CHAIRLADY'S STATEMENT

Dear Shareholders,

On behalf of the board of directors (the "Board") of Ares Asia Limited (the "Company", together with its subsidiaries, the "Group"), I am pleased to present the annual report of the Company for the year ended 31 March 2018.

The market price of coal showed less volatility as well as the Chinese government continued to tighten the coal import, which led to the coal imported market confronted with difficult conditions in 2017/18. As a result, the Group had made slower purchases and recorded a decrease in coal trading volume and gross profit margin as compared to last year.

Looking ahead, the market will remain challenging; however, the Group has noted that cost advantages of imported coal and an increased demand for coal from coastal power plants in China for the upcoming financial year, which may lead to a recovery on the coal import market. The Group will therefore closely monitor developments on coal imports in China. In addition, we will further explore new customers from different countries by allocating marketable types of coal according to differentiated requirements of customers.

Moving forward, we will continue to review and consider appropriate strategies to manage the future business development and growth of the Group.

On behalf of the Board, I would like to extend my sincere gratitude to our shareholders, business partners, customers, suppliers, bankers, management and employees for their continuous support and valuable contribution to the Group.

RUAYRUNGRUANG Woraphanit

Chairlady

Hong Kong, 29 June 2018

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS AND FINANCIAL HIGHLIGHTS

The Group continued to operate its coal trading business during the year ended 31 March 2018. The customers of the Group are primarily State-owned and privately owned Chinese companies (or their offshore subsidiaries) whose businesses include trading or sales of commodities, including coal, and import and export operations. As a result of the Group supplying trading customers, the ultimate consumer of the supplies is commonly unknown to the Group.

The Group's revenue for the year ended 31 March 2018, which was solely generated from its coal trading business, decreased to US\$198.67 million as compared with US\$254.36 million for the year ended 31 March 2017.

The Company's policy is not to carry coal inventory. Accordingly, the Group utilises its knowledge of the specifications and quality of the commodity, its contacts both on the demand and supply sides of the market and its assessment of price/price trends to seek to meet its customers needs by sourcing the supplies at the required quantity, specification and delivery period at the best available price from the Group's suppliers, which include coal mine owners, operators or their agents and offering the same to the Group's customers at an appropriate mark up in price and other settlement terms.

Loss before taxation for the year ended 31 March 2018 was US\$2.48 million, representing US\$1.46 million of loss from the coal trading business, and US\$1.02 million of corporate overhead expenses. In comparison, profit before taxation for the year ended 31 March 2017 was US\$0.13 million, representing US\$0.98 million of profit from the coal trading business, in which US\$0.64 million was the reversal of the impairment loss on prepayments and other receivables recognised during the year ended 31 March 2017 which was credited to the consolidated statement of comprehensive income for the year ended 31 March 2017, and US\$0.85 million of corporate overhead expenses.

REVIEW OF OPERATIONS

During the year ended 31 March 2018, the performance of the coal trading business has dropped sharply with revenue of US\$198.67 million, representing a year-on-year decrease of 22% or US\$55.69 million. The Group sold thermal and coking coals originated from Indonesia, Russia and Australia to Mainland China, with a total volume of approximately 2.82 million metric tonnes ("MT") as compared to approximately 4.56 million MT in prior year.

Selling and administrative expenses primarily consisted of employee benefits costs as well as rental and corporate expenses which amounted to approximately US\$2.21 million for the current year (2017: US\$2.22 million).

Finance costs incurred during the year ended 31 March 2018 arose from the bills discounted decreased as a result of the decrease in trade volume.

MANAGEMENT DISCUSSION AND ANALYSIS

REVIEW OF OPERATIONS *(Continued)*

The Group recorded loss before taxation of US\$2.48 million for the year ended 31 March 2018 as compared to profit before taxation of US\$0.13 million for the year ended 31 March 2017 mainly due to (i) the decrease in revenue during the year by approximately 22% as compared with the prior year and continued pressure on gross profit margin due to the increase in shipping costs during the year; and (ii) the absence of a reversal of the impairment loss on prepayments and receivables of US\$0.64 million recognised during the year ended 31 March 2017.

LIQUIDITY AND FINANCIAL RESOURCES

We continue our conservative positioning in managing the Group's working capital.

As at 31 March 2018, cash and bank balances for the Group amounted to approximately US\$8.44 million as compared to US\$12.23 million as at 31 March 2017. The decrease in cash was primarily the result of the payment for daily operations and trade activities during the year ended 31 March 2018.

As at 31 March 2018, the Group had no other borrowings except for the discounted bills with recourse amounting to US\$49.51 million as compared to US\$56.06 million as at 31 March 2017. The decrease was due to that trading activities conducted in March 2018 were not yet discounted. The discounting of bills receivable was a short term trade facility and the underlying bills receivable had maturity periods of 90 days after the receipt of required documents by nominated banks, or less and were covered by corresponding letters of credit.

As at 31 March 2018, the gearing ratio, being net debt (total borrowings less cash and bank balances) to net assets attributable to owners of the Group was approximately 468% (31 March 2017: 389%).

The Group implements tight control on its credit and collection policies. As stipulated in the sale and purchase agreements for the coal trading business, irrevocable letters of credit, up to a tenor of 90 days (2017: 170 days) after the receipt of required documents by nominated banks, are usually required not later than 14 days prior to the expected date of vessels' arrival at loading port. So far, the Group has not experienced any bad debts from its coal trading business.

The Group generally relied on its internally generated cash flows and the existing trade facilities to finance its day to day operations. There is no present plan for material capital expenditures and we believe that the Group has adequate liquidity to meet its current and future working capital requirements.

MATERIAL ACQUISITION, DISPOSAL AND SIGNIFICANT INVESTMENT

The Group did not have any material acquisition, disposal and significant investment during the year ended 31 March 2018.

MANAGEMENT DISCUSSION AND ANALYSIS

RISK OF CURRENCY FLUCTUATIONS

The Group's assets and liabilities as well as the income and expenses derived from the operation are mainly denominated in Hong Kong Dollars and United States Dollars (i.e. functional currency of the Company and its subsidiaries).

There is no significant exposure to the fluctuation of foreign exchange rates, but the Group is closely monitoring the financial market and would consider appropriate measures if required. Currently, the Group has no hedging arrangement for foreign currencies and has not entered into any financial derivatives arrangement.

COMMITMENTS

At 31 March 2018, the total future minimum lease payments under non-cancellable operating leases are payable as follows:

	The Group	
	2018	2017
	\$'000	\$'000
Within 1 year	109	208

The Group is the lessee in respect of its office premise held under operating lease from a fellow subsidiary. The lease runs for an initial period of less than one year with options to renew the lease when all terms are renegotiated. The lease does not include contingent rentals.

MANAGEMENT DISCUSSION AND ANALYSIS

PROSPECT

During the year ended 31 March 2018, the market price of coal showed less volatility as well as the Chinese government continued to tighten the coal import, which led to the coal imported market confronted with difficult conditions. As a result, the Group had made slower purchases and recorded a decrease in coal trading volume and gross profit margin as compared to last year.

Looking ahead, the market will remain challenging due to tightening of coal import, enhanced intensity of air pollution control in China, unstable global economy as well as trade wars. However, the Group has noted that cost advantages of imported coal and an increased demand for coal from coastal power plants in China for the upcoming financial year, which may lead to a recovery on the coal import market. The Group will therefore closely monitor developments on tightening controls of coal imports into China as it will have a material negative effect on the Group's sales and gross profit margin.

In addition, the Group will continue to work closely with the top coal mines in Indonesia to secure supply of quality thermal coal at a competitive price and further explore new customers by allocating marketable types of coal according to differentiated requirements of customers.

The Group will review and consider appropriate strategies to manage the future business development and growth of the Group.

EMPLOYEES AND REMUNERATION POLICY

As at 31 March 2018, the Group had a total of 9 full time employees in Hong Kong. The Group's emolument policy is to pay salaries and wages that are competitive in the industry in a way that will be motivational, fair and equitable, and that are dependent on individual and the Group's performance. Apart from salaries, the Group also provides other fringe benefits to employees, which include share option scheme, provident fund schemes, discretionary bonuses on performance basis and medical insurance.

The remuneration committee under the Board reviews the Group's emolument policy and structure of the Directors of the Group, having regards to the Group's operating results, individual performance and comparable market standards.

DIRECTORS' REPORT

The board (the "Board") of directors (the "Directors") of Ares Asia Limited (the "Company", together with its subsidiaries, the "Group") is pleased to present its report together with the audited consolidated financial statements of the Group for the year ended 31 March 2018.

DIRECTORS' REPORT

DIRECTORS' EMOLUMENTS

The Directors' emoluments for the year ended 31 March 2018 are set out in note 7 to the consolidated financial statements.

EMOLUMENT POLICY

In order to attract and retain high quality staff and to enable smooth operation within the Group, the Group offers competitive remuneration packages (with reference to market conditions and individual's and the Group's performance). The remuneration packages are subject to review on a regular basis.

The emoluments of the Directors and senior management are reviewed by the remuneration committee of the Company, having regard to the Company's operating results, market competitiveness, individual performance and achievement, and approved by the Board.

The Company has adopted a share option scheme as an incentive to Directors and eligible employees.

DIRECTORS' SERVICE CONTRACTS

No Director proposed for re-election at the AGM has a service contract with the Company which is not determinable by the Company within one year without payment of compensation, other than statutory compensation.

DIRECTORS' INTERESTS IN CONTRACTS

Other than as disclosed under the section headed "Material Related Party Transactions" in note 21 to the consolidated financial statements, no Director had a material interest, either directly or indirectly, in any contract of significance to the business of the Group to which the Company or any of its subsidiaries was a party during the reporting year.

DIRECTORS' INTERESTS IN COMPETING BUSINESS

No Director or the management shareholders of the Company and their respective associates (as defined under the Listing Rules) had interests in a business which competes or is likely to compete, either directly or indirectly, with the businesses of the Group, as defined in the Listing Rules, during the reporting year and up to the date of this annual report.

INDEPENDENCE OF INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received from each of the independent non-executive Directors an annual confirmation of independence, and the Company considers that each of them to be independent and has met the guidelines set out in Rule 3.13 of the Listing Rules.

CHARITABLE DONATIONS

The Group did not made any charitable donation during the year ended 31 March 2018.

DIRECTORS' REPORT

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the reporting year.

RETIREMENT BENEFITS SCHEME

Details relating to the Group's retirement benefits scheme are set out in note 16 to the consolidated financial statements.

SHARES ISSUED

Details of the shares issued in the year ended 31 March 2018 are set out in note 17 to the consolidated financial statements.

SHARE OPTION SCHEME

The Company's existing share option scheme (the "Share Option Scheme") was adopted on 21 September 2012 (the "Date of Adoption"). The Share Option Scheme will remain in force for a period of 10 years commencing from the Date of Adoption (that is from 21 September 2012 to 20 September 2022). Pursuant to the Share Option Scheme, the Directors may grant options to eligible participants (including any executive directors, nonexecutive directors and independent non-executive directors, employees of the Group and any other persons who the Board considers, in its sole discretion, to have contributed to the Group) to subscribe for the Company's shares subject to the terms and conditions as stipulated therein. The purpose of the Share Option Scheme is to provide eligible participants with an opportunity to acquire proprietary interests in the Company, which the Directors believe would help the Company to attract and retain high caliber personnel who have made contributions to the success of the Company, and would also help the building of common objective of the Group and the eligible participants for the betterment of business and profitability of the Group.

The number of share options which may be granted under the Share Option Scheme shall not exceed 10% of the issued share capital of the Company as at the date of shareholders' approval. The Company may seek approval by the shareholders at general meeting to refresh the 10% limit (the "Option Scheme Limit"). The maximum number of unexercised share options under the Share Option Scheme and any other share option schemes shall not exceed 30% of the issued share capital of the Company at any time. The maximum number of options issued to each participant under the Share Option Scheme within any 12-month period is limited to 1% of the shares of the Company in issue at any time. Any further grant of options in excess of the limit is subject to the shareholders' approval in general meeting with such participant and his associates abstaining from voting. Any grant of options to a connected person (as defined in the Listing Rules) must be approved by all independent non-executive Directors (excluding any independent non-executive Director who is the proposed grantee). Where options are proposed to be granted to a connected person who is also a substantial shareholder (as defined in the Listing Rules) of the Company or an independent non-executive Director or any of their respective associates, and the proposed grant of options, when aggregated the options already granted to such connected person in the past 12 months period, would entitle that person to receive more than 0.1% of the total issued shares of the Company for the time being and the value of which is in excess of HK\$5,000,000, then the proposed grant must be subject to the approval of the shareholders at the general meeting. Apart from the connected person involved, all other connected persons of the Company must abstain from voting in such general meeting (except where any connected person intends to vote against the proposed grant).

DIRECTORS' REPORT

SHARE OPTION SCHEME *(Continued)*

Based on 340,616,934 shares of the Company in issue as at the Date of Adoption, the maximum number of Shares which may be issued upon the exercise of all the options granted or to be granted under the Share Option Scheme or any other share option schemes of the Company must not, in aggregate, exceed 34,061,693 Shares, being 10% of the Shares in issue as at the Date of Adoption. The Option Scheme Limit has not been previously refreshed since the Date of Adoption. The total number of shares available for issue under the Share Option Scheme is 32,561,693 Shares, representing 9.52% of the total number of Shares in issue as at the date of this annual report.

The exercise price must be at least the higher of: (a) the closing price of the Company's shares as stated in the daily quotation sheet of the Stock Exchange on the date of grant, which must be a business day; (b) the average closing price of the Company's shares as stated in the daily quotation sheets of the Stock Exchange for five business days immediately preceding the date of grant; and (c) the nominal value of the Company's shares.

A nominal consideration of HK\$1 is payable by the grantee upon acceptance of an option. The acceptance of an offer of the grant of the option must be made within 15 days from the date of grant.

An option may be exercised in accordance with the terms of the Share Option Scheme at any time during a period to be determined and notified by the Directors to each grantee of the option, which period may commence on a day after the date upon which the option is granted but shall and in any event be not later than ten years from the date of grant of the option. The Directors may at their sole discretion determine the minimum period for which the option has to be held or other restrictions before the exercise of the option.

There was no outstanding share option under the Share Option Scheme as at 1 April 2017 and 31 March 2018 respectively.

No share option was granted, exercised, lapsed or cancelled during the year ended 31 March 2018.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Other than as disclosed under the sections "Share Option Scheme" above and "Directors' and Chief Executive's Interests and Short Positions in the Shares, Underlying Shares and Debentures" below, at no time during the reporting year was the Company or any of its subsidiaries, or any of its fellow subsidiaries, a party to any arrangement to enable the Directors or chief executives of the Company or their respective associates (as defined in the Listing Rules) to have any right to subscribe for securities of the Company or any of its associated corporations as defined in the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) ("SFO") or to acquire benefits by means of acquisition of shares in, or debentures of, the Company or any other body corporate.

DIRECTORS' REPORT

DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN THE SHARES, UNDERLYING SHARES AND DEBENTURES

As at 31 March 2018, none of the Directors and chief executive of the Company had any interests or short positions in the shares, underlying shares or debentures of the Company and its associated corporations (within the meaning of Part XV of the SFO which are required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they were taken or deemed to have under such provisions of the SFO), or which are recorded in the register required to be kept by the Company pursuant to Section 352 of the SFO, or otherwise notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 to the Listing Rules.

SUBSTANTIAL SHAREHOLDER'S INTERESTS AND SHORT POSITIONS IN SHARES AND UNDERLYING SHARES

As at 31 March 2018, to the best knowledge of the Directors, the following persons/corporations (other than the Directors or the chief executive of the Company) has interests or short positions in the Shares or underlying Shares which would fall to be disclosed to the Company under the provisions of division 2 and 3 of Part XV of the SFO, or which were recorded in the register of substantial shareholder required to be kept by the Company under Section 336 of the SFO:

Long position in shares of the Company

Name	Capacity/ Nature of Interest	Number of shares held	Approximate percentage of issued share capital
Reignwood International Holdings Company Limited ("Reignwood") (Note)	Beneficial Owner	182,459,527	53.33%

Note:

Reignwood is wholly-owned by Dr. Chanchai RUAYRUNGRUANG.

Save as disclosed above, as at 31 March 2018, no person, including the Directors and chief executive of the Company, had interest or short position in the shares, underlying shares and debentures of the Company which was required to be recorded in the register required to be kept by the Company pursuant to Section 336 of the SFO.

RELATED PARTY TRANSACTIONS

A summary of the related party transactions entered into by the Group during the reporting year is disclosed in note 21 to the consolidated financial statements.

DIRECTORS' REPORT

CONTINUING CONNECTED TRANSACTION

Pursuant to Chapter 14A of the Listing Rules, the Group had the following continuing connected transaction during the reporting year.

Lease of office premises

On 20 October 2017, Ares Repco Limited ("Ares Repco"), an indirect wholly-owned subsidiary of the Company, as lessee, entered into a lease renewal agreement (the "Lease Renewal Agreement") with Reignwood International Investment (Group) Company Limited ("Reignwood International Investment"), a direct wholly-owned subsidiary of Reignwood, as lessor, in respect of the renewal of the lease of the premises (the "Premises") situated at Level 96, International Commerce Centre, 1 Austin Road West, Hong Kong for a term of 8 months and 26 days commencing from 20 October 2017 and expiring on 15 July 2018 at a monthly rent of HK\$241,800, exclusive of rates, air-conditioning charges and property management fee, subject to the terms and conditions of the Lease Agreement.

Dr. Chanchai RUAYRUNGRUANG owns the entire share capital of Reignwood, which in turn holds 182,459,527 shares in the capital of the Company, representing approximately 53.33% of the then total issued share capital of the Company on 20 October 2017, and is the controlling shareholder of the Company. The lessor is a direct wholly-owned subsidiary of Reignwood and, therefore, an associate of Dr. Chanchai RUAYRUNGRUANG and a connected person of the Company. The transactions contemplated under the Lease Agreement constitute continuing connected transactions for the Company under Chapter 14A of the Listing Rules.

The annual cap of the aggregate amount payable by Ares Repco to Reignwood International Investment set by the Board for the renewal of the lease of the Premises for the period from 20 October 2017 to 31 March 2018 is HK\$1,610,000. During the year ended 31 March 2018, the total amount incurred by Ares Repco to Reignwood International Investment pursuant to the Lease Renewal Agreement was HK\$3,200,295. Further details of this continuing connected transaction are set out in the announcement of the Company dated 20 October 2017.

The independent non-executive Directors have reviewed the aforesaid continuing connected transaction and confirmed that the transaction has been entered into:

- (1) in the ordinary and usual course of business of the Group;

CORPORATE GOVERNANCE REPORT

The Company is dedicated to sound governance practices and strives to meet the standard at all levels of the organisation. The Board recognises the vital importance of trust in relationship with our shareholders and investors. Solid corporate governance practices ensure the alignment of corporate behaviours with shareholder interests by promoting the principles of transparency, accountability and independence in the Company's business activities and decision making processes.

The Company has applied the principles of, and complied with the applicable code provisions (the "Code Provision(s)") of the Corporate Governance Code (the "CG Code") and Corporate Governance Report as set out in Appendix 14 to the Listing Rules throughout the year ended 31 March 2018 save for the deviation from Code Provision A.2.1 which stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr. ZHENG Yong Sheng ("Mr. ZHENG") was the chairman of the Board (the "Chairman" or "Chairlady") and chief executive officer of the Company (the "Chief Executive Officer") and he has resigned on 27 December 2017. Ms. RUAYRUNGRUANG Woraphanit ("Ms. RUAYRUNGRUANG") has been appointed on 5 January 2018 as the Chairlady and the Chief Executive Officer to replace Mr. ZHENG. The Board considers that this structure will not impair the balance of power and authority between the Board and the management of the Company. The balance of power and authority is ensured by the operations of the Board, which comprises experienced and high calibre individuals and meets regularly to discuss issues affecting the operations of the Company. The Board believes that this structure is conducive to strong and consistent leadership, enabling the Group to make and implement decisions promptly and efficiently. The Board has full confidence in Ms. RUAYRUNGRUANG and believes that her holding of the positions of the Chairlady and Chief Executive Officer is beneficial to the business development of the Group. The Board will nevertheless regularly review the effectiveness of this structure to ensure that such structure is appropriate in view of the Group's prevailing circumstances.

THE BOARD

Board composition and role

The Board is responsible for overseeing our management and business affairs as well as approving strategic plans and major policy decisions for the Company with the objectives of enhancing shareholder value.

As at the date of this annual report, the Board consists of five members, including two executive Directors and three independent non-executive Directors. There is no financial, business, family or other material/relevant relationship amongst the Directors except Ms. RUAYRUNGRUANG is the daughter of Dr. Chanchai Ruayrungruang, the beneficial owner of Reignwood which is the controlling shareholder of the Company. - Mr. WANG Chih-Wei has been appointed on 5 January 2018 as an executive Director.

The Board as a whole has achieved an appropriate balance of skills and experience to meet the requirements of the Group's business. The biographical details of the Directors and the relationships amongst them, if any, are set out in the section headed "Biographical Details of Directors" section on pages 19 to 20 of this annual report.

The Board has adopted a Board Diversity Policy on 16 August 2013 which sets out the approach to the diversity on the Board. The Nomination Committee will give consideration to a number of factors as set out in the Board Diversity Policy when identifying suitably qualified candidates to become members of the Board, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, industry experience, skills, knowledge and length of service. The Board is considered well balanced and of a diverse mix appropriate for the needs of the Company. The Company will also take into account its own business model and specific needs from time to time to determine the optimal composition of the Board. The Nomination Committee will review the Board Diversity Policy on a regular basis to ensure its continued effectiveness.

The Board has delegated the day-to-day responsibility to the executive Directors who perform their duties under the leadership of the Chief Executive Officer of the Company, while reserving certain key matters for the approval by the Board. The types of decisions to be taken by the Board include but not limited to annual and interim period financial reporting and control, equity fund raising, declaration of interim dividend and making recommendation of final dividend or other distributions, notifiable transactions under Chapters 14 and 14A of the Listing Rules and making recommendation for capital reorganization or scheme arrangement of the Company. During the year ended 31 March 2018, both Mr. ZHENG Yong Sheng, the former Chairman and the former Chief Executive Officer resigned on 27 December 2017 and Ms. RUAYRUNGRUANG Woraphanit, the Chairlady and the Chief Executive Officer has been appointed on 5 January 2018, were delegated with the authority and responsibility to maintain the Group's business and day-to-day operations, and to implement the Group's strategy with respect to the achievement of its business objectives. Both Mr. ZHENG and Ms. RUAYRUNGRUANG were also delegated with the authority and responsibility to take up the overall management of the Group.

During the year ended 31 March 2018, the Board at all times met the requirements of the Listing Rules relating to the appointment of at least three independent non-executive Directors. All the independent non-executive Directors possess appropriate professional qualifications, or accounting or related financial management expertise. In addition, the Company has received, from each of the independent non-executive Directors, an annual confirmation of independence as required under Rule 3.13 of the Listing Rules. The Board considers each of the independent non-executive Directors to be independent and has met the independence guidelines set out in Rule 3.13 of the Listing Rules.

THE BOARD *(Continued)*

Board composition and role *(Continued)*

The Directors have been keeping abreast of their responsibilities as a director of a listed company and of the conduct, business activities and development of the Group. Management provides appropriate and sufficient information to the Directors and the Board committees' members in a timely manner to keep them apprised of the latest development of the Group. The Board and each of the Directors also have separate and independent access to the management whenever necessary.

Directors' and officers' liability insurance

The Company has arranged appropriate insurance coverage for the Directors' and officers' liabilities arising from the businesses of the Group. The insurance coverage is reviewed by the management on an annual basis.

Board meetings

The Board meets regularly and at least four times a year to review and discuss the overall strategy as well as the operation and financial performance of the Group. A total of six Board meetings were held during the year ended 31 March 2018. Additional meetings with reasonable notice will be held as and when the Board considers appropriate. Regular Board meetings each year are scheduled in advance to facilitate maximum attendance of the Directors. Notice of at least 14 days is given to all the Directors for regular Board meetings, and all the Directors are given an opportunity to include matters for discussion in the agenda.

The company secretary of the Company (the "Company Secretary") is responsible for taking and keeping minutes of all the Board meetings. All Directors have access to board papers and related materials, and are provided with adequate information in a timely manner, enabling the Board to make an informed decision on matters placed before the Board meetings. Draft minutes are normally circulated to the Directors for comment within a reasonable time after each meeting and the final version is open for the Directors' inspection.

According to current Board practice, any material transaction that involves a conflict of interests of a substantial shareholder of the Company or a Director, will be considered and dealt with by the Board at a duly convened Board meeting. The Company's Bye-laws require the Directors who themselves or whose associates have material interest to abstain from voting and not to be counted in the quorum at meetings for approving such transaction.

Procedures for shareholders to convening a special general meeting

Pursuant to Section 74 of the Bermuda Companies Act 1981, shareholder(s) holding at the date of the deposit of the requisition not less than one-tenth of the paid-up capital of the Company carrying the right of voting at general meetings of the Company shall have the right to submit a written requisition at the head office of the Company requiring a special general meeting ("SGM") to be called by the Board. The written requisition (i) must state the purposes of the SGM, and (ii) must be signed by the requisitionists and deposited at the registered office of the Company for attention of the Company Secretary, and may consist of several documents in like form, each signed by one or more requisitionists. Such requisitions will be verified with the Company's share registrars and upon their confirmation that the requisition is proper and in order, the Company Secretary will ask the Board to convene a SGM by serving sufficient notice to all shareholders. On the contrary, if the requisition has been verified as not in order, the requisitionists will be advised of this outcome and accordingly, the SGM will not be convened as requested.

If the Board does not within 21 days from the date of the deposit of the requisition proceed duly to convene a SGM, the requisitionists or any of them representing more than one half of the total voting rights of all of them may convene a SGM, but any SGM so convened shall not be held after expiration of three months from the said date of deposit of the requisition. A SGM convened by the requisitionists shall be convened in the same manner, as nearly as possible, as that in any SGM to be convened by the Board.

Procedures for shareholders to put forward proposals at general meetings

Pursuant to Sections 79 and 80 of the Bermuda Companies Act 1981, either any number of shareholders representing not less than one-twentieth of the paid-up capital of the Company carrying the right of voting at general meetings of the Company, or not less than 100 shareholders, can request the Company in writing to (a) give to shareholders entitled to receive notice of the next annual general meeting notice of any resolution which may properly be moved and is intended to be moved at that meeting; and (b) circulate to shareholders entitled to have notice of any general meeting sent to them any statement of not more than 1,000 words with respect to the matter referred to in any proposed resolution or the business to be dealt with at that meeting.

The requisition signed by all the requisitionists must be deposited at the head office of the Company with a sum reasonably sufficient to meet the Company's relevant expenses and not less than six weeks before the meeting in case of a requisition requiring notice of a resolution or not less than one week before the meeting in case of any other requisition.

Procedures for shareholders to propose a person for election as a Director

The Company's procedures for shareholders to propose a person for election as a Director are available on the Company's website at www.aresasia.com and www.irasia.com at www.irasia.com/listco/hk/aresasia.

CORPORATE GOVERNANCE REPORT

INTERNAL CONTROL AND RISK MANAGEMENT

The Board is responsible for maintaining adequate system of internal controls and risk management within the Group and for reviewing their effectiveness. The systems of internal controls and risk management are designed to facilitate effective and efficient operations, to safeguard assets and to ensure the quality of internal and external reporting and compliance with applicable laws and regulations. They are also designed to provide reasonable, but not absolute, assurance that material misstatement or loss can be avoided, and to manage and minimize risks of failure in operation systems. The Company is committed to implement a stricter and more regulated internal control and risk management procedures in the new financial year. In the future, the Group will conduct regular review of the Group's internal control and risk management systems and its effectiveness to ensure the interest of shareholders is safeguarded.

The Board considers the Group's risk management and internal control systems are effective.

OBJECTIVES OF RISK MANAGEMENT AND INTERNAL CONTROL

The objectives of the risk management and internal control framework of the Group include:

- to strengthen the Company's risk management and internal control in compliance with the Listing Rules requirements;
- to establish and constantly improve the risk management and internal control systems; and
- to keep baseline risks within the acceptable range.

THREE-TIER RISK MANAGEMENT APPROACH

The Group has adopted a three-tier risk management approach to identify, assess, mitigate and handle risks. At the first line of defence, business units are responsible for identifying, assessing and monitoring risks associated with each business or deal. The finance department, as the second line of defence, defines rule sets and models, oversees and reports risk management matters to the Board. It ensures that risks are within the acceptable range and that the first line of defence is effective. As the final line of defence, the Board together with audit committee of the Company, with the professional advice and opinions from the external professional Company by whom internal audit work of the Group was conducted on annual basis, ensures that the first and second lines of defence are effective through constant inspection and monitoring. Deficiencies in the design and implementation of internal controls are identified and recommendations are proposed for improvement. Significant internal control deficiencies are reported to the Audit Committee and the Board of Directors on a timely basis to ensure prompt remediation actions are taken.

CORPORATE GOVERNANCE REPORT

PRINCIPLES OF INTERNAL CONTROL

The Group's risk management and internal control systems involve five elements as internal environment, risk assessment, control activities, information and communication and internal supervision. The aim of internal control is to reasonably guarantee the compliance of its operation and management with regulations and laws, assets security, and authenticity and integrity of financial report and related information, improve the efficiency and effectiveness of operating activities and promote the realization of development strategy of the Group.

PROCEDURES AND INTERNAL CONTROLS FOR THE HANDLING AND DISSEMINATION OF INSIDE INFORMATION

The Group complies with requirements of the SFO and the Listing Rules. The Group discloses inside information to the public as soon as reasonably practicable unless the information falls within any of the Safe Harbours as provided in the SFO.

The procedures and internal controls for the handling and dissemination of inside information are as follows:

- the Group conducts its affairs with close regard to the disclosure requirement under the Listing Rules as well as the requirements of SFO;
- the Group has implemented and disclosed its policy on fair disclosure by pursuing broad, non-exclusive distribution of information to the public through channels such as financial reporting, public announcements and its website;
- the Group has strictly prohibited unauthorised use of confidential or inside information; and
- the Group has established and implemented procedures for responding to external enquiries about the Group's affairs.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THE REPORT

Environmental, Social and Governance Report (“ESG”) are wide-ranging with a great impact not only on a company’s long-term business development but also on the general society. A good ESG performance is indispensable for a company’s long-term success and sustainable development. The Directors of the Group had examined the Group’s corporate governance practices and hereby confirmed that the Group had complied with all the provisions set forth in Appendix 27 to the Listing Rules throughout the financial year ended 31 March 2018.

The Group’s sustainable development governance focuses on compliance with the applicable environmental and social laws/regulations in the regions where it operates. The Group’s policies of sustainable development governance are formulated by its relevant departments according to actual needs and applicable laws and their implementation is subject to the supervision and guidance from the Group’s management.

The Group is grateful for the support from stakeholders including shareholders, employees, suppliers, customers, environment and community. Looking forward, the Group will continue to review and strengthen its ESG performance conscientiously for sustainable business development.

ENVIRONMENTAL POLICY AND RESOURCES MANAGEMENT MEASURES

The Group is committed to uphold high environmental standards to fulfil relevant requirements under applicable laws or regulations during the operation of the business, including but not limited to by reducing energy consumption and pollutant discharge, responsibly using natural resources, and improving waste management. The Group’s operations do not create any air pollutant or greenhouse gas emissions directly or generate any hazardous or non-hazardous waste and their main source of energy consumption is electricity. The Group has striven to reduce the direct and indirect impact of its operations on the environment by reducing unnecessary energy consumption in its offices and adopting environmentally friendly policies. For the year ended 31 March 2018, the Group strictly complied with all the applicable environmental laws and regulations and was not subject to any environmental regulatory sanction.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ARES ASIA LIMITED

(Incorporated in Bermuda with limited liability)

OPINION

We have audited the consolidated financial statements of Ares Asia Limited and its subsidiaries ("the Group") set out on pages 50 to 91, which comprise the consolidated statement of financial position as at 31 March 2018, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2018 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* ("the Code") together with any ethical requirements that are relevant to our audit of the consolidated financial statements in Bermuda, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTERS *(Continued)*

Revenue recognition

Refer to accounting policy note 1(q) and note 3 to the consolidated financial statements

The key audit matter

How the matter was addressed in our audit

The Group is principally engaged in the coal trading business.

Our audit procedures to assess the recognition of revenue included the following:

Revenue represents income from the sale of thermal and coking coal sourced from Indonesia, Australia and Russia to customers in Mainland China.

- evaluating the design, implementation and operating effectiveness of key internal controls which govern revenue recognition;

The Group enters into sale and purchase agreements with customers and, in accordance with the terms of the agreements, revenue is recognised when the related risks and rewards of ownership of the coal have been transferred to the customers which is determined to be when the coal is transferred to the ship at the point of origin's anchorage.

- inspecting sale and purchase agreements, on a sample basis, to understand the terms of delivery and assess whether management recognised the related revenue in accordance with the Group's accounting policies, with reference to the requirements of the prevailing accounting standards;

We identified revenue recognition as a key audit matter because revenue is one of the key performance indicators of the Group and therefore there is an inherent risk of manipulation of the recognition of revenue by management to meet specific targets or expectations.

- comparing, on a sample basis, revenue transactions recorded during the year with the underlying sale and purchase agreements, bills of lading, invoices and bank-in slips for settled balances and assessing whether the related revenue had been recognised in accordance with the Group's revenue recognition policies;

- obtaining confirmations, on a sample basis, from major customers of the Group of sales transactions during the year and, for unreturned confirmations, performing alternative procedures by comparing details of the transactions with relevant underlying documentation;

- comparing, on a sample basis, specific revenue transactions recorded before and after the financial year end date with the underlying sale and purchase agreements and bills of lading to determine whether the related revenue had been recognised in the appropriate financial period;

- scrutinising all journals affecting revenue raised during the reporting period and comparing details of a sample of these journals, which met certain risk-based criteria, with relevant underlying documentation.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ARES ASIA LIMITED

(Incorporated in Bermuda with limited liability)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ARES ASIA LIMITED

(Incorporated in Bermuda with limited liability)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

(Continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lee Ka Nang.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

The financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards (“HKFRSs”), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (“the Stock Exchange”) (“the Listing Rules”). Significant accounting policies adopted by the Group are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 1(c) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these financial statements.

(b) Basis of preparation of the financial statements

The consolidated financial statements for the year ended 31 March 2018 comprise the Company and its subsidiaries.

The measurement basis used in the preparation of the financial statements is the historical cost basis.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Major sources of estimation uncertainty in the application of HKFRSs that have significant effect on the financial statements are discussed in note 2.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Change in accounting policies

The HKICPA has issued several amendments to HKFRSs that are first effective for the current accounting period of the Group. None of these impact on the accounting policies of the Group. However, additional disclosure has been included in note 13(b) to satisfy the new disclosure requirements introduced by the amendments to HKAS 7, *Statement of cash flows: Disclosure initiative*, which require entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes.

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

(d) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture.

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 1(g)), unless the investment is classified as held for sale.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see note 1(g)).

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight line method over their estimated useful lives as follows:

— Leasehold improvements	4 years or over the remaining term of the lease, if shorter
— Furniture, fixtures and equipment	4 years
— Motor vehicles	4 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

(f) Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Group determines that the arrangement conveys a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

(i) Classification of assets leased to the Group

Assets that are held by the Group under leases which transfer to the Group substantially all the risks and rewards of ownership are classified as being held under finance leases. Leases which do not transfer substantially all the risks and rewards of ownership to the Group are classified as operating leases.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) Leased assets (continued)

(ii) Operating leases charges

Where the Group has the use of assets under operating leases, payments made under the leases are charged to profit or loss in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received are recognised in profit or loss as an integral part of the aggregate net lease payments made.

(g) Impairment of assets

(i) Impairment of receivables

Receivables that are stated at cost or amortised cost are reviewed at the end of each reporting period to determine whether there is objective evidence of impairment. Objective evidence of impairment includes observable data that comes to the attention of the Group about one or more of the following loss events:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becomes probable that the debtor will enter bankruptcy or other financial reorganisation; and
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor.

If any such evidence exists, any impairment loss for trade and other receivables carried at amortised cost is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition of these assets), where the effect of discounting is material. This assessment is made collectively where these financial assets share similar risk characteristics, such as similar past due status, and have not been individually assessed as impaired. Future cash flows for financial assets which are assessed for impairment collectively are based on historical loss experience for assets with credit risk characteristics similar to the collective group.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Impairment of assets (continued)

(i) Impairment of receivables (continued)

If in a subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through profit or loss. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

Impairment losses are written off against the corresponding assets directly, except for impairment losses recognised in respect of trade debtors and bills receivable included within trade and other receivables, whose recovery is considered doubtful but not remote. In this case, the impairment losses for doubtful debts are recorded using an allowance account. When the Group is satisfied that recovery is remote, the amount considered irrecoverable is written off against trade debtors and bills receivable directly and any amounts held in the allowance account relating to that debt are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in profit or loss.

(ii) Impairment of other assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment; and
- investments in subsidiaries in the Company's statement of financial position.

If any such indication exists, the asset's recoverable amount is estimated.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Impairment of assets (continued)

(ii) Impairment of other assets (continued)

— Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

— Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of the assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measureable) or value in use (if determinable).

— Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(h) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the first-in first-out cost formula and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(h) Inventories (continued)

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(i) Trade and other receivables (other than prepayments for supply contracts)

Trade and other receivables are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less allowance for impairment of doubtful debts (see note 1(g)), except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

(j) Prepayments for supply contracts

Prepayments for supply contracts are stated at cost less allowance for impairment losses (see note 1(g)).

(k) Trade and other payables

Trade and other payables are initially recognised at fair value and are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

(l) Discounted bills with recourse

Discounted bills with recourse are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, discounted bills with recourse are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in profit or loss over the year of the borrowings, together with any interest and fees payable, using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES *(continued)*

(m) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

(n) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(o) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES *(continued)*

(o) **Income tax** *(continued)*

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES *(continued)*

(o) Income tax *(continued)*

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

(p) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(q) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Provided it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised in profit or loss as follows:

(i) Sale of goods

Revenue is recognised when the customer has accepted the related risks and rewards of ownership. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

(ii) Interest income

Interest income is recognised as it accrues using the effective interest method.

(r) Borrowing costs

Borrowing costs are expensed in the period in which they are incurred.

(s) Related parties

(a) A person, or a close member of that person's family, is related to the Group if that person:

- (i) has control or joint control over the Group;
- (ii) has significant influence over the Group; or
- (iii) is a member of the key management personnel of the Group or the Group's parent.

(b) An entity is related to the Group if any of the following conditions applies:

- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- (iii) Both entities are joint ventures of the same third party.

(s) Related parties (continued)

(b) (continued)

- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
- (vi) The entity is controlled or jointly controlled by a person identified in (a).
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
- (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

(t) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

2 ACCOUNTING ESTIMATES

Key sources of estimation uncertainty

Note 18 contains information about the assumptions and their risk factors relating to financial instruments. Other key sources of estimation uncertainty are as follows:

(i) *Impairment losses on bad and doubtful debts*

The Group estimates impairment losses on bad and doubtful debts resulting from the inability of the customers to make the required payments. The Group bases the estimates on the ageing of the receivables, customer credit-worthiness, and historical write-off experience. If the financial conditions of customers were to deteriorate, actual write-offs would be higher than estimated.

(ii) *Other impairment losses*

If circumstances indicate that the carrying value of property, plant and equipment and prepayments may not be recoverable, these assets may be considered impaired, and an impairment loss may be recognised in accordance with HKAS 36, Impairment of assets. The carrying amounts of these assets are reviewed periodically in order to assess whether the recoverable amounts have declined below the carrying amounts. These assets are tested for impairment whenever events or changes in circumstances indicate that their recorded carrying amount may not be recoverable. When such a decline has occurred, the carrying amount is reduced to recoverable amount. The recoverable amount is the greater of the fair value less costs of disposal and the value in use. It is difficult to estimate precisely fair values because quoted market prices for the Group's assets are not readily available. In determining the value in use, expected cash flows generated by the asset are discounted to their present value, which requires significant judgment relating to revenue and amount of operating costs. The Group uses all readily available information in determining an amount that is a reasonable approximation of recoverable amount, including estimates based on reasonable and supportable assumptions and projections of revenue and amount of operating costs.

(iii) *Income taxes*

Determining income tax provisions involves judgment on the future tax treatment of certain transactions. The Group carefully evaluates tax implications of transactions and tax provisions are set up accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislations.

3 REVENUE AND SEGMENT REPORTING

(a) Revenue

The Group is principally engaged in the coal trading business. Revenue represents the sales value of goods sold less returns, discounts and value added taxes and other sales taxes.

Revenue from customers contributing over 10% of the Group's revenue are as follows:

	Coal trading
	<i>\$'000</i>
<hr/>

Customer A	225,609
<hr/>	

Further details regarding the Group's principal activities are disclosed below.

(b) Segment reporting

The Group has a single reportable segment which is "coal trading". Accordingly, the business segment information for this sole reportable segment is equivalent to the consolidated figures.

9 (LOSS)/EARNINGS PER SHARE

(a) Basic (loss)/earnings per share

The calculation of basic (loss)/earnings per share is based on the loss attributable to ordinary equity shareholders of the Company of \$2,478,000 (2017: profit of \$131,000) and the weighted average of 342,116,934 ordinary shares (2017: 342,116,934 ordinary shares) in issue during the year.

(b) Diluted (loss)/earnings per share

The calculation of diluted (loss)/earnings per share is the same as basic (loss)/earnings per share for the years ended 31 March 2018 and 2017 as there were no dilutive potential ordinary shares during that year.

	59,030	60,230

During the year ended 31 March 2014, the Group (through its subsidiary, Ares Repco Limited) entered into coal sale and purchase agreements ("the Original Agreements") with a marketing agent ("the Original Supplier") of two top coal miners in Indonesia. Under the Original Agreements, the Group made prepayments in the aggregate amount of \$13,000,000 to the Original Supplier to secure long-term supply of thermal coal from the relevant coal miners. The prepayments were recoverable by deducting a pre-agreed amount from the unit cost of coal purchased by the Group.

12 TRADE AND OTHER RECEIVABLES *(continued)*

On 22 July 2015, the Group, the Original Supplier and another agent of the two top coal miners in Indonesia (“the New Supplier”) entered into a deed of transfer and amendment (“the Deed”), pursuant to which the Original Supplier transferred certain of its rights, titles and interest in and to the Original Agreements to the New Supplier, and amended certain terms of the Original Agreements, details of which were disclosed in the announcement of the Company dated 22 July 2015. Under the Original Agreements as amended by the Deed, the New Supplier agreed to deliver up to approximately 11.6 million metric tonnes of thermal coal to the Group by the end of 2017, at prices to be agreed between the parties in purchase contracts. The Original Supplier was also entitled to half of the profit margin (“the Original Seller’s Entitlement”) earned by the Group on the sale of the thermal coal in consideration of its facilitating the entering into the Deed among the parties and referral of potential end customers to the Group. As at the date of the Deed, the unutilised balance of prepayments made to the Original Supplier was approximately \$11.6 million and the Original Seller’s Entitlements would be deducted from such balance of prepayments. Save for the amendments made to the Original Agreements, the other terms of the Original Agreements remained in full force and effect.

As at 31 March 2016, the unutilised prepayments amounted to \$11,565,000. The directors reassessed the recoverability of the unutilised prepayments based on all relevant information available to the Group. Due to the continuing downturn of coal market, the low demand of coal and minimal utilisation of the prepayments, and the Group’s efforts in negotiation with the Original Supplier and New Supplier to secure the delivery of thermal coal under the terms of the Original Agreements as amended by the Deed, as well as demand for repayment which were in vain, the directors considered that there was significant uncertainty as to the ability of the Group to recover the balance of the prepayments through either utilisation from future purchases or repayment of the prepayments. Accordingly, a full impairment loss was recognised in the consolidated statement of comprehensive income during the year ended 31 March 2016.

In December 2016, the Group restructured the rights and obligations under the Original Agreements amended by the Deed, through a series of contracts signed and exchanged with the relevant parties (“the New Agreements”), details of which were disclosed in the announcement of the Company dated 12 December 2016. Under the New Agreements, the remainder of the unutilised prepayments are to be utilised on an agreed basis against each purchase, either through an application of the prepayment towards purchases or by cash payment to the Group from the Original Supplier, in each case with an annual minimum repayment of \$2,000,000. During the year ended 31 March 2017, unutilised prepayments and other receivables in total of \$640,000 were recovered from the Original Supplier. Accordingly, the impairment loss recognised in prior year was reversed and credited in the consolidated statement of comprehensive income for the year ended 31 March 2017 to the extent of the actual amount recovered.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

12 TRADE AND OTHER RECEIVABLES (continued)

No further prepayments and other receivables have been utilised or recovered from the Original Supplier during the year ended 31 March 2018, with the result that the Original Supplier is in breach of its minimum repayment obligations of \$2 million under the New Agreements. As at 31 March 2018, approximately \$11.1 million of the prepayments remains outstanding which was fully impaired. The directors will continue to closely monitor the recoverability of the prepayments from the Original Supplier and are considering all of their options, including potential legal action.

Included in "Trade and other receivables" are trade debtors and bills receivable with the following ageing analysis, based on the invoice date (or date of revenue recognition, if earlier), as of the end of the reporting period:

	2018	2017
	\$'000	\$'000
Within 1 month	8,966	20,631
More than 1 month but within 3 months	49,508	38,198
More than 3 months but within 6 months	—	1,199
	58,474	60,028

The credit terms offered to customers of coal trading business are negotiated on a case-by-case basis. Irrevocable letters of credit, up to a tenor of 90 days (2017: 170 days) after the receipt of required documents by nominated banks, are usually required not later than 14 days prior to the expected date of vessel's arrival at loading port as stipulated in the sales agreements. Further details on the Group's credit policy are set out in note 18(a).

The ageing analysis of trade debtors and bills receivable based on the past due status as of the end of the reporting period is as follows:

	2018	2017
	\$'000	\$'000
Neither past due nor impaired	58,474	60,028

Based on past experience, management believes that no impairment allowance is necessary in respect of trade debtors and bills receivable as there has not been a significant change in credit quality and the balances are still considered fully recoverable. The outstanding trade debtors as at 31 March 2018 and 31 March 2017 were covered by letters of credit which has been accepted by the nominated banks subsequent to the end of the reporting period. No impairment loss was recognised by the Group at 31 March 2018 and 31 March 2017.

All of the trade and other payables are expected to be settled or recognised as income within one year or are repayable on demand.

As of the end of the reporting period, the ageing analysis of trade creditors, based on the invoice date, is as follows:

	2018 \$'000	2017 \$'000
Within 1 month	8,458	3,888

15 DISCOUNTED BILLS WITH RECOURSE

Bills discounted with banks at an effective interest rate ranging from 2.41% to 3.03% (2017: 1.88% to 2.25%) per annum as at 31 March 2018 have maturity profiles of no more than 90 days.

16 EMPLOYEE RETIREMENT BENEFITS

Defined contribution retirement plans

The Group operates a Mandatory Provident Fund Scheme (the "MPF scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF scheme, the employer and its employees are each required to make contributions to the plan at 5% of the employees' relevant income, subject to a cap of monthly relevant income of HK\$30,000. Contributions to the plan vest immediately.

The Group has no other material obligation for the payment of pension benefits associated with the Scheme and the MPF scheme beyond the annual contributions described above.

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

(c) Nature and purpose of reserves

(i) Share premium account

The application of the share premium account is governed by Section 40 of the Companies Act 1981 of Bermuda.

(ii) Contributed surplus

Contributed surplus arose from the Group reorganisation in prior years.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

17 CAPITAL AND RESERVES *(continued)*

(d) Distributability of reserves

In addition to retained profits, under the Companies Act 1981 of Bermuda, the contributed surplus account of the Company is also available for distribution. However, the Company cannot declare or pay a dividend, or make a distribution out of contributed surplus if:

- (i) it is, or would after the payment be, unable to pay its liabilities as they become due; or
- (ii) the realisable value of its assets would thereby be less than the aggregate of its liabilities and its issued share capital and share premium account.

At 31 March 2018, the aggregate amount of reserves available for distribution to equity shareholders of the Company amounted to \$8,172,000 (2017: \$10,648,000).

(e) Dividends

The directors do not recommend the payment of any dividend for the year ended 31 March 2018 (2017: Nil).

(f) Capital management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, by pricing products commensurately with the level of risk and by securing access to finance at a reasonable cost.

The Group defines "capital" as including all components of equity. On this basis the amount of capital employed at 31 March 2018 was \$8,780,000 (2017: \$11,258,000).

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. The Group reviews the capital structure on a regular basis and considers the cost of capital and the associated risks. Based on recommendations of the board of directors, the Group will balance its overall capital structure through adjusting the amount of dividends paid to shareholders, new share issues or new debt financing. No changes were made in the objectives, policies or processes during the years ended 31 March 2018 and 2017.

Neither the Company nor any of its subsidiaries are subject to externally imposed capital requirements.

18 FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS

Exposure to credit, liquidity, interest rate, and currency risks arises in the normal course of the Group's business.

The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

(a) Credit risk

The Group's credit risk is primarily attributable to trade and other receivables. Management has a credit policy in place and the exposure to this credit risk is monitored on an ongoing basis.

In respect of trade and other receivables, individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customer's past history of making payments when due and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates. The Group also manages the credit risk by arranging the trade debtors to be covered by letters of credit from reputable banks. Credit terms offered by the Group to its customers are set out in note 12 to the financial statements.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer rather than the industry or country in which the customers operate. The Group considers the exposure to credit risk with respect to trade debtors and bills receivable as at 31 March 2018 and 2017 were not significant as all of them were covered by letters of credit from reputable banks. It is considered the possibility of default is remote.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position after deducting any impairment allowance (if any). The Group does not provide any guarantees which would expose the Group to credit risk.

Further quantitative disclosures in respect of the Group's exposure to credit risk arising from trade and other receivables are set out in note 12.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

18 FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

(b) Liquidity risk

Individual operating entities within the Group are responsible for their own cash management, including the short-term investment of cash surpluses and the raising of loans to cover expected cash demands, subject to approval by the Company's board when the borrowing exceeds certain predetermined levels of authority. The Group's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term. At 31 March 2018, the Group has unutilised banking facilities of \$42,000,000 (2017: \$12,879,000).

All financial liabilities are carried at amounts not materially different from their contractual undiscounted cash flow as all the financial liabilities are with maturities within one year or repayable on demand at the end of the reporting period.

(c) Interest rate risk

The Group has no significant exposure to interest rate risk.

(d) Currency risk

The Group is exposed to currency risk primarily through sales and purchases which give rise to receivables, payables and cash balances that are denominated in a foreign currency other than the functional currency of the operations to which they relate. The currencies giving rise to this risk are primarily Hong Kong dollars ("HKD") and Renminbi ("RMB"). The Group considers the risk of movements in exchange rates between the HKD and the United States dollars ("USD") to be insignificant as the HKD is pegged to the USD.

The following table details the Group's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the functional currency of the entity to which they relate. For presentation purposes, the amounts of the exposure are shown in USD, translated using the spot rate at the year end date.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

18 FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

(d) Currency risk (continued)

	Exposure to foreign currencies (expressed in USD)			
	2018		2017	
	HKD \$'000	RMB \$'000	HKD \$'000	RMB \$'000
Trade and other receivables	74	—	74	—
Cash and cash equivalents	309	6	361	6
Trade and other payables	(215)	—	(283)	—
	168	6	152	6

A change in the foreign exchange rate of RMB is not expected to have significant impact on the Group's loss/profit after tax and accumulated losses. Therefore, the sensitivity analysis is not prepared. In this respect, it is assumed that the pegged rate between the HKD and the USD would be materially unaffected by any changes in movement in value of the USD against other currencies.

(e) Fair value measurement

The carrying amounts of the Group's financial instruments carried at cost or amortised cost are not materially different from their fair values as at 31 March 2018 and 2017 because of the immediate or short-term maturity of the financial instruments.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

19 OPERATING LEASE COMMITMENT

At 31 March 2018, the total future minimum lease payments under non-cancellable operating leases are payable as follows:

	2018	2017
	\$'000	\$'000
Within 1 year	109	208

The Group is the lessee in respect of its office premise held under operating lease from a fellow subsidiary. The lease runs for an initial period of less than one year with options to renew the lease when all terms are renegotiated. The lease does not include contingent rentals.

20 CONTINGENT LIABILITIES

At 31 March 2018, the Group is involved in a legal claim relating to the disposal of certain former subsidiaries the operation of which were discontinued.

The Group ceased the operation of its footwear business in January 2013. Further, as disclosed in the Company's announcement dated 26 February 2014, the Company entered into a sale and purchase agreement ("the agreement") with Landway Investments Limited ("Landway"), a company wholly owned by a director of Brave Win Industries Limited ("Brave Win") to dispose of (i) 1 share of Brave Win, representing 0.000033% of the total issued share capital of Brave Win; (ii) the 1,000 shares of China Compass Investments Limited ("China Compass"), representing the entire issued share capital of China Compass; and (iii) the unsecured and interest-free shareholder's loan in the principal amount of approximately \$1,579,000 owed by China Compass to the Company, at a consideration of \$3,200,000 ("the Disposal"). The Disposal was completed on 10 April 2014. The directors reviewed the representations and warranties provided by the Company to Landway as set out in the agreement and based on the review and professional advice obtained, it was considered that there was no breach of any of the representations and warranties.

On 23 March 2016, Landway filed a claim against the Company, which alleged that a former director of the Company made certain misrepresentations in the Disposal and filed a claim of \$700,000 plus interest against the Company in the High Court of Hong Kong. The Company filed its defence on 24 May 2016 which denied the allegations made by Landway. On 7 September 2016, the Company issued a summons applying to strike out Landway's claim. The strike out application was unsuccessful as Landway amended its statement of claim on 13 March 2017 in response to the strike out application. The Company filed an amended defence on 28 April 2017 accordingly. Landway and the Company filed and exchanged factual witness statements on 20 March 2018.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in United States dollars unless otherwise indicated)

20 CONTINGENT LIABILITIES (Continued)

The legal proceedings are at the stage where documentary discovery and the exchange of witness statements has been completed, but trial dates have not yet been fixed. Based on the available evidence and the advice received from the Company's legal advisor as to the merits of Landway's claim, the directors of the Company are of the opinion that no provision in respect of the said claim is required to be made.

21 MATERIAL RELATED PARTY TRANSACTIONS

In addition to the transactions and balances disclosed in elsewhere in the consolidated financial statements, the Group enter into the following related party transactions.

(a) Key management personnel remuneration

Remuneration for key management personnel, including amounts paid to the Company's directors disclosed in note 7 and certain of the highest paid employees as disclosed in note 8, is as follows:

	2018	2017
	\$'000	\$'000
Salaries and other short-term employee benefits	470	431
Retirement scheme contributions	2	2
	472	433

Total remuneration is disclosed in "staff costs" (see note 5(b)).

(b) Transaction with a fellow subsidiary

	2018	2017
	\$'000	\$'000
Rental expenses, building management fee and utility charges (note 21(c))	413	388

(c) Applicability of the Listing Rules relating to connected transaction

The related party transaction in respect of note 21(b) above constitutes continuing connected transaction as defined in Chapter 14A of the Listing Rules. The disclosures required by Chapter 14A of the Listing Rules are provided in section headed "Continuing connected transaction" of the Reports of the directors.

23 IMMEDIATE AND ULTIMATE CONTROLLING PARTY

At 31 March 2018, the directors consider the immediate parent and ultimate controlling party of the Group to be Reignwood International Holdings Company Limited, which is incorporated in the British Virgin Islands and Mr. Chanchai Ruayrungruang respectively. The entity does not produce financial statements available for public use.

24 POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 MARCH 2018

Up to the date of issue of these financial statements, the HKICPA has issued a number of new standards which are not yet effective for the year ended 31 March 2018 and which have not been adopted in these financial statements. These include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
HKFRS 9, Financial instruments	1 January 2018
HKFRS 15, Revenue from contracts with customers	1 January 2018
HKFRS 16, Leases	1 January 2019
HK(IFRIC) 23, Uncertainty over income tax treatments	1 January 2019

The Group is in the process of making an assessment of what the impact of these new standards is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements.
