On behalf of the board of Directors (the "Board") of Wai Chun Bio-Technology Limited (the "Company"), I would like to present the audited consolidated results of the Company and its subsidiaries (collectively the "Group") for the year ended 31 December 2020.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

For the year ended 31 December 2020, the Group recorded a revenue of approximately HK\$567,553,000 from operations (2019: approximately HK\$579,231,000), representing a decrease of approximately 2.0% as compared to that of 2019. The Group recorded a gross profit of approximately HK\$48,930,000 (2019: approximately HK\$49,027,000) and gross profit margin of approximately 8.6% (2019: 8.5%) for the year, representing a decrease of approximately 0.2% and an increase of 0.1% respectively as compared to 2019.

Administrative expenses increased by 19.4% from approximately HK\$21,370,000 in 2019 to approximately HK\$25,519,000 in current year. Selling expenses recorded an increase of 3.7% from approximately HK\$11,745,000 in 2019 to approximately HK\$12,179,000 in current year.

Loss attributable to owners of the Company for the year amounting to approximately HK\$8,149,000 (2019: approximately HK\$3,159,000). The increase in the loss was mainly due to increase of finance costs of approximately HK\$1,906,000 and increase of administrative expenses of approximately HK\$4,149,000.

Modified starch and other biochemical products business

The segment has recorded a revenue of approximately HK\$567,553,000 in this year which slightly decreased by 1.6% from approximately HK\$558,343,000 in 2019. The segment has generated a segment profit of approximately HK\$22,670,000 in current year as compared to approximately HK\$26,925,000 in 2019. The decrease in segment profit was mainly because of the slight decrease in market demand due to the outbreak of coronavirus in Mainland China in early 2020.

General trading business

The general trading business segment did not record any revenue and segment profit for the year ended 31 December 2020 (2019: revenue of approximately HK\$20,888,000 and segment profit of approximately HK\$101,000).

Chairman's Statement

Financial Resources and Position

As at 31 December 2020, the Group had net current liabilities of approximately HK\$59,742,000 (2019: approximately HK\$71,807,000) and cash and cash equivalents of approximately HK\$5,446,000 (2019: approximately HK\$5,409,000). The Group's cash and cash equivalents are mainly denominated in Hong Kong Dollars, Renminbi and United States Dollars.

Total debts of the Group amounting to approximately HK\$129,780,000 (2019: approximately HK\$99,267,000), comprising borrowings of approximately HK\$73,762,000 (2019: approximately HK\$55,659,000), loans from the ultimate holding company of approximately HK\$1,128,000 (2019: approximately HK\$43,608,000), convertible bonds of approximately HK\$48,140,000 (2019: nil) and lease liabilities of approximately HK\$6,750,000 (2019: nil). All the above-mentioned borrowings are denominated in Hong Kong Dollars and Renminbi. All of these borrowings are interest bearing at prevailing market interest rates. The net debts (net of cash and cash equivalents) to total assets ratio of the Group is approximately 66.0% (2019: approximately 53.3%).

The Group had future minimum lease payments under a non-cancellable operating lease in respect of rented premises of nil in 2020 (2019: approximately HK\$3,700,000), which the lease term was within one year.

As at 31 December 2020, the Company has undrawn loan facilities of approximately HK\$68,872,000 granted by Wai Chun Investment Fund, its ultimate holding company.

Foreign Currency Fluctuation

For the year ended 31 December 2020, the Group conducted its business transactions principally in Renminbi and United States dollars. The Group has not experienced any material difficulties or negative impact on its operations as a result of fluctuations in currency exchange rates.

Accordingly, the Directors considered that the foreign exchange exposure is relatively limited and no hedging of exchange risk is required. As an internal policy, the Group continues to implement a prudent policy on financial management policy and does not participate in any high risk speculative activities. Nevertheless, the management will continue to monitor the foreign exchange exposure and will take prudent measures when needed.

Pledge of Assets and Contingent Liabilities

As at 31 December 2020, the Group had not provided any financial guarantee and did not have any material contingent liabilities. As at 31 December 2020, part of the Group's right-of-use assets with carrying amount of approximately HK\$17,804,000 (2019: HK\$18,228,000) were pledged to secure the bank borrowings.

Dividend

The Board has resolved not to recommend the payment of final dividend for the year ended 31 December 2020.

BUSINESS REVIEW AND OUTLOOK

During the year under review, the Group continued to engage in the manufacture and sale of modified starch and other biochemical products and general trading.

The business of manufacture and sales of modified starch and other biochemical products recorded segment profit of approximately HK\$22,670,000 (2019: approximately HK\$26,925,000). The decrease in profit is mainly due to the slight decrease in demand in market. The business of general trading recorded segment profit of nil in 2020 (2019: approximately HK\$101,000).

The Group will continue to pursue strategic acquisitions that can enable the Company to capture new business opportunities in the PRC market and to strengthen the revenue and profit fundamentals. The Company has been actively identifying projects with growth potential for acquisitions or investments and has been in discussions with various parties for such acquisitions or investments.

In order to ensure the Group's financial ability to operate as a going concern, the Directors of the Company have been implementing various measures including the provision of loan facilities by the ultimate holding company, conducting negotiation with potential investors to raise sufficient funds; and will continue to implement measures aiming at improving the working capital and cash flows of the Group including closely monitoring general administrative expenses and operating costs.

OTHER INFORMATION

Report of the Directors

CONNECTED TRANSACTIONS

Connected Transaction

A tenancy agreement was entered into between Wai Chun Holdings Group Limited as landlord and Wai Chun Incorporation Limited, a wholly-owned subsidiary of the Company, as tenant on 23 October 2013 in relation to the left portion of 13/F, Admiralty Centre, Tower II, 18 Harcourt Road, Hong Kong, the principal place of business in Hong Kong for a term of one year commenced from 1 November 2019 to 31 October 2020, with a rental of HK\$370,000 per calendar month and renewed on 1 November 2020, for a term of 24 months, to 31 October 2022, with a rental of HK\$325,000 per calendar month, exclusive of management fee, rates, government rent, utilities charges and all other outgoing charges per calendar month.

Wai Chun Holdings Group Limited is owned as to 50% by Mr. Lam Ching Kui and as to the remaining 50% by Ms. Chan Oi Mo. Mr. Lam Ching Kui is a controlling shareholder of the Company and has an interest in approximately 51.24% of the issued share capital of the Company and Ms. Chan Oi Mo is the spouse of Mr. Lam Ching Kui. Accordingly, Wai Chun Holdings Group Limited is regarded as a connected person of the Company under the Listing Rules. Therefore, the tenancy agreement constitutes a connected transaction for the Company under Rule 14A.14 of the Listing Rules.

The aggregate rental payable under the tenancy agreement per annum, being approximately HK\$3,900,000, represents less than 5% of the various applicable percentage ratios (as defined in the Listing Rules) for the Company on an annual basis. Accordingly, pursuant to Rule 14A.34 of the Listing Rules, the tenancy agreement is subject to reporting, announcement and annual review requirements but no approval of independent shareholders of the Company is required.

Annual Review

Pursuant to Rule 14A.55 of the Listing Rules, the Independent Non-executive Directors of the Company have reviewed the above connected transaction and in their opinion, the transaction was made:

- (1) in the ordinary and usual course of business of the Group;
- (2) on normal commercial terms; and
- (3) in accordance with the relevant agreement governing it on terms that were fair and reasonable and in the interests of the shareholders of the Company as a whole.

Compliance with Disclosure Requirements

Save as above disclosed in the “Connected Transactions” section and “Rental expenses” in the amount of approximately HK\$3,700,000 for the year as shown in note 35 – “Related party transactions” to the consolidated financial statements which constituted connected transactions of the Company under Chapter 14A of the Listing Rules, all other transactions as shown in note 35 are connected transactions exempted from announcement, reporting, annual review and independent shareholders’ approval requirements under Chapter 14A of the Listing Rules. The Company has complied with the disclosure requirements in accordance with Chapter 14A of the Listing Rules in respect of the above connected transactions.

PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, as at the date of this report, there is sufficient public float of not less than 25% of the Company’s issued shares as required under the Listing Rules.

MAJOR CUSTOMERS AND SUPPLIERS

During the year, the five largest customers of the Group accounted for approximately 56% of total turnover and sales to the largest customer accounted for approximately 15%. The five largest suppliers of the Group in aggregate accounted for about 88% of its operating costs for the year. Purchases from the largest supplier accounted for about 55% of its operating costs. None of the Directors, their associates, or any shareholder (who to the knowledge of the Directors owned more than 5% of the Company’s share capital) had any interest in the Group’s five largest customers or suppliers.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Articles of Association of the Company, or the laws of the Cayman Islands, which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY’S LISTED SECURITIES

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company’s listed securities during the year ended 31 December 2020.

Report of the Directors

TAX RELIEF AND EXEMPTION

The Company is not aware of any tax relief and exemption available to shareholders by reason of their holding of Company Securities.

EMOLUMENT POLICY

As at 31 December 2020, the Group had a total of 127 employees, the majority of whom are situated in the PRC. In addition to offer competitive remuneration packages to employees, discretionary bonuses and share options may also be granted to eligible employees based on individual performance.

The Group also encourages its employees to pursue a balanced life and provides a good working environment for its employees to maximise their potential and contribution to the Group.

The remuneration committee of the Company, having regard to the Company's operating results, individual performance and comparable market statistics, decides the emoluments of the Directors. No Director, or any of his associates, and executive, is involved in dealing his own remuneration.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

Details of the environmental, social and governance of the Group are set out in the section headed "Environmental, Social and Governance Report" in this annual report.

COMPLIANCE WITH LAWS AND REGULATIONS

The Board considers compliance with laws and regulations an important element in the business operation of the Group. The Group's major production facilities and over half of its sales are located in China and compliance with domestic laws and regulations in China is particularly important. The Group has specific personnel to handle and update compliance works in China and they also have the assistance from external legal advisors. The Board considers that the Group's compliance with laws and regulations in China is well monitored.

RELATIONSHIPS WITH STAKEHOLDERS

The Group provides a harmonious and professional working environment to employees and ensures they all are reasonable remunerated. The Company regularly reviews and updates its policies on remuneration and benefits, training, occupational health and safety.

The Group also recognises that it is important to maintain good relationship with business partners to achieve its long-term goals. During the year, there was no material and significant dispute between the Group and its business partners.

CORPORATE GOVERNANCE

Details of the corporate governance of the Group are set out in the section headed “Corporate Governance Report” in this annual report.

AUDITOR

The consolidated financial statements for the year ended 31 December 2020 were audited by ZHONGHUI ANDA CPA Limited who will retire and seek for re-election at the forthcoming AGM.

On behalf of the Board

Lam Ching Kui

Chairman

Hong Kong, 28 April 2021

Corporate Governance Report

The Directors and all members of the management team of the Company are dedicated to maintain high standards of corporate governance. They will continue to exercise leadership, entrepreneurship, integrity and sound judgement so as to achieve continuing prosperity and to act in the best interests of the Company and its shareholders in a transparent and responsible manner. Strategic development with prudence and adherence to ethical principles form the cores of the Company's corporate governance practices.

The Company continues to devote efforts on promoting good corporate governance so as to ensure its ability to attract investment, protect the rights of shareholders and stakeholders, and enhance shareholders' value.

CORPORATE GOVERNANCE

The Company has adopted the code provisions in the Code on Corporate Governance Practices (the "Code") set out in Appendix 14 to the Listing Rules as its own code on corporate governance practices. The Company has taken various measures to cope with the latest development in the corporate governance regime.

The Company complied with the code provisions as set out in the Code throughout the year ended 31 December 2020 except that under code provision A.2.1, the roles of the chairman and chief executive officer should be separated and should not be performed by the same individual. The Company does not at present separate the roles of the chairman and chief executive officer. Mr. Lam Ching Kui is the chairman and chief executive officer of the Company. He has extensive experience in project management and investments and is responsible for the overall corporate strategies, planning and business development of the Group. The balance of power and authorities is ensured by the operation and appointment of the Board members, which comprised of a sufficient number of experienced and high caliber individuals, thereof representing the independent non-executive directors of the Company.

Board Process

Directors are provided with relevant information to make informed decisions. The Board and each Director have separate and independent access to the Company's senior management for information and making enquires if necessary. In addition, Directors may seek independent professional advice in appropriate circumstances at the Company's expenses.

Every Director is entitled to have access to the advice and services of the Company Secretary with a view to ensure that the Board procedures, and all applicable rules and regulations, are complied with. All minutes are kept by the Company Secretary and are opened for inspections by any Director during normal office hours by giving reasonable advance notice.

If a substantial shareholder or a Director has a conflict of interest in a matter before the Board, the matter will be dealt with in accordance with applicable rules and regulations and, if appropriate, an independent board committee will be set up to deal with the matter.

Directors' Training

According to the code provision A.6.5 of the Corporate Governance Code ("CG Code"), all Directors should participate in continuous professional development to develop and refresh their knowledge and skills to ensure that their contribution to the Board remains informed and relevant.

All Directors have participated in continuous professional development by way of receiving in-house briefing, taking part in training relating to the Listing Rules and corporate governance matters or attending seminars relating to their role as a director of listed issuer. Each of the Directors has provided a record of training they received for the year ended 31 December 2020 to the Company.

Corporate Governance Report

Chairman and Chief Executive Officer

Mr. Lam Ching Kui, the Chairman of the Company, was also appointed as the Chief Executive Officer of the Company. The Board believes that vesting the roles of both chairman and chief executive officer in the same person has the benefit of ensuring consistent leadership within the Group and enables more effective and efficient overall strategic planning for the Group. The Board believes that the balance of power and authority for the present arrangement will not be impaired and is adequately ensured by current Board which comprises a sufficient number of experienced and high calibre individuals thereof representing the Independent Non-executive Directors of the Company.

Independent Non-executive Directors

The three Independent Non-executive Directors are persons of high calibre, with academic and professional qualifications in the fields of accounting, finance and electrical engineering. With their experience gained from various sectors, they provide strong support towards the effective discharge of the duties and responsibilities of the Board. Each Independent Non-executive Director has given an annual confirmation of his independence to the Company, and the Company considers each of them to be independent under Rule 3.13 of the Listing Rules.

All Independent Non-executive Directors have been appointed for a term of two years from their date of appointment. Each of the Independent Non-executive Directors is subject to retirement by rotation and re-election at the AGM of the Company in accordance with the Company's Articles of Association.

BOARD COMMITTEES

The Company has set up three committees of the Board, including the Remuneration Committee, Audit Committee and Nomination Committee of the Company, with specific terms of reference relating to their authority and duties, which strengthen the Board's functions and enhance its expertise.

Remuneration Committee

The Remuneration Committee comprises one Executive Director and three Independent Non-executive Directors. Mr. Hau Pak Man is the Chairman of the Remuneration Committee.

The primary function of the Remuneration Committee is to make recommendations to the Board on the Company's policy and structure for all remuneration of Directors and senior management. The Company's emolument policy is to ensure that the remuneration offered to employees including Executive Directors and senior management is based on the skills, knowledge, responsibilities and involvement in the Company's affairs. The remuneration packages are also determined by reference to the Company's performance and profitability, remuneration level in the industry and the prevailing market conditions. The emolument policy for Independent Non-executive Directors, mainly comprising Directors' fees, is subject to annual assessment with reference to the market standard. Individual Director and senior management would not be involved in deciding their own remuneration.

The model of remuneration committee described in code provision B.1.2(c)(ii) of the CG Code has been adopted by the Remuneration Committee.

During the year ended 31 December 2020, the Remuneration Committee held one meeting, with attendance record as follows:

At the meetings, the Audit Committee reviewed the audited financial statements for the year ended 31 December 2020 and the interim report for the six months ended 30 June 2020 respectively. The Audit Committee has also reviewed the Group accounting principles and practices, Listing Rules and statutory compliance and financial reporting matters. The Audit Committee is satisfied with their review of the independence of the auditor and their audit process for the year ended 31 December 2020.

Corporate Governance Report

The Group's results and consolidated financial statements for the year ended 31 December 2020 have been reviewed by the Audit Committee.

Nomination Committee

The Nomination Committee comprises one Executive Director and three Independent Non-executive Directors. Mr. Lam Ching Kui is the Chairman of the Nomination Committee.

The primary function of the Nomination Committee is to make recommendations to the Board on new appointment and re-appointment of directors and senior management. New directors are sought mainly through referrals and internal promotions. In evaluating whether an appointee is suitable to act as a Director, the Board will consider his/her qualifications, experience, expertise and knowledge with reference to the Diversity Policy adopted by the Board during the year and the requirements under the Listing Rules.

During the year ended 31 December 2020, the Nomination Committee held one meeting, with attendance record as follows:

Name of Directors	Number of meetings attended/held
Mr. Lam Ching Kui (<i>Chairman</i>)	1/1
Mr. Hau Pak Man	1/1
Mr. Chan Chun Wai, Tony	1/1
Mr. Li Jinyuan	1/1

Corporate Governance Functions

The Company's corporate governance functions are carried out by the Board in compliance with the CG Code.

The corporate governance functions currently performed by the Board are to develop and review the Company's policies and practices on corporate governance to comply with the CG Code and other legal or regulatory requirements; to oversee the Company's orientation program for new Director; to review and monitor the training and continuous professional development of Directors and senior management; to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and Directors; and to review the Company's disclosure in the Corporate Governance Report.

During the year ended 31 December 2020, the Board has reviewed the Company's policies and practices on corporate governance, the training and continuous professional development of the Directors and senior management as well as the Company's compliance with the CG Code.

COMPANY SECRETARY

The Company Secretary, Mr. Chiu Chun Tak (“Mr. Chiu”), appointed on 10 August 2020, is to replace Mr. So Wing Fat, who resigned on 10 August 2020, and is responsible for supporting the Board, ensuring good information flow within the Board, and Board policies and procedures are followed, advising the Board on governance matters, facilitating induction and professional development of Directors. After year ended, the Company Secretary Mr. Chiu resigned on 30 April 2021, and Dr. Ng Chun Pang (“Dr. Ng”) appointed on 5 May 2021 and resigned on 10 May 2021. The Company is in the process of identifying a suitable candidate to fill the vacancy of Company Secretary caused by the resignation of Dr. Ng.

Mr. Chiu had attained no less than 15 hours of relevant professional training for the year.

DIRECTORS’ SECURITIES TRANSACTIONS

The Company has adopted a code of conduct regarding Directors’ securities transactions on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Issuers set out in Appendix 10 to the Listing Rules (the “Model Code”). The Company has made specific enquiries to all Directors and all Directors have confirmed with the Company that they have complied with the required standard set out in the Model Code and the Company’s code of conduct regarding Directors’ securities transactions during the year.

EXTERNAL AUDITOR AND ITS REMUNERATION

During the year, the Company re-appointed HLM CPA Limited, (“HLM”) as the Auditor in the Company’s general meeting held on 17 August 2020. On 25 February 2021, HLM has resigned as the Auditor while ZHONGHUI ANDA CPA Limited has been appointed as the Auditor to fill to casual vacancy following the resignation of HLM and to hold office until the conclusion of the forthcoming AGM.

- Identification of significant risks in the Group's operation environment and evaluate the impacts of those;
- Develop necessary measure to manage those risks;
- Risk and mitigate measures with risk ownership will be documented in a risk register; and
- Risk register will be monitored and reviewed the effectiveness of such measures regularly.

The Board has delegated the Audit Committee to perform its responsibilities of risk management and internal control systems by performing the following:

- Oversees the Group's risk management and internal control systems on an ongoing basis;
- Reviews the effectiveness of the Group's risk management and internal control systems annually, and such review should cover all material controls including financial, operational and compliance control;
- Considers major findings on risk management and internal control matters, implementation of the mitigation activities by the management team, and reports and makes recommendations to the Board.

Internal Audit

The Group's internal audit function is performed by an outsourced internal audit team, which reports directly to the Audit Committee of the Group.

The report provided internal audit findings and any action to be taken by management as a result. These findings and recommendations for improvement will be communicated to the respective management for their responses and corrective actions. The Group's management team monitors the implementation of its recommendations reports the outcome to the Audit Committee.

The Board considers the Group internal control system and risk management is adequate and effective for the financial year.

SHAREHOLDERS' RIGHTS

The general meetings of the Company provide an opportunity for communication between the shareholders and the Board. An AGM of the Company shall be held in each year and at the place as may be determined by the Board. Each general meeting, other than an AGM, shall be called an extraordinary general meeting.

A. ENVIRONMENTAL AREAS

ENVIRONMENTAL AREAS OVERVIEW

The Group has continued with its environmental policies and strategies in developing a sustainable business by undertaking initiatives on resources conservation and environmental protection, as well as saving operation costs. The Group has taken an active role to ensure a sustainable and environmentally-friendly production and operating processes by complying with all related national and provincial laws and standards. When carrying out operational activities, the Group has assumed social responsibilities and initiatives to prevent pollution, reduce wastes and minimize negative impact to the environment, and save energy, water and other resources.

During the production processes, hazardous and non-hazardous air, liquid and solid wastes are generated, emitted and discharged from the Shandong Factory. On the other hand, the trading business operates entirely in our office and no hazardous air, liquid and solid wastes are generated except indirect greenhouse gas and general offices wastes, which are emitted and generated through the use of electricity and offices papers and stationaries.

The Group has a clear policy on controlling air emissions and effluent discharge and disposal of hazardous and non-hazardous wastes from the Shandong Factory. The emissions and discharges have been subject to constant and regular inspection and surveillance of the Group's environmental division and the various government departments. As a matter of fact, its environmental policy has been subject to periodic review at different management levels to cope with any areas warranting our attention and action.

A1. Emissions and Wastes

Hazardous and Non-hazardous Air Emissions

On the modified starch production line, exhausted air with powder dust will be produced during the drying process in which the powdered dust will be filtered and treated with two stages by a spiral dust remover ensuring removal of 99.5% powder dust and meeting local air quality standard before releasing. While on the biomedical refined oil production line, N-hexane produced during the immersion process will be collected by the paraffin collection system and sent to the deodorizing facility for treatment up to the local standard before releasing.

For the Year ended 2020, all hazardous air emissions from the Shandong Factory were collected and treated by our own installed systems before releasing. No adverse comments or irregularities were reported from the internal and external control sources. Its performance on pollution control on air emissions met all the local and national standards, and did not give rise to any concern to the Group, local community and government officials.

For the Year ended 2020, hazardous gases including Nitrogen oxide (NOx), Sulphur Oxide (SOx), and Particulate Matter (PM) were generated directly from the fuel used for our vehicles.

Environmental, Social and Governance Report

For the Year ended 2020, air pollutant emissions are as flows:

Types of emissions	Units	2020	2019
Nitrogen oxide (NOx)	gram	395.16	153.08
Sulphur Oxide (SOx)	gram	7.78	3.01
Particulate Matter (PM)	gram	29.10	11.27

The main sources of the Group's greenhouse gas emissions are direct emissions from mobile combustion sources ("Scope 1"), indirect emissions from acquired electricity emissions ("Scope 2") and other indirect emissions ("Scope 3")

For the Year ended 2020, the greenhouse gas emissions are as follows:

Types of emissions	Units	2020	2019
Emission of greenhouse gases (Scope 1)	Tonnes CO ₂ e	2	1
Emission of greenhouse gases (Scope 2)*	Tonnes CO ₂ e	9,912	10,680
Emission of greenhouse gases (Scope 3)*	Tonnes CO ₂ e	100	144
Total greenhouse gas emissions	Tonnes CO ₂ e	10,014	10,825
No. of employee		127	180

Scope 1: It represents the petrol from consumption of motor vehicles.

Scope 2: It represents the electricity purchased from power suppliers.

Scope 3: It represents the paper waste disposed at landfills and water used.

* Based on the 2019 China North China regional grid emission factor as the calculation benchmark. The figures are calculated in accordance with the "Reporting Guidance on Environmental KPIs".

For the Year ended 2020, greenhouse gas (GHG) were directly generated from the use of fuel by vehicles usage and indirectly from the use of electricity, and other emissions are generated from the consumption of waste paper and water, amounted to 2 tonnes, 9,912 tonnes and 100 tonnes respectively. Comparing with 2019, the greenhouse gas emissions decreased by 811 tonnes.

Environmental, Social and Governance Report

Noise Pollution

The Group has complied with all the national and local laws, rules and regulations to ensure noises produced from the Shandong Factory are under strict control. Furthermore, there are no residents who are living to close the Shandong Factory. Hence, for the Year ended 2020, the Shandong factory did not receive any complaints related to noise emission. While the noises produced from the operations and activities of the offices are considered to be insignificant.

Light Pollution

The operations and activities of the Shandong Factory and offices do not generate and emit any light pollution. The Shandong Factory and the offices have been designed, decorated and installed with the lighting systems strictly in compliance with the local requirements and standards, and no light pollution is caused. For the Year ended 2020, the Group did not receive any complaints related to light emission.

Water Pollution and Discharge

The Shandong Factory's production process generates and discharges polluted liquid wastes which may have serious negative impact on the environment if it is not properly managed and controlled. Since the Shandong Factory does not have approved built-in liquid wastes discharge outlets, it has sub-contracted the licensed contractors to collect, treat and dispose all those polluted liquid wastes. The Group also generates used water from daily living and hygiene purposes by its staff and office and factory workers. The used water is discharged into the public sewage system for further treatment.

Solid Wastes Discharge and Disposal

The Shandong Factory's modified starch and refined corn oil business generate solid wastes, which are residuals from the Shandong Factory. The residuals can be hazardous if they are discharged and disposed without proper treatment. The Group has sub-contracted professional licensed contractors to collect and to dispose these residuals. The Group also generates non-hazardous general wastes such as used paper packaging materials, office wastes, general rubbish, hygiene and living wastes. All these wastes are disposed either to rubbish bins which will be collected by the cities' urban cleaning services on daily basis, or to be collected for further disposal and handling by relevant collectors. For the Year ended 2020, the emissions of hazardous waste and non-hazardous waste are as follows:

Environmental, Social and Governance Report

Mitigation Measures

In order to become an environment responsible corporation and for protecting the environment and conserving natural resources, besides full compliance with all the national and local environmental laws, rules and regulations and industrial standards, the Group has implemented following environmental friendly measures into its daily operation and activities to reduce and forbid adverse impacts on our environment.

The Group has appointed responsible officers to regularly inspect the offices and the Factory during working hours to ensure that (i) fresh water is not wasted and used reasonably, and (ii) power is turned off when work is not being carried out or it is not in use; and (iii) investment in fresh water and energy saving tools and equipment such as the installation of water measuring meters, LED lights and solar energy systems to reduce consumption. The Group has also encouraged economic use and recycling of resources to prevent and to reduce wastes. All hazardous wastes produced are collected and disposed of by professional licensed contractors. All hazardous air emissions are treated by our own installed systems before releasing. Non-hazardous wastes are also taken care of by local waste collectors.

Compliance with relevant laws and regulations

For the Year ended 2020, the Group complied with all disposal regulations and procedures. Internal and external control sources did not report any negative comments or violations. The treatment of air, water and solid waste pollution control by the Group complies with local and national standards.

A2. Use of Resources

The Shandong Factory uses electricity, steam, water and fuel for the production of modified starch and biomedical refined oil products whereas Group's offices only use electricity for daily use, water for general hygiene and cleaning needs, printing papers and packing materials for general use. Besides raw materials used to produce the modified starch and biomedical refined oil products, The Group has not used other natural resources in a significant amount in its business activities and operations.

The Group is committed to act responsibly through complying with all the environmental laws rules and regulations, eliminating all possible impacts on the environment and saving its operational costs. The Group promotes efficient uses of resources including electricity, fuel, fresh water, steam, paper and packaging materials through the introduction of various measures disclosed in above and previous ESG reporting. For the Year ended 2020, the Group did not have any abnormal or excessive use of resources, especially electricity, water, steam, paper and packaging materials.

Electricity and Fuel Consumption

The Group uses electricity and fuel for production in the Shandong Factory, and only electricity for its office operation. All electricity is supplied from the cities gridlines, and there is no problem on supply. For the Year ended 2020, the offices consumed 23,611kWh electricity (2019: 33,964 kWh), which was 10,353kWh or 30.5% less than 2019. For the Year ended 2020, the total electricity consumption in the Shandong Factory amounted to 10,505,486 kWh (2019: 10,684,838 kWh), which was 179,352 kWh or 1.7% less than the 2019.

Environmental, Social and Governance Report

For the Year ended 2020, the Group consumed 529 litres fuel (2019: 205 litres) by the offices which were increased by 324 litres. The Group is aware of this increase and has taken various measures to avoid unnecessary fuel consumption.

Fresh Water and Steam Consumption

The Shandong Factory relies totally on city water supply which is the only source for both production and general use. The Factory production is critically dependent upon a reliable incoming source supply and a quality which meets with our production requirements. Not only it is economically imprudent to source alternative water source, it is also insurmountable, if not impossible, by technical production parameters to use water from recycled sources without incurring hefty additional costs and unwarranted extra environmental discharges. For the Year ended 2020, the Shandong Factory consumed a total of 116,317m³ of fresh water (2019: 173,191m³), which was 56,874 m³ or 32.8% less than 2019.

Steam is supplied from the city pipeline. For the Year ended 2020, the Shandong Factory consumed 63,896m³ of steam (2019: 66,247m³), which was 2,351m³ or 3.5% less than 2019.

Paper and Packaging Materials and other Raw Materials Consumption

The Group's activities and operations do not consume substantial amounts of paper and packaging materials. To save operational costs and to improve its environmental friendly footprint, the Group has encouraged employees to employ digital storage and communication so as to reduce paper usage. We have also encouraged our employees to practice the 3-R principle (reusing, recycling and reducing) on paper and packaging materials consumption.

Packaging materials are used for the finished products manufactured by the Factory. The packaging materials used are fit for purpose and meet all specifications with non-toxicity and environmental friendliness being the primary concern. For the Year ended 2020, the Group was not aware of any excessive use of paper and packaging materials.

For the Year ended 2020, the Group's resource consumption is as follows:

Resource	Units	2020	2019
Electricity consumption	kWh	10,529,097	10,718,802
Fuel consumption	kWh	5,127	1,987
Total energy consumption	kWh	10,534,224	10,720,789
Total energy consumption intensity	kWh/no. of employee	82,947	59,560
Water consumption	m ³	116,317	173,191
Water consumption intensity	m ³ /no. of employee	916	962
Steam consumption	m ³	63,896	66,247
Steam consumption intensity	m ³ /no. of employee	503	368
Total packaging	Ton	504	496
Total packaging intensity	Ton/no. of employee	4	3

Environmental, Social and Governance Report

A3. The Environment and Natural Resources

The Group's operations and activities consume a fair amount of fresh water and steam which are considered to have impacts on the natural resources. The emission and discharge of exhausted air with impurities and waste water from the Factory are considered to have impacts on the environment. On the former, the Group has carried out measures to reduce their consumption successfully. On the latter, the exhausted air has been filtered and the waste water has been collected, treated and disposed by licensed operators without causing any problems to the environment.

The Group is aware of its environmental obligations and has not violated any of the national and local environmental laws, rules and regulations. The 3-R principle (reduce, reuse and recycle) is the main approach which the Group has implemented. Also, the Shandong Factory has constantly look for alternative means to conserve natural resources, to reduce pollution and to sustain environmental development.

B. SOCIAL

SOCIAL AREAS OVERVIEW

As stated in the corporate objective statement, the Group is committed to bringing returns to its investors and supporters, providing a healthy and safe working environment to its employees, and creating a sustainable development for the local communities. It has therefore formulated and implemented its ESG strategies, policies, rules and regulations by incorporating its long and short term goals with considerations on the stakeholders and the society. It has committed to operating its business in an open, transparent and fair way, through which will bring benefits to stakeholders and contribute the growth and development of the local communities and society.

The ESG Guide states that Social aspects include "Employment and labour Practices" and "Operation practices", which are reported herein below:

B1. Employment

The Group has continued the following employment policies and practices throughout the Year ended 2020:

- Complies with all the national and local employment laws, rules and regulations;
- Provides a safe and pleasant working environment to its employees;
- Implements a fair and responsible human resources policies with equal opportunities for all without discrimination on recruitment, promotion, remuneration, benefits, training, dismissals etc.;
- Enters into proper written employment contracts with employees;
- Provides and maintains statutory benefits to all qualified staff, including but not limited to mandatory provident fund, central social security insurance, medical insurance, work injury insurance and compensation in accordance with the requirements of the laws of Hong Kong and the PRC;

Environmental, Social and Governance Report

- Offers remuneration packages with reference to the prevailing market level in line with competency, qualifications and experience; and
- Opens up opportunities for employees to move on vertical and horizontal career path etc.

Employment Locations

For the Year ended 2020, the Group employed a total of 127 employees including 16 in the headquarter and 111 in the Shandong Factory. In 2019, the number of employees in total was 180 including 12 in the headquarter and 168 in the Shandong Factory.

Employee Compensation Package

The Group has continued to comply with the relevant laws and regulations of the “Labor Law of the PRC” 《中華人民共和國勞動法》 and “Employment Ordinances of the Hong Kong and has totally forbidden the recruitment of child labour and forced labour. All employees are required to sign contracts containing detailed terms and conditions including but not limited to amount of salaries and wages, benefits, medical and accidental insurance, unemployment funds, working hours, employee rights to join trade unions and to have holidays and so on, and such contracts are filed with the local Human Resource Bureau.

The Group has paid competitive market salaries and wages to its employees, and for special talented, skilled and qualified employees, it has remunerated them either by offering higher than market salaries and wages or additional benefits.

Compliance with relevant laws and regulations

In accordance with the requirements of the laws of the PRC and Hong Kong, where appropriate, the Group has provided and maintained statutory benefits to all qualified employees, including but not limited to mandatory provident fund, social security insurance, medical insurance, work injury insurance and compensation and statutory holidays. Similar to the situation in 2019, for the Year ended 2020, the Group did not record any legal disputes with employees in terms of remuneration, wages and other benefits, and payment of remuneration.

B2. Health and Safety

The Group has continued to safeguard health and safety, and to provide a safe, clean and pleasant working environment to its employees. The main considerations on policies planning, budget allocation and measures implementation for 2020 are summarized in the below:

- the Group constantly improves the occupational safety and health management system in order to reduce risks and create a safe working environment;
- The Group ensures all the safety, medical and hygiene equipment are adequately in place and are operating efficiently, passing inspections and complying with all the safety and hygiene rules and regulations;
- The Group requires all employees to strictly comply with the health and safety policies, rules and regulations, and has constantly alerted the employees to perform their tasks under safety conditions;
- The Group has taken out National Social Securities and Insurance for all qualified employees of the Factory and employee compensation for employees in Hong Kong in accordance with the statutory requirements of the respective places; and
- In case of accidents, regardless of being minor or serious, employees are required by the in-house rules to notify their superiors immediately, who will take appropriate measures to ensure safety is not being compromised.

During the 2019 novel coronavirus pneumonia outbreak, the Group strictly adopted a number of preventive policies, including: (i) maintaining air circulation in the office area during working hours; (ii) personal health management; (iii) frequent cleaning of the office area; (iv) employees must wear masks before entering the office area; and (v) Measure the body temperature of employees and customers when entering the office area.

Environmental, Social and Governance Report

Compliance with relevant laws and regulations

The “Employees’ Handbook”, “Labor Contract for Chinese Employees” and “Employment Contract for Hong Kong Employees” have detailed health and safety guidelines and measures. They comply with the Hong Kong Employment Ordinance and Chinese labor laws and regulations. The relevant regulations have been fully complied with. For the Year ended 2020, the Group did not report any major work-related deaths or injuries. In addition, there were no significant fines or sanctions due to violations of relevant laws and regulations for the Year ended 2020.

B3. Development and Training

The Group continues with its policy to provide the required level of training in terms of skills and job knowledge, plant operations and production know-hows to employees at various levels so that they can carry out job duties in a competent and capable manner. As many employees come from the rural areas with limited skills, the Group has instructed the human resources department to design special training programs for the new employees which should include occupational health and safety, products knowledge and skills, products and services quality, etc. The Group has also supported its employees to continue learning their job skills. Individual employees can apply for further development and training and the Group will sponsor or allow paid leave for the employees to attend the job related training programs. In the reporting year, the Group provided HK\$5,400 training fees (2019: HK\$71,000).

B4. Labour Standards

The Group continues to adopt and to ensure stringent compliance of the national standard of China and the local standard of Hong Kong as its minimum labour standard on labour protection and welfare. The Group has honored all of its obligations towards the employees under the signed employment contracts and the terms and conditions written in the Employee Handbook, and have built a safe, healthy and harmonious working environment in all its offices and the Factory. The Group has not been prosecuted for any breach of labour safety and employment laws for the reporting period.

Banning the employment of child labour and forced labour is achieved through the recruitment and employment process at source. The HR department has been fully charged with this statutory duty and is being oversighted by the senior levels with constant reviews at periodic intervals.

All job applicants are required to submit their credentials like academic qualifications, professional skill certificates, references and identity card for verification and record purpose during recruitment. This aims at barring illegal employment.

Compliance with relevant laws and regulations

For the Year ended 2020, the Group did not find any material violations of relevant laws and regulations that prohibit the Group from employing child labor or forced labor. The Group strictly abides by local laws and regulations related to labor standards, such as the “Hong Kong Employment Ordinance”, the “Labor Law of the People’s Republic of China”, the “Minors Protection Law of the People’s Republic of China” and the “Provisions on Prohibition of Child Labor.” In addition, there were no material fines or sanctions for non-compliance with relevant laws and regulations for the Year ended 2020.

Environmental, Social and Governance Report

B5. Supply Chain Management

The ESG Guide states that “supply chain management covers the management of sourcing and procurement”. The Group continues its policy to open its purchases to all suppliers on a fair and equitable manner to achieve an efficient and stable supply of quality goods and services and elimination of malpractices. All purchases are executed and recorded in accordance with the in-house rules which predominantly imposes concern for and attaches importance to its fit for purpose, safety and reliability. Other secondary considerations are in areas like price, sustainable availability and reputation of the suppliers. Suppliers are chosen basing on their continuous ability to guarantee satisfactory product quantity and quality, reasonable pricing and timely delivery. New suppliers are required to provide relevant certifications/documents and track records.

The Group understands that quality and technical standard of the raw materials are crucial and instrumental to the Factory output quality. The Group attaches great importance to the quality and standards of the incoming raw materials. A stringent specification stipulation policy on procurement has been established and in force where applicable in the procurement process. Incoming key materials will be subjected to our own quality assurance checks. As far as condition warrants and permits, the Group may impose a condition in the procurement documents to reserve the right to inspect and examine the raw materials before purchase.

For the Year ended 2020, the Group mainly purchased raw materials required for production in its factories from local and overseas suppliers. The Group has always maintained a stable source of supply, and it is expected that its source of supply will not pose a potential threat to the Group’s factory operations. In general, the Group will reach a procurement agreement with suppliers in nearby regions to support the local economy.

B6. Product Responsibilities

Quality and Safety

The Group fully understands the importance of product quality and safety on its sales and ability to retain its customers and to expand its market shares.

To guarantee safety and quality of our products, the Group has obtained ISO9001–2008 on quality management certification and CNCA/CTS 0010–2008A (CCAA 0005–2014) on food safety management system certification. The Group has also obtained CNCA/CTS 0020–2008A (CCAA 0014–2014) certification for starch and starch products production.

The Group has taken all reasonable measures and steps to ensure that the products sold and delivered are safe, accurate, satisfactory and meet all agreed or legally requirements and industries’ standards, and pursuant to the terms and conditions of the sales and purchase contracted.

For the Year ended 2020, the Shandong factory had no sales returns or rejections due to product quality problems, or complaints from customers, consumer committees or relevant government agencies about the quality of their products. In addition, there was no report on material penalties for the Year ended 2020.

Environmental, Social and Governance Report

Compliance with relevant laws and regulations

The Group labels its products in accordance with trade practices and customer needs or in accordance with laws and regulations, and strictly implements all domestic and foreign laws on product labeling. For the Year ended 2020, no violations of laws or regulations and regulations were reported that resulted in material fines or sanctions.

Customer Services and Complaints

Policies and procedures have been in place to ensure that all customer concerns and complaints are addressed at the appropriate levels and in a timely manner. The Sales account executives are the immediate front line employees to monitor and to review the performance of the delivered quality of products, and to receive complaints, concerns or dissatisfactions. Whenever there is a product quality issue takes place, the related sales executive should immediately understand and find out the situations and reasons for the case, report to the senior management and to address the problems without delays.

Intellectual Property

The technology for production of modified starch and biomedical refined oil products has been matured and commonly known. The Group sells the modified starch and biomedical refined oil products under its own brands. Therefore, the Group expects that its products will not have any intellectual property issues.

Compliance with relevant laws and regulations

For the Year ended 2020, no violations and regulations related to intellectual property issues were discovered or recorded, which resulted in material fines or sanctions.

Privacy

The Group's operations and activities have generated and accumulated a certain amount of private, confident and sensitive information especially on the buyers and suppliers during the sales and purchases processes. The Group is aware of its obligations and has kept the information under secured conditions. Employees have been notified and legally bounded in the employment contracts that they are obligated to honour the "Confidentiality Undertaking" that no disclosure and/or leakage in whatever forms of the confidential information shall be accessed and/or obtained without approval. Legal actions will be taken if violation takes place.

Compliance with relevant laws and regulations

For the Year ended 2020, no complaints or legal proceedings regarding the disclosure of privacy information.

B7. Anti-corruption

As disclosed in the introduction section, anti-corruption is a material aspect to all stakeholders. The Group has the social responsibility, as well as the duty to safeguard the assets and interests of all our stakeholders. The Group has therefore implemented a "NO" tolerance approach to bribery, extortion fraud, and money laundering crimes.

Environmental, Social and Governance Report

The Group has incorporated anti-corruption, anti-bribery and malpractices clauses into the employee Handbook and Employment Contract, which strictly prohibit to offer, give, demand or accept any undue advantages (including but not limited to money, favours, gifts, discounts, services, loans etc..) to or from any person in order to obtain or retain business. Employees at all levels are constantly reminded on fulfilling their ethical obligation on corruption and giving and taking of interests and benefits. Staff are required to declare any conflict of interest in the execution of their roles. Through the establishment of these rules and regulations, the Group encourages all employees to discharge their duties with integrity and comply with the relevant laws and regulations.

Transactions in large monetary sums are processed through bank transactions which require authorized signatories of the appropriate levels depending on the amount involved.

Checks and balances have been installed in the Group for money transaction activities and are considered effective and adequate. No adverse comment on this aspect has been received from the external auditor. Money laundry should not be our concern and there were no enquiries or concerns from the government or banking officials.

Compliance with relevant laws and regulations

For the Year ended 2020, neither the Group nor its employees participated in any legal cases related to bribery, extortion, fraud or money laundering. The Group strictly abides by the “Anti-Unfair Competition Law of the People’s Republic of China”, the “Regulations on the Prevention of Bribery” and other local laws and regulations related to anti-corruption.

For the year ended 2020, the Group did not record any no bribery case nor corruption charge.

B8. Community Investment

The Factory continued to provide over 120 jobs especially to low skilled city and country-side workers in 2020, and to support its employees to participate in voluntary services to the local villages and community on paid leaves.

TO THE SHAREHOLDERS OF WAI CHUN BIO-TECHNOLOGY LIMITED

瑋俊生物科技有限公司

(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Wai Chun Bio-Technology Limited (the “Company”) and its subsidiaries (collectively refer to as the “Group”) set out on pages 49 to 117, which comprise the consolidated statement of financial position as at 31 December 2020, and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities For The Audit Of The Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to note 2 to the consolidated financial statements which mentions that the Group incurred a loss attributable to owners of the Company of approximately HK\$8,149,000 for the year ended 31 December 2020 and as at 31 December 2020, the Group had net current liabilities and net liabilities of approximately HK\$59,742,000 and HK\$12,969,000 respectively. These conditions indicate a material uncertainty which may cast significant doubt on the Group’s ability to continue as a going concern. Management’s arrangements to address the going concern issue are also described in note 2 to the consolidated financial statements. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified in respect of this matter.

Independent Auditor's Report

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Material Uncertainty Related To Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report.

(I) Impairment assessments of trade and bills receivables

Refer to note 19 to the consolidated financial statements.

The Group tested the amount of trade and bills receivables for impairment. This impairment test is significant to our audit because the balance of trade and bills receivables of approximately HK\$13,769,000 as at 31 December 2020 is material to the consolidated financial statements. In addition, the Group's impairment test involves application of judgement and is based on estimates.

Our audit procedures included, among others:

- Assessing the Group's procedures on granting credit limits and credit periods to customers;
- Assessing the Group's relationship and transaction history with the customers;
- Evaluating the Group's impairment assessment;
- Assessing ageing of the debts;
- Assessing credit worthiness of the customers;
- Assessing the disclosure of the Group's exposure to credit risk in the consolidated financial statements; and
- Testing subsequent settlement of receivables after the end of the reporting period on a sample basis.

We consider that the Group's impairment test for trade and bills receivables is supported by the available evidence.

KEY AUDIT MATTERS (continued)

(II) Inventories

Refer to note 18 to the consolidated financial statements.

The Group tested the amount of inventories for impairment. This impairment test is significant to our audit because the balance of inventories of HK\$52,291,000 as at 31 December 2020 is material to the consolidated financial statements. In addition, the Group's impairment test involves application of judgement and is based on estimates.

Our audit procedures included, among others:

- Assessing the Group's procedures on ordering and holding of inventories;
- Evaluating the Group's impairment assessment;
- Assessing the ageing of the inventories;
- Assessing the net realisable values of the inventories; and
- Checking subsequent sales and usage of the inventories.

We consider that the Group's impairment test for inventories is supported by the available evidence.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises all the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we concluded that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A further description of our responsibilities for the audit of the consolidated financial statements is located at the HKICPA's website at: <http://www.hkicpa.org.hk/en/standards-and-regulations/standards/auditing-assurance/auditre/>. This description forms part of our auditor's report.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

1. GENERAL INFORMATION

Wai Chun Bio-Technology Limited (the “Company”) was incorporated in the Cayman Islands with limited liability. The address of its registered office is P.O. Box 31119, Grand Pavilion, Hibiscus Bay, 802 West Bay Road, Grand Cayman KY1-1205, Cayman Islands. The address of its principal place of business is 13/F, Admiralty Centre 2, 18 Harcourt Road, Admiralty, Hong Kong. The Company’s shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The Company is an investment holding company. The principal activities of its principal subsidiaries are set out in note 36(b) to the consolidated financial statements.

In the opinion of the directors of the Company, as at 31 December 2020, Chinese Success Limited, a company incorporated in the British Virgin Islands, is the immediate parent; Wai Chun Investment Fund (“Wai Chun IF”), a company incorporated in the Cayman Islands, is the ultimate parent and Mr. Lam Ching Kui (“Mr. Lam”) is the ultimate controlling party of the Company, who is also the chairman of the board of directors, chief executive officer and an executive director of the Company.

2. GOING CONCERN BASIS

The Group incurred a loss attributable to owners of the Company of approximately HK\$8,149,000 for the year ended 31 December 2020 and as at 31 December 2020, the Group had net current liabilities and net liabilities of approximately HK\$59,742,000 and HK\$12,969,000 respectively. These conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group’s ability to continue as a going concern. Therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. The directors have prepared the consolidated financial statements based on going concern on the assumptions and measures that:

- (a) As at 31 December 2020, the Company has drawn down loan of approximately HK\$1,128,000 and undrawn loan facilities of approximately HK\$68,872,000 granted by Wai Chun IF, its ultimate holding company;
- (b) In addition to the loan facilities granted by Wai Chun IF as stated above, Mr. Lam has also undertaken to provide adequate funds to enable the Group to meet its liabilities and to settle financial obligations to third parties as and when they fall due so that the Group can continue as a going concern and carry on its business without a significant curtailment of operations for the twelve months from the date of approving the consolidated financial statements. Also, Mr. Lam agreed not to request the Group, whenever necessary, to settle the related party balance recorded in borrowings amounting to approximately HK\$6,732,000 until all other third parties liabilities of the Group had been satisfied;

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

2. GOING CONCERN BASIS (continued)

- (c) The Company has planned and is in negotiation with potential investors to raise sufficient funds through fund-raising arrangement; and
- (d) The directors will continue to implement measures aiming at improving the working capital and cash flows of the Group including closely monitoring general administrative expenses and operating costs.

The directors have carried out a detailed review of the cash flow forecast of the Group for the twelve-month period from the date of this annual report after taking into account the impact of above measures, the directors of the Company believe that the Group will have sufficient cash resources to satisfy its future working capital and other financing requirements as and when they fall due in the next twelve months from the date of this report, and accordingly, are satisfied that it is appropriate to prepare the consolidated financial statements on a going concern basis.

Should the Group be unable to continue in business as a going concern, adjustments would have to be made to write down the value of assets to their recoverable amount, to provide for future liabilities which might arise and to reclassify non-current assets and liabilities to current assets and liabilities respectively. The effects of these potential adjustments have not been reflected in these consolidated financial statements.

As set out in the paragraphs above, the Group intends to pursue strategic acquisitions that can enable the Company to capture new business opportunities in the People's Republic of China (the "PRC") market and to strengthen the revenue and profit fundamentals. The Company has been actively identifying projects with growth potential for acquisitions or investments and has engaged in discussions with various parties for such acquisitions or investments.

3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

3.1 New and revised HKFRSs adopted during the financial year

In the current year, the Group has adopted all the new and revised Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) that are relevant to its operations and effective for its accounting year beginning on 1 January 2020. HKFRSs comprise Hong Kong Financial Reporting Standards (“HKFRS”); Hong Kong Accounting Standards (“HKAS”); and Interpretations. The following new and revised HKFRSs that are effective for annual periods beginning on or after 1 January 2020:

New/Revised HKFRSs		Effective Date
Amendments to HKFRS 3	Definition of a Business	1 January 2020
Amendments to HKAS 1 and 8	Definition of Material	1 January 2020
Amendments to HKFRS 7 and 9, and HKAS 39	Interest Rate Benchmark Reform	1 January 2020

The adoption of the above new and revised HKFRSs did not result in significant changes and material effect on the Group’s accounting policies, presentation of the Group’s consolidated financial statements and amounts reported for the current year and prior years.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (continued)

3.2 New and revised HKFRSs that have been issued, but only effective for annual periods beginning on or after 1 January 2021

New/Revised HKFRSs		Effective Date

4. SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA, and the applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and by the Hong Kong Companies Ordinance.

These consolidated financial statements have been prepared under the historical cost convention.

The preparation of consolidated financial statements in conformity with HKFRSs requires the use of certain key assumptions and estimates. It also requires the directors to exercise its judgements in the process of applying the accounting policies. The areas involving critical judgements and areas where assumptions and estimates are significant to these consolidated financial statements, are disclosed in note 5 to the consolidated financial statements.

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below.

Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31 December. Subsidiaries are entities over which the Group has control. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group has power over an entity when the Group has existing rights that give it the current ability to direct the relevant activities, i.e. activities that significantly affect the entity's returns.

When assessing control, the Group considers its potential voting rights as well as potential voting rights held by other parties, to determine whether it has control. A potential voting right is considered only if the holder has the practical ability to exercise that right.

Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date the control ceases.

The gain or loss on the disposal of a subsidiary that results in a loss of control represents the difference between (i) the fair value of the consideration of the sale plus the fair value of any investment retained in that subsidiary and (ii) the Company's share of the net assets of that subsidiary plus any remaining goodwill relating to that subsidiary and any related accumulated translation reserve.

Intragroup transactions, balances and unrealised profits are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Consolidation (continued)

Non-controlling interests represent the equity in subsidiaries not attributable, directly or indirectly, to the Company. Non-controlling interests are presented in the consolidated statement of financial position and consolidated statement of changes in equity within equity. Non-controlling interests are presented in the consolidated statement of profit or loss and other comprehensive income as an allocation of profit or loss and total comprehensive income for the year between the non-controlling shareholders and owners of the Company.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling shareholders even if this results in the non-controlling interests having a deficit balance.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions (i.e. transactions with owners in their capacity as owners). The carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

Foreign currency translation

(a) *Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars ("HKD"), which is the Company's presentation currency and functional currency.

(b) *Transactions and balances in each entity's financial statements*

Transactions in foreign currencies are translated into the functional currency on initial recognition using the exchange rates prevailing on the transaction dates. Monetary assets and liabilities in foreign currencies are translated at the exchange rates at the end of each reporting period. Gains and losses resulting from this translation policy are recognised in profit or loss.

Non-monetary items that are measured at fair values in foreign currencies are translated using the exchange rates at the dates when the fair values are determined.

When a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised in other comprehensive income. When a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Foreign currency translation (continued)

(c) Translation on consolidation

The results and financial position of all the group entities that have a functional currency different from the Company's presentation currency are translated into the Company's presentation currency as follows:

- Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- Income and expenses are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the exchange rates on the transaction dates); and
- All resulting exchange differences are recognised in the translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities and of borrowings are recognised in the translation reserve. When a foreign operation is sold, such exchange differences are recognised in consolidated profit or loss as part of the gain or loss on disposal.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Property, plant and equipment

Buildings comprise factories and offices. Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised in profit or loss during the period in which they are incurred.

Depreciation of property, plant and equipment is calculated at rates sufficient to write off their costs less their residual values over the estimated useful lives or annual rate on a straight-line basis. The principal annual rates are as follows:

Buildings	Over the shorter of the term of the lease, or 15–20 years
Leasehold improvements	Over the shorter of the term of the lease, or 20%–33.33%
Furniture and fixtures	20%–33.33%
Plant, machinery and equipment	6.6%–33.33%
Motor vehicles	10%–20%

The residual values, useful lives and depreciation method are reviewed and adjusted, if appropriate, at the end of each reporting period.

Construction in progress represents buildings under construction and plant and machinery pending installation, and is stated at cost less impairment losses. Depreciation begins when the relevant assets are available for use.

The gain or loss on disposal of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases

The Group as lessee

Leases are recognised as right-of-use assets and corresponding lease liabilities when the leased assets are available for use by the Group. Right-of-use assets are stated at cost less accumulated depreciation and impairment losses. Depreciation of right-of-use assets is calculated at rates to write off their cost over the shorter of the asset's useful life and the lease term on a straight-line basis. The principal annual rates are as follows:

Land use rights	2%
Land and buildings	33.33%

Right-of-use assets are measured at cost comprising the amount of the initial measurement of the lease liabilities, lease payments prepaid, initial direct costs and the restoration costs. Lease liabilities include the net present value of the lease payments discounted using the interest rate implicit in the lease if that rate can be determined, or otherwise the Group's incremental borrowing rate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease term so as to produce a constant periodic rate of interest on the remaining balance of the lease liability.

Payments associated with short-term leases and leases of low-value assets are recognised as expenses in profit or loss on a straight-line basis over the lease terms. Short-term leases are leases with an initial lease term of 12 months or less. Low-value assets are assets of value below HK\$40,000.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average basis. The cost of finished goods and work in progress comprises raw materials, direct labour and an appropriate proportion of all production overhead expenditure, and where appropriate, subcontracting charges. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets are derecognised when the contractual rights to receive cash flows from the assets expire; the Group transfers substantially all the risks and rewards of ownership of the assets; or the Group neither transfers nor retains substantially all the risks and rewards of ownership of the assets but has not retained control on the assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received is recognised in profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in profit or loss.

Financial assets

Financial assets are recognised and derecognised on a trade date basis where the purchase or sale of an asset is under a contract whose terms require delivery of the asset within the timeframe established by the market concerned, and are initially recognised at fair value, plus directly attributable transaction costs except in the case of investments at fair value through profit or loss. Transaction costs directly attributable to the acquisition of investments at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets of the Group are classified under the following categories:

- Financial assets at amortised cost.

(i) *Financial assets at amortised cost*

Financial assets (including trade and other receivables) are classified under this category if they satisfy both of the following conditions:

- the assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

They are subsequently measured at amortised cost using the effective interest method less loss allowance for expected credit losses.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Loss allowances for expected credit losses

The Group recognises loss allowances for expected credit losses on financial assets at amortised cost. Expected credit losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

At the end of each reporting period, the Group measures the loss allowance for a financial instrument at an amount equal to the expected credit losses that result from all possible default events over the expected life of that financial instrument (“lifetime expected credit losses”) for trade receivables, or if the credit risk on that financial instrument has increased significantly since initial recognition.

If, at the end of the reporting period, the credit risk on a financial instrument (other than trade receivables) has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to the portion of lifetime expected credit losses that represents the expected credit losses that result from default events on that financial instrument that are possible within 12 months after the reporting period.

The amount of expected credit losses or reversal to adjust the loss allowance at the end of the reporting period to the required amount is recognised in profit or loss as an impairment gain or loss.

Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value. Bank overdrafts which are repayable on demand and form an integral part of the Group’s cash management are also included as a component of cash and cash equivalents.

Financial liabilities and equity instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument under HKFRSs. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Convertible bonds

Convertible bonds which entitle the holder to convert the bonds into a fixed number of equity instruments at a fixed conversion price are regarded as compound instruments consist of a liability and an equity component. At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible debt. The fair value of any derivative features embedded in the compound instruments is included in the liability component. The difference between the proceeds of issue of the convertible bonds and the fair values assigned to the liability component, representing the embedded option for the holder to convert the bonds into equity of the Group, is included in equity as capital reserve. The liability component is carried as a liability at amortised cost using the effective interest method until extinguished on conversion or redemption. The derivative components are measured at fair value with gains and losses recognised in profit or loss.

If the identifiable consideration received by the Group appears to be less than the fair value of the convertible bonds issued, the Group measures the unidentifiable services received (to be received) as the difference between the fair value of the convertible bonds issued and that of the identifiable consideration received, and the difference is recognised in profit or loss.

Transaction costs are apportioned between the liability and equity components of the convertible bonds based on their relative carrying amounts at the date of issue. The portion relating to the equity component is charged directly to equity.

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Trade and other payables

Trade and other payables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Convertible preference shares

Convertible preference shares are classified as equity if it is non-redeemable and any dividends are discretionary. Dividends on convertible preference shares classified as equity are recognised as distributions within the equity.

Revenue from contract with customers

Revenue is measured based on the consideration specified in a contract with a customer with reference to the customary business practices and excludes amounts collected on behalf of third parties. For a contract where the period between the payment by the customer and the transfer of the promised product or service exceeds one year, the consideration is adjusted for the effect of a significant financing component.

The Group recognises revenue when it satisfies a performance obligation by transferring control over a product to a customer. Depending on the terms of a contract and the laws that apply to that contract, a performance obligation can be satisfied over time or at a point in time. A performance obligation is satisfied over time if:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance;
- the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If a performance obligation is satisfied over time, revenue is recognised by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the product.

Other revenue

Interest income is recognised using the effective interest method.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Employee benefits

(a) Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the at the end of the reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(b) Pension obligations

The Group contributes to defined contribution retirement schemes which are available to all employees. Contributions to the schemes by the Group and employees are calculated as a percentage of employees' basic salaries. The retirement benefit scheme cost charged in profit or loss represents contributions payable by the Group to the funds.

(c) Termination benefits

Termination benefits are recognised at the earlier of the dates when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs and involves the payment of termination benefits.

Share-based payments

Equity-settled share-based payment transactions

The Group issues equity-settled share-based payments to certain directors, employees and consultants.

Equity-settled share-based payments to directors and employees are measured at the fair value (excluding the effect of non market-based vesting conditions) of the equity instruments at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of shares that will eventually vest and adjusted for the effect of non market-based vesting conditions.

Equity-settled share-based payments to consultants are measured at the fair value of the services rendered or if the fair value of the services rendered cannot be reliably measured, at the fair value of the equity instruments granted. The fair value is measured at the date the Group receives the services and is recognised as an expense.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Government grant

A government grant is recognised when there is reasonable assurance that the Group will comply with the conditions attaching to it and that the grant will be received.

Government grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Taxation

Income tax represents the sum of the current tax and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit recognised in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Taxation (continued)

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences, unused tax losses or unused tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is recognised in profit or loss, except when it relates to items recognised in other comprehensive income or directly in equity, in which case the deferred tax is also recognised in other comprehensive income or directly in equity.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Related parties

A related party is a person or entity that is related to the Group.

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Company or of a parent of the Company.

- (b) An entity is related to the Group (reporting entity) if any of the following conditions applies:
 - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to a parent of the Company.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and other intangible assets except inventories and receivables, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow is remote.

Events after the reporting period

Events after the reporting period that provide additional information about the Group's position at the end of the reporting period or those that indicate the going concern assumption is not appropriate are adjusting events and are reflected in the financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes to the consolidated financial statements when material.

5. CRITICAL JUDGEMENTS AND KEY ESTIMATES

Critical judgements in applying accounting policies

In the process of applying the accounting policies, the directors have made the following judgements that have the most significant effect on the amounts recognised in the consolidated financial statements apart from these involving estimations which are dealt with below.

(a) Going concern basis

These financial statements have been prepared on a going concern basis, the validity of which depends upon the financial support of the controlling shareholder at a level sufficient to finance the working capital requirements of the Group. Details are explained in note 2 to the consolidated financial statements.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(a) Property, plant and equipment and depreciation

The Group determines the estimated useful lives, residual values and related depreciation charges for the Group's property, plant and equipment. This estimate is based on the historical experience of the actual useful lives and residual values of property, plant and equipment of similar nature and functions. The Group will revise the depreciation charge where useful lives and residual values are different to those previously estimated, or it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned or sold.

(b) Impairment of property, plant and equipment

Property, plant and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets exceeds its recoverable amount. The recoverable amount is determined with reference to the present value of estimated future cash flows. Where the future cash flows are less than expected or there are unfavourable events and change in facts and circumstance which result in revision of future estimate cash flows, a material impairment loss may arise.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

5. CRITICAL JUDGEMENTS AND KEY ESTIMATES (continued)

Critical judgements in applying accounting policies (continued)

(c) Impairment loss for bad and doubtful debts

The Group makes impairment loss for bad and doubtful debts based on assessments of the recoverability of the trade and other receivables, including the current creditworthiness and the past collection history of each debtor. Impairments arise where events or changes in circumstances indicate that the balances may not be collectible. The identification of bad and doubtful debts requires the use of judgement and estimates. Where the actual result is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debt expenses in the year in which such estimate has been changed.

(d) Net realisable value of inventories

Allowance for slow-moving inventories is made based on the ageing and estimated net realisable value of inventories. The assessment of the allowance amount involves judgement and estimates. Where the actual outcome in future is different from the original estimate, such difference will impact the carrying value of inventories and allowance charge/write-back in the period in which such estimate has been changed.

(e) Deferred tax assets

At 31 December 2020, no deferred tax asset has been recognised on the tax losses of approximately HK\$137,491,000 (2019: approximately HK\$149,251,000) due to the unpredictability of future profit streams. The realisability of the deferred tax asset mainly depends on whether sufficient future assessable profits or taxable temporary differences will be available in the future. In cases where the estimated future assessable profits or taxable temporary differences are more than those previously estimated, a material recognition of deferred tax assets may arise, which would be recognised in profit or loss for the period in which the revised estimate takes place.

6. FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: foreign currency risk, credit risk, liquidity risk and interest rate risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(a) Foreign currency risk

The Group has minimal exposure to foreign currency risk as most of its business transactions, assets and liabilities are principally denominated in the functional currencies of the Group entities (Hong Kong dollars and Renminbi). The Group currently does not have a foreign currency hedging policy in respect of foreign currency transactions, assets and liabilities. The Group will monitor its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

(b) Credit risk

The carrying amount of the bank balances and trade and other receivables, included in the consolidated statement of financial position represents the Group's maximum exposure to credit risk in relation to the Group's financial assets.

It has policies in place to ensure that sales are made to customers with an appropriate credit history.

The credit risk on bank balances is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The Group has concentration of credit risk. The percentage of trade and bills receivables due from the Group's three largest customers in aggregate to the Group's total trade and bills receivables net of expected credit losses is 32% (2019: 40%) as at 31 December 2020. The Group's concentration of credit risk by geographical locations is mainly in the PRC, which accounted for approximately 100% (2019: approximately 100% in the PRC) of the trade and bills receivables as at 31 December 2020. They have good historical repayment records and no default in payment.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

6. FINANCIAL RISK MANAGEMENT (continued)

(b) Credit risk (continued)

The Group considers whether there has been a significant increase in credit risk of financial assets on an ongoing basis throughout each reporting period by comparing the risk of a default occurring as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following information is used:

- internal credit rating;
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations;
- actual or expected significant changes in the operating results of the borrower;
- significant increases in credit risk on other financial instruments of the same borrower;
- significant changes in the value of the collateral or in the quality of guarantees or credit enhancements; and
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers.

A significant increase in credit risk is presumed if a debtor is more than 30 days past due in making a contractual payment. A default on a financial asset is when the counterparty fails to make contractual payments within 365 days of when they fall due.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Group normally categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 365 days past due. Where loans or receivables have been written off, the Group, if practicable and economical, continues to engage in enforcement activity to attempt to recover the receivable due.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

6. FINANCIAL RISK MANAGEMENT (continued)

(b) Credit risk (continued)

The Group uses two categories for non-trade loan receivables which reflect their credit risk and how the loan loss provision is determined for each of the categories. In calculating the expected credit loss rates, the Group considers historical loss rates for each category and adjusts for forward looking data.

Category	Definition	Loss provision
Performing	Low risk of default and strong capacity to pay	12 month expected losses
Non-performing	Significant increase in credit risk	Lifetime expected losses

(c) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

The maturity analysis, based on undiscounted cash flows of the Group's financial liabilities is as follows:

	Weighted average effective interest rate	On demand or less than 1 year <i>HK\$'000</i>	Between 1 and 2 years <i>HK\$'000</i>	Between 2 and 5 years <i>HK\$'000</i>	Total undiscounted cash flows <i>HK\$'000</i>	Carrying amounts <i>HK\$'000</i>

		<u>165,768</u>	<u>46,333</u>	<u>-</u>	<u>212,101</u>	<u>206,692</u>

(d) Interest rate risk

The Group's exposure to fair value interest rate risk arises from loans from the ultimate holding company. The Group currently does not use any derivative contracts to hedge its exposure to fair value interest rate risk. However, the management will consider hedging significant interest rate exposure should the need arise.

The Group's exposure to cash flow interest rate risk arises from its bank deposits and borrowings. These deposits and borrowings bear interests at variable rates varied with the then prevailing market condition.

At 31 December 2020, if interest rates had been 100 basis points lower with all other variables held constant, consolidated profit after tax for the year would have been HK\$538,000 (2019: HK\$504,000) higher, arising mainly as a result of lower interest expense on variable rate borrowings.

At 31 December 2020, if interest rates had been 100 basis points higher, with all other variables held constant, consolidated profit after tax for the year would have been HK\$538,000 (2019: HK\$504,000) lower, arising mainly as a result of higher interest expense on variable rate borrowings.

7. REVENUE (continued)

Disaggregation of revenue from contracts with customers:

The revenue from manufacturing and sale of modified starch and other biochemical products and general trading are derived from customers in the PRC and Hong Kong, respectively.

The Group recognised revenue when their products are transferred to the customers at a point in time.

Manufacturing and sale of modified starch and other biochemical products and general trading

The Group manufactures and sells modified starch and other biochemical products to the customers, and also trades electronic parts, components and electrical appliances to the customers. Sales are recognised when control of the products has transferred, being when the products are delivered to a customer, there is no unfulfilled obligation that could affect the customer's acceptance of the products and the customer has obtained legal titles to the products.

Sales to customers are normally made with credit terms ranged from 30 to 180 days. For new customers, deposits or cash on delivery may be required. Deposits received are recognised as a contract liability. The Group would also allow longer credit period for certain customers with long term relationship.

A receivable is recognised when the products are delivered to the customers as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Note:

For the year ended 31 December 2020, the Group successfully applied for funding support from the Employment Support Scheme under the Anti-epidemic Fund, set up by the Hong Kong Government. The purpose of the funding is to provide financial support to enterprises to retain their employees who would otherwise be made redundant. Under the terms of the grant, the Group is required not to make redundancies during the subsidy period and to spend all the funding on paying wages to the employees.

9. SEGMENT INFORMATION

The Group has two reportable segments as follows:

- Modified starch and other biochemical products – Manufacturing and sale of modified starch and other biochemical products
- General trading – Trading of electronic parts, components and electrical appliances

The Group's reportable segments are strategic business units that offer different products. They are managed separately because each business requires different technology and marketing strategies.

The accounting policies of the operating segments are the same as those described in note 4 to the consolidated financial statements. Segment profits or losses do not include other income and other gains and losses, net, gain on disposal of subsidiaries, central administration costs, finance costs and income tax expenses. Segment assets do not include other assets for central administration purpose. Segment liabilities do not include convertible bonds and other liabilities for central administration purpose.

The Group accounts for intersegment sales and transfers as if the sales or transfers were to third parties, i.e. at current market prices.

11. INCOME TAX EXPENSE

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Current tax – PRC Enterprise Income Tax Provision for the year	<u>616</u>	<u>75</u>

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the “Bill”) which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%. The directors of the Company considered the amount involved upon implementation of the two-tiered profits tax rates regime is insignificant to the consolidated financial statements. Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for both years.

No provision for Hong Kong Profits Tax is required since the Group has no assessable profit derived from Hong Kong for both years.

PRC subsidiaries are subject to PRC Enterprise Income Tax (“EIT”) at 25% for both years, except for the following subsidiary of the Company which were taxed at the local applicable income tax rate.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

11. INCOME TAX EXPENSE (continued)

A Company's subsidiary was exempted from PRC income taxes. According to the Implementation Regulation of the EIT Law and the EIT exemptions regulation set out in the Circular of the Ministry of Finance and the State Administration on Releasing the Primary Processing Ranges of Agricultural Products Entitled to Preferential Policies on Enterprise Income Tax (Trial Implementation) (Cai Shui [2008] No. 149), and the requirements of Article 86 of the Implementation Regulation of the EIT Law, the income from primary processing for agriculture products are exempted from EIT.

The provision for Macau Complementary Tax is calculated at 12% (2019: 12%) of the estimated assessable profits for the year. Assessable profits of the first Macau Patacas ("MOP") 600,000 (equivalent to approximately HK\$583,000) (2019: MOP600,000 (equivalent to approximately HK\$583,000)) are exempted from Macau Complementary Tax.

The reconciliation between the income tax expense and the product of profit before tax multiplied by the Hong Kong Profits Tax rate is as follows:

	2020 HK\$'000	2019 <i>HK\$'000</i>
Profit before tax	1,611	9,063
Tax at the income tax rate of 16.5% (2019: 16.5%)	266	1,495
Tax effect of income that is not taxable	(31)	(57)

Effect of different tax rates of subsidiaries	888	2,097
Effect of tax exemption granted to a PRC subsidiary	(1,470)	(3,996)
Income tax expense	616	75

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

11. INCOME TAX EXPENSE (continued)

At 31 December 2020, the Group has unused tax losses of approximately HK\$137,491,000 (2019: approximately HK\$149,251,000) available to offset against future profits. No deferred tax asset has been recognised in respect of these tax losses due to the unpredictability of future profit streams of the Group.

There was no unrecognised deferred tax liabilities, relating to withholding tax that would be payable for undistributed profits of PRC subsidiaries in both years, as the Directors consider that the timing for reversal of the related temporary differences can be controlled and such temporary differences will not be reversed in the foreseeable future. The total unused tax losses of these PRC subsidiaries as at 31 December 2020 amounted to approximately HK\$8,504,000 (2019: approximately HK\$20,264,000), which was included in Group's unused tax losses that are available within a maximum period of five years in the PRC.

During the year, no emoluments were paid by the Group to the directors or the five highest paid individuals as an inducement to join or upon joining the Group or as compensation for loss of office.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

14. DIVIDENDS

The directors of the Company did not recommend the payment of any dividend for the years ended 31 December 2020 and 2019.

15. LOSS PER SHARE

Basic loss per share

The calculation of basic loss per share attributable to owners of the Company is based on the loss for the year attributable to owners of the Company of approximately HK\$8,149,000 (2019: approximately HK\$3,159,000) and the weighted average number of ordinary shares of 1,659,068,537 (2019: 1,659,068,537, as adjusted to reflect the share consolidation in November 2020) in issue during the year.

Diluted loss per share

As the exercise of the Group's outstanding convertible bonds for the year ended 31 December 2020 would be anti-dilutive and there was no dilutive potential ordinary shares for the Company's outstanding share options and convertible preference shares in both years, accordingly, the diluted loss per share is same as the basic loss per share in both years.

17. RIGHT-OF-USE ASSETS (continued)

Disclosures of lease-related items: (continued)

The Group leases various land use rights and land and buildings. Lease agreements are typically made for fixed periods of 2 to 50 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants and the leased assets may not be used as security for borrowing purposes.

Certain leasehold lands in the PRC recorded in right-of-use assets with carrying amount of approximately HK\$17,804,000 (2019: HK\$18,228,000) have been pledged to secure the bank loans and general banking facilities granted to the Group.

For the year ended 31 December 2020

19. TRADE AND BILLS RECEIVABLES (continued)

The Group allows average credit period of 30 to 180 days to its customers. Receivables that were current relate to customers for whom there was no recent history of default. As at 31 December 2020, the Group has assessed the recoverability of the receivables past due and made a provision for impairment. Provision for impairment is made unless the Group has concluded that recovery is remote, in which case the unrecovered loss is written off against trade and bills receivables and the provision for impairment directly. The Group does not hold any collateral over these balances.

The aging analysis of trade and bills receivables, based on the invoice date, and net of allowance, is as follows:

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
0–30 days	11,083	21,555
31–60 days	1,167	4,667
61–90 days	1,150	358
91–180 days	369	1,035
Total	13,769	27,615

As at 31 December 2020, the trade and bills receivables of approximately HK\$13,769,000 are not past due and regarded as having low default risk by the management of the Company based on regular repayment history in the ECL assessment.

Reconciliation of loss allowance for trade and bills receivables:

27. CONVERTIBLE BONDS

On 27 November 2020 (“Issue Date of CB”), the Company issued an unlisted, unguaranteed and unsecured convertible bond (the “CB”) with principal amount of HK\$67,000,000, to an independent third party.

The CB is convertible at the option of the bondholder into fully paid ordinary shares with a par value of HK\$0.025 each of the Company on or after 27 November 2020 up to and including 26 November 2023 at an initial conversion price of HK\$0.12 per share subject to adjustments upon occurrence of certain events. The maximum number of ordinary shares of the Company can be converted is 558,333,333 shares per principal amount of the CB of HK\$67,000,000, which also subject to adjustments upon occurrence of certain events.

Should the CB has not been converted, it will be redeemed at par on 27 November 2023 (“Maturity Date of CB”).

The CB has coupon rate of 4% per annum on the principal amount outstanding and interest will be paid quarterly in arrears until the maturity date.

The Company shall be entitled at its sole discretion, by giving not less than fourteen days ‘ notice to the bondholder, propose to the bondholder to redeem the outstanding CB (in multiples of HK\$5,000,000 or such lesser amount as may represent the entire principal amount thereof) an amount equivalent to 100% of the principal amount of such outstanding CB at any time after the Issue Date of CB up to and including the date falling fourteen days immediately before the Maturity Date of CB.

The net proceeds received from the issue of the CB have been split between the liability component and equity component, as follows:

	2020 HK\$'000
Nominal value of CB issued	67,000
Equity component	(19,341)
	47,659
Interest charged	729
Interest paid	(248)
	48,140
Liability component at 31 December 2020	48,140

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

27. CONVERTIBLE BONDS (continued)

The interest charged for the year is calculated by applying an effective interest rate of 17.44% to the liability component for the 36 month period since the CB was issued.

The directors estimate the fair value of the liability component of the CB at 31 December 2020 to be approximately HK\$48,140,000. This fair value has been calculated by discounting the future cash flows at the market interest rate (level 2 fair value measurements).

28. LOANS FROM THE ULTIMATE HOLDING COMPANY

The loans are unsecured, bearing interest at 6.25% and repayable on demand as at 31 December 2020, and the loans were subordinated in nature which were unsecured, bearing interest at 6.25% as at 31 December 2019.

29. SHARE CAPITAL – ORDINARY SHARES (continued)

Note:

- (a) At the extraordinary general meeting of the Company held on 25 November 2020, an ordinary resolution was duly passed under which every 10 existing issued and unissued shares of par value of HK\$0.0025 each in the share capital of the Company was consolidated into 1 share of par value of HK\$0.025 each (the "Share Consolidation") and the Share Consolidation has become effective on 27 November 2020.

The authorised share capital of ordinary shares of the Company was HK\$100,000,000 divided into 40,000,000,000 existing ordinary shares with a par value of HK\$0.0025 each before the Share Consolidation. After the Share Consolidation, the authorised share capital of ordinary shares of the Company became HK\$100,000,000 divided into 4,000,000,000 consolidated ordinary shares with a par value of HK\$0.025 each. There was no change on the amount of authorised and issued share capital of ordinary shares.

The total number of authorised ordinary shares of the Company decreased from 40,000,000,000 ordinary shares to 4,000,000,000 ordinary shares and the total number of issued ordinary shares decreased from 16,590,685,376 ordinary shares to 1,659,068,537 ordinary shares, after the Share Consolidation.

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maximise the return to the shareholders through the optimisation of the debt and equity balance.

The Group sets the amount of capital in proportion to risk. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the payment of dividends, issue new shares, buy-back shares, raise new debts, redeem existing debts or sell assets to reduce debts.

The Group monitors capital on the basis of the debt-to-total assets ratio. This ratio is calculated as net debt divided by total assets. Net debt is calculated as total debt less cash and cash equivalents.

	2020 HK\$'000	2019 HK\$'000
Total debt	129,780	99,267
Less: Cash and cash equivalents	(5,446)	(5,409)

31. RESERVES (continued)

(c) Nature and purposes of reserve

(i) *Share premium account*

Under the Companies Law of the Cayman Islands, the funds in the share premium account of the Company are distributable to the shareholders of the Company provided that immediately following the date on which the dividend is proposed to be distributed, the Company will be in a position to pay off its debts as they fall due in the ordinary course of business.

(ii) *Other reserve*

Other reserve represents the share of a subsidiary's share premium arising from the allotment and issue of shares, and deemed contribution from owners of the Company.

(iii) *Convertible bonds reserve*

The amount represents the amount of proceeds on issue of convertible bonds relating to the equity component (i.e. option to convert the debt into share capital).

(iv) *Share option reserve*

The share option reserve comprises the fair value of share options granted which are yet to be exercised, as further explained in the accounting policy for share-based payments in note 4 to the consolidated financial statements. The amount will either be transferred to the share premium account when the related options are exercised, or be transferred to accumulated losses should the related options expire or be forfeited.

(v) *Statutory reserve*

The statutory reserve, which is non-distributable, is appropriated from the profit after taxation of the Group's PRC subsidiaries under the applicable laws and regulations in the PRC.

(vi) *Translation reserve*

The translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in note 4 to the consolidated financial statements.

33. SHARE-BASED PAYMENTS

Share Option Scheme

Pursuant to a share option scheme adopted by the shareholders of the Company on 22 July 2015 (the "Share Option Scheme"), the Company may, at their discretion, invite executive or non-executive director, employee (whether full-time or part-time), chief executive, substantial shareholder, consultant, professional and other adviser to take up options.

The subscription price of the Share Option Scheme will be determined at the highest of (i) the closing price of the shares as stated in the Stock Exchange's daily quotations sheet on the date on which an option is granted; (ii) the average closing prices of the shares as stated in the Stock Exchange's daily quotations sheets for the 5 business days immediately preceding the date on which an option is granted; and (iii) the nominal value of a share.

The total number of shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Group shall not in aggregate exceed 10% of the total number of shares in issue as at the adoption date. Besides, the maximum number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option schemes of the Group in issue shall not exceed 30% of the relevant class of the shares in issue from time to time. The total number of shares issued and to be issued upon exercise of the options granted to each participant in any 12-month period shall not exceed 1% of the total number of shares in issue.

Options granted under the Share Option Scheme must be taken up within 30 days of the grant upon payment of HK\$1.00 per grant.

As at 31 December 2020 and 2019, the number of shares in respect of the options granted and remained outstanding under the Share Option Scheme was 159,546,853, representing 9.6% of the issued shares of the Company. As at the date of this report, the number of shares available for issue under the Share Option Scheme was 6,360,000 representing 0.4% of the issued shares of the Company.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

33. SHARE-BASED PAYMENTS (continued)

Share Option Scheme (continued)

Movements of the Company's share options held by consultants and an employee during the years ended 31 December 2020 and 2019 are set out below:

Category of participants	As at 1 January	Granted	Exercised	As at 31 December	Date of grant	Exercise period	Exercise price HK\$
Consultants	53,693,261	-	-	53,693,261	12 January 2016	12 January 2016 to 11 January 2021	0.686

Employee	<u>16,270,685</u>	<u>-</u>	<u>-</u>	<u>16,270,685</u>	16 July 2018	16 July 2018 to 15 July 2023	0.720
Exercisable at end of year	<u>159,546,853</u>	<u>-</u>	<u>-</u>	<u>159,546,853</u>			

On 12 January 2016, the Company granted a total of 69,963,946 share options under the Share Option Scheme to consultants and an employee of the Group. The exercise period of the options is 5 years from the date of grant of the options, i.e. from 12 January 2016 to 11 January 2021. The options will entitle the grantees to subscribe for a total of 69,963,946 new shares of HK\$0.025 each at an exercise price of HK\$0.686 per share.

On 16 July 2018 the Company granted a total of 89,582,907 share options under the Share Option Scheme to consultants and an employee of the Group. The exercise period of the options is 5 years from the date of grant of the options, i.e. from 16 July 2018 to 15 July 2023. The options will entitle the grantees to subscribe for a total of 89,582,907 new shares of HK\$0.025 each at an exercise price of HK\$0.720 per share.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2020

33. SHARE-BASED PAYMENTS (continued)

Share Option Scheme (continued)

The fair value of the share options determined at the date of grant was calculated by independent valuer using the binomial option pricing model, taking into account the terms and conditions upon which the options were granted. The following table lists the inputs to the model used:

Grant date	12 January 2016	16 July 2018
Exercise price (HK\$)	0.686	0.720
Share price at the date of grant (HK\$)	0.660	0.720
Dividend yield (%)	–	–
Expected volatility (%)	93.245	90.196
Risk-free interest rate (%)	0.941	2.094
Expected life of options (years)	5	5

The binomial option model has been used to estimate the fair value of the options. The variables and assumptions used in computing the fair value of the share options are based on the Directors' best estimate. Changes in variables and assumptions may result in changes in the fair value of the options.
