2/2
Mr. Zhou Yudao	10	10	100	2/2
Mr. Shi Yuchen	11	11	100	2/2
Mr. Yang Dongsheng	11	11	100	2/2
Mr. Xu Qiangsheng	0	0	0	0
Mr. Han Qinchun	11	11	100	2/2
Mr. Wang Jiheng	11	11	100	1/2
Mr. Wang Guanghua	5	5	100	1/1

Prior to each regular Board meeting, the management of the Company shall submit materials relevant to the affairs to be discussed in the meeting to the Board. Notice convening the regular Board meeting shall be sent to all Directors at least ten days before the meeting so that arrangements can be made to attend the meeting. Documents required for the Board meeting shall be sent to the Directors at least three days before the meeting, to ensure that enough time is given to the Directors to review the documents and get prepared for the meeting.

The Board meeting is chaired by the chairman to ensure that sufficient time is allocated to the consideration and discussion of each matter in the agenda and each Director is given an equal opportunity to speak. In addition, the Board are given an opportunity to include matters in the agenda. Minutes of Board meetings and meetings of Board committees record detailed concerns raised by Directors and dissenting views expressed. Minutes of Board meetings and meetings and meetings and meetings of Board committees would be kept by secretary and such minutes are opened for inspection at any reasonable time on reasonable notice by any Director.

If a substantial shareholder or a Director has a conflict of interest in a matter to be considered by the Board which the Board has determined to be material, the matter would not be dealt with by way of circulation or by a committee but a Board meeting would be held. Independent non-executive Directors have no material interest in the transaction would be present at such Board meeting.

Code Provision A.2.7 provides that the chairman should at least annually hold one meeting with the non-executive directors (including independent non-executive directors) without the executive directors present. During the year 2016, all meetings were held with the executive Directors' presence. However, the chairman has delegated the secretary to the Board to gather any concerns and/or questions that the non-executive Directors and the independent non-executive Directors might have and report to him and arrange a meeting with them.

Every newly-appointed Director would receive a comprehensive, formal and tailored induction on the first occasion of his appointment, and subsequently continuous briefing and professional development would be arranged to ensure that he/she has a proper understanding of the operations and business of the Company and that he/she is fully aware of his/ her responsibilities under statute and common law, the Listing Rules, applicable legal requirements and other regulatory requirements and the business and governance policies of the Company. All Directors are encouraged by the Group to participate in continuous professional development to develop and refresh their knowledge and skills. During the year, all Directors attended training sessions and updates relating to the Company's business or directors' duties and responsibilities, the latest development of the Listing Rules and other applicable regulatory requirements etc. by reading.

### **BOARD COMMITTEE**

The Board has established four committees. Each committee has its terms of reference, including the review of matters of extraordinary nature, giving suggestions to the Board and making decisions on behalf of the Board relating to such matters when appropriate.

#### (1) Audit Committee

The audit committee of the Board is a body specifically set up by the Board according to the resolutions of general meetings and shall mainly be responsible for the communication, supervision and inspection of internal and external audit.

After our listing, the Company has been in full compliance with the requirements of Rule 3.21 of the Listing Rules.

In 2016, the audit committee comprises of five members, all of which are either non-executive Director or independent non-executive Director. Any former partner of KPMG should be prohibited from acting as a member of the audit committee. Pursuant to the Listing Rules, a member of independent director specializing in accounting will be the chairman of the audit committee who will be in charge of the work of the committee. The committee now comprises of the following members:

- Mr. Yang Dongsheng (Chairman)
- Mr. Shi Yuchen
- Mr. Han Qinchun
- Mr. Wana Jihena
- Mr. Wang Guanghua (appointed on 30 March 2016)
- Mr. Xu Qiangsheng (resigned on 7 January 2016)

The principal duties of the audit committee are: (a) to suggest recruiting or changing external audit organization; (b) to supervise the internal audit system of the Company and its implementation; (c) to facilitate the communication between internal audit and external audit; (d) to review the financial information of the Company and its disclosure; (e) to inspect the internal control system of the Company and to audit major connected transactions; (f) to develop and implement policy on the engagement of an external auditor to supply non-audit service; (g) to review and monitor the external auditor's independence and objectivity and the effectiveness of the audit process in accordance with applicable standard. The audit committee would discuss with the auditor the nature and scope of the audit and reporting obligations before the audit commences; (h) to monitor integrity of financial statements and the annual reports of the Company and accounts, half-year reports and to review significant financial reporting judgments contained in them. In this regard, in reviewing the relevant statements and reports before the submission of the Company's annual reports and accounts, half-year reports to the Board, the committee would focus particularly on: (i) any changes in accounting policies and practices; (ii) major judgmental areas; (iii) significant adjustments resulting from audit; (iv) the going concern assumptions and any gualifications; (v) compliance with accounting standards; (vi) compliance with the Listing Rules and other legal requirements in relation to financial reporting; (vii) members of the committee would liaise with the Board, senior management of the Company and the gualified accountant and the committee must meet, at least once a year, with the Company's auditors; and (viii) the committee would consider any significant or unusual items that are, or may need to be, reflected in such reports and accounts and must give due consideration to any matters that have been raised by the gualified accountant, compliance adviser and auditors; (i) to discuss with the management the system of internal control and ensure that management has discharged its duty to have an effective internal control system; (j) to consider any findings of major investigations of internal control matters as delegated by the Board or on its own initiative and management's response; (k) to ensure co-ordination between the internal and external auditors, and to ensure that the internal audit function is adequately resourced and has appropriate standing within the Company, and to review and monitor the effectiveness of the internal audit function; (I) to review the external auditor's management letter, any material queries raised by the auditor to management in respect of the accounting records, financial accounts or systems of control and management's response; (m) to report to the Board on the matters set out in Code Provision C.3.3; and (n) to be responsible for other matters as authorized by the Board of the Company.

The terms of reference of audit committee are kept at the registered office of the Company and have been published on the Company's website for reference.

The audit committee has been provided with sufficient resources to discharge its duty.

Details of audit committee meetings held during the year are as follows:

Director	Number of audit committee meetings in 2016	Number of meetings that Director attended	Attendance (%)
Mr. Yang Dongsheng	2	2	100
Mr. Shi Yuchen	2	2	100
Mr. Han Qinchun	2	2	100
Mr. Wang Jiheng	2	2	100
Mr. Wang Guanghua	1	1	100
Mr. Xu Qiangsheng	0	0	0

In 2016, two meetings of the audit committee were held. On 30 March 2016, the audit committee met with the international auditors to discuss the general scope of their audit work. On 26 August 2016, the audit committee reviewed the Company's interim report for the year 2016. In addition, the audit committee had reviewed the financial statements for the year ended 31 December 2016 before the announcement of the Company's annual results. During the discussion, the audit committee had reviewed key areas in which management's judgment applied for adequate provision and disclosure, and internal control policies.

# (2) Strategic Committee

The strategic committee of the Board is a body specifically set up by the Board according to the resolution of the general meeting and shall mainly be responsible for conducting research and giving advice regarding the long-term development strategies and material investment decisions of the Company.

In 2016, the strategic committee comprises of six members, with at least one independent Director pursuant to the implementation measure. The committee now comprises of the following members:

Mr. Chen Jianzheng (Chairman) (appointed on 23 January 2017)

Mr. Jin Guangcai (Chairman) (resigned on 23 January 2017)

- Mr. Wang Leo (appointed on 23 December 2016)
- Ms. Zhou Xing (appointed on 23 December 2016)
- Mr. Zhao Kun (appointed on 23 January 2017)
- Mr. Qiang Shanfeng (resigned on 23 January 2017)
- Mr. Zhang Guo (resigned on 23 December 2016)
- Mr. Zhou Yudao (resigned on 23 December 2016)
- Mr. Yang Dongsheng
- Mr. Han Qinchun

The principal duties of the strategic committee are: (a) to conduct research and make suggestions concerning the long-term development strategic plans of the Company; (b) to conduct research and make suggestions concerning the material investment and financial proposals which are subject to the approvals of the Board and the general meeting pursuant to the Articles of Association; (c) to conduct research and make suggestions concerning the material capital management and assets management projects which are subject to the approvals of the Board and the Board and the general meeting pursuant to the Articles of Association; (d) to conduct research and make suggestions concerning other significant events that influence the development of the Company; (e) to carry out inspection concerning the implementation of the above matters; and (f) to be responsible for other matters as delegated by the Board.

No strategic committee meeting was held in 2016.

#### (3) Nomination Committee

The nomination committee of the Board is a body specifically set up by the Board according to the resolutions of general meetings and shall mainly be responsible for making suggestions regarding the selection of the Directors and managers of the Company, choosing and making suggestions relating to the selection standards and procedures.

The nomination committee comprises of the following members, a majority of which are independent nonexecutive Directors:

- Mr. Wang Guanghua (Chairman) (appointed on 30 March 2016)
- Mr. Xu Qiangsheng (Chairman) (resigned on 7 January 2016)
- Mr. Yang Dongsheng
- Mr. Han Qinchun
- Mr. Wang Jiheng

The main duties of the nomination committee include: (a) making recommendations to the Board on the Board's scale and composition in accordance with the operating activities, scale of assets and shareholding structure of the Company; (b) studying the criteria and procedures for the election of Directors and management personnel and making recommendations to the Board thereon; (c) seeking for the right candidates for the position of Directors and management personnel and making recommendations thereon; (e) reviewing other senior management proposed to be appointed by the Board and making recommendations thereon; and (f) undertaking other tasks as delegated by the Board.

The terms of reference of nomination committee have been published on the Company's website.

The nomination committee would hold a meeting to discuss the appropriateness of the candidates and consult the chairman about their proposals relating to the nomination of other executive Directors and have access to professional advice if considered necessary. The criteria for selection include professional qualification, industrial experience and academic background.

Written notice of the intention to nominate a candidate together with the respective resume would be delivered to the Board for its consideration and approval.

In 2016, two meetings of the nomination committee was held. Attendance of individual members of nomination committee to the committee meeting in 2016 are as follows:

Director	Number of Nomination committee meetings in 2016	Number of meetings that member of committee held	Attendance (%)
Mr. Wang Guanghua	1	1	100
Mr. Xu Qiangsheng	0	0	0
Mr. Yang Dongsheng	2	2	100
Mr. Han Qinchun	2	2	100
Mr. Wang Jiheng	2	2	100

The first meeting was held on 29 March 2016, the detail of the meeting was the proposal of Mr. Wang Guanghua as the Company's independent non-executive Director. The second meeting was held on 23 December 2016, the detail of the meeting was the proposal of Mr. Wang Leo and Ms. Zhou Xing as the Company's executive Director.

#### (4) Remuneration and Review Committee

The remuneration and review committee is a body specifically set up by the Board according to the resolutions of general meetings and shall mainly be responsible for formulating the review criteria of and conducting review for the Directors and senior management of the Company, as well as formulating and reviewing their remuneration packages and proposals. It is accountable to the Board. The committee would be provided with sufficient resources to discharge its duty.

In 2016, the remuneration and review committee comprises of five members, the majority of whom are independent Directors. The members of the committee are as follows:

Mr. Wang Jiheng *(Chairman)* Mr. Yang Dongsheng Mr. Han Qinchun Mr. Wang Guanghua (appointed on 30 March 2016) Mr. Ji Wanxin (resigned on 23 January 2017) Mr. Xu Qiangsheng (resigned on 7 January 2016)

The main duties of the remuneration and review committee include: (a) formulating and making recommendation to the Board on policy and structure for remuneration packages or proposals according to the major areas, duties and importance of the management position of Directors and senior management and the remuneration for relevant positions of other relevant enterprises; (b) establishing criteria, procedures and major assessment system for performance assessment and major proposals and systems for awards and punishments; (c) reviewing the performance of duties and conducting annual performance assessment of the Company's Directors and senior management; (d) monitoring the implementation of the Company's remuneration system; and (e) undertaking other tasks as delegated by the Board.

Moreover, the remuneration and review committee has to review and approve the compensation payable to executive Directors and senior management in connection with any loss or termination of their office or appointment to ensure that such compensation is determined in accordance with relevant contractual terms and that such compensation is otherwise fair and not excessive for the Company.

Besides, the remuneration committee would review and approve compensation arrangements relating to dismissal or removal of Directors for misconduct to ensure that such arrangements are determined in accordance with relevant contractual terms and that any compensation payment is otherwise reasonable and appropriate.

The remuneration and review committee will also ensure that none of the Directors or any of their associates is involved in deciding his own remuneration.

The remuneration committee makes available its terms of reference, explaining its role and the authority delegated to the Company by the Board, and copies of its terms of reference are kept at the registered office and has been published on the Company's website.

In 2016, one meeting of the remuneration and review committee was held. Attendance of individual members of remuneration and review committee to the committee meeting in 2016 are as follows:

Director	Number of Remuneration and review committee meetings in 2016	Number of meetings that member of committee held	Attendance (%)
Mr. Wang Jiheng	1	1	100
Mr. Ji Wanxin	1	1	100
Mr. Yang Dongsheng	1	1	100
Mr. Wang Guanghua	0	0	0
Mr. Xu Qiangsheng	0	0	0
Mr. Han Qinchun	1	1	100

The remuneration and review committee had considered the annual salary review as well as bonus plan of Directors and senior management for 2016.

Breakdown of the Directors' and the supervisors' remuneration for the year ended 31 December 2016 is set out in note 9 to the financial statements.

# SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Companies as set out in Appendix 10 to the Listing Rules as the code of conduct for securities transactions by Directors. The Company has made specific enquiry to all Directors and supervisors, who have confirmed that they have complied with the Model Code in 2016.

The Board has established written guidelines for employees who are likely to possess unpublished inside information in respect of their dealings in the securities of the Company.

# **CHAIRMAN AND CHIEF EXECUTIVE OFFICER**

Under the code provision A.2.1 of the Corporate Governance Code, the roles of chairman and chief executive officer should be separate and should not be performed by the same individual.

The Chairman of the Board and the chief executive officer of the Company (the "Chief Executive Officer") are currently two separate positions held by Mr. Chen Jianzheng and Mr. Wang Junqiang, respectively, with clear distinction in responsibilities. The Chairman of the Board is responsible for providing strategic advice and guidance on the business development of the Group, while the Chief Executive Officer is responsible for the day-to-day operations of the Group.

# **MANAGEMENT FUNCTIONS**

The Board is responsible for formulating and executing the operation plans and management decisions of the Company as well as establishing the overall strategic direction. When the Board delegates its management functions to the management, clear directions will be given and management will report to the Board on regularly basis. The Board reserves most of the powers and delegates routine duties to management including bank loan arrangement. There would be a periodic review of the arrangement. Management must obtain prior approval from the Board before making decisions or entering into any commitments on behalf of the Group.

# **CHIEF FINANCIAL OFFICER**

Chief financial officer is responsible for the preparation of the interim and annual financial statements in accordance with the Hong Kong Accounting Standards and to make sure that the results and financial position of the Company are disclosed in an accurate and fair manner. Chief financial officer shall also be responsible for contacting the auditors regularly. The duties of the chief financial officer also include reviewing the financial risk management of the Company and making suggestions to the Board. Moreover, chief financial officer shall be responsible for giving advice to the Board regarding the disclosure of notifiable transactions, connected transactions and inside information.

### **COMPANY SECRETARY**

Mr. Poon, Lawrence Chi Leung who is the company secretary of the Company reports directly to the Board. The company secretary is responsible for ensuring that the proceedings of the Board are complied with, making appropriate disclosures regarding the interests of securities of the Directors and giving advice to the Board regarding the disclosure of notifiable transactions, connected transactions and inside information. The company secretary acts as the principal channel of communication between the Company and the Stock Exchange. The company secretary also assists the Board in realizing and strengthening corporate governance practices in order to enhance the best interest of the Company and the shareholders.

During the year under review, the company secretary has taken not less than 15 hours of relevant professional training.

# **FINANCIAL REPORTING**

Management provides financial information with explanation to the Board to assist the Board in assessing the financial position of the Company. Financial statements are the responsibilities of Directors. The Board has to present a balanced, clear and understandable assessment which extends to annual and interim reports, other price-sensitive announcements and other financial disclosures required under the Listing Rules, and reports to regulators as well as to information required to be disclosed pursuant to statutory requirements.

The reporting responsibilities of KPMG, the international auditors, are stated in the Auditor's Report on pages 54 to 62 of the Annual Report.

There was no material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. The Board has taken the same view as that of the audit committee in relation to the appointment of KPMG as international auditors of the Company.

#### **AUDITORS' REMUNERATION**

During the year, the fees charged for all audit services including review of interim financial statements amounted to approximately RMB5,036,000.

#### **INTERNAL AUDIT**

The Company has an internal audit function. The task of internal audit of the Company during the Year has been performed by the Internal auditor. The Internal auditor is neither affiliated with the employees nor external auditor of the Company in order to enhance objectivity, creditability and independence and it reports to the Audit Committee directly.

The Internal Auditor submitted an assessment report to the Audit Committee and the Board. During the year ended 31 December 2016, the Board was of the view that the key areas of the Company's internal control and risk management systems had been reasonably implemented and considered sound and effective.

### **RISK MANAGEMENT AND INTERNAL CONTROL**

The Board acknowledges its overall responsibility for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Group's strategic objectives, and ensuring the risk management and internal control systems of the Group remain sound and effective. The Audit Committee assisted the Board in fulfilling its responsibility. The tasks of risk management and internal control of the Company during the Year has been performed by the internal auditor of the Company. The internal auditor is neither affiliated with the employees nor our external auditor of the Company in order to enhance objectivity, creditability and independence. The internal auditor provided a review report to the Board that the risk management and internal control systems of the Company remains sound and effective throughout the Year.

During the year, the Board conducted a review of the adequacy and effectiveness of the risk management and internal control systems of the Group by reviewing the work of the internal audit department, the Group's external auditors, and regular reports from management. Such review covers all material controls, including financial, operational and compliance controls and risk management functions. During the year ended 31 December 2016, the Board considered the risk management and internal control systems of the Group effective and adequate and complied with the code provisions of the Corporate Governance Code.

# HANDLING AND DISSEMINATION OF INSIDE INFORMATION

The Board has already established a policy on the procedures and internal controls for the handling and dissemination of inside information. The policy stipulated the duty and responsibility of inside information announcement, restriction on sharing non-public information, handling of rumours, unintentional selective disclosure, exemption and wavier to the disclosure of inside information, and also compliance and reporting procedures. Every senior management of the Company must take all reasonable measures to ensure that proper safeguards exist to prevent a breach of a disclosure requirement in relation to the Company from time to time. They must promptly bring any possible leakage or divulgence of inside information to the attention of the Chief Financial Officer, who will notify the Board accordingly for taking the appropriate action promptly. For any material violation of this policy, the Board will decide, or designate appropriate persons to decide the course of actions for rectifying the problem and avoiding recurrence.

# INVESTOR RELATIONS AND COMMUNICATIONS WITH SHAREHOLDERS

The Company highly values its relationship with its investors and shareholders. It maintains amicable relationship with investors, fund managers and shareholders through one-on-one meetings, road shows, seminars and on-site inspection by investors, thereby allowing investors to have a better understanding of the Company's financial position, production operations, management decisions, overall strategic directions and latest development.
#### **CHANGE IN CONSTITUTIONAL DOCUMENTS**

There was no change in the Articles of Association of the Company for the year ended 31 December 2016.

#### SHAREHOLDERS' RIGHTS

As one of the measures to safeguard the shareholders' interests and rights, separate resolutions are proposed at shareholders' meetings on every substantial matters, including the election of individual directors, for shareholders' consideration and voting. Furthermore, the Company regards the annual general meeting as an important event and Directors, chairman of each board committee, senior management and external auditors make an effort to attend the annual general meetings of the Company to address the shareholders' queries. All resolutions proposed at shareholders' meetings will be voted by poll. The poll voting results will be posted on the websites of the Stock Exchange (www.hkexnews.hk) and the Company (www.irasia.com/listco/hk/lingbao) on the same day of the relevant general meetings.

#### Procedures for shareholders to propose a general meeting

- 1. Two or more shareholders holding a total of ten percent (inclusive) or more of the shares carrying the right to vote at the meeting sought to be held may sign one or more written requests of identical form and substance requesting the Board to convene an extraordinary shareholder's general meeting or a meeting of shareholders of different series and stating the subject of the meeting. The Board shall convene the shareholder's general meeting or the meeting of shareholders of different series as soon as possible after having received the above-mentioned written request. The shareholding referred to above shall be calculated as of the day on which the written request is made; and
- 2. If the Board fails to issue a notice of such a meeting within 30 days after receipt of the written notice aforesaid, then the shareholders who made such request may themselves convene such meeting 4 months since after the Board's receipt of the request. The procedures to convene shall, to the extent possible, be identical to the procedures the Board convenes the general meetings.

When shareholders convene and hold a meeting because the Board failed to hold such meeting pursuant to a request as mentioned above, the reasonable expenses incurred by such shareholders shall be borne by the Company and shall be deducted from the sums owed by the Company to the negligent Directors.

#### Procedures for Shareholders to make Proposals at the General Meeting

When the Company is to hold an annual general meeting, shareholders who individually or jointly hold five percent (inclusive) and more of the total number of the Company's voting shares shall be entitled to propose motions in writing to the Company. The Company shall include in such meeting's agenda the matters which fall within the functions and powers of general meetings.

#### **Procedures and Contact Details for Making Enquiries**

- 1. Deliver their verbal enquiries to the Board members, chairman of Board committees or their delegates, appropriate management executives or auditors who attend the Company's annual general meeting; or
- 2. Make enquiries to the Company through the following means:
  - By post: The secretary office of the Board, Hangu Road and Jingshan Road intersection, Lingbao, Henan Province, the PRC.
  - By tel: +86 398 8862218
  - By fax: +86 398 8860166

# **ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT**

This report is prepared in accordance with the Environmental, Social and Governance Reporting Guide in Appendix 27 to the Listing Rules, which is the first environmental, social and governance report compiled by the Company following such guide, and makes general disclosures based on the requirement of "comply or explain" in such guide. The Environmental, social and governance report.

This report, related to the Group's annual report, is available on the websites of the Company at <u>www.irasia.com/listco/hk/lingbao</u> and the Hong Kong Exchanges and Clearing Limited at <u>www.hkexnews.hk</u>, respectively.

The Group ensures that the content of this report does not have any false information or misleading statement. If you have any advice or recommendation on this report, please email to <u>lingbaogold@vip.sina.com</u> for our continuous improvement.

The Group is an integrated gold mining enterprise in the People's Republic of China, and is mainly engaged in gold mining, smelting, refining and copper processing. The products of the Group are gold, silver, copper products, copper foils and sulphuric acid. The Group's mines are scattered in the PRC regions of Henan, Xinjiang, Jiangxi, Inner Mongolia, Gansu and KR. The Group aims to provide high-quality products to our customers and to manage the impact of our operations on the environment in a responsible manner. The Group also safeguards the safety and health of our employees and serves our surrounding communities, making contribution to the society surrounding our business. The report includes data and information of the Group's operating mines (excluding KR), smelting plants and copper foil plants, covering the financial year of the Company for the period from 1 January 2016 to 31 December 2016.

# **ENVIRONMENT PROTECTION**

The Group strictly complies with environmental regulations, prevents environmental pollution, promotes energy conservation and waste reduction, utilizes resources reasonably, emphasizes on continuous improvement and develops green mines. The Group insists on complying with the law to manage enterprise, preventing and controlling pollution, leveraging technology to save energy and reduce waste, and maintaining stable development. The Group takes quality, environment and professional health management as the core, and energy saving and emission reduction as the main line, actively implements clean production, energy saving and emission reduction, and comprehensive utilization of resources. The Group also promotes the application of new technologies and new products in energy-saving to reduce energy consumption, recycle and reuse waste water, so that the sewage can be fully utilized, with less resource consumption and environmental impact to achieve greater economic benefits.

The main objectives for the Group to carry out environment operations are to strictly control the total amount of exhausting pollutants, such as waste water, waste residue and waste gas within target; implementing energy saving and consumption reduction, target the main product material and energy consumption at leading industry level; launching comprehensive utilization of resources and developing circular economy; putting an end to major pollution accidents and major environmental complaints. The Group is committed to resolutely complete the restrictive indicators of energy saving and emission reduction, strictly abiding by environmental laws and regulations, practically strengthening pollution prevention and control; strengthening the commitment of energy saving and consumption reduction and the level of technology transformation, ensuring the full realization to the goals of energy saving and consumption reduction; enhancing the operation management towards pollution management facilities, ensuring the exhaustion achieving the goal; eliminating the obselete production equipment and skills, actively implementing the clean production in each step. such as procurement, production, transportation and sales, developing circular economy, raising the comprehensive utilization rate of resources, reducing the emission of pollutants, and ensuring zero existence of environment pollution incidents; firmly instilling the awareness of environment, resolutely realizing the indicators of environment protection, and accepting the supervision from the society. With the improvement of the industry standards, we promise further reducing the exhaustion of pollutants, increasing the investment in environmental protection, so that the enterprise environment protection level can keep up with the trend, and letting each pollutant exhausting indicators stay in the leading role in the industry, trying our best to formulate "resource-saving and environment-friendly "enterprise.

# **EMISSIONS**

The Group strictly abides by the relevant pollutant discharge standards such as the "Integrated Wastewater Discharge Standard", the "Emission Standard of Pollutants into the Atmosphere" and the PRC laws and regulations, such as the "Environmental Protection Law", the "Atmospheric Pollution Prevention and Control Law" and the "Water Pollution Prevention and Control Law". We will never sacrifice our environment to exchange for the growth of our economic benefits, but insisting on the path of sustainable development, maintain the balance between production and operation and environment protection. The discharge of waste water and waste gas of the Group in 2016 is as follows:

			2016
Smelting plants	waste water (ton)	COD	27.7
		NH <sub>3</sub> -N	4.7
	waste gas (ton)	SO <sub>2</sub>	125.4
		NOx	105.6
Copper foil plants	waste water (ton)	COD	6.1
		NH <sub>3</sub> -N	0.5
	waste gas (ton)	SO <sub>2</sub>	33.9
		NOx	8.7
Operating mines	waste water (ton)	COD	13.8
		NH <sub>3</sub> -N	0.7
	waste gas (ton)	SO <sub>2</sub>	36.3
		NO <sub>x</sub>	0

# **UTILIZATION OF RESOURCES**

The Group's energy saving and emission reduction measures: the implementation of clean production; recycling waste products and reusing packing and container products; strengthening maintenance and management of the atmospheric treatment equipment to achieve the emission reduction of pollutants, such as sulfur dioxide, nitrogen oxides, and dusts; implementing systematic water-replenishing technology, reusing the waste water after in-depth treatment, and increasing the recycling rate of water resource; improving the output rate of resources; establishing sound and modern enterprise environmental protection management system, and clearly requires the responsibilities of environmental protection at all levels, making each kind of work further standardized and institutionalized, promoting clean production and raising the enterprise economic benefits and social benefits.

The Group's energy saving and emission reduction: since 2006, we have carried out clean production audit work, the Group now saves more than 3 million kwh electricity, more than 2 million cubic meters water, and approximate 2,000 tons of coal per year. In 2016, the Group's emission reduction of COD reaches 49.007 tons,  $NH_3$ -N reaching 9.0507 tons,  $SO_2$  reaching 175.234 tons and  $NO_2$  reaching 154.753 tons.

# **ENVIRONMENT AND NATURAL RESOURCES**

The Group is a mining, smelting and processing enterprise. The wastes generated during the production process have a certain impact on the environment. The solid wastes generated from the mine are mainly waste rocks and tailings. By concentrating waste rocks from the mine in the dumping site, and covering those with the soil to plant trees and grass in a timely manner will help facilitate ecological restoration. Part of rock wastes are transported to the gravel plant for comprehensive utilization. The Group has continuously strengthened the discharge control of the waste during the production process, so as to minimize the waste discharge, and actively protect and beautify the environment.

# **EMPLOYMENT AND LABOUR PRACTICES**

The Group emphasizes on talents. The reason is that talents are the most valuable asset of the Group and the key to success and maintaining sustainable development. The Group commits to providing our employees with career development and a safe and appropriate platform for promotion. The Group strictly complies with the "Social Insurance Law of the People's Republic of China (《中華人民共和國社會保險法》)" combining with local government regulations where each branch and subsidiary locates, participates in pension insurance, unemployment insurance, medical insurance, major disease insurance, work-related injury insurance, maternity insurance, and housing fund for all employees, and make full payments on timely basis. We give away holiday consolation goods and funds during traditional holidays of China, goods and supplements that keep cool in summer and stay warm in winter, yearly health check for female employees, etc. Through these ways, we create a good working and living surroundings, raising up employees' belongings, safeguarding their interests and relieving them from future worries.

*Remuneration:* Every year, the Company makes an overall adjustment on the remuneration for all employees based on the effectiveness over completion of the previous year, combining macro factors such as China's labour safeguarding policy and CPI, and the industry and regional competition. The Group companies formulate the standard remuneration packages for the senior management, middle management, professional technicians and general staff annually, and has continuously increase the employees' remuneration standard for consecutive years. Each branch and subsidiary formulates the internal second level review mechanism according to the Company's remuneration managing approach, with the employees' actual salaries directly related to their capabilities, performances and the operating results of the enterprise for the period, stimulate their activeness at work.

*Recruitment:* We take into account of the actual needs and the vacancies at each unit of the Company to formulate the criteria for employment in terms of position, type of job, professional level, quantity, qualification, working period, and working experience for staff recruitment. The recruitment channels include: internal recruitment, social recruitment, current graduates, ex-military settlement and the recruitment through government poor aiding program.

*Promotion:* Recommendation, selection and mobilization based on the employees' and the cadre's working performance at the end of each year. The middle cadre of our branch and subsidiary is selected by competition, through speeches, working presentations, democratic voting. Outstanding management personnels are shortlisted to fill the positions suitable for one's capability and experiences, and provide them with a stage to shine, and refresh the Company's development and management.

Dismissal: The Group strictly in accordance with relevant requirements of the "Labour Law of the People's Republic of China (《中華人民共和國勞動法》)", the "Law of the People's Republic of China on Employment Contracts (《中華人民共和國勞動合同法》)". As for the situation of negotiable dismissal of labour relations between employees and the Company, the Company should report to the local social security situations for the record. We will handle unemployment procedures for those who are in line with relevant policies and guarantee unemployed staffs to receive unemployment benefits in a timely manner.

Working hours and holidays: We strictly complies with the "Labour Law of the People's Republic of China", the "Provisions of the State Council on Working Hours of Workers and Staff (《國務院關於職工工作時間的規定》)" and the "Notice of the Department of Human Resources and Social Security of Henan Province on Strengthening to Implement Flexible Working Hour System and the Approval and Administration Work of Comprehensive Calculation Working Time System by Employers (《河南省人力資源和社會保障廳關於進一步加強用人單位實行不定時工作制和綜合計算工時工作制審批 管理工作的通知》)" such relevant regulations, formulating systems in respect of annual leave, family visit leave, marriage leave and funeral leave. The Company carries out 8 working hours each day, 40 hours a week, and for voluntary ovetime work, corresponding overtime pay shall be given if no alternative leave could be arranged for compensation, and triple pay for overtime work on national legal holidays.

# **HEALTH AND SAFETY**

The Group strictly complies with the "Labour Law (《勞動法》)", the "Production Safety Law (《安全生產法》)", the "Mine Safety Law (《礦山安全法》)", the "Law on Prevention and Control of Occupational Disease (《職業病防治法》)" and other laws of the PRC and local policies and regulations, and dispatches down the "Occupational Disease Prevention Plan (《職業病防治實施方案》)", which includes mental instructions, basic principles, organization founding, work requirements, as well as the relevant files such as the occupational hazards informing system, occupational safety promotion education training system, occupational hazards protection facilities maintenance and inspection system, employee protective gear management system, daily surveillance on occupational hazards management system, occupational health files monitoring and management system, occupational health files management system, performance appraisal measures of management on occupational diseases protection, 19 regulatory models of occupational diseases health and other relevant documents.

Each branch and subsidiary carried out filing of occupational health in May 2016 and completed by December 2016.

At the smelting branch, there are 262 employees who are exposed to occupational hazards, 2 in respect of occupational hygienic management. At Lingbao Wason Copper Foil Company Limited, there are 6 employees who are exposed to occupational hazard, 2 in respect of occupational hygienic management; at Nanshan branch, there are 319 who are exposed to occupational hazards, 2 in respect of occupational hygienic management; at Hongxin, there are 97 employees who are exposed to occupational hazards, 2 in respect of occupational hygienic management; at Hongxin, there are 97 employees who are exposed to occupational hazards, 2 in respect of occupational hygienic management. All personnel exposed to occupational hazards had undergone proper trainings.

# **DEVELOPMENT AND TRAINING**

The Group provides training programmes such as safety knowledge and corporate culture to the new recruited employees, which allow them to understand the Company overview, rules and regulations, organization structure, and make them familiarize with job duties, work flow and job-related business knowledge, so that they can adapt to the environment more quickly. The training methods include off-work centralized training and post on-duty training. The off-work training adopted centralized lecturing; on-duty training adopted daily work guidance and one-to-one consulting. After passing the training, trainees are qualified to work.

The Company organizes relevant staff from corporate financial, production technology, securities law together to participate business training held by certain professional sociality training institute to improve professional staffs business skill.

Mining enterprisee organizes safety knowledge education training, safety emergency drills for production accidents and conducting safety environmental protection knowledge learning and examination for cadre to keep the awareness of safety education at a high level and to protect and secure workers lives and safety.

To improve overall quality of the Company's employees team and to seek qualified talent for the Company to develop more, the Company has distributed "the Guidance in relation to conduct mentoring instructor activities" to further accelerate the development of the Company's talents backup.

#### Labour Standard

The Groups strictly complies with relevant laws and regulations of the "Labour Law of the People's Republic of China", the "Law of the People's Republic of China on Employment Contracts" and the "Provisions on the Prohibition of Using Child Labour 《禁止使用童工規定》", and never engage with juveniles under 16 years-old. The Company has entered into Labor Contract with employees in timely manner and has entered Collective Contract (《集體合同》), and the "Collective Contract On the Protection Of Female Employees (《女職工權益保護專項集體合同》)" with the labor union to safeguard the labors rights, enhance the management of Labor and standardize the Labor behaviors.

# SUPPLY CHAIN MANAGEMENT

The Groups has established a comprehensive procurement system to manage and monitor the procedures of supply chain management of the Group to conduct consolidated and comprehensive assessing to supplier's quality, credit, supply capacity and every aspect. Under the same conditions, the Group will consider the reputation of suppliers in environmental management and social responsibility as the priority to ensure that the levels of employed suppliers have meeting the requirements of the Group.

For the procurement of raw materials, the smelting branch has formulated the "Procurement of Raw Materials Management System 《原料採購管理制度》", the "Gold Concentrates On-side Biding Management Regulations (《金精 礦現場競買管理辦法》)", the "Standards of Raw Materials Procurement Market Environment and Compliance Standards (《原料採購市場環境及達標標準》)", the "Regulations for Raw Materials Procurement Pricing (《原料採購計價辦法》)", the "Procedures of Unqualified Gold Concentrates (《不合格金精礦處理辦法》)", the "Management Regulations of Gold Concentrates Prepayments (《金精粉預付款管理辦法》)" and so on. In respect of material supply, we strictly complies with the "Material Management Approach 《物資管理辦法》)" of the Group and the "Material Management Approach" of the branch.

During the year, the numbers of smelting branch's major suppliers (over 500 tones) as follow:

Suppliers' area	Numbers of Suppliers in the region
Henan Province	61
Anhui Province	3
Hubei Province	2
Hunan Province	2
Tianjin City	1
Shandong Province	1
Fujian Province	1
Xinjiang Autonomous Region	1
Overseas	5

Wason Copper-Foil Company Ltd has conducted the engagement, monitor and system implementation of supplier in accordance with the "Management Regulations of Supplier 《供應商管理辦法》", the "Regulations of Mass Production Supplier Inspecting 《量產供應商稽核辦法》", and the "Management Assessment Plan for Mass Production Supplier 《量產供應商管理評核計劃》".

During the year, the numbers of major suppliers for Wason Copper-Foil Company Ltd are as follows:

Supplier's area	Numbers of Suppliers in the region
Henan Province	6
Shanghai City	2
Hubei Province	1
Guangdong City	1
Tianjin City	1
Jiangsu Province	1
Japan	1

# **PRODUCT RESPONSIBILITY**

Smelting branch has formulated a "Record Control Program (《記錄控制程式》)" to ensure the efficient delivery of the information about the quality, environment, occupational health and safety management system, accurately and timely reflect each techno-economic indicators of the branch and provided the basis for the correct decision from the management to ensure that the statistics, accounting and review works were conducted smoothly. It also formulated "Substandard Product Control Program (《不合格產品控制程式》)", which applied to the quality control identification process of raw materials, semi-finished products and finished-substandard products.

Smelting branch commissioned the National Center of Quality Supervision & Inspection On Gold-Silver Products each year for the quality testing of the gold product (3 kg of gold bullion) and issued a test report. No gold product that has been sold or shipped out needed to be recalled because of safety and health reasons and no complaint was received in relation to the products and services.

Wason Copper-Foil strictly followed the requirement of the "Production and Service Process Control Program 《生產和 服務程序控制程式》)" during process control of each stage of production and service of the Company's product. It has plans for all products and processes, which formed the documents for necessary inspection, measurement, and testing activities.

During the year, no copper-foil product that has been sold or shipped out needed to be recalled because of safety and health reasons. In 2016, eight complaints were received on the copper-foil products and services. Wason Copper-Foil maintains and protects the intellectual property right by signing a confidentiality agreement, etc.

Copper-foil quality inspection process and product recall program determine and manage qualified and substandard products through the technical quality assurance department and is responsible for taking measures to prevent the emergence of substandard production and process and propose or recommend a solution for the substandard and verify the results. The relevant departments are responsible for identification, isolation and recording. The person in charge of the substandard product liability department effectively control the further production and service or delivery of the substandard product and corrected the situation of defect or failure to meet the requirements.

In the course of the assessment and disposal of the substandard product, the quality inspector shall mark the substandard product according to the rules and fill in the substandard facts delivered to the responsible department analysis reasons in the "Substandard Product Processing Orders (《不合格產品評審處置單》)" and propose disposal comments and give feedback to the responsible department. The outcome of assessment of substandard report (disposal orders) can be categorized into: (1) re-work to meet the requirements; (2) receive as a concession with return-for-repair or without return-for-repair; (3) downgrade or change it to other use; (4) refuse or scrap.

If the customer has opinions on the products and services of the manufacturing department, the receiving department will make a record and send the record to the relevant departments and deal with it according to the program. The substandard that was caused by common quality problems will be deal with by the relevant department delivering substandard processing orders to the responsible department according to the program. For the substandard found in the internal audit, the departments handle it according to the Substandard Notice" and relevant requirements. When substandard appears when the product is delivering or after it was delivered, whether found by the company or the customers, it should be promptly taken back for rework or return-for-repair, while taking corrective measures to implement and follow and verified the implementation effect.

The Group has signed confidentiality agreements with customers and strictly complied with the confidential information, rights and obligations under such agreements. The functional departments of the Company take part in the monitoring process.

# **ANTI-CORRUPTION**

The Group highly emphasizes on anti-corruption, strictly complies with the "Certain Guidelines on Honest Governance of Leaders of the Communist Party of China 《中國共產黨黨員領導幹部廉潔從政若干準則》)", the "Certain Requirements on Honest Employment of State-owned Enterprise Leaders 《國有企業領導人員廉潔從業若干規定》)", the "Anti-Money Laundering Law of the People's Republic of China 《中華人民共和國反洗錢法》)" and other relevant laws and policies, implement the "Interim Provisions on Integrity Warning of Major Projects in Sanmenxia City 《三門峽市重大項目廉政預 警工作暫行規定》)", the "Notice of Reaffirming Relevant Requirements on Incorruptibility and Self-discipline of Leaders by Discipline Commission in Lingbao City (《靈寶市紀委關於重申領導幹部廉潔自律有關規定的通知》" and other requirements, and have a strict monitoring system in place, which is applicable to all of its departments, subsidiaries and branches of the Group. In 2016, the Group even set up a monitoring room at all of its branches and sudsidiaries in Lingbao City, serving as the institution management operation under the Group's monitoring department to ensure its independence. For enhancing the professional competency of the inspectors, the Group arranged the inspectors to participate the training course on discipline inspection.

The Group has issued a strict internal management system for supervision, which involved business entertainment, the use of Group's vehicles, integrity and discipline by leaders, the policy of "Three Importance and One Significance (三重一大)" as well as tendering and bidding. In 2016, documents have been issued to explain the "non-compliance" of holding wedding and funeral matters. The Group strictly implemented the "Eight Point Guide for Official Conduct" (八項 規定) to stop the loophole and protect the integrity and justice culture for the Group companies.

In addition, the responsible person of the subsidiaries of the Group is required to enter into a liability statement regarding the goal of construction of the Party's honesty and integrity. Every unit under the Group has to bear the responsibility of the implementation of the construction of honesty and integrity within the Party and closely apply it to production and management, forming the layout of "one post, two duties" (一崗雙責). The Group has also set up the a box and a hotline for whistle-blowing from the public, accepting supervision by, and visiting from, the public.

The Group set up a comprehensive filing system for the management of the cadre on integrity records. It records the status of their family and part-time jobs for the immediate information for disciplinary inspection and monitoring department, in order to minimize the risk of corruption. The Group carry out the mindful conversation with those employees with potential corruption risks on a timely basis. We initiate it as soon as possible no matter the scale of risk to avoid anything getting worse as time goes by.

Apart from enhancing the monitoring system, the Group also actively set the integrity culture of corporates, and build up the atmosphere of "would not, could not, and dare not corrupt (不想腐、不能腐、不敢腐)" at the workplace. In order to increase the awareness of anti-corruption for all employees in the Group, in 2016, the Group held 5 sessions of "Lingbao Gold's Forum on Integrity (靈寶黃金廉政大講堂)" to learn the latest anti-corruption policies in China.

The branches and subsidiaries of the Group also set up a integrity cultural wall in the obvious spots such as the plants and open pit. They have a wide range of contents and diversified models, with a strong sense of integrity. To keep itself up-to-date, the Group capitalizes the promotion base of its own WeChat public platform of "Lingbao Gold" to release the educational information of integrity, which has a wide coverage and strong interaction, having significant contribution to enhancing integrity culture of an enterprise.

# **COMMUNITY INVESTMENT**

The Group endeavored to meet the community's needs through participating community activities with our expertise and resources, striving to improve the quality of people's lives. The Group have contributed a total of RMB771,000 to the society.

- On 16 June 2016, the government of Tongbai County initiated a large-scale drilling against the geohazards in Xingyuan to prepare for the contingent geohazards as well as improving the awareness of disaster preventive and rescue works.
- As arranged by Tongbai County, Xingyuan developed precise relief actions with Laowan Village. A number of 36 CCP members were immersed themselves in 81 needy families and helped to establish the filing card.
- The Group participated in a variety show called "Safety Accompanied by the City in 2016 Safety Production Culture Festival" (安全相伴2016年全市安全生產文化匯演) hosted by the Safety Inspection Bureau of Lingbao City. The show contained many sessions and had strong sense of education and warning.
- In response to the action of "cleaning the town within 100 days", we helped redecorate the town. In August 2016, the officers of the Company cleaned the streets near the Company and cleaned and removed obstacles on any major roads.
- The Group raised funds for the poverty villages and distributed the baby chickens and breeding equipments to poor household. They also helped to improve the electricity distribution department and set up the office facilities for the poor. We have arranged 13 people to work for poor households and offered grants for poor university students, and also helped two destitute households to fix their houses.
- Lingbao City had the first snow since the winter, the air became moist with the phenomenal and stunning landscapes. However, the snow hindered the production, living and transportation safety while it added an attraction to the city. In November 2016, the cadre of the Company served the local citizens by offering to help clean the snow near the Company and some streets in the city.

The Group will continue to enhance the corporate governance, the quality of the products and the level of safety. We will also continue to improve the environmental protection measures, energy saving and emission reduction, the technical skills of staff and remuneration treatment to provide appropriate assistance and support for the near community.

# **REPORT OF THE SUPERVISORY COMMITTEE**

# MEETINGS OF THE SUPERVISORY COMMITTEE DURING THE REPORTING PERIOD

In 2016, three supervisory committee meetings were held by the supervisory committee.

# 2. INDEPENDENT WORK REPORT OF THE SUPERVISORY COMMITTEE

In 2016, aiming at protecting the interest of the Company and the shareholders, the supervisory committee of the Company seriously performed the duties in accordance with the Company Law of the PRC ("Company Law"), Securities Law, Listing Rules and other relevant rules and regulations and the Articles of Association, comprehensively monitored aspects such as the Company's capital operation, operating management, financial position and the fulfillment of obligations by senior management. After a serious review, members of the committee unanimously agreed to the following:

#### i. Legal Compliance of the Company's Operations

The supervisory committee of the Company conscientiously carried out various resolutions according to the relevant resolutions in general meetings, during which its decision-making procedures were in compliance with the relevant requirements of the Company Law, Listing Rules and the Articles and Association. It also set up rules and systems for internal control, project investment management approach, connected transactions, resources purchase and project tendering management. None of the officers, including directors and managers, were aware of any violations of the laws, regulations and articles of association or any act which would prejudice the Company's interests.

#### ii. Inspection of the Financial Status of the Company

In 2016, the supervisory committee reviewed the financial system and position of the Company and considered that the financial report of the Company for 2016 truly reflected its financial position and operating results.

# iii. External Guarantees

1.

The Company had no external guarantees for the year ended 31 December 2016.

# **DIRECTORS' REPORT**

The Directors hereby submit their annual report together with the audited financial statements for the year ended 31 December 2016.

#### **PRINCIPAL PLACE OF BUSINESS**

Lingbao Gold Company Ltd. is a company incorporated and domiciled in the PRC and has its registered office at Hangu Road and Jingshan Road intersection, Lingbao, Henan Province, the PRC and its principal place of business in Hong Kong at Room 1902, 19th Floor, MassMutual Tower, 38 Gloucester Road, Wanchai, Hong Kong.

# **PRINCIPAL ACTIVITIES**

The principal activities of the Group are the mining, processing, smelting and sales of gold and other metallic products in the PRC. Further details regarding the Group's principal activities are disclosed in note 36 to these financial statements.

#### **BUSINESS REVIEW**

A review of the Group's business during the year is provided in the "Chairman's Statement" on pages 12 to 13 and the "Management Discussion & Analysis" on pages 14 to 20 of this annual report. Description of the risks and uncertainties that the Group may face can be found in the "Management Discussion & Analysis" on pages 14 to 20 in this annual report. The financial risk management of the Group are also set out in the note 35 to the financial statements and the financial highlights of the Group are set out on page 4 to 5 in this annual report.

# EVENT AFTER THE REPORTING PERIOD

On 25 January 2017, the Company's smelting branch in Lingbao City, Henan Province received an "Emergency notice in relation to immediate suspension of production of enterprises involving emission of heavy metals pollutant" (《關於對轄區內涉及含重金屬污染物排放企業立即進行停產整治的緊急通知》) (the "Emergency Notice") issued by Lingbao Municipal Environmental Protection Commission Office (《靈寶市環境保護委員會辦公室》) (the "Commission"). Due to the excessive levels of emission of heavy metals pollutant in the Hongnongjian river, Yangping river and Zaoxiang river, there is a serious threat to the water quality of the downstream Sanmenxia reservoir. With effect from the date of the Emergency Notice, the Commission ordered the suspension of the production of seven enterprises including the Company's smelting branch to eliminate the pollution and restore the river water quality and safety.

Since the above suspension, the Company has actively carried out rectification work and upgraded the pollution control facilities. After the Commission's on-site inspection of the Company smelting branch, the Company received a notice from the Commission on 20 March 2017 to relieve the suspension of production of the Company smelting branch and allows the Company to start the trial production.

#### **MAJOR CUSTOMERS AND SUPPLIERS**

The information in respect of the Group's sales and purchases attributable to the major customers and suppliers respectively during the current financial year is as follows:

	Percentage of th	Percentage of the Group's total		
	Sales	Purchases		
The largest customer	74.8			
Five largest customers in aggregate	80.8			
The largest supplier		9.6		
Five largest suppliers in aggregate		27.3		

At no time during the year have the Directors, their associates or any shareholder of the Company (which to the knowledge of the directors owns more than 5% of the Company's share capital) had any interest in these major customers and suppliers.

DIRECTORS' REPORT

# **FINANCIAL STATEMENTS**

The financial results of the Group for the year ended 31 December 2016 and the financial position of the Group as at that date are set out in the financial statements on pages 63 to 147 of the Annual Report.

#### DIVIDEND

At the Board meeting held on 31 March 2017, the Directors did not recommend the payment of final dividend for the year ended 31 December 2016 (2015: Nil).

#### **PROPERTY, PLANT AND EQUIPMENT**

Movements in property, plant and equipment during the year are set out in note 14 to the financial statements.

#### **RESERVES**

Details of the movements in reserves of the Company during the year are set out in note 33(a) to the financial Statements.

# **SHARE CAPITAL**

As at the date of this report, there was a total of share capital of 770,249,091 shares of the Company which includes:

	Number of shares	Approximate percentage of total share capital
Domestic shares	472,975,091	61.41%
H Shares	297,274,000	38.59%
Total	770,249,091	100.00%

Details of the movements in share capital of the Company during the year are set out in note 33(b) to the financial statements.

#### **EQUITY-LINKED AGREEMENT**

No equity-linked agreements were entered into by the Company during the reporting period.

#### PURCHASE, SALE OR REDEMPTION OF SHARES OF THE COMPANY

There was no purchase, sale or redemption of the Company's securities by the Company or any of its subsidiaries for the year ended 31 December 2016.

# **MANAGEMENT CONTRACTS**

Other than the directors' service contracts, the Company has not entered into any contract with any individuals, firms or corporate entities to manage or regulate the whole or any substantial part of any business of the Company.

# **DIRECTORS AND SUPERVISORS**

The Directors and supervisors of the Company for the year ended 31 December 2016 and up to the date of this report are as follows:

#### **Directors**

#### **Executive Directors**

Mr. Chen Jianzheng, (Chairman) (appointed on 23 January 2017)
Mr. Jin Guangcai, (Chairman) (resigned on 23 January 2017)
Mr. Wang Leo (appointed on 23 December 2016)
Ms. Zhou Xing (appointed on 23 December 2016)
Mr. Zhao Kun (appointed on 23 January 2017)
Mr. Xing Jiangze
Mr. Qiang Shanfeng (resigned on 23 January 2017)
Mr. Ji Wanxin (resigned on 23 January 2017)

Mr. Zhang Guo (resigned on 23 December 2016)

Mr. Zhou Yudao (resigned on 23 December 2016)

#### **Non-executive Directors**

Mr. Shi Yuchen

#### Independent Non-executive Directors

Mr. Yang Dongsheng Mr. Xu Qiangsheng Mr. Han Qinchun Mr. Wang Jiheng

#### **Supervisors**

Mr. Wang Guodong Mr. Yao Shun Mr. Guo Xurang Mr. Meng Shouji Mr. Jiao Xiaoxiao

# **BIOGRAPHICAL DETAILS OF DIRECTORS, SUPERVISORS AND SENIOR MANAGEMENT**

Brief biographical details of Directors, supervisors and senior management of the Company are set out on pages 21 to 24 of the annual report.

# **HIGHEST PAID INDIVIDUALS**

During the year, the relevant information of the five individuals with the highest remuneration in the Group is disclosed in note 10 to the financial statements.

49

The remuneration paid to members of senior management who are not Directors by bands for the year is set out below:

Remuneration band	Number of individual
Nil to RMB1,000,000 RMB1,000,001 to RMB2,000,000	1

# REMUNERATION

The Company has a remuneration committee to formulate compensation policies and determine and manage the compensation of the Company's Directors and senior management with reference to their duties, responsibilities, performance and results of the Group.

# **DIRECTORS' AND SUPERVISORS' SERVICE CONTRACTS**

Each of Directors and supervisors has a service contract with the Company until the expiry of the term of 5th Session of the Board on 3 June 2018.

Under these deeds, no remuneration is payable to the supervisors.

No Director or supervisor has a service contract with the Company, which is not determinable by the Company within one year without payment of compensation, other than statutory obligations.

## **CHANGE IN INFORMATION OF DIRECTORS**

During the reporting period, Mr. Chen Jianzheng, Mr. Wang Leo, Ms. Zhou Xing and Mr. Zhao Kun were appointed as executive Directors.

Mr. Jin Guangcai, Mr. Qiang Shanfeng, Mr. Ji Wanxin, Mr. Zhang Guo and Mr. Zhou Yudao retired as executive Directors.

### **PERMITTED INDEMNITY PROVISION**

The Company has arranged for an appropriate insurance cover for Directors' and senior management's liabilities in respect of legal actions against its Directors and senior management arising out of corporate activities. The permitted indemnity provision is in force for the benefit of the Directors as required by section 470 of the Companies Ordinance (Chapter 622 of the laws of Hong Kong) when the Directors' report is approved in accordance with section 391(1)(a) of the Companies Ordinance.

# DIRECTORS', SUPERVISORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN SHARES OF THE COMPANY

The Directors, supervisors and chief executive of the Company did not hold any interests or short positions in the shares, underlying shares or debentures of the Company or any of its associated corporations as defined in the Securities and Futures Ordinance ("SFO") as at 31 December 2016 that are required to be recorded in the register required to be (i) notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they were taken or deemed to have under such provisions of the SFO); (ii) kept under section 352 of the SFO; or (iii) required to be notified to the Company and the Hong Kong Stock Exchange under the Model Code for Securities Transactions by Directors of listed issuers as set out in Appendix 10 to the Listing Rules.

# SUBSTANTIAL SHAREHOLDERS INTEREST IN SHARES OF THE COMPANY

As at 31 December 2016, so far as was known to the Directors, the following person, other than the Directors, supervisors and chief executive of the Company, had an interest in the shares of the Company as recorded in the register required to be kept under section 336 of the SFO:

Name of shareholders	Number of Domestic Shares	Capacity	Approximate percentage of the total issued domestic share capital	Approximate percentage of the total share capital
D&R Asset Management Group Company Limited	185,339,000	Beneficial owner	39.19%	24.06%
Lingbao State-owned Assets Operation Company Limited (靈實市國有資產經營有限責任公司) ("Lingbao State-owned Assets") <i>(Note 1)</i>	73,540,620	Beneficial owner	15.55%	9.55%
Shanghai Zhengxi Investment Management Partnership (Limited Partnership)	57,000,000	Beneficial owner	12.05%	7.40%

Note:

1. In addition to its direct interest in 73,540,620 domestic shares, Lingbao State-owned Assets has an indirect interest in the Company through its equity interest of approximately 43.4% in Lingbao Gold Machinery Limited Liability Company (靈實市黃金機械有限責任公司), which in turn holds approximately 21.1% equity interest in Lingbao Jinxiang Auto Parts Limited Liability Company (靈實市金象汽車零部 件有限責任公司) ("Lingbao Jinxiang Motors"). Lingbao Jinxiang Motors is a promoter of the Company, which held approximately 1.79% shareholding in the Company as at the date of this report.

Save as disclosed above, as at 31 December 2016, so far as the Directors are aware, there are no other persons, other than the Directors, supervisors and chief executive of the Company, who had interests or short positions in the shares and underlying shares of the Company as recorded in the register required to be kept pursuant to Section 336 of the SFO.

# DIRECTORS' AND SUPERVISORS' INTERESTS IN CONTRACTS

No contract of significance in relation to the Company's business to which the Company, its subsidiaries or its jointly controlled entities was a party and in which the Directors or the supervisors of the Company had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year (excluding the Directors' and supervisors' service contracts).

# DIRECTORS' AND SUPERVISORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Apart from disclosed under the paragraph headed "Directors, supervisors and chief executive's interest in shares of the Company" above, at no time during the year was the Company, its subsidiaries or its jointly controlled entity, a party to any arrangement to enable to the Directors, the supervisors and their respective spouses or children under 18 years of age of acquire benefits by means of acquisition of shares in, or debentures of, the Company or any other body corporate.

#### INTERESTS OF DIRECTORS IN COMPETING BUSINESS

During the year and up to the date of this report, none of the Directors has any interest in business, which competes or may compete with the business of the Group under the Listing Rules.

#### **CONNECTED TRANSACTIONS**

Save as otherwise disclosed in this report, all related party transactions in 2016 as disclosed in note 37 to the consolidated financial statements did not constitute connected transactions or continuing connected transactions of the Company under Chapter 14A of the Listing Rules which are required to comply with the relevant reporting, announcement or independent shareholders' approval requirements. The Company confirms that it has complied with the disclosure requirements in accordance with Chapter 14A of the Listing Rules.

#### **BANK LOANS AND OTHER BORROWINGS**

Particulars of bank loans and other borrowings of the Company and the Group as at 31 December 2016 are mainly set out in notes 29 and 30 to the financial statements.

## **CHARITABLE DONATIONS**

Charitable donations made by the Group during the year amounted to RMB771,000 (2015: RMB3,564,000).

#### **PRE-EMPTIVE RIGHTS**

There are no provisions regarding pre-emptive rights under the Articles of Association of the Company and related laws of Hong Kong and the PRC, which would oblige the Company to issue new shares on pro-rata basis to the existing shareholders of the Company.

#### **POLICY ON INCOME TAX**

The Company and its subsidiaries basically paid PRC corporate income tax at a rate of 25% of its assessable profits according to the relevant laws and regulations in the PRC. Details of the Group's income tax information are disclosed in note 8 to the financial statements.

# **CLOSURE OF REGISTER OF MEMBERS**

The register of members of the Company will be closed from Monday, 15 May 2017 to Tuesday, 13 June 2017, (both days inclusive), during which period no transfer of shares will be registered. In order for the shareholders to qualify for attending the forthcoming annual general meeting, all transfer documents accompanied by the relevant share certificates must be lodged with the Company's H shares registrar, Computershare Hong Kong Investor Services Limited at 17M Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong (for holders of H shares) or the registered office address of the Company at Hangu Road and Jingshan Road intersection, Lingbao, Henan, the PRC (for holders of domestic shares), no later than 4:30 p.m. on Friday, 12 May 2017.

# LITIGATION AND ARBITRATION

As at the date of this report, there was no material litigation and arbitration for the Group.

# **PUBLIC FLOAT**

Based on the publicly available information and the best of knowledge of the Directors, the Company has maintained sufficient public float at the latest practicable date prior to the issue of this report.

# **COMPLIANCE OF CODE OF CONDUCT**

None of the Directors of the Company is aware of any information that would reasonably indicate that the Company did not meet the applicable code provision set out in the code on Corporate Government Practices for any period from 1 January 2016 to 31 December 2016.

## **FIVE YEARS SUMMARY**

A summary of the results and of the assets and liabilities of the Group for the last five financial years is set out on page 148 of the annual report.

# **CONFIRMATION OF INDEPENDENCE**

The Company has received from each of the independent non-executive directors an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules and considers all the independent non-executive directors to be independent.

# **AUDITORS**

KPMG retire and, being eligible, offer themselves for reappointment. A resolution for the reappointment of KPMG as auditors of the Company is to be proposed at the forthcoming annual general meeting.

By order of the Board

# Chen Jianzheng

Chairman

Lingbao, Henan, the PRC 31 March 2017

# **INDEPENDENT AUDITOR'S REPORT**

Independent auditor's report to the shareholders of Lingbao Gold Company Ltd. (Incorporated in the People's Republic of China with limited liability)

# **OPINION**

We have audited the consolidated financial statements of Lingbao Gold Company Ltd. ("the Company") and its subsidiaries ("the Group") set out on pages 63 to 147, which comprise the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2016 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

# **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code") together with any ethical requirements that are relevant to our audit of the consolidated financial statements in the People's Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Assessment of going concern

# Refer to note 1(b) to the consolidated financial statements **The Key Audit Matter**

At 31 December 2016, the Group had net current liabilities of RMB889 million (which included cash and cash equivalents of RMB1,165 million), total borrowings of RMB5,074 million and capital commitments of RMB259 million.

The Group finances its operating and exploration and development activities using a combination of cash on hand, operating cash flows, which are generated mainly from the sales of gold and copper foil, and borrowings.

Based on their review of cash flow forecasts of the Group, the Directors have concluded that it is appropriate for them to prepare the consolidated financial statements using the going concern basis of accounting. The going concern basis of accounting presumes that the Group has adequate resources to remain in operation, and that the Directors intend it to do so, for at least one year from the date of the financial statements.

We identified the assessment of going concern as a key audit matter because the Group has sustained losses and has recorded net current liabilities since 2015 which has increased the risk that the Group may not be able to continue to operate as a going concern and because the assessment of going concern is dependent upon certain management assumptions and judgements, in particular in relation to future revenue from sales of gold and copper foil and the ability of the Group to renew or obtain new bank facilities upon expiry of the existing bank facilities.

#### How the matter was addressed in our audit

Our procedures to assess the management's use of the going concern assumption in the preparation of the consolidated financial statements included the following:

- walking through the business planning process and assessing the design, implementation and operating effectiveness of management's key internal controls over the assessment of going concern, including preparing cash flow forecasts;
- comparing the future expected cash flows in management's cash flow forecast with the Group's business plan approved by the Board of Directors;
- evaluating the key assumptions adopted by management in the preparation of the cash flow forecast including,
  - comparing future gold prices with gold futures contracts in the market;
  - comparing forecast production quantities and future cost projections with historical information for the past two years;
- comparing future expected cash flows with historical data and assessing whether any variations were consistent with our expectations based on our understanding of the Group's business;
- considering the accuracy and reliability of past cash flow forecasts made by management by comparing them with the current year's results;
- comparing the available bank facilities and arrangements to underlying documentation and assessing the impact of any covenants and other restrictive terms attached thereto; and
- assessing the sensitivities of the key assumptions adopted by management in the going concern assessment and considering whether management had incorporated any bias in the selection of such assumptions.

# Impact of the estimation of the quantity of gold reserves on assessing potential impairment of assets and depreciation and amortisation

•

Refer to note 38 to the consolidated financial statements and the accounting policies on page 70.

#### The Key Audit Matter

The quantity of gold reserves of the Group (both proven and probable) at 31 December 2016 was estimated by management in accordance with recognised industry standards. Management's estimation of the quantity of gold reserves was calculated by independent external experts engaged by management. There is inherent uncertainty in assessing the quantity of gold reserves.

The quantity of gold reserves is used in the calculation of depreciation and amortisation of mining shafts, mining rights and mining development assets when the unit of production method is applied and is used to estimate the financial viability of mines in impairment testing of intangible assets and property, plant and equipment. Therefore, the quantity of gold reserves is a key input in the assessment of potential impairment of assets and in the calculation of the corresponding depreciation and amortisation.

We identified the impact of the estimation of gold reserves on assessing potential impairment of assets and depreciation and amortisation as a key audit matter because of the inherent uncertainty in the estimation of the quantity of gold reserves which involves significant judgements and assumptions which could be manipulated to achieve desired results and because the estimate may have a significant impact on the • consolidated financial statements.

#### How the matter was addressed in our audit

Our procedures to assess the impact of the estimation of the quantity of the gold reserves on assessing potential impairment of assets and depreciation and amortisation included the following:

- assessing the design, implementation and operating effectiveness of management's key internal controls over the estimation of the quantity of the Group's gold reserves;
- evaluating the independence, competence, capabilities and objectivity of the independent external experts engaged by management to calculate the quantity of the Group's gold reserves;
- inquiring of management's independent external experts about the methodology used in calculating the quantity of the Group's gold reserves and inspecting their work papers and reports;
- engaging independent third party experts to review management's estimation of the quantity of gold reserves in respect of the Group's major gold mines to assess if the methodology used was consistent with recognised industry standards;
- considering whether any bias had been incorporated in the assumptions adopted in the estimation of the quantity of the Group's gold reserves by:
  - comparing the production data used in • management's estimation to production records for the past two years; and
  - assessing whether the calculation method adopted was consistent with that of the prior year.

#### Potential impairment of exploration and evaluation ("E&E") assets

Refer to note 16 to the consolidated financial statements and the accounting policies on pages 70 to 87.

#### The Key Audit Matter

The carrying value of E&E assets of the Group was RMB521 million as at 31 December 2016.

Annually, management assesses whether there are any indicators of impairment of the Group's E&E assets. Such indicators may include:

- expiry or relinquishment of exploration and evaluation licences;
- no expenditure for further exploration and evaluation in the specific area is planned or budgeted for;
- exploration and evaluation activities have not led to the discovery of commercially viable quantities of mineral resources and management has decided to discontinue activities in the area; and
- data exists to suggest that the carrying amount of the E&E assets is unlikely to be recovered in full from successful development of the resource or by sale of the related assets.

Where indicators of impairment are identified, the recoverable amounts of E&E assets are determined by management as the greater of the value in use and the fair value less cost of disposal of these E&E assets. Where projects are under development or in operation but the carrying value may not be fully recoverable, discounted cash flow forecasts were prepared by the management.

We identified the potential impairment of E&E assets as a key audit matter because the review of impairment indicators requires management to exercise judgement and because the impairment assessments prepared by management are complex and contain certain judgements and assumptions, particularly in respect of future product prices, the long term growth rates and the discount rates applied, which are inherently uncertain and could be subject to management bias. How the matter was addressed in our audit

Our procedures to assess potential impairment of E&E assets included the following:

- establishing that the Group had the right to explore by inspecting underlying documentation including relevant exploration licenses or correspondence with relevant government agencies;
- assessing the Group's intention to carry out exploration and evaluation activities in the relevant exploration area by inspecting the future budgets and discussing the latest status and future budgets in respect of each exploration license with senior management and the executive directors;
- considering whether the Group has the ability to finance its planned future exploration and evaluation activities by comparing budgets with the available financing facilities;
- identifying any fields where the Group's right to explore is either at or close to expiry and assessing the appropriateness of retaining the associated E&E costs as assets;
- where mineral reserve information was available, assessing the commercial viability of the related E&E assets by comparing the mineral reserve information for the relevant area and the market price of the mineral products (primarily gold) with management's expectations as determined in their latest forecasts.

Where indicators of impairment were identified, we assessed whether management had made provisions for impairment for the projects that were not expected to proceed or had prepared discounted cash flow forecasts where the projects are under development or in operation but the carrying value may not be fully recoverable.

#### Potential impairment of exploration and evaluation ("E&E") assets (continued)

Refer to note 16 to the consolidated financial statements and the accounting policies on pages 70 to 87.The Key Audit MatterHow the matter was addressed in our audit

Where discounted cash flow forecasts were prepared by management, our procedures to assess the potential impairment of E&E assets included the following;

- comparing data in the discounted cash flow forecasts to relevant data, including future revenue, future cost of sales and other operating expenses, with the financial budgets which were approved by the Board of Directors;
- engaging our internal valuation specialists to assist us in assessing whether the discount rates applied in the discounted cash flow forecasts were within the range adopted by other companies in the same industry;
- comparing the long term growth rates adopted in the discounted cash flow forecasts with those of comparable companies and external market data;
- comparing the future price of products as adopted in the discounted cash flow forecasts with the market prices for the relevant commodity futures contracts; and
- obtaining from management sensitivity analyses of the key assumptions, including future gold prices, future production quantities and future gross profit margins, adopted in the discounted cash flow forecasts and assessing the impact of changes in the key assumptions to the conclusions reached in the impairment assessments and whether there were any indicators of management bias.

# Impairment assessment of intangible assets, construction in progress ("CIP") and property, plant and equipment ("PP&E") of Full Gold

Refer to notes 14, 15, 16 to the consolidated financial statements and the accounting policies on pages 70 to 87.

#### The Key Audit Matter

Due to the increasing uncertainty about the operational environment of a cash-generating unit ("CGU"), Full Gold Mining Limited Liability Company ("Full Gold"), which incorporated in and has operations in the Kyrgyz Republic, there is a risk that the value of the intangible assets, CIP and PP&E of Full Gold may not be recoverable in full through the future cash flows to be generated from its mining operations or from disposal of these assets.

Full Gold held intangible assets (excluding exploration and evaluation assets) totalling RMB112 million, CIP totalling RMB19 million and PP&E totalling RMB457 million as at 31 December 2016.

The recoverable amount of the cash generating unit which included Full Gold was determined by management as the greater of the value in use and the fair value less cost of disposal of the assets of Full Gold. A discounted cash flow forecast was prepared by management to determine the value in use.

We identified the impairment assessment of the intangible assets, CIP and PP&E of Full Gold as a key audit matter because the impairment assessment prepared by management is complex and contains certain judgements and assumptions, particularly in relation to future gold prices, the long term growth rate and the discount rate applied, which are inherently uncertain and may be subject to management bias.

#### How the matter was addressed in our audit

Our audit procedures to assess potential impairment of the intangible assets, CIP and PP&E of Full Gold included the following:

- engaging our internal valuation specialists to assist us in evaluating the methodology used by management in the preparation of the discounted cash flow forecast with reference to the requirements of the prevailing accounting standards;
- comparing the future gold prices used in the discounted cashflow forecast with gold futures contract prices in the market;
- comparing data in the discounted cashflow forecast with the relevant data, including future revenue, future cost of sales and future other operating expenses, in the financial budget which was approved by the Board of Directors;
- comparing the revenue and operating costs included in discounted cashflow forecast prepared in the prior year with the current year's performance of Full Gold to assess how accurate the prior year's discounted cashflow forecast was and making enquiries of management as to the reasons for any significant variations identified;
- engaging our internal valuation specialists to assist us in assessing whether the discount rate applied in the discounted cashflow forecast was within the range adopted by other companies in the same industry;
- comparing the long term growth rate adopted in the discounted cashflow forecast with those of comparable companies and external market data; and
- obtaining from management sensitivity analyses of the key assumptions, including future gold prices, future production quantities and future gross profit margins, adopted in the discounted cashflow forecast prepared by management and assessing the impact of changes in the key assumptions to the conclusions reached in the impairment assessments and whether there were any indicators of management bias.

# INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
  sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
  resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
  omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Au Yat Fo.

# **NOTES TO THE FINANCIAL STATEMENTS**

(Expressed in Renminbi Yuan unless otherwise indicated)

# **1 SIGNIFICANT ACCOUNTING POLICIES**

#### (a) Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), and accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. Significant accounting policies adopted by the Company and its subsidiaries (collectively referred to as the "Group") are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 2 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these financial statements.

#### (b) Basis of preparation of the financial statements

The consolidated financial statements for the year ended 31 December 2016 comprise the Company and its subsidiaries (together referred to as the "group") and the group's interest in an associate.

As at 31 December 2016, the Group had net current liabilities of RMB889,036,000 (which included cash and cash equivalents of RMB1,164,569,000), total borrowings of RMB5,073,509,000 and capital commitments of RMB258,712,000. In view of these circumstances, the directors of the Company have given consideration to the future liquidity of the Group and its available sources of finance including banking facilities in assessing whether the Group will have sufficient financial resources to continue as a going concern. As at 31 December 2016, taking into account the Group's cash flow projection, including the Group's unutilised banking facilities, ability to renew or refinance the banking facilities upon maturity and the Group's future capital expenditure in respect of its non-cancellable capital commitments, the directors of the Company consider that the Group has sufficient working capital to meet in full its financial obligations as they fall due for at least the next twelve months from the end of the reporting period and accordingly, the financial statements have been prepared on a going concern basis.

The measurement basis used in the preparation of the financial statements is the historical cost basis except that derivative financial instruments are stated at fair value (see note 1(g)). Non-current assets classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell (see note 1(z)).

# **1 SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### (b) Basis of preparation of the financial statements (continued)

The preparation of financial statements in conformity with HKFRSs requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgments made by management in the application of HKFRSs that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 38.

#### (c) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.
## (c) Subsidiaries and non-controlling interests (continued)

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company. Loans from holders of non-controlling interests and other contractual obligations towards these holders are presented as financial liabilities in the consolidated statement of financial position in accordance with note 1(p).

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 1(f)) or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture.

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 1(k)(ii)).

#### (d) Associates

An associate is an entity in which the Group or Company has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

An investment in an associate is accounted for in the consolidated financial statements under the equity method, unless it is classified as held for sale (or included in a disposal Group that is classified as held for sale) (see note 1(z)). Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment (if any). Thereafter, the investment is adjusted for the post acquisition change in the Group's share of the investee's net assets and any impairment loss relating to the investment (see notes 1(e) and (k)). Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the investees and any impairment losses for the year are recognised in the consolidated statement of profit or loss, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised in the consolidated statement of profit or loss and other comprehensive income.

When the Group's share of losses exceeds its interest in the associate, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the associate.

## (d) Associates (continued)

Unrealised profits and losses resulting from transactions between the Group and its associate is eliminated to the extent of the Group's interest in the investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

If an investment in an associate becomes an investment in a joint venture or vice versa, retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method.

In all other cases, when the Group ceases to have significant influence over an associate, it is accounted for as a disposal of the entire interest in that investee, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former investee at the date when significant influence is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 1(f)).

In the Company's statement of financial position, investments in associates are stated at cost less impairment losses (see note 1(k)), unless classified as held for sale (or included in a disposal group that is classified as held for sale) (see note 1(z)).

## (e) Goodwill

Goodwill represents the excess of

- (i) the aggregate of the fair value of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the Group's previously held equity interest in the acquiree; over
- (ii) the net fair value of the acquiree's identifiable assets and liabilities measured as at the acquisition date.

When (ii) is greater than (i), then this excess is recognised immediately in profit or loss as a gain on a bargain purchase.

Goodwill is stated at cost less accumulated impairment losses. Goodwill arising on a business combination is allocated to each cash-generating unit, or groups of cash generating units, that is expected to benefit from the synergies of the combination and is tested annually for impairment (see note 1(k)(ii)).

On disposal of a cash generating unit during the year, any attributable amount of purchased goodwill is included in the calculation of the profit or loss on disposal.

## (f) Other investments

The Group's and the Company's policies for investments in equity securities other than investments in subsidiaries and associates are as follows:

Investments in equity securities are initially stated at fair value, which is their transaction price unless it is determined that the fair value at initial recognition differs from the transaction price and that fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets. Cost includes attributable transaction costs, except where indicated otherwise below. These investments are subsequently accounted for as follows, depending on their classification:

Investments in securities held for trading are classified as current assets. Any attributable transaction costs are recognised in profit or loss as incurred. At the end of each reporting period the fair value is remeasured, with any resultant gain or loss being recognised in profit or loss. The net gain or loss recognised in profit or loss does not include any dividends or interest earned on these investments as these are recognised in accordance with the policies set out in notes 1(v)(ii) and (iii).

Investments in securities which do not fall into any of the above categories are classified as available-forsale securities. At the end of each reporting period the fair value is remeasured, with any resultant gain or loss being recognised in other comprehensive income and accumulated separately in equity in the fair value reserve. As an exception to this, investments in equity securities that do not have a quoted price in an active market for an identical instrument and whose fair value cannot otherwise be reliably measured are recognised in the consolidated statement of financial position at cost less impairment losses (see note 1(k)). Dividend income from equity securities is recognised in profit or loss in accordance with the policies set out in note 1(v)(ii).

When the investments are derecognised or impaired (see note 1(k)), the cumulative gain or loss recognised in equity is reclassified to profit or loss. Investments are recognised/derecognised on the date the Group commits to purchase/sell the investments or they expire.

## (g) Derivative financial instruments

Derivative financial instruments are recognised initially at fair value. At the end of each reporting period the fair value is remeasured. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss.

#### (h) Property, plant and equipment and construction in progress

#### (i) Property, plant and equipment

Property, plant and equipment are initially stated in the statements of financial position at cost less accumulated depreciation and impairment losses (see note 1(k)(ii)). The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its present working condition and location for its intended use.

The cost of self-constructed items of property, plant and equipment includes the cost of materials, direct labour, the initial estimate, where relevant, of the costs of dismantling and removing the items and restoring the site on which they are located, and an appropriate proportion of production overheads and borrowing costs (see note 1(x)).

When proved and probable gold reserves have been determined, costs incurred to develop gold mines are capitalised as part of the cost of mining structures. All other expenditures, including the cost of repairs and maintenance and major overhaul, are expensed as they are incurred. Mining exploration costs, such as expenditures related to locating gold reserves and determining the economic feasibility and the costs of removing waste materials or "stripping costs" are expensed as incurred.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

Depreciation is calculated to write off the cost or valuation of items of property, plant and equipment other than mining shafts, less their estimated residual value, if any, using the straight line method over their estimated useful lives as follows:

Buildings	5–35 years
Machinery	4–30 years
Transportation equipment	4–8 years
Office and electronic equipment	4–12 years

Included in property, plant and equipment are mining shafts located at the mining sites. Depreciation is provided to write off the cost of mining shafts using the units of production method based on the proved and probable mineral reserves.

## (h) Property, plant and equipment and construction in progress (continued)

#### (i) Property, plant and equipment (continued)

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

#### (ii) Construction in progress

Construction in progress represents buildings, various infrastructure projects under construction and equipment pending installation, and is recognised in the consolidated statement of financial position at cost less impairment losses (see note 1(k)(ii)).

The cost of self-constructed items of property, plant and equipment includes the cost of materials, direct labour, the initial estimate, where relevant, of the costs of dismantling and removing the items and restoring the site on which they are located, and an appropriate proportion of production overheads and borrowing costs (see note 1(x)). Capitalisation of these costs ceases and the construction in progress is transferred to property, plant and equipment when the asset is substantially ready for its intended use, notwithstanding any delays in the issue of the relevant commissioning certificate by the relevant authorities in the People's Republic of China (the "PRC").

No depreciation is provided in respect of the construction in progress.

#### (i) Intangible assets (other than goodwill)

Expenditure on research activities is recognised as an expense in the period in which it is incurred. Expenditure on development activities is capitalised if the product or process is technically and commercially feasible and the Group has sufficient resources and the intention to complete the development. The expenditure capitalised includes the costs of materials, direct labour and an appropriate proportion of overheads and borrowing costs, where applicable (see note 1(x)). Capitalised development costs are stated at cost less accumulated amortisation and impairment losses (see note 1(k)(ii)). Other development expenditure is recognised as an expense in the period in which it is incurred.

Intangible assets are not amortised while their useful lives are assessed to be indefinite. Any conclusion that the useful life of an intangible asset is indefinite is reviewed annually to determine whether events and circumstances continue to support the indefinite useful life assessment for that asset. If they do not, the change in the useful life assessment from indefinite to finite is accounted for prospectively from the date of change and in accordance with the policy for amortisation of intangible assets with finite lives as set out below.

#### (i) Intangible assets (other than goodwill) (continued)

#### (i) Mining rights

Mining rights are stated at cost less accumulated amortisation and impairment losses (see note 1(k) (ii)). The mining rights are amortised to profit or loss using the units of production method based on the proved and probable mineral reserves.

The Group's mining rights are of sufficient duration (or convey a legal right to renew for sufficient duration) to enable all reserves to be mined in accordance with current production schedules.

#### (ii) Exploration rights

Exploration rights are stated at cost less accumulated amortisation and impairment losses (see note 1(k)(ii)). The exploration rights are amortised to exploration and evaluation assets (see note 1(i)(iii)) on a straight-line basis over the estimated useful lives of one to three years.

#### (iii) Exploration and evaluation assets and mining development assets

Exploration and evaluation assets are stated at cost less impairment losses (see note 1(k)(ii)). Exploration and evaluation assets include exploration and development costs.

When it can be reasonably ascertained that a mining structure is capable of commercial production, exploration and development costs capitalised are transferred to mining development assets and amortised to profit or loss using the units of production method based on the proved and probable mineral reserves. If any project is abandoned during the exploration and evaluation stage, the related exploration and evaluation assets are written off to profit or loss.

#### (j) Lease prepayments

Lease prepayments represent cost of land use rights paid to the PRC governmental authorities for acquiring land held under operating leases. Land use rights are carried at cost less accumulated amortisation and impairment losses (see note 1(k)(ii)). Amortisation is charged to the profit or loss on a straight-line basis over the respective periods of the rights.

#### (k) Impairment of assets

#### (i) Impairment of investments in equity securities and trade and other receivables

Investments in equity securities (other than investments in subsidiaries: see note 1(k)(ii)) and other current and non-current receivables that are stated at cost or amortised cost are reviewed at the end of each reporting period to determine whether there is objective evidence of impairment. Objective evidence of impairment includes observable data that comes to the attention of the Group about one or more of the following loss events:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; and
- a significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

If any such evidence exists, any impairment loss is determined and recognised as follows:

- For investments in an associate accounted for under the equity method in the consolidated financial statements (see note 1(d)), the impairment loss is measured by comparing the recoverable amount of the investment with its carrying amount in accordance with note 1(k)(ii). The impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount in accordance with note 1(k)(ii).
- For unquoted equity securities carried at cost, the impairment loss is measured as the difference between the carrying amount of the financial asset and the estimated future cash flows, discounted at the current market rate of return for a similar financial asset where the effect of discounting is material. Impairment losses for equity securities carried at cost are not reversed.
- For trade and other current receivables and other financial assets carried at amortised cost, the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition of these assets), where the effect of discounting is material. This assessment is made collectively where these financial assets share similar risk characteristics, such as similar past due status, and have not been individually assessed as impaired. Future cash flows for financial assets which are assessed for impairment collectively are based on historical loss experience for assets with credit risk characteristics similar to the collective group.

## (k) Impairment of assets (continued)

#### (i) Impairment of investments in equity securities and trade and other receivables (continued)

If in a subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through profit or loss. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

Impairment losses are written off against the corresponding assets directly, except for impairment losses recognised in respect of trade debtors and bills receivables included within trade and other receivables, whose recovery is considered doubtful but not remote. In this case, the impairment losses for doubtful debts are recorded using an allowance account. When the Group is satisfied that recovery is remote, the amount considered irrecoverable is written off against trade debtors and bills receivables directly and any amounts held in the allowance account relating to that debt are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in profit or loss.

#### (ii) Impairment of other assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- construction in progress;
- intangible assets;
- lease prepayments;
- goodwill; and
- investments in subsidiaries and associates in the Company's statement of financial position.

#### (k) Impairment of assets (continued)

#### (ii) Impairment of other assets (continued)

If any such indication exists, the asset's recoverable amount is estimated. In addition, for goodwill, intangible assets that are not yet available for use and intangible assets that have indefinite useful lives, the recoverable amount is estimated annually whether or not there is any indication of impairment.

- Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit ("CGU")).

- Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cashgenerating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal, or value in use (if determinable).

- Reversals of impairment losses

In respect of assets other than goodwill, an impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

#### (iii) Interim financial reporting and impairment

Under the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited, the Group is required to prepare an interim financial report in compliance with HKAS 34, *Interim financial reporting*, in respect of the first six months of the financial year. At the end of the interim period, the Group applies the same impairment testing, recognition, and reversal criteria as it would at the end of the financial year (see notes 1(k)(i) and (ii)).

Impairment losses recognised in an interim period in respect of goodwill and unquoted equity securities carried at cost are not reversed in a subsequent period. This is the case even if no loss, or a smaller loss, would have been recognised had the impairment been assessed only at the end of the financial year to which the interim period relates.

#### (I) Operating lease charges

Leases of assets under which do not transfer substantially all the risks and rewards of ownership of the Group are classified as operating leases.

Where the Group has the use of assets held under operating leases, payments made under the leases are charged to profit or loss in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received are recognised in profit or loss as an integral part of the aggregate net lease payments made. Contingent rentals are charged to profit or loss in the accounting period in which they are incurred.

#### (m) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the weighted average cost formula and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

#### (n) Trade and other receivables

Trade and other receivables are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less allowance for impairment of doubtful debts (see note 1(k)(i)) except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

#### (o) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in the profit or loss over the period of the borrowings, together with any interest and fees payable, using the effective interest method.

#### (p) Trade and other payables

Trade and other payables are initially recognised at fair value and are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

#### (q) Derecognition of non-derivative financial assets and financial liabilities

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognised financial assets that is created or retained by the Group is recognised as a separate asset or liability.

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

#### (r) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

#### (s) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

## (t) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to business combinations, or items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

## (t) Income tax (continued)

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Group or the Company has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Group or the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
  - the same taxable entity; or
  - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

## (u) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

## (v) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Provided it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised in profit or loss as follows:

#### (i) Sales of goods

Revenue is recognised when the title to the goods and the related risks and rewards of ownership are passed to customers, the Group will not execute the right of supervision and control over the goods, either the proceeds are received or entitlement of proceeds is evidenced, and the cost of sale of goods can be estimated reliably. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

#### (ii) Dividends

Dividend income from unlisted investments is recognised when the shareholder's right to receive payment is established.

#### (iii) Interest income

Interest income is recognised as it accrues using the effective interest method.

#### (w) Government grants

Government grants are recognised in the consolidated statement of financial position initially when there is reasonable assurance that they will be received and that the Group will comply with the conditions attaching to them. Grants that compensate the Group for expenses incurred are recognised as income in profit or loss on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the Group for the cost of an asset are deducted from the carrying amount of the asset and consequently are effectively recognised in profit or loss over the useful life of the asset by way of reduced depreciation expense.

#### (x) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of that asset. Where the funds used to finance a project form part of general borrowings, the amount capitalised is calculated using a weighted average of rates applicable to relevant general borrowings of the Group during the period. Other borrowing costs are expensed in the period in which they are incurred.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or complete.

#### (y) Translation of foreign currencies

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was measured.

## (y) Translation of foreign currencies (continued)

The results of foreign operations are translated into Renminbi at the exchange rate approximating the foreign exchange rates ruling at the dates of the transactions. Statement of financial position items are translated into Renminbi at the closing foreign exchange rates at the end of the reporting period. The resulting exchange differences are recognised directly in other comprehensive income and accumulated separately in equity in the exchange reserve.

On disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation is reclassified from equity to profit or loss when the profit or loss on disposal is recognised.

#### (z) Non-current assets held for sale

A non-current asset is classified as held for sale if it is highly probable that its carrying amount will be recovered through a sale transaction rather than through continuing use and the asset is available for sale in its present condition.

Immediately before classification as held for sale, the measurement of the non-current assets is brought upto-date in accordance with the accounting policies before the classification. Then, on initial classification as held for sale and until disposal, the non-current assets (except for certain assets as explained below), are recognised at the lower of their carrying amount and fair value less costs to sell. The principal exceptions to this measurement policy so far as the financial statements of the Group and the Company are concerned are deferred tax assets and financial assets (other than investments in subsidiaries, associates and joint ventures). These assets, even if held for sale, would continue to be measured in accordance with the policies set out elsewhere in note 1.

Impairment losses on initial classification as held for sale, and on subsequent remeasurement while held for sale, are recognised in profit or loss. As long as a non-current asset is classified as held for sale, the non-current asset is not depreciated or amortised.

#### (aa) Related parties

- (a) A person, or a close member of that person's family, is related to the Group if that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or the Group's parent.

#### (aa) Related parties (continued)

- (b) An entity is related to the Group if any of the following conditions applies:
  - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - (iii) Both entities are joint ventures of the same third party.
  - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
  - (vi) The entity is controlled or jointly controlled by a person identified in (a).
  - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
  - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

## (ab) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

## 2 CHANGES IN ACCOUNTING POLICIES

The HKICPA has issued a number of amendments to HKFRSs that are first effective for the current accounting period of the group. None of these developments have had a material effect on how the group's results and financial position for the current or prior periods have been prepared or presented.

The group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

## **3 REVENUE**

The principal activities of the Group are mining, processing, smelting and sales of gold and other metallic products in the PRC.

Revenue represents the sales value of goods sold to customers, net of sales tax and value added tax. The amount of each significant category of revenue is as follows:

	2016 RMB'000	2015 RMB'000
Sales of:		
- Gold	4,534,592	4,523,816
– Other metals	1,524,732	1,208,283
– Others	5,969	33,699
Less: Sales taxes and levies	(10,673)	(9,204)
	6,054,620	5,756,594

The Group has only one customer with whom transactions have exceeded 10% of the Group's revenues (2015: one). In 2016, revenues from sales of gold products to this customer amounted to approximately RMB4,534,592,000 (2015: RMB4,523,816,000) arose in the Henan Province, the PRC. Details of concentrations of credit risk arising from this customer are set out in note 35(a).

Further details regarding the Group's principal activities are disclosed in note 36 to these financial statements.

# 4 OTHER REVENUE

	2016 RMB'000	2015 RMB'000
Total interest income on financial assets not at fair value	11,576	7,610
through profit or loss	8,022	26,197
Government grants	7,125	7,292
Scrap sales	953	1,534
Sundry income	27,676	42,633

# 5 OTHER NET LOSS

	2016	2015
	RMB'000	RMB'000
Net realised and unrealised (loss)/gain on financial		
instruments at fair value	(75,036)	11,350
Net (loss)/gain on disposal of property, plant and		,
equipment and intangible assets	(13,813)	6,588
Net foreign exchange (loss)/gain	(5,129)	13,057
Impairment losses of:		
- property, plant and equipment (note 14)	-	(126,294)
– construction in progress (note 15)	(4,021)	(28,598)
- intangible assets (note 16)	(28,781)	(18,202)
Net gain on disposal of other investments	773	-
Others	(1,209)	1,222
	(127,216)	(140,877)

## 6 STAFF COSTS

	2016 RMB'000	2015 RMB'000
Salaries, wages and other benefits Contributions to defined contribution retirement plan	291,167 24,144	271,096 23,504
Less: Staff costs capitalised into construction in progress	315,311 (7,339)	294,600 (15,120)
	307,972	279,480

## 6 STAFF COSTS (continued)

Pursuant to the relevant labour rules and regulations in the PRC, the Group participates in defined contribution retirement benefit schemes (the "Schemes") organised by the relevant local government authorities whereby the Group is required to make contributions to the Schemes at the rate of 18%–20% (2015: 18%–20%) of the eligible employees' salaries. The local government authorities are responsible for the entire pension obligations payable to retired employees in the PRC.

The Group also participates in a Mandatory Provident Fund Scheme (the "MPF scheme") under the Hong Kong Mandatory Provident Fund Scheme Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF scheme, the employer and its employees are each required to make contributions to the plan at 5% (2015: 5%) of the employees' relevant income, subject to a cap of monthly relevant income of HK\$30,000 (2015: HK\$30,000). Contributions to the plan vest immediately.

The Group has no other material obligation for the payment of pension benefits associated with those schemes beyond the annual contributions described above.

## 7 LOSS BEFORE TAXATION

#### Loss before taxation is arrived at after charging/(crediting):

		2016 RMB'000	2015 RMB'000
(a)	Finance costs:		
	Interest expenses on bank loans Interest expenses on debentures Other borrowing costs	214,077 12,741 4,616	207,397 35,486 4,677
	Total interest expenses on financial liabilities not at fair value through profit or loss Less: interest expenses capitalised into construction in progress*	231,434 (1,202)	247,560 (2,202)
		230,232	245,358

\* The borrowing costs have been capitalised at a rate of 1.81%-4.95% per annum (2015: 1.81%-4.95%).

## 7 LOSS BEFORE TAXATION (continued)

## Loss before taxation is arrived at after charging/(crediting): (continued)

		2016 RMB'000	2015 RMB'000
(b)	Other items:	NWD 000	
(6)	other items.		
	Amortisation of lease prepayments (note 18)	5,706	5,390
	Amortisation of intangible assets <sup>#</sup> (note 16)	11,342	5,914
	Depreciation# (note 14)	232,867	210,537
	Less: Depreciation capitalised into construction		()
	in progress	(3,886)	(785)
			000 750
		228,981	209,752
	Provision of impairment losses on:		
	- trade and other receivables (note 25(c))	35,472	38,153
	– purchase deposits (note 25(d))	38,382	69,699
	– property, plant and equipment (note 14)	-	126,294
	- construction in progress (note 15)	4,021 28,781	28,598 18,202
	– intangible assets (notes 14 and 16)	20,701	10,202
	Operating lease charges in respect of properties	2,253	3,543
	Auditors' remuneration-audit services	5,036	4,830
	Research and development expenses	39,189	37,495
	Pollution discharge fee	2,475	2,033
	Environmental rehabilitation fee	13,472	17,257
	Cost of inventories# (note 24(b))	5,394,025	5,308,062

# Cost of inventories includes RMB383,451,000 (2015: RMB299,943,000) relating to staff costs, depreciation and amortisation expenses, which amount is also included in the respective total amounts disclosed separately in note 6 and above for each of these types of expenses.

# 8 INCOME TAX IN THE CONSOLIDATED STATEMENT OF PROFIT OR LOSS

## (a) Taxation in the consolidated statement of profit or loss represents:

	2016	2015
	RMB'000	RMB'000
Current tax – PRC income tax		
Provision for the year	36,508	18,351
Over-provision in respect of prior years	(428)	_
	36,080	18,351
Deferred tax		
Origination and reversal of temporary differences	(21,462)	129,286
	14,618	147,637

## (b) Reconciliation between tax expense and accounting loss at applicable tax rates:

	Note	2016 RMB'000	2015 RMB'000
Loss before taxation		(77,754)	(354,917)
Notional tax on loss before taxation, calculated at the rates applicable to			
the jurisdictions concerned		(1,121)	(56,982)
Effect of tax concessions	i	(10,977)	(3,578)
Additional deduction for qualified research			
and development expenses	i	(4,431)	(3,770)
Effect of non-deductible expenses		4,576	5,133
Write-off of deferred tax assets recognised			
in previous years	iv	3,264	141,127
Tax losses and temporary differences not recognised	iv	24,191	65,734
Over-provision in prior years		(428)	_
Others		(456)	(27)
Actual tax expense		14,618	147,637

## 8 INCOME TAX IN THE CONSOLIDATED STATEMENT OF PROFIT OR LOSS (continued)

# (b) Reconciliation between tax expense and accounting loss at applicable tax rates: (continued)

Notes:

(i) Under the Corporate Income Tax Law of the PRC (the "CIT Law"), which was passed by the Fifth Plenary Session of the Tenth National People's Congress, effective from 1 January 2008, the Company and its PRC subsidiaries are subject to income tax at the statutory rate of 25%, unless otherwise specified.

One of the subsidiaries, Lingbao Wason Copper-Foil Company Limited ("Wason Copper-Foil") was accredited as a "High and New Technology Enterprise" ("HNTE") in 2009 and was entitled to a preferential income tax rate of 15% for a period of three years from 2009 to 2011. Wason Copper-Foil renewed its HNTE qualification in 2012 and 2015, and therefore has been entitled to the preferential tax rate of 15% till 2017.

Another subsidiary, Lingbao Hongyu Electronics Company Limited ("Hongyu Electronics") was accredited as a "High and New Technology Enterprise" ("HNTE") in 2015 and was entitled to a preferential income tax rate of 15% for a period of three years from 2015 to 2017.

Under the CIT Law and its relevant regulation, qualified research and development expenses are subject to income tax deduction at 150% on the amount actually incurred.

- (ii) Hong Kong profits tax rate for 2016 is 16.5% (2015: 16.5%). No provision for Hong Kong profits tax is made as the subsidiary located in Hong Kong did not earn any income which is subject to Hong Kong profits tax.
- (iii) Kyrgyzstan corporate income tax rate ("KR CIT") in 2016 is 0% (2015: 0%).

On 9 August 2012, the Parliament of Kyrgyz Republic passed the law on amendments and additions to the Tax Code of the Kyrgyz Republic ("Amended Tax Code") which became effective from 1 January 2013. In accordance with the Amended Tax Code, starting from 1 January 2013 the KR CIT rate for gold mining companies is set at 0% and a revenue-based tax is introduced. Such revenue-based tax is recognised in "sales taxes and levies".

(iv) After reviewing the deferred tax assets, the directors considered it no longer probable that sufficient taxable profits will be available to allow certain tax benefit to be utilized. Therefore, the Group wrote off deferred tax assets of RMB3,264,000 (2015: wrote-off reversal of RMB141,127,000).

Considering the uncertainty of the future available taxable profits against which certain tax benefits can be utilised in the relevant tax jurisdiction and entity, the Group has not recognised deferred tax assets of RMB24,191,000 (2015: RMB65,734,000) in total in respect of unused tax losses and temporary differences of RMB98,368,000 and RMB2,446,000, respectively, as at 31 December 2016.

## 9 DIRECTORS' EMOLUMENTS

Directors' emoluments disclosed pursuant to section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation are as follows:

## **10 INDIVIDUALS WITH HIGHEST EMOLUMENTS**

Of the five individuals with the highest emoluments, four (2015: four) are directors and supervisors of the Company whose emoluments are disclosed in note 9. The emolument in respect of the other individual (2015: one) is as follows:

	2016 RMB'000	2015 RMB'000
Salaries and wages Contributions to retirement benefit scheme Bonus	960 29 80	960 29 80
	1,069	1,069

The emolument of the above individual (2015: one) is within the following bands:

	2016	2015
	Number of	Number of
	individuals	individuals
NiI–HK\$1,000,000 HK\$1,000,001–HK\$2,000,000	- 1	- 1

## **11 DIVIDENDS**

No dividend attributable to the year was declared in 2016 or proposed after the end of the reporting period (2015: Nil). No dividend attributable to previous year was approved or paid in 2016 (2015: Nil).

## **12 OTHER COMPREHENSIVE INCOME**

The component of other comprehensive income does not have any significant tax effect for each of the years ended 31 December 2016 and 2015.

## 13 LOSS PER SHARE

#### (a) Basic loss per share

The calculation of basic loss per share is based on the loss attributable to equity shareholders of the Company of RMB77,456,000 (2015: loss of RMB462,162,000) and 770,249,091 ordinary shares (2015: 770,249,091 shares) in issue during the year ended 31 December 2016.

#### (b) Diluted loss per share

The diluted loss per share for the current and the prior year is the same as the basic loss per share as there are no dilutive ordinary shares during the years.

At 31 December 2016	905,571	551,422	803,726	16,240	22,557	2,299,516

#### Note:

#### (a) Impairment losses

Impairment loss of RMB76,575,000 was recognised in respect of a cash-generating unit ("CGU"), Lingbao Hongxin Mining Company Limited ("Hongxin"), which is under the mining – PRC reportable segment, during the year ended 31 December 2015. As the increasing production costs of Hongxin caused by deteriorating mining conditions in its area are not expected to be covered by the anticipated selling price of the gold concentrates produced, the Group identified an impairment indicator of its property, plant and equipment, and performed an impairment assessment of the related assets based on their estimated recoverable amounts.

Impairment loss of RMB67,921,000 was recognised in respect of a CGU, Full Gold Mining Limited Liability Company ("Full Gold"), which is under the mining – KR reportable segment, during the year ended 31 December 2015. Owing to the increasing uncertainty in the operational environment of Full Gold, the Group identified an impairment indicator of its property, plant and equipment, and performed an impairment assessment of the related assets based on their estimated recoverable amounts.

## 14 PROPERTY, PLANT AND EQUIPMENT (continued)

#### Notes: (continued)

(a) Impairment losses (continued)

The recoverable amounts of both CGUs are estimated using the present value of future cash flows based on the financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period are extrapolated using several key assumptions, including the expected gross margin, weighted average growth rates, useful life of the assets and pre-tax discount rate. The forecasted gross margin is based on past business performance and market participants' expectations for market development. The weighted average growth rates used are consistent with the forecasts included in industry reports. The discount rates used are pre-tax of 12%–18% and reflect specific risks relating to the mining segment and country.

As a result of these assessments, an impairment loss of RMB126,294,000 in respect of property, plant and equipment and an impairment loss of RMB18,202,000 in respect of intangible assets were recognised in "other net (loss)/income" during the year ended 31 December 2015.

The Group's management performed annual impairment assessment as at 31 December 2016 and determined that no additional impairment provision is required.

## **15 CONSTRUCTION IN PROGRESS**

	2016 RMB'000	2015 RMB'000
Cost:		
At 1 January	395,112	450,317
Exchange adjustments	3,633	3,642
Additions	263,044	227,882
Transfer to property, plant and equipment (note 14)	(348,643)	(258,131)
Impairment losses (note (a))	(4,021)	(28,598)
At 31 December	309,125	395,112

Note:

(a) The construction project of Lingbao Gold Yili Metallurgical Company Limited ("Yili"), which is under the mining – PRC reportable segment, has been suspended. The Group determined that the recoverable amounts for the construction in progress is RMB nil. As a result, full impairment loss provision of RMB4,021,000 (2015: RMB28,598,000) in respect of the related assets was made and recognised in "other net loss" during the year ended 31 December 2016.

## 16 INTANGIBLE ASSETS (continued)

#### Notes:

- (a) Included in the Group's exploration and evaluation assets are assets related to mines, which are under the exploration and evaluation stage as at 31 December 2016, with a carrying value of RMB520,680,000 (2015: RMB559,528,000). These assets are not subject to amortisation until they are placed in use.
- (b) Impairment loss of RMB28,781,000 was recognised on certain exploration and evaluation assets of Habahe Huatai Gold Company Limited ("Huatai"), which is under the mining – PRC reportable segment, during the year ended 31 December 2016. The Group's management concluded that the possibility of extending the related exploration rights is low. As a result, a full impairment loss of RMB28,781,000 (2015: RMB nil) in respect of the related assets was recognised in "other net loss" during the year ended 31 December 2016.
- (c) The Group's mining rights as at 31 December 2016 are as follows:

Mine	Location	Expiry date
Lingjin One Mine	Lingbao, Henan	December 2021
Lingjin Two Mine	Lingbao, Henan	April 2018
Hongxin Gold Mine	Lingbao, Henan	May 2019
Hongtuling Gold Mine (note i)	Lingbao, Henan	March 2016
Duolanasayi Gold Mine	Habahe, Xinjiang	July 2018
Tuokuzibayi Gold Mine	Habahe, Xinjiang	August 2017
Chifeng Jinchan Mining Company Limited Gold Mine	Chifeng, Inner Mongolia	January 2018
Shangshanghe Gold Mine (note i)	Nanyang, Henan	October 2012
Laowan Gold Mine (note i)	Nanyang, Henan	January 2016
Beiyangzhuang Polymetallic Mine (note i)	Nanyang, Henan	August 2010
Pengjialaozhuang Gold Mine	Nanyang, Henan	August 2021
Laowan Eastern Gold Mine (note i)	Nanyang, Henan	December 2016
Istanbul Gold Mine	KR	February 2026
Istanbul Gold Eastern Mine	KR	December 2022
Terek Gold Mine	KR	December 2022

Notes:

- (i) As at 31 December 2016, the Group was in the process of applying for extension of certain mining rights with an aggregate carrying value of approximately RMB5,134,000. The Group's management are of the opinion that the Group is entitled to lawfully and validly occupy or use the above mentioned intangible assets.
- (ii) The amortisation charge for the year is included in "cost of sales" in the consolidated statement of profit or loss of the Group.
- (d) The exploration rights are amortised to exploration and evaluation assets on a straight-line basis over the estimated useful lives of one to three years.

# 17 GOODWILL

	RMB'000
Cost: At 31 December 2015, 1 January 2016, and 31 December 2016	41,360
Accumulated impairment losses: At 31 December 2015, 1 January 2016, and 31 December 2016	34,058
Carrying amount: At 31 December 2015 and 2016	7,302

## Impairment tests for cash-generating units containing goodwill

Goodwill is allocated to the Group's CGUs identified as follows:

	2016 RMB'000	2015 RMB'000
Habahe Huatai Gold Company Limited Tongbai Xingyuan Mining Company Limited Palladex KR Limited Liability Company	2,262 2,455 2,585	2,262 2,455 2,585
Total	7,302	7,302

The recoverable amounts of the CGUs are determined based on value-in-use calculations with certain key assumptions. Value-in-use calculations use cash flow projections based on financial budgets approved by management covering a five-year period, and pre-tax discount rates of 12% to 18% (2015: 12% to 18%). Cash flow projections during the forecast period for the CGUs are based on the expected growth rates and gross margins during the forecast period. Forecasted gross margin is based on the expected growth rate for the industry. Forecasted gross margin has been determined based on past business performance and market participants' expectations for market development.

The Group's management determined that no additional impairment provision was required based on the impairment assessment performed as at 31 December 2016 (2015: Nil).

## **18 LEASE PREPAYMENTS**

	2016 RMB'000	2015 RMB'000
Cost:		
At 1 January	205,584	205,584
Additions	_	-
At 31 December	205,584	205,584
Accumulated amortisation:		
At 1 January	(31,086)	(25,696)
Charge for the year	(5,706)	(5,390)
At 31 December	(36,792)	(31,086)
Carrying amount:		
At 1 January	174,498	179,888
At 31 December	168,792	174,498
		111,100
	2016	2015
	RMB'000	RMB'000
Lease prepayments	168,792	174,498
Less: Current portion of lease prepayments included in other receivables,		
deposits and prepayments	(5,426)	(5,460)
	163,366	169,038

The Group's leasehold lands are located in the PRC. The Group were formally granted by the relevant PRC authorities certain rights to use the lands on which the Group's factories and infrastructures are erected for a period of 50 years.

## **19 INTERESTS IN SUBSIDIARIES**

#### Notes:

- (i) Lingbao Yixin was acquired by the Group in June 2007. Pursuant to the sale and purchase agreement, the Group is entitled to an amount of initial profit which is equivalent to the Group's investment cost in Lingbao Yixin. Profit generated thereafter is shared between the Group and the non-controlling interests on a 55%: 45% basis.
- (ii) At 31 December 2016 and 2015, the ordinary shares of Full Gold were secured for a bank loan as disclosed in note 29.
- (iii) Tianshui Hongwu was acquired by the Group in November 2007. Pursuant to the sale and purchase agreement, the Group is entitled to an amount of initial profit which is equivalent to the Group's investment cost in Tianshui Hongwu. Profit generated thereafter is shared between the Group and the non-controlling interests on a 74%: 26% basis.
- (iv) At 31 December 2016, the ordinary shares of Wason Copper Foil were secured for a loan from a leasing company as disclosed in note 29.
- (v) Lingjin Technology was established by the Group in February 2016 with a registered and paid-in capital of RMB1,000,000.

## 19 INTERESTS IN SUBSIDIARIES (continued)

The following table lists out the information relating to Palladex KR and Full Gold, the subsidiaries of the Group which have material non-controlling interest ("NCI"). The summarised financial information presented below represents the amounts before any inter-company elimination.

## Palladex KR

	2016 RMB'000	2015 RMB'000
NCI percentage	30%	30%
Current assets	2,399	2,689
Non-current assets	126,915	123,778
Current liabilities	(61,494)	(56,346)
Net assets	67,820	70,121
Carrying amount of NCI	20,431	21,122
Loss for the year	(1,476)	(1,418)
Loss attributable to NCI	(444)	(426)
Total comprehensive income	(2,301)	(2,031)
Total comprehensive income attributable to NCI	(691)	(608)
Cash flows used in operating activities	(1,650)	(1,241)
Cash flows used in investing activities	(241)	(391)
Cash flows generated from financing activities	1,482	1,997

# **19 INTERESTS IN SUBSIDIARIES (continued)**

## **Full Gold**

	2016 RMB'000	2015 RMB'000
NCI percentage	18%	18%
Current assets	271,054	282,200
Non-current assets	602,188	535,569
Current liabilities	(969,724)	(929,267)
Non-current liabilities	(404,739)	(297,640)
Net liabilities	(501,221)	(409,138)
Carrying amount of NCI	(78,664)	(62,090)
Revenue	29,469	_
Loss for the year	(62,034)	(124,959)
Loss attributable to NCI	(11,166)	(22,492)
Total comprehensive income	(92,078)	(144,955)
Total comprehensive income attributable to NCI	(16,574)	(26,092)
Cash flows used in operating activities	(69,888)	(27,389)
Cash flows used in investing activities	(81,437)	(177,523)
Cash flows generated from financing activities	149,917	207,754
## **20 OTHER FINANCIAL ASSETS**

	2016 RMB'000	2015 RMB'000
Available-for-sale equity securities: – Unlisted, at cost		
– Henan Jinqu Gold Co., Ltd. <i>(note (a))</i>	10,504	10,504
- Puyue Beijing Mining (Lao) Co., Ltd.		0.010
("Puyue Mining") <i>(note (b))</i> – Lingbao Baoxin Electronic Technology Co., Ltd.	_	9,210
("Baoxin Electronic") <i>(note (c))</i>	30,000	-
	40,504	19,714

Notes:

- (a) It represents the Group's 5% equity interest in a PRC domiciled enterprise which is mainly engaged in geological exploration, mining, processing, sales of gold, as well as research, development, production and sale of artificial industrial diamonds. As there is no quoted market price for such equity securities and a reasonable estimate of the fair value could not be made without incurring excessive costs, these investments are stated at cost less impairment losses.
- (b) Pursuant to the agreement dated 28 November 2016 entered into between the Company and China Sciences Lianrong Investment and Development (Beijing) Co., Ltd. ("China Sciences"), the Group disposed of its 20% equity interest in Puyue Mining at a consideration of RMB10,038,000. After the disposal, the Group had no equity interests in Puyue Mining.
- (c) It represents the Group's 10% equity interest in a PRC domiciled enterprise which is mainly engaged in goods and technology import and export business, as well as production and sales of electronic components, copper foil, lithiumion battery. As there is no quoted market price for such equity securities and a reasonable estimate of the fair value could not be made without incurring excessive costs, these investments are stated at cost less impairment losses.

## **21 INVESTMENT DEPOSIT**

	2016 RMB'000	2015 RMB'000
Investment deposit Less: Impairment losses	80,000 (80,000)	80,000 (80,000)
	_	-

During the year ended 31 December 2007, an investment deposit of RMB80,000,000 was paid to an independent third party, Beijing Jiuyi Investment Company Limited ("Beijing Jiuyi"), for acquiring certain company with mining assets situated in Gansu Province, the PRC. The relevant agreements in connection with this acquisition expired on 31 October 2009 and the acquisition was not completed as at 31 December 2009. An impairment loss of RMB80,000,000 was made in the consolidated financial statements for the year ended 31 December 2009.

As at 31 December 2016, the directors considered that the investment deposit of RMB80,000,000 would still not be recoverable.

## 22 NON-CURRENT PREPAYMENTS

	2016 RMB'000	2015 RMB'000
Prepayments for purchase of property, plant and equipment and		
construction of mining shafts	9,537	11,674
Prepayments for taxes	160,451	166,662
	169,988	178,336
Less: Allowance for doubtful debts	(1,000)	(1,000)
	168,988	177,336

statement of financial position	(5,272)	(2,499)
	100 101	150.070
	180,134	158,672

## 23 INCOME TAX IN THE CONSOLIDATED STATEMENT OF FINANCIAL POSITION (continued)

#### (c) Deferred tax assets not recognised

The Group has not recognised deferred tax assets in respect of cumulative unused tax losses of RMB949,487,000 (2015: RMB867,737,000) as it is not probable that future taxable profits against which the losses can be utilised will be available in the relevant tax jurisdiction and entity. Tax losses of RMB25,007,000, RMB625,407,000, RMB32,768,000, RMB167,937,000 and RMB98,368,000, if unused, will expire in 2017, 2018, 2019, 2020 and 2021, respectively.

## **24 INVENTORIES**

#### (a) Inventories in the consolidated statement of financial position comprise:

	2016 RMB'000	2015 RMB'000
Raw materials Work in progress Finished goods Spare parts and materials	764,781 93,282 202,097 89,054	1,121,917 74,501 219,448 80,756
	1,149,214	1,496,622

## (b) The analysis of the amount of inventories recognised as an expense and included in profit and loss is as follows:

	2016 RMB'000	2015 RMB'000
Carrying amount of inventories sold Write down of inventories	5,378,465 15,560	5,300,158 7,904
	5,394,025	5,308,062

## 25 TRADE AND OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS

	2016 RMB'000	2015 RMB'000
Trade receivables	472,641	381,531
Bills receivable	215,978	324,500
Less: Allowance for doubtful debts	(73,833)	(52,171)
	614,786	653,860
Other receivables, deposits and prepayments	119,885	114,834
Less: Allowance for doubtful debts	(7,318)	(1,934)
	112,567	112,900
Purchase deposits (note (d))	491,774	396,915
Less: Allowance for non-delivery	(138,788)	(100,406)
	352,986	296,509
Financial assets at fair value through profit or loss (note 35(g)(i))	4,873	1,652
Amounts due from Beijing Jiuyi (note (e))	_	-
	1,085,212	1,064,921

All of the trade and other receivables, deposits and prepayments are expected to be recovered within one year.

## 25 TRADE AND OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS (continued)

#### **Transfers of financial assets**

#### (i) Transferred financial assets that are not derecognised in their entirety

As at 31 December 2016, the Group endorsed certain bank acceptance bills with a carrying amount of RMB57,340,000 (2015: RMB46,243,000) to suppliers for settling trade payables of the same amount on a full recourse basis. As the Group has not transferred the substantial risks and rewards relating to these bank acceptance bills, the Group's management determined not to derecognise the carrying amounts of these bills receivable and the associated trade payables settled.

#### (ii) Transferred financial assets that are derecognised in their entirety

As at 31 December 2016, the Group discounted certain bank acceptance bills to banks for cash proceeds and endorsed certain bank acceptance bills to suppliers for settling trade payables of the same amount on a full recourse basis. The Group has derecognised these bills receivable and the payables to suppliers in their entirety. These derecognised bank acceptance bills had a maturity date of less than six months from the end of the reporting period. The Group's management determined that the Group has transferred substantially all the risks and rewards of ownership of these bills and discharged its obligation of the payables to its suppliers, and the Group has limited exposure in respect of the settlement obligation of these bills receivable under the relevant PRC rules and regulations should the issuing banks fail to settle the bills on maturity date. The Group considered the issuing banks of the bills are of good credit rating and the non-settlement of these bills by the issuing banks on maturity is not probable.

As at 31 December 2016, the Group's maximum exposure to loss and undiscounted cash outflow, which is same as the amount payable by the Group to banks or suppliers in respect of the discounted bills and endorsed bills, should the issuing banks fail to settle the bills on maturity date, amounted to RMB65,695,000 and RMB40,926,000 (2015: RMB69,527,000 and RMB65,316,000) respectively.

#### (a) Ageing analysis

The ageing analysis of trade debtors and bills receivable (which are included in trade and other receivables), based on the invoice date and net of allowance for doubtful debts, is as follows.

	2016 RMB'000	2015 RMB'000
Within three months Over three months but less than six months Over six months but less than one year Over one year	472,066 114,222 18,448 10,050	395,181 207,906 31,055 19,718
At 31 December	614,786	653,860

For sales of gold, the Group requests customers to pay cash in full immediately upon the delivery. For sales of other metallic products, trade and bills receivables are due within 30 days to 180 days from the date of billing. Further details on the Group's credit policy are set out in note 35(a).

## 25 TRADE AND OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS (continued)

#### (b) Trade and bills receivables that are not impaired

The ageing analysis of trade and bills receivables that are neither individually nor collectively considered to be impaired are as follows:

	2016 RMB'000	2015 RMB'000
Neither past due nor impaired Less than one year past due Over one year past due	289,799 2,119 –	542,294 96,607 14,959
	291,918	653,860

Receivables that were neither not past due nor impaired relate to a wide range of customers for whom there was no recent history of default.

Receivables that were past due but not impaired relate to a number of independent customers for whom there is no recent history of default. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable. The Group does not hold any collateral over these balances.

#### (c) Impairment of trade and other receivables

Impairment losses in respect of trade and other receivables are recorded using an allowance account unless the Group is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against trade and other receivables directly (see note 1(k)(i)).

The movement in the allowance for doubtful receivables during the year is as follows:

	2016 RMB'000	2015 RMB'000
At 1 January Impairment loss recognised Impairment loss written off	54,105 35,472 (8,426)	15,952 38,153 –
At 31 December	81,151	54,105

At 31 December 2016, the Group's trade and other receivables of RMB64,135,000 (2015: RMB54,105,000) were individually determined to be impaired.

## 25 TRADE AND OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS (continued)

#### (d) Purchase deposits

Purchase deposits represent the amounts paid by the Group in advance to suppliers to secure timely and stable supply of mineral sand for the purposes of refining in future periods.

Impairment loss in respect of purchase deposits is recorded using an allowance account unless the Group is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against purchase deposits directly (see note 1(k)(i)).

The movement in the allowance for non-delivery of purchase deposits during the year is as follows:

	2016 RMB'000	2015 RMB'000
At 1 January Impairment loss recognised	100,406 38,382	30,707 69,699
At 31 December	138,788	100,406

At 31 December 2016, the Group assessed the recoverability of purchase deposits and concluded that purchase deposits of RMB138,788,000 (2015: RMB100,406,000) were individually determined to be impaired and therefore full provision was made. The management considered that appropriate procedures have been taken by the Group to assess the capabilities of the suppliers to supply mineral sand and expect that the remaining purchase deposits would be gradually recovered through future purchases of mineral sand from the respective suppliers.

#### (e) Amounts due from Beijing Jiuyi

	2016 RMB'000	2015 RMB'000
Amounts due from Beijing Jiuyi Less: Impairment losses	30,800 (30,800)	30,800 (30,800)
	_	-

The balance due from Beijing Jiuyi was relating to a compensation payment for a proposed acquisition in previous years. The Group determined that the balance of RMB30,800,000 would not be recoverable and accordingly, an impairment loss was provided.

## 26 ASSETS CLASSIFIED AS HELD FOR SALE

	2016 RMB'000	2015 RMB'000
Intangible assets	5,423	7,539

The Group entered into an agreement with a third party in previous year to dispose of certain exploration and evaluation assets at a consideration of RMB7,200,000. Nevertheless, certain assets transfer procedures are still in process and such disposal is expected to be completed in 2017. As a result, such exploration and evaluation assets are presented as assets classified as held for sale at a carrying amount of RMB5,423,000 at 31 December 2016.

## **27 PLEDGED DEPOSITS**

Pledged deposits can be analysed as follows:

	2016 RMB'000	2015 RMB'000
Guarantee deposits for issuance of letter of credit Guarantee deposits for bank and other borrowings Guarantee deposits for issuance of bank acceptance bills Guarantee deposits for futures contracts Others	14,971 73,630 56,000 3 13,670	28,146 10,400 42,110 31,511 10,661
	158,274	122,828

## 28 CASH AND CASH EQUIVALENTS

	2016 RMB'000	2015 RMB'000
Cash at bank and on hand	1,164,569	1,117,524

## 29 BANK AND OTHER BORROWINGS

The analysis of the carrying amount of bank and other borrowings is as follows:

		At	At
		31 December	31 December
		2016	2015
	Note	RMB'000	RMB'000
Short-term bank and other borrowings:			
– Bank loans		2,966,771	2,777,475
– Loan from a leasing company	(a)	30,000	
<ul> <li>Add: current portion of long-term bank and other borrowings</li> </ul>	()	259,000	994,224
			001,221
		3,255,771	3,771,699
Long-term bank and other borrowings:			
– Bank loans		1,721,738	1,653,020
<ul> <li>Loan from a leasing company</li> <li>Less: current portion of long-term bank and other</li> </ul>	(a)	355,000	-
borrowings		(259,000)	(994,224)
		1,817,738	658,796
		5,073,509	4,430,495

(a) During the year ended 31 December 2016, Wason Copper-Foil, a subsidiary of the Group, entered into a sales and leaseback agreement with a leasing company for machinery and equipment ("Secured Assets") amounting to RMB400,000,000 for a period of 7 years. Upon maturity, Wason Copper-Foil will be entitled to purchase the Secured Assets with no consideration. The Group considered that it was almost certain that Wason Copper-Foil would exercise this repurchase option. As substantial risk and rewards of the Secured Assets were retained by Wason Copper-Foil before and after these arrangements, the transaction was regarded as secured borrowings, rather than finance lease arrangement. As at 31 December 2016, Wason Copper-Foil had repaid RMB15,000,000 in accordance with the instalment payment schedule pursuant to the sales and leaseback agreement.

As at 31 December 2016, the outstanding loan from that leasing company amounting to RMB385,000,000 was secured by machinery and equipment with carrying amount of RMB389,238,000 and equity interests in Wason Copper-Foil.

## 29 BANK AND OTHER BORROWINGS (continued)

At 31 December 2016, the bank loans were repayable as follows:

	2016 RMB'000	2015 RMB'000
Within one year or on demand	3,255,771	3,771,699
Over one year but within two years Over two years but within five years Over five years	498,395 1,281,190 38,153	419,159 239,637 –
	1,817,738	658,796
	5,073,509	4,430,495

At 31 December 2016, the bank loans were secured as follows:

	2016 RMB'000	2015 RMB'000
Bank loans – Secured – Guaranteed – Unsecured	560,506 603,519 3,909,484	245,458 324,680 3,860,357
	5,073,509	4,430,495

At 31 December 2016, bank loans of the Group amounting to RMB175,506,000 (2015: RMB245,458,000) were secured by a mining right with the carrying amount of RMB81,637,000 (2015: RMB81,993,000) and equity interests in Full Gold established in the KR as disclosed in note 19(ii).

At 31 December 2016, bank loans of the Group amounting to RMB603,519,000 was guaranteed by Lingbao State-owned Assets Operation Company Limited ("Lingbao State-owned Assets") (2015: RMB324,680,000).

At 31 December 2016, a loan from a leasing company amounting to RMB385,000,000 was secured by machinery and equipment and equity interests in a subsidiary, details of which are set out in note 29(a).

#### **30 DEBENTURES**

On 25 March 2011, the Company issued five-year Medium Term Notes of RMB400 million to corporate investors in the PRC inter-bank debenture market. The notes are unsecured and repayable on 25 March 2016, and bear a floating interest rate, which is based on the one-year deposit rate of the People's Bank of China plus a margin of 2.95% per annum.

On 17 June 2011, the Company issued five-year Medium Term Notes of RMB300 million to corporate investors in the PRC inter-bank debenture market. The notes are unsecured and repayable on 16 June 2016, and bear a floating interest rate, which is based on the one-year deposit rate of the People's Bank of China plus a margin of 2.85% per annum.

The Company repaid all the Medium Term Notes upon their respective maturity dates during the year ended 31 December 2016.

## **31 TRADE AND OTHER PAYABLES**

#### Current trade and other payables:

	2016 RMB'000	2015 RMB'000
		(Note 41)
Bills payable Trade payables Other payables and accruals Payable for mining rights Deferred income <i>(note (a))</i> Dividend payable Payable to non-controlling interests <i>(note (b))</i> Financial liabilities at fair value through profit or loss	80,000 369,704 517,500 86,539 73,020 1,260 43,808 44	40,000 430,474 406,681 82,956 59,522 1,260 41,008
	1,171,875	1,061,901
<b>Non-current other payables</b> Decommissioning costs <i>(note (c))</i> Deferred income <i>(note (a))</i>	51,192 101,444 152,636	14,844 100,606 115,450

(a) Deferred income represents grants received from the government for the exploration of mines, construction of mining related assets and machinery of copper products. When certain conditions are met, the government grants are recognised as income over the periods necessarily to match them with the related costs of assets constructed which they are intended to compensate over the periods and in the proportion in which depreciation on those assets is charged.

- (b) Payable to non-controlling interests is unsecured, interest free and repayable on demand.
- (c) The decommissioning costs relate to reclamation and closure costs relating to the Group's mine operations. The decommissioning costs are calculated as the net present value of estimated future net cash flows of the reclamation and closure costs, discounted at 4.9%, which amounted to RMB51,192,000 (2015: RMB14,844,000) in total as at 31 December 2016.

## 31 TRADE AND OTHER PAYABLES (continued)

## The ageing analysis of trade payables (which are included in trade and other payables), based on the invoice date, is as follows:

	2016 RMB'000	2015 RMB'000
Within three months	318,557	381,304
Over three months but less than six months	18,585	30,504
Over six months but less than one year	10,056	4,627
Over one year but less than two years	11,622	8,425
Over two years	10,884	5,614
	369,704	430,474

## 32 LOAN FROM SHAREHOLDERS

The loan was provided by Lingbao State-owned Assets and assumed by the Group upon the acquisition of Wason Copper-Foil during the year ended 31 December 2008. The loan is unsecured, interest-free and repayable on demand.

## **33 CAPITAL AND RESERVE**

### (a) Movements in components of equity

The reconciliation between the opening and closing balances of each component of the Group's consolidated equity is set out in the consolidated statement of changes in equity. Details of the changes in the Company's individual components of equity between the beginning and the end of the year are set out below:

#### The Company

	Note	Share capital (note 33(b)) RMB'000	Share premium (note (i)) RMB'000	PRC Statutory reserves (note (ii)) RMB'000	Retained profits/ (accumulated losses) RMB'000	<b>Total equity</b> RMB'000

## 33 CAPITAL AND RESERVE (continued)

#### (a) Movements in components of equity (continued)

Notes:

(i) Share premium

The share premium represents the difference between the total amount of the par value of shares issued and the amount of the net proceeds received upon the global initial public offering. The application of the share premium account is governed by sections 167 and 168 of the PRC Company Law.

(ii) PRC statutory reserves

Transfers from retained earnings to the PRC statutory reserves were made in accordance with the relevant PRC rules and regulations and articles of association of the Company and its subsidiaries incorporated in the PRC.

The Company and the subsidiaries incorporated in the PRC are required to transfer 10% of their net profit, as determined in accordance with the PRC accounting standards and regulations, to the statutory surplus reserve (the "SSR") until the reserve balance reaches 50% of the registered capital. Subject to certain restrictions as set out in the relevant PRC regulations, the SSR may be converted to increase the share capital of the Company, provided that the remaining balance after the capitalisation is not less than 25% of the registered share capital.

Pursuant to the relevant regulations in the PRC, the Group is required to provide for safety production fund based on volume of ores excavated and sales amount of certain products.

For the year ended 31 December 2016, the Company transferred RMB19,565,000 (2015: RMB21,657,000) from retained earnings to specific reserve for the provision for the safety production fund, and transferred RMB19,565,000 (2015: RMB21,657,000) from reserves to retained earnings for the utilisation of the safety production fund according to relevant PRC regulations.

(iii) Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of overseas operations. The reserve is dealt with in accordance with the accounting policies set out in note 1(y).

(iv) Other reserve

The excess of purchase consideration on acquisition of non-controlling interests over the carrying value of the share of net assets acquired are charged to other reserve.

## 33 CAPITAL AND RESERVE (continued)

#### (b) Share capital

	2016		2015	5
	Number of		Number of	
	shares	shares RMB'000 shares RMB'		
Registered, issued and fully paid:				
Domestic shares of RMB0.20 each	472,975,091	94,595	472,975,091	94,595
H shares of RMB0.20 each	297,274,000	59,455	297,274,000	59,455
At 1 January and 31 December	770,249,091	154,050	770,249,091	154,050

The holders of Domestic shares and H shares are entitled to receive dividends as and when declared by the Company. All Domestic shares and H shares are ordinary shares and rank pari passu with the same rights and benefits.

#### (c) Statutory reserve – specific reserve

Pursuant to the relevant regulations in the PRC, the Group is required to provide for safety production fund based on volume of ores excavated and sales amount of certain products.

For the year ended 31 December 2016, the Group transferred RMB31,143,000 (2015: RMB33,161,000) from retained earnings to specific reserve provision for the safety production fund and transferred RMB31,143,000 (2015: RMB33,161,000) from specific reserve to retained earnings for the utilisation of the safety production fund according to relevant PRC regulations.

As at 31 December 2016, the consolidated retained profits included an appropriation of RMB62,226,000 (2015: RMB50,310,000) to PRC statutory reserve made by the subsidiaries of the Group.

#### (d) Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

Consistent with industry practice, the Group monitors its capital structure on the basis of a net debt-toadjusted capital ratio. For this purpose the Group defines net debt as total debt (which includes bank loans, other loans, trade and other payables less cash and cash equivalents and pledged deposits). Adjusted capital comprises all components of equity attributable to equity shareholders of the Company less unaccrued proposed dividends.

In order to maintain or adjust the ratio, the Group may adjust the amount of dividends payable to shareholders, issue new shares, return capital to shareholders, raise new debt financing or sell assets to reduce debt.

## 33 CAPITAL AND RESERVE (continued)

## (d) Capital management (continued)

The net debt-to-adjusted capital ratio at 31 December 2016 and 2015 was as follows:

	Note	2016 RMB'000	2015 RMB'000
Current liabilities;			
– Bank and other borrowings	29	3,255,771	3,771,699
– Debenture payable	30	-	700,000
– Trade and other payables	31	1,171,875	1,061,901
- Loan from shareholders	32	23,800	23,800
		4,451,446	5,557,400
Non-current liabilities:			
- Bank and other borrowings	29	1,817,738	658,796
– Other payables	31	152,636	115,450
		4 070 074	774.040
		1,970,374	774,246
Tatal dalat		C 404 000	0.001.040
Total debt Less: Cash and cash equivalents	28	6,421,820 (1,164,569)	6,331,646 (1,117,524)
Pledged deposits	20	(1,104,309)	(1,117,324) (122,828)
	21	(100,214)	(122,020)
Adjusted net debt		5,098,977	5,091,294
Total equity attributable to equity shareholders of			
the Company		1,119,144	1,219,448
Adjusted net debt-to-capital ratio		456%	418%

There were no changes in the Group's approach to capital management during the year.

Neither the Company nor any of its subsidiaries are subject to externally imposed capital requirements.

## 34 COMMITMENTS AND CONTINGENCIES

(a) Capital commitments, representing purchase of property, plant and equipment and intangible assets outstanding at 31 December 2016 not provided for in the financial statements, were as follows:

	2016 RMB'000	2015 RMB'000
Authorised and contracted for Authorised but not contracted for	43,283 215,429	165,173 287,954
	258,712	453,127

(b) At 31 December 2016, the total future minimum lease payments under non-cancellable operating leases are payable as follows:

	2016 RMB'000	2015 RMB'000
Within one year After one year but within five years After five years	2,700 9,137 2,311	2,951 9,051 1,925
	14,148	13,927

The Group is the lease in respect of a number of properties under operating leases. The leases typically run for an initial period of one to ten years, with an option to renew the lease when all terms are renegotiated. None of the leases includes contingent rentals.

## 34 COMMITMENTS AND CONTINGENCIES (continued)

#### (c) Financial guarantees issued

As at 31 December 2016, the Company has issued the following guarantees:

- guarantees to certain banks in respect of loans granted to a subsidiary, Wason Copper-Foil, of RMB135,637,000 (2015: RMB149,289,000);
- (ii) guarantees to certain leasing company in respect of a leaseback agreement of a subsidiary, Wason Copper-Foil, amounting to RMB385,000,000 (2015: nil); and
- (iii) guarantees to certain banks in respect of loans granted to a subsidiary, Full Gold, of USD55,700,000 (RMB equivalent 386,391,000) (2015: RMB equivalent 368,187,000).

The management do not consider it probable that a claim will be made against the Company under any of the guarantees. The maximum liability of the Company at the end of the reporting period under the guarantees issued is the outstanding loans granted to the subsidiaries of the Company.

Except for the above guarantees, the Group or the Company does not provide any other guarantees which would expose the Group or the Company to credit risk.

## 35 FINANCIAL RISK MANAGEMENT AND FAIR VALUES

Exposure to credit, liquidity, interest rate, gold price, other commodity price and foreign currency risks arises in the normal course of the Group's business. The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

#### (a) Credit risk

The carrying amounts of cash and cash equivalents, pledged deposits, trade and other receivables, deposits and prepayments and investment deposit represent the Group's maximum exposure to credit risk in relation to these financial assets. Substantially all of the Group's cash and cash equivalents and deposits are held in major financial institutions located in Hong Kong and mainland China, which management believes are of high credit quality.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The default risk of the industry and country in which customers operate also has an influence on credit risk but to a lesser extent.

#### (a) Credit risk (continued)

The Group's major customers are Shanghai Gold Exchange and metallurgical companies in the PRC, which accounted for significant amounts of the Group's total revenues during the year.

For sales of gold, the Group has no significant credit risk as the transaction amounts of sales of gold are required to be settled immediately upon the delivery.

For sales of other metallic products, the Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis and the Group's exposure to bad debt is not significant. Normally, the Group does not obtain collateral from customers. The Group has certain concentration of credit risk on trade receivables as 9% (2015: 9%) and 33% (2015: 29%) of the total trade receivables was due from the Group's largest customer and the five largest customers other than Shanghai Gold Exchange respectively as at 31 December 2016.

In addition, the Group made purchase deposits of RMB352,986,000 (net of provision) (2015: RMB296,509,000) at 31 December 2016 to suppliers to secure its supplies of mineral sand which is the major raw materials in the smelting process. The balance represented 9.88% (2015: 7.76%) of the total current assets at 31 December 2016. The purchase deposits will be recovered through purchases from these suppliers in future periods. In the event that these suppliers ceased to provide mineral sand to the Group, the Group may expose itself to significant credit risk arising from the recoverability of the purchase deposits and hence the profitability will be adversely affected.

As at 31 December 2016, the Group's purchase deposits of RMB138,788,000 (2015: RMB100,406,000) were individually determined to be impaired (see note 25(d)). Management of the Group will continue to monitor the progress of the recoverability of the purchase deposits and chase for settlement of the outstanding balances from the suppliers regularly.

In 2009, impairment losses on investment deposit of RMB80,000,000 (see note 21) and other receivables of RMB30,800,000 (see note 25(e)) were made in the consolidated financial statements. Management of the Group will continue to monitor the progress of the recoverability of the investments and chase for settlement of the outstanding balances from the debtor regularly. Management considers to carry out due diligence work on the proposed acquisition before investment decision is made in order to reduce the related credit risk.

## (a) Credit risk (continued)

The maximum exposure to credit risk without taking account of any collateral held is represented by the carrying amount of each financial asset in the consolidated statement of financial position after deducting any impairment allowance, and discounted and endorsed bills with full recourse which were derecognised by the Group (see note 25).

Except for the financial guarantees given by the Company to the subsidiaries of the Company as set out in note 34(c), the Group does not provide any other guarantees which would expose the Group to credit risk.

Further quantitative disclosures in respect of the Group's exposure to credit risk arising from trade and other receivables and purchase deposits are set out in note 25.

#### (b) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as and when they fall due. The Group's approach in managing liquidity is to ensure, as far as possible, that it will always have sufficient funding to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk damage to the Group's reputation.

The Group closely monitors cash flow requirements and optimising its cash return. The Group prepares cash flow forecasts and ensures it has sufficient cash for the servicing of operation, financial, and capital obligations. This excludes the potential impact of extreme circumstances that cannot be reasonably predicted, such as natural disasters.

Other than discounted and endorsed bills with full recourse which were derecognised by the Group (see note 25), the following table details the remaining contractual maturities at the end of the reporting period of the Group's non-derivative financial liabilities and derivative financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group can be required to pay:

		2016 Contractual undiscounted cash outflow						2015 Contractual undiscounted cash outflow			
		More	More					More	More		
		than	than					than	than		
	Within	1 year	2 years				Within	1 year	2 years

	4,467,795	563,773	1,152,117	240,805	6,424,490	6,122,939	5,614,713	440,706	246,023	6,301,442	6,136,707

## (b) Liquidity risk (continued)

#### (c) Interest rate risk

The Group's interest rate risk arises primarily from interest-bearing borrowings. Borrowings issued at variable rates and at fixed rates expose the Group to cash flow interest rate risk and fair value interest rate risk respectively. Management monitors interest rate exposures and will consider hedging significant interest rate risk should the need arise. The Group's interest rate profile as monitored by management is set out below.

#### (i) Interest rate profile

The following table details the interest rate profile of the Group's net borrowings at the end of the reporting period, after taking into account the effect of swap contracts.

## (c) Interest rate risk (continued)

#### (i) Interest rate profile (continued)

	20	16	2015		
	Interest rate		Interest rate		
	%	RMB'000	%	RMB'000	
Net fixed rate borrowings:					
Bank loans	2.20~5.75	3,253,647	2.00~6.15	2,749,818	
Net variable rate borrowings:					
Bank loans	2.95~5.13	1,819,862	1.81~5.25	1,680,677	
Trade and other payables	2.55	1,189	1.80	1,486	
Debenture payable	-	-	4.85~5.45	700,000	
Less: Cash and cash equivalents	0.00~4.10	(1,162,469)	0.00~4.10	(1,115,489)	
Pledged deposits	0.05~2.50	(158,274)	0.05~3.90	(122,828)	
		500,308		1,143,846	
Total net borrowings		3,753,955		3,893,664	
Net fixed rate borrowings as a percentage of					
total net borrowings		87%		71%	

#### (ii) Sensitivity analysis

The Group does not account for any fixed rate borrowings at fair value through profit or loss. Therefore a change in interest rate at the reporting date would not affect profit or loss.

As at 31 December 2016, it is estimated that a general increase/decrease of 100 basis points in variable interest rates, with all other variables held constant, would increase/decrease the Group's net loss for the year and decrease/increase the Group's retained earnings by approximately RMB5,038,000 (decrease/increase the Group's net profit and retained earnings for 2015: RMB9,678,000). This sensitivity analysis has been determined assuming that the change in interest rates had occurred at the end of reporting period and the change was applied to the Group's variable rate borrowings at that date with exposure to cash flow interest rate risk. The impact on the Group's loss after tax (2015: loss after tax) and retained earnings is estimated as an annualised impact on interest expense or income of such a change in interest rates. The analysis is performed on the same basis for 2015.

## (d) Commodity price risk

Gold price risk arises from the risk of an adverse effect on current or future earnings resulting from fluctuations in the price of gold.

The Group entered into forward and futures contracts for the sale of gold. All forward and future commodity contracts can only be carried out under the approval of the General Manager's Office which is composed of top management of the Company and established by the board of directors of the Company. As approved by the board of directors of the Company, the holding position of gold underlying the exposure positions of forward and future contracts should not exceed certain percentage of annual gold planned production volume of the Group, respectively. In addition, the price range of the forward and future commodity contracts is closely monitored by the General Manager's Office. As at 31 December 2016 and 2015, most forward and future commodity contracts had been closed out.

Accordingly, a reasonably possible fluctuation of 10% in commodity prices would have no significant impact on the Group's net profit and retained earnings for the year.

## (e) Foreign currency risk

The Group is exposed to currency risk primarily through bank deposits, trade and other receivables, trade and other payables and bank loans that are denominated in a currency other than the functional currency of the operations to which they relate. The currencies giving rise to this risk are primarily United States dollars ("USD"). In addition, as the Hong Kong dollar ("HKD") is pegged to the USD, the Group considers the risk of movements in exchange rates between the HKD and the USD to be insignificant.

## (i) Exposure to currency risk

The following table details the Group's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the functional currency of the entities to which they relate. For presentation purposes, the amounts of the exposure are shown in Renminbi, translated of the financial statements of foreign operations into the Group's presentation currency.

	Exposure to foreign currency (expressed in Renminbi)			
	2016	2015		
	USD	USD		
	RMB'000	RMB'000		
Trade and other receivables Cash and cash equivalents	22,591 77,856	20,175 66,331		
Trade and other payables Bank loans	(4,126) (603,519)	(8,866) (324,680)		
Overall net exposure	(507,198)	(247,040)		

#### (e) Foreign currency risk (continued)

#### (ii) Sensitivity analysis

The following table indicates the instantaneous change in the Group's loss after tax (2015: loss after tax) and retained profits that would arise if foreign exchange rates to which the Group has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant.

	20	)16	2015		
		Decrease/		Decrease/	
		(increase)		(increase)	
		in loss		in loss	
	Increase/	after tax and	Increase/	after tax and	
	(decrease)	(decrease)/	(decrease)	(decrease)/	
	in foreign	increase	in foreign	increase	
	exchange	in retained	exchange	in retained	
	rates	profits	rates	profits	
	%	RMB'000	%	RMB'000	
	0	(11.040)	0	(5.450)	
USD	3	(11,248)	3	(5,456)	
	(3)	11,248	(3)	5,456	

Result of the analysis as presented in the above table represent an aggregation of the instantaneous effects on each of the Group entities' profit or loss after tax (2015: profit or loss after tax) and equity measured in the respective functional currencies, translated into Renminbi at the exchange rate ruling at the end of the reporting period for presentation purposes.

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments held by the Group which expose the Group to foreign currency risk at the end of the reporting period, including inter-company payables and receivables within the Group which are denominated in a currency other than the functional currencies of the lender or the borrower. The analysis excludes differences that would result from the translation of the financial statements of foreign operations in the Group's presentation currency. The analysis is performed on the same basis for 2015.

### (f) Business risk

During the year ended 31 December 2016, the Group's supplies of direct materials from independent third parties for smelting segment represent 93.9% (2015: 92.3%) of the Group's total direct materials, in which, the top five suppliers in 2016 represent 28.6% (2015: 23.9%) of the Group's total direct materials. Although the Group believes that it maintains good relationships with its suppliers, there can be no assurance that its suppliers will continue to sell to the Group on normal commercial terms as and when needed. In the event that these suppliers cease to sell to the Group and the Group could not secure other sources of supply, the Group's revenue and profitability will be adversely affected.

#### (g) Fair value measurement

#### (i) Financial assets and liabilities carried at fair value

#### Fair value hierarchy

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

The Group has a team headed by the finance manager performing valuations for the financial instruments. The team reports directly to the chief financial officer and the audit committee. A valuation report with analysis of changes in fair value measurement is prepared by the team at each interim and annual reporting date, and is reviewed and approved by the chief financial officer. Discussion of the valuation process and results with the chief financial officer and the audit committee is held twice a year, to coincide with the reporting dates.

#### (g) Fair value measurement (continued)

through profit or loss:							
<ul> <li>Futures commodity contracts</li> </ul>	1,652	1,652	-	-			

Valuation techniques and inputs used in Level 2 fair value measurements

The fair value of forward exchange contracts included in financial assets is determined by discounting the difference between the contractual exercise price and the market forward price. The discount rate used is derived from the relevant government yield curve as at the end of the reporting period.

The fair value of interest rate swaps is the estimated amount that the group would receive or pay to terminate the swap at the end of the reporting period, taking into account current interest rates and the current creditworthiness of the swap counterparties.

During the years ended 31 December 2015 and 2016, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

#### (g) Fair value measurement (continued)

#### (ii) Fair values of financial assets and liabilities carried at other than fair value

The carrying amounts of the Group's financial instruments carried at cost or amortised cost are not materially different from their fair values as at 31 December 2015 and 2016.

#### **36 SEGMENT REPORTING**

The Group manages its businesses by divisions, which are organised by a mixture of business lines (production processes, products and services) and geography. In a manner consistent with the way in which information is reported internally to the Group's most senior executive management for the purposes of resource allocation and performance assessment, the Group has presented the following four reportable segments. Operating segments with similar nature of the production process, products and services have been aggregated to form the following reportable segments.

Mining – PRC	-	Gold mining and mineral ores processing operations in the PRC.
Mining – KR	-	Gold mining and mineral ores processing operations in the KR.
Smelting	-	Gold and other metal smelting and refinery operations carried out in the PRC.
Copper processing	_	Copper processing operation carried out in the PRC.

#### (a) Segment results, assets and liabilities

For the purposes of assessing segment performance and allocating resources between segments, the Group's senior executive management monitors the results, assets and liabilities attributable to each reportable segment on the following bases:

Segment assets include all tangible assets, intangible assets, deferred tax assets and current assets with the exception of investments in financial assets and other corporate assets managed by head office. Segment liabilities include trade creditors and accruals attributable to the activities of the individual segments, deferred tax liabilities and bank and other borrowings managed directly by the segments with the exception of bank borrowings managed by head office.

Revenue and expenses are allocated to the reportable segments with reference to sales generated by those segments and the expenses incurred by those segments or which otherwise arise from the depreciation or amortisation of assets attributable to those segments. However, other than reporting inter-segment sales of goods, assistance provided by one segment to another, including sharing of assets and technical know-how, is not measured.

## 36 SEGMENT REPORTING (continued)

## (a) Segment results, assets and liabilities (continued)

Information regarding the Group's reportable segments as provided to the Group's most senior executive management for the purposes of resource allocation and assessment of segment performance for the years ended 31 December 2016 and 2015 is set out below.

	Mining	- PRC	Mining	g – KR	Smelting		Copper processing		Total	
	2016	2015	2016	2015	2016	2015	2016	2015	2016	2015
	RMB'000	RMB'000	RMB'000	RMB'000						
Revenue from external customers	128,675	42,325	26,055	-	4,730,935	4,732,610	1,179,628	990,863	6,065,293	5,765,798

## 36 SEGMENT REPORTING (continued)

## (b) Reconciliations of reportable segment revenues, profit or loss, assets and liabilities

	2016 RMB'000	2015 RMB'000
Revenue		
Reportable segment revenue Elimination of inter-segment revenue	7,004,545 (949,925)	6,864,425 (1,107,831)
Consolidated revenue	6,054,620	5,756,594
Profit or loss		
Reportable segment profit Elimination of inter-segment profits	338,156 541	82,349 (2,597)
Reportable segment profit derived from the Group's external customers Other net loss Finance costs Unallocated head office and corporate expenses	338,697 (127,216) (230,232) (59,003)	79,752 (140,877) (245,358) (48,434)
Consolidated loss before taxation	(77,754)	(354,917)
Assets		
Reportable segment assets Elimination of inter-segment receivables Elimination of unrealised profits	6,305,303 (342,836) (12,086) 5,950,381	6,465,752 (364,574) (13,358) 6,087,820
Interest in associates Other financial assets Cash and cash equivalents managed by head office Unallocated head office and corporate assets	8,600 40,504 882,996 607,302	- 19,714 911,171 489,434
Consolidated total assets	7,489,783	7,508,139

## 36 SEGMENT REPORTING (continued)

## (b) Reconciliations of reportable segment revenues, profit or loss, assets and liabilities (continued)

	2016 RMB'000	2015 RMB'000
Liabilities		
Reportable segment liabilities Elimination of inter-segment payables	5,190,797 (342,836) 4,847,961	5,171,441 (364,574) 4,806,867
Unallocated head office and corporate liabilities	1,590,218	1,528,792
Consolidated total liabilities	6,438,179	6,335,659

## **37 RELATED PARTY TRANSACTIONS**

Particulars of transactions with related parties during the year ended 31 December 2016 are as follows:

## (a) Transactions with state-controlled entities in the PRC

During the period from 1 January 2016 to 21 December 2016, the Group was a state-controlled entity and operated in an economic regime currently dominated by entities directly or indirectly controlled by the PRC government ("state-controlled entities") through its government authorities, agencies, affiliations and other organisations.

Transactions with other state-controlled entities included but were not limited to the following:

- sales and purchase of goods and ancillary materials;
- rendering and receiving of utilities and other services;
- purchase of property, plant and equipment; and
- depositing and obtaining financial facilities.

These transactions were conducted in the ordinary course of the Group's business on terms comparable to those with other entities that were not state-controlled. The Group had established its buying, pricing strategy and approval process for purchases and sales of products and services. Such buying, pricing strategy and approval processes did not depend on whether the counterparties were state-controlled entities or not.

## 37 RELATED PARTY TRANSACTIONS (continued)

#### (a) Transactions with state-controlled entities in the PRC (continued)

Having considered the transactions potentially affected by related party relationships, the Group's pricing strategy, procurement policies and approval processes, and the information that would be necessary for an understanding of the potential effect of the related party relationship on the financial statements, the directors were of the opinion that the following related party transactions required disclosure of numeric details:

#### Transactions with state-controlled banks

The Group deposits its cash with several state-controlled banks in the PRC. The Group also obtains shortterm and long-term loans from these banks in the ordinary course of business. The interest rates of the bank deposits and loans are regulated by the People's Bank of China. The Group's interest income generated from and interest expenses incurred to these state-controlled banks in the PRC are as follows:

	2016 RMB'000	2015 RMB'000
Interest income	11,454	7,387
Interest expenses	225,980	198,313

The amounts of cash deposited at and loans from state-controlled banks in the PRC included in the following account captions are summarised as follows:

	At 31 December 2016 RMB'000	At 31 December 2015 RMB'000
Pledged deposits at state-controlled banks in the PRC	153,820	91,300
Cash and cash equivalents at state-controlled banks in the PRC	1,154,420	1,077,310
Short-term loans and current portion of long-term loans	3,225,771	3,726,111
Long-term loans excluding current portion of long-term loans	1,462,738	658,796
Total loans from state-controlled banks in the PRC	4,688,509	4,384,907

Due to the change of equity shareholders of the Group, state-controlled entities in the PRC ceased to be related parties of the Group since 22 December 2016. The connected transactions with the state-controlled entities in the PRC comprised only transactions with the Group conducted during the period when they were related parties of the Group.

## 37 RELATED PARTY TRANSACTIONS (continued)

#### (b) Key management personnel remuneration

Remuneration for key management personnel of the Group, including amounts paid to the Company's directors and supervisors as disclosed in note 9 is as follows:

	2016 RMB'000	2015 RMB'000
Short-term employee benefits Post-employment benefits	3,294 242	2,944 186
	3,536	3,130

Total remuneration is included in "staff costs" (see note 6).

## 38 ACCOUNTING ESTIMATES AND JUDGEMENTS

#### Key sources of estimation uncertainty

Key sources of estimation uncertainty are as follows:

#### (i) Depreciation and amortisation of mining related assets and reserves estimates

As explained in notes 1(h) and 1(i), mining shafts, mining rights and mining development assets are depreciated and amortised using the units of production method based on the proved and probable mineral reserves.

Engineering estimates of the Group's gold reserves are inherently imprecise and represent only approximate amounts because of the subjective judgements involved in developing such information. There is a national standard set by the PRC Government regarding the engineering criteria that have to be met before estimated gold reserves can be designated as "proved and probable". Proved and probable gold reserve estimates are updated at regular basis and have taken into account recent production and technical information about each mine. In addition, as prices and cost levels change from year to year, the estimate of proved and probable gold reserves also changes. This change is considered a change in estimate for accounting purposes and is reflected on a prospective basis in related depreciation rates.

Despite the inherent imprecision in these engineering estimates, these estimates are used in determining depreciation and amortization expenses and impairment losses. Depreciation rates are determined based on estimated proved and probable gold reserve quantity (the denominator) and capitalised costs of mining shafts and mining rights (the numerator). The capitalised cost of mining shafts and mining rights are amortised based on the units of gold produced.

## 38 ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

#### Key sources of estimation uncertainty (continued)

#### (ii) Impairments

In considering the impairment losses that may be required for certain of the Group's assets which include property, plant and equipment, construction in progress, lease prepayments, intangible assets, goodwill, investments in equity securities with no quoted price in an active market and investments in its subsidiaries, recoverable amount of the assets need to be determined. The recoverable amount is the greater of the net selling price and the value in use. It is difficult to precisely estimate selling price because quoted market prices for these assets may not be readily available. In determining the value in use, expected cash flows generated by the assets are discounted to their present value, which requires significant judgement relating to items such as level of sales volume, selling price and the amount of operating costs. The Group uses all readily available information in determining an amount that is a reasonable approximation of recoverable amount, including estimates based on reasonable and supportable assumptions and projections of items such as sales volume, selling price and the amount of operating costs.

In considering the impairment losses that may be required for current receivables, future cashflows need to be determined. One of the key assumptions that has to be applied is about the ability of the debtors to settle the receivables. Despite that the Group has used all available information to make this estimation, inherent uncertainty exists and actual write-offs may be higher than the amount estimated.

#### (iii) Net realisable value of inventories

Inventories are carried at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated cost necessary to make the sale. In estimating the net realisable value, future cashflows need to be determined. One of the key estimates that has to be made is about the future selling price, it is possible that the recent selling price is not indicative of the future selling price. Any increase or decrease in selling price would affect profit or loss in future years.

## 38 ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

### Key sources of estimation uncertainty (continued)

#### (iv) Depreciation

Other than the mining shafts, mining rights and mining development assets, property, plant and equipment and other intangible assets are depreciated on a straight-line basis over the estimated useful lives of the assets, after taking into account the estimated residual value. The Group reviews annually the useful life of an asset and its residual value, if any. The useful lives are based on the Group's historical experience with similar assets and taking into account anticipated technological changes. The depreciation expense for future periods is adjusted if there are significant changes from previous estimation.

#### (v) Recognition of deferred tax assets

Deferred tax assets carried forward are recognised and measured based on the expected manner of realisation or settlement of the carrying amount of the assets, using tax rates enacted or substantively enacted at the end of the reporting period. In determining the carrying amounts of deferred tax assets, expected taxable profits are estimated which involves a number of assumptions relating to the operating environment of the Group and requires significant level of judgement exercised by the directors. Any change in such assumptions and judgement would affect the carrying amounts of deferred tax assets to be recognised and hence the net profit in future years.

<b>39</b>	COMPANY-LEVEL STATEMENT OF FINANCIAL POSITION

## 40 NON-ADJUSTING EVENTS AFTER THE REPORTING PERIOD

On 25 January 2017, the Company's smelting branch in Lingbao City, Henan Province received an "Emergency notice in relation to immediate suspension of production of enterprises involving emission of heavy metals pollutant" ("關於對轄區內涉及含重金屬污染物排放企業立即進行停產整治的緊急通知") (the "Emergency Notice") issued by Lingbao Municipal Environmental Protection Commission Office ("靈寶市環境保護委員會辦公室") (the "Commission"). Due to the excessive levels of emission of heavy metals pollutant in the Hongnongjian river, Yangping river and Zaoxiang river, there is a serious threat to the water quality of the downstream Sanmenxia reservoir. With effect from the date of the Emergency Notice, the Commission ordered the suspension of the production of seven enterprises including the Company's smelting branch to eliminate the pollution and restore the river water quality and safety.

Since the above suspension, the Company has actively carried out rectification work and upgraded the pollution control facilities. After the Commission's on-site inspection of the Company smelting branch, the Company received a notice from the Commission on 20 March 2017 to relieve the suspension of production of the Company smelting branch and allows the Company to start the trial production.

## 41 COMPARATIVE FIGURES

Certain items in the comparative figures have been reclassified to conform with the current year's presentation to facilitate comparison.

## 42 POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 DECEMBER 2016

Up to the date of issue of these financial statements, the HKICPA has issued the following amendments, new standards and interpretations which are not yet effective for the year ended 31 December 2016 and which have not been adopted in these financial statements. These include the following which may be relevant to the Group.

	Effective Date
	(for annual) financial statements
	covering periods
	beginning on or
	after unless specified)
Amendments to HKAS 7, Statement of cash flows: Disclosure Initiative	1 January 2017
Amendments to HKAS 12, Income taxes: Recognition of deferred tax assets for	
unrealised losses	1 January 2017
HKFRS 9, Financial instruments	1 January 2018
HKFRS 15, Revenue from contracts with customers	1 January 2018
Amendments to HKFRS 2, Share-based payment: Classification and measurement of	
share-based payment transactions	1 January 2018
HKFRS 16, Leases	1 January 2019

The Group is in the process of making an assessment of what the impact of these amendments is expected to be in the period of initial application. So far the Group has identified some aspects of the new standards which may have an impact on the consolidated financial statements. Further details of the expected impacts are discussed below. As the Group has not completed its assessment, further impacts may be identified in due course and will be taken into consideration when determining whether to adopt any of these new requirements before their effective date and which transitional approach to take, where there are alternative approaches allowed under the new standards.

## 42 POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 DECEMBER 2016 (continued)

#### **HKFRS 9** Financial instruments

HKFRS 9 will replace the current standard on accounting for financial instruments HKAS 39, *Financial instruments: Recognition and measurement*. HKFRS 9 introduces new requirements for classification and measurement of financial assets, calculation of impairment of financial assets and hedge accounting. On the other hand, HKFRS 9 incorporates without substantive changes the requirements of HKAS 39 for recognition and derecognition of financial instruments and the classification of financial liabilities. Expected impacts of the new requirements on the Group's financial statements are as follows:

#### (a) Classification and measurement

HKFRS 9 contains three principal classification categories for financial assets: measured at (1) amortised cost, (2) fair value through profit or loss (FVTPL) and (3) fair value through other comprehensive income (FVTOCI) as follows:

- The classification for debt instruments is determined based on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the asset. If a debt instrument is classified as FVTOCI then effective interest, impairments and gains/losses on disposal will be recognised in profit or loss.
- For equity securities, the classification is FVTPL regardless of the entity's business model. The only
  exception is if the equity security is not held for trading and the entity irrevocably elects to designate
  that security as FVTOCI. If an equity security is designated as FVTOCI then only dividend income on
  that security will be recognised in profit or loss. Gains, losses and impairments on that security will be
  recognised in other comprehensive income without recycling.

Based on the preliminary assessment, the Group expects that its financial assets currently measured at amortised cost and FVTPL will continue with their respective classification and measurements upon the adoption of HKFRS 9.

The classification and measurement requirements for financial liabilities under HKFRS 9 are largely unchanged from HKAS 39, except that HKFRS 9 requires the fair value change of a financial liability designated at FVTPL that is attributable to changes of that financial liability's own credit risk to be recognised in other comprehensive income (without reclassification to profit or loss). The Group currently does not have any financial liabilities designated at FVTPL and therefore this new requirement may not have any impact on the Group on adoption of HKFRS 9.

#### (b) Impairment

The new impairment model in HKFRS 9 replaces the "incurred loss" model in HKAS 39 with an "expected credit loss" model. Under the expected credit loss model, it will no longer be necessary for a loss event to occur before an impairment loss is recognised. Instead, an entity is required to recognise and measure expected credit losses as either 12-month expected credit losses or lifetime expected credit losses, depending on the asset and the facts and circumstances. This new impairment model may result in an earlier recognition of credit losses on the Group's trade receivables and other financial assets. However, a more detailed analysis is required to determine the extent of the impact.

## 42 POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 DECEMBER 2016 (continued)

#### **HKFRS 15** Revenue from contracts with customers

HKFRS 15 establishes a comprehensive framework for recognising revenue from contracts with customers. HKFRS 15 will replace the existing revenue standards, HKAS 18, *Revenue*, which covers revenue arising from sale of goods and rendering of services, and HKAS 11, *Construction contracts*, which specifies the accounting for revenue from construction contracts. The Group is currently assessing the impacts of adopting HKFRS 15 on its financial statements. Based on the preliminary assessment, the Group has identified the following area which is likely to be affected:

#### (a) Sales with a right of return

Currently when the customers are allowed to return the products, the Group estimates the level of returns and makes an adjustment against revenue and cost of sales. The Group expects that the adoption of HKFRS 15 will not materially affect how the Group recognises revenue and cost of sales when the customers have a right of return. However, the new requirement to recognise separately a return asset for the products expected to be returned will impact the presentation in the consolidated statement of financial position as the Group currently adjusts the carrying amounts of inventory for the expected returns, instead of recognising a separate asset.

#### **HKFRS 16** Leases

As disclosed in note 34(b), the Group enters into some leases as the lessee.

HKFRS 16 will primarily affect the Group's accounting as a lessee of leases for properties, plant and equipment which are currently classified as operating leases. The application of the new accounting model is expected to lead to an increase in both assets and liabilities and to impact on the timing of the expense recognition in the statement of profit or loss over the period of the lease. As disclosed in note 34(b), at 31 December 2016 the Group's future minimum lease payments under non-cancellable operating leases amount to RMB14,148,000 for properties and other assets, the majority of which is payable either between 1 and 5 years after the reporting date or in more than 5 years. Some of these amounts may therefore need to be recognised as lease liabilities, with corresponding right-of-use assets, once HKFRS 16 is adopted. The Group will need to perform a more detailed analysis to determine the amounts of new assets and liabilities arising from operating lease commitments on adoption of HKFRS 16, after taking into account the applicability of the practical expedient and adjusting for any leases entered into or terminated between now and the adoption of HKFRS 16 and the effects of discounting.

## **FIVE YEARS SUMMARY**
