# MANAGEMENT DISCUSSION AND ANALYSIS

## Business and financial review

The Group recorded total revenue of approximately HK\$50,051,000 for the six months ended 30 June 2020, representing a decrease of approximately HK\$55,831,000 or approximately 52.7% as compared to the total revenue of approximately HK\$105,882,000 for the six months ended 30 June 2019. The loss attributable to the owners of the Company for the six months ended 30 June 2020 amounted to approximately HK\$21,673,000 as compared to the profit attributable to the owners of the Company of approximately HK\$16,206,000 for the corresponding period in 2019. Such loss was mainly due to the decrease in coal output as a result of the outbreak of the COVID-19 pandemic since early 2020, which caused a temporary suspension of our coal production for approximately two months in early of 2020. For the six months ended 30 June 2020, the Coal Mining Business is reported as the only business segment of Group as continuing operations.

## The Coal Mining Business

Inner Mongolia Yuan Yuan Energy Group Jinyuanli Underground Mining Company Limited (“**Inner Mongolia Jinyuanli**”), an indirect non-wholly owned subsidiary of the Company, operates the Group’s Inner Mongolia Coal Mine 958 (“**Inner Mongolia Coal Mine 958**”) in the Inner Mongolia region with an allowed annual production capacity of 1.2 million tonnes.

During the six months ended 30 June 2020, approximately 343,000 tonnes of coals were produced (six months ended 30 June 2019: 674,000 tonnes) and approximately 340,000 tonnes of coals were sold (six months ended 30 June 2019: 656,000 tonnes). The segment loss of the Coal Mining Business for the six months ended 30 June 2020 was approximately HK\$25,427,000 as compared to the segment profit of approximately HK\$44,012,000 for the six months ended 30 June 2019. The segment loss for the six months ended 30 June 2020 was mainly due to: (i) the decrease in coal output and revenue as a result of the temporary suspension of our coal production operations; and (ii) the impairment losses of: (a) approximately HK\$24,861,000 made on the property, plant and equipment; and (b) approximately HK\$6,595,000 made on intangible asset of the Coal Mining Business respectively.

Based on the notice “Nei Mei Ju Zi (2016) No. 63” (the “**Notice**”) issued by the Coal Industrial Bureau of Inner Mongolia, the number of annual working days of the coal mines in the region is limited to 276 days. In past few years, the Inner Mongolia Coal Mine 958 paused its coal production for certain period in every year, and commenced its coal production after the Chinese New Year holidays in order to comply with the Notice. In usual circumstance, Inner Mongolia Coal Mine 958 has around 4 months of coal production in the first half each year.

### The Coal Mining Business (Continued)

The outbreak of the COVID-19 in the first half of 2020 has halted mobility of people all over the PRC, which caused some labours of Inner Mongolia Jinyuanli failed to return to their working positions, accordingly, our coal production operations had been temporary suspended for approximately two months and resumed its operations in April 2020.

Furthermore, the management of Inner Mongolia Jinyuanli reported the expected decrease in the annual production capacity of the Group's Inner Mongolia Coal Mine 958 due to aggravating fatigue of the mining infrastructure and malfunction of certain major machineries since its development in 2009, including but not limited to the coal shearer, excavators, conveyor belts and shielding frames. Several of the Inner Mongolia Coal Mine 958's maintenance service providers for mining infrastructure and machineries were closed amid the outbreak of COVID-19, which negatively affected the machineries performances of the mining activities and the overall productivity. As such, the Inner Mongolia Coal Mine 958 is presently unable to operate at its optimal efficiency, thus the current annual coal production output is projected to be around 900,000 tonnes based on existing status.

In view of the increasing annual maintenance expenses of the mining infrastructure and machineries upon usage of around 10 years, the management of Inner Mongolia Jinyuanli is evaluating the required capital expenditures (the "**Coal Mining CAPEX**") and time to rebuild and/or replace these infrastructures and machineries to restore the annual production capacity to 1.2 million tonnes. Based on the latest assessments of the management of Inner Mongolia Jinyuanli, the Coal Mining CAPEX is expected to be not less than RMB20 million (approximately HK\$21.9 million). Nevertheless, it is the decision of the Board and management of Inner Mongolia Jinyuanli to maintain better cash position at current business environment given the uncertainties brought by the COVID-19 pandemic and fluctuations in energy prices, the Group will decide whether it will invest in the Coal Mining CAPEX in due course when it's considered economically beneficial based on the then business environment.

### The development of environmental-friendly tyre recycling plants in the PRC

On 8 November 2019, the Company's indirect wholly owned subsidiary, Glory Skytop International Limited ("**Glory Skytop**"), entered into a joint venture agreement with Ecostar (Qingdao) Holdings Corporation (伊克斯達(青島)控股有限公司) ("**Ecostar**") and Hope Star (Hong Kong) International Limited ("**Hope Star**"), to establish a joint venture company (the "**Tyre Recycling JVC**") with a registered capital of US\$10 million (approximately HK\$78.6 million) for the purpose of developing environmental-friendly tyre recycling plants in the PRC (the "**Tyre Recycling Project**"). On 27 November 2019, the Tyre Recycling JVC, namely Qingdao Xinghua Resources Holding Company Limited (青島星華資源控股有限公司) ("**Qingdao Xinghua**"), was established in Qingdao, Shandong Province, the PRC, owned as to 51% of the total registered capital by Glory Skytop, 20% of the total registered capital by Ecostar and 29% of the total registered capital by Hope Star respectively. By the end of 2019, the Group had contributed US\$5.1 million (approximately HK\$40.2 million) by way of cash representing 51% of the total registered capital of Qingdao Xinghua.

Further in May 2020, Qingdao Xinghua formed a wholly-owned subsidiary in Qingdao, Shandong Province, the PRC, namely Qingdao Xinghua Recycle Economic Company Limited (青島星華循環經濟有限公司) ("**QDXH Recycle**", therefore an indirect non-wholly owned subsidiary owned as to 51% by the Group) with a registered capital of RMB10 million (approximately HK\$10.9 million), and has started negotiations with local government authorities in connection with the feasibility of the development of an environmental-friendly tyre recycling plant in the China (Shandong) Pilot Free Trade Zone (中國(山東)自由貿易試驗區). Due to the outbreak of COVID-19 pandemic, the progress has been considerably slow and the management of Qingdao Xinghua is still in discussions with relevant government officials to formulating a concrete development plan as at the date of this report.

### Impairment loss on property, plant and equipment and intangible asset of the Coal Mining Business segment

The management of the Company has performed an impairment assessment review on all the carrying amounts of the property, plant and equipment and intangible asset under the non-current assets of the Coal Mining Business cash generating unit (the “**Coal CGU**”). The recoverable amounts of the Coal CGU were estimated based on their values in use, determined by discounting the future cash flows to be generated from the continuing use of these assets. The key assumptions of the cash flow projections were made based on the current business and financial conditions of Inner Mongolia Jinyuanli. An independent professional valuer has been engaged by the Company to review the reasonableness and appropriateness of the assumptions applied in the cash flow projections.

The Group recorded total impairment losses of approximately HK\$31,456,000 on the assets under the Coal CGU for the six months ended 30 June 2020, comprised: (i) approximately HK\$24,861,000 on the property, plant and equipment; and (ii) approximately HK\$6,595,000 on the intangible asset, due to the decrease in the projected annual coal production output as compared to previous years based on the latest status of the Inner Mongolia Coal Mine 958. The key assumptions and parameters adopted in the cash flow projections of the Coal CGU as at 30 June 2019, 31 December 2019 and 30 June 2020 are set out below:

Key assumptions	30 June 2019	31 December 2019	30 June 2020
Projected annual coal production output for the period until the expiry date of the business license (note 1)	1,003,600 tonnes	1,003,600 tonnes	<b>900,000 tonnes</b>

## Business and financial review (Continued)

### Impairment loss on property, plant and equipment and intangible asset of the Coal Mining Business segment (Continued)

Notes:

- (1) The forecasted annual coal production output of the Group's Inner Mongolia Coal Mine 958 was adjusted from 1,003,600 tonnes to 900,000 tonnes, representing a slight decrease of approximately 10.3% to reflect the existing status of the coal mine and business environment as well as potential negative impacts brought by the COVID-19. Given the current business environment, the management of the Company and Inner Mongolia Jinyuanli will evaluate whether it would be economically beneficial to restore its coal production capacity as and when appropriate.
- (2) The estimated unit selling price of coal (average selling price) was determined by referencing to: (i) the average unit selling price of coals sold during the six months ended 30 June 2020; (ii) the prevailing market selling price of coals in the Inner Mongolia Region; and (iii) the historical average unit selling price of coals produced by Inner Mongolia Jinyuanli over past few years. The average selling price of the coals produced by Inner Mongolia Coal Mine 958 remained stable during the six months ended 30 June 2020 as compared to the same corresponding period in 2019.

Unlike the price of coals of relatively high calorific value (5,000 KJ/Kg or above) with a transparent index that could be quoted on <http://www.cqcoal.com>, the price level of the coals produced by Inner Mongolia Jinyuanli with relative low calorific value was quoted from local reference for the Inner Mongolia region – <http://www.imcec.cn>. The management of Inner Mongolia Jinyuanli relied on such reference determining the selling price of its coal during the business negotiations with their buyers (with a +/-10% variance taking into account factors such as the means of transportation, size of purchase orders and payment terms etc), which we considered a relevant reference of coal price in the locality of Huolinguole City, Inner Mongolia, the PRC.

## **Business and financial review (Continued)**

### **Selling and distribution expenses**

The selling and distribution expenses of the Group for the six months ended 30 June 2020 was 100% attributed to the Coal Mining Business of approximately HK\$1,195,000, representing a decrease of approximately 48.2% as compared to the corresponding period in year 2019 of approximately HK\$2,308,000. The decrease in selling and distribution expenses was generally in line with the decrease in the quantity of coals sold in the first half of year 2020.

### **Administrative expenses**

The administrative expenses of the Group for the six months ended 30 June 2020 amounted to approximately HK\$23,853,000, representing a slight decrease of approximately HK\$818,000 as compared to approximately HK\$24,671,000 for the corresponding period in 2019. During the period under review, administrative fines in the amount of RMB960,000 (approximately HK\$1.1 million) were charged by the local government authority in relation to the waste gangue produced and sold in 2018. The management of the Company will continue to adopt cost saving measures in order to improve the financial performance of the Group.

### **Finance costs**

The finance costs of the Group mainly represented the interest on lease liabilities in relation to the leasing of the Hong Kong office. The decrease in finance costs was due to the full repayment of loans from a former executive director in 2019.

### **(Loss)/profit for the period**

The net loss attributable to the owners of the Company for the six months ended 30 June 2020 was approximately HK\$21,673,000 as compared to the profit attributable to the owners of the Company of approximately HK\$16,206,000 for the six months ended 30 June 2020.

### Use of proceeds from the placing

In July 2017, the Company raised gross and net proceeds from the placing of 1,000,000,000 new shares of the Company at a placing price of HK\$0.110 per share of the Company (the “**Placing**”) in the amount of approximately HK\$110.0 million and HK\$106.8 million respectively. The use of net proceeds from the Placing is as follows:

Intended use	Planned use of proceeds	Utilisation	Utilisation	Utilisation	Balance up	Change of	Balance up	Utilisation	Utilisation	Remaining
		31 December 2017	31 December 2018	30 June 2019	to 30 June 2019 (before change of use of proceeds)	proceeds	to 30 June 2019 (after change of use of proceeds)	up to 31 December 2019	up to 30 June 2020	balance up to 30 June 2020
	HK\$ million	HK\$ million	HK\$ million	HK\$ million	HK\$ million	HK\$ million	HK\$ million	HK\$ million	HK\$ million	HK\$ million

	106.8	27.4	79.1	86.4	20.4	-	20.4	8.5	17.3	3.1

Following the disposal of the business of provision of low-rank coal upgrading services (the “**Coal Upgrading Business**”) in 2018, the Group will not apply further proceeds on the Coal Upgrading Business. On the other hand, the relevant overdue construction payables of the Coal Mining Business, which were intended to be settled by the proceeds of the Placing, had been fully settled. The management of the Company will apply the remaining proceeds of the Placing as the general working capital of the Group for 2020. It is expected that such remaining proceeds will be utilised in the financial year ending 2020.

## **Business and financial review (Continued)**

### **Liquidity and financial resources**

As at 30 June 2020,

- (a) the aggregate amount of the Group's: (i) restricted bank deposits; and (ii) bank and cash balances was approximately HK\$143,247,000 (as at 31 December 2019: approximately HK\$126,402,000);
- (b) the Group had no borrowing (as at 31 December 2019: Nil);
- (c) the Group's gearing ratio was zero (as at 31 December 2019: Nil). The gearing ratio was calculated as the Group's total borrowings divided by total equity; and
- (d) the Group's current ratio was approximately 2.05 (as at 31 December 2019: approximately 2.47). The current ratio was calculated as total current assets divided by total current liabilities.

The Board will continue to closely monitor the financial position of the Group to maintain its financial capacity for future operations and business developments.

### **Pledge of assets**

As at 30 June 2020, the Group did not have any pledge of assets (as at 31 December 2019: Nil).

### **Foreign currency risk**

The Group's sales and purchases are mainly transacted in Renminbi and the books are recorded in Hong Kong dollars. The management of the Group noted the recent fluctuation in the exchange rate between Renminbi and Hong Kong dollar, and is of the opinion that it does not have any material adverse impact to the Group's financial position at present. The Group currently does not have a foreign currency hedging policy. The management will continue to monitor the foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

## **Business and financial review (Continued)**

### **Acquisition and disposal of material subsidiaries and associates**

Qingdao Xinghua Recycle Economic Company Limited 青島星華循環經濟有限公司 was established in the PRC in May 2020 with a registered capital of RMB10 million (approximately HK\$11.0 million). The equity interest of QDXH Recycle is wholly-owned by Qingdao Xinghua which is owned as to 51% of the total registered capital by the Group, as such, QDXH Recycle is an indirect 51% non-wholly owned subsidiary of the Group. Apart from the establishment of QDXH Recycle, the Group did not acquire nor dispose of any material subsidiaries and associates during the six months ended 30 June 2020.

### **Significant investment**

The Group did not purchase, sell or hold any significant investment during the six months ended 30 June 2020.

### **Contingent liabilities**

As at 30 June 2020, contingent liabilities in the amount of RMB2 million (approximately HK\$2.2 million) was booked, which represented the maximum amount of penalty may arise as a result of over-production of the Coal Mining Business in 2016.

### **Capital commitment**

As at 30 June 2020, the Group had no capital commitment (as at 31 December 2019: HK\$ Nil).

### **Employees**

The Group employed 454 full-time employees as at 30 June 2020 (as at 31 December 2019: 463) in Hong Kong and the PRC. Remuneration of the staff comprises monthly salaries, provident fund contributions, medical benefits, training programs, housing allowances, discretionary bonus and options based on their qualifications, job nature, performance and working experiences referencing to the prevailing market rate and contributions to the Group. Staff costs including Director's emoluments for the six months ended 30 June 2020 were HK\$20,741,000 (for the six months ended 30 June 2019: HK\$23,484,000).

## Prospects

The economic outlook and business environment of the PRC are anticipated to become more challenging in the second half of 2020 as a result of the outbreak of COVID-19 pandemic and rising global political uncertainties. It is expected the pace of the business development of the Group would be sluggish due to the COVID-19 pandemic. The Group will closely monitor the impacts of the COVID-19 pandemic to the Group's business portfolio.

It is the current objective of the management of the Group to sustain its current operations, and adopt a prudent manner in applying its capital in order to maintain a stable financial position of the Group. The Group will strive to implement adequate cost saving measures and to enhance the operation efficiency of the Coal Mining Business.

In the foreseeable future, it is still one of the major objectives of the Group to diversify its businesses into sectors offering higher growth momentum. In view of the uncertain business and economic environment at present, the Group will use its best endeavors to manage its business portfolio with an aim to enhance the shareholders' value.

# NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

## 1. General Information

Grand Ocean Advanced Resources Company Limited was incorporated in the Cayman Islands on 7 April 2000 as an exempted company with limited liability under the Companies Law (2000 Revision) of the Cayman Islands. The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The address of its business office is Suite 3103, Sino Plaza, 255-257 Gloucester Road, Hong Kong. The Company's shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**").

The Company is an investment holding company. The principal activities of its subsidiaries during the financial period ended 30 June 2020 is the production and sale of coal (the "**Coal Mining Business**").

## 2. Basis of Preparation and Accounting Policies

These unaudited condensed consolidated financial statements for the six months ended 30 June 2020 have been prepared in accordance with the applicable disclosures required by Appendix 16 to the Rules Governing the Listing of Securities on the Stock Exchange (the "**Listing Rules**") and the Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "**HKICPA**").

These condensed consolidated financial statements should be read in conjunction with the annual financial statements of the Group set out in the annual report of the Company for the year ended 31 December 2019 (the "**2019 Annual Report**").

The accounting policies and methods of computation used in the preparation of these condensed consolidated financial statements for the six months ended 30 June 2020 are consistent with those used in the Group's annual financial statements for the year ended 31 December 2019 except as stated in note 4 below.

### 3. Significant Event

The World Health Organisation declared coronavirus and COVID-19 a global health emergency on 30 January 2020. Since then, the Group has experienced significant disruptions to its operations in the following respects:

- Interruptions to coal mining schedule;
- Interruptions to business plan of Tyre Recycling Plants;
- Significant uncertainty concerning when government lockdowns will be lifted, social distancing requirements will be eased and the long-term effects of the pandemic on the demand for the Group's primary products.

The significant events and transactions occurred since 31 December 2019 relate to the effects of the global pandemic on the Group's condensed consolidated interim financial statements for the six months ended 30 June 2020 and are summarised as follows.

*Decrease in revenue and cash flow, including impairment of property, plant and equipment and intangible asset*

As disclosed in note 5, the revenue from the Coal Mining Business have experienced significant reductions since the pandemic's effects became widespread. The Group considered the reduced sales and reductions in budgeted revenue as indicators of impairment, and therefore determined the recoverable amount for its cash generating units. The recoverable amount is the higher of fair value less costs of disposal and value in use. Value in use was higher in all cases due to the nature of the assets included in the carrying amount of cash generating units.

The impairment assessment for the Coal CGU (defined below) are disclosed in note 11.

#### 4. Adoption of New and Revised Hong Kong Financial Reporting Standards

The HKICPA has issued a number of new or amended Hong Kong Financial Reporting Standards (“**HKFRSs**”) that are first effective for the current accounting period of the Group:

- Amendments to HKFRS 3: Definition of a Business
- Amendments to HKFRS 7, HKFRS 9 and HKAS 39: Interest Rate Benchmark Reform
- Amendments to HKAS 1 and HKAS 8: Definition of Material
- Conceptual Framework for Financial Reporting (Revised)

The impacts of the adoption of HKFRS 3, HKAS 1 and HKAS 8 have been summarised below. The other new or amended HKFRSs that are effective from 1 January 2020 did not have any significant impact on the Group’s accounting policies.

##### **Amendments to HKFRS 3: Definition of a Business**

The amendments clarify that a business must include, as a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs, together with providing extensive guidance on what is meant by a “substantive process”.

Additionally, the amendments remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs, whilst narrowing the definitions of “outputs” and a “business” focus on returns from selling goods and services to customers, rather than on cost reductions.

An optional concentration test has also been added that permits a simplified assessment of whether an acquired set of activities and assets is not a business.

##### **Amendments to HKAS 1 and HKAS 8: Definition of Material**

The amendments clarify the definition and explanation of “material”, aligning the definition across all HKFRSs and the Conceptual Framework, and incorporating supporting requirements in HKAS 1 into the definition.

## 5. Segment Information

The Group determines its operating segments based on the business from products/services perspective. The reportable segment of the Group is the Coal Mining Business.

Segment performance is evaluated based on operating profit/(loss) and is measured consistently with operating profit/(loss) in the condensed consolidated financial statements. However, group financing costs are managed on a group basis and are not allocated to the reportable segments.

Segment assets exclude deferred tax assets and these assets are managed on a group basis.

Segment liabilities exclude deferred tax liabilities as these liabilities are managed on a group basis.

The Group's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies.

Segment profits or losses do not include corporate income and expense and central administration costs. Segment assets do not include corporate assets and deferred tax assets. Segment liabilities do not include corporate liabilities and deferred tax liabilities.

## 9. Dividend

The Board does not recommend the payment of an interim dividend for the six months ended 30 June 2020 (six months ended 30 June 2019: Nil).

## 10. (Loss)/earnings per Share

### Basic (loss)/earnings per share

The calculation of basic (loss)/earnings per share attributable to the owners of the Company is based on the loss attributable to the owners of the Company for the six months ended 30 June 2020 of approximately HK\$21,673,000 (six months ended 30 June 2019: profit of HK\$16,206,000) and the weighted average number of ordinary shares (the “**Shares**”) of 1,503,477,166 (six months ended 30 June 2019: 1,503,477,166) of the Company in issue during the period.

### Diluted (loss)/earnings per share

The computations of diluted (loss)/earnings per share for the six months ended 30 June 2020 and 30 June 2019 does not and did not assume the exercise of share options granted by the Company as the exercise prices of those options were higher than the average market price for shares.

## 11. Property, Plant and Equipment and Investment Property

(a) During the six months ended 30 June 2020, the Group had additions to property, plant and equipment and investment property of approximately HK\$397,000 and HK\$2,515,000 respectively.

In addition, the Group has entered into lease agreement for Hong Kong office during the six months ended 30 June 2020. Right-of-use assets amounted to approximately HK\$5,149,000 has been recognised for the current period.

### (b) Impairment assessment

During the six months ended 30 June 2020, the coal production output of the Coal Mining Business cash generating unit (the “**Coal CGU**”) decreased due to the impact of the COVID-19 pandemic and the aggravating fatigue of the mining infrastructure and malfunction of certain major machineries. The Group performed an impairment assessment review on the non-current assets under the Coal CGU to assess the recoverable amounts of the property, plant and equipment and intangible asset. Accordingly, impairment losses of: (i) approximately HK\$24,861,000 on property, plant and equipment; and (ii) approximately HK\$6,595,000 on intangible asset respectively, were recognised in the Group’s condensed consolidated statement of profit or loss for the six months ended 30 June 2020. The recoverable amounts of the Coal CGU were estimated based on their values in use, determined by discounting the future cash flows to be generated from the continuing use of these assets (the “**Cash Flow Projections**”).

## 11. Property, Plant and Equipment and Investment Property (Continued)

### (b) Impairment assessment (Continued)

The management of the Group prepared the Cash Flow Projections based on past performance and its expectations of market development. Pre-tax discount rate of 16% is used and reflect specific risk relating to the operating segment. The management of the Group also prepared relevant scenarios and sensitivity in determining the recoverable amount of the Coal CGU.

Therefore, the Cash Flow Projections have been prepared after taking into account the risks to further temporary suspension coal production associated with the lockdown or other measures taken by the state government in relation to the COVID-19 pandemic.

### (c) Valuation

An independent professional valuer has been engaged by the Company to review the reasonableness and appropriateness of the assumptions applied in the Cash Flow Projections.

### Share option scheme

The purpose of the 2009 Scheme is to enable the Company to grant options to any employee (whether full-time or part-time, including any executive Director but excluding any non-executive Director) of the Company or any of its subsidiaries or an entity in which the Group holds any equity interest (the **"Invested Entity"**); any non-executive Director (including independent non-executive Director) of the Company, any of its subsidiaries or any Invested Entity; any shareholder of any member of the Group or any Invested Entity or any holder of any securities issued or proposed to be issued by any member of the Group or any Invested Entity; and any other person (including any consultant, adviser, distributor, contractor, supplier, agent, customer, business partner, joint venture business partner, promoter or service provider of any member of the Group) whom the Board considers, in its sole discretion, has contributed or will contribute to the Group (the **"Eligible Participants"**) as incentives or rewards for their contribution to the Group and/or to recruit and retain high caliber employees and attract human resources that are valuable to the Group and any Invested Entity.

The 2009 Scheme was adopted for a period of 10 years commencing on 20 August 2009 and remained in force until 19 August 2019, after which period no further options will be offered or granted but the provisions of the 2009 Scheme shall remain in full force and effect in all other respects with regard to the share options granted during the life of the 2009 Scheme. The subscription price for the Shares in respect of any share option granted shall be such price as determined by the Board in its absolute discretion at the time of the grant of the relevant share option but in any case, the subscription price for Shares shall be at least not lower than the highest of: (a) the closing price of the Shares as stated in the Stock Exchange's daily quotation sheet on the date of grant, which must be a business day; (b) the average closing price of the Shares as stated in the Stock Exchange's daily quotations sheets for the five (5) trading days immediately preceding the date of grant; and (c) the nominal value of a Share.

A share option shall be deemed to have been granted and accepted (with retrospective effect from the offer date) when the duplicate letter comprising acceptance of the share option duly signed by the grantee with the number of Shares in respect of which offer is accepted clearly stated therein, together with a remittance in favour of the Company of HK\$1.00 by way of consideration for the grant thereof is received by the Company within 7 days from the date of the offer.

The 2009 Scheme does not specify a minimum period for which a share option must be held nor a performance target which must be achieved before a share option can be exercised. However, the rules of the 2009 Scheme provide that the Board may impose, at its sole discretion, conditions on the grant of an option.

## Share option scheme (Continued)

No Eligible Participant shall be granted a share option if exercised in full, would result in the total number of Shares issued and to be issued upon exercise of the share options granted to such Eligible Participant (including both exercised and outstanding share options) in any 12-month period exceeding 1% of the total number of Shares in issue unless such grant is separately approved by the Shareholders in general meeting.

A share option may be exercised in whole or in part by the grantee (or his legal representative(s)) within the option period, which shall be determined and notified by the Board to the grantee during which the option may be exercised and in any event shall be not more than 10 years commencing on the date on which the offer in relation to such share option is deemed to have been accepted.

In case of any change in the terms of share options granted to a substantial Shareholder or an independent non-executive Director, or any of their respective associates; or where any grant of share options to a substantial Shareholder or an independent non-executive Director, or any of their respective associates, would result in the Shares issued and to be issued upon exercise of all share options already granted and to be granted (including share options exercised, cancelled and outstanding) to such person in the 12-month period up to and including the date of such grant: (a) representing in aggregate over 0.1% of the relevant class of Shares in issue; and (b) having an aggregate value, based on the closing price of the Shares at the date of each grant, in excess of HK\$5,000,000, such further grant of share options must be approved by the Shareholders.

On 30 April 2015 (the **"First Date of Grant"**), the Company granted certain share options comprising 14,400,000 underlying Shares, which represented approximately 3.14% of the total number of issued shares of the Company as at that date, to certain Directors, employees and other Eligible Participants. Such share options were vested immediately and exercisable for a ten-year period from 30 April 2015 to 29 April 2025 (both days inclusive). The exercise price of the share options granted was HK\$0.710 per Share, which was higher than (i) closing price per Share of HK\$0.700 on the First Date of Grant; (ii) the average closing price of HK\$0.708 per Share as stated in the daily quotation sheets issued by the Stock Exchange for the five business days immediately preceding the First Date of Grant; and (iii) the nominal value of HK\$0.500 per Share as at the First Date of Grant.

### Share option scheme (Continued)

On 28 July 2015 (the “**Second Date of Grant**”), the Company granted certain share options comprising 11,250,000 underlying Shares, which represented approximately 2.23% of the total number of issued shares of the Company as at that date, to certain Directors and employees. Such share options were vested immediately and exercisable for a ten-year period from 28 July 2015 to 27 July 2025 (both days inclusive). The exercise price of the share options granted HK\$0.530 per Share, which was the highest of (i) the closing price per Share of HK\$0.465 on the Second Date of Grant; (ii) the average closing price of HK\$0.530 per Share as stated in the daily quotation sheets issued by the Stock Exchange for the five business days immediately preceding the Second Date of Grant; and (iii) the nominal value of HK\$0.500 per Share at the Second Date of Grant.

On 27 July 2018 (the “**Third Date of Grant**”), the Company granted certain share options comprising 150,000,000 underlying Shares, which represented approximately 9.98% of the total number of issued shares of the Company as at that date, to certain Directors and employees and other eligible participants. Such share options were vested immediately and exercisable for a ten-year period from 27 July 2018 to 26 July 2028 (both days inclusive). The exercise price of the share options granted HK\$0.510 per Share, which was the highest of (i) the closing price per Share of HK\$0.510 on the Third Date of Grant; (ii) the average closing price of HK\$0.500 per Share as stated in the daily quotation sheets issued by the Stock Exchange for the five business days immediately preceding the Third Date of Grant; and (iii) the nominal value of HK\$0.01 per Share at the Third Date of Grant.

The maximum number of Shares to be issued upon exercise of all share options to be granted under the 2009 Scheme was refreshed to 150,347,716 shares (the "**Scheme Mandate**") on 29 June 2018, being 10% of the total number of issued shares of the Company as at the passing of an ordinary resolution by the shareholders of the Company to approve the refreshment of the Scheme Mandate. As at 30 June 2020, as the 2009 Scheme expired on 19 August 2019, no share options can be further granted under the 2009 Scheme.

### **Share option scheme (Continued)**

The fair value of the share options comprising 14,400,000 underlying Shares granted on the First Date of Grant of approximately HK\$5,438,000 was valued by using the Binominal pricing model. Values are estimated based on the risk-free rate 1.52% per annum by reference to the yield rate of the Hong Kong government bills and bonds with similar duration, a ten-year period historical volatility 78.26%, assuming a dividend yield of 1.12% and an expected option life of 10 years.

The fair value of the share options comprising 11,250,000 underlying Shares granted on the Second Date of Grant of approximately HK\$3,071,000 was valued by using the Binominal pricing model. Values are estimated based on the risk-free rate 1.72% per annum by reference to the yield rate of the Hong Kong government bills and bonds with similar duration, a ten-year period historical volatility 81.34%, assuming a dividend yield of 0.76% and an expected option life of 10 years.

The fair value of the share options comprising 150,000,000 underlying Shares granted on the Third Date of Grant of approximately HK\$42,309,000 was valued by using the Binominal pricing model. Values are estimated based on the risk-free rate 2.18% per annum by reference to the yield rate of the Hong Kong government bills and bonds with similar duration, a ten-year period historical volatility 65.00%, assuming a dividend yield of Nil and an expected opinion life of 10 years.

The Binomial pricing model required input of subjective assumptions such as the expected stock price volatility. Change in the subjective input may materially affect the fair value estimates.

### **Purchase, sale or redemption of the Company's listed securities**

During the six months ended 30 June 2020, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities.

### **Competing interest**

None of the Directors or the controlling shareholders (as defined under the Listing Rules) of the Company had an interest in a business which competed or might compete with the business of the Group during the six months ended 30 June 2020.

### **Audit Committee**

The Audit Committee comprises three INEDs, namely Mr. Kwok Chi Shing, Mr. Chang Xuejun and Mr. Ho Man. The primary duties of the Audit Committee are to review the financial information of the Group, to oversee the financial reporting system, risk management and internal control systems to ensure the integrity of the financial statements of the Group and the effectiveness of internal control and risk management systems of the Group. The Audit Committee has reviewed the unaudited interim financial statements and the interim report of the Company for the six months ended 30 June 2020.

### **Corporate Governance**

The Company's corporate governance practices are based on the principles and code provisions as set out in the CG Code contained in Appendix 14 to the Listing Rules on the Stock Exchange.

The Company has complied with the applicable code provisions as set out in the CG Code contained in Appendix 14 to the Listing Rules during the six months ended 30 June 2020 except for the following deviations:

- (1) Under the code provision A.2.1 of the CG Code, the roles of chairman and chief executive should separate and should not be performed by the same individual. Following the passing away of the former chairman and executive Director of the Company, and resignation of the chief executive officer of the Company, the Board does not have any chairman and chief executive officer at present. The duties and responsibilities of the Company's business are handled by the existing executive Directors and senior management of the Company so as to achieve the overall commercial objectives of the Company. The Company is looking for suitable person to fill the vacancy of the chairman and chief executive officer.
- (2) Following the resignation of Mr. Huang Shao Ru as an INED with effect from 31 October 2019, the Board comprised two INEDs, hence failed to meet the requirements of having the Nomination Committee comprising a majority of INEDs and chaired by the chairman of the Board or an INED under code provision A.5.1 of the CG Code. Following the appointment of Mr. Ho Man as an INED with effect from 22 January 2020, the Company is in compliance with the requirements under code provision A.5.1 of the CG Code, which stipulates that the Nomination Committee shall comprise a majority of INEDs and chaired by the chairman of the Board or an INED.

### **Non-compliance with Rules 3.10(1), 3.21 and 3.25 of the Listing Rules**

Following the resignation of Mr. Huang Shao Ru as an INED with effect from 31 October 2019, the Company had only two INEDs, hence failed to meet the requirements of: (i) at least three INEDs in the Board under Rule 3.10(1) of the Listing Rules; (ii) the Audit Committee comprising only non-executive Directors with a minimum of three members under Rule 3.21 of the Listing Rules; and (iii) the Remuneration Committee comprising a majority of INEDs and chaired by an INED under Rule 3.25 of the Listing Rules.

Following the appointment of Mr. Ho Man as an INED with effect from 22 January 2020, the Company is in compliance with the requirements under: (i) Rule 3.10(1) of the Listing Rules stipulating that the Board must have at least three INEDs; (ii) Rule 3.21 of the Listing Rules stipulating that the Audit Committee must comprise a minimum of three members; and (iii) Rule 3.25 of the Listing Rules, which stipulates that the Remuneration Committee shall comprise a majority of INEDs and chaired by an INED.

### **Model Code For Securities Transactions by Directors**

The Company has adopted the Model Code set out in Appendix 10 to the Listing Rules as the required standard governing securities transactions by the Directors. The Company has made specific enquires to all the Directors and all the Directors have confirmed that they had complied with the required standards set out in the Model Code during the six months ended 30 June 2020.

### **Update on Directors' Information**

Subsequent to the 2019 annual report of the Company dated 20 March 2020 and up to the date of this interim report, no information is required to be disclosed pursuant to Rule 13.51B(1) of the Listing Rules.
