MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Mirae Asset Horizons Leveraged and Inverse Series (the “Trust”) is an umbrella unit trust governed by its trust deed dated 1 September 2016 as amended by supplemental deeds dated 23 February 2017 (collectively, the “Trust Deed”) between Mirae Asset Global Investments (Hong Kong) Limited (the “Manager”) and HSBC Institutional Trust Services (Asia) Limited (the “Trustee” and “Registrar”). The Trust Deed is governed by Hong Kong Law.

As at 30 September 2018, the Trust has established eight sub-funds, each a separate sub-fund of the Trust, which are authorised by the Securities and Futures Commission of Hong Kong (the “SFC”) pursuant to section 104(1) of the Securities and Futures Ordinance. The sub-funds are listed on the Stock Exchange of Hong Kong Limited (the “SEHK” and a subsidiary of The Hong Kong Exchanges and Clearing Limited). For three of the eight sub-funds, namely Mirae Asset Horizons S&P 500 Daily (2x) Leveraged Product, Mirae Asset Horizons Topix Daily (-1x) Inverse Product and Mirae Asset Horizons Topix Daily (2x) Leveraged Product, they were delisted on 24 July 2018 and their financial statements are separately reported upon their termination. The remaining five sub-funds that are reported under these financial statements are referred individually or collectively as the “Sub-Fund(s)” and their listing dates are as follows:

<u>Name of Sub-Funds</u>	<u>Listing date on the Stock Exchange of Hong Kong Limited (the “SEHK”)</u>
Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product	11 October 2016
Mirae Asset Horizons Hang Seng Index Daily (-1x) Inverse Product	14 March 2017
Mirae Asset Horizons Hang Seng Index Daily (2x) Leveraged Product	14 March 2017
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1x) Inverse Product	14 March 2017
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2x) Leveraged Product	14 March 2017

These financial statements relate to the above-mentioned Sub-Funds. The Manager and the Trustee (collectively, the “Management”) are responsible for the preparation of the financial statements.

Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product (“S&P 500 Daily (-1x) Inverse Product”)

The objective of S&P 500 Daily (-1x) Inverse Product (Stock code: 07322) is to provide investment results that, before fees and expenses, closely correspond to the inverse (-1x) daily performance of the S&P 500 Index (net of swap fees). The Sub-Fund does not seek to achieve its stated investment objective over a period of time greater than one day.

Mirae Asset Horizons Hang Seng Index Daily (-1x) Inverse Product (“Hang Seng Index Daily (-1x) Inverse Product”)

The objective of Hang Seng Index Daily (-1x) Inverse Product (Stock code: 07336) is to provide investment results that, before fees and expenses, closely correspond to the inverse (-1x) daily performance of the Hang Seng Index. The Sub-Fund does not seek to achieve its stated investment objective over a period of time greater than one day.

Mirae Asset Horizons Hang Seng Index Daily (2x) Leveraged Product (“Hang Seng Index Daily (2x) Leveraged Product”)

The objective of Hang Seng Index Daily (2x) Leveraged Product (Stock code: 07231) is to provide investment results that, before fees and expenses, closely correspond to twice (2x) daily performance of the Hang Seng Index. The Sub-Fund does not seek to achieve its stated investment objective over a period of time greater than one day.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

1. GENERAL INFORMATION (CONTINUED)

Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1x) Inverse Product (“Hang Seng China Enterprises Index Daily (-1x) Inverse Product”)

The objective of Hang Seng China Enterprises Index Daily (-1x) Inverse Product (Stock code: 07362) is to provide investment results that, before fees and expenses, closely correspond to the inverse (-1x) daily performance of the Hang Seng Index. The Sub-Fund does not seek to achieve its stated investment objective over a period of time greater than one day.

Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2x) Leveraged Product (“Hang Seng China Enterprises Index Daily (2x) Leveraged Product”)

The objective of Hang Seng China Enterprises Index Daily (2x) Leveraged Product (Stock code: 07230) is to provide investment results that, before fees and expenses, closely correspond to twice (2x) daily performance of the Hang Seng Index. The Sub-Fund does not seek to achieve its stated investment objective over a period of time greater than one day.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(a) Basis of preparation

The financial statements of the Sub-Funds have been prepared in accordance with International Financial Reporting Standards (“IFRSs”) as issued by the International Accounting Standards Board (“IASB”), and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB and the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions specified in Appendix E of the Code on Unit Trusts and Mutual Funds of the SFC (the “SFC Code”). The financial statements have been prepared under the historical cost convention, except for financial assets and liabilities classified as fair value through profit or loss that have been measured at fair value.

The preparation of financial statements, in conformity with IFRSs, requires the Management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts recognised in the financial statements and disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Going concern

The Management has made an assessment of the Sub-Funds’ ability to continue as a going concern and is satisfied that the Sub-Funds have the resources to continue in business for the foreseeable future. Furthermore, the Management is not aware of any material uncertainties that may cast significant doubt upon the Sub-Funds’ ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) Basis of preparation (continued)

Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations and changes in tax laws on foreign withholding tax. Given the wide range of international investments, differences arising between the actual investment income and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax expense that is already recorded. The Sub-Funds establish provisions, based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which the Sub-Funds invest. The amounts of such provisions are based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective investment's domicile.

All references to net assets throughout the financial statements refer to net assets attributable to unitholders unless otherwise stated.

STANDARDS AND AMENDMENTS TO EXISTING STANDARDS EFFECTIVE 1ST JANUARY 2018.

The Sub-Funds have applied the following new and revised IFRSs that have been effective, in these financial statements.

IFRS 9 Financial Instruments

In July 2014, the IASB issued the final version of IFRS 9 *Financial Instruments* that replaces IAS 39 *Financial Instruments: Recognition and Measurement* and all previous versions of IFRS 9. IFRS 9 brings together all three aspects of the accounting for financial instruments project: classification and measurement, impairment and hedge accounting. IFRS 9 is effective for annual periods beginning on or after 1 January 2018, with early application permitted. Except for hedge accounting, retrospective application is required but providing comparative information is not compulsory.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) Basis of preparation (continued)

STANDARDS AND AMENDMENTS TO EXISTING STANDARDS EFFECTIVE 1ST JANUARY 2018 (CONTINUED)

IFRS 9 Financial Instruments (continued)

The Sub-Funds plan to adopt the new standard on the required effective date. During 2017, the Sub-Funds have performed a high-level impact assessment of all three aspects of IFRS 9. This preliminary assessment is based on currently available information and may be subject to changes arising from further detailed analyses or additional reasonable and supportable information being made available to the Sub-Funds in the future. Overall, the Sub-Funds expect no significant impact on the statements of net assets except for the effect of applying the impairment requirements of IFRS 9. The Sub-Funds expect a higher loss allowance resulting in a negative impact on equity and will perform a detailed assessment in the future to determine the extent.

The Sub-Funds do not expect a significant impact on the statements of net assets on applying the classification and measurement requirements of IFRS 9. The Sub-Funds expect to continue measuring at fair value all financial assets and financial liabilities currently held at fair value.

(b) Financial instruments

Classification

The Sub-Funds classify their financial assets and liabilities into the following categories in accordance with IAS 39 *Financial Instruments: Recognition and Measurement*.

Financial assets and financial liabilities at fair value through profit or loss

The Sub-Funds classify their investments as financial assets and financial liabilities at fair value through profit or loss in accordance with IAS 39. All financial assets and financial liabilities at fair value through profit or loss are designated upon initial recognition on the basis that they are part of a group of financial assets and financial liabilities which are managed and have their performance evaluated on a fair value basis, in accordance with risk management and investment strategies of the Sub-Funds.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. The Sub-Funds include in this category amounts relating to amount due from brokers, amount due from the Manager and interest receivables.

Other financial liabilities

This category includes all financial liabilities other than those classified as at fair value through profit or loss. The Sub-Funds include in this category amounts relating to management fee payable, trustee fee payable, formation fee payable, administration fee payable, amount due to brokers and other payables and accruals.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Financial instruments (continued)

Recognition

The Sub-Funds recognise a financial asset or a financial liability when, and only when, they become a party to the contractual provisions of the instrument. Purchases and sales of financial assets at fair value through profit or loss are accounted for on the trade date basis.

Initial measurement

Financial assets at fair value through profit or loss are initially recognised at fair value, excluding transaction costs which are expensed as incurred.

Loans and receivables and financial liabilities are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

For financial assets and liabilities where the fair value at initial recognition does not equal the transaction price, the Sub-Funds recognise the difference in the profit or loss, unless specified otherwise.

Subsequent measurement

After initial measurement, financial assets and financial liabilities at fair value through profit or loss are subsequently re-measured at fair value. Realised gains and losses and change in unrealised gains and losses on financial assets and financial liabilities at fair value through profit or loss are included in profit or loss in the period in which they arise.

Loans and receivables are carried at amortised cost using the effective interest method less any allowance for impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

Other financial liabilities are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, as well as through the amortisation process.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the Sub-Funds estimate cash flows considering all contractual terms of the financial instrument but does not consider future credit losses. The calculation includes all fees and points paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Derecognition

A financial asset is derecognised when the rights to receive cash flows from the financial asset have expired, or where the Sub-Funds have transferred its rights to receive cash flows from the financial asset, or have assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and either the Sub-Funds have transferred substantially all the risks and rewards of the asset or the Sub-Funds have neither transferred nor retained substantially all the risks and rewards of the financial asset, but have transferred control of the asset.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Financial instruments (continued)

Derecognition (continued)

When the Sub-Funds have transferred its rights to receive cash flows from an asset (or have entered into a pass-through arrangement), and have neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Sub-Funds' continuing involvement in the asset. In that case, the Sub-Funds also recognise an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Sub-Funds have retained. The Sub-Funds derecognise a financial liability when the obligation under the liability is discharged, cancelled or expired.

Fair value measurement

The Sub-Funds measure its investments in financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or,
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Sub-Funds.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value for financial instruments that are listed or traded on an exchange are fair valued based on quoted last traded market prices.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Sub-Funds determine whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Financial instruments (continued)

Derivative financial instruments

Derivative financial instruments are recorded on a mark-to-market basis. Fair values are determined by using quoted market prices for futures contracts or calculated by reference to changes in specified prices of an underlying asset or otherwise determined notional amount for swap contracts. All derivatives are carried as assets when amounts are receivable by the Sub-Fund and as liabilities when amounts are payable by the Sub-Funds.

Unrealised gains and losses arising from change in fair value, and realised gains and losses are recognized in profit or loss.

(c) Income

Interest income is recognised in profit or loss on a time-proportionate basis using the effective interest method.

Dividend income on equity securities is recognised on the date on which the investments are quoted ex-dividend. Dividend income on equity securities where no ex-dividend date is quoted is accounted for when the Sub-Funds' right to receive payment is established. Dividend income is presented gross of any non-recoverable withholding taxes, which are disclosed separately in profit or loss.

(d) Expenses

Expenses are recognised on an accrual basis.

(e) Cash and cash equivalents

Cash and cash equivalents in the statement of net assets comprise short-term deposits in banks and time deposits with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts when applicable.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) Translation of foreign currencies

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Funds operate (the “functional currency”). The performance of the Sub-Funds are measured and reported to the unitholders in Hong Kong dollar (“HK\$”) for Mirae Asset Horizons Hang Seng Index Daily (-1X) Inverse Product, Mirae Asset Horizons Hang Seng Index Daily (2X) Leveraged Product, Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1X) Inverse Product and Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2X) Leveraged Product and in United States Dollar (“US\$”) for Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product. The Management considers the HK\$ and US\$ as the currencies that most faithfully represent the economic effects of the underlying transactions, events and conditions. The financial statements of the Sub-Funds are presented in HK\$ for Mirae Asset Horizons Hang Seng Index Daily (-1X) Inverse Product, Mirae Asset Horizons Hang Seng Index Daily (2X) Leveraged Product, Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1X) Inverse Product and Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2X) Leveraged Product and in US\$ for Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product which are the Sub-Funds’ functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at functional currency using the exchange rate ruling at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Foreign exchange gains and losses arising from translation are included in profit or loss.

Foreign exchange gains and losses relating to cash and cash equivalents are included in profit or loss within “net exchange gain/(loss)”.

Foreign exchange gains and losses relating to the financial instruments classified as at fair value through profit or loss are included in profit or loss within “net gain/(loss) on financial assets or financial liabilities at fair value through profit or loss”.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Redeemable units

Redeemable units are classified as an equity instrument when:

- (a) The redeemable units entitle the holder to a pro-rata share of the Sub-Funds' net assets in the event of the Sub-Funds' liquidation;
- (b) The redeemable units are in the class of instruments that is subordinate to all other classes of instruments;
- (c) All redeemable units in the class of instruments that is subordinate to all other classes of instruments have identical features;
- (d) The redeemable units do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro-rata share of the Sub-Funds' net assets; or
- (e) The total expected cash flows attributable to the redeemable units over the life of the instrument are based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Funds over the life of the instrument.

In addition to the redeemable units having all the above features, the Sub-Funds must have no other financial instrument or contract that has:

- (a) Total cash flows based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Funds; and
- (b) The effect of substantially restricting or fixing the residual return to the redeemable unitholders.

The Sub-Funds' redeemable units meet the definition of puttable instruments classified as equity instruments under the revised IAS 32 and are classified as equity.

The Sub-Funds continuously assess the classification of the redeemable units. If the redeemable units cease to have all the features or meet all the conditions set out to be classified as equity, the Sub-Funds will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognised in equity. If the redeemable units subsequently have all the features and meet the conditions to be classified as equity, the Sub-Funds will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

The issuance, acquisition and cancellation of redeemable units are accounted for as equity transactions. Upon issuance of redeemable units, the consideration received is included in equity.

Transaction costs incurred by the Sub-Funds in issuing of their own equity instruments are accounted for as a deduction from equity to the extent that they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

The Sub-Funds' own equity instruments which are reacquired are deducted from equity and accounted for at amounts equal to the consideration paid, including any directly attributable incremental costs.

No gain or loss is recognised in profit or loss on the purchase, sale, issuance or cancellation of the Sub-Funds' own equity instruments.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Redeemable units (continued)

Redeemable units can be redeemed in cash equal to a proportionate share of the Sub-Funds' net asset value. The Sub-Funds' net asset value per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units of the respective Sub-Funds. Units are created or redeemed in multiples of 250,000 units for Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product and 100,000 units for Mirae Asset Horizons Hang Seng Index Daily (-1X) Inverse Product, Mirae Asset Horizons Hang Seng Index Daily (2X) Leveraged Product, Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1X) Inverse Product and Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2X) Leveraged Product .

(h) Segmental reporting

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Manager, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the chief operating decision-maker that makes strategic decisions.

(i) Amounts due from and due to brokers

Amount due from brokers includes cash held at the brokers and receivables for unsettled trades. Amount due to brokers includes margin debt balances and payables for unsettled trades.

These amounts are measured initially at fair value plus any directly attributable incremental costs of acquisition or issue and subsequently measured at amortised cost using the effective interest method, less provision for impairment for amount due from broker. Gains and losses are recognised in the profit or loss when the amount due from broker is derecognised or impaired and when the amount due to brokers is derecognised, as well as through the amortisation process.

(j) Impairment of financial assets

The Sub-Funds assess at each reporting date whether a financial asset or group of financial assets classified as loans and receivables is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is an objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that the debtor, or a group of debtors, is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and, where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. If there is objective evidence that an impairment loss occurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been occurred) discounted using the asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the profit or loss as 'Credit loss expense'.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(j) Impairment of financial assets (continued)

Impaired debts, together with the associated allowance, are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Sub-Funds. If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a previous write-off is later recovered, the recovery is credited to the profit or loss.

Interest revenue on impaired financial assets is recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

(k) Net change in unrealised gains or losses on financial assets and financial liabilities at fair value through profit or loss

This item includes changes in the fair value of financial assets and financial liabilities as at fair value through profit or loss and excludes interest and dividend income.

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period unrealised gains and losses for financial instruments which were realised in the reporting period.

(l) Net realised gains or losses on disposal of financial instruments

Net realised gains and losses on disposals of financial instruments classified as 'at fair value through profit or loss' are calculated using the weighted average method. They represent the difference between an instrument's average cost and disposal amount.

(m) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of net assets if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

(n) Taxes

In some jurisdictions, investment income and capital gains are subject to withholding tax deducted from the source of the income. The Sub-Funds present the withholding tax separately from the gross investment income in the profit or loss. For the purpose of the statement of cash flows, cash inflows from investments are presented net of withholding taxes, when applicable.

(o) Distributions to unitholders

The Manager does not intend to pay or make any distributions or dividends to the Sub-Funds' unitholders.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(p) Formation fee

Formation fee is recognised as an expense in the period in which it is incurred.

(q) Transactions costs

Transactions costs are costs incurred to acquire financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, brokers and dealers. Transactions costs, when incurred, are immediately recognised in profit or loss as an expense.

(r) Related parties

A party is considered to be related to the Sub-Funds if:

- (a) the party is a person or a close member of that person's family and that person
- (i) has control or joint control over the Sub-Funds;
 - (ii) has significant influence over the Sub-Funds; or
 - (iii) is a member of the key management personnel of the Sub-Funds or of a parent of the Sub-Funds;

or

- (b) the party is an entity where any of the following conditions applies:
- (i) the entity and the Sub-Funds are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Sub-Funds or an entity related to the Sub-Funds;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of group of which it is a part, provides key management personnel services to the Sub-Funds or to the parent of the Sub-Funds.

NOTES TO FINANCIAL STATEMENTS

3. NET ASSETS ATTRIBUTABLE TO UNITHOLDERS AND MOVEMENT OF UNITS

(a) Net assets attributable to unitholders

The creation and redemption of units of the Sub-Funds can only be facilitated by or through participating dealers. Investors other than the participating dealers make a request to create or redeem units through a participating dealer, and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with a participating dealer.

The Trustee shall receive subscription proceeds from the participating dealers for the creation of units and pay redemption proceeds for the redemption of units to the relevant participating dealer in such form and manner as prescribed by the Trust Deed. Subscriptions and redemptions of units during the year/period are shown on the statement of changes in net assets attributable to unitholders.

As stated in note 2(g), units of the Sub-Funds, which are represented by assets less liabilities, are classified as equity and accounted for in accordance with IFRSs (the “Accounting NAV”). For the purpose of determining the NAV per unit for subscriptions and redemptions and for various fee calculations (the “Dealing NAV”), the Trustee calculates the Dealing NAV in accordance with the provisions of the Trust Deed, which may be different from the accounting policies under IFRSs.

Reconciliation between accounting NAV and dealing NAV

Adjustment for formation fee

The formation fee of establishing Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product was US\$nil (31 March 2018: US\$nil). The formation fee of establishing Mirae Asset Horizons Hang Seng Index Daily (-1x) Inverse Product, Mirae Asset Horizons Hang Seng Index Daily (2x) Leveraged Product, Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1x) Inverse Product and Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2x) Leveraged Product was HK\$nil (31 March 2018: HK\$392,989) for each Sub-Fund. Per the prospectus of the Sub-Funds, the formation fee will be amortised over the first 5 financial periods of the Sub-Funds. However, with respect to the Sub-Funds for the purpose of financial statements preparation in compliance with IFRSs, their accounting policies are to expense the formation fee in profit or loss as incurred.

5. TRANSACTIONS WITH THE TRUSTEE/MANAGER AND ITS CONNECTED PERSONS

Related parties are those as defined in note 2(r). Related parties of the Sub-Funds also include the Manager of the Sub-Funds and its connected persons. Connected persons of the Manager are those as defined in the SFC Code. All transactions entered into during the period between the Sub-Funds and their related parties, including the Manager and its connected persons were carried out in the normal course of business and on normal commercial terms. To the best of the Manager's knowledge, the Sub-Funds do not have any other transactions with their related parties, including the Manager and its connected persons except for those disclosed below:

(a) Management fee

The Manager is entitled to receive a management fee of up to 2% per year of the net asset value of each Sub-Fund, accrued daily and calculated as at each dealing day and payable monthly in arrears. For each Sub-Fund, the Manager is entitled to receive management fee as below:

	<u>Maximum rate of the net assets in %</u>	<u>Annual rate of the net assets in %</u> 2018	<u>Annual rate of the net assets in %</u> 2017
Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product	2%	0.85%	0.85%
Mirae Asset Horizons Hang Seng Index Daily (-1x) Inverse Product ¹	2%	0.65%	0.65%
Mirae Asset Horizons Hang Seng Index Daily (2x) Leveraged Product ¹	2%	0.65%	0.65%
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1x) Inverse Product ¹	2%	0.65%	0.65%
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2x) Leveraged Product ¹	2%	0.65%	0.65%

¹The financial period of the Sub-Funds in 2018 and 2017 is referring to the period from 10 March 2017 (date of inception) to 30 September 2017 and the period ended 30 September 2018 respectively.

(b) Trustee fees and Registrar fees

The Trustee receives out of the assets of each Sub-Fund a monthly trustee's fee, payable in arrears, accrued daily and calculated as at each dealing day of up to the greater of 1.00% per year of the net asset of a Sub-Fund or the applicable monthly minimum. For each sub-fund, trustee is entitled to trustee fee as below:

	<u>Annual rate² of the net asset value in %</u>	
	2018	2017
Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product	0.12%	0.12%
Mirae Asset Horizons Hang Seng Index Daily (-1x) Inverse Product ¹	0.12%	0.12%
Mirae Asset Horizons Hang Seng Index Daily (2x) Leveraged Product ¹	0.12%	0.12%
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1x) Inverse Product ¹	0.12%	0.12%
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2x) Leveraged Product ¹	0.12%	0.12%

¹The financial period of this Sub-Fund in 2018 and 2017 is referring to the period from 10 March 2017 (date of inception) to 30 September 2017 and period ended 30 September 2018.

²The current standard annual rates for all the Sub-Funds is 0.12% per year of the net assets value of each sub-fund, subject to a monthly minimum of HK\$78,000 (waived for 12 months from (but excluding) the listing date) except Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product which is subject to a monthly minimum of US\$10,000 (waived for 12 months from (but excluding) the listing date). During the year, the waiver for S&P (-1x) Inverse Product has been extended for another 12 months.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

5. TRANSACTIONS WITH THE TRUSTEE/MANAGER AND ITS CONNECTED PERSONS (CONTINUED)

(b) Trustee fees and Registrar fees (continued)

In respect of the Sub-Funds (except for S&P 500 Daily (-1x) Inverse Product), the Trustee acting as the Registrar, is also entitled to receive a registrar fee of HK\$160 (US\$20 with respect to S&P 500 Daily (-1x) Inverse Product) per participating dealer per transaction for updating the register record. The registrar fee incurred by the Sub-Funds has been borne by the Manager during the period ended 30 September 2018 (30 September 2017: nil).

The Registrar is also entitled to receive from the participating dealer a transaction fee of HK\$3,900 (US\$500 with respect to S&P 500 Daily (-1x) Inverse Product) per participating dealer per transaction for handling any cash creation and redemption of units of the Sub-Funds. The administration transaction fee would be paid by the participating dealer to the Sub-Funds and the Sub-Funds would pay the transaction fee to the Trustee on behalf of the participating dealer. As at 30 September 2018 and 31 March 2018, no transaction fee was payable to the Trustee by the Sub-Funds.

(c) Other expenses

(i) *Formation fee*

During the period ended 30 September 2018, the formation fee for establishing Mirae Asset Horizons S&P 500 Daily (-1x) Inverse Product which was newly launched was US\$nil (2017:nil). The formation fee for establishing Mirae Asset Horizons Hang Seng Index Daily (-1X) Inverse Product, Mirae Asset Horizons Hang Seng Index Daily (2X) Leveraged Product, Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1X) Inverse Product and Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2X) Leveraged Product, which were newly launched, was HK\$nil (2017: HK\$399,989) each.

As at 30 September 2018, the formation fee for S&P 500 Daily (-1x) Inverse Product of US\$115,252 (31 March 2018: US\$115,252) is payable to the Manager.

(ii) *Administration fee*

The Manager is responsible for the payment of several fees, such as audit fee, conversion agent fee and index licensing fee, for the administration of the Sub-Funds. The Manager is entitled to receive a recharge of the administration fee and other expenses, calculated at an annual rate on the net assets of the Sub-Funds at each dealing day and payable monthly in arrears, as illustrated by the table below.

	<u>Annual rate of the net assets in %</u>	
	30 September 2018	30 September 2017

NOTES TO FINANCIAL STATEMENTS

7. SOFT COMMISSION ARRANGEMENTS

The Manager may effect transactions, provided that any such transaction is consistent with standards of “best execution”, by or through the agency of another person for the account of the Sub-Funds with whom the Manager or any of its connected persons has an arrangement under which that party will from time to time provide to or procure for the Manager or any of its connected persons goods, services or other benefits (such as advisory services, computer hardware associated with specialised software or research services and performance measures) the nature of which is such that their provision can reasonably be expected to benefit the Sub-Funds as a whole and may contribute to an improvement in the performance of the Sub-Funds. For the avoidance of doubt, such goods and services may not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employees’ salaries or direct money payments. Since the inception of the Sub-Funds, the Manager had not participated in any soft commission arrangements in respect of any transactions for the account of the Sub-Funds.

8. TAXATION

No provision for Hong Kong profits tax has been made for the Sub-Funds as they are authorised as collective investment schemes under section 104 of the Hong Kong Securities and Futures Ordinance and are therefore exempt from Hong Kong Profits Tax under section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

9. DISTRIBUTIONS TO UNITHOLDERS

The Manager does not intend to pay or make any distributions or dividends.

10. INVESTMENT LIMITATION AND PROHIBITIONS UNDER THE SFC CODE

The SFC code states that not more than 10% of the NAV of the Sub-Funds may be invested in securities issued by any single issuer, subject to certain provisions of the SFC code. There were no securities that individually accounted for more than 10% of the NAV of the Sub-Funds as at 30 September 2018 and 31 March 2018.

As per chapter 8.4A(e) of the SFC Code, the Sub-Funds with investments in futures may not hold open positions in any futures contract month for which the combined margin requirement represents 5% or more of the NAV of the Sub-Funds. However, as the Manager expects that the aggregate margin requirement for the futures contracts that Hang Seng Index Daily (-1x) Inverse Product, Hang Seng Index Daily (2x) Leveraged Product, Hang Seng China Enterprises Index Daily (-1x) Inverse Product and Hang Seng China Enterprises Index Daily (2x) Leveraged Product will invest may be as high as 10% in order to obtain the required exposure to the respective index, the Manager has applied to the SFC, and the SFC has granted, a waiver in respect of these Sub-Funds from the requirement under Chapter 8.4A(e) of the SFC Code, subject to certain conditions as stated in the prospectus of these Sub-Funds. Details of these Sub-Funds’ margin requirements as at 30 September 2018 are disclosed below:

11. DERIVATIVE FINANCIAL INSTRUMENTS

(i) *Futures contracts*

Futures contracts are a commitment to make or take future delivery of various commodities, currencies or financial instruments at a specified time and place. These commitments can be discharged by making or taking delivery of an approved grade of commodity, currency and financial instrument by cash settlement or by making an offsetting sale or purchase of an equivalent futures contract on the same (or a linked) exchange prior to the designated date of delivery.

As at 30 September 2018, the initial margin requirements for futures were as follows:

	<u>30 September 2018</u>	<u>31 March 2018</u>
	<u>(Unaudited)</u>	<u>(Audited)</u>
	HK\$	HK\$
Mirae Asset Horizons Hang Seng Index Daily (-1x) Inverse Product	4,294,836	10,076,346
Mirae Asset Horizons Hang Seng Index Daily (2x) Leveraged Product	13,875,624	20,590,794
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (-1x) Inverse Product	2,916,690	6,207,443
Mirae Asset Horizons Hang Seng China Enterprises Index Daily (2x) Leveraged Product	9,350,565	22,819,741

(ii) *Swap agreements*

Swap agreements ("Swaps") represent agreements between two parties to make payments based upon the performance of certain underlying assets. The Sub-Fund is obligated to pay, or entitled to receive as the case may be, the net difference in the value determined at the onset of the Swaps versus the value determined at the termination or reset date of the Swaps. Therefore, amounts required for the future satisfaction of the Swaps may be greater or less than the amount recorded. The ultimate gain or loss depends upon the prices at which the underlying financial instrument of the Swaps is valued, at the Swap's settlement date.

MIRAE ASSET HORIZONS LEVERAGED AND INVERSE SERIES

NOTES TO FINANCIAL STATEMENTS

11. DERIVATIVE FINANCIAL INSTRUMENTS (CONTINUED)

(ii) Swap agreements (continued)

In managing a Sub-Fund, the Manager adopted a synthetic replication investment strategy, pursuant to which the relevant Sub-Fund will enter into one or more unfunded swaps (which are over-the-counter financial derivative instruments entered into with one or more counterparties whereby the relevant Sub-Fund will to receive or pay the economic gain or loss in respectively the inverse or leveraged performance of the Index (net of swap fees).

The following derivative contracts were unsettled at the six months ended 30 September 2018:

12. SEGMENT INFORMATION

The Manager makes the strategic resource allocations on behalf of the Sub-Funds and has determined the operating segments based on the reports reviewed which are used to make strategic decisions.

The Manager considers that each Sub-Fund has a single operating segment which is investing in swaps or futures as the Manager adopts a swap-based or futures-based replication investment strategy to achieve the investment objective of the respective Sub-Funds' segment. The objectives of the Sub-Funds are to provide investment results that, before deduction of fees and expenses, closely correspond to the inverse (-1x) or twice (2x) the daily performance of the underlying index relevant to each Sub-Fund.

The internal financial information used by the Manager for the Sub-Funds' assets, liabilities and performance is the same as that disclosed in the statement of net assets and statement of profit or loss and other comprehensive income.

There were no changes in the reportable segment during the period ended 30 September 2018 and 31 March 2018.

The Sub-Funds are domiciled in Hong Kong. All of the Sub-Funds' income is derived from investments financial assets and financial liabilities at fair value through profit or loss. The Sub-Funds have no assets or liabilities classified as non-current.
