# Financial Highlights

For the year ended 31st March (In HK\$ million, except otherwise indicated)	2019	2018	Change
<b>Consolidated profit and loss account</b>			
Revenue	2,420	1,925	+26%
Operating profit	1,969	1,717	+15%
Profit attributable to shareholders of the Company	810	814	-0.5%
Earnings per share - basic (HK\$)	0.96	0.97	-1%
<b>Consolidated balance sheet</b>			
Total assets	43,673	38,424	+14%
Net assets	24,830	23,768	+4%
Equity attributable to shareholders of the Company	13,097	12,531	+5%
Net debt	16,390	12,263	+34%

### Supplementary information with hotel properties in operation at valuation (note):

Revalued total assets	49,694	43,367	+15%
Revalued net assets	31,401	29,273	+7%
Equity attributable to shareholders of the Company	16,110	15,055	+7%
Gearing - net debt to revalued net assets	52%	42%	+10%

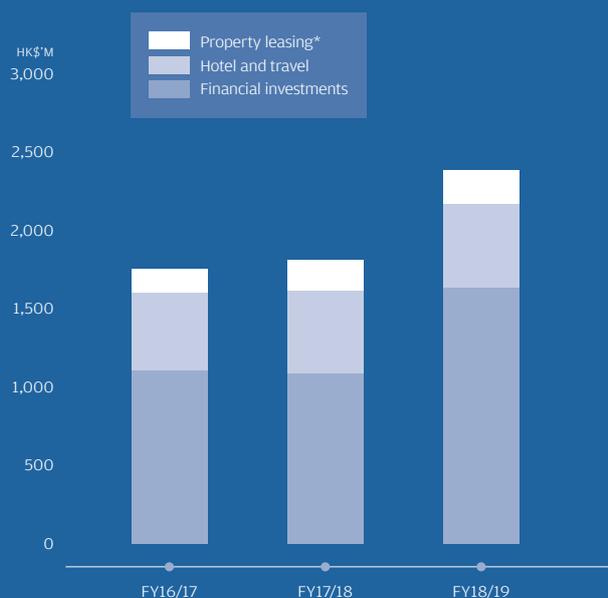

Note: According to the Group's accounting policies, hotel properties were carried at cost less accumulated depreciation. To give further information on the economic substance of its hotel properties investments, the Group hereby presents supplementary unaudited financial information taking into account the fair market value of hotel properties and excluding the corresponding deferred income tax on Hong Kong properties as Hong Kong tax jurisdiction does not include capital gain tax.

The hotel properties in Hong Kong were revalued by Vigers Appraisal & Consulting Limited, independent professional valuer, on an open market value basis.

# Chairman's Statement

The Group is pleased to report a profit attributable to shareholders of HK\$810 million for the year, and increased its equity attributable to shareholders (with hotels at valuation) by 7% to HK\$16.1 billion.

## Recurring income (Gross revenue)

\* Includes share of rental income from an associated company

Queen's Gate in Shanghai

The Group's development pipeline continues to progress during the year with 3 joint venture real estate developments ready for launch in the coming financial year. In Tongzhou Beijing, the 2.3 million sq. ft. GFA waterfront commercial/residential joint venture development is in foundation stage and had completed the construction of its sales & experience center. We expect to obtain the presale consent of the development shortly and will commence sales in second half 2019. In Shanghai, the Group had obtained presales consent of the third phase of the completed Queen's Gate, a luxurious villas and apartments development in Hongqiao Shanghai. The Group also expects to commence its sales effort in second half 2019. In Hong Kong, marketing efforts of the ultra-luxurious residential development Dukes Place in Jardine's Lookout has commenced and the Group expects favorable returns from this project.

Hotel performance continues to improve with the newly operational high speed railway station in Kowloon, and operation further expanded with the introduction of an additional 90 hotel rooms of Empire Prestige Tsim Sha Tsui in December 2018.

The Group's asset management business continues to improve its leasing income and had benefited from the repositioned tenant mix of its Wanchai commercial asset. The Group's investment property portfolio achieved satisfactory capital appreciation during the year.

Income from financial investments grew by 50% and remains a strong pillar of the Group's recurring income and liquid assets.

The Sino-US trade war and other geopolitical events impose a significant threat to the global economy, and management stays cautious and prudent in the challenges and uncertainties it faces. On the other hand, the adequate liquidity places the Group in a strong financial position to capture any development and investment opportunity that may arise.

Management takes this opportunity to thank all our staff for their efforts contributed in keeping the Group growing and moving forward.

**Fung Siu To, Clement**

*Chairman*

Hong Kong, 27th June 2019

# Business Model and Strategies

The Group is principally engaged in developing and investing properties in prime location in Hong Kong, first-tier cities in China and Vancouver, Canada, and has established a well diversified business model across four main operating segments - property development, property leasing, hotel and travel, and financial investments. While our property development arm acts as the core drive for the Company's growth, rental income from our prime investment properties, earnings from our hotels and dividend/coupon payments from our financial investment portfolio provide us with a stable, reliable and recurring income source to the Group. Our business diversification also reduces the adverse impact of market volatility and offset the impact of cyclicalities to which some of our businesses are exposed.

The Group will stay focus on enhancing the performance of its core business and will continuously generate value to the shareholders by exploring investment opportunities in line with the following strategies:

**(i) Build on our reputation and track record of premium property development in Hong Kong, China and Canada**

Our development strategy is to continue to invest primarily in Hong Kong and first-tier cities in China and Vancouver of Canada. The Group will continue to expand its property development business through carefully selected opportunities in premium as well as large-scale residential development. Leveraging our expertise as a premium residential developer with an international standard, we will continue to look for opportunities to increase our presence in Greater China.

**(ii) Growing recurring income from investment properties and financial investment portfolio**

The Group has a diversified property and financial investment portfolio generating a recurring and steady income source. Our investment properties comprise a mix of commercial and retail spaces situated in core central business district in Hong Kong. The Group's financial investment portfolio provides a liquidity buffer and recurring income as well as a diversified cash flow stream, enabling us to finance existing projects and seize potential investment as opportunities arise.

**(iii) To expand and grow our hotel business in prime CBDs and to strive for excellence in management and operations**

The Group owns and operates five hotels under the "Empire" brand, all of which are in Hong Kong. Our five hotels in Hong Kong are situated within central hubs and are targeted at business travelers as well as visitors from the PRC. Our hospitality chain has a centralised management team to optimise revenue generation and ensuring efficient deployment of resources for achieving maximum cost benefit. The prime locations further allow us to cater to both business visitors and tourists, which has led us to maintain a high occupancy and RevPAR at our hotels.

**(iv) Continue to manage risk effectively, through a prudent financial management policy**

The Group aims to monitor risk and manage exposures to a range of debt maturities and a range of debt types in a disciplined and prudent manner. The Group strives to maintain a strong financial position with a healthy level of liquidity and reasonable level of gearing.

We are confident that our strategies will deliver maximum value to the shareholder in the long term.

# Management Discussion and Analysis

---

## RESULTS

The Group's revenue for the year amounted to HK\$2,420 million (2018: HK\$1,925 million), with profit attributable to shareholders at HK\$810 million (2018: HK\$814 million). The increase in revenue is due to higher investment income through reinvestment of received coupons and further investment in debt securities. This was offset by higher net investment loss and increased finance cost, resulting in a profit attributable to shareholders at a similar level to last year.

**Dukes Place** at Perkins Road, Jardine's Lookout

Through Asia Standard International group, its 51.8% owned listed subsidiary, the Group continued its main business of property development, sales and leasing operation.

## PROPERTY SALES, DEVELOPMENT AND LEASING

### SALES AND DEVELOPMENT

#### Mainland China

In Tongzhou Beijing, foundation works and basement excavation is well in progress of our 2.3 million sq. ft. GFA joint venture residential and commercial development. Presale consent for phase I of the residential units is under application. Sales & experience center has been completed and the Group expects to launch the sales campaign of the development in second half 2019.

In Hongqiao Shanghai, the Group has completed refurbishment of new show flats of Queen's Gate, a high-end joint venture villas and apartments development. Sales permit of the third phase has just been obtained and the Group expects sales effort to commence in second half 2019.

#### Hong Kong

In Jardine's Lookout, the Group had completed construction for its ultra-luxurious residential development Dukes Place at the end of June 2018. The Group had since focused its efforts in renovating 4 show flats of the development. Sales and marketing of the project had just commenced and the Group expects favorable return from this development.

On Po Shan Road, foundation works of another luxurious joint venture residential development had completed and superstructure works is due to commence. The development continues to progress accordingly.

In Hung Shui Kiu Yuen Long, the land exchange process for the commercial and residential development is ongoing. Provisional basic terms were concluded and the exchange is in the course of premium assessment. The residential development will provide approximately 520,000 sq. ft. of GFA. Another 67,000 sq. ft. GFA residential development at Lam Tei station nearby is also in the process of land exchange application with the government.

## Management Discussion and Analysis

Asia Standard Tower, Central

In August 2018, a 25% joint venture of Asia Standard International group completed the acquisition of Octa Tower, a commercial building in Kowloon Bay of approximately 800,000 sq. ft. marketable GFA. The commercial asset is being repositioned with an introduction of a major multi-national corporation (“MNC”) as an anchor tenant and renovation of its common areas had just commenced and is expected to be completed by June 2020.

### Canada (development through hotel subsidiary group)

Redevelopment of the Group’s Empire Landmark Hotel had commenced in the second half of last financial year and will be redeveloped into an approximately 400,000 sq. ft. GFA mixed-use development with two residential towers (“Landmark on Robson”) upon completion. Since the

launch of presale in January 2018, the development had achieved a contracted sales of CAD140 million up to 31st March 2019.

Approval for land re-zoning of joint venture redevelopment of another high-end residential complex of approximate 649,000 sq. ft. GFA in Alberni Street, downtown Vancouver was granted in September 2018 during a public hearing. Development permit application was submitted in December 2018 with Urban Design Panel approving the application in April 2019.

In April 2018, the Group, through another 40% equity interest joint venture, completed the acquisition of another development also located in Alberni Street, within close proximity to the aforementioned existing joint venture project, for redevelopment into premium residential units for sale.

## LEASING

Leasing income of MassMutual Tower (renamed to YF Life Tower on 1st June 2019), 33 Lockhart Road in Wanchai had increased by approximately 26% compared with last year, following the gradual filled up of vacancies in the second half of last financial year, after introduction of new MNC tenants and the completion of extensive renovation works.

Leasing income from Asia Standard Tower in Central decreased slightly upon a rent consolidation of an anchor tenant and that of Goldmark in Causeway Bay also decreased.

Overall leasing income attributable to Asia Standard International had increased by 7% from HK\$220 million to HK\$235 million. Net revaluation gain (taking into account our share from the investment property owned by an associated company) of HK\$885 million (2018: HK\$725 million) was recorded.

## Management Discussion and Analysis

Empire Hotel, Wanchai

### HOTEL

During the year, overnight stay visitors to Hong Kong had increased 6% to approximately 30 million. Mainland visitors dominated this segment with 69% share, and their arrival increased 10% from last year. Total hotel rooms in Hong Kong are approximately 83,000 rooms, an increase of 5% over last year.

Revenue arising from the hotel and travel segment for the year amounted to HK\$543 million (2018: HK\$530 million). Average occupancies for our hotels in Hong Kong were approximately 93% (2018: 95%) while average room rates had increased 10%. Overall, contribution to segment results before depreciation increased from HK\$203 million to HK\$210 million.

Our new 90-rooms hotel, Empire Prestige Tsim Sha Tsui adjacent to our existing Empire Hotel Kowloon, commenced operation in December 2018. It achieved over 90% occupancy during the 4 months of operations since its launch.

### FINANCIAL INVESTMENTS

The Group has adopted the new accounting standard HKFRS 9 with effect from 1st April 2018. This is a new classification and measurement approach for financial assets with changes in fair value of certain securities (consisted mostly listed debt securities) to be recognised through reserve, while expected credit losses and impairment would be assessed at each reporting date and the changes to be reported in profit and loss account. This differed from the previous practice for recognising fair value changes through profit and loss account with impairment charges made when incurred. For further details of the nature and effect of the changes to previous accounting policies please refer to note 2(B) of the notes to the financial statements.

At 31st March 2019, the Group held financial investments of approximately HK\$17,609 million (2018: HK\$14,101 million), with HK\$15,601 million (2018: HK\$12,050 million) held by the two listed subsidiary groups. The investment portfolio comprised of 89% listed debt securities (mostly issued by PRC-based real estate companies), 10% by listed equity securities (of which approximately 80% were issued by major banks) and 1% unlisted funds and securities. They are denominated in different currencies with 94% in United States dollar, 4% in Hong Kong dollar and 2% in Sterling.

## Management Discussion and Analysis

The portfolio's increase was largely due to further net investment of HK\$4,262 million and a mark-to-market valuation net loss of HK\$754 million, of which a net investment loss of HK\$531 million was charged to profit and loss while the remaining were recognised in the investment reserve account pursuant to HKFRS 9. The net investment loss comprised net fair value losses of listed equity securities, exchange losses, and provisions for expected credit loss and impairment charges, compensated by realised gain upon partial disposal/redemption of the securities. The drop in market price is mainly due to a rising interest rate environment during the year, the market correction following uncertainties over the Sino-US trade conflict, and the various austerity measures over the PRC property market.

Income from these investment portfolio amounted to HK\$1,635 million (2018: HK\$1,090 million). The increase in income resulted from further investment in debt securities.

At 31st March 2019, an approximate value of HK\$2,120 million (2018: HK\$2,160 million) of these investments were pledged to banks as collateral for credit facilities granted to the Group.

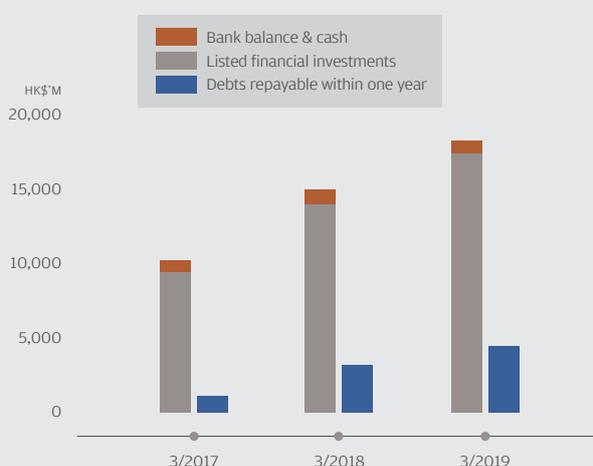

## FINANCIAL REVIEW

At 31st March 2019, the Group had over HK\$7.7 billion (2018: HK\$6.6 billion) cash and undrawn banking facilities. The financing and treasury activities of our three listed groups are independently administered.

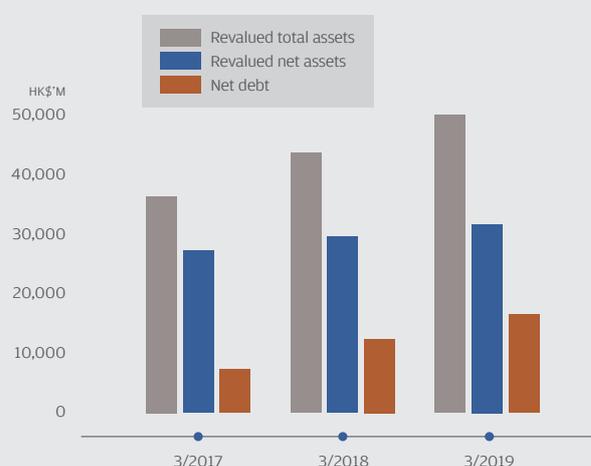

At 31st March 2019, the Group's total assets amounted to approximately HK\$43.7 billion (2018: HK\$38.4 billion). Net assets were HK\$24.8 billion (2018: HK\$23.8 billion). Adopting market value of hotel properties, the revalued total assets and revalued net assets of the Group were HK\$49.7 billion (2018: HK\$43.4 billion) and HK\$31.4 billion (2018: HK\$29.3 billion), an increase of 15% and 7% respectively.

Net debt at 31st March 2019 was HK\$16,390 million (2018: HK\$12,263 million), of which HK\$685 million (2018: HK\$808 million) was attributable to the parent group. Total interest cost increased as a result of increased borrowings together with several market interest rate hikes. The Group's gearing, calculated as net debt to revalued net asset, was approximately 52% (2018: 42%). As at 31st March 2019, the Group had net current assets of HK\$14.7 billion (2018: HK\$12.3 billion) and the HK\$18.4

### Liquidity & cash reserves

### Revalued total assets, revalued net assets and net debt

billion aggregate amount of marketable securities and cash together represented 4.1 times of the HK\$4.5 billion current debt repayable within one year.

63% of the debts are secured and 99% of the debts are at floating rates. The maturities of our debts are spreading over a long period of up to 8 years, with 5% repayable after five years and 75% repayable between one to five years. The remaining 20% is repayable within one year.

About 99% of the Group's borrowings are in Hong Kong dollar, and the remaining 1% in United States dollar and Canadian dollar.

At 31st March 2019, an approximate HK\$20.0 billion (2018: HK\$18.5 billion) book value of property assets were pledged to banks as collateral for credit facilities granted to the Group. HK\$2,733 million guarantee (2018: HK\$897 million) was provided to financial institutions and third parties against outstanding loans of joint ventures.

## EMPLOYEES AND REMUNERATION POLICIES

At 31st March 2019, the Group employed approximately 470 (2018: 460) employees. Their remuneration packages, commensurate with job nature and experience level, include basic salary, annual bonus, retirement and other benefits.

## FUTURE PROSPECTS

The demand in the Hong Kong property market remains strong regardless of the haze overcast by the Sino-US trade conflict upon the local economy, with the asset price heading north again after a short period of softening during Federal Reserve's rate hikes and that of local prime rate in 2018. Local government continues its policy to increase land supply by every means, but the effect has yet to be manifested in the physical market.

Central government started to relax the stringent austerity measures on property sector with the escalation of the Sino-US trade dispute, with the view to counteract the possible unstable and negative effect, in order to maintain a stable and healthy operating environment.

Hotel operation performances have maintained momentum during the financial year. With the completion of major infrastructure projects in particular the High Speed Rail Link and the Hong Kong-Zhuhai-Macau Bridge, we are expecting the continuous gradual increment of visitors staying overnight. Coupled with the relaxation of outbound tourism restrictions by the Mainland, we remain positive over the long-term prospects of our hospitality industry.

Financial market continues to be volatile, especially amongst the environment of trade disputes between various territories with the United States and the political tension brought by the United States administration. Our investment in listed fixed income securities provides a strong and stable income stream and liquidity and enables us to capitalise on any other investment and development opportunities should they arise.

The Group have successfully repositioned its tenant mix and improved the rental performance following the upgrading and renovating of the Wanchai headquarter commercial asset. Retail space segment is becoming stable after a period of consolidation. We expect to upkeep our performance in the leasing activities.

Management remains cautious and prudent in the rapidly changing environment and is affirmative with the Group's performance.

# Environmental, Social and Governance Report

## REPORTING STANDARD AND SCOPE

This environmental, social and governance report covers the financial year ended 31st March 2019 (the “reporting year”) and addresses all the General Disclosures under each Aspect of the Environmental, Social and Governance Reporting Guide set out in Appendix 27 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

## ENVIRONMENTAL PROTECTION

### A1 EMISSIONS

The Group did not generate significant greenhouse gas emissions as the emissions are indirectly and principally resulting from consuming electricity and gases at the workplace, vehicles and business travels by employees.

The Group did not generate hazardous waste during its business operation, discharge of water and non-hazardous waste were divided into recyclable or non-recyclable waste and handled in an environmentally responsible manner in line with the applicable environmental protection laws and regulations whenever practicable.

We encourage employees to pay due attention to energy saving measures and explore new ideas on energy saving while performing their duties.

During the reporting year, the Group was not subject to any environmental penalty.

	<b>2019</b>	2018
A1.1 Emissions		
- NO <sub>x</sub> (i)	<b>74kg</b>	74kg
- SO <sub>x</sub> (ii)	<b>0.9kg</b>	0.7kg
- PM (ii)	<b>3kg</b>	3kg
A1.2 Greenhouse gas emissions in total		
Scope 1 - Direct emission or removal from sources	<b>200 tonnes</b>	200 tonnes
Scope 2 - Energy indirect emissions	<b>13,783 tonnes</b>	14,846 tonnes
Scope 3 - Other indirect emissions	<b>100 tonnes</b>	113 tonnes
A1.3 Total non-hazardous waste produced		
Construction and demolition waste	<b>4,749 tonnes</b>	1,664 tonnes
Recycled waste		
- Construction material	<b>1,120 tonnes</b>	545 tonnes
- Paper	<b>28 tonnes</b>	27 tonnes
- Cartridge	<b>238 pieces</b>	439 pieces
- Cooking oil	<b>6,336 litres</b>	3,951 litres

(i) The data includes emission from gaseous fuel consumption and vehicular emissions.

(ii) The data only includes vehicular emissions.

## Environmental, Social and Governance Report

### A2 USE OF RESOURCES

Air conditioning and lighting are the main contributors to the Group's carbon footprint. In recent years, the Group has stepped up its efforts in environmental initiatives to maximise energy conservation, by promoting efficient use of resources, energy saving and emission.

The air cool chiller system of Empire Hotel Hong Kong and Empire Hotel Kowloon had been replaced by water cool chiller system in 2012 and 2017, respectively, which is environmental friendly and have greater energy efficiency and better controllability. In our Empire Hotel Kowloon, the two latest renovation floors have an individual electric heater supply system and the system can be switched off individually for energy reduction purposes.

Daily monitoring of energy and fuel consumption to identify areas for energy conservation is in place. Phased replacements of chillers, fan coil units, air handling units, laundry and kitchen equipment, electrical appliances and lighting have been enhanced to more energy-efficient models.

	2019	2018
A2.1 Direct and indirect energy consumption		
Electricity ('000 kWh)	<b>19,386</b>	20,177
Fuel ('000 MJ)	<b>8,860</b>	9,434
A2.2 Water consumption	<b>237,193 m<sup>3</sup></b>	194,811 m <sup>3</sup>
A2.3 Construction materials used		
Concrete	<b>13,657 m<sup>3</sup></b>	5,269 m <sup>3</sup>
Steel	<b>2,071 tonnes</b>	1,033 tonnes

### A3 THE ENVIRONMENT AND NATURAL RESOURCES

#### Property development

As a responsible developer, Asia Standard is conscious of environmental protection issues on the design and construction of our properties. Over the years, the design and construction of our properties has been in line with the green features as laid down in the Joint Practice Note Nos. 1-2 in relation to "Green and Innovative Buildings" issued jointly by the Buildings Department, Lands Department and Planning Department. The objectives of such green features mainly encompass: (a) to maximise the use of recycled/green building material; (b) to minimise the consumption of energy, in particular those non-renewable types; and (c) to reduce construction and demolition waste. For our development projects in Hung Shui Kiu, Yuen Long and Dukes Place, Jardine's Lookout, Hong Kong, a number of green features will be and has been designed by our consultants team and implemented in line with the latest government policy in fostering a quality and sustainably built environment, which will lead to BEAM-Plus Certification after the completion of the project. BEAM-Plus is a comprehensive environmental assessment scheme for buildings recognised by The Hong Kong Green Building Council Limited.

## Environmental, Social and Governance Report

### Hotel business

Asia Standard Hotel incorporated various environmental initiatives in its hotel operation to minimise waste generation through working with employees, guests and contractors to reuse and recycle waste whenever economically practicable. For instance, water consumption is reduced through our green programme for guestroom linens. We have placed green cards in our guestrooms, informing guests that the hotel will change towels and bedsheets upon request. We have appointed contractors to handle used cooking-oil from our restaurants.

To reduce paper consumption, we maximise the use of electronic communications and file storage systems for general office work, guest logs and daily reports and whenever possible we use e-confirmations for guest reservations. In addition, the Group encourages use of recycled paper for printing and copying, double-sided printing and copying, reduce energy consumption by switching off idle lightings, air conditioning and electrical appliances.

The Group's operational activities do not have significant impacts on the environment and natural resources, and we shall ensure compliance with all applicable environmental related legislations and regulations.

## SOCIAL ASPECT

### B1 EMPLOYMENT

The Group is an equal opportunity employer and does not discriminate on the basis of personal characteristics. Employee Handbooks outline terms and conditions of employment, expectations for employees' behaviour and service delivery, employees' rights and benefits. We establish and implement policies that promote a fair and respectful workplace. We provide ongoing training and development opportunities to enhance our employees' career progression.

### B2 HEALTH AND SAFETY

The Group values the health and wellbeing of staff. In order to provide employees with health coverage, staff are entitled to benefits including medical insurance and other competitive fringe benefits.

Fire hazards pose significant threats, and all our staff are thoroughly briefed on our Fire Safety Guidelines. Newly joined employees also receive comprehensive orientation on the work safety procedures of the Group.

The Group complied with all the relevant laws and regulations that have a significant impact on the Group relating to health and safety during the year ended 31st March 2019.

## Environmental, Social and Governance Report

### B3 DEVELOPMENT AND TRAINING

Various training courses are regularly conducted to promote occupational safety, personal and food hygiene, fire and emergency response, first aid and customer serving skills.

In addition, our staff is eligible to apply for Educational Sponsorships to pursue external professional courses.

### B4 LABOUR STANDARDS

The Group has complied with all the relevant laws and regulations that have a significant impact on the Group relating to preventing child and forced labour.

### B5 SUPPLY CHAIN MANAGEMENT

The Group appreciates the importance of maintaining a good relationship with its suppliers to meet its immediate and long-term business goals. Most of the Group's procurements have undergone a tender process. The Group implements a just and fair tender process to ensure adequate competition and adopts a series of assessment methods in relation to supplier management to ensure the quality of its supplied products and services during performance process.

#### Hospitality

Asia Standard Hotel works closely with a number of suppliers in providing a range of hospitality goods, including guestroom consumables, tableware, furniture, and foods and beverages. Asia Standard Hotel assures their performance for delivering quality sustainable products and services through supplier approval process and by spot checks on the delivered goods.

To enhance our procurement of environmentally responsible items, we continue to review options to purchase more products from organic and/or sustainably managed sources, environmentally superior products, as well as local or regional companies to reduce the environmental impact of their manufacture and transportation.

#### Property development

The Group has adopted high standards for all building materials in our premises construction, and will continue to review options to purchase more products from environmentally superior products, as well as local or regional companies to reduce the environmental impact of their manufacture and transportation.

During the reporting year, there was no circumstance of any event between the Group and its suppliers which had a significant impact on the Group's business and on which the Group's success depends.

## Environmental, Social and Governance Report

### **B6 PRODUCT RESPONSIBILITY**

Our catering operations adhere to all relevant legislations, including but not limited to nutritional and food allergy labelling. The quality and hygiene of our cuisines are effectively managed under an extensive food safety manual.

#### **Compliance with laws and regulations**

Compliance procedures are in place to ensure adherence to applicable laws, rules and regulations, which have significant impact on the Group.

During the reporting year, there was no material breach of or non-compliance with the applicable laws and regulations by the Group.

#### **Data privacy**

We only collect personal data for operational needs and clearly inform all customers or persons about the intended use of the data and their rights to review and revise their information. All collected personal data is treated as confidential and kept securely, accessible by designated personnel only.

During the reporting year, there were no substantiated complaints received concerning breaches of customer privacy and losses of customer data.

### **B7 ANTI-CORRUPTION**

We do not tolerate any form of corruption or malpractice such as bribery, money laundering, extortion and fraud. Expected professional conduct at the workplace is outlined in the employee handbook.

During the reporting year, there were no reported cases of corruption and non-compliance with any rules and regulations as regards anti-corruption such as the Prevention of Bribery Ordinance.

### **B8 COMMUNITY INVESTMENT**

The Group is committed to making a positive contribution to society and communities in Hong Kong and China, a place in which we operate and have grown over the past decade. Focusing our corporate social responsibility and effort on imminent and important social issues, we endeavour to contribute, support and help to provide for those who most need a great place to live, learn and grow.

With the help of our employees, we have organised various events during the year to give back to our community.

### Caring for society

“The Art of Caring” Community Care Program was launched in 2009 by the Empire Hotels (owned and managed by Asia Standard Hotel Group Ltd) in conjunction with SAHK, a rehabilitation service organisation. Since then, the Program has been giving support to local children and youth with special needs in their education and rehabilitation through the creation of art pieces and a series of educational workshops, learning events and life enriching activities. With ten years of unrelenting, concerted efforts with SAHK, in 2019, the Empire Hotels has been awarded the “10 Years + Caring Company Logo” by the Hong Kong Council of Social Service (“HKCSS”) to recognise its contribution to the community. To celebrate the 10th anniversary milestone and commitment of the Hotel Group in the field of Corporate Social Responsibility, ten activities were organised during 2018-2019 with aims to enhance students’ self-confidence, polish their interpersonal skills, communications abilities and also to promote social inclusion so as to enrich their life experiences.

SAHK Angels in the Realm of Empire Glory musical performances at Empire Hotel Kowloon • Tsim Sha Tsui where school bands of three SAHK special schools performed festive Christmas music in the hotel lobby on the 20th and 21st December 2018.

Four hotel’s representatives acting as corporate volunteers interacted with children who are diagnosed with Developmental Disorders to celebrate their birthday and to learn more about their developmental problems at the Birthday Party & Play outreach at the Parent Resources Centre in Shek Wai Kok on 28th December 2018.

A job interview technique workshop at Empire Hotel Hong Kong • Wan Chai where Suki Cheung, Group Director of Human Resources & Administration of Empire Hotels shared interview skills and tips to SAHK secondary students on 22nd February 2019.

Dining etiquette classes were organised on 26th February, 5th and 12th March 2019 for the students of three SAHK secondary schools to learn and practise good table manners in an experiential dining setting.

In celebration of Lunar New Year and Easter in 2019, two handicraft workshops were organised in Empire Hotel Hong Kong • Wan Chai on 15th January and 9th April respectively when a total of 24 pairs of SAHK pre-school students with their parents created together hand-made lai-see packets and handicrafts and enjoyed a wonderful afternoon.

Quality parenting time in hand-making lai-see packets at the festive handicraft workshop

## Environmental, Social and Governance Report

Closing ceremony guests and the 10th Anniversary Logo Design Competition first prize winner's artwork and other prizes of merit

A special 10th Anniversary Logo Design Competition was launched in April inviting pre-school students and their parents to participate and engage in a creative parenting activity to showcase their creativity.

OLE<sup>2</sup> Program (Other Learning Experiences x Opportunities for Life Enrichment) giving four about-to graduate secondary school students an opportunity to real-life work experience in hotel industry. They were assigned to Sales & Marketing and Housekeeping departments, working as trainees for two weeks during May - June 2019.

Joining hands with SAHK, the Hotel Group will continue to expand the breadth and depth of the Program enabling more learning opportunities and rehabilitation support for children and youth with special needs as well as their families.

### Charity Activities

The Group has during the reporting year made donations of HK\$1,197,000 to a number of charitable organisations, such as Friends of Caritas, Hong Kong Hereditary Breast Cancer Family Registry Limited, Hong Kong Paralympic Committee & Sports Association for the Physically Disabled, Suicide Prevention Services Limited, Child's Dream Foundation Limited and Enlighten Hong Kong Limited.

OLE<sup>2</sup> Program student participants receiving their pay cheques for the two-week job shadowing work from officiating guests: (from left) Mr. Eddie Suen, CEO of SAHK, (second from left) Mr. Joseph Woo, Executive Director & Group Financial Controller of Asia Standard Hotel Group Ltd, (second from right) Ms. Pang Kit Ling, Assistant Director (Family and Child Welfare) of the Social Welfare Department and (from right) Mrs. Josephine Tsui, MH, Chairperson of SAHK at the closing ceremony on 4 July 2019.

### Community Recognition

In 2019, Hotel Group has been awarded the "10 Years + Caring Company Logo" by the HKCSS to recognise its contribution to the community. This recognition signifies a solid testimonial and a renewed impetus for the Group on its commitment to making positive contribution to society and communities.

## CORPORATE GOVERNANCE PRACTICES

The Company is committed to sustaining its corporate governance standards by emphasising transparency, independence, accountability, responsibility and fairness. The Company exercises corporate governance through the board of directors (the “Board”) and various committees.

## BOARD OF DIRECTORS

The Board consists of six Executive Directors and three Independent Non-executive Directors. The posts of Chairman and Chief Executive are separate and are not held by the same individual. The Chairman, Mr. Fung Siu To, Clement, is responsible for overseeing the functioning of the Board and the strategies and policies of the Group. The Chief Executive and the Managing Director, Mr. Poon Jing, is responsible for managing the Group’s business. The biographical details and relationship of the Directors are disclosed in the biography of Directors set out in the Directors and Senior Management section.

According to the Bye-Laws of the Company (the “Bye-Laws”), at every annual general meeting of the Company, one-third of the Directors (other than the Chairman and the Managing Director) for the time being, or, if their number is not three or a multiple of three, then the number nearest to, but not exceeding one-third, shall retire from office by rotation. Pursuant to the Appendix 14 (the “Code”) of the Rules Governing the Listing of Securities (the “Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”), the Chairman and the Managing Director shall also retire at the annual general meeting every three years. A retiring Director shall be eligible for re-election at the meeting. The Independent Non-executive Directors are not appointed for a specific term but are subject to retirement by rotation and re-election in accordance with the Bye-Laws and the Code.

The Board meets quarterly and is responsible for the formulation and reviewing of long-term business directions and strategies, monitoring the operations and financial performance of the Group and performing corporate governance functions set out in the Code. It also considers and approves future strategic plans and budgets for the Group. The management is delegated with the authority to make decisions and responsible for daily operations of the Group under the leadership of the Chief Executive. The management provides explanation and information to the Board to enable the Board to make an informed assessment of the financial and other information put forward to the Board for approval. The Chief Executive, working with the other Executive Directors and the head of each division, is responsible for managing the business of the Group, including implementation of strategies adopted by the Board and assuming full accountability to the Board for operations of the Group. All Executive Directors have made full and active contributions to the affairs of the Board.

During the year, the Board has reviewed the Company’s policies and practices on corporate governance, and reviewed and monitored the training and continuous professional development of directors and senior management. The Board has also reviewed and ensured compliance of the relevant legal and regulatory requirements, the code of conducts, the Code and the disclosure in the Corporate Governance Report.

## Corporate Governance Report

The Directors are responsible for selecting and consistently applying appropriate accounting policies and preparing financial statements which give a true and fair view. The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern. Accordingly, the Directors have prepared the financial statements on a going concern basis.

The Board acknowledges that it is its responsibility to prepare the financial statements and to present a balanced, clear and comprehensive assessment to annual and interim reports, other financial disclosures required under the Listing Rules, and reports to regulators as well as to information required to be disclosed pursuant to statutory requirements.

During the year, the Board held four meetings. The Directors of the Board and the attendance of each Director at the Board meetings and the general meeting of the Company held during the year are as follows:

Director	Title	Number of meetings attended/ Number of meetings held	
		Board meeting	General meeting
Fung Siu To, Clement	Chairman	4/4	1/1
Poon Jing	Managing Director and Chief Executive	2/4	0/1
Poon Hai	Executive Director	3/4	0/1
Poon Yeung, Roderick	Executive Director	3/4	1/1
Lun Pui Kan	Executive Director	4/4	1/1
Kwan Po Lam, Phileas	Executive Director	4/4	1/1
Cheung Kwok Wah	Independent Non-executive Director	4/4	1/1
Hung Yat Ming	Independent Non-executive Director	4/4	1/1
Wong Chi Keung	Independent Non-executive Director	4/4	1/1

## BOARD DIVERSITY POLICY AND NOMINATION POLICY

The Company recognises and embraces the benefits of having a diverse Board to enhance the quality of its performance. In assessing the composition of the Board, the Company will seek to achieve Board diversity through the consideration of a number of factors and measurable criteria, including, but not limited to gender, age, cultural and education background, industry experience, qualifications, skills, knowledge, and professional ethics. During the year, the Board reviewed the composition and diversity of the Board with reference to the Directors' age, qualifications and industry experience as well as their familiarity with the Group's business and contributions to the Group.

The Board has specific procedures for identifying, assessing and nominating suitable candidates for appointment as a new director of the Company in addition to the incumbents or to fill a vacancy. Nomination shall be based on merit and consideration of objective criteria of the candidates' potential contributions to the Board and the Company, having due regard for the benefits of diversity on the Board. Selected individuals shall be evaluated against the desired criteria with consideration of factors, such as gender, age, cultural and education background, industry experience, qualifications, skills, knowledge, and professional ethics of the candidates.

During the year, the Board reviewed the overall contribution and service to the Company, expertise and professional qualifications of the retiring Directors, and recommended them to be re-elected at the Company's forthcoming annual general meeting.

## REMUNERATION COMMITTEE

Mr. Wong Chi Keung, an Independent Non-executive Director of the Company is the Chairman of the Remuneration Committee. The Remuneration Committee currently comprises the Chairman of the Company, Mr. Fung Siu To, Clement, and two Independent Non-executive Directors, Mr. Hung Yat Ming and Mr. Wong Chi Keung. The terms of reference were revised and adopted by the Board in compliance with the Code. The duties of the Remuneration Committee include making recommendations to the Board on the remuneration policy and structure of the Directors and senior management, approving the remuneration, determining the remuneration packages of all Executive Directors and senior management and approving the compensation to all Directors and senior management on termination or dismissal. The remuneration packages including basic salary, annual bonus, retirement and other benefit such as share options are commensurate with their job nature and experience level. No director may be involved in any decisions as to his own remuneration or other benefit. The Group's remuneration policy seeks to provide a fair market remuneration so as to attract, retain and motivate high quality staff. The remuneration is determined with reference to his duties and responsibility, remuneration benchmark in the industry and prevailing market conditions. During the year, the Remuneration Committee held one meeting, which all members had attended, to review, discuss and approve the remuneration packages of the Directors and senior management.

## AUDIT COMMITTEE

The Audit Committee currently comprises all the Independent Non-executive Directors, Mr. Hung Yat Ming (as the Chairman), Mr. Cheung Kwok Wah and Mr. Wong Chi Keung. The terms of reference were revised and adopted by the Board in compliance with the Code. The principal activities of the Audit Committee include the review and supervision of the Group's financial reporting process, risk management and internal controls and review of the published financial statements. The Audit Committee meets at least twice a year. During the year, the Audit Committee met twice to review the Company's annual and interim financial statements and the recommendation by the auditor on enhancement of risk management and internal control. All the members had attended the meetings held during the year. The Audit Committee has reviewed the annual financial statements for the year ended 31st March 2019.

## SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 of the Listing Rules. The Company has made specific enquiry of all Directors regarding any non-compliance with the Model Code during the year, and they all confirmed that they have fully complied with the required standard set out in the Model Code throughout the year ended 31st March 2019.

### CORPORATE GOVERNANCE CODE

During the year, the Company has complied with the code provisions of the Code, except the following deviations:

1. Code Provision A.4.1 of the Code provides that non-executive directors should be appointed for a specific term, subject to re-election. All independent non-executive directors of the Company are not appointed for specific terms, but subject to retirement by rotations and re-elections at the annual general meeting of the Company in accordance with the Bye-Laws;
2. Code Provision A.5.1 of the Code provides that issuers should establish a nomination committee which is chaired by the chairman of the board or an independent non-executive director and comprises a majority of independent non-executive directors. The Company does not have a nomination committee. The Board as a whole is responsible for assessing the independence of independent non-executive directors, reviewing the structure, diversity, size and composition of the Board, the appointment of new Directors and the nomination of Directors for re-election by shareholders at the general meeting of the Company. Under the Bye-Laws, the Board may from time to time and at any time appoint any person as a Director either to fill a casual vacancy or as an addition to the Board. Any Director so appointed shall hold office until the next following annual general meeting of the Company and shall then eligible for re-election at the meeting; and
3. Code Provision C.2.5 of the Code provides that issuers should have an internal audit function. The Company's internal audit function was carried out by the internal auditor who has resigned and left the Company in August 2018. A new internal auditor has been recruited and reported to duty in June 2019.

### RISK MANAGEMENT AND INTERNAL CONTROL

The Group has its risk management structure and allocated responsibilities in order to achieve the Group's business objectives:

#### RISK MANAGEMENT

The Board has the overall responsibilities of establishing, maintaining and operating sound and effective risk management and internal control systems which includes financial, operational and compliance controls. The Audit Committee, acting on behalf of the Board, reviews the effectiveness of the Company's risk management and internal control systems on an on-going basis and reports to the Board. The management is responsible for designing, implementing and monitoring of the Group's risk management framework and internal control system. The internal audit function facilitates improvement in the risk management process by assessing the effectiveness of the internal control system and reports audit results together with the results of the periodic compliance checking to the Audit Committee on an ongoing basis.

## **INTERNAL CONTROL**

The Group's internal control system comprises a well-established organisational structure, comprehensive budgeting, reporting, policies and procedures, aiming to identify and manage risks that could adversely hinder the achievement of business objectives of the Group, provide reasonable, but not absolute, assurance against failure in operational system, material error, loss or fraud to the Group. Proper controls are in place for the recording of complete, accurate and timely accounting and management information. Regular reviews and internal audits are carried out for an independent appraisal of the adequacy and effectiveness of the systems and the compliance with applicable laws and regulations.

## **INTERNAL AUDIT FUNCTIONS**

Internal audit functions has been established in the financial year under review to assist the Audit Committee to review and evaluate the adequacy and effectiveness of the risk management and internal control systems of the Group and to manage the risks inherent in the achievement of business objective of the Company. Internal Audit function adopts risk-based audit approach which focuses on the high risk areas of the Group's activities. Internal audit review covers key issues in relation to the accounting practices and material controls. The review findings or irregularities and also the recommended steps and actions to enhance the internal control of the Group are reported to the senior management.

A discussion on the principal risks and uncertainties encountered by the Group are set out on pages 50 to 51 in Report of the Directors.

Unauthorised access and use of inside information are strictly prohibited. Any potential inside information identified by senior management will be assessed, and where appropriate, will be escalated for the attention of the Board to resolve on further actions. The Board assesses the likely impact of any unexpected and significant event and decides whether the relevant information is considered inside information and needs to be disclosed as soon as reasonably practicable pursuant to Rules 13.09 and 13.10 of the Listing Rules and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance.

## **EFFECTIVENESS OF THE COMPANY'S RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS**

For the financial year under review, two Audit Committee meetings with senior management and Group's external auditors were held. The Audit Committee has not identified any significant control failings or weaknesses and it concurred with the management's confirmation. The Board is of the view that the system of risk management and internal control in place for the financial year under review and up to the date of issuance of the annual report and financial statements is sound and is sufficient to safeguard the interests of shareholders, customers and employees, and the Group's assets.

### AUDITOR'S REMUNERATION

PricewaterhouseCoopers has been appointed as the auditor of the Company by the shareholders at the annual general meeting. The services provided by PricewaterhouseCoopers include audit, taxation related and other services. A statement by PricewaterhouseCoopers about their reporting responsibilities as the auditor of the Company is included in the Independent Auditor's Report on pages 53 to 60 of this annual report.

An amount of HK\$9,727,000 (2018: HK\$9,849,000) was charged to the financial statements of the Group for their audit services. Taxation services, review on interim results and other services provided by PricewaterhouseCoopers to the Group amounted to HK\$1,911,000 (2018: HK\$2,225,000).

### SHAREHOLDERS' RIGHTS

Subject to the applicable laws and regulations, the Listing Rules and the Bye-Laws as amended from time to time, shareholders ("Shareholders") of the Company may put forward proposals at an annual general meeting (an "AGM") of the Company and convene general meetings of the Company.

#### (I) PROCEDURE FOR SHAREHOLDER TO MAKE PROPOSALS AT SHAREHOLDERS' MEETING

The number of Shareholders required to move a resolution at an AGM or to circulate any statement by written request (the "Requisitionists") shall be:

- i. any number of Shareholders representing not less than one-twentieth (1/20) of the total voting rights of all the Shareholders having a right to vote at the AGM or the relevant general meeting; or
- ii. not less than one hundred (100) Shareholders.

The written request (the "Requisition") must state the resolution to be moved at the AGM or the statement of not more than one thousand (1,000) words in relation to any particular resolution being proposed or business to be dealt with in the relevant general meeting of the Company (as the case may be), and signed by all the Requisitionists in one or more document in like form.

A copy of the Requisition, or two or more copies which between them contain the signatures of all the Requisitionists, shall be lodged at the Company's registered office in Bermuda at Victoria Place, 5th Floor, 31 Victoria Street, Hamilton HM 10, Bermuda, which came into effect on 15th July 2019 (formerly located at Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda) and a copy thereof at the principal office of the Company in Hong Kong at 30th Floor, YF Life Tower, 33 Lockhart Road, Wanchai, Hong Kong, for the attention of the Company Secretary (i) not less than six (6) weeks before the AGM in the case of a Requisition requiring notice of a resolution, unless an AGM is called for a date six weeks or less after the deposit of the Requisition, in which case the Requisition will be deemed to have been properly deposited; or (ii) not less than one (1) week before the relevant general meeting in the case of any other Requisition.

The Requisitionists must deposit a sum which is reasonably sufficient to meet the Company's expenses in giving effect to the Requisition.

## (II) PROCEDURE FOR SHAREHOLDER TO CONVENE SPECIAL GENERAL MEETING

Shareholders holding not less than one-tenth (1/10) of the paid-up capital of the Company carrying the right of voting at the general meetings of the Company (the “SGM Requisitionists”) may require the Board to convene a special general meeting of the Company (“SGM”) by depositing a written requisition (the “SGM Requisition”) at the Company’s registered office in Bermuda at Victoria Place, 5th Floor, 31 Victoria Street, Hamilton HM 10, Bermuda, which came into effect on 15th July 2019 (formerly located at Canon’s Court, 22 Victoria Street, Hamilton HM12, Bermuda) and a copy thereof at the principal office of the Company in Hong Kong at 30th Floor, YF Life Tower, 33 Lockhart Road, Wanchai, Hong Kong for the attention of the Company Secretary.

The SGM Requisition must state the objects of the SGM and be signed by the SGM Requisitionists and may consist of one or more documents in like form, each signed by one or more of the SGM Requisitionists.

Upon receipt of the SGM Requisition, the Directors shall forthwith proceed duly to convene the SGM, and such SGM shall be held within two months after the deposit of the SGM Requisition.

Where, within twenty-one (21) days of the lodging of the SGM Requisition, the Directors do not proceed duly to convene the SGM, the SGM Requisitionists, or any of them representing more than one-half (1/2) of the total voting rights of all of them, may themselves convene the SGM, provided that any SGM so convened shall be held within three (3) months from the date of deposit of the SGM Requisition. The SGM Requisitionists shall convene a SGM in the same manner, as nearly as possible, as that in which SGMs are to be convened by Directors. Under the Bye-Laws and pursuant to the requirements of the Listing Rules, a notice specifying the time and place and the general nature of the proposed business to be transacted at the SGM shall be given to all Shareholders entitled to attend the SGM for consideration in the following manner:

- i. notice of not less than twenty-one (21) clear days or ten (10) clear business days, whichever is longer, if a special resolution is to be passed at the SGM; and
- ii. notice of not less than fourteen (14) clear days or ten (10) clear business days, whichever is the longer, in all other cases, provided that a SGM may be called by a shorter notice if it is so agreed by a majority in number of the Shareholders having the right to attend and vote at the SGM, being a majority together holding not less than 95% in nominal value of the issued shares of the Company giving such right.

## PROFESSIONAL DEVELOPMENT

Every newly appointed Director will receive briefing and professional development so as to ensure that he has appropriate understanding of the Group’s business and of his duties and responsibilities under the Listing Rules and the relevant statutory and regulatory requirements.

The Company also provides regular updates and presentation on the business development of the Group. The Directors are regularly briefed on the latest development regarding the Listing Rules and other applicable statutory requirements to ensure compliance and upkeep of good corporate governance practices. In addition, the Company has been encouraging the Directors to enroll in professional development courses and seminars relating to the Listing Rules, Companies Ordinance and corporate governance practices organised by professional bodies or chambers in Hong Kong.

## Corporate Governance Report

All Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. A summary of training received by the Directors according to the records provided by the Directors are as follows:

Directors	Type of training
Fung Siu To, Clement	B
Poon Jing	B
Poon Hai	B
Poon Yeung, Roderick	B
Lun Pui Kan	A, B
Kwan Po Lam, Phileas	B
Hung Yat Ming	A, B
Cheung Kwok Wah	A, B
Wong Chi Keung	A, B

A: Attending seminar(s)/training session(s)/conference(s)/forum(s) relevant to directors' profession and/or duties and/or other relevant topics

B: Reading materials in relation to corporate governance, regulatory development and other relevant topics

## INVESTOR RELATIONSHIP

The Group aims to provide its shareholders and investors with high level of transparency. During the year, the Executive Directors had various meetings with local and institutional investors and analysts. The Board is committed to providing clear and full performance information of the Group to shareholders and the public through the publication of interim and annual reports, announcements, circulars and press releases.

The Company has also maintained a website at <http://www.asiaorient.com.hk> which enables shareholders, investors and public to access to the information of the Company on a timely basis.

## PROCEDURE FOR RAISING ENQUIRIES

Shareholders may at any time send their enquires and concerns to the Board in writing to the principal office of the Company in Hong Kong or by e-mail to [aoinfo@asiastandard.com](mailto:aoinfo@asiastandard.com) for the attention of the Company Secretary.

## DIVIDEND POLICY

A dividend policy ("Dividend Policy") was adopted by the Company during the year. The Company intends to provide Shareholders with interim and final dividends, and to declare special dividends from time to time. In deciding whether to propose a dividend and in determining the dividend amount, the Board takes into account the Group's earnings performance, financial position, investment requirements and future prospects. Whilst the Dividend Policy reflects the Board's current views on the financial and cash flow position of the Group, such Dividend Policy will continue to be reviewed from time to time and there can be no assurance that dividends will be paid in any particular amount for any given period. The payment of dividend is also subject to any restrictions under the Laws of Hong Kong and the Company's Bye-Laws.

## CONSTITUTIONAL DOCUMENTS

There was no change in the Bye-Laws during the year.

# Directors and Senior Management

## EXECUTIVE DIRECTORS

### FUNG SIU TO, CLEMENT

Aged 70, is the Chairman and a member of the Remuneration Committee of the Company. He is also the Chairman, an executive director and a member of the remuneration committee of the listed subsidiary, Asia Standard International Group Limited (“Asia Standard”), and an executive director of the listed subsidiary, Asia Standard Hotel Group Limited (“Asia Standard Hotel”). Mr. Fung is also a director of certain subsidiaries of the Company. Mr. Fung is a holder of a Bachelor of Applied Science (Civil Engineering) degree and is also a fellow member of the Hong Kong Institution of Engineers. He joined the Company and its subsidiaries (together the “Group”) in 1988 and has over 35 years of experience in project management and construction. He is the uncle of Mr. Poon Hai and Mr. Poon Yeung, Roderick, both of them are Executive Directors of the Company. He is also the brother-in-law of Mr. Poon Jing and Dr. Lim Yin Cheng, the Managing Director of the Company and the Deputy Chairman of Asia Standard Hotel respectively.

### POON JING

## EQUITY LINKED AGREEMENTS

Save as disclosed in the sections "Share Option Schemes" on pages 43 to 48 and "Convertible Notes" on page 49, no equity linked agreements were entered into during the year or subsisted at the end of the year.

## SHARES ISSUED IN THE YEAR

Details of the shares of the Company issued in the year ended 31st March 2019 are set out in note 27 to the financial statements.

## PRINCIPAL PROPERTIES

Details of the principal properties of the Group are set out on pages 14 to 16.

## DONATIONS

During the year, the Group made charitable and other donations of HK\$1,197,000 (2018: HK\$7,561,000).

## DIRECTORS

The Directors of the Company during the year and at the date of this report were:

Mr. Fung Siu To, Clement  
Mr. Poon Jing  
Mr. Poon Hai  
Mr. Poon Yeung, Roderick  
Mr. Lun Pui Kan  
Mr. Kwan Po Lam, Phileas  
Mr. Cheung Kwok Wah  
Mr. Hung Yat Ming  
Mr. Wong Chi Keung

Messrs. Poon Yeung, Roderick and Wong Chi Keung will retire from office by rotation in accordance with the Bye-Laws of the Company (the “Bye-Laws”) and Mr. Fung Siu To, Clement will retire to comply with Appendix 14 of the Rules Governing the Listing of Securities (the “Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) at the forthcoming annual general meeting and, being eligible, offer themselves for re-election.

None of the Directors has a service contract with the Company which is not determinable by the Company within one year without payment of compensation other than statutory compensation.

## BIOGRAPHICAL DETAILS OF DIRECTORS AND SENIOR MANAGEMENT

Biographical details of Directors and senior management are set out on pages 33 to 35.

## DIRECTORS’ MATERIAL INTERESTS IN TRANSACTIONS, ARRANGEMENT AND CONTRACTS

No transactions, arrangement and contracts of significance in relation to the Company’s business to which the Company or its subsidiaries was a party and in which a Director of the Company and his connected party had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

## Report of the Directors

### PERMITTED INDEMNITY PROVISIONS

Subject to the Bermuda Companies Act 1981, the Bye-Laws and other relevant statutes, the Directors for the time being acting in relation to any of the affairs of the Company shall be indemnified and secured harmless out of the assets of the Company from and against all actions, costs, charges, losses, damages and expenses which he shall or may incur or sustain in the execution of his office. The Company has arranged appropriate Directors' and Officers' Liability Insurance Coverage for the Directors and Officers of the Group.

### ARRANGEMENTS TO PURCHASE SHARES OR DEBENTURES

Apart from the share option schemes of the Company as disclosed on pages 43 to 48, and that of subsidiaries, Asia Standard International Group Limited ("Asia Standard") and Asia Standard Hotel Group Limited ("Asia Standard Hotel"), at no time during the year was the Company or its subsidiaries a party to any arrangements to enable the Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

### DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN SHARES, UNDERLYING SHARES AND DEBENTURES

As at 31st March 2019, the interests and short positions of the Directors and Chief Executive of the Company in the shares, underlying shares and debentures of the Company and its associated corporations (within the meaning of the Securities and Futures Ordinance (the "SFO")) which (a) are required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which are taken or deemed to have under such provisions of the SFO); or (b) were recorded in the register required to be kept under section 352 of the SFO; or (c) were required to be notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 of the Listing Rules on the Stock Exchange were as follows:

#### (I) LONG POSITIONS IN SHARES

**(III) LONG POSITIONS IN UNDERLYING SHARES AND DEBENTURES****INTERESTS IN CONVERTIBLE NOTES***Associated corporations*

Asia Standard Hotel

Director	Nature of interest	Amount of convertible note held (HK\$)	Number of underlying shares held
Poon Jing	Corporate	1,219,619,192	2,692,316,098

Note:

By virtue of Mr. Poon Jing's controlling interest in the Company, he is deemed to be interested in the convertible notes (the "ASH Convertible Notes") held by the Company and its subsidiaries which are convertible into 2,692,316,098 shares of Asia Standard Hotel. The ASH Convertible Notes are redeemable at the redemption value of HK\$0.453 per note. Please refer to the section "Convertible Notes" on page 49 for details of the ASH Convertible Notes issued by Asia Standard Hotel.

Save as disclosed above, as at 31st March 2019, none of the Directors or Chief Executive (including their spouse and children under 18 years of age) of the Company had any interests or short positions in the shares, underlying shares or debentures of the Company or its associated corporations (within the meaning of the SFO) which (a) are required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which are taken or deemed to have under such provisions of the SFO); or (b) were recorded in the register required to be kept under section 352 of the SFO; or (c) were required to be notified to the Company and the Stock Exchange pursuant to the Model Code.

## Report of the Directors

### SUBSTANTIAL SHAREHOLDERS AND OTHER PERSONS' INTERESTS AND SHORT POSITIONS IN SHARES AND UNDERLYING SHARES

The register of substantial shareholders maintained under section 336 of the SFO shows that as at 31st March 2019, the Company had been notified of the following substantial shareholders' interests and short positions, being 5% or more of the Company's issued share capital. These interests are in addition to those disclosed above in respect of the Directors and Chief Executive.

#### LONG POSITIONS IN SHARES OF THE COMPANY

Shareholder	Capacity	Number of shares held	Percentage (%)
Heston Holdings Limited ("Heston") (Note 1)	Beneficial owner	50,429,573	5.99
Teddington Holdings Limited ("Teddington") (Note 1)	Beneficial owner	60,624,439	7.20
Dalton Investments LLC ("Dalton") (Note 2)	Investment manager	165,906,485	19.73
Clearwater Insurance Company ("Clearwater Insurance") (Note 2)	Trustee	48,341,035	5.74
Daswani Rajkumar Murlidhar	Beneficial owner	53,910,548	6.41

Notes:

1. Mr. Poon Jing, his family interest and the companies wholly owned by him namely Teddington, Heston and Full Speed Investments Limited together hold 424,140,387 shares. The interest of Teddington and Heston duplicate the interest of Mr. Poon Jing disclosed under the heading "Directors' and Chief Executive's interests and short positions in shares, underlying shares and debentures".
2. Dalton is the investment manager for Clearwater Insurance. The interest of Clearwater Insurance in the shares duplicates the interest of Dalton disclosed above.

Save as disclosed above, as at 31st March 2019, the Directors are not aware of any other persons who had interests or short positions in the shares or underlying shares of the Company which are required to be recorded in the register required to be kept under section 336 of the SFO.

## SHARE OPTION SCHEMES

### THE COMPANY

#### Share option scheme adopted on 29th August 2014 (the “2014 Share Option Scheme”)

The 2014 Share Option Scheme was adopted on 29th August 2014. Under 2014 Share Option Scheme, the board of Directors of the Company may grant options to any Director, employee, consultant, customer, supplier, agent, partner or advisers of or contractor to the Company, its subsidiaries or any invested entity, their discretionary trust or the companies owned by them. The purpose was to provide incentives, acknowledge the contributions of, motivate and maintain relationship with the eligible participants.

The total number of shares available for issue upon exercise of all options to be granted under 2014 Share Option Scheme must not exceed 76,476,084 shares, representing about 9.09% of the shares in issue at the date of this report. The total maximum number of shares which might be issued upon exercise of all outstanding options granted and yet to be exercised under 2014 Share Option Scheme and any other share option scheme must not exceed 30% of the shares in issue from time to time. The maximum number of shares in respect of which options might be granted to a participant, when aggregated with shares issued and issuable (including exercised, outstanding and cancelled options) under any option granted to the same participant under 2014 Share Option Scheme or any other share option scheme within any 12 months period, must not exceed 1% of the shares in issue from time to time.

Under 2014 Share Option Scheme, there was no requirement for a grantee to hold the option for a certain period before exercising the option unless otherwise determined by the Directors. The exercise period should be any period determined by the board of Directors but in any event the exercise period should not be later than 10 years from the date of grant. The grantee has to accept an option within 21 days from the date of offer by making a non-refundable payment of HK\$1 to the Company.

The subscription price shall be at the discretion of the board of Directors provided that it shall be not less than the highest of (i) the closing price of a share on the relevant date of grant; (ii) the average of the closing prices of the shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of a share. The 2014 Share Option Scheme is effective for 10 years from 29th August 2014.

The following table discloses details of the Company’s options granted under 2014 Share Option Scheme held by employees (including Directors):

Grantee	Outstanding as at 1st April 2018 and 31st March 2019
Directors (Note 1)	7,000,000

Notes:

- These share options were granted on 11th December 2015 and exercisable during the period from 11th December 2015 to 10th December 2025 at an exercise price of HK\$1.42 per share.
- During the year, no option was granted, exercised, cancelled or lapsed.

### ASSOCIATED CORPORATIONS

– **Asia Standard  
Share Option Scheme adopted on 27th August 2004 (the “2004 Asia Standard Share Option Scheme”)**

The 2004 Asia Standard Share Option Scheme was adopted on 27th August 2004. Under 2004 Asia Standard Share Option Scheme, the board of Directors of Asia Standard may grant options to any Director, employee, consultant, customer, supplier, agent, partner or advisers of or contractor to Asia Standard, its subsidiaries or any invested entity, their discretionary trust or the companies owned by them. The purpose was to provide incentives, acknowledge the contributions of, motivate and maintain relationship with the eligible participants.

The total number of shares available for issue upon exercise of all options granted under 2004 Asia Standard Share Option Scheme must not exceed 71,851,459 shares, representing about 5.44% of the Asia Standard's shares in issue at the date of this report. The total maximum number of shares which might be issued upon exercise of all outstanding options granted and yet to be exercised under 2004 Asia Standard Share Option Scheme and any other share option scheme must not exceed 30% of the Asia Standard's shares in issue from time to time. The maximum number of shares in respect of which options might be granted to a participant, when aggregated with shares issued and issuable (including exercised, outstanding and cancelled options) under any option granted to the same participant under 2004 Asia Standard Share Option Scheme or any other share option scheme within any 12 months period, must not exceed 1% of the Asia Standard's shares in issue from time to time.

Under 2004 Asia Standard Share Option Scheme, there was no requirement for a grantee to hold the Asia Standard option for a certain period before exercising Asia Standard option unless otherwise determined by the Directors of Asia Standard. The exercise period should be any period determined by the board of Directors of Asia Standard but in any event the exercise period should not be later than 10 years from the date of grant. The grantee has to accept an option within 21 days from the date of offer by making a non-refundable payment of HK\$1 to Asia Standard.

The subscription price shall be at the discretion of the board of Directors of Asia Standard provided that it shall be not less than the highest of (i) the closing price of a share on the relevant date of grant; (ii) the average of the closing prices of the shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of a share. The 2004 Asia Standard Share Option Scheme was effective for 10 years from 27th August 2004 and expired on the tenth anniversary of such adoption date. Following the expiry of 2004 Asia Standard Share Option Scheme, no further share option can be granted thereunder but all outstanding share options granted under 2004 Asia Standard Share Option Scheme and yet to be exercised shall remain valid and exercisable.

The following table discloses details of Asia Standard options granted under 2004 Asia Standard Share Option Scheme held by employees (including Directors):

Grantee	Outstanding as at 1st April 2018 and 31st March 2019
Other employee	1,000,000

Notes:

1. These options were granted on 13th March 2014 and exercisable during the period from 10th March 2017 to 12th March 2024 at an exercise price of HK\$2.00 per share.
2. During the year, no option was granted, exercised, cancelled or lapsed.

### Share option scheme adopted on 29th August 2014 (the “2014 Asia Standard Share Option Scheme”)

The 2014 Asia Standard Share Option Scheme was adopted on 29th August 2014. Under 2014 Asia Standard Share Option Scheme, the board of Directors of Asia Standard may grant options to any Director, employee, consultant, customer, supplier, agent, partner or advisers of or contractor to Asia Standard, its subsidiaries or any invested entity, their discretionary trust or the companies owned by them. The purpose was to provide incentives, acknowledge the contributions of, motivate and maintain relationship with the eligible participants.

The total number of shares available for issue upon exercise of all options to be granted under 2014 Asia Standard Share Option Scheme must not exceed 125,482,152 shares, representing about 9.50% of the Asia Standard’s shares in issue at the date of this report. The total maximum number of shares which might be issued upon exercise of all outstanding options granted and yet to be exercised under 2014 Asia Standard Share Option Scheme and any other share option scheme must not exceed 30% of the Asia Standard’s shares in issue from time to time. The maximum number of shares in respect of which options might be granted to a participant, when aggregated with shares issued and issuable (including exercised, outstanding and cancelled options) under any option granted to the same participant under 2014 Asia Standard Share Option Scheme or any other share option scheme within any 12 months period, must not exceed 1% of the Asia Standard’s shares in issue from time to time.

## Report of the Directors

Under 2014 Asia Standard Share Option Scheme, there was no requirement for a grantee to hold the Asia Standard option for a certain period before exercising the Asia Standard option unless otherwise determined by the Directors of Asia Standard. The exercise period should be any period determined by the board of Directors of Asia Standard but in any event the exercise period should not be later than 10 years from the date of grant. The grantee has to accept an option within 21 days from the date of offer by making a non-refundable payment of HK\$1 to Asia Standard.

The subscription price shall be at the discretion of the board of Directors of Asia Standard provided that it shall be not less than the highest of (i) the closing price of a share on the relevant date of grant; (ii) the average of the closing prices of the shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of a share. The 2014 Asia Standard Share Option Scheme is effective for 10 years from 29th August 2014.

The following table discloses details of Asia Standard options granted under 2014 Asia Standard Share Option Scheme held by employees (including Directors):

<b>Grantee</b>	<b>Outstanding as at 1st April 2018 and 31st March 2019</b>
Directors (Note 1)	7,000,000

Notes:

1. These share options were granted on 11th December 2015 and exercisable during the period from 11th December 2015 to 10th December 2025 at an exercise price of HK\$1.38 per share.
2. During the year, no option was granted, exercised, cancelled or lapsed.

### - **Asia Standard Hotel Share option scheme adopted on 28th August 2006 (the “2006 Asia Standard Hotel Share Option Scheme”)**

The 2006 Asia Standard Hotel Share Option Scheme was adopted on 28th August 2006. Under 2006 Asia Standard Hotel Share Option Scheme, the board of Directors of Asia Standard Hotel may grant options to any Director, employee, consultant, customer, supplier, agent, partner or advisers of or contractor to Asia Standard Hotel, its subsidiaries or any invested entity, their discretionary trust or the companies owned by them. The purpose was to provide incentives, recognise and acknowledge the contributions of, motivate and maintain an ongoing relationship with the eligible participants whose contributions are or will be beneficial to the long term growth of the Asia Standard Hotel Group.

The total number of shares available for issue upon exercise of all options granted under 2006 Asia Standard Hotel Share Option Scheme must not exceed 125,088,061 shares, representing about 6.19% of the Asia Standard Hotel's shares in issue at the date of this report. The total maximum number of shares which might be issued upon exercise of all outstanding options granted and yet to be exercised under 2006 Asia Standard Hotel Share Option Scheme and any other share option scheme must not exceed 30% of the Asia Standard Hotel's shares in issue from time to time. The maximum number of shares in respect of which options might be granted to a participant, when aggregated with shares issued and issuable (including exercised, outstanding and cancelled options) under any option granted to the same participant under 2006 Asia Standard Hotel Share Option Scheme or any other share option scheme within any 12 months period, must not exceed 1% of the Asia Standard Hotel's shares in issue from time to time.

Under 2006 Asia Standard Hotel Share Option Scheme, there was no requirement for a grantee to hold the Asia Standard Hotel option for a certain period before exercising the Asia Standard Hotel option unless otherwise determined by the Directors of Asia Standard Hotel. The exercise period should be any period determined by the board of Directors of Asia Standard Hotel but in any event the exercise period should not be later than 10 years from the date of grant. The grantee has to accept an option within 21 days from the date of offer by making a non-refundable payment of HK\$1 to Asia Standard Hotel.

The subscription price shall be at the discretion of the board of Directors of Asia Standard Hotel provided that it shall be not less than the highest of (i) the closing price of a share on the relevant date of grant; (ii) the average of the closing prices of the shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of a share. The 2006 Asia Standard Hotel Share Option Scheme was effective for 10 years from 28th August 2006 and expired on the tenth anniversary of such adoption date. Following the expiry of 2006 Asia Standard Hotel Share Option Scheme, no further share option can be granted thereunder but all outstanding share options granted under 2006 Asia Standard Hotel Share Option Scheme and yet to be exercised shall remain valid and exercisable.

The following table discloses details of Asia Standard Hotel options granted under 2006 Asia Standard Hotel Share Option Scheme held by employees (including Directors):

<b>Grantee</b>	<b>Outstanding as at 1st April 2018 and 31st March 2019</b>
Directors	28,800,000

Notes:

- These share options were granted on 11th December 2015 and exercisable during the period from 11th December 2015 to 10th December 2025 at an exercise price of HK\$0.343 (as adjusted) per share.
- During the year, no option was granted, exercised, cancelled or lapsed.

### **Share option scheme adopted on 8th September 2016 (the “2016 Asia Standard Hotel Share Option Scheme”)**

The 2016 Asia Standard Hotel Share Option Scheme was adopted on 8th September 2016. Under 2016 Asia Standard Hotel Share Option Scheme, the board of Directors of Asia Standard Hotel may grant options to any Director, employee, consultant, customer, supplier, agent, partner or advisers of or contractor to Asia Standard Hotel, its subsidiaries or any invested entity, their discretionary trust or the companies owned by them. The purpose was to provide incentives, recognise and acknowledge the contributions of, motivate and maintain an ongoing relationship with the eligible participants whose contributions are or will be beneficial to the long term growth of the Asia Standard Hotel Group.

The total number of shares available for issue upon exercise of all options to be granted under 2016 Asia Standard Hotel Share Option Scheme must not exceed, in aggregate, 10% of the issued ordinary shares of Asia Standard Hotel as at the date of adoption of 2016 Asia Standard Hotel Share Option Scheme or the date of shareholders' approval of a refreshment of such limit in a general meeting of Asia Standard Hotel (the “Scheme Limit”). The Scheme Limit was refreshed pursuant to an ordinary resolution passed by the shareholders at the annual general meeting of Asia Standard Hotel held on 30th August 2017 and the Scheme Limit as refreshed is 201,804,047 shares, representing about 10% of the Asia Standard Hotel's shares in issue at the date of this report. The total maximum number of shares which might be issued upon exercise of all outstanding options granted and yet to be exercised under 2016 Asia Standard Hotel Share Option Scheme and any other share option scheme must not exceed 30% of the Asia Standard's shares in issue from time to time. The maximum number of shares in respect of which options might be granted to a participant, when aggregated with shares issued and issuable (including exercised, outstanding and cancelled options) under any option granted to the same participant under 2016 Asia Standard Hotel Share Option Scheme or any other share option scheme within any 12 months period, must not exceed 1% of the Asia Standard Hotel's shares in issue from time to time.

Under 2016 Asia Standard Hotel Share Option Scheme, there was no requirement for a grantee to hold the Asia Standard Hotel option for a certain period before exercising the Asia Standard Hotel option unless otherwise determined by the Directors of Asia Standard Hotel. The exercise period should be any period determined by the board of Directors of Asia Standard Hotel but in any event the exercise period should not be later than 10 years from the date of grant. The grantee has to accept an option within 21 days from the date of offer by making a non-refundable payment of HK\$1 to Asia Standard Hotel.

The subscription price shall be at the discretion of the board of Directors of Asia Standard Hotel provided that it shall be not less than the highest of (i) the closing price of a share on the relevant date of grant; (ii) the average of the closing prices of the shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of a share. The 2016 Asia Standard Hotel Share Option Scheme is effective for 10 years from 8th September 2016. No share option has been granted since the adoption of 2016 Asia Standard Hotel Share Option Scheme.

## CONVERTIBLE NOTES

On 23rd February 2017, Asia Standard Hotel issued a total of 2,693,204,266 ASH Convertible Notes with principal amount of HK\$1,220 million (a redemption value of HK\$0.453 per note) which bears interest at 0.1% per annum and have dividend entitlement in order to fulfill the public float requirement under the Listing Rules. The ASH Convertible Notes were unsecured and redeemable. Where a final dividend on the shares has not been declared and paid in any particular year, the 0.1% coupon will be deferred until the next dividend payment (if previously unpaid) and the accumulated deferred coupon would be paid on maturity date.

Each noteholder has the option to convert the ASH Convertible Notes into fully paid ordinary share of Asia Standard Hotel on a one to one basis (subject to adjustment to certain corporate actions) at any time from the first business day immediately following the date of issue of the ASH Convertible Notes up to and including the date falling on the 10th business day prior to the thirtieth anniversary of the date of issue of the ASH Convertible Notes. Unless previously converted, the ASH Convertible Notes will be redeemed on the thirtieth anniversary of the date of issue of the ASH Convertible Notes at redemption price equal to 100% of the principal amount.

During the year, no ASH Convertible Note (2018: Nil) was converted into ordinary share of Asia Standard Hotel.

## PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

During the year, the Company had not redeemed any of its shares. Neither the Company nor any of its subsidiaries purchased or sold any of the Company's listed securities during the year.

## PRE-EMPTIVE RIGHTS

No pre-emptive rights exist in Bermuda in respect of the Company's share capital.

## MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

## BUSINESS REVIEW

A fair review of business of the Group, particulars of important events affecting the Group that have occurred since the end of the financial year, if any, an analysis using financial key performance indicators and indication of likely future development of the Group are set out in the section "Management Discussion and Analysis" on pages 8 to 13. Discussion on environmental policies and performance of the Group is set out in the section "Environmental, Social and Governance Report" on pages 18 to 24.

## Report of the Directors

### COMPLIANCE WITH LAWS AND REGULATIONS

The Group recognises the importance of compliance with laws and regulations. Compliance procedures are in place to ensure adherence to applicable laws, rules and regulations in particular, those have significant impact on the Group.

The Group has been allocating resources to ensure ongoing compliance with rules and regulations and any changes in the applicable laws, rules and regulations are brought to the attention of relevant employees and relevant operation units from time to time.

### PRINCIPAL RISKS AND UNCERTAINTIES

The Group believes that the factors described below represent the principal risks and uncertainties which may potentially affect its business, financial conditions, operations, and future prospect of the business. It does not represent that the factors described below are exhaustive.

#### Risks pertaining to property sales & leasing

The Group's property sales may be influenced by fluctuations of supply and demand in the real estate market, government policies to curb surging property prices such as double and special stamp duty dampen the demand, lowering the mortgage ratio raise the hurdle of financing and hence adversely affect demand. Demand is also sensitive to changes in interest rates.

Economic slowdown would hit retail market and cast downward pressure on property rental and occupancies.

#### Risks pertaining to hotel and travel operations

The Group's hotel and travel agency business may be significantly affected by factors outside our control such as government regulation, changes in market conditions, competition in the industry, excess hotel supply or reduced international or local demand for hotel rooms and associated services, foreign exchange fluctuations, the interest rate environment, and other natural and social factors which may affect the level of global travel and business activity.

As five of the Group's hotels are located in Hong Kong, the revenue from this business is sensitive to changes in the tourism industry in Hong Kong, which is greatly influenced by the attractiveness of Hong Kong as a destination for tourists, business travellers and conferences, particular for those from the PRC which comprised approximately 69% of the total overnight visitor arrivals to Hong Kong, and is the major source of business for our hotels.

The Group reviews and optimises its asset portfolio to ensure that it is sufficiently cost effective and efficient. The risk of adverse economic conditions is managed by ensuring proper monitoring of the business performance, and constant assessment of economic conditions and the appropriateness of the prevailing investment and business strategy.

### Risks pertaining to hotel or property developments

The Group engages external contractors to provide various services, including the construction of hotel expansions, hotel and property development projects. Completion of these projects is subject to the performance of external contractors, including the pre-agreed schedule for completion. Any delay in obtaining or failure to obtain the relevant government approvals or permits also affects completion. Furthermore, the government may re-enter the land if we fail to comply with the land grant conditions.

### Risks pertaining to financing

The Group requires funding to support the operations, working capital, and capital expenditure requirements of its hotels in operations, and of any property development in the future. The overall level and pace of future development of the Group may be impacted by factors such as the availability of capital, increase in costs of funding and currency fluctuation.

The Group maintains an open and proactive relationship with the banking community, arranging different terms of loan facilities from different sources with different tenures and ensures continuous assessment of counterparty risks.

### Risks pertaining to financial investments

The Group's financial performance is exposed to financial and capital market risks, including changes in interest rates, foreign exchange rates, credit spreads, equity prices, the performance of the economy in general and other factors outside our control. For further details of such risks and relevant management policies, please refer to note 3 to the Financial Statements from pages 96 to 107.

## RELATIONSHIP WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

The Group appreciates the importance of maintaining a good relationship with its customers to meet its immediate and long-term business goals. The Group values the feedback from customers through daily communication, and address customers' concern in a timely manner.

During the year ended 31st March 2019, there is no circumstance of any event between the Group and its customers which will have a significant impact on the Group's business and on which the Group's success depends. The account of key relationship with employees and suppliers on which the Group's success depends are set out in the section "Environmental, Social and Governance Report" on pages 18 to 24.

## MAJOR CUSTOMERS AND SUPPLIERS

The percentages of the Group's purchases and sales for the year attributable to major suppliers and customers were as follows:

Percentage of purchases attributable to the Group's largest supplier	71%
Percentage of purchases attributable to the Group's five largest suppliers	87%
Percentage of sales attributable to the Group's largest customer	39%
Percentage of sales attributable to the Group's five largest customers	56%

None of the Directors, their associates or shareholders, which to the knowledge of the Directors, held any interests in the share capital of the suppliers or customers noted above.

## Report of the Directors

### FINANCIAL ASSISTANCE AND GUARANTEE TO AFFILIATED COMPANIES

Pursuant to Rule 13.22 of the Listing Rules, a proforma combined balance sheet of affiliated companies with financial assistance from the Group and the Group's attributable interest in those affiliated companies as at 31st March 2019 are as follow:

	<b>Proforma combined balance sheet</b> HK\$'000	Group's attributable interest HK\$'000
Non-current assets	12,630,190	3,676,472
Current assets	9,668,970	4,271,473
Current liabilities	(4,770,385)	(1,346,998)
Non-current liabilities	(7,383,441)	(2,388,623)
	<b>10,145,334</b>	<b>4,212,324</b>

The proforma combined balance sheet of the affiliated companies is prepared by combining their balance sheet, after making adjustments to conform with the Group's significant accounting policies and re-grouping into significant classification in the balance sheet as at 31st March 2019.

### INDEPENDENT NON-EXECUTIVE DIRECTORS

Confirmation of independence pursuant to the independence guidelines under the Listing Rules has been received from each of the Independent Non-executive Directors of the Company and the Company considers all existing Independent Non-executive Directors are independent.

### SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to and within the knowledge of the Directors, it is confirmed that there is sufficient public float of more than 25% of the Company's issued shares at the latest practicable date prior to the issuance of this report.

### AUDITOR

The financial statements have been audited by PricewaterhouseCoopers who retire and, being eligible, offer themselves for re-appointment.

On behalf of the Board

**Fung Siu To, Clement**

*Chairman*

Hong Kong, 27th June 2019

# Independent Auditor's Report

## To the Shareholders of Asia Orient Holdings Limited

*(incorporated in Bermuda with limited liability)*

## OPINION

### WHAT WE HAVE AUDITED

The consolidated financial statements of Asia Orient Holdings Limited (the "Company") and its subsidiaries (the "Group") set out on pages 61 to 164, which comprise:

- the consolidated balance sheet as at 31st March 2019;
- the consolidated profit and loss account for the year then ended;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, which include a summary of significant accounting policies.

### OUR OPINION

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31st March 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### INDEPENDENCE

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

## Independent Auditor's Report

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters identified in our audit are summarised as follows:

- Impairment assessment of listed debt securities which are classified as financial assets at fair value through other comprehensive income and the related accrued interest
- Valuation of investment properties
- Recoverability of properties under development for sale and impairment of property held for development for sale

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b>Impairment assessment of listed debt securities which are classified as financial assets at fair value through other comprehensive income and the related accrued interest</b></p>	<p>The procedures we performed included:</p> <ul style="list-style-type: none"> <li>- Testing the key controls of the Group's over ECL, including the controls over model selection and staging determination to assess any significant increase in credit risk, forecasts of expected cash flows per contract as compared to under default situation, benchmarking analysis of credit worthiness, etc.</li> <li>- With the assistance of our internal valuation/modelling specialists, we performed the following procedures: <ul style="list-style-type: none"> <li>• Evaluating whether the ECL models were built appropriately to assess the Group's financial assets at fair value through other comprehensive income and the related accrued interest.</li> </ul> </li> </ul>
<p><i>Refer to notes 4, 6 and 18 to the consolidated financial statements</i></p>	
<p>As at 31st March 2019, the Group has a substantial portfolio of listed debt securities which are classified as financial assets at fair value through other comprehensive income. The related charge in expected credit losses ("ECL") for the year is accounted for in the consolidated profit and loss account. The Group adopts a "three-stage" model for impairment assessment based on changes in credit quality since initial recognition to estimate the expected credit losses for individual debt securities and related accrued interest.</p>	

## KEY AUDIT MATTERS (Continued)

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b>Impairment assessment of listed debt securities which are classified as financial assets at fair value through other comprehensive income and the related accrued interest</b> (Continued)</p> <p>We identified impairment assessment under HKFRS 9 as a key audit matter, as it is complex and significant management judgments have been involved in:</p> <ol style="list-style-type: none"> <li>1) Staging determination</li> <li>2) Application of model assumptions</li> <li>3) Forward-looking adjustment</li> </ol>	<ul style="list-style-type: none"> <li>• Evaluating the reasonableness of staging determination against the Group's historical credit loss experience, the circumstances concerning the business and financial affairs of the underlying companies at the time of initial recognition as well as at the end of the reporting period, industry information and expected outlook.</li> <li>• Evaluating the detailed application of key ECL model assumptions, which includes possibility of default, loss given default, exposure at default, discount rate, etc., and assessed the reasonableness of key management's judgements involved by performing the following: <ul style="list-style-type: none"> <li>• Evaluating the management's assessment on the expected forward-looking view of the industry of the underlying companies by considering the relevance of the macro-economic factors and their correlation impacting the ability to pay.</li> <li>• Testing the accuracy of ECL data inputs during the period on a sampling basis, by reviewing the counterparties' credit information such as credit exposure, credit risk ratings, loss rates, overdue status, underlying assets and other relevant information.</li> <li>• Testing the accuracy of the calculation of ECL charge to check whether it is consistent with the Group's ECL model methodologies on a sampling basis.</li> </ul> </li> </ul> <p>Based on the work performed, the methodologies, assumptions and inputs adopted in impairment assessment by the Group for the financial assets at fair value through other comprehensive income and the related accrued interest were considered supportable.</p>

## KEY AUDIT MATTERS (Continued)

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b>Valuation of investment properties</b></p> <p><i>Refer to notes 4, 14 and 16 to the consolidated financial statements</i></p> <p>As at 31st March 2019, the Group's investment properties portfolio included investment properties held by subsidiaries and an associated company.</p> <p>Management engaged an independent valuer to estimate the fair value of investment properties of the Group and the associated company as at 31st March 2019 based on the direct comparison method.</p> <p>The key assumptions used in the independent valuation of investment properties require significant judgement and estimation and therefore this matter is our audit focus.</p>	<p>Our audit procedures in relation to the valuation of investment properties included:</p> <ul style="list-style-type: none"> <li>• Evaluating the independent valuers' competence, capabilities and objectivity;</li> <li>• Obtaining the valuation reports and holding meetings with the independent valuer, together with our own experts in property valuation, to discuss and evaluate the valuation methodology and key assumptions adopted, focusing on market comparables;</li> <li>• Assessing the market comparables used by the independent valuer by benchmarking these against recent transactions for similar properties and locations.</li> </ul> <p>We found the methodology used in the valuation of investment properties were appropriate and key assumptions used were supported by the available evidence.</p>

## KEY AUDIT MATTERS (Continued)

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b>Recoverability of properties under development for sale and impairment of property held for development for sale</b></p>	<p>Our audit procedures in relation to evaluating management's assessment of recoverability of property development projects included:</p>
<p><i>Refer to notes 4, 16 and 19 to the consolidated financial statements</i></p>	<ul style="list-style-type: none"> <li>• Comparing the expected future sales prices to current market prices of comparable properties;</li> </ul>
<p>The Group has a number of properties under development for sale and property held for development for sale ("property development projects") held by subsidiaries and joint ventures.</p>	<ul style="list-style-type: none"> <li>• Meetings with project managers for major properties under development for sale to understand the progress of development and challenge the assumptions for forecast development costs to complete;</li> </ul>
<p>Management assessed the recoverability of properties under development for sale based on estimates of the net realisable values of the underlying properties for each project and concluded no provision is necessary as at 31st March 2019. This involved the estimation of construction costs to be incurred to complete the properties under development based on existing plans and forecast of future sales.</p>	<ul style="list-style-type: none"> <li>• Corroborating the cost estimates provided by management and project managers to latest approved budgets and approved development plans;</li> </ul>
<p>The estimation of net realisable values depends on key assumptions that require significant management judgement, including selling price per square foot and budgeted costs of construction.</p>	<ul style="list-style-type: none"> <li>• Benchmarking estimated construction costs to external industry data;</li> </ul>
<p>The property held for development for sale represents a piece of land in Macau ("Macau Project"). The provisional 25 year lease has expired in December 2015. In February 2017, the Macau Government issued a Declaration of Expiry of Land Concession based on Article 48 of the Land Law ("Declared Expiry"). The Group lodged a judicial appeal against the Declared Expiry in March 2017 which is pending a decision by the Second Instance Court of Macau. Based on an assessment of the available facts and circumstances, the Group considered the full write-down against the Macau Project made in prior year continues to be appropriate as at 31st March 2019.</p>	<ul style="list-style-type: none"> <li>• Performing independent legal title searches and site visits of major projects;</li> </ul>
<p>We focused on the net realisable value assessment of the above items as it involved significant judgement.</p>	<ul style="list-style-type: none"> <li>• In respect of the Macau Project, we inspected correspondence with the Macau Government and relevant departments and obtained the Group's external legal counsel opinion. We also held discussions with the Group's external legal counsel to understand the Declared Expiry process and their legal interpretation of this matter, the merits of the judicial appeal and any further actions that might be undertaken by the Group to claim for compensation and for damages.</li> </ul>
<p>We found management's assessment of recoverability of property under development for sale and write-down were supported by the available evidence.</p>	

## Independent Auditor's Report

### OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

## Independent Auditor's Report

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Liao Weining.

# Notes to the Financial Statements

## 1 GENERAL INFORMATION

Asia Orient Holdings Limited (the “Company”) is a limited liability company incorporated in Bermuda and is listed on The Stock Exchange of Hong Kong Limited (“HKEX”). The address of its principle office is 30th Floor, MassMutual Tower (renamed as YF Life Tower on 1st June 2019), 33 Lockhart Road, Wanchai, Hong Kong.

## 2 PRINCIPAL ACCOUNTING POLICIES

### (A) BASIS OF PREPARATION

The consolidated financial statements have been prepared under the historical cost convention as modified by the revaluation of investment properties, available-for-sale (“AFS”) investments, financial assets at fair value through profit or loss (“FVPL”), financial assets at fair value through other comprehensive income (“FVOCI”) and derivative financial instruments, which are carried at fair value, and in accordance with all applicable Hong Kong Financial Reporting Standards (“HKFRS”).

The principal accounting policies applied by the Company and its subsidiaries (collectively, the “Group”) in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

The preparation of financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 4.

### (B) THE ADOPTION OF NEW/REVISED STANDARDS, AMENDMENTS AND IMPROVEMENTS TO STANDARDS

The accounting policies and methods of computation used in the preparation of these annual financial statements are consistent with those used in 2018, except adoption of the following new or revised standards, amendments and improvements to standard and interpretations of HKFRS that are effective for the first time for this year which are relevant to the Group’s operation and are mandatory for accounting periods beginning on or after 1st January 2018:

Annual improvement HKFRS 9	Annual improvements 2014-2016 cycle Financial Instruments
HKFRS 15	Revenue from contracts with customers
HK (IFRIC) - Interpretation 22	Foreign currency transactions and advance consideration

Except for HKFRS 9 and HKFRS 15, the adoption of the other new or revised standards, amendments and improvement to standards and interpretations of HKFRS stated above did not have significant impact to the consolidated financial statements in the current and prior years.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (B) THE ADOPTION OF NEW/REVISED STANDARDS, AMENDMENTS AND IMPROVEMENTS TO STANDARDS (Continued)

The adoption of HKFRS 9 and HKFRS 15 from 1st April 2018 resulted in changes in accounting policies and adjustments to the amounts recognised in the financial statements. In accordance with the transitional provisions in HKFRS 9 and HKFRS 15, comparative figures have not been restated.

#### HKFRS 9 Financial Instruments

The Group's existing AFS investments as at 31 March 2018 would be reclassified as financial assets at FVPL and financial assets at FVOCI. It would have no change to the fair value measurement method of the long term equity investments classified as financial assets at FVOCI from AFS investments except for any gains or losses realised upon sale will no longer be transferred to the consolidated profit and loss account, but instead reclassified from "investment revaluation reserve" (previously named as "AFS investment reserve") to "revenue reserve". In addition, there will be no more impairment losses required to be charged to the consolidated profit and loss account for equity investments at FVOCI under the new guidance.

Equity investments that were previously classified as financial assets at FVPL at 31 March 2018 are continued to be classified as financial assets at FVPL, except for financial assets at FVPL previously included in non-current assets to be classified as financial assets at FVOCI, on 1 April 2018. There is no change in the measurement of fair value and realised gains or losses.

The Group's investments in debt securities that were previously classified as financial assets at FVPL satisfied the conditions for classification as financial assets at FVOCI. Therefore, all unrealised fair value changes of these debt investments would be recognised in other comprehensive income (except unrealised exchange differences and changes in expected credit losses which would be recognised in the consolidated profit and loss account). Any gains or losses realised upon disposal would be recognised in the consolidated profit and loss account.

The new impairment provisions under HKFRS 9 requires the recognition of impairment based on expected credit losses rather than only incurred credit losses as is the case under HKAS 39. It applies to financial assets classified at amortised cost, debt instruments measured at FVOCI, contract assets under HKFRS 15, lease receivables, loan commitments and certain financial guarantee contracts.

From 1st April 2018, the Group assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (B) THE ADOPTION OF NEW/REVISED STANDARDS, AMENDMENTS AND IMPROVEMENTS TO STANDARDS (Continued)

#### HKFRS 9 Financial Instruments (Continued)

For trade receivables, the Group applies the simplified approach permitted by HKFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

There will be no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at FVPL and the Group does not have any such liabilities. The derecognition rules have been transferred from HKAS 39 "Financial Instruments: Recognition and Measurement" and have not been changed.

The new hedge accounting rules will align the accounting for hedging instruments more closely with the Group's risk management practices. As a general rule, more hedge relationships might be eligible for hedge accounting, as the standard introduces a more principles-based approach. However, the Group did not identify any new hedge relationships upon the adoption of HKFRS 9.

The Group will not apply the standard retrospectively as permitted under the new standard. Comparative information for prior periods with respect to classification and measurement (including impairment) changes is not restated and any differences in the previous carrying amounts and the carrying amount at the beginning of current accounting period will be recognised as an adjustment to the opening balance of revenue reserve (or other component of equity, as appropriate) in the year of adoption.

#### HKFRS 15 Revenue from contracts with customers

HKFRS 15 replaces both the provisions of HKAS 18 "Revenue" and HKAS 11 "Construction contracts" and the related interpretations that relate to the recognition, classification and measurement of revenue and costs.

In prior reporting years, the Group accounted for property development activities when significant risks and rewards of ownership of properties have been transferred to the customers. Under HKFRS 15, revenue from pre-sales of properties under development is recognised when or as the control of the asset is transferred to the customer. Depending on the terms of the contract and laws that apply to the contract, control of the properties under development may transfer over time or at a point in time. Control of the properties under development is transferred over time if the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

When control of the property transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the completed property.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (B) THE ADOPTION OF NEW/REVISED STANDARDS, AMENDMENTS AND IMPROVEMENTS TO STANDARDS (Continued)

#### **HKFRS 15 Revenue from contracts with customers (Continued)**

The progress towards complete satisfaction of the performance obligation is measured based on the property development costs incurred as a percentage of total estimated costs for complete satisfaction as allocated to the contract.

Revenue from the Group's existing pre-sale properties contracts will remain unchanged and recognised at a single point in time. Revenue from pre-sale properties contracts entered in the future might be recognised at a single point in time or over a period depending on the terms of contract and laws that apply to the contract.

The timing of revenue recognition for sale of completed properties, which is currently based on whether significant risk and reward of ownership of properties is transferred, will be recognised at a later point in time when the underlying property is legally or physically transferred to the customer under the control transfer model.

The application of HKFRS 15 may result in the identification of separate performance obligations which could affect the timing of the recognition of revenue from service.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (B) THE ADOPTION OF NEW/REVISED STANDARDS, AMENDMENTS AND IMPROVEMENTS TO STANDARDS (Continued)

The following new standards, amendments and improvements to standards are relevant to the Group's operation but not yet effective

Effective for accounting periods beginning on or after:

#### 1st January 2019

Annual improvement	Annual improvements 2015-2017 cycle
Amendments to HKAS 28	Long-term interests in associates and joint ventures
HK(IFRIC) - Interpretation 23	Uncertainty over income tax treatments
HKFRS 16	Leases

#### 1st January 2020

Amendments to HKFRS 3	Definition of a business
Conceptual framework for financial reporting 2018	Revised conceptual framework for financial reporting

#### To be determined

Amendments to HKFRS 10 and HKAS 28	Sale or contribution of assets between an investor and its associate or joint venture
------------------------------------	---

#### HKFRS 16

"Leases" addresses the definition of a lease, recognition and measurement of leases and establishes principles for reporting useful information to users of financial statements about the leasing activities of both lessees and lessors. A key change arising from HKFRS 16 is that most operating leases will be accounted for on balance sheet for lessees. The standard replaces HKAS 17 "Leases", and related interpretations. Some of the commitments maybe covered by the exception for short-term and low-value leases under HKFRS16. The standard will affect primarily the accounting for the Group's operating leases. The Group does not expect significant impact on application of the standard.

#### *Date of adoption by Group*

The new standard is mandatory for the Group from financial year commencing on 1st April 2019. At this stage, the Group does not intend to adopt the standard before its effective date.

Other than HKFRS 16, the Group is in the process of making an assessment of the impact of these new/ revised standards, amendments and improvements to standards and is not yet in a position to state whether they would have a significant impact on the Group's results and financial position.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (C) BASIS OF CONSOLIDATION

The consolidated financial statements of the Group include the financial statements of the Company and all its subsidiaries made up to 31st March.

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the consolidated profit and loss account.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. Accounting policies of subsidiaries have been changed where necessary in the consolidated financial statements to ensure consistency with the accounting policies adopted by the Group.

Transactions with non-controlling interests that do not result in a loss of control are accounted for as equity transactions - that is, as transactions with the owners of the subsidiary in their capacity as owners. The difference between fair value any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

When the Group ceases to have control, any retained interest in the entity is remeasured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (D) SUBSIDIARIES

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date control ceases.

In the Company's balance sheet, the investments in subsidiaries are stated at cost less provision for impairment losses. Cost is adjusted to reflect changes in consideration arising from contingent consideration amendments. Cost also includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

### (E) JOINT ARRANGEMENTS

Under HKFRS 11, investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations each investor. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures. Investments in joint ventures are accounted for using the equity method of accounting and are initially recognised at cost.

The Group's share of its joint ventures' post-acquisition profits or losses is recognised in the consolidated profit and loss account, and its share of post-acquisition movements in other comprehensive income is recognised in the Group's other comprehensive income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in a joint venture equals or exceeds its interest in the joint venture, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint venture.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (E) JOINT ARRANGEMENTS (Continued)

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of joint ventures have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

The Group determines at each reporting date whether there is any objective evidence that the investment in the joint ventures is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint ventures and its carrying value and recognises the amount adjacent to "share of profits less losses of joint ventures" in the consolidated profit and loss account.

### (F) ASSOCIATED COMPANIES

Associated companies are all entities over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associated companies are accounted for using the equity method of accounting and are initially recognised at cost.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

The Group's share of its associated companies' post-acquisition profits or losses is recognised in the consolidated profit and loss account, and its share of post-acquisition movements in other comprehensive income is recognised in the Group's other comprehensive Income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in an associated company equals or exceeds its interest in the associated company, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associated company.

Unrealised gains on transactions between the Group and its associated companies are eliminated to the extent of the Group's interest in the associated companies. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associated companies have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (F) ASSOCIATED COMPANIES (Continued)

Gain or losses on dilution of equity interest in associated companies are recognised in the consolidated profit and loss account.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount adjacent to “share of profits less losses of associated companies” in the consolidated profit and loss account.

### (G) BALANCES WITH SUBSIDIARIES, JOINT VENTURES AND ASSOCIATED COMPANIES

Balances with subsidiaries, joint ventures and associated companies are split into its financial assets/liabilities and equity components at initial recognition. The financial assets/liabilities component is initially stated at fair value and subsequently carried at amortised cost. The equity component is recognised at cost.

### (H) GOODWILL

Goodwill represents the excess of the cost of acquisition over the fair values of the Group's share of the net identifiable assets of the acquired subsidiaries, joint ventures and associated companies at the date of acquisition. If the Group's share of the net identifiable assets of the acquired subsidiaries, joint ventures and associated companies at the date of acquisition is more than the cost of acquisition, the excess will be recognised as a gain in the consolidated profit and loss account. Goodwill on acquisition of a foreign operation is treated as an asset of the foreign operation and translated at closing rate.

Goodwill on acquisition of a subsidiary is included in intangible assets. Goodwill on acquisitions of joint ventures and associated companies is included in investments in joint ventures and associated companies respectively. Goodwill as intangible asset is tested for impairment at least annually and whenever there is any impairment indication and carried at cost less accumulated impairment losses.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. Impairment losses recognised on goodwill are not reversed.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (I) FINANCIAL INVESTMENTS/DERIVATIVE FINANCIAL INSTRUMENTS

#### (i) Classification

From 1 April 2018, the Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income (“OCI”) or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the entity’s business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit and loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at FVOCI.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

#### (ii) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (I) FINANCIAL INVESTMENTS/DERIVATIVE FINANCIAL INSTRUMENTS (Continued)

#### (iii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at FVPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### (a) Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in interest revenue using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in "net investment gain/(loss)" together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the consolidated profit and loss account.
- **FVOCI:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in "net investment gain/(loss)". Interest income from these financial assets is included in interest revenue using the effective interest rate method. Foreign exchange gains and losses are presented in "net investment gain/(loss)" and impairment expenses are presented as separate line item in the consolidated profit and loss account.
- **FVPL:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognised in profit or loss and presented net within "net investment gain/(loss)" in the period in which it arises.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (I) FINANCIAL INVESTMENTS/DERIVATIVE FINANCIAL INSTRUMENTS (Continued)

#### (iii) Measurement (Continued)

##### (b) *Equity instruments*

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as "sales of goods and services, leasing and other revenue" when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognised in "net investment gain/(loss)" in the consolidated profit and loss account as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

#### (iv) Impairment

From 1 April 2018, the Group assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by HKFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables, see note 4(c) for further details.

#### (v) Accounting policies applied until 31 March 2018

The Group did not applied HKFRS 9 retrospectively as permitted under the new standard. Comparative information for prior periods with respect to classification and measurement (including impairment) changes is not restated.

Until 31st March 2018, the Group classifies its investments and other financial assets in the following categories: financial assets at FVPL, loans and receivables, AFS investments and derivative financial instruments. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments and other financial assets at initial recognition.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (I) FINANCIAL INVESTMENTS/DERIVATIVE FINANCIAL INSTRUMENTS (Continued)

#### (v) Accounting policies applied until 31 March 2018 (Continued)

##### (a) *Reclassification*

The Group could choose to reclassify a non-derivative trading financial asset out of the held for trading category if the financial asset was no longer held for the purpose of selling it in the near term. Financial assets other than loans and receivables were permitted to be reclassified out of the held for trading category only in rare circumstances arising from a single event that was unusual and highly unlikely to recur in the near term. In addition, the Group could choose to reclassify financial assets that would meet the definition of loans and receivables out of the held for trading or AFS categories if the Group had the intention and ability to hold these financial assets for the foreseeable future or until maturity at the date of reclassification.

Reclassifications were made at fair value as of the reclassification date. Fair value became the new cost or amortised cost as applicable, and no reversals of fair value gains or losses recorded before reclassification date were subsequently made. Effective interest rates for financial assets reclassified to loans and receivables and held-to-maturity categories were determined at the reclassification date. Further increases in estimates of cash flows adjusted effective interest rates prospectively.

##### (b) *Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on the trade-date - the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

When securities classified as AFS are sold or impaired, the accumulated fair value adjustments previously recognised in investment revaluation reserve are included in the consolidated profit and loss account.

##### (c) *Measurement*

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at FVPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Loans and receivables are subsequently carried at amortised cost using the effective interest method.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (I) FINANCIAL INVESTMENTS/DERIVATIVE FINANCIAL INSTRUMENTS (Continued)

#### (v) Accounting policies applied until 31 March 2018 (Continued)

##### (c) Measurement (Continued)

AFS investments and financial assets at FVPL were subsequently carried at fair value. Gains or losses arising from changes in the fair value are recognised as follows:

- for 'financial assets at FVPL' - in "net investment gain/(loss)"
- for AFS investments that are monetary securities denominated in a foreign currency - translation differences related to changes in the amortised cost of the security were recognised in profit or loss and other changes in the carrying amount were recognised in OCI
- for other monetary and non-monetary securities classified as AFS - in OCI.

Details on how the fair value of financial instruments is determined are disclosed in note 18.

##### (d) Impairment

The Group assessed at the end of each reporting period whether there was objective evidence that a financial asset or group of financial assets was impaired. A financial asset or a group of financial assets was impaired and impairment losses were incurred only if there was objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) had an impact on the estimated future cash flows of the financial asset or group of financial assets that could be reliably estimated. In the case of equity investments classified as AFS, a significant or prolonged decline in the fair value of the security below its cost was considered an indicator that the assets are impaired.

##### Assets carried at amortised cost

For loans and receivables, the amount of the loss was measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that had not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset was reduced and the amount of the loss was recognised in profit or loss. If a loan or held-to-maturity investment had a variable interest rate, the discount rate for measuring any impairment loss was the current effective interest rate determined under the contract. As a practical expedient, the Group could measure impairment on the basis of an instrument's fair value using an observable market price.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (I) FINANCIAL INVESTMENTS/DERIVATIVE FINANCIAL INSTRUMENTS (Continued)

#### (v) Accounting policies applied until 31 March 2018 (Continued)

##### (d) Impairment (Continued)

Assets carried at amortised cost (Continued)

If, in a subsequent period, the amount of the impairment loss decreased and the decrease could be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss was recognised in profit or loss.

Assets classified as AFS

If there was objective evidence of impairment for AFS investments, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss - was removed from equity and recognised in profit or loss.

Impairment losses on equity instruments that were recognised in profit or loss were not reversed through profit or loss in a subsequent period.

If the fair value of a debt instrument classified as AFS increased in a subsequent period and the increase could be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss was reversed through profit or loss.

#### (vi) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet where the Company currently has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The Company has also entered into arrangements that do not meet the criteria for offsetting but still allow for the related amounts to be set off in certain circumstances, such as bankruptcy or the termination of a contract.

## Notes to the Financial Statements

### 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

#### (J) PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at historical cost less depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are expensed in the profit and loss account during the financial period in which they are incurred.

Leasehold land classified as finance lease commences amortisation from the time when the land interest become available for its intended use. Amortisation on leasehold land classified as finance lease and depreciation of property, plant and equipment is calculated using the straight-line method to allocate cost to their residual values over their estimated useful lives, as follows:

Leasehold land	Remaining lease term
Hotel and other building in Hong Kong	Shorter of 50 years or the remaining lease period of the land on which the buildings are located
Other equipment	3 to 10 years

No depreciation is provided for buildings under development.

Freehold land is not amortised.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

The gain or loss on disposal of an asset is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in the consolidated profit and loss account.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 2(K)).

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (K) IMPAIRMENT OF NON-FINANCIAL ASSETS

Assets that have an indefinite useful life or are not yet available for use and are not subject to depreciation or amortisation and are tested annually for impairment. Assets that are subject to depreciation or amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

### (L) INVESTMENT PROPERTIES

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the companies in the consolidated group, is classified as investment property. Investment property comprises land and buildings. Land held under operating leases are classified and accounted for as investment property when the rest of the definition of investment property is met. The operating lease is accounted for as if it were a finance lease.

Investment properties are measured initially at its cost, including related transaction costs. After initial recognition, investment properties are carried at fair value and are valued at least annually by independent valuers. The valuations are on an open market basis, related to individual properties, and separate values are not attributed to land and buildings. The fair value of investment property reflects, among other things, rental income from current leases and assumptions about rental income from future leases in the light of current market conditions. Investment property that is being redeveloped for continuing use as investment property continues to be measured at fair value. Changes in fair values are recognised in the consolidated profit and loss account.

Subsequent expenditure is charged to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed in the consolidated profit and loss account during the financial period in which they are incurred.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment, and its fair value at the date of reclassification becomes its cost for accounting purposes.

## Notes to the Financial Statements

### 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

#### **(M) PROPERTIES HELD FOR DEVELOPMENT FOR SALE**

Properties held for development for sale are stated at the lower of cost and net realisable value. Cost comprises leasehold land, construction costs, interest and other direct expenses capitalised during the course of development. Net realisable value is determined on the basis of anticipated sales proceeds less estimated selling expenses.

#### **(N) PROPERTIES UNDER DEVELOPMENT FOR SALE**

Properties under development for sale are included in current assets and comprise leasehold land, construction costs, interest and other direct costs attributable to such properties and are stated at the lower of cost and net realisable value.

#### **(O) COMPLETED PROPERTIES HELD FOR SALE**

Completed properties held for sale are stated at the lower of cost and net realisable value. Cost comprises leasehold land, construction costs, interest and other direct expenses capitalised during the course of development. Net realisable value is determined on the basis of anticipated sales proceeds less estimated selling expenses.

#### **(P) HOTEL AND RESTAURANT INVENTORIES**

Hotel and restaurant inventories comprise consumables and are stated at the lower of cost and net realisable value. Cost is calculated on the weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less selling expenses.

#### **(Q) TRADE AND OTHER RECEIVABLES**

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. See note 20 for further information about the Group's accounting for trade receivables and note 4(c) for a description of the Group's impairment policies.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (R) TRADE PAYABLES

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

### (S) PROVISIONS

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not an outflow of resources will be required to settle the obligation, and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

### (T) BORROWINGS

Borrowings are recognised initially at fair value, net of transaction costs incurred. Transaction costs are incremental costs that are directly attributable to the initiation of the borrowings, including fees and commissions paid to agents, advisers, brokers and dealers, levies by regulatory agencies and securities exchanges, and transfer taxes and duties. Borrowings are subsequently stated at amortised cost with any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the consolidated profit and loss account or capitalised when applicable (note 2(AA)) over the period of the borrowings using the effective interest method. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

### (U) EMPLOYEE BENEFITS

#### (i) Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the balance sheet date.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

#### (ii) Retirement benefits obligations

The Group contributes to several defined contribution retirement schemes which are available to employees. The assets of the schemes are held separately from those of the Group in independently administered funds. The Group has no further payment obligations once the contributions have been paid. The Group's contributions to these schemes are expensed as incurred.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (U) EMPLOYEE BENEFITS (Continued)

#### (iii) Share-based compensation

The Group operates a number of equity-settled, share-based compensation plans. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed over the vesting period is determined by reference to the fair value of the options granted, excluding the impact of any non-market vesting conditions (for example, profitability and sales growth targets). Non-market vesting conditions are included in assumptions about the number of options that are expected to vest. At each balance sheet date, the Group revises its estimates of the number of options that are expected to vest based on the non-marketing vesting conditions. It recognises the impact of the revision of original estimates, if any, in the profit and loss account, with a corresponding adjustment to equity.

When the options are exercised, the Company issue new shares. The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium.

### (V) CURRENT AND DEFERRED INCOME TAX

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries, associated companies and joint ventures operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or a liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (V) CURRENT AND DEFERRED INCOME TAX (Continued)

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, joint ventures and associated companies, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

### (W) SHARE CAPITAL

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

### (X) SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources, assessing performance of the operating segments and making strategies decisions, is identified as the Board of Directors of the Company.

### (Y) REVENUE RECOGNITION

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue is recognised as follows:

#### (i) Properties

Revenue from pre-sales of properties under development is recognised when or as the control of the asset is transferred to the customer. Depending on the terms of the contract and laws that apply to the contract, control of the properties under development may transfer over time or at a point in time. Control of the properties under development is transferred over time if the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

When control of the property transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the completed property.

## Notes to the Financial Statements

### 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

#### (Y) REVENUE RECOGNITION (Continued)

##### (ii) Investment properties

Rental income from investment properties is recognised on a straight line basis over the terms of the respective leases.

##### (iii) Hotel, travel operation and management services businesses

Revenue from hotel room rental is recognised over time during the period of stay for the hotel guests.

Revenue from hotel food and beverage sales and other ancillary services is generally recognised at the point in time when the services are rendered.

Revenue from incentive travel tours is recognised over time and as gross when the service is delivered.

Revenue from sale of air tickets and hotel reservation arrangements are recognised at a point in time and as agency commission earned when the tickets and the confirmation documents are issued, respectively.

Management service fee income is recognised when services are rendered.

##### (iv) Financial investments

Interest income is recognised on a time proportion basis using the effective interest method. Dividend income is recognised when the right to receive payment is established.

#### (Z) FOREIGN CURRENCY TRANSLATION

##### (i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars, which are the Company's functional and the Group's presentation currency.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### (Z) FOREIGN CURRENCY TRANSLATION (Continued)

#### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated profit and loss account, except when deferred in equity as qualifying cash flow hedges.

Changes in the fair value of monetary securities denominated in foreign currency classified as financial assets at FVOCI are analysed between translation differences resulting from changes in the amortised cost of the securities and other changes in the carrying amount of the securities. Translation differences related to changes in the amortised cost are recognised in the consolidated profit and loss account, and other changes in the carrying amount are recognised in OCI.

Translation differences on non-monetary financial assets and liabilities such as equities held at FVPL are recognised in the consolidated profit and loss account as part of the fair value gain or loss. Translation differences on non-monetary financial assets such as equities classified as financial assets at FVOCI are included OCI.

#### (iii) Group companies

The results and financial position of all the group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (a) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- (b) income and expenses for each profit and loss account and statement of comprehensive income are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (c) all resulting currency translation differences are recognised in OCI.

## Notes to the Financial Statements

### 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

#### **(Z) FOREIGN CURRENCY TRANSLATION (Continued)**

##### **(iii) Group companies (Continued)**

On consolidation, exchange currency translation arising from the translation of the net investment in foreign operations, are taken to other comprehensive income. When a foreign operation is sold, all of the differences accumulated in equity are reclassified to the consolidated profit and loss account as part of the gain or loss on disposal.

Fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Currency translation differences arising are recognised in OCI.

#### **(AA) BORROWING COSTS**

Borrowing costs incurred on properties under development that necessarily take a substantial period of time to get ready for their intended use or sale are capitalised as part of the cost of the properties under development.

All other borrowing costs are recognised in the consolidated profit and loss account in the period in which they are incurred.

#### **(AB) OPERATING LEASES**

Leases in which a significant portion of the risks and rewards of ownership and retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors), are charged in the consolidated profit and loss account on a straight-line basis over the period of the lease.

#### **(AC) CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less and bank overdrafts.

#### **(AD) RELATED PARTIES**

Related parties are individuals and companies, including subsidiaries, fellow subsidiaries, joint ventures and associated companies and key management (including close members of their families), where the individual, company or group has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions.

## 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

### **(AE) DIVIDEND DISTRIBUTION**

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the Company's shareholders or directors where appropriate.

### **(AF) SCRIP DIVIDEND**

Where the Company pays its dividends in the form of shares or gives the shareholders the options to receive a dividend in either cash or ordinary shares (referred to as scrip dividend), the shares issued are recognised at fair value.

### **(AG) FINANCIAL GUARANTEE (INSURANCE CONTRACTS)**

The Company assesses at each balance sheet date the liabilities under its financial guarantee contracts using current estimates of future cash flows. Changes in carrying amount of these liabilities are recognised in the profit and loss account.

The Company accounts for its financial guarantee contracts in respect of guarantees provided to its subsidiaries and joint ventures in accordance with HKFRS 4, "Insurance Contracts".

### **(AH) DERIVATIVE FINANCIAL INSTRUMENTS AND HEDGING ACTIVITIES**

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. The Group designates certain derivatives as hedges of a particular risk associated with a recognised asset or liability or a highly probable forecast transaction (cash flow hedge).

The Group documents at the inception of the transaction the relationship between hedging instruments and hedged items, as well as its risk management objectives and strategy for undertaking various hedging transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in cash flows of hedged items.

## Notes to the Financial Statements

### 2 PRINCIPAL ACCOUNTING POLICIES (Continued)

#### (AH) DERIVATIVE FINANCIAL INSTRUMENTS AND HEDGING ACTIVITIES (Continued)

The effective portion of changes in the fair value of derivatives that are designated and qualified as cash flow hedges is recognised in other comprehensive income. The gain or loss relating to the ineffective portion is recognised immediately in the consolidated profit and loss account within “net finance costs”.

Amounts accumulated in equity are reclassified to profit or loss in the period when the hedged item affects profit or loss.

When a hedging instrument expires or is sold, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss existing in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in the consolidated profit and loss account. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in equity is immediately transferred to the consolidated profit and loss account.

### 3 FINANCIAL RISK MANAGEMENT

#### (I) FINANCIAL RISK FACTORS

The Group’s activities expose it to a variety of financial risks: market risk (including foreign exchange risk, price risk and cash flow interest rate risk), credit risk and liquidity risk. The Group’s overall risk management seeks to minimise potential adverse effects on the Group’s financial performance. The Group uses derivative financial instruments to hedge certain risk exposures.

##### (a) Market risk

###### (i) Foreign exchange risk

The Group’s operations are mainly in Hong Kong. Entities within the Group are exposed to foreign exchange risk from future commercial transactions and monetary assets and liabilities that are denominated in a currency that is not the entity’s functional currency.

The Group has certain investments in foreign operations including Canada, Macau and Mainland China, whose net assets are exposed to foreign currency translation risk. Currency exposure arising from the net assets of the Group’s foreign operations is managed primarily through borrowings denominated in the relevant foreign currencies.

The Group currently does not have a foreign currency hedging policy. It manages its foreign currency risk by closely monitoring the movement of the foreign currency rates. The Group entered into cross currencies swap contracts to reduce the foreign currency exposure of its Renminbi denominated medium term notes.

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (I) FINANCIAL RISK FACTORS (Continued)

##### (a) Market risk (Continued)

###### (i) Foreign exchange risk (Continued)

Currency risks as defined by HKFRS 7 arise on account of monetary assets and liabilities being denominated in a currency that is not the functional currency, differences resulting from the translation of financial statements into the Group's presentation currency are not taken into consideration.

The Group is also exposed to foreign currency risk with respect to financial investments, derivative financial instruments, bank balances and borrowings which are denominated in United States dollars, Sterling pounds, Euros, Renminbi and Japanese Yen.

At 31st March 2019, the Group's entities with functional currency of Hong Kong dollar had United States dollars net monetary assets of HK\$17,135,923,000 (2018: HK\$12,787,073,000). Under the Linked Exchange Rate System in Hong Kong, Hong Kong dollar is pegged to United States dollars, management considers that there is no significant foreign exchange risk with respect to United States dollars.

If the foreign currency had strengthened/weakened by 5%, with all other variables held constant the Group's post tax profit would have the following changes:

	2019			2018		
	Net monetary assets/ (liabilities) amount HK\$'000	Increase/(decrease) in result attributable to the shareholders of the Company if exchange rate changes by		Net monetary assets/ (liabilities) amount HK\$'000	Increase/(decrease) in result attributable to the shareholders of the Company if exchange rate changes by	
		+5%	-5%		+5%	-5%
		HK\$'000	HK\$'000		HK\$'000	HK\$'000
Sterling	309,389	12,913	(12,913)	513,757	14,387	(14,387)
Renminbi	12,814	522	(522)	109,853	2,616	(2,616)
Euro	2,588	52	(52)	4,484	107	(107)
Japanese Yen	61	2	(2)	(50,366)	(964)	964

## Notes to the Financial Statements

## 3 FINANCIAL RISK MANAGEMENT (Continued)

## (I) FINANCIAL RISK FACTORS (Continued)

## (a) Market risk (Continued)

## (ii) Price risk

The Group is exposed to equity and debt securities price risk from the Group's financial investments and derivative financial instruments. The performance of the Group's investments is closely monitored, together with an assessment of their relevance to the Group's long term strategic plans.

The Group's listed investments in equity and debt securities of other entities (classified as financial assets at FVPL and financial assets at FVOCI (2018: financial assets at FVPL and AFS investments)) are traded in HKEX, London Stock Exchange ("LSE"), New York Stock Exchange ("NYSE"), Singapore Stock Exchange ("SGX-ST") and Frankfurt Stock Exchange. The price of the Group's unlisted investments are quoted from brokers. Gains and losses arising from changes in fair value are dealt with in the profit and loss account and other comprehensive income respectively.

For every 10% increase/decrease in the prices of financial instruments or underlying assets, with all other variables held constant the Group's post tax profit would have the following changes:

	2019				2018			
	Increase/(decrease) in result attributable to shareholders of the Company if price changes by		Increase/(decrease) in investment revaluation reserve of the Company if price changes by		Increase/(decrease) in result attributable to shareholders of the Company if price changes by		Increase/(decrease) in investment revaluation reserve of the Company if price changes by	
	+10%	-10%	+10%	-10%	+10%	-10%	+10%	-10%
	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Financial assets at FVPL	68,631	(68,631)	-	-	778,614	(778,614)	-	-
Financial assets at FVOCI	-	-	875,776	(875,776)	-	-	-	-
AFS investments	-	-	-	-	-	(349)	18,776	(18,427)

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (I) FINANCIAL RISK FACTORS (Continued)

##### (a) Market risk (Continued)

###### (iii) Cash flow interest risk

Other than bank balances and deposits, financial investments with fixed coupons, mortgage loans receivable, loans receivable and advances to joint ventures (collectively “Interest Bearing Assets”), the Group has no other significant interest bearing assets. The Group’s interest rate risk also arises from borrowings (“Interest Bearing Liabilities”).

Interest Bearing Assets are mostly at fixed rates. Interest Bearing Liabilities are primarily issued at variable rates which therefore expose the Group to cash flow interest rate risk. The Group manages this risk by limited use of floating-to-fixed interest rate swaps.

At 31st March 2019, with all other variables held constant, if the interest rate had increased/decreased by 10 basis point, the Group’s post tax profit attributable to shareholders of the Company would have been HK\$10,747,000 (2018: HK\$5,132,000) lower/higher.

##### (b) Credit risk

The credit risk of the Group mainly arises from bank balances and cash (note 21), financial investments (note 18), derivative financial instruments, as well as credit exposures to loan receivables and trade and other receivables.

Sales of properties are made to customers with appropriate mortgage arrangements. Other sales are either made in cash, via major credit cards or to customers with appropriate credit history.

The Group has limited its credit exposure by restricting their selection of financial institutions. Trade and other receivables, loan receivables and debt securities are assessed based on the credit quality of the debtors, taking into account their financial position, past experience and other factors. Individual risk limits are set by management and the utilisation of credit limits is regularly monitored. The exposure to these credit risks are monitored on an ongoing basis.

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (I) FINANCIAL RISK FACTORS (Continued)

##### (b) Credit risk (Continued)

###### *Measurement of expected credit losses*

###### (i) Segmentation of financial instrument

The Group adopts a “three-stage” model for impairment based on changes in credit quality since initial recognition, to estimate the expected credit losses.

The key definition of the three stages are summarised below:

Stage 1: For financial instruments with no significant increase in credit risk after initial recognition or that have low credit risk at the reporting date, 12 months expected credit losses are recognised;

Stage 2: For financial instruments with significant increase in credit risk since initial recognition (unless they have low credit risk at the reporting date), but there are no objective evidence of impairment, lifetime expected credit losses are recognised and interest revenue is calculated on the gross carrying amount of the asset;

Stage 3: For financial instruments show objective evidence of impairment at the end of the reporting period, lifetime expected credit losses are recognised and interest revenue is calculated on the net carrying amount of the asset.

###### (ii) Significant change in credit risk

The Group assesses whether the credit risk of a financial instrument has changed significantly since initial recognition on a semi-annual basis. The Group sufficiently considers reasonable and supportable information, including forward-looking information, which reflects the significant change in credit risk. The major factors considered include regulatory and business environment, external credit rating, repayment ability, operation capacity, repayment behaviours, etc. The Group compares the risk of a default occurring as at the end of the reporting period with that as at the date of initial recognition of one financial instrument or a portfolio of financial instruments that shares the similar credit risk characteristics. The Group considers the change in probability of default, delinquency of interest or principal repayments and other factors to determine whether there is significant change in credit risk since initial recognition.

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (I) FINANCIAL RISK FACTORS (Continued)

##### (b) Credit risk (Continued)

###### *Measurement of expected credit losses (Continued)*

- (iii) Definition of default and credit-impaired assets  
The Group considers a financial instrument is default, when it is credit-impaired.

In order to evaluate whether a financial asset is impaired, the Group considers the following criteria:

- Significant financial difficulty of the borrower or issuer;
- Breach of contract term, such as a default or delinquency in interest or principal payments;
- The Group, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the Group would not otherwise consider;
- It becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
- Significant changes in the technological, market, economic or legal environment that have an adverse effect on the issuer of an equity instrument;
- A significant or prolonged decline in the fair value of an investment in an equity instrument below its cost; and
- Other objective evidence indicating there is an impairment of the financial asset.

##### (c) Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its current obligations when they fall due. The Group closely monitors its liquidity through maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and compliance of financial covenants of borrowings. The Group maintains flexibility in funding by keeping committed credit lines available and maintaining a reasonable level of marketable securities to meet any unexpected and material cash requirements in the course of ordinary business and to provide contingency liquidity support. At 31st March 2019, the unutilised credit facilities available to the Group amounted to HK\$7,295,000,000 (2018: HK\$5,610,000,000).

The relevant maturity groupings on the contractual undiscounted cash flows based on the remaining period at the balance sheet date to the contractual maturity date of the Group's and the Company's financial liabilities are analysed in the financial statements.

## Notes to the Financial Statements

## 3 FINANCIAL RISK MANAGEMENT (Continued)

## (I) FINANCIAL RISK FACTORS (Continued)

## (c) Liquidity risk (Continued)

The tables below analyse the Group's financial liabilities that will be settled into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual face value without applying discounted cash flow model based on the earliest date on which the Group is required to pay.

Specifically, for term loans which contain a repayment on demand clause which can be exercised at the bank's sole discretion, the analysis shows the cash outflow based on the earliest period in which the entity can be required to pay, that is if the lenders were to invoke their unconditional rights to call the loans with immediate effect. The maturity analysis for other borrowings is prepared based on the scheduled repayment dates.

	On demand HK\$'000	Within 1 year HK\$'000	Between 1 to 5 years HK\$'000	After 5 years HK\$'000	Total undiscounted cash flows HK\$'000
<b>At 31st March 2019</b>					
<b>Non-derivative</b>

- Outflow	-	632,481	-	-	632,481
	1,520,303	2,712,023	9,690,128	955,347	14,877,801

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (I) FINANCIAL RISK FACTORS (Continued)

##### (c) Liquidity risk (Continued)

The table that follows summarizes the maturity analysis of term loans with a repayment on demand clause based on agreed scheduled repayments set out the loan agreements. The amounts include interest payments computed using contractual rates. Taking into account the Group's financial position, the directors do not consider that it is probable that the bank will exercise its discretion to demand immediate repayment. The directors believe that such term loans will be repaid in accordance with the scheduled repayment dates set out in the loan agreements.

	Within 1 year HK\$'000	Between 1 to 5 years HK\$'000	After 5 years HK\$'000	Total undiscounted cash flow HK\$'000
31st March 2019	73,491	-	-	73,491
31st March 2018	2,664	77,032	-	79,696

#### (II) CAPITAL RISK MANAGEMENT

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. The Group monitors capital on the basis of the gearing ratio against revalued net assets (note 3(II)(a)). Revalued net assets are prepared having taken into account the fair value of hotel properties, net of relevant deferred income taxes, in addition to the net assets shown in the consolidated balance sheet prepared in accordance with HKFRS. According to the Group's accounting policies, no properties other than investment properties are to be carried at valuation. Details of the valuation of the hotel properties in operation, prepared for readers' information only, are set out in note 15(a) to the financial statements.

## Notes to the Financial Statements

## 3 FINANCIAL RISK MANAGEMENT (Continued)

## (II) CAPITAL RISK MANAGEMENT (Continued)

The gearing ratio against Revalued net assets is calculated as net debt divided by Revalued net assets.

Net debt is calculated as total borrowings (including current and non-current as shown in the consolidated balance sheet), convertible bonds and medium term notes less bank balances and cash.

The gearing ratios at 31st March 2019 and 2018 were as follows:

	2019 HK\$'000	2018 HK\$'000
Borrowings (note 25)	16,841,195	12,603,775
Medium term notes (note 24)	348,855	656,987
Less: bank balances and cash (note 21)	(800,303)	(997,390)
Net debt	16,389,747	12,263,372
Revalued net assets (note (a))	31,401,177	29,272,798
Gearing ratio against revalued net assets	52%	42%

Notes:

- (a) "Revalued net assets" and "Revalued total assets" are not a measure of financial performance under generally accepted accounting principles in Hong Kong. The Revalued net assets measures and Revalued total assets measures used by the Group may not be comparable to other similarly titled measures of other companies and should not necessarily be construed as an alternative to net assets and total assets as determined in accordance with HKFRS.

## (III) FAIR VALUE ESTIMATION

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (III) FAIR VALUE ESTIMATION (Continued)

The following table presents the Group's financial instruments that are measured at fair value at 31st March.

	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000
<b>2019</b>			
<b>Assets</b>			
<b>Financial investments</b>

<b>Liabilities</b>			
Derivative financial instruments	-	3,522	-

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (III) FAIR VALUE ESTIMATION (Continued)

##### (i) Financial instruments in level 1

The fair value of financial instruments traded in active markets (such as listed equity securities) is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price; the appropriate quoted market price for financial liabilities is the current ask price. These instruments are included in level 1.

##### (ii) Financial instruments in level 2

The fair value of financial instruments that are not traded in an active market (over-the-counter investments and derivatives) is determined by using latest available transaction price or valuation techniques. Judgements as to whether there is an active market may include, but not restricted to, consideration of factors such as the magnitude and frequency of trading activities, the availability of prices and the size of bid/ask spreads. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

##### (iii) Financial instruments in level 3

If one or more the significant inputs is not based on observable market data, the instruments are included in level 3.

Level 3 instruments comprised unlisted equity securities and unlisted fund which are not traded in an active market. Fair values of these instruments have been determined using appropriate valuation techniques with references including quoted prices and asset-based values from financial institutions and other prices observed in recent transactions.

### 3 FINANCIAL RISK MANAGEMENT (Continued)

#### (III) FAIR VALUE ESTIMATION (Continued)

The following table presents the changes in level 3 instruments for the year ended 31st March 2019 and 2018:

	AFS investments HK\$'000	Financial assets at FVOCI HK\$'000	Financial assets at FVPL HK\$'000
At 31 March 2017	80,067	-	-
Addition	8,036	-	-
Fair value gain recognised in OCI	19,418	-	-
At 31 March 2018	107,521	-	-
Reclassify from AFS investments to financial assets at FVOCI and FVPL under the adoption of HKFRS 9	(107,521)	39,945	67,576
At 31 March 2018 (Restated)	-	39,945	67,576
Addition	-	-	88,960
Fair value gain recognised in OCI	-	2,914	-
Fair value gain/(loss) recognised in profit or loss	-	8	(3,902)
<b>At 31 March 2019</b>	<b>-</b>	<b>42,867</b>	<b>152,634</b>

## Notes to the Financial Statements

### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

In preparing this consolidated financial statements, except for the below mentioned amendment, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31st March 2018.

The estimates and assumptions that may have a significant effect on the carrying amounts of assets and liabilities within the next financial year are set out below.

#### **(A) ESTIMATE OF FAIR VALUE OF INVESTMENT PROPERTIES**

At 31st March 2019, the Group had investment properties with fair value of HK\$9,778,075,000 (2018: HK\$8,924,567,000). The best evidence of fair value is current prices in an active market for similar properties. In the absence of such information, the amount is determined within a range of reasonable fair value estimates. Information from a variety of sources are considered in making the judgement:

- (i) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences; and
- (ii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices.

The Group assessed the fair value of its investment properties based on valuation determined by independent and professional qualified valuers.

Detail of the judgement and assumptions have been disclosed in note 14.

## 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (Continued)

### (B) RECOVERABILITY OF PROPERTIES UNDER DEVELOPMENT FOR SALE AND IMPAIRMENT OF PROPERTY HELD FOR DEVELOPMENT FOR SALE

The Group assesses the carrying amounts of properties under development and properties held for sale according to their estimated net realisable value based on the realisability of these properties, taking into account construction costs to completion based on the existing development plans and the estimation of selling prices of the properties of comparable locations and conditions. Provision is made when events or changes in circumstances indicate that the carrying amounts may not be fully realised. The assessment requires the use of significant estimates.

The Group's property held for development for sale is stated at lower of cost and net realisable value. The amount represents a 100% interest in a piece of land ("Property" or "Land") situated in Seac Pai Van, Coloane, Macau. In February 2017, Macau government has officially declared expiry of the land concession and reclaimed the land. An appeal against such declaration of expiry was lodged in March 2017 before the Macau Second Instance Court. The case is now pending at the court.

Since the land concession was officially declared as expired, full provision for the Property was made. Management have performed an updated assessment and consider the provision still applicable. The Directors will review the provision from time to time according to the development of the circumstances surrounding this case.

### (C) IMPAIRMENT OF TRADE AND OTHER RECEIVABLES AND LOAN RECEIVABLES

The Group measures the loss allowance using a lifetime expected loss for trade receivables. To measure the expected credit losses, trade receivables assets have been grouped based on shared credit risk characteristics and the days past due. The Group has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets. The expected loss rates are based on the historical observed default rates adjusted for forward-looking estimates.

Impairment on other receivables is measured as either 12-month expected credit losses or lifetime expected credit losses, depending on whether there has been a significant increase in credit risk since initial recognition. Impairment losses on trade and other receivables are recognised within operating profit. Trade and other receivables are written off (either partially or in full) when there is no reasonable expectation of recovery.

## Notes to the Financial Statements

### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (Continued)

#### (D) INCOME TAXES

The Group is subject to income taxes in Hong Kong and other jurisdictions. Judgement is required in certain provision for income taxes for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for potential tax exposures based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax provisions in the period in which such determination is made.

Recognition of deferred income tax assets (note 26), which principally relate to tax losses, depends on the management's expectations of future taxable profit that will be available against which tax losses can be utilised. The outcome of their actual utilisation may be different.

#### (E) EXPECTED CREDIT LOSS AND IMPAIRMENT FOR FINANCIAL INVESTMENTS

The adoption of HKFRS 9 has resulted in a change to the assessment of the critical accounting estimates and judgements related to impairment of financial investments. The loss allowances for financial investments are based on assumptions about risk of default and expected loss rate. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

### 5 SEGMENT INFORMATION

The Group is principally engaged in property management, development and investment, hotel, travel operation and securities investments. Revenue includes revenue from property management, property sales and leasing, hotel and travel operation, management services, interest income and dividend income.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker is responsible for allocating resources and assessing performance of the operating segments. The operating segments were determined based on the reports reviewed by the chief operating decision-maker.

## Notes to the Financial Statements

## 5 SEGMENT INFORMATION (Continued)

Segment assets consist primarily of property, plant and equipment, investment properties, loan receivables, financial investments, other non-current assets, hotel inventories, properties under development/held for sale and trade and other receivables. Segment liabilities comprise mainly borrowings, trade and other payables and contract liabilities.

	Property sales HK\$'000	Property leasing HK\$'000	Hotel and travel HK\$'000	Financial investments HK\$'000	Others HK\$'000	Total HK\$'000
<b>2019</b>

## Notes to the Financial Statements

## 6 NET INVESTMENT LOSS (Continued)

Note: (Continued)

- (c) During the year, the following loss allowances were recognised in profit and loss account in relation to the Group's debt investments at FVOCI. This allowance was reconciled to the opening loss allowance on 1st April 2018 and to the closing loss allowance as at 31st March 2019 as follows:

	HK\$'000
Loss allowance as at 31st March 2018	-
Amount restated through opening revenue reserve	(147,258)
Opening loss allowance as at 1st April 2018	(147,258)
Increase in loss allowance recognised in profit and loss account	(441,112)
Closing loss allowance as at 31st March 2019	(588,370)

Except for an impaired debt security where the issuer had defaulted on redemption at maturity, all of the Group's other debt investments at FVOCI are considered to have low risk of default in the near term, and the loss allowance recognised during the year would be therefore limited to 12 months expected losses.

For the impaired debt security, the impairment loss was estimated based on management's assessment on the eventual shortfall of cash recoverable using a lifetime expected credit loss model. The impairment assessment used key inputs based on financial information extracted from the most recent available audited financial statements of the issuer and other forward looking factors taking into account the latest developments of the issuer.

Supplementary information of net investment gain on financial investments:

During the year, 12 debt securities and 7 equity securities had been disposed of/redeemed. Listed below are the securities disposed, redeemed or exchanged that contributed to the majority of realised gain:

	<b>Realised gain/(loss) in this year HK\$'000</b>
<b>Debt Securities</b>	
Ronshine China Holdings Limited ("Ronshine") 8.25% notes	38,437
Hydoo International Holding Limited ("Hydoo") 13.75% notes	9,236
Zhenro Properties Group Limited ("Zhenro") 8.5% notes	5,047
Others	(467)
<b>Equity Securities</b>	
Royal Bank of Scotland ("RBS")	(15,215)
Orient Overseas (International) Limited ("OOIL")	11,109
Others	(4,704)
	43,443

## 6 NET INVESTMENT LOSS (Continued)

Ronshine is principally engaged in property development business in the PRC. Its shares are listed on HKEX (stock code: 3301). The notes derecognised were listed on SGX- ST.

Hydoo is principally engaged in the property development, sale and operation of commercial trade and logistic centers and residential properties in the PRC. Its shares are listed on HKEX (stock code: 1396). The notes derecognised were rated “Caal” by Moody’s and were listed on SGX-ST.

Zhenro is principally engaged in the property development, property leasing and commercial property management in the PRC. Its shares are listed on HKEX (stock code: 6158). The notes derecognised were listed on SGX-ST.

RBS is a global bank that provides financial services, and its shares are listed on LSE (stock code: RBS) with a “BBB-” rated by S&P.

OOIL is principally engaged in container transport and logistics, and its shares are listed on HKEX (stock code: 316).

The unrealised loss for the year was generated from the fair value changes of the financial investments that comprised 58 (2018: 37) securities as at 31st March 2019. Please refer to note 20 for the details.

Summary of unrealised loss for the year ended 31st March:

	2019 HK\$'000	2018 HK\$'000
Equity securities	(128,914)	258,497
Debt securities	821	(495,824)
Unlisted fund	(5,239)	192

## Notes to the Financial Statements

## 8 EMPLOYEE BENEFIT EXPENSE

	2019 HK\$'000	2018 HK\$'000
Wages and salaries	224,823	224,327
Retirement benefits costs (note (a))	5,848	8,220
	<b>230,671</b>	232,547
Capitalised under properties under development for sale	<b>(3,102)</b>	(2,244)
	<b>227,569</b>	230,303

Staff costs are stated inclusive of Directors' emoluments and are included in cost of sales and administrative expenses.

Notes:

(a) Retirement benefits costs

	2019 HK\$'000	2018 HK\$'000
Gross contributions	5,831	6,595
Termination benefit	17	1,625
Net contributions	<b>5,848</b>	8,220

The Group participates in various types of defined contribution schemes for employees, namely the Mandatory Provident Fund ("MPF") Scheme and Occupational Retirement Scheme Ordinance ("ORSO") Scheme in Hong Kong, Canada Pension Plan ("CPP") in Canada and retirement plans in Mainland China.

In Hong Kong, the Group participates in several defined contribution schemes under the ORSO which are available to employees joining before 1st December 2000. Under these schemes, contribution of 5% of the employee's monthly salaries are made by the employees and by the Group. The Group's contributions may be reduced by contributions forfeited by those employees who leave the schemes prior to vesting fully in the contributions.

## Notes to the Financial Statements

## 8 EMPLOYEE BENEFIT EXPENSE (Continued)

Notes: (Continued)

## (a) Retirement benefits costs (Continued)

The Group also participates in the MPF schemes, which are available to all employees not joining the ORSO schemes in Hong Kong and in the CPP organised by the Canadian Government for all employees in Canada. Monthly contributions to the MPF scheme and CPP are made equal to 5% (2018: 5%) and 4.95% (2018: 4.95%) respectively, or a fixed sum of the employee's relevant income in accordance with the local legislative requirements.

As at 31st March 2019, no forfeiture (2018: Nil) was available to reduce the Group's future contributions to the ORSO Scheme.

## (b) Share options

The Company, Asia Standard International Group Limited ("Asia Standard") and Asia Standard Hotel Group Limited ("Asia Standard Hotel"), listed subsidiaries, operate share option schemes, whereby options may be granted to employees of the Group, including the Executive Directors, to subscribe for shares of the Company, Asia Standard and Asia Standard Hotel respectively. The consideration to be paid on each grant of option is HK\$1 for the Company, Asia Standard and Asia Standard Hotel respectively.

Company

Details of share options held under the scheme as at 31st March 2019 are as follows:

Date of grant	Exercise price per share	Expiry date	Number of share options Outstanding as at 31st March 2019 and 2018
11th December 2015 Directors	HK\$1.42	10th December 2025	7,000,000

No share options were granted, exercised, cancelled or lapsed for both years.

## 8 EMPLOYEE BENEFIT EXPENSE (Continued)

Notes: (Continued)

(b) Share options (Continued)

Asia Standard

Details of share options held under the share option scheme of Asia Standard as at 31st March 2019 are as follows:

Date of grant	Exercise price per share	Expiry date	Number of share options Outstanding as at 31st March 2019 and 2018
13th March 2014 Employee	HK\$2.00	12th March 2024	1,000,000
11th December 2015 Directors	HK\$1.38	10th December 2025	7,000,000
			8,000,000

No share options were granted, exercised, cancelled or lapsed for both years.

Asia Standard Hotel

Details of share options held under the share option scheme of Asia Standard Hotel as at 31st March 2019 are as follows:

Date of grant	Exercise price per share	Expiry date	Number of share options Outstanding as at 31st March 2019 and 2018
11th December 2015 Directors	HK\$0.343	10th December 2025	28,800,000

During the year, no share options were granted, exercised, cancelled or lapsed for the year. In 2018, no share options were granted, exercised or cancelled except 188,999,997 share options lapsed.

## Notes to the Financial Statements

## Notes to the Financial Statements

## 9 DIRECTORS' AND SENIOR MANAGEMENT'S EMOLUMENTS (Continued)

- (a) The aggregate amount of emoluments paid and payable to Directors of the Company for the years ended 31st March 2019 and 2018 are set out as below. (Continued)

Notes:

- (i) Other benefits include insurance premium, staff quarters, holiday passage and fair value of share options, which was determined by using binomial pricing model and credited to share options reserve at the grant of share options.
- (ii) Total emoluments of HK\$69,162,000 (2018: HK\$63,151,000) include HK\$62,472,000 (2018: HK\$56,451,000) paid and payable by subsidiaries of Asia Standard, which in turn include HK\$18,301,000 (2018: HK\$17,456,000) paid and payable by subsidiaries of Asia Standard Hotel.
- (iii) During the year, no emolument was paid or is payable by the Group to any of the above directors or past directors as an inducement to join or upon joining the Group or as compensation for loss of office (2018: Nil).
- (iv) No transactions, arrangement and contracts of significance in relation to the Company's business to which the Company or its subsidiaries was a party and in which a Director of the Company and his connected party had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year (2018: Nil).
- (b) The five highest paid individuals in the Group for the year include five (2018: Five) Directors whose emoluments are already reflected in the analysis presented above.
- (c) Senior management remuneration by band

The emoluments of the senior management fell within the following band:

	Number of individuals	
	2019	2018
HK\$1,000,001 - HK\$2,000,000	1	1
HK\$2,000,001 - HK\$3,000,000	3	3

## Notes to the Financial Statements

## 10 NET FINANCE COSTS

	2019 HK\$'000	2018 HK\$'000
Interest expense		
Long term bank loans	(436,546)	(247,322)
Short term bank loans and overdrafts	(42,753)	(9,694)
Medium term notes	(17,744)	(33,364)
Interest income from hedging derivative financial instruments	740	3,573
Interest capitalised (note)	32,361	40,630
	<b>(463,942)</b>	(246,177)
Other incidental borrowing costs	(49,546)	(42,875)
Net foreign exchange loss on borrowings	(4,235)	(36,261)
Fair value gain on derivative financial instrument		
Cash flow hedge, transfer from reserve (note 28)	3,660	27,537
	<b>(514,063)</b>	(297,776)

Note:

Borrowing costs were capitalised at rates ranged from 2.21% to 3.87% (2018: 1.9% to 3.26%) per annum.

## Notes to the Financial Statements

## 11 INCOME TAX EXPENSE

	2019 HK\$'000	2018 HK\$'000
Current income tax expense		
Hong Kong profits tax	(52,413)	(45,264)
Overseas profits tax	(6,660)	(6,230)
Over provision in prior years	620	2,062
	<b>(58,453)</b>	(49,432)
Deferred income tax credit	27,202	26,979
	<b>(31,251)</b>	(22,453)

Hong Kong profits tax is provided at the rate of 16.5% (2018: 16.5%) on the estimated assessable profit for the year. Overseas profits tax has been provided on the estimated assessable profit for the year at the rate prevailing in the countries in which the Group operates.

The income tax on the Group's profit before income tax differs from the theoretical amount that would arise using the tax rate of Hong Kong as follows:

	2019 HK\$'000	2018 HK\$'000
Profit before income tax	1,526,248	1,521,225
Less:		
Share of profits less losses of joint ventures and associated companies	(71,343)	(102,402)
	<b>1,454,905</b>	1,418,823
Calculated at a tax rate of 16.5% (2018: 16.5%)	(240,059)	(234,105)
Over/(under) provision in prior years	620	(181)
Effect of different tax rates in other countries	1,577	597
Income not subject to income tax	407,465	303,729
Expenses not deductible for tax purposes	(163,550)	(75,740)
Tax losses not recognised	(32,656)	(18,751)
Utilisation of previously unrecognised tax losses	328	965
Recognition of previously unrecognised tax losses	-	3
Others	(4,976)	1,030
Income tax expense	<b>(31,251)</b>	(22,453)

## Notes to the Financial Statements

## 12 DIVIDENDS

	2019 HK\$'000	2018 HK\$'000
Interim, nil (2018: Nil)	-	-
Final, proposed, of HK1.8 cents (2018: HK2.4 cents) per share	<b>15,136</b>	20,181
	<b>15,136</b>	20,181

At a meeting held on 27th June 2019, the Board of Directors has proposed to pay a final dividend of HK1.8 cents (2018: HK2.4 cents) per share for the year ended 31st March 2019. The proposed dividend is not reflected in the financial statements, but will be reflected as an appropriation of revenue reserve in the year ending 31st March 2020.

The amount of HK\$15,136,000 is based on 840,873,996 issued shares as at 27th June 2019.

## 13 EARNINGS PER SHARE

The calculation of basic and diluted earnings per share for the year is based on the following:

	2019 HK\$'000	2018 HK\$'000
Profit attributable to shareholders of the Company for calculation of basic earnings per share	<b>810,091</b>	814,381
Effect of dilutive potential shares: A portion of share options of the subsidiaries assumed to be exercised	<b>(789)</b>	(1,585)
Profit for calculation of diluted earnings per share	<b>809,302</b>	812,796

## Notes to the Financial Statements

## 13 EARNINGS PER SHARE (Continued)

	Number of shares	
Weighted average number of shares for calculation of basic earnings per share	<b>840,873,996</b>	840,873,996
Effect of dilutive potential shares:		
A portion of share options of the Company assumed to be exercised	<b>1,090,369</b>	2,600,602
Weighted average number of shares for calculation of diluted earnings per share	<b>841,964,365</b>	843,474,598

## 14 INVESTMENT PROPERTIES

	2019 HK\$'000	2018 HK\$'000
At the beginning of the year	<b>8,924,567</b>	8,199,737
Addition	<b>10,695</b>	13,635
Fair value gain	<b>842,813</b>	711,195
At the end of the year	<b>9,778,075</b>	8,924,567

As at 31st March 2019, the aggregate net book value of investment properties pledged as securities for loans amounted to HK\$9,778,075,000 (2018: HK\$8,924,567,000).

All of the fair value measurements of the Group's investment properties were categorised into level 3 of the fair value hierarchy. There were no transfers into or out of level 3 during the year.

## 14 INVESTMENT PROPERTIES (Continued)

### VALUATION TECHNIQUES AND PROCESS

Investment properties were revalued by Prudential Surveyors (Hong Kong) Limited, independent professional valuers, on an open market value basis as at 31st March 2019 and 31st March 2018.

Fair value of investment properties is generally derived using the direct comparison method. Direct comparison method is based on comparing the property to be valued directly with other comparable properties, which have recently transacted. However, given the heterogeneous nature of real estate properties, appropriate adjustments are usually required to allow for any qualitative differences that may affect the price likely to be achieved by the property under consideration. There are no changes to the valuation techniques during the year.

### INFORMATION ABOUT FAIR VALUE MEASUREMENTS USING SIGNIFICANT UNOBSERVABLE INPUTS

	Valuation techniques	Unobservable inputs	Range of unobservable inputs	
			2019	2018
Office	Direct comparison	Adjusted market price (HK\$/square feet)	<b>22,400 - 34,600</b>	20,000 - 25,400
Retail - Ground floor	Direct comparison	Adjusted market price (HK\$/square feet)	<b>47,300 - 134,900</b>	43,200 - 136,200
Retail - Others	Direct comparison	Adjusted market price (HK\$/square feet)	<b>16,300 - 32,700</b>	15,200 - 30,500

## 15 PROPERTY, PLANT AND EQUIPMENT (Continued)

Notes:

- (a) Total carrying values of hotel properties comprise the following:

	2019 HK\$'000	2018 HK\$'000
Hotel properties		
Hotel buildings	1,411,465	1,420,316
Hotel leasehold land	4,864,959	4,954,863
	<b>6,276,424</b>	6,375,179

Supplementary information with hotel properties in operation at valuation:

The aggregate open market value, on a highest and best use basis, of the five (2018: four) completed hotel properties in Hong Kong based on valuations conducted by Vigers Appraisal & Consulting Limited ("Vigers"), independent professional valuers, is regarded as level 3 hierarchy for disclosure purpose under HKFRS 13. The five (2018: four) hotel properties in Hong Kong amounted to HK\$12,297,900,000 (2018: HK10,653,700,000).

The hotel properties portfolio in Hong Kong comprised five (2018: four) hotels. Vigers used the discounted cash flow ("DCF") method, which is considered the most appropriate valuation approach for assessing the market value of the properties as it would better reflect specific characteristics of the income-producing properties such as occupancies, average room rates, potential income growth and all out-goings, subject to future economic conditions in the markets. The direct comparison method was also used as a check on the valuation arrived at from the DCF method.

The supplementary information with hotel properties in operation at valuation is for readers' information only. It does not constitute a disclosure requirement under HKAS 16 and HKAS 17.

- (b) As at 31st March 2019, the aggregate net book value of property, plant and equipment pledged as security for loans amounted to HK\$7,456,310,000 (2018: HK\$7,533,269,000).
- (c) As at 31st March 2018, the cost of hotel properties under development amounted to HK\$664,375,000. The development was completed in June 2018.

## Notes to the Financial Statements

## 16 JOINT VENTURES AND ASSOCIATED COMPANIES

	2019 HK\$'000	2018 HK\$'000
Joint ventures	3,972,452	3,344,905
Associated companies	1,499,823	1,445,226
	<b>5,472,275</b>	4,790,131

## A. JOINT VENTURES

	2019 HK\$'000	2018 HK\$'000
Share of net assets	2,750,522	2,731,094
Advances to joint ventures	1,366,694	758,575

## 16 JOINT VENTURES AND ASSOCIATED COMPANIES (Continued)

### A. JOINT VENTURES (Continued)

Advances to joint ventures are made to finance property development projects. The advances to joint ventures are denominated in Hong Kong dollar and Canadian dollar. As at 31st March 2019, except for an amount of HK\$253,499,000 (2018: HK\$258,258,000) and HK\$317,800,000 (2018: HK\$196,599,000) advance to joint ventures which is bearing interest at 1% (2018: 1%) above The Hong Kong and Shanghai Banking Corporation (“HSBC”) prime rate per annum and 15% (2018: 15%) per annum respectively, the advances to joint ventures are unsecured, interest free and have no fixed terms of repayment. The interest amounted to HK\$60,071,000 (2018: HK\$41,060,000). The carrying amounts of the advances approximate their fair values. The Group has provided financial guarantee for banking facilities granted to certain joint ventures (note 31). There are no contingent liabilities relating to the Group’s interests in joint ventures.

The principal joint ventures are held under Asia Standard and their details are set out in the published consolidated financial statements of Asia Standard.

Set out below are the aggregate information of the Group’s joint ventures that are not individually material:

	2019 HK\$'000	2018 HK\$'000
Profit before income tax	38,527	109,144
Income tax expense	(21,777)	(35,946)
Profit for the year	16,750	73,198
Other comprehensive (charge)/income	(130,908)	155,887
Total comprehensive (charge)/income for the year	(114,158)	229,085

There is no joint venture as at 31st March 2019 and 2018, which in the opinion of the Directors, is individually material to the Group.

## Notes to the Financial Statements

## 16 JOINT VENTURES AND ASSOCIATED COMPANIES (Continued)

## B. ASSOCIATED COMPANIES

	2019 HK\$'000	2018 HK\$'000
Share of net assets (note (a))	1,498,660	1,444,068
Advances to associated companies	421,990	421,985
Provisions for advances to associated companies	(420,827)	(420,827)
	1,499,823	1,445,226
Amount due to an associated company included in current liabilities	(224,400)	(224,400)
	1,275,423	1,220,826

As at 31st March 2019 and 2018, the shares of an associated company are pledged to secure the loan facilities granted to the Group.

Advances to associated companies are made to finance property development projects. The amounts receivable and payable are unsecured, interest free and have no fixed terms of repayment. The advances to associated companies are denominated in Hong Kong dollar.

There are no contingent liabilities relating to the Group's interests in associated companies.

The principal associated companies are held under Asia Standard and their details are set out in the published consolidated financial statements of Asia Standard.

## 16 JOINT VENTURES AND ASSOCIATED COMPANIES (Continued)

### B. ASSOCIATED COMPANIES (Continued)

Aggregate information of the Group's associated companies that are not individually material:

	2019 HK\$'000	2018 HK\$'000
Profit before income tax (note (b))	57,227	32,346
Income tax expense	(2,634)	(3,142)
Profit and total comprehensive income for the year	54,593	29,204

Notes:

- (a) Mainly represented share of net assets of an associated company holding an investment property.
- (b) Mainly represented share of fair value gain arising from the revaluation of an investment property held by an associated company. The investment property was revalued by Prudential Surveyors (Hong Kong) Limited, independent professional valuers, on an open market value basis as at 31st March 2019 and 31st March 2018 using the following significant unobservable inputs.

	Valuation techniques	Unobservable inputs	Range of unobservable inputs	
			2019	2018
Office	Direct comparison	Adjusted market price (HK\$/square feet)	18,000 - 20,100	13,500 - 20,900
Retail - Ground floor	Direct comparison	Adjusted market price (HK\$/square feet)	223,100 - 632,500	225,400 - 644,800
Retail - Others	Direct comparison	Adjusted market price (HK\$/square feet)	17,100 - 61,000	17,400 - 61,500

## Notes to the Financial Statements

## 17 LOAN RECEIVABLES

	2019 HK\$'000	2018 HK\$'000

	2019 HK\$'000	2018 HK\$'000
Properties under development for sale		
Leasehold land	1,434,661	765,050
Development costs	314,547	167,945
	<b>1,749,208</b>	932,995
Completed properties held for sale		
Leasehold land	2,950	2,970
Development costs	730	730
	<b>3,680</b>	3,700

## Notes:

- (a) As at 31st March 2019, properties amounting to HK\$1,274,044,000 (2018: HK\$563,320,000) were pledged to banks to secure certain banking facilities of the Group.
- (b) As at 31st March 2019 and 2018, all the properties under development for sale were not scheduled for completion within twelve months

## Notes to the Financial Statements

## 20 TRADE AND OTHER RECEIVABLES

	2019 HK\$'000	2018 HK\$'000
Trade receivables	65,577	75,795
Less: Loss allowance	(7,340)	(3,098)
	<b>58,237</b>	72,697
Accrued interest and dividend receivable	435,289	340,770
Loan receivables	-	61,935
Prepayments	13,775	21,008
Utility and other deposits	10,421	27,918
Other receivables	37,721	35,693
	<b>555,443</b>	560,021

Aging analysis of trade receivables net of loss allowance is as follows:

	2019 HK\$'000	2018 HK\$'000
0 month to 6 months	55,677	71,541
7 months to 12 months	1,588	1,126
More than 12 months	972	30
	<b>58,237</b>	72,697

Movement on loss allowance for trade receivable are as follows:

	2019 HK\$'000	2018 HK\$'000
At the beginning of the year	3,098	2,279
Loss allowance	4,242	819
At the end of the year	<b>7,340</b>	3,098

## Notes to the Financial Statements

## 20 TRADE AND OTHER RECEIVABLES (Continued)

The credit terms given to the customers vary and are generally based on the financial strengths of individual customers. In order to effectively manage the credit risks associated with trade receivables, credit evaluations of customers are performed periodically.

The carrying amounts of trade and other receivables approximate their fair values. They are denominated in the following currencies:

	2019 HK\$'000	2018 HK\$'000
Hong Kong dollar	100,080	112,501
United States dollar	435,289	335,571
Renminbi	387	93,811
Canadian dollar	19,687	18,138
	<b>555,443</b>	560,021

As at 31st March 2018, other receivables include unsecured loans to third parties of HK\$61,935,000, bearing interest at 10% per annum.

The maximum exposure to credit risk at the balance sheet date is the carrying value of each class of receivable mentioned above. The Group does not hold any collateral as security.

## 21 BANK BALANCES AND CASH

	2019 HK\$'000	2018 HK\$'000
Cash at bank and in hand	228,857	315,045
Short term bank deposits	376,500	532,392
Cash and cash equivalents	605,357	847,437
Restricted bank balances	194,946	149,953
	<b>800,303</b>	997,390

Restricted bank balances mainly included bank balances pledged as security for borrowings and proceeds from pre-sales of property under development that are held in escrow, over which the Group has legal ownership, but is restricted by law as to its availability and intended use,

The carrying amounts of the bank balances and cash are denominated in the following currencies:

	2019 HK\$'000	2018 HK\$'000
Hong Kong dollar	492,349	578,289
Canadian dollar	176,929	79,843
United States dollar	114,701	280,740
Renminbi	12,260	53,128
Sterling	1,253	4,364
Others	2,811	1,026
	<b>800,303</b>	997,390

## Notes to the Financial Statements

## 22 TRADE AND OTHER PAYABLES

	2019 HK\$'000	2018 HK\$'000
Trade payables	22,744	59,215
Accrual and other payables	103,191	143,059
Deposit received from sale of properties	-	56,833
Building management account surplus	6,543	9,594
Rental and management fee deposits	50,730	46,003
Medium term notes interest payable	3,360	12,408
	<b>186,568</b>	327,112

Aging analysis of trade payables is as follows:

	2019 HK\$'000	2018 HK\$'000
0 month to 6 months	21,950	58,403
7 months to 12 months	206	343
More than 12 months	588	469
	<b>22,744</b>	59,215

The carrying amounts of trade and other payables approximate their fair values. Majority of trade and other payables are denominated in Hong Kong dollar.

## Notes to the Financial Statements

## 23 CONTRACT LIABILITIES

	As at 31st March 2019 HK\$'000	As at 1st April 2018 HK\$'000
Deposit receipts in advances from customers	199,405	56,833
		HK\$'000
Balance at 1st April 2018		56,833
Net increase for transactions during the current year		144,391
Exchange differences		(1,819)
Balance at 31st March 2019		199,405

Contract liabilities comprise mostly deposit receipts in advance from properties buyers.

## 24 MEDIUM TERM NOTES

	2019 HK\$'000	2018 HK\$'000
Listed in Hong Kong RMB250 million at coupon of 6.5% per annum due April 2018 (note (a))	-	309,696
Unlisted HKD100 million at coupon of 4.8% per annum due July 2019	100,000	100,000
HKD250 million at coupon of 3% above HIBOR per annum due April 2020	250,000	250,000
Less: deferred issue expenses	350,000 (1,145)	659,696 (2,709)
Included in current liabilities	348,855 (99,820)	656,987 (309,696)
	249,035	347,291

Notes:

- (a) Cross currencies swap contracts of RMB250 million United States dollar and Hong Kong dollar were entered into simultaneously to hedge the principal amount repayment and interest payments. The RMB250 million medium term notes were fully redeemed in April 2018.
- (b) The carrying amounts of these notes approximate their fair values.

## Notes to the Financial Statements

## 25 BORROWINGS

	2019 HK\$'000	2018 HK\$'000
<b>Current liabilities</b>		
Short term bank loans		
Secured	1,713,181	1,064,430
Unsecured	729,825	379,925
Current portion of long term bank loans		
Secured	1,141,870	1,194,235
Unsecured	776,286	244,461
Portion of long term bank loans containing a repayment on demand clause	-	75,923
	<b>4,361,162</b>	2,958,974
<b>Non-current liabilities</b>		
Long term bank loans		
Secured	8,038,349	4,426,831
Unsecured	4,441,684	5,217,970
	<b>12,480,033</b>	9,644,801
	<b>16,841,195</b>	12,603,775

## 25 BORROWINGS (Continued)

The maturity of the long term bank loans, based on the scheduled repayment dates set out in the loan agreements and ignoring the effect of any repayment on demand clause, are as follows:

	2019 HK\$'000	2018 HK\$'000
Repayable within one year	1,918,156	1,438,696
Repayable between one and two years	2,878,358	2,597,879
Repayable between two and five years	8,771,875	6,218,845
Repayable after five years	829,800	904,000
	<b>14,398,189</b>	11,159,420
Current portion included in current liabilities	<b>(1,918,156)</b>	(1,438,696)
	<b>12,480,033</b>	9,720,724

The carrying amount of the borrowings are denominated in the following currencies:

	2019 HK\$'000	2018 HK\$'000
Hong Kong dollar	16,681,354	12,084,997
Canadian dollar	73,491	75,923
United States dollar	86,350	392,425
Japanese Yen	-	50,430
	<b>16,841,195</b>	12,603,775

The interest rates of the borrowing at the balance sheet date range from 2.73% to 4.51% (2018: from 1.68% to 4.09%) per annum.

The carrying amounts of the short term and long term borrowings approximate their fair values.

## Notes to the Financial Statements

## 26 DEFERRED INCOME TAX

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same tax jurisdiction. The offset amounts are as follows:

	2019 HK\$'000	2018 HK\$'000
Deferred income tax assets	60,731	38,688
Deferred income tax liabilities	(732,794)	(735,955)
	<b>(672,063)</b>	<b>(697,267)</b>

The movement in deferred income tax assets and liabilities during the year, without taking into consideration the offsetting of balances within the same tax jurisdiction is as follows:

## DEFERRED INCOME TAX ASSETS

	Accelerated accounting depreciation		Tax loss		Difference in cost base of properties		Total	
	2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000
At the beginning of the year	8	-	53,613	56,215	56,264	56,264	109,885	112,479
Recognised in the profit and loss account	30	8	19,584	(2,602)	-	-	19,614	(2,594)
At the end of the year	38	8	73,197	53,613	56,264	56,264	129,499	109,885

## 26 DEFERRED INCOME TAX (Continued)

### DEFERRED INCOME TAX LIABILITIES

	Accelerated tax depreciation		Revaluation of properties		Fair value adjustments		Total	
	2019	2018	2019	2018	2019	2018	2019	2018
	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000
At the beginning of the year	(96,813)	(88,734)	(628,065)	(640,479)	(82,274)	(107,512)	(807,152)	(836,725)
Recognised in the profit and loss account	(4,664)	(8,079)	12,415	12,414	(163)	25,238	7,588	29,573
Recognised in the investment reserve	-	-	-	-	(1,998)	-	(1,998)	-
At the end of the year	(101,477)	(96,813)	(615,650)	(628,065)	(84,435)	(82,274)	(801,562)	(807,152)

Deferred income tax assets are recognised for tax loss carried forward to the extent that realisation of the related tax benefit through future taxable profits is probable. The Group did not recognise deferred income tax assets of HK\$97 million (2018: HK\$75 million) in respect of losses amounting to HK\$560 million (2018: HK\$451 million) that can be carried forward against future taxable income. As at 31st March 2019, except for the tax losses of HK\$536 million (2018: HK\$451 million) which have no expiry date, the balance will expire at various dates up to and including 2039.

## 27 SHARE CAPITAL
