Clarification on Performance Information on Monthly Fund Factsheets and Financial Reports of the Sub-Fund

1. INTRODUCTION

Ping An of China Asset Management (Hong Kong) Company Limited, as the manager (the “**Manager**”) of Ping An of China CSI HK Dividend ETF (the “**Sub-Fund**”) refers to the performance information of the Sub-Fund as stated respectively in (i) the Sub-Fund’s monthly fund factsheets of September 2012 to January 2017 (collectively, the “**Fund Factsheets**”), and (ii) the Sub-Fund’s interim financial reports for the period ended (a) 30 June 2013, (b) 30 June 2014, (c) 30 June 2015 and (d) 30 June 2016, and the annual financial reports for the year ended (a) 31 December 2012, (b) 31 December 2013, (c) 31 December 2014 and (d) 31 December 2015 (collectively, the “**Financial Reports**”) published on the Manager’s website (<http://asset.pingan.com.hk>) (This website has not been reviewed by the SFC.) and HKEXnews (<http://www.hkexnews.hk>).

2. CLARIFICATION

The Manager wishes to inform investors that the cumulative, calendar year and annualized performance information relating to the Sub-Fund and the underlying index was incorrectly displayed in the Sub-Fund’s monthly fund factsheets during the period from October 2012 to March 2017. The above performance information relating to the Sub-Fund and the underlying index was also incorrectly displayed in the Financial Reports.

Technical failure in the performance calculation system provided by a third party information provider and the oversight of the Manager were the principal reasons contributing to the aforementioned incidents which were detected by the Manager in early March 2017.

The tables in the Appendix outline the rectification to performance information of the Sub-Fund and the underlying index.

Please note that the incorrect performance information did not affect the dealing price or the net asset value calculation for the Sub-Fund or the price for trading on the Stock Exchange. In addition, no offering documents and/ or other advertising materials of the Sub-Fund contained the incorrect performance information set out above.

3. RECTIFICATION ACTION TAKEN

On detecting the above errors in the performance information of the Sub-Fund, the Manager has removed all the monthly fund factsheets and financial reports of the Sub-Fund that contain incorrect performance information and published the February 2017 Fund Factsheet and the 2016 Annual Report with correct performance information on the Manager's website (<http://asset.pingan.com.hk>) on 24 March 2017 and 28 April 2017 respectively. (This website has not been reviewed by the SFC.) All the performance information of the Sub-Fund contained in this Announcement, the February 2017 Fund Factsheet and the 2016 Annual Report have been verified by KPMG, who was appointed by the Manager to conduct an independent review, amongst others, on the corrected performance information of the Sub-Fund.

Meanwhile, the Manager has revamped the system and the process for compiling data used for fund factsheets. The operating effectiveness of the control procedures, systems and processes with respect to the preparation and reporting of the Sub-Fund's monthly factsheets has been tested by KPMG. Going forward, the Manager shall ensure compliance with all applicable regulatory requirements and minimize the risk of such errors from recurring. Information on marketing materials will be reviewed and verified by relevant responsible parties to ensure accuracy before publication.

Investors who have any enquiries regarding the above may contact the Manager's Hotline at (+852) 3762 9228 or visit us at <http://asset.pingan.com.hk>.

Ping An of China CSI HK Dividend ETF

(a Sub-Fund of Ping An of China Trust)

(Stock Code: 3070)

Introduction

Ping An of China CSI HK Dividend ETF (the “HK Dividend ETF”), is a sub-fund of Ping An of China Trust (the “Trust”) and commenced trading under the stock code 3070 on the SEHK on 15 February 2012. The HK Dividend ETF is a Hong Kong unit trust authorized pursuant to section 104 of the Securities and Futures Ordinance (Cap. 571 of the laws of the Hong Kong SAR). It is an index-tracking fund, which seeks to track the performance of the CSI Hong Kong Dividend Index (the “HK Dividend Index”).

In order to achieve the investment objective, the HK Dividend ETF intends to primarily adopt a replication strategy to track the performance of its underlying index. The HK Dividend ETF will directly invest in substantially all of the constituent Securities of the underlying index (“Index Shares”) in substantially the same weightings (i.e. proportions) as these Index Shares have in the underlying index.

Performance of the HK Dividend ETF

The HK Dividend ETF aims to generate an investment return before fees that closely correspond to the performance of its underlying index denominated in Hong Kong dollar (“HK\$”) by primarily adopting a replication strategy. As at 31 December 2015, the NAV per unit of the HK Dividend ETF was HK\$21.5583 and the total outstanding units were 4,500,000. Trustee's and Manager's Responsibilities for the Financial Statements

The Trustee and the Manager of the Sub-Funds are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards, and are responsible for ensuring that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the Trust Deed of the Sub-Funds dated 19 April 2010, as amended by supplemental deeds dated 28 April 2010, 4 October 2011 and 1 February 2012 (together the "Trust Deed"), and the disclosure requirements specified in Appendix E to the Code on Unit Trusts and Mutual Funds of the Securities and Futures Commission of Hong Kong (the "SFC Code") and for such internal control as the Trustee and the Manager determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audits in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. We are also required to assess whether the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the disclosure requirements specified in Appendix E to the SFC Code.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Sub-funds' preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-funds' internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Trustee and the Manager, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The amount available for distribution is the net distributable income of the Sub-Funds in respect of the relevant year, that is total income minus all expenses, subject to adjustments made in accordance with the Trust Deed. Total Income would include amount receivable by way of interests (e.g. generated from bank deposits), dividends income, or other receipts as determined by the Manager to be in the nature of income. Unrealised gains or losses do not form part of Total Income and therefore would not impact on the amount available for distribution. The Manager may at its discretion pay distributions out of the capital of the Sub-Funds or pay distributions out of gross income while charging/paying all or part of the Sub-Funds' fee and expenses to/out of the capital of the Sub-Funds. For the year ended 31 December 2015, the Sub-Funds did not pay distributions out of the capital of the Sub-Funds. The amount to be distributed to unitholders, if any, will be derived from the net income of the Sub-Funds. No amount payable to unitholders in respect of any distribution shall bear interest.

NOTES TO FINANCIAL STATEMENTS

31 December 2015

1. THE TRUST

Ping An of China Trust (the “Trust”) is an umbrella unit trust governed by its the trust deed dated 19 April 2010, as amended by supplemental deed dated 28 April 2010, 4 October 2011 and 1 February 2012 (together the “Trust Deed”) and authorised by the Securities & Futures Commission of Hong Kong (The “SFC”) pursuant to Section 104(1) of the Securities and Futures Ordinance. Authorisation by the SFC does not imply official approval or recommendation.

As at 31 December 2015, the Trust has established four Sub-Funds (each is a separate Sub-Fund of the Trust and referred to individually as the “Sub-Fund” or collectively as the “Sub-Funds”). One of the four Sub-Funds, namely Ping An of China CSI RAFI A-Share 50 ETF* (*This is a synthetic ETF), its financial statements are separately reported upon its termination. The remaining other three Sub-Funds that are reported under this financial statement are as follows,

Names of the Sub-Funds	Listing Date on the stock exchange of Hong Kong Limited (The “SEHK”)	Listing Codes
Ping An of China CSI HK Dividend ETF	15 February 2012	3070
Ping An of China CSI HK Mid Cap Select ETF	15 February 2012	3072
Ping An of China CSI RAFI HK50 ETF	15 February 2012	3098

The manager of the Trust is Ping An of China Asset Management (Hong Kong) Company Limited (the “Manager”) and the trustee is HSBC Institutional Trust Services (Asia) Limited (the “Trustee”). The Trustee and the Manager (the “Management”) are responsible for the preparation of the financial statements.

Ping An of China CSI HK Dividend ETF

The investment objective of the Sub-Fund is to provide investment results that closely correspond to the performance of the CSI Hong Kong Dividend Index, which measures the performance of high dividend yield securities in the Hong Kong market by selecting the 30 securities with high dividend yield, stable dividend payment and good liquidity. The Sub-Fund directly invests in the constituent securities of CSI Hong Kong Dividend Index. The underlying index does not have China A share or B share constituent stocks.

Ping An of China CSI HK Mid Cap Select ETF

The investment objective of the Sub-Fund is to provide investment results that closely correspond to the performance of the CSI Hong Kong Middle Cap Select Index, which measures the performance of the 100 middle size securities in Hong Kong market selected based on their daily average trading value and daily average total market value. The Sub-Fund directly invests in substantially all of the constituent securities of the CSI Hong Kong Middle Cap Select Index. The underlying index does not have China A share or B share constituent stocks.

1. THE TRUST (continued)

Ping An of China CSI RAFI HK50 ETF

The investment objective of the Sub-Fund is to provide investment results that closely correspond to the performance of the CSI RAFI Hong Kong 50 Index, which is a stock index consisting of the 50 largest stocks listed on the Stock Exchange of Hong Kong. The CSI RAFI Hong Kong 50 Index is different from the traditional capitalisation-weighted indices in that the underlying index's constituent selection and calculation are based on the stocks economic scale, which in turn, is measured based on four financial factors, namely, revenue, cash flow, book value and dividends. The CSI RAFI Hong Kong 50 Index does not have China A Share or B Share constituent stocks.

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRSs") issued by the International Accounting Standard Board ("IASB"), and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB and the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions specified in Appendix E of the Code on Unit Trusts and Mutual Funds of the Securities and Futures Commission of Hong Kong.

The financial statements have been prepared under a historical cost convention, except for financial assets classified at fair value through profit or loss, that have been measured at fair value.

The financial statements are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest Hong Kong dollar except where otherwise indicated.

The preparation of financial statements in uniformity with IFRSs requires the use of certain critical accounting estimates. It also requires the Management to exercise their judgment in the process of applying the Sub-Funds' accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

2.2 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES

The Sub-Funds have adopted the following revised IFRSs for the first time for the current year's financial statements.

Annual Improvements 2010-2012 Cycle	Amendments to a number of IFRSs
Annual Improvements 2011-2013 Cycle	Amendments to a number of IFRSs

The adoption of these revised IFRSs has had no significant financial effect on these financial statements.

NOTES TO FINANCIAL STATEMENTS

31 December 2015

2.3 ISSUED BUT NOT YET EFFECTIVE INTERNATIONAL FINANCIAL REPORTING STANDARDS

The Sub-Funds have not applied the following new and revised IFRSs that have been issued but are not yet effective, in these financial statements.

IFRS 9	<i>Financial Instruments</i> ²
Annual Improvements 2012-2014 Cycle	Amendments to a number of IFRSs ¹

¹ Effective for annual periods beginning on or after 1 January 2016

² Effective for annual periods beginning on or after 1 January 2018

IFRS 9 – *Financial Instruments: Classification and Measurement*

In July 2014, the IASB issued the final version of IFRS 9 Financial Instruments, which reflects all phases of the financial instruments project and replaces IAS 39 Financial Instruments: Recognition and Measurement and all previous versions of IFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is effective for annual periods beginning on or after 1 January 2018, with early application permitted. Retrospective application is required, but comparative information is not compulsory.

Early application of previous versions of IFRS 9 (2009, 2010, and 2013) is permitted if the date of initial application is before 1 February 2015. The new standard is not expected to have a significant impact on the financial statements of the Sub-Funds.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial instruments

(a) *Classification*

The Sub-Funds classify their financial assets and liabilities into the categories below in accordance with IAS 39.

Financial assets at fair value through profit or loss

Financial assets designated as at fair value through profit or loss upon initial recognition: these include equity securities and debt instruments that are not held for trading. These financial assets are designated upon initial recognition on the basis that they are part of a group of financial assets, which are managed and have their performance evaluated on a fair value basis, in accordance with risk management and investment strategies of the Sub-Funds (note 16). This category includes listed equity securities.

(SUB-FUNDS OF PING AN OF CHINA TRUST)

NOTES TO FINANCIAL STATEMENTS

31 December 2015

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(a) *Classification (continued)*

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. The Sub-Funds include in this category amounts relating to cash and cash equivalent and other short-term receivables.

Financial liabilities

This category includes all financial liabilities. The Sub-Funds include in this category amounts relating to amount due to unitholders, management fee payable, custodian, fund administration and trustee fee payable, accrued liabilities and other short-term payables.

(b) *Recognition*

The Sub-Funds recognise a financial asset or financial liability when, and only when, they become a party to the contractual provisions of the instrument.

Purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Sub-Funds commit to purchase or sell the financial asset.

(c) *Initial measurement*

Financial assets at fair value through profit or loss are recorded in the statement of financial position at fair value. All transaction costs for such instruments are recognised directly in profit or loss.

Loans and receivables and financial liabilities (other than those classified as designated as at fair value through profit or loss) are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

(d) *Subsequent measurement*

After initial measurement, the Sub-Funds measure financial instruments, which are classified as at fair value through profit or loss at fair value. Subsequent changes in the fair value of those financial instruments are recorded in "Net unrealised fair value change on financial assets at fair value through profit or loss". Interests earned of such instruments are recorded separately in "Interest income on financial assets at fair value through profit and loss".

Loans and receivables are carried at amortised cost using the effective interest method less any allowance for impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

Financial instruments (continued)

(d) *Subsequent measurement (continued)*

Financial liabilities, other than those classified as at fair value through profit or loss, are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, as well as through the amortisation process.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the Sub-Funds estimate cash flows considering all contractual terms of the financial instruments, but does not consider future credit losses. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

(e) *Derecognition*

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Sub-Funds have transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a “pass through” arrangement; and either (a) the Sub-Funds have transferred substantially all the risks or rewards of the asset, or (b) the Sub-Funds have neither transferred nor retained substantially all the risks and rewards of the asset, but have transferred control of the asset.

When the Sub-Funds have transferred its rights to receive cash flows from an asset or have entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risk and rewards of ownership of the asset. When the Sub-Funds have neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Sub-Funds continue to recognise the transferred asset to the extent of the Sub-Funds’ continuing involvement. In that case, the Sub-Funds also recognise an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Sub-Funds have retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Sub-Funds could be required to repay.

Fair value measurement

The Sub-Funds measure their derivative financial instruments and equity investments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Sub-Funds. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Sub-Funds use valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly

Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Sub-Funds determine whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

An analysis of fair values of financial instruments and further details as to how they are measured are provided in note 16 to the financial statements.

Impairment of financial assets

The Sub-Funds assess at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets classified as loans and receivables is impaired. An impairment exists if one or more events that occurred after the initial recognition of the asset have an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors, is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and, observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (continued)

Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Sub-Funds first assess whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Sub-Funds determine that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition).

The carrying amount of the asset is reduced through the use of an allowance account and the loss is recognised in profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Sub-Funds.

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to other expenses in profit or loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short-term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Sub-Funds' cash management.

For the purpose of the statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

Redeemable units

Redeemable units are classified as equity instruments when:

- The redeemable units entitle the holder to a pro rata share of the Sub-Funds' net assets in the event of the Sub-Funds' liquidation.
- The redeemable units are in the class of instruments that is subordinate to all other classes of instruments.
- All redeemable units in the class of instruments that is subordinate to all other classes of instruments have identical features.
- The redeemable units do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata share of the Sub-Funds' net assets.
- The total expected cash flows attributable to the redeemable units over the life of the instrument are based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Funds over the life of the instrument.

In addition to the redeemable units having all the above features, the Sub-Funds must have no other financial instrument or contract that has:

- Total cash flows based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Funds and
- The effect of substantially restricting or fixing the residual return to the redeemable unitholders.

The Sub-Funds' redeemable units meet the definition of puttable instruments classified as equity instruments under the revised IAS 32.

The Sub-Funds continuously assess the classification of the redeemable units. If the redeemable units cease to have all the features or meet all the conditions set out to be classified as equity, the Sub-Funds will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognised in equity. If the redeemable units subsequently have all the features and meet the conditions to be classified as equity, the Sub-Funds will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

The issuance, acquisition, and cancellation of redeemable units are accounted for as financial liabilities transactions. Upon issuance of redeemable units, the consideration received is included in equity.

Transaction costs incurred by the Sub-Funds in issuing or their own equity instruments are accounted for as a deduction from equity to the extent that they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

Own equity instruments that are reacquired are deducted from equity and accounted for at amounts equal to the consideration paid, including any directly attributable incremental costs. No gain or loss is recognised in profit or loss on the purchase, sale issuance or cancellation of Sub-Funds' own equity instruments.

Amounts due to and due from broker

Amounts due to brokers are payables for securities purchased (in a regular way transaction) that are financial liabilities, other than those classified as at fair value through profit or loss. Amounts due from brokers include margin accounts and receivables for securities sold (in a regular way transaction) that have been contracted for but not yet delivered on the reporting date.

Interest income and expense

Interest income and expense is recognised in profit or loss as it accrues, using the effective interest method.

Dividend income and expense

Dividend income is recognised when the Sub-Funds' right to receive the payment is established. Dividend income is presented gross of any non-recoverable withholding taxes, which are disclosed separately in profit or loss. Dividend expense relating to equity securities sold short is recognised when the shareholders' right to receive the payment is established.

Net change in unrealised gain or loss on financial assets at fair value through profit or loss

This item includes changes in the fair value of financial assets and liabilities as 'at fair value through profit or loss' and excludes interest and dividend income and expenses.

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments, which were realised in the reporting period.

Net realised gains or losses on disposal of financial investment

Realised gains and losses on disposals of financial instruments classified as 'at fair value through profit or loss' are calculated using the weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount, or cash payments or receipts made on derivative contracts (excluding payments or receipts on collateral margin accounts for such instruments).

Foreign currency translation

These financial statements are presented in Hong Kong Dollars ("HK\$"), which is the Sub-Funds' functional and presentation currency. Foreign currency transactions recorded by the Sub-Funds are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or transaction of monetary items are recognised in profit or loss.

Transactions during the period, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction.

Distribution to unitholders

Distribution is subject to the discretion of the Sub-Funds' Manager. A proposed distribution is recognised as a liability in the period in which it is approved by the Manager of the Sub-Funds.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Sub-Funds' financial statements requires the Management to make judgments, estimates and assumptions that affect the reported amounts and their accompanying disclosures recognised in the financial statements and disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liabilities affected in the future.

Functional currency

The Management considers Hong Kong dollar to be the currency that most faithfully represents the economic effect of the underlying transactions, events and conditions. The Hong Kong dollar is the currency in which the Sub-Funds measure its performance and report its results, as well as the currency in which the Sub-Funds determine the net asset value per unit at the time of issue or redemption. This determination also considers that the Sub-Funds are listed on the Stock Exchange of Hong Kong Limited and their shares are quoted in Hong Kong dollars.

Taxation

In preparing these financial statements, the Management has made certain assumptions and used various estimates concerning the tax exposure which is dependent on what might happen in the future. The resulting accounting estimates may not equal the related actual results.

5. TRANSACTIONS WITH THE TRUSTEE, MANAGER AND THEIR CONNECTED PERSONS

The following is a summary of significant related party transactions entered into during the year between the Sub-Funds and the Trustee, Manager and their connected persons. Connected persons of the Manager are those as defined in the "SFC Code". All Transactions entered into during the year between the Sub-Funds and the Manager and its Connected Persons were carried out in the normal course of business and on normal commercial terms. To the best of Manager's knowledge, the Sub-Funds do not have any other transactions with Connected Persons except for those disclosed below:

Management fee

The Manager is entitled to receive a fee, calculated at an annual rate of 0.55% (2014: 0.55%) on the net asset value of each Sub-Fund at each dealing day and payable monthly in arrears. The management fee for the year ended 31 December 2015 was HK\$681,566, HK\$222,146 and HK\$314,528 (2014: HK\$1,249,810, HK\$359,323 and HK\$398,762) for Ping An of China CSI HK Dividend ETF, Ping An of China CSI Mid Cap Select ETF and Ping An of China CSI RAFI HK50 ETF respectively.

Fee and charges paid to the Trustee/Custodian and its Connected Persons

Safe custody fee and bank charges pertain to the amount charged by The Hong Kong and Shanghai Banking Corporation Limited (“HSBC”) to each Sub-Fund as safe keeping fees. The safe custody fee and bank charges for the year ended 31 December 2015 were HK\$91,549, HK\$40,322 and HK\$51,292 (2014: HK\$140,735, HK\$47,935 and HK\$57,636) for Ping An of China CSI HK Dividend ETF, Ping An of China CSI Mid Cap Select ETF, Ping An of China CSI RAFI HK50 ETF respectively. As at 31 December 2015, no safe custody fee was payable to the Trustee by each Sub-Fund.

Trustee fee

The Trustee is entitled to receive a trustee fee, to be accrued daily and calculated as at each dealing day and payable monthly in arrears. The Trustee fee is calculated as a percentage per annum of the net asset value of each Sub-Fund at the rate of 0.14% (2014: 0.14%) per annum for the first HK\$800 million of the net asset value, 0.12% (2014: 0.12%) per annum for the next HK\$800 million of the net asset value, and 0.10% (2014: 0.10%) per annum for the remaining balance of the net asset value, and is currently subject to a monthly minimum of HK\$70,000. The Trustee is also entitled to an inception fee of HK\$80,000 for the establishment of each the Sub-Fund.

Under the terms of the Trust Deed, the Trustee may, after consulting the Manager, on giving not less than three (3) months’ written notice to the relevant unitholders (or such shorter notice as the SFC approve), increase the rate of the trustee fee payable in respect of each Sub-Fund up to or towards the maximum rate of 1% per annum of the net asset value of the Sub-Funds accrued daily and calculated as at each Dealing Day and payable monthly in arrears.

The trustee fee for the year ended 31 December 2015 was HK\$840,000 (2014: HK\$840,000) for each Sub-Fund. As at 31 December 2015, a trustee fee of HK\$70,000 (2014: HK\$70,000) was payable to the Trustee by each Sub-Fund.

Transaction costs on investment

The Sub-Funds utilise the trading services of Goldman Sachs Group, Credit Suisse Group, Barclays Group, J.P. Morgan Group, Phillip Securities Group and UBS Group, with a broker commission charge at average rate of 0.08% (8bps) (2014: 0.08%) on the sale and purchase of each security acquired for the accounts of the Sub-Funds. Also, 0.1% (2014: 0.1%) stamp duty is payable on the sale and purchase of each security. The commission will be adjusted from time to time on the sale and purchase of the securities. The Sub-Funds did not enter into any transactions with any related broker for the year ended 31 December 2015 and for the year ended 31 December 2014.

The creation and redemption of units of the Sub-Funds can only be facilitated by or through Participating Dealers. Investors other than the Participating Dealers make a request to create or redeem units through a Participating Dealer, and if the investor is a retail investor, such request must be made through a stockbroker, which has opened an account with a Participating Dealer.

The Trustee shall receive subscription proceeds from the Participating Dealers for the creation of units and pay redemption proceeds for the redemption of units to the relevant Participating Dealer in such form and manner as prescribed by the Trust Deed.

Units are denominated in Hong Kong dollars (HK\$) and no fractions of a unit shall be created or issued by the Trustee.

Units of the Sub-Funds are offered and issued at their dealing net asset value only in aggregation of a specified number of application units generally in exchange of equity securities included in their underlying indexes (Index Shares constituting the relevant basket) together with the payment of a cash component.

14. THE REDEEMABLE UNITS (continued)

Units are redeemable only in an application unit or multiple thereof, in exchange for portfolio securities and cash components at the dealing net asset value. Normally, creation and redemption of units will be effected "in kind". Creation/redemption applications in cash may only be effected at the Manager's discretion under certain circumstance.

15. INVESTMENT LIMITATION AND PROHIBITIONS UNDER THE SFC CODE

The SFC Code allows the Sub-Funds to invest in constituent securities issued by a single issuer for more than 10% of the Sub-Funds' net asset value provided that:

- (a) the investment is limited to any constituent securities that each accounts for more than 10% of the weighting of the index; and
- (b) the Sub-Funds' holding of any such constituent securities may not exceed their respective weightings in the index, except where weighting are exceeded as a result of changes in the composition of the index and the excess is only transitional and temporary in nature.

According to the Prospectus dated 10 February 2012, as updated by adding the addendums dated 28 May 2012, 28 December 2012, 1 February 2013, 5 June 2013, 4 September 2013, 9 September 2013, 4 October 2013, 17 March 2014 and 25 March 2014, 25 Apr 2014, 31 Oct 2014, 28 November 2014 and 31 August 2015 (together the "Prospectus"), the Sub-Funds may or may not hold all the Index Shares of the relevant Underlying Index and the Manager may overweight certain of the Index Shares relative to the relevant Index Shares' respective weightings in the relevant Underlying Index on the condition that the maximum extra weighting in any Index Share will not exceed 4% or such other percentage as determined by the Manager after consultation with the SFC.

The Manager and Trustee have confirmed that the Sub-Funds have complied with this limit during the year.

16. FINANCIAL INSTRUMENTS, ASSETS AND LIABILITIES AND RISK MANAGEMENT POLICY

Risk Management

The Sub-Funds' objective in managing risk is the creation and protection of unitholders value. Risk is inherent in the Sub-Funds' activities, but it is managed through a process of ongoing identification, measurement and monitoring, subject to risks limits and other controls. The process of risk management is critical to the Sub-Funds' continuing profitability. The Sub-Funds are exposed to market risk (which includes currency risk, interest rate risk and price risk), credit risk and liquidity risk arising from the financial instruments they hold. Please refer to note 1 for details of the investment objective and policies of the Sub-Funds.

The Sub-Funds' Manager is responsible for identifying and controlling risks. The board of directors of the Manager supervises the Manager and is ultimately responsible for the overall risk management approach within the Sub-Funds.

The Sub-Funds themselves are subject to various risks. The main risks associated with the investments, assets and liabilities of the Sub-Funds are set out below:

16. FINANCIAL INSTRUMENTS, ASSETS AND LIABILITIES AND RISK MANAGEMENT
POLICY (continued)

Risk Management (continued)

(a) Market risk

(i) Market price risk

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

Ping An of China CSI HK Dividend ETF

The Sub-Fund will directly invest in substantially all of the constituent securities of the CSI Hong Kong Dividend Index (“Index Shares”) in substantially the same weighting (i.e. proportions) as these Index Shares have in the underlying index. The Sub-Fund is therefore exposed to substantially the same market price risk as the CSI Hong Kong Dividend Index. CSI HK Dividend Index consists of 30 constituent securities listed on the SEHK. HK Dividend ETF is therefore relatively concentrated in a limited number of stocks. The HK Dividend ETF is likely to be more volatile than a fund tracking an index with a greater number of constituent stocks, as the adverse performance of a constituent stock will have a greater impact on the value of the HK Dividend ETF.

Ping An of China CSI HK Mid Cap Select ETF

The Sub-Fund will directly invest in substantially all of the constituent securities of the CSI Hong Kong Middle Cap Select Index (“Index Shares”) in substantially the same weighting (i.e. proportions) as these Index Shares have in the underlying index. The Sub-Fund is therefore exposed to substantially the same market price risk as the CSI Hong Kong Middle Cap Select Index. The stocks of mid-capitalisation companies may have lower liquidity and their prices are typically more volatile and more vulnerable to adverse business or economic developments than those of larger capitalisation companies. This may impact the net asset value of the HK Mid Cap Select ETF to a larger extent than those of funds that invest in stocks of larger capitalisation companies. Further, mid-capitalisation companies generally have less diverse product lines than large-capitalisation companies and thus are more susceptible to adverse developments concerning their products. The performance of such companies may therefore be more volatile and in turn impact the HK Mid Cap Select ETF.

Ping An of China CSI RAFI HK50 ETF

The Sub-Fund will directly invest in substantially all of the constituent securities of the CSI RAFI Hong Kong 50 Index (“Index Shares”) in substantially the same weighting (i.e. proportions) as these Index Shares have in the underlying index. The Sub-Fund is therefore exposed to substantially the same market price risk as the CSI RAFI Hong Kong 50 Index.

Sensitivity analysis in the event of a possible change in the index by 5% as estimated by the Manager

As at 31 December 2015, if the CSI Hong Kong Dividend Index, CSI Hong Kong Middle Cap Select Index and CSI RAFI Hong Kong 50 Index were to increase by 5% with all other variables held constant, this would increase the pre-tax profit for the year of Ping An of China CSI HK Dividend ETF, Ping An of China CSI HK Mid Cap Select ETF and Ping An of China CSI RAFI HK50 ETF by approximately HK\$5 million, HK\$1 million and HK\$2 million (2014: HK\$8 million, HK\$2 million and HK\$3 million) respectively. Conversely, if such Indexes were to decrease by 5% this would decrease the pre-tax profit for the year by approximately equal amounts.

(ii) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument or future cash flows will fluctuate due to changes in market interest rates.

The Manager considers that the Sub-Funds are not subject to significant amount of risk due to fluctuations in the prevailing level of market interest rate.

16. FINANCIAL INSTRUMENTS, ASSETS AND LIABILITIES AND RISK MANAGEMENT POLICY (continued)

Risk Management (continued)

(a) Market risk (continued)

(ii) Interest rate risk (continued)

As the Sub-Funds have no investments in fixed income assets, the Manager considers that changes in their fair value in the event of a change in market interest rates will not be material. Therefore, no sensitivity analysis has been disclosed.

(iii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. IFRS 7 considers the foreign exchange exposure relating to non-monetary assets and liabilities to be a component of market price risk not foreign currency risk.

The Sub-Funds have transactional currency exposures. Such exposures arise from purchases and sales of financial instruments by operating units in currencies other than the Sub-Funds' functional currency.

The Sub-Funds hold assets which are mainly denominated in HK\$, the functional currency. As such, there is no currency risk at the Sub-Funds' level.

(b) Credit and counterparty risk

Credit and counterparty risk is the risk that an issuer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Sub-Fund.

The Sub-Funds' financial assets which are potentially subject to concentrations of counterparty risk consist principally of bank deposits and assets held with the custodian. The table below summarises the credit rating from Standard and Poor's of banks and custodians in which the Sub-Funds' assets are held as at 31 December 2015 and 31 December 2014.

The Maximum exposure to credit risk at the end of the reporting period is the carrying amount of the assets as shown on the statement of financial position.

The Manager considers that none of these assets are impaired nor past due as at 31 December 2015.

(c) Liquidity risk

Liquidity risk is the risk that the Sub-Funds may not be able to generate sufficient cash, resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

As at 31 December 2015, the Sub-Funds held liquid assets, comprising bank balances and other receivables that are expected to readily generate cash inflows for managing liquidity risk.

The Sub-Funds invest the majority of their assets in investments that are traded in active markets and can be readily disposed of.

The table below summarises the Sub-Funds' maturity analysis for financial assets and liabilities as below:

16. FINANCIAL INSTRUMENTS, ASSETS AND LIABILITIES AND RISK MANAGEMENT POLICY (continued)

Risk Management (continued)

(e) Capital management

The Sub-Funds' capitals are represented by the net assets attributable to unitholders. The Sub-Funds strive to invest the subscriptions of redeemable participating units in investments that meet the Sub-Funds' investment objectives while maintaining sufficient liquidity to meet unitholder redemptions.

The Manager manages the capital of the Sub-Fund, in accordance with the Sub-Funds' investment objectives and policies stated in the Prospectus.

17. SEGMENT INFORMATION

The Manager makes the strategic resource allocations on behalf of the Sub-Funds and has determined the operating segments based on the reports reviewed which are used to make strategic decisions.

The Manager considers that each Sub-Fund has a single operating segment, which is investing in securities. The objectives of the Sub-Funds are to track the performance of its respective index and invest in substantially all the index constituents with security weight and industry weight that are closely aligned to the characteristics of the tracked index.

The internal financial information used by the Manager for the Sub-Funds' assets, liabilities and performance is the same as that disclosed in the statements of financial position and statements of profit or loss and other comprehensive income.

The Sub-Funds are domiciled in Hong Kong. All of the Sub-Funds' income is from investments in securities which constitute its tracked index. The Sub-Funds' investments could not be categorised by relevant geography and no geographical information for performance is provided.

The Sub-Funds have portfolios that closely correspond to the security weight and industry weight of its tracked index.

18. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the Manager and the Trustee on 28 April 2016.
