RESULTS REVIEW

Profit attributable to equity holders of the Company for the period ended 30 September 2021 amounted to HK\$767.9 million (2020: HK\$423.4 million). Earnings per share was 32.69 HK cents (2020: 18.03 HK cents).

During the period under review, the Group's revenues amounted to about HK\$145.6 million (2020: HK\$1,683.3 million), and comprised the following:

- sales of development properties decreased by about HK\$1,545.9 million to about HK\$71.5 million (2020: HK\$1,617.4 million), mainly due to the decrease in recognition of completed sales of The Esplanade, Tuen Mun in Hong Kong as the majority of the completed properties had been handed-over to the end-buyers in the last corresponding period;
- rental and management fee income decreased by 53.3% to about HK\$12.7 million (2020: HK\$27.2 million), mainly because rental income was recorded for the investment property in the United Kingdom (the "UK") in the last corresponding period and this property had been disposed of on 1 September 2020;
- revenues from securities investment and trading increased by 48.2% to about HK\$40.6 million (2020: HK\$27.4 million), as a result of the increased level in the portfolio of bond investments held by the Group during this period comparing to that in the last corresponding period; and
- sales of cemetery assets in the PRC increased by 84.1% to about HK\$20.8 million (2020: HK\$11.3 million) mainly due to the increase in number of grave plots sold during the period under review.

During the period under review, gross profit decreased by about 85.9% to about HK\$92.7 million (2020: HK\$656.0 million) mainly as a result of the decrease in revenues. Overall gross profit margin increased from 39% to 64% and was mainly due to the decrease in proportion of sales of development properties which has a relatively lower profit margin than the other revenue segments of the Group. The gross profit margin for each revenue segment is as follows:

	9/2021	9/2020
Sales of development properties	45%	37%
Rental and management fee income	52%	81%
Revenues from securities investment and trading	100%	100%
Sales of cemetery assets	63%	65%

MANAGEMENT DISCUSSION AND ANALYSIS *(Continued)*

RESULTS REVIEW *(Continued)*

Other income and net loss amounted to about HK\$255.5 million (2020: net gain of HK\$77.2 million). It mainly comprised interest income, dividend income and the fair value loss of bond investments. The net loss during the period under review was principally due to the unrealized fair value loss of bond investments. A breakdown of other income and net loss is shown in note 7A on page 43 hereof. Gain on disposal of subsidiaries of about HK\$1.18 billion was recorded for the period under review upon the completion of the disposal of subsidiaries holding the property project in Panyu, Guangzhou, the PRC as announced in May 2021 (2020: loss of HK\$9.3 million for the disposal of subsidiary holding the UK property).

The Group recorded a loss on change in fair value of investment properties of HK\$15.0 million arising from the investment properties in Malaysia (2020: HK\$137.9 million from Malaysia and the PRC).

On the costs side, selling and marketing expenses decreased by about 86.4% to about HK\$13.3 million (2020: HK\$98.0 million) due to the decrease in sales commission of The Esplanade in Tuen Mun recorded as comparing to that for the last corresponding period. Administrative and other operating expenses decreased by 12.0% to about HK\$60.4 million (2020: HK\$68.6 million) mainly due to the general decrease in overheads during the period under review.

Finance costs decreased by 23.9% to HK\$19.1 million (2020: HK\$25.1 million) as a result of the decrease in bank borrowings as well as the lower interest rates prevailing during the period. Share of loss of an associated company amounted to about HK\$0.2 million (2020: profit of HK\$0.1 million), and share of profit of a joint venture was HK\$6.0 million (2020: HK\$6.1 million). Taxation charge amounted to about HK\$149.2 million (2020: taxation credit of HK\$22.3 million) mainly due to the taxation charge of HK\$142.1 million relating to the disposal of subsidiaries with project in Panyu, Guangzhou, the PRC as mentioned above during the period under review.

INTERIM DIVIDEND

The Board has resolved to pay an interim dividend of 2.0 HK cents (2020: 1.5 HK cents) per share payable on or before Wednesday, 19 January 2022 to the shareholders whose names appear on the Company's register of members on Tuesday, 28 December 2021.

BUSINESS REVIEW

During the period under review, the Group has successfully completed the disposal of the property project in Panyu, Guangzhou, the PRC, and this disposal has strengthened the financial position of the Group. However, the performance of the Group's investment in high yield bonds was adversely affected by the unfavorable and high volatility of the high yield bond market during the period under review.

A. Investment Properties

The Group holds the following portfolio of investment properties in Hong Kong, the PRC and Malaysia for steady recurring rental income.

1. *The Esplanade Place, Yip Wong Road, Tuen Mun, New Territories, Hong Kong (100% owned)*

The Esplanade Place is developed by the Group in Tuen Mun which comprises a two-storey commercial podium having a total gross floor area ("GFA") of about 25,813 *sq. ft.*. There are about 16 commercial units and 12 commercial carparking spaces, of which 8 commercial units are leased to independent third parties with an aggregate annual rental income of about HK\$2.3 million. The Group will continue to market the remaining units and carparking spaces in order to generate rental income. As at 30 September 2021, the property was recorded at valuation of about HK\$175.9 million.

2. *Chuang's Mid-town, Anshan, Liaoning (100% owned)*

Chuang's Mid-town consists of a 6-level commercial podium providing an aggregate GFA of about 29,600 *sq. m.*. Above the podium stands a twin tower (Block AB and C) with 27 and 33-storey respectively, offering a total GFA of about 62,700 *sq. m.*. Occupation permit has been obtained.

The weak economy in Anshan is adversely affected by Covid-19, thus business activities and leasing are progressing slowly. During the period under review, the Group has leased certain residential units to multi tenants with aggregate rental income of about RMB0.2 million (equivalent to approximately HK\$0.3 million). The Group will explore more marketing ideas on promotion and leasing of the commercial podium as well as the units of the twin tower. The valuation of the property was approximately RMB666.6 million (equivalent to approximately HK\$801.3 million) as at 30 September 2021, comprising RMB261.3 million for the commercial podium and RMB405.3 million for the twin tower.

Besides, the Group entered into an additional tenancy agreement to lease further 16 villas to Xiamen Mega Lujiang Hotel with a term of about 10 years in order to increase the recurrent income. The remaining 7 villas are leased to independent third parties. During the period under review, the performance of the Group's bond investments was adversely affected by unfavourable and high volatility of the high yield bond market. The Group has disposed of a portion of bond investments during the period in order to reduce the total bond investments and the risk exposure. As a result, the Group recorded net realized loss on disposal of investments of HK\$4.9 million, interest income from bond investments of HK\$40.6 million, and unrealized fair value loss on investments of HK\$255.9 million as a result of mark to market valuation as at the balance sheet date. The unrealized fair value loss is accounting loss with no immediate cash flow impact to the Group. The Group will closely monitor the bond market and will dispose of the bond investments when suitable opportunities arise.

FINANCIAL REVIEW

Net asset value

As at 30 September 2021, the net asset value attributable to equity holders of the Company amounted to HK\$5,189.8 million. Net asset value per share amounted to HK\$2.21, which is calculated based on the historical cost of the Group's land bank.

Financial resources

As at 30 September 2021, the Group had cash and bank balances of HK\$2,026.4 million (31 March 2021: HK\$679.0 million) and held bond investments amounted to HK\$992.7 million (31 March 2021: HK\$1,220.0 million), totaling HK\$3,019.1 million (31 March 2021: HK\$1,899.0 million). As at the same date, bank borrowings of the Group amounted to HK\$1,592.1 million (31 March 2021: HK\$1,816.3 million). On this basis, the Group had net cash of HK\$1,427.0 million (31 March 2021: HK\$82.7 million) and the calculation of net debt to equity ratio was therefore not applicable (31 March 2021: Same).

Approximately 97.5% of the Group's cash, bank balances and bond investments were in Hong Kong dollar and United States dollar, 2.2% were in Renminbi and the balance of 0.3% were in other currencies. Approximately 91.4% of the Group's bank borrowings were in Hong Kong dollar and United States dollar, and the remaining of 8.6% were in Malaysian Ringgit.

Based on the agreed scheduled repayment dates in the loan agreements and ignoring the effect of any repayment on demand clause, approximately 40.8% of the Group's bank borrowings were repayable within the first year, 12.7% were repayable within the second year, and the balance of 46.5% were repayable within the third to fifth years.

Foreign exchange risk

As disclosed in the "Business Review" section of this report, besides Hong Kong, the Group also conducts its businesses in the PRC and Malaysia, with the income and the major cost items in those places being denominated in their local foreign currencies. Therefore, it is expected that any fluctuation of these foreign currencies' exchange rates would not have material effect on the operations of the Group. However, as the Group's consolidated financial statements are presented in Hong Kong dollar, the Group's financial position is subject to exchange exposure to these foreign currencies. The Group would closely monitor this risk exposure from time to time.

MANAGEMENT DISCUSSION AND ANALYSIS *(Continued)*

PROSPECTS

Going forward, the Group will focus on property projects in Hong Kong and the PRC and apart from seeking new opportunities to replenish land bank for property development, the Group will also continue to identify suitable investments to expand our investment property portfolio in order to enhance steady and recurring rental income. The Group will identify opportunities not only in Hong Kong but also with focus on cities along the Guangdong-Hong Kong-Macao Greater Bay Area and Belt and Road Initiative. The Group will continue to take actions to expand its sources of revenue, enhance its profitability, and maximize return for its shareholders.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION *(Continued)*

3. FINANCIAL RISK MANAGEMENT

(a) Financial risk factors

The activities of the Group expose it to a variety of financial risks including credit risk, liquidity risk, cash flow and fair value interest rate risk, foreign exchange risk and price risk. The condensed consolidated interim financial information does not include all financial risk management information and disclosures required in the consolidated annual financial statements and it should be read in conjunction with the consolidated annual financial statements of the Group for the year ended 31 March 2021. There has been no material change in the Group's financial risk management policies since the year ended 31 March 2021.

(b) Liquidity risk

Compared to the year ended 31 March 2021, there was no material change in the contractual undiscounted cash outflows for financial liabilities.

(c) Fair value estimation

The fair values of financial instruments traded in active markets are based on quoted market prices at the balance sheet date, whereas the fair values of other financial assets and financial liabilities are determined in accordance with the generally accepted pricing models based on discounted cash flow analysis.

The Directors considered that the carrying values of financial assets and financial liabilities recorded at amortized cost in the condensed consolidated interim financial information approximate their fair values.

During the six months ended 30 September 2021, except for the performance of the high yield bond investments recorded in financial assets at fair value through profit or loss which was adversely affected by high volatility of the bond market, there was no significant change in the business or economic circumstances that affect the fair values of the Group's financial assets and financial liabilities, no transfers of financial assets or financial liabilities between the levels in the hierarchy, and no reclassifications of financial assets.

For the estimates of fair value of investment properties, the valuation processes and techniques of the Group are consistent with those used in the annual financial statements for the year ended 31 March 2021, which were based on the economic, market and other conditions as they exist on, and information available to management as of 30 September 2021. The outbreak of Covid-19 has increased the volatility to property markets in Hong Kong, the People's Republic of China (the "PRC") and other locations, resulting in increased uncertainty of the assumptions adopted in the valuation process. Consequently, the ongoing development of Covid-19 may cause unexpected volatility in the future fair value of certain investment properties subsequent to 30 September 2021.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION (Continued)

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgments used in preparing the condensed consolidated interim financial information are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and assumptions applied in the preparation of the condensed consolidated interim financial information are consistent with those used in the consolidated annual financial statements of the Group for the year ended 31 March 2021, and the impacts on Covid-19 have also been considered in making the estimates and judgments.

Hong Kong profits tax has been provided at the rate of 16.5% (2020: 16.5%) on the estimated assessable profits for the period. PRC corporate income tax and overseas profits tax have been calculated on the estimated assessable profits for the period at the rates of taxation prevailing in the PRC and the countries in which the Group operates respectively. PRC withholding corporate income tax in 2021 represents the relevant tax on disposal of subsidiaries arising from the Panyu Disposal as mentioned in note 7B(a). PRC land appreciation tax is levied at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sales of properties less deductible expenditures including costs of land and development expenditures. The over-provision in 2020 was mainly related to taxation charges, including PRC land appreciation tax, in respect of the sale of properties in the PRC in prior years upon final clearance with the local tax authorities.

There is no taxation charge/credit of the associated company for the six months ended 30 September 2021 (2020: Nil). There was no taxation charge of the joint venture for the six months ended 30 September 2021 as it had sufficient tax losses brought forward to set off against the estimated assessable profits for the period (2020: Same).
