Biographical Information of Directors and Senior Management

EXECUTIVE DIRECTOR

Mr. Lu Wing Yee, Wayne, aged 44, was appointed as an Executive Director of the Company on 12 December 2008. He joined the Group in July 2001, and prior to his appointment as Executive Director has acted as a Group Manager of the Group in charge of day-to-day operation of the Group. He has extensive experience in the field of accounting, auditing, financial management and operations control. Mr. Lu has a master degree in business administration, a bachelor degree of science in business administration and a diploma in risk management. He is also a member of The American Institute of Certified Public Accountants. Mr. Lu has previously worked for audit firm, securities and brokerage firm and listed property company. Mr. Lu is a director and shareholder of Kian Nan Financial Limited, which is a substantial shareholder of the Company as defined in Part XV of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) ("SFO"). He is the son of Mr. Lu Sin, the late Chairman of the Company.

NON-EXECUTIVE DIRECTOR

Mr. Lee Ka Sze, Carmelo, JP, aged 58, has been a Director of the Company since 2000. Mr. Lee acted as an Independent Non-executive Director from 1 July 2000 to 28 September 2004 and has been re-designated as a Non-executive Director since 28 September 2004. Mr. Lee is a partner of Woo Kwan Lee & Lo. He received his Bachelor of Laws degree and the Postgraduate Certificate in Laws from The University of Hong Kong. Mr. Lee is also a Non-executive Director of several listed public companies in Hong Kong, namely CSPC Pharmaceutical Group Limited, Termbray Industries International (Holdings) Limited, Yugang International Limited and Hopewell Holdings Limited. Mr. Lee is also an Independent Non-executive Director of several listed public companies in Hong Kong, namely KWG Property Holding Limited, China Pacific Insurance (Group) Co., Ltd. and Esprit Holdings Limited. Mr. Lee was a non-executive director of Y.T. Realty Group Limited and an independent non-executive director of Ping An Insurance (Group) Company of China, Ltd, public companies listed on the Stock Exchange, from September 2004 to February 2016 and from June 2009 to June 2015 respectively. Mr. Lee was appointed as a convenor and member of the Financial Reporting Review Panel of the Financial Reporting Council of Hong Kong in July 2016. He served as the chairman of the Listing Committee of the Stock Exchange from 2012 to 2015 after serving as deputy chairman and member of the Listing Committee of the Stock Exchange from 2009 to 2012 and from 2000 to 2003 respectively. He also served as a member of the Disciplinary Panels of the Hong Kong Institute of Certified Public Accountants from 2009 until 1 February 2017.

INDEPENDENT NON-EXECUTIVE DIRECTORS

Mr. Gan Khai Choon, aged 72, has been an Independent Non-executive Director of the Company since 1990. He is also the Chairman of HL Global Enterprises Limited (a company listed in Singapore), Director of China Yuchai International Limited (a company listed in New York) and Managing Director of Hong Leong International (Hong Kong) Limited. Mr. Gan has extensive experience in finance, property development, hotel management and international trading.

Mr. Lam Ming Leung, aged 66, has been an Independent Non-executive Director of the Company since 1 January 2004. Mr. Lam was a director and general manager of The National Commercial Bank Limited, Hong Kong Branch.

Mr. Leung Man Chiu, Lawrence, aged 70, has been an Independent Non-executive Director of the Company since 16 June 2006. He is also an Independent Non-executive Director of Pak Fah Yeow International Limited and PFC Device Inc., both listed on The Stock Exchange of Hong Kong Limited. Mr. Leung has been a Non-executive Director of World Super Holdings Limited since 26 April 2017. Mr. Leung is a fellow member of the Association of Chartered Certified Accountants and the Hong Kong Institute of Certified Public Accountants. He graduated in 1969 from the Hong Kong Technical College (now the Hong Kong Polytechnic University) with a diploma in accountancy and qualified himself as a certified public accountant in 1972. Mr. Leung is a practising certified public accountant and has been in public practice for over 40 years. He has extensive experience in accounting and auditing and had served in listing and auditing projects for a number of Hong Kong public listed companies. He is now practicing as a partner in Tang and Fok.

ASSISTANT GENERAL MANAGER

Mr. Huang Huei Ru, aged 69, joined the Group since 1976. Mr. Huang was the Chivas Godown Supervisor from 1991 to 2016.

Mr. Ng Gei, aged 70, joined the Group in 1973. Mr. Ng was appointed as an Assistant Manager in 1995. He was appointed as the Assistant to the late Chairman, Mr. Lu Sin from 1992 to 2015.

Notes:

1. Core earnings per share is calculated based on profit for the year attributable to shareholders after adjusting the effect on unrealised fair value changes in investment properties and gain/(loss) on disposal of property, plant and equipment.
2. The dividend payout ratio is calculated based on the total dividend distribution including the interim dividend paid and final dividend and special dividend proposed for the year and the profit for the year attributable to shareholders after adjusting the effect on unrealised fair value changes in investment properties.
3. Gearing ratio is calculated at the ratio of total interest bearing loans to total assets of the Group at balance sheet date. As there were no borrowings during the past 5 years, the gearing ratio for the 5 years were therefore equal to zero.
4. Based on closing price as at 31 March for each year.

Executive Director's Statement

I am pleased to present the annual results of the Company and its subsidiaries (the "Group") for the year ended 31 March 2018.

DIVIDENDS

The board of directors recommended the payment of a final dividend of HK28 cents per share, amounting to HK$37,800,000 for the year ended 31 March 2018, to shareholders whose names appear on the register of members of the Company on 28 August 2018 subject to the approval of shareholders at the forthcoming annual general meeting. The proposed final dividend will be despatched to shareholders on 12 September 2018. Together with the interim dividend of HK28 cents per share already paid, the total distribution for the year will be HK56 cents per share. Total distribution for the previous year was HK$1.3 per share.

BUSINESS INTRODUCTION

The Group was founded by the late Chairman Mr. Lu Sin, with the mission of contributing to the society and serving the business community. The Group is a Chinese company established in Hong Kong with a long history of nearly 60 years.

Over the past 60 years, the Group made strenuous efforts to expand its business footprint and has developed into a diversified public enterprise group focusing on godown operations, logistics, property leasing and financial investments. Safety Godown, which is located at 132-140 Kwok Shui Road, Kwai Chung, New Territories has 12 storeys with a total gross floor area of approximately 400,000 sq.ft. and a ceiling height ranging from 13ft to 24ft. The warehouse is designed with designated docks enabling the simultaneous loading and unloading of cargoes from a number of 40ft container trucks, and is equipped with heavy-duty racks and hydraulic elevators to provide convenience for loading and unloading of cargoes. A full range of modern facilities including mechanical ventilation, fire services, security and information system have been installed. Serviced by experienced, well-trained, and customer-oriented staff, the Group provides rapid, safe and efficient warehousing and logistics services.

The warehouse is strategically situated at a prime place that is close to the Kwai Chung Container Terminal, connects with the trunk expressway linking Mainland China and is just several-minute ride away from the Hong Kong International Airport, offering an ideal option of cargo storage for the customers.

The intense industry competition confronted by our godown business, coupled with the gradual shrinkage in the traditional warehousing business and weakened demands for paper, plastics and other traditional industrial products around the world have led to the decrease in the volume of cargo storage. Thanks to the support from our long-time clients and with our persistently superior service quality, the warehouse rental income recorded only a decrease of 30% despite the negative impacts from external economic factors, which is considered as maintaining a steady performance.

In light of the growing trend towards intelligent and automatic operation in the warehousing and logistics industries, the Group intends to develop our single warehousing business into a logistics enterprise that provides one-stop services covering cargo warehousing, sorting and distribution, so as to cater to various customer needs. In response to market development, investments will be made to upgrade software and hardware facilities and the quality management system (ISO9001:2015 international standard) will be implemented, in an effort to provide better services. Instead of traditional industrial products, the godown operation will focus on providing warehousing services for local consumer products, including retailers and wholesalers, with an aim to improve profitability. The ground floor, the mezzanine floor and the whole Level 5 of the godown premise have been let to the well-known firms bringing steady rental income for the Group.

As one of our major properties, Lu Plaza, located in CBD2 of Hong Kong, 2 Wing Yip Street, Kwun Tong, East Kowloon, is a premium commercial complex comprising 21 storeys with a total gross floor area of 430,000 sq. ft. The ground floor and Level 3 are areas for retail stores, business center and restaurants, Levels 1 and 2 are used as car parking spaces, while Levels 4 to 20 are for premium office space, with a lease area of 1,155 sq.ft. to area for the whole floor of 23,318 sq.ft., offering a green and comfortable operation and working environment for the tenants. Boasting with Victoria Harbour view, Lu Plaza is close to the huge Kai Tak Development Area which comprises commercial and residential property, hotel and tourism projects as well as the operating Kai Tak Cruise Terminal and promenade. With the development of CBD2, Grade A commercial buildings nearby are gradually completed, it attracted a great number of multi-national enterprises, banks, restaurants, shopping malls, creating immense market potential.

Executive Director's Statement

The revitalization scheme of Lu Plaza which has been completed last year gives the complex a brand new look. The Group has made every efforts to attract suitable tenants. Currently, three restaurants, Hopa House and LOL Bistrol at the lobby on the ground floor and Fu Weng Seafood Restaurant on Level 3, are open for business, providing a wide variety of delicious Chinese and Western food including seafood, buffet and refreshments. Efforts are stepped up to attract tenants for the C and D shops at the lobby on the ground floor of Lu Plaza, with an aim to constitute a portfolio of diversified tenants. The business center on Level 3 with an area of over 10,000 sq. ft. comprises a fitness center that offers a complete range of exercise equipment, employee training center and etc., which is expected to be put into operation as soon as possible.

Lu Plaza has frequent bus services to and from Lam Tin MTR Station, while Kwun Tong MTR Station is within walking distance. The Plaza is close to Kwun Tong Bypass, bus station, Kwun Tong Ferry Pier and Eastern Harbour Crossing, providing convenient transportation options.

After completion of the revitalization works, Lu Plaza is able to generate greater economic and social benefits. With the entry of local and international trading companies, the occupancy rate is currently reaching 90%. Under the intense competition environment in East Kowloon and leveraging on its advantages, we are confident about the future development of the Group's leasing business.

BUSINESS REVIEW

During the period under review, the profit attributable to owners of the company for the period under review was HK$471,213,000. And the core earnings based on profit for the year attributable to shareholders after adjusting the effect on unrealised fair value changes in investment properties and the loss on disposal of property, plant and equipment was HK$59,067,000, being HK$23,183,000 less than that of previous year (2017: HK$82,250,000). The reasons were mainly due to drop in income from godown business and the effect of profits tax provision on disposal of the property located at Hoi Bun Road.

Godown operations: Last year, our godown operations were confronted with great challenges. Due to the fact that paper, plastics, textiles and other traditional industrial products accounting for a significant portion of the Group's storage goods categories, and being affected by the shrinkage in the traditional industry together with decreased demand for traditional industrial products from the Mainland and other countries, the storage volume decreased from an average of approximately 26,000 cubic meters last year to 18,000 cubic meters at the end of the year, and the warehousing income decreased by approximately 30% from HK$31,816,000 to HK$22,195,000.

Leasing: The revitalization works in Lu Plaza have been completed. As of 31 March 2018, the average occupancy rate increased from approximately 80% last year to nearly 90% at the end of the year with rental income up by approximately 10%. Despite an increase in occupancy rate, the overall profits from the leasing business only slightly increased by 1% due to the higher management expenditure and commission, increase in renovation work, maintenance fees and depreciation charges, coupled with the unsatisfactory leasing performance of other properties.

Investment income: Given that the stock market experienced significant fluctuations during this year, just like taking a roller-coaster ride going up and down, the overall investment profit decreased by 17% to HK$23,534,000 as compared to last year.

OUTLOOK

In light of decreased demand for traditional industrial products, and in order to enhance economic benefits and explore new businesses, the Group's logistics segment intends to implement the ISO9001:2015 International Standard on a pilot basis in the coming year, with an aim to provide better services to meet market needs. Meanwhile, investments will be made to upgrade computer software and hardware for the godown and logistics operations, in the hope of attracting local consumers, retailers, wholesalers and other customers to mitigate the effect from decrease in business from traditional industrial products.

Executive Director's Statement

The leasing performance of Lu Plaza is expected to improve. Despite the expectation of sluggish growth in unit rent due to the excess supply in the property market of Kowloon East, the rental income will record mild increase as a result of higher occupancy rate. One more level on Safety Godown No. 4 warehouse at Kwai Chung was leased to a tenant in April 2018, generating additional rentals of HK$4,000,000. On the whole, the Group will record increase in rental income.

Given the significant fluctuations in the stock market and the launch of another round of interest rate hikes, the financial market is plagued by a number of uncertainties. As of the end of this year, the Group had liquid assets of approximately HK$1,162,573,000, of which approximately HK$778,354,000 was in part placed as time deposits denominated in Hong Kong dollar and United States dollar and others were used as investments in stock markets in the United States and Hong Kong and the real estate investment trust, in the hope to bring in more non-recurring income.

Lu Wing Yee, Wayne
Executive Director

Hong Kong, 28 June 2018

Management Discussion and Analysis

Financial overview

For the Group's financial results for the year under review, it remained in line with that of last year in respect of revenue, while recorded a decrease in core earnings as compared with last year. Profit attributable to shareholders for the year ended 31 March 2018 increased by 75% to HK$471,213,000 (2017: HK$269,630,000), and the core earnings amounted to HK$59,067,000 (2017: HK$82,250,000) excluding the gain on investment property revaluation of HK$412,146,000 (2017: HK$187,389,000). Total revenue remained at HK$123,515,000 (2017: HK$122,404,000).

The core earnings decreased by HK$23,183,000 as compared to last year, which is mainly due to a drop in income from godown business and the effect of profits tax provision on disposal of the property at Hoi Bun Road.

During the year under review, the Company paid dividends and special dividend in the total amount of HK$172,800,000 (2017: HK$580,500,000). The consolidated shareholders fund as at 31 March 2018 amounted to HK$4,573,546,000 (31 March 2017: HK$4,197,041,000), with the net asset value per share of the Company valued at HK$33.88 (31 March 2017: HK$31.09). Earning per share for the year was registered at HK$3.49 (2017: HK$2.00).

Godown operations

As stated in the Executive Director's Statement, there is a decrease in business from godown operation for the reason that traditional warehousing has been languishing and its demand kept shrinking. During the year, our revenue generated from godown operation dropped by 30% to HK$22,195,000 (2017: HK$31,816,000) and segment profit decreased by 29% to HK$10,754,000 (2017: HK$15,079,000).

Net contribution margin in godown operation remained at 48% (2017: 47%), the average storage occupancy rate of the godown dropped from 73% to 62%, while the average storage rentals slightly decreased by 1% to around HK$73 (2017: HK$74) per cubic meter.

The objective of the business is to provide shareholders a stable stream of fund and make good use of the Group's properties.

Competition in public godown market is keen. We compete with other godown service providers mainly in New Territories in terms of rental charge, quality of service and efficiency. We compete with other godown companies in attracting customers. Such competition could have an adverse effect on our ability to lease storage space and on the amount of godown income that we receive.

Methodology of calculating Key Performance Data:

- Definition and calculation: Average occupancy rate, being percentage of godown space occupied by goods. Average storage price per cubic meter (CBM), being average storage price charged to customer per CBM of goods received.
- Source of underlying data: Internal company data
- Assumption: Maximum capacity of Safety Godown is 35,500 CBM
- Purpose: Occupancy rate and average storage price per CBM are key drivers for performance
- No changes have been made to the source of data or calculation methods used compared to 2017

Management Discussion and Analysis

Property investment

Lu Plaza's revitalization works have been completed with its occupancy rate increasing by 10% during the year. The property also has numerous and diversified tenants, including manufacturing, trading, logistics, information technology and engineering companies as well as catering enterprises such as restaurants, which have greatly enhanced its competitiveness of leasing.

Total rental income generated from property investment amounted to HK$85,257,000 (2017: HK$79,988,000), a rise of 7% comparing to last year. Segment profit delivered from property investment amounted to HK$58,761,000 (2017: HK$58,019,000), representing a gentle increase of 1% for the corresponding period last year, which was mainly due to the increase in property management expenses, rental commissions, maintenance fees and depreciation.

During the year, the Group disposed of the office property on the 8th floor and 8 car parks at One Harbour Square, No. 181 Hoi Bun Road, Kwun Tong at the consideration of around HK$190,000,000. The fair value of the Group's investment properties as at 31 March 2018 amounted to HK$3,398,200,000 (31 March 2017: HK$3,081,000,000) with an unrealised fair value gain of HK$412,146,000 (2017: HK$187,389,000) which has been recognised in profit or loss this year.

The average occupancy rate of the Group's major investment properties rose slightly from 81% in 2017 to 82% in current year. The average monthly rental income per square feet remained at HK$16.

To that end, our business goals are to obtain the highest possible rental income and occupancy at our properties in order to maximize our cash flows, net operating income, funds from operations, funds available for distribution to shareholders and other operating measures and results, and ultimately to maximize the values of our properties.

Competition in the office leasing market is intense. Our competitors are commercial real estate landlords particularly those with properties near our properties. Such intense competition includes factors like location and rent. This competition could have a material adverse effect on our ability to lease space and on the amount of rent that we receive.

Methodology of calculating Key Performance Data:

- Definition and calculation: Average occupancy rate, being percentage of floor area occupied by tenant. Average monthly rental income per square feet (sq.ft.), being average rental income charged to tenant per sq.ft. of floor area leased.
- Source of underlying data: Internal company data
- Purpose: Occupancy rate and average monthly rental income per sq.ft. are key drivers for performance
- No changes have been made to the source of data or calculation methods used compared to 2017

Treasury investment

Our treasury investment business includes investing surplus cash from operations in listed securities, bonds and mutual funds in Hong Kong and overseas stock markets, local and foreign currencies bank deposits, and other financial products. We have invested in a balanced portfolio of listed stocks in Hong Kong included high dividend yield stocks and growth stocks. Foreign currency bank deposits mainly include Australian Dollar and United States Dollar. We also invest in bonds to receive interest income, mutual funds, and real estate investment trusts, etc. The objectives of our investment are to strike a balance between risk and return and maximize return to shareholders.

During the year, the Hong Kong stock market has experienced a significant increase. The Hang Seng Index rose from 24,261 points at the beginning of the year to the highest at 33,484 points in January. Although it fell back to 30,093 points at the end of the year, an increase of 5,832 points was recorded for the year, representing an increase of 24%.

Revenue from treasury investment grew 52% to HK$16,063,000 (2017: HK$10,600,000) for the year, which was mainly attributable to the increase of dividend and interest income. Meanwhile, segment profit dropped by 17% to HK$23,534,000 (2017: HK$28,451,000), mainly due to the absence of gain on one-off disposal of all its available-for-sale investments which were held for long term purposes in last year of HK$19,782,000. Portfolio in securities investments held for trading, however, increased. As at 31 March 2018, the securities investments held for trading valued at HK$384,219,000 (31 March 2017: HK$313,621,000), increased by 23%.

Fair value gain on investments held for trading amounted to HK$12,063,000 (2017: HK$46,962,000). The investments held for trading mainly comprise securities listed in Hong Kong stock market and overseas stock markets, mutual funds, bonds and real estate investment trust, etc. Fair value gain on derivative financial instruments was HK$110,000 (2017: loss of HK$39,384,000). The derivative financial instruments include Hang Sang Index Futures, Hang Sang Index Options and US dollars Participatory Notes. Income generated from treasury investment included interest income and dividend income. During the year, interest income, mainly from bank deposits and bonds, increased by 48% to HK$4,990,000 (2017: HK$3,367,000), while dividend income rose by 53% to HK$11,073,000 (2017: HK$7,233,000).

Since the Group converted most of its deposits into United States dollar deposits last year, it only recorded foreign exchange gain of HK$289,000 (2017: loss of HK$6,220,000). As United States dollar is pegged to the Hong Kong dollar, the Group's exposure to foreign exchange risk as at 31 March 2018 is not significant.

OPERATING COSTS

Major components of operating costs of the Group are staff costs, repairs and maintenance, depreciation and other administrative costs including brokage, building management fee, repairs and maintenance cost and brokers fees for securities transactions. Given that the leaseback arrangement of 8/F of Chivas Godown after disposal of the property has expired in December 2016, no rental expenses were incurred during the year, resulting in a decrease in other costs of 12% to HK$26,123,000 (2017: HK$29,776,000). The staff costs for the year was HK$12,821,000 (2017: HK$12,705,000), remaining generally stable. Depreciation for the year amounted to HK$9,409,000 (2017: HK$7,156,000), representing an increase of 31%, which was mainly due to the upgrading of lifts and the addition of equipment and computer hardware and software for the Safety Godown in Kwai Chung to enhance operational efficiency. In addition, some improvements and equipment were also required on the G/F and 3/F of Lu Plaza for the smooth opening of the business of the tenants.

LIQUIDITY AND FINANCIAL RESOURCES

The Group continued to adopt a prudent financial management policy and maintained a strong cash position. Total cash and bank balances as at 31 March 2018 amounted to HK$778,354,000 (31 March 2017: HK$792,478,000). Most of the bank deposits were denominated in Hong Kong or United States dollars. The strong cash position offers protection against tough times and it also gives the Group more options for future investments. The Group has sufficient financial resources to finance its operations.

The Group financed its operation mainly by its strong cash flows generated from operation. Recurring net cash flow from operating activities before movement in working capital amounted to HK$94,680,000 (2017: HK$75,211,000), increased by 26%. As at 31 March 2018, net current assets amounted to HK$1,151,088,000 (2017: HK$1,064,010,000) with a liquidity ratio (ratio of current assets to current liabilities) of 28.8 times (31 March 2017: 18.8 times).

The Group did not have any kind of loan or borrowings throughout the year, the gearing ratio was zero. Notwithstanding the continuous payment of generous dividends to shareholders over the past years, the net asset value of the Group continues to maintain at high level. As at 31 March 2018, the Group had net asset value of HK$4,573,546,000 (31 March 2017: HK$4,197,041,000)

COMPLIANCE WITH REGULATIONS

All the immovable assets and principal activities of the Group are located and carried out in Hong Kong. Compliance procedures are in place to ensure adherence to applicable laws, rules and regulations in particular, those that have significant impact on the godown operations and property investment industry. Any changes in the applicable laws, rules and regulations affecting godown operations and property investment are brought to the attention of relevant employees and relevant operation teams from time to time. The Group is also committed to safeguarding the security of personal data. When collecting and processing such data, the Group complies with the Personal Data (Privacy) Ordinance and the guidelines issued by the Office of the Privacy Commissioner for Personal Data.

RELATION WITH EMPLOYEE, CUSTOMERS AND SUPPLIERS

The Group considers its employees the key to sustainable business growth and is committed to provide all employees a safe and harassment free work environment with equality opportunities in relation to employment, reward management, training and career development. Workplace safety is on top priority of the Group. This is of paramount importance that health and safety measures are followed by employees in performing their duties to reduce work injuries. The Group has in place a fair and effective performance appraisal system and incentive bonus schemes designed to motivate and reward employees at all levels to deliver their best performance and achieve business performance targets. For continuous development, the Group offers job related trainings and provides sponsorship/subsidies to employees who are committed to personal development and learning.

As at 31 March 2018, the Group employed 35 (31 March 2017: 37) employees. Total staff cost was maintained at HK$12,821,000 (2017: HK$12,705,000). The remuneration policies are reviewed periodically on the basis of the nature of job, market trend, company performance and individual performance. The Group does not have any share option scheme for employees.

Customers relationship is the fundamentals of business. The Group fully understands this principle and thus maintain close relationship with customers to fulfil their immediate and long-term need. For our customer of godown operation business, we deliver high quality logistics service and meet our customers' need. For our property investment business, we engaged high quality property management company to manage our major investment properties. Tenant's need and feedback are communicated through the property manager from time to time to improve the management service so that tenants' satisfaction could be maintained.

Management Discussion and Analysis

Due to the nature of the business, the Group does not have any major supplier that has significant influence on the operations. However, the Group strives to maintain fair and co-operating relationship with the suppliers. The selection of major suppliers or contractors is conducted through tendering process in the Group's business. The management of the Group regularly reviews the procurement and tendering procedures to ensure that the processes are conducted in an open and fair manner.

PRINCIPAL RISK AND UNCERTAINTY

In general, all of the Group's immovable assets are located in, and a majority of the Group's revenue is derived from Hong Kong. As a result, the general state of Hong Kong and the property market, the interest rate changes and the political and legal situation in Hong Kong may have a significant impact on the Group's operating results and financial condition. Specific key risks of the Group's business are discussed as below. It is a non-exhaustive list and there may be other risks and uncertainties further to the key risk areas outlined below.

Godown operations

Economic conditions around the world, especially those in Mainland China, Europe and Asia Pacific, could have effect on the international trade which in turn could have a significant impact on the godown business. We are primarily engaged in providing godown services to manufacturers, retailers, newspapers and publisher companies and other customers to serve their needs along their supply chains. We are therefore dependent on our customers' business performance and developments in their markets and industries.

Property investment

Financial performance may be materially and adversely affected in the event of a decline in rental or occupancy rate, or difficulties in securing lease renewals or obtaining new tenants. The Group cannot be assured that existing tenants will renew their leases upon expiration or that the Group will be able to find replacement at rental rates equal to or above the current rental rates for tenancies.

Treasury investment

For the treasury investment business, the fluctuation in market value of the portfolio of listed securities could significantly affect the profitability of the Group. According to the Hong Kong Financial Reporting Standard, the gain/loss on the listed securities should be booked as fair value gain/loss on investment held for trading in the Statement of Profit and Loss and Other Comprehensive Income, no matter whether the securities are disposed or not. Therefore the fluctuation in stock price could have positive or negative effect on the Group's profitability. The Directors will closely monitor the stock market and make change to the investment portfolio in order to maximize the shareholders return.

The Group is exposed to financial risks related to interest rate, foreign currency, equity price, liquidity and credit risks in the normal course of the business. For further details of such risks and relevant management policies, please refer to Note 29 to the consolidated financial statements from pages 75 to 78.

GROUP'S ABILITY TO FUND CURRENT AND FUTURE OPERATIONS

The Group currently funds its operational wholly by internal bank balance and cash from operations and has no bank borrowing. The management anticipated that no bank borrowing is required to maintain the current and future operations of the Group. The Group has a credit policy to the customers and debt recovery policy and applied consistently for years. Thus the bad debt risk is regarded as low.

Management Discussion and Analysis

DIVIDEND POLICY

It is the Group's intention to provide shareholders with relatively consistent dividend income over the long term. In the past 10 years, the Group had provided shareholders with relatively generous dividend payments. The management will try to maintain the dividend payment at a satisfactory level based on the business environment and the performance of the Group.

For the details of the dividend paid and proposed for the year, please refer to the Dividends section under Executive Directors' Statement on pages 5 to 7.

PLEDGE OF ASSETS

As at 31 March 2018, the Group did not pledge any of its assets.

CONTINGENT LIABILITIES

As at 31 March 2018, the Group did not have any significant contingent liabilities.

CLOSURE OF MEMBERS REGISTER

To ascertain the shareholders' entitlement to attend and vote at the annual general meeting, the Register of Members will be closed from Tuesday, 14 August 2018 to Friday, 17 August 2018, both days inclusive, during which period no transfer of shares can be registered. In order to be eligible to attend and vote at the annual general meeting, all transfers of shares, accompanied by the relevant share certificates, must be lodged with the Company's Share Registrars, Tricor Standard Limited, at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong, for registration not later than 4:00 p.m. on Monday, 13 August 2018.

To ascertain the shareholders' entitlement to the proposed final dividend, the Register of Members will be closed from Friday, 24 August 2018 to Tuesday, 28 August 2018, both days inclusive, during which period no transfer of shares can be registered. In order to qualify for the final dividend, all transfers of shares, accompanied by the relevant share certificates, must be lodged with the Company's Share Registrars, Tricor Standard Limited, at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong, for registration not later than 4:00 p.m. on Thursday, 23 August 2018.

Corporate Governance Report

CORPORATE GOVERNANCE PRACTICES

The Board of Directors ("the Board") is committed to achieving and maintaining high standards of corporate governance practices for the purpose of providing a framework and solid foundation for its business operation and development. Effective corporate governance provides integrity, transparency, accountability which contributes to the corporate success and enhancement of shareholder value.

The Company has complied with all the code provisions set out in the Corporate Governance Code ("CG Code") contained in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") throughout the year ended 31 March 2018 except for the following deviations from code provisions A.2.1 to A.2.9, A.4.1, D.1.4, E.1.2 and F.1.3.

CG Code Provisions A.2.1 to A.2.9 stipulate that (i) the roles of chairman of the board and chief executive officer should be separate and should not be performed by the same individual, (ii) the division of responsibilities between the chairman of the board and the chief executive officer shall be clearly established and (iii) the responsibilities should be performed by the Chairman.

The late Mr. Lu Sin assumed the roles of both the Chairman and the Chief Executive Officer of the Company. Following the death of Mr. Lu Sin on 5 April 2015, the position of the Chairman and the Chief Executive Officer of the Company have been vacant and have not been filled up as at the date of this report.

The Board has kept review of its current structure from time to time. If any candidate with suitable skills and experiences is identified within or outside the Group, the Company will make necessary appointment to fill these positions in due course. Currently, the Board collectively performs the responsibilities of the Chairman while with the assistance of the senior management, executive director continues to monitor the business and operation of the Group.

CG Code Provision A.4.1 stipulates that Non-executive directors should be appointed for a specific term. However, all Non-executive Directors of the Company are appointed with no specific term. In fact, all the Directors (including Non-executive Directors) of the Company are subject to retirement by rotation once every three years and are subject to re-election in accordance with the Company's Articles of Association (the "Articles"). The Board considers that such requirements are sufficient to meet the underlying objectives of the relevant code provisions.

CG Code Provision D.1.4 stipulates that issuers should have formal letters of appointment for directors setting out the key terms and conditions of their appointment. But, the Company did not have formal letters of appointment for directors. However, the Directors shall be subject to retirement by rotation and being eligible for re-election pursuant to the Articles. Moreover, the Directors are required to comply with the requirements under statute and common law, the Listing Rules, the Companies Ordinance, legal and other regulatory requirements, if applicable.

CG Code Provision E.1.2 stipulates that the chairman of the Board should attend the annual general meeting. Since the death of Mr. Lu Sin (the late Chairman), the position of the Chairman of the Board has been vacant, Mr. Lu Wing Yee, Wayne, the Executive Director, has been elected and acted as chairman of the annual general meeting of the Company held on 18 August 2017 in accordance with the Articles.

CG Code Provision F.1.3 stipulates that the company secretary should report to the chairman of the board and/or the chief executive. As the position of the Chairman of the Board and the Chief Executive Officer have been vacant, the Company Secretary reported to the Executive Director of the Company.

The Board will continuously review and improve the corporate governance practices and standards of the Company to ensure that business activities and decision making processes are regulated in a proper and prudent manner.

COMPLIANCE WITH THE MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 of the Listing Rules as the Company's code of conduct governing dealing by all directors in the securities of the Company. All the Directors have confirmed in writing that they had complied with the required standard as set out in the Model Code throughout the year ended 31 March 2018.

Corporate Governance Report

BOARD OF DIRECTORS

The Board is currently composed of one Executive Director, one Non-executive Director and three Independent Non-executive Directors. Over half of the Board members are Independent Non-executive Directors which enables the Board to exercise independent judgement effectively. An updated list of Directors of the Company and their respective roles and functions have been maintained on the websites of the Company and Hong Kong Exchanges and Clearing Limited. The composition of the Board during the year is shown below.

There is no financial, business, family and other material relationship among members of the Board. Biographies of the Directors are set out on page 3 under the subject Biographical Information of Directors and Senior Management.

The Company held an annual general meeting and five board meetings during the year. Details of Directors' attendance records are as follows:

	Attendance/Number of meetings held during the year	
Members	**Board Meetings**	**Annual General Meeting**
Executive Director		
Mr. Lu Wing Yee, Wayne	5/5	1/1
Non-executive Director		
Mr. Lee Ka Sze, Carmelo	5/5	0/1
Independent Non-executive Directors		
Mr. Gan Khai Choon	5/5	0/1
Mr. Lam Ming Leung	5/5	0/1
Mr. Leung Man Chiu, Lawrence	5/5	1/1

Board members are supplied with agenda and comprehensive Board papers in respect of regular Board meetings at least three days before the intended date of meeting. Board minutes are sent to all Directors within a reasonable time after each Board meeting for their comment and records.

Responsibilities over day-to-day operations are delegated to the management under the leadership of the Executive Director. The Board meets regularly to review the overall strategy and to monitor the operation as well as the financial performance of the Group.

There is a clear division of responsibilities between the Board and the management. The Board is responsible for providing high-level guidance and effective oversight of management while day-to-day management of the Group is delegated to the management team of each respective subsidiary. Generally speaking, the Board is responsible for:

– formulating the Group's long term strategy and monitoring the implementation thereof;
– approval of interim and year end dividends;
– reviewing and approving the annual and interim reports;
– ensuring good corporate governance and compliance;
– monitoring the performance of the management;
– reviewing and approving any material acquisition and assets disposal; and
– overseeing the management in the design, implementation and monitoring of the risk management and internal control systems on an ongoing basis.

Each of the Independent Non-executive Directors has made an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Board has assessed their independence and concluded that all the Independent Non-executive Directors are independent in accordance with the Listing Rules.

The Board has a balance of skills and experience and diversity of perspective appropriate to the requirements of the Group's business. All Directors have full access to accurate, relevant and timely information of the Group through management and are able to obtain independent professional advices on issues whenever deemed necessary by the Directors.

DIRECTORS' TRAINING AND PROFESSIONAL DEVELOPMENT

Directors are provided with timely updates on changes in laws and compliance issues relevant to the Group. The Company also encourages its Directors to enroll in relevant professional development courses to continually update and further improve their relevant knowledge and skills.

The Company has provided funding to encourage the Directors to participate in professional development courses and seminars to develop and refresh their knowledge and skills. During the year ended 31 March 2018, regulatory updates and relevant materials on amendment of Listing Rules were sent to the Directors for their awareness of the latest development on statutory requirements.

The training received by each Director during the year ended 31 March 2018 is summarized as below:

Name of Directors	Reading materials regarding regulatory update and corporate governance matters
Executive Director	
Mr. Lu Wing Yee, Wayne	√
Non-executive Director	
Mr. Lee Ka Sze, Carmelo	√
Independent Non-executive Directors	
Mr. Gan Khai Choon	√
Mr. Lam Ming Leung	√
Mr. Leung Man Chiu, Lawrence	√

CHAIRMAN AND CHIEF EXECUTIVE

CG Code Provisions A.2.1 to A.2.9 stipulate that (i) the roles of chairman of the board and chief executive officer should be separate and should not be performed by the same individual, (ii) the division of responsibilities between the chairman of the board and the chief executive officer should be clearly established, and (iii) the responsibilities should be performed by the Chairman.

The late Mr. Lu Sin, the founder of the Group, assumed the roles of both the Chairman and Chief Executive Officer of the Company. Following the death of Mr. Lu Sin, the position of the Chairman and the Chief Executive Officer of the Company have not been filled up as at the date of this report. Until the appointment of a new Chairman, the Board collectively focus on the overall strategic planning and development of the Group and effective functioning of the Board. At the same time until the appointment of a new Chief Executive Officer, the Executive Director with the assistant of the senior management, will continue to oversee the day-to-day management of the business and operations of the Group.

NON-EXECUTIVE DIRECTORS

There are currently four Non-executive Directors, three of them are independent. All the Non-executive Directors of the Company are subject to retirement by rotation at least once every three years. They have brought independent judgement and provided the Group with invaluable guidance and advice on the Group's development.

BOARD COMMITTEES

The Board has established two committees, the Remuneration and Nomination Committee and the Audit Committee, each of which has its specific written terms of reference.

BOARD COMMITTEES (Continued)

Remuneration and Nomination Committee

The Remuneration and Nomination Committee was established in April 2004. A majority of the members are Independent Non-executive Directors. The Committee is currently comprised of four members including one Non-executive Director and three Independent Non-executive Directors. The Committee is chaired by Mr. Lam Ming Leung. The other members are Mr. Lee Ka Sze, Carmelo, Mr. Leung Man Chiu, Lawrence and Mr. Gan Khai Choon.

The Remuneration and Nomination Committee is responsible for making recommendations to the Board on issues including new appointment and re-appointment of Directors and senior management; review management succession planning for senior management of the Company; formulate, review and make recommendation to the Board on the remuneration policy and packages of all Directors and senior management; and review and approve compensation packages, roles and responsibilities and performance assessment of employees of the Group.

New Directors are sought mainly through referrals and internal promotions. In evaluating whether an appointee is suitable to act as a director, the Board will review the independence, experience and skills of the appointee as well as personal ethics, integrity and time commitment of the appointee. The emoluments of Directors are based on the skill, knowledge and involvement in the Company's affairs of each Director and are determined by reference to the Company's performance and profitability.

During the year, two meetings were held and the attendance records of individual members at Remuneration and Nomination Committee meetings are as follows:

Members	Number of meetings attended/held
Mr. Lam Ming Leung (Chairman of the Committee)	2/2
Mr. Lee Ka Sze, Carmelo	2/2
Mr. Leung Man Chiu, Lawrence	2/2
Mr. Gan Khai Choon	2/2

The work done by the Remuneration and Nomination Committee during the year includes the following:–

(a) making recommendation to the Board on the re-appointment of Directors;

(b) assessing the independence of the Independent Non-executive Directors;

(c) reviewing and approving the annual salary and bonus for staff of the Group;

(d) reviewing and approving the remuneration to the Executive Director and senior management; and

(e) making recommendation to the Board on the remuneration for Non-executive Directors.

The Remuneration and Nomination Committee is provided with sufficient resources, including the advice of professional firms if necessary, to discharge its duties.

The remuneration of the members of the senior management (including Executive Director) by band for the year ended 31 March 2018 is set out below:

Remuneration bands (HK$)	Number of person(s)
0 to 1,000,000	3

From October 2011, the Executive Director has voluntarily agreed to suspension of payment of salaries. Further particulars regarding the Directors' remuneration and the five highest paid employees as required to be disclosed pursuant to Appendix 16 to the Listing Rules are set out in note 7 to the consolidated financial statements.

BOARD COMMITTEES (Continued)

Board Diversity Policy

The Company has formulated the board diversity policy aiming at setting out the approach on diversity of the Board of the Company.

The Board recognizes the importance of having a diverse Board in enhancing the Board effectiveness and corporate governance. A diverse Board will include and make good use of differences in the skills, industry knowledge and experience, education, background and other qualities, etc. of Directors and does not discriminate on the ground of race, age, gender or religious belief. These differences will be taken into account in determining the optimum composition of the Board and when possible should be balanced appropriately.

The Remuneration and Nomination Committee has responsibility for identifying and nominating for approval by the Board, candidates for appointment to the Board. It takes responsibility in assessing the appropriate mix of experience, expertise, skills and diversity required on the Board and assessing the extent to which the required skills are represented on the Board and reviewing effectiveness of the Board.

The Remuneration and Nomination Committee is also responsible for reviewing and reporting to the Board in relation to Board diversity.

Board appointments will be based on merit and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board.

The Board considers that Board diversity is a vital asset to the business.

At present, the Remuneration and Nomination Committee has not set any measurable objectives to implement the board diversity policy. However, it will consider and review the board diversity policy and setting of any measurable objectives from time to time.

Audit Committee

The Audit Committee comprises of three Independent Non-executive Directors and one Non-executive Director. The Committee is chaired by Mr. Gan Khai Choon. The other members are Mr. Lam Ming Leung, Mr. Leung Man Chiu, Lawrence and Mr. Lee Ka Sze, Carmelo. Both Mr. Gan and Mr. Leung possessed appropriate professional qualifications or accounting or related financial management expertise as required by the Listing Rules.

The Company has complied with Rule 3.21 of the Listing Rules which requires that the Audit Committee has a minimum of three non-executive directors, must be chaired by an independent non-executive director, at least one of the Audit Committee member is an independent non-executive director who possesses appropriate professional qualifications or accounting or related financial management expertise, and a majority of the Audit Committee members are independent non-executive directors.

Throughout the year under review, the Audit Committee discharged the duties and responsibilities under its terms of reference and the CG Code. The terms of reference of the Audit Committee was revised and approved by the Board on 21 June 2017 to align with the relevant amendments to the CG Code to include the risk management function of Audit Committee. The terms of reference of the Audit Committee are available on the website of the Company and the Stock Exchange.

Under its terms of reference, the Audit Committee is required to oversee the relationship between the Company and its external auditors, review the Group’s preliminary interim and annual results, and interim and annual financial statements, monitor the corporate governance of the Group including compliance with statutory and Listing Rules requirements, review the scope, extent and effectiveness of the Group’s financial reporting system, risk management and internal control systems, engage independent legal and other advisers as it determines to be necessary.

BOARD COMMITTEES (Continued)

Audit Committee (Continued)

During the year, two meetings were held and the attendance records are as follows:

Members	Number of meetings attended/held
Mr. Gan Khai Choon (Chairman of the Committee)	2/2
Mr. Lee Ka Sze, Carmelo	2/2
Mr. Lam Ming Leung	2/2
Mr. Leung Man Chiu, Lawrence	2/2

The Audit Committee assists the Board in meeting its responsibilities for maintaining an effective risk management and internal control systems. It receives and considers the presentations of the Management in relation to the reviews on the effectiveness of the Group's risk management and internal control systems, review the completeness, accuracy and fairness of the Company's financial statements, to review the interim and final financial statements before their submission to the Board and the annual general meeting for approval, and to make recommendation on the appointment of external auditor and approve the remuneration and terms of engagement of external auditor. The Audit Committee is provided with sufficient resources, including independent access to and advice from external auditors.

All matters raised by the Audit Committee have been addressed by the Management. The work and findings of the Audit Committee have been reported to the Board. During the year, no issues brought to the attention of the Management and the Board were of sufficient importance to require disclosure in the Annual Report.

CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing the functions as set out in the code provision D.3.1 of the CG Code. During the year, the Board had reviewed the Company's corporate governance policies and practices, training and continuous professional development of Directors and senior management, the Company's policies and practices on compliance with legal and regulatory requirements, the compliance of the Model Code and Written Employee Guidelines, and the Company's compliance with the CG Code and disclosure in this Corporate Governance Report.

CONSTITUTIONAL DOCUMENT

The constitutional documents of the Company can be found on the websites of the Company and Hong Kong Exchanges and Clearing Limited.

During the year, there is no change in the Company's constitutional documents.

AUDITOR'S REMUNERATION

The Board agrees with the Audit Committee's proposal for the re-appointment of Deloitte Touche Tohmatsu ("Deloitte") as the Group's external auditor for 2019. The recommendation will be presented for the approval of shareholders at the Annual General Meeting to be held on 17 August 2018.

During the year, fees paid/payable to Deloitte for providing audit services and non-audit services are as follows:

Nature of services	**2018**	2017
	HK$	*HK$*
Review fee for interim results	**141,000**	141,000
Audit fee for final results	**925,000**	935,000
Taxation consultancy services fee	**142,800**	132,000
Consultancy service for Environmental, Social and Governance Reporting	**100,000**	100,000
Total audit and non-audit services	**1,308,800**	1,308,000

ACCOUNTABILITY

The Board is accountable for the proper stewardship of the Group's affairs, and the Directors acknowledge their responsibility for preparing the financial statements of the Company in accordance with generally accepted accounting standards in Hong Kong, the requirements of the Listing Rules and applicable laws as well as the integrity of the financial information so reported. Such responsibility is extended to cover not only the annual and interim reports but also announcements and other financial disclosures of the Company required under the Listing Rules.

The financial statements are prepared on a going concern basis. The Directors confirm that, to the best of their knowledge, they are not aware of material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

The external auditor has a primary responsibility for auditing and reporting on the financial statements and the Report of the Independent Auditor to the shareholders is set out on pages 37 to 40 of this Annual Report. The management of each business within the Group provides the Directors with such information and explanations necessary to enable them to make an informed assessment of the financial and other information put before the Board for approval.

RISK MANAGEMENT AND INTERNAL CONTROLS

Group Risk Management

The Board has overall responsibilities for maintaining a sound and effective risk management and internal control systems of the Group. The Audit Committee assisted the Board to fulfill its responsibility. The Board recognizes that risk taking is unavoidable as part of the Group's business. By appropriate risk management and continuous risk monitoring, risk taking can bring value to the Company. The Board believes that risks are acceptable after prudent assessment of their impact and likelihood. The Company can protect its assets and shareholders' interests and create value simultaneously through appropriate risks management and control measures. The system includes a defined management structure with limits of authority, safeguards its assets against unauthorised use or disposition, ensures the maintenance of proper accounting records for the provision of reliable financial information for internal use or for publication, and ensures compliance with relevant laws and regulations. The system is designed to provide reasonable, but not absolute, assurance against material misstatement or loss, and to manage the risks of failure in the Group's operational systems and in the achievement of the Group's objectives.

Risk assessment approach and Risk identification

The Board has the oversight responsibility for evaluating and determining the nature and extent of the risks facing the Group and reviewing and monitoring the Group's approach to addressing these risks at least annually. In addition, the Board oversees management in the design, implementation and monitoring of the risk management and internal control systems.

A risk management program was carried out during the year to ensure all material risks to which the Company exposed are properly identified, assessed, managed, monitored and reported to the Audit Committee and the Board. Risks identification is based on questionnaire with senior management from different departments. Risks are preliminary identified by senior management from the risk universe which is a collection of risks built on environmental analysis and external benchmarking that can impact the Group at the entity or specific business process level. The risk universe covers both internal and external risks in four major areas, namely strategic risks, operational risks, financial risks and legal and compliance risks. Key risk factors are then identified by integrating the results of the questionnaire.

Risk evaluation and Risk prioritization

Risk evaluation is the second step to assess the relative impact and likelihood of the identified key risk factors. These identified key risk factors are further assessed by a scale rating process by the senior management to evaluate their impact and likelihood. The scale rating process is further supported by face-to-face or phone interview with the senior management to assess the rationales of these identified key risk factors behind.

Risk prioritization is a mapping exercise. A risk map is used to prioritize the identified key risk factors according to their impact and likelihood.

RISK MANAGEMENT AND INTERNAL CONTROLS (Continued)

Risk reporting, managing and monitoring

Risk reporting and risk monitoring are essential and integral parts of risk management. A risk assessment report was submitted to the Audit Committee and the Board. The risk assessment report was compiled to cover: (i) the top risks of the Group; and (ii) associated action plans and controls designed to mitigate the top risks, where applicable, at appropriate levels. The management will perform the ongoing assessment to update the entity-level risk factors and report to the Board on a regular basis.

Handling and dissemination of inside information

The handling and dissemination of inside information of the Group is strictly controlled and remains confidential including but not limited by the following ways:

1. Restrict access to inside information to a limited number of employees on a need-to-know basis;

2. Reminder to employees who are in possession of inside information shall be fully conversant with their obligations to preserve confidentiality;

3. Ensure appropriate confidentiality agreements are in place when the Group enters into significant negotiations or dealings with third party; and

4. Inside information is handled and communicated by designated persons to outside third party.

Internal Audit Function

The professional firm is also appointed as the Group outsourced internal audit function (the "IA Function") and assists the Board in conducting a review of certain key parts of the internal control system of the Group. Based on the Company's risk assessment results, the IA Function recommended a three-year internal audit plan to the management and endorsed by the Board and Audit Committee. The scope of the internal audit review carried out during the year includes: a) Scoping and planning audit locations as agreed with the Audit Committee and the Board; b) Review of the design of internal control structure by identifying the key controls in place and determining significant gaps within the design of the controls; c) Testing of the key controls; and d) Reporting to and making recommendations to the Audit Committee on the major design weakness in order to enhance the internal control of operation procedures, systems and controls.

During the year, the internal audit function has carried out review of the following process of the Group:

1. Financial reporting and disclosure management;

2. Cash management;

3. Warehouse management;

4. Property management; and

5. Corporate governance and compliance management (according to Appendix 14 of Listing Rules).

The report and recommendations have been submitted to the Audit Committee and the Board and follow-up action has been taken based on recommendations, which will be monitored by the Board.

Management's confirmation on risk management

Based on the risk management mechanism and internal audit review activities mentioned in the aforesaid paragraphs, the management made a confirmation to the Board that the Company had maintained an effective risk management mechanism and internal control system during the financial year ended 31 March 2018.

COMMUNICATION WITH SHAREHOLDERS

In addition to sending annual reports, interim reports, circulars and notices to the shareholders, the Company also makes these materials, which contain extensive information about the Group's activities, timely available for access by shareholders at both the Stock Exchange's and the Company's own websites.

The Company encourages the shareholders to attend annual general meetings and all its other shareholders' meetings to discuss progress and matters. Directors are available at these meetings to answer shareholders' questions. In accordance with Rule 13.39(4) of the Listing Rules, all the resolutions to be proposed at the 2018 Annual General Meeting will be decided on poll. The Company's share registrars will act as the scrutineer for the vote-taking, the voting results of which will be announced by the Company in accordance with Rule 2.07C of the Listing Rules as soon as possible on the websites of the Stock Exchange and the Company respectively. The Chairman of shareholders' meeting will ensure that any vote of shareholders at the 2018 Annual General Meeting (and any other shareholders' meetings) will be taken by poll in compliance with the said Rule 13.39(4) of the Listing Rules.

SHAREHOLDERS' RIGHTS

(a) General meeting on requisition by shareholders

Pursuant to Section 566 of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) ("Companies Ordinance"), shareholder(s) representing at least 5% of the total voting rights of all the shareholders having a right to vote at general meetings of the Company can make a request to call a general meeting.

The request:–

(i) must state the general nature of the business to be dealt with at the meeting;

(ii) may include the text of a resolution that may properly be moved and is intended to be moved at the meeting;

(iii) may consist of several documents in like form;

(iv) may be sent in hard copy form or in electronic form; and

(v) must be authenticated by the person or persons making it.

Pursuant to Section 567 of the Companies Ordinance, directors must call a general meeting within 21 days after the date on which they become subject to the requirement and the meeting so called must be held on a date not more than 28 days after the date of the notice convening the meeting.

Pursuant to Section 568 of the Companies Ordinance, if the directors do not do so, the shareholders who requested the meeting, or any of them representing more than one half of the total voting rights of all of them, may themselves convene a general meeting. The meeting must be called for a date not more than 3 months after the date on which the directors become subject to the requirement to call a meeting. The Company must reimburse any reasonable expenses incurred by the shareholders requesting the meeting by reason of the failure of the directors duly to call the meeting.

(b) Procedures for putting forward enquires to the Board

Shareholders may put forward enquiries to the Board through the Company Secretary who will direct the enquiries to the Board for handling. The contact details of the Company Secretary are as follows:

Company Secretary
Safety Godown Co Ltd
Unit 1801, 18/F., Lu Plaza,
2 Wing Yip Street,
Kwun Tong, Kowloon, Hong Kong

E-Mail: info@safetygodown.com.hk
Telephone: (852) 2622 1100
Facsimile: (852) 2598 6123

SHAREHOLDERS' RIGHTS (Continued)

(c) Putting forward proposal at annual general meeting ("AGM")

Pursuant to Section 615 of the Companies Ordinance, shareholder(s) can make a request to circulate a notice of a resolution that may properly be moved and is intended to be moved at an AGM. The request must be made by:

(i) shareholder(s) representing at least 2.5% of the total voting rights of all shareholders who have a right to vote on the resolution at the AGM to which the request relates; or

(ii) at least 50 shareholders who have a right to vote on the resolution at the AGM to which the request relates.

The request:–

(i) may be sent in hard copy form or in electronic form;

(ii) must identify the resolution of which notice is to be given;

(iii) must be authenticated by the person or persons making it; and

(iv) must be received by the Company not later than 6 weeks before the AGM to which the request relates or if later, the time at which notice is given of that AGM.

(d) Procedure for shareholders to propose a person for election as a director

According to Article 82A of the Articles, a notice signed by a shareholder of his/her intention to propose a person for election and also a notice signed by the person (the "Candidate") to be proposed of his/her willingness to be elected shall be lodged at the registered office of the Company no earlier than the day after the despatch of the notice of the general meeting appointed for such election and no later than 7 days prior to the date of such general meeting.

The Candidate is required to provide his/her biographical details as set out under Rule 13.51(2) of the Listing Rules.

The Remuneration and Nomination Committee, where applicable, will review and make recommendations to the Board on the selection of any individuals nominated for directorships in accordance with the terms of reference of the Remuneration and Nomination Committee.

The Company will, where appropriate, issue a supplementary circular which shall include the name of the Candidate together with his/her biographical details as set out in Rule 13.51(2) of the Listing Rules to the shareholders for them to make decision on their election at a general meeting.

COMPANY SECRETARY

During the year, the Company engages an external service provider, Mr. Wong Leung Wai, as its company secretary. Mr. Wong possesses the necessary qualification and experience, and is capable of performing the functions of the company secretary. Mr. Lu Wing Yee, Wayne, Executive Director of the Company is the primary contact person who Mr. Wong contacts, Mr. Wong has confirmed that he has taken no less than 15 hours of relevant professional training during the year.

On 28 June 2018, Mr. Wong Leung Wai resigned as company secretary of the Company. The Company engages Ms. Mui Ngar May, Joel as company secretary of the Company to fill the casual vacancy occasioned by the resignation of Mr. Wong.

INVESTOR RELATIONS

The general meetings of the Company provide a platform for communication between the shareholders and the Board. Our Directors are available at the shareholders' meetings of the Company to answer questions and provide information which shareholders may enquire. The Company continues to enhance communications and relationships with its investors. Enquiries from investors are dealt with in an informative and timely manner.

Taking advantages of various resources, the Company keeps communicating with its shareholders regularly and properly to ensure that shareholders are adequately aware of any important issues during the course of the Company's operation, and then exercise their rights as shareholders with sufficient knowledge. Investors are welcome to write directly to the Company at its Hong Kong registered office for any inquires.

SOCIAL RESPONSIBILITIES AND SERVICES AND ENVIRONMENTAL POLICY

The Group is dedicated to serve the community, and is committed to fulfilling its pledge on social responsibilities. The Group has promoted various kinds of non-profit making activities, including sports, culture and community caring and other charitable activities and has actively built a platform for sustainable social development.

As to activities relating to arts and culture participated during the year, we continued to sponsor the 15th “Hong Kong Synergy 24 Drum Competition” organised by Hong Kong Chinese Orchestra and provide venue at the headquarter lobby for their “Outreach program” in promoting Chinese music. In sport and charitable aspects, we have sponsored the FIVB Volleyball World Grand Prix Competition held annually in Hong Kong for several consecutive years and made contribution to Community Chest for running the Community Chest Corporate Challenge, encouraged employees to support blood donation program organised by Hong Kong Red Cross, provided venue at Lu Plaza to World Vision Hong Kong for used book collection center, organised voluntary visits to “Kwong Yam Care Home” during festivals to celebrate festive moments with the elderly, made donation to Senior Citizen Home Safety Association to expand the Call and Care Service to more elderly and senior citizen in need, supported the House Sponsorship Programme of Po Leung Kuk Child Sponsorship, participated in Skip Lunch Day organised by The Community Chest to support the “Services for Street Sleepers, Residents in Cage Homes and Cubicles”, subscribed for the MTR tickets of Green Day 2017 issued by The Community Chest, jointly organised the “Forever Love Initiative” with Spring Blossom Project Foundation, and encouraged the tenants of Lu Plaza to work with the employees to knit neckerchiefs for those in need.

Moreover, we order gifts from the charitable organization in festivals such as Mid-Autumn Festival and Christmas, so as to support the training and employment of the disadvantaged.

The Group positively promotes environmental protection by encouraging employees and tenants to participate in recycling “Chinese new year red pockets”, clothing, old computers and electrical appliances. In addition, we persist to enhance energy conservation and paper recycling at our offices. Energy conservation and greening are our priorities.

The Hong Kong Council of Social Service has awarded us the “15 years Plus Caring Company” logo this year.

Lu Wing Yee, Wayne
Executive Director

Hong Kong, 28 June 2018

Environmental, Social and Governance Report

Safety Godown Company Limited (the "Company", together with its subsidiaries, collectively as the "Group" or "We") has prepared this Environmental, Social and Governance Report (the "ESG Report") for the year ended 31 March 2018 (the "Reporting Period"), in accordance with the Main Board Listing Rule Appendix 27. The scope of this ESG Report includes the leasing of investment properties and the operations of godowns, the two principal businesses of the Group.

This report will cover the Group's policies, initiatives and performance of the below material ESG issues, which were identified by our internal stakeholders and an independent property management company during the Reporting Period.

SUMMARY OF MATERIAL ESG ISSUES FOR THE GROUP

ESG aspects set out in the Listing Rules	***Material ESG issues to the Group***
Environmental	
A1 Emissions	• Air and Greenhouse Gas Emissions • Waste Management
A2 Use of Resources	• Electricity and Water Consumption
A3 The Environment and Natural Resources	• Renovation Works
Social	
B1 Employment	• Labor Practices
B2 Health and Safety	• Workplace Health and Safety
B3 Development and Training	• Employee Development and Training
B4 Labor Standards	• Anti-child and Forced Labor
B5 Supply Chain Management	• Responsible Procurement
B6 Product Responsibility	• Service Quality and Customer Data Privacy
B7 Anti-corruption	• Anti-corruption and Money Laundering
B8 Community Investment	• Community Programs, Employee Volunteering and Donation

Environmental

Apart from complying relevant environment laws, we attach the importance to the environmental impact and we adopt risk-based environmental management in our operations. As we own several properties for operation and investment, we have employed an independent property management company to assess and manage environmental impact of our buildings. The property management company has established the "Environmental Aspects and Environmental Impact Assessment Report" for our buildings to assess the impact and recommend the green controls of different building activities, ranging from office administration to garbage disposal. We also encourage the property management company to implement various environmental initiatives and monitor their performance.

During the Reporting Period, we did not identify any material non-compliance cases with environmental laws and regulations.

A1 Emissions

Air and Greenhouse Gas Emissions

Given our Group's principal businesses of property investment and godown operations, non-hazardous waste management and emissions control have become the core parts of our sustainable development strategy.

The major air emissions identified from our operations arise from the usage of private vehicles and forklifts. During the Reporting Period, there were 2.36kg of nitrogen oxides (NO_x), 0.06kg of sulphur oxides (SO_x) and 0.14kg of Particulate Matter (PM)[1] generated.

For our Greenhouse Gas ("GHG") emissions, it comprised of emissions from the consumption of purchased electricity, vehicle fuels, water and paper. The amount and intensity of such emissions during the Reporting Period are summarized in the table below:

GHG Emissions Type by Scope	Total Emissions[2] (tonnes CO_2e)	Intensity Per Staff (tCO_2e/staff)	Intensity Per Gross Floor Area of Office and Warehouses (tCO_2e/sq. foot)
Scope 1 [3]	17.80	0.51	0.000055
Scope 2 [4]	101.87	2.91	0.000315
Scope 3 [5]	5.48	0.16	0.000017
Total GHG Emissions	125.15	3.58	0.000387

To reduce air and GHG emissions, the Group has implemented various measures in our operations. For instance, the majority of forklifts used in our warehouse are electric-operated with no emissions while the rest consume LPG, a relatively clean fuel with lower level of emissions, and are certified by the Environmental Protection Department. For the measures to control other sources of GHG emissions such as electricity, water and paper, please refer to the respective "Electricity and Water Consumption" and "Waste Management" sections below.

Waste Management

Due to our business nature, no significant hazardous waste was produced from our operating activities during the Reporting Period. On the other hand, the non-hazardous wastes directly produced and disposed of from our operations during the Reporting Period included general domestic wastes, wastepaper, and wooden pallets, amounting to 25.96 tonnes.

In order to minimize wastes produced and their environmental impact, we closely monitor from sources to the entire waste management system. The Group also incorporate the 3Rs ("Reduce, Reuse, and Recycle") waste management principle into our operational procedures for our colleagues to follow.

Since paper has been identified to be the major source of waste produced, we have adopted a paperless office strategy such as encouraging double-sided printing and the use of electronic communication channels for document sharing to reduce paper usage. We also encourage employees to maintain electronic records instead of printed copies to reduce paper to be discarded.

1 The calculation of air emissions was according to HKEx ESG Guideline Appendix 2: Reporting Guidance on Environmental KPIs.
2 The calculation of total GHG emissions was according to the HKEx ESG Guideline Appendix 2: Reporting Guidance on Environmental KPIs.
3 Emission factors for vehicle fuel and LPG were based on the HKEx ESG Guideline Appendix 2: Reporting Guidance on Environmental KPIs.
4 Emission factor for electricity was based on the CLP Sustainability Report 2017.
5 Emission factors for water and paper were based on The Legislative Council Complex Greenhouse Gas Accounting Report 2016, the Drainage Service Department Sustainability Report 2016-17 for sewage treatment and HKEx ESG Guideline Appendix 2: Reporting Guidance on Environmental KPIs.

In addition, we emphasize the importance of recycling and reusing in our workplace such as setting up paper and battery recycling bins, reusing the pallets in warehouses, and organizing different campaigns with environmental organizations including collection of second-hand books and mooncake boxes to raise the awareness of recycling and reusing resources.

A2 Use of Resources

Electricity and Water Consumption

We conserve natural resources for the long-term sustainability in the community and aim at improving the efficiency on use of resources. During the Reporting Period, we have identified the following major resource consumption and the corresponding intensity:

			Intensity	
Resource Type [6]	**Total Consumption**	**Unit**	**Per Staff**	**Per Square Foot (Gross Floor Area)**
Unleaded Petrol	3,989	L	113.97 (L/person)	0.012 (L/sq. foot)
Electricity	199,754	kWh	5,707.26 (kWh/person)	0.618 (kWh/sq. foot)
LPG	2,320	kg	66.29 (kg/person)	0.007 (kg/sq. foot)
Water [7]	894	m^3	25.54 (m^3/person)	0.003 (m^3/sq. foot)

We have taken green measures in reducing the use of resources especially electricity and water, monitoring the resources consumption, and driving behavior changes of employees. Replacement with advanced equipment and considerable technologies to enhance the energy efficiency is our trend of sustainable development. By reducing our resources usage and creating long-term value to our stakeholders, we believe these green moves bring mutual benefits to both the environment and the stakeholders.

In addition, we have worked together with our property manager to produce an environmental management plan to identify potential improvement areas for resources usage, set improvement targets for energy and water consumption, as well as to closely monitor the outcomes and effectiveness of the implemented plans based on internal and local standards.

A3 The Environment and Natural Resources

We consider the impact on the environment in making business decisions. We make every endeavor to manage the environmental risks related to our operations, and implement preventive measures to control the risk. If significant environmental risk is encountered, corresponding mitigating plans will be developed to address the issues. To promote and practice our sustainable development, we are closely working with our business partners and our people to develop environmental risk assessment and management mechanism and to achieve zero complaint from occupants regarding any environmental aspects so that we can build a green environment to our stakeholders.

Renovation Works

When renovation work is commenced in our properties, we sought to implement strict controls on our subcontractors regarding noise emission, odor and waste management, in order to meet the statutory and contractual requirements. We require our subcontractors to ensure all wastes generated during the construction process are properly managed on site and transported and disposed of to a designated site that is in compliance with relevant local laws and regulations.

6 Due to our business nature, there was no significant packaging material were consumed during the Reporting Period.
7 Since all water usage within our properties is provided through centralized city pipelines, we did not note any issue regarding sourcing water that is fit for purpose during the Reporting Period.

B. Social

B1 Employment

Labor Practices

The Group values the wellbeing and respects the rights of our employees as we believe they are the main drive to our success. Hence, we endeavor to improve the working environment and enhance the job satisfaction in all positions. We have established an Employee Handbook to document all policies and procedures necessary, including employee compensation and welfare, dismissal, recruitment, working hours and rest periods, etc.

We offer competitive compensation packages to attract and retain talents. Employee compensation is also reviewed annually based on the market trend, company performance and systematic performance evaluation mechanism with criteria such as qualifications, experience, as well as work performance and responsibilities. In addition, numerous benefits are provided including mandatory provident fund (“MPF”), medical insurance, long term service awards, special allowances for marriage and funeral, and double overtime pay. We also offer paid leave such as annual leave, sick leave, maternity leave and exam study leave to our employees.

Moreover, the Group also focuses on the importance of providing equal opportunities within workplace. Opportunities for recruitment, promotion and training must be given on an open and equal basis and we strictly prohibit any discrimination against age, gender, race, religious belief, physical features, etc. The Group also assesses job applicants through a structured interview process and only candidates who demonstrate sound qualifications and skills will be considered; while termination procedures are closely monitored to prevent unreasonable treatments.

In addition, we promote work-life balance and have established a recreational group for employees from different departments. The group regularly organizes various recreational activities such as Christmas party, hiking trips, as well as cultural and sports activities to enhance communication between employees and the management.

During the Reporting Period, we did not identify any material non-compliance cases with employment-related laws and regulations.

B2 Health and Safety

Workplace Health and Safety

The Group is committed to building and maintaining a safe working environment for our employees and subcontractors with an aim to increase occupational safety and health awareness, and to ultimately improve the safety levels of working environment. We also work closely with the property manager to establish objectives and annual safety plans, as well as to perform risk assessments and to establish mitigation and preventive measures that are in compliance with OHSAS 18001, the Factories and Industrial Undertakings Ordinance, and the Occupational Safety and Health Ordinance. For instance, when heavy machines or high voltage electricity is involved, we engage licensed subcontractors to inspect the equipment and perform risk assessments prior to operation while only employees with relevant certifications are allowed to perform the works. In addition, to enhance the awareness of the concept of occupational health and safety among staff members, internal safety training is provided and promotional posters are also available on corridors and lobbies.

As for our daily operations, we provide our employees with necessary equipment such as ladders, trolleys and forklifts, and safety instructions on the correct postures when using computers and lifting heavy goods to reduce risks of potential safety incidents. In our warehouses, all machine operators must be well-trained and have the relevant licenses before they are assigned to machine operation tasks. Moreover, no dangerous goods are allowed to be stored in our warehouses as set out in the contract with tenants, in accordance with the Dangerous Goods Ordinance.

During the Reporting Period, we did not identify any material non-compliance cases with occupational health and safety related laws and regulations.

B3 Development and Training

Employee Development and Training

The Group continuously supports both career and personal development of our employees as we believe such initiatives will bring mutual benefits. Therefore, we proactively provide sufficient training for employees to ensure that they are equipped with the necessary skills and knowledge. Training includes induction courses and technical seminar as well as on-the-job training in order to equip our staff with the necessary skills and knowledge to effectively perform their roles. We support employees to undertake further studies or technical courses by granting full education sponsorship and examination leave.

B4 Labor Standards

Anti-child and Forced Labor

We value and respect human rights and believe no one should be forced to work by any means, such as physical abuse, duress, detention, or any other unethical or unlawful means. Hence, we strictly prohibit any employment of child and forced labor, as defined in local labor laws, in any of our business operations and all our employees sign the contract with us voluntarily and possess a qualified identity documents. If any child or forced labor is inspected, the case must be reported to the management for immediate resolution.

During the Reporting Period, we did not identify any material non-compliance cases with child and forced labor related laws and regulations.

B5 Supply Chain Management

Responsible Procurement

We attach much importance to our supply chain and choose the suppliers which are consistent with our principles of corporate social responsibility. So, the property management company we have chosen possesses different accreditations relating to environmental and social risk management such as ISO 14001 for environmental management system and OHSAS 18001 for occupational health and safety management best practice. Apart from property management, our renovation contractors are required to provide the waste management plan to minimize the environmental impact from the renovation and site safety plan to ensure the safety of the workers and the general public and decrease the possibilities of accidents.

We also focus on how suppliers fulfil the social responsibility. Hence, we prefer social enterprises or suppliers with “FAIRTRADE Mark” and “Caring Company” certificates which indicate their community involvement. By selecting those suppliers, we can provide support to the community based organizations in this way.

B6 Product Responsibility

Service Quality

We continuously inspect and enhance the quality of service to provide better quality of service to our customers and pursue high customer satisfaction. For our customers of warehouse business, we deliver a high quality warehousing service and an efficient logistic service to meet our customers’ needs by maintaining a secure environment in safeguarding the stocks in our warehouses. Measures including secure warehouse door locks, 24-hour security guards, installation of closed circuit television (CCTV), recording visitors’ identity, and implementation of tight procedures in controlling stock movement are in place for the purpose of warehouse security.

For our property investment business, we continue to employ a high quality property management service provider. The needs and feedback of occupants are frequently communicated through the property manager. We have also monitored their levels of satisfaction and requested our property manager to enhance their service quality regularly. If an occupant has a complaint, the property manager will handle the complaint and it will be investigated by various management personnel. Improvement measures will be designed and discussed to solve the existing problems and prevent similar issues from arising in the future.

Customer Data Privacy

The protection of our occupants' and godown tenants' data is also our major concern. We strictly comply with the Personal Data (Privacy) Ordinance and have applied Data Protection Principles from the Ordinance to our operations as follows:

- Only collect personal data relevant to our business operations;
- Only use personal data for the purpose of which the data is collected or for a directly related purpose unless consent with a new purpose is obtained;
- Never transfer or disclose personal data to any entity that is not a member of the Group without consent unless required by law or it was previously notified; and
- Maintain appropriate security systems and measures to prevent unauthorized access to personal data.

In addition, we require our employees to take up necessary precautions to prevent leakage or abuse of sensitive information and intellectual properties, including but not limited to trademarks and patents, personal data and copyrighted information.

During the Reporting Period, we did not identify any material non-compliance cases with service and data privacy-related laws and regulations.

B7 Anti-corruption

Anti-corruption and Money Laundering

Honesty, probity and fairness are the core values of the Group and therefore, any form of corruption, bribery, extortion, money-laundering and other fraudulent activities in connection with any of our business operations are not tolerated.

The following ethical guidelines are documented in the Employee Handbook to provide detailed instructions for employees in different scenarios:

- Soliciting or accepting an advantage
- Hospitality
- Business records
- Conflict of interest
- Abuse of company assets
- Loan arrangement
- Gambling activities

For any non-compliance with our internal policies, a warning will be given and discipline actions will be taken.

During the Reporting Period, we did not identify any material non-compliance cases with corruption-related laws and regulations.

B8 Community Investment

Community Programs, Employee Volunteering and Donation

While achieving business growth, we strive to fulfill our social responsibilities in order to give back to the community. The Group has been actively participating in charity events and our effort has been recognized by the Hong Kong Council of Social Service with the "15 Years Plus Caring Company" logo.

The community programs and organizations we supported during the Reporting Period were as follows:

Name of Organization/Event	Purpose and Target Beneficiary
The Community Chest – Green Day 2017	Raised funds for the "Medical and Health Services" program.
The 2018 Community Chest Corporate Challenge – Half Marathon & the 10 Km Run 2018	Supported the cause to enhance "Rehabilitation & Aftercare Service".
The Community Chest-Skip Lunch Day 2018	Supported the "Services for Street Sleepers, Residents in Cage Homes and Cubicles".
FIVB Volleyball World Grand Prix – Hong Kong 2017 presented by A.S. Watson Group	Sponsored sports events in Hong Kong on a continuous basis.
Senior Citizen Home Safety Association – 'Love and Peace of Mind' Corporate Engagement Program 2017	Supported the program of the providing 24-hour emergency assistance and caring services for the needy elderly.
Hong Kong Blind Union	Supported the Flag Day.
Hong Kong Chinese Orchestra – 15th Hong Kong Synergy 24 Drum Competition	Sponsored for the competition for over ten years.
Po Leung Kuk – House Sponsorship for children	Sponsored and donated to the program.
The Hong Kong Chinese Christian Churches Union	Sponsored the Lunar New Year Luncheon for the Elderly.
Christian Action – The 6th 3-Legged Charity Walk	Supported the child welfare services for underprivileged children in Hong Kong as well as orphans and disable children in Qinghai.

Directors' Report

The Directors present their annual report and the audited financial statements of the Company and its subsidiaries (collectively referred to as the "Group") for the year ended 31 March 2018.

PRINCIPAL ACTIVITIES

The Company is engaged in investment holding, treasury investment and the operation of public godowns. The principal activities of its principal subsidiaries are set out in note 32 to the consolidated financial statements.

RESULTS AND APPROPRIATIONS

The results of the Group for the year ended 31 March 2018 are set out in the consolidated statement of profit or loss and other comprehensive income on page 41.

An interim dividend of HK28 cents per share, amounting to HK$37,800,000 was paid to the shareholders during the year. The Directors now recommend the payment of a final dividend of HK28 cents per share amounting to HK$37,800,000 to the shareholders whose names appear on the register of members on 28 August 2018, and the retention of the remaining profit for the year of HK$395,613,000.

DISTRIBUTABLE RESERVES OF THE COMPANY

At 31 March 2018, the Company's reserves available for distribution to shareholders comprised the retained profits of HK$1,259,134,000 (2017: HK$1,346,296,000).

DIRECTORS

(a) Directors of the Company

The Directors of the Company during the year and up to the date of this report were:

Executive Director
Mr. Lu Wing Yee, Wayne

Non-executive Director
Mr. Lee Ka Sze, Carmelo

Independent Non-executive Directors
Mr. Gan Khai Choon
Mr. Lam Ming Leung
Mr. Leung Man Chiu, Lawrence

In accordance with Articles 78 and 79 of the Company's Articles of Association, Mr. Gan Khai Choon and Mr. Lam Ming Leung shall retire by rotation at the forthcoming annual general meeting and, being eligible, offer themselves for re-election. Details of the Directors to be re-elected at the 2018 annual general meeting are set out in a circular to the shareholders sent together with this Annual Report.

No director of the Company proposed for re-election at the forthcoming annual general meeting has a service contract which is not determinable by the Company within one year without payment of compensation, other than statutory compensation.

The term of office for each non-executive and independent non-executive director is the period up to his retirement by rotation in accordance with the Company's Articles of Association.

DIRECTORS (Continued)

(b) Directors of the Company's subsidiaries

During the year and up to the date of this report, Mr. Lu Wing Yee, Wayne is also a director in certain subsidiaries of the Company. Other Directors of the Company's subsidiaries during the year and up to the date of this report are Ms. Chan Koon Fung, Mr. Ng Gei, Mr. Lo Tai On, Ms. Yuen So Him (deceased on 22 November 2017) and Ms. Koo Ching Fan.

DIRECTORS' INTERESTS IN SECURITIES

At 31 March 2018, the interests of the Directors of the Company and their associates in the shares of the Company as recorded in the register maintained by the Company pursuant to Section 352 of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) ("SFO"), or as otherwise notified to the Company and The Stock Exchange of Hong Kong Limited pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers, were as follows:

	Number of issued ordinary shares of the Company held (long position)					Percentage of issued shares
Name of directors	Personal interests	Family interests	Corporate interests	Other interests	Total interests	of the Company
Mr. Lu Wing Yee, Wayne	9,410,420	–	23,440 [1]	4,400,000 [2]	13,833,860	10.25%
Mr. Lam Ming Leung	10,000	–	–	–	10,000	0.0074%

Notes:

1. Mr. Lu Wing Yee, Wayne was deemed to be interested in these 23,440 shares held by a company, which was 100% controlled by himself.
2. Mr. Lu Wing Yee, Wayne was deemed to be interested jointly with Ms. Chan Koon Fung in these 4,400,000 shares as he was one of the executors of the estate of Mr. Lu Sin (deceased).

Other than as disclosed above, none of the directors, chief executives nor their associates had any interests or short positions in any shares or underlying shares of the Company or its associated corporations as defined in Part XV of the SFO at 31 March 2018.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

At no time during the year was the Company or any of its subsidiaries a party to any arrangements to enable the Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate. In addition, none of the Directors, or their spouses or children under the age of 18 had any right to subscribe for the securities of the Company or had exercised any such right during the year.

DIRECTORS' MATERIAL INTERESTS IN TRANSACTIONS, ARRANGEMENTS AND CONTRACTS

Other than as disclosed in note 7 to the consolidated financial statements, no transactions, arrangements and contracts of significance to which the Company, or any of its subsidiaries was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

MANAGEMENT CONTRACT

No contract concerning the management and administration of the whole or any substantial part of the business of the Company was entered into or existed during the year.

PERMITTED INDEMNITY PROVISIONS

The Company's Articles of Association provide that every director, managing director, auditor, company secretary and other officer for the time being of the Company shall be indemnified out of the assets of the Company against any liability incurred by him in relation to the Company in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in connexion with any application as specified therein in which relief is granted to him by the court.

SUBSTANTIAL SHAREHOLDERS

At 31 March 2018, the register of substantial shareholders maintained by the Company pursuant to Section 336 of the SFO showed that, other than the interests of certain Directors disclosed under the section headed "Directors' Interests in Securities" above, the following shareholders had notified the Company of their relevant interests in the issued shares of the Company:

		Number of issued ordinary shares held (Long Position)		Percentage of issued shares
Name of substantial shareholders	**Capacity**	**Direct interest**	**Indirect interest**	**of the Company**
Kian Nan Financial Limited	Beneficial interest	49,203,445	–	36.45%
Earngold Limited	Beneficial interest	10,350,000	–	7.67%
Ms. Chan Koon Fung	Beneficial owner/Interest of controlled corporation/Trustee	2,989,500	69,953,106[1]	54.03%

Note:

1. Among these 69,953,106 shares, (a) Ms. Chan Koon Fung was taken to be interested in 10,350,000 shares which were held by Earngold Limited, in which Ms. Chan indirectly owned 50%; (b) she was taken to be interested in 49,203,445 shares which were held by Kian Nan Financial Limited, in which Ms. Chan owned 38.98%; (c) she was taken to be interested in 5,999,661 shares which were held by Lusin And Company Limited, in which Ms. Chan owned 38.75% and (d) she was taken to be interested jointly with Mr. Lu Wing Yee, Wayne in 4,400,000 shares as she was one of the executors of the estate of Mr. Lu Sin (deceased).

Other than as disclosed above, at 31 March 2018, no other person was recorded in the register of substantial shareholders required to be kept by the Company under Section 336 of the SFO as having any interests or short positions in the issued shares of the Company.

EQUITY-LINKED AGREEMENTS

No equity-linked agreements were entered into during the year or subsisted at the end of the year.

RELATED PARTY TRANSACTIONS

Details of the related party transactions are set out in note 27 to the consolidated financial statements. Those related party transactions did not constitute connected transactions and/or constituted exempted connected transactions under the Listing Rules.

MAJOR CUSTOMERS AND SUPPLIERS

During the year, the Group’s largest customer accounted for 8% (2017: 9%) of its turnover.

The aggregate revenue attributable to the Group’s five largest customers accounted for 25% (2017: 28%) of the Group’s total turnover.

In addition, the nature of the activities of the Group is such that no major supplier contributed significantly to the Group’s purchases.

At no time during the year did the Directors, their associates or any shareholders (which to the knowledge of the Directors own more than 5% of the Company’s share capital) have any interest in any of the Group’s five largest customers.

PURCHASE, SALE OR REDEMPTION OF SHARES

Neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company’s shares during the year.

INDEPENDENCE OF INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received, from each of the Independent Non-executive Directors, an annual confirmation of his independence pursuant to Rule 3.13 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”). The Company considers all of the Independent Non-executive Directors are independent.

EMOLUMENT POLICY

The emolument policy of the employees of the Group is set up and reviewed from time to time by the Remuneration and Nomination Committee on the basis of their merit, qualifications and competence.

The emoluments of the Directors of the Company are reviewed by the Remuneration and Nomination Committee, having regard to the Company’s operating results, individual performance and market comparables.

SUFFICIENCY OF PUBLIC FLOAT

Based on the information publicly available to the Company and within the knowledge of the Directors, the Company has maintained a sufficient public float throughout the year ended 31 March 2018.

DONATIONS

During the year, the Group made charitable and other donations amounting to HK$640,000.

CORPORATE GOVERNANCE

The Board of the Company are committed to maintain high standards of corporate governance. The Company has complied throughout the year ended 31 March 2018 with the Corporate Governance Code as set out in Appendix 14 of the Listing Rules, with exception of certain deviations. Detailed information on the Company’s corporate governance practices and certain deviations are set out in the Corporate Governance Report contained in pages 14 to 24 of the Annual Report.

Directors' Report

BUSINESS REVIEW AND PERFORMANCE

Review on the business of the Group, discussion and analysis on the performance of the Group during the year, significant factors affecting performance and financial position (including the analysis from the usage of financial key ratio) and the Group's future business development were set out in pages 5 to 7 of the Executive Director's Statement and pages 8 to 13 of the Management Discussion and Analysis.

An overview on the financial performance of the Group's business and business segment, financial resources, compliance with regulations, relationships with its key stakeholders and the principal risk and uncertainties are set out in pages 8 to 13 of the Management Discussion and Analysis while social responsibilities and environmental protection policies were set out in pages 14 to 31 of the Corporate Governance Report and the Environmental, Social and Governance Report.

The different parts of this Annual Report contain relevant laws and regulations that the Group has complied with and has significant influence on them. The Environmental, Social and Governance Report also contains information on environmental policy and performance and the relationship between the Group and its major business stakeholders.

Discussion on the above-mentioned issues provided from the Executive Director's Statement, Management Discussion and Analysis, Corporate Governance Report and Environmental, Social and Governance Report form part of this Directors' Report.

AUDITOR

A resolution will be submitted to the annual general meeting to re-appoint Messrs. Deloitte Touche Tohmatsu as auditor of the Company.

On behalf of the Board

Lu Wing Yee, Wayne
Executive Director

Hong Kong, 28 June 2018

Independent Auditor's Report

Deloitte. 德勤

TO THE MEMBERS OF SAFETY GODOWN COMPANY, LIMITED
(incorporated in Hong Kong with limited liability)

Opinion

We have audited the consolidated financial statements of Safety Godown Company, Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 41 to 81, which comprise the consolidated statement of financial position as at 31 March 2018, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

Key audit matter	**How our audit addressed the key audit matter**
Valuation of investment properties	
We identified the valuation of investment properties as a key audit matter due to the significance of the balance to the consolidated financial statements as a whole, combined with significant judgments associated with determining the fair value. As at 31 March 2018, the Group's investment properties amounted to HK$3,398,200,000, representing approximately 72% of the Group's total assets. During the year, an increase in fair value of investment properties of HK$412,146,000 was recognised in the consolidated statement of profit or loss and other comprehensive income. The Group's investment properties were carried at fair value based on the valuations mainly performed by the independent qualified professional valuers. Details of the valuation techniques, significant assumptions and key inputs used in the valuations are disclosed in note 13 to the consolidated financial statements. The valuations were dependent on certain key inputs that involve the management's judgments, including capitalisation rates and market unit rents of individual units.	Our procedures in relation to the valuation of investment properties included: • Evaluating the competence, capabilities and objectivity of the independent qualified professional valuers; • Understanding the independent qualified professional valuers' valuation process and methodologies, the performance of the property markets, significant assumptions adopted, critical judgmental areas and key inputs used in the valuations; • Evaluating the reasonableness of the methodology and assumptions applied in valuation by comparing with industry norms; and • Assessing the reasonableness of key inputs used in the valuations by comparing to relevant market information on market unit rents achieved and capitalisation rates adopted in other comparable properties in the neighbourhood.

Other Information

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Keung To Wai, David.

1. GENERAL INFORMATION

Safety Godown Company, Limited (the "Company") is a public limited company incorporated in Hong Kong and its shares are listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). Its ultimate controlling party is Ms. Chan Koon Fung, who is also the director of the Company's subsidiaries. The address of the registered office and principal place of business of the Company are disclosed in the section headed "Corporate Information" in the annual report.

The Company is engaged in investment holding, treasury investment and the operation of public godowns. The principal activities of its principal subsidiaries are set out in note 32.

The consolidated financial statements are presented in Hong Kong dollar ("HK$"), which is also the functional currency of the Company.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

Amendments to HKFRSs that are mandatory effective for the current year

The Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") for the first time in the current year:

Amendments to HKAS 7	Disclosure Initiative
Amendments to HKAS 12	Recognition of Deferred Tax Assets for Unrealised Losses
Amendments to HKFRS 12	As part of the Annual Improvements to HKFRSs 2014-2016 Cycle

Except as described as below, the application of the amendments to HKFRSs in the current year has had no material effect on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Amendments to HKAS 7 *"Disclosure Initiative"*

The Group has applied these amendments for the first time in the current year. The amendments require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both cash and non-cash changes. In addition, the amendments also require disclosures on changes in financial assets if cash flows from those financial assets were, or future cash flows will be, included in cash flows from financing activities.

Specifically, the amendments require the following to be disclosed, (i) changes from financing cash flows; (ii) changes arising from obtaining or losing control of subsidiaries or other businesses; (iii) the effect of changes in foreign exchange rates; (iv) changes in fair values; and (v) other changes.

A reconciliation between the opening and closing balances of these items is provided in note 24. Consistent with the transition provisions of the amendments, the Group has not disclosed comparative information for the prior year. Apart from the additional disclosure in note 24, the application of these amendments has had no impact on the Group's consolidated financial statements.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

New and revised HKFRSs in issue but not yet effective

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective.

HKFRS 9	Financial Instruments[1]
HKFRS 15	Revenue from Contracts with Customers and the related Amendments[1]
HKFRS 16	Leases[2]
HKFRS 17	Insurance Contracts[4]
HK(IFRIC)-Int 22	Foreign Currency Transactions and Advance Consideration[1]
HK(IFRIC)-Int 23	Uncertainty over Income Tax Treatments[2]
Amendments to HKFRS 2	Classification and Measurement of Share-based Payment Transactions[1]
Amendments to HKFRS 4	Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurance Contracts[1]
Amendments to HKFRS 9	Prepayment Features with Negative Compensation[2]
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture[3]
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement[2]
Amendments to HKAS 28	Long-term Interests in Associates and Joint Ventures[2]
Amendments to HKAS 28	As part of the Annual Improvements to HKFRSs 2014-2016 Cycle[1]
Amendments to HKAS 40	Transfers of Investment Property[1]
Amendments to HKFRSs	Annual Improvements to HKFRSs 2015-2017 Cycle[2]

[1] Effective for annual periods beginning on or after 1 January 2018
[2] Effective for annual periods beginning on or after 1 January 2019
[3] Effective for annual periods beginning on or after a date to be determined
[4] Effective for annual periods beginning on or after 1 January 2021

HKFRS 9 *"Financial Instruments"*

HKFRS 9 introduces new requirements for the classification and measurement of financial assets, financial liabilities, general hedge accounting and impairment requirements for financial assets.

Key requirements of HKFRS 9 which are relevant to the Group are:

- All recognised financial assets that are within the scope of HKFRS 9 are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are generally measured at fair value through other comprehensive income. All other financial assets are measured at their fair value at subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss; and

- In relation to the impairment of financial assets, HKFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under HKAS 39 "Financial Instruments: Recognition and Measurement". The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.

Based on the Group's financial instruments and risk management policies as at 31 March 2018, the directors of the Company anticipate the following potential impact on initial application of HKFRS 9:

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

HKFRS 9 *"Financial Instruments"* (Continued)

Classification and measurement

Debt instrument classified as held-to-maturity investment carried at amortised cost as disclosed in note 15: this is held within a business model whose objective is to collect the contractual cash flows that are solely payments of principal and interest on the principal outstanding. Accordingly, this financial asset will continue to be subsequently measured at amortised cost upon the application of HKFRS 9. All other financial assets and financial liabilities will continue to be measured on the same bases as are currently measured under HKAS 39.

Impairment

In general, the directors of the Company anticipate that the application of the expected credit loss model of HKFRS 9 will result in earlier provision of credit losses which are not yet incurred in relation to the Group's financial assets measured at amortised cost subject to the impairment provisions upon application of HKFRS 9 by the Group.

Based on the assessment by the directors of the Company, they anticipate that the application of HKFRS 9 will have no material financial impacts on the results and the financial position of the Group.

HKFRS 15 *"Revenue from Contracts with Customers"*

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 "Revenue", HKAS 11 "Construction Contracts" and the related interpretations when it becomes effective.

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for goods and services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15.

In 2016, the HKICPA issued clarifications to HKFRS 15 in relation to the identification of performance obligations, principal versus agent considerations, as well as licensing application guidance.

The directors of the Company anticipate that the application of HKFRS 15 in the future may result in more disclosures, however, the directors of the Company do not anticipate that the application of HKFRS 15 will have a material impact on the timing and amounts of revenue recognised in the respective reporting periods.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

HKFRS 16 *"Leases"*

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 "Leases" and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. Upon application of HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and interest portion which will be both presented as financing cash flows by the Group.

In contrast to lessee accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17, and continues to require a lessor to classify a lease as an operating lease or a finance lease.

Furthermore, extensive disclosures are required by HKFRS 16.

In addition, the Group currently considers the refundable short-term tenants' deposits received of HK$12,983,000 and long-term tenants' deposits received of HK$20,428,000 as obligations under leases to which HKAS 17 applies. Based on the definition of lease payments under HKFRS 16, such deposits are not payments relating to the right to use the underlying assets, accordingly, the carrying amounts of such deposits may be adjusted to amortised cost and such adjustments are considered as additional lease payments. Adjustments to refundable rental deposits received would be considered as advance lease payments.

Furthermore, the application of new requirements may result in changes in measurement, presentation and disclosures as indicated above.

Amendments to HKAS 40 *"Transfers of Investment Property"*

The amendments clarify that a transfer to, or from, investment property necessitates an assessment of whether a property meets or has ceased to meet, the definition of investment property, supported by observable evidence that a change in use has occurred. The amendments further clarify that situations other than the ones listed in HKAS 40 may evidence a change in use, and that a change in use is possible for properties under construction. For example, change in use for transfer from properties under development for sale in the ordinary course of business to investment properties could be evidenced by inception of an operating lease to another party. Currently, the Group accounts for such transfer only upon commencement of an operating lease.

The directors of the Company anticipate that the application of these amendments will result in early recognition of such transfers on the Group's consolidated financial statements in future periods should there be a change in use of any of its properties.

Except for the new and revised HKFRSs mention above, the directors of the Company anticipate that the application of all other new and revised HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

3. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange and by the Hong Kong Companies Ordinance (“CO”).

The consolidated financial statements have been prepared on the historical cost basis except for certain investment properties and financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 “Share-based Payment”, leasing transactions that are within the scope of HKAS 17 “Leases”, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 “Inventories” or value in use in HKAS 36 “Impairment of assets”.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial instruments and investment properties which are transacted at fair value and a valuation technique that unobservable inputs is to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that the results of the valuation technique equals the transaction price.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of consolidation (Continued)

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiaries

When the Group loses control of a subsidiary, the assets and liabilities of that subsidiary are derecognised. A gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the carrying amount of the assets (including goodwill), and liabilities of the subsidiary attributable to the owners of the Company. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable HKFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKAS 39 or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue is recognised when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities as described below.

Godown operations income is recognised on an accrual basis when the godown facilities are utilised and services are rendered.

The Group's accounting policy for recognition of income from investment properties is described in the paragraph headed "Leasing" below.

Sale of trading securities is recognised on a trade date basis.

Interest income from financial asset is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income from investments is recognised when the Group's rights to receive payment have been established.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are measured initially at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at their fair values using the fair value model. Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

If an item of property, plant and equipment becomes an investment property because its use has changed as evidenced by the end of owner-occupation, any excess of fair value of that item (including the relevant prepaid lease payments) at the date of change is recognised in other comprehensive income and accumulated in property revaluation reserve. On the subsequent sale or retirement of the asset, the relevant revaluation reserve will be transferred directly to retained profits.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Property, plant and equipment

Property, plant and equipment including buildings, leasehold land (classified as finance leases) and buildings held for use in the production or supply of goods or services, or for administrative purposes are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of property, plant and equipment over their estimated useful lives, using the straight-line method. The estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Impairment on tangible assets

At the end of the reporting period, the Group reviews the carrying amounts of its tangible assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss, if any.

When it is not possible to estimate the recoverable amount of an asset individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment on tangible assets (Continued)

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a prorate basis based on the carrying amount of each asset in the unit. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

The Group's financial assets are classified into the following specified categories: financial assets at fair value through profit or loss ("FVTPL"), held-to-maturity investment and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instruments, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Financial assets at FVTPL

Financial assets are classified as at FVTPL when the financial assets is held for trading.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial assets at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial assets.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including trade and other receivables, bank deposits, other deposits and bank balances and cash) are measured at amortised cost using the effective interest method, less any impairment (see accounting policy on impairment loss on financial assets below).

Held-to-maturity investment

Held-to-maturity investment is non-derivative financial asset with fixed or determinable payments and fixed maturity dates that the Group has the positive intention and ability to hold to maturity. Subsequent to initial recognition, held-to-maturity investment is measured at amortised cost using the effective interest method, less any impairment (see accounting policy on impairment loss on financial assets below).

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

Objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (Continued)

For certain categories of financial assets, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the credit period of 30 days to 60 days, observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Financial liabilities and equity instruments

Financial liabilities and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial liabilities at amortised cost

Financial liabilities (including other payables) are subsequently measured at amortised cost, using the effective interest method.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Derivative financial instruments

Derivatives are initially recognised at fair value at the date when derivative contracts are entered into and are subsequently remeasured to their fair value at the end of the reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before taxation" as reported in the consolidated statement of profit or loss and other comprehensive income because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Taxation (Continued)

The carrying amount of deferred taxation assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessor

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease.

Leasehold land and building

When the Group makes payments for a property interest which includes both leasehold land and building elements, the Group assesses the classification of each element separately based on the assessment as to whether substantially all the risks and rewards incidental to ownership of each element have been transferred to the Group, unless it is clear that both elements are operating leases in which case the entire property is accounted as an operating lease. Specifically, the entire consideration (including any lump-sum upfront payments) are allocated between the leasehold land and the building elements in proportion to the relative fair values of the leasehold interests in the land element and building element at initial recognition.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgments in applying accounting policies

The following is the critical judgment, apart from those involving estimations (see below), that the directors of the Company have made in the process of applying the Group's accounting policies and that has the most significant effect on the amounts recognised in the consolidated financial statements.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Deferred taxation on investment properties

For the purposes of measuring deferred tax arising from investment properties that are measured using the fair value model, the directors of the Company have reviewed the Group's investment property portfolio and concluded that the Group's investment properties are not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time. Therefore, in determining the Group's deferred taxation on investment properties, the directors of the Company have determined that the presumption that the carrying amounts of investment properties measured using the fair value model are recovered entirely through sale is not rebutted. The Group has not recognised any deferred tax on changes in fair value of investment properties as the Group is not subject to any income taxes on the fair value changes of the investment properties on disposal.

Key sources of estimation uncertainty

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a. Fair value of investment properties

At the end of the reporting period, the Group's investment properties are carried at a total fair value of HK$3,398,200,000 (2017: HK$3,081,000,000) which substantially based on the valuations performed by independent qualified professional valuers. The valuations were arrived at by reference to market evidence of recent transaction prices for similar properties and/or on the basis of discounted cash flow projections based on estimates of future rental income from properties using current market rentals and yields as inputs. In relying on the valuation, management has exercised their judgment and is satisfied that the method of valuation is reflective of the current market conditions. Favourable or unfavourable changes to these assumptions would result in changes in the fair value of the Group's investment properties and corresponding adjustments to the amount of gain or loss reported in profit or loss.

b. Useful lives of property, plant and equipment

The management determines the estimated useful lives and related depreciation charges for its property, plant and equipment with a carrying amount of HK$85,807,000 (2017: HK$87,708,000). This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. The management will increase the depreciation charge where useful lives are less than previously estimated lives, or it will write-off or write-down assets that have been abandoned or sold.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Key sources of estimation uncertainty (Continued)

c. Fair value measurements and valuation processes

Some of the Group's assets are measured at fair value for financial reporting purposes. In estimating the fair value of an asset, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation. The management works closely with the independent qualified professional valuers to establish the appropriate valuation techniques and inputs to the model. The management reports the findings to the board of directors of the Company half yearly to explain the cause of fluctuations in the fair value.

The Group uses valuation techniques that include inputs that are not based on observable market data to estimate the fair value of certain investment properties and financial instruments. Note 13 provides detailed information about the valuation techniques, inputs and key assumptions used in the determination of the fair value of certain investment properties. Note 29(c) provides detailed information about the valuation techniques and key inputs used in the determination of the fair value of financial instruments.

5. REVENUE

The amount represents the following revenue recognised during the year:

	2018	2017
	HK$'000	*HK$'000*
Income from godown operations	**22,195**	31,816
Income from property investment	**85,257**	79,988
Dividend income from listed investments	**11,073**	7,233
Bank interest income	**4,308**	3,083
Other interest income	**682**	284
	123,515	122,404

6. SEGMENT INFORMATION

Information analysed on the basis of the operation of the Group's businesses, including godown operations, property investment and treasury investment, is reported to the chief operating decision maker, being the executive director of the Company, for the purposes of resources allocation and performance assessment of each operating segment. The Group's operating and reportable segments under HKFRS 8 "Operating Segments" are therefore as follows:

Godown operations	–	Operation of godowns
Property investment	–	Leasing of investment properties
Treasury investment	–	Securities trading and investment

6. SEGMENT INFORMATION (Continued)

Segment information about these operating and reportable segments is presented below:

For the year ended 31 March 2018

	Godown operations *HK$'000*	Property investment *HK$'000*	Treasury investment *HK$'000*	Consolidated *HK$'000*
Segment revenue	22,195	85,257	16,063	123,515
Segment profit	10,754	58,761	23,534	93,049
Increase in fair value of investment properties				412,146
Central administrative costs				(6,630)
Profit before taxation				498,565
Assets				
Segment assets	72,523	3,425,592	1,006,966	4,505,081
Bank balances and cash				181,170
Tax recoverable				1,390
Unallocated other assets				12,176
Consolidated total assets				4,699,817
Liabilities				
Segment liabilities	1,744	35,615	48	37,407
Tax payable				17,328
Deferred tax liabilities				63,950
Unallocated other liabilities				7,586
Consolidated total liabilities				126,271

	Godown operations *HK$'000*	Property investment *HK$'000*	Treasury investment *HK$'000*	Consolidated total *HK$'000*
Other information				
Amounts included in the measure of segment profit or loss or segment assets:				
Capital expenditure	1,499	27,971	–	29,470
Depreciation of property, plant and equipment	7,260	2,149	–	9,409
Fair value gain on derivative financial instrument	–	–	(110)	(110)
Fair value gain on investments held for trading	–	–	(12,063)	(12,063)

6. SEGMENT INFORMATION (Continued)

For the year ended 31 March 2017

	Godown operations *HK$'000*	Property investment *HK$'000*	Treasury investment *HK$'000*	Consolidated *HK$'000*
Segment revenue	31,816	79,988	10,600	122,404
Segment profit	15,079	58,019	28,451	101,549
Loss on disposal of property, plant and equipment				(9)

Reversal of provision for long service payments	(476)	(51)	–	(527)

6. SEGMENT INFORMATION (Continued)

The accounting policies of the operating segments are the same as the Group's accounting policies described in note 3. Segment profit represents the profit earned by each segment without allocation of increase in fair value of investment properties, other administrative costs, which include directors' fees, other expenses that are not directly related to the core businesses and income tax expenses. This is the measure reported to the chief operating decision maker for the purposes of resources allocation and performance assessment.

For the purposes of monitoring segment performances and allocating resources between segments:

- all assets are allocated to operating segments other than the Group's corporate assets, bank balances and cash and tax recoverable; and

- all liabilities are allocated to operating segments other than the Group's corporate liabilities, tax payable and deferred tax liabilities.

Information about major customers

The aggregate revenue attributable to the Group's five largest customers accounted for 25% (2017: 28%) of the Group's total revenue. The revenue attributable to the largest customer (included in both godown operations and property investment segments) in the current year amounted to HK$9,794,000 (2017: HK$11,395,000) which accounted for 8% (2017: 9%) of the Group's total revenue, and the revenue attributed to each of the remaining four customers are less than 8% of the Group's total revenue for both years.

Revenue from major services and investments

Analysis of the Group's revenue from its major services and investments are set out in note 5.

All the business operations and major non-current assets of the Group for both years are located and derived from Hong Kong.

7. BENEFITS AND INTERESTS OF DIRECTORS

Directors' and chief executive's emoluments

The emoluments paid or payable during the year to each of the five (2017: five) directors and the chief executive were as follows:

	Executive director	Non-executive director	Independent non-executive directors			
Name of directors	**Lu Wing Yee, Wayne**	**Lee Ka Sze, Carmelo**	**Gan Khai Choon**	**Lam Ming Leung**	**Leung Man Chiu, Lawrence**	**Total**
	HK$'000 ***(Note)***	***HK$'000***	***HK$'000***	***HK$'000***	***HK$'000***	***HK$'000***
2018						
Fees	51	248	278	248	248	1,073
Other emoluments						
Salaries	–	–	–	–	–	–
Discretionary bonus	–	–	–	–	–	–
Retirement benefits scheme contributions	18	–	–	–	–	18
Total emoluments	69	248	278	248	248	1,091

7. BENEFITS AND INTERESTS OF DIRECTORS (Continued)

Directors' and chief executive's emoluments – continued

	Executive director	Non-executive director	Independent non-executive directors			
Name of directors	Lu Wing Yee, Wayne	Lee Ka Sze, Carmelo	Gan Khai Choon	Lam Ming Leung	Leung Man Chiu, Lawrence	Total
	HK$'000 *(Note)*	*HK$'000*	*HK$'000*	*HK$'000*	*HK$'000*	*HK$'000*
2017						
Fees	41	233	261	233	233	1,001
Other emoluments						
Salaries	–	–	–	–	–	–
Discretionary bonus	–	–	–	–	–	–
Retirement benefits scheme contributions	18	–	–	–	–	18
Total emoluments	59	233	261	233	233	1,019

Note: Mr. Lu Wing Yee, Wayne has been taking sick leave since October 2011 and has voluntarily agreed to have payment of his salaries suspended. He gradually recovered from illness, and resumed part of his duties currently.

The executive directors' emoluments shown above were for their services in connection with the management of the affairs of the Company and the Group. The emoluments of the non-executive director and independent non-executive directors shown above were for their services as directors of the Company.

Mr. Lu Sin was the Chief Executive of the Company. Following the death of Mr. Lu Sin on 5 April 2015, the position of the Chief Executive of the Company has been vacant and has not been filled up as at the date of this report.

8. EMPLOYEES' EMOLUMENTS

Of the five individuals with the highest emoluments in the Group, no director was included for both years. The emoluments of the five (2017: five) highest paid individuals were as follows:

	2018	2017
	HK$'000	*HK$'000*
Salaries and other benefits	**3,183**	3,059
Discretionary bonus	**229**	229
Retirement benefits scheme contributions	**36**	36
	3,448	3,324

Their emoluments were within the band of HK$nil to HK$1,000,000.

9. PROFIT BEFORE TAXATION

	2018	2017
	HK$'000	*HK$'000*
Profit before taxation has been arrived at after charging (crediting):		
Auditor's remuneration		
– audit service	**925**	935
– non-audit services	**384**	373
Exchange (gain) loss, net	**(289)**	6,220
Gross rental income from investment properties	**(85,257)**	(79,988)
Less: direct operating expenses for investment properties that generated rental income	**10,884**	8,858
Net rental income	**(74,373)**	(71,130)
Dividend income from listed investments		
– investments held for trading	**(11,073)**	(7,233)
Bank interest income	**(4,308)**	(3,083)
Interest income from held-to-maturity investment	**(682)**	(284)
Fair value (gain) loss on derivative financial instrument *(Note)*	**(110)**	39,384
Fair value gain on investments held for trading *(Note)*	**(12,063)**	(46,962)

Note: Amount included in other gains and losses.

10. TAXATION

	2018	2017
	HK$'000	*HK$'000*
The charge comprises:		
Hong Kong Profits Tax		
Current year	**23,662**	8,160
Overprovision in prior years	**(611)**	(88)
	23,051	8,072
Deferred taxation *(see note 22)*		
Current year	**4,301**	5,001
	27,352	13,073

Hong Kong Profits Tax is calculated at 16.5% (2017: 16.5%) of the estimated assessable profit for the year.

10. TAXATION (Continued)

The tax charge for the year can be reconciled to the profit before taxation per the consolidated statement of profit or loss and other comprehensive income as follows:

	2018	2017
	HK$'000	*HK$'000*
Profit before taxation	**498,565**	282,703
Tax at the domestic income tax rate of 16.5% (2017: 16.5%)	**82,263**	46,646
Tax effect of expenses not deductible for tax purpose	**1,793**	2,217
Tax effect of income not taxable for tax purpose	**(54,082)**	(35,936)
Tax effect of tax losses not recognised	**300**	764
Tax effect of utilisation of tax losses previously not recognised	**(2,753)**	(675)
Overprovision in prior years	**(611)**	(88)
Others	**442**	145
Tax charge for the year	**27,352**	13,073

11. DIVIDENDS

	2018	2017
	HK$'000	*HK$'000*
Interim dividend paid in respect of 2018 – HK28 cents (2017: HK8 cents) per ordinary share	**37,800**	10,800
Special dividend paid in respect of 2018 – HK$nil (2017: HK22 cents) per ordinary share	**–**	29,700
Final dividend paid in respect of 2017 – HK12 cents (2016: HK12 cents) per ordinary share	**16,200**	16,200
Special dividend paid in respect of 2017 – HK88 cents (2016: HK$3.88) per ordinary share	**118,800**	523,800
	172,800	580,500

A final dividend of HK28 cents per share, amounting to HK$37,800,000 has been proposed by the directors of the Company and is subject to the approval by shareholders in the forthcoming annual general meeting.

12. EARNINGS PER SHARE – BASIC

The calculation of basic earnings per share is based on the profit for the year attributable to owners of the Company of HK$471,213,000 (2017: HK$269,630,000) and on 135,000,000 (2017: 135,000,000) shares in issue throughout both years.

No diluted earnings per share has been presented as there were no potential ordinary shares in issue in both years.

13. INVESTMENT PROPERTIES

	2018	2017
	HK$'000	*HK$'000*
AT FAIR VALUE		
At beginning of the year	**3,081,000**	2,694,200
Additions	**21,054**	199,411
Transfer from property, plant and equipment	**79,000**	–
Disposal of subsidiaries	**(195,000)**	–
Increase in fair value recognised in profit or loss	**412,146**	187,389
At end of the year	**3,398,200**	3,081,000

All of the Group's property interests held under operating leases to earn rentals or for capital appreciation purposes are measured using the fair value model and are classified and accounted for as investment properties.

The fair value of the majority of the Group's investment properties as at 31 March 2018 amounting to HK$3,370,000,000 (2017: HK$3,052,800,000) have been arrived at on the basis of valuations carried out on that date by Messrs. Jones Lang LaSalle Limited and A A Property Services Limited, Chartered Surveyors, independent qualified professional valuers not connected to the Group. The directors of Messrs. Jones Lang LaSalle Limited and A A Property Services Limited, Chartered Surveyors, who carried out the valuations, are members of the Hong Kong Institute of Surveyors. The fair values of the investment properties were determined based on the income approach and market comparison approach, where appropriate. For income approach, the valuations were arrived on the basis of capitalisation of the rental income receivable and reversionary income potential by adopting appropriate capitalisation rates. For market comparison approach, the valuations were arrived at by reference to the comparable sale transactions as available in the relevant market. This approach rests on the wide acceptance of the market transactions as the best indicator and pre-supposes that evidence of relevant transactions in the market place can be extrapolated to similar properties, subject to allowances for variable factors.

The fair value of the Group's other investment properties as at 31 March 2018 amounting to HK$28,200,000 (2017: HK$28,200,000) have been determined by the directors of the Company. The valuation performed by the directors of the Company was arrived on the basis of capitalisation of the rental income receivable and reversionary income potential by adopting appropriate capitalisation rates.

The revaluation gave rise to a gain arising from changes in fair value of HK$412,146,000 (2017: HK$187,389,000) which has been included in the consolidated statement of profit or loss and other comprehensive income.

In determining the fair value of the major investment properties, the Group engages independent qualified professional valuers to perform the valuation. The management works closely with the independent qualified professional valuers to establish the appropriate techniques and inputs to the model. The management reports the valuation reports and findings to the board of directors of the Company half yearly to explain the cause of fluctuations in the fair value of the investment properties.

There has been no change from the valuation technique used in prior year. In estimating the fair value of the properties, the highest and best use of the properties is their current use.

During the year, certain owned properties have become investment properties because the Group had rented out the properties to an independent third party to earn rentals and/or for capital appreciation. Accordingly, the carrying amounts of the relevant owned properties have been transferred from property, plant and equipment to investment properties. The surplus of the fair value of those owned properties over the carrying amounts at the date of transfer of HK$78,092,000 is recognised in property revaluation reserve.

In July 2017, the Group disposed of an investment property through disposal of a group of subsidiaries. The fair value of the investment property was valued at HK$195,000,000 at the date of disposal. Details of the disposal are set out in note 25.

13. INVESTMENT PROPERTIES (Continued)

The following table gives information about how the fair values of the major investment properties are determined (in particular, the valuation techniques and key inputs used), as well as the fair value hierarchy into which the fair value measurements are categorised (Levels 1 to 3) based on the degree to which the inputs to the fair value measurements is observable.

Investment properties held by the Group in the consolidated statement of financial position	Fair value 2018 HK$'000	Fair value 2017 HK$'000	Fair value hierarchy	Valuation techniques and key inputs	Significant unobservable inputs	Relationship of unobservable inputs to fair value	Sensitivity
Industrial/office property in Kwun Tong – Lu Plaza	**2,891,000**	2,527,000	Level 3	Income capitalisation approach: The key inputs are: (i) capitalisation rate (ii) market unit rent	Capitalisation rate, taking into account the capitalisation of rental income potential, nature of the property, prevailing market condition, of 3.7% (2017: 4.2%).	The higher the capitalisation rate, the lower the fair value.	Note (a)
					Market unit rent, taking into account direct market comparables within the property.	The higher the market unit rent, the higher the fair value.	Note (b)
Industrial/godown premises in Kwai Chung – Safety Godown	**370,000**	240,000	Level 3	Income capitalisation approach: The key inputs are: (i) capitalisation rate (ii) market unit rent	Capitalisation rate, taking into account the capitalisation of rental income potential, nature of the property, prevailing market condition, of 5.2% (2017: 5.3%).	The higher the capitalisation rate, the lower the fair value.	Note (a)
					Market unit rent, taking into account direct market comparables within the property.	The higher the market unit rent, the higher the fair value.	Note (b)
Office property in Kwun Tong – One Harbour Square	**–**	193,800	Level 2	Direct comparison approach based on making reference to sales evidence of similar property in the vicinity as available on the market	N/A	N/A	

Notes:

(a) A significant change in the unobservable inputs would result in a significant higher or lower fair value measurement.

(b) There is no indication that any slight change in the unobservable input would result in a significant higher or lower fair value measurement.

There were no transfers into or out of Level 2 or Level 3 during the year.

14. PROPERTY, PLANT AND EQUIPMENT

	Leasehold land and/or buildings of godown premises in Hong Kong	Leasehold improvements, furniture, fixtures and equipment	Motor vehicles	Total
	HK$'000	*HK$'000*	*HK$'000*	*HK$'000*
COST				
At 1 April 2016	129,284	15,280	2,248	146,812
Additions	14,826	3,084	–	17,910
Disposals/write off	–	(1,396)	–	(1,396)
At 31 March 2017	144,110	16,968	2,248	163,326
Additions	–	7,968	448	8,416
Transfer to investment properties	(2,371)	(405)	–	(2,776)
Written off	–	(3,143)	–	(3,143)
At 31 March 2018	141,739	21,388	2,696	165,823
DEPRECIATION				
At 1 April 2016	52,769	14,832	2,248	69,849
Provided for the year	6,142	1,014	–	7,156
Eliminated on disposals/write off	–	(1,387)	–	(1,387)
At 31 March 2017	58,911	14,459	2,248	75,618
Provided for the year	6,495	2,802	112	9,409
Transfer to investment properties	(1,868)	–	–	(1,868)
Eliminated on written off	–	(3,143)	–	(3,143)
At 31 March 2018	63,538	14,118	2,360	80,016
CARRYING AMOUNTS				
At 31 March 2018	78,201	7,270	336	85,807
At 31 March 2017	85,199	2,509	–	87,708

During the year ended 31 March 2018, an owner-occupied property with a carrying value of HK$908,000 was transferred to investment properties upon commencement of operating lease to an independent third party. Fair value of the owner-occupied property at the date of transfer amounted to HK$79,000,000, and a surplus on revaluation of HK$78,092,000 was credited to property revaluation reserve.

The above items of property, plant and equipment are depreciated on a straight-line basis at the following rates per annum:

Leasehold land and/or buildings of godown premises in Hong Kong	Shorter of the useful life of the buildings or the unexpired term of the land lease (3% to 7% per annum)
Leasehold improvements, furniture, fixtures and equipment	25% per annum
Motor vehicles	25% per annum

At 31 March 2018, the cost of fully depreciated property, plant and equipment of the Group that is still in use amounted to HK$10,242,000 (2017: HK$10,115,000).

15. HELD-TO-MATURITY INVESTMENT

At 31 March 2018 and 31 March 2017, the Group held an unsecured senior note denominated in United States dollar ("US$") with a principal amount of US$3,000,000, equivalent to approximately HK$23,241,000 (2017: HK$23,239,000) issued by a financial institution, which bears interest at the rate of 3% per annum receivable semi-annually. The note will mature on 5 April 2020.

The directors consider that the carrying amounts of the note as at 31 March 2018 and 31 March 2017 approximate their fair values.

16. DERIVATIVE FINANCIAL INSTRUMENT

	2018	2017
	HK$'000	*HK$'000*
Non-current asset:		
Participatory notes ("Participatory Notes")	**–**	15,049

During the year ended 31 March 2017, the Group entered into the US$ Participatory Notes, which are linked to The Jupiter Dynamic Bond Fund and issued by Goldman Sachs International, London, with UBS AG Hong Kong Branch.

Major terms of the Participatory Notes are as follows:

Principal amount	**Maturity date**	**Minimum redemption**	**Participation rate**
US$2,000,000	10 February 2020	100%	150%

In the current year, the Group disposed of all derivative financial instrument. An increase in fair value of HK$110,000 has been recognised in profit or loss for the current year.

17. INVESTMENTS HELD FOR TRADING

	2018	2017
	HK$'000	*HK$'000*
Equity investments, at fair value:		
Listed in:		
Hong Kong	**191,756**	313,621
Switzerland	**18,755**	–
United Kingdom	**6,349**	–
United States	**28,531**	–
Unlisted	**63,969**	–
Unlisted, debt instruments at fair value	**74,859**	–
	384,219	313,621

18. TRADE AND OTHER RECEIVABLES

	2018	2017
	HK$'000	*HK$'000*
Trade receivables	**4,794**	5,648
Less: allowance for doubtful debts	**–**	–
	4,794	5,648
Other receivables	**3,022**	2,490
Prepayments and deposits	**20,790**	8,957
	28,606	17,095

The following is an ageing analysis of trade receivables of the Group presented based on the billing date:

	2018	2017
	HK$'000	*HK$'000*
Within 60 days	**4,689**	4,872
61-90 days	**105**	322
Over 90 days	**–**	454
	4,794	5,648

The Group has a policy of allowing credit period of 60 days to its customers in respect of godown operations and 30 days for tenants. Before accepting any new customer, the Group will assess the potential customer's credit quality. Credit limits allowed to customers are reviewed once a year.

The Group has the rights to charge godown business customers and tenants for interest on overdue balance on receivables, as stipulated in account opening agreement, godown warrant and lease agreement. Allowances for doubtful debts are made based on estimated irrecoverable amounts, determined by reference to the age of the debts, customers' current ability to pay, and the economic environment in which the customers operate.

Included in the Group's trade receivables balance are debtors with an aggregate carrying amount of HK$669,000 (2017: HK$776,000) and which are past due by 1 to 60 days at the end of the reporting period for which the Group has not provided for impairment loss. The directors of the Company determined that these receivables are due from customers of good credit quality with no history of default and two to three months deposits are received from these tenants as security for their performance under the tenancy agreements. The Group does not hold any collateral from its other customers.

Trade receivables that are neither past due nor impaired have good credit quality and low default rate based on internal credit assessment performed by the management of the Group.

19. BANK DEPOSITS/OTHER DEPOSITS/BANK BALANCES AND CASH

The bank deposits are designated for treasury investment purpose.

Bank deposits are carrying interest at variable rates ranging from 0.01% to 2.05% (2017: 0.01% to 5.68%) per annum.

As at the end of the reporting period, the Group has the following bank and other deposits denominated in foreign currencies:

	2018	2017
	HK$'000	*HK$'000*
Bank and other deposits denominated in:		
Australian dollar ("A$")	**7,854**	1,166
US$	**295,883**	481,580

Other deposits represent deposits with security brokers which are carrying interest at 0.1% (2017: 0.1%) per annum.

The bank balances carry prevailing market interest rates.

20. OTHER PAYABLES

	2018	2017
	HK$'000	*HK$'000*
Tenants' deposits	**12,983**	14,591
Receipts in advance	**3,102**	3,491
Payable for acquisition of unsecured senior note	**–**	23,239
Dividend payable	**4,998**	11,919
Others	**3,070**	5,643
	24,153	58,883

21. SHARE CAPITAL

	Number of shares	Amount
		HK$'000
Issued and fully paid:		
Ordinary shares with no par value		
At 1 April 2016, 31 March 2017 and 31 March 2018	135,000,000	178,216

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meeting of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

22. DEFERRED TAXATION

The followings are the major deferred tax liabilities (assets) recognised by the Group and movements during the current and prior years:

	Accelerated tax depreciation	Tax losses	Total
	HK$'000	*HK$'000*	*HK$'000*
At 1 April 2016	55,329	(276)	55,053
Charge (credit) to profit or loss	5,009	(8)	5,001
At 31 March 2017	60,338	(284)	60,054
Charge (credit) to profit or loss	4,308	(7)	4,301
Disposal of subsidiaries (Note 25)	(405)	–	(405)
At 31 March 2018	64,241	(291)	63,950

For the purpose of presentation in the consolidated statement of financial position, the above deferred tax assets and liabilities have been offset.

At 31 March 2018, the Group has estimated unused tax losses of HK$57,018,000 (2017: HK$71,837,000) available for offset against future profits that may be carried forward indefinitely. A deferred tax asset has been recognised in respect of HK$1,761,000 (2017: HK$1,715,000) of such losses. No deferred tax asset has been recognised in respect of the remaining HK$55,257,000 (2017: HK$70,122,000) due to the unpredictability of future profit streams.

23. PROVISION FOR LONG SERVICE PAYMENTS

The Group did not have any formal retirement scheme before participating in the Mandatory Provident Fund Scheme, but makes provision for long service payments on an annual basis. The directors are of the opinion that the provision at the end of the reporting period is sufficient to cover the Group's probable obligations. The level of such provision will be reviewed on an annual basis and adjusted as appropriate.

Movements in the provision for long service payments during the year are as follows:

	2018	2017
	HK$'000	*HK$'000*
Balance brought forward	**412**	961
Addition	**75**	–
Reversal of provision	**–**	(527)
Utilisation during the year	**(75)**	(22)
Balance carried forward	**412**	412

In addition to the provision for long service payments, the Group has contributed to the Mandatory Provident Fund Scheme for all employees commencing from 1 December 2000 and the amount charged for the year is HK$382,000 (2017: HK$406,000).

24. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

The table below details changes in the Group's liabilities arising from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are those for which cash flows were, or the future cash flows will be, classified in the Group's consolidated statement of cash flows as cash flows from financing activities.

	Dividend payable
	HK$'000
At 1 April 2017	11,919
Non-cash changes - Dividends declared (note 11)	172,800
Changes from financing cash flows - Dividends paid	(179,721)
At 31 March 2018	4,998

25. DISPOSAL OF SUBSIDIARIES

In July 2017, the Group disposed of 100% equity interest in Topgrade Enterprises Limited and its subsidiary (collectively referred to as the "Topgrade Group") to an independent third party at a cash consideration of HK$196,000,000.

Upon the completion of the disposal, the Topgrade Group will cease to be the subsidiaries of the Company and their financial results will cease to be consolidated in the consolidated financial statements of the Company.

The above transaction is accounted for as disposal of assets and liabilities through disposal of subsidiaries because these companies was holding an investment property without significant process applied at the date of the disposal. Details of the assets disposed and liabilities assumed are as below:

	HK$'000
Investment property	195,000
Trade and other receivables	565
Other payables	(7)
Deferred tax liabilities	(405)
	195,153
Consideration satisfied by:	
Cash consideration	196,000
Net assets disposed of	(195,153)
Expenses incurred on disposal	(2,357)
Loss on disposal of subsidiaries	(1,510)
Net cash inflow arising on disposal:	
Cash consideration	196,000
Expenses incurred on disposal	(2,357)
Net cash consideration received	193,643

26. OPERATING LEASES

The Group as lessor:

Property rental income earned during the year was HK$85,257,000 (2017: HK$79,988,000). The properties held have committed tenants for terms ranging from one month to five years (2017: one month to five years).

At the end of the reporting period, the Group had contracted with tenants for future minimum lease payments under non-cancellable operating leases in respect of rented premises which fall due as follows:

	2018	2017
	HK$'000	*HK$'000*
Within one year	**77,571**	66,237
In the second to fifth year inclusive	**106,119**	60,601
	183,690	126,838

27. RELATED PARTY DISCLOSURES

During the year, the Group and the Company received a reimbursement of expenses amounting to HK$240,000 (2017: HK$240,000) from a company which is taken to be controlled by Ms. Chan Koon Fung (spouse of the late Chairman Mr. Lu Sin) and Mr. Lu Wing Yee, Wayne, executive director of the Company, as he is one of the executors of the estate of Mr. Lu Sin). The reimbursement represents a share of the expenses incurred in respect of the occupation of office premises and general administrative services provided to the related company.

Details of the directors' remuneration are disclosed in note 7. The remuneration of directors is determined by the Remuneration and Nomination Committee, having regard to the performance of the individuals and market trends.

The amounts due from/to subsidiaries are disclosed in the Company's statement of financial position in note 31.

28. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of equity of the Company, comprising issued share capital, retained profits and other reserves.

The management of the Group reviews the capital structure on a regular basis. As part of this review, the management of the Group considers the cost of capital and the risks associated with issued share capital and will balance its overall capital structure through payment of dividend and issuing new shares.

29. FINANCIAL INSTRUMENTS

a. Categories of financial instruments

	2018	2017
	HK$'000	*HK$'000*
Financial assets		
Loans and receivables	**796,170**	800,616
Investments held for trading	**384,219**	313,621
Held-to-maturity investment	**23,241**	23,239
Derivative financial instrument	**–**	15,049
Financial liabilities at amortised cost	**7,521**	38,589

b. Financial risk management objectives and policies

The Group's major financial instruments include trade and other receivables, bank and other deposits, bank balances and cash, investments held for trading, derivative financial instrument, held-to-maturity investment and other payables. Details of the financial instruments are disclosed in the respective notes. The risks associated with these financial instruments include market risk (currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk

(i) Currency risk

Certain bank and other deposits, derivative financial instrument and held-to-maturity investments of the Group are denominated in foreign currencies, and therefore the Group is exposed to foreign currency risk. The Group currently does not have a foreign currency hedging policy. However, the management of the Group regularly monitors the Group's foreign exchange exposure and will consider hedging significant foreign exchange exposure should the need arise. The carrying amounts of the Group's foreign currency denominated monetary assets at the end of the reporting period are as follows:

	2018	2017
	HK$'000	*HK$'000*
A$	**7,854**	1,166
US$	**512,565**	519,868

The HK$ is pegged to US$ and the management is of the opinion that the foreign exchange risk of the financial instruments denominated in US$ is insignificant.

29. FINANCIAL INSTRUMENTS (Continued)

b. Financial risk management objectives and policies (Continued)

Market risk (Continued)

(i) Currency risk (Continued)

The following table details the Group's sensitivity to a 5% (2017: 5%) rate increase or decrease in HK$ against A$. 5% (2017: 5%) is the sensitivity rate used which represents management's assessment of a reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% (2017: 5%) change in foreign currency rates. A positive number below indicates an increase in profit for the year where HK$ weakened 5% (2017: 5%) against the relevant currencies. For a 5% (2017: 5%) strengthening of HK$ against the relevant currencies, there would be an equal and opposite impact on the profit for the year, and the balances below would be negative.

	2018	2017
	HK$'000	*HK$'000*
A$	**328**	49

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk as the year end exposure does not reflect the exposure during the year.

(ii) Interest rate risk

The Group is exposed to cash flow interest rate risk mainly in relation to variable-rate bank deposits (see note 19 for details). The Group is also exposed to fair value interest rate risk in relation to held-to-maturity investment with interest at fixed rate.

The management monitors the cash flow and fair value interest rate risk exposures and will take appropriate action should the need arise.

In view of the current low-interest rate environment, the management is of the opinion that the interest rate risk on bank deposits is insignificant.

(iii) Other price risk

The Group is exposed to equity price risk through its investments held for trading and derivative financial instrument. The management manages this exposure by monitoring closely market fluctuations and maintaining a portfolio of investments with different risks. The Group's equity price risk is mainly concentrated on equity instruments quoted in the Stock Exchange, the New York Stock Exchange, the SIX Swiss Exchange and the London Stock Exchange. In addition, the Group has appointed a special team of personnel to monitor the price risk and will consider hedging the risk exposure should the need arise.

The sensitivity analyses below have been determined based on the exposure to equity price risk at the end of the reporting date. 10% (2017: 10%) is the sensitivity rate used which represents management's assessment of a reasonably possible change in equity price on investments.

If the prices of the investments held for trading had been 10% (2017: 10%) higher/lower, the Group's profit for the year ended 31 March 2018 would increase/decrease by HK$32,082,000 (2017: HK$26,187,000) as a result of the changes in fair value of investments held for trading.

If the price of the derivative financial instrument had been 10% (2017: 10%) higher/lower, the Group's profit for the year ended 31 March 2018 would increase/decrease by HK$nil (2017: HK$1,257,000) as a result of the changes in fair value of derivative financial instrument.

29. FINANCIAL INSTRUMENTS (Continued)

b. Financial risk management objectives and policies (Continued)

Credit risk

The Group is exposed to credit risk that the counterparty to a financial instrument will cause a financial loss for the Group by failing to discharge its obligations.

The Group's maximum exposure to credit risk in the event of the counterparties' failure to perform their obligations as at 31 March 2018 in relation to each class of recognised financial assets is the carrying amount of those assets in the consolidated statement of financial position. The Group's credit risk is primarily attributable to its held-to-maturity investment, bank and other deposits, bank balances and trade and other receivables. The amounts carried in the consolidated statement of financial position are net of allowances for doubtful receivables estimated by management based on the age of the debts, their knowledge of customers' credit-worthiness and current ability to pay, management's prior experience and their assessment of the current economic environment in which the customers operate. The management reviews the recoverable amounts of significant trade receivables regularly to ensure that adequate allowances for doubtful debts are recognised if considered appropriate. The Group does not have any concentration of credit risk in their trade receivables as there is a large number of customers.

The credit risk on the Group's bank and other deposits and bank balances is limited because the counterparties have high credit ratings.

Liquidity risk

The ultimate responsibility for liquidity risk management rests with the directors of the Company, who have built an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity requirements. The Group manages liquidity risk by maintaining adequate working capital, available banking facilities by continuously monitoring forecast and actual cash flows and matching profiles of financial assets and liabilities.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

	Non-interest bearing	
	2018	2017
	HK$'000	*HK$'000*
0-1 year	**20,505**	53,180
1-2 years	**10,095**	3,937
2-5 years	**10,333**	9,561
Total undiscounted cash flows	**40,933**	66,678
Carrying amounts	**40,933**	66,678

29. FINANCIAL INSTRUMENTS (Continued)

c. Fair value measurements of financial instruments

Some of the Group's financial assets are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation techniques and inputs used).

Financial assets	**Fair value as at 31 March**		**Fair value hierarchy**	**Valuation techniques and key inputs**	**Significant unobservable inputs**
	2018	2017			
	HK$'000	*HK$'000*			
Listed investments held for trading	**384,219**	313,621	Level 1	Quoted bid prices in an active market.	N/A
Participatory notes as derivative financial instrument	**–**	15,049	Level 3	Discounted cash flow. Future cash flows are estimated based on probability-adjusted fund prices and volatility discounted at a rate that reflects the credit risk of various counterparties.	Volatility of underlying fund prices (Note).

Note: An increase in the volatility used in isolation would result in an increase in fair value measurement of the participatory notes, and vice versa.

The directors of the Company consider that the carrying amounts of other financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values. The fair values of these financial assets and liabilities have been determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

There were no transfers between Level 1 and Level 2 in the current and prior years.

30. CAPITAL COMMITMENTS

	2018	2017
	HK$'000	*HK$'000*
Capital expenditure contracted for but not provided in the consolidated financial statements in respect of:

32. PARTICULARS OF PRINCIPAL SUBSIDIARIES OF THE COMPANY

Particulars of principal subsidiaries at 31 March 2018 and 2017 are as follows:

Name of company	Place of incorporation/ registration	Paid-up capital	Proportion of nominal value of issued capital held by the Company 2018	2017	Principal activities
Safety Logistics Services Limited	Hong Kong	HK$10,000,000 Ordinary shares	100%	100%	Operating godown
Chi Kee Investment Company Limited	Hong Kong	HK$500,000 Ordinary shares	100%	100%	Property investment
Chivas Godown Company Limited	Hong Kong	HK$10,000,000 Ordinary shares	100%	100%	Securities trading
Evertime Resources Limited	British Virgin Islands	US$1 Ordinary shares	100%	100%	Securities trading
Gaylake Limited	Hong Kong	HK$1,000 Ordinary shares	100%	100%	Property investment and holding godown
Genlink Development Limited	Hong Kong	HK$2 Ordinary shares	100%	100%	Property investment
Good Ready Investment Limited	Hong Kong	HK$2 Ordinary shares	100%	100%	Property investment
Magic Aim Enterprises Limited #	Hong Kong	HK$1 Ordinary shares	–	100%	Property investment
Rich China Development Limited	Hong Kong	HK$2 Ordinary shares	100%	100%	Securities trading

The subsidiary was disposed of during the year ended 31 March 2018.

The above table lists the major subsidiaries of the Company which, in the opinion of the directors, principally affected the results or assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length. A complete list of all the Company's subsidiaries will be annexed to the next annual return of the Company.

None of the subsidiaries had issued any debt securities at the end of the year or at any time during the year.

Particulars of Major Properties

Particulars of major properties which were held by the Group at 31 March 2018 are as follows:

(a) Industrial/godown premises in Hong Kong:

Location	Lease term	Effective interest held	Approximate floor area attributable to the Group *sq. ft.*	Type
The whole of Safety Godown (except G/F, M/F and 8/F) 132-140 Kwok Shui Road, Kwai Chung, New Territories, Hong Kong	Medium-term lease	100%	322,000	Industrial/godown premises

(b) Investment properties in Hong Kong:

Location	Lease term	Effective interest held	Approximate floor area attributable to the Group *sq. ft.*	Type
2 Wing Yip Street, Kwun Tong, Kowloon Hong Kong	Medium-term lease	100%	430,000 and 191 car-parking spaces	Office
G/F, M/F and 8/F of Safety Godown 132-140 Kwok Shui Road, Kwai Chung, New Territories, Hong Kong	Medium-term lease	100%	99,000	Industrial/godown premises
