On behalf of the board of directors (the "Board") of Multifield International Holdings Limited (the "Company"), I am pleased to present the annual results of the Company and its subsidiaries (the "Group") for the year ended 31 December 2017.

REVIEW OF OPERATION

During the year under review, the Group recorded a net profit of approximately HK\$826 million (2016: HK\$685 million).

The Group's rental income in Hong Kong recorded a decrease of approximately 5% (2016: increase of 5%).

The Group's rental income from hotel-serviced apartments and villas in Shanghai remains stable (2016: decrease of approximately 10%).

The Group's equity investments recorded fair value gains of approximately HK\$335 million (2016: loss of HK\$49 million), and there were no fair value gain or losses in derivative financial instruments (2016: gain of HK\$53 million). Equity investments recorded dividend income of approximately HK\$54 million (2016: HK\$47 million).

Although the fair value gain of investment properties held by the Group is significantly lower (approximately 71%) than that for year 2016, the Group's consolidated profit after tax for the year ended 31 December 2017 is higher (approximately 21%) than that for the corresponding period in year 2016.

PROPERTY INVESTMENT

Hong Kong

The Group's investment properties in Hong Kong mainly comprise of office buildings, industrial buildings, retail shops and car parks. Benefited from increase in property market price in Hong Kong in 2017, the Group's investment properties portfolio contributed stable rental revenue of approximately HK\$66 million in 2017 (2016: HK\$69 million).

For the Group's 54 Wong Chuk Hang Road, Hong Kong project, the occupation permit is expected to be obtained in mid-2018. It is expected that the new building will provide a new and stable source of income to the Group.

Shanghai, China

The Group's properties portfolio in Shanghai, China is divided into three residential complexes, comprising of around 182 blocks of hotel-serviced villas and 132 hotel-serviced apartments respectively. The properties in Shanghai are operated under the name of "Windsor Renaissance", which is regarded as a symbol of high quality villas and hotel-serviced apartments in Shanghai, and are well recognised by consulates and foreign business entities. The Shanghai properties have an average occupancy rate of approximately 90%, and generates rental and management fee revenue of approximately HK\$148 million in 2017 (2016: HK\$143 million).

Zhuhai, China

36,808 square meters of commercial use land in Qianshan is now under relocation progress. In July 2015, a new relocation policy has changed the responsibility of relocation from the land department to the local district government. The Group supports the local district government on the relocation work. The Group had submitted a proposal to the local government for the relocation, and had various meetings with the local relocation authorities to follow up the relocation work. The local town planning department had recently supported in principle to allow the land's residential construction area to be increased based on the original size and design planning permit of the land (can only be used for the relocation of original residential constructions on the land), and be submitted by the land reserve center for local district government's approval.

The Group held a parcel of hotel and commercial use land located in Doumen district, Zhuhai, the PRC ("Doumen Land"). The local government had proposed to buy back the Doumen Land from the Group due to a change in town planning and had offered a compensation to the Group. However, the land certificate of the Doumen Land was rescinded by the local government prior to reaching a consensus on compensation.

The management of the Group questions the legality of the local government's actions regarding the change in town planning of the Doumen Land, the local authority's unfair process of rescinding the land certificate and the unreasonable compensation valuation method used by the local government. Hence, the Group is engaged in ongoing legal proceedings against the local government up to the date of approval of these consolidated financial statements.

Although the outcome of the litigation is uncertain and the amount of the compensation has yet to be concluded, it is not expected to cause a material negative impact on the daily operations or trading position of the Group. Accordingly, the Group derecognised the interest in the Doumen Land and recognised a gain in profit or loss for the year ended 31 December 2017.

FINANCIAL INVESTMENTS

Worldwide economy and stocks market were volatile in 2017.

As of 31 December 2017, the Group held approximately HK\$1,481 million (2016: HK\$1,250 million) of highly liquid equity investments, which mainly consisted of blue chips stocks and Exchange Traded Funds listed in Hong Kong. The equity and bonds investments were held by the Group in long-term for investment purpose and receiving dividend income.

The Group's equity investments recorded a net fair value gain of approximately HK\$335 million (2016: loss of HK\$49 million) when marking the investment portfolios to market valuation as of 31 December 2017, along with dividend income of approximately HK\$54 million (2016: HK\$47 million).

The equity investments held by the Group as at 31 December 2017 were as follows:

Stock Code	Company Name	Number of shares held as at 31 December 2017	Percentage of shareholding as at 31 December 2017	Fair value gain/(loss) for the year ended 31 December 2017 HK\$'000	Dividend income for the year ended 31 December 2017 HK\$'000	Fair value/ carrying amount as at 31 December 2017 HK\$'000
2800	Tracker Fund of Hong Kong	16,250	0.49	129,188	15,113	488,313
5	HSBC Holdings plc	5,743	0.28	100,431	22,190	459,126
2828	Hang Seng H-Share Index ETF	2,664	0.74	63,403	7,193	314,885
3988	Bank of China Limited	29,300	0.04	11,720	5,634	112,512
941	China Mobile Limited	340	0.00	(1,003)	2,062	26,945
2628	China Life Insurance Company Limited	1,000	0.01	4,350	272	24,550
857	PetroChina Co. Ltd.	2,378	0.01	(785)	297	12,959
	Other listed securities#			27,638	983	41,744
				334,942	53,744	1,481,034

Other listed securities mainly represented the Group's investment in 16 companies whose shares were mainly listed on the Main Board of The Stock Exchange of Hong Kong Limited. The carrying value of each of these investments represented less than 1% of the total assets of the Group as at 31 December 2017.

As at 31 December 2017, the equity investments mainly represented listed securities in Hong Kong. The Board acknowledges that the performance of the equity investments may mainly be affected by worldwide economy and the degree of volatility in the Chinese and Hong Kong stock markets, and susceptible to other external factors that may affect their values. In order to mitigate possible financial risk related to the equity investments, the management will closely monitor the performance of respective equity investments and the changes of market condition. The Company will adjust the Company's portfolio of investments as the Board considers appropriate.

ACQUISITION AND DISPOSAL OF SUBSIDIARIES AND ASSOCIATED COMPANIES

On 22 March 2017, an indirect non-wholly-owned subsidiary of the Company had entered into a provisional agreement for sale and purchase with Victoria Palace Limited (the "Vendor"), an independent third party who or which is independent of the Company and its connected persons (within the meaning of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules")), pursuant to which the Vendor agreed to sell and assign, and the Group agreed to purchase and take up an assignment of, the entire issued share capital of Rich Century Development Limited ("Rich Century") and the right to all debts owing by Rich Century to the Vendor, Rich Century's previous director and their associates (if any) as at completion free from all encumbrances and third party rights for a consideration of HK\$55,000,000. Rich Century is the full legal and beneficial owner and registered owner of Flat A (Including the Bay Window, the Balcony, the Utility Platform thereof and the Air-Conditioning Plant Room Appertaining thereto) on the 30th Floor of Tower 1, Larvotto and Car Parking Space No. 16 on the Ground Floor, Larvotto, No. 8 Ap Lei Chau Praya Road, Hong Kong. Upon completion of the acquisition on 12 July 2017, Rich Century became an indirect non-wholly-owned subsidiary of the Company and its financial results were consolidated into the consolidated financial statements of the Group. This acquisition did not constitute a notifiable transaction under the Listing Rules.

HK\$'000

CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS

Save as disclosed above, the Group had no other material acquisition and disposal of subsidiaries and associated companies during the year ended 31 December 2017.

FOREIGN CURRENCY EXPOSURE

The Group's monetary assets, liabilities and transactions are mainly denominated in Renminbi, Hong Kong dollar and the United States dollar. The Group is exposed to foreign exchange risk with respect mainly to Renminbi which may affect the Group's performance. The management is aware of the possible exchange rate exposure due to the continuing fluctuation of Renminbi and will closely monitor its impact on the performance of the Group and when appropriate hedge its currency risk.

As of 31 December 2017, the Group has not entered into any financial instrument for foreign currency hedging purpose.

LIQUIDITY AND FINANCIAL RESOURCES

The Group generally finances its operations with internally generated cash flows and banking facilities provided by principal bankers in Hong Kong. In order to preserve liquidity and enhance interest yields, liquid assets were maintained in the form of highly liquid equity investments and/or debt investments of approximately HK\$1,481 million (2016: HK\$1,250 million) as of 31 December 2017. The Group's cash and cash equivalents as of 31 December 2017 amounted to approximately HK\$384 million (2016: HK\$437 million).

As of 31 December 2017, the Group had total bank and other borrowings amounting to approximately HK\$2,032 million (2016: HK\$2,052 million), which were secured by legal charges on the Group's certain investment properties in Hong Kong and Shanghai, and certain equity investments. The Group's bank borrowings were mainly arranged on a floating rate basis. The maturity of bank and other borrowings of the Group as at 31 December 2017 was as follows:

Within one year	1,701,414
In the second year	128,802
In the third to fifth years, inclusive	201,901
Total	2,032,117

With the total bank and other borrowings of approximately HK\$2,032 million (2016: HK\$2,052 million) and the aggregate of the shareholder funds, non-controlling interests and total bank borrowings of approximately HK\$10,121 million (2016: HK\$9,074 million), the Group's gearing ratio as at 31 December 2017 was around 20% (2016: 23%).

Е

CONTINGENT LIABILITY

As of 31 December 2017, the Group had no material contingent liability.

COMMITMENTS

As at 31 December 2017, the Group had committed payment for the construction and land development expenditure amounting to approximately HK\$104 million (2016: HK\$243 million).

EMPLOYEES AND REMUNERATION POLICY

As of 31 December 2017, the Group had approximately 220 employees in Shanghai, Zhuhai and Hong Kong. During the year, the staff costs (including directors' emoluments) amounted to approximately HK\$26 million (2016: HK\$25 million).

The objective of the Group's remuneration policy is to maintain fair and competitive packages based on business requirements and industry practice. In order to determine the level of remuneration paid to its employees (including directors and senior management), their performance, experience and the prevailing market condition are mainly considered. In addition to salaries, provident fund scheme, discretionary bonuses and tuition/training subsidies are available to employees. Level of remuneration is reviewed annually. During the review process, no individual director is involved in decisions relating to his own remuneration.

PROSPECT

The US Federal Reserve had increased the interest rate 3 times in 2017 (which was in March 2017, June 2017 and December 2017), and announced the start of shrinking of its balance sheet within the year. As Hong Kong dollar is pegged to the United States dollar, Hong Kong may follow to increase its interest rate in the future. These may exert pressure on price on equity investments held by the Group, particular in high-yield equity investments. Besides, the potential slowdown in growth of Chinese economy may have a significant impact on Hong Kong's rental market.

The investment properties (particularly the small-sized residential units) in Hong Kong had recorded increase in market value in 2017. On 4 November 2016, the Hong Kong government announced that the Stamp Duty Ordinance would be amended to increase the ad valorem stamp duty rates for residential property transactions to a flat rate of 15%. Facing the new government policy and with the conditions for potential interest rate increase, investment properties in Hong Kong held by the Group might record decrease in market value as compared to the increase in fair value in previous years.

China's economic growth has slowed down, with the Chinese government targeting an approximately 6.5% GDP growth rate for 2018. In addition to the potential fluctuation of Renminbi, retreat of foreign investments from China and intensive competition in rental business in China, these may exert pressure on the revenue from provision of hotel-serviced villas, apartments and property management services in China. Despite of China's possible slower than expected economic growth, inflationary pressure on salaries, utilities expenses, properties renovation and quality enhancement expenses remains a key challenge to the Group.

On 1 May 2016, the final phase of the transition from the Business Tax to Value Added Tax regime took effect and became applicable to the real estate sector, among other industries. The Group has taken appropriate measures to ensure a smooth transition to the new tax regime.

The worldwide economy (especially Chinese and Hong Kong's economy) is performing more and more volatile, with regard to uncertainties brought by policy-driven markets. The Group will adopt its usual prudent capital and funding management to meet the challenges ahead, while strengthening the rental and property development business, and seizing further investment opportunities.

ACKNOWLEDGEMENT

On behalf of the Board and management team, I would like to thank our shareholders who have extended to us their trust. The Board and management have decided to propose a final dividend of HK0.75 cents per share at the forthcoming annual general meeting. I would also like to thank my fellow directors for their support and all the staff for their dedication and hard work. I believe that we will create greater value to our investors in the future.

Lau Chi Yung, Kenneth Chairman

Hong Kong, 28 March 2018

BRIEF BIOGRAPHY OF DIRECTORS AND SENIOR MANAGEMENT

EXECUTIVE DIRECTORS

Mr. LAU Chi Yung, Kenneth, aged 58, is the Chairman of the Company. Mr. Lau is also the Chairman and Director of Oriental Explorer Holdings Limited (Stock Code: 430) ("Oriental Explorer"), whose shares are listed on the main board of The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange").

BUSINESS REVIEW

The business review of the Group for the year ended 31 December 2017 are set out in the section headed "Chairman's Statement and Management Discussion and Analysis" on pages 3 to 8 of the annual report and forms part of the "Report of the Directors".

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group is committed to support the environmental sustainability. The Group is committed to implementing policies and measures in our daily business operations to foster reduction of the Group's environmental impact. The Company also strives to implement recycling and reducing measures in office premises where applicable.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

During the year under review, as far as the Company is aware, there was no material breach of or non-compliance with applicable laws and regulations by the Group that has a significant impact on the business and operations of the Group.

RELATIONSHIPS WITH STAKEHOLDERS

The Company recognizes that employees are our valuable assets. Thus employee management focuses on recruiting and growing the right people. Staff performance is measured on a regular and structured basis to provide employees with appropriate feedback and to ensure their alignment with the Group's corporate strategy.

The Group also understands that maintaining long-term good relationship with business partners is also one of the primary objectives of the Group. Accordingly, our management have kept good communication, promptly exchanged ideas and shared business update with them when appropriate. During the year under review, there was no material and significant dispute between the Group and its business partners.

PROPERTY, PLANT AND EQUIPMENT AND INVESTMENT PROPERTIES

Details of movements in the property, plant and equipment, and investment properties of the Group during the year are set out in Notes 14 and 15 to the consolidated financial statements, respectively.

PROPERTIES HELD FOR SALE

Details of the Group's properties held for sale are set out in Note 18 to the consolidated financial statements.

SHARE CAPITAL AND SHARE OPTION SCHEME

Details of movements in the share capital and share option scheme of the Company during the year are set out in Notes 28 and 29 to the consolidated financial statements, respectively.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's bye-laws or the laws of Bermuda which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES OF THE COMPANY

Neither the Company nor any of its subsidiaries had purchased, sold or redeemed any listed securities of the Company during the year.

RESERVES

Details of movements in the reserves of the Company and of the Group during the year are set out in Note 41 to the consolidated financial statements and in the consolidated statement of changes in equity, respectively.

DISTRIBUTABLE RESERVES

As of 31 December 2017, the Company's reserves available for cash distribution and/or distribution in specie, as calculated in accordance with the Companies Act of Bermuda, amounted to approximately HK\$1,041,976,000.

MAJOR CUSTOMERS AND SUPPLIERS

During the year, less than 30% of the Group's turnover and less than 30% of the Group's purchases were attributable to the Group's five largest customers and five largest suppliers respectively.

DIRECTORS

The directors of the Company (the "Director(s)") during the year and up to the date of this report were:

Executive Directors

Mr. Lau Chi Yung, Kenneth (Chairman)

Mr. Lau Michael Kei Chi (Vice-Chairman and Managing Director)

Independent Non-executive Directors

Mr. Lee Siu Man, Ervin

Mr. Wong Yim Sum

Mr. Tsui Ka Wah

The Company has received annual confirmation from each of the independent non-executive Directors as regards their independence to the Company and considers that each of the independent non-executive Directors is independent to the Company.

In accordance with the Company's bye-laws, Mr. Lee Siu Man, Ervin and Mr. Wong Yim Sum will retire by rotation and, being eligible, will offer themselves for re-election at the forthcoming annual general meeting.

Annuavimata

REPORT OF THE DIRECTORS

BRIEF BIOGRAPHY OF DIRECTORS AND SENIOR MANAGEMENT

Brief biography of the Directors and senior management of the Group are set out on pages 9 to 10 of the annual report.

DIRECTORS' SERVICE CONTRACTS

No director proposed for re-election at the forthcoming annual general meeting has a service contract with the Company which is not determinable by the Company within one year without payment of compensation, other than statutory compensation.

DIRECTORS' MATERIAL INTERESTS IN SIGNIFICANT TRANSACTIONS, ARRANGEMENTS OR CONTRACTS

Save as otherwise disclosed in Note 36 to the consolidated financial statements, there were no other transactions, arrangements or contracts that are significant in relation to the businesses of the Company and its subsidiaries to which the Company or any of its subsidiary was a party and in which a director of the Company or his connected entity had a material interest, whether directly or indirectly, subsisted at any time during the year.

EQUITY-LINKED AGREEMENTS

No equity-linked agreements were entered into by the Group during the year or subsisted at the end of the year.

PERMITTED INDEMNITY PROVISION

A permitted indemnity provision for the benefit of the Directors is currently in force and was in force throughout the financial year. The Company has taken out and maintained appropriate insurance cover in respect of potential legal actions against its Directors and officers.

CORPORATE GOVERNANCE

The Company's corporate governance principles and practices are set out in the "Corporate Governance Report" of this annual report.

DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS OR SHORT POSITIONS IN THE SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY AND ASSOCIATED CORPORATIONS

As of 31 December 2017, the interests and short positions of the Directors and the chief executive of the Company and each of their respective associates, in the shares, underlying shares and debentures of the Company and its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (the "SFO")), which were required (i) to be notified to the Company and the Hong Kong Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they were taken or deemed to have under such provisions of the SFO); or (ii) pursuant to Section 352 of the SFO, to be entered in the register referred to therein; or (iii) pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code"), to be notified to the Company and the Hong Kong Stock Exchange, were as follows:

Long position in ordinary shares of the Company

Name of Director	Capacity and nature of interest	Number of shares held	percentage of the total issued share capital of the Company
Mr. Lau Chi Yung, Kenneth	Interest of controlled corporation	2,797,055,712*	66.91

Long position in ordinary shares of associated corporation - Oriental Explorer, a subsidiary of the Company

Name of Director	Capacity and nature of interest	Number of shares held	percentage of the total issued share capital of associated corporation
Mr. Lau Chi Yung, Kenneth	Interest of controlled corporation	1,729,540,999*	64.06
MI. Lau Chi Tung, Kenneth	interest of controlled corporation	1,729,340,999	04.0

^{*} The above shares are ultimately controlled by Power Resources Holdings Limited which acts as the trustee under the Power Resources Discretionary Trust, a family discretionary trust, the discretionary objects of which include Mr. Lau Chi Yung, Kenneth and his family.

In addition to the above, a director has non-beneficial personal equity interests in certain subsidiaries held for the benefit of the Company solely for the purpose of complying with the minimum company membership requirements.

Save as disclosed above, as of 31 December 2017, none of the Directors and chief executive of the Company had any interests and short positions in the shares, underlying shares and debentures of the Company or any associated corporation (within the meaning of Part XV of the SFO) which (i) are required to be notified to the Company and the Hong Kong Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which he is taken or deemed to have under such provisions of SFO); or (ii) are required, pursuant to Section 352 of the SFO, to be entered in the register referred to therein; or (iii) are required, pursuant to the Model Code to be notified to the Company and the Hong Kong Stock Exchange.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as disclosed under the heading "Directors' and chief executive's interests or short positions in the shares, underlying shares and debentures of the Company and associated corporations" above and in the share option scheme disclosures in Note 29 to the consolidated financial statements, at no time during the year were rights to acquire benefits by means of the acquisition of shares in or debentures of the Company granted to any director or their respective spouse or minor children, or were any such rights exercised by them; or was the Company or any of its holding companies or subsidiaries a party to any arrangement to enable the directors to acquire such rights in any other body corporate.

SUBSTANTIAL SHAREHOLDERS' INTERESTS IN THE SHARES

So far as was known to the Directors, as of 31 December 2017, the following interests of 5% or more of the issued share capital of the Company were recorded in the register of interests required to be kept by the Company pursuant to Section 336 of the SFO:

Long positions in ordinary shares of the Company

Name of Shareholder	Capacity and nature of interest	Number of shares held	Approximate percentage of the total issued share capital of the Company
Power Resources Holdings Limited	Interest of controlled corporation Directly beneficially owned Directly beneficially owned	2,797,055,712*	66.91
Lucky Speculator Limited		2,195,424,000*	52.52
Desert Prince Limited		601,631,712*	14.39

^{*} Power Resources Holdings Limited was deemed to have a beneficial interest in 2,797,055,712 ordinary shares of the Company by virtue of its indirect interests through Lucky Speculator Limited and Desert Prince Limited, the wholly-owned subsidiaries, which held shares in the Company.

Save as disclosed above, as at 31 December 2017, so far as was known to the Directors, no person, other than the Directors, whose interests are set out in the section "Directors' and chief executive's interests or short positions in the shares, underlying shares and debentures of the Company and associated corporations" above, had registered an interest or short position in the shares or underlying shares of the Company that was required to be recorded pursuant to Section 336 of the SFO.

CONNECTED TRANSACTIONS

Details of the connected transactions are set out in Note 36 to the consolidated financial statements.

SUFFICIENCY OF PUBLIC FLOAT

Based on information that is publicly available to the Company and within the knowledge of the Directors, at least 25% of the Company's total issued share capital was held by the public as of the date of this report.

16

AUDITORS

The financial statements for the years ended 31 December 2015, 2016 and 2017 were audited by HLB Hodgson Impey Cheng Limited whose term of office will expire upon the forthcoming annual general meeting. A resolution for the reappointment of HLB Hodgson Impey Cheng Limited as the auditors of the Company for the subsequent year is to be proposed at the forthcoming annual general meeting.

ON BEHALF OF THE BOARD

Lau Chi Yung, Kenneth Chairman

Hong Kong 28 March 2018

The Company is committed to the establishment of good corporate governance practices and procedures. The corporate governance principles of the Company emphasize a quality Board, sound internal control, transparency and accountability to all shareholders.

COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE

In the opinion of the Directors, the Company has applied the principles and complied with code provisions of the Corporate Governance Code and Corporate Governance Report (the "Code") as set out in Appendix 14 of the Listing Rules throughout the year ended 31 December 2017, save as disclosed below.

Under code provisions A.4.1 and A.4.2, (i) non-executive directors should be appointed for a specific term, subjected to re-election; and (ii) all directors appointed to fill a causal vacancy should be subjected to election by shareholders at the first general meeting after appointment. Every director, including those appointed for a specific term, should be subjected to retirement by rotation at least once every three years.

Non-executive directors do not have a specific term of appointment and under the bye-laws of the Company, at each general meeting, one-third of the directors for the time being, or if their number is not three or a multiple of three, then the number nearest one-third, shall retire from office by rotation save any director holding office as chairman and managing director. The Company intends to propose any amendment of relevant bye-laws of the Company, if necessary, in order to ensure compliance with the Code.

Under code provision E.1.2, the chairman of the board should attend the annual general meeting.

Mr. Lau Chi Yung, Kenneth, the chairman of the Board, attended the annual general meeting of the Company by phone conference, which was held on 26 May 2017 (the "2017 AGM") as he had a business engagement. Mr. Tsui Ka Wah, the chairman of the remuneration committee of the Company, was elected the chairman of the 2017 AGM to ensure effective communication with shareholders of the Company at the meeting. The chairman of the audit committee of the Company, Mr. Wong Yim Sum, had also attended the 2017 AGM.

BOARD COMPOSITION AND BOARD PRACTICE

The Board is mandated to promote the success of the Company by providing leadership and supervising control of the Group's business.

Currently, the Board comprises of two executive Directors and three independent non-executive Directors. The positions of chairman and managing director are held by separate individuals. The chairman provides leadership for the board and the managing director, supported by the management team, provides planning and implementation. The Board, led by Mr. Lau Chi Yung, Kenneth is responsible for the approval and monitoring of the Group's overall strategies and policies, approval of annual budgets and business plans; evaluating the performance of Group; and oversight of management. The chairman ensures that the Board works effectively and discharges its responsibilities. All directors have been consulted on all major and material matters of the Company. With the support of the company secretary, the chairman seeks to ensure that all directors are properly briefed on issues arising at Board meetings and receive adequate and reliable information in a timely manner.

To implement the strategies and plans approved by the Board, executive directors and senior management meet on a regular basis to review the performance of the Group and make financial and operational decisions.

Under the Listing Rules, every listed issuer is required to have at least three independent non-executive directors, at least one of whom must have appropriate professional qualifications, or accounting or related financial management expertise. Currently, the number of independent non-executive directors represents more than one-third of the total board members.

Save as Mr. Lau Michael Kei Chi is the elder brother of Mr. Lau Chi Yung, Kenneth, the members of the Board have no financial, business, family or other material/relevant relationships with one another.

The Company has arranged directors and officers liability and company reimbursement insurances for its directors and officers.

Consideration was given to the independence of Mr. Lee Siu Man, Ervin and Mr. Wong Yim Sum, who have served on the Board for more than 20 years and 13 years respectively.

Each of the independent non-executive director has made an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Company is of the view that all independent non-executive directors meet the independence guidelines set out in Rule 3.13 of the Listing Rules and are independent in accordance with the terms of the guidelines. Review will be made regularly on the Board composition to ensure that it has a balance of expertise, skills and experience appropriate for the requirements of the business of the Company. The brief biography of the Directors are set out on page 9.

The Board has scheduled regular meetings per year and meets more frequently as and when required to discuss and formulate the Group's overall business strategies, monitor financial performance and discuss the annual results, interim results and other significant matters. The Director can attend meetings in person or through other means of electronic communication. During the financial year ended 31 December 2017, the attendance of individual Director to the Board meeting and general meeting is summarized below:

	Number of meetings	ngs attended/held General meeting
Executive Directors		
Mr. Lau Chi Yung, Kenneth	6/6	1/1
Mr. Lau Michael Kei Chi	6/6	1/1
Independent Non-executive Directors		
Mr. Lee Siu Man, Ervin	6/6	1/1
Mr. Wong Yim Sum	6/6	1/1
Mr. Tsui Ka Wah	6/6	1/1

The company secretary keeps the Board minutes of the Company for inspection by the Directors and all Directors have full access to information of the Company.

BOARD DIVERSITY POLICY

The Board has adopted a Board Diversity Policy in December 2013 which sets out the approach to achieve diversity on the Board.

The Company recognises that increasing diversity at the Board level will support the attainment of the Company's strategic objectives and sustainable development. The Company seeks to achieve Board diversity through the consideration of a number of factors, include and make good use of differences in the talents, skills, regional and industry experience, background, gender and other qualities of the members of the Board. All appointments of the members of the Board are made on merit, in the content of the talents, skills and experience the Board as a whole requires to be effective.

The Nomination Committee has set measurable objectives based on talents, skills, regional and industry experience, background, gender and other qualities to implement the Board Diversity Policy. Such objectives will be reviewed from time to time to ensure their appropriateness and the progress made towards achieving those objectives will be ascertained. The Nomination Committee will review the Board Diversity Policy, as appropriate, to ensure its continued effectiveness from time to time.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code set out in Appendix 10 to the Listing Rules as its own code of conduct regarding directors' securities transactions. Based on specific enquiry of all Directors, all Directors confirmed that they have complied with the required standard set out in the Model Code for the year ended 31 December 2017. The interests held by individual Directors in the Company's securities as of 31 December 2017 are set out in the "Report of the Directors" on pages 11 to 17.

DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

With the assistance from the Finance Department, which is under the supervision of the Qualified Accountant of the Company, the Directors ensure that preparation of the financial statements of the Group are in accordance with statutory requirements and applicable accounting standards. The Directors also ensure that the publication of the financial statements of the Group is in a timely manner.

The statement of the external auditors of the Company, HLB Hodgson Impey Cheng Limited, with regard to its reporting responsibilities on the Group's consolidated financial statements, is set out in the Independent Auditors' Report included in this annual report.

DIRECTORS' CONTINUING PROFESSIONAL DEVELOPMENT PROGRAMME

Each newly appointed Director is provided with necessary induction and information to ensure that he has a proper understanding of the Company's operations and businesses as well as his responsibilities under the relevant statutes, laws, rules and regulations.

Directors' training is an ongoing process. During the year, Directors are provided with monthly updates on the Company's performance, position and prospects to enable the Board as a whole and each Director to discharge their duties. In addition, all Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. The Company updates Directors on the latest development regarding the Listing Rules and other applicable regulatory requirements from time to time to ensure compliance and enhance their awareness of good corporate governance practices.

Briefings were organised for Directors in 2017 to update the Directors on the duties of directors and roles and function of board committees, risk management and internal control, environmental, social and governance reporting, corporate governance, and director's responsibilities at IPO were given to the Directors.

During the year, according to the records provided by the Directors, a summary of training is as follows:

Type of continuous professional development programmes

A, E
A, B
A, E
A, E
A, E

Notes:

A: reading materials and seminars on corporate governance and regulatory updates

B: reading materials and seminars on directors' duties, environmental, social and governance reporting, Listing Rules compliance update, accounting and tax update, and other applicable legal and regulatory requirements

Number of meetings attended/held

CORPORATE GOVERNANCE REPORT

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr. Lau Chi Yung, Kenneth serves as the Chairman of the Company, and the role of Chief Executive Officer of the Company is served by our Managing Director, Mr. Lau Michael Kei Chi. They have separate defined responsibilities whereby the Chairman is primarily responsible for leadership and effective functioning of the Board, ensuring key issues are promptly addressed by the Board, as well as providing strategic direction of the Company, and also take primary responsibility for ensuring good corporate governance practices and procedures are established. The Managing Director is responsible for the day-to-day management of the Company's business and the effective implementation of corporate strategy and policies.

AUDIT COMMITTEE

Members

The Company has established an Audit Committee in accordance with the Listing Rules. The Audit Committee's terms of reference includes those specific duties as set out in the code provision C.3.3 of the Code. Pursuant to its terms of reference, the Audit Committee is required, amongst other things, to consider and recommend to the Board the appointment, re-appointment and removal of the external auditors and to approve their remuneration, to review the interim and annual financial statements, to review the Group's financial controls, internal controls and risk management system, the effectiveness of the Group's internal audit function and to consider any findings of major investigations of internal control matters as delegated by the Board or on its own initiative and management's response. The Audit Committee should meet at least twice each year and when the need arises. Details of the attendance of Audit Committee meetings are as follows:

Mr. Wong Yim Sum (Chairman)	4/4
Mr. Lee Siu Man, Ervin	4/4

Mr. Tsui Ka Wah

In the presence of the representatives of the Company's independent external auditors, the Group's audited consolidated financial statements for the year ended 31 December 2017 have been reviewed by the Audit Committee, and with recommendation to the Board for approval.

The accounts for the year ended 31 December 2017 were audited by HLB Hodgson Impey Cheng Limited whose term of office will expire upon the forthcoming annual general meeting of the Company. The Audit Committee has recommended to the Board that HLB Hodgson Impey Cheng Limited be reappointed as the auditors of the Company at the forthcoming annual general meeting of the Company.

REMUNERATION COMMITTEE

The main responsibilities of the Remuneration Committee are to consider and recommend to the Board the Company's remuneration policy and structure and to review and determine the remuneration and compensation packages of the executive directors and senior management of the Company. The Remuneration Committee reviews and proposes the management's remuneration proposals with reference to considerations factors such as the Group's performance and profitability, directors' experience, responsibilities and time commitment, existing market environment, salaries paid by comparable companies, employment conditions elsewhere in the Group, and considers the reasonableness on remuneration based on performance.

CORPORATE GOVERNANCE REPORT

The Remuneration Committee set up on 16 September 2005 comprises two executive Directors and three independent non-executive Directors. Details of the attendance of the committee are as follows:

Members	Number of meetings attended/held
Mr. Tsui Ka Wah (Chairman)	1/1
Mr. Lau Chi Yung, Kenneth	1/1
Mr. Lau Michael Kei Chi	1/1
Mr. Lee Siu Man, Ervin	1/1
Mr. Wong Yim Sum	1/1

NOMINATION COMMITTEE

The role of Nomination Committee set up on 28 March 2012 is to advise on and propose to appoint any person as a director either to fill a casual vacancy on or as an additional member of the Board. The selection criteria are mainly based on the professional qualification and experience of the candidate. A newly appointed director must retire and be re-elected at the first general meeting after his appointment. At each annual general meeting, one-third of the directors (or, if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation. A retiring director shall be eligible for re-election. Details of the attendance of the committee are as follows:

Members	Number of meetings attended/held
Mr. Lau Chi Yung, Kenneth (Chairman)	1/1
Mr. Lau Michael Kei Chi	1/1
Mr. Lee Siu Man, Ervin	1/1
Mr. Wong Yim Sum	1/1
Mr Tsui Ka Wah	1/1

The Nomination Committee periodically reviews the structure, size and composition of the Board, and make recommendations on any proposed changes to the Board to complement the Company's corporate strategy. Its duties include identifying individuals suitably qualified to become Board members, and select or make recommendations to the Board on the selection of individuals nominated for directorships, and assess the independence of independent non-executive directors.

Most Nomination Committee members are independent non-executive directors.

REMUNERATION OF MEMBERS OF SENIOR MANAGEMENT BY BAND

Pursuant to paragraph B.1.5 of the Code, the remuneration of the members of the senior management by band for the year ended 31 December 2017 is set out in Note 9 to the consolidated financial statements.

RISK MANAGEMENT AND INTERNAL CONTROLS

The Board has the overall responsibility for maintaining a sound and effective system of internal controls and risk management. The Board has identified the top risks of the Group and determined how much risk the Board is willing to take to achieve the Group's strategic objectives. During year 2016, an in-house internal audit department had been set up. In addition, the Group established a risk management system. Each business unit is required to identify and manage risks on a day-to-day basis as the first line of defence. Internal auditor, as the second line of defence, provides independent and objective assurance on the overall effectiveness of the internal control and risk management system.

The audit committee had reviewed the adequacy and effectiveness of the Group's risk management and internal controls system based on the review report audit undertaken by the internal auditor. The Board, through the review by the audit committee, considers that the Group's internal control and risk management system is effective and adequate.

There are inherent limitations in any systems of risk management and internal control and accordingly the Group's risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business of objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

There are also procedures including pre-clearance on dealing in the Group's securities by designated Directors, notification of regular blackout period and securities dealing restrictions to Directors and relevant employees, and dissemination of information for specified purpose and on a need-to-know basis have been implemented to guard against possible mishandling of inside information within the Group.

BUSINESS MODEL AND STRATEGY

The Group has the mission to maintain long term profitability and assets growth with adoption of flexible business model and strategy and prudential risk and capital management framework. The Board has played and will continue to play a proactive role in the Group's development of business model to preserve the culture of the Group in serving customers well with premium service quality; the Group's business strategic drive for business expansion and opportunities; and the Group's setting of strategic goals, priorities and initiatives undertaken to motivate staff to achieve business and financial targets. Details of the Group's Business Review and financial review in the year 2017 are set out in the "Chairman's Statement and Management Discussion and Analysis" section of this annual report.

AUDITORS' REMUNERATION

In line with the sound practice that the independence of external auditors should not be impaired by other non-audit assignments, the Group ensures that assignments other than statutory audits undertaken by external auditors should not have an adverse impact on their independence.

For the year ended 31 December 2017, the auditors of the Company received approximately HK\$680,000 for audit service and Nil for tax and consultancy services.

COMPANY SECRETARY

As at 31 December 2017, the company secretary of the Company, Mr. Lau Kwok Yin fulfills the requirement under Rules 3.28 and 3.29 of the Listing Rules. As an employee of the Company, the company secretary supports the Board, ensures good information flow within the Board and Board policy and procedures are followed; advises the Board on governance matters, facilitates induction and, monitors the training and continuous professional development of Directors. He has attained not less than 15 hours of relevant professional training during the year ended 31 December 2017.

SHAREHOLDERS' RIGHTS

Procedures for shareholders to convene a Special General Meeting (the "SGM")

The Board shall, on the requisition in writing of the shareholders of not less than one-tenth of the paid-up capital of the Company upon which all calls or other sums then due have been paid, forthwith proceed to convene a SGM.

If within twenty-one days of such deposit the Board fails to proceed to convene the SGM, the requisitionists or any of them representing more than one half of the total voting rights of all of them, may themselves convene a SGM, but any meeting so convened shall not be held after three months from the date of the original deposit.

Procedures for directing shareholders' enquiries to the Board

Shareholders may at any time send their enquiries and concerns to the Board in writing through the Company Secretary whose contact details are as follows:

Units 22-28, 25/F., Tower A, Southmark, 11 Yip Hing Street, Wong Chuk Hang, Hong Kong Email: contact@multifield.com.hk

Shareholders may also make enquiries with the Board at the general meetings of the Company.

Procedures for putting forward proposals at shareholders' meeting

Shareholders can submit a written requisition to move a resolution at shareholders' meeting. The number of shareholders shall represent not less than one-twentieth of the total voting rights of all shareholders having at the date of the requisition a right to vote at the shareholders' meeting, or who are no less than one hundred shareholders.

The written requisition must state the resolution, accompanied by a statement of not more than one thousand words with respect to the matter referred to in any proposed resolution or the business to be dealt with at the shareholders' meeting. It must also be signed by all of the shareholders concerned and be deposited at the Company's principal place of business in Hong Kong at Units 22-28, 25/F., Tower A, Southmark, 11 Yip Hing Street, Wong Chuk Hang, Hong Kong, for the attention of the Company Secretary not less than six weeks before the shareholders' meeting in case of a requisition requiring notice of a resolution and not less than one week before the shareholders' meeting in case of any other requisition.

The shareholders concerned must deposit a sum of money reasonably sufficient to meet the Company's expenses in serving the notice of the resolution and circulating the statement submitted by the shareholders concerned under applicable laws and rules.

CONSTITUTIONAL DOCUMENTS

There are no changes in the Company's constitutional documents during the year.

INVESTOR RELATIONS AND COMMUNICATION

The Company establishes different communication channels with shareholders and investors. These include (i) the publication of interim and annual reports; (ii) the annual general meeting or special general meeting providing a forum for shareholders of the Company to raise comments and exchange views with the Board; (iii) the Company replies to enquiries from shareholders timely; and (iv) the Company's share registrar in Hong Kong serves the shareholders regarding all share registration matters.

In fact, the Company's annual general meeting (the "AGM") is one of the principal channels of communication with its shareholders. It provides an opportunity for shareholders to ask questions about the Group's performance. A separate resolution is proposed for each substantially separate issue at the AGM.

31/F, Gloucester Tower The Landmark 11 Pedder Street Central Hong Kong

To the shareholders of Multifield International Holdings Limited (Incorporated in Bermuda with limited liability)

OPINION

We have audited the consolidated financial statements of Multifield International Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 30 to 99, which comprise the consolidated statement of financial position as at 31 December 2017, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2017, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditors' Responsibilities* for the *Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters

How our audit addressed the key audit matters

Valuation of investment properties

Refer to Note 15 to the consolidated financial statements.

We identified the valuation of investment properties as a key audit matter due to the significance of the balance to the consolidated financial statements as a whole, combined with the estimates associated with determining the fair value.

As at 31 December 2017, the Group had investment properties at a carrying amount of approximately HK\$9,005,730,000, with a gain arising on change in fair value of investment properties amounting to approximately HK\$211,363,000 recognised in the consolidated statement of profit or loss and other comprehensive income for the year then ended.

All of the Group's investment properties are stated at fair value based on valuations performed by an independent qualified professional valuer not connected with the Group.

The valuations were based on the direct comparison approach which involved the use of estimates and assumptions including recent sales price of similar properties with adjustments for any difference in location and condition of the properties.

Our key procedures in relation to the valuation of investment properties included:

- Communicating with the management about the valuation techniques adopted by the valuer, obtaining the valuation reports for all properties measured at fair value, and assessing the relevance and reasonableness of valuation techniques used by the valuer;
- Evaluating the appropriateness of the key input data used in the determination of fair value; comparing the key inputs to supporting evidence such as recent sale transaction on the market;
- Engaging an auditors' expert to assist our assessment on the appropriateness of the methodologies and the reasonableness of the assumptions and key input data adopted in the valuation; and
- Evaluating the independent qualified professional valuer's competence, capabilities and objectivity and reviewing their terms of engagement with the Group.

Key audit matters

How our audit addressed the key audit matters

Carrying amount of equity investments at fair value through profit or loss

Refer to Note 21 to the consolidated financial statements.

We identified the carrying amount of equity investments at fair value through profit or loss as a key audit matter due to the significance of the balance to the consolidated financial statements as a whole and the impact on revenue.

As at 31 December 2017, the Group had listed equity investments at a carrying amount of approximately HK\$1,481,034,000 classified as level 1 financial instruments (measured based on quoted bid prices in an active market).

Our key procedures in relation to the existence, valuation and completeness of the Group's portfolio of listed equity investments included:

- Assessing the processes in place to record investment transactions and to value the portfolio;
- Agreeing the pricing of the listed investments to externally quoted prices; and
- Agreeing the listed investment holdings to independently received third party custodian confirmations.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. This report is made solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on the audit resulting in this independent auditors' report is Chan Ching Pang.

31 December 2017

1. CORPORATE AND GROUP INFORMATION (continued)

Information about subsidiaries (continued)

Particulars of the Company's principal subsidiaries are as follows: (continued)

Except for Multifield International Holdings (B.V.I.) Limited, all subsidiaries are indirectly held by the Company.

Notes:

- (i) These companies are subsidiaries of non-wholly-owned subsidiaries of the Company and accordingly are accounted for as subsidiaries by virtue of the Company's control over the entities.
- (ii) The Group holds a direct equity interest of 45% in this subsidiary, and an indirect equity interest of 16.04% by virtue of the Group's 64.06% interest in Oriental Explorer Holdings Limited, which holds a 25.04% equity interest in this subsidiary.
- (iii) The Group holds a direct equity interest of 67% in these subsidiaries, and an indirect equity interest of 9.62% by virtue of the Group's 64.06% interest in Oriental Explorer Holdings Limited, which holds 15.02% equity interest in these subsidiaries.
- (iv) The Group holds a direct equity interest of 51% in these subsidiaries, and an indirect equity interest of 11.53% by virtue of the Group's 64.06% interest in Oriental Explorer Holdings Limited, which holds 18% equity interest in these subsidiaries.
- (v) These subsidiaries are registered as wholly-foreign-owned enterprises under the PRC law.
- (vi) This subsidiary is a limited liability company established in the PRC.

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for investment properties and certain financial instruments, which have been measured at fair value.

These financial statements are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

31 December 2017

2.1 BASIS OF PREPARATION (continued)

Basis of consolidation

The consolidated financial statements include the financial statements of the Group for the year ended 31 December 2017. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income ("OCI") are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described in the accounting policy for subsidiaries below. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in OCI is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

31 December 2017

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following revised HKFRSs for the first time for the current year's financial statements.

Amendments to HKAS 7 Amendments to HKAS 12 Amendments to HKFRS 12 included in Annual Improvements to HKFRSs 2014-2016 Cycle

Disclosure Initiative Recognition of Deferred Tax Assets for Unrealised Losses Disclosure of Interests in Other Entities: Clarification of the Scope of HKFRS 12

None of the above amendments to HKFRSs has had a material impact on the Group's financial performance and positions for the period presented in these financial statements. Disclosure has been made in Note 32 to the financial statements upon the adoption of amendments to HKAS 7, which require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes.

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

Amendments to HKFRS 2 Amendments to HKFRS 4

Classification and Measurement of Share-based Payment Transactions¹ Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurnace Contracts1

Financial Instruments¹

Amendments to HKFRS 9

Prepayment Features with Negative Compensation²

Amendments to HKFRS 10 and HKAS 28 (2011)

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture4

HKFRS 15

HKFRS 9

Revenue from Contracts with Customers¹

Amendments to HKFRS 15

Clarifications to HKFRS 15 Revenue from Contracts with Customers¹ Leases²

HKFRS 16 HKFRS 17

Insurance contracts³

Amendments to HKAS 28

Long-term Interests in Associates and Joint Ventures²

Amendments to HKAS 40

Transfers of Investment Property¹

HK(IFRIC)-Int 22 HK(IFRIC)-Int 23 Annual Improvements to Foreign Currency Transactions and Advance Consideration¹

HKFRSs 2014-2016 Cycle

Uncertainty over Income Tax Treatments² Amendments to HKFRS 1 and HKAS 281

Annual Improvements to HKFRSs 2015-2017 Cycle Amendments to a number of HKFRSs²

- Effective for annual periods beginning on or after 1 January 2018
- 2 Effective for annual periods beginning on or after 1 January 2019
- Effective for annual periods beginning on or after 1 January 2021
- No mandatory effective date yet determined but available for adoption

Except as mentioned below, the directors of the Company anticipate of the other new and amendments to HKFRSs and Interpretations will have no material impact on the consolidated financial statements.

31 December 2017

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKFRS 9 Financial Instruments

HKFRS 9 introduces new requirements for the classification and measurement of financial assets, financial liabilities, general hedge accounting and impairment requirements for financial assets.

Key requirements of HKFRS 9 which are relevant to the Group are:

- all recognised financial assets that are within the scope of HKFRS 9 are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at fair value through other comprehensive income ("FVTOCI"). All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss; and
- in relation to the impairment of financial assets, HKFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under HKAS 39 Financial Instruments: Recognition and Measurement. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.

Based on the Group's financial instruments and risk management policies as at 31 December 2017, the directors of the Company anticipated the following potential impact on initial application of HKFRS 9:

Classification and measurement

Unlisted fund investments classified as available-for-sale investments carried at cost less impairment as disclosed in Note 17: these fund investments qualified for designation as measured at FVTOCI under HKFRS 9 and the Group will measure these fund investments at fair value at the end of subsequent reporting periods with fair value gains or losses to be recognised as other comprehensive income and accumulated in the available-for-sale investment revaluation reserve. Upon initial application of HKFRS 9, the fair value gains or losses relating to these fund investments would be adjusted to available-for-sale investment revaluation reserve at 1 January 2018.

The other financial assets and financial liabilities will continue to be measured on the same bases as are currently measured under HKAS 39.

Impairment

The directors of the Company also anticipate that the application of the expected credit loss model of HKFRS 9 will result in earlier provision of credit losses which are not yet incurred in relation to the Group's financial assets measured at amortised costs and other items that subject to the impairment provisions upon application of HKFRS 9 by the Group. However, the directors of the Company do not anticipate that the application of the expected credit loss model of HKFRS 9 will have material impact on the opening retained profits balance at 1 January 2018.

31 December 2017

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKFRS 15 Revenue from Contracts with Customers

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 *Revenue*, HKAS 11 *Construction Contracts* and the related interpretations when it becomes effective.

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15.

In 2016, the HKICPA issued clarifications to HKFRS 15 in relation to the identification of performance obligations, principal versus agent considerations, as well as licensing application guidance.

The directors of the Company anticipate that the application of HKFRS 15 in the future may result in more disclosures, however, the directors of the Company do not anticipate that the application of HKFRS 15 will have a material impact on the timing and amounts of revenue recognised in the respective reporting periods.

31 December 2017

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKFRS 16 Leases

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 *Leases* and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, operating lease payments are currently presented as operating cash flows. Upon application of HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing cash flows by the Group.

In contrast to lessee accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17, and continues to require a lessor to classify a lease either as an operating lease or a finance lease.

As at 31 December 2017, the Group has non-cancellable operating lease commitments of approximately HK\$174,492,000 as disclosed in Note 34. A preliminary assessment indicates that these arrangements will meet the definition of a lease. Upon application of HKFRS16, the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases.

Furthermore, the application of new requirements may result in changes in measurement, presentation and disclosure as indicated above.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fair value measurement

The Group measures its investment properties, derivative financial instruments and equity investments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than financial assets and properties held for sale), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss and other comprehensive income in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss and other comprehensive income in the period in which it arises.

Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Related parties (continued)

- (b) the party is an entity where any of the following conditions applies: (continued)
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of profit or loss and other comprehensive income in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Buildings
Leasehold improvements
Furniture, fixtures and office equipment
Motor vehicles
Vessels

5% or over the lease terms, if shorter Over the lease terms $20\%-33~^{1}/_{3}\%$ $20\%-33~^{1}/_{3}\%$ 20%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the statement of profit or loss and other comprehensive income in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Properties under development

Properties in the course of development are classified as non-current assets and are stated at cost less any impairment losses, and are not depreciated. Cost comprises acquisition cost relating to the leasehold interests in lands and direct development costs attributable to such properties. Interests in lands are amortised over the expected useful life and are included as part of cost of properties under development.

Investment properties

Investment properties are interests in land and buildings (including the leasehold interest under an operating lease for a property which would otherwise meet the definition of an investment property) held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of the reporting period.

Gains or losses arising from changes in the fair values of investment properties are included in the statement of profit or loss and other comprehensive income in the year in which they arise.

Any gains or losses on the retirement or disposal of an investment property are recognised in the statement of profit or loss and other comprehensive income in the year of the retirement or disposal.

Properties held for sale

Properties held for sale are stated at the lower of cost and net realisable value. Cost includes the cost of land, capitalised interest during the period of development and other direct costs attributable to such properties. Net realisable value is calculated as the estimated selling price less all costs to completion, if applicable, and costs of marketing and selling.

Leases

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to the statement of profit or loss and other comprehensive income on the straight-line basis over the lease terms. Where the Group is the lessee, rentals payable under operating leases net of any incentives received from the lessor are charged to the statement of profit or loss and other comprehensive income on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, loans and receivables and available-for-sale financial investments, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. When financial assets are recognised initially, they are measured at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

The Group's financial assets include cash and bank balances, trade and other receivables, loans receivable, and quoted and unquoted financial instruments.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments as defined by HKAS 39.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value presented as revenue in the statement of profit or loss and other comprehensive income. These net fair value changes do not include any dividends or interest earned on these financial assets, which are recognised in accordance with the policies set out for "Revenue recognition" below.

Financial assets designated upon initial recognition as at fair value through profit or loss are designated at the date of initial recognition and only if the criteria in HKAS 39 are satisfied.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and includes fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in other income or gains in the statement of profit or loss and other comprehensive income. The loss arising from impairment is recognised in the statement of profit or loss and other comprehensive income in finance costs for loans and in other expenses for receivables.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (continued)

Available-for-sale financial investments

Available-for-sale financial investments are non-derivative financial assets in unlisted equity investments. Equity investments classified as available for sale are those which are neither classified as held for trading nor designated at fair value through profit or loss.

After initial recognition, available-for-sale financial investments are subsequently measured at fair value, with unrealised gains or losses recognised as OCI in the available-for-sale investment revaluation reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in the statement of profit or loss and other comprehensive income in other income, or until the investment is determined to be impaired, when the cumulative gain or loss is reclassified from the available-for-sale investment revaluation reserve to the statement of profit or loss and other comprehensive income in other expenses. Interest and dividends earned whilst holding the available-for-sale financial investments are reported as interest income and dividend income, respectively and are recognised in the statement of profit or loss and other comprehensive income as revenue in accordance with the policies set out for "Revenue recognition" below.

When the fair value of unlisted equity investments cannot be reliably measured because (a) the variability in the range of reasonable fair value estimates is significant for that investment or (b) the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value, such investments are stated at cost less any impairment losses.

The Group evaluates whether the ability and intention to sell its available-for-sale financial assets in the near term are still appropriate. When, in rare circumstances, the Group is unable to trade these financial assets due to inactive markets, the Group may elect to reclassify these financial assets if management has the ability and intention to hold the assets for the foreseeable future or until maturity.

For a financial asset reclassified from the available-for-sale category, the fair value carrying amount at the date of reclassification becomes its new amortised cost and any previous gain or loss on that asset that has been recognised in equity is amortised to profit or loss over the remaining life of the investment using the effective interest rate. Any difference between the new amortised cost and the maturity amount is also amortised over the remaining life of the asset using the effective interest rate. If the asset is subsequently determined to be impaired, then the amount recorded in equity is reclassified to the statement of profit or loss and other comprehensive income.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derecognition of financial assets (continued)

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risk and rewards of ownership of the assets. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. An impairment exists if one or more events that occurred after the initial recognition of the asset have an impact on the estimated future cash flows of the financial asset or the group of financial asset that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition).

The carrying amount of the asset is reduced through the use of an allowance account and the loss is recognised in the statement of profit or loss and other comprehensive income. Interest income continues to be accrued on the reduced carrying amount and using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (continued)

Financial assets carried at amortised cost (continued)

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to other expenses in profit or loss.

Assets carried at cost

If there is objective evidence that an impairment loss has been incurred on an unquoted equity instrument that is not carried at fair value because its fair value cannot be reliably measured, or on a derivative asset that is linked to and must be settled by delivery of such an unquoted equity instrument, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Impairment losses on these assets are not reversed.

Available-for-sale financial investments

For available-for-sale financial investments, the Group assesses at the end of each reporting period whether there is objective evidence that an investment or a group of investments is impaired.

If an available-for-sale asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in profit or loss, is removed from OCI and recognised in profit or loss.

In the case of equity investments classified as available for sale, objective evidence would include a significant or prolonged decline in the fair value of an investment below its cost. "Significant" is evaluated against the original cost of the investment and "prolonged" against the period in which the fair value has been below its original cost. Where there is evidence of impairment, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognised in profit or loss – is removed from OCI and recognised in profit or loss. Impairment losses on equity instruments classified as available for sale are not reversed through profit or loss. Increases in their fair value after impairment are recognised directly in OCI.

The determination of what is "significant" or "prolonged" requires judgement. In making this judgement, the Group evaluates, among other factors, the duration or extent to which the fair value of an investment is less than its cost.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, an amount due to a director, and interest-bearing bank and other borrowings.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial liabilities (continued)

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are acquired for the purpose of repurchasing in the near term. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by HKAS 39. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in profit or loss. The net fair value gain or loss recognised in profit or loss does not include any interest charged on these financial liabilities.

Financial liabilities designated upon initial recognition as at fair value through profit or loss are designated at the date of initial recognition and only if the criteria in HKAS 39 are satisfied.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in profit or loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. A financial guarantee contract is recognised initially as a liability at its fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount of the best estimate of the expenditure required to settle the present obligation at the end of the reporting period; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in profit or loss.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Fair value of financial instruments

The fair value of financial instruments that are traded in active markets is determined by reference to quoted market prices or dealer price quotations (bid price for long positions and ask price for short positions), without any deduction for transaction costs. For financial instruments where there is no active market, the fair value is determined using appropriate valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument which is substantially the same; a discounted cash flow analysis.

Derivative financial instruments

Initial recognition and subsequent measurement

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Any gains and losses arising from changes in fair value of derivatives are taken directly to profit or loss.

Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in profit or loss.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in OCI or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (a) interest income, on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset:
- (b) dividend income, when the shareholders' right to receive payment has been established;
- (c) government grants, subsidies from the relevant People's Republic of China (the "PRC") government authorities, in the form of return of income tax, value added tax not associating with the purchase of property, plant and equipment and various taxes, as an incentive for the investments in various cities in the PRC are recognised in the statement of profit or loss and other comprehensive income when relevant approval has been obtained;
- (d) rental income from property letting, in the period in which the properties are let and on a time proportion basis over the lease terms;
- (e) income from serviced apartment and property management, when the services are rendered;
- (f) income from the sale of debt investments, on the trade date;
- (g) realised fair value gains or losses on securities trading on a trade date basis, whilst unrealised fair value gains or losses, on change in fair value at the end of the reporting period; and
- (h) fair value gains or losses on derivative financial instruments, on change in fair value at the end of the reporting period.

Share-based payments

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees for grant is measured by reference to the fair value at the date at which they are granted. The fair value is determined using an appropriate option pricing model.

The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Share-based payments (continued)

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

Other employee benefits

Pension scheme

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' basic salaries and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiary which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. This subsidiary is required to contribute a certain percentage of their payroll costs to the central pension scheme. The only obligation of the Group with respect to the central pension scheme is to pay the ongoing contribution under the central pension scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension scheme.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Other employee benefits (continued)

Employment Ordinance long service payments

Certain of the Group's employees have completed the required number of years of service to the Group in order to be eligible for long service payments under the Hong Kong Employment Ordinance in the event of the termination of their employment. The Group is liable to make such payments in the event that such a termination of employment meets the circumstances specified in the Hong Kong Employment Ordinance.

A provision is recognised in respect of the probable future long service payments expected to be made. The provision is based on the best estimate of the probable future payments which have been earned by the employees from their service to the Group to the end of the reporting period.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Foreign currencies

These financial statements are presented in Hong Kong dollar, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in OCI or profit or loss is also recognised in OCI or profit or loss, respectively).

The functional currencies of certain overseas subsidiaries are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into Hong Kong dollar at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss and other comprehensive income are translated into Hong Kong dollar at the weighted average exchange rates for the year.

The resulting exchange differences are recognised in OCI and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

31 December 2017

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Foreign currencies (continued)

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollar at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollar at the weighted average exchange rates for the year.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

Operating lease commitments – Group as lessor

The Group has entered into commercial property leases on its investment property portfolio. The Group has determined, based on an evaluation of the terms and conditions of the arrangements, that it retains all the significant risks and rewards of ownership of these properties which are leased out on operating leases.

Classification between investment properties and owner-occupied properties

The Group determines whether a property qualifies as an investment property, and has developed criteria in making that judgement. Investment property is a property held to earn rentals or for capital appreciation or both. Therefore, the Group considers whether a property generates cash flows largely independently of the other assets held by the Group.

Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the production or supply of goods or services or for administrative purposes. If these portions could be sold separately or leased out separately under a finance lease, the Group accounts for the portions separately. If the portions could not be sold separately, the property is an investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes.

Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as an investment property.

Deferred taxation on investment properties

For the purposes of measuring deferred tax liabilities arising from investment properties that are measured using the fair value model, management of the Group has reviewed the Group's investment properties and concluded that the certain of the Group's investment properties are held under a business model whose objective is to consume substantially all of the economic benefits embodied in these investment properties over time. Therefore, in determining the Group's deferred taxation on these investment properties, the directors have determined that the presumption that these investment properties measured using the fair value model are recovered through sale is rebutted.

31 December 2017

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

Judgements (continued)

Deferred taxation on investment properties (continued)

Accordingly, the Group recognises deferred tax in respect of the changes in fair value of the investment properties based on management's best estimate assuming future tax consequences through usage of such properties of rental purpose, rather than through sale. The final tax outcome could be different from the deferred tax liabilities recongised in the consolidated financial statements should the investment properties be subsequently disposed by the Group, rather than all of the economic benefits embodied in the investment properties are consumed substantially by leasing over time. In the event the investment properties are being disposed of, the Group may be liable to higher tax upon disposal considering the impact of corporate income tax and land appreciation tax.

Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Fair values of financial instruments

Financial instruments such as equity instruments are carried at the statement of financial position at fair value. The best evidence of fair value is quoted prices in an active market, where quoted prices are not available for a particular financial instrument, the Group uses the market values determined by independent financial institutions or internal or external valuation models to estimate the fair value. The use of methodologies, models and assumptions in pricing and valuing these financial assets and liabilities is subjective and requires varying degrees of judgement by management, which may result in significantly different fair values and results.

Impairment of receivables

The Group's management determines the provision for impairment of receivables. This estimate is based on the credit history of its customers and the current market condition. Management reassesses the estimation at the end of each reporting period.

Estimation of fair value of investment properties

As described in Note 15, the investment properties were revalued at the end of the reporting period based on the appraised market value provided by an independent professional valuer. Such valuations were based on certain assumptions, which are subject to uncertainty and might materially differ from the actual results. In making the estimation, the Group considers information from current prices in an active market for similar properties and uses assumptions that are mainly based on market conditions existing at the end of each reporting period.

31 December 2017

4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into three (2016: three) reportable operating segments as follows:

- (a) the property investment segment mainly comprises rental income from investment properties;
- (b) the provision of serviced apartment and property management services segment; and
- (c) the trading and investment segment includes the trading of securities and investment income from securities investment and investment holding.

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/loss, which is a measure of adjusted profit/loss before tax. The adjusted profit/loss before tax is measured consistently with the Group's profit/loss before tax from operations except that unallocated corporate expenses, interest income from loans and receivables, fair value gains/losses on investment properties, finance costs, and other gains are excluded from such measurement.

Segment assets exclude other unallocated head office and corporate assets.

Segment liabilities exclude interest-bearing bank and other borrowings, amount due to a director, tax payable, deferred tax liabilities and other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.

There are no sales or other transactions between the operating segments during the year (2016: Nil).

	56,435	56,435

Subject to shareholders' approval at the forthcoming annual general meeting of the Company to be held on 25 May 2018, dividend warrants will be posted on or about 22 June 2018 to shareholders whose names appear on the register of members of the Company on 4 June 2018.

12. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE COMPANY

The calculation of basic earnings per share amounts is based on the profit for the year attributable to ordinary equity holders of the Company of approximately HK\$651,494,000 (2016: 516,430,000) and the weighted average number of ordinary shares of 4,180,371,092 (2016: 4,180,371,092) in issue during the year.

The Group had no potentially dilutive ordinary shares in issue during the years ended 31 December 2017 and 2016.

31 December 2017

13. NON-WHOLLY-OWNED SUBSIDIARY WITH MATERIAL NON-CONTROLLING INTERESTS

The following table lists the information related to Rich Returns Limited, the subsidiary of the Group which has material non-controlling interests.

	2017 %	2016 %
Percentage of equity interest held by non-controlling interests	37.47	37.47
	2017 HK\$'000	2016 HK\$'000
Profit for the year allocated to non-controlling interests	93,001	99,433
Accumulated balances of non-controlling interests at the reporting dates	1,254,697	1,091,556

The following tables illustrate the summarised financial information of the above subsidiary. The amounts disclosed are before any inter-company eliminations:

	2017	2016
	HK\$'000	HK\$'000
Revenue	84,600	75,658
Total expenses	(32,146)	(31,573)

Notes:

As at 31 December 2017, the Group holds a parcel of commercial use land located in Qianshan district, Zhuhai, the PRC with a carrying amount of approximately HK\$175,821,000 (2016: HK\$169,178,000), is now under relocation progress. In July 2015, a new relocation policy had changed the responsibility of relocation from the land department to the local district government. The Group supports the local district government on the relocation work.

The Group held a parcel of hotel and commercial use land located in Doumen district, Zhuhai, the PRC ("Doumen Land") with a carrying amount of approximately HK\$111,780,000. The local government had proposed to buy back the Doumen Land from the Group due to a change in town planning and had offered a compensation to the Group of approximately RMB 199,644,000 (equivalent to approximately HK\$238,779,000) (the "Compensation"). The Compensation was determined by the local government by reference to valuation reports performed by property valuers engaged by the local government. Hence, the management of the Company does not agree with the valuation and considers that the basis of calculation and amount of valuation of such reports as unfair and unreasonable. Nevertheless, the land certificate of the Doumen Land was rescinded by the local government prior to reaching a consensus on the compensation.

The management of the Company questions the legality of the local government's actions regarding the change in town planning of the Doumen Land, the local authority's unfair process of rescinding the land certificate and the unreasonable compensation valuation method used by the local government. Hence, the Group is engaged in ongoing legal proceedings against the local government up to the date of approval of these consolidated financial statements.

Although the outcome of the litigation is uncertain and the amount of the compensation has yet to be concluded, the management of the Company are of the view that the amount of the compensation would not be less than the amount of the compensation as proposed by the local government. Hence, it is not expected to cause a material negative impact on the daily operations or trading position of the Group. Accordingly, the Group derecognised the interest in the Doumen Land with a carrying amount of approximately HK\$111,780,000, recorded an amount receivable in respect of the Compensation of approximately RMB 199,644,000 (equivalent to approximately HK\$238,779,000) and recognised a gain of approximately HK\$126,999,000 in profit or loss for the year ended 31 December 2017.

31 December 2017

14. PROPERTY, PLANT AND EQUIPMENT (continued)

Impairment loss

At the end of the reporting period, the Group tests whether the carrying values of properties under development have suffered any impairment in accordance with the accounting policy on impairment of non-financial assets (Note 2.4). The Group assessed the recoverable amounts of a piece of land classified as properties under development and there were no impairment for the years ended 31 December 2017. The estimates of recoverable amounts were based on the assets' fair values less costs of disposal, determined by reference to a valuation performed by Access Partners Consultancy & Appraisals Limited, the independent professional qualified valuer.

15. INVESTMENT PROPERTIES

	Completed HK\$'000	Under development <i>HK\$</i> '000	Total <i>HK\$'000</i>
Carrying amount at 1 January 2016 Additions Net gain from fair value adjustments Exchange realignment	6,991,550 636,164 (269,312)	697,000 74,506 80,494	7,688,550 74,506 716,658 (269,312)
Carrying amount at 31 December 2016 and 1 January 2017 Acquisition of a subsidiary (Note 31) Additions Net gain from fair value adjustments Exchange realignment	7,358,402 55,000 177 67,801 396,350	852,000 132,438 143,562	8,210,402 55,000 132,615 211,363 396,350
Carrying amount at 31 December 2017	7,877,730	1,128,000	9,005,730

The directors of the Company have determined that the investment properties consist of five classes of asset, i.e., car parking spaces, commercial properties, residential properties, industrial properties and investment properties under development, based on the nature, characteristics and risk of each property.

The fair value of the Group's investment properties situated in Hong Kong and the PRC at 31 December 2017 had been arrived at based on a valuation carried out on that date by Access Partners Consultancy & Appraisals Limited, the independent professional qualified valuer not connected to the Group.

The fair value of the Group's completed investment properties were revalued by Access Partners Consultancy & Appraisals Limited on 31 December 2017. The valuation was determined using the direct comparison method by making reference to comparable market observable transactions of similar properties and adjusted to reflect the conditions and locations of the subject properties.

The fair value of the Group's investment properties under development were revalued on 31 December 2017 carried out by Access Partners Consultancy & Appraisals Limited and were determined based on direct comparison method by making reference to comparable market observable transactions for bare land and adjusted to reflect the conditions and locations of subject land. It also takes into account the construction cost already incurred.

The key input was the market price per square feet. The valuation takes into account the characteristics which include the location, size, shape, view, floor level, year of completion and other factors collectively, to arrive at the market price.

There has been no change from the valuation techniques used in prior year.

31 December 2017

15. INVESTMENT PROPERTIES (continued)

Management reviews the valuation performed by the independent valuer for financial reporting purposes on a yearly basis. The review includes verification of all major inputs to the valuation, assessing property valuation movements and discussions with the independent valuer. Management considers that the current use of the investment properties equate the highest and best use.

Certain of the Group's investment properties are leased to third parties under operating leases, further summary details of which are included in Note 34 to the consolidated financial statements.

At 31 December 2017, certain of the Group's investment properties with an aggregate carrying amount of approximately HK\$4,880,940,000 (2016: HK4,631,540,000) were pledged to secure general banking facilities granted to the Group (*Note 25*).

Further particulars of the Group's investment properties are included on page 115 to 120.

Fair value hierarchy

The following table illustrates the fair value measurement hierarchy of the Group's investment properties:

	Fair value measurement as at 31 December using			
	Quoted prices in active markets (Level 1) HK'000	Significant observable inputs (Level 2) HK'000	Significant unobservable inputs (Level 3) <i>HK'000</i>	Total <i>HK'000</i>
Recurring fair value measurement for:				
2017				
Car parking spaces	_	453,400	_	453,400
Commercial properties	_	901,900	_	901,900
Residential properties	_	5,980,880	_	5,980,880
Industrial properties	_	541,550	_	541,550
Investment properties under development		1,128,000		1,128,000
		9,005,730		9,005,730
2016				
Car parking spaces	_	450,040	_	450,040
Commercial properties	_	835,882	_	835,882
Residential properties	_	5,530,930	_	5,530,930
Industrial properties	_	541,550	_	541,550
Investment properties under development		852,000		852,000
		8,210,402		8,210,402

During the year ended 31 December 2017, there was no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 (2016: Nil).

31 December 2017

16. PREPAID LAND LEASE PAYMENTS

		2017 HK\$'000	2016 HK\$'000
	Carrying amount at 1 January Recognised during the year	391 (8)	400 (9)
	Carrying amount at 31 December	383	391
17.	AVAILABLE-FOR-SALE INVESTMENTS		
		2017 HK\$'000	2016 HK\$'000
	Non-current assets Unlisted fund investments, at cost Impairment	11,589 (11,589)	11,589 (11,589)
			_

The investments are measured at cost less impairment because the ranges of reasonable fair value estimates are so significant that the directors are of opinions that their fair value cannot be measured reliably. The Group does not intend to dispose of them in the near future.

18. PROPERTIES HELD FOR SALE

The properties held for sale are stated at the lower of cost and net realisable value. At 31 December 2017, certain of the Group's properties held for sale with an aggregate carrying amount of approximately HK\$197,296,000 (2016: HK\$197,296,000) were pledged to secure general banking facilities granted to the Group (*Note 25*).

31 December 2017

19. TRADE RECEIVABLES

	2017 HK\$'000	2016 HK\$'000
Trade receivables Impairment	15,739 (5,782)	19,507 (5,782)
	9,957	13,725

Trade receivables mainly consist of receivables from property rental business, the tenants are usually required to settle the rental payments on the first day of the rental period, and are required to pay rental deposits with amount ranging from two to three months' rentals in order to secure any default in their rental payments. The Group does not hold any collateral or other credit enhancements over its trade receivables balances. Trade receivables are non-interest-bearing.

An aged analysis of trade receivables as at the end of the reporting period, based on the invoice date and net of provisions, is as follows:

	2017	2016
	HK\$'000	HK\$'000
Within 1 month	1,776	2,404
1 to 2 months	505	1,447
2 to 3 months	220	1,209
Over 3 months	7,456	8,665
	9,957	13,725
The movements in provision for impairment of trade receivab	les are as follows:	
	2017	2016
	HK\$'000	HK\$'000
At 1 January	5,782	5,786
Amount written off as uncollectible		(4)
At 31 December	5,782	5,782

At 31 December 2017, included in the above provision for impairment of trade receivables is a provision for individually impaired trade receivables of approximately HK\$5,782,000 (2016: HK\$5,782,000) with a carrying amount before provision of approximately HK\$5,782,000 (2016: HK\$5,782,000). The individually impaired trade receivables relate to customers that were in default of payments.

31 December 2017

19. TRADE RECEIVABLES (continued)

The aged analysis of the trade receivables that are not individually nor collectively considered to be impaired is as follows:

	2017 HK\$'000	2016 HK\$'000
Neither past due nor impaired	1,776	2,404
Less than 1 month past due	505	1,447
1 to 3 months past due	220	1,209
Over 3 months past due	7,456	8,665
	9,957	13,725

Receivables that were neither past due nor impaired relate to a number of diversified customers for whom there was no recent history of default.

Receivables that were past due but not impaired relate to a number of independent customers. Based on past experience, the directors of the Company are of the opinion that no provision for impairment is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

20. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES

	2017 HK\$'000	2016 HK\$'000
Prepayments Deposits Other receivables (Note)	2,395 5,228 241,437	2,298 2,873 2,909
	249,060	8,080

None of the above assets is either past due or impaired. The financial assets included in the above balances relate to receivables for which there was no recent history of default.

Note:

Included in the Group's other receivables at 31 December 2017 was Compensation receivable of approximately HK\$238,779,000 (2016: Nil) in respect of the resumption of Doumen Land (*Note 14*).

21. EQUITY INVESTMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS

	2017 HK\$'000	2016 HK\$'000
Listed equity investments, at market value	1,481,034	1,249,898

The above equity investments at 31 December 2017 and 2016 were classified as held for trading. At 31 December 2017, the Group's certain listed equity investments with an aggregate carrying amount of approximately HK\$1,480,532,000 (2016: HK\$1,249,220,000) were pledged to secure the Group's short term loans, as further detailed in Note 25 to the consolidated financial statements.

31 December 2017

22. CASH AND CASH EQUIVALENTS AND PLEDGED DEPOSITS

	2017 HK\$'000	2016 HK\$'000
Cash and bank balances Time deposits with original of less than three months	89,982 294,900	99,486 338,153
	384,882	437,639
Less: Pledged deposits	(570)	(353)
Cash and cash equivalents	384,312	437,286

The deposits of approximately HK\$570,000 (2016: HK\$353,000) were pledged as security for banking facilities granted.

At the end of the reporting period, the cash and bank balances and pledged deposits of the Group denominated in Renminbi ("RMB") amounted to approximately HK\$63,572,000 (2016: HK\$61,093,000).

Cash at banks earns interest at floating rates based on daily bank deposits rates. Short term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. The bank balances and pledged deposits are deposited with creditworthy banks with no recent history of default.

23. TRADE PAYABLES

An aged analysis of trade payables at the end of the reporting period, based on the invoice dates, is as follows:

	2017 HK\$'000	2016 HK\$'000
Within 1 month	1,133	2,376
1 to 2 months	25	351
2 to 3 months Over 3 months	87	13 154
	1,245	2,894

The trade payables are non-interest-bearing and are normally settled on 60-day terms.

24. OTHER PAYABLES AND ACCRUALS

Other payables are non-interest-bearing and repayable on demand.

Included in the Group's other payables and accruals at 31 December 2017 was accrued relocation cost of approximately HK\$23,921,000 (2016: deferred consideration payable and accrued relocation cost of approximately HK\$73,246,000) in respect of acquisition of a subsidiary. The deferred consideration payable was settled on 23 January 2017.

31 December 2017

25. INTEREST-BEARING BANK AND OTHER BORROWINGS

		2017			2016	
	Contractual interest rate (%)	Maturity	HK\$'000	Contractual interest rate(%)	Maturity	HK\$'000
Current liabilities Secured bank loans denominated in Hong Kong dollar	HIBOR plus a range of 0.7 to 2	2018-2021 or on demand	1,264,613	HIBOR plus a range of 0.7 to 2	2017-2021 or on demand	1,256,694
Secured short term loans denominated in Euro	0.95	2018	7,370	0.95	2017	4,309

			2,032,117			2,052,054

The scheduled principal repayment dates of the Group with reference to the loan agreements and ignore the effect of any repayment on-demand clause are as follows:

	2017	2016
	HK\$'000	HK\$'000
Analysed into		
Analysed into:		
Bank loans repayable:		
Within one year	933,910	698,734
In the second year	128,802	426,823
In the third to fifth years, inclusive	201,901	131,137
	1,264,613	1,256,694
Other borrowings repayable within one year	767,504	795,360
	2,032,117	2,052,054

31 December 2017

25. INTEREST-BEARING BANK AND OTHER BORROWINGS (continued)

The Group's bank loans are secured by:

- (i) mortgages over the Group's certain investment properties situated in Hong Kong and Mainland China, which had an aggregate carrying value at the end of the reporting period of approximately HK\$4,880,940,000 (2016: HK\$4,631,540,000);
- (ii) mortgages over the Group's certain properties held for sale situated in Hong Kong, which had an aggregate carrying value at the end of the reporting period of approximately HK\$197,296,000 (2016: HK\$197,296,000);
- (iii) personal guarantees given by certain directors of the Company and its subsidiaries; and
- (iv) the Company has guarantee certain of the Group's bank loans up to HK\$1,238,850,000 (2016: HK\$1,243,277,000) as at the end of the reporting period.

At 31 December 2017, the Group's short term loans with investment banks are secured by certain cash deposits and investments with an aggregate carrying value of approximately HK\$1,481,102,000 (2016: HK\$1,249,573,000).

26. AMOUNT DUE TO A DIRECTOR

The amount due to a director is unsecured, interest-free and is not repayable within one year.

31 December 2017

27. DEFERRED TAX LIABILITIES

The movements in deferred tax liabilities during the year are as follows:

	Depreciation allowance in excess of related depreciation HK\$'000	Revaluation of properties <i>HK\$</i> '000	Others HK\$'000	Total <i>HK\$</i> '000
At 1 January 2017	17,381	1,098,269	34,046	1,149,696
Deferred tax charged to the statement of profit or loss and other comprehensive income during the year (Note 10) Exchange realignment At 31 December 2017	3,144 	(7,564) 81,441 1,172,146	34,046	(4,420) 81,441 1,226,717
At 1 January 2016	15,688	973,756	34,046	1,023,490
Deferred tax charged to the statement of profit or loss and other comprehensive income during the year (Note 10) Exchange realignment	1,693	176,016 (51,503)		177,709 (51,503)
At 31 December 2016	17,381	1,098,269	34,046	1,149,696

The Group has tax losses arising in Hong Kong of approximately HK\$239,124,000 (2016: HK\$223,186,000) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time and it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and jurisdiction of the foreign investors. For the Group, the applicable rate is 5% or 10%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008.

At 31 December 2017, there was no significant unrecognised deferred tax liability (2016: Nil) for taxes that would be payable on the unremitted earnings of the Group's subsidiaries.

There are no income tax consequences attaching to the payment of dividends by the Company to its shareholders.

Issued and fully paid: Ordinary shares of HK\$0.01 each	4,180,371,092	4,180,371,092	41,804	41,804

Share options

Details of the Company's share option schemes and the share options issued under the schemes are included in Note 29 to the consolidated financial statements.

29. SHARE OPTION SCHEMES

The Group's share option scheme (the "2013 Scheme") was adopted pursuant to a resolution passed on 30 May 2013 for the primary purpose of providing incentives to eligible participants. As the previous share option scheme adopted on 27 June 2003 (the "2003 Scheme") would expire on 27 June 2013, during the year ended 31 December 2013. The 2003 Scheme was terminated and the 2013 Scheme was adopted by the Company on 30 May 2013. Similar to the 2003 Scheme, the primary purpose of the 2013 Scheme is to provide incentives to eligible participants.

The 2013 Scheme

The Company operates the 2013 Scheme for the purpose of, among others, is to recognize and motivate the contribution of eligible participants to the Group and to provide incentives and help the Company in retaining its existing employees and recruiting additional employees and to provide them with a direct economic interest in attaining the long-term business objectives of the Company. Eligible participants of the 2013 Scheme include any (full-time or part-time) employee, including, without limitation, any executive and non-executive director or proposed executive and non-executive director of the Group, and any adviser, consultant, agent, contractor, client, customer or supplier or any member of the Group. The 2013 Scheme, unless otherwise cancelled or amended, will remain in force for 10 years from 30 May 2013.

The total number of securities available for issue under the 2013 Scheme is 418,037,109, which is equivalent to 10% of the issued share capital of the Company at the date of adoption of the 2013 Scheme. The maximum number of shares issuable under share options to each eligible participant in the 2013 Scheme with in any 12-month period, is limited to 1% of the shares of the Company for the time being in issue. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting.

Share options granted to a director or substantial shareholder of the Company, or to any of their associates, are subject to approval in advance by the independent non-executive directors. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value (based on the price of the Company's shares at the date of the grant) in excess of HK\$5 million, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

31 December 2017

29. SHARE OPTION SCHEMES (continued)

The 2013 Scheme (continued)

The offer of a grant of share options may be accepted within 5 business days from the date of the offer upon payment of a nominal consideration of HK\$1 by the grantee. The exercise period of the share options granted is determinable by the directors, which is not later than 10 years from the date of offer of the share options or the expiry date of the 2013 Scheme, if earlier.

The exercise price of the share options is determined by the board of directors, but may not be less than the higher of (i) the nominal of the shares; (ii) the Hong Kong Stock Exchange closing price of the Company's shares on the date of offer of the share option; and (iii) the average Hong Kong Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of the offer.

Share options do not confer rights on the holders to dividends or to vote in shareholders' meetings.

No share options under the 2013 Scheme have been granted, exercised, lapsed or cancelled since the establishment of the 2013 Scheme

30. RESERVES

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity.

31. ACQUISITION OF A SUBSIDIARY

Assets acquisition

Acquisition of Rich Century Development Limited

On 12 July 2017, the Group completed the acquisition of 100% equity interest of Rich Century Development Limited ("Rich Century") at a consideration of HK\$55,000,000. Rich Century is principally engaged in property investment and holds investment properties located in Hong Kong.

The Group considers the nature of the acquisition as acquisition of assets in substance and the consideration should be attributable to the individual assets acquired and liabilities assumed.

The following table summarises the consideration paid for the acquisition, the assets acquired and liabilities assumed at the acquisition date:

	HK\$'000
Consideration paid and payable as at acquisition date	55,000
Recognised amounts of identified assets acquired and liabilities assumed: Investment properties	55,000
Net assets acquired	55,000
Analysis of net outflow of cash and cash equivalents in respect of acquisition of a subsidiary: Cash consideration paid Less: Cash and cash equivalents acquired	55,000
Net cash outflow	55,000

33. CORPORATE GUARANTEES

At 31 December 2017, the Company has given corporate guarantees in favour of banks for banking facilities granted to its subsidiaries to the extent of approximately HK\$1,238,850,000 (2016: HK\$1,243,277,000), of which approximately HK\$1,154,076,000 (2016: HK\$1,094,105,000) was utilised.

In the opinion of the directors, no material liabilities will arise from the above corporate guarantees which arose in the ordinary course of business of the Group and the fair values of the corporate guarantees granted by the Company are immaterial.

31 December 2017

34. OPERATING LEASE ARRANGEMENTS

(a) As lessor

The Group leases its investment properties and properties held for sale (Notes 15 and 18 to the consolidated financial statements, respectively) under operating lease arrangements, with leases negotiated for terms ranging from one to three years. The terms of these leases generally require the tenants to pay security deposits.

At 31 December 2017, the Group had total future minimum lease receivables under non-cancellable operating leases with its tenants falling due as follows:

	2017 HK\$'000	2016 HK\$'000
Within one year In the second to fifth years, inclusive	125,917 48,575	103,274 44,717
	174,492	147,991

(b) As lessee

The Group leases its office premise under operating lease arrangements. Lease for such property is negotiated for term of one year.

At 31 December 2017, the Group had total future minimum lease payments under non-cancellable operating leases falling due as follows:

	2017 HK\$'000	2016 HK\$'000
Within one year	161	150

2015

35. CAPITAL COMMITMENTS

In addition to the operating lease commitment details in Note 34(b) above, the Group had the following capital commitments at the end of the reporting period:

	HK\$'000	HK\$'000
Contracted, but not provided for investment properties	103,925	243,228
		

36. RELATED PARTY TRANSACTIONS

Compensation of key management personnel of the Group:

	2017 HK\$'000	2016 HK\$'000
Short term employee benefits Post-employment benefits	4,920	4,920
Total compensation paid to key management personnel	4,956	4,956

Further details of directors' and chief executive's emoluments are included in Note 8 to the consolidated financial statements.

31 December 2017

38. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

The fair value of cash and cash equivalents, the pledged deposits, trade receivables, trade payables, financial assets included in prepayments, deposits and other receivables, financial liabilities included in other payables and accruals, other deposits, and interest-bearing bank and other borrowings are not materially different from their carrying amounts because of the immediate or the short term maturities of these instruments.

Some of the Group's financial assets are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation techniques and inputs used.)

Fair value as at				
	2017 HK'000	2016 <i>HK</i> '000	Fair value hierarchy	Valuations Technique(s) and key inputs
Assets Equity investment at fair value through profit or loss	1,481,034	1,249,898	Level 1	Quoted bid prices in an active market

Fair value hierarchy

The following tables illustrate the fair value measurement hierarchy of the Group's financial instruments:

Assets measured at fair value:

	Fair val	Fair value measurement using				
	Quoted price in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total		
	HK\$'000	HK\$'000	HK\$'000	HK\$'000		
As at 31 December 2017 Equity investments at fair value through profit or loss	1,481,034			1,481,034		
As at 31 December 2016 Equity investments at fair value through profit or loss	1,249,898			1,249,898		

The Group did not have any financial liabilities measured at fair value at 31 December 2017 and 2016.

During the year ended 31 December 2017, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 for both financial assets and financial liabilities (2016: Nil).

31 December 2017

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise bank loans, other interest-bearing loans, available-for-sale investments, equity investments at fair value through profit or loss, and cash and short term deposits. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations.

The main risks arising from the Group's financial instruments are interest rate risk, foreign currency risk, credit risk, liquidity risk and equity price risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's interest-bearing bank and other borrowings with floating interest rates.

The Group's policy to manage its interest rate risk is to reduce or maintain its current level of interest-bearing borrowings. As the Group does not expect to significantly increase its level of interest-bearing borrowings, it has not used any interest rate swaps to hedge its exposure to interest rate risk.

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in interest rates, with all other variables held constant, of the Group's profit before tax (through the impact on floating rate borrowings) and the Group's equity.

	Increase/ (decrease) in basis points	Increase/ (decrease) in profit before tax HK\$'000	Increase/ (decrease) in equity* HK\$'000
2017			
Hong Kong dollar Hong Kong dollar	50 (50)	(258) 258	- -
2016			
Hong Kong dollar Hong Kong dollar	50 (50)	(185) 185	- -

^{*} Excluding retained profits

31 December 2017

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Foreign currency risk

The Group's exposure to market risk for change in foreign currency exchange rates relates primarily to certain investments and certain cash and cash equivalents in currencies other than the functional currency of Hong Kong dollar.

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in Renminbi and United States dollar exchange rates, with all other variables held constant, of the Group's profit before tax (due to changes in the fair value of monetary assets and liabilities) and the Group's equity.

	Increase/ (decrease) in foreign currency rate	Increase/ (decrease) in profit before tax HK\$'000	Increase/ (decrease) in equity* HK\$'000
2017			
If Hong Kong dollar weakens against Renminbi If Hong Kong dollar strengthens against	(5)	3,178	-

If Hong Kong dollar weakens against United States dollar If Hong Kong dollar strangthens against	(5)	432	_
If Hong Kong dollar strengthens against United States dollar	5	(432)	_

^{*} Excluding retained profits

31 December 2017

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk

The Group provides services only to recognised and creditworthy third parties. Receivable balances are monitored on an ongoing basis and the Group's exposure to bad debts is not significant.

The credit risk of the Group's other financial assets, which comprise pledged deposits, cash and cash equivalents, available-for-sale investments, equity investments at fair value through profit or loss and other receivables, arises from default of the counterparty, with a maximum exposure equal to the carrying amounts of these instruments.

Concentrations of credit risk are managed by customer/counterparty and by different industry sectors. There are no significant credit risk as the tenants have paid security deposits as collateral to the Group for the lease of properties.

Further quantitative data in respect of the Group's exposure to credit risk arising from trade receivables are disclosed in Note 19 to the consolidated financial statements.

Liquidity risk

In the management of its liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of interest-bearing bank and other borrowings and ensures compliance with relevant covenants.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities based on the agreed repayment terms. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

	On		2017		
	demand and less than 3 months HK\$'000	3 to less than 12 months HK\$'000	1 to 5 years HK\$'000	Over 5 years HK\$'000	Total <i>HK\$</i> '000
Interest-bearing bank and other					
borrowings	2,066,828	_	_	_	2,066,828
Trade payables	1,245	_	_	_	1,245
Other payables and accruals	83,017	_	_	_	83,017
Deposits received	62,529	_	_	_	62,529
Amount due to a director			15,416		15,416
	2,213,619	_	15,416	_	2,229,035

31 December 2017

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Liquidity risk (continued)

	0.5		2016		
	On demand and less than 3 months <i>HK\$</i> '000	3 to less than 12 months HK\$'000	1 to 5 years <i>HK\$</i> '000	Over 5 years HK\$'000	Total <i>HK\$'000</i>
Interest-bearing bank and					
other borrowings	2,089,033	_	_	_	2,089,033
Trade payables	2,894	_	_	_	2,894
Other payables and accruals	115,544	_	_	_	115,544
Deposits received	56,417	_	_	_	56,417
Amount due to a director			1,772		1,772
	2,263,888		1,772		2,265,660

Each of the loan agreements contain a repayment on-demand clause giving the bank the unconditional right to call the loan at any time and therefore, for the purpose of the above maturity profile, the total amount is classified as "on demand".

Notwithstanding the above clauses, the directors do not believe that the loans will be called, in their entirely or in part, within 12 months and they consider that the loans will be repaid in accordance with the maturity dates as set out in the loan agreements. This evaluation was made considering the financial position of the Group at the date of approval of these financial statements, the Group's compliance with the loan covenants, the lack of events of default, and the fact that the Group has made all previously scheduled repayments on time. In accordance with the terms of the loans of the Group, the contractual undiscounted payment of interest-bearing bank loans and other borrowings at the end of the reporting period will be as follows:

			2017		
	Less than 3 months <i>HK\$</i> ?000	3 to less than 12 months HK\$'000	1 to 5 years HK\$'000	Over 5 years HK\$'000	Total <i>HK\$'000</i>
Interest-bearing bank and other borrowings	1,277,759	445,399	343,670		2,066,828
		2 /	2016		
	Less than 3 months <i>HK\$</i> '000	3 to less than 12 months HK\$'000	1 to 5 years <i>HK\$</i> '000	Over 5 years HK\$'000	Total <i>HK\$'000</i>
Interest-bearing bank and other borrowings	1,243,343	271,191	574,499		2,089,033

31 December 2017

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Equity price risk

Equity price risk is the risk that the fair values of equity securities decrease as a result of changes in the levels of equity indices and the value of individual securities. The Group is exposed to equity price risk arising from listed equity securities classified as equity investments at fair value through profit or loss at 31 December 2017. The Group's listed investments are listed on the Hong Kong Stock Exchange and are valued at quoted market prices at the end of the reporting period.

The market equity indices for the following stock exchange, at the close of business of the nearest trading day in the year to the end of the reporting period, and their respective highest and lowest points during the year were as follows:

	31 December 2017	High/low 2017	31 December 2016	High/low 2016
Hong Kong – Hang Seng Index	29,919	30,004/ 22,135	22,001	24,100/ 18,320

The following table demonstrates the sensitivity to every 10% change in the fair values of the listed equity investments, with all other variables held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period.

	Carrying amount of equity investments <i>HK\$</i> '000	Increase/ (decrease) in profit before tax HK\$'000	Increase/ (decrease) in equity* HK\$'000

^{*} Excluding retained profits

31 December 2017

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Capital management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2017 and 31 December 2016.

The Group monitors capital using a debt-to-equity ratio, which is interest-bearing bank and other borrowings divided by the shareholders' equity. The debt-to-equity ratios at the end of the reporting periods were as follows:

	2017 HK\$'000	2016 HK\$'000
Interest-bearing bank and other borrowings	2,032,117	2,052,054
Equity attributable to owners of the Company	6,479,129	5,673,195
Debt-to-equity ratio	31.36%	36.17%

40. TRANSACTION WITH NON-CONTROLLING INTERESTS

Acquisition of additional interests in a subsidiary

On 16 February 2016, the Group acquired a further 30% of equity interests of Kiuson Development Limited, an indirect non-wholly-owned subsidiary of the Group, for a purchase consideration of HK\$152,000,000. The Group recongised a decrease on non-controlling interests of approximately HK\$224,555,000 and an increase in equity attributable to owners of the Company of approximately HK\$72,555,000. The effect of changes during the year is summarized as follows:

	2016 HK\$'000
Carrying amount of non-controlling interests acquired Consideration paid to non-controlling interests	224,555 (152,000)
Differences recognised in equity	72,555

31 December 2017

41. STATEMENT OF FINANCIAL POSITION OF THE COMPANY

Information about the statement of financial position of the Company at the end of the reporting period is as follows:

	2017 HK\$'000	2016 HK\$'000
NON-CURRENT ASSETS Investments in subsidiaries	656,622	656,622

Lau Chi Yung, Kenneth Chairman Lau Michael Kei Chi Vice-Chairman

31 December 2017

41. STATEMENT OF FINANCIAL POSITION OF THE COMPANY (continued)

Note:

A summary of the Company's reserves is as follows:

Share premium account <i>HK\$</i> '000	Contributed surplus <i>HK\$</i> '000	Retained profits HK\$'000	Total <i>HK\$'000</i>
39,116	802,254	279,978	1,121,348
_	_	(29,263)	(29,263)
_	_	31,363	31,363
		(25,082)	(25,082)
39,116	802,254	256,996	1,098,366
_	_	(31,353)	(31,353)
_	_	45	45
		(25,082)	(25,082)
39,116	802,254	200,606	1,041,976
	premium account HK\$'000 39,116	premium account HK\$'000 Contributed surplus HK\$'000 Solution Solut	premium account HK\$'000 Contributed surplus HK\$'000 Retained profits HK\$'000 39,116 802,254 279,978 - - (29,263) - - (25,082) 39,116 802,254 256,996 - - (31,353) - - 45 - - (25,082)

The contributed surplus of the Company originally arose as a result of the Group reorganisation in preparation for the public listing of the Company's shares and warrants on the Hong Kong Stock Exchange in 1998 and represents the excess of the fair value of the shares of the subsidiaries acquired over the nominal value of the shares of the Company issued in exchange therefor. Under the Companies Act of Bermuda, the contributed surplus may be distributed to the Company's shareholders under certain circumstances.

42. COMPARATIVE AMOUNTS

Certain comparative amounts have been reclassified to conform with the current year's presentation.

43. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 28 March 2018.

CHAPTER 1 INTRODUCTION

The Company is pleased to present its annual Environmental, Social and Governance Report ("ESG Report") to demonstrate its commitment to sustainable development. This ESG Report has been prepared in accordance with the Environmental, Social and Governance Reporting Guide of Hong Kong Stock Exchange.

The reporting period of this ESG Report is from 1 January 2017 to 31 December 2017. Unless otherwise specified, the reporting boundary of this ESG Report is the same as this Annual Report.

SCOPE OF REPORTING

Head office and the managed properties of the Company were chosen for inclusion in this ESG Report because of their significant contributions to the Company:

Property Name	Property Type	
Multifield Plaza Multifield Centre Units 22-28, 25/F., Tower A, Southmark Multi-storey Lorry Park, Southmark	Business Business Business Car park	

A detailed ESG content index is included at the back of this report to help increase transparency and understanding. Additional ESG performance information, including financial data and corporate governance information, can be found in the Annual Report.

CHAPTER 2 OVERVIEW OF ESG PERFORMANCE

The following programmes have been arranged for 2017 to match with the direction for social responsibility set by the Group.

Subject Areas	Aspects	Policy/Legal compliance	Programmes highlights
Environment	Emissions	✓	Implement environmental measures to reduce, reuse and recycle
	Use of Resources	✓	Implementation of energy saving measures
	The Environment and Natural Resources	✓	Minimise paper consumption
Social – Employment and Labour Practices	Employment	✓	Provide medical insurance and employee trainings
Practices	Health and Safety	✓	Commitment to creating a safe working environment
	Development and Training	✓	Committed to achieving zero working accidents
	Labour Standards	✓	Act in accordance with Hong Kong Employment Ordinance and PRC regulations
Social – Operating Practices	Supply Chain Management	✓	Review contractor performance to reduce waste and avoid using hazardous material
	Product Responsibility	✓	Ensure the hand-over quality of properties to customers measures up to the Company's pre-set high level of standard
	Anti-corruption	✓	All employees follow anti-corruption policies
Social – Community	Community Investment	✓	Set up waste recycling facilities

CHAPTER 3 ENVIRONMENT

3.1 EMISSIONS CONTROL MANAGEMENT

The Group is committed to the following emission control measures relating to air, greenhouse gas emissions, water and land discharges, and generation of hazardous and non-hazardous waste:

- Promote and implement environmental management including greenhouse gas emission, water and land discharges, and generation of hazardous and non-hazardous waste management to reduce environmental impact;
- Comply with the relevant environmental legislation and requirements;
- Provide sufficient resources for the implementation of pollution abatement, waste management and natural environmental mitigation.

For air emission control, the Group has adopted a business travelling policy to reduce the use of company vehicles in favor of public transportation in order to minimise the air emission from vehicles. Conference calls instead of face-to-face meetings are also arranged where possible.

Total Greenhouse Gas Emissions

Emission	Scope 1	Scope 2	Scope 3	Total
Carbon dioxide equivalent (tonnes)	9.65	1,084.72	6.38	1,100.75

Note: Scope 1 includes mobile combustion emission; scope 2 includes energy indirect emissions; scope 3 includes electricity used for fresh water and sewage processing. Insignificant emission amounts are neglected in calculations.

As for hazardous wastes, all properties follow the Waste Disposal Ordinance and related Regulations to identify and classify hazardous waste, establish designated storage areas and appoint responsible property and technical staff to manage. For waste reduction initiatives, the Group minimises the use of plastic products and recycles used materials in company activities.

We hope these measures can help ease the pressure on landfill space and bring benefits to the environment.

Total Waste Produced

Waste	Hazardous waste	Non-hazardous waste
Tonnes	0	0

Note: hazardous waste is defined as chemical waste (Cap. 354C. of the Laws of Hong Kong), clinical waste (Cap. 354, Cap. 354O of the Laws of Hong Kong, and various pieces of additional legislation) and hazardous chemicals (Cap. 595 of the Laws of Hong Kong)

As at 31 December 2017, the Group was in compliance with all local rules and regulations relating to air, greenhouse gas emissions, water and land discharges, and generation of hazardous and non-hazardous waste.

3.2 EFFECTIVE USE OF RESOURCES

The Group's resources usage strategy focuses on reducing paper usage by using computer filing in place of printed formal copies filing. For material saving, we promote sustainable use of resources in order to reduce waste. For instance, head office and properties are encouraged to purchase recyclable goods.

In energy saving strategy, the Group is committed to continual improvement in energy performance; complies with all applicable legal requirements; staff is reminded to switch off lights, air-conditioning, printers and computers at workstations when they are not in use. The room temperature is maintained at 25 degrees Celsius in summer to save energy. Energy efficient office equipment is always preferred in making purchase decisions. As a result, we have made progress in being energy efficient.

Total Energy Consumption

Electricity (kWh in '000s)	Renewable Energy (kWh in '000s)	Total (kWh in '000s)
1,948.99	0	1,948.99

In accordance with suggestions by the Water Supplies Department, we take various water saving measures to ensure water is utilised efficiently. These measures include installation of flow controllers in water taps. As a result, we have maximised our water utilisation efficiency.

Total Water Consumption

Total (m³)

10,777

3.3 THE ENVIRONMENT AND NATURAL RESOURCES

The Group's business operations aim to align with environmental best practices. The Group is careful to minimise major impacts on the environment and natural resources by implementing green practices. We have identified paper consumption in the Group's offices as a significant impact on the environment and natural resources. As a result, staff are encouraged to reduce paper consumption and wastage by double-sided printing, reusing papers and recycling paper materials. Furthermore, the Group is also committed to being responsible in its energy consumption and supports the purchase of energy efficient products and equipment such as LED lights that helps reduce energy use.

CHAPTER 4 PEOPLE

4.1 RESPECT FOR LABOUR RIGHTS

The Group strives to maintain a harmonious workplace where employees are free from any form of discrimination. We respect diversity and fairness in recruitment and promotion of our employees, regardless of race, social class, age, nationality, religion, disability, gender or sexual orientation.

The Group strives to maintain a positive work-life balance to employees that provides reasonable working hours and rest periods. We organise regular entertainment activities to reduce the stress on employees.

The Group does not condone forced labour. All employees may resign upon reasonable notice. The Group prohibits child labour, forced labour and illegal workers in any workplace and has comprehensive steps to review the employment practices and eliminate undesired practices if discovered.

All matters related to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination and other benefits and welfare are structured to comply with legislation within the Employment Ordinance (Cap. 57), Employees' Compensation Ordinance (Cap. 282), Personal Data (Privacy) Ordinance (Cap. 486), Sex Discrimination Ordinance (Cap. 480) and Disability Discrimination Ordinance (Cap. 487) in Hong Kong, or related local labour legislations.

4.2 SAFETY AND HEALTH

The Group is committed to maintaining a high standard of health and safety and acts in compliance with occupational safety and health legislation, (such as Occupational Safety And Health Ordinance by the Labour Department). The Group requires that all levels of management and supervisors actively participates in and adopts ways to create a safe working environment and protect employees from occupational hazards. Our workplace has been provided with first aid boxes for emergency preparedness.

The Group values the health and well-being of our staff. In order to provide employees with health coverage, staff are entitled to benefits including medical insurance, provident funds and other competitive fringe benefits. We also regularly arrange tours and team development activities for staff to strengthen the employees' sense of affinity to the Group.

4.3 EDUCATION, TRAINING AND CAREER DEVELOPMENT

Training and competence of staff are crucial to the continuous growth of the business of the Group. Through comprehensive staff development, we broaden the professional knowledge, skills and qualifications of our staff, with the aim of creating a solid foundation for the Group's sustainable development in business.

We are committed to providing opportunities to our employees to acquire job-related training and development, mainly through on-the-job training, seminars, workshops, site visits and formal training programmes. On top of on-the-job training, staff are encouraged to take external professional training to strengthen their work-related expertise.

CHAPTER 5 OPERATING PRACTICES

5.1 QUALITY AND COMPLIANCE MANAGEMENT

As a company which mainly engage in property leasing and management activities, the Group aims to deliver to our tenants good properties and services:

- When the property is handed over, a contact list will be provided to the tenant. For any enquiry about tenancy matters or repair requests, the leasing managers will be the key contact point, and will then gather the necessary information from the respective departments and give a reply to the tenant. Means of communication include email, fax and phone.
- The handover quality are based on the Company's pre-set high level of standards.

All of our properties have implemented four key steps in quality and compliance control flow:

- During the lease negotiation stage, and before the lease offer is sent out, the Real Estate Department has understanding on the condition of the flat, work agenda to be agreed and the expected handover condition.
- The Real Estate Department also works out the scope of work based on the offered terms and the existing condition of the flat.
- For repairs and maintenances work for our tenants, we will send representatives to check the status of work from time to time and take photographs for record to ensure quality of work.
- After work completion and before handover, the Real Estate Department will check on the flat's condition to ensure all the agreed work items have been completed to the company's satisfaction.

We highly value feedback or complaints from our stakeholders to continuously improve our business. Also, a comprehensive complaint handling procedure has been established to resolve complaints in a timely and effective manner.

Complaints usually relates to repair and maintenance. Upon receipt of a tenant's complaint, the following procedures will be carried out:

- Conduct inspection by our in-house technicians to assess the problem and determine whether the work can be fixed in-house or need to be outsourced.
- For urgent cases, representatives from the Real Estate Department will visit the site on the day or the day following the complaint to decide upon the scale and scope of rectification works.
- Temporary measures to prevent the situation from deteriorating will be carried out, if possible.
- To obtain a quotation for management approval and to have works carried out at a date/time mutually agreed between the landlord and the tenant.

For customer privacy protection, individual record sheets are provided for visitors to fill in their particulars. The data will only be used for record purposes and prevention of crime. The data collected will be destroyed within one (1) month to ensure data protection. The Property Manager on-site is responsible for monitoring the implementation of such measure.

As at 31 December 2017, the Group was in compliance with all local rules and regulations relating to health and safety, advertising, labelling and privacy matters relating to works and services provided and methods of redress.

5.2 SUPPLY CHAIN MANAGEMENT

Contractors and suppliers are our important business partners; therefore, active engagement with them is important to the effectiveness of every operation and managing environmental and social risks of the supply chain.

For any given project, we select contractors and suppliers based on a number of environmental and social risk factors, including a performance review in waste reduction and material usage each time when job is completed by suppliers. We also inform our contractors and suppliers about all rules during work. For example, noisy work is not allowed on public holidays. For protection of the environment and customer health and safety, we prohibit the use of hazardous materials and request contractors and suppliers to adopt the materials that fulfil international environmental standards and follow waste handling guidelines. We also instruct our contractors and suppliers to provide information related to environmental protection, together with quotations and contracts.

Besides giving work suggestions and methods to contractors during project execution, we engage contractors and suppliers through various channels such as face-to-face meetings, site visits, phone conferences, email, etc. We believe we maintain good relationships with our contractors and suppliers. We consider such long-standing relationships with contractors enable us to have a comprehensive assessment of the contractors over the years, ensuring the quality of works in the long run.

5.3 MORAL INTEGRITY AND ANTI-CORRUPTION

The Company upholds high standards on promoting anti-corruption, with all its employees and directors are required to maintain a high level of business ethics. The Audit Committee has the overall responsibility for matters related to the internal controls of anti-corruption.

Whistle-blowing procedures apply to all parties including internal as well as external informers. Any complaints or possible breach of the Corporate Governance Code under Appendix 14 of the Listing Rules can be made either verbally or by confidentially writing to the Audit Committee; all issues will be treated promptly and fairly. In cases of suspected corruption or other criminal offences, a report may be made to the appropriate authority.

As at 31 December 2017, the Group was in compliance with all local rules and regulations relating to bribery, extortion, fraud and money laundering. There were no concluded legal cases regarding corrupt practices brought against the Group or its employees.

CHAPTER 6 COMMUNITY INVESTMENT

6.1 COMMUNITY PARTICIPATION

The Company is aware of the importance of interacting with the wider community in fulfilling corporate social responsibility. In this regard, the Company would explore the possibility to identify suitable partners and support community and environmental programmes that align with the Company's missions and values.

The Company believes the best way to serve the community is to drive positive impact through our investment portfolio. To create shared values with the community and stakeholders, the Company will continue to consider ESG factors in selecting future investment projects.

APPENDIX 1 HKSE ESG REPORTING GUIDE CONTENT INDEX TABLE

HKSE ESG Reporting Guide	Description	Chapter	Remark
A. Environmental			
Aspect A1: Emissions			
General Disclosure	Information on:	3.1 Emissions Contro Management	I
	(a) the policies; and	wanagement	
	(b) compliance with relevant laws and regulations that have a significant impact on the issuer relating to air and greenhouse gas emissions, discharges into water and land, and generation of hazardous and non-hazardous waste.		
KPI A1.1	The types of emissions and respective emissions data.	3.1 Emissions Contro Management	I
KPI A1.2	Greenhouse gas emissions in total (in tonnes) and, where appropriate, intensity (e.g. per unit of production volume, per facility).	3.1 Emissions Contro Management	I
KPI A1.3	Total hazardous waste produced (in tonnes) and, where appropriate, intensity (e.g. per unit of production volume, per facility).	3.1 Emissions Contro Management	I

HKSE ESG Reporting Guide	Description	Cha	pter	Remark
KPI A1.4	Total non-hazardous waste produced (in tonnes) and, where appropriate, intensity (e.g. per unit of production volume, per facility).	3.1	Emissions Control Management	
KPI A1.5	Description of measures to mitigate emissions and results achieved.	3.1	Emissions Control Management	
KPI A1.6	Description of how hazardous and non-hazardous wastes are handled, reduction initiatives and results achieved.	3.1	Emissions Control Management	
Aspect A2: Use of Resor	urces			
General Disclosure	Policies on the efficient use of resources, including energy, water and other raw materials.	3.2	Effective Use of Resources	
KPI A2.1	Direct and/or indirect energy consumption by type (e.g. electricity, gas or oil) in total (kWh in '000s) and intensity (e.g. per unit of production volume, per facility).	3.2	Effective Use of Resources	
KPI A2.2	Water consumption in total and intensity (e.g. per unit of production volume, per facility).	3.2	Effective Use of Resources	

HKSE ESG Reporting Guide	Description	Cha	pter	Remark
KPI A2.3	Description of energy use efficiency initiatives and results achieved.	3.2	Effective Use of Resources	
KPI A2.4	Description of whether there is any issue in sourcing water that is fit for purpose, water efficiency initiatives and results achieved.	3.2	Effective Use of Resources	
KPI A2.5	Total packaging material used for finished products (in tonnes) and, if applicable, with reference to per unit produced.			Packaging material is not identified as a material aspect in business of the Company. Such disclosure is omitted.
Aspect A3: The Environ	nment and Natural Resources			
General Disclosure	Policies on minimising the issuer's significant impact on the environment and natural resources.	3.3	The Environment and Natural Resources	i
KPI A3.1	Description of the significant impact of activities on the environment and natural resources and the actions taken to manage them.	3.3	The Environment and Natural Resources	i
