## NOTES TO THE CONDENSED FINANCIAL STATEMENTS

For the six months ended 30th September, 2018

#### 1. BASIS OF PREPARATION

The unaudited condensed financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("the HKICPA") and with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

#### 2. SIGNIFICANT ACCOUNTING POLICIES

The unaudited condensed financial statements have been prepared under the historical cost convention, as modified for the revaluation of investment properties and financial assets at fair value through profit or loss which are measured at fair values, as appropriate.

In the current period, the Group has adopted the following new or revised standards and amendments (the "new HKFRSs") issued by the HKICPA, which are or have become effective for the Group's financial year beginning on 1st April, 2018:

| HKFRS 2 (Amendments) | Classification and Measurement of Share-based<br>Payment Transactions      |
|----------------------|--|
| HKFRS 4 (Amendments) | Applying HKFRS 9 Financial Instruments with<br>HKFRS 4 Insurance Contracts |
| HKFRS 9              | Financial Instruments  |
| HKFRS 15             | Revenue from Contracts with Customers and the related Amendments           |
| HKAS 28 (Amendments) | As part of the Annual Improvements HKFRS 2014-2016 Cycle                   |
| HKAS 40 (Amendments) | Transfers of Investment Property   |
| HK(IFRIC) – Int 22   | Foreign Currency Transactions and Advance<br>Consideration                 |

The adoption of the new HKFRSs has had no material effect on the condensed consolidated financial statements of the Group for the current or prior accounting periods except for HKFRS 9 which will be explained below. Accordingly, no prior period adjustment has been required.

HKFRS 9 Financial Instruments replaces HKAS 39 Financial Instruments: Recognition and Measurement for annual periods beginning on or after 1st January, 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement, impairment and hedge accounting. The Group has applied HKFRS 9 retrospectively to items that existed at 1st April, 2018 in accordance with the transition requirements. The carrying amount of HK\$29,968,000 originally stated under Available-for-sale investments has been reclassified to Financial assets at fair value through profit or loss on 1st April, 2018 under HKFRS 9.

# LIQUIDITY AND FINANCIAL RESOURCES

# **BUSINESS REVIEW AND PROSPECTS**

While 2018 has been exceptionally challenging with geopolitical factors cascading into the financial and economic spheres, the global rice business was especially hard hit with the increasing negative amplifying effects of climate change, in severity, frequency and unpredictability. This has surprisingly resulted not only in more than 50% increase in the international premium rice price but also reduction in the milling yield, reflecting both reduction in quantity and quality of the rice harvest.

Given the extreme population density and market saturation of the Hong Kong rice market, the competition and business environment are challenging and intense, as usual. To mitigate these various material adverse externalities, we continue to streamline both our operational and overhead cost control programmes, upgrade our production technology and process automation systems, and most importantly, improve our corporate oversight and governance with special focus on CRM, policies and procedures.

We continue to be the market leader in Hong Kong, not only in volume but in quality, with respected leading brands and extensive presence in the retail and consumer mind space. We maintain a very positive and confident outlook as our rice business will continue to contribute stable and reliable earnings to the Group.

In Vietnam, the Group's Circle K Convenience Store business is expanding at a rapid pace and scale. As of end of September 2018, the Group owns and operates 293 stores in Vietnam. The combined revenue of our retail stores and online sales continue double digit comparable store sales growth.

In late August 2018, the Group signed a MOU with SF Holding Co Ltd (listed on the Shenzhen Stock Exchange), to form a Joint Venture to provide market leading domestic and international express delivery, logistic services and warehouse management solutions in Vietnam. The goal of our Joint Venture is to establish a Total Business Solution for our Group Ecosystem in Vietnam. This vertical integration will augment our increasing presence in Vietnam marketplace, enhancing the seamless service experience of our customers while advancing the core skill-sets and careers development of our team throughout our organization, independent of physical or virtual location. This will provide an integrated operating and financial planning and analysis platform as we continue to leverage our core businesses and skills to improve and expand our businesses, geographically.

The Group is in the process of closing the negotiation with SF Holding Co Ltd. A further announcement will be made as and when appropriate.

## **INTERIM DIVIDEND**

It is expected that the interim dividend will be paid to the shareholders on or about Wednesday, 9th January, 2019.
