Chairman's Statement

Dear Shareholders,

On behalf of the board of Directors (the "Board"), I am pleased to present the audited consolidated financial statements of the Company and its subsidiaries (collectively, the "Group") for the year ended 31 March 2018.

Results

The Group's revenue for the year ended 31 March 2018 was approximately HK\$99,295,000 (2017: HK\$105,445,000), representing a decrease of approximately 5.8%. The decrease was mainly due to decrease in accessories business. The Group's gross profit for the year ended 31 March 2018 slightly decreased approximately 0.7% to approximately HK\$50,288,000 (2017: HK\$50,619,000). The earnings attributable to the owners of the Company for the year ended 31 March 2018 was approximately HK\$25,270,000 as compared with approximately HK\$22,650,000 for the year ended 31 March 2017. The increase was mainly attributable to the increase in repair income.

Business Overview

The successful transfer of our listing from GEM to Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 27 March 2018, marks a remarkable milestone of the development and demonstrates that 2017 has been an extraordinary year for the Group. We believed that the listing of the shares of the Company (the "Shares") on the Main Board will be beneficial to the future growth and business development of the Group.

On 12 April 2017, Telecom Service One Limited ("TSO"), a wholly-owned subsidiary of the Company has successfully obtained ISO 9001:2015 Quality Management System certification. The qualification strengthens the relationship with our customers and reinforces the corporate governance and compliance management which facilitates our further expansion. Building on this solid foundation, the Group is continuing to expand and improve its business moving forward.

The Group has maintained its market position as one of the leading comprehensive mobile phone repair and refurbishment services providers in Hong Kong and Macau. As at 31 March 2018, the Group has been appointed to provide repair and refurbishment services by 16 corporate customers including 12 global manufacturers of mobile phones and 2 global services companies.

Prospect

Looking ahead, the Group will continue streamlining management process, integrating external and internal resources while enhancing our business processes and management models. In addition, enhancing customer satisfaction is always important to us and therefore we will continue improving our service quality so as to forge a stable and close relationship with our customers.

Leveraging the listing of the Shares on the Main Board will benefit us by bolstering the Group's market position, helping us to capture a greater market share as well as raising brand recognition. In addition, we will continue to explore potential business opportunities to deliver greater value to our shareholders.

Chairman's Statement (Continued)

Appreciation

Over the year, the Group has achieved fruitful results and successfully transferred the listing of its Shares on the Main Board of the Stock Exchange, marking an important milestone in its development. All of these achievements would not have been possible without the unwavering support from our customers, business partners, suppliers and shareholders, plus the guidance of our management team as well as the dedication of our staff.

Cheung King Shek Chairman and Non-executive Director Hong Kong, 26 June 2018

Management Discussion and Analysis

Industry Review

The market of repair and refurbishment services for mobile phones and other personal electronic products in Hong Kong is highly fragmented and competitive. Due to keen competition amongst mobile phone manufacturers, new models of mobile phones are released to the market every three-to-six months to stimulate consumers' demand. Strong smartphone sales and the growth in smartphone usage provide ongoing opportunities for the Group. Although the market is gradually becoming more competitive, through continued improvement in its operational efficiency and service quality, the Group is confident in its ability to maintain market share.

By leveraging its professional technical team and close relationships with customers, as well as its strong experience in the provision of repair and refurbishment services for mobile phones and its commitment to providing value-added and quality services, the Group is able to deliver timely, professional and quality services to its customers, so as to excel amidst the keen competition.

Business Review

The Group has become a well-established repair services provider in Hong Kong since its establishment in 1999. The Group mainly provides repair and refurbishment services for mobile phones and personal electronic products as well as the sale of related accessories. The Group has been appointed by corporate customers comprising manufacturers of mobile phones and personal electronic products, telecommunications services providers and global services companies as their service provider to provide repair and refurbishment services for their products and to their customers. As at 31 March 2018, the Group has been appointed by 16 corporate customers (as at 31 March 2017: 17). The Group has operated seven service centres in Hong Kong and one service centre in Macau.

During the year, TSO has successfully obtained ISO 9001:2015 Quality Management System certification. This helps to lay a solid foundation for strengthening the Group's corporate governance and compliance management as well as its service capabilities, thus supporting its further expansion.

Due to the change of operation model and requirement of a mobile phone manufacturer, the Group and the customer have mutually agreed to terminate the Shenzhen services agreement, hence the repair centre in Shenzhen has been closed on 30 June 2017. Accordingly, the Group has no more business activity in the People's Republic of China ("PRC"), and most of the revenues during the year have been generated from the provision of repair and refurbishment services in Hong Kong.

Financial Review

Revenue

The Group's revenue comprises repairing service income and income from sales of accessories. Repairing service income for the year ended 31 March 2018 was approximately HK\$96,852,000 (2017: HK\$92,673,000), representing an increase of approximately 4.5% over the previous year. The increase in repairing service income was mainly due to the increase in repair jobs. Revenue from sales of accessories for the year ended 31 March 2018 decreased approximately 80.9% to approximately HK\$2,443,000 as compared to approximately HK\$12,772,000 in the previous year. The decrease was mainly attributable to the decrease in sales order from a corporate customer.

Management Discussion and Analysis (Continued)

Cost of Sales

The Group's cost of sales comprises mainly direct labour cost and parts cost. During the year ended 31 March 2018, cost of sales decreased by approximately 10.6% to approximately HK\$49,007,000 from approximately HK\$54,826,000. The decrease in cost of sales was attributable to the decrease in both parts cost and labour cost. The Group's cost of inventories sold was approximately HK\$15,984,000 (2017: HK\$21,277,000), representing a decrease of approximately 24.9% from that of the previous year. The decrease was due to the Group received fewer work orders which required the Group to purchase spare parts and components and such costs were not reimbursed. In addition, cost of accessories also decreased for the down-turn of accessories business.

Direct labour cost for the year ended 31 March 2018 was approximately HK\$33,023,000 (2017: HK\$33,549,000), representing a slight decrease of approximately 1.6%. The decrease was mainly due to the reduction of manpower.

Gross Profit and Gross Profit Margin

The Group's gross profit for the year was approximately HK\$50,288,000 (2017: HK\$50,619,000), representing a slight decrease of 0.7% over the previous year. Gross profit margin increased by approximately 2.6% to approximately 50.6% from approximately 48.0%. The increase in gross profit margin was primarily because of the increase in new work orders (for pre-loading of apps), such new work orders of pre-loading apps did not require the Group to purchase spare parts to perform such work orders.

Other Income

Other income for the year was approximately HK\$5,110,000 (2017: HK\$2,101,000). Other income mainly contributed by management fee income, consignment goods handling income, foreign exchange difference and bank interest income. The increase was mainly due to the foreign exchange gain on the foreign currency deposit, increase in storage charge and a one-off special repair job assigned by a corporate customer.

Net Operating Expenses and Administrative Expenses

Other operating expenses, net for the year ended 31 March 2018 were approximately HK\$9,968,000 (2017: HK\$10,316,000), representing a decrease of approximately 3.4% over the previous year. The decrease was mainly due to decrease in rental expenses for relocation of a repair centre for a corporate customer in March 2017.

Administrative expenses for the year ended 31 March 2018 was approximately HK\$15,906,000 (2017: HK\$14,871,000), representing an increase of approximately 7.0%. The increase was mainly due to the professional fee incurred for the transfer of listing from GEM to Main Board.

Income Tax Expenses

Income tax for the year ended 31 March 2018 was approximately HK\$4,253,000 (2017: HK\$4,743,000), representing a decrease of approximately 10.3%.

Profit for the Year

Profit for the year ended 31 March 2018 was approximately HK\$25,270,000 (2017: HK\$22,650,000), representing an increase of approximately 11.6% as compared to the previous year.

Material Acquisitions or Disposals and Significant Investments

The Group did not make any material acquisition or disposal of subsidiaries or significant investments during the year ended 31 March 2018.

Management Discussion and Analysis (Continued)

Liquidity and Financial Resources

As at 31 March 2018, the Group had current assets of approximately HK\$108,063,000 (2017: HK\$88,849,000) and current liabilities of approximately HK\$7,518,000 (2017: HK\$8,358,000).

As at 31 March 2018, the Group's gearing ratio was approximately 0.1% as compared to approximately 1.7% as at 31 March 2017, which is calculated based on the Group's total borrowings of approximately HK\$53,000 (2017: HK\$1,444,000) and the Group's total equity of approximately HK\$103,062,000 (2017: HK\$83,860,000).

At present, the Group generally finances its operations with internally generated cash flows and banking facilities. Net cash generated from operating activities for the year was approximately HK\$32,590,000. Net cash from investing activities was approximately HK\$20,568,000.

The Group maintained a healthy liquidity position as at 31 March 2018. The Group had cash and cash equivalents of approximately HK\$78,170,000 as at 31 March 2018 (2017: HK\$31,291,000). Apart from providing working capital to support its business development, the Group also has available banking facilities and the net proceeds from the placing and listing (the "Listing") of the issued ordinary shares of the Company on GEM on 30 May 2013 to meet potential needs for business expansion and development. As at 31 March 2018, the Group has no bank borrowings and the unutilised banking facilities of approximately HK\$9,349,000 available for further drawdown should it have any further capital needs.

Contingent Liabilities

As at 31 March 2018, the Group had no material contingent liabilities (2017: nil).

Foreign Currency Risk

The majority of the Group's business are in Hong Kong and are denominated in Hong Kong dollars and United States dollars. The Group currently does not have a foreign currency hedging policy. However, the Directors of the Group continuously monitor the related foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

Capital Commitments

As at 31 March 2018, the Group did not have any significant capital commitments (2017: nil).

Dividend

At a meeting held on 26 June 2018, the Board declared the fourth interim dividend of HK\$0.05 per share for the year ended 31 March 2018 (2017: nil).

Capital Structure

Except for the issue of new shares upon the exercise of share options as disclosed in note 25 to the consolidated financial statements, there was no change in the capital structure during the year ended 31 March 2018.

The capital structure of the Group consists of bank balances and cash and equity attributable to owners of the Group, comprising issued share capital and reserves. The management reviews the capital structure regularly. As part of the review, they consider the cost of capital and the risks associated with each class of capital. Based on the recommendations of the management, the Group will balance its overall capital structure through the payment of dividends, issuance of new shares as well as the issue of new debt or the redemption of existing debt.

Management Discussion and Analysis (Continued)

Significant Investments Held

Except for investments in subsidiaries, during the year ended 31 March 2018, the Group did not hold any significant investment in equity interest in any other company and did not own any property.

Employees and Remuneration Policies

As at 31 March 2018, the Group employed 142 (2017: 161) full-time employees including management, administration, operation and technical staff. The employees' remuneration, promotion and salary increments are assessed based on both individual's and the Group's performance, professional and working experience and by reference to prevailing market practice and standards. The Group regards quality staff as one of the key factors to corporate success.

Outlook

Followed by the transfer of its listing from GEM to Main Board of the Stock Exchange on 27 March 2018, the Group will continue its development strategy and remain vigilant towards market risks and uncertainties. The Group will continue streamlining its management procedures, integrating external and internal resources while enhancing its business processes and management model.

Leveraging the enhanced corporate profile and recognition of the Group after the transfer of the listing, the Group will seek to further enhance its service quality and strengthen its market-leading position, so as to capture greater market share and raise its brand recognition. Apart from the above general directions, the Group will also cautiously assess any new business opportunities and evaluate them with prudent consideration, with the aim to drive continuous and sustainable business growth.

Use of Proceeds

The net proceeds from the Listing were approximately HK\$14.9 million, which was based on the final placing price of HK\$1.00 per Share and the actual expenses on the Listing. As disclosed in the Prospectus, HK\$13.4 million will be used for the acquisition of a commercial property in Hong Kong for use as a customer service centre. The balance of HK\$1.5 million will be reserved as general working capital.

As at the date of this annual report, the net proceeds of HK\$13.4 million have not been utilised and are held by the Company in short-term deposits with licensed banks and authorised financial institutions in Hong Kong.

The Company currently intends to apply the net proceeds in the manner as stated in the Prospectus. However, the Directors will constantly evaluate the Group's business objectives and may change or modify plans against the changing market condition to attain sustainable business growth of the Group.

Any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election.

In compliance with the Code Provision A.4.2 of the CG Code, every Director should be subject to retirement by rotation at least once every three years. Furthermore, pursuant to Article 108(a) of the Articles of Association, at each annual general meeting, one-third of the Directors for the time being, or, if their number is not three or a multiple of three, then the number nearest to but not less than one-third, shall retire from office by rotation provided that every Director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every three years. A retiring Director shall be eligible for re-election.

In compliance with the Code Provision A.4.3 of the CG Code, the re-election of each of those independent non-executive Directors who has served on the Board for more than nine years is subject to (i) a separate resolution to be approved by the Shareholders at the relevant annual general meeting; and (ii) further information being given to Shareholders together with the notice of meeting the reasons why the Board believes the relevant Director is still independent and should be re-elected.

A Director may be removed by an ordinary resolution of the Company before the expiration of his/her term of office (but without prejudice to any claim which such Director may have for damages for any breach of any contract between him/her and the Company) and the Company may by ordinary resolution appoint another in his/her place.

Independent Non-executive Directors

The Company has three independent non-executive Directors to comply with Rule 3.10(1) of the Listing Rules. Furthermore, among the three independent non-executive Directors, Mr. Tso Ka Yi has appropriate professional qualifications or accounting or related financial management expertise as required by Rule 3.10(2) of the Listing Rules. In accordance with Rule 3.13 of the Listing Rules, the Company has received from each of its independent non-executive Directors the written confirmation of his/her independence. The Company, based on such confirmations, considers Mr. Fong Ping, Ms. Kwok Yuen Man Marisa and Mr. Tso Ka Yi to be independent.

Chairman and Chief Executive Officer

According to the Code Provision A.2.1 of the CG Code, the roles of the chairman and the chief executive should be separate and should not be performed by the same individual. During the year ended 31 March 2018, the role of the chairman of the Company is performed by Mr. Cheung King Shek and the executive functions of a chief executive are discharged by Mr. Cheung King Fung Sunny as the chief executive officer of the Company.

Delegation of Powers

The Board delegates day-to-day operations of the Group to the chief executive officer and management of the Company with department heads responsible for different aspects of the business/functions, while reserving certain key matters in making strategic decision for its approval. When the Board delegates aspects of its management and administration functions to management, it gives clear directions as to the powers of management, in particular, with respect to the circumstances where management need to report back and obtain prior approval from the Board before making decisions or entering into any commitments on behalf of the Company.

Continuing Professional Development

According to the Code Provision A.6.5 of the CG Code, all Directors shall participate in continuous professional development to develop and refresh their knowledge and skills to ensure their contribution to the Board remains informed and relevant. The Company would arrange and/or introduce some training for the Directors to develop and explore their knowledge and skills.

The Directors confirmed that they have complied with the Code Provision A.6.5 of the CG Code on the Directors' training. During the year ended 31 March 2018, all the Directors have participated in continuous professional development and the relevant details are set out below:

Corporate Governance Functions

According to Code Provision D.3 of the CG Code, the Board is responsible for performing the corporate governance duties of the Company. The Board has the following duties and responsibilities for performing the corporate governance duties of the Company:

- (a) to develop and review the policies and practices on corporate governance of the Group;
- (b) to review and monitor the training and continuous professional development of Directors and senior management of the Company;
- (c) to review and monitor the Group's policies and practices on compliance with legal and regulatory requirements;
- (d) to develop, review and monitor the code of conduct and compliance manual (if any) applicable to the Directors and employees of the Company; and
- (e) to review the Company's compliance with the CG Code and disclosure in the corporate governance report contained in the annual report of the Company.

Internal Control

The Board acknowledges its responsibility for the effectiveness of the Group's internal control systems. The Company has reviewed the effectiveness of the systems of internal control of the Group, covering all material controls, including financial and operation for the year ended 31 March 2018. Based on the result of the review in respect of the year ended 31 March 2018, the Directors considered that the internal control systems are effective and adequate.

A meeting regarding the internal control functions and policies of the Company for the year ended 31 March 2018 has been held.

Investors and Shareholders Relations

The Company values communication with its Shareholders and investors. The Company uses two-way communication channels to account to its Shareholders and investors for the performance of the Company. Enquiries and suggestions from its Shareholders or investors are welcomed, and enquiries from its Shareholders and investors may be put to the Board through the following channels to the chief executive officer of the Company:

- (a) by mail to the Company's principal place of business at Units 1805–1807, 18/F., Riley House, 88 Lei Muk Road, Kwai Chung, New Territories, Hong Kong; or
- (b) by email at enquiry@tso.cc.

The Company uses a number of formal communication channels to account to its Shareholders and investors for the performance of the Company. These include (i) the publication of quarterly, interim and annual reports; (ii) the annual general meetings or extraordinary general meetings (if any) providing a forum for Shareholders to raise comments and exchanging views with the Board; (iii) updated and key information of the Group available on the websites of the Stock Exchange and the Company; (iv) the Company's website offering communication channel between the Company and its Shareholders and investors; and (v) the Company's branch share registrars in Hong Kong serving the Shareholders in respect of all share registration matters.

The Company aims to provide its Shareholders and investors with high standards of disclosure and financial transparency. The Board is committed to provide clear, detailed, timely manner and on a regular basis information of the Group to Shareholders through the publication of interim and annual reports and/or despatching circulars, notices and announcements.

The Company strives to take into consideration its Shareholders' views and inputs, and address Shareholders' concerns. Shareholders are encouraged to attend the annual general meetings for which at least 20 clear business days' notice shall be given. The chairman of the Board as well as chairmen of the Audit Committee, the Remuneration Committee and the Nomination Committee, or in their absence, the Directors are available to answer Shareholders' questions on the Group's businesses at the general meetings. To comply with Code Provision E.1.2 of the CG Code, the management will ensure the external auditor to attend the annual general meetings to answer questions about the conduct of the audit, the preparation and content of the auditor's report, the accounting policies and auditor's independence.

All Shareholders have statutory rights to call for extraordinary general meetings and put forward agenda items for consideration by Shareholders. According to Article 64 of the Articles of Association, one or more Shareholders holding, at the date of deposit of the requisition, not less than one-tenth of the paid up capital of the Company, have the right of voting at general meetings. Such requisition shall be made in writing to the Board or the company secretary of the Company for the purpose of requiring an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition.

If a Shareholder wishes to propose a person (the "Candidate") for election as a Director at a general meeting, he/she shall deposit a written notice (the "Written Notice") to the Company's principal place of business in Hong Kong at Units 1805–1807, 18/F., Riley House, 88 Lei Muk Road, Kwai Chung, New Territories, Hong Kong.

The Written Notice (i) must include the personal information of the Candidate as required by Rule 13.51(2) of the Listing Rules; and (ii) must be signed by the Shareholder concerned and signed by the Candidate indicating his/her willingness to be elected and consent of the publication of his/her personal information.

The period for lodgment of the Written Notice shall commence on the day after the despatch of the notice of general meeting and end no later than 7 days prior to the date of such general meeting.

In order to ensure the Shareholders have sufficient time to receive and consider the proposal of election of the Candidate as a Director without adjourning the general meeting, Shareholders are urged to submit and lodge the Written Notice as early as practicable preferably at least 15 business days prior to the date of the general meeting appointed for such election.

In order to promote effective communication, the Company also maintains a website (www.tso.cc) which includes the latest information relating to the Group and its businesses.

Company Secretary

Ms. Yeung Wing Chong has been appointed as the company secretary of the Company in October 2016. She is an associate member of The Hong Kong Institute of Chartered Secretaries and the Institute of Chartered Secretaries and Administrators in the United Kingdom.

Environmental, Social and Governance Report

1. About ESG Report

The Group is pleased to publish the Environmental, Social and Governance Report (the "ESG Report") for the reporting period from 1 April 2017 to 31 March 2018. The ESG Report elaborates on the various works of the Group in fulfilling the principle of sustainable development and its performance in social responsibilities during the year. The Group will continue to strengthen its efforts in information collection in order to enhance the performance on environmental and social aspects and to disclose related information in the future.

1.1 Scope of the Report

The Group is principally engaged in providing repair and refurbishment services for mobile phones and other personal electronic products, as well as sale of related accessories. The ESG Report focused on the environmental and social performance of the core business of the Group in Hong Kong during the year. The disclosure of the key performance indicators ("KPIs") in the year covers the Group's head office, repair centres and warehouse located in Hong Kong. For detailed information of corporate governance of the Company, please refer to the "Corporate Governance Report" on pages 13 to 22 of this annual report.

1.2 Reporting Framework

The ESG Report was prepared in accordance with the "Environmental, Social and Governance Reporting Guide" under Appendix 27 of the Listing Rules.

1.3 Stakeholder Engagement

The preparation of the ESG Report, which was supported by employees across various departments of the Group, enables us to have a better understanding of current environmental and social development. The information that the Group gathered is not only the summary of the environmental and social works carried out by the Group during the year, but also the basis for us to map out our short-term and long-term sustainable development.

1.4 Information and Feedbacks

Your opinions and feedbacks on our environmental, social and governance performance will be highly valued by the Group. If you have any advices or suggestions, please share with us via email at ESG_enquiry@tso.cc.

2. Environmental Protection

2.1 Emissions

The Group recognises the importance of maintaining environmental sustainability in its daily operation and acts in strict compliance with the local laws and regulations relating to environmental protection and pollutant control, such as the Water Pollution Control Ordinance and Waste Disposal Ordinance. As a service-based enterprise, although the Group does not generate industrial pollutants or raise any significant environmental issues, it is committed to reducing emissions produced during its operation. Due to the nature of the Group and no vehicles being used, no exhaust emission is generated from the Group.

The major kind of wastewater generated by the Group is domestic sewage, which is directly discharged to municipal drainage system. Meanwhile, the Group has put effort to reduce the water consumption, such as setting the lowest practical level of water pressure. During the year, as our head office, repair centres and warehouse in Hong Kong are rented properties, only the water consumptions at Riley House can be obtained, while the water bills of other units rented are included in the management fee. Thus, total water consumption and water consumption intensity of Riley House were 91 m³ and 1.98 m³/employee.

The non-hazardous wastes of the Group mainly include waste paper, master cartons, and general household garbage. The Group places three kinds of recycling bins in the office and warehouse to collect waste papers, aluminum cans and plastics, which are subsequently transferred to qualified companies for recycling. In order to reduce the production of waste, the Group not only encourages suppliers to avoid using one-off packaging material for shipping, but also suggests employees to reuse packaging materials, such as plastic bags and anti-static materials. Other general wastes are collected and processed by building management office. The hazardous wastes produced by the Group, such as printer toner, malfunctioned mobile phones, parts, electronic products and related accessories, are collected and transferred to the corresponding suppliers for further handling. When handling malfunctioned computers, the IT department will attempt to repair the unit and those computers will only be disposed by qualified companies when they are beyond repair.

2.2 Energy Conservation

The Group applies multiple energy saving initiatives to improve the working efficiency of equipment or devices and reduce energy consumption. For the lighting system, the Group has installed energy-efficient lighting and encourages employees to switch off lights when they are not in use. In order to reduce the use of air conditioners, the Group has applied anti-ultraviolet films on windows to reduce heat gain and requires employees to switch off the air-conditioners during non-working hours. The Group also encourages employees to set the computers to automatic standby or sleep mode and turn off unused electrical devices or lights before leaving office.

2.3 Green Operation

The Group places emphasis on employees' support and participation in the green operation, thus measures are adopted to improve employees' awareness of environmental protection. For instance, the Group places labels in the office to remind employees of saving resources and energy. During the year, trainings related to environmental protection were also provided to employees.

The Group also seeks out multiple ways to reduce paper consumption in the office, such as using recyclable papers, printing documents on both sides, recycling Money Packets, setting printing quota and volume, using smaller font size and line spacing for documents, turning off printers when leaving office, reusing promotional brochures and packaging materials and disseminating information via electronic means. The Group also promotes paperless office concepts by encouraging customers to use online platform for making reservation, as well as minimizing the greenhouse gas emissions due to paper waste disposal at landfills and reducing the hazardous waste from the use of ink.

3. Employment and Labor Practices

3.1 Employment Guidelines

The Group complies with the relevant labour laws and regulations, such as the Employment Ordinance and Employees' Compensation Ordinance, regarding compensation, benefits, dismissal, working hours and rest period. The Group respects every employee and treats them equally with no tolerance for any form of discrimination on the grounds of gender, race, region or lawfully protected characteristics. This applies to all employment activities and human resources-related matters including recruitment, promotion, transfer, reward provisions and training. If any unfair treatment happened to the employees, the employees should report the incident to their supervisors. Much effort is also given by the Group to safeguarding the legitimate rights and interests of employees, and catering for the development needs of employees.

Before any employment being offered to applicant, Human Resources Department will verify his or her age by checking the identification documents to prevent employing child labour. If an employee resigns or is dismissed from the Group, Human Resources Department will arrange an exit interview for the employee to better understand the reason of quitting. The Group is ambitious in constantly improving the quality of the management through analysing exit survey results.

The working hours are stated in employment agreement clearly, while employees are not forced to work overtime or restricted to get off work on time, in order to avoid forced labour. Overtime working will be compensated by holidays or additional payment. Apart from public holidays, all employees are entitled to sick leave, annual leave, marriage leave, compassionate leave and maternity leave. The Group has developed a comprehensive performance appraisal system to assess employees' performance on a regular basis in terms of employees working performance, abilities of organisation and management, interpersonal skills, presentation of employees and so on. Employees with outstanding performance in the appraisal may be offered the opportunities of promotion. Annual review on salary is also conducted with reference to employees' performance.

In compliance with the provisions under the Mandatory Provident Fund Schemes Ordinance, the Group makes Mandatory Provident Fund ("MPF") contribution for full-time employees. Employees also entitled to discretionary bonus, medical insurance and labour insurance offered by the Group.

3.2 Health and Safety

The Group maintains occupational health and safety in strict compliance with the relevant laws and regulations, such as the Occupational Safety and Health Ordinance. In order to create a safe and healthy workplace for employees, the Group provided the arrangement when typhoons or rainstorms signal is hoisted and established the Emergency Procedures as a reference for employees if accident occurred. The Group also posted a few safety leaflets published by the Occupational Safety and Health Council in the workplace, such as the Safe Manual Handling, Electrical Safety, Fire Prevention and Emergency Response Plan. In addition, the Group prohibits smoking at workplace, arranges health examination, and organises regular office cleaning.

The Group has also organised various activities to help maintain work-life balance for the employees. During the year, the Group has organised events, such as New Year Party, Chinese New Year dinner and listing celebration dinner.

3.3 Development and Training

It is our strong belief that human resource is the most prominent resource of an enterprise. Therefore, the Group is committed to organising internal training courses and encouraging employees to attend external seminars so as to enrich their knowledge in discharging their duties and improve their working efficiency. New employees are offered induction training, operation and technical training courses while managers and staff in designated posts are offered professional training programs such as administration and inspection skills. Additional trainings are arranged with reference to the needs of departments, for example, brand oriented trainings ranging from repair to software skills are offered to corresponding teams.

4. Operating Practices

4.1 Supply Chain Management

Procurement decisions are made based on inventory levels and movement, expected sales, lead time of the products and other factors. The Group also pays attention to the suppliers' performance in environmental protection, employees' management and social governance. When making procurement, the Group will select the supplier from a list of approved suppliers underwent an approval procedure. Departments can place order to the suppliers based on their needs. All procurement orders must receive the approval of the General Manager.

4.2 Product and Service Quality

It is the Group's commitment to providing customers with reliable services and products. The Group has obtained the ISO 9001:2015 Quality Management System Certification. For assurance of product quality, the Group has developed a comprehensive quality management system that requires employees to carry out a quality and safety check for each product and fill out the quality check form after receiving products. If product defect is discovered, the Group will notify the suppliers and return the products. After repairing, at least two employees will examine the quality of products.

The Group has also taken steps to upgrade the security of the warehouse so as to safeguard the customers' properties, such as installation of 24-hour monitoring CCTV system, alarm system control and door access control.

The Group also values good communication with customers and through customer service hotlines collect various comments and feedback from the customers. In order to enhance customer satisfaction, customers' complaints are all transferred to suppliers for handling in a prompt and efficient manner.

The advertising and promotional activities carried out by the Group are fully governed by the Trade Descriptions Ordinance and other relevant laws and regulations. The Group monitors the advertising content to ensure that all the advertising contents are clear, true and free from any false and misleading product descriptions.

4.3 Privacy Protection

The Group attaches great attention to privacy protection and strictly complies with the Personal Date (Privacy) Ordinance. Employees are required to keep the customer information confidential, sign a non-disclosure agreement upon employment and wipe the personal data on the phone in presence of the customer before proceeding to repair. Since the customer information is necessary to proceed for repair service, written acknowledgements of the customers are obtained.

Apart from protecting customers' privacy, employees are not allowed to disclose to any individual, firm or third party about the employment terms, product specifications, business strategies of the Group, or any of its dealings, transactions or affairs, or any other information which was classified as confidential information by the Group. Without obtaining consent from the Group, downloading or making copies of the confidential information in our computers are prohibited.

4.4 Intellectual Property

The Group respects intellectual property and is in strict compliance to the relevant laws and regulations, such as Copyright Ordinance. Unauthorised software are not recommended by the Group and employees should seek permission from the Group if the software is determined to be crucial.

4.5 Anti-Corruption

The Group is determined to maintain a fair and competitive market and promote the sustainable development of the industry. In line with the Prevention of Bribery Ordinance and other relevant laws and regulations, employees are forbidden to receive any benefits from suppliers, customers and the parties related to the Group. During the year, the Group has invited the representative of Independent Commission Against Corruption ("ICAC") to give seminars to its employees on business ethics and integrity to further enhance their concept and knowledge on anti-corruption.

5. Community Investment

Over the years, the Group has been promoting social well-being through its keen participation in charitable activities. The Group also strongly encourages its employees to participate in various volunteer works. During the year, the Group has made a donation of five hundred thousand Hong Kong dollars to The Community Chest of Hong Kong through the Balloting Scheme of the Stock Exchange.

The rentals under the above tenancy agreements were determined with reference to the prevailing market rentals of similar properties in the nearby locations. As disclosed in the announcement of the Company dated 29 March 2018, the aggregate annual caps of the rentals payable under the above tenancy agreements for the year ending 31 March 2019 is HK\$6,737,000. The aggregate rentals paid by the Group for the year ended 31 March 2018 in respect of the above leased properties to the above connected persons were approximately HK\$7,206,000.

(2) Purchase of parts and components from SAP (and its subsidiaries)

Since 2006, TSO has been purchasing parts and components such as parts for repairing pagers and two-way mobile data communication devices and mobile phone accessories from Sun Asia Pacific Limited ("SAP") and its subsidiaries (collectively, the "SAP Group"). On 31 March 2015, SAP and TSO have renewed into an agreement in relation to such purchase of parts and components for the period from 1 April 2015 to 31 March 2018. The price of the parts and components purchased from the SAP Group is at cost plus certain percentage of the value of the orders. The prices of the parts and components are determined by TSO and SAP with reference to the prevailing market rate of similar products.

As SAP is wholly-owned by the Cheung Brothers who are Directors and controlling shareholders of the Company, each of SAP and its subsidiaries is an associate of the Cheung Brothers and therefore is a connected person of the Company under the Listing Rules. Accordingly, the above transactions constitute continuing connected transactions for the Company.

As disclosed in the announcement of the Company dated 31 March 2015, the annual cap for the amount of parts and components to be purchased from the SAP Group by TSO for the years ended 31 March 2018 was HK\$1,500,000. No parts and components was purchased from the SAP Group by TSO for the year ended 31 March 2018.

(3) Mobile phone accessories sale agreement with SUN Mobile

On 31 March 2015, TSO (a wholly-owned subsidiary of the Company) has renewed a sale agreement with Sun Mobile Limited ("SUN Mobile"), pursuant to which TSO has agreed to sell mobile phone accessories to SUN Mobile for the period from 1 April 2015 to 31 March 2018 at cost plus a certain percentage of markup. The price of such mobile phone accessories is determined by TSO and SUN Mobile with reference to the prevailing market rate of similar products.

SUN Mobile is indirectly owned by TDHL as to 40% which is indirectly owned by the Cheung Family Trust as to 54.50%. As the Cheung Family Trust indirectly holds 51.48% of the Shares in issue, SUN Mobile is a connected person of the Company under the Listing Rules. Accordingly, the above transactions constitute continuing connected transactions for the Company.

As disclosed in the announcement dated 31 March 2015, the annual cap of the sales income receivable from SUN Mobile by TSO for the year ended 31 March 2018 was HK\$9,500,000. No sales income was received from SUN Mobile by TSO for the year ended 31 March 2018.

(4) Master Agreement with TDHL

On 31 March 2017, TSO (a wholly-owned subsidiary of the Company) entered into a renewal master agreement with TDHL (the "Renewal Master Agreement") setting out the governing terms and conditions in relation to the following continuing connected transactions with certain members of TDHL group for a term up to 31 March 2018. TDHL is indirectly owned by the Cheung Family Trust as to 54.50% which indirectly holds 51.48% of the Shares in issue, and is therefore a connected person of the Company under the Listing Rules. Accordingly, the below transactions constitute continuing connected transactions for the Company.

TSO expects that the transactions between TSO and TDHL group will continue after the expiration of the Renewal Master Agreement. Therefore, on 29 March 2018, TSO and TDHL entered into the 2018/19 Master Agreement ("2018/19 Master Agreement") for a term of one year commencing from 1 April 2018 and to fix the annual caps for the year ending 31 March 2019 for services a. and b. as listed below to HK\$4,000,000 and HK\$2,000,000 respectively.

a. Provision of repair and refurbishment services by TSO to TDHL group

TSO has been providing repair and refurbishment services for pagers and Mango Devices to the TDHL group. The service fees charged by TSO are on a "per device" basis. The service fees are determined by TSO and the TDHL group with reference to the prevailing market rate (in terms of, among others, profit margin) of similar services and the historical amounts paid by TDHL group to TSO.

As disclosed in the announcement of the Company dated 29 March 2018, the annual cap in respect of the aggregate repair and refurbishment service fees to be paid by the TDHL group to TSO under the 2018/19 Master Agreement for the year ending 31 March 2019 is HK\$4,000,000. The repair and refurbishment service fees paid by the TDHL group to TSO under the Renewal Master Agreement for the year ended 31 March 2018 was approximately HK\$3,576,000.

b. Consignment of accessories for mobile phones and personal electronic products of TSO

TDS (a wholly-owned subsidiary of TDHL) has allowed TSO to sell the accessories for mobile phones and personal electronic products of certain brands at retail shops of TDHL group on a consignment basis in consideration of a consignment fee. The consignment fee, which is based on a fixed percentage of the sales of consigned goods, shall be paid by TSO to TDS for the consignment arrangement. Such consignment fee has been determined by TSO and TDS with reference to the prevailing market rate of similar consignment arrangements and the historical amounts paid by TSO to TDHL group.

As disclosed in the announcement of the Company dated 29 March 2018, the annual caps for the consignment fees to be paid by TSO to TDHL group under the 2018/19 Master Agreement for the year ending 31 March 2019 is HK\$2,000,000. The consignment fees paid by TSO to TDHL group under the Renewal Master Agreement for the year ended 31 March 2018 was approximately HK\$734,000.

In respect of the connected transactions and continuing connected transactions, the Company has complied with the disclosure requirements under the Listing Rules in force from time to time.

(B) Confirmation of Independent Non-executive Directors

The Audit Committee, comprising three independent non-executive Directors, has reviewed the above non-exempt continuing connected transactions and confirmed that these transactions have been entered into:

- (i) in the ordinary and usual course of business of the Group;
- either on normal commercial terms or, if there are not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Group than terms available to or from (as appropriate) independent third parties; and
- (iii) in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interests of the Shareholders as a whole.

(C) Confirmation from Auditor of the Company

The Board of Directors has received an unqualified letter issued by the auditor of the Company in accordance with Hong Kong Standard on Assurance Engagement 3000 (Revised) and with reference to Practice Note 740 issued by the Hong Kong Institute of Certified Public Accountants confirming that:

- a. nothing has come to their attention that causes them to believe that the above non-exempt continuing connected transactions have not been approved by the Board;
- b. for transactions involving the provision of goods or services by the Group, nothing has come to their attention that causes them to believe that the transactions were not, in all material respects, in accordance with the pricing policies of the Group;
- c. nothing has come to their attention that causes them to believe that the transactions were not entered into, in all material respects, in accordance with the relevant agreements governing such transactions;
- d. nothing has come to their attention that causes them to believe that the disclosed continuing connected transactions have exceeded the annual cap set by the Company.

A copy of the letter has been provided by the Company to the Stock Exchange.

Pre-Emptive Rights

There is no provision for pre-emptive rights under the Articles of Association or the laws of the Cayman Islands, being the jurisdiction in which the Company was incorporated.

Purchase, Sale or Redemption of Listed Securities of the Company

During the year ended 31 March 2018, neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company's listed securities.

Corporate Governance

The Company maintains a high standard of corporate governance practices. Details of the corporate governance practices adopted by the Company are set out in the Corporate Governance Report on pages 13 to 22. The Directors believe the long term financial performance as opposed to short term rewards is a corporate governance objective. The Board would not take undue risks to make short term gains at the expense of the long term objectives.

Business Review

A fair review of the business of the Company as well as a discussion and analysis of the Group's performance during the year ended 31 March 2018 and the material factors underlying its results and financial position can be found in the Management Discussion and Analysis on pages 6 to 9 of this annual report. These discussions form part of this Report of the Directors.

Environmental Policy

An Environmental, Social and Governance Report of the Company for the year ended 31 March 2018 is set out on pages 23 to 28 of this annual report which elaborates on the various works of the Group in fulfilling the principle of sustainable development and its performance in social responsibilities. The Group is committed to achieve the development of sustainability of communities. An environmental policy has been adopted by the Group for implementation of environmental friendly measures and practices in the operation of the Group's businesses. The Group adheres to the principle of Recycling and Reducing and implements green office practices, e.g. using recycled paper, setting up recycling bins, and double-sided printing and copying.

The Group will review the environmental policy from time to time and will consider implementing further environmental friendly measures and practices in the operation of the Group's businesses.

Compliance with Laws and Regulations

During the year ended 31 March 2018, there was no material breach of or non-compliance with the applicable laws and regulations by the Group.

In relation to human resources, the Group is committed to complying with the requirements of the ordinances relating to disability, sex, family status and race discrimination, as well as the Employment Ordinance, the Minimum Wage Ordinance and ordinances relating to occupational safety of employees of the Group, so as to safeguard the interests and well-being of its employees.

On the corporate level, the Group complies with the requirements under the Companies Law (Revised) under the laws of Cayman Islands, the Listing Rules, the Companies Ordinance and the SFO under the laws of Hong Kong for, among other things, the disclosure of information and corporate governance, and the Group has adopted the Model Code as the code of conduct regarding securities transactions by the Directors.

Relationships with Customers and Suppliers

The Group understands the importance of maintaining good relationship with its customers and suppliers to fulfill its immediate and long-term goals. During the year ended 31 March 2018, there was no material and significant dispute between the Group and its customers and/or suppliers.

Financial Summary

An analysis of the results and of the assets and liabilities of the Group using financial key performance indicators is set out in the five years financial summary on page 112 of this annual report.

Auditor

The financial statements for the year ended 31 March 2018 have been audited by SHINEWING (HK) CPA Limited who will retire and, being eligible, offer themselves for re-appointment. A resolution for the re-appointment of SHINEWING (HK) CPA Limited as the auditor of the Company is to be proposed at the AGM.

Hong Kong, 26 June 2018

Independent Auditor's Report

SHINEWING (HK) CPA Limited

TO THE SHAREHOLDERS OF TELECOM SERVICE ONE HOLDINGS LIMITED

(incorporated in the Cayman Islands with limited liability)

Opinion

We have audited the consolidated financial statements of Telecom Service One Holdings Limited (the "Company") and its subsidiaries (the "Group") set out on pages 55 to 111, which comprise the consolidated statement of financial position as at 31 March 2018, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Inventories

Refer to note 18 to the consolidated financial statements and the accounting policies on page 69.

Other Information

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors of the Company and the Audit Committee for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The audit committee is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion, solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient
 and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from
 fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Company.
- Conclude on the appropriateness of the Company's directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the audit committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the audit committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the audit committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Kwan Chi Fung.

Consolidated Statement of Changes in Equity (Continued)

For the year ended 31 March 2018

Notes:

a. During the year ended 31 March 2014, Telecom Service One Holdings Limited (the "Company") acquired 100% of equity interest in Telecom Service One (Macau) Limited ("TSO Macau") from East-Asia Pacific Limited, the immediate holding company of the Company. The acquisition was accounted for using merger accounting. Other reserve represents the difference between the issued share capital of TSO Macau and the consideration paid for acquiring it.

In addition, other reserve represents the difference between the nominal value of the issued capital of Telecom Service One Investment Limited ("TSO BVI") and its subsidiaries acquired pursuant to a group reorganisation over the consideration paid by the Company during the year ended 31 March 2013.

- b. In accordance with the People's Republic of China (the "PRC") laws applicable to wholly-foreign owned investment enterprises, subsidiary of the Company operating in the PRC is required to set up a general reserve fund and appropriate at least 10% of respective company's annual profit after tax, as determined under the PRC accounting rules and regulations, to the general reserve fund until the balance of the reserve equals to 50% of its registered capital. This fund can be used to make good losses and to convert into paid-up capital.
- c. Telecom Service One Taiwan Limited has been deregistered on 26 December 2016.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2018

1. General

Telecom Service One Holdings Limited (the "Company") is a company incorporated in the Cayman Islands as an exempted company with limited liability under Companies Law, Chapter 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands on 3 August 2012 and its shares are listed on GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 30 May 2013. On 27 March 2018, its shares have been transferred of listing from GEM to Main Board of the Stock Exchange (Stock Code: 3997). The address of the registered office of the Company is Clifton House, 75 Fort Street, P.O. Box 1350, Grand Cayman KY1-1108, Cayman Islands and the principal place of business of the Company is at 19/F, YHC Tower, No. 1 Sheung Yuet Road, Kowloon Bay, Kowloon, Hong Kong.

The directors of the Company consider the immediate holding company is East-Asia Pacific Limited ("East-Asia"), a company incorporated in the British Virgin Islands ("BVI") and the ultimate parent is Cheung Family Trust.

The Company is principally engaged in investment holding. The principal activities of its subsidiaries are set out in note 34.

The functional currency of the Company is Hong Kong dollars ("HK\$") while the functional currencies for certain subsidiaries are Renminbi ("RMB"), Macau Patacas ("MOP") and United States dollars ("US\$"). For the purpose of presenting the consolidated financial statements, the Company and its subsidiaries (hereinafter collectively referred to as the "Group") adopted HK\$ as its presentation currency which is the same as the functional currency of the Company.

2. Application of New and Revised Hong Kong Financial Reporting Standards ("HKFRSs")

In the current year, the Company and its subsidiaries (the "Group") have applied the following new and revised HKFRSs, which include HKFRSs, Hong Kong Accounting Standards ("HKAS(s)"), amendments and Interpretations ("Int(s)"), issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA").

Amendments to HKFRSs	Annual Improvements to HKFRSs 2014-2016 Cycle: Amendments to
	HKFRS 12
Amendments to HKAS 7	Disclosure Initiative
Amendments to HKAS 12	Recognition of Deferred Tax Assets for Unrealised Losses

Except as described below, the application of the above new and revised HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

For the year ended 31 March 2018

2. Application of New and Revised Hong Kong Financial Reporting Standards ("HKFRSs") (Continued)

Amendments to HKAS 7 Disclosure Initiative

The amendments require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes. The amendments do not prescribe a specific method to fulfil the new disclosure requirements. However, the amendments indicate that one way is to provide a reconciliation between the opening and closing balances for liabilities arising from financing activities.

The application of amendments to HKAS 7 has resulted in additional disclosures on the Group's financing activities, especially a reconciliation between the opening and closing balances in the consolidated statement of financial position for liabilities arising from financing activities is provided in Note 32. On initial application of the amendments, the Group is not required to provide comparative information for preceding periods. Apart from the additional disclosure in Note 31,the directors of the Company considered that these amendments have had no impact on the Group's consolidated financial statements.

New and revised HKFRSs issued but not yet effective

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective:

2. Application of New and Revised Hong Kong Financial Reporting Standards ("HKFRSs") (Continued)

New and revised HKFRSs issued but not yet effective (Continued)

HKFRS 9 (2014) Financial Instruments

HKFRS 9 issued in 2009 introduced new requirements for the classification and measurement of financial assets. HKFRS 9 was amended in 2010 and includes the requirements for the classification and measurement of financial liabilities and for derecognition. In 2013, HKFRS 9 was further amended to bring into effect a substantial overhaul of hedge accounting that will allow entities to better reflect their risk management activities in the financial statements. A finalised version of HKFRS 9 was issued in 2014 to incorporate all the requirements of HKFRS 9 that were issued in previous years with limited amendments to the classification and measurement by introducing a "fair value through other comprehensive income" (FVTOCI) measurement category for certain financial assets. The finalised version of HKFRS 9 also introduces an "expected credit loss" model for impairment assessments.

Key requirements of HKFRS 9 (2014) are described as follows:

- All recognised financial assets that are within the scope of HKFRS 9 (2014) to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at FVTOCI. All other debt investments and equity investments are measured at their fair values at the end of subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.
- With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 (2014) requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value of financial liabilities attributable to change in the financial liabilities' credit risk are not subsequently reclassified to profit or loss. Under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss is presented in profit or loss.
- In the aspect of impairment assessments, the impairment requirements relating to the accounting for an entity's expected credit losses on its financial assets and commitments to extend credit were added. Those requirements eliminate the threshold that was in HKAS 39 for the recognition of credit losses. Under the impairment approach in HKFRS 9 (2014) it is no longer necessary for a credit event to have occurred before credit losses are recognised. Instead, expected credit losses and changes in those expected credit losses should always be accounted for. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition and, consequently, more timely information is provided about expected credit losses.

2. Application of New and Revised Hong Kong Financial Reporting Standards ("HKFRSs") (Continued)

New and revised HKFRSs issued but not yet effective (Continued)

HKFRS 9 (2014) Financial Instruments (Continued)

HKFRS 9 (2014) introduces a new model which is more closely aligns hedge accounting with risk management activities undertaken by companies when hedging their financial and non-financial risk exposures. As a principle-based approach, HKFRS 9 (2014) looks at whether a risk component can be identified and measured and does not distinguish between financial items and non-financial items. The new model also enables an entity to use information produced internally for risk management purposes as a basis for hedge accounting. Under HKAS 39, it is necessary to exhibit eligibility and compliance with the requirements in HKAS 39 using metrics that are designed solely for accounting purposes. The new model also includes eligibility criteria but these are based on an economic assessment of the strength of the hedging relationship. This can be determined using risk management data. This should reduce the costs of implementation compared with those for HKAS 39 hedge accounting because it reduces the amount of analysis that is required to be undertaken only for accounting purposes.

HKFRS 9 (2014) will become effective for annual periods beginning on or after 1 January 2018 with early application permitted.

The directors of the Company has performed a preliminary analysis of the Group's financial instruments as at 31 December 2017 based on the fact and circumstances existing at that date. The directors of the Company have assessed the impact of adoption of HKFRS 9 (2014) on the Group's results and financial position, including the classification categories and the measurement of financial assets, and disclosures, as follows:

(a) Classification and measurement

The directors of the Company expect to continue recognising initially at fair value for all financial assets which are subsequently measured at amortised costs. The directors of the Company anticipate that the adoption of HKFRS 9 (2014) will not have a material impact on the classification and measurement of the financial assets.

(b) Impairment

The directors of the Company expect to apply the simplified approach and record lifetime expected credit losses that are estimated based on the present value of all cash shortfalls over the remaining life of all of its trade receivables. The application of the expected credit loss model may result in earlier recognition of credit losses for trade and other receivables, and increase the amount of impairment allowance recognised for these items.

The directors of the Company will perform a more detailed analysis which considers all reasonable and supportable information for the estimation of the effect of adoption of HKFRS 9 (2014). Based on the preliminary assessment, the directors of the Company expect that the adoption of HKFRS 9 (2014) will not have other material impact on amounts reported in the Group's consolidated financial statements.

For the year ended 31 March 2018

2. Application of New and Revised Hong Kong Financial Reporting Standards ("HKFRSs") (Continued)

New and revised HKFRSs issued but not yet effective (Continued)

HKFRS 15 Revenue from Contracts with Customers

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Thus, HKFRS 15 introduces a model that applies to contracts with customers, featuring a contract-based five-step analysis of transactions to determine whether, how much and when revenue is recognised. The five steps are as follows:

- (i) Identify the contract with the customer;
- (ii) Identify the performance obligations in the contract;
- (iii) Determine the transaction price;
- (iv) Allocate the transaction price to the performance obligations; and
- (v) Recognise revenue when (or as) the entity satisfies a performance obligation.

HKFRS 15 also introduces extensive qualitative and quantitative disclosure requirements which aim to enable users of the financial statements to understand the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers.

HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 Revenue, HKAS 11 Construction Contracts and the related interpretations when it becomes effective.

HKFRS 15 will become effective for annual periods beginning on or after 1 January 2018 with early application permitted.

The major sources of revenue of the Group are sales of goods and provision of services. Under HKFRS 15, revenue is recognised for each of the performance obligations when control over a good or service is transferred to a customer. The directors of the Company have preliminarily assessed each type of the performance obligations and consider that the performance obligations are similar to the current identification of separate revenue components under HKAS 18 Revenue. Furthermore, HKFRS 15 requires the transaction price to be allocated to each performance obligation on a relative stand-alone selling price basis, which may affect the timing and amounts of revenue recognition, and results in more disclosures in the consolidated financial statements. However, the directors of the Company expect that the adoption of HKFRS 15 will not have a material impact on the timing and amounts of revenue recognised based on the existing business model of the Group as at 31 March 2018.

HKFRS 16 Leases

HKFRS 16 provides a comprehensive model for the identification of lease arrangements and their treatment in the financial statements of both lessors and lessees.

In respect of the lessee accounting, the standard introduces a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases with the lease term of more than 12 months, unless the underlying asset has a low value.

For the year ended 31 March 2018

2. Application of New and Revised Hong Kong Financial Reporting Standards ("HKFRSs") (Continued)

New and revised HKFRSs issued but not yet effective (Continued)

HKFRS 16 Leases (Continued)

At the commencement date of the lease, the lessee is required to recognise a right-of-use asset at cost, which consists of the amount of the initial measurement of the lease liability, plus any lease payments made to the lessor at or before the commencement date less any lease incentives received, the initial estimate of restoration costs and any initial direct costs incurred by the lessee. A lease liability is initially recognised at the present value of the lease payments that are not paid at that date.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses, and adjusted for any remeasurement of the lease liability. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payment made, and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. Depreciation and impairment expenses, if any, on the right-of-use asset will be charged to profit or loss following the requirements of HKAS 16 Property, Plant and Equipment, while interest accrual on lease liability will be charged to profit or loss.

In respect of the lessor accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17 Leases. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

HKFRS 16 will supersede the current lease standards including HKAS 17 Leases and the related interpretations when it becomes effective.

HKFRS 16 will become effective for annual periods beginning on or after 1 January 2019 with early application permitted provided that the entity has applied HKFRS 15 Revenue from Contracts with Customers at or before the date of initial application of HKFRS 16.

As at 31 March 2018, the Group has non-cancellable operating lease commitments of HK\$1,800,000 as disclosed in Note 27. A preliminary assessment indicates that these arrangements will meet the definition of a lease under HKFRS 16, and hence the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases upon the application of HKFRS 16. In addition, the application of new requirements may result changes in the measurement, presentation and disclosure as indicated above. The directors of the Company are in the process to determine the amounts of right-of-use assets and lease liabilities to be recognised in the consolidated statement of financial position, after taking into account all practical expedients and recognition exemption under HKFRS 16. The directors of the Company expect that the adoption of HKFRS 16 will not have material impact on the Group's result but certain portion of these lease commitments will be required to be recognised in the consolidated statement of financial position as right-of-use assets and lease liabilities.

For the year ended 31 March 2018

3. Significant Accounting Policies

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. Details of fair value measurement are explained in the accounting policies set out below.

The principal accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (i.e. its subsidiaries). If a subsidiary prepares its financial statements using accounting policies other than those adopted in the consolidated financial statements for like transaction and events in similar circumstances, appropriate adjustments are made to that subsidiary's financial statement in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

Control is achieved where the Group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power over the investee to affect the amount of the Group's returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group are eliminated in full on consolidation.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Plant and equipment

Plant and equipment are stated in the consolidated statement of financial position at cost, less subsequent accumulated depreciation and accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of plant and equipment over their estimated useful lives, using the straight-line method. The estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of inventories are calculated using the first-in, first-out method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Cash and cash equivalents

Cash and short-term deposits in the consolidated statement of financial position comprise cash at banks and on hand and short-term deposits with a maturity of three months or less.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts.

Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial assets

The Group's financial assets are classified as loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including trade and other receivables, amounts due from related companies, pledged bank deposits, bank balances and cash) are measured at amortised cost using the effective interest method, less any impairment loss (see accounting policy on impairment loss of financial assets below).

Impairment loss of financial assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets, have been affected.

For all financial assets, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For certain categories of financial assets, such as trade and other receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 30 days to 60 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (Continued)

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade and other receivables and amounts due from related companies, where the carrying amounts are reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a trade and other receivable or an amount due from a related company is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment loss not been recognised.

Financial liabilities and equity instruments

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Warrants

Warrants issued by the Company that will be settled by the exchange of a fixed amount of cash for a fixed number of the Company's own equity instruments are classified as an equity instrument.

The fair value of warrants on the date of issue is recognised in equity (warrant reserve). The warrant reserve will be transferred to share capital and share premium upon exercise of the warrant. Where the warrants remain unexercised at the expiry date, the amount initially recognised in warrant reserve will be released to the retained profits.

Financial liabilities

Financial liabilities are classified as other financial liabilities.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Other financial liabilities

Other financial liabilities including trade and other payables, amounts due to related companies, bank overdrafts and bank borrowings are subsequently measured at amortised cost using the effective interest method.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

Derecognition

A financial asset is derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

A financial liability is derecognised when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Offsetting financial instruments

Financial assets and liabilities of the Group are offset and the net amount presented in the consolidated statement of financial position when, and only when, there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Impairment loss on tangible assets

At the end of the reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit ("CGU") to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGU, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be identified.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Impairment on tangible assets (Continued)

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or a CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a CGU) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivables and represents amounts received or receivable for goods sold and services provided in the normal course of business, net of discounts and sales related taxes.

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Group; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Service income, handling income and management fee income are recognised when services are rendered.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Leasing (Continued)

The Group as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

Employee benefits

Retirement benefit costs

Payments to the Mandatory Provident Fund Scheme (the "MPF Scheme") and other defined contribution retirement schemes are recognised as an expense when employees have rendered services entitling them to the contributions.

Paid leave carried forward

The Group provides paid annual leave to its employees under their employment contracts on a calendar year basis. Under certain circumstances, such leave which remains untaken at the end of the reporting period is permitted to be carried forward and utilised by the respective employees in the following year. An accrual is measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service at the end of the reporting period.

Long service payment obligations

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, is reflected immediately in the consolidated statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained profits and will not be reclassified to profit or loss. Current service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability.

Defined benefit costs are categorised as follows:

- service cost (including current service cost, as well as gains and losses on curtailments and settlements);
- net interest expense; and
- remeasurement.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Foreign currencies (Continued)

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. HK\$) using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the year. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs recognised in profit or loss in the period in which they are incurred.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

For the year ended 31 March 2018

3. Significant Accounting Policies (Continued)

Taxation (Continued)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on the tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Current and deferred tax are recognised in profit or loss.

Share-based payment transactions

Equity-settled share-based payment transactions

Share options granted to employees under share option scheme

The fair value of services received determined by reference to the fair value of share options granted at the date of grant is recognised as an expense in full at the grant date when the share options granted vest immediately, with a corresponding increase in equity (share options reserve).

When share options are exercised, the amount previously recognised in share options reserve will be transferred to share premium. When the share options are forfeited or cancelled after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share options reserve will be transferred to retained profits.

4. Key Sources of Estimation Uncertainty

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

For the year ended 31 March 2018

4. Key Sources of Estimation Uncertainty (Continued)

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Income taxes

As at 31 March 2018, a deferred tax asset of approximately HK\$809,000 (2017: HK\$765,000) in relation to accelerated accounting depreciation has been recognised in the Group's consolidated statement of financial position. No deferred tax asset has been recognised on the tax losses of approximately HK\$2,329,000 (2017: HK\$5,823,000) due to the unpredictability of future profit streams. The realisability of the deferred tax asset mainly depends on whether sufficient future profits or taxable temporary differences will be available in the future. In cases where the actual future profits generated are less than expected, a material reversal of deferred tax assets may arise, which would be recognised in profit or loss for the period in which such a reversal takes place.

Estimated allowance for inventories

The management of the Group reviews an ageing analysis at the end of the reporting period and makes allowance for obsolete and slow-moving items identified that are no longer suitable for sale or use. The Group makes allowance for inventories based on the assessment of the net realisable value. The management estimates the net realisable value for inventories based primarily on the latest invoice prices and current market conditions. As at 31 March 2018, the carrying amount of inventories of the Group was approximately HK\$1,715,000 (2017: HK\$4,789,000), net of allowance for inventories of approximately HK\$2,988,000 (2017: HK\$2,260,000).

Estimated impairment of trade and other receivables

The Group performs ongoing credit evaluations of its customers and adjusts credit limits based on payment history and the customer's current credit-worthiness, as determined by the review of their current credit information. The Group continuously monitors collections and payments from its customers and maintains a provision for estimated credit losses based upon its historical experience. As at 31 March 2018, the carrying amounts of trade and other receivables of the Group were approximately HK\$18,952,000 (2017: HK\$20,545,000). No impairment loss was recognised during both years. There is bad debts of approximately HK\$303,000 (2017: nil) directly written off during the year.

5. Capital Risk Management

The Group manages its capital to ensure that the entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consist of bank borrowings and bank overdrafts net of bank balances and cash and equity attributable to owners of the Company, comprising issued share capital and reserves.

The directors of the Company review the capital structure regularly. As part of this review, the directors of the Company consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the directors of the Company, the Group will balance its overall capital structure through the payment of dividends, issue of new shares as well as the issue of new debt or the redemption of existing debt.

For the year ended 31 March 2018

6. Financial Instruments

(a) Categories of financial instruments

	2018 HK\$'000	2017 HK\$'000
Financial assets Loans and receivables (including bank balances and cash)	105,815	83,816
Financial liabilities Amortised cost	6,758	7,526

(b) Financial risk management objectives and policies

The Group's major financial instruments include trade and other receivables, amounts due from related companies, pledged bank deposits, bank balances and cash, trade and other payables, amounts due to related companies, bank overdrafts and bank borrowings. Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments include market risk (currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk

Currency risk

The Group has foreign currency sales and purchases, which expose the Group to foreign currency risk. During the year ended 31 March 2018, approximately 28% (2017: 28%) of the Group's sales and approximately 77% (2017: 68%) of total net purchase are denominated in United States dollars ("US\$") which is different from the functional currencies of the group entities carrying out the transactions.

Also, certain trade and other receivables, bank balances and cash, trade and other payables and bank overdrafts are denominated in US\$, RMB and Japanese Yen ("JPY") which are currencies other than the functional currencies of the relevant group entities. The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Assets		Assets Liabilities	
	2018 HK\$'000	2017 HK\$'000	2018 HK\$'000	2017 HK\$'000
US\$	14,874	12,062	670	1,836
RMB	32,134	28,546	95	-
JPY	_	_	153	153

The Group currently does not have a foreign currency hedging policy. However, the directors of the Company continuously monitor the related foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

For the year ended 31 March 2018

6. Financial Instruments (Continued)

(b) Financial risk management objectives and policies (Continued)

Market risk (Continued) Currency risk (Continued) Sensitivity analysis The Group is mainly exposed to US\$, RMB and JPY.

The following table details the Group's sensitivity to a 5% (2017: 5%) increase or decrease in the functional currencies of the relevant group entities, HK\$, RMB and MOP, against the relevant foreign currencies. 5% (2017: 5%) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% (2017: 5%) change in foreign currency rates. The sensitivity analysis includes external loans where the denomination of the loan is in a currency other than the functional currency of the lender or the borrower. A negative number below indicates a decrease in post-tax profit where respective functional currency strengthens 5% (2017: 5%) against the relevant foreign currency. For a 5% (2017: 5%) weakening of respective functional currency against the relevant foreign currency, there would be an equal and opposite impact on the post-tax profit and the balances below would be positive.

	Effect on profit or loss	
	2018 HK\$'000	2017 HK\$'000
US\$ RMB JPY	(596) (1,338) 6	(429) (1,192) 6

Interest rate risk

The Group is exposed to fair value interest rate risk in relation to fixed-rate pledged bank deposits for the years ended 31 March 2018 and 2017. The Group currently does not have an interest rate hedging policy. However, the management monitors interest rate exposure and will consider other necessary actions when significant interest rate exposure is anticipated.

The Group is also exposed to cash flow interest rate risk in relation to variable-rate bank balances, variable-rate bank overdrafts and bank borrowings carried at prevailing market rates. It is the Group's policy to keep its borrowing at floating rate of interest so as to minimise the fair value interest rate risk.

The Group's exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note. The Group's cash flow interest rate risk is mainly concentrated on the fluctuation of (i) prevailing market rates arising from the Group's bank balances denominated in HK\$, US\$, RMB and MOP; and (ii) one-month Hong Kong Interbank Offered Rates or HK\$ prime rate arising from the Group's HK\$ or US\$ denominated bank borrowings and bank overdrafts respectively.

For the year ended 31 March 2018

6. Financial Instruments (Continued)

(b) Financial risk management objectives and policies (Continued)

Market risk (Continued)

Interest rate risk (Continued)

Sensitivity analysis

The sensitivity analysis below has been determined based on the net exposure to interest rates for nonderivative instruments at the end of reporting period. The analysis is prepared assuming the financial instruments outstanding at the end of reporting period were outstanding for the whole year. A 50 basis points (2017: 50 basis points) increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points (2017: 50 basis points) higher/lower and all other variables were held constant, the Group's post-tax profit for the year ended 31 March 2018 would increase/decrease by approximately HK\$40,000 (2017: HK\$162,000).

Credit risk

At the end of each reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The credit quality of the counterparties in respect of amounts due from related companies is assessed by taking into account their financial position, credit history and other factors. The directors of the Company are of the opinion that the risk of default by these counterparties is low.

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies.

The Group has concentration of credit risk as 20% (2017: 30%) of the total trade receivables at 31 March 2018 was due from the Group's largest customer.

The Group has concentration of credit risk as 82% (2017: 53%) of the total trade receivables at 31 March 2018 was due from the Group's five largest customers.

The Group's concentration of credit risk by geographical locations is mainly in Hong Kong, which accounted for 99% (2017: 99%) of the total trade receivables as at 31 March 2018.

For the year ended 31 March 2018

6. Financial Instruments (Continued)

(b) Financial risk management objectives and policies (Continued)

Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. Specifically, bank borrowings with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their right. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates.

The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curve at the end of the reporting period.

	On demand or within 1 year HK\$'000	Total undiscounted cash flows HK\$'000	Carrying amount HK\$'000

Liquidity risk (Continued)

Note: Bank borrowings with a repayment on demand clause was included in the "on demand or within 1 year" time band in the above maturity analysis. As at 31 March 2017, the aggregate undiscounted principal amount of this bank borrowings amounted to HK\$1,340,000. Taking into account the Group's financial position, the directors of the Company did not believe that it is probable that the bank will exercise its discretionary right to demand immediate repayment. The directors of the Company believed that such bank borrowings will be repaid in accordance with the scheduled repayment dates set out in the loan agreements. As that time, the aggregate principal and interest cash outflows will amount to HK\$1,341,000.

The amounts included above for variable interest rate instruments for non-derivative financial liabilities are subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

(c) Fair value

The directors of the Company consider that the carrying amounts of current financial assets and financial liabilities recorded at amortised cost using the effective interest rate method in the consolidated financial statements approximate their fair values due to their immediate or short-term maturities.

7. Revenue

Revenue represents the amounts received or receivable for goods sold and services provided in the normal course of business, net of discounts and sales related taxes. An analysis of the Group's revenue for the year is as follows:

	2018 HK\$'000	2017 HK\$'000
Repairing service income Sales of accessories	96,852 2,443	92,673 12,772
	99,295	105,445

For the year ended 31 March 2018

8. Segment Information

The Group is engaged in a single segment, the provision of mobile phone and consumer electronic devices repair service and the sales of consumer electronic devices related products. Operating segment is reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the board of directors as they collectively make strategic decision in allocating the Group's resources and assessing performance.

Geographical information

During the years ended 31 March 2018 and 2017, the Group's operations were located in Hong Kong, the PRC and Macau.

During the year ended 31 March 2018, 98% (2017: 97%) of the Group's revenue, based on the location of the operations, was generated in Hong Kong while as at 31 March 2018, 96% (2017: 93%) of the non-current assets, based on the geographical location of the assets, was located in Hong Kong. Hence, no geographical information is presented.

Information about major customers

Revenue from customers of the corresponding year contributing over 10% of the total revenue of the Group is as follows:

	2018 HK\$'000	2017 HK\$'000
Customer I Customer II	23,334 22,552	23,591 N/A*
Customer III	10,967	N/A*

The corresponding revenue did not contribute over 10% of the total revenue of the Group.

12. Income Tax Expense (Continued)

Pursuant to the rules and regulations of the Cayman Islands and BVI, the Group is not subject to any income tax in the Cayman Islands and BVI.

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profits for both years.

The applicable income tax rate in Taiwan is 17% of the estimated assessable profits for 2017. No provision for taxation has been made for the Taiwan subsidiary for 2017 as there was no assessable profits in 2017 and the Taiwan subsidiary deregistrated in December 2016.

Under the Law of the PRC on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiary is 25% for both years. No provision for taxation has been made for the PRC subsidiary as there were no assessable profits for both years.

Macau Complementary Income Tax is calculated at the progressive rate on the estimated assessable profits. No provision for Macau taxation has been made for the Macau subsidiary for the year ended 31 March 2018 since the assessable profits are wholly absorbed by tax losses brought forward. No provision for Macau taxation has been made for the year ended 31 March 2017 as there were no assessable profits.

The income tax expense for the year can be reconciled to the profit before tax per the consolidated statement of profit or loss and other comprehensive income as follows:

	2018 HK\$'000	2017 HK\$'000

Note: Mr. Cheung King Fung Sunny has been appointed as the chief executive of the Company on 11 August 2014 and his emoluments disclosed above include those for services rendered by him as the chief executive for the years ended 31 March 2018 and 2017.

Neither the chief executive nor any of the directors of the Company waived or agreed to waive any emolument paid by the Group during the years ended 31 March 2018 and 2017. No emoluments were paid or payable by the Group to the chief executive nor any of the directors of the Company as an inducement to join or upon joining the Group, or as compensation for loss of office during the years ended 31 March 2018 and 2017.

For the year ended 31 March 2018

14. Directors', Chief Executive's and Employees' Emoluments (Continued)

(b) Employees' emoluments

Of the five individuals with the highest emoluments in the Group, none of them (2017: none) were the directors and chief executive of the Company. The emoluments of the five (2017: five) individuals were as follows:

	2018 HK\$'000	2017 HK\$'000
Salaries, allowances and other benefits Employer's contributions to retirement benefits schemes Equity-settled share option expenses	2,940 88 5	2,834 90 —
	3,033	2,924

Their emoluments were within the following bands:

	2018 No. of employees	2017 No. of employees
Nil to HK\$1,000,000 HK\$1,000,001–HK\$1,500,000	4 1	4
	5	5

No emoluments were paid or payable by the Group to any of the five highest paid individuals as an inducement to join or upon joining the Group, or as compensation for loss of office during the years ended 31 March 2018 and 2017.

15. Dividends

	2018 HK\$'000	2017 HK\$'000
Dividends recognised as distribution during the year: 2017 first, second and third interim — HK\$0.01, HK\$0.02 and HK\$0.02 per		
share respectively (2017: 2016 second interim — HK\$0.05 per share)	6,409	6,001

Subsequent to the end of the reporting period, the fourth interim dividend of HK\$0.05 per share has been declared by the directors of the Company in respect of the year ended 31 March 2018 (2017: nil).

For the year ended 31 March 2018

16. Earnings Per Share

The calculation of the basic and diluted earnings per share attributable to the owners of the Company is based on the following data:

	2018 HK\$'000	2017 HK\$'000
Earnings		
Earnings for the purpose of basic and diluted earnings per share for the year attributable to the owners of the Company	25,270	22,650
	2018	2017
Number of shares		
Weighted average number of ordinary shares for the purpose of basic earnings per share	128,121,342	121,608,192
Effect of dilutive potential ordinary shares: Warrants Share options	 167,736	2,536,385 —
Weighted average number of ordinary shares for the purpose of diluted earnings per share	128,289,078	124,144,577

The computation of diluted earnings per share does not assumes the exercise of the Company's outstanding share options granted on 7 July 2015 as the exercise price of those share options was higher than the average market price for the shares for both years ended 31 March 2018 and 2017.

23. Long Service Payment Obligations

The Group made provision for probable future long service payments to employees in accordance with Hong Kong Employment Ordinance, as further in note 3. Pursuant to Chapter 10 of the Hong Kong Employment Ordinance, the long service payment is to be offset with the accrued benefits derived from the Group's contributions made to MPF Scheme for the employees and subject to a cap of HK\$390,000 per employee. The provision represented the management's best estimate of the Group's liability at the end of each reporting period.

The Group exposes to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

- Interest risk A decrease in the bond interest rate will increase the plan liability.
- Salary risk The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuations of the present value of the defined benefit obligation were carried out as at 31 March 2018 by Asset Appraisal Limited, an independent qualified valuer. The present value of the defined benefit obligation, and the related service cost, were measured using the projected unit credit method.

Movement of present value of provision for long service payment is as follows:

	2018 HK\$'000	2017 HK\$'000
At 1 April		_

The amounts recognised in consolidated statement of profit or loss and other comprehensive income are as follows:

	2018 HK\$'000	2017 HK\$'000
Cumulative amount of actuarial gains at the beginning of the year Net actuarial losses (gains) during the year	(332) 87	(288) (44)
Cumulative amount of actuarial gains at the end of the year	(245)	(332)

For the year ended 31 March 2018

23. Long Service Payment Obligations (Continued)

At 31 March 2018 and 2017, the amount is calculated based on the principal assumptions stated as below:

	2018	2017
Annual salary increment	4.69 %	5.16%
Annual turnover rate	18.51% to	19.10% to
	53.55 %	64.28%
MPF return rate	4.80 %	3.50%
Discount rate	1.2% to 2.0%	0.6% to 1.7%
Discount rate	1.2% to 2.0%	0.6% to 1.7%

The principal assumptions used for the determination of the long service payment obligations are MPF return rate and annual salary increment.

In the opinions of the directors of the Company, the expected change in the principal assumptions will not have significant impact on the long service payment obligations for the years ended 31 March 2018 and 2017. Hence, no sensitivity analysis is presented.

24. Deferred Tax Asset

The following is the deferred tax asset recognised and movements thereon during the current and prior years:

	Accelerated accounting depreciation HK\$'000
At 1 April 2016	514

At 31 March 2018	809

At 31 March 2018, the Group had unused tax losses of approximately HK\$2,329,000 (2017: HK\$5,823,000) available for offset against future profits. At 31 March 2018, no deferred tax assets have been recognised in respect of such tax losses due to the unpredictability of future profit streams. At 31 March 2018, tax losses of approximately nil (2017: HK\$1,103,000), nil (2017: HK\$188,000), nil (2017: HK\$655,000), nil (2017: nil) and nil (2017: HK\$177,000), may be carried forward to 2019, 2020, 2021, 2022 and 2023 respectively. The remaining tax losses of approximately HK\$2,329,000 (2017: HK\$3,700,000) may be carried forward infinitely.

The Group leases certain of its office premises and service outlets under operating lease arrangements. Leases are negotiated for a term ranging from one to two (2017: one to three) years with fixed rentals as at the end of each reporting period.

28. Retirement Benefits Scheme Contributions

Hong Kong

The Group operates the MPF Scheme under the Hong Kong Mandatory Provident Fund Schemes Ordinance for all qualifying employees in Hong Kong. The MPF Scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF Scheme, the Group and its employees makes monthly contributions to the scheme at 5% of the employee's earnings as defined under the Mandatory Provident Fund Legislation. The mandatory contributions from each of the employee and employees are subject to a cap of HK\$1,500 per month.

During the year ended 31 March 2018, the total amount contributed by the Group to this scheme and charged to the consolidated statement of profit or loss and other comprehensive income was approximately HK\$1,568,000 (2017: HK\$1,626,000).

For the year ended 31 March 2018

28. Retirement Benefits Scheme Contributions (Continued)

PRC

As stipulated by the rules and regulations in the PRC, the Group maintains defined contribution retirement plans for its employees of the subsidiary in the PRC. The Group contributes to a state-managed retirement plan at a range from 14.9% to 16.2% (2017: 14.2% to 16.1%) of the basic salary of its employees, and has no further obligation for actual pension payments or post-retirement benefits beyond the annual contributions. The state-managed retirement plan is responsible for the entire pension obligations payable to retired employees.

During the year ended 31 March 2018, the total amount contributed by the Group to this scheme and charged to the consolidated statement of profit or loss and other comprehensive income was approximately HK\$21,000 (2017: HK\$80,000).

Macau

Employees employed by the Group's operations in Macau Special Administration Region ("MSAR") are members of government-managed retirement benefits schemes operated by the MSAR government. The MSAR operations are required to pay a monthly fixed contribution to the retirement benefits schemes to fund the benefits. The only obligation of the Group with respect to the retirement benefits schemes operated by the MSAR government is to make the required contributions under the schemes.

During the year ended 31 March 2018, the total amount contributed by the Group to this scheme and charged to the consolidated statement of profit or loss and other comprehensive income was approximately HK\$4,000 (2017: HK\$3,000).

29. Share-Based Payment Transactions

Equity-settled share option scheme of the Company

The Company's share option scheme (the "Share Option Scheme") was adopted pursuant to a written resolution of the Company passed on 2 May 2013 for the purpose of attracting and retaining the best quality personnel for the development of the Group's businesses, providing additional incentives to the qualifying grantees, and promoting the long term financial success of the Group by aligning the interests of option holders to shareholders of the Company. Under the Share Option Scheme, the board of directors of the Company may grant options to eligible employees, including directors of the Company and its subsidiaries, consultants, business partners or other eligible person as stated in the Share Option Scheme, to subscribe for shares in the Company.

The total number of shares in respect of which options may be granted under the Share Option Scheme is not permitted to exceed 10% of the shares of the Company in issue at any point in time, without prior approval from the Company's shareholders. The number of shares issued and to be issued in respect of which options granted and may be granted to any individual in any one year is not permitted to exceed 1% of the shares of the Company in issue during any 12-month period, without prior approval from the Company's shareholders. Options granted to substantial shareholders or independent non-executive directors in excess of 0.1% of the Company's share capital or with a value in excess of HK\$5,000,000 must be approved in advance by the Company's shareholders.
