Chairman's Statement

Chairman's Statement (Continued)

We have positioned ourselves as a financial service provider which offers diversified products to SMEs and individuals. By insisting on the dual-driver strategy of “inclusive finance and technology finance”, we strive to become a comprehensive financial service group integrating pawnshop, micro-finance, turnover loan fund, commercial factoring, insurance brokerage and investment.

On behalf of the board of directors of China Huirong Financial Holdings Limited, I am pleased to present the annual report for the year ended 31 December 2020.

In 2020, in the face of the COVID-19 pandemic and changes in regulatory policies, the Company actively adjusted its business strategies to face pressure and challenges. On the inclusive finance business side, we strengthened the marketing efforts of real estate backed loan business to overcome the impact of intensified market competition and lower interest rate ceilings. We increased investment in financial technology and became the first private financial enterprise in Suzhou to offer the “Internet + Real Estate Mortgage Registration” service. On the technology finance business side, commercial factoring successfully introduced strategic investment of state-owned capital, with registered capital increased to RMB100 million. On the online lending intermediary business side, liquidation procedures have been completed in accordance with the requirements of the regulators. We have paid the full principal and interest of investors and accumulated a good social reputation. On the insurance brokerage business side, the Construction Workers' Accident Insurance Coinsurance business has maintained stable operation, and the division's business has grown rapidly. On the headquarters management side, the Company has actively reduced costs and expenses, and carried out a human resource optimization plan, which resulted in a significant reduction in general and administrative expenses and interest expense compared to 2019, offsetting partial impact of decreased revenue on profit-making.

Hereby I would like to express my sincere gratitude on behalf of the Board to all of our staff for their diligent contribution and to all shareholders for their full support.

In 2021, on the basis of a comprehensive analysis of the favorable and unfavorable factors for development, we summarized our business strategy as “reinforce marketing, improve risk control, seize development opportunities, and build high-level talent team”. For this purpose, the Company will continue to enhance its market competitiveness and implement its national expansion strategy by using the strengths in aspects such as relations with local governments, social reputation and innovation capacity. The Company will also pay attention to the latest changes in the macroeconomic environment and the real estate market, and maintain a sense of sensitivity and urgency in a crisis. While adhering to the existing business model, the Company will also actively deploy in the fields of artwork pawn, special asset management and equity investment. In order to form a high-caliber and flexibly functional talent team, the Company will insist on introducing younger and professional external talents, tapping and enhancing the potential of internal talents. The Company will attach great importance to promoting the construction of the headquarters building project, and strive to relocate the office location to the headquarters building within 2021.

In 2021, we will unite as one to welcome a proud Year of the Ox!

China Huirong Financial Holdings Limited

WU Min

Chairman of the Board of Directors

31 March 2021

Management Discussion and Analysis

With the goal of achieving nationwide business coverage, the Company has fully leveraged its status as a listed company in Hong Kong and its access to the international capital markets and implemented the dual-driver strategy of “inclusive finance and technology finance”, for striving to offer comprehensive financial services to small and medium enterprises (“SMEs”) and individual clients as well as offer quality and safe financial assets to investors and financial institutions. As our brand has been well recognized by the public with our stable asset quality and our continuously improved profitability, we have gradually developed into a company that offers comprehensive fin-tech services.

In 2020, as the COVID-19 pandemic has swept the globe, the Company’s business operations have slowed down which resulted in a decrease in revenue. The Company has actively reduced costs and expenses, and carried out a human resource optimization plan, which resulted in a significant reduction in general and administrative expenses and interest expense compared to 2019, offsetting partial impact of decreased revenue on profit-making. With a significant improvement of the pandemic situation in Mainland China, the situation of the Company’s business operation has demonstrated a tendency of stability and recovery. The management believes that pursuing the original development strategies will lead to sustainable and stable contributory value for its Shareholders.

Management Discussion and Analysis (Continued)

1. Business Review and Development

1.1 Inclusive Finance Business Division

The inclusive finance business division conducts its business through platforms such as Suzhou Wuzhong Pawnshop Co. Ltd.* (蘇州市吳中典當有限責任公司) (“Wuzhong Pawnshop”) (the largest pawnshop in Mainland China in terms of paid-up registered capital (RMB1,000 million)), Suzhou Wuzhong District Dongshan Agricultural Microfinance Co., Ltd.* (蘇州市吳中區東山農村小額貸款有限公司) (“Dongshan Micro-finance”) (a company with paid-up registered capital of RMB300 million and partially owned by local government), Suzhou Huifang Rongtong SME Guided Turnover Loan Fund (Limited Partnership)* (蘇州匯方融通中小微企業轉貸引導基金合夥企業(有限合夥)) (“Huifang Rongtong”) (a company with paid-up registered capital of RMB100 million, and partially owned by a state-owned enterprise). The division conducts inclusive finance business by adhering to inclusive finance principle of small scale and decentralization and has attached great importance to risk prevention and control. Major products under this division include secured loans (including real estate backed loans and personal property backed loans) and unsecured loans (including equity interest backed loans, guaranteed loans and other unsecured loans), which focus on solving problems of short-term liquidity needs of SMEs and personal short-term liquidity needs. The business of inclusive finance business division currently mainly covers Suzhou, Hong Kong, Chengdu, Wuhan and Hefei, and is striving to become a leading service provider of inclusive finance in the PRC.

(a) Wuzhong Pawnshop

For the year ended 31 December 2020, the following table sets out the details of total transaction amount and number of loans granted during the indicated periods:

	For the year ended 31 December	
	2020	2019
Total transaction amount of new secured loans (RMB million)		
Total transaction amount of new real estate backed loans	405	329
Total transaction amount of new personal property backed loans	26	66
Total transaction number of new secured loans		
Total transaction number of new real estate backed loans	527	386
Total transaction number of new personal property backed loans	856	3,275
Total transaction amount of new unsecured loans (RMB million)	784	922
Total transaction number of new unsecured loans	65	47

Wuzhong Pawnshop primarily engages in secured loan and unsecured loan businesses. Secured loans business mainly includes real estate backed loans and personal property backed loans.

Management Discussion and Analysis (Continued)

Real estate backed loan business primarily provides personal residential mortgage loans against properties located at core urban areas and is characterised by low risks and low turnover rates. Its business coverage mainly concentrates in Jiangsu Province, Chengdu, Wuhan and Hefei. As one of the core products of the inclusive finance business division, secured loans have quality customer resources and have maintained a sound and steady trend of development. As of 31 December 2020, the total transaction amount and number of new real estate backed loans granted by the Company were RMB405 million and 527, respectively, representing a significant increase as compared to 2019. The increase was due to the Company actively overcoming the impact of the COVID pandemic, adhering to the concept of small and decentralized inclusive financial development, and making great efforts to cope with the competition from commercial banks and private financial institutions. Eventually, the Company has maintained a healthy development trend.

For personal property backed pawn loan business, the Company has developed a variety of personal property pawn loan products, including gold, jewelry, works of art, diamonds, watches, luxury goods, and the business mainly covers urban areas of Suzhou. In 2020, the Company implemented the reform of the business of personal property backed pawn loan, which included the management reforms such as store manager competition for employment, two-way selection between store managers and shop assistants for team composition, bottom-line performance indicators, etc., and service innovations such as the launch of fixed-term products and home-visit services. As of 31 December 2020, the Company granted new personal property backed pawn loans in the total transaction amount and number of RMB26 million and 856 respectively.

Unsecured loans mainly include equity interest backed loans and other products, which are designed to enrich product categories, meet customers' differentiated credit demands, and offer comprehensive financial services to our customers. In order to help customers cope with the uncertain impact of the COVID pandemic, as of 31 December 2020, the Company granted new unsecured loans in the total transaction amount and number of RMB784 million and 65 respectively.

(b) Turnover loan business of Huifang Rongtong

Huifang Rongtong primarily engages in unsecured loan businesses. For the year ended 31 December 2020, the following table sets out the details of total new loans granted to SMEs and individuals under our turnover loan business during the indicated periods:

	For the year ended 31 December	
	2020	2019
Total new loan amount granted (RMB million)	2,328	2,620
Total number of new loans granted	370	253
Balance at the end of the Reporting Year (principal) (RMB million)	64.2	41.1

Huifang Rongtong primarily offers bank bridge loans. Bank bridge loans primarily provide funds for bridge of bank loans to SMEs who has continuous banking facility, with the features of low risks and high turnover rates. Currently, Huifang Rongtong has reached strategic cooperation on such bank bridge loan with more than 30 banks. The Company had established a sub-loan fund with Suzhou Wuzhong Financial Holdings Group Limited* (蘇州市吳中金融控股有限公司), a company owned by the Wuzhong District Government in Suzhou of Jiangsu Province, and such government-enterprise cooperation fund is scarce in Suzhou and even Jiangsu Province. The fund has served a large number of SMEs and local government platforms and accumulated over 1,000 individual and corporate customers.

Management Discussion and Analysis (Continued)

In 2020, the Suzhou Municipal Government issued the “Administrative Measures for Sub-loan Services in Suzhou (Trial)” (《蘇州市轉貸服務管理辦法(試行)》), establishing a financial service center for SMEs, and launching a sub-loan service platform to support the development of SMEs. Huifang Rongtong has been highly valued by the government due to its exemplary operation in the previous years and has become a regional service unit of the sub-loan service platform, strengthening in-depth collaboration with banks.

As of 31 December 2020, the total amount and number of new loans granted by Huifang Rongtong were RMB2,328 million and 370, respectively, which represented a slight decrease in amount and a significant increase in number as compared with 2019. This was due to the relaxation of national financial regulatory policies during the COVID pandemic, which allowed more customers to benefit from loan renewal policies (in spite of no repayment being made), which in turn led to the loss of part of the demand for sub-loan. Therefore, the Company focused on exploring and serving the sub-loan needs of small-scale enterprise customers thereby diversifying its customer base.

(c) Dongshan Micro-finance

For the year ended 31 December 2020, the following table sets out the details of total new loans secured by real estate, guaranteed loans and other unsecured loans during the indicated periods:

	For the year ended 31 December	
	2020	2019
Total amount of new loan granted (RMB million)	341	941
Total number of new loans granted	159	623
Balance at the end of the Reporting Year (principal) (RMB million)	376	382

Dongshan Micro-finance is one of the few micro-finance companies rated “AA” in Jiangsu Province, and primarily engages in providing small loans for “rural areas, agriculture and rural people” (“三農”) purposes and financial services such as finance guarantee. Since its establishment, Dongshan Micro-finance has been operating steadily, creating continuous profit contribution for the Shareholders. On 13 January 2020, the Company acquired another 10% equity interest in Dongshan Micro-finance. After the completion of the acquisition, it held a total of 70% equity interest in Dongshan Micro-finance.

As of 31 December 2020, the total amount and number of new loans granted by Dongshan Micro-finance were RMB341 million and 159, respectively, both decreased as compared with RMB941 million and 623 in 2019. This was because the Company ceased to provide loans for mortgage redemption purposes in line with the tightening of national regulatory policies on micro-finance companies. This type of business features small single amount and high turnover rate, resulting in a decrease in the total amount and number of new loans granted during the Reporting Year. The management of the Company is actively looking for alternative products.

Management Discussion and Analysis (Continued)

1.2 Technology Finance Business Division

The technology finance business division is mainly dedicated to three major operations including commercial factoring, supply chain management and Hong Kong operation. Functioning as a new strategic business division of the Company, it focuses on supply chain finance scenarios and provides customers with quality financial services by utilizing financial technologies such as big data, artificial intelligence and blockchain under the guidance of prudent and rigorous risk control policies.

(a) Commercial Factoring Business

Suzhou Huida Commercial Factoring Co., Ltd.* (蘇州匯達商業保理有限公司) was established on 30 May 2016 with a registered capital of RMB100 million and is principally engaged in accepting assignment of accounts receivable from core enterprise customers and installment of accounts receivable. The company has changed the traditional operating model of factoring business through financial technologies and has effectively competed with traditional factoring companies through differential positioning and focusing on the funding demands under specific consumption and trading scenarios. The following table sets out the operating information of the factoring business as of 31 December 2020:

	For the year ended	
	31 December	
	2020	2019
Total number of new transaction relating to accounts receivable assignment	19	9
Total number of transaction relating to installment of accounts receivable	0	56

(b) Supply Chain Management

The technology finance business division has also established a supply chain management company, which is committed to providing services for supermarkets, e-commerce platforms and logistics enterprises, focusing on new supply chain scenarios to provide financial services to small and micro enterprises.

(c) Hong Kong Operation

The technology finance business division obtained a money lender's license in Hong Kong in January 2019 and carried out business in cooperation with local licensed money lenders. As at 31 December 2020, the balance of outstanding loans as at the end of the Reporting Year was RMB22 million.

1.3 Insurance Brokerage Business Division

By taking "Integrity, Responsibility, Professionalism and Compliance" as its corporate philosophy, Suzhou Huifang Anda Insurance Agency Company Limited* (蘇州匯方安達保險代理有限公司) ("Huifang Anda"), formerly named as Nanjing Shun'an Insurance Agency Company Limited* (南京舜安保險代理有限公司), a branch under insurance brokerage business division, actively integrated its resources with local government and insurers to target insurance consortium, government and state-owned platforms, foreign-funded enterprises as the business expansion direction. Its brokerage business scope of insurances covers property insurance, credit and guarantee insurance, liability insurance, personal insurance and others. The "Wuzhong District Construction Workers' Accident Insurance Coinsurance", which is operated by Huifang Anda and other major insurance companies in Wuzhong District, Suzhou, is well-known and exclusive in the region, and is one of the insurance types that the Company is making efforts to develop.

Management Discussion and Analysis (Continued)

2. Financial Review

2.1 Overall Financial Data

	For the year ended 31 December	
	2020 RMB'000	2019 RMB'000
Operating Results		
Operating income	259,806	344,134
Net operating income	92,111	158,627
Net assets	1,941,898	1,948,444
General and administrative expenses	52,649	70,300
Income tax expenses	12,038	25,644
Profit attributable to equity holders	2,216	50,429
Basic earnings per share (RMB Yuan)	0.002	0.046

2.2 Financial Analysis on Three Principal Business Divisions

2.2.1 Inclusive Finance Business Division

	For the year ended 31 December	
	2020 RMB'000	2019 RMB'000
Operating income	218,889	276,189
Operating cost	12,733	49,325
Other non-operating losses	(138,284)	(139,632)
Profit before tax	67,872	87,232

For the first half of 2020, the product lines of the inclusive finance business division were severely affected by COVID pandemic. At the same time, with the lowering of bank credit standards and customer access threshold, the development of the inclusive finance business division encountered greater obstacles and difficulties, resulting in a decline in the operating income and profit. Since the third quarter of 2020, with the return of fiscal and monetary policies to normal, business has gradually recovered. As of 31 December 2020, the operating income of this division amounted to RMB218,889 thousand and the profit before tax amounted to RMB67,872 thousand.

Management Discussion and Analysis (Continued)

2.2.2 Technology Finance Business Division

	For the year ended 31 December	
	2020 RMB'000	2019 RMB'000
Operating income	11,037	7,188
Operating cost	132	89
Other non-operating losses	(9,449)	(2,404)
Profit before tax	1,456	4,695

As an emerging strategic department of the Company, the technology finance business division has carried out continuous exploration and innovation in 2020, in which factoring business has launched new products and successfully introduced strategic equity participation of state-owned capital and collective-owned capital, focused on government engineering factoring business, and successfully obtained bank financing, laying a solid foundation for future development. As of 31 December 2020, the operating income amounted to RMB11,037 thousand and the profit before tax amounted to RMB1,456 thousand.

2.2.3 Online Lending Intermediary Business Division

	For the year ended 31 December	
	2020 RMB'000	2019 RMB'000
Operating income	1,886	11,999
Operating cost	—	13
Other non-operating losses	(2,277)	(7,251)
(Loss)/profit before income tax	(391)	4,735

The online lending intermediary business division has ceased granting new loans and started transformation since 1 January 2020, and the original lending business will gradually be discontinued with the settlement of principal and interest. Liquidation procedures have been completed in September 2020 in accordance with the restrictive requirements of the regulatory authorities. As of 31 December 2020, the operating income amounted to RMB1,886 thousand and the loss before tax amounted to RMB391 thousand.

Management Discussion and Analysis (Continued)

2.2.4 Insurance Brokerage Business Division

	For the year ended 31 December	
	2020 RMB'000	2019 RMB'000
Operating income	6,049	30,171
Operating cost	6,133	26,092
Other non-operating losses	(1,585)	(1,772)
(Loss)/profit before tax	(1,669)	2,307

In 2020, the insurance brokerage business division has actively overcome the impact of the COVID pandemic. The Construction Workers' Accident Insurance Coinsurance business has maintained stable operation, and the division's business has grown rapidly. As of 31 December 2020, the operating income amounted to RMB6,049 thousand and the loss before tax amounted to RMB1,669 thousand.

2.2.5 Headquarters and Others

	For the year ended 31 December	
	2020 RMB'000	2019 RMB'000
Operating income	23,395	21,578
Operating cost	21,504	7,253
Other non-operating losses	(47,349)	(22,408)
Loss before tax	(45,458)	(8,083)

As the core of the Group's progress and development, the headquarters has undertaken the service functions of investment management, risk prevention and control, scientific and technological support, logistics support, etc. In recent years, it has been committed to lowering costs and increasing efficiency. In the future, it will continue to promote fine management to increase income and reduce expenditure.

Management Discussion and Analysis (Continued)

3. Credit Risk

3.1 Loan Classification and Impairment Allowances

Management Discussion and Analysis (Continued)

- (a) Secured loans to customers comprise real estate backed loans and personal property backed loans.
- (b) Unsecured loans to customers comprise equity interest backed loans, guaranteed loans and other unsecured loans.

In light of the changes in market environment, impairment allowances were made to adequately reflect the Group's market risk exposure. As at 31 December 2020, the aggregate impairment allowance for secured loans to customers and unsecured loans to customers amounted to RMB603,670 thousand, representing approximately 24.97% of the total outstanding loans granted to customers (before provision); the overall impairment allowance of the Company increased by RMB137,626 thousand as compared with the end of last year.

The following table sets forth the breakdown of impairment allowance of the Group as of the indicated dates:

	As at 31 December	
	2020 RMB'000	2019 RMB'000
Secured loans to customers	363,747	263,784
Unsecured loans to customers	239,923	202,260
	603,670	466,044

3.2 New Loans under Legal Proceedings

	For the year ended 31 December	
	2020	2019
New Secured Loans		
Number of clients	18	38
Outstanding loans (RMB thousand)	19,384	132,385
New Unsecured Loans		
Number of clients	2	5
Outstanding loans (RMB thousand)	5,244	35,574

As at 31 December 2020, the balance of new secured loans under legal proceedings and new unsecured loans under legal proceedings was RMB19,384 thousand and RMB5,244 thousand, respectively, representing a significant decrease of the balance of new loans under legal proceedings from the end of the previous year.

Management Discussion and Analysis (Continued)

4. Borrowings

	As at 31 December	
	2020	2019
Non-current		
Bank borrowings (a)	50,380	—
Current		
Bank borrowings (b)	436,489	936,400
Borrowings from microfinance companies (c)	23,500	33,500
Borrowings from securities company	—	10,000
Borrowings from other company	—	13,530
SME private placement bond issued	—	2,800
	459,989	996,230
	510,369	996,230

(a) As at 31 December 2020, non-current bank borrowing with principle amount of RMB50.4 million is borrowed specifically for the construction of China Huirong Headquarters Building. The borrowing is repaid in the scheduled instalments within 6 years and bears floating interest rate of the 5-year Loan Prime Rate plus 15 bps. The borrowing is secured by the land-use right and guaranteed by Jiangsu Wuzhong Group Co., Ltd. ("Wuzhong Group") (31 December 2019: nil). As at 31 December 2020, the Group has undrawn bank borrowing facilities of RMB49.6 million (31 December 2019: nil).

(b) Current bank borrowings are all with maturity within one year and bear fixed interest rates ranging from 3.60% to 5.95% per annum in the year ended 31 December 2020 (2019: fixed rate from 3.45% to 5.87%).

As at 31 December 2020, bank borrowings with principal amount of RMB210.8 million (2019: RMB315.0 million) are secured by restricted term deposits of US\$33.8 million (2019: US\$50.2 million).

As at 31 December 2020, bank borrowings with principal amount of RMB65.5 million (2019: RMB261.5 million) are secured by restricted term deposits of RMB68.6 million (2019: RMB275.9 million).

As at 31 December 2020, bank borrowings with principal amount of RMB120.2 million (31 December 2019: RMB180.0 million) are guaranteed by Wuzhong Jiaye and the Ultimate Shareholders.

As at 31 December 2020, bank borrowings with principal amount of RMB20.0 million (2019: nil) are guaranteed by Huifang Tongda.

The fair values of bank borrowings approximate their carrying amounts as the discounting impact is not significant.

The Group's borrowings are denominated in RMB.

(c) As at 31 December 2020, borrowings from microfinance companies with principal amount of RMB23.5 million are guaranteed by Wuzhong Group (2019: RMB33.5 million).

During the year ended 31 December 2020, the Group has not entered into any derivative instruments to hedge its foreign exchange exposures. Additionally, the Group currently does not have an interest rate hedging policy.

Management Discussion and Analysis (Continued)

5. Capital Expenditure

Our capital expenditure primarily consists of purchases of property, plant and equipment, intangible assets and properties under development. Our capital expenditure was RMB7,259 thousand for the year ended 31 December 2020, as compared with RMB983 thousand for 2019.

6. Significant Investments, Acquisition and Disposal

The investment goal of the Group is to enhance the value of the Company for its shareholders.

6.1 Acquisition of Dongshan Micro-finance

On 13 January 2020, the Company acquired a total of 10% equity interests in Dongshan Micro-finance, which is an indirect non-wholly-owned subsidiary of the Company. Upon completion of the acquisition, the Company holds a 70% equity interest. The Group's investment strategy is to increase the shareholding ratio of high-dividend projects and increase dividend income.

6.2 Disposal of Huida Commercial Factoring

On 29 May 2020, the Company disposed of 40% of its 100% equity interest in Huida Commercial Factoring as a result of receiving capital contribution for the purpose of introducing state-owned and collective capital into the Group's downstream shareholding structure. The Group believes this will further improve its credit level which is conducive to its business expansion procurement of further bank financing and servicing of more small and micro enterprises in the PRC.

6.3 Investment in China Huirong Headquarters building

On 2 December 2020, Huifang Tongda obtained the construction permit for the construction project of China Huirong Headquarters building (Sudi 2017-WG-51), and officially started construction. The total construction scale of the project is 17,894.27 square meters. The total investment is expected to be approximately RMB143 million. The project is scheduled to be completed in October 2021. The purpose of this investment is to create a positive working atmosphere for the Company and to attract other companies to relocate to the building with a professional working environment.

Save as disclosed in this announcement, there were no other material acquisitions and disposals of subsidiaries, associates and joint ventures made by the Group during the Reporting Year.

Management Discussion and Analysis (Continued)

7. Contingencies, Contractual Obligations and Cash Usage Analysis

7.1 Contingencies

As at 31 December 2020, the Group did not have any material contingencies (2019: nil).

7.2 Commitments

(a) Capital commitments

	As at 31 December	
	2020 RMB'000	2019 RMB'000
China Huirong Headquarters Building	87,162	—
Hillcrest Associated Limited	—	438

7.3 Cash Usage Analysis

As at 31 December 2020, the Group's cash and cash equivalents amounted to RMB103,919 thousand, representing a decrease of RMB77,119 thousand as compared with that of 2019. The following table sets forth a summary of our cash flows for the indicated periods:

	For the year ended 31 December	
	2020 RMB'000	2019 RMB'000
Net cash inflow/(outflow) from operating activities	410,782	(53,043)
Net cash outflow from investing activities	(7,259)	(21,437)
Net cash (outflow)/inflow from financing activities	(479,171)	121,432
Net (decrease)/increase in cash and cash equivalents	(75,648)	46,952
Cash and cash equivalents at the end of year	103,919	181,038

Net Cash Flow from Operating Activities

During the Reporting Year, net cash inflow from operating activities amounted to RMB410,782 thousand, mainly due to the State Administration of Foreign Exchange cancelled the restriction on the domestic use of funds raised from listing, and the Company successively settled foreign exchange with the funds in the form of term deposits raised from listing and repaid borrowings.

Net Cash Flow from Financing Activities

During the Reporting Year, net cash outflow from financing activities amounted to RMB479,171 thousand, mainly due to the State Administration of Foreign Exchange cancelled the restriction on the domestic use of funds raised from listing, and the Company successively settled foreign exchange with the funds in the form of term deposits raised from listing and repaid borrowings.

Management Discussion and Analysis (Continued)

8. Human Resource and Employee Benefits

As at 31 December 2020, the Group had a total of 140 full-time employees, with a decrease of 21 people from 161 people as at 31 December 2019. Based on the development of our business, we will formulate diversified human resources optimization plans, and review of our employees' performance so as to adjust the number of our employees and our remuneration policy.

For the year ended 31 December 2020, the expenses for employee remuneration and benefits were approximately RMB28,416 thousand, representing an decrease of approximately RMB10,435 thousand compared with the same period of last year.

Pursuant to the applicable PRC regulations, we have made contributions to social security insurance funds (including pension plans, medical insurance, work-related injury insurance, unemployment insurance and maternity insurance) and housing funds for our employees. We have been in compliance with all statutory social insurance and housing fund obligations applicable to us under PRC laws in all material respects. We are not subject to any collective bargaining agreements.

9. Future Plans Relating to Material Investments

Save as disclosed in this report, the Group has no other plans for material investments or acquisition of capital assets. However, the Group will continue to seek for new business opportunities.

10. Events After Reporting Year

After 31 December 2020, certain subsidiaries of the Group declared dividends with an aggregate amount of RMB34.3 million, of which RMB10.0 million is paid to non-controlling interests.

Management Discussion and Analysis (Continued)

Prospects

Inclusive Finance Business Division: The Company will continue to develop small-amount, dispersed and short-term inclusive finance to cope with the intensifying market competition. Firstly, the Company will expand and strengthen its loan facilitation model in cooperation with banks while developing its real estate backed loan business. Secondly, as the Chinese government attaches great importance to the sub-loan fund business, the Company will seize the opportunity to expand its influence and reputation. Thirdly, the Company will continue to adhere to the business philosophy of pursuing progress while ensuring stability and maintaining a stable operating scale and profit in its small-amount loan business. Fourthly, the Company will continue to promote innovation in its business model and products in the pawn industry to attract new customers.

Technology Finance Business Division: The Company will continue to explore technology finance based on supply chain scenarios. Firstly, in terms of commercial factoring business, the Company will focus on promoting its financing capacity and service quality with the introduction of state-owned and collectively-owned shares, to improve profitability by making full use of financial leverage. Secondly, in terms of supply chain management business, the Company will continue to develop into the consumer goods sector and establish a supply chain data platform to build a sound ecological closed loop of supply chain. Thirdly, the Company will continue to pay attention to the development of the epidemic and changes in the economic situation in Hong Kong, so as to monitor the operation strategy and risk appetite of its business in Hong Kong.

Insurance Brokerage Business Division: Leveraging the market resources of shareholders which are state-owned companies, the Company will focus on its fundamental businesses such as property insurance, extend its business coverage and obtain the insurance projects with financial payments or subsidies as well as existing insurance projects funded by regional State-owned Assets Supervision and Administration Bureaus and regional governments. The Company will also strengthen the reserve of professionals and develop a team assessment and management system with a healthy competition mechanism, to expand its business operations and cultivate new profit growth drivers.

Directors and Senior Management

Directors

The Board currently consists of nine Directors, comprising two executive Directors, four non-executive Directors and three independent non-executive Directors.

Executive Directors

Mr. WU Min (吳敏), aged 52, is the chairman and the chief executive officer of our Company and was appointed as an executive Director of the Company on 17 May 2012. Mr. Wu is responsible for convening and presiding over the board meetings regularly and making decisions for the key issues of our Company, such as determining the Company's macroscopic development direction, researching into relevant national policies and avoiding the systemic risks in our industry and the day-to-day operations and strategic development of our Company. Upon joining our Group in 26 January 2011, Mr. Wu has been the General Manager of the PRC Operating Entity. He possesses approximately 30 years of experience in commercial banking, finance and management. Mr. Wu worked in various positions in the Suzhou branch of the Industrial and Commercial Bank of China from 1985 to 2011, including being the President and Secretary of the Committee of Communist Party of China of the Wuzhong branch between 2005 and 2011. Mr. Wu graduated from Jiangsu Radio and TV University (江蘇廣播電視大學), majoring in finance, in July 1994; from the Party School of the Central Committee of Communist Party of China Correspondence Institute (中共中央黨校函授學院), majoring in executive management, in December 2001 and from the School of Business of Soochow University (蘇州大學商學院) in October 2003, where he completed a postgraduate course in finance and from China Europe International Business School in November 2017, where he completed an EMBA degree. In November 2000, Mr. Wu obtained the Intermediate Economist qualification (中級經濟師任職資格) issued by the Ministry of Personnel of the PRC (中國人事部).

Mr. ZHANG Changsong (張長松), aged 48, is the chief financial officer of the Company and was appointed as an executive Director of the Company on 4 January 2016. He is also a general manager of Technology Finance Division of the Company. Mr. Zhang is a senior accountant recognized by the Jiangsu Provincial Department of Human Resources and Social Security and a certified internal auditor recognized by the China Institute of Internal Audit with the authorization from the Institute of Internal Auditors. Mr. Zhang has also been awarded the professional designation of Certification in Risk Management Assurance by the Institute of Internal Auditors. Mr. Zhang received his bachelor degree in accounting from Anhui University of Finance & Economics, formerly known as Anhui Institute of Finance and Trade, in 1998 and obtained his master degree from Tsinghua University in 2019. Mr. Zhang has more than 20 years of experience in auditing and accounting. In September 1998, he started working as an auditing staff at Anhui Xinhua Bookstore, which is currently known as Anhui Xinhua Media Co., Ltd. (the shares of which are listed on the Shanghai Stock Exchange). From 2005 to 2012, Mr. Zhang worked as an accounting supervisor, assistant manager in the asset auditing department, manager in the asset auditing department at Jiangsu Wuzhong Group Co., Ltd., respectively. During the period from 2013 to 31 December 2015, he was the vice chief auditor and general manager in the asset auditing department, a member of the audit committee and the budget committee at Jiangsu Wuzhong Group Co., Ltd.

Directors and Senior Management (Continued)

Non-executive Directors

Mr. ZHUO You (卓有), aged 52, was appointed as a non-executive Director of the Company on 17 May 2012. Mr. Zhuo is currently the director and Vice President of Wuzhong Group responsible for the strategic investment and overall management of Wuzhong Group. Mr. Zhuo is also Secretary of the Committee of the Communist Party of Wuzhong Group. He graduated from Suzhou Vocational University (蘇州市職業大學) in July 1990 where he completed a secretarial course. Mr. Zhuo was a reporter and editor of Suzhou Wuxian Radio Station (蘇州吳縣市廣播電台) from August 1990 to February 1995. (蘇州嘉鼎晟資產管理有限公司) successively. Mr. Zhou joined the Group in February 2020 as an assistant to the President of the Group.

Save as disclosed in this section, there is no financial business, family or other material relationship among the Directors and the senior management.

Directors and Senior Management (Continued)

Management Continuity

Our management team is a group of chief executive led by Mr. Wu Min, the Chairman and the chief executive officer of the Company, who joined the Group in January 2011. He has been an executive director of the PRC Operating Entity since 2011 and, as such, is responsible for overseeing the operations and making the decisions for the key issues of our Group.

Mr. Wu Min is ultimately responsible for the management team, being Mr. Zhang Changsong (joined in January 2016), Ms. Cao Yu (joined in January 2013), Mr. Yao Wenjun (joined in January 2016), and Mr. Zhou Jun (joined in February 2020), the majority of whom had been in place prior to the Track Record Period.

Joint Company Secretaries

Mr. CHAI Kun (柴琨), aged 29, was appointed as a joint company secretary of our Company on 20 April 2020. He is responsible for daily operation management, investor relations maintenance, investment and financing issues. Mr. Chai graduated from Peking University School of Government Management (北京大學政府管理學院) with a bachelor's degree in management in July 2014. He served as a secretary to the president of Jiangsu Wuzhong Group Co., Ltd. from August 2014 to February 2017. Mr. Chai joined the Group in February 2017 and successively served as senior investment manager, director of the office of the board of directors and joint company secretary.

Miss LEUNG Ching Ching (梁晶晶), aged 40, was appointed as a company secretary of our Company on 6 October 2013 and has served as a joint company secretary of our Company since 20 April 2020. Miss Leung serves as a senior manager of corporate services of Tricor Services Limited. She has over 15 years of experience in the company secretarial industry, and provided services to clients ranging from private companies to public companies listed on the main board of the Stock Exchange. Miss Leung is a Chartered Secretary and an Fellow of both The Chartered Governance Institute and The Hong Kong Institute of Chartered Secretaries. She graduated from The Chinese University of Hong Kong and received a Master of Arts degree in Professional Accounting and Information System from City University of Hong Kong.

Audit Committee

Our Company established an audit committee with written terms of reference in compliance with the Corporate Governance Code and Corporate Governance Report as set out in Appendix 14 to the Listing Rules. The audit committee consists of three members, namely Mr. Tse Yat Hong and Mr. Feng Ke, our independent non-executive Directors and Ms. Zhang Shu, our non-executive Director. Mr. Tse Yat Hong has been appointed as the chairman of the audit committee, and is our independent non-executive Director who possesses the appropriate professional qualifications. The main duties of the Audit Committee are to assist the Board in reviewing the financial information and reporting process, risk management and internal control systems, effectiveness of the internal audit function, scope of audit and appointment of external auditors, and arrangements to enable employees of the Company to raise concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

Directors and Senior Management (Continued)

Remuneration Committee

Our Company established a remuneration committee with written terms of reference in compliance with the Corporate Governance Code and Corporate Governance Report as set out in Appendix 14 to the Listing Rules. The remuneration committee consists of three members, namely Mr. Zhang Huaqiao and Mr. Tse Yat Hong, our independent non-executive Directors and Mr. Wu Min, our executive Director. Mr. Zhang Huaqiao has been appointed as the chairman of the remuneration committee. The primary functions of the Remuneration Committee include reviewing and making recommendations to the Board on the remuneration packages of individual Directors and senior management, the remuneration policy and structure for all Directors and senior management; and establishing transparent procedures for developing such remuneration policy and structure to ensure that no Director or any of his/her associates will participate in deciding his/her own remuneration.

Nomination Committee

Our Company established a nomination committee with written terms of reference in compliance with the Corporate Governance Code and Corporate Governance Report as set out in Appendix 14 to the Listing Rules. The nomination committee consists of three members, namely Mr. Feng Ke and Mr. Zhang Huaqiao, our independent non-executive Directors, and Mr. Wu Min, our executive Director. Mr. Wu Min has been appointed as the chairman of the nomination committee. The principal duties of the Nomination Committee include reviewing the Board composition, developing and formulating relevant procedures for the nomination and appointment of Directors, making recommendations to the Board on the appointment and succession planning of Directors, and assessing the independence of independent non-executive Directors.

Technology Finance Business Committee

The Company established the Technology Finance Business Committee with written terms of reference. The Technology Finance Business Committee consists of three members, namely Mr. Feng Ke, our independent non-executive Director and Mr. Wu Min and Mr. Zhang Changsong, our executive Directors. Mr. Feng Ke has been appointed as the chairman of the Technology Finance Business Committee. The main responsibilities of the Technology Finance Business Committee include formulating and developing strategies for the Group's financial technology issues ("Technology Finance Business") such as supply chain financing, providing funding using financial technology, carrying out block chain and big data analysis, and make recommendations to the Board; overseeing the implementation of the Technology Finance Business of the Group, and evaluating the performance and efficiency of the Technology Finance Business; and considering other matters as defined by the Board.

Directors and Senior Management (Continued)

Change in Directors' Information

Under the Rule 13.51B(1) of Listing Rules, the changes in Directors' information of the Company required to be disclosed in this annual report are as follows:

Mr. ZHANG Huaqiao, our independent non-executive Director, currently has served as an independent non-executive director of Radiance Holdings (Group) Company Limited (the shares of which are listed on the main board of the Stock Exchange (Stock Code: 09993)), since 5 October 2020.

Mr. TSE Yat Hong, our independent non-executive Director, currently has served as an independent non-executive director of Radiance Holdings (Group) Company Limited (the shares of which are listed on the main board of the Stock Exchange (Stock Code: 09993)), since 5 October 2020, and an independent non-executive director of E-Star Commercial Management Company Limited (the shares of which are listed on the main board of the Stock Exchange (Stock Code: 06668)), since 25 January 2021.

Mr. FENG Ke, our independent non-executive Director, ceased to be an independent director of Shenzhen Yushun Electronic Limited (深圳市宇順電子股份有限公司) (the shares of which are listed on the Shenzhen Stock Exchange (Stock Code: 002289)), since 15 October 2020.

Compensation of Directors and Senior Management

The aggregate amount of remuneration for our Directors (including fees, salaries, contributions to pension schemes, discretionary bonuses, housing and other allowances, share option schemes and other benefits in kind) for the years ended 31 December 2019 and 2020 was approximately RMB3,697 thousand and RMB3,040 thousand, respectively.

During the years ended 31 December 2019 and 2020, five highest paid individuals of the Group included two executive Directors, whose emoluments were deducted from emoluments payable to the five highest paid individuals. Emoluments of the remaining highest paid individuals were RMB2,722 thousand and RMB2,309 thousand.

No remuneration was paid by us to our Directors or the five highest paid individuals as an inducement to join or upon joining us or as a compensation for loss of office in respect of the year ended 31 December 2020.

Save as disclosed above, no other payments have been made or are payable in respect of each of the two years ended 31 December 2019 and 2020 by the Group to the Directors.

Our Board will review and determine the remuneration and compensation packages of our Directors and chief executives in reference to the recommendations from the Remuneration Committee which will take into account salaries paid by comparable companies, time commitment and responsibilities of the Directors and performance of our Group.

Directors' Report

The Board of the Company is pleased to present its report together with the audited consolidated financial statements of the Group for the year ended 31 December 2020.

Principal Activities

The Company is an investment holding company. The principal activity of the Group is the provision of comprehensive financing services in the PRC.

The results of the Group for the year ended 31 December 2020 and the state of the Company's and the Group's financial affairs as at that date are set out on pages 79 to 80 of this annual report.

Final Dividend

The Board did not recommend the payment of any final dividends for the year ended 31 December 2020.

Closure of Register of Members

The register of members of the Company will be closed from Tuesday, 25 May 2021 to Friday, 28 May 2021 (both dates inclusive), during which period no transfer of shares will be registered. In order to qualify for attending and voting at the forthcoming annual general meeting, all transfer documents accompanied by the relevant share certificates must be lodged with the Company's Hong Kong branch share registrar, Computershare Hong Kong Investor Services Limited, Shops 1712–1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong for registration by 4:30 p.m. on Monday, 24 May 2021.

Reserves

Changes to the reserves of the Group during the year ended 31 December 2020 are set out in the consolidated statements of changes in equity. Changes to the reserves of the Company during the year ended 31 December 2020 are set out in Note 31 to the consolidated financial statements.

Share Capital

Details of the Company's share capital are set out in Note 30 to the consolidated financial statements.

Subsidiaries

Particulars of the Company's subsidiaries as at 31 December 2020 are set out in Note 17 to the consolidated financial statements.

Directors' Report (Continued)

Financial Summary

A summary of the results and of the assets and liabilities of the Group for the last 5 financial years is set out in Page 3 of this annual report.

Purchase, Sale or Redemption of the Company's Listed Securities

The Company and its subsidiaries did not purchase, sell or redeem any of the listed securities of the Company during the year ended 31 December 2020.

Permitted Indemnity Provision

The Company has arranged for appropriate insurance cover for the directors and senior management in respect of certain liabilities arising out of corporate activities. As required by Section 470(1) and (2) of the Hong Kong Companies Ordinance (Cap. 622 of the Laws of Hong Kong) (the "Companies Ordinance"), it is confirmed that the permitted indemnity provision mentioned above is/was in force for the benefit of the directors/then directors when the directors' report prepared by the directors is approved in accordance with section 391(1)(a) of the Companies Ordinance; and has been in force throughout the financial year ended 31 December 2020, respectively. According to the Company's Articles of Association, each director is entitled to the compensation out of the assets of the Company for all losses or liabilities incurred due to the execution of his/her duties or taken place related to such execution. The Company has taken out the appropriate directors' and officers' liability insurance policy for the directors and officers of the Group as a means of security.

Equity-Linked Agreement

Apart from the Share Option Scheme of the Company set forth from pages 37 to 39, the Company has not entered into any equity-linked agreement during the Reporting Year or there was not any subsisting equity-linked agreement entered into by the Company at the end of the Reporting Year.

Directors' Report (Continued)**Directors and Senior Management**

The Directors and senior management of the Company during the year were:

Directors

Name	Position
Mr. Wu Min	Executive Director, Chairman of the Board and Chief Executive Officer

	Beneficial owner	Ordinary Shares	600,000 (L)	0.06%
Zhang Cheng	Beneficial owner	Share Options	791,000 (L) (Note 2)	0.07%
Feng Ke	Beneficial owner	Share Options	982,000 (L) (Note 2)	0.09%
Tse Yat Hong	Beneficial owner	Share Options	1,582,000 (L) (Note 2)	0.15%

Directors' Report (Continued)*Notes:*

1. (L) represents long position.
2. Details of the interest in the Share Option Scheme are set out below in the section headed "Share Option Scheme" and the announcement of the Company dated 13 September 2016.
3. These Shares are held by Assyria Babylon Investment Co., Ltd which is 100% beneficially owned by Mr. Zhuo You, and therefore, Mr. Zhuo You is deemed to be interested in all these Shares under the SFO.
4. Based on a total of 1,087,769,000 Shares in issue as at 31 December 2020.

(2) Long positions in the shares of the Company's associated corporations (within the meaning of Part XV of the SFO)

Name of Director	Name of Associated Corporation	Nature of Interest	Amount of Registered Capital	Percentage of the Total Registered Capital
Zhuo You	Jiangsu Wuzhong Jiaye Group Co., Ltd.* (江蘇吳中嘉業集團有限公司)	Beneficial owner	RMB57,000,000 (L)	6%
	Suzhou Xinqu Hengyue Management Consulting Co., Ltd.* (蘇州新區恒悅管理諮詢有限公司)	Beneficial owner	RMB12,000,000 (L)	6%

Note:

1. (L) represents long position.

Save as disclosed above, as at 31 December 2020, none of the Directors and chief executive of the Company had an interest or short position in the shares, underlying shares or debentures of the Company or any of its associated corporations that was required to be recorded pursuant to Section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code.

Directors' Report (Continued)**Interests and Short Positions of Substantial Shareholders in Shares and Underlying Shares**

As at 31 December 2020, the following parties (other than the Directors and chief executive of the Company) had interests and short positions of 5% or more of the shares or underlying shares of the Company as recorded in the register of interests required to be kept by the Company pursuant to Section 336 of the SFO:

Long positions in the shares of the Company

Name of Shareholder	Nature of Interest	Class of Shares	Number of Shares	Percentage of the Total Issued Shares (Note 7)
Xiaolai Investment Co., Ltd	Beneficial owner	Ordinary Shares	260,000,000 (L)	23.90%
Xilai Investment Co., Ltd	Beneficial owner	Ordinary Shares	65,000,000 (L)	5.98%
Zhu Tianxiao	Interest in controlled corporation	Ordinary Shares	325,000,000 (L) (Note 2)	29.88%
Baoxiang Investment Co., Ltd	Beneficial owner	Ordinary Shares	84,500,000 (L)	7.77%
Zhang Xiangrong	Interest in controlled corporation	Ordinary Shares	84,500,000 (L) (Note 3)	7.77%
Wonder Capital Co., Ltd	Beneficial owner	Ordinary Shares	71,500,000 (L)	6.57%
Ge Jian	Interest in controlled corporation	Ordinary Shares	71,500,000 (L) (Note 4)	6.57%
Southern Swan Investment Co., Ltd	Beneficial owner	Ordinary Shares	65,000,000 (L)	5.98%
Chen Yannan	Beneficial owner	Share Options	1,965,000 (L) (Note 5)	0.18%
	Beneficial owner	Ordinary Shares	1,200,000 (L)	0.11%
	Interest in controlled corporation	Ordinary Shares	65,000,000 (L) (Note 6)	5.98%

Notes:

- (L) represents long position.
- These Shares represent the 260,000,000 Shares held by Xiaolai Investment Co., Ltd and 65,000,000 Shares held by Xilai Investment Co., Ltd. Each of Xiaolai Investment Co., Ltd and Xilai Investment Co., Ltd is 100% beneficially owned by Mr. Zhu Tianxiao. Accordingly, Mr. Zhu Tianxiao is deemed to be interested in all the Shares beneficially owned by Xiaolai Investment Co., Ltd and Xilai Investment Co., Ltd under the SFO.

Directors' Report (Continued)

3. These Shares are held by Baoxiang Investment Co., Ltd, which is 100% beneficially owned by Mr. Zhang Xiangrong, and therefore, Mr. Zhang Xiangrong is deemed to be interested in all these Shares under the SFO.
4. These Shares are held by Wonder Capital Co., Ltd, which is 100% beneficially owned by Mr. Ge Jian, and therefore, Mr. Ge Jian is deemed to be interested in all these Shares under the SFO.
5. Details of interest in Share Option Scheme are set out in the Section headed "Share Option Scheme" and the announcement of the Company dated 13 September 2016.
6. These Shares are held by Southern Swan Investment Co., Ltd which is 100% beneficially owned by Mr. Chen Yannan, and therefore, Mr. Chen Yannan is deemed to be interested in all these Shares under the SFO.
7. Based on a total of 1,087,769,000 Shares in issue as at 31 December 2020.

Save as disclosed above, as at 31 December 2020, no person or corporation, other than the Directors and chief executive of the Company, whose interests are set out in the section headed "Directors' and chief executive's interests and short positions in shares and underlying shares and debentures" above, had registered an interest or short position in the shares or underlying shares of the Company that was required to be recorded pursuant to Section 336 of the SFO.

Save as disclosed above, as at 31 December 2020, none of the Director was a director or employee of a company which had an interest in the shares and underlying shares of the Company which would fall to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO.

Share Option Scheme

On 26 May 2014, a share option scheme (the "Share Option Scheme") of the Company was approved and adopted by the shareholders of the Company. The principal terms of the Share Option Scheme, which shall be valid and effective for 10 years from its adoption date and, are summarized below.

Purpose

The purpose of the Share Option Scheme is to incentivize and reward the eligible participants for their contribution to the Group and to align their interests with that of the Company so as to encourage them to work towards enhancing the value of the Company.

Eligible participants

Pursuant to the Share Option Scheme, the Board may offer any employee (whether full-time or part-time) or a director of the Group options to subscribe for shares of the Company.

Total number of Shares available for issue under the Share Option Scheme

As at 31 December 2020, a total of 50,000,000 share options were granted, of which 12,532,000 have been exercised. As at December 31, 2020, the number of remaining options is 26,251,000 shares, representing approximately 2.41% of the issued share capital of the Company as at the date of this annual report.

(a) 10% limit

The maximum number of Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Company must not, in aggregate, exceed 10% of the total issued Shares as at the date of adoption of the Share Option Scheme (the "Scheme Mandate Limit"). Options lapsed in accordance with the terms of the Share Option Scheme and any share option schemes of the Company will not be counted for the purpose of calculating the Scheme Mandate Limit.

Directors' Report (Continued)

The Company may, from time to time, refresh the Scheme Mandate Limit by obtaining the approval of the Shareholders in general meeting, provided that the total number of Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Company under the limit as refreshed must not exceed 10% of the Shares in issue as at the date of the Shareholders' approval of the refreshed limit.

The Company may also seek separate approval of the Shareholders in general meeting for granting options beyond the Scheme Mandate Limit or the refreshed limit to any eligible persons specifically identified by the Board.

(b) 30% limit

The overall limit on the number of Shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option schemes of the Company must not, in aggregate, exceed 30% of the Shares of the Company in issue from time to time.

Maximum entitlement of each eligible person

No option shall be granted to any eligible person under the Share Option Scheme which, if exercised, would result in such eligible person becoming entitled to subscribe for such number of Shares as, when aggregated with the total number of Shares already issued or to be issued to him under all options granted to him (including exercised, cancelled and outstanding options) in the 12-month period up to and including the date of offer of such options, exceeds 1% of the Shares in issue at such date. Any further grant of options to an eligible person in excess of the 1% limit as mentioned above shall be subject to the approval of the Shareholders in general meeting with such eligible person and his close associates (as defined in the Listing Rules) abstaining from voting.

Exercise price

The exercise price shall be determined by the Board in its absolute discretion but in any event shall be not less than the highest of:

- (a) the closing price of the Shares as stated in the daily quotations sheet of the Stock Exchange on the date of grant;
- (b) the average closing price of the Shares as stated in the daily quotations sheets of the Stock Exchange for the 5 trading days immediately preceding the date of offer of grant; and
- (c) the nominal value of the Shares.

Performance targets and minimum period for which an option must be held

The Board may, when making an offer of the grant of an option, impose and specify in the offer letter any terms and conditions as it may at its absolute discretion think fit, including any vesting schedule and/or conditions, any minimum period for which any option must be held before it can be exercised and/or any performance target which need to be achieved by an option-holder before the option can be exercised.

Amount payable upon acceptance of option

HK\$0.62 is payable by each eligible person to the Company on acceptance of an offer of option.

On 13 September 2016, the Board considered and approved the grant of 50,000,000 share options to certain eligible persons under the Share Option Scheme. The options granted to each of the grantees under the Share Option Scheme shall be vested and become exercisable upon the first or second anniversary of the date of grant (i.e. 13 September 2016 or 13 September 2017). Vested options shall be exercisable until the expiry of the five-year period from the date of grant (i.e. until 12 September 2021). Grantees of such options are entitled to exercise the options at an exercise price of HK\$0.62 per Share. For more details, please refer to the announcement of the Company dated 13 September 2016.

Directors' Report (Continued)**Remaining life of the Share Option Scheme**

The Share Option Scheme will expire on 25 May 2024 and no further share options may be granted but the provisions of the Share Option Scheme shall in all other respects remain in force and effect necessary to give effect to the exercise of any share options granted prior thereto which are at that time or become thereafter capable of exercise under the Share Option Scheme, or otherwise to the extent as may be required in accordance with the provisions of the Share Option Scheme.

Particulars of the outstanding options granted under the Share Option Scheme are set out below:

Name or category of participants	No. of Shares involved in the options outstanding as at 1 January 2020	Granted during 2020	Exercised during the year	Cancelled/ Lapsed/ Forfeited during the year	No. of Shares involved in the options outstanding as at 31 December 2020
Directors					
Wu Min	1,965,000	—	—	—	1,965,000
Zhang Changsong	1,572,000	—	—	—	1,572,000
Zhuo You	791,000	—	—	—	791,000
Zhang Cheng	791,000	—	—	—	791,000
Zhang Shu	491,000	—	—	—	491,000
Zhang Huaqiao	982,000	—	982,000	—	0
Feng Ke	982,000	—	—	—	982,000
Tse Yat Hong	1,582,000	—	—	—	1,582,000
Subtotal	9,156,000	—	—	—	8,174,000
Employees					
Employees	18,077,000	—	—	—	18,077,000
Total	27,233,000	—	—	—	26,251,000

Notes:

- The closing price of the Shares preceding the date on which the share options were granted was HK\$0.59.
- The vesting of all share options granted to the eligible persons is conditional upon the achievement of certain performance targets by the relevant individual grantees and/or the Group as set out in their respective offer letters.
- On 16 June 2014, the Company granted 50,000 thousand share options to directors and selected employees with an exercise price of HK\$1.4 as incentives or rewards for their contribution or potential contribution to the Group.

In 2015, the Group did not achieve the target profit, thus the share option plan was forfeited and the accumulated expense as at the end of 2015 was reversed.

In 2016, the Company granted 50,000 thousand share options to directors and selected employees with an exercise price of HK\$0.62 as incentives or rewards for their contribution or potential contribution to the Group.

The weighted average fair value of options are determined by Black-Scholes model. Such value is subject to a number of assumptions and with regard to the limitation of the model.

- The date of grant of the above share options is 13 September 2016 and the exercise price of the above share options is HK\$0.62 per Share.

Directors' Report (Continued)

Management Contracts

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

Major Customers

For the year ended 31 December 2020, the largest customer contributed 11.2% of the Group's total interest income from loans to customers, and the five largest customers contributed, in aggregate, 27.0% of the Group's total interest income from loans to customers.

None of the Directors, any of their close associates or any Shareholders which, to the knowledge of our Directors, own more than 5% of the issued share capital of the Company had any interest in any of the five largest customers of the Group during the year ended 31 December 2020.

Audit Committee

The Audit Committee has reviewed the accounting principles and policies adopted by the Group and discussed the Group's internal controls and financial reporting matters with the management. The Audit Committee has reviewed the audited consolidated financial statements of the Group for the year ended 31 December 2020.

Emolument Policy

The Company is well aware of the importance of incentivising and retaining its employees. The Group offers competitive remuneration packages to its employees and makes contributions to social security insurance funds (including pension plans, medical insurance, work-related injury insurance, unemployment insurance and maternity insurance) and housing fund for its employees. The Remuneration Committee is set up for reviewing the Group's emolument policy and remuneration package of the Directors and chief executive of the Group, having regard to the Group's overall operating results, individual performance and comparable market practices.

The details of the emoluments payable to the Directors during the year are set out in Note 41 to the consolidated financial statements.

Pursuant to code provision B.1.5 of the Corporate Governance Code, the details of the emoluments payable to the members of the senior management during the year fell within the following bands:

Remuneration bands	Number of individuals
HK\$0 to 1,000,000	2
HK\$1,000,001 to 1,500,000	1

None of the directors of the Group waived any emoluments during the year ended 31 December 2020. The directors' emoluments shown above were for their services in connection with the management of the affairs of the Company.

Directors' Report (Continued)

Employee Retirement Benefits

Particulars of the employee retirement benefits of the Group are set out in Note 15 to the consolidated financial statements.

Distributable Reserves

As at 31 December 2020, the Company's distributable reserves calculated under the Companies Law of the Cayman Islands comprise the share premium, other reserves and retained earnings amounted to approximately RMB1,007,744 thousand.

Bank and Other Loans

Particulars of bank and other loans of the Group as at 31 December 2020 are set out in Note 34 to the consolidated financial statements.

Rights to Acquire the Company's Securities

Other than as disclosed above, during the year ended 31 December 2020, none of the Company, or any of its subsidiaries, was a party to any arrangement to enable the Directors to have any right to subscribe for securities of the Company or to acquire benefits by means of acquisition of shares in, or debentures of, the Company or any other body corporate.

Contracts with Controlling Shareholders

No contract of significance had been entered into between the Company or any of its subsidiaries and the controlling shareholders of the Company or any of their subsidiaries during the year ended 31 December 2020.

Directors' Interests in Competing Business

As at the date of this annual report, none of the Directors or their respective close associates had interests in businesses which compete or are likely to compete either directly or indirectly with the businesses of the Group as are required to be disclosed pursuant to the Listing Rules.

Non-Competition Undertaking

Each of Mr. Zhu Tianxiao, Xilai Investment Co., Ltd and Xiaolai Investment Co. Ltd. (the "Covenantors"), each being a controlling shareholder of the Company, has entered into a deed of non-competition (the "Deed of Non-Competition") in favour of the Company on 6 October 2013, pursuant to which each of the Covenantors has unconditionally, irrevocably and severally undertaken with the Group that they shall not, and shall procure that their respective members shall not, (except through the Group) directly or indirectly carry on, participate, acquire or hold any right or interest or otherwise be interested, involved or engaged in or connected with, any business which is in any respect in competition with or similar to or is likely to be in competition with the business of the Group. For details of the Deed of Non-Competition, please refer to the Prospectus.

Each of the Covenantors has provided to the Company a written confirmation in respect of his/its compliance with the Deed of Non-Competition. The independent non-executive Directors have reviewed the compliance with the non-competition undertaking by the Covenantors under the Deed of Non-Competition and are of the view that such non-competition undertaking has been complied with during the year ended 31 December 2020.

Directors' Report (Continued)

Tax Relief and Exemption

The Board is not aware of any tax relief available to shareholders of the Company by reason of their holding of the Company's securities.

Pre-Emptive Rights

There is no provision for pre-emptive rights under the articles of association of the Company, although there are no restrictions against such rights under the laws in the Cayman Islands.

Related Party Transactions

The Group entered into certain transactions with parties regarded as "Related Parties" under applicable accounting principles. These mainly relate to contracts entered into by the Group in the ordinary course of business, which contracts were negotiated on normal commercial terms and on an arm's length basis. Further details are set out in Note 38 to the financial statements. Some of these transactions also constituted fully exempted continuing connected transactions under Chapter 14A of the Listing Rules. The Directors confirm that the Company has complied with the disclosure requirements in accordance with Chapter 14A of the Listing Rules.

Continuing Connected Transactions

During the year, the Company and the Group had the following continuing connected transactions, certain details of which are disclosed in compliance with the requirements of Chapter 14A of the Listing Rules.

Reference is made to the Prospectus. The short-term secured financing business in which the Group is engaging is a regulated business in the PRC and according to the relevant governmental policy. The Company, as a foreign investor, would not be granted the necessary approval to conduct and invest in the pawn loan business in the PRC. As a result, the Group, through an indirect wholly-owned subsidiary of the Company, Huifang Tongda, has entered into a series of contractual arrangements (the "Contractual Arrangements") with the PRC Operating Entity, which possess the necessary licences for the operation of the Group's short-term secured financing business in the PRC, such that the Group can conduct its business operations indirectly in the PRC through the PRC Operating Entity while complying with applicable PRC laws and regulations. The Contractual Arrangements are designed to provide the Group with effective control over the financial and operational policies of the PRC Operating Entity and, to the extent permitted by the PRC laws and regulations, the right to acquire the equity interests in and/or the assets of the PRC Operating Entity. Further, pursuant to the Contractual Arrangements, all economic benefits derived from the operation of the PRC Operating Entity are enjoyed by the Group and the financial results of the PRC Operating Entity are consolidated into the Group as if it were a wholly-owned subsidiary. For the year ended 31 December 2020, profit for the year totalling approximately RMB14.1 million and net assets totalling approximately RMB1,273.1 million of the PRC Operating Entity were consolidated into the consolidated financial statements of the Group via the Contractual Arrangements.

The Contractual Arrangements currently in effect comprise the following agreements, namely (a) the Exclusive Management and Consultation Service Agreement (as supplemented by the Supplemental Agreement to the Exclusive Management and Consultation Service Agreement), (b) the Exclusive Call Option Agreement, (c) the Proxy Agreement, (d) the Equity Pledge Agreement (as amended by the amended Equity Pledge Agreement), (e) the VIE Transfer Agreement, and (f) the PRC Shareholders Loan Agreement, which were entered into between, among others, the PRC Operating Entity, Huifang Tongda, Mr. Zhu Tianxiao ("Mr. Zhu"), Mr. Chen Yannan ("Mr. Chen") and/or Mr. Zhuo You ("Mr. Zhuo") (as the case may be). A summary of the aforementioned agreements are set out below.

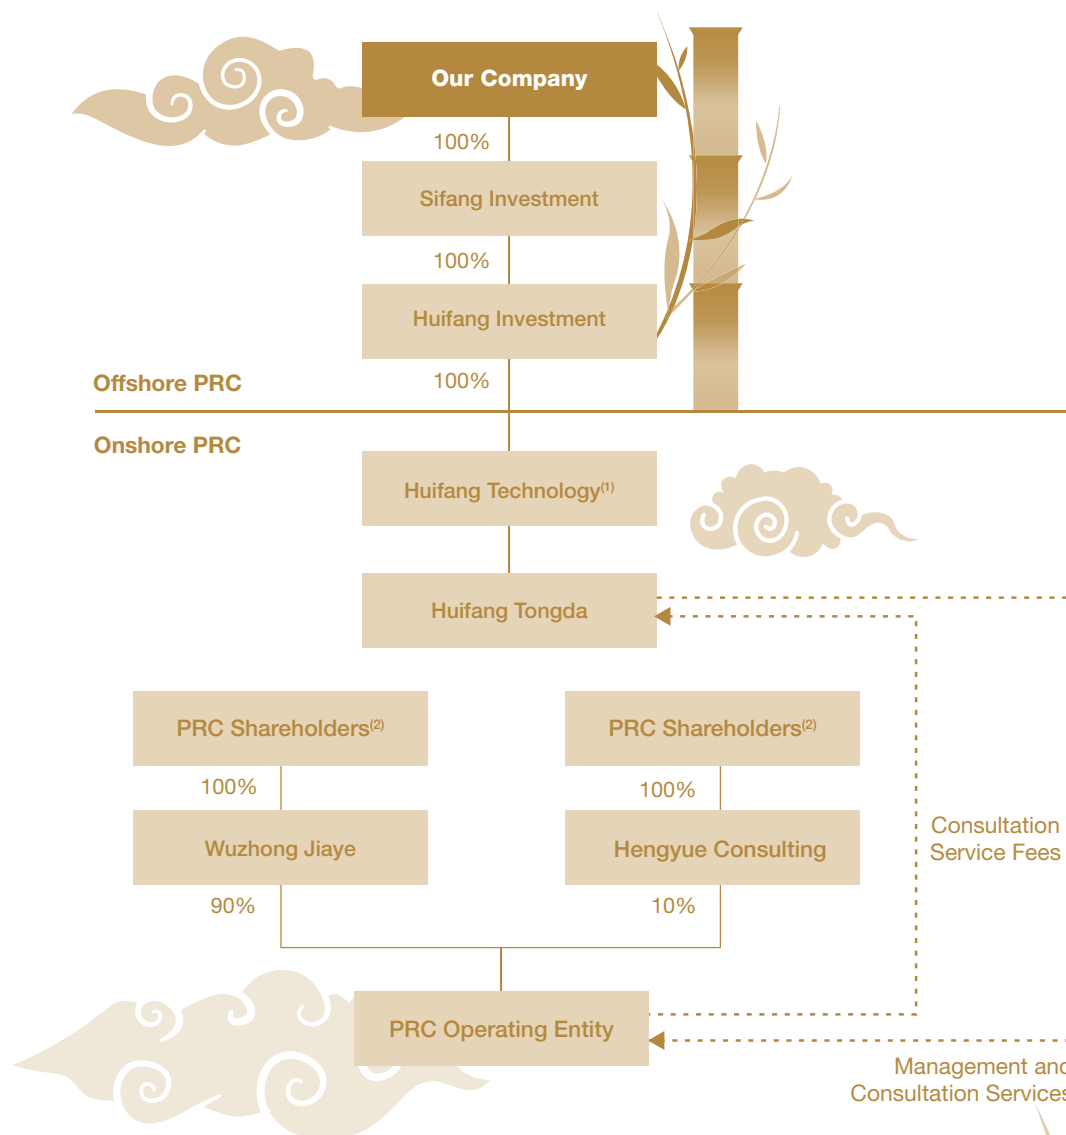

Directors' Report (Continued)

Mr. Zhu, through two companies wholly owned by him, namely Xiaolai Investment Co., Ltd and Xilai Investment Co., Ltd, holds approximately 29.9% of equity interest in the Company and accordingly, he is a controlling shareholder and hence a connected person of the Company under Rule 14A.07(1) of the Listing Rules. Mr. Zhuo, being a Director, is also connected person of the Company under Rule 14A.07(1) of the Listing Rules. Mr. Chen ceased to be a connected person of the Company since his resignation of an executive Director with effect from 28 May 2018.

The PRC Operating Entity is owned indirectly as to 50% by Mr. Zhu and therefore, is an associate of Mr. Zhu. As a result, the PRC Operating Entity is a connected person of the Company under Rule 14A.07(4) of the Listing Rules. In addition, Mr. Zhu and Mr. Zhuo are parties to some agreements under the Contractual Arrangements. Accordingly, the transactions contemplated under the Contractual Arrangements constitute continuing connected transactions of the Company under the Listing Rules upon Listing.

Contractual Arrangements

The following diagram sets out the simplified structure of the Group as of 31 December 2020 and illustrates the Contractual Arrangements between the PRC Operating Entity and Huifang Tongda:

Directors' Report (Continued)

Notes:

- (1) The former name is Suzhou Huifang Management Consulting Co., Ltd.* (蘇州匯方管理諮詢有限公司) and the change of name was effected on 12 December 2013.
- (2) The PRC Shareholders are Mr. Zhu Tianxiao (50%), Zhang Xiangrong (13%), Ge Jian (11%), Mr. Chen Yannan (10%), Wei Xingfa (4%), Yang Wuguang (6%) and Mr. Zhuo You (6%).

Summary of the Agreements Under the Contractual Arrangements

(a) Exclusive Management and Consultation Service Agreement

On 31 December 2011, Huifang Technology and the PRC Operating Entity entered into an exclusive management and consultation service agreement, as subsequently supplemented by the Supplemental Agreement (as defined below) (the "Exclusive Management and Consultation Service Agreement"), pursuant to which the PRC Operating Entity has agreed to engage Huifang Technology on an exclusive basis to provide consultation and other ancillary services, including without limitation enterprise management, market development and consultancy services. Pursuant to the Exclusive Management and Consultation Service Agreement, the PRC Operating Entity may not, among other restrictions or obligations, engage any other third party to provide similar services without the prior written consent of Huifang Technology.

In consideration for the provision of such services by Huifang Technology, the PRC Operating Entity has agreed to recognise consultation service fees payable to Huifang Technology on a quarterly basis. The consultation service fees will be billed by Huifang Technology to the PRC Operating Entity and are equivalent to the total revenue before tax audited pursuant to the Hong Kong Financial Reporting Standards less all the related costs incurred and reasonable expenses of the PRC Operating Entity.

The term of the Exclusive Management and Consultation Service Agreement commenced on 31 December 2011 and will expire on 30 December 2031 and is renewable at the sole election of Huifang Technology for successive terms as determined by Huifang Technology, until termination by Huifang Technology.

On 29 February 2012, Huifang Technology transferred all its rights and obligations under the Exclusive Management and Consultation Service Agreement to Huifang Tongda, in accordance with the VIE Transfer Agreement as described in sub-paragraph (e) below.

On 21 November 2012, Huifang Tongda and the PRC Operating Entity entered into a supplemental agreement to the Exclusive Management and Consultation Service Agreement (the "Supplemental Agreement"). Pursuant to the Supplemental Agreement, the consultation service fees, as the consideration for the provision of the service by Huifang Tongda, shall be equivalent to the total revenue before tax less all the related costs and expenses reasonably incurred by the PRC Operating Entity, provided that, Huifang Tongda may decide, for the purpose of operations and business expansion of the PRC Operating Entity, the actual amount of the service fees. The Supplemental Agreement is deemed to have retrospectively become effective on 1 July 2012. The Supplemental Agreement was entered into for the purpose of maintaining a certain level of net assets and net profits for the PRC Operating Entity, which will affect the amount of loans the PRC Operating Entity can grant and its ability to open a branch pursuant to the applicable regulations of the PRC, and to grant Huifang Tongda a right to decide the amount of the service fees charged on the PRC Operating Entity according to the PRC Operating Entity's operational needs and future business expansion. Pursuant to the Supplemental Agreement, it is Huifang Tongda's right to decide whether to change the amount of the service fees charged on the PRC Operating Entity, and pursuant to the Exclusive Call Option Agreement (as defined hereinafter), Huifang Tongda has been irrevocably and unconditionally granted an option to acquire the entire equity interest in the PRC Operating Entity and/or all assets of the PRC Operating Entity. Any profits not paid to Huifang Tongda in the form of consultation service fees may be acquired by Huifang Tongda when it exercises its option under the Exclusive Call Option Agreement. As a result, our ability to receive the entire economic benefits of the PRC Operating Entity as provided by the Contractual Arrangements is not affected by the Supplemental Agreement.

Directors' Report (Continued)

(b) Exclusive Call Option Agreement

On 31 December 2011, Huifang Technology, the PRC Operating Entity, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders entered into an exclusive call option agreement (the "Exclusive Call Option Agreement") pursuant to which Wuzhong Jiaye and Hengyue Consulting irrevocably and unconditionally granted Huifang Technology an option to acquire, directly and/or through one or more nominees, the entire equity interest held by Wuzhong Jiaye and Hengyue Consulting in the PRC Operating Entity and/or all assets of the PRC Operating Entity at a price equivalent to the minimum amount as may be permitted by applicable PRC laws and regulations. If the PRC laws and regulations are silent in this regard, the price will be set at the nominal price agreed by the parties thereto. The PRC Operating Entity and the PRC Shareholders also agreed to the option granted to Huifang Technology. Subject to compliance with applicable PRC laws and regulations, Huifang Technology may exercise the option at any time, and acquire all or part of the equity interests and/or assets of the PRC Operating Entity in any manner in its sole discretion. In addition, Huifang Technology has undertaken to exercise the option and unwind the Contractual Arrangements as soon as applicable PRC laws and regulations allow our short-term secured financing business to be directly operated by Huifang Technology in China.

Pursuant to the Exclusive Call Option Agreement, the PRC Operating Entity may not, without the prior written consent of Huifang Technology, declare or distribute any dividends to its shareholders. Wuzhong Jiaye and Hengyue Consulting shall procure the PRC Operating Entity and the PRC Shareholders shall procure Wuzhong Jiaye and Hengyue Consulting, not to declare or distribute such dividends. In addition, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders have undertaken to assign or transfer to Huifang Technology and/or to one or more nominees any and all of dividend declared and distributed at any time or any interest payable to them by virtue of their holding of the equity interest in the PRC Operating Entity. Furthermore, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders have undertaken to assign or transfer to Huifang Technology and/or to one or more nominees any and all of proceeds or consideration received from the sales or disposal of the equity interest held in the PRC Operating Entity, and all of any appropriation of assets upon termination or liquidation of the PRC Operating Entity.

The Exclusive Call Option Agreement became effective on 31 December 2011 and will expire on the date on which all the equity interests or assets of the PRC Operating Entity are transferred to Huifang Technology and/or one or more nominees as contemplated under the Exclusive Call Option Agreement.

(c) Proxy Agreement

On 31 December 2011, Huifang Technology, the PRC Operating Entity, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders entered into a proxy agreement (the "Proxy Agreement") whereby Wuzhong Jiaye and Hengyue Consulting irrevocably and unconditionally undertook to authorise Huifang Technology or the directors and their associates as authorised by Huifang Technology to exercise their shareholders' rights under the articles of association of the PRC Operating Entity and applicable PRC laws and regulations. Such shareholders' rights include but are not limited to (i) convening and attending the shareholders' meetings of the PRC Operating Entity pursuant to its articles of association; (ii) exercising voting rights on all matters requiring shareholders' consideration and approval, including but not limited to the nomination and removal of all the directors and/or chief executive members of the PRC Operating Entity whose appointment and removal is to be determined by the shareholders; (iii) passing resolutions on the disposal of the assets of the PRC Operating Entity; (iv) passing resolutions on the dissolution and liquidation of the PRC Operating Entity, forming a Liquidation Committee and exercising the rights and powers of the Committee, including but not limited to dealing with the assets of the PRC Operating Entity; (v) signing any and all shareholders resolutions; (vi) filing all the relevant documents with the relevant companies registry; and (vii) all other shareholders' voting rights under the articles of association of the PRC Operating Entity and/or applicable PRC laws and regulations.

Pursuant to the Proxy Agreement, Huifang Technology may exercise such shareholders' rights without the prior consultation with Wuzhong Jiaye, Hengyue Consulting or the PRC Shareholders. Wuzhong Jiaye, Hengyue Consulting as well as the PRC Shareholders shall not exercise such shareholders' rights without the prior written consent of Huifang Technology.

Directors' Report (Continued)

The Proxy Agreement became effective on 31 December 2011 and will expire on 30 December 2031 and is renewable at the election of Huifang Technology for successive terms as determined by Huifang Technology. The Proxy Agreement will expire upon the termination by Huifang Technology or until the date on which all the equity interest in the PRC Operating Entity are transferred to Huifang Technology and/or its nominees as contemplated under the Exclusive Call Option Agreement.

(d) Equity Pledge Agreement

On 31 December 2011, Huifang Technology and the PRC Shareholders entered into an equity pledge agreement with Wuzhong Jiaye and Hengyue Consulting, respectively, as subsequently amended as described below (collectively, the "Equity Pledge Agreement"), pursuant to which the PRC Shareholders granted first priority security interests over their respective equity interests in Wuzhong Jiaye and Hengyue Consulting to Huifang Technology for guaranteeing the performance of the Exclusive Management and Consultation Service Agreement, the Exclusive Call Option Agreement and the Proxy Agreement.

Pursuant to the Equity Pledge Agreement, Huifang Technology is entitled to exercise its rights to sell all or part of the pledged equity interests in Wuzhong Jiaye and Hengyue Consulting upon the non-performance or breach of any of the terms of the Exclusive Management and Consultation Service Agreement, the Exclusive Call Option Agreement, the Proxy Agreement and/or the Equity Pledge Agreement. In addition, the PRC Shareholders shall not pledge their respective equity interests in Wuzhong Jiaye and Hengyue Consulting in favour of or to other third parties without the prior written consent of Huifang Technology.

The Equity Pledge Agreement became effective on the date of its execution by all relevant parties (subject to the registrations of the pledge in the register of members of the PRC Operating Entity which have been completed) and shall terminate upon the performance by the PRC Operating Entity, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders (as the case may be) in full of all obligations under the Exclusive Management and Consultation Service Agreement, the Exclusive Call Option Agreement, the Proxy Agreement, the Equity Pledge Agreement or the repayment of all losses arising from the breach of the Exclusive Management and Consultation Service Agreement, the Exclusive Call Option Agreement, the Proxy Agreement and the Equity Pledge Agreement.

On 29 February 2012, Huifang Technology transferred all its rights and obligations under the Equity Pledge Agreement to Huifang Tongda in accordance with the VIE Transfer Agreement as described in sub-paragraph (e) below for further information of the VIE Transfer Agreement.

On 22 May 2013, Huifang Tongda, as the transferee of all the rights and obligations of Huifang Technology under the Equity Pledge Agreement, amended the Equity Pledge Agreement with the PRC Shareholders and each of Wuzhong Jiaye and Hengyue Consulting respectively. Pursuant to the amended Equity Pledge Agreement, the PRC Shareholders granted first priority security interests over their respective equity interests in Wuzhong Jiaye and Hengyue Consulting to Huifang Tongda as a guarantee to the performance of the PRC Shareholders Loan Agreement (as defined hereinafter), in addition to the performance of the Exclusive Management and Consultation Service Agreement (as described in details above), in addition to the Exclusive Call Option Agreement and the Proxy Agreement which was covered by the Equity Pledge Agreement entered into on 31 December 2011 and transferred to Huifang Tongda on 29 February 2012 as described in the immediate preceding paragraph.

Pursuant to the amended Equity Pledge Agreement, Huifang Tongda is entitled to exercise its rights to sell all or part of the pledged equity interests in Wuzhong Jiaye and Hengyue Consulting upon the non-performance or breach of any of the terms of the Exclusive Management and Consultation Service Agreement (as supplemented), the Exclusive Call Option Agreement, the Proxy Agreement, the PRC Shareholders Loan Agreement, and the amended Equity Pledge Agreement. In addition, the PRC Shareholders shall not pledge their respective equity interests in Wuzhong Jiaye and Hengyue Consulting in favour of or to other third parties without the prior written consent of Huifang Tongda.

Directors' Report (Continued)

The amended Equity Pledge Agreement became effective on 22 May 2013 upon execution by all relevant parties and the completion of the registrations of the pledge in the register of members of the PRC Operating Entity which have been completed, and shall terminate upon the performance of all obligation in full or the repayment of all losses arising from the breach by the PRC Operating Entity, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders (as the case may be) under the Exclusive Management and Consultation Service Agreement (as supplemented), the Exclusive Call Option Agreement, the Proxy Agreement, the PRC Shareholders Loan Agreement, and the amended Equity Pledge Agreement.

In addition, as the shareholders of the PRC Operating Entity, Wuzhong Jiaye and Hengyue Consulting amended the articles of association of the PRC Operating Entity on 31 December 2011. According to the articles of association currently in effect, no shareholder may pledge any of its equity interest in the PRC Operating Entity to any party.

(e) VIE Transfer Agreement

On 29 February 2012, Huifang Tongda, Huifang Technology, the PRC Operating Entity, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders entered into a transfer agreement of structural contracts (the "VIE Transfer Agreement") pursuant to which Huifang Technology has agreed to transfer all of its rights and obligations under the Exclusive Management and Consultation Service Agreement, the Exclusive Call Option Agreement, the Proxy Agreement and the Equity Pledge Agreement to Huifang Tongda. Accordingly, on the same date, Huifang Tongda entered into relevant new agreements with the respective parties to effectuate such transfer. The VIE Transfer Agreement and such new agreements became effective on 29 February 2012. After the transfer, Huifang Technology became an investment holding company with no substantive businesses and may serve as a platform for the Company to expand into various new business sectors.

(f) PRC Shareholders Loan Agreement

On 22 May 2013 Huifang Tongda, PRC Operating Entity, Wuzhong Jiaye, Hengyue Consulting and the PRC Shareholders entered into a loan agreement (the "PRC Shareholders Loan Agreement"), pursuant to which Huifang Tongda agreed to extend interest-free loans equivalent to an amount to be injected as registered capital into the PRC Operating Entity (the "Capital Contribution Amount") to the PRC Shareholders in accordance with the PRC laws and regulations. The PRC Shareholders will contribute the full amount of the Capital Contribution Amount to the registered capital of Wuzhong Jiaye and Hengyue Consulting, which will in turn contribute such loan proceeds to the PRC Operating Entity as registered capital. Under the PRC Shareholders Loan Agreement, Huifang Tongda may request, at any time in its absolute discretion and to the extent permitted by the PRC laws and regulations, the PRC Shareholders to repay the loan (i) by using the capital realized from Huifang Tongda's exercise of its rights under the Exclusive Call Option Agreement to purchase from Wuzhong Jiaye and Hengyue Consulting, the entire equity interests in the PRC Operating Entity and/or all assets of the PRC Operating Entity, followed with a capital reduction of Wuzhong Jiaye and Hengyue Consulting (as well as PRC Operating Entity, as applicable); or (ii) any other means as permitted by applicable PRC laws and regulations.

Directors' Report (Continued)

Risk Relating to the Contractual Arrangements

The following risks are associated with the Contractual Arrangements. Further details of the risks are set out on pages 36 to 44 of the Prospectus.

- imposing economic penalties;
- restricting our right to collect revenues;
- revoking the business licences and/or the licences or certificates of the PRC Operating Entity;
- discontinuing or restricting the operations of the PRC Operating Entity;
- imposing conditions or requirements in respect of the Contractual Arrangements with which we may not be able to comply;
- requiring us to restructure the relevant ownership structure or operations;
- voiding the Contractual Arrangements; and
- taking other regulatory or enforcement actions that could adversely affect our business.

Mitigation Actions Taken by the Company

- The Company has existing protections measures under the Contractual Arrangements. The Company's Internal Control Department will regularly review the compliance and performance of such conditions under the Contractual Arrangements.
- The Company's legal department will deal with matters relating to compliance and regulatory enquiries from relevant PRC authorities and report to the Board on a regular basis.

During the Reporting Year, there had been no material change in the Contractual Arrangements and/or the circumstances under which they were adopted.

The Group has not terminated the Contractual Arrangements as the foreign investment restrictions that led to the adoption of the Contractual Arrangements have not been removed in the PRC.

A waiver has been granted by the Stock Exchange regarding strict compliance with (i) the applicable disclosure and independent shareholders' approval requirements under Chapter 14A of the Listing Rules in relation to the transactions contemplated under the Contractual Arrangements, (ii) the requirement of setting a maximum aggregate annual value (i.e. annual cap) for the fees payable to Huifang Tongda under the Contractual Arrangements, and (iii) the requirement of limiting the term of the Contractual Arrangements to three years or less, for so long as the shares of the Company are listed on the Stock Exchange, subject to certain conditions as set out in the Prospectus. In addition, pursuant to the waiver granted by the Stock Exchange, the framework of the Contractual Arrangements may be renewed and/or cloned upon the expiry of the existing arrangements or, in relation to any existing or new wholly foreign-owned enterprise or operating company (including branch company) that the Group might wish to establish, without obtaining the approval of the independent non-executive Directors and the independent Shareholders, on substantially the same terms and conditions as the Contractual Arrangements.

Directors' Report (Continued)

The independent non-executive Directors of the Company have reviewed the Contractual Arrangements and confirmed that (i) the transactions carried out during the year have been entered into in accordance with the relevant provisions of the Contractual Arrangements which had been entered into on normal commercial terms or better and in the ordinary and usual course of business of the Group; and the terms are fair and reasonable and in the interests of the Shareholders as a whole; and have been operated so that the revenue generated by the PRC Operating Entity has been substantially retained by Huifang Tongda; (ii) no dividends or other distributions have been made by the PRC Operating Entity to the holders of its equity interests which are not otherwise subsequently assigned or transferred to the Group; and (iii) no new contracts or renewed contracts have been entered into on the same terms as the existing Contractual Arrangements from the Listing Date till the end of the year.

Further, the Board has engaged the auditor of the Company to report on the Group's continuing connected transaction. The auditor has issued an unqualified letter containing their findings and conclusions in respect of the continuing connected transactions disclosed above in accordance with Listing Rule 14A.56 of the Listing Rules and confirmed that nothing has come to their attention that causes them to believe that the continuing connected transactions carried out pursuant to the Contractual Arrangements during the year ended 31 December 2020 (a) have not received the approval of the Board and (b) were not entered into, in all material respects, in accordance with the relevant Contractual Arrangements.

A copy of the auditor's letter on the continuing connected transactions of the Group year ended 31 December 2020 has been provided by the Company to the Stock Exchange.

Save for the continuing connected transactions disclosed above and certain other connected transactions and continuing connected transactions which are exempted from reporting, annual review, announcement and independent Shareholders' approval requirements under Chapter 14A of the Listing Rules, during the Reporting Year, there were no other transactions which constituted connected transaction or continuing connected transactions that were subject to the reporting requirements under the Listing Rules.

Public Float

As at the date of this annual report and based on the information that is publicly available to the Company and to the knowledge of the Directors, the Company has maintained the minimum public float of 25% as required under the Listing Rules.

Auditors

The consolidated financial statements have been audited and agreed by PricewaterhouseCoopers who shall retire at the forthcoming annual general meeting and, being eligible, offer themselves for reappointment. PricewaterhouseCoopers has been our auditor since the Listing of our Group.

By order of the Board

Wu Min
Chairman

Hong Kong, 31 March 2020

Corporate Governance Report

The Board hereby presents to the Shareholders the corporate governance report for the year ended 31 December 2020 (the “Reporting Year”).

Corporate Governance Practices

The Board has committed to achieving high corporate governance standards.

The Board believes that high corporate governance standards are essential in providing a framework for the Group to safeguard the interests of Shareholders, enhance corporate value, formulate its business strategies and policies, and enhance its transparency and accountability.

The Company’s corporate governance practices are based on the principles and code provisions as set out in the Corporate Governance Code and Corporate Governed Report (the “CG Code”) contained in Appendix 14 to the Listing Rules.

In the opinion of the Board, the Company has complied with the principles and code provisions as set out in the CG Code throughout the Reporting Year, except for Code Provision A.2.1 which requires that the role of chairman and chief executive officer should be separate and should not be performed by the same person. The details of deviation are set out in section headed “Chairman and Chief Executive Officer” below in this corporate governance report.

Model Code for Securities Transactions

The Company has adopted the Model Code as set out in Appendix 10 to the Listing Rules as the code of conduct regarding securities transactions by the Directors.

Specific enquiry has been made of all the Directors and the Directors have confirmed that they have complied with the Model Code throughout the Reporting Year.

The Company has also adopted the Model Code as written guidelines (the “Employees Written Guidelines”) for securities transactions by the relevant employees who are likely to be in possession of inside information of the Company.

No incident of non-compliance of the Employees Written Guidelines by the relevant employees was noted by the Company.

Board of Directors

The Company is headed by an effective Board which oversees the Group’s businesses, strategic decisions and performance and take decisions objectively in the best interests of the Company.

The Board should regularly review the contribution required from a Director to perform his/her responsibilities to the Company, and whether the Director is spending sufficient time performing them.

Corporate Governance Report (Continued)

Board Composition

The Board of the Company currently comprises the following Directors:

Executive Directors:

Mr. Wu Min (*Chairman and Chief Executive Officer*)

Mr. Zhang Changsong (*Chief Financial Officer*)

Non-executive Directors:

Mr. Zhuo You

Mr. Zhang Cheng

Ms. Zhang Shu

Mr. Ling Xiaoming

Independent Non-executive Directors:

Mr. Zhang Huaqiao

Mr. Feng Ke

Mr. Tse Yat Hong

The biographical information of the Directors are set out in the section headed "Directors and Senior Management" on pages 21 to 25 of this annual report.

None of the members of the Board has any relationship (including financial, business, family or other material/relevant relationship) among each other.

Chairman and Chief Executive Officer

Code provision A.2.1 stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual.

During the Reporting Year, Mr. Wu Min assumed the roles of both chairman and chief executive officer, the Company deviated from this code provision. The Board considers that this management structure is effective in terms of the formulation and implementation of the Company's strategies and the Company's operations. Notwithstanding the deviation, the Board is of the view that it is appropriately structured with balance of power to provide sufficient checks to protect the interests of the Group and its shareholders. The Board will review the management structure from time to time and the need to separate the roles of the chairman of the Board and the chief executive officer to two individuals.

Save as disclosed above, during the Reporting Year, the Company has complied with the principles and code provisions as set out in the CG Code.

Independent Non-executive Directors

During the Reporting Year, the Board at all times met the requirements of the Listing Rules relating to the appointment of at least three independent non-executive Directors representing at least one-third of the Board with one of whom possessing appropriate professional qualifications or accounting or related financial management expertise.

The Company has received written annual confirmation from each of the independent non-executive Directors in respect of his/her independence in accordance with the independence guidelines set out in Rule 3.13 of the Listing Rules. The Company is of the view that all independent non-executive Directors are independent.

Corporate Governance Report (Continued)

Appointment and Re-election of Directors

Code provision A.4.1 of the CG Code stipulates that non-executive Directors shall be appointed for a specific term, subject to re-election, whereas code provision A.4.2 states that all Directors appointed to fill a casual vacancy shall be subject to election by Shareholders at the first general meeting after appointment and that every Director, including those appointed for a specific term, shall be subject to retirement by rotation at least once every three years.

The procedures and process of appointment, re-election and removal of directors are laid down in the Company's Articles of Association. The Nomination Committee is responsible for reviewing the Board composition, developing and formulating the relevant procedures for nomination and appointment of Directors, monitoring the appointment and succession planning of Directors and assessing the independence of independent non-executive Directors.

Each of the executive Directors has entered into a service contract with the Company for an initial term of three years with effect from their respective date of appointment unless terminated by not less than two months' written notice served by either the executive Directors or the Company. Each of the non-executive Directors and independent non-executive Directors has signed an appointment letter with the Company for a term of three years with effect from their respective date of appointment unless terminated by not less than two months' written notice served by either the relevant the non-executive Directors/independent non-executive Directors or the Company. The appointments are subject to the provisions of retirement and rotation of Directors under the Articles of Association.

In accordance with Article 84(1) and (2) of the Articles of Association, one-third of the Directors of the Company for the time being (or, if their number is not a multiple of three, the number nearest to but no less than one-third) shall retire from office at each annual general meeting provided that every Director shall be subject to retirement by rotation at least once every three years. Any Directors so to retire shall be those subject to retirement by rotation who have been longest in office since their last re-election or appointment and so that as between persons who became or were last re-elected as Directors on the same day those to retire shall (unless they otherwise agree among themselves) be determined by lot. In accordance with Article 83(3) of the Articles of Association, any Director appointed by the Board to fill a casual vacancy shall hold office until the first general meeting of Shareholders after his/her appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election. Accordingly, Mr. Wu Min, Mr. Zhang Huaqiao and Mr. Ling Xiaoming will retire and Mr. Wu Min and Mr. Ling Xiaoming being eligible, will offer themselves for re-election at the forthcoming 2021 annual general meeting. Mr. Zhang Huaqiao confirmed that he will not offer himself for re-election at the annual general meeting due to other business engagements which require more of his dedication.

None of Mr. Wu Min, Mr. Zhang Huaqiao and Mr. Ling Xiaoming has an unexpired service contract which is not determinable by the Company or any of its subsidiaries within one year without payment of compensation, other than under normal statutory obligations.

Responsibilities, Accountabilities and Contributions of the Board and Management

The Board should assume responsibility for leadership and control of the Company; and is collectively responsible for directing and supervising the Company's affairs.

The Board directly, and indirectly through its committees, leads and provides direction to management by laying down strategies and overseeing their implementation, monitors the Group's operational and financial performance, and ensures that sound internal control and risk management systems are in place.

All Directors, including non-executive Directors and independent non-executive Directors, have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective functioning.

The independent non-executive Directors are responsible for ensuring a high standard of regulatory reporting of the Company and providing a balance in the Board for bringing effective independent judgement on corporate actions and operations.

Corporate Governance Report (Continued)

All Directors have full and timely access to all the information of the Company as well as the services and advice from the joint company secretaries and chief executive. The Directors may, upon request, seek independent professional advice in appropriate circumstances, at the Company's expenses for discharging their duties to the Company.

The Directors shall disclose to the Company details of other offices held by them and the Board regularly reviews the contribution required from each director to perform his/her responsibilities to the Company.

The Board reserves for its decision all major matters relating to policy matters, strategies and budgets, internal control and risk management, material transactions (in particular those that may involve conflict of interests), financial information, appointment of Directors and other significant operational matters of the Company. Responsibilities relating to implementing decisions of the Board, directing and co-ordinating the daily operation and management of the Company are delegated to the management.

Continuous Professional Development of Directors

Directors shall keep abreast of regulatory developments and changes in order to effectively perform their responsibilities and to ensure that their contribution to the Board remains informed and relevant.

Every newly appointed Director will receive formal and comprehensive induction on the first occasion of his/her appointment to ensure appropriate understanding of the business and operations of the Company and full awareness of Director's responsibilities and obligations under the Listing Rules and relevant statutory requirements.

Directors should participate in appropriate continuous professional development to develop and refresh their knowledge and skills. Internally-facilitated briefings for Directors would be arranged and reading material on relevant topics would be provided to Directors where appropriate. All Directors are encouraged to attend relevant training courses at the Company's expenses.

The records of continuous professional development relating to director's duties and regulatory and business development that have been received by the Directors for the year ended 31 December 2020 are summarized as follows:

Name of Directors	Type of Training ^{Note}
<i>Executive Directors</i>	
Wu Min	B
Zhang Changsong	B
<i>Non-Executive Directors</i>	
Zhuo You	B
Zhang Cheng	B
Zhang Shu	B
Ling Xiaoming	B
<i>Independent Non-Executive Directors</i>	
Zhang Huaqiao	B
Feng Ke	B
Tse Yat Hong	A&B

Note:

Types of Training

- A: Attending training sessions, including but not limited to, briefings, seminars, conferences and workshops
 B: Reading relevant news alerts, newspapers, journals, magazines and relevant publications

Corporate Governance Report (Continued)

Board Committees

During the Reporting Year, the Board has established four committees, namely, the Audit Committee, Remuneration Committee, Nomination Committee and Technology Finance Business Committee, for overseeing particular aspects of the Company's affairs. All board committees of the Company are established with specific written terms of reference which deal clearly with their authority and duties. The terms of reference of the Audit Committee, Remuneration Committee and Nomination Committee are posted on the Company's website and the Stock Exchange's website and are available to shareholders upon request.

The majority of the members of the Audit Committee, Remuneration Committee and Nomination Committee are independent non-executive Directors.

Audit Committee

The terms of reference of the Audit Committee are of no less exacting terms than those set out in the CG Code. The main duties of the Audit Committee are to assist the Board in reviewing the financial information and reporting process, risk management and internal control systems, effectiveness of the internal audit function, scope of audit and appointment of external auditors, and arrangements to enable employees of the Company to raise concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

During the Reporting Year, the Audit Committee held two meetings for reviewing the annual results and report in respect of the year ended 31 December 2019 and the interim financial results and reports in respect of the period ended 30 June 2020 as well as the significant issues on the financial reporting, operational and compliance controls, the effectiveness of the risk management and internal control systems and internal audit function, appointment of external auditors and engagement of non-audit services and relevant scope of works and arrangements for employees to raise concerns about possible improprieties.

The Audit Committee also met the external auditors twice without during the Reporting Year.

The Audit Committee consists of three members, namely, Mr. Tse Yat Hong (chairman) and Mr. Feng Ke, our independent non-executive Directors, and Ms. Zhang Shu, our non-executive Director.

Remuneration Committee

The terms of reference of the Remuneration Committee are of no less exacting terms than those set out in the CG Code. The primary functions of the Remuneration Committee include reviewing and making recommendations to the Board on the remuneration packages of individual Directors and senior management, the remuneration policy and structure for all Directors and senior management; and establishing transparent procedures for developing such remuneration policy and structure to ensure that no Director or any of his/her associates will participate in deciding his/her own remuneration.

During the Reporting Year, the Remuneration Committee met once for reviewing and making recommendation to the Board on the remuneration policy and structure of the Company and the remuneration packages of the Directors and other related matters.

The Remuneration Committee consists of three members, namely, Mr. Zhang Huaqiao (chairman) and Mr. Tse Yat Hong, our independent non-executive Directors, and Mr. Wu Min, our executive Director.

Corporate Governance Report (Continued)

Nomination Committee

The terms of reference of the Nomination Committee are of no less exacting terms than those set out in the CG Code. The principal duties of the Nomination Committee include reviewing the Board composition, developing and formulating relevant procedures for the nomination and appointment of Directors, making recommendations to the Board on the appointment and succession planning of Directors, and assessing the independence of independent non-executive Directors.

In assessing the Board composition, the Nomination Committee would take into account various aspects as well as factors concerning Board diversity as set out in the Company's Board Diversity Policy. The Nomination Committee would discuss and agree on measurable objectives (where appropriate) for achieving diversity on the Board, where necessary, and recommend them to the Board for adoption.

In identifying and selecting suitable candidates for directorships, the Nomination Committee would consider the candidate's relevant criteria as set out in the Director Nomination Policy that are necessary to complement the corporate strategy and achieve Board diversity, where appropriate, before making recommendation to the Board.

During the Reporting Year, the Nomination Committee met once for reviewing the structure, size and composition of the Board, and to consider the qualifications of the retiring directors standing for election at the annual general meeting. The Nomination Committee considered an appropriate balance of diversity perspectives of the Board is maintained.

The nomination committee consists of three members, namely, Mr. Wu Min (chairman), our executive Director, and Mr. Feng Ke and Mr. Zhang Huaqiao, our independent non-executive Directors.

Board Diversity Policy

The Company has adopted a Board Diversity Policy which sets out the approach to achieve diversity of the Board. The Company recognizes and embraces the benefits of having a diverse Board and sees increasing diversity at the Board level as an essential element in maintaining the Company's competitive advantage.

Pursuant to the Board Diversity Policy, the Nomination Committee will review annually the structure, size and composition of the Board and where appropriate, make recommendations on changes to the Board to complement the Company's corporate strategy and to ensure that the Board maintains a balanced diverse profile. In relation to reviewing and assessing the Board composition, the Nomination Committee is committed to diversity at all levels and will consider a number of aspects, including but not limited to gender, age, cultural and educational background, professional qualifications, skills, knowledge and regional and industry experience.

The Company aims to maintain an appropriate balance of diversity perspectives that are relevant to the Company's business growth and is also committed to ensuring that recruitment and selection practices at all levels (from the Board downwards) are appropriately structured so that a diverse range of candidates are considered.

The Board will consider setting measurable objectives to implement the Board Diversity Policy and review such objectives from time to time to ensure their appropriateness and ascertain the progress made towards achieving those objectives.

At present, the Nomination Committee considered that the Board is sufficiently diverse and the Board has not set any measurable objectives.

The Nomination Committee will review the Board Diversity Policy, as appropriate, to ensure its effectiveness.

Corporate Governance Report (Continued)

Director Nomination Policy

The Board has delegated its responsibilities and authority for selection and appointment of Directors to the Nomination Committee of the Company.

The Company has adopted a Director Nomination Policy which sets out the selection criteria and process and the Board succession planning considerations in relation to nomination and appointment of Directors of the Company and aims to ensure that the Board has a balance of skills, experience and diversity of perspectives appropriate to the Company and the continuity of the Board and appropriate leadership at Board level.

The Director Nomination Policy sets out the factors for assessing the suitability and the potential contribution to the Board of a proposed candidate, including but not limited to the following:

- Character and integrity;
- Qualifications including professional qualifications, skills, knowledge and experience that are relevant to the Company's business and corporate strategy;
- Diversity in all aspects, including but not limited to gender, age (18 years or above), cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service;
- Requirements of independent non-executive Directors on the Board and independence of the proposed independent non-executive Directors in accordance with the Listing Rules; and
- Commitment in respect of available time and relevant interest to discharge duties as a member of the Board and/or Board committee(s) of the Company.

The Director Nomination Policy also sets out the procedures for the selection and appointment of new Directors and re-election of Directors at general meetings.

The Nomination Committee will review the Director Nomination Policy, as appropriate, to ensure its effectiveness.

Technology Finance Business Committee

The primary duties of the Technology Finance Business Committee include formulating and developing strategies for the Group's financial technology issue ("Technology Finance Business"), such as supply chain finance, providing funding using financial technologies and carrying out block chain and big data analysis business and making recommendations to the Board; overseeing the implementation of the Technology Finance Business of the Group and evaluating the performance and efficiency of the Technology Finance Business; and considering the other matters as defined by the Board.

During the Reporting Year, the Technology Finance Business Committee met once for reviewing and making recommendations to the Board on the strategies of the Technology Finance Business.

The Technology Finance Business Committee consists of three members, namely, Mr. Feng Ke (chairman), our independent non-executive Director, and Mr. Wu Min and Mr. Zhang Changsong, our executive Directors.

Corporate Governance Report (Continued)

Corporate Governance Functions

The Board is responsible for performing the functions set out in the code provision D.3.1 of the CG Code.

During the Reporting Year, the Board had reviewed the Company's corporate governance policies and practices, training and continuous professional development of Directors and senior management, the Company's policies and practices on compliance with legal and regulatory requirements, the compliance of the Model Code and Employee Written Guidelines, and the Company's compliance with the CG Code and disclosure in this corporate governance report.

Attendance Records of Directors and Committee Members

Regular Board meetings should be held at least four times a year involving active participation, either in person or through electronic means of communication, of a majority of Directors.

During the Reporting Year, the Company held four Board meetings, two Audit Committee meetings, one Remuneration Committee meeting, one Nomination Committee meeting, one Technology Finance Business Committee meeting and one general meeting.

The attendance record of each Director at the Board and Board committee meetings of the Company and general meeting of the Company held during the Reporting Year is set out in the table below:

Name of Director	Attendance/Number of Meetings					
	Board	Audit Committee	Remuneration Committee	Nomination Committee	Technology Finance Business Committee	Annual General Meeting
Wu Min	4/4		1/1	1/1	1/1	1/1
Zhang Changsong	4/4				1/1	1/1
Zhuo You	3/4					1/1
Zhang Cheng	4/4					0/1
Zhang Shu	3/4	2/2				0/1
Ling Xiaoming	4/4					1/1
Zhang Huaqiao	4/4		1/1	1/1		0/1
Feng Ke	4/4	2/2		1/1	1/1	0/1
Tse Yat Hong	4/4	2/2	1/1			0/1

Apart from regular Board meetings, the Chairman also held one meeting with independent non-executive Directors without the presence of other Directors during the Reporting Year.

Risk Management and Internal Controls

The Board acknowledges its responsibility for the risk management and internal control systems and reviewing their effectiveness. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss. The management assesses the effectiveness of the risk management and internal control system annually and reports to the Audit Committee and the Board on any deficiency of internal control identified and propose solutions.

Corporate Governance Report (Continued)

The management has reviewed and confirmed to the Board and the Audit Committee on the effectiveness and adequacy of the risk management and internal control systems for the year ended 31 December 2020. The Board believed that its risk management and internal control system was effective and adequate.

Details of the Company's risk management and internal control as at 31 December 2020 are set out in the section headed "Risk Management and Internal Control Report" on pages 61 to 66 of this annual report.

Directors' Responsibility in Respect of the Financial Statements

The Directors acknowledge their responsibility for preparing the financial statements of the Company for the year ended 31 December 2020.

The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

The statement of the independent auditors of the Company about their reporting responsibilities on the financial statements is set out in the Independent Auditors' Report on pages 72 to 77.

Auditors' Remuneration

The remuneration paid to the Company's external auditors of the Company in respect of audit services for the year ended 31 December 2020 amounted to RMB2,900 thousand. No non-audit services has been provided by the Company's external auditors to the Company.

Joint Company Secretaries

During the Reporting Period, Mr. Chai Kun has been appointed as a joint company secretary of the Company with effect from 20 April 2020. Following the appointment of Mr. Chai Kun, Mr. Chai Kun and Ms. Leung Ching Ching of Tricor Services Limited, an external service provider, are the joint company secretaries of the Company. The primary contact person of Ms. Leung Ching Ching is Mr. Chai Kun.

All Directors have access to the advice and services of the joint company secretaries on corporate governance and board practices and matters.

For the year ended 31 December 2020, Ms. Leung Ching Ching and Mr. Chai Kun have undertaken not less than 15 hours of relevant professional training respectively in compliance with Rule 3.29 of the Listing Rules.

Shareholders' Rights

To safeguard Shareholders' interests and rights, a separate resolution is proposed for each substantially separate issue at general meetings, including the election of individual Director. Pursuant to the Listing Rules, all resolutions put forward at general meetings will be voted on by poll except where the chairman, in good faith, decides to allow a resolution which relates purely to a procedural or administrative matter to be voted on by a show of hands, and poll results will be posted on the websites of the Company and of the Stock Exchange after each general meeting.

Corporate Governance Report (Continued)

Convening an Extraordinary General Meeting by Shareholders

Pursuant to Article 58 of the Company's Articles of Association, an extraordinary general meeting may be convened by the Board upon requisition of one or more Shareholders holding not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company. Such meeting shall be held within two months after the deposit of such requisition. If within 21 days of the deposit of the requisition, the Board fails to proceed to convene such meeting, the requisitionist(s) himself (themselves) may do so in the same manner, while all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to the requisitionist(s) by the Company.

The requisitionist(s) must state the objects clearly in the requisition, sign the requisition and deposit the same to the Board or the joint company secretaries or the primary contact person of the Company.

Putting Forward Proposals at General Meetings

Shareholders who wish to put forward proposal at general meetings may deposit a requisition for convening an extraordinary general meeting following the procedures set out above.

Putting Forward Enquiries to the Board

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. The Company will not normally deal with verbal or anonymous enquiries.

Contact Details

Shareholders may send their requisitions, proposed resolutions for the general meeting or enquiries to the Board as mentioned above to the primary contact person of the Company as set out below:

Name: Wu Min (吳敏)
Address: 22/F, 345 East Baodai Road, Suzhou, Jiangsu Province, the PRC
Fax: 86-512-65131585
Email: cnhuirong@wuzhong.com

For the avoidance of doubt, Shareholders must deposit and send the original duly signed written requisition, notice or statement, or enquiry (as the case may be) to the above address and provide their full name, contact details and identification in order to give effect thereto. Shareholders' information may be disclosed as required by law.

Communication with Shareholders and Investors

The Company considers that effective communication with Shareholders is essential for enhancing investor relations and investor understanding of the Group's business performance and strategies. The Company endeavours to maintain an on-going dialogue with shareholders and in particular, through annual general meetings and other general meetings. The chairman of the Board as well as chairman of Audit Committee, Remuneration Committee and Nomination Committee or, in their absence, other members of the respective committees will make themselves available at the annual general meetings to meet Shareholders and answer their enquiries.

During the Reporting Year, the Company has not made any changes to its Articles of Association. An up to date version of the Company's Articles of Association is also available on the Company's website and the Stock Exchange's website.

To promote effective communication, the Company maintains a website at <http://www.cnhuirong.com>, where information and updates on the Company's business developments and operations, financial information, corporate governance practices and other information are available for public access.

Corporate Governance Report (Continued)

Policies Relating to Shareholders

The Company has in place a Shareholders' Communication Policy to ensure that shareholders' views and concerns are appropriately addressed. The policy is regularly reviewed to ensure its effectiveness.

The Company has adopted a Dividend Policy on payment of dividends pursuant to code provision E.1.5 of the CG Code that has become effective from 1 January 2019. In recommending or declaring dividends, the Company shall maintain adequate cash reserves for meeting its working capital requirements and future growth as well as its shareholder value. The Company do not have any pre-determined dividend payout ratio.

The Board has the discretion to declare and distribute dividends to the shareholders of the Company, subject to the Memorandum and Articles of the Association of the Company and all applicable laws and regulations and the factors set out below. The Board shall also take into account the following factors of the Group when considering the declaration and payment of dividends, including financial results, cash flow situation, business conditions and strategies, future operations and earnings, capital requirements and expenditure plans, interests of shareholders, any restrictions on payment of dividends and any other factors that the Board may consider relevant.

Depending on the financial conditions of the Company and the Group and the conditions and factors as set out above, dividends may be proposed and/or declared by the Board for a financial year or period as interim dividend, final dividend, special dividend and any distribution of net profits that the Board may deem appropriate. Any final dividend for a financial year will be subject to shareholders' approval. The Company may declare and pay dividends by way of cash or scrip or by other means that the Board considers appropriate. Any dividend unclaimed shall be forfeited and shall revert to the Company in accordance with the Company's Memorandum and Articles of Association.

The Board will review the Dividend Policy as appropriate from time to time.

Risk Management and Internal Control Report

China Huirong Financial Holdings Limited (“Company”) is a group of companies engaged in pawn, small loans, turnover loans, factoring, insurance brokerage business and investment in mainland China. The Company is committed to providing the small-and-medium-size companies and individuals with diversified and innovative financial products. Its vision is to become the leading comprehensive financial service provider in China who serves small-and-medium-size companies and individuals.

All business in the Company involves one or more risks in analysis, measurement, evaluation, commitment and management to a certain extent. The major risk types confronted by the Company are credit risk, liquidity and financing risk, market risk and operational risk. The company has established relatively sound risk management system and internal control, feedback system, and will make adjustments according to the economic environment and industry development, to ensure that it will achieve reasonable income while maintaining the risks within control.

1. Risk Management

The Company publishes risk management report on an annual basis, reviewing and evaluating the major risk types faced by the Company during the year and the operation of the risk management system, as well as revising the risk management guidelines for the coming year, to ensure balancing between the Company’s earnings and risks.

Risks	Sources	Control and management risks
<p>(1) Credit risk Financial loss risk arises when customers and counterparties default on contractual obligations.</p>	<p>Credit risk is mainly attributable to direct loans.</p>	<p>Potential amount of the loss will be measured when customers and counterparties default on payment. The loss will be capped and monitored and subject to approval from persons designated in the organizational framework. When customers and counterparties default on their contractual obligations, potential risks and losses suffered from by the Company will be no more than the caps. Risk management will be implemented by the risk management personnel in compliance with a consistent and sound risk control framework with policies, principles and guidelines specified clearly.</p>

Risk Management and Internal Control Report (Continued)

Risks	Sources	Control and management risks
<p>(2) Liquidity risk and financing risk</p> <p>Such risk will occur when the Company is unable to perform its obligations when due as a result of inadequate financial resource or performance of such obligations requires additional cost.</p>	<p>Liquidity risk arises from the time mismatch of cash flow. Financing risk occurs when liquidity could not be obtained with expected terms when necessary to fund the illiquid assets.</p>	<p>It will be measured with internal measurement standards including the stressed operating cash flow forecast, coverage ratio and the loan to core capital ratio and will be monitored by the audit committee of the Company in accordance with the liquidity and financing risk management framework in place.</p>
<p>(3) Market risk</p> <p>The risk arises from the change in market conditions such as exchange rates, credit spreads and share prices which may result in a decrease in the Company's income or the value of its investment portfolios.</p>	<p>Market risk is mainly attributable to deposits held by the Company in foreign currencies, assets and liabilities of the Company's lending services business as well as held-for-trading financial investments.</p>	<p>The risk will be measured based on its estimated loss and applied to estimate the potential loss of the risk exposure generated by the change of market interest rates and prices during a designated period in a specific credibility. Then it will be subject to stress test to assess its potential impact on the value of portfolios if something extreme but possible happens. Various monitoring measures are taken including the sensitivity of net interest income and the Company will manage such risk with approved risk limits.</p>
<p>(4) Operational risk</p> <p>Such risk occurs when losses are incurred as a result of insufficient and ineffective internal procedures, human resources and systems or external events.</p>	<p>Operational risk is generated during daily operations or from external events and is relevant to all aspects of the Company's business.</p>	<p>Condition analysis procedures and risk and control assessment procedures will be applied to evaluate the risk level and effectiveness of the controlling. The risk will be monitored with key indicators and other internal control activities. Management of the risk will be mainly conducted by business and department managers who identify, assess, monitor and manage such risk as well as evaluating the effectiveness of the operational risk management framework in effect. The risk and audit department is responsible for such framework and the supervision of the operational risk management conducted in such business and departments.</p>

Risk Management and Internal Control Report (Continued)

The Company has established risk management policy procedures to identify and analyse risks, determine appropriate risk limits, and monitor and control all kinds of risks with its reliable and timely information management system. The risk management frameworks/policies, statement of risk exposure level and major limits of risk control are subject to approval from the Board and will be monitored and reviewed by the Directors regularly. The Company has set up efficient risk management frameworks and accountability mechanism and arranged for appropriate supervision and control on risks of all types and in every level across the Company, with an aim to ensure the effectiveness of its risk management.

The Board will assume ultimate responsibility for the statement of risk exposure level and the effectiveness of risk management of the Company. The audit committee is responsible for reviewing the statement of risk exposure level and consistency of the mid-to-long-term strategies and advises and reports to the Board with respect to the risk management, internal control and high level risk related matter.

The Audit Committee is in charge of constantly monitoring, assessing and managing the risk environment and the effectiveness of risk management policies. The director of risk control will report to the Board on the actual risk exposure of the Company regularly as well as relevant deviations and management improvements required to be made.

(1) Credit Risk

Credit risk refers to financial loss risk arising from customers' or counterparties' default on their contractual obligations. Credit risk is mainly attributable to direct loans. The Company has specified standards, policies and procedures to control and monitor credit risks in all relevant business.

In terms of the Company's customers, they are mostly small, medium and micro enterprises, business owners or individuals with less diversified business models and weak capability for business transformation, and they tend to struggle hardly in economic downturns as they are at the grass-root level of the industry chain. However, as we have paid more attention to the form of security and diversification of credit assets since 2016, the increase in the non-performing credit assets of the Company was effectively controlled. Although most of the credit assets were secured or guaranteed, they directly drive down the Company's income and profits as litigation and disposal of such assets require prolonged time and lower interest income can be generated during such disposal.

Designated functions shall be reported to the director of risk control and credit risk is under centralized management with the following work conducted:

- Establish approval procedures, monitoring procedures after granting loans and policies of collection and for large loans;
- Publish guidelines for loans granted to specific markets, industries and products as well as acceptable facilities, mitigation risk and evaluation parameters for specific collaterals;
- Set up limits to monitor credit risks of industries, counterparties and loan portfolio types, etc.;
- Maintain and develop credit risk/credit rating systems to categorise risks for management purposes;
- Inform senior management and all committees of credit information of the Company;
- Actively manage and develop the credit system; and
- Advise the business departments on relevant loans and provide them with guidelines in this regard.

Risk Management and Internal Control Report (Continued)

Management and Collection of Impaired Loans

The Company will continuously analyse and monitor its loans from different aspects. It pays much attention to doubtful loans and makes provisions for the impaired loans in a timely and consistent manner according to designated guidelines. It will also form a loan collection team to render comprehensive support to the customer, with an aim to maximize the recoverability of the doubtful debts. The management will review loan portfolios in detail on a regular basis, compare the performance and overdue statistics of the portfolios with past trends and assess the recent economic environment to identify if there is any impaired loan requiring appropriate provisions.

Collaterals and Other Loan Improvement Conditions

Although collateral is an important tool for mitigating credit risk, the Company grants loans based on the customers' cash flow and solvency instead of value of collaterals. It is the Company's policy to cap the loan based on customers' solvency rather than undue reliance on collaterals. In certain circumstances, the loan may be unsecured, depending on the customers' financial position and product types. Major types of collaterals are personal/commercial properties, securities and trade receivables, etc.

The Company has organized professional teams comprised of risk management professionals and lawyers to manage its collaterals.

Concentration of Credit Risk

Counterparties of the Company are mainly located in Suzhou where the economy is well developed, indicating high regional concentration and that it will be influenced by regional economy more easily. The Company is dedicated to expand its business into surrounding regions and has developed new products such as "Yin Qiao Dai" (銀橋貸), "Rong ZhengTong" (融證通), "Shu Lou Dai" (贖樓貸) and automobile financial leasing in 2016 which are highly standardized and can be used across regions. With development of the new business, risk concentration will be reduced gradually.

(2) Liquidity and Financing Risk

Under policies and regulations, the Company mainly grants loans funding from its proprietary capital and bank borrowings which are pledged by deposits. According to the liquidity information of the Company in the year end, the Company is fully capable of repaying all bank borrowings and Suzhou Qian Dai borrowings.

Assets in the Company bearing no interest are mainly bad credit assets to be disposed of and will not have adverse effects on the liquidity. They will be realized gradually upon conclusion of litigations and completion of the asset disposal and will contribute to our business growth.

(3) Market Risk

The Company regards market risk as one of the major risk it confronted.

As for the market interest rate, effective interest rate is reduced due to interest rate cut and larger money supply in the society, directly bringing down the interest rate of the Company in granting loans, which in turn has an impact on its performance. Although effective interest rate is reduced, the private sector lacks investment willingness due to its pessimistic forecast of the future and its investment growth decreases year by year, which indirectly undermines the profit attributable to loans granted to prime customers by the Company.

Risk Management and Internal Control Report (Continued)

Since 2016, the Company has been working actively on improving its current situation, especially by actively developing ultra-short term loan business for enterprises and personal loan business, so as to minimize the impact brought by market risks. The ultra-short term loan business is designed as a channel for capital operation between banks and companies and is expected to generate considerable income free from market risks by closely communicating with banks and companies and making it convenient for companies to obtain loans and raise funds. The personal loan business, which mainly refers to “Shu Lou Dai” (贖樓貸) business, provides funding services for vendors to release their property mortgage with banks. As purchase and sale agreement has been entered into, the source of repayment is certain, thus it is generally free from market risks.

(4) Operational Risk

The Company has marketing department, risk management department, loan center and audit department, which are clearly separate and independent from each other without hierarchical relationship.

The market department is responsible for collection of customers' information and preparation of project reports; the risk management department reviews such project reports, issues risk opinion and formulates conditions precedent for granting loans; the loan center reviews whether the customer fulfills such conditions precedent and grants loans; and the audit committee will review and audit the whole workflow.

The Company has operational departments independent to each other and its workflow has been practiced for years, which eliminates the risk arising from operation errors of its internal staffs and failure of systems.

Operation of the Company's products is generally standardized, and customer identification process and conditions for granting loans are well established and updated constantly in pace with environmental changes. The Company's risk management personnel are professionals with extensive risk management experience and can assess the customers' risks properly. The staffs in the Company's loan center are all seasoned financial management experts and can make accurate judgments on whether conditions for granting loans are fulfilled. Employees of the Company's audit department are specialists with profound financing, financial and auditing experience and can evaluate and cope with the external risks identified in the whole workflow.

The Company has maintained a sound operational system to effectively deal with the external operational risks.

2. Internal Control and Audit

The Company has set up audit department which is in charge of the development, operation and audit of its internal control system and reports to the Board and the audit committee.

From a macro perspective, the audit department makes judgments on the market and environment, conducts audit with respect to the nature and level of the risks set by the Company in achieving its strategic goals and issues independent opinion to and advise the audit committee and the Board.

The audit department will carry out twice regular (in January and July) and several ad-hoc audit and supervision on the risk management system and internal control system of the Company every year, and will inform the management and the Board of the operational status of such systems timely. During the Reporting Year, the audit department has reviewed the risk management and internal systems.

Risk Management and Internal Control Report (Continued)

The audit department is responsible for the operation of the internal control system and will monitor and review the business process during or after the course of such business. It can get access to the documents of the business at any time to review whether the process is conducted in compliance with requirements and has the right to enquire all participants involved in such business, to prepare for an independent audit report. If any problem is identified in the business process by the audit department, such process must be suspended and individuals who misconduct will be held accountable.

Disclosure of inside information of the Company is subject to management of the Board office and lawyers. The inside information will be identified by the Board office and confirmed by lawyers, who will then make a draft announcement thereon and the disclosure of which will be approved by the Board. The audit committee will also monitor the disclosure of such inside information and will conduct independent audit and advise on mandatory disclosure and voluntary disclosure. Inside information must be kept strictly confidential until an announcement is published in accordance with the requirements of the Listing Rules.

The management is required to assess the effectiveness of the risk management and internal control system annually and shall immediately report to the audit committee and the board on any deficiency of internal control identified and propose solutions.

For the financial year ended 31 December 2020, the Board believed that its risk management and internal control system was effective and adequate.

Environmental, Social and Governance Report

China Huirong Financial Holdings Limited (the “Company”) holds environmental responsibility and social responsibility all the time. As an environment-friendly enterprise, the Company takes the initiative to arrange its energy-conservation and environmental protection work. It acts as a qualified entrepreneur responsible for offering employees a good job environment and promotion channels and ensure compliance of its products and operations with relevant laws and regulations and social interests.

1. Environmental Protection

The Company not only focuses on environmental protection in daily business, but also spreads the idea of environmental protection to customers, suppliers and other stakeholders. It is committed to diminishing harmful effects on the environment by day-to-day operations and actively getting involved in activities helpful to the environment. Meanwhile, the Company also undertakes social responsibility by virtue of investment and lending policies.

Environmental Performance	Unit	2019	2020

General office wastes (recyclable)	ton	24.82	22.47
General office wastes (unrecyclable)	ton	11.04	9.89
Electronic products and devices	ton	0.45	0.35

The above data include that of all business lines of the Company and figures are accurate to two decimal places.

Environmental, Social and Governance Report (Continued)

1.1 Emissions

The Company does not produce hazardous wastes as it does not deal with any industrial production activities. CO₂-dominated greenhouse gases produced by energy consumption and traffic are the Company's major emissions.

To reduce greenhouse gas emissions, the Company has actively developed and executed environmental policies, including using less energy-consuming LED lights in specified areas and adopting high-speed rails as a main business tool to minimize the use of autos and airplanes for they consume more energy.

In 2020, CO₂ emissions decreased by 27.35% as compared to last year, which is mainly due to the decrease in the number of business trips of the Company under the influence of the COVID pandemic.

1.2 Energy Consumption

In order to reduce energy consumption, the Company piloted its office areas with light sources being decreased in quantity, weakened in intensity and lowered in energy consumption as well as imposing more strict use standard on both centralize air conditioners and high energy-consuming appliances. In the mean time, the Company installed water-saving devices in office areas and achieved some effects. However, as the businesses of the Company develop across regions, the number of office premises increased, leading to an increase in the total energy consumption and total water consumption.

Our operation activities do not involve massive water usage. Our water consumption is mainly from daily office and life activities. Our water source is municipal water supply and we do not face any problem or risk in accessing sufficient water source.

The Company used paper passing the authentication of FSC and specified that only wood pulp and/or 100% recycled paper with clear sources and not from high risk countries can be used. It also promoted informationize office and paperless office, contributing to a decrease of 5.33% as compared to last year in total paper consumption.

1.3 Waste Management

The Company produces no hazardous wastes, so hazardous wastes that may be produced are disposed by a professional company entrusted.

The Company views environment as an important factor, evaluates impacts of clients on the environment, and uses approval principles of strict admittance on heavy energy-consuming and highly polluted industries. It is customary for the Company to organize tree-planting activities. The Company calls off dishes on endangered species in banquet activities and promote environmental idea in communities to advance the transmission of low-carbon life and recycling.

As we do not run any factories, the environmental protection related law and regulations in China do not apply to our operations. During the Reporting Year, the Group did not involve in any matters that violate the environment-related laws and regulations.

Environmental, Social and Governance Report (Continued)

2. Society

The Company is socially responsible for employees and communities. It offers employees training and career development planning in a secure and good work environment. The Company respects intellectual property and customer privacy and has established and operated robust risk management system and internal monitoring system. Insisting on the social idea of not being evil, the Company seeks for harmony with the society through practical actions.

2.1 Employment and Labor Information

As at 31 December 2020, the Company has 140 employees, all of them are full-time employees.

2020 Employee Information

Age	Number	Gender	Number	Type	Number
20–35	74	Male	78	Full-time	140
36–45	41				
46–55	24	Female	62		
56 or over	1				
Total	140				

The Company ensures legitimate rights and interests of employees (include employment and dismissal) according to the Labor Law of the People's Republic of China, the Labor Contract Law of the People's Republic of China and relevant provisions. The Company has established the employee recruitment and promotion systems with reference to existing guidelines within or beyond this industry to offer employees equal opportunities and other rewards and benefits not below the industry average. The Company resolutely opposes discrimination and guarantees an equal job environment open to moderate diversification.

The Company holds campus recruitment once a year and social recruitment on an irregular basis. With a complete compensation system and assessment system, it provides career planning for each employee and career promotion channels for employees who meet requirements of assessment. The Company implements 8-hour working system and all employees are entitled to statutory holidays and paid annual leave.

During the Reporting Year, there was no incident of non-compliance with the relevant laws and regulations relating to employment and labour practices that have a significant impact on the Group.

2.2 Health and Security

The Company neither produces nor sells any product that could cause harm to the human body nor operates in environment that may cause harm. In compliance with the Environmental Protection Law, Law on the Prevention and Control of Occupational Diseases and the Fire Control Law and relevant provisions, the Company offers employees a safe and good work environment and adequate security measures to protect employees from occupational hazards.

The Company provides free medical examinations for all employees every year. It also organizes sports like long-distance running and badminton to ensure that the employees are in good health.

During the Reporting Year, the Group strictly complied with the aforementioned laws and regulations, and had no material violations of any health and safety laws and regulations.

Environmental, Social and Governance Report (Continued)

2.3 Development and Training

The Company conducts regular and irregular learning and training for all or some employees to improve their knowledge and skills. In 2020, the training rate for all employees reached 100%.

Employee Training Information

Classification		Average training hours per employee
Gender	Male	14.40
	Female	14.80
Employee level	Senior management	21.60
	Middle management	18.20

The Company provides business etiquette training for all employees; business training and risk management training for the business department and the risk department; specialized training courses as well as learning, training and company visits on a quarterly basis for employees under 35; training of new types of business like Internet finance and investment for senior management.

Meanwhile, the Company has a training and management plan in place for our staff for the sake of strengthening their comprehensive capabilities and building a studious corporate culture. The aforesaid plan includes public course, professional course, management course and team experience course.

2.4 Labor Standard

In compliance with the Labor Law of the PRC and relevant provisions, the Company does not allow child labor nor forced labor. Employees need to have some knowledge reserves and professional skills due to the threshold and professional nature of this industry.

The Company validates identities of applicants to preclude the possibility of child labor. The code of operation specifies zero tolerance for forced labor and clearly provides the reporting contact information of the Company and regulatory department. The Company also makes interviews with employees from time to time by the HR department to ensure compliance with regulations.

During the Reporting Year, the Group had no material non-compliance incidents in relation to the Labor Law of the PRC.

2.5 Supply Chain Management

The Company is not a manufacturing enterprise, so there has no management of suppliers and supply chain.

Environmental, Social and Governance Report (Continued)

2.6 Product Responsibility

In compliance with the General Principles of the Civil Law, Product Quality Law and the Law on Protection of the Rights and Interests of Consumers and relevant provisions, the Company offers financial services to the public and promotes business by briefing services it renders without any falsification or fraud. Attaching great importance to intellectual property and privacy information protection, the Company has developed multiple security measures to ensure that there is no act of selling or disclosing the customer information. It will never acquire or use unauthorized customer information through illegal channels.

The Company has set up the information isolation system that only those with authorization can inquire about the customer data stored in the Company. The Company regularly reviews the history records on a regular basis to ensure the procedural compliance.

During the Reporting Year, the Group complied with all relevant laws and regulations having significant impacts on the Group relating to product responsibility and did not involve in any non-compliance matters.

2.7 Anti-Corruption

In compliance with the *Criminal Law of the People's Republic of China* and relevant provisions, the Company has formed strict monitoring systems and reporting procedures to prevent bribery, extortion, fraud and money laundering and other criminal acts. As of 31 December 2020, there was no lawsuit regarding corruption against the Company or its employees.

The Company renders financial services, to which the corruption may occur at business and risk ends. The Company has established strict multiple approval and audit review procedures to avoid risks caused by employees and reporting procedures and accountability mechanism reviewed by the audit department to ensure that all systems and procedures are operational.

2.8 Community Investment

The Company actively organizes and encourages employees to get involved in community activities. In 2020, it organized employees to give lectures about the prevention of financial risks on weekends for several times to cultivate the residents' awareness and discrimination on illegal finance; organized them to participate in community sports activities, such as marathon and badminton, for several times; stopped granting loans and providing financial services to enterprises that may endanger the community environment, which has forced them to improve their production process.

As an enterprise bearing environmental responsibility and social responsibility, the Company is willing to invest energy and resources in living harmoniously with the environment and the society.

Consolidated Financial Statements and Independent Auditor's Report

羅兵咸永道

To the Shareholders of China Huirong Financial Holdings Limited
(incorporated in the Cayman Islands with limited liability)

Opinion

What we have audited

The consolidated financial statements of China Huirong Financial Holdings Limited (the “Company”) and its subsidiaries (the “Group”) set out on pages 78 to 171, which comprise:

- the consolidated statement of comprehensive income for the year ended 31 December 2020;
- the consolidated statement of financial position as at 31 December 2020;
- the consolidated statement of changes in equity for the year ended 31 December 2020;
- the consolidated statement of cash flows for the year ended 31 December 2020; and
- the notes to the consolidated financial statements, which include a summary of significant accounting policies.

Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Consolidated Financial Statements and Independent Auditor's Report (Continued)

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter identified in our audit is related to expected credit loss for loans to customers as at 31 December 2020.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Measurement of Expected Credit Loss (“ECL”) for loans to customers</p>	<p>We understood, evaluated and tested the internal controls relating to the measurement of ECLs for loans to customers which comprised:</p> <ol style="list-style-type: none"> (1) governance over ECL models, including the selection, approval and application of modelling methodology; and the internal processes relating to the on-going monitoring and enhancements of the models; (2) assessment and approval of significant management judgments and assumptions, including parameters estimation, the criteria of significant increase in credit risk, the definition of default and credit-impairment, and use of economic variables and relative weightings for forward-looking scenarios; (3) internal controls over the accuracy and completeness of key inputs used by the models; (4) internal controls relating to estimated future cash flows and calculations of present values of such cash flows for loans to customers that the discounted cash flow model is used to calculate ECL allowances, taking into consideration forward-looking factors. <p>We performed substantive procedures relating to the measurement of ECLs for loans to customers which comprised:</p> <p>According to risk characteristics of asset portfolios, we assessed the reasonableness of segmentation. We reviewed the modelling methodology adopted by management for ECL measurement, and assessed the reasonableness of the key parameters, significant judgements and assumptions. We examined the calculation for model measurement on selected samples to test whether or not the model reflects the modelling methodology documented by management.</p>
<p>Refer to Note 2.13, 3.1(a), 4.1, 27 to the consolidated financial statements.</p>	
<p>As at 31 December 2020, the Group's gross loans to customers amounted to RMB2,418 million, and ECL allowances of RMB604 million were recognized in the Group's consolidated statement of financial position. The ECLs on loans to customers recognized in the Group's consolidated statement of comprehensive income for the year ended 31 December 2020 amounted to RMB125 million.</p>	
<p>The Group assessed whether the credit risk of loans to customers had increased significantly since their initial recognition or defaulted, and applied a three-stage impairment model and discounted cash flow model to calculate their ECL allowances. For loans to customers that the three-stage impairment model is used to calculate ECL allowances, the management assessed ECL allowances using the risk parameter modelling approach that incorporates key parameters, including probability of default, loss given default and exposure at default. For loans to customers that the discounted cash flow model is used to calculate ECL allowances, the management assessed ECL allowances by estimating the future cash flows from the loans taking into consideration of forward-looking factors.</p>	

Consolidated Financial Statements and Independent Auditor's Report (Continued)

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>The measurement model of ECLs involved significant management judgments and assumptions, primarily including the following:</p> <ol style="list-style-type: none"> (1) determination of relevant key models and parameters; (2) criteria for determining whether or not there was a significant increase in credit risk and definition of default or credit impairment; (3) estimated future cash flows for loans to customers that the discounted cash flow model is used to calculate ECL allowances; (4) economic variables for forward-looking measurement, and the application of economic scenarios and relative weightings. 	<p>We performed the following procedures on the key parameters of the model, including probability of default, loss given default and exposure at default:</p> <ol style="list-style-type: none"> (1) examined the accuracy of data inputs to the ECL models on selected samples, including loan contract information, borrowers' historical data and data on the measurement date, and agreed them to the underlying data used to obtain the key parameters; (2) verified the accuracy of key parameters' calculation on selected samples; (3) performed retrospective review on selected samples by comparing actual probability of default with forecasted probability of default last year, to evaluate the accuracy of the ECL model's prediction.
<p>The Group established related controls for the measurement of ECLs.</p>	<p>We selected samples, in consideration of the overdue status of the borrowers, relevant external evidence and other factors, to assess the appropriateness of management's identification of significant increase in credit risk, defaults and credit-impaired loans.</p>
<p>Management applied significant judgments in measuring its ECL which involved models with a number of assumptions, parameters and data inputs; and the ECL amounts involved were significant. In view of these reasons, we included this as a key audit matter.</p>	<p>In addition, we applied statistical methods to assess management's analysis on their selection of key economic indicators employed in the forward-looking scenarios and compared with the predicted values from third-party institutions to assess the economic indicators used. We also performed sensitivity testing of the significant increase in credit risk, economic indicators, and relative weightings of economic scenarios.</p>
<p></p>	<p>For loans to customers that the discounted cash flow model is used to calculate ECL allowances, we examined, on a sample basis, forecasted future cash flows taking into consideration of forward-looking factors prepared by the Group based on financial information of borrowers and guarantors, latest collateral valuations and other available information in supporting the computation of ECL allowances.</p>
<p></p>	<p>Based on our procedures performed, the models, key parameters, significant judgements, and assumptions adopted by the management and the measurement results were considered acceptable.</p>

Consolidated Financial Statements and Independent Auditor's Report (Continued)

Other Information

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Consolidated Financial Statements and Independent Auditor's Report (Continued)

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Consolidated Financial Statements and Independent Auditor's Report (Continued)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Leung Kwok Wai, Jimmy.

Transactions with non-controlling interests	31(c)	(30,000)	—
Capital injections from non-controlling interests	31(d)	40,000	11,003
Dividends paid to owners of the Company		(13,000)	(12,416)
Dividends paid to non-controlling interests	17(f)	(13,875)	(12,600)
Net cash (outflow)/inflow from financing activities		(479,171)	121,432
Net (decrease)/increase in cash and cash equivalents		(75,648)	46,952
Cash and cash equivalents at beginning of year		181,038	133,736
Effects of exchange rate changes on cash and cash equivalents		(1,471)	350
Cash and cash equivalents at end of year	29	103,919	181,038

The above consolidated statement of cash flows should be read in conjunction with the accompanying notes.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

1 General Information

China Huirong Financial Holdings Limited (中國匯融金融控股有限公司) (the “Company”) was incorporated in the Cayman Islands on 11 November 2011 as an exempted company with limited liability under the Companies Law of the Cayman Islands. The address of the Company’s registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111 Cayman Islands. The Company is ultimately controlled by Messrs Zhu Tianxiao (朱天曉), Zhang Xiangrong (張祥榮), Ge Jian (葛健), Chen Yannan (陳雁南), Wei Xingfa (魏興發), Yang Wuguan (楊伍官) and Zhuo You (卓有) (the “Ultimate Shareholders”).

The Company is an investment holding company and its subsidiaries (hereinafter collectively referred to as the “Group”) are principally engaged in lending services through granting secured and unsecured loans to customers in the People’s Republic of China (the “PRC”), as well as consultancy and insurance agency services.

On 28 October 2013, the Company’s shares were listed on The Stock Exchange of Hong Kong Limited.

The Group meets its day-to-day working capital requirements through its bank and other financial institution facilities. The current economic conditions continue to create uncertainty particularly over (a) the level of demand for the Group’s products; and (b) the availability of bank and other financial institution finance for the foreseeable future. The Group’s forecasts and projections, taking account of reasonably possible changes in trading performance, show that the Group should be able to operate within the level of its current facilities. After making enquiries, the directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. The Group therefore continues to adopt the going concern basis in preparing its consolidated financial statements.

The detailed information of the subsidiaries of the Company can be found in Note 17.

These consolidated financial statements have been approved and authorized for issue by the Board of Directors on 31 March 2021.

2 Summary of Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for the Group consisting of China Huirong Financial Holdings Limited and its subsidiaries.

2.1 Basis of preparation

(i) Compliance with HKFRS and HKCO

The consolidated financial statements of the Group have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”) and the requirements of the Hong Kong Companies Ordinance Cap. 622.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Financial assets and liabilities at fair value through profit or loss (“FVPL”) — measured at fair value.
- Investment property — measured at fair value.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.1 Basis of preparation (Continued)

(iii) New and amended standards adopted by the Group

The Group has applied the following standards and amendments for the first time for their annual reporting year commencing 1 January 2020:

- Definition of Material — amendments to HKAS 1 and HKAS 8
- Definition of a Business — amendments to HKFRS 3
- Interest Rate Benchmark Reform — amendments to HKFRS 9, HKAS 39 and HKFRS 7
- Revised Conceptual Framework for Financial Reporting

The Group also elected to adopt the following amendments early.

- Annual Improvements to HKFRS Standards 2018–2020 Cycle.
- Covid-19-Related Rent Concessions — amendments to HKFRS 16

The amendments listed above did not have any significant impact on the amounts recognized in prior periods and are not expected to significantly affect the current or future periods, except for the Amendment to HKFRS 16 set out above.

(iv) New standards and interpretations relevant to the Group that are not yet effective and have not been adopted before their effective dates in 2020 by the Group

Certain new accounting standards and interpretations have been published that are not mandatory for 31 December 2020 reporting period and have not been early adopted by the Group. These standards are not expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

2.2 Changes in accounting policies

2.2.1 HKFRS 16

The Group has early adopted Amendment to HKFRS 16 Covid-19-Related Rent Concessions retrospectively from 1 January 2020. The amendment provides an optional practical expedient allowing lessees to elect not to assess whether a rent concession related to COVID19 is a lease modification. Lessees adopting this election may account for qualifying rent concessions in the same way as they would if they were not lease modifications. The practical expedient only applies to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if all of the following conditions are met: a. the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change; b. any reduction in lease payments affects only payments due on or before 30 June 2021; and c. there is no substantive change to other terms and conditions of the lease.

The Group has applied the practical expedient to all qualifying COVID-19-related rent concessions. Rent concessions totalling RMB16 thousand have been accounted for as negative variable lease payments and recognised in general and administrative expenses in the statement of comprehensive income for the year ended 31 December 2020, with a corresponding adjustment to the lease liabilities. There is no impact on the opening balance of equity at 1 January 2020.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.3 Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are all entities (including a Structured Entity ("SE")) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Intercompany transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of financial position respectively.

a. Subsidiary from contractual arrangements

In December 2011, the Group's wholly owned subsidiary, Suzhou Huifang Tongda Information Technology Company Limited (蘇州匯方同達信息科技有限公司) ("Huifang Tongda"), has entered a series of contractual agreements with Wuzhong Pawnshop, Wuzhong Pawnshop's direct owners namely Jiangsu Wuzhong Jiaye Group Co., Ltd. (江蘇吳中嘉業集團有限公司) ("Wuzhong Jiaye") and Suzhou New District Hengyue Management Consulting Co., Ltd. (蘇州新區恒悅管理諮詢有限公司) ("Hengyue Consulting"), and their respective owners, which enables the Group to:

- exercise effective control over Wuzhong Pawnshop;
- exercise owners' voting rights of Wuzhong Jiaye and Hengyue Consulting during the general meetings of Wuzhong Pawnshop;
- receive a majority of the economic benefits of Wuzhong Pawnshop through service fees in consideration for the management and consulting services provided by Huifang Tongda;
- receive the residual economic benefits of Wuzhong Pawnshop by exercising an exclusive option to purchase the entire equity interest in Wuzhong Pawnshop when and to the extent permitted under PRC laws; and
- obtain a pledge over the entire equity interest of Wuzhong Jiaye and Hengyue from their respective owners.

Since both the Group and Wuzhong Pawnshop were then controlled by the same Ultimate Shareholders, the above reorganisation of Wuzhong Pawnshop (the "Reorganisation") was accounted for using the accounting principle similar to that of a reverse acquisition.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.3 Principles of consolidation and equity accounting (Continued)

(i) Subsidiaries (Continued)

a. Subsidiary from contractual arrangements (Continued)

The Group does not have any equity interest in Wuzhong Pawnshop. However, as a result of the Reorganisation, the Group controls Wuzhong Pawnshop and is considered to be the primary beneficiary of the results, assets and liabilities of Wuzhong Pawnshop. Consequently, the Company treats Wuzhong Pawnshop as an indirect subsidiary under HKFRS. The Group has included the financial position and results of Wuzhong Pawnshop in its consolidated financial statements.

b. Other subsidiaries

Except for the Reorganisation as described in Note 2.3(i)a, the Group applies the acquisition method to account for business combinations (Note 2.4).

(ii) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognized at cost.

(iii) Equity method

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognized as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the associates.

Unrealized gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity-accounted investments is tested for impairment in accordance with the policy described in Note 2.12.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.3 Principles of consolidation and equity accounting (Continued)

(iv) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized in other reserve within equity attributable to owners of the Group.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognized in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable HKFRSs.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to profit or loss where appropriate.

2.4 Business combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:

- fair values of the assets transferred
- liabilities incurred to the former owners of the acquired business
- equity interests issued by the Group
- fair value of any asset or liability resulting from a contingent consideration arrangement, and
- fair value of any pre-existing equity interest in the subsidiary

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.4 Business combinations (Continued)

The excess of the:

- consideration transferred,
- amount of any non-controlling interest in the acquired entity, and
- acquisition-date fair value of any previous equity interest in the acquired entity

over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognized directly in profit or loss as a bargain purchase.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions. Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognized in profit or loss.

If the business combination is achieved in stages, carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognized in profit or loss.

2.5 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

2.6 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision-maker is the person or group that allocates resources to and assesses the performance of the operating segments of an entity. The Group's reporting segments are decided based on its operating segments while taking full consideration of various factors such as products and services, geographical location and regulatory environment related to administration of the management. Operating segments meeting the same qualifications are allocated as one reporting segment, providing independent disclosures.

The purpose of segment reporting is to assist the chief operating decision-maker in resource allocation and performance assessment of each operating segment. The same accounting policies as adopted in preparation of the Group's financial statements are used for segment reporting.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.7 Foreign currency translation

(i) **Functional and presentation currency**

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in RMB, which is the Company's functional and presentation currency.

(ii) **Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in the consolidated statement of comprehensive income. They are deferred in equity if they relate to qualifying cash flow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation.

Foreign exchange gains and losses that relate to borrowings are presented in the consolidated statement of comprehensive income, within interest expense. All other foreign exchange gains and losses are presented in consolidated statement of comprehensive income on a net basis within other (losses)/gains, net.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equities classified as FVOCI are recognized in other comprehensive income.

(iii) **Group companies**

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that balance sheet;
- income and expenses for each statement of comprehensive income are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and
- all resulting exchange differences are recognized in other comprehensive income.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.8 Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to other operating expenses during the financial period in which they are incurred.

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of leasehold improvements and certain leased plant and equipment, the shorter lease term as follows:

Leasehold improvements	3–5 years
Vehicles	5 years
Furniture and equipment	5 years

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting year.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with carrying amount. These are included in the consolidated statement of comprehensive income.

2.9 Properties under development

Properties under development are stated at the lower of cost and net realizable value. Development cost of properties comprises cost of land use rights, construction costs and borrowing costs incurred during the construction period. Upon completion, the properties are transferred to completed properties.

Net realizable value takes into account the price ultimately expected to be realized, less applicable variable expenses and the anticipated costs to completion.

2.10 Investment properties

Investment properties, principally freehold office buildings, are held for long-term rental yields and are not occupied by the Group. Investment property is initially measured at cost, including related transaction costs and where applicable borrowing costs. Subsequently, they are carried at fair value. Changes in fair values are presented in profit or loss as part of net investment (losses)/gains.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.11 Intangible assets

(a) **Computer Software**

Intangible assets comprise Computer software, which is initially recognized at cost. The cost less estimated residual values (if any) of Computer software is amortized on a straight-line basis over its useful lives, and charged to the consolidated statement of comprehensive income. Impaired Computer software is amortized net of accumulated impairment losses.

(b) **License**

Licenses acquired in a business combination is recognized at fair value at the acquisition date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

(c) **Amortization methods and periods**

The Group amortizes intangible assets with a limited useful life using the straight-line method over the following periods:

Computer software	10 years
Licenses	5 years

2.12 Impairment of non-financial assets

Non-financial assets that have a definite useful life are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting year.

2.13 Financial assets and liabilities

Measurement methods

Amortized cost and effective interest rate

The amortized cost is the amount at which the financial asset or financial liability is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowances.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset (i.e. its amortized cost before any ECL allowances) or to the amortized cost of a financial liability. The calculation does not consider ECLs and includes transaction costs, premiums or discounts and fees and points paid or received that are integral to the effective interest rate, such as origination fees. For purchased or originated credit-impaired ("POCI") financial assets — assets that are credit-impaired at initial recognition — the Group calculates the credit-adjusted effective interest rate, which is calculated based on the amortized cost of the financial asset instead of its gross carrying amount and incorporates the impact of ECLs in estimated future cash flows.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.13 Financial assets and liabilities (Continued)

Measurement methods (Continued)

Amortized cost and effective interest rate (Continued)

When the Group revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in profit or loss.

Interest income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for:

- (a) POCI financial assets, for which the original credit-adjusted effective interest rate is applied to the amortized cost of the financial asset.
- (b) Financial assets that are not “POCI” but have subsequently become credit-impaired (or “stage 3”), for which interest revenue is calculated by applying the effective interest rate to their amortized cost (i.e. net of the ECL allowances).

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Group commits to purchase or sell the asset.

At initial recognition, the Group measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss. Immediately after initial recognition, an ECL allowance is recognized for financial assets measured at amortized cost and investments in debt instruments measured at fair value through other comprehensive income (“FVOCI”), which results in an accounting loss being recognized in profit or loss when an asset is newly originated.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

- (a) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
- (b) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortized over the life of the instrument, deferred until the instrument’s fair value can be determined using market observable inputs, or realized through settlement.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.13 Financial assets and liabilities (Continued)

2.13.1 Financial assets

(i) Classification and subsequent measurement

The Group has classified its financial assets in the following measurement categories:

- Amortized cost (AC);
- Fair value through profit or loss (FVPL); and
- Fair value through other comprehensive income (FVOCI).

The classification requirements for debt and equity instruments are described below:

Debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective, such as loans to customers, term deposits with banks and other current assets (excluding repossessed assets).

Classification and subsequent measurement of debt instruments depend on:

- The Group's business model for managing the asset; and
- The cash flow characteristics of the asset.

Based on these factors, the Group classifies its debt instruments into one of the following three measurement categories:

- AC: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest ("SPPI"), and that are not designated at FVPL, are measured at amortized cost. The carrying amount of these assets is adjusted by any ECL allowances recognized and measured as described in Note 4.1(a)(ii). Interest income from these financial assets is included in "interest income" using the effective interest rate method.
- FVOCI: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent SPPI, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in "other (losses)/gains, net". Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in "other (losses)/gains, net" and impairment expenses are presented as separate line item in the statement of comprehensive income.
- FVPL: Assets that do not meet the criteria for amortized cost or financial assets at FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in profit or loss and presented in the consolidated statement of comprehensive income within "net investment (losses)/gains" in the period in which it arises.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.13 Financial assets and liabilities (Continued)

2.13.1 Financial assets (Continued)

(i) Classification and subsequent measurement (Continued)

Debt instruments (Continued)

For the year ended 31 December 2020, the Group holds debt instruments measured at amortized cost and fair value through profit or loss.

Business model: the business model reflects how the Group manages the assets in order to generate cash flows. That is, whether the Group's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of "other" business model and measured at FVPL. Factors considered by the Group in determining the business model for a group of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated.

SPPI: Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Group assesses whether the financial instruments' cash flows represent SPPI. In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement, i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Group reclassifies debt investments when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting year following the change. Such changes are expected to be very infrequent and none occurred during the year.

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets. Examples of equity instruments include basic ordinary shares.

The Group subsequently measures all equity investments at fair value through profit or loss, except where the Group's management has elected, at initial recognition, to irrevocably designate an equity investment at FVOCI. The Group's policy is to designate equity instruments at FVOCI when those instruments are held for purposes other than to generate investment returns. When this election is used, fair value gains and losses are recognized in OCI and are not subsequently reclassified to profit or loss, including on disposal. Dividends, when representing a return on such investments, continue to be recognized in profit or loss as other income when the Group's right to receive payment is established.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.13 Financial assets and liabilities (Continued)

2.13.1 Financial assets (Continued)

(i) Classification and subsequent measurement (Continued)

Equity instruments (Continued)

Gains and losses on equity investments at FVPL are included in the “Net investment (losses)/gains” line in the consolidated statement of comprehensive income.

For the year ended 31 December 2020, the Group only holds equity instruments measured at fair value through profit or loss.

(ii) Impairment

The Group assesses on a forward-looking basis the ECL allowances associated with its debt instrument assets carried at amortized cost and with the exposure arising from term deposits with banks and other financial assets. The Group recognizes an ECL allowance for such losses at each reporting date. The measurement of ECL allowances reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

Note 4.1(a)(ii) provides more detail of how the ECL allowances are measured.

(iii) Derecognition other than modification

Financial assets, or a portion thereof, are derecognized when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either (i) the Group transfers substantially all the risks and rewards of ownership, or (ii) the Group neither transfers nor retains substantially all the risks and rewards of ownership and the Group has not retained control.

The Group enters into transactions where it retains the contractual rights to receive cash flows from assets but assumes a contractual obligation to pay those cash flows to other entities and transfers substantially all of the risks and rewards. These transactions are accounted for as “pass through” transfers that result in derecognition if the Group:

- (i) Has no obligation to make payments unless it collects equivalent amounts from the assets;
- (ii) Is prohibited from selling or pledging the assets; and
- (iii) Has an obligation to remit any cash it collects from the assets without material delay.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.13 Financial assets and liabilities (Continued)

2.13.1 Financial assets (Continued)

(iii) Derecognition other than modification (Continued)

Collateral (shares and bonds) furnished by the Group under standard repurchase agreements and securities lending and borrowing transactions are not derecognized because the Group retains substantially all the risks and rewards on the basis of the predetermined repurchase price, and the criteria for derecognition are therefore not met. This also applies to certain securitization transactions in which the Group retains a subordinated residual interest.

When the contractual rights to receive the cash flows from the assets have been transferred, and the Group neither transfers nor retains substantially all the risks and rewards of ownership, and the Group has retained control of the transferred assets, the Group applies continuing involvement approach.

Under this approach, the Group continues to recognize the transferred asset to the extent of its continuing involvement and recognize the associated liability, to reflect the rights and obligations retained by the Group. The net carrying amount of the transferred asset and associated liability is: (a) the amortized cost of the rights and obligations retained by the Group, if the transferred asset is measured at amortized cost; or (b) equal to the fair value of the rights and obligations retained by the Group when measured on a stand-alone basis, if the transferred asset is measured at fair value.

2.13.2 Financial liabilities

(i) Classification and subsequent measurement

In both the current and prior year, financial liabilities are classified as subsequently measured at amortized cost, except for:

- Financial liabilities at fair value through profit or loss: this classification is applied to derivatives, financial liabilities held for trading (e.g. short positions in the trading booking) and other financial liabilities designated as such at initial recognition. Gains or losses on financial liabilities designated at fair value through profit or loss are presented partially in other comprehensive income (the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability, which is determined as the amount that is not attributable to changes in market conditions that give rise to market risk) and partially profit or loss (the remaining amount of change in the fair value of the liability). This is unless such a presentation would create, or enlarge, an accounting mismatch, in which case the gains and losses attributable to changes in the credit risk of the liability are also presented in profit or loss;
- Financial liabilities arising from the transfer of financial assets which did not qualify for derecognition or when the continuing involvement approach applies. When the transfer of financial asset did not qualify for derecognition, a financial liability is recognized for the consideration received for the transfer. In subsequent years, the Group recognizes any expense incurred on the financial liability; and
- Financial guarantee contracts (see Note 2.15).

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.13 Financial assets and liabilities (Continued)

2.13.2 Financial liabilities (Continued)

(ii) Derecognition

Financial liabilities are derecognized when they are extinguished (i.e. when the obligation specified in the contract is discharged, cancelled or expires).

The exchange between the Group and its original lenders of debt instruments with substantially different terms, as well as substantial modifications of the terms of existing financial liabilities, are accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The terms are substantially different if the discounted present value of the cash flows under the new terms, including any fees paid net of any fees received and discounted using the original effective interest rate, is at least 10% different from the discounted present value of the remaining cash flows of the original financial liability. In addition, other qualitative factors, such as the currency that the instrument is denominated in, changes in the type of interest rate, new conversion features attached to the instrument and change in covenants are also taken into consideration. If an exchange of debt instruments or modification of terms is accounted for as an extinguishment, any costs or fees incurred are recognized as part of the gain or loss on the extinguishment. If the exchange or modification is not accounted for as an extinguishment, any costs or fees incurred adjust the carrying amount of the liability and are amortized over the remaining term of the modified liability.

(iii) Interest expenses

Interest expenses are calculated by applying the effective interest rate to the gross carrying amount of financial liabilities and are expensed in the year in which they are incurred.

2.14 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the consolidated statement of financial position where the Group has a legally enforceable right to offset the recognized amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The Group has also entered into arrangements that do not meet the criteria for offsetting but still allow for the related amounts to be set off in certain circumstances, such as bankruptcy or the termination of a contract.

2.15 Financial guarantee contracts

Financial guarantee contracts are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of:

- the amount determined in accordance with the expected credit loss model under HKFRS 9 Financial Instruments; and
- the amount initially recognized less, where appropriate, the cumulative amount of income recognized in accordance with the principles of HKFRS 15 Revenue from Contracts with Customers.

The fair value of financial guarantees is determined based on the present value of the difference in cash flows between the contractual payments required under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.16 Derivative financial instruments

Derivatives are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Fair values are obtained using valuation techniques, of which all significant inputs are observable. Derivatives are carried as assets when fair value is positive and as liabilities when fair value is negative.

Changes in the fair value of the Group's derivative instrument are recognized immediately in profit or loss and are included in net investment (losses)/gains.

2.17 Repossessed collateral assets

Reposessed collateral assets are accounted for as "repossessed assets" and reported under "other current assets" upon derecognition of relevant loans. Repossessed collateral assets are initially recognized at fair value and subsequently measured at the lower of their carrying amount and fair value, less costs to sell, at the end of each reporting year. When the fair value less costs to sell is lower than a reposessed collateral asset's carrying amount, an impairment loss is recognized in the consolidated statement of comprehensive income.

Any gain or loss arising on the disposal of the reposessed collateral asset is included in the consolidated statement of comprehensive income in the period during which the item is disposed.

2.18 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

2.19 Share capital

Ordinary shares are classified as equity (Note 30).

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.20 Dividend distribution

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting year but not distributed at the end of the reporting year.

2.21 Earnings per share

(i) **Basic earnings per share**

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

(ii) **Diluted earnings per share**

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share, by taking into account the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.22 Current and deferred income tax

The income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting year in the countries where the Company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting year and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred income tax assets are recognized only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognized for temporary differences between the carrying amount and tax bases of investments in foreign operations where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.23 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including accumulating sick leave that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as accrued employee benefits in the consolidated statement of financial position.

(ii) Pension obligations

The PRC employees of the Group are covered by various PRC government-sponsored defined-contribution pension plans under which the employees become entitled to a monthly pension based on certain formulas. The relevant government agencies are responsible for the pension liability to these employees when they retire. The Group contributes on a monthly basis to these pension plans for the employees which are determined at a certain percentage of their salaries. Under these plans, the Group has no obligation for post-retirement benefits beyond the contribution made.

Contributions to these plans are expensed as incurred and contributions paid to the defined-contribution pension plans for an employee are not available to reduce the Group's future obligations to such defined-contribution pension plans even if the employee leaves the Group.

(iii) Other social security obligations

The PRC employees of the Group are entitled to participate in various government-sponsored social security funds, including medical, housing and other welfare benefits. The Group contributes on a monthly basis to these funds based on certain percentages of the employees' salaries and the contributions are recognized in the consolidated statement of comprehensive income for the period when employees have rendered service entitling them to the contribution. The Group's liabilities in respect of these funds are limited to the contributions payable in the reporting year.

2.24 Share-based payments

Employee Options

The Group operates an equity-settled, share-based compensation plan, under which the entity receives services from employees as consideration for equity instruments (options) of the Group. The fair value of the employee services received in exchange for the grant of the options is recognized as an expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g. the entity's share price);
- excluding the impact of any service and non-market performance vesting conditions; and
- including the impact of any non-vesting conditions.

Non-market performance and service conditions are included in assumptions about the number of options that are expected to vest.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.24 Share-based payments (Continued)

Employee Options (Continued)

The total expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each reporting year, the Group revises its estimates of the number of options that are expected to vest based on the non-marketing performance and service conditions. It recognizes the impact of the revision to original estimates, if any, in the consolidated statement of comprehensive income, with a corresponding adjustment to equity.

When the options are exercised, the Group issues new shares. The proceeds received net of any directly attributable transaction costs are credited to share capital and share premium.

2.25 Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting year. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

2.26 Leases

(a) The Group as Lessee

Leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group.

Contracts may contain both lease and non-lease components. The Group allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Group is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.26 Leases (Continued)

(a) The Group as Lessee (Continued)

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Group, where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs; and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. While the Group revalues its land and buildings that are presented within property, plant and equipment, it has chosen not to do so for the right-of-use buildings held by the Group.

Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less without a purchase option. Low-value assets comprise IT equipment and small items of office furniture.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

2 Summary of Significant Accounting Policies (Continued)

2.26 Leases (Continued)

(b) The Group as Lessor

Lease income from operating leases where the Group is a lessor is recognized in other operating income on a straight-line basis over the lease term. The respective leased assets are included in the consolidated statement of financial position based on their nature.

2.27 Revenue recognition

(i) Interest income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets.

(ii) Consultancy and insurance agency commission fee income

The Group provides consultancy and insurance agency services to its clients.

The consultancy services include multiple performance obligations and the transaction price is allocated to each performance obligation based on the stand-alone selling prices. Where the performance obligations are not directly observable, they are estimated based on expected cost plus margin.

The insurance agency services contain a series of distinct services that are substantially the same and have the same pattern of transfer. Therefore, the services are identified as one performance obligation.

Revenue from providing such services is recognized in the accounting period in which the services are rendered.

2.28 Government grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to costs are deferred and recognized in the income statement over the period necessary to match them with the costs that they are intended to compensate. Government grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to an entity within the Group with no future related costs are recognized as income of the period in which they become receivable.

3 Critical Accounting Estimates and Judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

3 Critical Accounting Estimates and Judgements (Continued)

This note provides an overview of the areas that involve a higher degree of judgement or complexity, and major sources of estimation uncertainty that have a significant risk of resulting in a material adjustment within the next financial year. Detailed information about each of these estimates and judgements is included in the related notes together with information about the basis of calculation for each affected line item in the financial statements.

3.1 Critical accounting estimates

(a) Measurement of ECL allowances

The measurement of the ECL allowances for financial assets measured at amortized cost is an area that requires the use of ECL models and significant assumptions about future economic conditions and credit behavior (e.g. the likelihood of customers defaulting and the resulting losses). Explanation of the inputs, assumptions and estimation techniques used in measuring ECL allowances is further detailed in Note 4.1, which also sets out key sensitivities of the ECL allowances to changes in these elements.

A number of significant judgements are also required in applying the accounting requirements for measuring ECL allowances, such as:

- determination of relevant key models and parameters;
- criteria for determining whether or not there was a significant increase in credit risk (“SICR”) and definition of default or credit impairment;
- estimated future cash flows for loans to customers in stage 3;
- economic variables for forward-looking measurement, and the application of economic scenarios and relative weightings.

Detailed information about the judgements and estimates made by the Group in the above areas is set out in Note 4.1.

(b) Income taxes

The Group is subject to income taxes in a number of jurisdictions. Significant judgment is required in determining the provision for income taxes in various jurisdictions. There are transactions and calculations for which the ultimate tax determination is uncertain. The Group recognizes liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

3 Critical Accounting Estimates and Judgements (Continued)

3.2 Critical accounting judgements

Contractual Agreements

Under the relevant rules and regulations prevailing in the PRC, wholly foreign-owned enterprises are not allowed to operate pawn-loan business in China. The current registered owners of Wuzhong Pawnshop are Wuzhong Jiaye and Hengyue Consulting. As described in Note 2.3(i) above, the Group's wholly owned subsidiary Huifang Tongda entered into a series of Contractual Agreements with Wuzhong Pawnshop, Wuzhong Jiaye, Hengyue Consulting and the owners of Wuzhong Jiaye and Hengyue Consulting. Such Contractual Agreements include: (i) a proxy agreement where Wuzhong Jiaye and Hengyue Consulting have irrevocably and unconditionally undertaken to authorize Huifang Tongda to exercise their shareholders' rights under the articles of association of the Wuzhong Pawnshop and applicable PRC laws and regulations; (ii) an exclusive management and consultation service agreement pursuant to which Wuzhong Pawnshop engaged Huifang Tongda on an exclusive basis to provide consultation and other ancillary services, and in return Wuzhong Pawnshop agreed to pay Huifang Tongda the consultancy service fee; (iii) exclusive call option agreement pursuant to which Wuzhong Jiaye and Hengyue Consulting irrevocably and unconditionally granted Huifang Tongda an option to acquire the entire equity interest held by Wuzhong Jiaye and Hengyue Consulting in the Wuzhong Pawnshop and/or all assets of the Wuzhong Pawnshop at a price equivalent to the minimum amount as may be permitted by applicable PRC laws and regulations; and (iv) equity pledge agreement pursuant to which the Ultimate Shareholders granted first priority security interests over their respective equity interests in Wuzhong Jiaye and Hengyue Consulting to Huifang Tongda for guaranteeing the performance of the above the proxy agreement, exclusive management and consultation service agreement, and the exclusive call option agreement. Pursuant to these agreements and undertakings, notwithstanding the fact that the Group does not hold direct equity interest in Wuzhong Pawnshop, management considers that the Group has power over the financial and operating policies of Wuzhong Pawnshop and receive a majority of the economic benefits from its business activities. Accordingly, Wuzhong Pawnshop has been treated as an indirect subsidiary of the Company.

4 Financial Risk Management

The Group's activities expose it to a variety of financial risks and those activities involve the analysis, evaluation, acceptance and management of some degree of risk or combination of risks. Managing risks is core to the financial business, and the operational risks are an inevitable consequence of being in business. The Group's aim is therefore to achieve an appropriate balance between risk and return and minimize potential adverse effects on the Group's financial performance.

The Group's risk management is carried out by a Central Risk Management Department under policies approved by the Board of Directors. Risk Management Department identifies and evaluates financial risks in close co-operation with the Group's operating units. The Board provides written principles for overall risk management, as well as policies covering specific areas, such as credit risk, market risk and liquidity risk.

The Group's risk management policies are designed to identify and analyze these risks, to set appropriate risk limits and controls, and to monitor the risks and adherence to limits. The Group regularly reviews its risk management policies and procedures to reflect changes in markets and products.

The most important types of financial risk are credit risk, market risk and liquidity risk. Market risk primarily includes interest rate risk, foreign exchange risk and security price risk.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors

(a) Credit risk

The Group takes on exposure to credit risk, which is the risk that a counterparty will cause a financial loss for the Group by failing to discharge on obligation. Significant changes in the economy, or those in credit quality of a concentration in the Group's portfolio, could result in losses that are different from those provided for at the balance sheet date. Management therefore carefully manages its exposure to credit risk. Credit exposures arise principally from loans to customers in the Group's asset portfolio, but can also from interest receivable from bank deposits and other receivables.

(i) Credit risk measurement of loans to customers

The estimation of credit exposure for risk management purposes is complex and requires the use of models, as the exposure varies with changes in market conditions, expected cash flows and the passage of time. The assessment of credit risk of a portfolio of assets entails further estimations as to the likelihood of defaults occurring, of the associated loss ratios and of default correlations between counterparties. The Group measures credit risk using Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD).

(ii) ECL allowances measurement

In accordance with HKFRS 9, the Group constructed a "three-stage" ECL model to measure ECL allowances based on changes in credit quality since initial recognition of a loan:

- Stage 1: A financial instrument that is not credit-impaired on initial recognition is classified in "Stage 1" and has its credit risk continuously monitored by the Group.
- Stage 2: If a SICR since initial recognition is identified, the financial instrument is moved to "Stage 2" but is not yet deemed to be credit-impaired. Please refer to Note 4.1(a)(ii)(a) for a description of how the Group determines when a SICR has occurred.
- Stage 3: If the financial instrument is credit-impaired, the financial instrument is then moved to "Stage 3". Please refer to Note 4.1(a)(ii)(b) for a description of how the Group defines credit-impaired and default.

Financial instruments in Stage 1 have their ECL allowances measured at an amount equal to the portion of lifetime ECLs that result from default events possible within the next 12 months. Instruments in Stage 2 or 3 have their ECL allowances measured based on ECLs on a lifetime basis. Please refer to Note 4.1(a)(ii)(c) for a description of inputs, assumptions and estimation techniques used in measuring the ECL allowances. A pervasive concept in measuring ECL allowances in accordance with HKFRS 9 is that it should consider forward-looking information. Note 4.1(a)(ii)(d) includes an explanation of how the Group has incorporated this in its ECL models.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(a) Credit risk (Continued)

(ii) ECL allowances measurement (Continued)

The key judgements and assumptions adopted by the Group in addressing the requirements of the standard are discussed below:

a. SICR

The Group's loans to customers all have maturities from 6 to 12 months. The Group manages the credit risk of its loan portfolio mainly by monitoring the over-due status of borrowers. The Group considers a loan to have experienced an SICR when it meets one or more of the following quantitative and qualitative criteria:

Quantitative criteria:

- The borrower is past due on its contractual payments for more than 30 days but no more than 90 (included) days.

Qualitative criteria:

- Default in other financial institutions; and
- Under-going law sue.

The assessment of SICR is performed on a half-year basis by the Group. The criteria used to identify SICR are monitored and reviewed periodically for appropriateness by the central Risk Management Department.

b. Definition of default and credit-impaired assets

The Group defines a financial instrument as in default, which is fully aligned with the definition of credit-impairment, when it meets one or more of the following criteria:

Quantitative criteria:

- The borrower is more than 90 days past due on its contractual payments.

Qualitative criteria:

- The debtor is likely to go bankrupt or carry out other financial restructuring.
- The Group has made concessions to the debtor in financial difficulty for economic or legal reasons.

The criteria above have been applied to all financial instruments measured at amortized cost and are consistent with the definition of default used for internal credit risk management purposes. The default definition has been applied consistently to model the PD, LGD and EAD throughout the Group's expected loss calculations.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(a) Credit risk (Continued)

(ii) ECL allowances measurement (Continued)

b. Definition of default and credit-impaired assets (Continued)

An instrument is considered to no longer be in default (i.e. to have cured) when it no longer meets any of the default criteria for a consecutive period of six months. This period of six months has been determined based on an analysis which considers the likelihood of a financial instrument returning to default status after cure using different cure definitions.

c. Measuring ECL allowances – Model inputs, assumptions and estimation techniques

The ECL allowance is measured on either a 12-month or lifetime basis depending on whether an SICR has occurred since initial recognition or whether an asset is considered to be credit-impaired. ECL allowances are the discounted product of the PD, LGD, and EAD, defined as follows:

- The PD represents the likelihood of a borrower defaulting on its financial obligation (as per “Definition of default and credit-impaired” above).
- LGD represents the Group’s expectation of the extent of loss on a defaulted exposure. LGD varies by type of counterparty, type and seniority of claim and availability of collateral or other credit support. LGD is expressed as a percentage loss per unit of exposure at the time of default (EAD).
- EAD is based on the amounts the Group expects to be owed at the time of default.

The ECL allowance is determined by projecting the PD, LGD and EAD for every six months and for each individual exposure or collective segment. These three components are multiplied together and adjusted for their duration (if there is no early repayment or default). This effectively calculates an ECL allowance for every six months, which is then discounted back to the reporting date and summed. The discount rate used in the ECL allowance calculation is the original effective interest rate.

For loans to customers in stage 1, the Group first calculates the annual 12-month PD and then transfers it to monthly PD. For loans to customers in stage 2 and 3, the Lifetime PDs are developed by monitoring how defaults develop in a portfolio from the point of time when a loan experienced SICR to its lifetime. The lifetime PDs are based on historical observed data taking into consideration forward-looking factors and are assumed to be the same across all loans to customers within a portfolio. This is supported by historical analysis.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(a) Credit risk (Continued)

(ii) ECL allowances measurement (Continued)

c. Measuring ECL allowances – Model inputs, assumptions and estimation techniques (Continued)

The lifetime LGDs are determined based on the factors that affect the recoverable amounts post default. These vary by product type.

- For secured loans to customers, this is primarily based on the projected collateral values, historical discounts to market/book values due to forced sales, time to repossession and recovery costs observed.
- For unsecured loans to customers, the Group will preserve the borrower's asset to mitigate the credit risk. Thus the LGDs are determined based on the factors similar to secured loans to customers.

Forward-looking economic information is also included in determining the 12-month and lifetime PDs and LGDs. These assumptions vary by product type. Refer to Note 4.1(a)(ii)(d) for an explanation of forward-looking information and its inclusion in ECL allowance calculations.

For loans to customers classified into stages 1 and 2, the management assessed ECL allowances using the risk parameter modelling approach that incorporates key parameters, including PD, LGD and EAD. For impaired loans to customers in stage 3, the management assesses ECL allowances by estimating the cash flows from the loans taking into consideration of forward-looking factors.

The assumptions underlying the ECL allowance calculation, such as how the maturity profile of the PDs and how collateral values change, are monitored and reviewed on a half-year basis.

There have been no significant changes in estimation techniques or significant assumptions made during the reporting year.

d. Forward-looking information incorporated in the ECL models

Both the assessment of SICR and the calculation of ECL allowances incorporate forward-looking information. The Group has performed historical analysis and identified the key economic variables regarding credit risk for each portfolio.

Based on analysis and assessment, the Group selects a series of economic variables (including Urban Per Capita Disposable Income (城鎮居民人均可支配收入), National Housing Sensitive index (國房景氣指數) and Business Climate Index (企業景氣指數), etc.) to establish statistical relationship between such economic variables and PDs, LGDs. A forward-looking result on PDs and LGDs is calculated based on forecasts of these economic variables.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)**4.1 Financial risk factors (Continued)**

(a) Credit risk (Continued)

(ii) ECL allowances measurement (Continued)

d. Forward-looking information incorporated in the ECL models (Continued)

The following table illustrates how economic variables apply to different portfolios.

	PDs	LGDs
Secured loans to customers	Urban Per Capita Disposable Income	National Housing Sensitive index
Unsecured loans to customers	Urban Per Capita Disposable Income	Business Climate Index

As with any economic forecasts, the projections and likelihoods of occurrence are subject to a high degree of inherent uncertainty and therefore the actual outcomes may be significantly different to those projected. The Group considers these forecasts to represent its best estimate of the possible outcomes.

Economic variable assumptions

The most significant year-end assumptions used for the ECL allowances estimate as at 31 December 2020 are set out below. The scenarios “base”, “upside” and “downside” are used for all portfolios.

		2021
Urban Per Capita Disposable Income	Base	9.19
	Upside	9.29
	Downside	9.08
National Housing Sensitive index	Base	99.99
	Upside	100.06
	Downside	99.93
Business Climate Index	Base	123.80
	Upside	123.97
	Downside	123.64

The weightings assigned to each economic scenario at 31 December 2020 are as follows:

	Base	Upside	Downside
All portfolios	80%	10%	10%

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(a) Credit risk (Continued)

(ii) ECL allowances measurement (Continued)

d. Forward-looking information incorporated in the ECL models (Continued)

Economic variable assumptions (Continued)

Other forward-looking considerations not incorporated within the above scenarios, such as the impact of any regulatory, legislative or political changes, have also been considered, but are not deemed to have a material impact and therefore no adjustment has been made to the ECL allowances for such factors. This is reviewed and monitored for appropriateness on a half-year basis.

The most significant assumptions affecting the ECL allowances are as follows:

- (i) *Urban Per Capita Disposable Income*, given its impact on secured and unsecured borrowers' ability to meet their contractual payments;
- (ii) *National Housing Sensitive index*, given the significant impact it has on property collateral loans; and
- (iii) *Business Climate index*, given the significant impact on unsecured borrowers' performance.

Sensitivity analysis

Set out below are the changes to the ECL allowances as at 31 December 2020 that would result from reasonably possible changes in these parameters from the actual assumptions used in the Group's economic variable assumptions:

Secured loans to customers		Urban Per Capita Disposable Income		
		-1%	No change	+1%
National Housing	+1%	-0.15%	-0.19%	-0.23%
Sensitive index	No change	0.04%	—	-0.04%
	-1%	0.31%	0.27%	0.23%
Unsecured loans to customers		Urban Per Capita Disposable Income		
		-1%	No change	+1%
Business Climate index	+1%	-0.11%	-0.39%	-0.66%
	No change	0.29%	—	-0.28%
	-1%	0.66%	0.37%	0.08%

As at 31 December 2020, weighted average ECL allowances for loans to customers under the three economic scenarios (upside, base and downside) will increase by less than 5% compared to ECL allowances for loans to customers under the base economic scenario.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)**4.1 Financial risk factors (Continued)**

(a) Credit risk (Continued)

(ii) ECL allowances measurement (Continued)

d. Forward-looking information incorporated in the ECL models (Continued)*Sensitivity analysis (Continued)*

Should the weighting assigned to the upside economic scenario increase by 10% and the weighting assigned to base economic scenario decrease by 10%, the ECL allowances for loans to customers would decrease by less than 5%. Should the weighting assigned to downside economic scenario increase by 10% and the weighting assigned to base economic scenario decrease by 10%, the ECL allowances for loans to customers would increase by less than 5%.

The Group performs a sensitivity analysis on the ECL allowances, assuming all past due loans to customers currently categorized at Stage 1 are moved down to Stage 2 after having experienced an SICR. The table below shows the change in ECL allowances:

	As at 31 December 2020
Loans to customers	
ECL allowances assuming past due loans to customers at Stage 1 move down to Stage 2	605,258
Current ECL allowances	603,670
Difference	1,588
Difference percentage	0.26%

Financial guarantees exposure	48,550	—	—	48,550	—

(a) Secured loans to customers comprise real estate backed loans and personal property backed loans.

(b) Unsecured loans to customers comprise equity interest backed loans, guaranteed loans and other unsecured loans.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(a) Credit risk (Continued)

(iv) Concentration of risks of financial assets with credit risk exposure

The Group maintains a diversified client base. Loans from the top five customers accounted for 27.2% of the total loans to customers as at 31 December 2020 (31 December 2019: 28.1%). Interest income from the top five customers accounted for 27.0% of total interest income for the year ended 31 December 2020 (2019: 19.1%).

(v) Collateral and other credit enhancement

The Group employs a range of policies and practices to mitigate credit risk. The most common of these is accepting collateral for loans granted. The Group has internal policies on the acceptability of specific classes of collateral or credit risk mitigation.

The Group prepares a valuation of the collateral obtained as part of the loan origination process. This assessment is reviewed periodically. The principal collateral types for loans to customers are:

- Real estate, including residential, commercial and industrial properties;
- Equity instruments, mainly equity interest in unlisted companies which are typically related to the borrowers; and
- Personal properties, including but not limited to inventory, vehicles, luxury bags, watches, precious metal, jewellery and works of art.

The Group's policies regarding obtaining collateral have not significantly changed during the reporting year and there has been no significant change in the overall quality of the collateral held by the Group since the prior year.

The Group also focuses on ascertaining legal ownership and the valuation of the real estate collaterals. A loan granted is based on the value of the collaterals, which is generally lower than the estimated value of the real estate collaterals. The Group monitors the value of the real estate collaterals throughout the loan period.

Further to collateral held as security for loans, the Group introduces other credit enhancement measures for equity interest backed loans, primarily third party guarantee against the security of loan repayment, taking into consideration the borrower's repayment ability, repayment records, collateral status, business performance, leverage ratio, industry outlook and market competition, etc.

For guaranteed loans, the Group takes into consideration the third party guarantor's repayment ability, financial performance, leverage ratio and business performance, etc.

In addition to collateral-backed loans and guaranteed loans, the Group also grants unsecured loans to customers. The Group evaluates the credit status of individual customers, including the customers' business performance, financial information, repayment ability, as well as industrial outlook in which the customers operate.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(a) Credit risk (Continued)

(v) Collateral and credit enhancement (Continued)

a. Fair Value of collateral of credit-impaired loans

The Group closely monitors collateral held for financial assets considered to be credit-impaired, as it becomes more likely that the Group will take possession of collateral to mitigate potential credit losses.

As at 31 December 2020, the gross amount of real estate backed loans that are credit-impaired and the fair value of collateral held in order to mitigate potential credit losses are shown below:

	Real estate backed loans
31 December 2020	
Gross exposure	870,605
Less: ECL allowances	(356,576)
<hr/>	
Carrying amount	514,029
<hr/>	
Fair Value of collateral held	833,665
<hr/>	

(vi) Write-off policy

The Group writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include (i) ceasing enforcement activity and (ii) where the Group's recovery method is foreclosing on collateral and the value of the collateral is such that there is no reasonable expectation of recovering in full.

The Group may write-off financial assets that are still subject to enforcement activity. The outstanding contractual amounts of such assets written off during the year ended 31 December 2020 is RMB3,478 thousand. The Group still seeks to recover amounts it is legally owned in full, but which have been partially written off due to no reasonable expectation of full recovery.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(b) Market risk

The Group takes on exposure to market risk, which is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risks arise from open positions in interest rate, foreign currency and equity investments, all of which are exposed to general and specific market movements and changes in the level of volatility of market rates or prices such as interest rates, credit spreads, foreign exchange rates and equity prices. The Group's exposure to market risk is primarily attributable to interest rate risk arising from loans to customers, bank balances and borrowings. The Group has established policies and procedures for monitoring and managing market risk.

(i) Interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest rates. The Group takes on exposures to the effects of fluctuations in the prevailing levels of market interest rates on both its fair value and cash flow risks.

The most significant interest-bearing assets and liabilities are loans to customers and borrowings, which both bear fixed interest rates to generate cash flows independent from market interest rates. Contractual interest rate re-pricing is matched with maturity date of each loan granted to customer, or maturity date of borrowings. The Group regularly calculates the impact on profit or loss of a possible interest rate shift on its portfolio of loans to customers, borrowings and interest bearing bank deposits.

Based on the simulations performed and with other variables held constant, should the benchmark interest rate had been 100 basis points higher/lower, the profit before income tax would have been decreased/increased by approximately RMB385 thousand for the year ended 31 December 2020 (2019: RMB1.6 million), mainly as a result of higher/lower interest income on term deposits with banks and interest expense on fixed-rate borrowings arising from interest rate repricing.

Interest rates on interest-bearing financial assets, mainly loans to customers, are not primarily affected by the changes in the benchmark rate in the market. Instead, they are much more influenced by demand and supply as well as bilateral negotiation, which makes a quantitative sensitivity analysis based on the benchmark rate unrepresentative.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)**4.1 Financial risk factors (Continued)****(b) Market risk (Continued)****(ii) Foreign exchange risk**

The Group operates principally in the PRC. The majority of recognized assets and liabilities are denominated in RMB and the majority of transactions are settled in RMB.

Exposure

The Group's exposure to foreign currency risk at the end of the reporting year, expressed in RMB thousand, is as follows:

	As at 31 December			
	2020		2019	
	USD	HKD	USD	HKD
Cash at bank and cash on hand	240,109	379	373,763	9,410
Loans to customers	—	22,364	—	20,745
Derivative financial instruments	—	—	7,952	—
Borrowings	—	—	(178,647)	—
Net exposure	240,109	22,743	203,068	30,155

During the year, the following foreign-exchange related amounts were recognized in the consolidated statement of comprehensive income as other (losses)/gains:

	Year ended 31 December	
	2020	2019
Exchange losses	(18,005)	(1,115)

Should US dollar and Hong Kong dollar weaken/strengthen by 1% against RMB with all other variables held constant, the profit before income tax would have been RMB2.6 million (2019: RMB4.1 million) lower/higher for the year ended 31 December 2020, mainly as a result of foreign exchange losses/gains on translation of US dollar and Hong Kong dollar denominated balances.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.1 Financial risk factors (Continued)

(b) Market risk (Continued)

(iii) Price risk

The Group's exposure to equity securities price risk arises from investments held by the Group and classified in the consolidated statement of financial position as at fair value through profit or loss (Note 28).

The Group monitors the fair value of its portfolio on a timely basis and adjusts the position according to its analysis and prospect of the market.

The Group's equity investments are publicly traded. If the stock price increases/decreases by 5%, the profit before income tax would have been RMB1.2 million (2019: RMB1.7 million) higher/lower for the year ended 31 December 2020.

The Group's investment properties are measured at fair value, which is affected by the changes in property price. For the year ended 31 December 2020, the changes in property price had no significant impact on its fair value.

(c) Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its obligations when they fall due as a result of cash requirements from contractual commitments. Such outflows would deplete available cash resources for customer lending. In extreme circumstances, lack of liquidity could result in reductions in the balance sheet and sales of assets.

The Group's objective is to maintain sufficient cash and sources of funding through committed credit facility and maintain flexibility in funding by maintaining committed credit lines. To manage the liquidity risk, management monitors rolling forecasts of the Group's liquidity reserve (comprising undrawn banking facilities) and cash and cash equivalents on the basis of expected cash flow. The Group expected to fund the future cash flow needs through internally generated cash flows from operations and borrowings from financial institutions.

(i) Financing arrangements

The Group has undrawn bank borrowing facilities of RMB49.6 million as at 31 December 2020 (31 December 2019: nil).

(ii) Maturities of financial assets and liabilities

The table below analyzes the Group's financial assets and liabilities into relevant maturity groupings based on the remaining period at the balance sheet to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant. The Group's expected cash flows on these financial instruments may vary significantly from the following analysis.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)**4.2 Fair value of financial assets and liabilities**

The Group's financial assets and liabilities are categorised as "cash at banks and cash on hand", "loans to customers", "financial assets at fair value through profit or loss", "derivative financial instruments", "other financial receivables", "borrowings", "amounts due to related parties" and "other financial liabilities" respectively.

"Cash at banks and cash on hand", "loans to customers", "other financial receivables", "borrowings", "amounts due to related parties" and "other financial liabilities" are stated at amortized cost, where fair values approximate to their amortised costs.

Financial assets at fair value through profit or loss are equity investments and structured deposits held by the Group as at 31 December 2020 (2019: Financial assets at fair value through profit or loss are equity investments and derivatives financial instruments held by the Group).

(a) Fair value hierarchy

To provide an indication about the reliability of the inputs used in determining fair value, the Group classifies its financial instruments into the three levels prescribed under the accounting standards. An explanation of each level follows underneath the table.

	Level 1	Level 2	Level 3	Total
As at 31 December 2020				
Financial assets at fair value through profit or loss				
— Equity investments	24,542	440	—	24,982
— Structured deposits	—	—	82,880	82,880
	24,542	440	82,880	107,862
As at 31 December 2019				
Financial assets at fair value through profit or loss	—	33,872	—	33,872
Derivative financial instruments	—	7,952	—	7,952
	—	41,824	—	41,824

There were no transfers between Levels during the year.

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting year.

The Group did not measure any financial assets or financial liabilities at fair value on a non-recurring basis as at 31 December 2020.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.2 Fair value of financial assets and liabilities (Continued)

(a) Fair value hierarchy (Continued)

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and equity securities) is based on quoted market prices at the end of the reporting year. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(b) Valuation techniques used to determine fair value

The fair value of Level 2 equity investment is based on the quoted market price considering the liquidity discount rate for the stock lockup period as at 31 December 2020.

The fair value of Level 3 structured deposits is calculated by applying the discounted cash flow model as at 31 December 2020.

(c) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the year ended 31 December 2020 and 31 December 2019:

	Structured deposits
Opening balance as at 1 January 2020	—
Acquisitions	82,880
Closing balance as at 31 December 2020	82,880

There were no financial assets in level 3 as at 31 December 2019.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)**4.2 Fair value of financial assets and liabilities (Continued)****(d) Valuation inputs and relationships to fair value**

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements:

Description	Fair value at		Range of inputs		Relationship of unobservable inputs to fair value
	31 December 2020	Unobservable inputs	31 December 2020		
Structured deposits	82,880	Discount rate	2.47%		A change in the discount rate by 100 bps would decrease/increase the FV by RMB750 thousand
		Expected yield to maturity	2.49%–2.60%		A change in the discount rate by 100 bps would increase/decrease the FV by RMB823 thousand

(e) Valuation processes

The finance department of the Group includes a team that performs the valuations of non-property items required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC). Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every six months, in line with the Group's reporting years.

The main level 3 inputs used by the Group are derived and evaluated as follows:

- Discount rates for financial assets are determined using the interest rate of one year treasury to reflect current market assessments of the time value of money and the risk specific to the asset.
- Expected yield to maturity for financial assets are determined using the interest rate of exchange rate related structured deposits which is calculated by recently observable exchange rates.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)

4.3 Fair value of non-financial assets and liabilities

(a) Fair value hierarchy

	Level 1	Level 2	Level 3	Total
As at 31 December 2020				
Investment properties	—	1,621	—	1,621
As at 31 December 2019				
Investment properties	—	—	—	—

There were no transfers between Levels during the year.

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting year.

(b) Valuation techniques used to determine fair value

The Group obtains independent valuations for its investment properties at least annually.

At the end of each reporting period, the management update their assessment of the fair value of each property, taking into account the most recent independent valuations. The management determine a property's value within a range of reasonable fair value estimates.

The best evidence of fair value is current prices in an active market for similar properties. All resulting fair value estimates for properties are included in level 2.

4.4 Capital risk management

(a) Risk management

The Group's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

4 Financial Risk Management (Continued)**4.4 Capital risk management (Continued)****(a) Risk management (Continued)**

The liquid capital is monitored regularly by the Finance Department. The Group monitors capital risk on the basis of gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as borrowing net of cash and cash equivalent. Total capital is calculated as “total equity” as shown in the consolidated statement of financial position plus net debt.

During 2020, the Group’s strategy, which was unchanged from 2019, was to maintain a gearing ratio below 50% and to meet the compliance requirements of Wuzhong Pawnshop on aggregate amount of loans to customers at all times. The gearing ratio as at 31 December 2020 and 31 December 2019 were as follows:

	As at 31 December	
	2020	2019
Borrowings (Note 34)	510,369	996,230
Less: Cash and cash equivalents (Note 29)	(103,919)	(181,038)
Net debt	406,450	815,192
Total equity	1,941,898	1,948,444
Total capital	2,348,348	2,763,636
Gearing ratio	17.31%	29.50%

(i) Loan covenants

The Group has no financial covenants under the terms of the borrowing facilities for the year ended 31 December 2020 (2019: under the terms of the borrowing facility of Huifang Tongda, the total amount of its guarantee for third party liabilities must not be more than 4 times of its net assets).

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

5 Segment Information

The Company's Board of Directors is the Group's chief operating decision-maker, which assesses the financial performance and position of the Group and makes strategic decisions.

The Group manages its business under four operating and reportable segments for the year ended 31 December 2020 (2019: same).

(a) Business segments

From business perspective, the Group provides services through four main business segments listed below:

Inclusive finance business division: The inclusive finance business division mainly refers to provision of lending services in the PRC and Hong Kong. From a product perspective, the inclusive finance business division principally engaged in lending services through granting secured loans and unsecured loans to customers.

Technology finance business division: The division mainly dedicates services to supply chain technology, loan facilitation technology and factoring technology.

Online lending intermediary business division: The online lending intermediary business division mainly includes Suzhou Qian Dai, an internet finance platform to provide service as an intermediary agent between the borrowers and lenders with a consultancy fee.

Insurance brokerage business division: The insurance brokerage business division mainly includes Huifang Anda that engages in insurance agency business.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

5 Segment Information (Continued)**(b) Segment analysis**

The profit or loss before income tax for each reportable segment includes incomes and expenses from external transactions and from transactions with other segments, and other items in the consolidated statement of comprehensive income are allocated based on the operations of the segment.

Segment assets and segment liabilities are measured in the same way as in the consolidated statement of financial position. These assets and liabilities are allocated based on the operations of the segment.

Professional and consultancy fees	3,947	7,517
Telephone, utilities and office expenses	3,356	3,429
Auditors' remuneration	2,900	2,900
Transportation, meal and accommodation	2,895	3,497
Operating lease payments	1,830	2,466
Value-added tax surcharges	1,445	1,766
Commission fee	405	398
Advertising costs	241	471
Other expenses	2,358	2,548
	52,649	70,300

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

15 Employee Benefit Expenses

	Year ended 31 December	
	2020	2019
Wages and salaries	13,567	14,469
Discretionary bonuses	9,774	17,074
Pension	66	1,978
Other social security obligations	5,009	5,330
	28,416	38,851

(a) Five highest paid individuals

The five individuals whose emoluments are the highest in the Group include two executive directors for the year ended 31 December 2020 (2019: same), whose emoluments are reflected in the analysis presented in Note 41. The emoluments payable to the remaining three individuals (2019: same) for the year ended 31 December 2020 are as follows:

	Year ended 31 December	
	2020	2019
Basic salaries	1,629	786
Discretionary bonuses	487	1,679
Pension	4	78
Other social security obligations	189	179
	2,309	2,722

The emoluments to the remaining three individuals (2019: same) fell within the following bands:

	Number of individuals	
	Year ended 31 December	
	2020	2019
Emoluments band		
Nil – HK\$1,000,000	2	2
HK\$1,000,001 – HK\$1,500,000	1	1

For the years ended 31 December 2020 and 2019, no directors or any of the five highest paid individuals receive any emolument from the Group as an inducement to join or upon joining the Group or as compensation for loss of office.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

16 Other (Losses)/Gains, Net

	Year ended 31 December	
	2020	2019
Net foreign currency losses	(18,005)	(1,115)
Government grants	333	3,360
Others	20	(35)
	(17,652)	2,210

17 Subsidiaries

The Company is incorporated in the Cayman Islands as an exempted company with limited liability under the Company Law of Cayman Islands and, accordingly, is exempted from payment of Cayman Islands income tax.

Enterprises incorporated in the British Virgin Islands are not subject to any income tax according to relevant rules and regulations.

The applicable Hong Kong profits tax rate is 16.5% on the assessable profits earned or derived in Hong Kong for the year ended 31 December 2020 (2019: same).

According to the Corporate Income Tax Law of the PRC, the income tax provision of the Group in respect of its operations in Mainland China has been calculated at the applicable corporate tax rate of 25% on the estimated assessable profits based on existing legislations, interpretations and practices.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

18 Income Tax Expense (Continued)**(c) Tax losses**

	Year ended 31 December	
	2020	2019
Unused tax losses for which no deferred tax asset has been recognized @ 25%	20,181	2,044
Unused tax losses for which no deferred tax asset has been recognized @ 16.5%	4,534	4,920
Unused tax losses for which no deferred tax asset has been recognized @ 10%	962	—
Unused tax losses for which no deferred tax asset has been recognized	25,677	6,964
Potential tax benefit @ 25%	5,045	511
Potential tax benefit @ 16.5%	748	812
Potential tax benefit @ 10%	96	—
Potential tax benefit	5,889	1,323

The unused tax losses were incurred by the Company, Huifang Investment, Sifang Investment, Rongda Investment, Huifang Supply Chain, Huifang Rongda, Qingdao Wanchen, Sichuan Aomeishu, Huifang Technology and Huifang Anda and those are not likely to generate taxable income in the foreseeable future. They can be carried forward indefinitely. See Note 24 for information about recognised tax losses and Note 2.22 for significant judgements made.

19 Earnings Per Share**(a) Basic earnings per share**

Basic earnings per share is calculated by dividing the profit of the Group attributable to owners of the Company by the weighted average number of ordinary shares in issue during the year.

	Year ended 31 December	
	2020	2019
Profit attributable to owners of the Company (RMB'000)	2,216	50,429
Weighted average number of ordinary shares in issue (in thousands)	1,087,769	1,086,787
Basic earnings per share (RMB Yuan)	0.002	0.046

All profit attributable to owners of the Company is from continuing operations.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

19 Earnings Per Share (Continued)**(b) Diluted earnings per share**

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Group has one category of dilutive potential ordinary shares: share options under share-based payment (Note 31(b)). For the share options, the number of share issued for no consideration is equal to the number of shares that would have been issued assuming in the exercise of the share options less the number of shares that could have been issued at fair value (determined as the average market price per share for the year) for the same expected proceeds in the exercise of the share options. The resulting number of shares issued for no consideration is included in the weighted average number of ordinary shares as the denominator for calculating diluted earnings per share.

	Year ended 31 December	
	2020	2019
Profit attributable to owners of the Company (RMB'000)	2,216	50,429
Weighted average number of ordinary shares and potential ordinary shares used as the denominator in calculating diluted earnings per share (in thousands) (i)	1,095,771	1,097,486
Dilutive earnings per share (RMB)	0.002	0.046

All profit attributable to owners of the Company is from continuing operations.

(i) Weighted average number of shares used as the denominator

	Year ended 31 December	
	2020	2019
Weighted average number of ordinary shares used as the denominator in calculating basic earnings per share (in thousands)	1,087,769	1,086,787
Adjustments for calculation of diluted earnings per share: Options (in thousands)	8,002	10,699
Weighted average number of ordinary shares and potential ordinary shares used as the denominator in calculating diluted earnings per share (in thousands)	1,095,771	1,097,486

20 Dividends

No annual dividends in respect of the year ended 31 December 2020 is to be declared by the Board of Directors by the release date of this financial statement.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

21 Leases

This note provides information for leases where the Group is a lessee.

(i) Amounts recognized in the balance sheet

The balance sheet shows the following amounts relating to leases.

	As at 31 December 2020	As at 31 December 2019
Right-of-use assets		
Land-use rights	34,620	35,551
Property	9,341	7,891
	43,961	43,442
Lease liabilities		
Current	2,498	2,706
Non-current	6,491	4,663
	8,989	7,369

The movement of right-of-use assets as follow.

	Land-use rights	Property	Total
Cost			
At 1 January 2020	37,235	16,951	54,186
Additions	—	6,887	6,887
Less	—	(4,451)	(4,451)
At 31 December 2020	37,235	19,387	56,622
Accumulated depreciation			
At 1 January 2020	(1,684)	(9,060)	(10,744)
Additions	(931)	(2,867)	(3,798)
Less	—	1,881	1,881
At 31 December 2020	(2,615)	(10,046)	(12,661)
Net book amount			
At 31 December 2020	34,620	9,341	43,961
At 1 January 2020	35,551	7,891	43,442

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

21 Leases (Continued)**(i) Amounts recognized in the balance sheet (Continued)**

For short-term lease and low-value asset lease, the Group chooses not to recognize the right-of-use assets and lease liabilities.

(ii) Amounts recognized in the statement of profit or loss

The statement of profit or loss shows the following amounts relating to leases:

	Year ended 31 December	
	2020	2019
Depreciation charge of right-of-use assets		
Land-use rights	(931)	(931)
Properties	(2,867)	(3,410)
	(3,798)	(4,341)
Interest expense (included in finance cost)	(430)	(533)
Expense relating to short-term leases (included in the general and administrative expenses)	(1,830)	(2,466)

(iii) The Group's leasing activities and how these are accounted for

The Group leases various offices, retail stores. Rental contracts are typically made for fixed periods of 12 months to 12 years, but may have extension options as described in Note 21(iv) below.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

(iv) Extension and termination options

Extension and termination options are included in a number of properties across the Group. These are used to maximize operational flexibility in terms of managing the assets used in the Group's operations. The majority of extension and termination options held are exercisable only by the Group and not by the respective lessor.

	2,302,549	2,169,748
Less: ECL allowances		
Secured loans	(363,747)	(263,784)
Unsecured loans	(235,353)	(202,260)
	(599,100)	(466,044)
Loans to customers, net	1,703,449	1,703,704

Loans to customers arise from the Group's lending services. The current loan periods granted to customers are within one year. The terms of non-current loans granted to customers are between three to five years. The real estate backed and equity interest backed loans provided to customers bear fixed interest rates ranging from 10.00% to 24.00% per annum in the year ended 31 December 2020 (2019: from 10.00% to 25.00%).

Guaranteed loans granted to customers bear fixed interest rates from 6.00% to 25.20% per annum in the year ended 31 December 2020 (2019: from 6.00% to 25.16%).

Other unsecured loans granted to customers bear fixed interest rates from 9.00% to 18.00% per annum in the year ended 31 December 2020 (2019: from 10.00% to 17.00%).

Loans to customers are denominated in RMB and HKD. The impairment allowances are related to loans secured by equity interest backed loans, real estate backed loans, guaranteed loans and other unsecured loans (Note 3.1(a)).

As at 31 December 2020, renewed loans amounted to RMB360.6 million (2019: RMB180.5 million), which include real estate backed loans and equity interest backed loans (2019: renewed loans are all real estate backed loans).

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

27 Loans to Customers (Continued)**(a) Aging analysis of loans to customers**

The aging of the loans to customers is calculated starting from the original granting date without considering the subsequent renewal of the loans. The aging analysis of loans to customers net of ECL allowances are set out below:

Non-current	As at 31 December 2020		
	Secured loans to customers	Unsecured loans to customers	Total
Within 3 months	—	14,325	14,325
3–6 months	—	11,649	11,649
6–12 months	—	84,788	84,788
	—	110,762	110,762

As at 31 December 2019, there is no balance of non-current loans to customers.

Current	As at 31 December			2019 Total
	2020 Secured loans	2020 Unsecured loans	Total	
Within 3 months	191,755	399,846	591,601	617,700
3–6 months	92,391	134,185	226,576	210,952
6–12 months	64,025	200,438	264,463	168,485

28 Financial Assets at Fair Value through Profit or Loss

The Group classifies the following financial assets at fair value through profit or loss (FVPL):

- equity investments that are held for trading, and
- equity investments for which the entity has not elected to recognize fair value gains and losses through OCI.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

28 Financial Assets at Fair Value through Profit or Loss (Continued)

Financial assets mandatorily measured at FVPL include the following:

	As at 31 December	
	2020	2019
Non-current assets		
Equity securities	440	440
Current assets		
Equity securities (a)	24,542	33,432
Structured deposits (b)	82,880	—
	107,422	33,432
	107,862	33,872

(a) No equity securities (31 December 2019: RMB29.2 million) have been pledged with a securities company to secure borrowings (31 December 2019: RMB10.0 million) from the securities company (Note 34).

(b) The interest rates of structured deposits are related to the exchange rate and are all with maturity within one year.

29 Cash at Bank and Cash on Hand

	As at 31 December	
	2020	2019
Cash on hand	968	1,859
Demand deposits with banks	102,744	179,179
Deposits with securities company	207	1,907
Interest receivable from bank deposits	5,019	17,352
Term deposits with banks with original maturities over 3 months, net	325,142	847,561
<i>Term deposits with banks with original maturities over 3 months, gross</i>	325,306	847,725
<i>Less: ECL allowances</i>	(164)	(164)
	434,080	1,047,858

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

29 Cash at Bank and Cash on Hand (Continued)

Cash at bank and cash on hand were denominated in the following currencies:

	As at 31 December	
	2020	2019
RMB	193,592	664,685
US dollar	240,109	373,763
Hong Kong dollar	379	9,410
	434,080	1,047,858

Cash and cash equivalents of the Group were determined as follows:

	As at 31 December	
	2020	2019
Cash at bank and cash on hand	434,080	1,047,858
Less: Unrestricted term deposits with banks with original maturities over 3 months	(36,000)	(41,300)
Restricted deposits with securities company	—	(1,907)
Interest receivable from bank deposits	(5,019)	(17,352)
Restricted term deposits pledged with banks with original maturities over 3 months	(289,142)	(806,261)
	103,919	181,038

As at 31 December 2020, no restricted deposits with securities company are pledged to secure borrowings (2019: restricted deposits with securities company of RMB1,907 thousand are cash dividends received from listed equity securities and pledged with a securities company to secure borrowings with principle amount of RMB10.0 million)(Note 34).

As at 31 December 2020, restricted term deposits of US\$33.8 million (2019: US\$ 50.2 million), which is equivalent to RMB220.5 million (2019: RMB350.2 million), are pledged with banks to secure bank borrowings with principal amount of RMB210.8 million (2019: RMB315.0 million) (Note 34).

As at 31 December 2020, restricted term deposits of RMB68.6 million (2019: RMB275.9 million) are pledged with banks to secure bank borrowings with principal amount of RMB65.5 million (2019: RMB261.5million) (Note 34).

As at 31 December 2020, no restricted term deposits in RMB were pledged with banks to secure bank borrowings in USD (2019: restricted term deposits of RMB180.2 million were pledged with banks to secure bank borrowings of USD25.6 million, which is equivalent to RMB178.6 million).

(a) Statutory reserve

In accordance with the relevant laws and regulations in the PRC and Articles of Association of the companies incorporated in the PRC comprising the Group (the “PRC Subsidiaries”), it is required to appropriate 10% of the annual statutory net profits of the PRC Subsidiaries, after offsetting any prior years’ losses as determined under the PRC accounting standards, to the statutory surplus reserve fund before distributing the net profit. When the balance of the statutory surplus reserve fund reaches 50% of the share capital of the PRC subsidiaries, any further appropriation is at the discretion of shareholders. The statutory surplus reserve fund can be used to offset prior years’ losses, if any, and may be converted into share capital by issuing new shares to shareholders in proportion to their existing shareholding or by increasing the par value of the shares currently held by them, provided that the remaining balance of the statutory surplus reserve fund after such issue is no less than 25% of share capital.

(b) Share-based payments

The grant of share options to enable eligible participants as incentives or rewards for their contribution or potential contribution to the Group was approved on 13 September 2016. The options have a contractual option term of five years and have become partially exercisable after the employees completed the vesting period. The Group has no legal or constructive obligation to repurchase or settle the options in cash.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

31 Share Premium and Other Reserves (Continued)**(b) Share-based payments (Continued)**

Set below are summaries of options granted and forfeited under the plan:

	Year ended 31 December 2020	
	Average exercise price in HK\$ per share option	Number of share options (thousands)
As at 1 January	0.62	27,238
Granted	—	—
Exercised	0.62	(982)
Forfeited	0.62	(987)
Aa at 31 December	0.62	25,269
Vested and exercisable at 31 December 2020	0.62	25,269

	Year ended 31 December 2019	
	Average exercise price in HK\$ per share option	Number of share options (thousands)
As at 1 January	0.62	27,238
Granted	—	—
Exercised	—	—
Forfeited	—	—
Aa at 31 December	0.62	27,238
Vested and exercisable at 31 December 2019	0.62	27,238

(i) Share-based payments — value of employee services

Share options outstanding at the end of the year will expire on 12 September 2021.

None of employee benefit expense was recognized for share options granted to directors and employees for the year ended 31 December 2020 (2019: nil).

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

31 Share Premium and Other Reserves (Continued)

(b) Share-based payments (Continued)

(ii) Issue of shares under share-based payments

During the year ended 2020, the Company issued 982,000 ordinary shares in connection with the exercised options under the share-based payments scheme. Consideration received amounted to HK\$609 thousand (equivalent to approximately RMB557 thousand). The excess of RMB548 thousand over the par value of RMB9 thousand, plus transfer-in amount of RMB187 thousand previously recognized in share-based payments reserve directly contributable to the options exercised, was credited to “share premium” with a total amount of RMB735 thousand.

(c) Transactions with non-controlling interests

On 13 January 2020, the Group further acquired 10% equity interests in Dongshan Agricultural Microfinance Co., Ltd. (“Dongshan Micro-finance”) with cash consideration of RMB30.0 million.

(d) Capital injections from non-controlling interests

On 29 May 2020, two new shareholders acquired 40% of the equity interests in Suzhou Huida Commercial Factoring Company Limited (“Huida Factoring”) through capital injections of RMB40.0 million.

32 Retained Earnings

Movements in retained earnings were as follows:

	As at 31 December	
	2020	2019
Balance 1 January	586,212	547,656
Change in accounting policy	—	540
Net profit attributable to the owners of the Company for the year	2,216	50,429
Dividends provided for or paid	(13,000)	(12,413)
Balance 31 December	575,428	586,212

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

33 Other Current Liabilities

	As at 31 December	
	2020	2019
Accrued employee benefits	4,847	9,101
Provisions to financial guarantees	1,612	—
Turnover tax and other tax payable	1,669	1,623
Advance from transferee of financial assets	9,678	4,113
Other financial liabilities	4,746	5,641
	22,552	20,478

As at 31 December 2020, the Group's other financial liabilities were non-interest bearing. The fair value approximates their carrying amounts due to their short maturities (2019: same).

34 Borrowings

	As at 31 December	
	2020	2019
Non-current		
Bank borrowings (a)	50,380	—
Current		
Bank borrowings (b)	436,489	936,400
Borrowings from microfinance companies (c)	23,500	33,500
Borrowings from securities company	—	10,000
Borrowings from other company	—	13,530
SME private placement bond issued	—	2,800
	459,989	996,230
	510,369	996,230

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

34 Borrowings (Continued)

- (a) As at 31 December 2020, non-current bank borrowing with principle amount of RMB50.4 million is borrowed specifically for the construction of China Huirong Headquarters Building. The borrowing is repaid in the scheduled instalments within 6 years and bears floating interest rate of the 5-year Loan Prime Rate plus 15 bps. The borrowing is secured by the land-use right and guaranteed by Jiangsu Wuzhong Group Co., Ltd. ("Wuzhong Group") (31 December 2019: nil). As at 31 December 2020, the Group has undrawn bank borrowing facilities of RMB49.6 million (31 December 2019: nil).
- (b) Current bank borrowings are all with maturity within one year and bear fixed interest rates ranging from 3.60% to 5.95% per annum in the year ended 31 December 2020 (2019: fixed rate from 3.45% to 5.87%).

As at 31 December 2020, bank borrowings with principal amount of RMB210.8 million (2019: RMB315.0 million) are secured by restricted term deposits of US\$33.8 million (2019: US\$50.2 million) (Note 29).

As at 31 December 2020, bank borrowings with principal amount of RMB65.5 million (2019: RMB261.5 million) are secured by restricted term deposits of RMB68.6 million (2019: RMB275.9 million) (Note 29).

As at 31 December 2020, bank borrowings with principal amount of RMB120.2 million (31 December 2019: RMB180.0 million) are guaranteed by Wuzhong Jiaye and the Ultimate Shareholders (Note 38(b)).

The fair values of bank borrowings approximate their carrying amounts as the discounting impact is not significant.

The Group's borrowings are denominated in RMB.

- (c) As at 31 December 2020, borrowings from microfinance companies with principal amount of RMB23.5 million are guaranteed by Wuzhong Group (2019: RMB33.5 million) (Note 38(b)).

36 Contingencies

As at 31 December 2020, the Group did not have any significant contingent liabilities (2019: nil).

37 Commitments**(a) Capital commitments**

	As at 31 December	
	2020	2019
China Huirong Headquarters Building	87,162	—
Hillcrest Associated Limited	—	438

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

38 Related Party Transactions**(a) Name and relationship with related parties**

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions of the Group. Parties are also considered to be related if they are subject to common control. Members of directors, key management and their close family member are also considered as related parties.

Names of related parties	Nature of relationship
Wuzhong Jiaye	Direct equity holder of Wuzhong Pawnshop
Wuzhong Group	Controlling shareholder of Wuzhong Jiaye before Reorganisation
Jiangsu Wuzhong Real Estate Group Co., Ltd. (江蘇吳中地產集團有限公司) ("Wuzhong Real Estate")	A related party controlled by Wuzhong Group
Wuzhong America Services for Cultural Education and Communication Ltd ("Wuzhong America")	A related party controlled by Wuzhong Group
BVI companies wholly owned by each of the Ultimate Shareholders ("BVI entities owned by the Ultimate Shareholders")	Related parties controlled by each of the Ultimate shareholders
Tricor Services Limited ("卓佳專業商務有限公司") ("Tricor")	Company Secretary
Shenzhen Zuaning Internet Co., Ltd. (深圳鑽盈互聯網有限公司) ("Shenzhen Zuaning")	Associate of Huifang Tongda
Suzhou Huiying Precious Metals Co., Ltd. (蘇州匯盈貴金屬有限公司) ("Huiying Precious Metals")	Related parties controlled by the ultimate shareholders

(b) Significant transactions with related parties

The Group had the following significant transactions with related parties:

	Year ended 31 December	
	2020	2019
Interest expenses paid to Wuzhong Group	88	1,041
Bank borrowings guaranteed by Wuzhong Jiaye and the Ultimate Shareholders (in principal amount at year-end) (Note 34(b))	120,213	180,000
Bank borrowings guaranteed by Wuzhong Group (in principal amount at year-end) (Note 34(a))	50,380	—
Borrowings from microfinance companies guaranteed by Wuzhong Group (in principal amount at year-end) (Note 34(c))	23,500	33,500

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31 December 2020 (All amounts in RMB thousands unless otherwise stated)

38 Related Party Transactions (Continued)**(c) Balances with related parties**

	As at 31 December	
	2020	2019
Amounts due to related parties		
Due to Wuzhong Group	25,039	—
Due to BVI entities owned by the Ultimate Shareholders	633	633
	25,672	633

As at 31 December 2020, there is no balance of loan to customer or borrowings held by directors or key management (31 December 2019: nil).

(d) Key management personnel compensation

Key management comprises six members including the executive directors, the vice president, the assistant to the president and the risk control director. The compensation paid or payable to key management for employee services is shown below:

	As at 31 December	
	2020	2019
Basic salaries	1,853	2,431
Discretionary bonuses	1,062	2,535
