Chairman's Statement

TO OUR SHAREHOLDERS

On behalf of the board (the "Board") of directors of BHCC Holding Limited (the "Company", together with its subsidiaries, collectively the "Group"), I present the annual results of the Group for the year ended 31 December 2020, together with the comparative figures for the year ended 31 December 2019.

The Group's revenue for the year ended 31 December 2020 was approximately S\$124.3 million. Gross profit for the year was approximately S\$3.8 million. Profit before taxation was approximately S\$3.3 million. In 2020, we received the JTC Construction Safety Performance Award 2020, the WSH SHARP Award 2020 for three public sector projects, and the HDB Construction Safety Award. These achievements have further enhanced our institutional sustainability.

The COVID-19 pandemic has had far-reaching economic consequences around the world. In terms of our business, our construction projects were suspended during the circuit breaker period as part of the elevated safe distancing measures mandated by the Singapore Government. We also incurred unprecedented compliance costs after the suspension was lifted. While the difficult operating conditions in 2020 made it a challenging year, we saw some optimistic progress in terms of our long-term strategy. Our focus on public sector projects and our proactive steps to continuously improve safety and quality enabled us to smoothly engineer our operations and stay resilient during these times.

I would like to take this opportunity to express my gratitude to all our shareholders, fellow members of the Board, the senior management and staff of all levels for their dedication and effort over the years. In addition, on behalf of the Board, I would also like to express our most sincere thanks to all our customers, suppliers and business partners for their continuous support.

Yang Xinping

Management Discussion and Analysis

BUSINESS REVIEW

The Group is principally engaged as a main contractor in the provision of building and construction works and properties investment including the leasing of industrial properties in Singapore. The Group is also specialised in reinforcement concrete works which it has undertaken on a selected basis in the subcontractor projects.

The outbreak of COVID-19 in early 2020 has caused disruptions to many industries globally. Despite the challenges, governments and internal organisations have implemented a series of measures to contain the pandemic. The Singapore government has implemented several phases of circuit breaker and post-circuit breaker recovery measures in order to contain the pandemic, and the Group's existing core business was significantly impacted by these measures, especially due to the halting of almost all its building and construction works since early April 2020.

The Group however does not expect to incur hefty penalties for contract delays in the form of liquidated damages as the Group is mostly involved in public sector projects, and most contracts have either been extended or include clauses for unforeseen events and circumstances. The Group has also received certain grants and assistance from the Singapore government to help offset some of its fixed costs during this time, primarily relating to its employee wages, foreign worker levies, and some project-based support. The Group has insofar adhered to all the requirements set out by the Singapore government, particularly relating to its business operations and in dealing with its foreign workers affected by the dormitory isolations and stay-home notices. The consolidated financial statements for the year ended 31 December 2020 has included the financial effects as a result of the COVID-19 outbreak up to 31 December 2020.

As of the date of the Board meeting to approve the consolidated financial statements, all of the Group's building and construction works have resumed, albeit at a reduced capacity as compared to pre-pandemic times due to additional safe distancing measures that will be applied at project sites to prevent a resurgence of the pandemic.

In August 2020, the Group was engaged by the Singapore Government to design and build foreign workers' temporary dormitories for COVID-19 safe-distancing purposes. This is the main reason that in spite of the disruptions caused by COVID-19, the Group's construction revenue increased by approximately S\$0.6 million for the year ended 31 December 2020 as compared to the previous year.

The Group will closely monitor the development of the pandemic and assess its impact on its operations continuously. Given the unpredictability associated with the COVID-19 outbreak and any further contingency measures that may be put in place by the relevant governments and corporate entities, the actual financial impact of the COVID-19 outbreak on the Group's 2021 consolidated financial statements could be significantly different from estimates depending on how the situation evolves. Notwithstanding, the Group will have sufficient liquidity to enable the Company to continue as a going concern for at least the next 12 months from the end of the reporting period.

Management Discussion and Analysis

FINANCIAL REVIEW

The Group's revenue for the year was approximately S\$124.3 million, representing a growth of 1.4% as compared with that of approximately S\$122.6 million for the previous year. The increase was mainly attributable to the growth in both building and construction works and rental income from property investment segments. Revenue from building and construction works, the Group's major business segment, accounted for approximately 98.5% (2019: approximately 99.4%) or S\$122.4 million (2019: approximately S\$121.8 million) of the Group's total revenue. Revenue from property investment contributed approximately 1.2% (2019: approximately 0.6%) or S\$1.5 million (2019: approximately S\$0.8 million). Revenue from operation of temporary dormitories contributed approximately 0.3% (2019: Nil) or 0.4 million (2019: Nil). Details of the operation of temporary dormitories are included in Note 5 to the consolidated financial statements.

Total gross profit for the year decreased by approximately S\$0.5 million to approximately S\$3.8 million (2019: approximately S\$4.3 million), and the gross profit margin decreased to approximately 3.1% (2019: approximately 3.5%). Gross profit from building and construction works for the year was approximately S\$3.3 million, representing a decrease of approximately 25.7% as compared to approximately S\$4.4 million for the previous year. The decrease was primarily attributable to labour cost incurred after the outbreak of COVID-19. Although construction activities were suspended, our workers were still being paid minimum wages during the circuit breaker period.

Other income increased by approximately S\$3.4 million or 1,494.8% from approximately S\$0.2 million to approximately S\$3.6 million for the year ended 31 December 2020 due to the increase in the government grants received from Singapore Government to assist businesses in tiding through this period of economic uncertainty.

The Group has recorded an increase in other gains and losses from a loss of approximately S\$0.1 million in the year ended 31 December 2019 to a gain of approximately S\$0.1 million in the year ended 31 December 2020, which is mainly attributable to foreign exchange gain.

For the year ended 31 December 2020, administrative expenses increased by approximately S\$0.3 million or 8.2%, from approximately S\$3.2 million for the year ended 31 December 2019 to approximately S\$3.5 million.

For the year ended 31 December 2020, the Group's finance costs decreased to approximately S\$0.5 million (2019: approximately S\$0.6 million) mainly as a result of the decrease in average interest rates.

The Group's income tax expenses remained relatively stable at approximately S\$0.5 million for the years ended 31 December 2020 and 2019.

As a result of the aforementioned, for the year ended 31 December 2020, profit after taxation, representing profit attributable to owners of the Company increased from approximately S\$0.05 million to approximately S\$2.8 million.

Management Discussion and Analysis

PROSPECTS

Since the end of the third quarter of 2020, Singapore's economy has started to improve progressively with the phased resumption of activities. Given the improved growth outlook for key external economies, as well as a further easing of global and domestic public health measures with the availability of vaccines, the Singapore construction market is projected to return to growth in 2021, especially with public sector demand.

Despite the difficulties lying ahead, the Group believes that with its healthy project order books, the Group will be able to continue building on its competitive strengths and devise plans to achieve its long-term business objectives.

The Company expects to:

- (a) expand the Group's business and strengthen the Group's market position in the construction industry in Singapore;
- (b) pursue higher value contracts;
- (c) enhance and expand the Group's workforce to keep up with the Group's business expansion; and
- (d) improve productivity with investments in BIM and ERP software (as defined in the prospectus of the Company dated 29 August 2017).

CONTINGENT LIABILITIES

As at 31 December 2020, the Group had provided performance bonds and security bonds for foreign workers in favour of the customers amounting to approximately S\$37.9 million (2019: approximately S\$36.3 million).

CAPITAL COMMITMENTS

As at 31 December 2020 and 2019, the Group had no commitment in respect of an acquisition of property, plant and equipment.

Management Discussion and Analysis

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

The Group's receivable turnover days as at 31 December 2020 was 16 days (2019: 19 days). The Group is able to maintain its receivable turnover days as a significant portion of revenue was generated from customers in public sectors, who make payments promptly.

The Group's cash and cash equivalents balance as at 31 December 2020 amounted to approximately S\$34.5 million, representing an increase of approximately S\$7.3 million as compared to approximately S\$27.2 million as at 31 December 2019.

As at 31 December 2020, the Group's indebtedness comprised bank borrowings of approximately S\$24.4 million (2019: approximately S\$20.7 million) and hire purchases of approximately S\$0.1 million (2019: Nil). As at 31 December 2020, the gearing ratio (calculated by dividing total debts by equity attributable to owners of the Company) of the Group was 0.54 times as compared to 0.49 times as at 31 December 2019.

EXPOSURE TO FOREIGN EXCHANGE RATE RISKS

The Group transacts mainly in Singapore dollars, which is the functional currency of all the Group's operating subsidiaries. However, the Group has certain bank balances denominated in United States dollars and Hong Kong dollars amounting to approximately S\$9.1 million (2019: approximately S\$14.6 million) which expose the Group to foreign currency risk. The Group manages the risk by closely monitoring the movement of the foreign currency rate.

EMPLOYEES AND REMUNERATION POLICIES

The Group had 322 employees as at 31 December 2020 (2019: 349 employees). The total remuneration cost incurred by the Group for the year ended 31 December 2020 was approximately S\$10.4 million (2019: approximately S\$12.0 million). Remuneration is determined by reference to prevailing market terms and in accordance with the job scope, responsibilities, and performance of each individual employee. The local employees are also entitled to discretionary bonus depending on their respective performance and the profitability of the Group. The foreign workers are typically employed on a one-year basis depending on the period of their work permits, and are subject to renewal based on their performance, and are remunerated according to their work skills.

The Company has adopted a share option scheme (the "Share Option Scheme") pursuant to which the directors and employees of the Group are entitled to participate. Since the adoption of the Share Option Scheme, no option has been granted under the Share Option Scheme. Therefore, no option was exercised or cancelled or has lapsed during the year ended 31 December 2020 and there was no outstanding option as at 31 December 2020.

Management Discussion and Analysis

CHARGES OF ASSETS

As at 31 December 2020, the carrying amount of investment properties, and leasehold land and property, amounting to approximately S\$31.0 million (2019: S\$32.6 million) were pledged to banks to secure bank borrowings.

In February 2021, bank borrowings amounting to approximately S\$6.2 million was fully redeemed. Investment properties with carrying amount of approximately S\$8.7 million as at 31 December 2020 were released from the charges.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES

The Group had no material acquisitions or disposals of subsidiaries, associates and joint ventures during the year ended 31 December 2020.

SIGNIFICANT INVESTMENTS HELD

As at 31 December 2020, the Group had investments in a Singapore dollar money market fund of approximately S\$10 million as compared to nil as at 31 December 2019.

DIVIDEND

The Board takes into account, among other factors, the Group's overall results of operation, financial position and capital requirements, in considering the declaration of dividends. The Board does not recommend the payment of a dividend for the year ended 31 December 2020 (2019: nil).

CLOSURE OF REGISTER OF MEMBERS

The annual general meeting of the Company ("AGM") will be held on Friday, 4 June 2021 at 10:00 a.m. For determining the entitlement to attend and vote at the AGM, the register of members of the Company will be closed from Tuesday, 1 June 2021 to Friday, 4 June 2021, both days inclusive, during which period no transfer of Shares will be effected. In order to qualify for attending and voting at the AGM, unregistered holders of the Shares should ensure that all share transfer forms accompanied by the relevant share certificates must be lodged with the Company's branch share registrar in Hong Kong, Boardroom Share Registrars (HK) Limited, Room 2103B, 21/F, 148 Electric Road, North Point, Hong Kong for registration no later than 4:30 p.m. on Monday, 31 May 2021.

SHARE OPTIONS SCHEME

The Company adopted a share option scheme (the "Share Option Scheme") on 17 August 2017. The Share Option Scheme became effective on 12 September 2017 and its principal terms are summarised below:

(1) Purpose

The purpose of the Share Option Scheme is to provide an incentive or a reward to eligible persons for their contribution to the Group and/or to enable the Group to recruit and retain high-calibre employees and attract human resources that are valuable to the Group or any entity in which the Group holds any equity interest ("Invested Entity").

(2) Eligible participant(s)

"Eligible Participant(s)" refer to:

- (1) any employee (whether full-time or part-time) of the Group and any Invested Entity;
- (2) any director (including executive and independent non-executive directors) of the Group or any Invested Entity;
- (3) any supplier of goods or services to any member of the Group or any Invested Entity;
- (4) any customer of the Group or any Invested Entity;

Directors' Report

- (5) any consultant, adviser, manager, officer or entity that provides research, development or other technological support to the Group or any Invested Entity; or
- (6) any person who, in the sole discretion of the Board, has contributed or may contribute to the Group or any Invested Entity eligible for options under the Share Option Scheme.

(3) Total number of Shares available for issue

A maximum of 80,000,000 Shares, being 10% of the total number of Shares in issue as at the Listing Date, may be issued upon exercise of all options to be granted under the Share Option Scheme.

(4) Maximum entitlement of each eligible person

Unless approved by the Shareholders in general meeting and subject to the following paragraph, the maximum number of Shares issued and to be issued upon exercise of the options granted under the Share Option Scheme to any one person (including exercised, cancelled and outstanding options) in any 12-month period shall not exceed 1% of the Shares in issue from time to time.

Options granted to a substantial Shareholder or an INED or any of their respective associates (as defined in the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules") in any 12-month period up to and including the date of such grant (a) representing in aggregate over 0.1% of the total number of Shares in issue; and (b) having an aggregate value, based on the closing price of the Shares at the date of each grant, in excess of HK\$5 million, must be approved by the Shareholders in general meeting in advance.

(5) Option period

Subject to the rules of the Share Option Scheme, an option may be exercised in whole or in part by the grantee at any time before the expiry of the period to be determined and notified by the Board to the grantee which in any event shall not be longer than ten years commencing on the date of the offer letter and expiring on the last day of such ten-year period.

(6) Minimum vesting period

No minimum period for which an option must be held before the exercise of any option save as otherwise imposed by the Board in the relevant offer of options.

(7) Payment on acceptance of the option

Participants of the Share Option Scheme are required to submit to the Company a duly signed offer letter within 21 days from the offer date together with a payment in favour of the Company of S\$1 as the consideration of the grant.

Directors' Report

(8) Basis of determining the exercise price

The subscription price of a Share in respect of any particular option granted under the Share Option Scheme shall be such price as determined by the Board, and shall be at least the highest of:

- (i) the closing price of the Shares as stated in the Stock Exchange's daily quotations sheet on the date (the "Offer Date"), which must be a trading day, on which the Board passes a resolution approving the making of an offer of grant of an option to an Eligible Person;
- (ii) the average of the closing prices of the Shares as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the Offer Date; and
- (iii) the nominal value of a Share on the Offer Date.

(9) Remaining life

Subject to any prior termination by the Company in a general meeting or by the Board, the Share Option Scheme shall be valid and effective for a period of ten years commencing on the date of adoption of the Share Option Scheme, after which period no further options shall be granted. All options granted and accepted and remaining unexercised immediately prior to the expiry of the Share Option Scheme shall continue to be valid and exercisable in accordance with the terms of the Share Option Scheme.

Since the adoption of the Share Option Scheme, no option has been granted under the Share Option Scheme. Therefore, no option was exercised or cancelled or has lapsed during the year ended 31 December 2020 and there was no outstanding option as at 31 December 2020.

Corporate Governance Report

BOARD OF DIRECTORS

Responsibilities

The Board is primarily responsible for overseeing and supervising the management of the business affairs and the overall performance of the Group. The Board sets the Group's values and standards and ensures that the requisite financial and human resources support is in place for the Group to achieve its objectives. The functions performed by the Board include but are not limited to formulating the Group's business plans and strategies, deciding all significant financial (including major capital expenditure) and operational issues, developing, monitoring and reviewing the Group's corporate governance practices and all other functions reserved to the Board under the Articles. The Board has established Board committees and has delegated to these Board committees various responsibilities as set out in their respective terms of reference. The Board may from time to time delegate certain functions to management of the Group if and when considered appropriate. The management is mainly responsible for the execution of the business plans, strategies and policies adopted by the Board and assigned to it from time to time.

The Directors have full access to information of the Group and are entitled to seek independent professional advice in appropriate circumstances at the Company's expense.

COMPOSITION

The Company is committed to holding the view that the Board should include a balanced composition of executive Directors and the INEDs so that there is a strong independent element on the Board, which can effectively exercise independent judgment.

As at the date of this annual report, the Board comprises the following five Directors, of which the INEDs in aggregate represent 60% of the Board members:

Executive Directors

Mr. Yang Xinping (*Chairman*)

Ms. Han Yuying

INEDs

Ms. Chan Bee Leng

Mr. Ooi Soo Liat

Mr. Kwong Choong Kuen (Huang Zhongquan) (appointed on 9 March 2020)

The biographical details of each of the Directors are set out in the section headed "Directors and Senior Management" of this annual report.

The INEDs have brought in a wide range of business and financial expertise, experience and independent judgement to the Board. Through active participation in the Board meetings and serving on various Board committees, all INEDs will continue to make various contributions to the Company.

Corporate Governance Report

During the year ended 31 December 2020, the Company had three INEDs, representing 60% of the Board members, which has exceeded the requirement of the Listing Rules that the number of INEDs must represent at least one-third of the Board members, and met the requirement that at least one of the INEDs has appropriate professional qualifications or accounting or related financial management expertise.

The Company has received an annual confirmation of independence in writing from each of the INEDs pursuant to Rule 3.13 of the Listing Rules. Based on such confirmation, the Company considers that all the INEDs are independent.

Proper insurance coverage in respect of legal actions against the Directors has been arranged by the Company.

DIRECTORS' INDUCTION AND CONTINUING PROFESSIONAL DEVELOPMENT

Each of the Directors has received a formal, comprehensive and tailored induction on the first occasion of his/her appointment to ensure that he/she has a proper understanding of the Company's operations and business and is fully aware of the director's responsibilities under statute and common law, the Listing Rules, other legal and regulatory requirements and the Company's business and governance policies.

The Company will from time to time provide briefings to all Directors to develop and refresh their duties and responsibilities. All Directors are also encouraged to attend relevant training courses at the Company's expense and they have been requested to provide the Company with their training records. According to the training records maintained by the Company, the continuing professional development programmes received by each of the Directors during the year ended 31 December 2020 is summarised as follows:

BOARD DIVERSITY POLICY

During the year ended 31 December 2020, the Board has adopted a policy of the Board diversity and discussed all measurable objectives set for implementing the same.

The Company recognises and embraces the benefits of a diversity of Board members. It endeavours to ensure that the Board has a balance of skills, experience and diversity of perspectives appropriate to the requirements of the Company's business. All Board appointments will continue to be made on a merit basis with due regard for the benefits of diversity of the Board members. Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, professional experience, skills and knowledge.

Corporate Governance Report

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Under code provision A.2.1 of the CG Code, the role of the chairman and chief executive officer should be separated and should not be performed by the same individual. The posts of chairman and chief executive officer are separated to ensure a clear division between the chairman's responsibility to manage the Board and the chief executive officer's responsibility to manage the company's business. The separation ensures a balance of power and authority so that power is not concentrated.

Mr. Yang Xinping as a chairman of the Group, plays a leading role and is responsible for the overall strategic planning and business development of the Group. During the year ended 31 December 2020, the Company did not have an officer with the title of chief executive officer ("CEO"). The CEO's duties have been undertaken by the members of the Board. The Board considers that this structure will not impair the balance of power and authority of the Board. It currently comprises two executive Directors and three INEDs.

BOARD COMMITTEES

The Board has established three Board committees, namely the Audit Committee, the Remuneration Committee and the Nomination Committee to oversee particular aspects of the Company's affairs. The Board committees are provided with sufficient resources to discharge their duties.

AUDIT COMMITTEE

The Audit Committee was established on 17 August 2017 with written terms of reference in compliance with the CG Code. The written terms of reference of the Audit Committee are published on the respective websites of the Stock Exchange and the Company. As at the date of this Report, the Audit Committee comprises three independent non-executive directors, namely Ms. Chan Bee Leng, Mr. Kwong Choong Kuen (Huang Zhongquan) and Mr. Ooi Soo Liat. Ms. Chan Bee Leng is the chairwoman of the Audit Committee.

The Audit Committee had reviewed the Group's annual results and consolidated financial statements for the year ended 31 December 2020. The Audit Committee is of the view that the consolidated financial statements have been prepared in accordance with the applicable accounting standards, the Listing Rules and the statutory provisions, and sufficient disclosures have already been made.

Corporate Governance Report

The principal roles and functions of the Audit Committee include but are not limited to:

- making recommendations to the Board on the appointment, reappointment and removal of the external auditors, and approving the remuneration and terms of engagement of the external auditors, and handling any questions regarding its resignation or dismissal;
- reviewing and monitoring the external auditors' independence and objectivity and the effectiveness of the audit process in accordance with applicable standards and discussing with the external auditors on the nature and scope of the audit and reporting obligations before the audit commences;
- developing and implementing a policy on engaging external auditors to supply non-audit services and reporting to the Board, identifying and making recommendations on any matters where action or improvement is needed;
- monitoring the integrity of the Company's financial statements and annual report and accounts, and half-year report, as well as reviewing significant financial reporting judgments contained in them;
- reviewing the Company's financial controls, and risk management and internal control systems;
- discussing the risk management and internal control systems with the management to ensure that the management has performed its duty to have such effective systems;
- considering major investigation findings on risk management and internal control matters as delegated by the Board or on its own initiative and management's response to these findings;
- where an internal audit function exists, ensuring co-ordination between the internal and external auditors, ensuring that the internal audit function is adequately resourced and has appropriate standing within the Company, and reviewing and monitoring its effectiveness;
- reviewing the Group's financial and accounting policies and practices;
- reviewing the external auditors' management letter, any material queries raised by the auditors to management about the accounting records, financial accounts or systems of control and management's response;
- ensuring that the Board will provide a timely response to the issues raised in the external auditors' management letters;
- reporting the matters in this code provision to the Board; and
- considering other topics as defined by the Board.

During the year ended 31 December 2020, two Audit Committee meetings were held with the presence of the external auditor, to consider and approve the audited consolidated financial information of the Group for the year ended 31 December 2019 and the unaudited consolidated financial information of the Group for the six months ended 30 June 2020.

Corporate Governance Report

The Audit Committee held a meeting on 31 March 2021 and, amongst other matters, considered and approved for presentation to the Board for consideration and approval the draft audited consolidated financial statements of the Group for the year ended 31 December 2020.

The attendance of each INED at the Audit Committee meetings during the year ended 31 December 2020 is as follows:

Name of Directors	No. of Attendance/ No. of Meetings
Ms. Chan Bee Leng	2/2
Mr. Kwong Choong Kuen (Huang Zhongquan)	2/2
Mr. Ooi Soo Liat	2/2
Ms. Li Xueling, Sharlene (resigned on 9 March 2020)	N/A

REMUNERATION COMMITTEE

The Remuneration Committee was established on 17 August 2017 with written terms of reference in compliance with the CG Code. The written terms of reference of the Remuneration Committee are published on the respective websites of the Stock Exchange and the Company. The Remuneration Committee comprises three INEDs, Ms. Chan Bee Leng, Mr. Kwong Choong Kuen (Huang Zhongquan) and Mr. Ooi Soo Liat and an executive Director, Ms. Han Yuying. Mr. Ooi Soo Liat is the chairman of the Remuneration Committee.

The principal roles and functions of the Remuneration Committee include but are not limited to:

- making recommendations to the Board on the Company's policy and structure for the remuneration of all Directors and senior management and on the establishment of a formal and transparent procedure for developing the remuneration policy;
- reviewing and approving the management's remuneration proposals by reference to the Board's corporate goals and objectives;
- determining the remuneration packages of individual executive Directors and senior management including benefits in kind, pension rights and compensation payments, including any compensation payable for loss or termination of their office or appointment and making recommendations to the Board on the remuneration of non-executive Directors;
- considering the salaries paid by comparable companies, time commitment, responsibilities and employment conditions elsewhere in the Group;
- reviewing and approving the compensation payable to the executive Directors and senior management for any loss or termination of office or appointment to ensure that it is consistent with the contractual terms and is otherwise fair and not excessive;

Corporate Governance Report

- reviewing and approving the compensation arrangements relating to the dismissal or removal of Directors for misconduct to ensure that they are consistent with the contractual terms and are otherwise reasonable and appropriate; and
- ensuring that no Director or any of his/her associates (as defined in the Listing Rules) is involved in deciding his/her own remuneration.

During the year ended 31 December 2020, two Remuneration Committee meetings were held to review Company's current policy and structure for remuneration of Directors and senior management of the Company.

The Remuneration Committee held a meeting on 31 March 2021, and reviewed and recommended to the Board for consideration certain remuneration-related matters of the Directors and senior management.

The attendance of each Director in the capacity of a member of the Remuneration Committee at its meetings during the year ended 31 December 2020 is as follows:

Name of Directors	No. of Attendance/ No. of Meetings
Mr. Ooi Soo Liat	2/2
Ms. Han Yuying	2/2
Ms. Chan Bee Leng	2/2
Mr. Kwong Choong Kuen (Huang Zhongquan)	2/2
Ms. Li Xueling, Sharlene (resigned on 9 March 2020)	N/A

NOMINATION COMMITTEE

The Nomination Committee was established on 17 August 2017 with written terms of reference in compliance with the CG Code. The written terms of reference of the Nomination Committee are published on the respective websites of the Stock Exchange and the Company. As at the date of this Report, the Nomination Committee comprises three INEDs, namely Ms. Chan Bee Leng, Mr. Kwong Choong Kuen (Huang Zhongquan), Mr. Ooi Soo Liat and an executive Director, Mr. Yang Xiping. Mr. Kwong Choong Kuen (Huang Zhongquan) is the chairman of the Nomination Committee.

The principal roles and functions of the Nomination Committee include but are not limited to:

- reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy;
- identifying individuals suitably qualified to become members of the Board and selecting or making recommendations to the Board on the selection of individuals nominated for directorships;

Corporate Governance Report

- assessing the independence of the INEDs; and
- making recommendations to the Board on the appointment or re-appointment of Directors and the succession planning for the Directors, in particular, the Chairman.

During the year ended 31 December 2020, one Nomination Committee meeting was held to (i) approve the re-election of Directors pursuant to the Articles at the annual general meeting of the Company held on Friday, 12 June 2020; (ii) consider the independence of the INEDs; and (iii) review the structure, size and composition including the skills knowledge and experience of the Board.

The Nomination Committee held a meeting on 31 March 2021 and among other things, reviewed the structure, size and composition of the Board, assessed the independence of the INEDs and recommended to the Board for consideration the re-appointment of the retiring Directors at the forthcoming AGM. Details of re-appointments were set out in the circular of the Company dated 27 April 2021.

The attendance of each Director in the capacity of a member of the Nomination Committee at its meeting during the year ended 31 December 2020 is as follows:

Name of Directors	No. of Attendance/ No. of Meetings
Mr. Kwong Choong Kuen (Huang Zhongquan)	1/1
Mr. Yang Xinping	1/1
Ms. Chan Bee Leng	1/1
Mr. Ooi Soo Liat	1/1
Ms. Li Xueling, Sharlene (resigned on 9 March 2020)	N/A

The chairman of the Nomination Committee reports any findings and recommendations of the Nomination Committee resolved during its meeting to the Board at the subsequent Board meeting. The Nomination Committee considers a number of factors in making nominations to the Board, including but not limited to the skills and experience, commitment, character and integrity, and independence (in the case of INEDs) of the individuals nominated for directorships.

CORPORATE GOVERNANCE FUNCTIONS

The Board recognises that corporate governance should be the collective responsibility of the Directors, which includes but is not limited to:

- developing and reviewing the Company's policies and practices on corporate governance and making recommendations to the Board;
- reviewing and monitoring the training and continuous professional development of the Directors and senior management;
- reviewing and monitoring the Company's policies and practices on compliance with legal and regulatory requirements;
- developing, reviewing and monitoring the code of conduct and compliance manual (if any) applicable to employees and the Directors;

Corporate Governance Report

- reviewing the Company's compliance with the CG Code and disclosure in this report; and
- such other corporate governance duties and functions set out in the CG Code (as amended from time to time) for which the Board is responsible.

APPOINTMENT AND RE-ELECTION OF DIRECTORS

The Company has renewed the appointment of each of the executive Directors pursuant to a service agreement for a term of 3 years commencing from 12 September 2020.

The Company has renewed the appointment of each of Ms. Chan Bee Leng and Mr. Ooi Soo Liat pursuant to a letter of appointment for a period of 3 years commencing from 12 September 2020. Mr. Kwong Choong Kuen (Huang Zhongquan) has entered into a letter of appointment with the Company for a period of 2 years commencing from the effective date of his appointment.

Any Director appointed by the Board to fill a causal vacancy shall hold office until the first general meeting of the Company after his/her appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following AGM and shall then be eligible for re-election.

All the Directors, including INEDs, are subject to retirement by rotation and eligible for re-election in accordance with the Articles. At each AGM, one-third of the Directors for the time being (or, if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation provided that every Director shall be subject to retirement at the AGM at least once every three years. A retiring Director shall be eligible for re-election and shall continue to act as a Director throughout the meeting at which he/she retires. The Directors to retire by rotation shall include (so far as necessary to ascertain the number of Directors to retire by rotation) any Director who wishes to retire and does not offer himself for re-election. Any further Directors so to retire shall be those who have been the longest in office since their last re-election or appointment and so that as between the persons who became or were last re-elected Directors on the same day, those to retire shall (unless they otherwise agree among themselves) be determined by lot.

DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Directors acknowledge their responsibility for the preparation of the consolidated financial statements of the Group for the year ended 31 December 2020.

The Directors were not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

In addition, Deloitte & Touche LLP has stated in the independent auditor's report its reporting responsibilities on the Company's consolidated financial statements for the year ended 31 December 2020.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for evaluating and determining the nature and extent of the risks the Company is willing to take in achieving the Company's strategic objectives, and ensuring that the Company establishes and maintains appropriate and effective risk management and internal control systems. The Board oversees management in the design, implementation and monitoring of the risk management and internal control systems. The Board acknowledges that such risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable but not absolute assurance against material misstatement or loss.

The Group has engaged an internal control consultant, an independent third party, to undertake a review of the internal control system of the Group during the year ended 31 December 2020. Such review is conducted annually and covers key areas of operations and processes of the Group. The internal control consultant has reported findings and areas for improvement to the Audit Committee and management of the Company. The Board and Audit Committee are of the view that there are no material internal control defects noted and that the risk management and internal control of the Company are effective and adequate in all material respect. All recommendations from the internal control consultant will be properly followed up by the Group to ensure that they are implemented within a reasonable period of time.

Corporate Governance Report

DIVIDEND POLICY

Provided that the Group is profitable and without affecting the normal operations of the Group, the Company may consider to declare and pay dividends to the Shareholders. In deciding whether to propose a dividend and in determining the dividend amount, the Board shall take into account various factors, which include, but are not limited to, the operating results and performance, cash flow, financial position, capital requirements and future prospects of the Group, as well as the interests of the Shareholders. Declaration and payment of dividend by the Company are also subject to the laws of the Cayman Islands, the memorandum of association of the Company, the Articles and any applicable laws, rules and regulations. For the avoidance of doubt, there can be no assurance that a dividend will be proposed or declared in any specific period.

DISCLOSURE OF INSIDE INFORMATION

The Group acknowledges its responsibilities under the Securities and Futures Ordinance, Chapter 571 of the laws of Hong Kong and the Listing Rules and the overriding principle that inside information should be announced immediately when it is the subject of a decision. The procedures and internal controls for the handling and dissemination of inside information are as follows:

- the Group conducts its affairs with close regard to the disclosure requirement under the Listing Rules as well as the "Guidelines on Disclosure of Inside Information" published by the Securities and Futures Commission of Hong Kong in June 2012;
- the Group has implemented and disclosed its policy on fair disclosure by pursuing broad, non-exclusive distribution of information to the public through channels such as financial reporting, public announcements and the Company's website;
- the Group has strictly prohibited unauthorised use of confidential or inside information; and
- the Group has established and implemented procedures for responding to external enquiries about the Group's affairs, so that only the executive Directors, the Company Secretary and the head of investor relations of the Company are authorised to communicate with parties outside the Group.

COMPANY SECRETARY

Since 17 August 2017, the Company has appointed Ms. Chan So Fun as the Company Secretary who has a sound understanding of the operations of the Board and the Group. She was also closely involved in the preparation of the Listing. During the year ended 31 December 2020, Ms. Chan has received no less than 15 hours of professional training in compliance with Rule 3.29 of the Listing Rules.

As the Company Secretary, Ms. Chan has been reporting to the chairman of the Company. All members of the Board can have access to her advice and services. The appointment and removal of the Company Secretary will be subject to the Board's approval.

SHAREHOLDERS' RIGHTS

Procedures for putting forward proposals at Shareholders' meetings

There is no provision allowing Shareholders to make proposals or move resolutions at the annual general meetings (the "AGMs") under the memorandum of association of the Company and the Articles or the laws of the Cayman Islands. Shareholders who wish to make proposals or move a resolution may, however, convene an extraordinary general meeting (the "EGM") in accordance with the "Procedures for Shareholders to convene an EGM" set out below.

Procedures for Shareholders to convene an EGM

Any one or more Shareholders holding at the date of deposit of the requisition not less than 10% of the paid-up capital of the Company carrying the right of voting at general meetings of the Company (the "Eligible Shareholder(s)") shall at all times have the right, by written requisition to require an EGM to be called by the Board or the Company Secretary for the transaction of any business specified in such requisition, including making proposals or moving a resolution at the EGM.

Eligible Shareholders who wish to convene an EGM for the purpose of making proposals or moving a resolution at the EGM must deposit a written requisition (the "Requisition") signed by the Eligible Shareholder(s) concerned at the principal place of business of the Company in Hong Kong (19th Floor, Prosperity Tower, 39 Queen's Road Central, Central, Hong Kong) for the attention of the Company Secretary.

The Requisition must state clearly the name of the Eligible Shareholder(s) concerned, his/her/their shareholding in the Company, the reason(s) to convene an EGM and the proposed agenda.

The Company will check the Requisition and the identity and shareholding of the Eligible Shareholder(s) will be verified with the Company's branch share registrar in Hong Kong. If the Requisition is found to be proper and in order, the Company Secretary will ask the Board to convene an EGM and/or include the proposal(s) made or the resolution(s) proposed by the Eligible Shareholder(s) at the EGM within 2 months after the deposit of the Requisition. On the contrary, if the Requisition has been verified as not in order, the Eligible Shareholder(s) concerned will be advised of the outcome and accordingly, the Board will not call for an EGM nor include the proposal(s) made or the resolution(s) proposed by the Eligible Shareholder(s) at the EGM.

If within 21 days of the deposit of the Requisition the Board fails to proceed to convene such meeting, the requisitionist(s) himself/herself (themselves) may do so in the same manner, and all reasonable expenses incurred by the Eligible Shareholder(s) concerned as a result of the failure of the Board shall be reimbursed to the Eligible Shareholder(s) by the Company.

Corporate Governance Report

PROCEDURES FOR SHAREHOLDERS TO SEND ENQUIRES TO THE BOARD

Shareholders may send their enquiries and concerns to the Board by addressing them to the principal place of business of the Company in Hong Kong, presently at 19th Floor, Prosperity Tower, 39 Queen's Road Central, Central, Hong Kong, by post for the attention of the Company Secretary.

Upon receipt of the enquiries, the Company Secretary will forward the communications relating to:

1. the matters within the Board's purview to the executive Directors;
2. the matters within a Board committee's area of responsibility to the chairman of the appropriate committee; and
3. ordinary business matters, such as suggestions, enquiries and client complaints to the appropriate management of the Company.

COMMUNICATION WITH THE SHAREHOLDERS

The Company has adopted a Shareholders' communication policy with the objective of ensuring that the Shareholders will have equal and timely access to information about the Company in order to enable the Shareholders to exercise their rights in an informed manner and allow them to engage actively with the Company.

Information will be communicated to the Shareholders through the Company's financial reports, AGMs and other EGMs that may be convened as well as all the published disclosures submitted to the Stock Exchange. Any relevant information and documents on proposed resolutions are normally sent to all Shareholders at least 20 clear business days before the AGM.

CONSTITUTIONAL DOCUMENTS

Except for the adoption of new memorandum and articles of association by the Company to comply with the applicable legal and regulatory requirements (including the Listing Rules) on 17 August 2017 and with effect from the Listing Date, there was no change in the constitutional documents of the Company during the year ended 31 December 2020.

The memorandum and articles of association of the Company is available on the respective websites of the Stock Exchange and the Company.

EVENTS AFTER THE REPORTING PERIOD

In February 2021, bank borrowings amounting to approximately S\$6.2 million was fully redeemed. Investment properties with carrying amount of approximately S\$8.7 million as at 31 December 2020 were released from the charges.

Save as disclosed above, the Directors confirmed that there are no significant events after the reporting period.

Environmental, Social and Governance Report

BHCC Holding Limited (the “Company” or “We” and its subsidiaries, collectively, the “Group”) is pleased to present this Environmental, Social and Governance (“ESG”) Report, which describes the initiatives of the Group with regard to ESG issues for the year ended 31 December 2020 (the “Review Year”).

We have an Integrated Management System (“IMS”) which comprises of (i) ISO 9001 (Quality Management System); (ii) ISO 45001 (Occupational Health & Safety Management System); (iii) ISO 14001 (Environmental Management System); and (iv) Green and Gracious Builder Scheme (“GGBS”) mandated by Singapore Building and Construction Authority for the provision of integrated building services works to promote environmental protection and gracious practices during project construction phase and to govern ESG related aspect of our operations.

ENVIRONMENTAL

Emissions

In the provision of integrated building services works, we do not generate significant amount of greenhouse gas emissions, hazardous and non-hazardous wastes or discharges into water and land.

The Group strives to be efficient in the usage of energy, water and materials and also complies with relevant local environmental regulations with an aim to reduce the use of natural resources and to protect the environment. For the Review Year, the total carbon emission arising from our diesel consumption is approximately 1,332.1 tonnes of CO₂e.

The principal greenhouse gas (“GHG”) emissions of the Group are direct GHG emissions from diesel consumed for our equipment, energy indirect GHG emissions generated mainly from purchased electricity and indirect GHG emissions mainly generated from paper consumption. For the Review Year, the summary of the resource of consumption and GHG emissions performance is extracted below:

Emissions	Unit	For the year ended 31 December 2020
Nitrogen Oxides (NO _x)	kg	962.6
Sulfur Dioxide (SO ₂)	kg	0.9
Particulate Matter (PM)	kg	49.7
Direct Emission of GHG, Scope 1	tonnes of CO ₂ e	1,332.1
Indirect Emission of GHG, Scope 2	tonnes of CO ₂ e	507.3
Other Indirect Emission of GHG, Scope 3	tonnes of CO ₂ e	33.6
Total GHG Emission	tonnes of CO ₂ e	1,873.0

We are committed to monitor and manage our environmental footprint with our IMS relevant to our operations.

Environmental, Social and Governance Report

To properly manage our GHG emissions, the Group actively adopts conservation and monitoring measures. We adopt digitized office to minimize paper usage, conducts regular vehicle maintenance and monitor fuel consumption, encouraging modern telecommunication system to avoid unnecessary travel arrangement; and encouraging staff to switch off air-conditioners, lights and computers when not in use.

For the Review Year, we were not aware of any non-compliance with laws and regulations having a significant impact on the Group relating to emissions.

Non-hazardous and Hazardous waste

Non-hazardous waste from the Group's operation includes general construction waste such as earth and debris from excavation, organic waste such as food waste and recyclable waste such as hardcore and good earth. Total non-hazardous waste produced was approximately 4,600.0 tonnes. We did not generate hazardous waste.

We have procedures to manage construction wastes so as to ensure proper disposal, maximize re-use and to recycle of construction wastes. All wastes must only be disposed at designated and authorized dumping sites. We also engage external general waste collectors as well as licensed waste-removing contractors to dispose both non-hazardous and hazardous wastes. Wastes such as hardcore or good earth shall be recycled if possible to reduce waste disposal.

Our Group's policies on the efficient use of resources primarily reflect in the concept of "Reduce/Reuse/Recycle". Regular campaigns and trainings are provided to our employees to cultivate the concept of "Reduce/Reuse/Recycle". One of our policies is the provision of recycling bins for different types of waste such as paper, drink cans and plastic bottles. Old and replaced air-conditioners, fans and other building systems from the provision of integrated building services works are sometimes reused in our temporary site offices and meeting rooms (where appropriate).

USE OF RESOURCES

Energy consumption

Water and electricity are consumed at our head office and site offices which have a total area of 163,666.5 m². Electricity consumed by the Group was 1,176,142.68 kWh with consumption intensity of 7.19 kWh/m². Water consumed by the Group was 64,194.48 CuM with consumption intensity of 0.39 CuM/m². Diesel consumed by the Group was 505,240.0 litres.

Energy use efficiency initiatives and results

Our environmental control procedures also include procedures to save resources such as paper, water, diesel and electricity at our head office and construction sites. We monitor and review our water, electricity and diesel consumption at our head office and construction sites on a monthly basis to ensure that the usage is relatively stable as compared to that of the previous months or of our similar projects. We also have staff in the head office and on-site to be responsible to switch off all lights, air-conditioners, machines and equipment when they are not in use. This leads to a stable water and electricity consumption at our offices. The Group has no issue in sourcing water that is fit for purpose and does not have packaging materials.

Environmental, Social and Governance Report

THE ENVIRONMENTAL AND NATURAL RESOURCES

Our Group embarks on the GGBS mandated by the Building and Construction Authority. The implementation of the Green and Gracious practices will enhance and complement our environmental management system as well as raising the environmental consciousness and professionalism of our project teams. We are also aware of our responsibility to the environment and the general public; hence we are dedicated to work closely with the communities affected by our business operations.

For any possible incident that causes pollution to the environment, the Group will clarify the management responsibilities of each managerial positions and take measures to protect the local environment and avoid the occurrence of such in the future. There are currently no significant impacts of the Group's activities on the environment and natural resources.

Employees' remuneration is commensurate with their job nature, qualifications and experience. Salaries and wage rates are usually subject to an annual review that are based on performance appraisals and other relevant factors. We strongly encourage internal promotion and a variety of job opportunities is offered to the existing staff when it is best suited.

Environmental, Social and Governance Report

We advocate a community spirit that thrives on mutual respect and equal opportunities. We firmly comply to equal opportunities legislation and to ensure diversity and equality, our selection process is non-discriminatory and is solely based on the employees' performance, experience and skills. Employees are also encouraged to discuss their targets in job advancement and career development with their senior management.

The Group regularly reviews our employee policy which outlines the Group's compensation, working hours, rest periods and other benefits and welfare. Additionally, we are fully committed to comply with the equal opportunities legislations as well as any relevant law and regulation and does not engage in any forced or child labour. The Group's Human Resource department keeps all employment contracts and relevant documentation on the details of our employees. The Board shall also undertake random check of the records. The Group has zero tolerance towards the use of child and forced labour and will eliminate such practices immediately when discovered.

At our Company, we treat every member of our employee as part of our big family, whether it is managerial, executive or rank-and-file employee positions. To induce a sense of belonging in our Company, various team bonding events were organised annually for staff to interact with each other out of the workplace.

To attract, retain and motivate employees, we are committed to offer professional development opportunities and a healthy work environment for all employees in office and on-site. One of our main tasks is to ensure the wage rates of our employees are reasonable and competitive among our peers in the market. In addition, our employees' total remuneration including basic salary and bonus system are unbiased and correlated with their individual performance.

We maintain high standards of business ethics and sustains good personal conduct of our employee.

For the Review Year, we were not aware of any non-compliance with laws and regulations having a significant impact on the Group relating to employee and labour practices. Nor did we identify any incidents relating to the use of child or forced labour.

EMPLOYEE HEALTH AND SAFETY

We recognise the importance of maintaining a safe, effective and congenial working environment and policies to provide sufficient protection for our staff. Our businesses have their safety management systems certified in accordance with local and international standards. Hence, we have put various occupational health and safety measures and programs in place and regularly perform checks on the working environment, staff health, wellbeing and facilities.

Briefing, training and news are provided to our employees to raise their awareness and to refresh their knowledge and practices on health and safety matters.

In the Review Year, the Group is honoured to receive the Safety and Health Award Recognition from the Workplace safety and Health Council of Singapore ("WSHC") in collaboration with the Ministry of Manpower ("MOM") for a public project. Achieving this award is a testament to our commitment to total Workplace Safety and Health and we shall continue to implement our robust Safety and Health Management System diligently so as to strive for continual improvement across all projects undertaken by the Group.

In the Review Year, the Group does not have any work-related fatalities. We will continue to communicate safety precautions through briefings and guidelines to promote and enhance safety practices.

Environmental, Social and Governance Report

SAFETY MANAGEMENT SYSTEM

Our occupational health and safety management system includes but is not limited to the following fundamental elements:

1. Hazard identification, risk assessment and controls' determination

We maintain a list of relevant occupational and health safety hazards, based on analysis of our services and works performed, inspection reports and incident reports. Upon identification of the potential hazards, a risk assessment will be carried out to designate certain potential hazards as significant. Particular attention will be paid to these significant hazards during our formulation and implementation of controls. The list of potential hazards is reviewed and changes are updated on an annual basis.

2. Competence, training and awareness

We allocate adequate resources and supervision commensurate with the size and the nature of its activities, and:

- (a) ensure personnel have the necessary competencies to carry out their responsibilities;
- (b) identify existing competencies actually required and any gaps between them at all levels within the organization, and provide any necessary training;
- (c) ensure persons under its control have the necessary awareness of Occupational Health & Safety ("OH&S") issues and are motivated to work or act in a safe manner.

3. Legal and regulatory compliance

We maintain a list of applicable OH&S regulations and ensure that this is up-to date. Changes to these rules and regulations will be communicated to our relevant departments and evaluation of our OH&S compliance will be carried out.

4. Objectives, targets and key performance indicators

The process of setting and reviewing objectives, and implementing programmes to achieve them, provides a mechanism for the organisation to continually improve its OH&S management system and to improve its OH&S performance.

Setting objectives is an integral part of the planning of an OH&S management system. We set objectives to fulfil the commitments established in its OH&S policy, including its commitments to the prevention of injury and ill health.

The objectives should be measurable, practicable, and consistent with the OH&S policy.

For the Review Year, we were not aware of any non-compliance with laws and regulations having a significant impact on the Group relating to occupational health and safety.

OPERATING PRACTICES

Supply chain management

The Group relies on suppliers and subcontractors to ensure the quality and execute our works on a timely and reliable basis, consistent with the project requirements of our customers. All our suppliers and subcontractors are based in Singapore, effectively mitigating carbon emissions that result from haulage and transportation. For projects where we are the main contractor, our subcontractors are required to adhere to our IMS policy. In managing the environmental and social risks of our supply chain, we will perform assessments on all our suppliers and subcontractors prior to engaging them and inclusion in our approved suppliers list and our approved subcontractors list (the "Approved Lists"). ESG-related factors form an important part of the assessment process and have due weighting in our consideration of potential suppliers and subcontractors. We also assess their track records in relation to prior performance, reputation and corporate capacity. We also monitor and assess our suppliers and subcontractors annually whereby those with poor performance will be removed from our Approved Lists. One of the criteria in our assessment relates to the existence and performance of the suppliers' and subcontractors' environmental, health and safety systems.

All materials delivered are examined by designated site staff before the Group accepts the materials. Materials which are found to be defective or of low qualities will be returned and replaced.

As of 31 December 2020, the Group has over 300 suppliers and subcontractors all based in Singapore and ordering of supplies and engaging of subcontractors are diversified to reduce dependency on any one supplier or subcontractor.

Service responsibility

We recognise that good customer services are the key influential factors to our success and sustainability. Therefore, we have set up a customer communication channel dedicated to handle customers' queries and feedbacks efficiently. Similarly, customer complaints are thoroughly investigated and root causes are identified and acted upon accordingly. Protecting and safe-guarding our customers' privacy have been one of our top agenda. Review and revision of the financial data and privacy policy are carried out regularly to ensure its effectiveness and compliance with relevant laws. Moreover, we acquired an ISO 9001 as an identification of our success in meeting customer expectations and delivering customer satisfaction.

With regards to the protection of intellectual property rights, the Group complies with relevant regulations and insists to purchase and use licensed computer software and respects intellectual property rights. The Group has been in compliance with local laws and regulations in relation to intellectual property rights and data privacy that have a huge impact on the Group.

For the Review Year, we were not aware of any non-compliance with laws and regulations having a significant impact on the Group relating to service responsibility. Nor did we receive any service-related customer complaints.

Environmental, Social and Governance Report

Anti-corruption

We are committed to maintain the highest ethical standards and vigorously enforce the integrity of our business practices in all aspects of our operations. We have in place a policy to ensure our Groups and our employees comply with anti-bribery, anti-corruption and anti-money laundering laws and governmental guidance. Our Group and employees (i) are prohibited from paying or receiving a bribe of any kind; (ii) are prohibited from giving or offering anything of value to a public official; (iii) are required to comply with the Group's guidelines and authorisation levels in relation to the giving and receiving of gifts and hospitality; and (iv) fully comply with the applicable laws and regulations relating to anti-money laundering and terrorist financing.

The Group has in place a whistle-blowing policy to encourage and enable our employees to report suspected or confirmed violations relating to bribery, extortion, fraud and money laundering. An independent internal investigation team will be set up and details of the investigation will be reported to our Executive Directors.

For the Review Year, we were not aware of any non-compliance with laws and regulations having a significant impact on the Group relating to anti-corruption. Nor did we have any legal case regarding corrupt practices brought against the Group or our employees.

COMMUNITY

Community investment

We actively seek opportunities to repay society and in hope of creating a better living environment for local community. For the Review Year, the Company donated to a charitable fund. For the upcoming year, we are looking to set aside an agreed amount allocated to donations charity and support for good causes depending on the profitability of our Group. We are also looking into planning a series of charitable events in the upcoming year to incubate the culture of participating in community work and giving back to the society.

Independent Auditor's Report

To the Shareholders of BHCC HOLDING LIMITED

(Incorporated in the Cayman Islands with limited liability)

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the consolidated financial statements of BHCC Holding Limited (the "Company") and its subsidiaries (herein referred to as the "Group") set out on pages 50 to 115, which comprise the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and of its consolidated financial performance, consolidated changes in equity and consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs") issued by International Accounting Standards Board ("IASB") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The directors of the Company ("Directors") are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The Directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with IFRSs issued by IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent Auditor's Report

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mao Meijiao.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

1 GENERAL

BHCC Holding Limited (the “Company”) was incorporated and registered as an exempted company in the Cayman Islands with limited liability on 21 February 2017 and the address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands. The Company was registered with the Registrar of Companies in Hong Kong as a non-Hong Kong company under Part 16 of the Hong Kong Companies Ordinance (Chapter 622 of the laws of Hong Kong) (the “Companies Ordinance”) on 20 March 2017 and the registered principal place of business in Hong Kong is 19th Floor, Prosperity Tower, 39 Queen’s Road Central, Central, Hong Kong. The head office and principal place of business of the Company is at No. 1 Tampines North Drive 3, #08-01, BHCC SPACE, Singapore 528499. The shares of the Company have been listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) with effect from 12 September 2017.

The Company is a subsidiary of Huada Developments Limited (“Huada Developments”), incorporated in the British Virgin Islands (“BVI”), which is also the Company’s ultimate holding company. Huada Developments is owned by Mr. Yang Xinping and his spouse Ms. Chao Jie. Upon the entering into of the concert party deed, Huada Developments, Mr. Yang, Mrs. Yang, Eagle Soar Global Limited (“Eagle Soar”) and Ms. Han Yuying became a group of controlling shareholders of BHCC Holding Limited and its subsidiaries (the “Group”) (together referred to as the “Controlling Shareholders”).

The Company is an investment holding company and the principal activities of its operating subsidiaries are the provision of building construction services (“Building and Construction works”) and properties investment including the leasing of industrial properties (“Property Investment”). The details of the subsidiaries are set out in Note 30.

The consolidated financial statements are presented in Singapore Dollars (“S\$”), which is also the functional currency of the Company.

The consolidated financial statements are approved by the Board of Directors of the Company on 31 March 2021.

2 APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (“IFRSs”)

New and amended IFRSs that are effective for the current year

In the current year, the Group has applied the amendments to IFRS Standards and Interpretations issued by the Board that are effective for an annual period that begins on or after 1 January 2020. Their adoption has not had any material impact on the disclosures or on the amounts reported in these consolidated financial statements.

Impact of the initial application of COVID-19-Related Rent Concessions Amendment to IFRS 16

In the current financial year, the Group has considered the application of the amendment to IFRS 16 (as issued by the International Accounting Standards Board (“IASB”) in May 2020) in advance of its effective date.

As the Group is not a lessee of any assets to qualify for such rent concessions, the application of the amendment to IFRS 16 did not have any material impact on the disclosures or on the amounts reported in these consolidated financial statements.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

2 APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (“IFRSs”) (Continued)

New and revised IFRSs in issue but not yet effective

At the date of authorisation of these consolidated financial statements, the Group has not applied the following new and revised IFRSs that have been issued but are not yet effective which are relevant to the Group:

Amendments to IFRS 3	Reference to Conceptual Framework ¹
Amendments to IAS 16	Property, Plant and Equipment — Proceeds before Intended Use ¹
Amendments to IFRSs	Annual Improvements to IFRS Standards 2018–2020 ¹
Amendments to IAS 37	Onerous contracts — Cost of Fulfilling a Contract ¹
Amendments to IAS 1	Classification of Liabilities as Current or Non-current ²
Amendments to IAS 1 and IFRS Practice Statement 2	Disclosure of Accounting Policies ²
Amendments to IAS 8	Definition of Accounting Estimates ²

¹ Effective for annual periods beginning on or after 1 January 2022.

² Effective for annual periods beginning on or after 1 January 2023.

The directors of the Company anticipate that the application of the new and amendments to IFRSs will have no material impact on the consolidated financial position and performance as well as disclosure.

3 SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board (“IASB”).

In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (“Listing Rules”) and the applicable disclosures required by the Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis, except as disclosed in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of accounting (Continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2 *Share-based Payment*, leasing transactions that are within the scope of IFRS 16 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 *Inventories* or value in use in IAS 36 *Impairment of assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies adopted are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of consolidation (Continued)

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Revenue recognition

Revenue is recognised to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Specifically, the Group uses a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer;
- Step 2: Identify the performance obligations in the contract;
- Step 3: Determine the transaction price;
- Step 4: Allocate the transaction price to the performance obligations in the contract; and
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Under IFRS 15, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to customers.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue recognition (Continued)

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the entity's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

Revenue from provision of building and construction works is described in the accounting policy on construction contracts below.

Rental income is recognised, on a straight-line basis, over the terms of the respective leases.

Construction contracts

Revenue from project works is recognised over time during the course of construction by reference to the progress towards complete satisfaction at the end of the reporting period. Progress towards complete satisfaction is measured based on input method, which is to recognise revenue on the basis of the Group's efforts or inputs to the satisfaction of a performance obligation (i.e. contract costs incurred for work performed to date) relative to the total expected inputs to the satisfaction of that performance obligation (i.e. total estimated contract cost), that best depict the Group's performance in transferring control of goods or services.

A contract asset represents the Group's right to consideration in exchange for services that the Group has transferred to a customer that is not unconditional. It is assessed for impairment in accordance with IFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Construction contracts (Continued)

A contract asset and a contract liability relating to a contract are accounted for and presented on a net basis.

In determining the transaction price, the Group adjusts the promised amount of consideration for the effects of the time value of money if the timing of payments agreed (either explicitly or implicitly) provides the customer or the Group with a significant benefit of financing the transfer of goods or services to the customer. In those circumstances, the contract contains a significant financing component. A significant financing component may exist regardless of whether the promise of financing is explicitly stated in the contract or implied by the payment terms agreed to by the parties to the contract.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the consolidated statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Retirement benefit costs

Payments made to Central Provident Fund ("CPF") are recognised as expense when employees have rendered service entitling them to the contributions.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Short-term and long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another IFRS requires or permits the inclusion of the benefits in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deduction any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service costs, interest and remeasurements are recognised in profit or loss except to the extent that another IFRS requires or permits their inclusion in the cost of an asset.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before taxation" as reported in the consolidated statement of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Taxation (Continued)

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies IAS 12 *Income Taxes* requirements to right-of-use assets and lease liabilities separately. Temporary differences on initial recognition of the relevant right-of-use assets and lease liabilities are not recognised due to application of the initial recognition exemption. Temporary differences arising from subsequent revision to the carrying amounts of right-of-use assets and lease liabilities, resulting from remeasurement of lease liabilities and lease modifications, that are not subject to initial recognition exemption are recognised on the date of remeasurement or modification.

Current and deferred tax are recognised in profit or loss, except when it relates to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Property, plant and equipment

Property, plant and equipment, including leasehold properties, held for use in the production or supply of goods or services, or for administrative purposes, are stated at cost less subsequent accumulated depreciation and accumulated impairment losses, if any. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of items of property, plant and equipment less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Assets under construction included in property, plant and equipment mainly relate to all directly attributable costs incurred for the construction of warehouse properties. Assets under construction are not depreciated as these assets are not yet available for use. Depreciation will commence when these assets are ready for use.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less subsequent accumulated depreciation and any accumulated impairment loss.

Depreciation is recognised so as to write off the cost of items of investment properties less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Impairment of property, plant and equipment, intangible asset, investment properties, and right-of-use assets

At the end of each reporting period, the management of the Group reviews the carrying amounts of its property, plant and equipment, investment properties, and right-of-use assets, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. Intangible asset with indefinite useful lives is tested for impairment at least annually, and whenever there is an indication that it may be impaired.

The recoverable amount of property, plant and equipment, intangible asset, investment properties, and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment of property, plant and equipment, intangible asset, investment properties, and right-of-use assets (Continued)

Recoverable amount is the higher of fair values less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

Financial instruments

Initial recognition

Financial assets and financial liabilities are recognised when a Group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributed to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Notes to the Consolidated Financial Statements

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets (Continued)

Classification of financial assets

Debt instruments that meet the following conditions are measured subsequently at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are measured subsequently at fair value through other comprehensive income ("FVTOCI"):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are measured subsequently at fair value through profit or loss ("FVTPL").

Financial assets at amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses ("ECL"), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest income is recognised in profit or loss using the effective interest method and is included in the "other income" line item.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets (Continued)

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss.

All recognised financial assets of the Group that are within the scope of IFRS 9 are subsequently measured at amortised costs (including trade receivables, other receivables and deposits, amounts due from related companies, amount due from shareholders, and bank balances and cash) or FVTPL (money market funds investments).

Impairment of financial assets and contract assets

The Group recognises a loss allowance for ECL on financial assets (including trade receivables, other receivables and deposits, amounts due from related companies, amount due from shareholders, and bank balances and cash) and contract assets which are subject to impairment assessment under IFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

The Group always recognises lifetime ECL for trade receivables and contract assets and measures the lifetime ECL for portfolios of trade receivables and contract assets that share similar economic risk characteristics. The ECL on these financial assets are estimated using an analysis of assets by risk level of customers and apply a probability-weighted estimate of the credit losses within the relevant risk type. The probability-weighted estimate of the credit losses is determined based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Group measures the loss allowance equal to 12-month ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring since initial recognition.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets (Continued)

Impairment of financial assets and contract assets (Continued)

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date.

(i) Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the reporting date with the risk of a default occurring on the financial instrument at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, obtained from financial analysts and governmental bodies, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor, or the length of time or the extent to which the fair value of a financial asset has been less than its amortised cost;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets (Continued)

Impairment of financial assets and contract assets (Continued)

(i) Significant increase in credit risk (Continued)

Despite the foregoing, the Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

A financial instrument is determined to have low credit risk if (i) the financial instrument has a low risk of default (i.e. no default history); (ii) the debtor has a strong capacity to meet its contractual cash flow obligations in the near term; and (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a financial asset to have low credit risk when the asset has external credit rating of "investment grade" in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of "performing". Performing means that the counterparty has a strong financial position and there is no past due amounts.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets (Continued)

Impairment of financial assets and contract assets (Continued)

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower; or
- a breach of contract, such as a default or past due event; or
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are past due over two years, whichever is earlier. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets (Continued)

Impairment of financial assets and contract assets (Continued)

(v) Measurement and recognition of ECL (Continued)

Where lifetime ECL is measured on a collective basis to cater for cases where evidence of significant increases in credit risk at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments;
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

If the Group has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Group measures the loss allowance at an amount equal to 12-month ECL at the current reporting date.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Financial liabilities and equity

Classification of financial liabilities and equity instruments

Financial liabilities and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial liabilities and equity (Continued)

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities (including trade and other payables, borrowings, and amounts due to related companies) are subsequently measured at amortised cost, using the effective interest method except for short-term payables where the effect of discounting would be immaterial.

Interest-bearing bank loans are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest method. Interest expense calculated using the effective interest method is recognised over the term of the borrowings in accordance with the group's accounting policy for borrowing costs (see above).

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not (i) contingent consideration of an acquirer in a business combination; (ii) held-for-trading; or (iii) designated measured as at FVTPL, are subsequently at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant periods. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Offsetting arrangements

Financial assets and financial liabilities are offset and the net amount presented in the financial statements when the Group has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. A right to set-off must be available today rather than being contingent on a future event and must be exercisable by any of the counterparties, both in the normal course of business and in the event of default, insolvency or bankruptcy.

Dividend distribution

Dividend distribution to the Group's shareholders is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the Company's shareholders or directors, where appropriate.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank deposits that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under IFRS 16 at inception or modification date. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as lessor

The Group enters into lease agreements as a lessor with respect to some of its investment properties and temporary foreign worker dormitories that the Group had constructed under a contract with the Singapore government.

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leases (Continued)

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets (such as tablets and personal computers, small items of office furniture and telephones). For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the consolidated statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leases (Continued)

The Group as lessee (Continued)

The Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under IAS 37. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the right-of-use asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as a separate line in the consolidated statement of financial position.

The Group applies IAS 36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in the "Impairment of property, plant and equipment, intangible asset, investment properties, and right-of-use assets" policy.

Foreign currency transactions and translation

The individual financial statements of each group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position of the Company are presented in Singapore Dollars, which is the functional currency of the Company and the presentation currency for the consolidated financial statements.

In preparing the financial statements of the individual group entities, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period.

4 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The Group's management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following is the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets within the next twelve months.

Construction contracts

The Group recognises contract revenue and profit of a construction contract during the course of construction by reference to the progress towards complete satisfaction at the end of the reporting period. Progress towards complete satisfaction is measured based on the input method. Estimated construction revenue is determined with reference to the terms of the relevant contracts. Contract costs which mainly comprise sub-contracting charges and costs of materials are estimated by the management on the basis of quotations from time to time provided by the major subcontractors or suppliers involved and the experience of the management. Notwithstanding that management reviews and revises the estimates of both contract revenue and costs for the construction contract as the contract progresses, the actual outcome of the contract in terms of its total revenue and costs may be higher or lower than the estimates and this will affect the revenue and profit recognised.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

4 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Construction contracts (Continued)

Management reviews the construction contracts for foreseeable losses whenever there is an indication that the estimated contract revenue is lower than the estimated total contract costs. The actual outcomes in terms of total contract costs or contract revenue may be higher or lower than estimated at the end of each of the reporting period, which would affect the revenue and profit recognised in future years as an adjustment to the amounts recorded to date.

The carrying amounts of contract assets and contract liabilities arising from construction contracts are disclosed in Note 18 to the consolidated financial statements.

Estimated impairment of trade receivables, other receivables and deposits, and contract assets (Notes 16, 17a and 18)

The Group recognises lifetime ECL for trade receivables and contract assets. For other receivables and deposits, the Group measures the loss allowance equal to 12-month ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. Assessment is done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date. The amount of the impairment loss based on ECL model is measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition. Where the future cash flows are less than expected, or being revised downward due to changes in facts and circumstances, a material impairment loss may arise.

The carrying amounts of trade receivables, other receivables and deposits, and contract assets, are disclosed in Notes 16, 17a and 18 to the consolidated financial statements respectively.

5 REVENUE AND SEGMENT INFORMATION

Revenue represents the fair value of amounts received and receivable from the provision of Building and Construction works by the Group to external customers, and Property Investment, being rental income from investment properties held by the Group.

During the year ended 31 December 2020, the Group was awarded two projects to design, build and operate temporary dormitories to accommodate foreign workers for COVID-19 safe-distancing, and upon the Singapore government's instructions, will be demolished when no longer required.

As at 31 December 2020, the Group has been engaged by the Singapore government to operate one completed dormitory for a period of one year, with the option to extend at the discretion of the government. The Group will maintain and operate the dormitory, and bear all expenditure. The Group will co-share 50% of any profits with the government, while any net loss will be borne by the Group.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

5 REVENUE AND SEGMENT INFORMATION (Continued)

The “design and build” portion of the projects as main contractor have been recognised under Building and Construction works segment, while the related bed rental revenue from operation of dormitories have been recognised under a separate segment, “Operation of Temporary Dormitories”.

(iv) Segment information

Information is reported to the Executive Directors, being the chief operating decision makers (“CODM”) of the Group, for the purposes of resource allocation and performance assessment. The CODMs review segment revenue and results attributable to each segment, which is measured by reference to the respective segments’ gross profit. The Group has three operating segments as follows:

- Building and Construction works: Engage in provision of building and construction works via main contractor and subcontractor projects to public and private sectors.
- Property Investment: Leasing of industrial properties.
- Operation of Temporary Dormitories: Bed leasing of dormitories.

No analysis of the Group’s assets and liabilities is regularly provided to the CODMs for review.

Others	43,972	31,650
	3,637,937	228,111

Note: Government grants in 2020 mainly include COVID-19-related support by the Singapore government to help companies tide through this period of economic uncertainty, such as the Foreign Worker Levy (“FWL”) rebates, the Jobs Support Scheme (“JSS”), COVID-Safe project-based and firm-based supports, property tax rebates, and additional cash grants. Under the JSS, the government will co-fund between 10% to 75% of the first S\$4,600 of gross monthly wages paid to each local employee in a twenty-month period through cash subsidies.

While those mentioned above were recognised as grant income, FWL waivers obtained of approximately S\$1.3 million were offset against related FWL expenses in cost of services.

Government grants received during the financial year ended 31 December 2019 mainly include the Wage Credit Scheme (“WCS”) and Government-Paid Childcare Leave (“GPCL”).

All government grants received are incentives as compensation of expenses or losses already incurred or as immediate financial support to the Company with no future related costs and no relation to any assets received upon fulfilling the conditions attached to them.

14 INVESTMENT PROPERTIES (Continued)

As at 31 December 2020, investment properties of the Group comprises of (i) freehold properties consist of five (2019: five) strata title light industrial units located at 11 Irving Place, Singapore 369551, leased out mainly as offices or warehouses; and (ii) leasehold property at Tampines North Drive 3, Singapore 528499 with a tenure of 18.4 years.

The leasehold property is a mixed commercial and industrial building, which was completed in 2019. Half of the building is intended for the Group's own use as office and storage facilities, and classified as property, plant and equipment. The other half of the building is intended to earn rental income by being leased out mainly as shops, warehouses or offices and has been reclassified from property, plant and equipment to investment properties during the year ended 31 December 2019.

The Group's property interests held to earn rental income under operating leases are classified and accounted for as investment properties and measured using the cost model.

The freehold properties and leasehold property are depreciated on a straight-line basis over 40 years and 18.4 years respectively. Depreciation was charged for the leasehold property since its completion in 2019.

As at 31 December 2020, the fair values of the freehold properties and leasehold property recorded as investment properties amounted to S\$10,928,320 and S\$15,500,000 respectively. Fair value measurements of the Group's freehold properties and leasehold property as at 31 December 2020 were carried out by RHT Valuation Pte. Ltd., an independent valuer not related to the Group, and who has the appropriate qualifications and relevant experience.

As at 31 December 2019, the fair values of the freehold properties and leasehold property recorded as investment properties amounted to S\$10,928,320 and S\$15,500,000 respectively. Fair value measurements of the Group's freehold properties and leasehold property as at 31 December 2019 and 28 February 2019 respectively were carried out by RHT Chestertons Valuation and Advisory Pte. Ltd., an independent valuer not related to the Group, and who has the appropriate qualifications and relevant experience. Management has assessed that the key inputs and assumptions used by the valuer for valuation date 28 February 2019 remain applicable and reasonable as at year ended 31 December 2019.

The fair values were determined using the comparison approach, where it is based on comparable market transactions that considered the sales of similar properties that have been transferred in the open market with the significant unobservable input being the price per square metre where any significant isolated increases (decreases) in this input would result in a significantly higher (lower) fair value measurement.

The investment properties are categorised within level 3 of the fair value hierarchy.

In estimating the fair value of the properties, the highest and best use of the property in its current state was used.

The property rental income from the Group's freehold and leasehold properties, all of which are leased out under operating leases, amounted to S\$1,523,506 (2019: S\$766,730). Direct operating expenses (including repairs and maintenance) arising from the rental-generating freehold and leasehold properties amounted to S\$989,124 (2019: S\$859,826).

The carrying amount of investment properties amounting to S\$16,926,958 (2019: S\$17,659,626) are pledged to banks to secure bank borrowings as disclosed in Note 24.

The Group leases several assets including staff dormitories, site office premises, office equipment and motor vehicles. The lease term is two to five years (2019: two to five years).

The Group has no options to purchase any of its leased assets at the end of the lease term. The Group's obligations are secured by the lessors' title to the leased assets for such leases.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

15 LEASES (GROUP AS A LESSEE) (Continued)

Right-of-use assets (Continued)

Certain leases for staff dormitories expired in the current financial year. The expired contracts were either replaced by new leases for similar underlying assets or extended through exercising options. This resulted in additions to right-of-use assets of S\$50,561 in 2020 (2019: S\$44,567).

In addition, a new lease of site office premises was entered into in the current financial year, resulting in the remaining additions to right-of-use assets of S\$514,125. New leases of office equipment were entered into in 2019, resulting in the remaining additions to right-of-use assets of S\$41,243.

The maturity analysis of lease liabilities is presented in Note 23.

Amounts recognised in profit or loss

	2020 S\$	2019 S\$
Depreciation expense on right-of-use assets (Note 9)	351,217	353,085
Interest expense on lease liabilities (Note 7)	10,044	10,559
Expense relating to short-term leases	541,117	763,208

The total cash outflow for leases in 2020 amount to S\$0.9 million (2019: S\$1.1 million).

At 31 December 2020, the Group is committed to S\$0.1 million for short-term leases (2019 : S\$0.1 million).

16 TRADE RECEIVABLES

	2020 S\$	2019 S\$
Trade receivables	3,808,577	6,111,064
Unbilled revenue (Note a)	273,878	995,564
	4,082,455	7,106,628

Note a: Unbilled revenue are those accrued revenue which the construction certification is issued by the customers before year end but no billing has been raised to customers. The Group's rights of the unbilled revenue are unconditional.

As at 1 January 2019, trade receivables from contracts with customers amounted to S\$5,641,686.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

16 TRADE RECEIVABLES (Continued)

The Group grants credit terms to customers typically between 0 to 45 days (2019: 0 to 45 days) from the invoice date for trade receivables. The following is an analysis of trade receivables by invoice date at the end of each reporting period:

	2020 S\$	2019 S\$
Within 60 days	3,551,723	5,963,584
61 days to 90 days	—	—
91 days to 180 days	41,856	112,384
181 days to 365 days	179,902	35,096
Above 365 days	35,096	—
	3,808,577	6,111,064

Before accepting any new customer, the Group assesses the potential customer's credit quality and defined credit limit to each customer on an individual basis. Limits attributed to customers are reviewed periodically.

The Group applies the simplified approach to provide the expected credit losses prescribed by IFRS 9. The impairment methodology is set out in Notes 3 and 34(c) of the consolidated financial statements.

As part of the Group's credit risk management, the Group assesses the impairment for its customers based on different group of customers that share common risk characteristics that are representative of the customers' abilities to pay all amounts due in accordance with the contractual terms. Details of the credit risk assessment are included in Note 34(c).

Aging of trade receivables that are past due but not impaired at reporting date:

	2020 S\$	2019 S\$
Less than 60 days	110,326	49,151
61 to 90 days	—	—
91 to 180 days	41,856	147,480
Above 180 days	214,998	—
	367,180	196,631

The directors of the Company considered that the ECL for trade receivables is insignificant as at 31 December 2020 and 2019.

18 CONTRACT ASSETS/LIABILITIES

The following is the analysis of the contract assets and contract liabilities:

	2020 S\$	2019 S\$
Contract assets	33,251,977	25,151,638
Contract liabilities	(81,131)	—

Contract assets and contract liabilities arising from same contract are presented on net basis.

As at 1 January 2019, contract assets amounted to S\$15,105,683 and contract liabilities amounted to S\$2,107,036.

Contract assets

Amounts represent the Group's rights to considerations from customers for the provision of construction services, which arise when: (i) the Group completed the relevant services under such contracts; and (ii) the customers withhold certain amounts payable to the Group as retention money to secure the due performance of the contracts for a period of generally 12 months (defect liability period) after completion of the relevant works. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point at which it becomes unconditional and is invoiced to the customer.

The Group's contract assets are analysed as follows:

	2020 S\$	2019 S\$
Construction contracts — current		
Retention receivables	3,341,137	3,195,472
Others*	29,910,840	21,956,166
	33,251,977	25,151,638

* Included in others is the revenue not yet been billed to the customers which the Group have completed the relevant services under such contracts but yet certified by representatives appointed by the customers.

Changes of contract assets were mainly due to: (1) the amount of retention receivables in accordance with the number of ongoing and completed contracts under the defect liability period; and (2) in the size and number of contract works that the relevant services were completed but yet certified by representatives appointed by the customers at the end of each reporting period.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

18 CONTRACT ASSETS/LIABILITIES (Continued)

Contract assets (Continued)

The Group's contract assets are the retention receivables to be settled, based on the expiry of the defect liability period of the relevant contracts or in accordance with the terms specified in the relevant contracts, at the end of the reporting period. The balance are classified as current as they are expected to be received within the Group's normal operating cycle.

The contract assets relate to unbilled work in progress and have substantially the same risk characteristics as the trade receivables for the same type of contracts. The Group has therefore concluded that the expected loss rates for the trade receivables are a reasonable approximation of the loss rates for the contract assets. Based on the management's assessment, it is considered that the ECL for contract assets is insignificant as at 31 December 2020 and 2019.

There were provisions made for contract losses amounting to S\$28,449 recorded during the year ended 31 December 2020 (2019: S\$Nil).

Contract liabilities

The contract liabilities represents the Group's obligation to transfer services to customers for which the Group has received consideration (or an amount of consideration is due) from the customers.

The Group's contract liabilities are analysed as follows:

	2020 S\$	2019 S\$
Construction contracts — current	(81,131)	—

The following table shows how much of the revenue recognised relates to carried-forward contract liabilities:

	2020 S\$	2019 S\$
Revenue recognised that was included in the contract liabilities balance at the beginning of the year	—	2,107,036

None of the revenue recognised during the year relates to performance obligations that were satisfied in prior periods.

21 INVESTMENTS

	2020 S\$	2019 S\$
<i>Financial assets mandatorily measured at FVTPL:</i>		
Money market fund in S\$	10,005,169	—

The Group invested in 9,752,577 units of a S\$ money market fund as a tool to earn higher returns on its bank balances as compared to short-term time deposits. The money market fund invests in highly liquid and short-term investments, intended to offer investors a relatively low-risk investment option with a return comparable to that of S\$ short-term deposits. With no fixed maturity, this net asset value (NAV) fund has no restrictions on redemption (i.e. the investment can be realised at any time with proceeds calculated at the then-NAV per unit).

Money market fund investments are classified as FVTPL and any gain or loss component is included in the fair value movement recognised in profit or loss. For the year ended 31 December 2020, a gain of S\$5,169 (Note 6b) has been recognised in profit or loss.

	50,001,193	34,692,192
Non-current		
Deposits	86,150	192,877

Note: During the year ended 31 December 2020, the Group received government grants of S\$983,793 in cash in connection with JSS for the purpose of retaining local employees during the period of economic uncertainty as explained in Notes 6a and 17a. As at 31 December 2020, grant receivables of S\$319,519 (*Note* 17a) have been recognised as there is reasonable assurance that the conditions attached to the grants have been fulfilled under the JSS.

The grants relating to the relevant staff costs are recognised in other income over the period necessary to match them with the costs that the grants are intended to compensate. This scheme has resulted in a credit to income in the year ended 31 December 2020 of S\$1,061,617. As at 31 December 2020, an amount of S\$241,695 remains to be deferred.

More 2 years	3,467	1,586
	23,408,300	9,099,947

The credit period on purchases from suppliers and subcontractors is between 30 to 60 days (2019: 30 to 60 days) or payable upon delivery.

23 LEASE LIABILITIES

	2020 S\$	2019 S\$
Lease liabilities payable:		
Within one year	187,158	135,106
Within a period of more than one year but not more than two years	188,167	10,474
Within a period of more than two years but not more than five years	13,422	22,266
	388,747	167,846
Less: Amount due for settlement with 12 months (shown under current liabilities)	(187,158)	(135,106)
Amount due for settlement after 12 months (shown under non current liabilities)	201,589	32,740

The Group does not face a significant liquidity risk with regard to its lease liabilities. Lease liabilities are monitored within the Group's finance function.

The above represents leases for certain staff dormitories, site office premises, office equipment and motor vehicle of the Group. The weighted average incremental borrowing rate was 2.00% per annum (2019: 4.10% per annum).

The Group's lease does not contain variable lease payments and accordingly no expense relating to variable lease payments is included in the measurement of lease liabilities.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

23 LEASE LIABILITIES (Continued)

Certain leases of the Group contain extension periods, for which the related lease payments had not been included in lease liabilities as the Group is not reasonably certain to exercise these extension options. These extension options are exercisable by the Group and not by the lessor.

33 CAPITAL MANAGEMENT

The Group manages its capital to ensure that it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged throughout the reporting period.

The capital structure of the Group consists of debt, which includes lease liabilities and borrowings as disclosed in Notes 23 and 24 respectively, net of bank balances and cash and equity attributable to owners of the Group, comprising share capital and reserves. The Group is in compliance with externally imposed capital requirements for the years ended 31 December 2020 and 2019.

The management of the Group reviews the capital structure from time to time. As part of this review, the management considers the cost of capital and the risks associated with each class of capital. Based on recommendations of the management, the Group will balance its overall capital structure through the payment of dividends, the issue of new shares and new debts.

34 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

Financial risk management objectives and policies

The Group's major financial instruments include trade receivables, other receivables and deposits, amounts due from/to related companies, bank balances and cash, trade and other payables, amount due from shareholders, and borrowings. Details of these financial instruments are disclosed in the respective notes. The risks associated with these financial instruments and lease liabilities include market risk (interest rate risk and currency risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(a) Market risk

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is also exposed to fair value interest rate risk in relation to variable-rate borrowings, leases and fixed interest on time deposits.

The Group currently does not have an interest rate hedging policy. However, the management monitors interest rate risk exposure and will consider interest rate hedging should the need arise.

As at 31 December 2020, the Group has borrowings at variable rates totalling S\$19,386,875 (2019: S\$20,736,518) and is therefore exposed to interest rate risks arising from the variability of cash flows.

Interest rate sensitivity

The sensitivity analyses below have been determined based on the exposure to interest rates for bank borrowings at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in the case of instruments that have floating rates. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the possible change in interest rates.

If interest rates had been 50 basis points higher or lower and all other variables were held constant, the profit before income tax for the year ended 31 December 2020 of the Group would decrease/increase by S\$96,934 (2019: S\$103,683).

For the financial year ended 31 December 2020

34 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

Financial risk management objectives and policies (Continued)

(b) Currency risk

The Group has certain bank balances denominated in US\$ and HK\$ other than the functional currency of respective group entities, which expose the Group to foreign currency risk.

The Group manages the risk by closely monitoring the movement of the foreign currency rate.

The carrying amounts of the Group's monetary assets denominated in foreign currency at the end of reporting period is as below:

	2020 S\$	2019 S\$
Assets		
Hong Kong Dollars ("HK\$")	8,456,766	13,891,498
United States Dollars ("US\$")	681,638	693,730

Assuming that all other variables remain constant at year end, a 10% depreciation/appreciation of the S\$ against HK\$ would result in an increase/decrease in the Group's profit for the year of approximately S\$845,677 for the year ended 31 December 2020 (2019: S\$1,389,150).

Assuming that all other variables remain constant at year end, a 10% depreciation/appreciation of the S\$ against US\$ would result in an increase/decrease in the Group's profit for the year of approximately S\$68,164 for the year ended 31 December 2020 (2019: S\$69,373).

In the management's opinion, the sensitivity analysis above is unrepresentative for the currency risk as the exposure at the end of reporting period does not reflect the exposure during the year.

(c) Credit risk

Included in financial assets as at 31 December 2020 as a component of bank balances and cash is S\$162,865 (2019: S\$316,744), placed in a bank in Hong Kong. The remaining bank deposits and balances are placed in three banks (2019: three banks) in Singapore. All these counterparties have been assessed by management to be financially sound.

Other than the concentration of credit risk of bank balances and cash in Hong Kong, the Group's concentration of credit risk by geographical locations is mainly in Singapore, which accounted for 100% of the total remaining financial assets as at 31 December 2020 and 2019.

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

34 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

Financial risk management objectives and policies (Continued)

(c) Credit risk (Continued)

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. At the end of reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties arises from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

The Group is exposed to concentration of credit risk at 31 December 2020 on trade receivables from the Group's top five major customers, which accounted for 92% (2019: 81%) of the Group's total trade receivables. The major customers of the Group are certain reputable organisations.

Other than concentration of credit risk on bank deposits and balances and on trade receivables from top five customers as disclosed above, the Group has no other significant concentration of credit risk on other receivables and deposits, with exposure spread over a number of counterparties.

In order to minimise credit risk, the Group has delegated its finance team to develop and maintain the Group's credit risk grading to categorise exposures according to their degree of risk of default. The finance team uses publicly available financial information and the Group's own historical repayment records to rate its major customers and debtors. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Group's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognising ECL
Performing	The counterparty has a low risk of default and does not have any past-due amounts	12-month ECL
Doubtful	There has been a significant increase in credit risk since initial recognition	Lifetime ECL-not credit-impaired
In default	There is evidence indicating the asset is credit impaired	Lifetime ECL-credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off

For the financial year ended 31 December 2020

34 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

Financial risk management objectives and policies (Continued)

(c) Credit risk (Continued)

For trade receivables and contract assets, the Group has applied the simplified approach in IFRS 9 to measure the loss allowance at lifetime ECL. The Group determines the ECL on these items, estimated based on historical credit loss experience based on the past default experience of the debtor, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

The Group reassesses the lifetime ECL for trade receivables and contract assets at the end of each reporting period to ensure that adequate impairment losses are made for significant increase in the likelihood or risk of a default occurring since initial recognition. In this regard, management of the Group considers that the Group's credit risk is significantly reduced.

For other receivables and deposits, amounts due from related companies, and amount due from shareholders, the Group has assessed the credit profile and background of the counterparties and concluded that there is no significant increase in credit risk of the counterparties since initial recognition. The ECL for these financial assets is measured at 12-month ECL, which is considered to be insignificant based on the Group's assessment on the risk of default of that counterparty.

Bank balances and cash are placed with financial institutions that are externally credit-rated with investment grade, and are hence determined to have low credit risk at the reporting date.

The directors of the Company considered that the ECL for trade receivables, other receivables and deposits, contract assets, amounts due from related companies, and amount due from shareholders, is insignificant as at 31 December 2020 and 2019.

(d) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulties in meeting its financial obligations as and when they fall due. In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

Non-derivative financial assets

All financial assets of the Group as at 31 December 2020 and 2019 are non-interest bearing, except for time deposits as disclosed in Note 20. All are also repayable on demand or due within one year, except for the non-current deposits and deposits paid for performance bond as disclosed in Note 17a, which are as at both 31 December 2020 and 2019, due between one to five years.

Non-derivative financial liabilities

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities and lease liabilities. The table has been drawn up based on the undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on the relevant market rates as at the reporting date) of financial liabilities, obligations under finance leases, and lease liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows, where applicable.

Financial risk management objectives and policies (Continued)

(e) Fair value

(i) Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis

The Group only had investments in money market fund investments that are measured at fair value in 2020. The following table gives information about how the fair value of these financial assets are determined (in particular, the valuation technique(s) and inputs used).

Financial assets	Fair value as at (S\$)		Fair value hierarchy	Valuation technique(s) and key input(s)	Significant unobservable input(s)	Relationship and sensitivity of unobservable inputs to fair value
	2020	2019				
Financial assets mandatorily measured at FVTPL:						
Investments in money market fund (Note 21)	10,005,169	—	Level 1	Quoted bid prices in an active market.	N.A.	N.A.

(ii) Fair value of the Group's financial assets and financial liabilities that are not measured at fair value on recurring basis

The Group had no financial assets or financial liabilities carried at fair value in 2020 and 2019, except investments in money market fund investments as at 31 December 2020 as disclosed in Notes 21 and 34(e)(i).

The management of the Group considers that the carrying amounts of other financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate to their fair values.

35 NON-CASH TRANSACTIONS

During the year ended 31 December 2019, the additional cost of leasehold properties under construction amounting to S\$1,241,711 were transferred to investment properties.

36 PERFORMANCE BONDS

As at 31 December 2020, the Group has provided performance bonds and security bonds for foreign workers in favour of the customers amounting to approximately S\$37,881,904 (2019: S\$36,306,904).

Notes to the Consolidated Financial Statements

For the financial year ended 31 December 2020

37 GUARANTEES

As at 31 December 2020, the Company and its subsidiary have provided a joint guarantee to a bank in respect of a loan granted to its subsidiary, with outstanding balance amounting to S\$6.3 million (2019: S\$6.6 million).

As at 31 December 2020, the Company has provided guarantees to a bank in respect of loans granted to other subsidiaries, with outstanding balance amounting to S\$18.1 million (2019: S\$14.2 million).

The management is of the view that the fair value of the financial guarantees provided by the Company are not significant.

38 COMMITMENTS

The Group's commitments under leases are disclosed in Notes 23 and 27. There were no other commitments as at 31 December 2020 and 2019.

39 DIVIDENDS

No dividend was paid or proposed for ordinary shareholders of the Company during the year ended 31 December 2020, nor has any dividend been proposed since the end of the reporting period (2019: S\$Nil).

40 COVID-19

The outbreak of COVID-19 in early 2020 has caused disruptions to many industries globally. Despite the challenges, governments and internal organisations have implemented a series of measures to contain the pandemic. The Singapore government has implemented several phases of circuit breaker and post-circuit breaker recovery measures in order to contain the pandemic, and the Group's existing core business was significantly impacted by these measures, especially due to the halting of almost all its Building and Construction works since early April 2020.

The Group however does not expect to incur hefty penalties for contract delays in the form of liquidated damages as the Group is mostly involved in public sector projects, and most contracts have either been extended or include clauses for unforeseen events and circumstances. The Group has also received certain grants and assistance from the Singapore government to help offset some of its fixed costs during this time, primarily relating to its employee wages, foreign worker levies, and some project-based support. The Group has insofar adhered to all the requirements set out by the Singapore government, particularly relating to its business operations and in dealing with its foreign workers affected by the dormitory isolations and stay-home notices. The consolidated financial statements for the year ended 31 December 2020 has included the financial effects as a result of the COVID-19 outbreak up to 31 December 2020.

As of the date of authorisation of these consolidated financial statements, all of the Group's Building and Construction works have resumed, albeit at a reduced capacity as compared to pre-pandemic times due to additional safe distancing measures that will be applied at project sites to prevent a resurgence of the pandemic.

The Group will closely monitor the development of the pandemic and assess its impact on its operations continuously. Given the unpredictability associated with the COVID-19 outbreak and any further contingency measures that may be put in place by the relevant governments and corporate entities, the actual financial impact of the COVID-19 outbreak on the Group's 2021 consolidated financial statements could be significantly different from estimates depending on how the situation evolves. Notwithstanding this and as disclosed in Note 34(d), the Group will have sufficient liquidity to enable the Company to continue as a going concern for at least the next 12 months from the end of the reporting period.
