The board of directors (the “Board”) of Termbray Industries International (Holdings) Limited (the “Company”) presents to shareholders the interim report together with the unaudited interim condensed consolidated financial statements of the Company and its subsidiaries (together the “Group”) for the six months ended 30 June 2021.

The unaudited consolidated profit attributable to owners of the Company for the six months ended 30 June 2021 amounted to approximately HK\$11,039,000 (six months ended 30 September 2020: loss of HK\$6,021,000). An analysis of the Group’s segment results for the period is set out on pages 27 to 32 of this report.

The Board has resolved not to declare the payment of an interim dividend for the six months ended 30 June 2021 (six months ended 30 September 2020: Nil).

## Change of Financial Year End Date

The Board resolved to change the financial year end date of the Company from 31 March to 31 December with effect from 17 December 2020.

Taking into consideration that the current principal businesses of the Group are carried out mainly through its subsidiaries with the financial year end date on 31 December, the Board considers that the change of financial year end date of the Company from 31 March to 31 December will enable alignment of the Company’s financial year end date with that of its principal subsidiaries. It will also enable streamlining of the preparation and audit of the Group’s consolidated financial statements and reduction of relevant time and costs. Due to the change of the financial year end date, the results for the six months ended 30 September 2020 are used as comparative figures.

## Review of Operations

During the current six months period under review, the Group achieved a turnover of HK\$50,516,000 (six months ended 30 September 2020: HK\$8,695,000) and recorded a profit for the period of HK\$11,039,000 (six months ended 30 September 2020: loss of HK\$6,021,000).

The profit for the current period under review is primarily due to the recognition of

- (i) interest income from money lending business recorded approximately HK\$46.9 million during the current period (six months ended 30 September 2020: HK\$4.5 million) representing an increase of approximately HK\$42.4 million as compared with the six months ended 30 September 2020.

- (ii) fair value gain of HK\$200,000 on an investment property.

### **Property Development and Investment**

The operating environment for the Group's property development and investment business remains fair during the period under review.

The Group's completed properties for sale – Ever Success Plaza, comprising of over 440 residential units standing on 3 levels of commercial arcades and car parks, is located at a convenient and prime location with a river view in Zhongshan, Guangdong Province. The competition of the property market in Zhongshan is keen. There are abundant supplies of properties with modern design. The commercial arcades is still vacant. The management has put a lot of effort in marketing the properties and is endeavouring to improve the operation of the commercial arcades.

Due to the construction of the Shenzhen-Zhongshan sea-crossing bridge connecting the cities of Shenzhen and Zhongshan, the sales of residential properties in Zhongshan market was stimulated in past years. There is not much improvement in the operating environment over the past months in 2021. The sales activities of the Group's property project in Zhongshan for the remaining residential units were not satisfactory during the current period under review. Facing the overheated environment of the property market in the People's Republic of China ("PRC"), the Central government has laid down a series of regulations and rules to restrict the selling price of residential properties and the qualifications of buyers to purchase residential properties. In Zhongshan, all sale and purchase agreements entered into during the period under review have to be approved by the relevant government authorities before they can be registered in the government's property sales system. During the period under review, 2 sale transactions were approved and registered in the government's property sale system. The Group has recognised the sale of 2 residential units during the period under review (six months ended 30 September 2020: 3 units). Following the increase in sales of residential units, the number of residential units which are available for earning rental income is decreased during the period under review. The rental income earned by the Group from Ever Success Plaza during the six months ended 30 June 2021 decreased by approximately 9% compared with six months ended 30 September 2020. As at 30 June 2021, 56 residential units remained to be sold, out of which 10 residential units were let out.

## Money Lending

Although the Coronavirus Disease 2019 (“COVID-19”) pandemic has posed extraordinary challenges for Hong Kong economy since early 2020, our money lending business still achieved satisfactory and health growth for the first half of 2021. The acquisition of Zero Finance Group which completed on 30 October 2020, strengthen our money lending services by having the unique financial technology support and automated mobile application “X Wallet”.

The number of registered users of “X Wallet” has been increased from 43,489 in 2020 to 54,090 as at 30 June 2021. The number of current customers of “X Wallet” increased from 4,384 as at 31 December 2020 to 6,540 as at 30 June 2021. The increase in number of current customers improves the results of unsecured loan and generated approximately HK\$21 million during the six months ended 30 June 2021.

At this moment, X8 Finance Limited (“X8 Finance”) will focus on providing mortgage loans for residential properties in Hong Kong. The management will cautiously carry out the money lending business in Hong Kong. With the economic uncertainty and potential challenges, the management will carefully assess the credit worthiness of the borrowers, the quality and leveraging of the mortgaged properties.

## Others

There were no acquisitions of major subsidiaries or associates during the period ended 30 June 2021 under review.

## Liquidity and Financial Resources

The Group remains cash sufficient and has no material capital expenditure commitments. The Group’s operations are financed by capital and reserves and cash generated from operations.

The Group mainly operates in the PRC and Hong Kong, and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to Renminbi. No financial instrument is arranged for hedging purposes in respect of interest rate and currency.

## Order Book

Due to its business nature, the Group has no order book at 30 June 2021. The Group has no new product and service to be introduced to the market.

## Staff and Emolument Policy

As at 30 June 2021, the Group employed 54 staff at market remunerations with staff benefits such as insurance, provident fund scheme and discretionary bonus.

The emolument policy regarding the employees of the Group is based on their merit, qualifications and competence. The emoluments of the directors are reviewed by the remuneration committee, having regard to the Company's operating results, individual performance and comparable market statistics. No director, or any of his associates, and executive is involved in dealing his own remuneration.

## Outlook

The COVID-19 pandemic continuously impacts the globe in early 2021. However, with the release of vaccination for COVID-19, the pandemic in certain countries started to moderate. Supported by the rollout of vaccination programmes by the government, it is believed that the economy will recover gradually in second half of the year.

Under a series of anti-epidemic measures taken by the Hong Kong government, the anti-epidemic achievements have been gradually improved, and people's living habits have been constantly changed by "work from home" and "social distancing", which have brought unique advantages to the Group's financial technology lending business. Individuals' demand for unsecured loan services supported by financial technology is growing. The Group will capture this opportunity and expand our market share and customer base. The management expects it will stimulate the development of the personal loan business via Zero Finance's fully automated mobile application "X Wallet" which provide instant approval decision and 24 hours a day, 7 days a week instant fund transfer. With the support of the mobile application technology, the Group's money lending business expected to grow steadily.

In the PRC, Central government has implemented various tightening monetary policies to cool down the overheated property market. We believe the PRC will continue to play a key role in the future global economy. The Group is confident in capitalising on these opportunities and will grasp every business opportunity available to build up its own distinctive strength and to explore new businesses in the PRC.

Property development and investment has been the principal business of the Group for all these years and the Group is looking for investment opportunities in the property markets in the PRC, especially Guangdong province. However, due to the intense competition of the property market in Guangdong province, the Group has not yet acquired any land or properties during the period under review, but the Group will still continue to explore the investment opportunities in the property markets.

### Acquisition of Zero Finance Group

The Board announced on 23 September 2020 to acquire aEasy Credit Investment Limited (the “Target Company”), together with its subsidiaries, Zero Finance Hong Kong Limited (“Zero Finance”) and Zero Credit Limited (“Zero Credit”) (collectively the “Zero Finance Group”) from Earth Axis Investment Limited (the “Vendor”), which is ultimately held as to 99.99% by Mr. Tommy Lee and 0.01% held by Mr. Lee Lap, both being the executive directors of the Company (the “Acquisition”). Termbray Wealth Investment Limited (the “Purchaser”) (an indirect wholly-owned subsidiary of the Company), the Vendor and Mr. Tommy Lee entered into a sale and purchase agreement (the “Agreement”), pursuant to which, subject to the terms and conditions of the Agreement, the Purchaser agreed to purchase and the Vendor agreed to sell 100% of the issued ordinary shares of the Target Company at a consideration of HK\$404,109,000 (subject to adjustment) (the “Consideration”). Out of the Consideration, HK\$205,229,444 will be settled by the allotment and issue of 710,000,000 shares of HK\$0.08 each in the share capital of the Company at the issue price of approximately HK\$0.289 to the Vendor and the remaining balance will be settled in cash as follows:

- HK\$20 million will be settled by the Purchaser in cash to the Vendor on or before 31 December 2021;

- HK\$20 million will be settled by the Purchaser in cash to the Vendor on or before 31 December 2022; and
- The balance of the Consideration (subject to the post-completion adjustment) will be settled by the Purchaser in cash to the Vendor on or before 31 December 2023.

The Purchaser shall have the discretion to make early payment of the cash portion of the Consideration prior to the aforesaid payment dates, if it considers that the Group has sufficient cash available for such purpose after setting aside the cash required for the Group's working capital.

The highest applicable percentage ratio under the Rules Governing the Listing of Securities ("the Listing Rules") on The Stock Exchange of Hong Kong Limited ("Stock Exchange") in respect of the Acquisition exceeds 100%. The Listing Committee of the Stock Exchange has resolved that the Acquisition is an extreme transaction and the reverse takeover rules do not apply. Further, the Vendor is a majority-controlled company of Mr. Tommy Lee and hence is a connected person of the Company. Therefore, the Acquisition also constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules. As such, the Acquisition is subject to the reporting, announcement, circular and independent shareholders' approval requirements under Chapter 14 and Chapter 14A of the Listing Rules. The Company is required to prepare a transaction circular under an enhanced disclosure comparable to prospectus standard (the "Circular") and China Tonghai Capital Limited has been appointed as the financial adviser of the Company to conduct due diligence on the Acquisition.

Since (i) Mr. Tommy Lee, an Executive Director, is the indirect controlling shareholder and a director of the Vendor and (ii) Mr. Lee Lap, an Executive Director, is the father of Mr. Tommy Lee, they are deemed to have material interests in the Acquisition. As such, both of them have abstained from voting on the board resolutions approving the Acquisition and the transactions contemplated thereunder.

The independent board committee (comprising all the Independent Non-Executive Directors) was formed in accordance with Chapter 14A of the Listing Rules to advise the independent shareholders on the Acquisition. China Galaxy International Securities (Hong Kong) Co., Limited, the independent financial adviser, was appointed by the Company to advise the independent board committee and the independent shareholders on the Acquisition.

The Circular was despatched to all shareholders on 25 September 2020. At the special general meeting held on 15 October 2020, a resolution was passed to approve the Acquisition. The Acquisition was completed on 30 October 2020 (the “Completion”).

Upon Completion, the Target Company has become the Company’s wholly-owned subsidiary. Accordingly, the financial information of Zero Finance Group since the completion date (30 October 2020) is consolidated into the accounts of the Group for the nine-month period ended 31 December 2020.

## Reasons for and Benefits of the Acquisition

The Group has a long history of over 20 years of engaging in property development and investment as its principal business. In August 2018, the Group acquired 100% shareholding interest in X8 Finance, which holds a Money Lender’s Licence for money lending business in Hong Kong. After the acquisition, X8 Finance has commenced property mortgage money lending business in Hong Kong, which has then become a principal business of the Group. The Group has been exploring investment opportunities which will result in a steady growth in its performance in the long run.

The Target Company is incorporated in Hong Kong and is an investment holding company with no business operation other than its investment in Zero Finance.

Zero Finance, the only operating company within Zero Finance Group, is a direct wholly-owned subsidiary of the Target Company which possesses a Money Lender’s Licence and is principally engaged in the money lending business of providing secured loans and unsecured loans in Hong Kong.

Zero Credit, a wholly-owned subsidiary acquired by Zero Finance in June 2018, also possesses a Money Lender’s Licence but has been inactive since its acquisition by Zero Finance up to the date of this report.

The Company expects that the merger of the Group’s existing property mortgage loan business with the secured and unsecured loan business of Zero Finance Group will bring about synergy effect to the money lending business of the enlarged Group immediately after completion (the “Enlarged Group”) as a whole after the Acquisition. The current traditional mortgage loan model of X8 Finance can be improved and optimized with inspirations from the business model and technological characteristics of “X Wallet”, a mobile application developed and used by Zero Finance.

- 
- (i) In terms of business model:
- (a) The Company believes that after the Acquisition, the network of “X Wallet” and the experience in attracting customers on the online platform could provide potential mortgage loan customers to the Enlarged Group and facilitate the Enlarged Group to expand its customers base directly through the online channel, thereby reducing its reliance on customer referral by agencies and lowering the costs of its loan business.
  - (b) Zero Finance has allocated a significant amount of resources to the brand building of Zero Finance, and particularly “X Wallet”, since the launch of “X Wallet” in 2018. The Company is of the view that after the Acquisition, its loan business could greatly benefit from the brand names of Zero Finance and “X Wallet”.
  - (c) Furthermore, the Company could maintain better and more efficient customer relations with its mortgage loan clients by exploring the introduction of online customer services and communication via “X Wallet” or other online platform to be set up with the use of the technologies developed for “X Wallet”.
- (ii) In terms of technology:
- (a) In respect of “X Wallet”, various technologies have been developed and introduced in its online loan business, including the live face detection and recognition system for identifying identity fraud, the credit scoring model, the fully-automated procedures from loan application to transfer of funds, as well as the data security measure. The Company expects that after the Acquisition, the Enlarged Group could utilize the technologies developed for “X Wallet” to streamline and modernize its mortgage loan business model and procedures, as well as to improve the risk control for such business.

- (b) Those technologies could assist the Enlarged Group to screen out fraudulent cases and facilitate the Enlarged Group to design a data-based credit rating system specifically for its mortgage loan business by building up, learning and/or modifying from the model and experience in respect of the automated credit rating system developed for and deployed by “X Wallet”. In this way, the decision-making of the money lending business of the Enlarged Group will be more than driven by data and involve fewer human factors, and the risk control will be enhanced as a whole.

With the benefit of expected synergy after merging the Group’s existing property mortgage loan business with that of Zero Finance Group as described above, the Group expects that the property mortgage loan business of the Enlarged Group will further expand. Nonetheless, the Enlarged Group will at the same time adopt a prudent policy in approving mortgage loan applications in light of the recent economic downturn and possible declining trend of property prices in Hong Kong.

The Group sees a growing demand for convenient and efficient money lending services in Hong Kong, and is optimistic about the prospect of the “X Wallet” personal loan business of Zero Finance Group despite challenges due to intense competition from other market players, as “X Wallet” provides around-the-clock, full-automated and fast and convenient money lending services, which fits in well with the trend of increased usage of mobile applications. After the Acquisition, the Enlarged Group will continue to develop and expand the unsecured loan business via “X Wallet” to generate revenue for the Enlarged Group.

## Report on Review of Interim Financial Information

普华永道

**TO THE BOARD OF DIRECTORS OF  
TERMBRAY INDUSTRIES INTERNATIONAL (HOLDINGS) LIMITED**  
(incorporated in the Bermuda with limited liability)

### Introduction

We have reviewed the interim financial information set out on pages 19 to 52, which comprises the interim condensed consolidated statement of financial position of Termbray Industries International (Holdings) Limited (the "Company") and its subsidiaries (together, the "Group") as at 30 June 2021 and the interim condensed consolidated statement of profit or loss and other comprehensive income, the interim condensed consolidated statement of changes in equity and the interim condensed consolidated statement of cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

### Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information of the Group is not prepared, in all material respects, in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting".

## Notes to the Interim Condensed Consolidated Financial Information

For the six months ended 30 June 2021

### 1 GENERAL INFORMATION

Termbray Industries International (Holdings) Limited (the “Company”) is a limited liability company incorporated in Bermuda. The registered office of the Company is located at Clarendon House, Church Street, Hamilton HM11, Bermuda. The Company has its listing on the Stock Exchange of Hong Kong Limited.

The Company and its subsidiaries (together, the “Group”) are principally engaged in property development and investment and money lending business of providing mortgage loans in Hong Kong.

The parent of the Company is Lee & Leung (B.V.I.) Limited which is incorporated in the British Virgin Islands and the directors of the Company consider that its ultimate parent to be Lee & Leung Family Investment Limited, a company incorporated in the British Virgin Islands which is held by HSBC International Trustee Limited for the Lee & Leung Family Trust, the settlor of which is Mr. Lee Lap.

The interim condensed consolidated financial information has not been audited and is presented in thousands of Hong Kong dollars (“HK\$’000”), unless otherwise stated. The interim condensed consolidated financial information was approved by the Board of Directors for issue on 25 August 2021.

### 2 BASIS OF PREPARATION

This interim condensed consolidated financial information for the six months ended 30 June 2021 has been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). The interim condensed consolidated financial information does not include all the notes of the type normally included in an annual financial report. Accordingly, it should be read in conjunction with the annual consolidated financial statements for the nine-month period ended 31 December 2020, which have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”).

## Notes to the Interim Condensed Consolidated Financial Information

For the six months ended 30 June 2021

### 2 BASIS OF PREPARATION (Continued)

The Board resolved to change the financial year end date of the Company from 31 March to 31 December with effect from 17 December 2020. Taking into consideration that the current principal businesses of the Group are carried out mainly through its subsidiaries with the financial year end date on 31 December, the Board considers that the change of financial year end date of the Company from 31 March to 31 December will enable alignment of the Company's financial year end date with that of its principal subsidiaries.

Accordingly, the interim condensed consolidated financial information for the current financial period covered a period of six months from 1 January 2021 to 30 June 2021. The comparative figures presented for the interim condensed consolidated statement of profit or loss and other comprehensive income, interim condensed consolidated statement of change in equity, interim condensed consolidated statement of cash flows and related notes covered the unaudited figures of the financial period from 1 April 2020 to 30 September 2020, which may not be comparable with the amounts shown for the current financial period.

### 3 ACCOUNTING POLICIES

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain properties and financial instruments, which are measured at revalued amounts or fair values, as appropriate.

Other than changes in accounting policies resulting from application of amendments to HKFRSs, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 June 2021 are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the nine-month period ended 31 December 2020.

## Notes to the Interim Condensed Consolidated Financial Information

For the six months ended 30 June 2021

### 3 ACCOUNTING POLICIES (Continued)

#### Application of amendments to HKFRSs

In the current interim period, the Group has applied the following amendments to HKFRSs issued by the HKICPA, for the first time, which are mandatory effective for the annual period beginning on or after 1 January 2021 for the preparation of the Group's condensed consolidated financial statements:

Amendments to HKFRS 16	Covid-19-Related Rent Concessions
Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 14 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

The application of the amendments to HKFRSs in the current period has had no material impact on the Group's financial position and performance for the current and prior periods and/or on the disclosures set out in these condensed consolidated financial statements.

### 4 ESTIMATES

The preparation of the interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing the interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual consolidated financial statements for the nine-month period ended 31 December 2020.

## Notes to the Interim Condensed Consolidated Financial Information

For the six months ended 30 June 2021

### 5 FINANCIAL RISK MANAGEMENT

#### (a) Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk and cash flow and fair value interest rate risk), credit risk and liquidity risk.

The interim condensed consolidated financial information does not include all financial risk management information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements for the nine-month period ended 31 December 2020.

There have been no changes in the risk management policies since 31 December 2020.

#### (b) Liquidity risk

Compared to year end, there was no material change in the contractual undiscounted cash flows for financial liabilities.

#### (c) Fair value estimation

The table below analyses the Group's financial instruments carried at fair value as at 30 June 2021 by level of inputs to valuation techniques used to measure fair value. Such inputs are categorised into three levels within a fair value hierarchy as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The carrying values of financial assets and financial liabilities are a reasonable approximation of their fair values. The financial assets at fair value through profit or loss are recorded at quoted bid prices in an active market and are classified as level 1 fair value measurement. The fair value estimation of investment property and leasehold land and buildings that are measured at fair value are set out in Note 14.

For the six months ended 30 June 2021

### 6 SEGMENT INFORMATION

Management has determined the operating segments based on the information reviewed by the Chief Operating Decision Maker ("CODM") in making strategic decisions. The CODM is identified as the Executive Directors of the Company.

During the six months ended 30 June 2021, the CODM assessed the performance of the Group by reviewing the results of two reportable segments:

- |                                     |   |   |
|-------------------------------------|---|---|
| Property development and investment | – | Property development for sale of properties in the People's Republic of China ("PRC") and property investment for letting of properties in Hong Kong and the PRC. |
| Money lending                       | – | Provide mortgage and personal loan financing to customers.  |

The CODM reviews the performance of the Group on a regular basis and reviews the Group's internal reporting in order to assess performance and allocate resources.

Information provided to the CODM is measured in a manner consistent with that in the interim condensed consolidated financial information.

### 12 INCOME TAX EXPENSE

Taxation has been calculated on the estimated assessable profits for the six months ended 30 June 2021 and six months ended 30 September 2020 at the rates of taxation prevailing in the countries/places in which the Group operates. Income tax expense is recognised based on management's estimate of the weighted average annual income tax rate expected for the full financial year.

The amount of income tax charged to the interim condensed consolidated statement of profit or loss represents:

	<b>Six months ended 30 June 2021 HK\$'000 (Unaudited)</b>	Six months ended 30 September 2020 HK\$'000 (Unaudited)

### 13 EARNINGS/(LOSS) PER SHARE

Basic earnings/(loss) per share are calculated by dividing the profit/(loss) of the Group attributable to owners of the Company by the weighted average number of ordinary shares in issue.

	<b>Six months ended 30 June 2021 (Unaudited)</b>	Six months ended 30 September 2020 (Unaudited)
Profit/(loss) attributable to owners of the Company (HK\$'000)	<b>11,039</b>	(6,021)
Weighted average number of ordinary shares in issue ('000)	<b><u>2,667,643</u></b>	<u>1,957,643</u>
Basic earnings/(loss) per share (HK cents)	<b><u>0.41</u></b>	<u>(0.31)</u>

There were no potential dilutive ordinary shares outstanding during the six months ended 30 June 2021 and 30 September 2020 and hence the diluted earnings/(loss) per share is the same as the basic earnings/(loss) per share.

The Group has accounted for leasehold land and buildings within property, plant and equipment using the revaluation model, and the investment property using the fair value model. As at 30 June 2021, leases recognised as right-of-use assets amounted to HK\$322,000 (31 December 2020: HK\$761,000) and are included in property, plant and equipment presented in the interim condensed consolidated statement of financial position.

## Notes to the Interim Condensed Consolidated Financial Information

### 14 PROPERTY, PLANT AND EQUIPMENT AND INVESTMENT PROPERTY (Continued)

Rental income from the investment property for the six months ended 30 June 2021 amounted to HK\$930,000 (six months ended 30 September 2020: HK\$930,000). Direct operating expense incurred for the investment property that generated rental income during the six months ended 30 June 2021 amounted to HK\$178,000 (six months ended 30 September 2020: HK\$38,000).

#### (a) Valuation process of the Group

The Group's leasehold land and buildings, and the investment property were valued at 30 June 2021 and 31 December 2020 by an independent professionally qualified valuer, Vigers Appraisal & Consulting Ltd ("Vigers"), who hold a recognised relevant professional qualification and has recent experience in the locations and segments of the leasehold land and buildings, and investment property valued.

For all leasehold land and buildings, their current use equates to the highest and best use. During the six months ended 30 June 2021, the resulting loss arising on revaluation of HK\$50,151,000 (six months ended 30 September 2020: gain of HK\$8,047,000) has been debited (six months ended 30 September 2020: credited) to the property revaluation reserve. There is no restriction on the distribution of the property revaluation reserve to the shareholders. If the leasehold land and buildings had not been revalued, they would have been included in the interim condensed consolidated statement of financial position at historical cost less accumulated depreciation of approximately HK\$36,847,000 (31 December 2020: HK\$37,104,000).

For the investment property, its current use equates to the highest and best use. The fair value gain/(loss) is included in "Other gains/(losses), net" in the interim condensed consolidated statement of profit or loss.

The recurring fair value measurement for leasehold land and buildings, and the investment property are included in level 3 of the fair value hierarchy. The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. There was no transfer between levels 1, 2 and 3 during the period.

### 14 PROPERTY, PLANT AND EQUIPMENT AND INVESTMENT PROPERTY (Continued)

#### (b) Valuation techniques

The valuation of leasehold land and buildings were determined using the direct comparison method (31 December 2020: direct comparison method) (Level 3 approach) by making reference to comparable market transactions for similar properties, while the investment property was determined using the income approach (31 December 2020: direct comparison method) (Level 3 approach) by making reference to comparable market transactions for similar properties. The most significant input into this valuation approach is unit sales price, taking into account the differences in transaction time, location, frontage and size, etc. between the comparables and the properties.

For the leasehold land and buildings, the unit sales price as at 30 June 2021 amounts to HK\$26,600 and HK\$93,300 (31 December 2020: HK\$27,000 and HK\$110,700) respectively, per square foot on saleable area basis.

For the investment property, the unit sales price as at 30 June 2021 amounts to HK\$57,300 (31 December 2020: HK\$57,300) per square foot on saleable area basis.

An increase in the unit sales price adopted would result in an increase in the fair value measurement of leasehold land and buildings, and the investment property by the same magnitude, and vice versa.

### 23 OPERATING LEASE COMMITMENTS – GROUP AS LESSOR

The Group's investment property of HK\$183,500,000 (31 December 2020: HK\$183,300,000) was let out under operating leases.

As at 30 June 2021, certain properties held for sale with carrying amounts of HK\$4,278,000 (31 December 2020: HK\$4,255,000) were also let out under operating leases. The directors of the Company considered that the properties held for sale are remained as properties held for sale by taking into accounts of the fact the Group has put selling effort to sell the said properties and actual sales were incurred during the year. The Group has engaged certain property agents to search potential buyers, set up a sales office to support the sales activities and there are advertisements to boost the sales. Moreover, the properties held for sale let out are under short-term leases in order to allow the flexibility to control the number of residential units available for sale. The management has been actively marketing these properties held for sale at a price that is reasonable to its current fair value.

As at 30 June 2021, all of the properties leased out have committed tenants ranging from one month to two years (31 December 2020: six months to three years).

The future aggregate minimum lease payments receivables under non-cancellable operating leases are as follows:

### 25 BUSINESS COMBINATION

On 23 September 2020, Termbray Wealth Investment Limited (“Purchaser”), an indirect wholly-owned subsidiary of the Company, entered into a sale and purchase agreement (“SPA”) with Earth Axis Investment Limited, a company controlled by Mr. Tommy Lee, a director of the Company, to acquire the entire issued share capital of aEasy Credit Investment Limited.

The initial amount of the consideration stated on the SPA is HK\$404,109,000, which is subject to post-completion dollar-for-dollar adjustments based on the net asset value of aEasy Credit Investment Limited and its subsidiaries (together, the “Acquired Subsidiaries”) as at completion unless the difference is less than HK\$1,000,000. The consideration shall be settled by the Company’s issue of 710,000,000 new shares at the issue price of HK\$0.289 which approximates HK\$205,229,000; and cash consideration to be settled by the Purchaser, in stages – (a) HK\$20,000,000 on or before 31 December 2021; (b) HK\$20,000,000 on or before 31 December 2022; and (c) the balance of the consideration on or before 31 December 2023.

The acquisition was completed on 30 October 2020. Upon completion, the Group exercises control over the Acquired Subsidiaries and have rights to return of the Acquired Subsidiaries. The Acquired Subsidiaries became the Company’s wholly owned subsidiaries. The Company expects that the merger of the Group’s existing property mortgage loan business with the secured and unsecured loan businesses of the Acquired Subsidiaries will bring synergy effect to the money lending business of the Group as a whole after the acquisition.
