PROSPECTS

The Group is developing to be a leading next generation mobile multimedia service provider. It addresses the rapidly growing demand for mobile and wireless video and internet content downloads with a very low cost and efficient solution based on the China-developed CMMB multicast technology. Consumers with untethered CMMB-enabled devices such as handsets, netbooks, MP4s, dongles, GPS, and LED panels can receive virtually unlimited and instant mobile video and Internet downloads anytime anywhere deliverable through an ubiquitous terrestrial and satellite network.

Management Discussion and Analysis

Developed by the State Administration of Press, Publication, Radio, Film, and Television of the People's Republic of China ("PRC") with collaboration from the United States of America, CMMB is one of the most advanced digital broadcasting (multicast) technologies invented in the 21 Century that enables mobile television delivery and data delivery through Internet by the Internet Protocol ("IP data"). It is Orthogonal frequency-division multiplexing ("OFDM") based, and can readily interact with other OFDM technologies such as third generation mobile technology 3G, fourth generation mobile technology ("4G") based on Institute of Electrical and Electronics Engineers standards 802.16(e) ("WiMax") and 4G Long Term Evolution ("4G LTE"). The key feature of CMMB is that it can deliver streaming live mobile video and push-IP data in a massive quantity and instant speed simultaneously to an unlimited number of mobile users anytime anywhere at very low cost. CMMB has been widely deployed over 330 Chinese cities with the support of world's largest mobile network and supply-chain ecosystem.

The Group's main business will apply the CMMB technology to address the growing bottleneck caused by video and Internet data content distribution, which can no longer be accommodated by the conventional unicast-based mobile communication technologies. In China, its goal is to become a leading CMMB service provider. Globally, its goal is to promote and develop CMMB by deploying and operating CMMB-based networks and services in different countries and create a global multimedia franchise.

Other Information

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

During the Period, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

During the Period, the Company has adopted a code of conduct regarding the Directors' securities transactions on terms no less exacting than the required standard set out in the Model Code as set out in Appendix 10 to the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules"). The Company has made specific enquiry of all Directors regarding any non-compliance with the Model Code throughout the Period and all the Directors confirmed that they have fully complied with the required standard set out in the Model Code during the Period.

CODE ON CORPORATE GOVERNANCE

The Company has adopted the code provisions set out in the Code on Corporate Governance Practices ("CG Code") contained in Appendix 14 to the Listing Rules. The Board will continuously review and improve the corporate governance practices and standards of the Company to ensure that business activities and decision-making processes are regulated in a proper and prudent manner.

During the Period, the Company has fully complied with the requirements under the CG Code, except for the deviation from Code Provision A.2.1 of the CG Code. The Company had been deviated from the Code Provision A.2.1 of CG Code, as the roles of chairman and chief executive officer of the Company were not separate. With effect on 19 May 2008, Mr. Wong Chau Chi ("Mr. Wong") had been re-designated as the chairman of the Company and Mr. Wong also remains as the chief executive officer of the Company. According to the Code Provision A.2.1 of the CG Code, the roles of a chairman and a chief executive officer should be separate and should not be performed by the same individual. Given Mr. Wong has had extensive experience in the business of the Group and has performed satisfactorily since his joining of the Company in year 2007, particularly in soliciting for possible new business opportunities and deducing the overall strategic plan for the future development of the Company, the Board considers that it would benefit the Group if Mr. Wong is also in charge of overseeing the Company's operations as its chairman. The Board considers that this structure will not impair the balance of power and authority between the Board and the management of the Group. The Board will regularly review the effectiveness of this arrangement.

AUDIT COMMITTEE

The Audit Committee (the "Audit Committee") has adopted new written terms in order to comply with Rule 3.21 of the Listing Rules. 1. BASIS OF PREPARATION

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 (“HKAS 34”) “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) as well as with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”).

The condensed consolidated financial statements have been prepared on a going concern basis. In preparing the condensed consolidated financial statements, the Directors of the Company (the “Directors”) have given careful consideration to the future liquidity of the Group in light of the fact that the Group incurred a loss of US\$3,277,000 for the six-month ended 30 June 2017 and the Group’s net current liabilities of US\$632,000 as at 30 June 2017. In the opinion of the Directors, the Group is able to continue as a going concern in the coming year taking into consideration the measures which include, but are not limited to, as the following:

- (a) On 22 June 2017, the Company entered into subscription agreements with subscribers for the subscription of an aggregate 375,150,000 new shares of the Company for an aggregate consideration of approximately HK\$150,060,000 (equivalent to US\$19,238,000) at a subscription price of HK\$0.4 per ordinary share which is subsequently completed on 5 July 2017. The proceeds from the shares issued will be applied mainly for the development of satellite business and financing the Group’s working capital.

During the current interim period, the Group received advances payment of US\$18,367,000 from shareholders for the subscription which is included in other payables as at 30 June 2017 and subsequently transferred to share capital and reserves of the Company.

- (b) Chi Capital Holdings Ltd (“Chi Capital”) has agreed to provide financial support to enable the Group to meet its financial obligations as they fall due in the foreseeable future.

Based on the aforesaid factors, the Directors are satisfied that the Group will have sufficient financial resources to meet its financial obligations as they fall due for the foreseeable future. Accordingly, the condensed consolidated financial statements have been prepared on a going concern basis.

2. SIGNIFICANT ACCOUNTING POLICIES

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments, which are measured at fair values at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange of goods.

Except as described below, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 June 2017 are the same as those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2016 ("2016 Annual Report").

In the current interim period, the Group has applied, for the first time, certain amendments to Hong Kong Financial Reporting Standard ("HKFRSs") issued by the HKICPA that are mandatorily effective for the current interim period.

The application of the amendments to HKFRSs in the current interim period has had no material effect on the amounts reported and/or disclosures set out in these condensed consolidated financial statements.
