**VOLUNTARY ANNOUNCEMENT  
REALISATION OF FINANCE LEASE RECEIVABLES**

The Board is pleased to announce that on 23 June 2017, each of the SPCs, a wholly-owned subsidiary of the Company, completed the Realisation Transaction with the Trust respectively in relation to each of the five Aircraft under the respective Aircraft Lease Agreement and the Company recorded a gain on disposal of the FLR.

The Realisation Transaction has constituted a recurrent business of the Group, enabling more efficient use of the Group's equity and debt financing arrangement. Such business model enables the Group to expand its business without relying too much on equity growth. The Realisation Transaction again demonstrates the Group's continued innovation on its rental realisation products which advances the aviation finance sector of the nation, while further cementing the Group's already-diversified financing channels and enhancing its capital liquidity.

The announcement is made on a voluntary basis by the Company.

**REALISATION OF THE FLR**

The Board is pleased to announce that on 23 June 2017, each of the SPCs, a wholly-owned subsidiary of the Company, completed the Realisation Transaction with the Trust respectively.

Pursuant to the FLR Transaction Documents, each of the SPCs agreed to sell and the Trust agreed to purchase the FLR in relation to each of the five Aircraft under the respective Aircraft Lease Agreement.

**REASONS FOR AND BENEFITS FROM THE REALISATION OF THE FLR**

The Group is principally engaged in aircraft leasing business. The Realisation Transaction has constituted a recurrent business of the Group, enabling more efficient use of the Group's equity and debt financing arrangement. Such business model enables the Group to expand its business without relying too much on equity growth. The Realisation Transaction again demonstrates the Group's continued innovation on its rental realisation products which advances the aviation finance sector of the nation, while further cementing the Group's already-diversified financing channels and enhancing its capital liquidity.

As at the date of this announcement, the Group completed realisation for eight aircraft in total (including the five Aircraft under this Realisation Transaction) since 1 January 2017.

## THE FINANCIAL EFFECTS OF THE REALISATION OF THE FLR

The following sets forth the financial effects of the realisation of the FLR upon its completion on 23 June 2017:

- (a) The Group transferred substantially all the market risks and rewards of ownerships on the future lease receivables to the Trust being the purchaser of the FLR and hence, the FLR relating to lease payments was de-recognised.
- (b) The total consideration for the assignment of the FLR was received by the Company in cash and the Company recorded a gain on disposal of the FLR.
- (c) The consideration received will be partly used to prepay the borrowings in relation to the Aircraft, thus reducing the Group's gearing ratio.
- (d) For clarification purpose, each of the SPCs still retains the ownership of the Aircraft.
