# CHAIRMAN'S STATEMENT

---

Dear Shareholders,

It is a great honor to be here to share with you our achievements and feelings over the past year. 2020 is an extraordinary year in the history of CSC. In the face of the COVID-19 pandemic sweeping the world and the volatile economy in the world, we have achieved the best operating results since our inception by virtue of our firm confidence in China's securities market and our own excellent business capability. Our annual income and net profit both reached the best level in history, and the growth level was higher the average level in the industry. According to the audited financial data of China Accounting Standards for Business Enterprises, as of the end of 2020, the total assets of the Group amounted to RMB371,228 million, representing a year-on-year increase of 29.95%, and the net assets attributable to equity holders of the Company of RMB67,735 million, representing a year-on-year increase of 19.71%. In 2020, the Group achieved operating income of RMB23,351 million, representing a year-on-year increase of 70.53%, and net profit attributable to equity holders of the Company of RMB9,509 million, representing a year-on-year increase of 72.85%, with a return on weighted average equity exceeding 18.18%, providing shareholders with relatively good return.

The world today is in a period of great development, great transformation and great adjustment. The China securities market has also entered a new stage of high-quality development, showing a trend of accelerating the concentration of various resources, such as talents, customers and capital to head-office securities firms. The China securities market are calling for genuinely competitive securities firms to differentiate themselves from many of their competitors through innovative development, which in turn drive the overall progress of the industry. The tide of the era has approached, and all companies shall embrace and dare to confront challenges, respect and take advantage of market rules to win the trust of the market and customers, so as to become the mainstay of the industry. The new era envisions new opportunities for aspiring securities firms that are eager to improve service quality and competitiveness in the larger era, and achieve great leap-forward development to show their capabilities. we are also fortunate to achieve the following outstanding achievements in 2020 under the background of this era.

## STEADY RISE OF CORE INDICATORS

Brilliant operating results are our best feedback to our broad shareholders. Through years of pragmatic and proactive strategic adjustment, we have successfully built up high quality market brands and professional staff, and have achieved remarkable results across our business lines. Investment banking remains our core and representative significant business. With the well-recognized reputation in the market, we successfully sponsored five projects, namely the Beijing-Shanghai High-speed Railway IPO, the Jinlongyu IPO, the Qi An Xin IPO, the SMIC IPO and the Bestechnic IPO, among the top 10 IPOs under the 2020 A-Share market financing. We have ranked first in the industry in terms of number of sponsored and underwritten issuers among the first batch of enterprises in the NEEQ and the first batch of listed companies under the GEM reform and pilot registration system. The results of the bond underwriting business have also been remarkable, and the number and amount of corporate bond underwriters have ranked first in the industry for six consecutive years. Our wealth management business has also been a long-term focus on us, and we have regarded it as an important business for improving our industry ranking and influence in the future. Relying on our deep customer base and active secondary market environment, we have continuously increased our customer development efforts and strived to improve the level of customer service, and the core indicators of our wealth management business have risen steadily. There has been significant increase in income of agency trading securities business and the market share of trading volume of equity funds. The Company has also been selected into the first batch of pilot brokerage business and has achieved outstanding results. The trading and institutional client services business has become an important source of profit for the

## CHAIRMAN'S STATEMENT (Continued)

---

Company. We have accurately grasped the market conditions and opportunities, significantly enhanced our investment scale as well as research and development capabilities, continued to strengthen our customer service capabilities, and achieved better absolute returns, thereby driving significant increase in our revenue and net profit. In the asset management business segment, we have steadily advanced key initiatives such as large-scale collective renovation, and accelerated the transformation to active management, with continuous increase in active management scale and proportion. The profit margin of the asset management department and relevant subsidiaries increased significantly, and the industry ranking of the size of the non-monetary funds of the China Securities Funds were significantly improved, with the size of China Securities Funds' new filing fund ranking 4th among private equity subsidiaries of the securities firms.

### COMPREHENSIVE PROMOTION OF DIGITAL TRANSFORMATION

We recognize that the successful implementation of the digital transformation will directly affect the service experience of our customers as well as their operational efficiency and even their overall competitiveness. After several years of attempts and key construction, our digital transformation has been fully advanced. We have set up information specialist positions in each specialized unit to serve as a communication bridge between the demand side and the technology side, streamline the business process systematically and clarify the development requirements of information system. This arrangement plays an important role in the digital transformation. We have also improved the service experience and loyalty of our customers by facilitating the launch of our mobile operation platform (PAD) and customer post-investment analysis system. An electronic version of the script has also been launched in the investment banking business. We have also established an institutional client mapping system and an institutional client integrated services platform. We have preliminarily achieved the incorporation and demonstration of business cooperation between our institutional clients, and completed the online process and digitalization of various types of businesses and services. The "Octopus" system, a big data platform for sales of bonds, has been officially launched, and the sales of bonds have been fully upgraded. The digital transformation is our strategic development plan, and we will strive to become a leader in the digital transformation of the industry through a combination of short-term goals and long-term goals.

### SIGNIFICANT CROSS-BORDER BUSINESS

International business is an important sector of our comprehensive and integrated services to our customers in the future and an important aspect of our long-term development goals in the future. While being deeply rooted in our domestic market, we are always at the same time exploring the possibilities of going global of Chinese securities firms, proposing and implementing the concept of integrated cross-border business management, providing more comprehensive services to our customers as well as greater room of development for ourselves. Up to now, the Company's fixed income proprietary and derivatives integration operations have been well-established, with continuous expansion in scale. The integrated mechanism of the research business is functioning normally and our voice and influence in the Hong Kong market is gradually increasing. The integration of other business and management efforts is also carried out in an orderly manner. We have gained increasing attention in the international market, thanks to our excellent track record and positive market image over the years. The Company was included in the FTSE China A50 Index by FTSE Russell and is considered as one of the representatives of listed companies in the Chinese A Share market. Among the international credit ratings, the Company was reviewed as Moody's Baa1 (with stable outlook) and Fitch BBB+ (with stable outlook), being the highest international credit rating of domestic securities firms in the above rating agencies. In addition, the Company has successfully issued US\$500 million of overseas bonds at a relatively low interest rate.

## CHAIRMAN'S STATEMENT (Continued)

---

In addition to the continuous improvement of its operating results and major business, the Company has also obtained the following qualifications, honors and achievements: the Company has become one of the six pilot enterprises in the industry with consolidated financial statements, obtained the pilot qualification for foreign exchange settlement and sales, and obtained AA rating of A type from the CSRC for the 11th consecutive years, and was the only enterprise rated as the sixth session of "National Civilized Unit" in the securities industry. We successfully completed the initial non-public offering of our A Shares and achieved a financing of RMB3,884 million, partially satisfying the urgent needs for our supplementary capital, as well as our investors' confidence in the prospects of our future growth. Gaining the above achievements not only relies on the hard work and unremitting efforts of all the people from CSC, but also benefits from the long-term support of our shareholders, and we would like to express our sincere gratitude to our shareholders!

We have historically cherished our honors and strive for excellence, and we will never stop at the status quo. After fifteen years of hard work, the Company has become a renowned market leader and a strong competitor. We are soberly aware that the securities market and our broad shareholders have high expectations for us, and we need to continue to work harder and better, consolidate our fundamentals, serve the real economy, better serve the wealth management needs of citizens, and return to our shareholders with superb operating results.

The majestic roads are the same, and now they are moving from scratch. With the full implementation of the stock issuance registration system, the establishment of normal delisting mechanism, the introduction of major reform policies in the capital market, such as increasing the proportion of direct financing, a new round of securities market development has begun, and the securities industry will become more stable with high quality. In the face of this important development opportunity, we will continue to leverage our strengths and features, keep pace with the era, develop our complementary strengths and synergies, actively pursue new breakthroughs, and strive to build CSC into a reliable and first-class investment bank in the PRC trusted by our clients, recognized by our employees and satisfied by our shareholders.

Thank you!

*Chairman*

### VI. OTHER INFORMATION OF THE COMPANY

#### (I) History of the Company, mainly including reform and restructuring, increasing in share capital and other matters in prior years

##### 1. Establishment of Company

China Securities Finance Limited (中信建投證券有限責任公司) (the “CSF Limited”), the Company’s predecessor, was jointly invested and established by CITIC Securities and China Jianyin in 2005 pursuant to the Approval for Commencing Operation of China Securities Finance Limited (Zheng Jian Ji Gou Zi [2005] No. 112) (《關於同意中信建投證券有限責任公司開業的批覆》(證監機構字[2005]112號)) issued by the CSRC. On November 2, 2005, CSF Limited obtained the business license of corporate legal representative from the Administration for Industry and Commerce. The registered address is Unit 4, No. 66 Anli Road, Chaoyang District, Beijing, with registered capital of RMB2,700,000,000, of which CITIC Securities and China Jianyin made cash contribution of RMB1,620,000,000 and RMB1,080,000,000, in proportion of 60% and 40%, respectively. CSF Limited was established to acquire the securities business and related assets originally owned by Huaxia Securities Co., Ltd. and then operated as a comprehensive securities firm.

##### 2. Change of Shareholding in 2010

###### (1) BSCOMC Becomes a Shareholder

On November 9, 2010, the CSRC issued the Approval for the Change of Shareholders Holding More Than 5% Equity Interests by China Securities Finance Limited (Zheng Jian Xu Ke [2010] No. 1588) (《關於核准中信建投證券有限責任公司變更持有5%以上股權的股東的批覆》(證監許可[2010]1588號)) to approve the eligibility of BSCOMC as a Shareholder of the CSF Limited holding more than 5% equity interests, with no objection to the lawful transfer of RMB1,215,000,000 equity interests of the CSF Limited (representing 45% of the total capital contribution) originally held by CITIC Securities to BSCOMC. On November 15, 2010, CSF Limited completed the change of registration in relation to the change in shareholding with the Administration for Industry and Commerce.

## SECTION 2 COMPANY INFORMATION (Continued)

---

### (2) *Central Huijin Becomes a Shareholder*

Pursuant to the Approval of the Ministry of Finance for Asset Transfer by China Jianyin to Central Huijin (Cai Jin Han [2009] No. 77) (《財政部關於中國建銀投資有限責任公司向中央匯金投資有限責任公司劃轉資產的批覆》(財金函[2009]77號)), China Jianyin, a Shareholder of CSF Limited originally holding 40% equity interests, transferred its equity interests in CSF Limited to Central Huijin at nil consideration. On November 18, 2010, the CSRC issued the Approval for the Change of Shareholders Holding More Than 5% Equity Interests by China Securities Finance Limited (Zheng Jian Xu Ke [2010] No. 1659) (《關於核准中信建投證券有限責任公司變更持有5%以上股權的股東的批覆》(證監許可[2010]1659號)) to approve the eligibility of Central Huijin as a Shareholder of the CSF Limited holding more than 5% equity interests, with no objection to the lawful transfer of RMB1,080,000,000 equity interests of the CSF Limited (representing 40% of the total capital contribution) originally held by China Jianyin to Central Huijin. On December 16, 2010, CSF Limited completed the change of registration in relation to the change in shareholding with the Administration for Industry and Commerce.

### (3) *Central Jinyuan Becomes a Shareholder*

On November 23, 2010, the CSRC issued the Approval for the Change of Shareholders Holding More Than 5% Equity Interests by China Securities Finance Limited (Zheng Jian Xu Ke [2010] No. 1693) (《關於核准中信建投證券有限責任公司變更持有5%以上股權的股東的批覆》(證監許可[2010]1693號)) to approve the eligibility of Century Jinyuan as a Shareholder of the CSF Limited holding more than 5% equity interests, with no objection to the lawful transfer of RMB216,000,000 equity interests of the CSF Limited (representing 8% of the total capital contribution) originally held by CITIC Securities to Century Jinyuan. On December 16, 2010, CSF Limited completed the change of registration in relation to the change in shareholding with the Administration for Industry and Commerce.

### **3. Conversion to a Joint Stock Limited Company as a Whole in 2011**

On June 30, 2011, the CSRC issued the Approval for the Conversion of China Securities Finance Limited into a Joint Stock Limited Company (Zheng Jian Xu Ke [2011] No. 1037) (《關於核准中信建投證券有限責任公司變更為股份有限公司的批覆》(證監許可[2011]1037號)) to approve the conversion of CSF Limited into a joint stock limited company as a whole. Upon completion of the conversion, the Company was renamed CSC Financial Co., Ltd. with registered capital of RMB6,100,000,000. On September 28, 2011, the Company completed the change of registration in relation to the conversion into a joint stock limited company as a whole with the Administration for Industry and Commerce.

### **4. Change of Shareholding in 2016**

#### *(1) Xizang Shannan Century Jinyuan Investment Management Limited Becomes a Shareholder*

On March 8, 2016, Century Jinyuan entered into a Share Transfer Agreement with Xizang Shannan Century Jinyuan Investment Management Limited (the “Shannan Jinyuan”, currently known as Xizang Tengyun Investment Management Limited), which stipulated that Century Jinyuan shall transfer those 300,000,000 shares of the Company held by it to Shannan Jinyuan, representing 4.92% of the total share capital of the Company. The above transfer was completed in July 2016.

#### *(2) Shanghai Shangyan Becomes a Shareholder*

On August 22, 2016, Century Jinyuan entered into a Share Transfer Agreement with Shanghai Shangyan, which stipulated that Century Jinyuan shall transfer those 150,624,815 shares of the Company held by it to Shanghai Shangyan, representing 2.47% of the total share capital of the Company. The above transfer was completed in September 2016.

### 5. IPO of H Shares in 2016

On November 3, 2016, the CSRC issued the Approval for Issuance of Overseas Listed Foreign Shares by CSC Financial Co., Ltd. (Zheng Jian Xu Ke [2016] No. 2529) (《關於核准中信建投證券股份有限公司發行境外上市外資股的批覆》(證監許可[2016]2529號)), which approved the overseas IPO of the Company no more than 1,237,940,000 overseas listed foreign shares, with a par value of RMB1 per share, all of which were ordinary shares.

On December 9, 2016, the Company was listed and traded on the main board of the Hong Kong Stock Exchange, with an IPO of 1,130,293,500 H Shares (including 1,076,470,000 new shares) (stock code: 6066.HK). On December 30, 2016, the Company exercised the over-allotment option partially and issued 73,411,000 additional H Shares (including 69,915,238 new shares) resulting in issuance a total of 1,203,704,500 H Shares (including 1,146,385,238 new shares) at an issue price of HKD6.81 per share.

According to the Approval for the Issues Concerning the Transfer of State-owned Shares Held by CSC Financial Co., Ltd. (Guo Zi Chan Quan [2016] No. 967) (《關於中信建投證券股份有限公司國有股轉持有關問題的批覆》(國資產權[2016]967號)) issued by the State-owned Assets Supervision and Administration Commission of the State Council, and the Letter on the Issues Concerning the Reduction and Transfer of Hong Kong-listed, State-owned Shares Held by CSC Financial Co., Ltd. (She Bao Ji Jin Fa [2016] No. 152) (《關於中信建投證券股份有限公司香港上市國有股減轉持問題的函》(社保基金發[2016]152號)) issued by the National Council for Social Security Fund of the PRC (the "NSSF"), certain existing Shareholders of the state-owned shares of the Company carried out their obligations of state-owned share reduction and have transferred an aggregate of 114,638,524 Shares of the Company to the NSSF based on 10% of the actual number of Shares issued, and such Shares were then converted into overseas listed foreign invested shares (H shares) on a one-for-one basis. According to the entrustment of the NSSF, the Company would transfer 57,319,262 Shares out of the Shares for public offering, and the proceeds would be transferred to the NSSF.

After the IPO and listing of H Shares by the Company, the total share capital was changed from 6,100,000,000 Shares to 7,246,385,238 Shares, including 5,985,361,476 domestic Shares and 1,261,023,762 H Shares.

---

### **6. IPO of A Shares in 2018**

On May 18, 2018, the CSRC issued the Approval for Approving the Initial Public Offering of CSC Financial Co., Ltd. (Zheng Jian Xu Ke [2018] No. 828) (《關於核准中信建投證券股份有限公司首次公開發行股票的批覆》(證監許可[2018]828號)) to approve the public offering of no more than 400 million A Shares by the Company.

On June 20, 2018, the Company was listed on the main board of the SSE, with an IPO of 400,000,000 A Shares (stock code: 601066.SH) at an issue price of RMB5.42 per share.

After the IPO and listing of A Shares, the total share capital of the Company was changed from 7,246,385,238 Shares to 7,646,385,238 Shares, including 6,385,361,476 A Shares and 1,261,023,762 H Shares.

### **7. Change of Shareholding in 2020**

On October 19, 2020, the CSRC issued the Approval for the Change of Substantial Shareholder by CSC Financial Co., Ltd. (Zheng Jian Xu Ke [2020] No. 2619) (《關於核准中信建投證券股份有限公司變更主要股東的批覆》(證監許可[2020]2619號)) to approve Beijing Financial Holdings Group to become the substantial shareholder of the Company, with no objection to the lawful transfer of 2,684,309,017 shares of the Company (representing 35.11% of the total shares) originally held by BSCOMC to Beijing Financial Holdings Group. On November 30, 2020, the share transfer registration was completed, and BSCOMC no longer directly held the shares of the Company, and Beijing Financial Holdings Group became the largest shareholder of the Company.

### **8. Non-public issuance of A shares in 2020**

On February 28, 2020, the CSRC promulgated the Approval for the Non-public Issuance of Shares by CSC Financial Co., Ltd. (Zheng Jian Xu Ke [2020] No. 345) (《關於核准中信建投證券股份有限公司非公開發行股票的批覆》(證監許可[2020]345號)) to approve the non-public issuance of no more than 1,277,072,295 A shares of the Company.

On December 28, 2020, the 110,309,559 new A shares of the non-public issuance completed the share registration procedures at the Shanghai branch of China Securities Depository and Clearing Corporation Limited. After the completion of the non-public issuance, the total share capital of the Company was changed from 7,646,385,238 Shares to 7,756,694,797 Shares, including 6,495,671,035 A Shares and 1,261,023,762 H Shares.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

In 2020, with further capital market reform, first batch of delicately selected enterprises to be quoted on the NEEQ, STAR Market revolution and pilot registration system were successfully implemented, thus continuously improving the quality of listed companies. The Company completed 68 equity financing projects throughout the year, with aggregate amount of equity offerings underwritten by the Company as a lead underwriter of RMB161,878 million, both ranking No. 2 in the industry. According to the ranking by Wind, the number of IPO issuance projects and amount of equity offerings underwritten by the Company as a lead underwriter both ranked No.1 in the industry; the equity re-financing projects ranked No. 3 in the industry, and the amount of equity offerings underwritten by the Company as a lead underwriter ranked No. 2 in the industry. Among the top 10 A Shares IPOs in 2020, the sponsored underwriting projects of companies accounted for 5, including the Beijing-Shanghai Highspeed Railway, which has the highest historical financing limit for A Shares, Golden Dragon Fish, with historical financing limit among the top on the ChiNext, and Qi-Anxin, with the highest financing limit for A Shares unprofitable companies, Bestechnic and SMIC (Joint principal underwriter), with the first red-chip A+H Shares on the Sci-tech Innovation Board. At the same time, the Company also sponsors and underwrites numerous classic projects with greater market influence, such as ZTE's non-public offering, Ningde Times' non-public offering, etc.. After the first batch of sponsorship and underwriting projects ranked No.1 in the industry in 2019, the Company sponsored and underwrote 7 of the first batch of 32 delicately selected enterprises to be quoted on the NEEQ, ranking No.1 in the industry in 2020, and 3 of the first batch of 18 listed enterprises in the GEM reform and pilot registration system, also ranking No. 1 in the industry. Among them, the Company took the lead in sponsoring and underwriting Arawana, China's kitchen food leader, which financed RMB13,933 million and became the largest IPO on the GEM.

As of the end of the Reporting Period, the Company had 57 projects under review, ranked No. 3 in the industry; the Company had 33 equity refinancing projects (including convertible bonds) pending review, ranked No. 2 in the industry. (Source: disclosure of review by CSRC, statistics of the Company and Wind Info )

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Details of the Company's equity sponsorship and underwriting in 2020:

Items	2020		2019	
	Amount of lead underwriting (RMB'00 million)	Number of offerings	Amount of lead underwriting (RMB'00 million)	Number of offerings
IPO	832.00	39	164.24	21
Refinancing Issuance	786.78	29	217.70	17
<b>Total</b>	<b>1,618.78</b>	<b>68</b>	<b>381.94</b>	<b>38</b>

Source: statistics of the Company

*Note 1:* The statistical scope of refinancing includes allotment of shares, public placement, financing-oriented private placement (inclusive of non-public issuance and reorganization ancillary financing), preference shares, but excludes asset-oriented private placement.

*Note 2:* According to the statistics of Wind issue date, the company completed 40 IPO orders (including one single issuance of convertible A shares to absorb and merge B shares listing project), ranking No.1 in the industry.

*Note 3:* The Company sponsored and underwrote 8 projects among the NEEQ selected layer, raising a total of RMB1.768 billion, which is not included in the data of the above table.

For overseas equity financing business, in 2020, China Securities International completed 2 IPOs in Hong Kong market. The equity financing proceeds totaled HK\$2.9 billion.

### Outlook for 2021

In 2021, the reform of the basic system of capital market and the construction of the rule of law system will be continuously improved, the stock issuance registration system reform will be deepened, a normal delisting mechanism will be established to increase the proportion of direct financing, and the quality of listed companies will be further improved. The Company will continue to enhance project management and risk control capabilities, promote high-quality development, better serve the real economy, strengthen the layout and accumulation of key areas and industries, provide quality services centered on customer needs, enhance valuation, pricing and sales capabilities, and do a good job in domestic and overseas integration. For international business, China Securities International will continue to expand its business scope to meet the needs of current and future business development, diversify different types of products, such as the homecoming of China Concept Stocks, privatization of Hong Kong listed companies and cross-border acquisitions, and keep providing high-quality services such as listing sponsorship and securities underwriting services.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### (2) Debt Financing Business

In 2020, the annual interest rate of security market showed a deep V-shaped trend. From the beginning of 2020 to the April, due to the impact of the COVID-19 pandemic, interest rate of security market downward in the fluctuating condition, and the 10-year treasury yield broke the historical low in 2009 and 2016. Under the government's effective prevention and control policies, China's macro economy has obviously recovered. Since May, interest rate of security market has rebounded sharply from the historical low. In addition, due to the outbreak of some credit risk events, institutional risk appetite decreased and credit spreads widened. For international market, affected by the COVID-19 pandemic, major global economies generally faced severe downward pressure, which brought historic challenges and opportunities to overseas business. In 2020, 18,744 credit bonds (excluding interbank certificates of deposit) were issued in the domestic securities market, with an issue scale of RMB18.92 trillion, representing a YoY increase of 34.24% and 28.80%, respectively.

In 2020, the number and size of bonds underwritten by the Company recorded new highs. The Company completed a total of 2,378 underwriting projects as a lead underwriter, with a cumulative total scale of the lead underwriting project of RMB1,211.197 billion, both ranked No. 2 in the industry. For cooperate bonds, a total of 601 lead underwriting projects were completed, with a lead underwriting scale of RMB440.659 billion, which is the largest scale in history, ranked No. 1 in the industry for 6 consecutive years. (Data source: Wind Information) With its long-term advantages in corporate debt business, the Company has accumulated sizable state-owned enterprise customers and high-quality industrial customers including PetroChina, Sinopec, State Grid, China Huaneng and Datang Group. In 2020, the Company newly accumulated China Nonferrous Metal Mining, China Construction First Group Cooperation and other state-owned enterprise customers and high-quality industrial customers. In terms of product innovation, as the lead underwriter, the Company successfully issued nearly 31 green bonds, 55 pandemic prevention and control bonds, 5 bail bonds, 7 double innovation bonds and 7 special poverty alleviation debts. In addition, 20 China Coal 01 is the first registered corporate bond issued in the entire market, and the Datong Coal Mine Supply Chain Asset-Backed Medium-term Notes are the first batch of pilot projects in the ABCP product market in the inter-bank market while Sinopharm Holding (China) Financial Leasing Co., Ltd. issued corporate bonds in non-public in 2020 (Phase II) (COVID-19 pandemic prevention and control bonds), which was the first batch of pandemic prevention and control bonds in the exchange bond market, giving full play to and demonstrating the important role of China Securities in serving the real economy.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Details of debt financing business of the Company in 2019 are as follows:

item	2020			2019		
	lead underwriting (RMB'00 million)	project scale (RMB'00 million)	Number of offerings	lead underwriting (RMB'00 million)	project scale (RMB'00 million)	Number of offerings

Source: statistics of the Company

Note: "Others" mainly consist of medium-term notes, short-term commercial papers, private placement notes, asset-backed securitization and government-backed agency bonds.

For overseas business, in 2020, China Securities International completed 45 overseas bond issuance transactions in offshore market and 2 private placement bonds with an amount underwritten of approximately US\$17.9 billion.

### Outlook for 2021

In 2021, domestic macro-economy will be problematic in terms of its structure, system and cycle. The Company will be well-positioned to seize market opportunities, enhance internal and external cooperation, consolidate its competitive advantage in traditional business such as corporate bonds, debt financing instruments of non-financial enterprises and enterprise bonds, and will continue to develop debt financing business with great market potential, such as asset-based securities, exchangeable bonds and panda bonds, to increase product diversity. For overseas business, China Securities International will actively develop offshore bond projects of Chinese enterprises, act as global coordinator and bookrunner, and continuously develop rating advisory services. Besides, the Company will enrich the dimension of debt financing products and services under the background of accelerating the integration of domestic and overseas teams.

### (3) *Financial Advisory Business*

In 2020, the Mergers and Acquisitions and Restructuring Committee of CSRC reviewed 79 merger and acquisition projects in A share market in total, representing a decrease of 36.29% year-on-year. The merger and acquisition business of the Company obtained satisfactory results, which further improved balance in the Company's investment banking business structure. In 2020, the Company completed 10 projects of asset acquisition by way of issue of shares and material assets restructuring, ranked No. 3 in the industry, with a transaction amount of RMB34,122 million, ranked No. 5 in the industry. The Company completed the financial assets listing project of State Grid Yingda, and completed the projects of share issuance and assets acquisitions of Guorui Technology, China Sports Industry, Tianjin Quanye and Cuiwei. In addition, the Company continued to maintain a high market share in the bankruptcy and reorganization of listed companies, and participated in reorganization projects such as \*ST Tianyu and \*ST Pegasus. (Source: Wind Info and statistics of the Company)

As of the end of the Reporting Period, the Company had completed private placement of 21 companies listed on NEEQ market, which raised total proceeds of RMB1,006 million, continuously oversaw 47 enterprises in the innovation sector on the NEEQ, ranked No. 3 in the industry. (Source: NEEQ Company, choice financial terminal)

For overseas business, as of end of the Reporting Period, China Securities International completed five merger projects, and two financing project in Hong Kong's secondary market and six financial advisory projects.

#### Outlook for 2021

In 2021, the Company will continue to seize market opportunity and improve the ability in integration of merger and acquisition business, and strengthen the service layout of the cross-border business, consolidate its unique advantages in the financial advisory of bankruptcy reorganization of listed companies, and enhance diversified service capability of the Company's merger and acquisition business. The Company will also actively undertake high-quality NEEQ projects to increase the reserve of follow-up projects. For high-quality basic level companies supervised by the Company, we will plan ahead to smoothly enter the innovation level and lay the foundation for the listing on the selected level. For oversea business, in 2021, China Securities International will continue to expand cross-border acquisition, Pre-IPO competition and privatization.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### 2. *Wealth Management Segment*

#### (1) *Brokerage and Wealth Management Business*

In 2020, the average daily turnover of market equity funds was RMB803.7 billion, representing a YoY increase of 59.81%; (Source: SSE and SZSE). As the competition among securities firms was increasingly fierce on commission rate, business flow, service approach, service provided and expertise of employees, the brokerage business faced severe challenges. The Company endeavored to establish an integrated client services platform and ecological chain to develop businesses covering financial products, margin financing and securities lending, the NEEQ, investment advisory services, futures, options and precious metals business through resource integration. The Company, with customer-oriented culture, continued to strengthen the core competitiveness of brokerage business with clients as the focus through raising the standard of service and enhancing procedures, and strived to fulfill diversified wealth management, investment and financing needs of retail, high net worth, institutional, corporate and other clients at different levels.

With respect to securities brokerage business, in 2020 the net income from the securities brokerage business of the Company accounted for 3.32% of the market share, representing a YoY increase of 6.68%, ranked No. 10 in the industry. As of the end of the Reporting Period, trading volume of the agency sales of equity funds of the Company amounted to RMB12.93 trillion with a market share of 3.31%, representing a YoY increase of 13.68%, ranked No. 10 in the industry. The sale of standardized products amounted to RMB111.4 billion and the net income from the distribution of financial products had a market share of 4.21%, representing a YoY increase of 39.40%, ranked No. 8 in the industry. As of the end of the Reporting Period, the number of new capital accounts was 660,000; the total number of clients' capital accounts was 8,999,400, with a market share of 3.47%, ranking No. 10 in the industry. The market value of securities under custody for the Company's clients accounts was RMB4.31 trillion with a market share of 7.22%, ranked No. 2 in the industry; in which new client assets amounted to RMB1,488,786 million (Sources: SSE, SZSE, China Securities Depository and Clearing Corporation Limited, The Securities Association of China and statistics of the Company). The Company continued to optimize the experience of Qingting Dianjin APP, a mobile application, with average monthly active customers ranked No.8 in the industry. The Company also continued to consolidate its leading advantage in online investment advisory service platform, and served 36.46 million person/times. The pilot project of fund investment advisory business has

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

been in smooth progress, with 16,500 contracts signed. The Company kept optimizing its financial product system and continuously perfecting supply of various products. As of the end of the Reporting Period, the Company had 292 securities branches, of which 57% were located in the Five Provinces and Two Municipalities (Beijing, Shanghai, Guangdong, Fujian, Zhejiang, Jiangsu and Shandong), and among which 53 business section were located in Beijing (including Beijing Hongyi Branch). The Company is the securities company with the largest number of securities branches in Beijing. The numerous and orderly distributed securities branches have established a solid client base for the development of brokerage and wealth management businesses of the Company.

In terms of futures brokerage business, in 2020, under the influence of COVID-19 pandemic and complex international and domestic environment, the futures market increased the supply of products and services, and the ability to serve the real economy was significantly enhanced. The trend of “institutionalization” of market participants became more and more obvious, and the degree of specialization continued to improve. The total amount of funds in the futures market reached a new level, and the turnover scale of the national futures market increased significantly year on year. In 2020, the cumulative turnover of the national futures market was 6,152,626,012 lots, with a cumulative turnover of RMB437,525.852 billion, representing a YoY increase of 55.29% and 50.56%, respectively. In 2020, CSC's futures revenue and net profit both reached the new record, achieving an agency transaction volume of RMB11.43 trillion, representing a YoY increase of 45.52%; there were 23,795 new customers, representing a YoY increase of 44.17%. As of the end of the Reporting Period, the scale of customer equity was RMB14.252 billion, representing an increase of 107.36% as compared with the end of 2019. As of the end of the Reporting Period, China Securities Futures had set up 25 branches and a subsidiary in charge of risk management in Chongqing, which has laid a solid foundation for futures brokerage and development of risk management business.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

For the overseas business, China Securities International leverages the Company's customer base in Mainland to meet the overseas investment and financial management needs of domestic high-net-worth customers through international products and services. According to the company's "technology empowerment" strategy, China Securities International comprehensively improved various business platforms, and made the whole process of opening accounts and handling business online, thus overcoming the impact on cross-border business under the pandemic situation. In 2020, the aggregate transaction amount of stock agency of China Securities International was HK\$43,216 million, representing a YoY increase of 76.03%, with 2,899 new clients, representing a YoY increase of 81.19%; as of end of the Reporting Period 12,757<sup>1</sup> clients in aggregate, and the total market value of stock under custody for the Company's clients' accounts was HK\$20,100 million.

### Outlook for 2021

In 2021, the Company will continue to focus on increasing income from securities brokerage and regional market shares, enhance the power of financial technology, optimize service system, improve operation efficiency and prevent operation related risks in view of customers' key pain points in both trading and investment, and continue to build the brand of good investment advisor, good products and good transactions to accelerate transformation of brokerage into wealth management.

For overseas business, China Securities International will continue to improve customer service with "technology empowerment", continue to improve the construction of wealth management platform, enrich various overseas and cross-border wealth management products on the platform, focus on overseas insurance brokerage business, leverage the Company's customer base in mainland China and the integration advantages brought by intra-group cooperation, and will satisfy the demand of domestic high-net-worth clients for overseas investment and wealth management through high-quality services and rich product lines.

1. According to the requirements of the Securities and Futures Commission of Hong Kong for the protection of customer assets and the handling of "dormant accounts" in the Customer Service and Account Management Manual, the Company will convert accounts without holding funds or stocks, and the accounts of those users who have not conducted any transaction for two years or above or the accounts in frozen status for more than 12 months will be converted into dormant accounts. Dormant accounts were excluded from the statistics of the cumulative number of customers commencing from March 2020.

### (3) *Repurchase Business*

In 2020, stock pledge business related risks were further alleviated. However, affected by strict regulations and new underperform rules, authorities introduced stricter rules on approving such business, collateralized stock repurchase business of the whole market was still in negative growth. As of the end of the Reporting Period, the balance of principal of collateralized stock repurchase business of the Company was RMB19,050 million, among which, scale of investment (in the table) of collateralized stock repurchase business amounted to RMB9,615 million, with an average collateral coverage ratio of 419.99%; the balance of principal of management (off the table) collateralized stock repurchase business amounted to RMB9,435 million; the Company ranked No. 10 in the industry in terms of interest income from collateralized stock repurchase. (Source: the Securities Association of China and the statistics of the Company)

#### Outlook for 2021

In 2021, under the prerequisite of ensuring risks which can be measured, controlled and at a tolerable level, the Company will stably and prudently carry out stock pledge business. It will accelerate resources integration, and provide a basket of business solutions to the strategic customers. Leveraging on the investment and research capabilities of the Company, the Company will strengthen risk identification on listed companies. The Company will, through restructuring of its business structure, further improve asset quality of its stock pledge business.

### **3. *Trading and Institutional Client Services***

#### (1) *Equity Sales and Trading Business*

The equity sales and trading business of the Company mainly provides trading, advisory and research services, and distributes equity securities underwritten by the Company to institutional clients. The Company also engages in proprietary trading and market-making activities of stocks, funds, ETF, and financial derivatives including stock index futures, commodity futures, options and total return swaps. It provides clients with customized options and swaps products linked to various types of assets to meet the hedging and investment demand of institutional clients.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

With respect to the securities trading business, in 2020, through flexible position allocation and position structure adjustment, the Company accurately grasped the structural opportunities of the market, and achieved good absolute returns. In the structural market, the Company accurately seized sector opportunity and obtained satisfactory absolute gains. With respect to the derivatives trading business, along with the stable development of the existing business, the Company actively explored new business models in the derivatives trading business to enhance its investment strategies using its own funds to provide solutions to meet the needs of our clients. The Company further diversified the investment variety, expanded the scope of market-making services and provided liquidity and market making services as to fund products in stock exchange and options products in market. The Company stably promoted the OTC derivatives business including OTC options and non-financing swaps, actively explored new types of linked subjects and revenue structure and provided diversified options to meet the personalized investment needs of clients. Meanwhile, the Company actively deployed cross-border derivatives business, effectively meeting the needs of domestic institutional customers to allocate overseas assets such as Hong Kong stocks, US stocks and ETFs. In 2020, the increase in the scale of OTC option business of the Company was RMB246.485 billion, representing an increase of 25.01% year-on-year, and the increase in the scale of return swaps was RMB41.048 billion, representing an increase of 257.47% year-on-year.

The Company's overall stock sales business achieved new success and completed a number of influential projects: the underwriting amount of IPO projects and non-public offering projects ranked No. 1 and No. 2 in the industry respectively. (Source: Wind Info and statistics by issue date)

For the overseas business, the equity sales and trading business of the Company mainly provides trading, advisory and research services, and distributes equity securities underwritten by the Company to institutional clients. In 2020, China Securities International has formed a cross-industry, cross-market and cross-asset research service matrix, constantly improving the service system for customers of multi-strategic buyer institutions, further enhancing its influence in the secondary stock market in Hong Kong and gradually establishing brand awareness.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### Outlook for 2021

In 2021, the Company will continue to keep closer abreast of macro-economic situation, fiscal and monetary policies and extensively research industry and individual share opportunities as to its equity sales and trading business. Upholding the value investing concept, keeping close abreast of changes in fundamentals of investment subject and implementing segment and individual share configuration, the Company will promote the diversification of variety of investment product. In addition, the Company strictly monitor positions and effectively control risks. In order to satisfy clients' needs for asset allocation and risk management, the Company will steadily develop the OTC derivative business, increase resource investment in market-making and continuously promote implementation of cross-border investments to satisfy various needs of clients and improve its investment system using its own funds.

For overseas business, China Securities International will fully promote the support of overseas investment research business for the sales of stocks and trading business, and continuously expand institutional customers of renowned buyers, so as to further build the Company's overseas research brand.

### (2) *Fixed Income Products Sales and Trading Business*

In 2020, the Company maintained a stable pattern in proprietary investment, accurately grasped the market conditions, flexibly adjusted investment strategies, and comprehensively deployed cash bonds and various derivative product management positions. On the basis of low retracement, the return on assets far exceeds the market average level; "Bond Connect" (Northbound Trading) market-making is among the top 5 in the industry. (Source: Company Statistics) The Company newly granted qualification for foreign exchange business, and spot, forward, swap and option businesses were fully developed and revenue has achieved. The FICC full license business system was initially established.

The Company maintained its leading position in terms of bond sales, and actively cooperated with the Investment Banking Committee of the Company in the sales of underwriting projects. The Company recorded significant increase in competitive sale of credit bonds, as it sold 301 credit bonds in the year, 84% of which were included among top two. Interest rate bond sales amounted to RMB135.9 billion in the year, including underwriting amount of local government bonds of RMB53.3 billion, ranked No. 2 in the industry.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

(Source: Wind Info) In addition, the repurchase scale of “Gushoubao” ranked No. 3 in the industry. Term and types of products with independent collection, such as “Gushoubao”, “Guyilian”, “Zhaineiying” and “Zhai e Tong”, were constantly enriched, and the brand awareness and the synergy with brokerage business line was greatly improved.

For the overseas business, China Securities International continued to sell and trade overseas bonds. As of the end of the Reporting Period, China Securities International achieved a bond transaction volume of HK\$37.1 billion, representing a YoY increase of 101%.

### Outlook for 2021

In 2021, the Company will continue to improve its multi-asset sales and trading ability to serve domestic and foreign customers, and build a bridge connecting domestic and foreign customers with the fixed income capital market. Actively expand domestic and overseas bond, foreign exchange, commodities and related derivatives business, establish a rich and complete fixed income product series, integrate domestic and overseas integrated sales resources, cover more types of domestic and overseas customers, and help domestic customers “go global” and overseas customers “bring in” with excellent product design and pricing capabilities.

For overseas business, China Securities International plans to further improve bond trading volume, so as to provide strong liquidity support to clients, and support the development of bond underwriting business in primary market, improve sales capability and intensify coverage of domestic and overseas customers.

### (3) *Investment Research Business*

The investment research business of the Company mainly provides institutional clients with research consultation services covering certain aspects, including macro-economy, fixed income, strategy, financial engineering, large-scale asset allocation, fund research and industry research. Among them, there were 2,589 asset custody products and 2,454 operational service products, representing a YoY increase of 42.96% and 48.10% respectively.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### Outlook for 2021

In 2021, with the aim to constantly satisfy institutional investors' trading needs, the Company continued to improve its various types of prime brokerage system and counter services for institutions. The embedded algorithmic platform will connect with more trading software and will provide algorithm trading strategies for clients. The Company will keep abreast of the changes in the market environment and regulatory policy changes to further provide diversified and personalised professional trading services, so as to further meet the trading needs of various clients. The Company will also comply with the market development trend, constantly improve the "internal strength", and strive to create a "tailor-made front desk, innovative and flexible middle desk, and efficient operation back stage", improve the service carrying capacity, improve the operation informationization rate, and strive to manage and operate the service business to a higher level.

### (5) *QFII Business and RQFII Business*

As a domestic brokerage agency for QFII and RQFII businesses, with the help of the Company's first-class investment research service resources, in 2020, the Company integrated various advantages of the Company's domestic business, continued to explore the international market, and actively explored the business model of overseas institutions represented by QFII and RQFII, started to open up the upstream and downstream of the industrial chain, so as to provide QFII and RQII customers with full-product financial services with investment research as the entry point. At present, the Company has developed a professional service brand featuring advanced transaction system and trading algorithm and extensive research information services.

### Outlook for 2021

In 2021, the Company will continue to build a diversified client network, proactively carry out QFII and RQFII businesses with an aim to provide its clients with advanced investment research services, and promote cross-border integrated development by means of specialized sale and services. Under the background of QFII and RQFII new regulations and policies, all departments of the Company will integrate superior resources and actively coordinate, so as to provide its clients with high-level, all-round, diversified, differentiated and integrated financial services.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### (6) *Other Investment Businesses*

In 2020, affected by COVID-19, the domestic macroeconomic downward pressure increases, and the private equity investment market became less active. China Securities Investment did a good job in project development, reserve and investment layout in an orderly manner by following the principle of “maintain stable and sustainable development” and the concept of “serve real economy, serve technological innovation, serve economic transformation”, and completed 62 investment projects (including 11 IPO co-investments on STAR Market) with an aggregate investment amount of RMB1,497 million during the Reporting Period.

Outlook for 2021

In 2021, China Securities Investment will adhere to large-scale investment, implement investment layout by putting strict control over project quality as the top priority, and build an asset portfolio with equity investment as the core, pan-equity investment, innovative product investment and other forms of both depth and breadth, while continue to promote the IPO co-investment on STAR Market and GEM.

## 4. **Asset Management Segment**

### (1) *Asset Management Business of Securities Company*

The Company provides professional asset management services including collective asset management business, targeted asset management business, specialized asset management, in order to help clients preserve and increase the value of financial assets. At present, the Company has built a complete product line to meet the investment needs of clients with different preferences on risks and return.

In 2020, the Company exerted great efforts to develop its investment management capacity with an excellent product performance. The Company accelerated optimization of asset management business structure, increased its efforts in development of “net value” products, and extensively issued active management products. As at the end of the Reporting Period, the Company’s entrusted AUM reached approximately RMB490,282 million, ranked No. 7 in the industry according to the statistics of Securities Association of China. Among which, the active AUM reached approximately RMB336,661 million, with an annual increase of RMB104,347 million, representing a YoY increase of 44.92%. According to the statistics of Asset Management Association of China, the Company’s active management scale ranked No.7 in the industry in the fourth quarter of 2020.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

In 2020, the Company strictly implemented the new regulations on asset management and the requirements for collective rectification. As at the end of the Reporting Period, through continuous rectification work, the scale of rectification had been reduced to nearly RMB390 billion. In 2020, the Company completed the public offering transformation of the first large-scale collective product, the value growth collective asset management plan of China Securities Investment.

The scale of the Company's asset management business is as follows:

*Unit: RMB'00 million*

Name of business type	Scale of asset management	
	December 31, 2020	December 31, 2019
Collective asset management business	501.76	285.59
Targeted asset management business	2,982.15	4,385.80
Specialized asset management business	1,418.91	806.30
Total	4,902.82	5,477.69

*Source:* The Securities Association of China, the Asset Management Association of China and statistics of the Company

### Outlook for 2021

In 2021, the Company will seize the opportunity of industry reform, focus on product net value transformation, actively expand outsourcing business of bank wealth management subsidiaries and bank agency sales, and actively deploy major asset management business. On the one hand, the Company will strictly implement the requirements under the new asset management regulations and steadily advance the rectification work. On the other hand, the Company will promote the development of asset management business by continuously improving its investment management capacity, diversifying asset management products, and actively developing bank distribution channels, so as to actively respond to industry competition by empowering through the Company's platform, expanding the new business track. Meanwhile, the Company will continue to enhance product risk control and compliance management and operation management, in order to ensure robust operation of asset management business.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### (2) Fund Management Business

In 2020, China Securities Funds focused on enhancing market competitiveness by strengthening its investment and research capabilities, diversified product lines and improve the customer service system, actively explored new business fields, accelerated product launch and optimized product structure. As at the end of the Reporting Period, the AUM of China Securities Funds was RMB55,317 million, including AUM of public offering products of RMB26,687 million, representing a YoY increase of 55.17%; AUM of special account products of RMB27,873 million, representing a YoY decrease of 55.19%; active AUM of special account products of RMB19,446 million, representing a YoY decrease of 43.37%; AUM of channel business of RMB8,427 million, representing a YoY decrease of 69.75%; AUM of ABS products of RMB757 million, representing a YoY decrease of 8.24%. (Source: the Securities Association of China, Wind Info and statistics of the Company)

#### Outlook for 2021

In 2021, conforming to the development orientation of the asset management industry in the new era, China Securities Funds will continue to diversify its product portfolio and take the initiative to promote active management capability, with an aim to drive business development by enhancing internal governance, improving management level, and nurturing core talents, and will further develop its investment research capability, expand client base and launch key and core products to realize a stable growth in management scale and the value preservation and appreciation of the clients' assets, to strengthen its core competitiveness and improve its brand influence.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### (3) *Private Equity Investment Business*

In 2020, affected by COVID-19, activities of the private equity investment market declined, making it more difficult to raise funds. China Securities Capital continued to follow market hotspots and technological developments, selectively conducted in-depth research in key investment areas, gradually deepened and systemized industry research, so as to improve project development efficiency and investment quality, with an investment in projects completed throughout the year near RMB1,600 million. In 2020, 6 portfolio companies invested by China Securities Capital passed the IPO review of the CSRC, including 5 on STAR Market and 1 on GEM. Among which, Jingyuan Environmental Protection, Tinavi, QI AN-XIN, and 3 One Data had completed their listings.

As of the end of the Reporting Period, China Securities Capital operated a total of 41 funds, with a filing scale of RMB37,214 million, representing a filing scale increase of RMB6,561 million over the year. As of the end of the Reporting Period, China Securities Capital completed a total investment of 158 companies, including 10 main board listings, 3 SME board listings, 8 GEM listings, 7 STAR Market listings and 25 NEEQ listings. The Company completed 6 merger and acquisition projects, including one cross-border merger and acquisition project, with an average investment yield from exit projects reaching 108%.

#### Outlook for 2021

In 2021, China Securities Capital will, by focusing on “value identification, customer satisfaction and prudent investment”, carry out fundraising work around central enterprises, industrial funds, and government guidance funds. Combining market hotspots and technological developments, China Securities Capital will selectively conduct in-depth research in fields and directions such as artificial intelligence, new energy vehicles, high-end manufacturing, healthcare and pharmaceuticals, and strive to gradually deepen and systemize industry research, so as to improve project development efficiency and investment quality.

### III. DISCUSSION AND ANALYSIS ON FUTURE DEVELOPMENT OF THE COMPANY

#### (I) Industry Structure and Trend

##### 1. *Profound changes in macroeconomic environment*

The current domestic and foreign market environment is undergoing profound changes, wherein overseas pandemic continue to break out, domestic prevention and control pressure remains unabated, and the global economy is still in a period of in-depth adjustment under the pandemic recovery. The fifth plenary session of the 19th CPC Central Committee and the Central Economic Working Conference pointed out that with the theme of promoting high-quality development, we should adhere to the strategic basis of expanding domestic demand, and accelerate the construction of a new development pattern with domestic circulation as the main body and domestic and foreign double circulation to promote each other. In 2020, China's macro policies had followed the trend, strengthened counter-cyclical adjustments, maintained reasonable and sufficient liquidity, and delivered a brilliant economic response in the context of pandemic prevention and control. With the continuous improvement of the domestic macro economy, China became the only major economy in the world to achieve positive economic growth. In 2021, China's economy will better strive a balance between development and risk in the course of structural transformation, and maintain steady and sustainable growth.

##### 2. *Re-acceleration in capital market reform*

2020 was the closing year of the "13th Five-Year Plan" and the 30th year of the growth of China's capital market. The amended "Securities Law" was officially implemented in March 2020, and the capital market ushered in a new round of high-quality development. The financing capacity of the financial market had repeatedly hit record highs under the reform of STAR Market and GEM registration system, and the capital market's pivotal function in the national economy had become increasingly prominent. The "14th Five-Year Plan" period is the first five years that China has embarked on a new journey of comprehensively building a modern socialist country. Increasing the proportion of direct financing is of great significance for deepening the structural reform of the financial supply side, accelerating the construction of a new development pattern, and achieving higher-quality, more efficient, fairer, more sustainable and safer development.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### 3. *New development of securities industry*

Deepening the reform of the capital market has created space for the development of the securities industry, leading securities companies to play the functions of “financing arranger”, “wealth manager”, “trading service and liquidity provider”, “important market investor” and “risk manager”, which is a historic opportunity for the comprehensive development of the securities industry. The following important changes in the securities industry in 2020 will continue to have a significant impact on the development of the securities market in 2021:

First, emphasizing the development of capitalization improved the ability to utilize the balance sheet. In May 2020, the China Securities Regulatory Commission revised the Provisions on the Administration of Subordinated Bonds of Securities Companies, allowing securities companies to publicly issue subordinated bonds to expand the ways for securities companies to replenish their net capital. Risk control indicators were revised to increase leverage for high-rated securities companies. Consolidated supervision pilots were carried out to increase leverage for pilot securities companies.

Second, professional development improved the service capabilities of investment and financing customers. In March 2020, with the approval of the China Securities Regulatory Commission, seven securities companies had obtained pilot qualifications for fund investment advisory services. Under such model, the securities company could accept the client's discretionary entrustment and charge investment advisory fees. It would provide personalized investment strategies based on customers' risk tolerance, income expectations and liquidity arrangements, build fund investment portfolios on behalf of customers, and better help customers achieve the maintenance and increase of the value of their assets.

Third, differentiated development fostered carrier-level securities companies and boutique small and medium-sized securities companies. In July 2020, the China Securities Regulatory Commission issued the Provisions on the Administration of Equities of Securities Companies, which put forward the principles of “classified management, good qualifications, well-defined power and responsibility, clear structure, orderly changes, openness and transparency”, and cleared that securities companies should be classified as a professional securities company engaged in traditional conventional securities businesses (such as securities brokerage, securities investment consulting, financial advisory, securities underwriting and sponsorship, securities self-operation, etc.) and a comprehensive securities company engaged in businesses between which have significant leverage and cross-risks (such as stock option market making, over-the-counter derivatives, stock pledge repurchase, etc.) based on the complexity of the business. The regulation on classification strengthened the orientation of professional services and guided the differentiated development of the industry.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### (II) Development Strategies of the Company

The Company strives to be a first-class investment bank in China that is trusted by customers, recognized by employees, and satisfactory to shareholders. The Company kept its mission of “bringing together talents, serving customers, creating value and contributing to society” firmly in mind, and attached great importance to its corporate culture of “people-oriented, learn modestly from others and learn from history”. The Company insisted on the correct and clear strategic direction, balanced the development speed and quality, put risk management in an important position, insisted on the employment ideality of people first and employing people from all corners of the world, so as to the path of healthy development. The Company expects to be committed to improving customer service capability, supporting the real economy, and improving efficiency in wealth accumulation and management through establishing long-term effective strategies, so as to achieve high-quality development of itself along with the securities industry.

In order to materialize above visions, the Company will consolidate its advantage of leading in value-creating ability and attach great importance to promoting work on customer development and customer service to improve service quality; strengthen talent strategy to improve team quality; increase capital and fund strength to optimize and improve balance sheet performance; improve information technology capability to promote digital transformation of the Company; keep improving compliance risk control capability to ensure sound development of the Company; keep increasing modern management and operation capabilities to improve efficiency and benefits.

### (III) Business Plan

In 2021, the Company will, under the consistent guidance of political development, continue to promote comprehensive and rigorous administration of the Party; fully promote internal and external cooperation, give full play to synergies; expand the scale of asset management business, enhance its capabilities in active management; comprehensively promote integrated construction, accelerate the increase of cross-border business income; consolidate and increase buyer’s revenue, enhance asset-liability management capability; continue to strengthen digital transformation and construction, explore cooperative development model; maintain precautions to guard against potential business risks; strengthen the training of young cadres, and enhance employees’ sense of gain and sense of achievement.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### **(IV) Capital Requirement**

In 2020, the Company continued to conduct its businesses in a healthy and well-organized manner. During the Reporting Period, in order to satisfy business development requirement, the Company, according to the arrangements of asset and liability management work, successfully completed public offering of four tranches of corporation bonds with a total issuance amount of RMB18 billion; public offering of two tranche of subordinated bonds with an issuance amount of RMB11 billion; non-public offering of one tranche of perpetual subordinated bonds with a total issuance amount of RMB5 billion. The Company's indirect wholly-owned subsidiary, as the issuer, completed the first withdrawal and issuance under the guaranteed overseas medium-term notes program, with an issuance amount of US\$500 million; public offering of seventeen tranches of company short-term financing bonds with a total issuance amount of RMB68.5 billion (as of the end of the Reporting Period, outstanding balance to be paid amounted to RMB16 billion); issuance of 590 tranches of structured notes with a total issuance amount of approximately RMB68.4 billion (as of the end of the Reporting Period, the outstanding balance amounted to approximately RMB26 billion).

In 2021, the Company will manage the size and structure of liabilities in a scientific manner based on business development needs and maintain a healthy gearing ratio, and properly manage liabilities and liquidity.

### **(V) Access to and Ability of Financing**

Currently, the Company obtains short-term funds from commercial banks and other investors primarily by way of bond repurchases, inter-bank lending, margin refinancing, issuance of short-term commercial papers, issuance of beneficiary certificates, issuance of short-term financing bonds by securities companies etc., to investors on the SSE, and to commercial banks through inter-bank market, inter-institutional private equity products quotation and service system and OTC market in accordance with the relevant policies and regulations. As of the end of the Reporting Period, as approved by the People's Bank of China, the Company can implement a maximum inter-bank borrowing of RMB32,800 million, with a sufficient credit line for approved large-scale state-owned joint-stock commercial banks, which effectively guaranteed the placements obtained by the Company through monetary market in a timely manner.

In addition, the Company may, subject to market conditions and its own demands, finance by way of equity financing, placing, rights issue, issuance of corporate bonds, financial bonds, subordinated bonds, perpetual subordinated bonds and private placement bonds and other financing methods as approved by the competent authorities.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

To maintain a balance between liquidity and profitability, the Company held a number of fixed income products, and changes in interest rates will have direct impact on the interests received from the bank deposits held by the Company, as well as the market price of the bond investment and the investment income. Meanwhile, equity investment of the Company is also impacted, though indirectly, by changes in interest rates. In addition, the Company has subsidiaries which are incorporated outside mainland China, with the amounts invested by the Company denominated in foreign currencies. As the Company has foreign currency denominated capital and assets and has raised funds through the issuance of bonds denominated in foreign currencies by its overseas subsidiaries, changes in exchange rates and overseas market interest rate levels will have certain impacts on the Company.

To maintain the liquidity and profitability of its assets, the Company's proprietary capital is centrally managed by its treasury department. There are also a comprehensive management system and corresponding work flows in place. The Company adjusts the structures of its different classes of assets and liabilities in a timely manner and utilizes corresponding financial tools to mitigate the risks and the impacts of the above factors.

### **(VI) Potential Risks (including Implementation of Comprehensive Risk Management and Compliance Risk Control, and Investment in Information Technology)**

#### ***1. Potential Risks faced by the Company***

The Company may be mainly exposed to the following risks: market risk, credit risk and liquidity risk. Specifically, the Company may be mainly exposed to market risk brought by fluctuations in stock and bond markets to investment portfolio of the Company; credit risk brought by insufficient repayment capability of financiers in financing business or abnormal price of shares secured (or pledged) to the Company, credit risk brought by bonds default and decreased credit qualification of the issuer to bond portfolio of the Company, and liquidity risk brought by reasonable neutral capital supply and rising financing costs at a specific time point in the expected context of overall capital supply balance. In addition, the Company may be exposed to other risks including strategic risk, operational risk, compliance risk, legal risk, technical risk and reputational risk. Joint effect of above risks will pose certain challenge to the operation of the Company.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### **2. Implementation of Comprehensive Risk Management of the Company**

The Company has attached great importance to risk management. Over more than a decade of exploration and practices, and pursuant to the requirements of regulatory regulations and self-regulatory rules, including the Measures for the Risk Control Indexes Management of Securities Companies (《證券公司風險控制指標管理辦法》), Regulations for Comprehensive Risk Management of Securities Companies (《證券公司全面風險管理規範》) and Guidelines for the Liquidity Risk Management of Securities Companies (《證券公司流動性風險管理指引》) etc., the Company has established a relatively complete and comprehensive risk management system. Since the second half of 2016, the Company has achieved strong results in terms of consolidated management, comprehensive business coverage, subsidiary risk management, risk response mechanism, investment of risk management resources and construction of risk control system. In 2020, the Company further optimized certain aspects such as counterparty management, subsidiary risk management, risk data management and system construction, as well as the introduction of professional talents, and was officially included in the consolidated supervision pilot by China Securities Regulatory Commission (“CSRC”). Please refer to “Risk Management” in Part IV of this section for details of the Company’s comprehensive risk management.

### **3. Establishment of Dynamic Control System for Risk Control Indicators**

Pursuant to the Measures for the Risk Control Indexes Management of Securities Companies (《證券公司風險控制指標管理辦法》) issued by the CSRC, the Company has formulated and continued to revise relevant measures such as the Measures for the Control of Risk Control Indicators of the Company (《公司風險控制指標監控辦法》) in accordance with the implementation, established a dynamic monitoring mechanism for risk control indicators, and arranged special posts for daily monitoring, in order to make timely report of various anomalies. At the same time, the Company has established a dynamic monitoring and evaluation system for net capital, based on the regulatory standards and early warning standards of risk control indicators prescribed by the regulatory authorities. The Company has added more stringent corporate monitoring standards as the monitoring threshold, forming a three-level early warning standard of risk control indicators based on the early warning line of the Company, the early warning line of the regulatory departments as well as supervision line of the regulatory departments. The Company has also established and improved the reporting and response plans to ensure that net capital and other risk control indicators meet the regulatory requirements.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

The Company has established a net capital replenishment mechanism. Approaches to replenishing net capital include but are not limited to equity financing as authorized by the general meeting, increase of discretionary surplus reserve, reduction or suspension of profit distribution, and issuance of subordinated debt, etc. The Company has established a forward-looking adjustment mechanism for risk control indicators to ensure that the risk control indicators are maintained at a robust and compliant level by replenishing net capital, adjusting the structure of assets and liabilities, as well as reducing the scale of business, etc. when there are abnormal changes or early warning shown in the risk control indicators.

In 2020, the Company's net capital and other risk control indicators continued to meet the regulatory standards, and the main risk control indicators were at a healthy level and no warning standards were triggered.

#### **4. *Investments in Corporate Compliance Risk Control and Information Technology***

The Company attaches great importance to compliance management and risk management, continuously optimizes the construction of compliance management and risk management systems, continuously expands the team of compliance risk control personnel and enhances its allocation; The Company also continuously promotes the construction of compliance risk control system through a combination of self-development and outsourced procurement. Investment is continuously increased to promote the timeliness and professionalism of compliance risk control. The Company's investment in compliance risk control mainly includes: investment in compliance risk control personnel, investment in the construction of compliance related risk control system and operating expenses of the relevant compliance risk control departments. In 2020, in terms of the parent company, the Company's total investment in compliance control amounted to RMB424.1711 million.

The Company continued to increase investment in information technology. The Company continued to invest in areas such as construction and transformation of the infrastructures, continuous improvement of system functions and innovation and development, etc., and in the meantime laid a solid data foundation for the construction of a digitalized enterprise. The Company continued to put efforts in the introduction of information technology talents, focusing on the cultivation of talents for both self-development and new technologies, and gradually formed the Company's core information technology competitiveness. The Company's investment in information technology mainly includes: information technology related capital expenditure, daily operation and maintenance expenses, leasing and depreciation expenses, and wages of information technology personnel. In 2020, in terms of the parent company, the Company's total investment in information technology amounted to RMB777.8981 million.

### IV. FINANCIAL STATEMENT ANALYSIS

#### Profitability Analysis

In 2020, domestic capital market maintained good development trend and A-share market showed rise in both volume and price. Under such market environment, the Company was well-positioned to seize opportunities, and maintained a sound development in respect of its various business operations. Operating results of the Company increased as compared with that in 2019.

In 2020, the Group recognized total operating revenue and other income of RMB30,720 million, representing a YoY increase of 58.29%. Net profit attributable to equity holders of the Company amounted to RMB9,509 million, representing a YoY increase of 72.85%. Basic earnings per Share amounted to RMB1.20, representing a YoY increase of 79.10%. Return on weighted average equity was 18.12%, increasing YoY by 6.58 percentage points.

#### Asset Structure and Asset Quality

During the Reporting Period, the Company replenished working capital by issuing non-public A Share and one tranche of perpetual bonds, and maintained sound liquidity. The Company recorded growth in both total assets and total liabilities to different extents. The Company maintained more prudent operation, stable structure of assets and liabilities, and sound asset quality and financial position.

As of December 31, 2020, the Group's total assets amounted to RMB371,228 million, representing an increase of RMB85,559 million, or 29.95%, as compared with that as at the end of preceding year. After deducting accounts payable to brokerage clients, the Group's total assets amounted to RMB296,518 million, representing an increase of RMB65,474 million, or 28.34%, as compared with that as at the end of preceding year. Among which, investment assets mainly include investments in associates and investments in financial assets, accounted for 63.61% of the total assets; margin accounts and financial assets held under resale agreements accounted for 21.12% of the total assets; cash and bank balances accounted for 9.64% of the total assets; and other assets in aggregate accounted for 5.63% of the total assets.

Please refer to "Financial assets at fair value through profit or loss" in Note 22, "Financial assets at fair value through other comprehensive income" in Note 23 and "cash and bank balances" in Note 32 for the restriction of main assets as of the end of the Reporting Period in the Annual Report.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

As of December 31, 2020, the Group's total liabilities amounted to RMB303,157 million, representing an increase of RMB74,382 million, or 32.51%, as compared with that as at the end of preceding year. After deducting accounts payable to brokerage clients, the Group's total liabilities amounted to RMB228,446 million, representing an increase of RMB54,297 million, or 31.18%, as compared with that as at the end of preceding year. Among which, the amount from financial assets sold under repurchase agreements was RMB84,512 million, accounting for 36.99% of the total liabilities; the amount from short-term borrowings, placements from banks and other financial institutions, short-term financing instruments payable and non-current liabilities due within one year was RMB67,261 million, accounting for 29.44% of the total liabilities; the amount from bonds in issue was RMB50,016 million, accounting for 21.90% of the total liabilities; the amount from financial liabilities at fair value through profit or loss and derivative financial liabilities was RMB4,020 million, accounting for 1.76% of the total liabilities; and the amount from other liabilities in aggregate was RMB22,637 million, accounting for 9.91% of the total liabilities.

As of December 31, 2020, the Group's equity attributable to equity holders of the Company amounted to RMB67,735 million, representing an increase of RMB11,153 million, or 19.71%, as compared with that as at the end of preceding year.

As of December 31, 2020, after deducting accounts payable to brokerage clients, the gearing ratio of the Group was 77.04%, representing an increase of 1.67 percentage points, as compared with that as at the end of preceding year.

### **Cash Flow Status**

After deducting accounts payable to brokerage clients, the Group's net increase in cash and cash equivalents was RMB-18,895 million in 2020, representing a YoY decrease of RMB48,925 million, which was mainly due to the YoY increase in net cash outflow from operating and investment activities.

Net cash flow from operating activities in 2020 was RMB-38,308 million, representing a YoY increase of net cash outflow of RMB56,000 million as compared to a net cash flow of RMB17,692 million for the corresponding period of 2019, which was mainly attributable to YoY increase in net cash outflow from operating activities due to the decrease of accounts payable to underwriting clients and the increase of margin accounts and financial assets at fair value through profit or loss.

Net cash flow from investing activities in 2020 was RMB-11,412 million, representing a YoY increase of net cash outflow of RMB8,469 million as compared to a net cash flow of RMB-2,943 million in 2019, which was mainly attributable to the increase in net cash outflow caused by the purchase of financial assets at fair value through other comprehensive income.

Net cash flow from financing activities in 2020 was RMB30,825 million, representing a YoY increase of net cash inflow of RMB15,543 million as compared to a net cash flow of RMB15,282 million for the corresponding period of 2019, which was mainly attributable to the increase in cash inflow due to the issuance of bonds and non-public issuance of additional shares in this year.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### V. ANALYSIS ON INCOME STATEMENT

#### Financial Highlights

In 2020, the Group accomplished a profit before income tax of RMB12,126 million, representing a YoY increase of 69.50%. Major financial highlights of the Group are as below:

*Unit: RMB million*

Items	2020	2019
Fee and commission income	13,624	8,633
Interest income	7,104	6,243
Investment gains	8,673	4,407
Other income	1,319	124
Total expenses	18,606	12,245
Share of profits and losses of associates	12	-8
Profit before income tax	12,126	7,154
Income tax expense	2,589	1,624
Profit attributable to equity holders of the Company	9,509	5,502

#### Structure of Total Revenue and Other Income

In 2020, the total operating revenue and other income of the Group amounted to RMB30,720 million, representing a YoY increase of 58.29%. The structure of revenue remained relatively stable. The revenue structure of the Group in the past five years is as follows:

Items	2020	2019	2018	2017	2016
Fee and commission income	44.35%	44.48%	43.85%	53.47%	60.19%
Interest income	23.12%	32.17%	41.02%	32.01%	25.25%
Investment gains	28.23%	22.71%	14.66%	14.70%	13.72%
Other income	4.30%	0.64%	0.47%	-0.18%	0.84%
Total	100.00%	100.00%	100.00%	100.00%	100.00%

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### Fee and Commission Income

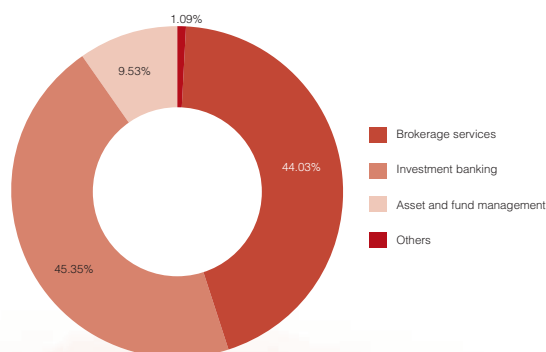

In 2020, the net fee and commission income of the Group amounted to RMB12,024 million, representing a YoY increase of 57.70%, which was mainly due to the increase in fee and commission income from brokerage business and investment banking business. The breakdown of fee and commission income of the Group during 2019 and 2020 is as follows:

Unit: RMB million

Items	2020	2019	Change	Change in percentage (%)
Fee and commission income				
– Brokerage services	5,999	3,557	2,442	68.65
– Investment banking	6,179	3,869	2,310	59.71
– Asset and fund management	1,299	1,082	217	20.06
– Others	147	125	22	17.60
Fee and commission expenses	1,600	1,008	592	58.73
Net fee and commission income	12,024	7,625	4,399	57.70

#### The Breakdown of Fee and Commission Income in 2019 and 2020

The Breakdown of Fee and Commission Income in 2020

The Breakdown of Fee and Commission Income in 2019

The fee and commission income from brokerage business increased by RMB2,442 million, or 68.65% YoY, which was mainly due to the YoY increase in the income of brokerage securities trading service business of the Company.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

The fee and commission income from investment banking business increased by RMB2,310 million, or 59.71% YoY, which was mainly due to the YoY increase in the fee income of securities underwriting business of the Company.

The fee and commission income from asset and fund management business increased by RMB217 million, or 20.06% YoY, which was mainly due to the YoY increase in the fee income of fund management business and directional asset management business of the Company.

### Interest Income

In 2020, the net interest income of the Group amounted to RMB1,331 million, representing a YoY decrease of RMB229 million, or 14.68%. The table below sets out the major composition of the net interest income of the Group during the indicated periods:

*Unit: RMB million*

Items	2020	2019	Change	Change in percentage (%)
Interest Income				
– Margin financing and securities lending	2,869	1,955	914	46.75
– Financial assets held under resale agreements	809	1,222	-413	-33.80
– Bank deposits	2,116	1,801	315	17.49
– Financial assets measured at fair value through other comprehensive income (“FVOCI”)	1,310	1,259	51	4.05
– Financial assets measured at amortized cost	–	6	-6	-100.00
Interest expenses				
– Accounts payable to brokerage clients	284	179	105	58.66
– Financial assets sold under repurchase agreements	1,511	1,176	335	28.49
– Placements from banks and other financial institutions	558	310	248	80.00
– Borrowings	12	26	-14	-53.85
– Bonds in issue and short-term financing instruments payable	3,293	2,888	405	14.02
– Others	115	104	11	10.58
Net interest income	1,331	1,560	-229	-14.68

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Interest income from margin financing and securities lending increased by RMB914 million, or 46.75% YoY, which was mainly due to the increase of average scale in margin financing and securities lending business in the year.

Interest income from financial assets held under resale agreements decreased by RMB413 million, or 33.80% YoY, which was mainly due to the decrease of average scale in stock-pledged repurchase business in this year.

Interest income from bank deposit increased by RMB315 million, or 17.49% YoY, which was mainly due to the increase of average scale in the cash held on behalf of clients.

Interest expenses increased by RMB1,090 million, or 23.28% YoY, which was mainly due to the increase in the interest expense of bonds in issue and short-term financing instruments payable and financial assets sold under repurchase agreements.

### Net Investment Gains

In 2020, the net investment gains of the Group amounted to RMB8,673 million, representing a YoY increase of 96.80%. The table below sets out the major composition of the net investment gains of the Group during the indicated periods:

*Unit: RMB million*

Items	2020	2019	Change	Change in percentage (%)
Financial instruments measured at fair value through other comprehensive income ("FVOCI")	409	259	150	57.92
Financial instruments at fair value through profit or loss ("FVPL")	9,361	5,126	4,235	82.62
Derivative financial instruments	-755	-473	-282	N/A
Others	-342	-505	163	N/A
<b>Total</b>	<b>8,673</b>	<b>4,407</b>	<b>4,266</b>	<b>96.80</b>

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Net investment income from financial instruments measured at fair value through other comprehensive income increased by RMB150 million, or 57.92% YoY. In particular, gains from disposal of financial instruments measured at fair value through other comprehensive income increased by RMB247 million, or 156.54% YoY; dividends from financial instruments measured at fair value through other comprehensive income decreased by RMB97 million, or 94.79% YoY.

Net investment income from financial instruments at fair value through profit or loss increased by RMB4,235 million, or 82.62% YoY. In particular, gains from disposal of financial instruments at fair value through profit or loss increased by RMB4,148 million, or 2,689.82% YoY; gains from holding financial assets at fair value through profit or loss increased by RMB87 million, or 1.74% YoY.

Net investment income from derivative financial instruments decreased by RMB282 million, which was mainly due to decrease in the disposal income of equity derivative financial instruments.

Gains from other investment increased by RMB163 million YoY, which was mainly due to decrease in the net losses attributable to other interest holders of consolidated structured entities.

### Total Expenses

In 2020, the total expenses of the Group (excluding fee and commission expenses and interest expenses) amounted to RMB11,233 million, representing a YoY increase of RMB4,679 million, or 71.39%.

The table below sets out the major composition of the expenses of the Group during the indicated periods:

*Unit: RMB million*

Items	2020	2019	Change	Change in percentage (%)
Staff costs	6,436	4,710	1,726	36.65
Tax and surcharges	156	99	57	57.58
Other operating expenses and costs	3,245	1,804	1,441	79.88
Credit impairment losses	1,319	-59	1,378	N/A
Impairment losses on other assets	77	-	77	N/A
<b>Total</b>	<b>11,233</b>	<b>6,554</b>	<b>4,679</b>	<b>71.39</b>

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Staff costs for the year increased by RMB1,726 million, or 36.65% YoY, which was mainly due to the increase in performance-based remuneration.

Credit impairment losses in this year amounted to RMB1,378 million, which was mainly due to the increase of provision for financial assets held under resale agreements, financial assets at fair value through other comprehensive income and margin accounts.

The table below sets out the composition of the credit impairment losses of the Group during the indicated periods:

*Unit: RMB million*

Items	2020	2019	Change	Change in percentage (%)
Financial assets measured at fair value through other comprehensive income ("FVOCI")	290	18	272	1,511.11
Margin financing and securities lending	28	-53	81	N/A
Financial assets held under resale agreements	989	-23	1,012	N/A
Others	12	-1	13	N/A
<b>Total</b>	<b>1,319</b>	<b>-59</b>	<b>1,378</b>	<b>N/A</b>

The impairment loss on other assets in this year increased by RMB77 million, which was mainly due to the provision for impairment of investments in associates.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### VI. ANALYSIS ON FINANCIAL POSITION

#### Assets

As of December 31, 2020, the total assets of the Group amounted to RMB371,228 million, representing an increase of RMB85,559 million, or 29.95%, as compared with that as at the end of preceding year. Excluding the effect of accounts payable to brokerage clients, the total assets of the Group amounted to RMB296,518 million as at December 31, 2020, representing an increase of RMB65,474 million, or 28.34%, as compared with that as at the end of preceding year, and changes were as follows:

*Unit: RMB million*

Items	December 31, 2020	December 31, 2019	Change	Change in percentage (%)
Financial assets measured at fair value through other comprehensive income ("FVOCI")	48,097	35,644	12,453	34.94
Investments in associates	229	270	-41	-15.19
Financial assets at fair value through profit or loss	138,656	91,756	46,900	51.11
Derivative financial assets	1,632	955	677	70.89
Margin accounts	46,515	27,806	18,709	67.28
Financial assets held under resale agreements	16,117	21,119	-5,002	-23.68
Cash and bank balances	28,580	47,221	-18,641	-39.48
Others	16,692	6,273	10,419	166.09
<b>Total</b>	<b>296,518</b>	<b>231,044</b>	<b>65,474</b>	<b>28.34</b>

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

**Analysis of the Components of Assets in 2020**

**Analysis of the Components of Assets in 2019**

### Investments

The investment of the Group primarily comprises financial assets measured at fair value through other comprehensive income ("FVOCI"), investments in associates, financial assets at fair value through profit or loss ("FVPL"), derivative financial assets, etc.

As of December 31, 2020, the total external investments of the Group amounted to RMB188,614 million, representing an increase of RMB59,989 million, or 46.64%, as compared with that as at the end of preceding year.

The following table sets out, as of the dates indicated, the investments of the Group and its percentage to the total assets by category:

*Unit: RMB million*

Items	December 31, 2020		December 31, 2019	
	Amount	Percentage to total assets (%)	Amount	Percentage to total assets (%)
Financial assets at fair value through other comprehensive income ("FVOCI")	48,097	16.22	35,644	15.43
Investments in associates	229	0.08	270	0.12
Financial assets at fair value through profit or loss ("FVPL")	138,656	46.76	91,756	39.71
Derivative financial assets	1,632	0.55	955	0.41
<b>Total</b>	<b>188,614</b>	<b>63.61</b>	<b>128,625</b>	<b>55.67</b>

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### Financial Asset Investments

As of December 31, 2020, total financial asset investments of the Group amounted to RMB188,385 million, accounting for 63.53% of total assets, representing an increase of RMB60,030 million, or 46.77%, as compared with that as at the end of preceding year, which was mainly due to the increase in debt instruments and equity investment. The table below sets out the composition of the financial asset investment portfolio of the Group:

*Unit: RMB million*

Items	December 31, 2020		December 31, 2019	
	Amount	Percentage to total financial asset investments (%)	Amount	Percentage to total financial asset investments (%)
Debt instruments	127,132	67.49	83,154	64.78
Equity investments	18,134	9.63	11,237	8.75
Fund investments	10,461	5.55	8,082	6.30
Derivative financial assets	1,632	0.87	955	0.74
Others	31,026	16.46	24,927	19.43
<b>Total</b>	<b>188,385</b>	<b>100.00</b>	<b>128,355</b>	<b>100.00</b>

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### Investments in Associates

Unit: RMB million

Items	December 31, 2020	December 31, 2019	Change	Change in percentage (%)
Investments in associates	229	270	-41	-15.19

As of December 31, 2020, the Group's investments in associates amounted to RMB229 million, representing a decrease of RMB41 million, or 15.19%, as compared with that as at the end of preceding year, which was mainly due to the provision for impairment of investments in associates during the Reporting Period.

### Cash and Bank Balances

As of December 31, 2020, cash and cash balances amounted to RMB28,580 million, representing a decrease of RMB18,641 million or 39.48%, as compared with that as at the end of preceding year, which was mainly due to the negative net changes in cash and cash equivalents caused by the increase of financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income and margin accounts and the decrease of accounts payable to underwriting clients.

Unit: RMB million

Items	December 31, 2020	December 31, 2019	Change	Change in percentage (%)
Cash and bank balances	28,580	47,221	-18,641	-39.48

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### Liabilities

As of December 31, 2020, total liabilities of the Group amounted to RMB303,157 million, representing an increase of RMB74,382 million, or 32.51%, as compared with that as at the end of preceding year. Excluding the effect of accounts payable to brokerage clients, total liabilities of the Group amounted to RMB228,446 million as at December 31, 2020, representing an increase of RMB54,297 million, or 31.18%, as compared with that as at the end of preceding year. The following table sets out the breakdown of the total liabilities of the Group as of the dates indicated:

*Unit: RMB million*

Items	December 31, 2020	December 31, 2019	Change	Change in percentage (%)
Accounts payable to brokerage clients	74,710	54,626	20,084	36.77
Short-term borrowings, placements from banks and other financial institutions, short-term financing instruments payable and non-current liabilities falling due within one year	67,261	50,400	16,861	33.45
Financial liabilities at fair value through profit or loss	1,596	1,126	470	41.74
Derivative financial liabilities	2,425	762	1,663	218.24
Financial assets sold under repurchase agreements	84,512	55,533	28,979	52.18
Bonds in issue	50,016	34,133	15,883	46.53
Others	22,637	32,195	-9,558	-29.69
<b>Total</b>	<b>303,157</b>	<b>228,775</b>	<b>74,382</b>	<b>32.51</b>

In 2020, the A share market and fund market in China recorded a YoY increase in overall trading volume. As of December 31, 2020, total accounts payable to brokerage clients of the Group amounted to RMB74,710 million and accounted for 24.64% of the total liabilities of the Group, representing an increase of RMB20,084 million, or 36.77%, as compared with that as at the end of preceding year.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

The following table sets out the Group's accounts payable to brokerage clients by geographical locations and types of customers as of the dates indicated:

*Unit: RMB million*

Items	December 31, 2020	December 31, 2019	Change	Change in percentage (%)
Mainland China	73,463	53,680	19,783	36.85
– Individual	45,173	36,278	8,895	24.52
– Corporate	28,290	17,402	10,888	62.57
Outside Mainland China	1,247	946	301	31.82
Total	74,710	54,626	20,084	36.77

As of December 31, 2020, short-term borrowings, placements from banks and other financial institutions, short-term financing instruments payable and non-current liabilities falling due within one year amounted to RMB67,261 million in aggregate, representing an increase of RMB16,861 million, or 33.45%, as compared with that as at the end of preceding year, mainly attributable to the YoY increase in the balance of structured notes payables at the end of the period.

As of December 31, 2020, financial assets sold under repurchase agreements amounted to RMB84,512 million, representing an increase of RMB28,979 million, or 52.18%, as compared with that as at the end of preceding year, which was mainly due to the YoY increase in the ending balance of financial assets sold under repurchase agreements through collateralized repurchase.

As of December 31, 2020, the Group's total outstanding amount of bonds payable due beyond one year amounted to RMB50,016 million, representing an increase of RMB15,883 million, or 46.53%, as compared with that as at the end of preceding year, which was mainly due to the YoY increase in the ending balance of the subordinated bonds and corporate bonds issued by the Company.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### Equity

As of December 31, 2020, the total equity of the Group amounted to RMB68,071 million, representing an increase of RMB11,176 million, or 19.64%, as compared with that as at the end of preceding year, mainly attributable to the Company's non-public issuance of A shares and profits of this year during the Reporting Period. The following table sets out the components of the Group's total equity as at the dates indicated:

*Unit: RMB million*

Items	December 31, 2020	December 31, 2019
Share capital	7,757	7,646
Other equity instruments	9,962	9,981
Capital reserve	12,491	8,753
Surplus reserves	4,525	3,573
General reserve	10,549	8,692
Investment revaluation reserve	286	203
Foreign currency translation reserve	89	191
Retained earnings	22,076	17,543
Non-controlling interests	336	313
Total	<u>68,071</u>	<u>56,895</u>

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### IX. EXPLANATION IN SCOPE OF STATEMENT CONSOLIDATION

As of December 31, 2020, the number of structural entities included in the consolidated financial statements of the Company was five. The number of primary entities included in the consolidated financial statement of the Company was ten.

### X. NO CHANGE IN THE INCOME TAX POLICY OF THE COMPANY DURING THE REPORTING PERIOD

From January 1, 2008, the Enterprise Income Tax Law of the PRC (《中華人民共和國企業所得稅法》) and the Regulations on the Implementation of Enterprise Income Tax Law of the PRC (《中華人民共和國企業所得稅法實施條例》) became effective for the Company and other subsidiaries (except China Securities Futures and China Securities (International)). Income tax computation and payment are governed by the Announcement of the State Administration of Taxation on Printing and Distributing the Administrative Measures for Collection of Consolidated Payments of Enterprise Income Tax by the Enterprises with Trans-regional Operations ([2012] No. 57) (《國家稅務總局關於印發〈跨地區經營匯總納稅企業所得稅徵收管理辦法〉的公告》([2012]57號)). The income tax rate applicable to the Company is 25%.

In accordance with Explanation on Implementation of Tax Preferential Treatments concerning Western China Development Strategy (《關於執行國家西部大開發所得稅優惠政策的說明》) issued by the local taxation bureau in Yuzhong District, Chongqing City, the applicable income tax rate for China Securities Futures was 15%.

The applicable income tax rate for China Securities (International) was 16.5%.

### XI. PROFIT DISTRIBUTION POLICY OF THE COMPANY

#### (I) Formulation, implementation or adjustment of cash dividend policy

The Articles of Association of the Company set out the basic principles of the profit distribution policy and specific policy and provided that “the Company shall give priority to the distribution of dividends in cash”, and “provided that the Company does not have material investment plans, major cash expenses, etc. and that the capital needs for normal operation of the Company are met, the profits distributed by the Company in cash shall not be less than 10% of the distributable profits of the same year, and within any three consecutive years, the accumulated profit distribution in cash shall not be less than 30% of the average annual distributable profit for those three years”.

The Company attaches much importance to providing reasonable returns to investors and maintaining the continuity and stability of the Company’s profit distribution policy, while taking into account the company’s long-term interests, the overall interests of all shareholders and the company’s sustainable development. Development and execution of profit distribution of the Company, in particular cash dividend policy, are in strict accordance with relevant provisions of the Articles of Association and procedures of consideration, with clear standards and proportion of dividends and well-established decision-making procedures and mechanism. In considerations at Board meeting, independent non-executive directors of the Company, from the perspective of safeguarding the interests of investors, expressed their objective and independent opinions; in considerations at general meeting, all minority shareholders of the Company were entitled to express their opinions and appeals and their legitimate interests were safeguarded.

On June 5, 2020, 2019 profit distribution plan of the Company was considered and approved at the 2019 annual general meeting, i.e., RMB2.35 (tax inclusive) distributed for every 10 Shares. This plan has been fully implemented by June 30, 2020. This profit distribution involved cash dividends representing 35.03% of net profit attributable to ordinary equity holders of the Company for 2019. This profit distribution has complied with the provisions of the Guidelines for Cash Dividends of Listed Companies of the SSE (《上海證券交易所上市公司分紅指引》) and the Articles of Association. Independent non-executive directors of the Company have expressed independent opinions on 2019 profit distribution and were of the view that this profit distribution has complied with the relevant provisions of laws, regulations, regulatory documents and the Articles of Association, and was in line with the actual conditions of the Company and the long-term interests of shareholders as a whole, and was favorable for the long-term development of the Company, therefore they have agreed to this profit distribution plan.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

### (II) Ordinary share dividend distribution plans or budgets over the past three years (including the Reporting Period)

Profit distribution plans of the Company were considered and decided at the general meeting after being considered and approved by the Board of Directors and the Board of Supervisors.

From 2018 to 2020, the Company's dividend was as follows:

*Unit: RMB*

Year of dividend	Amount of dividends per ten shares (tax inclusive)	Amount of cash dividends (tax inclusive)	Net profit attributable to ordinary equity holders of the listed company in the consolidated financial statements of the dividend year	Proportion of net profit attributable to ordinary equity holders of the parent company in the consolidated financial statements
2020 (budget)	3.75	2,908,760,548.88	9,138,942,498.88	31.83%
2019	2.35	1,796,900,530.93	5,130,270,443.24	35.03%
2018	1.80	1,376,349,342.84	2,793,459,930.82	49.27%

2020 Profit distribution budget:

Confirmed by the external of auditors, the Company (refers to the "Parent Company", the same thereafter) achieved a net profit of RMB8,675,945,259.99 in 2020.

According to relevant provisions of the Company Law, the Securities Law, the Financial Regulations of Financial Enterprises (《金融企業財務規則》), the Interim Measures for the Supervision and Administration of the Risk Reserves of Public Securities Investment Funds (《公開募集證券投資基金風險準備金監督管理暫行辦法》) and the Articles of Association, the Company intended to distribute its net profit for 2020 according to the following orders:

According to 10% of net profit, a statutory reserve of RMB867,594,526.00 was drawn;

According to 10% of net profit, a general risk reserve of RMB867,594,526.00 was drawn;

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

According to 10% of net profit, a trading risk reserve of RMB867,594,526.00 was drawn;

RMB582,349.25 of risk reserve for mutual funds custodian business was drawn;

RMB58,546,703.93 of risk reserve for large-scale collective product asset management business was drawn.

The above items totaled RMB2,661,912,631.18, subtracting the Company's interest on perpetual bonds of RMB370,486,301.37 and subtracting the dividends for 2019 distributed in the year 2020 of RMB1,796,900,530.93 and adding undistributed profit at the beginning of the year of RMB16,415,271,513.73, and the Company's undistributed profit at the end of 2020 was RMB20,261,917,310.24.

Based on an overall consideration of the long-term development of the Company and the interests of shareholders, 2020 profit distribution budget is as follows:

The Company proposes to distribute in the form of cash dividends, on the basis of 7,756,694,797 Shares in the total issued share capital as of December 31, 2020, RMB3.75 (tax inclusive) for every 10 Shares to all shareholders, amounting to RMB2,908,760,548.88 (tax inclusive) in aggregate, representing 31.83% of net profit attributable to ordinary equity holders of the Company in the consolidated financial statements for 2020. The remaining undistributed profit will be carried forward to the subsequent year. If the total share capital of the Company changes before the share registration date for conducting profit distribution, then the distribution percentage per share remains unchanged while the total distribution amount will be adjusted accordingly, particulars of which will be further announced.

Cash dividend is denominated and declared in RMB and payable in RMB to the A Shareholders and in Hong Kong dollars to the H Shareholders. The actual amount declared in Hong Kong dollars will be calculated based on the average of the intermediate exchange rate for conversion of Hong Kong dollars to RMB as announced by the People's Bank of China one calendar week prior to the date of convening the 2020 annual general meeting of the Company.

After the budget is considered and approved at the general meeting, the Company will distribute cash dividends within two months after the date of convening the general meeting. The Company expects to pay the dividend on or about August 19, 2021 (Thursday). The Company will make further announcement on, among others, equity registration date and date of distribution in relation to this equity distribution.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### XII. RISK MANAGEMENT

#### (I) Overview

The Company attaches great importance to the formation of a risk management system all the time. Adopting the risk management concept of “risk management as priority, risk management by all”, the Company regards alignment with the general operating strategic goal of the Company and risk maintenance at a tolerable level as the foundation of risk management and seeks to ensure that risks associated with various businesses of the Company are measurable, controllable and commensurate with returns. The Company continues to enhance its risk management system in accordance with the needs arising from its business development, market condition changes and the regulatory requirements, so the Company can ensure the enhancement and effective operation of a comprehensive risk management mechanism during the Reporting period.

#### (II) Structure of Risk Management

The Board of Directors is the Company’s ultimate decision-making body for risk management. The executive management is the executive body, while different units are responsible for directly managing the risks in their business or operational activities. The Company has three dedicated risk control departments, namely the Risk Management Department, the Legal and Compliance Department and the Internal Audit Department, which independently monitor and manage risks before, during and after the event, according to their respective roles and responsibilities.

The Board of Directors makes decisions with respect to the Company’s risk management strategies and policies, internal control arrangements, as well as the resolution of significant risk events. The Supervisory Committee carries out supervision on the performance of risk management duties of the Board of Directors, Executive Committee and senior management in accordance with laws, regulations and the Articles of Association.

The Risk Management Committee under the Board of Directors is responsible for supervising the overall risk management of the Company in general and ensuring the risks are adequately managed so that management activities may be effectively carried out on risks associated with the Company’s business and operating activities. The Risk Management Committee under the Board of Directors considers and advises the overall objectives and basic policies of compliance management and risk management, confirms the specific constitution of risk management strategies and risk management resources so that they are aligned with the internal risk management policies; formulates tolerance level for major risks; and supervises and reviews the risk management policies and makes recommendations to the Board.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

Executive Committee makes overall decisions with respect to the prevention, control, mitigation, or acceptance of risks in the Company's business and operating activities and makes decisions on efforts to improve the internal control rules and procedures and control measures in accordance with the risk management policies adopted by the Board.

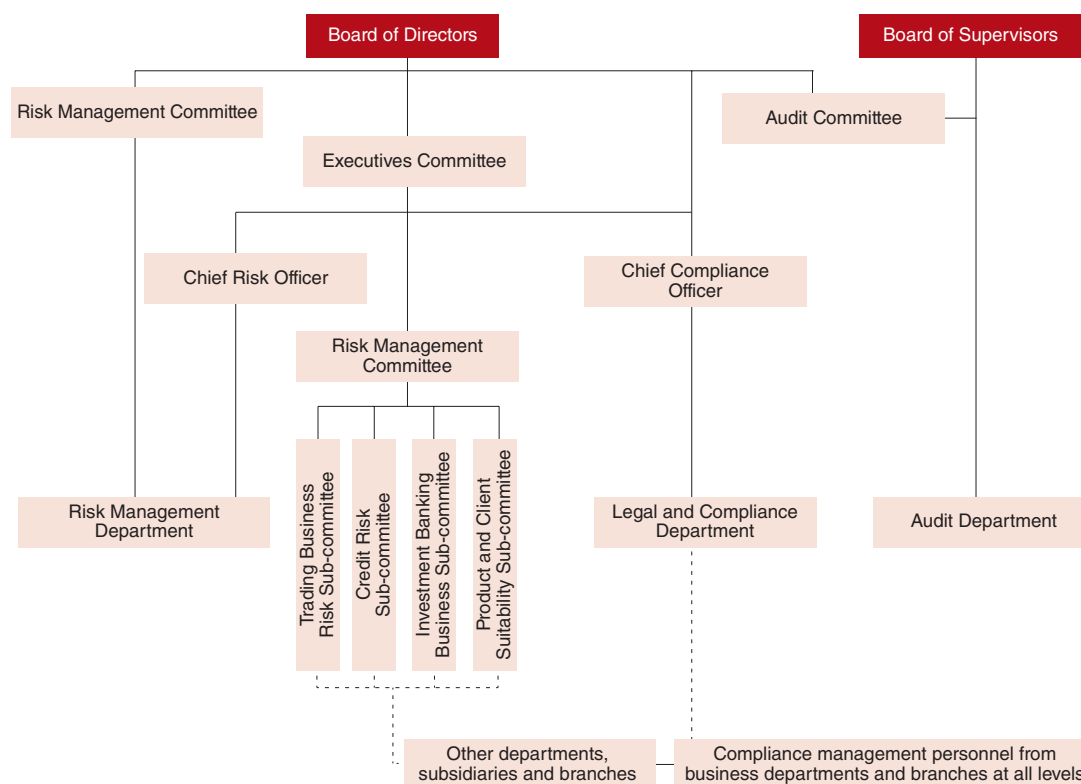

The Risk Management Committee under the Executive Committee is responsible for determining the Company's risk appetite, risk tolerance level and major risk limits; formulating and promoting the implementation of the Company's risk management rules and procedures; approving risk limits and risk control standards specific to each business line; reviewing and approving new businesses and products; reviewing and approving the Company's risk reports; conducting research on risk control strategies and action plans for major business matters.

The Chief Risk Officer of the Company is responsible for leading professional risk management activities across the Company, including organizing the formulation of relevant risk management rules and procedures, improving the Company's risk management practices, and guiding the Risk Management Department in the identification, evaluation, monitoring and reporting of various risks.

Each and every department, branch and subsidiary of the Company, within their respective roles and responsibilities, is responsible for following the rules and procedures, and risk control polices, and implementing risk-control measures and engaging in direct risk control efforts in their business activities. The employees of the Company shall have the responsibility to earnestly comply with the Company's relevant rules and procedures and contribute to daily risk control efforts as part of the job responsibilities.

The Risk Management Department is responsible for risk management; the Legal and Compliance Department is responsible for legal affairs and compliance management, and the Internal Audit Department is responsible for the internal audit activities. The aforementioned three independent risk management departments establish their own rules and procedures and operate independently to promote risk management of the Company. Specifically, the Risk Management Department is responsible for risk management before and during the event through risk monitoring and assessment, the Legal and Compliance Department is responsible for managing the overall legal and compliance risks, and the Internal Audit Department is responsible for conducting audits to identify material defects in key rules and procedures and processes, as well as internal control weakness, and supervising corrections and rectifications.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

In addition, the Company has established the internal audit department in 2018. Through company-level review, the Company conducted export management and terminal risk control of investment banking projects, and performed ultimate approval of decision-making functions for the materials and documents submitted, reported, issued or disclosed in the name of the Company, strengthening Risk Management for Investment Banking.

### (III) Risk Management Mechanism

The Risk Management Department works with business and management departments to identify major risks during the course of different business and management activities, issue the Risk Catalogue and Key Control List, and continue to update the same in light of business changes and monitoring findings.

The Company establishes a before-the-event risk control mechanism. It focuses on each of the main business lines to formulate specific risk limits and risk control standards, and has explicit procedures of risk control; the Risk Management Department and the Legal and Compliance Department have participated in the before-the-event evaluation for important projects and the operation system, and have expressed their opinions independently; important risk control parameters are directly under the management and control of the Risk Management Department, which also conducts independent verification for valuation model of financial instruments before going online.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

The Risk Management Department formulates the risk monitoring processes and indicators for key business and management lines. In particular, risk monitoring indicators for brokerage business, proprietary business, securities financing business, and asset management business as well as risk control indicators including net capital are monitored through the monitoring system, while the risk monitoring for other business or management lines primarily relies on regular and ad hoc monitoring by means of on-site monitoring, risk information reporting, data access and regular meetings. Main businesses of subsidiaries fall within the scope of monitoring.

The Company also formulates operational process for risk assessment, and determines main assessment methods and qualitative and quantitative risk rating criteria for various types of risks. The Risk Management Department assesses and rates the risk matters on an ongoing basis, evaluates the control of major business risks on a regular basis, and conducts comprehensive year-end assessments of the risk control process, risk events and positions, risk incidents and the risk-adjusted income level of the departments, branches and subsidiaries as a key component of their performance assessment.

The Company has formulated guidelines for various types of risk management and control, including market risk, credit risk, operational risk, liquidity risk, reputation risk and information technology risk, in order to guide and regulate the response to risks in various business lines. The Company has established crisis management mechanism and programs, and has formulated effective contingency measures and plans for various businesses, especially for key risks and emergencies such as liquidity crisis and accidents on transaction system, while emergency response mechanism has been established and is drilled sporadically on a regular basis.

The Company is responsible for building mechanisms for communicating and reporting risk information and significant risk warnings, communicating and managing risk information and providing significant risk warnings. The Risk Management Department is responsible for formulating operational procedures for communicating and reporting risk information and issuing risk warnings, and the departments and branches and subsidiaries report risk information or issue warnings on potential risks identified by themselves to the Risk Management Department. The Risk Management Department then manages the risk information, performs comprehensive analyses on various risk information to identify risk control weaknesses and loopholes and propose recommendations on improving risk control, reports significant risks to the Chief Risk Officer and Risk Management Committee or executive management, and at the same time, communicates risk information to relevant departments, while tracking any follow-up activities. The Risk Management Department prepares risk reports and risk control recommendation reports according to the results on risk identification, monitoring and assessment, and reports the findings to involved parties and the executive management of the Company. The Risk Management Department continuously monitors risks and the risk control status by following up on the implementation of risk control recommendations by relevant parties in managing risks identified in the risk reports.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

The Legal and Compliance Department manages legal and compliance risks through compliance consultation, compliance review, compliance inspection, compliance supervision, compliance reporting, complaints reporting and handling, compliance accountability, information segregation wall, anti-money laundering and a series of compliance management methods as well as contracts, litigation management and other before- and during-the-event management for business lines.

The Internal Audit Department detects material defects in key rules and procedures and processes or internal control weaknesses through audits, reports these issues to the Supervisory Committee, the Audit Committee, management, the Legal and Compliance Department and the Risk Management Department, and drives any follow-up corrections and rectifications.

In 2020, the Company was formally adopted by the CSRC as one of the pilot securities companies under consolidated supervision. The Company further optimized the comprehensive risk management mechanism, kept enhancing internal control, risk measurement, credit risk management and risk management and strengthened the vertical control and in the subsidiaries. The risk management capability of grouping and fine management level of the Company has been further strengthened by increasing input in staffing and development of risk management system.

### **(IV) Details of the Primary Risks Associated with the Operation of the Company**

The risks in the daily operating activities of the Company primarily include strategic risk, credit risk, liquidity risk, market risk, operational risk, information technology risk, legal risk and compliance risk and reputation risk. The Company has established specific policies and procedures to identify and address these risks, set out appropriate risk limits and internal control processes to manage these risks, and built a sound control mechanism and information technology systems to effectively monitor and control these risks. The major risks and risk management of the Company during the Reporting Period are as follows:

#### **1. Strategic Risk Management**

Strategic risks refer to the risks that affects the Company's overall development direction, corporate culture, information and capability of survival or corporate effectiveness.

The Company established rational organizational structure of strategic management, including the Board of Directors and the Development Strategy Committee, the Executive Committee and the Executive Office (leading organizational department for strategic planning) under the Board of Directors, as well as each department, each branch and subsidiary

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

The Company has clearly formulated the procedures and methods of strategic planning, established assessment mechanism for strategic risk, including analysis on potential risk factors when formulating strategic plans, as well as regular review and discussion performed by the Board of Directors and the Executive Committee during the process of strategic planning. The Company will, based on the assessment on the implementation of strategic planning, make adjustment to the strategic plans or adopt targeted measures to control the strategic risk when necessary.

### **2. Credit Risk Management**

Credit risks refer to the risks arising from the economic loss caused by failure of performing the obligations by counterparties, issuers of debt financing instruments (or financiers).

Credit risks of the Company arising from securities financial business primarily includes risks from decline in value or insufficient liquidity of collateral provided by counterparties due to insufficient repayment ability, customers' failure to repay debts in full in a timely manner due to involvement in legal disputes of collateral assets, and credit risks arising from fraudulent credit information, violation of contracts and regulatory requirements in transaction actions. Control of credit risk from securities financing business is realized primarily through risk education for customers, credit investigation and verification on customers, credit management, risk assessment on collateralized (pledged) securities, reasonable setting of indication of defaulting customers, financing of customers with insufficient guaranteed securities and normal customers, the Company will perform the provision for impairment in accordance with prudential principles by complying with the requirements of accounting standards, and actively recover debts from defaulting clients.

Credit risk arising from bond investments is primarily due to bond financing instrument issuer defaults or decline in the creditworthiness of issuers, defaults of counterparty to bond trade, among others. The Company conducts necessary due diligence to issuers and counterparties, establishes an internal rating system for implementing internal rating on issuers, debts and counterparty, executes access and limit management based on internal and external rating, and controls credit risk of bond investment by periodic and non-periodic risk screening and post-investment tracking

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS

### (Continued)

---

In order to manage the credit risk arising from the brokerage business, securities brokerage transactions in mainland China are all settled in full margin, which enables settlement risks associated with brokerage business to be well under control. The Company strictly complies with relevant trading and settlement rules and procedures to eliminate non-compliant financing operations for clients. With regard to clients' credit risk, the Company has adopted safeguarding measures to prevent overdraft or negative balance of equivalent securities for repurchase financing clients, including due diligence of clients, establishing reasonable trade limit with customers, discount rate of pledged bonds, minimum ratio of equivalent securities retained, maximum leverage ratio and pledge concentration of single bond, and established various rules and practices to manage the credit risk of option trading clients, including margin management, position limits, and forced closeout.

Furthermore, Risk Management Department monitors the credit risk on an ongoing basis, including tracking the credit qualification status of counterparties and bond issuers, monitoring coverage of collateral for securities and financial business, requiring the business department to fulfill its duty of post-investment management, as well as using stress testing and sensitivity analysis, among others, to measure the credit risk of major business lines.

### **3. *Liquidity Risk Management***

Liquidity risks refer to the risks that a commercial bank is unable to acquire sufficient funds in a timely manner at a reasonable cost, in response to repay due debts, fulfill other payment obligations and meet other funding needs during normal course of business.

The Company has established clear decision-making levels, along with authority mechanism, mechanism for hierarchical control, and has clearly defined the duties and functions of the Board of Directors, as well as executive management and business departments of the Company in terms of liquidity risk management. The Company has established strict administrative measures of proprietary funds, and requires strict compliance with such system in implementing foreign liabilities, guarantees and investments. The Company also implements management on liquidity risk limits and conducts daily position analyses and monthly liquidity position analyses mechanism to manage liquidity movements in a timely manner. In respect of business management, in order to effectively control the market liquidity risk of its securities portfolios, the Company has implemented securities centralized management system in securities investment and securities financial business, and adopted bond credit rating standards for fixed income securities investments. The Company has calculated liquidity coverage rates and net stable funds rates in accordance with regulatory requirements and controlled all indicators to be fell within the safety and compliance interval.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

The Asset and Liability Management Committee, which is under Executive Committee, is responsible for organizing and managing the asset and liability allocation plan of the Company, reviewing and approving the internal valuation interest rate of capital and emergency plans for liquidity risk. The Company established the Treasury Operations Department to initiate the management of the liquidity of its proprietary funds, accounting for expanding mid- and long-term stable funding channels, reasonably adjusting the asset allocation among various business lines, and steadily optimizing its assets and liabilities structure. The Company has improved its daily practice for liquidity risk management and control mechanism with the assistance of liquidity reserve asset management system, refining internal funds transfer pricing (FTP) system, as well as establishing and optimizing liquidity emergency plans and stress tests. In addition, in 2020, the Company rationally planned the scale of our assets and liabilities, further optimized the maturity structure of liabilities, maintained adequate liquidity reserve and secured liquidity risk to be measurable and controllable.

#### **4. Market Risk Management**

Market risks refer to the risks of losses in the Company's on-and-off balance sheet business due to adverse changes in the market price (interest rate, exchange rate, securities price and commodity price).

For market risks, the Company has established an integrated risk management organizational structure, implemented stage-by-stage authorization, provided clear structure of duties and authorities of the Board of Directors, executive management and business department in market risk control and built risk management processes that enable coverage of activities before, during and after making investments, with an overall risk limits application. The Company annually reviews and approves risk limits for the entire Company as well as each proprietary business line, including: exposure limits, stop-loss limits, value-at-risk ("VaR") limits, limits of sensitive indicators and stress testing limits, with the Risk Management Department monitoring and supervising their implementation and compliance. The Company has established various methods of valuation of financial instruments and adopted daily mark-to-market practices, and implemented stop-loss procedures which commensurate with its trading strategies. On a regular basis, the Company assesses the risk tolerance of its proprietary business lines, the effectiveness of risk control and revenue after risk adjustment, and includes the assessment results in the performance evaluation of these business lines. The Company makes ongoing efforts to improve its proprietary business management system, to steadily realize automated controls over relevant limit indicators. The Company adopts VaR as a tool to measure the market risk of its investment portfolio comprising securities and its derivatives. VaR is a method that estimates the maximum possible loss on the

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

portfolio due to movements in interest rates or market prices such as stock price over designated period and within a given confidence interval. As this method mainly relies on relevant information of historical data, it has certain inherent limitations. To complement, the Company implements daily and specific stress tests to assess the impact on the risk control indicators of net capital of the Company and profit or loss of proprietary portfolio from extreme adverse changes of risk factors, and proposes emergency plans with relevant recommendations and measures in accordance with the assessment.

The Company uses sensitivity analysis as a primary instrument to monitor the interest rate risk. Sensitivity analysis measures the impact on the total income and shareholders' equity interests arising from fair value changes of various financial instruments held at the end of the period when there are reasonable and possible changes in interest rates, on the assumptions that all other variables remain constant and overall market interest rates shift in a parallel manner, while risk management activities which may be taken by the Company to reduce interest rate risks are not taken into consideration.

With regard to foreign exchange rate risk, in 2020, the Company commenced the foreign exchange settlement and sale business with the approval of the SAFE, and China Securities International, the overseas subsidiary of the Company, held foreign currency assets and liabilities. As the proportion of assets denominated in foreign currencies held by our Company is insignificant, and represents a small portion of the income structure, the Company is of the view that the impact of foreign exchange rate risk on the Company's current operation is significant in general. The Company established a foreign exchange risk management mechanism and managed its foreign exchange rate risk by overseas business management, limiting the size of assets and liabilities denominated in foreign currencies and risk exposures, assigning stop-loss limits for investments in companies and risk hedging with foreign exchange derivatives. Other price risks refer to risks of fair value decline to the Company's investment portfolio due to fluctuations in market prices other than stock prices, interest rates, and foreign exchange rates, primarily including commodity prices. The Company's investment portfolio primarily comprises equity securities and their derivative instruments as well as fixed income businesses. Other market price-related businesses include gold trading and commodity derivatives trading where the Company primarily focuses on providing liquidity services and arbitrage trading in this type of business, representing small risk exposure. Accordingly, the Company believes that the other price risks do not have a significant impact on the Company's current operations.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### 5. *Operational Risk*

Operational Risks refer to the risks of losses caused by imperfect or problematic internal procedures, employees, IT systems or external events.

Concerning the potential operational risks in each business and management activity of the Company, the Company carries out the segregation of various businesses with three lines of defense comprising a system of checks and balances between its front, middle and back offices. A business authority delegation and accountability system, as well as a management system, procedures and risk control measures for each business has been established and reinforced. Within the scope of authority of the Company, operational risks are transferred or mitigated by personnel and operation outsourcing and, where necessary, insurance is purchased to the extent authorized. Mechanisms for information exchange, reporting of major events and information feedback have also been set up.

The Risk Management Department monitors and assesses the operational risks of various businesses including the brokerage business, and also implements regular risk control evaluation. It examines the key risks of various business and management lines, and establishes and implements key control measures in practical business procedures. The department also develops and improves internal control matrix. The business departments are organized to conduct self-evaluation of risk and control to identify new material risks and take appropriate risk control measures. Statistical analysis on various types of operational risk events is performed at least on an annual basis to calculate the frequency of their occurrence and the level of losses, as well as to assess the changing trend of risk and risk allocations. In 2020, the Company further implemented various risk warnings and risk education programs, and held “Securities Industry Culture and Employee Practice Compliance Examination” attended by all the staff members, enhanced targeted monitoring and investigation of major risks, improved internal control system and matrix, and kept promoting the applications of various operational risk management tools such as the key risk indicators, the risk control self-assessment and loss data collection.

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

### **6. Information Technology Risk Management**

Information technology risks refer to the operational, legal and reputational risks incurred from natural factors, human factors, technical defects and management flaws while the information technology is applied in the Company.

The Information Technology Department of the Company is responsible for the management of planning, establishment and operation maintenance of the information technology system. The Company carries out centralized management and backup of the data in transaction system, implementation of mutual separation of development, testing and operation maintenance of information technology system, as well as mutual separation of data management and application system, and implements strict control of access authority and track record, controls the choice of relevant software, hardware and external suppliers of information technology system, enhances external system management, performs real-time and automatic monitoring of the connection of important communication network and operation of the significant business system. In addition, the emergency management of business continuity of the Company is led by the Risk Management Department, and the Information Technology Department is responsible for the technical support work.

### **7. Legal Risk and Compliance Risk Management**

Legal risks refer to the risk from contracts not being performed due to invalidity within the law, or improper entering into of the contracts; Compliance risks refer to the risk that the Company may be exposed to legal sanction or regulatory measures, major property loss or reputation loss as a result of its non-compliance with the laws and regulations, regulatory rules, self-regulatory rules as well as code of conduct applicable for our own business activities.

The Legal and Compliance Department unified to manage legal affairs of the Company and controlled legal risks. It led to review all agreements and contracts of the Company, provided legal opinions on major business matters of the Company and performed centralized management, as well as instructed to handle litigations of the Company. Meanwhile, it is also the department responsible for compliance management under the guidance of the Chief Compliance Officer to carry out independent compliance management of the Company. The main responsibilities of compliance management of the Legal and Compliance Department are tracking, analysis, propaganda of laws and regulatory rules currently in effect and timely identifying, evaluating and managing compliance risk in business operation and

## SECTION 4 MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

---

business innovation of the Company through methods of compliance inspection, compliance review, compliance checking, compliance supervision. Specific or part-time compliance management officers are engaged in all functional departments, business lines and securities branches of the Company, and are responsible for daily compliance management in their own departments. The compliance management of the Company has permeated all divisions of the Company, such as decision-making, implementation, supervision and feedback, which have been included in the whole process of executive management of the Company. The Company proactively cultivates a culture of compliance and improves the self-restraint mechanisms in order to ensure compliant operations and standardized development.

### **8. Reputation Risk Management**

Reputation risks refer to the risks of negative comments to the Company from relevant stakeholders as a result of our operations, management and other activities or external events.

The Company strictly upholds the compliance operation concept in accordance with laws, enhances information disclosure management, treasuring and proactively maintaining its reputation. The Executive Office of the Company, the leading department for reputation risk management, is responsible for comprehending the emergency issues and other issues which may have impact on the reputation of the Company by improving reputation risk management system and mechanism and continuously carrying out the media monitoring, timely evaluate and coordinate response to the reputation risk. In 2020, the Company maintained a normal and good operating environment in response to timely clarification of the Company's misrepresentation.

## **XIII. IMPACT OF COVID-19 PANDEMIC**

Since the outbreak of COVID-19 pandemic, the Company has attached great importance to the prevention and control of the pandemic, and has taken various prevention and control measures. The Company always prioritizes the health of employees and provides them with a safe working environment; provides the customers with good securities services for the resumption of work and production of the real economy, and comprehensively promotes digital transformation to enhance customer service capability in this special period. As of the date of disclosure of the Report, the Company was operating in good condition, while the employee management and business development were not significantly affected by the pandemic.

## SECTION 5 REPORT OF DIRECTORS

---

### I. BUSINESS REVIEW

In face of the complicated and ever-changing market environment in 2020, the Company actively took responsive measures and forge forward, ensuring favorable development of various businesses. Please refer to the section headed “Section 4 – Management Discussion and Analysis” in the report for the details on principal businesses, operating model and industry review.

### II. MAJOR RISKS AND UNCERTAINTIES

The major risks the Company is exposed to include market risks, credit risks and liquidity risks. For the risk management objectives and policies of the Company, please refer to the description on risk management of the Company set out in this annual report. Please refer to the “Section 4 – Management Discussion and Analysis – III. Discussion and Analysis on Future Development of the Company – (VI) Potential Risks” of this annual report for the major risks and uncertainties the Company faced in 2020.

### III. RELEVANT LAWS AND REGULATIONS OF SIGNIFICANT INFLUENCE

Adhering to the principle of operating according to laws and regulations, the Company complies with the national laws, regulations, normative documents and various regulatory requirements.

In order to control operational risks, the Company established a sound and systematic mechanism by setting up a basic system at company level, under which each business line, department and branch shall establish a highly controllable management system, operational process and standardized regulations. The system covers all businesses and processes of the Company. In 2020, the Company formulated/amended and reviewed over 200 policies on internal management to enhance internal control capabilities according to regulatory requirements and the needs for business management of the Company; the Legal and Compliance Department of the Company is the department for the management of policies of the Company and shall be responsible for reviewing and approving the policies of the Company, requiring the business and management departments of the Company to implement the requirements of the regulatory authorities and self-regulatory organizations in businesses systems of the Company in a timely manner, ensuring that each internal policy of the Company is implemented in accordance with the laws and regulations, normative documents and regulatory requirements, and guaranteeing the coordination and uniformity among policies.

### IV. PROFIT DISTRIBUTION AND PROPOSED DIVIDEND

The formulation and implementation of the cash dividend policy and the 2020 profit distribution plan of the Company are set out in the “Section 4 Management Discussion and Analysis – XI. “Profit Distribution Policy of the Company” section of this annual report.

### V. TAX RELIEF

#### (I) Tax Relief of A Shareholders

Pursuant to “Notice on Relevant Issues Concerning Differential Individual Income Tax Policies on Dividends and Bonuses of Listed Companies” (Cai Shui [2015] No. 101) (《關於上市公司股息紅利差別化個人所得稅政策有關問題的通知》(財稅[2015]101號)) and “Notice on Relevant Issues Concerning the Implementation of Differential Individual Income Tax Policies on Dividends and Bonuses of Listed Companies” (Cai Shui [2012] No. 85) (《關於實施上市公司股息紅利差別化個人所得稅政策有關問題的通知》(財稅[2012]85號)), issued by the Ministry of Finance, the State Administration of Taxation and CSRC, for the dividends and bonuses received by individual investors from listed companies, from the date when individual investors obtain the Company’s stocks to the equity registration date, if the term of shareholding exceeds one year, individual income tax will be temporarily exempted; if the term of shareholding does not exceed one year (including one year), the listed company will not withhold individual income tax, and will make corresponding adjustments in accordance with the above notification requirements when individual investors transfer stocks.

For shareholders of resident enterprises, income tax dividends and bonuses are calculated and paid by itself in accordance with regulations.

For qualified foreign institutional investors (QFII), pursuant to the “Notice on Relevant Issues Concerning the Payment of Dividends, Bonuses and Interests and Withholding the Enterprise Income Tax by Chinese Resident Enterprises to Qualified Foreign Institutional Investors” (Guo Shui Han [2009] No. 47) (《關於中國居民企業向QFII支付股息、紅利、利息代扣代繳企業所得稅有關問題的通知》(國稅函[2009]47號)) issued by the State Administration of Taxation, the listed company withholds corporate income tax at a rate of 10%. If the dividends received by QFII shareholders require to enjoy the treatment of Tax Treaty (arrangement), they may apply for tax refunds to the competent tax authorities after receiving the dividends in accordance with the regulations.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

Pursuant to the “Notice on the Tax Policies Concerning the Pilot Programs Mechanism of Shanghai-Hong Kong Stock Connect Stock Market” (Cai Shui [2014] No. 81) (《股票市場交易互聯互通機制試點有關稅收政策的通知》(財稅[2014]81號)) issued by the State Administration of Taxation issued by the Ministry of Finance, the state Administration of Taxation and CSRC for the dividends and bonuses received by Hong Kong market investors (including enterprises and individuals) by investing A Shares listed on the Shanghai Stock Exchange, before fulfilling the condition of provision of identities of investors, period of shareholding and other details and data to CSDC by Hong Kong Securities Clearing Co., Ltd., differential taxation policies are not implemented temporarily in accordance with the period of shareholding. Instead, the listed company withholds income tax at a rate of 10%, and handles the withholding declaration with its competent tax authorities. For Hong Kong investors who are tax residents in other countries and whose country enters into Tax Treaty with China that dividend and bonus income tax rate is less than 10%, enterprise or individual may, on its own or entrusting withholding agent, submit an application for tax treaty treatment to the competent tax authorities of the listed company. After the review by the competent tax authorities, tax refund shall be implemented based on the difference between the tax paid and the taxable amount calculated according to the tax treaty rate.

### (II) Tax Relief of H Shareholders

Pursuant to the Notice on Issues Concerning Individual Income Tax Collection and Management after the Repeal of Guo Shui Fa [1993] No. 045 (Guo Shui Han [2011] No. 348) (《關於國稅發[1993]045號文件廢止後有關個人所得稅徵管問題的通知》(國稅函[2011]348號)) issued by the PRC State Administration of Taxation, the dividends received by overseas resident individual shareholders from the shares issued by domestic non-foreign invested enterprises in Hong Kong are subject to the payment of individual income tax according to the items of “interests, dividend and bonus income,” which shall be withheld by the withholding agents in accordance with the relevant laws. Overseas resident individual shareholders who hold shares issued by domestic non-foreign invested enterprises in Hong Kong are entitled to relevant preferential tax treatment pursuant to the provisions in the tax agreements signed between the countries where they are residents and China, or the tax arrangements between the Mainland and Hong Kong (Macau). The relevant dividend tax rate under the relevant tax agreements and tax arrangements is generally 10%, and for the purpose of simplifying tax administration, domestic non-foreign invested enterprises issuing shares in Hong Kong may, when distributing dividends, generally withhold individual income tax at the rate of 10%, and are not obligated to file an application. In circumstances where the tax rate for dividends is not equal to 10%, the following provisions shall apply: (1) for citizens from countries falling under agreements subject to tax rates lower than 10%, the withholding agents will file applications on their behalf to seek entitlement to the relevant agreed upon preferential treatments, and upon

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

approval by the tax authorities, excessive withheld tax amounts will be refunded; (2) for citizens from countries falling under agreements subject to tax rates higher than 10% but lower than 20%, the withholding agents shall withhold individual income tax at the agreed upon effective tax rate upon distribution of dividends (bonus), and are not obligated to file an application; (3) for citizens from countries without tax agreements or under other circumstances, the withholding agents shall withhold individual income tax at a tax rate of 20% upon distribution of dividends.

Pursuant to the regulations in the Circular Concerning Questions on Withholding and Payment of Enterprise Income Tax when PRC Resident Enterprises Distribute to Overseas Non-resident Corporate Shareholders of H Shares (Guo Shui Han [2008] No. 897) (《關於中國居民企業向境外H股非居民企業股東派發股息代扣代繳企業所得稅有關問題的通知》(國稅函[2008] 897號)) issued by the State Administration of Taxation, any PRC resident enterprises distributing dividends for the years from 2008 to overseas non-resident corporate shareholders shall withhold enterprise income tax at a uniform rate of 10%.

Pursuant to the Notice on Taxation Policies concerning the Pilot Program of an Interconnection Mechanism for Transactions in the Shenzhen and Hong Kong Stock Markets (Cai Shui [2016] No. 127) (《關於深港股票市場交易互聯互通機制試點有關稅收政策的通知》(財稅[2016]127號)), the Announcement on the Continued Implementation of Individual Income Tax Policy of the Shanghai and Hong Kong as well as Shenzhen and Hong Kong Stock Markets Interconnection Mechanism and Mutual Recognition of Funds between the Mainland and Hong Kong (MOF announcement No. 93 2019)(《關於繼續執行滬港、深港股票市場交易互聯互通機制和內地與香港基金互認有關個人所得稅政策的公告》(財政部公告2019年第93號)) and the Notice on Taxation Policies concerning the Pilot Program of an Interconnection Mechanism for Transactions in the Shanghai and Hong Kong Stock Markets (Cai Shui [2014] No. 81) (《關於滬港股票市場交易互聯互通機制試點有關稅收政策的通知》(財稅[2014]81號)) issued by the Ministry of Finance, the State Administration of Taxation and CSRC, for dividends derived by mainland individual investors from investing in H-shares listed on the Hong Kong Stock Exchange through Shenzhen Hong Kong Stock Connect, H-share companies shall withhold individual income tax at a tax rate of 20% for the investors. For mainland securities investment funds investing in Shares listed on the Hong Kong Stock Exchange through Shenzhen Hong Kong Stock Connect, the above rules also apply and individual income tax shall be levied on dividends derived therefrom. Dividends derived by mainland enterprise investors from investing in shares listed on the Hong Kong Stock Exchange through Shenzhen Hong Kong Stock Connect shall be included in their total revenue, and the enterprise income tax thereon may be levied according to the tax law. For dividends derived by mainland resident enterprises where the relevant H shares have been continuously held for more than 12 months, the enterprise income tax thereon may be exempt according to the tax law.

### VI. ANALYSIS AND DESCRIPTION OF REASONS FOR AND IMPACT OF CHANGES IN ACCOUNTING POLICIES AND ACCOUNTING ESTIMATES, AND RECTIFICATION ON SIGNIFICANT ACCOUNTING ERRORS

The Company has no relevant circumstances in 2020.

### VII. SIGNIFICANT FINANCING

During the Reporting Period, significant financing activities of the Company are as follows:

#### (I) Details of previously raised funds

The proceeds previously raised referred to in this report include the proceeds raised through overseas listed foreign shares (H Shares) in December 2016 and the over-allotment of overseas listed foreign shares (H Shares) in January 2017 (hereinafter referred to collectively as “proceeds raised through H Shares”), proceeds raised through the initial public offering of domestic listed RMB ordinary shares (A Shares) in June 2018 (hereinafter referred to as “proceeds raised through the initial public offering of A Shares”), and also proceeds raised from the non-public issuance of domestic listed RMB ordinary shares (A Shares) to a particular target (hereinafter referred to as “proceeds raised through the non-public issuance of A Shares”) in December 2020.

##### 1. *Proceeds raised through H Shares*

Pursuant to the Approval for the Issue of Overseas Listed Foreign Shares by CSC Financial Co., Ltd. (Zheng Jian Xu Ke [2016] No. 2529) issued by the CSRC on 4 November 2016, CSC Financial Co., Ltd. (the “Company”) was authorized to issue to the public 1,076,470,000 overseas listed foreign shares (H Shares) at an offer price of HK\$6.81 per share (equivalent to RMB6.06). The proceeds were paid up in Hong Kong dollars, amounting to HK\$7,330,760,700.00 (equivalent to RMB6,518,732,337.26). Upon deduction of the issuance expense equivalent to RMB200,903,380.25, the proceeds raised amounted to the equivalent of RMB6,317,828,957.01. The above-mentioned proceeds were paid up on 9 December 2016.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

On 5 January 2017, the Company exercised partial over-allotment options to issue 69,915,238 overseas listed foreign shares (H Shares) at the offer price of HK\$6.81 per share (equivalent to RMB6.09). The proceeds were paid up in Hong Kong dollars, amounting to HK\$476,122,770.78 (equivalent to RMB425,534,726.38). Upon deduction of the issuance expense equivalent to RMB10,671,134.34, the proceeds raised were equivalent to RMB414,863,592.04, which were paid up on 5 January 2017. The above-mentioned proceeds raised amounted to an equivalent of RMB6,732,692,549.05, and such proceeds were verified by PwC Zhong Tian, Beijing Branch, which issued the capital verification report numbered PricewaterhouseCoopers Zhong Tian Beijing Yan Zi [2017] No. 037.

As of 31 December 2020, the balance of such proceeds raised in the designated bank account of H Share proceeds was equivalent to RMB172,228,700, including unused proceeds and bank deposit interest.

### **2. Proceeds raised through the initial public offering of A Shares**

Pursuant to the Approval for the Initial Public Offering and the Listing of Shares by CSC Financial Co., Ltd. (Zheng Jian Xu Ke [2018] No. 828) issued by the CSRC on 25 May 2018, the Company was authorized to issue to 400,000,000 domestic listed RMB ordinary shares (A Shares) at an offer price of RMB5.42 per share. The proceeds were paid up in RMB, amounting to RMB2,168,000,000.00. Upon the deduction of issuance expense equivalent to RMB99,302,819.71, proceeds raised were RMB2,068,697,180.29, which were paid up on 13 June 2018. The above mentioned proceeds raised through the initial public offering of A Shares were verified by PwC Zhong Tian which issued the capital verification report numbered PricewaterhouseCoopers Zhong Tian Yan Zi [2018] No. 0388.

As of 31 December 2019, such proceeds have been used up, and the designated bank account of proceeds raised through the initial public offering of A Shares has been cancelled.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

### **3. Proceeds raised through the non-public issuance of A Shares**

Pursuant to the Approval for the Non-Public Issuance of Shares by CSC Financial Co., Ltd. (Zheng Jian Xu Ke [2020] No. 345) issued by the CSRC on 28 February 2020, the Company was authorized to issue not more than 1,277,072,295 domestic listed RMB ordinary shares (A Shares). As of 22 December 2020, the Company completed the non-public issuance of 110,309,559 RMB ordinary shares to a particular target at an issue price of RMB35.21 per share. The proceeds were paid up in RMB, amounting to RMB3,883,999,572.39. Upon the deduction of issuance expense of RMB36,235,817.84 (tax exclusive), proceeds raised were RMB3,847,763,754.55, which were paid up on 22 December 2020. The above mentioned proceeds raised through the non-public issuance of A Shares were verified by PwC Zhong Tian which issued the capital verification report numbered PricewaterhouseCoopers Zhong Tian Yan Zi [2020] No. 1109. The net price to the Company of each share amounted to RMB34.88. On 28 December 2020, the non-public issuance of new A shares completed the share registration procedures at the Shanghai Branch of China Securities Depository and Clearing Corporation Limited. The closing prices of the Company's A shares on 28 and 29 December 2020 were RMB39.29 and RMB39.55, respectively.

As of 31 December 2020, the balance of the proceeds raised from the special account for proceeds raised from the non-public offering of A Shares was RMB83,999,600 (including issuance expenses not yet transferred out).

## SECTION 5 REPORT OF DIRECTORS (Continued)

### (II) Actual Use of The Proceeds Previously Raised

#### 1. Proceeds raised through H Shares

According to the prospectus for overseas listed foreign shares (H Shares) issued by the Company in 2016, the Company planned to use an amount equivalent to RMB6,310.8920 million in total for five specific projects. The balance of additional proceeds from the exercise of any over-allotment option will be allocated to the above mentioned projects on a pro rata basis. The proceeds raised through the exercise of over-allotment options by the Company was equivalent to RMB414.8636 million, amounting to an equivalent of RMB6,725.7556 million when taken together with the proceeds raised as disclosed in the above mentioned H Share prospectus. As of 31 December 2020, the actual amount invested in the projects involving the use of the proceeds previously raised amounted to the equivalent of RMB6,608.4483 million in total.

The use of proceeds raised through H Shares of the Company as of 31 December 2020 is as follows:

*Unit: RMB ten thousand*

Total proceeds raised:	673,269.25	The accumulated amount of proceeds raised that has been used:	660,844.83

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

*Note 1:* The difference between the actual investment amount and the proposed investment amount was the unused proceeds as at 31 December 2020 and the exchange gains and losses caused by the difference between the actual exchange rate and the exchange rate of the total investment after fundraising. The Company has compared, item by item, the proposed investment projects stated in the H Share prospectus with the specific usage as disclosed. As of December 31, 2020, H Share proceeds proposed to be used but not used by the Company amounted to RMB122.5039 million. The Company will use the remaining H Share proceeds according to the actual development needs. Among these, the H Share proceeds intended to be used for enhancing cross-border business capacity and international competitiveness (equivalent to RMB122.5039 million) will be maintained at the overseas fundraising account temporarily and remitted to the overseas subsidiaries for further use according to the actual business needs of the overseas subsidiaries after obtaining the approval of the relevant regulatory authorities. The Company expects to fully use the balance of the proceeds by 2021. In the H-share Prospectus, the Company did not make any commitment on the full-use time of proceeds raised through H Shares, and the actual time shall be determined according to the future business development of the Company. In addition, as of December 31, 2020, the proceeds proposed to be used in enhancing investment and market-making capacity equivalent to RMB1,346.5385 million has all been settled and used up. The difference between actual investment and proposed investment amounted to RMB1.7403 million, which was the exchange gains and losses caused by the difference between the actual exchange rate and the exchange rate of the total investment after fundraising.

*Note 2:* The actual investment of proceeds raised through H Shares is translated into RMB equivalent based on the actual exchange rate. Amount in the designated bank account for proceeds raised will be transferred to the Company's own general account upon the approval given by the Company for the purposes of the actual investment projects. Proceeds raised would not be separated from other proceeds within the self-owned general account. The Company recognized the actual use of the proceeds raised by further review and approval on the use and payment of the proceeds within the general account pursuant to the purposes of the actual investment projects.

*Note 3:* The difference between proposed investment before and after fundraising was mainly the difference arising from foreign exchange translation.

The Company has made no guarantee on benefits generated from the use of proceeds upon the issuance of overseas listed foreign shares. A portion of proceeds raised through H Shares has already been used on the work proposed in the prospectus upon being paid up; correspondingly, net assets and net capital of the Company were both increased. Since proceeds used in all of the investment projects of proceeds raised include original self-owned proceeds and proceeds raised, it is not possible to separately calculate the benefits realized with the proceeds raised as of December 31, 2020.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

### 2. Proceeds raised through the non-public issuance of A Share

According to the Plan for the Non-Public Issuance of A Shares in 2020 (revised draft) of the Company, the total amount of proceeds from the Non-public Issuance is no more than RMB13 billion (inclusive), all of which will be used for replenishment of capital and working capital of the Company after deducting the Issuance expenses in order to expand the Company's business scale and improve competitiveness and ability to withstand risks. The net amount of the proceeds actually raised by the Company from the non-public issuance of A Shares is RMB3,847,763,754.55, less than the maximum amount of the proceeds planned to raise (RMB13 billion). According to the Resolution on the Submission to the Shareholders' Meetings for Full Authorization to the Board to Deal with Relevant Matters in relation to the Non-public Issuance and its resolution to extend the validity period of the resolution considered and approved at the general meeting, the resolutions shall be authorized by the shareholders' general meeting to in turn authorize the management of the Company to deal with the matters in relation to the Non-public Issuance of A Shares within the scope of authorization. The management of the Company has identified specific investment projects based on the proceeds from the non-public offering of A Shares and the actual demand for the investment projects. As of December 31, 2020, the actual amount invested in the projects involving the use of the proceeds previously raised amounted to RMB3,800 million in total.

The use of proceeds raised through the non-public issuance of A Share of the Company as of December 31, 2020 is as follows

*Unit: RMB ten thousands*

Total proceeds raised:	384,776.38	The accumulated amount of proceeds raised that has been used:	380,000.00
Total amount of proceeds raised with purpose changed:	Nil	Total amount of raised proceeds used in each year:	380,000.00
Proportion of raised proceeds with purpose changed:	Nil	2020 :	380,000.00

## SECTION 5 REPORT OF DIRECTORS (Continued)

*Note 1:* The difference between the actual investment amount and the committed investment amount after raising is the unused proceeds as of December 31, 2020. The Company has compared the investment projects committed in the Plan for the Non-Public Issuance of A Shares in 2020 (revised draft) and the disclosed contents of the specific uses item by item. As of December 31, 2020, the committed but unused proceeds from non-public issuance of A shares of the Company is RMB47.7638 million. The Company expects to fully use the balance of the raised proceeds by 2021. The Company did not make any commitment on the full-use time of raised proceeds from non-public issuance of A shares in the Plan for the Non-Public Issuance of A Shares in 2020 (revised draft), and the actual time shall be determined by the future business development of the Company.

The Company has made no guarantee on benefits generated from the use of proceeds upon the issuance of domestic listed RMB ordinary shares of non-public issuance to specific targets. Proceeds raised through the non-public issuance of A Shares have been partially used on the work proposed in the Plan for the Non-Public Issuance of A Shares in 2020 (revised draft) upon receipt. Correspondingly, net assets and net capital of the Company both increased. Since proceeds used in all of the investment projects of proceeds raised include originally self-owned proceeds and raised proceeds, it is not possible to separately calculate the benefits realized with the raised proceeds as of December 31, 2020.

## SECTION 5 REPORT OF DIRECTORS (Continued)

### (III) Bond Financing

During the Reporting Period, the Company publicly issued four tranches of corporate bonds with a total issuance amount of RMB18 billion; publicly issued two tranches of subordinated bonds with a total issuance amount of 11 billion; non-publicly issued one tranche of perpetual subordinated bonds with a total issuance amount of RMB5.0 billion; The Company's indirect wholly-owned subsidiary, as the issuer, completed the initial drawdown issue under the Guaranteed Overseas Medium-Term Note Programme with an issue size of US \$500 million and publicly issued 17 tranches of short-term commercial papers with a total issue size of RMB68.5 billion. The details are as follows:

1. In January 2020, the Company publicly issued a 88-day fixed rate short-term commercial paper with a face value of RMB4.0 billion ("20 CSC CP001"). The bond pays the principal and interest at 2.79% per annum at maturity and is not guaranteed.
2. In January 2020, the Company publicly issued a 88-day fixed rate short-term commercial paper with a face value of RMB4.0 billion ("20 CSC CP002"). The bond pays the principal and interest at 2.79% per annum at maturity and is not guaranteed.
3. In February 2020, the Company publicly issued a 83-day fixed rate short-term commercial paper with a face value of RMB4.0 billion ("20 CSC CP003"). The bond pays the principal and interest at 2.52% per annum at maturity and is not guaranteed.
4. In March 2020, the Company publicly issued a 91-day fixed rate short-term commercial paper with a face value of RMB4.0 billion ("20 CSC CP004"). The bond pays the principal and interest at 2.42% per annum at maturity and is not guaranteed.
5. In March 2020, the Company publicly issued a corporate bond with a face value of RMB6 billion, which is divided into two categories, of which, the first one is the "20 CSC G1" at the scale of RMB5.0 billion, with a term of three years and a rate of 2.94% and the second one is the "20 CSC G2" at a scale of RMB1 billion, with a term of five years and a rate of 3.13%. The bond applies the fixed interest rate and its simple interest is calculated on an annual basis with interest repayment per annum and it is not guaranteed.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

6. In March 2020, the Company non-publicly issued a perpetual subordinated bond with a face value of RMB5.0 billion (“20 CSC Y1”). Every five interest-accruing years constitute a repricing period of the bond. At the end of each repricing period, the Company is entitled to extend the maturity of such Tranche of Bonds to one repricing period (i.e. for a period of 5 years) or redeem such Tranche of Bonds in full. The coupon rate of the bond at the first repricing period is 3.90%. The coupon rate will be reset for every five years starting from the 6th interest-accruing year if the Company elect to exercise renewal option.
7. In April 2020, the Company publicly issued a 78-day fixed rate short-term commercial paper with a face value of RMB4.0 billion (“20 CSC CP005”). The bond pays the principal and interest at 1.50% per annum at maturity and is not guaranteed.
8. In April 2020, the Company publicly issued a 3-year fixed rate corporate bond with a face value of RMB3.0 billion (“20 CSC G3”). The bond pays interest annually at 2.56% per annum and is not guaranteed.
9. In April 2020, the Company publicly issued a 87-day fixed rate short-term commercial paper with a face value of RMB4.0 billion (“20 CSC CP006”). The bond pays the principal and interest at 1.38% per annum at maturity and is not guaranteed.
10. In May 2020, the Company publicly issued a 90-day fixed rate short-term commercial paper with a face value of RMB4.5 billion (“20 CSC CP007”). The bond pays the principal and interest at 1.55% per annum at maturity and is not guaranteed.
11. In June 2020, the Company publicly issued a 87-day fixed rate short-term commercial paper with a face value of RMB4.0 billion (“20 CSC CP008”). The bond pays the principal and interest at 1.58% per annum at maturity and is not guaranteed.
12. In June 2020, the Company publicly issued a 88-day fixed rate short-term commercial paper with a face value of RMB4.0 billion (“20 CSC CP009”). The bond pays the principal and interest at 2.20% per annum at maturity and is not guaranteed.
13. In July 2020, the Company publicly issued a corporate bond with a face value of RMB3.0 billion, which is divided into two categories, of which, the first one is the “20 CSC S1” which was not issued and the second one is the “20 CSC G4” at a scale of RMB3.0 billion, with a term of three years and interest at 3.55% per annum. The bond applies the fixed interest rate and its simple interest is calculated on an annual basis and it is not guaranteed.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

14. In July 2020, the Company publicly issued a 91-day fixed rate commercial paper with a face value of RMB4.0 billion (“20 CSC CP010”). The bond pays the principal and interest at 2.55% per annum at maturity and is not guaranteed.
15. In July 2020, the Company publicly issued a fixed rate corporate bond with a face value of RMB6.0 billion, which is divided into two categories, of which, the first one is the “20 CSC S2” at the scale of RMB1.5 billion, with interest at 2.90% per annum at maturity; the second one is the “20 CSC G5” at a scale of RMB4.5 billion, with a term of three years and interest at 3.46% per annum. The bond applies the fixed interest rate and its simple interest is calculated on an annual basis and it is not guaranteed.
16. In August 2020, the Company publicly issued a 91-day fixed rate commercial paper with a face value of RMB4.0 billion (“20 CSC CP011”). The bond pays the principal and interest at 2.60% per annum at maturity and is not guaranteed.
17. CSCIF Asia Limited, an indirect wholly-owned subsidiary of the Company, established an offshore medium-term notes programme with a guaranteed principal amount of up to US\$3.0 billion (or amount equivalent in other currencies) in July 2020, an initial public offering of US\$500 million with a term of five years and a rate of 1.75% was completed in August 2020. The bond applies the fixed interest rate and its simple interest is calculated on an annual basis with interest repayment semi-annually. The Company provides an unconditional and irrevocable guarantee for the bond.
18. In September 2020, the Company publicly issued a 85-day fixed rate commercial paper with a face value of RMB4.0 billion (“20 CSC CP012”). The bond pays the principal and interest at 2.70% per annum at maturity and is not guaranteed.
19. In September 2020, the Company publicly issued a 87-day fixed rate commercial paper with a face value of RMB4.0 billion (“20 CSC CP013”). The bond pays the principal and interest at 2.70% per annum at maturity and is not guaranteed.
20. In October 2020, the Company publicly issued a 91-day fixed rate commercial paper with a face value of RMB4.0 billion (“20 CSC CP014”). The bond pays the principal and interest at 2.69% per annum at maturity and is not guaranteed.
21. In November 2020, the Company publicly issued a 87-day fixed rate commercial paper with a face value of RMB4.5 billion (“20 CSC CP015”). The bond pays the principal and interest at 3.12% per annum at maturity and is not guaranteed.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

22. In November 2020, the Company publicly issued a subordinated bond with a face value of RMB5.0 billion, which is divided into two categories, of which, the first one is the “20 CSC C1” at the scale of RMB4.0 billion, with a term of 457 days and interest at 3.90% per annum at maturity and the second one is the “20 CSC C2” at a scale of RMB1.0 billion, with a term of three years and interest at 4.20% per annum. The bond applies the fixed interest rate and its simple interest is calculated on an annual basis and it is not guaranteed.
23. In November 2020, the Company publicly issued a 91-day fixed rate commercial paper with a face value of RMB4.0 billion (“20 CSC CP016”). The bond pays the principal and interest at 3.35% per annum at maturity and is not guaranteed.
24. In December 2020, the Company publicly issued a subordinated bond with a face value of RMB6.0 billion, which is divided into two categories, of which, the first one is the “20 CSC C3” at the scale of RMB5.0 billion, with a term of 455 days and interest at 3.84% per annum at maturity and the second one is the “20 CSC C4” at a scale of RMB1.0 billion, with a term of three years and interest at 4.18% per annum. The bond applies the fixed interest rate and its simple interest is calculated on an annual basis and it is not guaranteed.
25. In December 2020, the Company publicly issued a 91-day fixed rate commercial paper with a face value of RMB3.5 billion (“20 CSC CP017”). The bond pays the principal and interest at 2.80% per annum at maturity and is not guaranteed.

### VIII. REPURCHASE, SALE OR REDEMPTION OF SECURITIES OF THE COMPANY

The Company or any of its subsidiaries did not repurchase, sell or redeem securities of the Company for the year ended December 31, 2020.

### IX. BIOGRAPHICAL DETAILS OF THE DIRECTORS, SUPERVISORS AND SENIOR MANAGEMENT

The biographical details of Directors, Supervisors and senior management of the Company are set out in “Section 8 Directors, Supervisors, Senior Management and Employees” of this annual report.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

### **X. SERVICE CONTRACTS AND APPOINTMENT LETTERS OF DIRECTORS AND SUPERVISORS**

The Company entered into service contracts or appointment letters with Directors of the current session of the Board with their term of office starting from the date of the approval of election at the Shareholders' general meeting and the obtaining of the relevant qualification (if applicable), until the expiry date of the term of the session of the Board.

In addition, the Company or its subsidiaries did not enter into any service contract with the Directors and Supervisors which will be terminated in one year without any compensation (other than statutory compensation).

### **XI. PERMITTED INDEMNITY PROVISIONS**

The Company has purchased insurance for the Directors against legal liabilities arising from performance of their duties. The applicable law governing the relevant insurance policies was PRC law. The Company reviews the coverage of such insurance each year. During the Reporting Period, there were no claims for compensation against the Directors or senior management of the Company.

### **XII. MANAGEMENT CONTRACTS**

During the Reporting Period, apart from employment contracts of employees, no management or administrative contracts were entered into or subsisting in respect of the whole or a substantial part of any business of the Company.

### **XIII. REMUNERATION POLICIES**

The details of remuneration policies of the Company's Directors, Supervisors and senior management are set out in the "Section 8 Directors, Supervisors, Senior Management and Employees – V. Performance of Duties of Directors, Supervisors and Senior Management and VI. Remuneration of Directors, Supervisors and Senior Management" of this annual report.

The details of the Company's employee remuneration policies and remunerations of employees are set out in "Section 8 Directors, Supervisors, Senior Management and Employees – VII. Employees of the Parent Company and Major Subsidiaries – (II) Remuneration Policies" and "notes to the consolidated financial statements" of this annual report.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

### **XIV. DIRECTORS' AND SUPERVISORS' INTERESTS IN MATERIAL CONTRACTS**

During the Reporting Period, the Company or its subsidiaries did not enter into any transaction, arrangement or contract of significance in which the Directors or Supervisors or their respective connected entities had a material interest, whether directly or indirectly.

### **XV. DIRECTORS' INTERESTS IN BUSINESSES COMPETING WITH THE COMPANY**

During the Reporting Period, none of the Directors had interests in any business which competes with the businesses of the Company.

### **XVI. INTERESTS AND SHORT POSITIONS HELD BY DIRECTORS, SUPERVISORS AND SENIOR MANAGEMENT IN SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY**

To the best knowledge of all Directors, as of December 31, 2020, no Directors, Supervisors or members of senior management of the Company had interests or short positions in the Shares, underlying Shares and debentures of the Company or any of the Company's associated corporations (as defined in Part XV of the Securities and Futures Ordinance), which were required, pursuant to Section 352 of the Securities and Futures Ordinance, to be entered into the register referred to therein, or required, pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") under Appendix 10 to the Hong Kong Listing Rules, to be notified to the Company and the Hong Kong Stock Exchange.

As of December 31, 2020, no Directors and Supervisors or any of their spouses or children under 18 years of age had been granted the rights to purchase Shares or bonds of the Company for the benefit or exercise any aforesaid rights by themselves, nor have any Directors and Supervisors or any of their spouses or children under 18 years of age been granted the aforesaid rights from any other corporate body due to the arrangement made by the Company or any its subsidiaries.

### **XVII. INTERESTS AND SHORT POSITIONS TO BE DISCLOSED BY THE SHAREHOLDERS PURSUANT TO THE SECURITIES AND FUTURES ORDINANCE**

Details of interests and short positions to be disclosed by the Shareholders pursuant to the Securities and Futures Ordinance are set out in the "Section 7 Changes in Shares and Information on Substantial Shareholders – IV. Disclosure of Interests."

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

### **XVIII. PRE-EMPTIVE RIGHTS**

The Company currently has no arrangement regarding the pre-emptive rights.

### **XIX. RESERVES AND RESERVES OF DISTRIBUTABLE PROFITS**

Please refer to the “Consolidated Statement of Changes in Equity” and Note 46 to the “consolidated financial statements” of this annual report for details of changes in the reserves and the reserves of distributable profits of the Company.

### **XX. PROPERTY, PLANT AND EQUIPMENT**

Please refer to “Note 17 to the consolidated financial statements” of this annual report for property, plant and equipment of the Group as of December 31, 2020.

### **XXI. MAJOR CLIENTS AND SUPPLIERS**

The Company has a high-quality and diversified client base (primarily consisting of industry-leading corporations, institutional investors and high-net-worth individuals). The Company develops and maintains long-term relationships with clients and is dedicated to providing them with a comprehensive suite of products and services. The Company has gained its clients’ trust through deep engagement and thorough knowledge and understanding of their businesses.

In 2020, the total revenue and other income of the Company from the top five clients in the aggregate did not exceed 10% of our total revenue and other income in the aggregate. By virtue of the nature of our business, the Company has no major suppliers.

### **XXII. RELATIONSHIP WITH EMPLOYEES, CLIENTS, SUPPLIERS AND PERSONS WHO ARE MATERIALLY RELATED**

Employees’ remuneration consists of fixed salary, performance-based bonuses, insurance and other benefits. The Company continues to promote and implement staff training programs featuring comprehensive planning, implementation by levels and clear purposes. For details about the remuneration and training plans for employees of the Company, please refer to the “Section 8 Directors, Supervisors, Senior Management and Employees – VII. Employees of the Parent Company and Major Subsidiaries – (II) Remuneration Policies” and “– (III) Training Program” of this annual report.

For information on the relationship between the Company and securities brokers, please refer to the “Section 8 Directors, Supervisors, Senior Management and Employees – VII. Employees of the Parent Company and Major Subsidiaries – (IV) Information of Securities Brokers” section of this annual report. For information on the relationship between the Company and major clients and suppliers, please refer to the “Section 5 Report of Directors – XXI. Major Clients and Suppliers” section of this annual report.

### XXIII. SUFFICIENT PUBLIC FLOAT

Upon listing of the H Shares, the Hong Kong Stock Exchange granted a waiver to the Company, approving that the minimum public float for the H Shares shall be the highest of (1) 15% of the total issued Share capital of the Company; (2) such percentage of H Shares to be held by the public immediately after the completion of the global offering (assuming that the overallotment option is not exercised); and (3) such percentage of H Shares to be held by the public immediately after the completion of the global offering (as increased by the H Shares to be issued upon any exercise of the over-allotment option). Upon the completion of the global offering (including the partial exercise of over-allotment option) and based on the minimum public float granted by the Hong Kong Stock Exchange, the minimum public float for the H Shares of the Company is no lower than 17.40%.

Upon the completion of initial public offering of A Shares in 2018, the number of H Shares held by the public is not less than 16.49% of the total issued Share capital. Upon the completion of the non-public issuance of A Shares in 2020, the number of H Shares held by the public is not less than 16.26% of the total issued Share capital. Based on the public information available to the Company and the knowledge of the Directors as of the Latest Practicable Date before the publishing of this annual report, the Company satisfies the public float requirements by continuously maintaining a total public float of A Shares and H Shares of not less than 17.40%.

### XXIV. CORPORATE GOVERNANCE

The details of corporate governance are set out in the “Section IX Corporate Governance Report” section of this annual report.

### XXV. PERFORMANCE OF SOCIAL RESPONSIBILITIES

The Company actively fulfills its social responsibility, adheres to the objectives of establishing a better platform for employees, providing better services for clients and making a greater contribution to society, strictly implements industry policies and environmentally friendly policies announced by the government. The Company, as a financial institution, fulfills its economic responsibility, social responsibility and environmental responsibility pursuant to regulatory requirements, facilitating the harmonic and sustainable development of the relationship between the Company and the society and the environment. The Company assigns different roles for different tasks and has established a long-lasting working mechanism for the implementation of social responsibility.

## SECTION 5 REPORT OF DIRECTORS (Continued)

---

The Company conducts its businesses in a lawful manner, and strives to increase the market share of its businesses and operating results, and has achieved good business performance during the Reporting Period; the Company continuously improves its corporate governance structure, placing efforts on enhancing the scientific standard of decision-making and operational efficiency, and increasing the standard of information disclosure. In addition, the Company continues to strengthen internal controls and improve the capability of its compliance management and risk management. The Company actively commences the construction of combating corruption and upholding integrity, and improves supervision and management mechanism. The Company is gradually forming a client-oriented integrated operation model and keeps upgrading its client services and clients satisfaction. Moreover, it actively participates in the establishment of multi-level capital markets, including the STAR Market, the NEEQ and regional equity trading markets, and whole-heartedly provides services in investment, financing and financial advisory for the development of small- and medium-sized enterprises. Upholding the principle of “people-oriented”, the Company optimizes its remuneration and benefits policy, encourages the training of and communication among employees, improves the working environment, safeguards the legal rights of employees, improves talent cultivation system and boosts the development of talent team, and provides platforms and opportunities for talents. The Company cares about the physical and mental health of employees and organizes different types of activities to enrich the leisure time and cultural life of employees by holding healthy walk campaigns, knowledge contests, parents-child activities, and E-sports competition as well as setting up various leisure clubs. In addition to maintaining its daily operations, with a strong sense of social responsibility, the Company actively participates in charity events and activities, demonstrating its mission to reward and contribute to the society. The Company also actively carries out various investor education and protection work, publicizes relevant laws, regulations and typical cases to guide investors to learn, understand and participate in all kinds of investment activities pursuant to the laws and regulations, so as to prevent them from suffering unnecessary losses due to illegal securities activities. The Company implements the requirements of CSRC to promote the incorporation of investor education into the national education system, and opens the compulsory course of National Securities Investment in the International Business School of Beijing Foreign Studies University. The video of the course is shown on the platforms of Xinhuanet, Xinhua News Agency and xuexi.cn APP with a total number of broadcasting of over 125 million.

After the outbreak of COVID-19 in 2020, besides working on the pandemic prevention and control, the Company donated RMB11.5 million to the Hubei Red Cross Foundation (including RMB1.0 million donated by employees) immediately to support the Hubei Province and Wuhan to fight against the pandemic. The Company issued 55 pandemic prevention and control bonds, with a total financing scale of RMB46.623 billion. Some employees of the Company took the initiative to actively participate in the local volunteering pandemic prevention services.

In 2020, the Company will continue to strengthen the effort on targeted poverty alleviation, with an annual public welfare expenditure of RMB29.9657 million; signed 12 assistance agreements and supported 20 assistance programme; and a total of RMB5.7 billion has been raised for the national-level poverty-stricken counties.

For details of the Company's social responsibility, please refer to the on 2020 Social Responsibility and Environmental, Social and Governance Report of CSC Financial Co., Ltd.

### XXVI. AUDITORS AND AUDIT COMMITTEE

Please refer to the “Section 6 Other Significant Events – II. Appointment or Termination of Auditors” of this annual report for details of the engagement or dismissal of auditors.

The consolidated financial results for the year have been reviewed by the Audit Committee. The Audit Committee and the board of directors have reviewed the accounting principles and practice adopted by the Group, and discussed auditing, internal control, financial reports and other matters.

### XXVII. ENVIRONMENTAL POLICY AND PERFORMANCE

The Company has always been upholding the environmental concept of “low-carbon environmental protection and green operation”. As a financial service institution, emissions in the course of business operation of the Company primarily include nitrogen oxide, SO<sub>2</sub> and greenhouse gas due to fuel consumption of motor vehicles, and indirect greenhouse gas emissions due to consumption of electricity in the offices; the consumption of resources primarily includes fuel for public vehicles, outsourced electric power, water for office use and papers for office use. Based on the characteristics of the industry, the Company had no significant impact on the environment and natural resources, but still attaches importance to its environmental performance management. On the one hand, the Company recognized and strictly complied with the laws and regulations and related policies in relation to environment stipulated by the state and relevant regulatory authorities, such as the Environmental Protection Law of the PRC, the Energy Conservation Law of the PRC, the Comprehensive Work Plan for Energy Conservation and Emission Reduction in the 13th Five-Year Plan Period (《“十三五”節能減排綜合工作方案》) issued by the State Council, etc.; while on the other hand, the Company achieved energy conservation and emission reduction through various measures, such as the measure of a paper-free office, regular inspection on the use of electricity in the offices, the energy conservation settings of air-conditioners in the public area, reducing the standby power consumption of electrical appliances, installing water conservation facilities, strengthening control over fuel consumption and the management and control of use of business vehicles, etc., to ensure that the management of emissions and use of resources by the Company meet the requirements of relevant laws and regulations and truly turn the concept of “low-carbon environmental protection and green operation” into actions.

For details of the Company’s environmental policies and performance, please refer to the 2020 Social Responsibility and Environmental, Social and Governance Report of CSC Financial Co., Ltd.

### IV. PUNISHMENT AND RECTIFICATION OF THE LISTED COMPANY AND ITS DIRECTORS, SUPERVISORS, SENIOR MANAGEMENT, CONTROLLING SHAREHOLDERS, ACTUAL CONTROLLERS AND PURCHASERS

#### 1. On April 15, 2020, Beijing CSRC took the administrative supervision measures to issue a warning letter to CSC Financial

On April 15, 2020, the Beijing Bureau of China Securities Regulatory Commission (the “Beijing CSRC”) issued the Decision on Adoption of Supervision Measures to Issue a Warning Letter to CSC Financial Co., Ltd. ([2020] No. 55), pointing out that the funds invested in the same asset by eight private equity management plans managed by the Company exceeded 25% of the net asset value of each asset management plan, and it decided to take administrative supervision measures to issue a warning letter to the Company.

In response to such penalty, the Company’s rectification measures were as follows: (1) in terms of organizational structure, adjusted the organizational structure of the asset management department according to the principles of reasonable division of work, clear rights and responsibilities, check and balance and effective supervision; further improved the respective functions of marketing team, investment team and middle platform business team. (2) in terms of system, according to the requirements of the new asset management regulations, the asset management department of the Company comprehensively improved the system and business process in terms of internal control mechanism, authority management, investment process, approval standard and emergency management. (3) in terms of business development and investment process, the asset management department of the Company comprehensively reviewed the investment decision-making process and business process, and carried out compliance investigation on risk points among all products of the department. (4) conducted compliance and accountability for the relevant responsible departments and personnel.

## SECTION 6 OTHER SIGNIFICANT EVENTS (Continued)

---

### **2. On July 3, 2020, the Shanghai CSRC took administrative supervision measures for rectification against the Shanghai Branch of CSC Financial**

On July 3, 2020, the Shanghai Bureau of the China Securities Regulatory Commission (the “Shanghai CSRC”) issued the Decision on Adoption of Rectification Measures to the Shanghai Branch of CSC Financial Co., Ltd. (Hu Zheng Jian Jue [2020] No.126), stating that the Shanghai branch of the Company had closed the original place of business without obtaining the renewal of license for securities business operation; the securities outlet of Yingkou Road, Shanghai failed to promptly apply to the Shanghai CSRC for the renewal of license for securities business operation after changing the address, and it decided to take administrative measures for rectification against the Shanghai branch.

In response to such penalty, the Company’s rectification measures were as follows: (1) strengthened the management of the securities outlets, made on-site announcements to the investors and announcement on relocation of the site on the website of the Shanghai Association, submitted an application of changing the license for securities business operation to Shanghai CSRC through the online approval system, and obtained the revised License for Securities and Futures Business Operation on September 18, 2020. (2) coped with the aftermath of the original site, such as posting a notice of relocation; used the temporarily relocating site for office use only without accepting any customers and dealing with external business before obtaining the license for securities business operation etc. (3) on September 19, 2020, the Shanghai branch moved to the new site as scheduled to complete the relocation of the business premises. (4) conducted compliance and accountability for the relevant responsible departments and personnel.

## SECTION 6 OTHER SIGNIFICANT EVENTS (Continued)

---

### 3. On October 27, 2020, the CSRC took administrative supervision measures for rectification against CSC Financial

On October 27, 2020, the CSRC issued the Decision on Adoption of Rectification Measures to CSC Financial Co., Ltd. ([2020] No. 56), stating that the Company violated the following: first, the internal control of investment banking business was inadequate. In projects such as the initial public offering and listing (IPO) of Xi'an Bright Laser Technologies Co., Ltd. (the "Bright") (西安鉑力特增材技術股份有限公司), the IPO of Western Superconducting Technologies Co., Ltd. (the "Western Superconducting") (西部超導材料科技股份有限公司) and the major asset reorganization of Jiangxi Guotai Group Co., Ltd. (江西國泰集團股份有限公司), the internal audit procedures were not strictly implemented. In projects such as the IPO of Hengan Jiaxin (Beijing) Co., Ltd. (恒安嘉新(北京)股份有限公司), the IPO of Xiamen Bank Co., Ltd. (廈門銀行股份有限公司), the IPO of Panda Dairy Group Co., Ltd. (熊貓乳品集團股份有限公司), reviews were not made to all project personnel for conflicts of interest. In addition, there were also problems such as the lack of pertinence of the verification, failure to complete the acceptance and filing of the work papers for certain projects and failure to sign the sponsorship agreement with the issuer in time for certain projects. Second, the underwriting business of the Sci-Tech Board was not conducted in the normative way. In the IPO project of Bright, the cross-wall approval process for securities analyst Li Taoyang to participate in the preparation of the investment value research reports was incomplete. In addition, in projects such as the IPO of Bright, the IPO of Western Superconducting, there were still problems such as lax management of bookkeeping personnel on site. The CSRC decided to take administrative supervision measures for rectification against the Company.

In response to such penalty, the Company's rectification measures were as follows: (1) strictly performed the project internal audit procedures in accordance with the provisions of the Measures for the Administration of Internal Control of Corporate Investment Banking Business (《公司投資銀行類業務內部控制管理辦法》). (2) if a new member was added to the project team during the implementation of the project, the new member shall conduct a self-examination on whether he/she was in a conflict of interest with the proposed project to undertake; if there was a conflict of interest, he/she was not allowed to become a member of the project team. The Company embedded the corresponding prompts and requirements in the relevant business processes of the investment bank. (3) revised the Due Diligence Verification Policy for Corporate Investment Banking Projects (《公司投資銀行類項目盡職調查情況問核制度》) of the Company to improve the verification procedures and specific requirements. The person conducting verification should conduct verification around the risks and problems found in the process of practice and quality control. (4) strengthened the management of check and acceptance of the work papers before internal audit. (5) added the prompt function of signing relevant agreements in the system, and checked whether the agreement was signed in the processes of reply to internal audit and project declaration. (6) further emphasized the compliance requirements of "no personnel shall participate in the cross-wall work unless the cross-wall approval process has been fulfilled" in various ways such as training, notifications and compliance reminders. (7) further emphasized the importance of the management of the bookkeeping filing process, and made a series of specific requirements to ensure that the bookkeeping process was flawless. (8) will conduct compliance and accountability for the relevant responsible departments and personnel.

## SECTION 6 OTHER SIGNIFICANT EVENTS (Continued)

---

### **4. On November 19, 2020, the Beijing CSRC took administrative supervision measures for rectification against CSC Financial**

On November 19, 2020, the Beijing Regulatory Bureau of the China Securities Regulatory Commission (the “Beijing CSRC”) promulgated the Decision on Adoption of Rectification Measures to the CSC Financial Co., Ltd. ([2020] No. 176), stating that certain research report issued by the Company had the following problems: first, the research basis was insufficient as the reference materials of the research report were articles uploaded by personal accounts on the electronic platform without confirmation of the standardized information sources and sufficient cross-validation of key data, and the data foundation was not solid. Second, the research methods were not professional and prudent enough, the analysis logic was not objective enough, and the conclusion was made based on predicted data and hypothetical conditions in a subjective way. The Beijing CSRC decided to take administrative supervision measures for rectification against the Company.

In response to such penalty, the Company’s rectification measures were as follows: (1) comprehensively sorted out and improved the business system for issuing securities research reports. (2) optimized the business processes and embed the compliance requirements into the system processes. (3) expanded the research business compliance team and strengthened the compliance management of research business. (4) strengthened compliance training and daily compliance reminders to continuously enhance the compliance awareness of researchers. (5) conducted compliance and accountability for the relevant responsible departments and personnel.

### IV. RELATIONSHIPS AMONG DIRECTORS, SUPERVISORS AND SENIOR MANAGEMENT

There is no relationship among the Directors, Supervisors or senior management including relationships in terms of finance, business, family or other significant relationships.

### V. PERFORMANCE OF DUTIES OF DIRECTORS, SUPERVISORS AND SENIOR MANAGEMENT

#### (I) Performance of Duties of Directors and Supervisors

In 2020, the Directors of the Company strictly complied with domestic and overseas laws, regulations, regulatory requirements and the Articles of Association and diligently and responsibly performed their responsibilities and obligations in reviewing the issues of the Board and Board Committees, provided valuable opinions and recommendations on strategic and development planning, corporate governance, business development, risk management and compliance management and other aspects, safeguarded the interests of Shareholders and promoted sustainable and healthy development of the Company.

During the year, the executive Directors earnestly performed their dual duties in decision-making and execution, actively implemented the resolutions of Shareholders' general meetings and Board meetings, and conducted in-depth study of the development and operating strategies of the Company to boost its outstanding operating results. The non-executive Directors attended the meetings of the Board and Board Committees pursuant

## SECTION 8 DIRECTORS, SUPERVISORS, SENIOR MANAGEMENT AND EMPLOYEES (Continued)

---

to the requirements and made scientific and prudent decisions by considering meeting documents, receiving special reports, conducting research and analysis, and reviewing reports on the Company's operation to keep abreast of the Company's operational status. The independent non-executive Directors consistently expressed their personal opinions in an independent and objective manner, offered advice and recommendations on the Company's development based on their professional strengths, and faithfully performed their duties so as to safeguard the interests of the Company and its Shareholders, especially the legitimate interests of minority Shareholders.

In 2020, the Supervisors of the Company strictly complied with the requirements of the Company Law and the Company's Articles of Association, earnestly performed their duties of supervision, participated in the approval of significant decisions of the Company, regularly investigated the operating status of the Company and its business operations, and effectively supervised the performance of duties by the Directors and the executive management of the Company, so as to actively safeguard the interests of Shareholders.

Details of the performance of duties of Directors and Supervisors have been set forth in the "Section 9 Corporate Governance Report – IV. Directors and Board of Directors" and "– VI. Supervisors and the Supervisory Committee" section of this annual report.

### **(II) Performance of Duties of Senior Management**

In 2020, the executive management of the Company comprehensively implemented all resolutions and requirements of the Board. In accordance with industry trends and changes in operating environment, the executive management proposed a strategy of balanced development of light and heavy asset businesses, online and offline businesses, domestic and overseas businesses, as well as conventional and innovative businesses to continue to utilize the synergy among businesses and further strengthen the business layout. They proactively made suggestions for improvement and optimization in relation to certain major issues affecting the development of the Company, eventually achieving positive results.

Given a complicated and dynamic market environment, the executive management of the Company has continuously optimized its internal control system and risk management mechanism to raise the compliance level of risk control, while ensuring the seizing of opportunities and promoting innovation in compliance with laws and regulations. The Company was rated "Class A Grade AA" security firm for eleven consecutive years.

The executive management of the Company played an important role in achieving satisfactory operating results despite a severe market environment and intense competition in the industry, and accomplished the mission of operation and management assigned to it by the Board.

### **(II) Remuneration Policies**

The Company established a sound human resources management system in compliance with the requirements of the PRC laws in relation to labor contracts and labor protections, formulated various regulations and policies in relation to remuneration, position and grade, performance assessments, benefits and holidays, etc., and stringently implemented such policies. The Company effectively protected staff's interest in various aspects such as labor protection, working environment, payment of wages, social insurance, healthcare and vacation. The Company consistently carried out the principle of marketization to determine the remuneration standard. Remuneration for employees includes fixed salary, performance-related bonuses and insurance benefits. Fixed salary is determined according to the position and grade, and the standard of position and grade integrates the factors of experience, capability, professional knowledge and experience, while performance-related bonuses are associated with the completion of results and assessment results in the corresponding year. The total amount of annual bonuses is withdrawn from total amount of profit in accordance with the ratio determined by the Board. The Company established a comprehensive benefit protection system, and the statutory benefits are paid in accordance with the contents and standards as stipulated by the PRC government. Benefits of the Company covered various aspects, including replenishment of medical insurance, enterprise annuity, paid leave and medical examination.

### (III) Training Program

The Company continues to promote and implement staff training programs with comprehensive layout, overall planning, implementation by levels and clear purposes and constantly strengthens the development of a team with talents. The Company proactively improves its multi-level training system which focuses on the “ladder of training for the growth of employees” against different career development paths of employees of its headquarters and branches. Utilizing E-learning platform and its mobile as online learning carriers for learning resources and face-to-face teaching and online live broadcast teaching as the major training mode, the Company creates room for learning and growth for employees and comprehensively improves the professional skills and professionalism of the employees through multichannel, multi-way and multi-means training which broadens the scope and depth of training.

1. The Company enhanced the training of senior employees on leadership and management skills, broadened their innovative idea and international view, improved their reform management capability, strategic analysis capability, executive management capability, business synergy capability, risk prevention capability and integrated humanity quality, and nurtured quality leaders for enterprise operation and management.
2. The Company strengthened the training of mid-level staff on implementation, competence and professional skills, and strived to improve their professional knowledge, project implementation capability, business development and innovation capability as well as team management capability.
3. The Company strengthened the training of branch backup management talents, strengthened their comprehensive training in self-management, team management, system thinking, and problem analysis and resolution capabilities, to promote the improvement of business awareness and management level.

## SECTION 8 DIRECTORS, SUPERVISORS, SENIOR MANAGEMENT AND EMPLOYEES (Continued)

---

4. The Company popularized vocational training and common skills training for employees at the basic level, strengthened the promotion of values that integrate industry culture and company culture, as well as professional compliance, business operation, workflow, regulations and system, and focused on enhancing their communication and presentation capability, customer service capability, team coordination capability and office operation capability.
5. The Company attached high importance to recruitment at university campuses, and commenced a series of enrollment and trainee cultivation program to recruit outstanding graduates and students with working and placement opportunities. As of December 31, 2020, the Company has provided more than 1,700 internship positions for students and recruited 172 fresh graduates. The Company provided a total of nearly 70 hours of pre-job online courses for newly recruited employees of the headquarters and university campuses, and organized intensive induction training by way of online live broadcast in accordance with the requirements of COVID-19 epidemic prevention and control.

### **(IV) Information of Securities Brokers**

As of December 31, 2020, a total of 150 securities branches of the Company implemented the system of securities brokers. There were a total of 955 brokers who obtained professional brokerage qualifications as reviewed and approved by the Securities Association of China.

## SECTION 9 CORPORATE GOVERNANCE REPORT

---

### I. OVERVIEW OF CORPORATE GOVERNANCE

As a public company listed in both mainland China and Hong Kong, the Company has strictly complied with the requirements of laws, regulations and normative documents of the domestic and overseas listing places, standardized its operation, and continuously strived to maintain and enhance positive market image of the Company. The Company has established a solid and comprehensive corporate governance structure comprising the general meeting, the Board, the Supervisory Committee and the Executive Committee of the Company, and formed a complete corporate governance system in standard operation covering consideration, resolution, mandate and execution with clearly defined responsibilities among the organ of power, the decision-making body, the supervision body and the operation and management.

In accordance with the provisions of laws, regulations and regulatory documents, the Company has formulated relevant corporate governance systems, including the Articles of Association, the Rules of Procedures for Shareholders' General Meeting of the Company, the Rules of Procedures for Board Meetings of the Company and the Rules of Procedures for Supervisory Committee of the Company and Rules of Procedures for Executive Committee of the Company. Such systems defined the scope of responsibilities and working procedures of the general meeting, the Board, the Supervisory Committee, and the Executive Committee and provided an institutional guarantee to the standard operation of the Company. In addition, the Board established the Development Strategy Committee, the Risk Management Committee, the Audit Committee and the Remuneration and Nomination Committee, and also developed rules of procedures for these committees and clearly defined the working responsibilities, rules of procedures and working system of each special committee to give full play to their functions.

During the Reporting Period, the Company amended the Articles of Association and the Rules and Procedures of Shareholders' General Meetings in accordance with the laws and regulations such as the Securities Law, the Provisions on the Administration of Equities of Securities Companies, the Guidelines on Articles of Association of Listed Companies, and with reference to the actual situations of the Company. The amendments include, but are not limited to, increasing the restriction of defaulting shareholders' rights and internal accountability mechanism, improving the management of the appointment of Directors, Supervisors and senior management personnel, amending the procedures for share repurchase and shareholders' general meetings, and amending the authorization arrangements for foreign donations. The aforesaid amendments have been considered and approved by the Shareholders' general meeting of the Company and have been filed with regulatory authorities.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

During the Reporting Period, the Company strictly complied with the Corporate Governance Code, followed all code provisions and met the requirements of part of the recommended best practices set out in the Corporate Governance Code. The Company has strictly complied with the requirements of the corporate governance system to ensure the legality and compliance of the convening, holding and voting procedures of the shareholders' general meetings, the Board of Directors and the Supervisory Committee, ensuring timely and fair information disclosure, and guaranteeing the truthfulness, accuracy and completeness of the information disclosed, to attach importance to the protection of the rights and interests of investors, and strive to provide comprehensive and effective investor relations services.

### II. DEALING IN SECURITIES BY DIRECTORS AND SUPERVISORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers contained in Appendix 10 to the Hong Kong Listing Rules (the "Model Code") in respect of the securities transactions entered into by the Directors and Supervisors. The Company has made specific inquiries to all Directors and Supervisors on any incompliance with the Model Code. All the Directors and Supervisors have confirmed that they have completely complied with the provisions and standards of the Model Code during the Reporting Period and up to the date of this annual report.

### III. SHAREHOLDERS AND GENERAL MEETINGS

#### (I) Rights of Shareholders' General Meetings and Shareholders

The Shareholders' general meeting is the body exercising the authority of the Company and shall exercise the duties and powers in accordance with the law, the Articles of Association and the Rules of Procedures for Shareholders' General Meeting of the Company. The Company convened the Shareholders' general meetings in strict compliance with the relevant rules and procedures such that all Shareholders are treated equally and can fully exercise their rights. During the Reporting Period, the Company convened seven general meetings to engage in dialogue with the Shareholders so as to understand their concerns, suggestions and opinions regarding the Company's development.

### IV. BOARD AND BOARD MEETINGS

#### (I) Composition of the Board

The Company has a Board which is accountable to the Shareholders' general meeting. In accordance with the provisions of the Articles of Association, the Board consists of 14 members, five of whom are Independent Non-executive Directors and the number of internal Directors in the Board shall not exceed one-half of the total number of Directors. The Board shall have one chairman and two vice chairmen who shall be elected and removed by more than one half of all the Directors. The chairman and vice chairman shall serve a term of three years, and are eligible for re-election upon the expiration of their term, except as otherwise provided in the relevant laws and regulations and the Articles of Association. Mr. WANG Changqing served as the Chairman of the Board. The General Manager is Mr. LI Geping, who is responsible for overseeing the day-to-day operations of the Group.

Directors are appointed at the Shareholders' general meeting to serve a term of three years and are eligible for re-election upon the expiration of their term. Independent Non-executive Directors shall not hold office for more than six consecutive years. The Company confirms that the Company has received the annual confirmation of independence from each of the independent non-executive Directors pursuant to Rule 3.13 of the Listing Rules. Therefore, the Company believes that each independent non-executive Director is independent as specified in the Listing Rules. Independent non-executive Directors are able to exercise independent and objective judgments and protect the interests of minority Shareholders.

The biographies of all Directors are set out in "Section 8 Directors, Supervisors, Senior Management and Employees" in this annual report.

#### (II) Powers and Duties of the Board

In accordance with the Articles of Association, the Board shall exercise the following powers and duties: (1) to convene the Shareholders' general meetings and submit work report to such meetings; (2) to implement the resolutions of the Shareholders' general meetings; (3) to decide on the operation plan and investment scheme of the Company; (4) to determine the objectives of the Company's compliance management, assume responsibility for the effectiveness of compliance management of the Company and perform the corresponding duties of compliance management; (5) to prepare the draft annual budget and final accounts of the Company; (6) to prepare the profit distribution plan and the loss recovery plan of the Company; (7) to prepare the plan for the Company to increase or reduce its registered capital, issuance of corporate bonds and other securities and listing plans; (8) to prepare plans of the Company with respect to mergers, divisions, dissolution or changes of the form of the Company; (9) to prepare plans of the

### VI. SUPERVISORS AND THE SUPERVISORY COMMITTEE

#### (I) Formation of the Supervisory Committee

The Company sets up a Supervisory Committee that is responsible to the Shareholders' general meetings. In accordance with the Articles of Association, the Supervisory Committee consists of six Supervisors, four of which are Shareholder Representative Supervisors and two of which are Employee Representative Supervisors; the Supervisory Committee is chaired by the chairman of the Supervisory Committee. The Supervisors serve a term of three years and are eligible for re-election upon the expiration of their terms.

#### (II) Powers and Duties of the Supervisory Committee

In accordance with the provisions of the Articles of Association, the Supervisory Committee shall exercise the following duties and powers:

(1) the regular reports of the Company prepared by the Board shall be reviewed and written review opinions shall be put forward; (2) to review the financial position of the Company; (3) supervising the Directors and senior management in their performance of duties and proposing the dismissal of Directors and senior management who contravenes laws, administrative regulations, the Articles of Association or Shareholders' resolutions; (4) demanding any Director and senior management who acts in a manner which is prejudicial to the interests of the Company to rectify such behavior, and report to the Shareholders' general meeting or relevant competent authorities of the State when necessary; (5) to propose the convening of an extraordinary general meeting, and to convene and preside over the general meeting when the Board fails to perform such duties as specified by the Company Law; (6) to put forward proposals to the Shareholders' general meetings; (7) to attend the Board meetings, and put forward queries or suggestions regarding resolutions at Board Meetings; (8) to arrange exit audit on senior management members; (9) to initiate litigations against Directors and senior management members in accordance with provisions of the Company Law; (10) to review financial information such as financial reports, business reports, and profit distribution plans as proposed by the Board to the general meetings, and to engage certified public accountants and practicing auditors in the name of the Company to assist with further examination if there are any queries; (11) to conduct investigation in case of any abnormality found in the operation of the Company; and if necessary, to retain at the expense of the Company such agencies as certified accounting firm and law firm to assist its work; (12) other duties and powers conferred by the laws, administrative regulations, departmental rules, normative documents, listing rules of the place where the Company is listed and Articles of Association.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

### (III) Operation of the Supervisory Committee

During the Reporting Period, the Supervisory Committee of the Company operated in strict compliance with the provisions of relevant laws, regulations and regulatory documents, the Articles of Association and the Rules of Procedures for Supervisory Committee. Convening and holding procedures as well as voting procedures of Supervisory Committee meetings complied with the provisions of the Company Law and the Articles of Association, and resolutions made were legal and valid.

As of the end of the Reporting Period, the Supervisory Committee of the Company consisted of 4 Supervisors, Ms. AI Bo, Ms. ZHAO Lijun, Ms. LIN Xuan, and Mr. ZHAO Ming, among whom Ms. LIN Xuan and Mr. ZHAO Ming were employee Supervisors. Mr. LI Shihua resigned as Chairman and Supervisor of the Supervisory Committee on December 4, 2020 due to the reason of age. The two Supervisors of the Company temporarily left vacant will perform relevant nomination and election procedures separately.

### (IV) Meetings of the Supervisory Committee

In 2020, the Supervisory Committee of the Company convened five meetings, the details of which are as follows:

On March 26, 2020, the 8th meeting of the second session of the Supervisory Committee of the Company was convened, which considered and approved the Resolution on the 2019 Work Report of the Supervisory Committee of the Company, the Resolution on the 2019 Work Report and 2020 Working Plans of Internal Auditing of the Company, the Resolution on the Profit Distribution of the Company in 2019, the Resolution on the 2019 Annual Report and Results Announcement of the Company, the Resolution on the 2019 Risk Report of the Company, the Resolution the 2019 Compliance Report of the Company, the Resolution on the 2019 Special Valuation Report on the Effectiveness of Compliance Management, the Resolution on the 2019 Internal Control Evaluation Report of the Company, the Resolution on the 2019 Social Responsibility cum the Environmental, Social and Governance Report of the Company, the Resolution on the Special Report on the Deposit and Actual Use of Raised Funds of the Company for 2019 and the Resolution on the Expected Related Party Transactions of the Company in 2020.

On April 24, 2020, the 9th meeting of the second session of the Supervisory Committee of the Company was convened, which considered and approved the Resolution on the 2020 First Quarterly Report of the Company.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

On August 25, 2020, the 10th meeting of the second session of the Supervisory Committee of the Company was convened, which considered and approved the Resolution on the 2020 Interim Report (A Shares) of the Company, the Resolution on the 2020 Interim Results Announcement and Interim Report (H Shares) of the Company, and the Resolution on the Risk Report of the Company for the First Half of 2020.

On October 23, 2020, the 11th meeting of the second session of the Supervisory Committee of the Company was convened, which considered and approved the Resolution on the 2020 Third Quarterly Report of the Company.

On December 4, 2020, the 12th meeting of the second session of the Supervisory Committee of the Company was convened, which considered and approved the Resolution on the Resignation of Mr. Li Shihua as the Chairman of the Supervisory Committee of the Company, and the Resolution on the Election of Convener of the Supervisory Committee of the Company.

### (V) Attendance of Meetings of the Supervisory Committee by Supervisors

	Number of meetings	Attendance in person	Attendance by proxy	Absence
AI Bo	5	5	0	0
ZHAO Lijun	5	5	0	0
LIN Xuan	5	5	0	0
ZHAO Ming	5	5	0	0
LI Shihua (resigned)	5	5	0	0

## VII. COMPANY SECRETARIES

Mr. WANG Guangxue, the secretary to the Board and a joint company secretary of the Company, is responsible for making recommendations and proposals to the Board on issues related to corporate governance, and ensuring that Board policies and procedures as well as applicable laws, rules and regulations are strictly followed.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

In order to maintain sound corporate governance and to ensure compliance with the Listing Rules and applicable Hong Kong laws, the Company also appointed Ms. WONG Wai Ling of SWCS Corporate Services Group (Hong Kong) Limited, as the Company's joint company secretary, to assist Mr. WANG Guangxue in discharging the duties of a company secretary. Mr. WANG Guangxue has attended necessary trainings on, including laws and regulations of the place where the shares of the Company are listed, the Listing Rules, director and Board secretaries' duties, rules on information disclosure, rules on connected transactions, notifiable transactions, equity management of securities companies, directors' and supervisors' securities dealings, disclosure of interests, market misconduct and the implementation of relevant internal policies. Meanwhile, Mr. WANG Guangxue has participated in and passed the relevant training and examination for the secretary to the Board organized by the Shanghai Stock Exchange, and obtained the qualification for the secretary to the Board.

Both Mr. WANG Guangxue and Ms. WONG Wai Ling have confirmed that they received not less than 15 hours of relevant professional training during the year ended December 31, 2020.

### VIII. INVESTOR RELATIONS

The Company emphasizes the importance of protecting the interest of investors and endeavors to provide comprehensive and effective investor relations services. The Company has actively performed the duties of a listed company. The Company established an investor relations service and management system, formed an investor relations service team led by the secretary to the Board, set up a hotline and mail box for investor relations services and created an investor relations sector on the official website of the Company, to ensure the true, effective and timely communication of corporate information to investors.

The Company was visited by domestic and overseas institutional investors and analysts, remained in close communication with investors to address their concerns through various channels including teleconferences, video conferences and e-mails, and convened online results debriefing upon the disclosure of regular report to help investors better understand the latest developments in the market, securities industry as well as the strategies and operations of the Company, subject to the relevant regulatory requirements for information disclosure.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

### IX. COMMUNICATION WITH SHAREHOLDERS

The Shareholders' general meeting is the body exercising the authority of the Company, Shareholders shall exercise the duties and powers in accordance with the laws and regulations, the Articles of Association and the Rules of Procedures for the Shareholders' General Meeting of the Company.

The rights of the Shareholders are clearly specified in the Articles of Association. The Company convened the Shareholders' general meetings in strict compliance with the relevant rules and procedures such that all Shareholders, especially minority shareholders, are treated equally and can fully exercise their legitimate rights. Shareholders may propose to convene an extraordinary general meeting or Shareholders' class meeting or put forward proposals pursuant to the Articles of Association. Shareholder(s) that hold, individually or collectively, ten percent (10%) or more of the Shares in the Company shall have the right to request in writing the Board to hold an extraordinary general meeting or Shareholders' class meeting. The Board, the Supervisory Committee and Shareholder(s) that hold, individually or collectively, three percent (3%) or more of the Shares in the Company shall have the right to propose motions to the Company at the general meeting. The Shareholders may attend and vote at general meetings in person or by proxy. The Articles of Association is set out on the websites of the Company, SSE and the HKEx.

A resolution on amendments to the Articles of Association was proposed for the approval of the Shareholders at the 2021 first extraordinary general meeting held on 19 March 2021, details of which were set out in the Company's circular dated 1 February 2021. The latest version of the Articles of Association is set out on the websites of the Company, SSE and the HKEx.

The resolutions of the meeting and the legal opinions of the general meeting issued by the legal adviser of the Company are set out on the websites of the Company, the Shanghai Stock Exchange and the Hong Kong Stock Exchange on the day of each general meeting, which are available to shareholders for inspection.

The Shareholders' general meeting provides opportunities for communications between the Company and its Shareholders. Shareholders are encouraged to attend general meetings in person, or if they fail to attend such meetings, appoint proxies to attend and vote at the meetings for and on their behalf. The Company highly values the opinions, suggestions and concerns of the Shareholders and has assigned dedicated persons to proactively and ethically carry out various types of investor relation activities to keep in contact with Shareholders and timely meet their reasonable demands.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

The Company's website ([www.csc108.com](http://www.csc108.com)) provides Shareholders with corporate information, such as major business activities and the latest development of the Group, the Group's corporate governance, the structure and functions of the Board and each of the committees of the Company. To serve as a channel promoting effective communication with Shareholders, the Company also publishes announcements, circulars, notices of general meeting, financial data and other information of the Company required to be disclosed under the Listing Rules from time to time through the "Investor Relations" section on the Company's website. Shareholders are encouraged to make enquiries by phone, by email or write directly to the office address of the Company, which will be dealt with appropriately in a timely manner. Please refer to the "Section 2 Company Information" section of this annual report for the contact details.

The Company welcomes all Shareholders to attend the Shareholders' general meetings and makes appropriate arrangement for general meetings to encourage Shareholders' participation. The Company's Directors, Supervisors and senior management will attend the Shareholders' general meetings. In accordance with paragraph E.1.2 of the Corporate Governance Code, the Chairman of the Board and chairmen of the Development Strategy Committee, the Risk Management Committee, the Audit Committee and the Remuneration and Nomination Committee under the Board shall be available to answer questions at the annual general meeting and shall also ensure that the external auditors will attend the annual general meeting to answer the relevant questions raised by Shareholders.

The Company shall arrange the Board to answer questions raised by Shareholders during the 2020 Shareholders' general meeting. Detailed procedures of voting and resolutions to be voted by way of poll will be contained in the circular to be dispatched to the Shareholders.

### **X. PROCEDURES FOR PROCESSING AND RELEASING INSIDE INFORMATION**

With approval from the Board and pursuant to the requirements of domestic and overseas laws and regulations, Listing Rules and Articles of Association, as well as the actual conditions of the Company, the "Policy on Information Disclosure Management of CSC Financial Co., Ltd." has been formulated by the Company to determine the division of duties and responsibilities on information disclosure, the procedures for processing and releasing inside information and other information required to be disclosed. Pursuant to this policy, the Company must, as soon as reasonably practicable after any inside information has come to its knowledge or a false market may be formed, disclose such information to the public.

During the Reporting Period, the Company has truthfully, accurately, legally and timely disclosed information strictly in compliance with the requirements of domestic and overseas laws and regulations, Listing Rules, Articles of Association and the Policy on Information Disclosure Management of the Company without any false statements, misleading statements or material omissions, to ensure investors will be able to receive the disclosed information in a fair, timely and effective manner.

### **XI. RISK MANAGEMENT, COMPLIANCE MANAGEMENT AND INTERNAL CONTROL**

#### **(I) Risk Management**

For the objectives and policies of risk management of the Company, please refer to the “Section 4 Management Discussion and Analysis – XII. Risk Management” of this annual report.

The Board confirms its responsibility for the risk management and internal control systems and reviews the effectiveness of such systems. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

#### **(II) Compliance Management**

The Company has established a four-level compliance management structural system comprising the Board, Chief Compliance Officer, Legal and Compliance Department and the persons in charge of compliance management across business departments, branches and subsidiaries at all levels. The compliance management system with the Chief Compliance Officer as the core is independent from the operations management system of the Company, and has the right to independently issue compliance reports.

The Board of the Company determines the objectives of compliance management and is responsible for the effectiveness of compliance management of the Company; the operating management is responsible for implementing the targets of compliance management and is responsible for compliance operation of the Company; all departments, all branches and all subsidiaries at all levels are responsible for implementing the targets of compliance management of the entity and are responsible for compliance operation of the entity.

The Chief Compliance Officer, a senior management personnel of the Company, is in charge of the Company’s compliance management, directly accountable to the Board, and responsible for reviewing, supervising and examining the compliance of the operations, management and business activities carried out by the Company and its employees.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

The Company established the Legal and Compliance Department as a specific department of compliance management under the leadership of the Chief Compliance Officer, and independently carried out the compliance management work of the Company. The main responsibilities of the Legal and Compliance Department are to assist the Chief Compliance Officer in formulating and amending the compliance management system of the Company and facilitate its implementation; to provide compliance suggestions, compliance consultation, compliance training, and to guide the staff of the Company to accurately understand the laws, regulations and rules; to provide compliance advice on review of new products and new businesses of the Company to identify and evaluate compliance risks; to conduct compliance inspection, compliance accountability and compliance report, and rationalize and evaluate the compliance of the system and procedures of the Company; to conduct compliance monitoring in terms of suspicious transactions and employees' behaviors, and to be responsible for specific compliance management such as anti-money laundering, management of compliance personnel, information isolation and conflicts of interests; to initiate and facilitate compliance cultural construction, and cultivate the compliance awareness of all staff.

The Company has appointed compliance management personnel conforming to regulatory requirements in all business departments and all branches. The compliance management personnel are responsible for daily monitoring, inspection, management and training in relation to compliance in the entities. The full time and part-time compliance management personnel are under the leadership of the Legal and Compliance Department in accordance with regulatory requirements.

The compliance management of subsidiaries at all levels have been integrated into the unified system by the Company. The Company has specified compliance management matters of the subsidiaries subject to reporting to the Company and conducted reviews on the compliance management system of subsidiaries, supervised and inspected the compliance of behaviors of subsidiaries' management to ensure that the compliance management of the subsidiaries was in compliance with the requirements of the Company.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

### (III) Internal Control

#### 1. *Self-evaluation of Internal Control*

The internal control evaluation of the Company was carried out in accordance with the Basic Norms of Internal Control for Enterprises and the provisions of supporting guidelines and other internal control regulatory requirements. The process of internal control evaluation also made reference to the system requirements, such as the Guidance for the Internal Control of Securities Firms published by the CSRC, the Guidelines for the Internal Control of Listed Companies published by Shanghai Stock Exchange and Rules for the Compilation and Reporting of Information Disclosure by Companies Offering Securities to the Public No. 21 – General Requirements for Annual Internal Control Evaluation Report. For details, please refer to the 2020 Evaluation Report of Internal Control of CSC Financial Co., Ltd.

#### 2. *Internal Auditing*

During the Reporting Period, the Audit Department, as required by the Supervisory Committee of the Company and based on the completion of auditing items required in regulatory documents, has focused on business risks, prevented violations and corrupt conducts, and has improved the level of internal control and independently performed the responsibility of auditing and supervision.

During the Reporting Period, the Audit Department implemented a total of 196 audit projects. Among these projects, 13 were audit projects for headquarters, 3 were audit projects for subsidiaries and 180 were audit projects for branches, the details of which are as follows: Departments involved in the 13 audit projects for headquarters included: Business Committee of Investment Banks, Brokerage Business Management Committee, Fixed Income Department, Asset Management Department, Custodian Department and IT Department. The scale of internal control evaluation includes each department and subsidiary of the Company. The subsidiaries audited were CSCI Fund, CSC Investment and CSCI Capital. 180 audits for branches, including five mandatory audits on resignation for person-in-charge of branch offices, 3 audits on resignation for person-in-charge of branch office, 106 audits on mandatory leave of person-in-charge of business departments and 66 audits on resignation for person-in-charge of business departments.

Through the abovementioned audits, the Audit Department examined and evaluated the integrity and effectiveness of the compliance management, risk management and internal control of audited units, and revealed the existing major risks, which played a proactive role in promoting the improvement of awareness of risk prevention and risk management level, providing management suggestions and other aspects in all departments, subsidiaries and branches of the Company.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

### **(IV) Specific Explanations on Independent Directors' Statement of Aggregate and Current External Guarantees and Implementation of Relevant Regulations of the Company**

The independent Directors of the Company, after having made the understanding and verification of the Company's guarantees as of 31 December 2020, have confirmed that the Company did not provide guarantees for legal persons or other organizations other than the subsidiaries of the Company during the Reporting Period.

The independent Directors are of the view that the Company abides by laws, regulations, regulatory rules and the Articles of Association in relation to guarantees, strictly performs the decision-making procedures and information disclosure obligations, control on guarantee risk, with no evidence of any regulatory violations, no evidence beyond the authorization of the general meeting, no evidence of harming the legitimate rights and interests of the Company and its shareholders. For the specific explanations and independent opinions issued by the independent directors of the Company please refer to the publicly disclosed Specific Explanations and Independent Opinions of Independent Directors on the Guarantees of CSC Financial Co. Ltd..

## **XII. APPOINTMENT OF AUDITORS**

Please refer to the "Section 6 Other Significant Events – II Appointment or Termination of Auditors" of this annual report for information about the appointment of auditors. The Directors are responsible for the preparation of the accounts, and the auditors are responsible for the issuance of audit opinions on the financial statements based on their audit work.

### **(I) Non-audit Work**

During the Reporting Period, the Company engaged PricewaterhouseCoopers network members to conduct non-audit work, please refer to Note 10 to the consolidated financial statements of this annual report for the charge.

### **(II) Basis for Establishment of Internal Control System of Financial Report**

During the Reporting Period, the Company continued to comply with the requirements under the Basic Norms of Internal Control for Enterprises and its ancillary guidelines, Guidance for the Internal Control of Securities Firms and other laws, regulations and rules, as well as the actual situation of the Company, further establishing a sound internal control system of financial report.

## SECTION 9 CORPORATE GOVERNANCE REPORT (Continued)

---

During the Reporting Period, the Company strictly complied with the requirements under the Company Law, Accounting Law, Accounting Standards for Business Enterprises, Standardization of Basic Work of Accounting, Basic Norms of Internal Control for Enterprises and other relevant laws and regulations, as well as the characteristics of the industry and the actual condition of the Company, so as to formulate, revise or improve the financial and accounting management systems and other internal control systems of the Company, such as the Administrative Measures for the Suppliers in the Headquarters (《總部供應商管理辦法》), the Guidelines for the Implementation Process of Procurement in the Headquarters (《總部採購實施流程指引》), the Articles of Accounting for Gold Leasing Business (《黃金租借業務會計核算細則》), the Articles of Accounting for Credit Risk Mitigation Instruments (《信用風險緩釋工具會計核算細則》), the Articles of Accounting for Commodity Futures Business (《商品期貨業務會計核算細則》), the Articles of Accounting for Futures Options Business (《期貨期權業務會計核算細則》), the Articles of Accounting for Interbank Lending Business (《同業拆借業務會計核算細則》), the Bookkeeping Rules for Business of Sellers (《賣方業務記帳規則》) and the Articles of Accounting for Business of Return Swap (《收益權互換業務會計核算細則》). The Company sets up a scientific financial and accounting organization structure, engages qualified financial and accounting professionals, uses stricter standardized financial and accounting management system, implements proper accounting policies and reasonable accounting estimates, in order to ensure the financial reports prepared by the Company comply with the requirements of accounting standards, and can reflect the financial position, operating results, cash flow and other information of the Company truthfully, accurately and completely. The Supervisory Committee of the Company and external auditors conduct effective examination and supervision over the finance of the Company, and provide professional audit opinions on the financial reports of the Company pursuant to the Articles of Association and the relevant regulations.

During the Reporting Period, since the internal control system relating to the Company's financial report was integrated and operated smoothly, the quality of the financial report can be safeguarded and the reliability of the financial information can be assured. During the Reporting Period, there is no material defect in the internal control system relating to the financial report, and the information set out in the Company's annual financial report are true, accurate and complete.

# SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

---

CSC is committed to its mission of “bringing together talents, serving customers, creating value and contributing to the society.” While maintaining robust operations and creating economic value for shareholders and investors, the Company also attaches great importance to managing ESG risks and opportunities of environmental, social and corporate governance (hereinafter referred to as “ESG”) and fulfills its social responsibility in all aspects.

This section is to introduce the specific measures, key practices, highlight cases and key performance of CSC in the aspects of actively undertaking social responsibility and effectively managing ESG risks and opportunities in 2020. This section should be read in conjunction with the section of Corporate Governance Report in 2020 annual report of CSC, so as to have a comprehensive understanding of the company. Meanwhile, for the relevant details of this section, please refer to the independent 2020 Social Responsibility and ESG report of CSC Financial Co., Ltd. prepared by the company.

## 1. ESG MANAGEMENT

In 2020, the Company continued to improve corporate governance and enhance ESG performance through a three-level management structure comprising decision-making, management, and implementation. Through continuously optimized management, the Company has effectively embedded social responsibility and ESG concerns into its policies and employees' daily work practices.

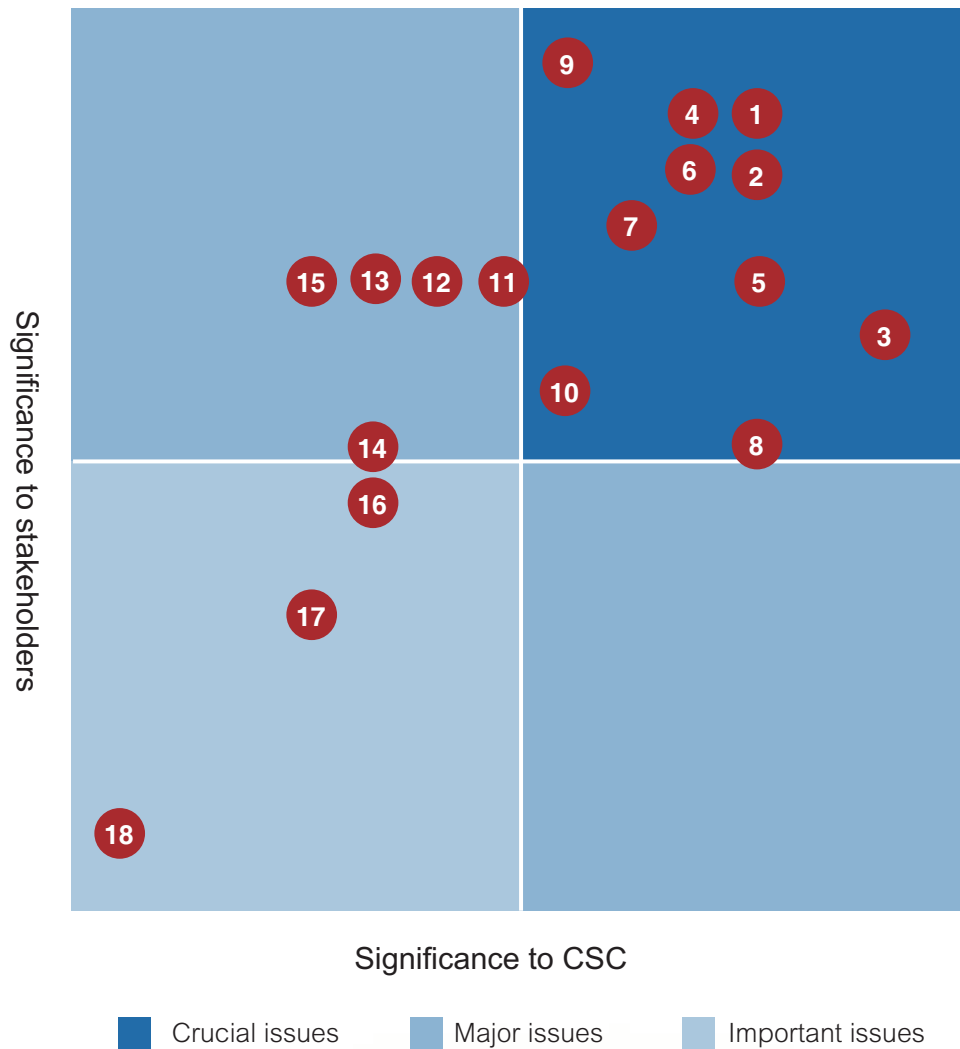

**Decision-making level** The Company's Board of Directors decides on matters related to ESG, formulates ESG strategies and objectives, and regularly oversees the progress of related initiatives. The annual Corporate Responsibility & ESG Report issued by the Company is reviewed and approved by the Board of Directors.

**Management level** The Company's Executive Committee reviews policies, regulations, standards, trends and stakeholder concerns to determine the materiality of ESG issues. As authorized by the Executive Committee, the Executive Office is the main department responsible for managing ESG-related matters, coordinating the implementation of ESG strategies and objectives, reporting and making suggestions to the decision-making level, managing and advising the ESG performance on the implementation level; communicates with ESG investors on an ongoing basis and helps them identify ESG risks and opportunities; leads the preparation of the annual Social Responsibility and ESG Report, and continuously communicates with stakeholders on the Company's overall environmental and social performance.

**Implementation Level** The Company's departments, branches, and subsidiaries constitute the implementation level, which is responsible for implementing ESG strategies and objectives and completing ESG tasks as directed by the management level. In 2020, the Company expanded the implementation level to include all headquarters departments, used the annual Corporate Responsibility & ESG Report as an opportunity to communicate with key departments on their success in managing ESG risks and opportunities, and promoted ESG education and implementation to push for better ESG integration into each department's future work practices.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

In 2020, based on its own business strategy and industry characteristics, combined with ESG policies, standards, and megatrends, the Company benchmarked the peer reports, combined with the opinion of investors, ESG rating agencies and third-party teams to identify 18 material issues closely related to the fulfillment of the Company’s social responsibility and the management of ESG risks and opportunities.

CSC Materiality Matrix

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

### 2. ENVIRONMENT

CSC has been complying with important laws and regulations and policies such as the Environmental Protection Law of the People's Republic of China (《中華人民共和國環境保護法》) and the Energy Conservation Law of the People's Republic of China (《中華人民共和國節約能源法》), actively promoted the Company's green development, implemented the low-carbon operation, strived to improve the efficiency of energy and resources utilization, reduced the environmental impact of business activities, and built a long-term mechanism for environmental protection.

#### 2.1 Emissions

In terms of emissions management, the Company strictly implements the Interim Provisions on the Management of Business Vehicles of the Company(《中信建投證券公務用車管理暫行規定》) and keeps a file for each vehicle, which records detailed information such as the mileage, use of fuel, and inspection dates; checks vehicle maintenance regularly and has vehicles with excessive emissions scrapped in time to ensure that the exhaust emission standards meet the requirements of national regulations; records and counts the fuel consumption of vehicles on time and identifies causes in the event of unusually high fuel consumption to avoid more waste of resources.

In terms of waste management, the hazardous wastes in the course of the Company's daily office operation mainly include waste toner cartridge, ink cartridge, waste lead-acid batteries, etc., which are recycled and disposed of by recyclers. The non-hazardous waste mainly includes office waste and waste electronic devices. The office waste is handled by the office building property management company; and upon approval for scraping, the waste electronic devices are recycled and disposed of by the recyclers.

Indicators	Unit	2020
Total GHG emissions <sup>1,2</sup>	tCO <sub>2</sub> e	6,831.86
Total direct (Scope 1) GHG emissions	tCO <sub>2</sub> e	421.39

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

### 2.2 Use of Resources

In terms of management of energy utilization, the Company continues to improve the energy consumption monitoring system, improve the refined standard of energy management, and adopt targeted energy-saving measures. The Company's energy consumption mainly occurs in three areas: fuel consumption by the Company-owned business vehicles, daily electricity consumption at the workplace, and electricity consumption at the data centers. In response, the Company continues to improve the energy consumption monitoring system to further refine energy management and takes targeted measures to improve energy efficiency.

Indicators	Unit	2020
<b>Direct energy consumption <sup>1</sup></b>		
Gasoline consumption	liters	135,358.22
Natural gas consumption	m <sup>3</sup>	25,372.00
<b>Indirect energy consumption <sup>1</sup></b>		
Purchased electricity consumption	kWH	7,286,198.66

In terms of water resources management, the Company manages to avoid waste of drinking water due to expiration by limiting the amount of bottled drinking water in a single purchase and reduce the amount of tap water used by installing automatic sensor faucets in public areas.

Indicators	Unit	2020
Total water consumption <sup>1,5</sup>	tonnes	31,768.75
Intensity of water consumption (Company headquarters) <sup>3</sup>	tonnes/m <sup>2</sup>	0.37

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

---

### 2.3 The Environment and Natural Resources

In terms of paper use management, in 2020, the Company makes a major push to use the All-in-one Counter system, realizing electronic signature for both on-site and witness account opening at the securities branches and thus significantly reducing the use of paper. As of the end of 2020, the Company had put the All-in-one Counter system into full operation, covering 99% of the account business and achieving centralized, paperless review. At the same time, the Company has launched more than 50 new approval processes in office automation system to further promote the online approval process and realized centralized paperless review.

In terms of waste classification management, in compliance with the Regulations on the Management of Domestic Waste in Beijing (revised in 2020) (《北京市生活垃圾管理条例》(2020年修正)), the Company has put together a waste sorting management team, ordered the signing of a waste sorting pledge by relevant units, posted posters in public areas, and arranged for personnel in the canteen to guide and assist in the sorting of kitchen waste. Meanwhile, the Company educates the employees on waste sorting concepts and practices to maximize their involvement. All of the Company's office waste is collected, transported, and treated through municipal services.

In the future, the Company will continue to conduct low-carbon operations and gradually expand the scope of environmental data collection. Based on a full grasp of its performance in energy and resource consumption, the Company will learn from the best practices of domestic and international peers and take active measures to reduce energy and water use and lower carbon emissions and waste production, thereby promoting green operations and minimizing its environmental footprint.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

Indicators	Unit	2020	2019	2018
Volume of packaging material used <sup>1, 6</sup>	tonnes	3.16	1.06	2.14

*Notes:*

- Unless otherwise specified, the scope of 2020 environmental information involved in the operation of the Company in this report includes the headquarters and branches of CSC, China Securities Funds Management Limited, China Futures Co., Ltd., China Capital Management Limited, China Securities (International) Finance Holding Company Limited and China Securities Investment Limited. Compared with 2019, nine new branches have been included in the scope of accounting this year.
- Given its business characteristics, the Company's main sources of GHG emissions are purchased electricity and natural gas, as well as fuel consumption from self-owned business vehicles. Compared with 2019, natural gas consumption has been included in the calculation of direct GHG emissions through GHG verification. The GHG emissions are reported in tonnes of CO<sub>2</sub> equivalents (tCO<sub>2</sub>e). The emissions factor is based on the 2012 data provided by the Ministry of Ecology and Environment of Peoples Republic of China in the Average CO<sub>2</sub> Emission Factors of China's Regional Power Grids of 2011 and 2012 (《2011 年和2012 年中國區域電網平均二氧化碳排放因子》) and the 2019 emissions factor provided by Hongkong Electric Company.
- Due to the adjustment of the number of branches of the Company this year, in order to ensure the accuracy of the data, only the greenhouse gas and water consumption density of the headquarters are calculated.
- The main source of the air pollutants of the Company is the exhaust emissions of its own official vehicles. The emissions of four major air pollutants, namely nitrogen oxides (NO<sub>x</sub>), carbon monoxide (CO), hydrocarbons (HC), and particulate matter (including PM<sub>2.5</sub> and PM<sub>10</sub>), are disclosed in this report. Sulfur dioxide emissions are not disclosed as they are less than 0.01 tonnes. The calculation of air pollutants has been mainly based on the Technical Guidelines for the Compilation of Atmospheric Pollutant Emission Inventory of Road Motor Vehicles (《道路機動車大氣污染物排放清單編制技術指南》) released by the Ministry of Environmental Protection of the People's Republic of China.
- The Company calculates its water use in three areas, namely municipal water supply (tap water), 5-gallon bottled water (drinking water), and single-serve bottled water (drinking water). The Company actively implements water-saving practices, and its daily water use has not caused significant environmental impact on the communities where it operates.
- The volume of packaging material used refers to the weight of envelopes, paper bags, and other items used by the customers.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

---

### 2.4 Tackling Climate Change

In response to the Guiding Opinions on Promoting the Investment and Financing in Response to Climate Change (《關於促進應對氣候變化投融資的指導意見》) issued by the PRC, CSC has made comprehensive use of green equity financing, underwriting and issuance of green bond, green investment and other means to provide investment and financing support for green environmental protection enterprises in clean energy, energy transformation, energy conservation and other areas to make contribution for the building of an ecologically civilized and environmentally-friendly society.

In terms of green equity financing, the Company actively provides equity financing services for enterprises in the fields of waste incineration, water-saving irrigation, green energy and environmental governance, and provides supervision services for enterprises quoted on the NEEQ in the field of energy conservation and environmental protection. In terms of green bonds, the Company mainly underwrote 31 green bonds in 2020, with a total financing scale of RMB46.98 billion, and the use of proceeds mainly involves green travel, water restoration, renewable energy power generation and other fields. In terms of green investment, CSC takes the ESG performance of the target company into consideration in its investment activities, focusing on exploiting and supporting enterprises that contribute to environmental improvement, such as environmental protection, energy conservation and clean energy.

## 3. SOCIETY

### 3.1 Employment and Labour standards

Talents are the core resources of the company. CSC has adhered to the people-oriented principle, strictly complied with relevant laws and regulations, including Labor Law of the People's Republic of China (《中華人民共和國勞動法》), Labor Contract Law of the People's Republic of China (《中華人民共和國勞動合同法》), and Law of the People's Republic of China on the Protection of Rights and Interests of Women and Children (《中華人民共和國婦女兒童權益保護法》) and formulated internal rules and regulations including Recruitment Management Measures of CSC(《中信建投證券招聘管理辦法》) to realize the mutual growth of the employees and enterprise.

CSC strictly follows the required process and regulations for recruitment and hires mainly through channels like internal competition, online recruitment, and employee referrals. The Company endorses mutual respect, fairness, and justness during recruitment, treats all candidates equally, and prohibits discrimination based on gender, race, religion, etc. as it seeks top-performing talents who share the company's philosophy and meet the needs for future development.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

CSC carefully audits the profile of recruits, handles employee hiring and dismissal procedures in accordance with relevant regulations and requirements, and prohibits the use of child labor. Meanwhile, the Company strengthened the regulation of working hours to prevent illegal labor.

In 2020, there were zero major violations of laws or regulations about human resources management at the Company.

### 3.2 Health and Safety

The Company respects its employees, safeguards their legal rights and interests, and attaches importance to their health and safety. The Company encourages employees to maintain a good work-life balance and fosters a positive and motivating work culture so that everyone can enjoy a productive and happy life.

In terms of strengthening safety management, the Company complies with Labor Law of the People's Republic of China (《中華人民共和國勞動法》), Regulation on Work-related Injury Insurances (《工傷保險條例》), Fire Law of the People's Republic of China (《中華人民共和國消防法》) and Internal Public Security Regulations of Enterprises and Institutions (《企業事業單位內部治安保護條例》) and carries out the safety management work. For the purpose of better implementing safety management work, the Company strengthened safety trainings to new employees, to ensure full coverage of accountable safety work. At the same time, the Company attaches great importance to safety work, and has promoted the development of physical protection, technical protection and fire protection, enhanced accountability system and normalized safety inspection work.

In terms of improving healthcare, the Company always puts the health of employees in the first place, purchases supplementary health insurance for employees on the basis of the contribution on social insurance for employees in compliance with law, and provides annual free physical check-up for all employees, including a special semi-annual physical examination for female employees over the age of 35. At the same time, the company attaches great importance to the popularization of medical knowledge for employees, and regularly holds health training lectures for employees, covering traditional Chinese medicine, female health, infant health, disease prevention for the middle-aged and elderly, mental well being, and self-rescue during emergencies, etc., which helps employees acquire scientific knowledge and develop better work and life habits.

In terms of employee care, the Company optimized employee benefits. In addition to the statutory holiday greetings, we also express our greeting of the staff birthday, festivals, marriage, childbirth, serious illness and hospitalization, death, and retirement. The Company provides cool condolences to employees in summer, golden autumn condolences to children of employees in difficulties in autumn, and warm condolences to employees in difficulties during the New Year's Day and Spring Festival.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

### 3.3 Development and Training

The Company attaches great importance to the career development of employees. On the basis of actively implementing MD Post Management Measures of CSC(《中信建投証券MD職級管理辦法》), Performance Assessment Management Measures of CSC(《中信建投証券績效考核管理辦法》) and Salary Management Measures of CSC(《中信建投証券薪酬管理辦法》), the Company revised the Employee Handbook of CSC(《中信建投証券員工手冊》) and provided competitive salaries in the industry to the employees. For yearly performance assessment, promotion and selection, the Company upholds the principles of justice, openness and fairness, allowing outstanding employees to have opportunities for promotion and providing employees with a smooth career development path.

The Company continues to optimize the multi-level talent development system that centers on the “employee growth training ladder” and build a strong talent pipeline by combining employee training with the corporate strategy, culture construction, organizational structure, and related processes and regulations. In 2020, the Company carried out a series of internal training programs, online learning sessions, and online exams based on the staff learning map to improve employees’ professional skills and competencies and foster well-rounded growth.

### 3.4 Supply Chain Management

In 2020, the Company formulated the systems including Measures for Administration of Procurement of the Headquarters of CSC (Interim) (《中信建投証券總部採購管理辦法(暫行)》) and Measures for Administration of Suppliers of the Headquarters of CSC (Interim)(《中信建投証券總部供應商管理辦法(暫行)》) to further strengthen the management on suppliers. CSC adopts the management principles of “review before approval, tiered management, dynamic management, and data sharing” for suppliers and the selection principles of “full competition, top-tier suppliers first, fairness and justness, and avoidance of favoritism.

The main procurement methods of the Company’s procurement projects include five methods: open tender, invitation to tender, competitive negotiation, request for quote, and single source. Before gaining approval, suppliers are required to sign the *Qualified Supplier Pledge* apart from providing such usual information as business license and financial status. By signing the pledge, suppliers promise to take a zero-tolerance approach to commercial bribery, improper employment, and nepotism and adopt environmentally aware business practices. Suppliers found to violate the pledge will be subject to punitive measures such as disqualification or cancellation of payments.

In 2020, there was zero major violations of environmental or social regulations by CSC suppliers.

### 3.5 Product Responsibility and Privacy Protection

In terms of product and service management, in 2020, the Company revised and issued the Implementation Rules for Handling of Customer Complaints in Securities Brokerage Business of CSC(《中信建投證券經紀業務客戶投訴處理實施細則》) to formulate six handling procedures for company-level complaints, local regulatory-level complaints, and national regulatory-level complaints. In principle, the business department is required to settle all types of complaints distributed by the headquarters within 3 days. At the same time, on the basis of the existing Measures on Employee Reward and Punishment of CSC(《中信建投證券員工獎懲辦法》) and Compliance and Accountability System of CSC(《中信建投證券合規問責制度》), the Company established a punishment mechanism for customer complaints, so as to impose penalties on the business department involved, and strengthen the front-end management effect.

In terms of intellectual property protection, the Company attaches great importance to the maintenance and protection of intellectual property rights, and strictly complied with relevant laws and regulations, including the Trademark Law of the People's Republic of China (《中華人民共和國商標法》), the Copyright Law of the People's Republic of China (《中華人民共和國著作權法》) and Regulations on Protection of Computer Software (《計算機軟體保護條例》). The Company also formulated rules and regulations on intellectual property rights such as the Trademark Management of CSC (《中信建投證券商標管理辦法》) and the Measures on New Media Management of CSC(《中信建投證券新媒體管理辦法》) to regulate the use and protection of the “CSC” trademark and management of the copyright ownership of the content of new media platforms to ensure the business of the Company is legal and compliant.

In terms of information security and privacy protection, the Company attached great importance to information security and customer privacy protection, so as to strictly comply with relevant laws and regulations, including the Regulations of the People's Republic of China for Safety Protection of Computer Information System (《中華人民共和國計算機信息系統安全保護條例》), Measures on the Administration of Client Identity Identification and Client ID Information and Transaction Recording of Financial Institutions(《金融機構客戶身份識別和客戶身份資料及交易記錄保存管理辦法》), and established a sound information security and privacy protection mechanism. The Information Technology Governance Committee (IT Governance Committee) was established by the Executive Committee of the Company as the highest agency responsible for the information security work of the Company.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

The Company formulated the Management System of Data Governance of CSC(《中信建投證券數據管控管理制度》) to regulate data types, confidentiality levels, backup, utilization, and modification; formulated the Protection Management System of Personal Information of CSC(《中信建投證券個人信息保護管理制度》) and Administrative Measures on Information Confidentiality for Branch Customer of CSC(《中信建投證券分支機構客戶信息保密管理辦法》) to regulate the collection, storage, transmission, utilization, sharing, transfer, and deletion of customers' personal information. At the same time, the Company builds a customer confirmation interface for logging in privacy terms and policies on all transaction customers, so as to ensure that customers are aware of the information transfer with the Company.

In 2020, the Company found no customer information and privacy leaks.

Indicators	Unit	2020	2019	2018
Number of service-related complaints	–	203	390	364
Number of product-related complaints	–	0	0	0
Complaint resolution rate	%	100	100	100

### 3.6 Anti-money Laundering and Anti-corruption

The Company has strictly complied with relevant laws and regulations, including Law of the People's Republic of China on Anti-money Laundering (《中華人民共和國反洗錢法》), Measures on Supervision and Administration of Anti-Money Laundering by Financial Institutions (Trial) (《金融機構反洗錢監督管理辦法(試行)》) and Several Provisions on Honest Business Conduct for Leaders of State-owned Enterprises (《國有企業領導人員廉潔從業若干規定》), formulated the systems including Measures for Internal Control of Anti-money Laundering and Anti-terrorist Financing of CSC(《中信建投證券反洗錢和反恐怖融資內部控制辦法》), Provisions on Honest Business of CSC and Employees(《中信建投證券及工作人員廉潔從業規定》), and revised the system including the Administration Measures for CSC' Reporting of High-Value Transactions and Suspicious Transactions(《中信建投證券大額交易和可疑交易報告管理辦法》), so as to establish and improve the Company's internal control system for anti-money laundering, and comprehensively identify, evaluate and monitor money laundering risks in related businesses.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

The Company continued to improve the complaint and reporting mechanism, clearly stipulated the acceptance and handling procedures for violations and discipline reports, and maintained a smooth reporting channel, so that stakeholders could report and expose violations through letters, emails, telephones, the Internet and visits. The Company attached great importance to the protection of whistleblowers, kept the whistleblowers' names, identities, work units and related information confidential, so as to fully protect the whistleblowers' personal privacy. If the reported person retaliated against or framed the informant, the Company shall put forward punishment opinions and impose corresponding penalties in accordance with relevant regulations.

The Company advocates the concept of honest business. In terms of business ethics training for the Board and the Supervisor, in 2020, the Company organized directors and supervisors to review the anti-corruption and honest business rules issued by the China Securities Regulatory Commission and the Securities Association of China, as well as the Provisions on Honest Business of CSC and Employees(《中信建投證券及工作人員廉潔從業規定》) and review the Anti-Corruption Program – A Guide for Listed Companies (《上市公司反貪污系統實務指南》) issued by the Hong Kong Independent Commission Against Corruption. At the same time, the Company established the internal control mechanism of business integrity, improved the risk prevention and control management system of business integrity, conducted the supervision of business integrity by means of audit analysis, compliance inspection and internal inspection, and incorporated the requirements of business integrity into the compliance and accountability system of the Company, and clarified the accountability measures for those who violate the standards of business integrity. In terms of business ethics training for employees, the Company promoted anti-corruption and integrity publicity and education work by carrying out activities including special training on honest business, visits to education bases, inspections of honest business knowledge, and signing of honest commitments, so as to strengthen the awareness of business integrity among employees and cadres.

In 2020, there were zero major violations or legal cases regarding corruption or fraud at the Company.

Indicators	Unit	2020	2019	2018
Number of concluded legal cases regarding corrupt practices brought against the Company or employees –		0	0	0

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

### 3.7 Community Investment

CSC regarded being a responsible corporate citizen as its responsibility, actively organizing a series of charitable activities to fulfill its corporate social responsibilities. In 2020, the total charitable giving amounted to RMB29.9657 million (excluding consumption-driven poverty alleviation).

The Company actively responded to the call of China and the Securities Association of China (SAC), and strived to implement targeted poverty alleviation work through financial-driven poverty alleviation, industrial-driven poverty alleviation, intellectual-driven poverty alleviation, consumption-driven poverty alleviation and public welfare-driven poverty alleviation, so as to contribute to poverty alleviation in pair-up counties as scheduled. In 2020, the Company added Dai County, Shanxi Province as the “One Company One County” pair-up poverty alleviation county, and successfully completed the poverty alleviation projects for 6 “One Company One County” pair-up poverty alleviation counties and 4 designated poverty alleviation counties, with a total of 12 poverty alleviation agreements signed, 20 poverty alleviation projects facilitated, and the total consumption-driven poverty alleviation amounted to RMB6.8749 million. The Company’s poverty alleviation work has been awarded the Golden Bull CSR Excellence Award for Securities Companies by the China Securities Journal for two consecutive years.

At the same time, the Company adhered to the spirit of solidarity and mutual help, donated RMB11.5 million to the Red Cross Society of China Hubei Branch and 5,850 masks to organizations such as hospitals and communities in Wuhan right after the outbreak of COVID-19 pandemic for the use of supporting pandemic prevention and control. In 2020, the Company also acted as a “Shanxing partner” in the charitable walkathon of Beijing Great Walker Fund-raising Trekking Event, with donations of RMB182,800 (including employee donations of RMB18,000), 80 employees participated in the walkathon, all donations from this activity will be used to support the poverty relief project of Xi County of Linfen City, Shanxi Province.

In addition, the Company and its subsidiaries also made monetary and in-kind donations to underserved groups in places like Chongqing, Guizhou, and Dalian and sent timely care to those in need.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

---

### IV. CORPORATE GOVERNANCE

#### 4.1 Optimization of Governance Structure

As a company dual-listed in China and Hong Kong, CSC earnestly implemented the provisions of relevant laws, regulations and regulatory documents, including the Company Law of the People's Republic of China, Securities Law of the People's Republic of China, Regulation on the Supervision and Administration of Securities Companies, Code of Corporate Governance for Listed Companies, and continued to promote the establishment of a corporate governance system. The Company owns a solid and comprehensive corporate governance structure comprising the general meeting, the Board, the Supervisory Committee and the Executive Committee of the Company with clearly defined responsibilities among the organ of power, the decision-making body, the supervision body and the operation and management., which is conducive to improving the Company's governance efficiency.

In addition, the Board of the Company established the Development Strategy Committee, the Risk Management Committee, the Audit Committee and the Remuneration and Nomination Committee, and also developed rules of procedures for these committees and clearly defined the working responsibilities, rules of procedures and working system of each special committee to give full play to their functions.

During the Reporting Period, the Company strictly complied with the Corporate Governance Code (hereinafter referred to as the "Code") in Appendix 14 of the Hong Kong Listing Rules, fully followed all the code provisions in the Code, and at the same time met the requirements of most recommended best practice provisions set out in the Code.

In terms of the nomination and appointment of committee members of the Board and the Supervisory Committee, the Company insisted on the basis of the skills and experience required for the overall sound operation of the Board and the Supervisory Committee, and considered the diversified goals and requirements of the Board and the Supervisory Committee, considering the diversity of members of the Board and the Supervisory Committee in terms of professional experience, skills, knowledge, terms of service, region, culture, educational background, gender and age.

In terms of the training of members of the Board and the Supervisory Committee, in order to meet the requirements of regulatory authorities for the follow-up training of directors and supervisors of listed companies, and to strengthen the understanding of directors and supervisors on the securities industry and the Company, the Company has assisted in completing trainings organized by regulatory authorities for 84 attendees, with a total of more than 252 hours of training.

### 4.2 Investor Communication

The Company continued to optimize the investor's interactive communication mechanism. In addition to the general meetings and the information disclosure channels required by law, the Company also provided multiple communication channels including hotline, email, online platform, reception of visits, investor conference calls and meetings, so as to respond to investors' demands, consultations and suggestions in a timely manner, and strive to establish a long-term and stable relationship with investors.

During the Reporting Period, the Company further optimized the investor service content on the official website, maintained communication with investors through the investor hotline, investor email, and the "SSE E-Information" platform of Shanghai Stock Exchange, as well as establishing an intercommunication mechanism with the Company's customer service hotline, so as to jointly address investors' concerns. In 2020, the Company actively responded and answered the inquiries of investors via the investor hotline and the "SSE E-Information" platform. The Company strived to provide investors with more convenient and efficient services in a timely manner for a comprehensive understanding on the Company's situation.

The Company was awarded the highest grade "Level A" in the 2019-2020 Evaluation of Information Disclosure of Listed Companies" by the Shanghai Stock Exchange.

### 4.3 Business Performance

In 2020, the Company recognized total revenue and other income of RMB30.72 billion, representing a YoY increase of 58.29%. Net profit attributable to equity holders of the Company amounted to RMB9.509 billion, representing a YoY increase of 72.85%. The corporate income tax, value-added tax and tax surcharges amounted to RMB4.541 billion. The Company recognized basic earnings per Share of RMB1.20. The core business of the Company is as follows:

The investment banking business has maintained a leading position in the industry. The number and amount of lead underwriters of the Company's stocks and bonds ranked No. 2 in the industry, both of which have maintained the top three in the industry for eight consecutive years. The number and amount of stocks underwritten by us as a lead underwriter ranked No. 2 in the industry, with the number and amount of IPO projects underwritten by us as a lead underwriter ranking No. 1 in the industry. The number and amount of bonds underwritten by us as a lead underwriter ranked No. 2 in the industry, with the number and amount of bonds underwritten by us as a lead underwriter ranking No. 1 in the industry.

## SECTION 10 ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT (Continued)

---

The core indicators of the wealth management business increased steadily. The net income from the securities brokerage business of the Company ranked No. 10 in the industry; the net income from the distribution of financial products ranked No. 8 in the industry; the market value of securities under custody for the Company's clients ranked No. 2 in the industry; average monthly active customers of Qingting Dianjin APP, a mobile application, ranked No. 8 in the industry; the interest income from margin financing and securities lending and interest income arising from collateralized stock repurchase business ranked No. 10 in the industry.

Trading and institutional customer service business delivered excellent performance. The stock trading business achieved good absolute returns; the new scale of over-the-counter options business was RMB246.485 billion, representing a year-on-year increase of 25.01%, and the new revenue swap business was RMB41.048 billion, representing a year-on-year increase of 257.47%. The number of competitive sales of credit bonds rose sharply, and the amount of local debt underwriting ranked No. 2 in the industry. the Bond Connect business also remained among top five securities traders.

The Company accelerated optimization of asset management business. As of the end of the period, the Company had an entrusted asset under management ranking No. 7 in the industry, and an active entrusted asset under management ranking No. 7 in the industry. As of the end of the period, 8 out of 17 public fund products of China Securities Funds participating in the ranking entered first 1/2 of the market, among which 1 entered top 5% of the market and 4 entered top 20%. As of the end of the period, the average withdraw yield of the projects from China Securities Futures reached 108%.

# Independent Auditor's Report

---

To the Shareholders of CSC Financial Co., Ltd.  
(Incorporated in the People's Republic of China with limited liability)

## OPINION

### What we have audited

The consolidated financial statements of CSC Financial Co., Ltd. (the "Company") and its subsidiaries (the "Group") set out on pages 244 to 404, which comprise:

- the consolidated statement of financial position as at 31 December 2020;
- the consolidated income statement for the year then ended;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, which include a summary of significant accounting policies.

### Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

## Independent Auditor's Report (Continued)

---

### **BASIS FOR OPINION**

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Independence**

We are independent of the Group in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (“IESBA Code”), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarized as follows:

- Consolidation of structured entities
- Expected credit impairment allowance of Margin accounts, Financial assets held under resale agreements and Financial assets at fair value through other comprehensive income (debt instruments)

### Key Audit Matter

### How our audit addressed the Key Audit Matter

#### **Consolidation of structured entities**

Refer to Note 2.3, 3.2(5) and 48 to the consolidated financial statements.

The Group acted as asset manager for, or invested in, a number of investment funds and asset management plans which were structured entities. Management made significant judgements when concluding on whether the Group controlled, and therefore should consolidate, these structured entities.

Management has determined that the Group had control of certain structured entities based on their assessment of: i) the Group's power over the entities; ii) its exposure to variable returns from its involvement with those entities; and iii) its ability to use its power to affect the amount of its returns from these structured entities. Those structured entities over which Management has concluded the Group had control have been consolidated and their aggregated total assets were RMB9,351.91 million as at 31 December 2020.

The significant judgements exercised by Management in assessing whether the Group had control over the structured entities and the amount of structured entities managed or invested by the Group resulted in this matter being identified as a key audit matter.

We have evaluated and tested the effectiveness of the design and operation of the Group's internal controls related to the consolidation assessment of structured entities, including the judgement of power, the calculation of variable returns, and the consolidation scope and results.

We read a sample of the contracts from the Group's asset management and investment portfolio to assess: i) the extent of power the Group had over its structured entities; ii) the Group's exposure or rights to variable returns from its involvement with those structured entities; and iii) the relationship between the Group's power and returns with respect to the structured entities.

We selected a sample of Management's calculations of the Group's exposure or rights to variable returns from its involvement with the structured entities. We then traced the data used in these calculations back to the related contracts and re-performed the calculations to test their accuracy.

Based on the audit procedures performed above, the judgements of consolidating structured entities made by Management were considered acceptable.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b>Expected credit impairment allowance of Margin accounts, Financial assets held under resale agreements and Financial assets at fair value through other comprehensive income (debt instruments)</b></p> <p>Refer to Notes 3.1(5), 3.2(1), 13, 23, 24, 28 and 53.1 to the consolidated financial statements.</p> <p>As at 31 December 2020, the Group recognized the following financial assets in its consolidated statement of financial position:</p> <ul style="list-style-type: none"><li>• Margin accounts amounted to RMB47,683.85 million with a credit loss allowance of RMB1,168.67 million;</li><li>• Financial assets held under resale agreements amounted to RMB17,202.97 million with a credit loss allowance of RMB1,085.77 million;</li><li>• Financial assets at fair value through other comprehensive income (debt instruments) amounted to RMB44,816.76 million with a credit loss allowance of RMB317.72 million.</li></ul> <p>The credit impairment losses for the aforesaid financial assets recognized in the Group's consolidated income statement for the year ended 31 December 2020 amounted to RMB1,307.34 million.</p>	<p>We understood, evaluated and tested the Group's internal controls relating to the measurement of ECL, primarily including:</p> <ol style="list-style-type: none"><li>(1) Governance over ECL models, including the selection and approval of modelling methodology; and the ongoing monitoring and optimization of the models;</li><li>(2) Significant management judgements and assumptions, including the judgement of model selections, parameters estimation, significant increase in credit risk ("SICR"), defaults and credit-impaired, and the approval of forward-looking measurements;</li><li>(3) Internal controls over the accuracy and completeness of key inputs used by the models;</li><li>(4) Internal controls relating to estimated future cash flows for the financial assets classified under Stage 3.</li></ol>

## Independent Auditor's Report (Continued)

### Key Audit Matter

### How our audit addressed the Key Audit Matter

Management applied a three – stage impairment model to calculate their ECL. For such financial assets classified under Stages 1 and 2, Management assessed credit loss allowances using the risk parameter modelling approach that incorporated key parameters, including probability of default, loss given default and exposure at default. For credit-impaired financial assets classified under Stage 3, Management assessed the credit loss allowances by estimating the cash flows expected to arise from the financial assets.

The measurement model for ECL involves significant management judgements and assumptions for each type investment, primarily including the following:

- (1) Selection of the appropriate models and determination of relevant key measurement parameters;
- (2) Criteria for determining whether or not there was a significant increase in credit risk, or a default or impairment loss was incurred;
- (3) Determination of forward-looking measurements and weightings; and
- (4) The estimated future cash flows for the financial assets classified under Stage 3.

The Group has established governance processes and controls over the measurement of ECL.

We assessed the appropriateness of the modelling methodologies adopted for ECL measurement. We also examined the underlying coding for model measurement on a sample basis, to test whether or not the models reflect the modelling methodologies documented by the Management.

We examined key inputs used by the models, including related financial assets risk exposure, the value of the collateral of Margin accounts and Financial assets held under resale agreements, credit rating information of the debt instruments etc, on a sample basis.

We examined appropriateness of the management's application of SICR, defaults and credit impairment criteria on a sample basis, based on information such as the borrower's credit, guarantees and overdue days, etc.

For forward-looking measurements, we assessed management's selection of economic indicators and the reasonableness of the prediction of economic indicators by using statistical techniques. In addition, we performed sensitivity analysis of economic scenarios and weightings.

## Independent Auditor's Report (Continued)

---

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>For measuring ECL, the Group developed a number of complex models, adopted numerous parameters and data inputs, and applied significant management judgements and assumptions. In addition, the amounts involved were significant to the Group's financial statements. This led to this matter being identified as a key audit matter.</p>	<p>For financial assets classified under Stage 3, we examined, on a sample basis, the credit loss allowance calculated by Management with reference to information of borrowers, the latest collateral valuations and payback period, etc.</p> <p>Based on the audit procedures performed, we considered the models, key parameters, significant judgements and assumptions adopted by Management in the ECL measurement and the measurement result to be acceptable.</p>

### OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

## Independent Auditor's Report (Continued)

---

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

## Independent Auditor's Report (Continued)

---

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Siaw Jian Chern.

<b>Net cash outflow from investing activities</b>		

## Consolidated Statement of Cash Flows (Continued)

*For the year ended 31 December 2020  
(In RMB thousands, unless otherwise stated)*

	Year ended 31 December	
	2020	2019
<b>Cash flows from financing activities</b>		
Cash inflows from perpetual bonds	5,000,000	5,000,000
Cash inflows from issuance of A shares	3,884,000	–
Cash inflows from capital injected by non-controlling interests	–	8,350
Cash inflows from borrowing activities	21,634,588	30,711,104
Cash inflows from issuing bonds	166,509,294	71,444,940
Cash outflows from dividend distribution to ordinary shareholders	(1,796,901)	(1,376,349)
Cash outflows from distribution to other equity instrument holders	(516,500)	(294,000)
Cash outflows from distribution to subsidiaries' non-controlling equity holders	(3,807)	(9,646)
Repayments of interest on debts	(3,321,880)	(2,711,272)
Repayments of debts	(154,921,466)	(86,841,667)
Repayments of perpetual bonds	(5,000,000)	–
Other cash outflows from financing activities	(642,465)	(649,484)
<b>Net cash inflow from financing activities</b>	<u>30,824,863</u>	<u>15,281,976</u>
<b>Net change in cash and cash equivalents</b>	(18,895,202)	30,030,144
Cash and cash equivalents at the beginning of the year	46,935,568	16,841,813
Effect of exchange rate changes on cash and cash equivalents	(274,867)	63,611
<b>Cash and cash equivalents at the end of the year (Note 47)</b>	<u><u>27,765,499</u></u>	<u><u>46,935,568</u></u>

The accompanying notes form an integral part of these consolidated financial statements.

# Notes to the Consolidated Financial Statements

---

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

## 1 GENERAL INFORMATION

CSC Financial Co., Ltd. (the “Company”) (formerly known as China Securities Finance Co., Ltd.) is the successor entity of China Securities Finance Limited Liability Company which was approved for establishment by the China Securities Regulatory Commission (the “CSRC”) on 2 November 2005. The original registered capital of the Company was RMB2,700,000,000. The registered address of the Company is Unit 4, No.66 Anli Road, Chaoyang District, Beijing, the People's Republic of China (the “PRC”).

The Company received the approval of CSRC on 30 June 2011 to convert into a joint stock company, with registered capital increased to RMB6,100,000,000.

The Company completed its initial public offering of overseas listed foreign shares (“H shares”) on The Stock Exchange of Hong Kong Limited on 9 December 2016. Under this offering, the Company issued a total of 1,076,470,000 new shares with a nominal value of RMB1 per share. On 5 January 2017, the Company issued an additional 69,915,238 H shares through partial exercise of the over-allotment option with a nominal value of RMB1 per share. The registered capital of the Company increased to RMB7,246,385,238 after such issuance. The Company completed the industrial and commercial registration for these changes on 5 June 2017, and obtained its new business license with the Unified Social Credit Code of 91110000781703453H on 9 June 2017.

The Company completed its initial public offering of domestic listed shares (“A shares”) on the Shanghai Stock Exchange on 20 June 2018. The Company issued a total of 400,000,000 shares with a nominal value of RMB1 per share. After this issuance, the share capital of the Company increased to RMB7,646,385,238. The Company completed the registration procedure for its non-public offering of A-shares in the Shanghai branch of China Securities Depository and Clearing Co., Ltd. on 28 December 2020. The Company issued a total of 110,309,559 shares with a nominal value of RMB1 per share. After this issuance, the share capital of the Company increased to RMB7,756,694,797.

The principal activities of the Company and its subsidiaries (collectively, the “Group”) include securities brokerage, financial advisory relating to securities trading and securities investment activities, securities underwriting and sponsoring, proprietary trading and investment of securities, securities asset management, agency sale of securities investment funds, introducing brokerage for futures companies, margin financing and securities lending services, agency sale of financial products, market-making of stock options, custodian services for securities investment funds, and sale of precious metal products, commodity futures brokerage, financial futures brokerage and asset management, equity investment and corporate management services, investment management, raising and management of investment funds, investment management of equity investment, investment consulting, project consulting.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 2 BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRSs”), as issued by the International Accounting Standards Board (“IASB”). In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited and by the Hong Kong Companies Ordinance (Cap.622).

The consolidated financial statements have been prepared under the historical cost convention, except for derivative financial instruments, financial assets/liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, which have been measured at fair value, as further explained in the respective accounting policies below. The consolidated financial statements are presented in Renminbi (“RMB”) and all values are rounded to the nearest thousand except when otherwise indicated.

#### 2.1 Amendments to the accounting standards effective in 2020 and adopted by the Group

- |     |  |   |
|-----|--|---|
| (1) | Amendments to IAS 1 and IAS 8                        | The Definition of Material                |
| (2) | Amendments to IFRS 3                                 | The Definition of A Business              |
| (3) | Revised Conceptual Framework for Financial Reporting |   |
| (4) | Amendments to IFRS 9, IAS 39, IFRS 7                 | Interest Rate Benchmark Reform – Phase 1. |
| (5) | Amendments to IFRS 16                                | COVID-19 Related Rent Concessions         |

##### (1) **Amendments to IAS 1 and IAS 8: The Definition of Material**

The IASB issued amendments to the definition of material in IAS 1 and IAS 8. The amended definition is: “Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.”

The amendment clarifies that the reference to obscuring information addresses situations in which the effect is similar to omitting or misstating that information. It also states that an entity assesses materiality in the context of the financial statements as a whole. The amendment also clarifies the meaning of ‘primary users of general purpose financial statements’ to whom those financial statements are directed, by defining them as ‘existing and potential investors, lenders and other creditors’ that must rely on general purpose financial statements for much of the financial information they need.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 2 BASIS OF PREPARATION (Continued)

#### 2.1 Amendments to the accounting standards effective in 2020 and adopted by the Group (Continued)

##### **(2) Amendments to IFRS 3: The Definition of A Business**

The IASB issued amendments to the definition of a business in IFRS 3. To be considered a business, an acquisition would have to include an input and a substantive process that together significantly contribute to the ability to create outputs. The definition of the term “outputs” is narrowed to focus on goods and services provided to customers, generating investment income and other income, and it excludes returns in the form of lower costs and other economic benefits.

##### **(3) Revised Conceptual Framework for Financial Reporting**

The IASB has issued a revised Conceptual Framework which will be used in standard-setting decisions with immediate effect. Key changes include: (i) increasing the prominence of stewardship in the objective of financial reporting; (ii) reinstating prudence as a component of neutrality; (iii) defining a reporting entity, which may be a legal entity, or a portion of an entity; (iv) revising the definitions of an asset and a liability; (v) removing the probability threshold for recognition and adding guidance on derecognition; (vi) adding guidance on different measurement basis; (vii) stating that profit or loss is the primary performance indicator and that, in principle, income and expenses in other comprehensive income should be recycled where this enhances the relevance or faithful representation of the financial statements.

No changes will be made to any of the current accounting standards. However, entities that rely on the Framework in determining their accounting policies for transactions, events or conditions that are not otherwise dealt with under the accounting standards will need to apply the revised Framework from 1 January 2020. These entities will need to consider whether their accounting policies are still appropriate under the revised Framework.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 2 BASIS OF PREPARATION (Continued)

#### 2.1 Amendments to the accounting standards effective in 2020 and adopted by the Group (Continued)

**(4) Amendments to IFRS 9, IAS 39, IFRS 7: Interest Rate Benchmark Reform – Phase 1**

The IASB issued amendments to IFRS 9, IAS 39 and IFRS 7: Interest rate benchmark reform – Phase 1. These amendments provide certain reliefs in connection with interest rate benchmark reform. The reliefs relate to hedge accounting and address uncertainties related to the ongoing reform of interbank offered rates (IBOR). When prospective assessments are made, a company should assume that the interest rate benchmark on which the hedged item, the hedging instrument and the cash flow of hedged risk are based is not altered as a result of IBOR reform.

**(5) Amendments to IFRS 16: COVID-19 Related Rent Concessions**

The IASB published an amendment to IFRS 16 that provides an optional practical expedient for lessees from assessing whether a rent concession related to COVID-19 is a lease modification. Lessees can elect to account for such rent concessions as they are not lease modifications. In such cases, this will result in accounting for the concession as variable lease payments in the period(s) in which the event or condition that triggers the reduced payment occurs.

There were no significant impacts from the amendments above on the Group's consolidated financial statements.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 2 BASIS OF PREPARATION (Continued)

#### 2.2 Standards and amendments relevant to the Group that are not yet effective and have not been adopted before their effective dates by the Group

The Group has not adopted the following new and amended standards that have been issued but are not yet effective.

			Effective for annual periods beginning on or after
(1)	IFRS 17	Insurance Contracts	1 January 2022
(2)	Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between An Investor and Its Associate or Joint Venture	The amendments were originally intended to be effective for annual periods beginning on or after 1 January 2016. The effective date has now been deferred. Early application of the amendments continues to be permitted.
(3)	Amendments to IAS 1	Classification of Liabilities	1 January 2022
(4)	Amendments to IFRS 3	Business Combinations	1 January 2022
(5)	Amendments to IAS16	Property, Plant and Equipment	1 January 2022
(6)	Amendments to IAS 37	Provisions, Contingent Liabilities and Contingent Assets	1 January 2022
(7)	Amendments to IFRS 7, IFRS 4 and IFRS16	Interest Rate Benchmark Reform – Phase 2	1 January 2021

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 2 BASIS OF PREPARATION (Continued)

#### 2.2 Standards and amendments relevant to the Group that are not yet effective and have not been adopted before their effective dates by the Group (Continued)

**(1) IFRS 17: Insurance Contracts**

IFRS 17 was issued in May 2017 as replacement for IFRS 4 Insurance Contracts. It requires a current measurement model where estimates are re-measured each reporting period. Contracts are measured using the building blocks of: discounted probability-weighted cash flows, an explicit risk adjustment, and a contractual service margin (“CSM”) representing the unearned profit of the contract which is recognized as revenue over the coverage period. The new rules will affect the financial statements and key performance indicators of all entities that issue insurance contracts or investment contracts with discretionary participation features. The Group anticipates that the adoption of these amendments will not have any impact on the Group's consolidated financial statements.

**(2) Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between An Investor and Its Associate or Joint Venture**

These amendments address an inconsistency between IFRS 10 and IAS 28 in the sale and contribution of assets between an investor and its associate or joint venture. A full gain or loss is recognized when a transaction involves a business. A partial gain or loss is recognized when a transaction involves assets that do not constitute a business, even if those assets are in a subsidiary. The Group anticipates that the adoption of these amendments will not have a significant impact on the Group's consolidated financial statements.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 2 BASIS OF PREPARATION (Continued)

#### 2.2 Standards and amendments relevant to the Group that are not yet effective and have not been adopted before their effective dates by the Group (Continued)

##### (3) *Amendments to IAS 1: Classification of Liabilities*

These narrow-scope amendments to IAS 1, 'Presentation of financial statements', clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Liabilities are classified as non-current if the entity has a substantive right to defer settlement for at least 12 months at the end of the reporting period. The entity should assess the existence of the right on the reporting date, whether the right will be enforced is out of consideration. The right to defer only exists if the entity complies with any relevant conditions at the reporting date. A liability is classified as current if a condition is breached at or before the reporting date and a waiver is obtained after the reporting date. A loan is classified as non-current if a covenant is breached after the reporting date. The Group anticipates that the adoption of the amendments will not have a significant impact on the Group's consolidated financial statements.

##### (4) *Amendments to IFRS 3: Business Combinations*

Amendments to IFRS 3: 'Business combinations' update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The Group anticipates that the adoption of the amendments will not have a significant impact on the Group's consolidated financial statements.

##### (5) *Amendments to IAS 16: Property, Plant and Equipment*

Amendments to IAS 16, 'Property, plant and equipment' prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss. The Group anticipates that the adoption of the amendments will not have a significant impact on the Group's consolidated financial statements.

# Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

## 2 BASIS OF PREPARATION (Continued)

### 2.2 Standards and amendments relevant to the Group that are not yet effective and have not been adopted before their effective dates by the Group (Continued)

#### (6) *Amendments to IAS 37: Provisions, Contingent Liabilities and Contingent Assets*

Amendments to IAS 37, 'Provisions, contingent liabilities and contingent assets' specify which costs a company includes when assessing whether a contract will be loss-making. The Group anticipates that the adoption of the amendments will not have a significant impact on the Group's consolidated financial statements.

#### (7) *Amendments to IFRS 7, IFRS 4 and IFRS 16: Interest Rate Benchmark Reform – Phase 2*

The Phase 2 amendments introduce a practical expedient if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate and will not result in gain or loss in the income statement. These amendments also provide reliefs that are exceptions of normal hedge relationship requirements. For example, a company will not need to discontinue existing hedging relationships because of changes to hedge documentation required solely by IBOR reform. The Group anticipates that the adoption of the amendments will not have a significant impact on the Group's consolidated financial statements.

### 2.3 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. The accounting policies and accounting period of the Company and its subsidiaries are consistent.

Subsidiaries are all entities (including structured entities) over which the Group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. When the Group assesses whether it has power over an investee, the Group's voting rights or potential voting rights and other contractual arrangements are considered.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 2 BASIS OF PREPARATION (Continued)

#### 2.3 Basis of consolidation (Continued)

Income or expenses resulted from acquisition or disposal of subsidiaries, from the date on which the Company obtains control to the date on which the Company ceases its control over subsidiaries, are in the scope of consolidation. Intra-group assets and liabilities, equity, income, expenses, and cash flow which are relevant to all intra-group transactions occurred should be eliminated on consolidation.

A portion of equity over subsidiaries and profit or loss which does not belong to the Company should be treated as non-controlling interests. Non-controlling interests represent the portion of profit or loss and net assets in subsidiaries not held by the Company and are presented separately in the consolidated income statement and within equity in the consolidated statement of financial position separately from the equity attributable to equity holders of the Company.

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

#### 3.1 Significant accounting policies

(1) **Accounting period**

The accounting year starts on 1 January and ends on 31 December.

(2) **Functional and presentation currency**

The Company's functional and presentation currency is RMB.

Each entity in the Group determines its own functional currency according to its economic situation. The functional currency is denominated in RMB in the consolidated financial statements.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (3) Cash and cash equivalents

Cash comprises cash on hand and demand deposits which are not restricted as to use.

Cash equivalents comprise short term, highly liquid investments, which are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

##### (4) Foreign currency transactions and foreign currency translation

The Group adopts the sub-account system to record foreign currency transactions. Foreign currency transactions are initially recorded on the original currency respectively at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the prevailing functional currency exchange rates at the end of the reporting period. The exchange rate is the central parity rate quoted by the People's Bank of China or authorized bodies. All differences are taken to the consolidated income statement. Non-monetary items denominated in foreign currencies that are measured at historical costs are translated at the balance sheet date using the spot exchange rates at the date of the transactions.

The assets and liabilities of foreign operation subsidiaries denominated in foreign currencies are translated to RMB at the spot exchange rate at the end of reporting period for consolidated financial statements. The equity items, excluding "retained earnings", are translated to RMB at the spot exchange rates at the transaction dates. The income and expenses of foreign operation are translated to RMB at the rates that approximate the spot exchange rates. The exchange differences resulting from foreign currency financial statement translation of subsidiaries are recognized in other comprehensive income ("OCI") and accumulated in the foreign exchange translation reserve. The cash flows of overseas operations are translated at the spot exchange rates on the dates of the cash flows. The effect of exchange rate changes on cash is presented separately in the cash flow statement.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) Financial instruments

###### (a) Initial recognition, classification and measurement of financial instruments

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Group commits to purchase or sell the asset.

At initial recognition, the Group measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss.

###### Financial assets

Financial assets are classified on the basis of the Group's business model for managing the assets and the cash flow characteristics of the assets in the following measurement categories: (i) Amortized cost; (ii) Fair value through other comprehensive income ("FVOCI"); (iii) Fair value through profit or loss ("FVPL").

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (a) *Initial recognition, classification and measurement of financial instruments* (Continued)

###### Financial assets (Continued)

Business model reflects how the Group manages the assets in order to generate cash flows. That is, whether the Group's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of "other" business model and measured at FVPL. Factors considered by the Group in determining the business model for a group of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated.

Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Group assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the "SPPI"). In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement, i.e. interest includes only consideration for the time value of money, credit risk, other basic leading risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are SPPI.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (a) *Initial recognition, classification and measurement of financial instruments* (Continued)

###### Financial assets (Continued)

The classification requirements for debt instruments assets and equity instruments assets are described as below:

###### Debt Instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective, such as government bonds, corporate bonds and subordinated bonds. Classification and subsequent measurement of debt instruments depend on: (i) the Group's business model for managing the asset; and (ii) the cash flow characteristics of the asset.

Based on these factors, the Group classifies its debt instruments into one of the following three measurement categories:

- (i) Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent SPPI and that are not designated as at FVPL, are measured at amortized cost.
- (ii) Fair value through other comprehensive income: Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets' cash flows represent SPPI and that are not designated as at FVPL, are measured at FVOCI.
- (iii) Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVPL.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (a) *Initial recognition, classification and measurement of financial instruments* (Continued)

Financial assets (Continued)

Debt Instruments (Continued)

The Group may also irrevocably designate financial assets at fair value through profit or loss if doing so significantly reduces or eliminates a mismatch created by assets and liabilities being measured on different bases.

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets. Examples of equity instruments include basic ordinary shares.

The Group subsequently measures all equity investments at FVPL, except where the Group's management has elected, at initial recognition, to irrevocably designate an equity investment at FVOCI. The Group's policy is to designate equity investments as FVOCI when those investments are held for purposes other than to generate investment returns.

Financial liabilities

Financial liabilities are classified as subsequently measured at amortized cost, except for financial liabilities at FVPL, which is applied to derivatives, financial liabilities held for trading (e.g. short positions in the trading booking) and other financial liabilities designated as such at initial recognition.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (a) *Initial recognition, classification and measurement of financial instruments* (Continued)

Financial liabilities (Continued)

Contingent liabilities recognized by buyers should be measured as FVPL under business combination for entities owned by different ultimate shareholders.

An entity may, at initial recognition, irrevocably designate a financial liability as measured at fair value through profit or loss: (i) it eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as ‘an accounting mismatch’); (ii) a group of financial liabilities or financial assets and financial liabilities is managed and its performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy, and information about the group is provided internally on that basis to the entity’s key management personnel.

###### (b) *Reclassification of financial assets*

When the Group changes its business model for managing financial assets, it shall reclassify all affected financial assets, and apply the reclassification prospectively from the reclassification date. The Group does not restate any previously recognized gains, losses (including impairment gains or losses) or interest. Reclassification date is the first day of the first reporting period following the change in business model that results in the Group reclassifying financial assets.

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (c) *Subsequent measurement of financial instruments*

Subsequent measurement of financial instruments depends on the categories:

###### Amortized cost

The amortized cost is the amount at which the financial asset or financial liability is measured at initial recognition: (i) minus the principal repayments; (ii) plus or minus the cumulative amortization using the effective interest method of any difference between that initial amount and the maturity amount and; (iii) for financial assets, adjusted for any loss allowance.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e. its amortized cost before any impairment allowance) or to the amortized cost of a financial liability. The calculation does not consider expected credit losses (“ECL”) and includes transaction costs, premiums or discounts and fees and points paid or received that are integral to the effective interest rate. For purchased or originated credit-impaired (“POCI”) financial assets, the Group calculates the credit-adjusted effective interest rate, which is calculated based on the amortized cost of the financial asset instead of its gross carrying amount and incorporates the impact of expected credit losses in estimated future cash flows.

When the Group revises the estimates of future cash flows, the carrying amount of the respective financial asset or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in profit or loss.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (c) *Subsequent measurement of financial instruments* (Continued)

###### Amortized cost (Continued)

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for: (i) POCI financial assets, whose interest income is calculated, since initial recognition, by applying the credit-adjusted effective interest rate to their amortized cost; and (ii) financial assets that are not POCI but have subsequently become credit-impaired, whose interest income is calculated by applying the effective interest rate to their amortized cost (i.e. net of the expected credit loss allowance). If, in a subsequent period, the financial assets improve their qualities so that they are no longer credit-impaired and the improvement in credit quality is related objectively to a certain event occurring after the application of the above-mentioned rules, then the interest income is calculated by applying the effective interest rate to their gross carrying amount.

###### Fair value through other comprehensive income

###### Debt instruments

Movements in the carrying amount are taken through other comprehensive income ("OCI"), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses on the instrument's amortized cost which are recognized in profit or loss.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

##### (c) *Subsequent measurement of financial instruments* (Continued)

Fair value through other comprehensive income (Continued)

Equity instruments

The equity instrument investments that are held for purposes other than to generate investment returns are designated as FVOCI. When this election is used, fair value gains and losses are recognized in OCI and are not subsequently reclassified to profit or loss, including on disposal. Dividends, when representing a return on such investments, continue to be recognized in profit or loss when 1) the Group's right to receive payments is established, 2) it is probable that future economic benefits associated with the item will flow to the Group, 3) the amounts of the dividends can be measured reliably.

Financial assets at fair value through profit or loss

Debt instruments

A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in profit or loss and presented in the profit or loss statement within "Net investment gains" in the period in which it arises.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (c) *Subsequent measurement of financial instruments* (Continued)

Financial assets at fair value through profit or loss (Continued)

Equity instruments

Gains and losses on equity investments at FVPL are included in the “Net investment gains” in the consolidated income statement.

Financial liabilities at fair value through profit or loss

Gains or losses on financial liabilities designated as at FVPL are presented partially in other comprehensive income (the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability, which is determined as the amount that is not attributable to changes in market conditions that give rise to market risk) and partially profit or loss (the remaining amount of change in the fair value of the liability). This is unless such a presentation would create, or enlarge, an accounting mismatch, in which case the gains or losses attributable to changes in the credit risk of the liability are also presented in profit or loss. The gains and losses from financial liabilities including the effects of credit risk variance should be recognized in current profit and loss by the Group.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (d) *Fair value of financial instruments*

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair values of quoted financial assets and financial liabilities in active markets are based on current bid prices and ask prices, as appropriate. If there is no active market, the Group establishes fair value by using valuation techniques. These include the use of market approach, income approach and cost approach. When using valuation techniques, unobservable market inputs would not be used unless relevant observable inputs are not available or not practicable to access.

Default Valuation Adjustments (DVA) are applied to the Group's financial liabilities at fair value through profit or loss, and assumes that DVA stay the same before and after the transfer of the liability. DVA refer to risk that enterprises fail to perform the obligation, including but not limited to their own credit risk.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (d) *Fair value of financial instruments* (Continued)

The Group uses the following hierarchy for determining and disclosing the fair values of financial assets and financial liabilities based on the inputs used when determining the fair value:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2: Valuation technique using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Valuation technique using inputs for the asset or liability that is not based on observable market data (unobservable inputs).

The level of fair value measurement depends on the lowest level of input that is significant to the entire fair value measurement.

###### (e) *Impairment of financial assets*

The Group assesses on a forward-looking basis the ECL associated with its debt instrument assets carried at amortized cost and FVOCI.

ECL is the weighted average of credit losses with the respective risks of a default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for POCI financial assets).

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

##### (e) *Impairment of financial assets* (Continued)

The Group measures the ECL of a financial instrument reflects: (i) an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; (ii) the time value of money; and (iii) reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

For financial instruments whose impairment losses are measured using the ECL model, the Group assesses whether their credit risk has increased significantly since their initial recognition, and applies a three-stage impairment model to calculate their impairment allowance and recognize their ECL, as follows:

- Stage 1: The Group measures the loss allowance for a financial instrument at an amount equal to the next 12 months ECL if the credit risk of that financial instrument has not increased significantly since initial recognition.
- Stage 2: The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime ECL if the credit risk of that financial instrument has increased significantly since initial recognition, but is not yet deemed to be credit-impaired.
- Stage 3: The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime ECL if the financial instrument is credit-impaired.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (e) *Impairment of financial assets* (Continued)

The Group applies the impairment requirements for the recognition and measurement of credit loss allowance for debt instruments that are measured at FVOCI. The loss allowance is recognized in OCI and the impairment loss is recognized in profit or loss, and it should not reduce the carrying amount of the financial asset in the statement of financial position.

The Group has measured the loss allowance for a financial instrument at an amount equal to the lifetime ECL in the previous reporting period, but determines to measure it at an amount equal to the next 12 months ECL at the current reporting date since the credit risk of that financial instrument has increased significantly since initial recognition is no longer met, and the amount of ECL reversal is recognized in profit or loss, except for POCI financial assets.

###### (f) *Derivative financial instruments*

Derivative financial instruments are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value. Derivatives are recognized as assets when the fair value is positive and as liabilities when the fair value is negative.

The changes on fair value of derivative financial instruments are directly recognized in the consolidated income statement. The difference between fair value and carrying amount is recognized as investment income when disposing.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (5) *Financial instruments* (Continued)

###### (g) *Derecognition of Financial Instruments*

A financial asset is derecognized, when one of the following criteria is satisfied: (i) the contractual rights to receive cash flows from the assets have expired; (ii) the Group has transferred substantially all the risks and rewards of ownership of the financial asset; (iii) the Group has neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset, but has not retained control.

When equity financial assets designated as at FVOCI are derecognized, the cumulative gain or loss previously recognized in OCI is reclassified to retained earnings. When other financial assets are derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in "Net investment gains".

A financial liability is derecognized when it is wholly or partly extinguished, that is when the obligation is wholly or partly discharged. Fair value gains and losses are charged to profit or loss. When financial liabilities designated as at FVPL are derecognized, cumulative gains and losses are subsequently reclassified from other comprehensive income to retained earnings.

###### (h) *Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount is reported in the consolidated statement of financial position when there is a current legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously. Otherwise, financial assets and financial liabilities are reported separately.

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (6) Leases

###### (a) Initial measurement of the right-of-use asset and lease liability

Initial measurement of the right-of-use asset

The right-of-use asset is defined as the right of underlying assets in the lease term for the Group as a lessee. The lease term is defined as the non-cancellable period of the lease for the Group as a lessee.

At the commencement date, a lessee shall measure the right-of-use asset at cost. The cost of the right-of-use asset shall comprise:

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the lessee; and
- (d) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

## Notes to the Consolidated Financial Statements (Continued)

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (6) Leases (Continued)

##### (a) Initial measurement of the right-of-use asset and lease liability (Continued)

Initial measurement of the right-of-use asset (Continued)

Initial direct costs are defined as incremental costs. Incremental costs would not have been incurred if a lease had not been obtained.

Initial measurement of the lease liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

The lessee uses as the discount rate the interest rate implicit in the lease – this is the rate of interest that causes the present value of lease payments and the unguaranteed residual value to equal the sum of the fair value of the underlying asset and any initial direct costs of the lessor.

The incremental borrowing rate is defined as the rate of interest that a lessee would have to pay to borrow, over a similar term and with a similar security, the funds necessary to obtain an asset of a similar value to the cost of the right-of-use asset in a similar economic environment.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (6) *Leases* (Continued)

###### (b) *Subsequent measurement of the right-of-use asset and lease liability*

Subsequent measurement of the right-of-use asset

At the commencement date, the Group as a lessee shall measure the right-of-use asset at cost and apply the depreciation requirements in IAS 16 Property, Plant and Equipment in depreciating the right-of-use asset. If the lease transfers ownership of the underlying asset to the lessee by the end of the lease term, the lessee shall depreciate the right-of-use asset from the commencement date to the end of the useful life of the underlying asset. Otherwise, the lessee shall depreciate the right-of-use asset from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

Subsequent measurement of the lease liability

After the commencement date, the Group shall recognise interest on the lease liability in profit or loss. Interest on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability.

###### (c) *Recognition of short-term leases and leases of low value assets*

Short-term leases are leases with a lease term of 12 months from the commencement date or less. Leases of low value assets are the underlying assets are of low value when new. The right-of-use asset and lease liability are not recognized by the Group for short-term leases and leases of low value assets.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

**(7) Reverse repurchase agreements and financial assets sold under repurchase agreements**

Financial assets transferred as collateral in connection with repurchase agreements, involving fixed repurchase dates and prices, are not derecognized. They continue to be recorded as original financial assets before transferred. The corresponding liability is included in financial assets sold under repurchase agreements.

Consideration paid for financial assets held under agreements to resell are recorded as reverse repurchase agreements, the related collateral accepted is not recognized in the consolidated financial statements.

The difference between the purchase and resale consideration, and that between the sale and repurchase consideration, is amortized over the period of the respective transaction using the effective interest method and is recognized through profit or loss.

**(8) Margin financing and securities lending services**

Margin financing and securities lending services refer to the lending of funds by the Group to clients for purchase of securities, or lending of securities by the Group to clients for securities selling, for which the clients provide the Group with collateral.

The Group recognizes margin accounts at initial recognition, and recognizes interest income accordingly. Securities lent are not derecognized, but still accounted for as the original financial assets, and interest income is recognized accordingly.

Securities trading on behalf of margin financing and securities lending clients are accounted for as securities brokerage services.

## Notes to the Consolidated Financial Statements (Continued)

### **3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)**

#### **3.1 Significant accounting policies (Continued)**

##### **(9) Fiduciary wealth management**

The Group's fiduciary wealth management business includes targeted asset management, collective asset management and specified asset management. The Group keeps separate accounting records for each of these investment schemes, and periodically reconciles the accounting and valuation results of each scheme with the custodians.

##### **(10) Associates**

Associates are all entities over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investments in associates are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting. The Group's share of the post-acquisition results and reserves of associates is included in the consolidated income statement and consolidated reserves, respectively. Unrealized gains and losses resulting from transactions between the Group and its associates are eliminated to the extent of the Group's investments in the associates.

##### **(11) Investment properties**

Investment properties comprise real estate properties for the purpose of earning rental income and/or for capital appreciation, including buildings that have been leased out.

The Group's investment properties are accounted for using the cost model. The initial recognition and subsequent measurement of buildings and properties that are leased out are accounted for using the same measurement and depreciation methods as those for property, plant and equipment.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (12) Property, plant and equipment

###### (a) Recognition criteria for property, plant and equipment

Property, plant and equipment refer to tangible assets held and controlled by the Group that the Group expects to use for more than one year for using in the supply of services or for administrative purpose. An asset is recognized as property, plant and equipment only if the following criteria are both satisfied:

- (i) It is highly probable that future economic benefits associated with the property, plant and equipment will flow to the Group;
- (ii) The cost of the asset can be measured reliably.

###### (b) Property, plant and equipment initially measured at cost

Cost of an item of purchased property, plant and equipment comprises purchase price, tax and any costs directly attributable to bringing the asset to the condition necessary for its intended use and it includes transportation costs, installation and assembly costs, and professional service fees.

Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance expenditure are recognized in the profit or loss as incurred. Depreciation of property, plant and equipment is calculated on the straight-line basis monthly.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (12) Property, plant and equipment (Continued)

##### (b) Property, plant and equipment initially measured at cost (Continued)

Estimated useful life, depreciation rate and estimated residual value of each item of property, plant and equipment which are required by the operation of the Group are as follows:

Types of property plant and equipment	Estimated useful life	Monthly depreciation rate	Estimated residual value
Properties and buildings	35 years	2.262%	5%
Electronic devices	2 to 5 years	1.667%-4.167%	0%
Transportation vehicles	5 years	1.617%	3%
Communication equipment	5 years	1.617%	3%
Office equipment	3 years	2.778%	0%
Security equipment	5 years	1.617%	3%
Others	5 years	1.617%	3%

The years that the property, plant and equipment were already in use were excluded when determining the estimated useful lives of these types of the property, plant and equipment. The estimated useful life, the estimated residual value and the depreciation method of each type of the property, plant and equipment are reviewed, and adjusted if appropriate, at each financial year end. Gains and losses on disposal of property, plant and equipment, the costs of disposal and taxes in connection with such disposal are considered in the determination of the estimated residual value.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (12) *Property, plant and equipment* (Continued)

###### (c) *Construction in progress*

Costs of construction in progress are determined based on the actual expenditure incurred which include all necessary expenditure incurred during the construction period, borrowing costs eligible for capitalization and other costs incurred to bring the asset to its intended use.

Items classified as construction in progress are transferred to property, plant and equipment when such assets are ready for their intended use.

##### (13) *Intangible assets*

Intangible assets are recognized only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably, and measured initially at cost. Intangible assets acquired from business combination and their fair value can be measured reliably are recognized as intangible assets individually and measured at their fair value as at date of combination.

Useful lives of intangible assets are determined as the period that the assets are expected to generate economic benefits for the Group, and when there is no foreseeable limit on the period of time over which the asset is expected to generate economic benefits for the Group, the intangible assets are regarded as having indefinite useful life.

Intangible assets with finite useful lives shall be amortized on a straight-line basis over the useful period. The useful lives and amortization method of the intangible assets with finite useful lives shall be reviewed by the Group at least at each financial year end, and adjusted as appropriate. The residual value of an intangible asset with a finite useful life shall be assumed to be zero unless there is a commitment by a third party to purchase the asset at the end of its useful life, or there is an active market for the asset, where residual value can be determined by reference to that market; and it is probable that such a market will exist at the end of the asset's useful life.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (13) *Intangible assets* (Continued)

Trading seat rights at Shanghai and Shenzhen Stock Exchanges are amortized over 10 years (subject to any changes in industry rules subsequently issued) and charged to the consolidated income statement. Outsourcing software is amortized over 5 years. Self-developed software, patents, non-patents, trade mark right, client relationship and other intangible assets are amortized over their useful lives.

Intangible assets with indefinite useful lives need to be assessed for impairment no matter if there is any impairment evidence. These assets need not to be amortized, and their useful lives shall be reviewed during every accounting period. If there is any evidence to support that the useful lives are definite, these intangible assets shall apply the policies of intangible assets with definite useful lives.

##### (14) *Long-term pre-paid expense*

Improvement expenses on property, plant and equipment under operating leases are amortized on a straight-line basis over the shorter of the contractual lease terms and 5 years, while long-term pre-paid expenses are amortized on a straight-line basis over their respective benefit periods but no longer than 10 years.

##### (15) *Revenue*

An entity should determine at contract inception whether control of a good or service is transferred over time or at a point in time. The determination should depict the transfer of benefits to the customer and should be evaluated from the customer's perspective.

## Notes to the Consolidated Financial Statements (Continued)

---

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

### **3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)**

#### **3.1 Significant accounting policies (Continued)**

##### **(15) Revenue (Continued)**

An entity should first assess whether the performance obligation is satisfied with the following criteria over time. If not, the good or service transfers at a point in time.

- (i) The customer concurrently receives and consumes the benefits provided by the entity's performance as the entity performs.
- (ii) The entity's performance creates or enhances a customer-controlled assets.
- (iii) The entity's performance does not create an asset with an alternative use and the entity has a right to payment for performance completed to date.

Where performance of a single service contract takes place over time, revenue should be recognized as performance takes place, excluding the stage of performance cannot be determined.

An entity that cannot reasonably measure the outcome of a performance obligation, but expects to recover the costs incurred, should recognize revenue only to the extent of the cost until a reliable measure of progress can be made.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (15) Revenue (Continued)

An entity will recognize revenue at a point in time (when control transfers) for performance obligation that meet the criteria for recognition of revenue at a point in time:

- Revenue from underwriting services is recognized when the control of the underwriting services is provided to the client. The revenue is usually recognized upon completion of the offering.
- Revenue from the securities brokerage services is recognized on the date of the securities transaction.
- Revenue from asset management services is recognized when management services are provided in accordance with the asset management contract.
- Revenues from other businesses, including investment banking advisory and sponsoring services are recognized when the contractual obligations are fulfilled.

Interest income of debt investments at amortized costs and FVOCI, is measured by carrying amount and effective interest rate. Interest income of credit impaired financial assets are measured by amortized cost and effective interest rate. Net gains of holding period from financial investments at FVPL is measured as “Net investment gains”.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (16) Income tax

Income tax comprises current tax and deferred income tax. Current tax is the amount of current income tax payable calculated based on current taxable income. Taxable income is calculated based on the adjustment to the current year pre-tax accounting profit according to the applicable tax laws.

For current income tax liabilities or current income tax assets generated from the current and prior periods, the expected income tax payable or the income tax deduction is calculated according to the applicable tax laws.

The Group measures deferred income tax using the liability method on temporary differences arising between the carrying amount of an asset or liability at the end of the reporting period and its tax base.

All taxable temporary differences are recognized as deferred income tax liabilities, except:

- (i) The deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable income or deductible expenses; and
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not be reversed in the foreseeable future.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (16) *Income tax* (Continued)

Deferred income tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilized, except:

- (i) The deferred income tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable income or deductible expenses; and
- (ii) In respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred income tax assets are recognized only to the extent that it is probable that the temporary differences will be reversed in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax assets and deferred income tax liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of each reporting period and reflect the corresponding tax effect.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (16) *Income tax* (Continued)

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred income tax asset to be utilized. When it is virtually probable that sufficient taxable income will be available, the reduced amount will be reversed accordingly.

Deferred tax assets and liabilities are offset:

- (i) when there is a legally enforceable right to set off deferred tax assets against deferred tax liabilities; and
- (ii) when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

##### (17) *Employee compensation*

Employee compensation refers to all forms of consideration and other related expenditure given or incurred by the Group in exchange for services rendered by employees or compensate for the termination of labour contract. The compensation payable is recognized as liability in the accounting period of services provided by employee. The employee compensation comprises of short-term compensation, post-employment welfare, termination benefits, and other long-term employee welfares.

Short-term compensation comprises of staff salaries, bonus, allowances, and subsidies, as well as social insurance expenses including employee welfare, medical insurance charge, work-related injury insurance charge, and maternity insurance and also covers housing funds, labour union expenses, personnel education expenses, short-term paid leave, short-term profit-sharing plan, non-monetary welfare and other short-term compensations.

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (17) *Employee compensation* (Continued)

Post-employment welfare plans refer to agreements reached with employees or policies and measures established by the Group in relation to post-employment welfare. The defined contribution plans refer to post-employment welfare plans in which the Group pays contribution to an independent fund and the Group has no further payment obligation.

##### (18) *Government grants*

Government grants are recognized at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the Group receives grants of monetary assets, the grants are recorded at the amount received or receivable. Where the Group receives grants of non-monetary assets, the grants are recorded at the fair value of the non-monetary assets. When fair value cannot be reliably measured, they are recognized at nominal amount.

Government grants for purchasing, building or forming long-term assets in other methods stipulated in government documents are recognized as government grants related to assets. Judgements should be made based on the necessary basic conditions for obtaining the government grants when government documents are unclearly stated. Government grants with purchasing, building or forming long-term assets in other methods as basic condition are recognized as government grants related to assets, whereas the other grants are related to income.

Government grants related to income which are to compensate relevant expenditures or losses in future periods are recognized as deferred income and released into the consolidated income statement during the period when the expense incurs. Government grants that are to compensate the incurred expenses or losses are recognized into profit or loss directly. Government grants related to assets are recognized as deferred income, and released to profit or loss over the expected useful life of the relevant assets by equal annual instalments. Government grants measured at nominal amount are recorded in the consolidated income statement directly.

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (19) Impairment

The Group assesses impairment of assets other than deferred tax assets and financial assets as follows:

The Group assesses at each financial reporting date whether there is any indication that assets are impaired. When any such indication exists, the Group estimates the recoverable amount and assesses impairment allowance. For goodwill acquired from business combination and intangible assets with indefinite useful life, no matter there is objective evidence of impairment or not, impairment should be assessed at each annual financial reporting date. Impairment for intangible assets not readily for use is also assessed annually.

The recoverable amount is the higher of an asset's fair value less costs of disposal and the present value of the estimated future cash flow expected to be derived from the asset. The Group estimates the recoverable amount on the basis of individual asset. When it is difficult to estimate the recoverable amount individually, the recoverable value of the cash generating units which the asset belongs to will be estimated. The recognition of a group of assets shall base on whether the main cash flow generated by the group of assets is independent from those generated by other assets or groups of assets.

When recoverable amounts of assets or groups of assets are lower than their carrying amounts, the Group reduces the carrying amount to recoverable amount. The reduced amounts are recognized in the consolidated income statement and corresponding allowances are made.

For impairment test of goodwill, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units when being unable to be allocated to each of the cash-generating units. Cash-generating units or groups of cash-generating units refer to those that can benefit from the synergies of the combination and are not larger than the reportable segment determined by the Group.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (19) *Impairment* (Continued)

When performing impairment test for the (groups of) cash-generating unit to which goodwill is allocated, if there is indication of impairment, the Group firstly tests the (groups of) cash-generating unit excluding goodwill, calculates the recoverable amount and recognizes relevant impairment losses. The Group then tests the (groups of) cash-generating units including goodwill, and compares the carrying amount and recoverable amount. If the carrying amount exceeds the recoverable amount, the amount of impairment loss is firstly deducted from the carrying amount of goodwill allocated to the (groups of) cash-generating unit, and then from the carrying amount of each of other assets (other than goodwill) within the (groups of) cash-generating unit, on pro rata basis.

Once the loss of impairment of the above-mentioned assets has been recognized, it will not be reversed in the future accounting period.

##### (20) *Related parties*

If a party has the power to control, jointly control or exercise significant influence over another party, or vice versa, or where the Group and one or more parties are subject to common control or joint control from another party, they are considered to be related parties.

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (20) *Related parties* (Continued)

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a); and
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (21) Contingencies

The obligation pertinent to contingencies shall be recognized as provisions when the following conditions are satisfied concurrently:

- the obligation is a present obligation of the Group;
- the obligation is probable to cause a future outflow of resources from the Group as a result of performance of the obligation; and
- the amount of the obligation can be reliably measured.

The amount of a provision is initially measured in accordance with the best estimate of the necessary expenses for the performance of the current obligation. To determine the best estimate, the Group takes into full consideration of risks, uncertainty, time value of money and other factors pertinent to the contingencies. The Group reviews the book value of the provisions at each balance sheet date. If there is substantial evidence that the amount of provisions cannot reflect the current best estimate, the Group will adjust the amount in accordance with the current best estimate.

A contingent liability is a possible obligation that a rise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or, a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (22) *Perpetual bonds*

Perpetual bonds issued by the Group, which satisfied with the following criteria are classified as equity instruments:

- (i) Financial instruments exclude those are settled on a net basis in cash (or other financial assets);
- (ii) Financial instruments must or can be settled on own equity: (a) For non-derivative contracts, they exclude those are settled gross by delivery of a variable number of own shares; (b) Derivative contracts that result in the delivery of a fixed amount of cash or other financial assets for a fixed number of an entity's own equity instruments.

Dividends for the perpetual bonds, which are classified as equity instruments, are accounted for as profit distribution.

##### (23) *Profit distribution*

After-tax profit for the year is firstly applied to make up for the losses of previous years. Secondly, the Company sets aside 10% of after-tax profit for a statutory surplus reserve, 10% of after-tax profit for a general risk reserve, and according to the requirements of the CSRC, sets aside 10% of after-tax profit for a transaction risk reserve. In addition, with the approval from the Annual General Meeting, the Company may appropriate certain proportions of net profit for a discretionary surplus reserve after setting aside the statutory surplus reserve. The remaining after-tax profit is distributed according to the resolution approved at the Annual General Meeting. If the aggregate balance of the statutory reserve has reached 50% of the Company's registered capital, appropriation for the statutory reserve is no longer mandatory.

General risk reserve and transaction risk reserve sets aside by the Company are used to make up for any losses arising from securities transactions. The Company's reserve funds are used to make up for any losses of the Company, expand the Company's business or as additional capital of the Company. However, capital reserve cannot be used to make up for the Company's losses. When the statutory reserve funds are converted to capital, the balance of the statutory reserve funds cannot be less than 25% of the Company's registered capital.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.1 Significant accounting policies (Continued)

##### (23) Profit distribution (Continued)

Dividends proposed by the directors are not deducted from equity, until they have been approved by the ordinary equity holders in the Annual General Meeting. When these dividends have been approved by the ordinary equity holders, they are recognized as a liability.

#### 3.2 Significant accounting judgements and estimates

During the preparation of the Group's financial statements, management will make judgements, estimates and assumptions about the impact of future uncertainties on revenue, expenses, assets and liabilities, and disclosure of contingent liabilities. At the end of the reporting period, management made the following judgements and main assumptions on major future uncertainties, which might lead to adjustments in the book value of assets and liabilities.

##### (1) Measurement of the expected credit loss allowance

The measurement of the expected credit loss ("ECL") allowance for debt instruments, including investments in financial assets measured at amortized cost and FVOCI is an area that requires the use of models and assumptions about future economic conditions and credit behavior of the client (such as the likelihood of customers defaulting and the resulting losses).

A number of significant judgements are also required in applying the accounting requirements for measuring ECL, such as:

- Selection of the appropriate models and determination of relevant key measurement parameters;
- Criteria for determining whether or not there was a significant increase in credit risk, or a default or impairment loss was incurred;
- Determination of forward-looking measurements and weightings; and
- The estimated future cash flows for the financial assets classified under Stage 3.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.2 Significant accounting judgements and estimates (Continued)

##### (1) *Measurement of the expected credit loss allowance* (Continued)

###### *Inputs, assumptions and estimation techniques*

ECL are the discounted product of probability of default having considered the forward-looking impact, exposure at default, and loss given default.

###### *Forward – looking information incorporated in the ECL model*

A pervasive concept in measuring ECL in accordance with IFRS9 is that it should consider forward-looking information. The assessment of SICR and the calculation of ECL both incorporated forward-looking information. The Group has performed historical data and identified the key economic variables impacting credit risk and ECL for each financial instrument portfolio. These economic variables and their associated impact on the probability of default (“PD”) vary by product type. The impact of these economic variables on the PD has been determined by performing statistical regression analysis to understand the impact changes in these variables have had historically on default rates.

Details of the significant accounting judgements and estimates above please refer to Note 53.1.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.2 Significant accounting judgements and estimates (Continued)

##### (2) *Classification of financial assets*

When the Group determines the classification of financial assets, a number of significant judgements in the business model and the contractual cash flow characteristics of the financial assets are required. Factors considered by the Group in determining the business model for a group of financial assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated.

When the Group assesses whether the contractual cash flows of the financial assets are consistent with basic lending arrangements, the main judgements are described as below: whether the principal amount may change over the life of the financial asset (for example, if there are prepayment of principal); whether the interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin and cost, associated with holding the financial asset for a particular period of time.

##### (3) *Fair Value of financial instruments*

For financial instruments where there is a lack of active market, the Group uses valuation methods to determine its fair value. Valuation methods include referring to the transaction price determined when fair transactions are conducted between economic entities with complete information and willingness to buy and sell in the market, referring to the fair value of another similar financial instrument in the market, or using discount cash flow analysis and option pricing model to estimate. Valuation methods maximize the use of observable market information. However, when observable market information is unavailable, management will estimate the significant non-observable information included in the valuation methods.

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 3 SIGNIFICANT ACCOUNTING POLICIES, SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

#### 3.2 Significant accounting judgements and estimates (Continued)

##### (4) *Income tax*

The Group needs to make a judgement on future tax treatment of certain transactions to confirm income tax. In accordance with relevant tax regulations, the Group carefully evaluates the impact of income tax on transactions and accordingly calculates income tax. The deferred income tax assets can only be recognized when there is a possibility of future taxable profits and can be used to offset the temporary differences. This requires a major judgement on the tax treatment of certain transactions and a significant estimate of the possibility of having sufficient future taxable profits to offset deferred income tax assets.

##### (5) *Consolidation of structured entities*

Management needs to make significant judgements on whether to control and consolidate structured entities, confirming whether it will affect accounting treatment and the financial situation and operating results of the Group.

In assessing control, the Group needs to consider: 1) the power of the investor to the investee; 2) the variable return enjoyed by the investee in the relevant activities; and 3) the ability to use the power of the investee to influence the amount of its return. If one or more of the three control elements mentioned above change, the Group will reassess whether control still exists.

In judging whether the Group controls the structured entities, it also needs to consider whether the Group's decision-making behavior is carried out as a principal or as an agent. Considerations usually include the scope of decision-making power of the Group to the structured entities, the substantive rights enjoyed by other parties, the level of remuneration of the Group, and the risk that the Group bears variable returns for holding other interests of the structured entities.

### 4 TAXATION

According to relevant PRC tax policies, the most significant categories of taxes to which the Group is currently subjected are as follows:

#### (1) Income tax

From 1 January 2008, the “Enterprise Income Tax Law of the PRC” and the “Regulations on the Implementation of Enterprise Income Tax Law of the PRC” became effective for the Company and its subsidiaries excluding China Futures Co., Ltd. and China Securities (International) Finance Holding Co., Ltd. Income tax computation and payment are governed by the “Announcement of the State Administration of Taxation on Printing and Distributing Administrative Measures for Collection of Consolidated Payments of Enterprise Income Tax by Enterprises with Multi-Location Operations” (Public Notice of the State Administration of Taxation [2012] No. 57). The PRC Enterprise income tax rate applicable to the Company is 25%.

In accordance with Explanation on Implementation of Tax Preferential Treatments concerning Western China Development Strategy issued by local taxation bureau in Yuzhong District, Chongqing City, the applicable income tax rates for China Futures Co., Ltd. is 15%.

The income tax rate for China Securities (International) Finance Holding Co., Ltd. is 16.5%.

## Notes to the Consolidated Financial Statements (Continued)

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

### 4 TAXATION (Continued)

#### (2) Value added tax

Pursuant to the “Circular regarding the Comprehensive Implementation of the Pilot Programs for Transformation from Business Taxes to Value-added Taxes (the “VAT Pilot Programs”)” (Cai Shui [2016] No.36), the “Circular regarding Further Clarification of Relevant Policies Applicable to the Financial Sector in the Comprehensive Implementation of the VAT Pilot Programs (Cai Shui [2016] No.46), the “Supplementary Circular regarding VAT Policies Applicable to Transactions between Financial Institutions” (Cai Shui [2016] No.70) issued by the Ministry of Finance (the “MOF”) and the State Administration of Taxation (the “SAT”) of the PRC, effective from 1 May 2016, the Group is subject to value-added taxes on its income from principal businesses at 6%.

In accordance with the “Circular regarding the Value-added Taxes Policies for Financial, Real Estate Development and Education Ancillary and Other Services” (Cai Shui [2016] No.140), the “Supplementary Circular regarding Issues concerning Value-added Taxes Policies for Asset Management Products” (Cai Shui [2017] No.2) and the “Circular on the Relevant Issues concerning Value-added Tax Levied on Asset Management Products” (Cai Shui [2017] No.56), the Group shall pay VAT at rate of 3% for related asset management taxable activities undertaken after 1 January 2018 as the manager of asset management products.

After the implementation of the VAT Pilot Programs, the Group’s related income is presented at value net of its respective VAT in the consolidated income statement.

- (3) Urban maintenance and construction taxes and educational surcharges are charged at 7% and 3% of VAT payable, respectively. In addition, according to the provisions of “Administrative Measures for Collection and Usage of Local Educational Surcharges in Beijing” (Jing Zheng Fa [2011] No.72), since 1 January 2012, the local educational surcharges of the Company’s head office and securities trading department located in Beijing are paid at 2% of the total amount of value-added tax payable.
- (4) Vehicle and vessel taxes, property taxes and stamp duties are levied in accordance with the provisions of the relevant tax laws and regulations.

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

### **5 OPERATING SEGMENT INFORMATION**

For management purposes, the Group's operating businesses are structured and managed separately according to the nature of their operations and the services they provide. Each of the Group's operating segments represents a strategic business engaged in the following activities.

Investment banking segment: provides investment banking services, including financial advisory, sponsoring, underwriting of equity and debt securities.

Wealth management segment: serves as a brokerage agent for corporate and personal clients in the trading of equity stocks, funds, bonds and futures; and provides margin financing and securities lending services to these clients.

Trading and institutional client services segment: engages in trading of financial products; serves as a brokerage agent for institutional clients (financial institutions) in the trading of equity stocks, funds and bonds, and provides them with margin financing and securities lending; provides services in relation to sales of financial products to institutional clients, and provides specialized research and advisory services to assist their investment decision-making.

Asset management segment: develops asset management products, fund management products services, and private placement offerings, and provides related services through subsidiaries and consolidated structured entities.

Other segment: primarily the treasury function from the head office.

Management monitors the performance and results of these operating segments for considerations of resource allocation and operating decision-making.

Income taxes are managed as a whole and are not allocated to operating segments.

### 10 EXPENSES (Continued)

**(i) Retirement benefits are included, and their nature is described below:**

Full-time employees of the Group in Mainland China are covered by various government-sponsored retirement plans including social pension schemes and corporate pension schemes, under which the employees are entitled to a monthly pension. Relevant government agencies determine the amount of pension benefits and are responsible for the related pension liabilities to eligible retired employees. The Group is required to make monthly contributions to these government-sponsored retirement plans for active employees, which are expensed as incurred. The Group has no obligation for post-retirement benefits beyond these contributions.

In addition, the Group participates in various defined contribution retirement schemes for its qualified employees in certain countries or regions outside of Mainland China.

**Other operating expenses and costs:**

	Year ended 31 December	
	2020	2019
Cost of bulk commodity trading	1,198,347	27,606

Others	(176,361)	(83,543)
Income tax expenses at the Group's effective income tax rate	2,589,038	1,624,092

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 15 DIVIDENDS

	Year ended 31 December	
	2020	2019
Dividends on ordinary shares proposed and paid	1,796,901	1,376,349
Distribution to other equity instrument holders ( <i>Note 16(i)</i> )	370,486	371,418

A cash dividend of RMB3.75 (tax inclusive) per 10 ordinary shares related to the year of 2020, amounting to RMB2,909 million (tax inclusive) in total has been proposed by the directors and is subject to approval by the ordinary equity holders in the annual general meeting.

A cash dividend of RMB2.35 (tax inclusive) per 10 ordinary shares related to the year of 2019, amounting to RMB1,797 million (tax inclusive) in total and based on 7,646,385,238 shares was approved at the annual general meeting held on 5 June 2020.

A cash dividend of RMB1.80 (tax inclusive) per 10 ordinary shares related to the year of 2018, amounting to RMB1,376 million (tax inclusive) in total and based on 7,646,385,238 shares was approved at the annual general meeting held on 25 June 2019.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 16 EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE COMPANY

Basic earnings per share was calculated by dividing profit for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding. The calculations of basic and diluted earnings per share are based on:

	Year ended 31 December	
	2020	2019
<b>Earnings:</b>		
Profit attributable to equity holders of the Company	9,509,429	5,501,688
Less: Profit attributable to other equity instrument holders of the Company (i)	(370,486)	(371,418)
Profit attributable to ordinary equity holders of the Company	9,138,943	5,130,270
<b>Shares:</b>		
Weighted average number of ordinary shares in issue (thousand) (Note 44)	7,647,594	7,646,385
Basic and diluted earnings per share (in RMB yuan)	1.20	0.67

There were no dilutive shares during the years ended 31 December 2020 (years ended 31 December 2019: None).

- (i) As of 31 December 2020, there were two tranches of perpetual subordinated bonds existed under the terms and conditions as detailed in Note 45 Other Equity Instruments.

For the purpose of calculating basic earnings per ordinary share, profit attributable to other equity holders was deducted from the profit attributable to ordinary equity holders of the Company.

Others	5,088,463	15,173	36,178
Total	219,279,027	955,450	761,572

Under the daily settlement arrangement, any gains or losses of the Group's positions in futures contracts, among others, were settled daily and the corresponding payments or receipts were included in "cash and bank balances". Accordingly, the amount of mark-to-market gains or losses of unexpired futures contracts, among others, included in derivative financial instruments above was Nil. As at 31 December 2020, the fair value of the Group's unexpired futures contracts was negative RMB153.85 million (31 December 2019: negative RMB56.12 million).

### 31 CASH HELD ON BEHALF OF CLIENTS

The Group maintains segregated deposit accounts with banks and authorized institutions to hold cash on behalf of customers arising from its normal course of business. The Group has recorded the related amounts as cash held on behalf of clients and the corresponding liabilities as accounts payable to brokerage clients (Note 34). In Mainland China, the use of cash held on behalf of clients for securities trading and settlement is restricted and governed by relevant third-party custodian regulations issued by the CSRC. In Hong Kong, the "Securities and Futures (Client Money) Rules" under the Securities and Futures Ordinance impose similar restrictions.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 32 CASH AND BANK BALANCES

	31 December 2020	31 December 2019
Cash on hand	–	23
Deposits in banks	28,580,085	47,221,032
Total	28,580,085	47,221,055

As at 31 December 2020, the Group had restricted deposits of RMB810.72 million (31 December 2019: RMB278.37 million).

### 33 OTHER CURRENT ASSETS

	31 December 2020	31 December 2019
Interest receivable (i)	59,059	33,749
Commodity Inventories	15,227	21,789
Prepaid expenses	4,013	12,285
Deferred expenses	3,652	6,981
Dividend receivable	202	–
Others	527,301	254,766
	609,454	329,570
Allowance for impairment losses	(44,762)	(37,855)
Total	564,692	291,715

- (i) As at 31 December 2020 and 31 December 2019, interest income of financial assets accrued under effective interest rate method, which was overdue but not received, was reflected in Interest receivable under other current assets. Interest receivable not yet due were included in the carrying amount of the related financial assets.

### 34 ACCOUNTS PAYABLE TO BROKERAGE CLIENTS

Accounts payable to brokerage clients represent the amounts received from and repayable to clients arising from the ordinary course of the Group's securities brokerage business. For more details, please refer to Cash Held on Behalf of Clients (Note 31).

(In RMB thousands, unless otherwise stated)

### 44 SHARE CAPITAL

All shares issued by the Company are fully paid common shares, with a notional value of RMB1 per share. The number of shares and nominal value of the Company's share capital are as follows:

	31 December 2020	31 December 2019
Issued and fully paid ordinary shares of RMB1 each ( <i>in thousands</i> )		
– A shares	6,495,671	6,385,361
– H shares	1,261,024	1,261,024
Total	7,756,695	7,646,385

The Company completed the registration procedure for its non-public offering of A-shares in the Shanghai branch of China Securities Depository and Clearing Co., Ltd. on 28 December 2020. The Company issued a total of 110,309,559 shares with a nominal value of RMB1 per share.

### 45 OTHER EQUITY INSTRUMENTS

Other equity instruments of the Group are as follows :

- In January 2015, the Company issued the first tranche of perpetual subordinated bonds of 2015 amounted to RMB2 billion. The bond was fully redeemed in January 2020.
- In March 2015, the Company issued the second tranche of perpetual subordinated bonds of 2015 amounted to RMB3 billion. The bond was fully redeemed in March 2020.
- In August 2019, the Company issued the first tranche of perpetual subordinated bonds of 2019 amounted to RMB5 billion.
- In March 2020, the Company issued the first tranche of perpetual subordinated bonds of 2020 amounted to RMB5 billion.

## Notes to the Consolidated Financial Statements (Continued)

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

### 45 OTHER EQUITY INSTRUMENTS (Continued)

Key terms and conditions relating to the equity instruments that exist at the end of the year are as follows:

- The bonds are repriced every 5 interest-accruing years, and at the end of the repricing cycle, the issuer has the option to extend the bonds for another repricing cycle (another five years) or redeem them in full;
- The bonds offer no redemption option to the investors so that investors cannot require the issuer to redeem their bonds during the duration of the bonds;
- The Company has the option to defer interest payment, except in the event of mandatory interest payments, so that at each interest payment date, the issuer may choose to defer the interest payment to the next payment date for the current period as well as all interests and accreted interests already deferred according to the related terms, without any limitation with respect to the number of deferrals. Mandatory interest payment events are limited to dividend distributions to ordinary equity holders and reductions of registered capital;
- The priority over repayment of the 2019 and the 2020 perpetual subordinated bond is subordinated to the Company's general debts and other subordinated debt, unless in the event of liquidation of the Company, investors of these bonds cannot require the Company to accelerate payment of bonds' principals.

The perpetual subordinated bonds issued by the Company are classified as equity instruments, and recognized under equity in the consolidated statement of financial position. As at 31 December 2020, the interest payable of perpetual subordinated bonds was RMB225 million (Note 42). As at 31 December 2019, the interest payable of perpetual subordinated bonds was RMB371 million (Note 42), which was paid in 2020.

### 46 RESERVES

The amounts of the Group's reserves and the related movements are presented in the consolidated statement of changes in equity.

#### (1) Capital reserve

Capital reserve primarily includes share premium arising from the issuance of new shares at prices in excess of par value.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 46 RESERVES (Continued)

#### (2) Surplus reserves

##### (i) *Statutory surplus reserve*

Pursuant to the Company Law of the PRC, the Company is required to appropriate 10% of its profit for the year for the statutory surplus reserve until the reserve balance reaches 50% of its registered capital.

Subject to the approval of the shareholders, the statutory surplus reserve may be used to offset accumulated losses, if any, and may also be converted into capital of the Company, provided that the balance of the statutory surplus reserve after this capitalization is not less than 25% of the registered capital immediately before capitalization.

##### (ii) *Discretionary surplus reserve*

After making the appropriation to the statutory surplus reserve, the Company may also appropriate its after-tax profit for the year, as determined under China Accounting Standards for Business Enterprises, to its discretionary surplus reserve upon approval by the ordinary equity holders in Annual General Meeting. Subject to the shareholders' approval, the discretionary surplus reserve may be used to offset accumulated losses, if any, and may be converted into capital of the Company.

#### (3) General reserve

Pursuant to the requirements of regulatory authorities, including the Ministry of Finance and the CSRC, the Company is required to appropriate 10% of its profit for the year for the general risk reserve and 10% for the transaction risk reserve (Note 3.1(23)). Regulatory reserves that are established by subsidiaries and branches in certain countries or jurisdictions outside Mainland China in accordance with the regulatory requirements in their respective territories are also included herein.

#### (4) Investment revaluation reserve

The investment revaluation reserve represents the fair value changes of financial assets at fair value through other comprehensive income.

#### (5) Foreign currency translation reserve

The foreign currency translation reserve represents the exchange difference arising from the translation of the financial statements of the subsidiaries incorporated outside Mainland China with functional currencies other than RMB.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 47 CASH AND CASH EQUIVALENTS

	31 December 2020	31 December 2019
Cash and bank balances	28,580,085	47,221,055
Less: Restricted deposits ( <i>Note 32</i> )	(810,715)	(278,373)
Interest receivable	(3,871)	(7,114)
Cash and cash equivalents	<u>27,765,499</u>	<u>46,935,568</u>

### 48 INTERESTS IN STRUCTURED ENTITIES

The Group is involved with structured entities primarily through investments management business. The Group determines whether to consolidate these structured entities depending on whether the Group has control over them.

#### (1) Structured entities included in consolidated financial statements

Considering that the Company acts as either the investment manager for the structured entities, or as principal in investing in the subordinated tranches or all of the shares issued by the structured entities, bearing most or all the risk of the products and obtaining most or all of the variable returns, the Group therefore consolidated these structured entities in its consolidated financial statements.

As at 31 December 2020 and 31 December 2019, total assets of consolidated structured entities, the Group's investments and maximum exposure arising from its investments in consolidated structured entities are as follows:

	31 December 2020	31 December 2019
Total assets	9,351,905	9,051,141
Investments	2,874,197	2,959,775
Maximum exposure	<u>2,860,743</u>	<u>3,014,723</u>

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 48 INTERESTS IN STRUCTURED ENTITIES (Continued)

#### (2) Interests in unconsolidated structured entities

##### (i) Structured entities sponsored by the Group

Unconsolidated structured entities sponsored by the Group primarily include asset management plans and investment funds sponsored by the Group. As the manager of these structured entities, the Group invests, on behalf of its customers, the funds raised in the assets as described in the investment plan related to each structured entity. The interests held by the Group in these unconsolidated structured entities primarily include investments held directly and/or management fees, commission and performance fee earned from managed structured entities. The Group concluded that it acted as an agent rather than a principal based on its assessment of the variable return derived from these structured entities. Therefore, these structured entities are not consolidated by the Group.

For the year ended 31 December 2020, the Group earned management fee, commission and performance fee amounted to RMB967.71 million (31 December 2019: RMB894.57 million) from these unconsolidated structured entities sponsored by the Group, for which the Group held no interest in during and as at the end of the reporting year.

As at 31 December 2020 and 31 December 2019, the maximum exposure and the carrying amount of relevant balance sheet items of the Group arising from these unconsolidated structured entities, for which the Group held interests in as at the end of the reporting year, were set out as below:

	31 December 2020	31 December 2019
Financial assets at fair value through profit or loss		
– Carrying amount	4,232,618	2,405,675
– Maximum exposure	4,285,686	2,430,393

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 48 INTERESTS IN STRUCTURED ENTITIES (Continued)

#### (2) Interests in unconsolidated structured entities (Continued)

##### (ii) Structured entities sponsored by third party financial institutions

As at 31 December 2020 and 31 December 2019, the amount of maximum exposure and the book value of relevant balance sheet items of the Group arising from the interest held of directly invested structured entities sponsored by third party financial institutions were equal, which set out as below:

	31 December 2020	31 December 2019
Financial assets at fair value through profit or loss	34,863,966	28,270,622

### 49 TRANSFERRED FINANCIAL ASSETS

The Group enters into transactions in the normal course of business by which it transfers recognized financial assets to third parties or customers. In some cases where these transfers may give rise to full or partial derecognition of the financial assets concerned. In other cases where the Group has retained substantially all the risks and rewards of these assets, the Group continues to recognize the transferred assets.

#### Repurchase transactions

Transferred financial assets that do not qualify for derecognition include debt securities held by counterparties as collateral under repurchase transactions. The counterparties are allowed to re-pledge those securities sold under repurchase transactions in the absence of default by the Group, but have an obligation to return the securities at the maturity of the contract. If the securities increase or decrease in value, the Group may in certain circumstances require counterparties to return part of collateral or be required to place additional collateral. The Group has determined that it retains substantially all the risks and rewards of these securities and therefore does not derecognize them. A financial liability is recognized for cash received.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 49 TRANSFERRED FINANCIAL ASSETS (Continued)

#### Securities lending arrangements

Transferred financial assets that do not qualify for derecognition include securities lent to customers for securities selling transactions, for which the customers provide the Group with collateral that could fully cover the credit risk exposure of the securities lent. The customers have an obligation to return the securities according to the contracts. If the securities increase or decrease in value, the Group may in certain circumstances be required to return part of collateral or require counterparties to place additional collateral. The Group has determined that it retains substantially all the risks and rewards of these securities and therefore does not derecognize them.

The following table analyses the carrying amount of the above-mentioned financial assets transferred to third parties or customers that did not qualify for derecognition and their associated financial liabilities:

	31 December 2020	31 December 2019
Carrying amount of transferred assets		
– Securities lending	2,185,237	624,531
– Financial assets sold under repurchase agreements	–	1,155,843
Total	<u>2,185,237</u>	<u>1,780,374</u>
Carrying amount of related liabilities		
– Financial assets sold under repurchase agreements	–	1,059,736

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 50 COMMITMENTS AND CONTINGENT LIABILITIES

#### (1) Capital commitments

	31 December 2020	31 December 2019
Contracted, but not provided for	29,669	2,572

The above-mentioned capital commitments are primarily in respect of the equity investment, purchase of equipment and decoration of properties by the Group.

#### (2) Legal proceedings

The Company and its subsidiaries are subject to claims and are parties to legal and regulatory proceedings in their ordinary course of businesses. As at 31 December 2020 and 31 December 2019, management of the Group believes that the Group was not involved in any material legal, or arbitration proceedings that if adversely determined, would have material impact on its financial position or results of operations of the Group.

### 51 RELATED PARTY DISCLOSURES

#### (1) Beijing State-owned Capital Operation and Management Center

As at 31 December 2019, Beijing State-Owned Capital Operation and Management Center (“Beijing State Management Center”) owned 35.11% of the equity interest of the Company.

Beijing State Management Center was established by State-owned Assets Supervision and Administration Commission of the People’s Government of Beijing Municipality, which is a People-owned enterprise controlled by the PRC government.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 51 RELATED PARTY DISCLOSURES (Continued)

#### (1) Beijing State-owned Capital Operation and Management Center (Continued)

The transactions between Beijing State Management Center and the Group are in the ordinary course of business under normal commercial terms and conditions. Corresponding transactions and balances with this institution were as follows:

	Eleven months ended 30 November 2020	Year ended 31 December 2019
Fee and commission income	940	14,667
Interest expense	(22)	(20)

In January 2020, the Company received a notice from the original largest shareholder, Beijing State Management Center, who intended to transfer all of its holding of 2,684,309,017 A-shares, representing 35.11% of the total share capital of the Company, to Beijing Financial Holdings Group Co., Ltd. ("Beijing Financial Holdings Group") for nil consideration ("Transfer"). In March 2020, Beijing State Management Center and Beijing Financial Holdings Group signed the Agreement on the Transfer. The Transfer has been approved by State-owned Assets Supervision and Administration Commission of People's Government of Beijing Municipality in March 2020 and approved by CSRC in October 2020, respectively. The Transfer registration has been completed on 30 November 2020.

After the completion of the Transfer, Beijing State Management Center no longer holds any shares in the Company and Beijing Financial Holdings Group directly holds 2,684,309,017 A-shares, representing 35.11% of the total share capital of the Company, making it the largest shareholder of the Company. The Transfer has no impacts on the Company's non-controlling shareholders and the status that the Company has no actual controlling person.

## Notes to the Consolidated Financial Statements (Continued)

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

### 51 RELATED PARTY DISCLOSURES (Continued)

#### (2) Beijing Financial Holdings Group and companies under Beijing Financial Holdings Group

As a result of the Company's non-public offering of A-shares in December 2020, the percentage of shareholding of Beijing Financial Holdings Group has declined passively. As at 31 December 2020, Beijing Financial Holdings Group owned 34.61% of the equity interest of the Company.

Beijing Financial Holdings Group was established by State-owned Assets Supervision and Administration Commission of the People's Government of Beijing Municipality, which is an integrated financial investment holding platform and managed as a municipal level I enterprise.

The Group enters into transactions with Beijing Financial Holdings Group and companies under it in the ordinary course of business under normal commercial terms. In December 2020, the Group had no related-party transactions with Beijing Financial Holdings Group and companies under it.

#### (3) Central Huijin and companies under Central Huijin

As at 31 December 2020, Central Huijin Investment Limited ("Central Huijin") owned 30.76% of the equity interest of the Company (31 December 2019: 31.21%).

Central Huijin is a wholly-owned subsidiary of China Investment Corporation, which is incorporated in Beijing, the PRC. Central Huijin was established to hold certain equity interests in state-owned financial institutions as authorized by the China State Council and does not engage in other commercial activities. Central Huijin exercises its legal rights and assumes obligations related to the Company on behalf of the PRC Government. Central Huijin has equity interests in certain other banks and financial institutions under the direction of the PRC government.

### 51 RELATED PARTY DISCLOSURES (Continued)

#### (4) Government related entities

According to the provisions of IAS 24 – Related Parties Disclosures, government entities controlled and jointly controlled by the PRC government and their subsidiaries (the “government related entities”) are also regarded as related parties of the Group.

Part of the Group’s transactions including securities and futures dealing and broking, underwriting of debt securities, purchase and sale of government bonds, and equity and debt securities issued by other government related entities are entered into with government related entities.

Directors of the Company consider that transactions with government related entities are activities conducted in the ordinary course of business under normal commercial terms and conditions, and that the dealings of the Group have not been significantly or unduly affected by the fact that the Group and those entities are government related. The Group has also established pricing policies for products and services and such pricing policies do not depend on whether or not the counterparties are government related entities.

#### (5) Other major shareholders and its related parties

The Group’s major transactions and balances with other major shareholders and its related parties were as follows:

	Year ended 31 December	
	2020	2019
Fee and commission income	23,956	107,407
Interest income	91,628	62,760
Fee and commission expenses	(45,012)	(37,158)
Interest expense	(14,789)	(47,477)
Other operating expenses and costs	(3,793)	–

Financial assets sold under repurchase agreements	1,388,121	579,585
Other current liabilities	20,507	26,507

#### (6) The Group's associates

The Group entered into transactions with its associates at arm's length in the ordinary course of business. Management considers that transactions between the Group and its associates are not significant.

#### (7) Key management personnel

Key management personnel are those who have the authority and responsibility to directly or indirectly plan, direct and control the Group activities, including the board of directors, the board of supervisors and other senior management personnel.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 51 RELATED PARTY DISCLOSURES (Continued)

#### (7) Key management personnel (Continued)

The Group's remuneration paid for key management personnel is disclosed as follow:

	Year ended 31 December	
	2020	2019
Salaries, bonuses and allowances	141,704	134,968
Staff benefits	1,332	1,296
Contributions to defined contribution schemes	3,730	1,641
Total	146,766	137,905

For the year ended 31 December 2020, the remuneration of these individuals above includes 2016 pre-tax deferred bonus paid in 2020. For the year ended 31 December 2019, the remuneration of these individuals above includes 2014 and 2015 pre-tax deferred bonus paid in 2019.

### 52 FAIR VALUE AND FAIR VALUE HIERARCHY

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

Level 1: where the inputs are unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2: where the inputs are observable for the assets and liabilities, either directly or indirectly, other than quoted prices in Level 1.

Level 3: where the inputs are unobservable inputs for relevant assets or liabilities.

## Notes to the Consolidated Financial Statements (Continued)

---

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

### **52 FAIR VALUE AND FAIR VALUE HIERARCHY (Continued)**

#### **Fair value hierarchy (Continued)**

The Group uses valuation techniques or counterparty quotations to determine fair value when market prices are not available in active markets.

The major parameters used in valuation techniques include, among others, underlying securities prices, interest rates, foreign exchange rates, volatilities, which are all observable and available from an active market.

For certain unlisted equity securities (private equity securities), thinly traded equity securities, subordinated tranche of asset-backed securities, certain over-the-counter derivative contracts and trust plans, the management uses counterparty quotations or valuation techniques to determine their fair value. Valuation techniques used primarily include discount cash flow model, option pricing model and comparable companies methods, etc. The fair value measurement of these financial instruments may use unobservable inputs that may have significant impact on the valuation results, and therefore, the Group includes them as Level 3 assets and liabilities. The unobservable parameters that may have impacts on the valuation include, among others, weighted average cost of capital, liquidity discount, price to book ratio and volatility of underlying assets. As at 31 December 2020 and 31 December 2019, fair value changes resulting from the changes in the unobservable inputs were not significant. The Group has implemented internal control procedures to monitor and control the Group's exposures to such financial instruments.

*(In RMB thousands, unless otherwise stated)*

### 52 FAIR VALUE AND FAIR VALUE HIERARCHY (Continued)

#### (3) Important unobservable input value in fair value measurement of Level 3

The fair value of financial instruments under Level 3 are primarily determined by discounted cash flow model, option pricing model and comparable companies methods, etc. Determinations to classify fair value measures within Level 3 of the valuation hierarchy are primarily based on the significance of the unobservable inputs which mainly include weighted average cost of capital, liquidity discount, price to book ratio, volatility of underlying assets and others to the overall fair value measurement.

#### (4) Transfers between Level 1 and Level 2

During the year ended 31 December 2020, the amount of financial assets at fair value through profit and loss from Level 1 to Level 2 were RMB459.41 million and the amount of financial assets at fair value through profit and loss from Level 2 to Level 1 were RMB7.53 million.

During the year ended 31 December 2019, the amount of financial assets at fair value through profit and loss and financial assets at fair value through other comprehensive income transferred from Level 1 to Level 2 were RMB40.86 million and RMB9.95 million, respectively

#### (5) Financial assets and financial liabilities not measured at fair value

The information below summarizes the carrying amounts and fair values of those financial assets and liabilities not measured at fair value in the consolidated statement of financial position. As at 31 December 2020 and 31 December 2019, financial assets and financial liabilities for which the carrying amounts approximate fair value, including financial assets held under resale agreements, refundable deposits, margin accounts, accounts receivable, cash held on behalf of clients, cash and bank balances, lease liabilities, accounts payable to brokerage clients, financial assets sold under repurchase agreements, placements from banks and other financial institutions, short-term borrowings and short-term financing instruments payable are not listed in the table below.

## Notes to the Consolidated Financial Statements (Continued)

(In RMB thousands, unless otherwise stated)

### 52 FAIR VALUE AND FAIR VALUE HIERARCHY (Continued)

#### (5) Financial assets and financial liabilities not measured at fair value (Continued)

As at 31 December 2020 and 31 December 2019, the carrying amounts and fair value of bonds in issue (including bonds in issue with maturity within one year) are summarized below:

	31 December 2020	31 December 2019
Bonds in issue (including bonds in issue with maturity within one year)		
– Carrying amount ( <i>Notes 42 and 43</i> )	65,320,499	56,884,570
– Fair value	65,557,195	57,441,093

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT

The management considers effective risk management a critical element in ensuring the Company's successful operations. Therefore, the Company has established a set of comprehensive risk management and internal control systems to enable the Company to monitor, evaluate and manage various financial risks in its business activities, including primarily credit risk, market risk and liquidity risk and operational risk.

The Company's risk management and control system is not significantly changed compared to 31 December 2019.

#### Structure of risk management

##### *The Board*

The Board of Directors is the Company's highest decision-making body in risk management, the executive management is the execution body, whilst different units are responsible for directly managing the risks they face in their business or operational activities. The Company has three dedicated risk control departments, namely the Risk Management Department, the Legal and Compliance Department and the Internal Audit Department, which independently monitor and manage risks before the event, during the event and after the event, as per their respective roles and responsibilities.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Structure of risk management (Continued)

##### **The Board** (Continued)

The Board of Directors is the Company's highest decision-making body in risk management, which makes decisions with respect to the Company's overall risk management strategies and policies, internal control arrangements, and actions to address material risks faced by the Company, among other things.

The Risk Management Committee under the Board of Directors is responsible for supervising the overall risk management of the Company and ensuring the associated risks are adequately managed so that risk management activities can be effectively carried out through the Company's business and operating activities. The Board's Risk Management Committee also has the following responsibilities: preparing the overall risk management policies for the Board's deliberation; determining the strategic structure and resources for risk management so that they are aligned with the internal risk management policies; setting limits for major risks; and supervising and reviewing the risk management policies and making recommendations to the Board.

##### **The Operation Management**

The Company's Executives Committee makes overall decisions with respect to the prevention, control, mitigation, or acceptance of risks in the Company's business and operating activities and makes decisions on efforts to improve the internal control rules and procedures and control measures in accordance with the risk management policies adopted by the Board.

The Company Risk Management Committee of the Executives Committee is responsible for discussing and proposing the Company's risk preference and tolerance as well as key risk limits for further decision-making; review and approval of specific risk limits and risk control criteria for each business lines; drafting and promoting the implementation of various risk management rules and measures; review and approval of new businesses and products; review and approval of the Company's risk reports and routine compliance risk reports; and formulating risk control strategies and plans for material business matters.

The Chief Risk Officer of the Company is responsible for leading risk management activities across the Company, including organizing the formulation of relevant risk management rules and procedures, improving the Company's comprehensive risk management practices, organizing the pilot work of consolidated risk control and monitoring, and guiding the Risk Management Department in the identification, evaluation, monitoring and reporting of various risks.

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (CONTINUED)

#### Structure of risk management (continued)

##### *The Department, Branch and Subsidiary*

Each and every department and branch/subsidiary of the Company, within their respective roles and responsibilities, is responsible for following the decisions, rules and procedures, and risk management policies, and implementing risk-control measures and engaging in direct risk control efforts in their business activities. Every staff of the Company has the responsibility to comply with the Company's relevant rules and procedures and contribute to daily risk control efforts as part of their own job responsibilities.

The Risk Management Department that is responsible for risk management of the Company, the Legal and Compliance Department that is responsible for legal affairs and compliance management, and the Internal Audit Department that is responsible for the Company's internal audit activities are the three independent risk management functions that establish their own rules and procedures and operate independently to promote risk management of the Company. Specifically, the Risk Management Department is responsible for risk management before and during the event through risk monitoring and assessment, the Legal Compliance Department is responsible for managing the overall legal and compliance risks of the Company, and the Internal Audit Department is responsible for conducting audits to identify material defects in key rules and procedures and processes, as well as internal control weakness, and supervising corrections and rectifications.

In addition, pursuant to the needs of risk management in investment banking business, aligned with the regulatory requirements, the Company has established the internal review department. Through such review at the firm level, the Company conducts final risk control prior to the delivery of investment banking projects, and assumes the decision making responsibility of the ultimate approval of materials and documents to be submitted, reported, issued or disclosed in the name of the Company.

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### **Risk management activities**

The Risk Management Department works with business and management departments to identify major risks during the course of different business and management activities, issue the “Risk Classification and Key Control List”, and continue to update the same in light of business changes and monitoring findings.

The Company establishes a before-the-event risk control mechanism. It focuses on each of the main business lines to formulate specific risk limits and risk control standards, and has explicit procedures of risk control; the Risk Management Department and the Legal and Compliance Department have participated in the before-the-event evaluation for important projects and the operation system, and have expressed their opinions independently; important risk control parameters are directly under the management and control of the Risk Management Department, which also conducts independent verification for valuation model of financial instruments before going online.

The Risk Management Department formulates the risk monitoring processes and indicators for key business and management lines. In particular, risk monitoring indicators for brokerage business, proprietary business, securities financing business, asset management business and custodian business as well as risk control indicators including net capital are monitored through the monitoring system, while the risk monitoring for other business or management lines primarily relies on regular and ad hoc monitoring by means of on-site monitoring, risk information reporting, data access and regular meetings.

The Company also formulates operational process for risk assessment, and determines main assessment methods and qualitative and quantitative risk rating criteria for various types of risks. The Risk Management Department assesses and rates the risk matters on an ongoing basis, evaluates the control of major business risks on a regular basis, and conducts comprehensive year-end assessments of the risk control process, risk events and positions, and risk incidents of the departments, branches and subsidiaries as a key component of their performance assessment.

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk management activities (Continued)

The Company has formulated guidelines for various types of risk management and control, including market risk, credit risk, operational risk, liquidity risk and reputation risk, in order to guide and regulate the response to risks in various business lines. The Company has established crisis management mechanism and programs, and has formulated effective contingency measures and plans for various businesses, especially for key risks and emergencies such as liquidity crisis, accidents on transaction system and major public health incidents, while emergency response mechanism has been established and is drilled sporadically on a regular or irregular basis.

The Risk Management Department establishes a mechanism for the transfer of risk information and significant risk warnings. The Company establishes the risk information management mechanism including transferring and managing risk information and providing significant risk warnings. The Risk Management Department is responsible for formulating operational procedures for communicating and reporting risk information and issuing risk warnings, and the departments and branches and subsidiaries report risk information or issue warnings on potential risks identified by themselves to the Risk Management Department. The Risk Management Department then manages the risk information, performs comprehensive analyses on various risk information to identify risk control weaknesses and loopholes and propose recommendations on improving risk control, reports significant risks to the Chief Risk Officer and executive management or a Risk Management Committee, and at the same time, communicates risk information to relevant departments, while tracking any follow-up activities. The Risk Management Department prepares risk reports and risk control recommendation reports according to the results on risk identification, monitoring and assessment, and reports the findings to involved parties and the executive management of the Company. The Risk Management Department continuously monitors risks and the risk control status by following up on the implementation of risk control recommendations by relevant parties in managing risks identified in the risk reports.

#### Risk analysis and control

Financial risks in the Company's daily operating activities primarily include market risk, liquidity risk, credit risk, and operational risk. The Company has established specific policies and procedures to identify and address these risks, set out appropriate risk limits and internal control processes to manage these risks, and built integrated control system and information technology systems to continuously monitor these risks.

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (CONTINUED)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk

Credit risks refer to the risks of an economic loss caused by the failure of customers, counterparties or issuers of debt financing instruments (also referred to as financiers) to perform their contractual obligations.

Credit risks of the Company relating to the securities financing business, which includes margin financing and stock pledge repurchase agreement, are primarily attributed to a decline in value, or insufficient liquidity of collateral provided by customers; customers' failure to repay debts in full in a timely manner due to legal disputes over collateral assets; and operational misconducts including fraudulent credit information, violation of contracts and regulatory requirements. Control over credit risks for the securities financing business is managed primarily through risk management education programs for customers, credit due diligence and verification of customers, risk assessment on collateralized (pledged) securities, setup of trading limits, daily mark to market of exposure, issuing risk notification to customers, margin calls, forced position liquidation and legal recourse. The Company performs an assessment of the need for any allowance for impairment in accordance with the ECL model of the accounting standards of IFRS 9, and actively carries out debt recovery activities for defaulting customers.

Credit risk relating to bond investments is primarily due to the decline in the creditworthiness of credit issuer of the debt financing instruments or defaults, counterparty defaults. The Company carries out due diligence for issuers and counterparties, establishes internal ratings for issuers, debts and counterparties, manages the access and size of transactions according to the internal and external rating, and controls credit risk using other tools for subsequent monitoring and management. In 2020, the Company further tightened the quality of its investment portfolio, strengthened due diligence of investment targets and counterparties and credit risk management measures to improve the capability of credit risk management, default losses were at low level.

The Company controls credit risks relating to over-the-counter derivative transactions by setting counterparty ratings and credit lines, and setting limits on the size of transactions and related credit risk exposures before transactions can take place. The Company monitors and controls credit risk exposure of counterparties within established limits by adopting mark-to-market practices of derivative transactions and related collateral as well as forced position liquidating procedures.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

In order to manage the credit risk arising from the brokerage business, securities brokerage transactions in mainland China are all settled on a fully pledged basis, which enables settlement risks associated with brokerage business to be well under control. The Company strictly complies with relevant trading and settlement rules and procedures to prevent non-compliant financing operations for clients. In addition, for repurchase agreement transaction, through due diligence, establishment of reasonable customer limits and haircut on collateral bonds, setting standards for minimum collateral level of qualified securities and leverage ratios, concentration limits for single securities used as collateral and other measures, the Company prevents customer under-collateralisation. For option transactions, the Company takes measures including margin deposit management, limits setting and forced liquidation control to manage customers' credit risk.

Furthermore, the Company's Risk Management Department monitors credit risk on an ongoing basis, including monitoring the total amount of credit transactions and credit exposures of the same customer, tracking the qualifying credit status of counterparties and bond issuers, monitoring the collateral coverage of securities and financial business, requiring the business department to fulfill its post-investment management duties, as well as using stress testing and sensitivity analysis, amongst other techniques, to measure the credit risk of major business lines.

##### *Expected credit loss measurement*

The measurement of the ECL allowance for financial assets measured at amortized cost and financial assets measured at fair value through other comprehensive income, is an area that requires the use of models and assumptions about the future economic conditions and credit behavior of the clients (such as the likelihood of customers defaulting and the resulting losses).

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### *Expected credit loss measurement (Continued)*

The Group has applied a “three-stage” impairment model for ECL measurement based on changes in credit quality since the initial recognition of financial assets as summarized below:

- A financial instrument that is not credit-impaired on initial recognition is classified as “Stage 1” and has its credit risk continuously monitored by the Group;
- If a significant increase in credit risk (“SICR”) since initial recognition is identified, the financial instrument is moved to “Stage 2” but is not yet deemed to be credit-impaired;
- If the financial instrument is credit-impaired, the financial instrument is then moved to “Stage 3”.

Stage 1: The Group measures the loss allowance for a financial instrument at an amount equal to the next 12 months ECL. Stage 2 and Stage 3: The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime ECL. Purchased or originated credit-impaired financial assets are those financial assets that are credit-impaired on initial recognition. The Group has measured the loss allowance for these financial instruments at an amount equal to the lifetime ECL.

For financial assets applied ECL measurement and classified under Stages 1 and 2, management assesses credit loss allowances using the risk parameter modelling approach that incorporated key parameters, including probability of default (“PD”), loss given default (“LGD”) and exposure at default (“EAD”). For credit-impaired financial assets classified under Stage 3, management assessed the credit loss allowances by estimating the cash flows expected to arise from the financial assets after taking into consideration forward looking factors.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### *Expected credit loss measurement (Continued)*

The measurement of ECL adopted by the management according to IFRS 9, involves judgements, assumptions and estimations.

- Selection of the appropriate models and determination of relevant key measurement parameters;
- Criteria for determining whether or not there was a significant increase in credit risk, or a default or impairment loss was incurred;
- Determination of forward-looking measurements and weightings; and
- The estimated future cash flows for the financial assets classified under Stage 3.

###### Measuring ECL – models and parameters

The ECL is measured on either a 12-month (12M) or Lifetime basis depending on whether a SICR has occurred since initial recognition or whether an asset is considered to be credit-impaired.

The Company fully considers forward-looking information when measuring ECL. ECL are the discounted product of the PD, LGD, and EAD after considering the forward-looking impact.

- PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation. For securities financing business, the Company determines the PD by borrower based on factors including the coverage ratio of underlying collateral value to margin loan (collateral to loan ratio) and the volatility of such collateral's valuation. For debt securities investments, internal credit rating is taken into consideration.

# Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

## 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

### Risk analysis and control (Continued)

#### 53.1 Credit risk (Continued)

##### *Expected credit loss measurement (Continued)*

##### Measuring ECL – models and parameters (Continued)

- LGD represents the Group's expectation of the extent of loss on a defaulted exposure. For securities financing business, the Company determines LGD, based on factors including the realizable value of collateral upon forced liquidation taking into consideration the estimated volatility over the realization period. For debt securities investments, LGD is determined based on assessed publicly available information from credit rating agencies, and type of securities.
- EAD is based on the amounts the Group expects to be owed at the time of default, over the next 12 months (12M EAD) or over the remaining lifetime (Lifetime EAD).

##### The criteria of Significant increase in credit risk (SICR)

The Company evaluates financial instruments to identify whether a SICR has occurred since initial recognition at each balance sheet date. An ECL allowance of financial assets is recognized according to the stage in which the assets are classified. This took account of what reasonable information, including forward looking information, is available to identify whether a SICR had arisen. The Company considers a financial instrument to have experienced a SICR when one or more of the following quantitative, qualitative or backstop criteria have been met.

For securities financing business, the Company sets differentiated collateral to loan ratios as triggering margin calls and force liquidation thresholds (force liquidation thresholds generally no less than 130%) against different exposures related to these transactions, based on the obligors' credit quality, operation situation, contract maturity date, the volatility and liquidity of related collateral securities, and related performance information.

For securities financing business, the Company considered securities financing business to have experienced a SICR if collateral to loan ratios are lower than the force liquidation thresholds, which means a decline in collateral valuation or the quality of the third-party collateral is significantly reduced. As at 31 December 2020 and 31 December 2019, over 95% of the securities financing balances of the Company were covered by collateral value of over the force liquidation thresholds of related loan or repo amounts.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### *Expected credit loss measurement (Continued)*

The criteria of Significant increase in credit risk (SICR) (Continued)

For debt securities investments, the Company makes use of its internal rating measurement system's results. The Company considers debt securities investments to have experienced a SICR if the latest internal ratings of the issuers of debt securities or the debt securities themselves underwent two notches of downward migration or more, compared with those ratings as at the acquisition date; and if the latest internal rating of issuers of debt securities or the debt securities themselves were under the predetermined grading. As at 31 December 2020 and 31 December 2019, all the debt securities investments of the Company were rated as investment grade or above and there was no SICR.

A backstop is applied to all relevant financial assets and they are considered to have experienced a SICR if the borrower, the counterparty, the issuer or the debtor is more than 30 days past due on its contractual payments.

The Company has used the low credit risk exemption for financial instruments, such as cash and bank accounts, settlement reserve, refundable deposits, financial assets held under resale agreements collateralized by debt securities.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### *Expected credit loss measurement (Continued)*

###### Definition of default and credit impairment

The Company assesses whether a financial instrument has been credit-impaired in accordance with IFRS 9, in a manner consistent with its internal credit risk policies for managing financial instruments. The consideration includes qualitative criteria, quantitative criteria and upper limit. The Company defines a financial instrument as credit-impaired, which is fully aligned with the definition of “in default”, when it meets one or more of the following criteria:

- The borrower is more than 90 days past due on its contractual payments;
- For securities financing business, forced liquidation of a client’s position is triggered based on a predetermined threshold of loan to collateral ratios; whereby the collateral valuation falls short of the related loan or repo amounts;
- The latest internal ratings of issuers of debt securities or debt securities themselves are in default grade;
- The debtor, issuer, borrower or counterparty is in significant financial difficulty;
- An active market for that financial asset has disappeared because of debtor’s financial difficulties;
- Concessions have been made by the Company relating to the debtor, issuer, borrower or counterparty’s financial difficulty;
- It is becoming probable that the debtor, issuer, borrower, or counterparty will enter bankruptcy or undertake a financial restructuring, etc.

When a financial asset is considered to be credit-impaired, it may be the result of multiple events, not due to a separately identifiable event.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### *Expected credit loss measurement (Continued)*

###### Definition of default and credit impairment (Continued)

In summary, the “three-stage” classification criteria for securities financing business is:

- Securities financing business with collateral to loan ratios above the force liquidation thresholds and those past due for no more than 30 days are classified under Stage 1.
- Securities financing business with collateral to loan ratios fall below the pre-determined force liquidation thresholds but above 100%; or those past due for more than 30 days but no more than 90 days are classified under Stage 2.
- Securities financing business with collateral to loan ratios fall below 100%; or those past due for more than 90 days are classified under Stage 3.

###### Forward-looking information

The assessment of SICR and the calculation of ECL both incorporate forward-looking information. The Company has performed historical data analysis and identified the key economic variables impacting credit risk and ECL for each financial instrument portfolio. Key economic variables mainly include the cumulative growth rate of Domestic Gross Domestic Product (GDP), Producer Price Index (PPI), Fixed Asset Investments Completion Rate and the growth rate of the financial institutions' loan balances. Regression analysis has been performed to determine the relationships between these economic variables and macro factors. The Company forecasts the economic variables under different economic scenarios and applies them in the measurement of ECL with Merton Model.

For all portfolios the Company concluded that three scenarios appropriately captured non-linearities of key economic variables. The scenario weightings are determined by a combination of statistical analysis and expert judgement, taking account of the range of possible outcomes each chosen scenario is representative of. The Company reevaluates the quantity and characteristic of the three scenarios at each balance sheet date. As at 31 December 2020 and 31 December 2019, the Company set three scenarios of optimism, base and pessimism for analysis of main product types, and the probability-weight of base scenario employed by the Company was more than that of the other scenarios.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### *Expected credit loss measurement (Continued)*

###### Forward-looking information (Continued)

In 2020, the Company's key macroeconomic assumptions used in various macroeconomic scenarios include a forecast cumulative growth rate of 9.10% of GDP, 1.60% of the PPI, 6.70% of fixed Asset Investment Completion Rate, and a forecast growth rate of 11.10% of the financial institutions' loan balances, under the base scenario. In optimistic and pessimistic scenario, the above indicators' forecast value changes around benchmark value by no more than positive or negative 30%.

The assessment of SICR is performed using the Lifetime PD under each of the base and other scenarios multiplied by the associated scenario weighting, as well as qualitative criteria, quantitative criteria and upper limit. The Group measures ECL as either a probability weighted 12-month ECL or a probability weighted lifetime ECL. These probability-weighted ECLs are determined by running each scenario through the relevant ECL model and multiplying it by the appropriate scenario weighting.

As at 31 December 2020, by taking current economy situation, pandemic's impact and supporting policies applied by the government into comprehensive consideration, the Company updated relevant economic indicators for forward-looking measurement based on the latest economic forecasts. As with any economic forecasts, the projections and likelihoods of occurrence are subject to a high degree of inherent uncertainty and therefore the actual outcomes may be significantly different to those projected. The Company considers these forecasts to represent its best estimate of the possible outcomes as at the financial statement date.

###### Sensitivity analysis

The allowance for credit losses is sensitive to the inputs used in internally developed models, macroeconomic variables in the forward-looking forecasts, weighting applied to economic scenarios and other factors considered when applying expert judgement. Changes in these inputs, assumptions and judgements are likely to have an impact on the measurement of ECLs.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### *Expected credit loss measurement (Continued)*

###### Sensitivity analysis (Continued)

As mentioned above, the Company adopts three scenarios for all portfolios, being the optimistic scenario, base scenario and pessimistic scenario. A sensitivity analysis was applied to these scenarios as at 31 December 2020 and 31 December 2019 and the results were as follows:

- (i) The incremental impact on the ECL allowance of applying the probability weighted scenarios was no more than a 5% deviation from the base ECL scenario;
- (ii) The decremental impact on the ECL allowance of increasing the weighting applied to the optimistic scenario by 10% and a corresponding reduction of 10% weighting applied to the base scenario was no more than 5% of the ECL allowance;
- (iii) The incremental impact of shifting 10% of the weighting from the base case scenario to the pessimistic scenario was no more than 5% of the ECL allowance.

Meanwhile, the Company also uses sensitivity analysis to monitor the impact of changes to the credit risk classification of financial assets on ECL. As at 31 December and 31 December 2019, assuming there was no SICR since initial recognition, and all the financial assets in Stage 2 were moved to Stage 1, the decremental impact on ECL allowance recognized in statement of financial position would be less than 5%.

###### Collateral and other credit enhancements

The Company employed a range of policies and credit enhancements to mitigate credit risk exposure to an acceptable level. The most common of these is accepting collateral for funds advanced or guarantee. The Company determined the type and amount of collateral according to the credit risk evaluation of counterparties. The collateral under margin financing and reverse repurchase agreements is primarily stocks, debt securities, funds etc. The management would test the market value of collateral periodically, and send margin calls according to related agreements, also monitor the market value fluctuation of collaterals when reviewing the measurement of the loss allowance.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.1 Credit risk (Continued)

###### Expected credit loss measurement (Continued)

Impairment provision of securities financing business

As at 31 December 2020, the percentage of impairment provision applied by the Company on securities financing business under the Stage 1, Stage 2 and Stage 3 were 0.26%, 0.54% and 70.50%, respectively (31 December 2019: 0.23%, 1.35% and 50.08%).

Credit risk exposure analysis

As at 31 December 2020 and 31 December 2019, the credit quality of the Company's financing exposures to customers was in good condition and over 95% of the securities financing business of the Company were with collateral to loan ratios no lower than the force liquidation thresholds. High threshold of margin loans to collateral ratios indicated that PD was low. For debt securities investments, the Company employed both open market credit ratings and internal credit ratings simultaneously as admittance criteria. The debt securities will be admitted only when the internal and external ratings criteria are met. Majority of the Company's debt securities investments were rated as investment grade (AA) or above externally.

The Group's maximum exposure to credit risk without taking into account of any collateral and other credit enhancements:

	31 December 2020	31 December 2019
Financial assets at fair value through other comprehensive income	44,816,764	32,430,035
Financial assets held under resale agreements	16,117,203	21,118,756

The movements of loss allowance are mainly affected by:

- Increases are primarily attributable to new financial instruments recognized, changes in PD, LGD and expected cash flow recovery rate affected by market changes, the resulted movements amongst Stage 1, Stage 2 and Stage 3, and updates of parameters and assumptions in the ECL model;
- Reversals include the reversals caused by the redemption or disposal of financial assets, the impact of changes in model parameters and assumption;
- Transfers between stages due to financial instruments experiencing significant increases (or decreases) in credit risk or becoming credit-impaired, and the corresponding measurement basis changes between the 12-month (12M) or the Lifetime basis; and
- Foreign exchange and other movements include changes in foreign exchange translations for assets denominated in foreign currencies and other movements.

##### 53.2 Liquidity risk

Liquidity risks refer to the risks that the Company is unable to acquire sufficient funds in a timely manner at a reasonable cost, in response to repay due debts, fulfill other payment obligations and meet other funding needs during normal course of business.

The Company has established clear decision-making levels, authority delegation and risk control rules and procedures, and clearly defined the roles and responsibilities of the Board of Directors, executive management and business departments in liquidity risk management. The Company has established strict rules and procedures for managing its own funds and requires strict compliance with these rules and procedures in taking debts, providing guarantees and making investments; it also sets liquidity risk limits and conducts daily and monthly liquidity position analyses to manage liquidity movements. For effective management of market liquidity risk of its securities portfolios, the Company has implemented securities centralization management for securities investment and financing activities, and has adopted credit rating criteria for fixed-income securities investments. The Company also calculates liquidity coverage ratio and net stable funds ratio as per regulatory requirements and all indicators fall within the safety zone.

The Asset and Liability Management Committee is responsible for organizing and managing the asset and liability allocation plan of the Company, reviewing and approving the internal valuation interest rate of capital and emergency plans for liquidity risk. The Company established the Treasury Operations Department to initiate the management of the liquidity of its proprietary funds, accounting for expanding mid- and long-term stable funding channels, reasonably adjusting the asset allocation among various business lines, and steadily optimizing its assets and liabilities structure. The Company has improved its daily practice for liquidity risk management and control mechanism with the assistance of classified liquidity reserve system, refining internal funds transfer pricing (FTP) system, as well as establishing and optimizing liquidity emergency plans and stress tests. In addition, in year of 2020, the Company issued various medium and long-term debt financing instruments, and equity refinancing instruments, to maintain sufficient liquidity reserve, improve emergency plans for liquidity risk, and ensure liquidity risk under control.

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.2 Liquidity risk (Continued)

The table below analyzes the Group's lease agreements, which were committed as at 31 December 2020 and 31 December 2019 but not commenced into the relevant maturity groupings based on their contractual maturities:

	31 December 2020				
	Less than 1 year	1 to 2 years	2 to 5 years	More than 5 years	Total
Lease liabilities	4,552	5,342	13,464	1,198	24,556

	31 December 2019				
	Less than 1 year	1 to 2 years	2 to 5 years	More than 5 years	Total
Lease liabilities	7,109	7,109	20,133	6,865	41,216

##### 53.3 Market risk

Market risk represents risk of fluctuations in fair values or future cash flows of financial instruments due to movements in market prices. Market risks primarily include stock price risk, interest rate risk, foreign exchange rate risk, and other price risks.

## Notes to the Consolidated Financial Statements (Continued)

---

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.3 Market risk (Continued)

For market risks, the Company has established a sound risk management organizational structure and built risk management processes that enables end-to-end coverage of investment activities before, during and after making the investments, with risk limits applied to every investment. The Company annually reviews and approves risk limits for the Company as well as each and every proprietary business lines, including exposure limits, stop-loss limits, VaR limits, sensitivity index limit and stress testing limits, and charges the Risk Management Department to monitor and supervise their implementation and compliance. The Company has adopted daily mark-to-market practices, and implemented stop-loss procedures commensurate with its trading strategies. On a regular basis, the Company assesses the risk tolerance of its proprietary business lines, the effectiveness of its risks and the income level after risk adjustments, and includes the assessment results in the performance evaluation of these business lines. The Company makes on-going efforts to improve its proprietary business management system, including automated controls over relevant limit indicators.

In 2020, the overall scale of the Company's proprietary business increased to achieve better investment income, with market risk effectively controlled within the scope of various risk limit indicators.

##### (1) Value at risk (VaR)

The Company adopts VaR as a tool to measure the market risk of its entire securities investment portfolio comprising different types and varieties of financial instruments. VaR is a method that estimates the maximum possible loss on the portfolio due to movements in market interest rates or securities prices over a specified time period and within a given confidence level.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.3 Market risk (Continued)

###### (1) Value at risk (VaR) (Continued)

The VaR of the Company's investment portfolio is calculated using the portfolio's historical data information. Although VaR analysis is a key instrument for measuring market risk, it has to rely on historical data and relevant information, and accordingly, it has certain inherent limitations so that it may not accurately predict the future changes of risk factors and in particular, cannot effectively reflect the risk under extreme market conditions. As a supplementary measure, the Company implements daily and specific stress tests to assess the impact on extreme adverse movements in risk indicators to the net capital of the Company and the profit and loss on proprietary portfolio and proposes emergency plans with relevant recommendations and measures accordingly.

Consistent with its internal risk management policy and comparable with peers, the Group's VaR was computed at a confidence level of 95% and with a holding period of 1 trading day. The Group's VaR analysis by risk categories is summarized as follows:

	31 December 2020	31 December 2019
Equity price-sensitive financial instruments	153,437	166,277
Interest rate-sensitive financial instruments	183,447	116,813

In addition, for the purpose of maintaining market stability, the Company made contributions to a special account solely managed by China Securities Finance Corporation Limited and agreed with other investing securities companies to share risks and returns on the investments in proportion to their respective contributions. This investment is also exposed to market risks, but since it is impossible to accurately estimate the exposure, it is not included in the VaR calculation above.

## Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.3 Market risk (Continued)

###### (2) Interest rate risk

Interest rate risk represents the risk of losses to the fair values or future cash flows of financial instruments due to adverse movements in market interest rates. The Company's interest rate risk primarily comes from the interest rate-sensitive financial instruments whose fair values are subject to changes due to adverse movements in market interest rates.

The Company primarily uses interest rate sensitivity analysis to monitor its interest rate risk. Sensitivity analysis measures the impact of fair value changes of financial instruments held at the year-end on the Company's total revenue and total equity when reasonable and possible changes occur to interest rates, assuming all other variables remain the same and market interest rates shift in a parallel manner and does not consider any risk management actions that the management may take to reduce its interest rate risk.

Interest rate sensitivity analysis are as follows:

	31 December 2020	31 December 2019
<b>Sensitivity to revenue</b>		
Change in basis points		
+25 basis points	(502,806)	(303,623)
- 25 basis points	506,548	305,685
<b>Sensitivity to equity</b>		
Change in basis points		
+25 basis points	(250,464)	(267,953)
- 25 basis points	252,889	273,987

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.3 Market risk (Continued)

###### (3) Foreign currency rate risk

With respect to foreign exchange rate risk, the Group's foreign-currency-denominated assets and liabilities represent only a small portion in its entire assets and liabilities portfolio. As at 31 December 2020, the foreign exchange exposure is approximately RMB1,533 million (31 December 2019: RMB1,621 million). The Group manages its foreign exchange rate risk by implementing integrated management of domestic and foreign Fixed-Income securities, Currencies and Commodities (FICC) and derivatives business, limiting the size of its foreign-currency-denominated assets and liabilities and setting stop-loss limits for proprietary investments by its overseas subsidiaries. The majority of its income-generating business activities under the current structure are conducted in RMB, with only a small portion denominated in foreign currencies. Given the small portion of the foreign-currency-denominated businesses in both its assets and liabilities portfolio and income structure, the Group believes that its foreign exchange rate risk has an insignificant impact on its current operations.

###### (4) Other price risks

Other price risks refer to risks of fair value decline to the Group's investment portfolio due to fluctuations in market prices other than stock prices, interest rates, and foreign exchange rates, including primarily commodity prices. The Group's investment portfolio primarily comprises equity securities and their derivative instruments as well as fixed income businesses. Other market price-related businesses include gold trading and commodity derivatives trading where the Group primarily focuses on providing liquidity services and arbitrage trading. The size of its portfolio represents a very small portion of the Group's portfolio and a negligible risk exposure. Accordingly, the Group believes that the other price risks do not have a significant impact on the Group's current operations.

(In RMB thousands, unless otherwise stated)

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.4 Capital management

The Group's objectives of capital management are:

- To safeguard the Company's ability to continue as a going concern so that it can continue to provide returns for equity holders and benefits for other stakeholders;
- To support the Group's stability and growth;
- To maintain a strong capital base to support the development of their business; and
- To comply with the capital requirements under the PRC regulations.

In accordance with Administrative Measures for Risk Control Indicators of Securities Companies (Revised 2016) (the "Administrative Measures") issued by the CSRC in 2016 and Calculation Standards for Risk Control Indicators of Securities Companies (CSRC Announcement [2020] No.10) (the "Calculation Standards") issued by the CSRC in 2020, respectively, the Company is required to meet the following standards for risk control indicators on a continual basis:

- The risk coverage ratio shall be no less than 100%;
- The capital leverage ratio shall be no less than 8%;
- The liquidity coverage ratio shall be no less than 100%;
- The net stable funding ratio shall be no less than 100%;

## Notes to the Consolidated Financial Statements (Continued)

*For the year ended 31 December 2020*

*(In RMB thousands, unless otherwise stated)*

### 53 FINANCIAL INSTRUMENTS RISK MANAGEMENT (Continued)

#### Risk analysis and control (Continued)

##### 53.4 Capital management (Continued)

Risk coverage ratio = net capital/sum of various risk capital provisions x 100%,

Capital leverage ratio = core net capital/total asset on-/off-balance-sheet x 100%,

Liquidity coverage ratio = high quality liquid assets/net cash outflow in 30 days x 100%,

Net stable funding ratio = available amount of stable funding/required amount of stable funding x 100%.

Core net capital refers to net assets minus risk adjustments on certain types of assets as defined in the Calculation Standards.

In March 2020, the Company received a Notice on the Matters about the Pilot of Consolidated Risk Control and Monitoring from CSRC (Notice of Department of Institutions (2020) No. 663), which allowed the Company to officially participate in the pilot of consolidated risk control and to implement differentiated calculation standards for risk control indicators.
