REASONS FOR THE SUBSCRIPTION AND USE OF PROCEEDS

The Group is principally engaged in cultivating, and trading of agricultural produce and financial business including but not limited to money lending business.

In view of the current market conditions, the Directors consider that the Subscription represents a good opportunity to raise funds for the Company for repayment of its debts and other payables. The Directors have considered other fund raising methods such as rights issue which is more costly and time consuming. Debt financing is difficult to obtain without acceptable collaterals. The issue of the Convertible Bonds would allow immediate cash inflow into the Group without any immediate dilution of existing shareholdings. The Directors consider that the terms of the Subscription are fair and reasonable and in the interests of the Shareholders as a whole.

The Company will bear all costs and expenses of approximately HK\$0.1 million in connection with the Subscription. The total net proceeds from the Subscription (after deducting related expenses) are estimated to be approximately HK\$39.9 million. The Company intends to use (i) approximately HK\$13 million for repayment of debts; (ii) approximately HK\$23 million for plantation segment's operation, including approximately HK\$15.9 million for settlement of accounts payable, HK\$4.8 million for farmland rental and approximately HK\$2.3 million for staff costs; and (iii) the balance for general working capital of the Group.
