**PROFIT ALERT**

This announcement is made by Greentech Technology International Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the provisions of inside information under Part XIVA of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong).

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company and potential investors that based on the preliminary assessment of the Group’s unaudited consolidated management accounts for the six months ended 30 June 2018 currently available to the Board, the Group is expected to record a significant increase in net profit for the six months ended 30 June 2018 as compared with that for the corresponding period in 2017.

The expected net profit increase is mainly due to a significant increase in gross profit expected to be recorded by the Group for the six months ended 30 June 2018 as compared to that for the six months ended 30 June 2017. The expected gross profit increase is mainly due to the increase in the transaction price of tin concentrate in the first half of 2018. In addition, the Group is expected to record a significant increase in net foreign exchange gain which forms part of other gains and losses for the six months ended 30 June 2018 as compared to that for the six months ended 30 June 2017. The Group is also expected to record a significant decrease in finance cost for the six months ended 30 June 2018 as compared to that for the six months ended 30 June 2017. The expected decrease in finance cost is mainly due to decrease in interest expense on other borrowing.

The actual extent of the increase in the net profit and actual amount of gross profit are yet to be further ascertained as at the date of this announcement. The Company is in the process of preparing the interim results of the Group for the six months ended 30 June 2018. The information contained in this announcement is only based on the preliminary assessment made by the Board based on the

Shareholders of the Company and potential investors are advised to read carefully the interim results announcement of the Company for the six months ended 30 June 2018 which is expected to be published on or around 22 August 2018.
