To the shareholders of COSCO SHIPPING Ports Limited

(incorporated in Bermuda with limited liability)

Opinion

WHAT WE HAVE AUDITED

The consolidated financial statements of COSCO SHIPPING Ports Limited (the "Company") and its subsidiaries (the "Group") set out on pages 135 to 238 which comprise:

- the consolidated balance sheet as at 31 December 2020;
- the consolidated income statement for the year then ended;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated cash flow statement for the year then ended; and
- the notes to the consolidated financial statements, which include a summary of significant accounting policies.

OUR OPINION

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENCE

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- · Recoverability of carrying amounts of terminal assets, investments in joint ventures and associates; and
- Impairment assessment of goodwill.

Key Audit Matter

Recoverability of carrying amounts of terminal assets, investments in joint ventures and associates

Refer to notes 3.8, 5(a), 7, 9, 10, 11 and 12 to the consolidated financial statements.

The Group is involved in terminals operation through subsidiaries, investments in joint ventures and associates in Hong Kong, Mainland China, Spain, Italy, Greece, Belgium, Abu Dhabi and other countries.

As at 31 December 2020, there were terminal assets with a total carrying value of property, plant and equipment of US\$3,359 million, right-of-use assets of US\$978 million, intangible assets of US\$475 million, investments in joint ventures with a total carrying amount of US\$1,222 million, and investments in associates with a total carrying amount of US\$3,113 million.

Management performed assessment at the end of each reporting period whether there is any indication that the terminal assets, investments in joint ventures and associates may be impaired. Should indication of impairment exists, an impairment assessment will be performed accordingly.

How our audit addressed the Key Audit Matter

We obtained an understanding on the Group's policies and procedures to identify impairment indicators of terminal assets, investments in joint ventures and associates, and performed the following procedures in relation to management's impairment assessments:

- evaluated the internal sources and external sources of information to identify impairment indications, if any;
 - obtained an understanding of the management's internal control and assessment process of impairment of terminal assets, investments in joint ventures and associates and assessed the inherent risk of material misstatement by considering the degree of estimation uncertainty and level of other inherent risk factors, such as complexity, subjectivity, changes and susceptibility to management bias or fraud;
- evaluated the appropriateness of the value-in-use/ fair value less costs of disposal model adopted for the impairment assessments;
- compared the current year's actual results
 with prior year's budgets, where applicable, to
 consider whether any past forecast including any
 assumptions, with hindsight, had been aggressive;
- challenged the reasonableness of key assumptions such as revenue growth rates, terminal growth rates and gross/operating margins applied by management by comparing to commercial contracts, available market reports and historical trend analyses, where applicable;

Key Audit Matter

How our audit addressed the Key Audit Matter

The recoverable amounts of the terminal assets, investments in joint ventures and associates are measured at value-in-use which are based on future discounted cash flows on a cash generating unit basis or fair value less costs of disposal.

Management has concluded that there was no impairment in respect of the terminal assets, investments in joint ventures and associates as at 31 December 2020.

This area is significant to our audit because of the significance of the carrying amounts of the assets and the significant management judgement involved in determining the value-in-use prepared based on future discounted cash flows or fair value less costs of disposal under income approach. For terminal assets, investments in joint ventures and associates, the judgement focuses on revenue growth rates, terminal growth rates, gross/operating margins and discount rates. All these factors are with estimation uncertainties and may impact the results of the impairment assessments.

- involved our internal valuation experts to evaluate the valuation methodologies and assess the reasonableness of the discount rates in the impairment assessment applied by management and benchmarked the discount rates applied to other comparable companies in the same industry, where applicable;
- agreed input data to supporting evidence, such as approved budgets, inflation rates, strategic plans and market data, where applicable;
- assessed the adequacy of the disclosures related to impairment of terminal assets, investments in joint ventures and associates in the context of the applicable financial reporting framework; and
- evaluated management's sensitivity analysis around the key assumptions, to ascertain the extent of change in those assumptions that either individually or collectively would be required for the terminal assets to be impaired, where applicable.

Based on the audit procedures performed, we found the key judgements and assumptions used in the impairment identification and assessments to be supported by the available evidence.

Key Audit Matter

Impairment assessment of goodwill

Refer to notes 3.7(a), 5(b) and 10 to the consolidated financial statements.

As at 31 December 2020, the Group had a balance of goodwill of US\$182 million.

Management tests whether goodwill has suffered any impairment in accordance with the accounting policy stated in note 3.7(a). The recoverable amounts of cash generating units ("CGUs") have been determined based on value-in-use calculations. The value-in-use calculations use cash flow projections based on financial budgets approved by management which involve judgement by management such as determining the discount rates, revenue growth rates, terminal growth rates and operating margins. Changes in these assumptions may impact the recoverable amount of goodwill. Management concluded that the goodwill was not impaired.

We focused on this area as the assessment involved significant judgements, including the revenue growth rates, terminal growth rates, operating margins and discount rates applied to the estimates of the recoverable amount. All these factors are with estimation uncertainties and may impact the results of the impairment assessments.

How our audit addressed the Key Audit Matter

We performed the following procedures in relation to management's goodwill impairment assessment:

- obtained an understanding of the management's internal control and assessment process of impairment of goodwill and assessed the inherent risk of material misstatement by considering the degree of estimation uncertainty and level of other inherent risk factors, such as complexity, subjectivity, changes and susceptibility to management bias or fraud;
- evaluated the appropriateness of the value-in-use model adopted for the impairment assessments;
- compared the current year's actual results with prior year's budgets, where applicable, to consider whether any past forecast including any assumptions, with hindsight, had been aggressive;
- challenged the reasonableness of key assumptions such as revenue growth rates, terminal growth rates and operating margins applied by management by comparing to commercial contracts, available market reports and historical trend analyses, where applicable;
- involved our internal valuation experts to evaluate the valuation methodologies and assess the reasonableness of the discount rates in the impairment assessment applied by management and benchmarked the discount rates applied to other comparable companies in the same industry;
- agreed input data to supporting evidence, such as approved budgets, inflation rates, strategic plans and market data, where applicable;
- assessed the adequacy of the disclosures related to impairment of goodwill in the context of the applicable financial reporting framework; and
- evaluated management's sensitivity analysis around the key assumptions, to ascertain the extent of change in those assumptions that either individually or collectively would be required for the goodwill to be impaired, where applicable.

Based on the audit procedures performed, we found the key judgements and assumptions used in the impairment assessment to be supported by the available evidence.

Other Information

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged With Governance for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a
 material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Pong Fei Ho.
