2018

CONTENTS

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN that the Twenty-eighth Annual General Meeting of Shareholders of Wing On Company International Limited will be held at 7th Floor, Wing On Centre, 211 Des Voeux Road Central, Hong Kong on Tuesday, 4 June 2019 at 10:30 a.m. for the following purposes:

Ordinary Business

1. To receive and adopt the Reports of the Directors and of the Auditor together with the Financial Statements for the year ended 31 December 2018.

2. To declare a Final Dividend.

3. To re-elect retiring Directors and to fix the fees of Directors.

4. To fix the maximum number of Directors at 12 and authorise the Directors to appoint additional Directors up to such maximum number.

5. To re-appoint Auditor and authorise the Directors to fix the Auditor's remuneration.

Special Business

6. To consider and if thought fit, pass the following resolution as an Ordinary Resolution:

   "That a general mandate be unconditionally given to the Directors to issue and dispose of additional shares not exceeding 20% of the existing issued shares of the Company during the Relevant Period (as defined in item 7(c))."

7. To consider and if thought fit, pass the following resolution as an Ordinary Resolution:

   "That:

   (a) subject to paragraph (b) below, the exercise by the Directors during the Relevant Period (as defined in paragraph (c) below) of all powers of the Company to buy back its own shares, subject to and in accordance with all applicable laws and the requirements of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, be and is hereby generally and unconditionally approved;

   (b) the aggregate nominal amount of shares of the Company bought by the Company pursuant to paragraph (a) above during the Relevant Period shall not exceed 10% of the aggregate nominal amount of the issued shares of the Company at the date of this Resolution, and the authority pursuant to paragraph (a) above shall be limited accordingly; and

Special Business (Continued)

(c) for the purposes of this Resolution and Resolution set out in item 6, "Relevant Period" means the period from the passing of this Resolution until whichever is the earlier of:

(i) the conclusion of the next Annual General Meeting of the Company;

(ii) the expiration of the period within which the next Annual General Meeting of the Company is required by the Bye-Laws of the Company or any applicable law to be held; and

(iii) the revocation or variation of this Resolution by an ordinary resolution of the Shareholders of the Company in General Meeting."

8. To consider and if thought fit, pass the following resolution as an Ordinary Resolution:

"That the general mandate granted to the Directors to issue and dispose of additional shares pursuant to Ordinary Resolution set out in item 6 of the notice convening this meeting be and is hereby extended by the addition thereto of an amount representing the aggregate nominal amount of the share capital of the Company bought back by the Company under the authority granted pursuant to Ordinary Resolution set out in item 7 of the notice convening this meeting, provided that such amount shall not exceed 10% of the aggregate nominal amount of the issued shares of the Company at the date of this Resolution."

By Order of the Board
Karl C. Kwok
Chairman

Hong Kong.

NOTICE OF ANNUAL GENERAL MEETING

(Continued)

Notes:

(1) A member entitled to attend and vote at the above meeting may appoint a proxy or proxies to attend and, on a poll, vote on his behalf. Where a member appoints two or more proxies to represent him, the proxy form must clearly indicate the number of shares in the Company ("Share(s)") which each proxy represents. A proxy need not be a member of the Company.

(2) Where there are joint registered holders of any Share, any one of such persons may vote at the meeting, either personally or by proxy, in respect of such Share as if he were solely entitled thereto, but if more than one such joint holders be present at the meeting personally or by proxy, that one of the said persons so present whose name stands first on the register of members in respect of such Share shall alone be entitled to vote in respect thereof.

(3) Pursuant to Rule 13.39(4) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, all resolutions set out in this Notice will be decided by poll at the above meeting.

(4) To be valid, a proxy form must be deposited at the Company's Share Registrar not less than 48 hours before the time appointed for the holding of the above meeting, together with the power of attorney (if any) under which it is signed.

(5) For determining eligibility to attend and vote at the above meeting, the Register of Members will be closed from Tuesday, 28 May 2019 to Tuesday, 4 June 2019, both dates inclusive, during which period no Share transfers can be registered. In order to be eligible to attend and vote at the above meeting, share transfers to be dealt with must be accompanied by the relevant share certificates and must be lodged with the Company's Share Registrar, Tricor Progressive Limited, Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong before 4:00 p.m. on Monday, 27 May 2019.

(6) Subject to the approval of shareholders of the proposed final dividend at the above meeting, the Register of Members will be closed from Wednesday, 12 June 2019 to Monday, 17 June 2019, both dates inclusive, during which period no Share transfers can be registered. To qualify for the final dividend, share transfers to be dealt with must be accompanied by the relevant share certificates and must be lodged with the Company's Share Registrar, Tricor Progressive Limited, Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong before 4:00 p.m. on Tuesday, 11 June 2019.

(7) Concerning item 3 above, the retiring Directors to be re-elected at the meeting are Dr. Bill Kwok and Mr. Leung Wing Ning.

(8) Concerning item 6 above, approval is being sought from members as a general mandate to authorise allotment of Shares under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. However, the Directors have no plan at the moment to issue any new Shares of the Company.

(9) An explanatory statement containing information regarding items 3, 7 and 8 above will be sent to members together with the Company's Annual Report 2018.

(10) If typhoon signal No. 8 or above or a black rainstorm warning signal is in effect any time after 8:00 a.m. on the date of the meeting, the meeting will be postponed. Members are requested to visit the website of the Company for details of alternative meeting arrangements.

CHAIRMAN'S STATEMENT

2018 RESULTS AND DIVIDEND

For the year ended 31 December 2018, the Group's revenue decreased by 1.8% to HK$1,462.8 million (2017: HK$1,489.4 million (restated)) due mainly to the decline in department stores revenue.

Profit attributable to shareholders for the year ended 31 December 2018 was HK$1,697.7 million (2017: HK$2,657.2 million), a decrease of 36.1% due mainly to the decrease in valuation gains on investment properties this year as compared to 2017. Excluding this non-cash item and related deferred tax thereon, the Group's underlying profit attributable to shareholders decreased by 35.0% to HK$378.0 million (2017: HK$581.5 million). The decrease was attributable mainly to the loss recorded from the Group's investments in securities as a result of fair value remeasurement as opposed to the gain in 2017.

Earnings per share was 577.7 HK cents per share in 2018 (2017: 903.1 HK cents per share). Excluding the valuation gains on investment properties and related deferred tax thereon, underlying earnings per share for the year decreased by 34.9% to 128.6 HK cents (2017: 197.6 HK cents) per share.

The Company has a practice of paying dividends to shareholders based on the amount of underlying profit attributable to shareholders for the year and makes no reference to any valuation gain or loss on investment properties. Over the last decade, the Company has consistently paid to shareholders annual dividends of about 50% of the underlying profit for each of those years. Barring unforeseen circumstances or any major funding needs, the Company intends to maintain such dividend practice. In respect of 2018, the directors have recommended a final dividend of 42 HK cents (2017: 68 HK cents) per share payable to shareholders on the Register of Members on 17 June 2019 which, together with the interim dividend of 28 HK cents (2017: 38 HK cents) per share paid on 23 October 2018 makes a total payment of 70 HK cents (2017: together with the special one-off dividend of 110 HK cents per share to commemorate the 110th Anniversary of the founding of the Group's department stores business in 1907 was 216 HK cents) per share for the whole year.

Subject to the approval of shareholders of the proposed final dividend at the forthcoming Annual General Meeting to be held on 4 June 2019, the Register of Members will be closed from Wednesday, 12 June 2019 to Monday, 17 June 2019, both dates inclusive, during which period no share transfers can be registered. To qualify for the final dividend, share transfers to be dealt with must be lodged with the Company's Share Registrar, Tricor Progressive Limited, Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong before 4:00 p.m. on Tuesday, 11 June 2019. Dividend warrants will be sent to shareholders on 21 June 2019.

BUSINESS STRATEGY

The Group's current business strategy is to focus on the operation of its department stores business and the enhancement of rental income from its commercial property investments. These are the Group's core businesses and the primary profit contributors. With Wing On Department Stores being a household name and having a presence of more than 110 years in Hong Kong, its management is well aware of and adapts timely to the ever changing needs of its customers. The Group is confident that its department stores will continue to serve its customers well. In addition to its core business activities, the Group also engages in securities investments mainly in blue chip shares on major stock exchanges and investment funds managed by professional investment managers. With its sound financials, the Group will continue to strengthen its core business activities and look for opportunities to expand its business and to improve its earnings.

LIQUIDITY AND FINANCIAL RESOURCES

Overall Financial Position

Shareholders' equity at 31 December 2018 was HK$19,080.4 million, an increase of 7.0% as compared to that at 31 December 2017. With cash and listed marketable securities at 31 December 2018 of about HK$3,399.5 million as well as available banking facilities, the Group has sufficient liquidity to meet its current commitments and working capital requirements.

Borrowings and Charges on Group Assets

At 31 December 2018, the Group's total borrowings amounted to HK$139.7 million, a decrease of about HK$53.5 million, due to partial repayments and exchange differences, as compared to that at 31 December 2017. The Group's total borrowings of HK$139.7 million relate to a mortgage loan for Australian investment properties. The mortgage loan was renewed in November 2017 for three years to November 2020, the bulk of which will be repayable by the end of 2020. Certain assets, comprising principally property interests with a book value of HK$3,265.5 million, have been pledged to banks as collateral security for banking facilities granted to the extent of HK$139.7 million. In view of the existing strong cash position, the Group does not anticipate any liquidity problems.

Gearing Ratio

The gearing ratio, which is computed from the total borrowings of the Group divided by shareholders' equity of the Group at 31 December 2018, was 0.7% as compared with 1.1% at 31 December 2017.

LIQUIDITY AND FINANCIAL RESOURCES (Continued)

Funding and Treasury Policies

The Group adopts a prudent funding and treasury policy. To minimise exposure to foreign exchange fluctuations, the Group's borrowings in Australia for its Melbourne investment properties are denominated in Australian dollar. Hence, the foreign exchange exposure is limited to the net investments in overseas subsidiaries of approximately HK$2,851.2 million at 31 December 2018 (at 31 December 2017: HK$2,877.9 million).

The Group's borrowings are on a floating rate basis. For overseas borrowings, when appropriate and at times of interest rate uncertainty or volatility, hedging instruments including swaps and forwards may be used to assist in the Group's management of interest rate exposure. The Group's cash and bank balances are mainly denominated in Hong Kong dollar, United States dollar and Australian dollar.

Capital Commitments and Contingent Liabilities

At 31 December 2018, the total amount of the Group's capital expenditure commitments was HK$27.4 million (at 31 December 2017: HK$23.8 million). As at 31 December 2018, the Group had no contingent liability (at 31 December 2017: HK$nil).

2018 BUSINESS SUMMARY

Department Stores Operations

2018 has been a challenging year for the Group's department stores business. The better retail sales figures recorded for Hong Kong on the whole had been brought on by Mainland visitors and tourists. As the Group's department stores are neither situated in tourist areas nor cater for tourists, the Group's retail business was unable to share such benefit. Overall, the Group's department stores attained revenue of HK$994.4 million for the year ended 31 December 2018, a decrease of 5.6% when compared to HK$1,053.4 million as restated for 2017. During the year, the Group continued to refine its merchandise mix, enhance its information technology capabilities and upgrade its store premises aiming to reassert its market positioning as a family store offering desirable products and in-store experiences for different age groups. For the year ended 31 December 2018, the Group's department stores operating profits decreased by 15.9% to HK$97.9 million (2017: HK$116.4 million) due mainly to the decrease in revenue and thus gross profit.

2018 BUSINESS SUMMARY (Continued)

Property Investments

For the year ended 31 December 2018, the Group's property investment income increased by 8.5% to HK$461.4 million (2017: HK$425.4 million). The Group's rental income from its commercial investment properties in Hong Kong increased by 8.1% to HK$348.3 million (2017: HK$322.3 million), which was attributable to the increase in occupancy of Wing On Kowloon Centre and the higher rental rates achieved from lease renewals of Wing On Centre. The overall occupancy of the Group's commercial investment properties in Hong Kong increased slightly to about 98% (2017: 94%) at 31 December 2018. Income from the Group's commercial office properties in Melbourne increased by 13.5% to HK$107.6 million (2017: HK$94.8 million) due to higher rental rates received from lease renewals and new lettings. The overall occupancy rate of the Group's investment properties in Melbourne was 100% (2017: 95%) at 31 December 2018.

Interest in an Associate

For the year ended 31 December 2018, the Group recorded a share of profit after tax from the associate's automobile dealership interest in the People's Republic of China of HK$4.9 million (2017: HK$3.9 million). Overall, the Group recorded a share of profit from the associate of HK$10.9 million (2017: HK$20.9 million).

Others

As at 31 December 2018, the Group's investment portfolio amounted to HK$704.7 million (2017: HK$577.4 million), which mainly comprised of blue chip securities on major stock exchanges and investment funds managed by professional investment managers. During the year, the Group's investment portfolio recorded a loss of HK$74.1 million (2017: a gain of HK$97.6 million) due mainly to fair value remeasurement as global financial markets corrected downwards substantially in December 2018. The Group recorded a net foreign exchange loss of HK$2.4 million (2017: a gain of HK$22.9 million) in its holdings of foreign currencies.

STAFF

As at 31 December 2018, the Group had a total staff of 686 (2017: 710). The staff costs (excluding directors' remuneration) amounted to approximately HK$222.2 million (2017: HK$211.7 million). The Group provides employee benefits such as staff insurance, staff discount on purchases, a housing scheme, the Mandatory Provident Fund ("MPF") Scheme and MPF exempted defined contribution retirement schemes. Discretionary management bonuses are granted to senior managers and preferential staff loans for defined purposes are offered to managerial staff.

In addition to basic salaries, the Group's retail division provides sales incentive gratuities to sales operation staff in order to motivate their sales efforts. The Group's retail division also formulates and launches in-house training programmes for various levels of staff to maintain and upgrade service quality and managerial capacities. The Group also provides external training sponsorship and tuition assistance.

2019 OUTLOOK

The Group expects Hong Kong's retail scene will remain challenging in 2019 as the effects of the trade conflict between the United States and the Mainland will inevitably continue to affect local consumer sentiment. The Group will continue its strategy to reassert the Group's market position by offering its target customers desirable products. The Group's commercial investment properties in Hong Kong and overseas will continue to provide stable rental income. The Group will stay vigilant to the developments in the external environments, particularly the trade tension between Mainland and the United States, for their possible implications on the Group's businesses and adjust its investment strategy accordingly. With the financial strength of the Group and the dedication of its management, the Group is able to face the challenges ahead and look for good investments when opportunities arise.

On behalf of the Board, I would like to thank our management and staff for their efforts in 2018 and our shareholders for their continuous support.

Karl C. Kwok
Chairman

Hong Kong, 28 March 2019

REPORT OF THE DIRECTORS

The directors have pleasure in submitting their annual report together with the audited financial statements for the year ended 31 December 2018.

PRINCIPAL ACTIVITIES

The principal activities of the Group are the operation of department stores and property investment. The analyses of the revenue and profit from operations of the Group by segment and geographic information respectively are set out in Note 3 to the financial statements.

FINANCIAL STATEMENTS

The profit of the Group for the year ended 31 December 2018 and the state of the Company's and the Group's affairs as at that date are set out in the financial statements on pages 47 to 147.

An interim dividend of 28 HK cents (2017: 38 HK cents) per share was paid on 23 October 2018. A special one-off dividend of 110 HK cents per share to commemorate the 110th Anniversary of the founding of the Group's department stores business in 1907 was paid in 2017. The directors now recommend that a final dividend of 42 HK cents (2017: 68 HK cents) per share in respect of the year ended 31 December 2018 be payable to shareholders on the Register of Members on 17 June 2019. Dividend warrants will be sent to shareholders on 21 June 2019.

Time for closure of the Register of Members and the latest time for transfers to be dealt with in order to qualify for the final dividend are set out in the notes to the Notice of Annual General Meeting.

DIVIDEND POLICY

The Company has a practice of paying dividends to shareholders based on the amount of underlying profit attributable to shareholders for the year and makes no reference to any valuation gain or loss on investment properties. Over the last decade, the Company has consistently paid to shareholders annual dividends of about 50% of the underlying profit for each of those years. Barring unforeseen circumstances or any major funding needs, the Company intends to maintain such dividend practice and will review this practice when considered necessary.

BUSINESS REVIEW

The core businesses of the Group comprise of the operation of department stores business and property investments. About 77.2% (2017: 74.9%) of the Group's non-current assets is located in Hong Kong. Hence the performance of the Group's core businesses links closely with the performance of the Hong Kong economy.

BUSINESS REVIEW (Continued)

Principal risks and uncertainties facing the Group

Specifically, the sustainability of the department stores business of the Group relies on the continuing prosperity of the Hong Kong economy and the positive spending sentiment of its customers, and the ability of the Group's department stores to match with its customers' changing shopping needs. The major risk and uncertainty facing the Group's retail business is the performance of the economy in Hong Kong as any severe and prolonged economic downturn causing a loss of consumer confidence and spending or large scale social disturbances will result in a significant or substantial decrease in revenue for the Group's department stores business.

In addition to the economic environment, the major risk and uncertainty facing the Group's investment properties include loss of major tenants and competition among landlords. Furthermore, any significant decrease in the annual valuation of the Group's investment properties will adversely affect the profit and net asset value of the Group.

In particular, the performance of the Group's investment properties in Melbourne, Australia will be affected by the strength or weakness of the Australian dollar which will have an impact on the rental income and net asset value of these investment properties when these figures are translated back into Hong Kong dollar for reporting purposes.

The Group's financial, sales, merchandising, and enterprise resource planning systems are operating on its own IT systems infrastructure. Therefore, all these systems are exposed to the risk of external cyber threat and leakage of information by unauthorised access to the system.

Details about the Group's financial risk management are set out in Note 25 to the financial statements on pages 127 to 138.

Department Stores Operation

The Group is currently operating four department stores in Hong Kong with a total sales floor area of approximately 315,000 square feet (2017: 315,000 square feet).

2018 has been a challenging year for the Group's department stores business. The better retail sales figures recorded for Hong Kong on the whole had been brought on by Mainland visitors and tourists. As the Group's department stores are neither situated in tourist areas nor cater for tourists, the Group's retail business was unable to share such benefit. During the first half of 2018, the Group's department stores business remained stable with only marginal increase in revenue. However, local consumer sentiment worsened in the second half of 2018 as the trade conflict between the United States and the Mainland deepened. As a result, it recorded sales decline in that period.

BUSINESS REVIEW (Continued)

Department Stores Operation (Continued)

Overall, the Group's department stores revenue decreased by 5.6% to HK$994.4 million (2017 restated: HK$1,053.4 million) for the year ended 31 December 2018. In 2018, the department stores business achieved an overall gross profit margin of 51.8% (2017 restated: 51.4%). Operating costs decreased by 1.9% to HK$416.9 million (2017: HK$425.0 million) due mainly to the decreases in advertising and promotional expenditure and occupancy costs. Overall, operating profits decreased by 15.9% to HK$97.9 million (2017: HK$116.4 million).

Except for the premises of the Discovery Bay branch store which is leased from a third party landlord and the Wing On Plus branch store premises which is jointly owned by the Group and the Group's fellow subsidiary in the proportion of 64.37% and 35.63% respectively, all other stores premises and the warehouse currently occupied by the Group's department store subsidiary are properties of the Group. During the year ended 31 December 2018, a total rent of HK$116.2 million was charged for these properties (2017: HK$119.6 million). With most of the department stores premises leased from the Group, the directors believe that the department stores operation will be spared from the volatile leasing market, which may cause a sudden surge in retail store rentals. At the same time, the capital value of the Group's investment property portfolios will be maintained. The current strategy of the Group is to renovate its department store premises as and when necessary to provide an enjoyable shopping environment for customers. In 2018, the Group invested around HK$8.4 million in various store renovation projects.

The Group is vigilant to the ever-changing consumer shopping and spending behavior, the new retailing channels, increased competition, and new technology all having serious impact on the department store sector and particularly brick and mortar department stores. The Group strives to reassert its market positioning as a family store for different age groups offering desirable apparel and household products complemented with excellent customer service and in-store experiences. In 2018, the Group rezoned its shop floors providing more products that appeal to young families and young customers, apart from continuing to source quality apparel and household products from overseas for its discerning core customers. The operating environment of Tsimshatsui East branch store was particularly challenging as a number of counters moved out in 2018.

The Group in April 2018 launched Wing On Rewards, a new e-stamp loyalty promotion program accessible through mobile application. Up to the end of 2018, the Wing On Rewards program has registered 110,000 members. This program, together with the Group's enhancement of the overall ambience and customer service, will help increase customer loyalty and reinforce the Group's brand equity. We will further continue to invest and evolve this program to bring the best offers for our loyal program members. In early August 2018, the Group completed the installation of a new enterprise resource planning system to enhance its information technology capabilities.

BUSINESS REVIEW (Continued)

Property Investments

The Group's gross property investment income increased by 5.2% to HK$584.6 million (2017: HK$555.6 million). Operating costs decreased by 5.4% to HK$123.2 million (2017: HK$130.2 million) due mainly to decrease in expenses of about HK$5.5 million for its investment properties in Hong Kong. Hence, resulting in property investment income increased by 8.5% to HK$461.4 million (2017: HK$425.4 million).

As at 31 December 2018 and excluding the areas occupied by the Group's business operations, the Group's Hong Kong investment property portfolio has a gross floor area of approximately 610,000 square feet (2017: 610,000 square feet). During 2018, the Group achieved a total gross income of HK$327.7 million (2017: HK$300.5 million) from its investment properties in Hong Kong. The average monthly basic rent achieved during 2018 was around HK$52 per square feet (2017: HK$50 per square feet). Overall occupancy rate for 2018, excluding the areas occupied by the Group's business operations, was 93% (2017: 87%). Excluding the areas occupied for its own use, the Group managed to secure certain new leases in the second half of the year and accordingly increase the overall occupancy to about 97% (2017: 90%) at 31 December 2018.

The Group has implemented programs for the upkeep and modernization of its commercial investment properties in Hong Kong and overseas. The passenger lifts for the office floors at the Wing On Centre were replaced and upgraded in early 2018. The Group engaged independent professional consultants to advise on the safety measures and maintenance programs and according to their advice has implemented a three-year plan for capital improvement works for the Group's investment properties in Hong Kong. The Group has budgeted a total sum of approximately HK$130 million during the next three years for the replacement and upgrading of the buildings' service facilities which include, among others, the installation of new chiller plants at Wing On Centre and Wing On Kowloon Centre and the replacement of passenger lifts and cargo lifts at Wing On Centre and the Group's godown building at Kowloon Bay.

The appraised value of the Group's Hong Kong investment property portfolio was HK$12,350.9 million as at 31 December 2018, representing an increase of 10.5% compared with the appraised value of HK$11,172.4 million as at 31 December 2017.

As at 31 December 2018, the Group's investment properties located in Melbourne, Australia, have a total gross floor area of approximately 639,000 square feet (2017: 639,000 square feet). During 2018, the Group achieved a total gross income of A$21.6 million (2017: A$19.4 million) from its investment properties in Melbourne. The overall occupancy rate for 2018 was 98% (2017: 84%). The appraised value of the Group's investment property portfolio in Melbourne, Australia was A$593.8 million (HK$3,265.5 million) as at 31 December 2018, an increase of 6.9% compared with the appraised value of A$555.5 million (HK$3,375.4 million as at 31 December 2017) in terms of Australian dollar currency (a decrease of 3.3% in terms of Hong Kong dollar currency). The overall occupancy rate of the Group's investment properties in Melbourne, Australia was 100% (2017: 95%) at 31 December 2018.

BUSINESS REVIEW (Continued)

Property Investments (Continued)

As at 31 December 2018, the Group's investment property located in Houston, United States of America, has a gross floor area of approximately 116,000 square feet (2017: 116,000 square feet). During 2018, the Group achieved a total gross income of US$1.9 million (2017: US$2.5 million) from its investment property in Houston. In 2018, the overall occupancy rate was 79% (2017: 94%). The decrease in occupancy was due to the removal of a major tenant, who occupied 36,723 square feet during the year. The appraised value of the Group's investment property portfolio in Houston was US$27.2 million (HK$212.4 million) at as 31 December 2018, an increase of 3.8% compared with the appraised value of US$26.2 million (HK$204.7 million) as at 31 December 2017. The occupancy rate of the Group's investment property located in Houston, United States of America was around 73% (2017: 95%) at 31 December 2018.

Other Investments

During the year under review, the Group continued to maintain a strong financial position with ample surplus cash to facilitate current and future business activities. The Group utilized a portion of the cash balance for investment purposes, by maintaining a balanced and diversified portfolio of primarily liquid investment holdings across various assets classes. The portfolio consists of primarily equity and debt securities, investment funds managed by professional investment managers, and derivative financial instruments. The portfolio is prudently and actively managed, with well-defined risk management parameters. The investment team reports regularly to the Investment Committee, which comprises of certain members of the senior management and of the Board.

In 2018, financial markets were influenced by three major factors. In the first half of 2018, strong economic and corporate earnings growth continued from 2017. However, that was soon overshadowed by global trade tensions, particularly between US and China, which escalated more than market expectations and disrupted growth and sentiment. In the latter half, the slowing economic outlook in China and Europe faced the risk of global central banks over-tightening monetary policy. As a result, with heightened volatility and uncertainty, 2018 was a challenging year for virtually all financial assets. The Group's portfolio was not immune to the market volatility, but it is worth noting that much of the decline came during the month of December when markets sold off sharply on lower liquidity, but the markets have since stabilized and recovered in early 2019.

As at 31 December 2018, the Group's investment portfolio amounted to HK$704.7 million (2017: HK$577.4 million), which mainly comprised of blue chip securities on major stock exchanges and investment funds managed by professional investment managers. During the year, the Group's investment portfolio recorded a loss of HK$74.1 million (2017: a gain of HK$97.6 million), due mainly to fair value measurement as global financial markets corrected downwards significantly towards the end of the year.

BUSINESS REVIEW (Continued)

Compliance with Laws and Regulations

The Group has ensured and continues to ensure full compliance with relevant laws and regulations that have significant impact on its operations, including but not limited to laws and regulations in relation to product safety and liabilities, customer rights protection, employment and occupational safety and laws and regulations relating to property leasing and property management.

The management will monitor the impact for any changes in the relevant laws and regulations from time to time and seek external advice if considered necessary.

Key Relationships with Employees, Customers and Suppliers

The Group recognises the importance of maintaining good relations with employees, customers and suppliers to ensure the long-term success of the Group and maintain steady earnings growth.

Please refer to the section headed “Staff” in the Chairman’s Statement on page 14 for more information in relation to the Group’s measures to maintain good relations with its employees.

In addition, building sustainable and long-term relationships with tenants is important to the rental income of the Group’s property investment business. The Group strives to provide tenants with quality service and has engaged the services of reputable professional property management companies to provide such services to its tenants.

Environmental, Social and Governance Practices

The Board has approved an ESG Policy and an ESG Committee comprised of senior management was formed. Through meetings and discussions amongst the management team, various policies and guidelines were set to address the environmental and social matters aiming to reduce carbon dioxide emissions and improve the benefits and work place conditions for staff. Internal seminars have been conducted for staff to enhance their awareness of environmental protection. Certain improvement measures have been implemented during the year.

An ESG report will be published on the website of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) and the Company’s website by the end of April 2019.

Please refer to the sections headed “Business Strategy” and “2019 Outlook” in the Chairman’s Statement on page 11 and page 14 for the likely future developments of the Group’s businesses.

Please also refer to the Corporate Governance Report on pages 27 to 38 and the Chairman’s Statement on pages 10 to 14 for further business summary and information on financial position.

FIVE YEAR SUMMARY

A summary of the results and of the assets and liabilities of the Group for the last five financial years is set out on page 40.

CHARITABLE DONATIONS

Donations made by the Group during the year amounted to HK$83,000 (2017: HK$60,000).

SUBSIDIARIES

Particulars of the Company's principal subsidiaries are set out on pages 145 and 146.

PERMITTED INDEMNITY PROVISIONS

Pursuant to the Bye-Law 178 of the Company's Bye-laws and subject to the statutes, the directors of the Company shall be entitled to be indemnified and secured harmless out of the assets of the Company against all losses and expenses which they or any of them may incur or sustain in or about the execution of their duty or supposed duty in their respective office. The Company has taken out and maintained directors and officers liability insurance throughout the year, which provides cover for the directors of the Company and its subsidiaries.

INVESTMENT PROPERTIES

Details of the Group's investment properties are set out on page 41.

BORROWINGS

The maturity profile of borrowings, banking facilities and assets pledged are set out in Note 22 to the financial statements.

MAJOR CUSTOMERS AND SUPPLIERS

The five largest customers and the five largest suppliers of the Group accounted for less than 30% of the Group's revenue and purchases respectively in the year.

DEFINED CONTRIBUTION RETIREMENT PLANS

Particulars of defined contribution retirement plans of the Group are set out in Note 10 to the financial statements.

DIRECTORS

The directors during the financial year and up to the date of this report were:

Mr. Karl C. Kwok, MH (Chairman)
Mr. Lester Kwok, J.P. (Deputy Chairman and Chief Executive Officer)
Dr. Bill Kwok, J.P. (Non-executive Director)
Mr. Mark Kwok (Executive Director)
Miss Maria Tam Wai Chu, GBM, GBS, J.P. (Independent Non-executive Director)
Mr. Ignatius Wan Chiu Wong, LL.B. (Independent Non-executive Director)
Mr. Iain Ferguson Bruce, CA, FCPA, FHKIoD, FHKSI, (Independent Non-executive Director)
Mr. Leung Wing Ning (Independent Non-executive Director)
Mr. Nicholas James Debnam (Independent Non-executive Director) (Appointed on 3 April 2018)

Dr. Bill Kwok and Mr. Leung Wing Ning shall retire from the Board at the forthcoming Annual General Meeting and, being eligible, have offered themselves for re-election. Dr. Bill Kwok and Mr. Leung Wing Ning will be proposed to be re-elected for a fixed term of three years until the 2022 Annual General Meeting.

Mr. Ignatius Wan Chiu Wong shall also retire from the Board at the conclusion of the forthcoming Annual General Meeting and will not seek for re-election. The Board would like to express a vote of thanks to Mr. Ignatius Wan Chiu Wong for his longstanding service to the Board and other Committees and his invaluable advice given to the Group.

BIOGRAPHY OF DIRECTORS AND SENIOR MANAGERS

Brief biographical details in respect of Directors of the Company and senior managers of the Group are set out on pages 6 to 9.

DIRECTORS' AND EMPLOYEES' EMOLUMENTS

Particulars of directors' remuneration, five highest paid individuals' emoluments and staff costs are set out in Notes 7, 8 and 5(b) to the financial statements.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS

Details of the continuing connected transactions and related party transactions are set out in "Continuing Connected Transactions" on page 39 and in Note 27 to the financial statements respectively.

Save for the above, no transaction, arrangement or contract of significance to which the Company, any of its holding companies, or any of its subsidiaries or fellow subsidiaries was a party and in which a director of the Company or an entity connected with a director had a material interest either directly or indirectly subsisted at the end of the year or at any time during the year.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS (Continued)

At no time during the year was the Company, any of its holding companies or any of its subsidiaries or fellow subsidiaries a party to any arrangement to enable the directors of the Company to acquire benefits by means of the acquisitions of shares in, or debentures of, the Company or any other body corporate.

There is no service contract with any director which is not determinable by the Company within one year without payment of compensation (other than statutory compensation).

DIRECTORS' INTERESTS IN SHARES

As at 31 December 2018, the interests and short positions of the directors in the shares, underlying shares and debentures of the Company or its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance ("SFO")) as recorded in the register required to be kept under section 352 of the SFO were as follows:

(a) The Company

	Number of ordinary shares held					
Name of Director	Personal interests (held as beneficial owner)	Family interests (interests of spouse)	Corporate interests (interests of controlled corporation)	Other interests	Total interests	Total interests as a % of the issued voting shares
Karl C. Kwok	480,620	–	–	–	480,620	0.164
Lester Kwok	649,050	–	–	–	649,050	0.221
Bill Kwok	958,298	295,000	255,000 (Note 1)	–	1,508,298	0.514
Mark Kwok	556,910	–	10,000 (Note 2)	–	566,910	0.193
Leung Wing Ning	10,000	–	–	–	10,000	0.003
Nicholas James Debnam	15,000	–	–	–	15,000	0.005

Notes:

1. Dr. Bill Kwok is entitled to control not less than one-third of the voting power at general meetings of a private company which beneficially owns 255,000 ordinary shares in the Company.

2. Mr. Mark Kwok is entitled to control not less than one-third of the voting power at general meetings of a private company which beneficially owns 10,000 ordinary shares in the Company.

DIRECTORS' INTERESTS IN SHARES (Continued)

(b) Kee Wai Investment Company (BVI) Limited

	Number of ordinary shares held					
Name of Director	Personal interests (held as beneficial owner)	Family interests (interests of spouse)	Corporate interests (interests of controlled corporation)	Other interests	Total interests	Total interests as a % of the issued voting shares
Karl C. Kwok	14,250	–	–	–	14,250	25
Lester Kwok	14,250	–	–	–	14,250	25
Bill Kwok	14,250	–	–	–	14,250	25
Mark Kwok	14,250	–	–	–	14,250	25

Note: The above directors together control 100% of the voting rights in Kee Wai Investment Company (BVI) Limited.

(c) The Wing On Fire & Marine (2011) Limited

	Number of ordinary shares held					
Name of Director	Personal interests (held as beneficial owner)	Family interests (interests of spouse)	Corporate interests (interests of controlled corporation)	Other interests	Total interests	Total interests as a % of the issued voting shares
Karl C. Kwok	324	–	–	–	324	0.017
Lester Kwok	216	–	–	–	216	0.012
Bill Kwok	216	–	–	–	216	0.012
Mark Kwok	216	–	–	–	216	0.012

In addition to the above, certain directors hold shares in a subsidiary on trust and as nominee for its intermediary holding company.

Save as disclosed herein, none of the directors nor the chief executive of the Company has any interests or short positions in any shares, underlying shares and debentures of the Company or any associated corporation (as defined above) which are required to be notified to the Company and The Stock Exchange of Hong Kong Limited (the "Stock Exchange") pursuant to section 347 of the SFO or which are required, pursuant to section 352 of the SFO, to be entered in the register referred to therein, or which are required to be notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Companies.

SUBSTANTIAL SHAREHOLDERS

As at 31 December 2018, according to the information available to the Company, the following companies were interested in 5% or more of the issued share capital of the Company as recorded in the register required to be kept under section 336 of the SFO:

Name		Number of ordinary shares held	Total interests as a % of the issued voting shares
(i)	Wing On International Holdings Limited	180,545,138	61.493
(ii)	Wing On Corporate Management (BVI) Limited	180,545,138	61.493
(iii)	Kee Wai Investment Company (BVI) Limited	180,545,138	61.493

Note: For the avoidance of doubt and double counting, it should be noted that duplication occurs in respect of all of the above-stated shareholdings to the extent that the shareholdings stated against party (i) above are entirely duplicated in the relevant shareholdings stated against party (ii) above, with the same duplication of the shareholdings in respect of (ii) in (iii). All of the above named parties are deemed to be interested in the relevant shareholdings under the SFO.

SUFFICIENCY OF PUBLIC FLOAT

According to information that is available to the Company, the percentage of the Company's shares which are in the hands of public exceeds 25% of the Company's total number of issued shares.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY' S SHARES

Details of the purchase of own shares by the Company during the year are set out in Note 24(d) to the financial statements. The purchases were made for the purpose of enhancing the net asset value per share and earnings per share of the Company.

Save as disclosed in Note 24(d) to the financial statements, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed shares during the year.

PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Company's Bye-Laws although there is no restriction against such rights under Bermuda Law.

AUDITOR

A resolution for the reappointment of KPMG as auditor of the Company is to be proposed at the forthcoming annual general meeting.

By Order of the Board
Karl C. Kwok
Chairman

Hong Kong, 28 March 2019

CORPORATE GOVERNANCE

The Company and the Board are committed to achieving and maintaining high standard of corporate governance. The Company has applied the principles and complied with the applicable code provisions in the Corporate Governance Code (the "Code") set out in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") (the "Listing Rules") throughout the financial year ended 31 December 2018.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix 10 to the Listing Rules (the "Model Code") as its code of conduct regarding directors' securities transactions. The Company has made specific enquiries of all directors and all directors have confirmed that they have complied with the required standard set out in the Model Code during the year ended 31 December 2018.

BOARD OF DIRECTORS

The Board currently comprises nine directors, including the Chairman (who is also an executive director), the Deputy Chairman (who is also the chief executive officer and an executive director), one executive director, one non-executive director and five independent non-executive directors. The names and biographies of the directors and relationships between members of the Board are set out on pages 6 to 8.

Mr. Karl C. Kwok (chairman), Mr. Lester Kwok (deputy chairman and chief executive officer), Mr. Mark Kwok (executive director), and Dr. Bill Kwok (non-executive director) are brothers.

BOARD OF DIRECTORS (Continued)

The Board meets regularly to review and approve the financial statements, including the quarterly, half-yearly and annual financial statements, of the Group. Five Board meetings, convened by due notice together with agenda and accompanying board papers to all directors, were held during the financial year ended 31 December 2018. The attendance of each director at the Board meetings and Annual General Meeting during the financial year ended 31 December 2018 is set out in the table below:

	Board meetings attended/held	Annual General Meeting attended/held
Executive Directors		
Mr. Karl C. Kwok (Chairman)	4/5	1/1
Mr. Lester Kwok (Deputy Chairman and Chief Executive Officer)	5/5	1/1
Mr. Mark Kwok	5/5	1/1
Non-executive Director		
Dr. Bill Kwok	5/5	1/1
Independent Non-executive Directors		
Miss Maria Tam Wai Chu	5/5	1/1
Mr. Ignatius Wan Chiu Wong	4/5	1/1
Mr. Iain Ferguson Bruce	5/5	1/1
Mr. Leung Wing Ning	5/5	1/1
Mr. Nicholas James Debnam (Appointed on 3 April 2018)	3/3	1/1

The 2018 Annual General Meeting ("AGM") was held on 4 June 2018, where all the directors, including the Chairman of the Board, the Chairman of each of the Audit Committee, Remuneration Committee and Nomination Committee and the external auditor of the Company, attended the AGM to answer questions raised by shareholders. Proceedings of annual general meeting are reviewed from time to time to ensure that the Company follows good corporate governance practices. Voting results were posted on the Company's and the Stock Exchange's website on the day of the AGM.

All directors well understand their roles, responsibilities and obligations as stated in the Company's Corporate Governance Code ("the Company's Code").

BOARD OF DIRECTORS (Continued)

The Directors acknowledge their responsibility for preparing financial statements which give a true and fair view of the state of affairs of the Group. The Directors, having made appropriate enquires, confirm that there are no material uncertainties relating to events or conditions that may cast doubt upon the Company's ability to continue as a going concern. The statement of the auditor of the Company about their reporting responsibilities on the financial statements of the Company is set out on pages 42 to 46 in the independent auditor's report for the year ended 31 December 2018.

The Board is responsible for the determination of the overall business strategies, policies and plans of the Group. All major and significant acquisitions, disposals, capital transactions and investments are subject to the approval of the Board. The Group's senior management is delegated with the day-to-day running and operational matters of the Group's businesses, and the formulation of business plans for the Board's review and approval.

The Board considers the independent non-executive directors to be independent pursuant to the factors enumerated in Rule 3.13 of the Listing Rules.

From the date of each of their appointments to the Board through and including the year ended 31 December 2018, each independent non-executive director has given the Company an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules.

Corporate Governance Functions

The Board is responsible for performing corporate governance duties including:

(a) to develop and review the Company's policies and practices on corporate governance;

(b) to review and monitor the training and continuous professional development of directors and senior management;

(c) to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;

(d) to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and directors; and

(e) to review the Company's compliance with the Code and disclosure in the Corporate Governance Report.

BOARD OF DIRECTORS (Continued)

Corporate Governance Functions (Continued)

Under the Company's Code, the Board may delegate part of the above duties to the Company's board committees. During the financial year ended 31 December 2018, the Board has, on its own and through the Nomination Committee, Audit Committee and Remuneration Committee, fulfilled the above corporate governance duties. The Nomination Committee assisted the Board to review and monitor the training and continuous professional development of directors and senior management. The Audit Committee assisted the Board to review the Company's compliance with the Code and disclosure in the Corporate Governance Report. The Remuneration Committee made recommendations to the Board on the Company's policy and the remuneration structure of all directors and senior management.

Directors' Training

During the year, the Company organised one in-house seminar to update the Directors on the new amendments to the Code and relevant Listing Rules. The Company also encourages Directors to attend relevant seminars, conferences or forums to develop and refresh their knowledge and skills. The Company Secretary also provides Directors with relevant reading materials from time to time.

During the year, a summary of training received by Directors according to the records provided by Directors is as follows:

Executive Directors	**Type of training**
Mr. Karl C. Kwok	A, B, C
Mr. Lester Kwok	A, B, C
Mr. Mark Kwok	A, B, C
Non-executive Director	
Dr. Bill Kwok	A, B, C
Independent Non-executive Directors	
Miss Maria Tam Wai Chu	A, B, C
Mr. Ignatius Wan Chiu Wong	B, C
Mr. Iain Ferguson Bruce	B, C
Mr. Leung Wing Ning	B, C
Mr. Nicholas James Debnam (Appointed on 3 April 2018)	A, B, C

(A) In-house seminar
(B) External seminars and/or conferences and/or forums
(C) Reading materials

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The roles of the Chairman and the Chief Executive Officer are segregated and are not exercised by the same individual, and are clearly defined in the Company's Code. Amongst his other duties, in his role as Chairman, Mr. Karl C. Kwok, is responsible for ensuring that all directors are properly briefed on issues arising at Board meetings, that all directors receive adequate and accurate information on a timely manner, and for providing leadership for the Board. The Chairman is also responsible for ensuring that good corporate governance practices and procedures are established and followed. Amongst his other duties, in his role as Chief Executive Officer, Mr. Lester Kwok, is responsible for providing leadership to the management and to manage and oversee the business affairs of the Group. The Chief Executive Officer is to implement Board policies and decisions applicable to the management and operational matters of the Group in addition to presenting annual business budgets of the Group to the Board for approval.

NON-EXECUTIVE DIRECTORS

There are currently one non-executive director and five independent non-executive directors. All non-executive directors have been appointed for a fixed term of not more than three years. During the financial year ended 31 December 2018, the Chairman held a meeting with the non-executive directors, including independent non-executive directors, without the presence of executive directors.

REMUNERATION COMMITTEE

The remuneration committee of the Company (the "Remuneration Committee") was formed on 30 June 2005 and is currently comprised of two independent non-executive directors (one of whom is the Remuneration Committee Chairman) and one executive director.

The terms of reference of the Remuneration Committee are published on the Stock Exchange's website and the Company's website. The Remuneration Committee is responsible for making recommendations to the Board on the Company's policy and the remuneration structure of all directors and members of senior management of the Group and for ensuring that no director takes part in deciding his/her own remuneration. The Remuneration Committee has the responsibility for determining the specific remuneration packages of all executive directors and members of senior management and for making recommendations to the Board on the remuneration of non-executive directors. It also reviews and approves any performance-based remuneration and compensation arrangements for loss or termination of office of directors and members of senior management. The remuneration of the directors is determined with reference to factors such as salaries paid by comparable companies, individual duties, responsibilities, performance and time commitments of each director and the results of the Group. The Remuneration Committee considers that discretionary performance bonuses should be incentives for executive directors to monitor and improve the performance of the Group. Discretionary performance bonuses to be awarded to the executive directors are based on an incremental scale linked to the after tax profit target levels of the Group. Directors serving on board committees will receive extra allowances for such additional services rendered.

REMUNERATION COMMITTEE (Continued)

During the financial year ended 31 December 2018, the Remuneration Committee reviewed the remuneration policy and determined the remuneration packages of all executive directors and members of senior management with reference to their performance. The Remuneration Committee also reviewed the directors' fees and allowances for 2018. Two meetings of the Remuneration Committee were held in 2018. The attendance of committee members during 2018 is set out in the table below:

Remuneration Committee Members	Meetings attended/held
Mr. Leung Wing Ning (Committee Chairman)	2/2
Mr. Karl C. Kwok	2/2
Mr. Ignatius Wan Chiu Wong	2/2

The amount of remuneration paid to each director of the Company for 2018 is set out in Note 7 to the financial statements for the year ended 31 December 2018.

At the forthcoming Annual General Meeting to be held on 4 June 2019, the Board will propose a director's fee of HK$238,000 for each director for the year 2019 as recommended by the Remuneration Committee.

NOMINATION COMMITTEE

The Board established a nomination committee (the "Nomination Committee") on 30 March 2012, the Nomination Committee is currently comprised of two independent non-executive directors (one of whom is the Nomination Committee Chairman) and one executive director.

The terms of reference of the Nomination Committee are published on the Stock Exchange's website and the Company's website. According to the terms of reference, the Nomination Committee is required to review the structure, size and diversity (including skills, knowledge and experience) of the Board at least annually and make recommendations on any proposed changes to the Board to complement the Company's corporate strategy; to identify individuals suitably qualified to become Board members and select or make recommendations to the Board on the selection of individuals nominated for directorships; to assess the independence of independent non-executive directors and to make recommendations to the Board on the appointment or re-appointment of directors and succession planning for directors, in particular the chairman and the chief executive officer.

NOMINATION COMMITTEE (Continued)

The Nomination Committee has adopted a Board Diversity Policy ("Policy") which sets out a policy of considering a number of factors when deciding on appointments to the Board and the continuation of those appointments, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, required experience, skills, knowledge and length of service. The ultimate decision will be based on merit and contribution (considering factors like skills, knowledge and experience) that the selected candidates will bring to the Board.

During the financial year ended 31 December 2018, the Nomination Committee reviewed the structure, size and diversity of the Board; assessed the independence of independent non-executive directors with reference to the Policy, made recommendations on the re-appointment of directors and on the appointment of a new independent non-executive director. At present five directors on the Board are independent non-executive directors with diverse career experiences. The Board considers the current Board composition is well-balanced and of a diverse mix of skills and experience to lead and oversee the business of the Company. The Nomination Committee will review and monitor the implementation of this Policy on a regular basis to ensure optimal composition of the Board.

During the financial year ended 31 December 2018, for the purposes of succession planning, the Group's Deputy Chairman discussed with the Chairman of the Board and the Chairman of the Audit Committee the need to search for an additional independent non-executive director. It was determined that the appropriate candidate should possess sound financial and business knowledge. Subsequently, an appropriate candidate was identified and the Group's Deputy Chairman had an in depth discussion with the candidate and considered his extensive experience in finance, accounting and retail would benefit the Group. The appointment was further discussed at a Nomination Committee meeting. After such considerations, Mr. Nicholas James Debnam was appointed as an independent non-executive director to the Board on 3 April 2018, and was re-elected as an independent non-executive director of the Company at the Annual General Meeting of the Company held on 4 June 2018.

The Nomination Committee adopted a Nomination Policy, (the "Nomination Policy") in March 2019 which sets out the objectives, procedures and criteria to be adopted when considering the candidates to be appointed or re-appointed as directors. In considering a candidate nominated for directorship, the Nomination Committee will consider relevant criteria necessary to complement the Group's corporate strategy and achieve Board diversity. The Nomination Committee will review and monitor the implementation of the Nomination Policy on a regular basis. The terms of the Nomination Policy are published on the Company's website.

NOMINATION COMMITTEE (Continued)

Two Nomination Committee meetings were held in 2018. The attendance of committee members during 2018 is set out in the table below:

Nomination Committee Members	Meetings attended/held
Mr. Leung Wing Ning (Committee Chairman)	2/2
Mr. Karl C. Kwok	2/2
Mr. Ignatius Wan Chiu Wong	2/2

AUDIT COMMITTEE

The Board established an audit committee on 16 December 1998 (the "Audit Committee"). The Audit Committee is currently comprised of four independent non-executive directors (including the Committee Chairman who possesses the necessary business and financial knowledge and experience to understand financial statements).

The terms of reference of the Audit Committee are published on the Stock Exchange's website and the Company's website. According to its terms of reference, the Audit Committee is required, amongst other duties, to oversee the Company's relationship with the external auditor, to review the Group's interim results and annual financial statements and to monitor compliance with statutory and listing requirements, and to review the scope and effectiveness of the Group's internal control function.

During the financial year ended 31 December 2018, the Audit Committee, inter alia, reviewed and discussed with management and the external auditor the interim and annual reports with a view to ensuring that the Group's financial reports are prepared in compliance with accounting and auditing standards, as well as Listing Rules and legal requirements in relation to financial reporting. Further, the Audit Committee engaged an external consultant to perform internal audit services and discussed the scope of work and findings with the external consultant. The Audit Committee reviewed the independence and quality of work of KPMG and recommended to the Board to re-appoint KPMG as auditor for 2018. Four meetings of the Audit Committee were held in 2018. The attendance of committee members during 2018 is set out in the table below:

Audit Committee Members	Meetings attended/held
Mr. Iain Ferguson Bruce (Committee Chairman)	4/4
Miss Maria Tam Wai Chu	4/4
Mr. Leung Wing Ning	4/4
Mr. Nicholas James Debnam (Appointed on 1 August 2018)	2/2

AUDITORS' REMUNERATION

During the financial year ended 31 December 2018, the fees charged for statutory audit services provided to the Company and its subsidiaries amounted to HK$3,953,000 (2017: HK$3,626,000), and, in addition, HK$2,832,000 (2017: HK$2,760,000) was charged for other non-statutory audit services, such as tax compliance and advisory services, accounting advice, interim review and internal systems reviews. Included in the fees for non-statutory audit services is an amount of HK$1,152,000 (2017: HK$1,126,000) paid to the Group's external auditor for performing internal systems review services as approved by the Audit Committee.

RISK MANAGEMENT AND INTERNAL CONTROLS

The Board acknowledges that it is responsible for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Company's strategic objectives, and ensuring that the Company establishes and maintains appropriate and effective risk management and internal control systems to safeguard the assets of the Group. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Audit Committee is delegated by the Board to assist the Board in fulfilling the above responsibilities.

The Company has no internal audit function. The Audit Committee reviewed if an internal audit function was required and accepted management's recommendations that an external consultant be engaged to provide independent and objective appraisal of the adequacy and effectiveness of the Group's risk management and internal control systems.

During the year, an external consultant was engaged and assisted the Group to perform a review of the effectiveness of the Group's internal control systems that covers financial, operational and compliance controls. The external consultant also reviewed the adequacy of resources, staff qualifications and experience, and training programmes and budget of the Group's accounting and financial reporting functions. During the review process, the external consultant carried out fieldwork and adopted its own methodology. The external consultant, based on the results of the review done, noted that there were no material or significant internal control deficiencies during the course of the review. The management accepted the external consultant's comments on areas for enhancements and took follow-up actions for improvement.

The Board has established a Risk Management Policy which sets out the risk management framework and process from risk identification to risk reporting, with a view to ensuring that there is consistent basis for measuring, controlling, monitoring and reporting risks across the Group at all levels to support the achievement of the Group's strategic objectives on an ongoing basis.

RISK MANAGEMENT AND INTERNAL CONTROLS (Continued)

The Board has approved risk appetite statements to identify major risks and defined acceptable levels for each type of risk. All department heads have an important role to play in their day-to-day work. They have to identify, assess, monitor and report the outcome of risks. Management will assess the nature and impact of risk, and report issues to the Chief Executive Officer and Board level according to the risk reporting procedures as stated in the Risk Management Policy. The Group's Chief Accountant is responsible for the risk management process. Risks which cannot be accepted or are beyond the Company's risk appetite are transferred, eliminated or controlled through risk mitigation measures. Each risk mitigation measure has a process owner who is a Department Manager and a target completion date is assigned to ensure accountability. Risk owners are also responsible for monitoring the status of the risk mitigation measures for risks under their purview. During the year, the external consultant reviewed and updated the risk management system of the Group and concluded that no new risk was identified.

A policy on the handling and disclosure of inside information was established in 2013 which sets out appropriate internal control and reporting systems to identify and assess potential inside information. The Board has delegated the responsibilities for the handling and dissemination of inside information to the executive directors, senior managers and company secretary (together known as "Responsible Officers"). Responsible Officers will maintain appropriate and effective reporting procedures to ensure a timely and structured flow to the Board of information arising from the development or occurrence of events and circumstances so that the Board can decide whether disclosure is necessary.

Management had confirmed to the Board that the Group's risk management and internal control systems are effective, and the Board considers such systems effective and adequate.

COMPANY SECRETARY

The Company Secretary is an employee of the Company and has day-to-day knowledge of the Company's affairs. The Company Secretary is responsible for advising the Board through the Chairman and/or the Chief Executive Officer on governance matters and also facilitates the induction and professional development of directors. The Company Secretary also keeps proper records of all Board and Committee meetings (including details of matters considered, concerns raised and decisions reached) which are made available for inspection by directors at all reasonable times. The biography of the Company Secretary is set out on page 9. The Company Secretary has undertaken no less than 15 hours of professional training during the year.

SHAREHOLDERS' RIGHTS

(a) Procedures for shareholders to convene a special general meeting

The provisions for a shareholder to convene a special general meeting of the Company are set out in Section 74 of the Bermuda Companies Act 1981:

(1) The directors of a company, notwithstanding anything in its Bye-Laws shall, on the requisition of members of the company holding at the date of the deposit of the requisition not less than one-tenth (1/10) of such of the paid-up capital of the company as at the date of the deposit carries the right of voting at general meetings of the company, or, in the case of a company not having a share capital, members of the company representing not less than one-tenth (1/10) of the total voting rights of all the members having at the said date a right to vote at general meetings of the company, forthwith proceed duly to convene a special general meeting of the company.

(2) The requisition must state the purposes of the meeting, and must be signed by the requisitionists and deposited at the registered office of the Company, and may consist of several documents in like form each signed by one or more requisitionists.

(3) If the directors do not within twenty-one days from the date of the deposit of the requisition proceed duly to convene a meeting, the requisitionists, or any of them representing more than one half (1/2) of the total voting rights of all of them, may themselves convene a meeting, but any meeting so convened shall not be held after the expiration of three months from the said date.

(4) A meeting convened under this section by the requisitionists shall be convened in the same manner, as nearly as possible, as that in which meetings are to be convened by directors.

(5) Any reasonable expenses incurred by the requisitionists by reason of the failure of the directors duly to convene a meeting shall be repaid to the requisitionists by the company, and any sum so repaid shall be retained by the company out of any sums due or to become due from the company by way of fees or other remuneration in respect of their services to such directors as were in default.

(b) Procedures for shareholders to submit enquiries to the Board

Shareholders are welcome to attend annual general meetings at which time they can raise questions directly to the Board and the management. Alternatively, shareholders may submit their enquiries in writing to the Board by depositing such enquiries, addressed to the Company Secretary, at the Company's principal office in Hong Kong (as set out in the Corporate Information section of this Annual Report).

SHAREHOLDERS' RIGHTS (Continued)

(c) Procedures for shareholders to put forward proposals at shareholders' meetings

To put forward proposals at shareholders' meeting, a request in writing must be made by:

(1) shareholders representing not less than one-twentieth (1/20) of the total voting rights of all the shareholders having at the date of the requisition a right to vote at the meeting to which the requisition relates; or

(2) not less than one hundred shareholders.

The written request must be signed by all the shareholders concerned in one or more documents in like form and deposited at the registered office of the Company for the attention of the Company Secretary not less than six weeks before the meeting in the case of a requisition requiring notice of a resolution; and not less than one week before the meeting in the case of any other requisition. Upon verification that the request is valid, the Company will give notice of the resolution or circulate the statement of not more than one thousand words with respect to the matter referred to in the proposed resolution provided that the shareholders concerned have deposited a sum reasonably sufficient to meet the Company's expenses in giving effect thereto.

For enquiries, shareholders may contact the Company Secretary, at the Company's principal office in Hong Kong.

INVESTOR RELATIONS

There is no change in the Company's Bye-Laws during 2018 and there is currently no proposal to amend the Company's Bye-Laws in the forthcoming Annual General Meeting.

CONTINUING CONNECTED TRANSACTIONS

The following is a summary of transactions entered into by the Company in 2017 which constituted "Continuing Connected Transactions" for the Company under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. For full details of these transactions, please refer to the official announcements made by the Company at the relevant time.

(1) On 30 March 2017, The Wing On Company Limited ("WOCO") entered into a Tenancy Agreement with Wocom Holdings Limited ("WOCOM") to rent the premises at Rooms 1002 to 1006 Wing On Centre, 111 Connaught Road Central, Hong Kong for a fixed term of three years commencing from 8 June 2017 to 7 June 2020 at a monthly rental of HK$410,000 (exclusive of rates, management fees, air-conditioning charges and any other outgoings). The maximum aggregate annual rental value would be HK$4,920,000. Since WOCOM is an indirect non wholly-owned subsidiary of Kee Wai Investment Company (BVI) Limited ("Kee Wai (BVI)"), a substantial shareholder of the Company, which in turn is holding approximately 61.31% interest in the existing issued share capital of the Company, the Tenancy Agreement constitutes a continuing connected transaction of the Company.

(2) On 5 December 2017, The Wing On Department Stores (Hong Kong) Limited ("WODS") entered into a Tenancy Agreement to renew the tenancy of Basement 1, Portion of Ground Floor and the whole of 1st to 6th Floors, Wing On Kowloon Centre, 345 Nathan Road, Kowloon, Hong Kong ("Premises") for a fixed term of three years from 1 January 2018 to 31 December 2020 with WOCO and The Wing On Properties and Securities Company Limited ("WOPS") at a monthly rental of HK$5,840,000 (exclusive of rates, air-conditioning charges, management fee and all other outgoings). The maximum aggregate annual rental payable to WOPS would be HK$24,969,504. The Premises is jointly owned by WOCO and WOPS in the interest of 64.37% and 35.63% respectively. WODS and WOCO are wholly-owned subsidiaries of the Company. Since WOPS is an indirect non wholly-owned subsidiary of Kee Wai (BVI), a substantial shareholder of the Company, which in turn is holding approximately 61.426% interest in the existing issued share capital of the Company, the Tenancy Agreement constitutes a continuing connected transaction of the Company.

The independent non-executive directors have reviewed and confirmed that the Continuing Connected Transactions disclosed above were entered in the ordinary and usual course of business of the Group and on normal commercial terms and in accordance with the relevant agreement governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The Company's auditor was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The auditor has issued its unqualified letter containing its findings and conclusions in respect of the continuing connected transactions disclosed above in accordance with Main Board Listing Rule 14A.56. A copy of the auditor's letter has been provided by the Company to The Stock Exchange of Hong Kong Limited.

FIVE YEAR SUMMARY

	2018	2017 (Restated)	2016	2015	2014

* excluding carparking area for properties with carparking floors

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF WING ON COMPANY INTERNATIONAL LIMITED

(Incorporated in Bermuda with limited liability)

Opinion

We have audited the consolidated financial statements of Wing On Company International Limited ("the Company") and its subsidiaries (together "the Group") set out on pages 47 to 147, which comprise the consolidated statement of financial position as at 31 December 2018, the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2018 and of the Group's consolidated financial performance and consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code") together with any ethical requirements that are relevant to our audit of the consolidated financial statements in Bermuda, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements for the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of investment properties

Refer to note 11 to the consolidated financial statements.

The Key Audit Matter	How the matter was addressed in our Audit
The Group holds a portfolio of investment properties located in Hong Kong, Australia and the United States of America comprising office premises, which had an aggregate fair value of HK$15,829 million and accounted for 77% of the Group's total assets as at 31 December 2018. The fair values of the investment properties as at 31 December 2018 were assessed by the board of directors based on independent valuations prepared by qualified external property valuers. The net changes in fair value of investment properties recorded in the consolidated statement of profit or loss represented 75% of the Group's profit before taxation for the year ended 31 December 2018. The valuation of investment properties is complex and involves a significant degree of judgement and estimation, particularly in determining appropriate capitalisation rates and market rents. We identified assessing valuation of investment properties as a key audit matter because of the significance of investment properties to the Group's financial statements and because of the significant degree of judgement and estimation involved in assessing the fair values.	Our audit procedures to assess the valuation of investment properties included the following: – assessing the external property valuers' qualifications, experience and expertise in the properties being valued and considering their objectivity and independence; – evaluating and discussing the valuation methodology adopted with the external property valuers and assessing the key estimates and assumptions adopted in these valuations, which included estimated market rents and capitalisation rates, by comparing with market available data; – comparing the valuations of the external property valuers with recent comparable property transactions with reference to properties of the same type and in the same location as the Group's investment properties to assess whether the valuations were consistent with our expectations of the market; and – comparing tenancy information, including committed rents, provided by management to the external property valuers with underlying contracts, on a sample basis.

Information other than the consolidated financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises all the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

– identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

– obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

– evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

– conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

– evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

– obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Cheng Mei Yan Hilary.

Cash and cash equivalents at 31 December	19(a)	2,827,500	2,941,473

The Group has initially applied HKFRS 9 and HKFRS 15 at 1 January 2018. Under the transition methods chosen, comparative information has not been restated for adoption of HKFRS 9 while comparative information has been restated for adoption of HKFRS 15 (see note 1(c)).

The notes on pages 55 to 147 form part of these financial statements.

1. Significant accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). Significant accounting policies adopted by the Group are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 1(c) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these financial statements.

(b) Basis of preparation of the financial statements

The consolidated financial statements for the year ended 31 December 2018 comprise the Company and its subsidiaries (together referred to as the "Group") and the Group's interest in an associate.

The measurement basis used in the preparation of the financial statements is the historical cost basis except as otherwise stated in the accounting policies set out below.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

1. Significant accounting policies (Continued)

(b) Basis of preparation of the financial statements (Continued)

Judgements made by management in the application of HKFRSs that have a significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 2.

(c) Changes in accounting policies

The HKICPA has issued a number of new HKFRSs and amendments to HKFRSs that are first effective for the current accounting period of the Group. Of these, the following developments are relevant to the Group's financial statements:

– HKFRS 9, Financial instruments

– HKFRS 15, Revenue from contracts with customers

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

The Group has been impacted by HKFRS 9 in relation to classification and measurement of financial assets and impacted by HKFRS 15 in relation to principal versus agent considerations and presentation of contract liabilities. Details of the changes in accounting policies are discussed in note 1(c)(i) for HKFRS 9 and note 1(c)(ii) for HKFRS 15.

(i) HKFRS 9, Financial instruments

HKFRS 9 replaces HKAS 39, Financial instruments: recognition and measurement. It sets out the requirements for recognising and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items.

The Group has been impacted by HKFRS 9 in relation to classification and measurement of financial assets. The Group has applied HKFRS 9 retrospectively to items that existed at 1 January 2018 in accordance with the transition requirements. The Group has recognised the cumulative effect of initial application as an adjustment to the opening equity at 1 January 2018. Therefore, comparative information continues to be reported under HKAS 39.

1. Significant accounting policies (Continued)

(c) Changes in accounting policies (Continued)

(i) HKFRS 9, Financial instruments (Continued)

HKFRS 9 categorises financial assets into three principal classification categories: measured at amortised cost, at fair value through other comprehensive income ("FVOCI") and at fair value through profit or loss ("FVPL"). These supersede HKAS 39's categories of held-to-maturity investments, loans and receivables, available-for-sale financial assets and financial assets measured at FVPL. The classification of financial assets under HKFRS 9 is based on the business model under which the financial asset is managed and its contractual cash flow characteristics.

The following table shows the original measurement categories for each class of the Group's financial assets under HKAS 39 impacted by the new standard and reconciles the carrying amounts of those financial assets determined in accordance with HKAS 39 to those determined in accordance with HKFRS 9.

	HKAS 39 carrying amount at 31 December 2017 $'000	Reclassification $'000	Remeasurement $'000	HKFRS 9 carrying amount at 1 January 2018 $'000
Financial assets measured at FVOCI (non-recycling)				
Other investments (note)	–	26,918	120,067	146,985
Financial assets classified as available-for-sale securities under HKAS 39 (note)	26,918	(26,918)	–	–

Note: Certain equity investments held by the Group for long-term strategic purposes have been designated under HKFRS 9 at FVOCI (non-recycling) (see note 14). Before the adoption of HKFRS 9, these securities were measured at cost because their fair value was not considered to be reliably measurable. HKFRS 9 has removed this cost exception.

1. Significant accounting policies (Continued)

(c) Changes in accounting policies (Continued)

(i) HKFRS 9, Financial instruments (Continued)

For an explanation of how the Group classifies and measures financial assets and recognises related gains and losses under HKFRS 9, see respective accounting policy notes in notes 1(f), (g), (k)(i), (m) and (q).

The measurement categories for all financial liabilities remain the same. The carrying amounts for all financial liabilities at 1 January 2018 have not been impacted by the initial application of HKFRS 9.

(ii) HKFRS 15, Revenue from contracts with customers

HKFRS 15 establishes a comprehensive framework for recognising revenue and some costs from contracts with customers. HKFRS 15 replaces HKAS 18, Revenue, which covered revenue arising from sale of goods and rendering of services.

HKFRS 15 also introduces additional qualitative and quantitative disclosure requirements which aim to enable users of the financial statements to understand the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers.

The Group has elected to use the retrospective restatement method and comparative information has been restated in accordance with HKFRS 15.

Further details of the nature and effect of the changes on previous accounting policies are set out below:

a. Principal versus agent considerations

HKFRS 15 provides specific guidance on the consignment arrangement and when should the revenue of a consignment arrangement be recognised. Given the consignment agreements entered into between the vendors and the Group met the definition of a consignment arrangement as described in HKFRS 15 and the Group (as a consignee) analysed that it does not obtain control over the consignment goods before the goods are sold to end customers, the Group is acting as an agent in respect of the consignment sales. As such, the Group has changed the basis of presentation of revenue derived from consignment sales from a gross basis to a net basis.

As a result of this change in presentation, the Group has restated comparatives by decreasing revenue and cost of sales by both $158,535,000. This change in presentation has no impact on the Group's net profits and net assets.

1. Significant accounting policies (Continued)

(c) Changes in accounting policies (Continued)

(ii) HKFRS 15, Revenue from contracts with customers (Continued)

b. Presentation of contract liabilities

Under HKFRS 15, a contract liability is recognised when a customer pays consideration, or is contractually required to pay consideration and the amount is already due, before the Group recognises the related revenue. Such balances are recognised as contract liabilities rather than payables.

As a result of this new presentation, the Group has reclassified "advances received from gift certificates" amounting to $16,796,000 as at 1 January 2017 and $16,483,000 as at 31 December 2017 which were previously included in creditors and accrued charges to contract liabilities.

(d) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the shareholders of the Company.

1. Significant accounting policies (Continued)

(d) Subsidiaries and non-controlling interests (Continued)

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in the consolidated statement of profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 1(f)) or, when appropriate, the cost on initial recognition of an investment in an associate (see note 1(e)).

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 1(k)(iii)).

(e) Associates

An associate is an entity in which the Group has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

An investment in an associate is accounted for in the consolidated financial statements under the equity method. Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the associate's identifiable net assets over the cost of the investment (if any). Thereafter, the investment is adjusted for the post-acquisition change in the Group's share of the associate's net assets and any impairment loss relating to the investment (see note 1(k)(iii)). Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the associate and any impairment losses for the year are recognised in the consolidated statement of profit or loss, whereas the Group's share of the post-acquisition post-tax items of the associate's other comprehensive income is recognised in the consolidated other comprehensive income.

When the Group's share of losses exceeds its interest in the associate, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the associate.

1. Significant accounting policies (Continued)

(e) Associates (Continued)

When the Group ceases to have significant influence over an associate, it is accounted for as a disposal of the entire interest in that associate, with a resulting gain or loss being recognised in the consolidated statement of profit or loss. Any interest retained in that former associate at the date when significant influence is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 1(f)).

(f) Other investments in debt and equity securities

The Group's policies for investments in debt and equity securities, other than investments in subsidiaries and an associate, are set out below.

Investments in debt and equity securities are recognised/derecognised on the date the Group commits to purchase/sell the investments or they expire. The investments are initially stated at fair value plus directly attributable transaction costs, except for those investments measured at FVPL for which transaction costs are recognised directly in the consolidated statement of profit or loss. For an explanation of how the Group determines fair value of financial instruments, see note 25(b)(vi). These investments are subsequently accounted for as follows, depending on their classification.

(A) Policy applicable from 1 January 2018

Investments other than equity investments

Non-equity investments held by the Group are classified into one of the following measurement categories:

– amortised cost, if the investment is held for the collection of contractual cash flows which represent solely payments of principal and interest. Interest income from the investment is calculated using the effective interest method (see note 1(u)(v)).

– fair value through other comprehensive income ("FVOCI") (recycling), if the contractual cash flows of the investment comprise solely payments of principal and interest and the investment is held within a business model whose objective is achieved by both the collection of contractual cash flows and sale. Changes in fair value are recognised in the consolidated other comprehensive income, except for the recognition in the consolidated statement of profit or loss of expected credit losses, interest income (calculated using the effective interest method) and foreign exchange gains or losses. When the investment is derecognised, the amount accumulated in the consolidated other comprehensive income is recycled from equity to the consolidated statement of profit or loss.

1. Significant accounting policies (Continued)

(f) Other investments in debt and equity securities (Continued)

(A) Policy applicable from 1 January 2018 (Continued)

Investments other than equity investments (Continued)

– fair value through profit or loss ("FVPL"), if the investment does not meet the criteria for being measured at amortised cost or FVOCI (recycling). Changes in the fair value of the investment (including interest) are recognised in the consolidated statement of profit or loss.

Equity investments

An investment in equity securities is classified as FVPL unless the equity investment is not held for trading purposes and on initial recognition of the investment the Group makes an election to designate the investment at FVOCI (non-recycling) such that subsequent changes in fair value are recognised in the consolidated other comprehensive income. Such elections are made on an instrument-by-instrument basis, but may only be made if the investment meets the definition of equity from the issuer's perspective. Where such an election is made, the amount accumulated in the consolidated other comprehensive income remains in the investment revaluation reserve until the investment is disposed of. At the time of disposal, the amount accumulated in the investment revaluation reserve is transferred to retained earnings. It is not recycled through the consolidated statement of profit or loss. Dividends from an investment in equity securities, irrespective of whether classified as at FVPL or FVOCI (non-recycling), are recognised in the consolidated statement of profit or loss as other income in accordance with the policy set out in note 1(u)(iii).

(B) Policy applicable prior to 1 January 2018

Investments in securities held for trading were classified as financial assets measured at FVPL. Any attributable transaction costs were recognised in the consolidated statement of profit or loss as incurred. At the end of each reporting period the fair value was remeasured, with any resultant gain or loss being recognised in the consolidated statement of profit or loss.

1. Significant accounting policies (Continued)

(f) Other investments in debt and equity securities (Continued)

(B) Policy applicable prior to 1 January 2018 (Continued)

Investments which did not fall into the above category were classified as available-for-sale financial assets. At the end of each reporting period the fair value was remeasured, with any resultant gain or loss being recognised in the consolidated other comprehensive income and accumulated separately in equity in the investment revaluation reserve (recycling). As an exception to this, investments in equity securities that did not have a quoted price in an active market for an identical instrument and whose fair value could not otherwise be reliably measured were recognised in the consolidated statement of financial position at cost less impairment losses. Dividend income from equity securities and interest income from debt securities calculated using the effective interest method were recognised in the consolidated statement of profit or loss in accordance with the accounting policies set out in notes 1(u)(iii) and 1(u)(v), respectively. When the investments were derecognised or impaired (see note 1(k)(i) – policy applicable prior to 1 January 2018), the cumulative gain or loss recognised in equity was reclassified to the consolidated statement of profit or loss.

(g) Derivative financial instruments

Derivative financial instruments are recognised initially at fair value. At the end of each reporting period the fair value is remeasured. The gain or loss on remeasurement to fair value is recognised immediately in the consolidated statement of profit or loss, except where the derivatives qualify for cash flow hedge accounting or hedge the net investment in a foreign operation, in which case recognition of any resultant gain or loss depends on the nature of the item being hedged.

(h) Investment properties

Investment properties are land and/or buildings which are owned or held under a leasehold or freehold interest to earn rental income and/or for capital appreciation in the long term.

Investment properties are stated at fair value. Any gain or loss arising from a change in fair value or from the retirement or disposal of an investment property is recognised in the consolidated statement of profit or loss. Rental income from investment properties is accounted for as described in the accounting policy set out in note 1(u)(ii).

1. Significant accounting policies (Continued)

(h) Investment properties (Continued)

When the Group holds a property interest under an operating lease to earn rental income and/or for capital appreciation in the long term, the interest is classified and accounted for as an investment property on a property-by-property basis. Any such property interest which has been classified as an investment property is accounted for as if it were held under a finance lease, and the same accounting policies are applied to that interest as are applied to other investment properties leased under finance leases.

(i) Other property, plant and equipment

The following items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see note 1(k)(iii)):

– land classified as being held under finance leases and buildings thereon; and

– other items of plant and equipment.

The Group has taken advantage of the provisions set out in paragraph 80A of HKAS 16, Property, plant and equipment, issued by the HKICPA, with the effect that the land and building which was revalued by the directors in 1981 has not been revalued to fair value at the end of each reporting period.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in the consolidated statement of profit or loss on the date of retirement or disposal. Upon disposal of the land and building which was revalued in 1981, the attributable revaluation surplus will be transferred from the land and building revaluation reserve to retained earnings and not to the consolidated statement of profit or loss.

When the use of a property changes from owner-occupied to investment property, the property is re-measured to fair value and reclassified as an investment property. Any gain arising on remeasurement is recognised in the consolidated statement of profit or loss to the extent that it reverses a previous impairment loss on the specific property, with any remaining gain recognised in the consolidated other comprehensive income and presented in the land and building revaluation reserve in equity. Any loss is recognised immediately in the consolidated statement of profit or loss.

1. Significant accounting policies (Continued)

(i) Other property, plant and equipment (Continued)

Depreciation is calculated to write off the cost or valuation of items of property, plant and equipment using the straight-line method over their estimated useful lives as follows:

–	Leasehold land and buildings	22 – 999 years
–	Furniture and fixtures	10% – 20% per annum
–	Computer hardware and software	20% per annum
–	Motor vehicles	25% per annum

Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. The useful life of an asset is reviewed annually.

(j) Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Group determines that the arrangement conveys a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

(i) Classification of assets leased to the Group

Assets that are held by the Group under leases which transfer to the Group substantially all the risks and rewards of ownership are classified as being held under finance leases. Leases which do not transfer substantially all the risks and rewards of ownership to the Group are classified as operating leases, with the following exceptions:

– property held under operating leases that would otherwise meet the definition of an investment property is classified as investment property on a property-by-property basis and, if classified as investment property, is accounted for as if held under a finance lease; and

1. **Significant accounting policies** (Continued)

(j) Leased assets (Continued)

(i) Classification of assets leased to the Group (Continued)

– land held for own use under an operating lease, the fair value of which cannot be measured separately from the fair value of a building situated thereon at the inception of the lease, is accounted for as being held under a finance lease, unless the building is also clearly held under an operating lease. For these purposes, the inception of the lease is the time that the lease was first entered into by the Group, or taken over from the previous lessee.

(ii) Operating lease charges

Where the Group has the use of assets under operating leases, payments made under the leases are charged to the consolidated statement of profit or loss in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received are recognised in the consolidated statement of profit or loss as an integral part of the aggregate net lease payments made. Contingent rentals are charged to the consolidated statement of profit or loss in the accounting period in which they are incurred.

(k) Credit losses and impairment of assets

(i) Credit losses from financial instruments and lease receivables

(A) Policy applicable from 1 January 2018

The Group recognises a loss allowance for expected credit losses (“ECLs”) on the following items:

– financial assets measured at amortised cost (including cash and cash equivalents, other bank deposits, trade and other receivables); and

– lease receivables.

Financial assets measured at fair value, including investment funds, debt and equity securities measured at FVPL, equity securities designated at FVOCI (non-recycling) and derivative financial assets, are not subject to the ECL assessment.

1. Significant accounting policies (Continued)

(k) Credit losses and impairment of assets (Continued)

(i) Credit losses from financial instruments and lease receivables (Continued)

(A) Policy applicable from 1 January 2018 (Continued)

The loss allowance is measured at an amount equal to lifetime expected credit losses, which are those losses that are expected to result from all possible default events over the expected life of the items to which the ECL model applies. The loss allowance is estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

ECLs are remeasured at each reporting date with any changes recognised as an impairment gain or loss in the consolidated statement of profit or loss. The Group recognises an impairment gain or loss with a corresponding adjustment to the carrying amount of the financial instruments through a loss allowance account.

The gross carrying amount of a financial asset or lease receivable is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in the consolidated statement of profit or loss in the period in which the recovery occurs.

1. Significant accounting policies (Continued)

(k) Credit losses and impairment of assets (Continued)

(i) Credit losses from financial instruments and lease receivables (Continued)

(B) Policy applicable prior to 1 January 2018

Prior to 1 January 2018, an "incurred loss" model was used to measure impairment losses on financial assets not classified as at FVPL (e.g. trade and other receivables). Under the "incurred loss" model, an impairment loss was recognised only when there was objective evidence of impairment. Objective evidence of impairment included:

– significant financial difficulties of the debtor;

– a breach of contract, such as a default or delinquency in interest or principal payments;

– it becoming probable that the debtor will enter bankruptcy or other financial reorganisation;

– significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; and

– a significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

If any such evidence existed, an impairment loss was determined and recognised as follows:

– For trade and other receivables and other financial assets carried at amortised cost, an impairment loss was measured as the difference between the financial asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate, where the effect of discounting was material. This assessment was made collectively where these financial assets shared similar risk characteristics, such as similar past due status, and had not been individually assessed as impaired. Future cash flows for financial assets which were assessed for impairment collectively were based on historical loss experience for assets with credit risk characteristics similar to the collective group.

1. Significant accounting policies (Continued)

(k) Credit losses and impairment of assets (Continued)

(i) Credit losses from financial instruments and lease receivables (Continued)

(B) Policy applicable prior to 1 January 2018 (Continued)

If in a subsequent period the amount of an impairment loss decreased and the decrease could be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss was reversed through the consolidated statement of profit or loss. A reversal of an impairment loss was only recognised to the extent that it did not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

When the recovery of a trade debtor or other financial assets carried at amortised cost was considered doubtful but not remote, associated impairment losses were recorded using an allowance account. When the Group was satisfied that recovery was remote, the amount considered irrecoverable was written off against the gross carrying amount of those assets directly. Subsequent recoveries of amounts previously charged to the allowance account were reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly were recognised in the consolidated statement of profit or loss.

– For available-for-sale securities, the cumulative loss that had been recognised in the investment revaluation reserve (recycling) was reclassified to the consolidated statement of profit or loss. The amount of the cumulative loss that was recognised in the consolidated statement of profit or loss was the difference between the acquisition cost (net of any principal repayment and amortisation) and current fair value, less any impairment loss on that asset previously recognised in the consolidated statement of profit or loss.

  Impairment losses recognised in the consolidated statement of profit or loss in respect of available-for-sale equity securities were not reversed through the consolidated statement of profit or loss. Any subsequent increase in the fair value of such assets was recognised in the consolidated other comprehensive income.

1. Significant accounting policies (Continued)

(k) Credit losses and impairment of assets (Continued)

(ii) Credit losses from financial guarantees issued

Financial guarantees are contracts that require the issuer (i.e. the guarantor) to make specified payments to reimburse the beneficiary of the guarantee (the "holder") for a loss the holder incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Where the Group issues a financial guarantee, the fair value of the guarantee is initially recognised as deferred income within trade and other payables. The fair value of financial guarantees issued at the time of issuance is determined by reference to fees charged in an arm's length transaction for similar services, when such information is obtainable, or is otherwise estimated by reference to interest rate differentials, by comparing the actual rates charged by lenders when the guarantee is made available with the estimated rates that lenders would have charged, had the guarantees not been available, where reliable estimates of such information can be made. Where consideration is received or receivable for the issuance of the guarantee, the consideration is recognised in accordance with the Group's accounting policies applicable to that category of asset. Where no such consideration is received or receivable, an immediate expense is recognised in the consolidated statement of profit or loss on initial recognition of any deferred income.

The amount of the guarantee initially recognised as deferred income is amortised in the consolidated statement of profit or loss over the term of the guarantee as income from financial guarantees issued.

(A) Policy applicable from 1 January 2018

The Group monitors the risk that the specified debtor will default on the contract and recognises a provision when ECLs on the financial guarantees are determined to be higher than the amount carried in trade and other payables in respect of the guarantees (i.e. the amount initially recognised, less accumulated amortisation).

To determine ECLs, the Group considers changes in the risk of default of the specified debtor since the issuance of the guarantee. A 12-month ECL is measured unless the risk that the specified debtor will default has increased significantly since the guarantee is issued, in which case a lifetime ECL is measured.

1. **Significant accounting policies** (Continued)

(k) **Credit losses and impairment of assets** (Continued)

(ii) Credit losses from financial guarantees issued (Continued)

(A) Policy applicable from 1 January 2018 (Continued)

As the Group is required to make payments only in the event of a default by the specified debtor in accordance with the terms of the instrument that is guaranteed, an ECL is estimated based on the expected payments to reimburse the holder for a credit loss that it incurs less any amount that the Group expects to receive from the holder of the guarantee, the specified debtor or any other party. The amount is then discounted using the current risk-free rate adjusted for risks specific to the cash flows.

(B) Policy applicable prior to 1 January 2018

Provisions were recognised if and when it became probable that (i) the holder of the guarantee would call upon the Group under the guarantee, and (ii) the amount of that claim on the Group was expected to exceed the amount carried in trade and other payables in respect of that guarantee.

(iii) Impairment of other non-current assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or an impairment loss previously recognised no longer exists or may have decreased:

– property, plant and equipment (other than investment properties carried at revalued amounts);

– interest in an associate; and

– investments in subsidiaries in the Company's statement of financial position.

1. **Significant accounting policies** (Continued)

(k) **Credit losses and impairment of assets** (Continued)

(iii) Impairment of other non-current assets (Continued)

If any such indication exists, the asset's recoverable amount is estimated.

– Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

– Recognition of impairment losses

An impairment loss is recognised in the consolidated statement of profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount except for the land and building which was revalued in 1981. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal, or value in use, if determinable.

When an impairment loss arises on the land and building which was revalued in 1981, it will first be charged against the attributable balance relating to that property included in the land and building revaluation reserve in equity and any excess will be charged to the consolidated statement of profit or loss.

– Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to the consolidated statement of profit or loss in the year in which the reversals are recognised.

1. Significant accounting policies (Continued)

(l) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is determined on a weighted average basis and includes the direct costs of purchase. Net realisable value is determined by reference to the sales proceeds of items sold in the ordinary course of business subsequent to the end of the reporting period or to management estimates based on prevailing market conditions.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value, is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(m) Trade and other receivables

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Group has an unconditional right to receive the consideration, the account is presented as a contract asset.

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses (see note 1(k)(i)).

(n) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in the consolidated statement of profit or loss over the period of the borrowings, together with any interest and fees payable, using the effective interest method.

(o) Trade and other payables

Trade and other payables are initially recognised at fair value and are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

1. **Significant accounting policies** (Continued)

(p) Contract liabilities

A contract liability is recognised when the customer pays non-refundable consideration before the Group recognises the related revenue (see note 1(u)). A contract liability would also be recognised if the Group has an unconditional right to receive non-refundable consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 1(m)).

(q) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents for the purpose of the consolidated statement of cash flows. Cash and cash equivalents are assessed for ECLs in accordance with the policy set out in note 1(k)(i).

(r) Employee benefits

(i) Short term employee benefits and contributions to defined contribution retirement plans

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(ii) Termination benefits

Termination benefits are recognised at the earlier of when the Group can no longer withdraw the offer of those benefits and when it recognises restructuring costs involving the payment of termination benefits.

1. Significant accounting policies (Continued)

(s) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Income tax is recognised in the consolidated statement of profit or loss except to the extent that it relates to items recognised in the consolidated other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in the consolidated other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities and all deferred tax assets, to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from the initial recognition of assets or liabilities that affect neither accounting nor taxable profit and temporary differences relating to investments in subsidiaries and associate to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

1. Significant accounting policies (Continued)

(s) Income tax (Continued)

Where investment properties are carried at their fair value in accordance with the accounting policy set out in note 1(h), the amount of deferred tax recognised is measured using the tax rates that would apply on sale of those assets at their carrying value at the reporting date unless the property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

– in the case of current tax assets and liabilities, the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or

– in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:

  – the same taxable entity; or

  – different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

1. Significant accounting policies (Continued)

(t) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(u) Revenue and other income

Income is classified by the Group as revenue when it arises from the sale of goods, the provision of services or the use by others of the Group's assets under leases in the ordinary course of the Group's business.

Revenue is recognised when control over a product or service is transferred to the customer, or the lessee has the right to use the asset, at the amount of promised consideration to which the group is expected to be entitled, net of returns and trade discounts, excluding those amounts collected on behalf of third parties.

(i) Sale of goods

Revenue arising from the sale of goods and net income from concession and consignment sales are recognised when the customer takes possession of and accepts the goods.

Revenue from the sale of goods and net income from concession sales were recognised on a similar basis in the comparative period under HKAS 18. For consignment sales, the Group has changed the basis of presentation of revenue from a gross basis to a net basis. As a result of the change in the accounting policy, comparative information has been restated (see note 1(c)(ii)).

1. Significant accounting policies (Continued)

(u) Revenue and other income (Continued)

(ii) Rental income from operating leases

Rental income receivable under operating leases is recognised in the consolidated statement of profit or loss in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the use of the leased asset. Lease incentives granted are recognised in the consolidated statement of profit or loss as an integral part of the aggregate net lease payments receivable.

(iii) Dividends

Dividend income from listed securities is recognised when the share price of the security goes ex-dividend. Dividend income from unlisted investments is recognised in the accounting period in which it is declared or proposed and approved by shareholders of the investee company.

(iv) Profit on sale of listed securities

Profit on sale of listed securities is recognised on the trade date basis.

(v) Interest income

Interest income is recognised as it accrues using the effective interest method.

(v) Translation of foreign currencies

The functional currency of the Company and its subsidiaries which operate in Hong Kong is Hong Kong dollars while those for subsidiaries which operate in overseas are in their respective local currencies. The presentation currency of the Group is Hong Kong dollars.

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in the consolidated statement of profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was measured.

1. Significant accounting policies (Continued)

(v) Translation of foreign currencies (Continued)

The results of foreign operations are translated into Hong Kong dollars at the exchange rates approximating the foreign exchange rates ruling at the dates of the transactions. Statement of financial position items are translated into Hong Kong dollars at the closing foreign exchange rates ruling at the end of the reporting period. The resulting exchange differences are recognised in the consolidated other comprehensive income and accumulated separately in equity in the exchange reserve.

On disposal of a foreign enterprise, the cumulative amount of the exchange differences relating to the foreign enterprise is reclassified from equity to the consolidated statement of profit or loss when the profit or loss on disposal is recognised.

(w) Related parties

(i) A person, or a close member of that person's family, is related to the Group if that person:

(a) has control or joint control over the Group;

(b) has significant influence over the Group; or

(c) is a member of the key management personnel of the Group or the Group's parent.

1. Significant accounting policies (Continued)

(w) Related parties (Continued)

(ii) An entity is related to the Group if any of the following conditions applies:

(a) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);

(b) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);

(c) both entities are joint ventures of the same third party;

(d) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;

(e) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;

(f) the entity is controlled or jointly controlled by a person identified in (i);

(g) a person identified in (i)(a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or

(h) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

1. Significant accounting policies (Continued)

(x) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of that asset. Other borrowing costs are expensed in the period in which they are incurred.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or complete.

(y) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

2. Sources of estimation uncertainty

Note 25 contains information about the assumptions and their risk factors relating to financial instruments. Other key sources of estimation uncertainty are as follows:

(a) Recognition of deferred tax assets

As explained in note 23, the Group recognises deferred tax assets in respect of accumulated tax losses and deductible temporary differences based on management's estimation of future taxable profits against which the accumulated tax losses and deductible temporary differences may be offset in the foreseeable future for each individual subsidiary. The Group has assumed that, based on current economic circumstances, its operations may generate sufficient taxable profits to utilise certain accumulated tax losses and deductible temporary differences in the foreseeable future. It is possible that certain assumptions adopted in the preparation of the profit forecasts for the Group's operations may not be indicative of future taxable profits. Any increase or decrease in the recognition of deferred tax assets would affect the Group's net asset value.

(b) Valuation of investment properties

As described in note 11(c), the investment properties were revalued by independent professional valuers as at 31 December 2018. Such valuations were based on certain assumptions, which are subject to uncertainty and might materially differ from the actual results. Any increase or decrease in the valuations would affect the Group's results in future years.

(c) Depreciation

Property, plant and equipment is depreciated on a straight-line basis over the estimated useful lives of the assets. The Group reviews the estimated useful lives of the assets regularly in order to determine the amount of depreciation expense to be recorded during any reporting period. The useful lives are based on the Group's historical experience with similar assets. The depreciation expense for future periods is adjusted if there are material changes from previous estimates.

3. Revenue and segment reporting

(a) Revenue

The principal activities of the Group are the operation of department stores and property investment.

The Group's revenue comprised the invoiced value of goods sold to customers less returns, net income from concession sales and consignment sales and income from property investment and disaggregation of revenue by category is analysed as follows:

	2018	2017 (Restated)
	$'000	$'000
Under the scope of HKFRS 15, Revenue from contracts with customers:		
Department stores		
– Sales of goods	679,996	734,677
– Net income from concession sales	243,771	243,813
– Net income from consignment sales	70,677	74,948
	994,444	1,053,438
Property investment		
– Building management fees and other rental related income	61,926	59,434
Under the scope of HKAS 17, Leases:		
Property investment		
– Gross rentals from investment properties	406,459	376,553
	1,462,829	1,489,425

Disaggregation of revenue from contracts with customers by geographical locations is disclosed in note 3(b)(iii).

The Group's customer base is diversified and does not have any customer with whom transactions have exceeded 10% of the Group's total revenue.

3. Revenue and segment reporting (Continued)

(b) Segment reporting

The Group manages its business by two divisions, namely department stores and property investment. In a manner consistent with the way in which information is reported internally to the Group's most senior executive management for the purposes of resource allocation and performance assessment, the Group has identified the following two reportable segments. No operating segments have been aggregated to form the following reportable segments.

- Department stores: this segment operates department stores in Hong Kong.

- Property investment: this segment leases commercial premises to generate rental income. Currently the Group's investment property portfolio is located in Hong Kong, Australia and the United States of America ("USA").

(i) Segment results, assets and liabilities

For the purposes of assessing segment performance and allocating resources between segments, the Group's senior executive management monitors the results, assets and liabilities attributable to each reportable segment on the following bases:

- Segment assets include all tangible assets and current assets with the exception of interest in an associate, investments in financial assets, current tax recoverable, deferred tax assets and other corporate assets. Segment liabilities include trade and other creditors, accrued charges, contract liabilities and bank borrowings managed directly by the segments.

- Revenue and expenses are allocated to the reportable segments with reference to revenue generated by those segments and the expenses incurred by those segments or which otherwise arise from the depreciation or amortisation of assets attributable to those segments.

The measure used for reporting segment profit is profit before interest income, finance costs and income tax.

In addition to receiving segment information concerning segment profit, management is provided with segment information concerning revenue (including inter-segment revenue), finance costs on bank borrowings managed directly by the segments, depreciation, amortisation and impairment losses and additions to non-current segment assets used by the segments in their operations.

3. Revenue and segment reporting (Continued)

(b) Segment reporting (Continued)

(i) Segment results, assets and liabilities (Continued)

Information regarding the Group's reportable segments as provided to the Group's most senior executive management for the purposes of resource allocation and assessment of segment performance for the years ended 31 December 2018 and 2017 is set out below.

	Department stores		Property investment		Total	
	2018	2017 (Restated)	2018	2017	2018	2017 (Restated)
	$'000	$'000	$'000	$'000	$'000	$'000
Revenue from external customers	994,444	1,053,438	468,385	435,987	1,462,829	1,489,425
Inter-segment revenue	–	–	116,240	119,581	116,240	119,581
Reportable segment revenue	994,444	1,053,438	584,625	555,568	1,579,069	1,609,006
Reportable segment profit	97,897	116,416	461,388	425,409	559,285	541,825
Finance costs	–	–	5,093	6,138	5,093	6,138
Depreciation and amortisation for the year	9,434	8,921	51,696	45,421	61,130	54,342
Impairment losses of trade and other debtors written back	(18)	(11)	–	–	(18)	(11)
Reportable segment assets	176,360	163,772	16,212,966	15,163,641	16,389,326	15,327,413
Additions to non-current segment assets during the year	10,182	7,793	45,512	113,205	55,694	120,998
Reportable segment liabilities	248,076	318,156	271,291	328,526	519,367	646,682

3. Revenue and segment reporting (Continued)

(b) Segment reporting (Continued)

(ii) Reconciliations of reportable segment profit, assets and liabilities

	2018 $'000	2017 $'000
Profit		
Reportable segment profit	559,285	541,825
Share of profit of an associate	10,904	20,874
Other revenue	90,833	78,868
Other net (loss)/gain	(100,335)	96,222
Finance costs	(5,093)	(6,138)
Valuation gains on investment properties	1,387,462	2,209,441
Unallocated head office and corporate expenses	(85,449)	(69,049)
Consolidated profit before taxation	1,857,607	2,872,043
Assets		
Reportable segment assets	16,389,326	15,327,413
Elimination of inter-segment receivables	(4,811)	(6,407)
	16,384,515	15,321,006
Interest in an associate	307,185	301,278
Available-for-sale securities	–	26,918
Other investments	143,157	–
Deferred tax assets	11,609	17,987
Trading securities	704,746	577,435
Current tax recoverable	–	4,014

Elimination of inter-segment payables	(4,811)	(6,407)
	514,556	640,275
Current tax payable	24,494	18,509
Deferred tax liabilities	760,550	755,925
Unallocated head office and corporate liabilities	55,966	53,792
Consolidated total liabilities	1,355,566	1,468,501

3. Revenue and segment reporting (Continued)

(b) Segment reporting (Continued)

(iii) Geographic information

The following table sets out information about the geographical location of (i) the Group's revenue from external customers and (ii) the Group's investment properties and other property, plant and equipment and interest in an associate ("specified non-current assets"). The geographical location of customers is based on the location at which the services were provided or the goods were delivered. The geographical location of the specified non-current assets is based on the physical location of the asset in the case of investment properties and other property, plant and equipment and the location of operations in the case of interest in an associate.

	Revenue from external customers		**Specified non-current assets**	
	2018	**2017**	**2018**	**2017**
		(Restated)		
	$'000	$'000	$'000	$'000
Hong Kong (place of domicile)	1,322,136	1,353,941	12,732,272	11,579,151
Australia	126,012	115,976	3,265,738	3,375,720
USA	14,681	19,508	334,154	344,510
People's Republic of China ("PRC")	–	–	185,395	161,461
	140,693	135,484	3,785,287	3,881,691
	1,462,829	1,489,425	16,517,559	15,460,842

4. Other revenue and other net (loss)/gain

	2018	2017
	$'000	$'000
Other revenue		
Interest income from bank deposits	56,099	39,280
Interest income from investments in securities	676	–
Dividend income from investments in securities	24,781	26,864
Compensation received on early termination of leases	5,601	9,103
Others	3,676	3,621
	90,833	78,868
Other net (loss)/gain		
Net (loss)/gain on remeasurement to fair value of trading securities	(114,406)	41,185
Net realised gain on disposal of		
– trading securities	8,533	23,965
– derivative financial instruments	8,029	7,592
Net foreign exchange (loss)/gain	(2,454)	23,281
Net (loss)/gain on disposal of plant and equipment	(37)	199
	(100,335)	96,222

5. Profit before taxation

Profit before taxation is arrived at after charging/(crediting):

	2018	2017
		(Restated)
	$'000	$'000
(a) Finance costs		
Interest on bank loan	5,093	6,138
(b) Staff costs (excluding directors' remuneration)		
Contributions to defined contribution retirement plans	11,837	12,162
Salaries, wages and other benefits	210,339	199,496
	222,176	211,658
(c) Rentals received and receivable from investment properties		
Gross income from property investment	(468,385)	(435,987)
Less: direct outgoings	97,171	105,559
	(371,214)	(330,428)
(d) Other items		
Depreciation and amortisation		
– owned assets (note 11(a))	36,679	35,826
– lease incentives (note 11(a))	25,405	19,025
Impairment losses of trade and other debtors written back (note 17(b))	(18)	(11)
Auditors' remuneration		
– audit services	4,746	4,424
– tax services	543	497
– other services	1,496	1,466
Operating lease charges		
– minimum lease payments for hire of land and buildings	27,171	28,874
– contingent rentals for hire of land and buildings	30	27
Cost of inventories sold (note 16(b))	469,373	501,475

6. Income tax in the consolidated statement of profit or loss

(a) Income tax in the consolidated statement of profit or loss represents:

	2018 $'000	2017 $'000
Current tax – Hong Kong Profits Tax		
Provision for the year	63,312	66,135
Over-provision in respect of prior years	(92)	(60)
	63,220	66,075
Current tax – Overseas		
Provision for the year	17,140	10,143
Under-provision in respect of prior years	662	39
	17,802	10,182
Deferred tax (note 23(b))		
Effect on deferred tax balances at 1 January resulting from a decrease in tax rate of the USA		
– changes in fair value of investment properties	–	(14,094)
– other temporary differences	–	(8,639)
Origination and reversal of temporary differences		
– changes in fair value of investment properties	67,231	145,437
– other temporary differences	10,417	11,696
	77,648	134,400
Total income tax expense	158,670	210,657

The provision for Hong Kong Profits Tax for 2018 is calculated at 16.5% (2017: 16.5%) of the estimated assessable profits for the year. Taxation for overseas subsidiaries is charged similarly at the appropriate current rates of taxation ruling in the relevant countries.

In December 2017, the USA Government promulgated a decrease in the Federal Income Tax rate applicable to the Group's operations in the USA from 35% to 21% as from the year ended 31 December 2018. The decrease was taken into account in the preparation of the financial statements for the year ended 31 December 2017.

6. Income tax in the consolidated statement of profit or loss (Continued)

(b) Reconciliation between tax expense and accounting profit at the applicable tax rate:

	2018 $'000	2017 $'000
Profit before taxation	1,857,607	2,872,043
Notional Hong Kong Profits Tax calculated at 16.5% (2017: 16.5%)	306,505	473,887
Tax effect of non-deductible expenses	28,516	9,724
Tax effect of non-taxable revenue	(213,766)	(314,774)
Tax effect of previously unrecognised temporary differences recognised this year	–	7
Tax effect of previously unrecognised tax losses recognised/utilised this year	(1,653)	(6,875)
Effect of different tax rates of subsidiaries operating in other jurisdictions	38,341	71,355
Effect of deferred tax balances at 1 January resulting from a decrease in tax rate of the USA	–	(22,733)
Effect of overseas withholding tax	322	87
Under/(over)-provision in respect of prior years	570	(21)
Others	(165)	–
Actual tax expense	158,670	210,657

7. Directors' remuneration

Directors' emoluments disclosed pursuant to section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation are as follows:

	2018				
	Directors' fees	**Salaries, allowances and benefits in kind**	**Discretionary bonuses**	**Retirement scheme contributions**	**Total**
	$'000	$'000	$'000	$'000	$'000
Executive directors					
Mr. Karl C. Kwok	228	6,008	4,506	18	10,760
Mr. Lester Kwok	228	5,362	4,155	18	9,763
Mr. Mark Kwok	228	3,428	2,658	294	6,608
	684	14,798	11,319	330	27,131

Mr. Ignatius Wan Chiu Wong	228	194	–	–	422
Mr. Iain Ferguson Bruce	228	182	–	–	410
Mr. Leung Wing Ning	228	403	–	–	631
Mr. Nicholas James Debnam	171	57	–	–	228
	1,083	972	–	–	2,055
	1,995	15,770	11,319	330	29,414

7. Directors' remuneration (Continued)

Directors' emoluments disclosed pursuant to section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation are as follows (Continued):

	2017				
	Directors' fees $'000	Salaries, allowances and benefits in kind $'000	Discretionary bonuses $'000	Retirement scheme contributions $'000	Total $'000
Executive directors					
Mr. Karl C. Kwok	218	5,791	2,625	18	8,652
Mr. Lester Kwok	218	5,169	2,421	18	7,826
Mr. Mark Kwok	218	3,304	1,549	284	5,355
	654	14,264	6,595	320	21,833
Non-executive director					
Dr. Bill Kwok	218	–	–	–	218
Independent non-executive directors					
Miss Maria Tam Wai Chu	218	131	–	–	349
Mr. Ignatius Wan Chiu Wong	218	187	–	–	405
Mr. Iain Ferguson Bruce	218	175	–	–	393
Mr. Leung Wing Ning	218	388	–	–	606
	872	881	–	–	1,753
	1,744	15,145	6,595	320	23,804

8. Individuals with highest emoluments

Of the five individuals with the highest emoluments in the Group, three (2017: three) are directors whose emoluments are disclosed in note 7. The aggregate of the emoluments in respect of the other two (2017: two) individuals are as follows:

	2018	**2017**
	$'000	$'000
Salaries, allowances and benefits in kind	8,174	7,809
Contributions to defined contribution retirement plans	677	653
Discretionary bonuses	6,123	3,568
	14,974	12,030

The emoluments of the two (2017: two) individuals with the highest emoluments are within the following bands:

	Number of individuals	
	2018	**2017**
$		
3,500,001 – 4,000,000	–	1
4,500,001 – 5,000,000	1	–
8,000,001 – 8,500,000	–	1
10,000,001 – 10,500,000	1	–
	2	2

9. Basic and diluted earnings per share

(a) The calculation of basic earnings per share is based on the consolidated profit attributable to shareholders of the Company for the year ended 31 December 2018 of $1,697,681,000 (2017: $2,657,189,000) divided by the weighted average of 293,857,000 shares (2017: 294,216,000 shares) in issue during the year.

Weighted average number of shares:

	2018	**2017**
	’000	’000
Issued shares at 1 January	293,885	294,606
Effect of shares purchased	(28)	(390)
Weighted average number of shares in issue during the year	293,857	294,216

There were no outstanding potential shares throughout the years presented.

9. Basic and diluted earnings per share (Continued)

(b) Adjusted basic earnings per share excluding the valuation gains on investment properties net of related deferred tax thereon

For the purpose of assessing the underlying performance of the Group, the management is of the view that the profit for the year should be adjusted for the valuation gains on investment properties net of related deferred tax thereon in arriving at the "underlying profit attributable to shareholders of the Company".

The difference between the underlying profit attributable to shareholders of the Company and profit attributable to shareholders of the Company as shown in the consolidated statement of profit or loss for the year is reconciled as follows:

	2018		2017	
		Amount per share		**Amount per share**
	$'000	cents	$'000	cents
Profit attributable to shareholders of the Company as shown in the consolidated statement of profit or loss	1,697,681	577.7	2,657,189	903.1
Less: Valuation gains on investment properties	(1,387,462)	(472.2)	(2,209,441)	(750.9)
Add: Increase in deferred tax liabilities in relation to the valuation gains on investment properties	67,231	22.9	145,437	49.4
Less: Effect on deferred tax balances in relation to the aggregate net valuation gain on investment properties at 1 January resulting from a decrease in tax rate of the USA	–	–	(14,094)	(4.8)
	377,450	128.4	579,091	196.8
Add: Valuation gain on investment property net of related deferred tax attributable to non-controlling interests	582	0.2	2,413	0.8
Underlying profit attributable to shareholders of the Company	378,032	128.6	581,504	197.6

10. Defined contribution retirement plans

The Group operates a Mandatory Provident Fund Scheme (the "MPF scheme") and a number of MPF exempted defined contribution retirement plans ("MPF exempted schemes") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. Both the MPF scheme and the MPF exempted schemes are defined contribution retirement plans administered by independent trustees. The Group is required to make contributions to the MPF exempted schemes based on a percentage of the employees' basic monthly salaries which is dependent on their length of service within the Group. The Group's contributions to the MPF scheme vest immediately while the Group's contributions to the MPF exempted schemes vest according to the length of service within the Group. Forfeited contributions in the MPF exempted schemes are allocated to existing employees. The Group's total contributions for the year were $12,167,000 (2017: $12,482,000).

11. Investment properties and other property, plant and equipment

(a)

	Land and buildings $'000	Plant and equipment $'000	Sub-total $'000	Investment properties $'000	Total $'000

	1,123,542	14,610,324	141,769	15,875,635

(b) In preparing these financial statements, advantage has been taken of the provisions set out in paragraph 80A of HKAS 16, Property, plant and equipment, issued by the HKICPA, with the effect that the land and buildings which were revalued by the directors in 1981 have not been revalued to fair value at the end of the reporting period. The carrying amount of the relevant land and buildings of the Group as at 31 December 2018 is $77,567,000 (2017: $79,297,000).

The carrying amount of the land and buildings of the Group which were revalued in 1981 that would have been included in the financial statements had the assets been carried at cost less accumulated depreciation as at 31 December 2018 is $26,589,000 (2017: $27,262,000).

11. Investment properties and other property, plant and equipment (Continued)

(c) Fair value measurement of investment properties

(i) Fair value hierarchy

The Group's investment properties are measured at fair value at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

– Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.

– Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.

– Level 3 valuations: Fair value measured using significant unobservable inputs.

At 31 December 2018, all of the Group's investment properties fall into Level 3 of the fair value hierarchy as described above.

Investment properties of the Group were revalued as at 31 December 2018 by firms of independent surveyors, who have among their staff professionals with recent experience in the locations and the categories of the properties being valued.

The investment properties of the Group situated in Hong Kong were revalued by Cushman & Wakefield Limited, who have among their staff members of the Hong Kong Institute of Surveyors.

The investment properties of the Group situated outside Hong Kong were revalued either by m3property (Vic) Pty. Ltd, Certified Practising Valuers, who have among their staff members of Australian Property Institute, or Bolton, Baer & White LLC., General Real Estate Appraisers, who have among their staff members of the Houston Chapter of the Appraisal Institute.

The Group's chief accountant has discussions with the surveyors on the valuation assumptions and valuation results when the valuation is performed at each interim and annual reporting date.

(Expressed in Hong Kong dollars unless otherwise indicated)

11. Investment properties and other property, plant and equipment (Continued)

(c) Fair value measurement of investment properties (Continued)

(ii) Information about Level 3 fair value measurements

Investment properties	Valuation techniques	Unobservable input	Range
– Hong Kong	Income capitalisation approach	Capitalisation rate	2.8% to 3.9% (2017: 2.8% to 4.0%)
		Average unit market rent per month	$33.5 to $140/sq.ft. (2017: $32.5 to $130/sq.ft.)
– Australia	Discounted cash flow approach	Risk-adjusted discount rate	6.3% (2017: 6.3%)
		Expected market rental growth	4.0% to 6.3% (2017: 3.4% to 4.0%)
		Terminal yield rate	5.5% (2017: 5.3%)
	Income capitalisation approach	Capitalisation rate	5% (2017: 5%)
– USA	Market comparison approach	Premium (discount) on quality of the buildings	-15% to 40% (2017: -15% to 5%)

The fair value of certain investment properties located in Hong Kong and Australia are determined by using income capitalisation approach and with reference to sales evidence as available in the market. The income capitalisation approach is the sum of the term value and the reversionary value by discounting the contracted annual rent at the capitalisation rate over the existing lease period; and the sum of average unit market rent at the capitalisation rate after the existing lease period. The fair value measurement is positively correlated to the average unit market rent per month and negatively correlated to the capitalisation rate.

11. Investment properties and other property, plant and equipment (Continued)

(c) Fair value measurement of investment properties (Continued)

(ii) Information about Level 3 fair value measurements (Continued)

The fair value of certain investment properties located in Australia is determined by formulating a projection of net income over a specified time horizon and discounting this cash flow including the projected terminal value at the end of the projection period at an appropriate rate. The fair value measurement is positively correlated to the expected market rental growth and negatively correlated to the risk-adjusted discount rate and terminal yield rate.

The fair value of investment property located in USA is determined by using market comparison approach by reference to recent sales price of comparable properties on a price per square foot basis, adjusted for a premium or a discount specific to the quality of the Group's investment property compared to the recent sales. Higher premium for investment property will result in a higher fair value measurement.

Fair value adjustment of investment properties is recognised in the line item "valuation gains on investment properties" on the face of the consolidated statement of profit or loss.

The gains recognised in profit or loss for the year arise from the investment properties held at the end of the reporting period.

11. Investment properties and other property, plant and equipment (Continued)

(d) Investment properties leased out under operating leases

The Group leases out investment properties under operating leases. The leases typically run for an initial period of one year to twelve years, with an option to renew the lease after that date at which time all terms are renegotiated. None of the leases includes contingent rentals.

The carrying amount of investment properties of the Group held for use under operating leases was $15,828,721,000 (2017: $14,752,496,000).

The Group's total future minimum lease payments under non-cancellable operating leases are receivable as follows:

	2018	**2017**
	$'000	$'000
Within one year	408,659	353,186
After one year but within five years	688,358	725,785
After five years	199,565	270,864
	1,296,582	1,349,835

(e) Plant and equipment comprise plant, equipment, fixtures and fittings and motor vehicles.

(f) During the year, lease incentives totalling $22,827,000 (2017: $75,582,000) were given to tenants of an investment property in Australia. The lease incentives are being amortised over the lease terms.

12. Interest in an associate

	2018	2017
	$'000	$'000
Unlisted shares		
Share of net assets other than intangible assets	300,012	293,709
Share of intangible assets of an associate	7,173	7,569
Interest in an associate	307,185	301,278

(a) Details of the associate and its principal subsidiaries and joint venture are set out on page 147.

Associate is accounted for using the equity method in the consolidated financial statements.

12. Interest in an associate (Continued)

(b) Summary financial information of an associate

Summarised financial information of the associate, adjusted for any differences in accounting policies and reconciled to the carrying amount in the consolidated financial statements, is disclosed below:

	DCH Auto Group (USA) Limited	
	2018	**2017**
	$'000	$'000
Gross amounts of the associate's		
– Current assets	601,606	623,891
– Non-current assets	129,531	106,268
– Current liabilities	(116,767)	(127,603)
– Equity	(614,370)	(602,556)
Revenue	787,950	490,721
Profit from continuing operations	21,808	41,748
Other comprehensive income	(9,994)	13,172
Total comprehensive income	11,814	54,920
Reconciled to the Group's interest in an associate		
– Gross amounts of net assets of the associate	614,370	602,556
– Group's effective interest	50%	50%
– Group's share of net assets of the associate	307,185	301,278
Carrying amount in the consolidated financial statements	307,185	301,278

12. Interest in an associate (Continued)

(c) On 2 October 2014, the associate of the Group sold its entire issued and outstanding shares of a subsidiary ("the disposal group") to a third party. The disposal group was engaged in automobile dealerships and related business in the USA.

A portion of the consideration amounting to US$33,454,000 was paid into an escrow account during 2014. Such consideration would be transferred to the associate after 1 July 2016, after deducting any successful claims made under warranties provided in the sale and purchase agreement.

Up to 31 December 2018, the associate received payments from the escrow account leaving a balance of US$6,179,000 (2017: US$8,964,000) still held in the escrow account pending agreement of the claims made under warranties.

A provision of US$4,170,000 has been recognised in the associate's financial statements as at 31 December 2018. Up to 31 December 2018, the remaining unresolved claims have not been agreed with the buyer.

The Group is not in a position to assess the full potential liability of the claims made with certainty but based on discussions with legal counsel, believes that the Group's share of the provision held for the remaining unresolved claims of US$2,085,000 ($16,303,000) which is included in the above summary of financial information and accounted for in determining the Group's share of net assets is appropriate in light of the current circumstances.

13. Available-for-sale securities

	2018	2017
	$'000	$'000
Equity securities		
Unlisted, at cost	–	26,918

Note: Available-for-sale financial assets were reclassified to equity securities designated at FVOCI (non-recycling) upon the initial application of HKFRS 9 at 1 January 2018 (see note 1(c)(i)).

14. Other investments

	31 December 2018	1 January 2018	31 December 2017
	$'000	$'000	$'000
Equity securities designated at FVOCI (non-recycling)			
– Unlisted, at fair value	143,157	146,985	–

The Group designated certain equity investments at FVOCI (non-recycling), as they are held for long-term strategic purposes. Dividends of $3,574,000 (2017: $5,132,000) were recognised on these investments during the year.

The Group's investments substantially represent an investment in an unlisted company, which engages in various industries. The investment is held for long-term strategic purposes. Dividends of the investment of $3,154,000 (2017: $4,712,000) were recognised during the year.

15. Trading securities

	2018	2017
	$'000	$'000
Debt securities, at FVPL		
Listed		
– in Hong Kong	2,333	–
– outside Hong Kong	37,252	5,171
	39,585	5,171
Equity securities, at FVPL		
Listed		
– in Hong Kong	269,369	223,383
– outside Hong Kong	188,205	175,535
	457,574	398,918
Investment funds, at FVPL		
– Unlisted but quoted	207,587	173,346
	704,746	577,435

16. Inventories

(a) Inventories in the consolidated statement of financial position comprise:

	2018	**2017**
	$'000	$'000
Merchandise held for sale	115,949	92,206
Merchandise held for sale in transit	566	1,118
	116,515	93,324

(b) The analysis of the amount of inventories recognised as an expense and included in the consolidated statement of profit or loss is as follows:

	2018	**2017**
		(Restated)
	$'000	$'000
Carrying amount of inventories sold	468,484	500,956
Write-down of inventories	889	519
	469,373	501,475

17. Debtors, deposits and prepayments

	2018	**2017**
	$'000	$'000
Trade and other debtors, net of loss allowance (note 17(b))	32,154	40,147
Deposits and prepayments	37,405	35,127
	69,559	75,274

All debtors, deposits and prepayments of the Group, apart from certain rental deposits and prepayments totalling $19,281,000 (2017: $23,504,000), are expected to be recovered or recognised as an expense within one year.

17. Debtors, deposits and prepayments (Continued)

(a) Ageing analysis

At the end of the reporting period, the ageing analysis of trade and other debtors (net of loss allowance), based on the due date, is as follows:

	2018	**2017**
	$'000	$'000
Current or less than one month past due	31,920	39,770
One to three months past due	151	304
More than three months but less than twelve months past due	75	61
More than twelve months past due	8	12
	32,154	40,147

The above trade and other debtors are neither individually nor collectively considered to be impaired. The ECL rate for trade and other debtors is approximately close to zero as these debtors have no recent history of default and the balances are considered to be fully recoverable.

According to the Group's credit policy set out in note 25(b)(i) to the financial statements, credit period granted to customers is generally 30 days from the date of billing. The Group does not hold any collateral over these balances.

Receivables that were neither past due nor impaired related to a wide range of customers for whom there was no recent history of default.

Receivables that were past due but not impaired related to a number of independent customers that had a good track record with the Group. Based on past experience, management believes that no loss allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

17. Debtors, deposits and prepayments (Continued)

(b) Impairment of trade and other debtors

The Group measures loss allowances for trade and other debtors at an amount equal to lifetime ECLs, which is calculated using a provision matrix. As the Group's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Group's different customer bases.

The movement in the loss allowance account during the year is as follows:

	2018	**2017**
	$'000	$'000
At 1 January	29	40
Impairment losses written back (note 5(d))	(18)	(11)
At 31 December	11	29

Prior to 1 January 2018, an impairment loss was recognised only when there was objective evidence of impairment under HKAS 39 (see note 1(k)(i) – policy applicable prior to 1 January 2018). At 31 December 2017, trade and other debtors of $29,000 was determined to be impaired.

18. Amounts due from/(to) fellow subsidiaries

The amounts due from/(to) fellow subsidiaries are unsecured, interest free and repayable on demand.

19. Cash and cash equivalents and other cash flow information

(a) Cash and cash equivalents comprise:

	2018	**2017**
	$'000	$'000
Cash at bank and in hand	520,562	181,895
Bank deposits	2,306,938	2,759,578
	2,827,500	2,941,473

19. Cash and cash equivalents and other cash flow information (Continued)

(b) Reconciliation of liabilities arising from financing activities

The table below details changes in the Group's liabilities from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are liabilities for which cash flows were, or future cash flows will be, classified in the Group's consolidated statement of cash flows as cash flows from financing activities.

	Secured bank loan	
	2018	**2017**
	$'000	$'000
At 1 January	193,226	212,742
Changes from financing cash flows:		
Repayment of bank loan	(37,296)	(38,257)
Interest paid on bank loan	(5,105)	(6,143)
Total changes from financing cash flows	(42,401)	(44,400)
Exchange adjustments	(16,235)	18,387
Other changes:		
Interest expenses on bank loan (note 5(a))	5,093	6,138
Other borrowing costs amortised	–	359
Total other changes	5,093	6,497
At 31 December (note 22)	139,683	193,226

20. Creditors and accrued charges

	2018	2017
		(Restated)
	$'000	$'000
Trade and other creditors	375,689	441,329
Accrued charges	33,499	39,937
	409,188	481,266

Note: As a result of the adoption of HKFRS 15, advances received from gift certificates are included in contract liabilities in note 21.

All creditors and accrued charges of the Group, apart from certain rental deposits received and accrued charges totalling $59,240,000 (2017: $43,518,000), are expected to be settled or recognised as income within one year or are repayable on demand.

At the end of the reporting period, the ageing analysis of trade and other creditors, based on the due date, is as follows:

	2018	2017
		(Restated)
	$'000	$'000
Amounts not yet due	297,231	328,229
On demand or less than one month overdue	69,516	107,695
One to three months overdue	7,088	3,496
Three to twelve months overdue	142	431
More than twelve months overdue	1,712	1,478
	375,689	441,329

Credit period granted to the Group is generally between 30 days and 90 days from the date of billing.

21. Contract liabilities

	2018	2017
	$'000	$'000
Advances received from gift certificates	15,674	16,483
Reward points under customer loyalty programme	2,463	–
	18,137	16,483

Typical payment terms which impact on the amount of contract liabilities are as follows:

– Gift certificates

When the Group receives consideration for gift certificates from customers, this will give rise to contract liabilities at the time of purchase, until revenue is recognised when the gift certificates are redeemed for future sale or when they expire.

– Reward points under customer loyalty programme

The Group operates a customer loyalty programme in 2018 where customers accumulate reward points for purchases made which entitle them to discount on future purchases. A contract liability for the reward points is recognised at the time of the sale. Revenue is recognised when the rewards points are redeemed or when they expire.

Movements in contract liabilities

	2018	2017
	$'000	$'000
Balance at 1 January	16,483	16,796
Decrease in contract liabilities as a result of recognising revenue during the year that was included in the contract liabilities at the beginning of the period	(4,891)	(5,168)
Increase in contract liabilities as a result of issuance of gift certificates	4,082	4,855
Increase in contract liabilities as a result of issuance of reward points under customer loyalty programme	2,463	–
Balance at 31 December	18,137	16,483

The amount of advances received from gift certificates and reward points under customer loyalty programme expected to be recognised as income after more than one year is $12,237,000 (2017: $11,505,000).

22. Secured bank loan

At 31 December 2018, the secured bank loan of the Group was repayable as follows:

	2018	2017
	$'000	$'000
Within one year or on demand	35,196	38,888
After one year but within two years	104,487	38,888
After two years but within five years	–	115,450
	104,487	154,338
	139,683	193,226

The bank loan is denominated in Australian Dollars ("AUD") and bears interest at market rates plus 1.15% (2017: 1.15%) per annum. The Group is required to repay the loan principal on a quarterly basis at AUD1,600,000 until maturity on 14 November 2020.

At 31 December 2018, banking facilities of the Group amounting to $139,683,000 (2017: $193,226,000) were secured by mortgages over the investment properties with an aggregate value of $3,265,484,000 (2017: $3,375,385,000). The facilities were utilised to the extent of $139,683,000 (2017: $193,226,000).

Under the banking facilities arrangement, a subsidiary of the Group undertakes to provide further mortgages over other properties or repay part of the secured loan should 50% of the value of the pledged investment properties fall to less than the outstanding loan balance.

23. Income tax in the statement of financial position

(a) Current tax in the consolidated statement of financial position represents:

	2018 $'000	2017 $'000
Provision for Hong Kong Profits Tax for the year	63,312	66,135
Provisional Profits Tax paid	(49,473)	(53,072)
	13,839	13,063
Balance of Profits Tax provision relating to prior years	263	263
	14,102	13,326
Overseas tax payable	10,392	1,169
	24,494	14,495
Represented by:		
Current tax recoverable	–	(4,014)
Current tax payable	24,494	18,509
	24,494	14,495

23. Income tax in the statement of financial position (Continued)

(b) Deferred tax assets and liabilities recognised

The components of deferred tax assets and liabilities recognised in the consolidated statement of financial position and the movements during the year are as follows:

	Depreciation allowances in excess of the related depreciation	Revaluation of investment properties	Others (note)	Future benefit of tax losses	Total
	$'000	$'000	$'000	$'000	$'000
Deferred tax arising from:					
At 1 January 2018	240,987	472,076	27,077	(2,202)	737,938
Charged to the consolidated statement of profit or loss (note 6(a))	5,814	67,231	3,816	787	77,648
Credited to the exchange reserve	(17,410)	(46,391)	(2,844)	–	(66,645)
At 31 December 2018	229,391	492,916	28,049	(1,415)	748,941
At 1 January 2017	227,581	313,198	19,399	(804)	559,374
Charged/(credited) to the consolidated statement of profit or loss (note 6(a))	(1,362)	131,343	5,817	(1,398)	134,400
Charged to the exchange reserve	14,768	27,535	1,861	–	44,164
At 31 December 2017	240,987	472,076	27,077	(2,202)	737,938

Note: Others mainly relate to temporary differences arising from lease incentives.

(c) Reconciliation to the consolidated statement of financial position

	2018	2017
	$'000	$'000
Deferred tax assets recognised in the consolidated statement of financial position	(11,609)	(17,987)
Deferred tax liabilities recognised in the consolidated statement of financial position	760,550	755,925
	748,941	737,938

23. Income tax in the statement of financial position (Continued)

(d) Deferred tax assets not recognised

Deferred tax assets have not been recognised in respect of the following items:

	2018	**2017**
	$'000	$'000
Future benefit of accumulated tax losses	14,294	15,947

The Group has not recognised deferred tax assets in respect of the future benefit of accumulated tax losses of certain subsidiaries as management of the Group considers that it is not possible as at 31 December 2018 to estimate, with any degree of certainty, the future taxable profits which may be earned by these subsidiaries and against which the accumulated tax losses may be offset in the foreseeable future. The tax losses do not expire under current tax legislation.

(e) Deferred tax liabilities not recognised

At 31 December 2018, temporary differences relating to the undistributed profits of subsidiaries amounted to $2,154,345,000 (2017: $2,205,822,000). Deferred tax liabilities of $646,304,000 (2017: $661,747,000) have not been recognised in respect of the tax that would be payable on the distribution of these retained earnings as the Company controls the dividend policy of these subsidiaries and it has been determined that it is probable that profits will not be distributed in the foreseeable future.

24. Capital, reserves and dividends

(a) Group

The reconciliation between the opening and closing balances of each component of the Group's consolidated equity is set out in the consolidated statement of changes in equity on pages 51 and 52.

Retained earnings attributable to the shareholders of the Company as at 31 December 2018 include the aggregate net valuation gain relating to investment properties after deferred tax of $13,067,139,000 (2017: $11,747,490,000).

24. Capital, reserves and dividends (Continued)

(b) Company

Details of the changes in the Company's individual components of equity between the beginning and the end of the reporting period are set out below:

	Share capital $'000 (note (d))	Contributed surplus $'000 (note (e)(iv))	Retained earnings $'000	Total $'000
Balance at 1 January 2018	29,389	2,997,350	1,285,770	4,312,509
Total comprehensive income for the year	–	–	304,639	304,639
Purchase of own shares (note (d))				
– par value paid	(29)	–	–	(29)
– premium and transaction costs paid	–	–	(7,341)	(7,341)
Dividends approved and paid in respect of the previous year (note (c)(ii))	–	–	(199,842)	(199,842)
Dividends declared and paid in respect of the current year (note (c)(i))	–	–	(82,278)	(82,278)
Balance at 31 December 2018	29,360	2,997,350	1,300,948	4,327,658
Balance at 1 January 2017	29,461	2,997,350	1,466,204	4,493,015
Total comprehensive income for the year	–	–	438,249	438,249
Purchase of own shares (note (d))				
– par value paid	(72)	–	–	(72)
– premium and transaction costs paid	–	–	(18,699)	(18,699)
Dividends approved and paid in respect of the previous year (note (c)(ii))	–	–	(164,720)	(164,720)
Dividends declared and paid in respect of the current year (note (c)(i))	–	–	(435,264)	(435,264)
Balance at 31 December 2017	29,389	2,997,350	1,285,770	4,312,509

24. Capital, reserves and dividends (Continued)

(c) Dividends

(i) Dividends payable to shareholders of the Company attributable to the year:

	2018	2017
	$'000	$'000
Interim dividend:		
– declared during the year	82,288	111,774
– attributable to shares purchased in September 2018/June 2017 (note (d))	(10)	(17)
Interim dividend paid of 28 cents (2017: 38 cents) per share	82,278	111,757
Special dividend:		
– declared during the year	–	323,557
– attributable to shares purchased in June 2017	–	(50)
Special dividend paid of Nil (2017: 110 cents) per share	–	323,507
	82,278	435,264
Final dividend proposed after the end of the reporting period of 42 cents (2017: 68 cents) per share	123,313	199,842
	205,591	635,106

The final dividend proposed after the end of the reporting period has not been recognised as a liability at the end of the reporting period.

24. Capital, reserves and dividends (Continued)

(c) Dividends (Continued)

(ii) Dividends payable to shareholders of the Company attributable to the previous financial year, approved and paid during the year:

	2018 $'000	2017 $'000
Final dividend in respect of the financial year ended 31 December 2017/ 31 December 2016		
– approved during the year	199,842	164,979
– attributable to shares purchased in January, April and May 2017	–	(259)
Final dividend paid during the year of 68 cents (during 2017: 56 cents) per share	199,842	164,720

(d) Share capital

	2018 Number of shares '000	2018 $'000	2017 Number of shares '000	2017 $'000
Authorised:				
Shares of $0.1 each	400,000	40,000	400,000	40,000
Issued and fully paid:				
At 1 January	293,885	29,389	294,606	29,461
Shares purchased (note)	(282)	(29)	(721)	(72)
At 31 December	293,603	29,360	293,885	29,389

24. Capital, reserves and dividends (Continued)

(d) Share capital (Continued)

Note:

During the year ended 31 December 2018, the Company purchased its own shares on the Stock Exchange as follows:

Month/year	Number of shares purchased	Aggregate price paid	Highest price paid per share	Lowest price paid per share
		$'000	$	$
September 2018	36,000	969	26.90	26.90
October 2018	18,000	477	26.70	25.60
November 2018	77,000	1,986	26.00	25.65
December 2018	151,000	3,913	26.00	25.75
	282,000	7,345		

Pursuant to section 42A of the Bermuda Companies Act 1981, the above purchased shares were cancelled upon purchase and the issued share capital of the Company was reduced by the nominal value of these shares accordingly. The premium and transaction costs paid on the purchase of the shares of $7,316,000 (2017: $18,636,000) and $25,000 (2017: $63,000) respectively were charged against retained earnings.

The holders of shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

(e) Nature and purpose of reserves

(i) Land and building revaluation reserve

The revaluation reserve has been set up and is dealt with in accordance with the accounting policy adopted for land and buildings set out in note 1(i).

(ii) Investment revaluation reserve

The investment revaluation reserve comprises the cumulative net change in the fair value of equity investments designated at FVOCI (non-recycling) under HKFRS 9 that are held at the end of the reporting period (see note 1(f)). Prior to 1 January 2018, this reserve included the cumulative net change in the fair value of available-for-sale securities held at the end of the reporting period less any impairment losses recognised in the consolidated statement of profit or loss and is dealt with in accordance with HKAS 39.

24. Capital, reserves and dividends (Continued)

(e) Nature and purpose of reserves (Continued)

(iii) Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policy set out in note 1(v).

(iv) Contributed surplus

Pursuant to the Scheme of Arrangement in 1991, the former holding company of the Group became a subsidiary of the Company. The excess value of the consolidated net assets of the subsidiaries acquired over the nominal value of the new shares of the Company issued under the Scheme of Arrangement was credited to the contributed surplus of the Company. The Group's contributed surplus represents the excess of the aggregate of the nominal value of the share capital and share premium of the former holding company over the nominal value of the new shares of the Company issued under the Scheme of Arrangement.

In addition to the retained earnings, under the Companies Act of Bermuda, the Company's contributed surplus is available for distribution to shareholders. However, the directors have no current intention to distribute this surplus.

(v) General reserve fund

According to applicable rules and regulations in the PRC, the Group's operating associates are required to transfer 10% of the profit after taxation, as determined in accordance with the generally accepted accounting principles in the PRC, to a general reserve fund until the balance of fund is at least half of the paid-in capital of the relevant associate company. The transfer to this reserve must be made before distribution of dividends to shareholders can be made.

24. Capital, reserves and dividends (Continued)

(f) Distributability of reserves of the Company

At 31 December 2018, the aggregate amount of reserves available for distribution to shareholders of the Company was $4,298,298,000 (2017: $4,283,120,000). After the end of the reporting period the directors proposed a final dividend of 42 cents (2017: 68 cents) per share, amounting to $123,313,000 (2017: $199,842,000) (note (c)). This dividend has not been recognised as a liability at the end of the reporting period.

(g) The Group's share of the post-acquisition accumulated reserves of an associate

The Group's share of the post-acquisition accumulated reserves of an associate is as follows:

	2018 $'000	2017 $'000
Retained earnings	137,028	126,614
Exchange reserve	(7,233)	(2,236)
General reserve fund	1,541	1,051
	131,336	125,429

(h) Capital management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders, by pricing products and services commensurately with the level of risk and by securing access to finance at a reasonable cost.

At 31 December 2018, the Group had secured a bank loan of $139,683,000 (2017: $193,226,000) which is repayable as disclosed in note 22. The gearing ratio, representing the ratio of bank borrowings to the total share capital and reserves attributable to shareholders of the Company was 0.7% (2017: 1.1%) as at 31 December 2018. The Group had bank deposits and cash balances as at 31 December 2018 amounting to $2,902,319,000 (2017: $3,067,946,000).

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

25. Financial risk management and fair values

	(552,385)	(677,584)

(b) Financial risk management

Exposure to credit, liquidity, interest rate and foreign currency risks arises in the normal course of the Group's business. The Group is also exposed to price risk arising from its investments in other entities. The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(i) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group.

The Group's credit risk is primarily attributable to cash at bank, bank deposits, trade and other debtors and investments. Management has a credit policy in place and the exposures to these credit risks are monitored on an on-going basis.

Cash at bank and bank deposits are placed with licensed financial institutions. Bankruptcy or insolvency of its financial institutions may cause the Group's rights with respect to these assets to be delayed or limited. The Group monitors the credit rating of its financial institutions on an on-going basis. If the credit rating of one of its financial institutions was to deteriorate significantly, the Group will move the cash holdings to another financial institution with a credit rating, for which the Group considers to have low credit risk.

For trade and other debtors, credit checks are part of the normal operating process and stringent monitoring procedures are in place to deal with overdue debts. In addition, the Group reviews the recoverable amounts of trade and other debtors at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. Further quantitative disclosure in respect of the Group's exposure to credit risk arising from trade and other debtors is set out in note 17.

Investments are normally only in liquid securities and derivative financial instruments quoted on a recognised stock exchange and investment funds (except where entered into for long-term strategic purposes) and with counterparties that have a sound credit standing. Given their high credit standing, management does not expect any investment counterparty to fail to meet its obligations.

The Group has no significant concentrations of credit risk with exposure spread over a number of counterparties and customers except certain bank deposits placed with a licensed financial institution. At the end of the reporting period, 27.9% (2017: 40.4%) of bank deposits and cash are placed in the same financial institution. The Group monitors the credit rating on an ongoing basis. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the consolidated statement of financial position after deducting any impairment allowance.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(ii) Liquidity risk

Individual operating entities within the Group are responsible for their own cash management, including the short term investment of cash surpluses and the raising of loans to cover expected cash demands, subject to approval by the Company's board of directors when the borrowings exceed certain pre-determined levels of authority. The Group's policy is to regularly monitor its liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and readily realisable marketable securities and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

The following tables show the remaining contractual maturities at the end of the reporting period of the Group's financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group can be required to pay:

	Contractual undiscounted cash flow					
	Within one year or on demand	More than one year but less than two years	More than two years but less than five years	More than five years	Total	Carrying amount at 31 December
	$'000	$'000	$'000	$'000	$'000	$'000
2018						
Creditors and accrued charges	349,948	27,349	31,549	342	409,188	409,188
Amounts due to fellow subsidiaries	3,514	–	–	–	3,514	3,514
Secured bank loan	39,589	106,930	–	–	146,519	139,683
	393,051	134,279	31,549	342	559,221	552,385
2017

Amounts due to fellow subsidiaries	3,092	–	–	–	3,092	3,092
Secured bank loan	44,665	42,809	118,510	–	205,984	193,226
	485,505	56,778	141,953	6,106	690,342	677,584

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(iii) Interest rate risk

The Group's interest rate risk arises primarily from bank deposits and floating rate long-term borrowings.

For the floating rate borrowings, when appropriate and at times of interest rate uncertainty or volatility, hedging instruments including swaps may be used to assist in the Group's management of interest rate exposure. The effective interest rate of the Group's secured bank loan as at 31 December 2018 is 3.1% (2017: 2.9%).

At 31 December 2018, it is estimated that a general increase/decrease of 50 basis points in interest rates, with all other variables held constant, would have increased/decreased the Group's profit after taxation and retained earnings by approximately $13,548,000 (2017: $14,203,000). Other components of the consolidated equity would not be affected (2017: $Nil) by the change in interest rates.

The sensitivity analysis above indicates the annualised impact on the Group's profit after taxation and retained earnings that would arise assuming that the change in interest rates had occurred at the end of the reporting period and had been applied to floating rate instruments which expose the Group to cash flow interest rate risk at that date. The analysis has been performed on the same basis for 2017.

(iv) Foreign currency risk

The Group is exposed to foreign currency risk primarily through its investments and bank deposits that are denominated in a currency other than the functional currency of the operations to which they relate. The currencies giving rise to this risk are primarily United States dollars, Australian dollars, Japanese Yen, Pound Sterling, Euro and Renminbi. The Group ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short term imbalances.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(iv) Foreign currency risk (Continued)

The following tables detail the Group's exposure at the end of the reporting period to foreign currency risk arising from recognised assets or liabilities denominated in a currency other than the functional currency of the operations to which they relate. For presentation purposes, the amounts of the exposure are shown in Hong Kong dollars, translated using the spot rate at the end of the reporting period. Differences resulting from the translation of the financial statements of foreign operations into the Group's presentation currency are excluded.

	Exposure to foreign currency (expressed in Hong Kong dollars)					
	United States dollars $'000	Australian dollars $'000	Japanese Yen $'000	Pound Sterling $'000	Euro $'000	Renminbi $'000
2018

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(iv) Foreign currency risk (Continued)

The following tables indicate the change in the Group's profit after taxation and retained earnings that would arise if foreign exchange rates to which the Group has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any changes in movement in value of the United States dollar against other currencies.

	2018		2017

Renminbi	10.0	668	10.0	691
	(10.0)	(668)	(10.0)	(691)

Results of the analysis as presented in the above table represent an aggregation of the effects on the profit after taxation and retained earnings of each entity of the Group measured in the respective functional currencies, translated into Hong Kong dollars at the exchange rate ruling at the end of the reporting period for presentation purposes.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(iv) Foreign currency risk (Continued)

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments held by the Group which expose the Group to foreign currency risk at the end of the reporting period, including inter-company payables and receivables within the Group which are denominated in a currency other than the functional currencies of the lender or the borrower. The analysis excludes differences that would result from the translation of the financial statements of foreign operations into the Group's presentation currency. The analysis has been performed on the same basis for 2017.

(v) Price risk

The Group is exposed to price changes arising from trading securities (see note 15) and other investments held for non-trading purposes (see note 14). All of these investments are listed or measured at fair value at the end of each reporting period with reference to the quoted price or the adjusted net assets value. Management monitors this exposure and takes appropriate action when it is required.

Decisions to buy or sell trading securities and derivative financial instruments are based on daily monitoring of the performance of individual securities compared to industry indicators, as well as the Group's liquidity needs.

All of the Group's unquoted investments are held for long-term strategic purposes. Their performance is assessed at least bi-annually against performance of similar listed entities, based on the limited information available to the Group, together with an assessment of their relevance to the Group's long-term strategic plans.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(v) Price risk (Continued)

At 31 December 2018, it is estimated that an increase/decrease of 10% (2017: 10%) in the relevant price risk variable, with all other variables held constant, would have increased/decreased the Group's profit after taxation and retained earnings and other components of the consolidated equity as follows:

	2018		2017	
	Increase/(decrease) in profit after taxation and retained earnings	Increase/(decrease) in other components of the consolidated equity	Increase/(decrease) in profit after taxation and retained earnings	Increase/(decrease) in other components of the consolidated equity
	$'000	$'000	$'000	$'000
Increase/(decrease) in price variable				
– 10%	65,860	14,316	54,058	–
– (10)%	(65,860)	(14,316)	(54,058)	–

The sensitivity analysis indicates the change in the Group's profit after taxation and retained earnings and other components of the consolidated equity that would arise assuming that the changes in the relevant risk variables had occurred at the end of the reporting period and had been applied to re-measure those financial instruments held by the Group which expose the Group to price risk at the end of the reporting period. It is also assumed that the fair values of the Group's investments would change in accordance with the historical correlation with the relevant risk variables, and that all other variables remain constant. The analysis has been performed on the same basis for 2017.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(vi) Fair values

Fair value hierarchy

The following tables present the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

– Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.

– Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.

– Level 3 valuations: Fair value measured using significant unobservable inputs.

	Fair value at 31 December 2018	Fair value measurements as at 31 December 2018 categorised into			Fair value at 31 December 2017	Fair value measurements as at 31 December 2017 categorised into		
		Level 1	Level 2	Level 3		Level 1	Level 2	Level 3
	$'000	$'000	$'000	$'000	$'000	$'000	$'000	$'000
Recurring fair value measurements								
Assets								
Other investments	143,157	–	–	143,157	–	–	–	–
Trading securities	704,746	497,159	207,587	–	577,435	404,089	173,346	–

During the years ended 31 December 2018 and 2017, there were no transfers between financial instruments in different levels. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(vi) Fair values (Continued)

Valuation techniques and inputs used in Level 2 fair value measurements

The trading securities in Level 2 represent investment funds. The fair value of these investment funds is determined by reference to quoted price in an active market of the listed securities comprising the fund portfolio being valued, adjusted for factors unique to the funds being valued.

Information about Level 3 fair value measurements

	Valuation techniques	Significant unobservable inputs	Range
Other investments	Adjusted net assets	Discount for lack of marketability	40%
		Minority discount	15%
		Control premium	10%

The fair value of other investments is determined using the net assets value adjusted for lack of marketability discount and minority discount and the quoted price in an active market of a listed equity instrument adjusted for control premium. The fair value is negatively correlated to the discount for lack of marketability and minority discount and positively correlated to the control premium.

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(vi) Fair values (Continued)

Information about Level 3 fair value measurements (Continued)

At 31 December 2018, it is estimated that an increase/decrease of 3% in each of the unobservable inputs, with all other variables held constant, would have increased/decreased the Group's other comprehensive income as follows:

	Increase/ (decrease) in unobservable inputs	Effect on other comprehensive income
	%	$'000
Discount for lack of marketability	3	(6,359)
	(3)	6,397
Minority discount	3	(4,497)
	(3)	4,494
Control premium	3	1,140
	(3)	(1,102)

The movement during the year in the balance of Level 3 fair value measurements is as follows:

	2018
	$'000
Other investments:	
Balance at 1 January	–
Impact on initial application of HKFRS 9	146,985
Adjusted balance at 1 January	146,985
Debited to other comprehensive income during the year	(3,828)
Balance at 31 December	143,157

25. Financial risk management and fair values (Continued)

(b) Financial risk management (Continued)

(vi) Fair values (Continued)

Information about Level 3 fair value measurements (Continued)

From 1 January 2018, any gains or losses arising from the remeasurement of the Group's unlisted equity securities held for long-term strategic purposes are recognised in the investment revaluation reserve in other comprehensive income. Upon disposal of the equity securities, the amount accumulated in other comprehensive income is transferred directly to retained earnings.

Fair value of financial assets and liabilities carried at other than fair value

The carrying amounts of the Group's financial instruments carried at cost or amortised cost are not materially different from their fair values as at 31 December 2018 and 2017 except for the unlisted equity securities of $Nil (2017: $26,918,000), which do not have a quoted price in an active market and therefore their fair values cannot be reliably measured (see note 13).

26. Commitments

(a) Capital commitments

Capital commitments outstanding as at 31 December 2018 not provided for in the financial statements were as follows:

	2018	**2017**
	$'000	$'000
Authorised and contracted for	27,101	20,541
Authorised and not contracted for	318	3,211
	27,419	23,752

(b) Commitments under operating leases

At 31 December 2018, the total future minimum lease payments under non-cancellable operating leases are payable as follows:

	2018	**2017**
	$'000	$'000
Within one year	25,561	25,440
After one year but within five years	25,075	50,010
	50,636	75,450

The Group is the lessee in respect of a number of properties held under operating leases. The leases typically run for an initial period of one to three years, with an option to renew the leases upon expiry when all terms may be renegotiated. Certain leases involve lease payments comprising a base amount plus an incremental contingent rental, which are determined based on a percentage of sales undertaken in the premises under the operating leases. The amount of contingent rentals incurred in 2018 is stated in note 5(d).

27. Material related party transactions

(a) Key management personnel remuneration

Remuneration for key management personnel of the Group, including amounts paid to the Company's directors as disclosed in note 7 and certain of the highest paid employees as disclosed in note 8, is as follows:

	2018	2017
	$'000	$'000
Directors' fees	684	654
Salaries and other short-term employee benefits	40,414	35,504
Contributions to defined contribution retirement plans	1,007	1,140
	42,105	37,298

(b) Recurring transactions

Fellow subsidiaries represent subsidiaries of Wing On International Holdings Limited ("WOIH"), the Company's immediate holding company. Material related party transactions are as follows:

(i) A fellow subsidiary rents retail premises to a subsidiary of the Group. Rental and management fees payable to this fellow subsidiary amounted to $28,966,000 (2017: $30,678,000) during the year. The amount due from the fellow subsidiary as at 31 December 2018 amounted to $2,412,000 (2017: $2,554,000).

(ii) A subsidiary of the Group rents office premises to a fellow subsidiary. Rental and management fees receivable from this fellow subsidiary amounted to $5,662,000 (2017: $5,536,000) during the year. The amount due to the fellow subsidiary as at 31 December 2018 amounted to $1,366,000 (2017: $1,366,000).

(iii) A fellow subsidiary, engaged in securities trading, deals in securities for certain subsidiaries of the Group. Commission of $367,000 (2017: $288,000) was payable to this fellow subsidiary during the year. The amount due from the fellow subsidiary as at 31 December 2018 amounted to $797,000 (2017: $4,140,000).

27. Material related party transactions (Continued)

(b) Recurring transactions (Continued)

(iv) A subsidiary of the Group provides building and tenancy management services to a fellow subsidiary. Building and tenancy management fees receivable from this fellow subsidiary amounted to $912,000 (2017: $912,000) during the year. The amount due to the fellow subsidiary as at 31 December 2018 amounted to $2,148,000 (2017: $1,726,000).

(v) A fellow subsidiary rents retail premises to a subsidiary of the Group. Rental and management fees payable to this fellow subsidiary amounted to $Nil (2017: $82,000) during the year.

The directors of the Group are of the opinion that the above transactions were carried out at pre-determined amounts in accordance with terms mutually agreed by the Group and the respective companies.

(c) Applicability of the Listing Rules relating to connected transactions

The related party transactions in respect of (i) and (ii) above constitute connected transactions or continuing connected transactions as defined in Chapter 14A of the Listing Rules. The disclosures required by Chapter 14A of the Listing Rules are provided in the section “continuing connected transactions” of the Annual Report.

The related party transactions in respect of (iii), (iv) and (v) above constitute connected transactions or continuing connected transactions as defined in Chapter 14A of the Listing Rules, however they are exempt from the disclosure requirements in Chapter 14A of the Listing Rules.

28. Company-level statement of financial position

TOTAL EQUITY		4,327,658	4,312,509

Approved and authorised for issue by the board of directors on 28 March 2019.

Karl C. Kwok Director	**Lester Kwok** Director

Note (a): The investments in subsidiaries represent the unlisted shares stated at cost. Details of the principal subsidiaries are set out on pages 145 and 146. The Group does not have any subsidiary which has a material non-controlling interest.

(Expressed in Hong Kong dollars unless otherwise indicated)

29. Immediate and ultimate controlling parties

At 31 December 2018, the directors consider the Company's immediate parent to be WOIH, which is incorporated in Bermuda, and the ultimate controlling party to be Kee Wai Investment Company (BVI) Limited ("KW(BVI)"), which is incorporated in the British Virgin Islands. Messrs. Karl C. Kwok, Lester Kwok, Bill Kwok and Mark Kwok, directors of the Company, together control 100% of the voting rights in KW(BVI). KW(BVI) does not produce financial statements available for public use while WOIH produces financial statements available for public use.

30. Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 December 2018

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments, new standards and interpretations which are not yet effective for the year ended 31 December 2018 and which have not been adopted in these financial statements. These include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
HKFRS 16, Leases	1 January 2019
HK(IFRIC) 23, Uncertainty over income tax treatments	1 January 2019
Annual Improvements to HKFRSs 2015-2017 Cycle	1 January 2019
Amendments to HKAS 28, Long-term interest in associates and joint ventures	1 January 2019

The Group is in the process of making an assessment of what the impact of these amendments, new standards and interpretations is expected to be in the period of initial application. So far the Group has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements except HKFRS 16. Further details of the expected impacts are discussed below.

30. Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 December 2018 (Continued)

HKFRS 16, Leases

HKFRS 16 will primarily affect the Group's accounting as a lessee of leases for properties, plant and equipment which are currently classified as operating leases. The application of the new accounting model is to account for all leases in a similar way to current finance lease accounting. Therefore it is expected to lead to an increase in both assets and liabilities and to impact on the timing of the expense recognition in the statement of profit or loss over the period of the lease.

The Group plans to elect to use the modified retrospective approach for the adoption of HKFRS 16 and will recognise the cumulative effect of initial application as an adjustment to the opening balance of equity at 1 January 2019. As disclosed in note 26(b), at 31 December 2018 the Group's future minimum lease payments under non-cancellable operating leases amount to $50,636,000 for properties, half of which is payable after one year but within five years after the reporting date. Upon the initial adoption of HKFRS 16, the opening balances of lease liabilities and the corresponding right-of-use assets will be adjusted, after taking account the effects of discounting, as at 1 January 2019. The Group will need to perform a more detailed analysis to determine the amounts of new assets and liabilities arising from operating lease commitments on adoption of HKFRS 16, after taking into account the applicability of the practical expedient and adjusting for any leases entered into or terminated between now and the adoption of HKFRS 16 and the effects of discounting.

HKFRS 16 is not expected to impact significantly on the way that lessors account for their rights and obligations under a lease.

PRINCIPAL SUBSIDIARIES AND ASSOCIATE

At 31 December 2018

The directors are of the opinion that a complete list of the particulars of all subsidiaries and associates would be of excessive length and, therefore, the following list contains only the particulars of subsidiaries and associates which principally affect the results, assets or liabilities of the Group.

The complete list of all the subsidiaries and associates will be annexed to the Company's next annual return pursuant to the Hong Kong Companies Ordinance.

Principal subsidiaries

			Proportion of ownership interest
