

Hong Kong Exchanges and Clearing Limited (“**HKEX**”), The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) and Hong Kong Securities Clearing Company Limited take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document, for which we accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (the “**Rules**”) for the purpose of giving information with regard to us. We, having made all reasonable enquiries, confirm that to the best of our knowledge and belief the information contained in this document is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this document misleading.

This document is for information purposes only and does not constitute an invitation or offer to acquire, purchase or subscribe for the CBBCs.

Investors are warned that the price of the CBBCs may fall in value as rapidly as it may rise and holders may sustain a total loss of their investment. Prospective purchasers should therefore ensure that they understand the nature of the CBBCs and carefully study the risk factors set out in the Base Listing Document (as defined below) and this document and, where necessary, seek professional advice, before they invest in the CBBCs.

The CBBCs constitute general unsecured contractual obligations of us as the Issuer and of no other person and will rank equally among themselves and with all our other unsecured obligations (save for those obligations preferred by law) upon liquidation. If you purchase the CBBCs, you are relying upon the creditworthiness of us, and have no rights under the CBBCs against the Index Compiler or any other person. If we become insolvent or default on our obligations under the CBBCs, you may not be able to recover all or even part of the amount due under the CBBCs (if any).

Non-collateralised Structured Products

Launch Announcement and Supplemental Listing Document for Callable Bull/Bear Contracts over Index

Issuer: CREDIT SUISSE AG
(incorporated in Switzerland)

Sponsor/Manager: CREDIT SUISSE (HONG KONG) LIMITED

KEY TERMS

CBBCs Stock code	58740	58741
Liquidity Provider broker ID	9719	9718
Issue size	200,000,000 CBBCs	200,000,000 CBBCs
Style / Category	European style cash settled category R	European style cash settled category R
Type	Bear	Bull
Index	Hang Seng Index	Hang Seng Index
Board Lot	10,000 CBBCs	10,000 CBBCs
Issue Price per CBBC	HK\$0.250	HK\$0.250
Funding Cost per CBBC as of Launch Date¹	HK\$0.2374	HK\$0.2369
	The Funding Cost will fluctuate throughout the life of the CBBCs	
Strike Level	31,586.00	31,278.00
Call Level	31,436.00	31,428.00
Cash Settlement Amount per Board Lot (if any) payable at expiry	Subject to no occurrence of a Mandatory Call Event:	
	For a series of bull CBBCs:	
	$\frac{(\text{Closing Level} - \text{Strike Level}) \times \text{Index Currency Amount} \times \text{one Board Lot}}{\text{Divisor}}$	
	For a series of bear CBBCs:	
	$\frac{(\text{Strike Level} - \text{Closing Level}) \times \text{Index Currency Amount} \times \text{one Board Lot}}{\text{Divisor}}$	
Closing Level (for all series)	The final settlement price for settling the Hang Seng Index Futures Contracts that are scheduled to expire during the month in which the Expiry Date of the relevant series of the CBBCs is scheduled to fall (the “ Index Futures Contracts ”). ²	
Index Exchange (for all series)	The Stock Exchange of Hong Kong Limited	
Index Currency Amount	HK\$1.00	HK\$1.00
Divisor	12,000	12,000
Launch Date (for all series)	15 March 2018	
Issue Date (for all series)	21 March 2018	
Listing Date (for all series)	22 March 2018	
Observation Commencement Date (for all series)	22 March 2018	
Valuation Date³	27 September 2018	29 April 2019
Expiry Date³	27 September 2018	29 April 2019
Settlement Date (for all series)	The third CCASS Settlement Day after (i) the end of the MCE Valuation Period or (ii) the later of: (a) the Expiry Date; and (b) the day on which the Closing Level is determined in accordance with the Conditions (as the case may be).	
Settlement Currency	Hong Kong dollars	Hong Kong dollars
Effective Gearing⁴	10.48x	10.48x
Gearing⁴	10.48x	10.48x
Premium⁴	9.06%	9.04%

¹ The Funding Cost is calculated in accordance with the following formula:
Funding Cost =
$$\frac{\text{Strike Level} \times \text{funding rate} \times n / 365 \times \text{Index Currency Amount}}{\text{Divisor}}$$

Where,

- (i) “n” is the number of days remaining to expiration; initially, “n” is the number of days from (and including) the Launch Date to (and including) the trading day immediately preceding the Expiry Date; and
(ii) the funding rate will fluctuate throughout the term of the CBBCs as further described in the “Key Risk Factors” section in this document. As of the Launch Date, the funding rate was 16.7972% (for stock code 58740) and 8.1315% (for stock code 58741).

² Determined pursuant to Regulation 012 of the Regulations for Trading Stock Index Futures Contracts and the Contract Specifications for Hang Seng Index Futures (as amended from time to time) of the Hong Kong Futures Exchange Limited (or its successor or assign), subject to our right to determine the Closing Level in good faith on the Valuation Date upon the occurrence of a Market Disruption Event as described further in Product Condition 1.

³ If such day is not the day on which the relevant Index Futures Contracts expire on Hong Kong Futures Exchange Limited (or its successor or assign), the day on which the relevant Index Futures Contracts will expire on the Hong Kong Futures Exchange Limited (or its successor or assign).

⁴ This data may fluctuate during the life of the CBBCs and may not be comparable to similar information provided by other issuers of CBBCs. Each issuer may use different pricing models.

IMPORTANT INFORMATION

The CBBCs are listed structured products which involve derivatives. Do not invest in them unless you fully understand and are willing to assume the risks associated with them.

What documents should you read before investing in the CBBCs?

You must read this document together with our base listing document dated 18 April 2017 (the “**Base Listing Document**”), as supplemented by any addendum thereto (together, the “**Listing Documents**”), in particular the section headed “General Conditions of the Structured Products” (the “**General Conditions**”) and the section “Product Conditions of Index Callable Bull/Bear Contracts (Cash Settled)” (the “**Product Conditions**”) and, together with the General Conditions, the “**Conditions**”) set out in our Base Listing Document. This document (as read in conjunction with our Base Listing Document and each addendum referred to in the section headed “Product Summary Statement”) is accurate as at the date of this document. You should carefully study the risk factors set out in the Listing Documents. You should also consider your financial position and investment objectives before deciding to invest in the CBBCs. We cannot give you investment advice. You must decide whether the CBBCs meet your investment needs before investing in the CBBCs.

Is there any guarantee or collateral for the CBBCs?

No. Our obligations under the CBBCs are neither guaranteed by any third party, nor collateralised with any of our assets or other collaterals. When you purchase our CBBCs, you are relying on our creditworthiness only, and of no other person. If we become insolvent or default on our obligations under the CBBCs, you can only claim as an unsecured creditor of the Issuer. In such event, you may not be able to recover all or even part of the amount due under the CBBCs (if any).

What are the Issuer’s credit ratings?

The Issuer’s long term credit ratings are:

<u>Rating agency</u>	<u>Rating as of the Launch Date</u>
Moody’s Deutschland GmbH	A1 (stable outlook)
Standard & Poor’s Credit Market Services Europe Limited	A (stable outlook)

Rating agencies usually receive a fee from the companies that they rate. When evaluating our creditworthiness, you should not solely rely on our credit ratings because:

- a credit rating is not a recommendation to buy, sell or hold the CBBCs;
- ratings of companies may involve difficult-to-quantify factors such as market competition, the success or failure of new products and markets and managerial competence;
- a high credit rating is not necessarily indicative of low risk. Our credit ratings as of the Launch Date are for reference only. Any downgrading of our ratings could result in a reduction in the value of the CBBCs;
- a credit rating is not an indication of the liquidity or volatility of the CBBCs; and
- a credit rating may be downgraded if our credit quality declines.

The CBBCs are not rated. The Issuer’s credit ratings and credit rating outlooks are subject to change or withdrawal at any time within each rating agency’s sole discretion. You should conduct your own research using publicly available sources to obtain the latest information with respect to the Issuer’s ratings and outlooks from time to time.

Is the Issuer regulated by the Hong Kong Monetary Authority referred in Rule 15A.13(2) or the Securities and Futures Commission referred to in Rule 15A.13(3)?

We are regulated by the Hong Kong Monetary Authority as a registered institution. We are also, amongst others, regulated by the Swiss Financial Market Supervisory Authority (FINMA).

Is the Issuer subject to any litigation?

Except as set out in the Listing Documents, we and our affiliates are not involved in any litigation, claims or arbitration proceedings which are material in the context of the issue of the CBBCs. Also, we are not aware of any proceedings or claims which are threatened or pending against us or our affiliates.

Has our financial position changed since last financial year-end?

Except as set out in the Listing Documents, there has been no material adverse change in our financial position since 31 December 2016.

PRODUCT SUMMARY STATEMENT

The CBBCs are listed structured products which involve derivatives. This statement provides you with key information about the CBBCs. You should not invest in the CBBCs based on the information contained in this statement alone. You should read and understand the remaining sections of this document, together with the other Listing Documents, before deciding whether to invest.

Overview of the CBBCs

- **What is a CBBC?**

A CBBC linked to an index is an instrument which tracks the performance of the underlying index.

The trading price of the CBBCs tends to mirror the movement of the Index level in dollar value.

Similar to a derivative warrant, a CBBC may provide a leveraged return to you. Conversely, such leverage could also magnify your losses.

A bull CBBC is designed for an investor holding a view that the level of the underlying index will increase during the term of the CBBC.

A bear CBBC is designed for an investor holding a view that the level of the underlying index will decrease during the term of the CBBC.

- **How do the CBBCs work?**

The CBBCs are European style cash settled callable bull/bear contracts linked to the Index. Subject to no occurrence of a Mandatory Call Event (see "Mandatory call feature" below), the CBBCs can only be exercised on the Expiry Date.

Mandatory call feature

A Mandatory Call Event occurs if the Spot Level is at or below (in respect of a series of bull CBBCs) or at or above (in respect of a series of bear CBBCs) the Call Level at any time during an Index Business Day in the Observation Period.

The Observation Period commences from the Observation Commencement Date to the Trading Day immediately preceding the Expiry Date (both dates inclusive). "Trading Day" means any day on which the Stock Exchange is scheduled to open for trading for its regular trading sessions.

Upon the occurrence of a Mandatory Call Event, trading in the CBBCs will be suspended immediately and, subject to the limited circumstances set out in the Conditions in which a Mandatory Call Event may be reversed, the CBBCs will be terminated and all Post MCE Trades will be invalid and will be cancelled and will not be recognised by us or the Stock Exchange. The term "Post MCE Trades" means subject to such modification and amendment prescribed by the Stock Exchange from time to time, (a) in the case where the Mandatory Call Event occurs during a continuous trading session, all trades in the CBBCs concluded via auto-matching or manually after the time of the occurrence of a Mandatory Call Event, and (b) in the case where the Mandatory Call Event occurs during a pre-opening session or a closing auction session (if applicable), all auction trades in the CBBCs concluded in such session and all manual trades concluded after the end of the pre-order matching period in such session.

The time at which a Mandatory Call Event occurs will be determined by reference to the time the relevant Index level is published by the Index Compiler.

Residual Value calculation

The CBBCs are Category R as the Call Level is different from the Strike Level. Upon the occurrence of a Mandatory Call Event, the holder may be entitled to a cash amount called the "Residual Value" net of any Exercise Expenses (as defined under the heading "Exercise Expenses" in the sub-section titled "What are the fees and charges?" below).

The Residual Value will be calculated in accordance with a formula by reference to the lowest Spot Level (in respect of a series of bull CBBCs) or the highest Spot Level (in respect of a series of bear CBBCs) of the Index in the trading session during which a Mandatory Call Event occurs and in the following session, subject to potential extension as further described in Product Condition 1.

The Residual Value per Board Lot (if any) payable is calculated as follows:

In respect of a series of bull CBBCs:

$$\frac{(\text{Minimum Index Level} - \text{Strike Level}) \times \text{Index Currency Amount} \times \text{one Board Lot}}{\text{Divisor}}$$

In respect of a series of bear CBBCs:

$$\frac{(\text{Strike Level} - \text{Maximum Index Level}) \times \text{Index Currency Amount} \times \text{one Board Lot}}{\text{Divisor}}$$

Where:

“**Minimum Index Level**” means, in respect of a series of bull CBBCs, the lowest Spot Level of the Index during the MCE Valuation Period;

“**Maximum Index Level**” means, in respect of a series of bear CBBCs, the highest Spot Level of the Index during the MCE Valuation Period;

“**MCE Valuation Period**” means, subject to any extension (as described in further detail in the Conditions), the period commencing from and including the moment upon which the Mandatory Call Event occurs and up to the end of the following trading session on the Index Exchange; and

“**Spot Level**” means the spot level of the Index as compiled and published by the Index Compiler.

If the Residual Value is equal to or less than the Exercise Expenses (if any), you will lose all of your investment.

At expiry

If a Mandatory Call Event has not occurred during the Observation Period, the CBBCs will be terminated on the Expiry Date.

A bull CBBC will be automatically exercised at expiry without the need for the holder to deliver an exercise notice if the Closing Level is above the Strike Level. The more the Closing Level is above the Strike Level, the higher the payoff at expiry. If the Closing Level is at or below the Strike Level, you will lose all of your investment in the bull CBBC.

A bear CBBC will be automatically exercised at expiry without the need for the holder to deliver an exercise notice if the Closing Level is below the Strike Level. The more the Closing Level is below the Strike Level, the higher the payoff at expiry. If the Closing Level is at or above the Strike Level, you will lose all of your investment in the bear CBBC.

Upon the automatic exercise of the CBBCs, the holder is entitled to a cash amount called the “**Cash Settlement Amount**” net of any Exercise Expenses (as defined under the heading “Exercise Expenses” in the sub-section titled “What are the fees and charges?” below) according to the terms and conditions in the Listing Documents. **If the Cash Settlement Amount is equal to or less than the Exercise Expenses (if any), you will lose all of your investment in the CBBCs.**

- **Can you sell the CBBCs before the Expiry Date?**

Yes. We have made an application for listing of, and permission to deal in, the CBBCs on the Stock Exchange. All necessary arrangements have been made to enable the CBBCs to be admitted into the Central Clearing and Settlement System (“CCASS”). Issue of the CBBCs is conditional upon listing approval being granted. From the Listing Date up to the Trading Day immediately preceding the Expiry Date (both dates inclusive), you may sell or buy the CBBCs on the Stock Exchange. No application has been made to list the CBBCs on any other stock exchange.

The CBBCs may only be transferred in a Board Lot (or integral multiples thereof). Where a transfer of CBBCs takes place on the Stock Exchange, currently settlement must be made not later than two CCASS Settlement Days after such transfer.

The Liquidity Provider will make a market in the CBBCs by providing bid and/or ask prices. See the section headed “Liquidity” below.

- **What is your maximum loss?**

The maximum loss in the CBBCs will be your entire investment amount plus any transaction costs.

- **What are the factors determining the price of a CBBC?**

The price of a CBBC linked to an index generally depends on the level of the underlying index (being the Index for the CBBCs). However, throughout the term of the CBBCs, the price of the CBBCs will be influenced by a number of factors, including:

- the Strike Level and Call Level of the CBBCs;
- the likelihood of the occurrence of a Mandatory Call Event;
- the probable range of Residual Value (if any) upon the occurrence of a Mandatory Call Event;
- the time remaining to expiry;
- the interim interest rates and expected dividend payments or other distributions on any components comprising the Index;
- the liquidity of the futures contracts relating to the Index;
- the supply and demand for the CBBCs;
- the probable range of the Cash Settlement Amount;
- our related transaction costs; and
- the creditworthiness of the Issuer.

Although the price of the CBBCs tends to mirror the movement of the Index level in dollar value, movements in the price of the CBBCs may not always correspond with the movements in the Index level, especially when the Spot Level is close to the Call Level. It is possible that the price of the CBBCs does not increase as much as the increase (in respect of the bull CBBCs) or decrease (in respect of the bear CBBCs) in the level of the Index.

Risks of investing in the CBBCs

You must read the section headed “Key Risk Factors” in this document together with the risk factors set out in our Base Listing Document. You should consider all these factors collectively when making your investment decision.

Liquidity

- **How to contact the Liquidity Provider for quotes?**

Liquidity Provider: *Credit Suisse Securities (Hong Kong) Limited*

Address: Level 88, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong

Telephone Number: (852) 2101 6619

The Liquidity Provider is regulated by the Stock Exchange and the Securities and Futures Commission. It is an affiliate of the Issuer and will act as our agent in providing quotes. You can request a quote by calling the Liquidity Provider at the telephone number above.

- **What is the Liquidity Provider’s maximum response time for a quote?** The Liquidity Provider will respond within 10 minutes and the quote will be displayed on the Stock Exchange’s designated stock page for the CBBCs.

- **Maximum spread between bid and ask prices:** 20 spreads

- **Minimum quantity for which liquidity will be provided:** 20 Board Lots

- **What are the circumstances under which the Liquidity Provider is not obliged to provide liquidity?**

There will be circumstances under which the Liquidity Provider is not obliged to provide liquidity. Such circumstances include:

- upon the occurrence of a Mandatory Call Event;
- during the first 5 minutes of each morning trading session or the first 5 minutes after trading commences for the first time on a trading day;
- during a pre-opening session or a closing auction session (if applicable) or any other circumstances as may be prescribed by the Stock Exchange;
- when the CBBCs are suspended from trading for any reason;
- if there occurs or exists any suspension of or limitation imposed on trading of options or futures contracts relating to the Index or if the Index level is not calculated or published as scheduled for any reason;
- when there are no CBBCs available for market making activities. In such event, the Liquidity Provider shall continue to provide bid prices. CBBCs held by us or any of our affiliates in a fiduciary or agency capacity are not CBBCs available for market making activities;
- when there are operational and technical problems beyond the control of the Liquidity Provider hindering the ability of the Liquidity Provider to provide liquidity;
- if the stock market experiences exceptional price movement and high volatility over a short period of time which materially affects the Liquidity Provider’s ability to source a hedge or unwind an existing hedge; or
- if the theoretical value of the CBBCs is less than HK\$0.01. If the Liquidity Provider chooses to provide liquidity under this circumstance, both bid and ask prices will be made available.

You should read the sub-section entitled “Possible limited secondary market” under the “Key Risk Factors” section for further information on the key risks when the Liquidity Provider is not able to provide liquidity.

How can you obtain further information?

- **Information about the Index**

You may obtain information on the Index by visiting the Index Compiler's website at www.hsi.com.hk.

- **Information about the CBBCs after issue**

You may visit the Stock Exchange's website at www.hkex.com.hk/eng/prod/secprod/cbbc/Intro.htm or our website at http://warrants-hk.credit-suisse.com/en/home_e.cgi to obtain information on the CBBCs or any notice given by us or the Stock Exchange in relation to the CBBCs.

- **Information about us**

You should read the section "Updated Information about Us" in this document. You may visit www.credit-suisse.com to obtain general corporate information about us.

We have included references to websites in this document to indicate how further information may be obtained. Information appearing on those websites does not form part of the Listing Documents. We accept no responsibility for the accuracy or completeness of the information appearing on those websites. You should conduct your own due diligence (including without limitation web searches) to ensure that you are viewing the most up-to-date information.

What are the fees and charges?

- **Trading Fees and Levies**

The Stock Exchange charges a trading fee of 0.005 per cent. and the Securities and Futures Commission charges a transaction levy of 0.0027 per cent. for each transaction effected on the Stock Exchange payable by each of the seller and the buyer and calculated on the value of the consideration for the CBBCs. The levy for the investor compensation fund is currently suspended.

- **Exercise Expenses**

You are responsible for any Exercise Expenses. Exercise Expenses mean any charges or expenses including any taxes or duties which are incurred in respect of the early termination of the CBBCs upon the occurrence of a Mandatory Call Event or the exercise of the CBBCs at expiry. Any Exercise Expenses will be deducted from the Residual Value or the Cash Settlement Amount payable at expiry (if any, as the case may be). If the Residual Value or the Cash Settlement Amount payable at expiry (as the case may be) is equal to or less than the Exercise Expenses, no amount is payable. As at the date of this document, no Exercise Expenses are payable for cash settled callable bull/bear contracts (including the CBBCs).

- **Stamp Duty**

No stamp duty is currently payable in Hong Kong on transfer of cash settled callable bull/bear contracts (including the CBBCs).

You should note that any transaction cost will reduce your gain or increase your loss under your investment in the CBBCs.

What is the legal form of the CBBCs?

Each series of the CBBCs will be represented by a global certificate in the name of HKSCC Nominees Limited that is the only legal owner of the CBBCs. We will not issue definitive certificates for the CBBCs. You may arrange for your broker to hold the CBBCs in a securities account on your behalf, or if you have a CCASS Investor Participant securities account, you may arrange for the CBBCs to be held in such account. You will have to rely on the records of CCASS and/or the statements you receive from your brokers as evidence of your beneficial interest in the CBBCs.

Can we adjust the terms or early terminate the CBBCs?

The occurrence of certain events (including, without limitation, a succession of the Index or Index Compiler, modification or cessation of calculation of the Index) may entitle us to adjust the terms and conditions of the CBBCs. However, we are not obliged to adjust the terms and conditions of the CBBCs for every event that affects the Index.

We may early terminate the CBBCs if it becomes illegal or impracticable for us (i) to perform our obligations under the CBBCs as a result of a change in law event, or (ii) to maintain our hedging arrangement with respect to the CBBCs due to a change in law event. In such event, the amount payable by us (if any) will be the fair market value of the CBBCs less our cost of unwinding any related hedging arrangements as determined by us, which may be substantially less than your initial investment and may be zero.

Please refer to General Condition 8 and Product Condition 5 for details about adjustments or early termination events. Such events may negatively affect your investment and you may suffer a loss.

Mode of settlement for the CBBCs

Subject to early termination upon the occurrence of a Mandatory Call Event, the CBBCs will be automatically exercised on the Expiry Date in integral multiples of the Board Lot if the Cash Settlement Amount is positive. If the Cash Settlement Amount is zero or negative, or is equal to or less than the Exercise Expenses, you will lose all of your investment.

Upon the occurrence of a Mandatory Call Event, the CBBCs will be early terminated and the holder is entitled to the Residual Value (if any) net of any Exercise Expenses.

We will deliver a cash amount in the Settlement Currency equal to the Residual Value or the Cash Settlement Amount payable at expiry net of any Exercise Expenses (if any) no later than the Settlement Date to HKSCC Nominees Limited (as the registered holder of the CBBCs), which will then distribute such amount to the securities account of your broker (and if applicable, its custodian) or to your CCASS Investor Participant securities account (as the case may be). You may have to rely on your broker (and if applicable, its custodian) to ensure that the Residual Value or the Cash Settlement Amount payable at expiry (if any) is credited to your account maintained with your broker. Once we make the payment to HKSCC Nominees Limited, who operates CCASS, you will have no further right against us for that payment, even if CCASS or your broker (and if applicable, its custodian) does not transfer your share of payment to you, or is late in making such payment transfer.

Payment of the Residual Value or the Cash Settlement Amount payable at expiry (if any) may be delayed if a Settlement Disruption Event occurs on the Settlement Date, as a result of which we are unable to deliver such amount through CCASS on such day. See Product Condition 4 for further information.

Where can you inspect the relevant documents of the CBBCs?

The following documents are available for inspection during usual business hours on any weekday (Saturdays, Sundays and holidays excepted) until the Expiry Date at Level 88, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong:

- each of the Listing Documents (in separate English and Chinese versions), including:
 - this document
 - our Base Listing Document
 - the addendum to the Base Listing Document dated 8 September 2017
- the latest audited consolidated financial statements and any interim or quarterly financial statements of us and Credit Suisse Group AG; and
- copies of the consent letters of our auditors referred to in our Base Listing Document.

The Listing Documents are also available on the website of the HKEX at www.hkexnews.hk and our website at http://warrants-hk.credit-suisse.com/en/home_e.cgi.

各上市文件亦可於香港交易所披露易網站 (www.hkexnews.hk) 以及本公司網站 http://warrants-hk.credit-suisse.com/home_c.cgi 瀏覽。

Are there any dealings in the CBBCs before the Listing Date?

It is possible that there may have been dealings in the CBBCs before the Listing Date. If there are any dealings in the CBBCs by us or any of our subsidiaries or associated companies from the Launch Date prior to the Listing Date, we will report those dealings to the Stock Exchange by the Listing Date and such report will be released on the website of the Stock Exchange.

Have the auditors consented to the inclusion of their reports to the Listing Documents?

Our auditors (“**Auditors**”) have given and have not since withdrawn their written consents dated 18 April 2017 to the inclusion of their reports dated 24 March 2017 and/or the references to their name in our Base Listing Document, in the form and context in which they are included. Their reports were not prepared exclusively for incorporation into our Base Listing Document. The Auditors do not own any of our shares or shares in any member of our group, nor do they have the right (whether legally enforceable or not) to subscribe for or to nominate persons to subscribe for our securities or securities of any member of our group.

Authorisation of the CBBCs

The issue of the CBBCs was authorised by our board of directors on 7 July 2009.

Selling restrictions

The CBBCs have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”), and will not be offered, sold, delivered or traded, at any time, indirectly or directly, in the United States or to, or for the account or benefit of, any U.S. person (as defined in the Securities Act).

The offer or transfer of the CBBCs is also subject to the selling restrictions specified in our Base Listing Document.

Capitalised terms and inconsistency

Unless otherwise specified, capitalised terms used in this document have the meanings set out in the Conditions. If this document is inconsistent with our Base Listing Document, this document shall prevail.

INFORMATION ON THE INDEX

The information on the Index set out below is extracted from or based on publicly available information and, in particular, information from the Index Compiler. We do not give any representation whatsoever as to the truth, accuracy, completeness, adequacy or reasonableness of any of the information contained therein whether as at the date of this document or any other time, save that we have taken reasonable care to correctly extract, summarise and/or reproduce such information.

Who is the Index Compiler?

Hang Seng Indexes Company Limited. The Index is managed and compiled by the Index Compiler, which is a wholly-owned subsidiary of Hang Seng Bank Limited.

How is the Index level disseminated?

The Index level is disseminated through the website of the Index Compiler at <http://www.hsi.com.hk> and various information vendors. You should contact your stockbroker for further information.

Index disclaimer

The Index is published and compiled by Hang Seng Indexes Company Limited pursuant to a licence from Hang Seng Data Services Limited. The mark and name Hang Seng Index are proprietary to Hang Seng Data Services Limited. Hang Seng Indexes Company Limited and Hang Seng Data Services Limited have agreed to the use of, and reference to, the Index by the Issuer in connection with the CBBCs (the “Product”), **BUT NEITHER HANG SENG INDEXES COMPANY LIMITED NOR HANG SENG DATA SERVICES LIMITED WARRANTS OR REPRESENTS OR GUARANTEES TO ANY BROKER OR HOLDER OF THE PRODUCT OR ANY OTHER PERSON (i) THE ACCURACY OR COMPLETENESS OF THE INDEX AND ITS COMPUTATION OR ANY INFORMATION RELATED THERETO; OR (ii) THE FITNESS OR SUITABILITY FOR ANY PURPOSE OF THE INDEX OR ANY COMPONENT OR DATA COMPRISED IN IT; OR (iii) THE RESULTS WHICH MAY BE OBTAINED BY ANY PERSON FROM THE USE OF THE INDEX OR ANY COMPONENT OR DATA COMPRISED IN IT FOR ANY PURPOSE, AND NO WARRANTY OR REPRESENTATION OR GUARANTEE OF ANY KIND WHATSOEVER RELATING TO THE INDEX IS GIVEN OR MAY BE IMPLIED.** The process and basis of computation and compilation of the Index and any of the related formula or formulae, constituent stocks and factors may at any time be changed or altered by Hang Seng Indexes Company Limited without notice. **TO THE EXTENT PERMITTED BY APPLICABLE LAW, NO RESPONSIBILITY OR LIABILITY IS ACCEPTED BY HANG SENG INDEXES COMPANY LIMITED OR HANG SENG DATA SERVICES LIMITED (i) IN RESPECT OF THE USE OF AND/OR REFERENCE TO THE INDEX BY THE ISSUER IN CONNECTION WITH THE PRODUCT; OR (ii) FOR ANY INACCURACIES, OMISSIONS, MISTAKES OR ERRORS OF HANG SENG INDEXES COMPANY LIMITED IN THE COMPUTATION OF THE INDEX; OR (iii) FOR ANY INACCURACIES, OMISSIONS, MISTAKES, ERRORS OR INCOMPLETENESS OF ANY INFORMATION USED IN CONNECTION WITH THE COMPUTATION OF THE INDEX WHICH IS SUPPLIED BY ANY OTHER PERSON; OR (iv) FOR ANY ECONOMIC OR OTHER LOSS WHICH MAY BE DIRECTLY OR INDIRECTLY SUSTAINED BY ANY BROKER OR HOLDER OF THE PRODUCT OR ANY OTHER PERSON DEALING WITH THE PRODUCT AS A RESULT OF ANY OF THE AFORESAID, AND NO CLAIMS, ACTIONS OR LEGAL PROCEEDINGS MAY BE BROUGHT AGAINST HANG SENG INDEXES COMPANY LIMITED AND/OR HANG SENG DATA SERVICES LIMITED** in connection with the Product in any manner whatsoever by any broker, holder or other person dealing with the Product. For the avoidance of doubt, this disclaimer does not create any contractual or quasi-contractual relationship between any broker, holder or other person and Hang Seng Indexes Company Limited and/or Hang Seng Data Services Limited and must not be construed to have created such relationship.

KEY RISK FACTORS

You must read these key risk factors together with the risk factors set out in our Base Listing Document. These key risk factors do not necessarily cover all risks related to the CBBCs. If you have any concerns or doubts about the CBBCs, you should obtain independent professional advice.

Non-collateralised structured products

The CBBCs are not secured on any of our assets or any collateral.

Credit risk

If you invest in the CBBCs, you are relying on our creditworthiness and of no other person. If we become insolvent or default on our obligations under the CBBCs, you can only claim as our unsecured creditor regardless of the performance of the Index and may not be able to recover all or even part of the amount due under the CBBCs (if any). You have no rights under the terms of the CBBCs against the Index Compiler or any company which has issued any constituent securities of the Index.

CBBCs are not principal protected and may become worthless

Given the gearing effect inherent in the CBBCs, a small change in the Index level may lead to a substantial price movement in the CBBCs.

Unlike stocks, the CBBCs have a limited life and will be early terminated upon the occurrence of a Mandatory Call Event or expire on the Expiry Date. In the worst case, the CBBCs may be early terminated or expire with no value and you will lose all of your investment. The CBBCs may only be suitable for experienced investors who are willing to accept the risk that they may lose all their investment.

The CBBCs can be volatile

Prices of the CBBCs may rise or fall rapidly. You should carefully consider, among other things, the following factors before dealing in the CBBCs:

- (i) the Strike Level and Call Level of the CBBCs;
- (ii) the likelihood of the occurrence of a Mandatory Call Event;
- (iii) the probable range of Residual Value (if any) upon the occurrence of a Mandatory Call Event;
- (iv) the time remaining to expiry;
- (v) the interim interest rates and expected dividend payments or other distributions on any components comprising the Index;
- (vi) the liquidity of the futures contracts relating to the Index;
- (vii) the supply and demand for the CBBCs;
- (viii) the probable range of the Cash Settlement Amount;
- (ix) the related transaction cost (including the Exercise Expenses, if any); and
- (x) the creditworthiness of the Issuer.

The value of the CBBCs may not correspond with the movements in the level of the Index. If you buy the CBBCs with a view to hedge against your exposure to any futures contract relating to the Index, it is possible that you could suffer loss in your investment in that futures contract and the CBBCs.

In particular, you should note that when the Spot Level of the Index is close to the Call Level, the trading price of the CBBCs will be more volatile. The change in the trading price of the CBBCs may not be comparable and may be disproportionate with the change in the Index level. In such case, a small change in the Index level may lead to a substantial price movement in the CBBCs.

You may lose your entire investment when a Mandatory Call Event occurs

Unlike warrants, CBBCs has a mandatory call feature and trading in the CBBCs will be suspended when the Spot Level reaches the Call Level (subject to the circumstances in which a Mandatory Call Event will be reversed as set out in the sub-section titled "Mandatory Call Event is irrevocable" below). No investors can sell the CBBCs after the occurrence of a Mandatory Call Event. Even if the level of the Index bounces back in the right direction, the CBBCs which have been terminated as a result of the Mandatory Call Event will not be revived and investors will not

be able to profit from the bounce-back. Investors may receive a Residual Value after the occurrence of a Mandatory Call Event but such amount may be zero.

Mandatory Call Event is irrevocable

A Mandatory Call Event is irrevocable unless it is triggered as a result of any of the following events:

- (i) report of system malfunction or other technical errors of HKEX (such as the setting up of wrong Call Level or other parameters) by the Stock Exchange to us; or
- (ii) report of manifest errors caused by the relevant third party price source where applicable by us to the Stock Exchange,

and we agree with the Stock Exchange that such Mandatory Call Event is to be revoked provided that such mutual agreement must be reached no later than 30 minutes before the commencement of trading (including the pre-opening session) (Hong Kong time) on the Trading Day of the Stock Exchange immediately following the day on which the Mandatory Call Event occurs, or such other time as prescribed by the Stock Exchange from time to time.

In such case, the Mandatory Call Event so triggered will be reversed and all trades cancelled (if any) will be reinstated and the trading of the CBBCs will resume.

Delay in Mandatory Call Event notification

We will notify the market as soon as reasonably practicable after the occurrence of a Mandatory Call Event. You should be aware that there may be a delay in our announcement of a Mandatory Call Event due to technical errors, system failures and other factors that are beyond the reasonable control of the Stock Exchange and us.

Non-Recognition of Post MCE Trades

The Stock Exchange and its recognised exchange controller, HKEX, will not incur any liability (whether based on contract, tort, (including, without limitation, negligence), or any other legal or equitable grounds and without regard to the circumstances giving rise to any purported claim except in the case of wilful misconduct on the part of the Stock Exchange and/or HKEX) for, any direct, consequential, special, indirect, economic, punitive, exemplary or any other loss or damage suffered or incurred by us or any other party arising from or in connection with the Mandatory Call Event or the suspension of trading ("Trading Suspension") or the non-recognition of trades after a Mandatory Call Event ("Non-Recognition of Post MCE Trades"), including without limitation, any delay, failure, mistake or error in the Trading Suspension or Non-Recognition of Post MCE Trades.

We and our affiliates shall not have any responsibility for any losses suffered as a result of the Trading Suspension and/or Non-Recognition of Post MCE Trades in connection with the occurrence of a Mandatory Call Event, notwithstanding that such Trading Suspension or Non-Recognition of Post MCE Trades may have occurred as a result of an error in the observation of the event.

Fluctuation in the Funding Cost

The Issue Price of the CBBCs is set by reference to the difference between the initial reference spot level of the Index and the Strike Level, plus the applicable Funding Cost as of the Launch Date. The initial Funding Cost applicable to the CBBCs is specified on the cover page of this document. It will fluctuate throughout the life of the CBBCs as the funding rate may change from time to time. The funding rate is a rate determined by us based on one or more of the following factors, including but not limited to the Strike Level, the prevailing interest rate, the expected life of the CBBCs, any expected notional dividends in respect of any securities comprising the Index and the margin financing provided by us.

Residual Value will not include residual Funding Cost

The Residual Value (if any) payable by us following the occurrence of a Mandatory Call Event will not include the residual Funding Cost for the CBBCs. When a Mandatory Call Event occurs, the investors will lose the Funding Cost for the full period.

Our hedging activities

Our trading and/or hedging activities or those of our related parties related to the CBBCs and/or other financial instruments issued by us from time to time may have an impact on the Index level and may trigger a Mandatory Call Event.

In particular, when the Spot Level of the Index is close to the Call Level, our unwinding activities in relation to the Index may cause a fall or rise (as the case may be) in the Index level leading to a Mandatory Call Event as a result of such unwinding activities.

Before the occurrence of a Mandatory Call Event, we or our related party may unwind our hedging transactions relating to the CBBCs in proportion to the amount of the CBBCs we repurchase from the market from time to time. Upon the occurrence of a Mandatory Call Event, we or our related party may unwind any hedging transactions relating to the CBBCs. Such unwinding activities after the occurrence of a Mandatory Call Event may affect the Index level and consequently the Residual Value for the CBBCs.

Time decay

All other factors being equal, the value of a CBBC is likely to decrease over time. Therefore, the CBBCs should not be viewed as a product for long term investments.

Possible limited secondary market

The Liquidity Provider may be the only market participant for the CBBCs and therefore the secondary market for the CBBCs may be limited. The more limited the secondary market, the more difficult it may be for you to realise the value in the CBBCs prior to expiry.

You should also be aware that the Liquidity Provider may not be able to provide liquidity when there are operational and technical problems hindering its ability to do so. Even if the Liquidity Provider is able to provide liquidity in such circumstances, its performance of liquidity provision may be adversely affected. For example:

- (i) the spread between bid and ask prices quoted by the Liquidity Provider may be significantly wider than its normal standard;
- (ii) the quantity for which liquidity will be provided by the Liquidity Provider may be significantly smaller than its normal standard; and/or
- (iii) the Liquidity Provider's response time for a quote may be significantly longer than its normal standard.

Change of calculation methodology or failure to publish the Index

If there is a material change in the calculation of the Index level or a failure to publish the Index, we may determine the Closing Level on the basis of the method last in effect prior to such change or failure.

Publication of Index level when component shares are not trading

The Index Compiler may publish the Index level at a time when one or more shares comprising the Index are not trading.

Adjustment related risk

The occurrence of certain events (including, without limitation, a succession of the Index or Index Compiler, modification or cessation of calculation of the Index) may entitle us to adjust the terms and conditions of the CBBCs. However, we are not obliged to adjust the terms and conditions of the CBBCs for every event that affects the Index. Any adjustment or decision not to make any adjustment may adversely affect the value of the CBBCs. Please refer to Product Condition 5 for details about adjustments.

Possible early termination

We may early terminate the CBBCs if it becomes illegal or impracticable for us (i) to perform our obligations under the CBBCs as a result of a change in law event, or (ii) to maintain our hedging arrangement with respect to the CBBCs due to a change in law event. In such event, the amount payable by us (if any) will be the fair market value of the CBBCs less our costs of unwinding any related hedging arrangements as determined by us, which may be substantially less than your initial investment and may be zero. Please refer to General Condition 8 for details about our early termination rights.

Time lag between early termination or exercise and settlement of the CBBCs

There is a time lag between the early termination or exercise of the CBBCs and payment of the Residual Value or the Cash Settlement Amount payable at expiry net of Exercise Expenses (if any). There may be delays in the electronic settlement or payment through CCASS.

Conflict of interest

We and our subsidiaries and affiliates engage in a wide range of commercial and investment banking, brokerage, funds management, hedging, investment and other activities and may possess material information about the Index or issue or update research reports on the Index. Such activities, information and/or research reports may involve or affect the Index and may cause consequences adverse to you or otherwise create conflicts of interests in connection with the issue of the CBBCs. We have no obligation to disclose such information and may issue research reports and engage in any such activities without regard to the issue of the CBBCs.

In the ordinary course of our business, we and our subsidiaries and affiliates may effect transactions for our own account or for the account of our customers and may enter into one or more transactions with respect to the Index or related derivatives. This may indirectly affect your interests.

No direct contractual rights

The CBBCs are issued in global registered form and are held within CCASS. You will not receive any definitive certificate and your name will not be recorded in the register of the CBBCs. The evidence of your interest in the CBBCs, and the efficiency of the ultimate payment of the Residual Value or the Cash Settlement Amount payable at expiry net of Exercise Expenses (if any), are subject to the CCASS Rules. You will have to rely on your broker (or, if applicable, its direct or indirect custodians) and the statements you receive from it as evidence of your interest in the CBBCs. You do not have any direct contractual rights against us. To assert your rights as an investor in the CBBCs, you will have to rely on your broker (and, if applicable, its direct or indirect custodian) to take action on your behalf. If your broker or, if applicable, its direct or indirect custodian:

- (i) fails to take action in accordance with your instructions;
- (ii) becomes insolvent; or
- (iii) defaults on its obligations,

you will need to take action against your broker in accordance with the terms of arrangement between you and your broker to establish your interest in the CBBCs first before you can assert your right of claim against us. You may experience difficulties in taking such legal proceedings. This is a complicated area of law and you should seek independent legal advice for further information.

The Listing Documents should not be relied upon as the sole basis for your investment decision

The Listing Documents do not take into account your investment objectives, financial situation or particular needs. Nothing in the Listing Documents should be construed as a recommendation by us or our affiliates to invest in the CBBCs or any futures contracts relating to the Index.

Financial Institutions (Resolution) Ordinance

The Financial Institutions (Resolution) Ordinance (Cap. 628, the Laws of Hong Kong) (the “**FIRO**”) was enacted by the Legislative Council of Hong Kong in June 2016. The FIRO (except Part 8, section 192 and Division 10 of Part 15 thereof) came into operation on 7 July 2017.

The FIRO provides a regime for the orderly resolution of financial institutions with a view to avoiding or mitigating the risks otherwise posed by their non-viability to the stability and effective working of the financial system of Hong Kong, including the continued performance of critical financial functions. The FIRO seeks to provide the relevant resolution authorities with a range of powers to bring about timely and orderly resolution in order to stabilise and secure continuity for a failing authorised institution in Hong Kong. In particular, it is envisaged that subject to certain safeguards, the relevant resolution authority would be provided with powers to affect contractual and property rights as well as payments (including in respect of any priority of payment) that creditors would receive in resolution, including but not limited to powers to write off, or convert into equity, all or a part of the liabilities of the failing financial institution.

As an authorised institution regulated by the Hong Kong Monetary Authority, Credit Suisse AG is subject to and bound by the FIRO. The exercise of any resolution power by the relevant resolution authority under the FIRO in respect of Credit Suisse AG may have a material adverse effect on the value of the CBBCs, and as a result, you may not be able to recover all or any amount due under the CBBCs.

We are not the ultimate holding company of the group

We are not the ultimate holding company of the group to which we belong. The ultimate holding company of the group to which we belong is Credit Suisse Group AG.

Updated Information about Us

1. On 2 November 2017, Credit Suisse Group AG and Credit Suisse AG filed with the Securities and Exchange Commission a Form 6-K, which contains Credit Suisse AG (Bank) financial report for the third quarter of 2017. We refer you to the extract of the Form 6-K dated 2 November 2017 as set out in Exhibit A of this document. For further information on the financial report, we refer you to the complete Form 6-K dated 2 November 2017 on our website at www.credit-suisse.com.
2. On 13 November 2017, Credit Suisse Group AG and Credit Suisse AG filed with the Securities and Exchange Commission a Form 6-K, which contains a media release in relation to Credit Suisse's settlement with New York State Department of Financial Services relating to foreign exchange rates. We refer you to the complete Form 6-K dated 13 November 2017 as set out in Exhibit B of this document.
3. On 30 November 2017, Credit Suisse Group AG and Credit Suisse AG filed with the Securities and Exchange Commission a Form 6-K, which contains a media release in relation to the Investor Day 2017. We refer you to the complete Form 6-K dated 30 November 2017 as set out in Exhibit C of this document.
4. On 22 December 2017, Credit Suisse Group AG and Credit Suisse AG filed with the Securities and Exchange Commission a Form 6-K, which contains a media release in relation to the US Tax Cuts and Jobs Act. We refer you to the complete Form 6-K dated 22 December 2017 as set out in Exhibit D of this document.
5. On 14 February 2018, Credit Suisse Group AG and Credit Suisse AG filed with the Securities and Exchange Commission a Form 6-K, which contains Credit Suisse AG (Bank) earnings release for the fourth quarter of 2017. We refer you to the extract of the Form 6-K dated 14 February 2018 as set out in Exhibit E of this document. For further information on the earnings release, we refer you to the complete Form 6-K dated 14 February 2018 on our website at www.credit-suisse.com.

EXHIBIT A

**EXTRACT OF CREDIT SUISSE GROUP AG AND CREDIT SUISSE AG
FORM 6-K FILED WITH
US SECURITIES AND EXCHANGE COMMISSION**

This extract of Form 6-K, which was filed with the US Securities and Exchange Commission on 2 November 2017, contains Credit Suisse AG (Bank) financial report for the third quarter of 2017, as described below.

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION**
Washington, D.C. 20549

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Form 20-F

Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submitted to furnish a report or other document that the registrant foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's "home country"), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and, if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

Explanatory note

On November 2, 2017, the Credit Suisse Financial Report 3Q17 was published. A copy of the Financial Report is attached as an exhibit to this report on Form 6-K. This report on Form 6-K (including the exhibits hereto) is hereby (i) incorporated by reference into the Registration Statement on Form F-3 (file no. 333-218604) and the Registration Statements on Form S-8 (file nos. 333-101259, 333-208152 and 333-217856), and (ii) shall be deemed to be “filed” for purposes of the Securities Exchange Act of 1934, as amended, except, in the case of both (i) and (ii), (a) the information under “Differences between Group and Bank” and “Selected financial data – Bank” shall not be incorporated by reference into, or be deemed “filed”, with respect to the Registration Statements on Form S-8 (file nos. 333-101259, 333-208152 and 333-217856) and (b) the sections of the attached Financial Report entitled “II – Treasury, risk, balance sheet and off-balance sheet – Capital management – Bank regulatory disclosures”, “Investor information” and “Financial calendar and contacts” shall not be incorporated by reference into, or be deemed “filed”, with respect to any such Registration Statements.

Credit Suisse Group AG and Credit Suisse AG file an annual report on Form 20-F and file quarterly reports, including unaudited interim financial information, and furnish or file other reports on Form 6-K with the US Securities and Exchange Commission (SEC) pursuant to the requirements of the Securities Exchange Act of 1934, as amended. The SEC reports of Credit Suisse Group AG and Credit Suisse AG are available to the public over the internet at the SEC’s website at www.sec.gov and from the SEC’s Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549 (telephone 1-800-SEC-0330). The SEC reports of Credit Suisse Group AG and Credit Suisse AG are also available under “Investor Relations” on Credit Suisse Group AG’s website at www.credit-suisse.com and at the offices of the New York Stock Exchange, 20 Broad Street, New York, NY 10005.

Unless the context otherwise requires, references herein to “Credit Suisse Group,” “Credit Suisse,” “the Group,” “we,” “us” and “our” mean Credit Suisse Group AG and its consolidated subsidiaries and the term “the Bank” means Credit Suisse AG, the direct bank subsidiary of the Group, and its consolidated subsidiaries.

SEC regulations require certain information to be included in registration statements relating to securities offerings. Such additional information for the Group and the Bank is included in this report on Form 6-K, which should be read together with the Group’s and the Bank’s annual report on Form 20-F for the year ended December 31, 2016 (Credit Suisse 2016 20-F) filed with the SEC on March 24, 2017, the Group’s financial report for the first quarter of 2017 (Credit Suisse Financial Report 1Q17), filed with the SEC on Form 6-K on May 4, 2017, the Group’s financial report for the second quarter of 2017 (Credit Suisse Financial Report 2Q17), filed with the SEC on Form 6-K on July 28, 2017 and the Group’s financial report for the third quarter of 2017 (Credit Suisse Financial Report 3Q17), filed with the SEC as Exhibit 99.1 hereto.

This report filed on Form 6-K also contains certain information about Credit Suisse AG (Bank) relating to its results as of and for the three and nine months ended September 30, 2017. The Bank, a Swiss bank and joint stock corporation established under Swiss law, is a wholly-owned subsidiary of the Group. The Bank’s registered head office is in Zurich, and it has additional executive offices and principal branches in London, New York, Hong Kong, Singapore and Tokyo.

References herein to “CHF” are to Swiss francs.

Forward-looking statements

This Form 6-K and the information incorporated by reference in this Form 6-K include statements that constitute forward-looking statements. In addition, in the future the Group, the Bank and others on their behalf may make statements that constitute forward-looking statements.

When evaluating forward-looking statements, you should carefully consider the cautionary statement regarding forward-looking information, the risk factors and other information set forth in the Credit Suisse 2016 20-F, and subsequent annual reports on Form 20-F filed by the Group and the Bank with the SEC and the Group’s and the Bank’s reports on Form 6-K furnished to or filed with the SEC, and other uncertainties and events.

Differences between Group and Bank

Except where noted, the business of the Bank is substantially the same as the business of the Group, and substantially all of the Bank's operations are conducted through the Swiss Universal Bank, International Wealth Management, Asia Pacific, Global Markets, Investment Banking & Capital Markets and the Strategic Resolution Unit segments. These segment results are included in Core Results, except for the Strategic Resolution Unit, which is part of the Credit Suisse results. Core Results also includes certain Corporate Center activities of the Group that are not applicable to the Bank. Certain other assets, liabilities and results of operations are managed as part of the activities of the six segments. However, since they are legally owned by the Group, they are not included in the Bank's consolidated financial statements. These relate principally to (i) financing vehicles of the Group, which include special purpose vehicles for various funding activities of the Group, including for the purpose of raising capital; and (ii) hedging activities relating to share-based compensation awards.

These operations and activities vary from period to period and give rise to differences between the Bank's consolidated assets, liabilities, revenues and expenses, including pensions and taxes, and those of the Group.

For further information on the differences between the Group and the Bank, refer to "Note 31 – Subsidiary guarantee information" in III – Condensed consolidated financial statements – unaudited in the Credit Suisse Financial Report 3Q17.

Media Release

Credit Suisse Reaches Settlement with New York State Department of Financial Services Relating to Foreign Exchange Rates

Zurich / New York, November 13, 2017 – Credit Suisse announced today that it has reached a settlement with the New York Department of Financial Services (DFS) related to the conduct of its Foreign Exchange (FX) Rates business.

The agreement with the DFS settles claims relating to Credit Suisse's voice and electronic FX trading business between 2008 and 2015. Credit Suisse does not admit to any findings of fact and the resolution does not involve any fraud-based violations. The consent order reflecting the agreement resolves all matters.

Credit Suisse is pleased to have reached a settlement with the DFS that allows the bank to put this matter behind it.

Credit Suisse will take a pre-tax charge of approximately USD 135 million. This charge will be taken in its 4Q 2017 financial results, which will be announced on February 14, 2018.

Credit Suisse AG

Credit Suisse AG is one of the world's leading financial services providers and is part of the Credit Suisse group of companies (referred to here as 'Credit Suisse'). As an integrated bank, Credit Suisse offers clients its combined expertise in the areas of private banking, investment banking and asset management. Credit Suisse provides advisory services, comprehensive solutions and innovative products to companies, institutional clients and high-net-worth private clients globally, as well as to retail clients in Switzerland. Credit Suisse is headquartered in Zurich and operates in over 50 countries worldwide. The group employs approximately 46'720 people. The registered shares (CSGN) of Credit Suisse's parent company, Credit Suisse Group AG, are listed in Switzerland and, in the form of American Depositary Shares (CS), in New York. Further information about Credit Suisse can be found at www.credit-suisse.com.

Cautionary statement regarding forward-looking information

This document contains statements that constitute forward-looking statements. In addition, in the future we, and others on our behalf, may make statements that constitute forward-looking statements. Such forward-looking statements may include, without limitation, statements relating to the following:

Media Release
November 13, 2017
Page 2/2

- our plans, objectives or goals;
- our future economic performance or prospects;
- the potential effect on our future performance of certain contingencies; and
- assumptions underlying any such statements.

Words such as “believes,” “anticipates,” “expects,” “intends” and “plans” and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. We do not intend to update these forward-looking statements except as may be required by applicable securities laws.

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that predictions, forecasts, projections and other outcomes described or implied in forward-looking statements will not be achieved. We caution you that a number of important factors could cause results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements. These factors include:

- the ability to maintain sufficient liquidity and access capital markets;
- market volatility and interest rate fluctuations and developments affecting interest rate levels;
- the strength of the global economy in general and the strength of the economies of the countries in which we conduct our operations, in particular the risk of continued slow economic recovery or downturn in the US or other developed countries or in emerging markets in 2017 and beyond;
- the direct and indirect impacts of deterioration or slow recovery in residential and commercial real estate markets;
- adverse rating actions by credit rating agencies in respect of us, sovereign issuers, structured credit products or other credit-related exposures;
- the ability to achieve our strategic objectives, including cost efficiency, net new asset, pre-tax income/(loss), capital ratios and return on regulatory capital, leverage exposure threshold, risk-weighted assets threshold and other targets and ambitions;
- the ability of counterparties to meet their obligations to us;
- the effects of, and changes in, fiscal, monetary, exchange rate, trade and tax policies, as well as currency fluctuations;
- political and social developments, including war, civil unrest or terrorist activity;
- the possibility of foreign exchange controls, expropriation, nationalization or confiscation of assets in countries in which we conduct our operations;
- operational factors such as systems failure, human error, or the failure to implement procedures properly;
- the risk of cyberattacks on our business or operations;
- actions taken by regulators with respect to our business and practices and possible resulting changes to our business organization, practices and policies in countries in which we conduct our operations;
- the effects of changes in laws, regulations or accounting policies or practices in countries in which we conduct our operations;
- the potential effects of proposed changes in our legal entity structure;
- competition or changes in our competitive position in geographic and business areas in which we conduct our operations;
- the ability to retain and recruit qualified personnel;
- the ability to maintain our reputation and promote our brand;
- the ability to increase market share and control expenses;
- technological changes;
- the timely development and acceptance of our new products and services and the perceived overall value of these products and services by users;
- acquisitions, including the ability to integrate acquired businesses successfully, and divestitures, including the ability to sell non-core assets;
- the adverse resolution of litigation, regulatory proceedings and other contingencies; and

- other unforeseen or unexpected events and our success at managing these and the risks involved in the foregoing.

We caution you that the foregoing list of important factors is not exclusive. When evaluating forward-looking statements, you should carefully consider the foregoing factors and other uncertainties and events, including the information set forth in “Risk factors” in I – Information on the company in our Annual Report 2016.

Media Release

Investor Day 2017

Credit Suisse continues to deliver on its strategy, achieving both strong growth and significant cost reductions

2018 to be the final year of restructuring and Credit Suisse announces 2019-2020 objectives

Zurich, November 30, 2017 – In today's Investor Day presentations, Tidjane Thiam, CEO of Credit Suisse, as well as members of the Executive Board and the senior leadership team will update investors and analysts on the progress achieved since the last Investor Day on December 7, 2016, with the Group's restructuring, which it plans to complete in 2018. They will provide certain estimates for the full year 2017 and 2018 targets and will present the Group's objectives for 2019 and 2020.

Since Investor Day 2016, Credit Suisse has made strong progress against the goals announced in 2015: We have delivered profitable growth¹, sustainably lowered our operating cost base and right-sized and reduced risk in our trading activities. We have transformed and significantly strengthened our capital base. The scale of our legacy business activities in the Strategic Resolution Unit and the related drag on earnings have been significantly reduced.

As we approach 2018 – the final year of our three-year restructuring plan – we **remain committed to achieving the 2018 targets** announced last year for the Swiss Universal Bank, International Wealth Management, Investment Banking & Capital Markets and Global Markets. For our **Wealth Management & Connected business in Asia Pacific, we are confident that we can achieve our 2018 target of CHF 700 million of adjusted* pre-tax income for the full year 2017 ahead of schedule and we are therefore setting a new target for 2018 of CHF 850 million.**

Reflecting our strong progress on cost, we are confident of beating our target cost base² of less than CHF 18.5 billion for 2017 and we estimate that our total cost base² for the year will be approximately CHF 18 billion³. We are confirming our 2018 cost base² target of less than CHF 17 billion. Looking ahead, the Group aims to operate with a **total cost base² of between CHF 16.5 billion and CHF 17 billion in 2019 and 2020**, subject to market conditions and investment opportunities within this range.

We are confident that we can complete the wind-down of our non-core unit, the Strategic Resolution Unit, and reach our targeted adjusted* pre-tax loss of approximately CHF 1.4 billion in 2018. We have **lowered our 2019 adjusted* pre-tax loss target for the Strategic Resolution Unit from approximately USD 800 million to approximately USD 500 million**, which represents a significant improvement⁴.

Bringing all these evolutions together – the continued profitable growth in our wealth management businesses⁵ as well as strong cost control, the wind-down of the Strategic Resolution Unit and significant reductions in our cost of funding, subject to market conditions – all of which are elements largely within our control – our objective is to achieve a **Group reported return on tangible equity of 10% to 11% for 2019 and 11% to 12% for 2020**.

We aim to operate with a **look-through CET1 ratio of above 12.5% from 2018 to 2020**, before the implementation of the Basel III reforms beginning in 2020.

Cumulatively in 2019 and 2020, as we continue to strengthen our capital generation, we expect to allocate approximately 20% for investment in wealth management and connected businesses⁶. We also expect that approximately 30% of the cumulative capital generated will be used for the RWA uplift resulting from Basel III reforms and other contingencies. **We also aim to increase returns to shareholders and plan to distribute 50% of net income earned to them primarily through share buybacks or special dividends.**

Tidjane Thiam, Chief Executive Officer of Credit Suisse, stated: “Since announcing our new strategy and three-year restructuring plan in 2015, we have made strong progress towards our ambition of being a leading wealth manager with strong investment banking capabilities. Our focus on wealth management is paying off as the franchise⁵ has delivered strong broad-based and profitable growth.

During the first two years of our restructuring in 2016 and 2017⁷, we have strengthened our capital base and transformed our capital position. We have allocated increasing amounts of capital to wealth management⁸ and IBCM, where we are achieving higher risk-adjusted returns. We have benefited from our focus on UHNWIs and entrepreneurs, who are driving significant wealth creation across both mature and emerging economies. In fact, the global wealth pool has almost doubled over the past decade. As it continues to grow, our wealth management businesses⁸ are generating higher-quality earnings, with strong fee income and recurring revenues.

In mature markets, primarily Switzerland and selected countries in Western Europe, we are focusing on serving the complex financial needs of our clients. In the faster-growing emerging markets, our focus is on a smaller number of first- and second-generation entrepreneurs with a stronger emphasis on growth and financing transactions.

Across all our markets, our strong and trusted brand and our ability to be a ‘one-stop shop’ for wealthy clients – addressing both their wealth management and business needs – are key factors supporting our success. Our integrated approach combines best-in-class wealth management services with top-tier investment banking capabilities.

In investment banking, our strategic decisions in IBCM and GM have served us well and strengthened the profitability of both divisions. In addition, we believe the launch of International Trading Solutions (ITS) – a partnership among GM, IWM and SUB – will allow us to progressively meet the underserved need of wealth management clients, providing bespoke solutions and access to global capital markets.

Our strategy is working. We have delivered profitable growth, reduced risk in our trading activities and strengthened compliance and controls across the Group. At the same time, we have sustainably lowered our cost base and significantly reduced the losses related to our legacy business activities. Together, these measures generated positive operating leverage and we saw corresponding higher returns⁹ across our Core businesses.

We are confident that we can achieve a cost base² of approximately CHF 18 billion³ in 2017 and confirm our target for 2018. In addition, we expect to further reduce the SRU drag on the Group's profits in 2019⁴.

Our teams remain strongly focused on driving value for our clients and shareholders through 2018 and our objective is to achieve a Group reported return on tangible equity of between 10% and 11% for 2019 and between 11% and 12% for 2020. We expect this to be driven in large part by strong cost control, the wind-down of the SRU and significant reductions in our cost of funding, all elements which are largely within our control.”

Full year 2017 estimates³

Group cost base²	Cost base of ~CHF 18 billion, with gross savings ¹⁰ of ~CHF 4.1 billion
Swiss Universal Bank	Adjusted* pre-tax income of ~CHF 1.8 billion to CHF 1.9 billion
International Wealth Management	Adjusted* pre-tax income of ~CHF 1.4 billion to CHF 1.5 billion
APAC Wealth Management & Connected	Adjusted* pre-tax income of ~CHF 0.7 billion
APAC Markets	Net revenues of ~USD 1.17 billion to USD 1.2 billion We expect a 4Q17 adjusted* pre-tax loss broadly in line with the level in 4Q16
Investment Banking & Capital Markets	Adjusted* return on regulatory capital of ~16%
Global Markets	Net revenues of ~USD 5.7 billion ¹¹ Adjusted* total operating expenses of ~USD 5 billion
Strategic Resolution Unit	Adjusted* pre-tax loss of ~USD 2 billion

Outlook

We announced on November 2, 2017, in our 3Q17 earnings media release that we expected our stable and more predictable wealth management businesses⁸ to continue their resilient performance during 4Q17, in line with our strategy, and this remains our expectation. In our more market-dependent businesses, we have continued to see trading conditions in 4Q17 broadly similar to those in 3Q17, with volatility remaining at historically low levels and some recent widening of spreads in the high yield market. This weighs negatively on the performance of both GM and APAC Markets. Regarding IBCM, our deal pipeline remains solid and we expect our backlog of transactions to be completed subject to constructive markets.

Improving operational leverage for the Group through sustainable cost control

Reflecting the strong progress we have made on costs, we are confident of beating our cost base target² for 2017 of less than CHF 18.5 billion. We estimate that our total cost base² for the year will be approximately CHF 18 billion³, with gross savings¹⁰ of approximately CHF 4.1 billion, which include an approximate 19% reduction in non-compensation costs¹² and an approximate 12% reduction in compensation¹² expenses compared to end-2015. We expect to deliver cumulative net savings of approximately CHF 3.2 billion¹² in 2016 and 2017³, after approximately CHF 0.9 billion³ of investments, predominantly in our wealth management and connected businesses⁶. We remain on track to achieve our 2018 cost base² target of less than CHF 17 billion. A significant proportion of these savings has already been achieved through strategic decisions about our portfolio of businesses, with a number of businesses being exited or significantly reduced. These strategic decisions have been executed with effectiveness and discipline, and they are supported by a wide-ranging workforce strategy aimed at removing duplication and fragmentation across our businesses and building integrated services in lower cost locations. While reducing costs², we are continuing to invest in our client franchise, the implementation of regulatory requirements, and measures to increase efficiency. For example, we aim to implement more robots and to increase the share of operating systems on the cloud by 2020. From 2019 onwards, we expect these and other measures to result in incremental annual productivity gains of around CHF 600 million to CHF 800 million over the course of 2019 and 2020. We intend to reinvest some of these savings in the development of new wealth management markets, the hiring of relationship managers, and the further transformation of our technology through digitalization, robotics and automation. The exact proportion of these savings that can be safely reinvested will depend both on general economic conditions for our businesses and on the attractiveness of the investments targeted. Looking ahead, we aim to work with a cost base² for the Group of CHF 16.5 billion to CHF 17 billion in both 2019 and 2020, subject to market conditions and investment opportunities within this range.

Driving compliant growth

Compliant growth is a core element of our strategy and a focus of our investments. In 2015, we established a Compliance and Regulatory Affairs organization led by a member of the Executive Board reporting directly to the CEO, and gave the corporate function independent central control across all businesses to drive efficiency and effectiveness. As we expand our Core businesses, we have completed a comprehensive review of our markets and legacy client base in our efforts to ensure that our activities are fully compliant, with a particular focus on wealth management activities. We have also significantly reduced our risk exposures. Importantly, we have achieved substantial improvements in the speed and effectiveness of our monitoring activities thanks to an advanced data and technology platform with state-of-the-art analytics, which we introduced in 2017. Establishing a single client view has given us better visibility into every relationship a client has with Credit Suisse, allowing us to make assessments up to 90% faster than before it was introduced in 2017 and further mitigate risks. Technology has also increased the speed of investigations over the past 18 months, in some cases by as much as 85%, at a fraction of historical costs. This is expected to lower the cost of compliance to an incremental part of Credit Suisse's overall operating expenses² next year, putting it below the industry average¹³. Our goals for next year also include the complete re-engineering of the client onboarding process to make it significantly faster, with a greater level of effectiveness and at substantially lower costs.

Divisional summaries

- Swiss Universal Bank:** We are confirming our end-2018 target of adjusted* pre-tax income of CHF 2.3 billion. Since Investor Day 2016, we have continued to strengthen our position and generally outperformed the competition¹⁴. We achieved strong growth with our Swiss UHNWI and Entrepreneurs & Executives businesses as well as our Small and Medium-Sized Enterprise clients in 9M17 compared to 9M16. We also maintained our #1 position¹⁵ in Investment Banking in Switzerland, further supporting Credit Suisse's position as "The Bank for Entrepreneurs" in our home market. We have streamlined the organization while steadily optimizing our business model by leveraging digitalization and implementing regulatory projects, thus improving operating leverage. In Private Clients, we refined our client coverage model to better address client needs and we achieved strong assets under management and net new asset growth in 9M17 compared to 9M16. In Corporate & Institutional Clients, we strengthened our franchise by providing holistic client coverage to our corporate clients. We estimate adjusted* operating expenses of approximately CHF 3.5 billion and an adjusted* cost/income ratio of around 64% for the full year 2017. Going into 2018, we believe we can continue to manage costs with discipline and further strengthen our collaboration, client focus and sales culture. To further strengthen our market position, we aim to generate sustainable revenue growth in both our Private Clients and Corporate & Institutional Clients businesses. In doing so, we will build on our superior value proposition for private, corporate and institutional clients in Switzerland and make full use of our integrated approach across all Credit Suisse capabilities globally.
 - International Wealth Management:** We have delivered a step change in profitability for 9M17 and are advancing towards our adjusted* pre-tax income target of CHF 1.8 billion for 2018. Reflecting the systematic execution of the strategic priorities we presented a year ago, we improved our performance in Europe and continued to significantly grow our Emerging Markets franchises. In addition, we remain on track with the transition in Asset Management towards a model focused on recurring management fees, which contributed to pre-tax income growth in 9M17 compared to 9M16. We also continued to build out our strategic clients franchise with a 27% increase in net revenues in 9M17 compared to 9M16 and expect up to CHF 100 million revenue growth in 2018 from wallet share gains and a broader strategic client base. In 2018, we will focus on better leveraging our House View and Strategic Asset Allocation with the aim of growing mandates penetration and optimizing the risk/return profiles of our advisory client portfolios. We plan to increase collaboration in solutions delivery by capitalizing on our asset management product expertise. We also want to meet untapped client demand by increasingly leveraging Global Markets' product solutions and execution capabilities through our partnership (ITS) with Global Markets and Swiss Universal Bank and by continuing to broaden the contribution to growth from our relationship manager population. At the same time, we expect to continue to deliver operating leverage by self-funding growth investments.
 - Asia Pacific:** Credit Suisse's strategy in Asia is geared towards capturing the wealth opportunity in the region. In 9M17, we continued to realize the benefits of our client-focused strategy and integrated model, and we achieved profitable growth in WM&C and improved performance in our Markets business. We believe we are well positioned to capture personal wealth and business value creation in APAC by providing advisory and solutions through the client life cycle. In 9M17, our WM&C business delivered higher returns and profitability along with higher revenues and increased assets under management. We maintained our leading positions¹⁶ in Private Banking and Equity Derivatives, and Credit Suisse ranked¹⁷ among the top three banks for advisory and underwriting in terms of share of wallet for Asia Pacific ex-Japan and onshore China. For WM&C, we are increasing our 2018 adjusted* pre-tax income target from CHF 700 million to CHF 850 million. In our
-

Markets business, we significantly repositioned the business in 2017 and enhanced our initiatives to support wealth management and global client activities. We are committed to maintaining our focus on risk and controls as we aim to extend our top client franchises, improve operating leverage, and generate attractive returns. In 1Q17, we updated our target for Markets and we are confirming our target adjusted* return on regulatory capital of 10% to 15% for 2019. Looking ahead to 2018, we will remain focused on strategy execution to realize the full potential of our franchise and enhance our position as 'The Entrepreneurs Bank in Asia Pacific'.

- **Investment Banking and Capital Markets:** In 9M17, we delivered improved operating results while continuing to invest selectively in growth opportunities across the Americas and EMEA. Our revenue base grew and we announced and executed a number of marquee global transactions. We also improved profitability, generating returns that exceeded our cost of capital. Since announcing our strategy in 2015, our underwriting and advisory revenue growth has outpaced our peers¹⁸. We have also balanced our product mix by growing M&A and ECM revenues faster than the market¹⁹. We believe the investments we have made in our coverage footprint, both in terms of strategic hires and internal leadership appointments, have supported our improved share of wallet²⁰ across all client segments and leave us well positioned to capture further growth opportunities. Our connectivity and collaboration with GM, APAC, SUB and IWM remain strong and have resulted in a number of cross-divisional and cross-border transactions throughout 2017. We believe that we can continue to improve profitability through a mix of revenue growth, increased operating efficiencies and disciplined capital management. We expect to continue self-funding investments that enable us to maintain our competitiveness. We are confirming our target of generating an adjusted* return on regulatory capital in the range of 15% to 20% by 2018.
 - **Global Markets:** In 9M17, we maintained our strong client franchises, as demonstrated by our leading market share²¹, awards and our ability to attract industry talent to our core businesses. We delivered high-quality revenues in 9M17 amid difficult market conditions, highlighting the strength of our franchise during the restructuring process. We also improved operating leverage, resulting in higher profitability compared to 9M16. We believe that we are well positioned to achieve our 2018 ambitions of over USD 6 billion of net revenues and an adjusted* cost base of less than USD 4.8 billion. Additionally, we are targeting an adjusted* return on regulatory capital of 10% to 15% in 2018. We also aim to operate within our threshold targets of RWA and leverage exposure of USD 60 billion and USD 290 billion, respectively. We continue to take a disciplined approach to investing in our franchise and are focused on capturing opportunities through increased collaboration across divisions. This year, we officially launched ITS, a partnership with IWM and SUB, to improve the diversity and depth of our product offering for institutional and wealth management clients.

The Investor Day media release and presentation slides are available for download from 7:00 CET today at:

<https://www.credit-suisse.com/investorday>.

Note: As indicated, many of our references to estimates, ambitions, objectives and targets for revenues, operating expenses, pre-tax income and return on regulatory capital are on an adjusted* basis. These adjusted* numbers and return on tangible equity are non-GAAP financial measures. A reconciliation of the estimates, ambitions, objectives and targets to the nearest GAAP measures is unavailable without unreasonable efforts. Adjusted* results exclude goodwill impairment, major litigation charges, real estate gains and other revenue and expense items included in our reported results, which are unavailable on a prospective basis. Tangible equity excludes goodwill and other intangible assets from shareholders' equity, all of which are unavailable on a prospective basis.

Webcast details

Date	Thursday, November 30, 2017
Time	08:30 GMT / 09:30 CET
Webcast	Audio webcast online at: www.credit-suisse.com/investorday
Telephone	Switzerland: +41 44 580 71 50 Europe: +44 1452 322 090 US: +1 917 512 0900 Conference passcode: 2118727
Note	Due to the large volume of callers expected we strongly recommend that you dial in approximately 20 minutes before the start of the presentation. Please enter the Direct Event Passcode when prompted. You will be joined automatically to the conference. Due to regional restrictions some participants may receive operator assistance when joining this conference call and will not be automatically connected.
Documents	All documentation will be available on credit-suisse.com/investorday
Playbacks	A replay of the telephone conference will be available approximately four hours after the event.

The results of Credit Suisse Group comprise the results of our six reporting segments, including the Strategic Resolution Unit, and the Corporate Center. Core results exclude revenues and expenses from our Strategic Resolution Unit.

As we move ahead with the implementation of our strategy, it is important to measure the progress achieved by our underlying business performance in a consistent manner. To achieve this, we will focus our analyses on adjusted results.

Adjusted results referred to in this Media Release are non-GAAP financial measures that exclude goodwill impairment and certain other revenues and expenses included in our reported results. Management believes that adjusted results provide a useful presentation of our operating results for the purposes of assessing our Group and divisional performance consistently over time, on a basis that excludes items that management does not consider representative of our underlying performance. We will report quarterly on the same adjusted* basis for the Group, Core and divisional results until end-2018 to allow investors to monitor our progress in implementing our strategy, given the material restructuring charges we are likely to incur and other items which are not reflective of our underlying performance but are to be borne in the interim period.

Footnotes

- 1 Referring to Group pre-tax income at 9M17 compared to 9M16.
- 2 Referring to Group adjusted* total operating expenses at constant foreign exchange rates, which we use to measure our cost savings program.
- 3 Respective 2017 and 4Q17 estimates based on currently available information and beliefs, expectations and opinions of management as of the date hereof. Actual results for the full year 2017 and 4Q17 may differ from any estimates.
- 4 SRU program will be economically completed by end-2018; residual operations and assets to be absorbed into the rest of Group from 2019 onwards.
- 5 Referring to combined pre-tax income for SUB, IWM and APAC WM&C.
- 6 Referring to SUB, IWM, APAC WM&C and IBCM.
- 7 Measured as of 9M17.
- 8 Referring to SUB, IWM and APAC WM&C.
- 9 Referring to Core return on regulatory capital at 9M17 compared to 9M16.
- 10 Measured using adjusted* operating expenses at constant FX rates before estimated investments. 2017 estimates based on currently available information and beliefs, expectations and opinions of management as of the date hereof. Actual results for 2017 may differ from any estimates.
- 11 Net revenues excluding SMG.
- 12 Measured using adjusted* non-compensation expenses and adjusted* compensation expenses, respectively at constant FX rates.

Important information about this Media Release

Information referenced in this Media Release, whether via website links or otherwise, is not incorporated into this Media Release.

References to cost base refer to operating expenses. Our cost savings program is measured on the basis of adjusted* operating expenses at constant FX rates. "Adjusted operating expenses at constant FX rates" and "adjusted non-compensation operating expenses at constant FX rates" include adjustments as made in all our disclosures for restructuring expenses, major litigation expenses and a goodwill impairment taken in 4Q15 as well as adjustments for certain accounting changes (which had not been in place at the launch of the cost savings program), debit valuation adjustments (DVA) related volatility and for FX, applying the following main currency exchange rates for 1Q15: USD/CHF 0.9465, EUR/CHF 1.0482, GBP/CHF 1.4296, 2Q15: USD/CHF 0.9383, EUR/CHF 1.0418, GBP/CHF 1.4497, 3Q15: USD/CHF 0.9684, EUR/CHF 1.0787, GBP/CHF 1.4891, 4Q15: USD/CHF 1.0010, EUR/CHF 1.0851, GBP/CHF 1.5123, 1Q16: USD/CHF 0.9928, EUR/CHF 1.0941, GBP/CHF 1.4060, 2Q16: USD/CHF 0.9756, EUR/CHF 1.0956, GBP/CHF 1.3845, 3Q16: USD/CHF 0.9728, EUR/CHF 1.0882, GBP/CHF 1.2764, 4Q16: USD/CHF 1.0101, EUR/CHF 1.0798, GBP/CHF 1.2451, 1Q17: USD/CHF 0.9963, EUR/CHF 1.0670, GBP/CHF 1.2464, 2Q17: USD/CHF 0.9736, EUR/CHF 1.0881, GBP/CHF 1.2603, 3Q17: USD/CHF 0.9645, EUR/CHF 1.1413, GBP/CHF 1.2695.

These currency exchange rates are unweighted, i.e. a straight line average of monthly rates. We apply this calculation consistently for the periods under review. Adjusted non-compensation expenses are adjusted operating expenses excluding compensation and benefits. To calculate adjusted non-compensation expenses at constant FX rates, we subtract compensation and benefits (adjusted at constant FX rates in the manner described above) from adjusted operating expenses at constant FX rates.

Regulatory capital is calculated as the worst of 10% of RWA and 3.5% of leverage exposure. Return on regulatory capital is calculated using (adjusted) income after tax and assumes a tax rate of 30% and capital allocated based on the worst of 10% of average RWA and 3.5% of average leverage exposure. For the Markets business within the APAC division and for the Global Markets and Investment Banking & Capital Markets divisions, return on regulatory capital is based on US dollar denominated numbers. Adjusted return on regulatory capital is calculated using adjusted results, applying the same methodology to calculate return on regulatory capital.

Return on tangible equity attributable to shareholders, a non-GAAP financial measure, is based on tangible shareholders' equity attributable to shareholders, which is calculated by deducting goodwill and other intangible assets from total shareholders' equity attributable to shareholders as presented in our balance sheet. Management believes that the return on tangible shareholders' equity attributable to shareholders is meaningful as it allows consistent measurement of the performance of businesses without regard to whether the businesses were acquired.

We may not achieve all of the expected benefits of our strategic initiatives. Factors beyond our control, including but not limited to the market and economic conditions, changes in laws, rules or regulations and other challenges discussed in our public filings, could limit our ability to achieve some or all of the expected benefits of these initiatives.

In particular, the terms "Estimates", "Illustrative", "Ambition", "Outlook", "Objective", and "Goal" are not intended to be viewed as targets or projections, nor are they considered to be Key Performance Indicators. All such estimates, illustrations, ambitions and goals are subject to a large number of inherent risks, assumptions and uncertainties, many of which are completely outside of our control. These risks, assumptions and uncertainties include, but are not limited to, general market conditions, market volatility, interest rate volatility and levels, global and regional economic conditions, political uncertainty, changes in tax policies, regulatory changes, changes in levels of client activity as a result of any of the foregoing and other factors. Accordingly, this information should not be relied on for any purpose. We do not intend to update these estimates, illustrations, ambitions or goals.

In preparing this media release, management has made estimates and assumptions that affect the numbers presented. Actual results may differ. Annualized numbers do not take account variations in operating results, seasonality and other factors and may not be indicative of actual, full-year results. Figures throughout this media release may also be subject to rounding adjustments. All opinions and views constitute judgments as of the date of writing without regard to the date on which the reader may receive or access the information. This information is subject to change at any time without notice and we do not intend to update this information.

As of January 1, 2013, Basel 3 was implemented in Switzerland along with the Swiss "Too Big to Fail" legislation and regulations thereunder (in each case, subject to certain phase-in periods). As of January 1, 2015, the Bank for International Settlements (BIS) leverage ratio framework, as issued by the Basel Committee on Banking Supervision (BCBS), was implemented in Switzerland by FINMA. Our related disclosures are in accordance with our interpretation of such requirements, including relevant assumptions. Changes in the interpretation of these requirements in Switzerland or in any of our assumptions or estimates could result in different numbers from those shown in this media release.

Unless otherwise noted, leverage exposure is based on the BIS leverage ratio framework and consists of period-end balance sheet assets and prescribed regulatory adjustments. Beginning in 2015, the Swiss leverage ratio is calculated as Swiss total capital, divided by period-end leverage exposure. The look-through BIS tier 1 leverage ratio and CET1 leverage ratio are calculated as look-through BIS tier 1 capital and CET1 capital, respectively, divided by end-period leverage exposure.

Mandates penetration means advisory and discretionary mandates in private banking businesses as a percentage of the related AuM, excluding those from the external asset manager business.

Margin calculations for APAC are aligned with the performance metrics of the Private Banking business and its related assets under management within the WM&C business in APAC. Assets under management and net new assets for APAC relate to the Private Banking business within the Wealth Management & Connected business.

Net margin is calculated by dividing income before taxes by average assets under management. Adjusted net margins is calculated using adjusted results, applying the same methodology to calculate net margin.

When we refer to operating divisions throughout this Media Release, we mean APAC, IWM, SUB, IBCM and GM.

Investors and others should note that we announce material information (including quarterly earnings releases and financial reports) to the investing public using press releases, SEC and Swiss ad hoc filings, our website and public conference calls and webcasts. We intend to also use our Twitter account @creditsuisse (<https://twitter.com/creditsuisse>) to excerpt key messages from our public disclosures, including earnings releases. We may retweet such messages through certain of our regional Twitter accounts, including @cssschweiz (<https://twitter.com/cssschweiz>) and @csapac (<https://twitter.com/csapac>).

Investors and others should take care to consider such abbreviated messages in the context of the disclosures from which they are excerpted. The information we post on these Twitter accounts is not a part of this Media Release.

In various tables, use of “-“ indicates not meaningful or not applicable.

Cautionary statement regarding forward-looking information

This media release contains statements that constitute forward-looking statements. In addition, in the future we, and others on our behalf, may make statements that constitute forward-looking statements. Such forward-looking statements may include, without limitation, statements relating to the following:

- our plans, objectives or goals;
- our future economic performance or prospects;
- the potential effect on our future performance of certain contingencies; and
- assumptions underlying any such statements.

Words such as “believes,” “anticipates,” “expects,” “intends” and “plans” and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. We do not intend to update these forward-looking statements except as may be required by applicable securities laws.

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that predictions, forecasts, projections and other outcomes described or implied in forward-looking statements will not be achieved. We caution you that a number of important factors could cause results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements. These factors include:

- the ability to maintain sufficient liquidity and access capital markets;
- market volatility and interest rate fluctuations and developments affecting interest rate levels;
- the strength of the global economy in general and the strength of the economies of the countries in which we conduct our operations, in particular the risk of continued slow economic recovery or downturn in the US or other developed countries or in emerging markets in 2017 and beyond;
- the direct and indirect impacts of deterioration or slow recovery in residential and commercial real estate markets;
- adverse rating actions by credit rating agencies in respect of us, sovereign issuers, structured credit products or other credit-related exposures;
- the ability to achieve our strategic objectives, including cost efficiency, net new asset, pre-tax income/(loss), capital ratios and return on regulatory capital, leverage exposure threshold, risk-weighted assets threshold and other targets and ambitions;
- the ability of counterparties to meet their obligations to us;
- the effects of, and changes in, fiscal, monetary, exchange rate, trade and tax policies, as well as currency fluctuations;
- political and social developments, including war, civil unrest or terrorist activity;
- the possibility of foreign exchange controls, expropriation, nationalization or confiscation of assets in countries in which we conduct our operations;
- operational factors such as systems failure, human error, or the failure to implement procedures properly;
- the risk of cyberattacks on our business or operations;
- actions taken by regulators with respect to our business and practices and possible resulting changes to our business organization, practices and policies in countries in which we conduct our operations;
- the effects of changes in laws, regulations or accounting policies or practices in countries in which we conduct our operations;
- the potential effects of proposed changes in our legal entity structure;
- competition or changes in our competitive position in geographic and business areas in which we conduct our operations;
- the ability to retain and recruit qualified personnel;
- the ability to maintain our reputation and promote our brand;
- the ability to increase market share and control expenses;
- technological changes;
- the timely development and acceptance of our new products and services and the perceived overall value of these products and services by users;
- acquisitions, including the ability to integrate acquired businesses successfully, and divestitures, including the ability to sell non-core assets;
- the adverse resolution of litigation, regulatory proceedings and other contingencies; and
- other unforeseen or unexpected events and our success at managing these and the risks involved in the foregoing.

We caution you that the foregoing list of important factors is not exclusive. When evaluating forward-looking statements, you should carefully consider the foregoing factors and other uncertainties and events, including the information set forth in “Risk factors” in I – Information on the company in our Annual Report 2016.

Zurich, December 22, 2017

Media Release

US Tax Cuts and Jobs Act

- **Credit Suisse expects write-down of approximately CHF 2.3 billion in 4Q17 due to US tax reforms**
- **Tax reforms expected to have a positive impact on the US economy and our activity levels in the US**
- **New tax on services and interest payments to affiliates outside US to likely have a negative impact on Credit Suisse US tax liabilities in 2018**
- **Further detail on impact of US tax reform to be provided with announcement of full-year 2017 results in February**

Zurich, December 22, 2017 – Credit Suisse expects to write down the value of its deferred tax assets (DTAs) in the US by approximately CHF 2.3 billion in 4Q17, following the enactment of the US Tax Cuts and Jobs Act today.

The write-down is a one-time accounting adjustment and has a minimal impact on Credit Suisse's strong regulatory capital position. The bank reported a look-through CET1 ratio of 13.2% at the end of 3Q17 and intends to operate at a ratio of more than 12.5% from 2018 to 2020, before the implementation of the Basel III reforms beginning in 2020. The policy for returning capital to shareholders announced at the Investor Day is unchanged.

Credit Suisse anticipates that the reforms will have a positive impact on the US economy and our activity levels in the US, in particular with regard to our investment banking activities in advisory and underwriting.

With regard to the immediate impact on Credit Suisse's effective tax rate, it should be noted that the US reforms introduce a new tax on services and interest payments to affiliated companies outside the US. Credit Suisse is likely to be affected by this measure in 2018, increasing our US corporate tax liability. The accounting effects of this new measure - the base erosion and anti-abuse tax (BEAT) - may be subject to revision depending on any guidance received from US authorities and standard setting bodies.

Further detail on the implications of the tax reform for Credit Suisse will be provided when the fourth-quarter and full-year 2017 results are published on February 14, 2018.

Credit Suisse AG

Credit Suisse AG is one of the world's leading financial services providers and is part of the Credit Suisse group of companies (referred to here as 'Credit Suisse'). As an integrated bank, Credit Suisse offers clients its combined expertise in the areas of private banking, investment banking and asset management. Credit Suisse provides advisory services, comprehensive solutions and innovative products to companies, institutional clients and high-net-worth private clients globally, as well as to retail clients in Switzerland. Credit Suisse is headquartered in Zurich and operates in about 50 countries worldwide. The group employs approximately 46,720 people. The registered shares (CSGN) of Credit Suisse's parent company, Credit Suisse Group AG, are listed in Switzerland and, in the form of American Depositary Shares (CS), in New York. Further information about Credit Suisse can be found at www.credit-suisse.com.

Cautionary statement regarding forward-looking information

This media release contains statements that constitute forward-looking statements. In addition, in the future we, and others on our behalf, may make statements that constitute forward-looking statements. Such forward-looking statements may include, without limitation, statements relating to the following:

- our plans, objectives or goals;
- our future economic performance or prospects;
- the potential effect on our future performance of certain contingencies; and
- assumptions underlying any such statements.

Words such as “believes,” “anticipates,” “expects,” “intends” and “plans” and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. We do not intend to update these forward-looking statements except as may be required by applicable securities laws.

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that predictions, forecasts, projections and other outcomes described or implied in forward-looking statements will not be achieved. We caution you that a number of important factors could cause results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements. These factors include:

- the ability to maintain sufficient liquidity and access capital markets;
 - market volatility and interest rate fluctuations and developments affecting interest rate levels;
 - the strength of the global economy in general and the strength of the economies of the countries in which we conduct our operations, in particular the risk of continued slow economic recovery or downturn in the US or other developed countries or in emerging markets in 2017 and beyond;
 - the direct and indirect impacts of deterioration or slow recovery in residential and commercial real estate markets;
 - adverse rating actions by credit rating agencies in respect of us, sovereign issuers, structured credit products or other credit-related exposures;
 - the ability to achieve our strategic objectives, including cost efficiency, net new asset, pre-tax income/(loss), capital ratios and return on regulatory capital, leverage exposure threshold, risk-weighted assets threshold and other targets and ambitions;
 - the ability of counterparties to meet their obligations to us;
 - the effects of, and changes in, fiscal, monetary, exchange rate, trade and tax policies, as well as currency fluctuations;
 - political and social developments, including war, civil unrest or terrorist activity;
 - the possibility of foreign exchange controls, expropriation, nationalization or confiscation of assets in countries in which we conduct our operations;
 - operational factors such as systems failure, human error, or the failure to implement procedures properly;
 - the risk of cyberattacks on our business or operations;
 - actions taken by regulators with respect to our business and practices and possible resulting changes to our business organization, practices and policies in countries in which we conduct our operations;
 - the effects of changes in laws, regulations or accounting policies or practices in countries in which we conduct our operations;
 - the potential effects of proposed changes in our legal entity structure;
 - competition or changes in our competitive position in geographic and business areas in which we conduct our operations;
 - the ability to retain and recruit qualified personnel;
 - the ability to maintain our reputation and promote our brand;
 - the ability to increase market share and control expenses;
 - technological changes;
 - the timely development and acceptance of our new products and services and the perceived overall value of these products and services by users;
 - acquisitions, including the ability to integrate acquired businesses successfully, and divestitures, including the ability to sell non-core assets;
 - the adverse resolution of litigation, regulatory proceedings and other contingencies; and
 - other unforeseen or unexpected events and our success at managing these and the risks involved in the foregoing.
-

We caution you that the foregoing list of important factors is not exclusive. When evaluating forward-looking statements, you should carefully consider the foregoing factors and other uncertainties and events, including the information set forth in "Risk factors" in I – Information on the company in our Annual Report 2016.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrants have duly caused this report to be signed on their behalf by the undersigned, thereunto duly authorized.

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Form 20-F

Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submitted to furnish a report or other document that the registrant foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's "home country"), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and, if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

Explanatory note

On February 14, 2018, the Credit Suisse Earnings Release 4Q17 was published. A copy of the Earnings Release is attached as an exhibit to this report on Form 6-K. This report on Form 6-K (including the exhibit hereto) is hereby (i) incorporated by reference into the Registration Statement on Form F-3 (file no. 333-218604) and the Registration Statements on Form S-8 (file nos. 333-101259, 333-208152 and 333-217856), and (ii) shall be deemed to be “filed” for purposes of the Securities Exchange Act of 1934, as amended, except, in the case of both (i) and (ii), the information under “Differences between Group and Bank” and “Selected financial data – Bank” shall not be incorporated by reference into, or be deemed “filed”, with respect to the Registration Statements on Form S-8 (file nos. 333-101259, 333-208152 and 333-217856).

Credit Suisse Group AG and Credit Suisse AG file an annual report on Form 20-F and file quarterly reports, including unaudited interim financial information, and furnish or file other reports on Form 6-K with the US Securities and Exchange Commission (SEC) pursuant to the requirements of the Securities Exchange Act of 1934, as amended. The SEC reports of Credit Suisse Group AG and Credit Suisse AG are available to the public over the internet at the SEC’s website at www.sec.gov and from the SEC’s Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549 (telephone 1-800-SEC-0330). The SEC reports of Credit Suisse Group AG and Credit Suisse AG are also available under “Investor Relations” on Credit Suisse Group AG’s website at www.credit-suisse.com and at the offices of the New York Stock Exchange, 20 Broad Street, New York, NY 10005.

Unless the context otherwise requires, references herein to “Credit Suisse Group,” “Credit Suisse,” “the Group,” “we,” “us” and “our” mean Credit Suisse Group AG and its consolidated subsidiaries and the term “the Bank” means Credit Suisse AG, the direct bank subsidiary of the Group, and its consolidated subsidiaries.

SEC regulations require certain information to be included in registration statements relating to securities offerings. Such additional information for the Group and the Bank is included in this report on Form 6-K, which should be read together with the Group’s and the Bank’s annual report on Form 20-F for the year ended December 31, 2016 (Credit Suisse 2016 20-F) filed with the SEC on March 24, 2017, the Group’s financial report for the first quarter of 2017 (Credit Suisse Financial Report 1Q17), filed with the SEC on Form 6-K on May 4, 2017, the Group’s financial report for the second quarter of 2017 (Credit Suisse Financial Report 2Q17), filed with the SEC on Form 6-K on July 28, 2017 and the Group’s financial report for the third quarter of 2017 (Credit Suisse Financial Report 3Q17), filed with the SEC on Form 6-K on November 2, 2017 and the Group’s earnings release for the fourth quarter of 2017 (Credit Suisse Earnings Release 2017), filed with the SEC as Exhibit 99.1 hereto.

This report filed on Form 6-K also contains certain information about Credit Suisse AG (Bank) relating to its results as of and for the three and twelve months ended December 31, 2017. The Bank, a Swiss bank and joint stock corporation established under Swiss law, is a wholly-owned subsidiary of the Group. The Bank’s registered head office is in Zurich, and it has additional executive offices and principal branches in London, New York, Hong Kong, Singapore and Tokyo.

References herein to “CHF” are to Swiss francs.

Forward-looking statements

This Form 6-K and the information incorporated by reference in this Form 6-K include statements that constitute forward-looking statements. In addition, in the future the Group, the Bank and others on their behalf may make statements that constitute forward-looking statements.

When evaluating forward-looking statements, you should carefully consider the cautionary statement regarding forward-looking information, the risk factors and other information set forth in the Credit Suisse 2016 20-F, and subsequent annual reports on Form 20-F filed by the Group and the Bank with the SEC, the Group’s and the Bank’s reports on Form 6-K furnished to or filed with the SEC, and other uncertainties and events.

Differences between Group and Bank

Except where noted, the business of the Bank is substantially the same as the business of the Group, and substantially all of the Bank's operations are conducted through the Swiss Universal Bank, International Wealth Management, Asia Pacific, Global Markets, Investment Banking & Capital Markets and the Strategic Resolution Unit segments. These segment results are included in Core Results, except for the Strategic Resolution Unit, which is part of the Credit Suisse results. Core Results also includes certain Corporate Center activities of the Group that are not applicable to the Bank. Certain other assets, liabilities and results of operations are managed as part of the activities of the six segments. However, since they are legally owned by the Group, they are not included in the Bank's consolidated financial statements. These relate principally to (i) financing vehicles of the Group, which include special purpose vehicles for various funding activities of the Group, including for the purpose of raising capital; and (ii) hedging activities relating to share-based compensation awards.

These operations and activities vary from period to period and give rise to differences between the Bank's consolidated assets, liabilities, revenues and expenses, including pensions and taxes, and those of the Group.
